Sec. 8. RCW 48.14.0201 and 2005 c 405 s 1 are each amended to read as follows:

(1) As used in this section, "taxpayer" means a health maintenance organization as defined in RCW 48.46.020, a health care service contractor as defined in RCW 48.44.010, or a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010.

(2) Each taxpayer shall pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner's office. The tax shall be equal to the total amount of all premiums and prepayments for health care services received by the taxpayer during the preceding calendar year multiplied by the rate of two percent.

(3) Taxpayers shall prepay their tax obligations under this section. The minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation for the preceding calendar

year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments shall be percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments shall be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

- (a) On or before June 15, forty-five percent;
- (b) On or before September 15, twenty-five percent;

(5) Moneys collected under this section shall be deposited in the general fund (~~through March 31, 1996, and in the health services account under RCW 43.72.900 after March 31, 1996~~).

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.

(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:

(8)(a) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. Once the legality of the taxes has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these taxes.

(b) If there has not been a final determination of the legality of these taxes, then beginning on the earlier of (i) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (ii) April 1, 2006, the arrangement shall deposit the taxes imposed by this section into an interest bearing escrow account maintained by the arrangement. POINT OF ORDER

Representative Sommers requested a scope and object ruling on the amendment (1187) to Engrossed Substitute Senate Bill No. 6896.

SPEAKER'S RULING

The Speaker (Representative Lovick presiding): "ENGROSSED SUBSTITUTE SENATE BILL NO. 6896 is entitled an act relating to "funding state budgetary reserves including an adjustment to the state expenditure limit." The bill makes appropriations to the Student Achievement Fund, the Health Services Account, and the newly-created Pension Funding Stabilization Account and adjusts the expenditure limit to reflect the budgetary reserve appropriations made in the bill.

Amendment 1187 makes comprehensive changes to the state's expenditure limit law, including changes to the composition and duties of the state expenditure limit committee, changes to the definition of the fiscal growth factor, adding the Education Legacy Trust Account to the funds covered by the expenditure limit, and, subject to passage of a constitutional amendment, changes to the procedures and votes required to exceed the expenditure limit.

The amendment goes far beyond making an "adjustment to the state expenditure limit: as specified in the title, and instead, proposes comprehensive changes to the state's expenditure limit law.

The Speaker therefore finds the amendment is beyond the scope and object of the bill.

Representative Sommers, your point of order is well taken."

NEW SECTION. Sec. 9. A new section is added to chapter 82.32 RCW to read as follows:

(1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources, the legislature needs information on how a tax incentive is used.

(2)(a) A person who reports taxes under RCW 82.04.260(12) shall file a complete annual survey with the department. The survey is due by March 31st following any year in which a person reports taxes under RCW 82.04.260(12). The department may extend the due date for timely filing of annual surveys under this section as provided in RCW 82.32.590. The survey shall include the amount of tax reduced under the preferential rate in RCW 82.04.260(12). The survey shall also include the following information for employment positions in Washington:

(i) The number of total employment positions;

(ii) Full-time, part-time, and temporary employment positions as a percent of total employment;

(iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band; and

(iv) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands.

(b) The first survey filed under this subsection shall include employment, wage, and benefit information for the twelve-month

period immediately before first use of a preferential tax rate under RCW 82.04.260(12).

(c) As part of the annual survey, the department may request additional information, including the amount of investment in equipment used in the activities taxable under the preferential rate in RCW 82.04.260(12), necessary to measure the results of, or determine eligibility for, the preferential tax rate in RCW 82.04.260(12).

(d) All information collected under this section, except the amount of the tax reduced under the preferential rate in RCW 82.04.260(12), is deemed taxpayer information under RCW 82.32.330. Information on the amount of tax reduced is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request, except as provided in (e) of this subsection. If the amount of the tax reduced as reported on the survey is different than the amount actually reduced based on the taxpayer's excise tax returns or otherwise allowed by the department, the amount actually reduced may be disclosed.

(e) Persons for whom the actual amount of the tax reduction is less than ten thousand dollars during the period covered by the survey may request the department to treat the amount of the tax reduction as confidential under RCW 82.32.330.

(3) If a person fails to submit a complete annual survey under subsection (2) of this section by the due date or any extension under RCW 82.32.590, the department shall declare the amount of taxes reduced under the preferential rate in RCW 82.04.260(12) for the period covered by the survey to be immediately due and payable. The department shall assess interest, but not penalties, on the taxes. Interest shall be assessed at the rate provided for delinquent excise taxes under this chapter, retroactively to the date the reduced taxes were due, and shall accrue until the amount of the reduced taxes is repaid.

(4) The department shall use the information from the annual survey required under subsection (2) of this section to prepare summary descriptive statistics by category. The department shall report these statistics to the legislature each year by September 1st. The requirement to prepare and report summary descriptive statistics shall cease after September 1, 2025.

(5) By November 1, 2011, and November 1, 2023, the fiscal committees of the house of representatives and the senate, in consultation with the department, shall report to the legislature on the effectiveness of the preferential tax rate provided in RCW 82.04.260(12). The report shall measure the effect of the preferential tax rate provided in RCW 82.04.260(12) on job retention, net jobs created for Washington residents, company growth, and other factors as the committees select. The report shall include a discussion of principles to apply in evaluating whether the legislature should continue the preferential tax rate provided in RCW 82.04.260(12).

Sec. 10. RCW 82.32.590 and 2005 c 514 s 1001 are each amended to read as follows:

(1) If the department finds that the failure of a taxpayer to file an annual survey under RCW 82.04.4452 or section 9 of this act by the due date was the result of circumstances beyond the control of the taxpayer, the department shall extend the time for filing the survey. Such extension shall be for a period of thirty days from the date the department issues its written notification to the taxpayer that it qualifies for an extension under this section. The department may grant additional extensions as it deems proper.

(2) In making a determination whether the failure of a taxpayer to file an annual survey by the due date was the result of circumstances beyond the control of the taxpayer, the department shall be guided by rules adopted by the department for the waiver or cancellation of penalties when the underpayment or untimely payment of any tax was due to circumstances beyond the control of the taxpayer.

Sec. 11. RCW 82.32.600 and 2005 c 514 s 1002 are each amended to read as follows:

(1) Persons required to file surveys under RCW 82.04.4452 or section 9 of this act must electronically file with the department all surveys, returns, and any other forms or information the department requires in an electronic format as provided or approved by the

department ~~((unless the department grants relief under subsection (2) of this section))~~. As used in this section, "returns" has the same meaning as "return" in RCW 82.32.050.

~~(2) (Upon request, the department may relieve a person of the obligations in subsection (1) of this section if the person's taxes have been reduced a cumulative total of less than one thousand dollars from all of the credits, exemptions, or preferential business and occupation tax rates, for which a person is required to file an annual survey under RCW 82.04.4452, 82.32.535, 82.32.545, 82.32.570, 82.32.560, 82.60.070, or 82.63.020.~~

~~(3) Persons who no longer qualify for relief under subsection (2) of this section will be notified in writing by the department and must comply with subsection (1) of this section by the date provided in the notice.~~

~~(4)) Any survey, return, or any other form or information required to be filed in an electronic format under subsection (1) of this section is not filed until received by the department in an electronic format.~~

(2) This act takes effect the first day of the month in which a contract for the construction of a significant semiconductor fabrication facility is signed, as determined by the director of the department of revenue.

(3)(a) The department of revenue shall provide notice of the effective date of this act to affected taxpayers, the legislature, and others as deemed appropriate by the department.

(b) If, after making a determination that a contract has been signed and this act is effective, the department discovers that commencement of commercial production did not take place within three years of the date the contract was signed, the department shall make a determination that this act is no longer effective, and all taxes that would have been otherwise due shall be deemed deferred taxes and are immediately assessed and payable from any person reporting tax under RCW 82.04.240(2) or claiming an exemption or credit under section 2 or 5 through 10 of this act. The department is not authorized to make a second determination regarding the effective date of this act.

NEW SECTION. Sec. 13. (1) Sections 1, 3, 4 through 6, and 8 through 12 of this act take effect July 1, 2006.

(2) Section 2 of this act takes effect July 1, 2007.

Representatives Serben, Orcutt and Hunt

WHEREAS, The House of Representatives of the state of Washington recognize extraordinary merit and achievement in all forms of endeavors; and

WHEREAS, The Seattle Seahawks organization, and its legion of loyal fans across this great state and country, deserve

such recognition for the outstanding accomplishment they made in becoming champions to the people of Washington and supporters nationwide; and

WHEREAS, With an experienced coaching staff, MVP running back, Pro Bowl quarterback, dominant offensive line, young, but stifling defense, and electric special teams, the Seahawks posted a franchise-best 13-3 regular season record, including a first-ever 11-game winning streak; and

WHEREAS, During this incredible run, the Seahawks dominated by scoring 57 touchdowns to their opponents' 24, 5,915 total yards to their opponents' 5,069, 361 first downs to their opponents' 295, and 50 sacks to their opponents' 27; and

WHEREAS, The Seahawks played in their first Super Bowl in franchise history on February 5, 2006 - Super Bowl XL - where they lost to the Pittsburgh Steelers 21-10 due partly to questionable referee calls, including 70 penalty yards compared to just 20 for Pittsburgh; and

WHEREAS, Super Bowl XL was distributed internationally to more than 230 countries and nationally to more than 200 television stations throughout the United States, where hundreds of millions of people got to experience Seahawks football and a taste of Seattle; and

WHEREAS, The Seahawks play in one of the most state-of-the-art facilities in all of professional sports, providing a raucous and loud environment that intimidates opposing teams; and

WHEREAS, The spirit of the "12th Man" reached every part of this great state and each Seahawks fan across the country, and played a central role in the team's success, much to the chagrin of Texas A&M University; and

WHEREAS, Seahawks Head Coach, Mike Holmgren, began his coaching career in 1971 at his alma mater Lincoln High School in San Francisco, California, where he also taught history; and

WHEREAS, Seahawks Head Coach, Mike Holmgren, has been with the team since January 9, 1999, guiding the Seahawks to a 22-13 record over their last 35 regular-season games, and once again leading a team to the Super Bowl; and

WHEREAS, In the same year that the Seahawks went to the Super Bowl for the first time in franchise history, a former player and current broadcaster, Warren Moon, became the first African-American quarterback named to the Pro Football Hall of Fame; and

WHEREAS, The Seahawks make as big of an impact off the field as they do on the field through their Charitable Foundation, which promotes the healthy social, emotional, intellectual, and physical development of youth by enhancing opportunities for participation in sports and fitness activities, including the Blue Ribbon Partner Program, a collaboration among Seattle youth service organizations, the Seahawks, the Paul G. Allen Family Foundation, and the Seahawks Leadership Academy for at-risk youth;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives express its recognition and pride for all that the Seahawks accomplished over the 2005-2006 season, both as a team and as individuals, and acknowledge that a new and exciting era of Seahawks football has been ushered in to the delight of appreciative fans everywhere; and

"PART I REGIONAL SUPPORT NETWORKS

NEW SECTION. Sec. 101. (1) The legislature finds that ambiguities have been identified regarding the appropriation and allocation of federal and state funds, and the responsibilities of the department of social and health services and the regional support networks with regard to the provision of inpatient mental health services under the community mental health services act, chapter 71.24 RCW, and the involuntary treatment act, chapter 71.05 RCW. The purpose of this 2006 act is to make retroactive, remedial, curative, and technical amendments in order to resolve such ambiguities.

(2) In enacting the community mental health services act, the legislature intended the relationship between the state and the regional support networks to be governed solely by the terms of the regional support network contracts and did not intend these relationships to create statutory causes of action not expressly provided for in the contracts. Therefore, the legislature's intent is that, except to the extent expressly provided in contracts entered after the effective date of this section, the department of social and health services and regional support networks shall resolve existing and future disagreements regarding the subject matter identified in sections 103 and 301 of this act through nonjudicial means.

Sec. 102. RCW 71.24.016 and 2001 c 323 s 4 are each amended to read as follows:

(1) The legislature intends that eastern and western state hospitals shall operate as clinical centers for handling the most complicated long-term care needs of patients with a primary diagnosis of mental disorder. It is further the intent of the legislature that the community mental health service delivery system focus on maintaining mentally ill individuals in the community. The program shall be evaluated and managed through a limited number of performance measures designed to hold each regional support network accountable for program success.

(2) The legislature intends to address the needs of people with mental disorders with a targeted, coordinated, and comprehensive set of evidence-based practices that are effective in serving individuals in their community and will reduce the need for placements in state mental hospitals. The legislature further intends to explicitly hold regional support networks accountable for serving people with mental disorders within their geographic boundaries and for not exceeding

their allocation of state hospital beds. Within funds appropriated by the legislature for this purpose, regional support networks shall develop the means to serve the needs of people with mental disorders within their geographic boundaries. Elements of the program may include:

- (a) Crisis triage;
 - (b) Evaluation and treatment and community hospital beds;
 - (c) Residential beds;
 - (d) Programs for community treatment teams; and
 - (e) Outpatient services.
- (3) The regional support network shall have the flexibility, within the funds appropriated by the legislature for this purpose, to design the mix of services that will be most effective within their service area of meeting the needs of people with mental disorders and avoiding placement of such individuals at the state mental hospital. Regional support networks are encouraged to maximize the use of evidence-based practices and alternative resources with the goal of substantially reducing and potentially eliminating the use of institutions for mental diseases.

NEW SECTION. Sec. 103. A new section is added to chapter 71.24 RCW to read as follows:

(1) Except for monetary damage claims which have been reduced to final judgment by a superior court, this section applies to all claims against the state, state agencies, state officials, or state employees that exist on or arise after the effective date of this section.

(2) Except as expressly provided in contracts entered into between the department and the regional support networks after the effective date of this section, the entities identified in subsection (3) of this section shall have no claim for declaratory relief, injunctive relief, judicial review under chapter 34.05 RCW, or civil liability against the state or state agencies for actions or inactions performed pursuant to the administration of this chapter with regard to the following: (a) The allocation or payment of federal or state funds; (b) the use or allocation of state hospital beds; or (c) financial responsibility for the provision of inpatient mental health care.

(3) This section applies to counties, regional support networks, and entities which contract to provide regional support network services and their subcontractors, agents, or employees.

(2) The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served.

(3) The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under regional support networks by rule, except to assure that all duties required of regional support networks are assigned and that counties and the regional support network do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the regional support network's contract with the secretary.

(c) Provide within the boundaries of each regional support network evaluation and treatment services for at least ~~((eighty-five))~~ ninety percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. Regional support networks ~~((with populations of less than one hundred fifty thousand))~~ may contract to purchase evaluation and treatment services from other networks if they are unable to provide for appropriate resources within their boundaries. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each regional support network. Such exceptions are limited to:

(i) Contracts with neighboring or contiguous regions; or

(ii) Individuals detained or committed for periods up to seventeen days at the state hospitals at the discretion of the secretary.

~~(d) ((Administer a portion of funds appropriated by the legislature to house mentally ill persons in state institutions from counties within the boundaries of any regional support network, with the exception of persons currently confined at, or under the supervision of, a state mental hospital pursuant to chapter 10.77 RCW, and provide for the care of all persons needing evaluation and treatment services for periods up to seventeen days according to chapter 71.05 RCW in appropriate residential services, which may include state institutions. The regional support networks shall reimburse the state for use of state institutions at a rate equal to that assumed by the legislature when appropriating funds for such care at state institutions during the biennium when reimbursement occurs. The secretary shall submit a report to the appropriate committees of the senate and house of representatives on the efforts to implement this section by October 1, 2002. The duty of a state hospital to accept persons for evaluation and treatment under chapter 71.05 RCW is limited by the responsibilities assigned to regional support networks under this section.~~

~~((e))~~ Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as defined in RCW 71.24.035, and mental health services to children.

~~((f))~~ (c) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

~~((2))~~ (7) A regional support network may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the mentally ill and which is within the boundaries of a regional support network be made available to support the operations of the regional support network. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

~~((3))~~ (8) Each regional support network shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter, provide local oversight regarding the activities of the regional support network, and work with the regional support network to resolve significant concerns regarding service delivery and outcomes. The department shall establish statewide procedures for the operation of regional advisory committees including mechanisms for advisory board feedback to the department regarding regional support network performance. The composition of the board shall be broadly representative of the demographic character of the region and shall include, but not be limited to, representatives of consumers and families, law enforcement, and where the county is not the regional support network, county elected officials. Composition and length of terms of board members may differ between regional support networks but shall be included in each regional support network's contract and approved by the secretary.

~~((5))~~ (10) Regional support networks may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the regional support network six-year operating and capital plan, timeline, and budget required by subsection ~~((4))~~ (6) of this section.

Sec. 107. RCW 71.24.310 and 1989 c 205 s 6 are each amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the regional support network defined in RCW 71.24.025. For this reason, the legislature intends that ~~((any enhanced program funding for implementation of))~~ the department and the regional support networks shall work together to implement chapter 71.05 RCW ~~((or this chapter, except for funds allocated for implementation of mandatory statewide programs as required by federal statute, be made available primarily to those counties participating in regional support networks))~~ as follows:

(1) By June 1, 2006, regional support networks shall recommend to the department the number of state hospital beds that should be allocated for use by each regional support network. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the regional support networks regarding the number of state hospital beds that should be allocated for use by each regional support network, the department shall contract with each regional support network accordingly.

(3) If there is not consensus among the regional support networks regarding the number of beds that should be allocated for use by each regional support network, the department shall establish by emergency rule the number of state hospital beds that are available for use by each regional support network. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of acutely and chronically mentally ill adults in each regional support network area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5) The department is encouraged to enter performance-based contracts with regional support networks to provide some or all of the regional support network's allocated long-term inpatient treatment capacity in the community, rather than in the state hospital. The performance contracts shall specify the number of patient days of care available for use by the regional support network in the state hospital.

(6) If a regional support network uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care. The reimbursement rate per day shall be the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the cost of operating the state hospital. The department shall distribute the remaining half of such reimbursements among regional support networks that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used.

PART II MENTAL HEALTH AUTHORITY

(g) Develop and maintain an information system to be used by the state and regional support networks that includes a tracking method which allows the department and regional support networks to identify mental health clients' participation in any mental health service or public program on an immediate basis. The information system shall not include individual patient's case history files. Confidentiality of client information and records shall be maintained as provided in this chapter and in RCW 71.05.390, 71.05.420, and 71.05.440;

(n) Assure the availability of an appropriate amount, as determined by the legislature in the operating budget by amounts appropriated for this specific purpose, of community-based, geographically distributed residential services.

(6) The secretary shall use available resources only for regional support networks, except to the extent authorized, and in accordance with any priorities or conditions specified, in the biennial appropriations act.

(7) Each certified regional support network and licensed service provider shall file with the secretary, on request, such data, statistics, schedules, and information as the secretary reasonably requires. A certified regional support network or licensed service provider which, without good cause, fails to furnish any data, statistics, schedules, or information as requested, or files fraudulent reports thereof, may have its certification or license revoked or suspended.

(8) The secretary may suspend, revoke, limit, or restrict a certification or license, or refuse to grant a certification or license for failure to conform to: (a) The law; (b) applicable rules and regulations; (c) applicable standards; or (d) state minimum standards.

(9) The superior court may restrain any regional support network or service provider from operating without certification or a license or any other violation of this section. The court may also review, pursuant to procedures contained in chapter 34.05 RCW, any denial, suspension, limitation, restriction, or revocation of certification or license, and grant other relief required to enforce the provisions of this chapter.

(10) Upon petition by the secretary, and after hearing held upon reasonable notice to the facility, the superior court may issue a warrant to an officer or employee of the secretary authorizing him or her to enter at reasonable times, and examine the records, books, and accounts of any regional support network or service provider refusing to consent to inspection or examination by the authority.

(11) Notwithstanding the existence or pursuit of any other remedy, the secretary may file an action for an injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, or operation of a regional support network or service provider without certification or a license under this chapter.

~~(13) ((a) The department, in consultation with affected parties, shall establish a distribution formula that reflects regional needs assessments based on the number of persons who are acutely mentally ill, chronically mentally ill, severely emotionally disturbed children, and seriously disturbed. The formula shall take into consideration the impact on regions of demographic factors which result in concentrations of priority populations as set forth in subsection (5)(b) of this section. These factors shall include the population concentrations resulting from commitments under chapters 71.05 and 71.34 RCW to state psychiatric hospitals, as well as concentration in urban areas, at border crossings at state boundaries, and other significant demographic and workload factors.~~

~~(b) The formula shall also include a projection of the funding allocations that will result for each region, which specifies allocations according to priority populations, including the allocation for services to children and other underserved populations.~~

~~(c) After July 1, 2003, the department may allocate up to two percent of total funds to be distributed to the regional support networks for incentive payments to reward the achievement of superior outcomes, or significantly improved outcomes, as measured~~

~~by a statewide performance measurement system consistent with the framework recommended in the joint legislative audit and review committee's performance audit of the mental health system. The department shall annually report to the legislature on its criteria and allocation of the incentives provided under this subsection.)~~ The department shall distribute appropriated state and federal funds in accordance with any priorities, terms, or conditions specified in the appropriations act.

(14) The secretary shall assume all duties assigned to the nonparticipating regional support networks under chapters 71.05, 71.34, and 71.24 RCW. Such responsibilities shall include those which would have been assigned to the nonparticipating counties in regions where there are not participating regional support networks.

The regional support networks, or the secretary's assumption of all responsibilities under chapters 71.05, 71.34, and 71.24 RCW, shall be included in all state and federal plans affecting the state mental health program including at least those required by this chapter, the medicaid program, and P.L. 99-660. Nothing in these plans shall be inconsistent with the intent and requirements of this chapter.

(15) The secretary shall:

(a) Disburse funds for the regional support networks within sixty days of approval of the biennial contract. The department must either approve or reject the biennial contract within sixty days of receipt.

(b) Enter into biennial contracts with regional support networks. The contracts shall be consistent with available resources. No contract shall be approved that does not include progress toward meeting the goals of this chapter by taking responsibility for: (i) Short-term commitments; (ii) residential care; and (iii) emergency response systems.

(c) Notify regional support networks of their allocation of available resources at least sixty days prior to the start of a new biennial contract period.

(d) Deny all or part of the funding allocations to regional support networks based solely upon formal findings of noncompliance with the terms of the regional support network's contract with the department. ((Written notice and at least thirty days for corrective action must precede any such action. In such cases, regional support networks shall have full rights to appeal under chapter 34.05 RCW.)) Regional support networks disputing the decision of the secretary to withhold funding allocations are limited to the remedies provided in the department's contracts with the regional support networks.

(16) The department, in cooperation with the state congressional delegation, shall actively seek waivers of federal requirements and such modifications of federal regulations as are necessary to allow federal medicaid reimbursement for services provided by free-standing evaluation and treatment facilities certified under chapter 71.05 RCW. The department shall periodically report its efforts to the appropriate committees of the senate and the house of representatives.

Sec. 202. RCW 71.24.320 and 2005 c 503 s 4 are each amended to read as follows:

(1) The secretary shall initiate a procurement process for regional support networks in 2005. In the first step of the procurement process, existing regional support networks may respond to a request for qualifications developed by the department. The secretary shall issue the request for qualifications not later than October 1, 2005. The request for qualifications shall be based on cost-effectiveness, adequate residential and service capabilities, effective collaboration with criminal justice agencies and the chemical dependency treatment system, and the ability to provide the full array of services as stated in the mental health state plan, and shall meet all applicable federal and state regulations and standards. An existing regional support network shall be awarded the contract with the department if it substantially meets the requirements of the request for qualifications developed by the department.

(2)(a) If an existing regional support network chooses not to respond to the request for qualifications, or is unable to substantially meet the requirements of the request for qualifications, the department shall utilize a procurement process in which other entities recognized by the secretary may bid to serve as the regional support

network in that region. The procurement process shall begin with a request for proposals issued March 1, 2006.

(i) The request for proposal shall include a scoring factor for proposals that include additional financial resources beyond that provided by state appropriation or allocation.

(ii) Regional support networks that substantially met the requirements of the request for qualifications may bid to serve as the regional support network for other regions of the state that are subject to the request for proposal process. The proposal shall be evaluated on whether the bid meets the threshold requirement for the new region and shall not subject the regional support networks' original region to the request for proposal.

(b) Prior to final evaluation and scoring of the proposals all respondents will be provided with an opportunity for a detailed briefing by the department regarding the deficiencies in the proposal and shall be provided an opportunity to clarify information previously submitted.

Sec. 203. RCW 71.24.330 and 2005 c 503 s 6 are each amended to read as follows:

(1) Contracts between a regional support network and the department shall include mechanisms for monitoring performance under the contract and remedies for failure to substantially comply with the requirements of the contract including, but not limited to, financial penalties, termination of the contract, and reprourement of the contract.

(2) The procurement process shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. The procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the regional support network does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices; ~~(and)~~

(d) Maintain the decision-making independence of designated mental health professionals;

(e) Except at the discretion of the secretary or as specified in the biennial budget, require regional support networks to pay the state for the costs associated with individuals who are being served on the grounds of the state hospitals and who are not receiving long-term inpatient care as defined in RCW 71.24.025; and

(f) Include a negotiated alternative dispute resolution clause.

Sec. 204. RCW 72.23.025 and 1998 c 245 s 141 are each amended to read as follows:

(1) It is the intent of the legislature to improve the quality of service at state hospitals, eliminate overcrowding, and more specifically define the role of the state hospitals. The legislature intends that eastern and western state hospitals shall become clinical centers for handling the most complicated long-term care needs of patients with a primary diagnosis of mental disorder. ~~((Over the next six years, their involvement in providing short-term, acute care, and less complicated long-term care shall be diminished in accordance with the revised responsibilities for mental health care under chapter 71.24 RCW.))~~ To this end, the legislature intends that funds appropriated for mental health programs, including funds for regional support networks and the state hospitals be used for persons with primary diagnosis of mental disorder. The legislature finds that establishment of the eastern state hospital board, the western state hospital board, and institutes for the study and treatment of mental

disorders at both eastern state hospital and western state hospital will be instrumental in implementing the legislative intent.

(2)(a) The eastern state hospital board and the western state hospital board are each established. Members of the boards shall be appointed by the governor with the consent of the senate. Each board shall include:

(i) The director of the institute for the study and treatment of mental disorders established at the hospital;

(ii) One family member of a current or recent hospital resident;

(iii) One consumer of services;

(iv) One community mental health service provider;

(v) Two citizens with no financial or professional interest in mental health services;

(vii) One representative from the staff who is a physician;

(viii) One representative from the nursing staff;

(ix) One representative from the other professional staff;

(x) One representative from the nonprofessional staff; and

(xi) One representative of a minority community.

(b) At least one representative listed in (a)(viii), (ix), or (x) of this subsection shall be a union member.

(3) The boards established under this section shall:

(a) Monitor the operation and activities of the hospital;

(b) Review and advise on the hospital budget;

(c) Make recommendations to the governor and the legislature for improving the quality of service provided by the hospital;

(d) Monitor and review the activities of the hospital in implementing the intent of the legislature set forth in this section; and

(e) Consult with the secretary regarding persons the secretary may select as the superintendent of the hospital whenever a vacancy occurs.

(4)(a) There is established at eastern state hospital and western state hospital, institutes for the study and treatment of mental disorders. The institutes shall be operated by joint operating agreements between state colleges and universities and the department of social and health services. The institutes are intended to conduct training, research, and clinical program development activities that will directly benefit mentally ill persons receiving treatment in Washington state by performing the following activities:

(i) Promote recruitment and retention of highly qualified professionals at the state hospitals and community mental health programs;

(ii) Improve clinical care by exploring new, innovative, and scientifically based treatment models for persons presenting particularly difficult and complicated clinical syndromes;

(iii) Provide expanded training opportunities for existing staff at the state hospitals and community mental health programs;

(iv) Promote bilateral understanding of treatment orientation, possibilities, and challenges between state hospital professionals and community mental health professionals.

(b) To accomplish these purposes the institutes may, within funds appropriated for this purpose:

(i) Enter joint operating agreements with state universities or other institutions of higher education to accomplish the placement and training of students and faculty in psychiatry, psychology, social work, occupational therapy, nursing, and other relevant professions at the state hospitals and community mental health programs;

(ii) Design and implement clinical research projects to improve the quality and effectiveness of state hospital services and operations;

(iii) Enter into agreements with community mental health service providers to accomplish the exchange of professional staff between the state hospitals and community mental health service providers;

(iv) Establish a student loan forgiveness and conditional scholarship program to retain qualified professionals at the state hospitals and community mental health providers when the secretary has determined a shortage of such professionals exists.

(c) Notwithstanding any other provisions of law to the contrary, the institutes may enter into agreements with the department or the state hospitals which may involve changes in staffing necessary to implement improved patient care programs contemplated by this section.

(d) The institutes are authorized to seek and accept public or private gifts, grants, contracts, or donations to accomplish their purposes under this section.

PART III INVOLUNTARY TREATMENT

NEW SECTION. Sec. 301. A new section is added to chapter 71.05 RCW to read as follows:

(1) Except for monetary damage claims which have been reduced to final judgment by a superior court, this section applies to all claims against the state, state agencies, state officials, or state employees that exist on or arise after the effective date of this section.

(2) Except as expressly provided in contracts entered into between the department and the regional support networks after the effective date of this section, the entities identified in subsection (3) of this section shall have no claim for declaratory relief, injunctive relief, judicial review under chapter 34.05 RCW, or civil liability against the state or state agencies for actions or inactions performed pursuant to the administration of this chapter with regard to the following: (a) The allocation or payment of federal or state funds; (b) the use or allocation of state hospital beds; or (c) financial responsibility for the provision of inpatient mental health care.

(3) This section applies to counties, regional support networks, and entities which contract to provide regional support network services and their subcontractors, agents, or employees.

Sec. 302. RCW 71.05.230 and 1998 c 297 s 13 are each amended to read as follows:

A person detained for seventy-two hour evaluation and treatment may be detained for not more than fourteen additional days of involuntary intensive treatment or ninety additional days of a less restrictive alternative to involuntary intensive treatment. There shall be no fee for filing petitions for fourteen days of involuntary intensive treatment. A petition may only be filed if the following conditions are met:

(1) The professional staff of the agency or facility providing evaluation services has analyzed the person's condition and finds that the condition is caused by mental disorder and either results in a likelihood of serious harm, or results in the detained person being gravely disabled and are prepared to testify those conditions are met; and

(2) The person has been advised of the need for voluntary treatment and the professional staff of the facility has evidence that he or she has not in good faith volunteered; and

(3) The facility providing intensive treatment is certified to provide such treatment by the department; and

(4) The professional staff of the agency or facility or the ((county)) designated mental health professional has filed a petition for fourteen day involuntary detention or a ninety day less restrictive alternative with the court. The petition must be signed either by two physicians or by one physician and a mental health professional who have examined the person. If involuntary detention is sought the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm, or is gravely disabled and that there are no less restrictive alternatives to detention in the best interest of such person or others. The petition shall state specifically that less restrictive alternative treatment was considered and specify why treatment less restrictive than detention is not appropriate. If an involuntary less restrictive alternative is sought, the petition shall state facts that support the finding that such person, as a result of mental disorder, presents a likelihood of serious harm, or is gravely disabled and shall set forth the less restrictive alternative proposed by the facility; and

(5) A copy of the petition has been served on the detained person, his or her attorney and his or her guardian or conservator, if any, prior to the probable cause hearing; and

(6) The court at the time the petition was filed and before the probable cause hearing has appointed counsel to represent such person if no other counsel has appeared; and

(7) The court has ordered a fourteen day involuntary intensive treatment or a ninety day less restrictive alternative treatment after a probable cause hearing has been held pursuant to RCW 71.05.240; and

(8) At the conclusion of the initial commitment period, the professional staff of the agency or facility or the ((county)) designated mental health professional may petition for an additional period of either ninety days of less restrictive alternative treatment or ninety days of involuntary intensive treatment as provided in RCW 71.05.290; and

(9) If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated has agreed to assume such responsibility.

Sec. 303. RCW 71.05.300 and 1998 c 297 s 17 are each amended to read as follows:

(1) The petition for ninety day treatment shall be filed with the clerk of the superior court at least three days before expiration of the fourteen-day period of intensive treatment. At the time of filing such petition, the clerk shall set a time for the person to come before the court on the next judicial day after the day of filing unless such appearance is waived by the person's attorney, and the clerk shall notify the ((county)) designated mental health professional. The ((county)) designated mental health professional shall immediately notify the person detained, his or her attorney, if any, and his or her guardian or conservator, if any, ((and)) the prosecuting attorney, and the regional support network administrator, and provide a copy of the petition to such persons as soon as possible. The regional support network administrator or designee may review the petition and may appear and testify at the full hearing on the petition.

(2) At the time set for appearance the detained person shall be brought before the court, unless such appearance has been waived and the court shall advise him or her of his or her right to be represented by an attorney and of his or her right to a jury trial. If the detained person is not represented by an attorney, or is indigent or is unwilling to retain an attorney, the court shall immediately appoint an attorney to represent him or her. The court shall, if requested, appoint a reasonably available licensed physician, psychologist, or psychiatrist, designated by the detained person to examine and testify on behalf of the detained person.

(3) The court may, if requested, also appoint a professional person as defined in RCW 71.05.020 to seek less restrictive alternative courses of treatment and to testify on behalf of the detained person. In the case of a developmentally disabled person who has been determined to be incompetent pursuant to RCW 10.77.090(4), then the appointed professional person under this section shall be a developmental disabilities professional.

(4) The court shall also set a date for a full hearing on the petition as provided in RCW 71.05.310.

Sec. 304. RCW 71.05.320 and 1999 c 13 s 7 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment: PROVIDED, That

(a) If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

(b) If the committed person is developmentally disabled and has been determined incompetent pursuant to RCW 10.77.090(4), and the best interests of the person or others will not be served by a less-restrictive treatment which is an alternative to detention, the court shall remand

him or her to the custody of the department or to a facility certified for one hundred eighty-day treatment by the department. When appropriate and subject to available funds, treatment and training of such persons must be provided in a program specifically reserved for the treatment and training of developmentally disabled persons. A person so committed shall receive habilitation services pursuant to an individualized service plan specifically developed to treat the behavior which was the subject of the criminal proceedings. The treatment program shall be administered by developmental disabilities professionals and others trained specifically in the needs of developmentally disabled persons. The department may limit admissions to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department. An order for treatment less restrictive than involuntary detention may include conditions, and if such conditions are not adhered to, the designated mental health professional or developmental disabilities professional may order the person apprehended under the terms and conditions of RCW 71.05.340.

The cost of the proceedings shall be borne by the state.

The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this subsection are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this subsection. **PART II
HUMAN SERVICES**

Sec. 201. 2005 c 518 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES. (1) Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2006, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2006 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2006 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose, other than family support appropriations for the developmental disabilities program in section 205(1)(e) of this act and family reconciliation services appropriations for the children and family services program in section 202(20) of this act, after approval by the director of financial management.

(c) The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds and not federal funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(4) The department is authorized to expend up to \$4,700,000 of its general fund--state appropriation for fiscal year 2007 for any reductions in federal funding in fiscal year 2006 for targeted case management services for children who are in the care of the state. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications under this subsection.

(5) The department is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage Medicaid expenditures for the aged and disabled population. Under this Washington medicaid integration

partnership (WMIP) the department may combine and transfer such Medicaid funds appropriated under sections 204, 206, 208, and 209 of this act as may be necessary to finance a unified health care plan for the WMIP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons during the 2005-2007 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot, times the number of clients enrolled in the pilot. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The department shall conduct an evaluation of the WMIP, measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

~~((+))~~ (6) In accordance with RCW 74.39A.300, the appropriations to the department of social and health services in this act are sufficient to implement the compensation and fringe benefits of the collective bargaining agreement reached between the governor and the exclusive bargaining representative of individual providers of home care services.

The department shall distribute ~~((these amounts))~~ this amount among the regional support networks according to a formula that, consistent with RCW 71.24.035(13), assures continuation of fiscal year 2003 levels of nonmedicaid service in each regional support network area for the following service categories in the following priority order: (i) Crisis and commitment services; (ii) community inpatient services; and (iii) residential care services, including personal care and emergency housing assistance. The formula shall also ensure that each regional support network's combined state and federal allocation is no less than the amount it was due under the fiscal year 2005 allocation methodology. The remaining amounts shall be distributed based upon a formula that incorporates each regional support network's percentage of the state's population. ~~((In consultation with regional~~

support networks and other interested groups, the department shall report to the joint legislative and executive task force by September 2006 on options for modifying the allocation formula to assure equitable statewide access to essential nonmedicaid services.

~~(e))~~ (b) \$100,959,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for persons and services not covered by the medicaid program. Consistent with RCW 71.24.035(13), these funds shall be distributed proportional to each regional support network's percentage of the total state population.

Regional support networks may elect to receive all or a portion of the general fund--state share of the funding for which they qualify under this subsection (1)(c) as an increase in nonmedicaid rather than medicaid funding. Regional support networks choosing to obtain funding in this way must notify the department of their decision no later than June 1, 2006.

(d) \$359,000 of the general fund--state appropriation for fiscal year 2007 is provided solely to ensure that no regional support network's combined state and federal allocation is less than the amount it was due under the fiscal year 2006 allocation methodology.

These funds shall be allocated among eligible hospitals proportional to the amount the hospital would have received from the disproportionate share hospital grants funded under section 209 of this 2006 act if the federal funding restriction were not in effect.

(f) \$85,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for a contract with the national alliance for the mentally ill of greater Seattle to assist people who are recovering from a major mental illness to participate in development of a group residence for women.

The payments directed in this subsection (1)(g) are contingent upon agreement by the regional support network that the funds shall be used only for mental health services. The payments directed in this subsection do not apply to regional support networks to which such refunds have been directed by court order prior to the effective date of this 2006 act.

(h) The department shall refund to the regional support networks 100 percent of the "liquidated damages" that have been withheld from payments to the regional support network during fiscal year 2006 for periods prior to the effective date of this act. The payments directed in this subsection (1)(h) do not apply to regional support networks to which such refunds have been directed by court order prior to the effective date of this act.

The legislature intends to authorize separate charges for the PALS program beginning in January 2008.

(k) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

These amounts shall supplement, and not supplant, local or other funding or in-kind resources currently being used for these purposes. The department is authorized to transfer such amounts as are necessary, which are not to exceed \$418,000 of the general fund--state appropriation for fiscal year 2006 and \$418,000 of the general fund--state appropriation for fiscal year 2007, to the economic services program for the purposes of implementing section 12 of Engrossed Second Substitute House Bill No. 1290 (community

These amounts shall supplement, and not supplant, local or other funding currently being used for activities funded under the projects authorized in this subsection.

((+)) (q) The department is authorized to continue to expend federal block grant funds, and special purpose federal grants, through direct contracts, rather than through contracts with regional support networks; and to distribute such funds through a formula other than the one established pursuant to RCW 71.24.035(13).

Coordination of these services will be done in partnership between the mental health program and the aging and disability services administration. The funds are not subject to the standard allocation formula applied in accordance with RCW 71.24.035(13)(a).

These funds shall be used to cover costs incurred throughout fiscal year 2006 and fiscal year 2007 and ensure adequate compensation for extra medical care services, personal care services, and other incidental costs that are not fully covered in the current rate paid to the facility.

(w) \$450,000 of the general fund--state appropriation for fiscal year 2007 is provided solely for the mental health division, in collaboration with the children's administration and the juvenile rehabilitation services administration, to establish a pilot program to provide evidence-based mental health services to children. The mental health service or services to be provided under the pilot program must be selected from a list of evidence-based service options developed by the department, in consultation with a broadly representative group of individuals with expertise in children's mental health.

(i) The program site shall be selected through a request for proposal (RFP) process, open to counties or groups of counties, and shall be operational by December 2006.

(ii) Pilot site proposals shall be required to include: A designated lead agency and a commitment to work with community partners, including consumer/family representatives and representatives of the local mental health, juvenile justice, and child welfare systems and, at the applicant's discretion, may also include representatives of other child-serving systems such as health care and education; identification of areas of potential need based upon input from community partners; identification of the service or services that the pilot site would implement based upon community needs and resources; and demonstration of a commitment to participate in efforts that will ensure adherence to the chosen evidence-based practices and evaluate outcomes of implementation of the evidence-based practices.

Pension Funding Stabilization Account--State Appropriation	\$23,000	\$23,000
TOTAL APPROPRIATION	(\$7,767,870,000)	\$7,709,386,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) The department shall continue to extend medicaid eligibility to children through age 18 residing in households with incomes below 200 percent of the federal poverty level.

(3) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(4) Sufficient amounts are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.

(5) Sufficient amounts are appropriated in this section for the department to provide an adult dental benefit that is equivalent to the benefit provided in the 2003-05 biennium.

(6) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments.

(7) ~~(\$1,660,000)~~ \$2,221,000 of the health services account appropriation, ~~(\$4,361,000)~~ \$5,402,000 of the general fund--federal appropriation, ~~(\$1,350,000)~~ \$1,590,000 of the general fund--state appropriation for fiscal year 2006, and ~~(\$1,351,000)~~ \$1,591,000 of

the general fund--state appropriation for fiscal year 2007 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) ~~(\$22,081,000)~~ \$21,092,000 of the health services account appropriation and ~~(\$20,714,000)~~ \$19,725,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. Hospitals in the program shall be paid and shall retain (a) one hundred percent of the federal portion of each medicaid inpatient fee-for-service claim payable by the medical assistance administration; and (b) one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Medicaid fee-for-service claim amounts shall be established by applying the department's ratio of costs to charges payment methodology. The department shall provide participating hospitals with the information and instructions needed by the hospital to certify the public expenditures required to qualify for the federal portions of both the medicaid inpatient fee-for-service payments and the disproportionate share hospital payments. In the event that any part of the program including, but not limited to, allowable certified public expenditures, is disallowed by the federal government, the department shall not seek recoupment of payments from the hospitals, provided the hospitals have complied with the directions of the department for participation in the program. The legislature intends that hospitals in the program receive no less in combined state and federal payments than they would have received under the methodology that was in place during fiscal year 2005. The department shall therefore make additional grant payments, not to exceed the amounts ~~(provided)~~ specified in this subsection, to hospitals whose total payments under the program would otherwise be less than the total state and federal payments they would have received under the methodology in effect during fiscal year 2005. ~~(\$37,034,000 of the general fund--state appropriation for fiscal year 2006, \$37,552,000 of the general fund--state appropriation for fiscal year 2007, \$8,300,000 of the emergency medical services and trauma care systems trust account--state appropriation, and \$45,450,000 of the general fund--federal appropriation are provided solely for new state grant and upper payment limit programs for the participating hospitals.)~~ Payments under these new state grant and upper payment limit programs shall not exceed \$54,054,000 from general fund--state appropriations in fiscal year 2006, of which \$5,600,000 is appropriated in section 204(1) of this 2006 act and the balance in this section; \$47,474,000 from general fund--state appropriations in fiscal year 2007, of which \$5,600,000 is appropriated in section 204(1) of this 2006 act and the balance in this section; and \$11,328,000 from the general fund--federal appropriations in this section.

(11) ~~(\$150,000)~~ \$188,000 of the general fund--state appropriation for fiscal year 2006, ~~(\$75,000)~~ \$37,000 of the general fund--state appropriation for fiscal year 2007, and \$225,000 of the general fund--federal appropriation are provided solely for the department to contract for an independent analysis of the medical

assistance administration's current system for establishing hospital inpatient payment rates, and for recommendations on a new or updated system. The department shall submit an interim report of study findings by December 1, 2005, and a final report by November 15, 2006. The interim report shall include a comparison of the strengths and weaknesses of the current rate-setting system relative to those used by other state, federal, and private payers. The final report shall include recommendations on the design and implementation of a new or updated system that will promote equity among hospitals, access to quality care and improved health outcomes for patients, and cost-control and efficiency for taxpayers. The study should make use of complete and current cost data from a wide variety of hospitals, recognize unique aspects of hospital service delivery structures and medicaid payment systems in Washington, recognize impacts on productivity and quality of care that may result from hospital compensation, recruitment, and retention policies, and provide opportunities for comment and participation by key interest groups in the identification and assessment of alternatives.

(12) Payment rates for hospital inpatient and outpatient services shall be increased by an average of 1.3 percent effective July 1, 2005, and by an average of an additional 1.3 percent effective July 1, 2006. The inpatient increases shall be allocated in three percentage increments, with the lowest-cost hospitals receiving the largest percentage rate increase, highest-cost hospitals receiving the smallest percentage increase, and medium-cost hospitals receiving the average of the highest and the lowest percentage rate increase. Increases shall not be provided to those hospitals that are certified as critical access. Sufficient funds are appropriated in this section for Healthy Options contractors to increase hospital payment rates commensurate with the increases in fee-for-service payment rates.

