(7) An economic development element establishing local goals, policies, objectives, and provisions for economic growth and vitality and a high quality of life. The element shall include: (a) A summary of the local economy such as population, employment, payroll, sectors, businesses, sales, and other information as appropriate; (b) a summary of the strengths and weaknesses of the local economy defined as the commercial and industrial sectors and supporting factors such as land use, transportation, utilities, education, workforce, housing, and natural/cultural resources; and (c) an identification of policies, programs, and projects to foster economic growth and development and to address future needs. A city that has chosen to be a residential community is exempt from the economic development element requirement of this subsection.

(8) A park and recreation element that implements, and is consistent with, the capital facilities plan element as it relates to park and recreation facilities. The element shall include: (a) Estimates of park and recreation demand for at least a ten-year period; (b) an evaluation of facilities and service needs; and (c) an evaluation of intergovernmental coordination opportunities to provide regional approaches for meeting park and recreational demand.

(9) It is the intent that new or amended elements required after January 1, 2002, be adopted concurrent with the scheduled update provided in RCW 36.70A.130. Requirements to incorporate any such new or amended elements shall be null and void until funds sufficient to cover applicable local government costs are appropriated and distributed by the state at least two years before local government must update comprehensive plans as required in RCW 36.70A.130.

Sec. 3. RCW 36.70A.110 and 2010 c 211 s 1 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve. As part of this planning process, each city within the county must include areas sufficient to accommodate the broad range of needs and uses that will accompany the projected urban growth including, as appropriate, medical, governmental, institutional, commercial, service, retail, and other nonresidential uses.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the

remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and under this section. Such action may be appealed to the growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

(8)(a) Except as provided in (b) of this subsection, the expansion of an urban growth area is prohibited into the one hundred year floodplain of any river or river segment that: (i) Is located west of the crest of the Cascade mountains; and (ii) has a mean annual flow of one thousand or more cubic feet per second as determined by the department of ecology.

(b) Subsection (8)(a) of this section does not apply to:

(i) Urban growth areas that are fully contained within a floodplain and lack adjacent buildable areas outside the floodplain;

(ii) Urban growth areas where expansions are precluded outside floodplains because:

(A) Urban governmental services cannot be physically provided to serve areas outside the floodplain; or

(B) Expansions outside the floodplain would require a river or estuary crossing to access the expansion; or

(iii) Urban growth area expansions where:

(A) Public facilities already exist within the floodplain and the expansion of an existing public facility is only possible on the land to be included in the urban growth area and located within the floodplain; or

(B) Urban development already exists within a floodplain as of July 26, 2009, and is adjacent to, but outside of, the urban growth area, and the expansion of the urban growth area is necessary to include such urban development within the urban growth area; or

(C) The land is owned by a jurisdiction planning under this chapter or the rights to the development of the land have been permanently extinguished, and the following criteria are met:

(I) The permissible use of the land is limited to one of the following: Outdoor recreation; environmentally beneficial projects, including but not limited to habitat enhancement or environmental restoration; storm water facilities; flood control facilities; or underground conveyances; and

(II) The development and use of such facilities or projects will not decrease flood storage, increase storm water runoff, discharge pollutants to fresh or salt waters during normal operations or floods, or increase hazards to people and property.

(c) For the purposes of this subsection (8), "one hundred year floodplain" means the same as "special flood hazard area" as set forth in WAC 173-158-040 as it exists on July 26, 2009.

(9) The requirements of this section do not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b).

Sec. 4. RCW 36.70A.115 and 2009 c 121 s 3 are each amended to read as follows:

(1) Counties and cities that are required or choose to plan under RCW 36.70A.040 shall ensure that, taken collectively, adoption of and amendments to their comprehensive plans and/or development regulations provide sufficient capacity of land suitable for development within their jurisdictions to accommodate their allocated housing and employment growth, including the accommodation of, as appropriate, the medical, governmental, educational, institutional, commercial, and industrial facilities related to such growth, as adopted in the applicable countywide planning policies and consistent with the twenty- year population forecast from the office of financial management.

(2) The requirements of this section do not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b) and the cities within that county.

Sec. 5. RCW 36.70A.120 and 1993 sp.s. c 6 s 3 are each amended to read as follows:

(1) Each county and city that is required or chooses to plan under RCW 36.70A.040 shall perform its activities and make capital budget decisions in conformity with its comprehensive plan.

(2) The requirements of this section do not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b) and the cities within that county.

Sec. 6. RCW 36.70A.140 and 1995 c 347 s 107 are each amended to read as follows:

(1) Each county and city that is required or chooses to plan under RCW 36.70A.040 shall establish and broadly disseminate to the public a public participation program identifying procedures providing for early and continuous public participation in the development and amendment of comprehensive land use plans and development regulations implementing such plans. The procedures shall provide for broad dissemination of proposals and alternatives, opportunity for written comments, public meetings after effective notice, provision for open discussion, communication programs, information services, and consideration of and response to public comments. In enacting legislation in response to the board's decision pursuant to RCW 36.70A.300 declaring part or all of a comprehensive plan or development regulation invalid, the county or city shall provide for public participation that is appropriate and effective under the circumstances presented by the board's order. Errors in exact compliance with the established program and procedures shall not render the comprehensive land use plan or development regulations invalid if the spirit of the program and procedures is observed.

(2) The requirements of this section do not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b) and the cities within that county.

Sec. 7. RCW 36.70A.150 and 1991 c 322 s 23 are each amended to read as follows:

(1) Each county and city that is required or chooses to prepare a comprehensive land use plan under RCW 36.70A.040 shall identify lands useful for public purposes such as utility corridors, transportation corridors, landfills, sewage treatment facilities, storm water management facilities, recreation, schools, and other public uses. The county shall work with the state and the cities within its borders to identify areas of shared need for public facilities. The jurisdictions within the county shall prepare a prioritized list of lands necessary for the identified public uses including an estimated date by which the acquisition will be needed.

The respective capital acquisition budgets for each jurisdiction shall reflect the jointly agreed upon priorities and time schedule.

(2) The requirements of this section do not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b) and the cities within that county.

Sec. 8. RCW 36.70A.160 and 1992 c 227 s 1 are each amended to read as follows:

(1) Each county and city that is required or chooses to prepare a comprehensive land use plan under RCW 36.70A.040 shall identify open space corridors within and between urban growth areas. They shall include lands useful for recreation, wildlife habitat, trails, and connection of critical areas as defined in RCW 36.70A.030. Identification of a corridor under this section by a county or city shall not restrict the use or management of lands within the corridor for agricultural or forest purposes. Restrictions on the use or management of such lands for agricultural or forest purposes imposed after identification solely to maintain or enhance the value of such lands as a corridor may occur only if the county or city acquires sufficient interest to prevent development of the lands or to control the resource development of the lands. The requirement for acquisition of sufficient interest does not include those corridors regulated by the interstate commerce commission, under provisions of 16 U.S.C. Sec. 1247(d), 16 U.S.C. Sec. 1248, or 43 U.S.C. Sec. 912. Nothing in this section shall be interpreted to alter the authority of the state, or a county or city, to regulate land use activities.

(2) The city or county may acquire by donation or purchase the fee simple or lesser interests in these open space corridors using funds authorized by RCW 84.34.230 or other sources.

(3) The requirements of this section do not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b) and the cities within that county.

Sec. 9. RCW 36.70A.200 and 2013 c 275 s 5 are each amended to read as follows:

(1) The comprehensive plan of each county and city that is planning under RCW 36.70A.040 shall include a process for identifying and siting essential public facilities. Essential public facilities include those facilities that are typically difficult to site, such as airports, state education facilities and state or regional transportation facilities as defined in RCW 47.06.140, regional transit authority facilities as defined in RCW 81.112.020, state and local correctional facilities, solid waste handling facilities, and inpatient facilities including substance abuse facilities, mental health facilities, group homes, and secure community transition facilities as defined in RCW 71.09.020.

(2) Each county and city planning under RCW 36.70A.040 shall, not later than September 1, 2002, establish a process, or amend its existing process, for identifying and siting essential public facilities and adopt or amend its development regulations as necessary to provide for the siting of secure community transition facilities consistent with statutory requirements applicable to these facilities.

(3) Any city or county not planning under RCW 36.70A.040 shall, not later than September 1, 2002, establish a process for siting secure community transition facilities and adopt or amend its development regulations as necessary to provide for the siting of such facilities consistent with statutory requirements applicable to these facilities.

(4) The office of financial management shall maintain a list of those essential state public facilities that are required or likely to be built within the next six years. The office of financial management may at any time add facilities to the list.

(5) No local comprehensive plan or development regulation may preclude the siting of essential public facilities.

(6) No person may bring a cause of action for civil damages based on the good faith actions of any county or city to provide for the siting of secure community transition facilities in accordance with this section and with the requirements of chapter 12, Laws of 2001 2nd sp. sess. For purposes of this subsection, "person" includes, but is not limited to, any individual, agency as defined in RCW 42.17A.005, corporation, partnership, association, and limited liability entity.

(7) Counties or cities siting facilities pursuant to subsection (2) or (3) of this section shall comply with RCW 71.09.341.

(8) The failure of a county or city to act by the deadlines established in subsections (2) and (3) of this section is not:

(a) A condition that would disqualify the county or city for grants, loans, or pledges under RCW 43.155.070 or 70.146.070;

(b) A consideration for grants or loans provided under RCW 43.17.250(3); or

(c) A basis for any petition under RCW 36.70A.280 or for any private cause of action.

(9) The requirements of subsections (1), (2), and (5) through (8) of this section do not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b) and the cities within that county.

Sec. 10. RCW 36.70A.210 and 2009 c 121 s 2 are each amended to read as follows:

(1) The legislature recognizes that counties are regional governments within their boundaries, and cities are primary providers of urban governmental services within urban growth areas. For the purposes of this section, a "countywide planning policy" is a written policy statement or statements used solely for establishing a countywide framework from which county and city comprehensive plans are developed and adopted pursuant to this chapter. This framework shall ensure that city and county comprehensive plans are consistent as required in RCW 36.70A.100. Nothing in this section shall be construed to alter the land-use powers of cities.

(2) The legislative authority of a county that plans under RCW 36.70A.040 shall adopt a countywide planning policy in cooperation with the cities located in whole or in part within the county as follows:

(a) No later than sixty calendar days from July 16, 1991, the legislative authority of each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040 shall convene a meeting with representatives of each city located within the county for the purpose of establishing a collaborative process that will provide a framework for the adoption of a countywide planning policy. In other counties that are required or choose to plan under RCW 36.70A.040, this meeting shall be convened no later than sixty days after the date the county adopts its resolution of intention or was certified by the office of financial management.

(b) The process and framework for adoption of a countywide planning policy specified in (a) of this subsection shall determine the manner in which the county and the cities agree to all procedures and provisions including but not limited to desired planning policies, deadlines, ratification of final agreements and demonstration thereof, and financing, if any, of all activities associated therewith.

(c) If a county fails for any reason to convene a meeting with representatives of cities as required in (a) of this subsection, the governor may immediately impose any appropriate sanction or sanctions on the county from those specified under RCW 36.70A.340.

(d) If there is no agreement by October 1, 1991, in a county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or if there is no agreement within one hundred twenty days of the date the county adopted its resolution of intention or was certified by the office of financial management in any other county that is required or chooses to plan under RCW 36.70A.040, the governor shall first inquire of the jurisdictions as to the reason or reasons for failure to reach an agreement. If the governor deems it appropriate, the governor may immediately request the assistance of the department (~~of community, trade, and economic development~~) to mediate any disputes that preclude agreement. If mediation is unsuccessful in resolving all disputes that will lead to agreement, the governor may impose appropriate sanctions from those specified under RCW 36.70A.340 on the county, city, or cities for failure to reach an agreement as provided in this section. The governor shall specify the reason or reasons for the imposition of any sanction.

(e) No later than July 1, 1992, the legislative authority of each county that was required or chose to plan under RCW 36.70A.040 as of June 1, 1991, or no later than fourteen months after the date the county adopted its resolution of intention or was certified by the office of financial management the county legislative authority of any other county that is required or chooses to plan under RCW 36.70A.040, shall adopt a countywide planning policy according to the process provided under this section and that is consistent with the agreement pursuant to (b) of this subsection, and after holding a public hearing or hearings on the proposed countywide planning policy.

(3) A countywide planning policy shall at a minimum, address the following:

(a) Policies to implement RCW 36.70A.110;

(b) Policies for promotion of contiguous and orderly development and provision of urban services to such development;

(c) Policies for siting public capital facilities of a countywide or statewide nature, including transportation facilities of statewide significance as defined in RCW 47.06.140;

(d) Policies for countywide transportation facilities and strategies;

(e) Policies that consider the need for affordable housing, such as housing for all economic segments of the population and parameters for its distribution;

(f) Policies for joint county and city planning within urban growth areas;

(g) Policies for countywide economic development and employment, which must include consideration of the future development of commercial and industrial facilities; and

(h) An analysis of the fiscal impact.

(4) Federal agencies and Indian tribes may participate in and cooperate with the countywide planning policy adoption process. Adopted countywide planning policies shall be adhered to by state agencies.

(5) Failure to adopt a countywide planning policy that meets the requirements of this section may result in the imposition of a sanction or sanctions on a county or city within the county, as specified in RCW 36.70A.340. In imposing a sanction or sanctions, the governor shall specify the reasons for failure to adopt a countywide planning policy in order that any imposed sanction or sanctions are fairly and equitably related to the failure to adopt a countywide planning policy.

(6) Cities and the governor may appeal an adopted countywide planning policy to the growth management hearings board within sixty days of the adoption of the countywide planning policy.

(7) Multicounty planning policies shall be adopted by two or more counties, each with a population of four hundred fifty thousand or more, with contiguous urban areas and may be adopted by other counties, according to the process established under this section or other processes agreed to among the counties and cities within the affected counties throughout the multicounty region.

(8) The requirements of this section do not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b).

Sec. 11. RCW 36.70A.350 and 1991 sp.s. c 32 s 16 are each amended to read as follows:

A county required or choosing to plan under RCW 36.70A.040 may establish a process as part of its urban growth areas, that are designated under RCW 36.70A.110, for reviewing proposals to authorize new fully contained communities located outside of the initially designated urban growth areas.

(1) A new fully contained community may be approved in a county planning under this chapter if criteria including but not limited to the following are met:

(a) New infrastructure is provided for and impact fees are established consistent with the requirements of RCW 82.02.050;

(b) Transit-oriented site planning and traffic demand management programs are implemented;

(c) Buffers are provided between the new fully contained communities and adjacent urban development;

(d) A mix of uses is provided to offer jobs, housing, and services to the residents of the new community;

(e) Affordable housing is provided within the new community for a broad range of income levels;

(f) Environmental protection has been addressed and provided for;

(g) Development regulations are established to ensure urban growth will not occur in adjacent nonurban areas;

(h) Provision is made to mitigate impacts on designated agricultural lands, forest lands, and mineral resource lands;

(i) The plan for the new fully contained community is consistent with the development regulations established for the protection of critical areas by the county pursuant to RCW 36.70A.170.

(2) New fully contained communities may be approved outside established urban growth areas only if a county reserves a portion of the twenty-year population projection and offsets the urban growth area accordingly for allocation to new fully contained communities that meet the requirements of this chapter. Any county electing to establish a new community reserve shall do so no more often than once every five years as a part of the designation or review of urban growth areas required by this chapter. The new community reserve shall be allocated on a project-by-project basis, only after specific project approval procedures have been adopted pursuant to this chapter as a development regulation. When a new community reserve is established, urban growth areas designated pursuant to this chapter shall accommodate the unreserved portion of the twenty-year population projection.

Final approval of an application for a new fully contained community shall be considered an adopted amendment to the comprehensive plan prepared pursuant to RCW 36.70A.070 designating the new fully contained community as an urban growth area.

(3) This section does not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b).

Sec. 12. RCW 36.70A.360 and 1998 c 112 s 2 are each amended to read as follows:

(1) Counties that are required or choose to plan under RCW 36.70A.040 may permit master planned resorts which may constitute urban growth outside of urban growth areas as limited by this section. A master planned resort means a self-contained and fully integrated planned unit development, in a setting of significant natural amenities, with primary focus on destination resort facilities consisting of short-term visitor accommodations associated with a range of developed on-site indoor or outdoor recreational facilities.

(2) Capital facilities, utilities, and services, including those related to sewer, water, storm water, security, fire suppression, and emergency medical, provided on-site shall be limited to meeting the needs of the master planned resort. Such facilities, utilities, and services may be provided to a master planned resort by outside service providers, including municipalities and special purpose districts, provided that all costs associated with service extensions and capacity increases directly attributable to the master planned resort are fully borne by the resort. A master planned resort and service providers may enter into agreements for shared capital facilities and utilities, provided that such facilities and utilities serve only the master planned resort or urban growth areas.

Nothing in this subsection may be construed as: Establishing an order of priority for processing applications for water right permits, for granting such permits, or for issuing certificates of water right; altering or authorizing in any manner the alteration of the place of use for a water right; or affecting or impairing in any manner whatsoever an existing water right.

All waters or the use of waters shall be regulated and controlled as provided in chapters 90.03 and 90.44 RCW and not otherwise.

(3) A master planned resort may include other residential uses within its boundaries, but only if the residential uses are integrated into and support the on-site recreational nature of the resort.

(4) A master planned resort may be authorized by a county only if:

(a) The comprehensive plan specifically identifies policies to guide the development of master planned resorts;

(b) The comprehensive plan and development regulations include restrictions that preclude new urban or suburban land uses in the vicinity of the master planned resort, except in areas otherwise designated for urban growth under RCW 36.70A.110;

(c) The county includes a finding as a part of the approval process that the land is better suited, and has more long-term importance, for the master planned resort than for the commercial harvesting of timber or agricultural production, if located on land that otherwise would be designated as forest land or agricultural land under RCW 36.70A.170;

(d) The county ensures that the resort plan is consistent with the development regulations established for critical areas; and

(e) On-site and off-site infrastructure and service impacts are fully considered and mitigated.

(5) This section does not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b).

Sec. 13. RCW 36.70A.370 and 1991 sp.s. c 32 s 18 are each amended to read as follows:

(1) The state attorney general shall establish by October 1, 1991, an orderly, consistent process, including a checklist if appropriate, that better enables state agencies and local governments to evaluate proposed regulatory or administrative actions to assure that such actions do not result in an unconstitutional taking of private property. It is not the purpose of this section to expand or reduce the scope of private property protections provided in the state and federal Constitutions. The attorney general shall review and update the process at least on an annual basis to maintain consistency with changes in case law.

(2) Local governments that are required or choose to plan under RCW 36.70A.040 and state agencies shall utilize the process established by subsection (1) of this section to assure that proposed regulatory or administrative actions do not result in an unconstitutional taking of private property.

(3) The attorney general, in consultation with the Washington state bar association, shall develop a continuing education course to implement this section.

(4) The process used by government agencies shall be protected by attorney client privilege. Nothing in this section grants a private party the right to seek judicial relief requiring compliance with the provisions of this section.

(5) The requirements of this section do not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b) and the cities within that county.

Sec. 14. RCW 36.70A.410 and 1993 c 478 s 23 are each amended to read as follows:

(1) No county or city that plans or elects to plan under this chapter may enact or maintain an ordinance, development regulation, zoning regulation or official control, policy, or administrative practice which treats a residential structure occupied by persons with handicaps differently than a similar residential structure occupied by a family or other unrelated individuals. As used in this section, "handicaps" are as defined in the federal fair housing amendments act of 1988 (42 U.S.C. Sec. 3602).

(2) This section does not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b) and the cities within that county.

Sec. 15. RCW 36.70A.430 and 1994 c 258 s 2 are each amended to read as follows:

(1) For counties engaged in planning under this chapter, there shall be established by December 31, 1994, a collaborative process to review and coordinate state and local permits for all transportation projects that cross more than one city or county boundary. This process shall at a minimum, establish a mechanism among affected cities and counties

to designate a permit coordinating agency to facilitate multijurisdictional review and approval of such transportation projects.

(2) The requirements of this section do not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b) and the cities within that county.

Sec. 16. RCW 36.70A.520 and 2000 c 196 s 1 are each amended to read as follows:

Counties that are required or choose to plan under RCW 36.70A.040 may authorize and designate national historic towns that may constitute urban growth outside of urban growth areas as limited by this section. A national historic town means a town or district that has been designated a national historic landmark by the United States secretary of the interior pursuant to 16 U.S.C. 461 et seq., as amended, based on its significant historic urban features, and which historically contained a mix of residential and commercial or industrial uses.

A national historic town may be designated under this chapter by a county only if:

(1) The comprehensive plan specifically identifies policies to guide the preservation, redevelopment, infill, and development of the town;

(2) The comprehensive plan and development regulations specify a mix of residential, commercial, industrial, tourism-recreation, waterfront, or other historical uses, along with other uses, infrastructure, and services which promote the economic sustainability of the town and its historic character. To promote historic preservation, redevelopment, and an economically sustainable community, the town also may include the types of uses that existed at times during its history and is not limited to those present at the time of the historic designation. Portions of the town may include urban densities if they reflect density patterns that existed at times during its history;

(3) The boundaries of the town include all of the area contained in the national historic landmark designation, along with any additional limited areas determined by the county as appropriate for transitional uses and buffering. Provisions for transitional uses and buffering must be compatible with the town's historic character and must protect the existing natural and built environment under the requirements of this chapter within and beyond the additional limited areas, including visual compatibility. The comprehensive plan and development regulations must include restrictions that preclude new urban or suburban land uses in the vicinity of the town, including the additional limited areas, except in areas otherwise designated for urban growth under this chapter;

(4) The development regulations provide for architectural controls and review procedures applicable to the rehabilitation, redevelopment, infill, or new development to promote the historic character of the town;

(5) The county finds that the national historic town is consistent with the development regulations established for critical areas; and

(6) On-site and off-site infrastructure impacts are fully considered and mitigated concurrent with development.

A county may allocate a portion of its twenty-year population projection, prepared by the office of financial management, to the national historic town corresponding to the projected number of permanent residents within the national historic town.

This section does not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b).

Sec. 17. RCW 36.70A.530 and 2004 c 28 s 2 are each amended to read as follows:

(1) Military installations are of particular importance to the economic health of the state of Washington and it is a priority of the state to protect the land surrounding our military installations from incompatible development.

(2) Comprehensive plans, amendments to comprehensive plans, development regulations, or amendments to development regulations adopted under this section shall be adopted or amended concurrent with the scheduled update provided in RCW 36.70A.130, except that counties and cities identified in RCW 36.70A.130(4)(a) shall comply with this section on or before December 1, 2005, and shall thereafter

comply with this section on a schedule consistent with RCW 36.70A.130(4).

(3) A comprehensive plan, amendment to a plan, a development regulation or amendment to a development regulation, should not allow development in the vicinity of a military installation that is incompatible with the installation's ability to carry out its mission requirements. A city or county may find that an existing comprehensive plan or development regulations are compatible with the installation's ability to carry out its mission requirements.

(4) As part of the requirements of RCW 36.70A.070(1) each county and city planning under RCW 36.70A.040 that has a federal military installation, other than a reserve center, that employs one hundred or more personnel and is operated by the United States department of defense within or adjacent to its border, shall notify the commander of the military installation of the county's or city's intent to amend its comprehensive plan or development regulations to address lands adjacent to military installations to ensure those lands are protected from incompatible development.

(5)(a) The notice provided under subsection (4) of this section shall request from the commander of the military installation a written recommendation and supporting facts relating to the use of land being considered in the adoption of a comprehensive plan or an amendment to a plan. The notice shall provide sixty days for a response from the commander. If the commander does not submit a response to such request within sixty days, the local government may presume that implementation of the proposed plan or amendment will not have any adverse effect on the operation of the installation.

(b) When a county or city intends to amend its development regulations to be consistent with the comprehensive plan elements addressed in (a) of this subsection, notice shall be provided to the commander of the military installation consistent with subsection (4) of this section. The notice shall request from the commander of the military installation a written recommendation and supporting facts relating to the use of land being considered in the amendment to the development regulations. The notice shall provide sixty days for a response from the commander to the requesting government. If the commander does not submit a response to such request within sixty days, the local government may presume that implementation of the proposed development regulation or amendment will not have any adverse effect on the operation of the installation.

(6) The requirements of this section do not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b) and the cities within that county.

Sec. 18. RCW 36.70A.540 and 2009 c 80 s 1 are each amended to read as follows:

(1)(a) Any city or county planning under RCW 36.70A.040 may enact or expand affordable housing incentive programs providing for the development of low-income housing units through development regulations or conditions on rezoning or permit decisions, or both, on one or more of the following types of development: Residential; commercial; industrial; or mixed-use. An affordable housing incentive program may include, but is not limited to, one or more of the following:

- (i) Density bonuses within the urban growth area;
- (ii) Height and bulk bonuses;
- (iii) Fee waivers or exemptions;
- (iv) Parking reductions; or
- (v) Expedited permitting.

(b) The city or county may enact or expand such programs whether or not the programs may impose a tax, fee, or charge on the development or construction of property.

(c) If a developer chooses not to participate in an optional affordable housing incentive program adopted and authorized under this section, a city, county, or town may not condition, deny, or delay the issuance of a permit or development approval that is consistent with

zoning and development standards on the subject property absent incentive provisions of this program.

(2) Affordable housing incentive programs enacted or expanded under this section shall comply with the following:

(a) The incentives or bonuses shall provide for the development of low-income housing units;

(b) Jurisdictions shall establish standards for low-income renter or owner occupancy housing, including income guidelines consistent with local housing needs, to assist low-income households that cannot afford market-rate housing. Low-income households are defined for renter and owner occupancy program purposes as follows:

(i) Rental housing units to be developed shall be affordable to and occupied by households with an income of fifty percent or less of the county median family income, adjusted for family size;

(ii) Owner occupancy housing units shall be affordable to and occupied by households with an income of eighty percent or less of the county median family income, adjusted for family size. The legislative authority of a jurisdiction, after holding a public hearing, may establish lower income levels; and

(iii) The legislative authority of a jurisdiction, after holding a public hearing, may also establish higher income levels for rental housing or for owner occupancy housing upon finding that higher income levels are needed to address local housing market conditions. The higher income level for rental housing may not exceed eighty percent of the county area median family income. The higher income level for owner occupancy housing may not exceed one hundred percent of the county area median family income. These established higher income levels are considered "low-income" for the purposes of this section;

(c) The jurisdiction shall establish a maximum rent level or sales price for each low-income housing unit developed under the terms of a program and may adjust these levels or prices based on the average size of the household expected to occupy the unit. For renter-occupied housing units, the total housing costs, including basic utilities as determined by the jurisdiction, may not exceed thirty percent of the income limit for the low-income housing unit;

(d) Where a developer is utilizing a housing incentive program authorized under this section to develop market rate housing, and is developing low-income housing to satisfy the requirements of the housing incentive program, the low-income housing units shall be provided in a range of sizes comparable to those units that are available to other residents. To the extent practicable, the number of bedrooms in low-income units must be in the same proportion as the number of bedrooms in units within the entire development. The low-income units shall generally be distributed throughout the development and have substantially the same functionality as the other units in the development;

(e) Low-income housing units developed under an affordable housing incentive program shall be committed to continuing affordability for at least fifty years. A local government, however, may accept payments in lieu of continuing affordability. The program shall include measures to enforce continuing affordability and income standards applicable to low-income units constructed under this section that may include, but are not limited to, covenants, options, or other agreements to be executed and recorded by owners and developers;

(f) Programs authorized under subsection (1) of this section may apply to part or all of a jurisdiction and different standards may be applied to different areas within a jurisdiction or to different types of development. Programs authorized under this section may be modified to meet local needs and may include provisions not expressly provided in this section or RCW 82.02.020;

(g) Low-income housing units developed under an affordable housing incentive program are encouraged to be provided within developments for which a bonus or incentive is provided. However, programs may allow units to be provided in a building located in the general area of the development for which a bonus or incentive is provided; and

(h) Affordable housing incentive programs may allow a payment of money or property in lieu of low-income housing units if the jurisdiction determines that the payment achieves a result equal to or better than providing the affordable housing on-site, as long as the payment does not exceed the approximate cost of developing the same number and quality of housing units that would otherwise be developed. Any city or county shall use these funds or property to support the development of low-income housing, including support provided through loans or grants to public or private owners or developers of housing.

(3) Affordable housing incentive programs enacted or expanded under this section may be applied within the jurisdiction to address the need for increased residential development, consistent with local growth management and housing policies, as follows:

(a) The jurisdiction shall identify certain land use designations within a geographic area where increased residential development will assist in achieving local growth management and housing policies;

(b) The jurisdiction shall provide increased residential development capacity through zoning changes, bonus densities, height and bulk increases, parking reductions, or other regulatory changes or other incentives;

(c) The jurisdiction shall determine that increased residential development capacity or other incentives can be achieved within the identified area, subject to consideration of other regulatory controls on development; and

(d) The jurisdiction may establish a minimum amount of affordable housing that must be provided by all residential developments being built under the revised regulations, consistent with the requirements of this section.

(4) This section does not apply to a county that has adopted a withdrawal resolution under RCW 36.70A.040(2)(b) and the cities within that county.

(1) There is created hereby the board of hearing and speech to govern the three separate professions: Hearing (~~(instrument fitting/dispensing)~~) aid specialist, audiology, and speech-language pathology. The board shall consist of eleven members to be appointed by the governor.

(2) Members of the board shall be residents of this state. Three members shall represent the public and shall have an interest in the rights of consumers of health services, and shall not be or have been a member of, or married to a member of, another licensing board, a licensee of a health occupation board, an employee of a health facility, nor derive his or her primary livelihood from the provision of health services at any level of responsibility. Two members shall be hearing (~~(instrument fitter/dispensers)~~) aid specialists who are licensed under this chapter, have at least five years of experience in the practice of hearing instrument fitting and dispensing, and must be actively engaged in fitting and dispensing within two years of appointment. Two members of the board shall be audiologists licensed under this chapter who have at least five years of experience in the practice of audiology and must be actively engaged in practice within two years of appointment. Two members of the board shall be speech-language pathologists licensed under this chapter who have at least five years of experience in the practice of speech-language pathology and must be actively engaged in practice within two years of appointment. One advisory nonvoting member shall be a speech-language pathology assistant certified in Washington. One advisory nonvoting member shall be a medical physician licensed in the state of Washington.

(3) The term of office of a member is three years. Thereafter, all appointments shall be made for expired terms. No member shall be appointed to serve more than two consecutive terms. A member shall continue to serve until a successor has been appointed. The governor shall either reappoint the member or appoint a successor to assume the member's duties at the expiration of his or her predecessor's term. A vacancy in the office of a member shall be filled by appointment for the unexpired term.

(4) The chair shall rotate annually among the hearing (~~(instrument fitter/dispensers)~~) aid specialists, speech-language pathologists, audiologists, and public members serving on the board. In the absence of the chair, the board shall appoint an interim chair. In event of a tie vote, the issue shall be brought to a second vote and the chair shall refrain from voting.

(5) The board shall meet at least once each year, at a place, day and hour determined by the board, unless otherwise directed by a majority of board members. The board shall also meet at such other times and places as are requested by the department or by three members of the board. A quorum is a majority of the board. A hearing (~~(instrument fitter/dispenser)~~) aid specialist, speech-language pathologist, and audiologist must be represented. Meetings of the board shall be open and public, except the board may hold executive sessions to the extent permitted by chapter 42.30 RCW.

(6) Members of the board shall be compensated in accordance with RCW 43.03.240 and shall be reimbursed for their travel expenses in accordance with RCW 43.03.050 and 43.03.060.

(7) The governor may remove a member of the board for cause at the recommendation of a majority of the board.

Sec. 17. RCW 18.35.161 and 2010 c 65 s 4 are each amended to read as follows:

The board shall have the following powers and duties:

(1) To establish by rule such minimum standards and procedures in the fitting and dispensing of hearing instruments as deemed appropriate and in the public interest;

(2) To adopt any other rules necessary to implement this chapter and which are not inconsistent with it;

(3) To develop, approve, and administer or supervise the administration of examinations to applicants for licensure under this chapter;

(4) To require a licensee, interim work-based learning permit holder, or interim permit holder to make restitution to any individual injured by a violation of this chapter or chapter 18.130 RCW, the uniform disciplinary act. The authority to require restitution does not limit the board's authority to take other action deemed appropriate and provided for in this chapter or chapter 18.130 RCW;

(5) To pass upon the qualifications of applicants for licensure, interim work-based learning permits, or interim permits and to certify to the secretary;

(6) To recommend requirements for continuing education and continuing competency requirements as a prerequisite to renewing a license or certification under this chapter;

(7) To keep an official record of all its proceedings. The record is evidence of all proceedings of the board that are set forth in this record;

(8) To adopt rules, if the board finds it appropriate, in response to questions put to it by professional health associations, hearing (~~(instrument fitter/dispensers or)~~) aid specialists, audiologists, speech-language pathologists, interim permit holders, interim work-based learning permit holders, and consumers in this state; and

(9) To adopt rules relating to standards of care relating to hearing (~~(instrument fitter/dispensers)~~) aid specialists or audiologists, including the dispensing of hearing instruments, and relating to speech-language pathologists, including dispensing of communication devices.

Sec. 18. RCW 18.35.172 and 2002 c 310 s 17 are each amended to read as follows:

The uniform disciplinary act, chapter 18.130 RCW, governs unlicensed practice, the issuance and denial of licenses, interim work-based learning permits, and interim permits, and the discipline of licensees and permit holders under this chapter.

Sec. 19. RCW 18.35.185 and 2002 c 310 s 19 are each amended to read as follows:

(1) In addition to any other rights and remedies a purchaser may have, the purchaser of a hearing instrument shall have the right to rescind the transaction for other than the licensed hearing (~~(instrument~~

~~fitter/dispenser~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder's breach if:

(a) The purchaser, for reasonable cause, returns the hearing instrument or holds it at the licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder's disposal, if the hearing instrument is in its original condition less normal wear and tear. "Reasonable cause" shall be defined by the board but shall not include a mere change of mind on the part of the purchaser or a change of mind related to cosmetic concerns of the purchaser about wearing a hearing instrument; and

(b) The purchaser sends notice of the cancellation by certified mail, return receipt requested, to the establishment employing the licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder at the time the hearing instrument was originally purchased, and the notice is posted not later than thirty days following the date of delivery, but the purchaser and the licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder may extend the deadline for posting of the notice of rescission by mutual, written agreement. In the event the hearing instrument develops a problem which qualifies as a reasonable cause for rescission or which prevents the purchaser from evaluating the hearing instrument, and the purchaser notifies the establishment employing the licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder of the problem during the thirty days following the date of delivery and documents such notification, the deadline for posting the notice of rescission shall be extended by an equal number of days as those between the date of the notification of the problem to the date of notification of availability for redeliveries. Where the hearing instrument is returned to the licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder for any inspection for modification or repair, and the licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder has notified the purchaser that the hearing instrument is available for redelivery, and where the purchaser has not responded by either taking possession of the hearing instrument or instructing the licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder to forward it to the purchaser, then the deadline for giving notice of the rescission shall extend no more than seven working days after this notice of availability.

