NEW SECTION. Sec. 101. (1) The legislature finds that current law taxes natural gas as a traditional home heating or electric generation fuel while not taking into account the benefits of natural gas use as a transportation fuel. The legislature further finds that the construction and operation of a natural gas liquefaction plant and compressed natural gas refueling stations as well as the ongoing use of compressed and liquefied natural gas will lead to positive job creation, economic development, environmental benefits, lower fuel costs, and increased tax revenues to the state. The legislature further finds that it is sound tax policy to provide uniform tax treatment of natural gas used as a transportation fuel, regardless of whether the taxpayer providing the natural gas is a gas distribution business or not, so as to prevent any particular entity from receiving a competitive advantage solely through a structural inefficiency in the tax code.

(2)(a) This subsection is the tax performance statement for this act. The performance statement is only intended to be used for subsequent evaluation of the tax changes made in this act. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(b) The legislature categorizes the tax changes in this act as changes intended to accomplish the general purposes indicated in RCW 82.32.808(2) (c) and (d).

(c) It is the legislature's specific public policy objectives to promote job creation and positive economic development; lower carbon dioxide, sulfur dioxide, nitrogen dioxide, and particulate emissions; and secure optimal liquefied natural gas pricing for the state of Washington and other public entities.

(d) To measure the effectiveness of the exemption provided in this act in achieving the specific public policy objective described in (c) of this subsection, the joint legislative audit and review committee must evaluate the following:

(i) The number of employment positions and wages at a natural gas liquefaction facility located in Washington and operated by a gas distribution business where some or all of the liquefied natural gas is sold for use as a transportation fuel. If the average number of employment positions at the liquefaction facility once it is operationally complete equals or exceeds eighteen and average annual wages for employment positions at the facility exceed thirty-five thousand dollars, it is presumed that the public policy objective of job creation has been achieved.

(ii) The estimated total cost of construction of a liquefaction plant by a gas distribution company, including costs for machinery and equipment. If the total cost equals or exceeds two hundred fifty million

dollars, it is presumed that the public policy objective of positive economic development has been achieved.

(iii) The estimated fuel savings by the Washington state ferry system and other public entities through the use of liquefied natural gas purchased from a gas distribution business.

(iv) The estimated reduction in carbon dioxide, sulfur dioxide, nitrogen dioxide, and particulate emissions, resulting from the use of liquefied natural gas and compressed natural gas as a transportation fuel where the natural gas is sold by a gas distribution business. The emissions of liquefied and compressed natural gas must be specifically compared with an equivalent amount of diesel fuel. If the estimated annual reduction in emissions exceeds the following benchmarks, it is presumed that the public policy objective of reducing emissions has been achieved:

(A) Three hundred million pounds of carbon dioxide;

(B) Two hundred thousand pounds of particulates;

(C) Four hundred thousand pounds of sulfur dioxide; and

(D) Four hundred fifty thousand pounds of nitrogen dioxide.

(e)(i) The following data sources are intended to provide the informational basis for the evaluation under (d) of this subsection:

(A) Employment data provided by the state employment security department;

(B) Ferry fuel purchasing data provided by the state department of transportation;

(C) Diesel and other energy pricing data found on the United States energy information administration's web site; and

(D) Information provided by a gas distribution business on the annual report required under RCW 82.32.534.

(ii) In addition to the data source described under (e)(i) of this subsection, the joint legislative audit and review committee may use any other data it deems necessary in performing the evaluation under (d) of this subsection.

(3) A gas distribution business claiming the exemption under RCW 82.08.02565 or 82.12.02565 must file the annual report under RCW 82.32.534 or any successor document. In addition to the information contained in the report, the report must also include the amount of liquefied natural gas and compressed natural gas sold by the gas distribution business as a transportation fuel.

(4) The joint legislative audit and review committee must perform the review required in this section in a manner consistent with its tax preference review process under chapter 43.136 RCW. The committee must perform the review in calendar year 2020.

PART II

Sec. 206. RCW 82.38.075 and 2013 c 225 s 110 are each amended to read as follows:

(1) To encourage the use of nonpolluting fuels, an annual license fee in lieu of the tax imposed by RCW 82.38.030 is imposed upon the use of ((natural gas or)) propane used in any motor vehicle. The annual license fee must be based upon the following schedule and formula:

VEHICLE TONNAGE (GVW)	FEE
0 - 6,000	\$ 45
6,001 - 10,000	\$ 45
10,001 - 18,000	\$ 80

18,001 - 28,000	\$110
28,001 - 36,000	\$150
36,001 and above	\$250

(2) To determine the annual license fee for a registration year, the appropriate dollar amount in the schedule is multiplied by the fuel tax rate per gallon effective on July 1st of the preceding calendar year and the product is divided by 12 cents.

(3) The department, in addition to the resulting fee, must charge an additional fee of five dollars as a handling charge for each license issued.

(4) The vehicle tonnage fee must be prorated so the annual license will correspond with the staggered vehicle licensing system.

(5) A decal or other identifying device issued upon payment of the annual fee must be displayed as prescribed by the department as authority to purchase this fuel.

(6) Persons selling or dispensing ((natural gas or)) propane may not sell or dispense this fuel for their own use or the use of others into tanks of vehicles powered by this fuel which do not display a valid decal or other identifying device.

(7) Commercial motor vehicles registered in a foreign jurisdiction under the provisions of the international registration plan are subject to the _____ annual _____ fee.

(8) Motor vehicles registered in a foreign jurisdiction, except those registered under the international registration plan under chapter 46.87 RCW, _____ are exempt from this section.

(9) Vehicles registered in jurisdictions outside the state of Washington are exempt from this section.

~~((8))~~ (10) Any person selling or dispensing ((natural gas or)) propane into the tank of a motor vehicle powered by this fuel, except as prescribed in this chapter, is subject to the penalty provisions of this chapter.

Sec. 207. RCW 82.80.010 and 2013 c 225 s 641 are each amended to read as follows:

Vehicles paying an annual license fee under RCW 82.38.075 are exempt from the county fuel excise tax. An election held under this section must be held not more than twelve months before the date on which the proposed tax is to be levied. The ballot setting forth the proposition must state the tax rate that is proposed. The county's authority to levy additional excise taxes under this section includes the incorporated and unincorporated areas of the county. The additional excise taxes are subject to the same exceptions and rights of refund as applicable to other motor vehicle fuel and special fuel excise taxes levied under chapter 82.38 RCW. (5) All administrative provisions in chapters 82.01, 82.03, and 82.32 RCW, insofar as they are applicable, apply to local option fuel taxes imposed under this section.

(6) Before the effective date of the imposition of the fuel taxes under this section, a county must contract with the department of revenue for the administration and collection of the taxes. The contract must provide that a percentage amount, not to exceed one percent of the taxes imposed under this section, will be deposited into the local tax administration account created in the custody of the state treasurer. The department of revenue may spend money from this account, upon appropriation, for the administration of the local taxes imposed under this section.

(7) The state treasurer must distribute monthly to the levying county and cities contained therein the proceeds of the additional excise taxes collected under this section, after the deductions for payments and expenditures as provided in RCW 46.68.090(1) (a) and (b) and under the conditions and limitations provided in RCW 82.80.080.

(8) The proceeds of the additional excise taxes levied under this section must be used strictly for transportation purposes in accordance with RCW 82.80.070.

(9) A county may not levy the tax under this section if they are levying the tax in RCW 82.80.110 or if they are a member of a regional transportation investment district levying the tax in RCW 82.80.120.

The additional excise tax is subject to the approval of the county's legislative body and a majority of the registered voters of the county voting on the proposition at a general or special election. An election held under this section must be held not more than twelve months before the date on which the proposed tax is to be levied. The ballot setting forth the proposition must state that the revenues from the tax will be used for a regional transportation investment district plan. The county's authority to levy additional excise taxes under this section includes the incorporated and unincorporated areas of the county. Vehicles paying an annual license fee under RCW 82.38.075 are exempt from the county fuel excise tax. The additional excise taxes are subject to the same exceptions and rights of refund as applicable to other motor vehicle fuel and special fuel excise taxes levied under chapter 82.38 RCW. The proposed tax may not be levied less than one month from the date the election results are certified by the county election officer. (5) All administrative provisions in chapters 82.01, 82.03, and 82.32 RCW, insofar as they are applicable, apply to local option fuel taxes imposed under this section.

(6) Before the effective date of the imposition of the fuel taxes under this section, a county must contract with the department of revenue for the administration and collection of the taxes. The contract must provide that a percentage amount, not to exceed one percent of the taxes imposed under this section, will be deposited into the local tax administration account created in the custody of the state treasurer. The department of revenue may spend money from this account, upon appropriation, for the administration of the local taxes imposed under this section.

(7) The state treasurer must distribute monthly to the county levying the tax as part of a regional transportation investment plan, after the deductions for payments and expenditures as provided in RCW 46.68.090(1) (a) and (b).

(8) The proceeds of the additional taxes levied by a county in this section, to be used as a part of a regional transportation investment plan, must be used in accordance with chapter 36.120 RCW, but only for those areas that are considered "highway purposes" as that term is construed in Article II, section 40 of the state Constitution.

(9) A county may not levy the tax under this section if they are a member of a regional transportation investment district that is levying the tax in RCW 82.80.120 or the county is levying the tax in RCW 82.80.010.

Sec. 209. RCW 82.80.120 and 2013 c 225 s 643 are each amended to read as follows:

(1) ~~((For purposes of this section:))~~ The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Distributor" means every person who imports, refines, manufactures, produces, or compounds motor vehicle fuel and special fuel as defined in RCW 82.38.020~~((, respectively,))~~ and sells or distributes the fuel into a county~~((;))~~.

(c) "District" means a regional transportation investment district under chapter 36.120 RCW.

(2) A regional transportation investment district under chapter 36.120 RCW, subject to the conditions of this section, may levy additional excise taxes equal to ten percent of the statewide motor vehicle fuel tax rate under RCW 82.38.030 on each gallon of motor vehicle fuel as defined in RCW 82.38.020 and on each gallon of special fuel as defined in RCW 82.38.020 sold within the boundaries of the district. The additional excise tax is subject to the approval of a majority of the voters within the district boundaries. Vehicles paying an annual license fee under RCW 82.38.075 are exempt from the district's fuel excise tax. The additional excise taxes are subject to the same exceptions and rights of refund as applicable to other motor vehicle fuel and special fuel excise taxes levied under chapter 82.38 RCW. The proposed tax may not be levied less than one month from the date the election results are certified. The commencement date for the levy of any tax under this section will be the first day of January, April, July, or October.

(3) The local option motor vehicle fuel tax on ~~((each gallon of))~~ motor vehicle fuel and on ~~((each gallon of))~~ special fuel is imposed upon the distributor of the fuel.

(6) Before the effective date of the imposition of the fuel taxes under this section, a district must contract with the department of revenue for the administration and collection of the taxes. The contract must provide that a percentage amount, not to exceed one percent of the taxes imposed under this section, will be deposited into the local tax administration account created in the custody of the state treasurer. The department of revenue may spend money from this account, upon appropriation, for the administration of the local taxes imposed under this section.

(7) The state treasurer must distribute monthly to the district levying the tax as part of the regional transportation investment district plan, after the deductions for payments and expenditures as provided in RCW 46.68.090(1) (a) and (b).

(8) The proceeds of the additional taxes levied by a district in this section, to be used as a part of a regional transportation investment district plan, must be used in accordance with chapter 36.120 RCW, but only for those areas that are considered "highway purposes" as that term is construed in Article II, section 40 of the state Constitution.

(9) A district may only levy the tax under this section if the district is comprised of boundaries identical to the boundaries of a county or counties. A district may not levy the tax in this section if a member county is levying the tax in RCW 82.80.010 or 82.80.110.

(3) If a placard for a specific alternative fuel source has not been issued by the national fire protection association, a placard issued by the chief of the Washington state patrol, through the director of fire protection, ~~((shall be))~~ is required. The chief of the Washington state patrol, through the director of fire protection, ~~((shall))~~ must develop rules for the design, size, and placement of the placard which ~~((shall))~~ remains effective until a specific placard is issued by the national fire protection association.

PART III

(2) This chapter does not apply to amounts received by any person for the sale of electrical energy for resale within or outside the state.

(3)(a) This chapter does not apply to amounts received by any person for the sale of natural or manufactured gas in a calendar year if that person sells within the United States a total amount of natural or manufactured gas in that calendar year that is no more than twenty percent of the amount of natural or manufactured gas that it consumes within the United States in the same calendar year.

(b) For purposes of determining whether a person has sold within the United States a total amount of natural or manufactured gas in a calendar year that is no more than twenty percent of the amount of natural or manufactured gas that it consumes within the United States in the same calendar year, the following transfers of gas are not considered to be the sale of natural or manufactured gas:

(i) The transfer of any natural or manufactured gas as a result of the acquisition of another business, through merger or otherwise; or

(ii) The transfer of any natural or manufactured gas accomplished solely to comply with federal regulatory requirements imposed on the pipeline transportation of such gas when it is shipped by a third-party manager of a person's pipeline transportation.

(a) "To manufacture" does not include the treatment of wastewater, the production of reclaimed water, and the production of class B biosolids; and

(b) "To manufacture" does include the production of class A or exceptional quality biosolids, but only with respect to the processing activities that occur after the biosolids have reached class B standards.

Sec. 304. RCW 82.12.022 and 2011 c 174 s 304 are each amended to read as follows:

(1) A use tax is levied on every person in this state for the privilege of using natural gas or manufactured gas, including compressed natural gas and liquefied natural gas, within this state as a consumer.

(2) The tax must be levied and collected in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the public utility tax on gas distribution businesses under RCW 82.16.020. The "value of the article used" does not include any amounts that are paid for the hire or use of a gas distribution business as defined in RCW 82.16.010(2) in transporting the gas subject to tax under this subsection if those amounts are subject to tax under that chapter.

(3) The tax levied in this section does not apply to the use of natural or manufactured gas delivered to the consumer by other means than through a pipeline.

(4) The tax levied in this section does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 82.16.020 with respect to the gas for which exemption is sought under this subsection.

(5)(a) The tax levied in this section does not apply to the use of natural or manufactured gas by an aluminum smelter as that term is defined in RCW 82.04.217 before January 1, 2017.

(b) A person claiming the exemption provided in this subsection (5) must file a complete annual report with the department under RCW 82.32.534.

(6) The tax imposed by this section does not apply to the use of natural gas, compressed natural gas, or liquefied natural gas, if the consumer uses the gas for transportation fuel as defined in section 301 of this act.

(7) There is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 82.16.020 by another state with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another state with respect to the gas for which a credit is sought under this subsection.

~~((7))~~ (8) The use tax imposed in this section must be paid by the consumer to the department.

~~((8))~~ (9) There is imposed a reporting requirement on the person who delivered the gas to the consumer to make a quarterly report to the department. Such report must contain the volume of gas delivered, name of the consumer to whom delivered, and such other information as the department may require by rule.

~~((9))~~ (10) The department may adopt rules under chapter 34.05 RCW for the administration and enforcement of sections 1 through 6, chapter 384, Laws of 1989.

Sec. 305. RCW 82.14.230 and 2010 c 127 s 5 are each amended to read as follows:

(1) The governing body of any city, while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose on every person a use tax for the privilege of using natural gas or manufactured gas in the city as a consumer.

(2) The tax is imposed in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the tax on natural gas businesses under RCW 35.21.870 in the city in which the article is used. The "value of the article used," does not include any amounts that are paid for the hire or use of a natural gas business in transporting the gas subject to tax under this subsection if those amounts are subject to tax under RCW 35.21.870.

(3) The tax imposed under this section does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 35.21.870 with respect to the gas for which exemption is sought under this subsection.

(4) There is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 35.21.870 by another municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection.

(5) The use tax imposed must be paid by the consumer. The administration and collection of the tax imposed is pursuant to RCW 82.14.050.

(6) The tax authorized by this section does not apply to the use of natural gas, compressed natural gas, or liquefied natural gas, if the consumer uses the gas for transportation fuel as defined in section 301 of this act.

Sec. 306. RCW 35.21.870 and 1984 c 225 s 6 are each amended to read as follows:

(1) No city or town may impose a tax on the privilege of conducting an electrical energy, natural gas, steam energy, or telephone business at a rate which exceeds six percent unless the rate is first approved by a majority of the voters of the city or town voting on such a proposition.

(2)(a) If a city or town is imposing a rate of tax under subsection (1) of this section in excess of six percent on April 20, 1982, the city or town ~~((shall))~~ must decrease the rate to a rate of six percent or less by reducing the rate each year on or before November 1st by ordinances to be effective on January 1st of the succeeding year, by an amount equal to one-tenth the difference between the tax rate on April 20, 1982, and six percent.

(b) Nothing in this subsection prohibits a city or town from reducing its rates by amounts greater than the amounts required in this subsection.

(3) Voter approved rate increases under subsection (1) of this section ~~((shall))~~ may not be included in the computations under this subsection.

(4) No city or town may impose a tax on the privilege of conducting a natural gas business with respect to sales that are exempt from the tax imposed under chapter 82.16 RCW as provided in section 301 of this act at a rate higher than its business and occupation tax rate on the sale of tangible personal property or, if the city or town does not impose a

business and occupation tax on the sale of tangible personal property, at a rate greater than .002.

Sec. 307. RCW 82.14.030 and 2008 c 86 s 101 are each amended to read as follows:

(1) The governing body of any county or city, while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, impose a sales and use tax in accordance with the terms of this chapter. Such tax ~~((shall))~~ must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be. ~~((Except as provided in RCW 82.14.230,))~~ This sales and use tax ((shall)) does not apply to natural or manufactured gas, except for natural gas that is used as a transportation fuel as defined in section 301 of this act and is taxable by the state under chapters 82.08 and 82.12 RCW. The rate of such tax imposed by a county ~~((shall be))~~ is five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city ~~((shall))~~ may not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). However, in the event a county imposes a sales and use tax under this subsection, the rate of such tax imposed under this subsection by any city therein ~~((shall))~~ may not exceed four hundred and twenty-five one-thousandths of one percent.

(2) In addition to the tax authorized in subsection (1) of this section, the governing body of any county or city may by resolution or ordinance impose an additional sales and use tax in accordance with the terms of this chapter. Such additional tax ~~((shall))~~ must be collected upon the same taxable events upon which the tax imposed under subsection (1) of this section is imposed. The rate of such additional tax imposed by a county ~~((shall be))~~ is up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such additional tax imposed by a city ~~((shall be))~~ is up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). However, in the event a county imposes a sales and use tax under the authority of this subsection at a rate equal to or greater than the rate imposed under the authority of this subsection by a city within the county, the county ~~((shall))~~ must receive fifteen percent of the city tax. In the event that the county imposes a sales and use tax under the authority of this subsection at a rate which is less than the rate imposed under this subsection by a city within the county, the county ~~((shall))~~ must receive that amount of revenues from the city tax equal to fifteen percent of the rate of tax imposed by the county under the authority of this subsection. The authority to impose a tax under this subsection is intended in part to compensate local government for any losses from the phase-out of the property tax on business inventories.

PART IV

Export Exemptions and Machinery and Equipment Sales and Use Tax Exemptions

Sec. 401. RCW 82.38.180 and 2013 c 225 s 119 are each amended to read as follows:

(1) Any person who has purchased fuel on which tax has been paid may file a claim with the department for a refund of the tax for:

(a) Fuel used for purposes other than for the propulsion of motor vehicles upon the public highways in this state. However, a refund may not be made for motor vehicle fuel consumed by a motor vehicle required to be registered under chapter 46.16A RCW.

(b) Except as provided in (g) of this subsection (1), fuel exported for use outside of this state. Fuel carried from this state in the fuel tank

of a motor vehicle is deemed to be exported from this state. Fuel distributed to a federally recognized Indian tribal reservation located within the state of Washington is not considered exported outside this state.

(c) Tax, penalty, or interest erroneously or illegally collected or paid.

(d) Fuel which is lost or destroyed, while the licensee is the owner thereof, through fire, lightning, flood, wind storm, or explosion.

(e) Fuel of five hundred gallons or more which is lost or destroyed while the licensee is the owner thereof, through leakage or other casualty except evaporation, shrinkage, or unknown causes.

(f) Fuel used in power pumping units or other power take-off equipment of any motor vehicle which is accurately measured by metering devices that have been specifically approved by the department or by a formula determined by the department.

(g) Seventy percent of liquefied and compressed natural gas exported for use outside of this state.

(2) Any person who has purchased special fuel on which tax has been paid may file a claim with the department for a refund of tax for:

(a) Special fuel used for the operation of a motor vehicle as a part of or incidental to logging operations upon a highway under federal jurisdiction within the boundaries of a federal area if the federal government requires a fee for the privilege of operating the motor vehicle upon the highway, the proceeds of which are reserved for constructing or maintaining roads in the federal area, or requires maintenance or construction work to be performed on the highway for the privilege of operating the motor vehicle on the highway;

(b) Special fuel used by special mobile equipment as defined in RCW 46.04.552;

(c) Special fuel used in a motor vehicle for movement between two pieces of private property wherein the movement is incidental to the primary use of the vehicle; and

(d) Special fuel inadvertently mixed with dyed special fuel.

(3) Any person who has purchased motor vehicle fuel on which tax has been paid may file a claim with the department for a refund of tax for:

(a) Motor vehicle fuel used by a private, nonprofit transportation provider regulated under chapter 81.66 RCW to provide transportation services for persons with special transportation needs; and

(b) Motor vehicle fuel used by an urban passenger transportation system. For purposes of this subsection "urban passenger transportation system" means every transportation system, publicly or privately owned, having as its principal source of revenue the income from transporting persons for compensation by means of motor vehicles or trackless trolleys, each having a seating capacity of over fifteen persons, over prescribed routes in such a manner that the routes of such motor vehicles or trackless trolleys, either alone or in conjunction with routes of other such motor vehicles or trackless trolleys subject to the routing by the same transportation system, do not extend for a distance exceeding fifteen road miles beyond the corporate limits of the city in which the original starting points of such motor vehicles or trackless trolleys are located. No refunds are authorized for fuel used on any trip where any portion of the trip is more than fifteen road miles beyond the corporate limits of the city in which the trip originated.

(4) Recovery for such loss or destruction under subsections (1)(d) or (e) or (2)(d) of this section must be susceptible to positive proof thereby enabling the department to conduct such investigation and require such information as it may deem necessary. In the event that the department is not satisfied that the fuel was lost, destroyed, or contaminated as claimed because information or proof as required hereunder is not sufficient to substantiate the accuracy of the claim, it may deem such as sufficient cause to deny all right relating to the refund or credit for the excise tax paid on fuel alleged to be lost or destroyed.

(5) No refund or claim for credit may be approved by the department unless the gallons of fuel claimed as nontaxable satisfy the conditions specifically set forth in this section and the nontaxable event or use occurred during the period covered by the refund claim. Refunds or claims for credit are not ~~((be [are not]))~~ allowed for anticipated nontaxable use or events.

Sec. 402. RCW 82.08.02565 and 2011 c 23 s 2 are each amended to read as follows:

(1)(a) The tax levied by RCW 82.08.020 does not apply to sales to a manufacturer or processor for hire of machinery and equipment used directly in a manufacturing operation or research and development operation, to sales to a person engaged in testing for a manufacturer or processor for hire of machinery and equipment used directly in a testing operation, or to sales of or charges made for labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the machinery and equipment.

(b) Except as provided in (c) of this subsection, sellers making tax-exempt sales under this section must obtain from the purchaser an exemption certificate in a form and manner prescribed by the department by rule. The seller must retain a copy of the certificate for the seller's files.

(c)(i) The exemption under this section is in the form of a remittance for a gas distribution business, as defined in RCW 82.16.010, claiming the exemption for machinery and equipment used for the production of compressed natural gas or liquefied natural gas for use as a transportation fuel.

(ii) A gas distribution business claiming an exemption from state and local tax in the form of a remittance under this section must pay the tax under RCW 82.08.020 and all applicable local sales taxes. Beginning July 1, 2017, the gas distribution business may then apply to the department for remittance of state and local sales and use taxes. A gas distribution business may not apply for a remittance more frequently than once a quarter. The gas distribution business must specify the amount of exempted tax claimed and the qualifying purchases for which the exemption is claimed. The gas distribution business must retain, in adequate detail, records to enable the department to determine whether the business is entitled to an exemption under this section, including: Invoices; proof of tax paid; and documents describing the machinery and equipment.

(iii) The department must determine eligibility under this section based on the information provided by the gas distribution business, which is subject to audit verification by the department. The department must on a quarterly basis remit exempted amounts to qualifying businesses who submitted applications during the previous quarter.

(2) For purposes of this section and RCW 82.12.02565:

(a) "Machinery and equipment" means industrial fixtures, devices, and support facilities, and tangible personal property that becomes an ingredient or component thereof, including repair parts and replacement parts. "Machinery and equipment" includes pollution control equipment installed and used in a manufacturing operation, testing operation, or research and development operation to prevent air pollution, water pollution, or contamination that might otherwise result from the manufacturing operation, testing operation, or research and development operation. "Machinery and equipment" also includes digital goods.

(b) "Machinery and equipment" does not include:

(i) Hand-powered tools;

(ii) Property with a useful life of less than one year;

(iii) Buildings, other than machinery and equipment that is permanently affixed to or becomes a physical part of a building; and

(iv) Building fixtures that are not integral to the manufacturing operation, testing operation, or research and development operation that are permanently affixed to and become a physical part of a building, such as utility systems for heating, ventilation, air conditioning, communications, plumbing, or electrical.

(c) Machinery and equipment is "used directly" in a manufacturing operation, testing operation, or research and development operation if the machinery and equipment:

- (i) Acts upon or interacts with an item of tangible personal property;
- (ii) Conveys, transports, handles, or temporarily stores an item of tangible personal property at the manufacturing site or testing site;

The committee shall submit an interim report by December 31, 2014, and a final report by March 1, 2015.

(7) The joint transportation committee shall coordinate a work group to review the existing titling and registration processes along with policies that county auditors, subagents, and agents must comply with when conducting title and registration transactions. The goal and related outcomes of the work group review are to provide recommendations to streamline processes, modernize policies, and identify potential information technology opportunities. Members of the work group shall only include county auditors, subagents, agents, and the department of licensing. The work group shall submit a report to the transportation committees of the legislature on or before December 1, 2014.

Sec. 205. 2013 c 306 s 205 (uncodified) is amended to read as follows:

FOR THE TRANSPORTATION COMMISSION

Motor Vehicle Account--State Appropriation ((~~\$2,947,000~~))

\$3,516,000

Multimodal Transportation Account--State

Appropriation \$112,000

TOTAL APPROPRIATION ((~~\$3,059,000~~))

\$3,628,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Consistent with RCW 43.135.055, 47.60.290, and 47.60.315, during the 2013-2015 fiscal biennium, the legislature authorizes the transportation commission to periodically review and, if necessary, adjust the schedule of fares for the Washington state ferry system only in amounts not greater than those sufficient to generate the amount of revenue required by the biennial transportation budget. When adjusting ferry fares, the commission must consider input from affected ferry users by public hearing and by review with the affected ferry advisory committees, in addition to the data gathered from the current ferry user survey.

(2) Consistent with RCW 43.135.055 and 47.46.100, during the 2013- 2015 fiscal biennium, the legislature authorizes the transportation commission to periodically review and, if necessary, adjust the schedule of toll charges applicable to the Tacoma Narrows bridge only in amounts not greater than those sufficient to support (a) any required costs for operating and maintaining the toll bridge, including the cost of insurance, (b) any amount required by law to meet the redemption of bonds and applicable interest payments, and (c) repayment of the motor vehicle fund.

(3) Consistent with RCW 43.135.055 and 47.56.880, during the 2013-2015 fiscal biennium, the legislature authorizes the transportation commission to set, periodically review, and, if necessary, adjust the schedule of toll charges applicable to the Interstate 405 express toll lanes.

~~(4)~~(a) \$400,000 of the motor vehicle account--state appropriation is provided solely for the development of the business case for the transition to a road usage charge system as the basis for funding the state transportation system, from the current motor fuel tax system. The funds are provided for fiscal year 2014 only.

(b) The legislature finds that the efforts started in the 2011-2013 fiscal biennium regarding the transition to a road usage charge system represent an important first step in the policy and conceptual development of potential alternative systems to fund transportation projects, but that the governance for the development needs clarification. The legislature also finds that significant amounts of research and public education are occurring in similar efforts in several states and that these efforts can and should be leveraged to advance the evaluation in Washington. The legislature intends, therefore, that the commission and its staff lead the policy development of the business case for a road usage charge system, with the goal of providing the business case to the governor and the legislative committees of the legislature in time for inclusion in the 2014 supplemental omnibus transportation appropriations act. The legislature intends for additional oversight in the business case development, with guidance from a steering committee as provided in chapter 86, Laws of 2012, augmented with participation by the joint transportation committee. The legislature further intends that the department of transportation continue to address administrative, technical, and conceptual operational issues related to road usage charge systems, and that the department serve as a resource for information gleaned from other states on this topic for the commission's efforts.

(c) For the purposes of this subsection ~~((3))~~ (4), the commission shall:

(i) Develop preliminary road usage charge policies that are necessary to develop the business case, as well as supporting research and data that will guide the potential application in Washington;

(ii) Develop the preferred operational concept or concepts that reflect the preliminary policies;

(iii) Evaluate the business case for the road usage charge system that would result from implementing the preliminary policies and preferred operational concept or concepts. The evaluation must assess likely financial outcomes if the system were to be implemented; and

(iv) Identify and document policy and other issues that are deemed important to further refine the preferred operational concept or concepts and to gain public acceptance. These identified issues should form the basis for continued work beyond this funding cycle.

(d) The commission shall convene a steering committee to guide the development of the business case. The membership must be the same as provided in chapter 86, Laws of 2012, except that the membership must also include the joint transportation committee executive members.

(e) The commission shall submit a report of the business case to the governor and the transportation committees of the legislature by December 15, 2013. The report must also include a proposed budget and work plan for fiscal year 2015. A progress report must be submitted to the governor and the joint transportation committee by November 1, 2013, including a presentation to the joint transportation committee.

~~((4))~~ (5) \$174,000 of the motor vehicle account--state appropriation is provided solely for the voice of Washington survey program. The funding must be utilized for continued program maintenance and two transportation surveys for the 2013-2015 fiscal biennium.

(6)(a) \$450,000 of the motor vehicle account--state appropriation is provided solely for a work plan to further develop the concept of a road usage charge system. The work plan must include: Refinement of initial policy analysis and development, a concept of operations that incorporates refined policy inputs, and a financial analysis evaluating the operational concept. The refinement of initial policy analysis and development funded under this subsection must be supplemented by the products of complementary policy refinement tasks delegated to the department of transportation in section 214 of this act and the office of the state treasurer in section 703 of this act. It is the intent of the legislature that consideration for potential planning for a pilot project and any risk analysis occur in the 2015 legislative session.

(b)(i) For the purposes of the refinement of initial policy analysis and development, the work plan must consider phasing and staging of how a road usage charge would be implemented as it relates to the types of vehicles that would be subject to a road usage charge and the nature and manner of a transition period.

(ii) For the purposes of this subsection (6)(b), the legislature intends that the commission focus its analysis by assuming that the exemptions under a road usage charge would be the same as those under the motor vehicle fuel and special fuel taxes. In addition, the commission must engage the road usage charge steering committee, which was reauthorized in chapter 306, Laws of 2013 for fiscal year 2014 and is hereby reauthorized in this act with the same membership, to continue in its role and, at a minimum, to guide the work specified in (a) of this subsection, including the following: Assessing and recommending the type of vehicles that would be subject to the road usage charge, and assessing and recommending the options for the timing and duration of the transition period. The steering committee shall report its findings and guidance to the commission by December 1, 2014.

(c)(i) For the purposes of the development of the concept of operations, the development must incorporate the products of (b) of this subsection, and, to the extent practicable, the products of work conducted by the department of transportation in section 214 of this act and the office of the state treasurer in section 703 of this act.

(ii) To reduce system development and operational costs, for road user charge options that rely on in-vehicle devices to record mileage, the work plan must recommend how the state can utilize the technology and back-office platforms that are scheduled to be provided by commercial account managers under the Oregon road usage charge program.

(iii) In addition to a time permit and an odometer charge, the concept of operations recommendation must be developed to include a means for periodic payments based on mileage reporting utilizing methods other than onboard diagnostic in-vehicle devices.

(d) The work plan and recommendations, along with a proposed work plan and budget for the 2015-2017 fiscal biennium, must be submitted by the commission to the transportation committees of the

legislature by January 15, 2015.

(7) Within existing resources, the commission shall undertake a study of the urban and rural financial and equity implications of a potential road usage charge system in Washington. The commission shall work with the department of transportation and the department of licensing to conduct this analysis. For any survey work that is considered, the commission should utilize the existing voice of Washington survey panel and budget to inform the study. The results must be presented to the governor and the legislature by January 15, 2015.

(8) \$125,000 of the motor vehicle account--state appropriation is provided solely to update the statewide transportation plan required under RCW 47.01.071(4) with the required federal elements to bring the plan into federal compliance. The legislature intends that a single, statewide transportation plan fulfill the requirements of RCW 47.01.071(4) and 47.06.040 and currently known federal planning requirements. The commission shall work collaboratively with the department of transportation to accomplish this intent. The commission shall submit the completed plan to the transportation committees of the legislature, and the department shall submit the completed plan to the United States department of transportation as required under 23 U.S.C. Sec. 135 by June 30, 2015. The commission shall provide a status update on this work to the transportation committees of the legislature by January 1, 2015.

Of the amount provided in this subsection, \$519,000 of the Interstate 405 express toll lanes operations account--state appropriation must be placed in unallotted status by the office of financial management until a plan to begin tolling the Interstate 405 express toll lanes during the summer of 2015 is finalized and approved by the office of financial management, in consultation with the chairs and ranking member of the transportation committees of the legislature.

(b) The funds provided in (a) of this subsection are provided through a transfer from the motor vehicle account--state appropriation in section 407(19) of this act. These funds are a loan to the Interstate 405 express toll lanes operations account--state appropriation, and the legislature assumes that these funds will be reimbursed to the motor vehicle account at a later date when the Interstate 405 express toll lanes are operational.

(11) \$1,060,000 of the Tacoma narrows toll bridge account--state appropriation, \$2,003,000 of the state route number 520 corridor account--state appropriation, and \$99,000 of the high occupancy toll lanes operations account--state appropriation are provided solely in anticipation of, and to prepare for, the procurement of a new tolling customer service center. Multimodal Transportation Account--State

Appropriation \$250,000

TOTAL APPROPRIATION ((~~\$48,357,000~~))

\$49,437,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$4,423,000 of the motor vehicle account--state appropriation is provided solely for the department's compliance with its national pollution discharge elimination system permit.

(2) The real estate services division of the department must recover the cost of its efforts from sale proceeds and fund additional future sales from those proceeds.

(3) The legislature recognizes that the Dryden pit site (WSDOT Inventory Control (IC) No. 2-04-00103) is unused state-owned real property under the jurisdiction of the department, and that the public would benefit significantly from the complete enjoyment of the natural scenic beauty and recreational opportunities available at the site. Therefore, pursuant to RCW 47.12.080, the legislature declares that transferring the property to the department of fish and wildlife for recreational use and fish and wildlife restoration efforts is consistent with the public interest in order to preserve the area for the use of the public and the betterment of the natural environment. The department shall work with the department of fish and wildlife and transfer and convey the Dryden pit site to the department of fish and wildlife as-is for an adjusted fair market value reflecting site conditions, the proceeds of which must be deposited in the motor vehicle fund. The department is not responsible for any costs associated with the cleanup or transfer of this property. This subsection expires June 30, 2014.

(4) The legislature recognizes that the trail known as the Apple Capital Loop, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on existing state route number 28. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) Nos. 2-09-04537 and 2-09-04569 to Douglas county and the city of East Wenatchee is consistent with the public interest. The legislature directs the department to transfer the property to Douglas county and the city of East Wenatchee. The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes. Douglas county and the city of East Wenatchee must agree to accept responsibility for trail segments within their respective jurisdictions and sign an agreement with the state that the transfer of these parcels to their respective jurisdictions extinguishes any state obligations to improve, maintain, or be in any way responsible for these assets. This subsection expires June 30, 2014.

(5) The legislature recognizes that the SR 20/Cook Road realignment and extension project in the city of Sedro-Woolley will enhance the state and local highway systems by providing a more direct route from state route number 20 and state route number 9 to Interstate 5, and will reduce traffic on state route number 20 and state route number 9, improving the capacity of each route. Furthermore, the legislature declares that certain portions of the department's property held for highway purposes located primarily to the north and west of state route number 20, between state route number 20 to the south and F and S Grade Road to the north, in the incorporated limits of Sedro-Woolley in Skagit county, can help facilitate completion of the project. Therefore, consistent with RCW 47.12.063, 47.12.080, and 47.12.120, it is the intent of the legislature that the department sell, transfer, or lease, as appropriate, to the city of Sedro-Woolley only those portions of the property necessary to construct the project, including necessary staging areas. However, any staging areas should revert to the department within three years of completion of the project.

(6) Within the amounts provided in this section, the department shall create a quality assurance position. This position must provide independent project quality assurance validation and ensure that quality assurance audit functions are accountable at the highest level of the organization.

(7) To maximize available resources, the department's efforts to eliminate fish passage barriers caused by state roads and highways must be based on the principle of maximizing habitat recovery through a coordinated investment strategy that, to the maximum extent practical and allowable, prioritizes opportunities: To correct multiple fish barriers in whole streams rather than through individual, isolated projects; to coordinate with other entities sponsoring barrier removals, such as regional fisheries enhancement groups, in a manner that achieves the greatest cost savings to all parties; and to eliminate barriers located furthest downstream in a stream system. The department must also recognize that many of the barriers owned by the state are located in the same stream systems as barriers that are owned by cities and counties with limited financial resources for correction and that state/local partnership opportunities should be sought to address these barriers. This subsection takes effect if chapter . . . (Second Substitute House Bill No. 2251), Laws of 2014 is not enacted by June 30, 2014.

(8) \$1,453,000 of the motor vehicle account--state appropriation is provided solely to support increased departmental efforts to dispose of surplus property as directed in subsection (2) of this section. These additional funds are expected to result in up to \$5,000,000 per fiscal biennium in additional revenues through increasing the sale of surplus property. By December 1, 2014, the department shall report to the governor and the chairs and ranking members of the senate and house of representatives transportation committees on the number of surplus property parcels sold and the amount of revenue generated from those sales during 2014.

Sec. 214. 2013 c 306 s 214 (uncodified) is amended to read as follows:

**FOR THE DEPARTMENT OF TRANSPORTATION--
ECONOMIC PARTNERSHIPS--PROGRAM K**

Motor Vehicle Account--State Appropriation (~~(\$570,000)~~)

\$589,000

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature finds that the efforts started in the 2011-2013 fiscal biennium regarding the transition to a road usage charge system represent an important first step in the policy and conceptual development of potential alternative systems to fund transportation projects, but that the governance for the development needs clarification. The legislature also finds that significant amounts of research and public education are occurring in similar efforts in several states and that these efforts can and should be leveraged to advance the evaluation in Washington. The legislature intends, therefore, that the transportation commission and its staff lead the policy development of the business case for a road usage charge system, with the goal of providing the business case to the governor and the legislative committees of the legislature in time for inclusion in the 2014 supplemental omnibus transportation appropriations act. The legislature intends for additional oversight in the business case development, with guidance from a steering committee as provided in chapter 86, Laws of 2012 for the transportation commission, augmented with participation by the joint transportation committee. The legislature further intends that, through the economic partnerships program, the department continue to address administrative, technical, and conceptual operational issues related to road usage charge systems, and that the department serve as a resource for information gleaned from other states on this topic for the transportation commission's efforts.

(2) The economic partnerships program must continue to explore retail partnerships at state-owned park-and-ride facilities, as authorized in RCW 47.04.295.

(3) The department, in collaboration with the transportation commission, shall work with the office of the state treasurer and the state's bond counsel to explore legal approaches for ensuring that any reduction, refunding, crediting, or repeal of the motor vehicle fuel tax, in whole or in part, can be accomplished without unlawfully impairing the legal rights of motor vehicle fuel tax bond holders. The results of this work must be shared with the transportation committees of the legislature and the office of financial management by September 1, 2014.

(4) \$21,000 of the motor vehicle account--state appropriation is provided solely as matching funds for the department to partner with other transportation agencies located in the western region of North America to develop strategies and methods for reporting, collecting, crediting, and remitting road usage charges resulting from inter-jurisdictional travel. At least one partnering jurisdiction must share a common border with Washington. The results of this work must be reported to the governor, the transportation commission, and the transportation committees of the legislature by September 1, 2014.

Motor Vehicle Account--Private/Local Appropriation \$250,000

TOTAL APPROPRIATION (~~(\$52,804,000)~~)

\$52,355,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$6,000,000 of the motor vehicle account--state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis. By September 1st of each even-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects prioritized on a statewide rather than regional basis completed in the prior year.

(2) \$9,000,000 of the motor vehicle account--state appropriation is provided solely for the department's incident response program.

(3) During the 2013-2015 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as

defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

(4) The department shall work with the cities of Lynnwood and Edmonds to provide traffic light synchronization on state route number 524.

~~((6))~~ (5) The department, in consultation with the Washington state patrol, must continue a pilot program for the state patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. For the purpose of this pilot program, during the 2013-2015 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors may be present or where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2013-2015 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued under this subsection ~~((6))~~ (5) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be

included with each automated traffic safety camera infraction notice issued, along with instructions for its completion and use.

~~((7))~~ (6) \$102,000 of the motor vehicle account--state appropriation is provided solely to replace or rehabilitate critical equipment needed to perform traffic control. These funds may not be used to purchase passenger cars as defined in RCW 46.04.382.

To receive a grant, the transit agency must, to the greatest extent practicable, have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2011 as reported in the "Summary of Public Transportation - 2011" published by the department of transportation. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2013, and December 15, 2014, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded grant.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2013-2015 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and (ii) "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

(8) An affected urban growth area that has not previously implemented a commute trip reduction program as of the effective date of this section is exempt from the requirements in RCW 70.94.527.

(9) \$200,000 of the multimodal transportation account--state appropriation is contingent on the timely development of an annual report summarizing the status of public transportation systems as identified under RCW 35.58.2796.

(10) \$160,000 of the motor vehicle account--federal appropriation is provided solely for King county metro to study demand potential for a state route number 18 and Interstate 90 park and ride location, to size the facilities appropriately, to perform site analysis, and to develop preliminary design concepts. When studying potential park and ride locations pursuant to this subsection, King county metro must take into consideration the effect of the traffic using the weigh station at the Interstate 90 and state route number 18 interchange at exit 25 and, to the maximum extent practicable, choose a park and ride location that minimizes traffic impacts for the Interstate 90 and state route number 18 interchange and the weigh station.

Sec. 221. 2013 c 306 s 221 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION--MARINE--PROGRAM X

Puget Sound Ferry Operations Account--State

Appropriation ((~~\$485,076,000~~))

\$483,404,000

Puget Sound Ferry Operations Account--Private/Local

Appropriation \$121,000

TOTAL APPROPRIATION ((~~\$485,197,000~~))

\$483,525,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The office of financial management budget instructions require agencies to recast enacted budgets into activities. The Washington state ferries shall include a greater level of detail in its 2013-2015 supplemental and 2015-2017 omnibus transportation appropriations act requests, as determined jointly by the office of financial management, the Washington state ferries, and the transportation committees of the legislature. This level of detail must include the administrative functions in the operating as well as capital programs.

(2) Until a reservation system is operational on the San Juan islands inter-island route, the department shall provide the same priority loading benefits on the San Juan islands inter-island route to home health care workers as are currently provided to patients traveling for purposes of receiving medical treatment.

(3) For the 2013-2015 fiscal biennium, the department may enter into a distributor controlled fuel hedging program and other methods of hedging approved by the fuel hedging committee.

(4) (~~(\$112,342,000)~~) \$113,157,000 of the Puget Sound ferry operations account--state appropriation is provided solely for auto ferry vessel operating fuel in the 2013-2015 fiscal biennium, which reflect cost savings from a reduced biodiesel fuel requirement and, therefore, are contingent upon the enactment of section 701 (~~(of this act)~~), chapter 306, Laws of 2013. The amount provided in this subsection represent the fuel budget for the purposes of calculating any ferry fare fuel surcharge. The department shall develop a fuel reduction plan to be submitted as part of its 2014 supplemental budget proposal. The plan must include fuel saving proposals, such as vessel modifications, vessel speed reductions, and changes to operating procedures, along with anticipated fuel saving estimates.

(5) \$100,000 of the Puget Sound ferry operations account--state appropriation is provided solely for the department's compliance with its national pollution discharge elimination system permit.

(6) When purchasing uniforms that are required by collective bargaining agreements, the department shall contract with the lowest cost provider.