(13) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(14) The medical assistance administration is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the administration determines it is cost-effective to do so.

(17) Within funds appropriated in this section, the department shall participate in the health technology assessment program required in section 213(6) of this act.

(18) The department is also required to participate in the joint health purchasing project described in section 213(7) of this act.

(19) The department shall, within available resources, continue operation of the medical care services care management pilot project for clients receiving general assistance benefits in King and Pierce counties. The department shall provide a report to the appropriate committees of the legislature by January 1, 2006, on costs, savings, and any outcomes or quality measures associated with the pilot programs during the first year of operation.

(20) By October 1, 2005, the department shall report to the appropriate committees of the legislature on the potential fiscal and programmatic costs and benefits associated with an expansion of managed care pilot programs to SSI and other eligible medicaid elderly and disabled persons.

committees of the legislature on options for providing financial incentives for private practice physicians to serve uninsured, medicare, and medicaid patients. The report shall include an assessment of the relative costs and effectiveness of strategies including, but not limited to, tax credits and payment rate increases. The report shall further suggest alternative mechanisms and thresholds for varying tax credits and payment enhancements according to the extent to which a provider serves uninsured, medicare, and medicaid patients.

(22) The department is directed to pursue all available administrative remedies to dispute and reverse recent large retroactive charges by the federal medicare program for payment of medicare part B premiums on behalf of medicaid recipients, to the extent that such premiums are for periods when medicare coverage was in fact never provided the beneficiaries, and their care was instead fully covered by the state medicaid program. The department shall report to the fiscal committees of the legislature by December 1, 2006, on the actions it has taken to dispute and reverse these charges.

The department shall contract with the University of Washington college of forestry resources. The college shall consult with the University of Washington economics department for the section on investment returns from granted lands. The report shall contain the following parts:

(a) An update of the 1992 timber supply study for Washington state that was conducted by the University of Washington. The update may be accomplished by reviewing the most recent similar data available in existing reports, examining a sample of the original 1992 study sample of lands, and through other existing data sources that may reveal relevant trends and changes since 1992.

(b) An independent assessment of the economic contribution of the forest products industry, and secondary manufacturing sectors, to the state. This assessment will also examine some of the macroeconomic trends likely to affect the industry in the future.

(c) A comparison of the competitive position of Washington's forest products industry globally, and with other leading forest products states, or regions, of the United States. This evaluation should compare the relative tax burden for growing and harvesting timber between the states or regions and the relative cost of adhering to regulations, and identify the competitive advantages of each state or region.

- (i) Credits earned since receiving the masters degree; and
- (ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

- (5) For the purposes of this section:
 - (a) "BA" means a baccalaureate degree.
 - (b) "MA" means a masters degree.
 - (c) "PHD" means a doctorate degree.
 - (d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in- service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

- (a) The employee has a masters degree; or
- (b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be limited to specific activities identified in the state required school improvement plan related to improving student learning that are consistent with education reform implementation, and shall not be considered part of basic education. The principal in each school shall assure that the days are used to provide the necessary school-wide, all staff professional development that is tied directly to the school improvement plan. The school principal and the district superintendent shall maintain documentation as to their approval of these activities. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

**FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--
FOR SPECIAL EDUCATION PROGRAMS**

General Fund--State Appropriation (FY 2006)	(\$460,032,000)
	\$464,812,000
General Fund--State Appropriation (FY 2007)	(\$471,961,000)

<u>Pension Funding Stabilization Account Appropriation</u>	<u>\$3,234,000</u>
TOTAL APPROPRIATION	(\$1,367,457,000)
	<u>\$1,381,901,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

- (i) Special education students are basic education students first;
- (ii) As a class, special education students are entitled to the full basic education allocation; and
- (iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2005-06 and 2006-07 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$18,940,000 of the general fund--state appropriation and \$28,698,000 of the general fund--federal appropriation are provided for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) A maximum of \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful

transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) A maximum of \$100,000 of the general fund--federal appropriation shall be expended to create a special education ombudsman program within the office of superintendent of public instruction. The purpose of the program is to provide support to parents, guardians, educators, and students with disabilities. The program will provide information to help families and educators understand state laws, rules, and regulations, and access training and support, technical information services, and mediation services. The ombudsman program will provide data, information, and appropriate recommendations to the office of superintendent of public instruction, school districts, educational service districts, state need projects, and the parent and teacher information center.

(14) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(15) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services.

(16) \$1,400,000 of the general fund--federal appropriation shall be expended for one-time grants to school districts for the start-up costs of implementing web-based programs that assist schools in meeting state and federal requirements regarding individualized education plans.

(17) The superintendent, consistent with the new federal IDEA reauthorization, shall continue to educate school districts on how to implement a birth-to-three program and review the cost effectiveness and learning benefits of early intervention.

(18) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carryover funds shall be expended in the special education program.

\$1,196,860,000

The appropriations in this section are subject to the following conditions and limitations:

accountability, has proven more effective in developing degree programs and attracting students.

Therefore, the management and leadership responsibility for consortium operations are assigned to Everett community college. Everett community college shall collaborate with community and business leaders, other local community colleges, the public four-year institutions of higher education, and the higher education coordinating board to develop an educational plan for the North Snohomish, Island, and Skagit county region based on the university center model.

This increase in total per student funding is in addition to the tuition revenues that will be generated and retained by the community and technical colleges as a result of the tuition increases that are authorized in section 601 of this act. Given these increases in core funding, the state board for community and technical colleges shall, by June 30, 2007, show demonstrable progress toward achieving the following six-year programmatic goals:

(a) Increase the number of academic students who are eligible to transfer to baccalaureate institutions;

(b) Increase the number of students prepared for work; and

(9) \$2,250,000 of the education legacy trust appropriation for fiscal year 2006 and \$2,250,000 of the education legacy trust appropriation for fiscal year 2007 are provided solely to increase salaries and related benefits for part-time faculty. A college district may match the state funds with local revenue. The board shall report by January 30, 2006, to the office of financial management and the appropriate fiscal and policy committees of the legislature on (a) the distribution of state funds, and (b) wage adjustments for part-time faculty.

(10) \$2,250,000 of the education legacy trust appropriation for fiscal year 2006, \$1,500,000 of the general fund--state appropriation

for fiscal year 2007, and \$2,250,000 of the education legacy trust appropriation for fiscal year 2007 are provided solely for faculty salary increments and associated benefits and may be used in combination with salary and benefit savings from faculty turnover to provide salary increments and associated benefits for faculty who qualify through professional development and training. Given these increases in core funding, The Evergreen State College shall, by June 30, 2007, show demonstrable progress toward achieving the following six-year programmatic goals:

The appropriations in this section are subject to the following conditions and limitations:

(2) The appropriations for higher education employee compensation increases provided or referenced in this section and described in sections 949 through 980 of this act are estimated to increase the total per student funding during the 2005-2007 biennium. This increase in total per student funding is in addition to the tuition revenues that will be generated and retained by the university as a result of the tuition increases that are authorized in section 601 of this act. (3) Access to baccalaureate and graduate degree programs continues to be limited for residents of North Snohomish, Island, and Skagit counties. The higher education consortium created to serve the region has not been able to successfully address the region's access needs. The university center model of service delivery, centered on a community college campus with a single point of accountability, has proven more effective in developing degree programs and attracting students.

Therefore, the management and leadership responsibility for consortium operations are assigned to Everett community college. Everett community college shall collaborate with community and business leaders, other local community colleges, the public four-year institutions of higher education, and the higher education coordinating board to develop an educational plan for the North Snohomish, Island, and Skagit county region based on the university center model.

(1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management (~~and the office of financial management has formally approved the lists. Proposed revisions~~), the house of representatives capital budget committee, and the senate ways and means committee. All projects must meet the criteria included in subsection (2)(a) of this section. Revisions to the lists must be filed with (~~and approved by~~) the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee and include an explanation of variances from the prior list before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that shall include multiple projects valued between \$25,000 and \$1,000,000 each that are of a similar nature and can (~~generally~~) be completed within two years of the appropriation with the funding provided. These projects cannot be combined with or be a part of an overall project, that if combined over a continuous period of time, would exceed \$1,000,000. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

(4) It is generally not intended to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

(a) The department of community, trade, and economic development must conduct a statewide solicitation of project applications from local governments, nonprofit organizations, and other entities, as determined by the department of community, trade, and economic development. The department of community, trade, and economic development must evaluate and rank applications in consultation with a citizen advisory committee using objective criteria. Projects must have a major recreational component, and must have either an educational or social service component. At a minimum, applicants must demonstrate that the requested assistance will increase the efficiency or quality of the services it provides to youth. The evaluation and ranking process must also include an examination of existing assets that applicants may apply to projects. Grant assistance under this section may not exceed twenty-five percent of the total cost of the project. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

The total amount of recommended state funding for projects on a biennial project list must not exceed ~~((two))~~ eight million dollars. ~~((The department of community, trade, and economic development may provide an additional prioritized alternate project list that must not exceed one million dollars.))~~ The department of community, trade, and economic development may not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects.

(c) In contracts for grants authorized under this section the department of community, trade, and economic development must include provisions that require that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee must repay to the state general fund the principal amount of the grant plus interest calculated at the rate of

interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

The remaining portions of the project capital cost shall be a match from nonstate sources. The nonstate match may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions. The department is authorized to set matching requirements for individual projects. State assistance may be used to fund separate definable phases of a project if the project demonstrates adequate progress and has secured the necessary match funding.

(iii) The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects. In contracts for grants authorized under this section, the department shall include provisions requiring that capital improvements be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

POINT OF PERSONAL PRIVILEGE

Representative Springer: "Thank you, Mr. Speaker. I would like to invite the staff of the Capital Budget Committee to join us on the floor so that the body can show their appreciation for a staff that put together a fabulous document."

POINT OF PERSONAL PRIVILEGE

Representative Ormsby: "Thank you, Mr. Speaker. You will notice that we have a small Capital Budget staff. You will also notice that they are all women. What other explanation could there be for how so few have done so much? I can't tell you what a privilege it was to work with these fine ladies throughout the course of developing this budget. I can tell you, Mr. Speaker, that I've joked with Leadership and Office of Program Research that they have a gene marker for identifying extremely intelligent, very gifted, hard working, tireless and diplomatic staff dealing with the members and all of our demands. I also thought that they had developed a gene marker for poker faces but because of the personalities on the Capital Budget committee even that was a challenge for these fine ladies. I would just say that without their hard work and dedication, the citizens of the State would not be realizing all the benefits that they will because of this 2-year supplemental version of the capital budget. Thank you very much."

The Speaker called upon Representative Lovick to preside.

POINT OF PERSONAL PRIVILEGE

Representative Morris: "Thank you, Mr. Speaker. I want to take a second and recognize some folks that are with us every day when we are on the floor and even when we are in committees and those are the people that help get us ready with a hearty breakfast in the morning and a great lunch and sometimes a good dinner on a moments notice when we don't know that we are going to be here working past 5 or 6 o'clock. I want to a moment and recognize the great folks downstairs: Gail Crow, Peggy Palm, Twila Asselstine, Melissa Monje and Bonnie Lettau. I want to recognize them because they've been just a great crew downstairs. We have a cooperative kitchen that they help select the foods and variety of menu choices because of the diets – we are trying to keep these session pounds off. I want to single out Marcel Dumont who is retiring this year from the kitchen. The members came together to do something significant for Marcel because he has been with us every morning at 5:00 a.m. since 1998 when he took over the chief chores downstairs. He's retiring. Mr. Speaker, if I can show this on the floor. We have had a small plaque made that reads Marcel's Kitchen 1998-2006 which will be posted on the kitchen entrance so we can remember Marcel and the great meals he has given us over the years and to thank and recognize him for the wonderful companionship he has given us as well. We have all heard his stories from being a longtime military person and we want to recognize that accomplishment. We are going to leave him with the historical capital granite as well. So I ask the members to acknowledge the kitchen staff and Marcel."

POINT OF PERSONAL PRIVILEGE

Representative Skinner: "Mr. Speaker, thank you. I wanted to also thank Marcel and the kitchen crew. They have been wonderful, not only early in the mornings but also when we have had late evenings where they have provided special

snacks and hors d'oeuvres. If you will recall there once were little plates of parsley next to the fruit. Also the baked goods - the full jars of cookies and the cakes and the wonderful nutty buddies. We will miss Marcel but I know he is going to enjoy fishing which is his favorite thing in life. I just want to say thank you."

POINT OF ORDER

Representative Bailey requested a scope and object ruling on the Senate amendment to Engrossed House Bill No. 3310.

SPEAKER'S RULING

Mr. Speaker (Representative Lovick presiding): "Engrossed House Bill No. 3310 is entitled an act relating to "health care coverage statutory requirements." The title of the bill is broad, but its purpose is narrow. As passed by the House, the bill's sole requirement is for the Office of Insurance Commissioner to contract for an analysis of existing health care coverage statutory requirements.

The Senate amendment makes changes to the scope of the study, but also adds a requirement that health plans provide coverage for dependents under specified circumstances.

The provision requiring dependent coverage is unrelated to the bill's purpose of requiring a study and is therefore outside the scope and object of the House bill.

Representative Bailey, your point of order is well taken."

There being no objection, the House refused to concur in the Senate amendment to ENGROSSED HOUSE BILL NO. 3310 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

March 6, 2006

Mr. Speaker:

The Senate refuses to concur in the House amendment to ENGROSSED SUBSTITUTE SENATE BILL NO. 6366 and asks the House to recede therefrom, and the same is herewith transmitted.

Thomas Hoemann, Secretary

HOUSE AMENDMENT TO SENATE BILL

There being no objection, the rules were suspended and ENGROSSED SUBSTITUTE SENATE BILL NO. 6366 was returned to second reading for purpose of amendment.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 6366, By Senate Committee on Ways & Means (originally sponsored by Senators Keiser, Thibaudeau and Kline)

Concerning preparation and response to pandemic influenza.

Representative Schual-Berke moved the adoption of amendment (1192):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that:

(1) Pandemic influenza is a global outbreak of disease that occurs when a new virus appears in the human population, causes serious illness, and then spreads easily from person to person.

(2) Historically, pandemic influenza has occurred on average every thirty years. Most recently, the Asian flu in 1957-58 and the Hong Kong flu in 1968-69 killed seventy thousand and thirty-four thousand, respectively, in the United States.

(3) Another influenza pandemic could emerge with little warning, affecting a large number of people. Estimates are that another pandemic influenza would cause more than two hundred thousand deaths in our country, with as many as five thousand in Washington. Our state could also expect ten thousand to twenty-four thousand people needing hospital stays, and as many as a million people requiring outpatient visits. During a severe pandemic these numbers could be much higher. The economic losses could also be substantial.

(4) The current Avian or bird flu that is spreading around the world has the potential to start a pandemic. There is yet no proven vaccine, and antiviral medication supplies are limited and of unknown effectiveness against a human version of the virus, leaving traditional public health measures as the only means to slow the spread of the disease. Given the global nature of a pandemic, as much as possible, the state must be able to respond assuming only limited outside resources and assistance will be available.

(5) An effective response to pandemic influenza in Washington must focus at the local level and will depend on preestablished partnerships and collaborative planning on a range of best-case and worst-case scenarios. It will require flexibility and real-time decision making, guided by accurate information. It will also depend on a well-informed public that understands the dangers of pandemic influenza and the steps necessary to prevent the spread of the disease.

(6) Avian flu is but one example of an infectious disease that, were an outbreak to occur, could pose a significant statewide health hazard. As such, preparation for pandemic flu will also enhance the capacity of local public health jurisdictions to respond to other emergencies.

It is therefore the intent of the legislature that adequate pandemic flu preparedness and response plans be developed and implemented by local public health jurisdictions statewide in order to limit the number of illnesses and deaths, preserve the continuity of essential government and other community services, and minimize social disruption and economic loss in the event of an influenza pandemic.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of health.

(2) "Local health jurisdiction" means a local health department as established under chapter 70.05 RCW, a combined city-county health department as established under chapter 70.08 RCW, or a health district established under chapter 70.05 or 70.46 RCW.

(3) "Secretary" means the secretary of the department of health.

NEW SECTION. Sec. 3. (1) The secretary shall establish requirements and performance standards, consistent with any requirements or standards established by the United States department of health and human services, regarding the development and implementation of local pandemic flu preparedness and response plans.

(2) To the extent state or federal funds are provided for this purpose, by November 1, 2006, each local health jurisdiction shall develop a pandemic flu preparedness and response plan, consistent with requirements and performance standards established in subsection (1) of this section, for the purpose of:

(a) Defining preparedness activities that should be undertaken before a pandemic occurs that will enhance the effectiveness of response measures;

(b) Describing the response, coordination, and decision-making structure that will incorporate the local health jurisdiction, the local health care system, other local response agencies, and state and federal agencies during the pandemic;

(c) Defining the roles and responsibilities for the local health jurisdiction, local health care partners, and local response agencies during all phases of a pandemic;

(d) Describing public health interventions in a pandemic response and the timing of such interventions;

(e) Serving as a guide for local health care system partners, response agencies, and businesses in the development of pandemic influenza response plans; and

(f) Providing technical support and information on which preparedness and response actions are based.

Each plan shall be developed based on an assessment by the local health jurisdiction of its current capacity to respond to pandemic flu and otherwise meet department outcome measures related to infectious disease outbreaks of statewide significance.

NEW SECTION. Sec. 4. (1) Each local health jurisdiction shall develop its pandemic flu preparedness and response plan based on the requirements and performance standards established under section 3(1) of this act and an assessment of the jurisdiction's current capacity to respond to pandemic flu. The plan shall be developed in consultation with appropriate public and private sector partners, including departments of emergency management, law enforcement, school districts, hospitals and medical professionals, tribal governments, and business organizations. At a minimum, each plan shall address:

(a) Strategies to educate the public about the consequences of influenza pandemic and what each person can do to prepare, including the adoption of universal infectious disease prevention practices and maintaining appropriate emergency supplies;

(b) Jurisdiction-wide disease surveillance programs, coordinated with state and federal efforts, to detect pandemic influenza strains in humans and animals, including health care provider compliance with reportable conditions requirements, and investigation and analysis of reported illness or outbreaks;

(c) Communication systems, including the availability of and access to specialized communications equipment by health officials and community leaders, and the use of mass media outlets;

(d) Mass vaccination plans and protocols to rapidly administer vaccine and monitor vaccine effectiveness and safety;

(e) Guidelines for the utilization of antiviral medications for the treatment and prevention of influenza;

(f) Implementation of nonmedical measures to decrease the spread of the disease as guided by the epidemiology of the pandemic, including increasing adherence to public health advisories, voluntary social isolation during outbreaks, and health officer orders related to quarantines;

(g) Medical system mobilization, including improving the linkages and coordination of emergency responses across health care organizations, and assuring the availability of adequate facilities and trained personnel;

(h) Strategies for maintaining social order and essential community services while limiting the spread of disease throughout the duration of the pandemic; and

(i) The jurisdiction's relative priorities related to implementation of the above activities, based on available funding.

(2) To the extent state or federal funds are provided for this purpose, the department, in consultation with the state director of emergency management, shall provide technical assistance and disburse funds as needed, based on the formula developed under sections 6 of this act, to support local health jurisdictions in developing their pandemic flu preparedness and response plans.

NEW SECTION. Sec. 5. Local health jurisdictions shall submit their pandemic flu preparedness and response plans to the secretary by November 1, 2006. Upon receipt of a plan, the secretary shall approve or reject the plan. When the plan is determined by the department to comply with the requirements and integrate the performance standards established under section 3(1) of this act, any additional state or federal funding appropriated in the budget shall be provided to the local health jurisdiction to support the preparedness response activities identified in the plan, based upon a formula developed by the secretary under section 6 of this act. Preparedness and response activities include but not limited to:

(1) Education, information, and outreach, in multiple languages, to increase community preparedness and reduce the spread of the disease should it occur;

(2) Development of materials and systems to be used in the event of a pandemic to keep the public informed about the influenza, the course of the pandemic, and response activities;

(3) Development of the legal documents necessary to facilitate and support the necessary government response;

(4) Training and response drills for local health jurisdiction staff, law enforcement, health care providers, and others with responsibilities identified in the plan;

Where appropriate, these activities shall be coordinated and funded on a regional or statewide basis. The secretary, in consultation with the state director of emergency management, shall provide implementation support and assistance to a local health jurisdiction when the secretary or the local health jurisdiction has concerns regarding a jurisdiction's progress toward implementing its plan.

NEW SECTION. Sec. 6. The secretary shall develop a formula for distribution of any federal and state funds appropriated in the omnibus appropriations act on or before July 1, 2006, to local health jurisdictions for development and implementation of their pandemic flu preparedness and response plans. The formula developed by the secretary shall ensure that each local health jurisdiction receives a minimum amount of funds for plan development and that any additional funds for plan development be distributed equitably, including consideration of population and factors that increase susceptibility to an outbreak, upon soliciting the advice of the local health jurisdictions.

NEW SECTION. Sec. 7. The secretary shall:

(1) Develop a process for assessing the compliance of each local health jurisdiction with the requirements and performance standards developed under section 3(1) of this act at least biannually.

(2) By November 15, 2008, report to the legislature on the level of compliance with the performance standards established under section 3(1) of this act. The report shall consider the extent to which local health jurisdictions comply with each performance standard and any impediments to meeting the expected level of performance.

MESSAGE FROM THE SENATE

March 7, 2006

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1010, and under suspension of the rules returned the bills to second reading for purpose of amendment. The Senate further adopted the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. It is the intent of the legislature to encourage the development of new safe, clean, and reliable energy resources to meet demand in Washington for affordable and reliable electricity. To achieve this end, the legislature finds it essential that electric utilities in Washington develop comprehensive resource plans that explain the mix of generation and demand-side resources they plan to use to meet their customers' electricity needs in both the short term and the long term. The legislature intends that information obtained from integrated resource planning under this chapter will be

used to assist in identifying and developing new energy generation, conservation and efficiency resources, and related infrastructure to meet the state's electricity needs.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Commission" means the utilities and transportation commission.

(2) "Conservation and efficiency resources" means any reduction in electric power consumption that results from increases in the efficiency of energy use, production, transmission, or distribution.

(3) "Consumer-owned utility" includes a municipal electric utility formed under Title 35 RCW, a public utility district formed under Title 54 RCW, an irrigation district formed under chapter 87.03 RCW, a cooperative formed under chapter 23.86 RCW, a mutual corporation or association formed under chapter 24.06 RCW, a port district formed under Title 53 RCW, or a water-sewer district formed under Title 57 RCW, that is engaged in the business of distributing electricity to one or more retail electric customers in the state.

(4) "Department" means the department of community, trade, and economic development.

(5) "Electric utility" means a consumer-owned or investor-owned utility.

(6) "Full requirements customer" means an electric utility that relies on the Bonneville power administration for all power needed to supply its total load requirement other than that served by nondispatchable generating resources totaling no more than six megawatts or renewable resources.

(7) "Governing body" means the elected board of directors, city council, commissioners, or board of any consumer-owned utility.

(8) "High efficiency cogeneration" means the sequential production of electricity and useful thermal energy from a common fuel source, where, under normal operating conditions, the facility has a useful thermal energy output of no less than thirty-three percent of the total energy output.

(9) "Integrated resource plan" means an analysis describing the mix of generating resources and conservation and efficiency resources that will meet current and projected needs at the lowest reasonable cost to the utility and its ratepayers and that complies with the requirements specified in section 3(1) of this act.

(10) "Investor-owned utility" means a corporation owned by investors that meets the definition in RCW 80.04.010 and is engaged in distributing electricity to more than one retail electric customer in the state.

(11) "Lowest reasonable cost" means the lowest cost mix of generating resources and conservation and efficiency resources determined through a detailed and consistent analysis of a wide range of commercially available resources. At a minimum, this analysis must consider resource cost, market-volatility risks, demand-side resource uncertainties, resource dispatchability, resource effect on system operation, the risks imposed on the utility and its ratepayers, public policies regarding resource preference adopted by Washington state or the federal government, and the cost of risks associated with environmental effects including emissions of carbon dioxide.

(12) "Plan" means either an "integrated resource plan" or a "resource plan."

(13) "Renewable resources" means electricity generation facilities fueled by: (a) Water; (b) wind; (c) solar energy; (d) geothermal energy; (e) landfill gas; (f) biomass energy utilizing animal waste, solid organic fuels from wood, forest, or field residues or dedicated energy crops that do not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chrome-arsenic; (g) byproducts of pulping or wood manufacturing processes, including but not limited to bark, wood chips, sawdust, and lignin in spent pulping liquors; (h) ocean thermal, wave, or tidal power; or (i) gas from sewage treatment facilities.

(14) "Resource plan" means an assessment that estimates electricity loads and resources over a defined period of time and complies with the requirements in section 3(2) of this act.

NEW SECTION. Sec. 3. Each electric utility must develop a plan consistent with this section.

(1) Utilities with more than twenty-five thousand customers that are not full requirements customers shall develop or update an integrated resource plan by September 1, 2008. At a minimum, progress reports reflecting changing conditions and the progress of the integrated resource plan must be produced every two years thereafter. An updated integrated resource plan must be developed at least every four years subsequent to the 2008 integrated resource plan. The integrated resource plan, at a minimum, must include:

(a) A range of forecasts, for at least the next ten years, of projected customer demand which takes into account econometric data and customer usage;

(b) An assessment of commercially available conservation and efficiency resources. Such assessment may include, as appropriate, high efficiency cogeneration, demand response and load management programs, and currently employed and new policies and programs needed to obtain the conservation and efficiency resources;

(c) An assessment of commercially available, utility scale renewable and nonrenewable generating technologies;

(d) A comparative evaluation of renewable and nonrenewable generating resources, including transmission and distribution delivery costs, and conservation and efficiency resources using "lowest reasonable cost" as a criterion;

(e) The integration of the demand forecasts and resource evaluations into a long-range assessment describing the mix of supply side generating resources and conservation and efficiency resources that will meet current and projected needs at the lowest reasonable cost and risk to the utility and its ratepayers; and

(f) A short-term plan identifying the specific actions to be taken by the utility consistent with the long-range integrated resource plan.

(2) All other utilities may elect to develop a full integrated resource plan as set forth in subsection (1) of this section or, at a minimum, shall develop a resource plan that:

(a) Estimates loads for the next five and ten years;

(b) Enumerates the resources that will be maintained and/or acquired to serve those loads; and

(c) Explains why the resources in (b) of this subsection were chosen and, if the resources chosen are not renewable resources or conservation and efficiency resources, why such a decision was made.

(3) An electric utility that is required to develop a resource plan under this section must complete its initial plan by September 1, 2008.

(4) Resource plans developed under this section must be updated on a regular basis, at a minimum on intervals of two years.

(5) Plans shall not be a basis to bring legal action against electric utilities.

(6) Each electric utility shall publish its final plan either as part of an annual report or as a separate document available to the public. The report may be in an electronic form.

NEW SECTION. Sec. 4. (1) Investor-owned utilities shall submit integrated resource plans to the commission. The commission shall establish by rule the requirements for preparation and submission of integrated resource plans.

(2) The commission may adopt additional rules as necessary to clarify the requirements of section 3 of this act as they apply to investor-owned utilities.

NEW SECTION. Sec. 5. (1) The governing body of a consumer-owned utility that develops a plan under this chapter shall encourage participation of its consumers in development of the plans and progress reports and approve the plans and progress reports after it has provided public notice and hearing.

(2) Each consumer-owned utility shall transmit a copy of its plan to the department by September 1, 2008, and transmit subsequent progress reports or plans to the department at least every two years thereafter. The department shall develop, in consultation with utilities, a common cover sheet that summarizes the essential data in their plans or progress reports.

(3) Consumer-owned utilities may develop plans of a similar type jointly with other consumer-owned utilities. Data and

assessments included in joint reports must be identifiable to each individual utility.

(4) To minimize duplication of effort and maximize efficient use of utility resources, in developing their plans under section 3 of this act, consumer-owned utilities are encouraged to use resource planning concepts, techniques, and information provided to and by organizations such as the United States department of energy, the Northwest planning and conservation council, Pacific Northwest utility conference committee, and other state, regional, national, and international entities, and, for the 2008 plan, as appropriate, are encouraged to use and be consistent with relevant determinations required under Title XII - Electricity; Subtitle E, Sections 1251 - 1254 of the federal energy policy act of 2005.

NEW SECTION. Sec. 6. The department shall review the plans of consumer-owned utilities and investor-owned utilities, and data available from other state, regional, and national sources, and prepare an electronic report to the legislature aggregating the data and assessing the overall adequacy of Washington's electricity supply. The report shall include a statewide summary of utility load forecasts, load/resource balance, and utility plans for the development of thermal generation, renewable resources, and conservation and efficiency resources. The commission shall provide the department with data summarizing the plans of investor-owned utilities for use in the department's statewide summary. The department may submit its report within the biennial report required under RCW 43.21F.045.

NEW SECTION. Sec. 7. Sections 1 through 6 of this act constitute a new chapter in Title 19 RCW."

On page 1, line 1 of the title, after "Relating to" strike the remainder of the title and insert "electric utility planning; and adding a new chapter to Title 19 RCW."

A change in supervision status of a sex offender who was required to register under this subsection (4)(a)(ii) as of July 28, 1991, or a kidnapping offender required to register as of July 27, 1997, shall not relieve the offender of the duty to register or to reregister following a change in residence. (iii) OFFENDERS UNDER FEDERAL JURISDICTION. Sex offenders who, on or after July 23, 1995, and kidnapping offenders who, on or after July 27, 1997, as a result of that offense are in the custody of the United States bureau of prisons or other federal or military correctional agency for sex offenses committed before, on, or after February 28, 1990, or kidnapping offenses committed on, before, or after July 27, 1997, must register within twenty-four hours from the time of release with the county sheriff for the county of the person's residence, or if the person is not a resident of Washington, the county of the person's school, or place of employment or vocation. Offenders required to register in Washington, who move to another state, or who work, carry on a vocation, or attend school in another state shall register a new address, fingerprints, and photograph with the new state within ten days after establishing residence, or after beginning to work, carry on a vocation, or attend school in the new state. The person must also send written notice within ten days of moving to the new state or to a foreign country to the county sheriff with whom the person last registered in Washington state. The county sheriff shall promptly forward this information to the Washington state patrol.

(b) Failure to register within the time required under this section constitutes a per se violation of this section and is punishable as provided in subsection (10) of this section. The county sheriff shall not be required to determine whether the person is living within the county.

(c) An arrest on charges of failure to register, service of an information, or a complaint for a violation of this section, or arraignment on charges for a violation of this section, constitutes actual notice of the duty to register. Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send signed written notice of the change of address to the county sheriff within seventy-two hours of moving. If any person required to register pursuant to this section moves to a new county, the person must send signed written notice of the change of address at least fourteen days before moving to the county sheriff in the new county of residence and must register with that county sheriff within twenty-four hours of moving. The person must also send signed written notice within ten days of the change of address in the new county to the county sheriff with whom the person last registered. The county sheriff with whom the person last registered shall promptly forward the information concerning the change of address to the county sheriff for the county of the person's new residence. Upon receipt of notice of change of address to a new state, the county sheriff shall promptly forward the information regarding the change of address to the agency designated by the new state as the state's offender registration agency.

(b) It is an affirmative defense to a charge that the person failed to send a notice at least fourteen days in advance of moving as required under (a) of this subsection that the person did not know the location of his or her new residence at least fourteen days before moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within forty-eight

hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

(7) A sex offender subject to registration requirements under this section who applies to change his or her name under RCW 4.24.130 or any other law shall submit a copy of the application to the county sheriff of the county of the person's residence and to the state patrol not fewer than five days before the entry of an order granting the name change. No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

(8) The county sheriff shall obtain a photograph of the individual and shall obtain a copy of the individual's fingerprints.

(b) If the crime for which the individual was convicted was other than a felony or a federal or out-of-state conviction for an offense that under the laws of this state would be other than a felony, violation of this section is a gross misdemeanor.

The agency that has jurisdiction over the offender shall provide notice to the offender of the duty to register. Failure to register at the time of release and within twenty-four hours of release constitutes a violation of this section and is punishable as provided in subsection (10) of this section.

When the agency with jurisdiction intends to release an offender with a duty to register under this section, and the agency has knowledge that the offender is eligible for developmental disability services from the department of social and health services, the agency shall notify the division of developmental disabilities of the release.

(ii) OFFENDERS NOT IN CUSTODY BUT UNDER STATE OR LOCAL JURISDICTION. Sex offenders who, on July 28, 1991, are not in custody but are under the jurisdiction of the indeterminate sentence review board or under the department of corrections' active supervision, as defined by the department of corrections, the state department of social and health services, or a local division of youth services, for sex offenses committed before, on, or after February 28, 1990, must register within ten days of July 28, 1991. The obligation to register shall only cease pursuant to RCW 9A.44.140.

(vii) OFFENDERS WHO LACK A FIXED RESIDENCE. Any person who lacks a fixed residence and leaves the county in which he or she is registered and enters and remains within a new county for twenty-four hours is required to register with the county sheriff not more than twenty-four hours after entering the county and provide the information required in subsection (3)(b) of this section.

Any person charged with the crime of failure to register under this section who asserts as a defense the lack of notice of the duty to register shall register immediately following actual notice of the duty through arrest, service, or arraignment. Failure to register as required under this subsection (4)(c) constitutes grounds for filing another charge of failing to

register. Registering following arrest, service, or arraignment on charges shall not relieve the offender from criminal liability for failure to register prior to the filing of the original charge.

(d) The deadlines for the duty to register under this section do not relieve any sex offender of the duty to register under this section as it existed prior to July 28, 1991.

(5)(a) If any person required to register pursuant to this section changes his or her residence address within the same county, the person must send signed written notice of the change of address to the county sheriff within seventy-two hours of moving. The defendant must establish the defense by a preponderance of the evidence and, to prevail on the defense, must also prove by a preponderance that the defendant sent the required notice within twenty-four hours of determining the new address.

(6)(a) Any person required to register under this section who lacks a fixed residence shall provide signed written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence. The notice shall include the information required by subsection (3)(b) of this section, except the photograph and fingerprints. The county sheriff may, for reasonable cause, require the offender to provide a photograph and fingerprints. The sheriff shall forward this information to the sheriff of the county in which the person intends to reside, if the person intends to reside in another county.

(b) A person who lacks a fixed residence must report weekly, in person, to the sheriff of the county where he or she is registered. The weekly report shall be on a day specified by the county sheriff's office, and shall occur during normal business hours. The county sheriff's office may require the person to list the locations where the person has stayed during the last seven days. The lack of a fixed residence is a factor that may be considered in determining an offender's risk level and shall make the offender subject to disclosure of information to the public at large pursuant to RCW 4.24.550.

(c) If any person required to register pursuant to this section does not have a fixed residence, it is an affirmative defense to the charge of failure to register, that he or she provided written notice to the sheriff of the county where he or she last registered within forty-eight hours excluding weekends and holidays after ceasing to have a fixed residence and has subsequently complied with the requirements of subsections (4)(a)(vii) or (viii) and (6) of this section. To prevail, the person must prove the defense by a preponderance of the evidence.

No sex offender under the requirement to register under this section at the time of application shall be granted an order changing his or her name if the court finds that doing so will interfere with legitimate law enforcement interests, except that no order shall be denied when the name change is requested for religious or legitimate cultural reasons or in recognition of marriage or dissolution of marriage. A sex offender under the requirement to

register under this section who receives an order changing his or her name shall submit a copy of the order to the county sheriff of the county of the person's residence and to the state patrol within five days of the entry of the order.

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2507, as amended by the Senate, having received the constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 7, 2006

Mr. Speaker:

The Senate receded from its amendment to SUBSTITUTE HOUSE BILL NO. 2576, and under suspension of the rules returned the bill to second reading for purpose of amendment. The Senate further adopted the following amendment and passed the measure as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Sexual assault is the most heinous crime against another person short of murder. Sexual assault inflicts humiliation, degradation, and terror on victims. According to the FBI, a woman is raped every six minutes in the United States. Rape is recognized as the most underreported crime; estimates suggest that only one in seven rapes is reported to authorities. Victims who do not report the crime still desire safety and protection from future interactions with the offender. Some cases in which the rape is reported are not prosecuted. In these situations, the victim should be able to seek a civil remedy requiring that the offender stay away from the victim.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Nonconsensual" means a lack of freely given agreement.

(2) "Petitioner" means any named petitioner for the sexual assault protection order or any named victim of nonconsensual sexual conduct or nonconsensual sexual penetration on whose behalf the petition is brought.

(3) "Sexual assault protection order" means an ex parte temporary order or a final order granted under this chapter, which includes a remedy authorized by section 10 of this act.

(4) "Sexual conduct" means any of the following:

(a) Any intentional or knowing touching or fondling of the genitals, anus, or breasts, directly or indirectly, including through clothing;

(b) Any intentional or knowing display of the genitals, anus, or breasts for the purposes of arousal or sexual gratification of the respondent;

(c) Any intentional or knowing touching or fondling of the genitals, anus, or breasts, directly or indirectly, including through

clothing, that the petitioner is forced to perform by another person or the respondent;

(d) Any forced display of the petitioner's genitals, anus, or breasts for the purposes of arousal or sexual gratification of the respondent or others;

(e) Any intentional or knowing touching of the clothed or unclothed body of a child under the age of thirteen, if done for the purpose of sexual gratification or arousal of the respondent or others; and

(f) Any coerced or forced touching or fondling by a child under the age of thirteen, directly or indirectly, including through clothing, of the genitals, anus, or breasts of the respondent or others.

(5) "Sexual penetration" means any contact, however slight, between the sex organ or anus of one person by an object, the sex organ, mouth, or anus of another person, or any intrusion, however slight, of any part of the body of one person or of any animal or object into the sex organ or anus of another person, including but not limited to cunnilingus, fellatio, or anal penetration. Evidence of emission of semen is not required to prove sexual penetration.

(6) "Nonphysical contact" includes, but is not limited to, telephone calls, mail, e-mail, fax, and written notes.

NEW SECTION. Sec. 3. A petition for a sexual assault protection order may be filed by a person:

(1) Who is a victim of nonconsensual sexual conduct or nonconsensual sexual penetration, including a single incident of nonconsensual sexual conduct or nonconsensual sexual penetration; or

(2) On behalf of any of the following persons who is a victim of nonconsensual sexual conduct or nonconsensual sexual penetration:

(a) A minor child;

(b) A vulnerable adult as defined in RCW 74.34.020 or 74.34.021; or

(c) Any other adult who, because of age, disability, health, or inaccessibility, cannot file the petition.

NEW SECTION. Sec. 4. (1) Any person may seek relief under this chapter by filing a petition with a court alleging that the person has been the victim of nonconsensual sexual conduct or nonconsensual sexual penetration committed by the respondent.

(2) A person under eighteen years of age who is sixteen years of age or older may seek relief under this chapter and is not required to seek relief by a guardian or next friend.

(3) No guardian or guardian ad litem need be appointed on behalf of a respondent to an action under this chapter who is under eighteen years of age if such respondent is sixteen years of age or older.

(4) The court may, if it deems necessary, appoint a guardian ad litem for a petitioner or respondent who is a party to an action under this chapter.

(5) Jurisdiction of the courts over proceedings under this chapter shall be the same as jurisdiction over domestic violence protection orders under RCW 26.50.020(5).

(6) An action under this chapter shall be filed in the county or the municipality where the petitioner resides.

NEW SECTION. Sec. 5. There shall exist an action known as a petition for a sexual assault protection order.

(1) A petition for relief shall allege the existence of nonconsensual sexual conduct or nonconsensual sexual penetration, and shall be accompanied by an affidavit made under oath stating the specific statements or actions made at the same time of the sexual assault or subsequently thereafter, which give rise to a reasonable fear of future dangerous acts, for which relief is sought. Petitioner and respondent shall disclose the existence of any other litigation or of any other restraining, protection, or no-contact orders between the parties.

(2) A petition for relief may be made regardless of whether or not there is a pending lawsuit, complaint, petition, or other action between the parties.

(3) Within ninety days of receipt of the master copy from the administrative office of the courts, all court clerk's offices shall make available the standardized forms, instructions, and informational

brochures required by section 19 of this act and shall fill in and keep current specific program names and telephone numbers for community resources. Any assistance or information provided by clerks under this section does not constitute the practice of law and clerks are not responsible for incorrect information contained in a petition.

(4) No filing fee may be charged for proceedings under this chapter. Forms and instructional brochures and the necessary number of certified copies shall be provided free of charge.

(5) A person is not required to post a bond to obtain relief in any proceeding under this section.

(6) If the petition states that disclosure of the petitioner's address would risk abuse of the petitioner or any member of the petitioner's family or household, that address may be omitted from all documents filed with the court. If the petitioner has not disclosed an address under this subsection, the petitioner shall designate an alternative address at which the respondent may serve notice of any motions.

NEW SECTION. Sec. 6. Upon receipt of the petition, the court shall order a hearing which shall be held not later than fourteen days from the date of the order. The court may schedule a hearing by telephone pursuant to local court rule, to reasonably accommodate a disability, or in exceptional circumstances to protect a petitioner from further nonconsensual sexual conduct or nonconsensual sexual penetration. The court shall require assurances of the petitioner's identity before conducting a telephonic hearing. Except as provided in section 12 of this act, personal service shall be made upon the respondent not less than five court days prior to the hearing. If timely personal service cannot be made, the court shall set a new hearing date and shall require additional attempts at obtaining personal service. The court may issue an ex parte temporary sexual assault order pending the hearing as provided in section 12 of this act.

NEW SECTION. Sec. 7. Sexual assault advocates, as defined in RCW 5.60.060, shall be allowed to accompany the victim and confer with the victim, unless otherwise directed by the court. Court administrators shall allow sexual assault advocates to assist victims of nonconsensual sexual conduct or nonconsensual sexual penetration in the preparation of petitions for sexual assault protection orders. Sexual assault advocates are not engaged in the unauthorized practice of law when providing assistance of the types specified in this section. Communications between the petitioner and a sexual assault advocate are protected as provided by RCW 5.60.060.

NEW SECTION. Sec. 8. The court may appoint counsel to represent the petitioner if the respondent is represented by counsel.

NEW SECTION. Sec. 9. (1) In proceedings for a sexual assault protection order and prosecutions for violating a sexual assault protection order, the prior sexual activity or the reputation of the petitioner is inadmissible except:

(a) As evidence concerning the past sexual conduct of the petitioner with the respondent when this evidence is offered by the respondent upon the issue of whether the petitioner consented to the sexual conduct with respect to which the offense is alleged; or

(b) When constitutionally required to be admitted.

(2) No evidence admissible under this section may be introduced unless ruled admissible by the court after an offer of proof has been made at a hearing held in camera to determine whether the respondent has evidence to impeach the witness in the event that prior sexual activity with the respondent is denied. The offer of proof shall include reasonably specific information as to the date, time, and place of the past sexual conduct between the petitioner and the respondent. Unless the court finds that reasonably specific information as to date, time, or place, or some combination thereof, has been offered as to prior sexual activity with the respondent, counsel for the respondent shall be ordered to refrain from inquiring into prior sexual activity between the petitioner and the respondent. The court may not admit evidence under this section unless it determines at the hearing that the evidence is relevant and the probative value of the evidence outweighs the danger of unfair prejudice. The evidence shall be admissible at trial to the extent an

order made by the court specifies the evidence that may be admitted and areas with respect to which the petitioner may be examined or cross-examined.

NEW SECTION. Sec. 10. (1)(a) If the court finds by a preponderance of the evidence that the petitioner has been a victim of nonconsensual sexual conduct or nonconsensual sexual penetration by the respondent, the court shall issue a sexual assault protection order; provided that the petitioner must also satisfy the requirements of section 12 of this act for ex parte temporary orders or section 13 of this act for final orders.

(b) The petitioner shall not be denied a sexual assault protection order because the petitioner or the respondent is a minor or because the petitioner did not report the assault to law enforcement. The court, when determining whether or not to issue a sexual assault protection order, may not require proof of physical injury on the person of the victim or proof that the petitioner has reported the sexual assault to law enforcement. Modification and extension of prior sexual assault protection orders shall be in accordance with this chapter.

(2) The court may provide relief as follows:

(a) Restrain the respondent from having any contact, including nonphysical contact, with the petitioner directly, indirectly, or through third parties regardless of whether those third parties know of the order;

(b) Exclude the respondent from the petitioner's residence, workplace, or school, or from the day care or school of a child, if the victim is a child;

(c) Prohibit the respondent from knowingly coming within, or knowingly remaining within, a specified distance from a specified location; and

(d) Order any other injunctive relief as necessary or appropriate for the protection of the petitioner.