(2) If the transaction is rescinded under this section or as otherwise provided by law and the hearing instrument is returned to the licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder, the licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder shall refund to the purchaser any payments or deposits for that hearing instrument. However, the licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder may retain, for each hearing instrument, fifteen percent of the total purchase price or one hundred twenty-five dollars, whichever is less. After December 31, 1996, the rescission amount shall be determined by the board. The licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder shall also return any goods traded in contemplation of the sale, less any costs incurred by the licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, licensed audiologist, interim work-based learning permit holder, or interim permit holder in making those goods ready for resale. The

refund shall be made within ten business days after the rescission. The buyer shall incur no additional liability for such rescission.

(3) For the purposes of this section, the purchaser shall have recourse against the bond held by the establishment entering into a purchase agreement with the buyer, as provided by RCW 18.35.240.

Sec. 20. RCW 18.35.190 and 2002 c 310 s 20 are each amended to read as follows:

In addition to remedies otherwise provided by law, in any action brought by or on behalf of a person required to be licensed or to hold an interim work-based learning permit or an interim permit under this chapter, or by any assignee or transferee, it shall be necessary to allege and prove that the licensee, interim work-based learning permit holder, or interim permit holder at the time of the transaction held a valid license, interim work-based learning permit, or interim permit as required by this chapter, and that such license, interim work-based learning permit, or interim permit has not been suspended or revoked pursuant to RCW 18.35.110, 18.35.120, or 18.130.160.

Sec. 21. RCW 18.35.195 and 2006 c 263 s 802 are each amended to read as follows:

(1) This chapter shall not apply to military or federal government employees.

(2) This chapter does not prohibit or regulate:

(a) Fitting or dispensing by students enrolled in a board-approved program who are directly supervised by a licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist, a licensed audiologist under the provisions of this chapter, or an instructor at a two-year hearing (~~(instrument fitter/dispenser)~~) aid specialist degree program that is approved by the board;

(b) Hearing (~~(instrument fitter/dispensers)~~) aid specialists, speech-language pathologists, or audiologists of other states, territories, or countries, or the District of Columbia while appearing as clinicians of bona fide educational seminars sponsored by speech-language pathology, audiology, hearing (~~(instrument fitter/dispenser)~~) aid specialist, medical, or other healing art professional associations so long as such activities do not go beyond the scope of practice defined by this chapter; and

(c) The practice of audiology or speech-language pathology by persons certified by the Washington professional educator standards board as educational staff associates, except for those persons electing to be licensed under this chapter. However, a person certified by the board as an educational staff associate who practices outside the school setting must be a licensed audiologist or licensed speech-language pathologist.

Sec. 22. RCW 18.35.205 and 2009 c 301 s 6 are each amended to read as follows:

The legislature finds that the public health, safety, and welfare would best be protected by uniform regulation of hearing (~~(instrument fitter/dispensers)~~) aid specialists, speech-language pathologists, speech-language pathology assistants, audiologists, interim work-based learning permit holders, and interim permit holders throughout the state. Therefore, the provisions of this chapter relating to the licensing of hearing (~~(instrument fitter/dispensers)~~) aid specialists, speech-language pathologists, and audiologists, the certification of speech-language pathology assistants, and regulation of interim work-based learning permit holders and interim permit holders and their respective establishments or facilities is exclusive. No political subdivision of the state of Washington within whose jurisdiction a hearing (~~(instrument fitter/dispenser)~~) aid specialist, audiologist, or speech-language pathologist establishment or facility is located may require any registrations, bonds, licenses, certificates, interim work-based learning permits, or interim permits of the establishment or facility or its employees or charge any fee for the same or similar purposes: PROVIDED, HOWEVER, That nothing herein shall limit or abridge the authority of any political subdivision to levy and collect a general and nondiscriminatory license fee levied on all businesses, or

to levy a tax based upon the gross business conducted by any firm within the political subdivision.

Sec. 23. RCW 18.35.230 and 2002 c 310 s 23 are each amended to read as follows:

(1) Each licensee, interim work-based learning permit holder, or interim permit holder shall name a registered agent to accept service of process for any violation of this chapter or rule adopted under this chapter.

(2) The registered agent may be released at the expiration of one year after the license, interim work-based learning permit, or interim permit issued under this chapter has expired or been revoked.

(3) Failure to name a registered agent for service of process for violations of this chapter or rules adopted under this chapter may be grounds for disciplinary action.

Sec. 24. RCW 18.35.240 and 2002 c 310 s 24 are each amended to read as follows:

(1) Every individual engaged in the fitting and dispensing of hearing instruments shall be covered by a surety bond of ten thousand dollars or more, for the benefit of any person injured or damaged as a result of any violation by the licensee or permit holder, or their employees or agents, of any of the provisions of this chapter or rules adopted by the secretary.

(2) In lieu of the surety bond required by this section, the licensee or permit holder may deposit cash or other negotiable security in a banking institution as defined in chapter 30.04 RCW or a credit union as defined in chapter 31.12 RCW. All obligations and remedies relating to surety bonds shall apply to deposits and security filed in lieu of surety bonds.

(3) If a cash deposit or other negotiable security is filed, the licensee or permit holder shall maintain such cash or other negotiable security for one year after discontinuing the fitting and dispensing of hearing instruments.

(4) Each invoice for the purchase of a hearing instrument provided to a customer must clearly display on the first page the bond number covering the licensee or interim permit holder responsible for fitting/dispensing the hearing instrument.

(5) All licensed hearing (~~(instrument fitter/dispensers)~~) aid specialists, licensed audiologists, and permit holders must verify compliance with the requirement to hold a surety bond or cash or other negotiable security by submitting a signed declaration of compliance upon annual renewal of their license or permit. Up to twenty-five percent of the credential holders may be randomly audited for surety bond compliance after the credential is renewed. It is the credential holder's responsibility to submit a copy of the original surety bond or bonds, or documentation that cash or other negotiable security is held in a banking institution during the time period being audited. Failure to comply with the audit documentation request or failure to supply acceptable documentation within thirty days may result in disciplinary action.

Sec. 25. RCW 18.35.250 and 2002 c 310 s 25 are each amended to read as follows:

(1) In addition to any other legal remedies, an action may be brought in any court of competent jurisdiction upon the bond, cash deposit, or security in lieu of a surety bond required by this chapter, by any person having a claim against a licensee, interim work-based permit holder, or interim permit holder, agent, or employee for any violation of this chapter or any rule adopted under this chapter. The aggregate liability of the surety, cash deposit, or other negotiable security to all claimants shall in no event exceed the sum of the bond. Claims shall be satisfied in the order of judgment rendered.

(2) An action upon the bond, cash deposit, or other negotiable security shall be commenced by serving and filing a complaint.

Sec. 26. RCW 18.35.260 and 2009 c 301 s 7 are each amended to read as follows:

(1) A person who is not a licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist may not represent himself or herself as

being so licensed and may not use in connection with his or her name the words "licensed hearing instrument fitter/dispenser," "hearing instrument specialist," "hearing aid fitter/dispenser," or a variation, synonym, word, sign, number, insignia, coinage, or whatever expresses, employs, or implies these terms, names, or functions of a licensed hearing (~~(instrument fitter/dispenser)~~) aid specialist.

(2) A person who is not a licensed speech-language pathologist may not represent himself or herself as being so licensed and may not use in connection with his or her name the words including "licensed speech-language pathologist" or a variation, synonym, word, sign, number, insignia, coinage, or whatever expresses, employs, or implies these terms, names, or functions as a licensed speech-language pathologist.

(3) A person who is not a certified speech-language pathology assistant may not represent himself or herself as being so certified and may not use in connection with his or her name the words including "certified speech-language pathology assistant" or a variation, synonym, word, sign, number, insignia, coinage, or whatever expresses, employs, or implies these terms, names, or functions as a certified speech-language pathology assistant.

(4) A person who is not a licensed audiologist may not represent himself or herself as being so licensed and may not use in connection with his or her name the words "licensed audiologist" or a variation, synonym, letter, word, sign, number, insignia, coinage, or whatever expresses, employs, or implies these terms, names, or functions of a licensed audiologist.

(5) Nothing in this chapter prohibits a person credentialed in this state under another act from engaging in the practice for which he or she is credentialed.

Beginning on page 5, line 1, strike all of section 5 and insert the following:

"Sec. 5. RCW 70.94.162 and 1998 c 245 s 129 are each amended to read as follows:

(1) The department and delegated local air authorities are authorized to determine, assess, and collect, and each permit program source shall pay, annual fees sufficient to cover the direct and indirect costs of implementing a state operating permit program approved by the United States environmental protection agency under the federal clean air act. However, a source that receives its operating permit from the United States environmental protection agency shall not be considered a permit program source so long as the environmental protection agency continues to act as the permitting authority for that source. Each permitting authority shall develop by rule a fee schedule allocating among its permit program sources the costs of the operating

permit program, and may, by rule, establish a payment schedule whereby periodic installments of the annual fee are due and payable more frequently. All operating permit program fees collected by the department shall be deposited in the air operating permit account. All operating permit program fees collected by the delegated local air authorities shall be deposited in their respective air operating permit accounts or other accounts dedicated exclusively to support of the operating permit program. The fees assessed under this subsection shall first be due not less than forty-five days after the United States environmental protection agency delegates to the department the authority to administer the operating permit program and then annually thereafter.

The department shall establish, by rule, procedures for administrative appeals to the department regarding the fee assessed pursuant to this subsection.

(2) The fee schedule developed by each permitting authority shall fully cover and not exceed both its permit administration costs and the permitting authority's share of statewide program development and oversight costs.

(a) Permit administration costs are those incurred by each permitting authority, including the department, in administering and enforcing the operating permit program with respect to sources under its jurisdiction. Costs associated with the following activities are fee eligible as these activities relate to the operating permit program and to the sources permitted by a permitting authority, including, where applicable, sources subject to a general permit:

(i) Preapplication assistance and review of an application and proposed compliance plan for a permit, permit revision, or renewal;

(ii) Source inspections, testing, and other data-gathering activities necessary for the development of a permit, permit revision, or renewal;

(iii) Acting on an application for a permit, permit revision, or renewal, including the costs of developing an applicable requirement as part of the processing of a permit, permit revision, or renewal, preparing a draft permit and fact sheet, and preparing a final permit, but excluding the costs of developing BACT, LAER, BART, or RACT requirements for criteria and toxic air pollutants;

(xix) Other activities required by operating permit regulations issued by the United States environmental protection agency under the federal clean air act.

(3) The responsibility for operating permit fee determination, assessment, and collection is to be shared by the department and delegated local air authorities as follows:

(a) Each permitting authority, including the department, acting in its capacity as a permitting authority, shall develop a fee schedule and mechanism for collecting fees from the permit program sources under its jurisdiction; the fees collected by each authority shall be sufficient to cover its costs of permit administration and its share of the department's costs of development and oversight. Each delegated local authority shall remit to the department its share of the department's development and oversight costs.

(b) Only those local air authorities to whom the department has delegated the authority to administer the program pursuant to RCW 70.94.161(2) (b) and (c) and 70.94.860 shall have the authority to administer and collect operating permit fees. The department shall retain the authority to administer and collect such fees with respect to the sources within the jurisdiction of a local air authority until the effective date of program delegation to that air authority.

(c) The department shall allocate its development and oversight costs among all permitting authorities, including the department, in proportion to the number of permit program sources under the jurisdiction of each authority, except that extraordinary costs or other costs readily attributable to a specific permitting authority may be assessed that authority. For purposes of this subsection, all sources covered by a single general permit shall be treated as one source.

(4) The department and each delegated local air authority shall adopt by rule a general permit fee schedule for sources under their respective jurisdictions after such time as the department adopts provisions for general permit issuance. Within ninety days of the time that the department adopts a general permit fee schedule, the department shall report to the relevant standing committees of the legislature regarding the general permit fee schedules adopted by the department and by the delegated local air authorities. The permit administration costs of each general permit shall be allocated equitably among only those sources subject to that general permit. The share of development and oversight costs attributable to each general permit shall be determined pursuant to subsection (3)(c) of this section.

(5) The fee schedule developed by the department shall allocate among the sources for whom the department acts as a permitting authority, other than sources subject to a general permit, those portions of the department's permit administration costs and the department's share of the development and oversight costs which the department does not plan to recover under its general permit fee schedule or schedules as follows:

(a) The department shall allocate its permit administration costs and its share of the development and oversight costs not recovered through general permit fees according to a three-tiered model based upon:

- (i) The number of permit program sources under its jurisdiction;
- (ii) The complexity of permit program sources under its jurisdiction; and
- (iii) The size of permit program sources under its jurisdiction, as measured by the quantity of each regulated pollutant emitted by the source.

(b) Each of the three tiers shall be equally weighted.

(c) The department may, in addition, allocate activities-based costs readily attributable to a specific source to that source under RCW 70.94.152(1) and 70.94.154(7).

The quantity of each regulated pollutant emitted by a source shall be determined based on the annual emissions during the most recent calendar year for which data is available.

(6) The department shall, after opportunity for public review and comment, adopt rules that establish a process for development and review of its operating permit program fee schedule, a methodology for tracking program revenues and expenditures, and, for both the

department and the delegated local air authorities, a system of fiscal audits, reports, and periodic performance audits.

(a) The fee schedule development and review process shall include the following:

(i) The department shall conduct a biennial workload analysis. The department shall provide the opportunity for public review of and comment on the workload analysis. The department shall review and update its workload analysis during each biennial budget cycle, taking into account information gathered by tracking previous revenues, time, and expenditures and other information obtained through fiscal audits and performance audits.

(ii) The department shall prepare a biennial budget based upon the resource requirements identified in the workload analysis for that biennium. In preparing the budget, the department shall take into account the projected operating permit account balance at the start of the biennium. The department shall provide the opportunity for public review of and comment on the proposed budget. The department shall review and update its budget each biennium.

(iii) The department shall develop a fee schedule allocating the department's permit administration costs and its share of the development and oversight costs among the department's permit program sources using the methodology described in subsection (5) of this section. The department shall provide the opportunity for public review of and comment on the allocation methodology and fee schedule. The department shall provide procedures for administrative resolution of disputes regarding the source data on which allocation determinations are based; these procedures shall be designed such that resolution occurs prior to the completion of the allocation process. The department shall review and update its fee schedule annually.

(b) The methodology for tracking revenues and expenditures shall include the following:

(i) The department shall develop a system for tracking revenues and expenditures that provides the maximum practicable information. At a minimum, revenues from fees collected under the operating permit program shall be tracked on a source-specific basis and time and expenditures required to administer the program shall be tracked on the basis of source categories and functional categories. Each general permit will be treated as a separate source category for tracking and accounting purposes.

(ii) The department shall use the information obtained from tracking revenues, time, and expenditures to modify the workload analysis required in subsection (6)(a) of this section.

(iii) The information obtained from tracking revenues, time, and expenditures shall not provide a basis for challenge to the amount of an individual source's fee.

(c) The system of fiscal audits, reports, and periodic performance audits shall include the following:

(i) The department and the delegated local air authorities shall ~~((prepare annual reports and shall submit the reports to, respectively, the appropriate standing committees of the legislature and the board of directors of the local air authority))~~ periodically report information about the air operating permit program on the department's web site.

(ii) The department shall arrange for fiscal audits and routine performance audits and for periodic intensive performance audits of each permitting authority and of the department.

(7) Each local air authority requesting delegation shall, after opportunity for public review and comment, publish regulations which establish a process for development and review of its operating permit program fee schedule, and a methodology for tracking its revenues and expenditures. These regulations shall be submitted to the department for review and approval as part of the local authority's delegation request.

(8) As used in this section and in RCW 70.94.161(14), "regulated pollutant" shall have the same meaning as defined in section 502(b) of the federal clean air act as it exists on July 25, 1993, or its later enactment as adopted by reference by the director by rule.

(9) Fee structures as authorized under this section shall remain in effect until such time as the legislature authorizes an alternative structure following receipt of the report required by this subsection."

"NEW SECTION. Sec. 1. INTENT. The legislature finds that quality early care and education builds the foundation for a child's success in school and in life. The legislature acknowledges that quality is a necessary underpinning of the early care and education system in Washington. The legislature recognizes that empirical evidence supports the conclusion that high quality programs consistently yield more positive outcomes for children, with the strongest positive impacts on the most vulnerable children. The legislature further understands that the proper dosage, duration of programming, and stability of care are critical to enhancing program quality and improving child outcomes. The legislature acknowledges that the early care and education system must be culturally responsive and meet the needs of Washington's diverse populations. The legislature intends to prioritize the integration of child care and preschool in an effort to promote full workday programming. The legislature further intends to reward quality and create incentives for providers to participate in a quality rating and improvement system that will also provide valuable information to parents regarding the quality of care available in their communities.

The legislature further finds that these versions are subject to different effective dates, expiration dates, and contingencies. The legislature further finds that these sections were included in the original and substitute versions of HB 2201 because the current annual report and annual survey are being replaced by a new annual tax preference accountability report, and therefore references to the survey and report need to be updated. The legislature further finds that these multiple versions have caused confusion and a concern that the automatic ten-year expiration date for new tax preferences will be triggered.

(2) To eliminate confusion, the legislature intends to remove these sections from the bill altogether and include a general statement that any references to annual report or annual survey in RCW 82.04.260 now mean the new annual tax preference accountability report created in section 201 of this act.

NEW SECTION. Sec. 402. Any references in RCW 82.04.260 to the annual report in RCW 82.32.534, or the annual survey in RCW 82.32.585, mean the new annual tax preference accountability report created in section 201 of this act."

RESOLUTION

HOUSE RESOLUTION NO. 4684, by Representatives Stonier, Santos, and Zeiger

WHEREAS, On February 19, 1942, President Franklin D. Roosevelt issued Executive Order 9066 which authorized the military to forcibly remove and incarcerate more than 120,000 persons of Japanese ancestry from the West Coast, including 12,000 Japanese-American residents of Washington State; and

WHEREAS, The first Civilian Evacuation Order gave Japanese-Americans from Bainbridge Island less than one week to leave behind homes, farms, businesses, friends, and family to report to hastily constructed detention centers like Camp Harmony on the grounds of the Western Washington Fair in Puyallup; and

WHEREAS, This drastic course of action allegedly aimed to prevent acts of espionage and sabotage by Japanese-Americans who were deemed untrustworthy and disloyal to the United States; and

WHEREAS, On March 23, 1943, the War Department organized a segregated unit of Japanese-Americans, many of whom reported for military duty from concentration camps surrounded by barbed wire in which they and their families were detained; and

WHEREAS, More than 12,000 volunteers responded to questions of their loyalty and patriotism by amassing a battle record unparalleled in U.S. military history including: Seven Presidential Unit Citations; 21 Medals of Honor; 29 Distinguished Service Crosses; 1 Distinguished Service Medal; 588 Silver Stars; more than 4,000 Bronze Stars; 22 Legion of Merit Medals; 15 Soldier's Medals; 9,486 Purple Hearts; 16 decorations from France and Italy; and a Congressional Gold Medal awarded collectively to the 442nd Regimental Combat Unit, the 100th Infantry Battalion, and the Military Intelligence Service, United States Army; and

WHEREAS, Equally loyal and patriotic Japanese-Americans fought to protect our constitutional rights and liberties through dissent, like University of Washington student Gordon Hirabayashi who was arrested, convicted, and imprisoned for defying the military curfew on select civilians and refusing to evacuate when ordered; and

WHEREAS, In 1982, the Congressional Commission on Wartime Relocation and Internment of Civilians found "no military or security reason for the internment" of persons of Japanese ancestry, but determined it "was caused by racial prejudice, war hysteria, and a failure of political leadership"; and

WHEREAS, As a result of this travesty of justice, Japanese-Americans suffered immense economic loss of property and assets, immeasurable physical and psychological harm, and were deprived of their constitutional liberties without due process of law; and

WHEREAS, In 1979, newly elected Congressman Mike Lowry of Washington State introduced H.R. 5977 to provide reparations and an apology to former Japanese-American internees, thus initiating a ten-year legislative quest that ended when President Ronald Reagan signed the Civil Liberties Act of 1988; and

WHEREAS, Five years earlier, the Washington State Legislature enacted and Governor John Spellman signed similar legislation sponsored by State Senators George Fleming, Jack Jones, Jim McDermott, Kent Pullen, and Phil Talmadge to provide token compensatory redress to forty state workers who lost their jobs due to the wartime incarceration of Japanese-Americans; and

WHEREAS, Throughout Washington State, Japanese-American survivors of the European and Asian battlefields of World War II and of American concentration camps live their golden years quietly, in unassuming contrast to their extraordinary acts of patriotism and valor;

NOW, THEREFORE, BE IT RESOLVED, That the House of Representatives, along with the people of Washington, pause to acknowledge the seventy-second anniversary of the signing of Executive Order 9066, to recognize and honor the heroism, sacrifice, patience, and loyalty of the Japanese-American World War II veterans and internees, and to remember the lessons and blessing of liberty and justice for all; and

BE IT FURTHER RESOLVED, That copies of this resolution be immediately transmitted by the Chief Clerk of the House of Representatives to the Nisei Veterans Committee, the Military Intelligence Service – Northwest Association, the Japanese American Citizens League, the Japanese Cultural & Community Center of Washington State, and the Wing Luke Museum of the Asian Pacific American Experience.

Representative Stonier moved adoption of HOUSE RESOLUTION NO. 4684

Representatives Stonier, Zeiger and Santos spoke in favor of the adoption of the resolution.

HOUSE RESOLUTION NO. 4684 was adopted.

The bill was read the second time.

There being no objection, Second Substitute House Bill No. 2572 was substituted for House Bill No. 2572 and the second substitute bill was placed on the second reading calendar.

SECOND SUBSTITUTE HOUSE BILL NO. 2572 was read the second time.

Representative Cody moved the adoption of amendment (809):

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that the state of Washington has an opportunity to transform its health care delivery system through multipayer payment reform, the development of a statewide comprehensive prevention framework, and other state-led initiatives in line with the state health care innovation plan.

(2) The state health care innovation plan establishes the following primary drivers of health transformation, each with individual key actions that are necessary to achieve the objective:

(a) Improve health overall by building healthy communities and people through prevention and early mitigation of disease throughout the lifespan;

(b) Improve chronic illness care through better integration and strengthening of linkages between the health care delivery system and community, particularly for individuals with physical and behavioral comorbidities; and

(c) Advance value-based purchasing across the community, and lead by example in transforming how the state purchases health care services.

(3) The legislature intends to facilitate the implementation of these improvements by:

(a) Establishing an all-payer claims database that improves transparency for patients, providers, hospitals, and purchasers;

(b) Developing standard statewide performance and quality measures to inform purchasing and set benchmarks;

(c) Supporting the initiatives of regional collaboratives to achieve healthy communities and populations, improve health care quality, and lower costs;

(d) Disseminating evidence-based training, tools, and other resources to providers and hospitals; and

(e) Supporting integration of services for physical health, behavioral health, and chemical dependency by restructuring medicaid procurement.

NEW SECTION. Sec. 2. (1) The health care authority is responsible for coordination, implementation, and administration of interagency efforts and local collaborations of public and private organizations to implement the state health care innovation plan.

(2) By January 1, 2015, and January 1st of each year through January 1, 2019, the health care authority shall coordinate and submit a status report to the appropriate committees of the legislature regarding implementation of the innovation plan. The report must summarize any actions taken to implement the innovation plan, progress toward achieving the aims of the innovation plan, and anticipated future implementation efforts. In addition, the health care authority shall submit any recommendations for legislation necessary to implement the innovation plan.

NEW SECTION. Sec. 3. A new section is added to chapter 41.05 RCW to read as follows:

(1) An accountable collaborative for health is a regionally based, voluntary collaborative designated by the authority, the purpose of which is to align actions and initiatives of a diverse coalition of members to achieve healthy communities and populations, improve health care quality, and lower costs. "Accountable collaborative for health" is a term used to recognize entities that are currently active and those that may become active that perform the functions described in this section. This term is used only to assist in directing funding or

other support that may be available to these local entities. The designation of an entity as an accountable collaborative for health is not intended to create an additional government entity.

(2) By September 1, 2014, the authority shall establish boundaries for up to nine regions for accountable collaboratives for health as provided in this subsection. Counties, through the Washington state association of counties, must be given the opportunity to propose the boundaries of the regions. If counties do not submit proposed boundaries for the regions by July 1, 2014, the task force on the adult behavioral health system created by section 1, chapter 338, Laws of 2013 shall submit proposed boundaries to the authority by August 1, 2014. The boundaries must be based on county borders and must be consistent with medicaid procurement regions.

(3) The authority shall develop a process for designating an entity as an accountable collaborative for health. An entity seeking designation is eligible if:

(a) It is a nonprofit or public-private partnership;

(b) Its membership is broad and incorporates key stakeholders, such as the long-term care system, the health care delivery system, behavioral health, social supports and services, primary care and specialty providers, hospitals, consumers, small and large employers, health plans, and public health, with no single entity or organizational cohort serving in a majority capacity; and

(c) It demonstrates an ongoing capacity to:

(i) Lead health improvement activities within the region with other local systems to improve health outcomes and the overall health of the community, improve health care quality, and lower costs;

(ii) Distribute tools and resources from the health extension program created in section 6 of this act; and

(iii) Act in alignment with statewide health care initiatives by using the statewide all-payer health care claims database created in section 9 of this act, the statewide health performance and quality measures developed pursuant to section 13 of this act, and outcome measures reflecting local health needs as identified by the accountable collaborative for health.

(4) The authority may designate more than one accountable collaborative for health in any region that consists of more than one county, but an accountable collaborative for health may not cross the regional boundaries defined by the authority or overlap with another accountable collaborative for health.

(5) An entity designated by the authority as an accountable collaborative for health must convene key stakeholders to:

(a) Review existing data, including data collected through the community health assessment process;

(b) Evaluate the region's progress toward the objectives of the national healthy people 2020 initiative and the priorities identified in community health assessments and community health improvement plans;

(c) Assess the region's capacity to address chronic care needs, including the needs of persons with co-occurring disorders;

(d) Review available funding and resources; and

(e) Identify and prioritize or reaffirm regional health care needs and prevention strategies and develop a plan or use an existing plan to address those needs.

(6) For purposes of this section and section 4 of this act, the authority may only adopt rules that are necessary to implement this section and section 4 of this act.

NEW SECTION. Sec. 4. A new section is added to chapter 41.05 RCW to read as follows:

(1) The authority shall, subject to the availability of amounts appropriated or grants received for this specific purpose, award grants to support the development of accountable collaboratives for health. Grants may only be used for start-up costs.

(2) An entity may be eligible for a grant under this section if it has been designated as an accountable collaborative for health under section 3 of this act. A grant application must, at a minimum:

(a) Identify the geographic region served by the applicant;
 (b) Demonstrate how the applicant's structure and operation reflect the interests of and are accountable to the region and the state for health improvement; and

(c) Indicate the size of the grant being requested and describe how the money will be spent.

(3) In awarding grants under this section, the authority shall consider the extent to which the applicant will:

(a) Further the purposes of state health care purchasing as described in sections 1 and 17 of this act;

(b) Base decisions on public input and an active collaboration among key community partners, including, but not limited to, local governments, housing providers, school districts, early learning regional coalitions, large and small businesses, labor organizations, health and human service organizations, tribal governments, health carriers, providers, hospitals, public health agencies, and consumers;

(c) Match the grant funding with funds from other sources; and

(d) Demonstrate capability for sustainability without reliance on state general fund appropriations.

(4) The authority may prioritize applications that commit to providing at least one dollar in matching funds for each grant dollar awarded.

(5) Before grant funds are disbursed, the authority and the applicant must agree on performance requirements and the consequences for failing to meet those requirements. The performance requirements must be aligned with the purposes of state health care purchasing as described in sections 1 and 17 of this act.

NEW SECTION. Sec. 5. A new section is added to chapter 41.05 RCW to read as follows:

Any entity designated as an accountable collaborative for health pursuant to section 3 of this act shall submit a report to the appropriate committees of the legislature and the authority beginning December 1, 2015, and December 1st of each year through December 1, 2019. The report must:

(1) Describe the regional health care needs identified by the entity and key stakeholders to date, the plan developed to address those needs, any actions taken by the entity and other stakeholders pursuant to the plan, and any measurable progress toward meeting those needs;

(2) Identify any grant funds received by the entity pursuant to section 4 of this act; and

(3) For the final report, demonstrate the entity's capability for sustainability without reliance on state general fund appropriations.

NEW SECTION. Sec. 6. A new section is added to chapter 43.70 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department shall establish a health extension program to provide training, tools, and technical assistance to primary care, behavioral health, and other providers. The program must emphasize high quality preventive, chronic disease, and behavioral health care that is comprehensive and evidence-based. If the department contracts for services under this section, it may only contract with an organization that has demonstrated the ability to provide educational services to providers, clinics, and hospitals on the topics listed in subsection (2) of this section.

(2) The health extension program must coordinate dissemination of evidence-based tools and resources that promote:

(a) Integration of physical and behavioral health;

(b) Clinical information systems with sharing and organization of patient data;

(c) Clinical decision support to promote evidence-based care;

(d) Reports of the Robert Bree collaborative created by RCW 70.250.050 and findings of health technology assessments under RCW 70.14.080 through 70.14.130;

(e) Methods of formal assessment;

(f) Support for patients managing their own conditions;

(g) Identification and use of resources that are available in the community for patients and their families, including community health workers; and

(h) Practice transformation, including, but not limited to, team-based care, shared decision making, use of population level health data and management, and quality improvement linked to common statewide performance measures.

(3) The department may adopt rules necessary to implement this section, but may not adopt rules, policies, or procedures beyond the scope of authority granted in this section.

NEW SECTION. Sec. 7. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Authority" means the health care authority.

(2) "Carrier" and "health carrier" have the same meaning as in RCW 48.43.005.

(3) "Claims data" means the data required by section 10 of this act to be submitted to the database, as defined by the director in rule. "Claims data" includes, but is not limited to:

(a) Claims data for fully insured plans; and

(b) Claims data related to health care coverage and services funded, in whole or in part, in the omnibus appropriations act, including coverage and services funded by appropriated and nonappropriated state and federal moneys.

(4) "Data supplier" means a health carrier or an employer that provides health insurance to its employees. It does not include any entity, other than a state or local governmental entity, that is self-insured.

(5) "Database" means the statewide all-payer health care claims database established in section 9 of this act.

(6) "Director" means the director of financial management.

(7) "Lead organization" means the organization selected under section 9 of this act.

(8) "Office" means the office of financial management.

NEW SECTION. Sec. 8. The legislature finds that:

(1) The activities authorized by this chapter will require collaboration among state agencies and local governments that purchase health care, private health carriers, third-party purchasers, health care providers, and hospitals. These activities will identify strategies to increase the quality and effectiveness of health care delivered in Washington state and are therefore in the best interest of the public.

(2) The benefits of collaboration, together with active state supervision, outweigh potential adverse impacts. Therefore, the legislature intends to exempt from state antitrust laws, and provide immunity through the state action doctrine from federal antitrust laws, activities that are undertaken, reviewed, and approved by the office pursuant to this chapter that might otherwise be constrained by such laws. The legislature does not intend and does not authorize any person or entity to engage in activities not provided for by this chapter, and the legislature neither exempts nor provides immunity for such activities including, but not limited to, agreements among competing providers or carriers to set prices or specific levels of reimbursement for health care services.

NEW SECTION. Sec. 9. (1) The office shall establish a statewide all-payer health care claims database to support transparent public reporting of health care information. The database must improve transparency to: Assist patients, providers, and hospitals to make informed choices about care; enable providers, hospitals, and communities to improve by benchmarking their performance against that of others by focusing on best practices; enable purchasers to identify value, build expectations into their purchasing strategy, and reward improvements over time; and promote competition based on quality and cost.

(2) The director shall select a lead organization to coordinate and manage the database. The lead organization is responsible for internal

governance, management, funding, and operations of the database. At the direction of the office, the lead organization shall:

- (a) Collect claims data from data suppliers as provided in section 10 of this act;
- (b) Design data collection mechanisms with consideration for the time and cost involved in collection and the benefits that measurement would achieve;
- (c) Ensure protection of collected data and store and use any data with patient-specific information in a manner that protects patient privacy;
- (d) Consistent with the requirements of this chapter, make information from the database available as a resource for public and private entities, including carriers, employers, providers, hospitals, and purchasers of health care;
- (e) Report performance on cost and quality pursuant to section 14 of this act using, but not limited to, the performance measures developed under section 13 of this act;
- (f) Develop protocols and policies to ensure the quality of data releases;
- (g) Develop a plan for the financial sustainability of the database and charge fees not to exceed five thousand dollars for reports and data files as needed to fund the database. Any fees must be approved by the office and must be comparable across data requesters and users; and
- (h) Convene advisory committees with the approval and participation of the office, including: (i) A committee on data policy development; and (ii) a committee to establish a data release process consistent with the requirements of this chapter and to provide advice regarding formal data release requests. The advisory committees must include representation from key provider, hospital, payer, public health, health maintenance organization, purchaser, and consumer organizations.

NEW SECTION. Sec. 10. (1) Data suppliers must submit claims data to the database within the time frames established by the director in rule and in accordance with procedures established by the lead organization.

(2) An entity that is not a data supplier but that chooses to participate in the database shall require any third-party administrator utilized by the entity's plan to release, at no additional cost, any claims data related to persons receiving health coverage from the plan.

(3) Each data supplier shall submit an annual status report to the office regarding its compliance with this section. The report to the legislature required by section 2 of this act must include a summary of these status reports.

NEW SECTION. Sec. 11. (1) The claims data provided to the database, the database itself, including the data compilation, and any raw data received from the database are not public records and are exempt from public disclosure under chapter 42.56 RCW.

(2) Claims data obtained in the course of activities undertaken pursuant to or supported under this chapter are not subject to subpoena or similar compulsory process in any civil or criminal, judicial, or administrative proceeding, nor may any individual or organization with lawful access to data under this chapter be compelled to testify with regard to such data, except that data pertaining to a party in litigation may be subject to subpoena or similar compulsory process in an action brought by or on behalf of such individual to enforce any liability arising under this chapter.

NEW SECTION. Sec. 12. (1) Except as otherwise required by law, claims or other data from the database shall only be available for retrieval in original or processed form to public and private requesters pursuant to this section and shall be made available within a reasonable time after the request.

(2) Except as otherwise required by law, the office shall direct the lead organization to maintain the confidentiality of claims or other data it collects for the database that include direct and indirect patient identifiers. Any agency, researcher, or other person that receives claims or other data under this section containing direct or indirect

patient identifiers must also maintain confidentiality and may not release such claims or other data except as consistent with this section. The office shall oversee the lead organization's release of data as follows:

(a) Claims or other data that include direct or indirect patient identifiers, as specifically defined in rule, may be released to:

- (i) Federal, state, and local government agencies upon receipt of a signed data use agreement with the office and the lead organization; and
- (ii) Researchers with approval of an institutional review board upon receipt of a signed confidentiality agreement with the office and the lead organization.

