Code, 1927
Sup.

Bovine animals to be examined and tested for tuberculosis.

Section 11. It is hereby made the duty of the director of agriculture of the state to cause all bovine animals within the state to be examined and tested to ascertain whether or not the same are infected with tuberculosis, such tests and examinations to be made under the supervision of the director of agriculture by any duly authorized veterinarian inspector of the department of agriculture, such tests to be made in such manner, and at such reasonable and seasonable times, and in such counties or localities as the director of agriculture may from time to time prescribe.

Bovine owners to petition director.

The giving of such tests and examinations shall commence immediately upon the taking effect of this act in any county or counties which the director of agriculture may select. *Provided, however,* That the owners of a majority of the bovine animals in any county, as shown by the last assessment roll in such county, may petition the director of agriculture to have the bovine animals in the county of their residence tested and examined forthwith, said petition to be filed with the county auditor in the county where such animals are located, and it shall be the duty of the county auditor of such county immediately upon the filing of such a petition to forward to the director of agriculture a certified copy of such petition. The director of agriculture upon receipt of the first petition so filed shall immediately cause the bovine animals in such county to be tested, and tuberculin tests in other counties shall be made under the direction of the director of agriculture in the order in which said petitions are filed as herein provided except when in the opinion of the director of agriculture an emergency exists, by reason of the outbreak of contagious or infectious diseases of animals, and in such event all or any portion of the tests being conducted in the state may be suspended until such time as the director of agriculture shall decide