(7) \$3,049,000 of the Puget Sound ferry operations account--state appropriation is provided solely for the operating program share of the \$7,259,000 in lease payments for the ferry division's headquarters building. Consistent with the 2012 facilities oversight plan, the department shall strive to consolidate office space in downtown Seattle by the end of 2015. The department shall consider renewing the lease for the ferry division's current headquarters building only if the lease rate is reduced at least fifty percent and analysis shows that this is the least cost and risk option for the department. Consolidation with other divisions or state agencies, or a reduction in leased space, must also be considered as part of any headquarters lease renewal analysis.

(8) \$5,000,000 of the Puget Sound ferry operations account--state appropriation is provided solely for the purchase of a 2013-2015 marine insurance policy. Within this amount, the department is expected to purchase a policy with the lowest deductible possible, while maintaining at least existing coverage levels for ferry vessels, and providing coverage for all terminals.

(9) Within existing resources, the department must evaluate the feasibility of using re-refined used motor oil processed in Washington state as a ferry fuel source. The evaluation must include, but is not limited to, research on existing entities currently using the process for re-refined fuel, any required combustible engine modifications, additional needed equipment on the vessels or fueling locations, cost analysis, compatibility with B-5 blended diesel, and meeting engine performance specifications. The department must establish an evaluation group that includes, but is not limited to, persons experienced in the re-refined motor oil industry. The department must deliver a report containing the results of the evaluation to the transportation committees of the legislature and the office of financial management by December 1, 2014.

(10) \$71,000 of the Puget Sound ferry operations account--state appropriation is provided solely for one traffic attendant for ferry terminal traffic control at the Fauntleroy ferry terminal.

In recognition of the increased costs the state is expected to absorb due to changes in federal law, the department is directed to analyze the Amtrak contract proposal and find cost saving alternatives. The department shall report to the transportation committees of the legislature before the 2014 regular legislative session on its revisions to the Amtrak contract, including a review of the appropriate costs within the contract for concession services, policing, host railroad incentives, and station services and staffing needs. Within thirty days of each annual cost/revenue reconciliation under the Amtrak service contract, the department shall report any changes that would affect the state subsidy amount appropriated in this subsection. Through a competitive process, the department may contract with a private entity for services related to operations and maintenance of the Amtrak Cascades route, including, but not limited to, concession services.

(2) Amtrak Cascades runs may not be eliminated.

(3) The department shall continue a pilot program by partnering with the travel industry on the Amtrak Cascades service between Vancouver, British Columbia, and Seattle to test opportunities for increasing ridership, maximizing farebox recovery, and stimulating

private investment. The pilot program must run from December 31, 2013, to December 31, 2014, and evaluate seasonal differences in the program and the effect of advertising. The department may offer to Washington universities an opportunity for business students to work as interns on the analysis of the pilot program process and results. The department shall report on the results of the pilot program to the office of financial management and the legislature by January 31, 2015.

(4) \$150,000 of the multimodal transportation account--state appropriation is provided solely for the department to develop an inventory of short line rail infrastructure that can be used to support a data-driven approach to identifying system needs. The department shall work with short line rail owners and operators within the state, provide status updates periodically to the joint transportation committee, submit a progress report of its findings to the transportation committees of the legislature and the office of financial management by December 15, 2014, submit a preliminary report of key findings and recommendations to the transportation committees of the legislature and the office of financial management by March 1, 2015, and submit a final report to the transportation committees of the legislature and the office of financial management by June 30, 2015.

TOTAL APPROPRIATION ((~~\$21,531,000~~))

\$23,859,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The legislature recognizes that the Marginal Way site (King county parcel numbers 3024049182 & 5367202525) is surplus state-owned real property under the jurisdiction of the department and that the public would benefit significantly if this site is used to provide important social services. Therefore, the legislature declares that committing the Marginal Way site to this use is consistent with the public interest.

Pursuant to RCW 47.12.063, the department shall work with the owner of King county parcel number 7643400010, which abuts both parcels of the Marginal Way site, and shall convey the Marginal Way site to that abutting property owner for the appraised fair market value of the parcels, the proceeds of which must be deposited in the motor vehicle fund. The conveyance is conditional upon the purchaser's agreement to commit the use of the Marginal Way site to operations with the goal of ending hunger in western Washington. The department may not make this conveyance before September 1, 2013, and may not make this conveyance after ((~~January 15~~)) September 1, 2014.

The Washington department of transportation is not responsible for any costs associated with the cleanup or transfer of the Marginal Way site.

TOTAL APPROPRIATION ((~~\$3,559,933,000~~))

\$3,572,584,000

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire transportation 2003 account (nickel account) appropriation and the entire transportation partnership account appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ((~~2013-1~~)) 2014-1 as developed ((~~April 23, 2013~~)) March 10, 2014, Program - Highway Improvement Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section ((~~603~~)) 601 of this act.

(2) Except as provided otherwise in this section, the entire motor vehicle account--state appropriation and motor vehicle account--federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document ((~~2013-2~~)) 2014-2 ALL PROJECTS as developed ((~~April 23, 2013~~)) March 10, 2014, Program - Highway Improvement Program (I). ((~~It is the intent of the legislature to direct~~)) The department ((~~to give first priority of~~)) shall apply any federal funds gained through efficiencies or the redistribution process in an amount up to \$27,200,000 for cost overruns related to the pontoon design errors on the SR 520 Bridge Replacement and HOV project (8B11003) as described in subsection (12)(f) of this section. Any federal funds gained through efficiencies or the redistribution process that are in excess of \$27,200,000 must then be applied to the "Contingency (Unfunded) Highway Preservation Projects" as identified in LEAP Transportation Document ((~~2013-2~~)) 2014-2 ALL PROJECTS as developed ((~~April 23, 2013~~)) March 10, 2014, Program - Highway Preservation Program (P). However, no additional federal funds may be allocated to the I- 5/Columbia River Crossing project (400506A).

(3) Within the motor vehicle account--state appropriation and motor vehicle account--federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act.

(4) The transportation 2003 account (nickel account)--state appropriation includes up to ((~~\$217,604,000~~)) \$246,710,000 in proceeds from the sale of bonds authorized by RCW 47.10.861.

(5) The transportation partnership account--state appropriation includes up to ((~~\$1,156,217,000~~)) \$811,595,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(6) The motor vehicle account--state appropriation includes up to \$30,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.843.

((~~8~~)) (7)(a) ((~~\$5,000,000~~)) \$6,174,000 of the motor vehicle account--federal appropriation and ((~~\$200,000~~)) \$269,000 of the motor vehicle account--state appropriation are provided solely for the I-90 Comprehensive Tolling Study and Environmental Review project (100067T). The department shall prepare a detailed environmental impact statement that complies with the national environmental policy act regarding tolling Interstate 90 between Interstate 5 and Interstate 405 for the purposes of both managing traffic and providing funding for the construction of the unfunded state route number 520 from Interstate 5 to Medina project. As part of the preparation of the statement, the department must review any impacts to the network of highways and roads surrounding Lake Washington. In developing this statement, the department must provide significant outreach to

potential affected communities. The department may consider traffic management options that extend as far east as Issaquah.

(b)(i) As part of the project in this subsection ~~((8))~~ (7), the department shall perform a study of all funding alternatives to tolling Interstate 90 to provide funding for construction of the unfunded state route number 520 and explore and evaluate options to mitigate the effect of tolling on affected residents and all other users of the network of highways and roads surrounding Lake Washington including, but not limited to:

(A) Allowing all Washington residents to traverse a portion of the tolled section of Interstate 90 without paying a toll. Residents may choose either (I) the portion of Interstate 90 between the easternmost landing west of Mercer Island and the westernmost landing on Mercer Island, or (II) the portion of Interstate 90 between the westernmost landing east of Mercer Island and the easternmost landing on Mercer Island;

(B) Assessing a toll only when a driver traverses, in either direction, the entire portion of Interstate 90 between the easternmost landing west of Mercer Island and the westernmost landing east of Mercer Island; and

(C) Allowing affected residents to choose one portion of the tolled section of Interstate 90 upon which they may travel without paying a toll. Residents may choose either (I) the portion of Interstate 90 between the easternmost landing west of Mercer Island and the westernmost landing on Mercer Island, or (II) the portion of Interstate 90 between the westernmost landing east of Mercer Island and the easternmost landing on Mercer Island.

(ii) The department may also consider any alternative mitigation options that conform to the purpose of this subsection ~~((8))~~ (7).

(iii) For the purposes of this subsection ~~((8))~~ (7), "affected resident" means anyone who must use a portion of Interstate 90 west of Interstate 405 upon which tolling is considered in order to access necessary medical services, such as a hospital.

~~((9) \$541,901,000)~~ (8) \$490,796,000 of the transportation partnership account--state appropriation, ~~((144,954,000))~~ \$156,979,000 of the motor vehicle account--federal appropriation, ~~((129,779,000))~~ \$132,191,000 of the motor vehicle account--private/local appropriation, and ~~((78,004,000))~~ \$123,305,000 of the transportation 2003 account (nickel account)--state appropriation are provided solely for the SR 99/Alaskan Way Viaduct - Replacement project (809936Z). Amounts appropriated in this subsection may not be spent for the purpose of public transportation mitigation, except pursuant to an agreement or agreements between the department and King county as that agreement or agreements existed on January 1, 2013.

~~((40))~~ (9) The department shall reconvene an expert review panel of no more than three members as described under RCW 47.01.400 for the purpose of updating the work that was previously completed by the panel on the Alaskan Way viaduct replacement project and to ensure that an appropriate and viable financial plan is created and regularly reviewed. The expert review panel must be selected cooperatively by the chairs of the senate and house of representatives transportation committees, the secretary of transportation, and the governor. The expert review panel must report findings and recommendations to the transportation committees of the legislature, the governor's Alaskan Way viaduct project oversight committee, and the transportation commission annually until the project is operationally complete. This subsection takes effect if chapter ... (Substitute House Bill No. 1957), Laws of 2013 is not enacted by June 30, 2013.

~~((11) \$7,408,000)~~ (10) \$7,103,000 of the transportation partnership account--state appropriation, ~~((14,594,000))~~ \$22,774,000 of the transportation 2003 account (nickel account)--state appropriation, ~~((3,730,000 of the motor vehicle account state appropriation,))~~ \$1,000,000 of the multimodal transportation account--state appropriation, and ~~((41,395,000))~~ \$51,712,000 of the motor vehicle account--federal appropriation are provided solely for the US

395/North Spokane Corridor projects (600010A & 600003A). Any future savings on the projects must stay on the US 395/Interstate 90 corridor and be made available to the current phase of the North Spokane corridor projects or any future phase of the projects.

~~((12) \$114,369,000)~~ (11) \$129,952,000 of the transportation partnership account--state appropriation and ~~((53,755,000))~~ \$58,583,000 of the transportation 2003 account (nickel account)--state appropriation are provided solely for the I-405/Kirkland Vicinity Stage 2 - Widening project (8B11002). This project must be completed as soon as practicable as a design-build project. Any future savings on this project or other Interstate 405 corridor projects must stay on the Interstate 405 corridor and be made available to either the I-405/SR 167 Interchange - Direct Connector project (140504C) or the I-405 Renton to Bellevue project.

~~((13))~~ (12)(a) The SR 520 Bridge Replacement and HOV project ~~((0B11003))~~ (8B11003) is supported over time from multiple sources, including a \$300,000,000 TIFIA loan, ~~((819,524,625))~~ \$923,000,000 in Garvee bonds, toll revenues, state bonds, interest earnings, and other miscellaneous sources.

(b) The state route number 520 corridor account--state appropriation includes up to ~~((668,142,000))~~ \$814,784,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(c) The state route number 520 corridor account--federal appropriation includes up to \$300,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(d) ~~((153,124,000))~~ \$165,175,000 of the transportation partnership account--state appropriation, \$300,000,000 of the state route number 520 corridor account--federal appropriation, and ~~((737,205,000))~~ \$880,111,000 of the state route number 520 corridor account--state appropriation are provided solely for the SR 520 Bridge Replacement and HOV project ~~((0B11003))~~ (8B11003). Of the amounts appropriated in this subsection ~~((13))~~ (12)(d), ~~((105,085,000))~~ \$84,001,000 of the state route number 520 corridor account--federal appropriation and ~~((227,415,000))~~ \$354,411,000 of the state route number 520 corridor account--state appropriation must be put into unallotted status and are subject to review by the office of financial management. The director of the office of financial management shall consult with the joint transportation committee prior to making a decision to allot these funds.

(e) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(f) The legislature finds that the most appropriate way to pay for the cost overruns related to change orders, additional sales tax, and future risks associated with pontoon design errors is for the state to issue triple pledge bonds in the 2015-2017 fiscal biennium resulting in \$110,961,000 in proceeds, and use efficiencies, including the use of least cost planning or practical design, and favorable bids in the highway construction program to generate an additional \$61,066,000 towards paying for the estimated project overruns. Of this additional \$61,066,000, \$33,866,000 should come from the transportation partnership account--state appropriation and \$27,200,000 should come from federal funds. As the department identifies savings in federal funds during the 2013-2015 fiscal biennium, the department shall prioritize the use of these funds towards the anticipated \$27,200,000 in federal funds needed to address cost overruns before expending state funds during this fiscal biennium. The legislature assumes that issuing bonds to complete this project as listed in LEAP Transportation Document 2014-1 as developed March 10, 2014, does not require a comprehensive financial plan for a project that completes the state route number 520 corridor to Interstate 5.

(g) The department's 2014 supplemental budget allotment submittal must include a project-specific plan detailing how the department will achieve the mandatory budget savings in (f) of this

subsection, including the use of least cost planning or practical design as a means to generate savings, as referenced in subsection (23) of this section. The use of least cost planning or practical design may result in a reduction of project cost, but not a reduction of functional scope. The director of financial management shall notify the transportation committees of the legislature in writing seven days prior to approving any allotment modifications under this subsection.

(13) Within the amounts provided in this section, the department must continue to work with the Seattle department of transportation in their joint planning, design, outreach, and operation of the remaining west side elements including, but not limited to, the Montlake lid, the bicycle/pedestrian path, the effective network of transit connections, and the Portage Bay bridge of the SR 520 Bridge Replacement and HOV project.

(14) ((~~\$1,100,000~~)) \$1,062,000 of the motor vehicle account--federal appropriation is provided solely for the 31st Ave SW Overpass Widening and Improvement project (L1100048).

(15) ((~~\$22,602,000~~)) \$25,243,000 of the motor vehicle account--state appropriation is provided solely to advance the design, preliminary engineering, and rights-of-way acquisition for the priority projects identified in LEAP Transportation Document ((~~2013-3~~)) 2014-3 as developed ((~~April 23, 2013~~)) March 10, 2014. Funds must be used to advance the emergent, initial development of these projects for the purpose of expediting delivery of the associated major investments when funding for such investments becomes available. Funding may be reallocated between projects to maximize the accomplishment of design and preliminary engineering work and rights-of-way acquisition, provided that all projects are addressed. It is the intent of the legislature that, while seeking to maximize the outcomes in this section, the department shall provide for continuity of both the state and consulting engineer workforce, while strategically utilizing private sector involvement to ensure consistency with the department's business plan for staffing in the highway construction program in the current fiscal biennium.

(16) If a planned roundabout in the vicinity of state route number 526 and 84th Street SW would divert commercial traffic onto neighborhood streets, the department may not proceed with improvements at state route number 526 and 84th Street SW until the traffic impacts in the vicinity of state route number 526 and 40th Avenue West are addressed.

(17) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Prior to the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2015, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(18) The legislature finds that "right-sizing" is a lean, metric-based approach to determining project investments. This concept entails compromise between project cost and design, incorporating local community needs, desired outcomes, and available funding. Furthermore, the legislature finds that the concepts and principles the department has utilized in the safety analyst program have been effective tools to prioritize projects and reduce project costs. Therefore, the department shall establish a pilot project on the SR 3/Belfair Bypass - New Alignment (300344C) to begin implementing the concept of "right-sizing" in the highway construction program.

(19) For urban corridors that are all or partially within a metropolitan planning organization boundary, for which the department has not initiated environmental review, and that require an

environmental impact statement, at least one alternative must be consistent with the goals set out in RCW 47.01.440.

(20) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's 2014 budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(21) ((~~\$28,963,000~~)) \$19,513,000 of the motor vehicle account--state appropriation ((~~is~~)) and \$9,450,000 of the motor vehicle account--federal appropriation are provided solely for improvement program support activities (095901X). \$18,000,000 of this amount must be held in unallotted status until the office of financial management certifies that the department's 2014 supplemental budget request conforms to the terms of subsection (20) of this section.

((~~23~~)) (22) Any new advisory group that the department convenes during the 2013-2015 fiscal biennium must be representative of the interests of the entire state of Washington.

(23) Practical design offers targeted benefits to a state transportation system within available fiscal resources. This delivers value not just for individual projects, but for the entire system. Applying practical design standards will also preserve and enhance safety and mobility. The department shall implement a practical design strategy for transportation design standards. By June 30, 2015, the department shall report to the governor and the house of representatives and senate transportation committees on where practical design has been applied or is intended to be applied in the department and the cost savings resulting from the use of practical design.

(24) The department of transportation shall accept transfer to the state highway system of Quarry Road (also known as the Granite Falls Alternate Route) as a partially controlled limited access facility, consistent with the right-of-way and limited access plan adopted by Snohomish county and the city of Granite Falls in 2008. The department of transportation shall defend any and all claims related to access and challenges to the limited access designation. This subsection takes effect ninety days after the date the governor signs this act if an agreement between the department of transportation and Snohomish county has not been signed by the effective date of this act.

The department must report to the transportation committees of the legislature on estimated cost and/or time savings realized as a result of using the design-build process.

(5) The department shall examine the use of electric arc furnace slag for use as an aggregate for new roads and paving projects in high traffic areas and report back to the legislature on its current use in other areas of the country and any characteristics that can provide greater wear resistance and skid resistance in new pavement construction.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire appropriations in this section are provided solely for the projects and activities as listed in LEAP Transportation Document ((2013-2)) 2014-2 ALL PROJECTS as developed ((April 23, 2013)) March 10, 2014, Program - Washington State Ferries Capital Program (W).

(2) The Puget Sound capital construction account--state appropriation includes up to \$20,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.843.

(3) ((~~\$143,633,000~~)) \$137,425,000 of the transportation 2003 account (nickel account)--state appropriation ((~~is~~)), \$2,338,000 of the transportation partnership account--state appropriation, and \$300,000 of the Puget Sound capital construction account--federal appropriation are provided solely for the acquisition of two 144-car vessels (projects L2200038 and L2200039). The department shall use as much already procured equipment as practicable on the 144-car vessels.

(4) ((~~\$8,270,000~~)) \$14,728,000 of the Puget Sound capital construction account--federal appropriation, ((~~\$3,935,000~~)) \$4,038,000 of the Puget Sound capital construction account--state appropriation, and ((~~\$1,534,000~~)) \$1,535,000 of the multimodal transportation account--state appropriation are provided solely for the Mukilteo ferry terminal (project 952515P). To the greatest extent practicable, the department shall seek additional federal funding for this project. Within the multimodal transportation account--state appropriation amount provided in this subsection, the department shall lease to the city in which the project is located a portion of the department's property associated with this project to provide safe, temporary public access from the easterly terminus of First Street to the vicinity of Front Street. The department shall provide the lease at no cost in recognition of the impacts of this project to the city and require appropriate liability and maintenance coverage in the terms of the lease. Public access must be installed and removed at no cost to the state prior to construction of the multimodal terminal project.

(5) ((~~\$4,000,000~~)) \$4,935,000 of the Puget Sound capital construction account--state appropriation is provided solely for emergency capital repair costs (project 999910K). Funds may only be spent after approval by the office of financial management.

(6) Consistent with RCW 47.60.662, which requires the Washington state ferry system to collaborate with passenger-only ferry and transit providers to provide service at existing terminals, the

department shall ensure that multimodal access, including for passenger-only ferries and transit service providers, is not precluded by any future modifications at the terminal.

(7) ~~(\$3,800,000)~~ \$4,026,000 of the Puget Sound capital construction account--state appropriation is provided solely for the reservation and communications system projects (L200041 & L200042).

(8) \$4,210,000 of the Puget Sound capital construction account--state appropriation is provided solely for the capital program share of \$7,259,000 in lease payments for the ferry division's headquarters building. Consistent with the 2012 facilities oversight plan, the department shall strive to consolidate office space in downtown Seattle by the end of 2015. The department shall consider renewing the lease for the ferry division's current headquarters building only if the lease rate is reduced at least fifty percent and analysis shows that this is the least cost and risk option for the department. Consolidation with other divisions or state agencies, or a reduction in leased space, must also be considered as part of any headquarters lease renewal analysis.

(9) ~~(\$21,950,000)~~ \$23,737,000 of the total appropriation is for preservation work on the Hyak super class vessel (project 944431D), including installation of a power management system and more efficient propulsion systems, that in combination are anticipated to save up to twenty percent in fuel and reduce maintenance costs. Upon completion of this project, the department shall provide a report to the transportation committees of the legislature on the fuel and maintenance savings achieved for this vessel and the potential to save additional funds through other vessel conversions.

(10) The transportation 2003 account (nickel account)--state appropriation includes up to \$50,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.861.

(11) \$50,000,000 of the transportation 2003 account (nickel account)--state appropriation is provided solely for the acquisition of one 144-car vessel (project L1000063). If chapter . . . (Engrossed Second Substitute House Bill No. 1129), Laws of 2014 (ferry vessel replacement) is not enacted by June 30, 2014, the amount provided in the subsection lapses.

(12) If the department pursues a conversion of the existing diesel powered Issaquah class fleet to a different fuel source or engine technology, the department must use a design-build procurement process.

(13) \$350,000 of the Puget Sound capital construction account--state appropriation is provided solely for the issuance of a request for proposals to convert the Issaquah class vessels to use liquefied natural gas and to provide a one-time stipend to the entity awarded the conversion contract. Of the amounts provided in this subsection:

(a) \$100,000 of the Puget Sound capital construction account--state appropriation is for the department to issue a request for proposals for a design-build contract consistent with RCW 47.20.780 to convert six Issaquah class vessels to be powered by liquefied natural gas. Consistent with RCW 47.56.030(2)(c), the legislature finds that the performance needs of the department in converting to liquefied natural gas are for engines with the lowest life-cycle costs, and the department must weigh this criteria as a priority when evaluating the proposals. To encourage cost saving ideas, the department shall limit prescribing design elements in the proposal to those approved or required by the United States coast guard in the liquefied natural gas waterways suitability assessment or those otherwise essential to provide clear direction to bidders. The request for proposals must include a process for evaluating proposals that may include alternative financing arrangements that are in compliance with state private financing law. When evaluating the financial merits of any liquefied natural gas conversion request for proposals, the department shall give consideration to the inability of the state to fund a liquefied natural gas conversion using currently available public resources. The department shall issue the request for proposals within forty-five days of rejecting the liquefied natural gas request for proposals issued under section

308(11), chapter 86, Laws of 2012 or receiving final findings from the United States coast guard on the liquefied natural gas waterways suitability assessment, whichever is later.

(b) \$250,000 of the Puget Sound capital construction account--state appropriation is for the entity awarded the contract pursuant to this subsection.

The department shall issue freight rail investment bank program loans with a repayment period of no more than ten years, and only so much interest as is necessary to recoup the department's costs to administer the loans.

(c) Within the amounts provided in this section, ~~(\$2,439,000)~~ \$2,440,000 of the multimodal transportation account--state appropriation, \$1,250,000 of the transportation infrastructure account--state appropriation, and \$311,000 of the essential rail assistance account--state appropriation are for statewide emergent freight rail assistance projects identified in the LEAP transportation document referenced in (a) of this subsection.

(2) Unsuccessful 2012 freight rail assistance program grant applicants may be awarded freight rail investment bank program loans, if eligible. ~~((If any funds remain in the freight rail investment bank or freight rail assistance program reserves (projects F01001A and F01000A), or any approved grants or loans are terminated,))~~ The department shall issue a call for projects for the freight rail investment bank loan program and the freight rail assistance grant program, and shall evaluate the applications in a manner consistent with past practices as specified in section 309, chapter 367, Laws of 2011. Of the amounts provided in this subsection, \$31,500,000 of the multimodal transportation account--federal appropriation is provided solely for the purchase of two new train sets for the state-supported intercity passenger rail service. The department must apply for any federal waivers required to purchase the new train sets, as allowable under existing competitive bidding practices, and seek federal funds in addition to those available from the high-speed rail grants.

(4) As allowable under federal rail authority rules and existing competitive bidding practices, when purchasing new train sets, the department shall give preference to bidders that propose train sets with characteristics and maintenance requirements most similar to those currently owned by the department.

(5) The department shall provide quarterly reports to the office of financial management and the transportation committees of the legislature regarding applications that the department submits for federal funds and the status of such applications.

The department shall complete an evaluation and assessment of future maintenance needs on the line to ensure appropriate levels of state investment.

(b) Expenditures from the essential rail assistance account--state appropriation in this section may not exceed the combined total of:

(i) Revenues deposited into the essential rail assistance account from leases and sale of property pursuant to RCW 47.76.290; and

The department shall report its cost-benefit evaluation of the prospective rail project, as well as the department's best estimate of an appropriate construction schedule and total project costs, to the office of financial management and the transportation committees of the legislature.

(b) The legislative priorities to be used in the cost-benefit methodology are, in order of relative importance:

(i) Economic, safety, or environmental advantages of freight movement by rail compared to alternative modes;

(ii) Self-sustaining economic development that creates family-wage jobs;

(iii) Preservation of transportation corridors that would otherwise be lost;

(iv) Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;

(v) Better integration and cooperation within the regional, national, and international systems of freight distribution; and

(vi) Mitigation of impacts of increased rail traffic on communities.

IMPLEMENTING PROVISIONS

Sec. 601. 2013 c 306 s 603 (uncodified) is amended to read as follows:

FUND TRANSFERS

(1) The transportation 2003 projects or improvements and the 2005 transportation partnership projects or improvements are listed in the LEAP list titled (~~(2013-4)~~) 2014-1 as developed (~~(April 23, 2013)~~) March 10, 2014, which consists of a list of specific projects by fund source and amount over a ten-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer

year funding allocations represent a ten-year plan. The department is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and transportation 2003 account (nickel account) projects on the LEAP transportation documents referenced in this act. However, this section does not apply to the I-5/Columbia River Crossing project (400506A). For the 2011-2013 and 2013-2015 project appropriations, unless otherwise provided in this act, the director of financial management may authorize a transfer of appropriation authority between projects funded with transportation 2003 account (nickel account) appropriations, or transportation partnership account appropriations, in order to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Each transfer between projects may only occur if the director of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2014 supplemental omnibus transportation appropriations act, any unexpended 2011-2013 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects;

(d) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed to complete the project;

(e) Transfers may not occur for projects not identified on the applicable project list;

(f) Transfers may not be made while the legislature is in session; and

(g) Transfers between projects may be made, without the approval of the director of the office of financial management, by the department of transportation until the transfer amount by project exceeds two hundred fifty thousand dollars, or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of financial management and the chairs of the house of representatives and senate transportation committees.

(2) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(3) The office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

(4) The office of financial management shall document approved transfers and schedule changes in the transportation executive information system, compare changes to the legislative baseline funding and schedules identified by project identification number identified in the LEAP transportation documents referenced in this act, and transmit revised project lists to chairs of the transportation committees of the legislature on a quarterly basis.

NEW SECTION. Sec. 602. A new section is added to 2013 c 306 (uncodified) to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION

Except as otherwise provided in this act, the department may enter into a new agreement with King county for the purpose of public transportation mitigation for the SR 99/Alaskan Way Viaduct - Replacement project through the end of the 2013-2015 fiscal biennium. Before expending any funds, the department must inform the transportation committees of the legislature of the amount and source of the funds.

NEW SECTION. Sec. 603. A new section is added to 2013 c 306 (uncodified) to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION

(1) The department shall submit a report to the transportation committees of the legislature detailing engineering errors on highway construction projects resulting in project cost increases in excess of five hundred thousand dollars. The department must submit a full report within ninety days of the negotiated change order resulting from the engineering error.

(2) The department's full report must include an assessment and review of:

- (a) How the engineering error happened;
- (b) The department of the employee or employees responsible for the engineering error, without disclosing the name of the employee or employees;
- (c) What corrective action was taken;
- (d) The estimated total cost of the engineering error and how the department plans to mitigate that cost;
- (e) Whether the cost of the engineering error will impact the overall project financial plan; and
- (f) What action the secretary has recommended to avoid similar engineering errors in the future.

MISCELLANEOUS 2013-2015 FISCAL BIENNIUM

Sec. 701. RCW 47.28.030 and 2011 c 367 s 710 are each amended to read as follows:

(1)(a) A state highway shall be constructed, altered, repaired, or improved, and improvements located on property acquired for right-of-way purposes may be repaired or renovated pending the use of such right-of-way for highway purposes, by contract or state forces. The work or portions thereof may be done by state forces when the estimated costs thereof are less than fifty thousand dollars and effective July 1, 2005, sixty thousand dollars.

(b) When delay of performance of such work would jeopardize a state highway or constitute a danger to the traveling public, the work may be done by state forces when the estimated cost thereof is less than eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(c) When the department of transportation determines to do the work by state forces, it shall enter a statement upon its records to that effect, stating the reasons therefor.

(d) To enable a larger number of small businesses and veteran, minority, and women contractors to effectively compete for department of transportation contracts, the department may adopt rules providing for bids and award of contracts for the performance of work, or furnishing equipment, materials, supplies, or operating services whenever any work is to be performed and the engineer's estimate indicates the cost of the work would not exceed eighty thousand dollars and effective July 1, 2005, one hundred thousand dollars.

(2) The rules adopted under this section:

(a) Shall provide for competitive bids to the extent that competitive sources are available except when delay of performance would jeopardize life or property or inconvenience the traveling public; and

(b) Need not require the furnishing of a bid deposit nor a performance bond, but if a performance bond is not required then progress payments to the contractor may be required to be made based on submittal of paid invoices to substantiate proof that disbursements have been made to laborers, material suppliers, mechanics, and subcontractors from the previous partial payment; and

(c) May establish prequalification standards and procedures as an alternative to those set forth in RCW 47.28.070, but the prequalification standards and procedures under RCW 47.28.070 shall always be sufficient.

(3) The department of transportation shall comply with such goals and rules as may be adopted by the office of minority and women's business enterprises to implement chapter 39.19 RCW with respect to contracts entered into under this chapter. The department may adopt such rules as may be necessary to comply with the rules adopted by the office of minority and women's business enterprises under chapter 39.19 RCW.

(4)(a) For the period of March 15, ((2014)) 2014, through June 30, ((2013)) 2015, work for less than one hundred twenty thousand dollars may be performed on ferry vessels and terminals by state forces.

(b) The department shall hire a disinterested, third party to conduct an independent analysis to identify methods of reducing out-of-service times for vessel maintenance, preservation, and improvement projects. The analysis must include options that consider consolidating work while vessels are at shipyards by having state forces perform services traditionally performed at Eagle Harbor at the shipyard and decreasing the allowable time at shipyards. The analysis must also compare the out-of-service vessel times of performing services by state forces versus contracting out those services which in turn must be used to form a recommendation as to what the threshold of work performed on ferry vessels and terminals by state forces should be. This analysis must be presented to the transportation committees of the senate and house of representatives by December 1, 2010.

(c) The department shall develop a proposed ferry vessel maintenance, preservation, and improvement program and present it to the transportation committees of the senate and house of representatives by December 1, 2010. The proposed program must:

(i) Improve the basis for budgeting vessel maintenance, preservation, and improvement costs and for projecting those costs into a sixteen-year financial plan;

(ii) Limit the amount of planned out-of-service time to the greatest extent possible, including options associated with department staff as well as commercial shipyards; and

(iii) Be based on the service plan in the capital plan, recognizing that vessel preservation and improvement needs may vary by route.

(d) In developing the proposed ferry vessel maintenance, preservation, and improvement program, the department shall consider the following, related to reducing vessel out-of-service time:

(i) The costs compared to benefits of Eagle Harbor repair and maintenance facility operations options to include staffing costs and benefits in terms of reduced out-of-service time;

(ii) The maintenance requirements for on-vessel staff, including the benefits of a systemwide standard;

(iii) The costs compared to benefits of staff performing preservation or maintenance work, or both, while the vessel is underway, tied up between sailings, or not deployed;

(iv) A review of the department's vessel maintenance, preservation, and improvement program contracting process and contractual requirements;

(v) The costs compared to benefits of allowing for increased costs associated with expedited delivery;

(vi) A method for comparing the anticipated out-of-service time of proposed projects and other projects planned during the same construction period;

(vii) Coordination with required United States coast guard dry dockings;

(viii) A method for comparing how proposed projects relate to the service requirements of the route on which the vessel normally operates; and

(ix) A method for evaluating the ongoing maintenance and preservation costs associated with proposed improvement projects.

Sec. 702. RCW 81.53.281 and 2003 c 190 s 3 are each amended to read as follows:

There is hereby created in the state treasury a "grade crossing protective fund" to carry out the provisions of RCW 81.53.261, 81.53.271, 81.53.281, 81.53.291, and 81.53.295; for grants and/or

subsidies to public, private, and nonprofit entities for rail safety projects authorized or ordered by the commission; and for personnel and associated costs related to supervising and administering rail safety grants and/or subsidies. During the 2013-2015 fiscal biennium, funds in this account may also be used to conduct the study required under section 102 of this act. The commission shall transfer from the public service revolving fund's miscellaneous fees and penalties accounts moneys appropriated for these purposes as needed. At the time the commission makes each allocation of cost to said grade crossing protective fund, it shall certify that such cost shall be payable out of said fund. When federal-aid highway funds are involved, the department of transportation shall, upon entry of an order by the commission requiring the installation or upgrading of a grade crossing protective device, submit to the commission an estimate for the cost of the proposed installation and related work. Upon receipt of the estimate the commission shall pay to the department of transportation the percentage of the estimate specified in RCW 81.53.295, as now or hereafter amended, to be used as the grade crossing protective fund portion of the cost of the installation and related work.

The commission may adopt rules for the allocation of money from the grade crossing protective fund.

NEW SECTION. Sec. 703. A new section is added to 2013 c 306 (uncodified) to read as follows:

The office of the state treasurer shall explore the fiscal implications with respect to outstanding motor vehicle fuel transportation bonds and to future transportation bond sales, relating to any reduction, refunding, crediting, or repeal of the motor vehicle fuel tax, in whole or in part, that may occur in a transition to a potential road usage charge by which transportation activities may be funded in the future. The exploration of fiscal implications must examine possible effects on the state credit rating, interest rates, and other factors that affect the cost of financing transportation projects. The draft report of this work must be shared with the transportation committees of the legislature, the transportation commission, and the office of financial management by September 1, 2014. A final report must be provided to the transportation committees of the legislature, the transportation commission, and the office of financial management by December 31, 2014.

Sec. 704. RCW 82.70.020 and 2013 c 306 s 718 are each amended to read as follows:

(1) Employers in this state who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to their own or other employees for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, ~~((2014))~~ 2015, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of employees for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per employee per fiscal year.

(2) Property managers who are taxable under chapter 82.04 or 82.16 RCW and provide financial incentives to persons employed at a worksite in this state managed by the property manager for ride sharing, for using public transportation, for using car sharing, or for using nonmotorized commuting before July 1, ~~((2014))~~ 2015, are allowed a credit against taxes payable under chapters 82.04 and 82.16 RCW for amounts paid to or on behalf of these persons for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, not to exceed sixty dollars per person per fiscal year.

(3) The credit under this section is equal to the amount paid to or on behalf of each employee multiplied by fifty percent, but may not exceed sixty dollars per employee per fiscal year. No refunds may be granted for credits under this section.

(4) A person may not receive credit under this section for amounts paid to or on behalf of the same employee under both chapters 82.04 and 82.16 RCW.

(5) A person may not take a credit under this section for amounts claimed for credit by other persons.

Sec. 705. RCW 82.70.040 and 2013 c 306 s 719 are each amended to read as follows:

(1)(a)(i) The department shall keep a running total of all credits allowed under RCW 82.70.020 during each fiscal year. The department shall not allow any credits that would cause the total amount allowed to exceed two million seven hundred fifty thousand dollars in any fiscal year. This limitation includes any deferred credits carried forward under subsection (2)(b)(i) of this section from prior years.

(ii) During the 2013-2015 fiscal biennium, the department shall not allow any credits that would cause the total amount allowed to exceed one million five hundred thousand dollars in any fiscal year. This limitation includes any deferred credits carried forward under subsection (2)(b)(i) of this section from prior years.

(b) If the total amount of credit applied for by all applicants in any year exceeds the limit in this subsection, the department shall ratably reduce the amount of credit allowed for all applicants so that the limit in this subsection is not exceeded. If a credit is reduced under this subsection, the amount of the reduction may not be carried forward and claimed in subsequent fiscal years.

(2)(a) Tax credits under RCW 82.70.020 may not be claimed in excess of the amount of tax otherwise due under chapter 82.04 or 82.16 RCW.

(b)(i) Through June 30, 2005, a person with taxes equal to or in excess of the credit under RCW 82.70.020, and therefore not subject to the limitation in (a) of this subsection, may elect to defer tax credits for a period of not more than three years after the year in which the credits accrue. No credits deferred under this subsection (2)(b)(i) may be used after June 30, 2008. A person deferring tax credits under this subsection (2)(b)(i) must submit an application as provided in RCW 82.70.025 in the year in which the deferred tax credits will be used. This application is subject to the provisions of subsection (1) of this section for the year in which the tax credits will be applied. If a deferred credit is reduced under subsection (1)(b) of this section, the amount of deferred credit disallowed because of the reduction may be carried forward as long as the period of deferral does not exceed three years after the year in which the credit was earned.

(ii) For credits approved by the department after June 30, 2005, the approved credit may be carried forward to subsequent years until used. Credits carried forward as authorized by this subsection are subject to the limitation in subsection (1)(a) of this section for the fiscal year for which the credits were originally approved.

(3) No person shall be approved for tax credits under RCW 82.70.020 in excess of two hundred thousand dollars in any fiscal year. This limitation does not apply to credits carried forward from prior years under subsection (2)(b) of this section.

(4) No person may claim tax credits after June 30, ~~((2014))~~ 2015.

(5) Credits may not be carried forward other than as authorized in subsection (2)(b) of this section.

(6) No person is eligible for tax credits under RCW 82.70.020 if the additional revenues for the multimodal transportation account created by Engrossed Substitute House Bill No. 2231 are terminated.

Sec. 706. RCW 82.70.050 and 2003 c 364 s 5 are each amended to read as follows:

(1) During the 2013-2015 fiscal biennium, the director shall on the 25th of February, May, August, and November of each year advise the state treasurer of the amount of credit taken under RCW 82.70.020 during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.

(2) On the last day of March, June, September, and December of each year, the state treasurer, based upon information provided by the department, shall deposit to the general fund a sum equal to the dollar amount of the credit provided under RCW 82.70.020 from the multimodal transportation account.

This chapter expires ~~((July 1, 2014, except for RCW 82.70.050, which expires January 1, 2015))~~ **June 30, 2015.**

Sec. 708. RCW 90.03.525 and 2005 c 319 s 140 are each amended to read as follows:

(1) The rate charged by a local government utility to the department of transportation with respect to state highway right-of-way or any section of state highway right-of-way for the construction, operation, and maintenance of storm water control facilities under chapters 35.67, 35.92, 36.89, 36.94, 57.08, and 86.15 RCW, shall be thirty percent of the rate for comparable real property, except as otherwise provided in this section. The rate charged to the department with respect to state highway right-of-way or any section of state highway right-of-way within a local government utility's jurisdiction shall not, however, exceed the rate charged for comparable city street or county road right-of-way within the same jurisdiction. The legislature finds that the aforesaid rates are presumptively fair and equitable because of the traditional and continuing expenditures of the department of transportation for the construction, operation, and maintenance of storm water control facilities designed to control surface water or storm water runoff from state highway rights-of-way.

(2) Charges paid under subsection (1) of this section by the department of transportation must be used solely for storm water control facilities that directly reduce ~~((state highway))~~ runoff impacts or implementation of best management practices that will reduce the need for such facilities. ~~((By January 1st of each year, beginning with calendar year 1997, the local government utility, in coordination with the department, shall develop a plan for the expenditure of the charges for that calendar year. The plan must be consistent with the objectives identified in RCW 90.78.010. In addition, beginning with the submittal for 1998, the utility shall provide a progress report on the use of charges assessed for the prior year. No charges may be paid until the plan and report have been submitted to the department.))~~

(3) The utility imposing the charge and the department of transportation may, however, agree to either higher or lower rates with respect to the construction, operation, or maintenance of any specific storm water control facilities ~~((based upon the annual plan prescribed in subsection (2) of this section))~~. If, after mediation, the local government utility and the department of transportation cannot agree upon the proper rate, either may commence an action in the superior court for the county in which the state highway right-of-way is located to establish the proper rate. The court in establishing the proper rate shall take into account the extent and adequacy of storm water control facilities constructed by the department and the actual benefits to the sections of state highway rights-of-way from storm water control facilities constructed, operated, and maintained by the local government utility. Control of surface water runoff and storm water runoff from state highway rights-of-way shall be deemed an actual benefit to the state highway rights-of-way. The rate for sections of state highway right-of-way as determined by the court shall be set forth in terms of the percentage of the rate for comparable real property, but shall in no event exceed the rate charged for comparable city street or county road right-of-way within the same jurisdiction.

(4) The legislature finds that the federal clean water act (national pollutant discharge elimination system, 40 C.F.R. parts 122- 124), the state water pollution control act, chapter 90.48 RCW, and the highway runoff program under chapter 90.71 RCW, mandate the treatment and control of storm water runoff from state highway rights-of-way owned by the department of transportation. Appropriations made by the legislature to the department of transportation for the construction, operation, and maintenance of storm water control facilities are intended to address applicable federal and state mandates related to storm water control and treatment. This section is not intended to limit opportunities for sharing the costs of storm water improvements between cities, counties, and the state.

THIRD READING**MESSAGE FROM THE SENATE**

March 7, 2014

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2023 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. This act may be known and cited as the Washington jobs act of 2014.

NEW SECTION. Sec. 2. The legislature finds that start-up companies play a critical role in creating new jobs and revenues. Crowdfunding, or raising money through small contributions from a large number of investors, allows smaller enterprises to access the capital they need to get new businesses off the ground. The legislature further finds that the costs of state securities registration often outweigh the benefits to Washington start-ups seeking to make small securities offerings and that the use of crowdfunding for business financing in Washington is significantly restricted by state securities laws. Helping new businesses access equity crowdfunding within certain boundaries will democratize venture capital and facilitate investment by Washington residents in Washington start-ups while protecting consumers and investors. For these reasons, the legislature intends to provide Washington businesses and investors the opportunity to benefit from equity crowdfunding.

NEW SECTION. Sec. 3. A new section is added to chapter 21.20 RCW to read as follows:

(1) Any offer or sale of a security is exempt from RCW 21.20.040 through 21.20.300 and 21.20.327, except as expressly provided, if:

(a) The offering is first declared exempt by the director after:

(i) The issuer files the offering with the director; or

(ii) A portal working in collaboration with the director files the offering with the director on behalf of the issuer under section 4 of this act;

(b) The offering is conducted in accordance with the requirements of section 3(a)(11) of the securities act of 1933 and securities and exchange commission rule 147, 17 C.F.R. Sec. 230.147;

(c) The issuer is an entity organized and doing business in the state of Washington;

(d) Each investor provides evidence or certification of residency in the state of Washington at the time of purchase;

(e) The issuer files with the director an escrow agreement either directly or through a portal providing that all offering proceeds will be released to the issuer only when the aggregate capital raised from all investors equals or exceeds the minimum target offering, as determined by the director;

(f) The aggregate purchase price of all securities sold by an issuer pursuant to the exemption provided by this section does not exceed one million dollars during any twelve-month period;

(g) The aggregate amount sold to any investor by one or more issuers during the twelve-month period preceding the date of the sale does not exceed:

(i) The greater of two thousand dollars or five percent of the annual income or net worth of the investor, as applicable, if either the annual income or the net worth of the investor is less than one hundred thousand dollars; or

(ii) Ten percent of the annual income or net worth of the investor, as applicable, up to one hundred thousand dollars, if either the annual

income or net worth of the investor is one hundred thousand dollars or more;

(h) The investor acknowledges by manual or electronic signature the following statement conspicuously presented at the time of sale on a page separate from other information relating to the offering: "I acknowledge that I am investing in a high-risk, speculative business venture, that I may lose all of my investment, and that I can afford the loss of my investment";

(i) The issuer reasonably believes that all purchasers are purchasing for investment and not for sale in connection with a distribution of the security; and

(j) The issuer and investor provide any other information reasonably requested by the director.

(2) Attempted compliance with the exemption provided by this section does not act as an exclusive election. The issuer may claim any other applicable exemption.