(b) Claims or other data that do not contain direct patient identifiers but that may contain indirect patient identifiers may be released to agencies, researchers, and other persons upon receipt of a signed data use agreement with the lead organization.

(c) Claims or other data that do not contain direct or indirect patient identifiers may be released upon request.

(3) Recipients of claims or other data under subsection (2)(a) or (b) of this section must agree in a data use agreement or a confidentiality agreement to, at a minimum:

- (a) Take steps to protect direct and indirect patient identifying information as described in the agreement; and
- (b) Not redisclose the data except as authorized in the agreement consistent with the purpose of the agreement or as otherwise required by law.

(4) Recipients of the claims or other data under subsection (2)(b) of this section must not attempt to determine the identity of persons whose information is included in the data set or use the claims or other data in any manner that identifies the individuals or their families.

(5) For purposes of this section, the following definitions apply unless the context clearly requires otherwise.

(a) "Direct patient identifier" means information that identifies a patient.

(b) "Indirect patient identifier" means information that may identify a patient when combined with other information.

NEW SECTION. Sec. 13. (1) There is created a performance measures committee, the purpose of which is to identify and recommend standard statewide measures of health performance to inform public and private health care purchasers and set benchmarks to track costs and improvements in health outcomes. The committee shall coordinate its activities and recommendations with the lead organization selected under section 9 of this act.

(2) Members of the committee must include representation from state agencies, small and large employers, health plans, patient groups, consumers, academic experts on health care measurement, hospitals, physicians, and other providers. The governor shall appoint the members of the committee, except that a statewide association representing hospitals may appoint a member representing hospitals and a statewide association representing physicians may appoint a member representing physicians. The governor shall ensure that members represent diverse geographic locations and both rural and urban communities. The chief executive officer of the lead organization must also serve on the committee. The committee must be chaired by the director of the authority.

(3) The committee shall develop a transparent process for selecting performance measures, and the process must include opportunities for public comment.

(4) By January 1, 2015, the committee shall submit the performance measures to the authority. The measures must include dimensions of:

- (a) Prevention and screening;
- (b) Effective management of chronic conditions;
- (c) Key health outcomes;
- (d) Care coordination and patient safety; and
- (e) Use of the lowest cost, highest quality care for acute conditions.

(5) The committee shall develop a measure set that:

(a) Is of manageable size;

(b) Is based on readily available claims and clinical data;

(c) Gives preference to nationally reported measures and, where nationally reported measures may not be appropriate, measures used by the health benefit exchange and state agencies that purchase health care;

(d) Focuses on the overall performance of the system, including outcomes and total cost;

(e) Is aligned with the governor's performance management system measures and common measure requirements specific to medicaid delivery systems under RCW 70.320.020 and 43.20A.895;

(f) Considers the needs of different stakeholders and the populations served; and

(g) Is usable by multiple payers, providers, hospitals, purchasers, public health, and communities as part of health improvement, care improvement, provider payment systems, benefit design, and administrative simplification for providers and hospitals.

(6) State agencies shall use the measure set developed under this section to inform purchasing decisions and set benchmarks.

(7) The committee shall establish a public process to periodically evaluate the measure set and make additions or changes to the measure set as needed.

NEW SECTION. Sec. 14. (1) Under the supervision of the office, the lead organization shall prepare health care data reports using the database and the statewide health performance and quality measure set, including only those measures that can be completed with readily available claims data. Prior to releasing any health care data reports that use claims data, the lead organization must submit the reports to the office for review and approval.

(2)(a) Health care data reports prepared by the lead organization that use claims data must assist the legislature and the public with awareness and promotion of transparency in the health care market by reporting on:

(i) Whether providers and health systems deliver efficient, high quality care; and

(ii) Geographic and other variations in medical care and costs as demonstrated by data available to the lead organization.

(b) Measures in the health care data reports should be stratified by demography, income, language, health status, and geography when feasible with available data to identify disparities in care and successful efforts to reduce disparities.

(c) Comparisons of costs among providers and health care systems must account for differences in acuity of patients, as appropriate and feasible, and must take into consideration the cost impact of subsidization for uninsured and governmental patients, as well as teaching expenses, when feasible with available data.

(3) The lead organization may not publish any data or health care data reports that:

(a) Directly or indirectly identify patients; or

(b) Disclose specific terms of contracts, discounts, or fixed reimbursement arrangements or other specific reimbursement arrangements between an individual provider and a specific payer.

(4) The lead organization may not release a report that compares and identifies providers, hospitals, or data suppliers unless it:

(a) Allows the data supplier, the hospital, or the provider to verify the accuracy of the information submitted to the lead organization and submit to the lead organization any corrections of errors with supporting evidence and comments within forty-five days of receipt of the report; and

(b) Corrects data found to be in error within a reasonable amount of time.

(5) The office and the lead organization may use claims data to identify and make available information on payers, providers, and facilities, but may not use claims data to recommend or incentivize direct contracting between providers and employers.

(6) The lead organization shall ensure that no individual data supplier comprises more than twenty-five percent of the claims data used in any report or other analysis generated from the database. For purposes of this subsection, a "data supplier" means a carrier and any self-insured employer that uses the carrier's provider contracts.

NEW SECTION. Sec. 15. (1) The director shall adopt any rules necessary to implement this chapter, including:

(a) Definitions of claim and data files that data suppliers must submit to the database, including: Files for covered medical services, pharmacy claims, and dental claims; member eligibility and enrollment data; and provider data with necessary identifiers;

(b) Deadlines for submission of claim files;

(c) Penalties for failure to submit claim files as required;

(d) Procedures for ensuring that all data received from data suppliers are securely collected and stored in compliance with state and federal law; and

(e) Procedures for ensuring compliance with state and federal privacy laws.

(2) The director may not adopt rules, policies, or procedures beyond the authority granted in this chapter.

NEW SECTION. Sec. 16. A new section is added to chapter 48.02 RCW to read as follows:

(1) The commissioner may not use data acquired from the statewide all-payer health care claims database created in section 9 of this act for purposes of reviewing rates pursuant to this title.

(2) The commissioner's authority to access data from any other source for rate review pursuant to this title is not otherwise curtailed, even if that data may have been separately submitted to the statewide all-payer health care claims database.

NEW SECTION. Sec. 17. A new section is added to chapter 74.09 RCW to read as follows:

(1) Consistent with the implementation of the state health care innovation plan and the provisions of RCW 70.320.020, the authority and the department shall restructure medicaid procurement of health care services and agreements with managed care systems on a phased basis to better support integrated physical health, mental health, and chemical dependency treatment. By January 1, 2019, medicaid services provided under this chapter and chapters 71.24, 71.36, and 70.96A RCW must be fully integrated in a managed health care system that provides mental health, chemical dependency, and medical care services to medicaid clients. The authority and the department shall develop and utilize innovative mechanisms to promote and sustain integrated clinical models of physical and behavioral health care such as: Practice transformation support and resources; workforce capacity and flexibility; shared clinical information sharing, tools, resources, and training; and outcome-based payments to providers and hospitals.

(2) The authority and the department shall incorporate the following principles into future medicaid procurement efforts aimed at integrating the delivery of physical and behavioral health services:

(a) Facilitating equitable access to effective behavioral health services for adults and children is a state priority;

(b) Recognition that the delivery of better integrated, person-centered care to meet enrollees' physical and behavioral health care needs is a shared responsibility of contracted regional support networks, managed health care systems, service providers, hospitals, the state, and communities;

(c) Medicaid purchasing must support delivery of integrated, person-centered care that addresses the spectrum of individuals' health needs in the context of the communities in which they live and with the availability of care continuity as their health needs change;

(d) Accountability for the client outcomes established in RCW 43.20A.895 and 71.36.025 and performance measures linked to those outcomes;

(e) Medicaid benefit design must recognize that adequate preventive care, crisis intervention, and support services promote a recovery- focused approach;

(f) Evidence-based care interventions and continuous quality improvement must be enforced through contract specifications and performance measures, including the statewide measure set under section 13 of this act, that provide meaningful integration at the patient care level with broadly distributed accountability for results;

(g) Active purchasing and oversight of medicaid managed care contracts is a state responsibility;

(h) A deliberate and flexible system change plan with identified benchmarks and periodic readiness reviews will promote system stability, provide continuity of treatment for patients, and protect essential existing behavioral health system infrastructure and capacity; and

(i) Community and organizational readiness are key determinants of implementation timing; a phased approach is therefore desirable.

(3) The principles identified in subsection (2) of this section are not intended to create an individual entitlement to services.

Sec. 18. RCW 42.56.360 and 2013 c 19 s 47 are each amended to read as follows:

(1) The following health care information is exempt from disclosure under this chapter:

(a) Information obtained by the pharmacy quality assurance commission as provided in RCW 69.45.090;

(d)(i) Proprietary financial and commercial information that the submitting entity, with review by the department of health, specifically identifies at the time it is submitted and that is provided to or obtained by the department of health in connection with an application for, or the supervision of, an antitrust exemption sought by the submitting entity under RCW 43.72.310;

(ii) If a request for such information is received, the submitting entity must be notified of the request. Within ten business days of receipt of the notice, the submitting entity shall provide a written statement of the continuing need for confidentiality, which shall be provided to the requester. Upon receipt of such notice, the department of health shall continue to treat information designated under this subsection (1)(d) as exempt from disclosure;

(2) Chapter 70.02 RCW applies to public inspection and copying of health care information of patients.

(3)(a) Documents related to infant mortality reviews conducted pursuant to RCW 70.05.170 are exempt from disclosure as provided for in RCW 70.05.170(3).

(b)(i) If an agency provides copies of public records to another agency that are exempt from public disclosure under this subsection (3), those records remain exempt to the same extent the records were exempt in the possession of the originating entity.

(ii) For notice purposes only, agencies providing exempt records under this subsection (3) to other agencies may mark any exempt records as "exempt" so that the receiving agency is aware of the exemption, however whether or not a record is marked exempt does not affect whether the record is actually exempt from disclosure.

Sec. 19. RCW 70.02.045 and 2000 c 5 s 2 are each amended to read as follows:

Third-party payors shall not release health care information disclosed under this chapter, except as required by chapter 43.--- RCW (the new chapter created in section 21 of this act) and to the extent that health care providers are authorized to do so under RCW 70.02.050.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 18.340.010 and 2011 2nd sp.s. c 5 s 1 are each amended to read as follows:

(1) The lives of military families are dominated by frequent deployments, relocations, and extended periods of single parenthood. Military spouses are some of the most mobile populations in our country, making the maintenance of professional licenses a significant obstacle. According to the 2010 defense management data center, there are thirty-three thousand three hundred eighty active duty and ten thousand eight hundred thirty-seven reserve military spouses residing in Washington. Military families depend on two incomes and want to achieve their goals and aspirations. It is the intent of the legislature to recognize the sacrifices made by military families in service to our country and our state and to help alleviate the hardships military families face due to their highly transient life.

(2) Military service members work in many different professions and occupations while in service. These members frequently receive extensive training and experience through their service. However, service members often have a difficult time converting their military training and experience into civilian training, accreditation, or employment when they leave the service. As a result, service members face significant obstacles in making a smooth transition to civilian life, including finding jobs for which they are qualified or obtaining licenses in professions for which they have been trained and performed while in service. It is the intent of the legislature to recognize the training and experience

gained through military service and to eliminate the barriers for allowing service members to successfully reenter the civilian workforce.

Sec. 3. RCW 18.340.020 and 2011 2nd sp.s. c 5 s 2 are each amended to read as follows:

~~(1) ((For the purposes of this section, "authority" means any board, commission, or other authority for issuance of a license, certificate, registration, or permit under this title.~~

~~(2)) To the extent resources are available((=~~
~~(a))), each authority shall establish procedures to expedite the issuance of a license, certificate, registration, or permit to perform professional services regulated by each ((such)) authority to a person:~~

~~((i)) (a) Who is ((certified or)) licensed, certified, or registered, or has a permit in another state to perform professional services in that state;~~

~~((i)) (b) Whose spouse is the subject of a military transfer to Washington; and~~

(3) If an authority determines that the documentation is not substantially equivalent to meet any of the requirements, it must inform the applicant in writing of its decision and identify the specific criteria that were not met. The applicant must be provided an opportunity to submit additional documentation or information that addresses the identified deficiency.

(4) Each authority must maintain a list of all military training programs, certificates, awards, or work experience that it has examined and approved in an application that fulfills a requirement for obtaining a license, certification, registration, or permit for professional services. SB 6208 Prime Sponsor, Senator Hill: Preserving the integrity of veterans' benefit-related services. Reported by Committee on Community Development, Housing & Tribal Affairs

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds and declares that the practice of persons using the allure of untapped benefits from the United States department of veterans affairs to market products and services substantially affects the public interest. This practice may impact the ability of veterans or their surviving spouses to appropriately plan their finances or care. The legislature further finds that the lack of regulation of persons who provide advice related to veterans' benefits is inadequate to address unfair and deceptive practices that exist in the marketplace and has contributed to the unauthorized practice of law and the use and marketing of financial planning options that are potentially detrimental to the veteran, their spouse, and family. It is the intent of the legislature, through this chapter, to restrict how individuals receive compensation and remuneration for providing assistance with veterans' benefit-related services and to encourage certain disclosures from individuals offering veterans' benefit-related services.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Compensation" means money, property, or anything else of value, which includes, but is not limited to, exclusive arrangements or agreements for the provision of services or the purchase of products.

(2) "Person" includes, where applicable, natural persons, corporations, trusts, unincorporated associations, and partnerships.

(3) "Trade or commerce" includes the marketing or sale of assets, goods, or services, or any commerce directly or indirectly affecting the people of the state of Washington.

(4) "Veterans' benefit matter" means any preparation, presentation, or prosecution of a claim affecting a person who has filed or has expressed an intention to file an application for determination of payment, service, commodity, function, or status, entitlement to which is determined under laws administered by the United States department of veterans affairs or the Washington

state department of veterans affairs pertaining to veterans, dependents, and survivors.

NEW SECTION. Sec. 3. A person may not engage in the following acts or practices:

(1) Receiving compensation for advising or assisting another person with a veterans' benefit matter, except as permitted under Title 38 of the United States Code;

(2) Using financial or other personal information gathered in order to prepare documents for, or otherwise represent the interests of, another in a veterans' benefit matter for purposes of trade or commerce;

(3) Receiving compensation for referring another person to a person accredited by the United States department of veterans affairs;

(4) Representing, either directly or by implication, either orally or in writing, that the receipt of a certain level of veterans' benefits is guaranteed.

NEW SECTION. Sec. 4. (1) It is unlawful for any person to advertise or promote any event, presentation, seminar, workshop, or other public gathering regarding veterans' benefits or entitlements that does not include the following disclosure: "This event is not sponsored by, or affiliated with, the United States Department of Veterans Affairs, the Washington State Department of Veterans Affairs, or any other congressionally chartered or recognized organization of honorably discharged members of the Armed Forces of the United States or any of their auxiliaries. Products or services that may be discussed at this event are not necessarily endorsed by those organizations. You may qualify for benefits other than or in addition to the benefits discussed at this event."

(2) The disclosure required by subsection (1) of this section must be in the same type size and font as the term "veteran" or any variation of that term as used in the event advertisement or promotional materials.

(3) The disclosure required by subsection (1) of this section must be disseminated, both orally and in writing, at the beginning of any event, presentation, seminar, workshop, or other public gathering regarding veterans' benefits or entitlements.

(4) The disclosure required by subsection (1) of this section does not apply where the United States department of veterans affairs, the Washington state department of veterans affairs, or any other congressionally chartered or recognized organization of honorably discharged members of the armed forces of the United States or any of their auxiliaries have granted written permission to the advertiser or promoter for the use of its name, symbol, or insignia to advertise or promote such events, presentations, seminars, workshops, or other public gatherings. The disclosure required by subsection (1) of this section also does not apply where the event, presentation, seminar, workshop, or gathering is part of an accredited continuing legal education course.

NEW SECTION. Sec. 5. Nothing in this chapter applies to officers, employees, or volunteers of the state, of any county, city, or other political subdivision, or of a federal agency of the United States, who are acting in their official capacity.

NEW SECTION. Sec. 6. The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for purposes of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the

remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8. This chapter may be known and cited as the "pension poacher prevention act."

NEW SECTION. Sec. 9. Sections 1 through 6 and 8 of this act constitute a new chapter in Title 19 RCW."

FORTY FIFTH DAY

House Chamber, Olympia, Wednesday, February 26, 2014

The House was called to order at 10:00 a.m. by the Speaker (Representative Moeller presiding). The Clerk called the roll and a quorum was present.

The flags were escorted to the rostrum by the Washington Youth Academy Color Guard. The National Anthem was performed by Cadet Saleu Launiuvao. The Speaker (Representative Moeller presiding) led the Chamber in the Pledge of Allegiance. The prayer was offered by Pastor Darrel Johnson, Faith Assembly, Tri-Cities, Washington.

Reading of the Journal of the previous day was dispensed with and it was ordered to stand approved.

POINT OF PERSONAL PRIVILEGE

Representative Klippert: "Thank you Mr. Speaker. I just appreciate your giving me this opportunity. I want to thank the staff and the youth of the Washington Youth Academy that were here today. I begged them to come here. If you've never gone to a graduation of the Washington Youth Academy, you must go. It's a life changing experience and that's what the program is for many of these kids. I'd love to elaborate to what this program does for the youth of Washington State, but we don't have the time for that. I just want to say that I was recently at a St. Martin's basketball game where a father, a gentleman, recognized me and came up to me and said 'I want to thank you for your support of the Washington Youth Academy. That program saved my son's life' and then he emphasized one more time 'that program saved my son's life'. So thank you Mr. Speaker and thank you to the staff of the Washington Army National Guard and everyone who makes the Washington Youth Academy happen. Thank you Mr. Speaker."

The Speaker (Representative Moeller presiding) called upon Representative Sullivan to preside.

There being no objection, the House advanced to the fourth order of business.

REPORTS OF STANDING COMMITTEES

February 25, 2014

SSB 6110 Prime Sponsor, Committee on Financial Institutions, Housing & Insurance: Regulating retainage bonds on public contracts. Reported by Committee on Capital Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 60.28.011 and 2013 c 113 s 1 are each amended to read as follows:

(1)(a) Except as provided in (b) of this subsection, public improvement contracts must provide, and public bodies must reserve, a contract retainage not to exceed five percent of the moneys earned by the contractor as a trust fund for the protection and payment of: (i) The claims of any person arising under the contract; and (ii) the state with respect to taxes, increases, and penalties imposed pursuant to Titles 50, 51, and 82 RCW which may be due from such contractor.

(b) Public improvement contracts funded in whole or in part by federal transportation funds must rely upon the contract bond as referred to in chapter 39.08 RCW for the protection and payment of: (i) The claims of any person or persons arising under the contract to the extent such claims are provided for in RCW 39.08.010; and (ii) the state with respect to taxes, increases, and penalties incurred on the public improvement project under Titles 50, 51, and 82 RCW which may be due. The contract bond must remain in full force and effect until, at a minimum, all claims filed in compliance with chapter 39.08 RCW are resolved.

(2) Every person performing labor or furnishing supplies toward the completion of a public improvement contract has a lien upon moneys reserved by a public body under the provisions of a

public improvement contract. However, the notice of the lien of the claimant must be given within forty-five days of completion of the contract work, and in the manner provided in RCW 39.08.030.

(3) The contractor at any time may request the contract retainage be reduced to one hundred percent of the value of the work remaining on the project.

(a) After completion of all contract work other than landscaping, the contractor may request that the public body release and pay in full the amounts retained during the performance of the contract, and sixty days thereafter the public body must release and pay in full the amounts retained (other than continuing retention of five percent of the moneys earned for landscaping) subject to the provisions of chapters 39.12 and 60.28 RCW.

(b) Sixty days after completion of all contract work the public body must release and pay in full the amounts retained during the performance of the contract subject to the provisions of chapters 39.12 and 60.28 RCW.

(4) The moneys reserved by a public body under the provisions of a public improvement contract, at the option of the contractor, must be:

(a) Retained in a fund by the public body;

(b) Deposited by the public body in an interest bearing account in a bank, mutual savings bank, or savings and loan association. Interest on moneys reserved by a public body under the provision of a public improvement contract must be paid to the contractor;

(c) Placed in escrow with a bank or trust company by the public body. When the moneys reserved are placed in escrow, the public body must issue a check representing the sum of the moneys reserved payable to the bank or trust company and the contractor jointly. This check must be converted into bonds and securities chosen by the contractor and approved by the public body and the bonds and securities must be held in escrow. Interest on the bonds and securities must be paid to the contractor as the interest accrues.

(5) The contractor or subcontractor may withhold payment of not more than five percent from the moneys earned by any subcontractor or sub-subcontractor or supplier contracted with by the contractor to provide labor, materials, or equipment to the public project. Whenever the contractor or subcontractor reserves funds earned by a subcontractor or sub-subcontractor or supplier, the contractor or subcontractor must pay interest to the subcontractor or sub-subcontractor or supplier at a rate equal to that received by the contractor or subcontractor from reserved funds.

(6) A contractor may submit a bond for all or any portion of the contract retainage in a form acceptable to the public body and from ~~((a bonding company meeting standards established by the public body))~~ an authorized surety insurer with a financial strength rating from A.M. Best Co. of "A-" or higher. The public body must ~~((accept a bond meeting these requirements unless the public body can demonstrate good cause for refusing to accept it))~~ comply with the provisions of RCW 48.28.010. This bond and any proceeds therefrom are subject to all claims and liens and in the same manner and priority as set forth for retained percentages in this chapter. The public body must release the bonded portion of the retained funds to the contractor within thirty days of accepting the bond from the contractor. Whenever a public body accepts a bond in lieu of retained funds from a contractor, the contractor must accept like bonds from any subcontractors or suppliers from which the contractor has retained funds. The contractor must then release the funds retained from the subcontractor or supplier to the subcontractor or supplier within thirty days of accepting the bond from the subcontractor or supplier.

(7) If the public body administering a contract, after a substantial portion of the work has been completed, finds that an

unreasonable delay will occur in the completion of the remaining portion of the contract for any reason not the result of a breach thereof, it may, if the contractor agrees, delete from the contract the remaining work and accept as final the improvement at the stage of completion then attained and make payment in proportion to the amount of the work accomplished and in this case any amounts retained and accumulated under this section must be held for a period of sixty days following the completion. In the event that the work is terminated before final completion as provided in this section, the public body may thereafter enter into a new contract with the same contractor to perform the remaining work or improvement for an amount equal to or less than the cost of the remaining work as was provided for in the original contract without advertisement or bid. The provisions of this chapter are exclusive and supersede all provisions and regulations in conflict herewith.

(8) Whenever the department of transportation has contracted for the construction of two or more ferry vessels, sixty days after completion of all contract work on each ferry vessel, the department must release and pay in full the amounts retained in connection with the construction of the vessel subject to the provisions of RCW 60.28.021 and chapter 39.12 RCW. However, the department of transportation may at its discretion condition the release of funds retained in connection with the completed ferry upon the contractor delivering a good and sufficient bond with two or more sureties, or with a surety company, in the amount of the retained funds to be released to the contractor, conditioned that no taxes may be certified or claims filed for work on the ferry after a period of sixty days following completion of the ferry; and if taxes are certified or claims filed, recovery may be had on the bond by the department of revenue, the employment security department, the department of labor and industries, and the material suppliers and laborers filing claims.

(9) Except as provided in subsection (1) of this section, reservation by a public body for any purpose from the moneys earned by a contractor by fulfilling its responsibilities under public improvement contracts is prohibited.

(10) Contracts on projects funded in whole or in part by farmers home administration and subject to farmers home administration regulations are not subject to subsections (1) through (9) of this section.

(11) This subsection applies only to a public body that has contracted for the construction of a facility using the general contractor/construction manager procedure, as defined under RCW 39.10.210. If the work performed by a subcontractor on the project has been completed within the first half of the time provided in the general contractor/construction manager contract for completing the work, the public body may accept the completion of the subcontract. The public body must give public notice of this acceptance. After a forty-five day period for giving notice of liens, and compliance with the retainage release procedures in RCW 60.28.021, the public body may release that portion of the retained funds associated with the subcontract. Claims against the retained funds after the forty-five day period are not valid.

(12) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Contract retainage" means an amount reserved by a public body from the moneys earned by a person under a public improvement contract.

(b) "Person" means a person or persons, mechanic, subcontractor, or material person who performs labor or provides materials for a public improvement contract, and any other person who supplies the person with provisions or supplies for the carrying on of a public improvement contract.

(c) "Public body" means the state, or a county, city, town, district, board, or other public body.

(d) "Public improvement contract" means a contract for public improvements or work, other than for professional services, or a work order as defined in RCW 39.10.210."

(b) The appointment is irrevocable, binds any successor in interest or to the assets or liabilities of the service contract provider, and remains in effect for as long as there could be any cause of action against the service contract provider arising out of any of the service contract provider's contracts or obligations in this state.

(c) The service of process must be accomplished and processed in the manner prescribed under RCW 48.02.200.

(4) The commissioner may refuse to issue a registration if the commissioner determines that the service contract provider, or any individual responsible for the conduct of the affairs of the service contract provider under subsection (2)(b) of this section, is not competent, trustworthy, financially responsible, or has had a license as a service contract provider or similar license denied or revoked for cause by any state.

(5) A registration issued under this section is valid, unless surrendered, suspended, or revoked by the commissioner, or not renewed for so long as the service contract provider continues in business in this state and remains in compliance with this chapter. A registration is subject to renewal annually on the first day of July upon application of the service contract provider and payment of a fee of two hundred dollars, which must be deposited into the general fund. If not so renewed, the registration expires on the June 30th next preceding.

(6) A service contract provider must keep current the information required to be disclosed in its registration under this section by reporting all material changes or additions within thirty days after the end of the month in which the change or addition occurs."

(3) The fact that any person charged with a violation of this section is or has been entitled to use such drug under the laws of this state shall not constitute a defense against any charge of violating this section.

(4)(a) Any person who operates a vessel within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of the person's breath (~~(or blood)~~) for the purpose of determining the alcohol concentration (~~(-THC concentration, or presence of any drug)~~) in the person's breath (~~(or~~

~~blood)~~) if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person was operating a vessel while under the influence of intoxicating liquor (~~(-marijuana,)~~) or a combination of intoxicating liquor and any other drug.

(b) When an arrest results from an accident in which there has been serious bodily injury to another person or death or the arresting officer has reasonable grounds to believe the person was operating a vessel while under the influence of THC or any other drug, a blood test may be administered with the consent of the arrested person and a valid waiver of the warrant requirement or without the consent of the person so arrested pursuant to a search warrant or when exigent circumstances exist.

(c) Neither consent nor this section precludes a police officer from obtaining a search warrant for a person's breath or blood.

(d) An arresting officer may administer field sobriety tests when circumstances permit.

(5) The test or tests of breath must be administered pursuant to RCW 46.20.308. ~~(Where the officer has reasonable grounds to believe that the person is under the influence of a drug, or where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample, or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility, a blood test must be administered by a qualified person as provided in RCW 46.61.506(5).)~~ The officer shall warn the person that if the person refuses to take the test, the person will be issued a class 1 civil infraction under RCW 7.80.120.

(6) A violation of subsection (1) of this section is a misdemeanor. A violation of subsection (2) of this section is a gross misdemeanor. In addition to the statutory penalties imposed, the court may order the defendant to pay restitution for any damages or injuries resulting from the offense.

Sec. 2. RCW 79A.60.700 and 2013 c 278 s 2 are each amended to read as follows:

(1) The refusal of a person to submit to a test of the alcohol concentration, THC concentration, or presence of any drug in the person's blood or breath is not admissible into evidence at a subsequent criminal trial.

(2) A person's refusal to submit to a test or tests pursuant to RCW 79A.60.040(4)(a) constitutes a class 1 civil infraction under RCW 7.80.120."

"PART 1

INVASIVE SPECIES--MANAGEMENT

NEW SECTION. Sec. 101. The legislature finds that:

- (1) The state's fish, wildlife, and habitat are exceptionally valuable environmental resources for the state's citizens.
- (2) The state's fish, wildlife, and habitat also provide exceptionally valuable economic, cultural, and recreational resources. These include hydroelectric power, agriculture, forests, water supplies, commercial and recreational fisheries, aquaculture, and public access to outdoor recreational opportunities.
- (3) Invasive species pose a grave threat to these environmental and economic resources, especially to salmon recovery and state and federally listed threatened and endangered species. Because of the significant harm invasive species can cause, invasive species constitute a public nuisance.
- (4) If allowed to become established, invasive species can threaten human health and cause environmental and economic disasters affecting not only our state, but other states and nations.
- (5) The risk of invasive species spreading into Washington increases as travel and commerce grows in volume and efficiency.
- (6) Prevention of invasive species is a cost-effective, successful, and proven management strategy. Prevention is the state's highest management priority with an emphasis on education and outreach, inspections, and rapid response.
- (7) The integrated management of invasive species through pathways regulated by the department is critical to preventing the introduction and spread of a broad range of such species, including plants, diseases, and parasites.
- (8) Washington's citizens must work together to protect the state from invasive species.
- (9) Public and private partnerships, cooperative agreements, and compacts are important for preventing new arrivals and managing existing populations of invasive species, and coordinating these actions on local, state, national, and international levels.
- (10) The department requires authority for this mission to effectively counter the unpredictable nature of invasive species' introductions and spread, enable the utilization of new advances in invasive ecology science, and implement applicable techniques and technology to address invasive species.
- (11) An integrated management approach provides the best way for the state to manage invasive species and includes opportunities for creating an informed public, encouraging public involvement, and striving for local, regional, national, and international cooperation and consistency on management standards. An integrated management approach also applies sound science to minimize the chance that invasive species used for beneficial purposes will result in environmental harm.
- (12) This chapter provides authority for the department to effectively address invasive species using an integrated management approach.
- (13) The department of fish and wildlife currently has sufficient statutory authority to effectively address invasive species risks posed through discharge of ballast water under chapter 77.120 RCW and by private sector shellfish aquaculture operations

regulated under chapter 77.115 RCW. The programs developed by the department under these chapters embody the principles of prevention as the highest priority, integrated management of pathways, public-private partnerships, clean and drain principles, and rapid response capabilities.

NEW SECTION. Sec. 102. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Aquatic conveyance" means transportable personal property having the potential to move an aquatic invasive species from one aquatic environment to another. Aquatic conveyances include but are not limited to watercraft and associated equipment, float planes, construction equipment, fish tanker trucks, hydroelectric and irrigation equipment, personal fishing and hunting gear, and materials used for aquatic habitat mitigation or restoration.

(2) "Aquatic invasive species" means an invasive species of the animal kingdom with a life cycle that is at least partly dependent upon fresh, brackish, or marine waters. Examples include nutria, waterfowl, amphibians, fish, and shellfish.

(3) "Aquatic plant" means a native or nonnative emergent, submersed, partially submersed, free-floating, or floating-leaved plant species that is dependent upon fresh, brackish, or marine water ecosystems and includes all stages of development and parts.

(4) "Certificate of inspection" means a department-approved document that declares, to the extent technically or measurably possible, that an aquatic conveyance does not carry or contain an invasive species. Certification may be in the form of a decal, label, rubber stamp imprint, tag, permit, locking seal, or written statement.

(5) "Clean and drain" means to remove the following from areas on or within an aquatic conveyance to the extent technically and measurably possible:

(a) Visible native and nonnative aquatic animals, plants, or other organisms; and

(b) Raw water.

(6) "Commercial watercraft" means a management category of aquatic conveyances:

(a) Required to have valid marine documentation as a vessel of the United States or similar required documentation for a country other than the United States; and

(b) Not subject to watercraft registration requirements under chapter 88.02 RCW or ballast water requirements under chapter 77.120 RCW.

(7) "Cryptogenic species" means a species that scientists cannot commonly agree are native or nonnative or are part of the animal kingdom.

(8) "Decontaminate" means, to the extent technically and measurably possible, the application of a treatment to kill, destroy, remove, or otherwise eliminate all known or suspected invasive species carried on or contained within an aquatic conveyance or structural property by use of physical, chemical, or other methods. Decontamination treatments may include drying an aquatic conveyance for a time sufficient to kill aquatic invasive species through desiccation.

(9) "Detect" means the verification of invasive species' presence as defined by the department.

(10) "Eradicate" means, to the extent technically and measurably possible, to kill, destroy, remove, or otherwise eliminate an invasive species from a water body or property using physical, chemical, or other methods.

(11) "Infested site management" means management actions as provided under section 109 of this act that may include long-term actions to contain, control, or eradicate a prohibited species.

(13) "Invasive species" means nonnative species of the animal kingdom that are not naturally occurring in Washington for purposes of breeding, resting, or foraging, and that pose an invasive risk of harming or threatening the state's environmental, economic, or human resources. Invasive species include all stages of species development and body parts. They may also include genetically modified or cryptogenic species.

(14) "Invasive species council" means the Washington invasive species council established in RCW 79A.25.310 or a similar collaborative state agency forum. The term includes the council and all of its officers, employees, agents, and contractors.

(15) "Mandatory check station" means a location where a person transporting an aquatic conveyance must stop and allow the conveyance to be inspected for aquatic invasive species.

(16) "Possess" means to have authority over the use of an invasive species or use of an aquatic conveyance that may carry or contain an invasive species. For the purposes of this subsection, "authority over" includes the ability to intentionally or unintentionally hold, import, export, transport, purchase, sell, barter, distribute, or propagate an invasive species.

(17) "Prohibited species" means a classification category of nonnative species as provided in section 104 of this act.

(18) "Property" means both real and personal property.

(20) "Rapid response" means expedited management actions as provided under section 108 of this act triggered when invasive species are detected, for the time-sensitive purpose of containing or eradicating the species before it spreads or becomes further established.

(21) "Raw water" means water from a water body and held on or within property. "Raw water" does not include water from precipitation that is captured in a conveyance, structure, or depression that is not otherwise intended to function as a water body, or water from a potable water supply system, unless the water contains visible aquatic organisms.

(22) "Regulated species" means a classification category of nonnative species as provided in section 104 of this act.

(24) "Seaplane" means a management category of aquatic conveyances capable of landing on or taking off from water and required to register as an aircraft under RCW 47.68.250 or similar registration in a state other than Washington or a country other than the United States.

(25) "Small watercraft" means a management category of aquatic conveyances:

(a) Including inflatable and hard-shell watercraft used or capable of being used as a means of transportation on the water, such as kayaks, canoes, sailboats, and rafts that:

(i) Do not meet watercraft registration requirements under chapter 88.02 RCW; and

(ii) Are ten feet or more in length with or without mechanical propulsion or less than ten feet in length and fitted with mechanical propulsion.

(b) Excluding nonmotorized aquatic conveyances of any size not designed or modified to be used as a means of

transportation on the water, such as inflatable air mattresses and tubes, beach and water toys, surf boards, and paddle boards.

(26) "Water body" means an area that carries or contains a collection of water, regardless of whether the feature carrying or containing the water is natural or nonnatural. Examples include basins, bays, coves, streams, rivers, springs, lakes, wetlands, reservoirs, ponds, tanks, irrigation canals, and ditches.