(3) In cases where the petitioner and the respondent are under the age of eighteen and attend the same public or private elementary, middle, or high school, the court, when issuing a protection order and providing relief, shall consider, among the other facts of the case, the severity of the act, any continuing physical danger or emotional distress to the petitioner, and the expense difficulty, and educational disruption that would be caused by a transfer of the respondent to another school. The court may order that the person restrained in the order not attend the public or approved private elementary, middle, or high school attended by the person under the age of eighteen protected by the order. In the event the court orders a transfer of the restrained person to another school, the parents or legal guardians of the person restrained in the order are responsible for transportation and other costs associated with the change of school by the person restrained in the order. The court shall send notice of the restriction on attending the same school as the person protected by the order to the public or approved private school the person restrained by the order will attend and to the school the person protected by the order attends.

(4) Denial of a remedy may not be based, in whole or in part, on evidence that:

(a) The respondent was voluntarily intoxicated;

(b) The petitioner was voluntarily intoxicated; or

(c) The petitioner engaged in limited consensual sexual touching.

(5) Monetary damages are not recoverable as a remedy.

(6) A knowing violation of a court order issued under this section is punishable under RCW 26.50.110.

NEW SECTION. Sec. 11. For the purposes of issuing a sexual assault protection order, deciding what relief should be included in the order, and enforcing the order, RCW 9A.08.020 shall govern whether the respondent is legally accountable for the conduct of another person.

NEW SECTION. Sec. 12. (1) An ex parte temporary sexual assault protection order shall issue if the petitioner satisfies the requirements of this subsection by a preponderance of the evidence. The petitioner shall establish that:

(a) The petitioner has been a victim of nonconsensual sexual conduct or nonconsensual sexual penetration by the respondent; and

(b) There is good cause to grant the remedy, regardless of prior service of process or of notice upon the respondent, because the harm which that remedy is intended to prevent would be likely to occur if the respondent were given any prior notice, or greater notice than was actually given, of the petitioner's efforts to obtain judicial relief.

(2) If the respondent appears in court for this hearing for an ex parte temporary order, he or she may elect to file a general appearance and testify. Any resulting order may be an ex parte temporary order, governed by this section.

(3) If the court declines to issue an ex parte temporary sexual assault protection order, the court shall state the particular reasons for the court's denial. The court's denial of a motion for an ex parte order shall be filed with the court.

(4) A knowing violation of a court order issued under this section is punishable under RCW 26.50.110.

NEW SECTION. Sec. 13. (1)(a) An ex parte temporary sexual assault protection order shall be effective for a fixed period not to exceed fourteen days. A full hearing, as provided in this chapter, shall be set for not later than fourteen days from the issuance of the temporary order. Except as provided in section 6 of this act, the respondent shall be personally served with a copy of the ex parte temporary sexual assault protection order along with a copy of the petition and notice of the date set for the hearing.

(b) Any ex parte temporary order issued under this section shall contain the date and time of issuance and the expiration date and shall be entered into a statewide judicial information system by the clerk of the court within one judicial day after issuance.

(2) Except as otherwise provided in this section or section 16 of this act, a final sexual assault protection order shall be effective for a fixed period of time, not to exceed two years.

(3) Any ex parte temporary or final sexual assault protection order may be renewed one or more times, as required. The petitioner may apply for renewal of the order by filing a petition for renewal at any time within the three months before the order expires. If the motion for renewal is uncontested and the petitioner seeks no modification of the order, the order may be renewed on the basis of the petitioner's motion or affidavit stating that there has been no material change in relevant circumstances since entry of the order and stating the reason for the requested renewal. Renewals may be granted only in open court.

(4) Any sexual assault protection order which would expire on a court holiday shall instead expire at the close of the next court business day.

(5) The practice of dismissing or suspending a criminal prosecution in exchange for the issuance of a sexual assault protection order undermines the purposes of this chapter. This section shall not be construed as encouraging that practice.

NEW SECTION. Sec. 14. (1) Any sexual assault protection order shall describe each remedy granted by the court, in reasonable detail and not by reference to any other document, so that the respondent may clearly understand what he or she must do or refrain from doing.

(2) A sexual assault protection order shall further state the following:

(a) The name of each petitioner that the court finds was the victim of nonconsensual sexual conduct or nonconsensual sexual penetration by the respondent;

(b) The date and time the sexual assault protection order was issued, whether it is an ex parte temporary or final order, and the duration of the order;

(c) The date, time, and place for any scheduled hearing for renewal of that sexual assault protection order or for another order of greater duration or scope;

(d) For each remedy in an ex parte temporary sexual assault protection order, the reason for entering that remedy without prior notice to the respondent or greater notice than was actually given;

(e) For ex parte temporary sexual assault protection orders, that the respondent may petition the court, to reopen the order if he or she did not receive actual prior notice of the hearing and if the respondent

alleges that he or she had a meritorious defense to the order or that the order or its remedy is not authorized by this chapter.

(3) A sexual assault protection order shall include the following notice, printed in conspicuous type: "A knowing violation of this sexual assault protection order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

NEW SECTION. Sec. 15. (1) An order issued under this chapter shall be personally served upon the respondent, except as provided in subsection (6) of this section.

(2) The sheriff of the county or the peace officers of the municipality in which the respondent resides shall serve the respondent personally unless the petitioner elects to have the respondent served by a private party.

(3) If service by a sheriff or municipal peace officer is to be used, the clerk of the court shall have a copy of any order issued under this chapter forwarded on or before the next judicial day to the appropriate law enforcement agency specified in the order for service upon the respondent. Service of an order issued under this chapter shall take precedence over the service of other documents unless they are of a similar emergency nature.

(4) If the sheriff or municipal peace officer cannot complete service upon the respondent within ten days, the sheriff or municipal peace officer shall notify the petitioner. The petitioner shall provide information sufficient to permit notification.

(5) Returns of service under this chapter shall be made in accordance with the applicable court rules.

(6) If an order entered by the court recites that the respondent appeared in person before the court, the necessity for further service is waived and proof of service of that order is not necessary.

NEW SECTION. Sec. 16. (1)(a) When any person charged with or arrested for a sex offense as defined in RCW 9.94A.030, a violation of RCW 9A.44.096, a violation of RCW 9.68A.090, or a gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030, is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release may prohibit that person from having any contact with the victim. The jurisdiction authorizing the release shall determine whether that person should be prohibited from having any contact with the victim. If there is no outstanding restraining or protective order prohibiting that person from having contact with the victim, the court authorizing release may issue, by telephone, a sexual assault protection order prohibiting the person charged or arrested from having contact with the victim or from knowingly coming within, or knowingly remaining within, a specified distance of a location.

(b) In issuing the order, the court shall consider the provisions of RCW 9.41.800.

(c) The sexual assault protection order shall also be issued in writing as soon as possible.

(2)(a) At the time of arraignment or whenever a motion is brought to modify the conditions of the defendant's release, the court shall determine whether a sexual assault protection order shall be issued or extended. If a sexual assault protection order is issued or extended, the court may also include in the conditions of release a requirement that the defendant submit to electronic monitoring. If electronic monitoring is ordered, the court shall specify who shall provide the monitoring services, and the terms under which the monitoring shall be performed. Upon conviction, the court may require as a condition of the sentence that the defendant reimburse the providing agency for the costs of the electronic monitoring.

(b) A sexual assault protection order issued by the court in conjunction with criminal charges shall terminate if the defendant is acquitted or the charges are dismissed, unless the victim files an independent action for a sexual assault protection order. If the victim files an independent action for a sexual assault protection order, the

order may be continued by the court until a full hearing is conducted pursuant to section 6 of this act.

(3)(a) The written order releasing the person charged or arrested shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(b) A certified copy of the order shall be provided to the victim at no charge.

(4) If a sexual assault protection order has been issued prior to charging, that order shall expire at arraignment or within seventy-two hours if charges are not filed. Such orders need not be entered into the computer-based criminal intelligence information system in this state which is used by law enforcement agencies to list outstanding warrants.

(5) Whenever an order prohibiting contact is issued pursuant to subsection (2) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state.

(6)(a) When a defendant is found guilty of a sex offense as defined in RCW 9.94A.030, any violation of RCW 9A.44.096, or any violation of RCW 9.68A.090, or any gross misdemeanor that is, under chapter 9A.28 RCW, a criminal attempt, criminal solicitation, or criminal conspiracy to commit an offense that is classified as a sex offense under RCW 9.94A.030, and a condition of the sentence restricts the defendant's ability to have contact with the victim, the condition shall be recorded as a sexual assault protection order.

(b) The written order entered as a condition of sentencing shall contain the court's directives and shall bear the legend: "Violation of this order is a criminal offense under chapter 26.50 RCW and will subject a violator to arrest. You can be arrested even if any person protected by the order invites or allows you to violate the order's prohibitions. You have the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order."

(c) A final sexual assault protection order entered in conjunction with a criminal prosecution shall remain in effect for a period of two years following the expiration of any sentence of imprisonment and subsequent period of community supervision, conditional release, probation, or parole.

(d) A certified copy of the order shall be provided to the victim at no charge.

(7) A knowing violation of a court order issued under subsection (1), (2), or (6) of this section is punishable under RCW 26.50.110.

(8) Whenever a sexual assault protection order is issued, modified, or terminated under subsection (1), (2), or (6) of this section, the clerk of the court shall forward a copy of the order on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the copy of the order, the law enforcement agency shall enter the order for one year or until the expiration date specified on the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. Entry into the computer-based criminal intelligence information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any jurisdiction in the state. Upon receipt of notice that an order has been terminated under subsection (2) of this section, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system.

NEW SECTION. Sec. 17. (1) A copy of a sexual assault protection order granted under this chapter shall be forwarded by the clerk of the court on or before the next judicial day to the appropriate law enforcement agency specified in the order. Upon receipt of the order, the law enforcement agency shall immediately enter the order into any computer-based criminal intelligence information system available in this state used by law enforcement agencies to list outstanding warrants. The order shall remain in the computer for one year or until the expiration date specified on the order. Upon receipt of notice that an order has been terminated, the law enforcement agency shall remove the order from the computer-based criminal intelligence information system. The law enforcement agency shall only expunge from the computer-based criminal intelligence information system orders that are expired, vacated, terminated, or superseded. Entry into the law enforcement information system constitutes notice to all law enforcement agencies of the existence of the order. The order is fully enforceable in any county in the state.

(2) The information entered into the computer-based criminal intelligence information system shall include notice to law enforcement whether the order was personally served, served by publication, or served by mail.

NEW SECTION. Sec. 18. Upon application with notice to all parties and after a hearing, the court may modify the terms of an existing sexual assault protection order. In any situation where an order is terminated or modified before its expiration date, the clerk of the court shall forward on or before the next judicial day a true copy of the modified order or the termination order to the appropriate law enforcement agency specified in the modified or termination order. Upon receipt of the order, the law enforcement agency shall promptly enter it in the computer-based criminal intelligence information system, or if the order is terminated, remove the order from the computer-based criminal intelligence information system.

NEW SECTION. Sec. 19. (1) The administrative office of the courts shall develop and prepare instructions and informational brochures required under section 5 of this act, standard petition and order for protection forms, and a court staff handbook on sexual assault, and the protection order process. The standard petition and order for protection forms must be used after September 1, 2006, for all petitions filed and orders issued under this chapter. The instructions, brochures, forms, and handbook shall be prepared in consultation with interested persons, including a representative of the state sexual assault coalition, judges, and law enforcement personnel.

(a) The instructions shall be designed to assist petitioners in completing the petition, and shall include a sample of standard petition and order for protection forms.

(b) The informational brochure shall describe the use of and the process for obtaining, modifying, and terminating a protection order as provided under this chapter.

(c) The order for protection form shall include, in a conspicuous location, notice of criminal penalties resulting from violation of the order, and the following statement: "You can be arrested even if the person or persons who obtained the order invite or allow you to violate the order's prohibitions. The respondent has the sole responsibility to avoid or refrain from violating the order's provisions. Only the court can change the order upon written application."

(d) The court staff handbook shall allow for the addition of a community resource list by the court clerk.

(2) All court clerks shall obtain a community resource list from a sexual assault program serving the county in which the court is located. The community resource list shall include the names and telephone numbers of sexual assault programs serving the community in which the court is located, including law enforcement agencies, domestic violence agencies, sexual assault agencies, legal assistance programs, interpreters, multicultural programs, and batterers' treatment programs. The court shall make the community resource list available as part of or in addition to the informational brochures described in subsection (1) of this section.

(3) The administrative office of the courts shall distribute a master copy of the petition and order forms, instructions, and informational brochures to all court clerks and shall distribute a

master copy of the petition and order forms to all superior, district, and municipal courts.

(4) For purposes of this section, "court clerks" means court administrators in courts of limited jurisdiction and elected court clerks.

(5) The administrative office of the courts shall determine the significant non-English-speaking or limited English-speaking populations in the state. The administrator shall then arrange for translation of the instructions and informational brochures required by this section, which shall contain a sample of the standard petition and order for protection forms, into the languages spoken by those significant non-English-speaking populations and shall distribute a master copy of the translated instructions and informational brochures to all court clerks by December 1, 2006.

(6) The administrative office of the courts shall update the instructions, brochures, standard petition and order for protection forms, and court staff handbook when changes in the law make an update necessary.

NEW SECTION. Sec. 20. An ex parte temporary order issued under this chapter shall not be admissible as evidence in any subsequent civil action for damages arising from the conduct alleged in the petition or the order.

Protection orders authorized under this chapter shall not be issued for any action specifically covered by chapter 7.-- (sections 1 through 20 of this act), 10.99, or 26.50 RCW.

Sec. 23. RCW 10.31.100 and 2000 c 119 s 4 are each amended to read as follows:

A police officer having probable cause to believe that a person has committed or is committing a felony shall have the authority to arrest the person without a warrant. (1) Any police officer having probable cause to believe that a person has committed or is committing a misdemeanor or gross misdemeanor, involving physical harm or threats of harm to any person or property or the unlawful taking of property or involving the use or possession of cannabis, or involving the acquisition, possession, or consumption of alcohol by a person under the age of twenty-one years under RCW 66.44.270, or involving criminal trespass under RCW 9A.52.070 or 9A.52.080, shall have the authority to arrest the person.

(1) Whenever an order is granted under this chapter, chapter 7.-- (sections 1 through 20 of this act), 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or there is a valid foreign protection order as defined in RCW 26.52.020, and the respondent or person to be restrained knows of the order, a violation of the restraint provisions, or of a provision excluding the person from a residence, workplace, school, or day care, or of a provision prohibiting a person from knowingly coming within, or knowingly remaining within, a specified distance of a location, or of a provision of a foreign protection order specifically indicating that a violation will be a crime, for which an arrest is required under RCW 10.31.100(2) (a) or (b), is a gross misdemeanor except as provided in subsections (4) and (5) of this section. Upon conviction, and in addition to any other penalties provided by law, the court may require that the respondent submit to electronic monitoring. The court shall specify who shall provide the electronic monitoring services, and the terms under which the monitoring shall be performed. The order also may include a requirement that the respondent pay the costs of the monitoring. The court shall consider the ability of the convicted person to pay for electronic monitoring.

(2) A peace officer shall arrest without a warrant and take into custody a person whom the peace officer has probable cause to believe has violated an order issued under this chapter, chapter 7.-- (sections 1 through 20 of this act), 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or a valid foreign protection order as defined in RCW 26.52.020, that restrains the person or excludes the person from a residence, workplace, school, or day care, or prohibits the person from knowingly coming within, or knowingly remaining within, a specified distance of a location, if the person restrained knows of the order. Presence of the order in the law enforcement computer-based criminal intelligence information system is not the only means of establishing knowledge of the order.

(3) A violation of an order issued under this chapter, chapter 7.-- (sections 1 through 20 of this act), 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or of a valid foreign protection order as defined in RCW 26.52.020, shall also constitute contempt of court, and is subject to the penalties prescribed by law.

(4) Any assault that is a violation of an order issued under this chapter, chapter 7.-- (sections 1 through 20 of this act), 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or of a valid foreign protection order as defined in RCW 26.52.020, and that does not amount to assault in the first or second degree under RCW 9A.36.011 or 9A.36.021 is a class C felony, and any conduct in violation of such an order that is reckless and creates a substantial risk of death or serious physical injury to another person is a class C felony.

(5) A violation of a court order issued under this chapter, chapter 7.-- (sections 1 through 20 of this act), 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or of a valid foreign protection order as defined in RCW 26.52.020, is a class C felony if the offender has at least two previous convictions for violating the provisions of an order issued under this chapter, chapter 7.-- (sections 1 through 20 of this act), 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or a valid foreign protection order as defined in RCW 26.52.020. The previous convictions may involve the same victim or other victims specifically protected by the orders the offender violated.

(6) Upon the filing of an affidavit by the petitioner or any peace officer alleging that the respondent has violated an order granted under this chapter, chapter 7.-- (sections 1 through 20 of this act), 10.99, 26.09, 26.10, 26.26, or 74.34 RCW, or a valid foreign protection order as defined in RCW 26.52.020, the court may issue an order to the respondent, requiring the respondent to appear and show cause within fourteen days why the respondent should not be found in contempt of court and punished accordingly. The hearing may be held in the court of any county or municipality in which the petitioner or respondent temporarily or permanently resides at the time of the alleged violation.

Sec. 26. RCW 26.50.160 and 2000 c 119 s 25 and 2000 c 51 s 1 are each reenacted and amended to read as follows:

To prevent the issuance of competing protection orders in different courts and to give courts needed information for issuance of orders, the judicial information system shall be available in each district, municipal, and superior court by July 1, 1997, and shall include a data base containing the following information:

(1) The names of the parties and the cause number for every order of protection issued under this title, every sexual assault protection order issued under chapter 7.-- RCW (sections 1 through 20 of this act), every criminal no-contact order issued under chapters 9A.46 and 10.99 RCW, every antiharassment order issued under chapter 10.14 RCW, every dissolution action under chapter 26.09 RCW, every third-party custody action under chapter 26.10 RCW, every parentage action under chapter 26.26 RCW, every restraining order issued on behalf of an abused child or adult dependent person under chapter 26.44 RCW, every foreign protection order filed under chapter 26.52 RCW, and every order for protection of a vulnerable adult under chapter 74.34 RCW. When a guardian or the department of social and health services has petitioned for relief on behalf of an abused child, adult dependent person, or vulnerable adult, the name of the person on whose behalf relief was sought shall be included in the data base as a party rather than the guardian or department;

(2) A criminal history of the parties; and

(3) Other relevant information necessary to assist courts in issuing orders under this chapter as determined by the judicial information system committee.

Sec. 27. RCW 59.18.575 and 2004 c 17 s 3 are each amended to read as follows:

(1)(a) If a tenant notifies the landlord in writing that he or she or a household member was a victim of an act that constitutes a crime of domestic violence, sexual assault, or stalking, and either (a)(i) or (ii) of this subsection applies, then subsection (2) of this section applies:

MESSAGE FROM THE SENATE

March 7, 2006

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2884, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 90.46 RCW to read as follows:

(1) The department of ecology shall, in coordination with the department of health, adopt rules for reclaimed water use consistent with this chapter. The rules must address all aspects of reclaimed water use, including commercial and industrial uses, land applications, direct recharge, wetland discharge, surface percolation, constructed wetlands, and stream flow augmentation. The department of health shall, in coordination with the department of ecology, adopt rules for greywater reuse. The rules must also designate whether the department of ecology or the department of health will be the lead permitting or regulatory agency responsible for a particular aspect of reclaimed water use. In developing the rules, the departments of health and ecology shall amend or rescind any existing rules on reclaimed water in conflict with the new rules.

(2) All rules required to be adopted pursuant to this section must be completed no later than December 31, 2010, although the department of ecology is encouraged to adopt the final rules as soon as possible.

(3) The department of ecology must consult with the advisory committee created under RCW 90.46.050 in all aspects of rule development required under this section.

Sec. 2. RCW 90.46.050 and 1995 c 342 s 9 are each amended to read as follows:

The department of ~~((health))~~ ecology shall, before July 1, ~~((1995))~~ 2006, form an advisory committee, in coordination with the department of ~~((ecology))~~ health and the department of agriculture, which will provide technical assistance in the development of standards, procedures, and guidelines required by this chapter. ~~((Such))~~ The advisory committee shall be composed of ~~((individuals from the public water and wastewater utilities, landscaping enhancement industry, commercial and industrial application community, and any other persons deemed technically helpful by the department of health))~~ a broad range of interested individuals representing the various stakeholders that utilize or are potentially impacted by the use of reclaimed water. The advisory committee must also contain individuals with technical expertise and knowledge of new advancements in technology.

NEW SECTION. Sec. 3. The department of ecology must present interim reports to the appropriate committees of the legislature by January 1, 2008, and January 1, 2009, that summarize the steps taken to that date towards the final rule making required by section 1 of this act. The reports must include, at a minimum, a summary of participation in the advisory group and the topics considered by the department.

Sec. 4. RCW 90.46.010 and 2002 c 329 s 3 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Greywater" means wastewater having the consistency and strength of residential domestic type wastewater. Greywater includes wastewater from sinks, showers, and laundry fixtures, but does not include toilet or urinal waters.

(2) "Land application" means ~~((application of treated effluent for purposes of))~~ use of reclaimed water as permitted under this chapter for irrigation or landscape enhancement for residential, business, and governmental purposes.

(3) "Person" means any state, individual, public or private corporation, political subdivision, governmental subdivision, governmental agency, municipality, copartnership, association, firm, trust estate, or any other legal entity whatever.

(4) "Reclaimed water" means effluent derived in any part from sewage from a wastewater treatment system that has been adequately and reliably treated, so that as a result of that treatment, it is suitable for a beneficial use or a controlled use that would not otherwise occur and is no longer considered wastewater.

(5) "Sewage" means water-carried human wastes from residences, buildings, industrial and commercial establishments, or other places, together with such ground water infiltration, surface waters, or industrial wastewater as may be present.

(6) "User" means any person who uses reclaimed water.

(7) "Wastewater" means water and wastes discharged from homes, businesses, and industry to the sewer system.

(8) "Beneficial use" means the use of reclaimed water, that has been transported from the point of production to the point of use without an intervening discharge to the waters of the state, for a beneficial purpose.

(9) "Direct recharge" means the controlled subsurface addition of water directly to the ground water basin that results in the replenishment of ground water.

(10) "Ground water recharge criteria" means the contaminant criteria found in the drinking water quality standards adopted by the state board of health pursuant to chapter 43.20 RCW and the department of health pursuant to chapter 70.119A RCW.

(11) "Planned ground water recharge project" means any reclaimed water project designed for the purpose of recharging ground water, via direct recharge or surface percolation.

(12) "Reclamation criteria" means the criteria set forth in the water reclamation and reuse interim standards and subsequent revisions adopted by the department of ecology and the department of health.

(13) "Streamflow augmentation" means the discharge of reclaimed water to rivers and streams of the state or other surface water bodies, but not wetlands.

(14) "Surface percolation" means the controlled application of water to the ground surface for the purpose of replenishing ground water.

(15) "Wetland or wetlands" means areas that are inundated or saturated by surface water or ground water at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted to life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands regulated under this chapter shall be delineated in accordance with the manual adopted by the department of ecology pursuant to RCW 90.58.380.

(16) "Constructed beneficial use wetlands" means those wetlands intentionally constructed on nonwetland sites to produce or replace natural wetland functions and values. Constructed beneficial use wetlands are considered "waters of the state."

(17) "Constructed treatment wetlands" means those wetlands intentionally constructed on nonwetland sites and managed for the primary purpose of ~~((wastewater or storm water treatment))~~ polishing reclaimed water or aesthetics. Constructed treatment wetlands are considered part of the collection and treatment system and are not considered "waters of the state."

(18) "Agricultural industrial process water" means water that has been used for the purpose of agricultural processing and has been

adequately and reliably treated, so that as a result of that treatment, it is suitable for other agricultural water use.

(19) "Agricultural processing" means the processing of crops or milk to produce a product primarily for wholesale or retail sale for human or animal consumption, including but not limited to potato, fruit, vegetable, and grain processing.

(20) "Agricultural water use" means the use of water for irrigation and other uses related to the production of agricultural products. These uses include, but are not limited to, construction, operation, and maintenance of agricultural facilities and livestock operations at farms, ranches, dairies, and nurseries. Examples of these uses include, but are not limited to, dust control, temperature control, and fire control.

(21) "Industrial reuse water" means water that has been used for the purpose of industrial processing and has been adequately and reliably treated so that, as a result of that treatment, it is suitable for other uses.

Sec. 5. RCW 90.46.030 and 2005 c 59 s 1 are each amended to read as follows:

(1)(a) The department of health shall, in coordination with the department of ecology, adopt a single set of standards, procedures, and guidelines on or before August 1, 1993, for the industrial and commercial use of reclaimed water.

(b) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to section 1 of this act as they relate to the industrial and commercial use of reclaimed water.

(2) Unless the department of ecology adopts rules pursuant to section 1 of this act that relate to the industrial and commercial use of reclaimed water specifying otherwise, the department of health may issue a reclaimed water permit for industrial and commercial uses of reclaimed water to the generator of reclaimed water who may then distribute the water, subject to provisions in the permit governing the location, rate, water quality, and purposes of use. Permits issued after the adoption of rules under section 1 of this act must be consistent with the adopted rules.

(3) The department of health in consultation with the advisory committee established in RCW 90.46.050, shall develop recommendations for a fee structure for permits issued under subsection (2) of this section. Fees shall be established in amounts to fully recover, and not exceed, expenses incurred by the department of health in processing permit applications and modifications, monitoring and evaluating compliance with permits, and conducting inspections and supporting the reasonable overhead expenses that are directly related to these activities. Permit fees may not be used for research or enforcement activities. The department of health shall not issue permits under this section until a fee structure has been established.

(4) A permit under this section for use of reclaimed water may be issued only to:

(a) A municipal, quasi-municipal, or other governmental entity;

(b) A private utility as defined in RCW 36.94.010; or

(c) The holder of a waste discharge permit issued under chapter 90.48 RCW.

(5) The authority and duties created in this section are in addition to any authority and duties already provided in law with regard to sewage and wastewater collection, treatment, and disposal for the protection of health and safety of the state's waters. Nothing in this section limits the powers of the state or any political subdivision to exercise such authority.

(6) Unless the department of ecology adopts rules pursuant to section 1 of this act that relate to the industrial and commercial use of reclaimed water specifying otherwise, the department of health may implement the requirements of this section through the department of ecology by execution of a formal agreement between the departments. Upon execution of such an agreement, the department of ecology may issue reclaimed water permits for industrial and commercial uses of reclaimed water by issuance of permits under chapter 90.48 RCW, and may establish and collect fees as required for permits issued under chapter 90.48 RCW.

(7) Unless the department of ecology adopts rules pursuant to section 1 of this act that relate to the industrial and commercial use of reclaimed water specifying otherwise, and before deciding whether

to issue a permit under this section to a private utility, the department of health may require information that is reasonable and necessary to determine whether the private utility has the financial and other resources to ~~((assure))~~ ensure the reliability, continuity, and supervision of the reclaimed water facility.

Sec. 6. RCW 90.46.040 and 2005 c 59 s 2 are each amended to read as follows:

(1)(a) The department of ecology shall, in coordination with the department of health, adopt a single set of standards, procedures, and guidelines, on or before August 1, 1993, for land applications of reclaimed water.

(b) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to section 1 of this act as they relate to the land application of reclaimed water.

(2) A permit is required for any land application of reclaimed water. The department of ecology may issue a reclaimed water permit under chapter 90.48 RCW to the generator of reclaimed water who may then distribute the water, subject to provisions in the permit governing the location, rate, water quality, and purpose of use. The department of ecology shall not issue more than one permit for any individual land application of reclaimed water to a single generator.

(3) In cases where the department of ecology determines, in land applications of reclaimed water, that a significant risk to the public health exists, the department shall refer the application to the department of health for review and consultation and the department of health may require fees appropriate for review and consultation from the applicant pursuant to RCW 43.70.250.

(4) A permit under this section for use of reclaimed water may be issued only to:

(a) A municipal, quasi-municipal, or other governmental entity;

(b) A private utility as defined under RCW 36.94.010; or

(c) The holder of a waste discharge permit issued under chapter 90.48 RCW.

(5) The authority and duties created in this section are in addition to any authority and duties already provided in law. Nothing in this section limits the powers of the state or any political subdivision to exercise such authority.

(6) Before deciding whether to issue a permit under this section to a private utility, the department of ecology may require information that is reasonable and necessary to determine whether the private utility has the financial and other resources to ~~((assure))~~ ensure the reliability, continuity, and supervision of the reclaimed water facility.

Sec. 7. RCW 90.46.042 and 1995 c 342 s 6 are each amended to read as follows:

(1) The department of ecology shall, in consultation with the department of health, adopt a single set of standards, procedures, and guidelines, on or before December 31, 1996, for direct recharge using reclaimed water. The standards shall address both water quality considerations and avoidance of property damage from excessive recharge.

(2) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to section 1 of this act as they relate to direct recharge using reclaimed water.

Sec. 8. RCW 90.46.044 and 1995 c 342 s 7 are each amended to read as follows:

(2) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to section 1 of this act as they relate to discharge of reclaimed water to wetlands.

Sec. 9. RCW 90.46.080 and 1997 c 444 s 6 are each amended to read as follows:

(1) Except as otherwise provided in this section, reclaimed water may be beneficially used for surface percolation provided the reclaimed water meets the ground water recharge criteria as measured in ground water beneath or down gradient of the recharge project site,

and has been incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) If the state ground water recharge criteria as defined by RCW 90.46.010 do not contain a standard for a constituent or contaminant, the department of ecology shall establish a discharge limit consistent with the goals of this chapter, except as otherwise provided in this section.

(3) Except as otherwise provided in this section, reclaimed water that does not meet the ground water recharge criteria may be beneficially used for surface percolation where the department of ecology, in consultation with the department of health, has specifically authorized such use at such lower standard.

(4) The provisions of this section are superseded by any rules adopted by the department of ecology pursuant to section 1 of this act as they relate to surface percolation.

Sec. 10. RCW 90.46.090 and 1997 c 444 s 7 are each amended to read as follows:

(1) Reclaimed water may be beneficially used for discharge into constructed beneficial use wetlands and constructed treatment wetlands provided the reclaimed water meets the class A or B reclaimed water standards as defined in the reclamation criteria, and the discharge is incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) Reclaimed water that does not meet the class A or B reclaimed water standards may be beneficially used for discharge into constructed treatment wetlands where the department of ecology, in consultation with the department of health, has specifically authorized such use at such lower standards.

(3)(a) The department of ecology and the department of health must develop appropriate standards for discharging reclaimed water into constructed beneficial use wetlands and constructed treatment wetlands. These standards must be considered as part of the approval process under subsections (1) and (2) of this section.

(b) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to section 1 of this act as they relate to discharge into constructed beneficial use wetlands and constructed treatment wetlands.

Sec. 11. RCW 90.46.100 and 1995 c 342 s 5 are each amended to read as follows:

(1) Reclaimed water intended for beneficial reuse may be discharged for streamflow augmentation provided the reclaimed water meets the requirements of the federal water pollution control act, chapter 90.48 RCW, and is incorporated into a sewer or water comprehensive plan, as applicable, adopted by the applicable local government and approved by the department of health or department of ecology as applicable.

(2) Standards adopted under this section are superseded by any rules adopted by the department of ecology pursuant to section 1 of this act as they relate to discharge of reclaimed water for streamflow augmentation.

MESSAGE FROM THE SENATE

March 7, 2006

Mr. Speaker:

The Senate receded from its amendment to SECOND SUBSTITUTE HOUSE BILL NO. 3115, and under suspension of the rules returned the bill to second reading for purpose of amendment. The Senate further adopted the following amendment and passed the measure as amended:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that:

(1) Foster parents are able to successfully maintain placements of sexually reactive children, physically assaultive children, or children with other high-risk behaviors when they are provided with proper training and support. Lack of support contributes to placement disruptions and multiple moves between foster homes.

(2) Young children who have experienced repeated early abuse and trauma are at high risk for behavior later in life that is sexually deviant, if left untreated. Placement with a well-trained, prepared, and supported foster family can break this cycle.

NEW SECTION. Sec. 2. A foster parent critical support and retention program is established to retain foster parents who care for sexually reactive children, physically assaultive children, or children with other high-risk behaviors. Services shall consist of short-term therapeutic and educational interventions to support the stability of the placement. The foster parent critical support and retention program is to be implemented under the division of children and family services' contract and supervision. A contractor must demonstrate experience providing in-home case management, as well as experience working with caregivers of children with significant behavioral issues that pose a threat to others or themselves or the stability of the placement.

NEW SECTION. Sec. 3. Under the foster parent critical support and retention program, foster parents who care for sexually reactive children, physically assaultive children, or children with other high-risk behaviors shall receive:

(1) Availability at any time of the day or night to address specific concerns related to the identified child;

(2) Assessment of risk and development of a safety and supervision plan;

(3) Home-based foster parent training utilizing evidence-based models; and

(4) Referral to relevant community services and training provided by the local children's administration office or community agencies.

NEW SECTION. Sec. 4. The department of social and health services shall prepare and provide to the legislature, by December 1, 2006, a comprehensive report regarding the department's policies and practices relating to referrals, investigations, and records of child abuse and neglect allegations. At a minimum, the report shall include recommendations for improvement of the department's current practice to:

(1) Define terms relating to referrals and investigative findings;

(2) Provide guidelines for determining whether a referral is to be assigned and investigated;

(3) Manage records of calls which are received but not investigated;

(4) Establish a timeline for the destruction of records regarding investigations which resulted in no investigation, an inconclusive finding, or an unfounded finding;

(5) Disclose to foster parents information regarding sexually reactive and physically aggressive tendencies of children placed in their homes;

(6) Respond to allegations of abuse, neglect, or failure to supervise against foster parents when the allegations arise from the conduct of a child who is sexually reactive or has physically aggressive tendencies and the foster parent did not have prior knowledge of those tendencies or the child was not in the reasonable control of the foster parent; and

(7) Protect the due process rights of individuals who are not afforded the protection of the child abuse and prevention and treatment act.

Sec. 5. RCW 74.13.280 and 2001 c 318 s 3 are each amended to read as follows:

(1) Except as provided in RCW 70.24.105, whenever a child is placed in out-of-home care by the department or a child-placing agency, the department or agency shall share information about the child and the child's family with the care provider and shall consult with the care provider regarding the child's case plan. If the child is dependent pursuant to a proceeding under chapter 13.34 RCW, the

department or agency shall keep the care provider informed regarding the dates and location of dependency review and permanency planning hearings pertaining to the child.

(2) Information about the child shall include information about behavioral and emotional problems of the child and whether the child is a sexually reactive child.

(3) Any person who receives information about a child or a child's family pursuant to this section shall keep the information confidential and shall not further disclose or disseminate the information except as authorized by law.

~~((3))~~ (4) Disclosure of any relevant health care information shall be consistent with RCW 70.24.105 and any guidelines or recommendations established by the department of health concerning disclosure of such information, including testing for and disclosure of information related to blood-borne pathogens.

(5) Nothing in this section shall be construed to limit the authority of the department or child-placing agencies to disclose client information or to maintain client confidentiality as provided by law."

On page 1, line 2 of the title, after "program;" strike the remainder of the title and insert "amending RCW 74.13.280; and creating new sections."

and the same is herewith transmitted.

(1) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used.

(2) Each person claiming a tax exemption under RCW 82.04.4266, section 1 of this act, or section 2 of this act shall report information to the department by filing a complete annual survey. The survey is due by March 31st of the year following any calendar year in which a tax exemption under RCW 82.04.4266, section 1 of this act, or section 2 of this act is taken. The department may extend the due date for timely filing of annual surveys under this section as provided in RCW 82.32.590. The survey shall include the amount of tax exemption taken. The survey shall also include the following information for employment positions in Washington:

(a) The number of total employment positions;

A wage band containing fewer than three individuals may be combined with another wage band; and

The department shall assess interest, but not penalties, on the amounts due under this section. The amount

due shall be calculated using a rate of 0.138 percent. The interest shall be assessed at the rate provided for delinquent taxes under this chapter, retroactively to the date the exemption was claimed, and shall accrue until the taxes for which the exemption was claimed are repaid. This information is not subject to the confidentiality provisions of RCW 82.32.330.

(6) The department shall use the information from this section to prepare summary descriptive statistics by category. No fewer than three taxpayers shall be included in any category. The department shall report these statistics to the legislature each year by September 1st.

If a building is used partly for fresh fruit and vegetable processing, dairy product manufacturing, seafood product manufacturing, cold storage warehousing, or research and development and partly for other purposes, the applicable tax deferral shall be determined by apportionment of the costs of construction under rules adopted by the department.

~~((9))~~ (11) "Qualified machinery and equipment" means all industrial and research fixtures, equipment, and support facilities that are an integral and necessary part of a fresh fruit and vegetable processing, dairy product manufacturing, seafood product manufacturing, cold storage warehouse, or research and development operation. "Qualified machinery and equipment" includes: Computers; software; data processing equipment; laboratory equipment; manufacturing components such as belts, pulleys, shafts, and moving parts; molds, tools, and dies; operating structures; and all equipment used to control or operate the machinery.

~~((10))~~ (12) "Recipient" means a person receiving a tax deferral under this chapter.

~~((11))~~ (13) "Research and development" means the development, refinement, testing, marketing, and commercialization of a product, service, or process related to fresh fruit and vegetable processing, dairy product manufacturing, seafood product manufacturing, or cold storage warehousing before commercial sales have begun. As used in this subsection, "commercial sales" excludes sales of prototypes or sales for market testing if the total gross receipts from such sales of the product, service, or process do not exceed one million dollars.

(14) "Seafood product" means any edible marine fish and shellfish that remains in a raw, raw frozen, or raw salted state.

(15) "Seafood product manufacturing" means the manufacturing, as defined in RCW 82.04.120, of seafood products.

Sec. 7. RCW 82.74.030 and 2005 c 513 s 6 are each amended to read as follows:

(1) The department shall issue a sales and use tax deferral certificate for state and local sales and use taxes ~~((due))~~ imposed or authorized under chapters 82.08, 82.12, and 82.14 RCW on each eligible investment project if the investment project is undertaken for the purpose of fresh fruit and vegetable processing, dairy product manufacturing, seafood product manufacturing, cold storage warehousing, or research and development.

(2) This section expires July 1, 2012.

Sec. 8. RCW 82.74.040 and 2005 c 513 s 7 are each amended to read as follows:

(1)(a) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources the legislature needs information on how a tax incentive is used.

(b) Each recipient of a deferral granted under this chapter shall complete an annual survey. If the economic benefits of the deferral are passed to a lessee as provided in RCW 82.74.010~~((4))~~ (6), the lessee shall complete the annual survey and the applicant is not required to complete the annual survey. The survey is due by March 31st of the year following the calendar year in which the investment project is certified by the department as having been operationally complete and each of the seven succeeding calendar years. The department may extend the due date for timely filing of annual surveys under this section as provided in RCW 82.32.590. The

survey shall include the amount of tax deferred. The survey shall also include the following information for employment positions in Washington:

(i) The number of total employment positions;
 (ii) Full-time, part-time, and temporary employment positions as a percent of total employment;

(iii) The number of employment positions according to the following wage bands: Less than thirty thousand dollars; thirty thousand dollars or greater, but less than sixty thousand dollars; and sixty thousand dollars or greater. A wage band containing fewer than three individuals may be combined with another wage band; and

(iv) The number of employment positions that have employer-provided medical, dental, and retirement benefits, by each of the wage bands.

(c) The department may request additional information necessary to measure the results of the deferral program, to be submitted at the same time as the survey.

(d) All information collected under this subsection, except the amount of the tax deferral taken, is deemed taxpayer information under RCW 82.32.330. Information on the amount of tax deferral taken is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(e) The department shall use the information from this section to prepare summary descriptive statistics by category. No fewer than three taxpayers shall be included in any category. The department shall report these statistics to the legislature each year by September 1st.

(f) The department shall also use the information to study the tax deferral program authorized under this chapter. The department shall report to the legislature by December 1, 2011. The report shall measure the effect of the program on job creation, ~~((the number of jobs created for residents of eligible areas,))~~ company growth, the introduction of new products, the diversification of the state's economy, growth in research and development investment, the movement of firms or the consolidation of firms' operations into the state, and such other factors as the department selects.

(2)(a) If a recipient of the deferral fails to complete the annual survey required under subsection (1) of this section by the date due or any extension under RCW 82.32.590, twelve and one-half percent of the deferred tax shall be immediately due. If the economic benefits of the deferral are passed to a lessee as provided in RCW 82.74.010~~((4))~~ (6), the lessee shall be responsible for payment to the extent the lessee has received the economic benefit. The department shall assess interest, but not penalties, on the amounts due under this section. The interest shall be assessed at the rate provided for delinquent taxes under chapter 82.32 RCW, and shall accrue until the amounts due are repaid.

(b) A recipient who must repay deferred taxes under RCW 82.74.050(2) because the department has found that an investment project is used for purposes other than fresh fruit and vegetable processing, dairy product manufacturing, seafood product manufacturing, cold storage warehousing, or research and development is no longer required to file annual surveys under this section beginning on the date an investment project is used for nonqualifying purposes.

Sec. 9. RCW 82.74.050 and 2005 c 513 s 8 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, taxes deferred under this chapter need not be repaid.

(2) If, on the basis of survey under RCW 82.74.040 or other information, the department finds that an investment project is used for purposes other than fresh fruit and vegetable processing, dairy product manufacturing, seafood product manufacturing, cold storage warehousing, or research and development at any time during the calendar year in which the investment project is certified by the department as having been operationally completed, or at any time during any of the seven succeeding calendar years, a portion of deferred taxes shall be immediately due according to the following schedule:

1	100%
2	87.5%
3	75%
4	62.5%
5	50%
6	37.5%
7	25%
8	12.5%

(3) The department shall assess interest, but not penalties, on the deferred taxes under subsection (2) of this section. The interest shall be assessed at the rate provided for delinquent taxes under chapter 82.32 RCW, retroactively to the date of deferral, and shall accrue until the deferred taxes are repaid. The debt for deferred taxes will not be extinguished by insolvency or other failure of the recipient. Transfer of ownership does not terminate the deferral. The deferral is transferred, subject to the successor meeting the eligibility requirements of this chapter, for the remaining periods of the deferral.

(4) Notwithstanding subsection (2) of this section, deferred taxes on the following need not be repaid:

(a) Machinery and equipment, and sales of or charges made for labor and services, which at the time of purchase would have qualified for exemption under RCW 82.08.02565; and

(b) Machinery and equipment which at the time of first use would have qualified for exemption under RCW 82.12.02565.

Sec. 10. RCW 82.08.820 and 1997 c 450 s 2 are each amended to read as follows:

(1) Wholesalers or third-party warehouse owners who own or operate warehouses or grain elevators and retailers who own or operate distribution centers, and who have paid the tax levied by RCW 82.08.020 on:

(a) "Agricultural products" has the meaning given in RCW 82.04.213;

(b) "Construction" means the actual construction of a warehouse or grain elevator that did not exist before the construction began. "Construction" includes expansion if the expansion adds at least two hundred thousand square feet of additional space to an existing warehouse or additional storage capacity of at least one million bushels to an existing grain elevator. "Construction" does not include renovation, remodeling, or repair;

(c) "Department" means the department of revenue;

(d) "Distribution center" means a warehouse that is used exclusively by a retailer solely for the storage and distribution of finished goods to retail outlets of the retailer. "Distribution center" does not include a warehouse at which retail sales occur;

(e) "Finished goods" means tangible personal property intended for sale by a retailer or wholesaler. "Finished goods" does not include agricultural products stored by wholesalers, third-party warehouses, or retailers if the storage takes place on the land of the person who produced the agricultural product. "Finished goods" does not include logs, minerals, petroleum, gas, or other extracted products stored as raw materials or in bulk;

(f) "Grain elevator" means a structure used for storage and handling of grain in bulk;

(g) "Material-handling equipment and racking equipment" means equipment in a warehouse or grain elevator that is primarily used to handle, store, organize, convey, package, or repack finished goods. (3) It is an affirmative defense to a violation of subsection (1)(a) of this section which the defendant must prove by a preponderance of the evidence that the defendant consumed a sufficient quantity of alcohol after the time of driving and before the administration of an analysis of the person's breath or blood to cause the defendant's alcohol concentration to be 0.08 or more within two hours after driving. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

(4) Analyses of blood or breath samples obtained more than two hours after the alleged driving may be used as evidence that within two hours of the alleged driving, a person had an alcohol concentration of 0.08 or more in violation of subsection (1)(a) of this section, and in any case in which the analysis shows an alcohol concentration above 0.00 may be used as evidence that a person was under the influence of or affected by intoxicating liquor or any drug in violation of subsection (1)(b) or (c) of this section.

(5) Except as provided in subsection (6) of this section, a violation of this section is a gross misdemeanor.

