Sec. 1. RCW 79.64.020 and 1985 c 57 s 80 are each amended to read as follows:

A resource management cost account in the state treasury is hereby created to be used solely for the purpose of defraying the costs and expenses necessarily incurred by the department in managing and administering public lands and the making and administering of leases, sales, contracts, licenses, permits, easements, and rights of way as authorized under the provisions of this title. Appropriations from the account to the department shall be expended for no other purposes. Funds in the account may be appropriated or transferred by the legislature for the benefit of all of the trusts from which the funds were derived.

Sec. 2. RCW 79.64.030 and 1988 c 70 s 4 are each amended to read as follows:

Funds in the account derived from the gross proceeds of leases, sales, contracts, licenses, permits, easements, and rights of way issued by the department and affecting school lands, university lands, agricultural college lands, scientific school lands, normal school lands, capitol building lands, or institutional lands shall be pooled and expended by the department solely for the purpose of defraying the costs and expenses necessarily incurred in managing and administering (~~(public lands of the same trust: PROVIDED, That)~~) all of the trust lands enumerated in this section. Such funds may be used for similar costs and expenses in managing and administering other lands managed by the department (~~(: PROVIDED FURTHER,)~~) provided that such expenditures that have been or may be made on such other lands shall be repaid to the resource management cost account together with interest at a rate determined by the board of natural resources.

An accounting shall be made annually of the accrued expenditures (~~(as regards each)~~) from the pooled trust funds in the account. In the event the accounting determines that expenditures have been made from moneys derived from (~~(one category of)~~) trust lands for the benefit of (~~(another trust or)~~) other lands, such expenditure shall be considered a debt (~~(against the trust benefited)~~) and (~~(shall be considered)~~) an encumbrance against the property (~~(of the trust or trust funds)~~) benefited, including property held under chapter 76.12 RCW. The results of the accounting shall be reported to the legislature at the next regular session. The state treasurer is authorized, upon request of the department, to transfer funds between the forest development account and the resource

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. (1) The legislature finds that:

(b) There are publicly owned land and buildings which may be suitable to be marketed, sold, leased, or exchanged for the development of affordable housing.

(2) The legislature declares that the purpose of this act is to:

(a) Provide for an analysis of the inventory of state-owned lands and buildings prepared by the departments of natural resources, transportation, corrections, and general administration;

(3) As used in this section:

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. This chapter may be known and cited as the Insurer Holding Company Act.

NEW SECTION. Sec. 2. As used in this chapter, the following terms have the meanings set forth in this section, unless the context requires otherwise.

(1) An "affiliate" of, or person "affiliated" with, a specific person, is a person who directly, or indirectly through one or more intermediaries, controls, or is controlled by, or is under common control with, the person specified.

(2) The term "control," including the terms "controlling," "controlled by," and "under common control with," means the possession, direct or indirect, of the power to direct or cause the direction of the management and policies of a person, whether through the ownership of voting securities, by contract other than a commercial contract for goods or nonmanagement services, or otherwise,

unless the power is the result of an official position with or corporate office held by the person. Control is presumed to exist if a person, directly or indirectly, owns, controls, holds with the power to vote, or holds proxies representing, ten percent or more of the voting securities of any other person. This presumption may be rebutted by a showing made in a manner similar to that provided by section 6(11) of this act that control does not exist in fact. The commissioner may determine, after furnishing all persons in interest notice and opportunity to be heard and making specific findings of fact to support such determination, that control exists in fact, notwithstanding the absence of a presumption to that effect.

(3) An "insurance holding company system" consists of two or more affiliated persons, one or more of which is an insurer.

(4) The term "insurer" has the same meaning as set forth in RCW 48.01.050; it does not include agencies, authorities, or instrumentalities of the United States, its possessions and territories, the commonwealth of Puerto Rico, the District of Columbia, or a state or political subdivision of a state.

(5) A "person" is an individual, a corporation, a partnership, an association, a joint stock company, a trust, an unincorporated organization, a similar entity, or any combination of the foregoing acting in concert, but does not include a joint venture partnership exclusively engaged in owning, managing, leasing, or developing real or tangible personal property.

(6) A "securityholder" of a specified person is one who owns a security of that person, including common stock, preferred stock, debt obligations, and any other security convertible into or evidencing the right to acquire any of the foregoing.

(7) A "subsidiary" of a specified person is an affiliate controlled by that person directly or indirectly through one or more intermediaries.

(8) The term "voting security" includes a security convertible into or evidencing a right to acquire a voting security.

NEW SECTION. Sec. 3. If an insurer ceases to control a subsidiary, it shall dispose of any investment in the subsidiary within three years from the time of the cessation of control or within such further time as the commissioner may prescribe, unless at any time after the investment has been made, the investment meets the requirements for investment under any other section of this Title, and the insurer has notified the commissioner thereof.

NEW SECTION. Sec. 4. (1) No person other than the issuer may make a tender offer for or a request or invitation for tenders of, or enter into an agreement to exchange securities of, seek to acquire, or acquire, in the open market or otherwise, voting security of a domestic insurer if, after the consummation thereof, the person would, directly or indirectly, or by conversion or by exercise of a right to acquire, be in control of the insurer. No person may enter into an agreement to merge with or otherwise to acquire control of a domestic insurer or person controlling a domestic insurer unless, at the time the offer, request, or invitation is made or the agreement is entered into, or before the

acquisition of the securities if no offer or agreement is involved, the person has filed with the commissioner and has sent to the insurer, a statement containing the information required by this section and the offer, request, invitation, agreement, or acquisition has been approved by the commissioner as prescribed in this section.

For purposes of this section a domestic insurer includes a person controlling a domestic insurer unless the person, as determined by the commissioner, is either directly or through its affiliates primarily engaged in business other than the business of insurance. However, the person shall file a preacquisition notification with the commissioner containing the information set forth in section 5(3)(a) of this act sixty days before the proposed effective date of the acquisition. Persons who fail to file the required preacquisition notification with the commissioner are subject to the penalties in section 5(5)(c) of this act. For the purposes of this section, "person" does not include a securities broker holding, in usual and customary broker's function, less than twenty percent of the voting securities of an insurance company or of a person who controls an insurance company.

(2) The statement to be filed with the commissioner under this section must be made under oath or affirmation and must contain the following information:

(a) The name and address of each person by whom or on whose behalf the merger or other acquisition of control referred to in subsection (1) of this section is to be effected, hereinafter called "acquiring party," and:

(i) If that person is an individual, his or her principal occupation and all offices and positions held during the past five years, and any conviction of crimes other than minor traffic violations during the past ten years;

(ii) If that person is not an individual, a report of the nature of its business operations during the past five years or for such lesser period as the person and any predecessors have been in existence; an informative description of the business intended to be done by the person's subsidiaries; any convictions of crimes during the past ten years; and a list of all individuals who are or who have been selected to become directors or executive officers of the person, or who perform or will perform functions appropriate to those positions. The list must include for each such individual the information required by (a)(i) of this subsection.

(b) The source, nature, and amount of the consideration used or to be used in effecting the merger or other acquisition of control, a description of any transaction in which funds were or are to be obtained for any such purpose, including a pledge of the insurer's stock, or the stock of any of its subsidiaries or controlling affiliates, and the identity of persons furnishing the consideration. However, where a source of the consideration is a loan made in the lender's ordinary course of business, the identity of the lender must remain confidential if the person filing the statement so requests.

(c) Fully audited financial information as to the earnings and financial condition of each acquiring party for the preceding five fiscal years of each

acquiring party, or for such lesser period as the acquiring party and any predecessors have been in existence, and similar unaudited information as of a date not earlier than ninety days before the filing of the statement.

(d) Any plans or proposals that each acquiring party may have to liquidate the insurer, to sell its assets or merge or consolidate it with any person, or to make any other material change in its business or corporate structure or management.

(e) The number of shares of any security referred to in subsection (1) of this section that each acquiring party proposes to acquire, the terms of the offer, request, invitation, agreement, or acquisition referred to in subsection (1) of this section, and a statement as to the method by which the fairness of the proposal was arrived at.

(f) The amount of each class of any security referred to in subsection (1) of this section that is beneficially owned or concerning which there is a right to acquire beneficial ownership by each acquiring party.

(g) A full description of any contracts, arrangements, or understandings with respect to any security referred to in subsection (1) of this section in which an acquiring party is involved, including but not limited to transfer of any of the securities, joint ventures, loan or option arrangements, puts or calls, guarantees of loans, guarantees against loss or guarantees of profits, division of losses or profits, or the giving or withholding of proxies. The description must identify the persons with whom the contracts, arrangements, or understandings have been entered into.

(h) A description of the purchase of any security referred to in subsection (1) of this section during the twelve calendar months before the filing of the statement, by an acquiring party, including the dates of purchase, names of the purchasers, and consideration paid or agreed to be paid for the security.

(i) A description of any recommendations to purchase any security referred to in subsection (1) of this section made during the twelve calendar months before the filing of the statement, by an acquiring party, or by anyone based upon interviews or at the suggestion of the acquiring party.

(j) Copies of all tender offers for, requests or invitations for tenders of, exchange offers for, and agreements to acquire or exchange any securities referred to in subsection (1) of this section, and, if distributed, of additional soliciting material relating to the securities.

(k) The term of an agreement, contract, or understanding made with or proposed to be made with a broker-dealer as to solicitation or securities referred to in subsection (1) of this section for tender, and the amount of fees, commissions, or other compensation to be paid to broker-dealers with regard to the securities.

(l) Such additional information as the commissioner may prescribe by rule as necessary or appropriate for the protection of policyholders of the insurer or in the public interest.

If the person required to file the statement referred to in subsection (1) of this section is a partnership, limited partnership, syndicate, or other group, the commissioner may require that the information called for by (a) through (l) of this subsection shall be given with respect to each partner of the partnership or limited partnership, each member of the syndicate or group, and each person who controls a partner or member. If a partner, member, or person is a corporation, or the person required to file the statement referred to in subsection (1) of this section is a corporation, the commissioner may require that the information called for by (a) through (l) of this subsection shall be given with respect to the corporation, each officer and director of the corporation, and each person who is directly or indirectly the beneficial owner of more than ten percent of the outstanding voting securities of the corporation.

If a material change occurs in the facts set forth in the statement filed with the commissioner and sent to the insurer under this section, an amendment setting forth the change, together with copies of all documents and other material relevant to the change, must be filed with the commissioner and sent to the insurer within two business days after the person learns of the change.

(3) If an offer, request, invitation, agreement, or acquisition referred to in subsection (1) of this section is proposed to be made by means of a registration statement under the Securities Act of 1933 or in circumstances requiring the disclosure of similar information under the Securities Exchange Act of 1934, or under a state law requiring similar registration or disclosure, the person required to file the statement referred to in subsection (1) of this section may use those documents in furnishing the information called for by that statement.

(4)(a) The commissioner shall approve a merger or other acquisition of control referred to in subsection (1) of this section unless, after a public hearing thereon, he or she finds that:

(i) After the change of control, the domestic insurer referred to in subsection (1) of this section would not be able to satisfy the requirements for the issuance of a license to write the line or lines of insurance for which it is presently licensed;

(ii) The effect of the merger or other acquisition of control would be substantially to lessen competition in insurance in this state or tend to create a monopoly therein. In applying the competitive standard in (a)(ii) of this subsection:

(A) The informational requirements of section 5(3)(a) of this act and the standards of section 5(4)(b) of this act apply;

(B) The commissioner may not disapprove the merger or other acquisition if the commissioner finds that any of the situations meeting the criteria provided by section 5(4)(c) of this act exist; and

(C) The commissioner may condition the approval of the merger or other acquisition on the removal of the basis of disapproval within a specified period of time;

(iii) The financial condition of an acquiring party is such as might jeopardize the financial stability of the insurer, or prejudice the interest of its policyholders;

(iv) The plans or proposals that the acquiring party has to liquidate the insurer, sell its assets, consolidate or merge it with any person, or to make any other material change in its business or corporate structure or management, are unfair and unreasonable to policyholders of the insurer and not in the public interest;

(v) The competence, experience, and integrity of those persons who would control the operation of the insurer are such that it would not be in the interest of policyholders of the insurer and of the public to permit the merger or other acquisition of control; or

(vi) The acquisition is likely to be hazardous or prejudicial to the insurance-buying public.

(b) The commissioner shall approve an exchange or other acquisition of control referred to in section 4 of this act within sixty days after he or she declares the statement filed under section 4 of this act to be complete and after holding a public hearing. At the hearing, the person filing the statement, the insurer, and any person whose significant interest is determined by the commissioner to be affected may present evidence, examine and cross-examine witnesses, and offer oral and written arguments and in connection therewith may conduct discovery proceedings in the same manner as is allowed in the superior court of this state. All discovery proceedings must be concluded not later than three days before the commencement of the public hearing.

(c) The commissioner may retain at the acquiring person's expense any attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff as may be reasonably necessary to assist the commissioner in reviewing the proposed acquisition of control. All reasonable costs of a hearing held under this section, as determined by the commissioner, including costs associated with the commissioner's use of investigatory, professional, and other necessary personnel, mailing of required notices and other information, and use of equipment or facilities, must be paid before issuance of the commissioner's order by the acquiring person.

(5) This section does not apply to:

(a) A transaction that is subject to RCW 48.31.010, dealing with the merger or consolidation of two or more insurers;

(b) An offer, request, invitation, agreement, or acquisition that the commissioner by order has exempted from this section as: (i) Not having been made or entered into for the purpose and not having the effect of changing or influencing the control of a domestic insurer, or (ii) otherwise not comprehended within the purposes of this section.

(6) The following are violations of this section:

(a) The failure to file a statement, amendment, or other material required to be filed under subsection (1) or (2) of this section; or

(b) The effectuation or an attempt to effectuate an acquisition of control of, or merger with, a domestic insurer unless the commissioner has given approval thereto.

(7) The courts of this state have jurisdiction over every person not resident, domiciled, or authorized to do business in this state who files a statement with the commissioner under this section, and over all actions involving that person arising out of violations of this section, and each such person is deemed to have performed acts equivalent to and constituting an appointment by that person of the commissioner to be the person's true and lawful attorney upon whom may be served all lawful process in an action, suit, or proceeding arising out of violations of this section. Copies of all such lawful process shall be served on the commissioner and transmitted by registered or certified mail by the commissioner to such person at the person's last known address.

NEW SECTION. Sec. 5. (1) The definitions in this subsection apply only for the purposes of this section.

(a) "Acquisition" means an agreement, arrangement, or activity, the consummation of which results in a person acquiring directly or indirectly the control of another person, and includes but is not limited to the acquisition of voting securities, the acquisition of assets, bulk reinsurance, and mergers.

(b) An "involved insurer" includes an insurer which either acquires or is acquired, is affiliated with an acquirer or acquired, or is the result of a merger.

(2)(a) Except as exempted in (b) of this subsection, this section applies to any acquisition in which there is a change in control of an insurer authorized to do business in this state.

(b) This section does not apply to the following:

(i) An acquisition subject to approval or disapproval by the commissioner under section 4 of this act;

(ii) A purchase of securities solely for investment purposes so long as the securities are not used by voting or otherwise to cause or attempt to cause the substantial lessening of competition in any insurance market in this state. If a purchase of securities results in a presumption of control under section 2(2) of this act, it is not solely for investment purposes unless the commissioner of the insurer's state of domicile accepts a disclaimer of control or affirmatively finds that control does not exist and the disclaimer action or affirmative finding is communicated by the domiciliary commissioner to the commissioner of this state;

(iii) The acquisition of a person by another person when neither person is directly nor through affiliates primarily engaged in the business of insurance, if preacquisition notification is filed with the commissioner in accordance with subsection (3)(a) of this section sixty days before the proposed effective date of the acquisition. However, preacquisition notification is not required for exclusion from this section if the acquisition would otherwise be excluded from this section by this subsection (2)(b);

(iv) The acquisition of already affiliated persons;

(v) An acquisition if, as an immediate result of the acquisition:

(A) In no market would the combined market share of the involved insurers exceed five percent of the total market;

(B) There would be no increase in any market share; or

(C) In no market would:

(I) The combined market share of the involved insurers exceed twelve percent of the total market; and

(II) The market share increase by more than two percent of the total market.

For the purpose of (b)(v) of this subsection, a "market" means direct written insurance premium in this state for a line of business as contained in the annual statement required to be filed by insurers licensed to do business in this state;

(vi) An acquisition for which a preacquisition notification would be required under this section due solely to the resulting effect on the ocean marine insurance line of business;

(vii) An acquisition of an insurer whose domiciliary commissioner affirmatively finds: That the insurer is in failing condition; there is a lack of feasible alternative to improving such condition; and the public benefits of improving the insurer's condition through the acquisition exceed the public benefits that would arise from not lessening competition; and the findings are communicated by the domiciliary commissioner to the commissioner of this state.

(3) An acquisition covered by subsection (2) of this section may be subject to an order under subsection (5) of this section unless the acquiring person files a preacquisition notification and the waiting period has expired. The acquired person may file a preacquisition notification.

(a) The preacquisition notification must be in such form and contain such information as prescribed by the commissioner relating to those markets that, under subsection (2)(b)(v) of this section, cause the acquisition not to be exempted from this section. The commissioner may require such additional material and information as he or she deems necessary to determine whether the proposed acquisition, if consummated, would violate the competitive standard of subsection (4) of this section. The required information may include an opinion of an economist as to the competitive impact of the acquisition in this state accompanied by a summary of the education and experience of the person indicating his or her ability to render an informed opinion.

(b) The waiting period required begins on the date the commissioner declares the preacquisition notification to be complete and ends on the earlier of the sixtieth day after the date of the declaration or the termination of the waiting period by the commissioner. Before the end of the waiting period, the commissioner may require the submission of additional needed information relevant to the proposed acquisition. If additional information is required, the waiting period ends on the earlier of the sixtieth day after the commissioner declares he or she has received the additional information or the termination of the waiting period by the commissioner.

(4)(a) The commissioner may enter an order under subsection (5)(a) of this section with respect to an acquisition if there is substantial evidence that the

effect of the acquisition may be substantially to lessen competition in a line of insurance in this state or tend to create a monopoly therein or if the insurer fails to file adequate information in compliance with subsection (3) of this section.

(b) In determining whether a proposed acquisition would violate the competitive standard of (a) of this subsection, the commissioner shall consider the following:

(i) An acquisition covered under subsection (2) of this section involving two or more insurers competing in the same market is prima facie evidence of violation of the competitive standards:

(A) If the market is highly concentrated and the involved insurers possess the following shares of the market:

Insurer A	Insurer B
4%	4% or more
10%	2% or more
15%	1% or more; or

(B) If the market is not highly concentrated and the involved insurers possess the following shares of the market:

Insurer A	Insurer B
5%	5% or more
10%	4% or more
15%	3% or more
19%	1% or more

A highly concentrated market is one in which the share of the four largest insurers is seventy-five percent or more of the market. Percentages not shown in the tables are interpolated proportionately to the percentages that are shown. If more than two insurers are involved, exceeding the total of the two columns in the table is prima facie evidence of violation of the competitive standard in (a) of this subsection. For the purpose of (b)(i) of this subsection, the insurer with the largest share of the market is Insurer A.

(ii) There is a significant trend toward increased concentration when the aggregate market share of a grouping of the largest insurers in the market, from the two largest to the eight largest, has increased by seven percent or more of the market over a period of time extending from a base year five to ten years before the acquisition up to the time of the acquisition. An acquisition or merger covered under subsection (2) of this section involving two or more insurers competing in the same market is prima facie evidence of violation of the competitive standard in (a) of this subsection if:

(A) There is a significant trend toward increased concentration in the market;

(B) One of the insurers involved is one of the insurers in a grouping of such large insurers showing the requisite increase in the market share; and

(C) Another involved insurer's market is two percent or more.

(iii) For the purposes of (b) of this subsection:

(A) The term "insurer" includes a company or group of companies under common management, ownership, or control;

(B) The term "market" means the relevant product and geographical markets. In determining the relevant product and geographical markets, the commissioner shall give due consideration to, among other things, the definitions or guidelines, if any, adopted by the National Association of Insurance Commissioners and to information, if any, submitted by parties to the acquisition. In the absence of sufficient information to the contrary, the relevant product market is assumed to be the direct written insurance premium for a line of business, such line being that used in the annual statement required to be filed by insurers doing business in this state, and the relevant geographical market is assumed to be this state;

(C) The burden of showing prima facie evidence of violation of the competitive standard rests upon the commissioner.

(iv) Even though an acquisition is not prima facie violative of the competitive standard under (b)(i) and (ii) of this subsection, the commissioner may establish the requisite anticompetitive effect based upon other substantial evidence. Even though an acquisition is prima facie violative of the competitive standard under (b)(i) and (ii) of this subsection, a party may establish the absence of the requisite anticompetitive effect based upon other substantial evidence. Relevant factors in making a determination under (b)(iv) of this subsection include, but are not limited to, the following: Market shares, volatility of ranking of market leaders, number of competitors, concentration, trend of concentration in the industry, and ease of entry and exit into the market.

(c) An order may not be entered under subsection (5)(a) of this section if:

(i) The acquisition will yield substantial economies of scale or economies in resource use that cannot be feasibly achieved in any other way, and the public benefits that would arise from the economies exceed the public benefits that would arise from not lessening competition; or

(ii) The acquisition will substantially increase the availability of insurance, and the public benefits of the increase exceed the public benefits that would arise from not lessening competition.

(5)(a)(i) If an acquisition violates the standards of this section, the commissioner may enter an order:

(A) Requiring an involved insurer to cease and desist from doing business in this state with respect to the line or lines of insurance involved in the violation; or

(B) Denying the application of an acquired or acquiring insurer for a license to do business in this state.

(ii) The commissioner may not enter the order unless: (A) There is a hearing; (B) notice of the hearing is issued before the end of the waiting period and not less than fifteen days before the hearing; and (C) the hearing is concluded and the order is issued no later than sixty days after the end of the

waiting period. Every order must be accompanied by a written decision of the commissioner setting forth his or her findings of fact and conclusions of law.

(iii) An order entered under (a) of this subsection may not become final earlier than thirty days after it is issued, during which time the involved insurer may submit a plan to remedy the anticompetitive impact of the acquisition within a reasonable time. Based upon the plan or other information, the commissioner shall specify the conditions, if any, under the time period during which the aspects of the acquisition causing a violation of the standards of this section would be remedied and the order vacated or modified.

(iv) An order pursuant to (a) of this subsection does not apply if the acquisition is not consummated.

(b) A person who violates a cease and desist order of the commissioner under (a) of this subsection and while the order is in effect, may, after notice and hearing and upon order of the commissioner, be subject at the discretion of the commissioner to one or more of the following:

(i) A monetary penalty of not more than ten thousand dollars for every day of violation; or

(ii) Suspension or revocation of the person's license; or

(iii) Both (b)(i) and (b)(ii) of this subsection.

(c) An insurer or other person who fails to make a filing required by this section and who also fails to demonstrate a good faith effort to comply with the filing requirement, is subject to a civil penalty of not more than fifty thousand dollars.

(6) Sections 10 (2) and (3) and 11 of this act do not apply to acquisitions covered under subsection (2) of this section.

NEW SECTION. Sec. 6. (1) Every insurer authorized to do business in this state that is a member of an insurance holding company system shall register with the commissioner, except a foreign insurer subject to registration requirements and standards adopted by statute or regulation in the jurisdiction of its domicile that are substantially similar to those contained in:

(a) This section;

(b) Section 7 (1)(a), (2), and (3) of this act; and

(c) Either section 7(1)(b) of this act or a provision such as the following: Each registered insurer shall keep current the information required to be disclosed in its registration statement by reporting all material changes or additions within fifteen days after the end of the month in which it learns of each change or addition.

An insurer subject to registration under this section shall register within fifteen days after it becomes subject to registration, and annually thereafter by May 15th of each year for the previous calendar year, unless the commissioner for good cause shown extends the time for registration, and then within the extended time. The commissioner may require an insurer authorized to do business in the state that is a member of a holding company system, but that is not subject to registration under this section, to furnish a copy of the registration

statement, the summary specified in subsection (3) of this section, or other information filed by the insurance company with the insurance regulatory authority of its domiciliary jurisdiction.

(2) An insurer subject to registration shall file the registration statement on a form prescribed by the commissioner, containing the following current information:

(a) The capital structure, general financial condition, ownership, and management of the insurer and any person controlling the insurer;

(b) The identity and relationship of every member of the insurance holding company system;

(c) The following agreements in force, and transactions currently outstanding or that have occurred during the last calendar year between the insurer and its affiliates:

(i) Loans, other investments, or purchases, sales, or exchanges of securities of the affiliates by the insurer or of the insurer by its affiliates;

(ii) Purchases, sales, or exchange of assets;

(iii) Transactions not in the ordinary course of business;

(iv) Guarantees or undertakings for the benefit of an affiliate that result in an actual contingent exposure of the insurer's assets to liability, other than insurance contracts entered into in the ordinary course of the insurer's business;

(v) All management agreements, service contracts, and cost-sharing arrangements;

(vi) Reinsurance agreements;

(vii) Dividends and other distributions to shareholders; and

(viii) Consolidated tax allocation agreements;

(d) Any pledge of the insurer's stock, including stock of subsidiary or controlling affiliate, for a loan made to a member of the insurance holding company system;

(e) Other matters concerning transactions between registered insurers and affiliates as may be included from time to time in registration forms adopted or approved by the commissioner.

(3) Registration statements must contain a summary outlining all items in the current registration statement representing changes from the prior registration statement.

(4) No information need be disclosed on the registration statement filed under subsection (2) of this section if the information is not material for the purposes of this section. Unless the commissioner by rule or order provides otherwise, sales, purchases, exchanges, loans or extensions of credit, investments, or guarantees involving one-half of one percent or less of an insurer's admitted assets as of the 31st day of the previous December are not material for purposes of this section.

(5)(a) Subject to section 7(2) of this act, each registered insurer shall report to the commissioner all dividends and other distributions to shareholders within five business days after their declaration and at least fifteen business days before

payment, and shall provide the commissioner such other information as may be required by rule.

(b) If the commissioner determines that a registered insurer's surplus as regards policyholders is not reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, the commissioner may order the registered insurance company to limit or discontinue the payment of stockholder dividends until such time as the surplus is adequate.

(6) A person within an insurance holding company system subject to registration shall provide complete and accurate information to an insurer, where the information is reasonably necessary to enable the insurer to comply with this chapter.

(7) The commissioner shall terminate the registration of an insurer that demonstrates that it no longer is a member of an insurance holding company system.

(8) The commissioner may require or allow two or more affiliated insurers subject to registration under this section to file a consolidated registration statement.

(9) The commissioner may allow an insurer authorized to do business in this state and part of an insurance holding company system to register on behalf of an affiliated insurer that is required to register under section 6(1) of this act and to file all information and material required to be filed under this section.

(10) This section does not apply to an insurer, information, or transaction if and to the extent that the commissioner by rule or order exempts the insurer, information, or transaction from this section.

(11) A person may file with the commissioner a disclaimer of affiliation with an authorized insurer, or an insurer or a member of an insurance holding company system may file the disclaimer. The disclaimer must fully disclose all material relationships and bases for affiliation between the person and the insurer as well as the basis for disclaiming the affiliation. After a disclaimer has been filed, the insurer is relieved of any duty to register or report under this section that may arise out of the insurer's relationship with the person unless and until the commissioner disallows the disclaimer. The commissioner shall disallow the a disclaimer only after furnishing all parties in interest with notice and opportunity to be heard and after making specific findings of fact to support the disallowance.

(12) Failure to file a registration statement or a summary of the registration statement required by this section within the time specified for the filing is a violation of this section.

NEW SECTION. Sec. 7. (1)(a) Transactions within a holding company system to which an insurer subject to registration is a party are subject to the following standards:

- (i) The terms must be fair and reasonable;
- (ii) Charges or fees for services performed must be fair and reasonable;

(iii) Expenses incurred and payment received must be allocated to the insurer in conformity with customary insurance accounting practices consistently applied;

(iv) The books, accounts, and records of each party to all such transactions must be so maintained as to clearly and accurately disclose the nature and details of the transactions, including such accounting information as is necessary to support the reasonableness of the charges or fees to the respective parties; and

(v) The insurer's surplus regarding policyholders after dividends or distributions to shareholders or affiliates must be reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs.

(b) The following transactions involving a domestic insurer and a person in its holding company system may not be entered into unless the insurer has notified the commissioner in writing of its intention to enter into the transaction and the commissioner declares the notice to be sufficient at least sixty days before, or such shorter period as the commissioner may permit, and the commissioner has not disapproved it within that period:

(i) Sales, purchases, exchanges, loans or extensions of credit, guarantees, or investments if the transactions are equal to or exceed: (A) With respect to nonlife insurers, the lesser of three percent of the insurer's admitted assets or twenty-five percent of surplus as regards policyholders; (B) with respect to life insurers, three percent of the insurer's admitted assets; each as of the 31st day of the previous December;

(ii) Loans or extensions of credit to any person who is not an affiliate, where the insurer makes the loans or extensions of credit with the agreement or understanding that the proceeds of the transactions, in whole or in substantial part, are to be used to make loans or extensions of credit to, to purchase assets of, or to make investments in, an affiliate of the insurer making the loans or extensions of credit if the transactions are equal to or exceed: (A) With respect to nonlife insurers, the lesser of three percent of the insurer's admitted assets or twenty-five percent of surplus as regards policyholders; (B) with respect to life insurers, three percent of the insurer's admitted assets; each as of the 31st day of the previous December;

(iii) Reinsurance agreements or modifications to them in which the reinsurance premium or a change in the insurer's liabilities equals or exceeds five percent of the insurer's surplus as regards policyholders, as of the 31st day of the previous December, including those agreements that may require as consideration the transfer of assets from an insurer to a nonaffiliate, if an agreement or understanding exists between the insurer and nonaffiliate that any portion of the assets will be transferred to one or more affiliates of the insurer;

(iv) Management agreements, service contracts, and cost-sharing arrangements; and

(v) Material transactions, specified by rule, that the commissioner determines may adversely affect the interests of the insurer's policyholders.

Nothing contained in this section authorizes or permits a transaction that, in the case of an insurer not a member of the same holding company system, would be otherwise contrary to law.

(c) A domestic insurer may not enter into transactions that are part of a plan or series of like transactions with persons within the holding company system if the purpose of those separate transactions is to avoid the statutory threshold amount and thus avoid the review that would occur otherwise. If the commissioner determines that the separate transactions were entered into over a twelve-month period for that purpose, the commissioner may apply for an order as described in section 10(1) of this act.

(d) The commissioner, in reviewing transactions under (b) of this subsection, shall consider whether the transactions comply with the standards set forth in (a) of this subsection and whether they may adversely affect the interests of policyholders.

(e) The commissioner shall be notified within thirty days of an investment of the domestic insurer in any one corporation if the total investment in the corporation by the insurance holding company system exceeds ten percent of the corporation's voting securities.

(2)(a) No domestic insurer may pay an extraordinary dividend or make any other extraordinary distribution to its shareholders until: (i) Thirty days after the commissioner declares that he or she has received sufficient notice of the declaration thereof and has not within that period disapproved the payment; or (ii) the commissioner has approved the payment within the thirty-day period.

(b) For purposes of this section, an extraordinary dividend or distribution is a dividend or distribution of cash or other property whose fair market value, together with that of other dividends or distributions made within the period of twelve consecutive months ending on the date on which the proposed dividend is scheduled for payment or distribution, exceeds the greater of: (i) Ten percent of the company's surplus as regards policyholders as of the 31st day of the previous December; or (ii) the net gain from operations of the company if the company is a life insurance company, or the net income if the company is not a life insurance company, for the twelve month period ending the 31st day of the previous December, but does not include pro rata distributions of any class of the company's own securities.

(c) Notwithstanding any other provision of law, an insurer may declare an extraordinary dividend or distribution that is conditional upon the commissioner's approval. The declaration confers no rights upon shareholders until: (i) The commissioner has approved the payment of the dividend or distribution; or (ii) the commissioner has not disapproved the payment within the thirty-day period referred to in (a) of this subsection.

(3) For purposes of this chapter, in determining whether an insurer's surplus as regards policyholders is reasonable in relation to the insurer's outstanding liabilities and adequate to its financial needs, the following factors, among others, may be considered:

- (a) The size of the insurer as measured by its assets, capital and surplus, reserves, premium writings, insurance in force, and other appropriate criteria;
- (b) The extent to which the insurer's business is diversified among the several lines of insurance;
- (c) The number and size of risks insured in each line of business;
- (d) The extent of the geographical dispersion of the insurer's insured risks;
- (e) The nature and extent of the insurer's reinsurance program;
- (f) The quality, diversification, and liquidity of the insurer's investment portfolio;
- (g) The recent past and projected future trend in the size of the insurer's surplus as regards policyholders;
- (h) The surplus as regards policyholders maintained by other comparable insurers;
- (i) The adequacy of the insurer's reserves;
- (j) The quality and liquidity of investments in affiliates. The commissioner may discount any such investment or may treat any such investment as a disallowed asset for purposes of determining the adequacy of surplus as regards policyholders whenever in his or her judgment the investment so warrants; and
- (k) The quality of the insurer's earnings and the extent to which the reported earnings include extraordinary items.

NEW SECTION. Sec. 8. (1) Subject to the limitation contained in this section and in addition to the powers that the commissioner has under chapter 48.03 RCW relating to the examination of insurers, the commissioner also may order an insurer registered under section 6 of this act to produce such records, books, or other information papers in the possession of the insurer or its affiliates as are reasonably necessary to ascertain the financial condition of the insurer or to determine compliance with this title. If the insurer fails to comply with the order, the commissioner may examine the affiliates to obtain the information.

(2) The commissioner may retain at the registered insurer's expense such attorneys, actuaries, accountants, and other experts not otherwise a part of the commissioner's staff as are reasonably necessary to assist in the conduct of the examination under subsection (1) of this section. Persons so retained are under the direction and control of the commissioner and shall act in a purely advisory capacity.

(3) Each registered insurer producing for examination records, books, and papers under subsection (1) of this section are liable for and shall pay the expense of the examination in accordance with RCW 48.03.060.

NEW SECTION. Sec. 9. The commissioner may, upon notice and opportunity for all interested persons to be heard, adopt rules and issue orders that are necessary to carry out this chapter.

NEW SECTION. Sec. 10. (1) Whenever it appears to the commissioner that an insurer or a director, officer, employee, or agent of the insurer has committed or is about to commit a violation of this chapter or any rule or order

of the commissioner under this chapter, the commissioner may apply to the superior court for Thurston county or to the court for the county in which the principal office of the insurer is located for an order enjoining the insurer or the director, officer, employee, or agent from violating or continuing to violate this chapter or any such rule or order, and for such other equitable relief as the nature of the case and the interest of the insurer's policyholders, creditors, and shareholders or the public may require.

(2) No security that is the subject of an agreement or arrangement regarding acquisition, or that is acquired or to be acquired, in contravention of this chapter or of a rule or order of the commissioner under this chapter may be voted at a shareholders' meeting, or may be counted for quorum purposes. Any action of shareholders requiring the affirmative vote of a percentage of shares may be taken as though the securities were not issued and outstanding, but no action taken at any such meeting may be invalidated by the voting of the securities, unless the action would materially affect control of the insurer or unless the courts of this state have so ordered. If an insurer or the commissioner has reason to believe that a security of the insurer has been or is about to be acquired in contravention of this chapter or of a rule or order of the commissioner under this chapter, the insurer or the commissioner may apply to the superior court for Thurston county or to the court for the county in which the insurer has its principal place of business to enjoin an offer, request, invitation, agreement, or acquisition made in contravention of section 4 of this act or a rule or order of the commissioner under that section to enjoin the voting of a security so acquired, to void a vote of the security already cast at a meeting of shareholders, and for such other relief as the nature of the case and the interest of the insurer's policyholders, creditors, and shareholders or the public may require.

(3) If a person has acquired or is proposing to acquire voting securities in violation of this chapter or a rule or order of the commissioner under this chapter, the superior court for Thurston county or the court for the county in which the insurer has its principal place of business may, on such notice as the court deems appropriate, upon the application of the insurer or the commissioner seize or sequester voting securities of the insurer owned directly or indirectly by the person, and issue such order with respect to the securities as may be appropriate to carry out this chapter.

Notwithstanding any other provisions of law, for the purposes of this chapter, the situs of the ownership of the securities of domestic insurers is in this state.

NEW SECTION. Sec. 11. (1) The commissioner shall require, after notice and hearing, an insurer failing, without just cause, to file a registration statement as required in this chapter, to pay a penalty of not more than ten thousand dollars per day. The maximum penalty under this section is one million dollars. The commissioner may reduce the penalty if the insurer demonstrates to the commissioner that the imposition of the penalty would constitute a financial

hardship to the insurer. The commissioner shall pay a fine collected under this section to the state treasurer for the account of the general fund.

(2) Every director or officer of an insurance holding company system who knowingly violates this chapter, or participates in, or assents to, or who knowingly permits an officer or agent of the insurer to engage in transactions or make investments that have not been properly reported or submitted under section 6(1) or 7 (1)(b) or (2) of this act, or that violate this chapter, shall pay, in their individual capacity, a civil forfeiture of not more than ten thousand dollars per violation, after notice and hearing before the commissioner. In determining the amount of the civil forfeiture, the commissioner shall take into account the appropriateness of the forfeiture with respect to the gravity of the violation, the history of previous violations, and such other matters as justice may require.

(3) Whenever it appears to the commissioner that an insurer subject to this chapter or a director, officer, employee, or agent of the insurer has engaged in a transaction or entered into a contract that is subject to section 7 of this act and that would not have been approved had approval been requested, the commissioner may order the insurer to cease and desist immediately any further activity under that transaction or contract. After notice and hearing the commissioner may also order the insurer to void any such contracts and restore the status quo if that action is in the best interest of the policyholders, creditors, or the public.

(4) Whenever it appears to the commissioner that an insurer or a director, officer, employee, or agent of the insurer has committed a willful violation of this chapter, the commissioner may refer the matter to the prosecuting attorney of Thurston county or the county in which the principal office of the insurer is located. An insurer that willfully violates this chapter may be fined not more than one million dollars. Any individual who willfully violates this chapter may be fined in his or her individual capacity not more than ten thousand dollars, or be imprisoned for not more than three years, or both.

(5) An officer, director, or employee of an insurance holding company system who willfully and knowingly subscribes to or makes or causes to be made a false statement or false report or false filing with the intent to deceive the commissioner in the performance of his or her duties under this chapter, upon conviction thereof, shall be imprisoned for not more than three years or fined not more than ten thousand dollars or both. The officer, director, or employee upon whom the fine is imposed shall pay the fine in his or her individual capacity.

NEW SECTION. **Sec. 12.** Whenever it appears to the commissioner that a person has committed a violation of this chapter that so impairs the financial condition of a domestic insurer as to threaten insolvency or make the further transaction of business by it hazardous to its policyholders, creditors, shareholders, or the public, the commissioner may proceed as provided in RCW 48.31.030 and 48.31.040 to take possession of the property of the domestic insurer and to conduct the business of the insurer.

NEW SECTION. **Sec. 13.** (1) If an order for liquidation or rehabilitation of a domestic insurer has been entered, the receiver appointed under the order may recover on behalf of the insurer: (a) From a parent corporation or holding company or person or affiliate who otherwise controlled the insurer, the amount of distributions, other than distributions of shares of the same class of stock, paid by the insurer on its capital stock; or (b) a payment in the form of a bonus, termination settlement, or extraordinary lump sum salary adjustment made by the insurer or its subsidiary to a director, officer, or employee, where the distribution or payment under (a) or (b) of this subsection is made at any time during the one year before the petition for liquidation, conservation, or rehabilitation, as the case may be, subject to the limitations of subsections (2), (3), and (4) of this section.

(2) No such distribution is recoverable if it is shown that when paid, the distribution was lawful and reasonable, and that the insurer did not know and could not reasonably have known that the distribution might adversely affect the ability of the insurer to fulfill its contractual obligations.

(3) A person who was a parent corporation or holding company or a person who otherwise controlled the insurer or affiliate when the distributions were paid is liable up to the amount of distributions or payments under subsection (1) of this section the person received. A person who controlled the insurer at the time the distributions were declared is liable up to the amount of distributions he or she would have received if they had been paid immediately. If two or more persons are liable with respect to the same distributions, they are jointly and severally liable.

(4) The maximum amount recoverable under this section is the amount needed in excess of all other available assets of the impaired or insolvent insurer to pay the contractual obligations of the impaired or insolvent insurer and to reimburse any guaranty funds.

(5) To the extent that a person liable under subsection (3) of this section is insolvent or otherwise fails to pay claims due from it under those provisions, its parent corporation or holding company or person who otherwise controlled it at the time the distribution was paid, is jointly and severally liable for a resulting deficiency in the amount recovered from the parent corporation or holding company or person who otherwise controlled it.

NEW SECTION. **Sec. 14.** Whenever it appears to the commissioner that a person has committed a violation of this chapter that makes the continued operation of an insurer contrary to the interests of policyholders or the public, the commissioner may, after giving notice and an opportunity to be heard, determine to suspend, revoke, or refuse to renew the insurer's license or authority to do business in this state for such period as he or she finds is required for the protection of policyholders or the public. Such a determination must be accompanied by specific findings of fact and conclusions of law.

NEW SECTION. **Sec. 15.** (1) A person aggrieved by an act, determination, rule, order, or any other action of the commissioner under this chapter may

proceed in accordance with the Administrative Procedure Act, chapter 34.05 RCW.

(2) A person aggrieved by a failure of the commissioner to act or make a determination required by this chapter may petition the commissioner under the procedure described in RCW 34.05.330.

NEW SECTION. Sec. 16. This chapter may be known and cited as the Business Transacted with Broker-controlled Property and Casualty Insurer Act.

NEW SECTION. Sec. 17. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Accredited state" means a state in which the insurance department or regulatory agency has qualified as meeting the minimum financial regulatory standards promulgated and established from time to time by the National Association of Insurance Commissioners.

(2) "Broker" means an insurance broker or brokers or any other person, firm, association, or corporation, when, for compensation, commission, or other thing of value, the person, firm, association, or corporation acts or aids in any manner in soliciting, negotiating, or procuring the making of an insurance contract on behalf of an insured other than the person, firm, association, or corporation.

(3) "Control" or "controlled by" has the meaning ascribed in section 2(2) of this act.

(4) "Controlled insurer" means a licensed insurer that is controlled, directly or indirectly, by a broker.

(5) "Controlling producer" means a broker who, directly or indirectly, controls an insurer.

(6) "Licensed insurer" or "insurer" means a person, firm, association, or corporation licensed to transact property and casualty insurance business in this state. The following, among others, are not licensed insurers for purposes of this chapter:

(a) Risk retention groups as defined in the Superfund Amendments Reauthorization Act of 1986, P.L. 99-499, 100 Stat. 1613 (1986), the Risk Retention Act, 15 U.S.C. Sec. 3901 et seq. (1982 & Supp. 1986), and chapter 48.92 RCW;

(b) Residual market pools and joint underwriting associations; and

(c) Captive insurers. For the purposes of this chapter, captive insurers are insurance companies owned by another organization, whose exclusive purpose is to insure risks of the parent organization and affiliated companies or, in the case of groups and associations, insurance organizations owned by the insureds whose exclusive purpose is to insure risks to member organizations or group members, or both, and their affiliates.

NEW SECTION. Sec. 18. This chapter applies to licensed insurers either domiciled in this state or domiciled in a state that is not an accredited state having in effect a substantially similar law. All provisions of the Insurer

Holding Company Act, chapter 48.— RCW (sections 1 through 15 of this act), or its successor act, to the extent they are not superseded by this chapter, continue to apply to all parties within the holding company systems subject to this chapter.

NEW SECTION. Sec. 19. (1)(a) This section applies in a particular calendar year if in that calendar year the aggregate amount of gross written premium on business placed with a controlled insurer by a controlling broker is equal to or greater than five percent of the admitted assets of the controlled insurer, as reported in the controlled insurer's quarterly statement filed as of September 30th of the prior year.

(b) Notwithstanding (a) of this subsection, this section does not apply if:

(i) The controlling producer:

(A) Places insurance only with the controlled insurer; or only with the controlled insurer and a member or members of the controlled insurer's holding company system, or the controlled insurer's parent, affiliate, or subsidiary and receives no compensation based upon the amount of premiums written in connection with the insurance; and

(B) Accepts insurance placements only from nonaffiliated subbrokers, and not directly from insureds; and

(ii) The controlled insurer, except for business written through a residual market facility such as the assigned risk plan, fair plans, or other such plans, accepts insurance business only from a controlling broker, a broker controlled by the controlled insurer, or a broker that is a subsidiary of the controlled insurer.

(2) A controlled insurer may not accept business from a controlling broker and a controlling broker may not place business with a controlled insurer unless there is a written contract between the controlling broker and the insurer specifying the responsibilities of each party, which contract has been approved by the board of directors of the insurer and contains the following minimum provisions:

(a) The controlled insurer may terminate the contract for cause, upon written notice to the controlling broker. The controlled insurer shall suspend the authority of the controlling broker to write business during the pendency of a dispute regarding the cause for the termination;

(b) The controlling broker shall render accounts to the controlling insurer detailing all material transactions, including information necessary to support all commissions, charges, and other fees received by, or owing to, the controlling broker;

(c) The controlling broker shall remit all funds due under the terms of the contract to the controlling insurer on at least a monthly basis. The due date must be fixed so that premiums or installments collected are remitted no later than ninety days after the effective date of a policy placed with the controlling insurer under this contract;

(d) The controlling broker shall hold all funds collected for the controlled insurer's account in a fiduciary capacity, in one or more appropriately identified

bank accounts in banks that are members of the federal reserve system, in accordance with the applicable provisions of this title. However, funds of a controlling broker not required to be licensed in this state must be maintained in compliance with the requirements of the controlling broker's domiciliary jurisdiction;

(e) The controlling broker shall maintain separately identifiable records of business written for the controlled insurer;

(f) The contract shall not be assigned in whole or in part by the controlling broker;

(g) The controlled insurer shall provide the controlling broker with its underwriting standards, rules, and procedures, manuals setting forth the rates to be charged, and the conditions for the acceptance or rejection of risks. The controlling broker shall adhere to the standards, rules, procedures, rates, and conditions that are the same as those applicable to comparable business placed with the controlled insurer by a broker other than the controlling broker;

(h) The rates of the controlling broker's commissions, charges, and other fees must be no greater than those applicable to comparable business placed with the controlled insurer by brokers other than controlling brokers. For purposes of (g) and (h) of this subsection, examples of comparable business include the same lines of insurance, same kinds of insurance, same kinds of risks, similar policy limits, and similar quality of business;

(i) If the contract provides that the controlling broker, on insurance business placed with the insurer, is to be compensated contingent upon the insurer's profits on that business, then the compensation shall not be determined and paid until at least five years after the premiums on liability insurance are earned and at least one year after the premiums are earned on any other insurance. In no event may the commissions be paid until the adequacy of the controlled insurer's reserves on remaining claims has been independently verified under subsection (3) of this section;

(j) The insurer may establish a different limit on the controlling broker's writings in relation to the controlled insurer's surplus and total writings for each line or subline of business. The controlled insurer shall notify the controlling broker when the applicable limit is approached and may not accept business from the controlling broker if the limit is reached. The controlling broker may not place business with the controlled insurer if it has been notified by the controlled insurer that the limit has been reached; and

(k) The controlling broker may negotiate but may not bind reinsurance on behalf of the controlled insurer on business the controlling broker places with the controlled insurer, except that the controlling broker may bind facultative reinsurance contracts under obligatory facultative agreements if the contract with the controlled insurer contains underwriting guidelines including, for both reinsurance assumed and ceded, a list of reinsurers with which the automatic agreements are in effect, the coverages and amounts of percentages that may be reinsured, and commission schedules.

(3) Every controlled insurer shall have an audit committee of the board of directors composed of independent directors. The audit committee shall annually meet with management, the insurer's independent certified public accountants, and an independent casualty actuary or other independent loss reserve specialist acceptable to the commissioner to review the adequacy of the insurer's loss reserves.

(4)(a) In addition to any other required loss reserve certification, the controlled insurer shall, annually, on April 1st of each year, file with the commissioner an opinion of an independent casualty actuary, or such other independent loss reserve specialist acceptable to the commissioner, reporting loss ratios for each line of business written and attesting to the adequacy of loss reserves established for losses incurred and outstanding as of year-end, including losses incurred but not reported, on business placed by the broker; and

(b) The controlled insurer shall annually report to the commissioner the amount of commissions paid to the producer, the percentage that amount represents of the net premiums written, and comparable amounts and percentages paid to noncontrolling brokers for placements of the same kinds of insurance.

NEW SECTION. **Sec. 20.** The broker, before the effective date of the policy, shall deliver written notice to the prospective insured disclosing the relationship between the broker and the controlled insurer, except that, if the business is placed through a subbroker who is not a controlling broker, the controlling broker shall retain in his or her records a signed commitment from the subbroker that the subbroker is aware of the relationship between the insurer and the broker and that the subbroker has notified or will notify the insured.

NEW SECTION. **Sec. 21.** (1)(a) If the commissioner believes that the controlling broker has not materially complied with this chapter, or a rule adopted or order issued under this chapter, the commissioner may after notice and opportunity to be heard, order the controlling broker to cease placing business with the controlled insurer; and

(b) If it is found that because of material noncompliance that the controlled insurer or any policyholder thereof has suffered loss or damage, the commissioner may maintain a civil action or intervene in an action brought by or on behalf of the insurer or policyholder for recovery of compensatory damages for the benefit of the insurer or policyholder or other appropriate relief.

(2) If an order for liquidation or rehabilitation of the controlled insurer has been entered under chapter 48.31 RCW, and the receiver appointed under that order believes that the controlling broker or any other person has not materially complied with this chapter, or a rule adopted or order issued under this chapter, and the insurer suffered any loss or damage from the noncompliance, the receiver may maintain a civil action for recovery of damages or other appropriate sanctions for the benefit of the insurer.

(3) Nothing contained in this section alters or affects the right of the commissioner to impose other penalties provided for in this title.

(4) Nothing contained in this section alters or affects the rights of policyholders, claimants, creditors, or other third parties.

NEW SECTION. Sec. 22. This chapter may be known and cited as the Reinsurance Intermediary Act.

NEW SECTION. Sec. 23. The definitions set forth in this section apply throughout this chapter:

(1) "Actuary" means a person who is a member in good standing of the American Academy of Actuaries.

(6) "Reinsurance intermediary-broker" means a person, other than an officer or employee of the ceding insurer, firm, association, or corporation who solicits, negotiates, or places reinsurance cessions or retrocessions on behalf of a ceding insurer without the authority or power to bind reinsurance on behalf of the insurer.

(7) "Reinsurance intermediary-manager" means a person, firm, association, or corporation who has authority to bind or manages all or part of the assumed reinsurance business of a reinsurer, including the management of a separate division, department, or underwriting office, and acts as an agent for the reinsurer whether known as a reinsurance intermediary-manager, manager, or other similar term. Notwithstanding this subsection, the following persons are not considered a reinsurance intermediary-manager, with respect to such reinsurer, for the purposes of this chapter:

(a) An employee of the reinsurer;

(b) A United States manager of the United States branch of an alien reinsurer;

(c) An underwriting manager who, pursuant to contract, manages all the reinsurance operations of the reinsurer, is under common control with the reinsurer, subject to the Insurer Holding Company Act, chapter 48.— RCW (sections 1 through 15 of this act), and whose compensation is not based on the volume of premiums written;

(c) Has been determined by either the commissioner, or the securities valuation office of the National Association of Insurance Commissioners, to meet such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the commissioner.

NEW SECTION. Sec. 24. (1) No person, firm, association, or corporation may act as a reinsurance intermediary-broker in this state if the person, firm, association, or corporation maintains an office either directly or as a member or employee of a firm or association, or an officer, director, or employee of a corporation:

(a) In this state, unless the person, firm, association, or corporation is a licensed reinsurance intermediary-broker in this state; or

(b) In another state, unless the person, firm, association, or corporation is a licensed reinsurance intermediary-broker in this state or another state having a regulatory scheme substantially similar to this chapter.

(2) No person, firm, association, or corporation may act as a reinsurance intermediary-manager:

(a) For a reinsurer domiciled in this state, unless the person, firm, association, or corporation is a licensed reinsurance intermediary-manager in this state;

(b) In this state, if the person, firm, association, or corporation maintains an office either directly or as a member or employee of a firm or association, or an officer, director, or employee of a corporation in this state, unless the person, firm, association, or corporation is a licensed reinsurance intermediary-manager in this state;

(c) In another state for a nondomestic reinsurer, unless the person, firm, association, or corporation is a licensed reinsurance intermediary-manager in this state or another state having a substantially similar regulatory scheme.

(a) File a bond in an amount and from an insurer acceptable to the commissioner for the protection of the reinsurer; and

(b) Maintain an errors and omissions policy in an amount acceptable to the commissioner.

(4)(a) The commissioner may issue a reinsurance intermediary license to a person, firm, association, or corporation who has complied with the requirements of this chapter. Any such license issued to a firm or association authorizes all the members of the firm or association and any designated employees to act as reinsurance intermediaries under the license, and all such persons may be named in the application and any supplements to it. Any such license issued to a corporation authorizes all of the officers, and any designated employees and directors of it, to act as reinsurance intermediaries on behalf of the corporation, and all such persons must be named in the application and any supplements to it.

(b) If the applicant for a reinsurance intermediary license is a nonresident, the applicant, as a condition precedent to receiving or holding a license, shall designate the commissioner as agent for service of process in the manner, and with the same legal effect, provided for by this title for designation of service of process upon unauthorized insurers, and also shall furnish the commissioner with the name and address of a resident of this state upon whom notices or orders of the commissioner or process affecting the nonresident reinsurance intermediary may be served. The licensee shall promptly notify the commissioner in writing of every change in its designated agent for service of process, but the change does not become effective until acknowledged by the commissioner.

(5) The commissioner may refuse to issue a reinsurance intermediary license if, in his or her judgment, the applicant, anyone named on the application, or a member, principal, officer, or director of the applicant, is not trustworthy, or that a controlling person of the applicant is not trustworthy to act as a reinsurance intermediary, or that any of the foregoing has given cause for revocation or suspension of the license, or has failed to comply with a prerequisite for the issuance of such license. Upon written request, the commissioner will furnish a summary of the basis for refusal to issue a license, which document is privileged and not subject to chapter 42.17 RCW.

(6) Licensed attorneys at law of this state when acting in their professional capacity as such are exempt from this section.

NEW SECTION. Sec. 25. Brokers transactions between a reinsurance intermediary-broker and the insurer it represents in such capacity may be entered into only under a written authorization, specifying the responsibilities of each party. The authorization must, at a minimum, provide that:

(1) The insurer may terminate the reinsurance intermediary-broker's authority at any time.

(2) The reinsurance intermediary-broker shall render accounts to the insurer accurately detailing all material transactions, including information necessary to support all commissions, charges, and other fees received by, or owing, to the reinsurance intermediary-broker, and remit all funds due to the insurer within thirty days of receipt.

(3) All funds collected for the insurer's account must be held by the reinsurance intermediary-broker in a fiduciary capacity in a bank that is a qualified United States financial institution as defined in this chapter.

(4) The reinsurance intermediary-broker will comply with section 26 of this act.

(5) The reinsurance intermediary-broker will comply with the written standards established by the insurer for the cession or retrocession of all risks.

(6) The reinsurance intermediary-broker will disclose to the insurer any relationship with any reinsurer to which business will be ceded or retroceded.

NEW SECTION. Sec. 26. (1) For at least ten years after expiration of each contract of reinsurance transacted by the reinsurance intermediary-broker, the reinsurance intermediary-broker shall keep a complete record for each transaction showing:

(a) The type of contract, limits, underwriting restrictions, classes, or risks and territory;

(b) Period of coverage, including effective and expiration dates, cancellation provisions, and notice required of cancellation;

(c) Reporting and settlement requirements of balances;

(j) Financial records, including but not limited to, premium and loss accounts; and

(k) When the reinsurance intermediary-broker procures a reinsurance contract on behalf of a licensed ceding insurer:

(i) Directly from any assuming reinsurer, written evidence that the assuming reinsurer has agreed to assume the risk; or

(ii) If placed through a representative of the assuming reinsurer, other than an employee, written evidence that the reinsurer has delegated binding authority to the representative.

(2) The insurer has access and the right to copy and audit all accounts and records maintained by the reinsurance intermediary-broker related to its business in a form usable by the insurer.

NEW SECTION. Sec. 27. (1) An insurer may not engage the services of a person, firm, association, or corporation to act as a reinsurance intermediary-broker on its behalf unless the person is licensed as required by section 24(1) of this act.

(2) An insurer may not employ an individual who is employed by a reinsurance intermediary-broker with which it transacts business, unless the reinsurance intermediary-broker is under common control with the insurer and subject to the Insurer Holding Company Act, chapter 48.— RCW (sections 1 through 15 of this act).

(3) The insurer shall annually obtain a copy of statements of the financial condition of each reinsurance intermediary-broker with which it transacts business.

NEW SECTION. Sec. 28. Transactions between a reinsurance intermediary manager and the reinsurer it represents in such capacity may be entered into only under a written contract, specifying the responsibilities of each party, which shall be approved by the reinsurer's board of directors. At least thirty days before the reinsurer assumes or cedes business through the reinsurance intermediary-manager, a true copy of the approved contract must be filed with the commissioner for approval. The contract must, at a minimum, provide that:

(1) The reinsurer may terminate the contract for cause upon written notice to the reinsurance intermediary-manager. The reinsurer may immediately suspend the authority of the reinsurance intermediary-manager to assume or cede business during the pendency of a dispute regarding the cause for termination.

(2) The reinsurance intermediary-manager shall render accounts to the reinsurer accurately detailing all material transactions, including information necessary to support all commissions, charges, and other fees received by, or owing to, the reinsurance intermediary-manager, and remit all funds due under the contract to the reinsurer on not less than a monthly basis.

(3) All funds collected for the reinsurer's account must be held by the reinsurance intermediary-manager in a fiduciary capacity in a bank that is a qualified United States financial institution. The reinsurance intermediary-manager may retain no more than three months' estimated claims payments and allocated loss adjustment expenses. The reinsurance intermediary-manager shall maintain a separate bank account for each reinsurer that it represents.

(4) For at least ten years after expiration of each contract of reinsurance transacted by the reinsurance intermediary-manager, the reinsurance intermediary-manager shall keep a complete record for each transaction showing:

(a) The type of contract, limits, underwriting restrictions, classes, or risks and territory;

(b) Period of coverage, including effective and expiration dates, cancellation provisions, and notice required of cancellation, and disposition of outstanding reserves on covered risks;

(c) Reporting and settlement requirements of balances;

(d) Rate used to compute the reinsurance premium;

(e) Names and addresses of reinsurers;

(f) Rates of all reinsurance commissions, including the commissions on any retrocessions handled by the reinsurance intermediary-manager;

(g) Related correspondence and memoranda;

- (j) Financial records, including but not limited to, premium and loss accounts; and
- (k) When the reinsurance intermediary-manager places a reinsurance contract on behalf of a ceding insurer:
 - (i) Directly from an assuming reinsurer, written evidence that the assuming reinsurer has agreed to assume the risk; or
 - (ii) If placed through a representative of the assuming reinsurer, other than an employee, written evidence that the reinsurer has delegated binding authority to the representative.
- (5) The reinsurer has access and the right to copy all accounts and records maintained by the reinsurance intermediary-manager related to its business in a form usable by the reinsurer.
- (6) The reinsurance intermediary-manager may not assign the contract in whole or in part.
- (7) The reinsurance intermediary-manager shall comply with the written underwriting and rating standards established by the insurer for the acceptance, rejection, or cession of all risks.
- (8) The rates, terms, and purposes of commissions, charges, and other fees that the reinsurance intermediary-manager may levy against the reinsurer are clearly specified.
- (9) If the contract permits the reinsurance intermediary-manager to settle claims on behalf of the reinsurer:
 - (a) All claims will be reported to the reinsurer in a timely manner;
 - (b) A copy of the claim file will be sent to the reinsurer at its request or as soon as it becomes known that the claim:
 - (i) Has the potential to exceed the lesser of an amount determined by the commissioner or the limit set by the reinsurer;
 - (ii) Involves a coverage dispute;
 - (iii) May exceed the reinsurance intermediary-manager's claims settlement authority;
 - (iv) Is open for more than six months; or
 - (v) Is closed by payment of the lesser of an amount set by the commissioner or an amount set by the reinsurer;
 - (c) All claim files are the joint property of the reinsurer and reinsurance intermediary-manager. However, upon an order of liquidation of the reinsurer, the files become the sole property of the reinsurer or its estate; the reinsurance intermediary-manager has reasonable access to and the right to copy the files on a timely basis;
 - (d) Settlement authority granted to the reinsurance intermediary-manager may be terminated for cause upon the reinsurer's written notice to the reinsur-

ance intermediary-manager or upon the termination of the contract. The reinsurer may suspend the settlement authority during the pendency of a dispute regarding the cause of termination.

(10) If the contract provides for a sharing of interim profits by the reinsurance intermediary-manager, such interim profits will not be paid until one year after the end of each underwriting period for property business and five years after the end of each underwriting period for casualty business, or a later period set by the commissioner for specified lines of insurance, and not until the adequacy of reserves on remaining claims has been verified under section 30(3) of this act.

(11) The reinsurance intermediary-manager shall annually provide the reinsurer with a statement of its financial condition prepared by an independent certified accountant.

(12) The reinsurer shall periodically, at least semiannually, conduct an on-site review of the underwriting and claims processing operations of the reinsurance intermediary-manager.

(13) The reinsurance intermediary-manager shall disclose to the reinsurer any relationship it has with an insurer before ceding or assuming any business with the insurer under this contract.

(14) Within the scope of its actual or apparent authority the acts of the reinsurance intermediary-manager are deemed to be the acts of the reinsurer on whose behalf it is acting.

NEW SECTION. Sec. 29. The reinsurance intermediary-manager may not:

(1) Cede retrocessions on behalf of the reinsurer, except that the reinsurance intermediary-manager may cede facultative retrocessions under obligatory automatic agreements if the contract with the reinsurer contains reinsurance underwriting guidelines for the retrocessions. The guidelines must include a list of reinsurers with which the automatic agreements are in effect, and for each such reinsurer, the coverages and amounts or percentages that may be reinsured, and commission schedules.

(2) Commit the reinsurer to participate in reinsurance syndicates.

(3) Appoint a reinsurance intermediary without assuring that the reinsurance intermediary is lawfully licensed to transact the type of reinsurance for which he or she is appointed.

(4) Without prior approval of the reinsurer, pay or commit the reinsurer to pay a claim, net of retrocessions, that exceeds the lesser of an amount specified by the reinsurer or one percent of the reinsurer's policyholder's surplus as of December 31st of the last complete calendar year.

(5) Collect a payment from a retrocessionaire or commit the reinsurer to a claim settlement with a retrocessionaire, without prior approval of the reinsurer. If prior approval is given, a report must be promptly forwarded to the reinsurer.

(6) Jointly employ an individual who is employed by the reinsurer unless the reinsurance intermediary-manager is under common control with the reinsurer

subject to the Insurer Holding Company Act, chapter 48.— RCW (sections 1 through 15 of this act).

(7) Appoint a subreinsurance intermediary-manager.

NEW SECTION. Sec. 30. (1) A reinsurer may not engage the services of a person, firm, association, or corporation to act as a reinsurance intermediary-manager on its behalf unless the person is licensed as required by section 24(2) of this act.

(2) The reinsurer shall annually obtain a copy of statements of the financial condition of each reinsurance intermediary-manager that the reinsurer has had prepared by an independent certified accountant in a form acceptable to the commissioner.

(3) If a reinsurance intermediary-manager establishes loss reserves, the reinsurer shall annually obtain the opinion of an actuary attesting to the adequacy of loss reserves established for losses incurred and outstanding on business produced by the reinsurance intermediary-manager. This opinion is in addition to any other required loss reserve certification.

(4) Binding authority for all retrocessional contracts or participation in reinsurance syndicates must rest with an officer of the reinsurer who is not affiliated with the reinsurance intermediary-manager.

(5) Within thirty days of termination of a contract with a reinsurance intermediary-manager, the reinsurer shall provide written notification of the termination to the commissioner.

(6) A reinsurer may not appoint to its board of directors an officer, director, employee, controlling shareholder, or subproducer of its reinsurance intermediary-manager. This subsection does not apply to relationships governed by the Insurer Holding Company Act, chapter 48.— RCW (sections 1 through 15 of this act), or, if applicable, the Broker-controlled Property and Casualty Insurer Act, chapter 48.— RCW (sections 16 through 21 of this act).

NEW SECTION. Sec. 31. (1) A reinsurance intermediary is subject to examination by the commissioner. The commissioner has access to all books, bank accounts, and records of the reinsurance intermediary in a form usable to the commissioner.

(2) A reinsurance intermediary-manager may be examined as if it were the reinsurer.

NEW SECTION. Sec. 32. (1) A reinsurance intermediary, insurer, or reinsurer found by the commissioner, after a hearing conducted in accordance with chapters 48.17 and 34.05 RCW, to be in violation of any provision of this chapter, shall:

(a) For each separate violation, pay a penalty in an amount not exceeding five thousand dollars;

(b) Be subject to revocation or suspension of its license; and

(c) If a violation was committed by the reinsurance intermediary, make restitution to the insurer, reinsurer, rehabilitator, or liquidator of the insurer or

reinsurer for the net losses incurred by the insurer or reinsurer attributable to the violation.

(2) The decision, determination, or order of the commissioner under subsection (1) of this section is subject to judicial review under this title and chapter 34.05 RCW.

(3) Nothing contained in this section affects the right of the commissioner to impose any other penalties provided in this title.

(4) Nothing contained in this chapter is intended to or in any manner limits or restricts the rights of policyholders, claimants, creditors, or other third parties or confer any rights to those persons.

NEW SECTION. Sec. 33. The commissioner may adopt reasonable rules for the implementation and administration of this chapter.

NEW SECTION. Sec. 34. This chapter may be known and cited as the Managing General Agents Act.

NEW SECTION. Sec. 35. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(iii) An underwriting manager who, under a contract, manages all of the insurance operations of the insurer, is under common control with the insurer, subject to the Insurer Holding Company Act, chapter 48.— RCW (sections 1 through 15 of this act), and whose compensation is not based on the volume of premiums written; or

(iv) The attorney-in-fact authorized by and acting for the subscribers of a reciprocal insurer or interinsurance exchange under powers of attorney.

(4) "Underwrite" means to accept or reject risks on behalf of the insurer.

NEW SECTION. Sec. 36. (1) No person may act in the capacity of a managing general agent with respect to risks located in this state, for an insurer authorized by this state, unless that person is licensed in this state as an agent, under chapter 48.17 RCW, for the lines of insurance involved and is designated as a managing general agent and appointed as such by the insurer.

(2) No person may act in the capacity of a managing general agent representing an insurer domiciled in this state with respect to risks located outside this state unless that person is licensed as an agent in this state, under chapter 48.17 RCW, for the lines of insurance involved and is designated as a managing general agent and appointed as such by the insurer.

(3) The commissioner may require a bond for the protection of each insurer.

(4) The commissioner may require the managing general agent to maintain an errors and omissions policy.

NEW SECTION. Sec. 37. No managing general agent may place business with an insurer unless there is in force a written contract between the managing general agent and the insurer that sets forth the responsibilities of each party and, where both parties share responsibility for a particular function, specifies the division of the responsibilities, and that contains the following minimum provisions:

(1) The insurer may terminate the contract for cause upon written notice to the managing general agent. The insurer may suspend the underwriting authority of the managing general agent during the pendency of a dispute regarding the cause for termination.

(2) The managing general agent shall render accounts to the insurer detailing all transactions and remit all funds due under the contract to the insurer on not less than a monthly basis.

(3) The managing general agent shall hold funds collected for the account of an insurer in a fiduciary capacity in a financial institution located in this state that is a member of the federal reserve system. This account must be used for all payments on behalf of the insurer. The managing general agent may retain no more than three months' estimated claims payments and allocated loss adjustment expenses.

(4) The managing general agent shall maintain separate records of business written for each insurer. The insurer has access to and the right to copy all accounts and records related to its business in a form usable by the insurer, and the commissioner has access to all books, bank accounts, and records of the managing general agent in a form usable to the commissioner. Those records shall be retained according to the requirements of this title and rules adopted under it.

(5) The managing general agent may not assign the contract in whole or part.

(6)(a) Appropriate underwriting guidelines must include at least the following: The maximum annual premium volume; the basis of the rates to be charged; the types of risks that may be written; maximum limits of liability; applicable exclusions; territorial limitations; policy cancellation provisions; and the maximum policy period.

(b) The insurer has the right to cancel or not renew any policy of insurance, subject to the applicable laws and rules, including those in chapter 48.18 RCW.

(7) If the contract permits the managing general agent to settle claims on behalf of the insurer:

(a) All claims must be reported to the insurer in a timely manner.

(b) A copy of the claim file must be sent to the insurer at its request or as soon as it becomes known that the claim:

(i) Has the potential to exceed an amount determined by the commissioner, or exceeds the limit set by the insurer, whichever is less;

(ii) Involves a coverage dispute;

(iii) May exceed the managing general agent's claims settlement authority;

(iv) Is open for more than six months; or

(v) Is closed by payment in excess of an amount set by the commissioner or an amount set by the insurer, whichever is less.

(c) All claim files are the joint property of the insurer and the managing general agent. However, upon an order of liquidation of the insurer, those files become the sole property of the insurer or its liquidator or successor. The managing general agent has reasonable access to and the right to copy the files on a timely basis.

(d) Settlement authority granted to the managing general agent may be terminated for cause upon the insurer's written notice to the managing general agent or upon the termination of the contract. The insurer may suspend the managing general agent's settlement authority during the pendency of a dispute regarding the cause for termination.

(8) Where electronic claims files are in existence, the contract must address the timely transmission of the data.

(9) If the contract provides for a sharing of interim profits by the managing general agent, and the managing general agent has the authority to determine the amount of the interim profits by establishing loss reserves or controlling claim payments or in any other manner, interim profits shall not be paid to the managing general agent until one year after they are earned for property insurance business and five years after they are earned on casualty business and not until the profits have been verified under section 38 of this act.

(10) The managing general agent may not:

(a) Bind reinsurance or retrocessions on behalf of the insurer, except that the managing general agent may bind automatic reinsurance contracts under obligatory automatic agreements if the contract with the insurer contains

reinsurance underwriting guidelines including, for both reinsurance assumed and ceded, a list of reinsurers with which the automatic agreements are in effect, the coverages and amounts or percentages that may be reinsured, and commission schedules;

(b) Commit the insurer to participate in insurance or reinsurance syndicates;

(c) Use an agent that is not appointed to represent the insurer in accordance with the requirements of chapter 48.17 RCW;

(d) Without prior approval of the insurer, pay or commit the insurer to pay a claim over a specified amount, net of reinsurance, that shall not exceed one percent of the insurer's policyholder surplus as of December 31st of the last-completed calendar year;

(e) Collect a payment from a reinsurer or commit the insurer to a claim settlement with a reinsurer, without prior approval of the insurer. If prior approval is given, a report shall be promptly forwarded to the insurer;

(f) Permit an agent appointed by it to serve on the insurer's board of directors;

(g) Jointly employ an individual who is employed by the insurer; or

(h) Appoint a submanaging general agent.

NEW SECTION. Sec. 38. (1) The insurer shall have on file an independent audited financial statement, in a form acceptable to the commissioner, of each managing general agent with which it is doing or has done business.

(2) If a managing general agent establishes loss reserves, the insurer shall annually obtain the opinion of an actuary attesting to the adequacy of loss reserves established for losses incurred and outstanding on business produced by the managing general agent. This is in addition to any other required loss reserve certification.

(3) The insurer shall periodically, and no less frequently than semiannually, conduct an on-site review of the underwriting and claims processing operations of the managing general agent.

(4) Binding authority for all reinsurance contracts or participation in insurance or reinsurance syndicates must rest with an officer of the insurer, who may not be affiliated with the managing general agent.

(5) Within thirty days of entering into or terminating a contract with a managing general agent, the insurer shall provide written notification of that appointment or termination to the commissioner. Notices of appointment of a managing general agent must include a statement of duties that the managing general agent is expected to perform on behalf of the insurer, the lines of insurance for which the managing general agent is to be authorized to act, and any other information the commissioner may request. This subsection applies to managing general agents operating in this state.

(6) An insurer shall review its books and records each calendar quarter to determine if any agent has become a managing general agent. If the insurer determines that an agent has become a managing general agent under section 35 of this act, the insurer shall promptly notify the agent and the commissioner of

that determination, and the insurer and agent shall fully comply with this chapter within thirty days.

(7) An insurer may not appoint to its board of directors an officer, director, employee, subagent, or controlling shareholder of its managing general agents. This subsection does not apply to relationships governed by the Insurer Holding Company Act, chapter 48.— RCW (sections 1 through 15 of this act), or, if applicable, the business transacted with Broker-controlled Property and Casualty Insurer Act, chapter 48.— RCW (sections 16 through 21 of this act).

NEW SECTION. **Sec. 39.** The acts of the managing general agent are considered to be the acts of the insurer on whose behalf it is acting. A managing general agent may be examined as if it were the insurer, as provided in chapter 48.03 RCW.

NEW SECTION. **Sec. 40.** (1) Subject to a hearing in accordance with chapters 34.05 and 48.04 RCW, upon a finding by the commissioner that any person has violated any provision of this chapter, the commissioner may order:

(a) For each separate violation, a penalty in an amount of not more than one thousand dollars;

(b) Revocation, or suspension for up to one year, of the agent's license; and

(c) The managing general agent to reimburse the insurer, the rehabilitator, or liquidator of the insurer for losses incurred by the insurer caused by a violation of this chapter committed by the managing general agent.

(2) The decision, determination, or order of the commissioner under this section is subject to judicial review under chapters 34.05 and 48.04 RCW.

(3) Nothing contained in this section affects the right of the commissioner to impose any other penalties provided for in this title.

(4) Nothing contained in this chapter is intended to or in any manner limits or restricts the rights of policyholders, claimants, and auditors.

NEW SECTION. **Sec. 41.** The commissioner may adopt rules for the implementation and administration of this chapter, that shall include but are not limited to licensure of managing general agents.

NEW SECTION. **Sec. 42.** No insurer may continue to use the services of a managing general agent on and after January 1, 1994, unless that use complies with this chapter.

Sec. 43. RCW 48.03.010 and 1982 c 181 s 1 are each amended to read as follows:

(1) The commissioner shall examine the affairs, transactions, accounts, records, documents, and assets of each authorized insurer as often as he or she deems advisable. ~~((He))~~ The commissioner shall so examine each ((domestic)) insurer holding a certificate of authority or certificate of registration not less frequently than every five years. Examination of an alien insurer may be limited to its insurance transactions in the United States. In scheduling and determining the nature, scope, and frequency of an examination, the commissioner shall

consider such matters as the results of financial statement analyses and ratios, changes in management or ownership, actuarial opinions, reports of independent certified public accountants, and other criteria as set forth in the examiner's handbook adopted by the National Association of Insurance Commissioners and in effect when the commissioner exercises discretion under this section.

(2) As often as ~~((he))~~ the commissioner deems advisable and at least once in five years, the commissioner shall fully examine each rating organization and examining bureau licensed in this state. As often as he or she deems it advisable ~~((he))~~ the commissioner may examine each advisory organization and each joint underwriting or joint reinsurance group, association, or organization.

(3) The commissioner shall in like manner examine each insurer or rating organization applying for authority to do business in this state.

(4) In lieu of making ~~((his own))~~ an examination under this chapter, the commissioner may accept a full report of the last recent examination of a nondomestic ~~((insurer or))~~ rating or advisory organization, or joint underwriting or joint reinsurance group, association or organization, ~~((certified to))~~ as prepared by the insurance supervisory official of the state of domicile or of entry. In lieu of an examination under this chapter of a foreign or alien insurer licensed in this state, the commissioner may accept an examination report on the company as prepared by the insurance department for the company's state of domicile or port-of-entry state until January 1, 1994. Thereafter, an examination report may be accepted only if: (a) That insurance department was at the time of the examination accredited under the National Association of Insurance Commissioners' financial regulation standards and accreditation program; or (b) the examination was performed either under the supervision of an accredited insurance department or with the participation of one or more examiners employed by an accredited state insurance department who, after a review of the examination work papers and report, state under oath that the examination was performed in a manner consistent with the standards and procedures required by their insurance department.

(5) The commissioner may elect to accept and rely on an audit report made by an independent certified public accountant for the insurer in the course of that part of the commissioner's examination covering the same general subject matter as the audit. The commissioner may incorporate the audit report in his or her report of the examination.

(6) For the purposes of completing an examination of any company under this chapter, the commissioner may examine or investigate any managing general agent or any other person, or the business of any managing general agent or other person, insofar as that examination or investigation is, in the sole discretion of the commissioner, necessary or material to the examination of the company.

NEW SECTION. Sec. 44. A new section is added to chapter 48.03 RCW to read as follows:

Upon determining that an examination should be conducted, the commissioner or the commissioner's designee shall appoint one or more examiners to

perform the examination and instruct them as to the scope of the examination. In conducting the examination, the examiner shall observe those guidelines and procedures set forth in the examiners' handbook adopted by the National Association of Insurance Commissioners. The commissioner may also employ such other guidelines or procedures as the commissioner may deem appropriate.

Sec. 45. RCW 48.03.040 and 1965 ex.s. c 70 s 1 are each amended to read as follows:

(1) No later than sixty days after completion of each examination, the commissioner shall make a full written report of each examination made by him or her containing only facts ascertained from the accounts, records, and documents examined and from the sworn testimony of individuals, and such conclusions and recommendations as may reasonably be warranted from such facts.

(2) The report shall be certified by the commissioner or by his or her examiner in charge of the examination, and shall be filed in the commissioner's office subject to subsection (3) of this section.

(3) The commissioner shall furnish a copy of the examination report to the person examined not less than ten days and, unless the time is extended by the commissioner, not more than thirty days prior to the filing of the report for public inspection in the commissioner's office. If such person so requests in writing within such ~~((ten-day))~~ period, the commissioner shall hold a hearing to consider objections of such person to the report as proposed, and shall not so file the report until after such hearing and until after any modifications in the report deemed necessary by the commissioner have been made.

(4) Within thirty days of the end of the period described in subsection (3) of this section, unless extended by order of the commissioner, the commissioner shall consider the report, together with any written submissions or rebuttals and any relevant portions of the examiner's workpapers and enter an order:

(a) Adopting the examination report as filed or with modification or corrections. If the examination report reveals that the company is operating in violation of any law, rule, or order of the commissioner, the commissioner may order the company to take any action the commissioner considers necessary and appropriate to cure that violation;

(b) Rejecting the examination report with directions to the examiners to reopen the examination for purposes of obtaining additional data, documentation, or information, and refile under this section; or

(c) Calling for an investigatory hearing with no less than twenty days' notice to the company for purposes of obtaining additional documentation, data, information, and testimony.

(5) All orders entered under subsection (4) of this section must be accompanied by findings and conclusions resulting from the commissioner's consideration and review of the examination report, relevant examiner workpapers, and any written submissions or rebuttals. Such an order is considered a final administrative decision and may be appealed under the

Administrative Procedure Act, chapter 34.05 RCW, and must be served upon the company by certified mail, together with a copy of the adopted examination report. A copy of the adopted examination report must be sent by certified mail to each director at the director's residence address.

(6)(a) Upon the adoption of the examination report under subsection (4) of this section, the commissioner shall continue to hold the content of the examination report as private and confidential information for a period of five days except that the order may be disclosed to the person examined. Thereafter, the commissioner may open the report for public inspection so long as no court of competent jurisdiction has stayed its publication.

(b) Nothing in this title prohibits the commissioner from disclosing the content of an examination report, preliminary examination report or results, or any matter relating thereto, to the insurance department of any other state or country, or to law enforcement officials of this or any other state or agency of the federal government at any time, so long as the agency or office receiving the report or matters relating thereto agrees in writing to hold it confidential and in a manner consistent with this chapter.

(c) If the commissioner determines that regulatory action is appropriate as a result of any examination, he or she may initiate any proceedings or actions as provided by law.

(d) Nothing contained in this section requires the commissioner to disclose any information or records that would indicate or show the existence or content of any investigation or activity of a criminal justice agency.

Sec. 46. RCW 48.03.050 and 1947 c 79 s .03.05 are each amended to read as follows:

The commissioner may withhold from public inspection any examination or investigation report for so long as he or she deems it advisable, subject to RCW 48.32.080.

Sec. 47. RCW 48.03.060 and 1981 c 339 s 2 are each amended to read as follows:

(1) Examinations within this state of any insurer domiciled or having its home offices in this state, other than a title insurer, made by the commissioner or his or her examiners and employees shall, except as to fees, mileage, and expense incurred as to witnesses, be at the expense of the state.

(2) Every other examination, whatsoever, or any part of the examination of any person domiciled or having its home offices in this state requiring travel and services outside this state, shall be made by the commissioner or by examiners designated by ~~((him))~~ the commissioner and shall be at the expense of the person examined; but a domestic insurer shall not be liable for the compensation of examiners employed by the commissioner for such services outside this state.

(3) When making an examination under this chapter, the commissioner may retain attorneys, appraisers, independent actuaries, independent certified public accountants, or other professionals and specialists as examiners, the cost of which

shall be borne by the person who is the subject of the examination, except as provided in subsection (1) of this section.

(4) The person examined and liable therefor shall reimburse the state upon presentation of an itemized statement thereof, for the actual travel expenses of the commissioner's examiners, their reasonable living expense allowance, and their per diem compensation, including salary and the employer's cost of employee benefits, at a reasonable rate approved by the commissioner, incurred on account of the examination. Per diem salary and expenses for employees examining insurers domiciled outside the state of Washington shall be established by the commissioner on the basis of the National Association of Insurance Commissioner's recommended salary and expense schedule for zone examiners, or the salary schedule established by the state personnel board and the expense schedule established by the office of financial management, whichever is higher. Domestic title insurer shall pay the examination expense and costs to the commissioner as itemized and billed by him or her.

The commissioner or his or her examiners shall not receive or accept any additional emolument on account of any examination.

(5) Nothing contained in this chapter limits the commissioner's authority to terminate or suspend any examination in order to pursue other legal or regulatory action under the insurance laws of this state. Findings of fact and conclusions made pursuant to any examination are prima facie evidence in any legal or regulatory action.

NEW SECTION. Sec. 48. A new section is added to chapter 48.03 RCW to read as follows:

(1) No examiner may be appointed by the commissioner if the examiner, either directly or indirectly, has a conflict of interest or is affiliated with the management of or owns a pecuniary interest in a person subject to examination under this chapter. This section does not automatically preclude an examiner from being:

- (a) A policyholder or claimant under an insurance policy;
- (b) A grantor of a mortgage or similar instrument on the examiner's residence to a regulated entity if done under customary terms and in the ordinary course of business;
- (c) An investment owner in shares of regulated diversified investment companies; or
- (d) A settlor or beneficiary of a blind trust into which any otherwise impermissible holdings have been placed.

(2) Notwithstanding the requirements of subsection (1) of this section, the commissioner may retain from time to time, on an individual basis, qualified actuaries, certified public accountants, or other similar individuals who are independently practicing their professions, even though those persons may from time to time be similarly employed or retained by persons subject to examination under this chapter.

NEW SECTION. Sec. 49. A new section is added to chapter 48.03 RCW to read as follows:

(1) No cause of action may arise nor may any liability be imposed against the commissioner, the commissioner's authorized representatives, or an examiner appointed by the commissioner for statements made or conduct performed in good faith while carrying out this chapter.

(2) No cause of action may arise nor may any liability be imposed against any person for the act of communicating or delivering information or data to the commissioner or the commissioner's authorized representative or examiner pursuant to an examination made under this chapter, if that act of communication or delivery was performed in good faith and without fraudulent intent or the intent to deceive.

(3) This section does not modify a privilege or immunity previously enjoyed by a person identified in subsection (1) of this section.

(4) A person identified in subsection (1) of this section is entitled to an award of attorneys' fees and costs if he or she is the prevailing party in a civil cause of action for libel, slander, or any other tort arising out of activities in carrying out this chapter and the party bringing the action was not substantially justified in doing so. For purposes of this section a proceeding is "substantially justified" if it had a reasonable basis in law or fact at the time that it was initiated.

(5) If a claim is made or threatened of the sort described in subsection (1) of this section, the commissioner shall provide or pay for the defense of himself or herself, the examiner or representative, and shall pay a judgment or settlement, until it is determined that the person did not act in good faith or did act with fraudulent intent or the intent to deceive.

(6) The immunity, indemnification, and other protections under this section are in addition to those now or hereafter existing under other law.

Sec. 50. RCW 48.05.340 and 1991 sp.s. c 5 s 1 are each amended to read as follows:

(1) Subject to RCW 48.05.350 and 48.05.360 to qualify for authority to transact any one kind of insurance as defined in chapter 48.11 RCW or combination of kinds of insurance as shown below, a foreign or alien insurer, whether stock or mutual, or a domestic insurer hereafter formed shall possess and thereafter maintain unimpaired paid-in capital stock, if a stock insurer, or unimpaired surplus if a mutual insurer, and shall possess when first so authorized additional funds in surplus as follows:

Kind or kinds of insurance	Paid-in capital stock or basic surplus	Additional surplus

General casualty	2,400,000	2,400,000
Vehicle	2,000,000	2,000,000
Surety	2,000,000	2,000,000
Any two of the following		
kinds of insurance:		
Property, marine &		
transportation, general

Multiple lines (all insurances		
except life and title		
insurance)	3,000,000	3,000,000
Title (in accordance with the		
provisions of chapter 48.29		
RCW)		

(2) Capital and surplus requirements are based upon all the kinds of insurance transacted by the insurer wherever it may operate or propose to operate, whether or not only a portion of such kinds are to be transacted in this state.

(3) An insurer holding a certificate of authority to transact insurance in this state immediately prior to July 1, 1991, may continue to be authorized to transact the same kinds of insurance as long as it is otherwise qualified for such authority and thereafter maintains unimpaired the amount of paid-in capital stock, if a stock insurer, or basic surplus, if a mutual or reciprocal insurer, and special surplus as required of it under laws in force immediately prior to such effective date; and any proposed domestic insurer which is in process of formation or financing under a solicitation permit which is outstanding immediately prior to July 1, 1991, shall, if otherwise qualified therefor, be authorized to transact any kind or kinds of insurance upon the basis of the capital and surplus requirements of such an insurer under the laws in force immediately prior to such effective date. The requirements for paid-in capital stock, basic surplus, and special surplus that were in effect immediately before July 1, 1991, apply to any completed application for a certificate of authority from a foreign or alien insurer that is on file with the commissioner on July 1, 1991.

(4) The commissioner may, by rule, require insurers to maintain additional capital and surplus based upon the type, volume, and nature of insurance business transacted consistent with the methods then adopted by the National Association of Insurance Commissioners for determining the appropriate amount of additional capital and surplus to be required. In the absence of an applicable rule, the commissioner may, after a hearing or with the consent of the insurer, require an insurer to have and maintain a larger amount of capital or surplus than prescribed under this section or the rules under this section, based upon the

volume and kinds of insurance transacted by the insurer and on the principles of risk-based capital as determined by the National Association of Insurance Commissioners. This subsection applies only to insurers authorized to write life insurance, disability insurance, or both.

NEW SECTION. Sec. 51. A new section is added to chapter 48.01 RCW to read as follows:

(1) An insurer, health care service contractor, or health maintenance organization that offers coverage for dental services and is in full compliance with all applicable laws under chapter 48.05, 48.44, or 48.46 RCW governing the financial supervision and solvency of such organizations, including but not limited to laws concerning capital and surplus requirements, reserves, deposits, bonds, and indemnities, may provide coverage for dental services, to individuals and to employers for the benefit of employees or for the benefit of employees and their dependents, by separate policy, contract, or rider. If an individual or an employer purchases coverage for dental services from such a company and the coverage is part of the uniform benefits package designed by the Washington health services commission, the certified health plan covering the individual, employees, or employees and dependents need not provide dental services under the uniform benefits package. A certified health plan may subcontract with such a company to provide any dental services required under the uniform benefits package.

(2) An insurer, health care service contractor, or health maintenance organization described in subsection (1) of this section is deemed certified and registered as a certified health plan under sections 427 and 432 of chapter . . . , Laws of 1993 (Engrossed Second Substitute Senate Bill No. 5304) for the delivery of coverage for dental services. The Washington health services commission and the commissioner shall adopt standards and procedures to permit, upon request, the prompt certification and registration of such a company. Such a company may offer coverage for dental services supplemental to the uniform benefits package, but the supplemental benefits are not subject to sections 428, 452, and 453 of chapter . . . , Laws of 1993 (Engrossed Second Substitute Senate Bill No. 5304).

Sec. 52. RCW 48.08.030 and 1947 c 79 s .08.03 are each amended to read as follows:

(1) No domestic stock insurer shall pay any cash dividend to stockholders except out of earned surplus. For the purpose of this section, "earned surplus" means that part of its available surplus funds which is derived from any realized net profits on its business, and does not include unrealized capital gains or reevaluation of assets.

(2) Such an insurer may pay a stock dividend out of any available surplus funds.

(3) Payment of any dividend to stockholders of a domestic stock insurer shall also be subject to all the limitations and requirements governing the payment of dividends by other private corporations.

(4) No dividend shall be declared or paid which would reduce the insurer's surplus to an amount less than the minimum required for the kinds of insurance thereafter to be transacted.

(5) For the purposes of this chapter "surplus funds" means the excess of the insurer's assets over its liabilities, including its capital stock as a liability.