(3) For as long as securities issued under the exemption provided by this section are outstanding, the issuer shall provide a quarterly report to the issuer's shareholders and the director by making such report publicly accessible, free of charge, at the issuer's internet web site address within forty-five days of the end of each fiscal quarter. The report must contain the following information:

(a) Executive officer and director compensation, including specifically the cash compensation earned by the executive officers and directors since the previous report and on an annual basis, and any bonuses or other compensation, including stock options or other rights to receive equity securities of the issuer or any affiliate of the issuer, received by them; and

(b) A brief analysis by management of the issuer of the business operations and financial condition of the issuer.

(4) Securities issued under the exemption provided by this section may not be transferred by the purchaser during a one-year period beginning on the date of purchase, unless the securities are transferred:

(a) To the issuer of the securities;

(b) To an accredited investor;

(c) As part of a registered offering; or

(d) To a member of the family of the purchaser or the equivalent, or in connection with the death or divorce or other similar circumstances, in the discretion of the director.

(5) The director shall adopt disqualification provisions under which this exemption shall not be available to any person or its predecessors, affiliates, officers, directors, underwriters, or other related persons. The provisions shall be substantially similar to the disqualification provisions adopted by the securities and exchange commission pursuant to the requirements of section 401(b)(2) of the Jobs act of 2012 or, if none, as adopted in Rule 506 of Regulation D. Notwithstanding the foregoing, this exemption shall become available on the effective date of this section.

(b) The applicant's intended use of proceeds from an offering under this act;

(d) A description of any outstanding securities; and

(e) A description of any litigation or legal proceedings involving the applicant, its officers, directors, managing members, or ten percent beneficial owners, as applicable.

(3) Upon receipt of the information described in subsection (2) of this section, the portal may offer services to the applicant that the portal deems appropriate or necessary to meet the criteria for exemption under sections 3 and 5 of this act. Such services may include assistance with development of a business plan, referral to legal services, and other technical assistance in preparation for a public securities offering.

(4) The portal shall forward the materials necessary for the applicant to qualify for exemption to the director for filing when the portal is satisfied that the applicant has assembled the necessary information and materials to meet the criteria for exemption under sections 3 and 5 of this act.

(5) The portal shall work in collaboration with the director for the purposes of executing the offering upon filing with the director.

NEW SECTION. Sec. 5. A new section is added to chapter 21.20 RCW to read as follows:

The director must adopt rules to implement sections 2 and 3 of this act subject to RCW 21.20.450 including, but not limited to:

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2023, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 7, 2014

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2493 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature intends to clarify and update the description of farm and agricultural land as it is used under the property tax open space program. Modern technology and water quality and labor regulations have all caused nurseries to increasingly grow plants in containers rather than in the ground. Growing plants in containers preserves topsoil, allows more plants to be grown per acre, allows soil and nutrients to be customized for each type of plant, allows more efficient use of water and fertilizer, allows year round harvest and sales, and reduces labor cost and injuries.

Sec. 2. RCW 84.34.020 and 2011 c 101 s 1 are each amended to read as follows:

~~((As used in this chapter, unless a different meaning is required by the context:))~~ The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Open space land" means (a) any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly, or (b) any land area, the preservation of which in its present use would (i) conserve and enhance natural or scenic resources, or (ii) protect streams or water supply, or (iii) promote conservation of soils, wetlands, beaches or tidal marshes, or (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries or other open space, or (v) enhance recreation opportunities, or (vi) preserve historic sites, or (vii) preserve visual quality along highway, road, and street corridors or scenic vistas, or (viii) retain in its natural state tracts of land not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification, or (c) any land meeting the definition of farm and agricultural conservation land under subsection (8) of this section. As a condition of granting open space classification, the legislative body may not require public access on land classified under (b)(iii) of this subsection for the purpose of promoting conservation of wetlands.

(2) "Farm and agricultural land" means:

(a) Any parcel of land that is twenty or more acres or multiple parcels of land that are contiguous and total twenty or more acres:

(i) Devoted primarily to the production of livestock or agricultural commodities for commercial purposes;

(ii) Enrolled in the federal conservation reserve program or its successor administered by the United States department of agriculture; or

(iii) Other similar commercial activities as may be established by rule;

(b)(i) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which has produced a gross income from agricultural uses equivalent to, as of January 1, 1993:

(A) One hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and

(B) On or after January 1, 1993, two hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter;

(ii) For the purposes of (b)(i) of this subsection, "gross income from agricultural uses" includes, but is not limited to, the wholesale value of agricultural products donated to nonprofit food banks or feeding programs;

(c) Any parcel of land of less than five acres devoted primarily to agricultural uses which has produced a gross income as of January 1, 1993, of:

(i) One thousand dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and

(ii) On or after January 1, 1993, fifteen hundred dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter. Parcels of land described in (b)(i)(A) and (c)(i) of this subsection will, upon any transfer of the property excluding a transfer to a surviving spouse or surviving state registered domestic partner, be subject to the limits of (b)(i)(B) and (c)(ii) of this subsection;

(d) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which meet one of the following criteria:

(i) Has produced a gross income from agricultural uses equivalent to two hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter;

(ii) Has standing crops with an expectation of harvest within seven years, except as provided in (d)(iii) of this subsection, and a demonstrable investment in the production of those crops equivalent to one hundred dollars or more per acre in the current or previous calendar year. For the purposes of this subsection (2)(d)(ii), "standing crop" means Christmas trees, vineyards, fruit trees, or other perennial crops that: (A) Are planted using agricultural methods normally used in the commercial production of that particular crop; and (B) typically do not produce harvestable quantities in the initial years after planting; or

(iii) Has a standing crop of short rotation hardwoods with an expectation of harvest within fifteen years and a demonstrable investment in the production of those crops equivalent to one hundred dollars or more per acre in the current or previous calendar year;

(e) Any lands including incidental uses as are compatible with agricultural purposes, including wetlands preservation, provided such incidental use does not exceed twenty percent of the classified land and the land on which appurtenances necessary to the production, preparation, or sale of the agricultural products exist in conjunction with the lands producing such products. Agricultural lands also include any parcel of land of one to five acres, which is not contiguous, but which otherwise constitutes an integral part of farming operations

being conducted on land qualifying under this section as "farm and agricultural lands";

(f) The land on which housing for employees and the principal place of residence of the farm operator or owner of land classified pursuant to (a) of this subsection is sited if: The housing or residence is on or contiguous to the classified parcel; and the use of the housing or the residence is integral to the use of the classified land for agricultural purposes; (~~(f)~~)

(g) Any land that is used primarily for equestrian related activities for which a charge is made, including, but not limited to, stabling, training, riding, clinics, schooling, shows, or grazing for feed and that otherwise meet the requirements of (a), (b), or (c) of this subsection; or

(h) Any land primarily used for commercial horticultural purposes, including growing seedlings, trees, shrubs, vines, fruits, vegetables, flowers, herbs, and other plants in containers, whether under a structure or not, subject to the following:

(i) The land is not primarily used for the storage, care, or selling of plants purchased from other growers for retail sale;

(ii) If the land is less than five acres and used primarily to grow plants in containers, such land does not qualify as "farm and agricultural land" if more than twenty-five percent of the land used primarily to grow plants in containers is open to the general public for on-site retail sales;

(iii) If more than twenty percent of the land used for growing plants in containers qualifying under this subsection (2)(h) is covered by pavement, none of the paved area is eligible for classification as "farm and agricultural land" under this subsection (2)(h). The eligibility limitations described in this subsection (2)(h)(iii) do not affect the land's eligibility to qualify under (e) of this subsection; and

(iv) If the land classified under this subsection (2)(h), in addition to any contiguous land classified under this subsection, is less than twenty acres, it must meet the applicable income or investment requirements in (b), (c), or (d) of this subsection.

(3) "Timber land" means any parcel of land that is five or more acres or multiple parcels of land that are contiguous and total five or more acres which is or are devoted primarily to the growth and harvest of timber for commercial purposes. Timber land means the land only and does not include a residential homesite. The term includes land used for incidental uses that are compatible with the growing and harvesting of timber but no more than ten percent of the land may be used for such incidental uses. It also includes the land on which appurtenances necessary for the production, preparation, or sale of the timber products exist in conjunction with land producing these products.

(4) "Current" or "currently" means as of the date on which property is to be listed and valued by the assessor.

(5) "Owner" means the party or parties having the fee interest in land, except that where land is subject to real estate contract "owner" means the contract vendee.

(6)(a) "Contiguous" means land adjoining and touching other property held by the same ownership. Land divided by a public road, but otherwise an integral part of a farming operation, is considered contiguous.

(b) For purposes of this subsection (6):

(i) "Same ownership" means owned by the same person or persons, except that parcels owned by different persons are deemed held by the same ownership if the parcels are:

(A) Managed as part of a single operation; and

(B) Owned by:

(I) Members of the same family;

(II) Legal entities that are wholly owned by members of the same family; or

(III) An individual who owns at least one of the parcels and a legal entity or entities that own the other parcel or parcels if the entity or entities are wholly owned by that individual, members of his or her family, or that individual and members of his or her family.

(ii) "Family" includes only:

(A) An individual and his or her spouse or domestic partner, child, stepchild, adopted child, grandchild, parent, stepparent, grandparent, cousin, or sibling;

(B) The spouse or domestic partner of an individual's child, stepchild, adopted child, grandchild, parent, stepparent, grandparent, cousin, or sibling;

(C) A child, stepchild, adopted child, grandchild, parent, stepparent, grandparent, cousin, or sibling of the individual's spouse or the individual's domestic partner; and

(D) The spouse or domestic partner of any individual described in (b)(ii)(C) of this subsection (6).

(7) "Granting authority" means the appropriate agency or official who acts on an application for classification of land pursuant to this chapter.

(8) "Farm and agricultural conservation land" means either:

(a) Land that was previously classified under subsection (2) of this section, that no longer meets the criteria of subsection (2) of this section, and that is reclassified under subsection (1) of this section; or

(b) Land that is traditional farmland that is not classified under chapter 84.33 or 84.34 RCW, that has not been irrevocably devoted to a use inconsistent with agricultural uses, and that has a high potential for returning to commercial agriculture.

NEW SECTION. Sec. 3. The amendments to RCW 84.34.020, as provided in section 2 of this act, are intended to clarify an ambiguity in an existing tax preference, and are therefore exempt from the requirements of RCW 82.32.805 and 82.32.808."

On page 1, line 2 of the title, after "purposes;" strike the remainder of the title and insert "amending RCW 84.34.020; and creating new sections."

and the same is herewith transmitted.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. To do so, the legislature finds that the department must contact the developmental disabilities administration.

Sec. 2. RCW 13.34.136 and 2013 c 316 s 2, 2013 c 254 s 2, and 2013 c 173 s 2 are each reenacted and amended to read as follows:

The permanency planning process continues until a permanency planning goal is achieved or dependency is dismissed. The planning process shall include reasonable efforts to return the child to the parent's home.

The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW;

(b) Unless the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to return the child home, what steps the supervising agency or the department will take to promote existing appropriate sibling relationships and/or facilitate placement

together or contact in accordance with the best interests of each child, and what actions the department or supervising agency will take to maintain parent-child ties. All aspects of the plan shall include the goal of achieving permanence for the child.

(i) The department's or supervising agency's plan shall specify what services the parents will be offered to enable them to resume custody, what requirements the parents must meet to resume custody, and a time limit for each service plan and parental requirement.

(A) If the parent is incarcerated, the plan must address how the parent will participate in the case conference and permanency planning meetings and, where possible, must include treatment that reflects the resources available at the facility where the parent is confined. The plan must provide for visitation opportunities, unless visitation is not in the best interests of the child.

(B) If a parent has a developmental disability according to the definition provided in RCW 71A.10.020, and that individual is eligible for services provided by the developmental disabilities administration, the department shall make reasonable efforts to consult with the developmental disabilities administration to create an appropriate plan for services. For individuals who meet the definition of developmental disability provided in RCW 71A.10.020 and who are eligible for services through the developmental disabilities administration, the plan for services must be tailored to correct the parental deficiency taking into consideration the parent's disability and the department shall also determine an appropriate method to offer those services based on the parent's disability.

(ii)(A) Visitation is the right of the family, including the child and the parent, in cases in which visitation is in the best interest of the child. Early, consistent, and frequent visitation is crucial for maintaining parent-child relationships and making it possible for parents and children to safely reunify. The supervising agency or department shall encourage the maximum parent and child and sibling contact possible, when it is in the best interest of the child, including regular visitation and participation by the parents in the care of the child while the child is in placement.

(B) Visitation shall not be limited as a sanction for a parent's failure to comply with court orders or services where the health, safety, or welfare of the child is not at risk as a result of the visitation.

(C) Visitation may be limited or denied only if the court determines that such limitation or denial is necessary to protect the child's health, safety, or welfare. When a parent or sibling has been identified as a suspect in an active criminal investigation for a violent crime that, if the allegations are true, would impact the safety of the child, the department shall make a concerted effort to consult with the assigned law enforcement officer in the criminal case before recommending any changes in parent/child or child/sibling contact. In the event that the law enforcement officer has information pertaining to the criminal case that may have serious implications for child safety or well-being, the law enforcement officer shall provide this information to the department during the consultation. The department may only use the information provided by law enforcement during the consultation to inform family visitation plans and may not share or otherwise distribute the information to any person or entity. Any information provided to the department by law enforcement during the consultation is considered investigative information and is exempt from public inspection pursuant to RCW 42.56.240. The results of the consultation shall be communicated to the court.

(D) The court and the department or supervising agency should rely upon community resources, relatives, foster parents, and other appropriate persons to provide transportation and supervision for visitation to the extent that such resources are available, and appropriate, and the child's safety would not be compromised.

(iii)(A) The department, court, or caregiver in the out-of-home placement may not limit visitation or contact between a child and sibling as a sanction for a child's behavior or as an incentive to the child to change his or her behavior.

(B) Any exceptions, limitation, or denial of contacts or visitation must be approved by the supervisor of the department caseworker and documented. The child, parent, department, guardian ad litem, or court-appointed special advocate may challenge the denial of visits in court.

(iv) A child shall be placed as close to the child's home as possible, preferably in the child's own neighborhood, unless the court finds that placement at a greater distance is necessary to promote the child's or parents' well-being.

(v) The plan shall state whether both in-state and, where appropriate, out-of-state placement options have been considered by the department or supervising agency.

(vi) Unless it is not in the best interests of the child, whenever practical, the plan should ensure the child remains enrolled in the school the child was attending at the time the child entered foster care.

(vii) The supervising agency or department shall provide all reasonable services that are available within the department or supervising agency, or within the community, or those services which the department has existing contracts to purchase. It shall report to the court if it is unable to provide such services; and

(c) If the court has ordered, pursuant to RCW 13.34.130(8), that a termination petition be filed, a specific plan as to where the child will be placed, what steps will be taken to achieve permanency for the child, services to be offered or provided to the child, and, if visitation would be in the best interests of the child, a recommendation to the court regarding visitation between parent and child pending a fact-finding hearing on the termination petition. The department or supervising agency shall not be required to develop a plan of services for the parents or provide services to the parents if the court orders a termination petition be filed. However, reasonable efforts to ensure visitation and contact between siblings shall be made unless there is reasonable cause to believe the best interests of the child or siblings would be jeopardized.

(3) Permanency planning goals should be achieved at the earliest possible date. If the child has been in out-of-home care for fifteen of the most recent twenty-two months, and the court has not made a good cause exception, the court shall require the department or supervising agency to file a petition seeking termination of parental rights in accordance with RCW 13.34.145(~~(3)~~)(4)(b)(vi). In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(4) If the court determines that the continuation of reasonable efforts to prevent or eliminate the need to remove the child from his or her home or to safely return the child home should not be part of the permanency plan of care for the child, reasonable efforts shall be made to place the child in a timely manner and to complete whatever steps are necessary to finalize the permanent placement of the child.

(5) The identified outcomes and goals of the permanency plan may change over time based upon the circumstances of the particular case.

(6) The court shall consider the child's relationships with the child's siblings in accordance with RCW 13.34.130(6). Whenever the permanency plan for a child is adoption, the court shall encourage the prospective adoptive parents, birth parents, foster parents, kinship caregivers, and the department or other supervising agency to seriously consider the long-term benefits to the child adoptee and his or her siblings of providing for and facilitating continuing postadoption contact between the siblings. To the extent that it is feasible, and when it is in the best interests of the child adoptee and his or her siblings, contact between the siblings should be frequent and of a similar nature as that which existed prior to the adoption. If the child adoptee or his or her siblings are represented by an attorney or guardian ad litem in a proceeding under this chapter or in any other child custody proceeding, the court shall inquire of each attorney and guardian ad litem regarding the potential benefits of continuing contact between the siblings and the

potential detriments of severing contact. This section does not require the department of social and health services or other supervising agency to agree to any specific provisions in an open adoption agreement and does not create a new obligation for the department to provide supervision or transportation for visits between siblings separated by adoption from foster care.

(7) For purposes related to permanency planning:

(a) "Guardianship" means a dependency guardianship or a legal guardianship pursuant to chapter 11.88 RCW or equivalent laws of another state or a federally recognized Indian tribe.

(b) "Permanent custody order" means a custody order entered pursuant to chapter 26.10 RCW.

(c) "Permanent legal custody" means legal custody pursuant to chapter 26.10 RCW or equivalent laws of another state or a federally recognized Indian tribe."

On page 1, line 2 of the title, after "with" strike "intellectual or" and after "proceedings;" strike the remainder of the title and insert "reenacting and amending RCW 13.34.136; and creating a new section."

and the same is herewith transmitted.

SECOND SUBSTITUTE HOUSE BILL NO. 2616, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

March 7, 2014

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 2789 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that technological advances have provided new, unique equipment that may be utilized for surveillance purposes. These technological advances often outpace statutory protections and can lead to inconsistent or contradictory interpretations between jurisdictions. The legislature finds that regardless of application or size, the use of these extraordinary surveillance technologies, without public debate or clear legal authority, creates uncertainty for citizens and agencies throughout Washington state. The legislature finds that extraordinary surveillance technologies do present a substantial privacy risk potentially contrary to the strong privacy protections enshrined in Article I, section 7 of the Washington state Constitution that reads "No person shall be disturbed in his private affairs, or his home invaded, without authority of law." The legislature further finds that the lack of clear statutory authority for the use of extraordinary surveillance technologies may increase liability to state and local jurisdictions. It is the intent of the legislature to provide clear standards for the lawful use of extraordinary surveillance technologies by state and local jurisdictions.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this subchapter unless the context clearly requires otherwise.

(1)(a) "Agency" means the state of Washington, its agencies, and political subdivisions, except the Washington national guard in Title 32 U.S.C. status.

(b) "Agency" also includes any entity or individual, whether public or private, with which any of the entities identified in (a) of this subsection has entered into a contractual relationship or any other type of relationship, with or without consideration, for the operation of an extraordinary sensing device that acquires, collects, or indexes personal information to accomplish an agency function.

(2) "Court of competent jurisdiction" means any district court of the United States, or a court of general jurisdiction authorized by the state of Washington to issue search warrants.

(3) "Extraordinary sensing device" means a sensing device attached to an unmanned aircraft system.

(4) "Governing body" means the council, commission, board, or other controlling body of an agency in which legislative powers are vested, except that for a state agency for which there is no governing body other than the state legislature, "governing body" means the chief executive officer responsible for the governance of the agency.

(5) "Personal information" means all information that:

(a) Describes, locates, or indexes anything about a person including, but not limited to:

(i) His or her social security number, driver's license number, agency-issued identification number, student identification number, real or personal property holdings derived from tax returns, and the person's education, financial transactions, medical history, ancestry, religion, political ideology, or criminal or employment record; or

(ii) Intellectual property, trade secrets, proprietary information, or operational information;

(b) Affords a basis for inferring personal characteristics, such as finger and voice prints, photographs, or things done by or to such person; and the record of the person's presence, registration, or

membership in an organization or activity, or admission to an institution; or

(c) Indexes anything about a person including, but not limited to, his or her activities, behaviors, pursuits, conduct, interests, movements, occupations, or associations.

(6)(a) "Sensing device" means a device capable of remotely acquiring personal information from its surroundings, using any frequency of the electromagnetic spectrum, or a sound detecting system.

(b) "Sensing device" does not include equipment whose sole function is to provide information directly necessary for safe air navigation or operation of a vehicle.

(7) "Unmanned aircraft system" means an aircraft that is operated without the possibility of human intervention from within or on the aircraft, together with associated elements, including communication links and components that control the unmanned aircraft that are required for the pilot in command to operate safely and efficiently in the national airspace system.

NEW SECTION. Sec. 3. Except as otherwise specifically authorized in this subchapter, it is unlawful for an agency to operate an extraordinary sensing device or disclose personal information about any person acquired through the operation of an extraordinary sensing device.

NEW SECTION. Sec. 4. (1) No state agency or state organization having jurisdiction over criminal law enforcement or regulatory violations including, but not limited to, the Washington state patrol and the department of natural resources, shall purchase an extraordinary sensing device unless moneys are expressly appropriated by the legislature for this specific purpose.

(2) No local agency having jurisdiction over criminal law enforcement or regulatory violations shall procure an extraordinary sensing device without the explicit approval of the governing body of such locality, given for that specific extraordinary sensing device to be used for a specific purpose.

NEW SECTION. Sec. 5. The governing body for each agency must develop and make publicly available, including on the agency web site, written policies and procedures for the use of any extraordinary sensing device procured, and provide notice and opportunity for public comment prior to adoption of the written policies and procedures.

NEW SECTION. Sec. 6. All operations of an extraordinary sensing device, by an agency, or disclosure of personal information about any person acquired through the operation of an extraordinary sensing device, by an agency, must be conducted in such a way as to minimize the collection and disclosure of personal information not authorized under this subchapter.

NEW SECTION. Sec. 7. An extraordinary sensing device may be operated and personal information from such operation disclosed, if the operation and collection of personal information is pursuant to a search warrant issued by a court of competent jurisdiction.

NEW SECTION. Sec. 8. (1) A governmental entity acting under this section may, when a warrant is sought, include in the petition a request, which the court shall grant, for an order delaying the notification for a period not to exceed ninety days if the court determines that there is a reason to believe that notification of the existence of the warrant may have an adverse result.

(2) An adverse result for the purposes of this section is:

- (a) Placing the life or physical safety of an individual in danger;
- (b) Causing a person to flee from prosecution;
- (c) Causing the destruction of or tampering with evidence;
- (d) Causing the intimidation of potential witnesses; or
- (e) Jeopardizing an investigation or unduly delaying a trial.

(3) The governmental entity shall maintain a copy of certification.

(4) Extension of the delay of notification of up to ninety days each may be granted by the court upon application or by certification by a governmental entity.

(5) Upon expiration of the period of delay of notification under subsection (2) or (4) of this section, the governmental entity shall serve a copy of the warrant upon, or deliver it by registered or first-class mail to, the target of the warrant, together with notice that:

(a) States with reasonable specificity the nature of the law enforcement inquiry; and

(b) Informs the target of the warrant: (i) That notification was delayed; (ii) what governmental entity or court made the certification or determination pursuant to which that delay was made; and (iii) which provision of this section allowed such delay.

NEW SECTION. Sec. 9. (1) It is lawful for a law enforcement officer, agency employee, or authorized agent to operate an extraordinary sensing device and disclose personal information from such operation if the officer, employee, or agent reasonably determines that an emergency situation exists that:

(a) Does not involve criminal activity, unless exigent circumstances exist;

(b) Presents immediate danger of death or serious physical injury to any person; and

(c) Has characteristics such that operation of an extraordinary sensing device can reasonably reduce the danger of death or serious physical injury.

(2) It is lawful for an officer, employee, or agent to operate an extraordinary sensing device if the officer, employee, or agent does not intend to collect personal information, the operation is unlikely to accidentally collect personal information, and the operation is not for purposes of regulatory enforcement. Allowable uses under this subsection are limited to:

(a) Monitoring to discover, locate, observe, and prevent forest fires;

(b) Monitoring an environmental or weather-related catastrophe or damage from such an event;

(c) Surveying for wildlife management, habitat preservation, or environmental damage; and

(d) Surveying for the assessment and evaluation of environmental or weather-related damage, erosion, flood, or contamination.

(3) It is lawful for an officer, employee, or agent to operate an extraordinary sensing device as part of a training exercise conducted on a military base if the extraordinary sensing device does not collect personal information on persons located outside the military base.

(4) It is lawful for an officer, employee, or agent to operate an extraordinary sensing device if the operation is for training, testing, or research purposes by an agency and does not collect personal information without the specific written consent of any individual whose personal information is collected.

(5) It is lawful for an officer, employee, or agent to operate an extraordinary sensing device if the operation is part of the response to an emergency or disaster for which the governor has proclaimed a state of emergency under RCW 43.06.010(12).

(6) Upon completion of the operation of an extraordinary sensing device pursuant to this section, any personal information obtained must be treated as information collected on an individual other than a target for purposes of section 14 of this act.

NEW SECTION. Sec. 10. The department of enterprise services shall convene a work group comprised of four legislators and a representative of the governor. The work group will submit a report to the legislature by December 1, 2014, proposing standards for the use of extraordinary sensing devices for regulatory enforcement purposes. No state agency or state organization having jurisdiction over regulatory violations shall operate extraordinary sensing devices for regulatory enforcement purposes until the legislature has approved of standards for this purpose.

NEW SECTION. Sec. 11. Operation of an extraordinary sensing device by an agency is prohibited unless the agency has affixed a unique identifier registration number assigned by the agency.

NEW SECTION. Sec. 12. Whenever any personal information from an extraordinary sensing device has been acquired, no part of such personal information and no evidence derived therefrom may be received in evidence in any trial, hearing, or other proceeding in or before any court, grand jury, department, officer, agency, regulatory body, legislative committee, or other authority of the state or a political subdivision thereof if the collection or disclosure of that personal information would be in violation of this subchapter.

NEW SECTION. Sec. 13. (1) Personal information collected during the operation of an extraordinary sensing device authorized by and consistent with this subchapter may not be used, copied, or disclosed for any purpose after the conclusion of the operation, unless there is probable cause that the personal information is evidence of criminal activity. Nothing in this act is intended to expand or contract the obligations of an agency to disclose public records as provided in chapter 42.56 RCW. The personal information of the person who is the target of a warrant must be destroyed within thirty days after the applicable period of limitations for the criminal activity, as provided in RCW 9A.04.080, if the person has not been charged.

(2) The personal information of a person who is not the target of a warrant that is collected incidentally during the operation of an extraordinary sensing device must be destroyed within ten days after it is collected if it can be destroyed without destroying evidence that may be relevant to a pending criminal investigation or case.

(3) There is a presumption that personal information is not evidence of criminal activity if that personal information is not used in a criminal prosecution within one year of collection.

NEW SECTION. Sec. 14. Any person who knowingly violates this subchapter is subject to legal action for damages, to be brought by any other person claiming that a violation of this subchapter has injured his or her business, his or her person, or his or her reputation. A person so injured is entitled to actual damages. In addition, the individual is entitled to reasonable attorneys' fees and other costs of litigation.

NEW SECTION. Sec. 15. Any use of an extraordinary sensing device must fully comply with all federal aviation administration requirements and guidelines. Compliance with the terms of this subchapter is mandatory and supplemental to compliance with federal aviation administration requirements and guidelines. Nothing in this chapter shall be construed to limit the state's ability to establish and operate a test range for the integration of unmanned aviation vehicles into the national airspace.

NEW SECTION. Sec. 16. (1) For a state agency having jurisdiction over criminal law enforcement including, but not limited to, the Washington state patrol, the agency must maintain records of each use of an extraordinary sensing device and, for any calendar year in which an agency has used an extraordinary sensing device an annual report including, at a minimum, the following:

(a) The number of uses of an extraordinary sensing device organized by types of incidents and types of justification for use;

(b) The number of crime investigations aided by the use and how the use was helpful to the investigation;

(c) The number of uses of an extraordinary sensing device for reasons other than criminal investigations and how the use was helpful;

(d) The frequency and type of data collected for individuals or areas other than targets;

(e) The total cost of the extraordinary sensing device;

(f) The dates when personal information and other data was deleted or destroyed in compliance with the act;

(g) The number of warrants requested, issued, and extended; and

(h) Additional information and analysis the governing body deems useful.

(2) For a state agency other than that in subsection (1) of this section, the agency must maintain records of each use of an extraordinary sensing device and, for any calendar year in which an agency has used an extraordinary sensing device, prepare an annual report including, at a minimum, the following:

(a) The types of extraordinary sensing devices used, the purposes for which each type of extraordinary sensing device was used, the circumstances under which use was authorized, and the name of the officer or official who authorized the use;

(b) Whether deployment of the device was imperceptible to the public;

(c) The specific kinds of personal information that the extraordinary sensing device collected about individuals;

(d) The length of time for which any personal information collected by the extraordinary sensing device was retained;

(e) The specific steps taken to mitigate the impact on an individual's privacy, including protections against unauthorized use and disclosure and a data minimization protocol; and

(f) An individual point of contact for citizen complaints and concerns.

(3) For a local agency having jurisdiction over criminal law enforcement or regulatory violations, the agency must maintain records of each use of an extraordinary sensing device including, at a minimum, the following:

(a) The number of uses of an extraordinary sensing device organized by types of incidents and types of justification for use;

(b) The number of investigations aided by the use and how the use was helpful to the investigation;

(c) The number of uses of an extraordinary sensing device for reasons other than criminal investigations and how the use was helpful;

(d) The frequency and type of data collected for individuals or areas other than targets;

(e) The total cost of the extraordinary sensing device;

(f) The dates when personal information and other data was deleted or destroyed in compliance with the act;

(g) The number of warrants requested, issued, and extended; and

(h) Additional information and analysis the governing body deems useful.

(4) The annual reports required pursuant to subsections (1) and (2) of this section must be filed electronically to the office of financial management, who must compile the results and submit them electronically to the relevant committees of the legislature by September 1st of each year, beginning in 2015.

NEW SECTION. Sec. 17. Sections 2 through 16 of this act are each added to chapter 9.73 RCW and codified with the subchapter heading of "extraordinary sensing devices."

NEW SECTION. Sec. 18. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "surveillance;" strike the remainder of the title and insert "adding new sections to chapter 9.73 RCW; creating a new section; and prescribing penalties."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

March 7, 2014

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1287 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This section is the tax preference performance statement for the tax preference contained in section 5 of this act. This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes this tax preference as one intended to create jobs and improve the economic health of tribal communities as indicated in RCW 82.32.808(2) (c) and (f).

(2) It is the legislature's specific public policy objective to create jobs and improve the economic health of tribal communities. It is the legislature's intent to exempt property used by federally recognized Indian tribes for economic development purposes, in order to achieve these policy objectives.

(3) The joint legislative audit and review committee must perform an economic impact report to the legislature as required in section 10 of this act to provide the information necessary to measure the effectiveness of this act.

Sec. 2. RCW 82.29A.010 and 2010 c 281 s 2 are each amended to read as follows:

(1)(a) The legislature hereby recognizes that properties of the state of Washington, counties, school districts, and other municipal corporations are exempted by Article 7, section 1 of the state Constitution from property tax obligations, but that private lessees of such public properties receive substantial benefits from governmental services provided by units of government.

(b) The legislature further recognizes that a uniform method of taxation should apply to such leasehold interests in publicly owned property.

(c) The legislature finds that lessees of publicly owned property or community centers are entitled to those same governmental services and does hereby provide for a leasehold excise tax to fairly compensate governmental units for services rendered to such lessees of publicly owned property or community centers. For the purposes of this subsection, "community center" has the same meaning as provided in RCW 84.36.010.

(d) The legislature also finds that eliminating the property tax on property owned exclusively by federally recognized Indian tribes within the state requires that the leasehold excise tax also be applied to leasehold interests on tribally owned property.

(2) The legislature further finds that experience gained by lessors, lessees, and the department of revenue since enactment of the leasehold excise tax under this chapter has shed light on areas in the leasehold excise statutes that need explanation and clarification. The purpose of chapter 220, Laws of 1999 is to make those changes.

Sec. 3. RCW 82.29A.020 and 2012 2nd sp.s. c 6 s 501 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context requires otherwise.

(1)(a) "Leasehold interest" means an interest in publicly owned real or personal property which exists by virtue of any lease, permit, license, or any other agreement, written or verbal, between the public owner of the property and a person who would not be exempt from property taxes if that person owned the property in fee, granting possession and use, to a degree less than fee simple ownership. However, no interest in personal property (excluding land or buildings) which is owned by the United States, whether or not as trustee, or by any foreign government may constitute a leasehold interest hereunder when the right to use such property is granted pursuant to a contract solely for the manufacture or production of articles for sale to the United States or any foreign government. The term "leasehold interest" includes the rights of use or occupancy by others of property which is owned in fee or held in trust by a public corporation, commission, or authority

created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites.

(b) The term "leasehold interest" does not include:

(i) Road or utility easements, rights of access, occupancy, or use granted solely for the purpose of removing materials or products purchased from a public owner or the lessee of a public owner, or rights of access, occupancy, or use granted solely for the purpose of natural energy resource exploration(("-Leasehold interest" does not include));
or

(ii) The preferential use of publicly owned cargo cranes and docks and associated areas used in the loading and discharging of cargo located at a port district marine facility. "Preferential use" means that publicly owned real or personal property is used by a private party under a written agreement with the public owner, but the public owner or any third party maintains a right to use the property when not being used by the private party.

(c) "Publicly owned real or personal property" includes real or personal property owned by a federally recognized Indian tribe in the state and exempt from tax under RCW 84.36.010.

(2)(a) "Taxable rent" means contract rent as defined in (c) of this subsection in all cases where the lease or agreement has been established or renegotiated through competitive bidding, or negotiated or renegotiated in accordance with statutory requirements regarding the rent payable, or negotiated or renegotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor. However, after January 1, 1986, with respect to any lease which has been in effect for ten years or more without renegotiation, taxable rent may be established by procedures set forth in (g) of this subsection. All other leasehold interests are subject to the determination of taxable rent under the terms of (g) of this subsection.

(b) For purposes of determining leasehold excise tax on any lands on the Hanford reservation subleased to a private or public entity by the department of ecology, taxable rent includes only the annual cash rental payment made by such entity to the department of ecology as specifically referred to as rent in the sublease agreement between the parties and does not include any other fees, assessments, or charges imposed on or collected by such entity irrespective of whether the private or public entity pays or collects such other fees, assessments, or charges as specified in the sublease agreement.

(c) "Contract rent" means the amount of consideration due as payment for a leasehold interest, including: The total of cash payments made to the lessor or to another party for the benefit of the lessor according to the requirements of the lease or agreement, including any rents paid by a sublessee; expenditures for the protection of the lessor's interest when required by the terms of the lease or agreement; and expenditures for improvements to the property to the extent that such improvements become the property of the lessor. Where the consideration conveyed for the leasehold interest is made in combination with payment for concession or other rights granted by the lessor, only that portion of such payment which represents consideration for the leasehold interest is part of contract rent.

(d) "Contract rent" does not include: (i) Expenditures made by the lessee, which under the terms of the lease or agreement, are to be reimbursed by the lessor to the lessee or expenditures for improvements and protection made pursuant to a lease or an agreement which requires that the use of the improved property be open to the general public and that no profit will inure to the lessee from the lease; (ii) expenditures made by the lessee for the replacement or repair of facilities due to fire or other casualty including payments for insurance to provide reimbursement for losses or payments to a public or private entity for protection of such property from damage or loss or for alterations or additions made necessary by an action of government taken after the date of the execution of the lease or agreement; (iii) improvements added to publicly owned property by a sublessee under

an agreement executed prior to January 1, 1976, which have been taxed as personal property of the sublessee prior to January 1, 1976, or improvements made by a sublessee of the same lessee under a similar agreement executed prior to January 1, 1976, and such improvements are taxable to the sublessee as personal property; (iv) improvements added to publicly owned property if such improvements are being taxed as personal property to any person.

(e) Any prepaid contract rent is considered to have been paid in the year due and not in the year actually paid with respect to prepayment for a period of more than one year. Expenditures for improvements with a useful life of more than one year which are included as part of contract rent must be treated as prepaid contract rent and prorated over the useful life of the improvement or the remaining term of the lease or agreement if the useful life is in excess of the remaining term of the lease or agreement. Rent prepaid prior to January 1, 1976, must be prorated from the date of prepayment.

(f) With respect to a "product lease", the value is that value determined at the time of sale under terms of the lease.

(g) If it is determined by the department of revenue, upon examination of a lessee's accounts or those of a lessor of publicly owned property, that a lessee is occupying or using publicly owned property in such a manner as to create a leasehold interest and that such leasehold interest has not been established through competitive bidding, or negotiated in accordance with statutory requirements regarding the rent payable, or negotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor, the department may establish a taxable rent computation for use in determining the tax payable under authority granted in this chapter based upon the following criteria: (i) Consideration must be given to rental being paid to other lessors by lessees of similar property for similar purposes over similar periods of time; (ii) consideration must be given to what would be considered a fair rate of return on the market value of the property leased less reasonable deductions for any restrictions on use, special operating requirements or provisions for concurrent use by the lessor, another person or the general public.

(3) "Product lease" as used in this chapter means a lease of property for use in the production of agricultural or marine products to the extent that such lease provides for the contract rent to be paid by the delivery of a stated percentage of the production of such agricultural or marine products to the credit of the lessor or the payment to the lessor of a stated percentage of the proceeds from the sale of such products.

(4) "Renegotiated" means a change in the lease agreement which changes the agreed time of possession, restrictions on use, the rate of the cash rental or of any other consideration payable by the lessee to or for the benefit of the lessor, other than any such change required by the terms of the lease or agreement. In addition "renegotiated" means a continuation of possession by the lessee beyond the date when, under the terms of the lease agreement, the lessee had the right to vacate the premises without any further liability to the lessor.

(5) "City" means any city or town.

(6) "Products" includes natural resource products such as cut or picked evergreen foliage, Cascara bark, wild edible mushrooms, native ornamental trees and shrubs, ore and minerals, natural gas, geothermal water and steam, and forage removed through the grazing of livestock.

Sec. 4. RCW 82.29A.050 and 1992 c 206 s 6 are each amended to read as follows:

(1) The leasehold excise taxes provided for in RCW 82.29A.030 and 82.29A.040 ~~((shall))~~ **must** be paid by the lessee to the lessor and the lessor ~~((shall))~~ **must** collect such tax and remit the same to the department ~~((of revenue))~~. The tax ~~((shall))~~ **must** be payable at the same time as payments are due to the lessor for use of the property from which the leasehold interest arises, and in the case of payment of contract rent to a person other than the lessor, at the time of payment. The tax payment ~~((shall))~~ **must** be accompanied by such information as the department ~~((of revenue))~~ may require. In the case of prepaid

contract rent the payment may be prorated in accordance with instructions of the department ~~((of revenue))~~ and the prorated portion of the tax ~~((shall be))~~ **is** due, one-half not later than May 31st and the other half not later than November 30th each year.

(2) The lessor receiving taxes payable under the provisions of this chapter ~~((shall))~~ **must** remit the same together with a return provided by the department, to the department of revenue on or before the last day of the month following the month in which the tax is collected. The department may relieve any taxpayer or class of taxpayers from the obligation of filing monthly returns and may require the return to cover other reporting periods, but in no event ~~((shall))~~ **may** returns be filed for a period greater than one year. The lessor ~~((shall be))~~ **is** fully liable for collection and remittance of the tax. The amount of tax until paid by the lessee to the lessor ~~((shall))~~ constitutes a debt from the lessee to the lessor. The tax required by this chapter ~~((shall))~~ **must** be stated separately from contract rent, and if not so separately stated for purposes of determining the tax due from the lessee to the lessor and from the lessor to the department, the contract rent does not include the tax imposed by this chapter. Where a lessee has failed to pay to the lessor the tax imposed by this chapter and the lessor has not paid the amount of the tax to the department, the department may, in its discretion, proceed directly against the lessee for collection of the tax ~~((PROVIDED, That))~~. However, taxes due where contract rent has not been paid ~~((shall))~~ **must** be reported by the lessor to the department and the lessee alone ~~((shall be))~~ **is** liable for payment of the tax to the department.

(3) Each person having a leasehold interest subject to the tax provided for in this chapter arising out of a lease of federally owned or federal trust lands ~~((shall))~~, or property owned by a federally recognized Indian tribe in the state and exempt from tax under RCW 84.36.010, **must** report and remit the tax due directly to the department of revenue in the same manner and at the same time as the lessor would be required to report and remit the tax if such lessor were a state public entity.

Sec. 5. RCW 84.36.010 and 2010 c 281 s 1 are each amended to read as follows:

(1) All property belonging exclusively to the United States, the state, or any county or municipal corporation; all property belonging exclusively to any federally recognized Indian tribe, if (a) the tribe is located in the state, ~~((if that))~~ and (b) the property is used exclusively for essential government services; all state route number 16 corridor transportation systems and facilities constructed under chapter 47.46 RCW; all property under a financing contract pursuant to chapter 39.94 RCW or recorded agreement granting immediate possession and use to the public bodies listed in this section or under an order of immediate possession and use pursuant to RCW 8.04.090; and, for a period of forty years from acquisition, all property of a community center; is exempt from taxation. All property belonging exclusively to a foreign national government is exempt from taxation if that property is used exclusively as an office or residence for a consul or other official representative of the foreign national government, and if the consul or other official representative is a citizen of that foreign nation.

(2) Property owned by a federally recognized Indian tribe, which is used for economic development purposes, may only qualify for the exemption from taxes in this section if the property was owned by the tribe prior to March 1, 2014.

(3) For the purposes of this section the following definitions apply unless the context clearly requires otherwise.

(a) "Community center" means property, including a building or buildings, determined to be surplus to the needs of a district by a local school board, and purchased or acquired by a nonprofit organization for the purposes of converting them into community facilities for the delivery of nonresidential coordinated services for community members. The community center may make space available to businesses, individuals, or other parties through the loan or rental of space in or on the property.

(b) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, sewer, water, environmental and land use, transportation, ~~(and)~~ utility services, and economic development.

(c) "Economic development" means commercial activities, including those that facilitate the creation or retention of businesses or jobs, or that improve the standard of living or economic health of tribal communities.

Sec. 6. RCW 84.36.451 and 2001 c 26 s 2 are each amended to read as follows:

(1) The following property ~~(shall be)~~ is exempt from taxation: Any and all rights to occupy or use any real or personal property owned in fee or held in trust by:

(a) The United States, the state of Washington, or any political subdivision or municipal corporation of the state of Washington, or a federally recognized Indian tribe for property exempt under RCW 84.36.010; or

(b) A public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites; and

(c) ~~(Including)~~ Any leasehold interest arising from the property identified in (a) and (b) of this subsection as defined in RCW 82.29A.020.

(2) The exemption under this section ~~(shall)~~ does not apply to:

(a) Any such leasehold interests which are a part of operating properties of public utilities subject to assessment under chapter 84.12 RCW; or

(b) Any such leasehold interest consisting of three thousand or more residential and recreational lots that are or may be subleased for residential and recreational purposes.

(3) The exemption under this section ~~(shall)~~ may not be construed to modify the provisions of RCW 84.40.230.

Sec. 7. RCW 84.40.230 and 1994 c 124 s 25 are each amended to read as follows:

When any real property is sold on contract by the United States of America, the state, ~~(or)~~ any county or municipality, or any federally recognized Indian tribe, and the contract expresses or implies that the vendee is entitled to the possession, use, benefits and profits thereof and therefrom so long as the vendee complies with the terms of the contract, it ~~(shall be)~~ is deemed that the vendor retains title merely as security for the fulfillment of the contract, and the property ~~(shall)~~ must be assessed and taxed in the same manner as other similar property in private ownership is taxed, and the tax roll ~~(shall)~~ must contain, opposite the description of the property so assessed the following notation: "Subject to title remaining in the vendor" or other notation of similar significance. No foreclosure for delinquent taxes nor any deed issued pursuant thereto ~~(shall)~~ may extinguish or otherwise affect the title of the vendor. In any case under former law where the contract and not the property was taxed no deed of the property described in such contract ~~(shall)~~ may ever be executed and delivered by the state or any county or municipality until all taxes assessed against such contract and local assessments assessed against the land described thereon are fully paid.

NEW SECTION. Sec. 8. A new section is added to chapter 82.29A RCW to read as follows:

(1) Property owned exclusively by a federally recognized Indian tribe that is exempt from property tax under RCW 84.36.010 is subject to payment in lieu of leasehold excise taxes, if:

(a) The tax exempt property is used exclusively for economic development, as defined in RCW 84.36.010;

(b) There is no taxable leasehold interest in the tax exempt property;

(c) The property is located outside of the tribe's reservation; and

(d) The property is not otherwise exempt from taxation by federal law.

(2) The amount of the payment in lieu of leasehold excise taxes must be determined jointly and in good faith negotiation between the tribe that owns the property and the county in which the property is located. However, the amount may not exceed the leasehold excise tax amount that would otherwise be owed by a taxable leasehold interest in the property. If the tribe and the county cannot agree to terms on the amount of payment in lieu of taxes, the department may determine the rate, provided that the amount may not exceed the leasehold excise tax amount that would otherwise be owed by a taxable leasehold interest in the property.

