Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 48.22.030 and 2004 c 90 s 1 are each amended to read as follows:

(1) "Underinsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance, or use of which either no bodily injury or property damage liability bond or insurance policy applies at the time of an accident, or with respect to which the sum of the limits of liability under all bodily injury or property damage liability bonds and insurance policies applicable to a covered person after an accident is less than the applicable damages which the covered person is legally entitled to recover.

(2) No new policy or renewal of an existing policy insuring against loss resulting from liability imposed by law for bodily injury, death, or property damage, suffered by any person arising out of the ownership, maintenance, or use of a motor vehicle shall be issued with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of underinsured motor vehicles, hit-and-run motor vehicles, and phantom vehicles because of bodily injury, death, or property damage, resulting therefrom, except while operating or occupying a motorcycle or motor-driven cycle, and except while operating or occupying a motor vehicle owned or available for the regular use by the named insured or any family member, and which is not insured under the liability coverage of the policy. The coverage required to be offered under this chapter is not applicable to general liability policies, commonly known as umbrella policies, or other policies which apply only as excess to the insurance directly applicable to the vehicle insured.

(3) Except as to property damage, coverage required under subsection (2) of this section shall be in the same amount as the insured's third party liability coverage unless the insured rejects all or part of the coverage as provided in subsection (4) of this section. Coverage for property damage need only be issued in conjunction with coverage for bodily injury or death. Property damage coverage required under subsection (2) of this section shall mean physical damage to the insured motor vehicle unless the policy specifically provides coverage for the contents thereof or other forms of property damage.

(4) A named insured or spouse may reject, in writing, underinsured coverage for bodily injury or death, or property damage, and the requirements of subsections (2) and (3) of this section shall not apply. If a named insured or spouse has rejected underinsured coverage, such coverage shall not be included in any supplemental or renewal policy unless a named insured or spouse subsequently requests such coverage in writing. The requirement of a written rejection under this subsection shall apply only to the original issuance of policies issued after July 24, 1983, and not to any renewal or replacement policy.

(5) The limit of liability under the policy coverage may be defined as the maximum limits of liability for all damages resulting from any one accident regardless of the number of covered persons, claims made, or vehicles or premiums shown on the policy, or premiums paid, or vehicles involved in an accident.

(6) The policy may provide that if an injured person has other similar insurance available to him under other policies, the total limits of liability of all coverages shall not exceed the higher of the applicable limits of the respective coverages.

(7)(a) The policy may provide for a deductible of not more than three hundred dollars for payment for property damage when the damage is caused by a hit-and-run driver or a phantom vehicle.

(b) In all other cases of underinsured property damage coverage, the policy may provide for a deductible of not more than one hundred dollars.

(8) For the purposes of this chapter, a "phantom vehicle" shall mean a motor vehicle which causes bodily injury, death, or property damage to an insured and has no physical contact with the insured or the vehicle which the insured is occupying at the time of the accident if:

(a) The facts of the accident can be corroborated by competent evidence other than the testimony of the insured or any person having an underinsured motorist claim resulting from the accident; and

(b) The accident has been reported to the appropriate law enforcement agency within seventy-two hours of the accident.

(9) An insurer who elects to write motorcycle or motor-driven cycle insurance in this state must provide information to prospective insureds about the coverage.

(10) An insurer who elects to write motorcycle or motor-driven cycle insurance in this state must provide an opportunity for named insureds, who have purchased liability coverage for a motorcycle or motor-driven cycle, to reject underinsured coverage for that motorcycle or motor-driven cycle in writing."

(2) Within available resources, recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and annually report to the governor and the legislature concerning the department's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) Investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency: PROVIDED, That an investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) Monitor out-of-home placements, on a timely and routine basis, to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010, and annually submit a report measuring the extent to which the department achieved the specified goals to the governor and the legislature.

(6) Have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. (8) Have authority to purchase care for children; and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

Eligibility requirements shall include active enrollment in a posthigh school academic or vocational program and maintenance of a 2.0 grade point average.

(11) Refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(12) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

(14) Have authority to provide independent living services to youths, including individuals who have attained eighteen ~~((through twenty))~~ years of age, and have not attained twenty-one years of age who are or have been in foster care.

NEW SECTION. Sec. 2. Nothing in this act shall be construed to create:

(2) Judicial authority to extend the jurisdiction of juvenile court in a proceeding under chapter 13.34 RCW to a youth who has attained eighteen years of age or to order the provision of services to the youth; or

"**Sec. 1.** RCW 70.95L.005 and 1993 c 118 s 1 are each amended to read as follows:

The legislature hereby finds and declares that:

(1) Phosphorus loading of surface waters can stimulate the growth of weeds and algae, and that such growth can have adverse environmental, health, and aesthetic effects;

(2) Household detergents contribute to phosphorus loading, and that a limit on detergents containing phosphorus can significantly reduce the discharge of phosphorus into the state's surface and ground waters;

(3) Household detergents containing no or very low phosphorus are readily available and that over thirty percent of the United States population lives in areas with a ban on detergents containing phosphorus; ~~(and)~~

(4) Phosphorus limits on household detergents can significantly reduce treatment costs at those sewage treatment facilities that remove phosphorus from the waste stream; ~~and~~

(5) While significant reductions of phosphorus from laundry detergent have been accomplished, similar progress in reducing phosphorus contributions from dishwashing detergents has not been achieved.

It is therefore the intent of the legislature to impose a statewide limit on the phosphorus content of household detergents.

HOUSE BILL NO. 2348, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 2, 2006

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2381, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that beavers have historically played a significant role in maintaining the health of watersheds in the Pacific Northwest and act as key agents in riparian ecology. The live trapping and relocating of beavers has long been recognized as a beneficial wildlife management practice, and has been successfully utilized to restore and maintain stream ecosystems for over fifty years. The benefits of active beaver populations include reduced stream sedimentation, stream temperature moderation, higher dissolved oxygen levels, overall improved water quality, increased natural water storage capabilities within watersheds, and reduced stream velocities. These benefits improve and create habitat for many other species, including endangered salmon, river otters, sandhill cranes, trumpeter swans, and other riparian and aquatic species. Relocating beavers into their historic habitat provides a natural mechanism for improving the

environmental conditions in Washington's riparian ecosystems without having to resort to governmental regulation or expensive publically funded engineering projects.

NEW SECTION. Sec. 2. A new section is added to chapter 77.32 RCW to read as follows:

(1) The department shall offer a beaver relocation permit that allows the holder or the holder's agent to capture live beavers in the areas of the state where elevated beaver populations are considered a nuisance, transport the beavers, and release the live beavers on property owned or managed by the permit holder. Priority of issuing permits must be based on properties in which beaver populations are considered a nuisance.

(2) The department may limit the availability of beaver relocation permits to areas of the state where:

(a) There is a low probability of released beavers becoming a nuisance;

(b) Conditions exist for released beavers to improve, maintain, or manage stream or riparian ecosystem functions; and

(c) There is evidence of historic endemic beaver populations.

(3) The department may condition beaver relocation permits to maximize the relocation's success and minimize risk. Factors that the department may condition include:

(a) Stream gradient;

(b) Sufficiency of the water supply;

(c) Stream geomorphology;

(d) Adequacy of a food source;

(e) Proper site elevation and valley width;

(f) Age of the beavers relocated;

(g) Times of year for capture and relocation;

(h) Requirements for the capture, handling, and transport of the live beavers;

(i) Minimum and maximum numbers of beavers that can be relocated in one area; and

(j) Requirements for the permit holder to initially provide supplemental food and lodge building materials.

(4) The department shall provide beaver relocation permits at no charge to the applicant.

(5) The holder of a beaver relocation permit must either obtain a trapping license under RCW 77.65.450 or employ a trapper licensed under RCW 77.65.450 to capture and transport the beavers that are to be relocated.

(6) Nothing in this section creates any liability against the state or the beaver relocation permit holder nor authorizes any private right of action for any damages subsequently caused by beavers released pursuant to a beaver relocation permit.

(7) For the purposes of this section only, beaver may be relocated from west of the crest of the Cascade mountains to areas east of the crest of the Cascade mountains, but may not be relocated to any area west of the crest of the Cascade mountains.

NEW SECTION. Sec. 3. A new section is added to chapter 77.36 RCW to read as follows:

Whenever the department undertakes the trapping of nuisance or problem-causing beavers, the department must, if the option is available, capture the beavers with a live trap and work with the holders of beaver relocation permits issued under section 2 of this act to relocate the beavers onto properties that have requested their placement."

On page 1, line 2 of the title, after "species;" strike the remainder of the title and insert "adding a new section to chapter 77.32 RCW; adding a new section to chapter 77.36 RCW; and creating a new section."

and the same is herewith transmitted.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 48.22.030 and 2004 c 90 s 1 are each amended to read as follows:

(1) "Underinsured motor vehicle" means a motor vehicle with respect to the ownership, maintenance, or use of which either no bodily injury or property damage liability bond or insurance policy applies at the time of an accident, or with respect to which the sum of the limits of liability under all bodily injury or property damage liability bonds and insurance policies applicable to a covered person after an accident is less than the applicable damages which the covered person is legally entitled to recover.

(2) No new policy or renewal of an existing policy insuring against loss resulting from liability imposed by law for bodily injury,

death, or property damage, suffered by any person arising out of the ownership, maintenance, or use of a motor vehicle shall be issued with respect to any motor vehicle registered or principally garaged in this state unless coverage is provided therein or supplemental thereto for the protection of persons insured thereunder who are legally entitled to recover damages from owners or operators of underinsured motor vehicles, hit-and-run motor vehicles, and phantom vehicles because of bodily injury, death, or property damage, resulting therefrom, except while operating or occupying a motorcycle or motor-driven cycle, and except while operating or occupying a motor vehicle owned or available for the regular use by the named insured or any family member, and which is not insured under the liability coverage of the policy. The coverage required to be offered under this chapter is not applicable to general liability policies, commonly known as umbrella policies, or other policies which apply only as excess to the insurance directly applicable to the vehicle insured.

(3) Except as to property damage, coverage required under subsection (2) of this section shall be in the same amount as the insured's third party liability coverage unless the insured rejects all or part of the coverage as provided in subsection (4) of this section. Coverage for property damage need only be issued in conjunction with coverage for bodily injury or death. Property damage coverage required under subsection (2) of this section shall mean physical damage to the insured motor vehicle unless the policy specifically provides coverage for the contents thereof or other forms of property damage.

(4) A named insured or spouse may reject, in writing, underinsured coverage for bodily injury or death, or property damage, and the requirements of subsections (2) and (3) of this section shall not apply. If a named insured or spouse has rejected underinsured coverage, such coverage shall not be included in any supplemental or renewal policy unless a named insured or spouse subsequently requests such coverage in writing. The requirement of a written rejection under this subsection shall apply only to the original issuance of policies issued after July 24, 1983, and not to any renewal or replacement policy.

(5) The limit of liability under the policy coverage may be defined as the maximum limits of liability for all damages resulting from any one accident regardless of the number of covered persons, claims made, or vehicles or premiums shown on the policy, or premiums paid, or vehicles involved in an accident.

(6) The policy may provide that if an injured person has other similar insurance available to him under other policies, the total limits of liability of all coverages shall not exceed the higher of the applicable limits of the respective coverages.

(7)(a) The policy may provide for a deductible of not more than three hundred dollars for payment for property damage when the damage is caused by a hit-and-run driver or a phantom vehicle.

(b) In all other cases of underinsured property damage coverage, the policy may provide for a deductible of not more than one hundred dollars.

(8) For the purposes of this chapter, a "phantom vehicle" shall mean a motor vehicle which causes bodily injury, death, or property damage to an insured and has no physical contact with the insured or the vehicle which the insured is occupying at the time of the accident if:

(a) The facts of the accident can be corroborated by competent evidence other than the testimony of the insured or any person having an underinsured motorist claim resulting from the accident; and

(b) The accident has been reported to the appropriate law enforcement agency within seventy-two hours of the accident.

(9) An insurer who elects to write motorcycle or motor-driven cycle insurance in this state must provide information to prospective insureds about the coverage.

(10) If the covered person seeking underinsured motorist coverage under this section was the intended victim of the tortfeasor, the incident must be reported to the appropriate law enforcement agency and the covered person must cooperate with any related law enforcement investigation.

(11) The purpose of this section is to protect innocent victims of motorists of underinsured motor vehicles. Covered persons are entitled to coverage without regard to whether an incident was intentionally caused. A person is not entitled to coverage if the

insurer can demonstrate that the covered person intended to cause the damage for which underinsured motorists' coverage is sought. As used in this section, and in the section of policies providing the underinsured motorist coverage described in this section, "accident" means an occurrence that is unexpected and unintended from the standpoint of the covered person.

(12) "Underinsured coverage," for the purposes of this section, means coverage for "underinsured motor vehicles," as defined in subsection (1) of this section."

On page 1, line 2 of the title, after "motorists;" strike the remainder of the title and insert "and amending RCW 48.22.030."

The legislative body of a county may, by ordinance, designate a road or highway within its boundaries to be suitable for use by off-road vehicles if the road or highway is a direct connection between a city with a population of less than three thousand persons and an off-road vehicle recreation facility.

Sec. 5. RCW 46.37.010 and 2005 c 213 s 7 are each amended to read as follows:

(10) Whenever a traffic infraction is chargeable to the owner or lessee of a vehicle under subsection (1) of this section, the driver shall not be arrested or issued a notice of traffic infraction unless the vehicle is registered in a jurisdiction other than Washington state, or unless the infraction is for an offense that is clearly within the responsibility of the driver.

(11) Whenever the owner or lessee is issued a notice of traffic infraction under this section the court may, on the request of the owner or lessee, take appropriate steps to make the driver of the vehicle, or any other person who directs the loading, maintenance, or operation of the vehicle, a codefendant. If the codefendant is held solely responsible and is found to have committed the traffic infraction, the court may dismiss the notice against the owner or lessee.

Sec. 6. RCW 4.24.210 and 2003 c 39 s 2 and 2003 c 16 s 2 are each reenacted and amended to read as follows:

(3) Any public or private landowner, or others in lawful possession and control of the land, may charge an administrative fee of up to twenty-five dollars for the cutting, gathering, and removing of firewood from the land.

(4) Nothing in this section shall prevent the liability of a landowner or others in lawful possession and control for injuries sustained to users by reason of a known dangerous artificial latent condition for which warning signs have not been conspicuously posted. A fixed anchor used in rock climbing and put in place by someone other than a landowner is not a known dangerous artificial latent condition and a landowner under subsection (1) of this section shall not be liable for unintentional injuries resulting from the condition or use of such an anchor. Nothing in RCW 4.24.200 and ~~((4.24.210))~~ this section limits or expands in any way the doctrine of attractive nuisance. Usage by members of the public, volunteer groups, or other users is permissive and does not support any claim of adverse possession.

(5) For purposes of this section, the following are not fees:

(a) A license or permit issued for statewide use under authority of chapter 79A.05 RCW or Title 77 RCW ~~((is not a fee)); and~~

HOUSE BILL NO. 2975, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 1, 2006

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2985, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that foster children have enhanced health care needs and that it is necessary to improve the system of providing health care for foster children. The legislature further recognizes the importance of meeting the mental health needs of children in foster care, as well as their medical and dental health care needs. The legislature finds that there must be greater coordination and integration of systems, in particular coordination between children's administration and the health and recovery services administration as well as other agencies that provide or pay for health services for foster youth, to ensure that the health care needs of children in foster care are met in a timely manner.

NEW SECTION. Sec. 2. A new section is added to chapter 13.34 RCW to read as follows:

Whenever a child is ordered removed from his or her home pursuant to this chapter, the agency charged with his or her care may authorize an evaluation and treatment for the child's routine and necessary medical, dental, or mental health care, and all necessary emergency care.

Sec. 3. RCW 74.13.031 and 2004 c 183 s 3 are each amended to read as follows:

The department shall have the duty to provide child welfare services and shall:

(1) Develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and annually report to the governor and the legislature concerning the department's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the

passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) Investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency: PROVIDED, That an investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) Monitor out-of-home placements, on a timely and routine basis, to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010, and annually submit a report measuring the extent to which the department achieved the specified goals to the governor and the legislature.

(6) Have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(7) Have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(12) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department of social and health services under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by

(c) Improving coordination of health care for children in foster care, including medical, dental, and mental health care;

(d) Improving access to health information available to the children's administration for providers of health services for children in foster care, including the use of the child profile as a means to facilitate access to such information;

In establishing a medical home, the department shall consider primary care that is accessible, continuous, comprehensive, family centered, coordinated, compassionate, and culturally effective;

(f) Examining how existing resources are being utilized to provide health care for foster children and options for improving how the resources are utilized. Particular emphasis shall be placed on the following:

(i) Whether the health care services provided to foster children are evidence-based;

MESSAGE FROM THE SENATE

February 28, 2006

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 3139, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 7.70.065 and 2005 c 440 s 2 are each amended to read as follows:

(1) Informed consent for health care for a patient who is not competent, as defined in RCW 11.88.010(1)(e), to consent may be obtained from a person authorized to consent on behalf of such patient.

(a) Persons authorized to provide informed consent to health care on behalf of a patient who is not competent to consent, based upon a reason other than incapacity as defined in RCW 11.88.010(1)(d), shall be a member of one of the following classes of persons in the following order of priority:

(i) The appointed guardian of the patient, if any;

(ii) The individual, if any, to whom the patient has given a durable power of attorney that encompasses the authority to make health care decisions;

(iii) The patient's spouse;

(iv) Children of the patient who are at least eighteen years of age;

(v) Parents of the patient; and

(vi) Adult brothers and sisters of the patient.

(b) If the health care provider seeking informed consent for proposed health care of the patient who is not competent to consent under RCW 11.88.010(1)(e), other than a person determined to be incapacitated because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, makes reasonable efforts to locate and secure authorization from a competent person in the first or succeeding class and finds no such person available, authorization may be given by any person in the next class in the order of descending priority. However, no person under this section may provide informed consent to health care:

(i) If a person of higher priority under this section has refused to give such authorization; or

(ii) If there are two or more individuals in the same class and the decision is not unanimous among all available members of that class.

(c) Before any person authorized to provide informed consent on behalf of a patient not competent to consent under RCW 11.88.010(1)(e), other than a person determined to be incapacitated because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, exercises that authority, the person must first determine in good faith that that patient, if competent, would consent to the proposed health care. If such a determination cannot be made, the decision to consent to the proposed health care may be made only after determining that the proposed health care is in the patient's best interests.

(2) Informed consent for health care, including mental health care, for a patient who is not competent, as defined in RCW 11.88.010(1)(e), because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, may be obtained from a person authorized to consent on behalf of such a patient.

(a) Persons authorized to provide informed consent to health care, including mental health care, on behalf of a patient who is incapacitated, as defined in RCW 11.88.010(1)(e), because he or she is under the age of majority and who is not otherwise authorized to provide informed consent, shall be a member of one of the following classes of persons in the following order of priority:

(i) The appointed guardian, or legal custodian authorized pursuant to Title 26 RCW, of the minor patient, if any;

(ii) A person authorized by the court to consent to medical care for a child in out-of-home placement pursuant to chapter 13.32A or 13.34 RCW, if any;

(iii) Parents of the minor patient;

(iv) The individual, if any, to whom the minor's parent has given a signed authorization to make health care decisions for the minor patient; and

(v) A competent adult representing himself or herself to be a relative responsible for the health care of such minor patient or a competent adult who has signed and dated a declaration under penalty of perjury pursuant to RCW 9A.72.085 stating that the adult person is a relative responsible for the health care of the minor patient. Such declaration shall be effective for up to six months from the date of the declaration.

(b) A health care provider may, but is not required to, rely on the representations or declaration of a person claiming to be a relative responsible for the care of the minor patient, under (a)(v) of this subsection, if the health care provider does not have actual notice of the falsity of any of the statements made by the person claiming to be a relative responsible for the health care of the minor patient.

(c) A health care facility or a health care provider may, in its discretion, require documentation of a person's claimed status as being a relative responsible for the health care of the minor patient. However, there is no obligation to require such documentation.

(d) The health care provider or health care facility where services are rendered shall be immune from suit in any action, civil or criminal, or from professional or other disciplinary action when

such reliance is based on a declaration signed under penalty of perjury pursuant to RCW 9A.72.085 stating that the adult person is a relative responsible for the health care of the minor patient under (a)(v) of this subsection.

(3) For the purposes of this section, "health care," "health care provider," and "health care facility" shall be defined as established in RCW 70.02.010.

Sec. 2. RCW 71.34.020 and 1998 c 296 s 8 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Child psychiatrist" means a person having a license as a physician and surgeon in this state, who has had graduate training in child psychiatry in a program approved by the American Medical Association or the American Osteopathic Association, and who is board eligible or board certified in child psychiatry.

(2) "Children's mental health specialist" means:

(a) A mental health professional who has completed a minimum of one hundred actual hours, not quarter or semester hours, of specialized training devoted to the study of child development and the treatment of children; and

(b) A mental health professional who has the equivalent of one year of full-time experience in the treatment of children under the supervision of a children's mental health specialist.

(3) "Commitment" means a determination by a judge or court commissioner, made after a commitment hearing, that the minor is in need of inpatient diagnosis, evaluation, or treatment or that the minor is in need of less restrictive alternative treatment.

(4) "~~(County)~~ Designated mental health professional" means a mental health professional designated by one or more counties to perform the functions of a ~~(county)~~ designated mental health professional described in this chapter.

(5) "Department" means the department of social and health services.

(6) "Evaluation and treatment facility" means a public or private facility or unit that is certified by the department to provide emergency, inpatient, residential, or outpatient mental health evaluation and treatment services for minors. A physically separate and separately-operated portion of a state hospital may be designated as an evaluation and treatment facility for minors. A facility which is part of or operated by the department or federal agency does not require certification. No correctional institution or facility, juvenile court detention facility, or jail may be an evaluation and treatment facility within the meaning of this chapter.

(7) "Evaluation and treatment program" means the total system of services and facilities coordinated and approved by a county or combination of counties for the evaluation and treatment of minors under this chapter.

(8) "Gravely disabled minor" means a minor who, as a result of a mental disorder, is in danger of serious physical harm resulting from a failure to provide for his or her essential human needs of health or safety, or manifests severe deterioration in routine functioning evidenced by repeated and escalating loss of cognitive or volitional control over his or her actions and is not receiving such care as is essential for his or her health or safety.

(9) "Inpatient treatment" means twenty-four-hour-per-day mental health care provided within a general hospital, psychiatric hospital, or residential treatment facility certified by the department as an evaluation and treatment facility for minors.

(11) "Likelihood of serious harm" means either: (a) A substantial risk that physical harm will be inflicted by an individual upon his or her own person, as evidenced by threats or attempts to commit suicide or inflict physical harm on oneself; (b) a substantial risk that physical harm will be inflicted by an individual upon another, as evidenced by behavior which has caused such harm or which places another person or persons in reasonable fear of sustaining such harm; or (c) a substantial risk that physical harm will be inflicted by an individual upon the property of others, as

evidenced by behavior which has caused substantial loss or damage to the property of others.

(12) "Medical necessity" for inpatient care means a requested service which is reasonably calculated to: (a) Diagnose, correct, cure, or alleviate a mental disorder; or (b) prevent the worsening of mental conditions that endanger life or cause suffering and pain, or result in illness or infirmity or threaten to cause or aggravate a handicap, or cause physical deformity or malfunction, and there is no adequate less restrictive alternative available.

(13) "Mental disorder" means any organic, mental, or emotional impairment that has substantial adverse effects on an individual's cognitive or volitional functions. The presence of alcohol abuse, drug abuse, juvenile criminal history, antisocial behavior, or mental retardation alone is insufficient to justify a finding of "mental disorder" within the meaning of this section.

(14) "Mental health professional" means a psychiatrist, psychologist, psychiatric nurse, or social worker, and such other mental health professionals as may be defined by rules adopted by the secretary under this chapter.

(15) "Minor" means any person under the age of eighteen years.

(16) "Outpatient treatment" means any of the nonresidential services mandated under chapter 71.24 RCW and provided by licensed services providers as identified by RCW 71.24.025((+)).

(17) "Parent" means:

(a) A biological or adoptive parent who has legal custody of the child, including either parent if custody is shared under a joint custody agreement; or

(b) A person or agency judicially appointed as legal guardian or custodian of the child.

(18) "Professional person in charge" or "professional person" means a physician or other mental health professional empowered by an evaluation and treatment facility with authority to make admission and discharge decisions on behalf of that facility.

(19) "Psychiatric nurse" means a registered nurse who has a bachelor's degree from an accredited college or university, and who has had, in addition, at least two years' experience in the direct treatment of mentally ill or emotionally disturbed persons, such experience gained under the supervision of a mental health professional. "Psychiatric nurse" shall also mean any other registered nurse who has three years of such experience.

(20) "Psychiatrist" means a person having a license as a physician in this state who has completed residency training in psychiatry in a program approved by the American Medical Association or the American Osteopathic Association, and is board eligible or board certified in psychiatry.

(21) "Psychologist" means a person licensed as a psychologist under chapter 18.83 RCW.

(22) "Responsible other" means the minor, the minor's parent or estate, or any other person legally responsible for support of the minor.

(23) "Secretary" means the secretary of the department or secretary's designee.

(24) "Start of initial detention" means the time of arrival of the minor at the first evaluation and treatment facility offering inpatient treatment if the minor is being involuntarily detained at the time. With regard to voluntary patients, "start of initial detention" means the time at which the minor gives notice of intent to leave under the provisions of this chapter.

Sec. 3. RCW 71.34.500 and 2005 c 371 s 2 are each amended to read as follows:

(1) A minor thirteen years or older may admit himself or herself to an evaluation and treatment facility for inpatient mental treatment, without parental consent. The admission shall occur only if the professional person in charge of the facility concurs with the need for inpatient treatment. Parental authorization, or authorization from a person who may consent on behalf of the minor pursuant to RCW 7.70.065, is required for inpatient treatment of a minor under the age of thirteen.

(2) When, in the judgment of the professional person in charge of an evaluation and treatment facility, there is reason to believe that a minor is in need of inpatient treatment because of a mental disorder, and the facility provides the type of evaluation and treatment needed

by the minor, and it is not feasible to treat the minor in any less restrictive setting or the minor's home, the minor may be admitted to an evaluation and treatment facility.

(3) Written renewal of voluntary consent must be obtained from the applicant no less than once every twelve months. The minor's need for continued inpatient treatments shall be reviewed and documented no less than every one hundred eighty days.

Sec. 4. RCW 71.34.530 and 1998 c 296 s 12 are each amended to read as follows:

Any minor thirteen years or older may request and receive outpatient treatment without the consent of the minor's parent. Parental authorization, or authorization from a person who may consent on behalf of the minor pursuant to RCW 7.70.065, is required for outpatient treatment of a minor under the age of thirteen.

On page 1, line 2 of the title, after "minors;" strike the remainder of the title and insert "and amending RCW 7.70.065, 71.34.020, 71.34.500, and 71.34.530."

MESSAGE FROM THE SENATE

March 1, 2006

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 3277, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 9.94A RCW to read as follows:

(1) In a prosecution for rape of a child in the first degree, rape of a child in the second degree, or child molestation in the first degree, the prosecuting attorney shall file a special allegation that the offense was predatory whenever sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify a finding by a reasonable and objective fact-finder that the offense was predatory, unless the prosecuting attorney determines, after consulting with a victim, that filing a special allegation under this section is likely to interfere with the ability to obtain a conviction.

(2) Once a special allegation has been made under this section, the state has the burden to prove beyond a reasonable doubt that the offense was predatory. If a jury is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether the offense was predatory. If no jury is had, the court shall make a finding of fact as to whether the offense was predatory.

(3) The prosecuting attorney shall not withdraw a special allegation filed under this section without the approval of the court through an order of dismissal of the allegation. The court may not dismiss the special allegation unless it finds that the order is necessary to correct an error in the initial charging decision or that there are evidentiary problems that make proving the special allegation doubtful.

NEW SECTION. Sec. 2. A new section is added to chapter 9.94A RCW to read as follows:

(1) In a prosecution for rape in the first degree, rape in the second degree, indecent liberties by forcible compulsion, or kidnapping in the first degree with sexual motivation, the prosecuting attorney shall file a special allegation that the victim of the offense was under fifteen years of age at the time of the offense whenever sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify a finding by a reasonable and objective fact-finder that the victim was under fifteen years of age at the time of the offense, unless the prosecuting attorney determines, after consulting with a victim, that filing a special allegation under this section is likely to interfere with the ability to obtain a conviction.

(2) Once a special allegation has been made under this section, the state has the burden to prove beyond a reasonable doubt that the victim was under fifteen years of age at the time of the offense. If a jury is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether the victim was under the age of fifteen at the time of the offense. If no jury is had, the court shall make a finding of fact as to whether the victim was under the age of fifteen at the time of the offense.

(3) The prosecuting attorney shall not withdraw a special allegation filed under this section without the approval of the court through an order of dismissal of the allegation. The court may not dismiss the special allegation unless it finds that the order is necessary to correct an error in the initial charging decision or that there are evidentiary problems that make proving the special allegation doubtful.

NEW SECTION. Sec. 3. A new section is added to chapter 9.94A RCW to read as follows:

(1) In a prosecution for rape in the first degree, rape in the second degree with forcible compulsion, indecent liberties with forcible compulsion, or kidnapping in the first degree with sexual motivation, the prosecuting attorney shall file a special allegation that the victim of the offense was, at the time of the offense, developmentally disabled, mentally disordered, or a frail elder or vulnerable adult, whenever sufficient admissible evidence exists,

which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify a finding by a reasonable and objective fact-finder that the victim was, at the time of the offense, developmentally disabled, mentally disordered, or a frail elder or vulnerable adult, unless the prosecuting attorney determines, after consulting with a victim, that filing a special allegation under this section is likely to interfere with the ability to obtain a conviction.

(2) Once a special allegation has been made under this section, the state has the burden to prove beyond a reasonable doubt that the victim was, at the time of the offense, developmentally disabled, mentally disordered, or a frail elder or vulnerable adult. If a jury is had, the jury shall, if it finds the defendant guilty, also find a special verdict as to whether the victim was, at the time of the offense, developmentally disabled, mentally disordered, or a frail elder or vulnerable adult. If no jury is had, the court shall make a finding of fact as to whether the victim was, at the time of the offense, developmentally disabled, mentally disordered, or a frail elder or vulnerable adult.

(3) The prosecuting attorney shall not withdraw a special allegation filed under this section without the approval of the court through an order of dismissal of the allegation. The court may not dismiss the special allegation unless it finds that the order is necessary to correct an error in the initial charging decision or that there are evidentiary problems that make proving the special allegation doubtful.

(4) For purposes of this section, "developmentally disabled," "mentally disordered," and "frail elder or vulnerable adult" have the same meaning as in RCW 9A.44.010.

Sec. 4. RCW 9.94A.712 and 2005 c 436 s 2 are each amended to read as follows:

(d) The minimum terms in (c)(ii) of this subsection do not apply to a juvenile tried as an adult pursuant to RCW 13.04.030(1)(e)(i) or (v). The minimum term for such a juvenile shall be imposed under (c)(i) of this subsection.

(4) A person sentenced under subsection (3) of this section shall serve the sentence in a facility or institution operated, or utilized under contract, by the state.

(b) As part of any sentence under this section, the court shall also require the offender to comply with any conditions imposed by the board under RCW 9.94A.713 and 9.95.420 through 9.95.435.

Sec. 6. RCW 9.94A.030 and 2005 c 436 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed pursuant to RCW 9.94A.505(2)(b), 9.94A.650 through 9.94A.670, 9.94A.690, 9.94A.700 through 9.94A.715, or 9.94A.545, served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(6) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.850, for crimes committed on or after July 1, 2000.

(7) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(8) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(9) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(10) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(11) "Confinement" means total or partial confinement.

(12) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(13) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(14) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(15) "Day fine" means a fine imposed by the sentencing court that equals the difference between the offender's net daily income and the reasonable obligations that the offender has for the support of the offender and any dependents.

(16) "Day reporting" means a program of enhanced supervision designed to monitor the offender's daily activities and compliance with sentence conditions, and in which the offender is required to report daily to a specific location designated by the department or the sentencing court.

(17) "Department" means the department of corrections.

(18) "Determinate sentence" means a sentence that states with exactitude the number of actual years, months, or days of total confinement, of partial confinement, of community supervision, the number of actual hours or days of community restitution work, or dollars or terms of a legal financial obligation. The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(20) "Drug offender sentencing alternative" is a sentencing option available to persons convicted of a felony offense other than a violent offense or a sex offense and who are eligible for the option under RCW 9.94A.660.

(21) "Drug offense" means:

(a) Any felony violation of chapter 69.50 RCW except possession of a controlled substance (RCW 69.50.4013) or forged prescription for a controlled substance (RCW 69.50.403);

(b) Any offense defined as a felony under federal law that relates to the possession, manufacture, distribution, or transportation of a controlled substance; or

(c) Any out-of-state conviction for an offense that under the laws of this state would be a felony classified as a drug offense under (a) of this subsection.

(22) "Earned release" means earned release from confinement as provided in RCW 9.94A.728.

(23) "Escape" means:

MESSAGE FROM THE SENATE

February 28, 2006

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2353, with the following amendment:

Strike everything after the enacting clause and insert the following:

"PART I - FAMILY CHILD CARE PROVIDERS

NEW SECTION. Sec. 1. A new section is added to chapter 41.56 RCW to read as follows:

(1) In addition to the entities listed in RCW 41.56.020, this chapter applies to the governor with respect to family child care providers. Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer of family child care providers who, solely for the purposes of collective bargaining, are public employees. The public employer shall be represented for bargaining purposes by the governor or the governor's designee appointed under chapter 41.80 RCW.

(2) This chapter governs the collective bargaining relationship between the governor and family child care providers, except as follows:

(a) A statewide unit of all family child care providers is the only unit appropriate for purposes of collective bargaining under RCW 41.56.060.

(b) The exclusive bargaining representative of family child care providers in the unit specified in (a) of this subsection shall be the representative chosen in an election conducted pursuant to RCW 41.56.070, except that in the initial election conducted under this act, if more than one labor organization is on the ballot and none of the choices receives a majority of the votes cast, a run-off election shall be held.

(c) Notwithstanding the definition of "collective bargaining" in RCW 41.56.030(4), the scope of collective bargaining for child care providers under this section shall be limited solely to: (i) Economic compensation, such as manner and rate of subsidy and reimbursement, including tiered reimbursements; (ii) health and welfare benefits; (iii) professional development and training; (iv) labor-management committees; (v) grievance procedures; and (vi) other economic matters. Retirement benefits shall not be subject to collective bargaining. By such obligation neither party shall be

compelled to agree to a proposal or be required to make a concession unless otherwise provided in this chapter.

(d) The mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480 apply, except that:

(i) With respect to commencement of negotiations between the governor and the exclusive bargaining representative of family child care providers, negotiations shall be commenced initially upon certification of an exclusive bargaining representative under (a) of this subsection and, thereafter, by February 1st of any even-numbered year;

(ii) In addition to the factors to be taken into consideration by an interest arbitration panel under RCW 41.56.465, the panel shall consider the financial ability of the state to pay for the compensation and benefit provisions of a collective bargaining agreement; and

(iii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and benefit provisions of the arbitrated collective bargaining agreement, is not binding on the state.

(e) Family child care providers do not have the right to strike.

(3) Family child care providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state for any purpose. This section applies only to the governance of the collective bargaining relationship between the employer and family child care providers as provided in subsections (1) and (2) of this section.

(4) This section does not create or modify:

(a) The parents' or legal guardians' right to choose and terminate the services of any family child care provider that provides care for their child or children;

(b) The secretary of the department of social and health services' right to adopt requirements under RCW 74.15.030, except for requirements related to grievance procedures and collective negotiations on personnel matters as specified in subsection (2)(c) of this section;

(c) Chapter 26.44 RCW, RCW 43.43.832, 43.20A.205, and 74.15.130; and

(d) The legislature's right to make programmatic modifications to the delivery of state services through child care subsidy programs, including standards of eligibility of parents, legal guardians, and family child care providers participating in child care subsidy programs, and the nature of services provided. The governor shall not enter into, extend, or renew any agreement under this section that does not expressly reserve the legislative rights described in this subsection (4)(d).

(5) Upon meeting the requirements of subsection (6) of this section, the governor must submit, as a part of the proposed biennial or supplemental operating budget submitted to the legislature under RCW 43.88.030, a request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section or for legislation necessary to implement such agreement.

(6) A request for funds necessary to implement the compensation and benefit provisions of a collective bargaining agreement entered into under this section shall not be submitted by the governor to the legislature unless such request has been:

(a) Submitted to the director of financial management by October 1st before the legislative session at which the request is to be considered, except that, for initial negotiations under this section, the request must be submitted by November 15, 2006; and

(b) Certified by the director of financial management as being feasible financially for the state or reflects the binding decision of an arbitration panel reached under this section.

(7) The legislature must approve or reject the submission of the request for funds as a whole. If the legislature rejects or fails to act on the submission, any such agreement will be reopened solely for the purpose of renegotiating the funds necessary to implement the agreement.

(8) The governor shall periodically consult with the joint committee on employment relations established by RCW 41.80.010 regarding appropriations necessary to implement the compensation and benefit provisions of any collective bargaining agreement and, upon completion of negotiations, advise the committee on the

elements of the agreement and on any legislation necessary to implement such agreement.

(9) After the expiration date of any collective bargaining agreement entered into under this section, all of the terms and conditions specified in any such agreement remain in effect until the effective date of a subsequent agreement, not to exceed one year from the expiration date stated in the agreement, except as provided in subsection (4)(d) of this section.

(10) If, after the compensation and benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(11) In enacting this section, the legislature intends to provide state action immunity under federal and state antitrust laws for the joint activities of family child care providers and their exclusive bargaining representative to the extent such activities are authorized by this chapter.

The secretary shall have the power and it shall be the secretary's duty:

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:

(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(b) The character, suitability and competence of an agency and other persons associated with an agency directly responsible for the care and treatment of children, expectant mothers or developmentally disabled persons. In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure.

No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under this chapter. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;

(c) The number of qualified persons required to render the type of care and treatment for which an agency seeks a license;

(d) The safety, cleanliness, and general adequacy of the premises to provide for the comfort, care and well-being of children, expectant mothers or developmentally disabled persons;

(f) The financial ability of an agency to comply with minimum requirements established pursuant to chapter 74.15 RCW and RCW 74.13.031; and

(g) The maintenance of records pertaining to the admission, progress, health and discharge of persons served;

(3) To investigate any person, including relatives by blood or marriage except for parents, for character, suitability, and competence in the care and treatment of children, expectant mothers, and developmentally disabled persons prior to authorizing that person to care for children, expectant mothers, and developmentally disabled persons. However, if a child is placed with a relative under RCW 13.34.065 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(4) On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;

(8) To review requirements adopted hereunder at least every two years and to adopt appropriate changes after consultation with affected groups for child day-care requirements and with the children's services advisory committee for requirements for other agencies; ~~(and)~~

(9) To engage in negotiated rule making pursuant to RCW 34.05.310(2)(a) with the exclusive representative of the family child care licensees selected in accordance with section 6 of this act and with other affected interests before adopting requirements that affect family child care licensees; and

(10) To consult with public and private agencies in order to help them improve their methods and facilities for the care of children, expectant mothers and developmentally disabled persons.

PART III - GENERAL PROVISIONS

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2353, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 1, 2006

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2984, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that as new market-rate housing developments are constructed and housing costs rise, there is a significant and growing number of low-income households that cannot afford market-rate housing in Washington state. The legislature finds that assistance to low-income households that cannot afford market-rate housing requires a broad variety of tools to address this serious, statewide problem. The legislature further finds that absent any incentives to provide low-income housing, market conditions will result in housing developments in many areas that lack units affordable to low-income households, circumstances that can cause adverse socioeconomic effects.

The legislature encourages cities, towns, and counties to enact or expand affordable housing incentive programs, including density bonuses and other incentives, to increase the availability of low-income housing for renter and owner occupancy that is located in largely market-rate housing developments throughout the community, consistent with local needs and adopted comprehensive plans. While this act establishes minimum standards for those cities, towns, and counties choosing to implement or expand upon an affordable housing incentive program, cities, towns, and counties are encouraged to enact programs that address local circumstances and conditions while simultaneously contributing to the statewide need for additional low-income housing.

NEW SECTION. Sec. 2. A new section is added to chapter 36.70A RCW to read as follows:

(1)(a) Any city or county planning under RCW 36.70A.040 may enact or expand affordable housing incentive programs providing for the development of low-income housing units through development regulations. An affordable housing incentive program may include, but is not limited to:

- (i) Density bonuses within the urban growth area;
- (ii) Height and bulk bonuses;
- (iii) Fee waivers or exemptions;
- (iv) Parking reductions;
- (v) Expedited permitting, conditioned on provision of low-income housing units; or
- (vi) Mixed use projects.

(b) The city or county may enact or expand such programs whether or not the programs may impose a tax, fee, or charge on the development or construction of property.

(c) If a developer chooses not to participate in an optional affordable housing incentive program adopted and authorized under this section, a city, county, or town may not condition, deny, or delay the issuance of a permit or development approval that is consistent with zoning and development standards on the subject property absent incentive provisions of this program.

(2) Affordable housing incentive programs enacted or expanded under this section shall comply with the following:

(a) The incentives or bonuses shall provide for the construction of low-income housing units;

(b) Jurisdictions shall establish standards for low-income renter or owner occupancy housing, including income guidelines consistent with local housing needs, to assist low-income households that cannot afford market-rate housing. Low-income households are defined for renter and owner occupancy program purposes as follows:

(i) Rental housing units to be developed shall be affordable to and occupied by households with an income of fifty percent or less of the county median family income, adjusted for family size; and

(ii) Owner occupancy housing units shall be affordable to and occupied by households with an income of eighty percent or less of the county median family income, adjusted for family size. The legislative authority of a jurisdiction, after holding a public hearing, may establish lower income levels. The legislative authority of a jurisdiction, after holding a public hearing, may also establish higher income levels for rental housing or for owner occupancy housing upon finding that higher income levels are needed to address local housing market conditions. The higher income level for rental housing may not exceed eighty percent of the county area median family income. The higher income level for owner occupancy housing may not exceed one hundred percent of the county area median family income. These established higher income levels must be considered "low-income" for the purposes of this section;

(c) The jurisdiction shall establish a maximum rent level or sales price for each low-income housing unit developed under the terms of a program and may adjust these levels or prices based on the average size of the household expected to occupy the unit. For renter-occupied housing units, the total housing costs, including basic utilities as determined by the jurisdiction, may not exceed thirty percent of the income limit for the low-income housing unit;

(d) Low-income housing units shall be provided in a range of sizes comparable to those units that are available to other residents. To the extent practicable, the number of bedrooms in low-income units must be in the same proportion as the number of bedrooms in units within the entire building. The low-income units shall generally be distributed throughout the building, except that units may be provided in an adjacent building. The low-income units shall have substantially the same functionality as the other units in the building or buildings;

(e) Low-income housing units developed under an affordable housing incentive program shall be committed to continuing affordability for at least fifty years. A local government, however, may accept payments in lieu of continuing affordability. The program shall include measures to enforce continuing affordability and income standards applicable to low-income units constructed under this section that may include, but are not limited to, covenants, options, or other agreements to be executed and recorded by owners and developers;

(f) Programs authorized under subsection (1) of this section may apply to part or all of a jurisdiction and different standards may be applied to different areas within a jurisdiction. Programs authorized under this section may be modified to meet local needs and may include provisions not expressly provided in this section or RCW 82.02.020; and

(g) Low-income housing units developed under an affordable housing incentive program are encouraged to be provided within market-rate housing developments for which a bonus or incentive is provided. However, programs may allow units to be provided in an adjacent building and may allow payments of money or property in lieu of low-income housing units if the payment equals the approximate cost of developing the same number and quality of housing units that would otherwise be developed. Any city or county shall use these funds or property to support the development of

low-income housing, including support provided through loans or grants to public or private owners or developers of housing.

(3) Affordable housing incentive programs enacted or expanded under this section may be applied within the jurisdiction to address the need for increased residential development, consistent with local growth management and housing policies, as follows:

(a) The jurisdiction shall identify certain land use designations within a geographic area where increased residential development will assist in achieving local growth management and housing policies;

(b) The jurisdiction shall provide increased residential development capacity through zoning changes, bonus densities, height and bulk increases, parking reductions, or other regulatory changes or other incentives;

(c) The jurisdiction shall determine that increased residential development capacity or other incentives can be achieved within the identified area, subject to consideration of other regulatory controls on development; and

(d) The jurisdiction may establish a minimum amount of affordable housing that must be provided by all residential developments being built under the revised regulations, consistent with the requirements of this section.

Sec. 3. RCW 82.02.020 and 2005 c 502 s 5 are each amended to read as follows:

Except only as expressly provided in chapters 67.28 and 82.14 RCW, the state preempts the field of imposing taxes upon retail sales of tangible personal property, the use of tangible personal property, parimutuel wagering authorized pursuant to RCW 67.16.060, conveyances, and cigarettes, and no county, town, or other municipal subdivision shall have the right to impose taxes of that nature. Except as provided in RCW 82.02.050 through 82.02.090, no county, city, town, or other municipal corporation shall impose any tax, fee, or charge, either direct or indirect, on the construction or reconstruction of residential buildings, commercial buildings, industrial buildings, or on any other building or building space or appurtenance thereto, or on the development, subdivision, classification, or reclassification of land. However, this section does not preclude dedications of land or easements within the proposed development or plat which the county, city, town, or other municipal corporation can demonstrate are reasonably necessary as a direct result of the proposed development or plat to which the dedication of land or easement is to apply.

This section does not prohibit voluntary agreements with counties, cities, towns, or other municipal corporations that allow a payment in lieu of a dedication of land or to mitigate a direct impact that has been identified as a consequence of a proposed development, subdivision, or plat. A local government shall not use such voluntary agreements for local off-site transportation improvements within the geographic boundaries of the area or areas covered by an adopted transportation program authorized by chapter 39.92 RCW. Any such voluntary agreement is subject to the following provisions:

(1) The payment shall be held in a reserve account and may only be expended to fund a capital improvement agreed upon by the parties to mitigate the identified, direct impact;

(2) The payment shall be expended in all cases within five years of collection; and

(3) Any payment not so expended shall be refunded with interest to be calculated from the original date the deposit was received by the county and at the same rate applied to tax refunds pursuant to RCW 84.69.100; however, if the payment is not expended within five years due to delay attributable to the developer, the payment shall be refunded without interest.

No county, city, town, or other municipal corporation shall require any payment as part of such a voluntary agreement which the county, city, town, or other municipal corporation cannot establish is reasonably necessary as a direct result of the proposed development or plat.

Nothing in this section prohibits cities, towns, counties, or other municipal corporations from collecting reasonable fees from an applicant for a permit or other governmental approval to cover the cost to the city, town, county, or other municipal corporation of

processing applications, inspecting and reviewing plans, or preparing detailed statements required by chapter 43.21C RCW.

This section does not limit the existing authority of any county, city, town, or other municipal corporation to impose special assessments on property specifically benefitted thereby in the manner prescribed by law.

Nothing in this section prohibits counties, cities, or towns from imposing or permits counties, cities, or towns to impose water, sewer, natural gas, drainage utility, and drainage system charges: PROVIDED, That no such charge shall exceed the proportionate share of such utility or system's capital costs which the county, city, or town can demonstrate are attributable to the property being charged: PROVIDED FURTHER, That these provisions shall not be interpreted to expand or contract any existing authority of counties, cities, or towns to impose such charges.

Nothing in this section prohibits a transportation benefit district from imposing fees or charges authorized in RCW 36.73.120 nor prohibits the legislative authority of a county, city, or town from approving the imposition of such fees within a transportation benefit district.

Nothing in this section prohibits counties, cities, or towns from imposing transportation impact fees authorized pursuant to chapter 39.92 RCW.

Nothing in this section prohibits counties, cities, or towns from requiring property owners to provide relocation assistance to tenants under RCW 59.18.440 and 59.18.450.

Nothing in this section limits the authority of counties, cities, or towns to implement programs consistent with section 2 of this act, nor to enforce agreements made pursuant to such programs.

This section does not apply to special purpose districts formed and acting pursuant to Titles 54, 57, or 87 RCW, nor is the authority conferred by these titles affected.

NEW SECTION. Sec. 4. The powers granted in this act are supplemental and additional to the powers otherwise held by local governments, and nothing in this act shall be construed as a limit on such powers. The authority granted in this act shall extend to any affordable housing incentive program enacted or expanded prior to the effective date of this act if the extension is adopted by the applicable local government in an ordinance or resolution."

On page 1, line 1 of the title, after "programs;" strike the remainder of the title and insert "amending RCW 82.02.020; adding a new section to chapter 36.70A RCW; and creating new sections."

and the same is herewith transmitted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Sexual assault is the most heinous crime against another person short of murder. Sexual assault inflicts humiliation, degradation, and terror on victims. According to the FBI, a woman is raped every six minutes in the United States. Rape is recognized as the most underreported crime; estimates suggest that only one in seven rapes is reported to authorities. Victims who do not report the crime still desire safety and protection from future interactions with the offender. Some cases in which the rape is reported are not prosecuted. In these situations, the victim should be able to seek a civil remedy requiring that the offender stay away from the victim.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Nonconsensual" means a lack of freely given agreement.

(2) "Petitioner" means any named petitioner for the sexual assault protection order or any named victim of nonconsensual sexual conduct or nonconsensual sexual penetration on whose behalf the petition is brought.

(3) "Sexual assault protection order" means an ex parte temporary order or a final order granted under this chapter, which includes a remedy authorized by section 10 of this act.

(4) "Sexual conduct" means any of the following:

(a) Any intentional or knowing touching or fondling of the genitals, anus, or breasts, directly or indirectly, including through clothing;

(b) Any intentional or knowing display of the genitals, anus, or breasts for the purposes of arousal or sexual gratification of the respondent;

(c) Any intentional or knowing touching or fondling of the genitals, anus, or breasts, directly or indirectly, including through clothing, that the petitioner is forced to perform by another person or the respondent;

(d) Any forced display of the petitioner's genitals, anus, or breasts for the purposes of arousal or sexual gratification of the respondent or others;

(e) Any intentional or knowing touching of the clothed or unclothed body of a child under the age of thirteen, if done for the purpose of sexual gratification or arousal of the respondent or others; and

(f) Any coerced or forced touching or fondling by a child under the age of thirteen, directly or indirectly, including through clothing, of the genitals, anus, or breasts of the respondent or others.

(5) "Sexual penetration" means any contact, however slight, between the sex organ or anus of one person by an object, the sex organ, mouth, or anus of another person, or any intrusion, however slight, of any part of the body of one person or of any animal or object into the sex organ or anus of another person, including but not limited to cunnilingus, fellatio, or anal penetration. Evidence of emission of semen is not required to prove sexual penetration.

(6) "Nonphysical contact" includes, but is not limited to, telephone calls, mail, e-mail, fax, and written notes.

NEW SECTION. Sec. 3. A petition for a sexual assault protection order may be filed by a person:

(1) Who is a victim of nonconsensual sexual conduct or nonconsensual sexual penetration, including a single incident of nonconsensual sexual conduct or nonconsensual sexual penetration; or

(2) On behalf of any of the following persons who is a victim of nonconsensual sexual conduct or nonconsensual sexual penetration:

(a) A minor child;

(b) A vulnerable adult as defined in RCW 74.34.020 or 74.34.021; or

(c) Any other adult who, because of age, disability, health, or incapability, cannot file the petition.

NEW SECTION. Sec. 4. (1) Any person may seek relief under this chapter by filing a petition with a court alleging that the person has been the victim of nonconsensual sexual conduct or nonconsensual sexual penetration committed by the respondent.

(2) A person under eighteen years of age who is sixteen years of age or older may seek relief under this chapter and is not required to seek relief by a guardian or next friend.

(3) No guardian or guardian ad litem need be appointed on behalf of a respondent to an action under this chapter who is under eighteen years of age if such respondent is sixteen years of age or older.

(4) The court may, if it deems necessary, appoint a guardian ad litem for a petitioner or respondent who is a party to an action under this chapter.

(5) Jurisdiction of the courts over proceedings under this chapter shall be the same as jurisdiction over domestic violence protection orders under RCW 26.50.020(5).

(6) An action under this chapter shall be filed in the county or the municipality where the petitioner resides.

NEW SECTION. Sec. 5. There shall exist an action known as a petition for a sexual assault protection order.

(1) A petition for relief shall allege the existence of nonconsensual sexual conduct or nonconsensual sexual penetration, and shall be accompanied by an affidavit made under oath stating the specific statements or actions made at the same time of the sexual assault or subsequently thereafter, which give rise to a reasonable fear of future dangerous acts, for which relief is sought. Petitioner and respondent shall disclose the existence of any other litigation or of any other restraining, protection, or no-contact orders between the parties.

(2) A petition for relief may be made regardless of whether or not there is a pending lawsuit, complaint, petition, or other action between the parties.

(3) Within ninety days of receipt of the master copy from the administrative office of the courts, all court clerk's offices shall make available the standardized forms, instructions, and informational brochures required by section 19 of this act and shall fill in and keep current specific program names and telephone numbers for community resources. Any assistance or information provided by clerks under this section does not constitute the practice of law and clerks are not responsible for incorrect information contained in a petition.

(4) No filing fee may be charged for proceedings under this chapter. Forms and instructional brochures and the necessary number of certified copies shall be provided free of charge.

(5) A person is not required to post a bond to obtain relief in any proceeding under this section.

(6) If the petition states that disclosure of the petitioner's address would risk abuse of the petitioner or any member of the petitioner's family or household, that address may be omitted from all documents filed with the court. If the petitioner has not disclosed an address under this subsection, the petitioner shall designate an alternative address at which the respondent may serve notice of any motions.

NEW SECTION. Sec. 6. Upon receipt of the petition, the court shall order a hearing which shall be held not later than fourteen days from the date of the order. The court may schedule a hearing by telephone pursuant to local court rule, to reasonably accommodate a disability, or in exceptional circumstances to protect a petitioner from further nonconsensual sexual conduct or nonconsensual sexual penetration. The court shall require assurances of the petitioner's identity before conducting a telephonic hearing. Except as provided in section 12 of this act, personal service shall be made upon the respondent not less than five court days prior to the hearing. If timely personal service cannot be made, the court shall set a new hearing date and shall require additional attempts at obtaining personal service. The court may issue an ex parte temporary sexual assault order pending the hearing as provided in section 12 of this act.