(6) Available surplus means the excess over the minimum amount of surplus required for the kinds of insurance the insurer is authorized to transact.

Sec. 53. RCW 48.11.140 and 1983 c 3 s 149 are each amended to read as follows:

(1) No insurer shall retain any (~~fire or surety~~) risk on any one subject of insurance, whether located or to be performed in this state or elsewhere, in an amount exceeding ten percent of its surplus to policyholders (~~(, except that:~~

~~(a) Domestic mutual insurers may insure up to the applicable limits provided by RCW 48.05.340, if greater.~~

~~(b) In the case of fire risks adequately protected by automatic sprinklers or fire risks principally of noncombustible construction and occupancy, an insurer may retain fire risks as to any one subject in an amount not exceeding twenty five percent of the sum of (i) its unearned premium reserve and (ii) its surplus to policyholders).~~

(2) For the purposes of this section, a 'subject of insurance' as to insurance against fire includes all properties insured by the same insurer which are reasonably subject to loss or damage from the same fire.

(3) Reinsurance in an alien reinsurer not qualified under RCW 48.05.300 may not be deducted in determining risk retained for the purposes of this section.

(4) In the case of surety insurance, the net retention shall be computed after deduction of reinsurances, the amount assumed by any co-surety, the value of any security deposited, pledged, or held subject to the consent of the surety and for the protection of the surety.

(5) This section (~~shall~~) does not apply to life insurance, disability insurance, title insurance, or insurance of marine risks or marine protection and indemnity risks.

Sec. 54. RCW 48.12.180 and 1973 c 151 s 1 are each amended to read as follows:

(1) Securities, other than those referred to in RCW 48.12.170, held by an insurer shall be valued, in the discretion of the commissioner, at their market value, or at their appraised value, or at prices determined by him or her as representing their fair market value (~~(, all consistent with any current method for the valuation of any such security formulated or approved by the National Association of Insurance Commissioners).~~

NEW SECTION. Sec. 58. (1) An officer, manager, director, trustee, owner, employee, or agent of an insurer or other person with authority over or in charge of a segment of the insurer's affairs shall cooperate with the commissioner in a proceeding under this chapter or an investigation preliminary to the proceeding. The term "person" as used in this section includes a person who exercises control directly or indirectly over activities of the insurer through a holding company or other affiliate of the insurer. "To cooperate" as used in this section includes the following:

- (a) To reply promptly in writing to an inquiry from the commissioner requesting such a reply; and
- (b) To make available to the commissioner books, accounts, documents, or other records or information or property of or pertaining to the insurer and in his or her possession, custody, or control.

(2) A person may not obstruct or interfere with the commissioner in the conduct of a delinquency proceeding or an investigation preliminary or incidental thereto.

(3) This section does not abridge existing legal rights, including the right to resist a petition for liquidation or other delinquency proceedings, or other orders.

(4) A person included within subsection (1) of this section who fails to cooperate with the commissioner, or a person who obstructs or interferes with the commissioner in the conduct of a delinquency proceeding or an investigation preliminary or incidental thereto, or who violates an order the commissioner issued validly under this chapter may:

(a) Be sentenced to pay a fine not exceeding ten thousand dollars or to undergo imprisonment for a term of not more than one year, or both; or

(b) After a hearing, be subject to the imposition by the commissioner of a civil penalty not to exceed ten thousand dollars and be subject further to the revocation or suspension of insurance licenses issued by the commissioner.

NEW SECTION. Sec. 59. (1) Except as provided in RCW 48.32A.060, no delinquency proceeding may be commenced under this chapter by anyone other than the commissioner of this state, and no court has jurisdiction to entertain a proceeding commenced by another person.

(2) No court of this state has jurisdiction to entertain a complaint praying for the dissolution, liquidation, rehabilitation, sequestration, conservation, or receivership of an insurer, or praying for an injunction or restraining order or other relief preliminary to, incidental to, or relating to the proceedings, other than in accordance with this chapter.

(3) In addition to other grounds for jurisdiction provided by the law of this state, a court of this state having jurisdiction of the subject matter has jurisdiction over a person served under the rules of civil procedure or other applicable provisions of law in an action brought by the receiver of a domestic insurer or an alien insurer domiciled in this state:

(a) If the person served is an agent, broker, or other person who has written policies of insurance for or has acted in any manner on behalf of an insurer against which a delinquency proceeding has been instituted, in an action resulting from or incident to such a relationship with the insurer; or

(b) If the person served is a reinsurer who has entered into a contract of reinsurance with an insurer against which a delinquency proceeding has been instituted, or is an agent or broker of or for the reinsurer, in an action on or incident to the reinsurance contract; or

(c) If the person served is or has been an officer, director, manager, trustee, organizer, promoter, or other person in a position of comparable authority or influence over an insurer against which a delinquency proceeding has been instituted, in an action resulting from or incident to such a relationship with the insurer; or

(d) If the person served is or was at the time of the institution of the delinquency proceeding against the insurer holding assets in which the receiver claims an interest on behalf of the insurer, in an action concerning the assets; or

(e) If the person served is obligated to the insurer in any way, in an action on or incident to the obligation.

(4) If the court on motion of a party finds that an action should as a matter of substantial justice be tried in a forum outside this state, the court may enter an appropriate order to stay further proceedings on the action in this state.

NEW SECTION. Sec. 60. (1) The persons entitled to protection under this section are:

(a) The commissioner and any other receiver responsible for conducting a delinquency proceeding under this chapter, including present and former commissioners and receivers; and

(b) The commissioner's employees, meaning all present and former special deputies and assistant special deputies and special receivers appointed by the commissioner and all persons whom the commissioner, special deputies, or assistant special deputies have employed to assist in a delinquency proceeding under this chapter. Attorneys, accountants, auditors, and other professional persons or firms who are retained as independent contractors, and their employees, are not considered employees of the commissioner for purposes of this section.

(2) The commissioner and the commissioner's employees are immune from suit and liability, both personally and in their official capacities, for a claim for damage to or loss of property or personal injury or other civil liability caused by or resulting from an alleged act or omission of the commissioner or an employee arising out of or by reason of his or her duties or employment. However, nothing in this subsection may be construed to hold the commissioner or an employee immune from suit or liability for any damage, loss, injury, or liability caused by the intentional or willful and wanton misconduct of the commissioner or an employee.

(3) If a legal action is commenced against the commissioner or an employee, whether against him or her personally or in his or her official capacity, alleging property damage, property loss, personal injury, or other civil liability caused by or resulting from an alleged act or omission of the commissioner or an employee arising out of or by reason of his or her duties or employment, the commissioner and any employee shall be indemnified from the assets of the insurer for all expenses, attorneys' fees, judgments, settlements, decrees, or amounts due and owing or paid in satisfaction of or incurred in the defense of the legal action unless it is determined upon a final adjudication on the merits that the alleged act or omission of the commissioner or employee giving rise to the claim did not arise out of or by reason of his or her duties or employment, or was caused by intentional or willful and wanton misconduct.

(a) Attorneys' fees and related expenses incurred in defending a legal action for which immunity or indemnity is available under this section shall be paid from the assets of the insurer, as they are incurred, in advance of the final disposition of such action upon receipt of an undertaking by or on behalf of the commissioner or employee to repay the attorneys' fees and expenses if it is ultimately determined upon a final adjudication on the merits and that the commissioner or employee is not entitled to immunity or indemnity under this section.

(b) Any indemnification under this section is an administrative expense of the insurer.

(c) In the event of an actual or threatened litigation against the commissioner or an employee for which immunity or indemnity may be available under this

section, a reasonable amount of funds that in the judgment of the commissioner may be needed to provide immunity or indemnity shall be segregated and reserved from the assets of the insurer as security for the payment of indemnity until all applicable statutes of limitation have run or all actual or threatened actions against the commissioner or an employee have been completely and finally resolved, and all obligations of the insurer and the commissioner under this section have been satisfied.

(d) In lieu of segregation and reserving of funds, the commissioner may obtain a surety bond or make other arrangements that will enable the commissioner to secure fully the payment of all obligations under this section.

(4) If a legal action against an employee for which indemnity may be available under this section is settled before final adjudication on the merits, the insurer shall pay the settlement amount on behalf of the employee, or indemnify the employee for the settlement amount, unless the commissioner determines:

(a) That the claim did not arise out of or by reason of the employee's duties or employment; or

(b) That the claim was caused by the intentional or willful and wanton misconduct of the employee.

(5) In a legal action in which the commissioner is a defendant, that portion of a settlement relating to the alleged act or omission of the commissioner is subject to the approval of the court before which the delinquency proceeding is pending. The court may not approve that portion of the settlement if it determines:

(a) That the claim did not arise out of or by reason of the commissioner's duties or employment; or

(b) That the claim was caused by the intentional or willful and wanton misconduct of the commissioner.

(6) Nothing in this section removes or limits an immunity, indemnity, benefit of law, right, or defense otherwise available to the commissioner, an employee, or any other person, not an employee under subsection (1)(b) of this section, who is employed by or in the office of the commissioner or otherwise employed by the state.

(7)(a) Subsection (2) of this section applies to any suit based in whole or in part on an alleged act or omission that takes place on or after the effective date of this act.

(b) No legal action lies against the commissioner or an employee based in whole or in part on an alleged act or omission that took place before the effective date of this act, unless suit is filed and valid service of process is obtained within twelve months after the effective date of this act.

(c) Subsections (3), (4), and (5) of this section apply to a suit that is pending on or filed after the effective date of this act without regard to when the alleged act or omission took place.

NEW SECTION. Sec. 61. (1) The commissioner may petition the court alleging, with respect to a domestic insurer:

(a) That there exists a ground that would justify a court order for a formal delinquency proceeding against an insurer under this chapter;

(b) That the interests of policyholders, creditors, or the public will be endangered by delay; and

(c) The contents of an order deemed necessary by the commissioner.

(2) Upon a filing under subsection (1) of this section, the court may issue forthwith, *ex parte* and without a hearing, the requested order that shall: Direct the commissioner to take possession and control of all or a part of the property, books, accounts, documents, and other records of an insurer, and of the premises occupied by it for transaction of its business; and until further order of the court enjoin the insurer and its officers, managers, agents, and employees from disposition of its property and from the transaction of its business except with the written consent of the commissioner.

(3) The court shall specify in the order what the order's duration shall be, which shall be such time as the court deems necessary for the commissioner to ascertain the condition of the insurer. On motion of either party or on its own motion, the court may from time to time hold hearings it deems desirable after such notice as it deems appropriate, and may extend, shorten, or modify the terms of the seizure order. The court shall vacate the seizure order if the commissioner fails to commence a formal proceeding under this chapter after having had a reasonable opportunity to do so. An order of the court pursuant to a formal proceeding under this chapter vacates the seizure order.

(4) Entry of a seizure order under this section does not constitute an anticipatory breach of a contract of the insurer.

(5) An insurer subject to an *ex parte* order under this section may petition the court at any time after the issuance of an order under this section for a hearing and review of the order. The court shall hold the hearing and review not more than fifteen days after the request. A hearing under this subsection may be held privately in chambers, and it must be so held if the insurer proceeded against so requests.

(6) If, at any time after the issuance of an order under this section, it appears to the court that a person whose interest is or will be substantially affected by the order did not appear at the hearing and has not been served, the court may order that notice be given. An order that notice be given does not stay the effect of an order previously issued by the court.

NEW SECTION. **Sec. 62.** (1) All policies, including bonds and other noncancellable business, other than life or health insurance or annuities, in effect at the time of issuance of an order of liquidation continue in force only until the earliest of:

(a) The end of a period of thirty days from the date of entry of the liquidation order;

(b) The expiration of the policy coverage;

(c) The date when the insured has replaced the insurance coverage with equivalent insurance in another insurer or otherwise terminated the policy;

(d) The liquidator has effected a transfer of the policy obligation; or

(e) The date proposed by the liquidator and approved by the court to cancel coverage.

(2) An order of liquidation terminates coverages at the time specified in subsection (1) of this section for purposes of any other statute.

(3) Policies of life or health insurance or annuities shall continue in force for the period and under the terms provided by an applicable guaranty association or foreign guaranty association.

(4) Policies of life or health insurance or annuities or a period or coverage of the policies not covered by a guaranty association or foreign guaranty association shall terminate under subsections (1) and (2) of this section.

NEW SECTION. Sec. 63. (1) Upon issuance of an order appointing a liquidator of a domestic insurer or of an alien insurer domiciled in this state, an action at law or equity or in arbitration may not be brought against the insurer or liquidator, whether in this state or elsewhere, nor may such an existing action be maintained or further presented after issuance of the order. The courts of this state shall give full faith and credit to injunctions against the liquidator or the company when the injunctions are included in an order to liquidate an insurer issued under laws in other states corresponding to this subsection. Whenever, in the liquidator's judgment, protection of the estate of the insurer necessitates intervention in an action against the insurer that is pending outside this state, the liquidator may intervene in the action. The liquidator may defend an action in which he or she intervenes under this section at the expense of the estate of the insurer.

(2) The liquidator may, upon or after an order for liquidation, within two years or such other longer time as applicable law may permit, institute an action or proceeding on behalf of the estate of the insurer upon a cause of action against which the period of limitation fixed by applicable law has not expired at the time of the filing of the petition upon which the order is entered. Where, by an agreement, a period of limitation is fixed for instituting a suit or proceeding upon a claim, or for filing a claim, proof of claim, proof of loss, demand, notice, or the like, or where in a proceeding, judicial or otherwise, a period of limitation is fixed, either in the proceeding or by applicable law, for taking an action, filing a claim or pleading, or doing an act, and where in such a case the period had not expired at the date of the filing of the petition, the liquidator may, for the benefit of the estate, take such an action or do such an act, required of or permitted to the insurer, within a period of one hundred eighty days after the entry of an order for liquidation, or within such further period as is shown to the satisfaction of the court not to be unfairly prejudicial to the other party.

(3) A statute of limitation or defense of laches does not run with respect to an action against an insurer between the filing of a petition for liquidation against an insurer and the denial of the petition. An action against the insurer that might have been commenced when the petition was filed may be commenced for at least sixty days after the petition is denied.

(4) A guaranty association or foreign guaranty association has standing to appear in a court proceeding concerning the liquidation of an insurer if the association is or may become liable to act as a result of the liquidation.

NEW SECTION. Sec. 64. The amount recoverable by the commissioner from reinsurers may not be reduced as a result of the delinquency proceedings, regardless of any provision in the reinsurance contract or other agreement except as provided in RCW 48.31.290. Payment made directly to an insured or other creditor does not diminish the reinsurer's obligation to the insurer's estate except when the reinsurance contract provided for direct coverage of a named insured and the payment was made in discharge of that obligation.

NEW SECTION. Sec. 65. (1)(a) An agent, broker, premium finance company, or any other person, other than the policy owner or the insured, responsible for the payment of a premium is obligated to pay any unpaid premium for the full policy term due the insurer at the time of the declaration of insolvency, whether earned or unearned, as shown on the records of the insurer. The liquidator also has the right to recover from the person a part of an unearned premium that represents commission of the person. Credits or setoffs or both may not be allowed to an agent, broker, or premium finance company for amounts advanced to the insurer by the agent, broker, or premium finance company on behalf of, but in the absence of a payment by, the policy owner or the insured.

(b) Notwithstanding (a) of this subsection, the agent, broker, premium finance company, or other person is not liable for uncollected unearned premium of the insurer. A presumption exists that the premium as shown on the books of the insurer is collected, and the burden is upon the agent, broker, premium finance company, or other person to demonstrate by a preponderance of the evidence that the unearned premium was not actually collected. For purposes of this subsection, "unearned premium" means that portion of an insurance premium covering the unexpired term of the policy or the unexpired period of the policy period.

(c) An insured is obligated to pay any unpaid earned premium due the insurer at the time of the declaration of insolvency, as shown on the records of the insurer.

(2) Upon a violation of this section, the commissioner may pursue either one or both of the following courses of action:

(a) Suspend or revoke or refuse to renew the licenses of the offending party or parties;

(b) Impose a penalty of not more than one thousand dollars for each violation.

(3) Before the commissioner may take an action as set forth in subsection (2) of this section, he or she shall give written notice to the person accused of violating the law, stating specifically the nature of the alleged violation, and fixing a time and place, at least ten days thereafter, when a hearing on the matter

shall be held. After the hearing, or upon failure of the accused to appear at the hearing, the commissioner, if he or she finds a violation, shall impose those penalties under subsection (2) of this section that he or she deems advisable.

(4) When the commissioner takes action in any or all of the ways set out in subsection (2) of this section, the party aggrieved has the rights granted under the Administrative Procedure Act, chapter 34.05 RCW.

NEW SECTION. Sec. 66. (1) When the liquidator denies a claim in whole or in part, the liquidator shall give written notice of the determination to the claimant or the claimant's attorney by first class mail at the address shown in the proof of claim. Within sixty days from the mailing of the notice, the claimant may file his or her objections with the liquidator. If no such a filing is made, the claimant may not further object to the determination.

(2) Whenever the claimant files objections with the liquidator and the liquidator does not alter his or her denial of the claim as a result of the objections, the liquidator shall ask the court for a hearing as soon as practicable and give notice of the hearing by first class mail to the claimant or the claimant's attorney and to other persons directly affected, not less than ten nor more than thirty days before the date of the hearing. The matter may be heard by the court or by a court-appointed referee who shall submit findings of fact along with his or her recommendation.

NEW SECTION. Sec. 67. Whenever a creditor whose claim against an insurer is secured, in whole or in part, by the undertaking of another person, fails to prove and file that claim, the other person may do so in the creditor's name, and is subrogated to the rights of the creditor, whether the claim has been filed by the creditor or by the other person in the creditor's name, to the extent that he or she discharges the undertaking. In the absence of an agreement with the creditor to the contrary, the other person is not entitled to a distribution until the amount paid to the creditor on the undertaking plus the distributions paid on the claim from the insurer's estate to the creditor equals the amount of the entire claim of the creditor. The creditor shall hold any excess received by him or her in trust for the other person. The term "other person" as used in this section does not apply to a guaranty association or foreign guaranty association.

NEW SECTION. Sec. 68. Unclaimed funds subject to distribution remaining in the liquidator's hands when he or she is ready to apply to the court for discharge, including the amount distributable to a person who is unknown or cannot be found, shall be deposited with the state treasurer, and shall be paid without interest to the person entitled to them or his or her legal representative upon proof satisfactory to the state treasurer of his or her right to them. An amount on deposit not claimed within six years from the discharge of the liquidator is deemed to have been abandoned and shall be escheated without formal escheat proceedings and be deposited with the state treasurer.

NEW SECTION. Sec. 69. After the liquidation proceeding has been terminated and the liquidator discharged, the commissioner or other interested

party may at any time petition the court to reopen the proceedings for good cause, including the discovery of additional assets. If the court is satisfied that there is justification for reopening, it shall so order.

NEW SECTION. Sec. 70. (1) If no domiciliary receiver has been appointed, the commissioner may apply to the court for an order directing him or her to liquidate the assets found in this state of a foreign insurer or an alien insurer not domiciled in this state, on any of the grounds stated in: RCW 48.31.030, except subsection (10) of that section; 48.31.050(2); or 48.31.080.

(2) When an order is sought under subsection (1) of this section, the court shall cause the insurer to be given thirty days' notice and time to respond, or a lesser period reasonable under the circumstances.

(3) If it appears to the court that the best interests of creditors, policyholders, and the public require, the court may issue an order to liquidate in whatever terms it deems appropriate. The filing or recording of the order with the recorder of deeds of the county in which the principal business of the company in this state is located or the county in which its principal office or place of business in this state is located, imparts the same notice as a deed or other evidence of title duly filed or recorded with that recorder of deeds would have imparted.

(4) If a domiciliary liquidator is appointed in a reciprocal state while a liquidation is proceeding under this section, the liquidator under this section shall thereafter act as ancillary receiver under RCW 48.31.130 (as recodified by this act). If a domiciliary liquidator is appointed in a nonreciprocal state while a liquidation is proceeding under this section, the liquidator under this section may petition the court for permission to act as ancillary receiver under RCW 48.31.130 (as recodified by this act).

(5) On the same grounds as are specified in subsection (1) of this section, the commissioner may petition an appropriate federal court to be appointed receiver to liquidate that portion of the insurer's assets and business over which the court will exercise jurisdiction, or any lesser part thereof that the commissioner deems desirable for the protection of policyholders, creditors, and the public in this state.

(6) The court may order the commissioner, when he or she has liquidated the assets of a foreign or alien insurer under this section, to pay claims of residents of this state against the insurer under those rules on the liquidation of insurers under this chapter that are otherwise compatible with this section.

NEW SECTION. Sec. 71. (1) Except as to special deposits and security on secured claims under RCW 48.31.130(2) (as recodified by this act), the domiciliary liquidator of an insurer domiciled in a reciprocal state is vested by operation of law with the title to all of the assets, property, contracts, and rights of action, agents' balances, and all the books, accounts, and other records of the insurer located in this state. The date of vesting is the date of the filing of the petition, if that date is specified by the domiciliary law for the vesting of

property in the domiciliary state. Otherwise, the date of vesting is the date of entry of the order directing possession to be taken. The domiciliary liquidator has the immediate right to recover balances due from agents and to obtain possession of the books, accounts, and other records of the insurer located in this state. The domiciliary liquidator also has the right to recover all other assets of the insurer located in this state, subject to RCW 48.31.130 (as recodified by this act).

(2) If a domiciliary liquidator is appointed for an insurer not domiciled in a reciprocal state, the commissioner of this state is vested by operation of law with the title to all of the property, contracts, and rights of action, and all the books, accounts, and other records of the insurer located in this state, at the same time that the domiciliary liquidator is vested with title in the domicile. The commissioner of this state may petition for a conservation or liquidation order under RCW 48.31.100 or 48.31.130 (as recodified by this act), or for an ancillary receivership under RCW 48.31.130 (as recodified by this act), or after approval by the court may transfer title to the domiciliary liquidator, as the interests of justice and the equitable distribution of the assets require.

(3) Claimants residing in this state may file claims with the liquidator or ancillary receiver, if any, in this state or with the domiciliary liquidator, if the domiciliary law permits. The claims must be filed on or before the last date fixed for the filing of claims in the domiciliary liquidation proceedings.

NEW SECTION. Sec. 72. The commissioner in his or her sole discretion may institute proceedings under section 61 of this act at the request of the commissioner or other appropriate insurance official of the domiciliary state of a foreign or alien insurer having property located in this state.

NEW SECTION. Sec. 73. (1) In a liquidation proceeding in this state involving one or more reciprocal states, the order of distribution of the domiciliary state controls as to claims of residents of this and reciprocal states. Claims of residents of reciprocal states shall be given equal priority of payment from general assets regardless of where the assets are located.

(2) The owners of special deposit claims against an insurer for which a liquidator is appointed in this or any other state shall be given priority against the special deposits in accordance with the statutes governing the creation and maintenance of the deposits. If there is a deficiency in a deposit, so that the claims secured by it are not fully discharged from it, the claimants may share in the general assets, but the sharing shall be deferred until general creditors, and also claimants against other special deposits who have received smaller percentages from their respective special deposits, have been paid percentages of their claims equal to the percentage paid from the special deposit.

(3) The owner of a secured claim against an insurer for which a liquidator has been appointed in this or another state may surrender his or her security and file his or her claim as a general creditor, or the claim may be discharged by resort to the security, in which case the deficiency, if any, shall be treated as a

claim against the general assets of the insurer on the same basis as claims of unsecured creditors.

NEW SECTION. Sec. 74. If an ancillary receiver in another state or foreign country, whether called by that name or not, fails to transfer to the domiciliary liquidator in this state assets within his or her control other than special deposits, diminished only by the expenses of the ancillary receivership, if any, then the claims filed in the ancillary receivership, other than special deposit claims or secured claims, shall be placed in the class of claims under RCW 48.31.280(7).

Sec. 75. RCW 48.31.030 and 1949 c 190 s 28 are each amended to read as follows:

The commissioner may apply for an order directing him or her to rehabilitate a domestic insurer upon one or more of the following grounds: That the insurer

- (1) Is insolvent; or
- (2) Has refused to submit its books, records, accounts, or affairs to the reasonable examination of the commissioner; or
- (3) Has failed to comply with the commissioner's order, made pursuant to law, to make good an impairment of capital (if a stock insurer) or an impairment of assets (if a mutual or reciprocal insurer) within the time prescribed by law; or
- (4) Has transferred or attempted to transfer substantially its entire property or business, or has entered into any transaction the effect of which is to merge substantially its entire property or business in that of any other insurer without first having obtained the written approval of the commissioner; or
- (5) Is found, after examination, to be in such condition that its further transaction of business will be hazardous to its policyholders, or to its creditors, or to its members, subscribers, or stockholders, or to the public; or
- (6) Has willfully violated its charter or any law of this state; or
- (7) Has an officer, director, or manager who has refused to be examined under oath, concerning its affairs, for which purpose the commissioner is authorized to conduct and to enforce by all appropriate and available means any such examination under oath in any other state or territory of the United States, in which any such officer, director, or manager may then presently be, to the full extent permitted by the laws of any such other state or territory, this special authorization considered; or
- (8) Has been the subject of an application for the appointment of a receiver, trustee, custodian, or sequestrator of the insurer or of its property, or if a receiver, trustee, custodian, or sequestrator is appointed by a federal court or if such appointment is imminent; or
- (9) Has consented to such an order through a majority of its directors, stockholders, members, or subscribers; or
- (10) Has failed to pay a final judgment rendered against it in any state upon any insurance contract issued or assumed by it, within thirty days after the

judgment became final or within thirty days after time for taking an appeal has expired, or within thirty days after dismissal of an appeal before final determination, whichever date is the later; or

(11) There is reasonable cause to believe that there has been embezzlement from the insurer, wrongful sequestration or diversion of the insurer's assets, forgery or fraud affecting the insurer, or other illegal conduct in, by, or with respect to the insurer that, if established, would endanger assets in an amount threatening the solvency of the insurer; or

(12) The insurer has failed to remove a person who in fact has executive authority in the insurer, whether an officer, manager, general agent, employee, or other person, if the person has been found after notice and hearing by the commissioner to be dishonest or untrustworthy in a way affecting the insurer's business; or

(13) Control of the insurer, whether by stock ownership or ownership or otherwise, and whether direct or indirect, is in a person or persons found after notice and hearing to be untrustworthy; or

(14) The insurer has failed to file its annual report or other financial report required by statute within the time allowed by law and, after written demand by the commissioner, has failed to give an adequate explanation immediately; or

(15) The board of directors or the holders of a majority of the shares entitled to vote, request, or consent to rehabilitation under this chapter.

Sec. 76. RCW 48.31.040 and 1947 c 79 s .31.04 are each amended to read as follows:

(1) An order to rehabilitate a domestic insurer shall direct the commissioner forthwith to take possession of the property of the insurer and to conduct the business thereof, and to take such steps toward removal of the causes and conditions which have made rehabilitation necessary as the court may direct.

(2) If at any time the commissioner deems that further efforts to rehabilitate the insurer would be useless, he or she may apply to the court for an order of liquidation.

(3) The commissioner, or any interested person upon due notice to the commissioner, at any time may apply for an order terminating the rehabilitation proceeding and permitting the insurer to resume possession of its property and the conduct of its business, but no such order shall be granted except when, after a full hearing, the court has determined that the purposes of the proceedings have been fully accomplished.

(4) An order to rehabilitate the business of a domestic insurer, or an alien insurer domiciled in this state, shall appoint the commissioner and his or her successors in office as the rehabilitator, and shall direct the rehabilitator to immediately take possession of the assets of the insurer, and to administer them under the general supervision of the court. The filing or recording of the order with the recorder of deeds of the county in this state in which the principal business of the company is conducted, or the county in this state in which the company's principal office or place of business is located, imparts the same

notice as a deed or other evidence of title duly filed or recorded with that recorder of deeds would have imparted. The order to rehabilitate the insurer by operation of law vests title to all assets of the insurer in the rehabilitator.

(5) An order issued under this section requires accountings to the court by the rehabilitator. Accountings must be done at such intervals as the court specifies in its order, but no less frequently than semiannually.

(6) Entry of an order of rehabilitation does not constitute an anticipatory breach of contracts of the insurer nor may it be grounds for retroactive revocation or retroactive cancellation of contracts of the insurer, unless the revocation or cancellation is done by the rehabilitator.

NEW SECTION. Sec. 77. A new section is added to chapter 48.31 RCW to read as follows:

(1) A court in this state before which an action or proceeding in which the insurer is a party, or is obligated to defend a party, is pending when a rehabilitation order against the insurer is entered shall stay the action or proceeding for ninety days and such additional time as is necessary for the rehabilitator to obtain proper representation and prepare for further proceedings. The rehabilitator shall take such action respecting the pending litigation as he or she deems necessary in the interests of justice and for the protection of creditors, policyholders, and the public. The rehabilitator shall immediately consider all litigation pending outside this state and shall petition the courts having jurisdiction over that litigation for stays whenever necessary to protect the estate of the insurer.

(2) A statute of limitations or defense of laches does not run with respect to an action by or against an insurer between the filing of a petition for appointment of a rehabilitator for that insurer and the order granting or denying that petition. An action against the insurer that might have been commenced when the petition was filed may be commenced for at least sixty days after the order of rehabilitation is entered or the petition is denied. The rehabilitator may, upon an order for rehabilitation, within one year or such other longer time as applicable law may permit, institute an action or proceeding on behalf of the insurer upon a cause of action against which the period of limitation fixed by applicable law has not expired at the time of the filing of the petition upon which the order is entered.

(3) A guaranty association or foreign guaranty association covering life or health insurance or annuities has standing to appear in a court proceeding concerning the rehabilitation of a life or health insurer if the association is or may become liable to act as a result of the rehabilitation.

Sec. 78. RCW 48.31.110 and 1961 c 194 s 12 are each amended to read as follows:

This (~~section and RCW 48.31.120 to 48.31.180, inclusive, comprise and~~) chapter may be known and cited as the Uniform Insurers Liquidation Act. For the purposes of this (~~act~~) chapter:

(1) "Insurer" means any person, firm, corporation, association, or aggregation of persons doing an insurance business and subject to the insurance supervisory authority of, or to liquidation, rehabilitation, reorganization, or conservation by, the commissioner, or the equivalent insurance supervisory official of another state.

(2) "Delinquency proceeding" means any proceeding commenced against an insurer for the purpose of liquidating, rehabilitating, reorganizing, or conserving such insurer.

(3) "State" means any state of the United States, and also the District of Columbia and Puerto Rico.

(4) "Foreign country" means territory not in any state.

(5) "Domiciliary state" means the state in which an insurer is incorporated or organized, or, in the case of an insurer incorporated or organized in a foreign country, the state in which such insurer, having become authorized to do business in such state, has, at the commencement of delinquency proceedings, the largest amount of its assets held in trust and assets held on deposit for the benefit of its policyholders or policyholders and creditors in the United States; and any such insurer is deemed to be domiciled in such state.

(6) "Ancillary state" means any state other than a domiciliary state.

(7) "Reciprocal state" means any state other than this state in which in substance and effect the provisions of this ((æet)) chapter are in force, including the provisions requiring that the insurance commissioner or equivalent insurance supervisory official be the receiver of a delinquent insurer.

(8) "General assets" means all property, real, personal, or otherwise, not specifically mortgaged, pledged, deposited, or otherwise encumbered for the security or benefit of specified persons or a limited class or classes of persons, and as to such specifically encumbered property the term includes all such property or its proceeds in excess of the amount necessary to discharge the sum or sums secured thereby. Assets held in trust and assets held on deposit for the security or benefit of all policyholders, or all policyholders and creditors in the United States, shall be deemed general assets.

(9) "Preferred claim" means any claim with respect to which the law of a state or of the United States accords priority of payment from the general assets of the insurer.

(10) "Special deposit claim" means any claim secured by a deposit made pursuant to statute for the security or benefit of a limited class or classes of persons, but not including any general assets.

(11) "Secured claim" means any claim secured by mortgage, trust, deed, pledge, deposit as security, escrow, or otherwise, but not including special deposit claims or claims against general assets. The term also includes claims which more than four months prior to the commencement of delinquency proceedings in the state of the insurer's domicile have become liens upon specific assets by reason of judicial process.

(12) "Receiver" means receiver, liquidator, rehabilitator, or conservator as the context may require.

Sec. 79. RCW 48.31.160 and 1947 c 79 s .31.16 are each amended to read as follows:

(1) In a delinquency proceeding against an insurer domiciled in this state, claims owing to residents of ancillary states shall be preferred claims if like claims are preferred under the laws of this state. All such claims whether owing to residents or nonresidents shall be given equal priority of payment from general assets regardless of where such assets are located.

(2) In a delinquency proceeding against an insurer domiciled in a reciprocal state, claims owing to residents of this state shall be preferred if like claims are preferred by the laws of that state.

(3) The owners of special deposit claims against an insurer for which a receiver is appointed in this or any other state shall be given priority against their several special deposits in accordance with the provisions of the statutes governing the creation and maintenance of such deposits. If there is a deficiency in any such deposit so that the claims secured thereby are not fully discharged therefrom, the claimants may share in the general assets, but such sharing shall be deferred until general creditors, and also claimants against other special deposits who have received smaller percentages from their respective special deposits, have been paid percentages of their claims equal to the percentage paid from the special deposit.

(4) The owner of a secured claim against an insurer for which a receiver has been appointed in this or any other state may surrender his security and file his claim as a general creditor, or the claim may be discharged by resort to the security, in which case the deficiency, if any, shall be treated as a claim against the general assets of the insurer on the same basis as claims of unsecured creditors. If the amount of the deficiency has been adjudicated in ancillary proceedings as provided in this ~~((æ))~~ chapter, or if it has been adjudicated by a court of competent jurisdiction in proceedings in which the domiciliary receiver has had notice and opportunity to be heard, such amount shall be conclusive; otherwise the amount shall be determined in the delinquency proceeding in the domiciliary state.

Sec. 80. RCW 48.31.180 and 1947 c 79 s .31.18 are each amended to read as follows:

(1) If any provision of this ~~((æ))~~ chapter or the application thereof to any person or circumstances is held invalid, such invalidity shall not affect other provisions or applications of the ~~((æ))~~ chapter which can be given effect without the invalid provision or application, and to this end the provisions of this ~~((æ))~~ chapter are declared to be severable.

(2) This Uniform Insurers Liquidation Act shall be so interpreted and construed as to effectuate its general purpose to make uniform the law of those states that enact it. To the extent that its provisions, when applicable, conflict

with ~~((other))~~ provisions of ~~((this))~~ chapter 48.31 RCW, the provisions of this ~~((et))~~ chapter shall control.

NEW SECTION. Sec. 81. RCW 48.31.110, 48.31.120, 48.31.130, 48.31.140, 48.31.150, 48.31.160, 48.31.170, and 48.31.180 are recodified to constitute a new chapter in Title 48 RCW.

Sec. 82. RCW 48.31.190 and 1988 c 202 s 46 are each amended to read as follows:

(1) Proceedings under this chapter involving a domestic insurer shall be commenced in the superior court for the county in which is located the insurer's home office or, at the election of the commissioner, in the superior court for Thurston county. Proceedings under this chapter involving other insurers shall be commenced in the superior court for Thurston county.

(2) The commissioner shall commence any such proceeding, the attorney general representing him, by an application to the court or to any judge thereof, for an order directing the insurer to show cause why the commissioner should not have the relief prayed for.

(3) Upon a showing of an emergency or threat of imminent loss to policyholders of the insurer the court may issue an ex parte order authorizing the commissioner immediately to take over the premises and assets of the insurer, the commissioner then to preserve the status quo, pending a hearing on the order to show cause, which shall be heard as soon as the court calendar permits in preference to other civil cases.

(4) In response to any order to show cause issued under this chapter the insurer shall have the burden of going forward with and producing evidence to show why the relief prayed for by the commissioner is not required.

(5) On the return of such order to show cause, and after a full hearing, the court shall either deny the relief sought in the application or grant the relief sought in the application together with such other relief as the nature of the case and the interest of policyholders, creditors, stockholders, members, subscribers, or the public may require.

(6) No appellate review of a superior court order, entered after a hearing, granting the commissioner's petition to rehabilitate an insurer or to carry out an insolvency proceeding under this chapter, shall stay the action of the commissioner in the discharge of his responsibilities under this chapter, pending a decision by the appellate court in the matter.

(7) In any proceeding under this chapter the commissioner and his deputies shall be responsible on their official bonds for the faithful performance of their duties. If the court deems it desirable for the protection of the assets, it may at any time require an additional bond from the commissioner or his deputies.

Sec. 83. RCW 48.31.280 and 1975-'76 2nd ex.s. c 109 s 1 are each amended to read as follows:

~~((1)) Compensation actually owing to employees other than officers of an insurer, for services rendered within three months prior to the commencement of~~

~~a proceeding against the insurer under this chapter, but not exceeding three hundred dollars for each such employee, shall be paid prior to the payment of any other debt or claim, and in the discretion of the commissioner may be paid as soon as practicable after the proceeding has been commenced; except, that at all times the commissioner shall reserve such funds as will in his opinion be sufficient for the expenses of administration. Such priority shall be in lieu of any other similar priority which may be authorized by law as to the wages or compensation of such employees.~~

~~(2) The priorities of distribution in a liquidation proceeding shall be in the following order:~~

- ~~(a) Expenses of administration;~~
- ~~(b) Compensation of employees as provided in subsection (1) of this section;~~
- ~~(c) Federal, state, and local taxes;~~
- ~~(d) Claims arising out of and within the coverages of insurance policies issued by the insurer being liquidated for losses incurred, including:

 - ~~(i) Third party claims and claims for unearned premiums;~~
 - ~~(ii) Claims presented by the Washington Insurance Guaranty Association which represent "covered claims" as defined in RCW 48.32.030(4) and which have been paid by such association;~~
 - ~~(iii) Claims to which the Washington life and disability insurance guaranty association shall have become subrogated under the provisions of RCW 48.32A.060; and~~~~

~~(iv) Claims similar to those described in parts (ii) and (iii) of this subsection as presented by similar guaranty associations of other states; and~~

~~(e) All other claims.)) The priority of distribution of claims from the insurer's estate is as follows: Every claim in a class must be paid in full or adequate funds retained for payment before the members of the next class receive any payment; no subclasses may be established within a class; and no claim by a shareholder, policyholder, or other creditor may circumvent the priority classes through the use of equitable remedies. The order of distribution of claims is:~~

~~(1) Class 1. The costs and expenses of administration during rehabilitation and liquidation, including but not limited to the following:~~

~~(a) The actual and necessary costs of preserving or recovering the assets of the insurer;~~

~~(b) Compensation for all authorized services rendered in the rehabilitation and liquidation;~~

~~(c) Necessary filing fees;~~

~~(d) The fees and mileage payable to witnesses;~~

~~(e) Authorized reasonable attorneys' fees and other professional services rendered in the rehabilitation and liquidation;~~

~~(f) The reasonable expenses of a guaranty association or foreign guaranty association for unallocated loss adjustment expenses.~~

(2) Class 2. Reasonable compensation to employees for services performed to the extent that they do not exceed two months of monetary compensation and represent payment for services performed within one year before the filing of the petition for liquidation or, if rehabilitation preceded liquidation, within one year before the filing of the petition for rehabilitation. Principal officers and directors are not entitled to the benefit of this priority except as otherwise approved by the liquidator and the court. The priority is in lieu of any other similar priority that may be authorized by law as to wages or compensation of employees.

(3) Class 3. Loss claims. For purposes of this section, "loss claims" are all claims under policies, including claims of the federal or a state or local government, for losses incurred, including third-party claims and all claims of a guaranty association or foreign guaranty association. All claims under life insurance and annuity policies, whether for death proceeds, annuity proceeds, or investment values, are loss claims. That portion of any loss indemnification that is provided for by other benefits or advantages recovered by the claimant, is not included in this class, other than benefits or advantages recovered or recoverable in discharge of familial obligation of support or by way of succession at death or a proceeds of life insurance, or as gratuities. No payment by an employer to his or her employee may be treated as a gratuity.

(4) Class 4. Claims under nonassessable policies for unearned premium or other premium refunds and claims of general creditors including claims of ceding and assuming companies in their capacity as such.

(5) Class 5. Claims of the federal or any state or local government except those under subsection (3) of this section. Claims, including those of any governmental body for a penalty or forfeiture, are allowed in this class only to the extent of the pecuniary loss sustained from the act, transaction, or proceeding out of which the penalty or forfeiture arose, with reasonable and actual costs occasioned thereby. The remainder of such claims are postponed to the class of claims under subsection (8) of this section.

(6) Class 6. Claims filed late or any other claims other than claims under subsections (7) and (8) of this section.

(7) Class 7. Surplus or contribution notes, or similar obligations, and premium refunds on assessable policies. Payments to members of domestic mutual insurance companies are limited in accordance with law.

(8) Class 8. The claims of shareholders or other owners in their capacity as shareholders.

Sec. 84. RCW 48.31.300 and 1947 c 79 s .31.30 are each amended to read as follows:

(1) No contingent claim shall share in a distribution of the assets of an insurer which has been adjudicated to be insolvent by an order made pursuant to RCW 48.31.310, except that such claims shall be considered, if properly presented, and may be allowed to share where:

(a) Such claim becomes absolute against the insurer on or before the last day fixed for filing of proofs of claim against the assets of such insurer, or

(b) There is a surplus and the liquidation is thereafter conducted upon the basis that such insurer is solvent.

(2) Where an insurer has been so adjudicated to be insolvent any person who has a cause of action against an insured of such insurer under a liability insurance policy issued by such insurer, shall have the right to file a claim in the liquidation proceeding, regardless of the fact that such claim may be contingent, and such claim may be allowed

(a) If it may be reasonably inferred from the proof presented upon such claim that such person would be able to obtain a judgment upon such cause of action against such insured; and

(b) If such person shall furnish suitable proof, unless the court for good cause shown shall otherwise direct, that no further valid claims against such insurer arising out of his or her cause of action other than those already presented can be made; and

(c) If the total liability of such insurer to all claimants arising out of the same act of its insured shall be no greater than its maximum liability would be were it not in liquidation.

No judgment against such an insured taken after the date of the entry of the liquidation order shall be considered in the liquidation proceedings as evidence of liability, or of the amount of damages, and no judgment against an insured taken by default, inquest or by collusion prior to the entry of the liquidation order shall be considered as conclusive evidence in the liquidation proceeding either of the liability of such insured to such person upon such cause of action or of the amount of damages to which such person is therein entitled.

(3) No claim of any secured claimant shall be allowed at a sum greater than the difference between the value of the claim without security and the value of the security itself as of the date of the entry of the order of liquidation or such other date set by the court for fixation of rights and liabilities as provided in RCW 48.31.260 unless the claimant shall surrender his or her security to the commissioner in which event the claim shall be allowed in the full amount for which it is valued.

(4) Whether or not the third party files a claim, the insured may file a claim on his or her own behalf in the liquidation.

(5) No claim may be presented under this section if it is or may be covered by a guaranty association or foreign guaranty association.

NEW SECTION. Sec. 85. A new section is added to chapter 48.74 RCW to read as follows:

(1) Every life insurance company doing business in this state shall annually submit the opinion of a qualified actuary as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the commissioner by rule are computed appropriately, are based on assumptions that satisfy contractual provisions, are consistent with prior reported amounts, and comply with applicable laws of this state. The commissioner by rule shall define

the specifics of this opinion and add any other items deemed to be necessary to its scope.

(2)(a) Every life insurance company, except as exempted by rule, shall also include in the opinion required under subsection (1) of this section an opinion as to whether the reserves and related actuarial items held in support of the policies and contracts specified by the commissioner by rule, when considered in light of the assets held by the company with respect to the reserves and related actuarial items, including but not limited to the investment earnings on the assets and the considerations anticipated to be received and retained under the policies and contracts, make adequate provision for the company's obligations under the policies and contracts, including but not limited to the benefits under and expenses associated with the policies and contracts.

(b) The commissioner may provide by rule for a transition period for establishing higher reserves that the qualified actuary may deem necessary in order to render the opinion required by this section.

(3) Each opinion required under subsection (2) of this section is governed by the following provisions:

(a) A memorandum, in form and substance acceptable to the commissioner as specified by rule, must be prepared to support each actuarial opinion.

(b) If the insurance company fails to provide a supporting memorandum at the request of the commissioner within a period specified by rule or if the commissioner determines that the supporting memorandum provided by the insurance company fails to meet the standards prescribed by the rules or is otherwise unacceptable to the commissioner, the commissioner may engage a qualified actuary at the expense of the company to review the opinion and the basis for the opinion and prepare such supporting memorandum as is required by the commissioner.

(4) A memorandum in support of the opinion, and other material provided by the company to the commissioner in connection with it, must be kept confidential by the commissioner and may not be made public and is not subject to subpoena, other than for the purpose of defending an action seeking damages from any person by reason of an action required by this section or by rules adopted under it. However, the commissioner may otherwise release the memorandum or other material (a) with the written consent of the company or (b) to the American Academy of Actuaries upon request stating that the memorandum or other material is required for the purpose of professional disciplinary proceedings and setting forth procedures satisfactory to the commissioner for preserving the confidentiality of the memorandum or other material. Once any portion of the confidential memorandum is cited by the company in its marketing or is cited before any governmental agency other than a state insurance department or is released by the company to the news media, all portions of the confidential memorandum are no longer confidential.

(5) Each opinion required under this section is governed by the following provisions:

(a) The opinion must be submitted with the annual statement reflecting the valuation of the reserve liabilities for each year ending on or after December 31, 1994.

(b) The opinion applies to all business in force, including individual and group disability insurance, in form and substance acceptable to the commissioner as specified by rule.

(c) The opinion must be based on standards adopted by the commissioner, who in setting the standards shall give due regard to the standards established by the actuarial standards board or its successors.

(d) In the case of an opinion required to be submitted by a foreign or alien company, the commissioner may accept the opinion filed by that company with the insurance supervisory official of another state if the commissioner determines that the opinion reasonably meets the requirements applicable to a company domiciled in this state.

(e) For purposes of this section, "qualified actuary" means a person who meets qualifications set by the commissioner with due regard to the qualifications established for membership in the American Academy of Actuaries or its successors.

(f) Except in cases of fraud or willful misconduct, the qualified actuary is not liable for damages to any person, other than the insurance company and the commissioner, for any act, error, omission, decision, or conduct with respect to the actuary's opinion.

(g) Rules adopted by the commissioner shall define disciplinary action by the commissioner against the company or the qualified actuary.

Sec. 86. RCW 48.74.030 and 1982 1st ex.s. c 9 s 3 are each amended to read as follows:

(1) Except as otherwise provided in subsections (2) and (3) of this section, or in section 90 of this act, the minimum standard for the valuation of all such policies and contracts issued prior to July 10, 1982, shall be that provided by the laws in effect immediately prior to such date. Except as otherwise provided in subsections (2) and (3) of this section, or in section 90 of this act, the minimum standard for the valuation of all such policies and contracts issued on or after July 10, 1982, shall be the commissioner's reserve valuation methods defined in RCW 48.74.040 ~~(and)~~, 48.74.070, and section 90 of this act, three and one-half percent interest, or in the case of life insurance policies and contracts, other than annuity and pure endowment contracts, issued on or after July 16, 1973, four percent interest for such policies issued prior to September 1, 1979, five and one-half percent interest for single premium life insurance policies and four and one-half percent interest for all other such policies issued on and after September 1, 1979, and the following tables:

standard ordinary mortality table for such policies issued on or after such operative date and prior to the operative date of RCW 48.76.050(4), except that for any category of such policies issued on female risks, all modified net premiums and present values referred to in this chapter may be calculated according to an age not more than six years younger than the actual age of the insured; and for such policies issued on or after the operative date of RCW 48.76.050(4): (i) The commissioner's 1980 standard ordinary mortality table; or (ii) at the election of the company for any one or more specified plans of life insurance, the commissioner's 1980 standard ordinary mortality table with ten-year select mortality factors; or (iii) any ordinary mortality table, adopted after 1980 by the National Association of Insurance Commissioners, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies.

(b) For all industrial life insurance policies issued on the standard basis, excluding any disability and accidental death benefits in such policies—the 1941 standard industrial mortality table for such policies issued prior to the operative date of RCW 48.23.350(5b), and for such policies issued on or after such operative date the commissioner's 1961 standard industrial mortality table or any industrial mortality table, adopted after 1980 by the National Association of Insurance Commissioners, that is approved by rule of the commissioner for use in determining the minimum standard of valuation for such policies.

(c) For individual annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies—the 1937 standard annuity mortality table or, at the option of the company, the annuity mortality table for 1949, ultimate, or any modification of either of these tables approved by the commissioner.

(d) For group annuity and pure endowment contracts, excluding any disability and accidental death benefits in such policies—the group annuity mortality table for 1951, any modification of such table approved by the commissioner, or, at the option of the company, any of the tables or modifications of ~~((table[s]))~~ tables specified for individual annuity and pure endowment contracts.

(e) For total and permanent disability benefits in or supplementary to ordinary policies or contracts—for policies or contracts issued on or after January 1, 1966, the tables of period 2 disablement rates and the 1930 to 1950 termination rates of the 1952 disability study of the Society of Actuaries, with due regard to the type of benefit or any tables of disablement rates and termination rates, adopted after 1980 by the National Association of Insurance Commissioners, that are approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies; for policies or contracts issued on or after January 1, 1961, and prior to January 1, 1966, either such tables or, at the option of the company, the class (3) disability table (1926); and for policies issued prior to January 1, 1961, the class (3) disability table (1926). Any such table shall, for active lives, be combined

with a mortality table permitted for calculating the reserves for life insurance policies.

(f) For accidental death benefits in or supplementary to policies—for policies issued on or after January 1, 1966, the 1959 accidental death benefits table or any accidental death benefits table, adopted after 1980 by the National Association of Insurance Commissioners, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such policies; for policies issued on or after January 1, 1961, and prior to January 1, 1966, either such table or, at the option of the company, the intercompany double indemnity mortality table; and for policies issued prior to January 1, 1961, the intercompany double indemnity mortality table. Either table shall be combined with a mortality table permitted for calculating the reserves for life insurance policies.

(g) For group life insurance, life insurance issued on the substandard basis and other special benefits—such tables as may be approved by the commissioner.

(2) Except as provided in subsection (3) of this section, the minimum standard for the valuation of all individual annuity and pure endowment contracts issued on or after July 10, 1982, and for all annuities and pure endowments purchased on or after such effective date under group annuity and pure endowment contracts, shall be the commissioner's reserve valuation methods defined in RCW 48.74.040 and the following tables and interest rates:

(a) For individual annuity and pure endowment contracts issued before September 1, 1979, excluding any disability and accidental death benefit in such contracts—the 1971 individual annuity mortality table, or any modification of this table approved by the commissioner, and six percent interest for single premium immediate annuity contracts, and four percent interest for all other individual annuity and pure endowment contracts.

(b) For individual single premium immediate annuity contracts issued on or after September 1, 1979, excluding any disability and accidental death benefits in such contracts—the 1971 individual annuity mortality table or any individual annuity mortality table, adopted after 1980 by the National Association of Insurance Commissioners, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such contracts, or any modification of these tables approved by the commissioner, and seven and one-half percent interest.

(c) For individual annuity and pure endowment contracts issued on or after September 1, 1979, other than single premium immediate annuity contracts, excluding any disability and accidental death benefits in such contracts—the 1971 individual annuity mortality table or any individual annuity mortality table, adopted after 1980 by the National Association of Insurance Commissioners, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such contracts, or any modification of these tables approved by the commissioner, and five and one-half percent interest for single premium deferred annuity and pure endowment

contracts and four and one-half percent interest for all other such individual annuity and pure endowment contracts.

(d) For all annuities and pure endowments purchased prior to September 1, 1979, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts—the 1971 group annuity mortality table, or any modification of this table approved by the commissioner, and six percent interest.

(e) For all annuities and pure endowments purchased on or after September 1, 1979, under group annuity and pure endowment contracts, excluding any disability and accidental death benefits purchased under such contracts—the 1971 group annuity mortality table or any group annuity mortality table, adopted after 1980 by the National Association of Insurance Commissioners, that is approved by regulation promulgated by the commissioner for use in determining the minimum standard of valuation for such annuities and pure endowments, or any modification of these tables approved by the commissioner, and seven and one-half percent interest.

After July 16, 1973, any company may file with the commissioner a written notice of its election to comply with the provisions of this section after a specified date before January 1, 1979, which shall be the operative date of this section for such company(~~(- PROVIDED, That a company may elect a different operative date for individual annuity and pure endowment contracts from that elected for group annuity and pure endowment contracts)~~). If a company makes no such election, the operative date of this section for such company shall be January 1, 1979.

(3)(a) The interest rates used in determining the minimum standard for the valuation of:

(i) All life insurance policies issued in a particular calendar year, on or after the operative date of RCW 48.76.050(4);

(ii) All individual annuity and pure endowment contracts issued in a particular calendar year on or after January 1, 1982;

(iii) All annuities and pure endowments purchased in a particular calendar year on or after January 1, 1982, under group annuity and pure endowment contracts; and

(iv) The net increase, if any, in a particular calendar year after January 1, 1982, in amounts held under guaranteed interest contracts shall be the calendar year statutory valuation interest rates as defined in this section.

(b) The calendar year statutory valuation interest rates, I, shall be determined as follows and the results rounded to the nearer one-quarter of one percent:

(i) For life insurance:

$$I = .03 + W (R_1 - .03) + W/2 (R_2 - .09);$$

(ii) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and from guaranteed interest contracts with cash settlement options:

$$I = .03 + W (R - .03)$$

where R_1 is the lesser of R and $.09$,

R_2 is the greater of R and $.09$,

R is the reference interest rate defined in this section, and

W is the weighting factor defined in this section;

(iii) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on an issue year basis, except as stated in (ii) of this subparagraph, the formula for life insurance stated in (i) of this subparagraph shall apply to annuities and guaranteed interest contracts with guarantee durations in excess of ten years and the formula for single premium immediate annuities stated in (ii) of this subparagraph shall apply to annuities and guaranteed interest contracts with guarantee duration of ten years or less;

(iv) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the formula for single premium immediate annuities stated in (ii) of this subparagraph shall apply;

(v) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, the formula for single premium immediate annuities stated in (ii) of this subparagraph shall apply.

(c) However, if the calendar year statutory valuation interest rate for any life insurance policies issued in any calendar year determined without reference to this sentence differs from the corresponding actual rate for similar policies issued in the immediately preceding calendar year by less than one-half of one percent, the calendar year statutory valuation interest rate for such life insurance policies shall be equal to the corresponding actual rate for the immediately preceding calendar year. For purposes of applying the immediately preceding sentence, the calendar year statutory valuation interest rate for life insurance policies issued in a calendar year shall be determined for 1983 using the reference interest rate defined for 1982 and shall be determined for each subsequent calendar year regardless of when RCW 48.76.050(4) becomes operative.

(d) The weighting factors referred to in the formulas stated in subparagraph (b) of this subsection are given in the following tables:

(i) Weighting Factors for Life Insurance:

Guarantee Duration (Years)	Weighting Factors
10 or less	.50
More than 10, but not more than 20	.45
More than 20	.35

For life insurance, the guarantee duration is the maximum number of years the life insurance can remain in force on a basis guaranteed in the policy or under options to convert to plans of life insurance with premium rates or nonforfeiture values or both which are guaranteed in the original policy;

(ii) Weighting factor for single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash

settlement options and guaranteed interest contracts with cash settlement options: .80;

(iii) Weighting factors for other annuities and for guaranteed interest contracts, except as stated in (ii) of this subparagraph, shall be as specified in (d)(iii) (A), (B), and (C) of this subsection, according to the rules and definitions in (d)(iii) (D), (E), and (F) of this subsection:

(A) For annuities and guaranteed interest contracts valued on an issue year basis:

Guarantee Duration (Years)	Weighting Factor for Plan Type		
	A	B	C
5 or less:	.80	.60	.50
More than 5, but not more than 10:	.75	.60	.50
More than 10, but not more than 20:	.65	.50	.45
More than 20:	.45	.35	.35

(B) For annuities and guaranteed interest contracts valued on a change in fund basis, the factors shown in (d)(iii) (A) of this subsection increased by:

Plan Type		
A	B	C
.15	.25	.05

(C) For annuities and guaranteed interest contracts valued on an issue year basis other than those with no cash settlement options which do not guarantee interest on considerations received more than one year after issue or purchase and for annuities and guaranteed interest contracts valued on a change in fund basis which do not guarantee interest rates on considerations received more than twelve months beyond the valuation date, the factors shown in (d)(iii) (A) of this subsection or derived in (d)(iii) (B) of this subsection increased by:

Plan Type		
A	B	C
.05	.05	.05

(D) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the guarantee duration is the number of years for which the contract guarantees interest rates in excess of the calendar year statutory valuation interest rate for life insurance policies with guarantee duration in excess of twenty years. For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the guarantee duration is the number of years from the date of issue or date of purchase to the date annuity benefits are scheduled to commence.

(E) Plan type as used in the tables in (d)(iii) (A), (B), and (C) of this subsection is defined as follows:

Plan Type A: At any time a policyholder may withdraw funds only: (1) With an adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company; or (2) without such adjustment but in installments over five years or more; or (3) as an immediate life annuity; or (4) no withdrawal permitted.

Plan Type B: Before expiration of the interest rate guarantee, a policyholder may withdraw funds only: (1) With adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company; or (2) without such adjustment but in installments over five years or more; or (3) no withdrawal permitted. At the end of the interest rate guarantee, funds may be withdrawn without such adjustment in a single sum or installments over less than five years.

Plan Type C: A policyholder may withdraw funds before expiration of the interest rate guarantee in a single sum or installments over less than five years either: (1) Without adjustment to reflect changes in interest rates or asset values since receipt of the funds by the insurance company; or (2) subject only to a fixed surrender charge stipulated in the contract as a percentage of the fund.

(F) A company may elect to value guaranteed interest contracts with cash settlement options and annuities with cash settlement options on either an issue year basis or on a change in fund basis. Guaranteed interest contracts with no cash settlement options and other annuities with no cash settlement options must be valued on an issue year basis. As used in this section, an issue year basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard for the entire duration of the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of issue or year of purchase of the annuity or guaranteed interest contract. The change in fund basis of valuation refers to a valuation basis under which the interest rate used to determine the minimum valuation standard applicable to each change in the fund held under the annuity or guaranteed interest contract is the calendar year valuation interest rate for the year of the change in the fund.

(e) The reference interest rate referred to in subparagraphs (b) and (c) of this subsection is defined as follows:

(i) For all life insurance, the lesser of the average over a period of thirty-six months and the average over a period of twelve months, ending on June 30th of the calendar year next preceding the year of issue, of Moody's corporate bond yield average—monthly average corporates, as published by Moody's Investors Service, Inc.

(ii) For single premium immediate annuities and for annuity benefits involving life contingencies arising from other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, the average over a period of twelve months, ending on June 30th of the calendar year of issue or year of purchase of Moody's corporate bond yield average—monthly average corporates, as published by Moody's Investors Service, Inc.

(iii) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except as stated in (ii) of this subparagraph, with guarantee duration in excess of ten years, the lesser of the average over a period of thirty-six months and the average over a period of twelve months, ending on June 30th of the calendar year of issue or purchase, of Moody's corporate bond yield average—monthly average corporates, as published by Moody's Investors Service, Inc.

(iv) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a year of issue basis, except as stated in (ii) of this subparagraph, with guarantee duration of ten years or less, the average over a period of twelve months, ending on June 30th of the calendar year of issue or purchase, of Moody's corporate bond yield average—monthly average corporates, as published by Moody's Investors Service, Inc.

(v) For other annuities with no cash settlement options and for guaranteed interest contracts with no cash settlement options, the average over a period of twelve months, ending on June 30th of the calendar year of issue or purchase, of Moody's corporate bond yield average—monthly average corporates, as published by Moody's Investors Service, Inc.

(vi) For other annuities with cash settlement options and guaranteed interest contracts with cash settlement options, valued on a change in fund basis, except as stated in (ii) of this subparagraph, the average over a period of twelve months, ending on June 30th of the calendar year of the change in the fund, of Moody's corporate bond yield average—monthly average corporates, as published by Moody's Investors Service, Inc.

~~((g))~~ (f) If Moody's corporate bond yield average—monthly average corporates is no longer published by Moody's Investors Service, Inc., or if the National Association of Insurance Commissioners determines that Moody's corporate bond yield average—monthly average corporates as published by Moody's Investors Service, Inc. is no longer appropriate for the determination of the reference interest rate, then an alternative method for determination of the reference interest rate, which is adopted by the National Association of Insurance Commissioners and approved by rule adopted by the commissioner, may be substituted.

Sec. 87. RCW 48.74.040 and 1982 1st ex.s. c 9 s 4 are each amended to read as follows:

(1) Except as otherwise provided in RCW 48.74.040(2) ~~((and))~~, 48.74.070, and section 90 of this act, reserves according to the commissioner's reserve valuation method, for the life insurance and endowment benefits of policies providing for a uniform amount of insurance and requiring the payment of uniform premiums, shall be the excess, if any, of the present value, at the date of valuation, of such future guaranteed benefits provided for by such policies, over the then present value of any future modified net premiums therefor. The modified net premiums for any such policy shall be such uniform percentage of the respective contract premiums for such benefits that the present value, at the

date of issue of the policy, of all such modified net premiums shall be equal to the sum of the then present value of such benefits provided for by the policy and the excess of (a) over (b), as follows:

(a) A net level annual premium equal to the present value, at the date of issue, of such benefits provided for after the first policy year, divided by the present value, at the date of issue, of an annuity of one per annum payable on the first and each subsequent anniversary of such policy on which a premium falls due: PROVIDED HOWEVER, That such net level annual premium shall not exceed the net level annual premium on the nineteen year premium whole life plan for insurance of the same amount at an age one year higher than the age at issue of such policy.

(b) A net one year term premium for such benefits provided for in the first policy year: PROVIDED, That for any life insurance policy issued on or after January 1, 1986, for which the contract premium in the first policy year exceeds that of the second year and for which no comparable additional benefit is provided in the first year for such excess and which provides an endowment benefit or a cash surrender value or a combination thereof in an amount greater than such excess premium, the reserve according to the commissioner's reserve valuation method as of any policy anniversary occurring on or before the assumed ending date defined herein as the first policy anniversary on which the sum of any endowment benefit and any cash surrender value then available is greater than such excess premium shall, except as otherwise provided in RCW 48.74.070, be the greater of the reserve as of such policy anniversary calculated as described in the preceding paragraph of this subsection and the reserve as of such policy anniversary calculated as described in that paragraph, but with: (i) The value defined in subparagraph (a) of that paragraph being reduced by fifteen percent of the amount of such excess first year premium; (ii) all present values of benefits and premiums being determined without reference to premiums or benefits provided for by the policy after the assumed ending date; (iii) the policy being assumed to mature on such date as an endowment; and (iv) the cash surrender value provided on such date being considered as an endowment benefit. In making the above comparison the mortality and interest bases stated in RCW 48.74.030(1) and (3) shall be used.

Reserves according to the commissioner's reserve valuation method for life insurance policies providing for a varying amount of insurance or requiring the payment of varying premiums, group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation established or maintained by an employer, including a partnership or sole proprietorship, or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the Internal Revenue Code, as now or hereafter amended, disability and accidental death benefits in all policies and contracts, and all other benefits, except life insurance and endowment benefits in life insurance policies and benefits provided by all other annuity and pure endowment contracts, shall be calculated by a

method consistent with the principles of the preceding paragraphs of this subsection.

(2) This section shall apply to all annuity and pure endowment contracts other than group annuity and pure endowment contracts purchased under a retirement plan or plan of deferred compensation, established or maintained by an employer, including a partnership or sole proprietorship, or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the Internal Revenue Code, as now or hereafter amended.

Reserves according to the commissioner's annuity reserve method for benefits under annuity or pure endowment contracts, excluding any disability and accidental death benefits in such contracts, shall be the greatest of the respective excesses of the present values, at the date of valuation, of the future guaranteed benefits, including guaranteed nonforfeiture benefits, provided for by such contracts at the end of each respective contract year, over the present value, at the date of valuation, of any future valuation considerations derived from future gross considerations, required by the terms of such contract, that become payable prior to the end of such respective contract year. The future guaranteed benefits shall be determined by using the mortality table, if any, and the interest rate, or rates, specified in such contracts for determining guaranteed benefits. The valuation considerations are the portions of the respective gross considerations applied under the terms of such contracts to determine nonforfeiture values.

Sec. 88. RCW 48.74.050 and 1982 1st ex.s. c 9 s 5 are each amended to read as follows:

(1) In no event may a company's aggregate reserves for all life insurance policies, excluding disability and accidental death benefits, issued on or after July 10, 1982, be less than the aggregate reserves calculated in accordance with the methods set forth in RCW 48.74.040, 48.74.070, and 48.74.080 and the mortality table or tables and rate or rates of interest used in calculating nonforfeiture benefits for such policies.

(2) In no event may the aggregate reserves for all policies, contracts, and benefits be less than the aggregate reserves determined by the qualified actuary to be necessary to render the opinion required under section 85 of this act.

Sec. 89. RCW 48.74.060 and 1982 1st ex.s. c 9 s 6 are each amended to read as follows:

Reserves for all policies and contracts issued prior to the operative date of this chapter, may be calculated, at the option of the company, according to any standards which produce greater aggregate reserves for all such policies and contracts than the minimum reserves required by the laws in effect immediately prior to such date.

Reserves for any category of policies, contracts, or benefits as established by the commissioner, issued on or after July 10, 1982, may be calculated, at the option of the company, according to any standards which produce greater

aggregate reserves for such category than those calculated according to the minimum standard herein provided, but the rate or rates of interest used for policies and contracts, other than annuity and pure endowment contracts, shall not be higher than the corresponding rate or rates of interest used in calculating any nonforfeiture benefits provided therein.

Any such company which at any time has adopted any standard of valuation producing greater aggregate reserves than those calculated according to the minimum standard herein provided may, with the approval of the commissioner, adopt any lower standard of valuation, but not lower than the minimum herein provided. For the purposes of this section, the holding of additional reserves previously determined by a qualified actuary to be necessary to render the opinion required under section 85 of this act is not to be the adoption of a higher standard of valuation.

This data base is used to evaluate savings in accordance with RCW 41.60.110(1).

The board shall evaluate the applications submitted. From those proposals which are considered to be reasonable and practical and which are found to include developed performance indicators which lend themselves to a judgment of success or failure, the board shall select the units to participate in the teamwork incentive (~~(pay)~~) program.

Sec. 5. RCW 41.60.110 and 1989 c 56 s 3 are each amended to read as follows:

(1) To qualify for (~~(the award of)~~) a teamwork incentive (~~(pay to)~~ program award for its employees, a unit selected shall demonstrate to the satisfaction of the board that it has operated during the (~~(year)~~) period of participation at a lower cost or with an increase in revenue with (~~(either an increase in the level of services rendered or with)~~) no decrease in the level of services rendered.

(a) A unit completing its (~~(first year)~~) period of participation shall compare costs or revenues during that (~~(year)~~) period of participation to (i) the (~~(fiscal year)~~) expenditures or revenues for (~~(the year)~~) a comparable span of time immediately preceding the first (~~(year)~~) period of participation, or (ii) an average derived from the unit's historical data, or (iii) engineered standards used in conjunction with an average derived from the unit's historical data, or (iv) anticipated revenue as based on statistical projections or historical data;

(b) A unit participating in the teamwork incentive (~~(pay)~~) program for two or more consecutive (~~(years)~~) times may choose to compare its costs during the current (~~(year)~~) period of participation with (i) its costs or revenues for the immediately preceding (~~(year)~~) period, or (ii) (~~(a yearly)~~) an average of its costs or revenues for the preceding two or three (~~(years)~~) comparable spans of time in the teamwork incentive program;

(2) The board shall satisfy itself from documentation submitted by the organizational unit that the claimed cost of operation or level of higher revenue is real and not merely apparent and that it is not, in whole or in part, the result of:

- (a) Chance;
- (b) A lowering of the quality of the service rendered;
- (c) Nonrecurrence of expenditures which were single outlay, or one-time expenditures, in the preceding (~~(year)~~) comparable period of time;
- (d) Stockpiling inventories in the immediately preceding (~~(year)~~) period so as to reduce requirements in the eligible (~~(year)~~) time period;

(3) The board shall consider as legitimate ~~((savings))~~ efficiencies those reductions in expenditures or increases in revenue made possible by such items as the following:

(a) Reductions in overtime;

(b) Elimination of consultant fees;

(c) Less temporary help;

(d) Improved systems and procedures;

(e) Better deployment and utilization of personnel;

(f) Elimination of unnecessary travel;

At the conclusion of the eligible ~~((year))~~ period, the board shall compare the expenditures or revenues for that ~~((year))~~ period of each unit selected against the expenditures or revenues of that unit for the immediately preceding ~~((year))~~ period or expenditures or revenues determined in accordance with RCW 41.60.110(1) (a) and (b) and, after making such adjustments as in the board's judgment are required to eliminate distortions, shall determine the amount, if any, that the unit has reduced the unit's cost of operations or increased its level of services or generated additional revenues to the state in the eligible ~~((year))~~ period. Adjustments to eliminate distortions may include any legislative increases in employee compensation and inflationary increases in the cost of services, materials, and supplies. Adjustments to additional revenue may include changes in client populations and the effects of legal changes. If the board also determines that ~~((in the board's judgment))~~ a unit qualifies for an award, the board shall award to the employees of that unit a sum ~~((equal))~~ up to twenty-five percent of the amount determined to be the savings or revenue increases to the state for the level of services rendered. The amount awarded shall be divided and distributed in ~~((equal shares))~~ accordance with board rules to the employees

of the unit, except that employees who worked for that unit less than the ~~((twelve months of the year))~~ full period during which the unit conducted a teamwork incentive program shall receive only a pro rata share based on the fraction of the ~~((year))~~ period worked for that unit. No individual share of the unit award may exceed the maximum award established by rule adopted by the board. Funds for this teamwork incentive ~~((pay))~~ award shall be drawn from the ~~((agency))~~ agencies in which the unit is located or from the benefiting fund or account without appropriation when additional revenue is generated to the fund or account.

Awards may be paid to teams for process changes which generate new or additional money for the general fund or any other funds of the state. The director of the office of financial management shall distribute moneys appropriated for this purpose with the concurrence of the productivity board. Transfers shall be made from other funds of the state to the general fund in amounts equal to award payments made by the general fund, for innovations generating new or additional money for those other funds.

Sec. 7. RCW 41.60.160 and 1987 c 387 s 8 are each amended to read as follows:

No award may be made under this chapter to any elected state official or state agency director. ~~((No monetary award may be made to persons exempt from the state civil service law under RCW 41.06.070 (5) or (9).))~~

Unless waived by the director, the application shall contain at least the following information:

(a) The name, address, date of birth, and social security number of the applicant, and any other names, dates of birth, or social security numbers previously used by the applicant;

(b) If the applicant is a partnership or association, the name, address, date of birth, and social security number of each general partner or principal of the association, and any other names, dates of birth, or social security numbers previously used by the members;

(c) If the applicant is a corporation, the name, address, date of birth, and social security number of each officer, director, registered agent, and each principal stockholder, and any other names, dates of birth, or social security numbers previously used by the officers, directors, registered agents, and principal stockholders;

(d) The street address, county, and municipality where the principal business office is to be located;

(e) Submission of a complete set of fingerprints taken by an authorized law enforcement officer; and

(f) Such other information regarding the applicant's background, financial responsibility, experience, character, and general fitness as the director may require by rule.

(2) At the time of filing an application for a license under this chapter, each applicant shall pay to the director the appropriate license fee in an amount determined by rule of the director in accordance with RCW 43.24.086 to be sufficient to cover, but not exceed, the department's costs in administering this chapter. The director shall deposit the moneys in the mortgage broker fund created under section 19 of this act.

(3)(a) Each applicant for a mortgage broker's license shall file and maintain a surety bond, in an amount of forty thousand dollars or such lower amount the director deems adequate to protect the public interest, executed by the applicant as obligor and by a surety company authorized to do a surety business in this state as surety. The bond shall run to the state of Washington as obligee, and shall run to the benefit of the state and any person or persons who suffer loss by reason of the applicant's violation of any provision of this chapter or rules adopted under this chapter. The bond shall be conditioned that the obligor as licensee will faithfully conform to and abide by this chapter and all rules adopted under this chapter, and shall reimburse all persons who suffer loss by reason of a violation of this chapter or rules adopted under this chapter. The bond shall be continuous and may be canceled by the surety upon the surety giving written notice to the director of its intent to cancel the bond. The cancellation shall be effective thirty days after the notice is received by the director. Whether or not the bond is renewed, continued, reinstated, reissued, or otherwise extended, replaced, or modified, including increases or decreases in the penal sum, it shall be considered one continuous obligation, and the surety upon the bond shall not

be liable in an aggregate or cumulative amount exceeding the penal sum set forth on the face of the bond. In no event shall the penal sum, or any portion thereof, at two or more points in time be added together in determining the surety's liability. The bond shall not be liable for any penalties imposed on the licensee, including, but not limited to, any increased damages or attorneys' fees, or both, awarded under RCW 19.86.090. The applicant may obtain the bond directly from the surety or through a group bonding arrangement involving a professional organization comprised of mortgage brokers if the arrangement provides at least as much coverage as is required under this subsection.

(b) In lieu of a surety bond, the applicant may, upon approval by the director, file with the director a certificate of deposit, an irrevocable letter of credit, or such other instrument as approved by the director by rule, drawn in favor of the director for an amount equal to the required bond.

(c) In lieu of the surety bond or compliance with (b) of this subsection, an applicant may obtain insurance or coverage from an association comprised of mortgage brokers that is organized as a mutual corporation for the sole purpose of insuring or self-insuring claims that may arise from a violation of this chapter. An applicant may only substitute coverage under this subsection for the requirements of (a) or (b) of this subsection if the director, with the consent of the insurance commissioner, has authorized such association to organize a mutual corporation under such terms and conditions as may be imposed by the director to ensure that the corporation is operated in a financially responsible manner to pay any claims within the financial responsibility limits specified in (a) of this subsection.

NEW SECTION. Sec. 7. (1) The director shall issue and deliver a mortgage broker license to an applicant if, after investigation, the director makes the following findings:

- (a) The applicant has paid the required license fees;
- (b) The applicant has complied with section 6 of this act;
- (c) The applicant has not had a license issued under this chapter or any similar state statute suspended or revoked within five years of the filing of the present application;
- (d) The applicant has not been convicted of a felony within seven years of the filing of the present application;
- (e) The applicant has at least two years of experience in the residential mortgage loan industry; and
- (f) The applicant has demonstrated financial responsibility, character, and general fitness such as to command the confidence of the community and to warrant a belief that the business will be operated honestly, fairly, and efficiently within the purposes of this chapter.

(2) If the director does not find the conditions of subsection (1) of this section have been met, the director shall not issue the license. The director shall notify the applicant of the denial and return to the applicant the bond or

approved alternative and any remaining portion of the license fee that exceeds the departments actual cost to investigate the license.

(3) The director may delay the effective date of section 5 of this act for an additional thirty days with respect to an applicant for a mortgage broker license for the purpose of processing the application when the applicant has filed a completed application by October 31, 1993.

(4) A license issued pursuant to this chapter is valid from the date of issuance.

(5) A licensee may surrender a license by delivering to the director written notice of surrender, but the surrender does not affect the licensee's civil or criminal liability arising from acts or omissions occurring before such surrender.

NEW SECTION. Sec. 8. (1) The director shall enforce all laws and rules relating to the licensing of mortgage brokers, grant or deny licenses to mortgage brokers, and hold hearings. The director may impose any one or more of the following sanctions: Suspend or revoke licenses, deny applications for licenses, or fine violators under this chapter. In addition, the director may issue an order directing a licensee or person subject to this chapter to cease and desist from conducting business in a manner that is injurious to the public or violates any provision of this chapter.

(2) The director may take those actions specified in subsection (1) of this section if the director finds any of the following:

(a) The licensee has failed to pay a fee due the state of Washington, to maintain in effect the bond or approved alternative required under this chapter, or to comply with any specific order or demand of the director lawfully made and directed to the licensee in accordance with this chapter; or

(b) The licensee or person subject to this chapter has violated any provision of this chapter or a rule adopted under this chapter; or

(c) The licensee made false statements on the application or omitted material information that, if known, would have allowed the director to deny the application for the original license.

(3) The director shall establish by rule standards for licensure of applicants licensed in other jurisdictions.

NEW SECTION. Sec. 9. In accordance with the administrative procedure act, chapter 34.05 RCW, the director may issue rules to govern the activities of licensed mortgage brokers consistent with this chapter.

NEW SECTION. Sec. 10. The proceedings for denying license applications, issuing cease and desist orders, and suspending or revoking licenses issued pursuant to this chapter and any appeal therefrom or review thereof shall be governed by the provisions of the administrative procedure act, chapter 34.05 RCW.

NEW SECTION. Sec. 11. For the purposes of investigating complaints arising under this chapter, the director may at any time, either personally or by a designee, examine the business, including but not limited to the books,

accounts, records, and files used therein, of every licensee and of every person engaged in the business of mortgage brokering, whether such a person shall act or claim to act under or without the authority of this chapter. For that purpose the director and designated representatives shall have free access to the offices and places of business, books, accounts, papers, records, files, safes, and vaults of all such persons. The director or designated person may require the attendance of and examine under oath all persons whose testimony may be required about the loans or the business or subject matter of any such investigation.

Sec. 12. RCW 19.146.030 and 1987 c 391 s 5 are each amended to read as follows:

(1) Upon receipt of a loan application and before the receipt of any moneys from a borrower, a mortgage broker shall provide to each borrower a written notice indicating the number of the lenders with whom it maintains a written correspondent or loan brokerage agreement, unless exempt from licensing under this chapter, and make a full written disclosure to each borrower containing an itemization and explanation of all fees and costs that the borrower is required to pay in connection with obtaining a residential mortgage loan. A good faith estimate of a fee or cost shall be provided if the exact amount of the fee or cost is not determinable.

(2) The written disclosure shall contain the following information:

~~((1))~~ (a) The annual percentage rate, finance charge, amount financed, total amount of all payments, number of payments, amount of each payment, amount of points or prepaid interest and the conditions and terms under which any loan terms may change between the time of disclosure and closing of the loan; and if a variable rate, the circumstances under which the rate may increase, any limitation on the increase, the effect of an increase, and an example of the payment terms resulting from an increase. Disclosure in compliance with the requirements of the Truth-in-Lending Act, 15 U.S.C. Sec. 1601 and Regulation Z, 12 C.F.R. Sec. 226, as now or hereafter amended, shall be deemed to comply with the disclosure requirements of this subsection;

~~((2))~~ (b) The itemized costs of any credit report, appraisal, title report, title insurance policy, mortgage insurance, escrow fee, property tax, insurance, structural or pest inspection, and any other third-party provider's costs associated with the residential mortgage loan. Sec. 2601, and Regulation X, 24 C.F.R. Sec. 3500, as now or hereafter amended, shall be deemed to comply with the disclosure requirements of this subsection;

~~((3))~~ (c) If applicable, the cost, terms, duration, and conditions of ~~((an agreement to lock in or commit the mortgage broker or lender to a specific interest rate or other financing term for any period of time up to and including the time the loan is closed))~~ a lock-in agreement and whether a lock-in agreement has been entered;

~~((4))~~ (d) A statement that if the borrower is unable to obtain a loan for any reason, the mortgage broker must, within five days of a written request by the borrower, give copies of any appraisal, title report, or credit report paid for by the borrower to the borrower, and transmit the appraisal, title report, or credit report to any other mortgage broker or lender to whom the borrower directs the documents to be sent;

~~((5))~~ (e) The name of the lender and the nature of the business relationship between the lender providing the residential mortgage loan and the mortgage broker, if any: PROVIDED, That this disclosure may be made at any time up to the time the borrower accepts the lender's commitment; and

~~((6))~~ (f) A statement providing that moneys paid by the borrower to the mortgage broker for third-party provider services are held in a trust account and any moneys remaining after payment to third-party providers will be refunded.

A violation of the Truth-in-Lending Act, Regulation Z, the Real Estate Settlement Procedures Act, and Regulation X is a violation of this section for purposes of this chapter.

Sec. 13. RCW 19.146.070 and 1987 c 391 s 9 are each amended to read as follows:

(1) Except as otherwise permitted by this section, a mortgage broker shall not receive a fee, commission, or compensation of any kind in connection with the preparation, negotiation, and brokering of a residential mortgage loan unless a borrower actually obtains a loan from a lender on the terms and conditions agreed upon by the borrower and mortgage broker.

(2) A mortgage broker may:

(a) If the mortgage broker has obtained for the borrower a written commitment from a lender for a loan on the terms and conditions agreed upon by the borrower and the mortgage broker, and the borrower fails to close on the loan through no fault of the mortgage broker, charge a fee not to exceed three hundred dollars for services rendered, preparation of documents, or transfer of documents in the borrower's file which were prepared or paid for by the borrower if the fee is not otherwise prohibited by the Truth-in-Lending Act, 15 U.S.C. Sec. 1601, and Regulation Z, 12 C.F.R. Sec. 226, as now or hereafter amended; or

(b) Solicit or receive fees for third party provider goods or services in advance. Fees for any goods or services not provided must be refunded to the borrower and the mortgage broker may not charge more for the goods and services than the actual costs of the goods or services charged by the third party provider.

~~((3)) A mortgage broker may not:~~

~~(a) Solicit or enter into a contract with a borrower that provides in substance that the mortgage broker may earn a fee or commission through the mortgage broker's "best efforts" to obtain a loan even though no loan is actually obtained for the borrower; or~~

~~(b) Solicit, advertise, or enter into a contract for specific interest rates, points, or other financing terms unless the terms are actually available at the time of soliciting, advertising, or contracting.)~~

NEW SECTION. Sec. 14. (1) Any person injured by a violation of this chapter may bring an action against the surety bond or approved alternative of the licensed mortgage broker who committed the violation or who employed the loan originator committing the violation.

(2) A person who is damaged by the licensee's violation of this chapter, or rules adopted under this chapter, may bring suit upon the surety bond or approved alternative in the superior court of any county in which jurisdiction over the licensee may be obtained. Jurisdiction shall be exclusively in the superior court. Any such action must be brought not later than one year after the alleged violation of this chapter or rules adopted under this chapter. In the event valid claims against a bond or deposit exceed the amount of the bond or deposit, each claimant shall only be entitled to a pro rata amount, based on the amount of the claim as it is valid against the bond or deposit, without regard to the date of filing of any claim or action. A judgment arising from a violation of this chapter or rule adopted under this chapter shall be entered for actual damages and in no case be less than the amount paid by the borrower to the licensed mortgage broker plus reasonable attorneys' fees and costs. In no event shall the surety bond or approved alternative provide payment for any trebled or punitive damages.

(3) The remedies provided under this section are cumulative and nonexclusive and do not affect any other remedy available at law.

NEW SECTION. Sec. 15. A licensed mortgage broker is liable for any conduct violating this chapter by a loan originator or other licensed mortgage broker while employed by the broker. In addition, a branch office manager is liable for any conduct violating this chapter by a loan originator or other licensed mortgage broker employed at the branch office.

NEW SECTION. Sec. 16. No license issued under the provisions of this chapter shall authorize any person other than the person to whom it is issued to do any act by virtue thereof nor to operate in any other manner than under his or her own name except:

(2) A broker may establish one or more branch offices under a name or names different from that of the main office if the name or names are approved by the director, so long as each branch office is clearly identified as a branch or division of the main office. No broker may establish branch offices under more than three names. Both the name of the branch office and of the main office must clearly appear on the sign identifying the office, if any, and in any advertisement or on any letterhead of any stationery or any forms, or signs used

by the mortgage firm on which either the name of the main or branch offices appears.

NEW SECTION. Sec. 17. Every licensed mortgage broker must have and maintain an office in this state accessible to the public which shall serve as his or her office for the transaction of business. Any office so established must comply with the zoning requirements of city or county ordinances and the broker's license must be prominently displayed therein. In addition, any branch office must comply with the zoning requirements of city or county ordinances.

NEW SECTION. Sec. 18. A licensed mortgage broker may apply to the director for authority to establish one or more branch offices under the same or different name as the main office upon the payment of a fee as prescribed by the director by rule. The director shall issue a duplicate license for each of the branch offices showing the location of the main office and the particular branch. Each duplicate license shall be prominently displayed in the office for which it is issued. Each branch office shall be required to have a branch manager who shall be a licensed mortgage broker authorized by the mortgage broker to perform the duties of a branch manager.

NEW SECTION. Sec. 19. All moneys collected under this chapter shall be deposited in the mortgage brokers' licensing account hereby created in the state treasury. Expenditures from the account, subject to appropriation, may be used solely for department costs in administering this chapter.

Sec. 20. RCW 19.146.110 and 1987 c 391 s 13 are each amended to read as follows:

(2) The director shall appoint the members of the commission, weighing the recommendations from professional organizations representing mortgage brokers. At least three of the commission members shall be mortgage brokers required to apply for a mortgage brokers license under this chapter and at least one shall be exempt from licensure under RCW 19.146.020(1) (f) or (g). No commission member shall be appointed who has had less than five years' experience in the business of residential mortgage lending. In addition, the attorney general, or a designee, and the director, or a designee, shall serve as ex officio, nonvoting members of the commission. Voting members of the commission shall serve for two-year terms with three of the initial commission members serving one-year terms. The department shall provide staff support to the commission.

The committee shall submit its report to the labor and commerce committee of the senate and the financial institutions and insurance committee of the house of representatives by December 1, 1993.

NEW SECTION. Sec. 22. The director shall take steps and adopt rules necessary to implement the sections of this act by their effective dates.

NEW SECTION. Sec. 23. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 24. Sections 4 through 11, 14 through 19, and 21 of this act are each added to chapter 19.146 RCW.

NEW SECTION. Sec. 25. All cabinets, furniture, office

equipment, motor vehicles, and other tangible property employed by the department of licensing in carrying out the powers, functions, and duties transferred by subsection (1) of this section shall be made available to the new department if such property was purchased from funds deposited in the mortgage brokers' licensing account. All funds contained in the mortgage brokers' licensing account shall be transferred to the appropriate account of the new department for administration of chapter 19.146 RCW and shall be used solely for the costs of administering this chapter. In the event any dispute arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and powers transferred under subsection (1) of this section, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

NEW SECTION. **Sec. 26.** (1) Sections 2 through 4, 9, 13, and 21 through 23 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

CHAPTER 469

[Substitute Senate Bill 5179]

VESSELS—LIQUID PETROLEUM GAS—VAPOR SENSOR AND
WARNING DEVICE REQUIREMENTS

Effective Date: 5/17/93

AN ACT Relating to vessel safety; adding new sections to chapter 88.12 RCW; prescribing penalties; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. (1) The legislature finds that:

(a) Washington state has the greatest length of marine shoreline miles of the lower forty-eight states;

(b) Such marine waters and the extensive freshwater lakes and rivers of the state provide innumerable recreational opportunities, and support a state recreational vessel population that is one of the largest in the country;

(c) Many of Washington's popular recreational waters are remote from population centers and thus remote from emergency health care facilities;

(d) Washington's climate in the western portion of the state, in which its marine recreational waters lie, is cool and wet for much of the year. Much of the state's recreational vessel activity is conducted in the late fall and winter months in connection with fishing activities. For these reasons the great majority of Washington vessels are equipped with heating devices. These appliances are in use for a much greater portion of the boating season than in other states, and are predominantly fueled by liquid petroleum gas;

(e) Current state and federal standards governing heating and cooking appliances on vessels that are fueled by liquid petroleum gas do not adequately protect against undetected gas leaks. Such gas leaks have led to explosions on Washington waters, causing loss of life and property damage;

(f) A vessel equipped with leak detection and warning devices will greatly reduce the potential for the ignition of liquid petroleum gas which may have escaped into the hold of the vessel, yet such devices are not currently required either by federal standards or Washington law.

(2) It is the intent of the legislature to address the state's unique local circumstances regarding inadequate protection of Washington's boaters from undetected leaks of liquid petroleum gas-fueled appliances by requiring leak detection and warning devices to be placed on those vessels most at risk. It is further the intent of the legislature in this action to exercise the authority to address such local circumstances recognized in federal laws which otherwise preempt the field of establishing safety standards for vessels.

NEW SECTION. Sec. 2. (1) Effective July 1, 1994, the owner of any vessel that is equipped with a liquid petroleum gas system shall ensure that such vessel is equipped with one or more sensors and warning devices capable of sensing vapors at a level of concentration below the threshold which presents a danger of explosion. The devices shall be capable of providing a continuous warning audible to anyone on board or boarding the vessel.

(2) As used in sections 1 through 5 of this act, "vessel" includes any vessel used primarily for recreation or chartered primarily for recreational purposes that is required under RCW 88.02.020 to display a decal or that is exempt from registration pursuant to RCW 88.02.030(10). On or before April 1, 1994, the commission shall adopt rules defining vessels of open-air construction which are excluded from this definition.

(3) A violation of subsection (1) of this section is a civil infraction punishable under RCW 7.84.100. During the period from July 1, 1994, to September 1, 1994, a person violating this section may be issued a written warning of the violation only.

NEW SECTION. Sec. 3. The sensors and warning devices required by section 2 of this act shall comply with all applicable standards adopted by the United States coast guard or the commission. Within thirty days following the effective date of this act, the commission shall request the coast guard to adopt standards requiring and governing the installation of such devices. If the commission determines that such federal standards are not reasonably likely to be adopted by April 1, 1994, the commission shall adopt such standards on or before such date. The rules shall provide that more than one sensor shall be required on vessels which due to their size or design cannot be adequately serviced by a single sensor.