Sec. 5. RCW 9.94A.030 and 2005 c 436 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed pursuant to RCW 9.94A.505(2)(b), 9.94A.650 through 9.94A.670, 9.94A.690, 9.94A.700 through 9.94A.715, or 9.94A.545, served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(6) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.850, for crimes committed on or after July 1, 2000.

(7) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(8) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(9) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(10) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(11) "Confinement" means total or partial confinement.

(12) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(13) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(14) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(15) "Day fine" means a fine imposed by the sentencing court that equals the difference between the offender's net daily income and the reasonable obligations that the offender has for the support of the offender and any dependents.

(16) "Day reporting" means a program of enhanced supervision designed to monitor the offender's daily activities and compliance with sentence conditions, and in which the offender is required to report daily to a specific location designated by the department or the sentencing court.

The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(19) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

(51) "Work release" means a program of partial confinement available to offenders who are employed or engaged as a student in a regular course of study at school.

Sec. 6. RCW 9.94A.030 and 2003 c 53 s 55 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed pursuant to RCW 9.94A.505(2)(b), 9.94A.650 through 9.94A.670, 9.94A.690, 9.94A.700 through 9.94A.715, or 9.94A.545, served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(6) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.850, for crimes committed on or after July 1, 2000.

(7) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(8) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(9) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(10) "Confinement" means total or partial confinement.

(11) "Conviction" means an adjudication of guilt pursuant to Titles 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(12) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(13) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

The fact that an offender through earned release can reduce the actual period of confinement shall not affect the classification of the sentence as a determinate sentence.

(18) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), prior convictions of felony driving while under the influence of intoxicating liquor or any drug, felony physical control of a vehicle while under the influence of intoxicating liquor or any drug, and serious traffic offenses shall be included in the offender score if: (i) The prior convictions were committed within five years since the last date of release from confinement (including full-time residential treatment) or entry of judgment and sentence; or (ii) the prior convictions would be considered "prior offenses within seven years" as defined in RCW 46.61.5055.

(f) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall

be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11) or (12) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), or (12) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction.

(12) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(13) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(14) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(15) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(16) If the present conviction is for a sex offense, count priors as in subsections (7) through (15) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(17) If the present conviction is for an offense committed while the offender was under community placement, add one point.

(18) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. Accordingly, prior convictions that were not counted in the offender score or included in criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions.

Sec. 9. RCW 9.94A.640 and 1987 c 486 s 7 are each amended to read as follows:

(1) Every offender who has been discharged under RCW 9.94A.637 may apply to the sentencing court for a vacation of the offender's record of conviction. If the court finds the offender meets the tests prescribed in subsection (2) of this section, the court may clear the record of conviction by: (a) Permitting the offender to withdraw the offender's plea of guilty and to enter a plea of not guilty; or (b) if the offender has been convicted after a plea of not guilty, by the court setting aside the verdict of guilty; and (c) by the court dismissing the information or indictment against the offender.

(2) An offender may not have the record of conviction cleared if: (a) There are any criminal charges against the offender pending in any court of this state or another state, or in any federal court; (b) the offense was a violent offense as defined in RCW 9.94A.030; (c) the offense was a crime against persons as defined in RCW 43.43.830; (d) the offender has been convicted of a new crime in this state, another state, or federal court since the date of the offender's discharge under RCW 9.94A.637; (e) the offense is a class B felony and less than ten years have passed since the date the applicant was discharged under RCW 9.94A.637; ~~(and)~~ (f) the offense was a class C felony, other than a class C felony described in RCW 46.61.502(6) or 46.61.504(6), and less than five years have passed since the date the applicant was discharged under RCW 9.94A.637; or (g) the offense was a class C felony described in RCW 46.61.502(6) or 46.61.504(6) and less than seven years have passed since the applicant was discharged under RCW 9.94A.637.

(3) Once the court vacates a record of conviction under subsection (1) of this section, the fact that the offender has been convicted of the offense shall not be included in the offender's criminal history for purposes of determining a sentence in any subsequent conviction, and the offender shall be released from all penalties and disabilities resulting from the offense. For all purposes, including responding to questions on employment applications, an

offender whose conviction has been vacated may state that the offender has never been convicted of that crime. Nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

Sec. 10. RCW 9.94A.650 and 2002 c 175 s 9 are each amended to read as follows:

(1) This section applies to offenders who have never been previously convicted of a felony in this state, federal court, or another state, and who have never participated in a program of deferred prosecution for a felony, and who are convicted of a felony that is not:

(a) Classified as a violent offense or a sex offense under this chapter;

(b) Manufacture, delivery, or possession with intent to manufacture or deliver a controlled substance classified in Schedule I or II that is a narcotic drug or flunitrazepam classified in Schedule IV;

(c) Manufacture, delivery, or possession with intent to deliver a methamphetamine, its salts, isomers, and salts of its isomers as defined in RCW 69.50.206(d)(2); ~~((or))~~

~~(e) Felony driving while under the influence of intoxicating liquor or any drug or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug.~~

(2) In sentencing a first-time offender the court may waive the imposition of a sentence within the standard sentence range and impose a sentence which may include up to ninety days of confinement in a facility operated or utilized under contract by the county and a requirement that the offender refrain from committing new offenses. The sentence may also include a term of community supervision or community custody as specified in subsection (3) of this section, which, in addition to crime-related prohibitions, may include requirements that the offender perform any one or more of the following:

(a) Devote time to a specific employment or occupation;

(b) Undergo available outpatient treatment for up to the period specified in subsection (3) of this section, or inpatient treatment not to exceed the standard range of confinement for that offense;

(c) Pursue a prescribed, secular course of study or vocational training;

(d) Remain within prescribed geographical boundaries and notify the community corrections officer prior to any change in the offender's address or employment;

(e) Report as directed to a community corrections officer; or

(f) Pay all court-ordered legal financial obligations as provided in RCW 9.94A.030 and/or perform community restitution work.

(3) The terms and statuses applicable to sentences under subsection (2) of this section are:

(a) For sentences imposed on or after July 25, 1999, for crimes committed before July 1, 2000, up to one year of community supervision. If treatment is ordered, the period of community supervision may include up to the period of treatment, but shall not exceed two years; and

(b) For crimes committed on or after July 1, 2000, up to one year of community custody unless treatment is ordered, in which case the period of community custody may include up to the period of treatment, but shall not exceed two years. Any term of community custody imposed under this section is subject to conditions and sanctions as authorized in this section and in RCW 9.94A.715 (2) and (3).

(4) The department shall discharge from community supervision any offender sentenced under this section before July 25, 1999, who has served at least one year of community supervision and has completed any treatment ordered by the court.

Sec. 11. RCW 9.94A.660 and 2005 c 460 s 1 are each amended to read as follows:

(1) An offender is eligible for the special drug offender sentencing alternative if:

(a) The offender is convicted of a felony that is not a violent offense or sex offense and the violation does not involve a sentence enhancement under RCW 9.94A.533 (3) or (4);

~~(b) The offender is convicted of a felony that is not a felony driving while under the influence of intoxicating liquor or any drug under RCW 46.61.502(6) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug under RCW 46.61.504(6);~~

~~(c) The offender has no current or prior convictions for a sex offense at any time or violent offense within ten years before conviction of the current offense, in this state, another state, or the United States;~~

~~((e))~~ (d) For a violation of the Uniform Controlled Substances Act under chapter 69.50 RCW or a criminal solicitation to commit such a violation under chapter 9A.28 RCW, the offense involved only a small quantity of the particular controlled substance as determined by the judge upon consideration of such factors as the weight, purity, packaging, sale price, and street value of the controlled substance;

~~((f))~~ (e) The offender has not been found by the United States attorney general to be subject to a deportation detainer or order and does not become subject to a deportation order during the period of the sentence;

~~((g))~~ (f) The standard sentence range for the current offense is greater than one year; and

~~((h))~~ (g) The offender has not received a drug offender sentencing alternative more than once in the prior ten years before the current offense.

(2) A motion for a sentence under this section may be made by the court, the offender, or the state. If the sentencing court determines that the offender is eligible for this alternative, the court may order an examination of the offender. The examination shall, at a minimum, address the following issues:

(a) Whether the offender suffers from drug addiction;

(b) Whether the addiction is such that there is a probability that criminal behavior will occur in the future;

(c) Whether effective treatment for the offender's addiction is available from a provider that has been licensed or certified by the division of alcohol and substance abuse of the department of social and health services; and

(d) Whether the offender and the community will benefit from the use of the alternative.

(3) The examination report must contain:

(a) Information on the issues required to be addressed in subsection (2) of this section; and

(b) A proposed treatment plan that must, at a minimum, contain:

(i) A proposed treatment provider that has been licensed or certified by the division of alcohol and substance abuse of the department of social and health services;

(ii) The recommended frequency and length of treatment, including both residential chemical dependency treatment and treatment in the community;

(iii) A proposed monitoring plan, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others; and

(iv) Recommended crime-related prohibitions and affirmative conditions.

(4) After receipt of the examination report, if the court determines that a sentence under this section is appropriate, the court shall waive imposition of a sentence within the standard sentence range and impose a sentence consisting of either a prison-based alternative under subsection (5) of this section or a residential chemical dependency treatment-based alternative under subsection (6) of this section. The residential chemical dependency treatment-based alternative is only available if the midpoint of the standard range is twenty-four months or less.

(5) The prison-based alternative shall include:

(a) A period of total confinement in a state facility for one-half of the midpoint of the standard sentence range. During incarceration in the state facility, offenders sentenced under this subsection shall undergo a comprehensive substance abuse assessment and receive, within available resources, treatment services appropriate for the offender. The treatment services shall be designed by the division of

alcohol and substance abuse of the department of social and health services, in cooperation with the department of corrections;

(b) The remainder of the midpoint of the standard range as a term of community custody which must include appropriate substance abuse treatment in a program that has been approved by the division of alcohol and substance abuse of the department of social and health services. If the department finds that conditions have been willfully violated, the offender may be reclassified to serve the remaining balance of the original sentence. An offender who fails to complete the program or who is administratively terminated from the program shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court;

(c) Crime-related prohibitions including a condition not to use illegal controlled substances;

(d) A requirement to submit to urinalysis or other testing to monitor that status; and

(e) A term of community custody pursuant to RCW 9.94A.715 to be imposed upon failure to complete or administrative termination from the special drug offender sentencing alternative program.

(6) The residential chemical dependency treatment-based alternative shall include:

(a) A term of community custody equal to one-half of the midpoint of the standard sentence range or two years, whichever is greater, conditioned on the offender entering and remaining in residential chemical dependency treatment certified under chapter 70.96A RCW for a period set by the court between three and six months. If the court imposes a term of community custody, the department shall, within available resources, make chemical dependency assessment and treatment services available to the offender during the term of community custody. The court shall impose, as conditions of community custody, treatment and other conditions as proposed in the plan under subsection (3)(b) of this section. The department may impose conditions and sanctions as authorized in RCW 9.94A.715 (2), (3), (6), and (7), 9.94A.737, and 9.94A.740. The court shall schedule a progress hearing during the period of residential chemical dependency treatment, and schedule a treatment termination hearing for three months before the expiration of the term of community custody;

(b) Before the progress hearing and treatment termination hearing, the treatment provider and the department shall submit written reports to the court and parties regarding the offender's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment. At the hearing, the court may:

(i) Authorize the department to terminate the offender's community custody status on the expiration date determined under (a) of this subsection; or

(ii) Continue the hearing to a date before the expiration date of community custody, with or without modifying the conditions of community custody; or

(iii) Impose a term of total confinement equal to one-half the midpoint of the standard sentence range, followed by a term of community custody under RCW 9.94A.715;

(c) If the court imposes a term of total confinement under (b)(iii) of this subsection, the department shall, within available resources, make chemical dependency assessment and treatment services available to the offender during the terms of total confinement and community custody.

(7) If the court imposes a sentence under this section, the court may prohibit the offender from using alcohol or controlled substances and may require that the monitoring for controlled substances be conducted by the department or by a treatment alternatives to street crime program or a comparable court or agency-referred program. The offender may be required to pay thirty dollars per month while on community custody to offset the cost of monitoring. In addition, the court may impose any of the following conditions:

(a) Devote time to a specific employment or training;

(b) Remain within prescribed geographical boundaries and notify the court or the community corrections officer before any change in the offender's address or employment;

(c) Report as directed to a community corrections officer;

(d) Pay all court-ordered legal financial obligations;

(e) Perform community restitution work;

(f) Stay out of areas designated by the sentencing court;

(g) Such other conditions as the court may require such as affirmative conditions.

(8)(a) The court may bring any offender sentenced under this section back into court at any time on its own initiative to evaluate the offender's progress in treatment or to determine if any violations of the conditions of the sentence have occurred.

(b) If the offender is brought back to court, the court may modify the terms of the community custody or impose sanctions under (c) of this subsection.

(c) The court may order the offender to serve a term of total confinement within the standard range of the offender's current offense at any time during the period of community custody if the offender violates the conditions of the sentence or if the offender is failing to make satisfactory progress in treatment.

(d) An offender ordered to serve a term of total confinement under (c) of this subsection shall receive credit for any time previously served under this section.

(9) If an offender sentenced to the prison-based alternative under subsection (5) of this section is found by the United States attorney general to be subject to a deportation order, a hearing shall be held by the department unless waived by the offender, and, if the department finds that the offender is subject to a valid deportation order, the department may administratively terminate the offender from the program and reclassify the offender to serve the remaining balance of the original sentence.

(10) An offender sentenced under this section shall be subject to all rules relating to earned release time with respect to any period served in total confinement.

(11) Costs of examinations and preparing treatment plans under subsections (2) and (3) of this section may be paid, at the option of the county, from funds provided to the county from the criminal justice treatment account under RCW 70.96A.350.

Sec. 12. RCW 9.94A.690 and 2000 c 28 s 21 are each amended to read as follows:

(1)(a) An offender is eligible to be sentenced to a work ethic camp if the offender:

(i) Is sentenced to a term of total confinement of not less than twelve months and one day or more than thirty-six months;

(ii) Has no current or prior convictions for any sex offenses or for violent offenses; and

(iii) Is not currently subject to a sentence for, or being prosecuted for, a violation of felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)), a violation of physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), a violation of the uniform controlled substances act, or a criminal solicitation to commit such a violation under chapter 9A.28 or 69.50 RCW.

(b) The length of the work ethic camp shall be at least one hundred twenty days and not more than one hundred eighty days.

(2) If the sentencing court determines that the offender is eligible for the work ethic camp and is likely to qualify under subsection (3) of this section, the judge shall impose a sentence within the standard sentence range and may recommend that the offender serve the sentence at a work ethic camp. In sentencing an offender to the work ethic camp, the court shall specify: (a) That upon completion of the work ethic camp the offender shall be released on community custody for any remaining time of total confinement; (b) the applicable conditions of supervision on community custody status as required by RCW 9.94A.700(4) and authorized by RCW 9.94A.700(5); and (c) that violation of the conditions may result in a return to total confinement for the balance of the offender's remaining time of confinement.

(3) The department shall place the offender in the work ethic camp program, subject to capacity, unless: (a) The department determines that the offender has physical or mental impairments that would prevent participation and completion of the program; (b) the department determines that the offender's custody level prevents placement in the program; (c) the offender refuses to agree to the terms and conditions of the program; (d) the offender has been found by the United States attorney general to be subject to a deportation

detainer or order; or (e) the offender has participated in the work ethic camp program in the past.

(4) An offender who fails to complete the work ethic camp program, who is administratively terminated from the program, or who otherwise violates any conditions of supervision, as defined by the department, shall be reclassified to serve the unexpired term of his or her sentence as ordered by the sentencing court and shall be subject to all rules relating to earned release time.

(5) During the last two weeks prior to release from the work ethic camp program the department shall provide the offender with comprehensive transition training.

Sec. 14. RCW 9.94A.411 and 2000 c 119 s 28 and 2000 c 28 s 17 are each reenacted and amended to read as follows:

(1) Decision not to prosecute.

STANDARD: A prosecuting attorney may decline to prosecute, even though technically sufficient evidence to prosecute exists, in situations where prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

GUIDELINE/COMMENTARY:

Examples

The following are examples of reasons not to prosecute which could satisfy the standard.

(a) Contrary to Legislative Intent - It may be proper to decline to charge where the application of criminal sanctions would be clearly contrary to the intent of the legislature in enacting the particular statute.

(b) Antiquated Statute - It may be proper to decline to charge where the statute in question is antiquated in that:

(i) It has not been enforced for many years; and

(ii) Most members of society act as if it were no longer in existence; and

(iii) It serves no deterrent or protective purpose in today's society; and

(iv) The statute has not been recently reconsidered by the legislature.

This reason is not to be construed as the basis for declining cases because the law in question is unpopular or because it is difficult to enforce.

(c) De Minimis Violation - It may be proper to decline to charge where the violation of law is only technical or insubstantial and where no public interest or deterrent purpose would be served by prosecution.

(d) Confinement on Other Charges - It may be proper to decline to charge because the accused has been sentenced on another charge to a lengthy period of confinement; and

(i) Conviction of the new offense would not merit any additional direct or collateral punishment;

(ii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and

(iii) Conviction of the new offense would not serve any significant deterrent purpose.

(e) Pending Conviction on Another Charge - It may be proper to decline to charge because the accused is facing a pending prosecution in the same or another county; and

(i) Conviction of the new offense would not merit any additional direct or collateral punishment;

(ii) Conviction in the pending prosecution is imminent;

(iii) The new offense is either a misdemeanor or a felony which is not particularly aggravated; and

(iv) Conviction of the new offense would not serve any significant deterrent purpose.

(f) High Disproportionate Cost of Prosecution - It may be proper to decline to charge where the cost of locating or transporting, or the burden on, prosecution witnesses is highly disproportionate to the importance of prosecuting the offense in question. This reason should be limited to minor cases and should not be relied upon in serious cases.

(g) Improper Motives of Complainant - It may be proper to decline charges because the motives of the complainant are improper and prosecution would serve no public purpose, would defeat the underlying purpose of the law in question or would result in decreased respect for the law.

(h) Immunity - It may be proper to decline to charge where immunity is to be given to an accused in order to prosecute another where the accused's information or testimony will reasonably lead to the conviction of others who are responsible for more serious criminal conduct or who represent a greater danger to the public interest.

(i) Victim Request - It may be proper to decline to charge because the victim requests that no criminal charges be filed and the case involves the following crimes or situations:

(i) Assault cases where the victim has suffered little or no injury;

(ii) Crimes against property, not involving violence, where no major loss was suffered;

(iii) Where doing so would not jeopardize the safety of society. Care should be taken to insure that the victim's request is freely made and is not the product of threats or pressure by the accused.

The presence of these factors may also justify the decision to dismiss a prosecution which has been commenced.

Notification

The prosecutor is encouraged to notify the victim, when practical, and the law enforcement personnel, of the decision not to prosecute.

(2) Decision to prosecute.

(a) STANDARD:

Crimes against persons will be filed if sufficient admissible evidence exists, which, when considered with the most plausible, reasonably foreseeable defense that could be raised under the evidence, would justify conviction by a reasonable and objective fact-finder. With regard to offenses prohibited by RCW 9A.44.040, 9A.44.050, 9A.44.073, 9A.44.076, 9A.44.079, 9A.44.083, 9A.44.086, 9A.44.089, and 9A.64.020 the prosecutor should avoid pre-filing agreements or diversions intended to place the accused in a program of treatment or counseling, so that treatment, if determined to be beneficial, can be provided pursuant to RCW 9.94A.670.

Crimes against property/other crimes will be filed if the admissible evidence is of such convincing force as to make it probable that a reasonable and objective fact-finder would convict after hearing all the admissible evidence and the most plausible defense that could be raised.

See table below for the crimes within these categories.

Selection of Charges/Degree of Charge

(i) The prosecutor should file charges which adequately describe the nature of defendant's conduct. Other offenses may be charged only if they are necessary to ensure that the charges:

(A) Will significantly enhance the strength of the state's case at trial; or

(B) Will result in restitution to all victims.

(ii) The prosecutor should not overcharge to obtain a guilty plea.

Overcharging includes:

(A) Charging a higher degree;

(B) Charging additional counts.

This standard is intended to direct prosecutors to charge those crimes which demonstrate the nature and seriousness of a defendant's criminal conduct, but to decline to charge crimes which are not necessary to such an indication. Crimes which do not merge as a matter of law, but which arise from the same course of conduct, do not all have to be charged.

(b) GUIDELINES/COMMENTARY:

(i) Police Investigation

A prosecuting attorney is dependent upon law enforcement agencies to conduct the necessary factual investigation which must precede the decision to prosecute. The prosecuting attorney shall ensure that a thorough factual investigation has been conducted before a decision to prosecute is made. In ordinary circumstances the investigation should include the following:

(A) The interviewing of all material witnesses, together with the obtaining of written statements whenever possible;

(B) The completion of necessary laboratory tests; and

(C) The obtaining, in accordance with constitutional requirements, of the suspect's version of the events.

If the initial investigation is incomplete, a prosecuting attorney should insist upon further investigation before a decision to prosecute is made, and specify what the investigation needs to include.

(ii) Exceptions

In certain situations, a prosecuting attorney may authorize filing of a criminal complaint before the investigation is complete if:

(A) Probable cause exists to believe the suspect is guilty; and

(B) The suspect presents a danger to the community or is likely to flee if not apprehended; or

(C) The arrest of the suspect is necessary to complete the investigation of the crime.

In the event that the exception to the standard is applied, the prosecuting attorney shall obtain a commitment from the law enforcement agency involved to complete the investigation in a timely manner. If the subsequent investigation does not produce sufficient evidence to meet the normal charging standard, the complaint should be dismissed.

(iii) Investigation Techniques

The prosecutor should be fully advised of the investigatory techniques that were used in the case investigation including:

(A) Polygraph testing;

(B) Hypnosis;

(C) Electronic surveillance;

(D) Use of informants.

(iv) Pre-Filing Discussions with Defendant

Discussions with the defendant or his/her representative regarding the selection or disposition of charges may occur prior to the filing of charges, and potential agreements can be reached.

(v) Pre-Filing Discussions with Victim(s)

Discussions with the victim(s) or victims' representatives regarding the selection or disposition of charges may occur before the filing of charges. The discussions may be considered by the prosecutor in charging and disposition decisions, and should be considered before reaching any agreement with the defendant regarding these decisions.

NOTE: References in the grid to days or weeks mean periods of confinement.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

OR

OPTION B SUSPENDED DISPOSITION ALTERNATIVE

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be research-based best practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender is:

(a) Adjudicated of an A + offense;

(b) Fourteen years of age or older and is adjudicated of one or more of the following offenses:

(i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

(ii) Manslaughter in the first degree (RCW 9A.32.060); or

(iii) Assault in the second degree (RCW 9A.36.021), extortion in the first degree (RCW 9A.56.120), kidnapping in the second degree (RCW 9A.40.030), robbery in the second degree (RCW 9A.56.210), residential burglary (RCW 9A.52.025), burglary in the second degree (RCW 9A.52.030), drive-by shooting (RCW 9A.36.045), vehicular homicide (RCW 46.61.520), hit and run death (RCW 46.52.020(4)(a)), intimidating a witness (RCW 9A.72.110), violation of the uniform controlled substances act (RCW 69.50.401 (2)(a) and (b)), or manslaughter 2 (RCW 9A.32.070), when the offense includes infliction of bodily harm upon another or when during the commission or immediate withdrawal from the offense the respondent was armed with a deadly weapon;

(c) Ordered to serve a disposition for a firearm violation under RCW 13.40.193; or

(d) Adjudicated of a sex offense as defined in RCW 9.94A.030.

OR

OPTION C CHEMICAL DEPENDENCY DISPOSITION ALTERNATIVE

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B + offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

Sec. 16. RCW 46.20.311 and 2005 c 314 s 308 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(b) Except for a suspension under RCW 46.20.267, 46.20.289, 46.20.291(5), 46.61.740, or 74.20A.320, whenever the license or driving privilege of any person is suspended by reason of a conviction, a finding that a traffic infraction has been committed, pursuant to chapter 46.29 RCW, or pursuant to RCW 46.20.291 or 46.20.308, the suspension shall remain in effect until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(d) Whenever the license or driving privilege of any person is suspended as a result of certification of noncompliance with a child support order under chapter 74.20A RCW or a residential or visitation order, the suspension shall remain in effect until the person provides a release issued by the department of social and health services stating that the person is in compliance with the order.

(e)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred fifty dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until: (i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred fifty dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of seventy-five dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred fifty dollars.

Sec. 17. RCW 46.61.524 and 2001 c 64 s 7 are each amended to read as follows:

(1) A person convicted under RCW 46.61.502(6), 46.61.504(6), 46.61.520(1)(a), or 46.61.522(1)(b) shall, as a condition of community custody imposed under RCW 9.94A.545 or community placement imposed under RCW 9.94A.660, complete a diagnostic evaluation by an alcohol or drug dependency agency approved by the department of social and health services or a qualified probation department, as defined under RCW 46.61.516 that has been approved by the department of social and health services. This report shall be forwarded to the department of licensing. If the person is found to have an alcohol or drug problem that requires treatment, the person shall complete treatment in a program approved by the department of social and health services under chapter 70.96A RCW. If the person is found not to have an alcohol or drug problem that requires treatment, he or she shall complete a course in an information school approved by the department of social and health services under chapter 70.96A RCW. The convicted person shall pay all costs for any evaluation, education, or treatment required by this section,

unless the person is eligible for an existing program offered or approved by the department of social and health services. Nothing in chapter 348, Laws of 1991 requires the addition of new treatment or assessment facilities nor affects the department of social and health services use of existing programs and facilities authorized by law.

(2) As provided for under RCW 46.20.285, the department shall revoke the license, permit to drive, or a nonresident privilege of a person convicted of vehicular homicide under RCW 46.61.520 or vehicular assault under RCW 46.61.522. The department shall determine the eligibility of a person convicted of vehicular homicide under RCW 46.61.520(1)(a) or vehicular assault under RCW 46.61.522(1)(b) to receive a license based upon the report provided by the designated alcoholism treatment facility or probation department, and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified.

~~((3)) \$2,000,000 of the transportation partnership account--state appropriation is provided solely for the costs of the regional transportation investment district (RTID) election and department of transportation project oversight. These funds are provided as a loan to the RTID and shall be repaid to the state motor vehicle account within one year following the certification of the election results related to the RTID. If either Engrossed Substitute House Bill No. 2157 or Senate Bill No. 6089 are enacted by June 30, 2005, the amount provided in this subsection shall lapse. None of this appropriation may be used for election expenses for an election held before January 1, 2006.~~

~~((6))~~ (4) The department of transportation shall evaluate the number of spaces available for long-haul truck parking relative to current and projected future needs. The department of transportation shall also explore options for augmenting the number of spaces available, including, but not limited to, expanding state-owned rest areas or modifying regulations governing the use of these facilities, utilizing weigh stations and park and ride lots, and encouraging the expansion of the private sector's role. Finally, the department shall explore the utility of coordinating with neighboring states on long-haul truck parking and evaluate methodologies for alleviating any air quality issues relative to the issue. The department must report to the transportation committees of the legislature by December 1, 2005, on the options, strategies, and recommendations for long-haul truck parking.

~~((7))~~ (5) \$50,000 of the multimodal transportation account--state appropriation is provided solely for evaluating high-speed passenger transportation facilities and services, including rail or magnetic levitation transportation systems, to connect airports as a means to more efficiently utilize airport capacity, as well as connect major population and activity centers. This evaluation shall be

coordinated with the airport capacity and facilities market analysis conducted pursuant to Engrossed Substitute Senate Bill No. 5121 and results of the evaluation shall be submitted by July 1, 2007. If Engrossed Substitute Senate Bill No. 5121 is not enacted by June 30, 2005, or if federal funds are not received by March 1, 2006, for the purpose of implementing Engrossed Substitute Senate Bill No. 5121, the amount provided in this subsection shall lapse.

(6) \$700,000 of the motor vehicle account--state appropriation is provided solely for completing funding for a route development plan of U.S. route 2.

(7) The department shall conduct a study of the resources allocated to each of the seven department regions and the corresponding workloads. Given the magnitude of the investments in the Puget Sound region, particular emphasis shall be given to reviewing the resources allocated and corresponding workloads with respect to the urban corridors region and the northwest region. If Engrossed Substitute House Bill No. 2871 is not enacted by June 30, 2006, the amount provided in this subsection shall lapse. The regional transportation commission's duties to develop, complete, and submit a governance proposal to the 2007 legislature are highly time sensitive. As a result, the legislature finds that competitive bidding is not cost-effective or appropriate for personal service contracts entered into by the commission, and that the director of the office of financial management should, by the director's authority under RCW 39.29.011(5), exempt any such personal service contract from the competitive bidding requirements of chapter 39.29 RCW.

The objective of the analysis is to determine how to ensure that jurisdictional divisions do not defeat growth management act concurrency goals. The department shall convene a committee to oversee the analysis, with the committee comprised of, at a minimum, four members of the transportation committees of the legislature, four members of the appropriate land use committees of the legislature, and one member each from the association of Washington cities and the Washington state association of counties, or a designee thereof. The completed study, including recommendations, must be submitted to the appropriate standing committees of the legislature, and to the office of financial management, by December 1, 2006.

(11) The department of transportation, the Washington state economic revenue forecast council, and the office of financial management shall review and adopt a method of forecasting motor vehicle and special fuel prices, revenue, and the amount of consumption that has an increased rate of accuracy as compared to the existing method. The three agencies shall submit a report to the transportation committees of the legislature by December 1, 2006, outlining the methods researched and the criteria utilized to select and adopt the new fuel forecasting method.

(12) \$150,000 of the multimodal transportation account--state appropriation is provided solely for a transportation demand management program, developed by the Whatcom council of governments, to further reduce drive-alone trips and maximize the use of sustainable transportation choices. To receive a grant, the transit agency must have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies shall be prorated based on the amount expended for demand response service and route deviated service in calendar year 2003 as reported in the "Summary of Public Transportation - 2003" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions. The first \$450,000 provided to King county shall be used as follows:

No additional employees may be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, shall be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and identify where unused grant funds remain because actual project costs were lower than estimated in the grant award. When funds become available either because grant awards have been rescinded for lack of sufficient project activity or because completed projects returned excess grant funds upon project closeout, the department shall expeditiously extend new grant awards to qualified alternative projects identified on the list.

(b) Pursuant to the grant program established in (~~Engrossed Substitute House Bill No. 2124~~) RCW 47.66.030, the department shall issue a call for projects and/or service proposals. The license fee must be collected annually for each registration year or fraction of a registration year. This reduced license fee applies only to trailers operated for personal use of the owners, and not trailers held for rental to the public or used in any commercial or business endeavor. The proceeds from the fees collected under this section shall be distributed in accordance with RCW 46.68.035(2).

"**Sec. 3.** RCW 46.16.162 and 2005 c 314 s 206 are each amended to read as follows:

(3) Each farm vehicle trip permit shall authorize the operation of a single vehicle at the maximum legal weight limit for the vehicle for the period remaining in the first month of monthly license, commencing with the day of first use. No more than four such permits may be used for any one vehicle in any twelve-month period. Every permit shall identify, as the department may require, the vehicle for which it is issued and shall be completed in its entirety and signed by the operator before operation of the vehicle on the public highways of this state. Correction of data on the permit such as dates, license number, or vehicle identification number invalidates the permit. (4) Vehicles operating under authority of farm vehicle trip permits are subject to all laws, rules, and regulations affecting the operation of like vehicles in this state.

(5) Farm vehicle trip permits may be obtained from the department of licensing or agents and subagents appointed by the department. MESSAGE FROM THE SENATE

March 7, 2006

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2871, and under suspension of the rules returned the bill to second reading for purpose of amendment. The Senate further adopted the following amendment and passed the measure as amended:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that effective transportation planning in urbanized regions requires stronger and clearer lines of responsibility and accountability.

The legislature further finds that integrated, multimodal transportation planning will help reduce transportation congestion and improve safety, and that streamlined decision making will help reduce political congestion.

The legislature further finds that coordinated planning of, investment in, and operation of transportation systems will have significant benefit to the citizens of Washington, and that it is the will of the people to fund regional transportation solutions, including improving transit service in urbanized areas and among existing, fragmented transit agencies in the region. Although equity considerations must be respected, transportation problems are broader and deeper than the sum of geographic subareas.

It is therefore the policy of the state of Washington to create a regional transportation commission to develop a proposal for a regional transportation governing entity more directly accountable to the public, and to develop a comprehensive regional transportation finance plan for the citizens of the Puget Sound metropolitan region.

NEW SECTION. Sec. 2. (1) The regional transportation commission is established.

(2) The commission shall consist of nine voting commissioners. The commissioners shall be appointed by the governor by June 1, 2006. The governor shall appoint four commissioners from designated lists of three nominees submitted by each major party caucus of the legislature, with one commissioner to be appointed from each respective list of nominees. The governor shall appoint the additional five commissioners independent of the legislative caucus nominees. In addition, the secretary of transportation or the secretary's designee shall serve as a nonvoting member.

Appointments of commissioners must reflect geographical balance and diversity of populations within the central Puget Sound region and, to the extent possible, include commissioners with special expertise in relevant fields such as funding, planning, and construction of transportation improvement projects, structural reorganizations, and operation of transportation systems. Appointees must be citizen members who do not hold public office. Vacancies for any appointed commission seat shall be filled in the same manner as the original appointments were made.

(3) The term of office for a commissioner begins seven days following appointment by the governor. A commissioner must be a qualified elector under the state Constitution when his or her term of office begins.

(4) The commission chair presides over the commission and sets the commission agenda subject to general rules established by the commission. Except as provided otherwise in this act, the commission chair appoints all members of the committees, councils, and boards created by the rules of the commission. The commission chair shall be designated by the governor from among the commissioners appointed under subsection (2) of this section.

(5) Each member of the commission is eligible to receive compensation in an amount not to exceed two hundred fifty dollars for each day during which the member attends an official meeting of the group or performs statutorily prescribed duties approved by the chair. A commissioner may be compensated under this subsection only if the compensation is necessarily incurred in the course of authorized business, consistent with the responsibilities of the commission established by this act.

(6) The commission may be entitled to state funding, as appropriated by the legislature, to pay for expenses incurred by the commission and the department of transportation and through contracts in carrying out the duties authorized in this act.

(7) The department of transportation shall provide staff support to the commission and, upon request of the commission, contract with other parties for staff support to the commission.

NEW SECTION. Sec. 3. The regional transportation commission has the following duties:

(1) Evaluate transportation governance in the central Puget Sound area within the jurisdiction of the Puget Sound regional council. This evaluation must include an assessment of the current roles of regional transportation agencies, including regional transportation and metropolitan planning organizations, the regional transit authority, regional transportation investment districts, county and municipal agencies operating transit services, and cities, counties, and other public agencies providing transportation services or facilities, including the state department of transportation. The commission shall assess and develop recommendations for what steps should be taken to:

(a) Consolidate governance among agencies, including changes in institutional powers, structures, and relationships and governance needed to improve accountability for transportation decisions, while enhancing the regional focus for transportation decisions and maintaining equity among citizens in the region;

(b) Improve coordination in the planning of transportation investments and services;

(c) Improve investment strategies;

(d) Coordinate transportation planning and investments with adopted land use policies within the region;

(e) Enhance efficiency and coordination in the delivery of services provided;

(f) Adjust boundaries for agencies or functions within the region to address existing and future transportation and land use issues; and

(g) Improve coordination between regional investments and federal funds, and state funding, including those administered by the transportation improvement board, the county road administration board, and the freight mobility strategic investment board;

(2) Develop options for a regional transportation governance proposal that include, at a minimum, an option providing for the formation of a regional transportation governing entity, of which all of its members must be directly elected, the revenue sources that will be available to such entity, and the scope of planning authority of

such entity. The commission shall consult with affected jurisdictions when developing a proposal under this subsection;

(3) Develop a comprehensive financing strategy and recommended revenue options for improving transportation system performance within the region through investments in transportation projects, including, but not limited to, system-wide pricing policies and network value-pricing charges;

(4) Publicize the commission's proposal referenced in subsection (2) of this section, and the list of revenue options referenced in subsection (3) of this section, by November 15, 2006, and provide at least fifteen days for public comment;

(5) Adopt the proposal referenced in subsection (2) of this section, and the list of revenue options referenced in subsection (3) of this section, and submit them to the legislature by January 1, 2007, after which time the commission shall dissolve; and

(6) Conduct public meetings to assure active public participation in the development of the recommendations, proposal, and finance plan under this section.

Sec. 4. RCW 36.120.020 and 2002 c 56 s 102 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Board" means the governing body of a regional transportation investment district.

(2) "Department" means the Washington state department of transportation.

(3) "Highway of statewide significance" means an existing or proposed state route or federal interstate designated as a highway of statewide significance by the transportation commission, its successor entity, or the legislature.

(4) "Lead agency" means a public agency that by law can plan, design, and build a transportation project and has been so designated by the district.

(5) "Regional transportation investment district" or "district" means a municipal corporation (~~whose boundaries are coterminous with two or more contiguous counties and~~) that has been created by county legislative authorities and a vote of the people under this chapter to implement a regional transportation investment plan.

(6) "Regional transportation investment district planning committee" or "planning committee" means the advisory committee created under RCW 36.120.030 to create and propose to county legislative authorities a regional transportation investment plan to develop, finance, and construct transportation projects.

(7) "Regional transportation investment plan" or "plan" means a plan to develop, construct, and finance a transportation project or projects.

(8) "Transportation project" means:

(a) A capital improvement or improvements to a highway that has been designated, in whole or in part, as a highway of statewide significance, including an extension, that:

(i) Adds a lane or new lanes to an existing state or federal highway; or

(ii) Repairs or replaces a lane or lanes damaged by an event declared an emergency by the governor before January 1, 2002.

(b) A capital improvement or improvements to all or a portion of a highway of statewide significance, including an extension, and may include the following associated multimodal capital improvements:

(i) Approaches to highways of statewide significance;

(ii) High-occupancy vehicle lanes;

(iii) Flyover ramps;

(iv) Park and ride lots;

(v) Bus pullouts;

(vi) Vans for vanpools;

(vii) Buses; and

(viii) Signalization, ramp metering, and other transportation system management improvements.

(c) A capital improvement or improvements to all or a portion of a city street, county road, or existing highway or the creation of a new highway that intersects with a highway of statewide significance, if all of the following conditions are met:

(i) The project is included in a plan that makes highway improvement projects that add capacity to a highway or highways of statewide significance;

(ii) The secretary of transportation determines that the project would better relieve traffic congestion than investing that same money in adding capacity to a highway of statewide significance;

(iii) Matching money equal to ~~((one-third))~~ fifteen percent of the total cost of the project is provided by local entities, including but not limited to a metropolitan planning organization, county, city, port, or private entity in which a county participating in a plan is located. Local entities may use federal grants to meet this matching requirement;

(iv) In no case may the cumulative regional transportation investment district contribution to all projects constructed under this subsection (8)(c) exceed ten percent of the revenues generated by the district;

(v) In no case may the cumulative regional transportation investment district contribution to all projects constructed under this subsection (8)(c) exceed one billion dollars; and

(vi) The specific projects are included within the plan and submitted as part of the plan to a vote of the people.

(d) Except as otherwise provided in this subsection, operations, preservation, and maintenance are excluded from this definition and may not be included in a regional transportation investment plan. However, operations, preservation, and maintenance of tolled facilities where toll revenues have been pledged for the payment of contracts is expressly authorized and may be included in a regional transportation investment plan. The authority under this subsection includes operational expenses for toll enforcement.

(e) Operational expenses for traffic mitigation provided solely for transportation project construction mitigation directly related to specific projects as outlined in the plan shall be included in a regional transportation investment plan. Construction mitigation strategies may include, but are not limited to, funding for increased transit service hours, trip reduction incentives, nonmotorized mode support, and ridematching services. Prior to construction of any project, corridor mitigation plans must be developed in conjunction with the department and partner transit agencies, including local transit agencies and the regional transit authority serving the counties, with the following goals: (i) Reducing drive alone trips in affected corridors; (ii) reducing delay per person and delay per unit of goods in affected corridors; and (iii) improving levels of service that improve system performance for all transportation users in affected corridors. The regional transportation commission established under section 2 of this act, or a successor regional governing entity, shall review transit investments according to these performance measures to determine whether to continue funding for successful and effective operations after the construction period is completed.

(9) "Weighted vote" means a vote that reflects the population each board or planning committee member represents relative to the population represented by the total membership of the board or planning committee. Population will be determined using the federal 2000 census or subsequent federal census data.

Sec. 5. RCW 36.120.030 and 2002 c 56 s 103 are each amended to read as follows:

Regional transportation investment district planning committees are advisory entities that are created, convened, and empowered as follows:

(1) A county with a population over one million five hundred thousand persons and any adjoining counties with a population over five hundred thousand persons may create a regional transportation investment district and shall convene a regional transportation investment district planning committee.

(a) The boundaries of the district should include at least the contiguous areas within the regional transit authority serving the counties. The boundaries must be proposed by the planning committee and approved by the county legislative authorities by ordinance before or in conjunction with approval of a regional transportation investment plan. Boundaries must follow complete parcels of land. However, any portion of a county that is located on a peninsula shall be exempt from a regional transportation investment district in which more than one county is included if (i) the portion

of the county located on the peninsula is connected to the other portion of the county by a bridge improved under chapter 47.46 RCW, and (ii) the county has a national park and a population of more than five hundred thousand persons, but less than one million five hundred thousand persons.

(b) After voters within the district boundaries have approved a plan under RCW 36.120.070, elections to add areas to the district boundaries may be called by a resolution of the board, after consultation with the regional transportation planning organization and affected transit agencies and with the concurrence of the legislative authority of the city or town if the area is incorporated or with the concurrence of the county legislative authority if the area is unincorporated. The election may include a single ballot measure providing annexation to the district, approval of the plan, and approval of revenue sources necessary to finance the plan. The electorate are the voters voting within the proposed area to be annexed. A simple majority of the persons voting on the single ballot measure is required for approval of the measure.

(2) The members of the legislative authorities participating in planning under this chapter shall serve as the district planning committee. Members of the planning committee receive no compensation, but may be reimbursed for travel and incidental expenses as the planning committee deems appropriate.

The secretary of transportation, or the appropriate regional administrator of the department, as named by the secretary, shall serve on the committee as a nonvoting member.

(3) A regional transportation investment district planning committee may be entitled to state funding, as appropriated by the legislature, for start-up funding to pay for salaries, expenses, overhead, supplies, and similar expenses ordinarily and necessarily incurred in selecting transportation projects and funding for those transportation projects under this chapter. Upon creation of a regional transportation investment district, the district shall within one year reimburse the state for any sums advanced for these start-up costs from the state.

(4) The planning committee shall conduct its affairs and formulate a regional transportation investment plan as provided under RCW 36.120.040, except that it shall elect an executive board of seven members to discharge the duties of the planning committee and formulate a regional transportation investment plan, subject to the approval of the full committee.

(5) At its first meeting, a regional transportation investment district planning committee may elect officers and provide for the adoption of rules and other operating procedures.

(6) Governance of and decisions by a regional transportation investment district planning committee must be by a sixty-percent weighted majority vote of the total membership.

(7) The planning committee may dissolve itself at any time by a two-thirds weighted majority vote of the total membership of the planning committee.

(8) If a multicounty regional transportation investment district is not formed by December 1, 2007, through approval by the voters voting on a regional transportation investment plan, then the authority under this chapter to create a district, and to fund and construct transportation projects, shall be available to each of the eligible counties described in subsection (1) of this section on an individual and independent basis.

Sec. 6. RCW 36.120.040 and 2003 c 194 s 1 are each amended to read as follows:

(1) A regional transportation investment district planning committee shall adopt a regional transportation investment plan providing for the development, construction, and financing of transportation projects. The planning committee may consider the following factors in formulating its plan:

(a) Land use planning criteria;

(b) The input of cities located within a participating county; and

(c) The input of regional transportation planning organizations ~~((m))~~ of which a participating county is (located) a member. A regional transportation planning organization in which a participating county is located shall review its adopted regional transportation plan and submit, for the planning committee's consideration, its list of transportation improvement priorities.

(2) The planning committee may coordinate its activities with the department, which shall provide services, data, and personnel to assist in this planning as desired by the planning committee. In addition, the planning committee may coordinate its activities with affected cities, towns, and other local governments, including any regional transit authority existing within the participating counties' boundaries, that engage in transportation planning.

(3) The planning committee shall:

(a) Conduct public meetings that are needed to assure active public participation in the development of the plan;

(b) Adopt a plan proposing the:

(i) Creation of a regional transportation investment district, including district boundaries; and

(ii) Construction of transportation projects to improve mobility within each county and within the region. Operations, maintenance, and preservation of facilities or systems may not be part of the plan, except for the limited purposes provided under RCW 36.120.020(8); and

(c) Recommend sources of revenue authorized by RCW 36.120.050 and a financing plan to fund selected transportation projects. The overall plan of the district must leverage the district's financial contributions so that the federal, state, local, and other revenue sources continue to fund major congestion relief and transportation capacity improvement projects in each county and the district. A combination of local, state, and federal revenues may be necessary to pay for transportation projects, and the planning committee shall consider all of these revenue sources in developing a plan.