NEW SECTION. Sec. 7. Sexual assault advocates, as defined in RCW 5.60.060, shall be allowed to accompany the victim and confer with the victim, unless otherwise directed by the court. Court administrators shall allow sexual assault advocates to assist victims of nonconsensual sexual conduct or nonconsensual sexual penetration in the preparation of petitions for sexual assault protection orders. Sexual assault advocates are not engaged in the unauthorized practice of law when providing assistance of the types specified in this section. Communications between the petitioner and a sexual assault advocate are protected as provided by RCW 5.60.060.

NEW SECTION. Sec. 8. The court may appoint counsel to represent the petitioner if the respondent is represented by counsel.

NEW SECTION. Sec. 9. (1) In proceedings for a sexual assault protection order and prosecutions for violating a sexual assault protection order, the prior sexual activity or the reputation of the petitioner is inadmissible except:

(a) As evidence concerning the past sexual conduct of the petitioner with the respondent when this evidence is offered by the respondent upon the issue of whether the petitioner consented to the sexual conduct with respect to which the offense is alleged; or

(b) When constitutionally required to be admitted.

(2) No evidence admissible under this section may be introduced unless ruled admissible by the court after an offer of proof has been made at a hearing held in camera to determine whether the respondent has evidence to impeach the witness in the event that prior sexual activity with the respondent is denied. The offer of proof shall include reasonably specific information as to the date, time, and place of the past sexual conduct between the petitioner and the respondent. Unless the court finds that reasonably specific information as to date, time, or place, or some combination thereof, has been offered as to prior sexual activity with the respondent,

counsel for the respondent shall be ordered to refrain from inquiring into prior sexual activity between the petitioner and the respondent. The court may not admit evidence under this section unless it determines at the hearing that the evidence is relevant and the probative value of the evidence outweighs the danger of unfair prejudice. The evidence shall be admissible at trial to the extent an order made by the court specifies the evidence that may be admitted and areas with respect to which the petitioner may be examined or cross-examined.

NEW SECTION. Sec. 10. (1)(a) If the court finds by a preponderance of the evidence that the petitioner has been a victim of nonconsensual sexual conduct or nonconsensual sexual penetration by the respondent, the court shall issue a sexual assault protection order; provided that the petitioner must also satisfy the requirements of section 12 of this act for ex parte temporary orders or section 13 of this act for final orders.

(b) The petitioner shall not be denied a sexual assault protection order because the petitioner or the respondent is a minor or because the petitioner did not report the assault to law enforcement. The court, when determining whether or not to issue a sexual assault protection order, may not require proof of physical injury on the person of the victim or proof that the petitioner has reported the sexual assault to law enforcement. Modification and extension of prior sexual assault protection orders shall be in accordance with this chapter.

(2) The court may provide relief as follows:

(a) Restrain the respondent from having any contact, including nonphysical contact, with the petitioner directly, indirectly, or through third parties regardless of whether those third parties know of the order;

(b) Exclude the respondent from the petitioner's residence, workplace, or school, or from the day care or school of a child, if the victim is a child;

(c) Prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance from a specified location; and

(d) Order any other injunctive relief as necessary or appropriate for the protection of the petitioner.

(3) In cases where the petitioner and the respondent are under the age of eighteen and attend the same public or private elementary, middle, or high school, the court, when issuing a protection order and providing relief, shall consider, among the other facts of the case, the severity of the act, any continuing physical danger or emotional distress to the petitioner, and the expense difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. The court may order that the person restrained in the order not attend the public or approved private elementary, middle, or high school attended by the person under the age of eighteen protected by the order. In the event the court orders a transfer of the restrained person to another school, the parents or legal guardians of the person restrained in the order are responsible for transportation and other costs associated with the change of school by the person restrained in the order. The court shall send notice of the restriction on attending the same school as the person protected by the order to the public or approved private school the person restrained by the order will attend and to the school the person protected by the order attends.

(4) Denial of a remedy may not be based, in whole or in part, on evidence that:

(a) The respondent was voluntarily intoxicated;

(b) The petitioner was voluntarily intoxicated; or

(c) The petitioner engaged in limited consensual sexual touching.

(5) Monetary damages are not recoverable as a remedy.

(6) A knowing violation of a court order issued under this section is punishable under RCW 26.50.110.

NEW SECTION. Sec. 11. For the purposes of issuing a sexual assault protection order, deciding what relief should be included in the order, and enforcing the order, RCW 9A.08.020 shall govern whether the respondent is legally accountable for the conduct of another person.

NEW SECTION. Sec. 12. (1) An ex parte temporary sexual assault protection order shall issue if the petitioner satisfies the requirements of this subsection by a preponderance of the evidence. The petitioner shall establish that:

(a) The petitioner has been a victim of nonconsensual sexual conduct or nonconsensual sexual penetration by the respondent; and

(b) There is good cause to grant the remedy, regardless of prior service of process or of notice upon the respondent, because the harm which that remedy is intended to prevent would be likely to occur if the respondent were given any prior notice, or greater notice than was actually given, of the petitioner's efforts to obtain judicial relief.

(2) If the respondent appears in court for this hearing for an ex parte temporary order, he or she may elect to file a general appearance and testify. Any resulting order may be an ex parte temporary order, governed by this section.

(3) If the court declines to issue an ex parte temporary sexual assault protection order, the court shall state the particular reasons for the court's denial. The court's denial of a motion for an ex parte order shall be filed with the court.

(4) A knowing violation of a court order issued under this section is punishable under RCW 26.50.110.

NEW SECTION. Sec. 13. (1)(a) An ex parte temporary sexual assault protection order shall be effective for a fixed period not to exceed fourteen days. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order. Except as provided in section 6 of this act, the respondent shall be personally served with a copy of the ex parte temporary sexual assault protection order along with a copy of the petition and notice of the date set for the hearing.

(b) Any ex parte temporary order issued under this section shall contain the date and time of issuance and the expiration date and shall be entered into a statewide judicial information system by the clerk of the court within one judicial day after issuance.

(2) Except as otherwise provided in this section or section 16 of this act, a final sexual assault protection order shall be effective for a fixed period of time, not to exceed two years.

(3) Any ex parte temporary or final sexual assault protection order may be renewed one or more times, as required. The petitioner may apply for renewal of the order by filing a petition for renewal at any time within the three months before the order expires. If the motion for renewal is uncontested and the petitioner seeks no modification of the order, the order may be renewed on the basis of the petitioner's motion or affidavit stating that there has been no material change in relevant circumstances since entry of the order and stating the reason for the requested renewal. Renewals may be granted only in open court.

(4) Any sexual assault protection order which would expire on a court holiday shall instead expire at the close of the next court business day.

(5) The practice of dismissing or suspending a criminal prosecution in exchange for the issuance of a sexual assault protection order undermines the purposes of this chapter. This section shall not be construed as encouraging that practice.

NEW SECTION. Sec. 14. (1) Any sexual assault protection order shall describe each remedy granted by the court, in reasonable detail and not by reference to any other document, so that the respondent may clearly understand what he or she must do or refrain from doing.

(2) A sexual assault protection order shall further state the following:

(a) The name of each petitioner that the court finds was the victim of nonconsensual sexual conduct or nonconsensual sexual penetration by the respondent;

(b) The date and time the sexual assault protection order was issued, whether it is an ex parte temporary or final order, and the duration of the order;

(c) The date, time, and place for any scheduled hearing for renewal of that sexual assault protection order or for another order of greater duration or scope;

(d) For each remedy in an ex parte temporary sexual assault protection order, the reason for entering that remedy without prior notice to the respondent or greater notice than was actually given;

(e) For ex parte temporary sexual assault protection orders, that the respondent may petition the court, to reopen the order if he or she did not receive actual prior notice of the hearing and if the respondent alleges that he or she had a meritorious defense to the order or that the order or its remedy is not authorized by this chapter.

(3) A sexual assault protection order shall include the following notice, printed in conspicuous type: "A knowing violation of this sexual assault protection order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

NEW SECTION. Sec. 15. (1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsection (6) of this section.

(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party.

(3) If service by a sheriff or municipal peace officer is to be used, the clerk of the court shall have a copy of any order issued under this chapter forwarded on or before the next judicial day to the appropriate law enforcement agency specified in the order for service upon the respondent. Service of an order issued under this chapter shall take precedence over the service of other documents unless they are of a similar emergency nature.

(4) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification.

(5) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(6) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary.

NEW SECTION. Sec. 16. (1)(a) When any person charged with or arrested for a sex offense as defined in RCW 9.94A.030, a violation of RCW 9A.44.096, a violation of RCW 9.68A.090, or a gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030, is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court authorizing release may issue, by telephone, a sexual assault protection order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location.

(b) In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(c) The sexual assault protection order shall also be issued in writing as soon as possible.

(2)(a) At the time of arraignment or whenever a motion is brought to modify the conditions of the defendant's release, the court shall determine whether a sexual assault protection order shall be issued or extended. If a sexual assault protection order is issued or extended, the court may also include in the conditions of release a requirement that the defendant submit to electronic monitoring. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant reimburse the providing agency for the costs of the electronic monitoring.

(b) A sexual assault protection order issued by the court in conjunction with criminal charges shall terminate if the defendant is acquitted or the charges are dismissed, unless the victim files an independent action for a sexual assault protection order. If the victim files an independent action for a sexual assault protection order, the order may be continued by the court until a full hearing is conducted pursuant to section 6 of this act.

(3)(a) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(b) A certified copy of the order shall be provided to the victim at no charge.

(4) If a sexual assault protection order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed. Such orders need not be entered into the computer-based criminal intelligence information system in this state which is used by law enforcement agencies to list outstanding warrants.

(5) Whenever an order prohibiting contact is issued pursuant to subsection (2) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state.

(6)(a) When a defendant is found guilty of a sex offense as defined in RCW 9.94A.030, any violation of RCW 9A.44.096, or any violation of RCW 9.68A.090, or any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030, and a condition of the sentence restricts the defendant's ability to have contact with the victim, the condition shall be recorded as a sexual assault protection order.

(b) The written order entered as a condition of sentencing shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(c) A final sexual assault protection order entered in conjunction with a criminal prosecution shall remain in effect for a period of two years following the expiration of any sentence of imprisonment and subsequent period of community supervision, conditional release, probation, or parole.

(d) A certified copy of the order shall be provided to the victim at no charge.

(7) A knowing violation of a court order issued under subsection (1), (2), or (6) of this section is punishable under RCW 26.50.110.

(8) Whenever a sexual assault protection order is issued, modified, or terminated under subsection (1), (2), or (6) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated under

subsection (2) of this section, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

NEW SECTION. Sec. 17. (1) A copy of a sexual assault protection order granted under this chapter shall be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the order, the law enforcement agency shall immediately enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order shall remain in the computer for one year or until the expiration date specified on the order. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system. The law enforcement agency shall only expunge from the computer-based criminal intelligence information system orders that are expired, vacated, terminated, or superseded. Entry into the law enforcement information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any county in the state.

(2) The information entered into the computer-based criminal intelligence information system shall include notice to law enforcement whether the order was personally served, served by publication, or served by mail.

NEW SECTION. Sec. 18. Upon application with notice to all parties and after a hearing, the court may modify the terms of an existing sexual assault protection order. In any situation where an order is terminated or modified before its expiration date, the clerk of the court shall forward on or before the next judicial day a true copy of the modified order or the termination order to the appropriate law enforcement agency specified in the modified or termination order. Upon receipt of the order, the law enforcement agency shall promptly enter it in the computer-based criminal intelligence information system, or if the order is terminated, remove the order from the computer-based criminal intelligence information system.

NEW SECTION. Sec. 19. (1) The administrative office of the courts shall develop and prepare instructions and informational brochures required under section 5 of this act, standard petition and order for protection forms, and a court staff handbook on sexual assault, and the protection order process. The standard petition and order for protection forms must be used after September 1, 2006, for all petitions filed and orders issued under this chapter. The instructions, brochures, forms, and handbook shall be prepared in consultation with interested persons, including a representative of the state, sexual assault coalition, judges, and law enforcement personnel.

(a) The instructions shall be designed to assist petitioners in completing the petition, and shall include a sample of standard petition and order for protection forms.

(b) The informational brochure shall describe the use of and the process for obtaining, modifying, and terminating a protection order as provided under this chapter.

(c) The order for protection form shall include, in a conspicuous location, notice of criminal penalties resulting from violation of the order, and the following statement: "You can be arrested even if the person or persons who obtained the order invite or allow you to violate the order's prohibitions. The respondent has the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order upon written application."

(d) The court staff handbook shall allow for the addition of a community resource list by the court clerk.

(2) All court clerks shall obtain a community resource list from a sexual assault program serving the county in which the court is located. The community resource list shall include the names and telephone numbers of sexual assault programs serving the community in which the court is located, including law enforcement agencies, domestic violence agencies, sexual assault agencies, legal assistance programs, interpreters, multicultural programs, and batterers' treatment programs. The court shall make the community resource

list available as part of or in addition to the informational brochures described in subsection (1) of this section.

(3) The administrative office of the courts shall distribute a master copy of the petition and order forms, instructions, and informational brochures to all court clerks and shall distribute a master copy of the petition and order forms to all superior, district, and municipal courts.

(4) For purposes of this section, "court clerks" means court administrators in courts of limited jurisdiction and elected court clerks.

(5) The administrative office of the courts shall determine the significant non-English-speaking or limited English-speaking populations in the state. The administrator shall then arrange for translation of the instructions and informational brochures required by this section, which shall contain a sample of the standard petition and order for protection forms, into the languages spoken by those significant non-English-speaking populations and shall distribute a master copy of the translated instructions and informational brochures to all court clerks by December 1, 2006.

(6) The administrative office of the courts shall update the instructions, brochures, standard petition and order for protection forms, and court staff handbook when changes in the law make an update necessary.

(6) An officer may act upon the request of a law enforcement officer in whose presence a traffic infraction was committed, to stop, detain, arrest, or issue a notice of traffic infraction to the driver who is believed to have committed the infraction. The request by the witnessing officer shall give an officer the authority to take appropriate action under the laws of the state of Washington.

(7) Any police officer having probable cause to believe that a person has committed or is committing any act of indecent exposure, as defined in RCW 9A.88.010, may arrest the person.

(8) A police officer may arrest and take into custody, pending release on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that an order has been issued of which the person has knowledge under chapter 10.14 RCW and the person has violated the terms of that order.

MESSAGE FROM THE SENATE

February 28, 2006

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2964, with the following amendment:

Strike everything after the enacting clause and insert the following:

"PART 1 DEPARTMENT OF EARLY LEARNING CREATED

NEW SECTION. Sec. 101. (1) The legislature recognizes that:

(a) Parents are their children's first and most important teachers and decision makers;

(b) Research across disciplines now demonstrates that what happens in the earliest years makes a critical difference in children's readiness to succeed in school and life;

(c) Washington's competitiveness in the global economy requires a world-class education system that starts early and supports life-long learning;

(d) Washington state currently makes substantial investments in voluntary child care and early learning services and supports, but because services are fragmented across multiple state agencies, and early learning providers lack the supports and incentives needed to

improve the quality of services they provide, many parents have difficulty accessing high quality early learning services;

(e) A more cohesive and integrated voluntary early learning system would result in greater efficiencies for the state, increased partnership between the state and the private sector, improved access to high quality early learning services, and better employment and early learning outcomes for families and all children.

(2) The legislature finds that the early years of a child's life are critical to the child's healthy brain development and that the quality of caregiving during the early years can significantly impact the child's intellectual, social, and emotional development.

(3) The purpose of this chapter is:

(a) To establish the department of early learning;

(b) To coordinate and consolidate state activities relating to child care and early learning programs;

(c) To safeguard and promote the health, safety, and well-being of children receiving child care and early learning assistance;

(d) To promote linkages and alignment between early learning programs and elementary schools and support the transition of children and families from prekindergarten environments to kindergarten;

(e) To promote the development of a sufficient number and variety of adequate child care and early learning facilities, both public and private; and

(f) To license agencies and to assure the users of such agencies, their parents, the community at large and the agencies themselves that adequate minimum standards are maintained by all child care and early learning facilities.

(4) This chapter does not expand the state's authority to license or regulate activities or programs beyond those licensed or regulated under existing law.

NEW SECTION. Sec. 102. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(2) The primary duties of the department are to implement state early learning policy and to coordinate, consolidate, and integrate child care and early learning programs in order to administer programs and funding as efficiently as possible. The department's duties include, but are not limited to, the following:

(a) To support both public and private sectors toward a comprehensive and collaborative system of early learning that serves parents, children, and providers and to encourage best practices in child care and early learning programs;

The department shall include parents and legal guardians in the development of policies and program decisions affecting their children.

NEW SECTION. Sec. 104. (1) The executive head and appointing authority of the department is the director. The director shall be appointed by the governor with the consent of the senate, and shall serve at the pleasure of the governor. The governor shall solicit input from all parties involved in the private-public partnership concerning this appointment. The director shall be paid a salary to be fixed by the governor in accordance with RCW 43.03.040. If a vacancy occurs in the position of director while the senate is not in session, the governor shall make a temporary appointment until the next meeting of the senate when the governor's nomination for the office of director shall be presented.

(2) The director may employ staff members, who shall be exempt from chapter 41.06 RCW, and any additional staff members as are necessary to administer this chapter. The director may delegate any power or duty vested in him or her by this chapter, including authority to make final decisions and enter final orders in hearings conducted under chapter 34.05 RCW.

NEW SECTION. Sec. 105. It is the intent of the legislature wherever possible to place the internal affairs of the department under the control of the director in order that the director may institute therein the flexible, alert, and intelligent management of its business that changing contemporary circumstances require. Therefore, whenever the director's authority is not specifically limited by law, the director has complete charge and supervisory powers over the department. The director may create such administrative structures as the director considers appropriate, except as otherwise specified by law. The director may employ such assistants and personnel as necessary for the general administration of the department. In furtherance of the policy of the state to cooperate with the federal government in all of the programs under the jurisdiction of the department, such rules as may become necessary to entitle the state to participate in federal funds may be adopted, unless expressly prohibited by law. Any internal reorganization carried out under the terms of this chapter shall meet federal requirements that are a necessary condition to state receipt of federal funds. Any section or provision of law dealing with the department that may be susceptible to more than one construction shall be interpreted in favor of the construction most likely to comply with federal laws entitling this state to receive federal funds for the various programs of the department.

NEW SECTION. Sec. 108. (1) In addition to other duties under this chapter, the director shall actively participate in a nongovernmental private-public partnership focused on supporting government's investments in early learning and ensuring that every child in the state is prepared to succeed in school and in life. Except for licensing as required by Washington state law and to the extent permitted by federal law, the director of the department of early learning shall grant waivers from the rules of state agencies for the operation of early learning programs requested by the nongovernmental private-public partnership to allow for flexibility to pursue market-based approaches to achieving the best outcomes for children and families.

(2) In addition to other powers granted to the director, the director may:

(a) Enter into contracts on behalf of the department to carry out the purposes of this chapter;

(b) Accept gifts, grants, or other funds for the purposes of this chapter; and

This section does not expand the rule-making authority of the director beyond that necessary to implement and administer programs and services existing July 1, 2006, as transferred to the department of early learning under section 501 of this act. The rule-making authority does not include any authority to set mandatory curriculum or establish what must be taught in child day care centers or by family day care providers.

NEW SECTION. Sec. 109. Two years after the implementation of the department's early learning program, and every two years thereafter by July 1st, the department shall submit to the governor and the legislature a report measuring the effectiveness of its programs in improving early childhood education. The first report shall include program objectives and identified valid performance measures for evaluating progress toward achieving the objectives, as well as a plan for commissioning a longitudinal study comparing the kindergarten readiness of children participating in the department's programs with the readiness of other children, using nationally accepted testing and assessment methods. Such comparison shall include, but not be limited to, achievement as children of both groups progress through the K-12 system and identify year-to-year changes in achievement, if any, in later years of elementary, middle school, and high school education.

NEW SECTION. Sec. 110. A new section is added to chapter 41.06 RCW to read as follows:

In addition to the exemptions under RCW 41.06.070, the provisions of this chapter shall not apply in the department of early learning to the director, the director's personal secretary, and any other exempt staff members provided for in section 104(2) of this act.

Sec. 201. RCW 41.04.385 and 2005 c 490 s 9 are each amended to read as follows:

The legislature finds that (1) demographic, economic, and social trends underlie a critical and increasing demand for child care in the state of Washington; (2) working parents and their children benefit when the employees' child care needs have been resolved; (3) the state of Washington should serve as a model employer by creating a supportive atmosphere, to the extent feasible, in which its employees may meet their child care needs; and (4) the state of Washington should encourage the development of partnerships between state agencies, state employees, state employee labor organizations, and private employers to expand the availability of affordable quality child care. The legislature finds further that resolving employee child care concerns not only benefits the employees and their children, but may benefit the employer by reducing absenteeism, increasing employee productivity, improving morale, and enhancing the employer's position in recruiting and retaining employees. Therefore, the legislature declares that it is the policy of the state of Washington to assist state employees by creating a supportive atmosphere in which they may meet their child care needs. NEW SECTION. Sec. 301. It shall be the director's duty with regard to licensing:

(1) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of child care facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages and other characteristics of the children served, variations in the purposes and services offered or size or structure of the agencies to be licensed, or because of any other factor relevant thereto;

(2) In consultation and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed under this chapter.

The minimum requirements shall be limited to:

(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(b) The character, suitability, and competence of an agency and other persons associated with an agency directly responsible for the care of children. In consultation with law enforcement personnel, the director shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this chapter.

In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The director shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children. Criminal justice agencies shall provide the director such information as they may have and that the director may require for such purpose;

(c) The number of qualified persons required to render the type of care for which an agency seeks a license;

(d) The health, safety, cleanliness, and general adequacy of the premises to provide for the comfort, care, and well-being of children;

(e) The provision of necessary care and early learning, including food, supervision, and discipline; physical, mental, and social well-being; and educational and recreational opportunities for those served;

(f) The financial ability of an agency to comply with minimum requirements established under this chapter; and

(g) The maintenance of records pertaining to the care of children;

(3) To issue, revoke, or deny licenses to agencies pursuant to this chapter. Licenses shall specify the category of care that an agency is authorized to render and the ages and number of children to be served;

(4) To prescribe the procedures and the form and contents of reports necessary for the administration of this chapter and to require regular reports from each licensee;

(5) To inspect agencies periodically to determine whether or not there is compliance with this chapter and the requirements adopted under this chapter;

(6) To review requirements adopted under this chapter at least every two years and to adopt appropriate changes after consultation with affected groups for child day care requirements; and

(7) To consult with public and private agencies in order to help them improve their methods and facilities for the care and early learning of children.

NEW SECTION. Sec. 302. The chief of the Washington state patrol, through the director of fire protection, shall have the power and it shall be his or her duty:

(1) In consultation with the director and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt recognized minimum standard requirements pertaining to each category of agency established pursuant to this chapter necessary to protect all persons residing therein from fire hazards;

(2) To make or cause to be made such inspections and investigations of agencies as he or she deems necessary;

(3) To make a periodic review of requirements under section 301(5) of this act and to adopt necessary changes after consultation as required in subsection (1) of this section;

(4) To issue to applicants for licenses under this chapter who comply with the requirements, a certificate of compliance, a copy of which shall be presented to the department before a license shall be issued, except that an initial license may be issued as provided in section 309 of this act.

NEW SECTION. Sec. 303. Licensed child day care centers shall provide notice of pesticide use to parents or guardians of students and employees pursuant to chapter 17.21 RCW.

NEW SECTION. Sec. 304. A copy of the articles of incorporation of any agency or amendments to the articles of existing corporation agencies shall be sent by the secretary of state to the department at the time such articles or amendments are filed.

NEW SECTION. Sec. 305. All agencies subject to this chapter shall accord the department, the chief of the Washington state patrol, and the director of fire protection, or their designees, the right of entrance and the privilege of access to and inspection of records for the purpose of determining whether or not there is compliance with the provisions of this chapter and the requirements adopted under it.

NEW SECTION. Sec. 306. (1) It is unlawful for any agency to care for children unless the agency is licensed as provided in this chapter.

(2) A license issued under chapter 74.15 RCW before July 1, 2006, for an agency subject to this chapter after July 1, 2006, is valid until its next renewal, unless otherwise suspended or revoked by the department.

NEW SECTION. Sec. 307. Each agency shall make application for a license or renewal of license to the department on forms prescribed by the department. Upon receipt of such application, the department shall either grant or deny a license within ninety days. A license shall be granted if the agency meets the minimum requirements set forth in this chapter and the departmental requirements consistent with the chapter, except that an initial license may be issued as provided in section 309 of this act. Licenses provided for in this chapter shall be issued for a period of three years. The licensee, however, shall advise the director of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee and the location stated in the application. For licensed family day care homes having an acceptable history of child care, the license may remain in effect for two weeks after a move.

NEW SECTION. Sec. 308. If a licensee desires to apply for a renewal of its license, a request for a renewal shall be filed ninety days before the expiration date of the license. If the department has failed to act at the time of the expiration date of the license, the license shall continue in effect until such time as the department acts.

NEW SECTION. Sec. 309. The director may, at his or her discretion, issue an initial license instead of a full license, to an agency or facility for a period not to exceed six months, renewable for a period not to exceed two years, to allow such agency or facility reasonable time to become eligible for full license.

NEW SECTION. Sec. 310. (1) The department may issue a probationary license to a licensee who has had a license but is temporarily unable to comply with a rule or has been the subject of multiple complaints or concerns about noncompliance if:

(a) The noncompliance does not present an immediate threat to the health and well-being of the children but would be likely to do so if allowed to continue; and

(b) The licensee has a plan approved by the department to correct the area of noncompliance within the probationary period.

(2) A probationary license may be issued for up to six months, and at the discretion of the department it may be extended for an additional six months. The department shall immediately terminate the probationary license, if at any time the noncompliance for which the probationary license was issued presents an immediate threat to the health or well-being of the children.

(3) The department may, at any time, issue a probationary license for due cause that states the conditions of probation.

(4) An existing license is invalidated when a probationary license is issued.

(5) At the expiration of the probationary license, the department shall reinstate the original license for the remainder of its term, issue a new license, or revoke the original license.

(6) A right to an adjudicative proceeding shall not accrue to the licensee whose license has been placed on probationary status unless the licensee does not agree with the placement on probationary status and the department then suspends, revokes, or modifies the license.

NEW SECTION. Sec. 311. (1) An agency may be denied a license, or any license issued pursuant to this chapter may be suspended, revoked, modified, or not renewed by the director upon proof (a) that the agency has failed or refused to comply with the provisions of this chapter or the requirements adopted pursuant to this chapter; or (b) that the conditions required for the issuance of a license under this chapter have ceased to exist with respect to such licenses. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(3) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under this chapter or that an agency subject to licensing under this chapter is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home. Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance. Civil monetary penalties shall not exceed seventy-five dollars per violation for a family day care home and two hundred fifty dollars per violation for child day care centers. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty. The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period. The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to this chapter within ten days after such assessment becomes final. Chapter 43.20A RCW governs notice of a civil monetary penalty and provides the right of an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

(4)(a) In addition to or in lieu of an enforcement action being taken, the department may place a child day care center or family day care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No

enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.

(b) Whenever a child day care center or family day care provider is placed on nonreferral status, the department shall provide written notification to the child day care center or family day care provider.

(5) The department shall notify appropriate public and private child care resource and referral agencies of the department's decision to: (a) Take an enforcement action against a child day care center or family day care provider; or (b) place or remove a child day care center or family day care provider on nonreferral status.

NEW SECTION. Sec. 312. (1) The office of administrative hearings shall not assign nor allow an administrative law judge to preside over an adjudicative hearing regarding denial, modification, suspension, or revocation of any license to provide child care under this chapter, unless such judge has received training related to state and federal laws and department policies and procedures regarding:

- (a) Child abuse, neglect, and maltreatment;
- (b) Child protective services investigations and standards;
- (c) Licensing activities and standards;
- (d) Child development; and
- (e) Parenting skills.

(2) The office of administrative hearings shall develop and implement a training program that carries out the requirements of this section. The office of administrative hearings shall consult and coordinate with the department in developing the training program. The department may assist the office of administrative hearings in developing and providing training to administrative law judges.

NEW SECTION. Sec. 313. The director shall immediately suspend the license or certificate of a person who has been certified pursuant to RCW 74.20A.320 by the department of social and health services as a person who is not in compliance with a support order or a residential or visitation order. If the person has continued to meet all other requirements for reinstatement during the suspension, reissuance of the license or certificate shall be automatic upon the director's receipt of a release issued by the department of social and health services stating that the licensee is in compliance with the order.

NEW SECTION. Sec. 314. Notwithstanding the existence or pursuit of any other remedy, the director may, in the manner provided by law, upon the advice of the attorney general, who shall represent the department in the proceeding, maintain an action in the name of the state for injunction or such other relief as he or she may deem advisable against any agency subject to licensing under the provisions of this chapter or against any such agency not having a license as heretofore provided in this chapter.

NEW SECTION. Sec. 315. Any agency operating without a license shall be guilty of a misdemeanor. This section shall not be enforceable against an agency until sixty days after the effective date of new rules, applicable to such agency, have been adopted under this chapter.

Sec. 402. RCW 74.15.030 and 2005 c 490 s 11 are each amended to read as follows:

The secretary shall have the power and it shall be the secretary's duty:

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:

(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(b) The character, suitability and competence of an agency and other persons associated with an agency directly responsible for the care and treatment of children, expectant mothers or developmentally disabled persons. In consultation with law enforcement personnel, the secretary shall investigate the conviction record or pending charges and dependency record information under chapter 43.43 RCW of each agency and its staff seeking licensure or relicensure. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under this chapter. In order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being

authorized to care for children shall be fingerprinted. The fingerprints shall be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history records check. The fingerprint criminal history records checks will be at the expense of the licensee except that in the case of a foster family home, if this expense would work a hardship on the licensee, the department shall pay the expense. The licensee may not pass this cost on to the employee or prospective employee, unless the employee is determined to be unsuitable due to his or her criminal history record. The secretary shall use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children, expectant mothers, and developmentally disabled persons. Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose;

(c) The number of qualified persons required to render the type of care and treatment for which an agency seeks a license;

(d) The safety, cleanliness, and general adequacy of the premises to provide for the comfort, care and well-being of children, expectant mothers or developmentally disabled persons;

(e) The provision of necessary care, including food, clothing, supervision and discipline; physical, mental and social well-being; and educational, recreational and spiritual opportunities for those served;

(f) The financial ability of an agency to comply with minimum requirements established pursuant to chapter 74.15 RCW and RCW 74.13.031; and

(g) The maintenance of records pertaining to the admission, progress, health and discharge of persons served;

(3) To investigate any person, including relatives by blood or marriage except for parents, for character, suitability, and competence in the care and treatment of children, expectant mothers, and developmentally disabled persons prior to authorizing that person to care for children, expectant mothers, and developmentally disabled persons. However, if a child is placed with a relative under RCW 13.34.065 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(4) On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;

(8) To review requirements adopted hereunder at least every two years and to adopt appropriate changes after consultation ~~((with affected groups for child day-care requirements and))~~ with the children's services advisory committee for requirements for other agencies; and

(9) To consult with public and private agencies in order to help them improve their methods and facilities for the care of children, expectant mothers and developmentally disabled persons.

Sec. 403. RCW 74.15.100 and 1995 c 302 s 8 are each amended to read as follows:

Each agency shall make application for a license or renewal of license to the department of social and health services on forms prescribed by the department. A licensed agency having foster-family homes under its supervision may make application for a license on behalf of any such foster-family home. Such a foster home license shall cease to be valid when the home is no longer under the

supervision of that agency. Upon receipt of such application, the department shall either grant or deny a license within ninety days unless the application is for licensure as a foster-family home, in which case RCW 74.15.040 shall govern. A license shall be granted if the agency meets the minimum requirements set forth in chapter 74.15 RCW and RCW 74.13.031 and the departmental requirements consistent herewith, except that an initial license may be issued as provided in RCW 74.15.120. Licenses provided for in chapter 74.15 RCW and RCW 74.13.031 shall be issued for a period of three years. The licensee, however, shall advise the secretary of any material change in circumstances which might constitute grounds for reclassification of license as to category. The license issued under this chapter is not transferable and applies only to the licensee and the location stated in the application. For licensed foster-family ~~((and family day-care))~~ homes having an acceptable history of child care, the license may remain in effect for two weeks after a move, except that ~~((for the foster-family home))~~ this will apply only if the family remains intact.

Sec. 404. RCW 74.15.130 and 2005 c 473 s 6 are each amended to read as follows:

(1) An agency may be denied a license, or any license issued pursuant to chapter 74.15 RCW and RCW 74.13.031 may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of chapter 74.15 RCW and RCW 74.13.031 or the requirements promulgated pursuant to the provisions of chapter 74.15 RCW and RCW 74.13.031; or (b) that the conditions required for the issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of a foster family home license, the department's decision shall be upheld if there is reasonable cause to believe that:

(a) The applicant or licensee lacks the character, suitability, or competence to care for children placed in out-of-home care, however, no unfounded report of child abuse or neglect may be used to deny employment or a license;

(b) The applicant or licensee has failed or refused to comply with any provision of chapter 74.15 RCW, RCW 74.13.031, or the requirements adopted pursuant to such provisions; or

(c) The conditions required for issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses.

(3) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, other than a foster family home license, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(4) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under the provisions of this chapter and RCW 74.13.031 or that an agency subject to licensing under this chapter and RCW 74.13.031 is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home. Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance. Civil monetary penalties shall not exceed ~~((seventy-five dollars per violation for a family day-care home and))~~ two hundred fifty dollars per violation for group homes ~~((child day-care centers;))~~ and child-placing agencies. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty. The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period. The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty it has assessed pursuant to

this chapter within ten days after such assessment becomes final. Chapter 43.20A RCW governs notice of a civil monetary penalty and provides the right of an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

~~((5)(a) In addition to or in lieu of an enforcement action being taken, the department may place a child day-care center or family day-care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.~~

~~(b) Whenever a child day-care center or family day-care provider is placed on nonreferral status, the department shall provide written notification to the child day-care center or family day-care provider.~~

~~(6) The department shall notify appropriate public and private child care resource and referral agencies of the department's decision to: (a) Take an enforcement action against a child day-care center or family day-care provider; or (b) place or remove a child day-care center or family day-care provider on nonreferral status.)~~

MESSAGE FROM THE SENATE

March 2, 2006

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1841, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 19.28.041 and 2002 c 249 s 2 are each amended to read as follows:

(1) It is unlawful for any person, firm, partnership, corporation, or other entity to advertise, offer to do work, submit a bid, engage in, conduct, or carry on the business of installing or maintaining wires or equipment to convey electric current, or installing or maintaining equipment to be operated by electric current as it pertains to the electrical industry, without having an unrevoked, unsuspended, and unexpired electrical contractor license, issued by the department in accordance with this chapter. All electrical contractor licenses expire twenty-four calendar months following the day of their issue. The department may issue an electrical contractor license for a period of less than twenty-four months only for the purpose of equalizing the number of electrical contractor licenses that expire each month. Application for an electrical contractor license shall be made in writing to the department, accompanied by the required fee. The application shall state:

(a) The name and address of the applicant; in case of firms or partnerships, the names of the individuals composing the firm or partnership; in case of corporations, the names of the managing officials thereof;

(b) The location of the place of business of the applicant and the name under which the business is conducted;

(c) Employer social security number;

(d) Evidence of workers' compensation coverage for the applicant's employees working in Washington, as follows:

(i) The applicant's industrial insurance account number issued by the department;

(ii) The applicant's self-insurer number issued by the department; or

(iii) For applicants domiciled in a state or province of Canada subject to an agreement entered into under RCW 51.12.120(7), as permitted by the agreement, filing a certificate of coverage issued by the agency that administers the workers' compensation law in the applicant's state or province of domicile certifying that the applicant has secured the payment of compensation under the other state's or province's workers' compensation law;

(e) Employment security department number;

(f) State excise tax registration number;

(g) Unified business identifier (UBI) account number may be substituted for the information required by (d) of this subsection if the applicant will not employ employees in Washington, and by (e) and (f) of this subsection; and

(h) Whether a general or specialty electrical contractor license is sought and, if the latter, the type of specialty. Electrical contractor specialties include, but are not limited to: Residential, pump and irrigation, limited energy system, signs, nonresidential maintenance, restricted nonresidential maintenance, appliance repair, and a combination specialty. A general electrical contractor license shall grant to the holder the right to engage in, conduct, or carry on the business of installing or maintaining wires or equipment to carry electric current, and installing or maintaining equipment, or installing or maintaining material to fasten or insulate such wires or equipment to be operated by electric current, in the state of Washington. A specialty electrical contractor license shall grant to the holder a limited right to engage in, conduct, or carry on the business of installing or maintaining wires or equipment to carry electrical current, and installing or maintaining equipment; or installing or maintaining material to fasten or insulate such wires or equipment to be operated by electric current in the state of Washington as expressly allowed by the license.

(2) The department may verify the workers' compensation coverage information provided by the applicant under subsection (1)(d) of this section, including but not limited to information regarding the coverage of an individual employee of the applicant. If coverage is provided under the laws of another state, the department may notify the other state that the applicant is employing employees in Washington.

(3) The application for an electrical contractor license shall be accompanied by a bond in the sum of four thousand dollars with the state of Washington named as obligee in the bond, with good and sufficient surety, to be approved by the department. The bond shall at all times be kept in full force and effect, and any cancellation or

revocation thereof, or withdrawal of the surety therefrom, suspends the license issued to the principal until a new bond has been filed and approved as provided in this section. Upon approval of a bond, the department shall on the next business day deposit the fee accompanying the application in the electrical license fund and shall file the bond in the office. The department shall upon request furnish to any person, firm, partnership, corporation, or other entity a certified copy of the bond upon the payment of a fee that the department shall set by rule. The fee shall cover but not exceed the cost of furnishing the certified copy. The bond shall be conditioned that in any installation or maintenance of wires or equipment to convey electrical current, and equipment to be operated by electrical current, the principal will comply with the provisions of this chapter and with any electrical ordinance, building code, or regulation of a city or town adopted pursuant to RCW 19.28.010(3) that is in effect at the time of entering into a contract. SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2685 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

February 28, 2006

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 3098, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In 2005, the legislature reconstituted the state board of education to refocus its purpose; abolished the academic achievement and accountability commission; and assigned policy and rule-making authority for educator preparation and certification to the professional educator standards board. The purpose of this act is to address the remaining statutory responsibilities of the state board of education held before 2005. The legislature finds that some duties should be retained with the reconstituted board; many duties should be transferred to other agencies or organizations, primarily but not exclusively to the superintendent of public instruction; and some duties should be repealed. This act also corrects statutes to implement fully the transfer of responsibilities authorized in 2005.

PART 1 NEW STATE BOARD OF EDUCATION

NEW SECTION. Sec. 101. The legislature encourages the members of the new state board of education to review the transfer of duties from the state board to other entities made in this act and if any of the duties that were transferred away from the state board are necessary for the board to accomplish the purpose set out in this act then the state board shall come back to the legislature to request those necessary duties to be returned to the state board of education. The state board of education is encouraged to make such a request by January 15, 2007.

Sec. 102. RCW 28A.305.130 and 2005 c 497 s 104 are each amended to read as follows:

The purpose of the state board of education is to ~~((adopt statewide policies that promote achievement of the goals of RCW 28A.150.210; implement a standards-based accountability system; and provide leadership in the creation of an education system that respects the diverse cultures, abilities, and learning styles of all students))~~ provide advocacy and strategic oversight of public education; implement a standards-based accountability system to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

(1) ~~((Until January 1, 2006, approve or disapprove the program of courses leading to teacher, school administrator, and school specialized personnel certification offered by all institutions of higher education within the state which may be accredited and whose graduates may become entitled to receive such certification.~~

~~((2) Until January 1, 2006, conduct every five years a review of the program approval standards, including the minimum standards for teachers, administrators, and educational staff associates, to reflect research findings and assure continued improvement of preparation programs for teachers, administrators, and educational staff associates.~~

~~((3) Until January 1, 2006, investigate the character of the work required to be performed as a condition of entrance to and graduation from any institution of higher education in this state relative to such~~

certification as provided for in subsection (1) of this section, and prepare a list of accredited institutions of higher education of this and other states whose graduates may be awarded such certificates:

~~((4) Until January 1, 2006:~~

~~((a) Adopt rules to allow a teacher certification candidate to fulfill, in part, teacher preparation program requirements through work experience as a classified teacher's aide in a public school or private school meeting the requirements of RCW 28A.195.010. The rules shall include, but are not limited to, limitations based upon the recency of the teacher preparation candidate's teacher aide work experience, and limitations based on the amount of work experience that may apply toward teacher preparation program requirements under this chapter; and~~

~~((b) Require that at the time of the individual's enrollment in a teacher preparation program, the supervising teacher and the building principal shall jointly provide to the teacher preparation program of the higher education institution at which the teacher candidate is enrolled, a written assessment of the performance of the teacher candidate. The assessment shall contain such information as determined by the state board of education and shall include: Evidence that at least fifty percent of the candidate's work as a classified teacher's aide was involved in instructional activities with children under the supervision of a certified teacher and that the candidate worked a minimum of six hundred thirty hours for one school year; the type of work performed by the candidate; and a recommendation of whether the candidate's work experience as a classified teacher's aide should be substituted for teacher preparation program requirements. In compliance with such rules as may be established by the state board of education under this section, the teacher preparation programs of the higher education institution where the candidate is enrolled shall make the final determination as to what teacher preparation program requirements may be fulfilled by teacher aide work experience.~~

~~((5) Until January 1, 2006, supervise the issuance of such certificates as provided for in subsection (1) of this section and specify the types and kinds of certificates necessary for the several departments of the common schools by rule or regulation in accordance with RCW 28A.410.010.~~

~~((6)) Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business((-);~~

The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and, for

high school students, to obtain a certificate of academic achievement. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. The initial performance standards and any changes recommended by the board in the performance standards for the tenth grade assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature. Recognition for improvements in student achievement shall include consideration of one or more of the following accomplishments:

(i) An increase in the percent of students meeting standards. The level of achievement required for recognition may be based on the achievement goals established by the legislature and by the board under (a) of this subsection;

(ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and

(iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index. When determining the baseline year or years for recognizing individual schools, the board may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

(d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the board shall consider the use of all statewide mandated criterion-referenced and norm-referenced standardized tests;

(a) The ~~((state board))~~ superintendent of public instruction may waive the matching requirement for districts which have provided funds for school building construction purposes through the authorization of bonds or through the authorization of excess tax levies or both in an amount equivalent to two and one-half percent of the value of its taxable property, as defined in RCW 39.36.015.

(b) No such matching funds shall be required as a condition to the allotment of funds for the purpose of making major or minor structural changes to existing school facilities in order to bring such facilities into compliance with the barrier free access requirements of section 504 of the federal rehabilitation act of 1973 (29 U.S.C. Sec. 706) and rules implementing the act.

(3) For the purpose of computing the state matching percentage under RCW 28A.525.166 when a school district is granted authority to enter into contracts, adjusted valuation per pupil shall be calculated using headcount student enrollments from the most recent October enrollment reports submitted by districts to the superintendent of public instruction, adjusted as follows:

(a) In the case of projects for which local bonds were approved after May 11, 1989:

(i) For districts which have been designated as serving high school districts under RCW 28A.540.110, students residing in the nonhigh district so designating shall be excluded from the enrollment count if the student is enrolled in any grade level not offered by the nonhigh district;

(iii) The number of preschool students with disabilities included in the enrollment count shall be multiplied by one-half;

(b) In the case of construction or modernization of high school facilities in districts serving students from nonhigh school districts, the adjusted valuation per pupil shall be computed using the combined adjusted valuations and enrollments of each district, each weighted by the percentage of the district's resident high school students served by the high school district; and

(c) The number of kindergarten students included in the enrollment count shall be multiplied by one-half.

(4) The ~~((state board of education))~~ superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel, shall prescribe ~~((and make effective))~~ such rules as are necessary to equate insofar as possible the efforts made by school districts to provide capital funds by the means aforesaid.

In allotting the state funds provided by RCW ~~((28A.525.160 through 28A.525.182))~~ 28A.525.162 through 28A.525.180, the ~~((state board of education))~~ superintendent of public instruction shall:

(1) Prescribe rules ~~((and regulations))~~ not inconsistent with RCW ~~((28A.525.160 through 28A.525.182))~~ 28A.525.162 through 28A.525.180 governing the administration, control, terms, conditions, and disbursement of allotments to school districts to assist them in providing school plant facilities;

(2) Approve ~~((, whenever the board deems such action advisable,))~~ allotments to districts that apply for state assistance;

(3) Authorize the payment of approved allotments by warrant of the state treasurer; and

(4) In the event that the amount of state assistance applied for pursuant to the provisions hereof exceeds the funds available for such assistance during any biennium, make allotments on the basis of the urgency of need for school facilities in the districts that apply for assistance or prorate allotments among such districts in conformity with ~~((procedures and regulations))~~ applicable ~~((thereto which shall be established by the board))~~ rules.

Sec. 311. RCW 28A.525.166 and 1997 c 369 s 9 are each amended to read as follows:

Allocations to school districts of state funds provided by RCW ~~((28A.525.160 through 28A.525.182))~~ 28A.525.162 through 28A.525.180 shall be made by the ~~((state board of education))~~ superintendent of public instruction and the amount of state assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the ~~((state board of education))~~ superintendent.

(2) The state matching percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

	District adjusted	Total state	
	3-valuation	÷ adjusted valuation	
Computed	per pupil	per pupil	State
State =	-----		= % Assistance
Ratio	District adjusted	Total state	
	3+valuation	÷ adjusted valuation	
	per pupil	per pupil	

PROVIDED, That in the event the percentage of state assistance to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state assistance under RCW ~~((28A.525.160 through 28A.525.182))~~ 28A.525.162 through 28A.525.180, the ~~((state board of education))~~ superintendent may establish for such district a percentage of state assistance not in excess of twenty percent of the approved cost of the project, if the ~~((state board))~~ superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed percent of state assistance developed in subsection (2) ((above)) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed percent of state assistance for each percent of growth, with a maximum of twenty percent.

(4) The approved cost of the project determined in the manner ~~((herein))~~ prescribed ((times)) in this section multiplied by the percentage of state assistance derived as provided for ((herein)) in this section shall be the amount of state assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the ~~((state board of education))~~ superintendent: PROVIDED, FURTHER, That additional state assistance may be allowed if it is found by the ~~((state board of education))~~ superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from industrial projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) ~~((hereinabove))~~ of this subsection, creating a like emergency.

Sec. 312. RCW 28A.525.168 and 1990 c 33 s 458 are each amended to read as follows:

Whenever the voters of a school district authorize the issuance of bonds and/or the levying of excess taxes in an amount sufficient to meet the requirements of RCW 28A.525.162 respecting eligibility for state assistance in providing school facilities, the taxable valuation of the district and the percentage of state assistance in providing school facilities prevailing at the time of such authorization shall be the valuation and the percentage used for the purpose of determining the eligibility of the district for an allotment of state funds and the amount or amounts of such allotments, respectively, for all projects for which the voters authorize capital funds as aforesaid, unless a higher percentage of state assistance prevails on the date that state funds for assistance in financing a project are allotted by the ~~((state board of education))~~ superintendent of public instruction in which case the percentage prevailing on the date of allotment by the ~~((state board))~~ superintendent of funds for each project shall govern: PROVIDED, That if the ~~((state board of education))~~ superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel, determines at any time that there has been undue or unwarranted delay on the part of school district authorities in advancing a project to the point of readiness for an allotment of state funds, the taxable valuation of the school district

and the percentage of state assistance prevailing on the date that the allotment is made shall be used for the purposes aforesaid: PROVIDED, FURTHER, That the date ~~((herein))~~ specified in this section as applicable in determining the eligibility of an individual school district for state assistance and in determining the amount of such assistance shall be applicable also to cases where it is necessary in administering chapter 28A.540 RCW to determine eligibility for and the amount of state assistance for a group of school districts considered as a single school administrative unit.

Sec. 313. RCW 28A.525.170 and 1990 c 33 s 459 are each amended to read as follows:

At any time thereafter when the ~~((state board of education))~~ superintendent finds that the financial position of such school district has improved through an increase in its taxable valuation or through retirement of bonded indebtedness or through a reduction in school housing requirements, or for any combination of these reasons, the amount of such additional allotment, or any part of such amount as the ~~((state board of education))~~ superintendent determines, shall be deducted, under terms and conditions prescribed by the ~~((board))~~ superintendent, from any state school building construction funds which might otherwise be provided to such district.

The basic education allocation for each annual average full time equivalent student shall be determined in accordance with the following procedures:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula based on a ratio of students to staff for the distribution of a basic education allocation for each annual average full time equivalent student enrolled in a common school. The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:

- (a) Certificated instructional staff and their related costs;
- (b) Certificated administrative staff and their related costs;
- (c) Classified staff and their related costs;
- (d) Nonsalary costs;

Sec. 806. RCW 28A.405.110 and 1985 c 420 s 1 are each amended to read as follows:

The legislature recognizes the importance of teachers in the educational system. Teachers are the fundamental element in assuring a quality education for the state's and the nation's children. Teachers, through their direct contact with children, have a great impact on the development of the child. The legislature finds that this important role of the teacher requires an assurance that teachers are as successful as possible in attaining the goal of a well-educated society. The legislature finds, therefore, that the evaluation of those persons seeking to enter the teaching profession is no less important than the evaluation of those persons currently teaching. The evaluation of persons seeking teaching credentials should be strenuous while making accommodations uniquely appropriate to the applicants. Strenuous teacher training and preparation should be complemented by examinations of prospective teachers prior to candidates being granted official certification by the ~~((state board of education))~~ professional educator standards board. Teacher preparation program entrance evaluations, teacher training, teacher preparation program exit examinations, official certification, in-service training, and ongoing evaluations of individual progress and professional growth are all part of developing and maintaining a strong recertification and postcertification professional education system.

The legislature further finds that an evaluation system for teachers has the following elements, goals, and objectives: (1) An evaluation system must be meaningful, helpful, and objective; (2) an evaluation system must encourage improvements in teaching skills, techniques, and abilities by identifying areas needing improvement; (3) an evaluation system must provide a mechanism to make meaningful distinctions among teachers and to acknowledge, recognize, and encourage superior teaching performance; and (4) an evaluation system must encourage respect in the evaluation process by the persons conducting the evaluations and the persons subject to the evaluations through recognizing the importance of objective standards and minimizing subjectivity.

Sec. 807. RCW 28A.415.010 and 1991 c 285 s 1 are each amended to read as follows:

It shall be the responsibility of each educational service district board to establish a center for the improvement of teaching. To assist in these activities, each educational service district board shall establish an improvement of teaching coordinating council to include, at a minimum, representatives as specified in RCW 28A.415.040. An existing in-service training task force, established pursuant to RCW 28A.415.040, may serve as the improvement of teaching coordinating council. The educational service district board shall ensure coordination of programs established pursuant to RCW 28A.415.030, 28A.410.060, and 28A.415.250.

The educational service district board may arrange each year for the holding of one or more teachers' institutes and/or workshops for professional staff preparation and in-service training in such manner and at such time as the board believes will be of benefit to the teachers and other professional staff of school districts within the educational service district and shall comply with rules ~~((and regulations of the state board of education))~~ of the professional educator standards board pursuant to RCW 28A.410.060 or the superintendent of public instruction ~~((or state board of education))~~ pursuant to RCW 28A.415.250. The board may provide such additional means of teacher and other professional staff preparation and in-service training as it may deem necessary or appropriate and there shall be a proper charge against the educational service district

general expense fund when approved by the educational service district board.

Educational service district boards of contiguous educational service districts, by mutual arrangements, may hold joint institutes and/or workshops, the expenses to be shared in proportion to the numbers of certificated personnel as shown by the last annual reports of the educational service districts holding such joint institutes or workshops.

developmentally disabled person, or a vulnerable adult as defined in RCW 43.43.830 or his or her guardian, an applicant's record for convictions as defined in chapter 10.97 RCW.

(2) The legislature also finds that the ((state board of education)) Washington professional educator standards board may request of the Washington state patrol criminal identification system information regarding a certificate applicant's record for convictions under subsection (1) of this section.

(3) The legislature also finds that law enforcement agencies, the office of the attorney general, prosecuting authorities, and the department of social and health services may request this same information to aid in the investigation and prosecution of child, developmentally disabled person, and vulnerable adult abuse cases and to protect children and adults from further incidents of abuse.

(4) The legislature further finds that the secretary of the department of social and health services must establish rules and set standards to require specific action when considering the information listed in subsection (1) of this section, and when considering additional information including but not limited to civil adjudication proceedings as defined in RCW 43.43.830 and any out-of-state equivalent, in the following circumstances:

(5) Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis pending completion of the state background investigation. Whenever a national criminal record check through the federal bureau of investigation is required by state law, a person may be employed or engaged as a volunteer or independent contractor on a conditional basis pending completion of the national check. The Washington personnel resources board shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

(6)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health care facility sharing the criminal background inquiry information is reasonably known to be the person's most recent employer, no more than twelve months has elapsed from the date the person was last employed at a licensed health care facility to the date of their current employment application, and the criminal background information is no more than two years old.

(c) If criminal background inquiry information is shared, the health care facility employing the subject of the inquiry must require the applicant to sign a disclosure statement indicating that there has been no conviction or finding as described in RCW 43.43.842 since the completion date of the most recent criminal background inquiry.

(d) Any health care facility that knows or has reason to believe that an applicant has or may have a disqualifying conviction or finding as described in RCW 43.43.842, subsequent to the completion date of their most recent criminal background inquiry, shall be prohibited from relying on the applicant's previous employer's criminal background inquiry information. A new criminal background inquiry shall be requested pursuant to RCW 43.43.830 through 43.43.842.

(e) Health care facilities that share criminal background inquiry information shall be immune from any claim of defamation, invasion of privacy, negligence, or any other claim in connection with any dissemination of this information in accordance with this subsection.

(c) Facilities which will have the capacity to receive more than an average of fifty thousand barrels per day of crude or refined petroleum or (~~(liquefied)~~) liquefied petroleum gas which has been or will be transported over marine waters, except that the provisions of this chapter shall not apply to storage facilities unless occasioned by such new facility construction;

(d) Any underground reservoir for receipt and storage of natural gas as defined in RCW 80.40.010 capable of delivering an average of more than one hundred million standard cubic feet of natural gas per day; and

(e) Facilities capable of processing more than twenty-five thousand barrels per day of petroleum into refined products.