NEW SECTION. Sec. 4. (1) On or after July 1, 1994, it shall be unlawful for any person or vessel dealer to offer for sale within this state a vessel that is not equipped with the warning device required by section 2 of this act.

(2) On or after July 1, 1994, it shall be unlawful to manufacture a vessel which does not meet the requirements of section 2 of this act, or to modify a vessel in any way that causes a vessel to be out of compliance with section 2 of this act.

(3) A violation of this section shall be a misdemeanor punishable as provided by RCW 9A.20.021(2).

NEW SECTION. Sec. 5. In the event that a court of competent jurisdiction rules that any provision of sections 1 through 4 of this act is invalid as preempted by federal law or regulations, the commission shall submit to the appropriate federal official an application for exemption from such preemption as provided by 46 U.S.C. Sec. 4305.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act are each added to chapter 88.12 RCW.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate April 19, 1993.
Passed the House April 9, 1993.
Approved by the Governor May 17, 1993.
Filed in Office of Secretary of State May 17, 1993.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. A new section is added to chapter 21.20 RCW to read as follows:

It is unlawful for a broker-dealer, salesperson, investment adviser, or investment adviser salesperson knowingly to effect or cause to be effected, with or for a customer's account, transactions of purchase or sale (1) that are excessive in size or frequency in view of the financial resources and character of the account and (2) that are effected because the broker-dealer, salesperson, investment adviser, or investment adviser salesperson is vested with discretionary power or is able by reason of the customer's trust and confidence to influence the volume and frequency of the trades.

NEW SECTION. Sec. 2. A new section is added to chapter 21.20 RCW to read as follows:

(1) In recommending to a customer the purchase, sale, or exchange of a security, a broker-dealer, salesperson, investment adviser, or investment adviser salesperson must have reasonable grounds for believing that the recommendation is suitable for the customer upon the basis of the facts, if any, disclosed by the customer as to his or her other security holdings and as to his or her financial situation and needs.

(2) Before the execution of a transaction recommended to a noninstitutional customer, other than transactions with customers where investments are limited to money market mutual funds, a broker-dealer, salesperson, investment adviser, or investment adviser salesperson shall make reasonable efforts to obtain information concerning:

- (a) The customer's financial status;
- (b) The customer's tax status;
- (c) The customer's investment objectives; and

(d) Such other information used or considered to be reasonable by the broker-dealer, salesperson, investment adviser, or investment adviser salesperson or registered representative in making recommendations to the customer.

Sec. 3. RCW 21.20.110 and 1986 c 14 s 45 are each amended to read as follows:

The director may by order deny, suspend, or revoke registration of any broker-dealer, salesperson, investment adviser salesperson, or investment adviser; censure or fine the registrant or an officer, director, partner, or person occupying similar functions for a registrant; or restrict or limit a registrant's function or activity of business for which registration is required in this state; if the director finds that the order is in the public interest and that the applicant or registrant or, in the case of a broker-dealer or investment adviser, any partner, officer, or director:

(1) Has filed an application for registration under this section which, as of its effective date, or as of any date after filing in the case of an order denying effectiveness, was incomplete in any material respect or contained any statement which was, in the light of the circumstances under which it was made, false, or misleading with respect to any material fact;

(2) Has willfully violated or willfully failed to comply with any provision of this chapter or a predecessor act or any rule or order under this chapter or a predecessor act, or any provision of chapter 21.30 RCW or any rule or order thereunder;

The department shall be organized and operated in a manner that to the fullest extent permissible under applicable law protects the public interest, protects the safety and soundness of depository institutions and entities under the jurisdiction of the department, ensures access to the regulatory process for all concerned parties, and protects the interests of investors. The department of financial institutions shall be structured to reflect the unique differences in the types of institutions and areas it regulates.

NEW SECTION. Sec. 3. The director of financial institutions shall be appointed by the governor and shall exercise all powers and perform all of the duties and functions transferred under section 6 of this act, and such other powers and duties as may be authorized by law. Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. A new section is added to chapter 41.56 RCW to read as follows:

In addition to the classes of employees listed in RCW 41.56.030(7), the provisions of RCW 41.56.430 through 41.56.452, 41.56.470, 41.56.480, and 41.56.490 shall also be applicable to the employees of a public passenger transportation system of a metropolitan municipal corporation, county transportation authority, public transportation benefit area, or city public passenger transportation system, subject to the following:

(1) Negotiations between the public employer and the bargaining representative may commence at any time agreed to by the parties. If no agreement has been reached ninety days after commencement of negotiations, either party may demand that the issues in disagreement be submitted to a mediator. CHAPTER 474

[Substitute Senate Bill 5316]

PRIVATE MOORAGE FACILITIES—COLLECTION OF CHARGES

Effective Date: 7/25/93

AN ACT Relating to private moorage facilities; and adding a new chapter to Title 88 RCW. Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Charges" means charges of a private moorage facility operator for moorage and storage, all other charges owing to or that become owing under a contract between a vessel owner and the private moorage facility operator, or any costs of sale and related legal expenses for implementing section 2 of this act.

(2) "Vessel" means every watercraft used or capable of being used as a means of transportation on the water. "Vessel" includes any trailer used for the transportation of watercraft.

(3) "Private moorage facility" means any properties or facilities owned or operated by a private moorage facility operator that are capable of use for the moorage or storage of vessels.

(4) "Private moorage facility operator" means every natural person, firm, partnership, corporation, association, organization, or any other legal entity, employee, or their agent, that owns or operates a private moorage facility. Private moorage facility operation does not include a "moorage facility operator" as defined in RCW 53.08.310.

(5) "Owner" means every natural person, firm, partnership, corporation, association, or organization, or their agent, with actual or apparent authority, who expressly or impliedly contracts for use of a moorage facility.

(6) "Transient vessel" means a vessel using a private moorage facility and that belongs to an owner who does not have a moorage agreement with the private moorage facility operator. Transient vessels include, but are not limited to, vessels seeking a harbor or refuge, day use, or overnight use of a private moorage facility on a space-as-available basis.

NEW SECTION. Sec. 2. (1) Any private moorage facility operator may take reasonable measures, including the use of chains, ropes, and locks, or

removal from the water, to secure vessels within the private moorage facility so that the vessels are in the possession and control of the operator and cannot be removed from the facility. These procedures may be used if an owner mooring or storing a vessel at the facility fails, after being notified that charges are owing and of the owner's right to commence legal proceedings to contest that such charges are owing, to pay charges owed or to commence legal proceedings. Notification shall be by two separate letters, one sent by first class mail and one sent by registered mail to the owner and any lienholder of record at the last known address. In the case of a transient vessel, or where no address was furnished by the owner, the operator need not give notice prior to securing the vessel. At the time of securing the vessel, an operator shall attach to the vessel a readily visible notice. The notice shall be of a reasonable size and shall contain the following information:

- (a) The date and time the notice was attached;
- (b) A statement that if the account is not paid in full within ninety days from the time the notice is attached the vessel may be sold at public auction to satisfy the charges; and
- (c) The address and telephone number where additional information may be obtained concerning release of the vessel.

After a vessel is secured, the operator shall make a reasonable effort to notify the owner and any lienholder of record by registered mail in order to give the owner the information contained in the notice.

(2) A private moorage facility operator, at his or her discretion, may move moored vessels ashore for storage within properties under the operator's control or for storage with a private person under their control as bailees of the private moorage facility, if the vessel is, in the opinion of the operator, a nuisance, in danger of sinking or creating other damage, or is owing charges. The costs of any such procedure shall be paid by the vessel's owner.

(3) If a vessel is secured under subsection (1) of this section or moved ashore under subsection (2) of this section, the owner who is obligated to the private operator for charges may regain possession of the vessel by:

- (a) Making arrangements satisfactory with the operator for the immediate removal of the vessel from the facility or for authorized moorage; and
- (b) Making payment to the operator of all charges, or by posting with the operator a sufficient cash bond or other acceptable security, to be held in trust by the operator pending written agreement of the parties with respect to payment by the vessel owner of the amount owing, or pending resolution of the matter of the charges in a civil action in a court of competent jurisdiction. After entry of judgment, including any appeals, in a court of competent jurisdiction, or after the parties reach agreement with respect to payment, the trust shall terminate and the operator shall receive so much of the bond or other security as agreed, or as is necessary, to satisfy any judgment, costs, and interest as may be awarded to the operator. The balance shall be refunded immediately to the owner at the last known address.

(4) If a vessel has been secured by the operator under subsection (1) of this section and is not released to the owner under the bonding provisions of this section within ninety days after notifying or attempting to notify the owner under subsection (1) of this section, the vessel is conclusively presumed to have been abandoned by the owner.

(5) If a vessel moored or stored at a private moorage facility is abandoned, the operator may authorize the public sale of the vessel by authorized personnel to the highest and best bidder for cash as follows:

(a) Before the vessel is sold, the vessel owner and any lienholder of record shall be given at least twenty days' notice of the sale in the manner set forth in subsection (1) of this section if the name and address of the owner is known. The notice shall contain the time and place of the sale, a reasonable description of the vessel to be sold, and the amount of charges owed with respect to the vessel. The notice of sale shall be published at least once, more than ten but not more than twenty days before the sale, in a newspaper of general circulation in the county in which the facility is located. This notice shall include the name of the vessel, if any, the last known owner and address, and a reasonable description of the vessel to be sold. The operator may bid all or part of its charges at the sale and may become a purchaser at the sale.

(b) Before the vessel is sold, any person seeking to redeem an impounded vessel under this section may commence a lawsuit in the superior court for the county in which the vessel was impounded to contest the validity of the impoundment or the amount of charges owing. This lawsuit must be commenced within sixty days of the date the notification was provided under subsection (1) of this section, or the right to a hearing is deemed waived and the owner is liable for any charges owing the operator. In the event of litigation, the prevailing party is entitled to reasonable attorneys' fees and costs.

(c) The proceeds of a sale under this section shall be applied first to the payment of any liens superior to the claim for charges, then to payment of the charges, then to satisfy any other liens on the vessel in the order of their priority. The balance, if any, shall be paid to the owner. If the owner cannot in the exercise of due diligence be located by the operator within one year of the date of the sale, the excess funds from the sale shall revert to the department of revenue under chapter 63.29 RCW. If the sale is for a sum less than the applicable charges, the operator is entitled to assert a claim for deficiency, however, the deficiency judgment shall not exceed the moorage fees owed for the previous six-month period.

(d) In the event no one purchases the vessel at a sale, or a vessel is not removed from the premises or other arrangements are not made within ten days of sale, title to the vessel will revert to the operator.

(6) The rights granted to a private moorage facility operator under this section are in addition to any other legal rights an operator may have to hold and sell a vessel and in no manner does this section alter those rights, or affect the priority of other liens on a vessel.

NEW SECTION. Sec. 3. Sections 1 and 2 of this act shall constitute a new chapter in Title 88 RCW.

Passed the Senate April 20, 1993.

Passed the House April 8, 1993.

Approved by the Governor May 17, 1993.

Filed in Office of Secretary of State May 17, 1993.

CHAPTER 476

[Engrossed Substitute Senate Bill 5574]

FAIR CREDIT REPORTING ACT**Effective Date:** 1/1/94

AN ACT Relating to consumer credit reporting agencies; adding a new chapter to Title 19 RCW; prescribing penalties; and providing an effective date.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature finds and declares that consumers have a vital interest in establishing and maintaining creditworthiness. The legislature further finds that an elaborate mechanism using credit reports has developed for investigating and evaluating a consumer's creditworthiness, credit capacity, and general reputation and character. As such, credit reports are used for evaluating credit card, loan, mortgage, and small business financing applications, as well as for decisions regarding employment and the rental or leasing of dwellings. Moreover, financial institutions and other creditors depend upon fair and accurate credit reports to efficiently and accurately evaluate creditworthiness. Unfair or inaccurate reports undermine both public and creditor confidences in the reliability of credit granting systems.

Therefore, this chapter is necessary to assure accurate credit data collection, maintenance, and reporting on the citizens of the state. It is the policy of the state that credit reporting agencies maintain accurate credit reports, resolve disputed reports promptly and fairly, and adopt reasonable procedures to promote consumer confidentiality and the proper use of credit data in accordance with this chapter.

NEW SECTION. Sec. 2. This chapter shall be known as the Fair Credit Reporting Act.

NEW SECTION. Sec. 3. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1)(a) "Adverse action" includes:

- (i) Denial of, increase in any charge for, or reduction in the amount of insurance for personal, family, or household purposes;
- (ii) Denial of employment or any other decision for employment purposes that adversely affects a current or prospective employee;
- (iii) Action or determination with respect to a consumer's application for credit that is adverse to the interests of the consumer; and

(iv) Action or determination with respect to a consumer's application for the rental or leasing of residential real estate that is adverse to the interests of the consumer.

(b) "Adverse action" does not include:

(i) A refusal to extend additional credit under an existing credit arrangement if:

(A) The applicant is delinquent or otherwise in default with respect to the arrangement; or

(B) The additional credit would exceed a previously established credit limit; or

(ii) A refusal or failure to authorize an account transaction at a point of sale.

(2) "Attorney general" means the office of the attorney general.

(3) "Consumer" means an individual.

(4)(a) "Consumer report" means a written, oral, or other communication of information by a consumer reporting agency bearing on a consumer's creditworthiness, credit standing, credit capacity, character, general reputation, personal characteristics, or mode of living that is used or expected to be used or collected in whole or in part for:

(i) The purpose of serving as a factor in establishing the consumer's eligibility for credit or insurance to be used primarily for personal, family, or household purposes;

(ii) Employment purposes; or

(iii) Other purposes authorized under section 4 of this act.

(b) "Consumer report" does not include:

(i) A report containing information solely as to transactions or experiences between the consumer and the person making the report;

(ii) An authorization or approval of a specific extension of credit directly or indirectly by the issuer of a credit card or similar device;

(iii) A report in which a person who has been requested by a third party to make a specific extension of credit directly or indirectly to a consumer conveys his or her decision with respect to the request, if the third party advises the consumer of the name and address of the person to whom the request was made and the person makes the disclosures to the consumer required under section 9 of this act;

(iv) A list compiled by a consumer reporting agency to be used by its client for direct marketing of goods or services not involving an offer of credit;

(v) A report solely conveying a decision whether to guarantee a check in response to a request by a third party; or

(5) "Consumer reporting agency" means a person who, for monetary fees, dues, or on a cooperative nonprofit basis, regularly engages in whole or in part in the business of assembling or evaluating consumer credit information or other information on consumers for the purpose of furnishing consumer reports to third

parties, and who uses any means or facility of commerce for the purpose of preparing or furnishing consumer reports. "Consumer reporting agency" does not include a person solely by reason of conveying a decision whether to guarantee a check in response to a request by a third party or a person who obtains a consumer report and provides the report or information contained in it to a subsidiary or affiliate of the person.

(6) "Credit transaction that is not initiated by the consumer" does not include the use of a consumer report by an assignee for collection or by a person with which the consumer has an account, for purposes of (a) reviewing the account, or (b) collecting the account. For purposes of this subsection "reviewing the account" includes activities related to account maintenance and monitoring, credit line increases, and account upgrades and enhancements.

(7) "Direct solicitation" means the process in which the consumer reporting agency compiles or edits for a client a list of consumers who meet specific criteria and provides this list to the client or a third party on behalf of the client for use in soliciting those consumers for an offer of a product or service.

(8) "Employment purposes," when used in connection with a consumer report, means a report used for the purpose of evaluating a consumer for employment, promotion, reassignment, or retention as an employee.

(9) "File," when used in connection with information on any consumer, means all of the information on that consumer recorded and retained by a consumer reporting agency regardless of how the information is stored.

(10) "Investigative consumer report" means a consumer report or portion of it in which information on a consumer's character, general reputation, personal characteristics, or mode of living is obtained through personal interviews with neighbors, friends, or associates of the consumer reported on or with others with whom the consumer is acquainted or who may have knowledge concerning any items of information. However, the information does not include specific factual information on a consumer's credit record obtained directly from a creditor of the consumer or from a consumer reporting agency when the information was obtained directly from a creditor of the consumer or from the consumer.

(11) "Medical information" means information or records obtained, with the consent of the individual to whom it relates, from a licensed physician or medical practitioner, hospital, clinic, or other medical or medically related facility.

(12) "Person" includes an individual, corporation, government or governmental subdivision or agency, business trust, estate, trust, partnership, association, and any other legal or commercial entity.

(13) "Prescreening" means the process in which the consumer reporting agency compiles or edits for a client a list of consumers who meet specific credit criteria and provides this list to the client or a third party on behalf of the client for use in soliciting those consumers for an offer of credit.

NEW SECTION. Sec. 4. (1) A consumer reporting agency may furnish a consumer report only under the following circumstances:

(a) In response to the order of a court having jurisdiction to issue the order;
 (b) In accordance with the written instructions of the consumer to whom it relates; or

(c) To a person that the agency has reason to believe:

(i) Intends to use the information in connection with a credit transaction involving the consumer on whom the information is to be furnished and involving the extension of credit to, or review or collection of an account of, the consumer;

(ii) Intends to use the information for employment purposes;

(iii) Intends to use the information in connection with the underwriting of insurance involving the consumer;

(v) Otherwise has a legitimate business need for the information in connection with a business transaction involving the consumer.

(2)(a) A person may not procure a consumer report, or cause a consumer report to be procured, for employment purposes with respect to any consumer who is not an employee at the time the report is procured or caused to be procured unless:

(i) A clear and conspicuous disclosure has been made in writing to the consumer before the report is procured or caused to be procured that a consumer report may be obtained for purposes of considering the consumer for employment. The disclosure may be contained in a written statement contained in employment application materials; or

(ii) The consumer authorizes the procurement of the report.

(b) A person may not procure a consumer report, or cause a consumer report to be procured, for employment purposes with respect to any employee unless the employee has received, at any time after the person became an employee, written notice that consumer reports may be used for employment purposes. A written statement that consumer reports may be used for employment purposes that is contained in employee guidelines or manuals available to employees or included in written materials provided to employees constitutes written notice for purposes of this subsection. This subsection does not apply with respect to a consumer report of an employee who the employer has reasonable cause to believe has engaged in specific activity that constitutes a violation of law.

(c) In using a consumer report for employment purposes, before taking any adverse action based in whole or part on the report, a person shall provide to the consumer to whom the report relates: (i) The name, address, and telephone number of the consumer reporting agency providing the report; (ii) a description of the consumer's rights under this chapter pertaining to consumer reports obtained for employment purposes; and (iii) a reasonable opportunity to respond to any information in the report that is disputed by the consumer.

NEW SECTION. Sec. 5. (1) A consumer reporting agency may provide a consumer report relating to a consumer under section 4(1)(c)(i) of this act in connection with a credit transaction that is not initiated by the consumer only if:

(a) The consumer authorized the consumer reporting agency to provide the report to such a person; or

(b) The consumer has not elected in accordance with subsection (3) of this section to have the consumer's name and address excluded from such transactions.

(2) A consumer reporting agency may provide only the following information under subsection (1) of this section:

(a) The name and address of the consumer; and

(b) Information pertaining to a consumer that is not identified or identifiable with particular accounts or transactions of the consumer.

(3)(a) A consumer may elect to have his or her name and address excluded from any list provided by a consumer reporting agency through prescreening under subsection (1) of this section or from any list provided by a consumer reporting agency for direct solicitation transactions that are not initiated by the consumer by notifying the consumer reporting agency. The notice must be made in writing through the notification system maintained by the consumer reporting agency under subsection (4) of this section and must state that the consumer does not consent to any use of consumer reports relating to the consumer in connection with any transaction that is not initiated by the consumer.

(b) An election of a consumer under (a) of this subsection is effective with respect to a consumer reporting agency and any affiliate of the consumer reporting agency, within five business days after the consumer reporting agency receives the consumer's notice.

(4) A consumer reporting agency that provides information intended to be used in a prescreened credit transaction or direct solicitation transaction that is not initiated by the consumer shall:

(a) Maintain a notification system that facilitates the ability of a consumer in the agency's data base to notify the agency to promptly withdraw the consumer's name from lists compiled for prescreened credit transactions and direct solicitation transactions not initiated by the consumer; and

(b) Publish at least annually in a publication of general circulation in the area served by the agency, the address for consumers to use to notify the agency of the consumer's election under subsection (3) of this section.

(5) A consumer reporting agency that maintains consumer reports on a nation-wide basis shall establish a system meeting the requirements of subsection (4) of this section on a nation-wide basis, and may operate such a system jointly with any other consumer reporting agencies.

(6) Compliance with the requirements of this section by any consumer reporting agency constitutes compliance by the agency's affiliates.

NEW SECTION. Sec. 6. (1) Except as authorized under subsection (2) of this section, no consumer reporting agency may make a consumer report containing any of the following items of information:

(a) Bankruptcies that, from date of adjudication of the most recent bankruptcy, antedate the report by more than ten years;

(b) Suits and judgments that, from date of entry, antedate the report by more than seven years or until the governing statute of limitations has expired, whichever is the longer period;

(c) Paid tax liens that, from date of payment, antedate the report by more than seven years;

(d) Accounts placed for collection or charged to profit and loss that antedate the report by more than seven years;

(e) Records of arrest, indictment, or conviction of crime that, from date of disposition, release, or parole, antedate the report by more than seven years;

(f) Any other adverse item of information that antedates the report by more than seven years.

(2) Subsection (1) of this section is not applicable in the case of a consumer report to be used in connection with:

(a) A credit transaction involving, or that may reasonably be expected to involve, a principal amount of fifty thousand dollars or more;

(b) The underwriting of life insurance involving, or that may reasonably be expected to involve, a face amount of fifty thousand dollars or more; or

(c) The employment of an individual at an annual salary that equals, or that may reasonably be expected to equal, twenty thousand dollars or more.

NEW SECTION. Sec. 7. (1) A person may not procure or cause to be prepared an investigative consumer report on a consumer unless:

(a) It is clearly and accurately disclosed to the consumer that an investigative consumer report including information as to the consumer's character, general reputation, personal characteristics, and mode of living, whichever are applicable, may be made, and the disclosure:

(i) Is made in a writing mailed, or otherwise delivered, to the consumer not later than three days after the date on which the report was first requested; and

(b) The report is to be used for employment purposes for which the consumer has not specifically applied.

(2) A person who procures or causes to be prepared an investigative consumer report on a consumer shall make, upon written request made by the consumer within a reasonable period of time after the receipt by the consumer of the disclosure required in subsection (1)(a) of this section, a complete and accurate disclosure of the nature and scope of the investigation requested. This disclosure must be made in a writing mailed, or otherwise delivered, to the

consumer not later than the latter of five days after the date on which the request for the disclosure was either received from the consumer or the report was first requested.

(3) No person may be held liable for a violation of subsection (1) or (2) of this section if the person shows by a preponderance of the evidence that at the time of the violation the person maintained reasonable procedures to assure compliance with subsection (1) or (2) of this section.

(4) A consumer reporting agency shall maintain a detailed record of:

(a) The identity of the person to whom an investigative consumer report or information from a consumer report is provided by the consumer reporting agency; and

For purposes of this subsection, "person" does not include an individual who requests the report unless the individual obtains the report or information for his or her own individual purposes.

NEW SECTION. Sec. 8. (1) A consumer reporting agency shall maintain reasonable procedures designed to avoid violations of section 6 of this act and to limit the furnishing of consumer reports to the purposes listed under section 4 of this act. These procedures must require that prospective users of the information identify themselves, certify the purposes for which the information is sought, and certify that the information will be used for no other purpose. A consumer reporting agency shall make a reasonable effort to verify the identity of a new prospective user and the uses certified by the prospective user before furnishing the user a consumer report. No consumer reporting agency may furnish a consumer report to a person if the agency has reasonable grounds for believing that the consumer report will not be used for a purpose listed in section 4 of this act.

(2) Whenever a consumer reporting agency prepares a consumer report it shall follow reasonable procedures to assure maximum possible accuracy of the information concerning the individual about whom the report relates.

(3) Notwithstanding section 4 of this act, a consumer reporting agency may furnish identifying information about a consumer, limited to the consumer's name, address, former addresses, places of employment, or former places of employment, to a governmental agency.

(4) A consumer reporting agency shall maintain a detailed record of:

(a) The identity of any person to whom a consumer report or information from a consumer report is provided by the consumer reporting agency; and

(b) The certified purpose for which a consumer report on a consumer, or any other information relating to a consumer, is requested by any person.

For purposes of this subsection, "person" does not include an individual who requests the report unless the individual obtains the report or information for his or her own purposes.

NEW SECTION. Sec. 9. A consumer reporting agency shall, upon request by the consumer, clearly and accurately disclose:

(1) All information in the file on the consumer at the time of request, except that medical information may be withheld. The notice shall be in writing or any other means authorized by the consumer that are available to the agency.

(6) If the reinvestigation does not resolve the dispute or if the consumer reporting agency determines the dispute is frivolous or irrelevant, the consumer may file a brief statement setting forth the nature of the dispute. The consumer reporting agency may limit these statements to not more than one hundred words if it provides the consumer with assistance in writing a clear summary of the dispute.

NEW SECTION. Sec. 13. If a person takes an adverse action with respect to a consumer that is based, in whole or in part, on information contained in a consumer report, the person shall:

(1) Provide written notice of the adverse action to the consumer, except verbal notice may be given by a person in an adverse action involving a business regulated by the Washington utilities and transportation commission or involving an application for the rental or leasing of residential real estate if such verbal notice does not impair a consumer's ability to obtain a credit report without charge under section 12(2) of this act; and

(2) Provide the consumer with the name, address, and telephone number of the consumer reporting agency that furnished the report to the person.

NEW SECTION. Sec. 14. A diagnosis of mental retardation shall be documented by a licensed psychiatrist or licensed psychologist designated by the court, who is an expert in the diagnosis and evaluation of mental retardation. (c) Whether the sentence of death was brought about through passion or prejudice; and

(d) Whether the defendant was mentally retarded within the meaning of RCW 10.95.030(2).

FOREST PRACTICES—VIOLATIONS—CIVIL ENFORCEMENT AUTHORITY

Effective Date: 7/25/93 - Except subsections (1) and (3) through (7) of section 2 which become effective 1/1/94

AN ACT Relating to civil enforcement of forest practices violations; amending RCW 76.09.140 and 76.09.170; prescribing penalties; and providing an effective date.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. RCW 76.09.140 and 1975 1st ex.s. c 200 s 8 are each amended to read as follows:

(1) The department of natural resources(~~(, through the attorney general,))~~ may take any necessary action to enforce any final order or final decision, (~~(or to enjoin any forest practices by any person for a one year period after such person has failed to comply with a final order or a final decision))~~ and may disapprove for up to one year any forest practices application or notification submitted by any person who has failed to comply with a final order or final decision or has failed to pay any civil penalties as provided in RCW 76.09.170. For purposes of this act, the terms "final order" and "final decision" shall mean the same as set forth in RCW 76.09.080, 76.09.090, and 76.09.110. The department shall provide written notice of its intent to disapprove an application or notification under this subsection. The department shall forward copies of its notice of intent to disapprove to any affected landowner. The disapproval period

shall run from thirty days following the date of actual notice or when all administrative and judicial appellate processes, if any, have been exhausted. Any person provided the notice may seek review from the appeals board by filing a request for review within thirty days of the date of the notice of intent.

(2) On request of the department, the attorney general may take action necessary to enforce this chapter, including, but not limited to, seeking penalties, enforcing final orders or decisions, and seeking civil injunctions, show cause orders, or contempt orders.

~~((2))~~ (3) A county may bring injunctive, declaratory, or other actions for enforcement for forest practice activities within its jurisdiction in the superior court as provided by law against the department, the forest land owner, timber owner or operator to enforce the forest practice regulations or any final order of the department, or the appeals board(~~(= PROVIDED, That)~~). No civil or criminal penalties shall be imposed for past actions or omissions if such actions or omissions were conducted pursuant to an approval or directive of the department (~~(of natural resources: AND PROVIDED FURTHER, That such actions shall)~~). Injunctions, declaratory actions, or other actions for enforcement under this subsection may not be commenced unless the department fails to take appropriate action after ten days written notice to the department by the county of a violation of the forest practices (~~(regulations)~~) rules or final orders of the department or the appeals board.

Sec. 2. RCW 76.09.170 and 1975 1st ex.s. c 200 s 9 are each amended to read as follows:

(1) Every person who (~~(fails to comply with)~~) violates any provision of RCW 76.09.010 through 76.09.280 (~~(as now or hereafter amended)~~) or of the forest practices (~~(regulations)~~) rules, or who converts forest land to a use other than commercial timber operation within three years after completion of the forest practice without the consent of the county, city, or town, shall be subject to a penalty in an amount of not more than (~~(five hundred)~~) ten thousand dollars for every such violation. Each and every such violation shall be a separate and distinct offense. In case of a failure to comply with a (~~(notice pursuant to RCW 76.09.090 as now or hereafter amended or a)~~) stop work order, every day's continuance shall be a separate and distinct violation. Every person who through an act of commission or omission procures, aids or abets in the violation shall be considered to have violated the provisions of this section and shall be subject to the penalty (~~(herein provided for: PROVIDED, That)~~) in this section. No penalty shall be imposed under this section upon any governmental official, an employee of any governmental department, agency, or entity, or a member of any board or advisory committee created by this chapter for any act or omission in his or her duties in the administration of this chapter or of any (~~(regulation promulgated thereunder)~~) rule adopted under this chapter.

(2) The department shall develop and recommend to the board a penalty schedule to determine the amount to be imposed under this section. The board shall adopt by rule, pursuant to chapter 34.05 RCW, such penalty schedule to be

effective no later than January 1, 1994. The schedule shall be developed in consideration of the following:

- (a) Previous violation history;
- (b) Severity of the impact on public resources;
- (c) Whether the violation of this chapter or its rules was intentional;
- (d) Cooperation with the department;
- (e) Repairability of the adverse effect from the violation; and
- (f) The extent to which a penalty to be imposed on a forest landowner for a forest practice violation committed by another should be reduced because the owner was unaware of the violation and has not received substantial economic benefits from the violation.

(3) The penalty (~~herein provided for~~) in this section shall be imposed by a notice in writing, either by certified mail with return receipt requested or by personal service, to the person incurring the same from the department (~~of natural resources~~) describing the violation with reasonable particularity. Within fifteen days after the notice is received, the person incurring the penalty may apply in writing to the department for the remission or mitigation of such penalty. Upon receipt of the application, that department may remit or mitigate the penalty upon whatever terms that department in its discretion deems proper, provided the department deems such remission or mitigation to be in the best interests of carrying out the purposes of this chapter. The department (~~of natural resources~~) shall have authority to ascertain the facts regarding all such applications in such reasonable manner and under such (~~regulations~~) rule as it may deem proper.

(4) Any person incurring (~~any~~) a penalty (~~hereunder~~) under this section may appeal the (~~same~~) penalty to the forest practices appeals board. Such appeals shall be filed within thirty days of receipt of notice imposing any penalty unless an application for remission or mitigation is made to the department. When such an application for remission or mitigation is made, such appeals shall be filed within thirty days of receipt of notice from the department setting forth the disposition of the application for remission or mitigation.

(~~Any~~) (5) The penalty imposed (~~hereunder~~) under this section shall become due and payable thirty days after receipt of a notice imposing the same unless application for remission or mitigation is made or an appeal is filed. When such an application for remission or mitigation is made, any penalty incurred (~~hereunder~~) under this section shall become due and payable thirty days after receipt of notice setting forth the disposition of such application unless an appeal is filed from such disposition. Whenever an appeal of (~~any~~) the penalty incurred (~~hereunder~~) is filed, the penalty shall become due and payable only upon completion of all administrative and judicial review proceedings and the issuance of a final decision confirming the penalty in whole or in part.

(6) If the amount of any penalty is not paid to the department within thirty days after it becomes due and payable, the attorney general, upon the request of the department, shall bring an action in the name of the state of Washington in

the superior court of Thurston county or of any county in which such violator may do business, to recover such penalty. In all such actions the procedure and rules of evidence shall be the same as an ordinary civil action except as otherwise in this chapter provided. In addition to or as an alternative to seeking enforcement of penalties in superior court, the department may bring an action in district court as provided in Title 3 RCW, to collect penalties.

(7) Penalties imposed under this section for violations associated with a conversion to a use other than commercial timber operation shall be a lien upon the real property of the person assessed the penalty and the department may collect such amount in the same manner provided in chapter 60.04 RCW for mechanics' liens.

NEW SECTION. Sec. 3. The following portions of this act shall take effect on January 1, 1994: Subsections (1) and (3) through (7) of section 2 of this act.

Passed the Senate April 20, 1993.

AN ACT Relating to unemployment insurance; amending RCW 50.04.323, 50.06.010, 50.06.020, 50.06.030, 50.13.040, 50.16.010, 50.20.050, 50.20.060, 50.20.080, 50.20.120, 50.20.190, 50.22.010, 50.22.020, 50.22.030, 50.22.050, 50.29.020, 50.24.014, and 50.29.025; adding a new section to chapter 50.04 RCW; adding new sections to chapter 50.20 RCW; creating new sections; providing effective dates; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. A new section is added to chapter 50.04 RCW to read as follows:

"Misconduct" means an employee's act or failure to act in willful disregard of his or her employer's interest where the effect of the employee's act or failure to act is to harm the employer's business.

Sec. 2. RCW 50.04.323 and 1983 1st ex.s. c 23 s 7 are each amended to read as follows:

(1) The amount of benefits payable to an individual for any week which begins after October 3, 1980, and which begins in a period with respect to which such individual is receiving a governmental or other pension, retirement or retired pay, annuity, or any other similar periodic payment which is based on the previous work of such individual shall be reduced (but not below zero) by an amount equal to the amount of such pension, retirement or retired pay, annuity,

or other payment, which is reasonably attributable to such week(~~(=PROVIDED, That)~~). However:

(a) The requirements of this subsection shall apply to any pension, retirement or retired pay, annuity, or other similar periodic payment only if—

(i) Such pension, retirement or retired pay, annuity, or similar payment is under a plan maintained (or contributed to) by a base period employer; and

(ii) In the case of such a payment not made under the Social Security Act or the Railroad Retirement Act of 1974 (or corresponding provisions of prior law), services performed for such employer by the individual after the beginning of the base period (or remuneration for such services) affect eligibility for, or increase the amount of, such pension, retirement or retired pay, annuity, or similar payment; (~~and~~)

(b) The amount of any such a reduction shall take into account contributions made by the individual for the pension, retirement or retired pay, annuity, or other similar periodic payment, in accordance with regulations prescribed by the commissioner; and

(c) No deduction shall be made from the amount of benefits payable for a week for individuals receiving federal social security pensions to take into account the individuals' contributions to the pension program.

(2) In the event that a retroactive pension or retirement payment covers a period in which an individual received benefits under the provisions of this title, the amount in excess of the amount to which such individual would have been entitled had such retirement or pension payment been considered as provided in this section shall be recoverable under RCW 50.20.190.

(3) A lump sum payment accumulated in a plan described in this section paid to an individual eligible for such payment shall be prorated over the life expectancy of the individual computed in accordance with the commissioner's regulation.

(4) The resulting weekly benefit amount payable after reduction under this section, if not a multiple of one dollar, shall be reduced to the next lower multiple of one dollar.

(5) Any ambiguity in subsection (1) of this section should be construed in a manner consistent with 26 U.S.C. Sec. 3304 (a)(15) as last amended by P.L. 96-364.

Sec. 3. RCW 50.06.010 and 1984 c 65 s 1 are each amended to read as follows:

This chapter is enacted for the purpose of providing the protection of the unemployment compensation system to persons who have suffered a temporary total disability (~~(=compensable under industrial insurance or crime victims compensation laws)~~) and is a recognition by this legislature of the economic hardship confronting those persons who have not been promptly reemployed after a prolonged period of temporary total disability.

Sec. 4. RCW 50.06.020 and 1984 c 65 s 2 are each amended to read as follows:

The benefits of this chapter shall be allowed only to:

(1) Individuals who have suffered a temporary total disability and have received compensation under the industrial insurance or crime victims compensation laws of this state, any other state or the United States for a period of not less than thirteen consecutive calendar weeks by reason of such temporary total disability ((shall be allowed the benefits of this chapter)); or

(2) Individuals who are reentering the work force after an absence of not less than thirteen consecutive calendar weeks resulting from temporary total physical disability because of a nonwork-related injury or illness: PROVIDED, That individuals authorized to receive benefits under this subsection are required to meet other eligibility requirements under Title 50 RCW.

Sec. 5. RCW 50.06.030 and 1987 c 278 s 3 are each amended to read as follows:

(1) In the case of individuals eligible under RCW 50.06.020(1), an application for initial determination made pursuant to this chapter, to be considered timely, must be filed in writing with the employment security department within twenty-six weeks following the week in which the period of temporary total disability commenced. Notice from the department of labor and industries shall satisfy this requirement. The records of the agency supervising the award of compensation shall be conclusive evidence of the fact of temporary disability and the beginning date of such disability.

(2) In the case of individuals eligible under RCW 50.06.020(2), an application for initial determination must be filed in writing with the employment security department within twenty-six weeks following the week in which the period of temporary total physical disability commenced. This filing requirement is satisfied by filing a signed statement from the attending physician stating the date that the disability commenced and stating that the individual was unable to reenter the work force during the time of the disability. The department may examine any medical information related to the disability. If the claim is appealed, a base year employer may examine the medical information related to the disability and require, at the employer's expense, that the individual obtain the opinion of a second health care provider selected by the employer concerning any information related to the disability.

(3) The employment security department shall process and issue an initial determination of entitlement or nonentitlement as the case may be.

(4) For the purpose of this chapter, a special base year is established for an individual consisting of either the first four of the last five completed calendar quarters or the last four completed calendar quarters immediately prior to the first day of the calendar week in which the individual's temporary total disability commenced, and a special individual benefit year is established consisting of the entire period of disability and a fifty-two consecutive week period commencing with the first day of the calendar week immediately following the week or part

thereof with respect to which the individual received his final temporary total disability compensation under the applicable industrial insurance or crime victims compensation laws, or the week in which the individual reentered the work force after an absence under subsection (2) of this section, as applicable, except that no special benefit year shall have a duration in excess of three hundred twelve calendar weeks: PROVIDED HOWEVER, That such special benefit year will not be established unless the criteria contained in RCW 50.04.030 has been met, except that an individual meeting the ~~((disability and filing))~~ eligibility requirements of this chapter and who has an unexpired benefit year established which would overlap the special benefit year provided by this chapter, notwithstanding the provisions in RCW 50.04.030 relating to the establishment of a subsequent benefit year and RCW 50.40.010 relating to waiver of rights, may elect to establish a special benefit year under this chapter: PROVIDED FURTHER, that the unexpired benefit year shall be terminated with the beginning of the special benefit year if the individual elects to establish such special benefit year.

(5) For the purposes of establishing a benefit year, the department shall initially use the first four of the last five completed calendar quarters as the base year. If a benefit year is not established using the first four of the last five calendar quarters as the base year, the department shall use the last four completed calendar quarters as the base year.

Sec. 6. RCW 50.13.040 and 1977 ex.s. c 153 s 4 are each amended to read as follows:

(1) An individual shall have access to all records and information concerning that individual held by the department of employment security, unless the information is exempt from disclosure under RCW 42.17.310.

(2) An employing unit shall have access to its own records and to any records and information relating to a benefit claim by an individual if the employing unit is either the individual's last employer or is the individual's base year employer.

(3) An employing unit shall have access to any records and information relating to any decision to allow or deny benefits if:

(a) The decision is based on employment or an offer of employment with the employing unit; or

(b) If the decision is based on material information provided by the employing unit.

(4) An employing unit shall have access to general summaries of benefit claims by individuals whose benefits are chargeable to the employing unit's experience rating or reimbursement account.

Sec. 7. RCW 50.16.010 and 1991 sp.s. c 13 s 59 are each amended to read as follows:

There shall be maintained as special funds, separate and apart from all public moneys or funds of this state an unemployment compensation fund, an

administrative contingency fund, and a federal interest payment fund, which shall be administered by the commissioner exclusively for the purposes of this title, and to which RCW 43.01.050 shall not be applicable. The unemployment compensation fund shall consist of

(1) all contributions and payments in lieu of contributions collected pursuant to the provisions of this title,

(2) any property or securities acquired through the use of moneys belonging to the fund,

(3) all earnings of such property or securities,

(4) any moneys received from the federal unemployment account in the unemployment trust fund in accordance with Title XII of the social security act, as amended,

(5) all money recovered on official bonds for losses sustained by the fund,

(6) all money credited to this state's account in the unemployment trust fund pursuant to section 903 of the social security act, as amended,

(7) all money received from the federal government as reimbursement pursuant to section 204 of the federal-state extended compensation act of 1970 (84 Stat. 708-712; 26 U.S.C. Sec. 3304), and

(8) all moneys received for the fund from any other source.

All moneys in the unemployment compensation fund shall be commingled and undivided.

The administrative contingency fund shall consist of all interest on delinquent contributions collected pursuant to this title, all fines and penalties collected pursuant to the provisions of this title, all sums recovered on official bonds for losses sustained by the fund, and revenue received under RCW 50.24.014: PROVIDED, That all fees, fines, forfeitures and penalties collected or assessed by a district court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW as now exists or is later amended. Moneys available in the administrative contingency fund, other than money in the special account created under RCW 50.24.014, shall be expended upon the direction of the commissioner, with the approval of the governor, whenever it appears to him or her that such expenditure is necessary for:

(a) The proper administration of this title and no federal funds are available for the specific purpose to which such expenditure is to be made, provided, the moneys are not substituted for appropriations from federal funds which, in the absence of such moneys, would be made available.

(b) The proper administration of this title for which purpose appropriations from federal funds have been requested but not yet received, provided, the administrative contingency fund will be reimbursed upon receipt of the requested federal appropriation.

(c) The proper administration of this title for which compliance and audit issues have been identified that establish federal claims requiring the expenditure of state resources in resolution. Claims must be resolved in the following priority: First priority is to provide services to eligible participants within the

state; second priority is to provide substitute services or program support; and last priority is the direct payment of funds to the federal government.

Money in the special account created under RCW 50.24.014 may only be expended, after appropriation, for the purposes specified in RCW (~~74.09.035, 74.09.510, 74.09.520, and 74.09.700~~) 50.62.010, 50.62.020, 50.62.030, 50.04.070, 50.04.072, 50.16.010, 50.29.025, 50.24.014, 50.44.053, and 50.22.010.

Sec. 8. RCW 50.20.050 and 1982 1st ex.s. c 18 s 6 are each amended to read as follows:

(1) An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has left work voluntarily without good cause and thereafter for five calendar weeks and until he or she has obtained bona fide work and earned wages (~~(of not less than his or her suspended weekly benefit amount in each of five calendar weeks)~~) equal to five times his or her weekly benefit amount.

The disqualification shall continue if the work obtained is a mere sham to qualify for benefits and is not bona fide work. In determining whether work is of a bona fide nature, the commissioner shall consider factors including but not limited to the following:

(a) The duration of the work;

(b) The extent of direction and control by the employer over the work; and

(c) The level of skill required for the work in light of the individual's training and experience.

(2) An individual shall not be considered to have left work voluntarily without good cause when:

(a) He or she has left work to accept a bona fide offer of bona fide work as described in subsection (1) of this section; (~~(or)~~)

(b) The separation was because of the illness or disability of the claimant or the death, illness, or disability of a member of the claimant's immediate family if the claimant took all reasonable precautions, in accordance with any regulations that the commissioner may prescribe, to protect his or her employment status by having promptly notified the employer of the reason for the absence and by having promptly requested reemployment when again able to assume employment: PROVIDED, That these precautions need not have been taken when they would have been a futile act, including those instances when the futility of the act was a result of a recognized labor/management dispatch system; or

(c) He or she has left work to relocate for the spouse's employment that is outside the existing labor market area if the claimant remained employed as long as was reasonable prior to the move.

(3) In determining under this section whether an individual has left work voluntarily without good cause, the commissioner shall only consider work-connected factors such as the degree of risk involved to the individual's health, safety, and morals, the individual's physical fitness for the work, the individual's ability to perform the work, and such other work connected factors as the

commissioner may deem pertinent, including state and national emergencies. Good cause shall not be established for voluntarily leaving work because of its distance from an individual's residence where the distance was known to the individual at the time he or she accepted the employment and where, in the judgment of the department, the distance is customarily traveled by workers in the individual's job classification and labor market, nor because of any other significant work factor which was generally known and present at the time he or she accepted employment, unless the related circumstances have so changed as to amount to a substantial involuntary deterioration of the work factor or unless the commissioner determines that other related circumstances would work an unreasonable hardship on the individual were he or she required to continue in the employment.

(4) Subsections (1) and (3) of this section shall not apply to an individual whose marital status or domestic responsibilities cause him or her to leave employment. Such an individual shall not be eligible for unemployment insurance benefits beginning with the first day of the calendar week in which he or she left work and thereafter for five calendar weeks and until he or she has requalified, either by obtaining bona fide work and earning wages ((of not less than the suspended weekly benefit amount in each of five calendar weeks)) equal to five times his or her weekly benefit amount or by reporting in person to the department during ten different calendar weeks and certifying on each occasion that he or she is ready, able, and willing to immediately accept any suitable work which may be offered, is actively seeking work pursuant to customary trade practices, and is utilizing such employment counseling and placement services as are available through the department. This subsection does not apply to individuals covered by subsection (2) (b) or (c) of this section.

Sec. 9. RCW 50.20.060 and 1982 1st ex.s. c 18 s 16 are each amended to read as follows:

~~((1))~~ An individual shall be disqualified from benefits beginning with the first day of the calendar week in which he or she has been discharged or suspended for misconduct connected with his or her work and thereafter for five calendar weeks and until he or she has obtained work and earned wages ~~((of not less than the suspended weekly benefit amount in each of five calendar weeks))~~ equal to five times his or her benefit amount. Alcoholism shall not constitute a defense to disqualification from benefits due to misconduct.

~~((2) An individual who has been discharged because of a felony or a gross misdemeanor of which he or she has been convicted, or has admitted committing to a competent authority, and which is connected with his or her work shall be disqualified from receiving any benefits for which base year credits are earned in any employment prior to the discharge. Such disqualification begins with the first day of the calendar week in which he or she has been discharged, and all benefits paid during the period the individual was disqualified shall be recoverable, notwithstanding RCW 50.20.190, 50.24.020, or any other provision of this title.)~~

Sec. 10. RCW 50.20.080 and 1959 c 321 s 1 are each amended to read as follows:

An individual is disqualified for benefits, if the commissioner finds that ~~((he))~~ the individual has failed without good cause, either to apply for available, suitable work when so directed by the employment office or the commissioner, or to accept suitable work when offered ~~((him))~~ the individual, or to return to his or her customary self-employment (if any) when so directed by the commissioner. Such disqualification shall begin with the week of the refusal and thereafter for five calendar weeks and continue until ~~((he))~~ the individual has obtained work and earned wages therefor of not less than five times his or her suspended weekly benefit amount ~~((in each of five weeks))~~.

NEW SECTION. **Sec. 11.** A new section is added to chapter 50.20 RCW to read as follows:

CANCELLATION OF WAGE/HOUR CREDITS. (1) An individual who has been discharged from his or her work because of a felony or gross misdemeanor of which he or she has been convicted, or has admitted committing to a competent authority, and that is connected with his or her work shall have all hourly wage credits based on that employment canceled.

(2) The employer shall notify the department of such an admission or conviction, not later than six months following the admission or conviction.

(3) The claimant shall disclose any conviction of the claimant of a work-connected felony or gross misdemeanor occurring in the previous two years to the department at the time of application for benefits.

(4) All benefits that are paid in error based on wage/hour credits that should have been removed from the claimant's base year are recoverable, notwithstanding RCW 50.20.190 or 50.24.020 or any other provisions of this title.

Sec. 12. RCW 50.20.120 and 1984 c 205 s 1 are each amended to read as follows:

(1) Subject to the other provisions of this title, benefits shall be payable to any eligible individual during the individual's benefit year in a maximum amount equal to the lesser of thirty times the weekly benefit amount (determined hereinafter) or one-third of the individual's base year wages under this title: **PROVIDED**, That as to any week beginning on and after March 31, 1981, which falls in an extended benefit period as defined in RCW 50.22.010(1), as now or hereafter amended, an individual's eligibility for maximum benefits in excess of twenty-six times his or her weekly benefit amount will be subject to the terms and conditions set forth in RCW 50.22.020, as now or hereafter amended.

(2) An individual's weekly benefit amount shall be an amount equal to one twenty-fifth of the average quarterly wages of the individual's total wages during the two quarters of the individual's base year in which such total wages were highest. The maximum and minimum amounts payable weekly shall be determined as of each June 30th to apply to benefit years beginning in the twelve-month period immediately following such June 30th. The maximum

amount payable weekly shall be ~~((fifty-five))~~ seventy percent of the "average weekly wage" for the calendar year preceding such June 30th~~((+ PROVIDED, That if as of the first December 31st on which the ratio of the balance in the unemployment compensation fund to total remuneration paid by all employers subject to contributions during the calendar year ending on such December 31st and reported to the department by the following March 31st is 0.024 or more, the maximum amount payable weekly for benefit years beginning with the first full calendar week in July next following, and thereafter, shall be sixty percent of the "average weekly wage". The computation for this ratio shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded: PROVIDED FURTHER, That for benefit years beginning before July 7, 1985, the maximum amount payable weekly shall not exceed one hundred eighty five dollars))~~. The minimum amount payable weekly shall be fifteen percent of the "average weekly wage" for the calendar year preceding such June 30th. If any weekly benefit, maximum benefit, or minimum benefit amount computed herein is not a multiple of one dollar, it shall be reduced to the next lower multiple of one dollar.

Sec. 13. RCW 50.20.190 and 1991 c 117 s 3 are each amended to read as follows:

(1) An individual who is paid any amount as benefits under this title to which he or she is not entitled shall, unless otherwise relieved pursuant to this section, be liable for repayment of the amount overpaid. The department shall issue an overpayment assessment setting forth the reasons for and the amount of the overpayment. The amount assessed, to the extent not collected, may be deducted from any future benefits payable to the individual: PROVIDED, That in the absence of fraud, misrepresentation, or willful nondisclosure, every determination of liability shall be mailed or personally served not later than two years after the close of the individual's benefit year in which the purported overpayment was made unless the merits of the claim are subjected to administrative or judicial review in which event the period for serving the determination of liability shall be extended to allow service of the determination of liability during the six-month period following the final decision affecting the claim.

(2) The commissioner may waive an overpayment if the commissioner finds that said overpayment was not the result of fraud, misrepresentation, willful nondisclosure, or fault attributable to the individual and that the recovery thereof would be against equity and good conscience: PROVIDED, HOWEVER, That the overpayment so waived shall be charged against the individual's applicable entitlement for the eligibility period containing the weeks to which the overpayment was attributed as though such benefits had been properly paid.

(3) Any assessment herein provided shall constitute a determination of liability from which an appeal may be had in the same manner and to the same extent as provided for appeals relating to determinations in respect to claims for benefits: PROVIDED, That an appeal from any determination covering overpayment only shall be deemed to be an appeal from the determination which

was the basis for establishing the overpayment unless the merits involved in the issue set forth in such determination have already been heard and passed upon by the appeal tribunal. If no such appeal is taken to the appeal tribunal by the individual within thirty days of the delivery of the notice of determination of liability, or within thirty days of the mailing of the notice of determination, whichever is the earlier, said determination of liability shall be deemed conclusive and final. Whenever any such notice of determination of liability becomes conclusive and final, the commissioner, upon giving at least twenty days notice by certified mail return receipt requested to the individual's last known address of the intended action, may file with the superior court clerk of any county within the state a warrant in the amount of the notice of determination of liability plus a filing fee of five dollars. The clerk of the county where the warrant is filed shall immediately designate a superior court cause number for the warrant, and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the person(s) mentioned in the warrant, the amount of the notice of determination of liability, and the date when the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to, and any interest in, all real and personal property of the person(s) against whom the warrant is issued, the same as a judgment in a civil case duly docketed in the office of such clerk. A warrant so docketed shall be sufficient to support the issuance of writs of execution and writs of garnishment in favor of the state in the manner provided by law for a civil judgment. A copy of the warrant shall be mailed to the person(s) mentioned in the warrant by certified mail to the person's last known address within five days of its filing with the clerk.

(4) On request of any agency which administers an employment security law of another state, the United States, or a foreign government and which has found in accordance with the provisions of such law that a claimant is liable to repay benefits received under such law, the commissioner may collect the amount of such benefits from the claimant to be refunded to the agency. In any case in which under this section a claimant is liable to repay any amount to the agency of another state, the United States, or a foreign government, such amounts may be collected without interest by civil action in the name of the commissioner acting as agent for such agency if the other state, the United States, or the foreign government extends such collection rights to the employment security department of the state of Washington, and provided that the court costs be paid by the governmental agency benefiting from such collection.

(5) Any employer who is a party to a back pay award or settlement due to loss of wages shall, within thirty days of the award or settlement, report to the department the amount of the award or settlement, the name and social security number of the recipient of the award or settlement, and the period for which it is awarded. When an individual has been awarded or receives back pay, for benefit purposes the amount of the back pay shall constitute wages paid in the period for which it was awarded. For contribution purposes, the back pay award

or settlement shall constitute wages paid in the period in which it was actually paid. The following requirements shall also apply:

(a) The employer shall reduce the amount of the back pay award or settlement by an amount determined by the department based upon the amount of unemployment benefits received by the recipient of the award or settlement during the period for which the back pay award or settlement was awarded;

(b) The employer shall pay to the unemployment compensation fund, in a manner specified by the commissioner, an amount equal to the amount of such reduction;

(c) The employer shall also pay to the department any taxes due for unemployment insurance purposes on the entire amount of the back pay award or settlement notwithstanding any reduction made pursuant to (a) of this subsection;

(d) If the employer fails to reduce the amount of the back pay award or settlement as required in (a) of this subsection, the department shall issue an overpayment assessment against the recipient of the award or settlement in the amount that the back pay award or settlement should have been reduced; and

(e) If the employer fails to pay to the department an amount equal to the reduction as required in (b) of this subsection, the department shall issue an assessment of liability against the employer which shall be collected pursuant to the procedures for collection of assessments provided herein and in RCW 50.24.110.

(6) When an individual fails to repay an overpayment assessment that is due and fails to arrange for satisfactory repayment terms, the commissioner shall impose an interest penalty of one percent per month of the outstanding balance (~~((for each month that payments are not made in a timely fashion))~~). Interest shall accrue immediately on overpayments assessed pursuant to RCW 50.20.070 and shall be imposed when the assessment becomes final. For any other overpayment, interest shall accrue when the individual has missed two or more of their monthly payments either partially or in full. The interest penalty shall be used to fund detection and recovery of overpayment and collection activities.

NEW SECTION. **Sec. 14.** A new section is added to chapter 50.20 RCW to read as follows:

All receipts from interest assessed against unemployment insurance claimants shall be deposited in the administrative contingency fund and shall be used for the purpose of RCW 50.20.190(6).

Sec. 15. RCW 50.22.010 and 1985 ex.s. c 5 s 10 are each amended to read as follows:

(1) "Extended benefit period" means a period which:

(a) Begins with the third week after a week for which there is an "on" indicator; and

(b) Ends with the third week after the first week for which there is an "off" indicator: PROVIDED, That no extended benefit period shall last for a period of less than thirteen consecutive weeks, and further that no extended benefit period may begin by reason of an "on" indicator before the fourteenth week after the close of a prior extended benefit period which was in effect with respect to this state.

(2) There is an "on" indicator for this state for a week if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding twelve weeks(~~(-)~~):

~~(a) The rate of insured unemployment ((~~(f)~~), not seasonally adjusted(~~(-)~~ either ~~(a)~~)), equaled or exceeded one hundred twenty percent of the average of such rates for the corresponding thirteen-week period ending in each of the preceding two calendar years and equaled or exceeded five percent; or~~

(ii) The average rate of total unemployment in the state, seasonally adjusted, as determined by the United States secretary of labor, for the three-month period referred to in (b)(i) of this subsection, equals or exceeds one hundred ten percent of the average for either or both of the corresponding three-month periods ending in the two preceding calendar years.

(3) "High unemployment period" means any period of unemployment beginning after March 6, 1993, during which an extended benefit period would be in effect if:

(a) The average rate of total unemployment, seasonally adjusted, as determined by the United States secretary of labor, for the period consisting of the most recent three months for which data for all states are published before the close of the week equals or exceeds eight percent; and

(b) The average rate of total unemployment in the state, seasonally adjusted, as determined by the United States secretary of labor, for the three-month period referred to in (a) of this subsection, equals or exceeds one hundred ten percent of the average for either or both of the corresponding three-month periods ending in the two preceding calendar years.

~~(4) There is an "off" indicator for this state for a week ((if the commissioner determines, in accordance with the regulations of the United States secretary of labor, that for the period consisting of such week and the immediately preceding twelve weeks, the rate of insured unemployment (not seasonally adjusted) was either:~~

~~(a) Less than five percent; or~~

~~(b) Five percent or more but less than six percent and the rate of insured unemployment was less than one hundred twenty percent of the average of the rates for the corresponding thirteen week period ending in each of the two preceding calendar years: PROVIDED, That the six percent trigger shall apply only until December 31, 1985)~~ only if, for the period consisting of such week and immediately preceding twelve weeks, none of the options specified in subsection (2) or (3) of this section result in an "on" indicator.

~~((4))~~ (5) "Regular benefits" means benefits payable to an individual under this title or under any state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than extended benefits or additional benefits.

~~((5))~~ (6) "Extended benefits" means benefits payable for weeks of unemployment beginning in an extended benefit period to an individual under this title or under any state law (including benefits payable to federal civilian employees and to ex-servicemen pursuant to 5 U.S.C. chapter 85) other than regular or additional benefits.

~~((6))~~ (7) "Additional benefits" are benefits totally financed by the state and payable under this title to exhaustees by reason of conditions of high unemployment or by reason of other special factors.

~~((7))~~ (8) "Eligibility period" of an individual means the period consisting of the weeks in his or her benefit year which begin in an extended benefit period that is in effect in this state and, if his or her benefit year ends within such extended benefit period, any weeks thereafter which begin in such period.

~~((8))~~ (9) "Additional benefit eligibility period" of an individual means the period consisting of the weeks in his or her benefit year which begin in an additional benefit period that is in effect and, if his or her benefit year ends within such additional benefit period, any weeks thereafter which begin in such period.

~~((9))~~ (10) "Exhaustee" means an individual who, with respect to any week of unemployment in his or her eligibility period:

(a) Has received, prior to such week, all of the regular benefits that were payable to him or her under this title or any other state law (including dependents' allowances and regular benefits payable to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his or her current benefit year that includes such week; or

(b) Has received, prior to such week, all of the regular benefits that were available to him or her under this title or any other state law (including dependents' allowances and regular benefits available to federal civilian employees and ex-servicemen under 5 U.S.C. chapter 85) in his or her current benefit year that includes such week, after the cancellation of some or all of his or her wage credits or the total or partial reduction of his or her rights to regular benefits: PROVIDED, That, for the purposes of (a) and (b), an individual shall be deemed to have received in his or her current benefit year all of the regular

benefits that were payable to him or her, or available to him or her, as the case may be, even though:

(i) As a result of a pending appeal with respect to wages or employment, or both, that were not included in the original monetary determination with respect to his or her current benefit year, he or she may subsequently be determined to be entitled to more regular benefits; or

(ii) By reason of the seasonal provisions of another state law, he or she is not entitled to regular benefits with respect to such week of unemployment (although he or she may be entitled to regular benefits with respect to future weeks of unemployment in the next season, as the case may be, in his or her current benefit year), and he or she is otherwise an exhaustee within the meaning of this section with respect to his or her right to regular benefits under such state law seasonal provisions during the season or off season in which that week of unemployment occurs; or

(iii) Having established a benefit year, no regular benefits are payable to him or her during such year because his or her wage credits were canceled or his or her right to regular benefits was totally reduced as the result of the application of a disqualification; or

(c) His or her benefit year having ended prior to such week, he or she has insufficient wages or employment, or both, on the basis of which he or she could establish in any state a new benefit year that would include such week, or having established a new benefit year that includes such week, he or she is precluded from receiving regular benefits by reason of the provision in RCW 50.04.030 which meets the requirement of section 3304(a)(7) of the Federal Unemployment Tax Act, or the similar provision in any other state law; and

(d)(i) Has no right for such week to unemployment benefits or allowances, as the case may be, under the Railroad Unemployment Insurance Act, the Trade Expansion Act of 1962, and such other federal laws as are specified in regulations issued by the United States secretary of labor; and

~~((40))~~ (11) "State law" means the unemployment insurance law of any state, approved by the United States secretary of labor under section 3304 of the internal revenue code of 1954.

Sec. 16. RCW 50.22.020 and 1981 c 35 s 8 are each amended to read as follows:

When the result would not be inconsistent with the other provisions of this chapter, the provisions of this title and commissioner's regulations enacted pursuant thereto, which apply to claims for, or the payment of, regular benefits, shall apply to claims for, and the payment of, extended benefits: PROVIDED, That

(1) Payment of extended compensation under this chapter shall not be made to any individual for any week of unemployment in his or her eligibility period—

(a) During which he or she fails to accept any offer of suitable work (as defined in subsection (3) of this section) or fails to apply for any suitable work to which he or she was referred by the employment security department; or

(b) During which he or she fails to actively engage in seeking work.

(2) If any individual is ineligible for extended compensation for any week by reason of a failure described in subsections (1)(a) or (1)(b) of this section, the individual shall be ineligible to receive extended compensation for any week which begins during a period which—

(a) Begins with the week following the week in which such failure occurs; and

(b) Does not end until such individual has been employed during at least four weeks which begin after such failure and the total of the remuneration earned by the individual for being so employed is not less than the product of four multiplied by the individual's weekly benefit amount (as determined under RCW 50.20.120) for his or her benefit year.

(3) For purposes of this section, the term "suitable work" means, with respect to any individual, any work which is within such individual's capabilities and which does not involve conditions described in RCW 50.20.110: PROVIDED, That if the individual furnishes evidence satisfactory to the employment security department that such individual's prospects for obtaining work in his or her customary occupation within a reasonably short period are good, the determination of whether any work is suitable work with respect to such individual shall be made in accordance with RCW 50.20.100.

(4) Extended compensation shall not be denied under subsection (1)(a) of this section to any individual for any week by reason of a failure to accept an offer of, or apply for, suitable work if:

(a) The gross average weekly remuneration payable to such individual for the position does not exceed the sum of—

(i) The individual's weekly benefit amount (as determined under RCW 50.20.120) for his or her benefit year; plus

(ii) The amount (if any) of supplemental unemployment compensation benefits (as defined in section 501(c)(17)(D) of the Internal Revenue Code of 1954, 26 U.S.C. Sec. 501(c)(17)(D)), payable to such individual for such week;

(b) The position was not offered to such individual in writing and was not listed with the employment security department;

(c) Such failure would not result in a denial of compensation under the provisions of RCW 50.20.080 and 50.20.100 to the extent such provisions are not inconsistent with the provisions of subsections (3) and (5) of this section; or

(d) The position pays wages less than the higher of—

(i) The minimum wage provided by section (6)(a)(1) of the Fair Labor Standards Act of 1938, without regard to any exemption; or

(ii) Any applicable state or local minimum wage.

(5) For purposes of this section, an individual shall be treated as actively engaged in seeking work during any week if:

(a) The individual has engaged in a systematic and sustained effort to obtain work during such week; and

(b) The individual provides tangible evidence to the employment security department that he or she has engaged in such an effort during such week.

(6) The employment security department shall refer applicants for benefits under this chapter to any suitable work to which subsections (4)(a) through (4)(d) of this section would not apply.

(7) No provisions of this title which terminates a disqualification for voluntarily leaving employment, being discharged for misconduct, or refusing suitable employment shall apply for purposes of determining eligibility for extended compensation unless such termination is based upon employment subsequent to the date of such disqualification.

(8) The provisions of subsections (1) through (7) of this section shall apply with respect to weeks of unemployment beginning after March 31, 1981. However, the provisions of subsections (1) through (7) of this section shall not apply to those weeks of unemployment beginning after March 6, 1993, and before January 1, 1995.

Sec. 17. RCW 50.22.030 and 1982 1st ex.s. c 18 s 4 are each amended to read as follows:

(1) An individual shall be eligible to receive extended benefits with respect to any week of unemployment in his or her eligibility period only if the commissioner finds with respect to such week that:

(a) The individual is an "exhaustee" as defined in RCW 50.22.010;

(b) He or she has satisfied the requirements of this title for the receipt of regular benefits that are applicable to individuals claiming extended benefits, including not being subject to a disqualification for the receipt of benefits; and

(c) He or she has earned wages in the applicable base year of at least:

(i) Forty times his or her weekly benefit amount; or

(ii) One and one-half times his or her insured wages in the calendar quarter of the base period in which the insured wages are the highest, for weeks of unemployment on or after July 3, 1992.

(2) An individual filing an interstate claim in any state under the interstate benefit payment plan shall not be eligible to receive extended benefits for any week beyond the first two weeks claimed for which extended benefits are payable unless an extended benefit period embracing such week is also in effect in the agent state.

Sec. 18. RCW 50.22.050 and 1982 1st ex.s. c 18 s 5 are each amended to read as follows:

(1) The total extended benefit amount payable to any eligible individual with respect to his or her applicable benefit year shall be the least of the following amounts:

(a) Fifty percent of the total amount of regular benefits which were payable to him or her under this title in his or her applicable benefit year;

(b) Thirteen times his or her weekly benefit amount which was payable to him or her under this title for a week of total unemployment in the applicable benefit year; or

(c) Thirty-nine times his or her weekly benefit amount which was payable to him or her under this title for a week of total unemployment in the applicable benefit year, reduced by the total amount of regular benefits which were paid (or deemed paid) to him or her under this title with respect to the benefit year.

(2) Notwithstanding any other provision of this chapter, if the benefit year of any eligible individual ends within an extended benefit period, the extended benefits which the individual would otherwise be entitled to receive with respect to weeks of unemployment beginning after the end of the benefit year and within the extended benefit period shall be reduced (but not below zero) by the product of the number of weeks for which the individual received any amount as a trade readjustment allowance within that benefit year, multiplied by the individual's weekly extended benefit amount.

(3) Effective for weeks beginning in a high unemployment period as defined in RCW 50.22.010(3) the total extended benefit amount payable to any eligible individual with respect to his or her applicable benefit year shall be the least of the following amounts:

(a) Eighty percent of the total amount of regular benefits that were payable to him or her under this title in his or her applicable benefit year;

(b) Twenty times his or her weekly benefit amount that was payable to him or her under this title for a week of total unemployment in the applicable benefit year; or

(c) Forty-six times his or her weekly benefit amount that was payable to him or her under this title for a week of total unemployment in the applicable benefit year, reduced by the total amount of regular benefits which were paid, or deemed paid, to him or her under this title with respect to the benefit year.

Sec. 19. RCW 50.29.020 and 1991 c 129 s 1 are each amended to read as follows:

(1) An experience rating account shall be established and maintained for each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, based on existing records of the employment security department. Benefits paid to any eligible individuals shall be charged to the experience rating accounts of each of such individual's employers during the individual's base year in the same ratio that the wages paid by each employer to the individual during the base year bear to the wages paid by all employers to that individual during that base year, except as otherwise provided in this section.

(2) The legislature finds that certain benefit payments, in whole or in part, should not be charged to the experience rating accounts of employers except those employers described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, as follows:

(b) Benefits paid to an individual under the provisions of RCW 50.12.050 shall not be charged to the account of any contribution paying employer if the wage credits earned in this state by the individual during his or her base year are less than the minimum amount necessary to qualify the individual for unemployment benefits.

(c) Benefits paid to an individual filing under the provisions of chapter 50.06 RCW shall not be charged to the experience rating account of any contribution paying employer.

(d) Benefits paid which represent the state's share of benefits payable under chapter 50.22 RCW shall not be charged to the experience rating account of any contribution paying employer.

(e) In the case of individuals who requalify for benefits under RCW 50.20.050 or 50.20.060, benefits based on wage credits earned prior to the disqualifying separation shall not be charged to the experience rating account of the contribution paying employer from whom that separation took place.

~~(f)((i) Benefits paid to an individual as the result of a determination by the commissioner that no stoppage of work exists, pursuant to RCW 50.20.090, shall not be charged to the experience rating account of any contribution paying employer.~~

~~(ii) Benefits paid to an individual under RCW 50.20.090(1) for weeks of unemployment ending before February 20, 1987, shall not be charged to the experience rating account of any base year employer.~~

~~(g))~~ (g) In the case of individuals identified under RCW 50.20.015, benefits paid with respect to a calendar quarter, which exceed the total amount of wages earned in the state of Washington in the higher of two corresponding calendar quarters included within the individual's determination period, as defined in RCW 50.20.015, shall not be charged to the experience rating account of any contribution paying employer.

~~((h))~~ (g) Benefits paid to an individual who does not successfully complete an approved on-the-job training program under RCW 50.12.240 may not be charged to the experience rating account of the contribution-paying employer who provided the approved on-the-job training.

(3)(a) Beginning July 1, 1985, a contribution-paying base year employer, not otherwise eligible for relief of charges for benefits under this section, may receive such relief if the benefit charges result from payment to an individual who:

~~(i) ((The benefit charges result from payment to an individual who)) Last left the employ of such employer voluntarily for reasons not attributable to the employer(~~(, or was discharged for misconduct connected with his or her work; and))~~;~~

~~(ii) ((The employer requests relief of charges in writing within thirty days following mailing to the last known address of the notification of the initial determination of such a claim, stating the date and reason for the last leaving; and~~

~~(iii) Upon investigation of the separation, the commissioner rules that the relief should be granted.~~

~~(i) An employer who employed a claimant during the claimant's base year, and who continues to employ the claimant, is eligible for relief of benefit charges if relief is requested in writing within thirty days of notification by the department of the claimant's application for initial determination of eligibility. Relief of benefit charges shall cease when the employment relationship with the claimant ends. This subsection shall not apply to shared work employers under chapter 50.60 RCW.~~

~~(j) Benefits paid to an individual who does not successfully complete an approved on the job training program under RCW 50.12.240 shall not be charged to the experience rating account of the contribution paying employer who provided the approved on the job training.~~

~~(k) Benefits paid resulting from a closure or severe curtailment of operations at the employer's plant, building, work site, or facility due to damage caused by fire, flood, or other natural disaster shall not be charged to the experience rating account of the employer if:~~

This subsection does not apply to shared work employers under chapter 50.60 RCW.~~

~~(b) The employer (~~(petitions for))~~ requesting relief of charges(~~(, and~~
~~(ii) The commissioner approves granting relief of charges))~~ under this subsection must request relief in writing within thirty days following mailing to the last known address of the notification of the valid initial determination of such claim, stating the date and reason for the separation or the circumstances of continued employment. The commissioner, upon investigation of the request, shall determine whether relief should be granted.~~

Sec. 20. RCW 50.24.014 and 1987 c 171 s 4 are each amended to read as follows:

A separate and identifiable account to provide for the financing of special programs to assist the unemployed is established in the administrative contingency fund. Contributions to this account shall accrue and become payable by each employer, except employers as described in RCW 50.44.010 and 50.44.030 who have properly elected to make payments in lieu of contributions, taxable local government employers as described in RCW 50.44.035, and those employers who are required to make payments in lieu of contributions, at ~~((the))~~ a basic rate of two one-hundredths of one percent. The amount of wages subject to tax shall be determined under RCW 50.24.010.

For the first calendar quarter of 1994 only, this basic two one-hundredths of one percent shall be increased by one hundredth of one percent to a total rate of three one-hundredths of one percent. The proceeds of this incremental one-hundredth of one percent shall be used solely for the purposes described in section 22 of this act. Any surplus will be deposited in the unemployment compensation trust fund.

Contributions under this section shall become due and be paid by each employer under rules as the commissioner may prescribe, and shall not be deducted, in whole or in part, from the remuneration of individuals in the employ of the employer. Any deduction in violation of this section is unlawful.

In the payment of any contributions under this section, a fractional part of a cent shall be disregarded unless it amounts to one-half cent or more, in which case it shall be increased to one cent.

If the commissioner determines that federal funding has been increased to provide financing for the services specified in chapter 50.62 RCW, the commissioner shall direct that collection of contributions under this section be terminated on the following January 1st.

Sec. 21. RCW 50.29.025 and 1990 c 245 s 7 are each amended to read as follows:

The contribution rate for each employer shall be determined under this section.

(1) A fund balance ratio shall be determined by dividing the balance in the unemployment compensation fund as of the June 30th immediately preceding the rate year by the total remuneration paid by all employers subject to contributions during the second calendar year preceding the rate year and reported to the department by the following March 31st. The division shall be carried to the fourth decimal place with the remaining fraction, if any, disregarded. The fund balance ratio shall be expressed as a percentage.

(2) The interval of the fund balance ratio, expressed as a percentage, shall determine which tax schedule in subsection (5) of this section shall be in effect for assigning tax rates for the rate year. The intervals for determining the effective tax schedule shall be:

Interval of the Fund Balance Ratio Expressed as a Percentage	Effective Tax Schedule
<u>3.90 and above</u>	<u>AA</u>
3.40 (and above) <u>to 3.89</u>	A
2.90 to 3.39	B
2.40 to 2.89	C
1.90 to 2.39	D
1.40 to 1.89	E
Less than 1.40	F

(3) An array shall be prepared, listing all qualified employers in ascending order of their benefit ratios. Effective Date: 7/25/93

AN ACT Relating to interlibrary sharing; and adding new sections to chapter 43.147 RCW.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. In chapter 251, Laws of 1991, the legislature enacted into law the Pacific Northwest economic region agreement and made the state of Washington a party along with member states Alaska, Idaho, Montana, and Oregon, and member Canadian provinces Alberta and British Columbia. The legislature recognized that the member states and provinces of the Pacific Northwest economic region are in a strategic position to act together, as a region, thus increasing the overall competitiveness of the members and providing substantial economic benefits for all of their citizens.

For those reasons, in chapter 251, Laws of 1991, the legislature also encouraged the establishment of cooperative activities between the seven legislative bodies of the Pacific Northwest economic region. The member states and provinces now desire to engage in such cooperation by electronically sharing twenty-two million volumes from certain of their respective universities. The member states and provinces have determined that such interlibrary sharing will provide substantial economic benefit for their citizens. The legislature agrees, specifically also finding that such interlibrary sharing furthers a major component of education strategy in the 1990's and twenty-first century, namely providing increased access to knowledge via technology.

NEW SECTION. Sec. 2. Unless the context clearly requires otherwise, as used in sections 1 through 5 of this act "PNWER-Net" means the technology network to be created by the member states and provinces of the Pacific Northwest economic region that will be capable of electronically linking the following undergraduate university libraries of the member states and provinces:

The working subgroup shall be composed of seven members as follows: Two members of the senate, one from each of the major caucuses, appointed by the president of the senate; two members of the house of representatives, appointed by the speaker of the house of representatives; the state librarian; and the primary undergraduate academic librarian from each of the state's two research institutions of higher education.

(2) The staff support shall be provided by the senate committee services and, to the extent authorized by the chief clerk of the house of representatives, by the house of representatives office of program research as mutually agreed by the legislators on the working group.

(3) Legislative members shall be reimbursed for expenses in accordance with RCW 44.04.120. Nonlegislative members shall be reimbursed for expenses in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 4. The PNWER-Net working subgroup shall have the following duties:

(1) To work with working subgroups from other member states and provinces in an entity known as the PNWER-Net working group to develop PNWER-Net;

(2) To assist the PNWER-Net working group in developing criteria to ensure that designated member libraries use existing telecommunications infrastructure including the internet; and

No personal property may be forfeited under this paragraph, to the extent of the interest of an owner, by reason of any act or omission which that owner establishes was committed or omitted without the owner's knowledge or consent; and

However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title, shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(d) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (a)(4), (a)(7), or (a)(8) of this section within forty-five days of the seizure in the case of personal property and ninety days in the case of real property, the item seized shall be deemed forfeited. The community property interest in real property of a person whose spouse committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation.

enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction (~~if the aggregate value of the article or articles involved is more than five hundred dollars~~). Removal of any matter involving personal property may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of personal property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the article or articles involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. In cases involving personal property, the burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the property. In cases involving real property, the burden of producing evidence shall be upon the law enforcement agency. The burden of proof that the seized real property is subject to forfeiture shall be upon the law enforcement agency. The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (a)(2), (a)(3), (a)(4), (a)(5), (a)(6), (a)(7), or (a)(8) of this section.

(f) When property is forfeited under this chapter the board or seizing law enforcement agency may:

(1) Retain it for official use or upon application by any law enforcement agency of this state release such property to such agency for the exclusive use of enforcing the provisions of this chapter;

(3) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law; or

(4) Forward it to the drug enforcement administration for disposition.

(g)(1) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.

(2) Each seizing agency shall retain records of forfeited property for at least seven years.

(3) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.

(4) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(h)(1) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the drug enforcement and education account under RCW 69.50.520.

(2) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord's claim for damages under subsection (n) of this section.

(3) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing for valuation of motor vehicles. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(i) Forfeited property and net proceeds not required to be paid to the state treasurer shall be retained by the seizing law enforcement agency exclusively for the expansion and improvement of controlled substances related law enforcement activity. Money retained under this section may not be used to supplant preexisting funding sources.

(j) Controlled substances listed in Schedule I, II, III, IV, and V that are possessed, transferred, sold, or offered for sale in violation of this chapter are contraband and shall be seized and summarily forfeited to the state. Controlled substances listed in Schedule I, II, III, IV, and V, which are seized or come into the possession of the board, the owners of which are unknown, are contraband and shall be summarily forfeited to the board.

(k) Species of plants from which controlled substances in Schedules I and II may be derived which have been planted or cultivated in violation of this chapter, or of which the owners or cultivators are unknown, or which are wild growths, may be seized and summarily forfeited to the board.

(l) The failure, upon demand by a board inspector or law enforcement officer, of the person in occupancy or in control of land or premises upon which the species of plants are growing or being stored to produce an appropriate registration or proof that he is the holder thereof constitutes authority for the seizure and forfeiture of the plants.

(m) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located.

(n) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (f)(2) of this section, only if:

(1) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord's property while executing a search of a tenant's residence; and

(2) The landlord has applied any funds remaining in the tenant's deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section;

(i) Only if the funds applied under (2) of this subsection are insufficient to satisfy the damage directly caused by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;

(ii) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the date of filing, may the landlord collect damages under this subsection by filing within thirty days of denial or the expiration of the sixty-day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty-day period. Nothing in this section requires the claim to be paid by the end of the sixty-day or thirty-day period.

(3) For any claim filed under (2) of this subsection, the law enforcement agency shall pay the claim unless the agency provides substantial proof that the landlord either:

(i) Knew or consented to actions of the tenant in violation of this chapter or chapter 69.41 or 69.52 RCW; or

(ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity.

(o) The landlord's claim for damages under subsection (n) of this section may not include a claim for loss of business and is limited to:

(1) Damage to tangible property and clean-up costs;

(2) The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;

(3) The proceeds from the sale of the specific tenant's property seized and forfeited under subsection (f)(2) of this section; and

(4) The proceeds available after the seizing law enforcement agency satisfies any bona fide security interest in the tenant's property and costs related to sale of the tenant's property as provided by subsection (h)(2) of this section.

(p) Subsections (n) and (o) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord's claim under subsection (n) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant's contract are subrogated to the law enforcement agency.

NEW SECTION. Sec. 2. A new section is added to chapter 46.61 RCW to read as follows:

(1) A vehicle driven by or under the actual physical control of the owner of the vehicle in violation of RCW 46.61.502 or 46.61.504 is, upon the conviction of the owner when that conviction is the second or subsequent conviction for a violation of RCW 46.61.502 or 46.61.504 within a five-year period, subject to seizure and forfeiture and no property right exists in that vehicle.

A forfeiture of a vehicle encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the violation of RCW 46.61.502 or 46.61.504.

(2) A vehicle subject to forfeiture under this chapter may be seized by a law enforcement officer of this state upon process issued by a court of competent jurisdiction. Seizure of a vehicle may be made without process if the vehicle subject to seizure has been the subject of a prior judgment in favor of the state in a forfeiture proceeding based upon this section.

(3) A seizure under subsection (2) of this section automatically commences proceedings for forfeiture. The law enforcement agency under whose authority the seizure was made shall cause notice of the seizure and intended forfeiture of the seized vehicle to be served within fifteen days after the seizure on the owner of the vehicle seized, on the person in charge of the vehicle, and on any person having a known right or interest in the vehicle, including a community property interest. The notice of seizure may be served by any method authorized by law or court rule, including but not limited to service by certified mail with return receipt requested. Service by mail is complete upon mailing within the fifteen-day period after the seizure. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement in accordance with chapter 62A.9 RCW, or a certificate of title, shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(5) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person

or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. The burden of producing evidence shall be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession of the vehicle.

(6) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title.

(7) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(8) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(9) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(10) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(11) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the public safety and education account.

(12) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(13) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

NEW SECTION. **Sec. 3.** A new section is added to chapter 46.61 RCW to read as follows:

(1) Whenever a person is charged with a violation of RCW 46.61.502 or 46.61.504 and that person has been previously convicted for a violation of RCW 46.61.502 or 46.61.504 within a five-year period, the court shall instruct the person charged of the provisions of section 5 of this act and shall immediately forward notice of the charge to the director.

(2) Upon the conviction or acquittal of the person charged or if a pending charge is otherwise terminated, the court shall immediately forward notice of the conviction, acquittal, or other termination of charge to the director.

NEW SECTION. **Sec. 4.** A new section is added to chapter 46.12 RCW to read as follows:

Upon receiving notice of a charge under section 3 of this act, the director shall withhold the issuance of a certificate of ownership on a vehicle subject to section 5 of this act unless the applicant is included in the exceptions listed in that section or until receiving notice of acquittal or other termination of the charge under section 3 of this act.

NEW SECTION. **Sec. 5.** A new section is added to chapter 46.12 RCW to read as follows:

It is unlawful to convey, sell, or transfer the ownership of a motor vehicle that was driven by or was under the actual physical control of the owner of the vehicle who has previously been convicted for a violation of RCW 46.61.502 or 46.61.504 within a five-year period and is currently charged with a violation of RCW 46.61.502 or 46.61.504, except that:

(1) A vehicle encumbered by a bona fide security interest may be transferred to the secured party or to a person designated by the secured party; and

(2) A leased vehicle may be transferred to the lessor or to a person designated by the lessor.

Sec. 6. RCW 46.12.270 and 1969 ex.s. c 125 s 3 are each amended to read as follows:

Any person violating ~~((the provisions of))~~ RCW 46.12.250 ~~((or))~~, 46.12.260 ~~((shall be))~~, or section 5 of this act is guilty of a misdemeanor and shall be punished by a fine of not more than two hundred fifty dollars or by imprisonment in a county jail for not more than ninety days.

RIDE SHARING TAX INCENTIVES

Effective Date: 7/25/93

AN ACT Relating to ride sharing, vanpools, and public transportation facilities and vehicles; amending RCW 82.08.0287, 82.44.015, 82.12.0282, and 46.16.023; creating new sections; repealing 1987 c 175 s 1 (uncodified); and prescribing penalties.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. **Sec. 1.** The legislature finds that ride sharing and vanpools are the fastest growing transportation choice because of their flexibility and cost-effectiveness. Ride sharing and vanpools represent an effective means for local jurisdictions, transit agencies, and the private sector to assist in addressing the requirements of the Commute Trip Reduction Act, the Growth Management Act, the Americans with Disabilities Act, and the Clean Air Act.

Sec. 2. RCW 82.08.0287 and 1980 c 166 s 1 are each amended to read as follows:

The tax imposed by this chapter shall not apply to sales of ~~((vans))~~ passenger motor vehicles which are to be used ~~((regularly))~~ as ride-sharing vehicles, as defined in RCW 46.74.010(3), by not less than ~~((seven))~~ five persons, including ~~((passengers and))~~ the driver, with a gross vehicle weight not to exceed 10,000 pounds where the primary usage is for commuter ride-sharing, as defined in RCW 46.74.010(1), or passenger motor vehicles where the primary usage is for ride-sharing for the elderly and the handicapped, as defined in RCW 46.74.010(2), if the ride-sharing vehicles are exempt under RCW 82.44.015 for thirty-six consecutive months beginning within thirty days of application for exemption under this section. If used as a ride-sharing vehicle for less than thirty-six consecutive months, the registered owner of one of these vehicles shall notify the department of revenue upon termination of primary use of the vehicle as a ride-sharing vehicle and is liable for the tax imposed by this chapter.

To qualify for the tax exemption, those passenger motor vehicles with five or six passengers, including the driver, used for commuter ride-sharing, must be operated either within the state's eight largest counties that are required to develop commute trip reduction plans as directed by chapter 70.94 RCW or in

other counties, or cities and towns within those counties, that elect to adopt and implement a commute trip reduction plan. Additionally at least one of the following conditions must apply: (1) The vehicle must be operated by a public transportation agency for the general public; or (2) the vehicle must be used by a major employer, as defined in RCW 70.94.524 as an element of its commute trip reduction program for their employees; or (3) the vehicle must be owned and operated by individual employees and must be registered either with the employer as part of its commute trip reduction program or with a public transportation agency serving the area where the employees live or work. Individual employee owned and operated motor vehicles will require certification that the vehicle is registered with a major employer or a public transportation agency. Major employers who own and operate motor vehicles for their employees must certify that the commuter ride-sharing arrangement conforms to a carpool/vanpool element contained within their commute trip reduction program.

Sec. 3. RCW 82.44.015 and 1982 c 142 s 1 are each amended to read as follows:

For the purposes of this chapter, in addition to the exclusions under RCW 82.44.010, "motor vehicle" shall not include: (1) ~~((Van))~~ Passenger motor vehicles used ((regularly)) primarily as ride-sharing vehicles, as defined in RCW 46.74.010(3), by not fewer than ((seven)) five persons, including ((passengers and)) the driver, or not fewer than ((five)) four persons including the driver, when at least ((three)) two of those persons are confined to wheelchairs when riding; or (2) vehicles with a seating capacity greater than fifteen persons which otherwise qualify as ride-sharing vehicles under RCW 46.74.010(3) used exclusively for ride sharing for the elderly or the handicapped by not fewer than seven persons, including the driver. This exemption is restricted to passenger motor vehicles with a gross vehicle weight not to exceed 10,000 pounds where the primary usage is for commuter ride-sharing as defined in RCW 46.74.010(1). The registered owner of one of these vehicles shall notify the department of licensing upon termination of ~~((regular))~~ primary use of the vehicle as a ride-sharing vehicle and shall be liable for the tax imposed by this chapter, prorated on the remaining months for which the vehicle is licensed.

To qualify for the tax exemption, those passenger motor vehicles with five or six passengers, including the driver, used for commuter ride-sharing, must be operated either within the state's eight largest counties that are required to develop commute trip reduction plans as directed by chapter 70.94 RCW or in other counties, or cities and towns within those counties, that elect to adopt and implement a commute trip reduction plan. Additionally at least one of the following conditions must apply: (1) The vehicle must be operated by a public transportation agency for the general public; or (2) the vehicle must be used by a major employer, as defined in RCW 70.94.524 as an element of its commute trip reduction program for their employees; or (3) the vehicle must be owned and operated by individual employees and must be registered either with the

employer as part of its commute trip reduction program or with a public transportation agency serving the area where the employees live or work. Individual employee owned and operated motor vehicles will require certification that the vehicle is registered with a major employer or a public transportation agency. Major employers who own and operate motor vehicles for their employees must certify that the commuter ride-sharing arrangement conforms to a carpool/vanpool element contained within their commute trip reduction program.

Sec. 4. RCW 82.12.0282 and 1980 c 166 s 2 are each amended to read as follows:

The tax imposed by this chapter shall not apply with respect to the use of ~~((vans))~~ passenger motor vehicles used ~~((regularly))~~ as ride-sharing vehicles, as defined in RCW 46.74.010(3), by not less than ~~((seven))~~ five persons, including ~~((passengers and))~~ the driver, with a gross vehicle weight not to exceed 10,000 pounds where the primary usage is for commuter ride-sharing, as defined in RCW 46.74.010(1), or passenger motor vehicles where the primary usage is for ride-sharing for the elderly and the handicapped, as defined in RCW 46.74.010(2), if the ~~((vans))~~ vehicles are exempt under RCW 82.44.015 for thirty-six consecutive months beginning within thirty days of application for exemption under this section. If used as a ride-sharing vehicle for less than thirty-six consecutive months, the registered owner of one of these vehicles shall notify the department of revenue upon termination of primary use of the vehicle as a ride-sharing vehicle and is liable for the tax imposed by this chapter.

To qualify for the tax exemption, those passenger motor vehicles with five or six passengers, including the driver, used for commuter ride-sharing, must be operated either within the state's eight largest counties that are required to develop commute trip reduction plans as directed by chapter 70.94 RCW or in other counties, or cities and towns within those counties, that elect to adopt and implement a commute trip reduction plan. Additionally at least one of the following conditions must apply: (1) The vehicle must be operated by a public transportation agency for the general public; or (2) the vehicle must be used by a major employer, as defined in RCW 70.94.524 as an element of its commute trip reduction program for their employees; or (3) the vehicle must be owned and operated by individual employees and must be registered either with the employer as part of its commute trip reduction program or with a public transportation agency serving the area where the employees live or work. Individual employee owned and operated motor vehicles will require certification that the vehicle is registered with a major employer or a public transportation agency. Major employers who own and operate motor vehicles for their employees must certify that the commuter ride-sharing arrangement conforms to a carpool/vanpool element contained within their commute trip reduction program.