(4) The plan must use tax revenues and related debt for projects that generally benefit a participating county in proportion to the general level of tax revenues generated within that participating county. This equity principle applies to all modifications to the plan, appropriation of contingency funds not identified within the project estimate, and future phases of the plan. Per agreement with a regional transit authority serving the counties participating in a district, the equity principle identified under this subsection may include using the combined district and regional transit authority revenues generated within a participating county to determine the distribution that proportionally benefits the county. For purposes of the transportation subarea equity principle established under this subsection, a district may use the five subareas within a regional transit authority's boundaries as identified in an authority's system plan adopted in May 1996. During implementation of the plan, the board shall retain the flexibility to manage distribution of revenues, debt, and project schedules so that the district may effectively implement the plan. Nothing in this section should be interpreted to prevent the district from pledging district-wide tax revenues for payment of any contract or debt entered into under RCW 36.120.130.

(5) Before adopting the plan, the planning committee, with assistance from the department, shall work with the lead agency to develop accurate cost forecasts for transportation projects. This project costing methodology must be integrated with revenue forecasts in developing the plan and must at a minimum include estimated project costs in constant dollars as well as year of expenditure dollars, the range of project costs reflected by the level of project design, project contingencies, identification of mitigation costs, the range of revenue forecasts, and project and plan cash flow and bond analysis. The plan submitted to the voters must provide cost estimates for each project, including reasonable contingency costs. Plans submitted to the voters must provide that the maximum amount possible of the funds raised will be used to fund projects in the plan, including environmental improvements and mitigation, and that administrative costs be minimized. If actual revenue exceeds actual plan costs, the excess revenues must be used to retire any outstanding debt associated with the plan.

(6) If a county opts not to adopt the plan or participate in the regional transportation investment district, but two or more contiguous counties do choose to continue to participate, then the planning committee may, within ninety days, redefine the regional transportation investment plan and the ballot measure to be submitted to the people to reflect elimination of the county, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to adopt the redefined

plan and participate. This action must be completed within sixty days after receipt of the redefined plan.

(7) Once adopted by the planning committee, the plan must be forwarded to the participating county legislative authorities to initiate the election process under RCW 36.120.070. The planning committee shall at the same time provide notice to each city and town within the district, the governor, the chairs of the transportation committees of the legislature, the secretary of transportation, and each legislator whose legislative district is partially or wholly within the boundaries of the district.

(8) If the ballot measure is not approved, the planning committee may redefine the selected transportation projects, financing plan, and the ballot measure. The county legislative authorities may approve the new plan and ballot measure, and may then submit the revised proposition to the voters at the next election or a special election. If no ballot measure is approved by the voters by the third vote, the planning committee is dissolved.

NEW SECTION. Sec. 7. A new section is added to chapter 36.120 RCW to read as follows:

The planning committee must develop and include in the regional transportation investment plan a funding proposal for the state route number 520 bridge replacement and HOV project that assures full project funding for seismic safety and corridor connectivity on state route number 520 between Interstate 5 and Interstate 405.

Sec. 8. RCW 36.120.070 and 2002 c 56 s 107 are each amended to read as follows:

(1) Beginning no sooner than the 2007 general election, two or more contiguous county legislative authorities, or a single county legislative authority as provided under RCW 36.120.030(8), upon receipt of the regional transportation investment plan under RCW 36.120.040, may ((certify the plan to the ballot, including identification of the tax options)) submit to the voters of the proposed district a single ballot measure that approves formation of the district, approves the regional transportation investment plan, and approves the revenue sources necessary to ((fund)) finance the plan. ((County legislative authorities)) For a county to participate in the plan, the county legislative authority shall, within ninety days after receiving the plan, adopt an ordinance indicating the county's participation. The planning committee may draft ((a ballot title,)) the ballot measure on behalf of the county legislative authorities, and the county legislative authorities may give notice as required by law for ballot measures, and perform other duties as required to ((put the plan before)) submit the measure to the voters of the proposed district for their approval or rejection ((as a single ballot measure that both approves formation of the district and approves the plan)). Counties may negotiate interlocal agreements necessary to implement the plan. The electorate will be the voters voting within the boundaries of the ((participating counties)) proposed district. A simple majority of the total persons voting on the single ballot measure ((to approve the plan, establish the district, and approve the taxes and fees)) is required for approval.

(2) In conjunction with RCW 81.112.030(10), at the 2007 general election the participating counties shall submit a regional transportation investment plan on the same ballot along with a proposition to support additional implementation phases of the authority's system and financing plan developed under chapter 81.112 RCW. The plan shall not be considered approved unless voters also approve the proposition to support additional implementation phases of the authority's system and financing plan.

Sec. 9. RCW 29A.36.071 and 2004 c 271 s 169 are each amended to read as follows:

(1) Except as provided to the contrary in RCW 82.14.036, 82.46.021, or 82.80.090, the ballot title of any referendum filed on an enactment or portion of an enactment of a local government and any other question submitted to the voters of a local government consists of three elements: (a) An identification of the enacting legislative body and a statement of the subject matter; (b) a concise description of the measure; and (c) a question. The ballot title must conform with the requirements and be displayed substantially as provided

under RCW 29A.72.050, except that the concise description must not exceed seventy-five words; however, a concise description submitted on behalf of a proposed or existing regional transportation investment district may exceed seventy-five words. If the local governmental unit is a city or a town, the concise statement shall be prepared by the city or town attorney. If the local governmental unit is a county, the concise statement shall be prepared by the prosecuting attorney of the county. If the unit is a unit of local government other than a city, town, or county, the concise statement shall be prepared by the prosecuting attorney of the county within which the majority area of the unit is located.

(2) A referendum measure on the enactment of a unit of local government shall be advertised in the manner provided for nominees for elective office.

(3) Subsection (1) of this section does not apply if another provision of law specifies the ballot title for a specific type of ballot question or proposition.

Sec. 10. RCW 36.120.080 and 2002 c 56 s 108 are each amended to read as follows:

If the voters approve the plan, including creation of a regional transportation investment district and imposition of taxes and fees, the district will be declared formed. The county election officials of participating counties shall, within fifteen days of the final certification of the election results, publish a notice in a newspaper or newspapers of general circulation in the district declaring the district formed, and mail copies of the notice to the governor, the secretary of transportation, the executive director of the regional transit authority in which any part of the district is located, and the executive director of the regional transportation planning organization in which any part of the district is located. A party challenging the procedure or the formation of a voter-approved district must file the challenge in writing by serving the prosecuting attorney of the participating counties and the attorney general within thirty days after the final certification of the election. Failure to challenge within that time forever bars further challenge of the district's valid formation.

Sec. 11. RCW 36.120.110 and 2002 c 56 s 111 are each amended to read as follows:

(1) The governing board of the district is responsible for the execution of the voter-approved plan. The board shall:

(a) Impose taxes and fees authorized by district voters;

(b) Enter into agreements with state, local, and regional agencies and departments as necessary to accomplish district purposes and protect the district's investment in transportation projects;

(c) Accept gifts, grants, or other contributions of funds that will support the purposes and programs of the district;

(d) Monitor and audit the progress and execution of transportation projects to protect the investment of the public and annually make public its findings;

(e) Pay for services and enter into leases and contracts, including professional service contracts;

(f) Hire no more than ten employees, including a director or executive officer, a treasurer or financial officer, a project manager or engineer, a project permit coordinator, and clerical staff; and

(g) Coordinate its activities with affected cities, towns, and other local governments, including any regional transit authority existing either partially or entirely within the district area, that engage in transportation planning; and

(h) Exercise other powers and duties as may be reasonable to carry out the purposes of the district.

(2) It is the intent of the legislature that existing staff resources of lead agencies be used in implementing this chapter. A district may coordinate its activities with the department, which shall provide services, data, and personnel to assist as desired by the regional transportation investment district. Lead agencies for transportation projects that are not state facilities shall also provide staff support for the board.

(3) A district may not acquire, hold, or dispose of real property.

(4) Except for the limited purposes provided under RCW 36.120.020(8), a district may not own, operate, or maintain an ongoing facility, road, or transportation system.

(5) A district may accept and expend or use gifts, grants, or donations.

(6) It is the intent of the legislature that administrative and overhead costs of a regional transportation investment district be minimized. For transportation projects costing up to fifty million dollars, administrative and overhead costs may not exceed three percent of the total construction and design project costs per year. For transportation projects costing more than fifty million dollars, administrative and overhead costs may not exceed three percent of the first fifty million dollars in costs, plus an additional one-tenth of one percent of each additional dollar above fifty million. These limitations apply only to the district, and do not limit the administration or expenditures of the department.

(7) A district may use the design-build procedure for transportation projects developed by it. As used in this section "design-build procedure" means a method of contracting under which the district contracts with another party for that party to both design and build the structures, facilities, and other items specified in the contract. The requirements and limitations of RCW 47.20.780 and 47.20.785 do not apply to the transportation projects under this chapter.

Sec. 12. RCW 81.112.030 and 1994 c 44 s 1 are each amended to read as follows:

Two or more contiguous counties each having a population of four hundred thousand persons or more may establish a regional transit authority to develop and operate a high capacity transportation system as defined in chapter 81.104 RCW.

The authority shall be formed in the following manner:

(1) The joint regional policy committee created pursuant to RCW 81.104.040 shall adopt a system and financing plan, including the definition of the service area. This action shall be completed by September 1, 1992, contingent upon satisfactory completion of the planning process defined in RCW 81.104.100. The final system plan shall be adopted no later than June 30, 1993. In addition to the requirements of RCW 81.104.100, the plan for the proposed system shall provide explicitly for a minimum portion of new tax revenues to be allocated to local transit agencies for interim express services. Upon adoption the joint regional policy committee shall immediately transmit the plan to the county legislative authorities within the adopted service area.

(2) The legislative authorities of the counties within the service area shall decide by resolution whether to participate in the authority. This action shall be completed within forty-five days following receipt of the adopted plan or by August 13, 1993, whichever comes first.

(3) Each county that chooses to participate in the authority shall appoint its board members as set forth in RCW 81.112.040 and shall submit its list of members to the secretary of the Washington state department of transportation. These actions must be completed within thirty days following each county's decision to participate in the authority.

(4) The secretary shall call the first meeting of the authority, to be held within thirty days following receipt of the appointments. At its first meeting, the authority shall elect officers and provide for the adoption of rules and other operating procedures.

(5) The authority is formally constituted at its first meeting and the board shall begin taking steps toward implementation of the system and financing plan adopted by the joint regional policy committee. If the joint regional policy committee fails to adopt a plan by June 30, 1993, the authority shall proceed to do so based on the work completed by that date by the joint regional policy committee. Upon formation of the authority, the joint regional policy committee shall cease to exist. The authority may make minor modifications to the plan as deemed necessary and shall at a minimum review local transit agencies' plans to ensure feeder service/high capacity transit service integration, ensure fare integration, and ensure avoidance of parallel competitive services. The authority shall also conduct a minimum thirty-day public comment period.

(6) If the authority determines that major modifications to the plan are necessary before the initial ballot proposition is submitted to the voters, the authority may make those modifications with a

favorable vote of two-thirds of the entire membership. Any such modification shall be subject to the review process set forth in RCW 81.104.110. The modified plan shall be transmitted to the legislative authorities of the participating counties. The legislative authorities shall have forty-five days following receipt to act by motion or ordinance to confirm or rescind their continued participation in the authority.

(7) If any county opts to not participate in the authority, but two or more contiguous counties do choose to continue to participate, the authority's board shall be revised accordingly. The authority shall, within forty-five days, redefine the system and financing plan to reflect elimination of one or more counties, and submit the redefined plan to the legislative authorities of the remaining counties for their decision as to whether to continue to participate. This action shall be completed within forty-five days following receipt of the redefined plan.

(8) The authority shall place on the ballot within two years of the authority's formation, a single ballot proposition to authorize the imposition of taxes to support the implementation of an appropriate phase of the plan within its service area. In addition to the system plan requirements contained in RCW 81.104.100(2)(d), the system plan approved by the authority's board before the submittal of a proposition to the voters shall contain an equity element which:

(a) Identifies revenues anticipated to be generated by corridor and by county within the authority's boundaries;

(b) Identifies the phasing of construction and operation of high capacity system facilities, services, and benefits in each corridor. Phasing decisions should give priority to jurisdictions which have adopted transit-supportive land use plans; and

(c) Identifies the degree to which revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue.

A simple majority of those voting within the boundaries of the authority is required for approval. If the vote is affirmative, the authority shall begin implementation of the projects identified in the proposition. However, the authority may not submit any authorizing proposition for voter-approved taxes prior to July 1, 1993; nor may the authority issue bonds or form any local improvement district prior to July 1, 1993.

(9) If the vote on a proposition fails, the board may redefine the proposition, make changes to the authority boundaries, and make corresponding changes to the composition of the board. If the composition of the board is changed, the participating counties shall revise the membership of the board accordingly. The board may then submit the revised proposition or a different proposition to the voters. No single proposition may be submitted to the voters more than twice. Beginning no sooner than the 2007 general election, the authority may place additional propositions on the ballot to impose taxes to support additional phases of plan implementation.

(10) In conjunction with RCW 36.120.070, at the 2007 general election the authority shall submit a proposition to support additional implementation phases of the authority's system and financing plan on the same ballot along with a regional transportation investment plan developed under chapter 36.120 RCW. The proposition shall not be considered approved unless voters also approve the regional transportation investment plan.

(11) Additional phases of plan implementation may include a transportation subarea equity element which (a) identifies the combined authority and regional transportation investment district revenues anticipated to be generated by corridor and by county within the authority's boundaries, and (b) identifies the degree to which the combined authority and regional transportation investment district revenues generated within each county will benefit the residents of that county, and identifies when such benefits will accrue. For purposes of the transportation subarea equity principle established under this subsection, the authority may use the five subareas within the authority's boundaries as identified in the authority's system plan adopted in May 1996.

(12) If the authority is unable to achieve a positive vote on a proposition within two years from the date of the first election on a proposition, the board may, by resolution, reconstitute the authority as a single-county body. With a two-thirds vote of the entire

membership of the voting members, the board may also dissolve the authority.

Sec. 13. RCW 36.120.050 and 2003 c 350 s 4 are each amended to read as follows:

(1) A regional transportation investment district planning committee may, as part of a regional transportation investment plan, recommend the imposition or authorization of some or all of the following revenue sources, which a regional transportation investment district may impose or authorize upon approval of the voters as provided in this chapter:

(a) A regional sales and use tax, as specified in RCW 82.14.430, of up to ~~((0.5))~~ 0.1 percent of the selling price, in the case of a sales tax, or value of the article used, in the case of a use tax, upon the occurrence of any taxable event in the regional transportation investment district;

(b) A local option vehicle license fee, as specified under RCW 82.80.100, of up to one hundred dollars per vehicle registered in the district. As used in this subsection, "vehicle" means motor vehicle as defined in RCW 46.04.320. Certain classes of vehicles, as defined under chapter 46.04 RCW, may be exempted from this fee;

(c) A parking tax under RCW 82.80.030;

(d) A local motor vehicle excise tax under RCW 81.100.060 ~~((and chapter 81.104 RCW));~~

(e) A local option fuel tax under RCW 82.80.120;

(f) An employer excise tax under RCW 81.100.030; and

(g) Vehicle tolls on new or reconstructed ~~((facilities.))~~ local or regional arterials or state or federal highways within the boundaries of the district, if the following conditions are met:

(i) Any such toll must be approved by the state transportation commission or its successor statewide tolling authority;

(ii) The regional transportation investment plan must identify the facilities that may be tolled; and

(iii) Unless otherwise specified by law, the department shall administer the collection of vehicle tolls on designated facilities, and the state transportation commission, or its successor, shall be the tolling authority.

(2) Taxes, fees, and tolls may not be imposed or authorized without an affirmative vote of the majority of the voters within the boundaries of the district voting on a ballot proposition as set forth in RCW 36.120.070. Revenues from these taxes and fees may be used only to implement the plan as set forth in this chapter. A district may contract with the state department of revenue or other appropriate entities for administration and collection of any of the taxes or fees authorized in this section.

(3) Existing statewide motor vehicle fuel and special fuel taxes, at the distribution rates in effect on January 1, 2001, are not intended to be altered by this chapter.

Sec. 14. RCW 81.100.080 and 1990 c 43 s 19 are each amended to read as follows:

(1) Funds collected under RCW 81.100.030 or 81.100.060 and any investment earnings accruing thereon shall be used by the county or the regional transportation investment district in a manner consistent with the regional transportation plan only for costs of collection, costs of preparing, adopting, and enforcing agreements under RCW 81.100.030(3), for construction of high occupancy vehicle lanes and related facilities, mitigation of environmental concerns that result from construction or use of high occupancy vehicle lanes and related facilities, payment of principal and interest on bonds issued for the purposes of this section, for high occupancy vehicle programs as defined in RCW 81.100.020(5), ~~((and))~~ or for commuter rail projects in accordance with RCW 81.104.120. Except for funds raised by an investment district, no funds collected under RCW 81.100.030 or 81.100.060 after June 30, 2000, may be pledged for the payment or security of the principal or interest on any bonds issued for the purposes of this section. Not more than ten percent of the funds may be used for transit agency high occupancy vehicle programs.

(2) Notwithstanding the limitations in this chapter, a regional transportation investment district may use funds collected under RCW 81.100.030 or 81.100.060 and any investment earnings accruing thereon for projects contained in a plan developed under

chapter 36.120 RCW. These expenditures shall not be limited to high occupancy vehicle systems.

(3) Priorities for construction of high occupancy vehicle lanes and related facilities shall be as follows:

~~((+))~~(a)(i) To accelerate construction of high occupancy vehicle lanes on the interstate highway system, as well as related facilities;

~~((+))~~(ii) To finance or accelerate construction of high occupancy vehicle lanes on the noninterstate state highway system, as well as related facilities.

~~((+))~~(b) To finance construction of high occupancy vehicle lanes on local arterials, as well as related facilities.

(4) Moneys received by ~~((an agency))~~ a county under this chapter shall be used in addition to, and not as a substitute for, moneys currently used by the ~~((agency))~~ county for the purposes specified in this section.

(5) Counties and investment districts may contract with cities or the state department of transportation for construction of high occupancy vehicle lanes and related facilities, and may issue general obligation bonds to fund such construction and use funds received under this chapter to pay the principal and interest on such bonds.

Sec. 15. RCW 81.100.060 and 2002 c 56 s 411 are each amended to read as follows:

A county with a population of one million or more and a county with a population of from two hundred ten thousand to less than one million that is adjoining a county with a population of one million or more, having within their boundaries existing or planned high-occupancy vehicle lanes on the state highway system, or a regional transportation investment district ~~((for capital improvements))~~, but only to the extent that the surcharge has not already been imposed by the county, may, with voter approval, impose a local surcharge of not more than three-tenths of one percent in the case of a county, or eight-tenths of one percent in the case of a regional transportation investment district, of the value on vehicles registered to a person residing within the county or investment district and not more than 13.64 percent on the state sales and use taxes paid under the rate in RCW 82.08.020(2) on retail car rentals within the county or investment district. A county may impose the surcharge only to the extent that it has not been imposed by the district. No surcharge may be imposed on vehicles licensed under RCW 46.16.070 except vehicles with an unladen weight of six thousand pounds or less, RCW 46.16.079, 46.16.085, or 46.16.090.

Counties or investment districts imposing a ~~((tax))~~ surcharge under this section shall contract, before the effective date of the resolution or ordinance imposing a surcharge, administration and collection to the state department of licensing, and department of revenue, as appropriate, which shall deduct ~~((am))~~ a percentage amount, as provided by contract, not to exceed two percent of the taxes, for administration and collection expenses incurred by the department. All administrative provisions in chapters 82.03, 82.32, and 82.44 RCW shall, insofar as they are applicable to motor vehicle excise taxes, be applicable to surcharges imposed under this section. All administrative provisions in chapters 82.03, 82.08, 82.12, and 82.32 RCW shall, insofar as they are applicable to state sales and use taxes, be applicable to surcharges imposed under this section. A surcharge imposed under this section, or a change to the surcharge, shall take effect no sooner than seventy-five days after the department of licensing or the department of revenue receives notice of the surcharge or change to the surcharge, and shall take effect only on the first day of January, April, July, or October. Unless waived by the department of licensing or the department of revenue, notice includes providing the appropriate department with digital mapping and legal descriptions of areas in which the tax will be collected.

If the tax authorized in RCW 81.100.030 is also imposed, the total proceeds from tax sources imposed under this section and RCW 81.100.030 each year shall not exceed the maximum amount which could be collected under this section.

Sec. 16. RCW 82.14.0455 and 2005 c 336 s 15 are each amended to read as follows:

(1) Subject to the provisions in RCW 36.73.065, a transportation benefit district under chapter 36.73 RCW may fix and impose a sales

and use tax in accordance with the terms of this chapter. The tax authorized in this section is in addition to any other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the boundaries of the district. The rate of tax shall not exceed two-tenths of one percent of the selling price in the case of a sales tax, or value of the article used, in the case of a use tax. The tax may not be imposed for a period exceeding ten years. This tax may be extended for a period not exceeding ten years with an affirmative vote of the voters voting at the election.

(2) Money received from the tax imposed under this section must be spent in accordance with the requirements of chapter 36.73 RCW.

~~((3)) A district may only levy the tax under this section if the district is comprised of boundaries coextensive with the boundaries of a county, counties, city or cities, a county transportation authority or authorities, a public transportation benefit area or areas, or any combination of these jurisdictions.))~~

Sec. 17. RCW 82.14.430 and 2002 c 56 s 405 are each amended to read as follows:

(1) If approved by the majority of the voters within its boundaries voting on the ballot proposition, a regional transportation investment district may impose a sales and use tax of up to ~~((0.5))~~ 0.1 percent of the selling price or value of the article used in the case of a use tax. The tax authorized by this section is in addition to the tax authorized by RCW 82.14.030 and must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing district. Motor vehicles are exempt from the sales and use tax imposed under this subsection.

(2) If approved by the majority of the voters within its boundaries voting on the ballot proposition, a regional transportation investment district may impose a tax on the use of a motor vehicle within a regional transportation investment district. The tax applies to those persons who reside within the regional transportation investment district. The rate of the tax may not exceed ~~((0.5))~~ 0.1 percent of the value of the motor vehicle. The tax authorized by this subsection is in addition to the tax authorized under RCW 82.14.030 and must be imposed and collected at the time a taxable event under RCW 82.08.020(1) or 82.12.020 takes place. All revenue received under this subsection must be deposited in the local sales and use tax account and distributed to the regional transportation investment district according to RCW 82.14.050. The following provisions apply to the use tax in this subsection:

(a) Where persons are taxable under chapter 82.08 RCW, the seller shall collect the use tax from the buyer using the collection provisions of RCW 82.08.050.

(b) Where persons are taxable under chapter 82.12 RCW, the use tax must be collected using the provisions of RCW 82.12.045.

(c) "Motor vehicle" has the meaning provided in RCW 46.04.320, but does not include farm tractors or farm vehicles as defined in RCW 46.04.180 and 46.04.181, off-road and nonhighway vehicles as defined in RCW 46.09.020, and snowmobiles as defined in RCW 46.10.010.

(d) "Person" has the meaning given in RCW 82.04.030.

(e) The value of a motor vehicle must be determined under RCW 82.12.010.

(f) Except as specifically stated in this subsection (2), chapters 82.12 and 82.32 RCW apply to the use tax. The use tax is a local tax imposed under the authority of chapter 82.14 RCW, and chapter 82.14 RCW applies fully to the use tax.

(3) In addition to fulfilling the notice requirements under RCW 82.14.055(1), and unless waived by the department, a regional transportation investment district shall provide the department of revenue with digital mapping and legal descriptions of areas in which the tax will be collected.

Sec. 18. RCW 82.80.120 and 2003 c 350 s 3 are each amended to read as follows:

(1) For purposes of this section:

(a) "Distributor" means every person who imports, refines, manufactures, produces, or compounds motor vehicle fuel and special

fuel as defined in RCW 82.36.010 and 82.38.020, respectively, and sells or distributes the fuel into a county;

(b) "Person" has the same meaning as in RCW 82.04.030;

(c) "District" means a regional transportation investment district under chapter 36.120 RCW.

(2) A regional transportation investment district under chapter 36.120 RCW, subject to the conditions of this section, may levy additional excise taxes equal to ten percent of the statewide motor vehicle fuel tax rate under RCW 82.36.025 on each gallon of motor vehicle fuel as defined in RCW 82.36.010 and on each gallon of special fuel as defined in RCW 82.38.020 sold within the boundaries of the district. The additional excise tax is subject to the approval of a majority of the voters within the district boundaries. Vehicles paying an annual license fee under RCW 82.38.075 are exempt from the district's fuel excise tax. The additional excise taxes are subject to the same exceptions and rights of refund as applicable to other motor vehicle fuel and special fuel excise taxes levied under chapters 82.36 and 82.38 RCW. The proposed tax may not be levied less than one month from the date the election results are certified. The commencement date for the levy of any tax under this section will be the first day of January, April, July, or October.

(3) The local option motor vehicle fuel tax on each gallon of motor vehicle fuel and on each gallon of special fuel is imposed upon the distributor of the fuel.

(4) A taxable event for the purposes of this section occurs upon the first distribution of the fuel within the boundaries of the district to a retail outlet, bulk fuel user, or ultimate user of the fuel.

(5) All administrative provisions in chapters 82.01, 82.03, and 82.32 RCW, insofar as they are applicable, apply to local option fuel taxes imposed under this section.

(6) Before the effective date of the imposition of the fuel taxes under this section, a district shall contract with the department of ~~((revenue))~~ licensing for the administration and collection of the taxes. The contract must provide that a percentage amount, not to exceed one percent of the taxes imposed under this section, will be deposited into the local tax administration account created in the custody of the state treasurer. The department of ~~((revenue))~~ licensing may spend money from this account, upon appropriation, for the administration of the local taxes imposed under this section.

(7) The state treasurer shall distribute monthly to the district levying the tax as part of the regional transportation investment district plan, after the deductions for payments and expenditures as provided in RCW 46.68.090(1) (a) and (b).

(8) The proceeds of the additional taxes levied by a district in this section, to be used as a part of a regional transportation investment district plan, must be used in accordance with chapter 36.120 RCW, but only for those areas that are considered "highway purposes" as that term is construed in Article II, section 40 of the state Constitution.

(9) A district may only levy the tax under this section if the district is comprised of boundaries identical to the boundaries of a county or counties. A district may not levy the tax in this section if a member county is levying the tax in RCW 82.80.010 or 82.80.110.

Sec. 19. RCW 47.56.076 and 2005 c 335 s 3 are each amended to read as follows:

Upon approval of a majority of the voters within its boundaries voting on the ballot proposition, and ~~((only for the purposes authorized in RCW 36.120.050(1)(g)))~~ with the approval of the state transportation commission or its successor statewide tolling authority, a regional transportation investment district may authorize vehicle tolls on a local or regional arterial or a state (routes where improvements financed in whole or in part by a regional transportation investment district add additional lanes to, or reconstruct lanes on, a highway of statewide significance)) or federal highway within the boundaries of the district. The department shall administer the collection of vehicle tolls authorized on designated facilities unless otherwise specified in law or by contract, and the ~~((state transportation))~~ commission(s) or its successor(s) statewide tolling authority shall ((be the tolling authority)) set and impose the tolls in amounts sufficient to implement the regional transportation investment plan under RCW 36.120.020.

NEW SECTION. Sec. 20. A new section is added to chapter 47.56 RCW to read as follows:

Notwithstanding any provision to the contrary in this chapter, a regional transportation investment district may authorize vehicle tolls on either Lake Washington bridge within its boundaries to implement a regional transportation investment plan as authorized in chapter 36.120 RCW and RCW 47.56.076.

Sec. 21. RCW 43.79A.040 and 2005 c 424 s 18, 2005 c 402 s 8, 2005 c 215 s 10, and 2005 c 16 s 2 are each reenacted and amended to read as follows:

(1) Money in the treasurer's trust fund may be deposited, invested, and reinvested by the state treasurer in accordance with RCW 43.84.080 in the same manner and to the same extent as if the money were in the state treasury.

(2) All income received from investment of the treasurer's trust fund shall be set aside in an account in the treasury trust fund to be known as the investment income account.

(3) The investment income account may be utilized for the payment of purchased banking services on behalf of treasurer's trust funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasurer or affected state agencies. The investment income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for payments to financial institutions. The requirements of this section shall not apply to off-site pontoon construction supporting the state route number 520 bridge replacement and HOV project.

NEW SECTION. Sec. 27. A new section is added to chapter 47.01 RCW to read as follows:

(a) Review the finance plan for the project to ensure that it clearly identifies secured and anticipated funding sources and is feasible and sufficient;

(b) Review the project implementation plan covering all state and local permitting and mitigation approvals that ensure the most expeditious and cost-effective delivery of the project; and

(c) Report its findings and recommendations on the items described in (a) and (b) of this subsection to the joint transportation committee, the office of financial management, and the governor by September 1, 2006.

(5) Upon receipt of the expert review panel's findings and recommendations under subsection (4)(c) of this section, the governor must make a finding of whether each finance plan is feasible and sufficient to complete the project as described in the draft environmental impact statement.

(6) Nothing in this section shall be interpreted to delay construction of any of the projects referenced in this section.

NEW SECTION. Sec. 29. A new section is added to chapter 36.120 RCW to read as follows:

(1) The most populous city, within the three-county region eligible to create a regional transportation investment district under this chapter, shall submit an advisory ballot to the city voters at the 2006 general election regarding voter preference of the tunnel and rebuild alternatives described in the environmental impact statement relative to the Alaskan Way viaduct project. The results of the election shall be advisory only and not binding regarding the final project to be constructed.

(2) In the alternative to the provisions of subsection (1) of this section, following the report of the expert review panel's findings and recommendations completed under section 28(4)(c) of this act, the city legislative authority shall hold public hearings on the findings and recommendations. After such time, and by November 1, 2006, the city legislative authority shall adopt by ordinance a preferred alternative for the Alaskan Way viaduct and Seattle Seawall replacement project. The preferred alternative must, at a minimum, be based on a substantial project mitigation plan and a comprehensive cost estimate review using the department's cost estimate validation process.

NEW SECTION. Sec. 30. Section 22 of this act expires July 1, 2006.

The plan shall be developed in cooperation with local transit agencies, regional transportation planning organizations as established in RCW 47.80.020, major employers, and the owners of and employers at major worksites))~~ containing an urban growth area, designated pursuant to RCW 36.70A.110, and each city within an urban growth area with a state highway segment exceeding the one hundred person hours of delay threshold calculated by the department of transportation, as well as those counties and cities located in any contiguous urban growth areas, shall adopt a commute trip reduction plan and ordinance for major employers in the affected urban growth area by a date specified by the commute trip reduction board. Jurisdictions located within an urban growth area with a population greater than seventy thousand that adopted a commute trip reduction ordinance before the year 2000, as well as any jurisdiction within contiguous urban growth areas, shall also adopt a commute trip reduction plan and ordinance for major employers in the affected urban growth area by a date specified by the commute trip reduction board. Jurisdictions containing a major employment installation in a county with an affected growth area, designated pursuant to RCW 36.70A.110, shall adopt a commute trip reduction plan and ordinance for major employers in the major employment installation by a date specified by the commute trip reduction board. The ordinance shall establish the requirements for major employers and provide an

appeals process by which major employers, who as a result of special characteristics of their business or its locations would be unable to meet the requirements of the ordinance, may obtain waiver or modification of those requirements. The plan shall be designed to achieve reductions in the proportion of single-occupant vehicle commute trips and ~~((the commute trip vehicle miles traveled per employee by employees of major public and private sector employers in the jurisdiction))~~ be consistent with the rules established by the department of transportation. The county, city, or town shall submit its adopted plan to the regional transportation planning organization. The county, city, or town plan shall be included in the regional commute trip reduction plan for regional transportation planning purposes, consistent with the rules established by the department of transportation in RCW 70.94.537.

(2) All other counties, ~~((and))~~ cities, and towns ~~((in those counties,))~~ may adopt and implement a commute trip reduction plan consistent with department of transportation rules established under RCW 70.94.537. Tribal governments are encouraged to adopt a commute trip reduction plan for their lands. State investment in voluntary commute trip reduction plans shall be limited to those areas that meet criteria developed by the commute trip reduction board.

(3) The department of ecology may, after consultation with the department of transportation, as part of the state implementation plan for areas that do not attain the national ambient air quality standards for carbon monoxide or ozone, require municipalities other than those identified in subsection (1) of this section to adopt and implement commute trip reduction plans if the department determines that such plans are necessary for attainment of said standards.

(4) A commute trip reduction plan shall be consistent with the ~~((guidelines))~~ rules established under RCW 70.94.537 and shall include but is not limited to (a) goals for reductions in the proportion of single-occupant vehicle commute trips ~~((and the commute trip vehicle miles traveled per employee))~~ consistent with the state goals established by the commute trip reduction board under RCW 70.94.537 and the regional commute trip reduction plan goals established in the regional commute trip reduction plan; (b) ~~((designation of commute trip reduction zones; (c)))~~ a description of the requirements for major public and private sector employers to implement commute trip reduction programs; ~~((d))~~ (c) a commute trip reduction program for employees of the county, city, or town; ~~((e))~~ (d) a review of local parking policies and ordinances as they relate to employers and major worksites and any revisions necessary to comply with commute trip reduction goals and guidelines; (f) an appeals process by which major employers, who as a result of special characteristics of their business or its locations would be unable to meet the requirements of a commute trip reduction plan, may obtain waiver or modification of those requirements; and ~~((g))~~ and (d) means, consistent with rules established by the department of transportation, for determining base year values ~~((of the proportion of single-occupant vehicle commute trips and the commute trip vehicle miles traveled per employee))~~ and progress toward meeting commute trip reduction plan goals ~~((on an annual basis. Goals which are established shall take into account existing transportation demand management efforts which are made by major employers. Each jurisdiction shall ensure that employers shall receive full credit for the results of transportation demand management efforts and commute trip reduction programs which have been implemented by major employers prior to the base year. The goals for miles traveled per employee for all major employers shall not be less than a fifteen percent reduction from the worksite base year value or the base year value for the commute trip reduction zone in which their worksite is located by January 1, 1995, twenty percent reduction from the base year values by January 1, 1997, twenty-five percent reduction from the base year values by January 1, 1999, and a thirty-five percent reduction from the base year values by January 1, 2005.~~

(5) A county, city, or town may, as part of its commute trip reduction plan, require commute trip reduction programs for employers with ten or more full-time employees at major worksites in federally designated nonattainment areas for carbon monoxide and ozone. The county, city or town shall develop the programs in cooperation with affected employers and provide technical assistance to the employers in implementing such programs). The plan shall be developed in consultation with local transit agencies, the applicable

regional transportation planning organization, major employers, and other interested parties.

~~((6))~~ (5) The commute trip reduction plans adopted by counties, cities, and towns under this chapter shall be consistent with and may be incorporated in applicable state or regional transportation plans and local comprehensive plans and shall be coordinated, and consistent with, the commute trip reduction plans of counties, cities, or towns with which the county, city, or town has, in part, common borders or related regional issues. Such regional issues shall include assuring consistency in the treatment of employers who have worksites subject to the requirements of this chapter in more than one jurisdiction. Counties, cities, ~~((or))~~ and towns adopting commute trip reduction plans may enter into agreements through the interlocal cooperation act or by resolution or ordinance as appropriate with other jurisdictions, local transit agencies, transportation management associations or other private or nonprofit providers of transportation services, or regional transportation planning organizations to coordinate the development and implementation of such plans. Transit agencies shall work with counties, cities, and towns as a part of their six-year transit development plan established in RCW 35.58.2795 to take into account the location of major employer worksites when planning and prioritizing transit service changes or the expansion of public transportation services, including rideshare services. Counties, cities, or towns adopting a commute trip reduction plan shall review it annually and revise it as necessary to be consistent with applicable plans developed under RCW 36.70A.070. Regional transportation planning organizations shall review the local commute trip reduction plans during the development and update of the regional commute trip reduction plan.

(6) Each affected regional transportation planning organization shall adopt a commute trip reduction plan for its region consistent with the rules and deadline established by the department of transportation under RCW 70.94.537. The plan shall include, but is not limited to: (a) Regional program goals for commute trip reduction in urban growth areas and all designated growth and transportation efficiency centers; (b) a description of strategies for achieving the goals; (c) a sustainable financial plan describing projected revenues and expenditures to meet the goals; (d) a description of the way in which progress toward meeting the goals will be measured; and (e) minimum criteria for growth and transportation efficiency centers. (i) Regional transportation planning organizations shall review proposals from local jurisdictions to designate growth and transportation efficiency centers and shall determine whether the proposed growth and transportation efficiency center is consistent with the criteria defined in the regional commute trip reduction plan. (ii) Growth and transportation efficiency centers certified as consistent with the minimum requirements by the regional transportation planning organization shall be identified in subsequent updates of the regional commute trip reduction plan. These plans shall be developed in collaboration with all affected local jurisdictions, transit agencies, and other interested parties within the region. The plan will be reviewed and approved by commute trip reduction board as established under RCW 70.94.537. Regions without an approved regional commute trip reduction plan shall not be eligible for state commute trip reduction program funds.

The regional commute trip reduction plan shall be consistent with and incorporated into transportation demand management components in the regional transportation plan as required by RCW 47.80.030.

(7) Each ~~((county, city, or town))~~ regional transportation planning organization implementing a regional commute trip reduction program shall, ~~((within thirty days submit a summary of its plan along with certification of adoption))~~ consistent with the rules and deadline established by the department of transportation, submit its plan as well as any related local commute trip reduction plans and certified growth and transportation efficiency center programs, to the commute trip reduction ~~((task force))~~ board established under RCW 70.94.537. The commute trip reduction board shall review the regional commute trip reduction plan and the local commute trip reduction plans. The regional transportation planning organization shall collaborate with the commute trip reduction board to evaluate the consistency of local commute trip reduction plans with the regional commute trip reduction plan. Local and regional plans must

be approved by the commute trip reduction board in order to be eligible for state funding provided for the purposes of this chapter.

(8) Each ~~((county, city, or town))~~ regional transportation planning organization implementing a regional commute trip reduction program shall submit an annual progress report to the commute trip reduction ~~((task force))~~ board established under RCW 70.94.537. The report shall be due ~~((July 1, 1994, and each July 1st thereafter through July 1, 2006))~~ at the end of each state fiscal year for which the program has been implemented. The report shall describe progress in attaining the applicable commute trip reduction goals ~~((for each commute trip reduction zone))~~ and shall highlight any problems being encountered in achieving the goals. The information shall be reported in a form established by the commute trip reduction ~~((task force))~~ board.

(9) Any waivers or modifications of the requirements of a commute trip reduction plan granted by a jurisdiction shall be submitted for review to the commute trip reduction ~~((task force))~~ board established under RCW 70.94.537. The commute trip reduction ~~((task force))~~ board may not deny the granting of a waiver or modification of the requirements of a commute trip reduction plan by a jurisdiction but they may notify the jurisdiction of any comments or objections.

(10) ~~((Each county, city, or town implementing a commute trip reduction program shall count commute trips eliminated through work-at-home options or alternate work schedules as one and two-tenths vehicle trips eliminated for the purpose of meeting trip reduction goals.~~

~~((11))~~ Each county, city, or town implementing a commute trip reduction program shall ensure that employers that have modified their employees' work schedules so that some or all employees are not scheduled to arrive at work between 6:00 a.m. and 9:00 a.m. are provided credit when calculating single-occupancy vehicle use and vehicle miles traveled at that worksite. This credit shall be awarded if implementation of the schedule change was an identified element in that worksite's approved commute trip reduction program or if the schedule change occurred because of impacts associated with chapter 36.70A RCW, the growth management act.

~~((12))~~ Plans implemented under this section shall not apply to commute trips for seasonal agricultural employees.

~~((13))~~ (11) Plans implemented under this section shall not apply to construction worksites when the expected duration of the construction project is less than two years.

(12) If an affected urban growth area has not previously implemented a commute trip reduction program and the state has funded solutions to state highway deficiencies to address the area's exceeding the person hours of delay threshold, the affected urban growth area shall be exempt from the duties of this section for a period not exceeding two years.

NEW SECTION. Sec. 3. A new section is added to chapter 70.94 RCW to read as follows:

Nothing in this act preempts the ability of state employees to collectively bargain over commute trip reduction issues, including parking fees under chapter 41.80 RCW, or the ability of private sector employees to collectively bargain over commute trip reduction issues if previously such issues were mandatory subjects of collective bargaining.

NEW SECTION. Sec. 4. A new section is added to chapter 70.94 RCW to read as follows:

(1) A county, city, or town may, as part of its commute trip reduction plan, designate existing activity centers listed in its comprehensive plan or new activity centers as growth and transportation efficiency centers and establish a transportation demand management program in the designated area.

(a) The transportation demand management program for the growth and transportation efficiency center shall be developed in consultation with local transit agencies, the applicable regional transportation planning organization, major employers, and other interested parties.

(b) In order to be eligible for state funding provided for the purposes of this section, designated growth and transportation efficiency centers shall be certified by the applicable regional

transportation organization to: (i) Meet the minimum land use and transportation criteria established in collaboration among local jurisdictions, transit agencies, the regional transportation planning organization, and other interested parties as part of the regional commute trip reduction plan; and (ii) have established a transportation demand management program that includes the elements identified in (c) of this subsection and is consistent with the rules established by the department of transportation in RCW 70.94.537(2). If a designated growth and transportation efficiency center is denied certification, the local jurisdiction may appeal the decision to the commute trip reduction board.

(c) Transportation demand management programs for growth and transportation efficiency centers shall include, but are not limited to: (i) Goals for reductions in the proportion of single-occupant vehicle trips that are more aggressive than the state program goal established by the commute trip reduction board; (ii) a sustainable financial plan demonstrating how the program can be implemented to meet state and regional trip reduction goals, indicating resources from public and private sources that are reasonably expected to be made available to carry out the plan, and recommending any innovative financing techniques consistent with chapter 47.29 RCW, including public/private partnerships, to finance needed facilities, services, and programs; (iii) a proposed organizational structure for implementing the program; (iv) a proposal to measure performance toward the goal and implementation progress; and (v) an evaluation to which local land use and transportation policies apply, including parking policies and ordinances, to determine the extent that they complement and support the trip reduction investments of major employers. Each of these program elements shall be consistent with the rules established under RCW 70.94.537.

(d) A designated growth and transportation efficiency center shall be consistent with the land use and transportation elements of the local comprehensive plan.

(e) Transit agencies, local governments, and regional transportation planning organizations shall identify certified growth and transportation efficiency centers as priority areas for new service and facility investments in their respective investment plans.

(2) A county, city, or town that has established a growth and transportation efficiency center program shall support vehicle trip reduction activities in the designated area. The implementing jurisdiction shall adopt policies, ordinances, and funding strategies that will lead to attainment of program goals in those areas.

Sec. 5. RCW 70.94.531 and 1997 c 250 s 3 are each amended to read as follows:

(1) State agency worksites are subject to the same requirements under this section and RCW 70.94.534 as private employers.

(2) Not more than ~~(six months)~~ ninety days after the adoption of ~~(the)~~ a jurisdiction's commute trip reduction plan ~~(by a jurisdiction)~~, each major employer in that jurisdiction shall perform a baseline measurement consistent with the rules established by the department of transportation under RCW 70.94.537. Not more than ninety days after receiving the results of the baseline measurement, each major employer shall develop a commute trip reduction program and shall submit a description of that program to the jurisdiction for review. The program shall be implemented not more than ~~(six months)~~ ninety days after ~~(submission to)~~ approval by the jurisdiction.

~~((2))~~ (3) A commute trip reduction program of a major employer shall consist of, at a minimum (a) designation of a transportation coordinator and the display of the name, location, and telephone number of the coordinator in a prominent manner at each affected worksite; (b) regular distribution of information to employees regarding alternatives to single-occupant vehicle commuting; (c) ~~(an annual)~~ a regular review of employee commuting and reporting of progress toward meeting the single-occupant vehicle reduction goals to the county, city, or town consistent with the method established in the commute trip reduction plan and the rules established by the department of transportation under RCW 70.94.537; and (d) implementation of a set of measures designed to achieve the applicable commute trip reduction goals adopted by the jurisdiction. Such measures may include but are not limited to:

(xiii) Establishment of a program to permit employees to work part or full time at home or at an alternative worksite closer to their homes;

(xiv) Establishment of a program of alternative work schedules such as compressed work week schedules which reduce commuting; and

(xv) Implementation of other measures designed to facilitate the use of high-occupancy vehicles such as on-site day care facilities and emergency taxi services.