(3) Payment must be made by the tribe to the county. The county treasurer must distribute all such money collected solely to the local taxing districts, including cities, in the same proportion that each local taxing district would have shared if a leasehold excise tax had been levied.

NEW SECTION. Sec. 9. A new section is added to chapter 84.36 RCW to read as follows:

(1) To qualify in any year for exempt status for real or personal property used exclusively for essential government services under RCW 84.36.010, a federally recognized Indian tribe must file an initial application with the department of revenue on or before October 1st of the prior year. All applications must be filed on forms prescribed by the department and signed by an authorized agent of the federally recognized tribe.

(2) If the use for essential government services is based in whole or in part on economic development, the application must also include:

(a) If the economic development activities are those of a lessee, a declaration from both the federally recognized tribe and the lessee confirming a lease agreement exists for the exempt tax year.

(b) If the property is subject to the payment in lieu of leasehold excise tax as described in section 8 of this act, a declaration from both the federally recognized tribe and the county in which the property is located confirming that an agreement exists for the exempt tax year regarding the amount for the payment in lieu of leasehold excise tax.

(3) A federally recognized Indian tribe which files an application under the requirements of subsection (2) of this section, must file an annual renewal application, on forms prescribed by the department of revenue, on or before October 1st of each year. The application must contain a declaration certifying the continuing exempt status of the real or personal property, and that the lease agreement or agreement for payment in lieu of leasehold excise tax continue in good standing, or that a new lease or agreement exists.

NEW SECTION. Sec. 10. A new section is added to chapter 52.30 RCW to read as follows:

(1) When exempt tribal property is located within the boundaries of a fire protection district or a regional fire protection service authority, the fire protection district or authority is authorized to contract with the tribe for compensation for providing fire protection services in an amount and under such terms as are mutually agreed upon by the fire protection district or authority and the tribe.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Exempt tribal property" means property that is owned exclusively by a federally recognized Indian tribe and that is exempt from taxation under RCW 84.36.010.

(b) "Regional fire protection service authority" or "authority" has the same meaning as provided in RCW 52.26.020.

NEW SECTION. Sec. 11. A new section is added to chapter 43.136 RCW to read as follows:

By December 1, 2020, and in compliance with RCW 43.01.036, the joint legislative audit and review committee must provide an economic impact report to the legislature evaluating the impacts of changes made in this act regarding the leasehold tax and property tax treatment of property owned by a federally recognized Indian tribe. The economic impact report must indicate: The number of parcels and uses of land involved; the economic impacts to tribal governments;

state and local government revenue reductions, increases, and shifts from all tax sources affected; impacts on public infrastructure and public services; impacts on business investment and business competition; a description of the types of business activities affected; impacts on the number of jobs created or lost; and any other data the joint legislative audit and review committee deems necessary in determining the economic impacts of this act.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act is null and void.

NEW SECTION. Sec. 13. This act applies to taxes levied for collection in 2015 and thereafter.

NEW SECTION. Sec. 14. This act expires January 1, 2022."

On page 1, line 3 of the title, after "tribe;" strike the remainder of the title and insert "amending RCW 82.29A.010, 82.29A.020, 82.29A.050, 84.36.010, 84.36.451, and 84.40.230; adding a new section to chapter 82.29A RCW; adding a new section to chapter 84.36 RCW; adding a new section to chapter 52.30 RCW; adding a new section to chapter 43.136 RCW; creating new sections; providing an effective date; and providing an expiration date."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.040 and 2000 c 36 s 1 are each amended to read as follows:

(1) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section. For the purposes of this subsection, a county not currently planning under this chapter is not required to include in its population count those persons confined in a correctional facility under the jurisdiction of the department of corrections that is located in the county.

Once a county meets either of these sets of criteria, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2)(a) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter, unless the county subsequently adopts a withdrawal resolution for partial planning pursuant to (b)(i) of this subsection.

(b)(i) Until December 31, 2015, the legislative authority of a county may adopt a resolution removing the county and the cities located within the county from the requirements to plan under this section if:

(A) The county has a population, as estimated by the office of financial management, of twenty thousand or fewer inhabitants at any time between April 1, 2010, and April 1, 2015;

(B) The county has previously adopted a resolution indicating its

intention to have subsection (1) of this section apply to the county;

(C) At least sixty days prior to adopting a resolution for partial planning, the county provides written notification to the legislative body of each city within the county of its intent to consider adopting the resolution; and

(D) The legislative bodies of at least sixty percent of those cities having an aggregate population of at least seventy-five percent of the incorporated county population have not. Adopted resolutions opposing the action by the county; and provided written notification of the resolutions to the county.

(ii) Upon adoption of a resolution for partial planning under (b)(i) of this subsection:

(A) The county and the cities within the county are, except as provided otherwise, no longer obligated to plan under this section; and

(B) The county may not, for a minimum of ten years from the date of adoption of the resolution, adopt another resolution indicating its intention to have subsection (1) of this section apply to the county.

(c) The adoption of a resolution for partial planning under (b)(i) of this subsection does not nullify or otherwise modify the requirements for counties and cities established in RCW 36.70A.060, 36.70A.070(5) and associated development regulations, 36.70A.170, and 36.70A.172.

(3) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department (~~of community, trade, and economic development~~) of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county

legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department (~~(of community, trade, and economic development)~~) of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department (~~(of community, trade, and economic development)~~) of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

(7) Cities and counties planning under this chapter must amend the transportation element of the comprehensive plan to be in compliance with this chapter and chapter 47.80 RCW no later than December 31, 2000.

Sec. 2. RCW 36.70A.060 and 2005 c 423 s 3 are each amended to read as follows:

(1)(a) (~~Except as provided in RCW 36.70A.1701,~~) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.040. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals.

(b) Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within five hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration. The notice for mineral resource lands shall also inform that an application might be made for mining-related activities, including mining, extraction, washing, crushing, stockpiling, blasting, transporting, and recycling of minerals.

(c) Each county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b), and each city within such county, shall adopt

development regulations within one year after the adoption of the resolution of partial planning to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection (1)(c) must comply with the requirements governing regulations adopted under (a) of this subsection.

(d)(i) A county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b) and that is not in compliance with the planning requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172 at the time the resolution is adopted must, by January 30, 2017, apply for a determination of compliance from the department finding that the county's development regulations, including development regulations adopted to protect critical areas, and comprehensive plans are in compliance with the requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172. The department must approve or deny the application for a determination of compliance within one hundred twenty days of its receipt or by June 30, 2017, whichever date is earlier.

(ii) If the department denies an application under (d)(i) of this subsection, the county and each city within is obligated to comply with all requirements of this chapter and the resolution for partial planning adopted under RCW 36.70A.040(2)(b) is no longer in effect.

(iii) A petition for review of a determination of compliance under (d)(i) of this subsection may only be appealed to the growth management hearings board within sixty days of the issuance of the decision by the department.

(iv) In the event of a filing of a petition in accordance with (d)(iii) of this subsection, the county and the department must equally share the costs incurred by the department for defending an approval of determination of compliance that is before the growth management hearings board.

(v) The department may implement this subsection (d) by adopting rules related to determinations of compliance. The rules may address, but are not limited to: The requirements for applications for a determination of compliance; charging of costs under (d)(iv) of this subsection; procedures for processing applications; criteria for the evaluation of applications; issuance and notice of department decisions; and applicable timelines.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights.

Sec. 3. RCW 36.70A.280 and 2011 c 360 s 17 are each amended to read as follows:

(1) The growth management hearings board shall hear and determine only those petitions alleging either:

(a) That, except as provided otherwise by this subsection, a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58

RCW. Nothing in this subsection authorizes the board to hear petitions alleging noncompliance with RCW 36.70A.5801;

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted;

(c) That the approval of a work plan adopted under RCW 36.70A.735(1)(a) is not in compliance with the requirements of the program established under RCW 36.70A.710;

(d) That regulations adopted under RCW 36.70A.735(1)(b) are not regionally applicable and cannot be adopted, wholly or partially, by another jurisdiction; ((or))

(e) That a department certification under RCW 36.70A.735(1)(c) is erroneous; _____ or

(f) That a department determination under RCW 36.70A.060(1)(d) is erroneous.

(2) A petition may be filed only by: (a) The state, or a county or city that plans under this chapter; (b) a person who has participated orally or in writing before the county or city regarding the matter on which a review is being requested; (c) a person who is certified by the governor within sixty days of filing the request with the board; or (d) a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) To establish participation standing under subsection (2)(b) of this section, a person must show that his or her participation before the county or city was reasonably related to the person's issue as presented to the board.

(5) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, the board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by the board must be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by the board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as the "board adjusted population projection." None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes.

(1) If a personal wireless service provider applies to site several microcells (~~and/or~~), minor facilities, or a small cell network in a single geographical area:

(a) If one or more of the microcells and/or minor facilities are not exempt from the requirements of RCW 43.21C.030(2)(c), local governmental entities are encouraged: (i) To allow the applicant, at the applicant's discretion, to file a single set of documents required by chapter 43.21C RCW that will apply to all the microcells and/or minor facilities to be sited; and (ii) to render decisions under chapter 43.21C RCW regarding all the microcells and/or minor facilities in a single administrative proceeding; (~~and~~)

(b) Local governmental entities are encouraged: (i) To allow the applicant, at the applicant's discretion, to file a single set of documents for land use permits that will apply to all the microcells and/or minor facilities to be sited; and (ii) to render decisions regarding land use permits for all the microcells and/or minor facilities in a single administrative proceeding; and

(c) For small cell networks involving multiple individual small cell facilities, local governmental entities shall allow the applicant, if the applicant so chooses, to file a consolidated application and receive a single permit for the small cell network in a single jurisdiction instead of filing separate applications for each individual small cell facility.

(2) For the purposes of this section:

(a) "Personal wireless services" means commercial mobile services, unlicensed wireless services, and common carrier wireless exchange access services, as defined by federal laws and regulations.

(b) "Microcell" means a wireless communication facility consisting of an antenna that is either: (i) Four feet in height and with an area of not more than five hundred eighty square inches; or (ii) if a tubular antenna, no more than four inches in diameter and no more than six feet in length.

(c) "Minor facility" means a wireless communication facility consisting of up to three antennas, each of which is either: (i) Four feet in height and with an area of not more than five hundred eighty square inches; or (ii) if a tubular antenna, no more than four inches in diameter and no more than six feet in length; and the associated equipment cabinet that is six feet or less in height and no more than forty-eight square feet in floor area.

(d) "Small cell facility" means a personal wireless services facility that meets both of the following qualifications:

(i) Each antenna is located inside an antenna enclosure of no more than three cubic feet in volume or, in the case of an antenna that has exposed elements, the antenna and all of its exposed elements could fit within an imaginary enclosure of no more than three cubic feet; and

(ii) Primary equipment enclosures are no larger than seventeen cubic feet in volume. The following associated equipment may be located outside the primary equipment enclosure and if so located, are not included in the calculation of equipment volume: Electric meter, concealment, telecom demarcation box, ground-based enclosures, battery back-up power systems, grounding equipment, power transfer switch, and cut-off switch.

(e) "Small cell network" means a collection of interrelated small cell facilities designed to deliver personal wireless services.

Sec. 6. RCW 35.21.860 and 2007 c 6 s 1020 are each amended to read as follows:

(1) No city or town may impose a franchise fee or any other fee or charge of whatever nature or description upon the light and power, or gas distribution businesses, as defined in RCW 82.16.010, or telephone business, as defined in RCW 82.16.010, or service provider for use of the right-of-way, except:

(a) A tax authorized by RCW 35.21.865 may be imposed;

(b) A fee may be charged to such businesses or service providers that recovers actual administrative expenses incurred by a city or town that are directly related to receiving and approving a permit, license, and franchise, to inspecting plans and construction, or to the preparation of a detailed statement pursuant to chapter 43.21C RCW;

(c) Taxes permitted by state law on service providers;

(d) Franchise requirements and fees for cable television services as allowed by federal law; and

(e) A site-specific charge pursuant to an agreement between the city or town and a service provider of personal wireless services acceptable to the parties for:

(i) The placement of new structures in the right-of-way regardless of height, unless the new structure is the result of a mandated relocation in which case no charge will be imposed if the previous location was not charged;

(ii) The placement of replacement structures when the replacement is necessary for the installation or attachment of wireless facilities, the replacement structure is higher than the replaced structure, and the overall height of the replacement structure and the wireless facility is more than sixty feet; or

(iii) The placement of personal wireless facilities on structures owned by the city or town located in the right-of-way. However, a site-specific charge shall not apply to the placement of personal wireless facilities on existing structures, unless the structure is owned by the city or town.

A city or town is not required to approve the use permit for the placement of a facility for personal wireless services that meets one of the criteria in this subsection absent such an agreement. If the parties are unable to agree on the amount of the charge, the service provider may submit the amount of the charge to binding arbitration by serving notice on the city or town. Within thirty days of receipt of the initial notice, each party shall furnish a list of acceptable arbitrators. The parties shall select an arbitrator; failing to agree on an arbitrator, each party shall select one arbitrator and the two arbitrators shall select a third arbitrator for an arbitration panel. The arbitrator or arbitrators shall determine the charge based on comparable siting agreements involving public land and rights-of-way. The arbitrator or arbitrators shall not decide any other disputed issues, including but not limited to size, location, and zoning requirements. Costs of the arbitration, including compensation for the arbitrator's services, must be borne equally by the parties participating in the arbitration and each party shall bear its own costs and expenses, including legal fees and witness expenses, in connection with the arbitration proceeding.

(2) Subsection (1) of this section does not prohibit franchise fees imposed on an electrical energy, natural gas, or telephone business, by contract existing on April 20, 1982, with a city or town, for the duration of the contract, but the franchise fees shall be considered taxes for the purposes of the limitations established in RCW 35.21.865 and

35.21.870 to the extent the fees exceed the costs allowable under subsection (1) of this section."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House refused to concur in the Senate amendment to Substitute House Bill No. 2175 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

March 7, 2014

MR. SPEAKER:

The Senate has passed ENGROSSED HOUSE BILL NO. 2582, with the following amendment(s): 2582.E AMS HARG S4925.2

Strike everything after the enacting clause and insert the following:

"Sec. 7. RCW 13.34.138 and 2009 c 520 s 29, 2009 c 491 s 3, 2009 c 397 s 4, and 2009 c 152 s 1 are each reenacted and amended to read as follows:

(1) The status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first. The purpose of the hearing shall be to review the progress of the parties and determine whether court supervision should continue.

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished within existing resources.

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145(1)(a) or 13.34.134.

(2)(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision by the supervising agency or department shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) Prior to the child returning home, the department or supervising agency must complete the following:

(i) Identify all adults residing in the home and conduct background checks on those persons;

(ii) Identify any persons who may act as a caregiver for the child in addition to the parent with whom the child is being placed and determine whether such persons are in need of any services in order to ensure the safety of the child, regardless of whether such persons are a party to the dependency. The department or supervising agency may recommend to the court and the court may order that placement of the child in the parent's home be contingent

on or delayed based on the need for such persons to engage in or complete services to ensure the safety of the child prior to placement. If services are recommended for the caregiver, and the caregiver fails to engage in or follow through with the recommended services, the department or supervising agency must promptly notify the court; and

(iii) Notify the parent with whom the child is being placed that he or she has an ongoing duty to notify the department or supervising agency of all persons who reside in the home or who may act as a caregiver for the child both prior to the placement of the child in the home and subsequent to the placement of the child in the home as long as the court retains jurisdiction of the dependency proceeding or the department is providing or monitoring either remedial services to the parent or services to ensure the safety of the child to any caregivers.

Caregivers may be required to engage in services under this subsection solely for the purpose of ensuring the present and future safety of a child who is a ward of the court. This subsection does not grant party status to any individual not already a party to the dependency proceeding, create an entitlement to services or a duty on the part of the department or supervising agency to provide services, or create judicial authority to order the provision of this section or RCW 13.34.025 or if the services are unavailable or unsuitable or the person is not eligible for such services.

(c) If the child is not returned home, the court shall establish in writing:

(i) Whether the supervising agency or the department is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. If additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;

(ii) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(iii) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(iv) Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;

(v) Whether there is a continuing need for placement;

(vi) Whether a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child by preventing the return of the child to the home of the child's parent and whether housing assistance should be provided by the department or supervising agency;

(vii) Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;

(viii) Whether preference has been given to placement with the child's relatives if such placement is in the child's best interests;

(ix) Whether both in-state and, where appropriate, out-of-state placements have been considered;

(x) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(xi) Whether terms of visitation need to be modified;

(xii) Whether the court-approved long-term permanent plan for the child remains the best plan for the child;

(xiii) Whether any additional court orders need to be made to move the case toward permanency; and

(xiv) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(d) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

Unless the court makes a good cause exception under RCW 13.34.145, the court shall order that a petition seeking termination of the parent and child relationship be filed if the court finds that:

- (i) The child has been in out-of-home care for at least twelve consecutive months following the filing of a dependency petition;
- (ii) The services ordered under RCW 13.34.136 have been expressly and understandably offered or provided and all necessary services, reasonably available, capable of correcting the parental deficiencies within the foreseeable future have been expressly and understandably offered or provided;
- (iii) There is no genuine issue of material fact that the parents have been noncompliant with court-ordered services; and
- (iv) There is no genuine issue of material fact that the parents have made no progress toward successfully correcting parental deficiencies identified in a dependency proceeding under this chapter.

(3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with the supervising agency's case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the department's or supervising agency's case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

(c) In a pending dependency case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the child shall be the court's primary consideration in the review hearing.

(4) The court's authority to order housing assistance under this chapter is: (a) Limited to cases in which a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child and housing assistance would aid the parent in providing an appropriate home for the child; and (b) subject to the availability of funds appropriated for this specific purpose. Nothing in this chapter shall be construed to create an entitlement to housing assistance nor to create judicial authority to order the provision of such assistance to any person or family if the assistance or funding are unavailable or the child or family are not eligible for such assistance.

(5) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(((3))) (6)."

(2) Counties, through the Washington state association of counties, must be given the opportunity to propose the composition of regional service areas. Each service area must:

(1) Any agreement or contract by the department or the health care authority to provide behavioral health services as defined under RCW 71.24.025 to persons eligible for benefits under medicaid, Title XIX of the social security act, and to persons not eligible for medicaid must include the following:

(g) Standards related to the financial integrity of the responding organization. (c) Demonstrated commitment to and experience with partnerships with county and municipal criminal justice systems, housing services, and other critical support services necessary to achieve the outcomes established in RCW 43.20A.895, 70.320.020, and 71.36.025;

(d) Recognition that meeting enrollees' physical and behavioral health care needs is a shared responsibility of contracted behavioral health organizations, managed health care systems, service providers, the state, and communities;

(e) Consideration of past and current performance and participation in other state or federal behavioral health programs as a contractor; and

(f) The ability to meet requirements established by the department.

(3) For purposes of purchasing behavioral health services and medical care services for persons eligible for benefits under medicaid, Title XIX of the social security act and for persons not eligible for medicaid, the department and the health care authority must use common regional service areas. The regional service areas must be established by the department and the health care authority as provided in section 2 of this act.

(4) Consideration must be given to using multiple-biennia contracting periods.

(5) Each behavioral health organization operating pursuant to a contract issued under this section shall enroll clients within its regional service area who meet the department's eligibility criteria for mental health and chemical dependency services.

NEW SECTION. Sec. 4. A new section is added to chapter 43.20A RCW to read as follows:

The secretary shall require that behavioral health organizations offer contracts to managed health care systems under chapter 74.09

RCW or primary care practice settings to promote access to the services of chemical dependency professionals under chapter 18.205 RCW and mental health professionals, as defined by the department in rule, for the purposes of integrating such services into primary care settings for individuals with behavioral health and medical comorbidities.

NEW SECTION. Sec. 5. A new section is added to chapter 71.24 RCW to read as follows:

(1) The secretary shall purchase mental health and chemical dependency treatment services primarily through managed care contracting, but may continue to purchase behavioral health services directly from tribal clinics and other tribal providers.

(2)(a) The secretary shall request a detailed plan from the entities identified in (b) of this subsection that demonstrates compliance with the contractual elements of section 3 of this act and federal regulations related to medicaid managed care contracting, including, but not limited to: Having a sufficient network of providers to provide adequate access to mental health and chemical dependency services for residents of the regional service area that meet eligibility criteria for services, ability to maintain and manage adequate reserves, and maintenance of quality assurance processes. Any responding entity that submits a detailed plan that demonstrates that it can meet the requirements of this section must be awarded the contract to serve as the behavioral health organization.

(b)(i) For purposes of responding to the request for a detailed plan under (a) of this subsection, the entities from which a plan will be requested are:

(A) A county in a single county regional service area that currently serves as the regional support network for that area;

(B) In the event that a county has made a decision prior to January 1, 2014, not to contract as a regional support network, any private entity that serves as the regional support network for that area;

(C) All counties within a regional service area that includes more than one county, which shall form a responding entity through the adoption of an interlocal agreement. The interlocal agreement must specify the terms by which the responding entity shall serve as the behavioral health organization within the regional service area.

(ii) In the event that a regional service area is comprised of multiple counties including one that has made a decision prior to January 1, 2014, not to contract as a regional support network the counties shall adopt an interlocal agreement and may respond to the request for a detailed plan under (a) of this subsection and the private entity may also respond to the request for a detailed plan. If both responding entities meet the requirements of this section, the responding entities shall follow the department's procurement process established in subsection (3) of this section.

(3) If an entity that has received a request under this section to submit a detailed plan does not respond to the request, a responding entity under subsection (1) of this section is unable to substantially meet the requirements of the request for a detailed plan, or more than one responding entity substantially meets the requirements for the request for a detailed plan, the department shall use a procurement process in which other entities recognized by the secretary may bid to serve as the behavioral health organization in that regional service area.

(4) Contracts for behavioral health organizations must begin on April 1, 2016.

(5) Upon request of all of the county authorities in a regional service area, the department and the health care authority may jointly purchase behavioral health services through an integrated medical and behavioral health services contract with a behavioral health organization or a managed health care system as defined in RCW 74.09.522, pursuant to standards to be developed jointly by the secretary and the health care authority. Any contract for such a purchase must comply with all federal medicaid and state law requirements related to managed health care contracting.

(6) As an incentive to county authorities to become early adopters of fully integrated purchasing of medical and behavioral health

services, the standards adopted by the secretary and the health care authority under subsection (5) of this section shall provide for an incentive payment to counties which elect to move to full integration by January 1, 2016. Subject to federal approval, the incentive payment shall be targeted at ten percent of savings realized by the state within the regional service area in which the fully integrated purchasing takes place. Savings shall be calculated in alignment with the outcome and performance measures established in RCW 43.20A.895, 70.320.020, and 71.36.025, and incentive payments for early adopter counties shall be made available for up to a six-year period, or until full integration of medical and behavioral health services is accomplished statewide, whichever comes sooner, according to rules to be developed by the secretary and health care authority.

Sec. 6. RCW 71.24.015 and 2005 c 503 s 1 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs that focus on resilience and recovery, and practices that are evidence-based, research-based, consensus-based, or, where these do not exist, promising or emerging best practices, which provide for:

(1) Access to mental health services for adults (~~(of the state who are acutely mentally ill, chronically mentally ill, or seriously disturbed)~~) with mental illness and children (~~(of the state who are acutely mentally ill, severely emotionally disturbed, or seriously disturbed,)~~) with mental illness or emotional disturbances who meet access to care standards which services recognize the special needs of underserved populations, including minorities, children, the elderly, (~~(disabled)~~) individuals with disabilities, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of (~~(mentally ill)~~) children with mental illness and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) The involvement of persons with mental illness, their family members, and advocates in designing and implementing mental health services that reduce unnecessary hospitalization and incarceration and promote the recovery and employment of persons with mental illness. To improve the quality of services available and promote the rehabilitation, recovery, and reintegration of persons with mental illness, consumer and advocate participation in mental health services is an integral part of the community mental health system and shall be supported;

(3) Accountability of efficient and effective services through state-of-the-art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of client and system outcome information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness and to assure uniform data collection across the state;

(4) Minimum service delivery standards;

(5) Priorities for the use of available resources for the care of (~~(the mentally ill)~~) individuals with mental illness consistent with the priorities defined in the statute;

(6) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, (~~(regional support networks)~~) behavioral health organizations,

community mental health services, and other support services, which shall to the maximum extent feasible also include the families of (~~(the mentally ill)~~) individuals with mental illness, and other service providers; and

(7) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders including services operated by consumers and advocates. The legislature intends to encourage the development of regional mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties (~~(are encouraged to)~~) must enter into joint operating agreements with other counties to form regional systems of care that are consistent with the regional service areas established under section 2 of this act. Regional systems of care, whether operated by a county, group of counties, or another entity shall integrate planning, administration, and service delivery duties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs. The legislature hereby finds and declares that sound fiscal management requires vigilance to ensure that funds appropriated by the legislature for the provision of needed community mental health programs and services are ultimately expended solely for the purpose for which they were appropriated, and not for any other purpose.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end, the legislature intends to promote active engagement with (~~(mentally ill)~~) persons with mental illness and collaboration between families and service providers.

Sec. 7. RCW 71.24.016 and 2006 c 333 s 102 are each amended to read as follows:

(1) The legislature intends that eastern and western state hospitals shall operate as clinical centers for handling the most complicated long-term care needs of patients with a primary diagnosis of mental disorder. It is further the intent of the legislature that the community mental health service delivery system focus on maintaining (~~(mentally ill)~~) individuals with mental illness in the community. The program shall be evaluated and managed through a limited number of outcome and performance measures (~~(designed to hold each regional support network accountable for program success)~~), as provided in RCW 43.20A.895, 70.320.020, and 71.36.025.

(2) The legislature intends to address the needs of people with mental disorders with a targeted, coordinated, and comprehensive set of evidence-based practices that are effective in serving individuals in their community and will reduce the need for placements in state mental hospitals. The legislature further intends to explicitly hold (~~(regional support networks)~~) behavioral health organizations accountable for serving people with mental disorders within the boundaries of their (~~(geographic boundaries)~~) regional service area and for not exceeding their allocation of state hospital beds. (~~(Within funds appropriated by the legislature for this purpose, regional support networks shall develop the means to serve the needs of people with mental disorders within their geographic boundaries. Elements of the program may include:~~

- ~~(a) Crisis triage;~~
- ~~(b) Evaluation and treatment and community hospital beds;~~
- ~~(c) Residential beds;~~
- ~~(d) Programs for community treatment teams; and~~
- ~~(e) Outpatient services.~~

~~(3) The regional support network shall have the flexibility, within the funds appropriated by the legislature for this purpose, to design the mix of services that will be most effective within their service area of meeting the needs of people with mental disorders and avoiding~~

The secretary shall adopt and may amend and repeal rules for acceptance of persons into the approved treatment program, considering available treatment resources and facilities, for the purpose of early and effective treatment of ~~((alcoholics and other drug addicts))~~ persons with substance use disorders, persons incapacitated by alcohol or other psychoactive chemicals, and intoxicated persons. In establishing the rules, the secretary shall be guided by the following standards:

(1) If possible a patient shall be treated on a voluntary rather than an involuntary basis.

(2) A patient shall be initially assigned or transferred to outpatient treatment, unless he or she is found to require residential treatment.

(3) A person shall not be denied treatment solely because he or she has withdrawn from treatment against medical advice on a prior occasion or because he or she has relapsed after earlier treatment.

(4) An individualized treatment plan shall be prepared and maintained on a current basis for each patient.

(5) Provision shall be made for a continuum of coordinated treatment services, so that a person who leaves a facility or a form of treatment will have available and use other appropriate treatment.

Sec. 28. RCW 70.96A.110 and 1990 c 151 s 7 are each amended to read as follows:

(1) ~~((An alcoholic or other drug addict))~~ An individual with a substance use disorder may apply for voluntary treatment directly to an approved treatment program. If the proposed patient is a minor or an incompetent person, he or she, a parent, a legal guardian, or other legal representative may make the application.

(2) Subject to rules adopted by the secretary, the administrator in charge of an approved treatment program may determine who shall be admitted for treatment. If a person is refused admission to an approved treatment program, the administrator, subject to rules adopted by the secretary, shall refer the person to another approved treatment program for treatment if possible and appropriate.

(3) If a patient receiving inpatient care leaves an approved treatment program, he or she shall be encouraged to consent to appropriate outpatient treatment. If it appears to the administrator in charge of the treatment program that the patient is ~~((an alcoholic or other drug addict))~~ an individual with a substance use disorder who

requires help, the department may arrange for assistance in obtaining supportive services and residential programs.

(4) If a patient leaves an approved public treatment program, with or against the advice of the administrator in charge of the program, the department may make reasonable provisions for his or her transportation to another program or to his or her home. If the patient has no home he or she should be assisted in obtaining shelter. If the patient is less than fourteen years of age or an incompetent person the request for discharge from an inpatient program shall be made by a parent, legal guardian, or other legal representative or by the minor or incompetent if he or she was the original applicant.

Sec. 29. RCW 70.96A.140 and 2001 c 13 s 3 are each amended to read as follows:

(1) When a designated chemical dependency specialist receives information alleging that a person presents a likelihood of serious harm or is gravely disabled as a result of chemical dependency, the designated chemical dependency specialist, after investigation and evaluation of the specific facts alleged and of the reliability and credibility of the information, may file a petition for commitment of such person with the superior court, district court, or in another court permitted by court rule.

If a petition for commitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the designated chemical dependency specialist's report.

If the designated chemical dependency specialist finds that the initial needs of such person would be better served by placement within the mental health system, the person shall be referred to either a ~~((county))~~ designated mental health professional or an evaluation and treatment facility as defined in RCW 71.05.020 or 71.34.020. If placement in a chemical dependency program is available and deemed appropriate, the petition shall allege that: The person is chemically dependent and presents a likelihood of serious harm or is gravely disabled by alcohol or drug addiction, or that the person has twice before in the preceding twelve months been admitted for ~~((detoxification))~~ withdrawal management, sobering services, or chemical dependency treatment pursuant to RCW 70.96A.110 or 70.96A.120, and is in need of a more sustained treatment program, or that the person is chemically dependent and has threatened, attempted, or inflicted physical harm on another and is likely to inflict physical harm on another unless committed. A refusal to undergo treatment, by itself, does not constitute evidence of lack of judgment as to the need for treatment. The petition shall be accompanied by a certificate of a licensed physician who has examined the person within five days before submission of the petition, unless the person whose commitment is sought has refused to submit to a medical examination, in which case the fact of refusal shall be alleged in the petition. The certificate shall set forth the licensed physician's findings in support of the allegations of the petition. A physician employed by the petitioning program or the department is eligible to be the certifying physician.

(2) Upon filing the petition, the court shall fix a date for a hearing no less than two and no more than seven days after the date the petition was filed unless the person petitioned against is presently being detained in a program, pursuant to RCW 70.96A.120, 71.05.210, or ~~((71.34.050))~~ 71.34.710, in which case the hearing shall be held within seventy-two hours of the filing of the petition: PROVIDED, HOWEVER, That the above specified seventy-two hours shall be computed by excluding Saturdays, Sundays, and holidays: PROVIDED FURTHER, That, the court may, upon motion of the person whose commitment is sought, or upon motion of petitioner with written permission of the person whose commitment is sought, or his or her counsel and, upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice of the hearing, including the date fixed by the court, shall be served by the designated

chemical dependency specialist on the person whose commitment is sought, his or her next of kin, a parent or his or her legal guardian if he or she is a minor, and any other person the court believes advisable. A copy of the petition and certificate shall be delivered to each person notified.

(3) At the hearing the court shall hear all relevant testimony, including, if possible, the testimony, which may be telephonic, of at least one licensed physician who has examined the person whose commitment is sought. Communications otherwise deemed privileged under the laws of this state are deemed to be waived in proceedings under this chapter when a court of competent jurisdiction in its discretion determines that the waiver is necessary to protect either the detained person or the public. The waiver of a privilege under this section is limited to records or testimony relevant to evaluation of the detained person for purposes of a proceeding under this chapter. Upon motion by the detained person, or on its own motion, the court shall examine a record or testimony sought by a petitioner to determine whether it is within the scope of the waiver.

The record maker shall not be required to testify in order to introduce medical, nursing, or psychological records of detained persons so long as the requirements of RCW 5.45.020 are met, except that portions of the record that contain opinions as to whether the detained person is chemically dependent shall be deleted from the records unless the person offering the opinions is available for cross-examination. The person shall be present unless the court believes that his or her presence is likely to be injurious to him or her; in this event the court may deem it appropriate to appoint a guardian ad litem to represent him or her throughout the proceeding. If deemed advisable, the court may examine the person out of courtroom. If the person has refused to be examined by a licensed physician, he or she shall be given an opportunity to be examined by a court appointed licensed physician. If he or she refuses and there is sufficient evidence to believe that the allegations of the petition are true, or if the court believes that more medical evidence is necessary, the court may make a temporary order committing him or her to the department for a period of not more than five days for purposes of a diagnostic examination.

(4) If after hearing all relevant evidence, including the results of any diagnostic examination, the court finds that grounds for involuntary commitment have been established by clear, cogent, and convincing proof, it shall make an order of commitment to an approved treatment program. It shall not order commitment of a person unless it determines that an approved treatment program is available and able to provide adequate and appropriate treatment for him or her.

(5) A person committed under this section shall remain in the program for treatment for a period of sixty days unless sooner discharged. At the end of the sixty-day period, he or she shall be discharged automatically unless the program, before expiration of the period, files a petition for his or her recommitment upon the grounds set forth in subsection (1) of this section for a further period of ninety days unless sooner discharged.

If a petition for recommitment is not filed in the case of a minor, the parent, guardian, or custodian who has custody of the minor may seek review of that decision made by the designated chemical dependency specialist in superior or district court. The parent, guardian, or custodian shall file notice with the court and provide a copy of the treatment progress report.

If a person has been committed because he or she is chemically dependent and likely to inflict physical harm on another, the program shall apply for recommitment if after examination it is determined that the likelihood still exists.

(6) Upon the filing of a petition for recommitment under subsection (5) of this section, the court shall fix a date for hearing no less than two and no more than seven days after the date the petition was filed: PROVIDED, That, the court may, upon motion of the person whose commitment is sought and upon good cause shown, extend the date for the hearing. A copy of the petition and of the notice

of hearing, including the date fixed by the court, shall be served by the treatment program on the person whose commitment is sought, his or her next of kin, the original petitioner under subsection (1) of this section if different from the petitioner for recommitment, one of his or her parents or his or her legal guardian if he or she is a minor, and his or her attorney and any other person the court believes advisable. At the hearing the court shall proceed as provided in subsection (3) of this section.

(7) The approved treatment program shall provide for adequate and appropriate treatment of a person committed to its custody. A person committed under this section may be transferred from one approved public treatment program to another if transfer is medically advisable.

(8) A person committed to the custody of a program for treatment shall be discharged at any time before the end of the period for which he or she has been committed and he or she shall be discharged by order of the court if either of the following conditions are met:

(a) In case of a chemically dependent person committed on the grounds of likelihood of infliction of physical harm upon himself, herself, or another, the likelihood no longer exists; or further treatment will not be likely to bring about significant improvement in the person's condition, or treatment is no longer adequate or appropriate.

(b) In case of a chemically dependent person committed on the grounds of the need of treatment and incapacity, that the incapacity no longer exists.

(9) The court shall inform the person whose commitment or recommitment is sought of his or her right to contest the application, be represented by counsel at every stage of any proceedings relating to his or her commitment and recommitment, and have counsel appointed by the court or provided by the court, if he or she wants the assistance of counsel and is unable to obtain counsel. If the court believes that the person needs the assistance of counsel, the court shall require, by appointment if necessary, counsel for him or her regardless of his or her wishes. The person shall, if he or she is financially able, bear the costs of such legal service; otherwise such legal service shall be at public expense. The person whose commitment or recommitment is sought shall be informed of his or her right to be examined by a licensed physician of his or her choice. If the person is unable to obtain a licensed physician and requests examination by a physician, the court shall employ a licensed physician.

(10) A person committed under this chapter may at any time seek to be discharged from commitment by writ of habeas corpus in a court of competent jurisdiction.

(11) The venue for proceedings under this section is the county in which person to be committed resides or is present.

(12) When in the opinion of the professional person in charge of the program providing involuntary treatment under this chapter, the committed patient can be appropriately served by less restrictive treatment before expiration of the period of commitment, then the less restrictive care may be required as a condition for early release for a period which, when added to the initial treatment period, does not exceed the period of commitment. If the program designated to provide the less restrictive treatment is other than the program providing the initial involuntary treatment, the program so designated must agree in writing to assume such responsibility. A copy of the conditions for early release shall be given to the patient, the designated chemical dependency specialist of original commitment, and the court of original commitment. The program designated to provide less restrictive care may modify the conditions for continued release when the modifications are in the best interests of the patient. If the program providing less restrictive care and the designated chemical dependency specialist determine that a conditionally released patient is failing to adhere to the terms and conditions of his or her release, or that substantial deterioration in the patient's functioning has occurred, then the designated chemical dependency specialist shall notify the court of original commitment and request a hearing to be held no less than two and no more than seven days after the date of the request to determine

whether or not the person should be returned to more restrictive care. The designated chemical dependency specialist shall file a petition with the court stating the facts substantiating the need for the hearing along with the treatment recommendations. The patient shall have the same rights with respect to notice, hearing, and counsel as for the original involuntary treatment proceedings. The issues to be determined at the hearing are whether the conditionally released patient did or did not adhere to the terms and conditions of his or her release to less restrictive care or that substantial deterioration of the patient's functioning has occurred and whether the conditions of release should be modified or the person should be returned to a more restrictive program. The hearing may be waived by the patient and his or her counsel and his or her guardian or conservator, if any, but may not be waived unless all such persons agree to the waiver. Upon waiver, the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

Sec. 33. RCW 70.96A.800 and 2008 c 320 s 1 are each amended to read as follows:

(1) Subject to funds appropriated for this specific purpose, the secretary shall select and contract with counties to provide intensive case management for chemically dependent persons with histories of high utilization of crisis services at two sites. In selecting the two sites, the secretary shall endeavor to site one in an urban county, and one in a rural county; and to site them in counties other than those selected pursuant to RCW 70.96B.020, to the extent necessary to facilitate evaluation of pilot project results. Subject to funds appropriated for

this specific purpose, the secretary may contract with additional counties to provide intensive case management.

(2) The contracted sites shall implement the pilot programs by providing intensive case management to persons with a primary chemical dependency diagnosis or dual primary chemical dependency and mental health diagnoses, through the employment of chemical dependency case managers. The chemical dependency case managers shall:

(a) Be trained in and use the integrated, comprehensive screening and assessment process adopted under RCW 70.96C.010;

(b) Reduce the use of crisis medical, chemical dependency and mental health services, including but not limited to, emergency room admissions, hospitalizations, ~~((detoxification))~~ withdrawal management programs, inpatient psychiatric admissions, involuntary treatment petitions, emergency medical services, and ambulance services;

(j) Where a program participant is under supervision by the department of corrections, collaborate with the department of corrections to maximize treatment outcomes and reduce the likelihood of reoffense.

(3) The pilot programs established by this section shall begin providing services by March 1, 2006.

Sec. 34. RCW 71.24.049 and 2001 c 323 s 13 are each amended to read as follows:

By January 1st of each odd-numbered year, the ~~((regional support network))~~ behavioral health organization shall identify: (1) The number of children in each priority group, as defined by this chapter, who are receiving mental health services funded in part or in whole under this chapter, (2) the amount of funds under this chapter used for children's mental health services, (3) an estimate of the number of unserved children in each priority group, and (4) the estimated cost of serving these additional children and their families.

Sec. 35. RCW 71.24.061 and 2007 c 359 s 7 are each amended to read as follows:

(1) The department shall provide flexibility in provider contracting to ~~((regional support networks))~~ behavioral health organizations for children's mental health services. Beginning with 2007-2009 biennium contracts, ~~((regional support network))~~ behavioral health organization contracts shall authorize ~~((regional support networks))~~ behavioral health organizations to allow and encourage licensed community mental health centers to subcontract with individual licensed mental health professionals when necessary to meet the need for an adequate,

culturally competent, and qualified children's mental health provider network.

(2) To the extent that funds are specifically appropriated for this purpose or that nonstate funds are available, a children's mental health evidence-based practice institute shall be established at the University of Washington division of public behavioral health and justice policy. The institute shall closely collaborate with entities currently engaged in evaluating and promoting the use of evidence-based, research-based, promising, or consensus-based practices in children's mental health treatment, including but not limited to the University of Washington department of psychiatry and behavioral sciences, children's hospital and regional medical center, the University of Washington school of nursing, the University of Washington school of social work, and the Washington state institute for public policy. To ensure that funds appropriated are used to the greatest extent possible for their intended purpose, the University of Washington's indirect costs of administration shall not exceed ten percent of appropriated funding. The institute shall:

(a) Improve the implementation of evidence-based and research-based practices by providing sustained and effective training and consultation to licensed children's mental health providers and child-serving agencies who are implementing evidence-based or researched-based practices for treatment of children's emotional or behavioral disorders, or who are interested in adapting these practices to better serve ethnically or culturally diverse children. Efforts under this subsection should include a focus on appropriate oversight of implementation of evidence-based practices to ensure fidelity to these practices and thereby achieve positive outcomes;

(b) Continue the successful implementation of the "partnerships for success" model by consulting with communities so they may select, implement, and continually evaluate the success of evidence-based practices that are relevant to the needs of children, youth, and families in their community;

(c) Partner with youth, family members, family advocacy, and culturally competent provider organizations to develop a series of information sessions, literature, and online resources for families to become informed and engaged in evidence-based and research-based practices;

(d) Participate in the identification of outcome-based performance measures under RCW 71.36.025(2) and partner in a statewide effort to implement statewide outcomes monitoring and quality improvement processes; and

(e) Serve as a statewide resource to the department and other entities on child and adolescent evidence-based, research-based, promising, or consensus-based practices for children's mental health treatment, maintaining a working knowledge through ongoing review of academic and professional literature, and knowledge of other evidence-based practice implementation efforts in Washington and other states.

(3) To the extent that funds are specifically appropriated for this purpose, the department in collaboration with the evidence-based practice institute shall implement a pilot program to support primary care providers in the assessment and provision of appropriate diagnosis and treatment of children with mental and behavioral health disorders and track outcomes of this program. The program shall be designed to promote more accurate diagnoses and treatment through timely case consultation between primary care providers and child psychiatric specialists, and focused educational learning collaboratives with primary care providers.

Sec. 36. RCW 71.24.155 and 2001 c 323 s 14 are each amended to read as follows:

Grants shall be made by the department to ~~((regional support networks))~~ behavioral health organizations for community mental health programs totaling not less than ninety-five percent of available resources. The department may use up to forty percent of the remaining five percent to provide community demonstration projects,

including early intervention or primary prevention programs for children, and the remainder shall be for emergency needs and technical assistance under this chapter.

Sec. 37. RCW 71.24.160 and 2011 c 343 s 6 are each amended to read as follows:

The ~~((regional support networks))~~ behavioral health organizations shall make satisfactory showing to the secretary that state funds shall in no case be used to replace local funds from any source being used to finance mental health services prior to January 1, 1990. Maintenance of effort funds devoted to judicial services related to involuntary commitment reimbursed under RCW 71.05.730 must be expended for other purposes that further treatment for mental health and chemical dependency disorders.

Sec. 38. RCW 71.24.250 and 2001 c 323 s 16 are each amended to read as follows:

The ~~((regional support network))~~ behavioral health organization may accept and expend gifts and grants received from private, county, state, and federal sources.

Sec. 39. RCW 71.24.300 and 2008 c 261 s 4 are each amended to read as follows:

(1) Upon the request of a tribal authority or authorities within a ~~((regional support network))~~ behavioral health organization the joint operating agreement or the county authority shall allow for the inclusion of the tribal authority to be represented as a party to the ~~((regional support network))~~ behavioral health organization.

(2) The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served.

(3) The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under ~~((regional support networks))~~ behavioral health organizations by rule, except to assure that all duties required of ~~((regional support networks))~~ behavioral health organizations are assigned and that counties and the ~~((regional support network))~~ behavioral health organization do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the ~~((regional support network's))~~ behavioral health organization's contract with the secretary.

(4) If a ~~((regional support network))~~ behavioral health organization is a private entity, the department shall allow for the inclusion of the tribal authority to be represented as a party to the ~~((regional support network))~~ behavioral health organization.

(5) The roles and responsibilities of the private entity and the tribal authorities shall be determined by the department, through negotiation with the tribal authority.

(6) ~~((Regional support networks))~~ Behavioral health organizations shall submit an overall six-year operating and capital plan, timeline, and budget and submit progress reports and an updated two-year plan biennially thereafter, to assume within available resources all of the following duties:

(a) Administer and provide for the availability of all resource management services, residential services, and community support services.