Sec. 5. RCW 46.16.023 and 1987 c 175 s 2 are each amended to read as follows:

(1) Every owner or lessee of a vehicle seeking to apply for an excise tax exemption under RCW 82.08.0287, 82.12.0282, or 82.44.015 shall apply to the director for, and upon satisfactory showing of eligibility, receive in lieu of the regular motor vehicle license plates for that vehicle, special plates of a distinguishing separate numerical series or design, as the director shall prescribe. In addition to paying all other initial fees required by law, each applicant for the special license plates shall pay an additional license fee of twenty-five dollars upon the issuance of such plates. The special fee shall be deposited in the motor vehicle fund. Application for renewal of the license plates shall be as prescribed for the renewal of other vehicle licenses. No renewal is required for vehicles exempted under RCW 46.16.020.

(2) Whenever the ownership of a vehicle receiving special plates under subsection (1) of this section is transferred or assigned, the plates shall be removed from the motor vehicle, and if another vehicle qualifying for special plates is acquired, the plates shall be transferred to that vehicle for a fee of five dollars, and the director shall be immediately notified of the transfer of the plates. Otherwise the removed plates shall be immediately forwarded to the director to be canceled. Whenever the owner or lessee of a vehicle receiving special plates under subsection (1) of this section is for any reason relieved of the tax-exempt status, the special plates shall immediately be forwarded to the director along with an application for replacement plates and the required fee. Upon receipt the director shall issue the license plates that are otherwise provided by law.

(3) Any person who knowingly makes any false statement of a material fact in the application for a special plate under subsection (1) of this section is guilty of a gross misdemeanor.

NEW SECTION. Sec. 6. The department shall adopt by rule a process requiring annual recertification upon renewal for vehicles registered under RCW 46.16.023 to discourage abuse of tax exemptions under RCW 82.08.0287, 82.12.0282, and 82.44.015. The department of licensing in consultation with the department of transportation shall submit a report to the legislative transportation committee and the house and senate standing committees on transportation by July 1, 1996, assessing the effectiveness of the department of licensing at limiting tax exemptions to bona fide ride-sharing vehicles.

NEW SECTION. Sec. 7. 1987 c 175 s 1 (uncodified) is repealed.

PUBLIC HOSPITAL DISTRICTS—ANNEXATION PROCEDURES

Effective Date: 7/25/93

AN ACT Relating to annexation procedures for public hospital districts; and amending RCW 70.44.200.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. RCW 70.44.200 and 1979 ex.s. c 143 s 1 are each amended to read as follows:

(1) A public hospital district may annex territory outside the existing boundaries of such district and contiguous thereto, whether the territory lies in one or more counties, in accordance with this section.

(2) A petition for annexation of territory contiguous to a public hospital district may be filed with the commission of the district to which annexation is proposed. The petition must be signed by the owners, as prescribed by RCW 35A.01.040(9) (a) through (e), of not less than sixty percent of the area of land within the territory proposed to be annexed. Such petition shall describe the boundaries of the territory proposed to be annexed and shall be accompanied by a map which outlines the boundaries of such territory.

(3) Whenever such a petition for annexation is filed with the commission of a public hospital district, the commission may entertain the same, fix a date for public hearing thereon, and cause notice of the hearing to be published once a week for at least two consecutive weeks in a newspaper of general circulation within the territory proposed to be annexed. The notice shall also be posted in three public places within the territory proposed to be annexed, shall contain a description of the boundaries of such territory, and shall specify the time and place of hearing and invite interested persons to appear and voice approval or disapproval of the annexation.

(4) Following the hearing, if the commission of the district determines to accomplish the annexation, it shall do so by resolution. The resolution may annex all or any portion of the proposed territory but may not include in the annexation any property not described in the petition. Upon passage of the annexation resolution, the territory annexed shall become part of the district and a certified copy of such resolution shall be filed with the legislative authority of the county or counties in which the annexed property is located.

(5) If the petition for annexation and the annexation resolution so provide, as the commission may require, and such petition has been signed by the owners of all the land within the boundaries of the territory being annexed, the annexed property shall assume and be assessed and taxed to pay for all or any portion of the outstanding indebtedness of the district to which it is annexed at the same rates as other property within such district. Unless so provided in the petition and resolution, property within the boundaries of the territory annexed shall not be assessed or taxed to pay for all or any portion of the indebtedness of the district to which it is annexed that was contracted prior to or which existed at the

date of annexation. In no event shall any such annexed property be released from any assessments or taxes previously levied against it or from its existing liability for the payment of outstanding bonds or warrants issued prior to such annexation.

(6) The annexation procedure provided for in ~~((RCW 70.44.200))~~ this section shall be an alternative method of annexation applicable only ((when)) if at the time ((a)) the annexation petition is filed ((pursuant to RCW 70.44.200)) either there are no ((qualified electors)) registered voters residing in the territory proposed to be annexed or the petition is also signed by all of the registered voters residing in the territory proposed to be annexed.

CHAPTER 490

[Substitute Senate Bill 5963]

HIGHWAY DEFICIENCIES—PRIORITY PROGRAMMING OF MULTIMODAL SOLUTIONS

Effective Date: 7/25/93

AN ACT Relating to priority programming of multimodal solutions to address state highway deficiencies; amending RCW 47.05.010, 47.05.021, 47.05.030, 47.05.035, and 47.05.051; adding a new section to chapter 47.05 RCW; and repealing RCW 47.05.040, 47.05.055, 47.05.070, and 47.05.085.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. RCW 47.05.010 and 1969 ex.s. c 39 s 1 are each amended to read as follows:

~~The legislature finds that ((anticipated revenues available for state highways for the foreseeable future will fall substantially short of the amount required to satisfy all of the state highway needs. It is the purpose of this chapter to establish a policy of priority programming for highway development having as its basis the rational selection of projects according to factual need, systematically scheduled to carry out defined objectives within limits of money and manpower, and fixed in advance with reasonable flexibility to meet changed conditions))~~ solutions to state highway deficiencies have become increasingly complex and diverse and that anticipated transportation revenues will fall substantially short of the amount required to satisfy all transportation needs. Difficult investment trade-offs will be required.

It is the intent of the legislature that investment of state transportation funds to address deficiencies on the state highway system be based on a policy of priority programming having as its basis the rational selection of projects and services according to factual need and an evaluation of life cycle costs and

benefits and which are systematically scheduled to carry out defined objectives within available revenue.

The priority programming system shall ensure preservation of the existing state highway system, provide mobility for people and goods, support the state's economy, and promote environmental protection and energy conservation.

The priority programming system shall implement the state-owned highway component of the state-wide multimodal transportation plan, consistent with local and regional transportation plans, by targeting state transportation investment to appropriate multimodal solutions which address identified state highway system deficiencies.

The priority programming system for improvements shall incorporate a broad range of solutions that are identified in the state-wide multimodal transportation plan as appropriate to address state highway system deficiencies including but not limited to highway expansion, efficiency improvements, nonmotorized transportation facilities, high occupancy vehicle facilities, transit facilities and services, rail facilities and services, and transportation demand management programs.

Sec. 2. RCW 47.05.021 and 1987 c 505 s 50 are each amended to read as follows:

(1) The transportation commission is hereby directed to conduct periodic analyses of the entire state highway system, report thereon to the chairs of the transportation committees of the senate and house of representatives, including one copy to the staff of each of the committees, biennially and based thereon, to subdivide, classify, and subclassify according to their function and importance all designated state highways and those added from time to time and periodically review and revise the classifications into the following three functional classes:

(a) The "principal arterial system" shall consist of a connected network of rural arterial routes with appropriate extensions into and through urban areas, including all routes designated as part of the interstate system, which serve corridor movements having travel characteristics indicative of substantial state-wide and interstate travel;

(b) The "minor arterial system" shall, in conjunction with the principal arterial system, form a rural network of arterial routes linking cities and other activity centers which generate long distance travel, and, with appropriate extensions into and through urban areas, form an integrated network providing interstate and interregional service; and

(c) The "collector system" shall consist of routes which primarily serve the more important intercounty, intracounty, and intraurban travel corridors, collect traffic from the system of local access roads and convey it to the arterial system, and on which, regardless of traffic volume, the predominant travel distances are shorter than on arterial routes.

~~(2) ((Those state highways which perform no arterial or collector function, which serve only local access functions, and which lack essential state highway characteristics shall be designated "local access" highways.~~

~~(3))~~) In making the functional classification the transportation commission shall adopt and give consideration to criteria consistent with this section and federal regulations relating to the functional classification of highways, including but not limited to the following:

- (a) Urban population centers within and without the state stratified and ranked according to size;
- (b) Important traffic generating economic activities, including but not limited to recreation, agriculture, government, business, and industry;
- (c) Feasibility of the route, including availability of alternate routes within and without the state;
- (d) Directness of travel and distance between points of economic importance;
- (e) Length of trips;
- (f) Character and volume of traffic;
- (g) Preferential consideration for multiple service which shall include public transportation;

(4) The transportation commission shall designate a freight and goods transportation system. This state-wide system shall include state highways, county roads, and city streets. The commission, in cooperation with cities and counties, shall review and make recommendations to the legislature regarding policies governing weight restrictions and road closures which affect the transportation of freight and goods. The first report is due by December 15, 1993, and biennially thereafter.

Sec. 3. RCW 47.05.030 and 1987 c 179 s 2 are each amended to read as follows:

The transportation commission shall adopt ~~((and periodically revise, after consultation with the legislative transportation committee,))~~ a comprehensive six-year ~~((program and financial plan for highway improvements specifying program objectives for each of the highway categories, "A," "B," "C," and "H," defined in this section, and within the framework of estimated funds for such period. The program and plan shall be based upon the improvement needs for state highways as determined by the department from time to time.~~

~~With such reasonable deviations as may be required to effectively utilize the estimated funds and to adjust to unanticipated delays in programmed projects, the commission shall allocate the estimated funds among the following described categories of highway improvements, so as to carry out the commission's program objectives:~~

~~(1) Category A shall consist of those improvements necessary to sustain the structural, safety, and operational integrity of the existing state highway system (other than improvements to the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations, and improvements designated in subsections (2) through (4) of this section).~~

~~(2) Category B shall consist of improvements for the continued development of the interstate system to be funded with federal aid at the regular interstate rate under federal law and regulations.~~

~~(4) Category H shall consist of those improvements necessary to sustain the structural and operational integrity of existing bridges on the highway system (other than bridges on the interstate system or bridge work included in another category because of its association with a highway project in such category).~~

~~Projects which are financed one hundred percent by federal funds or other agency funds shall, if the commission determines that such work will improve the state highway system, be managed separately from the above categories)) investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. In the specification of investment program objectives and performance measures, the transportation commission, in consultation with the Washington state department of transportation, shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The needs analysis process shall ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. The investment program shall be revised biennially, effective on July 1st of odd-numbered years. The investment program shall be based upon the needs identified in the state-owned highway component of the state-wide multimodal transportation plan as defined in RCW 47.01.071(3).~~

The six-year investment program for improvements shall identify projects for two years and major deficiencies proposed to be addressed in the six-year period giving consideration to relative benefits and life cycle costing.

The transportation commission shall approve and present the comprehensive six-year investment program to the legislature in support of the biennial budget request under RCW 44.40.070 and 44.40.080.

Sec. 4. RCW 47.05.035 and 1987 c 179 s 3 are each amended to read as follows:

~~((1) The transportation commission, in preparing the comprehensive six-year program and financial plan for highway improvements, shall allocate the estimated funds among categories A, B, C, and H))~~ In developing program objectives and performance measures, the transportation commission shall evaluate investment trade-offs between the preservation and improvement programs. In making these investment trade-offs, the commission shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.

The commission shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:

~~((a))~~ (1) The relative needs in each of the ((categories of improvements)) programs and the system performance levels that can be achieved by meeting these needs;

~~((b))~~ (2) The need to provide adequate funding for ((category A improvements)) preservation to protect the state's investment in its existing highway system;

~~((c))~~ (3) The continuity of future ((highway)) transportation development ((of all categories of improvements)) with those improvements previously programmed; and

~~((d))~~ (4) The availability of ((special categories of federal)) dedicated funds for a specific type of work.

Sec. 2. RCW 82.44.150 and 1991 c 309 s 5 and 1991 c 199 s 222 are each reenacted and amended to read as follows:

(1) The director of licensing shall, on the twenty-fifth day of February, May, August, and November of each year, advise the state treasurer of the total amount of motor vehicle excise taxes imposed by RCW 82.44.020 (1) and (2) remitted to the department during the preceding calendar quarter ending on the last day of March, June, September, and December, respectively, except for those payable under RCW 82.44.030, from motor vehicle owners residing within each municipality which has levied a tax under RCW 35.58.273, which amount of excise taxes shall be determined by the director as follows:

The total amount of motor vehicle excise taxes remitted to the department, except those payable under RCW 82.44.020(3) and 82.44.030, from each county shall be multiplied by a fraction, the numerator of which is the population of the municipality residing in such county, and the denominator of which is the total population of the county in which such municipality or portion thereof is located. The product of this computation shall be the amount of excise taxes from motor vehicle owners residing within such municipality or portion thereof. Where the municipality levying a tax under RCW 35.58.273 is located in more than one county, the above computation shall be made by county, and the combined products shall provide the total amount of motor vehicle excise taxes from motor vehicle owners residing in the municipality as a whole. Population figures required for these computations shall be supplied to the director by the office of financial management, who shall adjust the fraction annually.

(2) On the first day of the months of January, April, July, and October of each year, the state treasurer based upon information provided by the department shall, from motor vehicle excise taxes deposited in the general fund, under RCW ~~((82.44.110(7)))~~ 82.44.110(1)(g), make the following deposits:

(a) To the high capacity transportation account created in RCW 47.78.010, a sum equal to four and five-tenths percent of the special excise tax levied under RCW 35.58.273 by those municipalities authorized to levy a special excise tax within (i) each county with a population of two hundred ten thousand or more and (ii) each county with a population of from one hundred twenty-five thousand to less than two hundred ten thousand except for those counties that do not border a county with a population as described in subsection (i) of this subsection;

(b) To the central Puget Sound public transportation account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within a county with a population of one million or more and a county with a population of from two hundred thousand to less than one million bordering a county with a population of one million or more, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(b) applies; however, any transfer under this subsection (2)(b) must be greater than zero;

(c) To the public transportation systems account created in RCW 82.44.180, for revenues distributed after December 31, 1992, within counties not described in (b) of this subsection, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and collect at a tax rate of .815 percent and been able to match with locally generated tax revenues, other than the excise tax imposed under RCW 35.58.273, budgeted for any public transportation purpose. Before this deposit, the sum shall be reduced by an amount equal to the amount distributed under (a) of this subsection for each of the municipalities within the counties to which this subsection (2)(c) applies; however, any transfer under this subsection (2)(c) must be greater than zero; and

(d) To the ~~((transportation))~~ general fund ~~((created in RCW 82.44.180))~~, for revenues distributed after June 30, ~~((1994))~~ 1993, and to the transportation fund, for revenues distributed after June 30, 1995, a sum equal to the difference between (i) the special excise tax levied and collected under RCW 35.58.273 by those municipalities authorized to levy and collect a special excise tax subject to the requirements of subsections (3) and (4) of this section and (ii) the special excise tax that the municipality would otherwise have been eligible to levy and

collect at a tax rate of .815 percent notwithstanding the requirements set forth in subsections (3) through (6) of this section, reduced by an amount equal to distributions made under (a), (b), and (c) of this subsection.

(3) On the first day of the months of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, shall remit motor vehicle excise tax revenues imposed and collected under RCW 35.58.273 as follows:

(a) The amount required to be remitted by the state treasurer to the treasurer of any municipality levying the tax shall not exceed in any calendar year the amount of locally-generated tax revenues, excluding the excise tax imposed under RCW 35.58.273 for the purposes of this section, which shall have been budgeted by the municipality to be collected in such calendar year for any public transportation purposes including but not limited to operating costs, capital costs, and debt service on general obligation or revenue bonds issued for these purposes; and

(b) In no event may the amount remitted in a single calendar quarter exceed the amount collected on behalf of the municipality under RCW 35.58.273 during the calendar quarter next preceding the immediately preceding quarter.

(4) At the close of each calendar year accounting period, but not later than April 1, each municipality that has received motor vehicle excise taxes under subsection (3) of this section shall transmit to the director of licensing and the state auditor a written report showing by source the previous year's budgeted tax revenues for public transportation purposes as compared to actual collections. Any municipality that has not submitted the report by April 1 shall cease to be eligible to receive motor vehicle excise taxes under subsection (3) of this section until the report is received by the director of licensing. If a municipality has received more or less money under subsection (3) of this section for the period covered by the report than it is entitled to receive by reason of its locally-generated collected tax revenues, the director of licensing shall, during the next ensuing quarter that the municipality is eligible to receive motor vehicle excise tax funds, increase or decrease the amount to be remitted in an amount equal to the difference between the locally-generated budgeted tax revenues and the locally-generated collected tax revenues. In no event may the amount remitted for a calendar year exceed the amount collected on behalf of the municipality under RCW 35.58.273 during that same calendar year. At the time of the next fiscal audit of each municipality, the state auditor shall verify the accuracy of the report submitted and notify the director of licensing of any discrepancies.

(5) The motor vehicle excise taxes imposed under RCW 35.58.273 and required to be remitted under this section shall be remitted without legislative appropriation.

(6) Any municipality levying and collecting a tax under RCW 35.58.273 which does not have an operating, public transit system or a contract for public transportation services in effect within one year from the initial effective date of

the tax shall return to the state treasurer all motor vehicle excise taxes received under subsection (3) of this section.

PART I. FINDINGS, GOALS, AND INTENT

NEW SECTION. Sec. 101. FINDINGS. The legislature finds that our health and financial security are jeopardized by our ever increasing demand for health care and by current health insurance and health system practices. Current health system practices encourage public demand for unneeded, ineffective, and sometimes dangerous health treatments. These practices often result in unaffordable cost increases that far exceed ordinary inflation for essential care. Current total health care expenditure rates should be sufficient to provide access to essential health care interventions to all within a reformed, efficient system.

The legislature finds that too many of our state's residents are without health insurance, that each year many individuals and families are forced into poverty because of serious illness, and that many must leave gainful employment to be eligible for publicly funded medical services. Additionally, thousands of citizens are at risk of losing adequate health insurance, have had insurance canceled recently, or cannot afford to renew existing coverage.

The legislature finds that businesses find it difficult to pay for health insurance and remain competitive in a global economy, and that individuals, the poor, and small businesses bear an inequitable health insurance burden.

The legislature finds that persons of color have significantly higher rates of mortality and poor health outcomes, and substantially lower numbers and percentages of persons covered by health insurance than the general population. It is intended that chapter . . . , Laws of 1993 (this act) make provisions to address the special health care needs of these racial and ethnic populations in order to improve their health status.

The legislature finds that uncontrolled demand and expenditures for health care are eroding the ability of families, businesses, communities, and governments to invest in other enterprises that promote health, maintain independence, and ensure continued economic welfare. Housing, nutrition, education, and the environment are all diminished as we invest ever increasing shares of wealth in health care treatments.

The legislature finds that while immediate steps must be taken, a long-term plan of reform is also needed.

NEW SECTION. Sec. 102. LEGISLATIVE INTENT AND GOALS. (1) The legislature intends that state government policy stabilize health services costs, assure access to essential services for all residents, actively address the health care needs of persons of color, improve the public's health, and reduce unwarranted health services costs to preserve the viability of nonhealth care businesses.

(2) The legislature intends that:

(a) Total health services costs be stabilized and kept within rates of increase similar to the rates of personal income growth within a publicly regulated, private marketplace that preserves personal choice;

(b) State residents be enrolled in the certified health plan of their choice that meets state standards regarding affordability, accessibility, cost-effectiveness, and clinical efficaciousness;

(c) State residents be able to choose health services from the full range of health care providers, as defined in section 402(12) of this act, in a manner consistent with good health services management, quality assurance, and cost effectiveness;

(d) Individuals and businesses have the option to purchase any health services they may choose in addition to those included in the uniform benefits package or supplemental benefits;

(e) All state residents, businesses, employees, and government participate in payment for health services, with total costs to individuals on a sliding scale based on income to encourage efficient and appropriate utilization of services;

(f) These goals be accomplished within a reformed system using private service providers and facilities in a way that allows consumers to choose among competing plans operating within budget limits and other regulations that promote the public good; and

(g) A policy of coordinating the delivery, purchase, and provision of health services among the federal, state, local, and tribal governments be encouraged and accomplished by chapter . . . , Laws of 1993 (this act).

(3) Accordingly, the legislature intends that chapter . . . , Laws of 1993 (this act) provide both early implementation measures and a process for overall reform of the health services system.

PART II. EARLY IMPLEMENTATION MEASURES

A. BASIC HEALTH PLAN EXPANSION

NEW SECTION. **Sec. 201.** A new section is added to chapter 70.47 RCW to read as follows:

TRANSFER OF POWER AND DUTIES TO WASHINGTON STATE HEALTH CARE AUTHORITY. The powers, duties, and functions of the Washington basic health plan are hereby transferred to the Washington state health care authority. All references to the administrator of the Washington basic health plan in the Revised Code of Washington shall be construed to mean the administrator of the Washington state health care authority.

NEW SECTION. **Sec. 202.** **TRANSFER OF RECORDS, EQUIPMENT, FUNDS.** All reports, documents, surveys, books, records, files, papers, or written material in the possession of the Washington basic health plan shall be delivered to the custody of the Washington state health care authority. All cabinets, furniture, office equipment, motor vehicles, and other tangible property used by the Washington basic health plan shall be made available to the Washington state health care authority. All funds, credits, or other assets held by the Washington basic health plan shall be assigned to the Washington state health care authority.

Any appropriations made to the Washington basic health plan shall, on the effective date of this section, be transferred and credited to the Washington state health care authority. At no time may those funds in the basic health plan trust account, any funds appropriated for the subsidy of any enrollees, or any premium payments or other sums made or received on behalf of any enrollees in the basic health plan be commingled with any appropriated funds designated or intended for the purposes of providing health care coverage to any state or other public employees.

Whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files, equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the director of financial management shall make a determination as to the proper allocation and certify the same to the state agencies concerned.

NEW SECTION. Sec. 203. TRANSFER OF EMPLOYEES. All employees of the Washington basic health plan are transferred to the jurisdiction of the Washington state health care authority. All employees classified under chapter 41.06 RCW, the state civil service law, are assigned to the Washington state health care authority to perform their usual duties upon the same terms as formerly, without any loss of rights, subject to any action that may be appropriate thereafter in accordance with the laws and rules governing state civil service.

NEW SECTION. Sec. 204. RULES AND BUSINESS. All rules and all pending business before the Washington basic health plan shall be continued and acted upon by the Washington state health care authority. All existing contracts and obligations shall remain in full force and shall be performed by the Washington state health care authority.

NEW SECTION. Sec. 205. VALIDITY OF PRIOR ACTS. The transfer of the powers, duties, functions, and personnel of the Washington basic health plan shall not affect the validity of any act performed prior to the effective date of this section.

NEW SECTION. Sec. 206. APPORTIONMENT OF BUDGETED FUNDS. If apportionments of budgeted funds are required because of the transfers directed by sections 201 through 205 of this act, the director of financial management shall certify the apportionments to the agencies affected, the state auditor, and the state treasurer. Each of these shall make the appropriate transfer and adjustments in funds and appropriation accounts and equipment records in accordance with the certification.

NEW SECTION. Sec. 207. COLLECTIVE BARGAINING. Nothing contained in sections 201 through 206 of this act may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified by action of the personnel board as provided by law.

Sec. 208. RCW 70.47.010 and 1987 1st ex.s. c 5 s 3 are each amended to read as follows:

BASIC HEALTH PLAN—FINDINGS. (1) The legislature finds that:

(a) A significant percentage of the population of this state does not have reasonably available insurance or other coverage of the costs of necessary basic health care services;

(b) This lack of basic health care coverage is detrimental to the health of the individuals lacking coverage and to the public welfare, and results in substantial expenditures for emergency and remedial health care, often at the expense of health care providers, health care facilities, and all purchasers of health care, including the state; and

(c) The use of managed health care systems has significant potential to reduce the growth of health care costs incurred by the people of this state generally, and by low-income pregnant women (~~((who are an especially vulnerable population, along with their children)),~~ and at-risk children and adolescents who need greater access to managed health care.

(2) The purpose of this chapter is to provide or make more readily available necessary basic health care services in an appropriate setting to working persons and others who lack coverage, at a cost to these persons that does not create barriers to the utilization of necessary health care services. To that end, this chapter establishes a program to be made available to those residents (~~((under sixty-five years of age))~~ not (~~((otherwise))~~ eligible for medicare (~~((with gross family income at or below two hundred percent of the federal poverty guidelines))~~) who share in a portion of the cost or who pay the full cost of receiving basic health care services from a managed health care system.

(3) It is not the intent of this chapter to provide health care services for those persons who are presently covered through private employer-based health plans, nor to replace employer-based health plans. However, the legislature recognizes that cost-effective and affordable health plans may not always be available to small business employers. Further, it is the intent of the legislature to expand, wherever possible, the availability of private health care coverage and to discourage the decline of employer-based coverage.

(4) (~~((The program authorized under this chapter is strictly limited in respect to the total number of individuals who may be allowed to participate and the specific areas within the state where it may be established. All such restrictions or limitations shall remain in full force and effect until quantifiable evidence based upon the actual operation of the program, including detailed cost-benefit analysis, has been presented to the legislature and the legislature, by specific act at that time, may then modify such limitations.))~~)

(a) It is the purpose of this chapter to acknowledge the initial success of this program that has (i) assisted thousands of families in their search for affordable health care; (ii) demonstrated that low-income, uninsured families are willing to pay for their own health care coverage to the extent of their ability to pay; and

(iii) proved that local health care providers are willing to enter into a public-private partnership as a managed care system.

(b) As a consequence, the legislature intends to extend an option to enroll to certain citizens above two hundred percent of the federal poverty guidelines within the state who reside in communities where the plan is operational and who collectively or individually wish to exercise the opportunity to purchase health care coverage through the basic health plan if the purchase is done at no cost to the state. It is also the intent of the legislature to allow employers and other financial sponsors to financially assist such individuals to purchase health care through the program so long as such purchase does not result in a lower standard of coverage for employees.

(c) The legislature intends that, to the extent of available funds, the program be available throughout Washington state to subsidized and nonsubsidized enrollees. It is also the intent of the legislature to enroll subsidized enrollees first, to the maximum extent feasible.

(d) The legislature directs that the basic health plan administrator identify enrollees who are likely to be eligible for medical assistance and assist these individuals in applying for and receiving medical assistance. The administrator and the department of social and health services shall implement a seamless system to coordinate eligibility determinations and benefit coverage for enrollees of the basic health plan and medical assistance recipients.

Sec. 209. RCW 70.47.020 and 1987 1st ex.s. c 5 s 4 are each amended to read as follows:

BASIC HEALTH PLAN—DEFINITIONS. As used in this chapter:

(1) "Washington basic health plan" or "plan" means the system of enrollment and payment on a prepaid capitated basis for basic health care services, administered by the plan administrator through participating managed health care systems, created by this chapter.

(2) "Administrator" means the Washington basic health plan administrator, who also holds the position of administrator of the Washington state health care authority.

(3) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, on a prepaid capitated basis to a defined patient population enrolled in the plan and in the managed health care system. On and after July 1, 1995, "managed health care system" means a certified health plan, as defined in section 402 of this act.

(4) "Subsidized enrollee" means an individual, or an individual plus the individual's spouse ~~((and/or))~~ or dependent children, ~~((all under the age of sixty-five and))~~ not ~~((otherwise))~~ eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, whose gross family income at the time of enrollment does not exceed twice the federal

poverty level as adjusted for family size and determined annually by the federal department of health and human services, who the administrator determines at the time of application does not have health insurance more comprehensive than that offered by the plan, and who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan.

(5) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children, not eligible for medicare, who resides in an area of the state served by a managed health care system participating in the plan, who the administrator determines at the time of application does not have health insurance more comprehensive than that offered by the plan, who chooses to obtain basic health care coverage from a particular managed health care system, and who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

(6) "Subsidy" means the difference between the amount of periodic payment the administrator makes (~~(, from funds appropriated from the basic health plan trust account,)~~) to a managed health care system on behalf of (~~(an)~~) a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

~~((6))~~ (7) "Premium" means a periodic payment, based upon gross family income (~~(and determined under RCW 70.47.060(2),)~~) which an (~~enrollee~~) individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee or a nonsubsidized enrollee.

~~((7))~~ (8) "Rate" means the per capita amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized and nonsubsidized enrollees in the plan and in that system.

Sec. 210. RCW 70.47.030 and 1992 c 232 s 907 are each amended to read as follows:

ACCOUNTS. (1) The basic health plan trust account is hereby established in the state treasury. ~~((AH))~~ Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan. ~~((After July 1, 1993, the administrator shall not expend or encumber for an ensuing fiscal period amounts exceeding ninety-five percent of the amount anticipated to be spent for purchased services during the fiscal year.))~~

(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due from or on behalf of nonsubsidized enrollees shall be deposited into the account. Funds in the account

shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The administrator shall take every precaution to see that none of the funds in the separate accounts created in this section or that any premiums paid either by subsidized or nonsubsidized enrollees are commingled in any way, except that the administrator may combine funds designated for administration of the plan into a single administrative account.

Sec. 211. RCW 70.47.040 and 1987 1st ex.s. c 5 s 6 are each amended to read as follows:

BASIC HEALTH PLAN—PROGRAM WITHIN STATE HEALTH CARE AUTHORITY. (1) The Washington basic health plan is created as ~~((an independent agency of the state))~~ a program within the Washington state health care authority. The administrative head and appointing authority of the plan shall be the administrator ~~((who shall be appointed by the governor, with the consent of the senate, and shall serve at the pleasure of the governor. The salary for this office shall be set by the governor pursuant to RCW 43.03.040))~~ of the Washington state health care authority. The administrator shall appoint a medical director. The ~~((administrator,))~~ medical director(,) and up to five other employees of the plan shall be exempt from the civil service law, chapter 41.06 RCW.

(2) The administrator shall employ such other staff as are necessary to fulfill the responsibilities and duties of the administrator, such staff to be subject to the civil service law, chapter 41.06 RCW. In addition, the administrator may contract with third parties for services necessary to carry out its activities where this will promote economy, avoid duplication of effort, and make best use of available expertise. Any such contractor or consultant shall be prohibited from releasing, publishing, or otherwise using any information made available to it under its contractual responsibility without specific permission of the plan. The administrator may call upon other agencies of the state to provide available information as necessary to assist the administrator in meeting its responsibilities under this chapter, which information shall be supplied as promptly as circumstances permit.

(3) The administrator may appoint such technical or advisory committees as he or she deems necessary. The administrator shall appoint a standing technical advisory committee that is representative of health care professionals, health care providers, and those directly involved in the purchase, provision, or delivery of health care services, as well as consumers and those knowledgeable of the ethical issues involved with health care public policy. Individuals appointed to any technical or other advisory committee shall serve without compensation for their services as members, but may be reimbursed for their travel expenses pursuant to RCW 43.03.050 and 43.03.060.

(4) The administrator may apply for, receive, and accept grants, gifts, and other payments, including property and service, from any governmental or other public or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects relating to health care costs and access to health care.

(5) ~~((In the design, organization, and administration of the plan under this chapter, the administrator shall consider the report of the Washington health care project commission established under chapter 303, Laws of 1986. Nothing in this chapter requires the administrator to follow any specific recommendation contained in that report except as it may also be included in this chapter or other law))~~ Whenever feasible, the administrator shall reduce the administrative cost of operating the program by adopting joint policies or procedures applicable to both the basic health plan and employee health plans.

Sec. 212. RCW 70.47.060 and 1992 c 232 s 908 are each amended to read as follows:

ADMINISTRATOR'S POWERS AND DUTIES. The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care, which subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, ~~((for the period ending June 30, 1993,))~~ with respect to coverage for groups of subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for ~~((prenatal or postnatal))~~ such services ~~((that are provided under the medical assistance program under chapter 74.09 RCW))~~ except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider ~~((or except to provide any such services associated with pregnancies diagnosed by the managed care provider before July 1, 1992))~~. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.42.080, and such other factors as the administrator deems appropriate. On and after July 1, 1995, the uniform benefits package adopted and from time to time revised by the Washington health services commission pursuant to section 449 of this act shall be implemented by the administrator as

the schedule of covered basic health care services. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that the services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size ((as well as)) and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (9) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (10) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the appropriate premium tax as provided by law.

(c) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator, but in no case shall the payment made on behalf of the enrollee exceed the total premiums due from the enrollee.

(3) To design and implement a structure of ((nominal)) copayments due a managed health care system from subsidized and nonsubsidized enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services. On and after July 1, 1995, the administrator shall endeavor to make the copayments structure of the plan consistent with enrollee point of service cost-sharing levels adopted by the Washington health services commission, giving consideration to funding available to the plan.

(4) ((To design and implement, in concert with a sufficient number of potential providers in a discrete area, an enrollee financial participation structure, separate from that otherwise established under this chapter, that has the following characteristics:

(a) Nominal premiums that are based upon ability to pay, but not set at a level that would discourage enrollment;

(b) A modified fee for services payment schedule for providers;

~~(c) Coinsurance rates that are established based on specific service and procedure costs and the enrollee's ability to pay for the care. However, coinsurance rates for families with incomes below one hundred twenty percent of the federal poverty level shall be nominal. No coinsurance shall be required for specific proven prevention programs, such as prenatal care. The coinsurance rate levels shall not have a measurable negative effect upon the enrollee's health status; and~~

~~(d) A case management system that fosters a provider-enrollee relationship whereby, in an effort to control cost, maintain or improve the health status of the enrollee, and maximize patient involvement in her or his health care decision-making process, every effort is made by the provider to inform the enrollee of the cost of the specific services and procedures and related health benefits.~~

~~The potential financial liability of the plan to any such providers shall not exceed in the aggregate an amount greater than that which might otherwise have been incurred by the plan on the basis of the number of enrollees multiplied by the average of the prepaid capitated rates negotiated with participating managed health care systems under RCW 70.47.100 and reduced by any sums charged enrollees on the basis of the coinsurance rates that are established under this subsection.~~

~~(5)) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists.~~

(5) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020.

(6) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

~~(In the selection of any area of the state for the initial operation of the plan, the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.~~

~~Before July 1, 1988, the administrator shall endeavor to secure participation contracts with managed health care systems in discrete geographic areas within at least five congressional districts.)~~

(7) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules

or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(8) To receive periodic premiums from or on behalf of subsidized and nonsubsidized enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(9) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized or nonsubsidized enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and at least ~~((annually))~~ semiannually thereafter, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. ~~((An enrollee who remains current in payment of the sliding scale premium, as determined under subsection (2) of this section, and whose gross family income has risen above twice the federal poverty level, may continue enrollment unless and until the enrollee's gross family income has remained above twice the poverty level for six consecutive months, by making payment at the unsubsidized rate required for the managed health care system in which he or she may be enrolled.))~~ No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If, as a result of an eligibility review, the administrator determines that a subsidized enrollee's income exceeds twice the federal poverty level and that the enrollee knowingly failed to inform the plan of such increase in income, the administrator may bill the enrollee for the subsidy paid on the enrollee's behalf during the period of time that the enrollee's income exceeded twice the federal poverty level. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to re-enroll in the plan.

(10) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary

to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator shall require that a business owner pay at least fifty percent of the nonsubsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(11) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

~~((11))~~ (12) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the ~~((administrator))~~ plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

~~((12) To monitor the access that state residents have to adequate and necessary health care services, determine the extent of any unmet needs for such services or lack of access that may exist from time to time, and make such reports and recommendations to the legislature as the administrator deems appropriate.))~~

(13) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(14) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(15) To provide, consistent with available ~~((resources, technical))~~ funding, assistance for rural ~~((health activities that endeavor to develop needed health care~~

services in rural parts of the state)) residents, underserved populations, and persons of color.

Sec. 213. RCW 70.47.080 and 1987 1st ex.s. c 5 s 10 are each amended to read as follows:

ENROLLMENT. On and after July 1, 1988, the administrator shall accept for enrollment applicants eligible to receive covered basic health care services from the respective managed health care systems which are then participating in the plan. ~~((The administrator shall not allow the total enrollment of those eligible for subsidies to exceed thirty thousand.))~~

~~Thereafter, total ((enrollment shall not exceed the number established by the legislature in any act appropriating funds to the plan.~~

~~Before July 1, 1988, the administrator shall endeavor to secure participation contracts from managed health care systems in discrete geographic areas within at least five congressional districts of the state and in such manner as to allow residents of both urban and rural areas access to enrollment in the plan. The administrator shall make a special effort to secure agreements with health care providers in one such area that meets the requirements set forth in RCW 70.47.060(4)) subsidized enrollment shall not result in expenditures that exceed the total amount that has been made available by the legislature in any act appropriating funds to the plan. To the extent that new funding is appropriated for expansion, the administrator shall endeavor to secure participation contracts from managed health care systems in geographic areas of the state that are unserved by the plan at the time at which the new funding is appropriated. In the selection of any such areas the administrator shall take into account the levels and rates of unemployment in different areas of the state, the need to provide basic health care coverage to a population reasonably representative of the portion of the state's population that lacks such coverage, and the need for geographic, demographic, and economic diversity.~~

The administrator shall at all times closely monitor growth patterns of enrollment so as not to exceed that consistent with the orderly development of the plan as a whole, in any area of the state or in any participating managed health care system. The annual or biennial enrollment limitations derived from operation of the plan under this section do not apply to nonsubsidized enrollees as defined in RCW 70.47.020(5).

Such coverage may be provided by contracts with private carriers, with the state

health care authority after July 1, 1990, pursuant to the approval of the authority administrator, or through self-insurance or self-funding pursuant to chapter 48.62 RCW, or in any other manner authorized by law. The school district board of directors may require any student participating in extracurricular interschool activities to, as a condition of participation, document evidence of insurance or purchase insurance that will provide adequate coverage, as determined by the school district board of directors, for medical expenses incurred as a result of injury sustained while participating in the extracurricular activity. (a) Require that a public agency that provides subsidies for a substantial portion of services now covered under the basic health plan or a uniform benefits package as adopted by the Washington health services commission as provided in section 449 of this act, use uniform eligibility processes, insofar as may be possible, and ensure that multiple eligibility determinations are not required;

(b) Require that a health care provider or a health care facility that receives funds from a public program provide care to state residents receiving a state subsidy who may wish to receive care from them consistent with the provisions of chapter . . . , Laws of 1993 (this act), and that a health maintenance organization, health care service contractor, insurer, or certified health plan that receives funds from a public program accept enrollment from state residents receiving a state subsidy who may wish to enroll with them under the provisions of chapter . . . , Laws of 1993 (this act);

(c) Strive to integrate purchasing for all publicly sponsored health services in order to maximize the cost control potential and promote the most efficient methods of financing and coordinating services;

NEW SECTION. Sec. 258. STUDY LOCAL GOVERNMENT HEALTH SERVICE DELIVERY. It is hereby requested that the governing authorities of the association of Washington cities, the Washington state association of counties, and the Washington association of county officials jointly initiate a study and develop consensus recommendations regarding implementation of the provisions of sections 234 through 257 of this act. The study and recommendations should at a minimum include consideration of the fiscal impact of these sections on counties, the desirability of maintaining a process whereby city officials can effectively communicate concerns regarding the delivery of public health services to both the counties and the state, the need for larger cities to be able to continue to provide health care services when needed, and other matters as the three associations agree are of substance in the implementation of sections 234 through 257 of this act. This study shall be coordinated with the public health services improvement planning process set forth in section 467 of this act. The agreed upon recommendations shall be presented to the senate health and human services and house of representatives health care committees prior to March 1, 1994.

F. DATA COLLECTION

Sec. 259. RCW 70.170.100 and 1990 c 269 s 12 are each amended to read as follows:

STATE-WIDE DATA SYSTEM—HEALTH SERVICES COMMISSION.

(1) To promote the public interest consistent with the purposes of chapter . . . , Laws of 1993 (this act), the department is responsible for the development, implementation, and custody of a state-wide ((hospital)) health care data system, with policy direction and oversight to be provided by the Washington health services commission. As part of the design stage for development of the system, the department shall undertake a needs assessment of the types of, and format for, ((hospital)) health care data needed by consumers, purchasers, health care payers, ((hospitals)) providers, and state government as consistent with the intent of chapter . . . , Laws of 1993 (this ((chapter)) act). The department shall identify a set of ((hospital)) health care data elements and report specifications which satisfy these needs. The ((council)) Washington health services commission, created by section 403 of this act, shall review the design of the data system and may ((direct the department to)) establish a technical advisory committee on health data and may, if deemed cost-effective and efficient, recommend that the

department contract with a private vendor for assistance in the design of the data system or for any part of the work to be performed under this section. The data elements, specifications, and other ((design)) distinguishing features of this data system shall be made available for public review and comment and shall be published, with comments, as the department's first data plan by ((January 1, 1990)) July 1, 1994.

(2) Subsequent to the initial development of the data system as published as the department's first data plan, revisions to the data system shall be considered ((through the department's development of a biennial data plan, as proposed to,)) with the oversight and policy guidance of the Washington health services commission or its technical advisory committee and funded by((;)) the legislature through the biennial appropriations process with funds appropriated to the health services account. ((Costs of data activities outside of these data plans except for special studies shall be funded through legislative appropriations.

((3)) In designing the state-wide ((hospital)) health care data system and any data plans, the department shall identify ((hospital)) health care data elements relating to ((both hospital finances)) health care costs, the quality of health care services, the outcomes of health care services, and ((the)) use of ((services by patients)) health care by consumers. Data elements ((relating to hospital finances)) shall be reported ((by hospitals)) as the Washington health services commission directs by reporters in conformance with a uniform ((system of)) reporting ((as specified by the department and shall)) system established by the department, which shall be adopted by reporters. "Reporter" means an individual, hospital, or business entity, required to be registered with the department of revenue for payment of taxes imposed under chapter 82.04 RCW or Title 48 RCW, that is primarily engaged in furnishing or insuring for medical, surgical, and other health services to persons. In the case of hospitals this includes data elements identifying each hospital's revenues, expenses, contractual allowances, charity care, bad debt, other income, total units of inpatient and outpatient services, and other financial information reasonably necessary to fulfill the purposes of chapter . . . , Laws of 1993 (this ((chapter)) act), for hospital activities as a whole and, as feasible and appropriate, for specified classes of hospital purchasers and payers. Data elements relating to use of hospital services by patients shall, at least initially, be the same as those currently compiled by hospitals through inpatient discharge abstracts ((and reported to the Washington state hospital commission)). The commission and the department shall encourage and permit reporting by electronic transmission or hard copy as is practical and economical to reporters.

((4)) (3) The state-wide ((hospital)) health care data system shall be uniform in its identification of reporting requirements for ((hospitals)) reporters across the state to the extent that such uniformity is ((necessary)) useful to fulfill the purposes of chapter . . . , Laws of 1993 (this ((chapter)) act). Data reporting requirements may reflect differences ((in hospital size; urban or rural location; scope, type, and method of providing service; financial structure; or other

~~pertinent distinguishing factors))~~ that involve pertinent distinguishing features as determined by the Washington health services commission by rule. So far as ~~((possible))~~ is practical, the data system shall be coordinated with any requirements of the trauma care data registry as authorized in RCW 70.168.090, the federal department of health and human services in its administration of the medicare program, ~~((and))~~ the state in its role of gathering public health statistics, or any other payer program of consequence so as to minimize any unduly burdensome reporting requirements imposed on ~~((hospitals))~~ reporters.

~~((5))~~ (4) In identifying financial reporting requirements under the state-wide ~~((hospital))~~ health care data system, the department may require both annual reports and condensed quarterly reports from reporters, so as to achieve both accuracy and timeliness in reporting, but shall craft such requirements with due regard of the data reporting burdens of reporters.

~~((6))~~ In designing the initial state-wide hospital data system as published in the department's first data plan, the department shall review all existing systems of hospital financial and utilization reporting used in this state to determine their usefulness for the purposes of this chapter, including their potential usefulness as revised or simplified.

~~(7)~~ Until such time as the state-wide hospital data system and first data plan are developed and implemented and hospitals are able to comply with reporting requirements, the department shall require hospitals to continue to submit the hospital financial and patient discharge information previously required to be submitted to the Washington state hospital commission. Upon publication of the first data plan, hospitals shall have a reasonable period of time to comply with any new reporting requirements and, even in the event that new reporting requirements differ greatly from past requirements, shall comply within two years of July 1, 1989.

~~((8))~~ (5) The ~~((hospital))~~ health care data collected ~~((and))~~ maintained, and studied by the department or the Washington health services commission shall only be available for retrieval in original or processed form to public and private requestors and shall be available within a reasonable period of time after the date of request. The cost of retrieving data for state officials and agencies shall be funded through the state general appropriation. The cost of retrieving data for individuals and organizations engaged in research or private use of data or studies shall be funded by a fee schedule developed by the department which reflects the direct cost of retrieving the data or study in the requested form.

(6) All persons subject to chapter . . . , Laws of 1993 (this act) shall comply with departmental or commission requirements established by rule in the acquisition of data.

Sec. 260. RCW 70.170.110 and 1989 1st ex.s. c 9 s 511 are each amended to read as follows:

HEALTH CARE DATA—STUDIES, ANALYSES, OR REPORTS. The department shall provide, or may contract with a private entity to provide, ~~((hospital))~~ analyses and reports or any studies it chooses to conduct consistent

with the purposes of chapter . . . , Laws of 1993 (this ((chapter)) act), subject to the availability of funds and any policy direction that may be given by the Washington health services commission. ((Prior to release, the department shall provide affected hospitals with an opportunity to review and comment on reports which identify individual hospital data with respect to accuracy and completeness, and otherwise shall focus on aggregate reports of hospital performance.))

These studies, analyses, or reports shall include:

(1) Consumer guides on purchasing ((hospital care services and)) or consuming health care and publications providing verifiable and useful aggregate comparative information to ((consumers on hospitals and hospital services)) the public on health care services, their cost, and the quality of health care providers who participate in certified health plans;

(2) Reports for use by classes of purchasers, who purchase from certified health plans, health care payers, and providers as specified for content and format in the state-wide data system and data plan; ((and))

(3) Reports on relevant ((hospital)) health care policy ((issues)) including the distribution of hospital charity care obligations among hospitals; absolute and relative rankings of Washington and other states, regions, and the nation with respect to expenses, net revenues, and other key indicators; ((hospital)) provider efficiencies; and the effect of medicare, medicaid, and other public health care programs on rates paid by other purchasers of ((hospital)) health care; and

(4) Any other reports the commission or department deems useful to assist the public or purchasers of certified health plans in understanding the prudent and cost-effective use of certified health plan services.

NEW SECTION. Sec. 261. A new section is added to chapter 70.170 RCW to read as follows:

CONFIDENTIALITY OF DATA. (1) Notwithstanding the provisions of chapter 42.17 RCW, any material contained within the state-wide health care data system or in the files of either the department or the Washington health services commission shall be subject to the following limitations: (a) Records obtained, reviewed by, or on file that contain information concerning medical treatment of individuals shall be exempt from public inspection and copying; and (b) any actuarial formulas, statistics, and assumptions submitted by a certified health plan to the commission or department upon request shall be exempt from public inspection and copying in order to preserve trade secrets or prevent unfair competition.

(2) All persons and any public or private agencies or entities whatsoever subject to this chapter shall comply with any requirements established by rule relating to the acquisition or use of health services data and maintain the confidentiality of any information that may, in any manner, identify individual persons.

(3) Data collected pursuant to sections 262 and 263 of this act shall be used solely for the health care reform provisions of chapter . . . , Laws of 1993 (this

act). The department shall ensure that the enrollee identifier used will employ the highest available standards for accuracy and uniqueness.

(4) Nothing in this section shall impede an enrollee's access to her or his health care records as provided in chapter 70.02 RCW.

NEW SECTION. Sec. 262. A new section is added to chapter 70.170 RCW to read as follows:

HEALTH SERVICES COMMISSION ACCESS TO DATA. The Washington health services commission shall have access to all health data available to the secretary of health. To the extent possible, the commission shall use existing data systems and coordinate among existing agencies. The department of health shall be the designated depository agency for all health data collected pursuant to chapter . . . , Laws of 1993 (this act). The following data sources shall be developed or made available:

(1) The commission shall coordinate with the secretary of health to utilize data collected by the state center for health statistics, including hospital charity care and related data, rural health data, epidemiological data, ethnicity data, social and economic status data, and other data relevant to the commission's responsibilities.

(2) The commission, in coordination with the department of health and the health science programs of the state universities shall develop procedures to analyze clinical and other health services outcome data, and conduct other research necessary for the specific purpose of assisting in the design of the uniform benefits package under chapter . . . , Laws of 1993 (this act).

(3) The commission shall establish cost data sources and shall require each certified health plan to provide the commission and the department of health with enrollee care and cost information, to include, but not be limited to: (a) Enrollee identifier, including date of birth, sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health care services or procedures provided; (e) provider charges, if any; and (f) amount paid. The department shall establish by rule confidentiality standards to safeguard the information from inappropriate use or release.

(4) The commission shall coordinate with the area Indian health service, reservation Indian health service units, tribal clinics, and any urban Indian health service organizations the design, development, implementation, and maintenance of an American Indian-specific health data, statistics information system. The commission rules regarding the confidentiality to safeguard the information from inappropriate use or release shall apply.

NEW SECTION. Sec. 263. A new section is added to chapter 70.170 RCW to read as follows:

PERSONAL HEALTH SERVICES DATA AND INFORMATION SYSTEM. (1) The department is responsible for the implementation and custody of a state-wide personal health services data and information system. The data elements, specifications, and other design features of this data system shall be consistent with criteria adopted by the Washington health services commission.

The department shall provide the commission with reasonable assistance in the development of these criteria, and shall provide the commission with periodic progress reports related to the implementation of the system or systems related to those criteria.

(2) The department shall coordinate the development and implementation of the personal health services data and information system with related private activities and with the implementation activities of the data sources identified by the commission. Data shall include: (a) Enrollee identifier, including date of birth, sex, and ethnicity; (b) provider identifier; (c) diagnosis; (d) health services or procedures provided; (e) provider charges, if any; and (f) amount paid. NEW SECTION. Sec. 264. HEALTH CARE ENTITY REPORTING REQUIREMENTS. The commission shall determine, by January 1, 1995, the necessity, if any, of reporting requirements by the following health care entities: Health care providers, health care facilities, insuring entities, and certified health plans. The reporting requirements, if any, shall be for the purposes of determining whether the health care system is operating as efficiently as possible. Information reported pursuant to this section shall be made available to interested parties upon request. The commission shall report its findings to the legislature by January 1, 1995.

G. DISCLOSURE OF HOSPITAL, NURSING HOME, AND PHARMACY CHARGES

NEW SECTION. Sec. 265. A new section is added to chapter 70.41 RCW to read as follows:

SPIRALING COSTS—HOSPITALS. (1) The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making physicians and other health care providers with hospital admitting privileges more aware of the cost consequences of health care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial hospital services, with a potential for reducing the utilization of those services. The requirement of the hospital to inform physicians and other health care providers of the charges of the health care services that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

(2) The chief executive officer of a hospital licensed under this chapter and the superintendent of a state hospital shall establish and maintain a procedure for

disclosing to physicians and other health care providers with admitting privileges the charges of all health care services ordered for their patients. Copies of hospital charges shall be made available to any physician and/or other health care provider ordering care in hospital inpatient/outpatient services. The physician and/or other health care provider may inform the patient of these charges and may specifically review them. Hospitals are also directed to study methods for making daily charges available to prescribing physicians through the use of interactive software and/or computerized information thereby allowing physicians and other health care providers to review not only the costs of present and past services but also future contemplated costs for additional diagnostic studies and therapeutic medications.

NEW SECTION. Sec. 266. A new section is added to chapter 18.68 RCW to read as follows:

SPIRALING COSTS—PRESCRIPTION MEDICATIONS. The legislature finds that the spiraling costs of health care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. One of the fastest growing segments of the health care expenditure involves prescription medications. By making physicians and other health care providers with prescriptive authority more aware of the cost consequences of health care treatments for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial drug and medication treatments. The requirement of the pharmacy to inform physicians and other health care providers of the charges of prescription drugs and medications that they order may have a positive effect on containing health costs. Further, the option of the physician or other health care provider to inform the patient of these charges may strengthen the necessary dialogue in the provider-patient relationship that tends to be diminished by intervening third-party payers.

NEW SECTION. Sec. 267. A new section is added to chapter 18.68 RCW to read as follows:

COST OF PRESCRIPTIVE MEDICATIONS. The registered or licensed pharmacist of this chapter shall establish and maintain a procedure for disclosing to physicians and other health care providers with prescriptive authority information detailed by prescriber, of the cost and dispensation of all prescriptive medications prescribed by him or her for his or her patients on request. These charges should be made available on at least a quarterly basis for all requested patients and should include medication, dosage, number dispensed, and the cost of the prescription. Pharmacies may provide this information in a summary form for each prescribing physician for all patients rather than as individually itemized reports. All efforts should be made to utilize the existing computerized records and software to provide this information in the least costly format.

NEW SECTION. Sec. 268. A new section is added to chapter 18.51 RCW to read as follows:

SPIRALING COSTS—NURSING HOMES. (1) The legislature finds that the spiraling costs of nursing home care continue to surmount efforts to contain them, increasing at approximately twice the inflationary rate. The causes of this phenomenon are complex. By making nursing home facilities and care providers more aware of the cost consequences of care services for consumers, these providers may be inclined to exercise more restraint in providing only the most relevant and cost-beneficial services and care, with a potential for reducing the utilization of those services. The requirement of the nursing home to inform physicians, consumers, and other care providers of the charges of the services that they order may have a positive effect on containing health costs.

(2) All nursing home administrators in facilities licensed under this chapter shall be required to develop and maintain a written procedure for disclosing patient charges to attending physicians with admitting privileges. The nursing home administrator shall have the capability to provide an itemized list of the charges for all health care services that may be ordered by a physician. The information shall be made available on request of consumers, or the physicians or other appropriate health care providers responsible for prescribing care.

H. HEALTH PROFESSIONAL SHORTAGES

NEW SECTION. **Sec. 269.** **LEGISLATIVE INTENT.** The legislature finds that the successful implementation of health care reform will depend on a sufficient supply of primary health care providers throughout the state. Many rural and medically underserved urban areas lack primary health care providers and because of this, basic health care services are limited or unavailable to populations living in these areas. The legislature has in recent years initiated new programs to address these provider shortages but funding has been insufficient and additional specific provider shortages remain.

Sec. 270. RCW 28B.125.010 and 1991 c 332 s 5 are each amended to read as follows:

STATE-WIDE HEALTH PERSONNEL RESOURCE PLAN—PERSONS OF COLOR—INDIAN HEALTH. (1) The higher education coordinating board, the state board for community (~~college education~~) and technical colleges, the superintendent of public instruction, the state department of health, the Washington health services commission, and the state department of social and health services, to be known for the purposes of this section as the committee, shall establish a state-wide health personnel resource plan. The governor shall appoint a lead agency from one of the agencies on the committee.

In preparing the state-wide plan the committee shall consult with the training and education institutions affected by this chapter, health care providers, employers of health care providers, insurers, consumers of health care, and other appropriate entities.

Should a successor agency or agencies be authorized or created by the legislature with planning, coordination, or administrative authority over vocational-technical schools, community colleges, or four-year higher education

institutions, the governor shall grant membership on the committee to such agency or agencies and remove the member or members it replaces.

The committee shall appoint subcommittees for the purpose of assisting in the development of the institutional plans required under this chapter. Such subcommittees shall at least include those committee members that have statutory responsibility for planning, coordination, or administration of the training and education institutions for which the institutional plans are being developed. In preparing the institutional plans for four-year institutes of higher education, the subcommittee shall be composed of at least the higher education coordinating board and the state's four-year higher education institutions. The appointment of subcommittees to develop portions of the state-wide plan shall not relinquish the committee's responsibility for assuring overall coordination, integration, and consistency of the state-wide plan.

In establishing and implementing the state-wide health personnel resource plan the committee shall, to the extent possible, utilize existing data and information, personnel, equipment, and facilities and shall minimize travel and take such other steps necessary to reduce the administrative costs associated with the preparation and implementation of the plan.

(2) The state-wide health resource plan shall include at least the following:

(a)(i) Identification of the type, number, and location of the health care professional work force necessary to meet health care needs of the state.

(ii) A description and analysis of the composition and numbers of the potential work force available for meeting health care service needs of the population to be used for recruitment purposes. This should include a description of the data, methodology, and process used to make such determinations.

(b) A centralized inventory of the numbers of student applications to higher education and vocational-technical training and education programs, yearly enrollments, yearly degrees awarded, and numbers on waiting lists for all the state's publicly funded health care training and education programs. The committee shall request similar information for incorporation into the inventory from private higher education and vocational-technical training and education programs.

(c) A description of state-wide and local specialized provider training needs to meet the health care needs of target populations and a plan to meet such needs in a cost-effective and accessible manner.

(d) A description of how innovative, cost-effective technologies such as telecommunications can and will be used to provide higher education, vocational-technical, continued competency, and skill maintenance and enhancement education and training to placebound students who need flexible programs and who are unable to attend institutions for training.

(e) A strategy for assuring higher education and vocational-technical educational and training programming is sensitive to the changing work force such as reentry workers, women, minorities, and the disabled.

(f) Strategies to increase the number of persons of color in the health professions. Such strategies shall incorporate, to the extent possible, federal and state assistance programs for health career development, including those for American Indians, economically disadvantaged persons, physically challenged persons, and persons of color.

(g) A strategy and coordinated state-wide policy developed by the subcommittees authorized in subsection (1) of this section for increasing the number of graduates intending to serve in shortage areas after graduation, including such strategies as the establishment of preferential admissions and designated enrollment slots.

~~((g))~~ (h) Guidelines and policies developed by the subcommittees authorized in subsection (1) of this section for allowing academic credit for on-the-job experience such as internships, volunteer experience, apprenticeships, and community service programs.

~~((h))~~ (i) A strategy developed by the subcommittees authorized in subsection (1) of this section for making required internships and residency programs available that are geographically accessible and sufficiently diverse to meet both general and specialized training needs as identified in the plan when such programs are required.

~~((i))~~ (j) A description of the need for multiskilled health care professionals and an implementation plan to restructure educational and training programming to meet these needs.

~~((j))~~ (k) An analysis of the types and estimated numbers of health care personnel that will need to be recruited from out-of-state to meet the health professional needs not met by in-state trained personnel.

~~((k))~~ (l) An analysis of the need for educational articulation within the various health care disciplines and a plan for addressing the need.

~~((l))~~ (m) An analysis of the training needs of those members of the long-term care profession that are not regulated and that have no formal training requirements. Programs to meet these needs should be developed in a cost-effective and a state-wide accessible manner that provide for the basic training needs of these individuals.

~~((m))~~ (n) A designation of the professions and geographic locations in which loan repayment and scholarships should be available based upon objective data-based forecasts of health professional shortages. A description of the criteria used to select professions and geographic locations shall be included. Designations of professions and geographic locations may be amended by the department of health when circumstances warrant as provided for in RCW 28B.115.070.

~~((n))~~ (o) A description of needed changes in regulatory laws governing the credentialing of health professionals.

~~((o))~~ (p) A description of linguistic and cultural training needs of foreign-trained health care professionals to assure safe and effective practice of their health care profession.

~~((p))~~ (q) A plan to implement the recommendations of the state-wide nursing plan authorized by RCW 74.39.040.

~~((q))~~ (r) A description of criteria and standards that institutional plans provided for in this section must address in order to meet the requirements of the state-wide health personnel resource plan, including funding requirements to implement the plans. The committee shall also when practical identify specific outcome measures to measure progress in meeting the requirements of this plan. The criteria and standards shall be established in a manner as to provide flexibility to the institutions in meeting state-wide plan requirements. The committee shall establish required submission dates for the institutional plans that permit inclusion of funding requests into the institutions budget requests to the state.

~~((r))~~ (s) A description of how the higher education coordinating board, state board for community ~~(college education)~~ and technical colleges, superintendent of public instruction, department of health, and department of social and health services coordinated in the creation and implementation of the state plan including the areas of responsibility each agency shall assume. The plan should also include a description of the steps taken to assure participation by the groups that are to be consulted with.

~~((s))~~ (t) A description of the estimated fiscal requirements for implementation of the state-wide health resource plan that include a description of cost saving activities that reduce potential costs by avoiding administrative duplication, coordinating programming activities, and other such actions to control costs.

(3) The committee may call upon other agencies of the state to provide available information to assist the committee in meeting the responsibilities under this chapter. This information shall be supplied as promptly as circumstances permit.

(4) State agencies involved in the development and implementation of the plan shall to the extent possible utilize existing personnel and financial resources in the development and implementation of the state-wide health personnel resource plan.

(5) The state-wide health personnel resource plan shall be submitted to the governor by July 1, 1992, and updated by July 1 of each even-numbered year. The governor, no later than December 1 of that year, shall approve, approve with modifications, or disapprove the state-wide health resource plan.

(6) The approved state-wide health resource plan shall be submitted to the senate and house of representatives committees on health care, higher education, and ways and means or appropriations by December 1 of each even-numbered year.

(7) Implementation of the state-wide plan shall begin by July 1, 1993.

(8) Notwithstanding subsections (5) and (7) of this section, the committee shall prepare and submit to the higher education coordinating board by June 1, 1992, the analysis necessary for the initial implementation of the health

professional loan repayment and scholarship program created in chapter 28B.115 RCW.

(9) Each publicly funded two-year and four-year institute of higher education authorized under Title 28B RCW and vocational-technical institution authorized under Title 28A RCW that offers health training and education programs shall biennially prepare and submit an institutional plan to the committee. The institutional plan shall identify specific programming and activities of the institution that meet the requirements of the state-wide health professional resource plan.

The committee shall review and assess whether the institutional plans meet the requirements of the state-wide health personnel resource plan and shall prepare a report with its determination. The report shall become part of the institutional plan and shall be submitted to the governor and the legislature.

The institutional plan shall be included with the institution's biennial budget submission. The institution's budget shall identify proposed spending to meet the requirements of the institutional plan. Each vocational-technical institution, college, or university shall be responsible for implementing its institutional plan.

Sec. 271. RCW 28B.115.080 and 1991 c 332 s 21 are each amended to read as follows:

ANNUAL AWARD AMOUNT. After June 1, 1992, the board, in consultation with the department and the department of social and health services, shall:

(1) Establish the annual award amount for each credentialed health care profession which shall be based upon an assessment of reasonable annual eligible expenses involved in training and education for each credentialed health care profession. The annual award amount may be established at a level less than annual eligible expenses. The annual award amount shall ((not be more than fifteen thousand dollars per year)) be established by the board for each eligible health profession. The awards shall not be paid for more than a maximum of five years per individual;

(2) Determine any scholarship awards for prospective physicians in such a manner to require the recipients declare an interest in serving in rural areas of the state of Washington. Preference for scholarships shall be given to students who reside in a rural physician shortage area or a nonshortage rural area of the state prior to admission to the eligible education and training program in medicine. Highest preference shall be given to students seeking admission who are recommended by sponsoring communities and who declare the intent of serving as a physician in a rural area. The board may require the sponsoring community located in a nonshortage rural area to financially contribute to the eligible expenses of a medical student if the student will serve in the nonshortage rural area;

(3) Establish the required service obligation for each credentialed health care profession, which shall be no less than three years or no more than five years. The required service obligation may be based upon the amount of the scholarship

or loan repayment award such that higher awards involve longer service obligations on behalf of the participant;

(4) Determine eligible education and training programs for purposes of the scholarship portion of the program;

(5) Honor loan repayment and scholarship contract terms negotiated between the board and participants prior to May 21, 1991, concerning loan repayment and scholarship award amounts and service obligations authorized under chapter ((48.150)) 28B.115, 28B.104, or 70.180 RCW.

NEW SECTION. Sec. 272. A new section is added to chapter 41.05 RCW to read as follows:

MULTICULTURAL HEALTH CARE TECHNICAL ASSISTANCE PROGRAM. (1) Consistent with funds appropriated specifically for this purpose, the authority shall provide matching grants to support community-based multicultural health care technical assistance programs. The purpose of the programs shall be to promote technical assistance through community and migrant health clinics and other appropriate health care providers who serve underserved populations and persons of color.

The technical assistance provided shall include, but is not limited to: (a) Collaborative research and data analysis on health care outcomes that disproportionately affect persons of color; (b) design and development of model health education and promotion strategies aimed at modifying unhealthy health behaviors or enhancing the use of the health care delivery system by persons of color; (c) provision of technical information and assistance on program planning and financial management; (d) administration, public policy development, and analysis in health care issues affecting people of color; and (e) enhancement and promotion of health care career opportunities for persons of color.

(2) Consistent with appropriated funds, the programs shall be available on a state-wide basis.

Sec. 273. RCW 70.185.030 and 1991 c 332 s 9 are each amended to read as follows:

COMMUNITY-BASED RECRUITMENT AND RETENTION—UNDERSERVED URBAN AREAS. (1) The department ((shall)) may, subject to funding, establish ((up to three)) community-based recruitment and retention project sites to provide financial and technical assistance to participating communities. The goal of the project is to help assure the availability of health care providers in rural and underserved urban areas of Washington state.

(2) Administrative costs necessary to implement this project shall be kept at a minimum to insure the maximum availability of funds for participants.

(3) The secretary may contract with third parties for services necessary to carry out activities to implement this chapter where this will promote economy, avoid duplication of effort, and make the best use of available expertise.

(4) The secretary may apply for, receive, and accept gifts and other payments, including property and service, from any governmental or other public

or private entity or person, and may make arrangements as to the use of these receipts, including the undertaking of special studies and other projects related to the delivery of health care in rural areas.

(5) In designing and implementing the project the secretary shall coordinate ~~((the project))~~ and avoid duplication with similar federal programs and with the Washington rural health system project as authorized under chapter 70.175 RCW to consolidate administrative duties and reduce costs.

NEW SECTION. Sec. 274. A new section is added to chapter 70.185 RCW to read as follows:

STUDENT POSITIONS. The goal of this program is to provide additional capacity, educating students who will practice in underserved communities.

(2) Eligible education and training programs are those programs approved by the department that lead to eligibility for a credential as a credentialed health care professional. Eligible professions are those licensed under chapters 18.36A, 18.57, 18.57A, 18.71, and 18.71A RCW and advanced registered nurse practitioners and certified nurse midwives licensed under chapter 18.88 RCW, and may include other providers identified as needed in the health personnel resource plan.

(3) Students participating in the community contracted educational positions shall meet all applicable educational program requirements and provide assurances, acceptable to the community, that they will practice in the sponsoring community following completion of education and necessary licensure.

(4) Participants in the program incur an obligation to repay any contracted funds with interest set by state law, unless they serve at least three years in the sponsoring community.

(5) The department may provide funds to communities for use in contracting.

NEW SECTION. Sec. 275. A new section is added to chapter 70.185 RCW to read as follows:

AREA HEALTH EDUCATION CENTERS. The secretary may establish and contract with area health education centers in the eastern and western parts of the state. Consistent with the recruitment and retention objectives of this chapter, the centers shall provide or facilitate the provision of health professional educational and continuing education programs that strengthen the delivery of primary health care services in rural and medically underserved urban areas of the state. The center shall assist in the development and operation of health personnel recruitment and retention programs that are consistent with activities authorized under this chapter. The centers shall further provide technical expertise in the development of well managed health care delivery systems in

rural Washington consistent with the goals and objectives of chapter . . . , Laws of 1993 (this act).

Sec. 276. RCW 43.70.460 and 1992 c 113 s 2 are each amended to read as follows:

RETIRED PRIMARY CARE PROVIDERS—MALPRACTICE INSURANCE. (1) The department may establish a program to purchase and maintain liability malpractice insurance for retired ~~((physicians))~~ primary care providers who provide primary health care services at community clinics. The following conditions apply to the program:

(a) Primary health care services shall be provided at community clinics that are public or private tax-exempt corporations;

(b) Primary health care services provided at the clinics shall be offered to low-income patients based on their ability to pay;

(c) Retired ~~((physicians))~~ primary care providers providing health care services shall not receive compensation for their services; and

(d) The department shall contract only with a liability insurer authorized to offer liability malpractice insurance in the state.

(2) This section and RCW 43.70.470 shall not be interpreted to require a liability insurer to provide coverage to a ~~((physician))~~ primary care provider should the insurer determine that coverage should not be offered to a physician because of past claims experience or for other appropriate reasons.

(3) The state and its employees who operate the program shall be immune from any civil or criminal action involving claims against clinics or physicians that provided health care services under this section and RCW 43.70.470. This protection of immunity shall not extend to any clinic or ~~((physician))~~ primary care provider participating in the program.

(4) The department may monitor the claims experience of retired physicians covered by liability insurers contracting with the department.

(5) The department may provide liability insurance under chapter 113, Laws of 1992 only to the extent funds are provided for this purpose by the legislature.

Sec. 277. RCW 43.70.470 and 1992 c 113 s 3 are each amended to read as follows:

RETIRED PRIMARY CARE PROVIDERS—CONDITIONS. The department may establish by rule the conditions of participation in the liability insurance program by retired ~~((physicians))~~ primary care providers at clinics utilizing retired physicians for the purposes of this section and RCW 43.70.460. These conditions shall include, but not be limited to, the following:

(1) The participating ~~((physician))~~ primary care provider associated with the clinic shall hold a valid license to practice ~~((medicine and surgery in this state and otherwise))~~ as a physician under chapter 18.71 or 18.57 RCW, a naturopath under chapter 18.36A RCW, a physician assistant under chapter 18.71A or 18.57A RCW, an advanced registered nurse practitioner under chapter 18.88 RCW, a dentist under chapter 18.32 RCW, or other health professionals as may

be deemed in short supply in the health personnel resource plan under chapter 28B.125 RCW. All primary care providers must be in conformity with current requirements for licensure as a retired ((physician)) primary care provider, including continuing education requirements;

(2) The participating ((physician)) primary care provider shall limit the scope of practice in the clinic to primary care. Primary care shall be limited to noninvasive procedures and shall not include obstetrical care, or any specialized care and treatment. Noninvasive procedures include injections, suturing of minor lacerations, and incisions of boils or superficial abscesses. Primary dental care shall be limited to diagnosis, oral hygiene, restoration, and extractions and shall not include orthodontia, or other specialized care and treatment;

(3) The provision of liability insurance coverage shall not extend to acts outside the scope of rendering medical services pursuant to this section and RCW 43.70.460;

(4) The participating ((physician)) primary care provider shall limit the provision of health care services to primarily low-income persons provided that clinics may, but are not required to, provide means tests for eligibility as a condition for obtaining health care services;

(5) The participating ((physician)) primary care provider shall not accept compensation for providing health care services from patients served pursuant to this section and RCW 43.70.460, nor from clinics serving these patients. "Compensation" shall mean any remuneration of value to the participating ((physician)) primary care provider for services provided by the ((physician)) primary care provider, but shall not be construed to include any nominal copayments charged by the clinic, nor reimbursement of related expenses of a participating ((physician)) primary care provider authorized by the clinic in advance of being incurred; and

(6) The use of mediation or arbitration for resolving questions of potential liability may be used, however any mediation or arbitration agreement format shall be expressed in terms clear enough for a person with a sixth grade level of education to understand, and on a form no longer than one page in length.

NEW SECTION. Sec. 278. MEDICAL SCHOOL GRADUATES SERVING IN RURAL AND MEDICALLY UNDERSERVED AREAS OF THE STATE—LEGISLATIVE INTENT. The legislature finds that the shortage of primary care physicians practicing in rural and medically underserved areas of the state has created a severe public health and safety problem. If unaddressed, this problem is expected to worsen with health care reform since an increased demand for primary care services will only contribute further to these shortages.

The legislature further finds that the medical training program at the University of Washington is an important and well respected resource to the people of this state in the training of primary care physicians. Currently, only a small proportion of medical school graduates are Washington residents who serve as primary care practitioners in certain parts of this state.

NEW SECTION. Sec. 279. MEDICAL SCHOOL PRIMARY CARE PHYSICIAN SHORTAGE PLAN DEVELOPMENT. (1) The University of Washington shall prepare a primary care shortage plan that accomplishes the following:

(a) Identifies specific activities that the school of medicine shall pursue to increase the number of Washington residents serving as primary care physicians in rural and medically underserved areas of the state, including establishing a goal that assures that no less than fifty percent of medical school graduates who are Washington state residents at the time of matriculation will enter into primary care residencies, to the extent possible, in Washington state by the year 2000;

(b) Assures that the school of medicine shall establish among its highest training priorities the distribution of its primary care physician graduates from the school and associated postgraduate residency programs into rural and medically underserved areas;

(c) Establishes the goal of assuring that the annual number of graduates from the family practice residency network entering rural or medically underserved practice shall be increased by forty percent over a baseline period from 1988 through 1990 by 1995;

(d) Establishes a further goal to make operational at least two additional family practice residency programs within Washington state in geographic areas identified by the plan as underserved in family practice by 1997. The geographic areas identified by the plan as being underserved by family practice physicians shall be consistent with any such similar designations as may be made in the health personnel research plan as authorized under chapter 28B.125 RCW;

(e) Establishes, with the cooperation of existing community and migrant health clinics in rural or medically underserved areas of the state, three family practice residency training tracks. Furthermore, the primary care shortage plan shall provide that one of these training tracks shall be a joint American osteopathic association and American medical association approved training site coordinated with an accredited college of osteopathic medicine with extensive experience in training primary care physicians for the western United States. Such a proposed joint accredited training track will have at least fifty percent of its residency positions in osteopathic medicine; and

(f) Implements the plan, with the exception of the expansion of the family practice residency network, within current biennial appropriations for the University of Washington school of medicine.

(2) The plan shall be submitted to the appropriate committees of the legislature no later than December 1, 1993.

I. SHORT-TERM HEALTH INSURANCE REFORM

NEW SECTION. Sec. 280. INTENT—INCREASE ACCESS TO COVERAGE. The legislature intends that, during the transition to a fully reformed health services system, certain health insurance practices be modified to increase access to health insurance coverage for some individuals and groups. The legislature recognizes that health insurance reform will not remedy the significant lack of access to coverage in Washington state without the implementation of strong cost control measures. The authority granted to the commissioner in chapter . . . , Laws of 1993 (this act) is in addition to any authority the commissioner currently has under Title 48 RCW to regulate insurers, health care service contractors, and health maintenance organizations.

NEW SECTION. Sec. 281. A new section is added to chapter 48.18 RCW to read as follows:

CANCELLATIONS, DENIALS—WRITTEN COMMUNICATION. Every insurer upon canceling, denying, or refusing to renew any disability policy, shall, upon written request, directly notify in writing the applicant or insured, as the case may be, of the reasons for the action by the insurer and to any person covered under a group contract. Any benefits, terms, rates, or conditions of such a contract that are restricted, excluded, modified, increased, or reduced shall, upon written request, be set forth in writing and supplied to the insured and to any person covered under a group contract. The written communications required by this section shall be phrased in simple language that is readily understandable to a person of average intelligence, education, and reading ability.

Sec. 282. RCW 48.21.200 and 1983 c 202 s 16 and 1983 c 106 s 24 are each reenacted and amended to read as follows:

REDUCTIONS OR REFUSAL OF BENEFITS. (1) No individual or group disability insurance policy, health care service contract, or health maintenance agreement which provides benefits for hospital, medical, or surgical expenses shall be delivered or issued for delivery in this state (~~after September 8, 1975~~) which contains any provision whereby the insurer, contractor, or health maintenance organization may reduce or refuse to pay such benefits otherwise payable thereunder solely on account of the existence of similar benefits provided under any (~~individual~~) disability insurance policy, (~~or under any individual~~) health care service contract, or health maintenance agreement.

(2) No individual or group disability insurance policy, health care service contract, or health maintenance agreement providing hospital, medical or surgical expense benefits and which contains a provision for the reduction of benefits otherwise payable or available thereunder on the basis of other existing coverages, shall provide that such reduction will operate to reduce total benefits payable below an amount equal to one hundred percent of total allowable expenses exclusive of copayments, deductibles, and other similar cost-sharing arrangements.

(3) The commissioner shall by rule establish guidelines for the application of this section, including:

(a) The procedures by which persons (~~insured~~) covered under such policies, contracts, and agreements are to be made aware of the existence of such a provision;

(b) The benefits which may be subject to such a provision;

(c) The effect of such a provision on the benefits provided;

(d) Establishment of the order of benefit determination; (~~and~~)

(e) Exceptions necessary to preserve policy, contract, or agreement requirements for use of particular health care facilities or providers; and

(f) Reasonable claim administration procedures to expedite claim payments and prevent duplication of payments or benefits under such a provision(~~PROVIDED, HOWEVER, That any group disability insurance policy which is issued as part of an employee insurance benefit program authorized by RCW 41.05.025(3) may exclude all or part of any deductible amounts from the definition of total allowable expenses for purposes of coordination of benefits within the plan and between such plan and other applicable group coverages: AND PROVIDED FURTHER, That any group disability insurance policy providing coverage for persons in this state may exclude all or part of any deductible amounts required by a group disability insurance policy from the definition of total allowable expenses for purposes of coordination of benefits between such policy and a group disability insurance policy issued as part of an employee insurance benefit program authorized by RCW 41.05.025(3).~~)

~~(3) The provisions of this section shall apply to health care service contractor contracts and health maintenance organization agreements).~~

NEW SECTION. Sec. 283. A new section is added to chapter 48.20 RCW to read as follows:

DISABILITY INSURER—PREEXISTING CONDITIONS EXCLUSIONS AND LIMITATIONS. (1) After January 1, 1994, every disability insurer issuing coverage against loss arising from medical, surgical, hospital, or emergency care coverage shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new policy to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

NEW SECTION. Sec. 284. A new section is added to chapter 48.21 RCW to read as follows:

GROUP DISABILITY INSURERS—PREEXISTING CONDITIONS EXCLUSIONS AND LIMITATIONS. (1) After January 1, 1994, every disability insurer issuing coverage against loss arising from medical, surgical, hospital, or emergency care coverage shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new policy to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

NEW SECTION. Sec. 285. A new section is added to chapter 48.44 RCW to read as follows:

HEALTH CARE SERVICE CONTRACTORS—PREEXISTING CONDITIONS EXCLUSIONS AND LIMITATIONS. (1) After January 1, 1994, every health care service contractor, except limited health care service contractors as defined under RCW 48.44.035, shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy,

health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new contract to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

NEW SECTION. Sec. 286. A new section is added to chapter 48.46 RCW to read as follows:

HEALTH MAINTENANCE ORGANIZATIONS—PREEXISTING CONDITIONS EXCLUSIONS AND LIMITATIONS. (1) After January 1, 1994, every health maintenance organization shall waive any preexisting condition exclusion or limitation for persons who had similar coverage under a different policy, health care service contract, or health maintenance agreement in the three-month period immediately preceding the effective date of coverage under the new agreement to the extent that such person has satisfied a waiting period under such preceding policy, contract, or agreement; however, if the person satisfied a twelve-month waiting period under such preceding policy, contract, or agreement, the insurer shall waive any preexisting condition exclusion or limitation. The insurer need not waive a preexisting condition exclusion or limitation under the new policy for coverage not provided under such preceding policy, contract, or agreement.

(2) The commissioner may adopt rules establishing guidelines for determining when coverage is similar under new and preceding policies, contracts, and agreements and for determining when a preexisting condition waiting period has been satisfied.

(3) The commissioner in consultation with insurers, health care service contractors, and health maintenance organizations shall study the effect of preexisting condition exclusions and limitations on the cost and availability of health care coverage and shall adopt rules restricting the use of such conditions

and limitations by January 1, 1994. No insurer, health care service contractor, or health maintenance organization may deny, exclude, or limit coverage for preexisting conditions for a period longer than that provided for in such rules after July 1, 1994.

Sec. 287. RCW 48.30.300 and 1975-'76 2nd ex.s. c 119 s 7 are each amended to read as follows:

UNFAIR PRACTICES. Notwithstanding any provision contained in Title 48 RCW to the contrary:

(1) No person or entity engaged in the business of insurance in this state shall refuse to issue any contract of insurance or cancel or decline to renew such contract because of the sex or marital status, or the presence of any sensory, mental, or physical handicap of the insured or prospective insured. The amount of benefits payable, or any term, rate, condition, or type of coverage shall not be restricted, modified, excluded, increased or reduced on the basis of the sex or marital status, or be restricted, modified, excluded or reduced on the basis of the presence of any sensory, mental, or physical handicap of the insured or prospective insured. Subject to the provisions of subsection (2) of this section these provisions shall not prohibit fair discrimination on the basis of sex, or marital status, or the presence of any sensory, mental, or physical handicap when bona fide statistical differences in risk or exposure have been substantiated.

(2) With respect to disability policies issued or renewed on and after July 1, 1994, that provide coverage against loss arising from medical, surgical, hospital, or emergency care services:

(a) Policies shall guarantee continuity of coverage. Such provision, which shall be included in every policy, shall provide that:

(i) The policy may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premium or as permitted under RCW 48.18.090; and

(ii) The policy may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the insurer has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for a disability insurer to modify the coverage provided or rates applying to an in-force disability insurance policy and to fail to make such modification in all such issued and outstanding policies.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a disability insurer to:

(i) Cease the sale of a policy form unless it has received prior written authorization from the commissioner and has offered all policyholders covered under such discontinued policy the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects policyholders to rate increases on discontinued policy forms unless such policyholders are offered the opportunity to purchase comparable coverage without health screening.

The insurer may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

NEW SECTION. Sec. 288. A new section is added to chapter 48.44 RCW to read as follows:

HEALTH CARE SERVICE CONTRACTS—UNFAIR PRACTICES. (1) With respect to all health care service contracts issued or renewed on and after July 1, 1994, except limited health care service contracts as defined in RCW 48.44.035:

(a) Contracts shall guarantee continuity of coverage. Such provision, which shall be included in every contract, shall provide that:

(i) The contract may be canceled or nonrenewed without the prior written approval of the commissioner only for nonpayment of premiums, for violation of published policies of the contractor that have been approved by the commissioner, for persons who are entitled to become eligible for medicare benefits and fail to subscribe to a medicare supplement plan offered by the contractor, for failure of such subscriber to pay any deductible or copayment amount owed to the contractor and not the provider of health care services, for fraud, or for a material breach of the contract; and

(ii) The contract may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the contractor has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for a contractor to modify the coverage provided or rates applying to an in-force contract and to fail to make such modification in all such issued and outstanding contracts.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a health care service contractor to:

(i) Cease the sale of a contract form unless it has received prior written authorization from the commissioner and has offered all subscribers covered under such discontinued contract the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects subscribers to rate increases on discontinued contract forms unless such subscribers are offered the opportunity to purchase comparable coverage without health screening.

(2) The health care service contractor may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

NEW SECTION. **Sec. 289.** A new section is added to chapter 48.46 RCW to read as follows:

HEALTH MAINTENANCE AGREEMENTS—UNFAIR PRACTICES. (1) With respect to all health maintenance agreements issued or renewed on and after July 1, 1994, and in addition to the restrictions and limitations contained in RCW 48.46.060(4):

(a) Agreements shall guarantee continuity of coverage. Such provision, which shall be included in every agreement, shall provide that the agreement may be canceled or nonrenewed because of a change in the physical or mental condition or health of a covered person only with the prior written approval of the commissioner. Such approval shall be granted only when the organization has discharged its obligation to continue coverage for such person by obtaining coverage with another insurer, health care service contractor, or health maintenance organization, which coverage is comparable in terms of premiums and benefits as defined by rule of the commissioner.

(b) It is an unfair practice for an organization to modify the coverage provided or rates applying to an in-force agreement and to fail to make such modification in all such issued and outstanding agreements.

(c) Subject to rules adopted by the commissioner, it is an unfair practice for a health maintenance organization to:

(i) Cease the sale of an agreement form unless it has received prior written authorization from the commissioner and has offered all enrollees covered under such discontinued agreement the opportunity to purchase comparable coverage without health screening; or

(ii) Engage in a practice that subjects enrollees to rate increases on discontinued agreement forms unless such enrollees are offered the opportunity to purchase comparable coverage without health screening.

(2) The health maintenance organization may limit an offer of comparable coverage without health screening to a period not less than thirty days from the date the offer is first made.

(21) "Registered employer health plan" means a health plan established by a private employer of more than seven thousand active employees in this state solely for the benefit of such employees and their dependents and that meets the

requirements of section 430 of this act. Nothing contained in this subsection shall be deemed to preclude the plan from providing benefits to retirees of the employer.

(22) "Supplemental benefits" means those appropriate and effective health services that are not included in the uniform benefits package or that expand the type or level of health services available under the uniform benefits package and that are offered to all residents in accordance with the provisions of sections 452 and 453 of this act.

(23) "Technology" means the drugs, devices, equipment, and medical or surgical procedures used in the delivery of health services, and the organizational or supportive systems within which such services are provided. It also means sophisticated and complicated machinery developed as a result of ongoing research in the basic biological and physical sciences, clinical medicine, electronics, and computer sciences, as well as specialized professionals, medical equipment, procedures, and chemical formulations used for both diagnostic and therapeutic purposes.

(24) "Uniform benefits package" or "package" means those appropriate and effective health services, defined by the commission under section 449 of this act, that must be offered to all Washington residents through certified health plans.

(25) "Washington resident" or "resident" means a person who intends to reside in the state permanently or indefinitely and who did not move to Washington for the primary purpose of securing health services under sections 427 through 466 of this act. "Washington resident" also includes people and their accompanying family members who are residing in the state for the purpose of engaging in employment for at least one month, who did not enter the state for the primary purpose of obtaining health services. The confinement of a person in a nursing home, hospital, or other medical institution in the state shall not by itself be sufficient to qualify such person as a resident.

A. THE WASHINGTON HEALTH SERVICES COMMISSION

NEW SECTION. Sec. 403. CREATION OF COMMISSION—MEMBERSHIP—TERMS OF OFFICE—VACANCIES—SALARIES. (1) There is created an agency of state government to be known as the Washington health services commission. The commission shall consist of five members reflecting ethnic and racial diversity, appointed by the governor, with the consent of the senate. One member shall be designated by the governor as chair and shall serve at the pleasure of the governor. The insurance commissioner shall serve as an additional nonvoting member. Of the initial members, one shall be appointed to a term of three years, two shall be appointed to a term of four years, and two shall be appointed to a term of five years. Thereafter, members shall be appointed to five-year terms. Vacancies shall be filled by appointment for the remainder of the unexpired term of the position being vacated.

(2) Members of the commission shall have no pecuniary interest in any business subject to regulation by the commission and shall be subject to chapter 42.18 RCW, the executive branch conflict of interest act.

(3) Members of the commission shall occupy their positions on a full-time basis and are exempt from the provisions of chapter 41.06 RCW. Commission members and the professional commission staff are subject to the public disclosure provisions of chapter 42.17 RCW. Members shall be paid a salary to be fixed by the governor in accordance with RCW 43.03.040. A majority of the members of the commission constitutes a quorum for the conduct of business.

NEW SECTION. Sec. 404. ADVISORY COMMITTEES. (1)(a) The chair shall appoint an advisory committee with balanced representation from consumers, business, government, labor, certified health plans, practicing health care providers, health care facilities, and health services researchers reflecting ethnic and racial diversity. In addition, the chair may appoint special committees for specified periods of time.

(b) The chair shall also appoint a five-member health services effectiveness committee whose members possess a breadth of experience and knowledge in the treatment, research, and public and private funding of health care services. The committee shall meet at the call of the chair. The health services effectiveness committee shall advise the commission on: (i) Those health services that may be determined by the commission to be appropriate and effective; (ii) use of technology and practice indicators; (iii) the uniform benefits package; and (iv) rules that insurers and certified health plans must use to determine whether a procedure, treatment, drug, or other health service is no longer experimental or investigative.

(c) The commission shall also appoint a small business advisory committee composed of seven owners of businesses with twenty-five or fewer full-time equivalent employees' reflecting ethnic and racial diversity, to assist the commission in development of the small business economic impact statement and the small business assistance program, as provided in sections 450 and 466 of this act.

(d) The commission shall also appoint an organized labor advisory committee composed of seven representatives of employee organizations representing employees of public or private employers. The committee shall assist the commission in conducting the evaluation of Taft-Hartley health care trusts and self-insured employee health benefits plans, as provided in section 406(26) of this act, and shall advise the commission on issues related to the impact of chapter . . . , Laws of 1993 (this act) on negotiated health benefits agreements and other employee health benefits plans.

(2) Members of committees and panels shall serve without compensation for their services but shall be reimbursed for their expenses while attending meetings on behalf of the commission in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 405. POWERS AND DUTIES OF THE CHAIR.

The chair shall be the chief administrative officer and the appointing authority of the commission and has the following powers and duties:

(1) Direct and supervise the commission's administrative and technical activities in accordance with the provisions of this chapter and rules and policies adopted by the commission;

(2) Employ personnel of the commission in accordance with chapter 41.06 RCW, and prescribe their duties. With the approval of a majority of the commission, the chair may appoint persons to administer any entity established pursuant to subsection (8) of this section, and up to seven additional employees all of whom shall be exempt from the provisions of chapter 41.06 RCW;

(3) Enter into contracts on behalf of the commission;

(4) Accept and expend gifts, donations, grants, and other funds received by the commission;

(5) Delegate administrative functions of the commission to employees of the commission as the chair deems necessary to ensure efficient administration;

(6) Subject to approval of the commission, appoint advisory committees and undertake studies, research, and analysis necessary to support activities of the commission;

(7) Preside at meetings of the commission;

(8) Consistent with policies and rules established by the commission, establish such administrative divisions, offices, or programs as are necessary to carry out the purposes of chapter . . . , Laws of 1993 (this act); and

(9) Perform such other administrative and technical duties as are consistent with chapter . . . , Laws of 1993 (this act) and the rules and policies of the commission.