~~((3))~~ (4) Employers or owners of worksites may form or utilize existing transportation management associations or other transportation-related associations authorized by RCW 35.87A.010 to assist members in developing and implementing commute trip reduction programs.

~~((4))~~ (5) Employers shall make a good faith effort towards achievement of the goals identified in RCW 70.94.527(4)~~((g))~~ (d).

Sec. 6. RCW 70.94.534 and 1997 c 250 s 4 are each amended to read as follows:

(1) Each jurisdiction implementing a commute trip reduction plan under this chapter or as part of a plan or ordinance developed under RCW 36.70A.070 shall review each employer's initial commute trip reduction program to determine if the program is likely to meet the applicable commute trip reduction goals. The employer shall be notified by the jurisdiction of its findings. If the jurisdiction finds that the program is not likely to meet the applicable commute trip reduction goals, the jurisdiction will work with the employer to modify the program as necessary. The jurisdiction shall complete review of each employer's initial commute trip reduction program within ~~(three months)~~ ninety days of receipt.

(2) Employers implementing commute trip reduction programs are expected to undertake good faith efforts to achieve the goals outlined in RCW 70.94.527(4). Employers are considered to be making a good faith effort if the following conditions have been met:

(a) The employer has met the minimum requirements identified in RCW 70.94.531; ~~(and)~~

(b) The employer has notified the jurisdiction of its intent to substantially change or modify its program and has either received the approval of the jurisdiction to do so or has acknowledged that its program may not be approved without additional modifications;

(c) The employer has provided adequate information and documentation of implementation when requested by the jurisdiction; and

(d) The employer is working collaboratively with its jurisdiction to continue its existing program or is developing and implementing program modifications likely to result in improvements to the program over an agreed upon length of time.

(3) Each jurisdiction shall ~~(annually)~~ review at least once every two years each employer's progress and good faith efforts toward meeting the applicable commute trip reduction goals. If an employer makes a good faith effort, as defined in this section, but is not likely to meet the applicable commute trip reduction goals, the jurisdiction

shall work collaboratively with the employer to make modifications to the commute trip reduction program. Failure of an employer to reach the applicable commute trip reduction goals is not a violation of this chapter.

(4) If an employer fails to make a good faith effort and fails to meet the applicable commute trip reduction goals, the jurisdiction shall work collaboratively with the employer to propose modifications to the program and shall direct the employer to revise its program within thirty days to incorporate those modifications or modifications which the jurisdiction determines to be equivalent.

(5) Each jurisdiction implementing a commute trip reduction plan pursuant to this chapter may impose civil penalties, in the manner provided in chapter 7.80 RCW, for failure by an employer to implement a commute trip reduction program or to modify its commute trip reduction program as required in subsection (4) of this section. No major employer may be held liable for civil penalties for failure to reach the applicable commute trip reduction goals. No major employer shall be liable for civil penalties under this chapter if failure to achieve a commute trip reduction program goal was the result of an inability to reach agreement with a certified collective bargaining agent under applicable laws where the issue was raised by the employer and pursued in good faith.

(6) Jurisdictions shall notify major employers of the procedures for applying for goal modification or exemption from the commute trip reduction requirements based on the guidelines established by the commute trip reduction ~~((task force))~~ board authorized under RCW 70.94.537.

(4) The ((task force)) board shall work with affected jurisdictions, major employers, and other parties to develop and implement a public awareness campaign designed to increase the effectiveness of local commute trip reduction programs and support achievement of the objectives identified in this chapter.

((4) The task force shall assess the commute trip reduction options available to employers other than major employers and make recommendations to the legislature by October 1, 1992. The recommendations shall include the minimum size of employer who shall be required to implement trip reduction programs and the appropriate methods those employers can use to accomplish trip reduction goals.))

(5) The board shall evaluate and update the commute trip reduction program plan and recommend changes to the rules every four years, with the first assessment report due July 1, 2011, to ensure that the latest data methodology used by the department of transportation is incorporated into the program and to determine which areas of the state should be affected by the program. The board shall review the definition of a major employer no later than December 1, 2009. The board shall regularly identify urban growth areas that are projected to be affected by this act in the next four-year period and may provide advance planning support to the potentially affected jurisdictions.

(6) The ((task force)) board shall review progress toward implementing commute trip reduction plans and programs and the costs and benefits of commute trip reduction plans and programs and shall make recommendations to the legislature and the governor by December 1, ((1995, December 1, 1999, December 1, 2001, December 1, 2003, and December 1, 2005)) 2009, and every two years thereafter. In assessing the costs and benefits, the ((task force)) board shall consider the costs of not having implemented commute trip reduction plans and programs with the assistance of the transportation performance audit board authorized under chapter 44.75 RCW. The ((task force)) board shall examine other transportation demand management programs nationally and incorporate its findings into its recommendations to the legislature. The recommendations shall address the need for continuation, modification, or termination or any or all requirements of this chapter. ((The recommendations made December 1, 1995, shall include recommendations regarding extension of the requirements of this chapter to employers with fifty or more full-time employees at a single worksite who begin their regular work day between 6:00 a.m. and 9:00 a.m. on weekdays for more than twelve continuous months.))

(7) The board shall invite personnel with appropriate expertise from state, regional, and local government, private, public, and nonprofit providers of transportation services, and employers or owners of major worksites in Washington to act as a technical advisory group. Sec. 9. RCW 70.94.544 and 2001 c 74 s 1 are each amended to read as follows:

A portion of the funds made available for the purposes of this chapter shall be used to fund the commute trip reduction ((task force)) board in carrying out the responsibilities of RCW ((70.94.541)) 70.94.537, and the ((interagency technical assistance team)) department of transportation, including the activities authorized under RCW 70.94.541(2), and to assist regional transportation planning organizations, counties, cities, and towns implementing commute trip reduction plans. The commute trip reduction board shall determine the allocation of program funds made available for the purposes of this chapter to regional transportation planning organizations, counties, cities, and towns implementing commute trip reduction plans. If state funds for the purposes of this chapter are provided to those jurisdictions implementing voluntary commute trip reduction plans, the funds shall be disbursed based on criteria established by the commute trip reduction board under RCW 70.94.537.

Sec. 10. RCW 70.94.547 and 1991 c 202 s 18 are each amended to read as follows:

If it is found that the program is not likely to meet the applicable commute trip reduction goals, the ((team)) department of general administration will work with the agency to modify the program as necessary.~~

~~—((5) For each agency subject to the state agency commute trip reduction plan, the department of general administration in consultation with the technical assistance team shall annually review progress toward meeting the applicable commute trip reduction goals. Instead of the four or more tires per axle requirements of this section, an axle may be equipped with two tires limited to five hundred pounds per inch width of tire. This section does not apply to vehicles operating under oversize or overweight permits, or both, issued under RCW 46.44.090, while carrying a nonreducible load.

The following equipment may operate at six hundred pounds per inch width of tire: (1) A nonliftable steering axle or axles on the power unit; (2) a tiller axle on fire fighting apparatus; (3) a rear booster trailing axle equipped with two tires on a ready-mix concrete transit truck; and (4) a straddle trailer manufactured before January 1, 1996, equipped with single-tire axles or a single axle using a walking beam supported by two in-line single tires and used exclusively for the transport of fruit bins between field, storage, and processing. A straddle trailer manufactured after January 1, 1996, meeting this use criteria may carry five hundred fifteen pounds per inch width of tire on sixteen and one-half inch wide tires.

For the purpose of this section, the width of tire in case of solid rubber or hollow center cushion tires, so long as the use thereof may be permitted by the law, shall be measured between the flanges of the rim. For the purpose of this section, the width of tires in case of pneumatic tires shall be the maximum overall normal inflated width as stipulated by the manufacturer when inflated to the pressure specified and without load thereon.

The department of transportation, (~~under rules adopted by the transportation commission~~) by rule with respect to state highways, and a local authority, with respect to a public highway under its jurisdiction, may extend the weight table in RCW 46.44.041 to one hundred fifteen thousand pounds. However, the extension must be in compliance with federal law, and vehicles operating under the extension must be in full compliance with the 1997 axle and tire requirements under this section.

Sec. 16. RCW 46.44.080 and 1977 ex.s. c 151 s 29 are each amended to read as follows:

Local authorities with respect to public highways under their jurisdiction may prohibit the operation thereon of motor trucks or other vehicles or may impose limits as to the weight thereof, or any

other restrictions as may be deemed necessary, whenever any such public highway by reason of rain, snow, climatic or other conditions, will be seriously damaged or destroyed unless the operation of vehicles thereon be prohibited or restricted or the permissible weights thereof reduced: PROVIDED, That whenever a highway has been closed generally to vehicles or specified classes of vehicles, local authorities shall by general rule or by special permit authorize the operation thereon of school buses, emergency vehicles, and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents under such weight and speed restrictions as the local authorities deem necessary to protect the highway from undue damage: PROVIDED FURTHER, That the governing authorities of incorporated cities and towns shall not prohibit the use of any city street designated ~~((by the transportation commission as forming))~~ a part of the route of any primary state highway through any such incorporated city or town by vehicles or any class of vehicles or impose any restrictions or reductions in permissible weights unless such restriction, limitation, or prohibition, or reduction in permissible weights be first approved in writing by the department of transportation.

The local authorities imposing any such restrictions or limitations, or prohibiting any use or reducing the permissible weights shall do so by proper ordinance or resolution and shall erect or cause to be erected and maintained signs designating the provisions of the ordinance or resolution in each end of the portion of any public highway affected thereby, and no such ordinance or resolution shall be effective unless and until such signs are erected and maintained.

The department shall have the same authority as hereinabove granted to local authorities to prohibit or restrict the operation of vehicles upon state highways. The department shall give public notice of closure or restriction. The department may issue special permits for the operation of school buses and motor trucks transporting perishable commodities or commodities necessary for the health and welfare of local residents under specified weight and speed restrictions as may be necessary to protect any state highway from undue damage.

Sec. 17. RCW 46.44.090 and 2001 c 262 s 1 are each amended to read as follows:

The department of transportation, pursuant to its rules ~~((adopted by the transportation commission))~~ with respect to state highways, and local authorities, with respect to public highways under their jurisdiction, may, upon application in writing and good cause being shown therefor, issue a special permit in writing, or electronically, authorizing the applicant to operate or move a vehicle or combination of vehicles of a size, weight of vehicle, or load exceeding the maximum set forth in RCW 46.44.010, 46.44.020, 46.44.030, 46.44.034, and 46.44.041 upon any public highway under the jurisdiction of the authority granting such permit and for the maintenance of which such authority is responsible.

Sec. 18. RCW 46.44.092 and 1989 c 398 s 2 are each amended to read as follows:

Special permits may not be issued for movements on any state highway outside the limits of any city or town in excess of the following widths:

On two-lane highways, fourteen feet;

On multiple-lane highways where a physical barrier serving as a median divider separates opposing traffic lanes, twenty feet;

On multiple-lane highways without a physical barrier serving as a median divider, thirty-two feet.

These limits apply except under the following conditions:

(1) In the case of buildings, the limitations referred to in this section for movement on any two lane state highway other than the national system of interstate and defense highways may be exceeded under the following conditions: (a) Controlled vehicular traffic shall be maintained in one direction at all times; (b) the maximum distance of movement shall not exceed five miles; additional contiguous permits shall not be issued to exceed the five-mile limit: PROVIDED, That when the department of transportation ~~((pursuant to general rules adopted by the transportation commission;))~~ determines a hardship would result, this limitation may be exceeded

upon approval of the department of transportation; (c) prior to issuing a permit a qualified transportation department employee shall make a visual inspection of the building and route involved determining that the conditions listed herein shall be complied with and that structures or overhead obstructions may be cleared or moved in order to maintain a constant and uninterrupted movement of the building; (d) special escort or other precautions may be imposed to assure movement is made under the safest possible conditions, and the Washington state patrol shall be advised when and where the movement is to be made;

(2) Permits may be issued for widths of vehicles in excess of the preceding limitations on highways or sections of highways which have been designed and constructed for width in excess of such limitations;

(3) Permits may be issued for vehicles with a total outside width, including the load, of nine feet or less when the vehicle is equipped with a mechanism designed to cover the load pursuant to RCW 46.61.655;

(4) These limitations may be rescinded when certification is made by military officials, or by officials of public or private power facilities, or when in the opinion of the department of transportation the movement or action is a necessary movement or action: PROVIDED FURTHER, That in the judgment of the department of transportation the structures and highway surfaces on the routes involved are capable of sustaining widths in excess of such limitation;

(5) These limitations shall not apply to movement during daylight hours on any two lane state highway where the gross weight, including load, does not exceed eighty thousand pounds and the overall width of load does not exceed sixteen feet: PROVIDED, That the minimum and maximum speed of such movements, prescribed routes of such movements, the times of such movements, limitation upon frequency of trips (which limitation shall be not less than one per week), and conditions to assure safety of traffic may be prescribed by the department of transportation or local authority issuing such special permit.

The applicant for any special permit shall specifically describe the vehicle or vehicles and load to be operated or moved and the particular state highways for which permit to operate is requested and whether such permit is requested for a single trip or for continuous operation.

Sec. 19. RCW 46.44.096 and 1996 c 92 s 1 are each amended to read as follows:

In determining fees according to RCW 46.44.0941, mileage on state primary and secondary highways shall be determined from the planning survey records of the department of transportation, and the gross weight of the vehicle or vehicles, including load, shall be declared by the applicant. Overweight on which fees shall be paid will be gross loadings in excess of loadings authorized by law or axle loadings in excess of loadings authorized by law, whichever is the greater. Loads which are overweight and oversize shall be charged the fee for the overweight permit without additional fees being assessed for the oversize features.

Special permits issued under RCW 46.44.047, 46.44.0941, or 46.44.095, may be obtained from offices of the department of transportation, ports of entry, or other agents appointed by the department.

The department may appoint agents for the purposes of selling special motor vehicle permits, temporary additional tonnage permits, and log tolerance permits. Agents so appointed may retain three dollars and fifty cents for each permit sold to defray expenses incurred in handling and selling the permits. If the fee is collected by the department of transportation, the department shall certify the fee so collected to the state treasurer for deposit to the credit of the motor vehicle fund.

The department may select a third party contractor, by means of competitive bid, to perform the department's permit issuance function, as provided under RCW 46.44.090. Factors the department shall consider, but is not limited to, in the selection of a third party contractor are economic benefit to both the department and the motor carrier industry, and enhancement of the overall level of permit service. For purposes of this section, "third party contractor" means

a business entity that is authorized by the department to issue special permits. The ~~department of transportation ((commission))~~ may adopt rules specifying the criteria that a business entity must meet in order to qualify as a third party contractor under this section.

Fees established in RCW 46.44.0941 shall be paid to the political body issuing the permit if the entire movement is to be confined to roads, streets, or highways for which that political body is responsible. When a movement involves a combination of state highways, county roads, and/or city streets the fee shall be paid to the ~~((state))~~ department of transportation. When a movement is confined within the city limits of a city or town upon city streets, including routes of state highways on city streets, all fees shall be paid to the city or town involved. A permit will not be required from city or town authorities for a move involving a combination of city or town streets and state highways when the move through a city or town is being confined to the route of the state highway. When a move involves a combination of county roads and city streets the fee shall be paid to the county authorities, but the fee shall not be collected nor the county permit issued until valid permits are presented showing that the city or town authorities approve of the move in question. When the movement involves only county roads the fees collected shall be paid to the county involved. Fees established shall be paid to the political body issuing the permit if the entire use of the vehicle during the period covered by the permit shall be confined to the roads, streets, or highways for which that political body is responsible.

Sec. 20. RCW 46.61.450 and 1977 ex.s. c 151 s 39 are each amended to read as follows:

It shall be unlawful for any person to operate a vehicle or any combination of vehicles over any bridge or other elevated structure or through any tunnel or underpass constituting a part of any public highway at a rate of speed or with a gross weight or of a size which is greater at any time than the maximum speed or maximum weight or size which can be maintained or carried with safety over any such bridge or structure or through any such tunnel or underpass when such bridge, structure, tunnel, or underpass is sign posted as hereinafter provided. The secretary of transportation, if it be a bridge, structure, tunnel, or underpass upon a state highway, or the governing body or authorities of any county, city, or town, if it be upon roads or streets under their jurisdiction, may restrict the speed which may be maintained or the gross weight or size which may be operated upon or over any such bridge or elevated structure or through any such tunnel or underpass with safety thereto. The secretary or the governing body or authorities of any county, city, or town having jurisdiction shall determine and declare the maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate and shall cause suitable signs stating such maximum speed or maximum gross weight, or size, or either, to be erected and maintained on the right hand side of such highway, road, or street and at a distance of not less than one hundred feet from each end of such bridge, structure, tunnel, or underpass and on the approach thereto: PROVIDED, That in the event that any such bridge, elevated structure, tunnel, or underpass is upon a city street designated by the department of transportation ((commission)) as forming a part of the route of any state highway through any such incorporated city or town the determination of any maximum speed or maximum gross weight or size which such bridge, elevated structure, tunnel, or underpass can withstand or accommodate shall not be enforceable at any speed, weight, or size less than the maximum allowed by law, unless with the approval in writing of the secretary. Upon the trial of any person charged with a violation of this section, proof of either violation of maximum speed or maximum weight, or size, or either, and the distance and location of such signs as are required, shall constitute conclusive evidence of the maximum speed or maximum weight, or size, or either, which can be maintained or carried with safety over such bridge or elevated structure or through such tunnel or underpass.

Sec. 21. RCW 46.68.113 and 2003 c 363 s 305 are each amended to read as follows:

During the 2003-2005 biennium, cities and towns shall provide to the transportation commission, or its successor entity, preservation

rating information on at least seventy percent of the total city and town arterial network. Thereafter, the preservation rating information requirement shall increase in five percent increments in subsequent biennia. The rating system used by cities and towns must be based upon the Washington state pavement rating method or an equivalent standard approved by the department of transportation ((commission or its successor entity)). Beginning January 1, 2007, the preservation rating information shall be submitted to the department.

Sec. 22. RCW 47.28.010 and 1977 ex.s. c 151 s 59 are each amended to read as follows:

Whenever the general route of any state highway shall be designated and laid out as running to or by way of certain designated points, without specifying the particular route to be followed to or by way of such points, the ~~((transportation commission))~~ department shall determine the particular route to be followed by said state highway to or by way of said designated points, and shall be at liberty to select and adopt as a part of such state highway, the whole or any part of any existing public highway previously designated as a county road, primary road, or secondary road or now or hereafter classified as a county road. The ~~((commission))~~ department need not select and adopt the entire routes for such state highways at one time, but may select and adopt parts of such routes from time to time as it deems advisable. Where a state highway is designated as passing by way of a certain point, this shall not require the ~~((commission))~~ department to cause such state highway to pass through or touch such point but such designation is directional only and may be complied with by location in the general vicinity. The department ~~((of transportation))~~ is empowered to construct as a part of any state highway as designated and in addition to any portion meeting the limits of any incorporated city or town a bypass section either through or around any such incorporated city or town.

Sec. 23. RCW 47.28.170 and 1990 c 265 s 1 are each amended to read as follows:

(1) Whenever the department finds that as a consequence of accident, natural disaster, or other emergency, an existing state highway is in jeopardy or is rendered impassible in one or both directions and the department further finds that prompt reconstruction, repair, or other work is needed to preserve or restore the highway for public travel, the department may obtain at least three written bids for the work without publishing a call for bids, and the secretary of transportation may award a contract forthwith to the lowest responsible bidder.

The department shall notify any association or organization of contractors filing a request to regularly receive notification. Notification to an association or organization of contractors shall include: (a) The location of the work to be done; (b) the general anticipated nature of the work to be done; and (c) the date determined by the department as reasonable in view of the nature of the work and emergent nature of the problem after which the department will not receive bids.

(2) Whenever the department finds it necessary to protect a highway facility from imminent damage or to perform emergency work to reopen a highway facility, the department may contract for such work on a negotiated basis not to exceed force account rates for a period not to exceed thirty working days.

(3) The secretary shall review any contract exceeding ~~((two))~~ seven hundred thousand dollars awarded under subsection (1) or (2) of this section with the ~~((transportation commission at its next regularly scheduled meeting))~~ office of financial management within thirty days of the contract award.

(4) Any person, firm, or corporation awarded a contract for work must be prequalified pursuant to RCW 47.28.070 and may be required to furnish a bid deposit or performance bond.

Sec. 24. RCW 47.38.060 and 1996 c 172 s 1 are each amended to read as follows:

The ~~((transportation commission))~~ department may designate interstate safety rest areas, as appropriate, as locations for memorial signs to prisoners of war and those missing in action. The ~~((commission))~~ department shall adopt policies for the placement of memorial signs on interstate safety rest areas and may disapprove any

memorial sign that it determines to be inappropriate or inconsistent with the policies. The policies shall include, but are not limited to, guidelines for the size and location of and inscriptions on memorial signs. The secretary shall adopt rules for administering this program. Nonprofit associations may have their name identified on a memorial sign if the association bears the cost of supplying and maintaining the memorial sign.

Sec. 25. RCW 47.52.133 and 1987 c 200 s 2 are each amended to read as follows:

Except as provided in RCW 47.52.134, the ~~((transportation commission))~~ department and the highway authorities of the counties and incorporated cities and towns, with regard to facilities under their respective jurisdictions, prior to the establishment of any limited access facility, shall hold a public hearing within the county, city, or town wherein the limited access facility is to be established to determine the desirability of the plan proposed by such authority. Notice of such hearing shall be given to the owners of property abutting the section of any existing highway, road, or street being established as a limited access facility, as indicated in the tax rolls of the county, and in the case of a state limited access facility, to the county and/or city or town. Such notice shall be by United States mail in writing, setting forth a time for the hearing, which time shall be not less than fifteen days after mailing of such notice. Notice of such hearing also shall be given by publication not less than fifteen days prior to such hearing in one or more newspapers of general circulation within the county, city, or town. Such notice by publication shall be deemed sufficient as to any owner or reputed owner or any unknown owner or owner who cannot be located. Such notice shall indicate a suitable location where plans for such proposal may be inspected.

Sec. 26. RCW 47.52.145 and 1981 c 95 s 2 are each amended to read as follows:

Whenever after the final adoption of a plan for a limited access highway by the ~~((transportation commission))~~ department, an additional design public hearing with respect to the facility or any portion thereof is conducted pursuant to federal law resulting in a revision of the design of the limited access plan, the ~~((commission))~~ department may modify the previously adopted limited access plan to conform to the revised design without further public hearings providing the following conditions are met:

(1) As compared with the previously adopted limited access plan, the revised plan will not require additional or different right of way with respect to that section of highway for which the design has been revised, in excess of five percent by area; and

(2) If the previously adopted limited access plan was modified by a board of review convened at the request of a county, city, or town, the legislative authority of the county, city, or town shall approve any revisions of the plan which conflict with modifications ordered by the board of review.

Sec. 27. RCW 47.52.210 and 1981 c 95 s 3 are each amended to read as follows:

(1) Whenever the ~~((transportation commission))~~ department adopts a plan for a limited access highway to be constructed within the corporate limits of a city or town which incorporates existing city or town streets, title to such streets shall remain in the city or town, and the provisions of RCW 47.24.020 as now or hereafter amended shall continue to apply to such streets until such time that the highway is operated as either a partially or fully controlled access highway. Title to and full control over that portion of the city or town street incorporated into the limited access highway shall be vested in the state upon a declaration by the secretary of transportation that such highway is operational as a limited access facility, but in no event prior to the acquisition of right of way for such highway including access rights, and not later than the final completion of construction of such highway.

(2) Upon the completion of construction of a state limited access highway within a city or town, the department of transportation may relinquish to the city or town streets constructed or improved as a functional part of the limited access highway, slope easements, landscaping areas, and other related improvements to be maintained

and operated by the city or town in accordance with the limited access plan. Title to such property relinquished to a city or town shall be conveyed by a deed executed by the secretary of transportation and duly acknowledged. Relinquishment of such property to the city or town may be expressly conditioned upon the maintenance of access control acquired by the state and the continued operation of such property as a functional part of the limited access highway.

Sec. 28. RCW 81.112.086 and 2003 c 363 s 306 are each amended to read as follows:

As a condition of receiving state funding, a regional transit authority shall submit a maintenance and preservation management plan for certification by the department of transportation ~~((commission or its successor entity))~~. The plan must inventory all transportation system assets within the direction and control of the transit authority, and provide a plan for preservation of assets based on lowest life-cycle cost methodologies.

Sec. 30. RCW 36.57A.070 and 1985 c 6 s 5 are each amended to read as follows:

The comprehensive transit plan adopted by the authority shall be reviewed by the state department of transportation ~~((commission))~~ to determine:

(1) The completeness of service to be offered and the economic viability of the transit system proposed in such comprehensive transit plan;

(2) Whether such plan integrates the proposed transportation system with existing transportation modes and systems that serve the benefit area;

(3) Whether such plan coordinates that area's system and service with nearby public transportation systems;

(4) Whether such plan is eligible for matching state or federal funds;

~~After reviewing the comprehensive transit plan, the state transportation commission shall have sixty days in which to approve such plan and to certify to the state treasurer that such public transportation benefit area shall be eligible to receive the motor vehicle excise tax proceeds authorized pursuant to RCW 35.58.273, as now or hereafter amended in the manner prescribed by chapter 82.44 RCW, as now or hereafter amended. To be approved a plan shall provide for coordinated transportation planning, the integration of such proposed transportation program with other transportation systems operating in areas adjacent to, or in the vicinity of the proposed public transportation benefit area, and be consistent with the public transportation coordination criteria adopted pursuant to the urban mass transportation act of 1964 as amended as of July 1, 1975. In the event such comprehensive plan is disapproved and ruled ineligible to receive motor vehicle tax proceeds, the state transportation commission shall provide written notice to the authority within thirty days as to the reasons for such plan's disapproval and such ineligibility. The department of transportation (~~commission~~) shall determine what streets, together with bridges thereon and wharves necessary for use for ferriage of motor vehicle traffic in connection with such streets, if any, in any incorporated cities and towns shall form a part of the route of state highways and between the first and fifteenth days of July of any year the department (~~of transportation~~) shall identify by brief description, the streets, together with the bridges thereon and wharves, if any, in such city or town which are designated as forming a part of the route of any state highway; and all such streets, including curbs and gutters and street intersections and such bridges and wharves, shall thereafter be a part of the state highway system and as such shall be constructed and maintained by the department (~~of transportation~~) from any state funds available therefor: PROVIDED, That the responsibility for the construction and maintenance of any such street together with its appurtenances may be returned to a city or a town upon certification by the department (~~of transportation~~) to the clerk of any city or town that such street, or portion thereof, is no longer required as a part of the state highway system: PROVIDED FURTHER, That any such certification that a street, or portion thereof, is no longer required as a part of the state highway system shall be made between the first and fifteenth of July following the determination by the department that such street or portion thereof is no longer required as a part of the state highway system, but this shall not prevent the department and any city or town from entering into an agreement that a city or town will accept responsibility for such a street or portion thereof at some time other than between the first and fifteenth of July of any year.

Sec. 43. RCW 43.88.030 and 2005 c 386 s 3 and 2005 c 319 s 108 are each reenacted and amended to read as follows:

(1) The director of financial management shall provide all agencies with a complete set of instructions for submitting biennial budget requests to the director at least three months before agency budget documents are due into the office of financial management. The budget document or documents shall consist of the governor's budget message which shall be explanatory of the budget and shall contain an outline of the proposed financial policies of the state for the ensuing fiscal period, as well as an outline of the proposed six-year financial policies where applicable, and shall describe in connection therewith the important features of the budget. The biennial budget document or documents shall also describe performance indicators that demonstrate measurable progress towards priority results. The message shall set forth the reasons for salient changes from the previous fiscal period in expenditure and revenue items and shall explain any major changes in financial policy. Attached to the budget message shall be such supporting schedules, exhibits and other explanatory material in respect to both current operations and capital improvements as the governor shall deem to be useful to the legislature. The budget document or documents shall set forth a proposal for expenditures in the ensuing fiscal period, or six-year period where applicable, based upon the estimated revenues and caseloads as approved by the economic and revenue forecast council and caseload forecast council or upon the estimated revenues

and caseloads of the office of financial management for those funds, accounts, sources, and programs for which the forecast councils do not prepare an official forecast. Revenues shall be estimated for such fiscal period from the source and at the rates existing by law at the time of submission of the budget document, including the supplemental budgets submitted in the even-numbered years of a biennium. However, the estimated revenues and caseloads for use in the governor's budget document may be adjusted to reflect budgetary revenue transfers and revenue and caseload estimates dependent upon budgetary assumptions of enrollments, workloads, and caseloads. All adjustments to the approved estimated revenues and caseloads must be set forth in the budget document. The governor may additionally submit, as an appendix to each supplemental, biennial, or six-year agency budget or to the budget document or documents, a proposal for expenditures in the ensuing fiscal period from revenue sources derived from proposed changes in existing statutes.

~~(Supplemental and biennial documents shall reflect a six-year expenditure plan consistent with estimated revenues from existing sources. Any additional revenue resulting from proposed changes to existing statutes shall be separately identified within the document as well as related expenditures for the six-year period.)~~

The budget document or documents shall also contain:

(h) Tabulations showing each postretirement adjustment by retirement system established after fiscal year 1991, to include, but not be limited to, estimated total payments made to the end of the previous biennial period, estimated payments for the present biennium, and estimated payments for the ensuing biennium.

(2) The budget document or documents shall include detailed estimates of all anticipated revenues applicable to proposed operating or capital expenditures and shall also include all proposed operating or capital expenditures. The total of beginning undesignated fund balance and estimated revenues less working capital and other reserves shall equal or exceed the total of proposed applicable expenditures. The budget document or documents shall further include:

(a) Interest, amortization and redemption charges on the state debt;

(b) Payments of all reliefs, judgments, and claims;

(c) Other statutory expenditures;

(d) Expenditures incident to the operation for each agency;

(e) Revenues derived from agency operations;

(f) Expenditures and revenues shall be given in comparative form showing those incurred or received for the immediately past fiscal period and those anticipated for the current biennium and next ensuing biennium;

(h) Common school expenditures on a fiscal-year basis;

(i) A showing, by agency, of the value and purpose of financing contracts for the lease/purchase or acquisition of personal or real property for the current and ensuing fiscal periods; and

(j) A showing and explanation of anticipated amounts of general fund and other funds required to amortize the unfunded actuarial accrued liability of the retirement system specified under chapter

41.45 RCW, and the contributions to meet such amortization, stated in total dollars and as a level percentage of total compensation.

(4) The governor's operating budget document or documents shall identify activities that are not addressing the statewide priorities.

(5) A separate capital budget document or schedule shall be submitted that will contain the following:

(a) A statement setting forth a long-range facilities plan for the state that identifies and includes the highest priority needs within affordable spending levels;

(b) A capital program consisting of proposed capital projects for the next biennium and the two biennia succeeding the next biennium consistent with the long-range facilities plan. Inasmuch as is practical, and recognizing emergent needs, the capital program shall reflect the priorities, projects, and spending levels proposed in previously submitted capital budget documents in order to provide a reliable long-range planning tool for the legislature and state agencies;

(c) A capital plan consisting of proposed capital spending for at least four biennia succeeding the next biennium;

(d) A strategic plan for reducing backlogs of maintenance and repair projects. The plan shall include a prioritized list of specific facility deficiencies and capital projects to address the deficiencies for each agency, cost estimates for each project, a schedule for completing projects over a reasonable period of time, and identification of normal maintenance activities to reduce future backlogs;

Omnibus lists of habitat and recreation land acquisitions shall include individual project cost estimates for operation and maintenance as well as a total for all state projects included in the list. The document shall identify the source of funds from which the operation and maintenance costs are proposed to be funded;

(q) Such other information bearing upon capital projects as the governor deems to be useful;

(r) Standard terms, including a standard and uniform definition of normal maintenance, for all capital projects;

(6) No change affecting the comparability of agency or program information relating to expenditures, revenues, workload, performance and personnel shall be made in the format of any budget document or report presented to the legislature under this section or RCW 43.88.160(1) relative to the format of the budget document or report which was presented to the previous regular session of the legislature during an odd-numbered year without prior legislative concurrence. Prior legislative concurrence shall consist of (a) a favorable majority vote on the proposal by the standing committees on ways and means of both houses if the legislature is in session or (b) a favorable majority vote on the proposal by members of the legislative evaluation and accountability program committee if the legislature is not in session.

NEW SECTION. Sec. 44. A new section is added to chapter 47.01 RCW to read as follows:

(1) The transportation commission may review the performance and outcome measures of transportation-related agencies. The purpose of these reviews is to ensure that the legislature and the governor have the means to adequately and accurately assess the performance and outcomes of those agencies and departments.

(2) The performance and outcome measures and benchmarks of each transportation-related agency or department may be reviewed at the discretion of the transportation commission, or at the request of the legislature or the governor. In setting the schedule and the extent of performance reviews, the commission shall consider the timing and results of other recent state, federal, and independent reviews and audits, the seriousness of past findings, any inadequate remedial action taken by an agency or department, whether an agency or department lacks performance and outcome measures, and the desirability to include a diverse range of agencies or programs each year. The commission shall avoid duplication of effort in conducting performance reviews by coordinating with the state auditor, joint legislative audit and review committee, the citizen advisory board, and the governor's performance review process.

(3) The reviews may include, but are not limited to:

(a) A determination of whether the performance and outcome measures are consistent with legislative mandates, strategic plans, mission statements, and goals and objectives, and whether the legislature has established clear mandates, strategic plans, mission statements, and goals and objectives that lend themselves to performance and outcome measurement;

(b) An examination of how agency management uses the measures to manage resources in an efficient and effective manner;

(c) An assessment of how performance benchmarks are established for the purpose of assessing overall performance compared to external standards and benchmarks;

(d) An examination of how an analysis of the measurement data is used to make planning and operational improvements;

(e) A determination of how performance and outcome measures are used in the budget planning, development, and allotment processes and the extent to which the agency is in compliance with its responsibilities under RCW 43.88.090;

(f) A review of how performance data are reported to and used by the legislature both in policy development and resource allocation;

(g) An assessment of whether the performance measure data are reliable and collected in a uniform and timely manner;

(h) A determination whether targeted funding investments and established priorities of government actually produce the intended and expected services and benefits; and

(i) Recommendations as necessary or appropriate.

(4) For the purposes of this section, "transportation-related agencies" means any state or local agency, board, special purpose district, or commission that receives or generates funding primarily for transportation-related purposes. At a minimum, the department of transportation, the Washington state patrol, the department of licensing, the transportation improvement board or its successor entity, the county road administration board or its successor entity, and the traffic safety commission are considered transportation-related agencies.

(5) The state auditor, legislative auditor, governor, and director of the office of financial management shall report to the transportation commission on an annual basis concerning their

performance improvement efforts to ensure coordination and avoid duplication of effort.

Sec. 45. RCW 47.05.030 and 2005 c 319 s 9 are each amended to read as follows:

The ~~department of transportation ((commission))~~ shall ~~((adopt))~~ develop a comprehensive ten-year investment program specifying program objectives and performance measures for the preservation and improvement programs defined in this section. The adopted ten-year investment program must be forwarded as a recommendation to the governor and the legislature. In the specification of investment program objectives and performance measures, the ~~((transportation commission, in consultation with the Washington state))~~ department of transportation~~((;))~~ shall define and adopt standards for effective programming and prioritization practices including a needs analysis process. The analysis process must ensure the identification of problems and deficiencies, the evaluation of alternative solutions and trade-offs, and estimations of the costs and benefits of prospective projects. ~~((The investment program must be revised based on directions by the office of financial management.))~~ The investment program must be based upon the needs identified in the state-owned highway component of the statewide comprehensive transportation plan ~~((as defined in RCW 47.01.071(3))).~~

(1) The preservation program consists of those investments necessary to preserve the existing state highway system and to restore existing safety features, giving consideration to lowest life cycle costing. The preservation program must require use of the most cost-effective pavement surfaces, considering:

- (a) Life-cycle cost analysis;
- (b) Traffic volume;
- (c) Subgrade soil conditions;
- (d) Environmental and weather conditions;
- (e) Materials available; and
- (f) Construction factors.

The comprehensive ten-year investment program for preservation must identify projects for two years and an investment plan for the remaining eight years.

(2) The improvement program consists of investments needed to address identified deficiencies on the state highway system to increase mobility, address congestion, and improve safety, support for the economy, and protection of the environment. The ten-year investment program for improvements must identify projects for two years and major deficiencies proposed to be addressed in the ten-year period giving consideration to relative benefits and life cycle costing. The department of transportation ((commission)) program shall give higher priority for correcting identified deficiencies on those facilities classified as facilities of statewide significance as defined in RCW 47.06.140. Project prioritization must be based primarily upon cost-benefit analysis, where appropriate.

The department of transportation shall submit the ten-year investment program to the transportation commission ((shall)). The transportation commission shall review, approve, and present the comprehensive ten-year investment program to the governor and the legislature as directed by the office of financial management.

Sec. 46. RCW 47.05.035 and 2005 c 319 s 10 are each amended to read as follows:

(1) The department shall use the transportation demand modeling tools developed under subsection (2) of this section to evaluate investments based on the best mode or improvement, or mix of modes and improvements, to meet current and future long-term demand within a corridor or system for the lowest cost. The end result of these demand modeling tools is to provide a cost-benefit analysis by which the department can determine the relative mobility improvement and congestion relief each mode or improvement under consideration will provide and the relative investment each mode or improvement under consideration will need to achieve that relief.

(2) The department will participate in the refinement, enhancement, and application of existing transportation demand modeling tools to be used to evaluate investments. This participation and use of transportation demand modeling tools will be phased in.

(3) In developing program objectives and performance measures, the department shall evaluate investment trade-offs

between the preservation and improvement programs. In making these investment trade-offs, the department shall evaluate, using cost-benefit techniques, roadway and bridge maintenance activities as compared to roadway and bridge preservation program activities and adjust those programs accordingly.

(4) The department shall allocate the estimated revenue between preservation and improvement programs giving primary consideration to the following factors:

- (a) The relative needs in each of the programs and the system performance levels that can be achieved by meeting these needs;
- (b) The need to provide adequate funding for preservation to protect the state's investment in its existing highway system;
- (c) The continuity of future transportation development with those improvements previously programmed; and
- (d) The availability of dedicated funds for a specific type of work.

(5) The ~~((commission shall review the results of the department's findings and shall consider those))~~ department shall consider the findings in this section in the development of the ten-year investment program.

Sec. 47. RCW 47.05.051 and 2005 c 319 s 11 are each amended to read as follows:

~~((+))~~ The comprehensive ten-year investment program shall be based upon the needs identified in the state-owned highway component of the statewide ~~((multimodal))~~ comprehensive transportation plan ~~((as defined in RCW 47.01.071(4)))~~ and priority selection systems that incorporate the following criteria:

~~((+))~~ (1) Priority programming for the preservation program shall take into account the following, not necessarily in order of importance:

~~((+))~~ (a) Extending the service life of the existing highway system, including using the most cost-effective pavement surfaces, considering:

- ~~((+))~~ (i) Life-cycle cost analysis;
- ~~((+))~~ (ii) Traffic volume;
- ~~((+))~~ (iii) Subgrade soil conditions;
- ~~((+))~~ (iv) Environmental and weather conditions;
- ~~((+))~~ (v) Materials available; and
- ~~((+))~~ (vi) Construction factors;
- ~~((+))~~ (b) Ensuring the structural ability to carry loads imposed upon highways and bridges; and

~~((+))~~ (c) Minimizing life-cycle costs. ~~((The transportation commission in carrying out the provisions of this section may delegate to the department of transportation the authority to select preservation projects to be included in the ten-year program.~~

~~((+))~~ (2) Priority programming for the improvement program must be based primarily upon the following, not necessarily in order of importance:

- ~~((+))~~ (a) Traffic congestion, delay, and accidents;
- ~~((+))~~ (b) Location within a heavily traveled transportation corridor;

~~((+))~~ (c) Except for projects in cities having a population of less than five thousand persons, synchronization with other potential transportation projects, including transit and multimodal projects, within the heavily traveled corridor; and

~~((+))~~ (d) Use of benefit/cost analysis wherever feasible to determine the value of the proposed project.

~~((+))~~ (3) Priority programming for the improvement program may also take into account:

- ~~((+))~~ (a) Support for the state's economy, including job creation and job preservation;
- ~~((+))~~ (b) The cost-effective movement of people and goods;
- ~~((+))~~ (c) Accident and accident risk reduction;
- ~~((+))~~ (d) Protection of the state's natural environment;
- ~~((+))~~ (e) Continuity and systematic development of the highway transportation network;
- ~~((+))~~ (f) Consistency with local comprehensive plans developed under chapter 36.70A RCW including the following if they have been included in the comprehensive plan:

~~((+))~~ (i) Support for development in and revitalization of existing downtowns;

~~((B))~~ (ii) Extent that development implements local comprehensive plans for rural and urban residential and nonresidential densities;

~~((C))~~ (iii) Extent of compact, transit-oriented development for rural and urban residential and nonresidential densities;

~~((D))~~ (iv) Opportunities for multimodal transportation; and

~~((E))~~ (v) Extent to which the project accommodates planned growth and economic development;

~~((F))~~ (g) Consistency with regional transportation plans developed under chapter 47.80 RCW;

~~((G))~~ (h) Public views concerning proposed improvements;

~~((H))~~ (i) The conservation of energy resources;

~~((I))~~ (j) Feasibility of financing the full proposed improvement;

~~((J))~~ (k) Commitments established in previous legislative sessions;

~~((K))~~ (l) Relative costs and benefits of candidate programs.

~~((d)) Major projects addressing capacity deficiencies which prioritize allowing for preliminary engineering shall be reprioritized during the succeeding biennium, based upon updated project data. Reprioritized projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.~~

~~((c)) Major project approvals which significantly increase a project's scope or cost from original prioritization estimates shall include a review of the project's estimated revised priority rank and the level of funding provided. Projects may be delayed or canceled by the transportation commission if higher priority projects are awaiting funding.~~

~~((2)) The commission may depart from the priority programming established under subsection (1) of this section: (a) To the extent that otherwise funds cannot be utilized feasibly within the program; (b) as may be required by a court judgment, legally binding agreement, or state and federal laws and regulations; (c) as may be required to coordinate with federal, local, or other state agency construction projects; (d) to take advantage of some substantial financial benefit that may be available; (e) for continuity of route development; or (f) because of changed financial or physical conditions of an unforeseen or emergent nature. The commission or secretary of transportation shall maintain in its files information sufficient to show the extent to which the commission has departed from the established priority.~~

~~((3)) The commission shall identify those projects that yield freight mobility benefits or that alleviate the impacts of freight mobility upon affected communities.))~~

Sec. 48. RCW 47.29.010 and 2005 c 317 s 1 are each amended to read as follows:

(1) The legislature finds that the public-private ~~((transportation))~~ transportation initiatives act created under chapter 47.46 RCW has not met the needs and expectations of the public or private sectors for the development of transportation projects. The legislature intends to phase out chapter 47.46 RCW coincident with the completion of the Tacoma Narrows Bridge - SR 16 public-private partnership. From July 24, 2005, this chapter will provide a more desirable and effective approach to developing transportation projects in partnership with the private sector by applying lessons learned from other states and from this state's ten-year experience with chapter 47.46 RCW.

(2) It is the legislature's intent to achieve the following goals through the creation of this new approach to public-private partnerships:

(a) To provide a well-defined mechanism to facilitate the collaboration between public and private entities in transportation;

(b) To bring innovative thinking from the private sector and other states to bear on public projects within the state;

(c) To provide greater flexibility in achieving the transportation projects; and

(d) To allow for creative cost and risk sharing between the public and private partners.

(3) The legislature intends that the powers granted in this chapter to the commission or department are in addition to any powers granted under chapter 47.56 RCW.

(4) It is further the intent of the legislature that ~~((the commission shall be responsible for receiving, reviewing, and approving proposals with technical support of the department, rule making, and for oversight of contract execution. The department shall be responsible for evaluating proposals and negotiating contracts))~~ an expert review panel be established for each project developed under this act. Expert review panels shall be responsible for reviewing selected proposals, analyzing and reviewing tentative agreements, and making recommendations to the governor and the transportation commission on the advisability of executing agreements under this act.

NEW SECTION. Sec. 49. A new section is added to chapter 47.29 RCW to read as follows:

(1) The department shall establish an expert review panel to review, analyze, and make recommendations to the governor and the transportation commission on whether to approve, reject, or continue negotiations on a proposed project agreement under this chapter. The department shall provide staff to support the expert review panel, if requested by the panel. The expert review panel may utilize any of the consultants under contract for the department, and the expert review panel may contract for consulting expertise in specific areas as it deems necessary to ensure a thorough and critical review of any proposed project agreement.