(b) Administer and provide for the availability of all investigation, transportation, court-related, and other services provided by the state or counties pursuant to chapter 71.05 RCW.

(c) Provide within the boundaries of each ~~((regional support network))~~ behavioral health organization evaluation and treatment services for at least ninety percent of persons detained or committed for periods up to seventeen days according to chapter 71.05 RCW. ~~((Regional support networks))~~ Behavioral health organizations may contract to purchase evaluation and treatment services from other ~~((networks))~~ organizations if they are unable to provide for appropriate

resources within their boundaries. Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each ~~((regional support network))~~ behavioral health organization. Such exceptions are limited to:

(i) Contracts with neighboring or contiguous regions; or

(ii) Individuals detained or committed for periods up to seventeen days at the state hospitals at the discretion of the secretary.

(d) Administer and provide for the availability of all other mental health services, which shall include patient counseling, day treatment, consultation, education services, employment services as ~~((defined))~~ described in RCW 71.24.035, and mental health services to children.

(e) Establish standards and procedures for reviewing individual service plans and determining when that person may be discharged from resource management services.

(7) A ~~((regional support network))~~ behavioral health organization may request that any state-owned land, building, facility, or other capital asset which was ever purchased, deeded, given, or placed in trust for the care of the persons with mental illness and which is within the boundaries of a ~~((regional support network))~~ behavioral health organization be made available to support the operations of the ~~((regional support network))~~ behavioral health organization. State agencies managing such capital assets shall give first priority to requests for their use pursuant to this chapter.

(8) Each ~~((regional support network))~~ behavioral health organization shall appoint a mental health advisory board which shall review and provide comments on plans and policies developed under this chapter, provide local oversight regarding the activities of the ~~((regional support network))~~ behavioral health organization, and work with the ~~((regional support network))~~ behavioral health organization to resolve significant concerns regarding service delivery and outcomes. The department shall establish statewide procedures for the operation of regional advisory committees including mechanisms for advisory board feedback to the department regarding ~~((regional support network))~~ behavioral health organization performance. The composition of the board shall be broadly representative of the demographic character of the region and shall include, but not be limited to, representatives of consumers and families, law enforcement, and where the county is not the ~~((regional support network))~~ behavioral health organization, county elected officials. Composition and length of terms of board members may differ between ~~((regional support networks))~~ behavioral health organizations but shall be included in each ~~((regional support network's))~~ behavioral health organization's contract and approved by the secretary.

(9) ~~((Regional support networks))~~ Behavioral health organizations shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

(10) ~~((Regional support networks))~~ Behavioral health organizations may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Projects identified or submitted under this subsection must be fully integrated with the ~~((regional support network))~~ behavioral health organization six-year operating and capital plan, timeline, and budget required by subsection (6) of this section.

Sec. 40. RCW 71.24.310 and 2013 2nd sp.s. c 4 s 994 are each amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the ~~((regional support network))~~ behavioral health organization defined in RCW 71.24.025. For this reason, the legislature intends that the department and the ~~((regional support networks))~~ behavioral health organizations shall work together to implement chapter 71.05 RCW as follows:

(1) By June 1, 2006, ~~((regional support networks))~~ behavioral health organizations shall recommend to the department the number of state hospital beds that should be allocated for use by each ~~((regional support network))~~ behavioral health organization. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the ~~((regional support networks))~~ behavioral health organizations regarding the number of state hospital beds that should be allocated for use by each ~~((regional support network))~~ behavioral health organization, the department shall contract with each ~~((regional support network))~~ behavioral health organization accordingly.

(3) If there is not consensus among the ~~((regional support networks))~~ behavioral health organizations regarding the number of beds that should be allocated for use by each ~~((regional support network))~~ behavioral health organization, the department shall establish by emergency rule the number of state hospital beds that are available for use by each ~~((regional support network))~~ behavioral health organization. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each ~~((regional support network))~~ behavioral health organization area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5) The department is encouraged to enter performance-based contracts with ~~((regional support networks))~~ behavioral health organizations to provide some or all of the ~~((regional support networks))~~ behavioral health organization's allocated long-term inpatient treatment capacity in the community, rather than in the state hospital. The performance contracts shall specify the number of patient days of care available for use by the ~~((regional support network))~~ behavioral health organization in the state hospital.

(6) If a ~~((regional support network))~~ behavioral health organization uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care, except during the period of July 1, 2012, through December 31, 2013, where reimbursements may be temporarily altered per section 204, chapter 4, Laws of 2013 2nd sp. sess. The reimbursement rate per day shall be the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the cost of operating the state hospital and, during the 2007-2009 fiscal biennium, implementing new services that will enable a ~~((regional support network))~~ behavioral health organization to reduce its utilization of the state hospital. The department shall distribute the remaining half of such reimbursements among ~~((regional support networks))~~ behavioral health organizations that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used.

Sec. 41. RCW 71.24.350 and 2013 c 23 s 189 are each amended to read as follows:

The department shall require each ~~((regional support network))~~ behavioral health organization to provide for a separately funded mental health ombuds office in each ~~((regional support network))~~ behavioral health organization that is independent of the ~~((regional~~

support network)) behavioral health organization. The ombuds office shall maximize the use of consumer advocates.

Sec. 42. RCW 71.24.370 and 2006 c 333 s 103 are each amended to read as follows:

(1) Except for monetary damage claims which have been reduced to final judgment by a superior court, this section applies to all claims against the state, state agencies, state officials, or state employees that exist on or arise after March 29, 2006.

(2) Except as expressly provided in contracts entered into between the department and the ~~((regional support networks))~~ behavioral health organizations after March 29, 2006, the entities identified in subsection (3) of this section shall have no claim for declaratory relief, injunctive relief, judicial review under chapter 34.05 RCW, or civil liability against the state or state agencies for actions or inactions performed pursuant to the administration of this chapter with regard to the following: (a) The allocation or payment of federal or state funds; (b) the use or allocation of state hospital beds; or (c) financial responsibility for the provision of inpatient mental health care.

(3) This section applies to counties, ~~((regional support networks))~~ behavioral health organizations, and entities which contract to provide ~~((regional support network))~~ behavioral health organization services and their subcontractors, agents, or employees.

Sec. 43. RCW 71.24.455 and 1997 c 342 s 2 are each amended to read as follows:

(1) The secretary shall select and contract with a ~~((regional support network))~~ behavioral health organization or private provider to provide specialized access and services to ~~((mentally ill))~~ offenders with mental illness upon release from total confinement within the department of corrections who have been identified by the department of corrections and selected by the ~~((regional support network))~~ behavioral health organization or private provider as high-priority clients for services and who meet service program entrance criteria. The program shall enroll no more than twenty-five offenders at any one time, or a number of offenders that can be accommodated within the appropriated funding level, and shall seek to fill any vacancies that occur.

(2) Criteria shall include a determination by department of corrections staff that:

(a) The offender suffers from a major mental illness and needs continued mental health treatment;

(b) The offender's previous crime or crimes have been determined by either the court or department of corrections staff to have been substantially influenced by the offender's mental illness;

(c) It is believed the offender will be less likely to commit further criminal acts if provided ongoing mental health care;

(d) The offender is unable or unlikely to obtain housing and/or treatment from other sources for any reason; and

(e) The offender has at least one year remaining before his or her sentence expires but is within six months of release to community housing and is currently housed within a work release facility or any department of corrections' division of prisons facility.

(3) The ~~((regional support network))~~ behavioral health organization or private provider shall provide specialized access and services to the selected offenders. The services shall be aimed at lowering the risk of recidivism. An oversight committee composed of a representative of the department, a representative of the selected ~~((regional support network))~~ behavioral health organization or private provider, and a representative of the department of corrections shall develop policies to guide the pilot program, provide dispute resolution including making determinations as to when entrance criteria or required services may be waived in individual cases, advise the department of corrections and the ~~((regional support network))~~ behavioral health organization or private provider on the selection of eligible offenders, and set minimum requirements for service contracts. The selected ~~((regional support network))~~ behavioral health organization or private provider shall implement the policies and service contracts. The following services shall be provided:

(a) Intensive case management to include a full range of intensive community support and treatment in client-to-staff ratios of not more than ten offenders per case manager including: (i) A minimum of weekly group and weekly individual counseling; (ii) home visits by the program manager at least two times per month; and (iii) counseling focusing on relapse prevention and past, current, or future behavior of the offender.

(b) The case manager shall attempt to locate and procure housing appropriate to the living and clinical needs of the offender and as needed to maintain the psychiatric stability of the offender. The entire range of emergency, transitional, and permanent housing and involuntary hospitalization must be considered as available housing options. A housing subsidy may be provided to offenders to defray housing costs up to a maximum of six thousand six hundred dollars per offender per year and be administered by the case manager. Additional funding sources may be used to offset these costs when available.

(c) The case manager shall collaborate with the assigned prison, work release, or community corrections staff during release planning, prior to discharge, and in ongoing supervision of the offender while under the authority of the department of corrections.

(d) Medications including the full range of psychotropic medications including atypical antipsychotic medications may be required as a condition of the program. Medication prescription, medication monitoring, and counseling to support offender understanding, acceptance, and compliance with prescribed medication regimens must be included.

(e) A systematic effort to engage offenders to continuously involve themselves in current and long-term treatment and appropriate rehabilitative activities shall be made.

(f) Classes appropriate to the clinical and living needs of the offender and appropriate to his or her level of understanding.

(g) The case manager shall assist the offender in the application and qualification for entitlement funding, including medicaid, state assistance, and other available government and private assistance at any point that the offender is qualified and resources are available.

(h) The offender shall be provided access to daily activities such as drop-in centers, prevocational and vocational training and jobs, and volunteer activities.

(4) Once an offender has been selected into the pilot program, the offender shall remain in the program until the end of his or her sentence or unless the offender is released from the pilot program earlier by the department of corrections.

(5) Specialized training in the management and supervision of high- crime risk (~~mentally ill~~) offenders with mental illness shall be provided to all participating mental health providers by the department and the department of corrections prior to their participation in the program and as requested thereafter.

(6) The pilot program provided for in this section must be providing services by July 1, 1998.

Sec. 44. RCW 71.24.470 and 2009 c 319 s 1 are each amended to read as follows:

(1) The secretary shall contract, to the extent that funds are appropriated for this purpose, for case management services and such other services as the secretary deems necessary to assist offenders identified under RCW 72.09.370 for participation in the offender reentry community safety program. The contracts may be with (~~regional support networks~~) behavioral health organizations or any other qualified and appropriate entities.

(2) The case manager has the authority to assist these offenders in obtaining the services, as set forth in the plan created under RCW 72.09.370(2), for up to five years. The services may include coordination of mental health services, assistance with unfunded medical expenses, obtaining chemical dependency treatment, housing, employment services, educational or vocational training, independent living skills, parenting education, anger management services, and such other services as the case manager deems necessary.

(3) The legislature intends that funds appropriated for the purposes of RCW 72.09.370, 71.05.145, and 71.05.212, and this section and distributed to the (~~regional support networks~~) behavioral health organizations are to supplement and not to supplant general funding. Funds appropriated to implement RCW 72.09.370, 71.05.145, and 71.05.212, and this section are not to be considered available resources as defined in RCW 71.24.025 and are not subject to the priorities, terms, or conditions in the appropriations act established pursuant to RCW 71.24.035.

(4) The offender reentry community safety program was formerly known as the community integration assistance program.

Sec. 45. RCW 71.24.480 and 2009 c 319 s 2 are each amended to read as follows:

(1) A licensed service provider or (~~regional support network~~) behavioral health organization, acting in the course of the provider's or (~~network's~~) organization's duties under this chapter, is not liable for civil damages resulting from the injury or death of another caused by a participant in the offender reentry community safety program who is a client of the provider or (~~network~~) organization, unless the act or omission of the provider or (~~network~~) organization constitutes:

(a) Gross negligence;

(b) Willful or wanton misconduct; or

(c) A breach of the duty to warn of and protect from a client's threatened violent behavior if the client has communicated a serious threat of physical violence against a reasonably ascertainable victim or victims.

(2) In addition to any other requirements to report violations, the licensed service provider and (~~regional support network~~) behavioral health organization shall report an offender's expressions of intent to harm or other predatory behavior, regardless of whether there is an ascertainable victim, in progress reports and other established processes that enable courts and supervising entities to assess and address the progress and appropriateness of treatment.

(3) A licensed service provider's or (~~regional support network's~~) behavioral health organization's mere act of treating a participant in the offender reentry community safety program is not negligence. Nothing in this subsection alters the licensed service provider's or (~~regional support network's~~) behavioral health organization's normal duty of care with regard to the client.

(4) The limited liability provided by this section applies only to the conduct of licensed service providers and (~~regional support networks~~) behavioral health organizations and does not apply to conduct of the state.

(5) For purposes of this section, "participant in the offender reentry community safety program" means a person who has been identified under RCW 72.09.370 as an offender who: (a) Is reasonably believed to be dangerous to himself or herself or others; and (b) has a mental disorder.

Sec. 46. RCW 71.24.845 and 2013 c 230 s 1 are each amended to read as follows:

The (~~regional support networks~~) behavioral health organizations shall jointly develop a uniform transfer agreement to govern the transfer of clients between (~~regional support networks~~) behavioral health organizations. By September 1, 2013, the (~~regional support networks~~) behavioral health organizations shall submit the uniform transfer agreement to the department. By December 1, 2013, the department shall establish guidelines to implement the uniform transfer agreement and may modify the uniform transfer agreement as necessary to avoid impacts on state administrative systems.

Sec. 47. RCW 71.24.055 and 2007 c 359 s 4 are each amended to read as follows:

As part of the system transformation initiative, the department of social and health services shall undertake the following activities related specifically to children's mental health services:

(1) The development of recommended revisions to the access to care standards for children. The recommended revisions shall reflect

the policies and principles set out in RCW 71.36.005, 71.36.010, and 71.36.025, and recognize that early identification, intervention and prevention services, and brief intervention services may be provided outside of the ~~((regional support network))~~ behavioral health organization system. Revised access to care standards shall assess a child's need for mental health services based upon the child's diagnosis and its negative impact upon his or her persistent impaired functioning in family, school, or the community, and should not solely condition the receipt of services upon a determination that a child is engaged in high risk behavior or is in imminent need of hospitalization or out-of-home placement. Assessment and diagnosis for children under five years of age shall be determined using a nationally accepted assessment tool designed specifically for children of that age. The recommendations shall also address whether amendments to RCW 71.24.025 ~~((26) and)~~ (27) and (28) and 71.24.035(5) are necessary to implement revised access to care standards;

(2) Development of a revised children's mental health benefit package. The department shall ensure that services included in the children's mental health benefit package reflect the policies and principles included in RCW 71.36.005 and 71.36.025, to the extent allowable under medicaid, Title XIX of the federal social security act. Strong consideration shall be given to developmentally appropriate evidence-based and research-based practices, family-based interventions, the use of natural and peer supports, and community support services. This effort shall include a review of other states' efforts to fund family-centered children's mental health services through their medicaid programs;

(3) Consistent with the timeline developed for the system transformation initiative, recommendations for revisions to the children's access to care standards and the children's mental health services benefits package shall be presented to the legislature by January 1, 2009.

Sec. 48. RCW 71.24.065 and 2007 c 359 s 10 are each amended to read as follows:

To the extent funds are specifically appropriated for this purpose, the department of social and health services shall contract for implementation of a wraparound model of integrated children's mental health services delivery in up to four ~~((regional support network))~~ behavioral health organization regions in Washington state in which wraparound programs are not currently operating, and in up to two ~~((regional support network))~~ behavioral health organization regions in which wraparound programs are currently operating. Contracts in regions with existing wraparound programs shall be for the purpose of expanding the number of children served.

(1) Funding provided may be expended for: Costs associated with a request for proposal and contracting process; administrative costs associated with successful bidders' operation of the wraparound model; the evaluation under subsection (5) of this section; and funding for services needed by children enrolled in wraparound model sites that are not otherwise covered under existing state programs. The services provided through the wraparound model sites shall include, but not be limited to, services covered under the medicaid program. The department shall maximize the use of medicaid and other existing state-funded programs as a funding source. However, state funds provided may be used to develop a broader service package to meet needs identified in a child's care plan. Amounts provided shall supplement, and not supplant, state, local, or other funding for services that a child being served through a wraparound site would otherwise be eligible to receive.

(2) The wraparound model sites shall serve children with serious emotional or behavioral disturbances who are at high risk of residential or correctional placement or psychiatric hospitalization, and who have been referred for services from the department, a county juvenile court, a tribal court, a school, or a licensed mental health provider or agency.

(3) Through a request for proposal process, the department shall contract, with ~~((regional support networks))~~ behavioral health

organizations, alone or in partnership with either educational service districts or entities licensed to provide mental health services to children with serious emotional or behavioral disturbances, to operate the wraparound model sites. The contractor shall provide care coordination and facilitate the delivery of services and other supports to families using a strength-based, highly individualized wraparound process. The request for proposal shall require that:

(a) The ~~((regional support network))~~ behavioral health organization agree to use its medicaid revenues to fund services included in the existing ~~((regional support network's))~~ behavioral health organization's benefit package that a medicaid-eligible child participating in the wraparound model site is determined to need;

(b) The contractor provide evidence of commitments from at least the following entities to participate in wraparound care plan development and service provision when appropriate: Community mental health agencies, schools, the department of social and health services children's administration, juvenile courts, the department of social and health services juvenile rehabilitation administration, and managed health care systems contracting with the department under RCW 74.09.522; and

(c) The contractor will operate the wraparound model site in a manner that maintains fidelity to the wraparound process as defined in RCW 71.36.010.

(4) Contracts for operation of the wraparound model sites shall be executed on or before April 1, 2008, with enrollment and service delivery beginning on or before July 1, 2008.

(5) The evidence-based practice institute established in RCW 71.24.061 shall evaluate the wraparound model sites, measuring outcomes for children served. Outcomes measured shall include, but are not limited to: Decreased out-of-home placement, including residential, group, and foster care, and increased stability of such placements, school attendance, school performance, recidivism, emergency room utilization, involvement with the juvenile justice system, decreased use of psychotropic medication, and decreased hospitalization.

(6) The evidence-based practice institute shall provide a report and recommendations to the appropriate committees of the legislature by December 1, 2010.

Sec. 49. RCW 71.24.240 and 2005 c 503 s 10 are each amended to read as follows:

In order to establish eligibility for funding under this chapter, any ~~((regional support network))~~ behavioral health organization seeking to obtain federal funds for the support of any aspect of a community mental health program as defined in this chapter shall submit program plans to the secretary for prior review and approval before such plans are submitted to any federal agency.

Sec. 50. RCW 71.24.320 and 2008 c 261 s 5 are each amended to read as follows:

(1) If an existing ~~((regional support network))~~ behavioral health organization chooses not to respond to a request for ~~((qualifications))~~ a detailed plan, or is unable to substantially meet the requirements of a request for ~~((qualifications))~~ a detailed plan, or notifies the department of social and health services it will no longer serve as a ~~((regional support network))~~ behavioral health organization, the department shall utilize a procurement process in which other entities recognized by the secretary may bid to serve as the ~~((regional support network))~~ behavioral health organization.

(a) The request for proposal shall include a scoring factor for proposals that include additional financial resources beyond that provided by state appropriation or allocation.

(b) The department shall provide detailed briefings to all bidders in accordance with department and state procurement policies.

(c) The request for proposal shall also include a scoring factor for proposals submitted by nonprofit entities that include a component to maximize the utilization of state provided resources and the leverage

of other funds for the support of mental health services to persons with mental illness.

(2) A ~~((regional support network))~~ behavioral health organization that voluntarily terminates, refuses to renew, or refuses to sign a mandatory amendment to its contract to act as a ~~((regional support network))~~ behavioral health organization is prohibited from responding to a procurement under this section or serving as a ~~((regional support network))~~ behavioral health organization for five years from the date that the department signs a contract with the entity that will serve as the ~~((regional support network))~~ behavioral health organization.

Sec. 51. RCW 71.24.330 and 2013 c 320 s 9 are each amended to read as follows:

(1)(a) Contracts between a ~~((regional support network))~~ behavioral health organization and the department shall include mechanisms for monitoring performance under the contract and remedies for failure to substantially comply with the requirements of the contract including, but not limited to, financial penalties, termination of the contract, and reprourement of the contract.

(b) The department shall incorporate the criteria to measure the performance of service coordination organizations into contracts with ~~((regional support networks))~~ behavioral health organizations as provided in chapter 70.320 RCW.

(2) The ~~((regional support network))~~ behavioral health organization procurement processes shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. However, a ~~((regional support network))~~ behavioral health organization selected through the procurement process is not required to contract for services with any county-owned or operated facility. The ~~((regional support network))~~ behavioral health organization procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the ~~((regional support network))~~ behavioral health organization does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices;

(d) Maintain the decision-making independence of designated mental health professionals;

(e) Except at the discretion of the secretary or as specified in the biennial budget, require ~~((regional support networks))~~ behavioral health organizations to pay the state for the costs associated with individuals who are being served on the grounds of the state hospitals and who are not receiving long-term inpatient care as defined in RCW 71.24.025;

(f) Include a negotiated alternative dispute resolution clause; and

(g) Include a provision requiring either party to provide one hundred eighty days' notice of any issue that may cause either party to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to act as a ~~((regional support network))~~ behavioral health organization. If either party decides to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to serve as a ~~((regional support network))~~ behavioral health organization they shall provide ninety days' advance notice in writing to the other party.

Sec. 52. RCW 71.24.360 and 2012 c 91 s 1 are each amended to read as follows:

(1) The department may establish new ~~((regional support network))~~ behavioral health organization boundaries in any part of the state:

(a) Where more than one ~~((network))~~ organization chooses not to respond to, or is unable to substantially meet the requirements of, the request for ~~((qualifications))~~ a detailed plan under RCW 71.24.320;

(b) Where a ~~((regional support network))~~ behavioral health organization is subject to reprourement under RCW 71.24.330; or

(c) Where two or more ~~((regional support networks))~~ behavioral health organizations propose to reconfigure themselves to achieve consolidation, in which case the procurement process described in RCW 71.24.320 and 71.24.330(2) does not apply.

(2) The department may establish no fewer than six and no more than fourteen ~~((regional support networks))~~ behavioral health organizations under this chapter. No entity shall be responsible for more than three ~~((regional support networks))~~ behavioral health organizations.

Sec. 53. RCW 71.24.405 and 2001 c 323 s 19 are each amended to read as follows:

The department shall establish a comprehensive and collaborative effort within ~~((regional support networks))~~ behavioral health organizations and with local mental health service providers aimed at creating innovative and streamlined community mental health service delivery systems, in order to carry out the purposes set forth in RCW 71.24.400 and to capture the diversity of the community mental health service delivery system.

The department must accomplish the following:

(1) Identification, review, and cataloging of all rules, regulations, duplicative administrative and monitoring functions, and other requirements that currently lead to inefficiencies in the community mental health service delivery system and, if possible, eliminate the requirements;

(2) The systematic and incremental development of a single system of accountability for all federal, state, and local funds provided to the community mental health service delivery system. Systematic efforts should be made to include federal and local funds into the single system of accountability;

(3) The elimination of process regulations and related contract and reporting requirements. In place of the regulations and requirements, a set of outcomes for mental health adult and children clients according to chapter 71.24 RCW must be used to measure the performance of mental health service providers and ~~((regional support networks))~~ behavioral health organizations. Such outcomes shall focus on stabilizing out-of-home and hospital care, increasing stable community living, increasing age-appropriate activities, achieving family and consumer satisfaction with services, and system efficiencies;

(4) Evaluation of the feasibility of contractual agreements between the department of social and health services and ~~((regional support networks))~~ behavioral health organizations and mental health service providers that link financial incentives to the success or failure of mental health service providers and ~~((regional support networks))~~ behavioral health organizations to meet outcomes established for mental health service clients;

(5) The involvement of mental health consumers and their representatives. Mental health consumers and their representatives will be involved in the development of outcome standards for mental health clients under section 5 of this act; and

(6) An independent evaluation component to measure the success of the department in fully implementing the provisions of RCW 71.24.400 and this section.

Sec. 54. RCW 71.24.430 and 2001 c 323 s 3 are each amended to read as follows:

(1) The department shall ensure the coordination of allied services for mental health clients. The department shall implement strategies for resolving organizational, regulatory, and funding issues at all levels

of the system, including the state, the ~~((regional support networks))~~ behavioral health organizations, and local service providers.

(2) The department shall propose, in operating budget requests, transfers of funding among programs to support collaborative service delivery to persons who require services from multiple department programs. The department shall report annually to the appropriate committees of the senate and house of representatives on actions and projects it has taken to promote collaborative service delivery.

Sec. 55. RCW 74.09.522 and 2013 2nd sp.s. c 17 s 13 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under this chapter and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(b) "Nonparticipating provider" means a person, health care provider, practitioner, facility, or entity, acting within their scope of practice, that does not have a written contract to participate in a managed health care system's provider network, but provides health care services to enrollees of programs authorized under this chapter whose health care services are provided by the managed health care system.

(2) The authority shall enter into agreements with managed health care systems to provide health care services to recipients of temporary assistance for needy families under the following conditions:

(a) Agreements shall be made for at least thirty thousand recipients statewide;

(b) Agreements in at least one county shall include enrollment of all recipients of temporary assistance for needy families;

(c) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the authority may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed twelve months: AND PROVIDED FURTHER, That the authority shall not restrict a recipient's right to terminate enrollment in a system for good cause as established by the authority by rule;

(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(e)(i) In negotiating with managed health care systems the authority shall adopt a uniform procedure to enter into contractual arrangements, to be included in contracts issued or renewed on or after January 1, 2015, including:

(A) Standards regarding the quality of services to be provided;

(B) The financial integrity of the responding system;

(C) Provider reimbursement methods that incentivize chronic care management within health homes, including comprehensive medication management services for patients with multiple chronic conditions consistent with the findings and goals established in RCW 74.09.5223;

(D) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use;

(E) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training, unless the managed care system is an integrated health delivery system that has programs in place for chronic care management;

(F) Provider reimbursement methods within the medical billing processes that incentivize pharmacists or other qualified providers licensed in Washington state to provide comprehensive medication management services consistent with the findings and goals established in RCW 74.09.5223; ~~((and))~~

(G) Evaluation and reporting on the impact of comprehensive medication management services on patient clinical outcomes and total health care costs, including reductions in emergency department utilization, hospitalization, and drug costs; and

(H) Established consistent processes to incentivize integration of behavioral health services in the primary care setting, promoting care that is integrated, collaborative, co-located, and preventive.

(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(B) Contracts that include the items in (e)(i)(C) through (G) of this subsection must not exceed the rates that would be paid in the absence of these provisions;

(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;

(h) The authority shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services;

(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and

(j) The authority must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;

(v) Payment rates; and

(vi) The ability to meet other specifically defined contract requirements established by the authority, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The authority shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the Washington state health care authority to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the authority and contract bidders or the authority and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document.

(6) The authority may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) By April 1, 2016, any contract with a managed health care system to provide services to medical assistance enrollees shall require that managed health care systems offer contracts to behavioral health organizations, mental health providers, or chemical dependency treatment providers to provide access to primary care services integrated into behavioral health clinical settings, for individuals with behavioral health and medical comorbidities.

(8) Managed health care system contracts effective on or after April 1, 2016, shall serve geographic areas that correspond to the regional service areas established in section 2 of this act.

(9) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state.

~~((8))~~ (10) For services covered under this chapter to medical assistance or medical care services enrollees and provided on or after August 24, 2011, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under subsection (7) of this section in addition to any deductible, coinsurance, or copayment that is due from the enrollee for the service provided. An enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract to provide services under this section.

~~((9))~~ (11) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the authority, including hospital-based physician

services. The authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the authority will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

~~((10))~~ (12) Payments under RCW 74.60.130 are exempt from this section.

~~((11))~~ (13) Subsections ~~((7))~~ (9) through ~~((9))~~ (11) of this section expire July 1, 2016.

Sec. 56. RCW 9.41.280 and 2009 c 453 s 1 are each amended to read as follows:

(2) Any such person violating subsection (1) of this section is guilty of a gross misdemeanor. If any person is convicted of a violation of subsection (1)(a) of this section, the person shall have his or her concealed pistol license, if any revoked for a period of three years. Anyone convicted under this subsection is prohibited from applying for a concealed pistol license for a period of three years. The court shall send notice of the revocation to the department of licensing, and the city, town, or county which issued the license.

Any violation of subsection (1) of this section by elementary or secondary school students constitutes grounds for expulsion from the state's public schools in accordance with RCW 28A.600.010. An appropriate school authority shall promptly notify law enforcement and the student's parent or guardian regarding any allegation or indication of such violation.

Upon the arrest of a person at least twelve years of age and not more than twenty-one years of age for violating subsection (1)(a) of this section, the person shall be detained or confined in a juvenile or adult facility for up to seventy-two hours. The person shall not be released within the seventy-two hours until after the person has been examined and evaluated by the designated mental health professional unless the court in its discretion releases the person sooner after a determination regarding probable cause or on probation bond or bail.

Within twenty-four hours of the arrest, the arresting law enforcement agency shall refer the person to the designated mental health professional for examination and evaluation under chapter 71.05 or 71.34 RCW and inform a parent or guardian of the person of the arrest, detention, and examination. The designated mental health professional shall examine and evaluate the person subject to the provisions of chapter 71.05 or 71.34 RCW. The examination shall

occur at the facility in which the person is detained or confined. If the person has been released on probation, bond, or bail, the examination shall occur wherever is appropriate.

The designated mental health professional may determine whether to refer the person to the county-designated chemical dependency specialist for examination and evaluation in accordance with chapter 70.96A RCW. The county-designated chemical dependency specialist shall examine the person subject to the provisions of chapter 70.96A RCW. The examination shall occur at the facility in which the person is detained or confined. If the person has been released on probation, bond, or bail, the examination shall occur wherever is appropriate.

Upon completion of any examination by the designated mental health professional or the county-designated chemical dependency specialist, the results of the examination shall be sent to the court, and the court shall consider those results in making any determination about the person.

The designated mental health professional and county-designated chemical dependency specialist shall, to the extent permitted by law, notify a parent or guardian of the person that an examination and evaluation has taken place and the results of the examination. Nothing in this subsection prohibits the delivery of additional, appropriate mental health examinations to the person while the person is detained or confined.

If the designated mental health professional determines it is appropriate, the designated mental health professional may refer the person to the local (~~regional support network~~) behavioral health organization for follow-up services or the department of social and health services or other community providers for other services to the family and individual.

However, a person who is not a commissioned law enforcement officer and who provides school security services under the direction of a school administrator may not possess a device listed in subsection (1)(f) of this section unless he or she has successfully completed training in the use of such devices that is equivalent to the training received by commissioned law enforcement officers;

In the case of a proposed health care facility (or portion thereof) which has not begun to provide tertiary health services on the date an application is submitted under this subsection with respect to such facility (or portion), the facility (or portion) shall meet the applicable requirements of subsection (1) of this section when the facility first provides such services. (5)(a) The department shall not require a certificate of need for the construction, development, or other establishment of a nursing home, or the addition of beds to an existing nursing home, that is owned and operated by a continuing care retirement community that:

(i) Offers services only to contractual members;

(ii) Provides its members a contractually guaranteed range of services from independent living through skilled nursing, including some assistance with daily living activities;

(iii) Contractually assumes responsibility for the cost of services exceeding the member's financial responsibility under the contract, so that no third party, with the exception of insurance purchased by the retirement community or its members, but including the medicaid program, is liable for costs of care even if the member depletes his or her personal resources;

(iv) Has offered continuing care contracts and operated a nursing home continuously since January 1, 1988, or has obtained a certificate of need to establish a nursing home;

(v) Maintains a binding agreement with the state assuring that financial liability for services to members, including nursing home services, will not fall upon the state;

(vii) Has obtained a professional review of pricing and long-term solvency within the prior five years which was fully disclosed to members.

(b) A continuing care retirement community shall not be exempt under this subsection from obtaining a certificate of need unless:

(6) A rural hospital, as defined by the department, reducing the number of licensed beds to become a rural primary care hospital under the provisions of Part A Title XVIII of the Social Security Act Section 1820, 42 U.S.C., 1395c et seq. may, within three years of the reduction of beds licensed under chapter 70.41 RCW, increase the number of licensed beds to no more than the previously licensed number without being subject to the provisions of this chapter.

(7) A rural health care facility licensed under RCW 70.175.100 formerly licensed as a hospital under chapter 70.41 RCW may, within three years of the effective date of the rural health care facility license, apply to the department for a hospital license and not be subject to the requirements of RCW 70.38.105(4)(a) as the construction, development, or other establishment of a new hospital, provided there is no increase in the number of beds previously licensed under chapter 70.41 RCW and there is no redistribution in the number of beds used for acute care or long-term care, the rural health care facility has been in continuous operation, and the rural health care facility has not been purchased or leased.

(8)(a) A nursing home that voluntarily reduces the number of its licensed beds to provide assisted living, licensed assisted living facility care, adult day care, adult day health, respite care, hospice, outpatient therapy services, congregate meals, home health, or senior wellness clinic, or to reduce to one or two the number of beds per room or to otherwise enhance the quality of life for residents in the nursing home, may convert the original facility or portion of the facility back, and thereby increase the number of nursing home beds to no more than the previously licensed number of nursing home beds without obtaining a certificate of need under this chapter, provided the facility has been in continuous operation and has not been purchased or leased. Any conversion to the original licensed bed capacity, or to any portion thereof, shall comply with the same life and safety code requirements as existed at the time the nursing home voluntarily reduced its licensed beds; unless waivers from such requirements were issued, in which case the converted beds shall reflect the conditions or standards that then existed pursuant to the approved waivers.

(b) To convert beds back to nursing home beds under this subsection, the nursing home must:

(i) Give notice of its intent to preserve conversion options to the department of health no later than thirty days after the effective date of the license reduction; and

(ii) Give notice to the department of health and to the department of social and health services of the intent to convert beds back. If construction is required for the conversion of beds back, the notice of intent to convert beds back must be given, at a minimum, one year prior to the effective date of license modification reflecting the restored beds; otherwise, the notice must be given a minimum of ninety days prior to the effective date of license modification reflecting the restored beds. Prior to any license modification to convert beds back to nursing home beds under this section, the licensee must demonstrate that the nursing home meets the certificate of need exemption requirements of this section.

The term "construction," as used in (b)(ii) of this subsection, is limited to those projects that are expected to equal or exceed the expenditure minimum amount, as determined under this chapter.

(c) Conversion of beds back under this subsection must be completed no later than four years after the effective date of the license reduction. However, for good cause shown, the four-year period for conversion may be extended by the department of health for one additional four-year period.

(d) Nursing home beds that have been voluntarily reduced under this section shall be counted as available nursing home beds for the purpose of evaluating need under RCW 70.38.115(2) (a) and (k) so long as the facility retains the ability to convert them back to nursing home use under the terms of this section.

(e) When a building owner has secured an interest in the nursing home beds, which are intended to be voluntarily reduced by the

licensee under (a) of this subsection, the applicant shall provide the department with a written statement indicating the building owner's approval of the bed reduction.

(9)(a) The department shall not require a certificate of need for a hospice agency if:

(i) The hospice agency is designed to serve the unique religious or cultural needs of a religious group or an ethnic minority and commits to furnishing hospice services in a manner specifically aimed at meeting the unique religious or cultural needs of the religious group or ethnic minority;

(ii) The hospice agency is operated by an organization that:

(A) Operates a facility, or group of facilities, that offers a comprehensive continuum of long-term care services, including, at a minimum, a licensed, medicare-certified nursing home, assisted living, independent living, day health, and various community-based support services, designed to meet the unique social, cultural, and religious needs of a specific cultural and ethnic minority group;

(B) Has operated the facility or group of facilities for at least ten continuous years prior to the establishment of the hospice agency;

(v) The hospice agency commits to obtaining and maintaining medicare certification;

(vi) The hospice agency only serves patients located in the same county as the majority of the long-term care services offered by the organization that operates the agency; and

(vii) The hospice agency is not sold or transferred to another agency.

(b) The department shall include the patient census for an agency exempted under this subsection (9) in its calculations for future certificate of need applications.

(10) To alleviate the need to board psychiatric patients in emergency departments, for fiscal year 2015 the department shall suspend the certificate of need requirement for a hospital licensed under chapter 70.41 RCW that changes the use of licensed beds to increase the number of beds to provide psychiatric services, including involuntary treatment services. A certificate of need exemption under this section shall be valid for two years.

(2) The performance measures must demonstrate the manner in which the following principles are achieved within each of the outcomes under subsection (1) of this section:

(a) Maximization of the use of evidence-based practices will be given priority over the use of research-based and promising practices, and research-based practices will be given priority over the use of promising practices. The agencies will develop strategies to identify programs that are effective with ethnically diverse clients and to consult with tribal governments, experts within ethnically diverse communities and community organizations that serve diverse communities;

(4) The authority and the department shall coordinate the establishment of the expected outcomes and the performance measures between each agency as well as each program to identify expected outcomes and performance measures that are common to the clients enrolled in multiple programs and to eliminate conflicting standards among the agencies and programs.

(5)(a) The authority and the department shall establish timelines and mechanisms for service contracting entities to report data related to performance measures and outcomes, including phased implementation of public reporting of outcome and performance measures in a form that allows for comparison of performance measures and levels of improvement between geographic regions of Washington.

(b) The authority and the department may not release any public reports of client outcomes unless the data have been deidentified and aggregated in such a way that the identity of individual clients cannot be determined through directly identifiable data or the combination of multiple data elements.

Regardless of how long data reported by service contracting entities under RCW 70.320.020 is kept, it must be protected in a way that prevents improper use or disclosure of confidential client information.

SECOND SUBSTITUTE SENATE BILL NO. 6312, as amended by the House, having received the necessary constitutional majority, was declared passed.

SENATE BILL NO. 6505, by Senators Hargrove, Hill and Braun

Delaying the use of existing tax preferences by the marijuana industry to ensure a regulated and safe transition to the controlled and legal marijuana market in Washington.

The bill was read the second time.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Carlyle, Hurst, Orcutt and Klippert spoke in favor of the passage of the bill.

Representatives Condotta, Shea, Buys, Taylor and Manweller spoke against the passage of the bill.

POINT OF PARLIAMENTARY INQUIRY

Representative Green: "Mr. Speaker, how many votes are needed for passage of Senate Bill 6505."

SPEAKER'S RULING

Mr. Speaker: In ruling upon the point of inquiry raised by Representative Green as to the number of votes necessary to pass Senate Bill 6505, the Speaker finds and rules as follows: Amending an initiative within the first two years of its adoption requires a two-thirds vote. This supermajority requirement, however, applies only to changes made to law adopted under the initiative, or changes to other areas of law which would have a substantive impact on the operation of the law enacted by the initiative.

Senate Bill 6505 would delay certain tax preferences for marijuana and marijuana products for ten years.

For purposes of analysis, it is important to start by noting that Initiative 502, the marijuana law passed by the voters in 2012, touches on many areas of production, processing, distribution and taxation relating to marijuana but imposes only one new tax in and of itself: a marijuana excise tax. The initiative makes clear that this excise tax is 'separate and in addition to the general state and local sales and use taxes' which will also apply to marijuana sales, but I-502 did not make any changes to the existing sales and use tax. Similarly, it did not make any changes to the existing property tax structure or business and occupation tax structure, which could also apply to the production, processing and distribution of marijuana.

In short, while the already-existing tax structure would apply to marijuana production, processing and distribution in our state under I-502, the initiative made no changes to the pre-existing tax structure, except to add an additional excise tax. As a result, the legislature is free to modify that existing tax structure as it deems necessary or desirable, and it may do so even with respect to marijuana production, processing and sales without changing any provisions or the operation of I-502. For these reasons, Senate Bill 6505 requires only a simple majority vote for final passage."

The Speaker (Representative Moeller presiding) stated the question before the House to be the final passage of Senate Bill No. 6505.

ROLL CALL

The Clerk called the roll on the final passage of Senate Bill No. 6505, and the bill passed the House by the following vote: Yeas, 55; Nays, 42; Absent, 0; Excused, 1.

SECOND READING

ENGROSSED SUBSTITUTE SENATE BILL NO. 6440, by Senate Committee on Transportation (originally sponsored by Senators King, Eide and Kline)

Imposing motor vehicle fuel taxes on compressed natural and liquefied natural gas used for transportation purposes. Revised for 1st Substitute: Imposing transportation taxes and fees on compressed natural gas and liquefied natural gas used

for transportation purposes. (REVISED FOR ENGROSSED: Concerning compressed natural gas and liquefied natural gas used for transportation purposes.)

The bill was read the second time.

Representative Carlyle moved the adoption of amendment (965):

Strike everything after the enacting clause and insert the following:

"PART I**Tax Performance Statement**

NEW SECTION. **Sec. 101.** (1) The legislature finds that current law taxes natural gas as a traditional home heating or electric generation fuel while not taking into account the benefits of natural gas use as a transportation fuel. The legislature further finds that the construction and operation of a natural gas liquefaction plant and compressed natural gas refueling stations as well as the ongoing use of compressed and liquefied natural gas will lead to positive job creation, economic development, environmental benefits, lower fuel costs, and increased tax revenues to the state. The legislature further finds that it is sound tax policy to provide uniform tax treatment of natural gas used as a transportation fuel, regardless of whether the taxpayer providing the natural gas is a gas distribution business or not, so as to prevent any particular entity from receiving a competitive advantage solely through a structural inefficiency in the tax code.

(2)(a) This subsection is the tax performance statement for this act. The performance statement is only intended to be used for subsequent evaluation of the tax changes made in this act. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(b) The legislature categorizes the tax changes in this act as changes intended to accomplish the general purposes indicated in RCW 82.32.808(2) (c) and (d).

(c) It is the legislature's specific public policy objectives to promote job creation and positive economic development; lower carbon dioxide, sulfur dioxide, nitrogen dioxide, and particulate emissions; and secure optimal liquefied natural gas pricing for the state of Washington and other public entities.

(d) To measure the effectiveness of the exemption provided in this act in achieving the specific public policy objective described in (c) of this subsection, the joint legislative audit and review committee must evaluate the following:

(i) The number of employment positions and wages at a natural gas liquefaction facility located in Washington and operated by a gas distribution business where some or all of the liquefied natural gas is sold for use as a transportation fuel. If the average number of employment positions at the liquefaction facility once it is operationally complete equals or exceeds eighteen and average annual wages for employment positions at the facility exceed thirty-five thousand dollars, it is presumed that the public policy objective of job creation has been achieved.

(ii) The estimated total cost of construction of a liquefaction plant by a gas distribution company, including costs for machinery and

equipment. If the total cost equals or exceeds two hundred fifty million dollars, it is presumed that the public policy objective of positive economic development has been achieved.

(iii) The estimated fuel savings by the Washington state ferry system and other public entities through the use of liquefied natural gas purchased from a gas distribution business.

(iv) The estimated reduction in carbon dioxide, sulfur dioxide, nitrogen dioxide, and particulate emissions, resulting from the use of liquefied natural gas and compressed natural gas as a transportation fuel where the natural gas is sold by a gas distribution business. The emissions of liquefied and compressed natural gas must be specifically compared with an equivalent amount of diesel fuel. If the estimated annual reduction in emissions exceeds the following benchmarks, it is presumed that the public policy objective of reducing emissions has been achieved:

- (A) Three hundred million pounds of carbon dioxide;
- (B) Two hundred thousand pounds of particulates;
- (C) Four hundred thousand pounds of sulfur dioxide; and
- (D) Four hundred fifty thousand pounds of nitrogen dioxide.

(e)(i) The following data sources are intended to provide the informational basis for the evaluation under (d) of this subsection:

- (A) Employment data provided by the state employment security department;
- (B) Ferry fuel purchasing data provided by the state department of transportation;
- (C) Diesel and other energy pricing data found on the United States energy information administration's web site; and
- (D) Information provided by a gas distribution business on the annual report required under RCW 82.32.534.

(ii) In addition to the data source described under (e)(i) of this subsection, the joint legislative audit and review committee may use any other data it deems necessary in performing the evaluation under (d) of this subsection.

(3) A gas distribution business claiming the exemption under RCW 82.08.02565 or 82.12.02565 must file the annual report under RCW 82.32.534 or any successor document. In addition to the information contained in the report, the report must also include the amount of liquefied natural gas and compressed natural gas sold by the gas distribution business as a transportation fuel. A gas distribution business is not required to file the annual survey under RCW 82.32.585, as would otherwise be required under RCW 82.32.808(5).

(4) The joint legislative audit and review committee must perform the review required in this section in a manner consistent with its tax preference review process under chapter 43.136 RCW. The committee must perform the review in calendar year 2025.

PART II

Fuel Taxes and Sales Taxes

Sec. 201. RCW 82.38.030 and 2013 c 225 s 103 are each amended to read as follows:

(1) There is levied and imposed upon fuel licensees a tax at the rate of twenty-three cents per each gallon of fuel (~~(, or each one hundred cubic feet of compressed natural gas)~~), measured at standard pressure and temperature.