NEW SECTION. Sec. 406. POWERS AND DUTIES OF THE COMMISSION. The commission has the following powers and duties:

(1) Ensure that all residents of Washington state are enrolled in a certified health plan to receive the uniform benefits package, regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment, or economic status.

(2) Endeavor to ensure that all residents of Washington state have access to appropriate, timely, confidential, and effective health services, and monitor the degree of access to such services. If the commission finds that individuals or populations lack access to certified health plan services, the commission shall:

(a) Authorize appropriate state agencies, local health departments, community or migrant health clinics, public hospital districts, or other nonprofit health service entities to take actions necessary to assure such access. This includes authority to contract for or directly deliver services described within the uniform benefits package to special populations; or

(b) Notify appropriate certified health plans and the insurance commissioner of such findings. The commission shall adopt by rule standards by which the insurance commissioner may, in such event, require certified health plans in

closest proximity to such individuals and populations to extend their catchment areas to those individuals and populations and offer them enrollment.

(3) Adopt necessary rules in accordance with chapter 34.05 RCW to carry out the purposes of chapter . . . , Laws of 1993 (this act). An initial set of draft rules establishing at least the commission's organization structure, the uniform benefits package, and standards for certified health plan certification, must be submitted in draft form to appropriate committees of the legislature by December 1, 1994.

(4) Establish and modify as necessary, in consultation with the state board of health and the department of health, and coordination with the planning process set forth in section 467 of this act a uniform set of health services based on the recommendations of the health care cost control and access commission established under House Concurrent Resolution No. 4443 adopted by the legislature in 1990.

(5) Establish and modify as necessary the uniform benefits package as provided in section 449 of this act, which shall be offered to enrollees of a certified health plan. The benefit package shall be provided at no more than the maximum premium specified in subsection (6) of this section.

(6)(a) Establish for each year a community-rated maximum premium for the uniform benefits package that shall operate to control overall health care costs. The maximum premium cost of the uniform benefits package in the base year 1995 shall be established upon an actuarial determination of the costs of providing the uniform benefits package and such other cost impacts as may be deemed relevant by the commission. Beginning in 1996, the growth rate of the premium cost of the uniform benefits package for each certified health plan shall be allowed to increase by a rate no greater than the average growth rate in the cost of the package between 1990 and 1993 as actuarially determined, reduced by two percentage points per year until the growth rate is no greater than the five-year rolling average of growth in Washington per capita personal income, as determined by the office of financial management.

(b) In establishing the community-rated maximum premium under this subsection, the commission shall develop a composite rate for employees that provides nominal, if any, variance between the rate for individual employees and employees with dependents to minimize any economic incentive to an employer to discriminate between prospective employees based upon whether or not they have dependents for whom coverage would be required. Nothing in this subsection (6)(b) shall preclude the commission from evaluating other methodologies for establishing the community-rated maximum premium and recommending an alternative methodology to the legislature.

(c) If the commission adds or deletes services or benefits to the uniform benefits package in subsequent years, it may increase or decrease the maximum premium to reflect the actual cost experience of a broad sample of providers of that service in the state, considering the factors enumerated in (a) of this

subsection and adjusted actuarially. The addition of services or benefits shall not result in a redetermination of the entire cost of the uniform benefits package.

(d) The level of state expenditures for the uniform benefits package shall be limited to the appropriation of funds specifically for this purpose.

(7) Determine the need for medical risk adjustment mechanisms to minimize financial incentives for certified health plans to enroll individuals who present lower health risks and avoid enrolling individuals who present higher health risks, and to minimize financial incentives for employer hiring practices that discriminate against individuals who present higher health risks. In the design of medical risk distribution mechanisms under this subsection, the commission shall (a) balance the benefits of price competition with the need to protect certified health plans from any unsustainable negative effects of adverse selection; (b) consider the development of a system that creates a risk profile of each certified health plan's enrollee population that does not create disincentives for a plan to control benefit utilization, that requires contributions from plans that enjoy a low-risk enrollee population to plans that have a high-risk enrollee population, and that does not permit an adjustment of the premium charged for the uniform benefits package or supplemental coverage based upon either receipt or contribution of assessments; and (c) consider whether registered employer health plans should be included in any medical risk adjustment mechanism. Proposed medical risk adjustment mechanisms shall be submitted to the legislature as provided in section 454 of this act.

(8) Design a mechanism to assure minors have access to confidential health care services as currently provided in RCW 70.24.110 and 71.34.030.

(9) Monitor the actual growth in total annual health services costs.

(10) Monitor the increased application of technology as required by chapter . . . , Laws of 1993 (this act) and take necessary action to ensure that such application is made in a cost-effective and efficient manner and consistent with existing laws that protect individual privacy.

(11) Establish reporting requirements for certified health plans that own or manage health care facilities, health care facilities, and health care providers to periodically report to the commission regarding major capital expenditures of the plans. The commission shall review and monitor such reports and shall report to the legislature regarding major capital expenditures on at least an annual basis. The Washington health care facilities authority and the commission shall develop standards jointly for evaluating and approving major capital expenditure financing through the Washington health care facilities authority, as authorized pursuant to chapter 70.37 RCW. By December 1, 1994, the commission and the authority shall submit jointly to the legislature such proposed standards. The commission and the authority shall, after legislative review, but no later than June 1, 1995, publish such standards. Upon publication, the authority may not approve financing for major capital expenditures unless approved by the commission.

(12) Establish maximum enrollee financial participation levels. The levels shall be related to enrollee household income.

(13) For health services provided under the uniform benefits package and supplemental benefits, adopt standards for enrollment, and standardized billing and claims processing forms. The standards shall ensure that these procedures minimize administrative burdens on health care providers, health care facilities, certified health plans, and consumers. Subject to federal approval or phase-in schedules whenever necessary or appropriate, the standards also shall apply to state-purchased health services, as defined in RCW 41.05.011.

(14) Propose that certified health plans adopt certain practice indicators or risk management protocols for quality assurance, utilization review, or provider payment. The commission may consider indicators or protocols recommended according to section 410 of this act for these purposes.

(15) Propose other guidelines to certified health plans for utilization management, use of technology and methods of payment, such as diagnosis-related groups and a resource-based relative value scale. Such guidelines shall be voluntary and shall be designed to promote improved management of care, and provide incentives for improved efficiency and effectiveness within the delivery system.

(16) Adopt standards and oversee and develop policy for personal health data and information system as provided in chapter 70.170 RCW.

(17) Adopt standards that prevent conflict of interest by health care providers as provided in section 408 of this act.

(18) At the appropriate juncture and in the fullness of time, consider the extent to which medical research and health professions training activities should be included within the health service system set forth in this chapter . . . , Laws of 1993 (this act).

(19) Evaluate and monitor the extent to which racial and ethnic minorities have access and to receive health services within the state, and develop strategies to address barriers to access.

(20) Develop standards for the certification process to certify health plans and employer health plans to provide the uniform benefits package, according to the provisions for certified health plans and registered employer health plans under chapter . . . , Laws of 1993 (this act).

(21) Develop rules for implementation of individual and employer participation under sections 463 and 464 of this act specifically applicable to persons who work in this state but do not live in the state or persons who live in this state but work outside of the state. The rules shall be designed so that these persons receive coverage and financial requirements that are comparable to that received by persons who both live and work in the state.

(22) After receiving advice from the health services effectiveness committee, adopt rules that must be used by certified health plans, disability insurers, health care service contractors, and health maintenance organizations to determine

whether a procedure, treatment, drug, or other health service is no longer experimental or investigative.

(23) Establish a process for purchase of uniform benefits package services by enrollees when they are out-of-state.

(24) Develop recommendations to the legislature as to whether state and school district employees, on whose behalf health benefits are or will be purchased by the health care authority pursuant to chapter 41.05 RCW, should have the option to purchase health benefits through health insurance purchasing cooperatives on and after July 1, 1997. In developing its recommendations, the commission shall consider:

(a) The impact of state or school district employees purchasing through health insurance purchasing cooperatives on the ability of the state to control its health care costs; and

(b) Whether state or school district employees purchasing through health insurance purchasing cooperatives will result in inequities in health benefits between or within groups of state and school district employees.

(25) Establish guidelines for providers dealing with terminal or static conditions, taking into consideration the ethics of providers, patient and family wishes, costs, and survival possibilities.

(26) Evaluate the extent to which Taft-Hartley health care trusts provide benefits to certain individuals in the state; review the federal laws under which these trusts are organized; and make appropriate recommendations to the governor and the legislature on or before December 1, 1994, as to whether these trusts should be brought under the provisions of chapter . . . , Laws of 1993 (this act) when it is fully implemented, and if the commission recommends inclusion of the trusts, how to implement such inclusion.

(27) Evaluate whether Washington is experiencing a higher percentage in immigration of residents from other states and territories than would be expected by normal trends as a result of the availability of unsubsidized and subsidized health care benefits for all residents and report to the governor and the legislature their findings.

(28) In developing the uniform benefits package and other standards pursuant to this section, consider the likelihood of the establishment of a national health services plan adopted by the federal government and its implications.

(29) Evaluate the effect of reforms under chapter . . . , Laws of 1993 (this act) on access to care and economic development in rural areas.

To the extent that the exercise of any of the powers and duties specified in this section may be inconsistent with the powers and duties of other state agencies, offices, or commissions, the authority of the commission shall supersede that of such other state agency, office, or commission, except in matters of personal health data, where the commission shall have primary data system policymaking authority and the department of health shall have primary responsibility for the maintenance and routine operation of personal health data systems.

NEW SECTION. Sec. 407. MODIFICATION OF MAXIMUM PREMIUM. Upon the recommendation of the insurance commissioner, and on the basis of evidence established by independent actuarial analysis, if the commission finds that the economic viability of a significant number of the state's certified health plans is seriously threatened, the commission may increase the maximum premium to the extent mandated by the Constitution, and must immediately thereafter submit to the legislature a proposal for a new formula for adjusting the maximum premium, which must be enacted into law by a sixty percent vote of each house of the legislature.

NEW SECTION. Sec. 408. A new section is added to chapter 18.130 RCW to read as follows:

CONFLICT OF INTEREST STANDARDS. The Washington health services commission established by section 403 of this act, in consultation with the secretary of health, and the health care disciplinary authorities under RCW 18.130.040(2)(b), shall establish standards and monetary penalties in rule prohibiting provider investments and referrals that present a conflict of interest resulting from inappropriate financial gain for the provider or his or her immediate family. These standards are not intended to inhibit the efficient operation of managed health care systems or certified health plans. The commission shall report to the health policy committees of the senate and house of representatives by December 1, 1994, on the development of the standards and any recommended statutory changes necessary to implement the standards.

NEW SECTION. Sec. 409. CONTINUOUS QUALITY IMPROVEMENT AND TOTAL QUALITY MANAGEMENT. To ensure the highest quality health services at the lowest total cost, the commission shall establish a total quality management system of continuous quality improvement. Such endeavor shall be based upon the recognized quality science for continuous quality improvement. The commission shall impanel a committee composed of persons from the private sector and related sciences who have broad knowledge and successful experiences in continuous quality improvement and total quality management applications. It shall be the responsibility of the committee to develop standards for a Washington state health services supplier certification process and recommend such standards to the commission for review and adoption. Once adopted, the commission shall establish a schedule, with full compliance no later than July 1, 1996, whereby all health service providers and health service facilities shall be certified prior to providing uniform benefits package services.

B. PRACTICE INDICATORS

NEW SECTION. Sec. 410. A new section is added to chapter 43.70 RCW to read as follows:

PRACTICE INDICATORS. The department of health shall consult with health care providers and facilities, purchasers, health professional regulatory authorities under RCW 18.130.040, appropriate research and clinical experts, and consumers of health care services to identify specific practice areas where practice indicators and risk management protocols have been developed, including those that have been demonstrated to be effective among persons of color. Practice indicators shall be based upon expert consensus and best available scientific evidence. The department shall:

(1) Develop a definition of expert consensus and best available scientific evidence so that practice indicators can serve as a standard for excellence in the provision of health care services.

(2) Establish a process to identify and evaluate practice indicators and risk management protocols as they are developed by the appropriate professional, scientific, and clinical communities.

(3) Recommend the use of practice indicators and risk management protocols in quality assurance, utilization review, or provider payment to the health services commission.

COORDINATED QUALITY IMPROVEMENT PROGRAM. (1)(a) Health care institutions and medical facilities, other than hospitals, that are licensed by the department, professional societies or organizations, and certified health plans approved pursuant to section 428 of this act may maintain a coordinated quality improvement program for the improvement of the quality of health care services rendered to patients and the identification and prevention of medical malpractice as set forth in RCW 70.41.200.

(b) All such programs shall comply with the requirements of RCW 70.41.200(1)(a), (c), (d), (e), (f), (g), and (h) as modified to reflect the structural organization of the institution, facility, professional societies or organizations, or certified health plan, unless an alternative quality improvement program substantially equivalent to RCW 70.41.200(1)(a) is developed. All such programs, whether complying with the requirement set forth in RCW 70.41.200(1)(a) or in the form of an alternative program, must be approved by the department before the discovery limitations provided in subsections (3) and (4) of this section shall apply. (4) Information and documents, including complaints and incident reports, created specifically for, and collected, and maintained by a quality improvement committee are not subject to discovery or introduction into evidence in any civil action, and no person who was in attendance at a meeting of such committee or who participated in the creation, collection, or maintenance of information or documents specifically for the committee shall be permitted or required to testify in any civil action as to the content of such proceedings or the documents and information prepared specifically for the committee. This subsection does not preclude: (a) In any civil action, the discovery of the identity of persons involved in the medical care that is the basis of the civil action whose involvement was independent of any quality improvement activity; (b) in any civil action, the testimony of any person concerning the facts that form the basis for the institution of such proceedings of which the person had personal knowledge acquired independently of such proceedings; (c) in any civil action by a health care provider regarding the restriction or revocation of that individual's clinical or staff privileges, introduction into evidence information collected and maintained by quality improvement committees regarding such health care provider; (d) in any civil action, disclosure of the fact that staff privileges were terminated or restricted, including the specific restrictions imposed, if any and the reasons for the restrictions; or (e) in any civil action, discovery and introduction into evidence of the patient's medical records required by rule of the department of health to be made regarding the care and treatment received.

D. HEALTH INSURANCE PURCHASING COOPERATIVES

NEW SECTION. Sec. 425. HEALTH INSURANCE PURCHASING COOPERATIVES—DESIGNATION OF REGIONS BY COMMISSION, INFORMATION SYSTEMS, MINIMUM STANDARDS, AND RULES. (1) The commission shall designate four geographic regions within the state in which health insurance purchasing cooperatives may operate, based upon population, assuming that each cooperative must serve no less than one hundred fifty thousand persons; geographic factors; market conditions; and other factors deemed appropriate by the commission. The commission shall designate one health insurance purchasing cooperative per region.

(2) In coordination with the commission and consistent with the provisions of chapter 70.170 RCW, the department of health shall establish an information clearinghouse for the collection and dissemination of information necessary for the efficient operation of cooperatives, including the establishment of a risk profile information system related to certified health plan enrollees that would permit the equitable distribution of losses among plans in accordance with section 406(7) of this act.

(3) Every health insurance purchasing cooperative shall:

(a) Admit all individuals, employers, or other groups wishing to participate in the cooperative;

(b) Make available for purchase by cooperative members every health care program offered by every certified health plan operating within the cooperative's region;

(c) Be operated as a member-governed and owned, nonprofit cooperative in which no certified health plan, health maintenance organization, health care service contractor, independent practice association, independent physician organization, or any individual with a pecuniary interest in any such organization, shall have any pecuniary interest in or management control of the cooperative;

(d) Provide for centralized enrollment and premium collection and distribution among certified health plans; and

(e) Serve as an ombudsman for its members to resolve inquiries, complaints, or other concerns with certified health plans.

(4) Every health insurance purchasing cooperative shall assist members in selecting certified health plans and for this purpose may devise a rating system or similar system to judge the quality and cost-effectiveness of certified health plans consistent with guidelines established by the commission. For this purpose, each cooperative and directors, officers, and other employees of the cooperative are immune from liability in any civil action or suit arising from the publication of any report, brochure, or guide, or dissemination of information related to the services, quality, price, or cost-effectiveness of certified plans unless actual

malice, fraud, or bad faith is shown. Such immunity is in addition to any common law or statutory privilege or immunity enjoyed by such person, and nothing in this section is intended to abrogate or modify in any way such common law or statutory privilege or immunity.

(5) Every health insurance purchasing cooperative shall bear the full cost of its operations, including the costs of participating in the information clearinghouse, through assessments upon its members. Such assessments shall be billed and accounted for separately from premiums collected and distributed for the purchase of the uniform benefits package or any other supplemental insurance or health services program.

(6) No health insurance purchasing cooperative may bear any financial risk for the delivery of uniform benefits package services, or for any other supplemental insurance or health services program.

(7) No health insurance purchasing cooperative may directly broker, sell, contract for, or provide any insurance or health services program. However, nothing contained in this section shall be deemed to prohibit the use or employment of insurance agents or brokers by the cooperative for other purposes or to prohibit the facilitation of the sale and purchase by members of supplemental insurance or health services programs.

(8) The commission may adopt rules necessary for the implementation of this section including rules governing charter and bylaw provisions of cooperatives and may adopt rules prohibiting or permitting other activities by cooperatives.

(9) The commission shall consider ways in which cooperatives can develop, encourage, and provide incentives for employee wellness programs.

NEW SECTION. Sec. 426. LICENSING AND REGULATION OF HEALTH INSURANCE PURCHASING COOPERATIVES BY THE INSURANCE COMMISSIONER. (1) No person may establish or operate a health insurance purchasing cooperative without having first obtained a certificate of authority from the insurance commissioner.

- (d) Furnish copies of its proposed articles and bylaws; and
- (e) Provide other information as prescribed by the insurance commissioner in consultation with the health services commission to verify that the cooperative is qualified and is managed by competent and trustworthy individuals.

(3)(a) The commissioner shall approve applications for certificates in accordance with the order received.

(b) The commissioner shall establish by rule a fee to be paid by cooperatives in an amount necessary to review and approve applications for a certificate of

authority. Such fee shall accompany the application and no certificate may be issued until such fee is paid. Fees collected for such purpose shall be deposited in the insurance commissioner's regulatory account in the state treasury.

(4) All funds representing premiums or return premiums received by a cooperative in its fiduciary capacity shall be accounted for and maintained in a separate account from all other funds. Each willful violation of this section constitutes a misdemeanor.

(5) Every cooperative shall keep at its principal address, a record of all transactions it has consummated on behalf of its members with certified health plans. All such records shall be kept available and open to the inspection of the insurance commissioner at any business time during a five-year period immediately after the date of completion of the transaction.

NEW SECTION. Sec. 428. HEALTH PLAN CERTIFICATION STANDARDS. A certified health plan shall:

The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a certified health plan, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a certified health plan is required to continue enrollment of additional eligible individuals;

(4) If the plan provides benefits through contracts with, ownership of, or management of health care facilities and contracts with or employs health care providers, demonstrate to the satisfaction of the insurance commissioner in consultation with the department of health and the commission that its facilities and personnel are adequate to provide the benefits prescribed in the uniform benefits package and offer supplemental benefits to enrolled Washington residents, and that it is financially capable of providing such residents with, or has made adequate contractual arrangements with health care providers and facilities to provide enrollees with such benefits;

(10) Include in all of its contracts issued for uniform benefits package and supplemental benefits coverage a subrogation provision that allows the certified health plan to recover the costs of uniform benefits package and supplemental benefits services incurred to care for an enrollee injured by a negligent third party. The costs recovered shall be limited to:

(a) If the certified health plan has not intervened in the action by an injured enrollee against a negligent third party, then the amount of costs the certified health plan can recover shall be limited to the excess remaining after the enrollee has been fully compensated for his or her loss minus a proportionate share of the enrollee's costs and fees in bringing the action. The proportionate share shall be determined by:

(i) The fees and costs approved by the court in which the action was initiated; or

(ii) The written agreement between the attorney and client that established fees and costs when fees and costs are not addressed by the court.

When fees and costs have been approved by a court, after notice to the certified health plan, the certified health plan shall have the right to be heard on the matter of attorneys' fees and costs or its proportionate share;

(b) If the certified health plan has intervened in the action by an injured enrollee against a negligent third party, then the amount of costs the certified health plan can recover shall be the excess remaining after the enrollee has been fully compensated for his or her loss or the amount of the plan's incurred costs, whichever is less;

The insurance commissioner in consultation with the commission shall establish standards for resolution of grievances;

(13) Have culturally sensitive health promotion programs that include approaches that are specifically effective for persons of color and accommodating to different cultural value systems, gender, and age;

(14) Permit every category of health care provider to provide health services or care for conditions included in the uniform benefits package to the extent that:

(a) The provision of such health services or care is within the health care providers' permitted scope of practice; and

(b) The providers agree to abide by standards related to:

(i) Provision, utilization review, and cost containment of health services;

(ii) Management and administrative procedures; and

(iii) Provision of cost-effective and clinically efficacious health services;

(15) Establish the geographic boundaries in which they will obligate themselves to deliver the services required under the uniform benefits package and include such information in their application for certification, but the commissioner shall review such boundaries and may disapprove, in conformance with guidelines adopted by the commission, those that have been clearly drawn to be exclusionary within a health care catchment area;

(16) Annually report the names and addresses of all officers, directors, or trustees of the certified health plan during the preceding year, and the amount of wages, expense reimbursements, or other payments to such individuals;

(17) Annually report the number of residents enrolled and terminated during the previous year. Additional information regarding the enrollment and termination pattern for a certified health plan may be required by the commissioner to determine compliance with the open enrollment and free access requirements of chapter . . . , Laws of 1993 (this act); and

(2) A dental plan may provide coverage for dental services directly to individuals or to employers for the benefit of employees. If an individual or an employer purchases dental care services from a dental plan, the certified health plan covering the individual or the employees need not provide dental services required under the uniform benefits package. A certified health plan may subcontract with a dental plan to provide the dental benefits required under the uniform benefits package.

NEW SECTION. Sec. 430. REGISTERED EMPLOYER HEALTH PLANS. Consistent with the provisions of section 464 of this act, a registered employer health plan shall:

(1) Register with the insurance commissioner by filing its plan of management and operation including but not limited to information required by the commissioner sufficient for a determination by the commissioner that such plan meets the requirements of this section and any rules adopted by the health services commission and the insurance commissioner pertaining to such plans.

(2) Provide the benefits included in the uniform benefits package to employees and their dependents for a prepaid, community-rated premium not to exceed the maximum premium established by the commission and provide such benefits through managed care in accordance with rules adopted by the commission.

Benefits offered by such plan need not comply with the provisions of sections 452 and 453 of this act.

(4) Provide or assure the provision of all services within the uniform benefits package and offer supplemental benefits regardless of age, sex, family structure, ethnicity, race, health condition, socioeconomic status, or other condition or situation, or the provisions of RCW 49.60.174(2).

(5) If the plan provides benefits through contracts with, ownership of, or management of health care facilities and contracts with or employs health care providers, demonstrate to the satisfaction of the insurance commissioner in consultation with the department of health and the commission that its facilities and personnel are adequate to provide the uniform benefits package and any supplemental benefits or has made adequate contractual arrangements with health

(7) Comply with administrative rules prescribed by the commission, the insurance commissioner, and other state agencies governing registered employer health plans.

(8) Provide all employees and their dependents enrolled in the plan with instruction and informational materials to increase individual and family awareness of injury and illness prevention; encourage assumption of personal responsibility for protecting personal health; and stimulate discussion about the use and limits of medical care in improving the health of individuals and communities.

(9) Include in all of its contracts with health care providers and health care facilities a provision prohibiting such providers and facilities from billing employees and their dependents enrolled in the plan for any amounts in excess of applicable enrollee point of service, cost-sharing obligations for services included in the uniform benefits package and supplemental benefits.

(10) Include in all of its contracts issued for uniform benefits package and supplemental benefits coverage a subrogation provision that allows the plan to recover the costs of uniform benefits package and supplemental benefit services incurred to care for a plan enrollee injured by a negligent third party. The costs recovered shall be limited to:

(a) If the plan has not intervened in the action by an injured plan enrollee against a negligent third party, then the amount of costs the plan can recover shall be limited to the excess remaining after the plan enrollee has been fully compensated for his or her loss minus a proportionate share of the enrollee's costs and fees in bringing the action. The proportionate share shall be determined by:

(i) The fees and costs approved by the court in which the action was initiated; or

(ii) The written agreement between the attorney and client that established fees and costs when fees and costs are not addressed by the court.

When fees and costs have been approved by a court, after notice to the plan, the plan shall have the right to be heard on the matter of attorneys' fees and costs or its proportionate share;

(b) If the plan has intervened in the action by an injured enrollee against a negligent third party, then the amount of costs the plan can recover shall be the excess remaining after the enrollee has been fully compensated for his or her loss or the amount of the plan's incurred costs, whichever is less.

(11) Establish and maintain a grievance procedure approved by the insurance commissioner, to provide a reasonable and effective resolution of complaints initiated by plan enrollees concerning any matter relating to the provision of benefits under the uniform benefits package and supplemental benefits, access to

health care services, and quality of services. Each plan shall respond to complaints filed with the insurance commissioner within fifteen working days. The insurance commissioner in consultation with the commission shall establish standards for resolution of grievances by enrollees of registered employer health plans.

(12) Have culturally sensitive health promotion programs that include approaches that are specifically effective for persons of color and accommodating to different cultural value systems, gender, and age.

(13) Permit every category of health care provider to provide health services or care for conditions included in the uniform benefits package to the extent that:

(a) The provision of such health services or care is within the health care providers' permitted scope of practice; and

(b) The providers agree to abide by standards related to:

(i) Provision, utilization review, and cost containment of health services;

(ii) Management and administrative procedures; and

(iii) Provision of cost-effective and clinically efficacious health services.

(14) Pay to the state treasurer a tax equivalent to the tax applied to taxpayers under section 301 of this act in accordance with rules adopted by the department of revenue.

(15) File their uniform benefits package and supplemental benefits with the insurance commissioner who may disapprove and order a modification of such package or benefits if such package or benefits fail to meet any standards or rules adopted by the commission pertaining to maximum premiums, enrollee financial participation, point of service cost-sharing, benefit design, or health service delivery.

(16) Comply with and shall be subject to sections 431, 447, and 448 of this act.

(17) Pay an annual fee to the insurance commissioner's office in an amount established by rule of the commissioner necessary for the performance of the commissioner's responsibilities under this section consistent with and subject to the collection, depositing, and spending provisions applicable to fees collected pursuant to RCW 48.02.190.

(18) File an annual report with the commissioner containing such information as the commissioner may require to determine compliance with this section.

(19) In addition to any other penalties prescribed by law, be subject to the penalties contained in section 432 of this act for violations of this section.

NEW SECTION. Sec. 431. **CONTRACTS BETWEEN CERTIFIED HEALTH PLANS AND HEALTH CARE PROVIDERS.** (1) Balancing the need for health care reform and the need to protect health care providers, as a class and as individual providers, from improper exclusion presents a problem that can be satisfied with the creation of a process to ensure fair consideration of the inclusion of health care providers in managed care systems operated by certified health plans. It is therefore the intent of the legislature that the health services commission in developing rules in accordance with this section and the attorney

general in monitoring the level of competition in the various geographic markets, balance the need for cost-effective and quality delivery of health services with the need for inclusion of both individual health care providers and categories of health care providers in managed care programs developed by certified health plans.

(2) All licensed health care providers licensed by the state, irrespective of the type or kind of practice, should be afforded the opportunity for inclusion in certified health plans consistent with the goals of health care reform.

The health services commission shall adopt rules requiring certified health plans to publish general criteria for the plan's selection or termination of health care providers. Such rules shall not require the disclosure of criteria deemed by the plan to be of a proprietary or competitive nature that would hurt the plan's ability to compete or to manage health services. Disclosure of criteria is proprietary or anticompetitive if revealing the criteria would have the tendency to cause health care providers to alter their practice pattern in a manner that would harm efforts to contain health care costs and is proprietary if revealing the criteria would cause the plan's competitors to obtain valuable business information.

If a certified health plan uses unpublished criteria to judge the quality and cost-effectiveness of a health care provider's practice under any specific program within the plan, the plan may not reject or terminate the provider participating in that program based upon such criteria until the provider has been informed of the criteria that his or her practice fails to meet and is given a reasonable opportunity to conform to such criteria.

(3)(a) Whenever a determination is made under (b) of this subsection that a plan's share of the market reaches a point where the plan's exclusion of health care providers from a program of the plan would result in the substantial inability of providers to continue their practice thereby unreasonably restricting consumer access to needed health services, the certified health plan must allow all providers within the affected market to participate in the programs of the certified health plan. All such providers must meet the published criteria and requirements of the programs.

(b) The attorney general with the assistance of the insurance commissioner shall periodically analyze the market power of certified health plans to determine when the market share of any program of a certified health plan reaches a point where the plan's exclusion of health service providers from a program of the plan would result in the substantial inability of providers to continue their practice thereby unreasonably restricting consumer access to needed health services. In analyzing the market power of a certified health plan, the attorney general shall consider:

- (i) The ease with which providers may obtain contracts with other plans;
- (ii) The amount of the private pay and government employer business that is controlled by the certified health plan taking into account the selling of its provider network to self-insured employer plans;

(iii) The difficulty in establishing new competing plans in the relevant geographic market; and

(iv) The sufficiency of the number or type of providers under contract with the plan available to meet the needs of plan enrollees.

Notwithstanding the provisions of this subsection, if the certified health plan demonstrates to the satisfaction of the attorney general and the health services commission that health service utilization data and similar information shows that the inclusion of additional health service providers would substantially lessen the plan's ability to control health care costs and that the plan's procedures for selection of providers are not improperly exclusive of providers, the plan need not include additional providers within the plan's program.

(4) The health services commission shall adopt rules for the resolution of disputes between providers and certified health plans including disputes regarding the decision of a plan not to include the services of a provider.

(5) Nothing contained in this section shall be construed to require a plan to allow or continue the participation of a provider if the plan is a federally qualified health maintenance organization and the participation of the provider or providers would prevent the health maintenance organization from operating as a health maintenance organization in accordance with 42 U.S.C. Sec. 300e.

NEW SECTION. Sec. 432. CERTIFIED HEALTH PLANS—REGISTRATION REQUIRED—PENALTY. (1) No person or entity in this state may, by mail or otherwise, act or hold himself or herself out to be a certified health plan as defined by section 402 of this act without being registered as a certified health plan with the insurance commissioner.

(2) Anyone violating subsection (1) of this section is liable for a fine not to exceed ten thousand dollars and imprisonment not to exceed six months for each instance of such violation.

NEW SECTION. Sec. 433. ELIGIBILITY REQUIREMENTS FOR CERTIFICATE OF REGISTRATION—APPLICATION REQUIREMENTS. Any corporation, cooperative group, partnership, association, or groups of health professionals licensed by the state of Washington, public hospital district, or public institutions of higher education are entitled to a certificate from the insurance commissioner as a certified health plan if it:

(1) Submits an application for certification as a certified health plan, which shall be verified by an officer or authorized representative of the applicant, being in a form as the insurance commissioner prescribes in consultation with the health services commission;

(2) Meets the minimum net worth requirements set forth in section 438 of this act and the funding reserve requirements set forth in section 439 of this act;

(3) A certified health plan may establish the geographic boundaries in which they will obligate themselves to deliver the services required under the uniform benefits package and include such information in their application for certification, but the commissioner shall review such boundaries and may disapprove, in

conformance to guidelines adopted by the commission, those which have been clearly drawn to be exclusionary within a health care catchment area.

NEW SECTION. Sec. 434. ISSUANCE OF CERTIFICATE—GROUNDS FOR REFUSAL. The commissioner shall issue a certificate as a certified health plan to an applicant within one hundred twenty days of such filing unless the commissioner notifies the applicant within such time that such application is not complete and the reasons therefor; or that the commissioner is not satisfied that:

(1) The basic organization document of the applicant permits the applicant to conduct business as a certified health plan;

(2) The applicant has demonstrated the intent and ability to assure that the health services will be provided in a manner to assure both their availability and accessibility;

(3) The organization is financially responsible and may be reasonably expected to meet its obligations to its enrolled participants. In making this determination, the commissioner shall consider among other relevant factors:

(a) Any agreements with a casualty insurer, a government agency, or any other organization paying or insuring payment for health care services;

(b) Any agreements with providers for the provision of health care services; and

(c) Any arrangements for liability and malpractice insurance coverage.

(4) The procedures for offering health care services are reasonable and equitable; and

(5) Procedures have been established to:

(a) Monitor the quality of care provided by the certified health plan including standards and guidelines provided by the health services commission and other appropriate state agencies;

(b) Operate internal peer review mechanisms; and

(c) Resolve complaints and grievances in accordance with section 443 of this act and rules established by the insurance commissioner in consultation with the commission.

NEW SECTION. Sec. 435. PREMIUMS AND ENROLLEE PAYMENT AMOUNTS—FILING OF PREMIUMS AND ENROLLEE PAYMENT AMOUNTS—ADDITIONAL CHARGES PROHIBITED. (1) The insurance commissioner shall verify that the certified health plan and its providers are charging no more than the maximum premiums and enrollee financial participation amounts during the course of financial and market conduct examinations or more frequently if justified in the opinion of the insurance commissioner or upon request by the health services commission.

(2) The certified health plans shall file the premium schedules including employer contributions, enrollee premium sharing, and enrollee point of service cost sharing amounts with the insurance commissioner, within thirty days of establishment by the health services commission.

(3) No certified health plan or its provider may charge any fees, assessments, or charges in addition to the premium amount or in excess of the maximum enrollee financial participation limits established by the health services commission. The certified health plan that directly provides health care services may charge and collect the enrollee point of service cost sharing fees as established in the uniform benefits package or other approved benefit plan.

NEW SECTION. Sec. 436. ANNUAL STATEMENT FILING—CONTENTS—PENALTY FOR FAILURE TO FILE—ACCURACY REQUIRED. (1) Every certified health plan shall annually not later than March 1 of the calendar year, file with the insurance commissioner a statement verified by at least two of its principal officers showing its financial condition as of December 31 of the preceding year.

(2) Such annual report shall be in such form as the insurance commissioner shall prescribe and shall include:

(a) A financial statement of the certified health plan, including its balance sheet and receipts and disbursements for the preceding year, which reflects at a minimum;

(i) All prepayments and other payments received for health care services rendered pursuant to certified health plan benefit packages;

(ii) Expenditures to all categories of health care facilities, providers, and organizations with which the plan has contracted to fulfill obligations to enrolled residents arising out of the uniform benefits package and other approved supplemental benefit agreements, together with all other direct expenses including depreciation, enrollment, and commission; and

(iii) Expenditures for capital improvements, or additions thereto, including but not limited to construction, renovation, or purchase of facilities and capital equipment;

(b) A report of the names and addresses of all officers, directors, or trustees of the certified health plan during the preceding year, and the amount of wages, expense reimbursements, or other payments to such individuals;

(c) The number of residents enrolled and terminated during the report period. Additional information regarding the enrollment and termination pattern for a certified health plan may be required by the commissioner to demonstrate compliance with the open enrollment and free access requirements of chapter . . . , Laws of 1993 (this act). The insurance commissioner shall specify additional information to be reported, which may include but not be limited to age, sex, location, and health status information;

(d) Such other information relating to the performance of the certified health plan or the health care facilities or providers with which it has contracted as reasonably necessary to the proper and effective administration of this chapter in accordance with rules;

(e) Disclosure of any financial interests held by officers and directors in any providers associated with the certified health plan or provider of the certified health plan.

(3) The commissioner may require quarterly reporting of financial information, such information to be furnished in a format prescribed by the commissioner in consultation with the commission.

(4) The commissioner may for good reason allow a reasonable extension of time within which such annual statement shall be filed.

(5) The commissioner may suspend or revoke the certificate of a certified health plan for failing to file its annual statement when due or during any extension of time therefor that the commissioner, for good cause, may grant.

(6) The commissioner shall provide to the health services commission an annual summary report of at least the information required in subsections (2) and (3) of this section.

(7) No person may knowingly file with any public official or knowingly make, publish, or disseminate any financial statement of a certified health plan that does not accurately state the certified health plan's financial condition.

NEW SECTION. Sec. 437. PROVIDER CONTRACTS—ENROLLED RESIDENT'S LIABILITY, COMMISSIONER'S REVIEW. (1) Subject to subsection (2) of this section, every contract between a certified health plan and its providers of health care services shall be in writing and shall set forth that in the event the certified health plan fails to pay for health care services as set forth in the uniform benefits package, the enrollee is not liable to the provider for any sums owed by the certified health plan. Every such contract shall provide that this requirement shall survive termination of the contract.

(2) The provisions of subsection (1) of this section shall not apply to emergency care from a provider who is not a contracting provider with the certified health plan, or to emergent and urgently needed out-of-area services.

(3) The certified health plan shall file the contracts with the insurance commissioner for approval thirty days prior to use.

NEW SECTION. Sec. 438. MINIMUM NET WORTH—REQUIREMENTS TO MAINTAIN—DETERMINATION OF AMOUNT. (1) Every certified health plan must maintain a minimum net worth equal to the greater of:

(a) One million dollars; or

(b) Two percent of annual premium revenues as reported on the most recent annual financial statement filed with the insurance commissioner on the first one hundred fifty million dollars of premium and one percent of annual premium on the premium in excess of one hundred fifty million dollars; or

(c) An amount equal to the sum of three months' uncovered expenditures as reported on the most recent financial statement filed with the commissioner.

(2)(a) In determining net worth, no debt may be considered fully subordinated unless the subordination clause is in a form acceptable to the commissioner. An interest obligation relating to the repayment of a subordinated debt must be similarly subordinated.

(b) The interest expenses relating to the repayment of a fully subordinated debt may not be considered uncovered expenditures.

(c) A subordinated debt incurred by a note meeting the requirements of this section, and otherwise acceptable to the insurance commissioner, may not be considered a liability and shall be recorded as equity.

(3) Every certified health plan shall, in determining liabilities, include an amount estimated in the aggregate to provide for unearned premiums and for the payment of claims for health care expenditures that have been incurred, whether reported or unreported, that are unpaid and for which such organization is or may be liable and to provide for the expense of adjustment or settlement of such claims.

The claims shall be computed in accordance with rules adopted by the insurance commissioner in consultation with the health services commission.

NEW SECTION. Sec. 439. FUNDED RESERVE REQUIREMENTS. (1) Each certified health plan obtaining certification from the insurance commissioner under sections 427 through 444 of this act shall provide and maintain a funded reserve of one hundred fifty thousand dollars. The funded reserve shall be deposited with the insurance commissioner or with any organization acceptable to the commissioner in the form of cash, securities eligible for investment under chapter 48.13 RCW, approved surety bond, or any combination of these, and must be equal to or exceed one hundred fifty thousand dollars. The funded reserve shall be established as an assurance that the uncovered expenditures obligations of the certified health plan to the enrolled Washington residents shall be performed.

(2) All income from reserves on deposit with the commissioner shall belong to the depositing certified health plan and shall be paid to it as it becomes available.

(3) Funded reserves required by this section shall be considered an asset in determining the plan's net worth.

NEW SECTION. Sec. 440. EXAMINATION OF CERTIFIED HEALTH PLANS, POWERS OF COMMISSIONER, DUTIES OF PLANS, INDEPENDENT AUDIT REPORTS. (1) The insurance commissioner shall make an examination of the operations of a certified health plan as often as the commissioner deems it necessary in order to assure the financial security and health and safety of the enrolled residents. The insurance commissioner shall make an examination of a certified health plan not less than once every three calendar years.

(2) Every certified health plan shall submit its books and records relating to its operation for financial condition and market conduct examinations and in every way facilitate them. The quality or appropriateness of health services and systems shall be examined by the department of health except that the insurance commissioner may review such areas to the extent that such items impact the financial condition or the market conduct of the certified health plan. For the

purpose of the examinations the insurance commissioner may issue subpoenas, administer oaths, and examine the officers and principals of the certified health plans concerning their business.

(3) The insurance commissioner may elect to accept and rely on audit reports made by an independent certified public accountant for the certified health plan in the course of that part of the insurance commissioner's examination covering the same general subject matter as the audit. The commissioner may incorporate the audit report in his or her report of the examination.

(4) Certified health plans shall be equitably assessed to cover the cost of financial condition and market conduct examinations, the costs of adopting rules, and the costs of enforcing the provisions of this chapter. The assessments shall be levied not less frequently than once every twelve months and shall be in an amount expected to fund the examinations, adoption of rules, and enforcement of the provisions of this chapter including a reasonable margin for cost variations. The assessments shall be established by rules adopted by the commissioner in consultation with the health services commission but may not exceed five and one-half cents per month per resident enrolled in the certified health plan. The minimum assessment shall be one thousand dollars. Assessment receipts shall be deposited in the insurance commissioner's regulatory account in the state treasury and shall be used for the purpose of funding the examinations authorized in subsection (1) of this section. Assessments received shall be used to pay a pro rata share of the costs, including overhead of regulating certified health plans. Amounts remaining in the separate account at the end of a biennium shall be applied to reduce the assessments in succeeding biennia.

NEW SECTION. Sec. 441. INSOLVENCY—COMMISSIONER'S DUTIES, CONTINUATION OF BENEFITS, ALLOCATION OF COVERAGE.

(1) In the event of insolvency of a certified health plan and upon order of the commissioner, all other certified health plans shall offer the enrolled Washington residents of the insolvent certified health plan the opportunity to enroll in a solvent certified health plan. Enrollment shall be without prejudice for any preexisting condition and shall be continuous provided the resident enrolls in the new certified health plan within thirty days of the date of insolvency and otherwise complies with the certified health plan's managed care procedures within the thirty-day open enrollment period.

(2) The insurance commissioner, in consultation with the health services commission, shall establish guidelines for the equitable distribution of the insolvent certified health plan's enrollees to the remaining certified health plans. The guidelines may include limitations to enrollment based on financial conditions, provider delivery network, administrative capabilities of the certified health plan, and other reasonable measures of the certified health plan's ability to provide benefits to the newly enrolled residents.

(3) Each certified health plan shall have a plan for handling insolvency that allows for continuation of benefits for the duration of the coverage period for

whici, premiums have been paid and continuation of benefits to enrolled Washington residents who are confined on the date of insolvency in an inpatient facility until their discharge or transfer to a new certified health plan as provided in subsection (1) of this section. The plan shall be approved by the insurance commissioner at the time of certification and shall be submitted for review and approval on an annual basis. The commissioner shall approve such a plan if it includes:

(a) Insurance to cover the expenses to be paid for continued benefits after insolvency;

(b) Provisions in provider contracts that obligate the provider to provide services for the duration of the period after the certified health plan's insolvency for which premium payment has been made and until the enrolled participant is transferred to a new certified health plan in accordance with subsection (1) of this section. Such extension of coverage shall not obligate the provider of service beyond thirty days following the date of insolvency;

(c) Use of the funded reserve requirements as provided under section 439 of this act;

(d) Acceptable letters of credit or approved surety bonds; or

(e) Other arrangements the insurance commissioner and certified health plan mutually agree are appropriate to assure that benefits are continued.

NEW SECTION. Sec. 442. FINANCIAL FAILURE, SUPERVISION OF COMMISSIONER—PRIORITY OF DISTRIBUTION OF ASSETS. (1) Any rehabilitation, liquidation, or conservation of a certified health plan shall be deemed to be the rehabilitation, liquidation, or conservation of an insurance company and shall be conducted under the supervision of the insurance commissioner under the law governing the rehabilitation, liquidation, or conservation of insurance companies. The insurance commissioner may apply for an order directing the insurance commissioner to rehabilitate, liquidate, or conserve a certified health plan upon one or more of the grounds set forth in RCW 48.31.030, 48.31.050, and 48.31.080. Enrolled residents shall have the same priority in the event of liquidation or rehabilitation as the law provides to policyholders of an insurer.

(2) For purposes of determining the priority of distribution of general assets, claims of enrolled residents and their dependents shall have the same priority as established by RCW 48.31.280 for policyholders and their dependents of insurance companies. If an enrolled resident is liable to a provider for services under and covered by a certified health plan, that liability shall have the status of an enrolled resident claim for distribution of general assets.

(3) A provider who is obligated by statute or agreement to hold enrolled residents harmless from liability for services provided under and covered by a certified health plan shall have a priority of distribution of the general assets immediately following that of enrolled residents and enrolled residents' dependents as described in this section, and immediately preceding the priority of distribution described in RCW 48.31.280(2)(e).

NEW SECTION. Sec. 443. GRIEVANCE PROCEDURE. A certified health plan shall establish and maintain a grievance procedure approved by the commissioner, to provide a reasonable and effective resolution of complaints initiated by enrolled Washington residents concerning any matter relating to the provision of benefits under the uniform benefits package, access to health care services, and quality of services. Each certified health plan shall respond to complaints filed with the insurance commissioner within twenty working days. The insurance commissioner in consultation with the health services commission shall establish standards for grievance procedures and resolution.

NEW SECTION. Sec. 444. EXEMPTION. The provisions of sections 433 through 443 of this act do not apply to any disability insurance company, health care service contractor, or health maintenance organization authorized to do business in Washington.

NEW SECTION. Sec. 445. ENFORCEMENT AUTHORITY OF COMMISSIONER. For the purposes of chapter . . . , Laws of 1993 (this act), the insurance commissioner shall have the same powers and duties of enforcement as are provided in Title 48 RCW.

NEW SECTION. Sec. 446. ANNUAL REPORT BY THE INSURANCE COMMISSIONER TO THE HEALTH SERVICES COMMISSION. Beginning January 1, 1997, the insurance commissioner shall report annually to the health services commission on the compliance of certified health plans and health insurance purchasing cooperatives with the provisions of chapter . . . , Laws of 1993 (this act). The report shall include information on (1) compliance with chapter . . . , Laws of 1993 (this act) open enrollment and antidiscrimination provisions, (2) financial solvency requirements, (3) the mix of enrollee characteristics within and among plans and groups including age, sex, ethnicity, and any easily obtainable information related to medical risk, (4) the geographic distribution of plans and groups, and (5) other information that the commission may request consistent with the goals of chapter . . . , Laws of 1993 (this act).

F. MANAGED COMPETITION AND LIMITED ANTI-TRUST IMMUNITY

NEW SECTION. Sec. 447. MANAGED COMPETITION FINDINGS AND INTENT. (1) The legislature recognizes that competition among health care providers, facilities, payers, and purchasers will yield the best allocation of health care resources, the lowest prices for health care, and the highest quality of health care when there exists a large number of buyers and sellers, easily comparable health care plans and services, minimal barriers to entry and exit into the health care market, and adequate information for buyers and sellers to base purchasing and production decisions. However, the legislature finds that purchasers of health care services and health care coverage do not have adequate information upon which to base purchasing decisions; that health care facilities and providers of health care services face legal and market disincentives to

develop economies of scale or to provide the most cost-efficient and efficacious service; that health insurers, contractors, and health maintenance organizations face market disincentives in providing health care coverage to those Washington residents with the most need for health care coverage; and that potential competitors in the provision of health care coverage bear unequal burdens in entering the market for health care coverage.

(2) The legislature therefore intends to exempt from state anti-trust laws, and to provide immunity from federal anti-trust laws through the state action doctrine for activities approved under this chapter that might otherwise be constrained by such laws and intends to displace competition in the health care market: To contain the aggregate cost of health care services; to promote the development of comprehensive, integrated, and cost-effective health care delivery systems through cooperative activities among health care providers and facilities; to promote comparability of health care coverage; to improve the cost-effectiveness in providing health care coverage relative to health promotion, disease prevention, and the amelioration or cure of illness; to assure universal access to a publicly determined, uniform package of health care benefits; and to create reasonable equity in the distribution of funds, treatment, and medical risk among purchasers of health care coverage, payers of health care services, providers of health care services, health care facilities, and Washington residents. To these ends, any lawful action taken pursuant to chapter . . . , Laws of 1993 (this act) by any person or entity created or regulated by chapter . . . , Laws of 1993 (this act) are declared to be taken pursuant to state statute and in furtherance of the public purposes of the state of Washington.

(3) The legislature does not intend and unless explicitly permitted in accordance with section 448 of this act or under rules adopted pursuant to chapter . . . , Laws of 1993 (this act), does not authorize any person or entity to engage in activities or to conspire to engage in activities that would constitute per se violations of state and federal anti-trust laws including but not limited to conspiracies or agreements:

(a) Among competing health care providers not to grant discounts, not to provide services, or to fix the price of their services;

(b) Among certified health plans as to the price or level of reimbursement for health care services;

(c) Among certified health plans to boycott a group or class of health care service providers;

(d) Among purchasers of certified health plan coverage to boycott a particular plan or class of plans;

(e) Among certified health plans to divide the market for health care coverage; or

(f) Among certified health plans and purchasers to attract or discourage enrollment of any Washington resident or groups of residents in a certified health plan based upon the perceived or actual risk of loss in including such resident or group of residents in a certified health plan or purchasing group.

NEW SECTION. Sec. 448. COMPETITIVE OVERSIGHT AND ANTI-TRUST IMMUNITY. (1) A certified health plan, health care facility, health care provider, or other person involved in the development, delivery, or marketing of health care or certified health plans may request, in writing, that the commission obtain an informal opinion from the attorney general as to whether particular conduct is authorized by chapter . . . , Laws of 1993 (this act). The attorney general shall issue such opinion within thirty days of receipt of a written request for an opinion or within thirty days of receipt of any additional information requested by the attorney general necessary for rendering an opinion unless extended by the attorney general for good cause shown. If the attorney general concludes that such conduct is not authorized by chapter . . . , Laws of 1993 (this act), the person or organization making the request may petition the commission for review and approval of such conduct in accordance with subsection (3) of this section.

(2) After obtaining the written opinion of the attorney general and consistent with such opinion, the health services commission:

(a) May authorize conduct by a certified health plan, health care facility, health care provider, or any other person that could tend to lessen competition in the relevant market upon a strong showing that the conduct is likely to achieve the policy goals of chapter . . . , Laws of 1993 (this act) and a more competitive alternative is impractical;

(b) Shall adopt rules governing conduct among providers, health care facilities, and certified health plans including rules governing provider and facility contracts with certified health plans, rules governing the use of "most favored nation" clauses and exclusive dealing clauses in such contracts, and rules providing that certified health plans in rural areas contract with a sufficient number and type of health care providers and facilities to ensure consumer access to local health care services;

(c) Shall adopt rules permitting health care providers within the service area of a plan to collectively negotiate the terms and conditions of contracts with a certified health plan including the ability of providers to meet and communicate for the purposes of these negotiations; and

(d) Shall adopt rules governing cooperative activities among health care facilities and providers.

(3) A certified health plan, health care facility, health care provider, or any other person involved in the development, delivery, and marketing of health services or certified health plans may file a written petition with the commission requesting approval of conduct that could tend to lessen competition in the relevant market. Such petition shall be filed in a form and manner prescribed by rule of the commission.

The commission shall issue a written decision approving or denying a petition filed under this section within ninety days of receipt of a properly completed written petition unless extended by the commission for good cause

shown. The decision shall set forth findings as to benefits and disadvantages and conclusions as to whether the benefits outweigh the disadvantages.

(4) In authorizing conduct and adopting rules of conduct under this section, the commission with the advice of the attorney general, shall consider the benefits of such conduct in furthering the goals of health care reform including but not limited to:

- (a) Enhancement of the quality of health services to consumers;
- (b) Gains in cost efficiency of health services;
- (c) Improvements in utilization of health services and equipment;
- (d) Avoidance of duplication of health services resources; or

(e) And as to subsections (b) and (c) of this subsection: (i) Facilitates the exchange of information relating to performance expectations; (ii) simplifies the negotiation of delivery arrangements and relationships; and (iii) reduces the transactions costs on the part of certified health plans and providers in negotiating more cost effective delivery arrangements.

These benefits must outweigh disadvantages including and not limited to:

(i) Reduced competition among certified health plans, health care providers, or health care facilities;

(ii) Adverse impact on quality, availability, or price of health care services to consumers; or

(iii) The availability of arrangements less restrictive to competition that achieve the same benefits.

(5) Conduct authorized by the commission shall be deemed taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(6) With the assistance of the attorney general's office, the commission shall actively supervise any conduct authorized under this section to determine whether such conduct or rules permitting certain conduct should be continued and whether a more competitive alternative is practical. The commission shall periodically review petitioned conduct through, at least, annual progress reports from petitioners, annual or more frequent reviews by the commission that evaluate whether the conduct is consistent with the petition, and whether the benefits continue to outweigh any disadvantages. If the commission determines that the likely benefits of any conduct approved through rule, petition, or otherwise by the commission no longer outweigh the disadvantages attributable to potential reduction in competition, the commission shall order a modification or discontinuance of such conduct. Conduct ordered discontinued by the commission shall no longer be deemed to be taken pursuant to state statute and in the furtherance of the public purposes of the state of Washington.

(7) Nothing contained in chapter . . . , Laws of 1993 (this act) is intended to in any way limit the ability of rural hospital districts to enter into cooperative agreements and contracts pursuant to RCW 70.44.450 and chapter 39.34 RCW.

G. THE UNIFORM BENEFITS PACKAGE**NEW SECTION. Sec. 449. UNIFORM BENEFITS PACKAGE DESIGN.**

(1) The commission shall define the uniform benefits package, which shall include those health services that, consistent with the goals and intent of chapter . . . , Laws of 1993 (this act), are effective and necessary on a societal basis for the maintenance of the health of citizens of the state, weighed against the need to control state health services expenditures.

(2) The schedule of covered health services shall emphasize proven preventive and primary health care and shall be composed of the following essential health services: (a) Primary and specialty health services; (b) inpatient and outpatient hospital services; (c) prescription drugs and medications; (d) reproductive services; (e) services necessary for maternity and well-child care, including preventive dental services for children; and (f) case-managed chemical dependency, mental health, short-term skilled nursing facility, home health, and hospice services, to the extent that such services reduce inappropriate utilization of more intensive or less efficacious medical services. The commission shall determine the specific schedule of health services within the uniform benefits package, including limitations on scope and duration of services. The schedule shall be the benefit and actuarial equivalent of the schedule of benefits offered by the basic health plan on January 1, 1993, including any additions that may result from the inclusion of the services listed in (c) through (f) of this subsection. The commission shall consider the recommendations of health services effectiveness panels established pursuant to section 404 of this act in defining the uniform benefits package.

(3) The uniform benefits package shall not limit coverage for preexisting or prior conditions, except that the commission shall establish exclusions for preexisting or prior conditions to the extent necessary to prevent residents from waiting until health services are needed before enrolling in a certified health plan.

(4) The commission shall establish enrollee point of service cost-sharing for nonpreventive health services, related to enrollee household income, such that financial considerations are not a barrier to access for low-income persons, but that, for those of means, the uniform benefits package provides for moderate point of service cost-sharing. All point of service cost-sharing and cost control requirements shall apply uniformly to all health care providers providing substantially similar uniform benefits package services. The schedule shall provide for an alternate and lower schedule of cost-sharing applicable to enrollees with household income below the federal poverty level.

(5) The commission shall adopt rules related to coordination of benefits and premium payments. The rules shall not have the effect of eliminating enrollee financial participation. The commission shall endeavor to assure an equitable distribution, among both employers and employees, of the costs of coverage for those households composed of more than one member in the work force.

(6) In determining the uniform benefits package, the commission shall endeavor to seek the opinions of and information from the public. The

commission shall consider the results of official public health assessment and policy development activities including recommendations of the department of health in discharging its responsibilities under this section.

(7) The commission shall submit the following to the legislature by December 1, 1994, and by December 1 of the year preceding any year in which the commission proposes to significantly modify the uniform benefits package: (a) The uniform benefits package; and (b) an independent actuarial analysis of the cost of the proposed package, giving consideration to the factors considered under section 406(6) of this act. The commission shall not modify the services included in the uniform benefits package before January 1, 1999.

NEW SECTION. Sec. 450. SMALL BUSINESS ECONOMIC IMPACT STATEMENT. (1) In conjunction with submission of the uniform benefits package as provided in section 449(7) of this act, the commission also shall submit a small business economic impact statement, prepared in consultation with the small business advisory committee. The impact statement shall address the economic impact on businesses with twenty-five or fewer full-time equivalent employees of participating in the cost of the uniform benefits package for their employees and employees' dependents. As an aid in preparing the small business economic impact statement, the commission shall conduct a survey of a statistically valid sample of small businesses.

(2) If the small business economic impact statement indicates a need to address the economic consequences of mandating employer participation in the cost of uniform benefits package coverage for employees and their dependents, the commission shall submit proposed strategies to address such consequences. Strategies may include: The level of employer participation in uniform benefits package costs; coverage of dependents; application of the uniform benefits package as the minimum benefits package offered to employees or dependents; and any other strategies deemed appropriate by the commission.

NEW SECTION. Sec. 451. HOUSEHOLD INCOME ANALYSIS. In conjunction with submission of the uniform benefits package as provided in section 449(7) of this act, the commission shall submit an analysis of the impact of employee premium contributions on individuals with household income of less than two hundred percent of the federal poverty level. The analysis shall include estimates of the cost of varying levels of premium subsidies for these individuals and their families.

NEW SECTION. Sec. 452. CERTIFIED HEALTH PLAN BENEFIT PACKAGES—OFFERING, FILING, AND APPROVAL OF FORMS. No uniform benefits package or supplemental benefits may be offered, delivered, or issued for delivery to any person in this state unless it otherwise complies with chapter . . . , Laws of 1993 (this act), and complies with the following:

(1) All certified health plan forms for uniform and supplemental benefits issued by the plan to enrollees and such other marketing documents purporting to describe the plan's benefits shall comply with the minimum standards the

commissioner deems reasonable and necessary to carry out the purposes and provisions of this chapter and consistent with health services commission standards. The plan's forms and documents shall fully inform enrollees of the health services to which they are entitled, and shall fully disclose any limitations, exclusions, rights, responsibilities, and duties required of either the enrollee or the certified health plan. No form or document may be issued, delivered, or issued for delivery unless it has been filed with and approved by the commissioner.

(2) Every form or document filing containing a certification, in a manner approved by the commissioner, by either the chief executive officer of the plan or by an actuary who is a member of the American academy of actuaries, attesting that the filing complies with Title 48 RCW, Title 284 WAC, and this chapter, may be used by such certified health plan immediately after filing with the commissioner. The commissioner may order a plan to cease using a certified form or document upon the grounds set forth in subsection (6) of this section.

(3) Every filing that does not contain a certification pursuant to subsection (2) of this section shall be made not less than thirty days in advance of any such issuance, delivery, or use. At the expiration of such thirty days the form or document filed shall be deemed approved unless affirmatively approved or disapproved by the commissioner within the thirty-day period. The commissioner may extend by not more than an additional fifteen days the period within which the commissioner may review such filing, by notifying the plan of the extension before expiration of the initial thirty-day period. At the expiration of any extension period and in the absence of prior affirmative approval or disapproval, any such form or document shall be deemed approved. The commissioner may withdraw approval at any time for cause. By approval of any filing for immediate use, the commissioner may waive any unexpired portion of the initial thirty-day waiting period.

(4) Whenever the commissioner disapproves a filing or withdraws a previous approval, the commissioner shall state the grounds for disapproval.

(5) The commissioner may exempt from the requirements of this section any plan document or form that, in the commissioner's opinion, may not practicably be applied to, or the filing and approval of which are, in the commissioner's opinion, not desirable or necessary for the protection of the public.

(6) The commissioner shall disapprove any form or document or shall withdraw any previous approval, only:

(a) If it is in any respect in violation of or does not comply with Title 48 RCW, Title 284 WAC, and this chapter, or any applicable order of the commissioner;

(b) If it does not comply with any controlling filing previously made and approved;

(c) If it contains or incorporates by reference any inconsistent, ambiguous, or misleading clauses, or exceptions and conditions that unreasonably or deceptively affect the health services purported to be offered or provided;

(d) If it has any title, heading, or other indication of its provisions that is misleading;

(e) If purchase of health services under the form or document is being solicited by deceptive advertising; or

(f) If the health service benefits provided in the form or document are unreasonable in relation to the premium charged.

NEW SECTION. Sec. 453. UNIFORM AND SUPPLEMENTAL BENEFITS—RATES—FILING AND APPROVAL. (1) Premium rates for uniform benefits package and supplemental benefits shall not be excessive or inadequate, and shall not discriminate in a manner prohibited by section 428(3) of this act. Premium rates, enrollee point of service cost-sharing, or maximum enrollee financial participation amounts for a uniform benefits package may not exceed the limits established by the health services commission in accordance with section 406 of this act. Premium rates for uniform benefits package and supplemental benefits shall be developed on a community-rated basis as determined by the health services commission.

(2) Prior to using, every certified health plan shall file with the commissioner its enrollee point of service, cost-sharing amounts, enrollee financial participation amounts, rates, its rating plan, and any other information used to determine the specific premium to be charged any enrollee and every modification of any of the foregoing.

(3) Every such filing shall indicate the type and extent of the health services contemplated and must be accompanied by sufficient information to permit the commissioner to determine whether it meets the requirements of this chapter. A plan shall offer in support of any filing:

(a) Any historical data and actuarial projections used to establish the rate filed;

(b) An exhibit detailing the major elements of operating expense for the types of health services affected by the filing;

(c) An explanation of how investment income has been taken into account in the proposed rates;

(d) Any other information that the plan deems relevant; and

(e) Any other information that the commissioner requires by rule.

(4) If a plan has insufficient loss experience to support its proposed rates, it may submit loss experience for similar exposures of other plans within the state.

(5) Every filing shall state its proposed effective date.

(6) Actuarial formulas, statistics, and assumptions submitted in support of a rate or form filing by a plan or submitted to the commissioner at the commissioner's request shall be withheld from public inspection in order to preserve trade secrets or prevent unfair competition.

(7) No plan may make or issue a benefits package except in accordance with its filing then in effect.

(8) The commissioner shall review a filing as soon as reasonably possible after made, to determine whether it meets the requirements of this section.

(9)(a) No filing may become effective within thirty days after the date of filing with the commissioner, which period may be extended by the commissioner for an additional period not to exceed fifteen days if the commissioner gives notice within such waiting period to the plan that the commissioner needs additional time to consider the filing.

(b) A filing shall be deemed to meet the requirements of this section unless disapproved by the commissioner within the waiting period or any extension period.

(c) If within the waiting or any extension period, the commissioner finds that a filing does not meet the requirements of this section, the commissioner shall disapprove the filing, shall notify the plan of the grounds for disapproval, and shall prohibit the use of the disapproved filing.

(10) If at any time after the applicable review period provided in this section, the commissioner finds that a filing does not meet the requirements of this section, the commissioner shall, after notice and hearing, issue an order specifying in what respect the commissioner finds that such filing fails to meet the requirements of this section, and stating when, within a reasonable period thereafter, the filings shall be deemed no longer effective.

The order shall not affect any benefits package made or issued prior to the expiration of the period set forth in the order.

NEW SECTION. Sec. 454. The legislature may disapprove of the uniform benefits package developed under section 449 of this act and medical risk adjustment mechanisms developed under section 406(7) of this act by an act of law at any time prior to the thirtieth day of the following regular legislative session. If such disapproval action is taken, the commission shall resubmit a modified package to the legislature within fifteen days of the disapproval. If the legislature does not disapprove or modify the package by an act of law by the end of that regular session, the package is deemed approved.

NEW SECTION. Sec. 455. SUPPLEMENTAL AND ADDITIONAL BENEFITS NEGOTIATION. (1) Nothing in chapter . . . , Laws of 1993 (this act) shall preclude insurers, health care service contractors, health maintenance organizations, or certified health plans from insuring, providing, or contracting for benefits not included in the uniform benefits package or in supplemental benefits.

(2) Nothing in chapter . . . , Laws of 1993 (this act) shall restrict the right of an employer to offer, an employee representative to negotiate for, or an individual to purchase supplemental or additional benefits not included in the uniform benefits package.

(3) Nothing in chapter . . . , Laws of 1993 (this act) shall restrict the right of an employer to offer or an employee representative to negotiate for payment

of up to one hundred percent of the premium of the lowest priced uniform benefits package available in the geographic area where the employer is located.

(4) Nothing in chapter . . . , Laws of 1993 (this act) shall be construed to affect the collective bargaining rights of employee organizations to the extent that federal law specifically restricts the ability of states to limit collective bargaining rights of employee organizations.

(5) After July 1, 1999, no property or casualty insurance policy issued in this state may provide first-party coverage for health services to the extent that such services are provided under a uniform benefits package covering the resident to whom such property or casualty insurance policy is issued.

NEW SECTION. Sec. 456. CONSCIENCE OR RELIGION. (1) No certified health plan or health care provider may be required by law or contract in any circumstances to participate in the provision of any uniform benefit if they object to so doing for reason of conscience or religion. No person may be discriminated against in employment or professional privileges because of such objection.

(2) The provisions of this section are not intended to result in an enrollee being denied timely access to any service included in the uniform benefits package. Each certified health plan shall:

(a) Provide written notice to certified health plan enrollees, upon enrollment with the plan and upon enrollee request thereafter, listing, by provider, services that any provider refuses to perform for reason of conscience or religion;

(b) Develop written information describing how an enrollee may directly access, in an expeditious manner, services that a provider refuses to perform; and

(c) Ensure that enrollees refused services under this section have prompt access to the information developed pursuant to (b) of this subsection.

NEW SECTION. Sec. 457. LONG-TERM CARE INTEGRATION PLAN. (1) To meet the health needs of the residents of Washington state, it is critical to finance and provide long-term care and support services through an integrated, comprehensive system that promotes human dignity and recognizes the individuality of all functionally disabled persons. This system shall be available, accessible, and responsive to all residents based upon an assessment of their functional disabilities. The governor and the legislature recognize that families, volunteers, and community organizations are essential for the delivery of effective and efficient long-term care and support services, and that this private and public service infrastructure should be supported and strengthened. Further, it is important to provide benefits without requiring family or program beneficiary impoverishment for service eligibility.

(2) To realize the need for a strong long-term care system and to carry out the November 30, 1992, final recommendations of the Washington health care cost control and access commission, established under House Concurrent Resolution No. 4443 adopted by the legislature in 1990, related to long-term care, the commission shall:

(a) Engage in a planning process, in conjunction with an advisory committee appointed for this purpose, for the inclusion of long-term care services in the uniform benefits package established under section 449 of this act by July 1999;

(b) Include in its planning process consideration of the scope of services to be covered, the cost of and financing of such coverage, the means through which existing long-term care programs and delivery systems can be coordinated and integrated, and the means through which family members can be supported in their role as informal caregivers for their parents, spouses, or other relatives.

(3) The commission shall submit recommendations concerning any necessary statutory changes or modifications of public policy to the governor and the legislature by January 1, 1995.

(4) The departments of health, retirement systems, revenue, social and health services, and veterans' affairs, the offices of financial management, insurance commissioner, and state actuary, along with the health care authority, shall participate in the review of the long-term care needs enumerated in this section and provide necessary supporting documentation and staff expertise as requested by the commission.

(5) The commission shall include in its planning process, the development of two social health maintenance organization long-term care pilot projects. The two pilot projects shall be referred to as the Washington life care pilot projects. Each life care pilot program shall be a single-entry system administered by an individual organization that is responsible for bringing together a full range of medical and long-term care services. The commission, in coordination with the appropriate agencies and departments, shall establish a Washington life care benefits package that shall include the uniform benefits package established in chapter . . . , Laws of 1993 (this act) and long-term care services. The Washington life care benefits package shall include, but not be limited to, the following long-term care services: Case management, intake and assessment, nursing home care, adult family home care, home health and home health aide care, hospice, chore services/homemaker/personal care, adult day care, respite care, and appropriate social services. The pilot project shall develop assessment and case management protocol that emphasize home and community-based care long-term care options.

(a) In designing the pilot projects, the commission shall address the following issues: Costs for the long-term care benefits, a projected case-mix based upon disability, the required federal waiver package, reimbursement, capitation methodology, marketing and enrollment, management information systems, identification of the most appropriate case management models, provider contracts, and the preferred organizational design that will serve as a functioning model for efficiently and effectively transitioning long-term care services into the uniform benefits package established in chapter . . . , Laws of 1993 (this act). The commission shall also be responsible for establishing the size of the two membership pools.

(b) Each program shall enroll applicants based on their level of functional disability and personal care needs. The distribution of these functional level categories and ethnicity within the enrolled program population shall be representative of their distribution within the community, using the best available data to estimate the community distributions.

(c) The two sites selected for the Washington life care pilot program shall be drawn from the largest urban areas and include one site in the eastern part of the state and one site in the western part of the state. The two organizations selected to manage and coordinate the life care services shall have the proven ability to provide ambulatory care, personal care/chore services, dental care, case management and referral services, must be accredited and licensed to provide long-term care for home health services, and may be licensed to provide nursing home care.

(d) The report on the development and establishment date of the two social health maintenance organizations shall be submitted to the governor and appropriate committees of the legislature by September 16, 1994. If the necessary federal waivers cannot be secured by January 1, 1995, the commission may elect to not establish the two pilot programs.

NEW SECTION. **Sec. 458.** WASHINGTON LONG-TERM CARE PARTNERSHIP. The department of social and health services shall from July 1, 1993, to July 1, 1998, coordinate a pilot program entitled the Washington long-term care partnership, whereby private insurance and medicaid funds shall be used to finance long-term care. This program must allow for the exclusion of an individual's assets, as approved by the federal health care financing administration, in a determination of the individual's eligibility for medicaid; the amount of any medicaid payment; or any subsequent recovery by the state for a payment for medicaid services to the extent such assets are protected by a long-term care insurance policy or contract governed by chapter 48.84 RCW and meeting the criteria prescribed in this chapter.

NEW SECTION. **Sec. 459.** WASHINGTON LONG-TERM CARE PARTNERSHIP. The department of social and health services shall seek approval and a waiver of appropriate federal medicaid regulations to allow the protection of an individual's assets as provided in this chapter. The department shall adopt all rules necessary to implement the Washington long-term care partnership program, which rules shall permit the exclusion of an individual's assets in a determination of medicaid eligibility to the extent that private long-term care insurance provides payment or benefits for services that medicaid would approve or cover for medicaid recipients.

NEW SECTION. **Sec. 460.** WASHINGTON LONG-TERM CARE PARTNERSHIP. (1) The insurance commissioner shall adopt rules defining the criteria that long-term care insurance policies must meet to satisfy the requirements of this chapter. The rules shall provide that all long-term care insurance policies purchased for the purposes of this chapter:

- (a) Be guaranteed renewable;
 - (b) Provide coverage for home and community-based services and nursing home care;
 - (c) Provide automatic inflation protection or similar coverage to protect the policyholder from future increases in the cost of long-term care;
 - (d) Not require prior hospitalization or confinement in a nursing home as a prerequisite to receiving long-term care benefits; and
 - (e) Contain at least a six-month grace period that permits reinstatement of the policy or contract retroactive to the date of termination if the policy or contract holder's nonpayment of premiums arose as a result of a cognitive impairment suffered by the policy or contract holder as certified by a physician.
- (2) Insurers offering long-term care policies for the purposes of this chapter shall demonstrate to the satisfaction of the insurance commissioner that they:
- (a) Have procedures to provide notice to each purchaser of the long-term care consumer education program;
 - (b) Offer case management services;
 - (c) Have procedures that provide for the keeping of individual policy records and procedures for the explanation of coverage and benefits identifying those payments or services available under the policy that meet the purposes of this chapter;
 - (d) Agree to provide the insurance commissioner, on or before September 1 of each year, an annual report containing the following information:
 - (i) The number of policies issued and of the policies issued, that number sorted by issue age;
 - (ii) To the extent possible, the financial circumstance of the individuals covered by such policies;
 - (iii) The total number of claims paid; and
 - (iv) Of the number of claims paid, the number paid for nursing home care, for home care services, and community-based services.

NEW SECTION. Sec. 461. WASHINGTON LONG-TERM CARE PARTNERSHIP. The insurance commissioner, in conjunction with the department of social and health services, shall develop a consumer education program designed to educate consumers as to the need for long-term care, methods for financing long-term care, the availability of long-term care insurance, and the availability and eligibility requirements of the asset protection program provided under this chapter.

NEW SECTION. Sec. 462. WASHINGTON LONG-TERM CARE PARTNERSHIP. By January 1 of each year, the insurance commissioner, in conjunction with the department of social and health services, shall report to the legislature on the progress of the asset protection program. The report shall include:

- (1) The success of the agencies in implementing the program;

- (2) The number of insurers offering long-term care policies meeting the criteria for asset protection;
- (3) The number, age, and financial circumstances of individuals purchasing long-term care policies meeting the criteria for asset protection;
- (4) The number of individuals seeking consumer information services;
- (5) The extent and type of benefits paid by insurers offering policies meeting the criteria for asset protection;
- (6) Estimates of the impact of the program on present and future medicaid expenditures;
- (7) The cost-effectiveness of the program; and
- (8) A determination regarding the appropriateness of continuing the program.

H. STATE RESIDENT AND EMPLOYER PARTICIPATION

NEW SECTION. Sec. 463. INDIVIDUAL PARTICIPATION. (1) All residents of the state of Washington are required to purchase a uniform benefits package from a certified health plan no later than July 1, 1999. This participation requirement shall be waived if imposition of the requirement would constitute a violation of the freedom of religion provisions set forth in the First Amendment, United States Constitution or Article I, section 11 of the state Constitution. Residents of the state of Washington who work in another state for an out-of-state employer shall be deemed to have satisfied the requirements of this section if they receive health insurance coverage through such employer.

(2) The commission shall monitor the enrollment of individuals into certified health plans and shall make public periodic reports concerning the number of persons enrolled and not enrolled, the reasons why individuals are not enrolled, recommendations to reduce the number of persons not enrolled, and recommendations regarding enforcement of this provision.

NEW SECTION. Sec. 464. EMPLOYER PARTICIPATION. (1) The legislature recognizes that small businesses play an essential and increasingly important role in the state's economy. The legislature further recognizes that many of the state's small business owners provide health insurance to their employees through small group policies at a cost that directly affects their profitability. Other small business owners are prevented from providing health benefits to their employees by the lack of access to affordable health insurance coverage. The legislature intends that the provisions of chapter . . . , Laws of 1993 (this act) make health insurance more available and affordable to small businesses in Washington state through strong cost control mechanisms and the option to purchase health benefits through the basic health plan, the Washington state group purchasing association, and health insurance purchasing cooperatives.

(2) On July 1, 1995, every employer employing more than five hundred qualified employees shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, and for employers who have

established a registered employer health plan, one of which may be its own registered employer health plan, to all qualified employees. The employer shall be required to pay no less than fifty percent of the premium cost of the lowest cost available package within their geographic region. On July 1, 1996, all dependents of qualified employees of these firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent of the premium of the lowest cost package within their geographic region.

(b) For employees who work fewer than thirty hours during a week or one hundred twenty hours during a calendar month, three hundred sixty hours during a calendar quarter or one thousand four hundred forty hours during a calendar year, and their dependents, pay, for the period of time adopted by the employer under this subsection, the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(d) If an employee working on a seasonal basis is a qualified employee of another employer, and therefore has uniform benefits package coverage through that primary employer, then the seasonal employer of the employee shall not be required to participate in the cost of the uniform benefits package for that employee.

(3) By July 1, 1996, every employer employing more than one hundred qualified employees shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent of the premium cost of the lowest cost available package within their geographic region. On July 1, 1997, all dependents of qualified employees in these firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent of the premium of the lowest cost package within their geographic region.

(b) For employees who work fewer than thirty hours during a week or one hundred twenty hours during a calendar month, three hundred sixty hours during a calendar quarter or one thousand four hundred forty hours during a calendar year, and their dependents, pay, for the period of time adopted by the employer under this subsection, the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied

by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(d) If an employee working on a seasonal basis is a qualified employee of another employer, and therefore has uniform benefits package coverage through that primary employer, then the seasonal employer of the employee shall not be required to participate in the cost of the uniform benefits package for that employee.

(4) By July 1, 1997, every employer shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent of the premium cost of the lowest cost available package within their geographic region. On July 1, 1999, all dependents of qualified employees in all firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent of the premium of the lowest cost package within their geographic region.

(b) For employees who work fewer than thirty hours during a week or one hundred twenty hours during a calendar month, three hundred sixty hours during a calendar quarter or one thousand four hundred forty hours during a calendar year, and their dependents, pay, for the period of time adopted by the employer under this subsection, the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(d) If an employee working on a seasonal basis is a qualified employee of another employer, and therefore has uniform benefits package coverage through that primary employer, then the seasonal employer of the employee shall not be required to participate in the cost of the uniform benefits package for that employee.

(5) This employer participation requirement shall be waived if imposition of the requirement would constitute a violation of the freedom of religion provisions of the First Amendment of the United States Constitution or Article I, section 11, of the state Constitution. In such case the employer shall, pursuant

to commission rules, set aside an amount equal to the applicable employer contribution level in a manner that would permit his or her employee to fully comply with the requirements of this chapter.

(6) In lieu of offering the uniform benefits package to employees and their dependents through direct contracts with certified health plans, an employer may combine the employer contribution with that of the employee's contribution and enroll in the basic health plan as provided in chapter 70.47 RCW or a health insurance purchasing cooperative established under sections 425 and 426 of this act.

NEW SECTION. Sec. 465. DEPOSITORY. (1) The health care authority shall establish a depository where payments under section 464 of this act can be made and held in safekeeping for the benefit of employees working less than the number of hours worked by a qualified employee.

(2) The authority shall adopt appropriate rules for operation of the depository, in consultation with representatives of employees and employers, especially those that are seasonal or employ large numbers of part-time workers. The rules shall address the means through which payments will be properly deposited to the credit of employees and the means through which employees can access payments made on their behalf. On and after July 1, 1995, payments deposited by employers on behalf of employees may be used by employees only for purchase of the uniform benefits package. Prior to July 1, 1995, payments may be used for purchase of any health insurance coverage.

NEW SECTION. Sec. 466. SMALL FIRM FINANCIAL ASSISTANCE. (1) Beginning July 1, 1997, firms with fewer than twenty-five workers that face barriers to providing health insurance for their employees may, upon application, be eligible to receive financial assistance with funds set aside from the health services account. Firms with the following characteristics shall be given preference in the distribution of funds: (a) New firms, (b) employers with low average wages, (c) employers with low profits, and (d) firms in economically distressed areas.

(2) All employers in existence on or before July 1, 1997, who meet the criteria set forth in this section, and rules adopted under this section, may apply to the health services commission for assistance. Such employers may not receive premium assistance beyond July 1, 2001. New employers, who come into existence after July 1, 1997, may apply for and receive premium assistance for a limited period of time, as determined by the commission.

(3) The total funds available for small business assistance shall not exceed one hundred fifty million dollars for the biennium beginning July 1, 1997. Thereafter, the amount of total funds available for premium assistance shall be determined by the office of financial management, based on a forecast of inflation, employment, and the number of eligible firms.

(4) By July 1, 1997, the health services commission, with assistance from the small business advisory committee established in section 404 of this act, shall

develop specific definitions, rules, and procedures governing all aspects of the small business assistance program, including application procedures, thresholds regarding firm size, wages, profits, and age of firm, and rules governing duration of assistance.

(5) Final determination of the amount of the premium assistance to be dispensed to an employer shall be made by the commission based on rules, definitions, and procedures developed under this section. If total claims for assistance are above the amount of total funds available for such purposes, the commission shall have the authority to prorate employer claims so that the amount of available funds is not exceeded.

(6) The office of financial management, in consultation with the commission, shall establish appropriate criteria for monitoring and evaluating the economic and labor market impacts of the premium assistance program and report its findings to the commission annually through July 1, 2001.

I. PUBLIC HEALTH SERVICES IMPROVEMENT PLAN

NEW SECTION. **Sec. 467.** A new section is added to chapter 43.70 RCW to read as follows:

PUBLIC HEALTH SERVICES IMPROVEMENT PLAN. (1) The legislature finds that the public health functions of community assessment, policy development, and assurance of service delivery are essential elements in achieving the objectives of health reform in Washington state. The legislature further finds that the population-based services provided by state and local health departments are cost-effective and are a critical strategy for the long-term containment of health care costs. The legislature further finds that the public health system in the state lacks the capacity to fulfill these functions consistent with the needs of a reformed health care system.

(2) The department of health shall develop, in consultation with local health departments and districts, the state board of health, the health services commission, area Indian health service, and other state agencies, health services providers, and citizens concerned about public health, a public health services improvement plan. The plan shall provide a detailed accounting of deficits in the core functions of assessment, policy development, assurance of the current public health system, how additional public health funding would be used, and describe the benefits expected from expanded expenditures.

(3) The plan shall include:

(a) Definition of minimum standards for public health protection through assessment, policy development, and assurances;

(i) Enumeration of communities not meeting those standards;

(ii) A budget and staffing plan for bringing all communities up to minimum standards;

(iii) An analysis of the costs and benefits expected from adopting minimum public health standards for assessment, policy development, and assurances;

(b) Recommended strategies and a schedule for improving public health programs throughout the state, including:

(i) Strategies for transferring personal health care services from the public health system, into the uniform benefits package where feasible; and

(ii) Timing of increased funding for public health services linked to specific objectives for improving public health; and

(c) A recommended level of dedicated funding for public health services to be expressed in terms of a percentage of total health service expenditures in the state or a set per person amount; such recommendation shall also include methods to ensure that such funding does not supplant existing federal, state, and local funds received by local health departments, and methods of distributing funds among local health departments.

(4) The department shall coordinate this planning process with the study activities required in section 258 of this act.

(5) By March 1, 1994, the department shall provide initial recommendations of the public health services improvement plan to the legislature regarding minimum public health standards, and public health programs needed to address urgent needs, such as those cited in subsection (7) of this section.

(6) By December 1, 1994, the department shall present the public health services improvement plan to the legislature, with specific recommendations for each element of the plan to be implemented over the period from 1995 through 1997.

(7) Thereafter, the department shall update the public health services improvement plan for presentation to the legislature prior to the beginning of a new biennium.

(8) Among the specific population-based public health activities to be considered in the public health services improvement plan are: Health data assessment and chronic and infectious disease surveillance; rapid response to outbreaks of communicable disease; efforts to prevent and control specific communicable diseases, such as tuberculosis and acquired immune deficiency syndrome; health education to promote healthy behaviors and to reduce the prevalence of chronic disease, such as those linked to the use of tobacco; access to primary care in coordination with existing community and migrant health clinics and other not for profit health care organizations; programs to ensure children are born as healthy as possible and they receive immunizations and adequate nutrition; efforts to prevent intentional and unintentional injury; programs to ensure the safety of drinking water and food supplies; poison control; trauma services; and other activities that have the potential to improve the health of the population or special populations and reduce the need for or cost of health services.

NEW SECTION. Sec. 468. A new section is added to chapter 41.05 RCW to read as follows:

AMERICAN INDIAN HEALTH CARE DELIVERY PLAN. Consistent with funds appropriated specifically for this purpose, the authority shall establish

in conjunction with the area Indian health services system and providers an advisory group comprised of Indian and non-Indian health care facilities and providers to formulate an American Indian health care delivery plan. The plan shall include:

- (1) Recommendations to providers and facilities methods for coordinating and joint venturing with the Indian health services for service delivery;
- (2) Methods to improve American Indian-specific health programming; and
- (3) Creation of co-funding recommendations and opportunities for the unmet health services programming needs of American Indians.

Passed the Senate April 23, 1993.

Passed the House April 21, 1993.

Approved by the Governor May 17, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 17, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 424, Engrossed Second Substitute Senate Bill No. 5304, entitled:

"AN ACT Relating to health care."

Engrossed Second Substitute Senate Bill No. 5304, adopts the Washington Health Services Act. Through this bill the legislature has given the people of Washington major health care reform. This bill will provide access to all residents of the state and will begin to control the spiraling costs of our health care system.

Section 424 of Engrossed Second Substitute Senate Bill 5304 changes the measurement and apportionment of damages in court actions for injuries resulting from health care by holding a defendant against whom judgment has been entered responsible for the fault of entities already released by a claimant. This section, along with the other liability reforms such as malpractice review and mandatory mediation contained in Part IV C. of the bill, is intended to encourage settlements and reduce litigation costs in medical malpractice cases. While I share in the legislature's goal of reduced malpractice litigation, I question whether this language as written will achieve the desired result.

For this reason, I have vetoed section 424 of Engrossed Second Substitute Senate Bill No. 5304.

With the exception of section 424, Engrossed Second Substitute Senate Bill No. 5304 is approved."

JUMBO FERRY CONSTRUCTION

Effective Date: 5/18/93

AN ACT Relating to jumbo ferry construction; adding new sections to chapter 47.60 RCW; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. Whenever the department is authorized to construct one or more new jumbo ferry vessels under this chapter, it shall publish a notice of its intent once a week for at least two consecutive weeks in at least one trade paper and one other paper, both of general circulation in the state. The notice shall contain, but not be limited to, the following information:

(1) The number of jumbo ferry vessels to be constructed and the proposed delivery date for each vessel;

(2) A short summary of the requirements for prequalification of bidders including a statement that prequalification is a prerequisite to consideration by the department of any bid, and a statement that the bidder shall submit its bid for the vessel in compliance with the plans and specifications supplied by the state; and

(3) An address and telephone number that may be used to obtain the bid package.

NEW SECTION. Sec. 2. The department shall send to any firm that requests it bidding documents specifying the criteria for the jumbo ferry vessels. The bid documents shall include, but not be limited to, the following information:

(1) Solicitation of a bid to deliver to the department vessels that are constructed as specified by the plans and specifications provided by the department;

(2) A requirement that bids submitted should include one bid for the construction of three vessels;

(3) The proposed delivery date for each vessel, the port on Puget Sound where delivery will be taken, and the location where acceptance sea trials will be held;

(4) The amount and form of required contract security under RCW 39.08.100;

(5) A copy of the vessel construction contract that will be signed by the successful bidder;

(6) The date by which bids for ferry vessel construction must be received by the department in order to be considered;

(7) A requirement that the contractor comply with all applicable laws, rules, and regulations including, but not limited to those pertaining to the environment, worker health and safety, and prevailing wages;

(8) A requirement that the vessels be constructed within the boundaries of the state of Washington except that equipment furnished by the state and components, products, and systems that are standard manufactured items are not subject to the in-state requirement under this subsection. For the purposes of this section, "constructed" means: The fabrication, by the joining together by welding or fastening of all steel parts from which the total vessel is constructed, including, but not limited to, all shell frames, longitudinals, bulkheads, webs, piping runs, wire ways, and ducting. "Constructed" also means the installation of all components and systems, including, but not limited to, equipment and machinery, castings, electrical, electronics, deck covering, lining, paint and joiner work, required by the contract. "Constructed" also means the interconnection of all equipment, machinery, and services, such as piping, wiring, and ducting;

(9) A requirement that all warranty work on the vessel be performed within the boundaries of the state of Washington, insofar as practicable;

(10) A statement that any bid submitted constitutes an offer and remains open until ninety days after the deadline for submitting bids, unless the firm submitting it withdraws it by formal written notice that is received by the department before the date and time specified for opening of the bids, together with an explanation of the requirement that all bids submitted be accompanied by a bid deposit in the amount of five percent of the bid amount; and

(11) A listing of all equipment to be furnished by the state.

****NEW SECTION. Sec. 3. If the lowest responsible bid exceeds by more than five percent the engineer's estimate of the cost to construct the vessels in the state of Washington, the department shall request the legislative transportation committee to perform and complete within sixty days after the bid opening, an independent review of the engineer's estimate and the bidding results to determine the appropriateness of the original engineer's estimate. In performing the independent review, the legislative transportation committee shall consult with persons not bidding on the construction of new jumbo ferry vessels in the state of Washington and who have experience in maritime bidding, ferry construction bid estimating, and are familiar with shipbuilding costs in the Pacific Northwest. If the legislative transportation committee***

confirms the original engineer's estimate it becomes the confirmed estimate. If the legislative transportation committee's review determines that the engineer's estimate should be adjusted to reflect appropriate and current information, the department shall evaluate the lowest responsible bid against the revised engineer's estimate. If the lowest responsible bid does not exceed the revised engineer's estimate by more than five percent, the department shall follow the procedures established under sections 4 through 6 of this act. If the lowest responsible bid exceeds by more than five percent the confirmed or revised engineer's estimate, the department shall solicit new bids, retaining the in-state requirement established in section 2(8) of this act. If the lowest responsible bid again exceeds the confirmed or revised engineer's estimate by more than five percent, the department shall rebid the project, eliminating the in-state requirement.

*Sec. 3 was vetoed, see message at end of chapter.

NEW SECTION. Sec. 4. (1) Upon concluding its evaluation, the department may:

(a) Select the firm submitting the lowest responsible bid for the construction of new jumbo ferries, taking into consideration the requirements stated in the bid documents and rank the remaining firms, judging them by the same standards;

(b) Reject all bids not in compliance with the requirements contained in the bid documents;

(c) Reject all bids.

(2) The department shall immediately notify those firms that were not selected as the firm presenting the lowest responsible bid. The department's selection is conclusive unless appeal from it is taken by an aggrieved firm to the superior court of Thurston county within five days after receiving notice of the department's final decision. The appeal shall be heard summarily within ten days after it is taken and on five days' notice to the department. The court shall hear any appeal on the administrative record that was before the department. The court may affirm the decision of the department, or it may reverse the decision if it determines the action of the department was arbitrary or capricious.