(15) "Land use plan" means a comprehensive plan or land use element thereof adopted by a unit of local government pursuant to chapter(~~(s)~~) 35.63, 35A.63, (~~(or)~~) 36.70, or 36.70A RCW.

(18) "Secretary" means the secretary of the United States department of energy.

NEW SECTION. Sec. 2. (1) Section 1221 of the national energy policy act also authorizes a state siting authority, in those instances where applicants seek a federal construction permit

otherwise authorized pursuant to section 1221 of the act, to assert jurisdiction on the basis of existing state regulatory authority.

(2) Section 1221 of the national energy policy act further authorizes a state siting authority to approve the siting of facilities or consider the interstate benefits to be achieved by proposed construction or modification as provided for in section 1221(b)(1)(A)(i)-(ii) of the act or other provisions of the act, or rules and regulations implementing the act, and to convey the views and recommendations regarding the need for and impact of a transmission facility where the federal energy regulatory commission is determined to have jurisdiction.

(3) Because the types of transmission facilities subject to section 1221 of the national energy policy act are not defined, and because the legislature recognizes that the siting of electric transmission lines at or below 115,000 volts has historically been regulated by local governments in the state, the legislature finds that the 115,000 volt threshold established in this act is appropriate to satisfy the requirements of section 1221.

NEW SECTION. Sec. 3. A new section is added to chapter 80.50 RCW to read as follows:

(1) The council shall consult with other state agencies, utilities, local municipal governments, public interest groups, tribes, and other interested persons to convey their views to the secretary and the federal energy regulatory commission regarding appropriate limits on federal regulatory authority in the siting of electrical transmission corridors in the state of Washington.

(2) The council is designated as the state authority for purposes of siting transmission facilities under the national energy policy act of 2005 and for purposes of other such rules or regulations adopted by the secretary. The council's authority regarding transmission facilities is limited to those transmission facilities that are the subject of section 1221 of the national energy policy act and this chapter.

(3) For the construction and modification of transmission facilities that are the subject of section 1221 of the national energy policy act, the council may: (a) Approve the siting of the facilities; and (b) consider the interstate benefits expected to be achieved by the proposed construction or modification of the facilities in the state.

(4) When developing recommendations as to the disposition of an application for the construction or modification of transmission facilities under this chapter, the fuel source of the electricity carried by the transmission facilities shall not be considered.

Sec. 4. RCW 80.50.060 and 2001 c 214 s 2 are each amended to read as follows:

(1) The provisions of this chapter shall apply to the construction of energy facilities which includes the new construction of energy facilities and the reconstruction or enlargement of existing energy facilities where the net increase in physical capacity or dimensions resulting from such reconstruction or enlargement meets or exceeds those capacities or dimensions set forth in RCW 80.50.020 (7) and (14). No construction of such energy facilities may be undertaken, except as otherwise provided in this chapter, after July 15, 1977, without first obtaining certification in the manner provided in this chapter.

(2) The provisions of this chapter apply to the construction, reconstruction, or enlargement of a new or existing energy facility that exclusively uses alternative energy resources and chooses to receive certification under this chapter, regardless of the generating capacity of the project.

(3) The provisions of this chapter apply to the construction of new electrical transmission facilities or the modification of existing electrical transmission facilities in a national interest electric transmission corridor designated by the secretary.

(4) The provisions of this chapter shall not apply to normal maintenance and repairs which do not increase the capacity or dimensions beyond those set forth in RCW 80.50.020 (7) and (14).

(~~(4)~~) (5) Applications for certification of energy facilities made prior to July 15, 1977 shall continue to be governed by the applicable provisions of law in effect on the day immediately preceding July 15, 1977 with the exceptions of RCW 80.50.190 and 80.50.071 which shall apply to such prior applications and to site certifications prospectively from July 15, 1977.

~~((5))~~ (6) Applications for certification shall be upon forms prescribed by the council and shall be supported by such information and technical studies as the council may require.

Sec. 5. RCW 80.50.071 and 1977 ex.s. c 371 s 16 are each amended to read as follows:

(1) The council shall receive all applications for energy facility site certification. The following fees or charges for application processing or certification monitoring shall be paid by the applicant or certificate holder:

(a) A fee of twenty-five thousand dollars for each proposed site, to be applied toward the cost of the independent consultant study authorized in this subsection, shall accompany the application and shall be a condition precedent to any further consideration or action on the application by the council. The council shall commission its own independent consultant study to measure the consequences of the proposed energy facility on the environment for each site application. The council shall direct the consultant to study any matter which it deems essential to an adequate appraisal of the site. The full cost of the study shall be paid by the applicant: PROVIDED, That said costs exceeding a total of the twenty-five thousand dollars paid pursuant to subsection (1)(a) of this section shall be payable subject to the applicant giving prior approval to such excess amount.

(b) Each applicant shall, in addition to the costs of the independent consultant provided by subsection (1)(a) of this section, pay such reasonable costs as are actually and necessarily incurred by the council and its members as designated in RCW 80.50.030 in processing the application. Such costs shall include, but are not limited to, council member's wages, employee benefits, costs of a hearing examiner, a court reporter, additional staff salaries, wages and employee benefits, goods and services, travel expenses within the state and miscellaneous expenses, as arise directly from processing such application.

Each applicant shall, at the time of application submission, deposit twenty thousand dollars, or such lesser amount as may be specified by council rule, to cover costs provided for by subsection (1)(b) of this section. Reasonable and necessary costs of the council directly attributable to application processing shall be charged against such deposit.

The council shall submit to each applicant a statement of such expenditures actually made during the preceding calendar quarter which shall be in sufficient detail to explain such expenditures. The applicant shall pay the state treasurer the amount of such statement to restore the total amount on deposit to the originally established level: PROVIDED, That such applicant may, at the request of the council, increase the amount of funds on deposit to cover anticipated expenses during peak periods of application processing. Any funds remaining unexpended at the conclusion of application processing shall be refunded to the applicant, or at the applicant's option, credited against required deposits of certificate holders.

(c) Each certificate holder shall pay such reasonable costs as are actually and necessarily incurred by the council for inspection and determination of compliance by the certificate holder with the terms of the certification relative to monitoring the effects of construction and operation of the facility.

Each certificate holder, within thirty days of execution of the site certification agreement, shall deposit twenty thousand dollars, or such other amount as may be specified by council rule, to cover costs provided for by subsection (1)(c) of this section. Reasonable and necessary costs of the council directly attributable to inspection and determination of compliance by the certificate holder with the terms of the certification relative to monitoring the effects of construction and operation of the facility shall be charged against such deposit.

The council shall submit to each certificate holder a statement of such expenditures actually made during the preceding calendar quarter which shall be in sufficient detail to explain such expenditures. The certificate holder shall pay the state treasurer the amount of such statement to restore the total amount on deposit to the originally established level: PROVIDED, That if the actual, reasonable, and necessary expenditures for inspection and determination of compliance in the preceding calendar quarter have

exceeded the amount of funds on deposit, such excess costs shall be paid by the certificate holder.

(2) If an applicant or certificate holder fails to provide the initial deposit, or if subsequently required payments are not received within thirty days following receipt of the statement from the council, the council may (a) in the case of the applicant, suspend processing of the application until payment is received; or (b) in the case of a certificate holder, suspend the certification.

(3) All payments required of the applicant or certificate holder under this section are to be made to the state treasurer who shall make payments as instructed by the council from the funds submitted. All such funds shall be subject to state auditing procedures. Any unexpended portions thereof shall be returned to the applicant or certificate holder.

Sec. 6. RCW 80.50.090 and 2001 c 214 s 7 are each amended to read as follows:

(1) The council shall conduct an informational public hearing in the county of the proposed site as soon as practicable but not later than sixty days after receipt of an application for site certification (~~PROVIDED, That~~). However, the place of such public hearing shall be as close as practical to the proposed site.

(2) Subsequent to the informational public hearing, the council shall conduct a public hearing to determine whether or not the proposed site is consistent and in compliance with city, county, or regional land use plans or zoning ordinances. If it is determined that the proposed site does conform with existing land use plans or zoning ordinances in effect as of the date of the application, the city, county, or regional planning authority shall not thereafter change such land use plans or zoning ordinances so as to affect the proposed site.

(3) Prior to the issuance of a council recommendation to the governor under RCW 80.50.100 a public hearing, conducted as an adjudicative proceeding under chapter 34.05 RCW, the administrative procedure act, shall be held. MESSAGE FROM THE SENATE

March 3, 2006

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2457, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to the sale to an eligible farmer of replacement parts for qualifying farm machinery and equipment.

(2) Notwithstanding anything to the contrary in this chapter, if replacement parts are installed by the seller during the course of repairing, cleaning, altering, or improving qualifying farm machinery and equipment and the seller makes a separate charge for the parts, the tax levied by RCW 82.08.020 does not apply to the separately stated charge to an eligible farmer for replacement parts but only if the separately stated charge does not exceed either the seller's current publicly stated retail price for the parts or, if no separately stated retail price is available, the seller's cost for the parts. However, the exemption provided by this section shall not apply if replacement parts are installed by the seller during the course of repairing, cleaning, altering, or improving qualifying farm machinery and equipment and the seller makes a single nonitemized charge for providing the parts and service.

(3)(a) A person claiming an exemption under this section must keep records necessary for the department to verify eligibility under this section. An exemption is available only when the buyer provides the seller with an exemption certificate issued by the department containing such information as the department requires. The exemption certificate shall be in a form and manner prescribed by the department. The seller shall retain a copy of the certificate for the seller's files.

(b) The department shall provide an exemption certificate to an eligible farmer or renew an exemption certificate, upon application by that eligible farmer. The application must be in a form and manner prescribed by the department and shall contain the following information as required by the department:

(i) The name and address of the applicant;

(ii) The uniform business identifier or tax reporting account number of the applicant, if the applicant is required to be registered with the department;

(iii) The type of farming engaged in;

(iv) A copy of the applicant's Schedule F of Form 1040, Form 1120, or other applicable form filed with the internal revenue service indicating the gross sales of agricultural products by the applicant in the calendar year immediately preceding the year that the application was made to the department. If application is made before the due date of the applicant's federal income tax return for the prior calendar year, or any extension of the due date, the applicant shall provide a copy of the appropriate federal income tax form that was due for the second calendar year immediately preceding the year that the application is made to the department. If the applicant is not required to file federal income tax returns, the department may require the applicant to provide copies of other documents establishing the amount of the applicant's gross sales of agricultural products for the relevant calendar year;

(v) The name of the individual authorized to sign the certificate, printed in a legible fashion;

(vi) The signature of the authorized individual; and

(vii) Other information the department may require to verify the applicant's eligibility for the exemption.

(c)(i) Except as otherwise provided in this section, exemption certificates issued by the department are not transferable and are valid for the calendar year in which the certificate is issued and the following four calendar years. The department shall attempt to notify holders of exemption certificates of the impending expiration of the certificate at least sixty days before the certificate expires and shall provide an application for renewal of the certificate.

(ii) When a certificate holder merely changes identity or form of ownership of an entity and there is no change in beneficial ownership, the exemption certificate shall be transferred to the new entity upon notice to the department by the transferor or transferee.

(d)(i) Exemption certificates issued to persons who are eligible farmers under subsection (4)(b)(iii) of this section are conditioned on the person making at least ten thousand dollars of gross sales of agricultural products grown, raised, or produced by that person in the first full calendar year that the person engages in business as a farmer.

(ii) A person who is issued a conditional exemption certificate must provide the department with a copy of the person's Schedule F of Form 1040, Form 1120, or other applicable form filed with the internal revenue service indicating the gross sales of agricultural products by the person in the first full calendar year that the person engaged in business as a farmer. If a person is not required to file federal income tax returns, the person shall provide copies of other documents establishing the amount of the person's gross sales of agricultural products for the first full calendar year that the person engaged in business as a farmer. The documentation required in this subsection (3)(d)(ii) is due no later than December 31st of the year immediately following the first full calendar year in which the person engaged in business as a farmer.

(iii) If a person fails to provide the required documentation to the department by the due date or any extension granted by the department, or if the condition in (d)(i) of this subsection is not met, the department shall revoke the exemption certificate. The department shall notify the person in writing of the revocation and the person's responsibility, and due date, for repayment of any taxes for which an exemption under this section was claimed. Any taxes for which an exemption under this section was claimed shall be due and payable within thirty days of the date of the notice revoking the certificate. The department shall assess interest on the taxes for which the exemption was claimed. Interest shall be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW, retroactively to the date the exemption was claimed, and shall accrue until the taxes for which the exemption was claimed are repaid. Penalties shall not be imposed on any tax required to be repaid if full payment is received by the due date. Nothing in this subsection (3)(d) prohibits a person from reapplying for an exemption certificate.

(4) The definitions in this subsection apply to this section.

(a) "Agricultural products" has the meaning provided in RCW 82.04.213.

(b) "Eligible farmer" means:

(ii) The transferee of an exemption certificate under subsection (3)(c)(ii) of this section where the transferred certificate expires before the transferee engages in farming operations for a full calendar year, if the combined gross proceeds of sales by the transferor and transferee of agricultural products that they have grown, raised, or produced meet the requirements of (b)(i) of this subsection;

(iii) A farmer as defined in RCW 82.04.213, who does not meet the definition of "eligible farmer" in (b)(i) or (ii) of this subsection, and who did not engage in farming for the entire calendar year immediately preceding the year in which application for exemption under this section is made and who did not engage in farming in any other year;

However, "replacement parts" shall not include paint, fuel, oil, grease, hydraulic fluids, antifreeze, and similar items.

NEW SECTION. Sec. 2. A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply in respect to the use by an eligible farmer of replacement parts for qualifying farm machinery and equipment.

(2) Notwithstanding anything to the contrary in this chapter, if replacement parts are installed by the seller during the course of repairing, cleaning, altering, or improving qualifying farm machinery and equipment and the seller makes a separate charge for the parts, the tax imposed by this chapter does not apply to the separately stated charge to an eligible farmer for replacement parts but only if the separately stated charge does not exceed either the seller's current publicly stated retail price for the parts or, if no separately stated retail price is available, the seller's cost for the parts. However, the exemption provided by this section shall not apply if replacement parts are installed by the seller during the course of repairing, cleaning, altering, or improving qualifying farm machinery and equipment and the seller makes a single nonitemized charge for providing the parts and service.

(3) The definitions and recordkeeping requirements in section 1 of this act, other than the exemption certificate requirement, apply to this section.

MESSAGE FROM THE SENATE

March 2, 2006

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2579, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that instruction in social studies, arts, health, and fitness is important to ensure a well-rounded and complete education. In particular, the civic mission of schools is strengthened and enhanced by comprehensive civics education and assessments. The legislature finds that effective and accountable democratic government depends upon an informed and engaged citizenry, and therefore, students should learn their rights and responsibilities as citizens, where those rights and responsibilities come from, and how to exercise them.

Sec. 2. RCW 28A.230.095 and 2004 c 19 s 203 are each amended to read as follows:

(1) By the end of the 2008-09 school year, school districts shall have in place in elementary schools, middle schools, and high schools assessments or other strategies to assure that students have an opportunity to learn the essential academic learning requirements in social studies, the arts, and health and fitness. Social studies includes history, geography, civics, economics, and social studies skills. Beginning with the 2008-09 school year, school districts shall annually submit an implementation verification report to the office of the superintendent of public instruction.

(2) Beginning with the 2008-09 school year, school districts shall require students in the fourth or fifth grades, the seventh or eighth grades, and the eleventh or twelfth grades to each complete at least one classroom-based assessment in civics. The civics assessment may be selected from a list of classroom-based assessments approved by the office of the superintendent of public instruction. Beginning with the 2008-09 school year, school districts shall annually submit implementation verification reports to the office of the superintendent of public instruction documenting the use of the classroom-based assessments in civics.

NEW SECTION. Sec. 3. (1) The legislature finds that the complexity of modern political life has created a demand for informed citizens who are willing not only to vote, but also to participate in the elections process.

(2) The purpose of this section is to create a pilot project to help graduate students who are better voters, better citizens, and who are ready to take an informed and responsible place in society.

(3) The office of the superintendent of public instruction shall work with selected county auditors' offices to develop an interactive high school civics curriculum to help students learn how to become informed citizens. The curriculum shall meet the requirements for the office of the superintendent of public instruction's classroom-

based assessments. Staff from the office of the superintendent of public instruction shall work directly in the curriculum development.

(4) Counties shall apply to, and be selected by, the office of the superintendent of public instruction to participate in the pilot project under this section. A maximum of fifteen counties may participate.

(5) The curriculum shall include, but not be limited to:

(a) Local government organization;

(b) A discussion of ballot measures, initiatives, and referenda;

(c) The role of the precinct in defining ballots, candidates, and political activities;

(d) The roles and responsibilities of taxing jurisdictions in establishing ballot measures; and

(e) The work of conducting elections.

(6) The study may include in the curriculum civics essential academic learning requirements relating to examining representative government and citizen participation and analyzing the purposes and organization of government and laws.

(7) A curriculum guide shall be developed that will help teachers and students maximize the learning of key issues in civics, and shall include strategies for helping students develop voters' guide information for ballot issues and candidates who appear on the ballot. This guide should incorporate ideas from other Washington state civics education programs, such as "We the People" and "Project Citizen." The guide should also present ideas for sharing the results of an election with the larger community and with local government officials in productive, meaningful ways.

(8) In addition to the required components of the pilot project under this section, other activities may be included in the project, such as:

(a) Conducting mock county elections at schools; and

(b) Preparing an advisory issue on which the school would vote, including issue preparation, conducting the election, and preparing a presentation to a local government official on the results of the advisory issue.

(9) The pilot project shall operate for the 2006-07 and 2007-08 school years.

(10) Funds for the pilot project shall be made available to the office of the superintendent of public instruction for a contract position in civics curriculum and for support costs for soliciting and implementing volunteer participation.

(11) The office of the superintendent of public instruction shall adopt rules to implement this section, including rules specifying selection criteria for counties that wish to participate.

(12) The superintendent of public instruction shall provide an interim report to appropriate committees of the legislature by December 1, 2008, and a final report by December 1, 2009, detailing the results of the project and budget recommendations for expansion, if appropriate.

(13) This section expires January 31, 2010.

NEW SECTION. Sec. 4. The sum of twenty-five thousand dollars, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 2007, from the general fund to the superintendent of public instruction. The superintendent shall use the funds to provide competitive grants to school districts for curriculum alignment, development of innovative civics projects, and other activities that support the civics assessment under this act. As a condition of grant receipt, districts shall make the products developed under the grant widely available as examples of best practices."

On page 1, line 1 of the title, after "assessments;" strike the remainder of the title and insert "amending RCW 28A.230.095; creating new sections; making an appropriation; and providing an expiration date."

MESSAGE FROM THE SENATE

March 3, 2006

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2817, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 28B.10 RCW to read as follows:

(1) The legislature recognizes the vital importance to the state's economic prosperity and the economic benefit of placing a priority on enrolling and conferring degrees upon students in the fields of

engineering, technology, biotechnology, science, computer science, and mathematics.

(2) The legislature has significant concerns that other countries are outpacing the United States in graduating qualified engineers, and that major corporations within Washington state are searching out-of-state and even outside the United States to find the qualified and trained employees they need.

(3) Data compiled by the technology alliance shows that Washington state ranks thirty-fourth among the fifty states in the percentage of residents who have earned a science or engineering degree, per capita.

(4) Data collected by the office of financial management indicates that between the academic years of 1993-94 and 2003-04 at public four-year institutions of higher education in Washington state:

(a) There was a twelve percent decline in the number of full-time equivalents enrolled in the fields of engineering and related technologies; and

(b) There was nearly a nine percent decline in the number of bachelor's degrees conferred in the fields of engineering and related technologies.

(5) Data collected by the office of financial management also shows that for the 2003-04 academic year, only four percent of all full-time equivalents were enrolled in engineering and related technologies and just two percent of all full-time equivalents were enrolled in computer science studies at public four-year institutions of higher education in the state.

(6) Therefore, it is the intent of the legislature to promote increased access, delivery models, enrollment slots, and degree opportunities in the fields of engineering, technology, biotechnology, sciences, computer sciences, and mathematics. It is recognized that these areas of study and training are integrally linked to ensuring that Washington state's economy can compete nationally and globally in the twenty-first century marketplace. It is also recognized that community colleges play a unique role in supporting degree attainment in the fields of science, technology, engineering, and mathematics through the development of transferable curricula and the maintenance of viable articulation agreements with both public and private universities.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.10 RCW to read as follows:

(1) A state priority is established for institutions of higher education, including community colleges, to encourage growing numbers of enrollments and degrees in the fields of engineering, technology, biotechnology, sciences, computer sciences, and mathematics.

(2) In meeting this state priority, the legislature understands and recognizes that the demands of the economic marketplace and the desires of students are not always on parallel tracks. Therefore, institutions of higher education shall determine local student demand for programs in the fields of engineering, technology, biotechnology, sciences, computer sciences, and mathematics and submit findings and proposed alternatives to meet demand to the higher education coordinating board and the legislature by November 1, 2008.

(3) While it is understood that these areas of emphasis should not be the sole focus of institutions of higher education. It is the intent of the legislature that steady progress in these areas occur. The higher education coordinating board shall track and report progress in the fields of engineering, technology, biotechnology, sciences, computer sciences, and mathematics including, but not limited to, the following information:

(a) The number of students enrolled in these fields on a biennial basis;

(b) The number of associate, bachelor's, and master's degrees conferred in these fields on a biennial basis;

(c) The amount of expenditures in enrollment and degree programs in these fields; and

(d) The number and type of public-private partnerships established relating to these fields among institutions of higher education, including community colleges, and leading corporations in Washington state.

(4) Institutions of higher education, including community colleges, shall be provided discretion and flexibility in achieving the

objectives under this section. Examples of the types of institutional programs that may help achieve these objectives include, but are not limited to, establishment of institutes of technology, new polytechnic-based institutions, new divisions of existing institutions, and a flexible array of delivery models, including face-to-face learning, interactive courses, internet-based offerings, and instruction on main campuses, branch campuses, and other educational centers.

(5) The legislature recognizes the global needs of the economic marketplace for technologically prepared graduates, and the relationship between technology industries and higher education. Institutions of higher education, including community colleges, are strongly urged to consider science, engineering, and technology program growth in areas of the state that exhibit a high concentration of aerospace, biotechnology, and technology industrial presence. Expanded science and technology programs can gain from the proximity of experienced and knowledgeable industry leaders, while industry can benefit from access to new sources of highly trained and educated graduates."

On page 1, line 4 of the title, after "education;" strike the remainder of the title and insert "and adding new sections to chapter 28B.10 RCW."

and the same is herewith transmitted.

SUBSTITUTE HOUSE BILL NO. 2817, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 2, 2006

Mr. Speaker:

The Senate has passed ENGROSSED THIRD SUBSTITUTE HOUSE BILL NO. 2939, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Washington's dependence on energy supplied from outside the state and volatile global energy markets makes its economy and citizens vulnerable to unpredictable and high energy prices;

(2) Washington's dependence on petroleum-based fuels increases energy costs for citizens and businesses;

(3) Diesel soot from diesel engines ranks as the highest toxic air pollutant in Washington, leading to hundreds of premature deaths and increasing rates of asthma and other lung diseases;

(4) The use of biodiesel results in significantly less air pollution than traditional diesel fuels;

(5) Improper disposal and treatment of organic waste from farms and livestock operations can have a significant negative impact on water quality;

(6) Washington has abundant supplies of organic wastes from farms that can be used for energy production and abundant farmland where crops could be grown to supplement or supplant petroleum-based fuels;

(7) The use of energy and fuel derived from these sources can help citizens and businesses conserve energy and reduce the use of petroleum-based fuels, would improve air and water quality in Washington, reduce environmental risks from farm wastes, create new markets for farm products, and provide new industries and jobs for Washington citizens;

(8) The bioenergy industry is a new and developing industry that is, in part, limited by the availability of capital for the construction of facilities for converting farm and forest products into energy and fuels;

(9) Instead of leaving our economy at the mercy of global events, and the policies of foreign nations, Washington state should adopt a policy of energy independence; and

(10) The energy freedom program is meant to lead Washington state towards energy independence.

Therefore, the legislature finds that it is in the public interest to encourage the rapid adoption and use of bioenergy, to develop a viable bioenergy industry within Washington state, to promote public research and development in bioenergy sources and markets, and to support a viable agriculture industry to grow bioenergy crops. To accomplish this, the energy freedom program is established to promote public research and development in bioenergy, and to stimulate the construction of facilities in Washington to generate energy from farm sources or convert organic matter into fuels.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Applicant" means any political subdivision of the state, including port districts, counties, cities, towns, special purpose districts, and other municipal corporations or quasi-municipal corporations. "Applicant" may also include federally recognized tribes and state institutions of higher education with appropriate research capabilities.

(2) "Assistance" includes loans, leases, product purchases, or other forms of financial or technical assistance.

(3) "Department" means the department of agriculture.

(4) "Director" means the director of the department of agriculture.

(5) "Peer review committee" means a board, appointed by the director, that includes bioenergy specialists, energy conservation

specialists, scientists, and individuals with specific recognized expertise.

(6) "Project" means the construction of facilities, including the purchase of equipment, to convert farm products or wastes into electricity or gaseous or liquid fuels or other coproducts associated with such conversion. These specifically include fixed or mobile facilities to generate electricity or methane from the anaerobic digestion of organic matter, and fixed or mobile facilities for extracting oils from canola, rape, mustard, and other oilseeds. "Project" may also include the construction of facilities associated with such conversion for the distribution and storage of such feedstocks and fuels.

(7) "Research and development project" means research and development, by an institution of higher education as defined in subsection (1) of this section, relating to:

(a) Bioenergy sources including but not limited to biomass and associated gases; or

(b) The development of markets for bioenergy coproducts.

NEW SECTION. Sec. 3. (1) The energy freedom program is established within the department. The director may establish policies and procedures necessary for processing, reviewing, and approving applications made under this chapter.

(2) When reviewing applications submitted under this program, the director shall consult with those agencies having expertise and knowledge to assess the technical and business feasibility of the project and probability of success. These agencies may include, but are not limited to, Washington State University, the University of Washington, the department of ecology, the department of community, trade, and economic development, and the Washington state conservation commission.

(3) The director, in cooperation with the department of community, trade, and economic development, may approve an application only if the director finds:

(a) The project will convert farm products or wastes directly into electricity or into gaseous or liquid fuels or other coproducts associated with such conversion;

(b) The project demonstrates technical feasibility and directly assists in moving a commercially viable project into the marketplace for use by Washington state citizens;

(c) The facility will produce long-term economic benefits to the state, a region of the state, or a particular community in the state;

(d) The project does not require continuing state support;

(e) The assistance will result in new jobs, job retention, or higher incomes for citizens of the state;

(f) The state is provided an option under the assistance agreement to purchase a portion of the fuel or feedstock to be produced by the project, exercisable by the department of general administration;

(g) The project will increase energy independence or diversity for the state;

(h) The project will use feedstocks produced in the state, if feasible, except this criterion does not apply to the construction of facilities used to distribute and store fuels that are produced from farm products or wastes;

(i) Any product produced by the project will be suitable for its intended use, will meet accepted national or state standards, and will be stored and distributed in a safe and environmentally sound manner;

(j) The application provides for adequate reporting or disclosure of financial and employment data to the director, and permits the director to require an annual or other periodic audit of the project books; and

(k) For research and development projects, the application has been independently reviewed by a peer review committee as defined in section 2 of this act and the findings delivered to the director.

(4) The director may approve an application for assistance up to five million dollars. In no circumstances shall this assistance constitute more than fifty percent of the total project cost.

(5) The director shall enter into agreements with approved applicants to fix the terms and rates of the assistance to minimize the costs to the applicants, and to encourage establishment of a viable bioenergy industry. The agreement shall include provisions to

protect the state's investment, including a requirement that a successful applicant enter into contracts with any partners that may be involved in the use of any assistance provided under this program, including services, facilities, infrastructure, or equipment. Contracts with any partners shall become part of the application record.

(6) The director may defer any payments for up to twenty-four months or until the project starts to receive revenue from operations, whichever is sooner.

NEW SECTION. Sec. 4. (1) Upon written notice to the recipient of any assistance under this program, the director may suspend or cancel the assistance if any of the following occur:

(a) The recipient fails to make satisfactory and reasonable progress to complete the project, or the director concludes the recipient will be unable to complete the project or any portion of it; or

(b) The recipient has made misrepresentations in any information furnished to the director in connection with the project.

(2) In the event that any assistance has been awarded to the recipient under this program at the time of breach, or failure of the recipient to satisfactorily perform, the director may require that the full amount or value of the assistance, or a portion thereof, be repaid within a period specified by the director.

NEW SECTION. Sec. 5. If the total requested dollar amount of assistance exceeds the amount available in the energy freedom account created in section 6 of this act, the applications must be prioritized based upon the following criteria:

(1) The extent to which the project will help reduce dependence on petroleum fuels and imported energy either directly or indirectly;

(2) The extent to which the project will reduce air and water pollution either directly or indirectly;

(3) The extent to which the project will establish a viable bioenergy production capacity in Washington;

(4) The benefits to Washington's agricultural producers; and

(5) The number and quality of jobs and economic benefits created by the project.

NEW SECTION. Sec. 6. The energy freedom account is created in the state treasury. All receipts from appropriations made to the account and any loan payments of principal and interest derived from loans made under this chapter must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only for assistance for projects consistent with this chapter. Administrative costs of the department may not exceed three percent of the total funds available for this program.

NEW SECTION. Sec. 7. The director shall report to the legislature and governor on the status of the energy freedom program created under this chapter, on or before December 1, 2006, and annually thereafter. This report must include information on the projects that have been funded, the status of these projects, and their environmental, energy savings, and job creation benefits.

HOUSE BILL NO. 2972, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 1, 2006

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2973, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that Washington's performance-based education system should seek to provide fundamental academic knowledge and skills for all students, and to provide the opportunity for students to acquire knowledge and skills likely to contribute to their own economic well-being and that of their families and communities.

(2) The legislature recognizes that career and technical options are available for students.

(3) High schools or school districts should take advantage of their opportunity to offer course credits, including credits toward graduation requirements, for knowledge and skills in fundamental academic content areas that students gain in career and technical education courses.

(4) Therefore the legislature intends to create a rigorous and high quality career and technical high school alternative assessment

that assures students meet state standards, and also reflects nationally recognized standards for the knowledge and skills needed to pursue employment and careers in technical fields.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.230 RCW to read as follows:

(1) Each high school or school district board of directors shall adopt course equivalencies for career and technical high school courses offered to students at the high school. A career and technical course equivalency may be for whole or partial credit. Each school district board of directors shall develop a course equivalency approval procedure.

(2) Career and technical courses determined to be equivalent to academic core courses, in full or in part, by the high school or school district shall be accepted as meeting core requirements, including graduation requirements, if the courses are recorded on the student's transcript using the equivalent academic high school department designation and title. Full or partial credit shall be recorded as appropriate.

Sec. 3. RCW 28A.230.090 and 2005 c 205 s 3 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except those equivalencies established by local high schools or school districts under section 2 of this act.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) The certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation.

(c) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level.

(2) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board. The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements. The board shall reports its findings and recommendations for additional flexibility in graduation requirements, if necessary, to the legislature by December 1, 2007.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a

course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

Sec. 4. RCW 28A.230.100 and 1991 c 116 s 8 are each amended to read as follows:

The state board of education shall adopt rules pursuant to chapter 34.05 RCW, to implement the course requirements set forth in RCW 28A.230.090. The rules shall include, as the state board deems necessary, granting equivalencies for and temporary exemptions from the course requirements in RCW 28A.230.090 and special alterations of the course requirements in RCW 28A.230.090. In developing such rules the state board shall recognize the relevance of vocational and applied courses and allow such courses to fulfill in whole or in part the courses required for graduation in RCW 28A.230.090, as determined by the high school or school district in accordance with section 2 of this act. The rules may include provisions for competency testing in lieu of such courses required for graduation in RCW 28A.230.090 or demonstration of specific skill proficiency or understanding of concepts through work or experience.

NEW SECTION. Sec. 5. A new section is added to chapter 28C.04 RCW to read as follows:

(1) The superintendent of public instruction shall develop an objective alternative assessment for career and technical education programs. The objective alternative assessment shall be comparable in rigor to the skills and knowledge that the student must demonstrate on the Washington assessment of student learning.

(2) The alternative assessment shall include an evaluation of a collection of work samples prepared and submitted by an applicant who is enrolled in a career and technical education program. The superintendent of public instruction shall develop guidelines for the collection of work samples that evidences that the collection:

(a) Is relevant to the student's particular career and technical program;

(b) Focuses on the application of academic knowledge and skills within the program;

(c) Includes completed activities or projects where demonstration of academic knowledge is inferred; and

(d) Is related to the essential academic learning requirements and state standards that students must meet to earn a certificate of academic achievement or certificate of individual achievement, but also represents the knowledge and skills that successful individuals in the career and technical field of the approved program are expected to possess.

(3) In developing the work samples for subsection (2) of this section, the superintendent shall consult with community and technical colleges, employers, the work force training and education coordinating board, apprenticeship programs, and other regional and national experts in career and technical education to create an appropriate collection of work samples and other evidence of a career and technical student's knowledge and skills on the state academic standards."

On page 1, line 3 of the title, after "areas;" strike the remainder of the title and insert "amending RCW 28A.230.090 and 28A.230.100; adding a new section to chapter 28A.230 RCW; adding a new section to chapter 28C.04 RCW; and creating a new section."

and the same is herewith transmitted.

SUBSTITUTE HOUSE BILL NO. 2973, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 2, 2006

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 3178, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 47.64.011 and 1983 c 15 s 2 are each amended to read as follows:

As used in this chapter, unless the context otherwise requires, the definitions in this section shall apply.

(1) ("~~Arbitration~~" means the procedure whereby the parties involved in an impasse submit their differences to a third party for a final and binding decision or as provided in this chapter.

~~(2) "Arbitrator" means either a single arbitrator or a panel of three arbitrators as provided in RCW 47.64.240.~~

~~(3)) "Collective bargaining representative" means the persons designated by the ((secretary of transportation)) governor and employee organizations to be the exclusive representatives during collective bargaining negotiations.~~

~~((4)) (2) "Commission" means the marine employees' commission created in RCW 47.64.280.~~

(3) "Department of transportation" means the department as defined in RCW 47.01.021.

(4) "Employer" means the state of Washington.

(5) "Ferry employee" means any employee of the marine transportation division of the department of transportation who is a member of a collective bargaining unit represented by a ferry employee organization and does not include an exempt employee pursuant to RCW 41.06.079.

(6) "Ferry employee organization" means any labor organization recognized to represent a collective bargaining unit of ferry employees.

~~(7) ("Ferry system management" means those management personnel of the marine transportation division of the department of transportation who have been vested with the day-to-day management responsibilities of the Washington state ferry system by the transportation commission and who are not members of a collective bargaining unit represented by a ferry employee organization.~~

~~(8)) "Lockout" means the refusal of ((ferry system management) the employer) to furnish work to ferry employees in an effort to get ferry employee organizations to make concessions during collective bargaining, grievance, or other labor relation negotiations. Curtailment of employment of ferry employees due to lack of work resulting from a strike or work stoppage(~~(as defined in subsection (11) of this section.))~~) shall not be considered a lockout.~~

~~((9) "Marine employees' commission" means the commission created in RCW 47.64.280.~~

~~(10)) (8) "Office of financial management" means the office as created in RCW 43.41.050.~~

~~((11)) (9) "Strike or work stoppage" means a ferry employee's refusal, in concerted action with others, to report to duty, or his or her willful absence from his or her position, or his or her stoppage or slowdown of work, or his or her abstinence in whole or in part from the full, faithful, and proper performance of the duties of employment, for the purpose of inducing, influencing, or coercing a change in conditions, compensation, rights, privileges, or obligations of his, her, or any other ferry employee's employment. A refusal, in good faith, to work under conditions which pose an endangerment to the health and safety of ferry employees or the public, as determined by the master of the vessel, shall not be considered a strike for the purposes of this chapter.~~

~~((12) "Transportation commission" means the commission as defined in RCW 47.01.021.)~~

NEW SECTION. Sec. 2. A new section is added to chapter 47.64 RCW to read as follows:

(1) For the purpose of negotiating collective bargaining agreements under this chapter, the employer shall be represented by the governor or governor's designee.

(2) Two or more ferry employee organizations may, upon agreement of the parties, negotiate, as a coalition with the employer representative as designated in subsection (1) of this section, a multiunion collective bargaining agreement on behalf of all the employees in ferry employee organization bargaining units that the exclusive bargaining representatives represent. The coalition shall bargain for a multiunion collective bargaining agreement covering all of the employees represented by the coalition. The governor's designee and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of bargaining unit-specific issues for inclusion in or as an addendum to the multiunion collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. Nothing in this section impairs the right of each ferry employee organization to negotiate a collective bargaining agreement exclusive to the bargaining unit it represents.

Sec. 3. RCW 47.64.120 and 1997 c 436 s 1 are each amended to read as follows:

(1) ~~((Ferry system management))~~ The employer and ferry system employee organizations, through their collective bargaining representatives, shall meet at reasonable times, to negotiate in good faith with respect to wages, hours, working conditions, insurance, and health care benefits as limited by RCW 47.64.270, and other matters mutually agreed upon. Employer funded retirement benefits shall be

provided under the public employees retirement system under chapter 41.40 RCW and shall not be included in the scope of collective bargaining.

(2) Upon ratification of bargaining agreements, ferry employees are entitled to an amount equivalent to the interest earned on retroactive compensation increases. For purposes of this section, the interest earned on retroactive compensation increases is the same monthly rate of interest that was earned on the amount of the compensation increases while held in the state treasury. The interest will be computed for each employee until the date the retroactive compensation is paid, and must be allocated in accordance with appropriation authority. The interest earned on retroactive compensation is not considered part of the ongoing compensation obligation of the state and is not compensation earnable for the purposes of chapter 41.40 RCW. Negotiations shall also include grievance procedures for resolving any questions arising under the agreement, which shall be embodied in a written agreement and signed by the parties.

(3) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

Sec. 4. RCW 47.64.130 and 1983 c 15 s 4 are each amended to read as follows:

(1) It is an unfair labor practice for ~~((ferry system management))~~ the employer or its representatives:

(a) To interfere with, restrain, or coerce employees in the exercise of the rights guaranteed by this chapter;

(b) To dominate or interfere with the formation or administration of any employee organization or contribute financial or other support to it(~~(PROVIDED, That))~~). However, subject to rules made by the commission pursuant to RCW 47.64.280, an employer shall not be prohibited from permitting employees to confer with it or its representatives or agents during working hours without loss of time or pay;

(c) To encourage or discourage membership in any employee organization by discrimination in regard to hiring, tenure of employment, or any term or condition of employment, but nothing contained in this subsection prevents an employer from requiring, as a condition of continued employment, payment of periodic dues and fees uniformly required to an exclusive bargaining representative pursuant to RCW 47.64.160(~~(PROVIDED, That))~~). However, nothing prohibits ~~((ferry system management))~~ the employer from agreeing to obtain employees by referral from a lawful hiring hall operated by or participated in by a labor organization;

(d) To discharge or otherwise discriminate against an employee because he has filed charges or given testimony under this chapter;

(e) To refuse to bargain collectively with the representatives of its employees.

(2) It is an unfair labor practice for an employee organization:

(a) To restrain or coerce (i) employees in the exercise of the rights guaranteed by this chapter(~~(PROVIDED, That this paragraph))~~). However, this subsection does not impair the right of an employee organization to prescribe its own rules with respect to the acquisition or retention of membership therein, or (ii) an employer in the selection of his representatives for the purposes of collective bargaining or the adjustment of grievances;

(b) To cause or attempt to cause an employer to discriminate against an employee in violation of subsection (1)(c) of this section;

(c) To refuse to bargain collectively with an employer(~~(when it is the representative of its employees subject to RCW 47.64.170))~~).

(3) The expression of any view, argument, or opinion, or the dissemination thereof to the public, whether in written, printed, graphic, or visual form, shall not constitute or be evidence of an unfair labor practice under any of the provisions of this chapter, if the expression contains no threat of reprisal or force or promise of benefit.

Sec. 5. RCW 47.64.140 and 1989 c 373 s 25 are each amended to read as follows:

(1) It is unlawful for any ferry system employee or any employee organization, directly or indirectly, to induce, instigate, encourage, authorize, ratify, or participate in a strike or work stoppage against the ferry system.

(2) It is unlawful for ~~((ferry system management))~~ the employer to authorize, consent to, or condone a strike or work stoppage; or to conduct a lockout; or to pay or agree to pay any ferry system employee for any day in which the employee participates in a strike or work stoppage; or to pay or agree to pay any increase in compensation or benefits to any ferry system employee in response to or as a result of any strike or work stoppage or any act that violates subsection (1) of this section. It is unlawful for any official, director, or representative of the ferry system to authorize, ratify, or participate in any violation of this subsection. Nothing in this subsection prevents new or renewed bargaining and agreement within the scope of negotiations as defined by this chapter, at any time. No collective bargaining agreement provision regarding suspension or modification of any court-ordered penalty provided in this section is binding on the courts.

(3) In the event of any violation or imminently threatened violation of subsection (1) or (2) of this section, any citizen domiciled within the jurisdictional boundaries of the state may petition the superior court for Thurston county for an injunction restraining the violation or imminently threatened violation. Rules of civil procedure regarding injunctions apply to the action. However, the court shall grant a temporary injunction if it appears to the court that a violation has occurred or is imminently threatened; the plaintiff need not show that the violation or threatened violation would greatly or irreparably injure him or her; and no bond may be required of the plaintiff unless the court determines that a bond is necessary in the public interest. Failure to comply with any temporary or permanent injunction granted under this section is a contempt of court as provided in chapter 7.21 RCW. The court may impose a penalty of up to ten thousand dollars for an employee organization or the ferry system, for each day during which the failure to comply continues. The sanctions for a ferry employee found to be in contempt shall be as provided in chapter 7.21 RCW. An individual or an employee organization which makes an active good faith effort to comply fully with the injunction shall not be deemed to be in contempt.

(4) The right of ferry system employees to engage in strike or work slowdown or stoppage is not granted and nothing in this chapter may be construed to grant such a right.

(5) Each of the remedies and penalties provided by this section is separate and several, and is in addition to any other legal or equitable remedy or penalty.

(6) In addition to the remedies and penalties provided by this section the successful litigant is entitled to recover reasonable attorney fees and costs incurred in the litigation.

(7) Notwithstanding the provisions of chapter 88.04 RCW and chapter 88.08 RCW, the department of transportation shall ~~((promulgate))~~ adopt rules ~~((and regulations))~~ allowing vessels, as defined in RCW ~~((88.04.300))~~ 88.04.015, as well as other watercraft, to engage in emergency passenger service on the waters of Puget Sound in the event ferry employees engage in a work slowdown or stoppage. Such emergency rules ~~((and regulations))~~ shall allow emergency passenger service on the waters of Puget Sound within seventy-two hours following a work slowdown or stoppage. Such rules ~~((and regulations))~~ that are ~~((promulgated))~~ adopted shall give due consideration to the needs and the health, safety, and welfare of the people of the state of Washington.

Sec. 6. RCW 47.64.170 and 1983 c 15 s 8 are each amended to read as follows:

(1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the ~~((secretary of transportation))~~ governor may each designate any

individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of ~~((ferry system management))~~ the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties. ~~((Any meeting of the transportation commission, during which a collective bargaining agreement is subject to ratification, shall be open to the public.))~~

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with ~~((a member of the transportation commission if the commission has))~~ anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative ~~((unless the member of the commission is the designated bargaining representative of the ferry system)).~~

(6)(a) The negotiation of a proposed collective bargaining agreement by representatives of ~~((ferry system management))~~ the employer and a ferry employee organization shall commence ~~((in each odd-numbered year immediately following adoption by the legislature and approval by the governor of the biennial budget))~~ on or about September 1st of every odd-numbered year. However, negotiations for the 2007-2009 biennial agreements may commence at any time after the effective date of this section. Negotiations for agreements pertaining to the 2009-2011 biennium and all subsequent negotiations must conclude on or about April 1st of the year following the year in which the negotiations commence. If negotiations are not concluded by April 1st, the parties shall be deemed to be at impasse and shall proceed to mediation under RCW 47.64.230 and sections 12 through 14 of this act.

(b) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and sections 12 through 14 of this act, must ensure conclusion of all agreements on or before September 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by September 1st of each even-numbered year. Negotiations for the 2007-2009 biennium must be concluded on or before October 1, 2006.

(7) Until a new collective bargaining agreement is ~~((negotiated, or until an award is made by the arbitrator))~~ in effect, the terms and conditions of the previous collective bargaining agreement shall remain in force. ~~((The wage and benefit provisions of any collective bargaining agreement, or arbitrator's award in lieu thereof, that is concluded after July 1st of an odd-numbered year shall be retroactive to July 1st.))~~ It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by September 1st of the even-numbered year before the commencement of the biennial budget year during which the agreements are to be in effect.

(8) ~~((Any ferry union contract terminating before July 1, 1983, shall, with the agreement of the parties, remain in effect until a contract can be concluded under RCW 47.64.006, 47.64.011, and 47.64.120 through 47.64.280. The contract may be retroactive to the expiration date of the prior contract, and the cost to the department of three months retroactive compensation and benefits for this 1983 contract negotiation only shall not be included in calculating the limitation imposed by RCW 47.64.180. If the parties cannot agree to contract extension, any increase agreed to for the three-month period shall be included in calculating the limit imposed by RCW 47.64.180.))~~

~~(9) Any ferry union contract which would terminate after July 1, 1983, may, by agreement of the parties, be terminated as of July 1, 1983, and a new contract concluded pursuant to RCW 47.64.006, 47.64.011, and 47.64.120 through 47.64.280. Any contract terminating after July 1, 1983, is subject to this chapter only upon its expiration and shall not be renewed for a period beyond July 1, 1985-)~~ (a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and section 12 of this act.

(9) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

Sec. 7. RCW 47.64.200 and 1983 c 15 s 11 are each amended to read as follows:

As the first step in the performance of their duty to bargain, ~~((ferry system management))~~ the employer and the employee organization shall endeavor to agree upon impasse procedures. ((The agreement shall provide for implementation of these impasse procedures not later than July 1st in each odd-numbered year following enactment of the biennial budget.)) Unless otherwise agreed to by the employee organization and the employer in their impasse procedures, the arbitrator or panel is limited to selecting the most reasonable offer, in its judgment, of the final offers on each impasse item submitted by the parties. The employee organization and the employer may mutually agree to the impasse procedure under which the arbitrator or panel may issue a decision it deems just and appropriate with respect to each impasse item. If the parties fail to agree upon impasse procedures under this section, the impasse procedures provided in RCW 47.64.210 ~~((through))~~ and 47.64.230 and sections 12 through 14 of this act apply. It is unlawful for either party to refuse to participate in the impasse procedures provided in RCW 47.64.210 ~~((through))~~ and 47.64.230 and sections 12 through 14 of this act.

Sec. 8. RCW 47.64.210 and 1983 c 15 s 12 are each amended to read as follows:

In the absence of an impasse agreement between the parties or the failure of either party to utilize its procedures by ~~((August))~~ April 1st in ((each odd-numbered year, the marine employees' commission shall, upon the request of either party,)) the even-numbered year preceding the biennium, either party may request the commission to

appoint an impartial and disinterested person to act as mediator ~~((pursuant to RCW 47.64.280)).~~ It is the function of the mediator to bring the parties together to effectuate a settlement of the dispute, but the mediator shall not compel the parties to agree.

Sec. 9. RCW 47.64.220 and 1999 c 256 s 1 are each amended to read as follows:

(1) Prior to collective bargaining and for purposes of collective bargaining and arbitration, the ~~((marine employees'))~~ commission shall conduct a salary survey. The results of the survey shall be published in a report which shall be a public document comparing wages, hours, employee benefits, and conditions of employment of involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved. Such survey report shall be for the purpose of disclosing generally prevailing levels of compensation, benefits, and conditions of employment. It shall be used to guide generally but not to define or limit collective bargaining between the parties. ~~((The commission shall make such other findings of fact as the parties may request during bargaining or impasse.))~~

(2) ~~((Except as provided in subsection (3) of this section,))~~ Salary and employee benefit information collected from private employers that identifies a specific employer with the salary and employee benefit rates which that employer pays to its employees is not subject to public disclosure under chapter 42.17 RCW.

~~((3) A person or entity, having reason to believe that the salary survey results are inaccurate, may submit a petition to the state auditor requesting an audit of the data upon which the salary survey results are based. The state auditor shall review and analyze all data collected for the salary survey, including proprietary information, but is prohibited from disclosing the salary survey data to any other person or entity, except by court order.))~~

Sec. 10. RCW 47.64.220 and 2005 c 274 s 308 are each amended to read as follows:

(1) Prior to collective bargaining and for purposes of collective bargaining and arbitration, the ~~((marine employees'))~~ commission shall conduct a salary survey. The results of the survey shall be published in a report which shall be a public document comparing wages, hours, employee benefits, and conditions of employment of involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved. Such survey report shall be for the purpose of disclosing generally prevailing levels of compensation, benefits, and conditions of employment. It shall be used to guide generally but not to define or limit collective bargaining between the parties. ~~((The commission shall make such other findings of fact as the parties may request during bargaining or impasse.))~~

(2) ~~((Except as provided in subsection (3) of this section,))~~ Salary and employee benefit information collected from private employers that identifies a specific employer with the salary and employee benefit rates which that employer pays to its employees is not subject to public disclosure under chapter 42.56 RCW.

~~((3) A person or entity, having reason to believe that the salary survey results are inaccurate, may submit a petition to the state auditor requesting an audit of the data upon which the salary survey results are based. The state auditor shall review and analyze all data collected for the salary survey, including proprietary information, but is prohibited from disclosing the salary survey data to any other person or entity, except by court order.))~~

Sec. 11. RCW 47.64.230 and 1983 c 15 s 14 are each amended to read as follows:

By mutual agreement, the parties may waive mediation ~~((and fact-finding, as provided for in RCW 47.64.210 and 47.64.220-))~~ and proceed with binding arbitration as provided for in ~~((RCW 47.64.240))~~ the impasse procedures agreed to under RCW 47.64.200

or in sections 12 through 14 of this act, as applicable. The waiver shall be in writing and be signed by the representatives of the parties.

NEW SECTION. Sec. 12. A new section is added to chapter 47.64 RCW to read as follows:

(1) If an agreement has not been reached following a reasonable period of negotiations and, when applicable, mediation, but in either event by April 15th, upon the recommendation of the assigned mediator that the parties remain at impasse, all impasse items shall be submitted to arbitration under this section. The issues for arbitration shall be limited to the issues certified by the commission.

(2) The parties may agree to submit the dispute to a single arbitrator, whose authority and duties shall be the same as those of an arbitration panel. If the parties cannot agree on the arbitrator within five working days, the selection shall be made under subsection (3) of this section. The full costs of arbitration under this section shall be shared equally by the parties to the dispute.

(3) Within seven days following the issuance of the determination of the commission, each party shall name one person to serve as its arbitrator on the arbitration panel. The two members so appointed shall meet within seven days following the appointment of the later appointed member to attempt to choose a third member to act as the neutral chair of the arbitration panel. Upon the failure of the arbitrators to select a neutral chair within seven days, either party may apply to the federal mediation and conciliation service, or the American arbitration association to provide a list of five qualified arbitrators from which the neutral chair shall be chosen. Each party shall pay the fees and expenses of its arbitrator, and the fees and expenses of the neutral chair shall be shared equally between the parties.

(4) In consultation with the parties, the arbitrator or arbitration panel shall promptly establish a date, time, and place for a hearing and shall provide reasonable notice thereof to the parties to the dispute. The parties shall exchange final positions in writing, with copies to the arbitrator or arbitration panel, with respect to every issue to be arbitrated, on a date mutually agreed upon, but in no event later than ten working days before the date set for hearing. A hearing, which shall be informal, shall be held, and each party shall have the opportunity to present evidence and make argument. No member of the arbitration panel may present the case for a party to the proceedings. The rules of evidence prevailing in judicial proceedings may be considered, but are not binding, and any oral testimony or documentary evidence or other data deemed relevant by the chair of the arbitration panel may be received in evidence. A recording of the proceedings shall be taken. The arbitration panel has the power to administer oaths, require the attendance of witnesses, and require the production of such books, papers, contracts, agreements, and documents as may be deemed by the panel to be material to a just determination of the issues in dispute. If any person refuses to obey a subpoena issued by the arbitration panel, or refuses to be sworn or to make an affirmation to testify, or any witness, party, or attorney for a party is guilty of any contempt while in attendance at any hearing held hereunder, the arbitration panel may invoke the jurisdiction of the superior court in the county where the labor dispute exists, and the court has jurisdiction to issue an appropriate order. Any failure to obey the order may be punished by the court as a contempt thereof.

(5) The neutral chair shall consult with the other members of the arbitration panel, if a panel has been created. Within thirty days following the conclusion of the hearing, the neutral chair shall make written findings of fact and a written determination of the issues in dispute, based on the evidence presented. A copy thereof shall be served on each of the other members of the arbitration panel, and on each of the parties to the dispute. That determination is final and binding upon both parties, subject to review by the superior court upon the application of either party solely upon the question of whether the decision of the panel was arbitrary or capricious.

NEW SECTION. Sec. 13. A new section is added to chapter 47.64 RCW to read as follows:

An interest arbitration proceeding under section 12 of this act exercises a state function and is, for the purposes of this chapter,

functioning as a state agency. Chapter 34.05 RCW does not apply to an interest arbitration proceeding under this chapter.

NEW SECTION. Sec. 14. A new section is added to chapter 47.64 RCW to read as follows:

(1) The mediator, arbitrator, or arbitration panel may consider only matters that are subject to bargaining under this chapter.

(2) The decision of an arbitrator or arbitration panel is not binding on the legislature and, if the legislature does not approve the funds necessary to implement provisions pertaining to compensation and fringe benefit provisions of an arbitrated collective bargaining agreement, is not binding on the state, the department of transportation, or the ferry employee organization.