NEW SECTION. Sec. 103. (1) The department is the lead agency for managing invasive species of the animal kingdom statewide. This lead responsibility excludes pests, domesticated animals, or livestock managed by the department of agriculture under Titles 15, 16, and 17 RCW, forest invasive insect and disease species managed by the department of natural resources under Title 76 RCW, and mosquito and algae control and shellfish sanitation managed by the department of health under Titles 69, 70, and 90 RCW.

(2) Subject to the availability of funding for these specific purposes, the department may:

(a) Develop and implement integrated invasive species management actions and programs authorized by this chapter, including rapid response, early detection and monitoring, prevention, containment, control, eradication, and enforcement;

(b) Establish and maintain an invasive species outreach and education program, in coordination with the Washington invasive species council, that covers public, commercial, and professional pathways and interests;

(c) Align management classifications, standards, and enforcement provisions by rule with regional, national, and international standards and enforcement provisions;

(d) Manage invasive species to support the preservation of native species, salmon recovery, and the overall protection of threatened or endangered species;

(e) Participate in local, state, regional, national, and international efforts regarding invasive species to support the intent of this chapter;

(f) Provide technical assistance or other support to tribes, federal agencies, local governments, and private groups to promote an informed public and assist the department in meeting the intent of this chapter;

(g) Enter into partnerships, cooperative agreements, and state or interstate compacts as necessary to accomplish the intent of this chapter;

(h) Research and develop invasive species management tools, including standard methods for decontaminating aquatic conveyances and controlling or eradicating invasive species from water bodies and properties;

(i) Post invasive species signs and information at port districts, privately or publicly owned marinas, state parks, and all boat launches owned or leased by state agencies or political subdivisions; and

(j) Adopt rules as needed to implement the provisions of this chapter.

(3) The department may delegate selected and clearly identified elements of its authorities and duties to another agency of the state with appropriate expertise or administrative capacity upon cooperative agreement with that agency. This delegation may include provisions of funding for implementation of the delegations. The department retains primary authority and responsibility for all requirements of this chapter unless otherwise directed in this chapter.

(4) This chapter does not apply to the possession or introduction of nonnative aquatic animal species by:

(a) Ballast water held or discharged by vessels regulated under chapter 77.120 RCW; or

(b) Private sector aquaculture operations, transfers, or conveyances regulated under chapter 77.115 RCW.

(5) This chapter does not preempt or replace other department species classification systems or other management requirements under this title. However, the department must streamline invasive species requirements under this chapter into existing permits and cooperative agreements as possible.

NEW SECTION. Sec. 104. (1) The department, in consultation with the invasive species council, may classify or reclassify and list by rule nonnative aquatic animal species as prohibited level 1, level 2, or level 3, based on the degree of invasive risk, the type of management action required, and resources available to conduct the management action.

(a) Species classified as prohibited level 1 pose a high invasive risk and are a priority for prevention and expedited rapid response management actions.

(b) Species classified as prohibited level 2 pose a high invasive risk and are a priority for long-term infested site management actions.

(c) Species classified as prohibited level 3 pose a moderate to high invasive risk and may be appropriate for prevention, rapid response, or other prohibited species management plan actions by the department, another agency, a local government, tribes, or the public.

(2) The department, in consultation with the invasive species council, may classify and list by rule regulated type A species. This classification is used for nonnative aquatic animal species that pose a low to moderate invasive risk that can be managed based on intended use or geographic scope of introduction, have a beneficial use, and are a priority for department-led or department-approved management of the species' beneficial use and invasive risks.

(3) Nonnative aquatic animal species not classified as prohibited level 1, level 2, or level 3 under subsection (1) of this section, or as regulated type A species under subsection (2) of this section, are automatically managed statewide as regulated type B species or regulated type C species and do not require listing by rule.

(a) Species managed as regulated type B pose a low or unknown invasive risk and are possessed for personal or commercial purposes, such as for aquariums, live food markets, or as nondomesticated pets.

(b) Species managed as regulated type C pose a low or unknown invasive risk and include all other species that do not meet the criteria for management as a regulated type B invasive species.

(4) Classification of prohibited and regulated species:

(a) May be by individual species or larger taxonomic groups up to the family name;

(b) Must align, as practical and appropriate, with regional and national classification levels;

(c) Must be statewide unless otherwise designated by a water body, property, or other geographic region or area; and

(d) May define general possession and introduction conditions acceptable under department authorization, a permit, or as otherwise provided by rule.

(5) Prior to or at the time of classifying species by rule as prohibited or regulated under subsections (1) and (2) of this section, the department, in consultation with the invasive species council, must adopt rules establishing standards for determining invasive risk levels and criteria for determining beneficial use that take into consideration environmental impacts, and especially effects on the preservation of native species, salmon recovery, and threatened or endangered species.

NEW SECTION. Sec. 105. (1) Until the department adopts rules classifying species pursuant to chapter 77--- RCW (the new chapter created in section 122 of this act), species and

classifications identified in this section are automatically managed as follows:

(a) Zebra mussels (*Dreissena polymorpha*), quagga mussels (*Dreissena rostriformis bugensis*), European green crab (*Carcinus maenas*), and all members of the genus *Eriocheir* (including Chinese mitten crab), all members of the walking catfish family (*Clariidae*), all members of the snakehead family (*Channidae*), silver carp (*Hypophthalmichthys molitrix*), largescale silver carp (*Hypophthalmichthys harmandi*), black carp (*Mylropharyngodon piceus*), and bighead carp (*Hypophthalmichthys nobilis*) are prohibited level 1 species statewide;

(b) Prohibited aquatic animal species classified under WAC 220-12-090(1), in effect on July 1, 2014, except those as noted in this subsection are prohibited level 3 species statewide;

(c) Regulated aquatic animal species classified under WAC 220-12-090(2), in effect on July 1, 2014, are regulated type A species statewide; and

(d) Nonnative aquatic animal species classified as game fish under WAC 232-12-019, in effect on July 1, 2014, or food fish under WAC 220-12-010, in effect on July 1, 2014, are regulated type A species statewide.

(2) The department, in consultation with the invasive species council, may change these classifications by rule.

NEW SECTION. Sec. 106. (1) Prohibited level 1, level 2, and level 3 species may not be possessed, introduced on or into a water body or property, or trafficked, without department authorization, a permit, or as otherwise provided by rule.

(2) Regulated type A, type B, and type C species may not be introduced on or into a water body or property without department authorization, a permit, or as otherwise provided by rule.

(3) Regulated type B species, when being actively used for commercial purposes, must be readily and clearly identified in writing by taxonomic species name or subspecies name to distinguish the subspecies from another prohibited species or a regulated type A species. Nothing in this section precludes using additional descriptive language or trade names to describe regulated type B species as long as the labeling requirements of this section are met.

NEW SECTION. Sec. 107. (1) If the department determines it is necessary to protect the environmental, economic, or human health interests of the state from the threat of a prohibited level 1 or level 2 species, the department may declare a quarantine against a water body, property, or region within the state. The department may prohibit or condition the movement of aquatic conveyances and waters from such a quarantined place or area that are likely to contain a prohibited species.

(2) A quarantine declaration under this section may be implemented separately or in conjunction with rapid response management actions under section 108 of this act and infested site management actions under section 109 of this act in a manner and for a duration necessary to protect the interests of the state from the threat of a prohibited level 1 or level 2 species. A quarantine declaration must include:

(a) The reasons for the action including the prohibited level 1 or level 2 species triggering the quarantine;

(b) The boundaries of the area affected;

(c) The action timeline;

(d) Types of aquatic conveyances and waters affected by the quarantine and any prohibition or conditions on the movement of those aquatic conveyances and waters from the quarantine area; and

(e) Inspection and decontamination requirements for aquatic conveyances.

NEW SECTION. Sec. 108. (1) The department may implement rapid response management actions where a prohibited level 1 species is detected in or on a water body or property. Rapid response management actions may: Include expedited actions to contain, control, or eradicate the prohibited species; and, if applicable, be implemented in conjunction with a quarantine declaration. Rapid response management actions must be terminated by the department when it determines that the targeted prohibited level 1 species are:

- (a) Eradicated;
- (b) Contained or controlled without need for further management actions;
- (c) Reclassified for that water body; or
- (d) Being managed under infested site management actions pursuant to section 109 of this act.

(2) If a rapid response management action exceeds seven days, the department may implement an incident command system for rapid response management including scope, duration, and types of actions and to support mutual assistance and cooperation between the department and other affected state and federal agencies, tribes, local governments, and private water body or property owners. The purpose of this system is to coordinate a rapid, effective, and efficient response to contain, control, and eradicate if feasible, a prohibited level 1 species. Mutual assistance and coordination by other state agencies is especially important to assist the department in expediting necessary state and federal environmental permits.

(3) The department may enter into cooperative agreements with national, regional, state, and local rapid response management action partners to establish incident command system structures, secure or prepare submission-ready environmental permits, and identify mutual assistance commitments in preparation for potential future actions.

(4) The department may perform simulated rapid response exercises, testing, or other training activities to prepare for future rapid response management actions.

(5) In implementing rapid response management actions, the department may enter upon property consistent with the process established under section 119 of this act.

NEW SECTION. Sec. 109. (1) The department may implement infested site management actions where a prohibited level 2 species is detected in or on a water body or property. Infested site management actions may: Include long-term actions to contain, control, or eradicate the prohibited species; and, if applicable, be implemented in conjunction with a quarantine declaration. Infested site management actions must be terminated by the department when it determines that the targeted prohibited level 2 species are:

- (a) Eradicated;
- (b) Contained or controlled without need for further management actions; or
- (c) Reclassified for that water body.

(2) The department must consult with affected state and federal agencies, tribes, local governments, and private water body or property owners prior to implementing infested site management actions. The purpose of the consultation is to support mutual assistance and cooperation in providing an effective and efficient response to contain, control, and eradicate, if feasible, a prohibited level 2 species.

(3) The department may enter into cooperative agreements with national, regional, state, and local infested site management action partners to establish management responsibilities, secure or prepare submission-ready environmental permits, and identify mutual assistance commitments.

(4) In implementing infested site management actions, the department may enter upon property consistent with the process established under section 119 of this act.

NEW SECTION. Sec. 110. (1) To the extent possible, the department's quarantine declarations under section 107 of this act, rapid response management actions under section 108 of this act, and infested site management actions under section 109 of this act must be implemented in a manner best suited to contain, control, and eradicate prohibited level 1 and level 2 species while protecting human safety, minimizing adverse environmental impacts to a water body or property, and minimizing adverse economic impacts to owners of an affected water body or property.

(2) The department is the lead agency for quarantine declarations, rapid response, and infested site management actions. Where the infested water body is subject to tribal, federal, or other sovereign jurisdiction, the department:

(a) Must consult with appropriate federal agencies, tribal governments, other states, and Canadian government entities to develop and implement coordinated management actions on affected water bodies under shared jurisdiction;

(b) May assist in infested site management actions where these actions may prevent the spread of prohibited species into state water bodies; and

(c) May assist other states and Canadian government entities, in the Columbia river basin, in management actions on affected water bodies outside of the state where these actions may prevent the spread of the species into state water bodies.

(3)(a) The department must provide notice of quarantine declarations, rapid response, and infested site management actions to owners of an affected water body or property. Notice may be provided by any reasonable means, such as in person, by United States postal service, by publication in a local newspaper, by electronic publication including social media or postings on the department's public web site, or by posting signs at the water body.

(b) The department must provide updates to owners of an affected water body or property based on management action type as follows:

(i) Every seven days for a rapid response management action and, if applicable, a quarantine declaration implemented in conjunction with a rapid response management action;

(ii) Every six months for a separate quarantine declaration;

(iii) Annually for the duration of an infested site management action and, if applicable, a quarantine declaration implemented in conjunction with an infested site management action; and

(iv) A final update at the conclusion of any management action.

(c) In addition to owners of an affected water body or property, the department must provide notice of a quarantine declaration to members of the public by any reasonable means for an area subject to a quarantine declaration, such as by publication in a local newspaper, by electronic publication including social media or postings on the department's public web site, or by posting signs at the water body. The department must provide updates at reasonable intervals and a final update at the conclusion of the quarantine declaration.

(4) The department must publicly list those water bodies or portions of water bodies in which a prohibited level 1 or level 2 species has been detected. The department may list those areas in which a prohibited level 3 species has been detected.

(5) When posting signs at a water body or property where a prohibited species has been detected, the department must consult with owners of the affected water body or property regarding placement of those signs.

NEW SECTION. Sec. 111. (1) If the director finds that there exists an imminent danger of a prohibited level 1 or level 2 species detection that seriously endangers or threatens the environment, economy, human health, or well-being of the state of Washington, the director must ask the governor to order, under RCW 43.06.010(14), emergency measures to prevent or abate the prohibited species. The director's findings must contain an evaluation of the effect of the emergency measures on environmental factors such as fish listed under the endangered species act, economic factors such as public and private access, human health factors such as water quality, or well-being factors such as cultural resources.

(2) If an emergency is declared pursuant to RCW 43.06.010(14), the director may consult with the invasive species council to advise the governor on emergency measures necessary under RCW 43.06.010(14) and this section, and make subsequent recommendations to the governor. The invasive species council must involve owners of the affected water body or property, state and local governments, federal agencies, tribes, public health interests, technical service providers, and environmental organizations, as appropriate.

(3) Upon the governor's approval of emergency measures, the director may implement these measures to prevent, contain, control, or eradicate invasive species that are the subject of the emergency order, notwithstanding the provisions of chapter 15.58 or 17.21 RCW or any other statute. These measures, after evaluation of all other alternatives, may include the surface and aerial application of pesticides.

(4) The director must continually evaluate the effects of the emergency measures and report these to the governor at intervals of not less than ten days. The director must immediately advise the governor if the director finds that the emergency no longer exists or if certain emergency measures should be discontinued.

NEW SECTION. Sec. 112. (1) A person in possession of an aquatic conveyance who enters Washington by road, air, or water is required to have a certificate of inspection. A person must provide this certificate of inspection upon request by a fish and wildlife officer or ex officio fish and wildlife officer.

(2) The department must adopt rules to implement this section including:

- (a) Types of aquatic conveyances required to have a certificate of inspection;
- (b) Allowable certificate of inspection forms including passport type systems and integration with existing similar permits;
- (c) Situations when authorization can be obtained for transporting an aquatic conveyance not meeting inspection requirements to a specified location within the state where certificate of inspection requirements can be provided; and
- (d) Situations where aquatic conveyances are using shared boundary waters of the state, such as portions of the Columbia river, lake Osoyoos, and the Puget Sound.

NEW SECTION. Sec. 113. (1) A person in possession of an aquatic conveyance must meet clean and drain requirements after the conveyance's use in or on a water body or property. A certificate of inspection is not needed to meet clean and drain requirements.

(2) A fish and wildlife officer or ex officio fish and wildlife officer may order a person transporting an aquatic conveyance not meeting clean and drain requirements to:

- (a) Clean and drain the conveyance at the discovery site, if the department determines there are sufficient resources available; or
- (b) Transport the conveyance to a reasonably close location where resources are sufficient to meet the clean and drain requirements.

(3) This section may be enforced immediately on the transportation of aquatic plants by registered watercraft, small watercraft, seaplanes, and commercial watercraft. The department must adopt rules to implement all other aspects of clean and drain requirements, including:

(a) Other types of aquatic conveyances subject to this requirement;

(b) When transport of an aquatic conveyance is authorized if clean and drain services are not readily available at the last water body used; and

(c) Exemptions to clean and drain requirements where the department determines there is minimal risk of spreading invasive species.

NEW SECTION. Sec. 114. (1) The department may establish mandatory check stations to inspect aquatic conveyances for clean and drain requirements and aquatic invasive species. The check stations must be operated by at least one fish and wildlife officer, an ex officio fish and wildlife officer in coordination with the department, or department-authorized representative, and must be plainly marked by signs and operated in a safe manner.

(2) Aquatic conveyances required to stop at mandatory check stations include registered watercraft, commercial watercraft, and small watercraft. The department may establish rules governing other types of aquatic conveyances that must stop at mandatory check stations. The rules must provide sufficient guidance so that a person transporting the aquatic conveyance readily understands that he or she is required to stop.

(3) A person who encounters a mandatory check station while transporting an aquatic conveyance must:

- (a) Stop at the mandatory check station;
- (b) Allow the aquatic conveyance to be inspected for clean and drain requirements and aquatic invasive species;
- (c) Follow clean and drain orders if clean and drain requirements are not met pursuant to section 113 of this act; and
- (d) Follow decontamination orders pursuant to section 115 of this act if an aquatic invasive species is found.

(4) A person who complies with the department directives under this section is exempt from criminal penalties under sections 205 and 206 of this act, civil penalties under RCW 77.15.160(4), and civil forfeiture under RCW 77.15.070, unless the person has a prior conviction for an invasive species violation within the past five years.

NEW SECTION. Sec. 115. (1) Upon discovery of an aquatic conveyance that carries or contains an aquatic invasive species without department authorization, a permit, or as otherwise provided by rule, a fish and wildlife officer or ex officio fish and wildlife officer may issue a decontamination order:

(a) Requiring decontamination at the discovery site, if the situation presents a low risk of aquatic invasive species introduction, and sufficient department resources are available at the discovery site;

(b) Prohibiting the launch of the aquatic conveyance in a water body until decontamination is completed and certified, if the situation presents a low risk of aquatic invasive species introduction, and sufficient department resources are not available at the discovery site;

(c) Requiring immediate transport of the conveyance to an approved decontamination station, and prohibiting the launch of the conveyance in a water body until decontamination is completed and certified, if the situation presents a moderate risk of aquatic invasive species introduction, and sufficient department resources are not available at the discovery site; or

(d) Seizing and transporting the aquatic conveyance to an approved decontamination station until decontamination is completed and certified, if the situation presents a high risk of

aquatic invasive species introduction, and sufficient department resources are not available at the discovery site.

(2) The person possessing the aquatic conveyance that is subject to orders issued under subsection (1)(b) through (d) of this section must bear any costs for seizure, transportation, or decontamination.

(3) Orders issued under subsection (1)(b) through (d) of this section must be in writing and must include notice of the opportunity for a hearing pursuant to section 116 of this act to determine the validity of the orders.

(4) If a decontamination order is issued under subsection (1)(d) of this section, the department may seize the aquatic conveyance for two working days or a reasonable additional period of time thereafter as needed to meet decontamination requirements. The decontamination period must be based on factors including conveyance size and complexity, type and number of aquatic invasive species present, and decontamination station resource capacity.

(5) If an aquatic conveyance is subject to forfeiture under RCW 77.15.070, the timelines and other provisions under that section apply to the seizure.

(6) Upon decontamination and issuing a certificate of inspection, an aquatic conveyance must be released to the person in possession of the aquatic conveyance at the time the decontamination order was issued, or to the owner of the aquatic conveyance.

NEW SECTION. Sec. 116. (1) A person aggrieved or adversely affected by a quarantine declaration under section 107 of this act, a rapid response management action under section 108 of this act, an infested site management action under section 109 of this act, or a decontamination order under section 115 of this act may contest the validity of the department's actions by requesting a hearing in writing within twenty days of the department's actions.

(2) Hearings must be conducted pursuant to chapter 34.05 RCW and the burden of demonstrating the invalidity of agency action is on the party asserting invalidity. The hearing may be conducted by the director or the director's designee and may occur telephonically.

(3) A hearing on a decontamination order is limited to the issues of whether decontamination was necessary and the reasonableness of costs assessed for any seizure, transportation, and decontamination. If the person in possession of the aquatic conveyance that was decontaminated prevails at the hearing, the person is entitled to reimbursement by the department for any costs assessed by the department or decontamination station operator for the seizure, transportation, and decontamination. If the department prevails at the hearing, the department is not responsible for and may not reimburse any costs.

NEW SECTION. Sec. 117. (1) The department may operate aquatic conveyance inspection and decontamination stations statewide for voluntary use by the public or for mandatory use where directed by the department to meet inspection and decontamination requirements of this chapter. Decontamination stations can be part of or separate from inspection stations. Inspection and decontamination stations are separate from commercial vehicle weigh stations operated by the Washington state patrol.

(2) Inspection station staff must inspect aquatic conveyances to determine whether the conveyances carry or contain aquatic invasive species. If an aquatic conveyance is free of aquatic invasive species, then inspection station staff must issue a certificate of inspection. A certificate of inspection is valid until the conveyance's next use in a water body.

(3) If a conveyance carries or contains aquatic invasive species, then inspection station staff must require the conveyance's decontamination before issuing a certificate of inspection. The

certificate of inspection is valid until the conveyance's next use in a water body.

(4) The department must identify, in a way that is readily available to the public, the location and contact information for inspection and decontamination stations.

(5) The department must adopt by rule standards for inspection and decontamination that, where practical and appropriate, align with regional, national, and international standards.

NEW SECTION. Sec. 118. (1) The department may authorize representatives to operate its inspection and decontamination stations and mandatory check stations. Department-authorized representatives may be department volunteers, other law enforcement agencies, or independent businesses.

(2) The department must adopt rules governing the types of services that department-authorized representatives may perform under this chapter.

(3) Department-authorized representatives must have official identification, training, and administrative capacity to fulfill their responsibilities under this section.

(4) Within two years of the effective date of this section, the department must provide the legislature with recommendations for a fee schedule that department-authorized representatives may charge users whose aquatic conveyances receive inspection and decontamination services.

NEW SECTION. Sec. 119. (1) The department may enter upon a property or water body at any reasonable time for the purpose of administering this chapter, including inspecting and decontaminating aquatic conveyances, collecting invasive species samples, implementing rapid response management actions or infested site management actions, and containing, controlling, or eradicating invasive species.

(2) Prior to entering the property or water body, the department shall make a reasonable attempt to notify the owner of the property or water body as to the purpose and need for the entry. Should the department be denied access to any property or water body where access is sought for the purposes set forth in this chapter, the department may apply to any court of competent jurisdiction for a warrant authorizing access to the property.

(3) Upon such an application, the court may issue the warrant for the purposes requested where the court finds reasonable cause to believe it is necessary to achieve the purposes of this chapter.

NEW SECTION. Sec. 120. (1) Funds from the watercraft excise tax proceeds that are deposited into the aquatic invasive species prevention account established under RCW 77.12.879 and the aquatic invasive species enforcement account established under RCW 43.43.400 may be used by the department to develop and implement an aquatic invasive species local management grant program. The grant program may expend up to two hundred fifty thousand dollars per fiscal year as competitive grants to state agencies, cities, counties, tribes, special purpose districts, academic institutions, and nonprofit groups to:

(a) Manage prohibited level 1 or level 2 aquatic species at a local level;

(b) Develop rapid response management cooperative agreements for local water bodies;

(c) Develop or implement prohibited species management cooperative agreements for local water bodies; and

(d) Conduct innovative applied research that directly supports on-the-ground prevention, control, and eradication efforts.

(2) The department must give preference to projects that have matching funds, provide in-kind services, or maintain or enhance outdoor recreational opportunities.

NEW SECTION. Sec. 121. The provisions of this chapter must be liberally construed to carry out the intent of the legislature.

NEW SECTION. Sec. 122. Sections 102 through 104 and 106 through 121 of this act constitute a new chapter in Title 77 RCW.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 76.04.005 and 2007 c 480 s 12 are each amended to read as follows:

As used in this chapter, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Additional fire hazard" means a condition existing on any land in the state:

(a) Covered wholly or in part by forest debris which is likely to further the spread of fire and thereby endanger life or property; or

(b) When, due to the effects of disturbance agents, broken, down, dead, or dying trees exist on forest land in sufficient quantity to be likely to further the spread of fire within areas covered by a forest health hazard warning or order issued by the commissioner of public lands under RCW 76.06.180. The term "additional fire hazard" does not include green trees or snags left standing in upland or riparian areas under the provisions of RCW 76.04.465 or chapter 76.09 RCW.

(2) "Closed season" means the period between April 15th and October 15th, unless the department designates different dates because of prevailing fire weather conditions.

(3) "Department" means the department of natural resources, or its authorized representatives, as defined in chapter 43.30 RCW.

(4) "Department protected lands" means all lands subject to the forest protection assessment under RCW 76.04.610 or covered under contract or agreement pursuant to RCW 76.04.135 by the department.

(5) "Disturbance agent" means those forces that damage or kill significant numbers of forest trees, such as insects, diseases, wind storms, ice storms, and fires.

(6) "Emergency fire costs" means those costs incurred or approved by the department for emergency forest fire suppression, including the employment of personnel, rental of equipment, and purchase of supplies over and above costs regularly budgeted and provided for nonemergency fire expenses for the biennium in which the costs occur.

(7) "Forest debris" includes forest slash, chips, and any other vegetative residue resulting from activities on forest land.

(8) "Forest fire service" includes all wardens, rangers, and other persons employed especially for preventing or fighting forest fires.

(9) "Forest land" means any unimproved lands which have enough trees, standing or down, or flammable material, to

constitute in the judgment of the department, a fire menace to life or property. Sagebrush and grass areas east of the summit of the Cascade mountains may be considered forest lands when such areas are adjacent to or intermingled with areas supporting tree growth. Forest land, for protection purposes, does not include structures.

(10) "Forest landowner," "owner of forest land," "landowner," or "owner" means the owner or the person in possession of any public or private forest land.

(11) "Forest material" means forest slash, chips, timber, standing or down, or other vegetation.

(12) "Landowner operation" means every activity, and supporting activities, of a forest landowner and the landowner's agents, employees, or independent contractors or permittees in the management and use of forest land subject to the forest protection assessment under RCW 76.04.610 for the primary benefit of the owner. The term includes, but is not limited to, the growing and harvesting of forest products, the development of transportation systems, the utilization of minerals or other natural resources, and the clearing of land. The term does not include recreational and/or residential activities not associated with these enumerated activities.

(13) "Participating landowner" means an owner of forest land whose land is subject to the forest protection assessment under RCW 76.04.610.

(14) "Slash" means organic forest debris such as tree tops, limbs, brush, and other dead flammable material remaining on forest land as a result of a landowner operation.

(15) "Slash burning" means the planned and controlled burning of forest debris on forest lands by broadcast burning, underburning, pile burning, or other means, for the purposes of silviculture, hazard abatement, or reduction and prevention or elimination of a fire hazard.

(16) "Suppression" means all activities involved in the containment and control of forest fires, including the patrolling thereof until such fires are extinguished or considered by the department to pose no further threat to life or property.

(17) "Unimproved lands" means those lands that will support grass, brush and tree growth, or other flammable material when such lands are not cleared or cultivated and, in the opinion of the department, are a fire menace to life and property.

(18) "Exploding target" means a device that is designed or marketed to ignite or explode when struck by firearm ammunition or other projectiles.

(19) "Incendiary ammunition" means ammunition that is designed to ignite or explode upon impact with or penetration of a target or designed to trace its course in the air with a trail of smoke, chemical incandescence, or fire.

(20) "Sky lantern" means an unmanned self-contained luminary device that uses heated air produced by an open flame or produced by another source to become or remain airborne.

Sec. 2. RCW 76.04.455 and 1986 c 100 s 29 are each amended to read as follows:

(i) Has lawful possession and control of the land in question; or

(ii) Has prior written permission for the activity from the person who owns or has lawful possession and control of the land in question.

(c) The prohibitions contained in this subsection do not apply to suppression actions authorized or conducted by the department under the authority of this chapter.

(2)(a) Except as otherwise provided in this subsection, it is unlawful for any person to, during any time outside of the closed season, discharge any incendiary ammunition, release a sky lantern, or detonate an exploding target on or over any forest, brush, range, or grain areas.

(b) The prohibitions contained in this subsection do not apply if the person conducting the otherwise prohibited action:

(i) Has lawful possession and control of the land in question; or

(ii) Has prior written permission for the activity from the person who owns or has lawful possession and control of the land in question.

(1) Except to the extent provided in subsection (3) of this section, the following minimum terms of total confinement are mandatory and shall not be varied or modified under RCW 9.94A.535:

(a) An offender convicted of the crime of murder in the first degree shall be sentenced to a term of total confinement not less than twenty years.

(d) An offender convicted of the crime of sexually violent predator escape shall be sentenced to a minimum term of total confinement not less than sixty months.

(e) An offender convicted of the crime of aggravated first degree murder for a murder that was committed prior to the offender's eighteenth birthday shall be sentenced to a term of total confinement not less than twenty-five years.

(2) During such minimum terms of total confinement, no offender subject to the provisions of this section is eligible for community custody, earned release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release authorized under RCW 9.94A.728, or any other form of authorized leave of absence from the correctional facility while not in the direct custody of a corrections officer. The provisions of this subsection shall not apply: (a) In the case of an offender in need of emergency medical treatment; (b) for the purpose of commitment to an inpatient treatment facility in the case of an offender convicted of the crime of rape in the first degree; or (c) for an extraordinary medical placement when authorized under RCW 9.94A.728~~((4))~~ (3).

(3)(a) Subsection 1~~(a)~~ through (d) of this section shall not be applied in sentencing of juveniles tried as adults pursuant to RCW 13.04.030(1)(e)(i).

(b) This subsection (3) applies only to crimes committed on or after July 24, 2005.

Sec. 3. RCW 9.94A.6332 and 2010 c 224 s 11 are each amended to read as follows:

The procedure for imposing sanctions for violations of sentence conditions or requirements is as follows:

(1) If the offender was sentenced under the drug offender sentencing alternative, any sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.660.

(2) If the offender was sentenced under the special sex offender sentencing alternative, any sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.670.

(3) If the offender was sentenced under the parenting sentencing alternative, any sanctions shall be imposed by the department or by the court pursuant to RCW 9.94A.655.

(4) If a sex offender was sentenced pursuant to RCW 9.94A.507, any sanctions shall be imposed by the board pursuant to RCW 9.95.435.

(5) If the offender was released pursuant to section 10 of this act, any sanctions shall be imposed by the board pursuant to RCW 9.95.435.

(6) If the offender was sentenced pursuant to RCW 10.95.030(3) or section 11 of this act, any sanctions shall be imposed by the board pursuant to RCW 9.95.435.

(7) In any other case, if the offender is being supervised by the department, any sanctions shall be imposed by the department pursuant to RCW 9.94A.737. If a probationer is being supervised by the department pursuant to RCW 9.92.060, 9.95.204, or 9.95.210, upon receipt of a violation hearing report from the department, the court retains any authority that those statutes provide to respond to a probationer's violation of conditions.

~~((6))~~ (8) If the offender is not being supervised by the department, any sanctions shall be imposed by the court pursuant to RCW 9.94A.6333.

Sec. 4. RCW 9.94A.729 and 2013 2nd sp.s. c 14 s 2 and 2013 c 266 s 1 are each reenacted and amended to read as follows:

(1)(a) The term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and adopted by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits.

(b) Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the number of days of early release credits lost or not earned. The department may approve a jail certification from a correctional agency that calculates early release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence. The department must adjust an offender's rate of early release listed on the jail certification to be consistent with the rate applicable to offenders in the department's facilities. However, the department is not authorized to adjust the number of presentence early release days that the jail has certified as lost or not earned.

(2) An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(3) An offender may earn early release time as follows:

(a) In the case of an offender sentenced pursuant to RCW 10.95.030(3) or section 11 of this act, the aggregate earned release time may not exceed ten percent of the sentence.

(b) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence.

~~((b))~~ (c) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

~~((e))~~ (d) An offender is qualified to earn up to fifty percent of aggregate earned release time if he or she:

(i) Is not classified as an offender who is at a high risk to reoffend as provided in subsection (4) of this section;

(ii) Is not confined pursuant to a sentence for:

(A) A sex offense;

(B) A violent offense;

(C) A crime against persons as defined in RCW

9.94A.411;

(D) A felony that is domestic violence as defined in RCW 10.99.020;

(E) A violation of RCW 9A.52.025 (residential burglary);

(F) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(G) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(iii) Has no prior conviction for the offenses listed in ~~((e))~~ (d)(ii) of this subsection;

(iv) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(v) Has not committed a new felony after July 22, 2007, while under community custody.

~~((d))~~ (e) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection (3)~~((e))~~ (d) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection (3)~~((e))~~ (d) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who will be supervised by the department pursuant to RCW 9.94A.501 or 9.94A.5011, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728(5);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan.

A voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) The department shall maintain a list of housing providers that meets the requirements of RCW 72.09.285. If more than two voucher recipients will be residing per dwelling unit, as defined in RCW 59.18.030, rental vouchers for those recipients may only be paid to a housing provider on the department's list;

(f) For each offender who is the recipient of a rental voucher, the department shall gather data as recommended by the Washington state institute for public policy in order to best demonstrate whether rental vouchers are effective in reducing recidivism.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

Sec. 5. RCW 9.95.425 and 2009 c 28 s 30 are each amended to read as follows:

(1) Whenever the board or a community corrections officer of this state has reason to believe an offender released under RCW 9.95.420, 10.95.030(3), or section 10 of this act has violated a condition of community custody or the laws of this state, any community corrections officer may arrest or cause the arrest and detention of the offender pending a determination by the board whether sanctions should be imposed or the offender's community custody should be revoked. The community corrections officer shall report all facts and circumstances surrounding the alleged violation to the board, with recommendations.

(2) If the board or the department causes the arrest or detention of an offender for a violation that does not amount to a new crime and the offender is arrested or detained by local law enforcement or in a local jail, the board or department, whichever caused the arrest or detention, shall be financially responsible for local costs. Jail bed costs shall be allocated at the rate established under RCW 9.94A.740.

Sec. 6. RCW 9.95.430 and 2001 2nd sp.s. c 12 s 308 are each amended to read as follows:

Any offender released under RCW 9.95.420, 10.95.030(3), or section 10 of this act who is arrested and detained in physical custody by the authority of a community corrections officer, or upon the written order of the board, shall not be released from custody on bail or personal recognizance, except upon approval of the board and the issuance by the board of an order reinstating the offender's release on the same or modified conditions. All chiefs of police, marshals of cities and towns, sheriffs of counties, and all police, prison, and peace officers and constables shall execute any such order in the same manner as any ordinary criminal process.

Sec. 7. RCW 9.95.435 and 2007 c 363 s 3 are each amended to read as follows:

(1) If an offender released by the board under RCW 9.95.420, 10.95.030(3), or section 10 of this act violates any condition or requirement of community custody, the board may transfer the offender to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation and subject to the limitations of subsection (2) of this section.

(2) Following the hearing specified in subsection (3) of this section, the board may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic

monitoring, or any other sanctions available in the community, or may suspend the release and sanction up to sixty days' confinement in a local correctional facility for each violation, or revoke the release to community custody whenever an offender released by the board under RCW 9.95.420, 10.95.030(3), or section 10 of this act violates any condition or requirement of community custody.

(3) If an offender released by the board under RCW 9.95.420, 10.95.030(3), or section 10 of this act is accused of violating any condition or requirement of community custody, he or she is entitled to a hearing before the board or a designee of the board prior to the imposition of sanctions. The hearing shall be considered as offender disciplinary proceedings and shall not be subject to chapter 34.05 RCW. The board shall develop hearing procedures and a structure of graduated sanctions consistent with the hearing procedures and graduated sanctions developed pursuant to RCW 9.94A.737. The board may suspend the offender's release to community custody and confine the offender in a correctional institution owned, operated by, or operated under contract with the state prior to the hearing unless the offender has been arrested and confined for a new criminal offense.