NEW SECTION. Sec. 5. (1) Upon selecting the firm that has submitted the lowest responsible bid for the construction of new jumbo ferries, and ranking the remaining firms in order of preference, the department shall:

(a) Sign a contract with the firm presenting the lowest responsible bid; or

(b) If a final agreement satisfactory to the department cannot be signed with the firm presenting the lowest responsible bid, the department may sign a contract with the firm ranked next lowest bidder. If necessary, the department may repeat this procedure with each firm in order until the list of firms has been exhausted, or reject all bids.

(2) In developing a contract for the construction of ferry vessels, the department may, subject to the provisions of RCW 39.25.020, authorize the use of foreign-made materials and components, products, and systems that are

standard manufactured items in the construction of ferries in order to minimize costs.

NEW SECTION. Sec. 6. Bids submitted by firms under this section constitute an offer and shall remain open for ninety days. When submitted, each bid shall be accompanied by a deposit in cash, certified check, cashier's check, or surety bond in an amount equal to five percent of the bid amount, and no bid may be considered unless the deposit is enclosed. If the department awards a contract to a firm and the firm fails to enter into a contract or fails to furnish a satisfactory contract security as required by RCW 39.08.100, its deposit shall be forfeited to the state and be deposited by the state treasurer to the credit of the Puget Sound capital construction account. Upon the execution of a ferry construction contract for the construction of new jumbo ferries, all bid deposits shall be returned.

NEW SECTION. Sec. 7. Sections 1 through 6 of this act are each added to chapter 47.60 RCW.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Passed the House April 20, 1993.

Passed the Senate April 6, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 3, Substitute House Bill No. 1635 entitled:

"AN ACT Relating to jumbo ferry construction."

This bill requires that the new jumbo ferry vessels be constructed within the state of Washington. I support the concept of in-state preference for the construction of these ferries. Section 3 of Substitute House Bill No. 1635 outlines a procedure if the contractor's bids come in significantly higher than the engineer's original cost estimates. The Legislative Transportation Committee (LTC) is granted authority to review and, if necessary, revise the engineer's estimate for appropriateness and accuracy. This LTC oversight of an executive branch function is in direct conflict with the principle of separation of powers between the Executive and Legislative branches.

Conformance to bid standards is the responsibility of the Secretary of Transportation and the Transportation Commission, not the LTC. If additional independent oversight of the agency's bidding procedures is needed, then current law does not prevent the Department of Transportation from taking advantage of contracting expertise in the Office of Financial Management.

This partial veto eliminates the formal LTC third party review process, but the in-state preference is protected. The Department of Transportation retains it's ability to control contract costs through accepted procedures in current law, while the time honored principle of separation of powers is maintained.

With the exception of section 3, Substitute House Bill No. 1635 is approved."

Sec. 2. Section 406, chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 is amended to read as follows:

POWERS AND DUTIES OF THE COMMISSION. The commission has the following powers and duties:

(1) Ensure that all residents of Washington state are enrolled in a certified health plan to receive the uniform benefits package, regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment, or economic status.

(2) Endeavor to ensure that all residents of Washington state have access to appropriate, timely, confidential, and effective health services, and monitor the degree of access to such services. If the commission finds that individuals or populations lack access to certified health plan services, the commission shall:

(a) Authorize appropriate state agencies, local health departments, community or migrant health clinics, public hospital districts, or other nonprofit health service entities to take actions necessary to assure such access. This includes authority to contract for or directly deliver services described within the uniform benefits package to special populations; or

(b) Notify appropriate certified health plans and the insurance commissioner of such findings. The commission shall adopt by rule standards by which the insurance commissioner may, in such event, require certified health plans in closest proximity to such individuals and populations to extend their catchment areas to those individuals and populations and offer them enrollment.

(3) Adopt necessary rules in accordance with chapter 34.05 RCW to carry out the purposes of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993. An initial set of draft rules establishing at least the commission's organization structure, the uniform benefits package, and standards

for certified health plan certification, must be submitted in draft form to appropriate committees of the legislature by December 1, 1994.

(4) Establish and modify as necessary, in consultation with the state board of health and the department of health, and coordination with the planning process set forth in section 467 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 a uniform set of health services based on the recommendations of the health care cost control and access commission established under House Concurrent Resolution No. 4443 adopted by the legislature in 1990.

(5) Establish and modify as necessary the uniform benefits package as provided in section 449 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993, which shall be offered to enrollees of a certified health plan. The benefit package shall be provided at no more than the maximum premium specified in subsection (6) of this section.

(6)(a) Establish for each year a community-rated maximum premium for the uniform benefits package that shall operate to control overall health care costs. The maximum premium cost of the uniform benefits package in the base year 1995 shall be established upon an actuarial determination of the costs of providing the uniform benefits package and such other cost impacts as may be deemed relevant by the commission. Beginning in 1996, the growth rate of the premium cost of the uniform benefits package for each certified health plan shall be allowed to increase by a rate no greater than the average growth rate in the cost of the package between 1990 and 1993 as actuarially determined, reduced by two percentage points per year until the growth rate is no greater than the five-year rolling average of growth in Washington per capita personal income, as determined by the office of financial management.

(b) In establishing the community-rated maximum premium under this subsection, ~~((the commission shall develop a composite rate for employees that provides nominal, if any, variance between the rate for individual employees and employees with dependents to minimize any economic incentive to an employer to discriminate between prospective employees based upon whether or not they have dependents for whom coverage would be required. Nothing in this subsection (6)(b) shall preclude the commission from evaluating other methodologies for establishing the community-rated maximum premium and recommending an alternative methodology to the legislature))~~ the commission shall review various methods for establishing the community-rated maximum premium and shall recommend such methods to the legislature by December 1, 1994.

The commission may develop and recommend a rate for employees that provides nominal, if any, variance between the rate for individual employees and employees with dependents to minimize any economic incentive to an employer to discriminate between prospective employees based upon whether or not they have dependents for whom coverage would be required.

(c) If the commission adds or deletes services or benefits to the uniform benefits package in subsequent years, it may increase or decrease the maximum

premium to reflect the actual cost experience of a broad sample of providers of that service in the state, considering the factors enumerated in (a) of this subsection and adjusted actuarially. The addition of services or benefits shall not result in a redetermination of the entire cost of the uniform benefits package.

(d) The level of state expenditures for the uniform benefits package shall be limited to the appropriation of funds specifically for this purpose.

(7) Determine the need for medical risk adjustment mechanisms to minimize financial incentives for certified health plans to enroll individuals who present lower health risks and avoid enrolling individuals who present higher health risks, and to minimize financial incentives for employer hiring practices that discriminate against individuals who present higher health risks. In the design of medical risk distribution mechanisms under this subsection, the commission shall (a) balance the benefits of price competition with the need to protect certified health plans from any unsustainable negative effects of adverse selection; (b) consider the development of a system that creates a risk profile of each certified health plan's enrollee population that does not create disincentives for a plan to control benefit utilization, that requires contributions from plans that enjoy a low-risk enrollee population to plans that have a high-risk enrollee population, and that does not permit an adjustment of the premium charged for the uniform benefits package or supplemental coverage based upon either receipt or contribution of assessments; and (c) consider whether registered employer health plans should be included in any medical risk adjustment mechanism. Proposed medical risk adjustment mechanisms shall be submitted to the legislature as provided in section 454 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993.

(8) Design a mechanism to assure minors have access to confidential health care services as currently provided in RCW 70.24.110 and 71.34.030.

(9) Monitor the actual growth in total annual health services costs.

(10) Monitor the increased application of technology as required by chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 and take necessary action to ensure that such application is made in a cost-effective and efficient manner and consistent with existing laws that protect individual privacy.

(11) Establish reporting requirements for certified health plans that own or manage health care facilities, health care facilities, and health care providers to periodically report to the commission regarding major capital expenditures of the plans. The commission shall review and monitor such reports and shall report to the legislature regarding major capital expenditures on at least an annual basis. The Washington health care facilities authority and the commission shall develop standards jointly for evaluating and approving major capital expenditure financing through the Washington health care facilities authority, as authorized pursuant to chapter 70.37 RCW. By December 1, 1994, the commission and the authority shall submit jointly to the legislature such proposed standards. The commission and the authority shall, after legislative review, but no later than June 1, 1995, publish such standards. Upon publication, the authority may not

approve financing for major capital expenditures unless approved by the commission.

(12) Establish maximum enrollee financial participation levels. The levels shall be related to enrollee household income.

(13) For health services provided under the uniform benefits package and supplemental benefits, adopt standards for enrollment, and standardized billing and claims processing forms. The standards shall ensure that these procedures minimize administrative burdens on health care providers, health care facilities, certified health plans, and consumers. Subject to federal approval or phase-in schedules whenever necessary or appropriate, the standards also shall apply to state-purchased health services, as defined in RCW 41.05.011.

(14) Propose that certified health plans adopt certain practice indicators or risk management protocols for quality assurance, utilization review, or provider payment. The commission may consider indicators or protocols recommended according to section 410 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 for these purposes.

(15) Propose other guidelines to certified health plans for utilization management, use of technology and methods of payment, such as diagnosis-related groups and a resource-based relative value scale. Such guidelines shall be voluntary and shall be designed to promote improved management of care, and provide incentives for improved efficiency and effectiveness within the delivery system.

(16) Adopt standards and oversee and develop policy for personal health data and information system as provided in chapter 70.170 RCW.

(17) Adopt standards that prevent conflict of interest by health care providers as provided in section 408 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993.

(18) At the appropriate juncture and in the fullness of time, consider the extent to which medical research and health professions training activities should be included within the health service system set forth in this chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993.

(19) Evaluate and monitor the extent to which racial and ethnic minorities have access and to receive health services within the state, and develop strategies to address barriers to access.

(20) Develop standards for the certification process to certify health plans and employer health plans to provide the uniform benefits package, according to the provisions for certified health plans and registered employer health plans under chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993.

(21) Develop rules for implementation of individual and employer participation under sections 463 and 464 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 specifically applicable to persons who work in this state but do not live in the state or persons who live in this state but work outside of the state. The rules shall be designed so that these

persons receive coverage and financial requirements that are comparable to that received by persons who both live and work in the state.

(22) After receiving advice from the health services effectiveness committee, adopt rules that must be used by certified health plans, disability insurers, health care service contractors, and health maintenance organizations to determine whether a procedure, treatment, drug, or other health service is no longer experimental or investigative.

(23) Establish a process for purchase of uniform benefits package services by enrollees when they are out-of-state.

(24) Develop recommendations to the legislature as to whether state and school district employees, on whose behalf health benefits are or will be purchased by the health care authority pursuant to chapter 41.05 RCW, should have the option to purchase health benefits through health insurance purchasing cooperatives on and after July 1, 1997. In developing its recommendations, the commission shall consider:

(a) The impact of state or school district employees purchasing through health insurance purchasing cooperatives on the ability of the state to control its health care costs; and

(b) Whether state or school district employees purchasing through health insurance purchasing cooperatives will result in inequities in health benefits between or within groups of state and school district employees.

(25) Establish guidelines for providers dealing with terminal or static conditions, taking into consideration the ethics of providers, patient and family wishes, costs, and survival possibilities.

(26) Evaluate the extent to which Taft-Hartley health care trusts provide benefits to certain individuals in the state; review the federal laws under which these trusts are organized; and make appropriate recommendations to the governor and the legislature on or before December 1, 1994, as to whether these trusts should be brought under the provisions of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 when it is fully implemented, and if the commission recommends inclusion of the trusts, how to implement such inclusion.

(27) Make appropriate recommendations to the governor and the legislature on or before December 1, 1994, as to how seasonal workers and their employers may be brought under the provisions of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 when it is fully implemented, and with particular attention to the financial impact on seasonal workers and their employers. Until such time this study has been completed and the legislature has taken affirmative action, RCW 43.—.— (section 464, chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993, as amended by section 3 of this act) shall not apply to seasonal workers or their employers.

(28) Evaluate whether Washington is experiencing a higher percentage in immigration of residents from other states and territories than would be expected by normal trends as a result of the availability of unsubsidized and subsidized

health care benefits for all residents and report to the governor and the legislature their findings.

~~((28))~~ (29) In developing the uniform benefits package and other standards pursuant to this section, consider the likelihood of the establishment of a national health services plan adopted by the federal government and its implications.

~~((29))~~ (30) Evaluate the effect of reforms under chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 on access to care and economic development in rural areas.

To the extent that the exercise of any of the powers and duties specified in this section may be inconsistent with the powers and duties of other state agencies, offices, or commissions, the authority of the commission shall supersede that of such other state agency, office, or commission, except in matters of personal health data, where the commission shall have primary data system policymaking authority and the department of health shall have primary responsibility for the maintenance and routine operation of personal health data systems.

Sec. 3. Section 464, chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 is amended to read as follows:

(1) The legislature recognizes that small businesses play an essential and increasingly important role in the state's economy. The legislature further recognizes that many of the state's small business owners provide health insurance to their employees through small group policies at a cost that directly affects their profitability. Other small business owners are prevented from providing health benefits to their employees by the lack of access to affordable health insurance coverage. The legislature intends that the provisions of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 make health insurance more available and affordable to small businesses in Washington state through strong cost control mechanisms and the option to purchase health benefits through the basic health plan, the Washington state group purchasing association, and health insurance purchasing cooperatives.

(2) On July 1, 1995, every employer employing more than five hundred qualified employees shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, and for employers who have established a registered employer health plan, one of which may be its own registered employer health plan, to all qualified employees. The employer shall be required to pay no less than fifty percent of the premium cost of the lowest cost available package within their geographic region. On July 1, 1996, all dependents of qualified employees of these firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent of the premium of the lowest cost package within their geographic region.

(b) For employees who work fewer than thirty hours during a week or one hundred twenty hours during a calendar month, three hundred sixty hours during a calendar quarter or one thousand four hundred forty hours during a calendar year, and their dependents, pay, for the period of time adopted by the employer under this subsection, the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(d) If an employee working on a seasonal basis is a qualified employee of another employer, and therefore has uniform benefits package coverage through that primary employer, then the seasonal employer of the employee shall not be required to participate in the cost of the uniform benefits package for that employee.

(3) By July 1, 1996, every employer employing more than one hundred qualified employees shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent of the premium cost of the lowest cost available package within their geographic region. On July 1, 1997, all dependents of qualified employees in these firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent of the premium of the lowest cost package within their geographic region.

(b) For employees who work fewer than thirty hours during a week or one hundred twenty hours during a calendar month, three hundred sixty hours during a calendar quarter or one thousand four hundred forty hours during a calendar year, and their dependents, pay, for the period of time adopted by the employer under this subsection, the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(d) If an employee working on a seasonal basis is a qualified employee of another employer, and therefore has uniform benefits package coverage through

that primary employer, then the seasonal employer of the employee shall not be required to participate in the cost of the uniform benefits package for that employee.

(4) By July 1, 1997, every employer shall:

(a) Offer a choice of the uniform benefits package as provided by at least three available certified health plans, one of which shall be the lowest cost available package within their geographic region, to all qualified employees. The employer shall be required to pay no less than fifty percent of the premium cost of the lowest cost available package within their geographic region. On July 1, 1999, all dependents of qualified employees in all firms shall be offered a choice of packages as provided in this section with the employer paying no less than fifty percent of the premium of the lowest cost package within their geographic region.

(b) For employees who work fewer than thirty hours during a week or one hundred twenty hours during a calendar month, three hundred sixty hours during a calendar quarter or one thousand four hundred forty hours during a calendar year, and their dependents, pay, for the period of time adopted by the employer under this subsection, the amount resulting from application of the following formula: The number of hours worked by the employee in a month is multiplied by the amount of a qualified employee's premium, and that amount is then divided by one hundred twenty.

(c) If an employee under (b) of this subsection is the dependent of a qualified employee, and is therefore covered as a dependent by the qualified employee's employer, then the employer of the employee under (b) of this subsection shall not be required to participate in the cost of the uniform benefits package for that employee.

(d) If an employee working on a seasonal basis is a qualified employee of another employer, and therefore has uniform benefits package coverage through that primary employer, then the seasonal employer of the employee shall not be required to participate in the cost of the uniform benefits package for that employee.

(5) This employer participation requirement shall be waived if imposition of the requirement would constitute a violation of the freedom of religion provisions of the First Amendment of the United States Constitution or Article I, section 11, of the state Constitution. In such case the employer shall, pursuant to commission rules, set aside an amount equal to the applicable employer contribution level in a manner that would permit his or her employee to fully comply with the requirements of this chapter.

(6) In lieu of offering the uniform benefits package to employees and their dependents through direct contracts with certified health plans, an employer may combine the employer contribution with that of the employee's contribution and enroll in the basic health plan as provided in chapter 70.47 RCW or a health insurance purchasing cooperative established under sections 425 and 426 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993.

Any subsidy that may be provided according to the provisions of chapter 70.47 RCW shall not lessen the employer's obligation to pay a minimum of fifty percent of the premium and the full amount of the direct subsidy shall be for the benefit of the employee or the dependent.

(7) For purposes of determining the financial obligation of an employer who enrolls employees or employees and their adult dependents in the basic health plan, the premium shall be the per adult, per month, cost of coverage in the plan, including administration.

Sec. 4. Section 466, chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993 is amended to read as follows:

SMALL FIRM FINANCIAL ASSISTANCE. (1) Beginning July 1, 1997, firms with fewer than twenty-five workers that face barriers to providing health insurance for their employees may, upon application, be eligible to receive financial assistance with funds set aside from the health services account. Firms with the following characteristics shall be given preference in the distribution of funds: (a) New firms, (b) employers with low average wages, (c) employers with low profits, and (d) firms in economically distressed areas.

(2) All employers in existence on or before July 1, 1997, who meet the criteria set forth in this section, and rules adopted under this section, may apply to the health services commission for assistance. Such employers may not receive premium assistance beyond July 1, 2001. New employers, who come into existence after July 1, 1997, may apply for and receive premium assistance for a limited period of time, as determined by the commission.

(3) The total funds available for small business assistance shall (~~not exceed~~) be the lesser of (a) one hundred fifty million dollars or (b) twenty-five percent of the cost of the uniform benefits package per the eligible applicants' insured employee or dependents as the case may be, for the biennium beginning July 1, 1997. Thereafter, the amount of total funds available for premium assistance shall be determined by the office of financial management, based on a forecast of inflation, employment, and the number of eligible firms.

(4) By July 1, 1997, the health services commission, with assistance from the small business advisory committee established in section 404 of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993, shall develop specific definitions, rules, and procedures governing all aspects of the small business assistance program, including application procedures, thresholds regarding firm size, wages, profits, and age of firm, and rules governing duration of assistance. The health services commission will endeavor to design a system for the distribution of assistance that will create minimal burdens on businesses seeking financial assistance.

(5) Final determination of the amount of the premium assistance to be dispensed to an employer shall be made by the commission based on rules, definitions, and procedures developed under this section. If total claims for assistance are above the amount of total funds available for such purposes, the

commission shall have the authority to prorate employer claims so that the amount of available funds is not exceeded.

(6) The office of financial management, in consultation with the commission, shall establish appropriate criteria for monitoring and evaluating the economic and labor market impacts of the premium assistance program and report its findings to the commission annually through July 1, 2001.

NEW SECTION. Sec. 5. No later than January 1, 1997, the commission shall recommend legislation establishing a program for tax credits under chapter 82.04 RCW for employers with fewer than five hundred full-time equivalent employees, that provides a credit against the amount of employer tax. The credit shall be in an amount equal to a proportion of the cost of premium contributions made by such employer on behalf of dependents of employees under chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993. The proposed legislation shall limit the tax credit based on the criteria set forth in RCW 43.— (section 466, chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993, as amended by section 4 of this act). The tax credit shall not exceed forty percent of the employer's actual premium paid on behalf of dependents of employees.

NEW SECTION. Sec. 6. A new section is added to chapter 70.47 RCW to read as follows:

The administrator shall continue to use a premium pricing structure substantially equivalent to that used by the plan on January 1, 1993.

NEW SECTION. Sec. 7. Section 5 of this act is added to chapter 43.— RCW (sections 401 through 407, 409, 425, 427 through 430, and 447 through 466) of chapter . . . (Engrossed Second Substitute Senate Bill No. 5304), Laws of 1993.

NEW SECTION. Sec. 8. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.

CHAPTER 495

[Engrossed Substitute House Bill 1236]

WATER RIGHTS FEES

Effective Date: 7/25/93

AN ACT Relating to fees for water rights and related approvals; amending RCW 90.03.470; and creating new sections.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature finds that a water right confers significant economic benefits to the water right holder. The fees associated with acquiring a water right have not changed significantly since 1917. Water rights applicants pay less than two percent of the costs of the administration of the water rights program. The legislature finds that, since water rights are of significant value, water rights applicants should contribute more to the cost of administration of the water rights program.

The legislature also finds that an abrupt increase in water rights fees could be disruptive to water rights holders and applicants. The legislature further finds that water rights applicants have a right to know that the water rights program is being administered efficiently and that the fees charged for various services relate directly to the cost of providing those services.

Therefore, the legislature creates a task force to review the water rights program, to make recommendations for streamlining the application process and increasing the overall efficiency and accountability of the administration of the program, and to return to the legislature with a proposal for a fee schedule where the fee levels relate clearly to the cost of services provided.

Sec. 2. RCW 90.03.470 and 1987 c 109 s 98 are each amended to read as follows:

Except as otherwise provided in subsection (15) of this section, the following fees shall be collected by the department in advance:

(1) For the examination of an application for permit to appropriate water or on application to change point of diversion, withdrawal, purpose or place of use, a minimum of ten dollars, to be paid with the application. For each second foot between one and five hundred second feet, two dollars per second foot; for each second foot between five hundred and two thousand second feet, fifty cents per second foot; and for each second foot in excess thereof, twenty cents per second foot. For each acre foot of storage up to and including one hundred thousand acre feet, one cent per acre foot, and for each acre foot in excess thereof, one-fifth cent per acre foot. The ten dollar fee payable with the application shall be a credit to that amount whenever the fee for direct diversion or storage totals more than ten dollars under the above schedule and in such case the further fee due shall be the total computed amount less ten dollars.

Within five days from receipt of an application the department shall notify the applicant by registered mail of any additional fees due under the above schedule and any additional fees shall be paid to and received by the department

within thirty days from the date of filing the application, or the application shall be rejected.

(2) For filing and recording a permit to appropriate water for irrigation purposes, forty cents per acre for each acre to be irrigated up to and including one hundred acres, and twenty cents per acre for each acre in excess of one hundred acres up to and including one thousand acres, and ten cents for each acre in excess of one thousand acres; and also twenty cents for each theoretical horsepower up to and including one thousand horsepower, and four cents for each theoretical horsepower in excess of one thousand horsepower, but in no instance shall the minimum fee for filing and recording a permit to appropriate water be less than five dollars. For all other beneficial purposes the fee shall be twice the amount of the examination fee except that for individual household and domestic use, which may include water for irrigation of a family garden, the fee shall be five dollars.

(3) For filing and recording any other water right instrument, four dollars for the first hundred words and forty cents for each additional hundred words or fraction thereof.

(4) For making a copy of any document recorded or filed in his office, forty cents for each hundred words or fraction thereof, but when the amount exceeds twenty dollars, only the actual cost in excess of that amount shall be charged.

(5) For certifying to copies, documents, records or maps, two dollars for each certification.

(6) For blueprint copies of a map or drawing, or, for such other work of a similar nature as may be required of the department, at actual cost of the work.

(7) For granting each extension of time for beginning construction work under a permit to appropriate water, an amount equal to one-half of the filing and recording fee, except that the minimum fee shall be not less than five dollars for each year that an extension is granted, and for granting an extension of time for completion of construction work or for completing application of water to a beneficial use, five dollars for each year that an extension is granted.

(8) For the inspection of any hydraulic works to insure safety to life and property, the actual cost of the inspection, including the expense incident thereto.

(9) For the examination of plans and specifications as to safety of controlling works for storage of ten acre feet or more of water, a minimum fee of ten dollars, or the actual cost.

(10) For recording an assignment either of a permit to appropriate water or of an application for such a permit, a fee of five dollars.

(11) For preparing and issuing all water right certificates, five dollars.

(12) For filing and recording a protest against granting any application, two dollars.

(13) The department shall provide timely notification by certified mail with return receipt requested to applicants that fees are due. No action may be taken until the fee is paid in full. Failure to remit fees within sixty days of the department's notification shall be grounds for rejecting the application or

canceling the permit. Cash shall not be accepted. Fees must be paid by check or money order and are nonrefundable.

(14) For purposes of calculating fees for ground water filings, one cubic foot per second shall be regarded as equivalent to four hundred fifty gallons per minute.

(15) For the period beginning July 1, 1993, and ending June 30, 1994, there is imposed and the department shall collect a one hundred dollar surcharge on all water rights applications or changes filed under this section, and upon all water rights applications or changes pending as of July 1, 1993. This charge shall be in addition to any other fees imposed under this section.

NEW SECTION. Sec. 3. (1) There is created a water rights fees task force. The task force shall be comprised of fourteen members, who are appointed as follows:

(a) Two members of the Washington state house of representatives, one from each major caucus, to be appointed by the speaker of the house of representatives;

(b) Two members of the Washington state senate, one from each major caucus, to be appointed by the president of the senate;

(c) Ten members, to be appointed jointly by the speaker of the house of representatives and the president of the senate, to represent the following interests: Agriculture, aquaculture, business, cities, counties, the state department of ecology, environmentalists, water recreation interests, water utilities, and hydropower interests. The task force may establish technical advisory committees as necessary to complete its tasks.

(2) The task force shall conduct a comprehensive review of water rights fees. The task force's tasks shall include but not be limited to:

(a) Identification of the costs associated with the various activities and services provided by the water rights program and examination of how these costs compare with the fees charged for these activities and services;

(b) Identification of appropriate accountability measures for the department of ecology to employ in administration of the water rights program. Recommendations of accountability requirements and measurements shall take into account the distinctive characteristics of the water rights program, that is, that the department receives a large number of applications on a one-time basis and that the department of ecology must meet its legal obligations under the doctrine of prior appropriation;

(c) Identification of which program activities should be eligible for cost recovery from fees, as well as which direct and indirect costs of program administration;

(d) Review of the application, examination, and water rights permit requirements for marine water users to determine if these users should receive special fee consideration;

(e) Review of the definition and treatment of nonconsumptive water uses to determine if special fee consideration should be given to these users;

(f) Review of the fees and accounting methods for the dam safety program;
(g) Identification of the appropriate distribution of responsibility between the applicant and the department of ecology for provision of technical information and analysis; and

(h) Establishment of a reasonable time framework for completion of new and pending water rights applications, and an analysis of the staff and funding levels required to meet the established time framework.

(3) Before December 1, 1993, the task force shall:

(a) Provide recommendations to the department of ecology on ways to improve the efficiency and accountability of the water rights program;

(b) Provide recommendations to the legislature on statutory changes necessary to make these efficiency and accountability improvements; and

(c) Propose a new fee schedule for the water rights program which incorporates the results of the task force's work and which funds through fees fifty percent of the cost of the activities and services provided by the program.

(4) The department of ecology and the legislature shall jointly provide for the staff support of the task force.

(5) The task force shall convene as soon as possible upon the appointment of its members. Task force members shall elect a chair and adopt rules for conducting the business of the task force. The task force shall expire on June 30, 1994.

NEW SECTION. Sec. 4. The legislature finds that installation of trickle irrigation systems in climatically and economically suitable areas may result in significant water savings. The legislature further finds that encouraging the voluntary transfer of the water savings will provide an incentive for the installation of trickle irrigation systems.

Therefore, the legislature directs the committee on natural resources and parks in the house of representatives and the committee on energy and utilities in the senate to jointly: (1) Study the physical, legal, and economic feasibility of transferring water saved from installation of trickle irrigation systems; (2) explore the relationship between a possible water transfer program connected to water savings from trickle irrigation systems and the state's existing trust water rights program; and (3) make recommendations for legislation to implement a transfer program for savings from trickle irrigation systems, if the committees determine that such a program is in the public interest. The committees shall coordinate the study with the agriculture committees in the senate and the house of representatives. The committees shall report their findings and recommendations to the legislature by December 1, 1993.

Passed the House April 25, 1993.

Passed the Senate April 24, 1993.

Approved by the Governor May 18, 1993.

Filed in Office of Secretary of State May 18, 1993.

[Engrossed House Bill 1264]

WORKERS' COMPENSATION—THIRD PARTY RECOVERIES

Effective Date: 7/1/93

AN ACT Relating to third party recoveries in workers' compensation cases; amending RCW 4.22.070 and 51.24.060; creating a new section; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. RCW 4.22.070 and 1986 c 305 s 401 are each amended to read as follows:

(1) In all actions involving fault of more than one entity, the trier of fact shall determine the percentage of the total fault which is attributable to every entity which caused the claimant's damages(~~(including)~~) except entities immune from liability to the claimant under Title 51 RCW. The sum of the percentages of the total fault attributed to at-fault entities shall equal one hundred percent. The entities whose fault shall be determined include the claimant or person suffering personal injury or incurring property damage, defendants, third-party defendants, entities released by the claimant, entities with any other individual defense against the claimant, and entities immune from liability to the claimant (~~and entities with any other individual defense against the claimant~~), but shall not include those entities immune from liability to the claimant under Title 51 RCW. Judgment shall be entered against each defendant except those who have been released by the claimant or are immune from liability to the claimant or have prevailed on any other individual defense against the claimant in an amount which represents that party's proportionate share of the claimant's total damages. The liability of each defendant shall be several only and shall not be joint except:

(a) A party shall be responsible for the fault of another person or for payment of the proportionate share of another party where both were acting in concert or when a person was acting as an agent or servant of the party.

(b) If the trier of fact determines that the claimant or party suffering bodily injury or incurring property damages was not at fault, the defendants against whom judgment is entered shall be jointly and severally liable for the sum of their proportionate shares of the claimants total damages.

(2) If a defendant is jointly and severally liable under one of the exceptions listed in subsections (1)(a) or (1)(b) of this section, such defendant's rights to contribution against another jointly and severally liable defendant, and the effect of settlement by either such defendant, shall be determined under RCW 4.22.040, 4.22.050, and 4.22.060.

(3)(a) Nothing in this section affects any cause of action relating to hazardous wastes or substances or solid waste disposal sites.

(b) Nothing in this section shall affect a cause of action arising from the tortious interference with contracts or business relations.

(c) Nothing in this section shall affect any cause of action arising from the manufacture or marketing of a fungible product in a generic form which contains no clearly identifiable shape, color, or marking.

Sec. 2. RCW 51.24.060 and 1987 c 442 s 1118 are each amended to read as follows:

(1) If the injured worker or beneficiary elects to seek damages from the third person, any recovery made shall be distributed as follows:

(a) The costs and reasonable attorneys' fees shall be paid proportionately by the injured worker or beneficiary and the department and/or self-insurer; PROVIDED, That the department and/or self-insurer may require court approval of costs and attorneys' fees or may petition a court for determination of the reasonableness of costs and attorneys' fees;

(b) The injured worker or beneficiary shall be paid twenty-five percent of the balance of the award: PROVIDED, That in the event of a compromise and settlement by the parties, the injured worker or beneficiary may agree to a sum less than twenty-five percent;

(c) The department and/or self-insurer shall be paid the balance of the recovery made, but only to the extent necessary to reimburse the department and/or self-insurer for ~~((compensation and))~~ benefits paid;

(i) The department and/or self-insurer shall bear its proportionate share of the costs and reasonable attorneys' fees incurred by the worker or beneficiary to the extent of the benefits paid ~~((or payable))~~ under this title: PROVIDED, That the department's ~~((or))~~ and/or self-insurer's ~~((may require court approval of costs and attorneys' fees or may petition a court for determination of the reasonableness of costs and))~~ proportionate share shall not exceed one hundred percent of the costs and reasonable attorneys' fees~~((:))~~;

(ii) ~~((The sum representing the department's and/or self-insurer's proportionate share shall not be subject to subsection (1) (d) and (e) of this section.))~~ The department's and/or self-insurer's proportionate share of the costs and reasonable attorneys' fees shall be determined by dividing the gross recovery amount into the benefits paid amount and multiplying this percentage times the costs and reasonable attorneys' fees incurred by the worker or beneficiary;

(iii) The department's and/or self-insurer's reimbursement share shall be determined by subtracting their proportionate share of the costs and reasonable attorneys' fees from the benefits paid amount;

(d) Any remaining balance shall be paid to the injured worker or beneficiary; and

(e) Thereafter no payment shall be made to or on behalf of a worker or beneficiary by the department and/or self-insurer for such injury until the amount of any further compensation and benefits shall equal any such remaining balance minus the department's and/or self-insurer's proportionate share of the costs and reasonable attorneys' fees in regards to the remaining balance. This proportionate share shall be determined by dividing the gross recovery amount into the remaining balance amount and multiplying this percentage times the costs and

reasonable attorneys' fees incurred by the worker or beneficiary. Thereafter, such benefits shall be paid by the department and/or self-insurer to or on behalf of the worker or beneficiary as though no recovery had been made from a third person(;

~~(f) If the employer or a co-employee are determined under RCW 4.22.070 to be at fault, (e) and (e) of this subsection do not apply and benefits shall be paid by the department and/or self-insurer to or on behalf of the worker or beneficiary as though no recovery had been made from a third person)).~~

(2) The recovery made shall be subject to a lien by the department and/or self-insurer for its share under this section.

(3) The department or self-insurer has sole discretion to compromise the amount of its lien. In deciding whether or to what extent to compromise its lien, the department or self-insurer shall consider at least the following:

(a) The likelihood of collection of the award or settlement as may be affected by insurance coverage, solvency, or other factors relating to the third person;

(b) Factual and legal issues of liability as between the injured worker or beneficiary and the third person. Such issues include but are not limited to possible contributory negligence and novel theories of liability; and

(c) Problems of proof faced in obtaining the award or settlement.

(4) In the case of an employer not qualifying as a self-insurer, the department shall make a retroactive adjustment to such employer's experience rating in which the third party claim has been included to reflect that portion of the award or settlement which is reimbursed for compensation and benefits paid and, if the claim is open at the time of recovery, applied against further compensation and benefits to which the injured worker or beneficiary may be entitled.

(5) In an action under this section, the self-insurer may act on behalf and for the benefit of the department to the extent of any compensation and benefits paid or payable from state funds.

(6) It shall be the duty of the person to whom any recovery is paid before distribution under this section to advise the department or self-insurer of the fact and amount of such recovery, the costs and reasonable attorneys' fees associated with the recovery, and to distribute the recovery in compliance with this section.

(7) The distribution of any recovery made by award or settlement of the third party action shall be confirmed by department order, served by registered or certified mail, and shall be subject to chapter 51.52 RCW. In the event the order of distribution becomes final under chapter 51.52 RCW, the director or the director's designee may file with the clerk of any county within the state a warrant in the amount of the sum representing the unpaid lien plus interest accruing from the date the order became final. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for such warrant and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of such

worker or beneficiary mentioned in the warrant, the amount of the unpaid lien plus interest accrued and the date when the warrant was filed. The amount of such warrant as docketed shall become a lien upon the title to and interest in all real and personal property of the injured worker or beneficiary against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of such clerk. The sheriff shall then proceed in the same manner and with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgment in the superior court. Such warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of the department in the manner provided by law in the case of judgment, wholly or partially unsatisfied. The clerk of the court shall be entitled to a filing fee of five dollars, which shall be added to the amount of the warrant. A copy of such warrant shall be mailed to the injured worker or beneficiary within three days of filing with the clerk.

(8) The director, or the director's designee, may issue to any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, a notice and order to withhold and deliver property of any kind if he or she has reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property which is due, owing, or belonging to any worker or beneficiary upon whom a warrant has been served by the department for payments due to the state fund. The notice and order to withhold and deliver shall be served by the sheriff of the county or by the sheriff's deputy, or by any authorized representatives of the director. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired of in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with such notice and order, any property which may be subject to the claim of the department, such property shall be delivered forthwith to the director or the director's authorized representative upon demand. If the party served and named in the notice and order fails to answer the notice and order within the time prescribed in this section, the court may, after the time to answer such order has expired, render judgment by default against the party named in the notice for the full amount claimed by the director in the notice together with costs. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, the employer may assert in the answer to all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled.

NEW SECTION. Sec. 3. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.

NEW SECTION. Sec. 4. This act applies to all causes of action that the parties have not settled or in which judgment has not been entered prior to July 1, 1993.

Passed the House February 17, 1993.

CHAPTER 497

[Engrossed Substitute House Bill 1333]

YOUTH GANG VIOLENCE REDUCTION

Effective Date: 7/25/93

AN ACT Relating to youth gang violence reduction; adding a new chapter to Title 43 RCW; and creating new sections.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature finds and declares that:

(1) The number of youth who are members and associates of gangs and commit gang violence has significantly increased throughout the entire greater Puget Sound, Spokane, and other areas of the state;

(2) Youth gang violence has caused a tremendous strain on the progress of the communities impacted. The loss of life, property, and positive opportunity for growth caused by youth gang violence has reached intolerable levels. Increased youth gang activity has seriously strained the budgets of many local jurisdictions, as well as threatened the ability of the educational system to educate our youth;

(3) Among youth gang members the high school drop-out rate is significantly higher than among nongang members. Since the economic future of our state depends on a highly educated and skilled work force, this high school drop-out rate threatens the economic welfare of our future work force, as well as the future economic growth of our state;

(4) The unemployment rate among youth gang members is higher than that among the general youth population. The unusual unemployment rate, lack of education and skills, and the increased criminal activity could significantly impact our future prison population;

(5) Most youth gangs are subcultural. This implies that gangs provide the nurturing, discipline, and guidance to gang youth and potential gang youth that is generally provided by communities and other social systems. Passed the House April 19, 1993.

Passed the Senate April 9, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 5, 7, 8, 9, and 10, Engrossed Substitute House Bill No. 1333 entitled:

"AN ACT Relating to youth gang violence reduction;"

I applaud the legislature for its efforts to address growing youth violence and gang activity by funding locally-based programs to intervene to reduce the violence that is creating so much suffering for local communities and young people. I am enthusiastic about the local programs that would be initiated as a result of this legislation. I am convinced that early intervention, with the active involvement of local schools, community groups and parents, has the best chance to help respond to these problems. However, I am concerned that conflicting and overly prescriptive language in some sections of the legislation will make the task of implementing the legislation more difficult.

I am vetoing section 5 of the legislation, which defines a process for funding local projects through local school districts because the section conflicts with provisions of section 4 which also provides for funding of local projects through grants from the state Department of Community Development. While I am vetoing this section, I agree with the legislature that active involvement of local schools districts can be extremely helpful in establishing successful local youth violence prevention projects. As a result, I am directing the Department of Community Development to work to develop a funding process that actively involves local school districts, consistent with the spirit of section 5.

I am vetoing sections 7, 8, and 10 of the legislation because the sections are overly prescriptive in their requirements of the state agencies. The references in these sections referring back to section 5 also made the provisions less than clear. While I am vetoing these sections, I do believe that state agencies should cooperate with the local programs funded by this legislation. As a result, I am directing the Department of Community

Development to work with other state agencies to develop a plan for state agency collaboration to assist local programs funded under this section.

I am vetoing section 9 of this legislation because the provision is not clear enough to implement effectively. I believe that the concept of the full-service school, in which a local school would serve as a focal point for local community activities, is a promising one. I encourage the legislature and proponents of this provision to address the issue at greater length in a future session.

For these reasons, I have vetoed sections 5, 7, 8, 9 and 10 of Engrossed Substitute House Bill No. 1333.

With the exception of sections 5, 7, 8, 9, and 10, Engrossed Substitute House Bill No. 1333 is approved."

If in the judgment of the department the probable cost of sale exceeds the value of the property, it need not be offered for sale. *Sec. 12 was vetoed, see message at end of chapter.

Passed the House April 22, 1993.

Passed the Senate April 15, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 1, 3, 11, and 12, House Bill No. 1479 entitled:

"AN ACT Relating to the administration of the uniform unclaimed property act;"

Section 1 through 10 of House Bill No. 1479, as introduced, amended this state's uniform unclaimed property act to clarify the scope and improve the efficiency of the unclaimed property program. I am in full agreement with the intent of all of those amendatory sections.

In the legislative process, House Bill No. 1479 was amended (in sections 1, 3, and new sections 11, and 12) to define unclaimed lottery prizes as unclaimed property to be transferred to the Department of Revenue from which it would be deposited in the state General Fund. The Legislature includes \$11 million in its balance sheet from revenue legislation associated with this bill.

Unfortunately, lottery unclaimed prizes are not new money that can be added to the balance sheet. The Lottery, under current law and its rules, has properly used unclaimed prizes to provide that part of the cost of purchasing annuities for Lotto jackpots that are unfunded by the distribution of revenues from Lotto sales. Since July 1, 1991, the Lottery has used \$13.7 million of the \$16.7 million obtained from unclaimed prizes to support these costs. The value of the unclaimed prizes ends up reflected in higher Lotto sales and higher jackpots that can be offered because unclaimed prize money is available.

If these amendments were enacted, the Lottery could supplement current resources available to support current Lotto jackpot levels by retaining a higher portion of Lotto revenues, thus reducing its state General Fund revenue estimate. It could also adjust

downward the current pattern of increases in jackpots when a jackpot is not won, making jackpots self-funding but substantially reducing player interest and reducing Lotto sales. Neither of these options are desirable, and both end up costing the state more than the \$11 million in unclaimed prizes assumed in this bill because of adjustments that would need to be made to the Lottery's contribution to state General Fund revenue forecasts.

For this reason, I have vetoed sections 1, 3, 11, and 12 of House Bill No. 1479.

With the exception of sections 1, 3, 11, and 12, House Bill No. 1479 is approved."

This section sets forth the major fiscal duties and responsibilities of officers and agencies of the executive branch. The regulations issued by the governor pursuant to this chapter shall provide for a comprehensive, orderly basis for fiscal management and control, including efficient accounting and reporting therefor, for the executive branch of the state government and may include, in addition, such requirements as will generally promote more efficient public management in the state.

(1) Governor; director of financial management. The governor, through the director of financial management, shall devise and supervise a modern and complete accounting system for each agency to the end that all revenues, expenditures, receipts, disbursements, resources, and obligations of the state shall be properly and systematically accounted for. The accounting system shall include the development of accurate, timely records and reports of all financial affairs of the state. The system shall also provide for central accounts in the office of financial management at the level of detail deemed necessary by the director to perform central financial management. The director of financial management shall adopt and periodically update an accounting procedures manual. Any agency maintaining its own accounting and reporting system shall comply with the updated accounting procedures manual and the rules of the director adopted under this chapter. An agency may receive a waiver from complying with this requirement if the waiver is approved by the director. Waivers expire at the end of the fiscal biennium for which they are granted. The director shall forward notice of waivers granted to the appropriate legislative fiscal committees. The director of financial management may require such financial, statistical, and other reports as the director deems necessary from all agencies covering any period.

(2) The director of financial management is responsible for quarterly reporting of primary operating budget drivers such as applicable workloads, caseload estimates, and appropriate unit cost data. These reports shall be transmitted to the legislative fiscal committees or by electronic means to the legislative evaluation and accountability program committee. Quarterly reports shall include actual monthly data and the variance between actual and estimated data to date. The reports shall also include estimates of these items for the remainder of the budget period.

(3) The director of financial management shall report at least annually to the appropriate legislative committees regarding the status of all appropriated capital projects, including transportation projects, showing significant cost overruns or underruns. If funds are shifted from one project to another, the office of financial management shall also reflect this in the annual variance report. Once

a project is complete, the report shall provide a final summary showing estimated start and completion dates of each project phase compared to actual dates, estimated costs of each project phase compared to actual costs, and whether or not there are any outstanding liabilities or unsettled claims at the time of completion.

(4) In addition, the director of financial management, as agent of the governor, shall:

(a) Make surveys and analyses of agencies with the object of determining better methods and increased effectiveness in the use of manpower and materials; and the director shall authorize expenditures for employee training to the end that the state may benefit from training facilities made available to state employees;

(b) Report to the governor with regard to duplication of effort or lack of coordination among agencies;

(c) Review any pay and classification plans, and changes thereunder, developed by any agency for their fiscal impact: PROVIDED, That none of the provisions of this subsection shall affect merit systems of personnel management now existing or hereafter established by statute relating to the fixing of qualifications requirements for recruitment, appointment, or promotion of employees of any agency. The director shall advise and confer with agencies including appropriate standing committees of the legislature as may be designated by the speaker of the house and the president of the senate regarding the fiscal impact of such plans and may amend or alter said plans, except that for the following agencies no amendment or alteration of said plans may be made without the approval of the agency concerned: Agencies headed by elective officials;

(d) Fix the number and classes of positions or authorized man years of employment for each agency and during the fiscal period amend the determinations previously fixed by the director except that the director shall not be empowered to fix said number or said classes for the following: Agencies headed by elective officials;

(e) Provide for transfers and repayments between the budget stabilization account and the general fund as directed by appropriation and RCW 43.88.525 through 43.88.540;

(f) Promulgate regulations to effectuate provisions contained in (a) through (e) of this subsection.

(5) The treasurer shall:

(a) Receive, keep, and disburse all public funds of the state not expressly required by law to be received, kept, and disbursed by some other persons: PROVIDED, That this subsection shall not apply to those public funds of the institutions of higher learning which are not subject to appropriation;

(b) Receive, disburse, or transfer public funds under the treasurer's supervision or custody (~~by warrant or check~~);

(c) Keep a correct and current account of all moneys received and disbursed by the treasurer, classified by fund or account;

(d) Coordinate agencies' acceptance and use of credit cards and other payment methods, if the agencies have received authorization under section 2 of this act.

(e) Perform such other duties as may be required by law or by regulations issued pursuant to this law.

It shall be unlawful for the treasurer to ~~((issue any warrant or check for))~~ disburse public funds in the treasury except upon forms or by alternative means duly prescribed by the director of financial management. ~~((Said))~~ These forms or alternative means shall provide for authentication and certification by the agency head or the agency head's designee that the services have been rendered or the materials have been furnished; or, in the case of loans or grants, that the loans or grants are authorized by law; or, in the case of payments for periodic maintenance services to be performed on state owned equipment, that a written contract for such periodic maintenance services is currently in effect and copies thereof are on file with the office of financial management; and the treasurer shall not be liable under the treasurer's surety bond for erroneous or improper payments so made: PROVIDED, That when services are lawfully paid for in advance of full performance by any private individual or business entity other than as provided for by RCW 42.24.035, such individual or entity other than central stores rendering such services shall make a cash deposit or furnish surety bond coverage to the state as shall be fixed in an amount by law, or if not fixed by law, then in such amounts as shall be fixed by the director of the department of general administration but in no case shall such required cash deposit or surety bond be less than an amount which will fully indemnify the state against any and all losses on account of breach of promise to fully perform such services: AND PROVIDED FURTHER, That no payments shall be made in advance for any equipment maintenance services to be performed more than three months after such payment. Any such bond so furnished shall be conditioned that the person, firm or corporation receiving the advance payment will apply it toward performance of the contract. The responsibility for recovery of erroneous or improper payments made under this section shall lie with the agency head or the agency head's designee in accordance with regulations issued pursuant to this chapter. Nothing in this section shall be construed to permit a public body to advance funds to a private service provider pursuant to a grant or loan before services have been rendered or material furnished.

(6) The state auditor shall:

(a) Report to the legislature the results of current post audits that have been made of the financial transactions of each agency; to this end the auditor may, in the auditor's discretion, examine the books and accounts of any agency, official or employee charged with the receipt, custody or safekeeping of public funds. The current post audit of each agency may include a section on recommendations to the legislature as provided in (c) of this subsection.

(b) Give information to the legislature, whenever required, upon any subject relating to the financial affairs of the state.

(c) Make the auditor's official report on or before the thirty-first of December which precedes the meeting of the legislature. The report shall be for the last complete fiscal period and shall include at least the following:

Determinations as to whether agencies, in making expenditures, complied with the laws of this state: PROVIDED, That nothing in this section may be construed to grant the state auditor the right to perform performance audits. A performance audit for the purpose of this section is the examination of the effectiveness of the administration, its efficiency, and its adequacy in terms of the programs of departments or agencies as previously approved by the legislature. The authority and responsibility to conduct such an examination shall be vested in the legislative budget committee as prescribed in RCW 44.28.085.

(d) Be empowered to take exception to specific expenditures that have been incurred by any agency or to take exception to other practices related in any way to the agency's financial transactions and to cause such exceptions to be made a matter of public record, including disclosure to the agency concerned and to the director of financial management. It shall be the duty of the director of financial management to cause corrective action to be taken promptly, such action to include, as appropriate, the withholding of funds as provided in RCW 43.88.110.

(e) Promptly report any irregularities to the attorney general.

(f) Investigate improper governmental activity under chapter 42.40 RCW.

(7) The legislative budget committee may:

(a) Make post audits of the financial transactions of any agency and management surveys and program reviews as provided for in RCW 44.28.085. To this end the committee may in its discretion examine the books, accounts, and other records of any agency, official, or employee.

(b) Give information to the legislature or any legislative committee whenever required upon any subject relating to the performance and management of state agencies.

(c) Make a report to the legislature which shall include at least the following:

(i) Determinations as to the extent to which agencies in making expenditures have complied with the will of the legislature and in this connection, may take exception to specific expenditures or financial practices of any agencies; and

(ii) Such plans as it deems expedient for the support of the state's credit, for lessening expenditures, for promoting frugality and economy in agency affairs and generally for an improved level of fiscal management.

Sec. 8. RCW 43.88.195 and 1991 c 201 s 19 are each amended to read as follows:

After August 11, 1969, no state agency, state institution, state institution of higher education, which shall include all state universities, regional universities, The Evergreen State College, and community colleges, shall establish any new accounts or funds which are to be located outside of the state treasury: PROVIDED, That the office of financial management shall be authorized to

grant permission for the establishment of such an account or fund outside of the state treasury only when the requesting agency presents compelling reasons of economy and efficiency which could not be achieved by placing such funds in the state treasury. When the director of financial management authorizes the creation of such fund or account, the director shall forthwith give written notice of the fact to the standing committees on ways and means of the house and senate: PROVIDED FURTHER, That the office of financial management may grant permission for the establishment of accounts outside of the state treasury for the purposes of RCW 39.35C.120. Agencies authorized to create local accounts will utilize the services of the state treasurer's office to ensure that new or ongoing relationships with financial institutions are in concert with state-wide policies and procedures pursuant to RCW 43.88.160(1).

Sec. 9. RCW 67.40.020 and 1988 ex.s. c 1 s 1 are each amended to read as follows:

(1) The governor is authorized to form a public nonprofit corporation in the same manner as a private nonprofit corporation is formed under chapter 24.03 RCW. The public corporation shall be an instrumentality of the state and have all the powers and be subject to the same restrictions as are permitted or prescribed to private nonprofit corporations, but shall exercise those powers only for carrying out the purposes of this chapter and those purposes necessarily implied therefrom. The governor shall appoint a board of nine directors for the corporation who shall serve terms of six years, except that two of the original directors shall serve for two years and two of the original directors shall serve for four years. After January 1, 1991, at least one position on the board shall be filled by a member representing management in the hotel or motel industry subject to taxation under RCW 67.40.090. The directors may provide for the payment of their expenses. The corporation may cause a state convention and trade center with an overall size of approximately three hundred thousand square feet to be designed and constructed on a site in the city of Seattle. In acquiring, designing, and constructing the state convention and trade center, the corporation shall consider the recommendations and proposals issued on December 11, 1981, by the joint select committee on the state convention and trade center.

(2) The corporation may acquire and transfer real and personal property by lease, sublease, purchase, or sale, and further acquire property by condemnation of privately owned property or rights to and interests in such property pursuant to the procedure in chapter 8.04 RCW. However, acquisitions and transfers of real property, other than by lease, may be made only if the acquisition or transfer is approved by the director of financial management in consultation with the chairpersons of the committees on ways and means of the senate and house of representatives. The corporation may accept gifts or grants, request the financing provided for in RCW 67.40.030, cause the state convention and trade center facilities to be constructed, and do whatever is necessary or appropriate to carry out those purposes. Upon approval by the director of financial management in consultation with the chairpersons of the ways and means committees of the

house of representatives and the senate, the corporation may enter into lease and sublease contracts for a term exceeding the fiscal period in which these lease and sublease contracts are made. The terms of sale or lease of properties acquired by the corporation on February 9, 1987, pursuant to the property purchase and settlement agreement entered into by the corporation on June 12, 1986, including the McKay parcel which the corporation is contractually obligated to sell under that agreement, shall also be subject to the approval of the director of financial management in consultation with the chairpersons of the ways and means committees of the house of representatives and the senate. No approval by the director of financial management is required for leases of individual retail space, meeting rooms, or convention-related facilities. In order to allow the corporation flexibility to secure appropriate insurance by negotiation, the corporation is exempt from RCW 48.30.270. The corporation shall maintain, operate, promote, and manage the state convention and trade center.

(3) In order to allow the corporation flexibility in its personnel policies, the corporation is exempt from chapter 41.06 RCW, chapter 41.05 RCW, RCW 43.01.040 through 43.01.044, chapter 41.04 RCW and chapter 41.40 RCW.

~~((4) In order to allow the corporation to receive payment for goods and services consistent with the practice of the convention and trade show industry, the corporation may honor credit cards in payment for food and beverage purchases, rental of space or facilities, electrical services, equipment, and other goods or services offered by the corporation.))~~

***NEW SECTION.** *Sec. 10. The state treasurer shall submit a report to the fiscal committees of the legislature by January 1, 1995, and by January 1, 1996, on the costs, financial benefits, and staffing requirements of the following: (1) The use of electronic fund transfer mechanisms by state agencies for the previous fiscal year; (2) local account compliance for the previous fiscal year with financial standards developed by the office of financial management; (3) compliance with the federal cash management improvement act of 1990; and (4) the total banking costs of treasury accounts during the previous two fiscal years. The report shall also identify the savings realized by agencies as a result of this act.*

*Sec. 10 was vetoed, see message at end of chapter.

NEW SECTION. *Sec. 11. The following acts or parts of acts are each repealed:*

- (1) RCW 43.08.085 and 1979 c 93 s 1; and
- (2) RCW 28B.10.290 and 1977 ex.s. c 169 s 12 & 1969 ex.s. c 269 s 10.

NEW SECTION. *Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.*

NEW SECTION. *Sec. 13. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.*

Passed the House April 20, 1993.

Passed the Senate April 1, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 10, Substitute House Bill No. 1528 entitled:

"AN ACT Relating to cash management;"

Section 10 of Substitute House Bill No. 1528 requires the State Treasurer to prepare and submit to the Legislature a cost-benefit report on the implementation of this act. While I agree the information generated by such an analysis would be useful, I question the need for a specific statutory requirement for the Treasurer to perform this duty. Of primary concern is that no additional funds were provided to the Treasurer for this function. With agencies facing severe funding and staffing limitations in the coming biennium, the resources available to carry out these kinds of duties will be in short supply.

Also, some of the required study items in section 10 relate to functions assigned to the Office of Financial Management, so the requirement that the State Treasurer submit the report is somewhat misdirected. Much of the information should be developed and submitted jointly by the State Treasurer and the Office of Financial Management. I have, therefore, directed the Office of Financial Management to work with the State Treasurer's office to provide the legislative fiscal committees with progress reports, as needed, on the implementation of this act.

For these reasons, I have vetoed section 10 of Substitute House Bill No. 1528.

With the exception of section 10, Substitute House Bill No. 1528 is approved."

(1) The department is authorized to cancel any driver's license upon determining that the licensee was not entitled to the issuance of the license, or that the licensee failed to give the required or correct information in his or her application, or that the licensee is incompetent to drive a motor vehicle for any of the reasons under RCW 46.20.031 (~~((5) and (8))~~) (4) and (7).

(2) Upon such cancellation, the licensee must surrender the license so canceled to the department.

Sec. 4. RCW 46.20.291 and 1991 c 293 s 5 are each amended to read as follows:

The department is authorized to suspend the license of a driver upon a showing by its records or other sufficient evidence that the licensee:

(1) Has committed an offense for which mandatory revocation or suspension of license is provided by law;

(2) Has, by reckless or unlawful operation of a motor vehicle, caused or contributed to an accident resulting in death or injury to any person or serious property damage;

(3) Has been convicted of offenses against traffic regulations governing the movement of vehicles, or found to have committed traffic infractions, with such frequency as to indicate a disrespect for traffic laws or a disregard for the safety of other persons on the highways;

The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of

twenty dollars. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, the reissue fee shall be fifty dollars.

(2) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (a) After the expiration of one year from the date the license or privilege to drive was revoked; (b) after the expiration of the applicable revocation period provided by RCW 46.61.515(3) (b) or (c); (c) after the expiration of two years for persons convicted of vehicular homicide; (d) after the expiration of one year in cases of revocation for the first refusal within five years to submit to a chemical test under RCW 46.20.308; (e) after the expiration of two years in cases of revocation for the second or subsequent refusal within five years to submit to a chemical test under RCW 46.20.308; or (f) after the expiration of the applicable revocation period provided by RCW 46.20.265. After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of twenty dollars, but if the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be fifty dollars. Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or section 1 of this act or RCW 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of twenty dollars. If the suspension is the result of a violation of the laws of (~~another~~) this or any other state, province, or other jurisdiction involving (a) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (b) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be fifty dollars.

(xiii) A conviction of RCW 46.61.685, relating to leaving children in an unattended vehicle with motor running;

(xiv) A conviction of RCW 46.64.048, relating to attempting, aiding, abetting, coercing, and committing crimes; or

(xv) An administrative action taken by the department under chapter 46.20 RCW.

(c) A person who violates this section when his or her driver's license or driving privilege is, at the time of the violation, suspended or revoked solely because (i) the person must furnish proof of satisfactory progress in a required alcoholism or drug treatment program, (ii) the person must furnish proof of financial responsibility for the future as provided by chapter 46.29 RCW, (iii) the person has failed to comply with the provisions of chapter 46.29 RCW relating to uninsured accidents, (iv) the person has failed to respond to a notice of traffic infraction, failed to appear at a requested hearing, violated a written promise to appear in court, or has failed to comply with the terms of a notice of traffic infraction or citation, as provided in section 1 of this act, (v) the person has committed an offense in another state that, if committed in this state, would not be grounds for the suspension or revocation of the person's driver's license, or ~~((+))~~ (vi) the person has been suspended or revoked by reason of one or more of the items listed in (b) of this subsection, but was eligible to reinstate his or her driver's license or driving privilege at the time of the violation, or any combination of (i) through ~~((+))~~ (vi), is guilty of driving while license suspended or revoked in the third degree, a misdemeanor.

(2) Upon receiving a record of conviction of any person or upon receiving an order by any juvenile court or any duly authorized court officer of the conviction of any juvenile under this section, the department shall:

(a) For a conviction of driving while suspended or revoked in the first degree, as provided by subsection (1)(a) of this section, extend the period of administrative revocation imposed under chapter 46.65 RCW for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(b) For a conviction of driving while suspended or revoked in the second degree, as provided by subsection (1)(b) of this section, not issue a new license or restore the driving privilege for an additional period of one year from and after the date the person would otherwise have been entitled to apply for a new license or have his or her driving privilege restored; or

(c) Not extend the period of suspension or revocation if the conviction was under subsection (1)(c) of this section. If the conviction was under subsection (1) (a) or (b) of this section and the court recommends against the extension and the convicted person has obtained a valid driver's license, the period of suspension or revocation shall not be extended.

Sec. 7. RCW 46.61.515 and 1985 c 352 s 1 are each amended to read as follows:

(1) Every person who is convicted of a violation of RCW 46.61.502 or 46.61.504 shall be punished by imprisonment for not less than twenty-four

consecutive hours nor more than one year, and by a fine of not less than two hundred fifty dollars and not more than one thousand dollars. Unless the judge finds the person to be indigent, two hundred fifty dollars of the fine shall not be suspended or deferred. Twenty-four consecutive hours of the jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a substantial risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. The court may impose conditions of probation that may include nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The convicted person shall, in addition, be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services, as determined by the court. A diagnostic evaluation and treatment recommendation shall be prepared under the direction of the court by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. A copy of the report shall be forwarded to the department of licensing. Based on the diagnostic evaluation, the court shall determine whether the convicted person shall be required to complete a course in an alcohol information school approved by the department of social and health services or more intensive treatment in a program approved by the department of social and health services. Standards for approval for alcohol treatment programs shall be prescribed by rule under the administrative procedure act, chapter 34.05 RCW. The ~~((courts))~~ department of social and health services shall periodically review the costs of alcohol information schools and treatment programs ~~((within their jurisdictions))~~ as part of the approval process.

(2) On a second or subsequent conviction for driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs within a five-year period a person shall be punished by imprisonment for not less than seven days nor more than one year and by a fine of not less than five hundred dollars and not more than two thousand dollars. District courts and courts organized under chapter 35.20 RCW are authorized to impose such fine. Unless the judge finds the person to be indigent, five hundred dollars of the fine shall not be suspended or deferred. The minimum jail sentence shall not be suspended or deferred unless the judge finds that the imposition of the jail sentence will pose a substantial risk to the defendant's physical or mental well-being. Whenever the mandatory jail sentence is suspended or deferred, the judge must state, in writing, the reason for granting the suspension or deferral and the facts upon which the suspension or deferral is based. If, at the time of the arrest on a second or subsequent ~~((conviction))~~ offense, the driver is without a license or permit because of a previous suspension or revocation for a reason listed in RCW 46.20.342(1) (a) or (b), or because of a previous suspension or revocation

for a reason listed in RCW 46.20.342(1)(c) if the original suspension or revocation was the result of a conviction of RCW 46.61.502 or 46.61.504, the minimum mandatory sentence shall be ninety days in jail and a ~~((two))~~ five hundred dollar fine. The penalty so imposed shall not be suspended or deferred. The person shall, in addition, be required to complete a diagnostic evaluation by an alcoholism agency approved by the department of social and health services or a qualified probation department approved by the department of social and health services. The report shall be forwarded to the department of licensing. If the person is found to have an alcohol or drug problem requiring treatment, the person shall complete treatment at an approved alcoholism treatment ~~((facility))~~ program or approved drug treatment center.

In addition to any nonsuspendable and nondeferable jail sentence required by this subsection, whenever the court imposes less than one year in jail, the court shall ~~((sentence a person to a term of imprisonment not exceeding one hundred eighty days and shall))~~ also suspend but shall not defer ~~((the sentence))~~ a period of confinement for a period not exceeding two years. The suspension of the sentence may be conditioned upon nonrepetition, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of suspension during the suspension period.

(3) The license or permit to drive or any nonresident privilege of any person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs shall:

(a) On the first conviction under either offense, be suspended by the department until the person reaches age nineteen or for ninety days, whichever is longer. The department of licensing shall determine the person's eligibility for licensing based upon the reports provided by the designated alcoholism agency or probation department and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified;

(b) On a second conviction under either offense within a five-year period, be revoked by the department for one year. The department of licensing shall determine the person's eligibility for licensing based upon the reports provided by the designated alcoholism agency or probation department and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified;

(c) On a third or subsequent conviction of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs, vehicular homicide, or vehicular assault, or any combination thereof within a five-year period, be revoked by the department for two years.

(4) In any case provided for in this section, where a driver's license is to be revoked or suspended, the revocation or suspension shall be stayed and shall not take effect until after the determination of any appeal from the conviction which may lawfully be taken, but in case the conviction is sustained on appeal the

revocation or suspension takes effect as of the date that the conviction becomes effective for other purposes.

Such case records shall not be offered as evidence in any court except in case appeal is taken from the order of the director, suspending, revoking, canceling, or refusing a vehicle driver's license (~~or to provide proof of a person's failure to appear under RCW 46.64.020 or failure to comply under RCW 46.64.027~~).

(3) The director shall tabulate and analyze vehicle driver's case records and suspend, revoke, cancel, or refuse a vehicle driver's license to a person when it is deemed from facts contained in the case record of such person that it is for the best interest of public safety that such person be denied the privilege of operating a motor vehicle. Whenever the director orders the vehicle driver's license of any such person suspended, revoked, or canceled, or refuses the issuance of a vehicle driver's license, such suspension, revocation, cancellation, or refusal is final and effective unless appeal from the decision of the director is taken as provided by law.

Effective January 1, 1987, however, no member or employer contributions are required for any calendar month in which the member is not granted service credit.

Any adjustments in contribution rates required from time to time for future costs shall likewise be shared proportionally by the members, employers, and the state.

Any increase in the contribution rate required as the result of a failure of the state or of an employer to make any contribution required by this section shall be borne in full by the state or by that employer not making the contribution.

The director shall notify all employers of any pending adjustment in the required contribution rate and such increase shall be announced at least thirty days prior to the effective date of the change.

Members' contributions required by this section shall be deducted from the members basic salary each payroll period. The members contribution and the employers contribution shall be remitted directly to the department within fifteen days following the end of the calendar month during which the payroll period ends. The state's contribution required by this section shall be transferred to the plan II fund from the total contributions transferred by the state treasurer under RCW 41.45.060 and 41.45.070.

NEW SECTION. Sec. 3. A new section is added to chapter 41.40 RCW under the subchapter heading "Provisions applicable to plan I and plan II" to read as follows:

(1) An employee who was a member on or before January 1, 1994, and, on January 1, 1994, is employed by a port district or an institution of higher education as a law enforcement officer as defined in RCW 41.26.030, has the following options:

(a) The employee may remain a member of the retirement system, notwithstanding the definition of law enforcement officer under RCW 41.26.030; or

(b) The member may make an irrevocable choice, filed in writing with the department no later than January 1, 1995, to transfer to the law enforcement officers' and fire fighters' retirement system plan II as defined in RCW

41.26.030. An employee transferring membership under this subsection (1)(b) shall be a dual member as provided in RCW 41.54.010.

(2)(a) If the department determines that transfers of service credit and accumulated contributions between the state's retirement systems are permitted by federal law without the employee or the retirement system fund incurring adverse income tax liability as a result of the transfer, an employee who transferred membership under subsection (1)(b) of this section may choose to transfer service credit as a law enforcement officer previously earned under the retirement system, to the law enforcement officers' and fire fighters' retirement system plan II, by making an irrevocable choice filed in writing with the department within one year of the department's announcement of the ability to make such a transfer.

(b) Any law enforcement officer choosing to transfer under this subsection shall have transferred from the retirement system to the law enforcement officers' and fire fighters' retirement system plan II: (i) All the employee's applicable accumulated contributions and employer contributions attributed to such employee; and (ii) all applicable months of service, as defined in RCW 41.26.030(14)(b), credited to the employee under this chapter, as though such service was rendered as a member of the law enforcement officers' and fire fighters' retirement system.

(c) For the applicable period of service, the employee shall pay the difference between the contributions such employee paid to the retirement system, and the contributions which would have been paid by the employee had the employee been a member of the law enforcement officers' and fire fighters' retirement system, plus interest as determined by the director.

(d) For the applicable period of service, the employer shall pay the difference between the employer contributions paid to the retirement system, and the combined employer and state contributions which would have been payable to the law enforcement officers' and fire fighters' retirement system, plus interest as determined by the director. The amount of interest determined by the director to be paid by the employer shall be sufficient to ensure that the contribution level of current members of the law enforcement officers' and fire fighters' retirement system will not increase due to this transfer. For the purpose of this subsection (2)(d), the state contribution shall not include the contribution related to the amortization of the costs of the law enforcement officers' and fire fighters' retirement system plan I as required by chapter 41.45 RCW.

(e) An individual who transfers service credit and contributions under this subsection shall be permanently excluded from the retirement system for all service as a law enforcement officer.

**Sec. 4. RCW 41.54.010 and 1990 c 192 s 1 are each amended to read as follows:*

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(5) "Service" means the same as it may be defined in each respective system. For the purposes of RCW 41.54.030, military service granted under RCW 41.40.170(3) or 43.43.260 may only be based on service accrued under chapter 41.40 or 43.43 RCW, respectively.

(6) "System" means the retirement systems established under chapters 41.32, 41.40, 41.44, and 43.43 RCW and the city employee retirement systems for Seattle, Tacoma, and Spokane. The inclusion of an individual first class city system is subject to the procedure set forth in RCW 41.54.061.

(ii) For employees listed in RCW 41.56.030(7)(b), comparison of the wages, hours, and conditions of employment of personnel involved in the proceedings

with the wages, hours, and conditions of employment of like personnel of public fire departments of similar size on the west coast of the United States. However, when an adequate number of comparable employers exists within the state of Washington, other west coast employers shall not be considered;

(d) The average consumer prices for goods and services, commonly known as the cost of living;

(e) Changes in any of the foregoing circumstances during the pendency of the proceedings; and

(f) Such other factors, not confined to the foregoing, which are normally or traditionally taken into consideration in the determination of wages, hours and conditions of employment.

(2) Nothing in subsection (1)(c) of this section shall be construed to authorize the panel to require the employer to pay, directly or indirectly, the increased employee contributions resulting from chapter . . . , Laws of 1993 (this act) as required under chapter 41.26 RCW.

NEW SECTION. Sec. 6. This act shall take effect January 1, 1994.

Passed the House April 20, 1993.

Passed the Senate April 15, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 4, Engrossed Substitute House Bill No. 1744 entitled:

"AN ACT Relating to the law enforcement officers' and fire fighters' retirement system;"

Engrossed Substitute House Bill No. 1744 expands the definition of membership in the Law Enforcement Officers' and Fire Fighters' retirement system to include officers employed by institutions of higher education and port districts. I strongly favor the bill's direction in allowing more consistent membership definition. However, section 4 amends RCW 41.54.010 which is also amended in Engrossed Substitute House Bill No. 1294 section 8, which I will be signing to allow portability for all LEOFF II members. Therefore, section 4 of this bill is unnecessary.

With the exception of section 4, Engrossed Substitute House Bill No. 1744 is approved."

CHAPTER 503

[Substitute House Bill 1808]

COUNCIL ON INTERNATIONAL TRADE

Effective Date: 7/25/93

AN ACT Relating to international trade; adding a new section to chapter 44.52 RCW; creating new sections; and providing an expiration date.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature finds that the expansion of international trade is vital to the economy of Washington state. International trade-related activities currently account for approximately twenty percent of employment in this state even though only a small percentage of businesses do extensive exporting. Washington's long-term economic prosperity depends on the creation and retention of jobs that international trade provides through providing an expanded marketplace for goods and services produced in this state. Increasing the number of businesses exporting and the foreign markets accessed helps diversify the state economy and make the state's businesses more competitive by providing experience in the international marketplace. There are many international markets that offer export potential for Washington businesses that are not currently being accessed, particularly several Pacific Rim countries. The legislature also finds that there presently exists several programs and initiatives by federal, state, and local governments that have to be coordinated effectively within and among economic development organizations, state agencies, academic institutions, and businesses so as to enhance the sale of goods and services in foreign markets.

The legislature further finds that a strategy to expand international trade must be integrated into a comprehensive long-term economic development plan, and that the expertise of the private sector can enhance the joint strategic planning efforts of the governor, executive agencies, and the legislature.

Therefore, the legislature declares that an important public purpose can be accomplished through an international trade council that, through coordination and advice, can facilitate increased exporting by Washington businesses.

NEW SECTION. Sec. 2. A new section is added to chapter 44.52 RCW to read as follows:

(1) The council on international trade is established. The council shall consist of fifteen members as follows:

- (d) Three representatives from the executive-legislative committee on economic development created in chapter . . . (Senate Bill No. 5300), Laws of 1993;

(e) Two members with experience in foreign marketing, appointed by the governor;

(g) The director of the department of trade and economic development or the director's designee; and

(h) The director of the department of agriculture or the director's designee.

(2) Nonlegislative members may receive reimbursement from the governor's office for travel under RCW 43.03.050 and 43.03.060. Legislative members may be reimbursed under RCW 41.04.300.

(a) Advise the executive-legislative committee on economic development regarding policies, programs, and activities to enhance the exporting of Washington goods and services to international markets;

(b) Review current state export targeting efforts and advise the executive-legislative committee on economic development regarding markets with potential that currently are not being emphasized;

(c) Assist in the coordination of public export programs state-wide;

(d) Identify for the executive-legislative committee on economic development current and long-term international trade issues that need to be addressed by the state in its long-term economic development plan;

(e) Recommend methods to increase the awareness of international trade, especially its opportunities and its importance, throughout the state;

(f) Study the impact of the Uruguay round of the general agreement on tariffs and trade and the north american free trade agreement on the state's small manufacturing and export firms, focusing on the competitive threats and opportunities presented by the trade agreements to the state's six most significant traded sectors as measured by the number of employees in the sector and the aggregate dollar volume of goods and services traded in the sector. The council shall identify and utilize existing analyses, studies, and data from the federal government, national and state business and labor organizations, and educational and policy institutes.

NEW SECTION. Sec. 3. The council may accept gifts, grants, donations, devises, and bequests to facilitate the work of the council.

***NEW SECTION.** Sec. 4. *The council shall make a preliminary report to the executive-legislative committee on economic development on its activities by June 1, 1994, and make a final report by December 1, 1994.*

*Sec. 4 was vetoed, see message at end of chapter.

"I am returning herewith, without my approval as to section 4, Substitute House Bill No. 1808 entitled:

"AN ACT Relating to international trade;"

I am a strong believer in the importance of international trade for the future of the state economy. Washington State is open to the world, and trade is a critically important part of our economy. I believe that collaboration between the state and the private sector on improving our trade activities and our international efforts will give us better results.

Because trade is so important for the state, I am signing this legislation despite my concern for its impact on affected state agencies. The coming year will be a challenging and difficult one for state economic development work. The upcoming merger of the departments of Trade and Economic Development and Community Development, and the budget reductions in the Department of Trade and Economic Development will create some real problems.

I am vetoing section 4 of this bill, that directs the new Council to report to the Executive-Legislative Committee on Economic Development which would be established in Senate Bill No. 5300. Because I am vetoing that legislation, the reporting requirement contained in section 4 could not be implemented. Instead, I am directing the Council on International Trade established in this bill to make its reports to the legislature and to the Governor.

With the exception of section 4, Substitute House Bill No. 1808 is approved."

CHAPTER 504

[Substitute House Bill 1817]

DEPARTMENT OF CORRECTIONS INMATE HEALTH CARE SYSTEM REVIEW

Effective Date: 5/18/93

AN ACT Relating to the department of corrections health care costs; creating new sections; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. **Sec. 1.** The legislature finds that Washington state government purchases approximately one-fourth of all the health care state-wide. In addition to this huge expenditure, the state also faces health care inflation rates, far exceeding the growth rate of the economy as a whole and the general inflationary rate. Together these factors are straining state resources beyond our capability to pay.

The legislature finds that the department of corrections is responsible for providing health care to a large and growing number of offenders. It is also facing rapidly escalating medical, dental, and mental health care expenditures. As a result of this, the department must review its entire inmate health care system and take steps to reduce health care expenditures.

The legislature further finds that efforts to achieve state-wide health care reform should also include the department of correction's health care facilities. In this light, the department must develop an appropriate plan that will correspond to the changing health care environment.

***NEW SECTION.** *Sec. 2. (1) The department of corrections shall conduct a comprehensive review and analysis of their offender health care system including all its corresponding expenditures during the 1991-93 biennium.*

(2) The department shall review, analyze, and provide a report of all departmental health services quarterly reports beginning from 1988 through the most current one. The report shall provide data indicating the cost and encounter trends of all medical, dental, mental health, and ancillary services provided for offenders within the division of offender programs, division of prisons, and division of community corrections. The trend data shall, to the extent possible, include, but not be limited to: (a) Total service hours and encounters for consultant/contract services delivered within a department facility or program; (b) medical encounters by department staff; (c) encounters conducted off-site; (d) total medication line visits; (e) inpatient days for department inpatient services and community facilities; (f) dental off-site and on-site encounters; (g) full mental health utilization data; (h) total prescriptions ordered for each facility and overall; (i) total laboratory services for each facility and overall; (j) total radiological procedures for each facility and overall; and (k) to the extent possible, the total ICD-9 codes for encounters specific to off-site hospital services or any other sources that provide such data. The analysis required in (a) through (k) of this subsection shall include, to the extent possible, a breakdown for each of the above categories by facility and include prerelease and work release facilities.

(3) The department shall describe in the report its current health information system capabilities. The report shall include, but not be limited to, its offender health information systems reporting capabilities, data sources, and principal limitations of the current system. To the extent possible and within existing resources, the description shall contain an action plan for developing and implementing a basic, yet fully integrated, health care and financial information system for all department of corrections facilities and for all offender health care. The basic offender health care data system should be able to identify cost centers, utilization patterns, pharmaceuticals and supplies ordering, and tracking by patient and by cost center, encounter specific diagnosis data, both contract and noncontract provider and off-site hospital practice patterns, and all procedure costs. The action plan shall include, to the extent possible, basic information systems configurations, basic hardware specifications, the total estimated cost for hardware, software, maintenance, and personnel, the estimated time line for installation and live use, and the potential and expected system development obstacles.

The department shall also investigate the potential for: (a) Integrating its offender health information system with the existing health information systems at western state hospital or any other state-supported facilities willing and able to share their health care information system software and expertise; (b) sharing software and/or hardware using current modem technology; and

(c) using and modifying nonproprietary software for use in a state-wide offender data base and on-line health information system.

(4) The department shall report its progress to date and estimated or potential saving on: (a) The development of purchasing any offenders health services through preferred contract providers state-wide; (b) the consolidated purchasing of high technology services; (c) the coordination of bulk purchasing of equipment, supplies, and pharmaceuticals; (d) the use of generic pharmaceuticals; (e) the extent to which the department has coordinated with the department of health and the department of social and health services to develop health promotion and prevention care, substance abuse treatment, and mental health treatment including the development of pilot programs using federal grant assistance for training, research, or program implementation; (f) the extent the department has developed protocols for utilization review for assessing the medical necessity and appropriateness of care purchased from contracted or fee for service community-based providers and for the appropriate level of provider contracted in-house; (g) the feasibility of involving other state or federal programs in picking up the costs for offender health care; (h) the current and potential relationships between the department and the two mental health hospitals operated by the division of mental health, and any other state-owned or operated institutions, agencies, or departments, including but not limited to the University of Washington medical school, Harborview hospital, and Eastern Washington University; (i) the feasibility of developing a preferred provider contract with the state's community health care clinic consortium; (j) an estimate of the number of offenders in need of chronic long-term care, their ages, offense, level of incarceration, level of security risk, protocols if developed for managing the health care and security of these offenders, and any other cost saving recommendations for managing offenders in need of chronic long-term care; (k) the degree to which the department can recover health care costs from the offender through their wages while working in correctional industries, or directly through their own resources or insurance, or through their spouse's insurance.

(5) The department of corrections shall submit an initial copy of the report to the health care authority, the department of health, and the department of social and health services, for their written comments regarding recommendations for departmental coordination or cooperation, or any other cost savings recommendations by September 1, 1993. The department shall provide a final copy of the report, including any comments provided by the departments, to the appropriate committees of the senate and the house of representatives by December 12, 1993.

**Sec. 2 was vetoed, see message at end of chapter.*

NEW SECTION. Sec. 3. The department of corrections shall consult with the state health care authority to identify how the department of corrections shall develop a working plan to correspond to the health care reform measures that require all departments to place all state purchased health services in a

community-rated, single risk pool under the direct administrative authority of the state purchasing agent by July 1, 1997. The department of corrections shall report the findings to the chairs of the house of representatives health care committee and committee on corrections and the chairs of the senate committee on health and human services and the law and justice committee by December 12, 1993.

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Passed the House March 16, 1993.

Passed the Senate April 18, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 2, Substitute House Bill 1817, entitled:

"AN ACT Relating to the department of corrections health care costs;"

Section 2 of this bill directs the Department of Corrections to conduct a comprehensive review and analysis of its offender health care system. The department provides health care to roughly 10,400 clients in a large decentralized institutional system comprised of 16 separate facilities. A study of this depth would certainly produce valuable information, but without additional funding it will be impossible to meet the December 1993 deadline.

I fully expect the Department of Corrections to be an active participant in health care reform. Consistent with sections 1 and 3 of this act, and health care reform legislation, I am directing the Department of Corrections to review the inmate health care system and take steps to reduce health care expenditures. Additionally, the department will develop a plan to improve and make more cost effective the health care delivery system of our state prison system, and implement the provisions of health care reform.

For these reasons, I have vetoed section 2 of Substitute House Bill 1817.

With the exception of section 2, Substitute House Bill 1817 is approved."

CHAPTER 505

[House Bill 1858]

(4) The board shall review the case plan for each child in substitute care whose case is assigned to the board by the court. The review shall take place at times set by the board. The first review shall occur within ninety days following commencement of the placement episode. The second review shall occur within six months following commencement of the placement episode. (b) Whether reasonable efforts have been made subsequent to the placement to make it possible for the child to be returned home;

(c) Whether the child has been placed in the least-restrictive setting appropriate to the child's needs, including whether consideration has been given to placement with the child's relatives;

If the child is an Indian as defined in the Indian child welfare act, 25 U.S.C. 1901 et seq., a copy of the board's findings and recommendations shall also be sent to the child's Indian tribe.

(7) If the department is unable or unwilling to implement the board recommendations, the department shall submit to the board, within ten working days after receipt of the findings and recommendations, an implementation report setting forth the reasons why the department is unable or unwilling to implement the board's recommendations. The report will also set forth the case plan which the department intends to implement.

(8) The court shall not review the findings and recommendations of the board in cases where the child has been placed in substitute care with signed parental consent unless a dependency petition has been filed and the child has been taken into custody under RCW 13.34.050.

**Sec. 3. RCW 13.70.110 and 1991 c 127 s 5 are each amended to read as follows:*

(1) This section shall apply to cases where a child has been placed in substitute care pursuant to a proceeding under chapter 13.34 RCW.

(3) The board shall review the case plan for each child whose case is assigned to the board by the court. The review shall take place at times set by the board. The first review shall occur ~~((within ninety days following commencement of the placement episode))~~ no later than six months following the second review unless the child is no longer within the jurisdiction of the court, no longer in substitute care, or a guardianship order or adoption decree is entered. The second review shall occur within six months following commencement of the placement episode. The ~~((next))~~ final board review shall occur within one year after commencement of the placement episode. ~~((Within eighteen months following commencement of the placement episode, a permanency planning hearing shall be held before the court in accordance with RCW 13.34.145. A board review or a court review hearing shall take place at least once every six~~

~~months until the child is no longer within the jurisdiction of the court or no longer in substitute care or until a guardianship order or adoption decree is entered. The board shall review any case where a petition to terminate parental rights has been denied, and such review shall occur as soon as practical but no later than forty-five days after the denial.)~~

(4) The board shall prepare written findings and recommendations with respect to:

(b) Whether reasonable efforts have been made subsequent to the placement to make it possible for the child to be returned home;

(7) Within forty-five days following the review, the board shall either:

(a) Schedule the case for further review by the board; or

(b) Submit to the court the board's findings and recommendations and the department's implementation reports, if any. If the board's recommendations are different from the existing court-ordered case plan, the board shall also file with the court a motion for a review hearing.

(8) Within ten days of receipt of the board's written findings and recommendations and the department's implementation report, if any, the court shall review the findings and recommendations and implementation reports, if any. The court may on its own motion schedule a review hearing.

(9) Unless modified by subsequent court order, the court-ordered case plan and court orders that are in effect at the time that a board reviews a case shall remain in full force and effect. Board findings and recommendations are advisory only and do not in any way modify existing court orders or court-ordered case plans.

(10) The findings and recommendations of the board and the department's implementation report, if any, shall become part of the department's case file and the court social file pertaining to the child.

(11) Nothing in this section shall limit or otherwise modify the rights of any party to a dependency proceeding to request and receive a court review hearing pursuant to the provisions of chapter 13.34 RCW or applicable court rules.

*Sec. 3 was vetoed, see message at end of chapter.

Sec. 4. RCW 13.70.140 and 1989 1st ex.s. c 17 s 16 are each amended to read as follows:

~~((For cases which are subject to the foster care citizen review board pilot project under RCW 13.70.005, a court review hearing shall occur no later than eighteen months following commencement of the child's placement episode.))~~ A permanency planning hearing shall be held before the court in accordance with RCW 13.34.145. Thereafter, court review hearings shall occur at least once every ~~((year))~~ six months, under RCW 13.34.130(5), until the child is no longer within the jurisdiction of the court or the child returns home or a guardianship order or adoption decree is entered. The court may review the case more frequently upon the court's own motion or upon the request of any party to the proceeding ~~((or the citizen review board assigned to the child's case)).~~

NEW SECTION. Sec. 5. A new section is added to chapter 74.14A RCW to read as follows:

The secretary shall:

(1)(a) Consult with relevant qualified professionals to develop a set of minimum guidelines to be used for identifying all children who are in a state-assisted support system, whether at-home or out-of-home, who are likely to need long-term care or assistance, because they face physical, emotional, medical, mental, or other long-term challenges.

(b) The guidelines must, at a minimum, consider the following criteria for identifying children in need of long-term care or assistance:

- (i) Placement within the foster care system for two years or more;
- (ii) Multiple foster care placements;
- (iii) Repeated unsuccessful efforts to be placed with a permanent adoptive family;
- (iv) Chronic behavioral or educational problems;
- (v) Repetitive criminal acts or offenses;
- (vi) Failure to comply with court-ordered disciplinary actions and other imposed guidelines of behavior, including drug and alcohol rehabilitation; and
- (vii) Chronic physical, emotional, medical, mental, or other similar conditions necessitating long-term care or assistance;

(2) Develop programs that are necessary for the long-term care of children and youth that are identified for the purposes of this section. Programs must: (a) Effectively address the educational, physical, emotional, mental, and medical needs of children and youth; and (b) incorporate an array of family support options, to individual needs and choices of the child and family. The programs must be ready for implementation by January 1, 1995;

(3) Conduct an evaluation of all children currently within the foster care agency caseload to identify those children who meet the criteria set forth in this section. The evaluation shall be completed by January 1, 1994. All children entering the foster care system after January 1, 1994, must be evaluated for identification of long-term needs within thirty days of placement;

(4) Study and develop a comprehensive plan for the evaluation and identification of all children and youth in need of long-term care or assistance, including, but not limited to, the mentally ill, developmentally disabled, medically fragile, seriously emotionally or behaviorally disabled, and physically impaired;

(5) Study and develop a plan for the children and youth in need of long-term care or assistance to ensure the coordination of services between the department's divisions and between other state agencies who are involved with the child or youth.

(6) Study and develop guidelines for transitional services, between long-term care programs, based on the person's age or mental, physical, emotional, or medical condition; and

(7) Study and develop a statutory proposal for the emancipation of minors and report its findings and recommendations to the legislature by January 1, 1994.

Passed the House April 21, 1993.

Passed the Senate April 17, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 3, House Bill No. 1858, entitled:

"AN ACT Relating to periodic case review for children in substitute care;"

House Bill No. 1858 is important legislation which authorizes designated counties to provide periodic case review of children in foster care and provides for the development of long-term care programs for foster care children. However, section 3 of this bill contains a drafting error which makes that section impossible to perform and technically out of compliance with federal requirements for foster care funding. I have therefore vetoed section 3 of House Bill No. 1858.

With the exception of section 3, House Bill No. 1858 is approved."

CHAPTER 506

[House Bill 2028]

ELECTED OFFICIALS—RESTORATION OF WITHDRAWN RETIREMENT CONTRIBUTIONS

Effective Date: 7/25/93

AN ACT Relating to notification to employees of ability to restore withdrawn retirement system contributions; adding a new section to chapter 41.50 RCW; adding a new section to chapter 41.40 RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

***NEW SECTION.** *Sec. 1. A new section is added to chapter 41.50 RCW to read as follows:*

(1) The director shall notify a member of any of the retirement systems listed in RCW 41.50.030 who is eligible to restore withdrawn contributions of the member's ability to restore the contributions, by sending to the member's employer a statement of the potential service credit to be restored, the amount of funds required for restoration, the date by when the restoration must be accomplished, and the options for repayment. The employer shall provide the statement to the member and place a copy of the statement in the member's personnel file.

(2) Neither this section nor any other provision in this chapter or chapter 41.26, 41.32, 41.40, 41.54, or 43.43 RCW authorize the extension of statutory restore deadlines for members who do not receive notice of their eligibility to restore withdrawn contributions. This subsection applies retroactively to restoration periods which expired prior to the effective date of this act.

**Sec. 1 was vetoed, see message at end of chapter.*

NEW SECTION. *Sec. 2. A new section is added to chapter 41.40 RCW, under the subchapter heading "plan I," to read as follows:*

Any active member or separated member who was not eligible to restore contributions under section 3, chapter 317, Laws of 1986, solely because he or she was an elected official, other than an elected official under Articles II or III of the Constitution of the state of Washington, shall be permitted to restore

withdrawn contributions for periods of nonelected service no later than June 30, 1994, with interest as determined by the director.

NEW SECTION. Sec. 3. If specific funding for the purposes of this act, referencing this act by bill number, is not provided by June 30, 1993, in the biennial appropriations act, this act shall be null and void.

Passed the House April 24, 1993.

Passed the Senate April 24, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 1, House Bill No. 2028 entitled:

"AN ACT Relating to notification to employees of the ability to restore withdrawn retirement system contributions;"

Section 1 gives the Department of Retirement Systems the responsibility of notifying members of any of the state's retirement systems of their ability to restore withdrawn contributions. While I strongly support the intent of the legislation, I must recommend veto of this section. The additional workload that is placed on the department would require additional funding in order to administer this continuing project. The legislature did not provide this funding in the 1993-95 budget.

For this reason, I have vetoed section 1 of House Bill No. 2028.

With the exception of section 1, House Bill No. 2028 is approved."