(3) In making its determination, the arbitrator or arbitration panel shall be mindful of the legislative purpose under RCW 47.64.005 and 47.64.006 and, as additional standards or guidelines to aid it in reaching a decision, shall take into consideration the following factors:

(a) Past collective bargaining contracts between the parties including the bargaining that led up to the contracts;

(b) The constitutional and statutory authority of the employer;

(c) Stipulations of the parties;

(d) The results of the salary survey as required in RCW 47.64.220;

(e) Comparison of wages, hours, employee benefits, and conditions of employment of the involved ferry employees with those of public and private sector employees in states along the west coast of the United States, including Alaska, and in British Columbia doing directly comparable but not necessarily identical work, giving consideration to factors peculiar to the area and the classifications involved;

(f) Changes in any of the foregoing circumstances during the pendency of the proceedings;

(g) The limitations on ferry toll increases and operating subsidies as may be imposed by the legislature; and

(h) Other factors that are normally or traditionally taken into consideration in the determination of matters that are subject to bargaining under this chapter.

NEW SECTION. Sec. 15. A new section is added to chapter 47.64 RCW to read as follows:

Collective bargaining under this act may not be for the purposes of making a collective bargaining agreement take effect before July 1, 2007. No party may engage in collective bargaining under this act to amend a collective bargaining agreement in effect on the effective date of this section. A collective bargaining agreement or amendment thereto entered into under this act shall not be effective before July 1, 2007, and may not have any retroactive effect.

NEW SECTION. Sec. 16. (1) This act applies prospectively only and not retroactively. It applies to collective bargaining agreements, the negotiations of collective bargaining agreements, mediations, arbitrations, and other actions under this act that arise or are commenced on or after the effective date of this section.

(2) This act does not apply to collective bargaining agreements, either in effect or for which the negotiations have begun, or mediations and arbitrations that arose or commenced under this chapter before the effective date of this section. Such collective bargaining agreements and related proceedings must be administered in accordance with the authorities, rules, and procedures that were established under this chapter as it existed before the effective date of this section. The repealers in section 19 of this act do not affect any existing right acquired, or liability or obligation incurred, under the statutes repealed or under any rule or order adopted under those statutes, nor do they affect any proceeding instituted under them.

Sec. 17. RCW 47.64.270 and 1995 1st sp.s. c 6 s 6 are each amended to read as follows:

Absent a collective bargaining agreement to the contrary, the department of transportation shall provide contributions to insurance and health care plans for ferry system employees and dependents, as determined by the state health care authority, under chapter 41.05 RCW; and the ((ferry system management)) employer and employee

organizations may collectively bargain for other insurance and health care plans, and employer contributions may exceed that of other state agencies as provided in RCW 41.05.050(~~(subject to RCW 47.64.180)~~). To the extent that ferry employees by bargaining unit have absorbed the required offset of wage increases by the amount that the employer's contribution for employees' and dependents' insurance and health care plans exceeds that of other state general government employees in the 1985-87 fiscal biennium, employees shall not be required to absorb a further offset except to the extent the differential between employer contributions for those employees and all other state general government employees increases during any subsequent fiscal biennium. If such differential increases in the 1987-89 fiscal biennium or the 1985-87 offset by bargaining unit is insufficient to meet the required deduction, the amount available for compensation shall be reduced by bargaining unit by the amount of such increase or the 1985-87 shortage in the required offset. Compensation shall include all wages and employee benefits.

Sec. 18. RCW 47.64.280 and 1984 c 287 s 95 are each amended to read as follows:

(1) There is created the marine employees' commission. The governor shall appoint the commission with the consent of the senate. The commission shall consist of three members: One member to be appointed from labor, one member from industry, and one member from the public who has significant knowledge of maritime affairs. The public member shall be (~~(chairman)~~) chair of the commission. One of the original members shall be appointed for a term of three years, one for a term of four years, and one for a term of five years. Their successors shall be appointed for terms of five years each, except that any person chosen to fill a vacancy shall be appointed only for the unexpired term of the member whom he or she succeeds. Commission members are eligible for reappointment. Any member of the commission may be removed by the governor, upon notice and hearing, for neglect of duty or malfeasance in office, but for no other cause. Commission members are not eligible for state retirement under chapter 41.40 RCW by virtue of their service on the commission. Members of the commission shall be compensated in accordance with RCW 43.03.250 and shall receive reimbursement for official travel and other expenses at the same rate and on the same terms as provided for the transportation commission by RCW 47.01.061. The payments shall be made from the Puget Sound ferry operations account.

(2) The (~~(marine employees')~~) commission shall: (a) Adjust all complaints, grievances, and disputes between labor and management arising out of the operation of the ferry system as provided in RCW 47.64.150; (b) provide for impasse mediation as required in RCW 47.64.210; (c) (~~(conduct fact-finding and)~~) provide salary surveys as required in RCW 47.64.220; and (d) (~~(provide for the selection of an impartial arbitrator as)~~) perform those duties required in (~~(RCW 47.64.240(5))~~) section 12 of this act.

(3)(a) In adjudicating all complaints, grievances, and disputes, the party claiming labor disputes shall, in writing, notify the (~~(marine employees')~~) commission, which shall make careful inquiry into the cause thereof and issue an order advising the ferry employee, or the ferry employee organization representing him or her, and the department of transportation, as to the decision of the commission. (b) The parties are entitled to offer evidence relating to disputes at all hearings conducted by the commission. The orders and awards of the commission are final and binding upon any ferry employee or employees or their representative affected thereby and upon the department.

(c) The commission shall adopt rules of procedure under chapter 34.05 RCW.

(d) The commission has the authority to subpoena any ferry employee or employees, or their representatives, and any member or representative of the department, and any witnesses. The commission may require attendance of witnesses and the production of all pertinent records at any hearings held by the commission. The subpoenas of the commission are enforceable by order of any superior court in the state of Washington for the county within which the proceeding may be pending. The commission may hire staff as necessary, appoint consultants, enter into contracts, and conduct studies as reasonably necessary to carry out this chapter.

NEW SECTION. Sec. 19. The following acts or parts of acts are each repealed:

- RCW 47.64.180 (Agreements and awards limited by appropriation) and 1983 c 15 s 9;
- RCW 47.64.190 (Marine employees' commission review for compliance with fiscal limitations--Effective date of agreements and arbitration orders) and 1983 c 15 s 10; and
- RCW 47.64.240 (Binding arbitration) and 1989 c 327 s 3 & 1983 c 15 s 15.

NEW SECTION. Sec. 20. Section 9 of this act expires July 1, 2006.

NEW SECTION. Sec. 21. Except for section 10 of this act which takes effect July 1, 2006, this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

SENATE AMENDMENT TO HOUSE BILL

March 2, 2006

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 3127, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that expanding activity in educational research, educational restructuring, and educational improvement initiatives has produced and continues to produce much valuable information. The legislature finds that such information should be shared with the citizens and educational community of the state as widely as possible. The legislature further finds that students and schools benefit from increased parental, guardian, and community knowledge of and input regarding the delivery of public education. The legislature further finds that increased knowledge of and input regarding the public education system is particularly needed in low-income and ethnic minority communities.

The legislature finds that the center for the improvement of student learning, created by the legislature in 1993 under the auspices of the superintendent of public instruction, has not been allocated funding since the 2001-2003 biennium, and in effect no longer exists. It is the intent of the legislature to reactivate the center for the improvement of student learning, and to create an educational ombudsman to serve as a resource for parents and students and as an advocate for students in the public education system.

~~((d) Develop and distribute, in conjunction with the academic achievement and accountability commission, parental involvement materials, including instructional guides developed to inform parents of the essential academic learning requirements. The instructional guides also shall contain actions parents may take to assist their children in meeting the requirements, and should focus on reaching parents who have not previously been involved with their children's education;~~

The office of the superintendent of public instruction shall consider various types of communication with parents, including but not limited to, electronic mail, phone, and postal mail; and

MESSAGE FROM THE SENATE

March 3, 2006

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2974, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 18.130.060 and 2001 c 101 s 1 are each amended to read as follows:

In addition to the authority specified in RCW 18.130.050, the secretary has the following additional authority:

(1) To employ such investigative, administrative, and clerical staff as necessary for the enforcement of this chapter;

(2) Upon the request of a board, to appoint pro tem members to participate as members of a panel of the board in connection with proceedings specifically identified in the request. Individuals so appointed must meet the same minimum qualifications as regular members of the board. Pro tem members appointed for matters under this chapter are appointed for a term of no more than one year. No pro tem member may serve more than four one-year terms. While serving as board members pro tem, persons so appointed have all the powers, duties, and immunities, and are entitled to the emoluments, including travel expenses in accordance with RCW 43.03.050 and 43.03.060, of regular members of the board. The chairperson of a panel shall be a regular member of the board appointed by the board chairperson. Panels have authority to act as directed by the board with respect to all matters concerning the review, investigation, and adjudication of all complaints, allegations, charges, and matters subject to the jurisdiction of the board. The authority to act through panels does not restrict the authority of the board to act as a single body at any phase of proceedings within the board's jurisdiction. Board panels may make interim orders and issue final decisions with respect to matters and cases delegated to the panel by the board. Final decisions may be appealed as provided in chapter 34.05 RCW, the administrative procedure act;

(3) To establish fees to be paid for witnesses, expert witnesses, and consultants used in any investigation and to establish fees to witnesses in any agency adjudicative proceeding as authorized by RCW 34.05.446;

(4) To conduct investigations and practice reviews at the direction of the disciplining authority and to issue subpoenas, administer oaths, and take depositions in the course of conducting those investigations and practice reviews at the direction of the disciplining authority;

(5) To have the health professions regulatory program establish a system to recruit potential public members, to review the qualifications of such potential members, and to provide orientation to those public members appointed pursuant to law by the governor or the secretary to the boards and commissions specified in RCW 18.130.040(2)(b), and to the advisory committees and councils for professions specified in RCW 18.130.040(2)(a); and

(6) To adopt rules, in consultation with the disciplining authorities, requiring every license holder to report information identified in RCW 18.130.070.

Sec. 2. RCW 18.130.070 and 2005 c 470 s 2 are each amended to read as follows:

(1)(a) The ((disciplining authority may)) secretary shall adopt rules requiring ((any person, including, but not limited to, licensees, corporations, organizations, health care facilities, impaired practitioner programs, or voluntary substance abuse monitoring programs approved by the disciplining authority and state or local governmental agencies;)) every license holder to report to the appropriate disciplining authority any conviction, determination, or finding that ((a)) another license holder has committed an act which constitutes unprofessional conduct, or to report information to the disciplining authority, an impaired practitioner program, or voluntary substance abuse monitoring program approved by the disciplining authority, which indicates that the other license holder may not be able to practice his or her profession with reasonable skill and safety to consumers as a result of a mental or physical condition.

(b) The secretary may adopt rules to require other persons, including corporations, organizations, health care facilities, impaired practitioner programs, or voluntary substance abuse monitoring programs approved by a disciplining authority, and state or local government agencies to report:

(i) Any conviction, determination, or finding that a license holder has committed an act which constitutes unprofessional conduct; or

(ii) Information to the disciplining authority, an impaired practitioner program, or voluntary substance abuse monitoring program approved by the disciplining authority, which indicates that the license holder may not be able to practice his or her profession with reasonable skill and safety to consumers as a result of a mental or physical condition.

(c) If a report has been made by a hospital to the department pursuant to RCW 70.41.210, a report to the disciplining authority is not required. To facilitate meeting the intent of this section, the cooperation of agencies of the federal government is requested by reporting any conviction, determination, or finding that a federal employee or contractor regulated by the disciplining authorities enumerated in this chapter has committed an act which constituted unprofessional conduct and reporting any information which indicates that a federal employee or contractor regulated by the disciplining authorities enumerated in this chapter may not be able to practice his or her profession with reasonable skill and safety as a result of a mental or physical condition.

(d) Reporting under this section is not required by:

(i) Any entity with a peer review committee, quality improvement committee or other similarly designated professional review committee, or by a license holder who is a member of such committee, during the investigative phase of the respective committee's operations if the investigation is completed in a timely manner; or

(ii) An impaired practitioner program or voluntary substance abuse monitoring program approved by a disciplining authority under RCW 18.130.175 if the license holder is currently enrolled in the treatment program, so long as the license holder actively participates in the treatment program and the license holder's impairment does not constitute a clear and present danger to the public health, safety, or welfare.

(2) If a person fails to furnish a required report, the disciplining authority may petition the superior court of the county in which the person resides or is found, and the court shall issue to the person an order to furnish the required report. A failure to obey the order is a contempt of court as provided in chapter 7.21 RCW.

(3) A person is immune from civil liability, whether direct or derivative, for providing information to the disciplining authority pursuant to the rules adopted under subsection (1) of this section.

(4)(a) The holder of a license subject to the jurisdiction of this chapter shall report to the disciplining authority:

(i) Any conviction, determination, or finding that ((the licensee)) he or she has committed unprofessional conduct or is unable to practice with reasonable skill or safety; and

(ii) Any disqualification from participation in the federal medicare program, under Title XVIII of the federal social security act or the federal medicaid program, under Title XIX of the federal social security act.

(b) Failure to report within thirty days of notice of the conviction, determination, ((or)) finding, or disqualification constitutes grounds for disciplinary action.

NEW SECTION. Sec. 3. A new section is added to chapter 18.130 RCW to read as follows:

Any individual who applies for a license or temporary practice permit or holds a license or temporary practice permit and is prohibited from practicing a health care profession in another state because of an act of unprofessional conduct that is substantially equivalent to an act of unprofessional conduct prohibited by this chapter or any of the chapters specified in RCW 18.130.040 is prohibited from practicing a health care profession in this state until proceedings of the appropriate disciplining authority have been completed under RCW 18.130.050.

Sec. 4. RCW 18.130.050 and 1995 c 336 s 4 are each amended to read as follows:

The disciplining authority has the following authority:

(1) To adopt, amend, and rescind such rules as are deemed necessary to carry out this chapter;

(2) To investigate all complaints or reports of unprofessional conduct as defined in this chapter and to hold hearings as provided in this chapter;

(3) To issue subpoenas and administer oaths in connection with any investigation, hearing, or proceeding held under this chapter;

(4) To take or cause depositions to be taken and use other discovery procedures as needed in any investigation, hearing, or proceeding held under this chapter;

(5) To compel attendance of witnesses at hearings;

(6) In the course of investigating a complaint or report of unprofessional conduct, to conduct practice reviews;

(7) To take emergency action ordering summary suspension of a license, or restriction or limitation of the ((licensee's)) license holder's practice pending proceedings by the disciplining authority. Consistent with section 3 of this act, a disciplining authority shall issue a summary suspension of the license or temporary practice permit of a license holder prohibited from practicing a health care profession in another state, federal, or foreign jurisdiction because of an act of unprofessional conduct that is substantially equivalent to an act of unprofessional conduct prohibited by this chapter or any of the chapters specified in RCW 18.130.040. The summary suspension remains in effect until proceedings by the Washington disciplining authority have been completed;

(8) To use a presiding officer as authorized in RCW 18.130.095(3) or the office of administrative hearings as authorized in chapter 34.12 RCW to conduct hearings. The disciplining authority shall make the final decision regarding disposition of the license unless the disciplining authority elects to delegate in writing the final decision to the presiding officer;

(9) To use individual members of the boards to direct investigations. However, the member of the board shall not subsequently participate in the hearing of the case;

(10) To enter into contracts for professional services determined to be necessary for adequate enforcement of this chapter;

(11) To contract with licensees or other persons or organizations to provide services necessary for the monitoring and supervision of licensees who are placed on probation, whose professional activities are restricted, or who are for any authorized purpose subject to monitoring by the disciplining authority;

(12) To adopt standards of professional conduct or practice;

(13) To grant or deny license applications, and in the event of a finding of unprofessional conduct by an applicant or license holder, to impose any sanction against a license applicant or license holder provided by this chapter;

(14) To designate individuals authorized to sign subpoenas and statements of charges;

(15) To establish panels consisting of three or more members of the board to perform any duty or authority within the board's jurisdiction under this chapter;

(16) To review and audit the records of licensed health facilities' or services' quality assurance committee decisions in which a licensee's practice privilege or employment is terminated or restricted. Each health facility or service shall produce and make accessible to the disciplining authority the appropriate records and otherwise facilitate the review and audit. Information so gained shall not be subject to discovery or introduction into evidence in any civil action pursuant to RCW 70.41.200(3).

Sec. 5. RCW 18.130.080 and 1998 c 132 s 9 are each amended to read as follows:

(1) A person, including but not limited to consumers, licensees, corporations, organizations, health care facilities, impaired practitioner programs, or voluntary substance abuse monitoring programs approved by disciplining authorities, and state and local governmental agencies, may submit a written complaint to the disciplining authority charging a license holder or applicant with unprofessional conduct and specifying the grounds therefor or to report information to the disciplining authority, or voluntary substance abuse monitoring program, or an impaired practitioner program approved by the disciplining authority, which indicates that the license holder may not be able to practice his or her profession with reasonable skill and safety to consumers as a result of a mental or physical condition. If the disciplining authority determines that the complaint merits investigation, or if the disciplining authority has reason to believe, without a formal complaint, that a license holder or applicant may have engaged in unprofessional conduct, the disciplining authority shall investigate to determine whether there has been unprofessional conduct. In determining whether or not to investigate, the disciplining authority shall consider any prior complaints received by the disciplining authority, any prior findings of fact under RCW 18.130.110, any stipulations to informal disposition under RCW 18.130.172, and any comparable action taken by other state disciplining authorities.

(2) Notwithstanding subsection (1) of this section, the disciplining authority shall initiate an investigation in every instance where the disciplining authority receives information that a health care provider has been disqualified from participating in the federal medicare program, under Title XVIII of the federal social security act, or the federal medicaid program, under Title XIX of the federal social security act.

(3) A person who files a complaint or reports information under this section in good faith is immune from suit in any civil action related to the filing or contents of the complaint.

Sec. 6. RCW 18.130.160 and 2001 c 195 s 1 are each amended to read as follows:

Upon a finding, after hearing, that a license holder or applicant has committed unprofessional conduct or is unable to practice with reasonable skill and safety due to a physical or mental condition, the disciplining authority may issue an order providing for one or any combination of the following:

(1) Revocation of the license;

(2) Suspension of the license for a fixed or indefinite term;

(3) Restriction or limitation of the practice;

(4) Requiring the satisfactory completion of a specific program of remedial education or treatment;

(5) The monitoring of the practice by a supervisor approved by the disciplining authority;

(6) Censure or reprimand;

(7) Compliance with conditions of probation for a designated period of time;

(8) Payment of a fine for each violation of this chapter, not to exceed five thousand dollars per violation. Funds received shall be placed in the health professions account;

(9) Denial of the license request;

(10) Corrective action;

(11) Refund of fees billed to and collected from the consumer;

(12) A surrender of the practitioner's license in lieu of other sanctions, which must be reported to the federal data bank.

Any of the actions under this section may be totally or partly stayed by the disciplining authority. Safeguarding the public's health and safety is the paramount responsibility of every disciplining authority and in determining what action is appropriate, the disciplining authority must first consider what sanctions are necessary to protect or compensate the public. Only after such provisions have been made may the disciplining authority consider and include in the order requirements designed to rehabilitate the license holder or applicant. All costs associated with compliance with orders issued under this section are the obligation of the license holder or applicant.

The licensee or applicant may enter into a stipulated disposition of charges that includes one or more of the sanctions of this section, but only after a statement of charges has been issued and the licensee has been afforded the opportunity for a hearing and has elected on the record to forego such a hearing. The stipulation shall either contain one or more specific findings of unprofessional conduct or inability to practice, or a statement by the licensee acknowledging that evidence is sufficient to justify one or more specified findings of unprofessional conduct or inability to practice. The stipulation entered into pursuant to this subsection shall be considered formal disciplinary action for all purposes.

Sec. 7. RCW 18.130.175 and 2005 c 274 s 233 are each amended to read as follows:

(1) In lieu of disciplinary action under RCW 18.130.160 and if the disciplining authority determines that the unprofessional conduct may be the result of substance abuse, the disciplining authority may refer the license holder to a voluntary substance abuse monitoring program approved by the disciplining authority.

The cost of the treatment shall be the responsibility of the license holder, but the responsibility does not preclude payment by an employer, existing insurance coverage, or other sources. Primary alcoholism or other drug addiction treatment shall be provided by approved treatment programs under RCW 70.96A.020 or by any other provider approved by the entity or the commission. However, nothing shall prohibit the disciplining authority from approving additional services and programs as an adjunct to primary alcoholism or other drug addiction treatment. The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160 which includes suspension of the license unless or until the disciplining authority, in consultation with the director of the voluntary substance abuse monitoring program, determines the license holder is able to practice safely. The secretary shall adopt uniform rules for the evaluation by the disciplinary authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the disciplinary authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or

monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their participation made known to the disciplining authority, if they meet the requirements of this section and the program in which they are participating.

(3) The license holder shall sign a waiver allowing the program to release information to the disciplining authority if the licensee does not comply with the requirements of this section or is unable to practice with reasonable skill or safety. The substance abuse program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) The treatment and pretreatment records of license holders referred to or voluntarily participating in approved programs shall be confidential, shall be exempt from chapter 42.56 RCW, and shall not be subject to discovery by subpoena or admissible as evidence except for monitoring records reported to the disciplining authority for cause as defined in subsection (3) of this section. Monitoring records relating to license holders referred to the program by the disciplining authority or relating to license holders reported to the disciplining authority by the program for cause, shall be released to the disciplining authority at the request of the disciplining authority. Records held by the disciplining authority under this section shall be exempt from chapter 42.56 RCW and shall not be subject to discovery by subpoena except by the license holder.

(5) "Substance abuse," as used in this section, means the impairment, as determined by the disciplining authority, of a license holder's professional services by an addiction to, a dependency on, or the use of alcohol, legend drugs, or controlled substances.

(6) This section does not affect an employer's right or ability to make employment-related decisions regarding a license holder. This section does not restrict the authority of the disciplining authority to take disciplinary action for any other unprofessional conduct.

(7) A person who, in good faith, reports information or takes action in connection with this section is immune from civil liability for reporting information or taking the action.

(a) The immunity from civil liability provided by this section shall be liberally construed to accomplish the purposes of this section and the persons entitled to immunity shall include:

- (i) An approved monitoring treatment program;
- (ii) The professional association operating the program;
- (iii) Members, employees, or agents of the program or association;

(iv) Persons reporting a license holder as being possibly impaired or providing information about the license holder's impairment; and

(v) Professionals supervising or monitoring the course of the impaired license holder's treatment or rehabilitation.

(b) The courts are strongly encouraged to impose sanctions on clients and their attorneys whose allegations under this subsection are not made in good faith and are without either reasonable objective, substantive grounds, or both.

(c) The immunity provided in this section is in addition to any other immunity provided by law.

NEW SECTION. Sec. 8. A new section is added to chapter 43.43 RCW to read as follows:

(1) Upon a guilty plea or conviction of a person for any felony crime involving homicide under chapter 9A.32 RCW, assault under chapter 9A.36 RCW, kidnapping under chapter 9A.40 RCW, or sex offenses under chapter 9A.44 RCW, the prosecuting attorney shall notify the state patrol of such guilty pleas or convictions.

(2) When the state patrol receives information that a person has pled guilty to or been convicted of one of the felony crimes under subsection (1) of this section, the state patrol shall transmit that information to the department of health. It is the duty of the

department of health to identify whether the person holds a credential issued by a disciplining authority listed under RCW 18.130.040, and provide this information to the disciplining authority that issued the credential to the person who pled guilty or was convicted of a crime listed in subsection (1) of this section.

NEW SECTION. Sec. 9. A new section is added to chapter 18.130 RCW to read as follows:

(1) When developing its biennial budget request for appropriation of the health professions account created in RCW 43.70.320, beginning in the 2007-2009 budget and continuing in subsequent biennia, the department shall specify the number of full-time employees designated as investigators and attorneys and the costs associated with supporting their activities. The department shall also specify the additional full-time employees designated as investigators and attorneys that are required to achieve a staffing level that is able to respond promptly, competently, and appropriately to the workload associated with health professions disciplinary activities and the costs associated with supporting disciplinary activities. In identifying the need for additional staff, the department shall develop a formula based on its prior experience with staff levels compared to the number of providers, complaints, investigations, and other criteria that the department determines is relevant to staffing level decisions. The department must request additional funds for activities that most critically impact public health and safety. The budget request must specify the methodology used for each biennium.

(2) The joint legislative audit and review committee, in consultation with the department, shall report to the legislature by December 1, 2010, with recommendations for formulas for determining appropriate staffing levels for investigators and attorneys at the department of health involved in the health professions disciplinary process to achieve prompt, competent, and appropriate responses to complaints of unprofessional conduct. The report must be based upon the department's prior experience with staff levels compared to the number of providers, complaints, investigations, and other criteria that the department finds are relevant to determining appropriate staffing levels.

(3) This section expires July 1, 2011.

NEW SECTION. Sec. 10. The following acts or parts of acts are each repealed:

- RCW 18.57.174 (Duty to report unprofessional conduct-- Exceptions) and 2000 c 171 s 20 & 1986 c 300 s 9; and
- RCW 18.71.0193 (Duty to report unprofessional conduct-- Exceptions) and 1994 sp.s. c 9 s 327 & 1986 c 300 s 5.

(1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used.

(2) Each person claiming a tax credit under section 5 of this act shall report information to the department by filing a complete annual survey. The survey is due by March 31st of the year following any calendar year in which a tax credit under section 5 of this act is taken. The department may extend the due date for timely filing of annual surveys under this section as provided in RCW 82.32.590. The survey shall include the amount of tax credit taken. The survey shall also include the following information for employment positions in Washington:

(a) The number of total employment positions;

(b) Full-time, part-time, and temporary employment positions as a percent of total employment;

(c) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band; and

(d) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands.

The first survey filed under this subsection shall also include information for the twelve-month period immediately before first use of a tax incentive.

(3) The department may request additional information necessary to measure the results of the credit program, to be submitted at the same time as the survey.

(4) All information collected under this section, except the amount of the tax credit taken, is deemed taxpayer information under RCW 82.32.330. Information on the amount of tax credit taken is not subject to the confidentiality provisions of RCW 82.32.330.

(5) If a person fails to submit an annual survey under subsection (2) of this section by the due date of the report or any extension under RCW 82.32.590, the department shall declare the amount of taxes credited for the previous calendar year to be immediately due and payable. The department shall assess interest, but not penalties, on the amounts due under this section. The interest shall be assessed at the rate provided for delinquent taxes under this chapter, retroactively to the date the credit was claimed, and shall accrue until the taxes for which the credit was claimed are repaid. This information is not subject to the confidentiality provisions of RCW 82.32.330.

(6) The department shall use the information from this section to prepare summary descriptive statistics by category. No fewer than three taxpayers shall be included in any category. The department shall report these statistics to the legislature each year by September 1st.

(7) The department shall study the tax credit authorized in section 5 of this act. The department shall submit a report to the finance committee of the house of representatives and the ways and means committee of the senate by December 1, 2011. The report shall measure the effect of the credit on job creation, job retention, company growth, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.

NEW SECTION. Sec. 7. RCW 82.32.590 and 2005 c 514 s 1001 are each amended to read as follows:

(1) If the department finds that the failure of a taxpayer to file an annual survey under RCW 82.04.4452 or section 6 of this act by the due date was the result of circumstances beyond the control of the taxpayer, the department shall extend the time for filing the survey. Such extension shall be for a period of thirty days from the date the department issues its written notification to the taxpayer that it qualifies for an extension under this section. The department may grant additional extensions as it deems proper.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. A new section is added to chapter 28B.50 RCW to read as follows:

The legislature finds that the provision of customized training is critical to attracting and retaining businesses, and that the growth of many businesses is limited by an unmet need for customized training. The legislature also finds that work force training not only helps business, it also improves the quality of life for workers and communities. Because of the statewide public benefit to be gained from instituting a customized training program, the legislature intends to promote work force training in a manner that reduces the costs of training to new and expanding firms.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.50 RCW to read as follows:

(1) The board shall assist in matching participating employers with qualified training institutions for purposes of providing customized training.

(2) For purposes of sections 2 and 3 of this act, qualified training institutions may enter into agreements with four-year institutions of higher education, as defined in RCW 28B.10.016, in accordance with the interlocal cooperation act, chapter 39.34 RCW.

(3) The board may adopt rules to implement this section.

NEW SECTION. Sec. 3. A new section is added to chapter 82.04 RCW to read as follows:

(1) A participating employer may take a credit against the tax imposed by this chapter if the number of employees a participating employer has in the state during the calendar year following the completion of the customized training program equals the number of employees the participating employer had in the state in the calendar year preceding the start of the customized training program plus at least seventy-five percent of the number of trainees.

(2) The credit under this section is equal to twenty percent of the amount of customized training costs, up to a maximum of two hundred thousand dollars per employer per calendar year.

(3)(a) The credit may not be used to train workers who have been hired as a result of a strike or lockout.

(b) A credit may not be claimed under this section with respect to the value of job training services for which credit is claimed under RCW 82.04.4333.

(4) Credits are available on a first in-time basis. The department shall disallow any credits, or portion thereof, that would cause the

total amount of credits claimed under this section during any calendar year to exceed one million dollars. If this limitation is reached, the department shall notify the board, the work force training and education coordinating board, and the higher education coordinating board that the annual statewide limit has been met. In addition, the department shall provide written notice to any person who has claimed tax credits in excess of the one million dollar limitation in this subsection. The notice shall indicate the amount of tax due and shall provide that the tax be paid within thirty days from the date of such notice. The department shall not assess penalties and interest as provided in chapter 82.32 RCW on the amount due in the initial notice if the amount due is paid by the due date specified in the notice, or any extension thereof.

(5) Any amount of tax credit otherwise allowable under this section not claimed by the person in any calendar year may be carried over and claimed against the person's tax liability until used.

NEW SECTION. Sec. 4. A new section is added to chapter 82.04 RCW to read as follows:

The definitions in this section apply to sections 2 and 3 of this act unless the context clearly requires otherwise.

(1) "Board" means the state board for community and technical colleges.

(2) "Participating employer" means a private employer that undertakes a training program with a qualified training institution under section 2 of this act.

(3) "Qualified training institution" means a public community or technical college or a private vocational school licensed by either the work force training and education coordinating board or the higher education coordinating board.

(4) "Customized training costs" means the direct costs experienced under a contract with a qualified training institution for formal technical or skill training, including basic skills. "Customized training costs" includes amounts in the contract for costs of instruction, materials, equipment, rental of class space, marketing, and overhead. "Customized training costs" does not include employee tuition reimbursements.

NEW SECTION. Sec. 5. A new section is added to chapter 82.32 RCW to read as follows:

(1) The department shall study the tax credit authorized in section 3 of this act. The department shall submit a report to the finance committee of the house of representatives and the ways and means committee of the senate by December 1, 2015. The report shall measure the effect of the credit on job creation, job retention, company growth, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.

Sec. 6. RCW 82.04.4333 and 1996 c 1 s 4 are each amended to read as follows:

(1) There may be credited against the tax imposed by this chapter, the value of state-approved, employer-provided or sponsored job training services designed to enhance the job-related performance of employees, for those businesses eligible for a tax deferral under chapter 82.60 RCW.

(2) The value of the state-approved, job training services provided by the employer to the employee, without charge, shall be determined by the allocation of the cost method using generally accepted accounting standards.

(3) The credit allowed under this section shall be limited to an amount equal to twenty percent of the value of the state-approved, job training services determined under subsection (2) of this section. The total credits allowed under this section for a business shall not exceed five thousand dollars per calendar year.

(4) Prior to claiming the credit under this section, the business must obtain approval of the proposed job training service from the employment security department. The employer's request for approval must include a description of the proposed job training service, how the job training will enhance the employee's performance, and the cost of the proposed job training.

(5) This section only applies to training in respect to eligible business projects for which an application is approved on or after January 1, 1996.

(6) A credit may not be claimed under this section with respect to the amount of customized training costs for which credit is claimed under section 3 of this act.

NEW SECTION. Sec. 7. Section 3 of this act takes effect July 1, 2006.

NEW SECTION. Sec. 8. Section 3 of this act expires July 1, 2016."

An electric utility:

(1) Shall offer to make net metering available to eligible customers-generators on a first-come, first-served basis until the cumulative generating capacity of net metering systems equals ~~((0.7))~~ 0.25 percent of the utility's peak demand during 1996 ~~((of which not less than 0.05 percent shall be attributable to net metering systems that use as its fuel either solar, wind, or hydropower)).~~ On January 1, 2014, the cumulative generating capacity available to net metering systems will equal 0.5 percent of the utility's peak demand during 1996. Not less than one-half of the utility's 1996 peak demand available for net metering systems shall be reserved for the cumulative generating capacity attributable to net metering systems that generate renewable energy;

(2) Shall allow net metering systems to be interconnected using a standard kilowatt-hour meter capable of registering the flow of electricity in two directions, unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment:

(a) That the use of additional metering equipment to monitor the flow of electricity in each direction is necessary and appropriate for the interconnection of net metering systems, after taking into account the benefits and costs of purchasing and installing additional metering equipment; and

(b) How the cost of purchasing and installing an additional meter is to be allocated between the customer-generator and the utility;

(3) Shall charge the customer-generator a minimum monthly fee that is the same as other customers of the electric utility in the same rate class, but shall not charge the customer-generator any additional standby, capacity, interconnection, or other fee or charge unless the commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, determines, after appropriate notice and opportunity for comment that:

(a) The electric utility will incur direct costs associated with interconnecting or administering net metering systems that exceed any offsetting benefits associated with these systems; and

(b) Public policy is best served by imposing these costs on the customer-generator rather than allocating these costs among the utility's entire customer base.

Sec. 3. RCW 80.60.030 and 1998 c 318 s 4 are each amended to read as follows:

Consistent with the other provisions of this chapter, the net energy measurement must be calculated in the following manner:

(1) The electric utility shall measure the net electricity produced or consumed during the billing period, in accordance with normal metering practices.

(2) If the electricity supplied by the electric utility exceeds the electricity generated by the customer-generator and fed back to the electric utility during the billing period, the customer-generator shall be billed for the net electricity supplied by the electric utility, in accordance with normal metering practices.

(3) If electricity generated by the customer-generator exceeds the electricity supplied by the electric utility, the customer-generator:

(a) Shall be billed for the appropriate customer charges for that billing period, in accordance with RCW 80.60.020; and

(b) Shall be credited for the excess kilowatt-hours generated during the billing period, with this kilowatt-hour credit appearing on the bill for the following billing period.

~~((At the beginning))~~ On April 30th of each calendar year, any remaining unused kilowatt-hour credit accumulated during the previous year shall be granted to the electric utility, without any compensation to the customer-generator.

Sec. 4. RCW 80.60.040 and 2000 c 158 s 3 are each amended to read as follows:

(1) A net metering system used by a customer-generator shall include, at the customer-generator's own expense, all equipment necessary to meet applicable safety, power quality, and interconnection requirements established by the national electrical code, national electrical safety code, the institute of electrical and electronics engineers, and underwriters laboratories.

(2) The commission, in the case of an electrical company, or the appropriate governing body, in the case of other electric utilities, after appropriate notice and opportunity for comment, may adopt by regulation additional safety, power quality, and interconnection requirements for customer-generators, including limitations on the number of customer generators and total capacity of net metering systems that may be interconnected to any distribution feeder line, circuit, or network that the commission or governing body determines are necessary to protect public safety and system reliability.

(3) An electric utility may not require a customer-generator whose net metering system meets the standards in subsections (1) and (2) of this section to comply with additional safety or performance standards, perform or pay for additional tests, or purchase additional liability insurance. However, an electric utility shall not be liable directly or indirectly for permitting or continuing to allow an attachment of a net metering system, or for the acts or omissions of the customer-generator that cause loss or injury, including death, to any third party."

HOUSE BILL NO. 2991, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 3, 2006

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 3122, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that employees of the department of social and health services who provide child protective, child welfare, and adult protective services are sometimes faced with highly volatile, hostile, and/or threatening situations during the course of performing their official duties. The legislature finds that the work group convened by the department of social and health services pursuant to chapter 389, Laws of 2005, has made various recommendations regarding policies and protocols to address the safety of workers. The legislature intends to implement the work group's recommendations for statutory changes in recognition of the sometimes hazardous nature of employment in child protective, child welfare, and adult protective services.

NEW SECTION. Sec. 2. A new section is added to chapter 74.04 RCW to read as follows:

(1) For purposes of this section only, "assault" means an unauthorized touching of a child protective, child welfare, or adult protective services worker employed by the department of social and health services resulting in physical injury to the employee.

(2) In recognition of the hazardous nature of employment in child protective, child welfare, and adult protective services, the legislature hereby provides a supplementary program to reimburse employees of the department, for some of their costs attributable to their being the victims of assault while in the course of discharging their assigned duties. This program shall be limited to the reimbursement provided in this section.

(3) An employee is only entitled to receive the reimbursement provided in this section if the secretary of social and health services, or the secretary's designee, finds that each of the following has occurred:

(a) A person has assaulted the employee while the employee was in the course of performing his or her official duties and, as a result thereof, the employee has sustained demonstrated physical injuries which have required the employee to miss days of work;

(b) The assault cannot be attributable to any extent to the employee's negligence, misconduct, or failure to comply with any rules or conditions of employment; and

(c) The department of labor and industries has approved the employee's workers' compensation application pursuant to chapter 51.32 RCW.

(4) The reimbursement authorized under this section shall be as follows:

(a) The employee's accumulated sick leave days shall not be reduced for the workdays missed;

(b) For each workday missed for which the employee is not eligible to receive compensation under chapter 51.32 RCW, the employee shall receive full pay; and

(c) In respect to workdays missed for which the employee will receive or has received compensation under chapter 51.32 RCW, the employee shall be reimbursed in an amount which, when added to that compensation, will result in the employee receiving full pay for the workdays missed.

(5) Reimbursement under this section may not last longer than three hundred sixty-five consecutive days after the date of the injury.

(6) The employee shall not be entitled to the reimbursement provided in subsection (4) of this section for any workday for which the secretary, or the secretary's designee, finds that the employee has not diligently pursued his or her compensation remedies under chapter 51.32 RCW.

(7) The reimbursement shall only be made for absences which the secretary, or the secretary's designee, believes are justified.

(8) While the employee is receiving reimbursement under this section, he or she shall continue to be classified as a state employee and the reimbursement amount shall be considered as salary or wages.

(9) All reimbursement payments required to be made to employees under this section shall be made by the department. The payments shall be considered as a salary or wage expense and shall be paid by the department in the same manner and from the same appropriations as other salary and wage expenses of the department.

(10) Should the legislature revoke the reimbursement authorized under this section or repeal this section, no affected employee is entitled thereafter to receive the reimbursement as a matter of contractual right.

Sec. 3. RCW 9A.46.110 and 2003 c 53 s 70 are each amended to read as follows:

(1) A person commits the crime of stalking if, without lawful authority and under circumstances not amounting to a felony attempt of another crime:

(a) He or she intentionally and repeatedly harasses or repeatedly follows another person; and

(b) The person being harassed or followed is placed in fear that the stalker intends to injure the person, another person, or property of the person or of another person. The feeling of fear must be one that a reasonable person in the same situation would experience under all the circumstances; and

(c) The stalker either:

(i) Intends to frighten, intimidate, or harass the person; or

(ii) Knows or reasonably should know that the person is afraid, intimidated, or harassed even if the stalker did not intend to place the person in fear or intimidate or harass the person.

(2)(a) It is not a defense to the crime of stalking under subsection (1)(c)(i) of this section that the stalker was not given actual notice that the person did not want the stalker to contact or follow the person; and

(b) It is not a defense to the crime of stalking under subsection (1)(c)(ii) of this section that the stalker did not intend to frighten, intimidate, or harass the person.

(3) It shall be a defense to the crime of stalking that the defendant is a licensed private investigator acting within the capacity of his or her license as provided by chapter 18.165 RCW.

(4) Attempts to contact or follow the person after being given actual notice that the person does not want to be contacted or followed constitutes prima facie evidence that the stalker intends to intimidate or harass the person. "Contact" includes, in addition to any other form of contact or communication, the sending of an electronic communication to the person.

(5)(a) Except as provided in (b) of this subsection, a person who stalks another person is guilty of a gross misdemeanor.

(b) A person who stalks another is guilty of a class C felony if any of the following applies: (i) The stalker has previously been convicted in this state or any other state of any crime of harassment, as defined in RCW 9A.46.060, of the same victim or members of the victim's family or household or any person specifically named in a protective order; (ii) the stalking violates any protective order protecting the person being stalked; (iii) the stalker has previously been convicted of a gross misdemeanor or felony stalking offense under this section for stalking another person; (iv) the stalker was armed with a deadly weapon, as defined in RCW 9.94A.602, while

stalking the person; (v) the stalker's victim is or was a law enforcement officer, judge, juror, attorney, victim advocate, legislator, ((or)) community correction's officer, or an employee of the child protective, child welfare, or adult protective services division within the department of social and health services, and the stalker stalked the victim to retaliate against the victim for an act the victim performed during the course of official duties or to influence the victim's performance of official duties; or (vi) the stalker's victim is a current, former, or prospective witness in an adjudicative proceeding, and the stalker stalked the victim to retaliate against the victim as a result of the victim's testimony or potential testimony.

(6) As used in this section:

(a) "Follows" means deliberately maintaining visual or physical proximity to a specific person over a period of time. A finding that the alleged stalker repeatedly and deliberately appears at the person's home, school, place of employment, business, or any other location to maintain visual or physical proximity to the person is sufficient to find that the alleged stalker follows the person. It is not necessary to establish that the alleged stalker follows the person while in transit from one location to another.

(b) "Harasses" means unlawful harassment as defined in RCW 10.14.020.

(c) "Protective order" means any temporary or permanent court order prohibiting or limiting violence against, harassment of, contact or communication with, or physical proximity to another person.

(d) "Repeatedly" means on two or more separate occasions.

NEW SECTION. Sec. 4. The department of social and health services shall report to the governor and the appropriate committees of the legislature by December 1, 2006, on the implementation of those recommendations contained in the department's October 2005 report entitled child protective services - staff safety.

NEW SECTION. Sec. 5. Section 4 of this act expires January 1, 2007."

On page 1, line 2 of the title, after "workers;" strike the remainder of the title and insert "amending RCW 9A.46.110; adding a new section to chapter 74.04 RCW; creating new sections; and providing an expiration date."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

February 28, 2006

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2407, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.94A.713 and 2001 2nd sp.s. c 12 s 304 are each amended to read as follows:

(1) When an offender is sentenced under RCW 9.94A.712, the department shall assess the offender's risk of recidivism and shall recommend to the board any additional or modified conditions of the offender's community custody based upon the risk to community safety. In addition, the department shall make a recommendation with regard to, and the board may require the offender to participate in, rehabilitative programs, or otherwise perform affirmative conduct, and obey all laws. The department may recommend and, if recommended, the board may impose electronic monitoring as a condition of community custody for the offender. Within the resources made available by the department for this purpose, the department shall carry out any monitoring imposed under this section using the most appropriate technology given the individual circumstances of the offender. As used in this section, "electronic monitoring" means the monitoring of an offender using an electronic offender tracking system including, but not limited to, a system using radio frequency or active or passive global positioning technology. The board must consider and may impose department-recommended conditions.

(2) The department may not recommend and the board may not impose conditions that are contrary to those ordered by the court and may not contravene or decrease court-imposed conditions. The board shall notify the offender in writing of any such conditions or modifications.

(3) In setting, modifying, and enforcing conditions of community custody, the department shall be deemed to be performing a quasi-judicial function.

(4) If an offender violates conditions imposed by the court, the department, or the board during community custody, the board or the department may transfer the offender to a more restrictive confinement status and impose other available sanctions as provided in RCW 9.95.435.

(5) By the close of the next business day, after receiving notice of a condition imposed by the board or the department, an offender may request an administrative hearing under rules adopted by the board. The condition shall remain in effect unless the hearing examiner finds that it is not reasonably related to any of the following:

- (a) The crime of conviction;
- (b) The offender's risk of reoffending; or
- (c) The safety of the community.

(6) An offender released by the board under RCW 9.95.420 shall be subject to the supervision of the department until the expiration of the maximum term of the sentence. The department shall monitor the offender's compliance with conditions of community custody imposed by the court, department, or board, and promptly report any violations to the board. Any violation of conditions of community custody established or modified by the board shall be subject to the provisions of RCW 9.95.425 through 9.95.440.

(7) If the department finds that an emergency exists requiring the immediate imposition of conditions of release in addition to those set by the board under RCW 9.95.420 and subsection (1) of this section in order to prevent the offender from committing a crime, the department may impose additional conditions. The department may not impose conditions that are contrary to those set by the board or the court and may not contravene or decrease court-imposed or board-imposed conditions. Conditions imposed under this subsection shall take effect immediately after notice to the offender by personal service, but shall not remain in effect longer than seven working days unless approved by the board under subsection (1) of this section within seven working days.

Sec. 2. RCW 9.94A.715 and 2003 c 379 s 6 are each amended to read as follows:

(1) When a court sentences a person to the custody of the department for a sex offense not sentenced under RCW 9.94A.712, a violent offense, any crime against persons under RCW 9.94A.411(2), or a felony offense under chapter 69.50 or 69.52 RCW, committed on or after July 1, 2000, the court shall in addition to the other terms of the sentence, sentence the offender to community custody for the community custody range established under RCW 9.94A.850 or up to the period of earned release awarded pursuant to RCW 9.94A.728 (1) and (2), whichever is longer. The community custody shall begin: (a) Upon completion of the term of confinement; (b) at such time as the offender is transferred to community custody in lieu of earned release in accordance with RCW 9.94A.728 (1) and (2); or (c) with regard to offenders sentenced under RCW 9.94A.660, upon failure to complete or administrative termination from the special drug offender sentencing alternative program. Except as provided in RCW 9.94A.501, the department shall supervise any sentence of community custody imposed under this section.

(2)(a) Unless a condition is waived by the court, the conditions of community custody shall include those provided for in RCW 9.94A.700(4). The conditions may also include those provided for in RCW 9.94A.700(5). The court may also order the offender to participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the circumstances of the offense, the offender's risk of reoffending, or the safety of the community, and the department shall enforce such conditions pursuant to subsection (6) of this section.

(b) As part of any sentence that includes a term of community custody imposed under this subsection, the court shall also require the offender to comply with any conditions imposed by the department under RCW 9.94A.720. The department shall assess the offender's risk of reoffense and may establish and modify additional conditions of the offender's community custody based upon the risk to community safety. In addition, the department may require the offender to participate in rehabilitative programs, or otherwise perform affirmative conduct, and to obey all laws. The department may impose electronic monitoring as a condition of community custody for an offender sentenced to a term of community custody under this section pursuant to a conviction for a sex offense. Within the resources made available by the department for this purpose, the department shall carry out any electronic monitoring imposed under this section using the most appropriate technology given the individual circumstances of the offender. As used in this section, "electronic monitoring" means the monitoring of an offender using an electronic offender tracking system including, but not limited to,

a system using radio frequency or active or passive global positioning system technology.

(c) The department may not impose conditions that are contrary to those ordered by the court and may not contravene or decrease court imposed conditions. The department shall notify the offender in writing of any such conditions or modifications. In setting, modifying, and enforcing conditions of community custody, the department shall be deemed to be performing a quasi-judicial function.

(3) If an offender violates conditions imposed by the court or the department pursuant to this section during community custody, the department may transfer the offender to a more restrictive confinement status and impose other available sanctions as provided in RCW 9.94A.737 and 9.94A.740.

(4) Except for terms of community custody under RCW 9.94A.670, the department shall discharge the offender from community custody on a date determined by the department, which the department may modify, based on risk and performance of the offender, within the range or at the end of the period of earned release, whichever is later.

(5) At any time prior to the completion or termination of a sex offender's term of community custody, if the court finds that public safety would be enhanced, the court may impose and enforce an order extending any or all of the conditions imposed pursuant to this section for a period up to the maximum allowable sentence for the crime as it is classified in chapter 9A.20 RCW, regardless of the expiration of the offender's term of community custody. If a violation of a condition extended under this subsection occurs after the expiration of the offender's term of community custody, it shall be deemed a violation of the sentence for the purposes of RCW 9.94A.631 and may be punishable as contempt of court as provided for in RCW 7.21.040. If the court extends a condition beyond the expiration of the term of community custody, the department is not responsible for supervision of the offender's compliance with the condition.

(6) Within the funds available for community custody, the department shall determine conditions and duration of community custody on the basis of risk to community safety, and shall supervise offenders during community custody on the basis of risk to community safety and conditions imposed by the court. The secretary shall adopt rules to implement the provisions of this subsection.

(7) By the close of the next business day after receiving notice of a condition imposed or modified by the department, an offender may request an administrative review under rules adopted by the department. The condition shall remain in effect unless the reviewing officer finds that it is not reasonably related to any of the following: (a) The crime of conviction; (b) the offender's risk of reoffending; or (c) the safety of the community.

NEW SECTION. Sec. 3. A new section is added to chapter 4.24 RCW to read as follows:

Local governments, their subdivisions and employees, the department of corrections and its employees, and the Washington association of sheriffs and police chiefs and its employees are immune from civil liability for damages arising from incidents involving offenders who are placed on electronic monitoring, unless it is shown that an employee acted with gross negligence or bad faith."

On page 1, line 1 of the title, after "offenders;" strike the remainder of the title and insert "amending RCW 9.94A.713 and 9.94A.715; and adding a new section to chapter 4.24 RCW."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2507 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

March 3, 2006

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 3115, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Foster parents are able to successfully maintain placements of sexually aggressive youth, physically assaultive children, or

children with other high-risk behaviors when they are provided with proper training and support. Lack of support contributes to placement disruptions and multiple moves between foster homes.

(2) Young children who have experienced repeated early abuse and trauma are at high risk for behavior later in life that is sexually deviant, if left untreated. Placement with a well-trained, prepared, and supported foster family can break this cycle.

(3) The department is better able to recruit and retain foster parents by acknowledging that foster parents who serve sexually aggressive youth, physically assaultive children, or children with other high-risk behaviors may be more susceptible to allegations of abuse arising out of a foster child's conduct. Fair investigations of the allegations, protection from disclosure of unfounded allegations, and appropriate maintenance of all department records are necessary to protect foster parents and other similarly situated individuals.

NEW SECTION. Sec. 2. A foster parent critical support and retention program is established to retain foster parents who care for sexually aggressive youth, physically assaultive children, or children with other high-risk behaviors. Services shall consist of short-term therapeutic and educational interventions to support the stability of the placement. Services shall be coordinated with the children's administration social worker. The foster parent critical support and retention program is to be implemented under the division of children and family services' contract and supervision. A contractor must demonstrate experience providing in-home case management, as well as experience working with caregivers of children with significant behavioral issues that pose a threat to others or themselves or the stability of the placement.

NEW SECTION. Sec. 3. Under the foster parent critical support and retention program, foster parents who care for sexually aggressive youth, physically assaultive children, or children with other high-risk behaviors shall receive:

(1) Availability at any time of the day or night to address specific concerns related to the identified child;

(2) Assessment of risk and development of a safety and supervision plan;

(3) Home-based foster parent training utilizing evidence-based models;

(4) Referral to relevant community services and training provided by the local children's administration office or community agencies. Referral to additional services shall be coordinated with the assigned social worker; and

(5) Any relevant health care information. Disclosure of any relevant health care information shall be consistent with RCW 70.24.105 and any guidelines or recommendations established by the department of health concerning disclosure of such information, including testing for and disclosure of information related to blood-borne pathogens.

Sec. 4. RCW 26.44.020 and 2005 c 512 s 5 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Court" means the superior court of the state of Washington, juvenile department.

(2) "Law enforcement agency" means the police department, the prosecuting attorney, the state patrol, the director of public safety, or the office of the sheriff.

(3) "Practitioner of the healing arts" or "practitioner" means a person licensed by this state to practice podiatric medicine and surgery, optometry, chiropractic, nursing, dentistry, osteopathic medicine and surgery, or medicine and surgery or to provide other health services. The term "practitioner" includes a duly accredited Christian Science practitioner: PROVIDED, HOWEVER, That a person who is being furnished Christian Science treatment by a duly accredited Christian Science practitioner will not be considered, for that reason alone, a neglected person for the purposes of this chapter.

(4) "Institution" means a private or public hospital or any other facility providing medical diagnosis, treatment or care.

(5) "Department" means the state department of social and health services.

(6) "Child" or "children" means any person under the age of eighteen years of age.

(9) "Psychologist" means any person licensed to practice psychology under chapter 18.83 RCW, whether acting in an individual capacity or as an employee or agent of any public or private organization or institution.

When considering whether a clear and present danger exists, evidence of a parent's substance abuse as a contributing factor to negligent treatment or maltreatment shall be given great weight. The fact that siblings share a bedroom is not, in and of itself, negligent treatment or maltreatment. Poverty, homelessness, or exposure to domestic violence as defined in RCW 26.50.010 that is perpetrated against someone other than the child (~~do {does}~~) does not constitute negligent treatment or maltreatment in and of (~~themselves {itself}~~) itself.

(16) "Child protective services" means those services provided by the department designed to protect children from child abuse and neglect and safeguard such children from future abuse and neglect, and conduct investigations of child abuse and neglect reports. Investigations may be conducted regardless of the location of the alleged abuse or neglect. Child protective services includes referral to services to ameliorate conditions that endanger the welfare of children, the coordination of necessary programs and services relevant to the prevention, intervention, and treatment of child abuse and neglect, and services to children to ensure that each child has a permanent home. In determining whether protective services should be provided, the department shall not decline to provide such services solely because of the child's unwillingness or developmental inability to describe the nature and severity of the abuse or neglect.

(17) "Malice" or "maliciously" means an evil intent, wish, or design to vex, annoy, or injure another person. Such malice may be inferred from an act done in willful disregard of the rights of another, or an act wrongfully done without just cause or excuse, or an act or omission of duty betraying a willful disregard of social duty.

(18) "Sexually aggressive youth" means a child who is defined in RCW 74.13.075(1)(b) as being a sexually aggressive youth.

(20) "Unfounded" means ~~((available information indicates)) a finding at the completion of an investigation by the department or a judicial finding that, more likely than not, child abuse or neglect did not occur. ((No unfounded allegation of child abuse or neglect may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under chapter 74.15 RCW.))~~

(21) "Inconclusive" means a finding at the completion of an investigation by the department that there is insufficient evidence to conclude that the alleged child abuse or neglect occurred.

(22) "Founded" means a finding at the completion of an investigation by the department or a judicial finding that, more likely than not, the alleged child abuse or neglect occurred.