(4) The hearing procedures required under subsection (3) of this section shall be developed by rule and include the following:

(a) Hearings shall be conducted by members or designees of the board unless the board enters into an agreement with the department to use the hearing officers established under RCW 9.94A.737;

(b) The board shall provide the offender with findings and conclusions which include the evidence relied upon, and the reasons the particular sanction was imposed. The board shall notify the offender of the right to appeal the sanction and the right to file a personal restraint petition under court rules after the final decision of the board;

(c) The hearing shall be held unless waived by the offender, and shall be electronically recorded. For offenders not in total confinement, the hearing shall be held within thirty days of service of notice of the violation, but not less than twenty-four hours after notice of the violation. For offenders in total confinement, the hearing shall be held within thirty days of service of notice of the violation, but not less than twenty-four hours after notice of the violation. The board or its designee shall make a determination whether probable cause exists to believe the violation or violations occurred. The determination shall be made within forty-eight hours of receipt of the allegation;

(d) The offender shall have the right to: (i) Be present at the hearing; (ii) have the assistance of a person qualified to assist the offender in the hearing, appointed by the presiding hearing officer if the offender has a language or communications barrier; (iii) testify or remain silent; (iv) call witnesses and present documentary evidence; (v) question witnesses who appear and testify; and (vi) be represented by counsel if revocation of the release to community custody upon a finding of violation is a probable sanction for the violation. The board may not revoke the release to community custody of any offender who was not represented by counsel at the hearing, unless the offender has waived the right to counsel; and

(e) The sanction shall take effect if affirmed by the presiding hearing officer.

(5) Within seven days after the presiding hearing officer's decision, the offender may appeal the decision to the full board or to a panel of three reviewing examiners designated by the chair of the board or by the chair's designee. The sanction shall be reversed or modified if a majority of the panel finds that the sanction was not reasonably related to any of the following: (a) The crime of conviction; (b) the violation committed; (c) the offender's risk of reoffending; or (d) the safety of the community.

(6) For purposes of this section, no finding of a violation of conditions may be based on unconfirmed or unconfirmable allegations.

Sec. 8. RCW 9.95.440 and 2008 c 231 s 45 are each amended to read as follows:

In the event the board suspends the release status of an offender released under RCW 9.95.420, 10.95.030(3), or section 10 of this act by reason of an alleged violation of a condition of release, or pending disposition of a new criminal charge, the board may nullify the suspension order and reinstate release under previous conditions or any new conditions the board determines advisable under RCW 9.94A.704. Before the board may nullify a suspension order and reinstate release, it shall determine that the best interests of society and the offender shall be served by such reinstatement rather than return to confinement.

Sec. 9. RCW 10.95.030 and 2010 c 94 s 3 are each amended to read as follows:

(1) Except as provided in subsections (2) and (3) of this section, any person convicted of the crime of aggravated first degree murder shall be sentenced to life imprisonment without possibility of release or parole. A person sentenced to life imprisonment under this section shall not have that sentence suspended, deferred, or commuted by any judicial officer and the indeterminate sentence review board or its successor may not parole such prisoner nor reduce the period of confinement in any manner whatsoever including but not limited to any sort of good-time calculation. The department of social and health services or its successor or any executive official may not permit such prisoner to participate in any sort of release or furlough program.

(2) If, pursuant to a special sentencing proceeding held under RCW 10.95.050, the trier of fact finds that there are not sufficient mitigating circumstances to merit leniency, the sentence shall be death. In no case, however, shall a person be sentenced to death if the person had an intellectual disability at the time the crime was committed, under the definition of intellectual disability set forth in (a) of this subsection. A diagnosis of intellectual disability shall be documented by a licensed psychiatrist or licensed psychologist designated by the court, who is an expert in the diagnosis and evaluation of intellectual disabilities. The defense must establish an intellectual disability by a preponderance of the evidence and the court must make a finding as to the existence of an intellectual disability.

(a) "Intellectual disability" means the individual has: (i) Significantly subaverage general intellectual functioning; (ii) existing concurrently with deficits in adaptive behavior; and (iii) both significantly subaverage general intellectual functioning and deficits in adaptive behavior were manifested during the developmental period.

(b) "General intellectual functioning" means the results obtained by assessment with one or more of the individually administered general intelligence tests developed for the purpose of assessing intellectual functioning.

(c) "Significantly subaverage general intellectual functioning" means intelligence quotient seventy or below.

(d) "Adaptive behavior" means the effectiveness or degree with which individuals meet the standards of personal independence and social responsibility expected for his or her age.

(e) "Developmental period" means the period of time between conception and the eighteenth birthday.

(3)(a)(i) Any person convicted of the crime of aggravated first degree murder for an offense committed prior to the person's sixteenth birthday shall be sentenced to a maximum term of life imprisonment and a minimum term of total confinement of twenty-five years.

(ii) Any person convicted of the crime of aggravated first

degree murder for an offense committed when the person is at least sixteen years old but less than eighteen years old shall be sentenced to a maximum term of life imprisonment and a minimum term of total confinement of no less than twenty-five years. A minimum term of life may be imposed, in which case the person will be ineligible for parole or early release.

(b) In setting a minimum term, the court must take into account mitigating factors that account for the diminished culpability of youth as provided in *Miller v. Alabama*, 132 S.Ct. 2455 (2012) including, but not limited to, the age of the individual, the youth's childhood and life experience, the degree of responsibility the youth was capable of exercising, and the youth's chances of becoming rehabilitated.

(c) A person sentenced under this subsection shall serve the sentence in a facility or institution operated, or utilized under contract, by the state. During the minimum term of total confinement, the person shall not be eligible for community custody, earned release time, furlough, home detention, partial confinement, work crew, work release, or any other form of early release authorized under RCW 9.94A.728, or any other form of authorized leave or absence from the correctional facility while not in the direct custody of a corrections officer. The provisions of this subsection shall not apply: (i) In the case of an offender in need of emergency medical treatment; or (ii) for an extraordinary medical placement when authorized under RCW 9.94A.728(3).

(d) Any person sentenced pursuant to this subsection shall be subject to community custody under the supervision of the department of corrections and the authority of the indeterminate sentence review board. As part of any sentence under this subsection, the court shall require the person to comply with any conditions imposed by the board.

(e) No later than five years prior to the expiration of the person's minimum term, the department of corrections shall conduct an assessment of the offender and identify programming and services that would be appropriate to prepare the offender for return to the community. To the extent possible, the department shall make programming available as identified by the assessment.

(f) No later than one hundred eighty days prior to the expiration of the person's minimum term, the department of corrections shall conduct, and the offender shall participate in, an examination of the person, incorporating methodologies that are recognized by experts in the prediction of dangerousness, and including a prediction of the probability that the person will engage in future criminal behavior if released on conditions to be set by the board. The board may consider a person's failure to participate in an evaluation under this subsection in determining whether to release the person. The board shall order the person released, under such affirmative and other conditions as the board determines appropriate, unless the board determines by a preponderance of the evidence that, despite such conditions, it is more likely than not that the person will commit new criminal law violations if released. If the board does not order the person released, the board shall set a new minimum term not to exceed five additional years. The board shall give public safety considerations the highest priority when making all discretionary decisions regarding the ability for release and conditions of release.

(g) In a hearing conducted under (f) of this subsection, the board shall provide opportunities for victims and survivors of victims of any crimes for which the offender has been convicted to present statements as set forth in RCW 7.69.032. The procedures for victim and survivor of victim input shall be developed by rule. To facilitate victim and survivor of victim involvement, county prosecutor's offices shall ensure that any victim impact statements and known contact information for victims of record and survivors of victims are forwarded as part of the judgment and sentence.

(h) An offender released by the board is subject to the

supervision of the department of corrections for a period of time to be determined by the board. The department shall monitor the offender's compliance with conditions of community custody imposed by the court, department, or board, and promptly report any violations to the board. Any violation of conditions of community custody established or modified by the board are subject to the provisions of RCW 9.95.425 through 9.95.440.
NEW SECTION. Sec. 10. A new section is added to chapter 9.94A RCW to read as follows:

(1) Notwithstanding any other provision of this chapter, any person convicted of one or more crimes committed prior to the person's eighteenth birthday may petition the indeterminate sentence review board for early release after serving no less than twenty years of total confinement, provided the person has not been convicted for any crime committed subsequent to the person's eighteenth birthday, the person has not committed a major violation in the twelve months prior to filing the petition for early release, and the current sentence was not imposed under RCW 10.95.030 or 9.94A.507.

(2) When an offender who will be eligible to petition under this section has served fifteen years, the department shall conduct an assessment of the offender and identify programming and services that would be appropriate to prepare the offender for return to the community. To the extent possible, the department shall make programming available as identified by the assessment.

(3) No later than one hundred eighty days from receipt of the petition for early release, the department shall conduct, and the offender shall participate in, an examination of the person, incorporating methodologies that are recognized by experts in the prediction of dangerousness, and including a prediction of the probability that the person will engage in future criminal behavior if released on conditions to be set by the board. The board may consider a person's failure to participate in an evaluation under this subsection in determining whether to release the person. The board shall order the person released under such affirmative and other conditions as the board determines appropriate, unless the board determines by a preponderance of the evidence that, despite such conditions, it is more likely than not that the person will commit new criminal law violations if released. The board shall give public safety considerations the highest priority when making all discretionary decisions regarding the ability for release and conditions of release.

(4) In a hearing conducted under subsection (3) of this section, the board shall provide opportunities for victims and survivors of victims of any crimes for which the offender has been convicted to present statements as set forth in RCW 7.69.032. The procedures for victim and survivor of victim input shall be developed by rule. To facilitate victim and survivor of victim involvement, county prosecutor's offices shall ensure that any victim impact statements and known contact information for victims of record and survivors of victims are forwarded as part of the judgment and sentence.

(5) An offender released by the board is subject to the supervision of the department for a period of time to be determined by the board. The department shall monitor the offender's compliance with conditions of community custody imposed by the court, department, or board, and promptly report any violations to the board. Any violation of conditions of community custody established or modified by the board are subject to the provisions of RCW 9.95.425 through 9.95.440.

(6) An offender whose petition for release is denied may file a new petition for release five years from the date of denial or at an earlier date as may be set by the board.

NEW SECTION. Sec. 11. A new section is added to chapter 10.95 RCW to read as follows:

(1) A person, who was sentenced prior to June 1, 2014, to a term of life without the possibility of parole for an offense committed prior to their eighteenth birthday, shall be returned to the sentencing court or the sentencing court's successor for sentencing consistent with RCW 10.95.030. Release and supervision of a person who receives a minimum term of less than life will be governed by RCW 10.95.030.

(2) The court shall provide an opportunity for victims and survivors of victims of any crimes for which the offender has been convicted to present a statement personally or by representation.

(3) The court's order setting a minimum term is subject to review to the same extent as a minimum term decision by the parole board before July 1, 1986.

(4) A resentencing under this section shall not reopen the defendant's conviction to challenges that would otherwise be barred by RCW 10.73.090, 10.73.100, 10.73.140, or other procedural barriers.

NEW SECTION. Sec. 12. A new section is added to chapter 10.95 RCW to read as follows:

Sections 1 through 9 of this act apply to all sentencing hearings conducted on or after June 1, 2014, regardless of the date of an offender's underlying offense.

SB 5141 Prime Sponsor, Senator King: Allowing motorcycles to stop and proceed through traffic control signals under certain conditions. Reported by Committee on Transportation

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 46.61 RCW to read as follows:

Notwithstanding any provision of law to the contrary, the operator of a street legal motorcycle approaching an intersection, including a left turn intersection, that is controlled by a triggered traffic control signal using a vehicle detection device that is inoperative due to the size of the street legal motorcycle shall come to a full and complete stop at the intersection. If the traffic control signal, including the left turn signal, as appropriate, fails to begin a change in signal phase after ninety seconds, the operator may, after exercising due care, proceed directly through the intersection or proceed to turn left, as appropriate. It is not a defense to a violation of RCW 46.61.050 that the driver of a motorcycle proceeded under the belief that a traffic control signal used a vehicle detection device or was inoperative due to the size of the motorcycle when the signal did not use a vehicle detection device or that any such device was not in fact inoperative due to the size of the motorcycle."

ESB 5514 Prime Sponsor, Senator Roach: Concerning utility rates and charges for vacant mobile home lots in manufactured housing communities. (REVISED FOR ENGROSSED: Concerning utility rates and charges for vacant lots in manufactured housing communities.) Reported by Committee on Local Government

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 35.23.535 and 1995 c 301 s 37 are each amended to read as follows:

No taxes shall be imposed for maintenance and operating charges of city owned water, light, power, or heating works or systems.

Rates shall be fixed by ordinance for supplying water, light, power, or heat for commercial, domestic, or irrigation purposes sufficient to pay for all operating and maintenance charges. No rates, charges, noncapital fees, or other costs may be charged for any vacant lot in a manufactured housing community, as defined in RCW 59.20.030, unless the lot is receiving individually water, light, power, or heat services or the landlord voluntarily elects to continue the rates, charges, noncapital fees, or other costs during the period the lot is vacant. If the rates in force produce a greater amount than is necessary to meet operating and maintenance charges, the rates may be reduced or the excess income may be transferred to the city's current expense fund.

Complete separate accounts for municipal utilities must be kept under the system and on forms prescribed by the state auditor.

The term "maintenance and operating charges," as used in this section includes all necessary repairs, replacement, interest

on any debts incurred in acquiring, constructing, repairing and operating plants and departments and all depreciation charges. This term shall also include an annual charge equal to four percent on the cost of the plant or system, as determined by the state auditor to be paid into the current expense fund, except that where utility bonds have been or may hereafter be issued and are unpaid no payment shall be required into the current expense fund until such bonds are paid.

Sec. 2. RCW 35.58.220 and 1999 c 153 s 34 are each amended to read as follows:

~~(1)~~ If a metropolitan municipal corporation shall be authorized to perform the function of metropolitan water supply, it shall have the following powers in addition to the general powers granted by this chapter:

~~((4))~~ (a) To prepare a comprehensive plan for the development of sources of water supply, trunk supply mains and water treatment and storage facilities for the metropolitan area.

~~((2))~~ (b) To acquire by purchase, condemnation, gift or grant and to lease, construct, add to, improve, replace, repair, maintain, operate and regulate the use of metropolitan facilities for water supply within or without the metropolitan area, including buildings, structures, water sheds, wells, springs, dams, settling basins, intakes, treatment plants, trunk supply mains and pumping stations, together with all lands, property, equipment and accessories necessary to enable the metropolitan municipal corporation to obtain and develop sources of water supply, treat and store water and deliver water through trunk supply mains. Water supply facilities which are owned by a city or special district may be acquired or used by the metropolitan municipal corporation only with the consent of the legislative body of the city or special district owning such facilities. Cities and special districts are hereby authorized to convey or lease such facilities to metropolitan municipal corporations or to contract for their joint use on such terms as may be fixed by agreement between the legislative body of such city or special district and the metropolitan council, without submitting the matter to the voters of such city or special district.

~~((3))~~ (c) To fix rates and charges for water supplied by the metropolitan municipal corporation.

~~((4))~~ (d) To acquire by purchase, condemnation, gift or grant and to lease, construct, add to, improve, replace, repair, maintain, operate and regulate the use of facilities for the local distribution of water in portions of the metropolitan area not contained within any city, or water-sewer district that operates a water system, and, with the consent of the legislative body of any city or the water-sewer district, to exercise such powers within such city or water-sewer district and for such purpose to have all the powers conferred by law upon such city or water-sewer district with respect to such local distribution facilities. All costs of such local distribution facilities shall be paid for by the area served thereby.

(2) No rates, charges, noncapital fees, or other costs may be charged for any vacant lot in a manufactured housing community, as defined in RCW 59.20.030, unless the lot is receiving individually water services or the landlord voluntarily elects to continue the rates, charges, noncapital fees, or other costs during the period the lot is vacant.

Sec. 3. RCW 35.67.020 and 2003 c 394 s 1 are each amended to read as follows:

(1) Every city and town may construct, condemn and purchase, acquire, add to, maintain, conduct, and operate systems of sewerage and systems and plants for refuse collection and disposal together with additions, extensions, and betterments thereto, within and without its limits. Every city and town has full jurisdiction and authority to manage, regulate, and control them

and, except as provided in subsection (3) of this section, to fix, alter, regulate, and control the rates and charges for their use.

(2) Subject to subsection (3) of this section, the rates charged under this section must be uniform for the same class of customers or service and facilities furnished. In classifying customers served or service and facilities furnished by such system of sewerage, the city or town legislative body may in its discretion consider any or all of the following factors:

(a) The difference in cost of service and facilities to the various customers;

(b) The location of the various customers within and without the city or town;

(c) The difference in cost of maintenance, operation, repair, and replacement of the various parts of the system;

(d) The different character of the service and facilities furnished various customers;

(e) The quantity and quality of the sewage delivered and the time of its delivery;

(f) The achievement of water conservation goals and the discouragement of wasteful water use practices;

(g) Capital contributions made to the system, including but not limited to, assessments;

(h) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

(i) Any other matters which present a reasonable difference as a ground for distinction.

(3)(a) The rate a city or town may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested. (b) No rates, charges, noncapital fees, or other costs may be charged for any vacant lot in a manufactured housing community, as defined in RCW 59.20.030, unless the lot is receiving individually storm or surface water sewer system or sanitary sewage system services or the landlord voluntarily elects to continue the rates, charges, noncapital fees, or other costs during the period the lot is vacant.

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

Sec. 4. RCW 35.92.010 and 2002 c 102 s 2 are each amended to read as follows:

A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain and operate waterworks, including fire hydrants as an integral utility service incorporated within general rates, within or without its limits, for the purpose of furnishing the city and its inhabitants, and any other persons, with an ample supply of water for all purposes, public and private, including water power and other power derived therefrom, with full power to regulate and control the use, distribution, and price thereof: PROVIDED, That the rates charged must be uniform for the same class of customers or service. Such waterworks may include facilities for the generation of electricity as a by-product and such electricity may be used by the city or town or sold to an entity authorized by law to distribute electricity. Such electricity is a by-product when the electrical generation is subordinate to the primary purpose of water supply.

In classifying customers served or service furnished, the city or town governing body may in its discretion consider any or all of the following factors: The difference in cost of service to the various customers; location of the various customers within and without the city or town; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the water furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful water use practices; capital contributions made to the system including, but not limited to, assessments; and any other matters which present a reasonable difference as a ground for distinction. No rate shall be charged that is less than the cost of the water and service to the class of customers served. No rates, charges, noncapital fees, or other costs may be charged for any vacant lot in a manufactured housing community, as defined in RCW 59.20.030, unless the lot is receiving individually water services or the landlord voluntarily elects to continue the rates, charges, noncapital fees, or other costs during the period the lot is vacant.

For such purposes any city or town may take, condemn and purchase, purchase, acquire, and retain water from any public or navigable lake or watercourse, surface or ground, and, by means of aqueducts or pipe lines, conduct it to the city or town; and it may erect and build dams or other works across or at the outlet of any lake or watercourse in this state for the purpose of storing and retaining water therein up to and above high water mark; and for all the purposes of erecting such aqueducts, pipe lines, dams, or waterworks or other necessary structures in storing and retaining water, or for any of the purposes provided for by this chapter, the city or town may occupy and use the beds and shores up to the high water mark of any such watercourse or lake, and acquire the right by purchase, or by condemnation and purchase, or otherwise, to any water, water rights, easements or privileges named in this chapter, or necessary for any of said purposes, and the city or town may acquire by purchase or condemnation and purchase any properties or privileges necessary to be had to protect its water supply from pollution. Should private property be necessary for any such purposes or for storing water above high water mark, the city or town may condemn and purchase, or purchase and acquire

such private property. For the purposes of waterworks which include facilities for the generation of electricity as a by-product, nothing in this section may be construed to authorize a city or town that does not own or operate an electric utility system to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner.

Sec. 5. RCW 35.92.020 and 2003 c 394 s 2 are each amended to read as follows:

(1) A city or town may construct, condemn and purchase, purchase, acquire, add to, alter, maintain, and operate systems, plants, sites, or other facilities of sewerage as defined in RCW 35.67.010, or solid waste handling as defined by RCW 70.95.030. A city or town shall have full authority to manage, regulate, operate, control, and, except as provided in subsection (3) of this section, to fix the price of service and facilities of those systems, plants, sites, or other facilities within and without the limits of the city or town.

(2) Subject to subsection (3) of this section, the rates charged shall be uniform for the same class of customers or service and facilities. In classifying customers served or service and facilities furnished by a system or systems of sewerage, the legislative authority of the city or town may in its discretion consider any or all of the following factors:

- (a) The difference in cost of service and facilities to customers;
- (b) The location of customers within and without the city or town;
- (c) The difference in cost of maintenance, operation, repair, and replacement of the parts of the system;
- (d) The different character of the service and facilities furnished to customers;
- (e) The quantity and quality of the sewage delivered and the time of its delivery;
- (f) Capital contributions made to the systems, plants, sites, or other facilities, including but not limited to, assessments;
- (g) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and
- (h) Any other factors that present a reasonable difference as a ground for distinction.

(3)(a) The rate a city or town may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested. (b) No rates, charges, noncapital fees, or other costs may be charged for any vacant lot in a manufactured housing community, as defined in RCW 59.20.030, unless the lot is receiving individually storm or surface water sewer system or sanitary sewage system services or the landlord voluntarily elects to continue the rates, charges, noncapital fees, or other costs during the period the lot is vacant.

(4) Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

(5) A city or town may provide assistance to aid low-income persons in connection with services provided under this chapter.

(6) Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual

measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer.

(7) Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

(8) A city or town shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using city or town employees unless the on-site system is connected by a publicly owned collection system to the city or town's sewerage system, and the on-site system represents the first step in the sewage disposal process. Nothing in this section shall affect the authority of state or local health officers to carry out their responsibilities under any other applicable law.

Sec. 6. RCW 36.89.080 and 2003 c 394 s 3 are each amended to read as follows:

(1) Subject to subsections (2) and (3) of this section, any county legislative authority may provide by resolution for revenues by fixing rates and charges for the furnishing of service to those served or receiving benefits or to be served or to receive benefits from any storm water control facility or contributing to an increase of surface water runoff. In fixing rates and charges, the county legislative authority may in its discretion consider:

- (a) Services furnished or to be furnished;
- (b) Benefits received or to be received;
- (c) The character and use of land or its water runoff characteristics;

(d) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user;

(e) Income level of persons served or provided benefits under this chapter, including senior citizens and ~~((disabled))~~ persons with disabilities; or

(f) Any other matters which present a reasonable difference as a ground for distinction.

(2) The rate a county may charge under this section for storm water control facilities shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(3) Rates and charges authorized under this section may not be imposed on lands taxed as forest land under chapter 84.33 RCW or as timber land under chapter 84.34 RCW.

(4) No rates, charges, noncapital fees, or other costs may be charged for any vacant lot in a manufactured housing community, as defined in RCW 59.20.030, unless the lot is receiving individually storm water control facility services or the landlord voluntarily elects to continue the rates, charges, noncapital fees, or other costs during the period the lot is vacant.

(5) The service charges and rates collected shall be deposited in a special fund or funds in the county treasury to be used only for the purpose of paying all or any part of the cost and expense of maintaining and operating storm water control facilities, all or any part of the cost and expense of planning, designing, establishing, acquiring, developing, constructing and improving any of such facilities, or to pay or secure the payment of

all or any portion of any issue of general obligation or revenue bonds issued for such purpose.

Sec. 7. RCW 36.94.140 and 2005 c 324 s 2 are each amended to read as follows:

(1) Every county, in the operation of a system of sewerage and/or water, shall have full jurisdiction and authority to manage, regulate, and control it. Except as provided in subsection (3) of this section, every county shall have full jurisdiction and authority to fix, alter, regulate, and control the rates and charges for the service and facilities to those to whom such service and facilities are available, and to levy charges for connection to the system.

(2) The rates for availability of service and facilities, and connection charges so charged must be uniform for the same class of customers or service and facility. In classifying customers served, service furnished or made available by such system of sewerage and/or water, or the connection charges, the county legislative authority may consider any or all of the following factors:

(a) The difference in cost of service to the various customers within or without the area;

(b) The difference in cost of maintenance, operation, repair and replacement of the various parts of the systems;

(c) The different character of the service and facilities furnished various customers;

(d) The quantity and quality of the sewage and/or water delivered and the time of its delivery;

(e) Capital contributions made to the system or systems, including, but not limited to, assessments;

(f) The cost of acquiring the system or portions of the system in making system improvements necessary for the public health and safety;

(g) The nonprofit public benefit status, as defined in RCW 24.03.490, of the land user; and

(h) Any other matters which present a reasonable difference as a ground for distinction.

(3)(a) The rate a county may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(b) No rates, charges, noncapital fees, or other costs may be charged for any vacant lot in a manufactured housing community, as defined in RCW 59.20.030, unless the lot is receiving individually storm or surface water sewer system or sanitary sewage system services or the landlord voluntarily elects to continue the rates, charges, noncapital fees, or other costs during the period the lot is vacant.

(4) A county may provide assistance to aid low-income persons in connection with services provided under this chapter.

(5) The service charges and rates shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for the efficient and proper operation of the system.

(6) A connection charge under this section for service to a manufactured housing community, as defined in RCW 59.20.030, applies to an individual lot within that community only if the system of water or sewerage provides and maintains the connection.

Sec. 8. RCW 54.24.080 and 1995 c 140 s 3 are each amended to read as follows:

(1) The commission of each district which shall have revenue obligations outstanding shall have the power and shall be required to establish, maintain, and collect rates or charges for electric energy and water and other services, facilities, and commodities sold, furnished, or supplied by the district. The rates and charges shall be fair and, except as authorized by RCW 74.38.070 and by subsections (2) and (3) of this section, nondiscriminatory, and shall be adequate to provide revenues sufficient for the payment of the principal of and interest on such revenue obligations for which the payment has not otherwise been provided and all payments which the district is obligated to set aside in any special fund or funds created for such purpose, and for the proper operation and maintenance of the public utility and all necessary repairs, replacements, and renewals thereof.

(2) The commission of a district may waive connection charges for properties purchased by low-income persons from organizations exempt from tax under section 501(c)(3) of the federal internal revenue code as amended prior to the July 23, 1995. Waivers of connection charges for the same class of electric or gas utility service must be uniformly applied to all qualified property. Nothing in this subsection (2) authorizes the impairment of a contract.

(3) In establishing rates or charges for water service, commissioners may in their discretion consider the achievement of water conservation goals and the discouragement of wasteful water use practices.

(4) No rates, charges, noncapital fees, or other costs may be charged for any vacant lot in a manufactured housing community, as defined in RCW 59.20.030, unless the lot is receiving individually electric energy or water services or the landlord voluntarily elects to continue the rates, charges, noncapital fees, or other costs during the period the lot is vacant.

Sec. 9. RCW 57.08.081 and 2003 c 394 s 6 are each amended to read as follows:

(1) Subject to RCW 57.08.005(~~(6)~~)(7), the commissioners of any district shall provide for revenues by fixing rates and charges for furnishing sewer and drainage service and facilities to those to whom service is available or for providing water, such rates and charges to be fixed as deemed necessary by the commissioners, so that uniform charges will be made for the same class of customer or service and facility. Rates and charges may be combined for the furnishing of more than one type of sewer or drainage service and facilities.

(2) In classifying customers of such water, sewer, or drainage system, the board of commissioners may in its discretion consider any or all of the following factors: The difference in cost to various customers; the location of the various customers within and without the district; the difference in cost of maintenance, operation, repair, and replacement of the various parts of the system; the different character of the service furnished various customers; the quantity and quality of the service and facility furnished; the time of its use; the achievement of water conservation goals and the discouragement of wasteful practices; capital contributions made to the system including but not limited to assessments; and any other matters which present a reasonable difference as a ground for distinction. Rates shall be established as deemed proper by the commissioners and as fixed by resolution and shall produce revenues sufficient to take care of the costs of maintenance and operation, revenue bond and warrant interest and principal amortization requirements, and all other charges necessary for efficient and proper operation of the system. No rates, charges, noncapital fees, or other costs may be charged for any vacant lot in a manufactured housing community, as defined in RCW 59.20.030, unless the lot is receiving individually water,

sewer, or drainage system services or the landlord voluntarily elects to continue the rates, charges, noncapital fees, or other costs during the period the lot is vacant. Prior to furnishing services, a district may require a deposit to guarantee payment for services. However, failure to require a deposit does not affect the validity of any lien authorized by this section.

(3) The commissioners shall enforce collection of connection charges, and rates and charges for water supplied against property owners connecting with the system or receiving such water, and for sewer and drainage services charged against property to which and its owners to whom the service is available, such charges being deemed charges against the property served, by addition of penalties of not more than ten percent thereof in case of failure to pay the charges at times fixed by resolution. The commissioners may provide by resolution that where either connection charges or rates and charges for services supplied are delinquent for any specified period of time, the district shall certify the delinquencies to the auditor of the county in which the real property is located, and the charges and any penalties added thereto and interest thereon at the rate of not more than the prime lending rate of the district's bank plus four percentage points per year shall be a lien against the property upon which the service was received, subject only to the lien for general taxes.

(4) The district may, at any time after the connection charges or rates and charges for services supplied or available and penalties are delinquent for a period of sixty days, bring suit in foreclosure by civil action in the superior court of the county in which the real property is located. The court may allow, in addition to the costs and disbursements provided by statute, attorneys' fees, title search and report costs, and expenses as it adjudges reasonable. The action shall be in rem, and may be brought in the name of the district against an individual or against all of those who are delinquent in one action. The laws and rules of the court shall control as in other civil actions.

(5) In addition to the right to foreclose provided in this section, the district may also cut off all or part of the service after charges for water or sewer service supplied or available are delinquent for a period of thirty days.

(6) A district may determine how to apply partial payments on past due accounts.

(7) A district may provide a real property owner or the owner's designee with duplicate bills for service to tenants, or may notify an owner or the owner's designee that a tenant's service account is delinquent. MAJORITY recommendation: Do pass as amended.

(1) The department, upon receipt of a fee of forty-five dollars from October 1, 2012, to June 30, 2013, and fifty-four dollars after June 30, 2013, unless the driver's license is issued for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30, 2013, in which case the fee shall be nine dollars for each year that the license is issued, which includes the fee for the required photograph, shall issue to every qualifying applicant a driver's license. A driver's license issued to a person under the age of eighteen is an intermediate license, subject to the restrictions imposed under RCW 46.20.075, until the person reaches the age of eighteen. The license must include a distinguishing number assigned to the licensee, the name of record, date of birth, Washington residence address, photograph, a brief description of the licensee, ~~((and))~~ either a facsimile of the signature of the licensee or a space upon which the licensee shall write his or her usual signature with pen and ink immediately upon receipt of the license, and, if applicable, the person's status as a veteran as provided in subsection (2) of this section. No license is valid until it has been so signed by the licensee.

(2) A person may apply to the department to obtain a veteran designation on a driver's license issued under this section by providing the United States department of defense discharge document, DD Form 214, as it exists on the effective date of this section, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, that shows a discharge status of "honorable" or "general under honorable conditions" that establishes the person's service in the armed forces of the United States.

Sec. 2. RCW 46.20.117 and 2012 c 80 s 6 are each amended to read as follows:

(1) **Issuance.** The department shall issue an identicard, containing a picture, if the applicant:

- (a) Does not hold a valid Washington driver's license;
- (b) Proves his or her identity as required by RCW 46.20.035; and

(c) Pays the required fee. Except as provided in subsection (5) of this section, the fee is forty-five dollars from October 1, 2012, to June 30, 2013, and fifty-four dollars after June 30, 2013, unless an applicant is a recipient of continuing public assistance grants under Title 74 RCW, who is referred in writing by the secretary of social and health services. For those persons the fee must be the actual cost of production of the identicard.

(2)(a) **Design and term.** The identicard must:

- ~~((a))~~ (i) Be distinctly designed so that it will not be confused with the official driver's license; and
- ~~((b))~~ (ii) Except as provided in subsection (5) of this section, expire on the sixth anniversary of the applicant's birthdate after issuance.

(b) The identicard may include the person's status as a veteran, consistent with RCW 46.20.161(2).

(3) **Renewal.** An application for identicard renewal may be submitted by means of:

- (a) Personal appearance before the department; or
- (b) Mail or electronic commerce, if permitted by rule of the department and if the applicant did not renew his or her identicard by mail or by electronic commerce when it last expired.

An identicard may not be renewed by mail or by electronic commerce unless the renewal issued by the department includes a photograph of the identicard holder.

(4) **Cancellation.** The department may cancel an identicard if the holder of the identicard used the card or allowed others to use the card in violation of RCW 46.20.0921.

(5) **Alternative issuance/renewal/extension.** The department may issue or renew an identicard for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30, 2013, or may extend by mail or electronic commerce an identicard that has already been issued, in order to evenly distribute, as nearly as possible, the yearly renewal rate of identicard holders. The fee for an identicard issued or renewed for a period other than five years from October 1, 2012, to June 30, 2013, or six years after June 30, 2013, or that has been extended by mail or electronic commerce, is nine dollars for each year that the identicard is issued, renewed, or extended. The department may adopt any rules as are necessary to carry out this subsection.

ESB 5964 Prime Sponsor, Senator Fain: Concerning training public officials and employees regarding public records, records management, and open public meetings requirements. Reported by Committee on Government Operations & Elections

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the rights of citizens to observe the actions of their public officials and to have timely access to public records are the underpinnings of democracy

and are essential for meaningful citizen participation in the democratic process. All too often, however, violations of the requirements of the public records act and the open public meetings act by public officials and agencies result in citizens being denied this important information and materials to which they are legally entitled. Such violations are often the result of inadvertent error or a lack of knowledge on the part of officials and agencies regarding their legal duties to the public pursuant to these acts. Also, whether due to error or ignorance, violations of the public records act and open public meetings act are very costly for state and local governments, both in terms of litigation expenses and administrative costs. The legislature also finds that the implementation of simple, cost-effective training programs will greatly increase the likelihood that public officials and agencies will better serve the public by improving citizen access to public records and encouraging public participation in governmental deliberations. Such improvements in public service will, in turn, enhance the public's trust in its government and result in significant cost savings by reducing the number of violations of the public records act and open public meetings act.

NEW SECTION. Sec. 2. A new section is added to chapter 42.30 RCW to read as follows:

(1) Every member of the governing body of a public agency must complete training on the requirements of this chapter no later than ninety days after the date the member either:

(a) Takes the oath of office, if the member is required to take an oath of office to assume his or her duties as a public official; or

(b) Otherwise assumes his or her duties as a public official.

(2) In addition to the training required under subsection (1) of this section, every member of the governing body of a public agency must complete training at intervals of no more than four years as long as the individual is a member of the governing body or public agency.

(3) Training may be completed remotely with technology including but not limited to internet-based training.