(2) The governor shall appoint members of an expert review panel that have experience in large capital project delivery, public-private partnerships, public financing of infrastructure improvements, or other areas of expertise that will benefit the panel. The panel shall consist of no less than three, but no more than five members, as determined by the governor.

NEW SECTION. Sec. 50. A new section is added to chapter 47.29 RCW to read as follows:

Upon receiving the recommendations of the expert review panel as provided in section 49 of this act, and upon consultation with the governor, the transportation commission shall either execute the proposed project agreement, reject the proposed project agreement, or continue further negotiations between the state and a private partner. The execution of any agreement or the rejection of any agreement shall constitute a final action for legal or administrative purposes.

NEW SECTION. Sec. 51. The following acts or parts of acts are each repealed:

- RCW 44.75.010 (Intent) and 2003 c 362 s 1;

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 47.60 RCW to read as follows:

The legislature finds and declares that there is a compelling need for passenger-only ferry service on Puget Sound. The Bremerton to Seattle, Southworth to Seattle, Vashon to Seattle, and Kingston to Seattle routes are the routes currently in need of funding. As other routes become viable for passenger-only ferry service, funding may be provided to those routes as well.

It is the intent of the legislature to provide funding to passenger-only ferry systems operated by Washington state ferries or local governments through the sale or disposition of existing Washington state ferries' passenger-only vessels. Until the funds provided by the sale or disposition of these vessels become available, it is the intent of the legislature to fund passenger-only ferry systems from other available funds.

Sec. 2. RCW 47.60.645 and 1995 2nd sp.s. c 14 s 558 are each amended to read as follows:

(1) There is hereby established in the transportation fund the passenger ferry account. Money in the account shall be used for ~~((capital improvements for passenger ferry projects including, but not limited to, pedestrian and transit facilities at ferry terminals and passenger-only ferry vessels))~~ grants for passenger-only ferry systems operated by Washington state ferries and for passenger-only ferry systems operated or contracted for by local governments. Moneys in the account shall be expended with legislative appropriation.

(2) The transportation commission shall administer this ferry grant program subject to the availability of amounts appropriated for this specific purpose.

(3) In providing grants under this section, the transportation commission may enter into multiple-year contracts with a stipulation that allocations for future years are subject to the availability of funding as provided by legislative appropriation.

NEW SECTION. Sec. 3. A new section is added to chapter 47.60 RCW to read as follows:

By January 1, 2007, the department shall sell or otherwise dispose of the Washington state ferries Snohomish and Chinook for market value and deposit the proceeds of the sales into the passenger ferry account established under RCW 47.60.645.

NEW SECTION. Sec. 4. A new section is added to chapter 47.60 RCW to read as follows:

(1) Passenger-only ferry systems operated or contracted for by local governments on the Bremerton to Seattle, Southworth to Seattle, and Kingston to Seattle routes are eligible for the grants provided in RCW 47.60.645.

(2) As a condition of receiving the grants provided in RCW 47.60.645, the passenger-only ferry systems operated or contracted for by local governments shall coordinate their schedules with the schedules of any Washington state ferries' auto ferries operating on the same route so as to complement the auto ferry service rather than compete against it.

NEW SECTION. Sec. 5. A new section is added to chapter 47.60 RCW to read as follows:

The Washington state ferries and any passenger-only ferry systems operated or contracted for by local governments that express interest shall, in good faith, negotiate a mutually agreeable and reasonable agreement regarding the shared use of Washington state ferries' facilities at Colman dock by September 1, 2006.

NEW SECTION. Sec. 6. A new section is added to chapter 47.60 RCW to read as follows:

The department shall maintain the level of service existing on January 1, 2006, for the Vashon to Seattle passenger-only ferry route until the earlier of July 1, 2007, or when the legislature approves assumption of the route as authorized in section 7 of this act.

NEW SECTION. Sec. 7. A new section is added to chapter 47.60 RCW to read as follows:

(1) A county with a population greater than one million persons and having a boundary on Puget Sound, a county to the west of Puget Sound with a population greater than two hundred thirty thousand, but less than three hundred thousand persons, or Washington state ferries may assume a passenger-only ferry route between Vashon and Seattle, including an expansion of that route to include Southworth after submitting a complete business plan to the transportation commission. The transportation commission shall review any business plans submitted and recommend to the legislature the most viable business plan.

(2) The business plan must, at a minimum, include hours of operation, vessel needs, labor needs, proposed routes, passenger terminal facilities, passenger rates, anticipated federal and local funding, coordination with the Washington state ferry system, coordination with existing transit providers, long-term operation and maintenance needs, and a long-term financial plan.

(3) In order to be considered for assuming the route, operations must begin by July 1, 2007.

(4) For the purposes of this section, Puget Sound is considered as extending north to Admiralty Inlet."

(2) Before issuing a certificate, the commission shall determine that the applicant has the financial resources to operate the proposed service for at least twelve months, based upon the submission by the applicant of a pro forma financial statement of operations. The documentation required of the applicant under this section shall comply with the provisions of RCW 9A.72.085.

(3) Subsection (2) of this section does not apply to an application for a certificate that is pending as of July 25, 1993.

(4) In granting a certificate for passenger-only ferries and determining what conditions to place on the certificate, the commission shall consider and give substantial weight to the effect of its decisions on public agencies operating, or eligible to operate, passenger-only ferry service.

(5) Until July 1, (~~2006~~) 2007, the commission shall not accept or consider an application for passenger-only ferry service serving any county in the Puget Sound area with a population of over one million people. POINT OF PERSONAL PRIVILEGE

Representative Murray: "Thank you, Mr. Speaker. For those of you who aren't on Transportation, I know sometimes we feel like we are in a parallel universe and we have as I have learned over the eleven years that I have served in the House incredible nonpartisan staff. And incredible staff in both caucuses. You see before you some of the best and the brightest. Every time you ask me about a project, every time you ask me about a proviso I immediately pick up the phone or email one of these people. The fact that we have been able to produce over the last four years historic transportation budgets and incredible legislation is because of the hard work of the people you see in front of you. Actually their families are seeing them for the first time in weeks on TVW right now. That is exactly how hard they work. I would like to mention each of them but I certainly want to acknowledge our director, Beth Redfield and our budget lead Gary Lebow who has taught me so much about transportation and who is really the person who has taught me what the word "no" means. I hope we can salute these incredible employees."

POINT OF PERSONAL PRIVILEGE

Representative Woods: "Thank you, Mr. Speaker. I rise in such gratitude and thanks to this group of people in front of

you today. The incredible hours that they work, the number of punching that they do, it is truly remarkable. For the caucus staff, Mary and Jay who also put in such very long hours working on our behalf. I can't say enough about this group of folks. I have to say something about Gary Lebow – when we sit around Representative Murray's table, he does tell us "no". He does tell us what will and won't work – I so appreciate that. And Beth Redfield for all of her coordination of all the work; just everyone who has worked so hard this year and last year. You are truly appreciated. We thank you very much."

MESSAGE FROM THE SENATE

March 7, 2006

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2644, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.16.0497 and 2001 c 214 s 13 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Base credit" means the maximum amount of credit against the tax imposed by this chapter that each light and power business or gas distribution business may take each fiscal year as calculated by the department. The base credit is equal to the proportionate share that the total grants received by each light and power business or gas distribution business in the prior fiscal year bears to the total grants received by all light and power businesses and gas distribution businesses in the prior fiscal year multiplied by five million five hundred thousand dollars for fiscal year 2007, and two million five hundred thousand dollars for all other fiscal years before and after fiscal year 2007.

(b) "Billing discount" means a reduction in the amount charged for providing service to qualifying persons in Washington made by a light and power business or a gas distribution business. Billing discount does not include grants received by the light and power business or a gas distribution business.

(c) "Grant" means funds provided to a light and power business or gas distribution business by the department of community, trade, and economic development or by a qualifying organization.

(d) "Low-income home energy assistance program" means energy assistance programs for low-income households as defined on December 31, 2000, in the low-income home energy assistance act of 1981 as amended August 1, 1999, 42 U.S.C. Sec. 8623 et seq.

(e) "Qualifying person" means a Washington resident who applies for assistance and qualifies for a grant regardless of whether that person receives a grant.

(f) "Qualifying contribution" means money given by a light and power business or a gas distribution business to a qualifying organization, exclusive of money received in the prior fiscal year from its customers for the purpose of assisting other customers.

(g) "Qualifying organization" means an entity that has a contractual agreement with the department of community, trade, and economic development to administer in a specified service area low-income home energy assistance funds received from the federal government and such other funds that may be received by the entity.

(2) Subject to the limitations in this section, a light and power business or a gas distribution business may take a credit each fiscal year against the tax imposed under this chapter.

(a)(i) A credit may be taken for qualifying contributions if the dollar amount of qualifying contributions for the fiscal year in which the tax credit is taken is greater than one hundred twenty-five percent of the dollar amount of qualifying contributions given in fiscal year 2000.

(ii) If no qualifying contributions were given in fiscal year 2000, a credit shall be allowed for the first fiscal year that qualifying contributions are given. Thereafter, credit shall be allowed if the

qualifying contributions given exceed one hundred twenty-five percent of qualifying contributions given in the first fiscal year.

(iii) The amount of credit shall be fifty percent of the dollar amount of qualifying contributions given in the fiscal year in which the tax credit is taken.

(b)(i) A credit may be taken for billing discounts if the dollar amount of billing discounts for the fiscal year in which the tax credit is taken is greater than one hundred twenty-five percent of the dollar amount of billing discounts given in fiscal year 2000.

(ii) If no billing discounts were given in fiscal year 2000, a credit shall be allowed in the first fiscal year that billing discounts are given. Thereafter, credit shall be allowed if the dollar amount of billing discounts given exceeds one hundred twenty-five percent of billing discounts given in the first fiscal year.

(iii) The amount of credit shall be fifty percent of the dollar amount of the billing discounts given in the fiscal year in which the tax credit is taken.

(c) The total amount of credit that may be taken for qualifying contributions and billing discounts in a fiscal year is limited to the base credit for the same fiscal year.

(3)(a)(i) Except as provided in (a)(ii) of this subsection, the total amount of credit, statewide, that may be taken in any fiscal year shall not exceed two million five hundred thousand dollars.

(ii) The total amount of credit, statewide, that may be taken in fiscal year 2007 shall not exceed five million five hundred thousand dollars.

(b) By May 1st of each year starting in 2002, the department of community, trade, and economic development shall notify the department of revenue in writing of the grants received in the current fiscal year by each light and power business and gas distribution business.

(4)(a) Not later than June 1st of each year beginning in 2002, the department shall publish the base credit for each light and power business and gas distribution business for the next fiscal year.

(b) Not later than July 1st of each year beginning in 2002, application for credit must be made to the department including but not limited to the following information: Billing discounts given by the applicant in fiscal year 2000; qualifying contributions given by the applicant in the prior fiscal year; the amount of money received in the prior fiscal year from customers for the purpose of assisting other customers; the base credit for the next fiscal year for the applicant; the qualifying contributions anticipated to be given in the next fiscal year; and billing discounts anticipated to be given in the next fiscal year. No credit under this section will be allowed to a light and power business or gas distribution business that does not file the application by July 1st.

(c) Not later than August 1st of each year beginning in 2002, the department shall notify each applicant of the amount of credit that may be taken in that fiscal year.

(d) The balance of base credits not used by other light and power businesses and gas distribution businesses shall be ratably distributed to applicants under the formula in subsection (1)(a) of this section. The total amount of credit that may be taken by an applicant is the base credit plus any ratable portion of unused base credit.

(5) The credit taken under this section is limited to the amount of tax imposed under this chapter for the fiscal year. The credit must be claimed in the fiscal year in which the billing reduction is made. Any unused credit expires. Refunds shall not be given in place of credits.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 82.32.045 and 2003 1st sp.s. c 13 s 8 are each amended to read as follows:

(1) Except as otherwise provided in this chapter, payments of the taxes imposed under chapters 82.04, 82.08, 82.12, 82.14, and 82.16 RCW, along with reports and returns on forms prescribed by the department, are due monthly within (~~twenty~~) twenty-five days after the end of the month in which the taxable activities occur.

(2) The department of revenue may relieve any taxpayer or class of taxpayers from the obligation of remitting monthly and may require the return to cover other longer reporting periods, but in no event may returns be filed for a period greater than one year. For these taxpayers, tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

(3) The department of revenue may also require verified annual returns from any taxpayer, setting forth such additional information as it may deem necessary to correctly determine tax liability.

(4) Notwithstanding subsections (1) and (2) of this section, the department may relieve any person of the requirement to file returns if the following conditions are met:

(a) The person's value of products, gross proceeds of sales, or gross income of the business, from all business activities taxable under chapter 82.04 RCW, is less than twenty-eight thousand dollars per year;

(b) The person's gross income of the business from all activities taxable under chapter 82.16 RCW is less than twenty-four thousand dollars per year; and

(c) The person is not required to collect or pay to the department of revenue any other tax or fee which the department is authorized to collect.

Sec. 2. RCW 82.23B.020 and 2003 1st sp.s. c 13 s 9 are each amended to read as follows:

(1) An oil spill response tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of one cent per barrel of crude oil or petroleum product received.

(2) In addition to the tax imposed in subsection (1) of this section, an oil spill administration tax is imposed on the privilege of receiving crude oil or petroleum products at a marine terminal within this state from a waterborne vessel or barge operating on the navigable waters of this state. The tax imposed in this section is levied upon the owner of the crude oil or petroleum products immediately after receipt of the same into the storage tanks of a marine terminal from a waterborne vessel or barge at the rate of four cents per barrel of crude oil or petroleum product.

(3) The taxes imposed by this chapter shall be collected by the marine terminal operator from the taxpayer. If any person charged with collecting the taxes fails to bill the taxpayer for the taxes, or in the alternative has not notified the taxpayer in writing of the imposition of the taxes, or having collected the taxes, fails to pay them to the department in the manner prescribed by this chapter, whether such failure is the result of the person's own acts or the result of acts or conditions beyond the person's control, he or she shall, nevertheless, be personally liable to the state for the amount of the taxes. Payment of the taxes by the owner to a marine terminal operator shall relieve the owner from further liability for the taxes.

(4) Taxes collected under this chapter shall be held in trust until paid to the department. Any person collecting the taxes who appropriates or converts the taxes collected shall be guilty of a gross misdemeanor if the money required to be collected is not available for payment on the date payment is due. The taxes required by this chapter to be collected shall be stated separately from other charges made by the marine terminal operator in any invoice or other statement of account provided to the taxpayer.

(5) If a taxpayer fails to pay the taxes imposed by this chapter to the person charged with collection of the taxes and the person charged with collection fails to pay the taxes to the department, the department may, in its discretion, proceed directly against the taxpayer for collection of the taxes.

(6) The taxes shall be due from the marine terminal operator, along with reports and returns on forms prescribed by the department, within ~~((twenty))~~ twenty-five days after the end of the month in which the taxable activity occurs.

(7) The amount of taxes, until paid by the taxpayer to the marine terminal operator or to the department, shall constitute a debt from the taxpayer to the marine terminal operator. Any person required to collect the taxes under this chapter who, with intent to violate the provisions of this chapter, fails or refuses to do so as required and any taxpayer who refuses to pay any taxes due under this chapter, shall be guilty of a misdemeanor as provided in chapter 9A.20 RCW.

(8) Upon prior approval of the department, the taxpayer may pay the taxes imposed by this chapter directly to the department. The department shall give its approval for direct payment under this section whenever it appears, in the department's judgment, that direct payment will enhance the administration of the taxes imposed under this chapter. The department shall provide by rule for the issuance of a direct payment certificate to any taxpayer qualifying for direct payment of the taxes. Good faith acceptance of a direct payment certificate by a terminal operator shall relieve the marine terminal operator from any liability for the collection or payment of the taxes imposed under this chapter.

(9) All receipts from the tax imposed in subsection (1) of this section shall be deposited into the state oil spill response account. All receipts from the tax imposed in subsection (2) of this section shall be deposited into the oil spill prevention account.

(10) Within forty-five days after the end of each calendar quarter, the office of financial management shall determine the balance of the oil spill response account as of the last day of that calendar quarter. Balance determinations by the office of financial management under this section are final and shall not be used to challenge the validity of any tax imposed under this chapter. The office of financial management shall promptly notify the departments of revenue and ecology of the account balance once a determination is made. For each subsequent calendar quarter, the tax imposed by subsection (1) of this section shall be imposed during the entire calendar quarter unless:

(a) Tax was imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than nine million dollars; or

(b) Tax was not imposed under subsection (1) of this section during the immediately preceding calendar quarter, and the most recent quarterly balance is more than eight million dollars.

Sec. 3. RCW 82.27.060 and 2003 1st sp.s. c 13 s 10 are each amended to read as follows:

The taxes levied by this chapter shall be due for payment monthly and remittance therefor shall be made within ~~((twenty))~~ twenty-five days after the end of the month in which the taxable activity occurs. The taxpayer on or before the due date shall make out a signed return, setting out such information as the department of revenue may require, including the gross measure of the tax, any deductions, credits, or exemptions claimed, and the amount of tax due for the preceding monthly period, which amount shall be transmitted to the department along with the return.

The department may relieve any taxpayer from the obligation of filing a monthly return and may require the return to cover other periods, but in no event may periodic returns be filed for a period greater than one year. In such cases tax payments are due on or before the last day of the month next succeeding the end of the period covered by the return.

Sec. 4. RCW 82.32.085 and 1990 c 69 s 3 are each amended to read as follows:

(1) "Electronic funds transfer" means any transfer of funds, other than a transaction originated by check, drafts, or similar paper instrument, which is initiated through an electronic terminal, telephonic instrument, or computer or magnetic tape so as to order, instruct, or authorize a financial institution to debit or credit an account.

((The electronic funds transfer is to be completed so that the state receives collectible funds on or before the next banking day following the due date.))

(2)(a) Except as provided in (b) of this subsection, the electronic funds transfer is to be completed so that the state receives collectible funds on or before the next banking day following the due date.

(b) A remittance made using the automated clearinghouse debit method will be deemed to be received on the due date if the electronic funds transfer is initiated on or before 11:59 p.m. pacific time on the due date with an effective payment date on or before the next banking day following the due date.

(3)(a) The department shall adopt rules necessary to implement the provisions of RCW 82.32.080 and this section. The rules shall include but are not limited to: ~~((+))~~ (i) Coordinating the filing of tax returns with payment by electronic funds transfer; ~~((+))~~ (ii) form and content of electronic funds transfer; ~~((+))~~ (iii) voluntary use of electronic funds transfer with permission of the department; ~~((+))~~ (iv) use of commonly accepted means of electronic funds transfer; ~~((+))~~ (v) means of crediting and recording proof of payment; and ~~((+))~~ (vi) means of correcting errors in transmission.

(b) Any changes in the threshold of tax shall be implemented with a separate rule-making procedure.

NEW SECTION. Sec. 5. (1) The legislature recognizes the following with respect to the payment of excise taxes to the department of revenue by electronic funds transfer:

(a) Taxpayers required to pay their taxes by electronic funds transfer must do so through the use of either the automated clearinghouse debit method or automated clearinghouse credit method;

(b) For a remittance by electronic funds transfer to be considered timely, the transfer must be completed so that the state receives collectible funds on or before the next banking day following the due date;

(c) For the state to receive collectible funds on or before the next banking day following the due date, taxpayers using the automated clearinghouse debit method must initiate the transfer before 5:00 p.m. pacific time on the due date;

(d) The department of revenue receives information identifying the precise date and time the electronic funds transfer is initiated when a taxpayer uses the debit method; and

(e) The department receives information identifying only the date that the state receives collectible funds when a taxpayer uses the automated clearinghouse credit method.

(2) The legislature therefore finds that a remittance made using the automated clearinghouse debit method should be deemed to be received on the due date if the transfer is initiated on or before 11:59 p.m. pacific time on the due date with an effective payment date on or before the next banking day following the due date. The legislature further finds that because the department does not receive information about when an electronic funds transfer is initiated when a taxpayer uses the automated clearinghouse credit method, such transfers must be completed so that the state receives collectible funds on or before the next banking day following the due date.

Sec. 6. RCW 82.32.090 and 2003 1st sp.s. c 13 s 13 are each amended to read as follows:

(1) If payment of any tax due on a return to be filed by a taxpayer is not received by the department of revenue by the due date, there shall be assessed a penalty of five percent of the amount of the tax; and if the tax is not received on or before the last day of the month following the due date, there shall be assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if the tax is not received on or before the last day of the second month following the due date, there shall be assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added shall be less than five dollars.

(2) If the department of revenue determines that any tax ~~((is due))~~ has been substantially underpaid, there shall be assessed a penalty of five percent of the amount of the tax determined by the department to be due ~~((and))~~. If payment of any tax determined by the department to be due is not received by the department by the due date specified in the notice, or any extension thereof, there shall be assessed a total penalty of fifteen percent of the amount of the tax under this subsection; and if ~~((the))~~ payment of any tax determined by the department to be due is not received on or before the thirtieth

day following the due date specified in the notice of tax due, or any extension thereof, there shall be assessed a total penalty of twenty-five percent of the amount of the tax under this subsection. No penalty so added shall be less than five dollars. As used in this section, "substantially underpaid" means that the taxpayer has paid less than eighty percent of the amount of tax determined by the department to be due for all of the types of taxes included in, and for the entire period of time covered by, the department's examination, and the amount of underpayment is at least one thousand dollars.

(3) If a warrant be issued by the department of revenue for the collection of taxes, increases, and penalties, there shall be added thereto a penalty of ten percent of the amount of the tax, but not less than ten dollars.

(4) If the department finds that a person has engaged in any business or performed any act upon which a tax is imposed under this title and that person has not obtained from the department a registration certificate as required by RCW 82.32.030, the department shall impose a penalty of five percent of the amount of tax due from that person for the period that the person was not registered as required by RCW 82.32.030. The department shall not impose the penalty under this subsection (4) if a person who has engaged in business taxable under this title without first having registered as required by RCW 82.32.030, prior to any notification by the department of the need to register, obtains a registration certificate from the department.

(5) If the department finds that all or any part of a deficiency resulted from the disregard of specific written instructions as to reporting or tax liabilities, the department shall add a penalty of ten percent of the amount of the additional tax found due because of the failure to follow the instructions. A taxpayer disregards specific written instructions when the department of revenue has informed the taxpayer in writing of the taxpayer's tax obligations and the taxpayer fails to act in accordance with those instructions unless the department has not issued final instructions because the matter is under appeal pursuant to this chapter or departmental regulations. The department shall not assess the penalty under this section upon any taxpayer who has made a good faith effort to comply with the specific written instructions provided by the department to that taxpayer. Specific written instructions may be given as a part of a tax assessment, audit, determination, or closing agreement, provided that such specific written instructions shall apply only to the taxpayer addressed or referenced on such documents. Any specific written instructions by the department of revenue shall be clearly identified as such and shall inform the taxpayer that failure to follow the instructions may subject the taxpayer to the penalties imposed by this subsection.

(6) If the department finds that all or any part of the deficiency resulted from an intent to evade the tax payable hereunder, a further penalty of fifty percent of the additional tax found to be due shall be added.

(7) The penalties imposed under subsections (1) through (4) of this section can each be imposed on the same tax found to be due. This subsection does not prohibit or restrict the application of other penalties authorized by law.

(8) The department of revenue may not impose both the evasion penalty and the penalty for disregarding specific written instructions on the same tax found to be due.

(9) For the purposes of this section, "return" means any document a person is required by the state of Washington to file to satisfy or establish a tax or fee obligation that is administered or collected by the department of revenue, and that has a statutorily defined due date.

NEW SECTION. Sec. 7. (1) Sections 1 through 3 of this act apply to returns due after July 31, 2006.

(2) Section 4 of this act applies to payments due after July 31, 2006.

(3) Section 6 of this act only applies to assessments originally issued after June 30, 2006.

NEW SECTION. Sec. 8. This act does not affect any existing right acquired or liability or obligation incurred under the sections amended in this act or under any rule or order adopted under those

sections, nor does it affect any proceeding instituted under those sections.

NEW SECTION. Sec. 9. (1) Sections 1 through 4 of this act take effect August 1, 2006.

(2) Sections 6 and 7 of this act take effect July 1, 2006."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

March 8, 2006

Mr. Speaker:

The Senate receded from its amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 3127, and under suspension of the rules the bill was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that expanding activity in educational research, educational restructuring, and educational improvement initiatives has produced and continues to produce much valuable information. The legislature finds that such information should be shared with the citizens and educational community of the state as widely as possible. The legislature further finds that students and schools benefit from increased parental, guardian, and community involvement in education and increased knowledge of and input regarding the delivery of public education. The legislature further finds that increased community involvement with, knowledge of, and input regarding the public education system is particularly needed in low-income and ethnic minority communities.

The legislature finds that the center for the improvement of student learning, created by the legislature in 1993 under the auspices of the superintendent of public instruction, has not been allocated funding since the 2001-2003 biennium, and in effect no longer exists. It is the intent of the legislature to reactivate the center for the improvement of student learning, and to create an educational ombudsman to increase parent, guardian, and community involvement in public education and to serve as a resource for parents and students and as an advocate for students in the public education system.

Sec. 2. RCW 28A.300.130 and 1999 c 388 s 401 are each amended to read as follows:

(1) ~~((Expanding activity in educational research, educational restructuring, and educational improvement initiatives has produced and continues to produce much valuable information. (2) The center, in conjunction with other staff in the office of the superintendent of public instruction, shall:

(a) ~~((Serve as a clearinghouse for the completed work and activities of the academic achievement and accountability commission;~~

~~—(b))~~ Serve as a clearinghouse for information regarding successful educational improvement and parental involvement programs in schools and districts, and information about efforts within institutions of higher education in the state to support educational improvement initiatives in Washington schools and districts;

community involvement in education; school-to-work transition programs; programs to meet the needs of highly capable students; programs and practices to meet the diverse needs of students based on gender, racial, ethnic, economic, and special needs status; research, information, and technology systems; and other programs and practices that will assist educators in helping students learn the essential academic learning requirements;

~~((d) Develop and distribute, in conjunction with the academic achievement and accountability commission, parental involvement materials, including instructional guides developed to inform parents of the essential academic learning requirements. The instructional guides also shall contain actions parents may take to assist their children in meeting the requirements, and should focus on reaching parents who have not previously been involved with their children's education;~~

~~—(e) Identify obstacles to greater parent and community involvement in school shared decision-making processes and recommend strategies for helping parents and community members to participate effectively in school shared decision-making processes, including understanding and respecting the roles of school building administrators and staff;~~

~~((i))~~ (e) Provide training and consultation services, including conducting regional summer institutes;

~~((j) Address methods for improving the success rates of certain ethnic and racial student groups))~~ (f) Identify strategies for improving the success rates of ethnic and racial student groups with disproportionate academic achievement;

(g) Work with parents, teachers, and school districts in establishing a model absentee notification procedure that will properly notify parents when their student has not attended a class or has missed a school day. The office of the superintendent of public instruction shall consider various types of communication with parents including, but not limited to, electronic mail, phone, and postal mail; and

(5) The office of the superintendent of public instruction shall report to the legislature by September 1, 2007, and thereafter biennially, regarding the effectiveness of the center for improvement of student learning, how the services provided by the center for improvement of student learning have been used and by whom, and recommendations to improve the accessibility and application of knowledge and information that leads to improved student learning and greater family and community involvement in the public education system.

NEW SECTION. Sec. 3. - (iii) Community outreach.

(b) The education ombudsman may not be an employee of any school district, the office of the superintendent of public instruction, or the state board of education while serving as an education ombudsman.

(3) Before the appointment of the education ombudsman, the governor shall share information regarding the appointment to a six-person legislative committee appointed and comprised as follows:

(a) The committee shall consist of three senators and three members of the house of representatives from the legislature.

The education ombudsman may not contract with the superintendent of public instruction, or any school, school district, or current employee of a school, school district, or the office of the superintendent of public instruction for the provision of regional ombudsman services.

NEW SECTION. Sec. 4. The education ombudsman shall have the following powers and duties:

(1) To develop parental involvement materials, including instructional guides developed to inform parents of the essential academic learning requirements required by the superintendent of public instruction. MESSAGE FROM THE SENATE

March 7, 2006

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2673, with the following amendment:

Strike everything after the enacting clause and insert the following:

**"PART I
INTENT AND DEFINITIONS**

NEW SECTION. Sec. 101. INTENT. The legislature recognizes that the state as a whole benefits from investment in public infrastructure because it promotes community and economic development. Public investment stimulates business activity and helps create jobs; stimulates the redevelopment of brownfields and blighted areas in the inner city; lowers the cost of housing; and promotes efficient land use. The legislature finds that these activities generate revenue for the state and that it is in the public interest to invest in these projects through a credit against the state sales and use tax and an allocation of property tax revenue to those sponsoring local governments that can demonstrate the expected returns to the state.

NEW SECTION. Sec. 102. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Annual state contribution limit" means five million dollars statewide per fiscal year.

(2) "Assessed value" means the valuation of taxable real property as placed on the last completed assessment roll.

(3) "Base year" means the first calendar year following the creation of a revenue development area. For a local government that meets the requirements of section 202(2) of this act, "base year" is the calendar year after it amends its ordinance as provided in section 202(2) of this act.

(4) "Board" means the community economic revitalization board under chapter 43.160 RCW.

(5) "Demonstration project" means one of the following projects:

- (a) Bellingham waterfront redevelopment project;
- (b) Spokane river district project at Liberty Lake; and
- (c) Vancouver riverwest project.

(6) "Department" means the department of revenue.

(7) "Fiscal year" means the twelve-month period beginning July 1st and ending the following June 30th.

(8) "Local excise taxes" means local revenues derived from the imposition of sales and use taxes authorized in RCW 82.14.030 at the tax rate that was in effect at the time the revenue development area was created, except that if a local government reduces the rate of such tax after the revenue development area was created, "local excise taxes" means the local revenues derived from the imposition of the sales and use taxes authorized in RCW 82.14.030 at the lower tax rate.

(9) "Local excise tax allocation revenue" means the amount of local excise taxes received by the local government during the measurement year from taxable activity within the revenue development area over and above the amount of local excise taxes received by the local government during the base year from taxable activity within the revenue development area, except that:

(a) If a sponsoring local government creates a revenue development area and reasonably determines that no activity subject to tax under chapters 82.08 and 82.12 RCW occurred in the twelve months immediately preceding the creation of the revenue development area within the boundaries of the area that became the revenue development area, "local excise tax allocation revenue" means the entire amount of local excise taxes received by the sponsoring local government during a calendar year period beginning with the calendar year immediately following the creation of the revenue development area and continuing with each measurement year thereafter; and

(b) For revenue development areas created in calendar year 2006 that do not meet the requirements in (a) of this subsection and if legislation is enacted in this state by July 1, 2006, that adopts the sourcing provisions of the streamlined sales and use tax agreement, "local excise tax allocation revenue" means the amount of local excise taxes received by the sponsoring local government during the measurement year from taxable activity within the revenue

development area over and above an amount of local excise taxes received by the sponsoring local government during the 2007 base year adjusted by the department for any estimated impacts from retail sales and use tax sourcing changes effective July 1, 2007. The amount of base year adjustment determined by the department is final.

(10) "Local government" means any city, town, county, port district, and any federally recognized Indian tribe.

(11) "Local infrastructure financing" means the use of revenues received from local excise tax allocation revenues, local property tax allocation revenues, dedicated revenues from local public sources, and revenues received from the local option sales and use tax authorized in section 401 of this act to pay the principal and interest on bonds authorized under section 501 of this act.

(12) "Local property tax allocation revenue" means those tax revenues derived from the receipt of regular property taxes levied on the property tax allocation revenue value and used for local infrastructure financing.

(13) "Revenues from local public sources" means federal and private monetary contributions, amounts of local excise tax allocation revenues, and amounts of local property tax allocation revenues dedicated by participating taxing districts and participating local governments for local infrastructure financing.

(14) "Low-income housing" means residential housing for low-income persons or families who lack the means which is necessary to enable them, without financial assistance, to live in decent, safe, and sanitary dwellings, without overcrowding. For the purposes of this subsection, "low income" means income that does not exceed eighty percent of the median family income for the standard metropolitan statistical area in which the revenue development area is located.

(15) "Measurement year" means a calendar year, beginning with the calendar year following the base year and each calendar year thereafter, that is used annually to measure state and local excise tax allocation revenues.

(16) "Ordinance" means any appropriate method of taking legislative action by a local government.

(17) "Participating local government" means a local government having a revenue development area within its geographic boundaries that has entered into a written agreement with a sponsoring local government as provided in section 206 of this act to allow the use of all or some of its local excise tax allocation revenues or other revenues from local public sources dedicated for local infrastructure financing.

(18) "Participating taxing district" means a local government having a revenue development area within its geographic boundaries that has entered into a written agreement with a sponsoring local government as provided in section 206 of this act to allow the use of some or all of its local property tax allocation revenues or other revenues from local public sources dedicated for local infrastructure financing.

(19)(a) "Property tax allocation revenue value" means seventy-five percent of any increase in the assessed value of real property in a revenue development area resulting from the placement of new construction, improvements, or both to property on the assessment rolls after the revenue development area is created, where the new construction or improvements occur entirely after the revenue development area is created.

(b) If any new construction added to the assessment rolls consists of entire buildings, "property tax allocation revenue value" includes seventy-five percent of any increase in the assessed value of the buildings in the years following their initial placement on the assessment rolls.

(c) "Property tax allocation revenue value" does not include any increase in the assessed value of improvements to property or new construction that do not consist of an entire building, occurring after their initial placement on the assessment rolls.

(d) There is no property tax allocation revenue value if the assessed value of real property in a revenue development area has not increased due to new construction or improvements to property occurring after the revenue development area is created.

(20) "Taxing district" means a government entity that levies or has levied for it regular property taxes upon real property located within a proposed or approved revenue development area.

(21) "Public improvements" means:

(22) "Public improvement costs" means the cost of: (a) Design, planning, acquisition including land acquisition, site preparation including land clearing, construction, reconstruction, rehabilitation, improvement, and installation of public improvements; (b) demolishing, relocating, maintaining, and operating property pending construction of public improvements; (c) the local government's portion of relocating utilities as a result of public improvements; (d) financing public improvements, including interest during construction, legal and other professional services, taxes, insurance, principal and interest costs on general indebtedness issued to finance public improvements, and any necessary reserves for general indebtedness; (e) assessments incurred in revaluing real property for the purpose of determining the property tax allocation revenue base value that are in excess of costs incurred by the assessor in accordance with the revaluation plan under chapter 84.41 RCW, and the costs of apportioning the taxes and complying with this chapter and other applicable law; and (f) administrative expenses and feasibility studies reasonably necessary and related to these costs, including related costs that may have been incurred before adoption of the ordinance authorizing the public improvements and the use of local infrastructure financing to fund the costs of the public improvements.

(23) "Regular property taxes" means regular property taxes as defined in RCW 84.04.140, except: (a) Regular property taxes levied by public utility districts specifically for the purpose of making required payments of principal and interest on general indebtedness; (b) regular property taxes levied by the state for the support of the common schools under RCW 84.52.065; and (c) regular property taxes authorized by RCW 84.55.050 that are limited to a specific purpose. "Regular property taxes" do not include excess property tax levies that are exempt from the aggregate limits for junior and senior taxing districts as provided in RCW 84.52.043.

(24) "Property tax allocation revenue base value" means the assessed value of real property located within a revenue development area for taxes levied in the year in which the revenue development area is created for collection in the following year, plus one hundred percent of any increase in the assessed value of real property located within a revenue development area that is placed on the assessment rolls after the revenue development area is created, less the property tax allocation revenue value.

(25) "Relocating a business" means the closing of a business and the reopening of that business, or the opening of a new business that engages in the same activities as the previous business, in a different location within a one-year period, when an individual or entity has an ownership interest in the business at the time of closure and at the time of opening or reopening. "Relocating a business" does not include the closing and reopening of a business in a new location where the business has been acquired and is under entirely new ownership at the new location, or the closing and reopening of a business in a new location as a result of the exercise of the power of eminent domain.

(26) "Revenue development area" means the geographic area created by a sponsoring local government from which local excise and property tax allocation revenues are derived for local infrastructure financing.

(27) "Small business" has the same meaning as provided in RCW 19.85.020.

(28) "Sponsoring local government" means a city, town, or county, and for the purpose of this chapter a federally recognized

Indian tribe or any combination thereof, that creates a revenue development area and applies to the board to use local infrastructure financing.

- (b) The state excise tax allocation revenue and state property tax allocation revenue received by the state during the preceding calendar year;

(c) The amount of local excise tax allocation revenues, local property tax allocation revenues, and revenues from local public sources, that are dedicated by a sponsoring local government in the preceding calendar year to the payment of principal and interest on bonds issued under section 501 of this act; or

(d) The amount of project award granted by the board in the notice of approval to use local infrastructure financing under section 202 of this act.

(30) "State excise taxes" means revenues derived from state retail sales and use taxes under chapters 82.08 and 82.12 RCW, less the amount of tax distributions from all local retail sales and use taxes imposed on the same taxable events that are credited against the state retail sales and use taxes under chapters 82.08 and 82.12 RCW.

(31) "State excise tax allocation revenue" means the amount of state excise taxes received by the state during the measurement year from taxable activity within the revenue development area over and above the amount of state excise taxes received by the state during the base year from taxable activity within the revenue development area, except that:

(a) If a sponsoring local government creates a revenue development area and reasonably determines that no activity subject to tax under chapters 82.08 and 82.12 RCW occurred in the twelve months immediately preceding the creation of the revenue development area within the boundaries of the area that became the revenue development area, "state excise tax allocation revenue" means the entire amount of state excise taxes received by the state during a calendar year period beginning with the calendar year immediately following the creation of the revenue development area and continuing with each measurement year thereafter; and

(b) For revenue development areas created in calendar year 2006 that do not meet the requirements in (a) of this subsection and if legislation is enacted in this state by July 1, 2006, that adopts the sourcing provisions of the streamlined sales and use tax agreement, "state excise tax allocation revenue" means the amount of state excise taxes received by the state during the measurement year from taxable activity within the revenue development area over and above an amount of state excise taxes received by the state during the 2007 base year adjusted by the department for any estimated impacts from retail sales and use tax sourcing changes effective July 1, 2007. PART II LOCAL INFRASTRUCTURE FINANCING TOOL

NEW SECTION. Sec. 201. CREATION OF THE LOCAL INFRASTRUCTURE FINANCING TOOL PROGRAM. The local infrastructure financing tool program is created to assist local governments in financing authorized public infrastructure projects designed to promote economic development in the jurisdiction. The local infrastructure financing tool program is not created to enable existing Washington-based businesses from outside a revenue development area to relocate into a revenue development area.

NEW SECTION. Sec. 202. LOCAL INFRASTRUCTURE FINANCING TOOL PROGRAM APPLICATION. (1) Prior to applying to the board to use local infrastructure financing, a sponsoring local government shall:

- (a) Designate a revenue development area within the limitations in section 204 of this act;
- (b) Certify that the conditions in section 205 of this act are met;

- (c) Complete the process in section 206 of this act;
- (d) Provide public notice as required in section 208 of this act;

and

(e) Pass an ordinance adopting the revenue development area as required in section 207 of this act.

(2) Any local government that has created an increment area under chapter 39.89 RCW that has not issued bonds to finance any public improvement shall be considered a revenue development area under this chapter without creating a new increment area under sections 207 and 208 of this act if it amends its ordinance to comply with section 207(1) of this act and otherwise meets the conditions and limitations under this chapter.

(3) As a condition to imposing a sales and use tax under section 401 of this act, a sponsoring local government, including any cosponsoring local government seeking authority to impose a sales and use tax under section 401 of this act, must apply to the board and be approved for a project award amount. The application shall be in a form and manner prescribed by the board and include but not be limited to information establishing that the applicant is an eligible candidate to impose the local sales and use tax under section 401 of this act, the anticipated effective date for imposing the tax, the estimated number of years that the tax will be imposed, and the estimated amount of tax revenue to be received in each fiscal year that the tax will be imposed. The board shall make available forms to be used for this purpose. As part of the application, each applicant must provide to the board a copy of the ordinance or ordinances creating the revenue development area as required in section 207 of this act. A notice of approval to use local infrastructure financing shall contain a project award that represents the maximum amount of state contribution that the applicant, including any cosponsoring local governments, can earn each year that local infrastructure financing is used. The total of all project awards shall not exceed the annual state contribution limit. The determination of a project award shall be made based on information contained in the application and the remaining amount of annual state contribution limit to be awarded. Determination of a project award by the board is final.

(4) Sponsoring local governments, and any cosponsoring local governments, must submit completed applications to the board no later than July 1, 2007. By September 15, 2007, in consultation with the department of revenue and the department of community, trade, and economic development, the board shall approve qualified projects, up to the annual state contribution limit. Except as provided in section 203 of this act, approvals shall be based on the following criteria:

- (a) The project potential to enhance the sponsoring local government's regional and/or international competitiveness;
- (b) The project's ability to encourage mixed use development and the redevelopment of a geographic area;
- (c) Achieving an overall distribution of projects statewide that reflect geographic diversity;
- (d) The estimated wages and benefits for the project is greater than the average labor market area;
- (e) The estimated state and local net employment change over the life of the project;
- (f) The estimated state and local net property tax change over the life of the project; and
- (g) The estimated state and local sales and use tax increase over the life of the project.

(5) A revenue development area is considered created when the sponsoring local government, including any cosponsoring local government, has adopted an ordinance creating the revenue development area and the board has approved the sponsoring local government to use local infrastructure financing. If a sponsoring local government receives approval from the board after the fifteenth day of October to use local infrastructure financing, the revenue development area is considered created in the calendar year following the approval. Once the board has approved the sponsoring local government, and any cosponsoring local governments, to use local infrastructure financing, notification shall be sent to the sponsoring local government, and any cosponsoring local governments, authorizing the sponsoring local government, and any cosponsoring local governments, to impose the local sales and use tax authorized

under section 401 of this act, subject to the conditions in section 401 of this act.

NEW SECTION. Sec. 203. In addition to a competitive process, demonstration projects are provided to determine the feasibility of the local infrastructure financing tool. Notwithstanding section 202 of this act, the board shall approve each demonstration project before approving any other application. The Bellingham waterfront redevelopment project award shall not exceed one million dollars per year, the Spokane river district project award shall not exceed one million dollars per year, and the Vancouver riverwest project award shall not exceed five hundred thousand dollars per year.

NEW SECTION. Sec. 204. LIMITATIONS ON REVENUE DEVELOPMENT AREAS. The designation of a revenue development area is subject to the following limitations:

(1) The taxable real property within the revenue development area boundaries may not exceed one billion dollars in assessed value at the time the revenue development area is designated;

(2) The average assessed value per square foot of taxable land within the revenue development area boundaries may not exceed seventy dollars at the time the revenue development area is designated;

(3) No more than one revenue development area may be created in a county;

(4) A revenue development area is limited to contiguous tracts, lots, pieces, or parcels of land without the creation of islands of property not included in the revenue development area;

(5) The boundaries may not be drawn to purposely exclude parcels where economic growth is unlikely to occur;

(6) The public improvements financed through local infrastructure financing must be located in the revenue development area;

(7) A revenue development area cannot comprise an area containing more than twenty-five percent of the total assessed value of the taxable real property within the boundaries of the sponsoring local government, including any cosponsoring local government, at the time the revenue development area is designated;

(8) The boundaries of the revenue development area shall not be changed for the time period that local infrastructure financing is used; and

(9) A revenue development area cannot include any part of an increment area created under chapter 39.89 RCW, except those increment areas created prior to January 1, 2006.