Sec. 5. RCW 26.44.030 and 2005 c 417 s 1 are each amended to read as follows:

(1)(a) When any practitioner, county coroner or medical examiner, law enforcement officer, professional school personnel, registered or licensed nurse, social service counselor, psychologist, pharmacist, licensed or certified child care providers or their employees, employee of the department, juvenile probation officer, placement and liaison specialist, responsible living skills program staff, HOPE center staff, or state family and children's ombudsman or any volunteer in the ombudsman's office has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(b) When any person, in his or her official supervisory capacity with a nonprofit or for-profit organization, has reasonable cause to believe that a child has suffered abuse or neglect caused by a person over whom he or she regularly exercises supervisory authority, he or she shall report such incident, or cause a report to be made, to the proper law enforcement agency, provided that the person alleged to have caused the abuse or neglect is employed by, contracted by, or volunteers with the organization and coaches, trains, educates, or counsels a child or children or regularly has unsupervised access to a child or children as part of the employment, contract, or voluntary service. No one shall be required to report under this section when he or she obtains the information solely as a result of a privileged communication as provided in RCW 5.60.060.

Nothing in this subsection (1)(b) shall limit a person's duty to report under (a) of this subsection.

For the purposes of this subsection, the following definitions apply:

(i) "Official supervisory capacity" means a position, status, or role created, recognized, or designated by any nonprofit or for-profit organization, either for financial gain or without financial gain, whose scope includes, but is not limited to, overseeing, directing, or managing another person who is employed by, contracted by, or volunteers with the nonprofit or for-profit organization.

(ii) "Regularly exercises supervisory authority" means to act in his or her official supervisory capacity on an ongoing or continuing basis with regards to a particular person.

(c) The reporting requirement also applies to department of corrections personnel who, in the course of their employment, observe offenders or the children with whom the offenders are in contact. If, as a result of observations or information received in the course of his or her employment, any department of corrections personnel has reasonable cause to believe that a child has suffered abuse or neglect, he or she shall report the incident, or cause a report to be made, to the proper law enforcement agency or to the department as provided in RCW 26.44.040.

(d) The reporting requirement shall also apply to any adult who has reasonable cause to believe that a child who resides with them, has suffered severe abuse, and is able or capable of making a report. For the purposes of this subsection, "severe abuse" means any of the following: Any single act of abuse that causes physical trauma of sufficient severity that, if left untreated, could cause death; any single act of sexual abuse that causes significant bleeding, deep bruising, or

significant external or internal swelling; or more than one act of physical abuse, each of which causes bleeding, deep bruising, significant external or internal swelling, bone fracture, or unconsciousness.

(e) The report must be made at the first opportunity, but in no case longer than forty-eight hours after there is reasonable cause to believe that the child has suffered abuse or neglect. The report must include the identity of the accused if known.

(2) The reporting requirement of subsection (1) of this section does not apply to the discovery of abuse or neglect that occurred during childhood if it is discovered after the child has become an adult. However, if there is reasonable cause to believe other children are or may be at risk of abuse or neglect by the accused, the reporting requirement of subsection (1) of this section does apply.

(3) Any other person who has reasonable cause to believe that a child has suffered abuse or neglect may report such incident to the proper law enforcement agency or to the department of social and health services as provided in RCW 26.44.040.

(4) The department, upon receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means or who has been subjected to alleged sexual abuse, shall report such incident to the proper law enforcement agency. In emergency cases, where the child's welfare is endangered, the department shall notify the proper law enforcement agency within twenty-four hours after a report is received by the department. In all other cases, the department shall notify the law enforcement agency within seventy-two hours after a report is received by the department. If the department makes an oral report, a written report must also be made to the proper law enforcement agency within five days thereafter.

(5) Any law enforcement agency receiving a report of an incident of alleged abuse or neglect pursuant to this chapter, involving a child who has died or has had physical injury or injuries inflicted upon him or her other than by accidental means, or who has been subjected to alleged sexual abuse, shall report such incident in writing as provided in RCW 26.44.040 to the proper county prosecutor or city attorney for appropriate action whenever the law enforcement agency's investigation reveals that a crime may have been committed. The law enforcement agency shall also notify the department of all reports received and the law enforcement agency's disposition of them. In emergency cases, where the child's welfare is endangered, the law enforcement agency shall notify the department within twenty-four hours. In all other cases, the law enforcement agency shall notify the department within seventy-two hours after a report is received by the law enforcement agency.

(6) Any county prosecutor or city attorney receiving a report under subsection (5) of this section shall notify the victim, any persons the victim requests, and the local office of the department, of the decision to charge or decline to charge a crime, within five days of making the decision.

(7) The department may conduct ongoing case planning and consultation with those persons or agencies required to report under this section, with consultants designated by the department, and with designated representatives of Washington Indian tribes if the client information exchanged is pertinent to cases currently receiving child protective services. Upon request, the department shall conduct such planning and consultation with those persons required to report under this section if the department determines it is in the best interests of the child. Information considered privileged by statute and not directly related to reports required by this section must not be divulged without a valid written waiver of the privilege.

(8) Any case referred to the department by a physician licensed under chapter 18.57 or 18.71 RCW on the basis of an expert medical opinion that child abuse, neglect, or sexual assault has occurred and that the child's safety will be seriously endangered if returned home, the department shall file a dependency petition unless a second licensed physician of the parents' choice believes that such expert medical opinion is incorrect. If the parents fail to designate a second physician, the department may make the selection. If a physician finds that a child has suffered abuse or neglect but that such abuse or neglect does not constitute imminent danger to the child's health or safety, and the department agrees with the physician's assessment, the

child may be left in the parents' home while the department proceeds with reasonable efforts to remedy parenting deficiencies.

(9) Persons or agencies exchanging information under subsection (7) of this section shall not further disseminate or release the information except as authorized by state or federal statute. Violation of this subsection is a misdemeanor.

(10) Upon receiving a report((s)) of alleged abuse or neglect, the department shall:

(a) Make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which:

(i) The department believes there is a serious threat of substantial harm to the child;

(ii) The report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or

(iii) The department has a prior founded report of abuse or neglect that is within three years of receipt of the referral;

(b) Unless the report is screened-out or being investigated by a law enforcement agency, conduct an investigation within time frames established by the department in rule; and

(c) Make a finding that the report of child abuse or neglect is unfounded, founded, or inconclusive at the completion of the investigation.

(11) In conducting an investigation of alleged abuse or neglect, the department or law enforcement agency:

(a) May interview children. The interviews may be conducted on school premises, at day-care facilities, at the child's home, or at other suitable locations outside of the presence of parents. Parental notification of the interview must occur at the earliest possible point in the investigation that will not jeopardize the safety or protection of the child or the course of the investigation. Prior to commencing the interview the department or law enforcement agency shall determine whether the child wishes a third party to be present for the interview and, if so, shall make reasonable efforts to accommodate the child's wishes. Unless the child objects, the department or law enforcement agency shall make reasonable efforts to include a third party in any interview so long as the presence of the third party will not jeopardize the course of the investigation((:

(11) Upon receiving a report of alleged child abuse and neglect, the department or investigating law enforcement agency); and

(b) Shall have access to all relevant records of the child in the possession of mandated reporters and their employees.

(12) The department shall maintain investigation records and conduct timely and periodic reviews of all founded cases ((constituting)) of abuse and neglect. The department shall maintain a log of screened-out nonabusive cases.

(13) The department shall use a risk assessment process when investigating alleged child abuse and neglect referrals. The department shall present the risk factors at all hearings in which the placement of a dependent child is an issue. Substance abuse must be a risk factor. The department shall, within funds appropriated for this purpose, offer enhanced community-based services to persons who are determined not to require further state intervention.

(14) Upon receipt of a report of alleged abuse or neglect the law enforcement agency may arrange to interview the person making the report and any collateral sources to determine if any malice is involved in the reporting.

((15) The department shall make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this section. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this section. If the department is unable to learn the information required under this subsection, the department shall only investigate cases in which: (a) The department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has, after investigation, a report of abuse or neglect that has been founded with

regard to a member of the household within three years of receipt of the referral.))

Sec. 6. RCW 26.44.031 and 1997 c 282 s 1 are each amended to read as follows:

(1) To protect the privacy in reporting and the maintenance of reports of nonaccidental injury, neglect, death, sexual abuse, and cruelty to children by their parents, and to safeguard against arbitrary, malicious, or erroneous information or actions, the department shall not disclose or maintain information related to ((unfounded referrals in files or)) reports of child abuse or neglect ((for longer than six years)) except as provided in this section.

((At the end of six years from receipt of the unfounded report, the information shall be purged unless an additional report has been received in the intervening period.))

(2) The department shall destroy all of the electronic records concerning:

(a) A screened-out report, within thirty days from the receipt of the report;

(b) An unfounded report, within one year of completion of the investigation; and

(c) An inconclusive report, within six years of completion of the investigation, unless a prior or subsequent founded report has been received before the records are destroyed.

(3) The department may keep records concerning founded reports of child abuse or neglect as the department determines by rule.

(4) An unfounded or screened-out report may not be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under chapter 74.15 RCW.

(5)(a) If the department fails to comply with this section, an individual who is the subject of a report may institute proceedings for injunctive or other appropriate relief for enforcement of the requirement to purge information. These proceedings may be instituted in the superior court for the county in which the person resides or, if the person is not then a resident of this state, in the superior court for Thurston county.

(b) If the department fails to comply with subsection (4) of this section and an individual who is the subject of the report is harmed by the disclosure of information, in addition to the relief provided in (a) of this subsection, the court may award a penalty of up to one thousand dollars and reasonable attorneys' fees and court costs to the petitioner.

(c) A proceeding under this subsection does not preclude other methods of enforcement provided for by law.

(6) The department shall establish, by rule, a process and standards for an individual who is the subject of an inconclusive report of child abuse or neglect to request destruction of department records earlier than the time frames set out in this section.

(7) Nothing in this section shall prevent the department from retaining general, nonidentifying information which is required for state and federal reporting and management purposes.

Sec. 7. RCW 74.13.280 and 2001 c 318 s 3 are each amended to read as follows:

(1) Except as provided in RCW 70.24.105, whenever a child is placed in out-of-home care by the department or a child-placing agency, the department or agency shall share information about the child and the child's family with the care provider and shall consult with the care provider regarding the child's case plan. If the child is dependent pursuant to a proceeding under chapter 13.34 RCW, the department or agency shall keep the care provider informed regarding the dates and location of dependency review and permanency planning hearings pertaining to the child.

(2) Information about the child and the child's family shall include information about behavioral and emotional problems of the child and whether the child is a sexually aggressive youth as provided in RCW 74.13.075.

(3) Any person who receives information about a child or a child's family pursuant to this section shall keep the information confidential and shall not further disclose or disseminate the information except as authorized by law.

((~~3~~)) (4) Nothing in this section shall be construed to limit the authority of the department or child-placing agencies to disclose client information or to maintain client confidentiality as provided by law.

NEW SECTION. Sec. 8. A new section is added to chapter 74.13 RCW to read as follows:

(1) A care provider may not be found to have abused or neglected a child under chapter 26.44 RCW or be denied a license pursuant to chapter 74.15 RCW and RCW 74.13.031 for any allegations of failure to supervise wherein:

(a) The allegations arise from the child's conduct that is substantially similar to prior behavior of the child, the child has behavioral or emotional problems that were known to the department, and the problems were not disclosed to the care provider as required by RCW 74.13.280;

(b) The allegations arise from the child's conduct, the child is a sexually aggressive youth as defined in RCW 74.13.075, and the care provider had no prior knowledge that the child was sexually aggressive; or

(c) The child was not within the reasonable control of the care provider at the time of the incident that is the subject of the allegation.

(2) Allegations of child abuse or neglect against a care provider that meet the provisions of this section shall be designated as "unfounded" as defined in RCW 26.44.020.

Sec. 9. RCW 74.15.130 and 2005 c 473 s 6 are each amended to read as follows:

(1) An agency may be denied a license, or any license issued pursuant to chapter 74.15 RCW and RCW 74.13.031 may be suspended, revoked, modified, or not renewed by the secretary upon proof (a) that the agency has failed or refused to comply with the provisions of chapter 74.15 RCW and RCW 74.13.031 or the requirements promulgated pursuant to the provisions of chapter 74.15 RCW and RCW 74.13.031; or (b) that the conditions required for the issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses. RCW 43.20A.205 governs notice of a license denial, revocation, suspension, or modification and provides the right to an adjudicative proceeding.

(2) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of a foster family home license, the department's decision shall be upheld if there is reasonable cause to believe that:

(a) The applicant or licensee lacks the character, suitability, or competence to care for children placed in out-of-home care, however, no unfounded or screened-out report of child abuse or neglect may be used to deny employment or a license;

(b) The applicant or licensee has failed or refused to comply with any provision of chapter 74.15 RCW, RCW 74.13.031, or the requirements adopted pursuant to such provisions; or

(c) The conditions required for issuance of a license under chapter 74.15 RCW and RCW 74.13.031 have ceased to exist with respect to such licenses.

(3) In any adjudicative proceeding regarding the denial, modification, suspension, or revocation of any license under this chapter, other than a foster family home license, the department's decision shall be upheld if it is supported by a preponderance of the evidence.

(4) The department may assess civil monetary penalties upon proof that an agency has failed or refused to comply with the rules adopted under the provisions of this chapter and RCW 74.13.031 or that an agency subject to licensing under this chapter and RCW 74.13.031 is operating without a license except that civil monetary penalties shall not be levied against a licensed foster home. Monetary penalties levied against unlicensed agencies that submit an application for licensure within thirty days of notification and subsequently become licensed will be forgiven. These penalties may be assessed in addition to or in lieu of other disciplinary actions. Civil monetary penalties, if imposed, may be assessed and collected, with interest, for each day an agency is or was out of compliance. Civil monetary penalties shall not exceed seventy-five dollars per violation for a family day-care home and two hundred fifty dollars

per violation for group homes, child day-care centers, and child-placing agencies. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty. The department shall provide a notification period before a monetary penalty is effective and may forgive the penalty levied if the agency comes into compliance during this period. The department may suspend, revoke, or not renew a license for failure to pay a civil monetary penalty if it has assessed pursuant to this chapter within ten days after such assessment becomes final. Chapter 43.20A RCW governs notice of a civil monetary penalty and provides the right of an adjudicative proceeding. The preponderance of evidence standard shall apply in adjudicative proceedings related to assessment of civil monetary penalties.

(5)(a) In addition to or in lieu of an enforcement action being taken, the department may place a child day-care center or family day-care provider on nonreferral status if the center or provider has failed or refused to comply with this chapter or rules adopted under this chapter or an enforcement action has been taken. The nonreferral status may continue until the department determines that: (i) No enforcement action is appropriate; or (ii) a corrective action plan has been successfully concluded.

(b) Whenever a child day-care center or family day-care provider is placed on nonreferral status, the department shall provide written notification to the child day-care center or family day-care provider.

(6) The department shall notify appropriate public and private child care resource and referral agencies of the department's decision to: (a) Take an enforcement action against a child day-care center or family day-care provider; or (b) place or remove a child day-care center or family day-care provider on nonreferral status.

NEW SECTION. Sec. 10. The code reviser shall alphabetize the definitions in RCW 26.44.020 and correct any references.

NEW SECTION. Sec. 11. Sections 4 through 6, 9, and 10 of this act take effect July 1, 2007. The department of social and health services shall present a report to the appropriate committees of the legislature by January 1, 2007, with proposed legislative changes, if any, to those sections."

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "amending RCW 26.44.020, 26.44.030, 26.44.031, 74.13.280, and 74.15.130; adding a new section to chapter 74.13 RCW; creating new sections; and providing an effective date."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to SECOND SUBSTITUTE HOUSE BILL NO. 3115 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

March 2, 2006

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1010, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to ensure an adequate supply of safe, clean, and reliable electricity at the lowest reasonable cost and risk to the utility and its ratepayers. To achieve this end, the legislature finds it essential that electric utilities in Washington develop comprehensive resource plans that explain the mix of generation and demand-side resources they plan to use to meet

their customers' electricity needs in both the short term and the long term. The legislature also finds that resource planning is an important way of maintaining Washington state's commitment to a vertically integrated utility structure. The legislature further finds that many utilities in Washington have had a long and successful history of resource planning and are able to share their expertise with other utilities. The legislature also finds it essential that the utility plans be made publicly available and be aggregated and analyzed at a statewide level so the citizens of the state and their public officials have confidence that Washington's electricity supply is adequate.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the utilities and transportation commission.

(2) "Conservation and efficiency resources" means any reduction in electric power consumption that results from increases in the efficiency of energy use, production, transmission, or distribution.

(3) "Consumer-owned utility" includes a municipal electric utility formed under Title 35 RCW, a public utility district formed under Title 54 RCW, an irrigation district formed under chapter 87.03 RCW, a cooperative formed under chapter 23.86 RCW, a mutual corporation or association formed under chapter 24.06 RCW, a port district formed under Title 53 RCW, or a water-sewer district formed under Title 57 RCW, that is engaged in the business of distributing electricity to one or more retail electric customers in the state.

(4) "Department" means the department of community, trade, and economic development.

(5) "Electric utility" means a consumer-owned or investor-owned utility.

(6) "Full requirements customer" means an electric utility that relies on the Bonneville power administration for all power needed to supply its total load requirement other than that served by nondispatchable generating resources totaling no more than six megawatts or renewable resources.

(7) "Governing body" means the elected board of directors, city council, commissioners, or board of any consumer-owned utility.

(8) "High efficiency cogeneration" means the sequential production of electricity and useful thermal energy from a common fuel source, where, under normal operating conditions, the facility has a useful thermal energy output of no less than thirty-three percent of the total energy output.

(9) "Integrated resource plan" means an analysis describing the mix of generating resources and conservation and efficiency resources that will meet current and projected needs at the lowest reasonable cost to the utility and its ratepayers and that complies with the requirements specified in section 3(1) of this act.

(10) "Investor-owned utility" means a corporation owned by investors that meets the definition in RCW 80.04.010 and is engaged in distributing electricity to more than one retail electric customer in the state.

(11) "Lowest reasonable cost" means the lowest cost mix of generating resources and conservation and efficiency resources determined through a detailed and consistent analysis of a wide range of commercially available resources. At a minimum, this analysis must consider resource cost, market-volatility risks, demand-side resource uncertainties, resource dispatchability, resource effect on system operation, the risks imposed on the utility and its ratepayers, public policies regarding resource preference adopted by Washington state or the federal government, and the cost of risks associated with environmental effects including emissions of carbon dioxide.

(12) "Plan" means either an "integrated resource plan" or a "resource plan."

(13) "Renewable resources" means electricity generation facilities fueled by: (a) Water; (b) wind; (c) solar energy; (d) geothermal energy; (e) landfill gas; (f) biomass energy utilizing animal waste, solid organic fuels from wood, forest, or field residues or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chrome-arsenic; (g) byproducts of pulping or wood manufacturing processes, including but not limited to bark, wood chips, sawdust, and lignin in spent pulping liquors; (h)

ocean thermal, wave, or tidal power; or (i) gas from sewage treatment facilities.

(14) "Resource plan" means an assessment that estimates electricity loads and resources over a defined period of time and complies with the requirements in section 3(2) of this act.

NEW SECTION. Sec. 3. Each electric utility must develop a plan consistent with this section.

(1) Utilities with more than twenty-five thousand customers that are not full requirements customers shall develop or update an integrated resource plan by September 1, 2008. At a minimum, progress reports reflecting changing conditions and the progress of the integrated resource plan must be produced every two years thereafter. An updated integrated resource plan must be developed at least every four years subsequent to the 2008 integrated resource plan. The integrated resource plan, at a minimum, must include:

(a) A range of forecasts, for at least the next ten years, of projected customer demand which takes into account econometric data and customer usage;

(b) An assessment of commercially available conservation and efficiency resources. Such assessment may include, as appropriate, high efficiency cogeneration, demand response and load management programs, and currently employed and new policies and programs needed to obtain the conservation and efficiency resources;

(c) An assessment of a commercially available, utility scale renewable and nonrenewable generating technologies;

(d) A comparative evaluation of renewable and nonrenewable generating resources, including transmission and distribution delivery costs, and conservation and efficiency resources using "lowest reasonable cost" as a criterion;

(e) The integration of the demand forecasts and resource evaluations into a long-range assessment describing the mix of supply side generating resources and conservation and efficiency resources that will meet current and projected needs at the lowest reasonable cost and risk to the utility and its ratepayers; and

(f) A short-term plan identifying the specific actions to be taken by the utility consistent with the long-range integrated resource plan.

(2) All other utilities may elect to develop a full integrated resource plan as set forth in subsection (1) of this section or, at a minimum, shall develop a resource plan that:

(a) Estimates loads for the next five and ten years;

(b) Enumerates the resources that will be maintained and/or acquired to serve those loads; and

(c) Explains why the resources in (b) of this subsection were chosen and, if the resources chosen are not renewable resources or conservation and efficiency resources, why such a decision was made.

(3) An electric utility that is required to develop a resource plan under this section must complete its initial plan by September 1, 2008.

(4) Resource plans developed under this section must be updated on a regular basis, at a minimum on intervals of two years.

(5) Plans shall not be a basis to bring legal action against electric utilities.

(6) Each electric utility shall publish a final integrated resource plan either as part of an annual report or as a separate document available to the public.

NEW SECTION. Sec. 4. (1) Investor-owned utilities shall submit integrated resource plans to the commission. The commission shall establish by rule the requirements for preparation and submission of integrated resource plans.

(2) The commission may adopt additional rules as necessary to clarify the requirements of section 3 of this act as they apply to investor-owned utilities.

NEW SECTION. Sec. 5. (1) The governing body of a consumer-owned utility that develops a plan under this chapter shall encourage participation of its consumers in development of the plans and progress reports and approve the plans and progress reports after it has provided public notice and hearing.

(2) Each consumer-owned utility shall transmit a copy of its plan to the department by September 1, 2008, and transmit subsequent

progress reports or plans to the department at least every two years thereafter. The department shall develop, in consultation with utilities, a common cover sheet that summarizes the essential data in their plans or progress reports.

(3) Consumer-owned utilities may develop plans of a similar type jointly with other consumer-owned utilities. Data and assessments included in joint reports must be identifiable to each individual utility.

(4) To minimize duplication of effort and maximize efficient use of utility resources, in developing their plans under section 3 of this act, consumer-owned utilities are encouraged to use resource planning concepts, techniques, and information provided to and by organizations such as the United States department of energy, the Northwest planning and conservation council, Pacific Northwest utility conference committee, and other state, regional, national, and international entities, and, for the 2008 plan, as appropriate, are encouraged to use and be consistent with relevant determinations required under Title XII - Electricity; Subtitle E, Sections 1251 - 1254 of the federal energy policy act of 2005.

NEW SECTION. Sec. 6. The department shall review the plans of consumer-owned utilities and investor-owned utilities, and data available from other state, regional, and national sources, and prepare a report to the legislature aggregating the data and assessing the overall adequacy of Washington's electricity supply. The report shall include a statewide summary of utility load forecasts, load/resource balance, and utility plans for the development of thermal generation, renewable resources, and conservation and efficiency resources. The commission shall provide the department with data summarizing the plans of investor-owned utilities for use in the department's statewide summary. The department shall submit its report within the biennial report required under RCW 43.21F.045.

NEW SECTION. Sec. 7. Sections 1 through 6 of this act constitute a new chapter in Title 19 RCW."

APPOINTMENT OF CONFEREES

The Speaker (Representative Morris presiding) appointed Representatives Morris, Hudgins and Crouse as conferees on ENGROSSED SUBSTITUTE HOUSE BILL NO. 1010.

MESSAGE FROM THE SENATE

March 3, 2006

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1439, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.19.1906 and 2002 c 332 s 4 are each amended to read as follows:

Insofar as practicable, all purchases and sales shall be based on competitive bids, and a formal sealed, electronic, or web-based bid procedure, subject to RCW 43.19.1911, shall be used as standard procedure for all purchases and contracts for purchases and sales executed by the state purchasing and material control director and under the powers granted by RCW 43.19.190 through 43.19.1939.

This requirement also applies to purchases and contracts for purchases and sales executed by agencies, including educational institutions, under delegated authority granted in accordance with provisions of RCW 43.19.190 or under RCW 28B.10.029. However, formal sealed, electronic, or web-based competitive bidding is not necessary for:

(1) Emergency purchases made pursuant to RCW 43.19.200 if the sealed bidding procedure would prevent or hinder the emergency from being met appropriately;

(2) Purchases not exceeding thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management: PROVIDED, That the state director of general administration shall establish procedures to assure that purchases made by or on behalf of the various state agencies shall not be made so as to avoid the thirty-five thousand dollar bid limitation, or subsequent bid limitations as calculated by the office of financial management: PROVIDED FURTHER, That the state purchasing and material control director is authorized to reduce the formal sealed bid limits of thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, to a lower dollar amount for purchases by individual state agencies if considered necessary to maintain full disclosure of competitive procurement or otherwise to achieve overall state efficiency and economy in purchasing and material control. Quotations from three thousand dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be secured from at least three vendors to assure establishment of a competitive price and may be obtained by telephone or written quotations, or both. The agency shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. Immediately after the award is made, the bid quotations obtained shall be recorded and open to public inspection and shall be available by telephone inquiry. A record of competition for all such purchases from three thousand dollars to thirty-five thousand dollars, or subsequent limits as calculated by the office of financial management, shall be documented for audit purposes. Purchases up to three thousand dollars may be made without competitive bids based on buyer experience and knowledge of the market in achieving maximum quality at minimum cost;

(3) Purchases which are clearly and legitimately limited to a single source of supply and purchases involving special facilities, services, or market conditions, in which instances the purchase price may be best established by direct negotiation;

(4) Purchases of insurance and bonds by the risk management division under RCW 43.41.310;

(5) Purchases and contracts for vocational rehabilitation clients of the department of social and health services: PROVIDED, That this exemption is effective only when the state purchasing and material control director, after consultation with the director of the division of vocational rehabilitation and appropriate department of social and health services procurement personnel, declares that such purchases may be best executed through direct negotiation with one or more suppliers in order to expeditiously meet the special needs of the state's vocational rehabilitation clients;

(6) Purchases by universities for hospital operation or biomedical teaching or research purposes and by the state purchasing and material control director, as the agent for state hospitals as defined in RCW 72.23.010, and for health care programs provided in state correctional institutions as defined in RCW 72.65.010(3) and veterans' institutions as defined in RCW 72.36.010 and 72.36.070, made by participating in contracts for materials, supplies, and equipment entered into by nonprofit cooperative hospital group purchasing organizations;

(7) Purchases for resale by institutions of higher education to other than public agencies when such purchases are for the express purpose of supporting instructional programs and may best be executed through direct negotiation with one or more suppliers in order to meet the special needs of the institution;

(8) Purchases by institutions of higher education not exceeding thirty-five thousand dollars: PROVIDED, That for purchases between three thousand dollars and thirty-five thousand dollars quotations shall be secured from at least three vendors to assure

establishment of a competitive price and may be obtained by telephone or written quotations, or both. For purchases between three thousand dollars and thirty-five thousand dollars, each institution of higher education shall invite at least one quotation each from a certified minority and a certified women-owned vendor who shall otherwise qualify to perform such work. A record of competition for all such purchases made from three thousand to thirty-five thousand dollars shall be documented for audit purposes; and

(9) Negotiation of a contract by the department of transportation, valid until June 30, 2001, with registered tow truck operators to provide roving service patrols in one or more Washington state patrol tow zones whereby those registered tow truck operators wishing to participate would cooperatively, with the department of transportation, develop a demonstration project upon terms and conditions negotiated by the parties.

Beginning on July 1, 1995, and on July 1 of each succeeding odd-numbered year, the dollar limits specified in this section shall be adjusted as follows: The office of financial management shall calculate such limits by adjusting the previous biennium's limits by the appropriate federal inflationary index reflecting the rate of inflation for the previous biennium. Such amounts shall be rounded to the nearest one hundred dollars. However, the three thousand dollar figure in subsections (2) and (8) of this section may not be adjusted to exceed five thousand dollars.

Sec. 2. RCW 43.19.1908 and 1994 c 300 s 2 are each amended to read as follows:

Competitive bidding required by RCW 43.19.190 through 43.19.1939 shall be solicited by public notice, and through the sending of notices by mail, electronic transmission, or other means to bidders on the appropriate list of bidders who shall have qualified by application to the division of purchasing. Bids may be solicited by the purchasing division from any source thought to be of advantage to the state. All bids shall be in ((writing)) written or electronic form and conform to rules of the division of purchasing.

Sec. 3. RCW 43.19.1911 and 2005 c 204 s 5 are each amended to read as follows:

(1) Preservation of the integrity of the competitive bid system dictates that after competitive bids have been opened, award must be made to that responsible bidder who submitted the lowest responsive bid pursuant to subsections (7) and (9) of this section, unless there is a compelling reason to reject all bids and cancel the solicitation.

(2) Every effort shall be made to anticipate changes in a requirement before the date of opening and to provide reasonable notice to all prospective bidders of any resulting modification or cancellation. If, in the opinion of the purchasing agency, division, or department head, it is not possible to provide reasonable notice, the published date for receipt of bids may be postponed and all known bidders notified. This will permit bidders to change their bids and prevent unnecessary exposure of bid prices. In addition, every effort shall be made to include realistic, achievable requirements in a solicitation.

(3) After the opening of bids, a solicitation may not be canceled and resolicited solely because of an increase in requirements for the items being acquired. Award may be made on the initial solicitation and an increase in requirements may be treated as a new acquisition.

(4) A solicitation may be canceled and all bids rejected before award but after bid opening only when, consistent with subsection (1) of this section, the purchasing agency, division, or department head determines in writing that:

(a) Unavailable, inadequate, ambiguous specifications, terms, conditions, or requirements were cited in the solicitation;

(b) Specifications, terms, conditions, or requirements have been revised;

(c) The supplies or services being contracted for are no longer required;

(d) The solicitation did not provide for consideration of all factors of cost to the agency;

(e) Bids received indicate that the needs of the agency can be satisfied by a less expensive article differing from that for which the bids were invited;

(f) All otherwise acceptable bids received are at unreasonable prices or only one bid is received and the agency cannot determine the reasonableness of the bid price;

(g) No responsive bid has been received from a responsible bidder; or

(h) The bid process was not fair or equitable.

(5) The agency, division, or department head may not delegate his or her authority under this section.

(6) After the opening of bids, an agency may not reject all bids and enter into direct negotiations to complete the planned acquisition. However, the agency can enter into negotiations exclusively with the lowest responsible bidder in order to determine if the lowest responsible bid may be improved. Until December 31, 2009, for purchases requiring a formal bid process the agency shall also enter into negotiations with and may consider for award the lowest responsible bidder that is a vendor in good standing, as defined in RCW 43.19.525. An agency shall not use this negotiation opportunity to permit a bidder to change a nonresponsive bid into a responsive bid.

(7) In determining the lowest responsible bidder, the agency shall consider any preferences provided by law to Washington products and vendors and to RCW 43.19.704, and further, may take into consideration the quality of the articles proposed to be supplied, their conformity with specifications, the purposes for which required, and the times of delivery.

(8) Each bid with the name of the bidder shall be entered of record and each record, with the successful bid indicated, shall, after letting of the contract, be open to public inspection. Bid prices shall not be disclosed during electronic or web-based bidding before the letting of the contract.

(9) In determining "lowest responsible bidder", in addition to price, the following elements shall be given consideration:

(a) The ability, capacity, and skill of the bidder to perform the contract or provide the service required;

(b) The character, integrity, reputation, judgment, experience, and efficiency of the bidder;

(c) Whether the bidder can perform the contract within the time specified;

(d) The quality of performance of previous contracts or services;

(e) The previous and existing compliance by the bidder with laws relating to the contract or services;

(f) Such other information as may be secured having a bearing on the decision to award the contract: PROVIDED, That in considering bids for purchase, manufacture, or lease, and in determining the "lowest responsible bidder," whenever there is reason to believe that applying the "life cycle costing" technique to bid evaluation would result in lowest total cost to the state, first consideration shall be given by state purchasing activities to the bid with the lowest life cycle cost which complies with specifications. "Life cycle cost" means the total cost of an item to the state over its estimated useful life, including costs of selection, acquisition, operation, maintenance, and where applicable, disposal, as far as these costs can reasonably be determined, minus the salvage value at the end of its estimated useful life. The "estimated useful life" of an item means the estimated time from the date of acquisition to the date of replacement or disposal, determined in any reasonable manner. Nothing in this section shall prohibit any state agency, department, board, commission, committee, or other state-level entity from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

NEW SECTION. Sec. 4. A new section is added to chapter 39.04 RCW to read as follows:

(1) Any state agency, city with a population greater than one hundred thousand, or counties with a population greater than five hundred thousand executing public works using a competitive bidding process cannot reject all bids after opening unless there is a compelling reason.

(2) Every effort shall be made to anticipate changes in a requirement before the date of opening and to provide reasonable notice to all prospective bidders of any resulting modification or cancellation. If, in the opinion of the director or agency head or the appropriate city or county contract authority, it is not possible to

provide reasonable notice, the published date for receipt of bids may be postponed and all known bidders notified. This will permit bidders to change their bids and prevent unnecessary exposure of bid prices. In addition, every effort shall be made to include realistic, achievable requirements in a bid solicitation.

(3) After the opening of bids, a solicitation may not be canceled and resolicited solely because of an increase in requirements for the items being acquired. Award may be made on the initial solicitation and an increase in requirements may be treated as a new acquisition.

(4) A solicitation may be canceled and all bids rejected before award but after bid opening only when, consistent with subsection (1) of this section, the state, city, or county determines in writing that:

(a) Unavailable, inadequate, ambiguous specifications, terms, conditions, or requirements were cited in the solicitation;

(b) Specifications, terms, conditions, or requirements have been revised;

(c) The services being contracted for are no longer required;

(d) The solicitation did not provide for consideration of all factors of cost to the agency, city, or county;

(e) Bids received indicate that the needs of the state, city, or county can be satisfied by a less expensive article differing from that for which the bids were invited;

(f) All otherwise acceptable bids received are at unreasonable prices or only one bid is received and the agency, city, or county cannot determine the reasonableness of the bid price;

(g) No responsive bid has been received from a responsible bidder; or

(h) The bid process was not fair or equitable.

(5) The state agency head or city or county contract authority may not delegate his or her authority under this section.

NEW SECTION. Sec. 5. A new section is added to chapter 39.29 RCW to read as follows:

(1) Any agency or institution of state government procuring personal services using a competitive solicitation process cannot reject all solicitations after opening unless there is a compelling reason.

(2) Every effort shall be made to anticipate changes in a requirement before the date of opening and to provide reasonable notice to all prospective bidders of any resulting modification or cancellation. If, in the opinion of the director or agency head, it is not possible to provide reasonable notice, the published date for receipt of bids may be postponed and all known bidders notified. This will permit bidders to change their bids and prevent unnecessary exposure of bid prices. In addition, every effort shall be made to include realistic, achievable requirements in a solicitation.

(3) After the opening of bids, a solicitation may not be canceled and resolicited solely because of an increase in requirements for the items being acquired. Award may be made on the initial solicitation and an increase in requirements may be treated as a new acquisition.

(4) A solicitation may be canceled and all bids rejected before award but after bid opening only when, consistent with subsection (1) of this section, the agency determines in writing that:

(a) Unavailable, inadequate, ambiguous specifications, terms, conditions, or requirements were cited in the solicitation;

(b) Specifications, terms, conditions, or requirements have been revised;

(c) The services being contracted for are no longer required;

(d) The solicitation did not provide for consideration of all factors of cost to the agency;

(e) Bids received indicate that the needs of the agency can be satisfied by a less expensive article differing from that for which the bids were invited;

(f) All otherwise acceptable bids received are at unreasonable prices or only one bid is received and the agency cannot determine the reasonableness of the bid price;

(g) No responsive bid has been received from a responsible bidder; or

(h) The bid process was not fair or equitable.

(5) The agency head may not delegate his or her authority under this section.

NEW SECTION. Sec. 6. A new section is added to chapter 43.105 RCW to read as follows:

(1) The board, or other agencies and institutions of state government the board delegates authority to, when purchasing, leasing, renting, or otherwise acquiring, disposing of, or maintaining equipment, proprietary software, or purchased services using a competitive bidding process cannot reject all bids and cancel the solicitation after the bid opening unless there is a compelling reason.

(2) Every effort shall be made to anticipate changes in a requirement before the date of opening and to provide reasonable notice to all prospective bidders of any resulting modification or cancellation. If, in the opinion of the director or purchasing agency head, it is not possible to provide reasonable notice, the published date for receipt of bids may be postponed and all known bidders notified. This will permit bidders to change their bids and prevent unnecessary exposure of bid prices. In addition, every effort shall be made to include realistic, achievable requirements in a solicitation.

(3) After the opening of bids, a solicitation may not be canceled and resolicited solely because of an increase in requirements for the items being acquired. Award may be made on the initial solicitation and an increase in requirements may be treated as a new acquisition.

(4) A solicitation may be canceled and all bids rejected before award but after bid opening only when, consistent with subsection (1) of this section, the board or purchasing agency, determines in writing that:

(a) Unavailable, inadequate, ambiguous specifications, terms, conditions, or requirements were cited in the solicitation;

(b) Specifications, terms, conditions, or requirements have been revised;

(c) The supplies or services being contracted for are no longer required;

(d) The solicitation did not provide for consideration of all factors of cost to the board or agency;

(e) Bids received indicate that the needs of the board or agency can be satisfied by a less expensive article differing from that for which the bids were invited;

(f) All otherwise acceptable bids received are at unreasonable prices or only one bid is received and the board or agency cannot determine the reasonableness of the bid price;

(g) No responsive bid has been received from a responsible bidder; or

(h) The bid process was not fair or equitable.

(5) The agency head may not delegate his or her authority under this section."

On page 1, line 1 of the title, after "bidding;" strike the remainder of the title and insert "amending RCW 43.19.1906, 43.19.1908, and 43.19.1911; adding a new section to chapter 39.04 RCW; adding a new section to chapter 39.29 RCW; and adding a new section to chapter 43.105 RCW."

MESSAGE FROM THE SENATE

March 3, 2006

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2345, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 52.26.020 and 2004 c 129 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the governing body of a regional fire protection service authority.

(2) "Regional fire protection service authority" or "authority" means a municipal corporation, an independent taxing authority within the meaning of Article VII, section 1 of the state Constitution, and a taxing district within the meaning of Article VII, section 2 of the state Constitution, whose boundaries are coextensive with two or more adjacent fire protection jurisdictions and that has been created by a vote of the people under this chapter to implement a regional fire protection service authority plan.

(3) "Regional fire protection service authority planning committee" or "planning committee" means the advisory committee created under RCW 52.26.030 to create and propose to fire protection jurisdictions a regional fire protection service authority plan to design, finance, and develop fire protection and emergency service projects.

(4) "Regional fire protection service authority plan" or "plan" means a plan to develop and finance a fire protection service authority project or projects, including, but not limited to, specific capital projects, fire operations and emergency service operations pursuant to RCW 52.26.040(3)(b), and preservation and maintenance of existing or future facilities.

(5) "Fire protection jurisdiction" means a fire district, city, town, port district, or Indian tribe.

(6) "Regular property taxes" has the same meaning as in RCW 84.04.140.

Sec. 2. RCW 52.26.040 and 2004 c 129 s 4 are each amended to read as follows:

(1) A regional fire protection service authority planning committee shall adopt a regional fire protection service authority plan providing for the design, financing, and development of fire protection and emergency services. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria; and

(b) The input of cities and counties located within, or partially within, a participating fire protection jurisdiction.

(2) The planning committee may coordinate its activities with neighboring cities, towns, and other local governments that engage in fire protection planning.

(3) The planning committee shall:

(a) Create opportunities for public input in the development of the plan;

(b) Adopt a plan proposing the creation of a regional fire protection service authority and recommending design, financing, and development of fire protection and emergency service facilities and operations, including maintenance and preservation of facilities or systems ~~(except that no ambulance service may be recommended unless the regional fire protection service authority determines that the fire protection jurisdictions that are members of the authority are not adequately served by existing private ambulance service in which case the authority may provide for the establishment of a system of ambulance service to be operated by the authority or operated by contract after a call for bids)).~~ The plan may authorize the authority to establish a system of ambulance service to be operated by the authority or operated by contract after a call for bids. However, the authority shall not provide for the establishment of an ambulance service that would compete with any existing private ambulance service, unless the authority determines that the region served by the authority, or a substantial portion of the region served by the authority, is not adequately served by an existing private ambulance service. In determining the adequacy of an existing private ambulance service, the authority shall take into consideration objective generally accepted medical standards and reasonable levels of service which must be published by the authority. Following the preliminary conclusion by the authority that the existing private ambulance service is inadequate, and before establishing an ambulance service or issuing a call for bids, the authority shall allow a minimum of sixty days for the private ambulance service to meet the generally accepted medical standards and accepted levels of service. In the event of a second preliminary conclusion of inadequacy within a twenty-four-month period, the authority may immediately issue a call for bids or establish its own ambulance service and is not required to afford the private ambulance service another sixty-day period to meet the generally accepted medical standards and reasonable levels of service. A private ambulance service that is not licensed by the department of health or whose license is denied, suspended, or revoked is not entitled to a sixty-day period within which to demonstrate adequacy and the authority may immediately issue a call for bids or establish an ambulance service; and

(c) In the plan, recommend sources of revenue authorized by RCW 52.26.050, identify the portions of the plan that may be amended by the board of the authority without voter approval, consistent with RCW 52.26.050, and recommend a financing plan to fund selected fire protection ((service)) and emergency services and projects.

(4) Once adopted, the plan must be forwarded to the participating fire protection jurisdictions' governing bodies to initiate the election process under RCW 52.26.060.

(5) If the ballot measure is not approved, the planning committee may redefine the selected regional fire protection service authority projects, financing plan, and the ballot measure. The fire protection jurisdictions' governing bodies may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at a subsequent election or a special election. If a ballot measure is not approved by the voters by the third vote, the planning committee is dissolved.

Sec. 3. RCW 52.26.050 and 2004 c 129 s 5 are each amended to read as follows:

(1) A regional fire protection service authority planning committee may, as part of a regional fire protection service authority plan, recommend the imposition of some or all of the following revenue sources, which a regional fire protection service authority may impose upon approval of the voters as provided in this chapter:

(a) Benefit charges under RCW 52.26.180 through 52.26.270;

(b) Property taxes under RCW 52.26.140 through 52.26.170 and 84.52.044 and RCW 84.09.030, 84.52.010, 84.52.052, and 84.52.069; or

(c) Both (a) and (b) of this subsection.

(2) The authority may impose taxes and benefit charges (may not be imposed unless they are identified) as set forth in the regional fire protection service authority plan (and the plan is) upon creation of the authority, or as provided for in this chapter after creation of the authority. If the plan authorizes the authority to impose benefit charges or sixty percent voter approved taxes, the plan and creation of the authority must be approved by an affirmative vote of sixty percent of the voters within the boundaries of the authority voting on a ballot proposition as set forth in RCW 52.26.060. However, if the plan provides for alternative sources of revenue that become effective if the plan and creation of the authority is approved only by a majority vote, then the plan with alternative sources of revenue and creation of the authority may be approved by an affirmative vote of the majority of those voters. If the plan does not authorize the authority to impose benefit charges or sixty percent voter approved taxes, the plan and creation of the authority must be approved by an affirmative vote of the majority of the voters within the boundaries of the authority voting on a ballot proposition as set forth in RCW 52.26.060. ((The voter approval requirement) Except as provided in this section ((is in addition to any)), all other voter approval requirements under law for the levying of property taxes or the imposition of benefit charges apply. Revenues from these taxes and benefit charges may be used only to implement the plan as set forth in this chapter.

Sec. 4. RCW 52.26.060 and 2004 c 129 s 6 are each amended to read as follows:

The governing bodies of two or more adjacent fire protection jurisdictions, upon receipt of the regional fire protection service authority plan under RCW 52.26.040, may certify the plan to the ballot, including identification of the ~~((tax))~~ revenue options ~~((necessary))~~ specified to fund the plan. The governing bodies of the fire protection jurisdictions may draft a ballot title, give notice as required by law for ballot measures, and perform other duties as required to put the plan before the voters of the proposed authority for their approval or rejection as a single ballot measure that both approves formation of the authority and approves the plan. Authorities may negotiate interlocal agreements necessary to implement the plan. The electorate is the voters voting within the boundaries of the proposed regional fire protection service authority. A simple majority of the total persons voting on the single ballot measure to approve the plan ~~((;))~~ and establish the authority ~~((and approve the taxes))~~ is required for approval. However, if the plan authorizes the authority to impose benefit charges or sixty percent voter approved taxes, then the percentage of total persons voting on the single ballot measure to approve the plan and establish the authority is the same as in RCW 52.26.050. The authority must act in accordance with the general election laws of the state. The authority is liable for its proportionate share of the costs when the elections are held under RCW ~~((29A.04.320))~~ 29A.04.321 and 29A.04.330.

Sec. 5. RCW 52.26.070 and 2004 c 129 s 7 are each amended to read as follows:

If the voters approve the plan, including creation of a regional fire protection service authority and imposition of taxes and benefit charges, if any, the authority is formed on the next January 1st or July 1st, whichever occurs first. The appropriate county election officials shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the authority declaring the authority formed. A party

challenging the procedure or the formation of a voter-approved authority must file the challenge in writing by serving the prosecuting attorney of each county within, or partially within, the regional fire protection service authority and the attorney general within thirty days after the final certification of the election. Failure to challenge within that time forever bars further challenge of the authority's valid formation.

Sec. 6. RCW 52.26.090 and 2004 c 129 s 9 are each amended to read as follows:

(1) The governing board of the authority is responsible for the execution of the voter-approved plan. Participating jurisdictions shall review the plan every ten years. The board ~~((shall))~~ may:

(a) Levy ~~((and impose))~~ taxes and impose benefit charges as authorized in the plan and approved by authority voters;

(b) Enter into agreements with federal, state, local, and regional entities and departments as necessary to accomplish authority purposes and protect the authority's investments;

(c) Accept gifts, grants, or other contributions of funds that will support the purposes and programs of the authority;

(d) Monitor and audit the progress and execution of fire protection and emergency service projects to protect the investment of the public and annually make public its findings;

(e) Pay for services and enter into leases and contracts, including professional service contracts;

(f) Hire, manage, and terminate employees; and

(g) Exercise ~~((other))~~ powers and perform duties as ~~((may be reasonable))~~ the board determines necessary to carry out the purposes, functions, and projects of the authority in accordance with Title 52 RCW if one of the fire protection jurisdictions is a fire district, unless provided otherwise in the regional fire protection service authority plan, or in accordance with the statutes identified in the plan if none of the fire protection jurisdictions is a fire district.

~~((2))~~ ~~((An authority may acquire, hold, or dispose of real property.~~

~~((3))~~ ~~An authority may exercise the powers of eminent domain.~~

~~((4))~~ An authority may enforce fire codes as provided under chapter 19.27 RCW.

Sec. 7. RCW 52.26.100 and 2004 c 129 s 10 are each amended to read as follows:

(1) Except as otherwise provided in the regional fire protection service authority plan, all powers, duties, and functions of a participating fire protection jurisdiction pertaining to ((providing)) fire protection and emergency services ((may)) shall be transferred ((; by resolution;)) to the regional fire protection service authority on its creation date.

(2)(a) Except as otherwise provided in the regional fire protection service authority plan, and on the creation date of the regional fire protection service authority, all reports, documents, surveys, books, records, files, papers, or written material in the possession of the participating fire protection jurisdiction pertaining to ((the)) fire protection and emergency services powers, functions, and duties ((transferred)) shall be delivered to the ((custody of the)) regional fire protection service authority ((;)) all real property and personal property including cabinets, furniture, office equipment, motor vehicles, and other tangible property employed by the participating fire protection jurisdiction in carrying out the fire protection and emergency services powers, functions, and duties ((transferred)) shall be ((made available)) transferred to the regional fire protection service authority ((;)) and all funds, credits, or other assets held by the participating fire protection jurisdiction in connection with the fire protection and emergency services powers, functions, and duties ((transferred)) shall be ((assigned)) transferred and credited to the regional fire protection service authority.

(b) Except as otherwise provided in the regional fire protection service authority plan, any appropriations made to the participating fire protection jurisdiction for carrying out the fire protection and emergency services powers, functions, and duties ((transferred)) shall ((; on the effective date of the resolution;)) be transferred and credited to the regional fire protection service authority.

(c) Except as otherwise provided in the regional fire protection service authority plan, whenever any question arises as to the transfer of any personnel, funds, books, documents, records, papers, files,

equipment, or other tangible property used or held in the exercise of the powers and the performance of the duties and functions transferred, the governing body of the participating fire protection jurisdiction shall make a determination as to the proper allocation.

(3) Except as otherwise provided in the regional fire protection service authority plan, all rules and all pending business before the participating fire protection jurisdiction pertaining to the powers, functions, and duties transferred shall be continued and acted upon by the regional fire protection service authority((-)), and all existing contracts and obligations shall remain in full force and shall be performed by the regional fire protection service authority.

(4) The transfer of the powers, duties, functions, and personnel of the participating fire protection jurisdiction shall not affect the validity of any act performed before ~~((the effective date of the resolution))~~ creation of the regional fire protection service authority.

(5) If apportionments of budgeted funds are required because of the transfers ~~((directed by the resolution))~~, the treasurer ~~((under RCW 52.26.170))~~ for the authority shall certify the apportionments.

(6)(a) Subject to (c) of this subsection, all employees of the participating fire protection jurisdictions are transferred to the jurisdiction of the regional fire protection service authority on its creation date. Upon transfer, unless an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions, an employee is entitled to the employee rights, benefits, and privileges to which he or she would have been entitled as an employee of a participating fire protection jurisdiction, including rights to:

(i) Compensation at least equal to the level at the time of transfer;

(ii) Retirement, vacation, sick leave, and any other accrued benefit;

(iii) Promotion and service time accrual; and

(iv) The length or terms of probationary periods, including no requirement for an additional probationary period if one had been completed before the transfer date.

(b) If any or all of the participating fire protection jurisdictions provide for civil service in their fire departments, the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions must negotiate regarding the establishment of a civil service system within the authority. This subsection does not apply if none of the participating fire protection districts provide for civil service.

(c) Nothing contained in this section may be construed to alter any existing collective bargaining unit or the provisions of any existing collective bargaining agreement until the agreement has expired or until the bargaining unit has been modified as provided by law. ((RCW 35.13.215 through 35.13.235 apply to the transfer of employees under this section.))

NEW SECTION. Sec. 8. A new section is added to chapter 52.26 RCW to read as follows:

(1) Subject to subsection (2) of this section, a regional fire protection service authority may, by resolution of its board, provide for civil service for its employees in the same manner, with the same powers, and with the same force and effect as provided by chapter 41.08 RCW for cities, towns, and municipalities, including restrictions against the discharge of an employee because of residence outside the limits of the regional fire protection service authority.

(2) If an agreement is reached to provide for civil service under RCW 52.26.100(6), the regional fire protection service authority shall establish such a system as is required by the agreement.

NEW SECTION. Sec. 9. A new section is added to chapter 52.26 RCW to read as follows:

Territory that is annexed to a participating jurisdiction is annexed to the authority as of the effective date of the annexation. The statutes regarding transfer of assets and employees do not apply to the participating jurisdictions in the annexation.

Sec. 10. RCW 52.26.130 and 2004 c 129 s 14 are each amended to read as follows:

~~((Unless contrary to this section, chapter 39.42 RCW applies to debt and bonding under this section. The authority may borrow money, but may not issue any debt of its own for more than ten years' duration. An authority may issue notes or other evidences of indebtedness with a maturity of not more than twenty years. An authority may, when authorized by the plan, enter into agreements with the state to pledge taxes or other revenues of the authority for the purpose of paying in part or whole principal and interest on bonds issued by the authority. The contracts pledging revenues and taxes are binding for the term of the agreement, but not to exceed twenty-five years, and no tax pledged by an agreement may be eliminated or modified if it would impair the pledge of the agreement.)) (1) An authority may incur general indebtedness for authority purposes, issue bonds, notes, or other evidences of indebtedness not to exceed an amount, together with any outstanding nonvoter approved general obligation debt, equal to three-fourths of one percent of the value of the taxable property within the authority. The maximum term of the obligations may not exceed twenty years. The obligations may pledge benefit charges and may pledge payments to an authority from the state, the federal government, or any fire protection jurisdiction under an interlocal contract. The interlocal contracts pledging revenues and taxes are binding for a term not to exceed twenty-five years, and taxes or other revenue pledged by an interlocal contract may not be eliminated or modified if it would impair the pledge of the contract.~~

~~(2) An authority may also issue general obligation bonds for capital purposes not to exceed an amount, together with any outstanding general obligation debt, equal to one and one-half percent of the value of the taxable property within the authority. The authority may provide for the retirement of the bonds by excess property tax levies. The voters of the authority must approve a proposition authorizing the bonds and levies by an affirmative vote of three-fifths of those voting on the proposition at an election. At the election, the total number of persons voting must constitute not less than forty percent of the voters in the authority who voted at the last preceding general state election. The maximum term of the bonds may not exceed twenty-five years. Elections shall be held as provided in RCW 39.36.050.~~

~~(3) Obligations of an authority shall be issued and sold in accordance with chapters 39.46 and 39.50 RCW, as applicable.~~

Sec. 11. RCW 52.26.140 and 2004 c 129 s 15 are each amended to read as follows:

(1) To carry out the purposes for which a regional fire protection service authority is created, as authorized in the plan and approved by the voters, the governing board of an authority may annually levy the following taxes:

(a) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value;

(b) An ad valorem tax on all property located within the authority not to exceed fifty cents per thousand dollars of assessed value and which will not cause the combined levies to exceed the constitutional or statutory limitations. This levy, or any portion of this levy, may also be made when dollar rates of other taxing units are released by agreement with the other taxing units from their authorized levies; and

(c) An ad valorem tax on all taxable property located within the authority not to exceed fifty cents per thousand dollars of assessed value if the authority has at least one full-time, paid employee, or contracts with another municipal corporation for the services of at least one full-time, paid employee. This levy may be made only if it will not affect dollar rates which other taxing districts may lawfully claim nor cause the combined levies to exceed the constitutional or statutory limitations or both.

(2) Levies in excess of the amounts provided in subsection (1) of this section or in excess of the aggregate dollar rate limitations or both may be made for any authority purpose when so authorized at a special election under RCW 84.52.052. Any such tax when levied must be certified to the proper county officials for the collection of the tax as for other general taxes. The taxes when collected shall be placed in the appropriate authority fund or funds as provided by law, and must be paid out on warrants of the auditor of the county in

which all, or the largest portion of, the authority is located, upon authorization of the governing board of the authority.

