ENEMY #2 SOVIET ISLAMIC TERROR

"ONLY A COALITION OF ISLAMISTS AND MARXISTS CAN DESTROY THE UNITED STATES." - Jack Ramirez Sanchez, AKA Carlos the Jackal

In 1989 came to an end, Palestinian terrorists trained at the KGB's elite special operations school west of Moscow, had hijacked their TWA Flight 847 plane and landed it in Algeria, where its thirty-two Israeli passengers were held hostage for five weeks. The hijacking had been planned and coordinated by the KGB's Tuzluevich Department, headed by Soviet spy intelligence agent in the Department for West...

The only people that give a crap about the GOP is the GOP. The silent majority that came out and voted for Trump care more about principal and what you're getting done. Standing up for what is right. The average soccer mom is just a GOP drone there going to be a good little sheep and do as they're told. They are going to vote party lines or not vote at all. The conservative power base has been pushed to the point they really do give a crap what anybody says they want to see what you're doing. Right now flushing out corruption is huge. And people don't care what side aisle it's on they want to corruption gone and exposed. We don't give a crap an elected official is loyal to the party what we want to know and see is that that elected official is loyal to the American people the Constitution

Scout (JUN 6, 2018 11:00 AM)
SCGOP chair is weak. Ducks and cover at the first shots fired by the Liberals. They are supposed to be fighting for us we want them to move to contact. Most corruption can be fixed by removing the cowards.

John Jacob Schmidt (JUN 6, 2018 11:30 AM)
I'm completely objective about Cecily Wright. Have always liked her. Was disheartening to see her shoot her letter (seemingly) unilaterally, potentially bringing unjust harm to a patriot, and an elected one at that. See that her letter was in response to conjecture. I can't find what racist or bigoted statements she's trying to distance the SCGOP from.

Verumbellator (JUN 6, 2018 11:31 AM)
Here's my two cents. Anthony I think you should reach out to him and if he is legit (not racist or a plant) make him an ally. I would ignore the GOP. This release was likely from a request by CMR directly. I wouldn't even talk about this publicly other than to generally say the SPLC Has been smearing a lot of good people lately To Eric's point.

John Jacob Schmidt (JUN 6, 2018 11:31 AM)
Agreed!

Verumbellator (JUN 6, 2018 11:34 AM)
Even better that the SPLC smeared a soccer mom in Kris Anne Hall

I think it shows some members of Congress are starting to listen.

Everyday shows more and more indicators that were sitting on the edge of a civil war between two governmental factions. I don't think we're going to make 6 years before we see shots fired

Agreed. Banana Republic sums it up quite well. Never thought I'd see this come to our country in my lifetime.