CHAPTER 507

[Engrossed Substitute House Bill 2071]

RESTRICTIONS ON MINORS' ACCESS TO TOBACCO PRODUCTS

Effective Date: 7/25/93

AN ACT Relating to access to tobacco; amending RCW 82.24.530, 82.24.550, and 82.24.560; adding a new chapter to Title 70 RCW; creating new sections; and prescribing penalties.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature finds that while present state law prohibits the sale and distribution of tobacco to minors, youth obtain tobacco products with ease. Availability and lack of enforcement put tobacco products in the hands of youth.

Federal law requires states to enforce laws prohibiting sale and distribution of tobacco products to minors in a manner that can reasonably be expected to reduce the extent to which the products are available to minors. It is imperative to effectively reduce the sale, distribution, and availability of tobacco products to minors.

NEW SECTION. Sec. 2. The definitions set forth in RCW 82.24.010 shall apply to sections 3 through 14 of this act. In addition, for the purposes of this chapter, unless otherwise required by the context:

- (1) "Board" means the Washington state liquor control board.
- (2) "Minor" refers to an individual who is less than eighteen years old.
- (3) "Public place" means a public street, sidewalk, or park, or any area open to the public in a publicly owned and operated building.
- (4) "Sample" means a tobacco product distributed to members of the general public at no cost or at nominal cost for product promotion purposes.
- (5) "Sampler" means a person engaged in the business of sampling other than a retailer.
- (6) "Sampling" means the distribution of samples to members of the general public in a public place.
- (7) "Tobacco product" means a product that contains tobacco and is intended for human consumption.

NEW SECTION. Sec. 3. A person who holds a license issued under RCW 82.24.520 or 82.24.530 shall:

(1) Display the license or a copy in a prominent location at the outlet for which the license is issued; and

(2) Display a sign concerning the prohibition of tobacco sales to minors.

Such sign shall:

(a) Be posted so that it is clearly visible to anyone purchasing tobacco products from the licensee;

(b) Be designed and produced by the department of health to read: "THE SALE OF TOBACCO PRODUCTS TO PERSONS UNDER AGE 18 IS STRICTLY PROHIBITED BY STATE LAW. IF YOU ARE UNDER 18, YOU COULD BE PENALIZED FOR PURCHASING A TOBACCO PRODUCT; PHOTO ID REQUIRED"; and

(c) Be provided free of charge by the liquor control board.

NEW SECTION. Sec. 4. No person shall sell or permit to be sold any tobacco product through any device that mechanically dispenses tobacco products unless the device is located fully within premises from which minors are prohibited or in industrial worksites where minors are not employed and not less than ten feet from all entrance or exit ways to and from each premises.

NEW SECTION. Sec. 5. No person shall sell or permit to be sold cigarettes not in the original unopened package or container to which the stamps required by RCW 82.24.060 have been affixed.

This section does not apply to the sale of loose leaf tobacco by a retail business that generates a minimum of sixty percent of annual gross sales from the sale of tobacco products.

NEW SECTION. Sec. 6. (1) No person may engage in the business of sampling within the state unless licensed to do so by the board. If a firm contracts with a manufacturer to distribute samples of the manufacturer's

products, that firm is deemed to be the person engaged in the business of sampling.

(2) The board shall issue a license to a sampler not otherwise disqualified by section 11 of this act upon application and payment of the fee.

(3) A sampler's license expires on the thirtieth day of June of each year and must be renewed annually upon payment of the appropriate fee.

(4) The board shall annually determine the fee for a sampler's license and each renewal. However, the fee for a manufacturer whose employees distribute samples within the state is five hundred dollars per annum, and the fee for all other samplers must be not less than fifty dollars per annum.

(5) A sampler's license entitles the licensee, and employees or agents of the licensee, to distribute samples at any lawful location in the state during the term of the license. A person engaged in sampling under the license shall carry the license or a copy at all times.

NEW SECTION. Sec. 7. (1) No person may distribute or offer to distribute samples in a public place. This prohibition does not apply to sampling (a) in an area to which persons under the age of eighteen are denied admission, (b) in or at a store or concession to which a retailer's license has been issued, or (c) at or adjacent to a production, repair, or outdoor construction site or facility.

(2) Notwithstanding subsection (1) of this section, no person may distribute or offer to distribute samples in or on a public street, sidewalk, or park that is within five hundred feet of a playground, school, or other facility when that facility is being used primarily by persons under the age of eighteen for recreational, educational, or other purposes.

NEW SECTION. Sec. 8. No person shall give or distribute cigarettes or other tobacco products to a person by a coupon if such coupon is redeemed in any manner that does not require an in-person transaction in a retail store.

NEW SECTION. Sec. 9. A person under the age of eighteen who purchases or attempts to purchase or obtains or attempts to obtain cigarettes or tobacco products commits a class 3 civil infraction under chapter 7.80 RCW and is subject to a fine as set out in chapter 7.80 RCW or participation in a smoking cessation program, or both. This provision does not apply if a person under the age of eighteen, with parental authorization, is participating in a controlled purchase as part of a liquor control board, law enforcement, or local health department activity.

NEW SECTION. Sec. 10. (1) Where there may be a question of a person's right to purchase or obtain tobacco products by reason of age, the retailer, sampler, or agent thereof, shall require the purchaser to present any one of the following officially issued identification that shows the purchaser's age and bears his or her signature and photograph: Liquor control authority card of identification of a state or province of Canada; driver's license, instruction permit, or identification card of a state or province of Canada; "identocard" issued by the Washington state department of licensing under chapter 46.20 RCW; United

NEW SECTION. Sec. 11. (1) The liquor control board may suspend or revoke a retailer's license held by a business at any location, or may impose a monetary penalty as set forth in subsection (2) of this section, if the liquor control board finds that the licensee has violated RCW 26.28.080(4), or section 3, 4, 5, 6, 7, 8, or 10 of this act.

(2) The sanctions that the liquor control board may impose against a person licensed under RCW 82.24.530 and sections 6 and 7 of this act based upon one or more findings under subsection (1) of this section may not exceed the following:

(iv) A monetary penalty of one thousand five hundred dollars and suspension of the license for a period of twelve months for the fourth violation within any two-year period;

(v) Revocation of the license with no possibility of reinstatement for a period of five years for the fifth or more violation within any two-year period;

(b) For violations of section 4 of this act, a monetary penalty in the amount of one hundred dollars for each day upon which such violation occurred;

(d) For violations of sections 6 and 7 of this act, a monetary penalty in the amount of three hundred dollars for each violation;

(e) For violations of section 8 of this act, a monetary penalty in the amount of one thousand dollars for each violation.

(3) The liquor control board may impose a monetary penalty upon any person other than a licensed cigarette retailer or licensed sampler if the liquor control board finds that the person has violated RCW 26.28.080(4), or section 3, 4, 5, 6, 7, 8, or 10 of this act.

(4) The monetary penalty that the liquor control board may impose based upon one or more findings under subsection (3) of this section may not exceed the following:

(a) For violation of RCW 26.28.080(4) or section 3 of this act, fifty dollars for the first violation and one hundred dollars for each subsequent violation;

(c) For violations of section 5 of this act, one hundred dollars for each violation;

(d) For violations of sections 6 and 7 of this act, three hundred dollars for each violation;

(e) For violations of section 8 of this act, one thousand dollars for each violation.

(5) The liquor control board may develop and offer a class for retail clerks and use this class in lieu of a monetary penalty for the clerk's first violation.

(6) The liquor control board may issue a cease and desist order to any person who is found by the liquor control board to have violated or intending to violate the provisions of this chapter, RCW 26.28.080(4) or 82.24.500, requiring such person to cease specified conduct that is in violation. The issuance of a cease and desist order shall not preclude the imposition of other sanctions authorized by this statute or any other provision of law.

(7) The liquor control board may seek injunctive relief to enforce the provisions of RCW 26.28.080(4) or 82.24.500 or this chapter. The liquor control board may initiate legal action to collect civil penalties imposed under this chapter if the same have not been paid within thirty days after imposition of such penalties. In any action filed by the liquor control board under this chapter, the court may, in addition to any other relief, award the liquor control board reasonable attorneys' fees and costs.

(8) All proceedings under subsections (1) through (6) of this section shall be conducted in accordance with chapter 34.05 RCW.

NEW SECTION. Sec. 12. (1) The liquor control board shall, in addition to the board's other powers and authorities, have the authority to enforce the provisions of this chapter and RCW 26.28.080(4) and 82.24.500. The liquor

control board shall have full power to revoke or suspend the license of any retailer or wholesaler in accordance with the provisions of section 11 of this act.

(2) The liquor control board and the board's authorized agents or employees shall have full power and authority to enter any place of business where tobacco products are sold for the purpose of enforcing the provisions of this chapter.

(3) For the purpose of enforcing the provisions of this chapter and RCW 26.28.080(4) and 82.24.500, a peace officer or enforcement officer of the liquor control board who has reasonable grounds to believe a person observed by the officer purchasing, attempting to purchase, or in possession of tobacco products is under the age of eighteen years of age, may detain such person for a reasonable period of time and in such a reasonable manner as is necessary to determine the person's true identity and date of birth. Further, tobacco products possessed by persons under the age of eighteen years of age are considered contraband and may be seized by a peace officer or enforcement officer of the liquor control board.

(4) The liquor control board may work with local county health departments or districts and local law enforcement agencies to conduct random, unannounced, inspections to assure compliance.

NEW SECTION. Sec. 13. (1) The youth tobacco prevention account is created in the state treasury. All fees collected pursuant to RCW 82.24.520 and 82.24.530 and funds collected by the liquor control board from the imposition of monetary penalties and samplers' fees shall be deposited into this account, except that ten percent of all such fees and penalties shall be deposited in the state general fund.

(2) Moneys appropriated from the youth tobacco prevention account to the department of health shall be used by the department of health for implementation of this chapter, including collection and reporting of data regarding enforcement and the extent to which access to tobacco products by youth has been reduced.

(3) The department of health shall enter into interagency agreements with the liquor control board to pay the costs incurred, up to thirty percent of available funds, in carrying out its enforcement responsibilities under this chapter. Such agreements shall set forth standards of enforcement, consistent with the funding available, so as to reduce the extent to which tobacco products are available to individuals under the age of eighteen. The agreements shall also set forth requirements for data reporting by the liquor control board regarding its enforcement activities.

(4) The department of health and the department of revenue shall enter into an interagency agreement for payment of the cost of administering the tobacco retailer licensing system and for the provision of quarterly documentation of tobacco wholesaler, retailer, and vending machine names and locations.

(5) The department of health shall, within up to seventy percent of available funds, provide grants to local health departments or other local community

agencies to develop and implement coordinated tobacco intervention strategies to prevent and reduce tobacco use by youth.

NEW SECTION. Sec. 14. This chapter preempts political subdivisions from adopting or enforcing requirements for the licensure and regulation of tobacco product promotions and sales within retail stores, except that political subdivisions that have adopted ordinances prohibiting sampling by January 1, 1993, may continue to enforce these ordinances. No political subdivision may: (1) Impose fees or license requirements on retail businesses for possessing or selling cigarettes or tobacco products, other than general business taxes or license fees not primarily levied on tobacco products; or (2) regulate or prohibit activities covered by sections 3 through 9 of this act. This chapter does not otherwise preempt political subdivisions from adopting ordinances regulating the sale, purchase, use, or promotion of tobacco products not inconsistent with chapter . . . , Laws of 1993 (this act).

The department of revenue has full power and authority to revoke or suspend the license or permit of any wholesale or retail cigarette dealer in the state upon sufficient cause appearing of the violation of this chapter or upon the failure of such licensee to comply with any of the provisions of this chapter.

(2) A license shall not be suspended or revoked except upon notice to the licensee and after a hearing as prescribed by the department of revenue. The department of revenue, upon a finding by same, that the licensee has failed to comply with any provision of this chapter or any rule promulgated thereunder, shall, in the case of the first offender, suspend the license or licenses of the

licensee for a period of not less than thirty consecutive business days, and, in the case of a second or plural offender, shall suspend the license or licenses for a period of not less than ninety consecutive business days nor more than twelve months, and, in the event the department of revenue finds the offender has been guilty of willful and persistent violations, it may revoke the license or licenses.

(3) Any person whose license or licenses have been so revoked may apply to the department of revenue at the expiration of one year for a reinstatement of the license or licenses. The license or licenses may be reinstated by the department of revenue if it appears to the satisfaction of the department of revenue that the licensee will comply with the provisions of this chapter and the rules promulgated thereunder.

CHAPTER 508

[Substitute House Bill 2098]

LONG-TERM CARE OPTIONS EXPANDED

Effective Date: 5/18/93

AN ACT Relating to options in long-term care; nursing homes-resident care, operating standards; health planning and development; amending RCW 74.42.010 and 70.38.111; reenacting and amending RCW 70.38.115; adding a new section to chapter 74.14A RCW; adding a new section to chapter 71A.20 RCW; adding a new chapter to Title 74 RCW; creating a new section; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. FINDINGS. The legislature finds that the aging of the population and advanced medical technology have resulted in a growing number of persons who require assistance. The primary resource for long-term care continues to be family and friends. However, these traditional caregivers are increasingly employed outside the home. There is a growing demand for improvement and expansion of home and community-based long-term care services to support and complement the services provided by these informal caregivers.

The legislature further finds that the public interest would best be served by a broad array of long-term care services that support persons who need such services at home or in the community whenever practicable and that promote individual autonomy, dignity, and choice.

The legislature finds that as other long-term care options become more available, the relative need for nursing home beds is likely to decline. The legislature recognizes, however, that nursing home care will continue to be a critical part of the state's long-term care options, and that such services should promote individual dignity, autonomy, and a homelike environment.

NEW SECTION. Sec. 2. PURPOSE AND INTENT. It is the legislature's intent that:

(1) Long-term care services administered by the department of social and health services include a balanced array of health, social, and supportive services that promote individual choice, dignity, and the highest practicable level of independence;

(2) Home and community-based services be developed, expanded, or maintained in order to meet the needs of consumers and to maximize effective use of limited resources;

(3) Long-term care services be responsive and appropriate to individual need and also cost-effective for the state;

(4) Nursing home care is provided in such a manner and in such an environment as will promote maintenance or enhancement of the quality of life of each resident and timely discharge to a less restrictive care setting when appropriate; and

(5) State health planning for nursing home bed supply take into account increased availability of other home and community-based service options.

NEW SECTION. Sec. 3. ASSISTED LIVING. To the extent of available funding, the department of social and health services may contract with licensed boarding homes for assisted living services. The department shall develop rules that ensure that the contracted services:

- (1) Recognize individual needs, privacy, and autonomy;
- (2) Include, but not be limited to, personal care, nursing services, medication administration, and supportive services that promote independence and self-sufficiency;
- (3) Are of sufficient scope to assure that each resident who chooses to remain in assisted living may do so, unless nursing care needs exceed the level of care defined by the department;
- (4) Are directed first to those persons most likely, in the absence of assisted living services, to need hospital, nursing facility, or other out-of-home placement; and
- (5) Are provided in compliance with applicable department of health facility and professional licensing laws and rules.

Sec. 4. RCW 74.42.010 and 1979 ex.s. c 211 s 1 are each amended to read as follows:

In the case of a proposed health care facility (or portion thereof) which has not begun to provide tertiary health services on the date an application is submitted under this subsection with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of subsection (1) of this section when the facility first provides such services. The department shall approve an application submitted under this subsection if it determines that the applicable requirements of subsection (1) of this section are met.

(3) A health care facility (or any part thereof) with respect to which an exemption was granted under subsection (1) of this section may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired and a health care facility described in (1)(c) which was granted an exemption under subsection (1) of this section may not be used by any person other than the lessee described in (1)(c) unless:

(5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(i) Offers services only to contractual members;

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(c) The sale, lease, acquisition, or use of part or all of a continuing care retirement community nursing home that qualifies for exemption under this subsection shall require prior certificate of need approval to qualify for licensure as a nursing home unless the department determines such sale, lease, acquisition, or use is by a continuing care retirement community that meets the conditions of (a) of this subsection.

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of

Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed boarding home care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without being subject to the provisions of this chapter except under RCW 70.38.105(4)(d), provided the facility has been in continuous operation and has not been purchased or leased.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

(ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given no later than two years prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given no later than one year prior to the effective date of license modification reflecting the restored beds.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2)(a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

(b) The health maintenance organization is unable to provide, through services or facilities which can reasonably be expected to be available to the organization, its health services in a reasonable and cost-effective manner which is consistent with the basic method of operation of the organization and which makes such services available on a long-term basis through physicians and other health professionals associated with it.

A health care facility, or any part thereof, with respect to which a certificate of need was issued under this subsection may not be sold or leased and a controlling interest in such facility or in a lease of such facility may not be acquired unless the department issues a certificate of need approving the sale, acquisition, or lease.

(4) Until the final expiration of the state health plan as provided under RCW 70.38.919, the decision of the department on a certificate of need application shall be consistent with the state health plan in effect, except in emergency circumstances which pose a threat to the public health. The department in making its final decision may issue a conditional certificate of need if it finds that the project is justified only under specific circumstances. The conditions shall directly relate to the project being reviewed. The conditions may be released if it can be substantiated that the conditions are no longer valid and the release of such conditions would be consistent with the purposes of this chapter.

(5) Criteria adopted for review in accordance with subsection (2) of this section may vary according to the purpose for which the particular review is being conducted or the type of health service reviewed.

(6) The department shall specify information to be required for certificate of need applications. Within fifteen days of receipt of the application, the department shall request additional information considered necessary to the application or start the review process. Applicants may decline to submit requested information through written notice to the department, in which case

review starts on the date of receipt of the notice. Applications may be denied or limited because of failure to submit required and necessary information.

(7) Concurrent review is for the purpose of comparative analysis and evaluation of competing or similar projects in order to determine which of the projects may best meet identified needs. Categories of projects subject to concurrent review include at least new health care facilities, new services, and expansion of existing health care facilities. The department shall specify time periods for the submission of applications for certificates of need subject to concurrent review, which shall not exceed ninety days. Review of concurrent applications shall start fifteen days after the conclusion of the time period for submission of applications subject to concurrent review. Concurrent review periods shall be limited to one hundred fifty days, except as provided for in rules adopted by the department authorizing and limiting amendment during the course of the review, or for an unresolved pivotal issue declared by the department.

(8) Review periods for certificate of need applications other than those subject to concurrent review shall be limited to ninety days. Review periods may be extended up to thirty days if needed by a review agency, and for unresolved pivotal issues the department may extend up to an additional thirty days. A review may be extended in any case if the applicant agrees to the extension.

(9) The department or its designee, shall conduct a public hearing on a certificate of need application if requested unless the review is expedited or subject to emergency review. The department by rule shall specify the period of time within which a public hearing must be requested and requirements related to public notice of the hearing, procedures, recordkeeping and related matters.

(10) Any applicant denied a certificate of need or whose certificate of need has been suspended or revoked has the right to an adjudicative proceeding. The proceeding is governed by chapter 34.05 RCW, the Administrative Procedure Act.

(11) An amended certificate of need shall be required for the following modifications of an approved project:

- (a) A new service requiring review under this chapter;
- (b) An expansion of a service subject to review beyond that originally approved;
- (c) An increase in bed capacity;
- (d) A significant reduction in the scope of a nursing home project without a commensurate reduction in the cost of the nursing home project, or a cost increase (as represented in bids on a nursing home construction project or final cost estimates acceptable to the person to whom the certificate of need was issued) if the total of such increases exceeds twelve percent or fifty thousand dollars, whichever is greater, over the maximum capital expenditure approved. The review of reductions or cost increases shall be restricted to the continued conformance of the nursing home project with the review criteria pertaining to financial feasibility and cost containment.

(12) An application for a certificate of need for a nursing home capital expenditure which is determined by the department to be required to eliminate or prevent imminent safety hazards or correct violations of applicable licensure and accreditation standards shall be approved.

(13) In the case of an application for a certificate of need to replace existing nursing home beds, all criteria must be met on the same basis as an application for a certificate of need for a new nursing home, except that the need criteria shall be deemed met if the applicant is an existing licensee who proposes to replace existing beds that the licensee has operated for at least one year with the same or fewer number of beds in the same planning area. When an entire nursing home ceases operation, its beds shall be treated as existing nursing home beds for purposes of replacement for eight years or until a certificate of need to replace them is issued, whichever occurs first. However, the nursing home must give notice of its intent to retain the beds to the department of health no later than thirty days after the effective date of the facility's closure.

NEW SECTION. Sec. 7. A new section is added to chapter 74.14A RCW to read as follows:

The secretary shall:

(1)(a) Consult with relevant qualified professionals to develop a set of minimum guidelines to be used for identifying all children who are in a state-assisted support system, whether at-home or out-of-home, who are likely to need long-term care or assistance, because they face physical, emotional, medical, mental, or other long-term challenges;

entering the foster care system after January 1, 1994, must be evaluated for identification of long-term needs within thirty days of placement;

(4) Study and develop a comprehensive plan for the evaluation and identification of all children and youth in need of long-term care or assistance, including, but not limited to, the mentally ill, developmentally disabled, medically fragile, seriously emotionally or behaviorally disabled, and physically impaired;

****NEW SECTION. Sec. 8. A new section is added to chapter 71A.20 RCW to read as follows:***

The secretary shall develop a plan by July 1, 1994, that will establish the July 1, 2001, size of each residential habilitation center. The plan shall include:

(5) Proposed uses for excess institutional grounds and buildings by other governmental or private entities in ways that the proceeds will benefit individuals with developmental disabilities; and

(6) Strategies to retrain and/or provide new jobs in developmental disability community care or in other public service for any staff not needed in residential habilitation centers.

****Sec. 8 was vetoed, see message at end of chapter.***

NEW SECTION. **Sec. 9.** Sections 1 through 3, 11, and 12 of this act shall constitute a new chapter in Title 74 RCW.

NEW SECTION. **Sec. 10.** Section captions as used in this act constitute no part of the law.

NEW SECTION. **Sec. 11.** If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state.

NEW SECTION. **Sec. 12.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 13.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Passed the House April 25, 1993.

Passed the Senate April 24, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval, as to section 8, Substitute House Bill No. 2098, entitled:

"AN ACT Relating to options in long-term care;"

Section 8 of this legislation directs the Department of Social and Health Services to develop a plan by July 1, 1994, which addresses the size of each Residential Habilitation Center serving the developmentally disabled. The plan must specify the criteria for admission to or continued residence in each facility, an estimate of the number of clients meeting public health or specialized services criteria who are expected to require admission or continued residence, a review of the service needs of each client currently residing in the facilities, and the development of the community needs for clients not meeting the admission criteria. The department must also propose uses for excess buildings and grounds in a manner benefiting the developmentally disabled and develop retraining or reemployment options for displaced state employees.

This directive creates a substantial burden on the department and would involve a level of evaluation whose fiscal requirement is beyond that which could be absorbed. Additionally, the study would duplicate existing evaluations of similar scope. Instead, I am directing the Department of Social and Health Services to review the service needs of the Residential Habilitation Center clients as part of the institutions' restructuring in the 1993-95 biennium.

With the exception of section 8, Substitute House Bill No. 2098 is approved."

Be it enacted by the Legislature of the State of Washington:

Sec. 1. RCW 49.60.010 and 1985 c 185 s 1 are each amended to read as follows:

This chapter shall be known as the "law against discrimination". It is an exercise of the police power of the state for the protection of the public welfare, health, and peace of the people of this state, and in fulfillment of the provisions of the Constitution of this state concerning civil rights. The legislature hereby finds and declares that practices of discrimination against any of its inhabitants because of race, creed, color, national origin, sex, marital status, age, or the presence of any sensory, mental, or physical (~~handicap~~) disability or the use of a trained guide dog or service dog by a disabled person are a matter of state concern, that such discrimination threatens not only the rights and proper privileges of its inhabitants but menaces the institutions and foundation of a free democratic state. A state agency is herein created with powers with respect to elimination and prevention of discrimination in employment, in credit and insurance transactions, in places of public resort, accommodation, or amusement, and in real property transactions because of race, creed, color, national origin, sex, marital status, age, or the presence of any sensory, mental, or physical (~~handicap~~) disability or the use of a trained guide dog or service dog by a disabled person; and the commission established hereunder is hereby given general jurisdiction and power for such purposes.

Sec. 2. RCW 49.60.020 and 1973 1st ex.s. c 214 s 2 are each amended to read as follows:

The provisions of this chapter shall be construed liberally for the accomplishment of the purposes thereof. Nothing contained in this chapter shall be deemed to repeal any of the provisions of any other law of this state relating to discrimination because of race, color, creed, national origin, sex, marital status, age, or the presence of any sensory, mental, or physical (~~handicap~~) disability, other than a law which purports to require or permit doing any act which is an unfair practice under this chapter. Nor shall anything herein contained be construed to deny the right to any person to institute any action or pursue any civil or criminal remedy based upon an alleged violation of his or her civil rights.

Sec. 3. RCW 49.60.030 and 1984 c 32 s 2 are each amended to read as follows:

(1) The right to be free from discrimination because of race, creed, color, national origin, sex, or the presence of any sensory, mental, or physical (~~handicap~~) disability or the use of a trained guide dog or service dog by a disabled person is recognized as and declared to be a civil right. This right shall include, but not be limited to:

- (a) The right to obtain and hold employment without discrimination;
- (b) The right to the full enjoyment of any of the accommodations, advantages, facilities, or privileges of any place of public resort, accommodation, assemblage, or amusement;
- (c) The right to engage in real estate transactions without discrimination;
- (d) The right to engage in credit transactions without discrimination;

(e) The right to engage in insurance transactions or transactions with health maintenance organizations without discrimination: PROVIDED, That a practice which is not unlawful under RCW 48.30.300, 48.44.220, or 48.46.370 does not constitute an unfair practice for the purposes of this subparagraph; and

(f) The right to engage in commerce free from any discriminatory boycotts or blacklists. Discriminatory boycotts or blacklists for purposes of this section shall be defined as the formation or execution of any express or implied agreement, understanding, policy or contractual arrangement for economic benefit between any persons which is not specifically authorized by the laws of the United States and which is required or imposed, either directly or indirectly, overtly or covertly, by a foreign government or foreign person in order to restrict, condition, prohibit, or interfere with or in order to exclude any person or persons from any business relationship on the basis of race, color, creed, religion, sex, the presence of any sensory, mental, or physical disability, or the use of a trained guide dog or service dog by a disabled person, or national origin or lawful business relationship: PROVIDED HOWEVER, That nothing herein contained shall prohibit the use of boycotts as authorized by law pertaining to labor disputes and unfair labor practices.

(2) Any person deeming himself or herself injured by any act in violation of this chapter shall have a civil action in a court of competent jurisdiction to enjoin further violations, to recover the actual damages sustained by ~~((him))~~ the person, or both, together with the cost of suit including a reasonable attorney's fees or any other remedy authorized by this chapter or the United States Civil Rights Act of 1964 as amended; and

(3) ~~((Notwithstanding any other provisions of this chapter, any act))~~ Except for any unfair practice committed by an employer against an employee or a prospective employee, or any unfair practice in a real estate transaction which is the basis for relief specified in the amendments to RCW 49.60.225 contained in chapter . . . (House Bill 1476 section 9) Laws of 1993, any unfair practice prohibited by this chapter ((related to sex discrimination or discriminatory boycotts or blacklists)) which is committed in the course of trade or commerce ((in the state of Washington)) as defined in the Consumer Protection Act, chapter 19.86 RCW, ((shall be deemed an unfair practice within the meaning of RCW 19.86.020 and 19.86.030 and subject to all the provisions of chapter 19.86 RCW as now or hereafter amended)) is, for the purpose of applying that chapter, a matter affecting the public interest, is not reasonable in relation to the development and preservation of business, and is an unfair or deceptive act in trade or commerce.

(c) To restrict the amount or use of credit extended or to impose different terms or conditions with respect to the credit extended to any person or any item or service related thereto;

(d) To attempt to do any of the unfair practices defined in this section.

(2) Nothing in this section shall prohibit any party to a credit transaction from considering the credit history of any individual applicant.

(3) Further, nothing in this section shall prohibit any party to a credit transaction from considering the application of the community property law to the individual case or from taking reasonable action thereon.

Sec. 11. RCW 49.60.178 and 1984 c 32 s 1 are each amended to read as follows:

It is an unfair practice for any person whether acting for himself, herself, or another in connection with an insurance transaction or transaction with a health maintenance organization to cancel or fail or refuse to issue or renew insurance or a health maintenance agreement to any person because of sex, marital status, race, creed, color, national origin, or the presence of any sensory, mental, or physical (~~handicap~~) disability or the use of a trained guide dog or service dog by a disabled person: PROVIDED, That a practice which is not unlawful under RCW 48.30.300, 48.44.220, or 48.46.370 does not constitute an unfair practice for the purposes of this section. For the purposes of this section, "insurance transaction" is defined in RCW 48.01.060, health maintenance agreement is defined in RCW 48.46.020, and "health maintenance organization" is defined in RCW 48.46.020.

The fact that such unfair practice may also be a violation of chapter 48.30, 48.44, or 48.46 RCW does not constitute a defense to an action brought under this section.

The insurance commissioner, under RCW 48.30.300, and the human rights commission, under chapter 49.60 RCW, shall have concurrent jurisdiction under

this section and shall enter into a working agreement as to procedure to be followed in complaints under this section.

(4) To print, or circulate, or cause to be printed or circulated any statement, advertisement, or publication, or to use any form of application for employment, or to make any inquiry in connection with prospective employment, which expresses any limitation, specification, or discrimination as to age, sex, marital status, race, creed, color, national origin, or the presence of any sensory, mental, or physical ~~((handicap))~~ disability or the use of a trained guide dog or service dog by a disabled person, or any intent to make any such limitation, specification, or discrimination, unless based upon a bona fide occupational qualification: PROVIDED, Nothing contained herein shall prohibit advertising in a foreign language.

Sec. 14. RCW 49.60.200 and 1973 1st ex.s. c 214 s 9 are each amended to read as follows:

It is an unfair practice for any employment agency to fail or refuse to classify properly or refer for employment, or otherwise to discriminate against, an individual because of age, sex, marital status, race, creed, color, national origin, or the presence of any sensory, mental, or physical ((handicap)) disability or the use of a trained guide dog or service dog by a disabled person, or to print or circulate, or cause to be printed or circulated any statement, advertisement, or publication, or to use any form of application for employment, or to make any inquiry in connection with prospective employment, which expresses any limitation, specification or discrimination as to age, sex, race, creed, color, or national origin, or the presence of any sensory, mental, or physical ((handicap)) disability or the use of a trained guide dog or service dog by a disabled person, or any intent to make any such limitation, specification, or discrimination, unless based upon a bona fide occupational qualification: PROVIDED, Nothing contained herein shall prohibit advertising in a foreign language.

of a trained (~~((dog))~~) guide dog or service dog by a (~~((blind, deaf, or physically))~~) disabled person: PROVIDED, That this section shall not be construed to require structural changes, modifications, or additions to make any place accessible to a (~~((handicapped))~~) disabled person except as otherwise required by law: PROVIDED, That behavior or actions constituting a risk to property or other persons can be grounds for refusal and shall not constitute an unfair practice.

- (8) To expel a person from occupancy of real property;

This section shall not be construed to require structural changes, modifications, or additions to make facilities accessible to a ~~((handicapped))~~ disabled person except as otherwise required by law. Enforcement of the order and appeal

therefrom by the complainant or respondent shall be made as provided in RCW 49.60.260 and 49.60.270.

Sec. 21. RCW 49.60.230 and 1985 c 185 s 21 are each amended to read as follows:

After the filing of any complaint, the chairperson of the commission shall refer it to the appropriate section of the commission's staff for prompt investigation and ascertainment of the facts alleged in the complaint. The investigation shall be limited to the alleged facts contained in the complaint. The results of the investigation shall be reduced to written findings of fact, and a finding shall be made that there is or that there is not reasonable cause for believing that an unfair practice has been or is being committed. A copy of said findings shall be ~~((furnished))~~ provided to the complainant and to the person named in such complaint, hereinafter referred to as the respondent.

If the finding is made that there is reasonable cause for believing that an unfair practice has been or is being committed, the commission's staff shall immediately endeavor to eliminate the unfair practice by conference, conciliation and persuasion.

If an agreement is reached for the elimination of such unfair practice as a result of such conference, conciliation and persuasion, the agreement shall be reduced to writing and signed by the respondent, and an order shall be entered by the commission setting forth the terms of said agreement. No order shall be entered by the commission at this stage of the proceedings except upon such written agreement.

If no such agreement can be reached, a finding to that effect shall be made and reduced to writing, with a copy thereof (~~furnished~~) provided to the complainant and the respondent.

Sec. 23. RCW 49.60.250 and 1992 c 118 s 5 are each amended to read as follows:

(1) In case of failure to reach an agreement for the elimination of such unfair practice, and upon the entry of findings to that effect, the entire file, including the complaint and any and all findings made, shall be certified to the chairperson of the commission. (2) The place of any such hearing may be the office of the commission or another place designated by it. The case in support of the complaint shall be presented at the hearing by counsel for the commission: **PROVIDED**, That the complainant may retain independent counsel and submit testimony and be fully heard. No member or employee of the commission who previously made the investigation or caused the notice to be issued shall participate in the hearing except as a witness, nor shall the member or employee participate in the deliberations of the administrative law judge in such case. Any endeavors or negotiations for conciliation shall not be received in evidence.

(3) The respondent shall file a written answer to the complaint and appear at the hearing in person or otherwise, with or without counsel, and submit testimony and be fully heard. The respondent has the right to cross-examine the complainant.

(4) The administrative law judge conducting any hearing may permit reasonable amendment to any complaint or answer. Testimony taken at the hearing shall be under oath and recorded.

(5) If, upon all the evidence, the administrative law judge finds that the respondent has engaged in any unfair practice, the administrative law judge shall state findings of fact and shall issue and file with the commission and cause to be served on such respondent an order requiring such respondent to cease and desist from such unfair practice and to take such affirmative action, including, (but not limited to) hiring, reinstatement or upgrading of employees, with or without back pay, an admission or restoration to full membership rights in any respondent organization, or to take such other action as, in the judgment of the administrative law judge, will effectuate the purposes of this chapter, including action that could be ordered by a court, except that damages for humiliation and mental suffering shall not exceed (~~one~~) ten thousand dollars, and including a requirement for report of the matter on compliance.

(6) If a determination is made that retaliatory action, as defined in RCW 42.40.050, has been taken against a whistleblower, as defined in RCW 42.40.020, the administrative law judge may, in addition to any other remedy, impose a civil penalty upon the retaliator of up to three thousand dollars and issue an order to the state employer to suspend the retaliator for up to thirty days without pay. At a minimum, the administrative law judge shall require that a letter of reprimand be placed in the retaliator's personnel file. All penalties recovered shall be paid into the state treasury and credited to the general fund.

(7) The final order of the administrative law judge shall include a notice to the parties of the right to obtain judicial review of the order by appeal in accordance with the provisions of RCW 34.05.510 through 34.05.598, and that such appeal must be served and filed within thirty days after the service of the order on the parties.

(8) If, upon all the evidence, the administrative law judge finds that the respondent has not engaged in any alleged unfair practice, the administrative law judge shall state findings of fact and shall similarly issue and file an order dismissing the complaint.

(9) An order dismissing a complaint may include an award of reasonable attorneys' fees in favor of the respondent if the administrative law judge concludes that the complaint was frivolous, unreasonable, or groundless.

(10) The commission shall establish rules of practice to govern, expedite, and effectuate the foregoing procedure.

Sec. 24. RCW 49.44.090 and 1985 c 185 s 30 are each amended to read as follows:

It shall be an unfair practice:

(1) For an employer or licensing agency, because an individual is ~~((between the ages of))~~ forty ((and seventy)) years of age or older, to refuse to hire or employ or license or to bar or to terminate from employment such individual, or to discriminate against such individual in promotion, compensation or in terms, conditions or privileges of employment: PROVIDED, That employers or licensing agencies may establish reasonable minimum and/or maximum age limits with respect to candidates for positions of employment, which positions are of such a nature as to require extraordinary physical effort, endurance, condition or training, subject to the approval of the executive ~~((secretary))~~ director of the Washington state human rights commission or the director of labor and industries through the division of industrial relations.

(2) For any employer, licensing agency or employment agency to print or circulate or cause to be printed or circulated any statement, advertisement, or publication, or to use any form of application for employment or to make any inquiry in connection with prospective employment, which expresses any limitation, specification or discrimination respecting individuals ~~((between the ages of))~~ forty ((and seventy)) years of age or older: PROVIDED, That nothing herein shall forbid a requirement of disclosure of birth date upon any form of

application for employment or by the production of a birth certificate or other sufficient evidence of the applicant's true age after an employee is hired.

Nothing contained in this section or in RCW 49.60.180 as to age shall be construed to prevent the termination of the employment of any person who is physically unable to perform his or her duties or to affect the retirement policy or system of any employer where such policy or system is not merely a subterfuge to evade the purposes of this section; nor shall anything in this section or in RCW 49.60.180 be deemed to preclude the varying of insurance coverages according to an employee's age; nor shall this section be construed as applying to any state, county, or city law enforcement agencies, or as superseding any law fixing or authorizing the establishment of reasonable minimum or maximum age limits with respect to candidates for certain positions in public employment which are of such a nature as to require extraordinary physical effort, or which for other reasons warrant consideration of age factors.

Sec. 25. RCW 70.124.060 and 1981 c 174 s 5 are each amended to read as follows:

(1) A person other than a person alleged to have committed the abuse or neglect participating in good faith in the making of a report pursuant to this chapter, or testifying as to alleged patient abuse or neglect in a judicial proceeding, shall in so doing be immune from any liability, civil or criminal, arising out of such reporting or testifying under any law of this state or its political subdivisions, and if such person is an employee of a nursing home or state hospital it shall be an unfair practice under chapter 49.60 RCW for the employer to ~~((dismiss said))~~ discharge, expel, or otherwise discriminate against the employee for such reporting activity.

(2) Conduct conforming with the reporting requirements of this chapter shall not be deemed a violation of the confidential communication privilege of RCW 5.60.060 (3) or (4) or 18.83.110. Nothing in this chapter shall be construed as to supersede or abridge remedies provided in chapter 4.92 RCW.

NEW SECTION. Sec. 26. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Passed the Senate April 25, 1993.

Passed the House April 24, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 5 and 19, Senate Bill No. 5474, entitled:

"AN ACT Relating to discrimination;"

Senate Bill No. 5474 strengthens the penalties available to the Human Rights Commission for civil rights violations. I strongly support the bill's direction in this, as

well as a number of technical clean up provisions. However, section 5 of the bill would unnecessarily amend the definition of disability in Chapter 49.60 RCW, the state Law Against Discrimination. The determination of disabilities under current law can be examined by the Commission on a case by case basis.

Section 19 of the bill amends RCW 49.60.224. This same section of law is amended to include the changes contained in this bill in section 8 of House Bill No. 1476 which I have already signed. Therefore, section 19 is unnecessary.

For these reasons, I have vetoed sections 5 and 19 of Senate Bill No. 5474.

With the exception of sections 5 and 19, Senate Bill No. 5474 is approved."

There shall be a retailer's license to be designated as class M. The class M license may be issued to a motel that holds no other class of license under this title. No license may be issued to a motel offering rooms to its guests on an hourly basis. The license authorizes the licensee to sell, at retail, in locked honor bars, spirits in individual bottles not to exceed fifty milliliters, beer in individual cans or bottles not to exceed twelve ounces, and wine in individual bottles not to exceed one hundred eighty-seven milliliters, to registered guests of the motel for consumption in guest rooms. All spirits to be sold under the license must be purchased from the board. The licensee shall require proof of age from the guest renting a guest room and requesting the use of an honor bar. The guest shall also execute an affidavit verifying that no one under twenty-one years of age shall have access to the spirits, beer, and wine in the honor bar. "Motel" as used in this section means a facility or place offering three or more self-contained units designated by number, letter, or some other method of identification to travelers and transient guests. As used in this section, "spirits," "beer," and "wine" have the meanings defined in RCW 66.04.010.

CHAPTER 512

[Engrossed Substitute House Bill 1493]

**MINORITY AND WOMEN-OWNED BUSINESSES—REVISED PROVISIONS
RELATING TO****Effective Date: 7/1/93**

AN ACT Relating to minority and women-owned businesses; amending RCW 43.31.085, 43.31.055, 39.19.060, 43.168.030, 43.168.050, 43.168.070, 43.168.100, 43.85.230, and 43.86A.030; adding a new section to chapter 43.210 RCW; adding new sections to chapter 43.31 RCW; adding a new section to chapter 39.19 RCW; adding a new section to chapter 43.168 RCW; adding new sections to chapter 43.86A RCW; adding a new section to chapter 43.63A RCW; adding new sections to chapter 43.131 RCW; adding a new chapter to Title 43 RCW; creating new sections; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. INTENT. It is the intent of the legislature to combat discrimination in the economy.

(1) The legislature finds that discrimination is in part responsible for:

(a) The disproportionately small percentage of the state's businesses that are owned by minorities and women;

(b) The limited and unequal opportunity minority and women entrepreneurs and business owners have to procure small business financing; and

(c) The difficulty many minority and women-owned contracting businesses have in securing bonds and contract work.

(2) The legislature further finds that:

(a) Many minority and women entrepreneurs and business owners lack training in how to establish and operate a business. This lack of training inhibits their competitiveness when they apply for business loans, bonds, and contracts;

(b) Minorities and women are an increasingly expanding portion of the population and work force. In order for these individuals to fully contribute to the society and economy it is necessary to ensure that minority and women entrepreneurs and business owners are provided an equal opportunity to procure small business financing, bonds, and contracts; and

(c) The growth of small businesses will have a favorable impact on the Washington economy by creating jobs, increasing competition in the marketplace, and expanding tax revenues. Access to financial markets, bonds, and contracts by entrepreneurs and small business owners is vital to this process. Without reasonable access to financing, bonds, and contracts, talented and aggressive entrepreneurs and small business owners are cut out of the economic system and the state's economy suffers.

(3) Therefore, the legislature declares there to be a substantial public purpose in providing technical assistance in the areas of marketing, finance, and management, and access to capital resources, bonds, and contracts, to help start or expand a minority or women-owned business, and specifically to encourage and make possible greater participation by minorities and women in international

trade, public works and construction, and public facility concessions. To accomplish these purposes, it is the intent of the legislature to:

(a) Develop or contract for training courses in financing, marketing, managing, accounting, and recordkeeping for a small business and to make these programs available to minority and women entrepreneurs and small business owners;

(b) Make public works and construction projects, public facility concessions, and purchase of goods and services accessible to a greater number of minority and women-owned businesses;

(c) Provide for the lending of nonstate funds to qualified minority and women entrepreneurs and business owners in order to provide the maximum practicable opportunity for innovative minority and women entrepreneurs and business owners to compete for small business financing; and

(d) Provide professional services assistance grants and bond guarantees on behalf of qualified contractors in order to provide the maximum practicable opportunity for minority and women-owned contracting businesses to participate in the Washington state economy by bidding and completing various public and private contracting jobs.

NEW SECTION. Sec. 2. DEFINITIONS. Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Minority" means persons of color, including African-Americans, Hispanic/Latino Americans, Native Americans, and Asian/Pacific Islanders Americans;

(2) "Minority and women-owned business" means any resident minority business enterprise or women's business enterprise, certified as such by the office of minority and women's business enterprises under chapter 39.19 RCW and consistent with subsection (1) of this section.

I. EDUCATION AND TECHNICAL ASSISTANCE

II. FAIRNESS IN CONTRACTING AND CONCESSIONS

Sec. 9. RCW 39.19.060 and 1983 c 120 s 6 are each amended to read as follows:

Each state agency and educational institution shall comply with the annual goals established for that agency or institution under this chapter for public works and procuring goods or services. This chapter applies to all public works and procurement by state agencies and educational institutions, including all contracts and other procurement under chapters 28B.10, 39.04, 39.29, 43.19, and 47.28 RCW. Each state agency shall adopt a plan, developed in consultation with the director and the advisory committee, to insure that minority and women-owned businesses are afforded the maximum practicable opportunity to directly and meaningfully participate in the execution of public contracts for public works and goods and services. The plan shall include specific measures the agency will undertake to increase the participation of certified minority and women-owned businesses. The office shall annually notify the governor, the state auditor, and the legislative budget committee of all agencies and educational institutions not in compliance with this chapter.

III. LOAN FUND AND GUARANTEES

Sec. 11. RCW 43.168.030 and 1985 c 164 s 3 are each amended to read as follows:

(1) The Washington state development loan fund committee is established as an entity within the department of community development. The committee shall have ~~((seven))~~ eight members. The director shall appoint the members, subject to the following requirements: (a) Three members shall be experienced

in investment finance and have skills in providing capital to new and innovative businesses, in starting and operating businesses and providing professional services to small or expanding businesses; (b) two members shall be residents of distressed areas; (c) one member shall represent organized labor; ~~((and))~~ (d) one member shall represent a minority business; and (e) one member shall represent a women-owned business. Careful consideration in making these appointments shall be taken to ensure that the various geographic regions of the state are represented, that members will be available for meetings on a regular basis, and will have a commitment to working with local governments and local development organizations.

(2) Each member appointed by the director shall serve a term of three years, except that of the members first appointed, two shall serve two-year terms and two shall serve one-year terms. A person appointed to fill a vacancy of a member shall be appointed in a like manner and shall serve for only the unexpired term. A member is eligible for reappointment. A member may be removed by the director only for cause.

(3) The director shall designate a member of the board as its chairperson. The committee may elect such other officers as it deems appropriate. ~~((Four))~~ Five members of the committee constitute a quorum and ~~((four))~~ five affirmative votes are necessary for the transaction of business or the exercise of any power or function of the committee.

(4) The members of the committee shall serve without compensation, but are entitled to reimbursement for actual and necessary expenses incurred in the performance of official duties in accordance with RCW 43.03.050 and 43.03.060.

(5) Members shall not be liable to the state, to the fund, or to any other person as a result of their activities, whether ministerial or discretionary, as members except for wilful dishonesty or intentional violations of law. The department may purchase liability insurance for members and may indemnify these persons against the claims of others.

Sec. 12. RCW 43.168.050 and 1990 1st ex.s. c 17 s 74 are each amended to read as follows:

(1) The committee may only approve an application providing a loan for a project which the committee finds:

(a) Will result in the creation of employment opportunities ~~((or))~~ the maintenance of threatened employment, or development or expansion of business ownership by minorities and women;

(b) Has been approved by the director as conforming to federal rules and regulations governing the spending of federal community development block grant funds;

(c) Will be of public benefit and for a public purpose, and that the benefits, including increased or maintained employment, improved standard of living, ~~((and))~~ the employment of disadvantaged workers, and development or expansion of business ownership by minorities and women, will primarily accrue to residents of the area;

(d) Will probably be successful;

(e) Would probably not be completed without the loan because other capital or financing at feasible terms is unavailable or the return on investment is inadequate.

(2) The committee shall, subject to federal block grant criteria, give higher priority to economic development projects that contain provisions for child care.

(3) The committee may not approve an application if it fails to provide for adequate reporting or disclosure of financial data to the committee. The committee may require an annual or other periodic audit of the project books.

(4) The committee may require that the project be managed in whole or in part by a local development organization and may prescribe a management fee to be paid to such organization by the recipient of the loan or grant.

(5)(a) Except as provided in (b) of this subsection, the committee shall not approve any application which would result in a loan or grant in excess of three hundred fifty thousand dollars.

(b) The committee may approve an application which results in a loan or grant of up to seven hundred thousand dollars if the application has been approved by the director.

(6) The committee shall fix the terms and rates pertaining to its loans.

(7) Should there be more demand for loans than funds available for lending, the committee shall provide loans for those projects which will lead to the greatest amount of employment or benefit to a community. In determining the "greatest amount of employment or benefit" the committee shall also consider the employment which would be saved by its loan and the benefit relative to the community, not just the total number of new jobs or jobs saved.

(8) To the extent permitted under federal law the committee shall require applicants to provide for the transfer of all payments of principal and interest on loans to the Washington state development loan fund created under this chapter. Under circumstances where the federal law does not permit the committee to require such transfer, the committee shall give priority to applications where the applicants on their own volition make commitments to provide for the transfer.

(9) The committee shall not approve any application to finance or help finance a shopping mall.

(10) For loans not made to minority and women-owned businesses, the committee shall make at least eighty percent of the appropriated funds available to projects located in distressed areas, and may make up to twenty percent available to projects located in areas not designated as distressed. For loans not made to minority and women-owned businesses, the committee shall not make funds available to projects located in areas not designated as distressed if the fund's net worth is less than seven million one hundred thousand dollars.

(11) If an objection is raised to a project on the basis of unfair business competition, the committee shall evaluate the potential impact of a project on similar businesses located in the local market area. A grant may be denied by

the committee if a project is not likely to result in a net increase in employment within a local market area.

(12) For loans to minority and women-owned businesses who do not meet the credit criteria, the committee may consider nontraditional credit standards to offset past discrimination that has precluded full participation of minority or women-owned businesses in the economy. For applicants with high potential who do not meet the credit criteria, the committee shall consider developing alternative borrowing methods. For applicants denied loans due to credit problems, the committee shall provide financial counseling within available resources and provide referrals to credit rehabilitation services. In circumstances of competing applications, priority shall be given to members of eligible groups which previously have been least served by this fund.

NEW SECTION. **Sec. 13.** A new section is added to chapter 43.168 RCW to read as follows:

Subject to the restrictions contained in this chapter, the committee is authorized to approve applications of minority and women-owned businesses for loans or loan guarantees from the fund. Applications approved by the committee under this chapter shall conform to applicable federal requirements. The committee shall prioritize available funds for loan guarantees rather than loans when possible. The committee may enter into agreements with other public or private lending institutions to develop a joint loan guarantee program for minority and women-owned businesses. If such a program is developed, the committee may provide funds, in conjunction with the other organizations, to operate the program. This section does not preclude the committee from making individual loan guarantees.

To the maximum extent practicable, the funds available under this section shall be made available on an equal basis to minority and women-owned businesses. The committee shall submit to the appropriate committees of the senate and house of representatives quarterly reports that detail the number of loans approved and the characteristics of the recipients by ethnic and gender groups.

Sec. 14. RCW 43.168.070 and 1987 c 461 s 5 are each amended to read as follows:

The committee may receive and approve applications on a monthly basis but shall receive and approve applications on at least a quarterly basis for each fiscal year. The committee shall make every effort to simplify the loan process for applicants. Department staff shall process and assist in the preparation of applications. Each application shall show in detail the nature of the project, the types and numbers of jobs to be created, wages to be paid to new employees, and methods to hire unemployed persons from the area. Each application shall contain a credit analysis of the business to receive the loan. The chairperson of the committee may convene the committee on short notice to respond to applications of a serious or immediate nature.

Sec. 15. RCW 43.168.100 and 1986 c 204 s 1 are each amended to read as follows:

The committee may make grants of state funds to local governments which qualify as "entitlement communities" under the federal law authorizing community development block grants. These grants may only be made on the condition that the entitlement community provide the committee with assurances that it will: (1) Spend the grant moneys for purposes and in a manner which satisfies state constitutional requirements; (2) spend the grant moneys for purposes and in a manner which would satisfy federal requirements; and (3) spend ~~((double the))~~ at least the same amount of the grant for loans to businesses from the federal funds received by the entitlement community.

IV. BONDING ASSISTANCE

PROGRAM ESTABLISHED.** There is established within the department of trade and economic development the Washington state small business bonding assistance program to assist resident minority and women-owned small contracting businesses to acquire the managerial and financial skills, standards, and assistance necessary to enable them to obtain bid, payment, and performance bonds from surety companies for either advertised or designated contracts. The department shall implement the program by establishing a course of instruction as set forth in section 19 of this act. The department shall encourage surety companies and other private interests to help implement this course of instruction to assist minority and women-owned small contracting businesses. The department shall adopt rules to ensure the proper implementation of the program set forth in this chapter.

NEW SECTION. **Sec. 18. ASSISTANCE.** The department shall seek information, advice, and assistance from regional minority contractor organiza-

tions, and the United States small business administration and any other appropriate organization or agency.

The following departments, offices, and agencies shall, at the request of the department, provide information, advice, and assistance to the department:

- (1) The department of general administration;
- (2) The Washington state business assistance center;
- (3) The office of the insurance commissioner;
- (4) The Washington state economic development finance authority; and
- (5) The office of minority and women's business enterprises.

NEW SECTION. Sec. 19. SPECIALIZED INSTRUCTION FOR SMALL CONTRACTING BUSINESSES. The business assistance center shall modify the entrepreneurial training course established in section 6 of this act in order to provide instruction which is appropriate to the specific needs of contracting businesses. This course of instruction shall be available to resident minority and women-owned small business contractors. The instruction shall be intensive, practical training courses in financing, bidding for contracts, managing, accounting, and recordkeeping for a contracting business, with an emphasis on federal, state, local, or private programs available to assist small contractors. The business assistance center shall appoint professional instructors, with practical knowledge and experience in the field of small business contracting, to teach those courses developed to meet the specific needs of contracting businesses. Instruction shall be offered in major population centers throughout the state at times and locations which are convenient for people in the contracting business.

NEW SECTION. Sec. 20. ACCREDITATION OF SMALL CONTRACTING BUSINESSES. Any resident minority or women-owned small business contractor may select a key management employee or employees to attend any course of instruction established under section 6 of this act. When the records, maintained by the business assistance center, indicate that a key management employee of a small contracting business has attended all the courses offered, and has successfully completed any tests required, the department shall award the small contracting business a certificate of accreditation which acknowledges successful completion of the courses. The department may also award a certificate of accreditation if a review of the key management employee's education, experience, and business history indicates that the business already possesses the knowledge and skills offered through the course of instruction, or if the key management employee successfully completes all tests required of those who attend the entrepreneurial training course.

NEW SECTION. Sec. 21. PROFESSIONAL SERVICES ASSISTANCE—GRANTS. Any qualified contractor seeking a grant for professional services assistance may apply to the department. If approved, the department may enter into an agreement to provide a grant of up to two thousand five hundred dollars on behalf of a qualified contractor for the acquisition of the professional services

of certified public accountants, construction management companies, or any other technical, surety, financial, or managerial professionals. This assistance is only available to a qualified contractor on a one-time basis.

NEW SECTION. Sec. 22. GRANT MONITORING. The department shall administer all grants issued to assist qualified contractors and shall monitor the performance of all grant recipients in order to provide such further assistance as is necessary to ensure that all program requirements are met and that the program's purpose is fulfilled. However, nothing in this chapter should be construed to restrict the rendering of program services to any qualified contractor over and above the services provided by the grant.

NEW SECTION. Sec. 23. BOND GUARANTEE APPLICATIONS. If a qualified contractor makes a bond application to an approved surety company for a public or private contracting job, but fails to obtain the bond because the contractor is unable to meet the requirements of the surety company on such bonding contracts, for reasons other than nonperformance, and if the approved surety company applies to the department to have the bond guaranteed by the program, then the department may provide a bond guarantee of up to seventy-five thousand dollars on behalf of the qualified contractor.

NEW SECTION. Sec. 24. BOND GUARANTEE APPROVAL. Upon receipt of an approved surety company's application for a bond guarantee, the program supervisor shall review the application in order to verify that:

- (1) The bond being sought by the qualified contractor is needed;
- (2) The contracting job is within the qualified contractor's capability to perform; and
- (3) The qualified contractor has not been denied a bond due to nonperformance.

Based upon subsections (1) through (3) of this section, the department shall either approve or disapprove the application. If the application is approved, the department has the authority to enter into a contract with the approved surety company. Under the terms of this contract the approved surety company shall enter into a contract with, and issue the required bond to, the qualified contractor at the standard fees and charges usually made by the company for the type and amount of the bond issued. The bond issued by the approved surety company shall be guaranteed by money in the program fund. The approved surety company shall also agree to make a reasonable, good faith effort to pursue and collect any claims it may have against a qualified contractor who defaults on a bond guaranteed by the program, including, but not limited to, the institution of legal proceedings against the defaulting contractor, prior to collecting on the guarantee.

NEW SECTION. Sec. 25. PROGRAM FUND ESTABLISHED. The Washington state small business bonding assistance program fund is created in the state treasury. Any amounts appropriated, donated, or granted to the program shall be deposited and credited to the program fund. Moneys in the program

fund may be spent only after appropriation. Expenditures from the program fund shall only be used as follows:

(1) To pay the implementation costs of the program provided for in this chapter;

(2) To be disbursed by the department to enable qualified contractors to obtain services provided for in this chapter; and

(3) To guarantee bonds issued pursuant to sections 23 and 24 of this act and to pay such bonds in the event of default by a qualified contractor.

However, the full faith and credit of the state of Washington shall not be used to secure the bonds and the state's liability shall be limited to the money appropriated by the legislature.

NEW SECTION. Sec. 26. FUND SUPPORT. The department shall solicit funds and support from surety companies and other public and private entities with an interest in assisting Washington's small business contractors and may enter into agreements with such companies and interests by which they provide funds to the program fund to be matched with funds from nonstate sources.

NEW SECTION. Sec. 27. The department may receive gifts, grants, and endowments from public or private sources that may be made from time to time, in trust or otherwise, for the use and benefit of the Washington state small business bonding assistance program and spend gifts, grants, endowments or any income from the public or private sources according to their terms.

***NEW SECTION. Sec. 28.** *If specific funding for the purposes of sections 16 through 27 of this act, referencing sections 16 through 27 of this act by bill and section numbers, is not provided by June 30, 1993, in the omnibus appropriations act, sections 16 through 27 of this act are null and void.*

*Sec. 28 was vetoed, see message at end of chapter.

V. WASHINGTON STATE LINKED DEPOSIT PROGRAM

NEW SECTION. Sec. 29. The legislature finds that minority and women's business enterprises have been historically excluded from access to capital in the marketplace. The lack of capital has been a major barrier to the development and expansion of business by various minority groups and women. There has been a significant amount of attention on the capital needs of minority and women's business enterprises. It is the intent of the legislature to remedy the problem of a lack of access to capital by minority and women's business enterprises, and other small businesses by authorizing the state treasurer to operate a program that links state deposits to business loans by financial institutions to minority and women's business enterprises.

NEW SECTION. Sec. 30. A new section is added to chapter 43.86A RCW to read as follows:

(1) The state treasurer shall establish a linked deposit program for investment of deposits in qualified public depositories. As a condition of

participating in the program, qualified public depositories must make qualifying loans as provided in this section. The state treasurer may purchase a certificate of deposit that is equal to the amount of the qualifying loan made by the qualified public depository or may purchase a certificate of deposit that is equal to the aggregate amount of two or more qualifying loans made by one or more qualified public depositories.

(2) Qualifying loans made under this section are those that:

- (a) Are loans that have terms that do not exceed ten years;
- (b) Are made to a minority or women's business enterprise that has received state certification under chapter 39.19 RCW;
- (c) Are made to minority or women's business enterprises that are considered a small business as defined in RCW 43.31.025;
- (d) Are made where the interest rate on the loan to the minority or women's business enterprise does not exceed an interest rate that is two hundred basis points below the interest rate the qualified public depository would charge for a loan for a similar purpose and a similar term; and
- (e) Are made where the points or fees charged at loan closing do not exceed one percent of the loan amount.

(3) In setting interest rates of time certificate of deposits, the state treasurer shall offer rates so that a two hundred basis point preference will be given to the qualified public depository.

NEW SECTION. Sec. 31. A new section is added to chapter 43.63A RCW to read as follows:

(1) The department shall provide technical assistance and loan packaging services that enable minority and women-owned business enterprises to obtain financing under the linked deposit program created under section 30 of this act.

(2) The department shall, in consultation with the state treasurer, monitor the performance of loans made to minority and women-owned business enterprises under section 30 of this act.

Sec. 32. RCW 43.85.230 and 1984 c 177 s 20 are each amended to read as follows:

The state treasurer may deposit moneys not required to meet current demands upon a term deposit basis not to exceed (~~one year~~) five years at such interest rates and upon such conditions as to withdrawals of such moneys as may be agreed upon between the state treasurer and any qualified public depository.

Sec. 33. RCW 43.86A.030 and 1982 c 74 s 1 are each amended to read as follows:

(1) Funds held in public depositories not as demand deposits as provided in RCW 43.86A.020 and 43.86A.030, shall be available for a time certificate of deposit investment program according to the following formula: The state treasurer shall apportion to all participating depositories an amount equal to five percent of the three year average mean of general state revenues as certified in accordance with Article VIII, section 1(b) of the state Constitution, or fifty

percent of the total surplus treasury investment availability, whichever is less. Within thirty days after certification, those funds determined to be available according to this formula for the time certificate of deposit investment program shall be deposited in qualified public depositories. These deposits shall be allocated among the participating depositories on a basis to be determined by the state treasurer.

(2) The state treasurer may use up to fifty million dollars per year of all funds available under this section for the purposes of section 30 of this act. The amounts made available to these public depositories shall be equal to the amounts of outstanding loans made under section 30 of this act.

(3) The formula so devised shall be a matter of public record giving consideration to, but not limited to deposits, assets, loans, capital structure, investments or some combination of these factors(~~(:—PROVIDED, That)).~~ However, if in the judgment of the state treasurer the amount of allocation for certificates of deposit as determined by this section will impair the cash flow needs of the state treasury, the state treasurer may adjust the amount of the allocation accordingly.

NEW SECTION. Sec. 34. A new section is added to chapter 43.86A RCW to read as follows:

The state and those acting as its agents are not liable in any manner for payment of the principal or interest on qualifying loans made under section 30 of this act. Any delay in payments or defaults on the part of the borrower does not in any manner affect the deposit agreement between the qualified public depository and the state treasurer.

NEW SECTION. Sec. 35. A new section is added to chapter 43.131 RCW to read as follows:

The linked deposit program shall be terminated on June 30, 1996, as provided in section 36 of this act.

NEW SECTION. Sec. 36. A new section is added to chapter 43.131 RCW to read as follows:

The following acts or parts of acts, as now existing or hereafter amended, are each repealed, effective June 30, 1997:

- (1) Section 30 of this act;
- (2) Section 31 of this act; and
- (3) Section 34 of this act.

****NEW SECTION. Sec. 37. If specific funding for the purposes of sections 29 through 36 of this act, referencing sections 29 through 36 of this act by bill and section numbers, is not provided by June 30, 1993, in the omnibus appropriations act, sections 29 through 36 of this act are null and void.***

*Sec. 37 was vetoed, see message at end of chapter.

VI. MISCELLANEOUS

NEW SECTION. **Sec. 38.** This act may be known and cited as the omnibus minority and women-owned businesses assistance act.

NEW SECTION. **Sec. 39.** Sections 1, 2, and 16 through 27 of this act shall constitute a new chapter in Title 43 RCW.

NEW SECTION. **Sec. 40.** CAPTIONS NOT LAW. Part headings and section captions as used in this act do not constitute part of the law.

NEW SECTION. **Sec. 41.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 42.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.

Passed the House April 25, 1993.

Passed the Senate April 24, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 8, 28, and 37, Engrossed Substitute House Bill No. 1493 entitled:

"AN ACT Relating to minority and women-owned businesses;"

I commend the Legislature for adopting the important public policy initiatives contained within this bill. The assistance provided to minority and women-owned businesses as a result of this legislation will make a significant difference in the ability of these firms to compete in the state's economy.

I have vetoed sections 8 and 28, both null and void clauses, on technical grounds. Drafting errors were made in the section of the appropriation bill which provided funding for the Department of Trade and Economic Development. The excision of sections 8 and 28 will protect the initiatives in the bill and allow me to correct the technical errors in the budget. I will propose a supplemental budget for the department for consideration in the 1994 session of the Legislature to provide funding for these programs. Until then, the department will lay the groundwork for implementing these programs within existing resources.

My decision to veto section 37 will allow the linked deposit program to proceed by removing the null and void language in this section. I am concerned that there are a number of administrative problems which must be resolved before the program begins operation. These include how the overall size of the program will be coordinated between the Office of the Treasurer and the Department of Community Development, whether Certificates of Deposit can be issued for terms which may be longer than the period which the program is authorized to function, and how the state will determine whether the intended 2 percent discount for loans has in fact occurred. I am also concerned about the potential for a \$2 million impact on the General Fund as a result of foregone interest earnings. This impact was not considered as a part of the budget package approved by the Legislature.

These concerns are eased by assurances I have received from the Office of the Treasurer. In his letter to me, the Treasurer has stated that it may take months to resolve the administrative problems associated with linked deposits and that once these are resolved, additional time will be needed before the program can begin operations. I am satisfied these timing considerations will minimize the negative impacts on the General Fund due to lost interest income in the 1993-1995 Biennium. The Treasurer has also indicated that additional legislation may be needed to clarify provisions in this bill and that consideration should be given to providing staff to establish and monitor the program. The Treasurer's commitment to the success of the linked deposit program ensures that every effort will be made to effectively implement this legislation.

I am committed to an active role in assuring the success of the linked deposit program and will support actions taken by the Treasurer to address the implementation problems that have been identified.

For these reasons, I have vetoed sections 8, 28, and 37 of Engrossed Substitute House Bill No. 1493.

With the exception of sections 8, 28, and 37, Engrossed Substitute House Bill No. 1493 is approved."

CHAPTER 513

(6) Conviction or forfeiture of bail for a violation of this section by a person under the age of twenty-one years at the time of such conviction or forfeiture shall not be a disqualification of that person to acquire a license to sell or dispense any liquor after that person has attained the age of twenty-one years.

WORKERS' COMPENSATION—CHIROPRACTIC CARE

Effective Date: 7/25/93

AN ACT Relating to chiropractic care for industrial insurance; amending RCW 51.04.030, 51.32.112, 51.36.100, and 51.36.110; adding a new section to chapter 51.04 RCW; and adding a new section to chapter 51.36 RCW.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. RCW 51.04.030 and 1989 c 189 s 1 are each amended to read as follows:

The director shall, through the division of industrial insurance, supervise the providing of prompt and efficient care and treatment, including care provided by physicians' assistants governed by the provisions of chapters 18.57A and 18.71A RCW, acting under a supervising physician, and including chiropractic care, to workers injured during the course of their employment at the least cost consistent with promptness and efficiency, without discrimination or favoritism, and with as great uniformity as the various and diverse surrounding circumstances and locations of industries will permit and to that end shall, from time to time, establish and promulgate and supervise the administration of printed forms, rules, regulations, and practices for the furnishing of such care and treatment: PROVIDED, That, the department may recommend to an injured worker particular health care services and providers where specialized treatment is indicated or where cost effective payment levels or rates are obtained by the department: AND PROVIDED FURTHER, That the department may enter into contracts for goods and services including, but not limited to, durable medical equipment so long as state-wide access to quality service is maintained for injured workers.

The director shall make and, from time to time, change as may be, and promulgate a fee bill of the maximum charges to be made by any physician, surgeon, chiropractor, hospital, druggist, physicians' assistants as defined in chapters 18.57A and 18.71A RCW, acting under a supervising physician or other agency or person rendering services to injured workers. No service covered under this title shall be charged or paid at a rate or rates exceeding those specified in such fee bill, and no contract providing for greater fees shall be valid as to the excess.

The director or self-insurer, as the case may be, shall make a record of the commencement of every disability and the termination thereof and, when bills are rendered for the care and treatment of injured workers, shall approve and pay those which conform to the promulgated rules, regulations, and practices of the director and may reject any bill or item thereof incurred in violation of the principles laid down in this section or the rules and regulations promulgated under it.

**NEW SECTION. Sec. 2. A new section is added to chapter 51.04 RCW to read as follows:*

The director shall appoint an associate medical director for chiropractic. The associate medical director must be eligible to be licensed under chapter 18.25 RCW.

*Sec. 2 was vetoed, see message at end of chapter.

***NEW SECTION.** *Sec. 3. A new section is added to chapter 51.36 RCW to read as follows:*

(1) The health services that are available to an injured worker under RCW 51.36.010 include chiropractic treatment in appropriate cases within the scope of practice under chapter 18.25 RCW. As appropriate, and subject to the requirements for examinations of workers specified in this title, a worker may be required by the department to undergo chiropractic examination by a chiropractor licensed under chapter 18.25 RCW for the purpose of assisting the department in making determinations for the closure of a claim, in assessing the necessity and appropriateness of chiropractic care, or in making other determinations within the scope of chiropractic practice related to the worker's industrial injury.

(2) The department may establish treatment and utilization standards for chiropractic treatment in consultation with representatives of the chiropractic profession. The standards, if any, may be developed in conjunction with the department of health. The standards should include some or all of the following:

(a) Standards designed to assure quality treatment and to maximize recovery from the industrial injury;

(b) Standards designed to contain costs, consistent with assured access to medically necessary treatment;

(c) Standards that permit review of an injured worker's progress toward recovery after a stated number of chiropractic treatments. The standards may require review of chiropractic treatment based on a specified number of treatments, but the standards may not require termination of treatment based solely on the number of treatments;

(d) Standards for requesting consultation with chiropractors by the department or other health services providers on the necessity or appropriateness of chiropractic care or other subjects within the chiropractic scope of practice.

*Sec. 3 was vetoed, see message at end of chapter.

Sec. 4. *RCW 51.32.112 and 1988 c 114 s 2 are each amended to read as follows:*

(1) The department shall develop standards for the conduct of special medical examinations to determine permanent disabilities, including, but not limited to:

(a) The qualifications of persons conducting the examinations;

(b) The criteria for conducting the examinations, including guidelines for the appropriate treatment of injured workers during the examination; and

(c) The content of examination reports.

(2) Within the appropriate scope of practice, chiropractors licensed under chapter 18.25 RCW may conduct special medical examinations to determine permanent disabilities in consultation with physicians licensed under chapter 18.57 or 18.71 RCW. The department, in its discretion, may request that a special medical examination be conducted by a single chiropractor if the department determines that the sole issues involved in the examination are within the scope of practice under chapter 18.25 RCW. However, nothing in this section authorizes the use as evidence before the board of a chiropractor's determination of the extent of a worker's permanent disability if the determination is not requested by the department.

(3) The department shall investigate the amount of examination fees received by persons conducting special medical examinations to determine permanent disabilities, including total compensation received for examinations of department and self-insured claimants, and establish compensation guidelines and compensation reporting criteria.

~~((3))~~ (4) The department shall investigate the level of compliance of self-insurers with the requirement of full reporting of claims information to the department, particularly with respect to medical examinations, and develop effective enforcement procedures or recommendations for legislation if needed.

Sec. 5. RCW 51.36.100 and 1986 c 200 s 1 are each amended to read as follows:

The legislature finds and declares it to be in the public interest of the residents of the state of Washington that a proper regulatory and inspection program be instituted in connection with the provision of medical, chiropractic, dental, vocational, and other health services to industrially injured workers pursuant to Title 51 RCW. In order to effectively accomplish such purpose and to assure that the industrially injured worker receives such services as are paid for by the state of Washington, the acceptance by the industrially injured worker of such services, and the request by a provider of services for reimbursement for providing such services, shall authorize the director of the department of labor and industries or the director's authorized representative to inspect and audit all records in connection with the provision of such services.

Sec. 6. RCW 51.36.110 and 1986 c 200 s 2 are each amended to read as follows:

The director of the department of labor and industries or the director's authorized representative shall have the authority to:

(1) Conduct audits and investigations of providers of medical, chiropractic, dental, vocational, and other health services furnished to industrially injured workers pursuant to Title 51 RCW. In the conduct of such audits or investigations, the director or the director's authorized representatives may examine all records, or portions thereof, including patient records, for which services were rendered by a health services provider and reimbursed by the department, notwithstanding the provisions of any other statute which may make or purport

to make such records privileged or confidential: PROVIDED, That no original patient records shall be removed from the premises of the health services provider, and that the disclosure of any records or information obtained under authority of this section by the department of labor and industries is prohibited and constitutes a violation of RCW 42.22.040, unless such disclosure is directly connected to the official duties of the department: AND PROVIDED FURTHER, That the disclosure of patient information as required under this section shall not subject any physician or other health services provider to any liability for breach of any confidential relationships between the provider and the patient: AND PROVIDED FURTHER, That the director or the director's authorized representative shall destroy all copies of patient medical records in their possession upon completion of the audit, investigation, or proceedings;

(2) Approve or deny applications to participate as a provider of services furnished to industrially injured workers pursuant to Title 51 RCW; and

(3) Terminate or suspend eligibility to participate as a provider of services furnished to industrially injured workers pursuant to Title 51 RCW.

Passed the Senate April 22, 1993.

Passed the House April 9, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval of sections 2 and 3, Substitute Senate Bill No. 5736 entitled:

"AN ACT Relating to chiropractic care for industrial insurance;"

Section 2 of Substitute Senate Bill No. 5736 would create the position of associate medical director for chiropractic in state statute. It is my understanding that the Department of Labor and Industries has funding for such a position and intends to hire a qualified candidate. No position other than the Director of the Department of Labor and Industries is currently specified in statute. This requirement appears to be overly prescriptive and limits the discretion of the agency's director.

Section 3 would prohibit the termination of treatment based solely on the number of treatments. This provision is not consistent with the direction in which our state is moving with regard to health care reform.

For these reasons, I have vetoed sections 2 and 3, of Substitute Senate Bill No. 5736.

With the exception of sections 2 and 3, Substitute Senate Bill No. 5736 is approved."

CHAPTER 516

[Engrossed Substitute House Bill 1785]

ENVIRONMENTAL RESTORATION JOBS ACT OF 1993

Effective Date: 7/1/93

AN ACT Relating to investing in the creation of jobs to restore and enhance Washington's estuaries, waterways, forests, and watersheds; adding new sections to chapter 43.131 RCW; adding a new chapter to Title 43 RCW; creating new sections; repealing RCW 43.220.900; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. LEGISLATIVE FINDINGS. (1) The legislature finds that the long-term health of the economy of Washington state depends on the sustainable management of its natural resources. Washington's forests, estuaries, waterways, and watersheds provide a livelihood for thousands of citizens of Washington state and millions of dollars of income and tax revenues every year from forests, fisheries, shellfisheries, recreation, tourism, and other water-dependent industries.

(2) The legislature further finds that the livelihoods and revenues produced by Washington's forests, estuaries, waterways, and watersheds would be enhanced by immediate investments in clean water infrastructure and habitat restoration.

(3) The legislature further finds that an insufficiency in financial resources, especially in timber-dependent communities, has resulted in investments in clean water and habitat restoration too low to ensure the long-term economic and environmental health of Washington's forests, estuaries, waterways, and watersheds.

(4) The legislature further finds that unemployed workers and Washington's economically distressed communities, especially timber-dependent areas, can benefit from opportunities for employment in environmental restoration projects.

(5) The legislature therefore declares that immediate investments in a variety of environmental restoration projects, based on sound principles of watershed management and environmental and forest restoration, are necessary to rehabilitate damaged watersheds and to assist dislocated workers and the unemployed gain job skills necessary for long-term employment.

NEW SECTION. Sec. 2. PURPOSE AND INTENT—DEFINITIONS. (1) It is the intent of this chapter to provide financial resources to make substantial progress toward: (a) Implementing the Puget Sound water quality management plan and other watershed-based management strategies and plans; (b) ameliorating degradation to watersheds; and (c) keeping and creating stable, environmentally sound, good wage employment in Washington state. The legislature intends that employment under this chapter is not to result in the displacement or partial displacement, whether by the reduction of hours of nonovertime work, wages, or other employment benefits, of currently employed workers, including but not limited to state civil service employees, or of currently or normally contracted services.

(2) It is the purpose of this chapter to:

(a) Implement clean water, forest, and habitat restoration projects that will produce measurable improvements in water and habitat quality, that rate highly when existing environmental ranking systems are applied, and that provide economic stability.

(b) Facilitate the coordination and consistency of federal, state, tribal, local, and private water and habitat protection and enhancement programs in the state's watersheds.

(c) Fund necessary projects for which a public planning process has been completed.

(d) Provide immediate funding to create jobs and training for environmental restoration and enhancement jobs for unemployed workers and displaced workers in impact areas, especially timber-dependent communities.

(3) For purposes of this chapter "impact areas" means: (a) Distressed counties as defined in RCW 43.165.010(3)(a); (b) subcounty areas in those counties not covered under (a) of this subsection that are timber impact areas as defined in RCW 43.31.601; (c) urban subcounty areas as defined in RCW 43.165.010(3)(c); and (d) areas that the task force determines are likely to experience dislocations in the near future from downturns in natural resource-based industries.

(4) For purposes of this chapter, "high-risk youth" means youth eligible for Washington conservation corps programs under chapter 43.220 RCW or Washington service corps programs under chapter 50.65 RCW.

(5) For purposes of this chapter, "dislocated forest products worker" has the meaning set forth in RCW 50.70.010.

(6) For purposes of this chapter, "task force" means the environmental enhancement and job creation task force created under section 5 of this act.

NEW SECTION. Sec. 3. ENVIRONMENTAL AND FOREST RESTORATION ACCOUNT. (1) The environmental and forest restoration account is established in the state treasury. Money in the account may be spent only after appropriation by the legislature and in a manner consistent with this chapter. Private nonprofit organizations and state, local, and tribal entities are eligible for funds under this chapter. Money in the account may be used to make grants, loans, or interagency contracts as needed to implement environmental and forest restoration projects.

(2) For fiscal years 1994 through 1998, at least fifty percent of the funds in the environmental and forest restoration account shall be used for environmental restoration and enhancement projects in rural communities impacted by the decline in timber harvest levels as defined in chapter 50.70 RCW and that employ displaced timber workers. These projects may include watershed restoration such as removing or upgrading roads to reduce erosion and sedimentation, and improvements in forest habitat such as thinning and pruning. Beginning July 1, 1998, at least fifty percent of the funds in the environmental and forest restoration account shall be used for environmental restoration and

enhancement projects in counties with unemployment rates above the state average.

(3) The environmental and forest restoration account shall consist of funds appropriated by law, principal and interest from the repayment of loans granted under this chapter, and federal and other money received by the state for deposit in the account.

(4) At least ten percent of the funds distributed from the environmental and forest restoration account annually shall be allocated to the Washington conservation corps established under chapter 43.220 RCW to employ high-risk youth on projects consistent with this chapter and to fund administrative support services required by the senior environmental corps established under chapter 43.63A RCW.

(5) At least five percent of the funds distributed from the environmental and forest restoration account annually shall be used for contracts with nonprofit corporations to fund or finance projects, including those that increase private sector investments in pollution prevention activities and equipment and that are consistent with the provisions of this section and section 4 of this act.

(6) No more than five percent of the annual revenues to the environmental and forest restoration account may be expended for administrative purposes by any state agency or project administration; however, funds expended by the Washington conservation corps shall be subject solely to the limitations set forth in RCW 43.220.230.

(7) Except for essential administrative and supervisory purposes, funds in the environmental and forest restoration account may not be used for hiring permanent state employees.

NEW SECTION. **Sec. 4. GRANTS OR LOANS FOR ENVIRONMENTAL AND FOREST RESTORATION PROJECTS—CRITERIA.** (1) Subject to the limitations of section 3 of this act, the task force shall award funds from the environmental and forest restoration account on a competitive basis. The task force shall evaluate and rate environmental enhancement and restoration project proposals using the following criteria:

(a) The ability of the project to produce measurable improvements in water and habitat quality;

(b) The cost-effectiveness of the project based on: (i) Projected costs and benefits of the project; (ii) past costs and environmental benefits of similar projects; and (iii) the ability of the project to achieve cost efficiencies through its design to meet multiple policy objectives;

(c) The inclusion of the project as a high priority in a federal, state, tribal, or local government plan relating to environmental or forest restoration, including but not limited to a local watershed action plan, storm water management plan, capital facility plan, growth management plan, or a flood control plan; or the ranking of the project by conservation districts as a high priority for water quality and habitat improvements;

(d) The number of jobs to be created by the project for dislocated forest products workers, high-risk youth, and residents of impact areas;

(e) Participation in the project by environmental businesses to provide training, cosponsor projects, and employ or jointly employ project participants;

(f) The ease with which the project can be administered from the community the project serves;

(g) The extent to which the project will either augment existing efforts by organizations and governmental entities involved in environmental and forest restoration in the community or receive matching funds, resources, or in-kind contributions; and

(h) The capacity of the project to produce jobs and job-related training that will pay market rate wages and impart marketable skills to workers hired under this chapter.

(2) The following types of projects and programs shall be given top priority in the first fiscal year after the effective date of this act:

(a) Projects that are highly ranked in and implement adopted or approved watershed action plans, such as those developed pursuant to Puget Sound water quality authority rules adopted for local planning and management of nonpoint source pollution;

(b) Conservation district projects that provide water quality and habitat improvements;

(c) Indian tribe projects that provide water quality and habitat improvements;
or

(d) Projects that implement actions approved by a shellfish protection district under chapter 100, Laws of 1992.

(3) Funds shall not be awarded for the following activities:

(a) Administrative rule making;

(b) Planning; or

(c) Public education.

NEW SECTION. Sec. 5. ENVIRONMENTAL ENHANCEMENT AND JOB CREATION TASK FORCE. (1) There is created the environmental enhancement and job creation task force within the office of the governor. The purpose of the task force is to provide a coordinated and comprehensive approach to implementation of chapter . . . , Laws of 1993 (this act). The task force shall consist of the commissioner of public lands, the director of the department of wildlife, the director of the department of fisheries, the director of the department of ecology, the director of the parks and recreation commission, the timber team coordinator, the executive director of the work force training and education coordinating board, and the executive director of the Puget sound water quality authority, or their designees. The task force may seek the advice of the following agencies and organizations: The department of community development, the department of trade and economic development, the conservation commission, the employment security department, the interagency committee for outdoor recreation, appropriate federal agencies, appropriate special districts, the

Washington state association of counties, the association of Washington cities, labor organizations, business organizations, timber-dependent communities, environmental organizations, and Indian tribes. The governor shall appoint the task force chair. Members of the task force shall serve without additional pay. Participation in the work of the committee by agency members shall be considered in performance of their employment. The governor shall designate staff and administrative support to the task force and shall solicit the participation of agency personnel to assist the task force.

(2) The task force shall have the following responsibilities:

(a) Soliciting and evaluating, in accordance with the criteria set forth in section 4 of this act, requests for funds from the environmental and forest restoration account and making distributions from the account. The task force shall award funds for projects and training programs it approves and may allocate the funds to state agencies for disbursement and contract administration;

(b) Coordinating a process to assist state agencies and local governments to implement effective environmental and forest restoration projects funded under this chapter;

(c) Considering unemployment profile data provided by the employment security department;

(d) No later than December 31, 1993, providing recommendations to the appropriate standing committees of the legislature for improving the administration of grants for projects or training programs funded under this chapter that prevent habitat and environmental degradation or provide for its restoration;

(e) Submitting to the appropriate standing committees of the legislature a biennial report summarizing the jobs and the environmental benefits created by the projects funded under this chapter.

(3) Beginning July 1, 1994, the task force shall have the following responsibilities:

(a) To solicit and evaluate proposals from state and local agencies, private nonprofit organizations, and tribes for environmental and forest restoration projects;

(b) To rank the proposals based on criteria developed by the task force in accordance with section 4 of this act; and

(c) To determine funding allocations for projects to be funded from the account created in section 3 of this act and for projects or programs as designated in the omnibus operating and capital appropriations acts.

****NEW SECTION. Sec. 6. FIRST YEAR PROJECT FUNDING. The legislature recognizes the need for immediate job creation and environmental and forest restoration, especially in timber-dependent communities. For fiscal year 1994, funding to implement the purposes of this chapter shall be provided through individual agency appropriations as specified in the omnibus operating and capital appropriations acts.***

*Sec. 6 was vetoed, see message at end of chapter.

****NEW SECTION. Sec. 7. UNANTICIPATED FEDERAL FUNDS. When an agency submits an unanticipated federal receipt under RCW 43.79.270, the governor shall consider placing these funds into the environmental and forest restoration account or requiring that the funds be used in a manner consistent with the criteria established in section 4 of this act.***

**Sec. 7 was vetoed, see message at end of chapter.*

NEW SECTION. Sec. 8. RECRUITMENT AND EMPLOYMENT. (1) Eligibility for training or employment in projects funded through the environmental and forest restoration account shall, to the extent practicable, be for workers who are currently unemployed.

(2) To the greatest extent practicable, the following groups of individuals shall be given preference for training or employment in projects funded through the environmental and forest restoration account:

(a) Dislocated workers who are receiving unemployment benefits or have exhausted unemployment benefits; and

(b) High-risk youth.

(3) Projects funded for forest restoration shall be for workers whose employment was terminated in the Washington forest products industry within the previous four years.

(4) The task force shall submit a list to private industry councils and the employment security department of projects receiving funds under the provisions of this chapter. The list shall include the number, location, and types of jobs expected to be provided by each project. The employment security department shall recruit workers for these jobs by:

(a) Notifying dislocated forest workers who meet the definitions in chapter 50.70 RCW, who are receiving unemployment benefits or who have exhausted unemployment benefits, of their eligibility for the programs;

(b) Notifying other unemployed workers;

(c) Developing a pool of unemployed workers including high-risk youth eligible to enroll in the program; and

(d) Establishing procedures for workers to apply to the programs.

(5) The employment security department shall refer eligible workers to employers hiring under the environmental and forest restoration account programs. Recipients of funds shall consider the list of eligible workers developed by the employment security department before conducting interviews or making hiring decisions. Recipients of funds shall ensure that workers are aware of whatever opportunities for vocational training, job placement, and remedial education are available from the employment security department.

(6) An individual is eligible for applicable employment security benefits while participating in training related to this chapter. Eligibility shall be confirmed by the commissioner of employment security by submitting a commissioner-approved training waiver.

(7) Persons receiving funds from the environmental and forest restoration account shall not be considered state employees for the purposes of existing

provisions of law with respect to hours of work, sick leave, vacation, and civil service but shall receive health benefits. Persons receiving funds from this account who are hired by a state agency, except for Washington conservation and service corps enrollees, shall receive medical and dental benefits as provided under chapter 41.05 RCW and industrial insurance coverage under Title 51 RCW, but are exempt from the provisions of chapter 41.06 RCW.

(8) Compensation for employees, except for Washington conservation and service corps enrollees, hired under the program established by this chapter shall be based on market rates in accordance with the required skill and complexity of the jobs created. Remuneration paid to employees under this chapter shall be considered covered employment for purposes of chapter 50.04 RCW.

(9) Employment under this program shall not result in the displacement or partial displacement, whether by the reduction of hours of nonovertime work, wages, or other employment benefits, of currently employed workers, including but not limited to state civil service employees, or of currently or normally contracted services.

NEW SECTION. Sec. 9. An individual shall be considered to be in training with the approval of the commissioner as defined in RCW 50.20.043, and be eligible for applicable unemployment insurance benefits while participating in and making satisfactory progress in training related to this chapter.

NEW SECTION. Sec. 10. For the purpose of providing the protection of the unemployment compensation system to individuals at the conclusion of training or employment obtained as a result of this chapter, a special base year and benefit year are established.

(1) Only individuals who have entered training or employment provided by the environmental and forest restoration account, and whose employment or training under such account was not considered covered under chapter 50.04 RCW, shall be allowed the special benefit provisions of this chapter.

(2) An application for initial determination made under this chapter must be filed in writing with the employment security department within twenty-six weeks following the week in which the individual commenced employment or training obtained as a result of this chapter. Notice from the individual, from the employing entity, or notice of hire from employment security department administrative records shall satisfy this requirement.

(3) For the purpose of this chapter, a special base year is established for an individual consisting of the first four of the last five completed calendar quarters, or if a benefit year is not established using the first four of the last five completed calendar quarters as the base year, the last four completed calendar quarters immediately prior to the first day of the calendar week in which the individual began employment or training provided by the environmental and forest restoration account.

(4) A special individual benefit year is established consisting of the entire period of training or employment provided by the environmental and forest

restoration account and a fifty-two consecutive week period commencing with the first day of the calendar week in which the individual last participated in such employment or training. No special benefit year shall have a duration in excess of three hundred twelve calendar weeks. Such special benefit year will not be established unless the criteria contained in RCW 50.04.030 has been met, except that an individual meeting the requirements of this chapter and who has an unexpired benefit year established which would overlap the special benefit year may elect to establish a special benefit year under this chapter, notwithstanding the provisions in RCW 50.04.030 relating to establishment of a subsequent benefit year, and RCW 50.40.010 relating to waiver of rights. Such unexpired benefit year shall be terminated with the beginning of the special benefit year if the individual elects to establish a special benefit year under this chapter.

(5) The individual's weekly benefit amount and maximum amount payable during the special benefit year shall be governed by the provisions contained in RCW 50.20.120. The individual's basic and continuing right to benefits shall be governed by the general laws and rules relating to the payment of unemployment compensation benefits to the extent that they are not in conflict with the provisions of this chapter.

(6) The fact that wages, hours, or weeks worked during the special base year may have been used in computation of a prior valid claim for unemployment compensation shall not affect a claim for benefits made under the provisions of this chapter. However, wages, hours, and weeks worked used in computing entitlement on a claim filed under this chapter shall not be available or used for establishing entitlement or amount of benefits in any succeeding benefit year.

(7) Benefits paid to an individual filing under the provisions of this section shall not be charged to the experience rating account of any contribution paying employer.

NEW SECTION. Sec. 11. On or before June 30, 1998, the legislative budget committee shall prepare a report to the legislature evaluating the implementation of the environmental restoration jobs act of 1993, chapter . . . , Laws of 1993 (this act).

NEW SECTION. **Sec. 15. SHORT TITLE.** This act shall be known as the environmental restoration jobs act of 1993.

NEW SECTION. **Sec. 16. CAPTIONS AND PART HEADINGS.** Section captions and part headings as used in this act constitute no part of the law.