(3) ~~((Authorities are additionally authorized to incur general indebtedness and to issue general obligation bonds for capital purposes as provided in RCW 52.26.130-))~~ Authorities may provide for the retirement of general indebtedness by excess property tax levies ~~(, when the voters of the authority have approved a proposition authorizing such indebtedness and levies by an affirmative vote of three-fifths of those voting on the proposition at such an election, at which election the total number of persons voting shall constitute not less than forty percent of the voters in the authority who voted at the last preceding state general election. Elections must be held as provided in RCW 39.36.050. The maximum term of any bonds issued under the authority of this section may not exceed ten years and must be issued and sold in accordance with chapter 39.46 RCW))~~ as set forth in RCW 52.26.130.

(4) For purposes of this ~~(section)~~ chapter, the term "value of the taxable property" has the same meaning as in RCW 39.36.015.

Sec. 12. RCW 52.26.220 and 2004 c 129 s 28 are each amended to read as follows:

(1) Notwithstanding any other provision in this chapter to the contrary, any benefit charge authorized by this chapter is not effective unless a proposition to impose the benefit charge is approved by a sixty percent majority of the voters of the regional fire protection service authority voting at a general election or at a special election called by the authority for that purpose, held within the authority. A ballot measure that contains an authorization to impose benefit charges and that is approved by the voters pursuant to RCW 52.26.060 meets the proposition approval requirement of this section. An election held under this section must be held not more than twelve months prior to the date on which the first charge is to be assessed. A benefit charge approved at an election expires in six years or fewer as authorized by the voters, unless subsequently reapproved by the voters.

(2) The ballot must be submitted so as to enable the voters favoring the authorization of a regional fire protection service authority benefit charge to vote "Yes" and those opposed to vote "No." The ballot question is as follows:

"Shall the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) be authorized to impose benefit charges each year for (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW 52.26.140(1)(c)?

YES NO

(3) Authorities renewing the benefit charge may elect to use the following alternative ballot:

"Shall the regional fire protection service authority composed of (insert the participating fire protection jurisdictions) be authorized to continue voter-authorized benefit charges each year for (insert number of years not to exceed six) years, not to exceed an amount equal to sixty percent of its operating budget, and be prohibited from imposing an additional property tax under RCW 52.26.140(1)(c)?

YES NO

On page 1, line 1 of the title, after "authorities;" strike the remainder of the title and insert "amending RCW 52.26.020, 52.26.040, 52.26.050, 52.26.060, 52.26.070, 52.26.090, 52.26.100, 52.26.130, 52.26.140, and 52.26.220; and adding new sections to chapter 52.26 RCW."

MESSAGE FROM THE SENATE

March 3, 2006

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2418, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 43.185 RCW to read as follows:

The legislature finds that Washington is experiencing an affordable housing crisis and that this crisis is growing exponentially every year as the population of the state expands and housing values increase at a rate that far exceeds most households' proportionate increase in income.

The fiscal and societal costs of the lack of adequate affordable housing are high for both the public and private sectors. Current

levels of funding for affordable housing programs are inadequate to meet the housing needs of many low-income Washington households.

NEW SECTION. Sec. 2. The legislature may authorize a transfer of up to twenty-five million dollars for the fiscal year ending June 30, 2006, into the Washington housing trust fund created in RCW 43.185.030. Any portion of this act that is appropriated to the department shall be included in the calculation of annual funds available for determining the administrative costs of the department, which shall not exceed five percent of the annual funds available for the housing assistance program and the affordable housing program as authorized under RCW 43.185.030 and 43.185A.030.

NEW SECTION. Sec. 3. A new section is added to chapter 43.185 RCW to read as follows:

The application process and distribution procedure for the allocation of funds are the same as the competitive application process and distribution procedure for the housing trust fund, described in this chapter and chapter 43.185A RCW, except for the funds applied to the homeless families services fund created in RCW 43.330.167, dollars appropriated to weatherization administered through the energy matchmaker program, dollars appropriated for housing vouchers for homeless persons, victims of domestic violence, and low-income persons or seasonal farm workers, and dollars appropriated to any program to provide financial assistance for grower-provided on-farm housing for low-income migrant or seasonal farm workers.

NEW SECTION. Sec. 4. A new section is added to chapter 43.185A RCW to read as follows:

The application process and distribution procedure for the allocation of funds are the same as the competitive application process and distribution procedure described in section 3 of this act.

NEW SECTION. Sec. 5. The department must report to the appropriate committees of the legislature how appropriated funds were utilized on a county or city specific basis no later than December 31, 2007.

(1) The interagency council on homelessness, as defined in RCW 43.185C.010, shall be convened not later than August 31, 2006, and shall meet at least two times each year and report to the appropriate committees of the legislature annually by December 31st on its activities.

(1) In order to improve services for the homeless, the department, within amounts appropriated by the legislature for this specific purpose, shall implement ~~((a))~~ the Washington homeless client management information system for the ongoing collection and ~~((analysis of))~~ updates of information about all homeless individuals in the state.

(2) Information about homeless individuals for the Washington homeless client management information system shall come from the Washington homeless census and from state agencies and community organizations providing services to homeless individuals and families. Personally identifying information about homeless individuals for the Washington homeless client management system may only be collected after having obtained informed, reasonably time limited written consent from the homeless individual to whom the information relates. Data collection shall be done in a manner consistent with federally informed consent guidelines regarding human research which, at a minimum, require that individuals be informed about the expected duration of their participation, an explanation of whom to contact for answers to pertinent questions about the data collection and their rights regarding their personal identifying information, an explanation regarding whom to contact in the event of injury to the individual related to the homeless client survey, a description of any reasonably foreseeable risks to the homeless individual, and a statement describing the extent to which confidentiality of records identifying the individual will be maintained.

(3) The Washington homeless client management information system shall serve as an online information and referral system to enable local governments and providers to connect homeless persons in the data base with available housing and other support services. Local governments shall develop a capacity for continuous case management, including independent living plans, when appropriate, to assist homeless persons.

(4) The information in the Washington homeless client management information system will also provide the department with the information to consolidate and analyze data about the extent and nature of homelessness in Washington state, giving emphasis to information about the extent and nature of homelessness in Washington state among families with children.

NEW SECTION. Sec. 9. (1) The department of community, trade, and economic development shall conduct a study to evaluate the potential development of a voluntary statewide, low-income household housing waiting list data base that would include information on all low-income households requesting housing assistance for the purpose of connecting such households with appropriate housing opportunities. The study shall investigate and evaluate the following:

(a) The anticipated benefits of such a statewide waiting list to low-income households and low-income housing providers;

(b) The cost of implementing and maintaining the data base; and

(c) Best practices from other states or from counties in other states that currently have a similar data base.

The department shall report the results of this study to the appropriate committees of the legislature by December 31, 2007.

NEW SECTION. Sec. 10. A new section is added to chapter 43.185A RCW to read as follows:

(3) The data base shall include information about rental units that shall be determined by the department. However, the data base must include, at a minimum, measures for quality, cost, safety, and size.

(4) Other state agencies, local governments, local public agencies, including water and sewer districts, housing authorities, and other housing organizations shall cooperate with the department to create and update the affordable housing data base by providing to the department any requested existing information about rental housing units within the jurisdiction.

(5) The data base shall be searchable by the department, local governments, community housing organizations, including housing authorities, and the public according to housing characteristics determined by the department including, at a minimum, location, cost, and size. The data base will be utilized for data collection about Washington's affordable rental housing stock and will also serve as a low-income housing referral system to connect low-income households seeking housing with appropriate and available units.

NEW SECTION. Sec. 11. A new section is added to chapter 43.185A RCW to read as follows:

The department, the housing finance commission, the affordable housing advisory board, and all local governments, housing authorities, and other nonprofits receiving state housing funds or financing through the housing finance commission shall, by December 31, 2006, and annually thereafter, review current housing reporting requirements related to housing programs and services and give recommendations to streamline and simplify all planning and reporting requirements to the department of community, trade, and economic development, which will compile and present the recommendations annually to the legislature. The entities listed in this section shall also give recommendations for additional legislative actions that could promote affordable housing and end homelessness.

NEW SECTION. Sec. 12. A new section is added to chapter 35.82 RCW to read as follows:

A joint housing authority may be dissolved pursuant to substantially identical resolutions or ordinances of the legislative authority of each of the counties or cities that previously authorized that joint housing authority. These resolutions or ordinances may authorize the execution of an agreement among the counties, cities, and the joint housing authority that provides for the timing, distribution of assets, obligations and liabilities, and other matters deemed necessary or appropriate by the legislative authorities.

(2) Each resolution or ordinance dissolving a joint housing authority shall provide for the following:

(a) Activation or reactivation of a housing authority or joint housing authority by each of the cities and counties that previously authorized the joint housing authority and any additional cities or counties that are then to be added. This activation or reactivation

takes effect upon the dissolution of the joint housing authority or at an earlier time provided in the resolutions or ordinances dissolving the joint housing authority; and

(b) Distribution of all assets, obligations, and liabilities of the joint housing authority to the housing authorities activated or reactivated under (a) of this subsection. Distribution of assets, obligations, and liabilities may be based on any, or a combination of any of, the following considerations:

(i) The population within the boundaries of each of the housing authorities activated or reactivated under (a) of this subsection;

(ii) The number of housing units owned by the joint housing authority within the boundaries of each of the housing authorities activated or reactivated under (a) of this subsection;

(iii) The number of low-income residents within the boundaries of each of the housing authorities activated or reactivated under (a) of this subsection;

(iv) The effect of the proposed distribution on the viability of the housing authorities activated or reactivated under (a) of this subsection; or

(v) Any other reasonable criteria to determine the distribution of assets, obligations, and liabilities.

(3) Each activated or reactivated housing authority shall be responsible for debt service on bonds or other obligations issued or incurred to finance the acquisition, construction, or improvement of the projects, properties, and other assets that have been distributed to them under the dissolution. However, if an outstanding bond issue is secured in whole or in part by the general revenues of the joint housing authority being dissolved, each housing authority activated or reactivated under subsection (2)(a) of this section shall remain jointly and severally liable for retirement of debt service through repayment of those outstanding bonds and other obligations of the joint housing authority until paid or defeased, from general revenues of each of the activated or reactivated housing authorities, and from any other revenues and accounts that had been expressly pledged by the joint housing authority to the payment of those bonds or other obligations. As used in this subsection, "general revenues" means all revenues of a housing authority from any source, but only to the extent that those revenues are available to pay debt service on bonds or other obligations and are not then or thereafter pledged or restricted by law, regulation, contract, covenant, resolution, deed of trust, or otherwise, solely to another particular purpose.

MESSAGE FROM THE SENATE

March 3, 2006

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2553, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 48.110.010 and 1999 c 112 s 1 are each amended to read as follows:

The legislature finds that increasing numbers of businesses are selling service contracts for repair, replacement, and maintenance of motor vehicles, appliances, computers, electronic equipment, and other consumer products. There are risks that contract obligors will close or otherwise be unable to fulfill their contract obligations that could result in unnecessary and preventable losses to citizens of this state. The legislature declares that it is necessary to establish standards that will safeguard the public from possible losses arising from the conduct or cessation of the business of service contract obligors or the mismanagement of funds paid for service contracts. The purpose of this chapter is to create a legal framework within which service contracts may be sold in this state and to set forth requirements for conducting a service contract business.

Sec. 2. RCW 48.110.015 and 2000 c 208 s 1 are each amended to read as follows:

(1) The following are exempt from this title:

- (a) Warranties;
- (b) Maintenance agreements; and
- (c) Service contracts:

(i) Paid for with separate and additional consideration;

(ii) Issued at the point of sale, or within sixty days of the original purchase date of the property; and

(iii) On tangible property when the tangible property for which the service contract is sold has a purchase price of fifty dollars or less, exclusive of sales tax.

(2) This chapter does not apply to:

- (a) ~~(Vehicle service contracts which are governed under chapter 48.96 RCW;~~
- ~~(b))~~ Vehicle mechanical breakdown insurance; and
- ~~((c))~~ (b) Service contracts on tangible personal property purchased by persons who are not consumers.

Sec. 3. RCW 48.110.020 and 2000 c 208 s 2 are each amended to read as follows:

Sec. 4. RCW 48.110.030 and 2005 c 223 s 33 are each amended to read as follows:

(1) A person may not act as, or offer to act as, or hold himself or herself out to be a service contract provider in this state, nor may a service contract be sold to a consumer in this state, unless the service contract provider has a valid registration as a service contract provider issued by the commissioner.

(2) Applicants to be a service contract provider must make an application to the commissioner upon a form to be furnished by the commissioner. The application must include or be accompanied by the following information and documents:

(a) All basic organizational documents of the service contract provider, including any articles of incorporation, articles of association, partnership agreement, trade name certificate, trust agreement, shareholder agreement, bylaws, and other applicable documents, and all amendments to those documents;

(b) The identities of the service contract provider's executive officer or officers directly responsible for the service contract provider's service contract business, and, if more than fifty percent of the service contract provider's gross revenue is derived from the sale of service contracts, the identities of the service contract provider's directors and stockholders having beneficial ownership of ten percent or more of any class of securities;

(c) Audited annual financial statements or other financial reports acceptable to the commissioner for the two most recent years which prove that the applicant is solvent and any information the commissioner may require in order to review the current financial condition of the applicant. If the service contract provider is relying on RCW 48.110.050(2) ~~((a) or))~~ (c) to assure the faithful performance of its obligations to service contract holders, then the

audited financial statements of the service contract provider's parent company (~~may be substituted for the audited financial statements of the service contract provider~~) must also be filed:

(d) An application fee of two hundred fifty dollars, which shall be deposited into the general fund; and

(e) Any other pertinent information required by the commissioner.

(3) The applicant shall appoint the commissioner as its attorney to receive service of legal process in any action, suit, or proceeding in any court. This appointment is irrevocable and shall bind the service contract provider or any successor in interest, shall remain in effect as long as there is in force in this state any contract or any obligation arising therefrom related to residents of this state, and shall be processed in accordance with RCW 48.05.210.

(4) The commissioner may refuse to issue a registration if the commissioner determines that the service contract provider, or any individual responsible for the conduct of the affairs of the service contract provider under subsection (2)(b) of this section, is not competent, trustworthy, financially responsible, or has had a license as a service contract provider or similar license denied or revoked for cause by any state.

(5) A registration issued under this section is valid, unless surrendered, suspended, or revoked by the commissioner, or not renewed for so long as the service contract provider continues in business in this state and remains in compliance with this chapter. A registration is subject to renewal annually on the first day of July upon application of the service contract provider and payment of a fee of two hundred dollars, which shall be deposited into the general fund. If not so renewed, the registration expires on the June 30th next preceding.

(6) A service contract provider shall keep current the information required to be disclosed in its registration under this section by reporting all material changes or additions within thirty days after the end of the month in which the change or addition occurs.

Sec. 5. RCW 48.110.040 and 2005 c 223 s 34 are each amended to read as follows:

(1) Every registered service contract provider (~~that is assuring its faithful performance of its obligations to its service contract holders by complying with RCW 48.110.050(2)(b))~~ must file an annual report for the preceding calendar year with the commissioner on or before March 1st of each year, or within any extension of time the commissioner for good cause may grant. The report must be in the form and contain those matters as the commissioner prescribes and shall be verified by at least two officers of the service contract provider.

(2) At the time of filing the report, the service contract provider must pay a filing fee of twenty dollars which shall be deposited into the general fund.

(3) As part of any investigation by the commissioner, the commissioner may require a service contract provider to file monthly financial reports whenever, in the commissioner's discretion, there is a need to more closely monitor the financial activities of the service contract provider. Monthly financial statements must be filed in the commissioner's office no later than the twenty-fifth day of the month following the month for which the financial report is being filed. These monthly financial reports are the internal financial statements of the service contract provider. The monthly financial reports that are filed with the commissioner constitute information that might be damaging to the service contract provider if made available to its competitors, and therefore shall be kept confidential by the commissioner. This information may not be made public or be subject to subpoena, other than by the commissioner and then only for the purpose of enforcement actions taken by the commissioner.

Sec. 6. RCW 48.110.050 and 1999 c 112 s 6 are each amended to read as follows:

(1) Service contracts shall not be issued, sold, or offered for sale in this state or sold to consumers in this state unless the service contract provider has:

(a) Provided a receipt for, or other written evidence of, the purchase of the service contract to the contract holder; and

(b) Provided a copy of the service contract to the service contract holder within a reasonable period of time from the date of purchase.

(2) In order to either demonstrate its financial responsibility or assure the faithful performance of ~~(a) the~~ service contract provider's obligations to its service contract holders, every service contract provider shall ~~(be responsible for complying)~~ comply with the requirements of one of the following:

(a) Insure all service contracts under a reimbursement insurance policy issued by an insurer holding a certificate of authority from the commissioner or a risk retention group, as defined in 15 U.S.C. Sec. 3901(a)(4), as long as that risk retention group is in full compliance with the federal liability risk retention act of 1986 (15 U.S.C. Sec. 3901 et seq.), is in good standing in its domiciliary jurisdiction, and is properly registered with the commissioner under chapter 48.92 RCW. The insurance required by this subsection must meet the following requirements:

(i) The insurer or risk retention group must, at the time the policy is filed with the commissioner, and continuously thereafter, maintain surplus as to policyholders and paid-in capital of at least fifteen million dollars and annually file audited financial statements with the commissioner; and

(ii) The commissioner may authorize an insurer or risk retention group that has surplus as to policyholders and paid-in capital of less than fifteen million dollars, but at least equal to ten million dollars, to issue the insurance required by this subsection if the insurer or risk retention group demonstrates to the satisfaction of the commissioner that the company maintains a ratio of direct written premiums, wherever written, to surplus as to policyholders and paid-in capital of not more than three to one;

(b)(i) Maintain a funded reserve account for its obligations under its service contracts issued and outstanding in this state. The reserves shall not be less than forty percent of the gross consideration received, less claims paid, on the sale of the service contract for all in-force contracts. The reserve account shall be subject to examination and review by the commissioner; and

(ii) Place in trust with the commissioner a financial security deposit, having a value of not less than five percent of the gross consideration received, less claims paid, on the sale of the service contract for all service contracts issued and in force, but not less than twenty-five thousand dollars, consisting of one of the following:

(A) A surety bond issued by an insurer holding a certificate of authority from the commissioner;

(B) Securities of the type eligible for deposit by authorized insurers in this state;

(C) Cash;

(D) An evergreen letter of credit issued by a qualified financial institution; or

(E) Another form of security prescribed by rule by the commissioner; or

(c)(i) Maintain, or its parent company maintain, a net worth or stockholder's equity of at least one hundred million dollars; and

(ii) Upon request, provide the commissioner with a copy of the service contract provider's or the service contract provider's parent company's most recent form 10-K or form 20-F filed with the securities and exchange commission within the last calendar year, or if the company does not file with the securities and exchange commission, a copy of the service contract provider's or the service contract provider's parent company's audited financial statements, which shows a net worth of the service contract provider or its parent company of at least one hundred million dollars. If the service contract provider's parent company's form 10-K, form 20-F, or audited financial statements are filed with the commissioner to meet the service contract provider's financial stability requirement, then the parent company shall agree to guarantee the obligations of the service contract provider relating to service contracts sold by the service contract provider in this state. A copy of the guarantee shall be filed with the commissioner. The guarantee shall be irrevocable as long as there is in force in this state any contract or any obligation arising from service contracts guaranteed, unless the parent company has made arrangements approved by the commissioner to satisfy its obligations under the guarantee.

(3) Service contracts shall require the service contract provider to permit the service contract holder to return the service contract within twenty days of the date the service contract was mailed to the service contract holder or within ten days of delivery if the service contract is delivered to the service contract holder at the time of sale, or within a longer time period permitted under the service contract. Upon return of the service contract to the service contract provider within the applicable period, if no claim has been made under the service contract prior to the return to the service contract provider, the service contract is void and the service contract provider shall refund to the service contract holder, or credit the account of the service contract holder with the full purchase price of the service contract. The right to void the service contract provided in this subsection is not transferable and shall apply only to the original service contract purchaser. A ten percent penalty per month shall be added to a refund of the purchase price that is not paid or credited within thirty days after return of the service contract to the service contract provider.

~~(4) (Except for service contract providers, persons marketing, selling, or offering to sell service contracts for providers are exempt from the registration requirements of RCW 48.110.030.~~

~~(5) The marketing, sale, offering for sale, issuance, making, proposing to make, and administration of service contracts by service contract providers and related service contract sellers, administrators, and other persons complying with this chapter are exempt from the other provisions of this title, except chapter 48.04 RCW and as otherwise provided in this chapter.) This section does not apply to service contracts on motor vehicles or to protection product guarantees.~~

Sec. 7. RCW 48.110.060 and 1999 c 112 s 7 are each amended to read as follows:

(1) Reimbursement insurance policies insuring service contracts or protection product guarantees issued, sold, or offered for sale in this state or issued or sold to consumers in this state shall state that the insurer that issued the reimbursement insurance policy shall reimburse or pay on behalf of the service contract provider or the protection product guarantee provider all sums the service contract provider or the protection product guarantee provider is legally obligated to pay, including but not limited to the refund of the full purchase price of the service contract to the service contract holder or shall provide the service which the service contract provider or the protection product guarantee provider is legally obligated to perform according to the service contract provider's or protection product guarantee provider's contractual obligations under the service contracts or protection product guarantees issued or sold by the service contract provider or the protection product guarantee provider.

(2) The reimbursement insurance policy shall fully insure the obligations of the service contract provider or protection product guarantee provider, rather than partially insure, or insure only in the event of service contract provider or protection product guarantee provider default.

(3) The reimbursement insurance policy shall state that the service contract holder or protection product guarantee holder is entitled to apply directly to the reimbursement insurance company for payment or performance due.

Sec. 8. RCW 48.110.070 and 1999 c 112 s 8 are each amended to read as follows:

(1) Service contracts marketed, sold, offered for sale, issued, made, proposed to be made, or administered in this state or sold to residents of this state shall be written, printed, or typed in clear, understandable language that is easy to read, and disclose the requirements set forth in this section, as applicable.

(2) Service contracts insured under a reimbursement insurance policy under RCW 48.110.050(2)(a) and 48.110.060 shall not be issued, sold, or offered for sale in this state or sold to residents of this state unless the service contract conspicuously contains a statement in substantially the following form: "Obligations of the service contract provider under this service contract are insured under a service contract reimbursement insurance policy." The service contract shall also conspicuously state the name and address of the

issuer of the reimbursement ~~((insurance))~~ insurance policy and state that the service contract holder is entitled to apply directly to the reimbursement insurance company.

(3) Service contracts not insured under a reimbursement insurance policy under RCW 48.110.050(2)(a) and 48.110.060 shall contain a statement in substantially the following form: "Obligations of the service contract provider under this contract are backed by the full faith and credit of the service contract provider."

(4) Service contracts shall state the name and address of the service contract provider and shall identify any administrator if different from the service contract provider, the service contract seller, and the service contract holder to the extent that the name of the service contract holder has been furnished by the service contract holder. The identities of such parties are not required to be preprinted on the service contract and may be added to the service contract at the time of sale.

(5) Service contracts shall state the purchase price of the service contract and the terms under which the service contract is sold. The purchase price is not required to be preprinted on the service contract and may be negotiated at the time of sale.

(6) Service contracts shall state the procedure to obtain service or to file a claim, including but not limited to the procedures for obtaining prior approval for repair work, the toll-free telephone number if prior approval is necessary for service, and the procedure for obtaining emergency repairs performed outside of normal business hours or provide for twenty-four-hour telephone assistance.

(7) Service contracts shall state the existence of any deductible amount, if applicable.

(8) Service contracts shall specify the merchandise, parts, and services to be provided and any limitations, exceptions, or exclusions.

(9) Service contracts shall state any restrictions governing the transferability of the service contract, if applicable.

(10) Service contracts shall state the terms, restrictions, or conditions governing cancellation of the service contract prior to the termination or expiration date of the service contract by either the service contract provider or by the service contract holder, which rights can be no more restrictive than provided in RCW 48.110.050(3). The service contract provider of the service contract shall mail a written notice to the service contract holder at the last known address of the service contract holder contained in the records of the service contract provider at least twenty-one days prior to cancellation by the service contract provider. The notice shall state the effective date of the cancellation and the true and actual reason for the cancellation.

(11) Service contracts shall set forth the obligations and duties of the service contract holder, including but not limited to the duty to protect against any further damage and any requirement to follow owner's manual instructions.

(12) Service contracts shall state whether or not the service contract provides for or excludes consequential damages or preexisting conditions.

(13) Service contracts shall state any exclusions of coverage.

(14) Service contracts shall not contain a provision which requires that any civil action brought in connection with the service contract must be brought in the courts of a jurisdiction other than this state. Service contracts that authorize binding arbitration to resolve claims or disputes ~~((may))~~ must allow for arbitration proceedings to be held at a location in closest proximity to the service contract holder's permanent residence.

This section does not apply to service contracts on motor vehicles or to protection product guarantees.

Sec. 9. RCW 48.110.080 and 1999 c 112 s 9 are each amended to read as follows:

(1) A service contract provider or protection product guarantee provider shall not use in its name the words insurance, casualty, guaranty, surety, mutual, or any other words descriptive of the insurance, casualty, guaranty, or surety business; or a name deceptively similar to the name or description of any insurance or surety corporation, or to the name of any other service contract provider or protection product guarantee provider. This subsection does not apply to a company that was using any of the prohibited language in its name prior to January 1, 1999. However, a company

using the prohibited language in its name shall conspicuously disclose in its service contracts or protection product guarantees the following statement: "This agreement is not an insurance contract."

(2) Every service contract provider or protection product guarantee provider shall conduct its business in its own legal name, unless the commissioner has approved the use of another name.

(3) A service contract provider or protection product guarantee provider or ~~(its)~~ their representatives shall not in ~~(its)~~ their service contracts or protection product guarantees or literature make, permit, or cause to be made any false or misleading statement, or deliberately omit any material statement that would be considered misleading if omitted.

(4) A person, such as a bank, savings and loan association, lending institution, manufacturer, or seller shall not require the purchase of a service contract or protection product as a condition of a loan or a condition for the sale of any property.

Sec. 10. RCW 48.110.090 and 1999 c 112 s 10 are each amended to read as follows:

(1) The service contract provider or protection product guarantee provider shall keep accurate accounts, books, and records concerning transactions regulated under this chapter.

(2) The service contract provider's or protection product guarantee provider's accounts, books, and records shall include the following:

(a) Copies of each type of service contract or protection product guarantees offered, issued, or sold;

(b) The name and address of each service contract holder or protection product guarantee holder, to the extent that the name and address have been furnished by the service contract holder or protection product guarantee holder;

(4) The records required under this chapter may be, but are not required to be, maintained on a computer disk or other recordkeeping technology. If the records are maintained in other than hard copy, the records shall be capable of duplication to legible hard copy.

(5) A service contract provider or protection product guarantee provider discontinuing business in this state shall maintain its records until it furnishes the commissioner satisfactory proof that it has discharged all obligations to service contract holders or protection product guarantee holders in this state.

Sec. 11. RCW 48.110.100 and 1999 c 112 s 11 are each amended to read as follows:

As applicable, an insurer that issued a reimbursement insurance policy shall not terminate the policy until a notice of termination in accordance with RCW 48.18.290 has been given to the service contract provider or protection product guarantee provider and has been delivered to the commissioner. The termination of a reimbursement insurance policy does not reduce the issuer's responsibility for service contracts issued by service contract providers or protection product guarantees issued by protection product guarantee providers prior to the effective date of the termination.

Sec. 12. RCW 48.110.110 and 1999 c 112 s 12 are each amended to read as follows:

(1) Service contract providers or protection product guarantee providers are considered to be the agent of the insurer which issued the reimbursement insurance policy for purposes of obligating the insurer to service contract holders or protection product guarantee holders in accordance with the service contract or protection product guarantee holders and this chapter. Payment of the provider fee by the consumer to the service contract seller, service contract provider,

or administrator or payment of consideration for the protection product to the protection product seller constitutes payment by the consumer to the service contract provider or protection product guarantee provider and to the insurer which issued the reimbursement insurance policy. In cases where a service contract provider or protection product guarantee provider is acting as an administrator and enlists other service contract providers or protection product guarantee providers, the service contract provider or protection product guarantee provider acting as the administrator shall notify the insurer of the existence and identities of the other service contract providers or protection product guarantee providers.

(2) ~~(Chapter 112, Laws of 1999)~~ This chapter does not prevent or limit the right of an insurer which issued a reimbursement insurance policy to seek indemnification or subrogation against a service contract provider or protection product guarantee provider if the issuer pays or is obligated to pay the service contract holder or protection product guarantee holder sums that the service contract provider or protection product guarantee provider was obligated to pay under the provisions of the service contract or protection product guarantee.

Sec. 13. RCW 48.110.120 and 1999 c 112 s 13 are each amended to read as follows:

(1) The commissioner may conduct investigations of service contract providers or protection product guarantee providers, administrators, service contract sellers or protection product sellers, insurers, and other persons to enforce this chapter and protect service contract holders or protection product guarantee holders in this state. Upon request of the commissioner, the service contract provider or protection product guarantee provider shall make all accounts, books, and records concerning service contracts or protection products offered, issued, or sold by the service contract provider or protection product guarantee provider available to the commissioner which are necessary to enable the commissioner to determine compliance or noncompliance with this chapter.

(2) The commissioner may take actions under RCW 48.02.080 or 48.04.050 which are necessary or appropriate to enforce this chapter and the commissioner's rules and orders, and to protect service contract holders or protection product guarantee holders in this state.

Sec. 14. RCW 48.110.130 and 1999 c 112 s 14 are each amended to read as follows:

(1) The commissioner may, subject to chapter 48.04 RCW, deny, suspend, or revoke the registration of a service contract provider or protection product guarantee provider if the commissioner finds that the service contract provider or protection product guarantee provider:

(a) Has violated this chapter or the commissioner's rules and orders;

(b) Has refused to be investigated or to produce its accounts, records, and files for investigation, or if any of its officers have refused to give information with respect to its affairs or refused to perform any other legal obligation as to an investigation, when required by the commissioner;

(c) Has, without just cause, refused to pay proper claims or perform services arising under its contracts or has, without just cause, caused service contract holders or protection product guarantee holders to accept less than the amount due them or caused service contract holders or protection product guarantee holders to employ attorneys or bring suit against the service contract provider or protection product guarantee provider to secure full payment or settlement of claims;

(6) A registration issued under this section is valid, unless surrendered, suspended, or revoked by the commissioner, or not renewed for so long as the protection product guarantee provider continues in business in this state and remains in compliance with this chapter. Sec. 3901(a)(4), as long as that risk retention group is in full compliance with the federal liability risk retention act of 1986 (15 U.S.C. Sec. 3901 et seq.), is in good standing in its domiciliary jurisdiction, and properly registered with the commissioner under chapter 48.92 RCW. The insurance required by this subsection must meet the following requirements:

(i) The insurer or risk retention group must, at the time the policy is filed with the commissioner, and continuously thereafter, maintain surplus as to policyholders and paid-in capital of at least fifteen million dollars and annually file audited financial statements with the commissioner; and

(b) The service contract conspicuously states that the obligations of the provider to the service contract holder are guaranteed under the reimbursement insurance policy, the name and address of the issuer of the reimbursement insurance policy, the applicable policy number, and the means by which a service contract holder may file a claim under the policy;

(c) The service contract conspicuously and unambiguously states the name and address of the service contract provider and identifies any administrator if different from the service contract provider, the service contract seller, and the service contract holder. The identity of the service contract seller and the service contract holder are not required to be preprinted on the service contract and may be added to the service contract at the time of sale;

(d) The service contract states the purchase price of the service contract and the terms under which the service contract is sold. The purchase price is not required to be preprinted on the service contract and may be negotiated at the time of sale;

(e) The contract contains a conspicuous statement that has been initialed by the service contract holder and discloses:

(i) Any material conditions that the service contract holder must meet to maintain coverage under the contract including, but not limited to, any maintenance schedule to which the service contract holder must adhere, any requirement placed on the service contract holder for documenting repair or maintenance work, any duty to protect against any further damage, and any procedure to which the service contract holder must adhere for filing claims;

(ii) The work and parts covered by the contract;

(iii) Any time or mileage limitations;

(iv) That the implied warranty of merchantability on the motor vehicle is not waived if the contract has been purchased within ninety days of the purchase date of the motor vehicle from a provider or service contract seller who also sold the motor vehicle covered by the contract;

(v) Any exclusions of coverage; and

(vi) The contract holder's right to return the contract for a refund, which right can be no more restrictive than provided for in subsection (4) of this section;

(f) The service contract states the procedure to obtain service or to file a claim, including but not limited to the procedures for obtaining prior approval for repair work, the toll-free telephone number if prior approval is necessary for service, and the procedure for obtaining emergency repairs performed outside of normal

Service contracts that authorize binding arbitration to resolve claims or disputes must allow for arbitration proceedings to be held at a location in closest proximity to the service contract holder's permanent residence.

(4)(a) At a minimum, every provider shall permit the service contract holder to return the contract within thirty days of its purchase if no claim has been made under the contract, and shall refund to the holder the full purchase price of the contract unless the service contract holder returns the contract ten or more days after its purchase, in which case the provider may charge a cancellation fee not exceeding twenty-five dollars.

(b) If no claim has been made and a contract holder returns the contract after thirty days, the provider shall refund the purchase price pro rata based upon either elapsed time or mileage computed from the date the contract was purchased and the mileage on that date, less a cancellation fee not exceeding twenty-five dollars.

(c) A ten percent penalty shall be added to any refund that is not paid within thirty days of return of the contract to the provider.

(d) If a contract holder returns the contract under this subsection, the contract is void from the beginning and the parties are in the same position as if no contract had been issued.

(e) If a service contract holder returns the contract in accordance with this section, the insurer issuing the reimbursement insurance policy covering the contract shall refund to the provider the full premium by the provider for the contract if canceled within thirty days or a pro rata refund if canceled after thirty days.

(5) A service contract provider shall not deny a claim for coverage based upon the service contract holder's failure to properly maintain the vehicle, unless the failure to maintain the vehicle involved the failed part or parts.

(6) A contract provider has only sixty days from the date of the sale of the service contract to the holder to determine whether or not the vehicle qualifies under the provider's program for that vehicle. After sixty days the vehicle qualifies for the service contract that was issued and the service contract provider may not cancel the contract and is fully obligated under the terms of the contract sold to the service contract holder.

NEW SECTION. Sec. 4. A new section is added to chapter 70.14 RCW to read as follows:

HEALTH TECHNOLOGY COMMITTEE DETERMINATIONS. (1) The committee shall determine, for each health technology selected for review under section 3 of this act: (a) The conditions, if any, under which the health technology will be included as a covered benefit in health care programs of participating agencies; and (b) if covered, the criteria which the participating agency administering the program must use to decide whether the technology is medically necessary, or proper and necessary treatment.

(2) In making a determination under subsection (1) of this section, the committee:

NEW SECTION. Sec. 5. A new section is added to chapter 70.14 RCW to read as follows:

COMPLIANCE BY STATE AGENCIES. (1) A participating agency shall comply with a determination of the committee under section 4 of this act unless:

(2) For a health technology not selected for review under section 3 of this act, a participating agency may use its existing statutory and administrative authority to make coverage and reimbursement determinations. Such determinations shall be shared among agencies, with a goal of maximizing each agency's understanding of the basis for the other's decisions and providing opportunities for agency collaboration.

(3) A health technology not included as a covered benefit under a state purchased health care program pursuant to a determination of the health technology clinical committee under section 4 of this act, or for which a condition of coverage established by the committee is not met, shall not be subject to a determination in the case of an individual patient as to whether it is medically necessary, or proper and necessary treatment.

(4) Nothing in this act diminishes an individual's right under existing law to appeal an action or decision of a participating agency regarding a state purchased health care program. Appeals shall be governed by state and federal law applicable to participating agency decisions.

(c) Access to the systematic assessment completed under section 3(4) of this act, and reports completed under subsection (2) of this section.

(2) Participating agencies shall develop methods to report on the implementation of this section and sections 1 through 6 of this act with respect to health care outcomes, frequency of exceptions, cost outcomes, and other matters deemed appropriate by the administrator.

Sec. 8. RCW 41.05.013 and 2005 c 462 s 3 are each amended to read as follows:

(1) The authority shall coordinate state agency efforts to develop and implement uniform policies across state purchased health care programs that will ensure prudent, cost-effective health services

purchasing, maximize efficiencies in administration of state purchased health care programs, improve the quality of care provided through state purchased health care programs, and reduce administrative burdens on health care providers participating in state purchased health care programs. The policies adopted should be based, to the extent possible, upon the best available scientific and medical evidence and shall endeavor to address:

(a) Methods of formal assessment, such as a health technology assessment under sections 1 through 7 of this act. Consideration of the best available scientific evidence does not preclude consideration of experimental or investigational treatment or services under a clinical investigation approved by an institutional review board;

(b) Monitoring of health outcomes, adverse events, quality, and cost-effectiveness of health services;

(2) The administrator may invite health care provider organizations, carriers, other health care purchasers, and consumers to participate in efforts undertaken under this section.

(3) For the purposes of this section "best available scientific and medical evidence" means the best available clinical evidence derived from systematic research.

NEW SECTION. Sec. 9. A new section is added to chapter 70.14 RCW to read as follows:

Sections 1 through 7 of this act and RCW 41.05.013 do not apply to state purchased health care services that are purchased from or through health carriers as defined in RCW 48.43.005.

NEW SECTION. Sec. 10. Captions used in this act are not any part of the law.

NEW SECTION. Sec. 11. If any part of this act is found to be in conflict with federal requirements that are a prescribed condition to the allocation of federal funds to the state, the conflicting part of this act is inoperative solely to the extent of the conflict and with respect to the agencies directly affected, and this finding does not affect the operation of the remainder of this act in its application to the agencies concerned. Rules adopted under this act must meet federal requirements that are a necessary condition to the receipt of federal funds by the state."

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "amending RCW 41.05.013; adding new sections to chapter 70.14 RCW; and creating new sections."

MESSAGE FROM THE SENATE

March 3, 2006

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2678, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 70.148.020 and 2005 c 518 s 942 are each amended to read as follows:

(1) The pollution liability insurance program trust account is established in the custody of the state treasurer. All funds appropriated for this chapter and all premiums collected for reinsurance shall be deposited in the account. Expenditures from the account shall be used exclusively for the purposes of this chapter including payment of costs of administering the pollution liability insurance and underground storage tank community assistance programs. Expenditures for payment of administrative and operating costs of the agency are subject to the allotment procedures under chapter 43.88 RCW and may be made only after appropriation by statute. No appropriation is required for other expenditures from the account.

(2) Each calendar quarter, the director shall report to the insurance commissioner the loss and surplus reserves required for the calendar quarter. The director shall notify the department of revenue of this amount by the fifteenth day of each calendar quarter.

(3) Each calendar quarter the director shall determine the amount of reserves necessary to fund commitments made to provide financial assistance under RCW 70.148.130 to the extent that the financial assistance reserves do not jeopardize the operations and liabilities of the pollution liability insurance program. The director shall notify the department of revenue of this amount by the fifteenth day of each calendar quarter. The director may immediately establish an initial financial assistance reserve of five million dollars from

available revenues. The director may not expend more than fifteen million dollars for the financial assistance program.

(4) During the 2005-2007 fiscal biennium, the legislature may transfer from the pollution liability insurance program trust account to the state general fund such amounts as reflect the excess fund balance of the account.

(5) This section expires June 1, ~~((2007))~~ 2013.

Sec. 2. RCW 70.148.050 and 1998 c 245 s 115 are each amended to read as follows:

The director has the following powers and duties:

(1) To design and from time to time revise a reinsurance contract providing coverage to an insurer meeting the requirements of this chapter. Before initially entering into a reinsurance contract, the director shall prepare an actuarial report describing the various reinsurance methods considered by the director and describing each method's costs. In designing the reinsurance contract the director shall consider common insurance industry reinsurance contract provisions and shall design the contract in accordance with the following guidelines:

(a) The contract shall provide coverage to the insurer for the liability risks of owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action that are underwritten by the insurer.

(b) In the event of an insolvency of the insurer, the reinsurance contract shall provide reinsurance payable directly to the insurer or to its liquidator, receiver, or successor on the basis of the liability of the insurer in accordance with the reinsurance contract. In no event may the program be liable for or provide coverage for that portion of any covered loss that is the responsibility of the insurer whether or not the insurer is able to fulfill the responsibility.

(c) The total limit of liability for reinsurance coverage shall not exceed one million dollars per occurrence and two million dollars annual aggregate for each policy underwritten by the insurer less the ultimate net loss retained by the insurer as defined and provided for in the reinsurance contract.

(d) Disputes between the insurer and the insurance program shall be settled through arbitration.

(2) To design and implement a structure of periodic premiums due the director from the insurer that takes full advantage of revenue collections and projected revenue collections to ensure affordable premiums to the insured consistent with sound actuarial principles.

(3) To periodically review premium rates for reinsurance to determine whether revenue appropriations supporting the program can be reduced without substantially increasing the insured's premium costs.

(4) To solicit bids from insurers and select an insurer to provide pollution liability insurance to owners and operators of underground storage tanks for third party bodily injury and property damage and corrective action.

(5) To monitor the activities of the insurer to ensure compliance with this chapter and protect the program from excessive loss exposure resulting from claims mismanagement by the insurer.

(6) To monitor the success of the program and periodically make such reports and recommendations to the legislature as the director deems appropriate, and to annually publish a financial report on the pollution liability insurance program trust account showing, among other things, administrative and other expenses paid from the fund.

(7) To annually report the financial and loss experience of the insurer as to policies issued under the program and the financial and loss experience of the program to the legislature.

~~(8) ((To evaluate the effects of the program upon the private market for liability insurance for owners and operators of underground storage tanks and make recommendations to the legislature on the necessity for continuing the program to ensure availability of such coverage.~~

~~---~~ ~~(9))~~ To enter into contracts with public and private agencies to assist the director in his or her duties to design, revise, monitor, and evaluate the program and to provide technical or professional assistance to the director.

~~((10))~~ (9) To examine the affairs, transactions, accounts, records, documents, and assets of insurers as the director deems advisable.

Sec. 3. RCW 70.148.900 and 2000 c 16 s 1 are each amended to read as follows:

This chapter shall expire June 1, (~~2007~~) 2013.

- 2000 c 16 s 5 & 1997 c 8 s 3 (uncodified); and
- 2005 c 428 s 4 (uncodified)."

On page 1, line 1 of the title, after "agency;" strike the remainder of the title and insert "amending RCW 70.148.020, 70.148.050, 70.148.900, 70.149.900, and 82.23A.902; repealing 2000 c 16 s 4 and 1998 c 245 s 178 (uncodified); repealing 2000 c 16 s 5 and 1997 c 8 s 3 (uncodified); repealing 2005 c 428 s 4 (uncodified); and providing an expiration date."

POINT OF PERSONAL PRIVILEGE

Representative Ericks: "Thank you, Mr. Speaker. We've, over the course of what seems like a very long session, been able to do our jobs, go about our business because of a group of employees that have made sure we have been safe in the pursuit of our duties. That would be our Security employees. You will all remember that last year we had the big metal

detectors and other pieces of apparatus that were intended to make us safe. What I know based on the work I've done my whole life is that it is the people that make us safe. So, Mr. Speaker, I would like to see this body recognize the efforts of our Security personnel and invite them in to recognize them in a way that is appropriate. Thank you, Mr. Speaker."

POINT OF PERSONAL PRIVILEGE

Representative DeBolt: "Thank you, Mr. Speaker. Ladies and gentlemen of the House, I really want to say thank you from the bottom of my caucus's heart to the people who keep us safe, who make this work. Not only do they help keep us safe and protect us from all those outside forces that are always banging on the door and causing peril, but they are also there to help us whenever we need a helping hand with anything. You know, the thing that is amazing to me, not only do they help us and work with us, but they are our friends. These are people that I value dearly and that to me, make a world of difference and make this place a little bit easier. It gets tiring and it gets hard but it is always nice that they have a smile for us and they let us in when we forget our cards, and they help us with our day. And they provide us with entertainment. My hat goes off to you. Thank you so much for what you do for us and our families and all the members of this body. Thank you."

HOUSE RESOLUTION NO. 4712 was adopted.

POINT OF PERSONAL PRIVILEGE

Representative Hunt: "Thank you, Mr. Speaker. As we wind down to the end of the Session, I want to remind the members of some things that go on around here. We show up everyday for hearings, for floor action, for various events and everything is always there in place for us. We get to a cutoff resolution, we take a big sigh of relief and head to dinner or to home or to our offices to put our feet up on the chair or desk and relax. However, there is tons of work that needs to be done. And a lot of that work is done by our OPR staff who are here with us today. With your permission, Mr. Speaker, I would like to have you invite them out on the floor. We have wonderfully talented, hard-working staff who prepare the amendments, do the hearings, are always here to help us – when we go home at night, they are still here. When we come here in the morning, they are already here. When we are taking a little time off Sunday, most of them were here working and slaving to make sure our jobs gets down. I just want to say on behalf of the House, a big thank you to all of you on the OPR staff for all the work you do because we couldn't do our jobs without your help and without your high quality work. Thank you."

POINT OF PERSONAL PRIVILEGE

Representative Armstrong: "Thank you, Mr. Speaker. I too want to echo the thanks to the OPR staff. Boy, it is a great looking crew, isn't it? We are extremely fortunate to work in this environment but I have to tell you that we all recognize that without the role you play that we would not be successful in what we do. I don't think we say thank you enough to each and everyone of you. I just want to make sure that you know how strong we feel about the work and how important the work you do is for us and the citizens of Washington State. So thank you very much."

MESSAGE FROM THE SENATE

March 6, 2006

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2871, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that effective transportation planning in urbanized regions requires stronger and clearer lines of responsibility and accountability.

The legislature further finds that integrated, multimodal transportation planning will help reduce transportation congestion and improve safety, and that streamlined decision making will help reduce political congestion.

The legislature further finds that coordinated planning of, investment in, and operation of transportation systems will have significant benefit to the citizens of Washington, and that it is the will of the people to fund regional transportation solutions, including improving transit service in urbanized areas and among existing, fragmented transit agencies in the region. Although equity considerations must be respected, transportation problems are broader and deeper than the sum of geographic subareas.

It is therefore the policy of the state of Washington to create a regional transportation commission to develop a proposal for a regional transportation governing entity more directly accountable to the public, and to develop a comprehensive regional transportation finance plan for the citizens of the Puget Sound metropolitan region.

NEW SECTION. Sec. 2. (1) The regional transportation commission is established.

(2) The commission shall consist of seven voting commissioners. The commissioners shall be appointed by the governor by June 1, 2006. In addition, the secretary of transportation or the secretary's designee shall serve as a nonvoting member. Appointments of commissioners shall reflect geographical balance and diversity of populations within the central Puget Sound region and, to the extent possible, include commissioners with special expertise in relevant fields such as funding, planning, and construction of transportation improvement projects, structural reorganizations, and operation of transportation systems. Appointees must be citizen members who do not hold public office. Vacancies for any appointed commission seat shall be filled in the same manner as the original appointments were made.

(3) The term of office for a commissioner begins seven days following appointment by the governor. A commissioner must be a

qualified elector under the state Constitution when his or her term of office begins.

(4) The commission chair presides over the commission and sets the commission agenda subject to general rules established by the commission. Except as provided otherwise in this act, the commission chair appoints all members of the committees, councils, and boards created by the rules of the commission. The commission chair shall be designated by the governor from among the commissioners appointed under subsection (2) of this section.

(5) Each member of the commission is eligible to receive compensation in an amount not to exceed two hundred fifty dollars for each day during which the member attends an official meeting of the group or performs statutorily prescribed duties approved by the chair. A commissioner may be compensated under this subsection only if the compensation is necessarily incurred in the course of authorized business, consistent with the responsibilities of the commission established by this act.

(6) The commission may be entitled to state funding, as appropriated by the legislature, to pay for expenses incurred by the commission and the department of transportation and through contracts in carrying out the duties authorized in this act.

(7) The department of transportation shall provide staff support to the commission and, upon request of the commission, contract with other parties for staff support to the commission.

NEW SECTION. Sec. 3. The regional transportation commission has the following duties:

(1) Evaluate transportation governance in the central Puget Sound area within the jurisdiction of the Puget Sound regional council. This evaluation must include an assessment of the current roles of regional transportation agencies, including regional transportation and metropolitan planning organizations, the regional transit authority, regional transportation investment districts, county and municipal agencies operating transit services, and cities, counties, and other public agencies providing transportation services or facilities. The commission shall assess and develop recommendations for what steps should be taken to:

(a) Consolidate governance among agencies, including changes in institutional powers, structures, and relationships and governance needed to improve accountability for transportation decisions, while enhancing the regional focus for transportation decisions and maintaining equity among citizens in the region;

(b) Improve coordination in the planning of transportation investments and services;

(c) Improve investment strategies;

(d) Coordinate transportation planning and investments with adopted land use policies within the region;

(e) Enhance efficiency and coordination in the delivery of services provided;

(f) Adjust boundaries for agencies or functions within the region to address existing and future transportation and land use issues; and

(g) Improve coordination between regional investments and federal funds, and state funding, including those administered by the transportation improvement board, the county road administration board, and the freight mobility strategic investment board;

(2) Develop options for a regional transportation governance proposal that include, at a minimum, an option providing for the formation of a regional transportation governing entity, of which all or a majority of its members must be directly elected, the revenue sources that will be available to such entity, and the scope of planning authority of such entity;

(3) Publicize the commission's proposal referenced in subsection (2) of this section by November 15, 2006, and provide at least fifteen days for public comment;

(4) Adopt the proposal referenced in subsection (2) of this section and submit it to the legislature by January 1, 2007, after which time the commission shall dissolve; and

(5) Conduct public meetings to assure active public participation in the development of the recommendations, proposal, and finance plan under this section.

Sec. 4. RCW 36.120.020 and 2002 c 56 s 102 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the governing body of a regional transportation investment district.

(2) "Department" means the Washington state department of transportation.

(3) "Highway of statewide significance" means an existing or proposed state route or federal interstate designated as a highway of statewide significance by the transportation commission, its successor entity, or the legislature.

(4) "Lead agency" means a public agency that by law can plan, design, and build a transportation project and has been so designated by the district.

(5) "Regional transportation investment district" or "district" means a municipal corporation (~~whose boundaries are coterminous with two or more contiguous counties and~~) that has been created by county legislative authorities and a vote of the people under this chapter to implement a regional transportation investment plan.

(6) "Regional transportation investment district planning committee" or "planning committee" means the advisory committee created under RCW 36.120.030 to create and propose to county legislative authorities a regional transportation investment plan to develop, finance, and construct transportation projects.

(7) "Regional transportation investment plan" or "plan" means a plan to develop, construct, and finance a transportation project or projects.

(8) "Transportation project" means:

(a) A capital improvement or improvements to a highway that has been designated, in whole or in part, as a highway of statewide significance, including an extension, that:

(i) Adds a lane or new lanes to an existing state or federal highway; or

(ii) Repairs or replaces a lane or lanes damaged by an event declared an emergency by the governor before January 1, 2002.

(b) A capital improvement or improvements to all or a portion of a highway of statewide significance, including an extension, and may include the following associated multimodal capital improvements:

(i) Approaches to highways of statewide significance;

(ii) High-occupancy vehicle lanes;

(iii) Flyover ramps;

(iv) Park and ride lots;

(v) Bus pullouts;

(vi) Vans for vanpools;

(vii) Buses; and

(viii) Signalization, ramp metering, and other transportation system management improvements.

(c) A capital improvement or improvements to all or a portion of a city street, county road, or existing highway or the creation of a new highway that intersects with a highway of statewide significance, if all of the following conditions are met:

(i) The project is included in a plan that makes highway improvement projects that add capacity to a highway or highways of statewide significance;

(ii) The secretary of transportation determines that the project would better relieve traffic congestion than investing that same money in adding capacity to a highway of statewide significance;

(iii) Matching money equal to ~~((one-third))~~ fifteen percent of the total cost of the project is provided by local entities, including but not limited to a metropolitan planning organization, county, city, port, or private entity in which a county participating in a plan is located. Local entities may use federal grants to meet this matching requirement;

(iv) In no case may the cumulative regional transportation investment district contribution to all projects constructed under this subsection (8)(c) exceed ten percent of the revenues generated by the district;

(v) In no case may the cumulative regional transportation investment district contribution to all projects constructed under this subsection (8)(c) exceed one billion dollars; and

(vi) The specific projects are included within the plan and submitted as part of the plan to a vote of the people.

(d) Operations, preservation, and maintenance are excluded from this definition and may not be included in a regional transportation investment plan. However, operations, preservation, and maintenance for the following purposes are expressly authorized and may be included in a regional transportation investment plan:

(i) Tolled facilities where toll revenues have been pledged for the payment of contracts. The authority under this subsection includes operational expenses for toll enforcement;

(ii) Operational expenses for traffic mitigation provided solely for transportation project construction mitigation directly related to specific projects as outlined in the plan; and

(iii) Passenger-only ferry service supported by the taxes authorized under RCW 82.14.430.

(9) "Weighted vote" means a vote that reflects the population each board or planning committee member represents relative to the population represented by the total membership of the board or planning committee. Population will be determined using the federal 2000 census or subsequent federal census data.

Sec. 5. RCW 36.120.030 and 2002 c 56 s 103 are each amended to read as follows:

Regional transportation investment district planning committees are advisory entities that are created, convened, and empowered as follows:

(1) A county with a population over one million five hundred thousand persons and any adjoining counties with a population over five hundred thousand persons may create a regional transportation investment district and shall convene a regional transportation investment district planning committee.

(a) The boundaries of the district should include at least the contiguous areas within the regional transit authority serving the counties. The boundaries must be proposed by the planning committee and approved by the county legislative authorities before or in conjunction with approval of a regional transportation investment plan. Boundaries must follow complete parcels of land. However, any portion of a county that is located on a peninsula shall be exempt from a regional transportation investment district in which more than one county is included if (i) the portion of the county located on the peninsula is connected to the other portion of the county by a bridge improved under chapter 47.46 RCW, and (ii) the county has a national park and a population of more than five hundred thousand persons, but less than one million five hundred thousand persons.