NEW SECTION. Sec. 205. CONDITIONS. The use of local infrastructure financing under this chapter is subject to the following conditions:

(1) No funds may be used to finance, design, acquire, construct, equip, operate, maintain, remodel, repair, or reequip public facilities funded with taxes collected under RCW 82.14.048;

(2)(a) Except as provided in (b) of this subsection no funds may be used for public improvements other than projects identified within the capital facilities, utilities, housing, or transportation element of a comprehensive plan required under chapter 36.70A RCW;

(b) Funds may be used for public improvements that are historical preservation activities as defined in RCW 39.89.020;

(3) The public improvements proposed to be financed in whole or in part using local infrastructure financing are expected to encourage private development within the revenue development area and to increase the fair market value of real property within the revenue development area;

(4) A sponsoring local government, participating local government, or participating taxing district has entered or expects to enter into a contract with a private developer relating to the development of private improvements within the revenue development area or has received a letter of intent from a private developer relating to the developer's plans for the development of private improvements within the revenue development area;

(5) Private development that is anticipated to occur within the revenue development area, as a result of the public improvements, will be consistent with the countywide planning policy adopted by

the county under RCW 36.70A.210 and the local government's comprehensive plan and development regulations adopted under chapter 36.70A RCW;

(6) The governing body of the sponsoring local government, and any cosponsoring local government, must make a finding that local infrastructure financing:

(a) Is not expected to be used for the purpose of relocating a business from outside the revenue development area, but within this state, into the revenue development area; and

(b) Will improve the viability of existing business entities within the revenue development area;

(7) The governing body of the sponsoring local government, and any cosponsoring local government, finds that the public improvements proposed to be financed in whole or in part using local infrastructure financing are reasonably likely to:

(a) Increase private residential and commercial investment within the revenue development area;

(b) Increase employment within the revenue development area;

(c) Improve the viability of any existing communities that are based on mixed-use development within the revenue development area; and

(d) Generate, over the period of time that the local option sales and use tax will be imposed under section 401 of this act, state excise tax allocation revenues and state property tax allocation revenues derived from the revenue development area that are equal to or greater than the respective state contributions made under this chapter;

(8) The sponsoring local government may only use local infrastructure financing in areas deemed in need of economic development or redevelopment within boundaries of the sponsoring local government.

NEW SECTION. Sec. 206. PROCESS. Before adopting an ordinance creating the revenue development area, a sponsoring local government must:

(1) Obtain written agreement from any participating local government and participating taxing district to use dedicated amounts of local excise tax allocation revenues, local property tax allocation revenues, and other revenues from local public sources in whole or in part, for local infrastructure financing authorized under this chapter. The agreement to opt into the local infrastructure financing public improvement project must be authorized by the governing body of such participating local government and participating taxing district;

(2) Estimate the impact of the revenue development area on small business and low-income housing and develop a mitigation plan for the impacted businesses and housing. In analyzing the impact of the revenue development area, the sponsoring local government must develop:

(a) An inventory of existing low-income housing units, and businesses and retail activity within the revenue development area;

(b) A reasonable estimate of the number of low-income housing units, small businesses, and other commercial activity that may be vulnerable to displacement within the revenue development area;

(c) A reasonable estimate of projected net job growth and net housing growth caused by creation of the revenue development area when compared to the existing jobs or housing balance for the area; and

(d) A reasonable estimate of the impact of net housing growth on the current housing price mix.

NEW SECTION. Sec. 207. ORDINANCE. (1) To create a revenue development area, a sponsoring local government, and any cosponsoring local government, must adopt an ordinance establishing the revenue development area that:

(a) Describes the public improvements proposed to be made in the revenue development area;

(b) Describes the boundaries of the revenue development area, subject to the limitations in section 204 of this act;

(c) Estimates the cost of the proposed public improvements and the portion of these costs to be financed by local infrastructure financing;

(d) Estimates the time during which local excise tax allocation revenues, local property tax allocation revenues, and other revenues from local public sources are to be used for local infrastructure financing;

(e) Provides the date when the use of local excise tax allocation revenues and local property tax allocation revenues will commence; and

(f) Finds that the conditions in section 205 of this act are met and the findings in section 206 of this act are complete.

(2) The sponsoring local government, and any cosponsoring local government, must hold a public hearing on the proposed financing of the public improvements in whole or in part with local infrastructure financing at least thirty days before passage of the ordinance establishing the revenue development area. The public hearing may be held by either the governing body of the sponsoring local government and the governing body of any cosponsoring local government, or by a committee of those governing bodies that includes at least a majority of the whole governing body or bodies. The public hearing is subject to the notice requirements in section 208 of this act.

(3) The sponsoring local government, and any cosponsoring local government, shall deliver a certified copy of the adopted ordinance to the county treasurer, the governing body of each participating local government and participating taxing district within which the revenue development area is located, the board, and the department.

NEW SECTION. Sec. 208. NOTICE REQUIREMENTS. Prior to adopting the ordinance creating the revenue development area and to meet the requirements of section 501(1)(b) of this act, a sponsoring local government and any cosponsoring local government must provide public notice.

(1) Notice of the public hearing must be published in a legal newspaper of general circulation within the proposed revenue development area at least ten days before the public hearing and posted in at least six conspicuous public places located in the proposed revenue development area.

(2) Notice must also be sent by United States mail to the property owners, all identifiable community-based organizations with involvement in the proposed revenue development area, and the business enterprises located within the proposed revenue development area at least thirty days prior to the hearing. In implementing provisions under this chapter, the local governing body may also consult with community-based groups, business organizations, including the local chamber of commerce, and the office of minority and women's business enterprises to assist with providing appropriate notice to business enterprises and property owners for whom English is a second language.

(3) Notices must describe the contemplated public improvements, estimate the public improvement costs, describe the portion of the public improvement costs to be borne by local infrastructure financing, describe any other sources of revenue to finance the public improvements, describe the boundaries of the proposed revenue development area, estimate the impact that the public improvements will have on small businesses and low-income housing, and estimate the period during which local infrastructure financing is contemplated to be used.

(4) Notices must inform the public where to obtain the information that shows how the limitations, conditions, and findings required in sections 204 through 206 of this act are met.

(5) The sponsoring local government and any cosponsoring local government shall deliver a certified copy of the proposed ordinance to the county treasurer, the governing body of each participating local government and participating taxing district within which the revenue development area is located, the board, and the department.

PART III TAX ALLOCATION REVENUES

NEW SECTION. Sec. 301. LOCAL EXCISE TAX ALLOCATION REVENUES. (1) A sponsoring local government or participating local government that has received approval by the board to use local infrastructure financing may use annually its local

excise tax allocation revenues to finance public improvements in the revenue development area financed in whole or in part by local infrastructure financing. The use of local excise tax allocation revenues dedicated by participating local governments must cease when such allocation revenues are no longer necessary or obligated to pay bonds issued to finance the public improvements in the revenue development area. Any participating local government is authorized to dedicate local excise tax allocation revenues to the sponsoring local government as authorized in section 206(1) of this act.

(2) A sponsoring local government shall provide the board accurate information describing the geographical boundaries of the revenue development area at the time of application. The information shall be provided in an electronic format or manner as prescribed by the department. The sponsoring local government shall ensure that the boundary information provided to the board and department is kept current.

(3) In the event a city annexes a county area located within a county-sponsored revenue development area, the city shall remit to the county the portion of the local excise tax allocation revenue that the county would have received had the area not been annexed to the county. The city shall remit such revenues until such time as the bonds issued under section 501 of this act are retired.

NEW SECTION. Sec. 302. LOCAL PROPERTY TAX ALLOCATION REVENUES. (1) Commencing in the second calendar year following the passage of the ordinance creating a revenue development area and authorizing the use of local infrastructure financing, the county treasurer shall distribute receipts from regular taxes imposed on real property located in the revenue development area as follows:

(a) Each participating taxing district and the sponsoring local government shall receive that portion of its regular property taxes produced by the rate of tax levied by or for the taxing district on the property tax allocation revenue base value for that local infrastructure financing project in the taxing district, or upon the total assessed value of real property in the taxing district, whichever is smaller; and

(b) The sponsoring local government shall receive an additional portion of the regular property taxes levied by it and by or for each participating taxing district upon the property tax allocation revenue value within the revenue development area. However, if there is no property tax allocation revenue value, the sponsoring local government shall not receive any additional regular property taxes under this subsection (1)(b). The sponsoring local government may agree to receive less than the full amount of the additional portion of regular property taxes under this subsection (1)(b) as long as bond debt service, reserve, and other bond covenant requirements are satisfied, in which case the balance of these tax receipts shall be allocated to the participating taxing districts that levied regular property taxes, or have regular property taxes levied for them, in the revenue development area for collection that year in proportion to their regular tax levy rates for collection that year. The sponsoring local government may request that the treasurer transfer this additional portion of the property taxes to its designated agent. The portion of the tax receipts distributed to the sponsoring local government or its agent under this subsection (1)(b) may only be expended to finance public improvement costs associated with the public improvements financed in whole or in part by local infrastructure financing.

(2) The county assessor shall allocate any increase in the assessed value of real property occurring in the revenue development area to the property tax allocation revenue value and property tax allocation revenue base value as appropriate. This section does not authorize revaluations of real property by the assessor for property taxation that are not made in accordance with the assessor's revaluation plan under chapter 84.41 RCW or under other authorized revaluation procedures.

(3) The apportionment of increases in assessed valuation in a revenue development area, and the associated distribution to the sponsoring local government of receipts from regular property taxes that are imposed on the property tax allocation revenue value, must cease when property tax allocation revenues are no longer necessary or obligated to pay the costs of the public improvements. Any excess

local property tax allocation revenues derived from regular property taxes and earnings on these tax allocation revenues, remaining at the time the allocation of tax receipts terminates, must be returned to the county treasurer and distributed to the participating taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the revenue development area for collection that year, in proportion to the rates of their regular property tax levies for collection that year.

(4) The allocation to the revenue development area of portions of the local regular property taxes levied by or for each taxing district upon the property tax allocation revenue value within that revenue development area is declared to be a public purpose of and benefit to each such taxing district.

(5) The allocation of local property tax allocation revenues pursuant to this section shall not affect or be deemed to affect the rate of taxes levied by or within any taxing district or the consistency of any such levies with the uniformity requirement of Article VII, section 1 of the state Constitution.

(6) This section does not apply to those revenue development areas that include any part of an increment area created under chapter 39.89 RCW.

PART IV STATE CONTRIBUTIONS

NEW SECTION. Sec. 401. A new section is added to chapter 82.14 RCW to read as follows:

SALES AND USE TAX. (1) A sponsoring local government, and any cosponsoring local government, that has been approved by the board to use local infrastructure financing may impose a sales and use tax in accordance with the terms of this chapter and subject to the criteria set forth in this section. Except as provided in this section, the tax is in addition to other taxes authorized by law and shall be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing jurisdiction of the sponsoring local government or cosponsoring local government. The rate of tax shall not exceed the rate provided in RCW 82.08.020(1), less the aggregate rates of any other local sales and use taxes imposed on the same taxable events that are credited against the state sales and use taxes imposed under chapters 82.08 and 82.12 RCW. The rate of tax may be changed only on the first day of a fiscal year as needed. Notice of rate changes must be provided to the department on the first day of March to be effective on July 1st of the next fiscal year.

(2) The tax authorized under subsection (1) of this section shall be credited against the state taxes imposed under chapter 82.08 or 82.12 RCW. The department shall perform the collection of such taxes on behalf of the sponsoring local government or cosponsoring local government at no cost to the sponsoring local government or cosponsoring local government and shall remit the taxes as provided in RCW 82.14.060.

(3)(a) No tax may be imposed under this section:

(i) Before July 1, 2008;

(ii) Before approval by the board under section 202 of this act;

and

(iii) Except as provided in (b) of this subsection, unless the sponsoring local government has received and dedicated to the payment of bonds authorized in section 501 of this act, in whole or in part, both local excise tax allocation revenues and local property tax allocation revenues during the preceding calendar year.

(b) The requirement to receive local property tax allocation revenues under (a) of this subsection is waived if the revenue development area coincides with or is contained entirely within the boundaries of an increment area adopted by a local government under the authority of chapter 39.89 RCW for the purposes of utilizing community revitalization financing.

(c) The tax imposed under this section shall expire when the bonds issued under the authority of section 501 of this act are retired, but not more than twenty-five years after the tax is first imposed.

(4) An ordinance adopted by the legislative authority of a sponsoring local government or cosponsoring local government imposing a tax under this section shall provide that:

(a) The tax shall first be imposed on the first day of a fiscal year;

(b) The cumulative amount of tax received by the sponsoring local government, and any cosponsoring local government, in any fiscal year shall not exceed the amount of the state contribution;

(c) The tax shall cease to be distributed for the remainder of any fiscal year in which either:

(i) The amount of tax received by the sponsoring local government, and any cosponsoring local government, equals the amount of the state contribution;

(ii) The amount of revenue from taxes imposed under this section by all sponsoring and cosponsoring local governments equals the annual state contribution limit; or

(iii) The amount of tax received by the sponsoring local government equals the amount of project award granted in the approval notice described in section 202 of this act;

(d) Except when the requirement to receive local property tax allocation revenues is waived as provided in subsection (3)(b) of this section, neither the local excise tax allocation revenues nor the local property tax allocation revenues can be more than eighty percent of the total local funds as described in section 102(29)(c) of this act;

(e) The tax shall be distributed again, should it cease to be distributed for any of the reasons provided in (c) of this subsection, at the beginning of the next fiscal year, subject to the restrictions in this section; and

(f) Any revenue generated by the tax in excess of the amounts specified in (c) of this subsection shall belong to the state of Washington.

(5) If a county and city cosponsor a revenue development area, the combined rates of the city and county tax shall not exceed the rate provided in RCW 82.08.020(1), less the aggregate rates of any other local sales and use taxes imposed on the same taxable events that are credited against the state sales and use taxes imposed under chapters 82.08 and 82.12 RCW. The combined amount of distributions received by both the city and county may not exceed the state contribution.

(6) The department shall determine the amount of tax receipts distributed to each sponsoring local government, and any cosponsoring local government, imposing sales and use tax under this section and shall advise a sponsoring or cosponsoring local government when tax distributions for the fiscal year equal the amount of state contribution for that fiscal year as provided in subsection (8) of this section. Determinations by the department of the amount of tax distributions attributable to each sponsoring or cosponsoring local government are final and shall not be used to challenge the validity of any tax imposed under this section. The department shall remit any tax receipts in excess of the amounts specified in subsection (4)(c) of this section to the state treasurer who shall deposit the money in the general fund.

(7) If a sponsoring or cosponsoring local government fails to comply with section 403 of this act, no tax may be distributed in the subsequent fiscal year until such time as the sponsoring or cosponsoring local government complies and the department calculates the state contribution amount for such fiscal year.

(8) Each year, the amount of taxes approved by the department for distribution to a sponsoring or cosponsoring local government in the next fiscal year shall be equal to the state contribution and shall be no more than the total local funds as described in section 102(29)(c) of this act. The department shall consider information from reports described in section 403 of this act when determining the amount of state contributions for each fiscal year. A sponsoring or cosponsoring local government shall not receive, in any fiscal year, more revenues from taxes imposed under the authority of this section than the amount approved annually by the department. The department shall not approve the receipt of more distributions of sales and use tax under this section to a sponsoring or cosponsoring local government than is authorized under subsection (4) of this section.

(9) The amount of tax distributions received from taxes imposed under the authority of this section by all sponsoring and cosponsoring local governments is limited annually to not more than five million dollars. The tax distributions shall be available to the sponsoring local government, and any cosponsoring local government, imposing a tax under this section only as long as the sponsoring local government has outstanding indebtedness under section 501 of this act.

(10) The definitions in section 102 of this act apply to this section unless the context clearly requires otherwise.

(11) If a sponsoring local government is a federally recognized Indian tribe, the distribution of the sales and use tax authorized under this section shall be authorized through an interlocal agreement pursuant to chapter 39.34 RCW.

NEW SECTION. Sec. 402. USE OF FUNDS. Money collected from the taxes imposed under section 401 of this act shall be used only for the purpose of principal and interest payments on bonds issued under the authority of section 501 of this act.

NEW SECTION. Sec. 403. REPORTING REQUIREMENTS. (1) A sponsoring local government shall provide a report to the board and the department by March 1st of each year. The report shall contain the following information:

(a) The amount of local excise tax allocation revenues, and local property tax allocation revenues, taxes under section 401 of this act, and revenues from local public sources received by the sponsoring local government during the preceding calendar year that were dedicated to pay the public improvements financed in whole or in part with local infrastructure financing, and a summary of how these revenues were expended;

(b) The names of any businesses locating within the revenue development area as a result of the public improvements undertaken by the sponsoring local government and financed in whole or in part with local infrastructure financing;

(c) The total number of permanent jobs created in the revenue development area as a result of the public improvements undertaken by the sponsoring local government and financed in whole or in part with local infrastructure financing;

(d) The average wages and benefits received by all employees of businesses locating within the revenue development area as a result of the public improvements undertaken by the sponsoring local government and financed in whole or in part with local infrastructure financing; and

(e) That the sponsoring local government is in compliance with section 205 of this act.

(2) The board shall make a report available to the public and the legislature by June 1st of each year. The report shall include a list of public improvements undertaken by sponsoring local governments and financed in whole or in part with local infrastructure financing and it shall also include a summary of the information provided to the department by sponsoring local governments under subsection (1) of this section.

PART V BOND AUTHORIZATION

NEW SECTION. Sec. 501. BOND ISSUANCE. (1) A sponsoring local government that has designated a revenue development area and been authorized the use of local infrastructure financing may incur general indebtedness, and issue general obligation bonds, to finance the public improvements and retire the indebtedness in whole or in part from tax allocation revenues it receives, subject to the following requirements:

(a) The ordinance adopted by the sponsoring local government and authorizing the use of local infrastructure financing indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated; and

(b) The sponsoring local government includes this statement of the intent in all notices required by section 207 of this act.

(2)(a) Except as provided in (b) of this subsection, the general indebtedness incurred under subsection (1) of this section may be payable from other tax revenues, the full faith and credit of the local government, and nontax income, revenues, fees, and rents from the public improvements, as well as contributions, grants, and nontax money available to the local government for payment of costs of the public improvements or associated debt service on the general indebtedness.

(b) A sponsoring local government that issues bonds under this section shall not pledge any money received from the state of Washington for the payment of such bonds, other than the local sales

and use taxes imposed under the authority of section 401 of this act and collected by the department.

(3) In addition to the requirements in subsection (1) of this section, a sponsoring local government designating a revenue development area and authorizing the use of local infrastructure financing may require the nonpublic participant to provide adequate security to protect the public investment in the public improvement within the revenue development area.

(4) Bonds issued under this section shall be authorized by ordinance of the governing body of the sponsoring local government and may be issued in one or more series and shall bear such date or dates, be payable upon demand or mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form either coupon or registered as provided in RCW 39.46.030, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places, and be subject to such terms of redemption with or without premium, be secured in such manner, and have such other characteristics, as may be provided by such ordinance or trust indenture or mortgage issued pursuant thereto.

(5) The sponsoring local government may annually pay into a fund to be established for the benefit of bonds issued under this section a fixed proportion or a fixed amount of any local excise tax allocation revenues and local property tax allocation revenues derived from property or business activity within the revenue development area containing the public improvements funded by the bonds, such payment to continue until all bonds payable from the fund are paid in full. The local government may also annually pay into the fund established in this section a fixed proportion or a fixed amount of any revenues derived from taxes imposed under section 401 of this act, such payment to continue until all bonds payable from the fund are paid in full. Revenues derived from taxes imposed under section 401 of this act are subject to the use restriction in section 402 of this act.

(6) In case any of the public officials of the sponsoring local government whose signatures appear on any bonds or any coupons issued under this chapter shall cease to be such officials before the delivery of such bonds, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if such officials had remained in office until such delivery. Any provision of any law to the contrary notwithstanding, any bonds issued under this chapter are fully negotiable.

(7) Notwithstanding subsections (4) through (6) of this section, bonds issued under this section may be issued and sold in accordance with chapter 39.46 RCW.

NEW SECTION. Sec. 502. USE OF TAX REVENUE FOR BOND REPAYMENT. A sponsoring local government that issues bonds under section 501 of this act to finance public improvements may pledge for the payment of such bonds all or part of any local excise tax allocation revenues and all or part of any local property tax allocation revenues dedicated by the sponsoring local government, any participating local government, or participating taxing district. The sponsoring local government may also pledge all or part of any revenues derived from taxes imposed under section 401 of this act and held in connection with the public improvements. All of such tax revenues are subject to the use restrictions in sections 202 through 205 of this act, and the process requirements in section 206(1) of this act.

NEW SECTION. Sec. 503. BONDS ISSUED NOT AN OBLIGATION OF THE STATE OF WASHINGTON. The bonds issued by a sponsoring local government under section 501 of this act to finance public improvements shall not constitute an obligation of the state of Washington, either general or special.

NEW SECTION. Sec. 504. GENERAL INDEBTEDNESS--SECURITY. (1) A sponsoring local government designating a revenue development area and authorizing the use of local infrastructure financing may incur general indebtedness, and issue general obligation bonds, to finance the public improvements and retire the indebtedness in whole or in part from local excise tax

allocation revenues and local property tax allocation revenues it receives, subject to the following requirements:

(a) The ordinance adopted by the sponsoring local government creating the revenue development area and authorizing the use of local infrastructure financing indicates an intent to incur this indebtedness and the maximum amount of this indebtedness that is contemplated; and

(b) The sponsoring local government includes this statement of the intent in all notices required by sections 205 and 206 of this act.

(2) The general indebtedness incurred under subsection (1) of this section may be payable from other tax revenues, the full faith and credit of the sponsoring local government, and nontax income, revenues, fees, and rents from the public improvements, as well as contributions, grants, and nontax money available to the sponsoring local government for payment of costs of the public improvements or associated debt service on the general indebtedness.

(3) In addition to the requirements in subsection (1) of this section, a sponsoring local government designating a revenue development area and authorizing the use of local infrastructure financing may require the nonpublic participant to provide adequate security to protect the public investment in the public improvement within the revenue development area.

NEW SECTION. Sec. 505. REVENUE BONDS. (1) A sponsoring local government may issue revenue bonds to fund revenue-generating public improvements, or portions of public improvements, that are located within a revenue development area. Whenever revenue bonds are to be issued, the legislative authority of the sponsoring local government shall create or have created a special fund or funds from which, along with any reserves created pursuant to RCW 39.44.140, the principal and interest on these revenue bonds shall exclusively be payable. The legislative authority of the sponsoring local government may obligate the sponsoring local government to set aside and pay into the special fund or funds a fixed proportion or a fixed amount of the revenues from the public improvements that are funded by the revenue bonds. This amount or proportion is a lien and charge against these revenues, subject only to operating and maintenance expenses. The sponsoring local government shall have due regard for the cost of operation and maintenance of the public improvements that are funded by the revenue bonds, and shall not set aside into the special fund or funds a greater amount or proportion of the revenues that in its judgment will be available over and above the cost of maintenance and operation and the amount or proportion, if any, of the revenue previously pledged. The sponsoring local government may also provide that revenue bonds payable out of the same source or sources of revenue may later be issued on a parity with any revenue bonds being issued and sold.

(2) Revenue bonds issued pursuant to this section are not an indebtedness of the sponsoring local government issuing the bonds, and the interest and principal on the bonds shall only be payable from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The owner or bearer of a revenue bond or any interest coupon issued pursuant to this section shall not have any claim against the sponsoring local government arising from the bond or coupon except for payment from the revenues lawfully pledged to meet the principal and interest requirements and any reserves created pursuant to RCW 39.44.140. The substance of the limitations included in this subsection shall be plainly printed, written, or engraved on each bond issued pursuant to this section.

(3) Revenue bonds with a maturity in excess of twenty-five years shall not be issued. The legislative authority of the sponsoring local government shall by resolution determine for each revenue bond issue the amount, date, form, terms, conditions, denominations, maximum fixed or variable interest rate or rates, maturity or maturities, redemption rights, registration privileges, manner of execution, manner of sale, callable provisions, if any, and covenants including the refunding of existing revenue bonds. Facsimile signatures may be used on the bonds and any coupons. Refunding revenue bonds may be issued in the same manner as revenue bonds are issued.

(4) Notwithstanding subsections (1) through (3) of this section, bonds issued under this section may be issued and sold in accordance with chapter 39.46 RCW.

**PART VI

(1) The report shall, at a minimum, evaluate the effectiveness of the local infrastructure financing tool program, including a project-by-project review. The report shall evaluate the project's interim results based on the selection criteria. The report shall also measure:

POINT OF PERSONAL PRIVILEGE

Representative Talcott: "Thank you, Mr. Speaker. I knew this time was coming. We are part of such an exclusive club. Those photographs in the hallway – there are individual photos and there are some faces that have been up there for many years, in fact decades as our good Chair of Appropriations. You just never know the time is coming. I want to thank Representative Upthegrove because until about ten minutes ago, I was totally focused on House Bill 2582 and couldn't go to dinner, couldn't go to the Governor's Mansion because it was in a melt down over in the Senate. We found out that it was a Senate staffer that had called back to a House staffer to a written amendment that was drafted to the wrong bill. Hopefully now it will be on a cutoff resolution and we'll be taking action on that still before we Sine Die here. But my heart is totally filled with gratitude. Gratitude to the people -- I am afraid I might leave an island out if I named them alphabetically right now -- the people of the 28th District that bestowed this tremendous honor on me. I am also just filled with gratitude for the founding fathers of this land. This is an amazing experiment that happened decades ago. It is an experiment still, we are a very young country compared to the history of China. But it only works because of the sacrifices the people in this room are making. My heart is just filled with the gratitude that you are willing to continue on. The class of 1992 had twelve members in it. It was one of those tidewaves for the Democrats. Twelve of us came, seven of us chose to leave on their own. Three chose to move to the Senate and one – Dale Fuhrman – who sought the Governorship and was defeated. I'm number 12 on my side of the aisle for the class of 1992 and I'm choosing to leave now. I don't want to be one of those gray haired Pierce County legislators that people are talking about their backs and saying they're not as sharp as they were before. Now the good gentleman knows I was speaking of the feminine side of Pierce County. I am filled with the gratitude for the sacrifices – not just the ones our founding fathers made – but you are making and will continue to make and that your families are making. No one outside of this exclusive club recognizes the sacrifices that you are making; it is profound and it is deep, and it lasts beyond this institution. So I thank you for that and I wish God's blessing on each of you and your families."

SPEAKER'S PRIVILEGE

Speaker Chopp: "Representative Talcott, I want to add my words as well for all your years of service, right up to today

when you were helping Representative Upthegrove on his bill on high school completion. Thank you very much. I really appreciate it."

HOUSE RESOLUTION NO. 4723 was adopted.

POINT OF PERSONAL PRIVILEGE

Representative Cox: "Mr. Speaker, thank you for this opportunity and thank you so much for those kind words. That was really special. I would want to rebut, Representative Armstrong in particular, about my lack of intelligence in asking Mr. Clements to be on the Education Committee. I thought it was a stroke of genius. I asked two other people to be on the Education Committee that year, Representative Clements and Representative Buck. And after sitting through 2 hearings of college presidents and higher education coordinating board staff analyze some of the issues we were facing in that session, and it was a particularly difficult session, Representative Buck said "what do I have to do to get off this committee?" And I said "if you wrote me a campaign check for \$100,000 I might be able to arrange it." And he did it. Now, that was a stroke of genius!

But I really learned from some of the best here. I remember my first day – I couldn't even get into the parking lot. I was appointed a little after the session began and I came here on a rainy morning, stopped out at the booth in the Freshman flag circle and told them I was a new representative and I needed to know where to park. The man at the booth opened the window and looks out at me and he said "who in the hell are you?" And so I explained it again and he said "look – they've been here 3 weeks – do you have another story for me?" So, my first day I parked out at the Diagonal and went out and fed the meters. That didn't end it all. In the afternoon, I ran into Kathy Haigh and she asked me some questions and I told her I thought I was going to be on the Education Committee. And she said "we're just having a meeting; you come with me." And so I did. I went with Kathy and sat there next to her and she told me what to expect. As soon as the hearing started, 2 of the biggest dogs in this whole place got into the damdest fight in front of the Education Committee over policy and I looked at Kathy and I said "boy, this Democrat-Republican stuff gets pretty intense." And Kathy smiled and says "they're both Republicans."

Seriously, I've learned so much from every one of you. None of us know why God would chose any one of us to represent the people in our districts. We never now why that comes about and what's involved in that but I can tell you that from a person from the outside – from me watching so many of you – I can see the qualities that make any legislature and particularly this body really something special. To be a part of that for any period of time is truly humbling and it truly helps you put in perspective that issue is not about me. It's not about me; it's about the service and the relationship with people and the relationship with God that causes you to want to serve. And I see that demonstrated over and over in energy and passion and so many other things.

When people used to ask me why I ran the first time, I had a great answer for them – it wouldn't be any good now but then I thought it was a great answer – and it was "I ran so Representative Dunshee could ride his bike through the Palouse all summer long knocking on one door after another, 10 miles apart while he tried to hit every house. He is in such good physical shape I should get the credit for it."

It's just been not only an honor to work with you, it's been fun. I am going to pray for you. I am going to pray that God's blessing is on everyone of you. I'll be as close as the phone. I wish you all the very best and the greatest success in the years to come. Thank you for this honor."

SPEAKER'S PRIVILEGE

Speaker Chopp: "Representative Cox, I owe you an apology because I think I'm the one who suggested that

Representative Dunshee doorbell in your district. That was a hopeless cause if ever there was one, and then when I finally meet you, I couldn't believe we even had anybody run against you. Thank you for all your years of gracious service. This body will truly miss you."

SPEAKER'S GIFT PRESENTATION

Representatives Murray and Armstrong the Speaker with a portrait of his daughter, Ellie on behalf of all members and in recognition of his leadership during the past biennium.

SPEAKER'S PRIVILEGE

Mr. Speaker: "Thank you so much. I was all prepared not to tear up because I just wanted to get through this. I am, like all of you, very tired right now. I really appreciate this. This means a lot to me. It's a lot better than the last one you gave me which was helping a lamb roast go on so this is going to be even more memorable for me. I will have it up in my office.

You don't see me up here much because there is someone who does this a lot and for the first time I heard John Lovick complain tonight when he said he had a sore back from being up here in his speech honoring Representative Cox. Will you please join me in a standing ovation for John Lovick. I would also like to thank Jeff Morris for stepping in as well.

A lot of people are going to say a lot about this Session but in many ways it was historic with the landmark agreements in many things and also because this is the first session back-to-back that we got our work done early in State history. That is only because everyone worked together, got organized and got the job done. In particular because we are so well served by the people we work with, our co-workers. I would like to have the folks from the Workroom and Chief Clerk's offices come out and get some recognition. I tell you – they are running around doing all this work while we are out here pontificating. Did I just impugn myself? Would you please acknowledge them?

Guess what? We have two more bills to do tonight so here you go John."

The Speaker called upon Representative Lovick to preside.

GOVERNOR'S VETO MESSAGES

March 30, 2006

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 4, 5 and 6, House Bill No. 1439 entitled:

"AN ACT Relating to electronic and web-based bidding."

The Department of General Administration (Department) generally awards contracts through a competitive, formal, sealed bid process. Under House Bill No. 1439 the Department would be allowed to receive bids electronically or through the web. This is a step in the right direction. I support changes that will make the existing, complicated procurement process easier to manage and use.

However, Sections 4, 5, and 6 of the bill restrict cancellation of the bidding process and re-bidding on public works, personal service, and information technology related contracts. This bill takes cancellation language related to purchased goods and services contract bidding procedures and tries to apply it to other types of contracts, like public works contracts. Yet, there are significant differences between these contracting procedures. While the sealed bid process for purchased goods and services contracts focuses primarily on price, public works and personal service contracts address several factors including price, ability to do the work, vendor qualifications, and prior vendor experience. I am therefore concerned about the impact of Sections 4, 5 and 6.

I do not look favorably on agencies irresponsibly canceling all bids after bid opening and commencing a re-bidding process. Contractors spend too much time and effort on preparing bids to have them cancelled simply because an agency is trying to "price" a project. This is too important an issue to be addressed through language that does not comprehensively address the complex differences between our contracting processes.

As such, I am vetoing Sections 4, 5, and 6. I urge the Legislature to revisit this issue with input from all stakeholders, cities, counties, and the business community, and to propose cancellation language appropriate for our state's contracting system.

For these reasons, I have vetoed Sections 4, 5 and 6 of House Bill No. 1439.

With the exception of Sections 4, 5 and 6 of House Bill No. 1439 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

March 28, 2006

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval, House Bill No. 2381 entitled:

"AN ACT Relating to allowing the reintroduction of beavers into the historic habitat of the species."

House Bill 2381 would require Washington State's Department of Fish and Wildlife (WDFW) to issue a permit to individuals for the capture of live beavers in areas of the state where beaver populations are considered a nuisance. The permit also allows the transport and release of beavers within the state on property owned by the permit holder.

I understand that some landowners wish to have beavers released on their property, and that beavers can contribute positively to stream restoration and wildlife habitat. Certainly, in circumstances where relocation can be achieved without causing harm to adjacent properties, WDFW should be responsive, and should exercise its existing authority to trap beavers in problem areas and relocate them. The issue that House Bill 2381 addresses is not about the need for legislative authority so much as it is about receiving priority attention within WDFW.

While I am vetoing this bill, I have secured a commitment from WDFW to take three steps to be more responsive to landowner requests for beaver relocation.

WDFW has committed in writing to:

1. Instruct WDFW field staff to work more aggressively with interested landowners to relocate beavers on appropriate private properties where the benefits clearly outweigh the potential risks associated with future beaver-related damage;
2. The WDFW's Director will work with senior WDFW enforcement staff to identify a point person responsible for development and implementation of an effective beaver relocation process, and;
3. The WDFW will deliver to the Office of the Governor and all relevant legislative committees of the Washington State House and Senate, a report on beaver relocation activity conducted during 2006. The report will be delivered by January 1, 2007, and shall include information on the number of landowner requests for beavers, the number of requests that were filled, and the number of beavers actually relocated.

I believe these steps will address the underlying frustration behind House Bill No. 2381. I look forward to tracking WDFW's performance according to above-noted measures.

For these reasons, I have vetoed House Bill No. 2381 in its entirety.

Respectfully submitted,
Christine O. Gregoire
Governor

March 30, 2006

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 9, 10 and 14, Engrossed Second Substitute House Bill No. 2418 entitled:

"AN ACT Relating to affordable housing."

The Department of Community, Trade, and Economic Development (CTED) is required in Section 9 of the bill to conduct a study to evaluate the potential development of a voluntary statewide, low-income housing waiting list database. The database would include information on all low-income households requesting housing assistance, for the purpose of connecting such households with appropriate housing opportunities. CTED is also required in Section 10 to create or purchase, and implement by December 31, 2009, a master affordable housing database that includes specific information about existing affordable rental housing stock in the state of Washington. The activities outlined in Sections 9 and 10 of the bill are likely to create funding pressures for future biennial budgets.

Section 14 requires specific funding to be transferred from the General Fund to the Washington Housing Trust Fund by June 30, 2006, or the Act will be null and void. However, the transfer authorized by the Legislature in the Operating Budget bill occurs after June 30, 2006.

As funding provided in the Operating Budget related to this bill is insufficient, CTED will not be able to implement all of the activities contemplated. Notwithstanding this, CTED should do all that it can with the funding available to achieve the objectives of this bill.

For these reasons, I have vetoed Sections 9, 10 and 14 of Engrossed Second Substitute House Bill No. 2418.

With the exception of Sections 9, 10 and 14, Engrossed Second Substitute House Bill No. 2418 is approved.

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 6, Engrossed Second Substitute House Bill No. 2575 entitled:

"AN ACT Relating to establishing a state health technology assessment program."

I strongly support E2SHB 2575 and particularly its inclusion of language that protects an individual's right to appeal. Section 5(4) of the bill states that "nothing in this act diminishes an individual's right under existing law to appeal an action or decision of a participating agency regarding a state purchased health care program. Appeals shall be governed by state and federal law applicable to participating agency

decisions." This is an important provision and one that I support whole-heartedly.

I am, however, vetoing Section 6 of this bill, which establishes an additional appeals process for patients, providers, and other stakeholders who disagree with the coverage determinations of the Health Technology Clinical Committee. The health care provider expertise on the clinical committee and the use of an evidence-based practice center should lend sufficient confidence in the quality of decisions made. Where issues may arise, I believe the individual appeal process highlighted above is sufficient to address them, without creating a duplicative and more costly process.

In the implementation of this bill, I expect the Health Care Authority, with the cooperation of participating agencies, to facilitate a timely and transparent process, to prioritize and manage the review of technologies within appropriated funds, and to meaningfully consider stakeholder feedback regarding the program and appeals processes. I further expect that the implementation of the Health Technology Assessment Program will be consistent with sound methods of assessment and the principles of evidence-based medicine.

I appreciate the Legislature's passage of this bill and have full confidence that it will help ensure that Washingtonians receive health care services that are safe and effective.

For these reasons, I have vetoed Section 6 of Engrossed Second Substitute House Bill No. 2575.

With the exception of Section 6, Engrossed Second Substitute House Bill No. 2575 is approved.

Respectfully submitted,
Christine O. Gregoire

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 702, Engrossed Second Substitute House Bill No. 2673 entitled:

"AN ACT Relating to creating the local infrastructure financing tool demonstration program."

The Office of Financial Management (OFM) is required in Section 702 to conduct a study of governance and selection criteria for the Local Infrastructure Financing Tool (LIFT) program. Section 702 reflects discussions that were underway before the Legislature passed the final version of the bill. In earlier discussions, before the Community Economic Revitalization Board (CERB) was identified as the lead agency, legislators considered having a study of governance issues underway while the projects in the LIFT program's project list were being developed. In the final version of the bill, however, governance and project selection criteria are identified, making the OFM study moot. In addition, the budget does not provide funding for the OFM study and OFM is not the lead agency on the LIFT program.

For these reasons, I have vetoed Section 702 of Engrossed Second Substitute House Bill No. 2673.

With the exception of Section 702, Engrossed Second Substitute House Bill No. 2673 is approved.

Respectfully submitted,
Christine O. Gregoire

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 2, Substitute House Bill No. 2688 entitled:

"AN ACT Relating to the law enforcement officers' and fire fighters' retirement system plan 1."

Local governments face challenges in providing health care benefits for retired members of the Law Enforcement Officers' and Firefighters' Retirement System Plan 1 (LEOFF 1). The cost of these benefits can be significant, especially for smaller jurisdictions. It is sensible for the state to assist local governments in their search for ways to address this obligation in the most efficient way possible. However, a thorough and careful review of options will take longer than provided in the bill, and will need to include a broader range of possibilities. The bill also charges a task force to study the use of excess pension assets to provide health care coverage. Notwithstanding potential legal barriers to this use of pension assets, the current financial situation of the LEOFF 1 pension plan clearly does not support this option.

While I am vetoing Section 2, I am directing the Department of Retirement Systems and the Health Care Authority to lay the groundwork for study of this issue, and to consult plan members and representatives of local governments in their work.

For these reasons, I have vetoed Section 2 Substitute House Bill No. 2688

With the exception of Section 2, Substitute House Bill No. 2688 is approved.

Respectfully submitted,
Christine O. Gregoire

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 5, Substitute House Bill No. 2973 entitled:

"AN ACT Relating to creating a career and technical high school graduation option for students meeting state standards in fundamental academic content areas."

This bill authorizes local school boards to develop approval processes for high school course equivalencies. Requirements are established for students in career and technical education programs who may earn whole or partial academic credits. Further, the State Board of Education is directed to reevaluate the graduation requirements for students enrolled in vocational and technical education courses. Topics of the evaluation are enumerated. Findings and any recommendations are to be reported by December 1, 2007.

I have vetoed Section 5, which provides for the development of objective alternative assessments for career and technical education programs. The provisions and language of this Section are duplicative of provisions for alternative assessments for career and technical education programs found in SB 6475.

For this reason, I have vetoed Section 5 of Substitute House Bill No. 2973.

With the exception of Section 5, Substitute House Bill No. 2973 is approved.

Respectfully submitted,
Christine O. Gregoire

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 3, Engrossed Substitute House Bill No. 3079 entitled:

"AN ACT Relating to health care services."

I support ESHB 3079, an act providing information about our Basic Health Plan and Medical Assistance programs. I am, however, vetoing section 3 of this act, which includes an unnecessary null and void clause.

In signing ESHB 3079, I express a cautionary note as to the interpretation of the reports that it requires to be developed. The employer information to be provided by the Health Care Authority (HCA) and the Department of Social and Health Services (DSHS) is not a requirement for enrollment or eligibility. Consequently, data contained in the reports will have been provided on a voluntary basis, and will be unverified. The two reports - an employer-specific report and an aggregated report - will originate from separate sources. Therefore, they will not be comparable. The reports will also be based on a point-in-time data collection and will therefore not reflect changes in employment status. These data limitations must be considered when interpreting the reports.

It is equally important to note that the Joint Legislative Audit and Review Committee (JLARC) study due in July 2006 will report Basic Health employment status and employer

information in more detail than the aggregated report required by this bill.

It is my hope that the information collected and provided to the Legislature in accordance with ESHB 3079 will not be misconstrued to portray beneficiaries of our Basic Health and Medicaid programs in a negative light. These programs are designed to provide health care services to eligible, often working, enrollees. I am confident that they are meeting that intent.

For these reasons, I have vetoed Section 3 of Engrossed Substitute House Bill No. 3079.

With the exception of Section 3, Engrossed Substitute House Bill No. 3079 is approved.

Respectfully submitted,
Christine O. Gregoire

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 5, Second Substitute House Bill No. 3115 entitled:

"AN ACT Relating to establishing a foster parent critical support and retention program."

Section 5 of the bill creates a statutory duty for the Department of Social and Health Services (DSHS) to disclose information to care providers regarding a dependent child's behavioral and emotional problems or regarding whether a dependent child is "sexually reactive." The duty to share this information is not limited to only that information known to the DSHS. Moreover, the term "sexually reactive" is not defined in this bill or in existing statutes. The lack of clarity regarding what specific information is to be shared and the absence of a key definition might result in misunderstandings between the DSHS and care providers. This, in turn, might result in inadequate supervision of children or unnecessary litigation.

I am directing the DSHS, however, to develop policies to implement the intent of Section 5. The DSHS policies are to specify what types of information must be shared with care providers, when the information is to be shared, and the manner in which the information is to be shared. The policies should include definitions of key terms. The DSHS' duty to share information should not be limited to only that information known at the time of placement. Rather, the DSHS should share information, consistent with the criteria outlined in policy, on an on-going basis.

For these reasons, I have vetoed Section 5 of Second Substitute House Bill No. 3115.

With the exception of Section 5, Second Substitute House Bill No. 3115 is approved.

Respectfully submitted,
Christine O. Gregoire

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 9, Engrossed Substitute House Bill No. 3127 entitled:

"AN ACT Relating to education."

Section 9 is a standard null and void clause. It is unnecessary in this instance as the Supplemental Budget included appropriations for this Act.

For these reasons, I have vetoed Section 9, of Engrossed Substitute House Bill No. 3127.

With the exception of Section 9, Engrossed Substitute House Bill No. 3127 is approved.

Respectfully submitted,

March 30, 2006

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 14 and 15, Engrossed House Bill No. 3159 entitled:

"AN ACT Relating to the excise taxation of food products."

Sections 14 and 15 of this bill provide a sales and use tax exemption on material used to package canned salmon. That material includes items that affix the label to the labeled product, or items that become a component of the label, such as clear wrap, boxes, tape, box labels, glue, and ink.

With the exception of materials used to pack fresh perishable horticultural products for farmers, custom packers are consumers of packing materials and the purchase or use of such materials is subject to the retail sales and use tax. Consequently, I am concerned with providing a sales and use tax exemption for packing materials used by persons subject to the preferential rate for canned salmon. Such persons are custom packers. Providing a limited exemption for these materials sets a precedent for other custom packers who desire similar sales and use tax exemptions.

The 2005 tax breaks for the fruit and vegetable processors were enacted to help an industry that was in obvious trouble and in need of temporary aid to help turn around the industry's fortunes. That legislation was not intended to create a template for getting tax breaks for other industries. Rather, it was intended to help a Washington industry in dire straits. Washington's seafood processing industry appears to be healthy and does not need this kind of help from the state.

For these reasons, I have vetoed Sections 14 and 15 of Engrossed House Bill No. 3159.

With the exception of Sections 14 and 15, Engrossed House Bill No. 3159 is approved.

Respectfully submitted,

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 1 and 3, Engrossed House Bill No. 3261 entitled:

"AN ACT Relating to strengthening the review process by the indeterminate sentence review board by adding two members to the board and allowing victims to provide input at board hearings involving offenders sentenced under RCW 9.94A.712."

The Indeterminate Sentencing Review Board (ISRB) is experiencing an increased caseload with the 2001 addition of indeterminate sentencing for sex offenders. New board members will be needed in the future. However, they are not critically needed at this time. In order for the ISRB to run efficiently with its current and projected caseloads, its current staffing and technology limits need to be improved before it adds new board members.

An emergency clause is also unnecessary. Because it is already the practice of the ISRB to provide victims the ability to participate in its hearing process, victims will not be harmed by any delay in enactment. The ISRB is fully supportive of the amendment to Chapter 9.95.420 RCW, and has agreed to comply with the requirements of the amendment in the interim before this bill takes effect.

For these reasons, I have vetoed Sections 1 and 3 of Engrossed House Bill No. 3261.

With the exception of Sections 1 and 3, Engrossed House Bill No. 3261 is approved.

Respectfully submitted,
Christine O. Gregoire