(2) Beginning July 1, 2003, an additional and cumulative tax rate of five cents per each gallon of fuel (~~(, or each one hundred cubic feet of compressed natural gas)~~), measured at standard pressure and temperature is imposed on fuel licensees. This subsection (2) expires when the bonds issued for transportation 2003 projects are retired.

(3) Beginning July 1, 2005, an additional and cumulative tax rate of three cents per each gallon of fuel (~~(, or each one hundred cubic feet~~

~~of compressed natural gas)~~), measured at standard pressure and temperature is imposed on fuel licensees.

(4) Beginning July 1, 2006, an additional and cumulative tax rate of three cents per each gallon of fuel (~~(, or each one hundred cubic feet of compressed natural gas)~~), measured at standard pressure and temperature is imposed on fuel licensees.

(5) Beginning July 1, 2007, an additional and cumulative tax rate of two cents per each gallon of fuel (~~(, or each one hundred cubic feet of compressed natural gas)~~), measured at standard pressure and temperature is imposed on fuel licensees.

(6) Beginning July 1, 2008, an additional and cumulative tax rate of one and one-half cents per each gallon of fuel (~~(, or each one hundred cubic feet of compressed natural gas)~~), measured at standard pressure and temperature is imposed on fuel licensees.

(7) Taxes are imposed when:

(a) Fuel is removed in this state from a terminal if the fuel is removed at the rack unless the removal is by a licensed supplier or distributor for direct delivery to a destination outside of the state, or the removal is by a fuel supplier for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320;

(b) Fuel is removed in this state from a refinery if either of the following applies:

(i) The removal is by bulk transfer and the refiner or the owner of the fuel immediately before the removal is not a licensed supplier; or

(ii) The removal is at the refinery rack unless the removal is to a licensed supplier or distributor for direct delivery to a destination outside of the state, or the removal is to a licensed supplier for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320;

(c) Fuel enters into this state for sale, consumption, use, or storage, unless the fuel enters this state for direct delivery to an international fuel tax agreement licensee under RCW 82.38.320, if either of the following applies:

(i) The entry is by bulk transfer and the importer is not a licensed supplier; or

(ii) The entry is not by bulk transfer;

(d) Fuel enters this state by means outside the bulk transfer-terminal system and is delivered directly to a licensed terminal unless the owner is a licensed distributor or supplier;

(e) Fuel is sold or removed in this state to an unlicensed entity unless there was a prior taxable removal, entry, or sale of the fuel;

(f) Blended fuel is removed or sold in this state by the blender of the fuel. The number of gallons of blended fuel subject to tax is the difference between the total number of gallons of blended fuel removed or sold and the number of gallons of previously taxed fuel used to produce the blended fuel;

(g) Dyed special fuel is used on a highway, as authorized by the internal revenue code, unless the use is exempt from the fuel tax;

(h) Dyed special fuel is held for sale, sold, used, or is intended to be used in violation of this chapter;

(i) Special fuel purchased by an international fuel tax agreement licensee under RCW 82.38.320 is used on a highway; and

(j) Fuel is sold by a licensed fuel supplier to a fuel distributor or fuel blender and the fuel is not removed from the bulk transfer-terminal system.

Sec. 202. RCW 82.38.075 and 2013 c 225 s 110 are each amended to read as follows:

(1) To encourage the use of nonpolluting fuels, an annual license fee in lieu of the tax imposed by RCW 82.38.030 is imposed upon the use of liquefied natural gas, compressed natural gas, or propane used in any motor vehicle. The annual license fee must be based upon the following schedule and formula:

VEHICLE TONNAGE (GVW)

FEE

0	-	6,000	\$ 45
6,001	-	10,000	\$ 45
10,001	-	18,000	\$ 80
18,001	-	28,000	\$110
28,001	-	36,000	\$150
36,001	and above		\$250

(2) To determine the annual license fee for a registration year, the appropriate dollar amount in the schedule is multiplied by the fuel tax rate per gallon effective on July 1st of the preceding calendar year and the product is divided by 12 cents.

(3) The department, in addition to the resulting fee, must charge an additional fee of five dollars as a handling charge for each license issued.

(4) The vehicle tonnage fee must be prorated so the annual license will correspond with the staggered vehicle licensing system.

(5) A decal or other identifying device issued upon payment of the annual fee must be displayed as prescribed by the department as authority to purchase this fuel.

(6) Persons selling or dispensing natural gas or propane may not sell or dispense this fuel for their own use or the use of others into tanks of vehicles powered by this fuel which do not display a valid decal or other identifying device.

(7) Commercial motor vehicles registered in a foreign jurisdiction under the provisions of the international registration plan are subject to the _____ annual _____ fee.

(8) Motor vehicles registered in a foreign jurisdiction, except those registered under the international registration plan under chapter 46.87 RCW, are exempt from this section.

(9) Vehicles registered in jurisdictions outside the state of Washington are exempt from this section.

~~(8)~~ (10) Any person selling or dispensing liquefied natural gas, compressed natural gas, or propane into the tank of a motor vehicle powered by this fuel, except as prescribed in this chapter, is subject to the penalty provisions of this chapter.

The department of ecology may exempt public safety vehicles from meeting the standards where the department finds that vehicles necessary to meet the needs of public safety agencies are not otherwise reasonably available.

Sec. 208. RCW 46.37.467 and 1995 c 369 s 23 are each amended to read as follows:

(1) Every automobile, truck, motorcycle, motor home, or off-road vehicle that is fueled by an alternative fuel source (~~shall~~) must bear a reflective placard issued by the national fire protection association indicating that the vehicle is so fueled. Violation of this subsection is a traffic infraction.

(2) As used in this section "alternative fuel source" includes propane, compressed natural gas, liquefied natural gas, liquid petroleum gas, or any chemically similar gas but does not include gasoline or diesel fuel.

(3) If a placard for a specific alternative fuel source has not been issued by the national fire protection association, a placard issued by the chief of the Washington state patrol, through the director of fire protection, (~~shall be~~) is required. The chief of the Washington state patrol, through the director of fire protection, (~~shall~~) must develop rules for the design, size, and placement of the placard which (~~shall~~) remains effective until a specific placard is issued by the national fire protection association.

NEW SECTION. Sec. 209. (1) The department of licensing must convene a work group that includes, at a minimum, representatives from the department of transportation, the trucking industry, manufacturers of compressed natural gas and liquefied natural gas, and any other stakeholders as deemed necessary, for the following purposes:

(a) To evaluate the annual license fee in lieu of fuel tax under RCW 82.38.075 to determine a fee that more closely represents the average consumption of vehicles by weight and to make recommendations to the transportation committees of the legislature by December 1, 2014, on an updated fee schedule.

(b) To develop a transition plan to move vehicles powered by liquefied natural gas, compressed natural gas, and propane from the annual license fee in lieu of fuel tax to the fuel tax under RCW 82.38.030. The transition plan must incorporate stakeholder feedback and must include draft legislation and cost and revenue estimates. The transition plan must be submitted to the transportation committees of the legislature by December 1, 2015.

(2) The department of revenue must convene a work group that includes, at a minimum, representatives from the department of transportation, the marine shipping industry, manufacturers of liquefied natural gas, and any other stakeholders as deemed necessary, for the purpose of examining the appropriate level and manner of taxing liquefied natural gas used for marine vessel transportation. The department must make recommendations to the fiscal committees of the legislature by December 1, 2025.

PART III

(b) Natural gas from which the buyer manufactures compressed natural gas or liquefied natural gas, where the compressed natural gas or liquefied natural gas is to be sold or used as transportation fuel.

(2) The exemption is available only when the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(3) For the purposes of this section, "transportation fuel" means fuel for the generation of power to propel a motor vehicle as defined in RCW 46.04.320, a vessel as defined in RCW 88.02.310, or a locomotive or railroad car.

(2) This chapter does not apply to amounts received by any person for the sale of electrical energy for resale within or outside the state.

(3)(a) This chapter does not apply to amounts received by any person for the sale of natural or manufactured gas in a calendar year if that person sells within the United States a total amount of natural or manufactured gas in that calendar year that is no more than twenty percent of the amount of natural or manufactured gas that it consumes within the United States in the same calendar year.

(b) For purposes of determining whether a person has sold within the United States a total amount of natural or manufactured gas in a

calendar year that is no more than twenty percent of the amount of natural or manufactured gas that it consumes within the United States in the same calendar year, the following transfers of gas are not considered to be the sale of natural or manufactured gas:

- (i) The transfer of any natural or manufactured gas as a result of the acquisition of another business, through merger or otherwise; or
- (ii) The transfer of any natural or manufactured gas accomplished solely to comply with federal regulatory requirements imposed on the pipeline transportation of such gas when it is shipped by a third-party manager of a person's pipeline transportation.

Sec. 303. RCW 82.04.120 and 2011 c 23 s 3 are each amended to read as follows:

(1) "To manufacture" embraces all activities of a commercial or industrial nature wherein labor or skill is applied, by hand or machinery, to materials so that as a result thereof a new, different or useful substance or article of tangible personal property is produced for sale or commercial or industrial use, and includes:

(g) Except as provided in subsection (1)(e) of this section, any activity that is integral to any public service business as defined in RCW 82.16.010 and with respect to which the gross income associated with such activity: (i) Is subject to tax under chapter 82.16 RCW; or (ii) would be subject to tax under chapter 82.16 RCW if such activity were conducted in this state or if not for an exemption or deduction.

(3) With respect to wastewater treatment facilities:

(a) "To manufacture" does not include the treatment of wastewater, the production of reclaimed water, and the production of class B biosolids; and

Sec. 304. RCW 82.12.022 and 2011 c 174 s 304 are each amended to read as follows:

(1) A use tax is levied on every person in this state for the privilege of using natural gas or manufactured gas, including compressed natural gas and liquefied natural gas, within this state as a consumer.

(2) The tax must be levied and collected in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the public utility tax on gas distribution businesses under RCW 82.16.020. The "value of the article used" does not include any amounts that are paid for the hire or use of a gas distribution business as defined in RCW 82.16.010(2) in transporting the gas subject to tax

under this subsection if those amounts are subject to tax under that chapter.

(3) The tax levied in this section does not apply to the use of natural or manufactured gas delivered to the consumer by other means than through a pipeline.

(4) The tax levied in this section does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 82.16.020 with respect to the gas for which exemption is sought under this subsection.

(5)(a) The tax levied in this section does not apply to the use of natural or manufactured gas by an aluminum smelter as that term is defined in RCW 82.04.217 before January 1, 2017.

(b) A person claiming the exemption provided in this subsection (5) must file a complete annual report with the department under RCW 82.32.534.

(6) The tax imposed by this section does not apply to the use of natural gas, compressed natural gas, or liquefied natural gas, if the consumer uses the gas for transportation fuel as defined in section 301 of this act.

(7) There is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 82.16.020 by another state with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another state with respect to the gas for which a credit is sought under this subsection.

~~((7))~~ (8) The use tax imposed in this section must be paid by the consumer to the department.

~~((8))~~ (9) There is imposed a reporting requirement on the person who delivered the gas to the consumer to make a quarterly report to the department. Such report must contain the volume of gas delivered, name of the consumer to whom delivered, and such other information as the department may require by rule.

~~((9))~~ (10) The department may adopt rules under chapter 34.05 RCW for the administration and enforcement of sections 1 through 6, chapter 384, Laws of 1989.

Sec. 305. RCW 82.14.230 and 2010 c 127 s 5 are each amended to read as follows:

(1) The governing body of any city, while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, fix and impose on every person a use tax for the privilege of using natural gas or manufactured gas in the city as a consumer.

(2) The tax is imposed in an amount equal to the value of the article used by the taxpayer multiplied by the rate in effect for the tax on natural gas businesses under RCW 35.21.870 in the city in which the article is used. The "value of the article used," does not include any amounts that are paid for the hire or use of a natural gas business in transporting the gas subject to tax under this subsection if those amounts are subject to tax under RCW 35.21.870.

(3) The tax imposed under this section does not apply to the use of natural or manufactured gas if the person who sold the gas to the consumer has paid a tax under RCW 35.21.870 with respect to the gas for which exemption is sought under this subsection.

(4) There is a credit against the tax levied under this section in an amount equal to any tax paid by:

(a) The person who sold the gas to the consumer when that tax is a gross receipts tax similar to that imposed pursuant to RCW 35.21.870 by another municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection; or

(b) The person consuming the gas upon which a use tax similar to the tax imposed by this section was paid to another municipality or other unit of local government with respect to the gas for which a credit is sought under this subsection.

(5) The use tax imposed must be paid by the consumer. The administration and collection of the tax imposed is pursuant to RCW 82.14.050.

(6) The tax authorized by this section does not apply to the use of natural gas, compressed natural gas, or liquefied natural gas, if the consumer uses the gas for transportation fuel as defined in section 301 of this act.

Sec. 306. RCW 35.21.870 and 1984 c 225 s 6 are each amended to read as follows:

(1) No city or town may impose a tax on the privilege of conducting an electrical energy, natural gas, steam energy, or telephone business at a rate which exceeds six percent unless the rate is first approved by a majority of the voters of the city or town voting on such a proposition.

(2)(a) If a city or town is imposing a rate of tax under subsection (1) of this section in excess of six percent on April 20, 1982, the city or town ~~((shall))~~ must decrease the rate to a rate of six percent or less by reducing the rate each year on or before November 1st by ordinances to be effective on January 1st of the succeeding year, by an amount equal to one-tenth the difference between the tax rate on April 20, 1982, and six percent.

(b) Nothing in this subsection prohibits a city or town from reducing its rates by amounts greater than the amounts required in this subsection.

(3) Voter approved rate increases under subsection (1) of this section ~~((shall))~~ may not be included in the computations under this subsection.

(4) No city or town may impose a tax on the privilege of conducting a natural gas business with respect to sales that are exempt from the tax imposed under chapter 82.16 RCW as provided in section 301 of this act at a rate higher than its business and occupation tax rate on the sale of tangible personal property or, if the city or town does not impose a business and occupation tax on the sale of tangible personal property, at a rate greater than .002.

Sec. 307. RCW 82.14.030 and 2008 c 86 s 101 are each amended to read as follows:

(1) The governing body of any county or city, while not required by legislative mandate to do so, may, by resolution or ordinance for the purposes authorized by this chapter, impose a sales and use tax in accordance with the terms of this chapter. Such tax ~~((shall))~~ must be collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW, upon the occurrence of any taxable event within the county or city as the case may be. ~~((Except as provided in RCW 82.14.230,))~~ This sales and use tax ((shall)) does not apply to natural or manufactured gas, except for natural gas that is used as a transportation fuel as defined in section 301 of this act and is taxable by the state under chapters 82.08 and 82.12 RCW. The rate of such tax imposed by a county ~~((shall be))~~ is five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such tax imposed by a city ~~((shall))~~ may not exceed five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). However, in the event a county imposes a sales and use tax under this subsection, the rate of such tax imposed under this subsection by any city therein ~~((shall))~~ may not exceed four hundred and twenty-five one-thousandths of one percent.

(2) In addition to the tax authorized in subsection (1) of this section, the governing body of any county or city may by resolution or ordinance impose an additional sales and use tax in accordance with the terms of this chapter. Such additional tax ~~((shall))~~ must be collected upon the same taxable events upon which the tax imposed under subsection (1) of this section is imposed. The rate of such additional tax imposed by a county ~~((shall be))~~ is up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). The rate of such additional tax imposed by a city ~~((shall be))~~ is up to five-tenths of one percent of the selling price (in the case of a sales tax) or value of the article used (in the case of a use tax). However, in the event a county imposes a sales and use tax

under the authority of this subsection at a rate equal to or greater than the rate imposed under the authority of this subsection by a city within the county, the county ~~((shall))~~ must receive fifteen percent of the city tax. In the event that the county imposes a sales and use tax under the authority of this subsection at a rate which is less than the rate imposed under this subsection by a city within the county, the county ~~((shall))~~ must receive that amount of revenues from the city tax equal to fifteen percent of the rate of tax imposed by the county under the authority of this subsection. The authority to impose a tax under this subsection is intended in part to compensate local government for any losses from the phase-out of the property tax on business inventories.

PART IV

Export and Machinery and Equipment Sales and Use Tax

Exemptions

Sec. 401. RCW 82.08.02565 and 2011 c 23 s 2 are each amended to read as follows:

(1)(a) The tax levied by RCW 82.08.020 does not apply to sales to a manufacturer or processor for hire of machinery and equipment used directly in a manufacturing operation or research and development operation, to sales to a person engaged in testing for a manufacturer or processor for hire of machinery and equipment used directly in a testing operation, or to sales of or charges made for labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the machinery and equipment.

(b) Except as provided in (c) of this subsection, sellers making tax-exempt sales under this section must obtain from the purchaser an exemption certificate in a form and manner prescribed by the department by rule. The seller must retain a copy of the certificate for the seller's files.

(c)(i) The exemption under this section is in the form of a remittance for a gas distribution business, as defined in RCW 82.16.010, claiming the exemption for machinery and equipment used for the production of compressed natural gas or liquefied natural gas for use as a transportation fuel.

(ii) A gas distribution business claiming an exemption from state and local tax in the form of a remittance under this section must pay the tax under RCW 82.08.020 and all applicable local sales taxes. Beginning July 1, 2017, the gas distribution business may then apply to the department for remittance of state and local sales and use taxes. A gas distribution business may not apply for a remittance more frequently than once a quarter. The gas distribution business must specify the amount of exempted tax claimed and the qualifying purchases for which the exemption is claimed. The gas distribution business must retain, in adequate detail, records to enable the department to determine whether the business is entitled to an exemption under this section, including: Invoices; proof of tax paid; and documents describing the machinery and equipment.

(iii) The department must determine eligibility under this section based on the information provided by the gas distribution business, which is subject to audit verification by the department. The department must on a quarterly basis remit exempted amounts to qualifying businesses who submitted applications during the previous quarter.

(iv) Beginning July 1, 2028, a gas distribution business may not apply for a refund under this section or RCW 82.12.02565.

(2) For purposes of this section and RCW 82.12.02565:

(a) "Machinery and equipment" means industrial fixtures, devices, and support facilities, and tangible personal property that becomes an ingredient or component thereof, including repair parts and replacement parts. "Machinery and equipment" includes pollution

control equipment installed and used in a manufacturing operation, testing operation, or research and development operation to prevent air pollution, water pollution, or contamination that might otherwise result from the manufacturing operation, testing operation, or research and development operation. "Machinery and equipment" also includes digital goods.

(b) "Machinery and equipment" does not include:

- (i) Hand-powered tools;
- (ii) Property with a useful life of less than one year;
- (iii) Buildings, other than machinery and equipment that is permanently affixed to or becomes a physical part of a building; and
- (iv) Building fixtures that are not integral to the manufacturing operation, testing operation, or research and development operation that are permanently affixed to and become a physical part of a building, such as utility systems for heating, ventilation, air conditioning, communications, plumbing, or electrical.

(c) Machinery and equipment is "used directly" in a manufacturing operation, testing operation, or research and development operation if the machinery and equipment:

- (i) Acts upon or interacts with an item of tangible personal property;
- (ii) Conveys, transports, handles, or temporarily stores an item of tangible personal property at the manufacturing site or testing site;
- (iii) Controls, guides, measures, verifies, aligns, regulates, or tests tangible personal property at the site or away from the site;
- (iv) Provides physical support for or access to tangible personal property;
- (v) Produces power for, or lubricates machinery and equipment;
- (vi) Produces another item of tangible personal property for use in the manufacturing operation, testing operation, or research and development operation;
- (vii) Places tangible personal property in the container, package, or wrapping in which the tangible personal property is normally sold or transported; or
- (viii) Is integral to research and development as defined in RCW 82.63.010.

(d) "Manufacturer" means a person that qualifies as a manufacturer under RCW 82.04.110. "Manufacturer" also includes a person that prints newspapers or other materials.

(e) "Manufacturing" means only those activities that come within the definition of "to manufacture" in RCW 82.04.120 and are taxed as manufacturing or processing for hire under chapter 82.04 RCW, or would be taxed as such if such activity were conducted in this state or if not for an exemption or deduction. "Manufacturing" also includes printing newspapers or other materials. An activity is not taxed as manufacturing or processing for hire under chapter 82.04 RCW if the activity is within the purview of chapter 82.16 RCW.

(f) "Manufacturing operation" means the manufacturing of articles, substances, or commodities for sale as tangible personal property. A manufacturing operation begins at the point where the raw materials enter the manufacturing site and ends at the point where the processed material leaves the manufacturing site. With respect to the production of class A or exceptional quality biosolids by a wastewater treatment facility, the manufacturing operation begins at the point where class B biosolids undergo additional processing to achieve class A or exceptional quality standards. Notwithstanding anything to the contrary in this section, the term also includes that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part. The term does not include the preparation of food products on the premises of a person selling food products at retail.

(g) "Cogeneration" means the simultaneous generation of electrical energy and low-grade heat from the same fuel.

(h) "Research and development operation" means engaging in research and development as defined in RCW 82.63.010 by a manufacturer or processor for hire.

(i) "Testing" means activities performed to establish or determine the properties, qualities, and limitations of tangible personal property.

(j) "Testing operation" means the testing of tangible personal property for a manufacturer or processor for hire. A testing operation begins at the point where the tangible personal property enters the testing site and ends at the point where the tangible personal property leaves the testing site. The term also includes the testing of tangible personal property for use in that portion of a cogeneration project that is used to generate power for consumption within the manufacturing site of which the cogeneration project is an integral part. The term does not include the testing of tangible personal property for use in the production of electricity by a light and power business as defined in RCW 82.16.010 or the preparation of food products on the premises of a person selling food products at retail.

Sec. 402. RCW 82.12.02565 and 2003 c 5 s 5 are each amended to read as follows:

(1) The provisions of this chapter (~~shall~~) do not apply in respect to the use by a manufacturer or processor for hire of machinery and equipment used directly in a manufacturing operation or research and development operation, to the use by a person engaged in testing for a manufacturer or processor for hire of machinery and equipment used directly in a testing operation, or to the use of labor and services rendered in respect to installing, repairing, cleaning, altering, or improving the machinery and equipment.

(2) The definitions, conditions, and requirements in RCW 82.08.02565 apply to this section.

Sec. 403. RCW 82.14.050 and 2012 1st sp.s. c 9 s 1 are each amended to read as follows:

(1) The counties, cities, and transportation authorities under RCW 82.14.045, public facilities districts under chapters 36.100 and 35.57 RCW, public transportation benefit areas under RCW 82.14.440, regional transportation investment districts, and transportation benefit districts under chapter 36.73 RCW must contract, prior to the effective date of a resolution or ordinance imposing a sales and use tax, the administration and collection to the state department of revenue, which must deduct a percentage amount, as provided by contract, not to exceed two percent of the taxes collected for administration and collection expenses incurred by the department. The remainder of any portion of any tax authorized by this chapter that is collected by the department of revenue must be deposited by the state department of revenue in the local sales and use tax account hereby created in the state treasury. Beginning January 1, 2013, the department of revenue must make deposits in the local sales and use tax account on a monthly basis on the last business day of the month in which distributions required in (a) of this subsection are due. Moneys in the local sales and use tax account may be withdrawn only for:

(a) Distribution to counties, cities, transportation authorities, public facilities districts, public transportation benefit areas, regional transportation investment districts, and transportation benefit districts imposing a sales and use tax; and

(b) Making refunds of taxes imposed under the authority of this chapter and RCW 81.104.170 and exempted under RCW 82.08.962 (~~and~~), 82.12.962, 82.08.02565, and 82.12.02565.

(2) All administrative provisions in chapters 82.03, 82.08, 82.12, and 82.32 RCW, as they now exist or may hereafter be amended, insofar as they are applicable to state sales and use taxes, are applicable to taxes imposed pursuant to this chapter.

(3) Counties, cities, transportation authorities, public facilities districts, and regional transportation investment districts may not conduct independent sales or use tax audits of sellers registered under the streamlined sales tax agreement.

(4) Except as provided in RCW 43.08.190 and subsection (5) of this section, all earnings of investments of balances in the local sales and use tax account must be credited to the local sales and use tax account and distributed to the counties, cities, transportation authorities, public facilities districts, public transportation benefit

areas, regional transportation investment districts, and transportation benefit districts monthly.

(5) Beginning January 1, 2013, the state treasurer must determine the amount of earnings on investments that would have been credited to the local sales and use tax account if the collections had been deposited in the account over the prior month. When distributions are made under subsection (1)(a) of this section, the state treasurer must transfer this amount from the state general fund to the local sales and use tax account and must distribute such sums to the counties, cities, transportation authorities, public facilities districts, public transportation benefit areas, regional transportation investment districts, and transportation benefit districts.

Sec. 404. RCW 82.14.060 and 2009 c 469 s 108 are each amended to read as follows:

(1)(a) Monthly, the state treasurer must distribute from the local sales and use tax account to the counties, cities, transportation authorities, public facilities districts, and transportation benefit districts the amount of tax collected on behalf of each taxing authority, less:

(i) The deduction provided for in RCW 82.14.050; and

(ii) The amount of any refunds of local sales and use taxes exempted under RCW 82.08.962 (~~and~~), 82.12.962, 82.08.02565, and 82.12.02565, which must be made without appropriation.

(b) The state treasurer (~~shall~~) must make the distribution under this section without appropriation.

(2) In the event that any ordinance or resolution imposes a sales and use tax at a rate in excess of the applicable limits contained herein, such ordinance or resolution (~~shall~~) may not be considered void in toto, but only with respect to that portion of the rate which is in excess of the applicable limits contained herein.

Sec. 405. RCW 82.08.0261 and 1980 c 37 s 28 are each amended to read as follows:

(1) Except as otherwise provided in this section, the tax levied by RCW 82.08.020 (~~shall~~) does not apply to sales of tangible personal property (other than the type referred to in RCW 82.08.0262) for use by the purchaser in connection with the business of operating as a private or common carrier by air, rail, or water in interstate or foreign commerce(~~:- PROVIDED, That~~). However, any actual use of such property in this state (~~shall~~) is, at the time of such actual use, (~~be~~) subject to the tax imposed by chapter 82.12 RCW.

(2)(a) With respect to the sale of liquefied natural gas to a business operating as a private or common carrier by water in interstate or foreign commerce, the buyer is entitled to a partial exemption from the tax levied by RCW 82.08.020 and the associated local sales taxes. The exemption under this subsection (2) is for the state and local retail sales taxes on ninety percent of the amount of the liquefied natural gas transported and consumed outside this state by the buyer.

(b) Sellers are relieved of the obligation to collect the state and local retail sales taxes on sales eligible for the partial exemption provided in this subsection (2) to buyers who are registered with the department if the

department either:

(i) Obtains a completed exemption certificate from the buyer, which must include the buyer's tax registration number with the department; or

(ii) Captures the relevant data elements as allowed under the streamlined sales and use tax agreement, including the buyer's tax registration number with the department.

(c) Buyers entitled to a partial exemption under this subsection (2) must either:

(i) Pay the full amount of state and local retail sales tax to the seller on the sale, including the amount of tax qualifying for exemption under this subsection (2), and then request a refund of the exempted portion of the tax from the department within the time allowed for making refunds under RCW 82.32.060; or

(ii) If the seller did not collect the retail sales tax from the buyer, remit to the department the state and local retail sales taxes due on all liquefied natural gas consumed in this state and on ten percent of the

liquefied natural gas that is transported and consumed outside of this state.

(3) This section does not apply to the sale of liquefied natural gas on or after July 1, 2028, for use as fuel in any marine vessel.

NEW SECTION. Sec. 406. A new section is added to chapter 46.68 RCW to read as follows:

(1) The finished fuel account is created in the state treasury. Money received from revenues transferred under section 407 of this act must be deposited into the account. Money in the account may be spent only after appropriation. Funds may be used only to construct, improve, repair, or rehabilitate Washington state ferry boat vessels, or to convert such vessels to operate using special fuels other than diesel fuel or using other alternative energy sources.

(2) This section expires July 1, 2028.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 28A.150.250 and 2009 c 548 s 105 are each amended to read as follows:

(1) From those funds made available by the legislature for the current use of the common schools, the superintendent of public instruction shall distribute annually as provided in RCW 28A.510.250 to each school district of the state operating a basic education instructional program approved by the state board of education an amount based on the formulas provided in RCW 28A.150.260, 28A.150.390, and 28A.150.392 which, when combined with an appropriate portion of such locally available revenues, other than receipts from federal forest revenues distributed to school districts pursuant to RCW 28A.520.010 and 28A.520.020, as the superintendent of public instruction may deem appropriate for consideration in computing state equalization support, excluding excess property tax levies, will constitute a basic education allocation

in dollars for each annual average full-time equivalent student enrolled. However, pursuant to section 2 of this act, the superintendent may not offset basic education allocations with a district's federal forest revenues received under chapter 28A.520 RCW if the school district has a poverty level of at least 57 percent.

(2) The instructional program of basic education shall be considered to be fully funded by those amounts of dollars appropriated by the legislature pursuant to RCW 28A.150.260, 28A.150.390, and 28A.150.392 to fund those program requirements identified in RCW 28A.150.220 in accordance with the formula provided in RCW 28A.150.260 and those amounts of dollars appropriated by the legislature to fund the salary requirements of RCW 28A.150.410.

(3) If a school district's basic education program fails to meet the basic education requirements enumerated in RCW 28A.150.260 and 28A.150.220, the state board of education shall require the superintendent of public instruction to withhold state funds in whole or in part for the basic education allocation until program compliance is assured. However, the state board of education may waive this requirement in the event of substantial lack of classroom space.

Sec. 2. RCW 28A.520.020 and 2011 c 278 s 1 are each amended to read as follows:

(1) There shall be a fund known as the federal forest revolving account. The state treasurer, who shall be custodian of the revolving account, shall deposit into the revolving account the funds for each county received by the state in accordance with Title 16, section 500, United States Code. The state treasurer shall distribute these moneys to the counties according to the determined proportional area. The county legislative authority shall expend fifty percent of the money for the benefit of the public roads and other public purposes as authorized by federal statute or public schools of such county and not otherwise. Disbursements by the counties of the remaining fifty percent of the money shall be as authorized by the superintendent of public instruction, or the superintendent's designee, and shall occur in the manner provided in subsection (2) of this section.

(2) No later than thirty days following receipt of the funds from the federal government, the superintendent of public instruction shall apportion moneys distributed to counties for schools to public school districts in the respective counties in proportion to the number of resident full-time equivalent students enrolled in each public school district to the number of resident full-time equivalent students enrolled in public schools in the county. In apportioning these funds, the superintendent of public instruction shall utilize the October enrollment count.

(3) (a) Except as provided in (b) of this subsection, if the amount received by any public school district pursuant to subsection (2) of this section is less than the basic education allocation to which the district would otherwise be entitled, the superintendent of public instruction shall apportion to the district, in the manner provided by RCW 28A.510.250, an amount which shall be the difference between the amount received pursuant to subsection (2) of this section and the basic education allocation to which the district would otherwise be entitled.

(b) If a school district has a poverty level of at least 57 percent, the superintendent may not offset that district's basic education allocation by the amount of those federal forest revenues, to the extent that such revenues do not exceed \$70,000. The superintendent may offset the district's basic education allocations by the portion of the federal forest revenues that exceeds \$70,000. For purposes of this section, poverty is measured by the percentage of students eligible for free and reduced-price lunch in the previous school year.

(4) All federal forest funds shall be expended in accordance with the requirements of Title 16, section 500, United States Code, as now existing or hereafter amended.

(5) The definition of resident student for purposes of this section shall be based on rules adopted by the superintendent of public instruction, which shall consider and address the impact of alternative learning experience students on federal forest funds distribution."

MESSAGE FROM THE SENATE

March 4, 2014

MR. SPEAKER:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1260, with the following amendment(s): 1260-S AMS AWRD S4440.2

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.160.010 and 2012 c 225 s 2 are each amended to read as follows:

(1) The legislature finds that it is the ((public)) policy of the state of Washington to ((direct financial resources toward the fostering of economic development through the stimulation of investment and job opportunities and the retention of sustainable existing employment)) employ state and federal resources to foster economic development to promote private investment and to create or retain job opportunities for the general welfare of the inhabitants of the state. Reducing unemployment and reducing the time citizens remain jobless ((is)) are important for the economic welfare of the state.

(2) The legislature finds that a valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. ((A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

- (a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;
- (b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;
- (c) Encouraging wider access to financial resources for both large and small industrial development projects;
- (d) Encouraging new economic development or expansions to maximize employment;
- (e) Encouraging the retention of viable existing firms and employment;
- (f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment; and
- (g) Enhancing job and business growth through facility development and other improvements in innovation partnership zones designated under RCW 43.330.270.

(2)) (3) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways, county roads, or city

streets for industries considering locating or expanding in this state.

((3)) (4) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

((4)) (5) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that supports business development, retention, and expansion in the state.

((5)) (6) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that the construction or rehabilitation of public facilities ((which)) that result in private construction of processing or remanufacturing facilities for recyclable materials ((are)) is eligible for consideration from the board.

((6)) (7) The legislature finds that sharing economic growth statewide is important to the welfare of the state. The ability of communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. Project-specific planning, predevelopment, and infrastructure are critical ingredients for economic development. ((It is, therefore, the intent of the legislature to increase the amount of funding available through the community economic revitalization board and to authorize flexibility for available resources in these areas to help fund planning, predevelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification.))

(8) It is, therefore, the intent of the legislature to create a community economic revitalization board to aid the development of economic opportunities. The general objectives of the board should include:

(a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;

(b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater stability of income and employment;

(c) Encouraging greater access to financial resources for both large and small industrial development projects;

(d) Encouraging new economic development or expansions to maximize employment;

(e) Encouraging the retention of viable existing firms and promoting employment within these firms;

(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment; and

(g) Enhancing job and business growth through facility development and other improvements in innovation partnership zones designated under RCW 43.330.270.

NEW SECTION. Sec. 2. A new section is added to chapter 43.160 RCW to read as follows:

The legislature finds that the community economic revitalization board has successfully acted as an economic development infrastructure financier for local governments. It is, therefore, the intent of the legislature to authorize flexibility for the community economic revitalization board to help fund planning, predevelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification.

NEW SECTION. Sec. 6. A new section is added to chapter 43.160 RCW to read as follows:

Management services, including fiscal and contract services, must be provided by the department to assist the board in implementing this chapter.

NEW SECTION. Sec. 7. A new section is added to chapter 43.160 RCW to read as follows:

(1) In order to assist political subdivisions of the state and federally recognized Indian tribes in financing the cost of public facilities, the board:

(a) Must execute contracts or otherwise financially obligate funds from the public facilities construction loan revolving account for projects approved for funding by the board under the following programs:

- (i) Committed private sector partner construction;
- (ii) Prospective development construction;
- (iii) Planning; and
- (iv) Any other program authorized by the legislature.

(b) Must provide loans to political subdivisions and federally recognized Indian tribes for the purposes of financing the cost of public facilities.

(i) The board must determine the interest rate that loans bear. The interest rate may not exceed ten percent per annum.

(ii) The board may provide reasonable terms and conditions for repayment for loans, including partial forgiveness of loan principal and interest payments on projects located in rural communities as defined by the board, or rural counties. The loans may not exceed twenty years in duration.

(c) May provide grants for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe and the finding by the board that financial circumstances require grant assistance to enable the project to move forward. The board must balance the need for grants with the need to sustain the public facilities construction loan revolving account.

(2) No more than twenty-five percent of all financial assistance approved by the board in any biennium may consist of grants to political subdivisions and federally recognized Indian tribes.

(3) Except as authorized to the contrary under subsection (4) of this section, from all funds available to the board for financial assistance in a biennium under this chapter, the board must approve at least seventy-five percent of the first twenty million dollars of funds available and at least fifty percent of any additional funds for financial assistance for projects in rural counties or board defined rural communities.

(4) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in rural counties or board defined rural communities are clearly insufficient to use up the allocations under subsection (3) of this section, the board must estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in rural counties or board defined rural communities.

(5) The board may elect to reserve up to one million dollars of its biennial appropriation to use as state match for federal grant awards. The purpose and use of the federal funds must be consistent with the board's purpose of financing economic development infrastructure. Reserved board funds must be matched, at a minimum, dollar for dollar by federal funds. If the set aside funds are not fully utilized for federal grant match by the 18th month of the biennium, the board may use those funds for other eligible projects as stated in this chapter.

NEW SECTION. Sec. 8. A new section is added to chapter 43.160 RCW to read as follows:

The board must:

(1) Establish and maintain collaborative relations with governmental, private, and other financing organizations, advocate groups, and other stakeholders associated with state economic development activities and policies;

(2) Provide information and advice to the governor and legislature on matters related to economic development; and

(3) At the direction of the governor, provide information and advocacy at the national level on matters related to economic development financing.

NEW SECTION. Sec. 9. A new section is added to chapter 43.160 RCW to read as follows:

(1) The board must prioritize awards for committed private sector partner construction and prospective development

construction projects by considering at a minimum the following criteria:

(a) The number of jobs created by the expected business creation or expansion and the average wage of those expected jobs. In evaluating proposals for their job creation potential, the board may adjust the job estimates in applications based on the board's judgment of the credibility of the job estimates;

(b) The need for job creation based on the unemployment rate of the county or counties in which the project is located. In evaluating the average wages of the jobs created, the board must compare those wages to median wages of private sector jobs in the county or counties surrounding the project location. When evaluating the jobs created by the project, the board may consider the area labor supply and readily available skill sets of the labor pool in the county or counties surrounding the project location;

(c) How the expected business creation or expansion fits within the region's preferred economic growth strategy as indicated by the efforts of nearby innovation partnership zones, industry clusters, future export prospects, or local government equivalent if available;

(d) The speed with which the project can begin construction; and

(e) The extent that the project leverages nonstate funds, and achieves overall the greatest benefit in job creation at good wages for the amount of money provided.

(2) The board may not provide financial assistance:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion;

(b) For any project for which evidence exists that would result in a development or expansion that would displace jobs in any other community in the state;

(c) For a project the primary purpose of which is to facilitate or promote gambling; or

(d) For a project located outside the jurisdiction of the applicant political subdivision or federally recognized Indian tribe.

Sec. 10. RCW 43.160.076 and 2011 c 180 s 301 are each amended to read as follows:

((1) Except as authorized to the contrary under subsection (2) of this section, from all funds available to the board for financial assistance in a biennium under this chapter, the board shall approve at least seventy-five percent of the first twenty million dollars of funds available and at least fifty percent of any additional funds for financial assistance for projects in rural counties.

(2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in rural counties are clearly insufficient to use up the allocations under subsection (1) of this section, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in rural counties.

(3)) The board ((shall)) must solicit qualifying projects to plan, design, and construct public facilities needed to attract new industrial and commercial activities in areas impacted by the closure or potential closure of large coal-fired electric generation facilities, which for the purposes of this section means a facility that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. The projects should be consistent with any applicable plans for major industrial activity on lands formerly used or designated for surface coal mining and supporting uses under RCW 36.70A.368. When the board receives timely and eligible project applications from a political subdivision of the state for financial assistance for such projects, the board from available funds ((shall)) must give priority consideration to such projects.

Sec. 11. RCW 43.160.080 and 2010 1st sp.s. c 36 s 6011 are each amended to read as follows:

(1) There ((shall)) must be a fund in the state treasury known as the public facilities construction loan revolving account, which ((shall)) consists of all moneys collected under this chapter and any moneys appropriated to it by law. Disbursements from the revolving account ((shall)) must be on authorization of the board. In order to maintain an effective expenditure and revenue control, the public facilities construction loan revolving account ((shall be)) is subject in all respects to chapter 43.88 RCW. During the 2009-2011 biennium, sums in the public facilities construction loan revolving account may be used for community economic revitalization board export assistance grants and loans in section 1018, chapter 36, Laws of 2010 1st sp. sess. and for matching funds for the federal energy regional innovation cluster in section 1017, chapter 36, Laws of 2010 1st sp. sess.

(2) The moneys in the public facilities construction loan revolving account must be used solely to fulfill commitments arising from financial assistance authorized in this chapter. The total outstanding amount, which the board must dispende at any time pursuant to this section, may not exceed the moneys available from the account.

(3) Repayments of loans made from the public facilities construction loan revolving account under the contracts for public facilities construction loans must be paid into the public facilities construction loan revolving account.

Sec. 12. RCW 43.160.900 and 2008 c 327 s 9 are each amended to read as follows:

(1) The community economic revitalization board ((shall)) must conduct biennial outcome-based evaluations of the financial assistance provided under this chapter. The evaluations ((shall)) must include information on the number of applications for community economic revitalization board assistance; the number and types of projects approved; the grant or loan amount awarded each project; the projected number of jobs created or retained by each project; the actual number and cost of jobs created or retained by each project; the wages and health benefits associated with the jobs; the amount of state funds and total capital invested in projects; the number and types of businesses assisted by funded projects; the location of funded projects; the transportation infrastructure available for completed projects; the local match and local participation obtained; the number of delinquent loans; and the number of project terminations. The evaluations may also include additional performance measures and recommendations for programmatic changes.

(2)(a) By September 1st of each even-numbered year, the board ((shall)) must forward its draft evaluation to the Washington state economic development commission for review and comment((, as required in section 10 of this act)). The board ((shall)) must provide any additional information as may be requested by the commission for the purpose of its review.

(b) Any written comments or recommendations provided by the commission as a result of its review ((shall)) must be included in the board's completed evaluation. The evaluation must be presented to the governor and appropriate committees of the legislature by December 31st of each even-numbered year. ((The initial evaluation must be submitted by December 31, 2010.))

NEW SECTION. Sec. 13. The following acts or parts of acts are each repealed:

(1) RCW 43.160.060 (Loans and grants to political subdivisions and federally recognized Indian tribes for public facilities authorized-- Application--Requirements for financial assistance) and 2012 c 196 s 10, 2008 c 327 s 5, 2007 c 231 s 3, & 2004 c 252 s 3;

A grant may also be authorized for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe and the finding by the board that financial circumstances require grant assistance to enable the project to move forward. However, no more than twenty-five percent of all financial assistance approved by the board in any biennium may consist of grants to political subdivisions and federally recognized Indian tribes.

(2) Application for funds must be made in the form and manner as the board may prescribe. In making grants or loans the board must conform to the following requirements:

(iii) For a project the primary purpose of which is to facilitate or promote gambling.

(iv) For a project located outside the jurisdiction of the applicant political subdivision or federally recognized Indian tribe.

(b) The board may only provide financial assistance:

(B) Will improve the opportunities for the successful maintenance, establishment, or expansion of industrial or commercial plants or will otherwise assist in the creation or retention of long-term economic opportunities;

(f) The board may allow de minimis general system improvements to be funded if they are critically linked to the viability of the project.

(g) An application must demonstrate convincing evidence that the median hourly wage of the private sector jobs created after the project is completed will exceed the countywide median hourly wage.

(h) The board must prioritize each proposed project according to:

(i) The relative benefits provided to the community by the jobs the project would create, not just the total number of jobs it would create after the project is completed, but also giving consideration to the unemployment rate in the area in which the jobs would be located;

Sec. 115. RCW 43.330.270 and 2012 c 225 s 1 are each amended to read as follows:

(1) The department must design and implement an innovation partnership zone program through which the state will encourage and support research institutions, workforce training organizations, and globally competitive companies to work cooperatively in close geographic proximity to create commercially viable products and jobs.

(2) The director must designate innovation partnership zones on the basis of the following criteria:

(a) Innovation partnership zones must have three types of institutions operating within their boundaries, or show evidence of planning and local partnerships that will lead to dense concentrations of these institutions:

(i) Research capacity in the form of a university or community college fostering commercially valuable research, nonprofit institutions creating commercially applicable innovations, or a national laboratory;

(ii) An industry cluster as defined in RCW 43.330.090. The cluster must include a dense proximity of globally competitive firms in a research-based industry or industries or individual firms with innovation strategies linked to (a)(i) of this subsection. A globally competitive firm may be signified through international organization for standardization 9000 or 1400 certification, or evidence of sales in international markets; and

(iii) Training capacity either within the zone or readily accessible to the zone. The training capacity requirement may be met by the same institution as the research capacity requirement, to the extent both are associated with an educational institution in the proposed zone.

(b) The support of a local jurisdiction, a research institution, an educational institution, an industry or cluster association, a workforce development council, and an associate development organization, port, or chamber of commerce;

(c) Identifiable boundaries for the zone within which the applicant will concentrate efforts to connect innovative researchers, entrepreneurs, investors, industry associations or clusters, and training providers. The geographic area defined should lend itself to a distinct identity and have the capacity to accommodate firm growth;

(d) The innovation partnership zone administrator must be an economic development council, port, workforce development council, city, or county.

(3) With respect solely to the research capacity required in subsection (2)(a)(i) of this section, the director may waive the requirement that the research institution be located within the zone. To be considered for such a waiver, an applicant must provide a specific plan that demonstrates the research institution's unique qualifications and suitability for the zone, and the types of jointly executed activities that will be used to ensure ongoing, face-to-face interaction and research collaboration among the zone's partners.