(b) After voters within the district boundaries have approved a plan under RCW 36.120.070, elections to add areas to the district boundaries may be called by a resolution of the board, after consultation with the regional transportation planning organization and affected transit agencies and with the concurrence of the legislative authority of the city or town if the area is incorporated or with the concurrence of the county legislative authority if the area is unincorporated. The election may include a single ballot measure providing annexation to the district, approval of the plan, and approval of revenue sources necessary to finance the plan. The electorate are the voters voting within the proposed area to be annexed. A simple majority of the persons voting on the single ballot measure is required for approval of the measure. This option for annexation applies to areas within the counties initially establishing a district and also to areas within a county having a population over two hundred thirty thousand persons and whose boundaries abut three counties eligible to form a district under this subsection.

(2) The members of the legislative authorities participating in planning under this chapter shall serve as the district planning committee. Members of the planning committee receive no compensation, but may be reimbursed for travel and incidental expenses as the planning committee deems appropriate.

The secretary of transportation, or the appropriate regional administrator of the department, as named by the secretary, shall serve on the committee as a nonvoting member.

(3) A regional transportation investment district planning committee may be entitled to state funding, as appropriated by the legislature, for start-up funding to pay for salaries, expenses, overhead, supplies, and similar expenses ordinarily and necessarily incurred in selecting transportation projects and funding for those

transportation projects under this chapter. Upon creation of a regional transportation investment district, the district shall within one year reimburse the state for any sums advanced for these start-up costs from the state.

(4) The planning committee shall conduct its affairs and formulate a regional transportation investment plan as provided under RCW 36.120.040, except that it shall elect an executive board of seven members to discharge the duties of the planning committee and formulate a regional transportation investment plan, subject to the approval of the full committee.

(5) At its first meeting, a regional transportation investment district planning committee may elect officers and provide for the adoption of rules and other operating procedures.

(6) Governance of and decisions by a regional transportation investment district planning committee must be by a sixty-percent weighted majority vote of the total membership.

(7) The planning committee may dissolve itself at any time by a two-thirds weighted majority vote of the total membership of the planning committee.

(8) If a multicounty regional transportation investment district is not formed by December 1, 2007, through approval by the voters voting on a regional transportation investment plan, then the authority under this chapter to create a district, and to fund and construct transportation projects, shall be available to each of the eligible counties described in subsection (1) of this section on an individual and independent basis.

Sec. 6. RCW 36.120.040 and 2003 c 194 s 1 are each amended to read as follows:

(1) A regional transportation investment district planning committee shall adopt a regional transportation investment plan providing for the development, construction, and financing of transportation projects. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria;

(b) The input of cities located within a participating county; and

(c) The input of regional transportation planning organizations ~~((m))~~ of which a participating county is ~~((located))~~ a member. A regional transportation planning organization in which a participating county is located shall review its adopted regional transportation plan and submit, for the planning committee's consideration, its list of transportation improvement priorities.

(2) The planning committee may coordinate its activities with the department, which shall provide services, data, and personnel to assist in this planning as desired by the planning committee. In addition, the planning committee may coordinate its activities with affected cities, towns, and other local governments, including any regional transit authority existing within the participating counties' boundaries, that engage in transportation planning.

(3) The planning committee shall:

(a) Conduct public meetings that are needed to assure active public participation in the development of the plan;

(b) Adopt a plan proposing the:

(i) Creation of a regional transportation investment district, including district boundaries; and

(ii) Construction of transportation projects to improve mobility within each county and within the region. Operations, maintenance, and preservation of facilities or systems may not be part of the plan, except for the limited purposes provided under RCW 36.120.020(8)(d); and

(c) Recommend sources of revenue authorized by RCW 36.120.050 and a financing plan to fund selected transportation projects. The overall plan of the district must leverage the district's financial contributions so that the federal, state, local, and other revenue sources continue to fund major congestion relief and transportation capacity improvement projects in each county and the district. A combination of local, state, and federal revenues may be necessary to pay for transportation projects, and the planning committee shall consider all of these revenue sources in developing a plan.

(4) The plan must use tax revenues and related debt for projects that generally benefit a participating county in proportion to the general level of tax revenues generated within that participating

county. This equity principle applies to all modifications to the plan, appropriation of contingency funds not identified within the project estimate, and future phases of the plan. During implementation of the plan, the board shall retain the flexibility to manage distribution of revenues, debt, and project schedules so that the district may effectively implement the plan. Nothing in this section should be interpreted to prevent the district from pledging district-wide tax revenues for payment of any contract or debt entered into under RCW 36.120.130.

(5) Before adopting the plan, the planning committee, with assistance from the department, shall work with the lead agency to develop accurate cost forecasts for transportation projects. This project costing methodology must be integrated with revenue forecasts in developing the plan and must at a minimum include estimated project costs in constant dollars as well as year of expenditure dollars, the range of project costs reflected by the level of project design, project contingencies, identification of mitigation costs, the range of revenue forecasts, and project and plan cash flow and bond analysis. The plan submitted to the voters must provide cost estimates for each project, including reasonable contingency costs. Plans submitted to the voters must provide that the maximum amount possible of the funds raised will be used to fund projects in the plan, including environmental improvements and mitigation, and that administrative costs be minimized. If actual revenue exceeds actual plan costs, the excess revenues must be used to retire any outstanding debt associated with the plan.

(6) If a county opts not to adopt the plan or participate in the regional transportation investment district, but two or more contiguous counties do choose to continue to participate, then the planning committee may, within ninety days, redefine the regional transportation investment plan and the ballot measure to be submitted to the people to reflect elimination of the county, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to adopt the redefined plan and participate. This action must be completed within sixty days after receipt of the redefined plan.

(7) Once adopted by the planning committee, the plan must be forwarded to the participating county legislative authorities to initiate the election process under RCW 36.120.070. The planning committee shall at the same time provide notice to each city and town within the district, the governor, the chairs of the transportation committees of the legislature, the secretary of transportation, and each legislator whose legislative district is partially or wholly within the boundaries of the district.

(8) If the ballot measure is not approved, the planning committee may redefine the selected transportation projects, financing plan, and the ballot measure. The county legislative authorities may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at the next election or a special election. If no ballot measure is approved by the voters by the third vote, the planning committee is dissolved.

Sec. 7. RCW 36.120.070 and 2002 c 56 s 107 are each amended to read as follows:

(1) Two or more contiguous county legislative authorities, upon receipt of the regional transportation investment plan under RCW 36.120.040, may ~~((certify the plan to the ballot, including identification of the tax options))~~ submit to the voters of the proposed district a single ballot measure that approves formation of the district, approves the regional transportation investment plan, and approves the revenue sources necessary to ((fund)) finance the plan. ((County legislative authorities)) The planning committee may draft ((a ballot title-)) the ballot measure on behalf of the county legislative authorities, and the county legislative authorities may give notice as required by law for ballot measures, and perform other duties as required to ((put the plan before)) submit the measure to the voters of the proposed district for their approval or rejection ((as a single ballot measure that both approves formation of the district and approves the plan)). Counties may negotiate interlocal agreements necessary to implement the plan. The electorate will be the voters voting within the boundaries of the ~~((participating counties))~~ proposed district. A simple majority of the total persons voting on

the single ballot measure (~~(to approve the plan, establish the district, and approve the taxes and fees)~~) is required for approval. (2) In conjunction with RCW 81.112.030(10), prior to December 1, 2007, the plan must be submitted to the voters on the same ballot along with a proposition to support additional implementation phases of a regional transit authority's system and financing plan.

Sec. 8. RCW 29A.36.071 and 2004 c 271 s 169 are each amended to read as follows:

(1) Except as provided to the contrary in RCW 82.14.036, 82.46.021, or 82.80.090, the ballot title of any referendum filed on an enactment or portion of an enactment of a local government and any other question submitted to the voters of a local government consists of three elements: (a) An identification of the enacting legislative body and a statement of the subject matter; (b) a concise description of the measure; and (c) a question. The ballot title must conform with the requirements and be displayed substantially as provided under RCW 29A.72.050, except that the concise description must not exceed seventy-five words; however, a concise description submitted on behalf of a proposed or existing regional transportation investment district may exceed seventy-five words. If the local governmental unit is a city or a town, the concise statement shall be prepared by the city or town attorney. If the local governmental unit is a county, the concise statement shall be prepared by the prosecuting attorney of the county. If the unit is a unit of local government other than a city, town, or county, the concise statement shall be prepared by the prosecuting attorney of the county within which the majority area of the unit is located.

(2) A referendum measure on the enactment of a unit of local government shall be advertised in the manner provided for nominees for elective office.

(3) Subsection (1) of this section does not apply if another provision of law specifies the ballot title for a specific type of ballot question or proposition.

Sec. 9. RCW 36.120.080 and 2002 c 56 s 108 are each amended to read as follows:

If the voters approve the plan, including creation of a regional transportation investment district and imposition of taxes and fees, the district will be declared formed. The county election officials of participating counties shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the district declaring the district formed, and mail copies of the notice to the governor, the secretary of transportation, the executive director of the regional transit authority in which any part of the district is located, and the executive director of the regional transportation planning organization in which any part of the district is located. A party challenging the procedure or the formation of a voter-approved district must file the challenge in writing by serving the prosecuting attorney of the participating counties and the attorney general within thirty days after the final certification of the election. Failure to challenge within that time forever bars further challenge of the district's valid formation.

Sec. 10. RCW 36.120.110 and 2002 c 56 s 111 are each amended to read as follows:

(1) The governing board of the district is responsible for the execution of the voter-approved plan. The board shall:

(a) Impose taxes and fees authorized by district voters;

(b) Enter into agreements with state, local, and regional agencies and departments as necessary to accomplish district purposes and protect the district's investment in transportation projects;

(c) Accept gifts, grants, or other contributions of funds that will support the purposes and programs of the district;

(d) Monitor and audit the progress and execution of transportation projects to protect the investment of the public and annually make public its findings;

(e) Pay for services and enter into leases and contracts, including professional service contracts;

(f) Hire no more than ten employees, including a director or executive officer, a treasurer or financial officer, a project manager or engineer, a project permit coordinator, and clerical staff; and

(g) Coordinate its activities with affected cities, towns, and other local governments, including any regional transit authority existing either partially or entirely within the district area, that engage in transportation planning; and

(h) Exercise other powers and duties as may be reasonable to carry out the purposes of the district.

(2) It is the intent of the legislature that existing staff resources of lead agencies be used in implementing this chapter. A district may coordinate its activities with the department, which shall provide services, data, and personnel to assist as desired by the regional transportation investment district. Lead agencies for transportation projects that are not state facilities shall also provide staff support for the board.

(3) A district may not acquire, hold, or dispose of real property.

(4) Except for the limited purposes provided under RCW 36.120.020(8)(d), a district may not own, operate, or maintain an ongoing facility, road, or transportation system.

(5) A district may accept and expend or use gifts, grants, or donations.

(6) It is the intent of the legislature that administrative and overhead costs of a regional transportation investment district be minimized. For transportation projects costing up to fifty million dollars, administrative and overhead costs may not exceed three percent of the total construction and design project costs per year. For transportation projects costing more than fifty million dollars, administrative and overhead costs may not exceed three percent of the first fifty million dollars in costs, plus an additional one-tenth of one percent of each additional dollar above fifty million. These limitations apply only to the district, and do not limit the administration or expenditures of the department.

(7) A district may use the design-build procedure for transportation projects developed by it. As used in this section "design-build procedure" means a method of contracting under which the district contracts with another party for that party to both design and build the structures, facilities, and other items specified in the contract. The requirements and limitations of RCW 47.20.780 and 47.20.785 do not apply to the transportation projects under this chapter.

Sec. 11. RCW 81.112.030 and 1994 c 44 s 1 are each amended to read as follows:

Two or more contiguous counties each having a population of four hundred thousand persons or more may establish a regional transit authority to develop and operate a high capacity transportation system as defined in chapter 81.104 RCW.

The authority shall be formed in the following manner:

(1) The joint regional policy committee created pursuant to RCW 81.104.040 shall adopt a system and financing plan, including the definition of the service area. This action shall be completed by September 1, 1992, contingent upon satisfactory completion of the planning process defined in RCW 81.104.100. The final system plan shall be adopted no later than June 30, 1993. In addition to the requirements of RCW 81.104.100, the plan for the proposed system shall provide explicitly for a minimum portion of new tax revenues to be allocated to local transit agencies for interim express services. Upon adoption the joint regional policy committee shall immediately transmit the plan to the county legislative authorities within the adopted service area.

(2) The legislative authorities of the counties within the service area shall decide by resolution whether to participate in the authority. This action shall be completed within forty-five days following receipt of the adopted plan or by August 13, 1993, whichever comes first.

(3) Each county that chooses to participate in the authority shall appoint its board members as set forth in RCW 81.112.040 and shall submit its list of members to the secretary of the Washington state department of transportation. These actions must be completed within thirty days following each county's decision to participate in the authority.

(4) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the appointments. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.

(5) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. If the joint regional policy committee fails to adopt a plan by June 30, 1993, the authority shall proceed to do so based on the work completed by that date by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies' plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of parallel competitive services. The authority shall also conduct a minimum thirty-day public comment period.

(6) If the authority determines that major modifications to the plan are necessary before the initial ballot proposition is submitted to the voters, the authority may make those modifications with a favorable vote of two-thirds of the entire membership. Any such modification shall be subject to the review process set forth in RCW 81.104.110. The modified plan shall be transmitted to the legislative authorities of the participating counties. The legislative authorities shall have forty-five days following receipt to act by motion or ordinance to confirm or rescind their continued participation in the authority.

(7) If any county opts to not participate in the authority, but two or more contiguous counties do choose to continue to participate, the authority's board shall be revised accordingly. The authority shall, within forty-five days, redefine the system and financing plan to reflect elimination of one or more counties, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(8) The authority shall place on the ballot within two years of the authority's formation, a single ballot proposition to authorize the imposition of taxes to support the implementation of an appropriate phase of the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(2)(d), the system plan approved by the authority's board before the submittal of a proposition to the voters shall contain an equity element which:

(a) Identifies revenues anticipated to be generated by corridor and by county within the authority's boundaries;

(b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor. Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and

(c) Identifies the degree to which revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is affirmative, the authority shall begin implementation of the projects identified in the proposition. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.

(9) If the vote on a proposition fails, the board may redefine the proposition, make changes to the authority boundaries, and make corresponding changes to the composition of the board. If the composition of the board is changed, the participating counties shall revise the membership of the board accordingly. The board may then submit the revised proposition or a different proposition to the voters. No single proposition may be submitted to the voters more than twice.

(10) The authority may place additional propositions on the ballot to impose taxes to support additional phases of plan implementation. In conjunction with RCW 36.120.070, prior to December 1, 2007, the proposition must be submitted to the voters on the same ballot along with a proposed regional transportation investment plan.

(11) If the authority is unable to achieve a positive vote on a proposition within two years from the date of the first election on a proposition, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire

membership of the voting members, the board may also dissolve the authority.

Sec. 12. RCW 36.120.050 and 2003 c 350 s 4 are each amended to read as follows:

(1) A regional transportation investment district planning committee may, as part of a regional transportation investment plan, recommend the imposition of some or all of the following revenue sources, which a regional transportation investment district may impose upon approval of the voters as provided in this chapter:

(b) A local option vehicle license fee, as specified under RCW 82.80.100, of up to one hundred dollars per vehicle registered in the district. (i) Any such toll must be approved by the state transportation commission or its successor;

(ii) The regional transportation investment plan must identify the facilities that may be tolled; and

(iii) Unless otherwise specified by law, the department shall administer the collection of vehicle tolls on designated facilities, and the state transportation commission, or its successor, shall be the tolling authority.

(2) Taxes, fees, and tolls may not be imposed without an affirmative vote of the majority of the voters within the boundaries of the district voting on a ballot proposition as set forth in RCW 36.120.070. Revenues from these taxes and fees may be used only to implement the plan as set forth in this chapter. A district may contract with the state department of revenue or other appropriate entities for administration and collection of any of the taxes or fees authorized in this section.

(3) Existing statewide motor vehicle fuel and special fuel taxes, at the distribution rates in effect on January 1, 2001, are not intended to be altered by this chapter.

NEW SECTION. Sec. 27. A new section is added to chapter 47.01 RCW to read as follows:

The department shall not commence construction on any part of the state route number 520 bridge replacement and HOV project until agreements have been reached with the incorporated towns or cities directly affected by the project. The agreements must provide reasonable assurance that any degradation in the citizens' current use and enjoyment of their properties as a result of repairs and improvements made to the state route number 520 bridge and its connecting roadways will be addressed through engineering design choices, mitigation measures, or a combination of both.

NEW SECTION. Sec. 28. A new section is added to chapter 36.120 RCW to read as follows:

(1) Prior to a regional transportation public vote conducted under this chapter, the department of transportation must complete all of the following requirements for both the Alaskan Way viaduct and Seattle Seawall replacement project, and the state route number 520 bridge replacement and HOV project: (a) In accordance with the national environmental policy act, the department must designate the preferred alternative, prepare a substantial project mitigation plan, and complete a comprehensive cost estimate review using the department's cost estimate validation process, for each project; (b) in accordance with all applicable federal highway administration planning and project management requirements, the department must prepare a project finance plan for each project that clearly identifies secured and anticipated fund sources, cash flow timing requirements, and project staging and phasing plans if applicable; and (c) the department must report these results for each project to the joint transportation committee.

(2) The requirements of this section shall not apply to (a) utility relocation work, and related activities, on the Alaskan Way viaduct and Seattle Seawall replacement project and (b) off-site pontoon construction, and related activities, supporting the state route number 520 bridge replacement and HOV project.

Sec. 29. RCW 81.112.050 and 1998 c 192 s 1 are each amended to read as follows:

(1) At the time of formation, the area to be included within the boundary of the authority shall be that area set forth in the system plan adopted by the joint regional policy committee. Prior to submitting the system and financing plan to the voters, the authority may make adjustments to the boundaries as deemed appropriate but must assure that, to the extent possible, the boundaries: (a) Include the largest-population urban growth area designated by each county under chapter 36.70A RCW; and (b) follow election precinct boundaries. If a portion of any city is determined to be within the service area, the entire city must be included within the boundaries of the authority.

(2) After voters within the authority boundaries have approved the system and financing plan, elections to add areas contiguous to the authority boundaries may be called by resolution of the regional transit authority, after consultation with affected transit agencies and with the concurrence of the legislative authority of the city or town if the area is incorporated, or with the concurrence of the county legislative authority if the area is unincorporated. Only those areas that would benefit from the services provided by the authority may be included and services or projects proposed for the area must be consistent with the regional transportation plan. The election may include a single ballot proposition providing for annexation to the authority boundaries and imposition of the taxes at rates already imposed within the authority boundaries. Alternatively, the annexation proposition may be submitted as part of a proposition to support additional implementation phases of the authority's system and financing plan as provided in RCW 81.112.030(10), in which case a simple majority of the combined electorate, voting within the existing boundaries and the proposed area to be annexed, is required to approve the annexation, along with approval of the plan and the revenue sources necessary to finance the plan.

(3) Upon receipt of a resolution requesting exclusion from the boundaries of the authority from a city whose municipal boundaries cross the boundaries of an authority and thereby result in only a portion of the city being subject to local option taxes imposed by the authority under chapters 81.104 and 81.112 RCW in order to implement a high-capacity transit plan, and where the vote to approve the city's incorporation occurred simultaneously with an election approving the local option taxes, then upon a two-thirds majority vote of the governing board of the authority, the governing board shall redraw the boundaries of the authority to exclude that portion of the city that is located within the authority's boundaries, and the excluded area is no longer subject to local option taxes imposed by the authority. This subsection expires December 31, 1998.

NEW SECTION. Sec. 30. Section 23 of this act expires July 1, 2006.

NEW SECTION. Sec. 31. Section 24 of this act takes effect July 1, 2006."

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 3261, with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.95.003 and 1997 c 350 s 2 are each amended to read as follows:

The board shall consist of a (~~chairman~~) chair, a vice-chair, and (~~two~~) three other members, each of whom shall be appointed by the governor with the consent of the senate. Each member shall hold office for a term of five years, and until his or her successor is appointed and qualified. The terms shall expire on April 15th of the expiration year. Vacancies in the membership of the board shall be filled by appointment by the governor with the consent of the senate. In the event of the inability of any member to act, the governor shall appoint some competent person to act in his stead during the continuance of such inability. The members shall not be removable during their respective terms except for cause determined by the superior court of Thurston county. The governor in appointing the members shall designate one of them to serve as chairman at the governor's pleasure.

The members of the board and its officers and employees shall not engage in any other business or profession or hold any other public office without the prior approval of the executive ethics board indicating compliance with RCW 42.52.020, 42.52.030, 42.52.040 and 42.52.120; nor shall they, at the time of appointment or employment or during their incumbency, serve as the representative of any political party on an executive committee or other governing body thereof, or as an executive officer or employee of any political committee or association. The members of the board shall each severally receive salaries fixed by the governor in accordance with the provisions of RCW 43.03.040, and in addition shall receive travel expenses incurred in the discharge of their official duties in accordance with RCW 43.03.050 and 43.03.060.

The board may employ, and fix, with the approval of the governor, the compensation of and prescribe the duties of a secretary and such officers, employees, and assistants as may be necessary, and provide necessary quarters, supplies, and equipment.

Sec. 2. RCW 9.95.420 and 2002 c 174 s 1 are each amended to read as follows:

(1)(a) Except as provided in (c) of this subsection, before the expiration of the minimum term, as part of the end of sentence review process under RCW 72.09.340, 72.09.345, and where appropriate, 72.09.370, the department shall conduct, and the offender shall participate in, an examination of the offender, incorporating methodologies that are recognized by experts in the prediction of sexual dangerousness, and including a prediction of the probability that the offender will engage in sex offenses if released.

(b) The board may contract for an additional, independent examination, subject to the standards in this section.

(c) If at the time the sentence is imposed by the superior court the offender's minimum term has expired or will expire within one hundred twenty days of the sentencing hearing, the department shall conduct, within ninety days of the offender's arrival at a department of corrections facility, and the offender shall participate in, an examination of the offender, incorporating methodologies that are recognized by experts in the prediction of sexual dangerousness, and including a prediction of the probability that the offender will engage in sex offenses if released.

(2) The board shall impose the conditions and instructions provided for in RCW 9.94A.720. The board shall consider the department's recommendations and may impose conditions in addition to those recommended by the department. The board may impose or modify conditions of community custody following notice to the offender.

(3)(a) Except as provided in (b) of this subsection, no later than ninety days before expiration of the minimum term, but after the board receives the results from the end of sentence review process and the recommendations for additional or modified conditions of community custody from the department, the board shall conduct a hearing to determine whether it is more likely than not that the offender will engage in sex offenses if released on conditions to be set by the board. The board may consider an offender's failure to participate in an evaluation under subsection (1) of this section in determining whether to release the offender. The board shall order the offender released, under such affirmative and other conditions as the board determines appropriate, unless the board determines by a

preponderance of the evidence that, despite such conditions, it is more likely than not that the offender will commit sex offenses if released. If the board does not order the offender released, the board shall establish a new minimum term, not to exceed an additional two years.

(b) If at the time the offender's minimum term has expired or will expire within one hundred twenty days of the offender's arrival at a department of correction's facility, then no later than one hundred twenty days after the offender's arrival at a department of corrections facility, but after the board receives the results from the end of sentence review process and the recommendations for additional or modified conditions of community custody from the department, the board shall conduct a hearing to determine whether it is more likely than not that the offender will engage in sex offenses if released on conditions to be set by the board. The board may consider an offender's failure to participate in an evaluation under subsection (1) of this section in determining whether to release the offender. The board shall order the offender released, under such affirmative and other conditions as the board determines appropriate, unless the board determines by a preponderance of the evidence that, despite such conditions, it is more likely than not that the offender will commit sex offenses if released. If the board does not order the offender released, the board shall establish a new minimum term, not to exceed an additional two years.

(4) In a hearing conducted under subsection (3) of this section, the board shall provide opportunities for the victims of any crimes for which the offender has been convicted to present oral, video, written, or in-person testimony to the board. The procedures for victim input shall be developed by rule. To facilitate victim involvement, county prosecutor's offices shall ensure that any victim impact statements and known contact information for victims of record are forwarded as part of the judgment and sentence.

NEW SECTION. Sec. 3. Section 1 of this act takes effect April 15, 2007. Section 2 of this act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

POINT OF PERSONAL PRIVILEGE

Representative Williams: "Thank you, Mr. Speaker. Earlier today we recognized the hard work of our staff in the Office of Program Resources. Certainly, each of us is grateful for the work that they do with respect to all of our policy committees. But laboring behind the scenes are the members and hard working staff of the Code Revisor's Office. This year we have been graced with a new Code Revisor – Kyle Thiessen – for the first time in decades – who has done a very able job of leading that office of hard working attorneys. I stand today, as a member myself of the Statute Law Committee, to recognize the work of the attorneys that comprise our Code Revisor's Office."

POINT OF PERSONAL PRIVILEGE

Representative Priest: "Thank you, Mr. Speaker. We too would like to thank personally the members of the Code Revisor's Office for the wonderful work they do. A couple of personal comments – I'd like to thank them because they gave me a new office. Thank you very much for that. We thanked the staff of the OPR office this morning. And now we would like to thank you for your dedication. We know the hours you spend. We know the stress and trials we put you under. We know the importance of your work. So, on behalf of all of us thank you again for your devotion and wonderful service. It is much appreciated."

There being no objection, the House advanced to the sixth order of business.

SECOND READING

HOUSE BILL NO. 1672, By Representatives Conway, Hudgins, Green, Cody, Appleton, Morrell, Wood, McCoy, Kenney, Moeller and Chase

Requiring hospitals to establish a safe patient handling committee.

The bill was read the second time.

There being no objection, Substitute House Bill No. 1672 was substituted for House Bill No. 1672 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1672 was read the second time.

With the consent of the House, amendment (909) was withdrawn.

Representative Cody moved the adoption of amendment (1163):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 49.17 RCW to read as follows:

The legislature finds that:

(1) Patients are not at optimum levels of safety while being lifted, transferred, or repositioned manually. Mechanical lift programs can reduce skin tears suffered by patients by threefold. Nurses, thirty-eight percent of whom have previous back injuries, can drop patients if their pain thresholds are triggered.

(2) According to the bureau of labor statistics, hospitals in Washington have a nonfatal employee injury incidence rate that exceeds the rate of construction, agriculture, manufacturing, and transportation.

(3) The physical demands of the nursing profession lead many nurses to leave the profession. Research shows that the annual prevalence rate for nursing back injury is over forty percent and many nurses who suffer a back injury do not return to nursing. Considering the present nursing shortage in Washington, measures must be taken to protect nurses from disabling injury.

(4) Washington hospitals have made progress toward implementation of safe patient handling programs that are effective in decreasing employee injuries. It is not the intent of this act to place an undue financial burden on hospitals.

NEW SECTION. Sec. 2. A new section is added to chapter 70.41 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Lift team" means hospital employees specially trained to conduct patient lifts, transfers, and repositioning using lifting equipment when appropriate.

(b) "Safe patient handling" means the use of engineering controls, lifting and transfer aids, or assistive devices, by lift teams or other staff, instead of manual lifting to perform the acts of lifting, transferring, and repositioning health care patients and residents.

(c) "Musculoskeletal disorders" means conditions that involve the nerves, tendons, muscles, and supporting structures of the body.

(2) By February 1, 2007, each hospital must establish a safe patient handling committee either by creating a new committee or assigning the functions of a safe patient handling committee to an existing committee. The purpose of the committee is to design and recommend the process for implementing a safe patient handling program. At least half of the members of the safe patient handling committee shall be frontline nonmanagerial employees who provide direct care to patients unless doing so will adversely affect patient care.

(3) By December 1, 2007, each hospital must establish a safe patient handling program. As part of this program, a hospital must:

(a) Implement a safe patient handling policy for all shifts and units of the hospital. Implementation of the safe patient handling policy may be phased-in with the acquisition of equipment under subsection (4) of this section;

(b) Conduct a patient handling hazard assessment. This assessment should consider such variables as patient-handling tasks, types of nursing units, patient populations, and the physical environment of patient care areas;

(c) Develop a process to identify the appropriate use of the safe patient handling policy based on the patient's physical and medical condition and the availability of lifting equipment or lift teams. The policy shall include a means to address circumstances under which it would be medically contraindicated to use lifting or transfer aids or assistive devices for particular patients;

(d) Conduct an annual performance evaluation of the program to determine its effectiveness, with the results of the evaluation reported to the safe patient handling committee. The evaluation shall determine the extent to which implementation of the program has resulted in a reduction in musculoskeletal disorder claims and days of lost work attributable to musculoskeletal disorder caused by

patient handling, and include recommendations to increase the program's effectiveness; and

(e) When developing architectural plans for constructing or remodeling a hospital or a unit of a hospital in which patient handling and movement occurs, consider the feasibility of incorporating patient handling equipment or the physical space and construction design needed to incorporate that equipment at a later date.

(4) By January 30, 2010, each hospital must complete, at a minimum, acquisition of their choice of: (a) One readily available lift per acute care unit on the same floor unless the safe patient handling committee determines a lift is unnecessary in the unit; (b) one lift for every ten acute care available inpatient beds; or (c) equipment for use by lift teams. Hospitals must train staff on policies, equipment, and devices at least annually.

(5) Nothing in this section precludes lift team members from performing other duties as assigned during their shift.

(6) A hospital shall develop procedures for hospital employees to refuse to perform or be involved in patient handling or movement that the hospital employee believes in good faith will expose a patient or a hospital employee to an unacceptable risk of injury. A hospital employee who in good faith follows the procedure developed by the hospital in accordance with this subsection shall not be the subject of disciplinary action by the hospital for the refusal to perform or be involved in the patient handling or movement.

NEW SECTION. Sec. 3. A new section is added to chapter 72.23 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Lift team" means hospital employees specially trained to conduct patient lifts, transfers, and repositioning using lifting equipment when appropriate.

(b) "Safe patient handling" means the use of engineering controls, lifting and transfer aids, or assistive devices, by lift teams or other staff, instead of manual lifting to perform the acts of lifting, transferring, and repositioning health care patients and residents.

(c) "Musculoskeletal disorders" means conditions that involve the nerves, tendons, muscles, and supporting structures of the body.

(2) By February 1, 2007, each hospital must establish a safe patient handling committee either by creating a new committee or assigning the functions of a safe patient handling committee to an existing committee. The purpose of the committee is to design and recommend the process for implementing a safe patient handling program. At least half of the members of the safe patient handling committee shall be frontline nonmanagerial employees who provide direct care to patients unless doing so will adversely affect patient care.

(3) By December 1, 2007, each hospital must establish a safe patient handling program. As part of this program, a hospital must:

(a) Implement a safe patient handling policy for all shifts and units of the hospital. Implementation of the safe patient handling policy may be phased-in with the acquisition of equipment under subsection (4) of this section;

(b) Conduct a patient handling hazard assessment. This assessment should consider such variables as patient-handling tasks, types of nursing units, patient populations, and the physical environment of patient care areas;

(c) Develop a process to identify the appropriate use of the safe patient handling policy based on the patient's physical and medical condition and the availability of lifting equipment or lift teams;

(d) Conduct an annual performance evaluation of the program to determine its effectiveness, with the results of the evaluation reported to the safe patient handling committee. The evaluation shall determine the extent to which implementation of the program has resulted in a reduction in musculoskeletal disorder claims and days of lost work attributable to musculoskeletal disorder caused by patient handling, and include recommendations to increase the program's effectiveness; and

(e) When developing architectural plans for constructing or remodeling a hospital or a unit of a hospital in which patient handling and movement occurs, consider the feasibility of incorporating patient handling equipment or the physical space and construction design needed to incorporate that equipment at a later date.

(4) By January 30, 2010, hospitals must complete acquisition of their choice of: (a) One readily available lift per acute care unit on the same floor, unless the safe patient handling committee determines a lift is unnecessary in the unit; (b) one lift for every ten acute care available inpatient beds; or (c) equipment for use by lift teams. Hospitals must train staff on policies, equipment, and devices at least annually.

(5) Nothing in this section precludes lift team members from performing other duties as assigned during their shift.

(6) A hospital shall develop procedures for hospital employees to refuse to perform or be involved in patient handling or movement that the hospital employee believes in good faith will expose a patient or a hospital employee to an unacceptable risk of injury. A hospital employee who in good faith follows the procedure developed by the hospital in accordance with this subsection shall not be the subject of disciplinary action by the hospital for the refusal to perform or be involved in the patient handling or movement.

NEW SECTION. Sec. 4. A new section is added to chapter 51.16 RCW to read as follows:

(1) By January 1, 2007, the department shall develop rules to provide a reduced workers' compensation premium for hospitals that implement a safe patient handling program. The rules shall include any requirements for obtaining the reduced premium that must be met by hospitals.

(2) The department shall complete an evaluation of the results of the reduced premium, including changes in claim frequency and costs, and shall report to the appropriate committees of the legislature by December 1, 2010, and 2012.

NEW SECTION. Sec. 5. A new section is added to chapter 82.04 RCW to read as follows:

(1) In computing the tax imposed under this chapter, a hospital may take a credit for the cost of purchasing mechanical lifting devices and other equipment that are primarily used to minimize patient handling by health care providers, consistent with a safe patient handling program developed and implemented by the hospital in compliance with section 2 of this act. The credit is equal to one hundred percent of the cost of the mechanical lifting devices or other equipment.

(2) No application is necessary for the credit, however, a hospital taking a credit under this section must maintain records, as required by the department, necessary to verify eligibility for the credit under this section. The hospital is subject to all of the requirements of chapter 82.32 RCW. A credit earned during one calendar year may be carried over to be credited against taxes incurred in a subsequent calendar year. No refunds shall be granted for credits under this section.

(3) The maximum credit that may be earned under this section for each hospital is limited to one thousand dollars for each acute care available inpatient bed.

(4) Credits are available on a first in-time basis. The department shall disallow any credits, or portion thereof, that would cause the total amount of credits claimed statewide under this section to exceed ten million dollars. If the ten million dollar limitation is reached, the department shall notify hospitals that the annual statewide limit has been met. In addition, the department shall provide written notice to any hospital that has claimed tax credits after the ten million dollar limitation in this subsection has been met. The notice shall indicate the amount of tax due and shall provide that the tax be paid within thirty days from the date of such notice. The department shall not assess penalties and interest as provided in chapter 82.32 RCW on the amount due in the initial notice if the amount due is paid by the due date specified in the notice, or any extension thereof.

(5) Credit may not be claimed under this section for the acquisition of mechanical lifting devices and other equipment if the acquisition occurred before the effective date of this section.

(6) Credit may not be claimed under this section for any acquisition of mechanical lifting devices and other equipment that occurs after December 30, 2010.

(7) The department shall issue an annual report on the amount of credits claimed by hospitals under this section, with the first report due on July 1, 2008.

(8) For the purposes of this section, "hospital" has the meaning provided in RCW 70.41.020."

MESSAGE FROM THE SENATE

March 7, 2006

Mr. Speaker:

The Senate receded from its amendment to SUBSTITUTE HOUSE BILL NO. 1841, and under suspension of the rules returned the bill to second reading for purpose of amendment. The Senate further adopted the following amendment and passed the measure as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 19.28.041 and 2002 c 249 s 2 are each amended to read as follows:

(1) It is unlawful for any person, firm, partnership, corporation, or other entity to advertise, offer to do work, submit a bid, engage in, conduct, or carry on the business of installing or maintaining wires or equipment to convey electric current, or installing or maintaining equipment to be operated by electric current as it pertains to the electrical industry, without having an unrevoked, unsuspended, and unexpired electrical contractor license, issued by the department in accordance with this chapter. All electrical contractor licenses expire twenty-four calendar months following the day of their issue. The department may issue an electrical contractors license for a period of less than twenty-four months only for the purpose of equalizing the number of electrical contractor licenses that expire each month. Application for an electrical contractor license shall be made in writing to the department, accompanied by the required fee. The application shall state:

(a) The name and address of the applicant; in case of firms or partnerships, the names of the individuals composing the firm or partnership; in case of corporations, the names of the managing officials thereof;

(b) The location of the place of business of the applicant and the name under which the business is conducted;

(c) Employer social security number;

(d) Evidence of workers' compensation coverage for the applicant's employees working in Washington, as follows:

(i) The applicant's industrial insurance account number issued by the department;

(ii) The applicant's self-insurer number issued by the department; or

(iii) For applicants domiciled in a state or province of Canada subject to an agreement entered into under RCW 51.12.120(7), as permitted by the agreement, filing a certificate of coverage issued by the agency that administers the workers' compensation law in the applicant's state or province of domicile certifying that the applicant has secured the payment of compensation under the other state's or province's workers' compensation law;

(e) Employment security department number;

(f) State excise tax registration number;

(g) Unified business identifier (UBI) account number may be substituted for the information required by (d) of this subsection if the applicant will not employ employees in Washington, and by (e) and (f) of this subsection; and

(h) Whether a general or specialty electrical contractor license is sought and, if the latter, the type of specialty. Electrical contractor specialties include, but are not limited to: Residential, pump and irrigation, limited energy system, signs, nonresidential maintenance, restricted nonresidential maintenance, appliance repair, and a combination specialty. A general electrical contractor license shall grant to the holder the right to engage in, conduct, or carry on the business of installing or maintaining wires or equipment to carry electric current, and installing or maintaining equipment, or installing or maintaining material to fasten or insulate such wires or equipment to be operated by electric current, in the state of Washington. A specialty electrical contractor license shall grant to the holder a limited right to engage in, conduct, or carry on the business of installing or maintaining wires or equipment to carry electrical current, and installing or maintaining equipment; or installing or maintaining material to fasten or insulate such wires or equipment to be operated by electric current in the state of Washington as expressly allowed by the license.

(2) The department may verify the workers' compensation coverage information provided by the applicant under subsection (1)(d) of this section, including but not limited to information regarding the coverage of an individual employee of the applicant. If coverage is provided under the laws of another state, the department may notify the other state that the applicant is employing employees in Washington.

(3) The application for an electrical contractor license shall be accompanied by a bond in the sum of four thousand dollars with the

state of Washington named as obligee in the bond, with good and sufficient surety, to be approved by the department. The bond shall at all times be kept in full force and effect, and any cancellation or revocation thereof, or withdrawal of the surety therefrom, suspends the license issued to the principal until a new bond has been filed and approved as provided in this section. Upon approval of a bond, the department shall on the next business day deposit the fee accompanying the application in the electrical license fund and shall file the bond in the office. The department shall upon request furnish to any person, firm, partnership, corporation, or other entity a certified copy of the bond upon the payment of a fee that the department shall set by rule. The fee shall cover but not exceed the cost of furnishing the certified copy. The bond shall be conditioned that in any installation or maintenance of wires or equipment to convey electrical current, and equipment to be operated by electrical current, the principal will comply with the provisions of this chapter and with any electrical ordinance, building code, or regulation of a city or town adopted pursuant to RCW 19.28.010(3) that is in effect at the time of entering into a contract. The bond shall be conditioned further that the principal will pay for all labor, including employee benefits, and material furnished or used upon the work, taxes and contributions to the state of Washington, and all damages that may be sustained by any person, firm, partnership, corporation, or other entity due to a failure of the principal to make the installation or maintenance in accordance with this chapter or any applicable ordinance, building code, or regulation of a city or town adopted pursuant to RCW 19.28.010(3). In lieu of the surety bond required by this section the license applicant may file with the department a cash deposit or other negotiable security acceptable to the department. If the license applicant has filed a cash deposit, the department shall deposit the funds in a special trust savings account in a commercial bank, mutual savings bank, or savings and loan association and shall pay annually to the depositor the interest derived from the account.

(4) The department shall issue general or specialty electrical contractor licenses to applicants meeting all of the requirements of this chapter. The provisions of this chapter relating to the licensing of any person, firm, partnership, corporation, or other entity including the requirement of a bond with the state of Washington named as obligee therein and the collection of a fee therefor, are exclusive, and no political subdivision of the state of Washington may require or issue any licenses or bonds or charge any fee for the same or a similar purpose. No person, firm, partnership, corporation, or other entity holding more than one specialty contractor license under this chapter may be required to pay an annual fee for more than one such license or to post more than one four thousand dollar bond, equivalent cash deposit, or other negotiable security.

(1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources, the legislature needs information on how a tax incentive is used.

(2)(a) A person who reports taxes under RCW 82.04.250(3) shall file a complete annual survey with the department. The survey is due by March 31st following any year in which a person reports taxes under RCW 82.04.250(3). The department may extend the due date for timely filing of annual surveys under this section as provided in RCW 82.32.590. The survey shall include the amount of tax reduced under the preferential rate in RCW 82.04.250(3). The survey shall also include the following information for employment positions in Washington:

(i) The number of total employment positions;

(ii) Full-time, part-time, and temporary employment positions as a percent of total employment;

(iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and

sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band; and

(iv) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands.

(b) As part of the annual survey, the department may request additional information necessary to measure the results of, or determine eligibility for, the preferential tax rate in RCW 82.04.250(3).

(c) All information collected under this section, except the amount of the tax reduced under the preferential rate in RCW 82.04.250(3), is deemed taxpayer information under RCW 82.32.330. Information on the amount of tax reduced is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request, except as provided in (d) of this subsection. If the amount of the tax reduced as reported on the survey is different than the amount actually reduced based on the taxpayer's excise tax returns or otherwise allowed by the department, the amount actually reduced may be disclosed.

(d) Persons for whom the actual amount of the tax reduction is less than ten thousand dollars during the period covered by the survey may request the department to treat the amount of the tax reduction as confidential under RCW 82.32.330.

(3) If a person fails to submit a complete annual survey under subsection (2) of this section by the due date or any extension under RCW 82.32.590, the department shall declare the amount of taxes reduced under the preferential rate in RCW 82.04.250(3) for that year to be immediately due and payable. The department shall assess interest, but not penalties, on the taxes. Interest shall be assessed at the rate provided for delinquent excise taxes under this chapter, retroactively to the date the reduced taxes were due, and shall accrue until the amount of the reduced taxes is repaid.

(4) The department shall use the information from the annual survey required under subsection (2) of this section to prepare summary descriptive statistics by category. The department shall report these statistics to the legislature each year by September 1st.

(5) By November 1, 2010, the fiscal committees of the house of representatives and the senate, in consultation with the department, shall report to the legislature on the effectiveness of the preferential tax rate provided in RCW 82.04.250(3) in regard to keeping Washington competitive. The report shall measure the effect of the preferential tax rate provided in RCW 82.04.250(3) on job retention, net jobs created for Washington residents, company growth, diversification of the state's economy, cluster dynamics, and other factors as the committees select. The report shall include a discussion of principles to apply in evaluating whether the legislature should extend the preferential tax rate provided in RCW 82.04.250(3).

(6) This section expires December 31, 2012.

Except as provided by RCW 82.32.410, nothing in this chapter shall require any person possessing data, material, or documents made confidential and privileged by this section to delete information from such data, material, or documents so as to permit its disclosure;

(3) This section does not prohibit the department of revenue from:

(a) Disclosing such return or tax information in a civil or criminal judicial proceeding or an administrative proceeding;

(c) Disclosing the name of a taxpayer with a deficiency greater than five thousand dollars and against whom a warrant under RCW 82.32.210 has been either issued or filed and remains outstanding for a period of at least ten working days. The disclosure may be made only in response to a search warrant, subpoena, or other court order, unless the disclosure is for the purpose of criminal tax enforcement. A peace officer or county prosecuting attorney who receives the return or tax information may disclose that return or tax information only for use in the investigation and a related court proceeding, or in the court proceeding for which the return or tax information originally was sought;

(i) Disclosing any such return or tax information to the proper officer of the internal revenue service of the United States, the Canadian government or provincial governments of Canada, or to the proper officer of the tax department of any state or city or town or county, for official purposes, but only if the statutes of the United States, Canada or its provincial governments, or of such other state or city or town or county, as the case may be, grants substantially similar privileges to the proper officers of this state;

(m) Disclosing such return or tax information that is also maintained by another Washington state or local governmental agency as a public record available for inspection and copying under the provisions of chapter 42.56 RCW or is a document maintained by a court of record not otherwise prohibited from disclosure;

(p) Disclosing to a person against whom the department has asserted liability as a successor under RCW 82.32.140 return or tax information pertaining to the specific business of the taxpayer to which the person has succeeded; ~~((or))~~

(q) Disclosing such return or tax information in the possession of the department relating to the administration or enforcement of the real estate excise tax imposed under chapter 82.45 RCW, including information regarding transactions exempt or otherwise not subject to tax; or

(r) Disclosing the least amount of return or tax information necessary for the reports required in section 6 (4) and (5) of this act when the number of taxpayers included in the reports or any part of the reports cannot be classified to prevent the identification of taxpayers or particular returns, reports, tax information, or items in the possession of the department.

(4)(a) The department may disclose return or taxpayer information to a person under investigation or during any court or administrative proceeding against a person under investigation as provided in this subsection (4). The disclosure must be in connection with the department's official duties relating to an audit, collection

activity, or a civil or criminal investigation. The disclosure may occur only when the person under investigation and the person in possession of data, materials, or documents are parties to the return or tax information to be disclosed. The department may disclose return or tax information such as invoices, contracts, bills, statements, resale or exemption certificates, or checks. However, the department may not disclose general ledgers, sales or cash receipt journals, check registers, accounts receivable/payable ledgers, general journals, financial statements, expert's workpapers, income tax returns, state tax returns, tax return workpapers, or other similar data, materials, or documents.

(b) Before disclosure of any tax return or tax information under this subsection (4), the department shall, through written correspondence, inform the person in possession of the data, materials, or documents to be disclosed. The correspondence shall clearly identify the data, materials, or documents to be disclosed. The department may not disclose any tax return or tax information under this subsection (4) until the time period allowed in (c) of this subsection has expired or until the court has ruled on any challenge brought under (c) of this subsection.

(c) The person in possession of the data, materials, or documents to be disclosed by the department has twenty days from the receipt of the written request required under (b) of this subsection to petition the superior court of the county in which the petitioner resides for injunctive relief. The court shall limit or deny the request of the department if the court determines that:

(i) The data, materials, or documents sought for disclosure are cumulative or duplicative, or are obtainable from some other source that is more convenient, less burdensome, or less expensive;

(ii) The production of the data, materials, or documents sought would be unduly burdensome or expensive, taking into account the needs of the department, the amount in controversy, limitations on the petitioner's resources, and the importance of the issues at stake; or

(iii) The data, materials, or documents sought for disclosure contain trade secret information that, if disclosed, could harm the petitioner.

(d) The department shall reimburse reasonable expenses for the production of data, materials, or documents incurred by the person in possession of the data, materials, or documents to be disclosed.

(e) Requesting information under (b) of this subsection that may indicate that a taxpayer is under investigation does not constitute a disclosure of tax return or tax information under this section.

(5) Any person acquiring knowledge of any return or tax information in the course of his or her employment with the department of revenue and any person acquiring knowledge of any return or tax information as provided under subsection (3)(f), (g), (h), (i), (j), or (n) of this section, who discloses any such return or tax information to another person not entitled to knowledge of such return or tax information under the provisions of this section, is guilty of a misdemeanor. If the person guilty of such violation is an officer or employee of the state, such person shall forfeit such office or employment and shall be incapable of holding any public office or employment in this state for a period of two years thereafter.

Sec. 8. RCW 82.32.590 and 2005 c 514 s 1001 are each amended to read as follows:

(1) If the department finds that the failure of a taxpayer to file an annual survey under RCW 82.04.4452, section 4 of this act, or section 6 of this act by the due date was the result of circumstances beyond the control of the taxpayer, the department shall extend the time for filing the survey. Such extension shall be for a period of thirty days from the date the department issues its written notification to the taxpayer that it qualifies for an extension under this section. The department may grant additional extensions as it deems proper.

(2) In making a determination whether the failure of a taxpayer to file an annual survey by the due date was the result of circumstances beyond the control of the taxpayer, the department shall be guided by rules adopted by the department for the waiver or cancellation of penalties when the underpayment or untimely payment of any tax was due to circumstances beyond the control of the taxpayer.

Sec. 9. RCW 82.32.600 and 2005 c 514 s 1002 are each amended to read as follows:

(1) Persons required to file surveys under RCW 82.04.4452, section 4 of this act, or section 6 of this act must electronically file with the department all surveys, returns, and any other forms or information the department requires in an electronic format as provided or approved by the department (~~(, unless the department grants relief under subsection (2) of this section)~~). As used in this section, "returns" has the same meaning as "return" in RCW 82.32.050.

(2) ~~(Upon request, the department may relieve a person of the obligations in subsection (1) of this section if the person's taxes have been reduced a cumulative total of less than one thousand dollars from all of the credits, exemptions, or preferential business and occupation tax rates, for which a person is required to file an annual survey under RCW 82.04.4452, 82.32.535, 82.32.545, 82.32.570, 82.32.560, 82.60.070, or 82.63.020.~~

~~(3) Persons who no longer qualify for relief under subsection (2) of this section will be notified in writing by the department and must comply with subsection (1) of this section by the date provided in the notice.~~

~~(4))~~ Any survey, return, or any other form or information required to be filed in an electronic format under subsection (1) of this section is not filed until received by the department in an electronic format.

(3) The department may waive the electronic filing requirement in subsection (1) of this section for good cause shown.

Sec. 10. RCW 82.04.4463 and 2005 c 514 s 501 are each amended to read as follows:

(1) In computing the tax imposed under this chapter, a credit is allowed for property taxes and leasehold excise taxes paid during the calendar year.

(2) The credit is equal to:

(a)(i)(A) Property taxes paid on new buildings, and land upon which this property is located, built after December 1, 2003, and used exclusively in manufacturing commercial airplanes or components of such airplanes; and

(B) Leasehold excise taxes paid with respect to a building built after January 1, 2006, the land upon which the building is located, or both, if the building is used exclusively in manufacturing commercial airplanes or components of such airplanes; or

(ii) Property taxes attributable to an increase in assessed value due to the renovation or expansion, after December 1, 2003, of a building used exclusively in manufacturing commercial airplanes or components of such airplanes; and

(b) An amount equal to property taxes paid on machinery and equipment exempt under RCW 82.08.02565 or 82.12.02565 and acquired after December 1, 2003, multiplied by a fraction. The numerator of the fraction is the total taxable amount subject to the tax imposed under RCW 82.04.260(~~(+3))~~ (11) and the denominator of the fraction is the total taxable amount subject to the tax imposed under all manufacturing classifications in chapter 82.04 RCW, required to be reported on the person's returns for the calendar year before the calendar year in which the credit under this section is earned. No credit is available under this subsection (2)(b) if either the numerator or the denominator of the fraction is zero. If the fraction is greater than or equal to nine-tenths, then the fraction is rounded to one. For purposes of this subsection, "returns" means the combined excise tax returns for the calendar year.

(3) For the purposes of this section, "commercial passenger airplane" and "component" have the meanings given in RCW 82.32.550.

(4) A person taking the credit under this section is subject to all the requirements of chapter 82.32 RCW. In addition, the person must report as required under RCW 82.32.545. A credit earned during one calendar year may be carried over to be credited against taxes incurred in a subsequent calendar year, but may not be carried over a second year. No refunds may be granted for credits under this section.

(5) In addition to all other requirements under this title, a person taking the credit under this section must report as required under RCW 82.32.545.

(6) This section expires July 1, 2024.

NEW SECTION. **Sec. 11.** Section 10 of this act applies with respect to leasehold excise taxes paid on or after January 1, 2007.

MESSAGE FROM THE SENATE

March 7, 2006

Mr. Speaker:

The Senate receded from the amendment by Committee on Ways & Means to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2475. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate passed the bill with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 74.39A.270 and 2004 c 3 s 1 are each amended to read as follows:

(1) Solely for the purposes of collective bargaining and as expressly limited under subsections (2) and (3) of this section, the governor is the public employer, as defined in chapter 41.56 RCW, of individual providers, who, solely for the purposes of collective bargaining, are public employees as defined in chapter 41.56 RCW. To accommodate the role of the state as payor for the community-based services provided under this chapter and to ensure coordination with state employee collective bargaining under chapter 41.80 RCW and the coordination necessary to implement RCW 74.39A.300, the public employer shall be represented for bargaining purposes by the governor or the governor's designee appointed under chapter 41.80 RCW. The governor or governor's designee shall periodically consult with the authority during the collective bargaining process to allow the authority to communicate issues relating to the long-term in-home care services received by consumers. The governor or the governor's designee shall consult the authority on all issues for which the exclusive bargaining representative requests to engage in collective bargaining under subsection (6) of this section. The authority shall work with the developmental disabilities council, the governor's committee on disability issues and employment, the state council on aging, and other consumer advocacy organizations to obtain informed input from consumers on their interests, including impacts on consumer choice, for all issues proposed for collective bargaining under subsection (6) of this section.

(2) Chapter 41.56 RCW governs the collective bargaining relationship between the governor and individual providers, except as otherwise expressly provided in this chapter and except as follows:

(a) The only unit appropriate for the purpose of collective bargaining under RCW 41.56.060 is a statewide unit of all individual providers;

(b) The showing of interest required to request an election under RCW 41.56.060 is ten percent of the unit, and any intervener seeking to appear on the ballot must make the same showing of interest;

(c) The mediation and interest arbitration provisions of RCW 41.56.430 through 41.56.470 and 41.56.480 apply, except that:

(i) With respect to commencement of negotiations between the governor and the bargaining representative of individual providers, negotiations shall be commenced by May 1st of any year prior to the year in which an existing collective bargaining agreement expires;

(ii) With respect to factors to be taken into consideration by an interest arbitration panel, the panel shall consider the financial ability of the state to pay for the compensation and fringe benefit provisions of a collective bargaining agreement; and

(iii) The decision of the arbitration panel is not binding on the legislature and, if the legislature does not approve the request for funds necessary to implement the compensation and fringe benefit provisions of the arbitrated collective bargaining agreement, is not binding on the authority or the state;

(d) Individual providers do not have the right to strike; and

(e) Individual providers who are related to, or family members of, consumers or prospective consumers are not, for that reason, exempt from this chapter or chapter 41.56 RCW.

(3) Individual providers who are public employees solely for the purposes of collective bargaining under subsection (1) of this section are not, for that reason, employees of the state, its political subdivisions, or an area agency on aging for any purpose. Chapter 41.56 RCW applies only to the governance of the collective bargaining relationship between the employer and individual providers as provided in subsections (1) and (2) of this section.

(4) Consumers and prospective consumers retain the right to select, hire, supervise the work of, and terminate any individual provider providing services to them. Consumers may elect to receive long-term in-home care services from individual providers who are not referred to them by the authority.

(5) In implementing and administering this chapter, neither the authority nor any of its contractors may reduce or increase the hours of service for any consumer below or above the amount determined to be necessary under any assessment prepared by the department or an area agency on aging.