NEW SECTION. Sec. 3. A new section is added to chapter 42.56 RCW to read as follows:

(2) Officials required to complete training under this section may complete their training before assuming office but must:

(a) Complete training no later than ninety days after the date the official either:

(ii) Otherwise assumes his or her duties as a public official; and

(b) Complete refresher training at intervals of no more than four years for as long as he or she holds the office.

(2) Public records officers must:

(a) Complete training no later than ninety days after assuming responsibilities as a public records officer or records manager; and

(b) Complete refresher training at intervals of no more than four years as long as they maintain the designation.

(3) Training must be consistent with the attorney general's model rules for compliance with the public records act.

(4) Training may be completed remotely with technology including but not limited to internet-based training.

(3) By December 1, 2014, and annually each December 1st thereafter, the health benefit exchange shall provide a report to the appropriate committees of the legislature with the following information for the calendar year: (a) The number of exchange enrollees who entered the grace period; (b) the number of enrollees who subsequently paid premium after entering the grace period; (c) the average number of days enrollees were in the grace period prior to paying premium; and (d) the number of enrollees who were in the grace period and whose coverage was terminated due to nonpayment of premium. The report must include as much data as is available for the calendar year.

(4) For purposes of this section, "grace period" means nonpayment of premiums by an enrollee receiving advance payments of the premium tax credit, as defined in section 1412 of the patient protection and affordable care act, P.L. 111-148, as amended by the health care and education reconciliation act, P.L. 111-152, and implementing regulations issued by the federal department of health and human services.

The health benefit exchange must provide notice of the effective date of section 3 of this act to affected parties, the chief clerk of the house of representatives, the secretary of the senate, the office of the code reviser, and others as deemed appropriate by the health benefit exchange."

SSB 6017 Prime Sponsor, Committee on Law & Justice: Concerning the use of proceeds from seizure and forfeiture activities from sexual exploitation of children and promoting prostitution. Reported by Committee on Public Safety

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 9.68A.120 and 2009 c 479 s 12 are each amended to read as follows:

The following are subject to seizure and forfeiture:

- (1) All visual or printed matter that depicts a minor engaged in sexually explicit conduct.
- (2) All raw materials, equipment, and other tangible personal property of any kind used or intended to be used to manufacture or process any visual or printed matter that depicts a minor engaged in sexually explicit conduct, and all conveyances, including aircraft, vehicles, or vessels that are used or intended for use to transport, or in any manner to facilitate the transportation of, visual or printed matter in violation of RCW 9.68A.050 or 9.68A.060, but:

(a) No conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or

other person in charge of the conveyance is a consenting party or privy to a violation of this chapter;

(b) No property is subject to forfeiture under this section by reason of any act or omission established by the owner of the property to have been committed or omitted without the owner's knowledge or consent;

(c) A forfeiture of property encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission; and

(d) When the owner of a conveyance has been arrested under this chapter the conveyance may not be subject to forfeiture unless it is seized or process is issued for its seizure within ten days of the owner's arrest.

(3) All personal property, moneys, negotiable instruments, securities, or other tangible or intangible property furnished or intended to be furnished by any person in exchange for visual or printed matter depicting a minor engaged in sexually explicit conduct, or constituting proceeds traceable to any violation of this chapter.

(4) Property subject to forfeiture under this chapter may be seized by any law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure without process may be made if:

(a) The seizure is incident to an arrest or a search under a search warrant or an inspection under an administrative inspection warrant;

(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding based upon this chapter;

(c) A law enforcement officer has probable cause to believe that the property is directly or indirectly dangerous to health or safety; or

(d) The law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter.

(5) In the event of seizure under subsection (4) of this section, proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, of the seizure and intended forfeiture of the seized property. The notice may be served by any method authorized by law or court rule including but not limited to service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(6) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of seized items within forty-five days of the seizure, the item seized shall be deemed forfeited.

(7) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of seized items within forty-five days of the seizure, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The hearing shall be before an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction if the aggregate value of the article or articles involved is more than five hundred dollars. The hearing before an administrative law judge and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the article or articles involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorney's fees. The burden of producing evidence shall

be upon the person claiming to be the lawful owner or the person claiming to have the lawful right to possession of the seized items. The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is lawfully entitled to possession thereof of the seized items.

(8) If property is sought to be forfeited on the ground that it constitutes proceeds traceable to a violation of this chapter, the seizing law enforcement agency must prove by a preponderance of the evidence that the property constitutes proceeds traceable to a violation of this chapter.

(9) When property is forfeited under this chapter the seizing law enforcement agency may:

(a) Retain it for official use or upon application by any law enforcement agency of this state release the property to that agency for the exclusive use of enforcing this chapter or chapter 9A.88 RCW;

(b) Sell that which is not required to be destroyed by law and which is not harmful to the public (~~—The proceeds and all moneys forfeited under this chapter shall be used for payment of all proper expenses of the investigation leading to the seizure, including any money delivered to the subject of the investigation by the law enforcement agency, and of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, actual costs of the prosecuting or city attorney, and court costs. Fifty percent of the money remaining after payment of these expenses shall be deposited in the state general fund and fifty percent shall be deposited in the general fund of the state, county, or city of the seizing law enforcement agency~~); or

(c) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law.

(10)(a) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the prostitution prevention and intervention account under RCW 43.63A.740.

(b) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to an independent selling agency.

(c) The value of sold forfeited property is the sale price. The value of retained forfeited property is the fair market value of the property at the time of seizure determined when possible by reference to an applicable commonly used index. A seizing agency may use, but need not use, an independent qualified appraiser to determine the value of retained property. If an appraiser is used, the value of the property appraised is net of the cost of the appraisal. The value of destroyed property and retained firearms or illegal property is zero.

(11) Forfeited property and net proceeds not required to be paid to the state treasurer under this chapter shall be used for payment of all proper expenses of the investigation leading to the seizure, including any money delivered to the subject of the investigation by the law enforcement agency, and of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, actual costs of the prosecuting or city attorney, and court costs. Money remaining after payment of these expenses shall be retained by the seizing law enforcement agency for the exclusive use of enforcing the provisions of this chapter or chapter 9A.88 RCW.

Sec. 2. RCW 9A.88.150 and 2012 c 140 s 1 are each amended to read as follows:

(1) The following are subject to seizure and forfeiture and no property right exists in them:

(a) Any property or other interest acquired or maintained in violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070 to the extent of the investment of funds, and any appreciation or income attributable to the investment, from a violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070;

(b) All conveyances, including aircraft, vehicles, or vessels, which are used, or intended for use, in any manner to facilitate a violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070, except that:

(i) No conveyance used by any person as a common carrier in the transaction of business as a common carrier is subject to forfeiture under this section unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070;

(ii) No conveyance is subject to forfeiture under this section by reason of any act or omission established by the owner thereof to have been committed or omitted without the owner's knowledge or consent;

(iii) A forfeiture of a conveyance encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party neither had knowledge of nor consented to the act or omission; and

(iv) When the owner of a conveyance has been arrested for a violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070, the conveyance in which the person is arrested may not be subject to forfeiture unless it is seized or process is issued for its seizure within ten days of the owner's arrest;

(c) Any property, contractual right, or claim against property used to influence any enterprise that a person has established, operated, controlled, conducted, or participated in the conduct of, in violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070;

(d) All proceeds traceable to or derived from an offense defined in RCW 9.68A.100, 9.68A.101, or 9A.88.070 and all moneys, negotiable instruments, securities, and other things of value significantly used or intended to be used significantly to facilitate commission of the offense;

(e) All books, records, and research products and materials, including formulas, microfilm, tapes, and data which are used, or intended for use, in violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070;

(f) All moneys, negotiable instruments, securities, or other tangible or intangible property of value furnished or intended to be furnished by any person in exchange for a violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070, all tangible or intangible personal property, proceeds, or assets acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070, and all moneys, negotiable instruments, and securities used or intended to be used to facilitate any violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070. A forfeiture of money, negotiable instruments, securities, or other tangible or intangible property encumbered by a bona fide security interest is subject to the interest of the secured party if, at the time the security interest was created, the secured party neither had knowledge of nor consented to the act or omission. No personal property may be forfeited under this subsection (1)(f), to the extent of the interest of an owner, by reason of any act or omission, which that owner establishes was committed or omitted without the owner's knowledge or consent; and

(g) All real property, including any right, title, and interest in the whole of any lot or tract of land, and any

appurtenances or improvements which are being used with the knowledge of the owner for a violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070, or which have been acquired in whole or in part with proceeds traceable to an exchange or series of exchanges in violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070, if a substantial nexus exists between the violation and the real property. However:

(i) No property may be forfeited pursuant to this subsection (1)(g), to the extent of the interest of an owner, by reason of any act or omission committed or omitted without the owner's knowledge or consent;

(ii) A forfeiture of real property encumbered by a bona fide security interest is subject to the interest of the secured party if the secured party, at the time the security interest was created, neither had knowledge of nor consented to the act or omission.

(2) Real or personal property subject to forfeiture under this section may be seized by any law enforcement officer of this state upon process issued by any superior court having jurisdiction over the property. Seizure of real property shall include the filing of a lis pendens by the seizing agency. Real property seized under this section shall not be transferred or otherwise conveyed until ninety days after seizure or until a judgment of forfeiture is entered, whichever is later: PROVIDED, That real property seized under this section may be transferred or conveyed to any person or entity who acquires title by foreclosure or deed in lieu of foreclosure of a security interest. Seizure of personal property without process may be made if:

(a) The seizure is incident to an arrest or a search under a search warrant;

(b) The property subject to seizure has been the subject of a prior judgment in favor of the state in a criminal injunction or forfeiture proceeding; or

(c) The law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070.

(3) In the event of seizure pursuant to subsection (2) of this section, proceedings for forfeiture shall be deemed commenced by the seizure. The law enforcement agency under whose authority the seizure was made shall cause notice to be served within fifteen days following the seizure on the owner of the property seized and the person in charge thereof and any person having any known right or interest therein, including any community property interest, of the seizure and intended forfeiture of the seized property. Service of notice of seizure of real property shall be made according to the rules of civil procedure. However, the state may not obtain a default judgment with respect to real property against a party who is served by substituted service absent an affidavit stating that a good faith effort has been made to ascertain if the defaulted party is incarcerated within the state, and that there is no present basis to believe that the party is incarcerated within the state. Notice of seizure in the case of property subject to a security interest that has been perfected by filing a financing statement, or a certificate of title, shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title. The notice of seizure in other cases may be served by any method authorized by law or court rule including, but not limited to, service by certified mail with return receipt requested. Service by mail shall be deemed complete upon mailing within the fifteen day period following the seizure.

(4) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1) of this section within forty-five days of the service of notice from the seizing agency in the case of personal property and ninety days in the case of real property, the item seized shall be deemed forfeited. The

community property interest in real property of a person whose spouse or domestic partner committed a violation giving rise to seizure of the real property may not be forfeited if the person did not participate in the violation.

(5) If any person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of items specified in subsection (1) of this section within forty-five days of the service of notice from the seizing agency in the case of personal property and ninety days in the case of real property, the person or persons shall be afforded a reasonable opportunity to be heard as to the claim or right. The notice of claim may be served by any method authorized by law or court rule including, but not limited to, service by first-class mail. Service by mail shall be deemed complete upon mailing within the forty-five day period following service of the notice of seizure in the case of personal property and within the ninety day period following service of the notice of seizure in the case of real property. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020(4), the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal of any matter involving personal property may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of personal property is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In all cases, the burden of proof is upon the law enforcement agency to establish, by a preponderance of the evidence, that the property is subject to forfeiture.

The seizing law enforcement agency shall promptly return the article or articles to the claimant upon a determination by the administrative law judge or court that the claimant is the present lawful owner or is lawfully entitled to possession thereof of items specified in subsection (1) of this section.

(6) In any proceeding to forfeit property under this title, where the claimant substantially prevails, the claimant is entitled to reasonable attorneys' fees reasonably incurred by the claimant. In addition, in a court hearing between two or more claimants to the article or articles involved, the prevailing party is entitled to a judgment for costs and reasonable attorneys' fees.

(7) When property is forfeited under this chapter, the seizing law enforcement agency (~~shall sell the property that is not required to be destroyed by law and that is not harmful to the public~~) may:

(a) Retain it for official use or upon application by any law enforcement agency of this state release the property to that agency for the exclusive use of enforcing this chapter or chapter 9.68A RCW;

(b) Sell that which is not required to be destroyed by law and which is not harmful to the public; or

(c) Request the appropriate sheriff or director of public safety to take custody of the property and remove it for disposition in accordance with law.

(8)(a) When property is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if

known, a description of the property, the disposition of the property, the value of the property at the time of seizure, and the amount of proceeds realized from disposition of the property.

(b) Each seizing agency shall retain records of forfeited property for at least seven years.

(c) Each seizing agency shall file a report including a copy of the records of forfeited property with the state treasurer each calendar quarter.

(d) The quarterly report need not include a record of forfeited property that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(9)(a) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of any property forfeited during the preceding calendar year. Money remitted shall be deposited in the prostitution prevention and intervention account under RCW 43.63A.740.

(b) The net proceeds of forfeited property is the value of the forfeitable interest in the property after deducting the cost of satisfying any bona fide security interest to which the property is subject at the time of seizure; and in the case of sold property, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents, and the cost of any valid landlord's claim for damages under subsection ~~((11))~~ (12) of this section.

(c) The value of sold forfeited property is the sale price. The value of destroyed property and retained firearms or illegal property is zero.

(10) Net proceeds not required to be paid to the state treasurer shall be used for payment of all proper expenses of the investigation leading to the seizure, including any money delivered to the subject of the investigation by the law enforcement agency, and of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, actual costs of the prosecuting or city attorney, and court costs. Money remaining after payment of these expenses shall be retained by the seizing law enforcement agency for the exclusive use of enforcing the provisions of this chapter or chapter 9.68A RCW.

(11) Upon the entry of an order of forfeiture of real property, the court shall forward a copy of the order to the assessor of the county in which the property is located. Orders for the forfeiture of real property shall be entered by the superior court, subject to court rules. Such an order shall be filed by the seizing agency in the county auditor's records in the county in which the real property is located.

~~((11))~~ (12) A landlord may assert a claim against proceeds from the sale of assets seized and forfeited under subsection (9) of this section, only if:

(a) A law enforcement officer, while acting in his or her official capacity, directly caused damage to the complaining landlord's property while executing a search of a tenant's residence;

(b) The landlord has applied any funds remaining in the tenant's deposit, to which the landlord has a right under chapter 59.18 RCW, to cover the damage directly caused by a law enforcement officer prior to asserting a claim under the provisions of this section:

(i) Only if the funds applied under (b) of this subsection are insufficient to satisfy the damage directly caused by a law enforcement officer, may the landlord seek compensation for the damage by filing a claim against the governmental entity under whose authority the law enforcement agency operates within thirty days after the search;

(ii) Only if the governmental entity denies or fails to respond to the landlord's claim within sixty days of the date of filing, may the landlord collect damages under this subsection by

filing within thirty days of denial or the expiration of the sixty day period, whichever occurs first, a claim with the seizing law enforcement agency. The seizing law enforcement agency must notify the landlord of the status of the claim by the end of the thirty day period. Nothing in this section requires the claim to be paid by the end of the sixty day or thirty day period; and

(c) For any claim filed under (b) of this subsection, the law enforcement agency shall pay the claim unless the agency provides substantial proof that the landlord either:

(i) Knew or consented to actions of the tenant in violation of RCW 9.68A.100, 9.68A.101, or 9A.88.070; or

(ii) Failed to respond to a notification of the illegal activity, provided by a law enforcement agency under RCW 59.18.075, within seven days of receipt of notification of the illegal activity.

~~((12))~~ (13) The landlord's claim for damages under subsection ~~((11))~~ (12) of this section may not include a claim for loss of business and is limited to:

(a) Damage to tangible property and clean-up costs;

(b) The lesser of the cost of repair or fair market value of the damage directly caused by a law enforcement officer;

(c) The proceeds from the sale of the specific tenant's property seized and forfeited under subsection (9) of this section; and

(d) The proceeds available after the seizing law enforcement agency satisfies any bona fide security interest in the tenant's property and costs related to sale of the tenant's property as provided by subsection ~~((11))~~ (12) of this section.

~~((13))~~ (14) Subsections ~~((11))~~ (12) and ~~((12))~~ (13) of this section do not limit any other rights a landlord may have against a tenant to collect for damages. However, if a law enforcement agency satisfies a landlord's claim under subsection ~~((11))~~ (12) of this section, the rights the landlord has against the tenant for damages directly caused by a law enforcement officer under the terms of the landlord and tenant's contract are subrogated to the law enforcement agency."

Prime Sponsor, Senator Sheldon: Concerning lake and beach management districts. Reported by Committee on Local Government

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 36.61.010 and 2008 c 301 s 1 are each amended to read as follows:

(1) The legislature finds that the environmental, recreational, and aesthetic values of many of the state's lakes are threatened by eutrophication and other deterioration and that existing governmental authorities are unable to adequately improve and maintain the quality of the state's lakes.

(2) The legislature intends that an ecosystem-based beach management approach should be used to help promote the health of aquatic ecosystems and that such a management approach be undertaken in a manner that retains ecosystem values within the state. This management approach should use long-term strategies

that focus on reducing nutrient inputs from human activities affecting the aquatic ecosystem, such as decreasing nutrients into storm water sewers, decreasing fertilizer application, promoting the proper disposal of pet waste, promoting the use of vegetative borders, promoting the reduction of nutrients from on-site septic systems where appropriate, and protecting riparian areas. Organic debris, including vegetation, driftwood, seaweed, kelp, and organisms, are extremely important to beach ecosystems.

(3) The legislature further finds that it is in the public interest to promote the conservation and stewardship of shorelines and upland properties adjoining lakes and beaches in order to: (a) Conserve natural or scenic resources; (b) protect riparian habitats and water quality; (c) promote conservation of soils, wetlands, shorelines, or tidal marshes; (d) enhance the value of lakes or beaches to the public as well as the benefit of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries, or other open space; (e) enhance recreation opportunities; (f) preserve historic sites; and (g) protect visual quality along highway, road, street, trail, recreational, and other corridors or scenic vistas.

(4) It is the purpose of this chapter to establish a governmental mechanism by which property owners can embark on a program of lake or beach improvement and maintenance for their and the general public's benefit, health, and welfare. Public property, including state property, shall be considered the same as private property in this chapter, except liens for special assessments and liens for rates and charges shall not extend to public property. Lake bottom property and marine property below the line of the ordinary high water mark shall not be considered to be benefitted, shall not be subject to special assessments or rates and charges, and shall not receive voting rights under this chapter.

Sec. 2. RCW 36.61.020 and 2008 c 301 s 3 are each amended to read as follows:

(1) Any county may create lake or beach management districts to finance: (a) The improvement and maintenance of lakes or beaches located within or partially within the boundaries of the county; and (b) the acquisition of real property or property rights within or outside a lake or beach management district including, by way of example, conservation easements authorized under RCW 64.04.130, and to promote the conservation and stewardship of shorelines as well as the conservation and stewardship of upland properties adjoining lakes or beaches for conservation or for minimal development. All or a portion of a lake or beach and the adjacent land areas may be included within one or more lake or beach management districts. More than one lake or beach, or portions of lakes or beaches, and the adjacent land areas may be included in a single lake or beach management district.

(2) For the purposes of this chapter, the term "improvement" includes, among other things, the acquisition of real property and property rights within or outside a lake or beach management district for the purposes set forth in RCW 36.61.010 and this section.

(3) Special assessments or rates and charges may be imposed on the property included within a lake or beach management district to finance lake or beach improvement and maintenance activities, including: ~~((1))~~ (a) Controlling or removing aquatic plants and vegetation; ~~((2))~~ (b) improving water quality; ~~((3))~~ (c) controlling water levels; ~~((4))~~ (d) treating and diverting storm water; ~~((5))~~ (e) controlling agricultural waste; ~~((6))~~ (f) studying lake or marine water quality problems and solutions; ~~((7))~~ (g) cleaning and maintaining ditches and streams entering the lake or marine waters or leaving the lake; ~~((8))~~ (h) monitoring air quality; (i) the acquisition of real property and property rights; and ~~((9))~~ (j) the related administrative, engineering, legal, and operational costs, including the costs of creating the lake or beach management district.

(4) Special assessments or rates and charges may be imposed annually on all the land in a lake or beach management district for the duration of the lake or beach management district without a related issuance of lake or beach management district bonds or revenue bonds. Special assessments also may be imposed in the manner of special assessments in a local improvement district with each landowner being given the choice of paying the entire special assessment in one payment, or to paying installments, with lake or beach management district bonds being issued to obtain moneys not derived by the initial full payment of the special assessments, and the installments covering all of the costs related to issuing, selling, and redeeming the lake or beach management district bonds.

NEW SECTION. Sec. 3. A new section is added to chapter 36.61 RCW to read as follows:

A proposal to acquire real property or property rights within or outside of a lake or beach management district in accordance with RCW 36.61.020 must, prior to the acquisition of the real property or property rights, have the written approval of a majority of the property owners of the district, as determined by the tax rolls of the county assessor.

Sec. 4. RCW 36.61.070 and 2008 c 301 s 9 are each amended to read as follows:

(1) After the public hearing, the county legislative authority may adopt a resolution submitting the question of creating the lake or beach management district to the owners of land within the proposed lake or beach management district, including publicly owned land, if the county legislative authority finds that it is in the public interest to create the lake or beach management district and the financing of the lake or beach improvement and maintenance activities is feasible. The resolution shall also include: ~~((1))~~ (a) A plan describing the proposed lake or beach improvement and maintenance activities which avoid adverse impacts on fish and wildlife and provide for appropriate measures to protect and enhance fish and wildlife; ~~((2))~~ (b) the number of years the lake or beach management district will exist; ~~((3))~~ (c) the amount to be raised by special assessments or rates and charges; ~~((4))~~ (d) if special assessments are to be imposed, whether the special assessments shall be imposed annually for the duration of the lake or beach management district or only once with the possibility of installments being imposed and lake or beach management bonds being issued, or both, and, if both types of special assessments are proposed to be imposed, the lake or beach improvement or maintenance activities proposed to be financed by each type of special assessment; ~~((5))~~ (e) if rates and charges are to be imposed, a description of the proposed rates and charges and the possibility of revenue bonds being issued that are payable from the rates and charges; and ~~((6))~~ (f) the estimated special assessment or rate and charge proposed to be imposed on each parcel included in the proposed lake or beach management district.

(2) No lake or beach management district may be created by a county that includes territory located in another county without the approval of the legislative authority of the other county.

Sec. 5. RCW 36.61.220 and 2008 c 301 s 21 are each amended to read as follows:

Within ~~((fifteen))~~ thirty days after a county creates a lake or beach management district, the county shall cause to be filed with the county treasurer, a description of the lake or beach improvement and maintenance activities proposed that the lake or beach management district finances, the lake or beach management district number, and a copy of the diagram or print showing the boundaries of the lake or beach management district and preliminary special assessment roll or abstract of the same showing thereon the lots, tracts, parcels of land, and other property that will be specially benefitted thereby and the estimated cost and expense of such lake or beach improvement and maintenance activities to

be borne by each lot, tract, parcel of land, or other property. The treasurer shall immediately post the proposed special assessment roll upon his or her index of special assessments against the properties affected by the lake or beach improvement or maintenance activities.

Sec. 6. RCW 36.61.250 and 1985 c 398 s 25 are each amended to read as follows:

Except when lake or beach management district bonds are outstanding or when an existing contract might otherwise be impaired, the county legislative authority may stop the imposition of annual special assessments if, in its opinion, the public interest will be served by such action.

Sec. 7. RCW 36.61.260 and 2008 c 301 s 23 are each amended to read as follows:

(1) Counties may issue lake or beach management district revenue bonds in accordance with this section. Lake or beach management district bonds may be issued to obtain money sufficient to cover that portion of the special assessments that are not paid within the thirty- day period provided in RCW 36.61.190.

(2) Whenever lake or beach management district revenue bonds are proposed to be issued, the county legislative authority shall create a special fund or funds for the lake or beach management district from which all or a portion of the costs of the lake or beach improvement and maintenance activities shall be paid. Lake or beach management district bonds shall not be issued in excess of the costs and expenses of the lake or beach improvement and maintenance activities and shall not be issued prior to twenty days after the thirty days allowed for the payment of special assessments without interest or penalties.

(3) Lake or beach management district revenue bonds shall be exclusively payable from the special fund or funds and from a guaranty fund that the county may have created out of a portion of proceeds from the sale of the lake or beach management district bonds.

~~((2))~~ (4)(a) Lake or beach management district revenue bonds shall not constitute a general indebtedness of the county issuing the bond nor an obligation, general or special, of the state. The owner of any lake or beach management district revenue bond shall not have any claim for the payment thereof against the county that issues the bonds except for: (i) With respect to revenue bonds payable from special assessments, payment from the special assessments made for the lake or beach improvement or maintenance activities for which the lake or beach management district bond was issued and from the special fund or funds, and a lake or beach management district guaranty fund, that may have been created; and (ii) with respect to revenue bonds payable from rates and charges, payment from rates and charges deposited in the special fund or funds that the county may have created for that purpose. Revenue bonds may be payable from both special assessments and from rates and charges. The county shall not be liable to the owner of any lake or beach management district bond for any loss to ~~((the))~~ a lake or beach management district guaranty fund occurring in the lawful operation of the fund. The owner of a lake or beach management district bond shall not have any claim against the state arising from the lake or beach management district bond, rates and charges, special assessments, or guaranty fund. Tax revenues shall not be used to secure or guarantee the payment of the principal of or interest on lake or beach management district bonds. Notwithstanding the provisions of this subsection, nothing in this section may be interpreted as limiting a county's issuance of bonds pursuant to RCW 36.67.010 in order to assist in the financing of improvements to lakes or beaches located within or partially within the boundaries of the county, including without limitation lakes or beaches located within a lake or beach management district.

(b) The substance of the limitations included in this subsection (4) shall be plainly printed, written, engraved, or reproduced on: ~~((a))~~ (i) Each lake or beach management district bond that is a physical instrument; ~~((b))~~ (ii) the official notice of sale; and ~~((c))~~ (iii) each official statement associated with the lake or beach management district bonds.

~~((3))~~ (5) If the county fails to make any principal or interest payments on any lake or beach management district bond or to promptly collect any special assessment securing ~~((the))~~ lake or beach management district revenue bonds when due, the owner of the lake or beach management district revenue bond may obtain a writ of mandamus from any court of competent jurisdiction requiring the county to collect the special assessments, foreclose on the related lien, and make payments out of the special fund or guaranty fund if one exists. Any number of owners of lake or beach management districts may join as plaintiffs.

~~((4))~~ (6) A county may create a lake or beach management district bond guaranty fund for each issue of lake or beach management district bonds. The guaranty fund shall only exist for the life of the lake or beach management district bonds with which it is associated. A portion of the bond proceeds may be placed into a guaranty fund. Unused moneys remaining in the guaranty fund during the last two years of the installments shall be used to proportionally reduce the required level of installments and shall be transferred into the special fund into which installment payments are placed. A county may, in the discretion of the legislative authority of the county, deposit amounts into a lake or beach management district bond guaranty fund from any money legally available for that purpose. Any amounts remaining in the guaranty fund after the repayment of all revenue bonds secured thereby and the payment of assessment installments, may be applied to lake or beach improvement and maintenance activities or to other district purposes.

~~((5))~~ (7) Lake or beach management district bonds shall be issued and sold in accordance with chapter 39.46 RCW. The authority to create a special fund or funds shall include the authority to create accounts within a fund.

Sec. 8. RCW 36.61.030 and 2008 c 301 s 5 are each amended to read as follows:

A lake or beach management district may be initiated upon either the adoption of a resolution of intention by a county legislative authority or the filing of a petition signed by ten landowners or the owners of at least ~~((fifteen))~~ twenty percent of the acreage contained within the proposed lake or beach management district, whichever is greater. A petition or resolution of intention shall set forth: (1) The nature of the lake or beach improvement or maintenance activities proposed to be financed; (2) the amount of money proposed to be raised by special assessments or rates and charges; (3) if special assessments are to be imposed, whether the special assessments will be imposed annually for the duration of the lake or beach management district, or the full special assessments will be imposed at one time, with the possibility of installments being made to finance the issuance of lake or beach management district bonds, or both methods; (4) if rates and charges are to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; (5) the number of years proposed for the duration of the lake or beach management district; and (6) the proposed boundaries of the lake or beach management district.

The county legislative authority may require the posting of a bond of up to five thousand dollars before the county considers the proposed creation of a lake or beach management district initiated by petition. The bond may only be used by the county to finance its costs in studying, holding hearings, making notices, preparing special assessment rolls or rolls showing the

rates and charges on each parcel, and conducting elections related to the lake or beach management district if the proposed lake or beach management district is not created.

A resolution of intention shall also designate the number of the proposed lake or beach management district, and fix a date, time, and place for a public hearing on the formation of the proposed lake or beach management district. The date for the public hearing shall be at least thirty days and no more than ninety days after the adoption of the resolution of intention unless an emergency exists.

Petitions shall be filed with the county legislative authority. The county legislative authority shall determine the sufficiency of the signatures, which shall be conclusive upon all persons. No person may withdraw his or her name from a petition after it is filed. If the county legislative authority determines a petition to be sufficient and the proposed lake or beach management district appears to be in the public interest and the financing of the lake or beach improvement or maintenance activities is feasible, it shall adopt a resolution of intention, setting forth all of the details required to be included when a resolution of intention is initiated by the county legislative authority.

NEW SECTION. Sec. 9. A new section is added to chapter 36.61 RCW to read as follows:

(1) In connection with the acquisition of real property or property rights within or outside a lake or beach management district, a county may: (a) Own real property and property rights, including without limitation conservation easements; (b) transfer real property and property rights to another state or local governmental entity; (c) contract with a public or private entity, including without limitation a financial institution with trust powers, a municipal corporation, or a nonprofit corporation, to hold real property or property rights such as conservation easements in trust for the purposes of the lake and beach management district, and, in connection with those services, to pay the reasonable costs of that financial institution or nonprofit corporation; (d) monitor and enforce the terms of a real property right such as a conservation easement, or for that purpose to contract with a public or private entity, including without limitation a financial institution with trust powers, a municipal corporation, or a nonprofit corporation; (e) impose terms, conditions, and encumbrances upon real property or property rights acquired in respect of a lake or beach management district, and amend the same; and (f) accept gifts, grants, and loans in connection with the acquisition of real property and property rights for lake or beach management district purposes.

(2) If a county contracts with a financial institution, municipal corporation, or nonprofit corporation to hold that property or property rights in trust for purposes of the district, the terms of the contract must provide that the financial institution, municipal corporation, or nonprofit corporation may not sell, pledge, or hypothecate the property or property rights for any purpose, and must further provide for the return of the property or property rights back to the county in the event of a material breach of the terms of the contract.

(3) Before a lake or beach management district in existence as of the effective date of this section exercises the powers set forth in this section, the legislative authority of the county must provide for an amended resolution of intention and modify the plan for the district, with a public hearing, all as provided in RCW 36.61.050.

Sec. 10. RCW 36.61.170 and 2008 c 301 s 18 are each amended to read as follows:

(1) The total annual special assessments may not exceed the estimated cost of the lake or beach improvement or maintenance activities proposed to be financed by such special assessments, as specified in the resolution of intention. The total of special

assessments imposed in a lake or beach management district that are of the nature of special assessments imposed in a local improvement district shall not exceed one hundred fifty percent of the estimated total cost of the lake or beach improvement or maintenance activities that are proposed to be financed by the lake or beach management district as specified in the resolution of intention.

(2) After a lake or beach management district has been created, the resolution of intention may be amended to increase or otherwise modify the amount to be financed by the lake or beach management district by using the same procedure in which a lake or beach management district is created, including landowner approvals consistent with the procedures established in RCW 36.61.080 through 36.61.100.

NEW SECTION. Sec. 11. A new section is added to chapter 36.61 RCW to read as follows:

(1) Except when lake or beach management district bonds are outstanding or when an existing contract might otherwise be impaired, a lake or beach management district may be dissolved either by: The county legislative authority upon a finding that the purposes of the district have been accomplished; or a vote of the property owners within the district, if proposed by the legislative authority of the county or through the filing of a sufficient petition signed by the owners of at least twenty percent of the acreage within the district.

(2) If the question of dissolution of a district is submitted to property owners, the balloting is subject to the following conditions, which must be included in the instructions mailed with each ballot, as provided in RCW 36.61.080:

(a) A ballot must be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the district, with the ballot weighted so that a property owner has one vote for each dollar of special assessment or rates and charges imposed on his or her property;

(b) A ballot must be signed by the owner or reputed owner of property according to the assessor's tax rolls;

(c) Each ballot must be returned to the county legislative authority no later than 5:00 p.m. of a specified day, which must be at least twenty, but not more than thirty days after the ballots are mailed; and

(d) Each property owner must mark his or her ballot for or against the dissolution of the district.

(3) If, following the tabulation of the valid ballots, a simple majority of the votes cast are in favor of dissolving the district, the district must be dissolved on the date established in the ballot proposition.

(4) A county, although not separately responsible for satisfying the financial obligations of a dissolved district, has full authority to continue imposing special assessments, rates, and charges for a dissolved district until all financial obligations of the district incurred prior to its dissolution have been extinguished or retired."

transparency and predictability of state agency permitting and review processes. Reported by Committee on Government Operations & Elections

MAJORITY recommendation: Do pass as amended.

NEW SECTION. Sec. 1. On December 30, 2013, the Washington state auditor's office issued a performance audit report, finding that state agencies could shorten the time it takes to submit, review, and make decisions on business permit applications through simple improvements. In response to the performance audit findings, the legislature intends to improve the predictability and efficiency of permit decisions by making information about permitting assistance and timelines more readily available to the public. The legislature finds that providing citizens and businesses with better information about permit decisions will assist their planning and decision making, promoting economic development. Making permit performance data readily accessible to citizens helps them hold government accountable to a high level of customer service and timeliness. Finally, requiring agencies to track the time it takes to issue permits equips agency leaders with key information that can assist them in improving overall project schedules, better allocating resources, and identifying additional opportunities to better serve the public.

- (2)(a) Each agency shall track and record the time it takes to make permitting decisions.
- (b) Agencies are encouraged to track all relevant information that can assist Washington businesses in determining how long a permit process will take so that the businesses may successfully plan their activities and make sound investment choices, reduce permitting costs to the taxpayers in the form of unnecessary or duplicate staff work, and avoid permitting decision delays that can result in higher costs and lost revenue.
- (c) At a minimum, each agency shall track and record the following information for each permit application it receives or decision it issues:
 - (i) The application completion time, which is the time elapsed from the initial submission of an application by an entity

seeking a permit to the time at which the agency has determined that the application is complete; and

- (ii) The permit decision time, which is the time elapsed from receipt of a complete application to the agency's issuance of a decision approving or denying the permit.

(3) Each agency shall calculate, for each permit it has identified in its inventory, the following performance data:

- (c) The maximum permit decision time.