(4) On October 1st of each odd-numbered year, the director must designate innovation partnership zones on the basis of applications that meet the legislative criteria, estimated economic impact of the zone, evidence of forward planning for the zone, and other criteria as developed by the department (~~(in consultation with the Washington state economic development commission)~~). Estimated economic impact must include evidence of anticipated private investment, job creation, innovation, and commercialization. The director must require evidence that zone applicants will promote commercialization, innovation, and collaboration among zone residents.

(5) Innovation partnership zones are eligible for funds and other resources as provided by the legislature or at the discretion of the governor.

(6) If the innovation partnership zone meets the other requirements of the fund sources, then the zone is eligible for the following funds relating to:

- (a) The local infrastructure financing tools program;
- (b) The sales and use tax for public facilities in rural counties;
- (c) Job skills;
- (d) Local improvement districts; and
- (e) Community economic revitalization board projects under chapter 43.160 RCW.

(7) An innovation partnership zone must be designated as a zone for a four-year period. At the end of the four-year period, the zone must reapply for the designation through the department.

(8) If the director finds that an applicant does not meet all of the statutory criteria or additional criteria recommended by the department ((in consultation with the Washington state economic development commission)) to be designated as an innovation partnership zone, the department must:

- (a) Identify the deficiencies in the proposal and recommended steps for the applicant to take to strengthen the proposal;
- (b) Provide the applicant with the opportunity to appeal the decision to the director; and
- (c) Allow the applicant to reapply for innovation partnership designation on October 1st of the following calendar year or during any subsequent application cycle.

(9) If the director finds at any time after the initial year of designation that an innovation partnership zone is failing to meet the performance standards required in its contract with the department, the director may withdraw such designation and cease state funding of the zone.

(10) The department must convene annual information sharing events for innovation partnership zone administrators and other interested parties.

(11) An innovation partnership zone must annually provide performance measures as required by the director, including but not limited to private investment measures, job creation measures, and measures of innovation such as licensing of ideas in research institutions, patents, or other recognized measures of innovation.

(12) The department must compile a biennial report on the innovation partnership zone program by December 1st of every even-numbered year. The report must provide information for each zone on its: Objectives; funding, tax incentives, and other support obtained from public sector sources; major activities; partnerships; performance measures; and outcomes achieved since the inception of the zone or since the previous biennial report. (c) For small cell networks involving multiple individual small cell facilities, local governmental entities may allow the applicant, if the applicant so chooses, to file a consolidated application and receive a single permit for the small cell network in a single jurisdiction instead of filing separate applications for each individual small cell facility.

(2) For the purposes of this section:

(a) "Personal wireless services" means commercial mobile services, unlicensed wireless services, and common carrier wireless exchange access services, as defined by federal laws and regulations.

(b) "Microcell" means a wireless communication facility consisting of an antenna that is either: (i) Four feet in height and with an area of not more than five hundred eighty square inches; or (ii) if a tubular antenna, no more than four inches in diameter and no more than six feet in length.

(b) A fee may be charged to such businesses or service providers that recovers actual administrative expenses incurred by a city or town that are directly related to receiving and approving a permit, license, and franchise, to inspecting plans and construction, or to the preparation of a detailed statement pursuant to chapter 43.21C RCW;

(c) Taxes permitted by state law on service providers;

specific charge shall not apply to the placement of personal wireless facilities on existing structures, unless the structure is owned by the city or town.

A city or town is not required to approve the use permit for the placement of a facility for personal wireless services that meets one of the criteria in this subsection absent such an agreement. If the parties are unable to agree on the amount of the charge, the service provider may submit the amount of the charge to binding arbitration by serving notice on the city or town. Within thirty days of receipt of the initial notice, each party shall furnish a list of acceptable arbitrators. The parties shall select an arbitrator; failing to agree on an arbitrator, each party shall select one arbitrator and the two arbitrators shall select a third arbitrator for an arbitration panel. The arbitrator or arbitrators shall determine the charge based on comparable siting agreements involving public land and rights-of-way. The arbitrator or arbitrators shall not decide any other disputed issues, including but not limited to size, location, and zoning requirements. Costs of the arbitration, including compensation for the arbitrator's services, must be borne equally by the parties participating in the arbitration and each party shall bear its own costs and expenses, including legal fees and witness expenses, in connection with the arbitration proceeding.

(2) Subsection (1) of this section does not prohibit franchise fees imposed on an electrical energy, natural gas, or telephone business, by contract existing on April 20, 1982, with a city or town, for the duration of the contract, but the franchise fees shall be considered taxes for the purposes of the limitations established in RCW 35.21.865 and 35.21.870 to the extent the fees exceed the costs allowable under subsection (1) of this section."

Representatives Moscoso and Wilcox spoke in favor of the passage of the bill.

POINT OF PARLIAMENTARY INQUIRY

Representative Green: "Mr. Speaker, how many votes are needed for the passage of Engrossed Substitute House Bill No. 2304?"

SPEAKER'S RULING

Mr. Speaker: "Initiative 502, passed by the voters in November 2012, established a system for the lawful production, manufacture, distribution and possession of recreational marijuana by persons over the age of 21.

The constitution requires a 2/3 vote to amend an initiative within the first two years of passage.

The initiative authorizes marijuana producers to sell marijuana and marijuana-infused products to retailers and authorizes retailers to sell marijuana and marijuana-infused products to consumers.

House Bill 2304 expands the authority of producers and retailers to include the sale of marijuana extracts.

Because the bill changes the products that producers and retailers are authorized to sell, the Speaker finds that the bill amends the initiative with the meaning of Article 2, section 31, and that a 2/3 vote is required for passage."

The Speaker (Representative Moeller presiding) stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 2304.

**PART II
HUMAN SERVICES**

Sec. 201. 2013 2nd sp.s. c 4 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2013-2015 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(b) If Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to

provide referrals to the Washington health benefit exchange for clients that will be ineligible for the medicaid expansion but are enrolled in coverage that will be eliminated in the transition to the medicaid expansion.

(7)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2014, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2014 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2014 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medicaid personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

The appropriations in this section are subject to the following conditions and limitations:

(2) \$668,000 of the general fund--state appropriation for fiscal year 2014 and \$668,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to contract for the operation of one pediatric interim care center. To achieve efficiencies and increase utilization, the department shall allow the co-location of these centers, except that a youth may not be placed in a secure facility or the secure portion of a co-located facility except as specifically authorized by chapter 13.32A RCW. The reductions to appropriations in this subsection related to semi-secure crisis residential centers reflect a reduction to the number of beds for semi-secure crisis residential centers and not a reduction in rates. Any secure crisis residential center or semi-secure crisis residential center bed reduction shall not be based solely upon bed utilization. The department is to exercise its discretion in reducing the number of beds but to do so in a manner that maintains availability and geographic representation of semi-secure and secure crisis residential centers.

(5) \$125,000 of the general fund--state appropriation for fiscal year 2014 and \$125,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for a community-based organization that has innovated, developed, and replicated a foster care delivery model that includes a licensed hub home. Long-term cost benefit must be considered. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. Projects funded should focus on preventing, intervening, and suppressing behavioral problems and violence while linking at-risk youth to pro-social activities. The costs of administration may not exceed four percent of appropriated funding for each grant recipient. Each entity receiving funds must report to the juvenile rehabilitation administration on the number and types of youth served, the services provided, and the impact of those services upon the youth and the community.

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$104,999,000 of the general fund--state appropriation for fiscal year 2014 and ~~(\$85,895,000)~~ \$88,895,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. This is a reduction in flexible nonmedicaid funding of \$4,343,000 for fiscal year 2014 and ~~(\$23,446,000)~~ \$20,446,000 for fiscal year 2015. This reduction reflects offsets in state funding related to services that will now be funded with federal dollars through the affordable care act medicaid expansion. This reduction shall be distributed as follows:

(i) The \$4,343,000 reduction in fiscal year 2014 and ~~(\$11,723,000)~~ \$10,223,000 of the reduction in fiscal year 2015 must be distributed among regional support networks based on a formula that equally weights each regional support networks proportion of

individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act in fiscal year 2014 and each regional support network's spending of flexible nonmedicaid funding on services that would be reimbursable for federal medicaid matching funds if provided to medicaid enrollees in the 2011-2013 fiscal biennium.

(ii) The remaining (~~(\$11,723,000)~~ \$10,223,000 reduction in fiscal year 2015 must be distributed among regional support networks based on each regional support network's proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act through fiscal year 2015.

(b) \$6,590,000 of the general fund--state appropriation for fiscal year 2014, \$6,590,000 of the general fund--state appropriation for fiscal year 2015, and \$7,620,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) \$5,850,000 of the general fund--state appropriation for fiscal year 2014, \$5,850,000 of the general fund--state appropriation for fiscal year 2015, and \$1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(f) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(g) \$750,000 of the general fund--state appropriation for fiscal year 2014 and \$750,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(h) \$1,125,000 of the general fund--state appropriation for fiscal year 2014 and \$1,125,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(i) \$1,529,000 of the general fund--state appropriation for fiscal year 2014 and \$1,529,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(j) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(k) \$3,436,000 of the general fund--state appropriation for fiscal year 2014 and \$2,291,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(l) \$523,000 of the general fund--state appropriation for fiscal year 2014, \$775,000 of the general fund--state appropriation for fiscal year 2015, and \$854,000 of the general fund--federal appropriation are provided solely for implementation of sections 3 through 5 of chapter 289, Laws of 2013 (E2SHB 1114). Regional support networks must use this funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in accordance with plans approved by the department.

(m) \$5,986,000 of the general fund--state appropriation for fiscal year 2014, \$11,592,000 of the general fund--state appropriation for fiscal year 2015, and \$10,160,000 of the general fund--federal appropriation are provided solely for implementation of chapter 335, Laws of 2013 (ESSB 5480). Regional support networks must use this funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in accordance with plans approved by the department.

(n) Due to recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

(o) The legislature finds that the circumstances of the Chelan-Douglas regional support network (CD-RSN) make it necessary for CD-RSN to undergo restructuring in order to provide mental health services essential to the health and wellness of the citizens within its service area. The legislature intends to provide additional temporary financial relief to the CD-RSN while it undergoes internal restructuring or negotiates a merger with another regional support network.

The department shall negotiate relief for outstanding fiscal year 2013 reimbursements owed by CD-RSN to the state provided that the CD-RSN has a plan in place that is approved by the department by August 1, 2013, that demonstrates how CD-RSN will maintain financial viability and stability or will merge with another regional support network.

For the period of July 1, 2013, through December 31, 2013, the department may alter collection of reimbursement from CD-RSN for overuse of state hospital beds. To receive a reduction to the required reimbursement for overuse of state hospital beds, CD-RSN must continue to prioritize services that reduce its utilization and census at eastern state hospital and be actively implementing an approved plan to maintain financial viability or pursuing a future merger with another regional support network. Up to \$298,000 of the general fund--state appropriation for fiscal year 2014 is for the department to provide payments to regional support networks in eastern Washington which have used less than their allocated or contracted patient days of care at the state hospital to replace the share of the reimbursements from CD-RSN that the regional support networks would have received under RCW 71.24.320.

(p) ~~\$266,000~~ of the general fund--state appropriation for fiscal year 2014 ~~(is)~~ and \$1,500,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to maintain services for the King county regional support network as it works to transition services to settings that are eligible for federal participation for individuals covered under the medicaid program.

(q) Within the amounts appropriated in this section, funding is provided for the department to develop and phase in intensive mental health services for high needs youth consistent with the settlement agreement in T.R. v. Dreyfus and Porter.

(r) \$7,281,000 of the general fund--state appropriation for fiscal year 2015 and \$4,589,000 of the general fund--federal appropriation are provided solely for enhancement of community mental health services. The department must contract these funds for the operation of community programs in which the department determines there is a need for capacity that allows individuals to be diverted or transitioned from the state hospitals including but not limited to: (i) Community hospital or free standing evaluation and treatment services providing short-term detention and commitment services under the involuntary treatment act to be located in the geographic areas of the King regional support network, the Spokane regional support network outside of Spokane county, and the Thurston Mason regional support network; (ii) one new full program of an assertive community treatment team in the King regional support network and two new half programs of assertive community treatment teams in the Spokane regional support network and the Pierce regional support network; and (iii) three new recovery support services programs in the Grays Harbor regional support network, the greater Columbia regional support network, and the north sound regional support network. In contracting for community evaluation and treatment services, the department may not use these resources in facilities that meet the criteria to be classified under federal law as institutions for mental diseases. If the department is unable to come to a contract agreement with a designated regional support network for any of the services identified above, it may consider contracting for that service in another regional support network that has the need for such service.

The appropriations in this section are subject to the following conditions and limitations:

(1) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall not exceed \$171.35 for fiscal year 2014 and shall not exceed ~~((~~\$171.58~~))~~ \$178.82 for fiscal year 2015, including the rate add-ons described in (a) ~~((and))~~, (b), and (g) of this subsection. However, if the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment is for any reason disapproved, the weighted average nursing facility payment rate shall not exceed \$162.43 for fiscal year 2014 and shall not exceed \$163.58 for fiscal year 2015. When no economic trends and conditions factor for either fiscal year is defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(a) For fiscal year 2014 and 2015 within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed \$1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than \$15 in calendar year 2008, according to cost report data. The add-on may also be used to address resulting wage compression for related job classes immediately affected by wage increases to low-wage workers. For fiscal year 2015 within funds provided, the department shall provide an additional add-on per medicaid resident day per facility not to exceed the industry weighted average rate of \$2.44. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than \$17 in calendar year 2012, according to cost report data. (b) The department shall do a comparative analysis of the facility-based payment rates calculated on July 1, ~~((2013))~~ 2014, using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the low wage worker add-on found in (a) of this subsection, the rate add-ons for direct care, support services, and therapy care found in (g) of this subsection, the comparative add-on, acuity add-on, and safety net reimbursement, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calculated on July 1, ~~((2013))~~ 2014, is smaller than the facility-based payment rate on June 30, 2010, then the difference shall be provided to the individual nursing facilities as an add-on payment per medicaid resident day.

(c) During the comparative analysis performed in subsection (b) of this section, if it is found that the direct care rate for any facility calculated using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the low wage worker add-on found in (a) of this subsection, the rate add-ons for direct care, support services, and therapy care found in (g) of this subsection, the comparative add-on, acuity add-on, and safety net reimbursement, is greater than the direct care rate in effect on June 30, 2010, then the facility shall receive a ten percent direct care rate add-on to compensate that facility for taking on more acute clients than they have in the past.

(d) The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. The nursing facility safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

(e) The rate add-on provided in (c) of this subsection is subject to the reconciliation and settlement process provided in RCW 74.46.022(6).

(f) If the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment is for any reason disapproved, (b), (c), ~~((and))~~ (d), (g), and the fiscal year 2015 additional add-on in (a) of this subsection do not apply.

TOTAL APPROPRIATION	(\$12,307,569,000)	<u>\$13,029,389,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) ~~(\$1,143,994,000)~~ \$1,900,484,000 of the general fund--federal appropriation is provided solely to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII), subject to the conditions and limitations in this subsection. If the federal medical assistance percentage for the medicaid expansion falls below the percentages in section 1905(y) of the social security act as of July 1, 2013, the authority shall ensure that the state does not incur any additional state costs above what would have been incurred had the federal medical assistance percentages remained at the percentages in section 1905(y) as of July 1, 2013. The director is authorized to make any necessary program adjustments to comply with this requirement, including adding or adjusting premiums, modifying benefits, or reducing optional programs. To the extent a waiver is needed to accomplish this, the director shall promptly apply for such waiver. If a necessary waiver is not approved, the medicaid expansion program shall be terminated upon appropriate notification to the legislature and enrollees.

(2) The requirements of this subsection apply to the basic health plan. This subsection is null and void and has no further effect upon implementation of the medicaid expansion under subsection (1) of this section.

(a) Within amounts appropriated in this section and sections 205 and 206 of this act, the health care authority shall continue to provide an enhanced basic health plan subsidy for foster parents licensed under chapter 74.15 RCW and workers in state-funded home care programs. Under this enhanced subsidy option, foster parents eligible to participate in the basic health plan as subsidized enrollees and home care workers with family incomes below 200 percent of the federal poverty level shall be allowed to enroll in the basic health plan at the minimum premium amount charged to enrollees with incomes below sixty-five percent of the federal poverty level.

(b) The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

(c) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

(d) Enrollment in the subsidized basic health plan shall be limited to only include persons who qualify as subsidized enrollees as defined in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid demonstration project number 11-W-00254/10; or (b) are foster parents licensed under chapter 74.15 RCW.

(3) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(5) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(6) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(7) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(8) \$4,261,000 of the general fund--state appropriation for fiscal year 2014, \$4,261,000 of the general fund--state appropriation for fiscal year 2015, and \$8,522,000 of the general fund--federal appropriation are provided solely for low-income disproportionate share hospital payments.

(9) \$400,000 of the general fund--state appropriation for fiscal year 2014, ~~(\$400,000)~~ \$200,000 of the general fund--state appropriation for fiscal year 2015, and ~~(\$800,000)~~ \$600,000 of the general fund--federal appropriation are provided solely for disproportionate share hospital payments to rural hospitals certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011 that do not participate in the certified public expenditures program. The authority shall discontinue these payments on January 1, 2015.

(10) \$100,000 of the general fund--state appropriation for fiscal year 2014 and ~~(\$100,000)~~ \$50,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for grants to rural hospitals in Clallam county that were certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011. The authority shall discontinue these payments on January 1, 2015.

(11) \$100,000 of the general fund--state appropriation for fiscal year 2015 and \$100,000 of the general fund--federal appropriation are provided solely for disproportionate share hospital payments beginning on January 1, 2015, to rural hospitals in Lewis county that were certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011. The authority shall discontinue these payments after June 30, 2015.

(12) \$150,000 of the general fund--state appropriation for fiscal year 2015 is provided solely for grants to rural public hospitals in Grant county that were certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011. The authority shall discontinue these payments after June 30, 2015.

(13) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

~~((42))~~ (14) \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

~~((43))~~ (15) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2013-2015 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2013, and by November 1, 2014, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2014 and fiscal year 2015, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2013-2015 biennial operating appropriations act and in effect on July 1, 2013, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2013-2015 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. ~~(\$3,860,000)~~ \$11,928,000 of the general fund--state appropriation for fiscal year 2014 and ~~(\$1,137,000)~~ \$14,821,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for state grants for the participating hospitals.

~~((14))~~ (16) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

~~((15))~~ (17) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

~~((16))~~ (18) \$170,000 of the general fund--state appropriation for fiscal year 2014, \$121,000 of the general fund--state appropriation for fiscal year 2015, and \$292,000 of the general fund--federal appropriation are provided solely to implement Engrossed Substitute House Bill No. 1519 (service coordination organizations) and Second Substitute Senate Bill No. 5732 (behavioral health services). If neither of the bills is enacted by June 30, 2013, the amounts provided in this subsection shall lapse.

~~((17))~~ (19) \$57,000 of the general fund--state appropriation for fiscal year 2014, \$40,000 of the general fund--state appropriation for fiscal year 2015, and \$55,000 of the general fund--federal appropriation are provided solely to develop a report on state efforts to prevent and control diabetes. The authority, the department of social and health services, and the department of health shall submit a coordinated report to the governor and the appropriate committees of the legislature by December 31, 2014, on the following:

(a) The financial impacts and reach that diabetes of all types and undiagnosed gestational diabetes are having on the programs administered by each agency and individuals, including children with mothers with undiagnosed gestational diabetes, enrolled in those programs. (d) The development or revision of detailed policy-related action plans and budget recommendations for battling diabetes and undiagnosed gestational diabetes that includes a range of actionable items for consideration by the legislature. The plans and budget recommendations must identify proposed action steps to reduce the impact of diabetes, prediabetes, related diabetes complications, and undiagnosed gestational diabetes. The plans and budget recommendations must also identify expected outcomes of the action steps proposed in the following biennium while also establishing benchmarks for controlling and preventing all types of diabetes; and

(e) An estimate of savings, efficiencies, costs, and budgetary savings and resources required to implement the plans and budget recommendations identified in (d) of this subsection (17).

~~((18))~~ (20) Within the amounts appropriated in this section, the authority shall identify strategies to improve patient adherence to treatment plans for diabetes and implement these strategies as a pilot through one health home program to be identified by the authority. The authority shall report to the governor and the legislature in December 2014 on the progress of strategy implementation. The authority shall report to the governor and legislature in December 2015 on patient outcomes and cost savings derived from new adherence strategies in the health home model and make recommendations for improving the strategies.

~~((19))~~ (21) Effective January 1, 2014, managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

At no time will a managed care organization be at risk for or have any claim to the supplemental payment portion of the rate which will be reconciled to ensure accurate payment and full pass through of the obligated funds. For any services eligible for encounter payments, as defined in the medicaid state plan, managed care organizations shall be required to pay at least the full published encounter rates directly to each clinic or center, and payments will be reconciled on at least an annual basis between the managed care organization and the authority, with final review and approval by the authority. At the option of any clinic, the enhancement payment can be received from the managed care organization on a per member per month basis for all assigned managed care enrollees in an amount prescribed by the authority. Nothing in this section is intended to disrupt mutually agreeable contractual arrangements between managed care organizations and clinics that impact how the standard payment for services is paid. The authority will require participating managed care organizations to reimburse federally qualified health centers and rural health clinics for clean claims in strict adherence to the timeliness of payment standards established under contract and specified for the medicaid fee-for-service program in section 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42 C.F.R. The report will detail necessary federal authority for implementation and provide the benefits and drawbacks of each option.

(46) \$3,605,000 of the general fund--state appropriation for fiscal year 2014 is provided solely to proportionally reduce the amounts that rural health clinics owe the state under the calendar year 2009 recoupment.

(48) The appropriations in this section reflect savings and efficiencies achieved by modifying dispensing methods of contraceptive drugs. The authority must make arrangements for all medicaid programs offered through managed care plans or fee-for-service programs to require dispensing of contraceptive drugs with a one-year supply provided at one time unless a patient requests a smaller supply or the prescribing physician instructs that the patient must receive a smaller supply. Contracts with managed care plans must allow on-site dispensing of the prescribed contraceptive drugs at family planning clinics. Dispensing practices must follow clinical guidelines for appropriate prescribing and dispensing to ensure the health of the patient while maximizing access to effective contraceptive drugs.

(49)(a) \$75,000 of the general fund--state appropriation for fiscal year 2014 and \$75,000 of the general fund--federal appropriation are provided solely for preparing options with an expert consultant for possible implementation of a targeted premium assistance program and possible implementation of the federal basic health option. \$75,000 of the amounts appropriated in this subsection is provided solely for the development of options related to the targeted premium assistance program. The authority shall develop options for a waiver request to the federal centers for medicare and medicaid services to implement a targeted premium assistance program for the expansion adults, identified in section 1902(a)(10)(A)(i)(VIII) of the social security act, with incomes above one hundred percent of the federal poverty level, and for children covered in the children's health insurance program with incomes above two hundred percent of the federal poverty level, with a goal of providing seamless coverage through the health benefit exchange and improving opportunities for families to be covered in the same health plans. The options must include the possibility of applying premiums for individuals and cost-sharing that may exceed the five percent of family income cap under federal law, and the options must include recommendations to make the targeted premium assistance program cost neutral. The authority shall submit a report on the options to the legislature and the governor by January 1, 2014. The authority is encouraged to be creative, use subject matter experts, and exhaust all possible options to achieve cost neutrality. The report shall also include a detailed plan and timeline. \$75,000 of the amounts appropriated in this subsection is provided solely for the development of options related to the federal basic health option. The authority shall prepare options for implementing the

(55) By December 1, 2014, the authority shall report to the legislative fiscal committees with options for reducing payments to hospital owned physician practices or clinics that are higher than the maximum resource based relative value scale fee rates received by nonhospital owned physician practices or clinics for the same procedures. The authority shall include options for exempting certain hospital owned clinics from the reductions and the fiscal impacts of those options. The authority shall not enter into or renew any contracts under RCW 74.60.160 that would restrict the authority's ability to implement any of these options in the 2015-2017 fiscal biennium.

(56) The appropriations to the authority in this act shall be expended for the purposes and in the amounts specified in this act. To the extent that appropriations in this section are insufficient to fund actual expenditures in excess of caseload forecasts and utilization assumptions, the authority, after May 1, 2014, may transfer general fund--state appropriations for fiscal year 2014 that are provided solely for a specified purpose. The authority shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. (2) The commission shall provide the training required in this section, together with facilities, supplies, materials, and the room and board for noncommuting attendees, except during the 2013-2015 fiscal biennium, when the employing county, municipal corporation, or state agency shall reimburse the commission for twenty-five percent of the cost of training its personnel.

(3)(a) Subsections (1) and (2) of this section do not apply to the Washington state department of corrections prisons division. The Washington state department of corrections is responsible for identifying training standards, designing curricula and programs, and providing the training for those corrections personnel employed by it. In doing so, the secretary of the department of corrections shall consult with staff development experts and correctional professionals both inside and outside of the agency, to include soliciting input from labor organizations.

(b) The commission and the department of corrections share the responsibility of developing and defining training standards and providing training for community corrections officers employed within the community corrections division of the department of corrections.

MESSAGE FROM THE SENATE

March 13, 2014

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2572 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that the state of Washington has an opportunity to transform its health care delivery system.

(2) The state health care innovation plan establishes the following primary drivers of health transformation, each with individual key actions that are necessary to achieve the objective:

(a) Improve health overall by stressing prevention and early detection of disease and integration of behavioral health;

(b) Developing linkages between the health care delivery system and community; and

(c) Supporting regional collaboratives for communities and populations, improve health care quality, and lower costs.

NEW SECTION. Sec. 2. (1) The health care authority is responsible for coordination, implementation, and administration of interagency efforts and local collaborations of public and private organizations to implement the state health care innovation plan.

(2) Prior to the authority submitting a grant application for innovation plan funding, the authority must consult a neutral actuarial firm not currently contracted with the agency to review the estimated savings with the innovation plan prior to application submission. The plan and the actuarial information must be presented to the joint select committee on health care oversight, including the scope and details of the grant application and any request for proposal, prior to an application submission. The joint committee must review the application in a timely fashion that enables the grant application, if approved, to be submitted within the required time frame.

(3) The grant application cannot commit the state to any financial obligations beyond the actual grant award amount.

(4) All required federal reporting related to a grant award must be shared with the joint committee at the same time it is submitted to the federal government.

(5) By January 1, 2015, and January 1st of each year through January 1, 2019, the health care authority shall coordinate and submit a status report to the appropriate committees of the legislature regarding implementation of the innovation plan. The report must summarize any actions taken to implement the innovation plan, progress toward achieving the aims of the innovation plan, and anticipated future implementation efforts. In addition, the health care authority shall submit any recommendations for legislation necessary to implement the innovation plan.

NEW SECTION. Sec. 3. (1) The joint select committee on health care oversight is established in statute, continuing the committee created in Engrossed Substitute Senate Concurrent Resolution No. 8401 passed in 2013.

(2) The membership of the joint select committee on health care oversight must consist of the following: (a) The chairs of the health care committees of the senate and the house of representatives, who must serve as cochairs; (b) four additional members of the senate, two each appointed by the leadership of the two largest political parties in the senate; and (c) four additional members of the house of representatives, two each appointed by the leadership of the two largest political parties in the house of representatives. The governor must be invited to appoint, as a liaison to the joint select committee, a person who must be a nonvoting member.

(3) The joint select committee on health care oversight must provide oversight between the health care authority, health benefit exchange, the office of the insurance commissioner, the department of health, and the department of social and health services. The goal must be to ensure that these entities are not duplicating their efforts and are working toward a goal of increased quality of services which will lead to reduced costs to the health care consumer.

(4) The joint select committee on health care oversight must, as necessary, propose legislation to the health care committees and budget

recommendations to the ways and means committees of the legislature that aids in their coordination of activities and that leads to better quality and cost savings.

(5) The joint select committee on health care oversight expires on December 31, 2022.

NEW SECTION. Sec. 4. A new section is added to chapter 41.05 RCW to read as follows:

(1) The authority shall, subject to the availability of amounts appropriated or grants received for this specific purpose, award grants to support the development of two pilot projects for a community of health. A community of health is a regionally based, voluntary collaborative. The purpose of the collaborative is to align actions to achieve healthy communities and populations, improve health care quality, and lower costs. Grants may only be used for start-up costs.

(2) The authority shall develop a process for designating an entity as a community of health. An entity seeking designation is eligible if:

(a) It is a nonprofit or public-private partnership, including those led by local public health agencies;

(b) Its membership is broad and incorporates key stakeholders, such as the long-term care system, the health care delivery system, behavioral health, social supports and services, primary care and specialty providers, hospitals, consumers, small and large employers, health plans, and public health, with no single entity or organizational cohort serving in a majority capacity; and

(c) It demonstrates an ongoing capacity to:

(i) Lead health improvement activities within the region with other local systems to improve health outcomes and the overall health of the community, improve health care quality, and lower costs; and

(ii) Distribute tools and resources from the health extension program created in section 5 of this act.

(3) In awarding grants under this section, the authority shall consider the extent to which the applicant will:

(a) Base decisions on public input and an active collaboration among key community partners, which can include, but are not limited to, local governments, housing providers, school districts, early learning regional coalitions, large and small businesses, labor organizations, health and human service organizations, tribal governments, health carriers, providers, hospitals, public health agencies, and consumers;

(b) Match the grant funding with funds from other sources; and

(c) Demonstrate capability for sustainability without reliance on state general fund appropriations.

(4) The authority may prioritize applications that commit to providing at least one dollar in matching funds for each grant dollar awarded.

(5) Before grant funds are disbursed, the authority and the applicant must agree on performance requirements.

(6) The authority may adopt rules necessary to implement this section, but may not adopt rules, policies, or procedures beyond the scope of the authority granted in this section.

NEW SECTION. Sec. 5. A new section is added to chapter 43.70 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department shall establish a health extension program to provide training, tools, and technical assistance to primary care, behavioral health, and other providers. The program must emphasize high quality preventive, chronic disease, and behavioral health care that is comprehensive and evidence-based.

(2) The health extension program must coordinate dissemination of evidence-based tools and resources that promote:

(a) Integration of physical and behavioral health;

(b) Clinical decision support to promote evidence-based care;

(c) Reports of the Robert Bree collaborative created by RCW 70.250.050 and findings of health technology assessments under RCW 70.14.080 through 70.14.130;

(d) Methods of formal assessment;

(e) Support for patients managing their own conditions;

(f) Identification and use of resources that are available in the community for patients and their families, including community health workers; and

(g) Identification of evidence-based models to effectively treat depression and other conditions in primary care settings, such as the program advancing integrated mental health solutions, and others.

(3) The department may adopt rules necessary to implement this section, but may not adopt rules, policies, or procedures beyond the scope of authority granted in this section.

NEW SECTION. Sec. 6. A new section is added to chapter 41.05 RCW to read as follows:

(1) There is created a performance measures committee, the purpose of which is to identify and recommend standard statewide measures of health performance to inform public and private health care purchasers and to propose benchmarks to track costs and improvements in health outcomes.

(2) Members of the committee must include representation from state agencies, small and large employers, health plans, patient groups, federally recognized tribes, consumers, academic experts on health care measurement, hospitals, physicians, and other providers. The governor shall appoint the members of the committee, except that a statewide association representing hospitals may appoint a member representing hospitals, and a statewide association representing physicians may appoint a member representing physicians. The governor shall ensure that members represent diverse geographic locations and both rural and urban communities. The chief executive officer of the lead organization must also serve on the committee. The committee must be chaired by the director of the authority.

(3) The committee shall develop a transparent process for selecting performance measures, and the process must include opportunities for public comment.

(4) By January 1, 2015, the committee shall submit the performance measures to the authority. The measures must include dimensions of:

- (a) Prevention and screening;
- (b) Effective management of chronic conditions;
- (c) Key health outcomes;
- (d) Care coordination and patient safety; and
- (e) Use of the lowest cost, highest quality care for preventive care and acute and chronic conditions.

(5) The committee shall develop a measure set that:

- (a) Is of manageable size;
- (b) Is based on readily available claims and clinical data;
- (c) Gives preference to nationally reported measures and, where nationally reported measures may not be appropriate, measures used by state agencies that purchase health care or commercial health plans;
- (d) Focuses on the overall performance of the system, including outcomes and total cost;

(e) Is aligned with the governor's performance management system measures and common measure requirements specific to medicaid delivery systems under RCW 70.320.020 and 43.20A.895;

(f) Considers the needs of different stakeholders and the populations served; and

(g) Is usable by multiple payers, providers, hospitals, purchasers, public health, and communities as part of health improvement, care improvement, provider payment systems, benefit design, and administrative simplification for providers and hospitals.

(6) State agencies shall use the measure set developed under this section to inform and set benchmarks for purchasing decisions.

(7) The committee shall establish a public process to periodically evaluate the measure set and make additions or changes to the measure set as needed.

NEW SECTION. Sec. 7. A new section is added to chapter 74.09 RCW to read as follows:

(1) The authority and the department may restructure medicaid procurement of health care services and agreements with managed care systems on a phased basis to better support integrated physical health, mental health, and chemical dependency treatment, consistent with assumptions in Second Substitute Senate Bill No. 6312, Laws of 2014, and recommendations provided by the behavioral health task force. The authority and the department may develop and utilize innovative mechanisms to promote and sustain integrated clinical models of physical and behavioral health care.

(2) The authority and the department may incorporate the following principles into future medicaid procurement efforts aimed at integrating the delivery of physical and behavioral health services:

(a) Medicaid purchasing must support delivery of integrated, person-centered care that addresses the spectrum of individuals' health needs in the context of the communities in which they live and with the availability of care continuity as their health needs change;

(b) Accountability for the client outcomes established in RCW 43.20A.895 and 71.36.025 and performance measures linked to those outcomes;

(c) Medicaid benefit design must recognize that adequate preventive care, crisis intervention, and support services promote a recovery-focused approach;

(d) Evidence-based care interventions and continuous quality improvement must be enforced through contract specifications and performance measures that provide meaningful integration at the patient care level with broadly distributed accountability for results;

(e) Active purchasing and oversight of medicaid managed care contracts is a state responsibility;

(f) A deliberate and flexible system change plan with identified benchmarks to promote system stability, provide continuity of treatment for patients, and protect essential existing behavioral health system infrastructure and capacity; and

(g) Community and organizational readiness are key determinants of implementation timing; a phased approach is therefore desirable.

(3) The principles identified in subsection (2) of this section are not intended to create an individual entitlement to services.

(4) The authority shall increase the use of value based contracting, alternative quality contracting, and other payment incentives that promote quality, efficiency, cost savings, and health improvement, for medicaid and public employee purchasing. The authority shall also implement additional chronic disease management techniques that reduce the subsequent need for hospitalization or readmissions. It is the intent of the legislature that the reforms the authority implements under this subsection are anticipated to reduce extraneous medical costs, across all medical programs, when fully phased in by fiscal year 2017 to generate budget savings identified in the omnibus appropriations act.

NEW SECTION. Sec. 8. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means the health care authority.

(2) "Carrier" and "health carrier" have the same meaning as in RCW 48.43.005.

(3) "Claims data" means the data required by section 11 of this act to be submitted to the database, as defined by the director in rule. "Claims data" includes: (a) Claims data related to health care coverage and services funded, in whole or in part, in the omnibus appropriations act, including coverage and services funded by appropriated and nonappropriated state and federal moneys, for medicaid programs and the public employees benefits board program; and (b) claims data voluntarily provided by other data suppliers, including carriers and self-funded employers.

(4) "Database" means the statewide all-payer health care claims database established in section 10 of this act.

(5) "Director" means the director of financial management.

(6) "Lead organization" means the organization selected under section 10 of this act.

(7) "Office" means the office of financial management.

NEW SECTION. Sec. 9. The legislature finds that:

(1) The activities authorized by this chapter will require collaboration among state agencies and local governments that purchase health care, private health carriers, third-party purchasers, health care providers, and hospitals. These activities will identify strategies to increase the quality and effectiveness of health care delivered in Washington state and are therefore in the best interest of the public.

(2) The benefits of collaboration, together with active state supervision, outweigh potential adverse impacts. Therefore, the legislature intends to exempt from state antitrust laws, and provide immunity through the state action doctrine from federal antitrust laws, activities that are undertaken, reviewed, and approved by the office pursuant to this chapter that might otherwise be constrained by such laws. The legislature does not intend and does not authorize any person or entity to engage in activities not provided for by this chapter, and the legislature neither exempts nor provides immunity for such activities including, but not limited to, agreements among competing providers or carriers to set prices or specific levels of reimbursement for health care services.

NEW SECTION. Sec. 10. (1) The office shall establish a statewide all-payer health care claims database to support transparent public reporting of health care information. The database must improve transparency to: Assist patients, providers, and hospitals to make informed choices about care; enable providers, hospitals, and communities to improve by benchmarking their performance against that of others by focusing on best practices; enable purchasers to identify value, build expectations into their purchasing strategy, and reward improvements over time; and promote competition based on quality and cost.

(2) The director shall select a lead organization to coordinate and manage the database. The lead organization is responsible for internal governance, management, funding, and operations of the database. At the direction of the office, the lead organization shall:

(a) Collect claims data from data suppliers as provided in section 11 of this act;

(b) Design data collection mechanisms with consideration for the time and cost involved in collection and the benefits that measurement would achieve;

(c) Ensure protection of collected data and store and use any data with patient-specific information in a manner that protects patient privacy;

(d) Consistent with the requirements of this chapter, make information from the database available as a resource for public and private entities, including carriers, employers, providers, hospitals, and purchasers of health care;

(e) Report performance on cost and quality pursuant to section 14 of this act using, but not limited to, the performance measures developed under section 6 of this act;

(f) Develop protocols and policies to ensure the quality of data releases;

(g) Develop a plan for the financial sustainability of the database and charge fees not to exceed five thousand dollars unless otherwise negotiated for reports and data files as needed to fund the database. Any fees must be approved by the office and must be comparable across data requesters and users; and

(h) Convene advisory committees with the approval and participation of the office, including: (i) A committee on data policy development; and (ii) a committee to establish a data release process consistent with the requirements of this chapter and to provide advice regarding formal data release requests. The advisory committees must include representation from key provider, hospital, payer, public health, health maintenance organization, purchaser, and consumer organizations.

(3) The lead organization governance structure and advisory committees must include representation of the third-party administrator of the uniform medical plan. A payer, health maintenance organization, or third-party administrator must be a data supplier to the all-payer health care claims database to be represented on the lead organization governance structure or advisory committees.

NEW SECTION. Sec. 11. (1) Data suppliers must submit claims data to the database within the time frames established by the director in rule and in accordance with procedures established by the lead organization.

(2) An entity that is not a data supplier but that chooses to participate in the database shall require any third-party administrator utilized by the entity's plan to release any claims data related to persons receiving health coverage from the plan.

(3) Each data supplier shall submit an annual status report to the office regarding its compliance with this section. The report to the legislature required by section 2 of this act must include a summary of these status reports.

NEW SECTION. Sec. 12. (1) The claims data provided to the database, the database itself, including the data compilation, and any raw data received from the database are not public records and are exempt from public disclosure under chapter 42.56 RCW.

(2) Claims data obtained in the course of activities undertaken pursuant to or supported under this chapter are not subject to subpoena or similar compulsory process in any civil or criminal, judicial, or administrative proceeding, nor may any individual or organization with lawful access to data under this chapter be compelled to testify with regard to such data, except that data pertaining to a party in litigation may be subject to subpoena or similar compulsory process in an action brought by or on behalf of such individual to enforce any liability arising under this chapter.

NEW SECTION. Sec. 13. (1) Except as otherwise required by law, claims or other data from the database shall only be available for retrieval in original or processed form to public and private requesters pursuant to this section and shall be made available within a reasonable time after the request.

(2) Except as otherwise required by law, the office shall direct the lead organization to maintain the confidentiality of claims or other data it collects for the database that include direct and indirect patient identifiers. Any agency, researcher, or other person that receives claims or other data under this section containing direct or indirect patient identifiers must also maintain confidentiality and may not release such claims or other data except as consistent with this section. The office shall oversee the lead organization's release of data as follows:

(a) Claims or other data that include direct or indirect patient identifiers, as specifically defined in rule, may be released to:

(i) Federal, state, and local government agencies upon receipt of a signed data use agreement with the office and the lead organization; and

(ii) Researchers with approval of an institutional review board upon receipt of a signed confidentiality agreement with the office and the lead organization.

(b) Claims or other data that do not contain direct patient identifiers but that may contain indirect patient identifiers may be released to agencies, researchers, and other persons upon receipt of a signed data use agreement with the lead organization.

(c) Claims or other data that do not contain direct or indirect patient identifiers may be released upon request.

(3) Recipients of claims or other data under subsection (2)(a) or (b) of this section must agree in a data use agreement or a confidentiality agreement to, at a minimum:

(a) Take steps to protect direct and indirect patient identifying information as described in the agreement; and

(b) Not redisclose the data except as authorized in the agreement consistent with the purpose of the agreement or as otherwise required by law.

(4) Recipients of the claims or other data under subsection (2)(b) of this section must not attempt to determine the identity of persons whose information is included in the data set or use the claims or other data in any manner that identifies the individuals or their families.

(5) For purposes of this section, the following definitions apply unless the context clearly requires otherwise.

(a) "Direct patient identifier" means information that identifies a patient.

(b) "Indirect patient identifier" means information that may identify a patient when combined with other information.

NEW SECTION. Sec. 14. (1) Under the supervision of the office, the lead organization shall prepare health care data reports using the database and the statewide health performance and quality measure set, including only those measures that can be completed with readily available claims data. Prior to releasing any health care data reports that use claims data, the lead organization must submit the reports to the office for review and approval.

(2)(a) Health care data reports prepared by the lead organization that use claims data must assist the legislature and the public with awareness and promotion of transparency in the health care market by reporting on:

(i) Whether providers and health systems deliver efficient, high quality care; and

(ii) Geographic and other variations in medical care and costs as demonstrated by data available to the lead organization.

(b) Measures in the health care data reports should be stratified by demography, income, language, health status, and geography when feasible with available data to identify disparities in care and successful efforts to reduce disparities.

(c) Comparisons of costs among providers and health care systems must account for differences in acuity of patients, as appropriate and feasible, and must take into consideration the cost impact of subsidization for uninsured and governmental patients, as well as teaching expenses, when feasible with available data.

(3) The lead organization may not publish any data or health care data reports that:

(a) Directly or indirectly identify patients;

(b) Disclose specific terms of contracts, discounts, or fixed reimbursement arrangements or other specific reimbursement arrangements between an individual provider and a specific payer; or

(c) Compares performance in a report generated for the general public that includes any provider in a practice with fewer than five providers.

(4) The lead organization may not release a report that compares and identifies providers, hospitals, or data suppliers unless it:

(a) Allows the data supplier, the hospital, or the provider to verify the accuracy of the information submitted to the lead organization and submit to the lead organization any corrections of errors with supporting evidence and comments within forty-five days of receipt of the report; and

(b) Corrects data found to be in error within a reasonable amount of time.

(5) The office and the lead organization may use claims data to identify and make available information on payers, providers, and facilities, but may not use claims data to recommend or incentivize direct contracting between providers and employers.

(6) The lead organization shall ensure that no individual data supplier comprises more than twenty-five percent of the claims data used in any report or other analysis generated from the database. For purposes of this subsection, a "data supplier" means a carrier and any self-insured employer that uses the carrier's provider contracts.

NEW SECTION. Sec. 15. (1) The director shall adopt any rules necessary to implement this chapter, including:

(a) Definitions of claim and data files that data suppliers must submit to the database, including: Files for covered medical services, pharmacy claims, and dental claims; member eligibility and enrollment data; and provider data with necessary identifiers;

(b) Deadlines for submission of claim files;

(c) Penalties for failure to submit claim files as required;

(d) Procedures for ensuring that all data received from data suppliers are securely collected and stored in compliance with state and federal law; and

(e) Procedures for ensuring compliance with state and federal privacy laws.

(2) The director may not adopt rules, policies, or procedures beyond the authority granted in this chapter.

NEW SECTION. Sec. 16. A new section is added to chapter 48.02 RCW to read as follows:

(1) The commissioner may not use data acquired from the statewide all-payer health care claims database created in section 10 of this act for purposes of reviewing rates pursuant to this title.

(2) The commissioner's authority to access data from any other source for rate review pursuant to this title is not otherwise curtailed, even if that data may have been separately submitted to the statewide all-payer health care claims database.

Sec. 17. RCW 42.56.360 and 2013 c 19 s 47 are each amended to read as follows:

(1) The following health care information is exempt from disclosure under this chapter:

(a) Information obtained by the pharmacy quality assurance commission as provided in RCW 69.45.090;

Reducing unemployment and reducing the time citizens remain jobless ((is)) are important for the economic welfare of the state.