(6) Except as expressly limited in this section and RCW 74.39A.300, the wages, hours, and working conditions of individual providers are determined solely through collective bargaining as provided in this chapter. No agency or department of the state (~~or other than the authority~~) may establish policies or rules governing the wages or hours of individual providers. However, this subsection does not modify:

(a) The department's authority to establish a plan of care for each consumer (~~and to determine the hours~~) or its core responsibility to manage long-term in-home care services under this chapter, including determination of the level of care that each consumer is eligible to receive. However, at the request of the exclusive bargaining representative, the governor or the governor's designee appointed under chapter 41.80 RCW shall engage in collective bargaining, as defined in RCW 41.56.030(4), with the exclusive bargaining representative over how the department's core responsibility affects hours of work for individual providers. This subsection shall not be interpreted to require collective bargaining over an individual consumer's plan of care;

(b) The department's authority to terminate its contracts with individual providers who are not adequately meeting the needs of a particular consumer, or to deny a contract under RCW 74.39A.095(8);

(c) The consumer's right to assign hours to one or more individual providers selected by the consumer within the maximum hours determined by his or her plan of care;

(d) The consumer's right to select, hire, terminate, supervise the work of, and determine the conditions of employment for each individual provider providing services to the consumer under this chapter;

(e) The department's obligation to comply with the federal medicaid statute and regulations and the terms of any community-based waiver granted by the federal department of health and human services and to ensure federal financial participation in the provision of the services; and

(f) The legislature's right to make programmatic modifications to the delivery of state services under this title, including standards of eligibility of consumers and individual providers participating in the programs under this title, and the nature of services provided. The governor shall not enter into, extend, or renew any agreement under this chapter that does not expressly reserve the legislative rights described in this subsection (6)(f).

(7)(a) The state, the department, the authority, the area agencies on aging, or their contractors under this chapter may not be held vicariously or jointly liable for the action or inaction of any individual provider or prospective individual provider, whether or not that individual provider or prospective individual provider was included on the authority's referral registry or referred to a consumer or prospective consumer. The existence of a collective bargaining agreement, the placement of an individual provider on the referral registry, or the development or approval of a plan of care for a consumer who chooses to use the services of an individual provider and the provision of case management services to that consumer, by the department or an area agency on aging, does not constitute a special relationship with the consumer.

(b) The members of the board are immune from any liability resulting from implementation of this chapter.

(8) Nothing in this section affects the state's responsibility with respect to unemployment insurance for individual providers. However, individual providers are not to be considered, as a result of the state assuming this responsibility, employees of the state.

NEW SECTION. Sec. 2. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

On page 1, line 2 of the title, after "providers;" strike the remainder of the title and insert "amending RCW 74.39A.270; and declaring an emergency."

and the same is herewith transmitted.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2475, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 6, 2006

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2754, with the following amendment:

On page 4, after line 7, insert the following:

"**Sec. 9.** RCW 70.47.060 and 2004 c 192 s 3 are each amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection (11) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection (12) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) To determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator will consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of 2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees.

(d) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator. The administrator shall establish a mechanism

for receiving premium payments from the United States internal revenue service for health coverage tax credit eligible enrollees.

(e) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To evaluate, with the cooperation of participating managed health care system providers, the impact on the basic health plan of enrolling health coverage tax credit eligible enrollees. The administrator shall issue to the appropriate committees of the legislature preliminary evaluations on June 1, 2005, and January 1, 2006, and a final evaluation by June 1, 2006. The evaluation shall address the number of persons enrolled, the duration of their enrollment, their utilization of covered services relative to other basic health plan enrollees, and the extent to which their enrollment contributed to any change in the cost of the basic health plan.

(4) To end the participation of health coverage tax credit eligible enrollees in the basic health plan if the federal government reduces or terminates premium payments on their behalf through the United States internal revenue service.

(5) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized, nonsubsidized, and health coverage tax credit eligible enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

(6) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as long as the enrollees qualify for the health coverage tax credit program.

(7) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

(8) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

(9) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for subsidized enrollees, nonsubsidized enrollees, or health coverage tax credit eligible enrollees. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

(10) To receive periodic premiums from or on behalf of subsidized, nonsubsidized, and health coverage tax credit eligible enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

(11) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized, nonsubsidized, or health coverage tax credit

eligible enrollees, to give priority to members of the Washington national guard and reserves who served in operation enduring freedom, operation Iraqi freedom, or operation noble eagle, and their spouses and dependents, for enrollment in the Washington basic health plan, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

(12) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

(13) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

(14) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

(15) To evaluate the effects this chapter has on private employer-based health care coverage and to take appropriate

March 1, 2006

measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

(16) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

(17) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

(18) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

(19) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool."

Renumber the remaining sections consecutively and correct internal references accordingly.

On page 1, line 2 of the title, after "43.60A.010" insert "and 70.47.060"

and the same is herewith transmitted.

SECOND SUBSTITUTE HOUSE BILL NO. 2754, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2572, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. FINDINGS AND INTENT. (1) The legislature finds that many small employers struggle with the cost of providing employer-sponsored health insurance coverage to their employees, while others are unable to offer employer-sponsored health insurance due to its high cost. Low-wage workers also struggle with the burden of paying their share of the costs of employer-sponsored health insurance, while others turn down their employer's offer of coverage due to its costs. A small employer health insurance program that provides subsidies for employers who want to purchase one type of insurance and allows other employers to choose more kinds of low-cost insurance products would help more small employers provide health insurance for their employees.

(2) The legislature intends, through establishment of a small employer health insurance partnership program, to remove economic barriers to health insurance coverage for low-wage employees of small employers by building on the private sector health benefit plan system and encouraging employer and employee participation in employer-sponsored health benefit plan coverage.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrator" means the administrator of the Washington state health care authority, established under chapter 41.05 RCW.

(2) "Eligible employee" means an individual who:

(a) Is a resident of the state of Washington;

(b) Has family income less than two hundred percent of the federal poverty level, as determined annually by the federal department of health and human services; and

(c) Is employed by a small employer.

(3) "Health benefit plan" has the same meaning as defined in RCW 48.43.005 or any plan provided by a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010 or by a self-insured employer-sponsored health benefit arrangement under the federal employee retirement income security act of 1974, as amended.

(4) "Program" means the small employer health insurance partnership program established in section 3 of this act.

(5) "Small employer" has the same meaning as defined in RCW 48.43.005.

(6) "Subsidy" means payment or reimbursement to an eligible employee toward the purchase of a health benefit plan, and may include a net billing arrangement with insurance carriers or a prospective or retrospective payment for health benefit plan premiums.

NEW SECTION. Sec. 3. SMALL EMPLOYER HEALTH INSURANCE PARTNERSHIP PROGRAM ESTABLISHED. To the extent funding is appropriated in the operating budget for this purpose, the small employer health insurance partnership program is established. The administrator shall be responsible for the implementation and operation of the small employer health insurance partnership program, directly or by contract. The administrator shall offer premium subsidies to eligible employees under section 5 of this act, subsidies to fund a health savings account under section 4 of this act, or a business and occupation tax deduction under section 6 of this act.

NEW SECTION. Sec. 4. HEALTH SAVINGS ACCOUNT SUBSIDIES TO ELIGIBLE EMPLOYEES. (1) Beginning July 1, 2007, the administrator shall accept applications from eligible employees, on behalf of themselves, their spouses, and their dependent children, to receive subsidies to fund a health savings

account through the small employer health insurance partnership program.

(2) Health savings account subsidy payments may be provided to eligible employees if:

(a) The eligible employee is employed by a small employer; and

(b) The eligible employee participates in an employer sponsored high deductible health plan and health savings account that conforms to section 223, Part VII of subchapter B of chapter 1 of the internal revenue code of 1986.

(3) The amount of an eligible employee's health savings account subsidy shall be determined by the legislature in the biennial operating budget.

(4) After an eligible individual has enrolled in the program, the program shall issue subsidies in an amount determined pursuant to subsection (3) of this section to either the eligible employee or to the carrier designated by the eligible employee.

(5) An eligible employee must agree to provide verification of continued enrollment in his or her small employer's health benefit plan on a semiannual basis or to notify the administrator whenever his or her enrollment status changes, whichever is earlier. Verification or notification may be made directly by the employee, or through his or her employer or the carrier providing the small employer health benefit plan. When necessary, the administrator has the authority to perform retrospective audits on health savings account subsidy accounts. The administrator may suspend or terminate an employee's participation in the program and seek repayment of any subsidy amounts paid due to the omission or misrepresentation of an applicant or enrolled employee. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources.

NEW SECTION. Sec. 5. PREMIUM SUBSIDIES TO ELIGIBLE EMPLOYEES. (1) Beginning July 1, 2007, the administrator shall accept applications from eligible employees, on behalf of themselves, their spouses, and their dependent children, to receive premium subsidies through the small employer health insurance partnership program.

(2) Premium subsidy payments may be provided to eligible employees if:

(a) The eligible employee is employed by a small employer; and

(b) The small employer will pay at least forty percent of the monthly premium cost for health benefit plan coverage of the eligible employee.

(3) The amount of an eligible employee's premium subsidy shall be determined by applying the sliding scale subsidy schedule developed for subsidized basic health plan enrollees under RCW 70.47.060 to the employee's premium obligation for his or her employer's health benefit plan. However, in no case shall the amount of an eligible employee's monthly premium subsidy exceed the amount he or she would have received as a basic health plan enrollee.

(4) After an eligible individual has enrolled in the program, the program shall issue subsidies in an amount determined pursuant to subsection (3) of this section to either the eligible employee or to the carrier designated by the eligible employee.

(5) An eligible employee must agree to provide verification of continued enrollment in his or her small employer's health benefit plan on a semiannual basis or to notify the administrator whenever his or her enrollment status changes, whichever is earlier. Verification or notification may be made directly by the employee, or through his or her employer or the carrier providing the small employer health benefit plan. When necessary, the administrator has the authority to perform retrospective audits on premium subsidy accounts. The administrator may suspend or terminate an employee's participation in the program and seek repayment of any subsidy amounts paid due to the omission or misrepresentation of an applicant or enrolled employee. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources.

NEW SECTION. Sec. 6. A new section is added to chapter 82.04 RCW to read as follows:

(1) In computing tax there may be deducted from the measure of tax the amount paid by small employers to provide health care services for its employees. Payments made by employees are not eligible for deduction under this subsection.

(2) For the purposes of this section, the following definitions apply:

(a) "Small employer" has the meaning provided in RCW 48.43.005;

(b) "Health care services" means a health benefit plan as defined in RCW 48.43.005, contributions to health savings accounts as defined by the United States internal revenue service, or other health care services purchased by the small employer for its employees.

NEW SECTION. Sec. 7. ENROLLMENT LIMITS TO REMAIN WITHIN APPROPRIATION. Enrollment in the small employer health insurance partnership program is not an entitlement and shall not result in expenditures that exceed the amount that has been appropriated for the program in the operating budget. If it appears that continued enrollment will result in expenditures exceeding the appropriated level for a particular fiscal year, the administrator may freeze new enrollment in the program and establish a waiting list of eligible employees who shall receive subsidies only when sufficient funds are available.

NEW SECTION. Sec. 8. COLLABORATION WITH COMMUNITY ORGANIZATIONS. In implementing the small employer health insurance partnership program, the administrator shall work with organizations awarded grants through the community health care collaborative grant program established under Engrossed Second Substitute Senate Bill No. 6459, if enacted. The administrator may use funds appropriated for the small employer health insurance partnership program to enhance a grant otherwise awarded to a community-based organization. The grant enhancement shall be used by the organization specifically to provide a premium subsidy to eligible employees within the geographic region it serves.

NEW SECTION. Sec. 9. RULES. The administrator shall adopt all rules necessary for the implementation and operation of the small employer health insurance partnership program. As part of the rule development process, the administrator shall consult with small employers, carriers, employee organizations, and the office of the insurance commissioner under Title 48 RCW to determine an effective and efficient method for the payment of subsidies under this chapter, including methods for electronic funds transfers of the subsidy. All rules shall be adopted in accordance with chapter 34.05 RCW.

NEW SECTION. Sec. 10. REPORTS TO THE LEGISLATURE. The administrator shall report biennially to the relevant policy and fiscal committees of the legislature on the effectiveness and efficiency of the small employer health insurance partnership program, including the services and benefits covered under the purchased health benefit plans, consumer satisfaction, and other program operational issues.

NEW SECTION. Sec. 11. STATE CHILDREN'S HEALTH INSURANCE PROGRAM--FEDERAL WAIVER REQUEST. The department of social and health services shall submit a request to the federal department of health and human services by October 1, 2006, for a state children's health insurance program section 1115 demonstration waiver. The waiver request shall seek authorization from the federal government to draw down Washington state's unspent state children's health insurance program allotment to finance basic health plan coverage, as provided in chapter 70.47 RCW, for parents of children enrolled in medical assistance or the state children's health insurance program. The waiver also shall seek authorization from the federal government to utilize the resulting state savings to finance expanded basic health plan enrollment, or subsidies provided to low-wage workers through the small employer health insurance partnership program established in this chapter.

NEW SECTION. Sec. 12. The joint legislative audit and review committee shall conduct a program and fiscal review of the

small employer health insurance partnership program and report their findings and recommendation to the appropriate committees of the legislature no later than November 2009. The review shall include an assessment of at least the following issues:

(1) The extent to which eligible employees' employers were providing health insurance coverage prior to their entry into the program, and whether their employer modified their contribution to health plan premium costs or the scope of coverage provided prior to the employee's entry into the program;

(2) The extent to which eligible employees are employed by an employer who began providing health insurance coverage to its employees due at least in part to the availability of the program;

(3) The average percentage and dollar amount of employer contributions to premiums for eligible employees and dependents participating in the program;

(4) The scope of covered benefits and the cost of employer-sponsored health plans being subsidized through the program; and

(5) The amount of the state premium subsidy per participating employee and their dependents, in comparison to the cost that the state would have incurred if the eligible employees and their dependents were enrolled in the basic health plan.

Sec. 13. RCW 48.21.045 and 2004 c 244 s 1 are each amended to read as follows:

~~(1)((a))~~ An insurer offering any health benefit plan to a small employer, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer ~~((a))~~ no more than one health benefit plan featuring a limited schedule of covered health care services. ~~(Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more comprehensive benefits than those included in the product offered under this subsection. An insurer offering a health benefit plan under this subsection shall clearly disclose all covered benefits to the small employer in a brochure filed with the commissioner.~~

~~(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320.~~

~~(2))~~ (a) The plan offered under this subsection may be offered with a choice of cost-sharing arrangements, and may, but is not required to, comply with: RCW 48.21.130 through 48.21.240, 48.21.244 through 48.21.280, 48.21.300 through 48.21.320, 48.43.045(1) except as required in (b) of this subsection, 48.43.093, 48.43.115 through 48.43.185, 48.43.515(5), or 48.42.100.

(b) In offering the plan under this subsection, the insurer must offer the small employer the option of permitting every category of health care provider to provide health services or care for conditions covered by the plan pursuant to RCW 48.43.045(1).

(2) An insurer offering the plan under subsection (1) of this section must also offer and actively market to the small employer at least one additional health benefit plan.

(3) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

~~((3))~~ (4) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection ~~((3))~~ (4).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the enrollment of the small employer;

(ii) Changes to the family composition of the employee;

(iii) Changes to the health benefit plan requested by the small employer; or

(iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs ~~((due to network provider reimbursement schedules or type of network))~~ for a plan. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Except for small group health benefit plans that qualify as insurance coverage combined with a health savings account as defined by the United States internal revenue service, adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus ~~((four))~~ eight percentage points from the overall adjustment of a carrier's entire small group pool ~~((such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. A carrier may develop its rates based on claims costs ~~((due to network provider reimbursement schedules or type of network))~~ for a plan. Representative Hinkle moved the House concur in the Senate amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2572 and advance the bill as amended by the Senate to final passage.

POINT OF ORDER

Representative Hunt requested a scope and object ruling on the Senate amendment to Engrossed Second Substitute House Bill No. 2572.

SPEAKER'S RULING

The Speaker (Representative Lovick presiding): "ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2572 is an acting relating to "establishment of the small employer health insurance partnership program." The bill as it passed the House created a new chapter in Title 70 RCW and established a premium assistance program for small businesses through the Health Care Authority. The premium assistance program was limited to subsidies to low-wage employees of small employers who pay for at least 40% of health care benefit plan coverage. The bill did not make any changes to the insurance code in Title 48 or the tax code in Title 82.

The Senate amendment makes various changes to the House bill.

The part of the Senate amendment originally numbered 296 changes insurance regulations for carriers participating in the small group market and amends the insurance code in Title 48.

The part of the Senate amendment originally numbered 297 provides a business and occupation tax credit for small employers providing health care coverage and amends the tax code in Title 82.

These provisions in the Senate amendment are unrelated to the establishment of a premium assistance program for small businesses through the Health Care Authority as specified in the bill that passed the House and are therefore beyond the scope and object of the House bill.

Representative Hunt, your point of order is well taken."

Representative Cody moved that the House refuse to concur in the Senate amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2572 and ask the Senate to recede therefrom.

Representatives Cody, Simpson, Clibborn and Morrell spoke in favor of adoption of the motion.

Representatives Curtis, Armstrong, Hinkle, Condotta, Bailey, Shabro, Ahern, Anderson, Ericksen, Buck, Nixon, Sump, Orcutt, McDonald, Buri, Roach, Dunn, Walsh and DeBolt spoke against the adoption of the motion.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 5305, By Senate Committee on Health & Long-Term Care (originally sponsored by Senators Rasmussen, Benton, Roach, Swecker, Zarelli, Regala, Stevens, Shin, Delvin, Franklin and Mulliken)

Prohibiting vaccinating pregnant women and children with mercury-containing vaccines.

Representative Cody moved the adoption of amendment (1142):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that vaccinations and immunizations are among the most important public health innovations of the last one hundred years. The centers for disease control and prevention placed vaccinations at the top of its list of the ten greatest public health achievements of the twentieth century. In its efforts to improve public health in the world's poorest countries, the Bill and Melinda Gates foundation has identified childhood immunization as a cost-effective method of improving public health and saving the lives of millions of children around the world.

Fortunately, in Washington, safe and cost-effective vaccinations against childhood diseases are widely available through both public and private resources. The vaccines that the Washington state department of health provides to meet the requirements for the recommended childhood vaccination schedule through its universal childhood vaccine program are screened for thimerosal and preference is given toward the purchase of thimerosal-free products. The department of health currently provides thimerosal-free products for all routinely recommended childhood vaccines. Regardless of the absence of thimerosal in childhood vaccines in Washington, scientifically reputable organizations such as the centers for disease control and prevention, the national institute of medicine, the American academy of pediatrics, the food and drug administration, and the world health organization have all determined that there is no credible evidence that the use of thimerosal in vaccines poses a threat to the health and safety of children.

Notwithstanding these assurances of the safety of the vaccine supply, the legislature finds that where there is public concern over the safety of vaccines, vaccination rates may be reduced to the point that deadly, vaccine-preventable, childhood diseases return. This measure is being enacted to maintain public confidence in vaccine programs, so that the public will continue to seek vaccinations and their health benefits may continue to protect the people of Washington.

NEW SECTION. **Sec. 2.** A new section is added to chapter 70.95M RCW to read as follows:

(1) Beginning July 1, 2007, a person who is known to be pregnant or who is under three years of age shall not be vaccinated with a mercury-containing vaccine or injected with a mercury-containing product that contains more than 0.5 micrograms of mercury per 0.5 milliliter dose.

(2) Notwithstanding subsection (1) of this section, an influenza vaccine may contain up to 1.0 micrograms of mercury per 0.5 milliliter dose.

(3) The secretary of the department of health may, upon declaration of a public health emergency, suspend the requirements of this section for the duration of the emergency.

(4) All vaccines and products referenced under this section must meet food and drug administration licensing requirements."

Representatives Cody and Hinkle spoke in favor of the adoption of the amendment.

The amendment was adopted.

There being no objection, the rules were suspended, the second reading considered the third and the bill, as amended by the House, was placed on final passage.

The Speaker (Representative Lovick presiding) stated the question before the House to be the final passage of Engrossed Substitute Senate Bill No. 5305, as amended by the House.

MESSAGE FROM THE SENATE

March 7, 2006

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 3098. Under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate passed the bill with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In 2005, the legislature reconstituted the state board of education to refocus its purpose; abolished the academic achievement and accountability commission; and assigned policy and rule-making authority for educator preparation and certification to the professional educator standards board. The purpose of this act is to address the remaining statutory responsibilities of the state board of education held before 2005. The legislature finds that some duties should be retained with the reconstituted board; many duties should be transferred to other agencies or organizations, primarily but not exclusively to the superintendent of public instruction; and some duties should be repealed. This act also corrects statutes to implement fully the transfer of responsibilities authorized in 2005.

PART 1 NEW STATE BOARD OF EDUCATION

NEW SECTION. Sec. 101. The legislature encourages the members of the new state board of education to review the transfer of duties from the state board to other entities made in this act and if any of the duties that were transferred away from the state board are necessary for the board to accomplish the purpose set out in this act then the state board shall come back to the legislature to request those necessary duties to be returned to the state board of education. The state board of education is encouraged to make such a request by January 15, 2007.

Sec. 102. RCW 28A.305.130 and 2005 c 497 s 104 are each amended to read as follows:

The purpose of the state board of education is to ~~((adopt statewide policies that promote achievement of the goals of RCW 28A.150.210; implement a standards-based accountability system; and provide leadership in the creation of an education system that respects the diverse cultures, abilities, and learning styles of all students))~~ provide advocacy and strategic oversight of public education; implement a standards-based accountability system to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

~~(1) ((Until January 1, 2006, approve or disapprove the program of courses leading to teacher, school administrator, and school specialized personnel certification offered by all institutions of higher education within the state which may be accredited and whose graduates may become entitled to receive such certification.~~

~~(2) Until January 1, 2006, conduct every five years a review of the program approval standards, including the minimum standards for teachers, administrators, and educational staff associates, to reflect research findings and assure continued improvement of preparation programs for teachers, administrators, and educational staff associates.~~

~~(3) Until January 1, 2006, investigate the character of the work required to be performed as a condition of entrance to and graduation from any institution of higher education in this state relative to such certification as provided for in subsection (1) of this section, and prepare a list of accredited institutions of higher education of this and other states whose graduates may be awarded such certificates.~~

~~(4) Until January 1, 2006:~~

~~(a) Adopt rules to allow a teacher certification candidate to fulfill, in part, teacher preparation program requirements through work experience as a classified teacher's aide in a public school or private school meeting the requirements of RCW 28A.195.010. The rules shall include, but are not limited to, limitations based upon the recency of the teacher preparation candidate's teacher aide work experience, and limitations based on the amount of work experience that may apply toward teacher preparation program requirements under this chapter; and~~

~~(b) Require that at the time of the individual's enrollment in a teacher preparation program, the supervising teacher and the building principal shall jointly provide to the teacher preparation program of the higher education institution at which the teacher candidate is enrolled, a written assessment of the performance of the teacher candidate. The assessment shall contain such information as determined by the state board of education and shall include: Evidence that at least fifty percent of the candidate's work as a classified teacher's aide was involved in instructional activities with children under the supervision of a certificated teacher and that the candidate worked a minimum of six hundred thirty hours for one school year; the type of work performed by the candidate; and a recommendation of whether the candidate's work experience as a classified teacher's aide should be substituted for teacher preparation program requirements. In compliance with such rules as may be established by the state board of education under this section, the teacher preparation programs of the higher education institution where the candidate is enrolled shall make the final determination as to what teacher preparation program requirements may be fulfilled by teacher aide work experience.~~

~~(5) Until January 1, 2006, supervise the issuance of such certificates as provided for in subsection (1) of this section and specify the types and kinds of certificates necessary for the several departments of the common schools by rule or regulation in accordance with RCW 28A.410.010.~~

~~(6)) Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business((-);~~

~~((7)) (2) Form committees as necessary to effectively and efficiently conduct the work of the board((-);~~

~~((8)) (3) Seek advice from the public and interested parties regarding the work of the board((-);~~

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended. The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and, for high school students, to obtain a certificate of academic achievement. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall consider the incorporation of the standard error of measurement into

the decision regarding the award of the certificates. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. The initial performance standards and any changes recommended by the board in the performance standards for the tenth grade assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature. The legislature shall be advised of the initial performance standards and any changes made to the elementary level performance standards and the middle school level performance standards;

(c) Adopt objective, systematic criteria to identify successful schools and school districts and recommend to the superintendent of public instruction schools and districts to be recognized for two types of accomplishments, student achievement and improvements in student achievement. Recognition for improvements in student achievement shall include consideration of one or more of the following accomplishments:

(i) An increase in the percent of students meeting standards. The level of achievement required for recognition may be based on the achievement goals established by the legislature and by the board under (a) of this subsection;

(ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and

(iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index. When determining the baseline year or years for recognizing individual schools, the board may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;

(d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the board shall consider the use of all statewide mandated criterion-referenced and norm-referenced standardized tests;

(e) Identify schools and school districts in which state intervention measures will be needed and a range of appropriate intervention strategies after the legislature has authorized a set of intervention strategies. After the legislature has authorized a set of intervention strategies, at the request of the board, the superintendent shall intervene in the school or school district and take corrective actions. This chapter does not provide additional authority for the board or the superintendent of public instruction to intervene in a school or school district;

(f) Identify performance incentive systems that have improved or have the potential to improve student achievement;

(g) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system; and

(h) Include in the biennial report required under RCW 28A.305.035, information on the progress that has been made in achieving goals adopted by the board(;-);

~~((10))~~ (5) Accredite, subject to such accreditation standards and procedures as may be established by the state board of education, all private schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve: PROVIDED, That no private school may be approved that operates a kindergarten program only: PROVIDED FURTHER, That no ~~(public or)~~ private schools shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials(~~(-PROVIDED FURTHER, That the state board may elect to require all or certain classifications of the public schools to conduct and participate in such~~

Sec. 806. RCW 28A.405.110 and 1985 c 420 s 1 are each amended to read as follows:

The legislature recognizes the importance of teachers in the educational system. Teachers are the fundamental element in assuring a quality education for the state's and the nation's children. Teachers, through their direct contact with children, have a great impact on the development of the child. The legislature finds that this important role of the teacher requires an assurance that teachers are as successful as possible in attaining the goal of a well-educated society. The legislature finds, therefore, that the evaluation of those persons seeking to enter the teaching profession is no less important than the evaluation of those persons currently teaching. The evaluation of persons seeking teaching credentials should be strenuous while making accommodations uniquely appropriate to the applicants. Strenuous teacher training and preparation should be complemented by examinations of prospective teachers prior to candidates being granted official certification by the ~~((state board of education))~~ professional educator standards board. Teacher preparation program entrance evaluations, teacher training, teacher preparation program exit examinations, official certification, in-service training, and ongoing evaluations of individual progress and professional growth are all part of developing and maintaining a strong precertification and postcertification professional education system.

The legislature further finds that an evaluation system for teachers has the following elements, goals, and objectives: (1) An evaluation system must be meaningful, helpful, and objective; (2) an evaluation system must encourage improvements in teaching skills, techniques, and abilities by identifying areas needing improvement; (3) an evaluation system must provide a mechanism to make meaningful distinctions among teachers and to acknowledge, recognize, and encourage superior teaching performance; and (4) an evaluation system must encourage respect in the evaluation process by the persons conducting the evaluations and the persons subject to the evaluations through recognizing the importance of objective standards and minimizing subjectivity.

Therefore, the Washington state patrol identification and criminal history section shall disclose, upon the request of a business or organization as defined in RCW 43.43.830, a developmentally disabled person, or a vulnerable adult as defined in RCW 43.43.830 or his or her guardian, an applicant's record for convictions as defined in chapter 10.97 RCW.

(2) The legislature also finds that the ~~((state board of education))~~ Washington professional educator standards board may request of the

Washington state patrol criminal identification system information regarding a certificate applicant's record for convictions under subsection (1) of this section.

(3) The legislature also finds that law enforcement agencies, the office of the attorney general, prosecuting authorities, and the department of social and health services may request this same information to aid in the investigation and prosecution of child, developmentally disabled person, and vulnerable adult abuse cases and to protect children and adults from further incidents of abuse.

(4) The legislature further finds that the secretary of the department of social and health services must establish rules and set standards to require specific action when considering the information listed in subsection (1) of this section, and when considering additional information including but not limited to civil adjudication proceedings as defined in RCW 43.43.830 and any out-of-state equivalent, in the following circumstances:

(b) When considering persons for state positions involving unsupervised access to vulnerable adults to conduct comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards;

(c) When licensing agencies or facilities with individuals in positions directly responsible for the care, supervision, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to agencies or facilities licensed under chapter 74.15 or 18.51 RCW;

(d) When contracting with individuals or businesses or organizations for the care, supervision, case management, or treatment of children, developmentally disabled persons, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 18.48, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW;

(5) Whenever a state conviction record check is required by state law, persons may be employed or engaged as volunteers or independent contractors on a conditional basis pending completion of the state background investigation. Whenever a national criminal record check through the federal bureau of investigation is required by state law, a person may be employed or engaged as a volunteer or independent contractor on a conditional basis pending completion of the national check. The Washington personnel resources board shall adopt rules to accomplish the purposes of this subsection as it applies to state employees.

(6)(a) For purposes of facilitating timely access to criminal background information and to reasonably minimize the number of requests made under this section, recognizing that certain health care providers change employment frequently, health care facilities may, upon request from another health care facility, share copies of completed criminal background inquiry information.

(b) Completed criminal background inquiry information may be shared by a willing health care facility only if the following conditions are satisfied: The licensed health care facility sharing the criminal background inquiry information is reasonably known to be the person's most recent employer, no more than twelve months has elapsed from the date the person was last employed at a licensed health care facility to the date of their current employment application, and the criminal background information is no more than two years old.

(c) If criminal background inquiry information is shared, the health care facility employing the subject of the inquiry must require the applicant to sign a disclosure statement indicating that there has been no conviction or finding as described in RCW 43.43.842 since the completion date of the most recent criminal background inquiry.

(d) Any health care facility that knows or has reason to believe that an applicant has or may have a disqualifying conviction or finding as described in RCW 43.43.842, subsequent to the completion date of their most recent criminal background inquiry, shall be prohibited from relying on the applicant's previous employer's criminal background inquiry information. A new criminal background inquiry shall be requested pursuant to RCW 43.43.830 through 43.43.842.

(e) Health care facilities that share criminal background inquiry information shall be immune from any claim of defamation, invasion of privacy, negligence, or any other claim in connection with any dissemination of this information in accordance with this subsection.

(f) Health care facilities shall transmit and receive the criminal background inquiry information in a manner that reasonably protects the subject's rights to privacy and confidentiality.

(g) For the purposes of this subsection, "health care facility" means a nursing home licensed under chapter 18.51 RCW, a boarding home licensed under chapter 18.20 RCW, or an adult family home licensed under chapter 70.128 RCW.

(7) If a federal bureau of investigation check is required in addition to the state background check by the department of social and health services, an applicant who is not disqualified based on the results of the state background check shall be eligible for a one hundred twenty day provisional approval to hire, pending the outcome of the federal bureau of investigation check. The department may extend the provisional approval until receipt of the federal bureau of investigation check. If the federal bureau of investigation check disqualifies an applicant, the department shall notify the requestor that the provisional approval to hire is withdrawn and the applicant may be terminated.

Sec. 827. RCW 43.43.840 and 2005 c 421 s 6 are each amended to read as follows:

(2) When the state patrol receives information that a person has pled guilty to or been convicted of one of the felony crimes under subsection (1) of this section, the state patrol shall transmit that information to the superintendent of public instruction. It shall be the duty of the superintendent of public instruction to identify whether the person holds a certificate or permit issued under chapters 28A.405 and 28A.410 RCW or is employed by a school district, and provide this information to the ~~((state board of education))~~ Washington professional educator standards board and the school district employing the individual who pled guilty or was convicted of the crimes identified in subsection (1) of this section.

Sec. 2. RCW 74.46.431 and 2005 c 518 s 944 are each amended to read as follows:

(1) Effective July 1, 1999, nursing facility medicaid payment rate allocations shall be facility-specific and shall have seven components: Direct care, therapy care, support services, operations, property, financing allowance, and variable return. The department shall establish and adjust each of these components, as provided in this section and elsewhere in this chapter, for each medicaid nursing facility in this state.

(2) ~~((AH))~~ Component rate allocations in therapy care, support services, variable return, operations, property, and financing allowance for essential community providers as defined in this chapter shall be based upon a minimum facility occupancy of eighty-five percent of licensed beds, regardless of how many beds are set up or in use. For all facilities other than essential community providers, effective July 1, 2001, component rate allocations in direct care, therapy care, support services, variable return, operations, property, and financing allowance shall continue to be based upon a minimum facility occupancy of eighty-five percent of licensed beds. For all facilities other than essential community providers, effective July 1, 2002, the component rate allocations in operations, property, and financing allowance shall be based upon a minimum facility occupancy of ninety percent of licensed beds, regardless of how many beds are set up or in use. For all facilities, effective July 1, 2006, the component rate allocation in direct care shall be based upon actual facility occupancy.

(3) Information and data sources used in determining medicaid payment rate allocations, including formulas, procedures, cost report periods, resident assessment instrument formats, resident assessment methodologies, and resident classification and case mix weighting methodologies, may be substituted or altered from time to time as determined by the department.

(4)(a) Direct care component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 will be used for October 1, 1998, through June 30, 2001, direct care component rate allocations; adjusted cost report data from 1999 will be used for July 1, 2001, through June 30, ~~((2005))~~ 2006, direct care component rate allocations. Adjusted cost report data from ~~((+1999))~~ 2003 will ~~((continue to))~~ be used for July 1, ~~((2005))~~ 2006, and later direct care component rate allocations.

(b) Direct care component rate allocations based on 1996 cost report data shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is set equal to their adjusted June 30, 1998, rate, as provided in RCW 74.46.506(5)(i).

(c) Direct care component rate allocations based on 1999 cost report data shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is

set equal to their adjusted June 30, 1998, rate, as provided in RCW 74.46.506(5)(i).

(d) Direct care component rate allocations based on 2003 cost report data shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose direct care component rate is set equal to their adjusted June 30, 2006, rate, as provided in RCW 74.46.506(5)(i).

(5)(a) Therapy care component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 will be used for October 1, 1998, through June 30, 2001, therapy care component rate allocations; adjusted cost report data from 1999 will be used for July 1, 2001, through June 30, 2005, therapy care component rate allocations. Adjusted cost report data from 1999 will continue to be used for July 1, 2005, and later therapy care component rate allocations.

(b) Therapy care component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act.

(6)(a) Support services component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 shall be used for October 1, 1998, through June 30, 2001, support services component rate allocations; adjusted cost report data from 1999 shall be used for July 1, 2001, through June 30, 2005, support services component rate allocations. Adjusted cost report data from 1999 will continue to be used for July 1, 2005, and later support services component rate allocations.

(b) Support services component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act.

(7)(a) Operations component rate allocations shall be established using adjusted cost report data covering at least six months. Adjusted cost report data from 1996 shall be used for October 1, 1998, through June 30, 2001, operations component rate allocations; adjusted cost report data from 1999 shall be used for July 1, 2001, through June 30, ~~((2005))~~ 2006, operations component rate allocations. Adjusted cost report data from ~~((1999))~~ 2003 will ~~((continue to))~~ be used for July 1, ~~((2005))~~ 2006, and later operations component rate allocations.

(b) Operations component rate allocations shall be adjusted annually for economic trends and conditions by a factor or factors defined in the biennial appropriations act. A different economic trends and conditions adjustment factor or factors may be defined in the biennial appropriations act for facilities whose operations component rate is set equal to their adjusted June 30, 2006, rate, as provided in RCW 74.46.521(4).

(8) For July 1, 1998, through September 30, 1998, a facility's property and return on investment component rates shall be the facility's June 30, 1998, property and return on investment component rates, without increase. For October 1, 1998, through June 30, 1999, a facility's property and return on investment component rates shall be rebased utilizing 1997 adjusted cost report data covering at least six months of data.

(9) Total payment rates under the nursing facility medicaid payment system shall not exceed facility rates charged to the general public for comparable services.

(10) Medicaid contractors shall pay to all facility staff a minimum wage of the greater of the state minimum wage or the federal minimum wage.

(11) The department shall establish in rule procedures, principles, and conditions for determining component rate allocations for facilities in circumstances not directly addressed by this chapter, including but not limited to: The need to prorate inflation for partial-period cost report data, newly constructed facilities, existing facilities entering the medicaid program for the first time or after a period of absence from the program, existing facilities with expanded new bed capacity, existing medicaid facilities following a change of ownership of the nursing facility business, facilities banking beds or converting beds back into service, facilities temporarily reducing the number of set-up beds during a remodel, facilities having less than six months

of either resident assessment, cost report data, or both, under the current contractor prior to rate setting, and other circumstances.

(12) The department shall establish in rule procedures, principles, and conditions, including necessary threshold costs, for adjusting rates to reflect capital improvements or new requirements imposed by the department or the federal government. Any such rate adjustments are subject to the provisions of RCW 74.46.421.

(13) Effective July 1, 2001, medicaid rates shall continue to be revised downward in all components, in accordance with department rules, for facilities converting banked beds to active service under chapter 70.38 RCW, by using the facility's increased licensed bed capacity to recalculate minimum occupancy for rate setting. However, for facilities other than essential community providers which bank beds under chapter 70.38 RCW, after May 25, 2001, medicaid rates shall be revised upward, in accordance with department rules, in direct care, therapy care, support services, and variable return components only, by using the facility's decreased licensed bed capacity to recalculate minimum occupancy for rate setting, but no upward revision shall be made to operations, property, or financing allowance component rates. The direct care component rate allocation shall be adjusted, without using the minimum occupancy assumption, for facilities that convert banked beds to active service, under chapter 70.38 RCW, beginning on July 1, 2006.

(14) Facilities obtaining a certificate of need or a certificate of need exemption under chapter 70.38 RCW after June 30, 2001, must have a certificate of capital authorization in order for (a) the depreciation resulting from the capitalized addition to be included in calculation of the facility's property component rate allocation; and (b) the net invested funds associated with the capitalized addition to be included in calculation of the facility's financing allowance rate allocation.

Sec. 3. RCW 74.46.433 and 2001 1st sp.s. c 8 s 6 are each amended to read as follows:

(1) The department shall establish for each medicaid nursing facility a variable return component rate allocation. In determining the variable return allowance:

(a) Except as provided in (e) of this subsection, the variable return array and percentage shall be assigned whenever rebasing of noncapital rate allocations is scheduled under RCW ~~((46.46.431))~~ ~~74.46.431~~ 74.46.431 (4), (5), (6), and (7).

(b) To calculate the array of facilities for the July 1, 2001, rate setting, the department, without using peer groups, shall first rank all facilities in numerical order from highest to lowest according to each facility's examined and documented, but unlidged, combined direct care, therapy care, support services, and operations per resident day cost from the 1999 cost report period. However, before being combined with other per resident day costs and ranked, a facility's direct care cost per resident day shall be adjusted to reflect its facility average case mix index, to be averaged from the four calendar quarters of 1999, weighted by the facility's resident days from each quarter, under RCW 74.46.501(7)(b)(ii). The array shall then be divided into four quartiles, each containing, as nearly as possible, an equal number of facilities, and four percent shall be assigned to facilities in the lowest quartile, three percent to facilities in the next lowest quartile, two percent to facilities in the next highest quartile, and one percent to facilities in the highest quartile.

(c) The department shall, subject to (d) of this subsection, compute the variable return allowance by multiplying a facility's assigned percentage by the sum of the facility's direct care, therapy care, support services, and operations component rates determined in accordance with this chapter and rules adopted by the department.

(d) Effective July 1, 2001, if a facility's examined and documented direct care cost per resident day for the preceding report year is lower than its average direct care component rate weighted by medicaid resident days for the same year, the facility's direct care cost shall be substituted for its July 1, 2001, direct care component rate, and its variable return component rate shall be determined or adjusted each July 1st by multiplying the facility's assigned percentage by the sum of the facility's July 1, 2001, therapy care, support services, and operations component rates, and its direct care cost per resident day for the preceding year.

(e) Effective July 1, 2006, the variable return component rate allocation for each facility shall be the facility's June 30, 2006, variable return component rate allocation.

(2) The variable return rate allocation calculated in accordance with this section shall be adjusted to the extent necessary to comply with RCW 74.46.421.

Sec. 4. RCW 74.46.496 and 1998 c 322 s 23 are each amended to read as follows:

(1) Each case mix classification group shall be assigned a case mix weight. The case mix weight for each resident of a nursing facility for each calendar quarter shall be based on data from resident assessment instruments completed for the resident and weighted by the number of days the resident was in each case mix classification group. Days shall be counted as provided in this section.

(2) The case mix weights shall be based on the average minutes per registered nurse, licensed practical nurse, and certified nurse aide, for each case mix group, and using the health care financing administration of the United States department of health and human services 1995 nursing facility staff time measurement study stemming from its multistate nursing home case mix and quality demonstration project. Those minutes shall be weighted by statewide ratios of registered nurse to certified nurse aide, and licensed practical nurse to certified nurse aide, wages, including salaries and benefits, which shall be based on 1995 cost report data for this state.

(3) The case mix weights shall be determined as follows:

(a) Set the certified nurse aide wage weight at 1.000 and calculate wage weights for registered nurse and licensed practical nurse average wages by dividing the certified nurse aide average wage into the registered nurse average wage and licensed practical nurse average wage;

(b) Calculate the total weighted minutes for each case mix group in the resource utilization group III classification system by multiplying the wage weight for each worker classification by the average number of minutes that classification of worker spends caring for a resident in that resource utilization group III classification group, and summing the products;

(c) Assign a case mix weight of 1.000 to the resource utilization group III classification group with the lowest total weighted minutes and calculate case mix weights by dividing the lowest group's total weighted minutes into each group's total weighted minutes and rounding weight calculations to the third decimal place.

(4) The case mix weights in this state may be revised if the health care financing administration updates its nursing facility staff time measurement studies. The case mix weights shall be revised, but only when direct care component rates are cost-rebased as provided in subsection (5) of this section, to be effective on the July 1st effective date of each cost-rebased direct care component rate. However, the department may revise case mix weights more frequently if, and only if, significant variances in wage ratios occur among direct care staff in the different caregiver classifications identified in this section.

(5) Case mix weights shall be revised when direct care component rates are cost-rebased (~~every three years~~) as provided in RCW 74.46.431(4)(~~(a)~~).

Sec. 5. RCW 74.46.501 and 2001 1st sp.s. c 8 s 9 are each amended to read as follows:

(1) From individual case mix weights for the applicable quarter, the department shall determine two average case mix indexes for each medicaid nursing facility, one for all residents in the facility, known as the facility average case mix index, and one for medicaid residents, known as the medicaid average case mix index.

(2)(a) In calculating a facility's two average case mix indexes for each quarter, the department shall include all residents or medicaid residents, as applicable, who were physically in the facility during the quarter in question based on the resident assessment instrument completed by the facility and the requirements and limitations for the instrument's completion and transmission (January 1st through March 31st, April 1st through June 30th, July 1st through September 30th, or October 1st through December 31st).

(b) The facility average case mix index shall exclude all default cases as defined in this chapter. However, the medicaid average case mix index shall include all default cases.

(3) Both the facility average and the medicaid average case mix indexes shall be determined by multiplying the case mix weight of each resident, or each medicaid resident, as applicable, by the number of days, as defined in this section and as applicable, the resident was at each particular case mix classification or group, and then averaging.

(4)(a) In determining the number of days a resident is classified into a particular case mix group, the department shall determine a start date for calculating case mix grouping periods as follows:

(i) If a resident's initial assessment for a first stay or a return stay in the nursing facility is timely completed and transmitted to the department by the cutoff date under state and federal requirements and as described in subsection (5) of this section, the start date shall be the later of either the first day of the quarter or the resident's facility admission or readmission date;

(ii) If a resident's significant change, quarterly, or annual assessment is timely completed and transmitted to the department by the cutoff date under state and federal requirements and as described in subsection (5) of this section, the start date shall be the date the assessment is completed;

(iii) If a resident's significant change, quarterly, or annual assessment is not timely completed and transmitted to the department by the cutoff date under state and federal requirements and as described in subsection (5) of this section, the start date shall be the due date for the assessment.

(b) If state or federal rules require more frequent assessment, the same principles for determining the start date of a resident's classification in a particular case mix group set forth in subsection (4)(a) of this section shall apply.

(c) In calculating the number of days a resident is classified into a particular case mix group, the department shall determine an end date for calculating case mix grouping periods as follows:

(i) If a resident is discharged before the end of the applicable quarter, the end date shall be the day before discharge;

(ii) If a resident is not discharged before the end of the applicable quarter, the end date shall be the last day of the quarter;

(iii) If a new assessment is due for a resident or a new assessment is completed and transmitted to the department, the end date of the previous assessment shall be the earlier of either the day before the assessment is due or the day before the assessment is completed by the nursing facility.

(5) The cutoff date for the department to use resident assessment data, for the purposes of calculating both the facility average and the medicaid average case mix indexes, and for establishing and updating a facility's direct care component rate, shall be one month and one day after the end of the quarter for which the resident assessment data applies.

(6) A threshold of ninety percent, as described and calculated in this subsection, shall be used to determine the case mix index each quarter. The threshold shall also be used to determine which facilities' costs per case mix unit are included in determining the ceiling, floor, and price. For direct care component rate allocations established on and after July 1, 2006, the threshold of ninety percent shall be used to determine the case mix index each quarter and to determine which facilities' costs per case mix unit are included in determining the ceiling and price. If the facility does not meet the ninety percent threshold, the department may use an alternate case mix index to determine the facility average and medicaid average case mix indexes for the quarter. The threshold is a count of unique minimum data set assessments, and it shall include resident assessment instrument tracking forms for residents discharged prior to completing an initial assessment. The threshold is calculated by dividing a facility's count of residents being assessed by the average census for the facility. A daily census shall be reported by each nursing facility as it transmits assessment data to the department. The department shall compute a quarterly average census based on the daily census. If no census has been reported by a facility during a specified quarter, then the department shall use the facility's licensed beds as the denominator in computing the threshold.

(7)(a) Although the facility average and the medicaid average case mix indexes shall both be calculated quarterly, the facility average case mix index will be used (~~only every three years~~) throughout the applicable cost-rebasing period in combination with cost report data as specified by RCW 74.46.431 and 74.46.506, to establish a facility's allowable cost per case mix unit. A facility's medicaid average case mix index shall be used to update a nursing facility's direct care component rate quarterly.

(b) The facility average case mix index used to establish each nursing facility's direct care component rate shall be based on an average of calendar quarters of the facility's average case mix indexes.

(i) For October 1, 1998, direct care component rates, the department shall use an average of facility average case mix indexes from the four calendar quarters of 1997.

(ii) For July 1, 2001, direct care component rates, the department shall use an average of facility average case mix indexes from the four calendar quarters of 1999.

(iii) Beginning on July 1, 2006, when establishing the direct care component rates, the department shall use an average of facility case mix indexes from the four calendar quarters occurring during the cost report period used to rebase the direct care component rate allocations as specified in RCW 74.46.431.

(c) The medicaid average case mix index used to update or recalibrate a nursing facility's direct care component rate quarterly shall be from the calendar quarter commencing six months prior to the effective date of the quarterly rate. For example, October 1, 1998, through December 31, 1998, direct care component rates shall utilize case mix averages from the April 1, 1998, through June 30, 1998, calendar quarter, and so forth.

Sec. 6. RCW 74.46.506 and 2001 1st sp.s. c 8 s 10 are each amended to read as follows:

(1) The direct care component rate allocation corresponds to the provision of nursing care for one resident of a nursing facility for one day, including direct care supplies. Therapy services and supplies, which correspond to the therapy care component rate, shall be excluded. The direct care component rate includes elements of case mix determined consistent with the principles of this section and other applicable provisions of this chapter.

(2) Beginning October 1, 1998, the department shall determine and update quarterly for each nursing facility serving medicaid residents a facility-specific per-resident day direct care component rate allocation, to be effective on the first day of each calendar quarter. In determining direct care component rates the department shall utilize, as specified in this section, minimum data set resident assessment data for each resident of the facility, as transmitted to, and if necessary corrected by, the department in the resident assessment instrument format approved by federal authorities for use in this state.

(3) The department may question the accuracy of assessment data for any resident and utilize corrected or substitute information, however derived, in determining direct care component rates. The department is authorized to impose civil fines and to take adverse rate actions against a contractor, as specified by the department in rule, in order to obtain compliance with resident assessment and data transmission requirements and to ensure accuracy.

(4) Cost report data used in setting direct care component rate allocations shall be 1996 (~~and~~), 1999, and 2003 for rate periods as specified in RCW 74.46.431(4)(a).

(5) Beginning October 1, 1998, the department shall rebase each nursing facility's direct care component rate allocation as described in RCW 74.46.431, adjust its direct care component rate allocation for economic trends and conditions as described in RCW 74.46.431, and update its medicaid average case mix index, consistent with the following:

(a) Reduce total direct care costs reported by each nursing facility for the applicable cost report period specified in RCW 74.46.431(4)(a) to reflect any department adjustments, and to eliminate reported resident therapy costs and adjustments, in order to derive the facility's total allowable direct care cost;

(b) Divide each facility's total allowable direct care cost by its adjusted resident days for the same report period, increased if necessary to a minimum occupancy of eighty-five percent; that is, the

greater of actual or imputed occupancy at eighty-five percent of licensed beds, to derive the facility's allowable direct care cost per resident day. However, effective July 1, 2006, each facility's allowable direct care costs shall be divided by its adjusted resident days without application of a minimum occupancy assumption;

(c) Adjust the facility's per resident day direct care cost by the applicable factor specified in RCW 74.46.431(4) (~~and~~), (c), and (d) to derive its adjusted allowable direct care cost per resident day;

(d) Divide each facility's adjusted allowable direct care cost per resident day by the facility average case mix index for the applicable quarters specified by RCW 74.46.501(7)(b) to derive the facility's allowable direct care cost per case mix unit;

(e) Effective for July 1, 2001, rate setting, divide nursing facilities into at least two and, if applicable, three peer groups: Those located in nonurban counties; those located in high labor-cost counties, if any; and those located in other urban counties;

(f) Array separately the allowable direct care cost per case mix unit for all facilities in nonurban counties; for all facilities in high labor-cost counties, if applicable; and for all facilities in other urban counties, and determine the median allowable direct care cost per case mix unit for each peer group;

(g) Except as provided in (i) of this subsection, from October 1, 1998, through June 30, 2000, determine each facility's quarterly direct care component rate as follows:

(i) Any facility whose allowable cost per case mix unit is less than eighty-five percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to eighty-five percent of the facility's peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(ii) Any facility whose allowable cost per case mix unit is greater than one hundred fifteen percent of the peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to one hundred fifteen percent of the peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(iii) Any facility whose allowable cost per case mix unit is between eighty-five and one hundred fifteen percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(h) Except as provided in (i) of this subsection, from July 1, 2000, (~~forward, and for all future rate setting~~) through June 30, 2006, determine each facility's quarterly direct care component rate as follows:

(i) Any facility whose allowable cost per case mix unit is less than ninety percent of the facility's peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to ninety percent of the facility's peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(ii) Any facility whose allowable cost per case mix unit is greater than one hundred ten percent of the peer group median established under (f) of this subsection shall be assigned a cost per case mix unit equal to one hundred ten percent of the peer group median, and shall have a direct care component rate allocation equal to the facility's assigned cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(iii) Any facility whose allowable cost per case mix unit is between ninety and one hundred ten percent of the peer group median established under (f) of this subsection shall have a direct care component rate allocation equal to the facility's allowable cost per case mix unit multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c);

(i)(i) Between October 1, 1998, and June 30, 2000, the department shall compare each facility's direct care component rate allocation calculated under (g) of this subsection with the facility's nursing services component rate in effect on September 30, 1998, less therapy costs, plus any exceptional care offsets as reported on the cost report, adjusted for economic trends and conditions as provided in RCW 74.46.431. A facility shall receive the higher of the two rates.

(ii) Between July 1, 2000, and June 30, 2002, the department shall compare each facility's direct care component rate allocation calculated under (h) of this subsection with the facility's direct care component rate in effect on June 30, 2000. A facility shall receive the higher of the two rates. Between July 1, 2001, and June 30, 2002, if during any quarter a facility whose rate paid under (h) of this subsection is greater than either the direct care rate in effect on June 30, 2000, or than that facility's allowable direct care cost per case mix unit calculated in (d) of this subsection multiplied by that facility's medicaid average case mix index from the applicable quarter specified in RCW 74.46.501(7)(c), the facility shall be paid in that and each subsequent quarter pursuant to (h) of this subsection and shall not be entitled to the greater of the two rates.

(iii) ~~(Effective)~~ Between July 1, 2002, and June 30, 2006, all direct care component rate allocations shall be as determined under (h) of this subsection.

(iv) Effective July 1, 2006, for all providers, except vital local providers as defined in this chapter, all direct care component rate allocations shall be as determined under (j) of this subsection.

(v) Effective July 1, 2006, for vital local providers, as defined in this chapter, direct care component rate allocations shall be determined as follows:

(A) The department shall calculate:

(I) The sum of each facility's July 1, 2006, direct care component rate allocation calculated under (j) of this subsection and July 1, 2006, operations component rate calculated under RCW 74.46.521; and

(II) The sum of each facility's June 30, 2006, direct care and operations component rates.

The legislature shall not impose additional taxes for emergency purposes under this subsection unless funds in the education construction fund have been exhausted.))~~ Taxes enacted pursuant to an emergency previously declared under this section may be imposed with a favorable vote of a majority of members elected to each house of the legislature, and shall expire not later than twelve months after the effective date of the emergency declaration.

(c) The state or any political subdivision of the state shall not impose any tax on intangible property listed in RCW 84.36.070 as that statute exists on January 1, 1993.

(4) If the cost of any state program or function is shifted from the state general fund on or after January 1, 1993, to another source of funding, or if moneys are transferred from the state general fund to another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall lower the state expenditure limit to reflect the shift. This subsection does not apply to the dedication or use of lottery revenues under RCW 67.70.240(3) or property taxes under RCW 84.52.068, in support of education or education expenditures.

(5) If the cost of any state program or function is shifted to the state general fund on or after January 1, 2000, from another source of funding, or if moneys are transferred to the state general fund from another fund or account, the state expenditure limit committee, acting pursuant to RCW 43.135.025(5), shall increase the state expenditure limit to reflect the shift.