(4) Each agency shall report to the office, as provided in this subsection (4).

(1) To provide meaningful customer service that informs project planning and decision making by the citizens and businesses served, each agency must make available to permit applicants the following information through a link from the agency's web site to the office's web site, as provided in subsection (4) of this section:

- (a) A list of the types of permit assistance available and how such assistance may be accessed;

- (d) Agencies must consider the customer experience in ensuring all permit assistance information is simple to use, easy to access, and designed in a customer-friendly manner.

(4) To ensure agencies can post the required information online with minimal expenditure of agency resources, the office of the chief information officer shall, in consultation with the office of regulatory assistance, establish a central repository of this information, hosted on the office of regulatory assistance's web site. Each agency shall include at least one link to the central repository from the agency's web site. Agencies shall place the link or links in such locations as the agency deems will be most customer-friendly and maximize accessibility of the information to users of the web site.

(5) The office shall ensure the searchability of the information posted on the central repository, applying industry best practices such as search engine optimization, to ensure that the permit performance and assistance information is readily findable and accessible by members of the public.

NEW SECTION. Sec. 5. (1) By September 30th of 2016 and each even-numbered year thereafter up to and including 2020, the office shall publish a comprehensive progress report to the economic development committees of the house of representatives and the senate and to the governor on the performance of agencies in tracking permit timelines and other efforts to improve clarity and predictability of regulatory permitting. "Sec. 1. RCW 43.43.842 and 2007 c 387 s 4 are each amended to read as follows:

(1)(a) The secretary of social and health services and the secretary of health shall adopt additional requirements for the licensure or relicensure of agencies, facilities, and licensed individuals who provide care and treatment to vulnerable adults, including nursing pools registered under chapter 18.52C RCW. These additional requirements shall ensure that any person associated with a licensed agency or facility having unsupervised access with a vulnerable adult shall not be the respondent in an active protective order under RCW 74.34.130, nor have been: (i) Convicted of a crime against persons as defined in RCW

43.43.830, except as provided in this section; (ii) convicted of crimes relating to financial exploitation as defined in RCW 43.43.830, except as provided in this section; or (iii) found in any disciplinary board final decision to have abused a vulnerable adult under RCW 43.43.830.

(b) A person associated with a licensed agency or facility who has unsupervised access with a vulnerable adult shall make the disclosures specified in RCW 43.43.834(2). The person shall make the disclosures in writing, sign, and swear to the contents under penalty of perjury. The person shall, in the disclosures, specify all crimes against children or other persons, all crimes relating to financial exploitation, and all crimes relating to drugs as defined in RCW 43.43.830, committed by the person.

(2) The rules adopted under this section shall permit the licensee to consider the criminal history of an applicant for employment in a licensed facility when the applicant has one or more convictions for a past offense and:

(a) The offense was simple assault, assault in the fourth degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(b) The offense was prostitution, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(c) The offense was theft in the third degree, or the same offense as it may be renamed, and three or more years have passed between the most recent conviction and the date of application for employment;

(d) The offense was theft in the second degree, or the same offense as it may be renamed, and five or more years have passed between the most recent conviction and the date of application for employment;

(e) The offense was forgery, or the same offense as it may be renamed, and five or more years have passed between the most recent conviction and the date of application for employment;

(f) The department of social and health services reviewed the employee's otherwise disqualifying criminal history through the department of social and health services' background assessment review team process conducted in 2002, and determined that such employee could remain in a position covered by this section: or

(g) The otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure.

The offenses set forth in (a) through ~~((e))~~ (g) of this subsection do not automatically disqualify an applicant from employment by a licensee. Nothing in this section may be construed to require the employment of any person against a licensee's judgment.

(3) In consultation with law enforcement personnel, the secretary of social and health services and the secretary of health shall investigate, or cause to be investigated, the conviction record and the protection proceeding record information under this chapter of the staff of each agency or facility under their respective jurisdictions seeking licensure or relicensure. An individual responding to a criminal background inquiry request from his or her employer or potential employer shall disclose the information about his or her criminal history under penalty of perjury. The secretaries shall use the information solely for the purpose of determining eligibility for licensure or relicensure. Criminal justice agencies shall provide the secretaries such information as they may have and that the secretaries may require for such purpose.

Sec. 2. RCW 43.20A.710 and 2012 c 164 s 505 are each amended to read as follows:

(1) The secretary shall investigate the conviction records, pending charges and disciplinary board final decisions of:

(a) Any current employee or applicant seeking or being considered for any position with the department who will or may have unsupervised access to children, vulnerable adults, or individuals with mental illness or developmental disabilities. This includes, but is not limited to, positions conducting comprehensive assessments, financial eligibility determinations, licensing and certification activities, investigations, surveys, or case management; or for state positions otherwise required by federal law to meet employment standards;

(b) Individual providers who are paid by the state and providers who are paid by home care agencies to provide in-home services involving unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, including but not limited to services provided under chapter 74.39 or 74.39A RCW; and

(c) Individuals or businesses or organizations for the care, supervision, case management, or treatment of children, persons with developmental disabilities, or vulnerable adults, including but not limited to services contracted for under chapter 18.20, 70.127, 70.128, 72.36, or 74.39A RCW or Title 71A RCW.

(2) The secretary shall require a fingerprint-based background check through both the Washington state patrol and the federal bureau of investigation as provided in RCW 43.43.837. Unless otherwise authorized by law, the secretary shall use the information solely for the purpose of determining the character, suitability, and competence of the applicant.

(3) Except as provided in subsection (4) of this section, an individual provider or home care agency provider who has resided in the state less than three years before applying for employment involving unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must be fingerprinted for the purpose of investigating conviction records through both the Washington state patrol and the federal bureau of investigation. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110. However, this subsection does not supersede RCW 74.15.030(2)(b).

(4) Long-term care workers, as defined in RCW 74.39A.009, who are hired after January 7, 2012, are subject to background checks under RCW 74.39A.056, except that the department may require a background check at any time under RCW 43.43.837. For the purposes of this subsection, "background check" includes, but is not limited to, a fingerprint check submitted for the purpose of investigating conviction records through both the Washington state patrol and the federal bureau of investigation.

(5) An individual provider or home care agency provider hired to provide in-home care for and having unsupervised access to a vulnerable adult as defined in chapter 74.34 RCW must have no conviction for a disqualifying crime under RCW 43.43.830 and 43.43.842. An individual or home care agency provider must also have no conviction for a crime relating to drugs as defined in RCW 43.43.830. This subsection applies only with respect to the provision of in-home services funded by medicaid personal care under RCW 74.09.520, community options program entry system waiver services under RCW 74.39A.030, or chore services under RCW 74.39A.110.

(6) The secretary shall provide the results of the state background check on long-term care workers, including individual providers, to the persons hiring them or to their legal guardians, if any, for their determination of the character, suitability, and competence of the applicants. If the person elects to hire or retain

an individual provider after receiving notice from the department that the applicant has a conviction for an offense that would disqualify the applicant from having unsupervised access to persons with physical, mental, or developmental disabilities or mental illness, or to vulnerable adults as defined in chapter 74.34 RCW, then the secretary shall deny payment for any subsequent services rendered by the disqualified individual provider.

(7) Criminal justice agencies shall provide the secretary such information as they may have and that the secretary may require for such purpose.

(8) Any person whose criminal history would otherwise disqualify the person under this section from a position which will or may have unsupervised access to children, vulnerable adults, or persons with mental illness or developmental disabilities shall not be disqualified if the department of social and health services reviewed the person's otherwise disqualifying criminal history through the department of social and health services' background assessment review team process conducted in 2002 and determined that such person could remain in a position covered by this section, or if the otherwise disqualifying conviction or disposition has been the subject of a pardon, annulment, or other equivalent procedure.
NEW SECTION. Sec. 3. A new section is added to chapter 74.15 RCW to read as follows:

If an agency operating under contract with the children's administration chooses to hire an individual that would be precluded from employment with the department based on a disqualifying crime or negative action, the department and its officers and employees have no liability arising from any injury or harm to a child or other department client that is attributable to such individual.

Sec. 4. RCW 74.13.700 and 2013 c 162 s 2 are each amended to read as follows:

(1) In determining the character, suitability, and competence of an individual, the department may not:

(a) Deny or delay a license or approval of unsupervised access to children to an individual solely because of a crime or civil infraction involving the individual or entity revealed in the background check process that ~~(is not on the secretary's list of crimes and negative actions and is not related)~~ does not fall within the categories of disqualifying crimes described in the adoption and safe families act of 1997 or does not relate directly to child safety, permanence, or well-being; or

(b) Delay the issuance of a license or approval of unsupervised access to children by requiring the individual to obtain records relating to a crime or civil infraction revealed in the background check process that ~~(is not on the secretary's list of crimes and negative actions and is not related)~~ does not fall within the categories of disqualifying crimes described in the adoption and safe families act of 1997 or does not relate directly to child safety, permanence, or well-being ~~((and is not a permanent disqualifier pursuant to department rule)).~~

(2) If the department determines that an individual does not possess the character, suitability, or competence to provide care or have unsupervised access to a child, it must provide the reasons for its decision in writing with copies of the records or documents related to its decision to the individual within ten days of making the decision.

(3) For purposes of this section, "individual" means a relative as defined in RCW 74.15.020(2)(a), an "other suitable person" under chapter 13.34 RCW, a person pursuing licensing as a foster parent, or a person employed or seeking employment by a business or organization licensed by the department or with whom the department has a contract to provide care, supervision, case management, or treatment of children in the care of the department. "Individual" does not include long-term care workers

defined in RCW 74.39A.009(17)(a) whose background checks are conducted as provided in RCW 74.39A.056.

(4) The department or its officers, agents, or employees may not be held civilly liable based upon its decision to grant or deny unsupervised access to children if the background information it relied upon at the time the decision was made did not indicate that child safety, permanence, or well-being would be a concern."

A payer desiring to pay by a credit card, charge card, debit card, smart card, stored value card, federal wire, automatic clearinghouse system, or other electronic communication shall bear the cost of processing the transaction in an amount determined by the treasurer, unless the county legislative authority or the legislative authority of a district where the county treasurer serves as ex officio treasurer finds that it is in the best interests of the county or district to not charge transaction processing costs for all payment transactions made for a specific category of nontax payments received by the county treasurer, including, but not limited to, fines, interest not associated with taxes, penalties not associated with taxes, special assessments, fees, rates, and charges. The treasurer's cost determination shall be based upon costs incurred by the treasurer and may not, in any event, exceed the additional direct costs~~

~~incurred by the county to accept the specific form of payment utilized by the payer.)~~

(1) County treasurers are authorized to accept electronic payments for payment of any kind including, but not limited to, payment for taxes, fines, interest, penalties, special assessments, fees, rates, charges, or moneys due counties.

(a) The county treasurer must determine the amount of the transaction processing cost for electronic payments. The county treasurer's determination must be based upon costs incurred by the treasurer and may not, in any event, exceed the additional direct costs incurred by the county to accept the specific form of payment utilized by the payer.

(b) A payer using electronic payment must pay the transaction processing cost, except as otherwise provided in this section.

(2) For payments for taxes, interest associated with taxes, and penalties associated with taxes that are made by automatic clearinghouse system, federal wire, or other electronic communication, any fee associated with the transaction may be absorbed within the county treasurer's banking services budget.

(3) A county treasurer may elect to not charge transaction processing costs for all payments made for a specific category of nontax payments if the county legislative authority, or the legislative authority of a district where the county treasurer serves as ex officio treasurer, finds that not charging such transaction processing costs is in the best interests of the county or district. Interest and penalties associated with such transaction processing costs may be absorbed by the county department or taxing district assessing the payment transactions.

(4) For purposes of this section, the following definitions apply:

(a) "Electronic payment" means a payment made using the following: Credit cards, charge cards, debit cards, smart cards, stored value cards, federal wire, automatic clearinghouse system transactions, or other electronic communication;

(c) "Transaction processing cost" means the cost of processing an electronic payment as determined by the county treasurer. This cost is based on costs incurred by the county treasurer and may not exceed the additional direct costs incurred by the county to accept a specific form of electronic payment utilized by the payer.

SB 6128 Prime Sponsor, Senator Litzow: Concerning the delivery of medication and services by unlicensed school employees. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Students in public schools are bringing more health conditions to school at the same time school districts are reducing nursing services. As a result, school districts are becoming more dependent upon unlicensed, minimally trained, and many times unwilling classified employees to provide these services.

Over the years, unlicensed employees have sought and received legislative approval for protections from employer reprisal if they refuse to deliver nursing services and liability protections if they provide nursing services that harm a student. It is clear that unlicensed employees will be expected to deliver new medications and nursing services not currently recognized in state law to students in the future.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.210 RCW to read as follows:

(1) Beginning July 1, 2014, a school district employee not licensed under chapter 18.79 RCW who is asked to administer medications or perform nursing services not previously recognized in law shall at the time he or she is asked to administer the medication or perform the nursing service file, without coercion by the employer, a voluntary written, current, and unexpired letter of intent stating the employee's willingness to administer the new medication or nursing service. It is understood that the letter of intent will expire if the conditions of acceptance are substantially changed. If a school employee who is not licensed under chapter 18.79 RCW chooses not to file a letter under this section, the employee is not subject to any employer reprisal or disciplinary action for refusing to file a letter.

(2) In the event a school employee provides the medication or service to a student in substantial compliance with (a) rules adopted by the state nursing care quality assurance commission and the instructions of a registered nurse or advanced registered nurse practitioner issued under such rules, and (b) written policies of the school district, then the employee, the employee's school district or school of employment, and the members of the governing board and chief administrator thereof are not liable in any criminal action or for civil damages in his or her individual, marital, governmental, corporate, or other capacity as a result of providing the medication or service.

(3) The board of directors shall designate a professional person licensed under chapter 18.71, 18.57, or 18.79 RCW as it applies to registered nurses and advanced registered nurse practitioners to consult and coordinate with the student's parents and health care provider, and train and supervise the appropriate school district personnel in proper procedures to ensure a safe, therapeutic learning environment. School employees must receive the training provided under this subsection before they are authorized to deliver the service or medication. Such training must be provided, where necessary, on an ongoing basis to ensure that the proper procedures are not forgotten because the services or medication are delivered infrequently.

Sec. 3. RCW 4.24.300 and 2004 c 87 s 1 are each amended to read as follows:

(1) Any person, including but not limited to a volunteer provider of emergency or medical services, who without compensation or the expectation of compensation renders emergency care at the scene of an emergency or who participates in transporting, not for compensation, therefrom an injured person or persons for emergency medical treatment shall not be liable for civil damages resulting from any act or omission in the rendering of such emergency care or in transporting such persons, other than acts or omissions constituting gross negligence or willful or wanton misconduct. Any person rendering emergency care during the course of regular employment and receiving compensation or expecting to receive compensation for rendering such care is excluded from the protection of this subsection.

(2) Any licensed health care provider regulated by a disciplining authority under RCW 18.130.040 in the state of Washington who, without compensation or the expectation of compensation, provides health care services at a community health care setting is not liable for civil damages resulting from any act or omission in the rendering of such care, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(3) For purposes of subsection (2) of this section, "community health care setting" means an entity that provides health care services and:

(a) Is a clinic operated by a public entity or private tax exempt corporation, except a clinic that is owned, operated, or controlled by a hospital licensed under chapter 70.41 RCW unless the hospital-based clinic either:

(i) Maintains and holds itself out to the public as having established hours on a regular basis for providing free health care services to members of the public to the extent that care is provided without compensation or expectation of compensation during those established hours; or

(ii) Is participating, through a written agreement, in a community-based program to provide access to health care services for uninsured persons, to the extent that:

(A) Care is provided without compensation or expectation of compensation to individuals who have been referred for care through that community-based program; and

(B) The health care provider's participation in the community-based program is conditioned upon his or her agreement to provide health services without expectation of compensation;

(b) Is a for-profit corporation that maintains and holds itself out to the public as having established hours on a regular basis for providing free health care services to members of the public to the extent that care is provided without compensation or expectation of compensation during those established hours; or

(c) Is a for-profit corporation that is participating, through a written agreement, in a community-based program to provide access to health care services for uninsured persons, to the extent that:

(i) Care is provided without compensation or expectation of compensation to individuals who have been referred for care through that community-based program; and

(ii) The health care provider's participation in the community-based program is conditioned upon his or her agreement to provide health services without expectation of compensation.

(4) Any school district employee not licensed under chapter 18.79 RCW who renders emergency care at the scene of an emergency during an officially designated school activity or who participates in transporting therefrom an injured person or persons for emergency medical treatment shall not be liable for civil damages resulting from any act or omission in the rendering of such emergency care or in transporting such persons, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

Prime Sponsor, Committee on Early Learning & K-12 Education: Concerning paraeducator development. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature acknowledges that paraeducators have become a significant resource to students who need additional education assistance. The legislature further recognizes that there is significant variability in paraeducator standards, training, and opportunity for professional development. A carefully constructed paraeducator development program would place the highest qualified paraeducators working with the highest need students. Such a program when combined with a career ladder could offer paraeducators real opportunities for upward mobility. Since paraeducators more closely reflect the cultural diversity of the student population, a development program and career ladder would be likely to encourage more paraeducators to become teachers. Training teachers how to work with a paraeducator in their classrooms could increase paraeducators' ability to teach students who need additional assistance.

NEW SECTION. Sec. 2. (1) The superintendent of public instruction shall convene a work group to examine the use of paraeducators across school districts, including their roles and types of assignments in the classroom and the variation in paraeducator deployment in support of teachers. The work group must include paraeducators, teachers, school and school district administrators, school directors, and representatives of their respective associations. The superintendent of public instruction shall submit the findings of the work group to the professional educator standards board by August 31, 2014, to inform the work of the board and the work group established under subsection (2) of this section.

(2)(a) The professional educator standards board shall simultaneously convene a work group to design program specific minimum employment standards for paraeducators, professional development and education opportunities that support the standards, a paraeducator career ladder, an articulated pathway for teacher preparation and certification, and teacher professional development on how to maximize the use of paraeducators in the classroom.

(b) The work group convened by the professional educator standards board must include representatives of:

(i) The professional educator standards board; the Green River Community College center of excellence for careers in education; educational service districts; community and technical college paraeducator apprenticeship and certificate programs; colleges of education; teacher, paraeducator, principal, school director, and administrator associations; career and technical education; special education parents and advocacy organizations; community-based organizations representing immigrant and refugee communities and communities of color; the educational opportunity gap oversight and accountability committee; and the office of the superintendent of public instruction; and

(ii) A maximum of two paraeducators from each program for which specific minimum employment standards will be designed.

(3) By January 10, 2015, the work group convened by the professional educator standards board shall submit a report to the education committees of the legislature that recommends:

(a) Multiple options for assuring minimum employment standards and professional development opportunities for paraeducators who work in:

(i) English language learner programs, transitional bilingual instruction programs, and federal limited English proficiency programs; and

(ii) The learning assistance program and federal disadvantaged program;

(b) A career ladder that encourages paraeducators to pursue advanced education and professional development as well as increased instructional ability and responsibility;

(c) An articulated pathway for teacher preparation that includes:

(i) Paraeducator certificate and apprenticeship programs that offer course credits that apply to transferrable associate degrees and are aligned with the standards and competencies for teachers adopted by the professional educator standards board;

(ii) Associate degree programs that build on and do not duplicate the courses and competencies of paraeducator certificate programs, incorporate field experiences, are aligned with the standards and competencies for teachers adopted by the professional educator standards board, and are transferrable to bachelor's degree in education programs and teacher certification programs;

(iii) Bachelor's degree programs that lead to teacher certification that build on and do not duplicate the courses and competencies of transferrable associate degrees;

(iv) Incorporation of the standards for cultural competence developed by the professional educator standards board under RCW 28A.410.270 throughout the courses and curriculum of the pathway, particularly focusing on multicultural education and principles of language acquisition; and

(v) A comparison of the current status of pathways for teacher certification to the elements of the articulated pathway, highlighting gaps and recommending strategies to address the gaps;

(d) Professional development for certificated employees that focuses on maximizing the success of paraeducators in the classroom.

(4) The work group convened by the professional educator standards board must submit a final report of its recommendations to the education committees of the legislature by January 10, 2016, concerning:

(a) Multiple options for assuring minimum employment standards and professional development opportunities for basic education and special education paraeducators;

(b) Whether there should be alignment of training requirements of paraeducators providing special education services for students during the school year with existing training for home care aides who provide similar services to students when they are not in school, and if so, how the alignment should be accomplished; and

(c) Appropriate professional development and training to help paraeducators meet the employment standards.

(5) This section expires June 30, 2016.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.410 RCW to read as follows:

The professional educator standards board and the state board for community and technical colleges may exercise their respective authorities regarding program approval to implement the articulated pathway for teacher preparation and certification recommended pursuant to section 2, chapter . . . , Laws of 2014 (section 2 of this act) in approved teacher certification programs and certificate and degree programs offered by community and technical colleges.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.50 RCW to read as follows:

Beginning with the 2016-17 academic year, any community or technical college that offers an apprenticeship program or certificate program for paraeducators must provide candidates the opportunity to earn transferrable course credits within the program. The programs must also incorporate the standards for cultural competence, including multicultural

education and principles of language acquisition, developed by the professional educator standards board under RCW 28A.410.270. **NEW SECTION. Sec. 5.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2014, in the omnibus appropriations act, this act is null and void."

Correct the title.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 6. The legislature acknowledges that paraeducators have become a significant resource to students who need additional education assistance. School districts have come to rely upon paraeducators who, for instance, provided more than half of the hours of instruction in the 2012-13 school year to students in the learning assistance program, the transitional bilingual instruction program, the federal disadvantaged program, head start, and the federal limited English proficiency program. Paraeducators are often the primary caretakers in the classroom for students with special needs and provided more than half of the hours of instruction in the 2012-13 school year to students in special education.

The legislature further recognizes that there is significant variability in paraeducator standards. In some situations, paraeducators are expected to provide services for which they are not trained or qualified. In other situations, their knowledge, skills, and commitment to education are underused. A clear definition of the differentiated knowledge, skills, and abilities associated with different jobs will ensure that students receive the education services they need and deserve.

Paraeducator training and professional development varies significantly dependent upon school district and program. With few exceptions, paraeducator training has been significantly reduced over the last several years due to state and school district budget cuts.

A carefully constructed paraeducator development program is intended to place the highest qualified paraeducators working with the highest need students. Such a program when combined with a career ladder will offer paraeducators real opportunities for upward mobility. Since paraeducators more closely reflect the cultural diversity of the student population, a development program and career ladder is likely to encourage more paraeducators to become teachers. Training teachers how to work with a paraeducator in their classrooms will increase paraeducators' ability to teach students who need additional assistance.

NEW SECTION. Sec. 7. (1) The superintendent of public instruction shall convene a work group to examine the use of paraeducators across school districts, including their roles and types of assignments in the classroom and the variation in paraeducator deployment in support of teachers. The work group must include paraeducators, teachers, school and school district administrators, school directors, and representatives of their respective associations. The superintendent of public instruction shall submit the findings of the work group to the professional educator standards board by August 31, 2014, to inform the work of the board and the work group established under subsection (2) of this section.

(2)(a) The professional educator standards board shall simultaneously convene a work group to design program specific minimum employment standards for paraeducators, professional development and education opportunities that support the standards, a paraeducator career ladder, an articulated pathway for teacher preparation and certification, and teacher professional development on how to maximize the use of paraeducators in the classroom.

(b) The work group convened by the professional educator standards board must include representatives of:

(i) The professional educator standards board; the Green River Community College center of excellence for careers in education; educational service districts; community and technical college paraeducator apprenticeship and certificate programs; colleges of education; teacher, paraeducator, principal, school director, and administrator associations; career and technical education; special education parents and advocacy organizations; community-based organizations representing immigrant and refugee communities and communities of color; the educational opportunity gap oversight and accountability committee; and the office of the superintendent of public instruction; and

(ii) A maximum of two paraeducators from each program for which specific minimum employment standards will be designed.

(3) By January 10, 2015, the work group convened by the professional educator standards board shall submit a report to the education committees of the legislature that recommends:

(a) Multiple options for assuring minimum employment standards and professional development opportunities for paraeducators who work in:

(i) English language learner programs, transitional bilingual instruction programs, and federal limited English proficiency programs; and

(ii) The learning assistance program and federal disadvantaged program;

(b) A career ladder that encourages paraeducators to pursue advanced education and professional development as well as increased instructional ability and responsibility;

(c) An articulated pathway for teacher preparation that includes:

(i) Paraeducator certificate and apprenticeship programs that offer course credits that apply to transferrable associate degrees and are aligned with the standards and competencies for teachers adopted by the professional educator standards board;

(ii) Associate degree programs that build on and do not duplicate the courses and competencies of paraeducator certificate programs, incorporate field experiences, are aligned with the standards and competencies for teachers adopted by the professional educator standards board, and are transferrable to bachelor's degree in education programs and teacher certification programs;

(iii) Bachelor's degree programs that lead to teacher certification that build on and do not duplicate the courses and competencies of transferrable associate degrees;

(iv) Incorporation of the standards for cultural competence developed by the professional educator standards board under RCW 28A.410.270 throughout the courses and curriculum of the pathway, particularly focusing on multicultural education and principles of language acquisition; and

(v) A comparison of the current status of pathways for teacher certification to the elements of the articulated pathway, highlighting gaps and recommending strategies to address the gaps;

(d) Professional development for certificated employees that focuses on maximizing the success of paraeducators in the classroom.

(4) The work group convened by the professional educator standards board must submit a final report of its recommendations to the education committees of the legislature by January 10, 2016, concerning:

(a) Multiple options for assuring minimum employment standards and professional development opportunities for basic education and special education paraeducators;

(b) Whether there should be alignment of training requirements of paraeducators providing special education services for students during the school year with existing training for home care aides who provide similar services to students when they are not in school, and if so, how the alignment should be accomplished; and

(c) Appropriate professional development and training to help paraeducators meet the employment standards.

(5) This section expires June 30, 2016.

NEW SECTION. Sec. 8. A new section is added to chapter 28A.410 RCW to read as follows:

The professional educator standards board and the state board for community and technical colleges may exercise their respective authorities regarding program approval to implement the articulated pathway for teacher preparation and certification recommended pursuant to section 2, chapter . . . , Laws of 2014 (section 2 of this act) in approved teacher certification programs and certificate and degree programs offered by community and technical colleges.

2SSB 6163 Prime Sponsor, Committee on Ways & Means:
Concerning expanded learning opportunities.
Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that studies have documented that many students experience learning losses when they do not engage in educational activities during the summer. The legislature further finds that research shows that summer learning loss contributes to educational opportunity gaps between students, and that falling behind in academics can be a predictor of whether a student will drop out of school. The legislature recognizes that such academic regression has a disproportionate impact on low-income students.

(2) The legislature further finds that expanded learning opportunities, including those offered by partnerships between schools and community-based organizations, create enriching experiences for youth, with activities that complement and support classroom-based instruction. The legislature acknowledges that access to quality expanded learning opportunities during the school year and summer helps mitigate summer learning loss and improves academic performance, attendance, on-time grade advancement, and classroom behaviors.

(3) Therefore the legislature intends to build capacity, identify best practices, leverage local resources, and promote a sustainable expanded learning opportunities system by providing an infrastructure that helps coordinate expanded learning opportunities throughout the state. To the extent funds are provided for this purpose, the legislature also intends to authorize a pilot program specifically to combat summer learning loss through expanded learning opportunities, which will provide the opportunity to evaluate the effectiveness of an extended school year in improving student achievement, closing the educational opportunity gap, and providing successful models for other districts to follow.

NEW SECTION. Sec. 2. DEFINITION OF EXPANDED LEARNING OPPORTUNITIES. As used in this section and sections 3 through 7 of this act, "expanded learning opportunities" means:

(1) Culturally responsive enrichment and learning activities, which may focus on academic and nonacademic areas; the arts; civic engagement; service-learning; science, technology,

engineering, and mathematics; and competencies for college and career readiness;

(2) School-based programs that provide extended learning and enrichment for students beyond the traditional school day, week, or calendar; and

(3) Structured, intentional, and creative learning environments outside the traditional school day that are provided by community-based organizations in partnership with schools and align in-school and out-of-school learning through activities that complement classroom-based instruction.

NEW SECTION. Sec. 3. CREATION OF COUNCIL. (1) The expanded learning opportunities council is established to advise the governor, the legislature, and the superintendent of public instruction regarding a comprehensive expanded learning opportunities system, with particular attention paid to solutions to summer learning loss.

(2) The council shall provide a vision, guidance, assistance, and advice related to potential improvement and expansion of summer learning opportunities, school year calendar modifications that will help reduce summer learning loss, increasing partnerships between schools and community-based organizations to deliver expanded learning opportunities, and other current or proposed programs and initiatives across the spectrum of early elementary through secondary education that could contribute to a statewide system of expanded learning opportunities.

(3) The council shall identify fiscal, resource, and partnership opportunities; coordinate policy development; set quality standards; promote evidence-based strategies; and develop a comprehensive action plan designed to implement expanded learning opportunities, address summer learning loss, provide academic supports, build strong partnerships between schools and community-based organizations, and track performance of expanded learning opportunities in closing the opportunity gap.

(4) When making recommendations regarding evidence-based strategies, the council shall consider the best practices on the state menus developed in accordance with RCW 28A.165.035 and 28A.655.235.

(5) The superintendent of public instruction shall convene the expanded learning opportunities council. The members of the council must have experience with expanded learning opportunities and include groups and agencies representing diverse student interests and geographical locations across the state. Up to fifteen participants, agencies, organizations, or individuals may be invited to participate in the council, and the membership shall include the following:

- (a) Three representatives from nonprofit community-based organizations;
- (b) One representative from regional work force development councils;
- (c) One representative from each of the following organizations or agencies:
 - (i) The Washington state school directors' association;
 - (ii) The state-level association of school administrators;
 - (iii) The state-level association of school principals;
 - (iv) The state board of education;
 - (v) The statewide association representing certificated classroom teachers and educational staff associates;
 - (vi) The office of the superintendent of public instruction;
 - (vii) The state-level parent-teacher association;
 - (viii) Higher education; and
 - (ix) A nonprofit organization with statewide experience in expanded learning opportunities frameworks.

(6) Staff support for the expanded learning opportunity council shall be provided by the office of the superintendent of

public instruction and other state agencies as necessary.

Appointees of the council shall be selected by May 30, 2014. The council shall hold its first meeting before August 1, 2014. At the first meeting, the council shall determine regularly scheduled meeting times and locations.

NEW SECTION. Sec. 4. REPORTS FROM COUNCIL. (1) The expanded learning opportunities council shall provide a report to the governor and the legislature by December 1, 2014, and each December 1st thereafter until December 1, 2018, that summarizes accomplishments, measures progress, and contains recommendations regarding continued development of an expanded learning opportunities system and reducing summer learning loss.

(2) If funds are appropriated for a summer knowledge improvement pilot program as provided under sections 5 through 7 of this act or other initiatives to reduce summer learning loss or increase expanded learning opportunities, the expanded learning opportunities council shall monitor the progress of the program or initiative and serve as a resource for participating schools and community-based organizations. The council shall also oversee an evaluation of the effectiveness of the program or initiative in reducing summer learning loss and improving student academic progress.

(3) If new funds are not appropriated for a summer knowledge improvement pilot program or other initiatives to reduce summer learning loss, the first report from the council, and any subsequent reports as necessary, shall include recommendations for a framework and action plan for a program to reduce summer learning loss through the provision of state funds for additional student learning days in elementary schools with significant populations of low-income students. The council may also recommend additional strategies to reduce summer learning loss, including through expanded learning opportunities offered in partnership between schools and community-based organizations.

NEW SECTION. Sec. 5. SUMMER KNOWLEDGE IMPROVEMENT PILOT PROGRAM. (1) Subject to funds being appropriated for this specific purpose, the summer knowledge improvement pilot program is created to provide state funding for an additional twenty student learning days for three consecutive school years in selected schools for students to receive academic instruction outside of the school year established for other schools in the school district.

(2) If appropriated, state funding for each school in the pilot program shall be equal to twenty days of the average daily per student amount of all basic education and nonbasic education funding provided by the state to the school for the regular one hundred eighty-day school year, including for pupil transportation. Nonstate-provided funds may also be used to support the pilot program.

(3) The purpose of the pilot program is to implement an extended school year to combat summer learning loss and provide an opportunity to evaluate the effectiveness of an extended school year in improving student achievement, closing the educational opportunity gap, and providing successful models for other districts to follow.

NEW SECTION. Sec. 6. PLAN PROCESS AND COMPONENTS. (1) Any school district with an eligible school may submit a plan to the office of the superintendent of public instruction to participate in the summer knowledge improvement pilot program. A plan may address one or more eligible schools. The office shall establish timelines for submitting and reviewing applications.

(2) For the purposes of this section, "eligible school" means any school that provides instruction to students in at least grades kindergarten through five where at least seventy-five

percent of the enrolled students qualify for free and reduced-price meals.

(3) The school district board of directors must solicit input on the design of the plan from staff at the school, parents, and the community, including at an open public meeting. The final plan must be adopted by the school district board of directors at a subsequent open public meeting before the plan is submitted to the office of the superintendent of public instruction.

(4) A plan must include, but is not limited to, the following components:

(a) Proposed best practices and evidence-based strategies, curriculum, and materials for improving student achievement and closing the educational opportunity gap to be implemented over the extra twenty days for all students enrolled in the school. The best practices and evidence-based strategies, curriculum, and materials must be comparable to or higher in academic rigor than those used during the regular school year;

(b) A description of when the additional twenty days will be provided;

(c) Identification of the measures that the school district will use in assessing student achievement;

(d) Evidence that the principal of the school and at least seventy percent of the certificated and classified staff who work in the school at least two days per week agree to the plan;

(e) Whether the school will collaborate with community-based organizations to provide support for students during the additional twenty days and for the rest of the summer, and if so, the details of this collaboration; and

(f) An agreement to provide information necessary for a program evaluation.

NEW SECTION. Sec. 7. SELECTION OF SCHOOLS AND DISTRICTS. (1) The office of the superintendent of public instruction must review the plans submitted in accordance with section 6 of this act and select up to ten schools for participation in the pilot program, or as many schools as can be supported through the appropriated funds. To the extent practicable, the selected school districts shall be from diverse geographic regions of the state and include different sizes of school districts and schools.

(2) The selection criteria must include, but are not limited to, the following determinations:

(a) All of the required plan components are completed;

(b) The likelihood that the proposed best practices and evidence-based strategies, curriculum, and materials will improve student achievement and close the educational opportunity gap; and

(c) Any additional criteria that the office of the superintendent of public instruction deems necessary to ensure a high quality pilot program.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 36.70A.040 and 2000 c 36 s 1 are each amended to read as follows:

(1) Each county that has both a population of fifty thousand or more and, until May 16, 1995, has had its population increase by more than ten percent in the previous ten years or, on or after May 16, 1995, has had its population increase by more than seventeen percent in the previous ten years, and the cities located within such county, and any other county regardless of its population that has had its population increase by more than twenty percent in the previous ten years, and the cities located within such county, shall conform with all of the requirements of this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section. For the purposes of this subsection, a county not currently planning under this chapter is not required to include in its population count those persons confined in a correctional facility under the jurisdiction of the department of corrections that is located in the county.