(2) The legislature finds that a valuable means of fostering economic development is the construction of public facilities which contribute to the stability and growth of the state's economic base. Expenditures made for these purposes as authorized in this chapter are declared to be in the public interest, and constitute a proper use of public funds. ((A community economic revitalization board is needed which shall aid the development of economic opportunities. The general objectives of the board should include:

- (a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;
- (b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater seasonal and cyclical stability of income and employment;
- (c) Encouraging wider access to financial resources for both large and small industrial development projects;
- (d) Encouraging new economic development or expansions to

—(e) Encouraging the retention of viable existing firms and employment;

—(f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment; and

—(g) Enhancing job and business growth through facility development and other improvements in innovation partnership zones designated under RCW 43.330.270.

~~—(2))~~ (3) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to improve state highways, county roads, or city streets for industries considering locating or expanding in this state.

~~((3))~~ (4) The legislature finds it desirable to provide a process whereby the need for diverse public works improvements necessitated by planned economic development can be addressed in a timely fashion and with coordination among all responsible governmental entities.

~~((4))~~ (5) The legislature also finds that the state's economic development efforts can be enhanced by, in certain instances, providing funds to assist development of telecommunications infrastructure that supports business development, retention, and expansion in the state.

~~((5))~~ (6) The legislature also finds that the state's economic development efforts can be enhanced by providing funds to improve markets for those recyclable materials representing a large fraction of the waste stream. The legislature finds that the construction or rehabilitation of public facilities ((which)) that result in private construction of processing or remanufacturing facilities for recyclable materials ((are)) is eligible for consideration from the board.

~~((6))~~ (7) The legislature finds that sharing economic growth statewide is important to the welfare of the state. The ability of communities to pursue business and job retention, expansion, and development opportunities depends on their capacity to ready necessary economic development project plans, sites, permits, and infrastructure for private investments. Project-specific planning, predevelopment, and infrastructure are critical ingredients for economic development. ~~((It is, therefore, the intent of the legislature to increase the amount of funding available through the community economic revitalization board and to authorize flexibility for available resources in these areas to help fund planning, predevelopment, and construction costs of infrastructure and facilities and sites that foster economic vitality and diversification.))~~

(8) It is, therefore, the intent of the legislature to create a community economic revitalization board to aid the development of economic opportunities. The general objectives of the board should include:

- (a) Strengthening the economies of areas of the state which have experienced or are expected to experience chronically high unemployment rates or below average growth in their economies;
- (b) Encouraging the diversification of the economies of the state and regions within the state in order to provide greater stability of income and employment;
- (c) Encouraging greater access to financial resources for both large and small industrial development projects;
- (d) Encouraging new economic development or expansions to maximize employment;
- (e) Encouraging the retention of viable existing firms and promoting employment within these firms;
- (f) Providing incentives for expansion of employment opportunities for groups of state residents that have been less successful relative to other groups in efforts to gain permanent employment; and
- (g) Enhancing job and business growth through facility development and other improvements in innovation partnership zones designated under RCW 43.330.270.

NEW SECTION. Sec. 2. A new section is added to chapter 43.160 RCW to read as follows:

The legislature finds that the community economic revitalization board has successfully acted as an economic development

NEW SECTION. Sec. 6. A new section is added to chapter 43.160 RCW to read as follows:

Management services, including fiscal and contract services, must be provided by the department to assist the board in implementing this chapter.

NEW SECTION. Sec. 7. A new section is added to chapter 43.160 RCW to read as follows:

(1) In order to assist political subdivisions of the state and federally recognized Indian tribes in financing the cost of public facilities, the board:

(a) Must manage the public facilities construction loan revolving account in such a way as to ensure its sustainability.

(b) Must execute contracts or otherwise financially obligate funds from the public facilities construction loan revolving account for projects approved for funding by the board under the following programs:

- (i) Committed private sector partner construction;
 - (ii) Prospective development construction;
 - (iii) Planning; and
 - (iv) Any other program authorized by the legislature.
- (c) Must provide loans to political subdivisions and federally recognized Indian tribes for the purposes of financing the cost of public facilities.

(i) The board must determine the interest rate that loans bear. The interest rate may not exceed ten percent per annum.

(ii) The board may provide reasonable terms and conditions for repayment for loans, including partial forgiveness of loan principal and interest payments on projects located in rural communities as defined by the board, or rural counties. The loans may not exceed twenty years in duration.

(iii) In general, the board must require borrowers to begin repaying loans within one year of final contract execution. The board may authorize borrowers to defer initiating loan repayments for up to five years. A borrower must submit a deferral request to the board in writing and must include justification as to the need.

(d) May provide grants for purposes designated in this chapter, but only when, and to the extent that, a loan is not reasonably possible, given the limited resources of the political subdivision or the federally recognized Indian tribe and the finding by the board that financial circumstances require grant assistance to enable the project to move forward.

(2) No more than twenty-five percent of all financial assistance approved by the board in any biennium may consist of grants to political subdivisions and federally recognized Indian tribes.

(3) Except as authorized to the contrary under subsection (4) of this section, from all funds available to the board for financial assistance in a biennium under this chapter, the board must approve at least seventy-five percent of the first twenty million dollars of funds available and at least fifty percent of any additional funds for financial assistance for projects in rural counties or board defined rural communities.

(4) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in rural counties or board defined rural communities are clearly insufficient to use up the allocations under subsection (3) of this section, the board must estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in rural counties or board defined rural communities.

(5) The board may elect to reserve up to one million dollars of its biennial appropriation to use as state match for federal grant awards. The purpose and use of the federal funds must be consistent with the board's purpose of financing economic development infrastructure. Reserved board funds must be matched, at a minimum, dollar for dollar by federal funds. If the set aside funds are not fully utilized for federal grant match by the 18th month of the biennium, the board may use those funds for other eligible projects as stated in this chapter.

NEW SECTION. Sec. 8. A new section is added to chapter 43.160 RCW to read as follows:

The board must:

(1) Establish and maintain collaborative relations with governmental, private, and other financing organizations, advocate groups, and other stakeholders associated with state economic development activities and policies;

(2) Provide information and advice to the governor and legislature on matters related to economic development; and

(3) At the direction of the governor, provide information and advocacy at the national level on matters related to economic development financing.

NEW SECTION. Sec. 9. A new section is added to chapter 43.160 RCW to read as follows:

(1) Under the committed private sector partner construction program, the board may only provide financial assistance to a project

that demonstrates convincing evidence that a specific private sector development or expansion is ready to occur or will occur only if the public facility improvement is made.

(2) Under the prospective development construction program, the board may only provide financial assistance to a project that can demonstrate project feasibility using standard economic principles.

(3)(a) Projects applying under either the committed private sector partner construction program or the prospective development construction program must submit evidence comparing the median hourly wage of the private sector jobs to be created after the project is completed with the countywide median hourly wage for private sector jobs.

(b) The board must award a minimum of fifty percent of the moneys appropriated to it in the omnibus capital appropriations act to projects that are able to demonstrate convincing evidence that the median hourly wage of the private sector jobs created after the project is completed will exceed the countywide median hourly wage for private sector jobs.

(4) The board must give funding priority to eligible projects applying under the committed private sector partner construction program.

NEW SECTION. Sec. 10. A new section is added to chapter 43.160 RCW to read as follows:

(1) The board must prioritize awards for committed private sector partner construction and prospective development construction projects by considering at a minimum the following criteria:

(a) The number of jobs created by the expected business creation or expansion and the average wage of those expected jobs. In evaluating proposals for their job creation potential, the board may adjust the job estimates in applications based on the board's judgment of the credibility of the job estimates;

(b) The need for job creation based on the unemployment rate of the county or counties in which the project is located. When evaluating the jobs created by the project, the board may consider the area labor supply and readily available skill sets of the labor pool in the county or counties surrounding the project location;

(c) How the expected business creation or expansion fits within the region's preferred economic growth strategy as indicated by the efforts of nearby innovation partnership zones, industry clusters, future export prospects, or local government equivalent if available;

(d) The speed with which the project can begin construction;

(e) Whether the proposed project offers a health insurance plan for employees that includes an option for dependents of employees;

(f) Whether the public facility investment will increase existing capacity necessary to accommodate projected population and employment growth in a manner that supports infill and redevelopment of existing urban or industrial areas served by adequate public facilities; and

(g) The extent that the project leverages nonstate funds, and achieves overall the greatest benefit in job creation at good wages for the amount of money provided.

(2) The board may not provide financial assistance:

(a) For a project the primary purpose of which is to facilitate or promote a retail shopping development or expansion;

(b) For any project for which evidence exists that would result in a development or expansion that would displace jobs in any other community in the state;

(c) For a project the primary purpose of which is to facilitate or promote gambling; or

(d) For a project located outside the jurisdiction of the applicant political subdivision or federally recognized Indian tribe.

Sec. 11. RCW 43.160.076 and 2011 c 180 s 301 are each amended to read as follows:

~~((1) Except as authorized to the contrary under subsection (2) of this section, from all funds available to the board for financial assistance in a biennium under this chapter, the board shall approve at~~

~~least seventy five percent of the first twenty million dollars of funds available and at least fifty percent of any additional funds for financial assistance for projects in rural counties.~~

~~(2) If at any time during the last six months of a biennium the board finds that the actual and anticipated applications for qualified projects in rural counties are clearly insufficient to use up the allocations under subsection (1) of this section, then the board shall estimate the amount of the insufficiency and during the remainder of the biennium may use that amount of the allocation for financial assistance to projects not located in rural counties.~~

~~(3)) The board ((shall)) must solicit qualifying projects to plan, design, and construct public facilities needed to attract new industrial and commercial activities in areas impacted by the closure or potential closure of large coal-fired electric generation facilities, which for the purposes of this section means a facility that emitted more than one million tons of greenhouse gases in any calendar year prior to 2008. The projects should be consistent with any applicable plans for major industrial activity on lands formerly used or designated for surface coal mining and supporting uses under RCW 36.70A.368. When the board receives timely and eligible project applications from a political subdivision of the state for financial assistance for such projects, the board from available funds ((shall)) must give priority consideration to such projects.~~

Sec. 12. RCW 43.160.080 and 2010 1st sp.s. c 36 s 601 amended to read as follows:

(1) There ((shall)) must be a fund in the state treasury known as the public facilities construction loan revolving account, which ((shall)) consists of all moneys collected under this chapter and any moneys appropriated to it by law. Disbursements from the revolving account ((shall)) must be on authorization of the board. In order to maintain an effective expenditure and revenue control, the public facilities construction loan revolving account ((shall be)) is subject in all respects to chapter 43.88 RCW. During the 2009-2011 biennium, sums in the public facilities construction loan revolving account may be used for community economic revitalization board export assistance grants and loans in section 1018, chapter 36, Laws of 2010 1st sp. sess. and for matching funds for the federal energy regional innovation cluster in section 1017, chapter 36, Laws of 2010 1st sp. sess.

(2) The moneys in the public facilities construction loan revolving account must be used solely to fulfill commitments arising from financial assistance authorized in this chapter. The total outstanding amount, which the board must dispense at any time pursuant to this section, may not exceed the moneys available from the account.

(3) Repayments of loans made from the public facilities construction loan revolving account under the contracts for public facilities construction loans must be paid into the public facilities construction loan revolving account.

Sec. 13. RCW 43.160.900 and 2008 c 327 s 9 are each amended to read as follows:

(1) The community economic revitalization board ((shall)) must conduct biennial outcome-based evaluations of the financial assistance provided under this chapter. The evaluations ((shall)) must include information on the number of applications for community economic revitalization board assistance; the number and types of projects approved; the grant or loan amount awarded each project; the projected number of jobs created or retained by each project; the actual number and cost of jobs created or retained by each project; the wages and health benefits associated with the jobs; the amount of state funds and total capital invested in projects; the number and types of businesses assisted by funded projects; the location of funded projects; the transportation infrastructure available for completed projects; the local match and local participation obtained; the number of delinquent loans; and the number of project terminations. The evaluations may also include additional performance measures and recommendations for programmatic changes.

(2)(a) By September 1st of each even-numbered year, the board ((shall)) must forward its draft evaluation to the Washington state economic development commission for review and comment(~~as required in section 10 of this act~~). The board ((shall)) must provide any additional information as may be requested by the commission for the purpose of its review.

(b) Any written comments or recommendations provided by the commission as a result of its review ((shall)) must be included in the board's completed evaluation. The evaluation must be presented to the governor and appropriate committees of the legislature by December 31st of each even-numbered year. ~~((The initial evaluation must be submitted by December 31, 2010.))~~

NEW SECTION. Sec. 14. The following acts or parts of acts are each repealed:

(1) RCW 43.160.060 (Loans and grants to political subdivisions and federally recognized Indian tribes for public facilities authorized--Application--Requirements for financial assistance) and 2012 c 196 s 10, 2008 c 327 s 5, 2007 c 231 s 3, & 2004 c 252 s 3;

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. In conjunction with recent findings from the Washington state auditor's office, the legislature finds that there are thousands of state citizens who have been determined eligible for services through the department of social and health services' developmental disability administration. For those who have asked for help but are waiting for services, families may experience financial or emotional hardships. The legislature intends to clarify and make transparent the process for accessing publicly funded services for individuals with developmental disabilities and their families. The

legislature intends to significantly reduce the number of eligible individuals who are waiting for services by funding additional slots and by implementing new programs that better utilize federal funding partnerships.

Sec. 2. RCW 71A.10.020 and 2011 1st sp.s. c 30 s 3 are each amended to read as follows:

As used in this title, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Assessment" means an evaluation is provided by the department to determine:

(a) If the individual meets functional and financial criteria for medicaid services; and

(b) The individual's support needs for service determination.

(2) "Community residential support services," or "community support services," and "in-home services" means one or more of the services listed in RCW 71A.12.040.

~~((2))~~ (3) "Crisis stabilization services" means services provided to persons with developmental disabilities who are experiencing behaviors that jeopardize the safety and stability of their current living situation. Crisis stabilization services include:

(a) Temporary intensive services and supports, typically not to exceed sixty days, to prevent psychiatric hospitalization, institutional placement, or other out-of-home placement; and

(b) Services designed to stabilize the person and strengthen their current living situation so the person may continue to safely reside in the community during and beyond the crisis period.

~~((3))~~ (4) "Department" means the department of social and health services.

~~((4))~~ (5) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual. By January 1, 1989, the department shall promulgate rules which define neurological or other conditions in a way that is not limited to intelligence quotient scores as the sole determinant of these conditions, and notify the legislature of this action.

~~((5))~~ (6) "Eligible person" means a person who has been found by the secretary under RCW 71A.16.040 to be eligible for services.

~~((6))~~ (7) "Habilitative services" means those services provided by program personnel to assist persons in acquiring and maintaining life skills and to raise their levels of physical, mental, social, and vocational functioning. Respite care workers provide supervision, companionship, and personal care services temporarily replacing those provided by the primary caregiver of the person with disabilities. Respite care may include other services needed by the client, including

medical care which must be provided by a licensed health care practitioner.

~~((11))~~ (12) "Secretary" means the secretary of social and health services or the secretary's designee.

~~((12))~~ (13) "Service" or "services" means services provided by state or local government to carry out this title.

Sec. 3. RCW 71A.16.050 and 1988 c 176 s 405 are each amended to read as follows:

The determination made under this chapter is only as to whether a person is eligible for services. After the secretary has determined under this chapter that a person is eligible for services, the individual may request an assessment for eligibility for medicaid programs and specific services administered by the developmental disabilities administration. The secretary shall make a determination as to what services are appropriate for the person. The secretary shall prioritize services to medicaid eligible clients. Services may be made available to nonmedicaid eligible clients based on available funding. Services available through the state medicaid plan must be provided to those individuals who meet the eligibility criteria. The department shall establish and maintain a service request list database for individuals who are found to be eligible and have an assessed and unmet need for programs and services offered under a home and community-based services waiver, but the provision of a specific service would exceed the biennially budgeted capacity.

NEW SECTION. Sec. 4. The department of social and health services shall develop and implement a medicaid program to replace the individual and family services program for medicaid-eligible clients no later than May 1, 2015. The new medicaid program must offer services that closely resemble the services offered in fiscal year 2014 through the individual and family services program. GOVERNOR'S VETO MESSAGES

Sixty Third Legislature
2014 Legislative Session

VETO MESSAGE ON 2SHB 2251

March 28, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5, Second Substitute House Bill No. 2251 entitled:

"AN ACT Relating to fish barrier removals."

Section 5 of Second Substitute House Bill 2251 directs the Department of Fish and Wildlife to accomplish significant portions of the bill within existing funds. The Department will likely incur additional costs in future biennium as a result of this bill that it cannot absorb without undue hardship on existing programs. For this reason I am vetoing Section 5.

For these reasons I have vetoed Section 5 of Second Substitute House Bill No. 2251. With the exception of Section 5, Second Substitute House Bill No. 2251 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON 2SHB 1709

March 31, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Second Substitute House Bill No. 1709 entitled:

"AN ACT Relating to training for volunteer foreign language interpreters in K-12 public schools."

Section 1 is an intent section that discusses various experiences of experiences related to limited English proficient families and is not necessary to interpret or implement the substantive provisions of the bill.

For these reasons I have vetoed Section 1 of Second Substitute House Bill No. 1709. With the exception of Section •1, Second Substitute House Bill No. 1709 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON E2SHB 2207

March 31, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Second Substitute House Bill No. 2207 entitled:

"AN ACT Relating to eliminating the reduction in state basic education funding that occurs in counties with federal forest lands."

This legislation will allow high poverty school districts to retain up to \$70,000 of their annual federal forest funding allocation rather than current practice of the offsetting the entire amount against state apportionment funding.

Section 1 prevents any offsetting of federal forest funding from occurring for high poverty districts. This is a technical error in direct conflict with the \$70,000 annual limit established in Section 2 of this act.

For these reasons I have vetoed Section 1 of Engrossed Second Substitute House Bill No. 2207. With the exception of Section 1, Engrossed Second Substitute House Bill No. 2207 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON HB 2167

April 02, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, House Bill No. 2167 entitled:

"AN ACT Relating to changing the date by which challenged schools are identified."

This legislation changes the date by which OSPI is required to identify challenged schools in need of improvement and schools that are persistently lowest-achieving in the state.

Section 2 is an emergency clause section that will make this act effective immediately. The due dates in this legislation have come to pass and the emergency clause is therefore not necessary to implement the substantive provisions of the bill.

For these reasons I have vetoed Section 2 of House Bill No. 2167. With the exception of Section 2, House Bill No. 2167 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON ESHB 2626

April 03, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 1, Engrossed Substitute House Bill No. 2626 entitled:

"AN ACT Relating to establishing statewide educational attainment goals."

With this legislation we are taking the important step of adopting post-secondary attainment goals for all Washingtonians.

Section 1 is an intent section that discusses the labor market and attainment statistics and is not necessary to interpret or implement the substantive provisions of the bill.

For these reasons I have vetoed Section 1 of Engrossed Substitute House Bill No. 2626. With the exception of Section 1, Engrossed Substitute House Bill No. 2626 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON SHB 1260

April 4, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Substitute House Bill No. 1260 entitled:

"AN ACT Relating to public facilities' grants and loans."

I am vetoing HB 1260. Current law requires that 100 percent of all projects approved by the Community Economic Revitalization Board result in jobs that pay above the county's private-sector median wage. This bill, however, cuts that requirement in half.

As an ardent advocate for family-wage jobs, I believe this bill to be too aggressive a change. While I support the kind of flexibility that would take into account the intent of this bill, as just one or two large employers in an area could skew the median wage levels, we need to proceed with caution.

I intend to introduce legislation next session allowing this flexibility for 25% of CERB funds, rather than 50%. I believe such a bill would be an appropriate balance between supporting family wage jobs across the state, and supporting projects in rural communities that may not be able to meet their county's median wage threshold.

For these reasons I have vetoed Substitute House Bill No. 1260 in its entirety.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON E2SHB 2572

April 04, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 2 and 16, Engrossed Second Substitute House Bill No. 2572 entitled:

"AN ACT Relating to improving the effectiveness of health care purchasing and transforming the health care delivery system by advancing value-based purchasing, promoting community health, and providing greater integration of chronic illness care and needed social supports."

This measure, the Health Care Purchasing bill, directs the state to purchase care more effectively by integrating behavioral health with physical heal care, begins a process to bring transparency to health care costs, and supports communities as they identify and address local health problems.

However, I am vetoing the following sections:

Section 2 -The intent of the section is commendable, but I am dedicated to LEAN management and there is duplication of actuarial work required. Also, there is a question of appropriate legislative oversight. To ensure the spirit of this section is accomplished, I have instructed the Health Care Authority to comply with the elements in this section.

Section 16 -This section involves the Office of the Insurance Rate Review process. The Office of the Insurance Commissioner has worked out this process with the interested parties, so this provision is unnecessary.

For these reasons I have vetoed Sections 2 and 16 of Engrossed Second Substitute House Bill No. 2572 . With the exception of Sections 2 and 16, Engrossed Second Substitute House Bill No. 2572 is approved.

Respectfully submitted,
Jay Inslee
Governor

VETO MESSAGE ON EHB 2789

April 4, 2014

To the Honorable Speaker and Members,
The House of Representatives of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed House Bill No. 2789 entitled:

"AN ACT Relating to technology-enhanced government surveillance."

This legislation imposes restrictions on state and local agency procurement and usage of "extraordinary sensing devices" attached to unmanned aircraft systems, more popularly known as "drones." Among a number of provisions, the bill imposes a prohibition on the use of extraordinary sensing devices and the disclosure of personal information acquired through such devices, with some exceptions, and creates a new definition of personal information.

After receiving extensive input and considerable reflection, I am vetoing the bill. However, I am issuing a moratorium to executive-branch state agencies to prohibit the purchase and use of these devices during the next 15 months, and asking local law enforcement to do the same.

The Legislature is rightfully concerned about the effects of new technology on our citizens' right to privacy. I share that same concern and take the right to privacy very seriously. As articulated by the lawmakers who supported this bill, some members of the public have concern that, without rules and standards dictating the acceptable uses of unmanned aircraft systems, the government might embark on suspicion-less and warrantless surveillance using this technology. As pointed out by lawmakers on both sides of the aisle, it is important we create the right framework to address these issues so Washingtonians can feel confident their privacy is protected.

While we work in the coming months to create a framework that is protective and can be effectively implemented, no state executive agency will purchase or use these devices until the Legislature has the opportunity to revisit these critical issues in the next session.

I have also heard concerns that local law enforcement agencies might use this veto as an opportunity to purchase these devices this year and conduct warrantless surveillance. I believe local government is as concerned as I am about ensuring our citizens' rights are not violated. Because of this, I am asking the

police chiefs and sheriffs across the state to also refrain from acquiring these devices for the next 15 months and to join us in evaluating the appropriate ways to use these new technologies.

However, I understand there could be an extraordinary natural disaster or other need for a rare exception to this directive.

If we are going to build clear standards for procurement, use and data collection policies for new technology, it's important we do this right. Unfortunately, I do not believe this bill is the appropriate first step. Among other issues, this measure contains conflicting provisions on disclosure and destruction of personal information. This could lead to shielding government uses of this technology from public disclosure. We must ensure that government transparency and accountability are amply provided, which are not clearly guaranteed in this legislation.

The bill also includes an expansive new definition of personal information that would make it impossible to use this technology without violating the prohibitions as written in this bill, and lacks the clarity necessary to give both regulatory and law enforcement agencies -and the public a clear understanding of how these technologies can and will be used in the future.

I commend the parties for bringing this issue to the forefront and for their determination to get a bill passed this session. While I considered exercising section vetoes to achieve this end, this was not possible.

I share the parties' concern about the privacy of our citizens, and I want members of the public to feel confident their government is protecting them while not violating their rights in the process. I have heard from many who support the passage of this bill and many who are concerned it is not yet ready to be enacted into law. I have carefully read and considered this bill, and believe it deserves more work. I believe, too, we want to get ahead of this issue and get standards in place before government agencies start to use this new technology.

My office will be creating a task force this month to better examine these complex issues and develop a fully vetted bill for the 2015 legislative session. The task force will be composed of a broad group of stakeholders to include legislators, the ACLU, state agencies, law enforcement, industry and citizens-at-large. We need to work through these concerns in a transparent and thoughtful manner to make sure what we sign into law protects the privacy of Washingtonians while also creating clear and fair standards for the use of new technology to protect the safety and well-being of our citizens.

For these reasons I have vetoed Engrossed House Bill No. 2789 in its entirety.

Respectfully submitted,
Jay Inslee

GOVERNOR'S PARDONS AND COMMUTATIONS

Sixty Third Legislature
2014 Legislative Session

AMENDED CONDITIONAL COMMUTATION OF ALKAREEM JABBAR SHADEED

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Alkareem Jabbar Shadeed, aka Jerry Dwayne Johnson, was convicted on November 10, 1994, of Attempted Robbery in the Second Degree, Attempting to Elude a Pursuing Police Vehicle and Taking, and Riding a Motor Vehicle Without Permission in King County Superior Court Cause Number 94-1-01095-2 and sentenced to serve Life without the Possibility of Parole under Washington's persistent offender law, otherwise known as the "Three Strikes" law.

WHEREAS, according to the court record, the crime leading to Mr. Shadeed's third strike occurred on February 9, 1994. At the age of 24, Mr. Shadeed attempted to rob Craig MacGowan of his wallet. Mr. Shadeed approached Mr. MacGowan from behind and grabbed him. Mr. MacGowan managed to drag Mr. Shadeed into the street. Mr. Shadeed was then startled by a car driving by. He let Mr. MacGowan go and ran to a parked vehicle he had taken without permission earlier in the day and drove away. When spotted later by Seattle Police, Mr. Shadeed attempted to elude capture on foot but was later apprehended. Mr. Shadeed was on probation at the time of the offense. He was convicted and sentenced in November 1994 by King County Superior Court Judge Richard Ishikawa.

WHEREAS, Mr. Shadeed's second strike was earned when he was convicted of Robbery in the Second Degree for the robbery of Jaime Guox on March 28, 1991. Mr. Shadeed approached Mr. Guox while Mr. Guox was waiting for a bus in downtown Los Angeles, California. Mr. Shadeed told Mr. Guox he didn't like him being at the bus stop. He then pinned Mr. Guox up against a wall by putting a forearm into Mr. Guox's neck and held a metal pipe against Mr. Guox, threatening him with it. Mr. Shadeed then demanded money and checked Mr. Guox's pockets while holding the pipe over his head as if he was going to strike Mr. Guox with it. Mr. Shadeed took \$2 from Mr. Guox. Mr. Shadeed was sentenced to five years in prison and served time until the fall of 1993, when he was released from custody and traveled to Seattle.

WHEREAS, Mr. Shadeed's was convicted of his first strike offense in June of 1989 in San Joaquin County, California, of one count of Robbery in the Second Degree for the robbery of William Lynch on April 17, 1989. Mr. Lynch was standing outside of a movie theatre in Stockton, California when Mr. Shadeed got out of a van, approached Mr. Lynch and told him to give him his money. Mr. Shadeed had his hand in his pocket and told Mr. Lynch he had a gun. Mr. Lynch gave Mr. Shadeed his money because he feared for his life. A witness was able to get the license plate of the van, which led police to Mr. Shadeed.

WHEREAS, Mr. Shadeed was also initially charged with robbing Carla Belloumini on April 16, 1989, the day before he robbed Mr. Lynch. He approached her in a Payless parking lot, demanded her purse, and then took the purse by force when she would not hand it over. He then got into the same van and left the area. Based on the court records, it appears that this charge was dropped as part of a plea bargain on the Lynch robbery.

WHEREAS, Mr. Shadeed was also convicted of Receiving Stolen Property for possessing a stolen van at the time of his arrest for the robberies of Mr. Lynch and Ms. Belloumini. He had stolen William Huddler's van the day before he robbed Ms. Belloumini. He was sentenced to four years in prison for these offenses. He was also sentenced on a charge of Furnishing a Substance in Lieu of Cocaine, a charge for which he was out on bail at the time he committed the robberies. Shortly after sentencing, Mr. Shadeed was found to be addicted to crack cocaine and was sent to the California Rehabilitation Center. He spent less than a year of his four-year prison term at the Rehabilitation Center. He was released in June of 1990.

WHEREAS, Mr. Shadeed submitted a petition to the Washington State Clemency and Pardons Board in 2009, requesting that his Life Sentence without the Possibility of Parole on Cause No. 94-1-01095-2 be commuted by Governor Christine Gregoire.

WHEREAS, at the time of his conviction, the standard range for Mr. Shadeed's offense was 33 to 43 months. The maximum sentence for Second Degree Robbery in Washington State, without the three strikes law, is 120 months.

WHEREAS, Mr. Shadeed unequivocally accepted responsibility and expressed remorse for all of his past crimes and deeply apologized for his actions to his victims, his family, and the state of Washington at his June 2009 Clemency and Pardons Board hearing.

WHEREAS, prior to that hearing, King County Prosecutor Daniel Satterberg reviewed Mr. Shadeed's clemency request in the context of other early Three Strikes cases prosecuted by the King County Prosecutor's Office in 1994 and 1995 shortly after voters approved the Three Strikes law with Initiative 593. In the course of that review, Mr. Satterberg observed that the King County Prosecutor's Office charged and prosecuted the lowest ranking strike eligible offenses differently than they do today.

WHEREAS, Mr. Shadeed showed considerable rehabilitation during his period of incarceration. Even though Mr. Shadeed had no reason to believe he would ever be released from prison, Mr. Shadeed pursued the educational and programming opportunities made available to him. He completed basic vocational education classes, obtained his GED in 1995, and took vocational courses in microcomputer skills in 1998, barbering in 1999, office technology in 1999, and food service in 1999. He also took classes in creative writing and business and volunteered with Seattle University Criminal Justice Professor Jacqueline Helfgott on victim-offender issues. Finally, he participated and was a leader in the Concerned Lifers organization and the Black Prisoners Caucus.

WHEREAS, following Mr. Shadeed's Clemency and Pardons Board hearing on June 11, 2009, the Board issued a unanimous recommendation in support of a commutation of Mr. Shadeed's Life without the Possibility of Parole sentence.

WHEREAS, on September 9, 2011, Governor Gregoire granted Mr. Shadeed a Conditional Commutation on the remainder of his sentence, subject to his successful completion of a term of Community Custody for 24 months and compliance with specific conditions during that period of supervision. He was released from prison on June 20, 2011. At the time of his release, Mr. Shadeed had served almost 17 years in prison as a result of his third strike conviction.

WHEREAS, after over 17 months of successful community supervision, Mr. Shadeed was located at the residence of a known drug user on March 19, 2013, and arrested by officers with the Department of Corrections. Immediately following his arrest,

Mr. Shadeed was given a drug test and tested negative for all controlled substances. The Department of Corrections then alleged that Mr. Shadeed committed three violations of his Conditional Commutation, including: 1) having contact with a known drug user; 2) possession of cocaine residue; and 3) failing to abide by a travel permit by being at an unapproved residence.

WHEREAS, a Community Custody Hearing was held on April 3, 2013, at the Washington Corrections Center. Hearing Officer Paul Ockerman determined, by the preponderance of the evidence, that Mr. Shadeed was guilty of committing the above violations, and sentenced him to 30 days of confinement.

WHEREAS, having reviewed the Community Custody Hearing Report, the Hearing and Decision Summary report, the Department of Corrections Report of Alleged Violation, and all of the supporting documents therein, I have determined that Mr. Shadeed has violated the Conditional Commutation granted by Governor Gregoire in September 2011.

WHEREAS, Mr. Shadeed had positive compliance with the conditions of his supervision prior to these violations. Between his release in September 2011 and his arrest in March 2013, Mr. Shadeed did not commit any violations, with the exception of a driving citation. He was in full compliance with his required reporting instructions. He has demonstrated involvement with his family and his church. He has been actively seeking and improving his education and gained employment.

WHEREAS, since his release from prison, Mr. Shadeed has lived in Moses Lake, Washington, with his wife, children, and grandchildren. He has worked steadily in demanding, low-paying jobs in order to provide for his family. Mr. Shadeed has also completed a substance abuse assessment and the recommended course of treatment. He has been subject to random and frequent drug and alcohol testing as a condition of his Conditional Commutation and has not tested positive for any controlled substances since the day of his release.

WHEREAS, King County Prosecutor Daniel Satterburg has reviewed the facts and circumstances of Mr. Shadeed's recent violations and supports his release back into the community, subject to the conditions below.

WHEREAS, Section 5 of Initiative 593 indicated that "[n]othing in this act shall ever be interpreted or construed as to reduce or eliminate the power of the governor to grant a pardon or clemency to any offender on an individual case-by-case basis."

WHEREAS, I have reviewed all pertinent facts and circumstances surrounding this matter, the circumstances of Mr. Shadeed's previous crimes and the nature of his recent violations, comments favoring release of Mr. Shadeed and the favorable recommendations of the King County Prosecutor's Office and the Department of Corrections, and have directed the Department of Corrections to develop an effective release plan for Mr. Shadeed prior to his release in the community, and in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE , I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington under Article III Section 9 of the Washington State Constitution, RCW 9.94A.885 and RCW 9.95.260, hereby grant to Al-Kareem J. Shadeed an Amended Conditional Commutation subject to him indicating in writing that he will complete a term of Community Custody of 18 months from the date of his release, ending no later than December 31, 2014, and compliance with the following

7. Participate in electronic home monitoring for the duration of his period of supervision, as directed by the community corrections officer;
8. Remain in the geographic areas directed by the community corrections officer;

19. Participate in the Youth At Risk or other similar community service program, as directed by the community corrections officer; and
20. Comply with all standard conditions, recommendations, and instructions of community placement as directed by the community corrections officer.

PROVIDED that Mr. Shadeed shall remain under the supervision of the Department of Corrections and explicitly follow the conditions established by that agency during the term of his Community Custody. Violation of any of the above conditions shall result in sanctions as deemed appropriate by the Department of Corrections and may result in the termination of this Amended Conditional Commutation as provided below. If Mr. Shadeed is taken into custody following any alleged violation, the Department shall hold a Community Custody Hearing. The Department may also require Mr. Shadeed to perform affirmative acts deemed appropriate to monitor compliance with the conditions and may issue warrants or detain Mr. Shadeed if he violates a condition.

ADDITIONALLY PROVIDED that in the event Mr. Shadeed violates the conditions of this Amended Conditional Commutation, as determined by the Governor, this Amended Conditional Commutation may be revoked and the sentence of the court reinstated, whereupon Mr. Shadeed will be immediately returned to the Washington Corrections Center or any such facility as the Secretary of the Department of Corrections deems appropriate. If any such violation occurs, the Department of Corrections shall provide a written report to the Governor regarding the violation. A written notice of the Governor's intent to review the alleged violations and revoke or amend the Amended Conditional Commutation will then be mailed to the most recent address Mr. Shadeed has provided to the Office of the Governor or, if Mr. Shadeed is in custody, to his place of detention. If within 14 calendar days of the mailing of the notice, Mr. Shadeed submits a sworn statement made under penalty of perjury that he has in fact complied with all conditions of this Amended Conditional Commutation, the Governor shall appoint a hearing officer. The hearing officer will provide Mr. Shadeed an opportunity to be heard and to present witnesses and documentary evidence that he has met all conditions upon which the Amended Conditional Commutation is granted. The hearing officer shall present findings of fact and a transcript of the hearing to the Governor for the Governor's final and conclusive determination on whether Mr. Shadeed has violated the conditions of this Amended Conditional Commutation.

ADDITIONALLY PROVIDED that in the event Mr. Shadeed is convicted anywhere at any time of any offense the elements of which would classify the crime as a gross misdemeanor or felony in the state of Washington, this Amended Conditional Commutation shall be revoked and the sentence of the court reinstated, whereupon Mr. Shadeed will be immediately returned to the Washington Corrections Center or any such facility that the Secretary of the Department of Corrections deems appropriate.

ADDITIONALLY PROVIDED that Mr. Shadeed may be detained pending judicial disposition of any new criminal charge or a final determination of whether a condition of this Amended Conditional Commutation has been violated, if the Governor determines there are reasonable grounds to believe he has violated the above conditions of this Amended Conditional Commutation, reason to be concerned that he would pose a risk to any person or to the community, or that there is a possibility that Mr. Shadeed may abscond if not detained. If detained, Mr. Shadeed will be provided a preliminary hearing, as promptly as convenient after arrest, to determine whether there are reasonable grounds to believe he has violated the above conditions.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the State of Washington to be affixed at Olympia on this 28th day of May, A.D., two thousand and thirteen.

Governor of Washington

AMENDED CONDITIONAL COMMUTATION OF MARY ANN LONDON

To All to Whom These Presents Shall Come, Greetings:

WHEREAS, Mary Ann London was convicted on February 6, 1995, of Burglary in the First Degree and Robbery in the Second Degree under King County Superior Court Cause Number 94-1-05915-3 and sentenced to serve Life without the Possibility of Parole under Washington's persistent offender law, the so-called "Three Strikes" law.

WHEREAS, the crime leading to Ms. London's final strike occurred on June 8, 1994. At the age of 35, Ms. London attacked and robbed an acquaintance, 29 year-old Jeff Mattson, of six dollars and two radios. Mr. Mattson was an individual with cerebral palsy. Ms. London threatened that if he said anything, she would kill him. After she left, Mr. Mattson rode his bicycle to his grandmother's house where the police were called. Police searched Mr. Mattson's apartment and found that the telephone line was cut. Ms. London's conviction for this offense resulted in a life sentence.

WHEREAS, Ms. London's second strike arose from a crime committed on July 31, 1991. Ms. London assaulted and threatened her neighbor, an individual with cerebral palsy. Ms. London forced her way into the apartment of Cindy Hodges, hit her in the face, and took money from her. After Ms. London left, the police arrived and took a statement from Ms. Hodges. Ms. London later returned with a male companion and repeated the crime before she was caught. Ms. London was found guilty of Robbery in the Second Degree and served 5 months in prison.

WHEREAS, the crime that led to Ms. London's first strike conviction occurred on March 1, 1988. Ms. London was convicted of Robbery in the Second Degree for assaulting and stealing from 80 year-old Leslie Guerrero. Ms. London was acquainted with Ms. Guerrero. Ms. London showed up one night at Ms. Guerrero's apartment door, asking to come in. Ms. Guerrero let Ms. London inside. Once inside, Ms. London asked for money. When Ms. Guerrero refused, Ms. London shoved Ms. Guerrero down onto the bed and took her purse. Ms. London served a 12-month sentence for the crime.

WHEREAS, Ms. London showed considerable rehabilitation during her period of incarceration, took responsibility for her actions, and was truly remorseful. Ms. London sought to improve herself through a variety of programs available to her in prison, although many programs were unavailable to her. She completed stress and anger management classes. She participated in church conferences through the "Women of Faith" program. Ms. London worked in the prison as a janitor for a number of years, took pride in her work, and received high marks from her supervisors. Ms. London expressed regret for the harm inflicted on her victims and said she is deeply sorry for her actions.

WHEREAS, King County Prosecutor Daniel Satterberg, King County Superior Court Judge George Finkle (Retired), and Clinical Associate Professor Karil S. Klingbeil, University of Washington, strongly recommended clemency and the release of Ms. London from prison.

WHEREAS, Mr. Satterberg indicated that now the King County Prosecutor's Office charges and prosecutes strike-eligible offenses differently than it did in 1994 and 1995, shortly after voters approved Initiative 593. Today, to avoid a disproportionate life sentence, the King County Prosecutor's Office would charge Theft in the First Degree and a lesser assault charge instead of Robbery in the Second Degree, and would seek an agreed sentence of 10 years. Mr. Satterberg indicated that while the crimes Ms. London committed are worthy of serious punishment, the sentence that has been served has accomplished this goal. His office attempted to contact the victim of Ms. London's third strike offense so the victim could share his view on the matter of clemency, but no response was received.

WHEREAS, Mr. Satterberg wrote to the Clemency and Pardons Board that Ms. London has come to recognize and address the factors that contributed to her criminal behavior- sexual abuse as a child, domestic abuse as an adult, and severe addiction to drugs. He observed that she sought to improve herself through programs available in prison and that during her incarceration she displayed none of the anger and violence that led to her life sentence.

WHEREAS, Judge Finkle, who sentenced Ms. London to Life without the Possibility of Parole as required by law, met with Ms. London in 2009. Judge Finkle stated he believed Ms. London had served the substantial prison term that she deserved, that she had made remarkable changes in her attitude, behavior, and that she is well-motivated to succeed under release.

WHEREAS, Professor Klingbeil testified that Ms. London suffered cruelty and abuse much of her life that contributed to her behavior, that Ms. London has great remorse for the problems she has caused, and that she is now a changed person who is kind and clear-thinking, with new problem-solving skills that will make her successful in the community.

WHEREAS, Ms. London appeared to have used her 16 years in prison to rehabilitate herself, overcome her substance abuse, develop vocational skills, take pride in her work, change her behavior, build a relationship with her adult daughter, and become a responsible and rehabilitated person who can make a positive impact on her community.

WHEREAS, Ms. London continues to have the support of her church, which offered to assist her, and has the support of people in the community who have offered their support.

WHEREAS, following Ms. London's Clemency and Pardons Board hearing, the Board issued a unanimous recommendation in support of a commutation of Ms. London's Life without the Possibility of Parole sentence.

WHEREAS, on June 27, 2011, Governor Christine Gregoire granted Ms. London a Conditional Commutation on the remainder of her sentence, subject to her successful completion of a term of Community Custody for 24 months and compliance with specific conditions during that period of supervision. She was released from prison on July 14, 2011. At the time of her release, Ms. London had served 16 years in prison as a result of her third strike conviction.

WHEREAS, after 19 months of successful community supervision, Ms. London admitted to a relationship with a known drug user/seller. Three months later she was arrested for continued contact with the same individual. During a search after her arrest, a community corrections officer located a pill bottle in her purse. Prior to arrest, Ms. London had submitted to a drug test and tested negative for all controlled substances. The Department of Corrections then alleged that Ms. London committed two violations of her Conditional Commutation: 1) having contact with a known drug user; and 2) failing to comply with instructions of a community corrections officer.

WHEREAS, a Community Custody Hearing was held on June 19, 2013. Hearing Officer Jolene Agostini determined, by the preponderance of the evidence, that Ms. London was guilty of committing the above violations, and sentenced her to 20 days of confinement.

WHEREAS, having reviewed the Community Custody Hearing Report, the Hearing and Decision Summary report, the Department of Corrections Report of Alleged Violation, and all of the supporting documents therein, I have determined that Ms. London has violated the Conditional Commutation granted by Governor Gregoire in June 2011.

WHEREAS, Ms. London had generally positive compliance with the conditions of her supervision prior to these violations. Between her release in July 2011 and her arrest in June 2013, Ms. London did not commit any new law violations. Her only violations were for failure to comply with GPS requirements.

She has demonstrated involvement with her church. She has been actively seeking and improving her education, and has gained employment.

WHEREAS, since Ms. London's release from prison, she has lived in Auburn, Washington, and has support from her church and her pastor. She has been working toward her GED at Green River Community College and attends two sober support meetings per week. She also meets weekly with a case manager at St. Vincent de Paul. She has been subject to frequent drug testing and has not tested positive since her release.

WHEREAS, King County Prosecutor Daniel Satterberg has reviewed the facts and circumstances of Ms. London's recent violations and supports her release back into the community, subject to the conditions below.

WHEREAS, Section 5 of Initiative 593 indicates that "[n]othing in this act shall ever be interpreted or construed as to reduce or eliminate the power of the governor to grant a pardon or clemency to any offender on an individual case-by-case basis." •

WHEREAS, I have reviewed all the pertinent facts and circumstances surrounding this matter, the circumstances of Ms. London's previous crimes and the nature of her recent violations, comments favoring release of Ms. London, and the favorable recommendations of the King County Prosecutor and the Washington State Clemency and Pardons Board and, in light of the foregoing, I have determined that the best interests of justice will be served by this action.

NOW, THEREFORE, I, Jay Inslee, by virtue of the power vested in me as Governor of the state of Washington under Article III Section 9 of the Washington State Constitution, RCW 9.94A.885 and RCW 9.95.260, hereby grant to Mary Ann London a Conditional Commutation of the remainder of her sentence subject to her indicating in writing that she accepts an additional term of Community Custody o/ 24 months, ending July 19, 2016, and compliance with the following conditions during the term of her Community Custody, all of which commence as of July 19, 2013:

Ms. London shall:

1. Report regularly to a community corrections officer as directed by the Department of Corrections;
2. Pay a monthly supervision fee as directed by the community corrections officer;
3. Participate in Department of Corrections approved education, employment, and/or community service;
4. Receive prior approval from the Department of Corrections for living arrangements and residence location;
5. Allow community corrections officers to conduct such home visits as the community corrections officers deem appropriate;
6. Notify the Department of Corrections prior to any changes of address or employment;
7. Participate in electronic home monitoring for the duration of his period of supervision, as directed by the community corrections officer;
8. Remain in the geographic area as directed by the community corrections officer;