NEW SECTION. **Sec. 17. SEVERABILITY.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 18.** Sections 1 through 11 of this act shall constitute a new chapter in Title 43 RCW.

NEW SECTION. **Sec. 19.** If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state or the eligibility of employers in this state for federal unemployment tax credits, the conflicting part of this act is hereby declared to be inoperative solely to the extent of the conflict, and such finding or determination shall not affect the operation of the remainder of this act. The rules under this act shall meet federal requirements that are a necessary condition to the receipt of federal funds by the state or the granting of federal unemployment tax credits to employers in this state.

NEW SECTION. **Sec. 20. EFFECTIVE DATE.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of

the state government and its existing public institutions, and shall take effect July 1, 1993.

Passed the House April 25, 1993.

Passed the Senate April 25, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 6 and 7, Engrossed Substitute House Bill No. 1785 entitled:

"AN ACT Relating to investing in the creation of jobs to restore and enhance Washington's estuaries, waterways, forests and watersheds;"

This bill establishes an innovative program to create new jobs in the area of environmental restoration. The focus will be on performing such restoration work on a watershed basis with at least one half of the effort going into Washington's timber-dependent communities. For the coming biennium, \$6.5 million is available in the budget to implement environmental and forestry restoration projects such as those envisioned by Engrossed Substitute House Bill No. 1785.

I am vetoing section 6 regarding first year project funding because there are no projects in the operating or capital budgets to be funded as referenced by this section. In regard to the section 7 provisions on unanticipated federal funds, RCW 43.79.270 states that agencies can submit an unanticipated receipt only if it is designated for a specific purpose. Therefore, the Governor will not be able to transfer, as section 7 would require, any federal funds into this account because they will be designated for a specific purpose. For this reason, I am vetoing section 7.

With the exception of sections 6 and 7, Engrossed Substitute House Bill No. 1785 is approved."

CHAPTER 517

[Engrossed Substitute House Bill 1294]

LAW ENFORCEMENT OFFICERS' AND FIRE FIGHTERS' RETIREMENT SYSTEM—REVISIONS

Effective Date: 7/25/93

AN ACT Relating to the law enforcement officers' and fire fighters' retirement system; amending RCW 41.26.420, 41.26.430, 41.26.470, 41.26.530, 41.26.540, 41.26.550, 41.54.010, 41.54.040, and 41.56.460; adding a new section to chapter 41.26 RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. A new section is added to chapter 41.26 RCW under the subchapter heading "Plan II" to read as follows:

The legislature recognizes the demanding, physical nature of law enforcement and fire fighting, and the resulting need to allow law enforcement officers and fire fighters to make transitions into other careers when these employees feel they can no longer pursue law enforcement or fire fighting. The legislature also recognizes the challenge and cost of maintaining the viability of a retired

employee's benefit over longer periods of retirement as longevity increases, and that this problem is compounded for employees who leave a career before they retire from the work force.

Therefore, the purpose of this act is to: (1) Provide full retirement benefits to law enforcement officers and fire fighters at an appropriate age that reflects the unique and physically demanding nature of their work; (2) provide a fair and reasonable value from the retirement system for those who leave the law enforcement or fire fighting profession before retirement; (3) increase flexibility for law enforcement officers and fire fighters to make transitions into other public or private sector employment; (4) increase employee options for addressing retirement needs, personal financial planning, and career transitions; and (5) continue the legislature's established policy of having employees pay a fifty percent share of the contributions toward their retirement benefits and any enhancements.

Sec. 2. RCW 41.26.420 and 1979 ex.s. c 249 s 4 are each amended to read as follows:

Except as provided in RCW 41.26.530, a member of the retirement system shall receive a retirement allowance equal to two percent of such member's final average salary for each year of service.

Sec. 3. RCW 41.26.430 and 1991 c 343 s 18 are each amended to read as follows:

(1) **NORMAL RETIREMENT.** Any member with at least five service credit years of service who has attained at least age ~~((fifty-eight))~~ fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.26.420.

(2) **EARLY RETIREMENT.** Any member who has completed at least twenty service credit years of service and has attained age fifty shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.26.420, except that a member retiring pursuant to this subsection shall have the retirement allowance actuarially reduced to reflect the difference in the number of years between age at retirement and the attainment of age ~~((fifty-eight))~~ fifty-five.

Sec. 4. RCW 41.26.470 and 1990 c 249 s 19 are each amended to read as follows:

(1) A member of the retirement system who becomes totally incapacitated for continued employment by an employer as determined by the director shall be eligible to receive an allowance under the provisions of RCW 41.26.410 through 41.26.550. Such member shall receive a monthly disability allowance computed as provided for in RCW 41.26.420 and shall have such allowance actuarially reduced to reflect the difference in the number of years between age at disability and the attainment of age ~~((fifty-eight))~~ fifty-five.

(2) Any member who receives an allowance under the provisions of this section shall be subject to such comprehensive medical examinations as required

by the department. If such medical examinations reveal that such a member has recovered from the incapacitating disability and the member is no longer entitled to benefits under Title 51 RCW, the retirement allowance shall be canceled and the member shall be restored to duty in the same civil service rank, if any, held by the member at the time of retirement or, if unable to perform the duties of the rank, then, at the member's request, in such other like or lesser rank as may be or become open and available, the duties of which the member is then able to perform. In no event shall a member previously drawing a disability allowance be returned or be restored to duty at a salary or rate of pay less than the current salary attached to the rank or position held by the member at the date of the retirement for disability. If the department determines that the member is able to return to service, the member is entitled to notice and a hearing. Both the notice and the hearing shall comply with the requirements of chapter 34.05 RCW, the Administrative Procedure Act.

(3) Those members subject to this chapter who became disabled in the line of duty on or after July 23, 1989, and who receive benefits under RCW 41.04.500 through 41.04.530 or similar benefits under RCW 41.04.535 shall receive or continue to receive service credit subject to the following:

(a) No member may receive more than one month's service credit in a calendar month.

(b) No service credit under this section may be allowed after a member separates or is separated without leave of absence.

(c) Employer contributions shall be paid by the employer at the rate in effect for the period of the service credited.

(d) Employee contributions shall be collected by the employer and paid to the department at the rate in effect for the period of service credited.

(e) State contributions shall be as provided in RCW 41.26.450.

(f) Contributions shall be based on the regular compensation which the member would have received had the disability not occurred.

(g) The service and compensation credit under this section shall be granted for a period not to exceed six consecutive months.

(h) Should the legislature revoke the service credit authorized under this section or repeal this section, no affected employee is entitled to receive the credit as a matter of contractual right.

(4)(a) If the recipient of a monthly retirement allowance under this section dies before the total of the retirement allowance paid to the recipient equals the amount of the accumulated contributions at the date of retirement, then the balance shall be paid to such person or persons having an insurable interest in his or her life as the recipient has nominated by written designation duly executed and filed with the director, or, if there is no such designated person or persons still living at the time of the recipient's death, then to the surviving spouse, or, if there is neither such designated person or person still living at the time of his or her death nor a surviving spouse, then to his or her legal representative.

(b) If a recipient of a monthly retirement allowance under this section died before April 27, 1989, and before the total of the retirement allowance paid to the recipient equaled the amount of his or her accumulated contributions at the date of retirement, then the department shall pay the balance of the accumulated contributions to the member's surviving spouse or, if there is no surviving spouse, then in equal shares to the member's children. If there is no surviving spouse or children, the department shall retain the contributions.

Sec. 5. RCW 41.26.530 and 1977 ex.s. c 294 s 14 are each amended to read as follows:

(1) A member who separates or has separated after having completed at least five years of service may remain a member during the period of such member's absence from service for the exclusive purpose only of receiving a retirement allowance under the provisions of RCW 41.26.430 if such member maintains the member's accumulated contributions intact.

(2) The retirement allowance payable under the provisions of RCW 41.26.430 to a member who separates after having completed at least twenty years of service, and remains a member during the period of his or her absence from service by maintaining his or her accumulated contributions intact, shall be increased by twenty-five one-hundredths of one percent, compounded for each month from the date of separation to the date the retirement allowance commences as provided in RCW 41.26.490.

Sec. 6. RCW 41.26.540 and 1982 1st ex.s. c 52 s 5 are each amended to read as follows:

(1) A member who has completed less than ten years of service, who ceases to be an employee of an employer except by service or disability retirement, may request a refund of the member's accumulated contributions. A member who has completed ten or more years of service, who ceases to be an employee of an employer except by service or disability retirement, may request a refund of one hundred fifty percent of the member's accumulated contributions.

(2) The refund shall be made within ninety days following the receipt of the request and notification of termination through the contribution reporting system by the employer; except that in the case of death, an initial payment shall be made within thirty days of receipt of request for such payment and notification of termination through the contribution reporting system by the employer. A member who files a request for refund and subsequently enters into employment with another employer prior to the refund being made shall not be eligible for a refund. The refund of accumulated contributions shall terminate all rights to benefits under RCW 41.26.410 through 41.26.550.

Sec. 7. RCW 41.26.550 and 1977 ex.s. c 294 s 16 are each amended to read as follows:

A member, who had left service and withdrawn the member's (~~accumulated contributions~~) funds pursuant to RCW 41.26.540, shall receive service credit for such prior service if the member restores all withdrawn (~~accumulated contribu-~~

~~tions~~) funds together with interest since the time of withdrawal as determined by the department.

The restoration of such funds must be completed within five years of the resumption of service or prior to retirement, whichever occurs first.

Sec. 8. RCW 41.54.010 and 1990 c 192 s 1 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Base salary" means salaries or wages earned by a member of a system during a payroll period for personal services and includes wages and salaries deferred under provisions of the United States internal revenue code, but shall exclude overtime payments, nonmoney maintenance compensation, and lump sum payments for deferred annual sick leave, unused accumulated vacation, unused accumulated annual leave, any form of severance pay, any bonus for voluntary retirement, any other form of leave, or any similar lump sum payment.

(2) "Department" means the department of retirement systems.

(3) "Director" means the director of the department of retirement systems.

(4) "Dual member" means a person who (a) is or becomes a member of a system on or after July 1, 1988, (b) has been a member of one or more other systems, and (c) has never been retired for service from a retirement system and is not receiving a disability retirement or disability leave benefit from any retirement system listed in RCW 41.50.030 or subsection (6) of this section.

(5) "Service" means the same as it may be defined in each respective system. For the purposes of RCW 41.54.030, military service granted under RCW 41.40.170(3) or 43.43.260 may only be based on service accrued under chapter 41.40 or 43.43 RCW, respectively.

(6) "System" means the retirement systems established under chapters 41.32, 41.40, 41.44, and 43.43 RCW; plan II of the system established under chapter 41.26 RCW; and the city employee retirement systems for Seattle, Tacoma, and Spokane. The inclusion of an individual first class city system is subject to the procedure set forth in RCW 41.54.061.

Sec. 9. RCW 41.54.040 and 1990 c 192 s 5 are each amended to read as follows:

(1) Except where subsection (4) of this section applies, retirement allowances calculated under RCW 41.54.030 shall be paid separately by each respective current and prior system. Any deductions from such separate payments shall be according to the provisions of the respective systems.

(2) Postretirement adjustments, if any, shall be applied by the respective systems based on the payments made under subsection (1) of this section.

(3) If a dual member dies in service in any system, the surviving spouse shall receive the same benefit from each system that would have been received if the member were active in the system at the time of death based on service

actually established in that system. However, this subsection does not make a surviving spouse eligible for the survivor benefits provided in RCW 43.43.270.

(4) The department shall adopt rules under chapter 34.05 RCW to ensure that where a dual member has service in a system established under chapter 41.32, 41.40, 41.44, or 43.43 RCW; service in plan II of the system established under chapter 41.26 RCW; and service under the city employee retirement system for Seattle, Tacoma, or Spokane, the entire additional cost incurred as a result of the dual member receiving a benefit under this chapter shall be borne by the city retirement system that the person is a member of.

Sec. 10. RCW 41.56.460 and 1988 c 110 s 1 are each amended to read as follows:

(1) In making its determination, the panel shall be mindful of the legislative purpose enumerated in RCW 41.56.430 and as additional standards or guidelines to aid it in reaching a decision, it shall take into consideration the following factors:

- (a) The constitutional and statutory authority of the employer;
- (b) Stipulations of the parties;

(c)(i) For employees listed in RCW 41.56.030(7)(a) and 41.56.495, comparison of the wages, hours and conditions of employment of personnel involved in the proceedings with the wages, hours, and conditions of employment of like personnel of like employers of similar size on the west coast of the United States;

(ii) For employees listed in RCW 41.56.030(7)(b), comparison of the wages, hours, and conditions of employment of personnel involved in the proceedings with the wages, hours, and conditions of employment of like personnel of public fire departments of similar size on the west coast of the United States. However, when an adequate number of comparable employers exists within the state of Washington, other west coast employers shall not be considered;

(d) The average consumer prices for goods and services, commonly known as the cost of living;

(e) Changes in any of the foregoing circumstances during the pendency of the proceedings; and

(f) Such other factors, not confined to the foregoing, which are normally or traditionally taken into consideration in the determination of wages, hours and conditions of employment.

(2) Nothing in subsection (1)(c) of this section shall be construed to authorize the panel to require the employer to pay, directly or indirectly, the increased employee contributions resulting from chapter . . . , Laws of 1993 (this act), as required under chapter 41.26 RCW.

NEW SECTION. Sec. 11. If specific funding for this act, referencing this act by bill number, is not provided by June 30, 1993, in the biennial appropriations act, this act shall be null and void.

Passed the House March 13, 1993.

Passed the Senate April 13, 1993.

Approved by the Governor May 18, 1993.

CHAPTER 518

[Engrossed Second Substitute Senate Bill 5502]

SURFACE MINING REGULATION

Effective Date: 7/1/93

AN ACT Relating to state and local government regulation of surface mining; amending RCW 78.44.010, 78.44.020, 78.44.040, 78.44.050, 78.44.060, 78.44.070, 78.44.150, 78.44.170, and 78.44.910; adding a new section to chapter 36.70A RCW; adding new sections to chapter 78.44 RCW; creating new sections; recodifying RCW 78.44.150, 78.44.170, 78.44.175, and 78.44.910; repealing RCW 78.44.030, 78.44.035, 78.44.080, 78.44.090, 78.44.100, 78.44.110, 78.44.120, 78.44.130, 78.44.140, 78.44.160, and 78.44.180; prescribing penalties; providing an effective date; and declaring an emergency.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature recognizes that the extraction of minerals through surface mining has historically included regulatory involvement by both state and local governments.

It is the intent of the legislature to clarify that surface mining is an appropriate land use, subject to reclamation authority exercised by the department of natural resources and land use and operation regulatory authority by counties, cities, and towns.

Sec. 2. RCW 78.44.010 and 1970 ex.s. c 64 s 2 are each amended to read as follows:

The legislature recognizes that the extraction of minerals by surface mining is ~~((a basic and))~~ an essential activity making an important contribution to the economic well-being of the state and nation. ~~((At the same time, proper reclamation of surface))~~ It is not possible to extract minerals without producing some environmental impacts. At the same time, comprehensive regulation of mining and thorough reclamation of mined lands is necessary to prevent ~~((undesirable land and water))~~ or mitigate conditions that would be detrimental to the environment and to protect the general welfare, health, safety, and property rights of the citizens of the state. Surface mining takes place in diverse areas where the geologic, topographic, climatic, biologic, and social conditions are significantly different, and reclamation specifications must vary accordingly. ~~((It is not practical to extract minerals required by our society without disturbing the surface of the earth and producing waste materials, and the very character of many types of surface mining operations precludes complete restoration of the land to its original condition. However, the legislature finds that reclamation of surface mined lands as provided in this chapter will allow the mining of valuable minerals and will provide for the protection and subsequent beneficial use of the~~

~~mined and reclaimed land.))~~ Therefore, the legislature finds that a balance between appropriate environmental regulation and the production and conservation of minerals is in the best interests of the citizens of the state.

Sec. 3. RCW 78.44.020 and 1970 ex.s. c 64 s 3 are each amended to read as follows:

The purposes of this chapter ~~((is))~~ are to:

(1) Provide that the usefulness, productivity, and scenic values of all lands and waters involved in surface mining within the state will receive the greatest practical degree of protection and ((restoration. It is a further purpose of this chapter to provide a means of cooperation between private and governmental entities in carrying this chapter into effect)) reclamation at the earliest opportunity following completion of surface mining;

(2) Provide for the greatest practical degree of state-wide consistency in the regulation of surface mines;

(3) Apportion regulatory authority between state and local governments in order to minimize redundant regulation of mining;

(4) Ensure that reclamation is consistent with local land use plans; and

(5) Ensure the power of local government to regulate land use and operations pursuant to section 16 of this act.

NEW SECTION. Sec. 4. DEFINITIONS. Unless the context clearly indicates otherwise, the definitions in this section apply throughout this chapter.

(1) "Approved subsequent use" means the post surface-mining land use contained in an approved reclamation plan and approved by the local land use authority.

(2) "Completion of surface mining" means the cessation of mining and directly related activities in any segment of a surface mine that occurs when essentially all minerals that can be taken under the terms of the reclamation permit have been depleted except minerals required to accomplish reclamation according to the approved reclamation plan.

(3) "Department" means the department of natural resources.

(4) "Determination" means any action by the department including permit issuance, reporting, reclamation plan approval or modification, permit transfers, orders, fines, or refusal to issue permits.

(5) "Disturbed area" means any place where activities clearly in preparation for, or during, surface mining have physically disrupted, covered, compacted, moved, or otherwise altered the characteristics of soil, bedrock, vegetation, or topography that existed prior to such activity. Disturbed areas may include but are not limited to: Working faces, water bodies created by mine-related excavation, pit floors, the land beneath processing plant and stock pile sites, spoil pile sites, and equipment staging areas.

Disturbed areas do not include:

(a) Surface mine access roads unless these have characteristics of topography, drainage, slope stability, or ownership that, in the opinion of the department, make reclamation necessary; and

(b) Lands that have been reclaimed to all standards outlined in this chapter, rules of the department, any applicable SEPA document, and the approved reclamation plan.

(6) "Miner" means any person or persons, any partnership, limited partnership, or corporation, or any association of persons, including every public or governmental agency engaged in mining from the surface.

(7) "Minerals" means clay, coal, gravel, industrial minerals, metallic substances, peat, sand, stone, topsoil, and any other similar solid material or substance to be excavated from natural deposits on or in the earth for commercial, industrial, or construction use.

(8) "Operations" means all mine-related activities, exclusive of reclamation, that include, but are not limited to activities that affect noise generation, air quality, surface and ground water quality, quantity, and flow, glare, pollution, traffic safety, ground vibrations, and/or significant or substantial impacts commonly regulated under provisions of land use or other permits of local government and local ordinances, or other state laws.

Operations specifically include:

(a) The mining or extraction of rock, stone, gravel, sand, earth, and other minerals;

(b) Blasting, equipment maintenance, sorting, crushing, and loading;

(c) On-site mineral processing including asphalt or concrete batching, concrete recycling, and other aggregate recycling;

(d) Transporting minerals to and from the mine, on site road maintenance, road maintenance for roads used extensively for surface mining activities, traffic safety, and traffic control.

(9) "Overburden" means the earth, rock, soil, and topsoil that lie above mineral deposits.

(10) "Permit holder" means any person or persons, any partnership, limited partnership, or corporation, or any association of persons, either natural or artificial, including every public or governmental agency engaged in surface mining and/or the operation of surface mines, whether individually, jointly, or through subsidiaries, agents, employees, operators, or contractors who holds a state reclamation permit.

(11) "Reclamation" means rehabilitation for the appropriate future use of disturbed areas resulting from surface mining including areas under associated mineral processing equipment and areas under stockpiled materials. Although both the need for and the practicability of reclamation will control the type and degree of reclamation in any specific surface mine, the basic objective shall be to reestablish on a perpetual basis the vegetative cover, soil stability, and water conditions appropriate to the approved subsequent use of the surface mine and to prevent or mitigate future environmental degradation.

(12) "Reclamation setbacks" include those lands along the margins of surface mines wherein minerals and overburden shall be preserved in sufficient volumes to accomplish reclamation according to the approved plan and the minimum reclamation standards. Maintenance of reclamation setbacks may not preclude other mine-related activities within the reclamation setback.

(13) "Recycling" means the reuse of minerals or rock products.

(14) "Screening" consists of vegetation, berms or other topography, fencing, and/or other screens that may be required to mitigate impacts of surface mining on adjacent properties and/or the environment.

(15) "Segment" means any portion of the surface mine that, in the opinion of the department:

(a) Has characteristics of topography, drainage, slope stability, ownership, mining development, or mineral distribution, that make reclamation necessary;

(b) Is not in use as part of surface mining and/or related activities; and

(c) Is larger than seven acres and has more than five hundred linear feet of working face except as provided in a segmental reclamation agreement approved by the department.

(16) "SEPA" means the state environmental policy act, chapter 43.21C RCW and rules adopted thereunder.

(17)(a) "Surface mine" means any area or areas in close proximity to each other, as determined by the department, where extraction of minerals from the surface results in:

(i) More than three acres of disturbed area;

(ii) Mined slopes greater than thirty feet high and steeper than 1.0 foot horizontal to 1.0 foot vertical; or

(iii) More than one acre of disturbed area within an eight acre area, when the disturbed area results from mineral prospecting or exploration activities.

(b) Surface mines include areas where mineral extraction from the surface occurs by the auger method or by reworking mine refuse or tailings, when these activities exceed the size or height thresholds listed in (a) of this subsection.

(c) Surface mining shall exclude excavations or grading used:

(i) Primarily for on-site construction, on-site road maintenance, or on-site landfill construction;

(ii) For the purpose of public safety or restoring the land following a natural disaster;

(iii) For the purpose of removing stockpiles;

(iv) For forest or farm road construction or maintenance on-site or on contiguous lands;

(v) For sand authorized by RCW 43.51.685; and

(vi) For underground mines.

(18) "Topsoil" means the naturally occurring upper part of a soil profile, including the soil horizon that is rich in humus and capable of supporting vegetation together with other sediments within four vertical feet of the ground surface.

NEW SECTION. Sec. 5. SEGMENTAL RECLAMATION. The permit holder shall reclaim each segment of the mine within two years of completion of surface mining on that segment except as provided in a segmental reclamation agreement approved in writing by the department. The primary objective of a segmental reclamation agreement should be to enhance final reclamation.

Sec. 6. RCW 78.44.040 and 1984 c 215 s 2 are each amended to read as follows:

The department of natural resources is charged with the administration of reclamation under this chapter. In order to implement ~~((the chapter's terms and provisions))~~ and enforce this chapter, the department, under the ~~((provisions of the))~~ administrative procedure act (chapter 34.05 RCW), ~~((as now or hereafter amended,))~~ may from time to time ~~((promulgate))~~ adopt those rules ~~((and regulations))~~ necessary to carry out the purposes of this chapter.

Sec. 7. RCW 78.44.050 and 1970 ex.s. c 64 s 6 are each amended to read as follows:

The department shall have the exclusive authority to regulate surface mine reclamation except that, by contractual agreement, the department may delegate some or all of its enforcement authority to a county, city, or town. All counties, cities, or towns shall have the authority to zone surface mines and adopt ordinances regulating operations pursuant to section 16 of this act, except that county, city, or town operations ordinances may be preempted by the department during the emergencies outlined in section 27 of this act and related rules.

This chapter shall not ~~((affect))~~ alter or preempt any ~~((of the))~~ provisions of the state fisheries laws (Title 75 RCW), the state water allocation and use laws (chapters 90.03 and 90.44 RCW), the state water pollution control laws ~~((Title 90))~~ chapter 90.48 RCW, the state ~~((game))~~ wildlife laws (Title 77 RCW), ~~((or any other state laws, and shall be cumulative and nonexclusive))~~ state noise laws or air quality laws (Title 70 RCW), shoreline management (chapter 90.58 RCW), the state environmental policy act (chapter 43.21C RCW), state growth management (chapter 36.70A RCW), state drinking water laws (chapters 43.20 and 70.119A RCW), or any other state statutes.

Sec. 8. RCW 78.44.060 and 1970 ex.s. c 64 s 7 are each amended to read as follows:

The department shall have the authority to conduct ~~((or))~~ authorize, and/or participate in investigations, research, experiments, and demonstrations, and to collect and disseminate information relating to surface mining and reclamation of surface mined lands.

Sec. 9. RCW 78.44.070 and 1970 ex.s. c 64 s 8 are each amended to read as follows:

The department may cooperate with other governmental and private agencies ~~((in this state and other states))~~ and agencies of the federal government, and may reasonably reimburse them for any services the department requests that they provide. The department may also receive any federal funds, state funds and any

other funds and expend them for reclamation of land affected by surface mining and for purposes enumerated in RCW 78.44.060.

NEW SECTION. Sec. 10. SURFACE MINING RECLAMATION ACCOUNT. The surface mining reclamation account is created in the state treasury. Annual mining fees, funds received by the department from state, local, or federal agencies for research purposes, as well as other mine-related funds and fines received by the department shall be deposited into this account. The surface mine reclamation account may be used by the department only to:

- (1) Administer its regulatory program pursuant to this chapter;
- (2) Undertake research relating to surface mine regulation, reclamation of surface mine lands, and related issues; and
- (3) Cover costs arising from appeals from determinations made under this chapter.

Fines, interest, and other penalties collected by the department under the provisions of this chapter shall be used to reclaim surface mines abandoned prior to 1971.

NEW SECTION. Sec. 11. RECLAMATION PERMITS REQUIRED—APPLICATIONS. After July 1, 1993, no miner or permit holder may engage in surface mining without having first obtained a reclamation permit from the department. Operating permits issued by the department between January 1, 1971, and June 30, 1993, shall be considered reclamation permits provided such permits substantially meet the protections, mitigations, and reclamation goals of sections 12 and 20 of this act within five years after the effective date of this section. State agencies and local government shall be exempt from this time limit for inactive sites. Prior to the use of an inactive site, the reclamation plan must be brought up to current standards. A separate permit shall be required for each noncontiguous surface mine. The reclamation permit shall consist of the permit forms and any exhibits attached thereto. The permit holder shall comply with the provisions of the reclamation permit unless waived and explained in writing by the department.

Prior to receiving a reclamation permit, an applicant must submit an application on forms provided by the department that shall contain the following information and shall be considered part of the reclamation permit:

- (1) Name and address of the legal landowner, or purchaser of the land under a real estate contract;
- (2) The name of the applicant and, if the applicants are corporations or other business entities, the names and addresses of their principal officers and resident agent for service of process;
- (3) A reasonably accurate description of the minerals to be surface mined;
- (4) Type of surface mining to be performed;
- (5) Estimated starting date, date of completion, and date of completed reclamation of surface mining;

(6) Size and legal description of the permit area and maximum lateral and vertical extent of the disturbed area;

(7) Expected area to be disturbed by surface mining during (a) the next twelve months, and (b) the following twenty-four months;

(8) Any applicable SEPA documents; and

(9) Other pertinent data as required by the department.

The reclamation permit shall be granted for the period required to deplete essentially all minerals identified in the reclamation permit on the land covered by the reclamation plan. The reclamation permit shall be valid until the reclamation is complete unless the permit is canceled by the department.

NEW SECTION. Sec. 12. RECLAMATION PLANS. An applicant shall provide a reclamation plan and copies acceptable to the department prior to obtaining a reclamation permit. The department shall have the sole authority to approve reclamation plans. Reclamation plans or modified reclamation plans submitted to the department after June 30, 1993, shall meet or exceed the minimum reclamation standards set forth in this chapter and by the department in rule. Each applicant shall also supply copies of the proposed plans and final reclamation plan approved by the department to the county, city, or town in which the mine will be located. The department shall solicit comment from local government prior to approving a reclamation plan. The reclamation plan shall include:

(1) A written narrative describing the proposed mining and reclamation scheme with:

(a) A statement of a proposed subsequent use of the land after reclamation that is consistent with the local land use designation. Approval of the reclamation plan shall not vest the proposed subsequent use of the land;

(b) If the permit holder is not the sole landowner, a copy of the conveyance or a written statement that expressly grants or reserves the right to extract minerals by surface mining methods;

(c) A simple and accurate legal description of the permit area and disturbed areas;

(d) The maximum depth of mining;

(e) A reasonably accurate description of the minerals to be mined;

(f) A description of the method of mining;

(g) A description of the sequence of mining that will provide, within limits of normal procedures of the industry, for completion of surface mining and associated disturbance on each portion of the permit area so that reclamation can be initiated at the earliest possible time on each segment of the mine;

(h) A schedule for progressive reclamation of each segment of the mine;

(i) Where mining on flood plains or in river or stream channels is contemplated, a thoroughly documented hydrogeologic evaluation that will outline measures that would protect against or would mitigate avulsion and erosion as determined by the department;

(j) Where mining is contemplated within critical aquifer recharge areas, special protection areas as defined by chapter 90.48 RCW and implementing rules, public water supply watersheds, sole source aquifers, wellhead protection areas, and designated aquifer protection areas as set forth in chapter 36.36 RCW, a thoroughly documented hydrogeologic analysis of the reclamation plan may be required; and

(k) Additional information as required by the department including but not limited to: The positions of reclamation setbacks and screening, conservation of topsoil, interim reclamation, revegetation, postmining erosion control, drainage control, slope stability, disposal of mine wastes, control of fill material, development of wetlands, ponds, lakes, and impoundments, and rehabilitation of topography.

(2) Maps of the surface mine showing:

(a) All applicable data required in the narrative portion of the reclamation plan;

(b) Existing topographic contours;

(c) Contours depicting specifications for surface gradient restoration appropriate to the proposed subsequent use of the land and meeting the minimum reclamation standards;

(d) Locations and names of all roads, railroads, and utility lines on or adjacent to the area;

(e) Locations and types of proposed access roads to be built in conjunction with the surface mining;

(f) Detailed and accurate boundaries of the permit area, screening, reclamation setbacks, and maximum extent of the disturbed area; and

(g) Estimated depth to ground water and the locations of surface water bodies and wetlands both prior to and after mining.

(3) At least two cross sections of the mine including all applicable data required in the narrative and map portions of the reclamation plan.

(4) Evidence that the proposed surface mine has been approved under local zoning and land use regulations.

(5) Written approval of the reclamation plan by the landowner for mines permitted after June 30, 1993.

(6) Other supporting data and documents regarding the surface mine as reasonably required by the department.

If the department refuses to approve a reclamation plan in the form submitted by an applicant or permit holder, it shall notify the applicant or permit holder stating the reasons for its determination and describe such additional requirements to the applicant or permit holder's reclamation plan as are necessary for the approval of the plan by the department. If the department refuses to approve a complete reclamation plan within one hundred twenty days, the miner or permit holder may appeal this determination under the provisions of this chapter.

Only insignificant deviations may occur from the approved reclamation plan without prior written approval by the department for the proposed change.

The department retains the authority to require that the reclamation plan be updated to the satisfaction of the department at least every ten years.

NEW SECTION. Sec. 13. JOINT RECLAMATION PLANS. Where two or more surface mines join along a common boundary, the department may require submission of a joint reclamation plan in order to provide for optimum reclamation or to avoid waste of mineral resources. Such joint reclamation plans may be in the form of a single collaborative plan submitted by all affected permit holders or as individual reclamation plans in which the schedule of reclamation, finished contours, and revegetation match reclamation plans of adjacent permit holders.

NEW SECTION. Sec. 14. FEES. (1) An applicant for a public or private reclamation permit shall pay an application fee to the department before being granted a surface mining permit. The amount of the application fee shall be six hundred fifty dollars.

(2) After June 30, 1993, each public or private permit holder shall pay an annual permit fee of six hundred fifty dollars. The annual permit fee shall be payable to the department on the first anniversary of the permit date and each year thereafter. Annual fees paid by a county for small mines used exclusively for public works projects shall be paid on those small mines from which the county elects to extract minerals in the next calendar year and shall not exceed one thousand dollars.

(3) After July 1, 1995, the department may modify annual permit fees by rule if:

(a) The total annual permit fees are reasonably related to the approximate costs of administering the department's surface mining regulatory program;

(b) The annual fee does not exceed five thousand dollars; and

(c) The mines are small mines in remote areas that are used primarily for public service, then lower annual permit fees may be established.

(4) Appeals from any determination of the department shall not stay the requirement to pay any annual permit fee. Failure to pay the annual fee may constitute grounds for an order to suspend surface mining or cancellation of the reclamation permit as provided in this chapter.

(5) All fees collected by the department shall be deposited into the surface mining reclamation account.

(6) If the department delegates enforcement responsibilities to a county, city, or town, the department may allocate funds collected under this section to such county, city, or town.

NEW SECTION. Sec. 15. PERFORMANCE SECURITY. The department shall not issue a reclamation permit until the applicant has deposited with the department an acceptable performance security on forms prescribed and furnished by the department. A public or governmental agency shall not be required to

post performance security nor shall a permit holder be required to post surface mining performance security with more than one state, local, or federal agency.

This performance security may be:

- (1) Bank letters of credit acceptable to the department;
- (2) A cash deposit;
- (3) Negotiable securities acceptable to the department;
- (4) An assignment of a savings account;
- (5) A savings certificate in a Washington bank on an assignment form prescribed by the department;

(6) Assignments of interests in real property within the state of Washington;
or

(7) A corporate surety bond executed in favor of the department by a corporation authorized to do business in the state of Washington under Title 48 RCW and authorized by the department.

The performance security shall be conditioned upon the faithful performance of the requirements set forth in this chapter and of the rules adopted under it.

The department shall have the authority to determine the amount of the performance security using a standardized performance security formula developed by the department. The amount of the security shall be determined by the department and based on the estimated costs of completing reclamation according to the approved reclamation plan or minimum standards and related administrative overhead for the area to be surface mined during (a) the next twelve-month period, (b) the following twenty-four months, and (c) any previously disturbed areas on which the reclamation has not been satisfactorily completed and approved.

The department may increase or decrease the amount of the performance security at any time to compensate for a change in the disturbed area, the depth of excavation, a modification of the reclamation plan, or any other alteration in the conditions of the mine that affects the cost of reclamation. The department may, for any reason, refuse any performance security not deemed adequate.

Liability under the performance security shall be maintained until reclamation is completed according to the approved reclamation plan to the satisfaction of the department unless released as hereinafter provided. Liability under the performance security may be released only upon written notification by the department. Notification shall be given upon completion of compliance or acceptance by the department of a substitute performance security. The liability of the surety shall not exceed the amount of security required by this section and the department's reasonable legal fees to recover the security.

Any interest or appreciation on the performance security shall be held by the department until reclamation is completed to its satisfaction. At such time, the interest shall be remitted to the permit holder; except that such interest or appreciation may be used by the department to effect reclamation in the event that the permit holder fails to comply with the provisions of this chapter and the costs of reclamation exceed the face value of the performance security.

No other state agency or local government shall require performance security for the purposes of surface mine reclamation and only one agency of government shall require and hold the performance security. The department may enter into written agreements with federal agencies in order to avoid redundant bonding of surface mines straddling boundaries between federally controlled and other lands within Washington state.

Notwithstanding any other provision of this section, nothing shall preclude the department of ecology from requiring a separate performance security for metallic minerals or uranium surface mines under any authority if any that may be presently vested in the department of ecology relating to such mines.

***NEW SECTION.** *Sec. 16. A new section is added to chapter 36.70A RCW to read as follows:*

(1) Where the county has classified mineral lands pursuant to RCW 36.70A.050 and mineral resource lands of long-term commercial significance exist, a county, city, or town shall designate sufficient mineral resource lands in the comprehensive plans to meet the projected twenty-year, county-wide need. Once designated, mineral resource uses, including operations as defined in section 4 of this act, shall be established as an allowed use in local development regulations subject to the permit process described in this section.

The county, city, or town shall designate mineral resource deposits, both active and inactive, in economically viable proximity to locations where the deposits are likely to be used.

Through its comprehensive plan and development regulations, as defined in RCW 36.70A.030, the county, city, or town shall discourage the siting of incompatible uses adjacent to mineral resource industries, deposits, and holdings.

For purposes of this section, "long-term commercial significance" includes the mineral composition of the land for long-term economically viable commercial production, in consideration with the mineral resource land's proximity to population areas, product markets, and the possibility of more intense uses of the land.

(2)(a) Counties, cities, and towns may only regulate surface mining operations by ordinance and only in accordance with the requirements and limitations of this subsection.

(b) Local surface mining operating standards shall:

(i) Address only:

(A) Traffic;

(B) Light emission;

(C) Visual screening;

(D) Noise emission; and

(E) Other significant or substantial mining impacts that are not covered by a subject area of regulation embodied in any other state or federal law, including among others the subject areas pertaining to water allocation, use, and control and fisheries and wildlife habitat set forth in section 19 of this act.

(ii) Be performance-based, objective standards that:

(A) Are directly and proportionately related to limiting surface mining impacts;

(B) Are reasonable and generally capable of being achieved;

(C) Take into account existing and available technologies; and

(D) May be met by any lawful means selected by the applicant or operator that, in the judgment of the county, city, or town, achieve compliance with the standard.

(iii) Limit application and monitoring fees to the amount necessary to pay the costs of administering, processing, monitoring, and enforcing the regulation of surface mining in accordance with this section.

(iv) Except as otherwise provided in this section, implement the ordinance through an operating plan review and approval process. Such approval process shall:

(A) Require submittal of sufficient, complete, and accurate information, as specified by the local ordinance, to allow the decision maker to review the plan for compliance with local standards;

(B) At the option of the county, city, or town, provide for administrative approval subject to appeal or for initial consideration through a public hearing process; and

(C) Require that project-specific conditions or restrictions be based upon written findings of facts demonstrating their need to achieve compliance with local standards.

(v) Subject to subsection (3) of this section, provide that approvals issued will be valid for fifty years.

(3) Operating regulations and amendments thereto adopted pursuant to this section may be applied to lawfully preexisting mining operations only if the local ordinance:

(a) Limits application of subsection (2)(b)(i)(A) of this section relating to traffic to the designation of approved haul routes;

(b) Exempts such preexisting operations from any operating plan review and approval process;

(c) Provides reasonable time periods for compliance with new or amended local operating standards that in no event may be less than one year; and

(d) Includes a variance procedure to allow continuation of existing operations for a nonconforming surface mining operation where strict adherence to a local operating standard would be economically or operationally impractical due to conditions relating to site configuration, topography, or the nature of historic operations.

(4) Nothing in this section precludes a county, city, or town from exercising the express authority delegated to it by a state agency under state law, or from complying with state law when required as a regulated entity.

**Sec. 16 was vetoed, see message at end of chapter.*

NEW SECTION. Sec. 17. A surface mining model ordinance advisory committee is hereby created. The committee shall be composed of representatives of local government, state agencies, surface mining interests, and the environmental community. The department of natural resources shall appoint the members of the committee and the department shall staff the committee. This temporary advisory committee shall draft model ordinances for different surface-mining settings and shall assist counties, cities, and towns in developing ordinances. The committee shall complete its work and shall expire by December 31, 1994. Participants on the committee shall pay their own expenses, and the department of natural resources shall fund the department's involvement.

NEW SECTION. Sec. 18. RECLAMATION SETBACKS. Reclamation setbacks shall be as follows unless waived by the department:

(1) The reclamation setback for unconsolidated deposits within mines permitted after June 30, 1993, shall be equal to the maximum anticipated height of the adjacent working face or as determined by the department. Setbacks and buffers may be destroyed as part of final reclamation of each segment if approved by the department.

(2) The minimum reclamation setback for consolidated materials within mines permitted after June 30, 1993, shall be thirty feet or as determined by the department.

(3) An exemption from this section may be granted by the department following a written request. The department may consider submission of a plan for backfilling acceptable to the department, a geotechnical slope-stability study, proof of a dedicated source of fill materials, written approval of contiguous landowners, and other information before granting an exemption.

***NEW SECTION. Sec. 19. WATER CONTROL.** *(1) Water control as regulated by the department shall be limited to those provisions necessary to effect surface mine reclamation and to protect ground and surface water resources after reclamation is complete and shall be consistent with existing water control laws. The department shall solicit recommendations from all agencies with expertise in relevant water control laws when evaluating reclamation plans for surface mines in or near water.*

(2) As to surface mining projects, control of surface mine water shall be pursuant to chapter 90.48 RCW; water availability, hydraulic continuity, allocation, and use shall be pursuant to chapters 90.03, 90.44, and 90.54 RCW; regulation of drinking water shall be pursuant to Titles 43 and 70 RCW; and protection of fisheries and wildlife shall be regulated pursuant to Title 75 RCW (fisheries laws) and Title 77 RCW (wildlife laws) as well as chapters 90.03, 90.44, 90.48, and 90.54 RCW, federal storm water regulations, and/or national pollutant discharge elimination system regulations. The department of ecology upon request by a county, city, or town, may consult with the affected parties and incorporate additional site-specific requirements into individual surface

mine national pollutant discharge elimination system permits where such requirements are appropriate.

A county, city, or town may regulate the impacts on water through local ordinances and regulations that:

(a) Cover significant or substantial impacts that are not covered by a subject area of regulation embodied in any other state or federal law; or

(b) Implement regulatory and/or enforcement authority that has been expressly authorized to it by a state agency.

*Sec. 19 was vetoed, see message at end of chapter.

NEW SECTION. Sec. 20. RECLAMATION. The need for, and the practicability of, reclamation shall control the type and degree of reclamation in any specific instance. However, the basic objective of reclamation is to reestablish on a continuing basis the vegetative cover, slope stability, water conditions, and safety conditions suitable to the proposed subsequent use consistent with local land use plans for the surface mine site.

Each permit holder shall comply with the minimum reclamation standards in effect on the date the permit was issued and any additional reclamation standards set forth in the approved reclamation plan.

Reclamation activities, particularly those relating to control of erosion and mitigation of impacts of mining to adjacent areas, shall, to the extent feasible, be conducted simultaneously with surface mining, and in any case shall be initiated at the earliest possible time after completion of surface mining on any segment of the permit area.

All reclamation activities shall be completed not more than two years after completion or abandonment of surface mining on each segment of the area for which a reclamation permit is in force.

The department may by contract delegate enforcement of provisions of reclamation plans to counties, cities, and towns. A county, city, or town performing enforcement functions may not impose any additional fees on permit holders.

NEW SECTION. Sec. 21. MINIMUM RECLAMATION STANDARDS. Reclamation of surface mines permitted after June 30, 1993, and reclamation of surface mine segments addressed by reclamation plans modified after June 30, 1994, shall meet the following minimum standards except as waived in writing by the department.

(1) Prior to surface mining, permit holders shall carefully stockpile all topsoil on the site for use in reclamation, or immediately move topsoil to reclaim adjacent segments, except when the approved subsequent use does not require replacing the topsoil. Topsoil needed for reclamation shall not be sold as a mineral nor mixed with sterile soils. Stockpiled materials used as screening shall not be used for reclamation until such time as the appropriate county or municipal government has given its approval.

(2) The department may require that clearly visible, permanent monuments delineating the permit boundaries and maximum extent of the disturbed area be set at appropriate places around the mine site. The permit holder shall maintain the monuments until termination of the reclamation permit.

(3) All minimum reclamation standards may be waived in writing by the department in order to accommodate unique and beneficial reclamation schemes such as parks, swimming facilities, buildings, and wildlife reserves. Such waivers shall be granted only after written approval by the department of a reclamation plan describing the variances to the minimum reclamation standards, receipt of documentation of SEPA compliance, and written approvals from the landowner and by the local land use authority.

(4) All surface-mined slopes shall be reclaimed to the following minimum standards:

(a) In surface mines in soil, sand, gravel, and other unconsolidated materials, all reclaimed slopes shall:

(i) Have varied steepness;

(ii) Have a sinuous appearance in both profile and plan view;

(iii) Have no large rectilinear topographic elements;

(iv) Generally have slopes of between 2.0 and 3.0 feet horizontal to 1.0 foot vertical or flatter except in limited areas where steeper slopes are necessary in order to create sinuous topography and to control drainage;

(v) Not exceed 1.5 feet horizontal to 1.0 foot vertical except as necessary to blend with adjacent natural slopes;

(vi) Be compacted if significant backfilling is required to produce the final reclaimed slopes and if the department determines that compaction is necessary.

(b) Slopes in consolidated materials shall have no prescribed slope angle or height, but where a severely hazardous condition is created by mining and that is not indigenous to the immediate area, the slopes shall not exceed 2.0 feet horizontal to 1.0 foot vertical. Steeper slopes shall be acceptable in areas where evidence is submitted that demonstrates that the geologic or topographic characteristics of the site preclude reclamation of slopes to such angle or height or that such slopes constitute an acceptable subsequent use under local land use regulations.

(c) Surface mines in which the seasonal or permanent water tables have been penetrated, thereby creating swamps, ponds, or lakes useful for recreational, wildlife habitat, water quality control, or other beneficial wetland purposes shall be reclaimed in the following manner:

(i) For slopes that are below the permanent water table in soil, sand, gravel, and other unconsolidated materials, the slope angle shall be no steeper than 1.5 feet horizontal to 1.0 foot vertical;

(ii) Generally, solid rock banks shall be shaped so that a person can escape from the water, however steeper slopes and lack of water egress shall be acceptable in rural, forest, or mountainous areas or where evidence is provided

that such slopes would constitute an acceptable subsequent use under local land use regulations;

(iii) Both standpipes and armored spillways or other measures to prevent undesirable overflow or seepage shall be provided to stabilize all such water bodies within the disturbed area; and

(iv) Where lakes, ponds, or swamps are created, the permit holder shall provide measures to establish a beneficial wetland by developing natural wildlife habitat and incorporating such measures as irregular shoreline configurations, sinuous bathymetry and shorelines, varied water depths, peninsulas, islands, and subaqueous areas less than 1.5 foot deep during summer low-water levels. Clay-bearing material placed below water level may be required to avoid creating sterile wetlands.

(d) Final topography shall generally comprise sinuous contours, chutes and buttresses, spurs, and rolling mounds and hills, all of which shall blend with adjacent topography to a reasonable extent. Straight planar slopes and right angles should be avoided.

(e) The floors of mines shall generally grade gently into postmining drainages to preclude sheet-wash erosion during intense precipitation, except where backgrading is appropriate for drainage control, to establish wetlands, or to trap sediment.

(f) Topsoil shall be restored as necessary to promote effective revegetation and to stabilize slopes and mine floors. Where limited topsoil is available, topsoil shall be placed and revegetated in such a way as to ensure that little topsoil is lost to erosion.

(g) Where surface mining has exposed natural materials that may create polluting conditions, including but not limited to acid-forming coals and metalliferous rock or soil, such conditions shall be addressed according to a method approved by the department. The final ground surface shall be graded so that surface water drains away from these materials.

(h) All grading and backfilling shall be made with nonnoxious, noncombustible, and relatively incompactible solids unless the permit holder provides:

(i) Written approval from all appropriate solid waste regulatory agencies; and

(ii) Any and all revisions to such written approval during the entire time the reclamation permit is in force.

(i) Final reclaimed slopes should be left roughly graded, preserving equipment tracks, depressions, and small mounds to trap clay-bearing soil and promote natural revegetation. Where reasonable, final equipment tracks should be oriented in order to trap soil and seeds and to inhibit erosion.

(j) Pit floors should be bulldozed or ripped to foster revegetation.

(5) Drainages shall be graded and contain adequate energy dissipation devices so that essentially natural conditions of water velocity, volume, and turbidity are reestablished within six months of reclamation of each segment of the mine. Ditches and other artificial drainages shall be constructed on each

reclaimed segment to control surface water, erosion, and siltation and to direct runoff to a safe outlet. Diversion ditches including but not limited to channels, flumes, tightlines and retention ponds shall be capable of carrying the peak flow at the mine site that has the probable recurrence frequency of once in twenty-five years as determined from data for the twenty-five year, twenty-four hour precipitation event published by the national oceanic and atmospheric administration. The grade of such ditches and channels shall be constructed to limit erosion and siltation. Natural and other drainage channels shall be kept free of equipment, wastes, stockpiles, and overburden.

(6) Impoundment of water shall be an acceptable reclamation technique provided that approvals of other agencies with jurisdiction are obtained and:

(a) Proper measures are taken to prevent undesirable seepage that could cause flooding outside the permitted area or adversely affect the stability of impoundment dikes or adjacent slopes;

(b) Both standpipes and armored spillways or other measures necessary to control overflow are provided.

(7) Revegetation shall be required as appropriate to stabilize slopes, generate new topsoil, reduce erosion and turbidity, mask rectilinear contours, and restore the scenic value of the land to the extent feasible as appropriate to the approved subsequent use. Although the scope of and necessity for revegetation will vary according to the geography, precipitation, and approved subsequent use of the site, the objective of segmental revegetation is to reestablish self-sustaining vegetation and conditions of slope stability, surface water quality, and appearance before release of the reclamation permit. Revegetation shall normally meet the following standards:

(a) Revegetation shall commence during the first proper growing season following restoration of slopes on each segment unless the department has granted the permit holder a written time extension.

(b) In eastern Washington, the permit holder may not be able to achieve continuous ground cover owing to arid conditions or sparse topsoil. However, revegetation shall be as continuous as reasonably possible as determined by the department.

(c) Revegetation generally shall include but not be limited to diverse evergreen and deciduous trees, shrubs, grasses, and deep-rooted ground cover.

(i) For western Washington, nitrogen-fixing species including but not limited to alder, white clover, and lupine should be included in dry areas. In wet areas, tubers, sedges, wetland grasses, willow, cottonwood, cedar, and alder are appropriate.

(ii) In eastern Washington, lupine, white clover, Russian olive, black locust, junipers, and pines are among appropriate plants. In wet areas, cottonwood, tubers, and sedges are appropriate.

(d) The requirements for revegetation may be reduced or waived by the department where erosion will not be a problem in rural areas where precipitation

exceeds thirty inches per annum, or where revegetation is inappropriate for the approved subsequent use of the surface mine.

(e) In areas where revegetation is critical and conditions are harsh, the department may require irrigation, fertilization, and importation of clay or humus-bearing soils to establish effective vegetation.

(f) The department may refuse to release a reclamation permit or performance security until it deems that effective revegetation has commenced.

NEW SECTION. **Sec. 22. PERMIT TRANSFERS.** Reclamation permits shall be transferred to a subsequent permit holder and the department shall release the former permit holder from the duties imposed by this chapter if:

(1) Both permit holders comply with all rules of the department addressing requirements for transferring a permit; and

(2) Unless waived by the department, the mine and all others operated by both the former and subsequent permit holders and their principal officers or owners are in compliance with this chapter and rules.

NEW SECTION. **Sec. 23. MODIFICATION OF RECLAMATION PLANS.** The department and the permit holder may modify the reclamation plan at any time during the term of the permit for any of the following reasons:

(1) To modify the requirements so that they do not conflict with existing or new laws;

(2) If the department determines that the previously adopted reclamation plan is impossible or impracticable to implement and maintain; or

(3) The previously approved reclamation plan is not accomplishing the intent of this chapter as determined by the department.

Modified reclamation plans shall be reviewed by the department as lead agency under SEPA. Such SEPA analyses shall consider only those impacts relating directly to the proposed modifications. Copies of proposed and approved modifications shall be sent to the appropriate county, city, or town.

NEW SECTION. **Sec. 24. REPORTS.** On the anniversary date of the reclamation permit and each year thereafter until reclamation is completed and approved, the permit holder shall file a report of activities completed during the preceding year. The report shall be on a form prescribed by the department.

NEW SECTION. **Sec. 25. INSPECTION OF PERMIT AREA.** The department may order at any time an inspection of the disturbed area to determine if the miner or permit holder has complied with the reclamation permit, rules, and this chapter.

NEW SECTION. **Sec. 26. ORDER TO RECTIFY DEFICIENCIES.** The department may issue an order to rectify deficiencies when a miner or permit holder is conducting surface mining in any manner not authorized by:

(1) This chapter;

(2) The rules adopted by the department;

(3) The authorized reclamation plan; or

(4) The reclamation permit.

The order shall describe the deficiencies and shall require that the miner or permit holder correct all deficiencies no later than sixty days from issuance of the order. The department may extend the period for correction for delays clearly beyond the miner or permit holder's control, but only when the miner or permit holder is, in the opinion of the department, making every reasonable effort to comply.

NEW SECTION. Sec. 27. EMERGENCY NOTICE AND ORDER TO RECTIFY DEFICIENCIES—EMERGENCY ORDER TO SUSPEND SURFACE MINING. When the department finds that a permit holder is conducting surface mining in any manner not authorized by:

- (1) This chapter;
- (2) The rules adopted by the department;
- (3) The approved reclamation plan; or
- (4) The reclamation permit;

and that activity has created a situation involving an immediate danger to the public health, safety, welfare, or environment requiring immediate action, the department may issue an emergency notice and order to rectify deficiencies, and/ or an emergency order to suspend surface mining. These orders shall be effective when entered. The department may take such action as is necessary to prevent or avoid the danger to the public health, safety, welfare, or environment that justifies use of emergency adjudication. The department shall give such notice as is practicable to the permit holder or miner who is required to comply with the order. The order shall comply with the requirements of the administrative procedure act.

Regulations of surface mining operations administered by other state and local agencies shall be preempted by this section to the extent that the time schedule and procedures necessary to rectify the emergency situation, as determined by the department, conflict with such local regulation.

NEW SECTION. Sec. 28. ORDER TO SUSPEND SURFACE MINING. Upon the failure of a miner or permit holder to comply with a department order to rectify deficiencies, the department may issue an order to suspend surface mining when a miner or permit holder is conducting surface mining in any manner not authorized by:

- (1) This chapter;
- (2) The rules adopted by the department;
- (3) The approved reclamation plan;
- (4) The reclamation permit; or
- (5) If the miner or permit holder fails to comply with any final order of the department.

The order to suspend surface mining shall require the miner or permit holder to suspend part or all of the miner's or permit holder's mining operations until

the conditions resulting in the issuance of the order have been mitigated to the satisfaction of the department.

The attorney general may take the necessary legal action to enjoin, or otherwise cause to be stopped, surface mining in violation of an order to suspend surface mining.

NEW SECTION. Sec. 29. DECLARATION OF ABANDONMENT. The department may issue a declaration of abandonment when it determines that all surface mining has ceased for a period of one hundred eighty consecutive days not set forth in the permit holder's reclamation plan or when, by reason of inspection of the permit area, or by any other means, the department determines that the mine has in fact been abandoned by the permit holder except that abandonment shall not include normal interruptions of surface mining resulting from labor disputes, economic conditions associated with lack of smelting capacity or availability of appropriate transportation, war, social unrest, demand for minerals, maintenance and repairs, and acts of God.

Following a declaration of abandonment, the department shall require the permit holder to complete reclamation in accordance with this chapter. If the permit holder fails to do so, the department shall proceed to do the necessary reclamation work pursuant to section 31 of this act.

If another miner applies for a permit on a site that has been declared abandoned, the department may, in its discretion, cancel the reclamation permit of the permit holder and issue a new reclamation permit to the applicant. The department shall not issue a new permit unless it determines that such issuance will be an effective means of assuring that the site will ultimately be reclaimed. The applicant must agree to assume the reclamation responsibilities left unfinished by the first miner, in addition to meeting all requirements for issuance of a new permit.

NEW SECTION. Sec. 30. CANCELLATION OF THE RECLAMATION PERMIT. When the department determines that a surface mine has been abandoned, it may cancel the reclamation permit. The permit holder shall be informed of such actions by a department notification of illegal abandonment and cancellation of the reclamation permit.

NEW SECTION. Sec. 31. ORDER TO SUBMIT PERFORMANCE SECURITY—RECLAMATION BY THE DEPARTMENT. The department may, with the staff, equipment, and material under its control, or by contract with others, reclaim the disturbed areas when it finds that reclamation has not occurred in any segment of a surface mine within two years of completion of mining or of declaration of abandonment and the permit holder is not actively pursuing reclamation.

If the department intends to undertake the reclamation, the department shall issue an order to submit performance security requiring the permit holder or surety to submit to the department the amount of moneys posted pursuant to section 15 of this act. If the amount specified in the order to submit perfor-

mance security is not paid within twenty days after issuance of the notice, the attorney general upon request of the department shall bring an action on behalf of the state in a superior court to recover the amount specified and associated legal fees.

The department may proceed at any time after issuing the order to submit performance security with reclamation of the site according to the approved reclamation plan or according to a plan developed by the department that meets the minimum reclamation standards.

The department shall keep a record of all expenses incurred in carrying out any reclamation project or activity authorized under this section, including:

- (1) Reclamation;
- (2) A reasonable charge for the services performed by the state's personnel and the state's equipment and materials utilized; and
- (3) Administrative and legal expenses related to reclamation of the surface mine.

The department shall refund to the surety or permit holder all amounts received in excess of the amount of expenses incurred. If the amount received is less than the expenses incurred, the attorney general, upon request of the department, may bring an action against the permit holder on behalf of the state in the superior court to recover the remaining costs listed in this section.

NEW SECTION. Sec. 32. FINES. Each order of the department may impose a fine or fines in the event that a miner or permit holder fails to obey the order of the department. When a miner or permit holder fails to comply with an order of the department, the miner or permit holder shall be subject to a civil penalty in an amount not more than ten thousand dollars for each violation plus interest based upon a schedule of fines set forth by the department in rule. Procedures for imposing a penalty and setting the amount of the penalty shall be as provided in RCW 90.48.144. Each day on which a miner or permit holder continues to disobey any order of the department shall constitute a separate violation. If the penalty and interest is not paid to the department after it becomes due and payable, the attorney general, upon the request of the department, may bring an action in the name of the state of Washington to recover the penalty, interest, mitigation for environmental damages, and associated legal fees. Decisions of the department are subject to review by the pollution control hearings board.

All fines, interest, penalties, and other damage recovery costs from mines regulated by the department shall be credited to the surface mining reclamation account.

NEW SECTION. Sec. 33. REFUSAL TO ISSUE PERMITS. The department shall refuse to issue a reclamation permit if it is determined during the SEPA process that the impacts of a proposed surface mine cannot be adequately mitigated.

The department or county, city, or town may refuse to issue any other permit at any other location to any miner or permit holder who fails to rectify deficiencies set forth in an order of the department within the requisite time schedule. However, the department or county, city, or town shall issue all appropriate permits when all deficiencies are corrected at each surface mining site.

Sec. 34. RCW 78.44.150 and 1970 ex.s. c 64 s 16 are each amended to read as follows:

Any ~~((operator))~~ miner or permit holder conducting surface mining within the state of Washington without a valid ~~((operating))~~ reclamation permit shall be guilty of a gross misdemeanor. Surface mining outside of the permitted area shall constitute illegal mining without a valid reclamation permit. Each day of ~~((operation))~~ mining without a valid reclamation permit shall constitute a separate offense.

Sec. 35. RCW 78.44.170 and 1989 c 175 s 166 are each amended to read as follows:

Appeals from department determinations under this chapter shall be made as follows:

Appeals from department determinations made under this chapter shall be made under the provisions of the Administrative Procedure Act (chapter 34.05 RCW), and shall be considered an adjudicative proceeding within the meaning of the Administrative Procedure Act, chapter 34.05 RCW. Only a person aggrieved within the meaning of RCW 34.05.530 has standing and can file an appeal.

Sec. 36. RCW 78.44.910 and 1970 ex.s. c 64 s 22 are each amended to read as follows:

~~((This act shall not direct itself to the reclamation of land mined))~~ Miners and permit holders shall not be required to reclaim any segment where all surface mining was completed prior to January 1, 1971. However, the department shall make an effort to reclaim previously abandoned or completed surface mining segments.

NEW SECTION. Sec. 37. RECLAMATION AWARDS ESTABLISHED.

The department shall create reclamation awards in recognition of excellence in reclamation or reclamation research. Such awards shall be presented to individuals, miners, operators, companies, or government agencies performing exemplary surface mining reclamation in the state of Washington. The department shall designate a percent of the state annual fees as funding of the awards.

NEW SECTION. Sec. 38. RECLAMATION SERVICE ESTABLISHED.

The department may establish a no-cost consulting service within the department to assist miners, permit holders, local government, and the public in technical matters related to mine regulation, mine operations, and reclamation. The

department may prepare concise, printed information for the public explaining surface mining activities, timelines for permits and reviews, laws, and the role of governmental agencies involved in surface mining, including how to contact all regulators. The department shall not be held liable for any negligent advice.

NEW SECTION. Sec. 39. The following acts or parts of acts are each repealed:

NEW SECTION. Sec. 44. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect July 1, 1993.

Passed the Senate April 20, 1993.

Passed the House April 18, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 16 and 19, Engrossed Second Substitute Senate Bill No. 5502, entitled:

"AN ACT Relating to state and local government regulation of surface mining;"

This legislation will greatly enhance the state's ability to regulate surface mining reclamation and to protect public resources. However, certain sections of the bill clearly restrict the ability of local governments to regulate surface mining itself.

Section 16 imposes state direction on the designation of mineral resource lands, which the Growth Management Act allows counties free authority to designate. Section 16 also limits the ability of local jurisdictions to regulate surface mining and to provide local protection of air and water resources. Section 19 precludes local jurisdictions from dealing with water impacts of surface mines. Both of these sections limit local jurisdictions regulatory ability to those areas not already regulated by the state or federal governments. This unnecessarily restricts the ability of local government to adequately regulate surface mining.

For these reasons, I am vetoing sections 16 and 19.

With the exception of sections 16 and 19, Engrossed Second Substitute Senate Bill No. 5502 is approved."

Exceptions to this section may be granted by written approval from the director of the office of financial management if the director finds that the proposed contract is necessary to protect the public safety, protect against the loss of federal certification or loss of critical federal funds, or carry out functions so essential to the agency that even temporary suspension or delay of services would have a significant negative impact on the public. At the end of each three-month period in which exceptions are approved, the director shall forward a copy of any approvals, together with justification for the exceptions, to the fiscal committees of the legislature. Each forwarded approval shall include the name of the proposed contractor, the agency and division or department requesting the contract, duration and cost of the proposed contract, and specific functions and duties to be carried out under the contract. At the end of each three-month period in which exceptions are approved, the superintendent shall forward a copy of any approvals, together with justification for the exceptions, to the office of financial management and the fiscal committees of the legislature. Each forwarded approval shall include the name of the proposed contractor, the district requesting the contract, duration and cost of the proposed contract, and specific functions and duties to be carried out under the contract. Sec. 13. RCW 43.01.170 and 1992 c 234 s 11 are each amended to read as follows:

In order to ensure that the state derives the expected benefits from the early retirement provisions of chapter 234, Laws of 1992, and chapter . . . , Laws of 1993 (this act), no state agency may hire persons who retire from ((state)) service under the provisions of chapter 234, Laws of 1992, or chapter . . . , Laws of 1993 (this act), as temporary or project employees, as defined by the state personnel board for employees covered under chapter 41.06 RCW ((and)), by the higher education personnel board for employees covered under chapter 28B.16 RCW, and by the employer for persons not covered under chapter 28B.16 RCW who are employed by institutions of higher education or community or technical colleges. Exceptions to this section may be granted by written approval from the director of the office of financial management if the director finds that the temporary or project employment of a retiree is necessary to protect the public safety, protect against the loss of federal certification or loss of critical federal funds, or carry out functions so essential to the agency that even temporary suspension or delay of services would have a significant negative impact on the public. At the end of each three-month period in which exceptions are approved, the director shall forward a copy of any approvals, together with justification for the exceptions, to the fiscal committees of the legislature. Each forwarded approval shall include the name of the temporary or project employee, the agency and division or department requesting the employment, duration and cost of the proposed employment, and specific functions and duties to be carried out during the employment. This section shall expire June 30, 1995.

The school district board of directors may, at its discretion, pay the remainder of such an employee's remuneration for accrued leave for illness or injury after the time of the employee's separation from school district employment, but the employee or the employee's estate is entitled to receive the remainder of the remuneration no later than the date the employee would have been eligible to retire under the provisions of RCW 41.40.180 or 41.32.480 had the employee continued to work for the district until eligible to retire, or three years following the date of the employee's separation from school district employment, whichever occurs first. A district exercising its discretion under this section to pay the remainder of the remuneration after the time of the employee's separation from school district employment shall establish a policy and procedure for paying the remaining remuneration that applies to all affected employees equally and without discrimination. Any remuneration paid shall be based on the number of days of leave the employee had accrued and the compensation the employee received at the time he or she retired under section 1 or 3, chapter 234, Laws of 1992, or section 4 or 6 of this act.

PART IV - CITIES' PORTABILITY

Sec. 15. RCW 41.54.061 and 1990 c 192 s 3 are each amended to read as follows:

(1) The cities of Seattle, Spokane, and Tacoma shall each have the option of making an irrevocable election to have its employee retirement system included in the coverage of this chapter by adopting a resolution transmitting it to the director and the joint committee on pension policy prior to December (~~(+1990)~~) 31, 1993.

The resolution shall indicate the city's desire to be covered by this chapter and its willingness to pay for the additional cost it may incur as a result of the benefits provided by this chapter.

(2) This chapter shall become effective on January 1, (~~(+1994)~~) 1994, for each city which adopts a resolution pursuant to subsection (1) of this section. (~~((However, if all three cities adopt such resolutions prior to June 1, 1990, the provisions of this chapter shall become effective for those systems on July 1, 1990.))~~)

Sec. 16. RCW 41.54.040 and 1990 c 192 s 5 are each amended to read as follows:

(1) (~~(Except where subsection (4) of this section applies.))~~ The retirement allowances calculated under RCW 41.54.030 shall be paid separately by each

respective current and prior system. Any deductions from such separate payments shall be according to the provisions of the respective systems.

(2) Postretirement adjustments, if any, shall be applied by the respective systems based on the payments made under subsection (1) of this section.

(3) If a dual member dies in service in any system, the surviving spouse shall receive the same benefit from each system that would have been received if the member were active in the system at the time of death based on service actually established in that system. However, this subsection does not make a surviving spouse eligible for the survivor benefits provided in RCW 43.43.270.

(4) The department shall adopt rules under chapter 34.05 RCW to ensure that where a dual member has service in a system established under chapter 41.32, 41.40, 41.44, or 43.43 RCW and service under the city employee retirement system for Seattle, Tacoma, or Spokane, the ~~((entire))~~ additional cost incurred as a result of the dual member receiving a benefit under this chapter shall be borne by the ~~((city))~~ retirement system ~~((that the person is a member of))~~ incurring the additional cost.

PART V - RETIREMENT CONTRIBUTION RATES

Sec. 17. RCW 41.45.030 and 1989 c 273 s 3 are each amended to read as follows:

(1) ~~((The economic and revenue forecast council shall adopt the economic assumptions used by the state actuary in conducting valuation studies of the state retirement systems.~~

~~((2)))~~ Beginning September 1, 1989, and every six years thereafter, the state actuary shall submit to the council information regarding the experience and financial condition of each state retirement system.

(2) The council shall review the information submitted by the state actuary and shall ~~((recommend any adjustments which may be needed to the state or employer contribution rates contained in RCW 41.45.060 and 41.45.070 for the public employees' retirement system; the teachers' retirement system; the law enforcement officers' and fire fighters' retirement system; and the Washington state patrol retirement system))~~ adopt the economic assumptions used by the state actuary in conducting valuation studies of the state retirement systems.

(3) The council may utilize information provided by the state actuary and such other information as it may request.

PART VII - MISCELLANEOUS

NEW SECTION. Sec. 24. Part headings as used in this act do not constitute any part of the law.

NEW SECTION. Sec. 25. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Passed the Senate April 13, 1993.

Passed the House April 20, 1993.

Approved by the Governor May 18, 1993, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State May 18, 1993.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to sections 22 and 23, Engrossed Substitute Senate Bill No. 5888, entitled:

"AN ACT Relating to improvement of retirement system benefits;"

Engrossed Substitute Senate Bill No. 5888 provides for improvements to retirement system benefits. Sections 22 and 23 of the legislation proposed adding two additional legislators to the existing membership of the State Investment Board (SIB). While I

acknowledge the extreme importance of the SIB, the current membership of the board is a balance between legislative and executive branch representatives and representatives of the retirement system membership. In addition, the SIB has new members that are attempting to fulfill this serious responsibility to the State of Washington, and they should be allowed to determine their new direction before the composition of membership is altered.

With the exception of sections 22 and 23, Engrossed Substitute Senate Bill No. 5888 is approved."

(i) Beginning on July 1, 1993, the compensation amounts for the specified disabilities listed in (a) of this subsection shall be increased by thirty-two percent; and

(ii) Beginning on July 1, 1994, and each July 1 thereafter, the compensation amounts for the specified disabilities listed in (a) of this subsection, as adjusted under (b)(i) of this subsection, shall be readjusted to reflect the percentage change in the consumer price index, calculated as follows: The index for the calendar year preceding the year in which the July calculation is made, to be known as "calendar year A," is divided by the index for the calendar year preceding calendar year A, and the resulting ratio is multiplied by the compensation amount in effect on June 30 immediately preceding the July 1st on which the respective calculation is made. For the purposes of this subsection, "index" means the same as the definition in RCW 2.12.037(1).

(2) Compensation for amputation of a member or part thereof at a site other than those (~~above~~) specified in subsection (1) of this section, and for loss of central visual acuity and loss of hearing other than complete, shall be in proportion to that which such other amputation or partial loss of visual acuity or hearing most closely resembles and approximates. Compensation shall be calculated based on the adjusted schedule of compensation in effect for the respective time period as prescribed in subsection (1) of this section.

(3)(a) Compensation for any other permanent partial disability not involving amputation shall be in the proportion which the extent of such other disability, called unspecified disability, shall bear to (~~that above~~) the disabilities specified in subsection (1) of this section, which most closely resembles and approximates in degree of disability such other disability, and compensation for any other unspecified permanent partial disability shall be in an amount as measured and compared to total bodily impairment(~~(: PROVIDED, That in order)~~). To reduce litigation and establish more certainty and uniformity in the rating of unspecified permanent partial disabilities, the department shall enact rules having the force of law classifying such disabilities in the proportion which the department shall determine such disabilities reasonably bear to total bodily impairment. In enacting such rules, the department shall give consideration to, but need not necessarily adopt, any nationally recognized medical standards or guides for determining various bodily impairments.

(b) Until July 1, 1993, for purposes of calculating monetary benefits under (a) of this subsection, the amount payable for total bodily impairment shall be deemed to be ninety thousand dollars(~~(: PROVIDED, That)~~). Beginning on July 1, 1993, for purposes of calculating monetary benefits under (a) of this subsection, the amount payable for total bodily impairment shall be adjusted as follows:

(i) Beginning on July 1, 1993, the amount payable for total bodily impairment under this section shall be increased to one hundred eighteen thousand eight hundred dollars; and

(ii) Beginning on July 1, 1994, and each July 1 thereafter, the amount payable for total bodily impairment prescribed in (b)(i) of this subsection shall be adjusted as provided in subsection (1)(b)(ii) of this section.

(c) Until July 1, 1993, the total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed the sum of ninety thousand dollars(~~(: PROVIDED FURTHER, That in ease)~~). Beginning on July 1, 1993, total compensation for all unspecified permanent partial disabilities resulting from the same injury shall not exceed a sum calculated as follows:

(i) Beginning on July 1, 1993, the sum shall be increased to one hundred eighteen thousand eight hundred dollars; and

(ii) Beginning on July 1, 1994, and each July 1 thereafter, the sum prescribed in (b)(i) of this subsection shall be adjusted as provided in subsection (1)(b)(ii) of this section.

(4) If permanent partial disability compensation is followed by permanent total disability compensation, any portion of the permanent partial disability compensation which exceeds the amount that would have been paid the injured worker if permanent total disability compensation had been paid in the first instance, shall be deducted from the pension reserve of such injured worker and his or her monthly compensation payments shall be reduced accordingly.

~~((3))~~ (5) Should a worker receive an injury to a member or part of his or her body already, from whatever cause, permanently partially disabled, resulting in the amputation thereof or in an aggravation or increase in such permanent partial disability but not resulting in the permanent total disability of such worker, his or her compensation for such partial disability shall be adjudged with regard to the previous disability of the injured member or part and the degree or extent of the aggravation or increase of disability thereof.

~~((4))~~ (6) When the compensation provided for in subsections (1) ~~(and (2))~~ through (3) of this section exceeds three times the average monthly wage in the state as computed under the provisions of RCW 51.08.018, payment shall be made in monthly payments in accordance with the schedule of temporary total disability payments set forth in RCW 51.32.090 until such compensation is paid to the injured worker in full, except that the first monthly payment shall be in an amount equal to three times the average monthly wage in the state as computed under the provisions of RCW 51.08.018, and interest shall be paid at the rate of eight percent on the unpaid balance of such compensation commencing with the second monthly payment ~~(-PROVIDED, That)~~. However, upon application of the injured worker or survivor the monthly payment may be converted, in whole or in part, into a lump sum payment, in which event the monthly payment shall cease in whole or in part. Such conversion may be made only upon written application of the injured worker or survivor to the department and shall rest in the discretion of the department depending upon the merits of each individual application ~~(-PROVIDED FURTHER, That)~~. Upon the death of a worker all unpaid installments accrued shall be paid according to the payment schedule established prior to the death of the worker to the widow or widower, or if there is no widow or widower surviving, to the dependent children of such claimant, and if there are no such dependent children, then to such other dependents as defined by this title.

(7) Awards payable under this section are governed by the schedule in effect on the date of injury.

Such payments on account of a child or children not in the legal custody of such surviving spouse shall be apportioned equally among such children.

(c) Payments to the surviving spouse of the deceased worker shall cease at the end of the month in which remarriage occurs: PROVIDED, That a monthly payment shall be made to the child or children of the deceased worker from the month following such remarriage in a sum equal to five percent of the wages of the deceased worker for one child and a sum equal to five percent for each additional child up to a maximum of five such children. (g) If the surviving spouse during the remarriage should die without having previously received the lump sum payment provided in (2)(f)(i) of this section, his or her estate shall be entitled to receive the sum specified under subsection (2)(f)(i) of this section or fifty percent of the then remaining annuity value of his or her pension whichever is the lesser.

(i) If it should be necessary to increase the reserves in the reserve fund or to create a new pension reserve fund as a result of the amendments in chapter 45, Laws of 1975-'76 2nd ex. sess., the amount of such increase in pension reserve in any such case shall be transferred to the reserve fund from the supplemental pension fund.

(3) If there is a child or children and no surviving spouse of the deceased worker or the surviving spouse is not eligible for benefits under this title, a sum equal to thirty-five percent of the wages of the deceased worker shall be paid monthly for one child and a sum equivalent to fifteen percent of such wage shall be paid monthly for each additional child, the total of such sum to be divided among such children, share and share alike: PROVIDED, That benefits under this subsection or subsection (4) of this section shall not exceed the lesser of sixty-five percent of the wages of the deceased worker at the time of his or her death or ~~((one hundred percent))~~ the applicable percentage of the average monthly wage in the state as defined in RCW 51.08.018, ~~((which ever is the lesser of the two sums:))~~ as follows:

The limitations under this subsection shall not apply to the payments provided for in subsection (3) of this section.

(6) In the case of new or reopened claims, if the supervisor of industrial insurance determines that, at the time of filing or reopening, the worker is voluntarily retired and is no longer attached to the work force, benefits shall not be paid under this section.

(7) The benefits provided by this section are subject to modification under RCW 51.32.067.

Sec. 3. RCW 51.32.090 and 1988 c 161 s 4 are each amended to read as follows:

(1) When the total disability is only temporary, the schedule of payments contained in RCW 51.32.060 (1) and (2) shall apply, so long as the total disability continues.

(2) Any compensation payable under this section for children not in the custody of the injured worker as of the date of injury shall be payable only to such person as actually is providing the support for such child or children pursuant to the order of a court of record providing for support of such child or children.

(3) As soon as recovery is so complete that the present earning power of the worker, at any kind of work, is restored to that existing at the time of the occurrence of the injury, the payments shall cease. If and so long as the present earning power is only partially restored, the payments shall continue in the proportion which the new earning power shall bear to the old. No compensation shall be payable unless the loss of earning power shall exceed five percent.

(4) Whenever an employer requests that a worker who is entitled to temporary total disability under this chapter be certified by a physician as able to perform available work other than his or her usual work, the employer shall furnish to the physician, with a copy to the worker, a statement describing the available work in terms that will enable the physician to relate the physical activities of the job to the worker's disability. The physician shall then determine whether the worker is physically able to perform the work described. If the worker is released by his or her physician for said work, and the work thereafter comes to an end before the worker's recovery is sufficient in the

judgment of his or her physician to permit him or her to return to his or her usual job, or to perform other available work, the worker's temporary total disability payments shall be resumed. Should the available work described, once undertaken by the worker, impede his or her recovery to the extent that in the judgment of his or her physician he or she should not continue to work, the worker's temporary total disability payments shall be resumed when the worker ceases such work.

Once the worker returns to work under the terms of this subsection, he or she shall not be assigned by the employer to work other than the available work described without the worker's written consent, or without prior review and approval by the worker's physician.

In the event of any dispute as to the worker's ability to perform the available work offered by the employer, the department shall make the final determination.

(5) No worker shall receive compensation for or during the day on which injury was received or the three days following the same, unless his or her disability shall continue for a period of fourteen consecutive calendar days from date of injury: PROVIDED, That attempts to return to work in the first fourteen days following the injury shall not serve to break the continuity of the period of disability if the disability continues fourteen days after the injury occurs.

(6) Should a worker suffer a temporary total disability and should his or her employer at the time of the injury continue to pay him or her the wages which he or she was earning at the time of such injury, such injured worker shall not receive any payment provided in subsection (1) of this section during the period his or her employer shall so pay such wages.

(7) In no event shall the monthly payments provided in this section exceed ~~((one hundred percent))~~ the applicable percentage of the average monthly wage in the state as computed under the provisions of RCW 51.08.018((-)) as follows:

(2) Allocations for certificated staff salaries for the 1991-92 and 1992-93 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Small school enrollments in kindergarten through grade six shall generate funding under (a) of this subsection, and shall not generate allocations under (d) and (e) of this subsection, if the staffing allocations generated under (a) of this subsection exceed those generated under (d) and (e) of this subsection. The certificated staffing allocations shall be as follows:

(a) On the basis of average annual full time equivalent enrollments, excluding full time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(i) Four certificated administrative staff units for each one thousand full time equivalent kindergarten through twelfth grade students excluding full time equivalent handicapped enrollment as recognized for funding purposes under section 509 of this act;

(ii) 54.3 certificated instructional staff units for each one thousand full time equivalent students in kindergarten through third grade, excluding full time equivalent handicapped students ages six through eight; and

(iii) Forty-six certificated instructional staff units for each one thousand full time equivalent students, excluding full time equivalent handicapped students ages nine and above;

(b) For school districts with a minimum enrollment of 250 full time equivalent students, whose full time equivalent student enrollment count in a given month exceeds the first of the month full time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full time equivalent students been included in the normal enrollment count for that particular month;

(c) On the basis of full time equivalent enrollment in vocational education programs and skill center programs approved by the superintendent of public instruction, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 16.67 full time equivalent vocational students;

(d) For districts enrolling not more than twenty-five average annual full time equivalent students in kindergarten through grade eight, and for small school plants within any school district which have been judged to be remote and necessary by the state board of education and enroll not more than twenty-five average annual full time equivalent students in kindergarten through grade eight:

(i) For those enrolling no students in grades seven and eight, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(ii) For those enrolling students in grades seven or eight, 1.68 certificated instructional staff units and 0.32 certificated administrative staff units for enrollment of not more than five students, plus one-tenth of a certificated instructional staff unit for each additional student enrolled.

(e) For specified enrollments in districts enrolling more than twenty-five but not more than one hundred average annual full time equivalent students in kindergarten through grade eight, and for small school plants within any school district which enroll more than twenty-five average annual full time equivalent kindergarten through eighth grade students and have been judged to be remote and necessary by the state board of education:

(i) For enrollment of up to sixty annual average full time equivalent students in kindergarten through grade six, 2.76 certificated instructional staff units and 0.24 certificated administrative staff units; and

(ii) For enrollment of up to twenty annual average full time equivalent students in grades seven and eight, 0.92 certificated instructional staff units and 0.08 certificated administrative staff units.

(i) For remote and necessary schools enrolling students in any grades nine through twelve but no more than twenty-five average annual full time equivalent kindergarten through twelfth grade students, four and one-half certificated instructional staff units and one-quarter of a certificated administrative staff unit;

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full time equivalent students.

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational and handicapped full time equivalent students.

(g) For each nonhigh school district having an enrollment of more than seventy annual average full time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit;

(h) For each nonhigh school district having an enrollment of more than fifty annual average full time equivalent students and less than one hundred eighty students, operating a grades K-6 program or a grades 1-6 program, an additional one-half of a certificated instructional staff unit.

(3) Allocations for classified salaries for the 1991-92 and 1992-93 school years shall be calculated using formula-generated classified staff units determined as follows:

(a) For enrollments generating certificated staff unit allocations under subsection (2) (d) through (h) of this section, one classified staff unit for each three certificated staff units allocated under such subsections.

(b) For all other enrollment in grades kindergarten through twelve, including vocational but excluding handicapped full time equivalent enrollments, one classified staff unit for each sixty average annual full time equivalent students.

(c) For each nonhigh school district with an enrollment of more than fifty annual average full time equivalent students and less than one hundred eighty students, an additional one-half of a classified staff unit.

(4) Fringe benefit allocations shall be calculated at a rate of ~~((21.11))~~ 21.25 percent in the 1991-92 school year and ~~((20.30))~~ 20.75 percent in the 1992-93 school year of certificated salary allocations provided under subsection (2) of this section, and a rate of ~~((18.84))~~ 19.09 percent in the 1991-92 school year and ~~((18.53))~~ 18.66 percent in the 1992-93 school year of classified salary allocations provided under subsection (3) of this section.

(5) Insurance benefit allocations shall be calculated at the rates specified in section 505 of this act, based on:

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2) (a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$6,848 per certificated staff unit in the 1991-92 school year and a maximum of \$7,060 per certificated staff unit in the 1992-93 school year.

(b) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(c) of this section, there shall be provided a maximum of \$13,049 per certificated staff unit in the 1991-92 school year and a maximum of \$13,454 per certificated staff unit in the 1992-93 school year.

(7) Allocations for substitute costs for classroom teachers shall be distributed at a maximum rate of \$318 for the 1991-92 school year and \$318 per year for the 1992-93 school year for allocated classroom teachers. Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported state-wide for the 1990-91 school year.

(8) The superintendent may distribute a maximum of \$4,690,000 outside the basic education formula during fiscal years 1992 and 1993 as follows:

(a) For fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW, a maximum of \$386,000 may be expended in fiscal year 1992 and a maximum of \$398,000 may be expended in fiscal year 1993.

(b) For summer vocational programs at skills centers, a maximum of \$1,766,000 may be expended in fiscal year 1992 and a maximum of \$1,856,000 may be expended in fiscal year 1993.

(c) A maximum of \$284,000 may be expended for school district emergencies.

(9) For the purposes of RCW 84.52.0531, the increase per full time equivalent student in state basic education appropriations provided under this act, including appropriations for salary and benefits increases, is 5.6 percent from the 1990-91 school year to the 1991-92 school year, and 5.0 percent from the 1991-92 school year to the 1992-93 school year.

(10) A maximum of \$2,450,000 may be expended in the 1991-92 fiscal year and a maximum of \$2,450,000 may be expended in the 1992-93 fiscal year for high technology vocational equipment for secondary vocational education programs and skill centers.

(11)(a) Funds provided under subsection (2)(a)(ii) of this section in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(c), shall be allocated only if the district documents an actual ratio equal to or greater than 54.3 certificated instructional staff per thousand full time equivalent students in grades K-3. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual K-3 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(c), if greater.

(b) Districts at or above 51.0 certificated instructional staff per one thousand full time equivalent students in grades K-3 may dedicate up to 1.3 of the 54.3 funding ratio to employ additional classified instructional assistants assigned to basic education classrooms in grades K-3. For purposes of documenting a district's staff ratio under subsection (11)(a) and (c) of this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district's actual certificated instructional staff ratio. Additional classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year.

(c) Any district maintaining a ratio equal to or greater than 54.3 certificated instructional staff per thousand full time equivalent students in grades K-3 may use allocations generated under subsection (2)(a)(ii) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(c) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 4-6. Funds allocated under this section shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants.

(12) The superintendent of public instruction shall study the rate of staff per student if current levels of certificated instructional staffing and paraprofessionals are counted together as "classroom resources." A report identifying "classroom resource" per pupil rates shall be provided to the appropriate fiscal and policy committees of the house of representatives and senate by January 10, 1992.

Sec. 502. 1992 c 232 s 503 is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION—BASIC EDUCATION EMPLOYEE COMPENSATION INCREASES

General Fund Appropriation \$ ~~((206,433,000))~~
208,927,000

The appropriation in this section is subject to the following conditions and limitations:

(1) The following calculations determine the salaries used in the general fund allocations for certificated instructional, certificated administrative, and classified staff units under section 502 of this act:

(a) Salary allocations for certificated instructional staff units shall be determined for each district by multiplying the district's certificated instructional derived base salary shown on LEAP Document 12A, by the district's average staff mix factor for basic education certificated instructional staff in that school year, computed using LEAP Document 1A.

(b) Salary allocations for certificated administrative staff units and classified staff units for each district shall be based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 12A.

(2) For the purposes of this section:

(a) "Basic education certificated instructional staff" is defined as provided in RCW 28A.150.100.

(b) "LEAP Document 1A" means the computerized tabulation establishing staff mix factors for basic education certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on April 8, 1991, at 13:35 hours.

(c) "LEAP Document 12A" means the computerized tabulation of 1990-91, 1991-92, and 1992-93 school year salary allocations for basic education certificated administrative staff and basic education classified staff and derived base salaries for basic education certificated instructional staff as developed by the legislative evaluation and accountability program committee on January 15, 1992, at 12:00 hours.

(3) Incremental fringe benefits factors shall be applied to salary increases at a rate of ~~((1.2047))~~ 1.2061 for certificated salaries and ~~((1.1534))~~ 1.1559 for classified salaries for the 1991-92 school year. For the 1992-93 school year, the rate for certificated salaries shall be ~~((1.1966))~~ 1.2011 and the rate for classified salaries shall be ~~((1.1503))~~ 1.1516.

(4) The increase for each certificated administrative staff unit provided under section 502 of this act shall be the 1990-91 state-wide average certificated administrative salary increased by 4.0 percent for the 1991-92 school year, and further increased by 3.0 percent for the 1992-93 school year, as shown on LEAP Document 12A.

(5) The increase for each classified staff unit provided under section 502 of this act shall be the 1990-91 state-wide average classified salary increased by 4.0

percent for the 1991-92 school year and further increased by 3.0 percent for the 1992-93 school year, as shown on LEAP Document 12A.

(6) Increases for certificated instructional staff units provided under section 502 of this act shall be the difference between the salary allocation specified in subsection (1)(a) of this section and the salary allocation specified as follows:

(a) For the 1991-92 school year, the allocation for each certificated instructional staff unit shall be the 1991-92 derived base salary, as shown on LEAP Document 12A, multiplied by the district's average staff mix factor for actual 1991-92 full time equivalent basic education certificated instructional staff using LEAP Document 1A.

(b) For the 1992-93 school year, the allocation for each certificated instructional staff unit shall be the 1992-93 derived base salary, as shown on LEAP Document 12A, multiplied by the district's average staff mix factor for actual 1992-93 full time equivalent basic education certificated instructional staff using LEAP Document 1A.

(7)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations for the 1991-92 and 1992-93 school years:

NEW SECTION. Sec. 902. A new section is added to chapter 16, Laws of 1991 sp.s. to read as follows:

SPENDING CONTROLS. (1) All agencies, including those headed by elected officials and appointed boards or commissions, shall control costs to ensure that operating expenditures for capital outlays and noncapitalized fixed assets for the period beginning April 1, 1993, and ending June 30, 1993, will not exceed the sum of that agency's monthly allotments for capital outlays and noncapitalized fixed assets for that same time period.

(2) All agencies, including those headed by elected officials and appointed boards or commissions, shall control costs to ensure that expenditures of state general fund appropriations for the period beginning April 1, 1993, and ending June 30, 1993, will not exceed the sum of that agency's monthly allotments of state general fund expenditures for that same time period.

(3) All agencies over one hundred employees, including those headed by elected officials and appointed boards or commissions, are directed to place into reserve status one percent of their April through June allotments for salaries. It is intended that these savings be achieved through the fiscal limitations imposed in the Governor's January 13, 1993, directive. Expenditure control mechanisms are assumed to include attrition, administrative efficiencies, and reductions in nonessential travel and purchases. The office of financial management shall issue agency savings targets and instructions for allotment amendment submittals.

Exceptions for the limitations described in subsections (1) through (3) of this section may be granted by the office of financial management only in cases of preexisting legal obligations or emergency conditions.

For the purposes of this section, "allotments" are considered to be the January 31, 1993, office of financial management approved expenditure plan as revised for any 1993 supplemental appropriations.

NEW SECTION. Sec. 903. A new section is added to chapter 43.105 RCW to read as follows:

UNAUTHORIZED DATA PROCESSING EXPENDITURES. No state agency may expend any moneys for major information technology projects subject to review by the department of information services under RCW 43.105.190 unless specifically authorized by the legislature. An intentional or negligent violation of this section constitutes a violation of RCW 43.88.290 and shall subject the head of the agency to forfeiture of office and other civil penalties as provided under RCW 43.88.300.

If the director of information services intentionally or negligently approved an expenditure in violation of this section, then all sanctions described in this section and RCW 43.88.300 shall also apply to the director of information services.

NEW SECTION. Sec. 904. SEVERABILITY. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of

the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. **Sec. 905. EMERGENCY CLAUSE.** This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and shall take effect immediately.

Through a clerical error in the 1993 legislative process, this material was inadvertently reinserted into the section.