Once a county meets either of these sets of criteria, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2)(a) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter, unless the county subsequently adopts a withdrawal resolution for partial planning pursuant to (b)(i) of this subsection.

(b)(i) Until December 31, 2015, the legislative authority of a county may adopt a resolution removing the county and the cities located within the county from the requirements to plan under this section if:

(A) The county has a population, as estimated by the office of financial management, of twenty thousand or fewer inhabitants at any time between April 1, 2010, and April 1, 2015;

(B) The county has previously adopted a resolution indicating its intention to have subsection (1) of this section apply to the county;

(C) At least sixty days prior to adopting a resolution for partial planning, the county provides written notification to the legislative body of each city within the county of its intent to consider adopting the resolution; and

(D) The legislative bodies of at least sixty percent of those cities having an aggregate population of at least seventy-five

percent of the incorporated county population have not: Adopted resolutions opposing the action by the county; and provided written notification of the resolutions to the county.

(ii) Upon adoption of a resolution for partial planning under (b)(i) of this subsection:

(A) The county and the cities within the county are no longer obligated to plan under this section; and

(B) The county may not, for a minimum of ten years from the date of adoption of the resolution, adopt another resolution indicating its intention to have subsection (1) of this section apply to the county.

(c) The adoption of a resolution for partial planning under (b)(i) of this subsection does not nullify or otherwise modify the requirements for counties and cities established in RCW 36.70A.060, 36.70A.170, and 36.70A.172.

(3) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department ((of community, trade, and economic development)) of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting

a letter notifying the department ((of community, trade, and economic development)) of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department ((of community, trade, and economic development)) of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

(7) Cities and counties planning under this chapter must amend the transportation element of the comprehensive plan to be in compliance with this chapter and chapter 47.80 RCW no later than December 31, 2000.

Sec. 2. RCW 36.70A.060 and 2005 c 423 s 3 are each amended to read as follows:

(1)(a) ((Except as provided in RCW 36.70A.1701,)) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.040. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals.

(b) Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within five hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration. The notice for mineral resource lands shall also inform that an application might be made for mining-related activities, including mining, extraction, washing, crushing, stockpiling, blasting, transporting, and recycling of minerals.

(c) Each county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b), and each city within such county, shall adopt development regulations within one year after the adoption of the resolution of partial planning to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection (1)(c) must comply with the requirements governing regulations adopted under (a) of this subsection.

(d)(i) A county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b) and that is not in compliance with the planning requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172 at the time the resolution is adopted must, by January 30, 2017, apply for a determination of compliance from the department finding that the county's development regulations, including development regulations adopted to protect critical areas, and comprehensive plans are in compliance with the requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172. The department must approve or deny the application for a determination of compliance within one hundred twenty days of its receipt or by June 30, 2017, whichever date is earlier.

(ii) If the department denies an application under (d)(i) of this subsection, the county and each city within is obligated to comply with all requirements of this chapter and the resolution for partial planning adopted under RCW 36.70A.040(2)(b) is no longer in effect.

(iii) A petition for review of a determination of compliance under (d)(i) of this subsection may only be appealed to the growth management hearings board within sixty days of the issuance of the decision by the department.

(iv) In the event of a filing of a petition in accordance with (d)(iii) of this subsection, the county and the department must equally share the costs incurred by the department for defending an approval of determination of compliance that is before the growth management hearings board.

(v) The department may implement this subsection (d) by adopting rules related to determinations of compliance. The rules may address, but are not limited to: The requirements for applications for a determination of compliance; charging of costs under (d)(iv) of this subsection; procedures for processing applications; criteria for the evaluation of applications; issuance and notice of department decisions; and applicable timelines.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights. **Sec. 3.** RCW 36.70A.280 and 2011 c 360 s 17 are each amended to read as follows:

(1) The growth management hearings board shall hear and determine only those petitions alleging either:

(a) That, except as provided otherwise by this subsection, a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58 RCW. Nothing in this subsection authorizes the board to hear petitions alleging noncompliance with RCW 36.70A.5801;

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted;

(c) That the approval of a work plan adopted under RCW 36.70A.735(1)(a) is not in compliance with the requirements of the program established under RCW 36.70A.710;

(d) That regulations adopted under RCW 36.70A.735(1)(b) are not regionally applicable and cannot be adopted, wholly or partially, by another jurisdiction; ((or))

(e) That a department certification under RCW 36.70A.735(1)(c) is erroneous; or

(f) That a department determination under RCW 36.70A.060(1)(d) is erroneous.

(2) A petition may be filed only by: (a) The state, or a county or city that plans under this chapter; (b) a person who has participated orally or in writing before the county or city regarding the matter on which a review is being requested; (c) a person who is certified by the governor within sixty days of filing the request with the board; or (d) a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) To establish participation standing under subsection (2)(b) of this section, a person must show that his or her participation before the county or city was reasonably related to the person's issue as presented to the board.

(5) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, the board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by the board must be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by the board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as the "board adjusted population projection." None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes.

ESSB 6228 Prime Sponsor, Committee on Health Care: Concerning transparency tools for consumer information on health care cost and quality. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Consumers face a challenge finding reliable, consumer friendly information on health care pricing and quality. Greater transparency of health care prices and quality leads to engaged, activated consumers. Research indicates that engaged and educated consumers help control costs and improve quality with lower costs per patient, lower hospital readmission rates, and the use of higher quality providers. Washington is a leader in efforts to develop and publish provider quality information.

Although data is available today, research indicates the existing information is not user friendly, consumers do not know which measures are most relevant, and quality ratings are inconsistent or nonstandardized. It is the intent of the legislature to ensure consumer tools are available to educate and engage patients in managing their care and understanding the costs and quality.

NEW SECTION. Sec. 2. A new section is added to chapter 41.05 RCW to read as follows:

(1) There is created a performance measures committee, the purpose of which is to identify and recommend standard statewide measures of health performance to inform public and private health care purchasers and set benchmarks to track costs and improvements in health outcomes.

(2) Members of the committee must include representation from state agencies, small and large employers, health plans, patient groups, consumers, academic experts on

health care measurement, hospitals, physicians, and other providers. The governor shall appoint the members of the committee, except that a statewide association representing hospitals may appoint a member representing hospitals and a statewide association representing physicians may appoint a member representing physicians. The governor shall ensure that members represent diverse geographic locations and both rural and urban communities. The committee must be chaired by the director of the authority.

(3) The committee shall develop a transparent process for selecting performance measures, and the process must include opportunities for public comment.

(4) By January 1, 2015, the committee shall submit the performance measures to the authority. The measures must include dimensions of:

- (a) Prevention and screening;
- (b) Effective management of chronic conditions;
- (c) Key health outcomes;
- (d) Care coordination and patient safety; and
- (e) Use of the lowest cost, highest quality care for acute conditions.

(5) The committee shall develop a measure set that:

- (a) Is of manageable size;
- (b) Gives preference to nationally reported measures and,

where nationally reported measures may not be appropriate, measures used by the health benefit exchange and state agencies that purchase health care;

(c) Focuses on the overall performance of the system, including outcomes and total cost;

(d) Is aligned with the governor's performance management system measures and common measure requirements specific to medicaid delivery systems under RCW 70.320.020 and 43.20A.895;

(e) Considers the needs of different stakeholders and the populations served; and

(f) Is usable by multiple payers, providers, hospitals, purchasers, public health, and communities as part of health improvement, care improvement, provider payment systems, benefit design, and administrative simplification for providers and hospitals.

(6) State agencies shall use the measure set developed under this section to inform purchasing decisions and set benchmarks.

(7) The committee shall establish a public process to periodically evaluate the measure set and make additions or changes to the measure set as needed.

SSB 6387 Prime Sponsor, Committee on Ways & Means: Concerning individuals with developmental disabilities who have requested a service from a program that is already at capacity. Reported by Committee on Early Learning & Human Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) In conjunction with recent findings from the Washington state auditor's office, the legislature finds that there are thousands of state citizens who have been determined eligible for services through the department of social and health services' developmental disability administration. For those who have asked for help but are waiting for services, families may experience financial or emotional hardships. The legislature intends to clarify and make transparent the process for accessing publicly funded services for individuals with developmental disabilities and their families. The legislature intends to significantly reduce the number of eligible individuals who are waiting for services by funding additional slots and by implementing new programs that better utilize federal funding partnerships.

(2) In addition to the need to serve more individuals with developmental disabilities, the legislature finds that there is an increasing need for long-term care services. By 2030, nearly twenty percent or one out of five people in our state will be age sixty-five or older and our state is not prepared for the growing demand for long-term services and supports. Washington must plan for the future long-term services and support needs of its residents by utilizing alternative long-term care financing options. **Sec. 2.** RCW 71A.10.020 and 2011 1st sp.s. c 30 s 3 are each amended to read as follows:

As used in this title, the following terms have the meanings indicated unless the context clearly requires otherwise.

(1) "Assessment" means an evaluation is provided by the department to determine:

(a) If the individual meets functional and financial criteria for medicaid services; and

(b) The individual's support needs for service determination.

(2) "Community residential support services," or "community support services," and "in-home services" means one or more of the services listed in RCW 71A.12.040.

((2)) (3) "Crisis stabilization services" means services provided to persons with developmental disabilities who are experiencing behaviors that jeopardize the safety and stability of their current living situation. Crisis stabilization services include:

(a) Temporary intensive services and supports, typically not to exceed sixty days, to prevent psychiatric hospitalization, institutional placement, or other out-of-home placement; and

(b) Services designed to stabilize the person and strengthen their current living situation so the person may continue to safely reside in the community during and beyond the crisis period.

((3)) (4) "Department" means the department of social and health services.

((4)) (5) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a

substantial limitation to the individual. By January 1, 1989, the department shall promulgate rules which define neurological or other conditions in a way that is not limited to intelligence quotient scores as the sole determinant of these conditions, and notify the legislature of this action.

((5)) (6) "Eligible person" means a person who has been found by the secretary under RCW 71A.16.040 to be eligible for services.

((6)) (7) "Habilitative services" means those services provided by program personnel to assist persons in acquiring and maintaining life skills and to raise their levels of physical, mental, social, and vocational functioning. Habilitative services include education, training for employment, and therapy.

((10)) (11) "Respite services" means relief for families and other caregivers of people with disabilities, typically not to exceed ninety days, to include both in-home and out-of-home respite care on an hourly and daily basis, including twenty-four hour care for several consecutive days. Respite care workers provide supervision, companionship, and personal care services temporarily replacing those provided by the primary caregiver of the person with disabilities. Respite care may include other services needed by the client, including medical care which must be provided by a licensed health care practitioner.

((11)) (12) "Secretary" means the secretary of social and health services or the secretary's designee.

((12)) (13) "Service" or "services" means services provided by state or local government to carry out this title.

((13)) (14) "State-operated living alternative" means programs for community residential services which may include assistance with activities of daily living, behavioral, habilitative, interpersonal, protective, medical, nursing, and mobility supports to individuals who have been assessed by the department as meeting state and federal requirements for eligibility in home and community-based waiver programs for individuals with developmental disabilities. (17) "Service request list" means a list of eligible persons who have received an assessment for service determination and their assessment shows that they meet the eligibility requirements for the requested service but were denied access due to funding limits.

Sec. 3. RCW 71A.16.050 and 1988 c 176 s 405 are each amended to read as follows:

The determination made under this chapter is only as to whether a person is eligible for services. After the secretary has determined under this chapter that a person is eligible for services, the individual may request an assessment for eligibility for medicaid programs and specific services administered by the developmental disabilities administration. The secretary shall make a determination as to what services are appropriate for the person. The secretary shall prioritize services to medicaid eligible clients. Services may be made available to nonmedicaid eligible clients based on available funding. Services available through the state medicaid plan must be provided to those individuals who meet the eligibility criteria. The department shall establish and maintain a service request list database for individuals who are found to be eligible and have an assessed and unmet need for programs and services offered under a home and community-based services waiver, but the provision of a specific service would exceed the biennially budgeted capacity.

NEW SECTION. Sec. 4. The department of social and health services shall develop and implement a medicaid program to replace the individual and family services program for medicaid-eligible clients during the 2015-2017 biennium, as soon as May 1, 2015, and no later than May 30, 2016. The new medicaid program must offer services that closely resemble the services offered in fiscal year 2014 through the individual and family services program. The department shall expand the client caseload as soon as the new medicaid program is implemented. By June 30, 2017, the department shall increase the number of clients served in the new medicaid program by at least four thousand additional individuals from the numbers served in the 2014 individual and family support program. The department is authorized in fiscal year 2015 to use general fund--state dollars previously provided for the individual and family services program to cover the costs of increasing the number of clients served in the new medicaid program. To the extent possible, the department shall use general fund--state savings from section 6 of this act to offset costs for the increased client caseloads in fiscal years 2016, 2017, 2018, and 2019.

NEW SECTION. Sec. 5. The department of social and health services shall expand the home and community-based services basic plus waiver client caseload beginning June 30, 2015. By June 30, 2017, the department of social and health services shall increase the number served on the home and community-based services basic plus waiver program by at least one thousand additional individuals from the numbers served in fiscal year 2014. The department is authorized in fiscal year 2015 to use general fund--state dollars previously provided for the individual and family services program to cover the costs of increasing the number of clients served in the basic plus waiver program. To the extent possible, the department shall use general fund--state savings from section 6 of this act to offset costs for the increased client caseloads in fiscal years 2016, 2017, 2018, and 2019.

NEW SECTION. Sec. 6. (1) The department of social and health services shall refinance medicaid personal care services under the community first choice option. Beginning July 1, 2014, the department shall seek stakeholder input on program and system design prior to the submission of a proposal to the center for medicaid and medicare services. The community first choice option shall be designed in such a way to meet the federal minimum maintenance of effort requirements and all service requirements as specified in federal rule.

(2) In the first full year of implementation, the per capita cost of all services offered in the community first choice benefit design, including required and optional services, shall not exceed a three percent increase over the per capita cost of the services provided to this population prior to the community first choice option refinance. The three percent limit on new expenditures

shall not apply to cost increases that are not the result of implementing the community first choice option, including but not limited to caseload growth, case mix changes, inflation, vendor rate changes, expenditures necessary to meet state and federal law requirements, and adjustments made pursuant to collective bargaining, and adjustments made in the biennial budget.

(3) The community first choice option must be fully implemented during the 2015-2017 biennium, as soon as July 1, 2015, and no later than June 30, 2016. In fiscal year 2015, the department shall use general fund--state savings from section 4 of this act to cover the fiscal year 2015 general fund--state costs of this section. For the 2015-2017 biennium and the 2017-2019 biennium, the department shall use general fund--state savings from the refinance in this section to offset costs related to sections 4 and 5 of this act. Any remaining general fund--state savings from section 4 of this act shall be reserved for potential investments in home and community-based services for individuals with developmental disabilities. Any remaining savings from the refinance of medicaid personal care services under the community first choice option shall be reserved for potential investments in home and community-based services for individuals with developmental disabilities or individuals with long-term care needs, including investments recommended by the joint legislative executive committee on aging and disability and other work groups, councils, or committees convened by the department."

(b) **Monitoring devices.** If the court orders that a person refrain from consuming any alcohol, the court may order the person to submit to alcohol monitoring through an alcohol detection breathalyzer device, transdermal sensor device, or other technology designed to detect alcohol in a person's system. The person shall pay for the cost of the monitoring, unless the court specifies that the cost of monitoring will be paid with funds that are available from an alternative source identified by the court. The county or municipality where the penalty is being imposed shall determine the cost.

(c) **Ignition interlock device substituted for 24/7 sobriety program monitoring.** In any county or city where a 24/7 sobriety program is available and verified by the Washington association of sheriffs and police chiefs, the court shall:

(8) **Treatment and information school.** An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

(9) **Driver's license privileges of the defendant.** The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

(a) **Penalty for alcohol concentration less than 0.15.** If the person's alcohol concentration was less than 0.15, or if for reasons other than the person's refusal to take a test offered under RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

The department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under this subsection for a suspension, revocation, or denial imposed under RCW 46.20.3101 arising out of the same incident.

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) **Probation of driving privilege.** After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the

The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle (if the offense involved intoxicating liquor), alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), or (iii) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device (if the offense involved intoxicating liquor), the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three

hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(3).

(12) Except as specifically provided in subsections (2), (3), (4), and (7) of this section, nothing in this section extends or otherwise affects the powers of arrest prescribed in Title 46 RCW.

(13) No police officer may be held criminally or civilly liable for making an arrest pursuant to subsection (2) or (9) of this section if the police officer acts in good faith and without malice.

(14) A police officer shall arrest and keep in custody, until release by a judicial officer on bail, personal recognizance, or court order, a person without a warrant when the officer has probable cause to believe that the person has violated RCW 46.61.502 or 46.61.504 or an equivalent local ordinance and the police officer has knowledge that the person has a prior offense as defined in RCW 46.61.5055 within ten years.

Sec. 3. RCW 46.61.500 and 2012 c 183 s 11 are each amended to read as follows:

(1) Any person who drives any vehicle in willful or wanton disregard for the safety of persons or property is guilty of reckless driving. Violation of the provisions of this section is a gross misdemeanor punishable by imprisonment for up to three hundred sixty-four days and by a fine of not more than five thousand dollars.

(2)(a) Subject to (b) of this subsection, the license or permit to drive or any nonresident privilege of any person convicted of reckless driving shall be suspended by the department for not less than thirty days.

(b) When a reckless driving conviction is a result of a charge that was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, the department shall grant credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under an administrative action arising out of the same incident. During any period of suspension, revocation, or denial due to a conviction for reckless driving as the result of a charge originally filed as a violation of RCW 46.61.502 or 46.61.504, any person who has obtained an ignition interlock driver's license under RCW 46.20.385 may continue to drive a motor vehicle pursuant to the provision of the ignition interlock driver's license without obtaining a separate temporary restricted driver's license under RCW 46.20.391.

(3)(a) Except as provided under (b) of this subsection, a person convicted of reckless driving who has one or more prior offenses as defined in RCW 46.61.5055(14) within seven years shall be required, under RCW 46.20.720, to install an ignition interlock device on all vehicles operated by the person if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.502, 46.61.504, or an equivalent local ordinance, where the offense involved intoxicating liquor.

(b) If the offense involved intoxicating liquor, a person convicted of reckless driving shall be required, under RCW

46.20.720, to install an ignition interlock device on all vehicles operated by the person if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520 committed while under the influence of intoxicating liquor or any drug or RCW 46.61.522 committed while under the influence of intoxicating liquor or any drug.

Sec. 4. RCW 46.61.5249 and 2013 2nd sp.s. c 35 s 16 are each amended to read as follows:

(1)(a) A person is guilty of negligent driving in the first degree if he or she operates a motor vehicle in a manner that is both negligent and endangers or is likely to endanger any person or property, and exhibits the effects of having consumed liquor or marijuana or any drug or exhibits the effects of having inhaled or ingested any chemical, whether or not a legal substance, for its intoxicating or hallucinatory effects.

(b) It is an affirmative defense to negligent driving in the first degree by means of exhibiting the effects of having consumed any drug that must be proved by the defendant by a preponderance of the evidence, that the driver has a valid prescription for the drug consumed, and has been consuming it according to the prescription directions and warnings.

(c) Negligent driving in the first degree is a misdemeanor.

(2) For the purposes of this section:

(a) "Negligent" means the failure to exercise ordinary care, and is the doing of some act that a reasonably careful person would not do under the same or similar circumstances or the failure to do something that a reasonably careful person would do under the same or similar circumstances.

(b) "Exhibiting the effects of having consumed liquor, marijuana, or any drug" means that a person has the odor of liquor, marijuana, or any drug on his or her breath, or that by speech, manner, appearance, behavior, lack of coordination, or otherwise exhibits that he or she has consumed liquor, marijuana, or any drug, and either:

(i) Is in possession of or in close proximity to a container that has or recently had liquor, marijuana, or any drug in it; or

(ii) Is shown by other evidence to have recently consumed liquor, marijuana, or any drug.

(c) "Exhibiting the effects of having inhaled or ingested any chemical, whether or not a legal substance, for its intoxicating or hallucinatory effects" means that a person by speech, manner, appearance, behavior, or lack of coordination or otherwise exhibits that he or she has inhaled or ingested a chemical and either:

(i) Is in possession of the canister or container from which the chemical came; or

(ii) Is shown by other evidence to have recently inhaled or ingested a chemical for its intoxicating or hallucinatory effects.

(3) Any act prohibited by this section that also constitutes a crime under any other law of this state may be the basis of prosecution under such other law notwithstanding that it may also be the basis for prosecution under this section.

(4) A person convicted of negligent driving in the first degree who has one or more prior offenses as defined in RCW 46.61.5055(14) within seven years shall be required, under RCW 46.20.720, to install an ignition interlock device on all vehicles operated by the person, if the offense involved intoxicating liquor.

Sec. 2. RCW 28B.145.020 and 2011 1st sp.s. c 13 s 3 are each amended to read as follows:

(1) The opportunity scholarship board is created. The ~~((opportunity scholarship))~~ board consists of ~~((seven))~~ eleven members:

(a) ~~((Three))~~ Six members appointed by the governor, subject to confirmation by the senate. For ~~((two))~~ three of the ~~((three))~~ six appointments, the governor shall consider names from a list provided by the president of the senate and the speaker of the house of representatives; and

(b) ~~((Four))~~ Five foundation or business and industry representatives appointed by the governor, subject to confirmation by the senate, from among the state's most productive industries

such as aerospace, manufacturing, health (~~(sciences)~~ care, information technology, engineering, agriculture, and others, as well as philanthropy. The foundation or business and industry representatives shall be selected from among nominations provided by the private sector donors to the opportunity scholarship and opportunity expansion programs. However, the governor may request, and the private sector donors shall provide, an additional list or lists from which the governor shall select these representatives.

(2) Board members shall hold their offices for a term of four years from the first day of September and until their successors are appointed. No more than the terms of two members may expire simultaneously on the last day of August in any one year.

(3) The members of the (~~(opportunity scholarship)~~) board shall elect one of the business and industry representatives to serve as chair.

(4) (~~(Five)~~ Seven) members of the board constitute a quorum for the transaction of business. In case of a vacancy, or when an appointment is made after the date of expiration of the term, the governor or the president of the senate or the speaker of the house of representatives, depending upon which made the initial appointment to that position, shall fill the vacancy for the remainder of the term of the board member whose office has become vacant or expired.

(5) The (~~(opportunity scholarship)~~) board shall be staffed by the program administrator.

(6) The purpose of the (~~(opportunity scholarship)~~) board is to provide oversight and guidance for the opportunity expansion and the opportunity scholarship programs in light of established legislative priorities and to fulfill the duties and responsibilities under this chapter, including but not limited to determining eligible education programs for purposes of the opportunity scholarship program. Duties, exercised jointly with the program administrator, include soliciting funds and setting annual fund-raising goals.

(7) The (~~(opportunity scholarship)~~) board may report to the governor and the appropriate committees of the legislature with recommendations as to:

(a) Whether some or all of the scholarships should be changed to conditional scholarships that must be repaid in the event the participant does not complete the eligible education program; and

(b) A source or sources of funds for the opportunity expansion program in addition to the voluntary contributions of the high technology research and development tax credit under RCW 82.32.800.

Sec. 3. RCW 28B.145.030 and 2011 1st sp.s. c 13 s 4 are each amended to read as follows:

(1) The program administrator, under contract with the (~~(board)~~ council), shall staff the (~~(opportunity scholarship)~~) board and shall have the duties and responsibilities provided in this chapter, including but not limited to publicizing the program, selecting participants for the opportunity scholarship award, distributing opportunity scholarship awards, and achieving the maximum possible rate of return on investment of the accounts in subsection (2) of this section, while ensuring transparency in the investment decisions and processes. Duties, exercised jointly with the (~~(opportunity scholarship)~~) board, include soliciting funds and setting annual fund-raising goals. The program administrator shall be paid an administrative fee as determined by the (~~(opportunity scholarship)~~) board.

(2) With respect to the opportunity scholarship program, the program administrator shall:

(a) Establish and manage two separate accounts into which to receive grants and contributions from private sources as

well as state matching funds, and from which to disburse scholarship funds to participants;

(b) Solicit and accept grants and contributions from private sources, via direct payment, pledge agreement, or escrow account, of private sources for deposit into one or both of the two accounts created in this subsection (2)(b) in accordance with this subsection (2)(b):

(i) The "scholarship account," whose principal may be invaded, and from which scholarships must be disbursed beginning no later than December 1, 2011, if, by that date, state matching funds in the amount of five million dollars or more have been received. Thereafter, scholarships shall be disbursed on an annual basis beginning no later than May 1, 2012, and every (~~(May)~~ October) 1st thereafter;

(ii) The "endowment account," from which scholarship moneys may be disbursed from earnings only in years when:

(A) The state match has been made into both the scholarship and the endowment account;

(B) The state appropriations for the state need grant under RCW 28B.92.010 meet or exceed state appropriations for the state need grant made in the 2011-2013 biennium, adjusted for inflation, and eligibility for state need grant recipients is at least seventy percent of state median family income; and

(C) The state has demonstrated progress toward the goal of total per-student funding levels, from state appropriations plus tuition and fees, of at least the sixtieth percentile of total per-student funding at similar public institutions of higher education in the global challenge states, as defined, measured, and reported in RCW 28B.15.068. In any year in which the office of financial management reports that the state has not made progress toward this goal, no new scholarships may be awarded. In any year in which the office of financial management reports that the percentile of total per-student funding is less than the sixtieth percentile and at least five percent less than the prior year, pledges of future grants and contributions may, at the request of the donor, be released and grants and contributions already received refunded to the extent that opportunity scholarship awards already made can be fulfilled from the funds remaining in the endowment account. In fulfilling the requirements of this subsection, the office of financial management shall use resources that facilitate measurement and comparisons of the most recently completed academic year. These resources may include, but are not limited to, the data provided in a uniform dashboard format under RCW 28B.77.090 as the statewide public four-year dashboard and academic year reports prepared by the state board for community and technical colleges; (~~and~~)

(iii) An amount equal to at least fifty percent of all grants and contributions must be deposited into the scholarship account until such time as twenty million dollars have been deposited into the account, after which time the private donors may designate whether their contributions must be deposited to the scholarship or the endowment account. The (~~(opportunity scholarship)~~) board and the program administrator must work to maximize private sector contributions to both the scholarship account and the endowment account, to maintain a robust scholarship program while simultaneously building the endowment, and to determine the division between the two accounts in the case of undesignated grants and contributions, taking into account the need for a long-term funding mechanism and the short-term needs of families and students in Washington. The first five million dollars in state match, as provided in RCW 28B.145.040, shall be deposited into the scholarship account and thereafter the state match shall be deposited into the two accounts in equal proportion to the private funds deposited in each account; and

(iv) Once moneys in the opportunity scholarship match transfer account are subject to an agreement under RCW

28B.145.050(5) and are deposited in the scholarship account or endowment account under this section, the state acts in a fiduciary rather than ownership capacity with regard to those assets. Assets in the scholarship account and endowment account are not considered state money, common cash, or revenue to the state;

(c) Provide proof of receipt of grants and contributions from private sources to the ((~~board~~) council), identifying the amounts received by name of private source and date, and whether the amounts received were deposited into the scholarship or the endowment account;

(d) In consultation with the ((~~higher education coordinating board~~) council) and the state board for community and technical colleges, make an assessment of the reasonable annual eligible expenses associated with eligible education programs identified by the ((~~opportunity scholarship~~) board);

(e) Determine the dollar difference between tuition fees charged by institutions of higher education in the 2008-09 academic year and the academic year for which an opportunity scholarship is being distributed;

(f) Develop and implement an application, selection, and notification process for awarding opportunity scholarships;

(g) Determine the annual amount of the opportunity scholarship for each selected participant. The annual amount shall be at least one thousand dollars or the amount determined under (e) of this subsection, but may be increased on an income-based, sliding scale basis up to the amount necessary to cover all reasonable annual eligible expenses as assessed pursuant to (d) of this subsection, or to encourage participation in baccalaureate degree programs identified by the ((~~opportunity scholarship~~) board);

(h) Distribute scholarship funds to selected participants. Once awarded, and to the extent funds are available for distribution, an opportunity scholarship shall be automatically renewed until the participant withdraws from or is no longer attending the program, completes the program, or has taken the credit or clock hour equivalent of one hundred twenty-five percent of the published length of time of the participant's program, whichever occurs first, and as long as the participant annually submits documentation of filing both a free application for federal student aid and for available federal education tax credits, including but not limited to the American opportunity tax credit; and

(i) Notify institutions of scholarship recipients who will attend their institutions and inform them of the terms of the students' eligibility.

(3) With respect to the opportunity expansion program, the program administrator shall:

(a) Assist the ((~~opportunity scholarship~~) board) in developing and implementing an application, selection, and notification process for making opportunity expansion awards; and

(b) Solicit and accept grants and contributions from private sources for opportunity expansion awards.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.145 RCW to read as follows:

(1) The board may elect to have the state investment board invest the funds in the scholarship account and endowment account described under RCW 28B.145.030(2)(b). If the board so elects, the state investment board has the full power to invest, reinvest, manage, contract, sell, or exchange investment money in the two accounts. All investment and operating costs associated with the investment of money shall be paid under RCW 43.33A.160 and 43.84.160. With the exception of these expenses, the earnings from the investment of the money shall be retained by the accounts.

(2) All investments made by the state investment board shall be made with the exercise of that degree of judgment and care

under RCW 43.33A.140 and the investment policy established by the state investment board.

(3) As deemed appropriate by the state investment board, money in the scholarship and endowment accounts may be commingled for investment with other funds subject to investment by the state investment board.

(4) Members of the state investment board shall not be considered an insurer of the funds or assets and are not liable for any action or inaction.

(5) Members of the state investment board are not liable to the state, to the fund, or to any other person as a result of their activities as members, whether ministerial or discretionary, except for willful dishonesty or intentional violations of law. The state investment board in its discretion may purchase liability insurance for members.

(6) The authority to establish all policies relating to the scholarship account and the endowment account, other than the investment policies as provided in subsections (1) through (3) of this section, resides with the board and program administrator acting in accordance with the principles set forth in this chapter. With the exception of expenses of the state investment board in subsection (1) of this section, disbursements from the scholarship account and endowment account shall be made only on the authorization of the opportunity scholarship board or its designee, and moneys in the accounts may be spent only for the purposes specified in this chapter.

(7) The state investment board shall routinely consult and communicate with the board on the investment policy, earnings of the accounts, and related needs of the program.
Sec. 5. RCW 28B.145.050 and 2011 1st sp.s. c 13 s 6 are each amended to read as follows:

(1) The opportunity scholarship match transfer account is created in the custody of the state treasurer as a nonappropriated account to be used solely and exclusively for the opportunity scholarship program created in RCW 28B.145.040. The purpose of the account is to provide matching funds for the opportunity scholarship program.

(2) Revenues to the account shall consist of appropriations by the legislature into the account and any gifts, grants, or donations received by the executive director of the ((~~board~~) council) for this purpose.

(3) No expenditures from the account may be made except upon receipt of proof, by the executive director of the ((~~board~~) council) from the program administrator, of private contributions to the opportunity scholarship program. Expenditures, in the form of matching funds, may not exceed the total amount of private contributions.

(4) Only the executive director of the ((~~board~~) council) or the executive director's designee may authorize expenditures from the opportunity scholarship match transfer account. Such authorization must be made as soon as practicable following receipt of proof as required under subsection (3) of this section.

(5) The council shall enter into an appropriate agreement with the program administrator to demonstrate exchange of consideration for the matching funds.

Sec. 6. RCW 28B.145.060 and 2013 c 39 s 14 are each amended to read as follows:

(1) The opportunity expansion program is established.

(2) The ((~~opportunity scholarship~~) board) shall select institutions of higher education to receive opportunity expansion awards. In so doing, the ((~~opportunity scholarship~~) board) must:

(a) Solicit, receive, and evaluate proposals from institutions of higher education that are designed to directly increase the number of baccalaureate degrees produced in high employer demand and other programs of study, and that include annual numerical targets for the number of such degrees, with a

strong emphasis on serving students who received their high school diploma or high school equivalency certificate as provided in RCW 28B.50.536 in Washington or are adult Washington residents who are returning to school to gain a baccalaureate degree;

(b) Develop criteria for evaluating proposals and awarding funds to the proposals deemed most likely to increase the number of baccalaureate degrees and degrees produced in high employer demand and other programs of study;

(c) Give priority to proposals that include a partnership between public and private partnership entities that leverage additional private funds;

(d) Give priority to proposals that are innovative, efficient, and cost-effective, given the nature and cost of the particular program of study;

(e) Consult and operate in consultation with existing higher education stakeholders, including but not limited to: Faculty, labor, student organizations, and relevant higher education agencies; and

(f) Determine which proposals to improve and accelerate the production of baccalaureate degrees in high employer demand and other programs of study will receive opportunity expansion awards for the following state fiscal year, notify the state treasurer, and announce the awards.

(3) The state treasurer, at the direction of the ((~~opportunity scholarship~~)) board, must distribute the funds that have been awarded to the institutions of higher education from the opportunity expansion account.

(4) Institutions of higher education receiving awards under this section may not supplant existing general fund state revenues with opportunity expansion awards.

(5) Annually, the office of financial management shall report to the ((~~opportunity scholarship~~)) board, the governor, and the relevant committees of the legislature regarding the percentage of Washington households with incomes in the middle-income bracket or higher. For purposes of this section, "middle-income bracket" means household incomes between two hundred and five hundred percent of the 2010 federal poverty level, as determined by the United States department of health and human services for a family of four, adjusted annually for inflation.

(6) Annually, the ((~~student achievement~~)) council must report to the ((~~opportunity scholarship~~)) board, the governor, and the relevant committees of the legislature regarding the increase in the number of degrees in high employer demand and other programs of study awarded by institutions of higher education over the average of the preceding ten academic years.

(7) In its comprehensive plan, the workforce training and education coordinating board shall include specific strategies to reach the goal of increasing the percentage of Washington households living in the middle-income bracket or higher, as calculated by the office of financial management and developed by the agency or education institution that will lead the strategy.

Sec. 7. RCW 28B.145.070 and 2011 1st sp.s. c 13 s 8 are each amended to read as follows:

(1) ((~~By December 1, 2012, and~~)) Annually each December 1st ((~~thereafter~~)), the ((~~opportunity scholarship~~)) board, together with the program administrator, shall report to the ((~~board~~)) **council**, the governor, and the appropriate committees of the legislature regarding the opportunity scholarship and opportunity expansion programs, including but not limited to:

(a) Which education programs the ((~~opportunity scholarship~~)) board determined were eligible for purposes of the opportunity scholarship;

(b) The number of applicants for the opportunity scholarship, disaggregated, to the extent possible, by race,

ethnicity, gender, county of origin, age, and median family income;

(c) The number of participants in the opportunity scholarship program, disaggregated, to the extent possible, by race, ethnicity, gender, county of origin, age, and median family income;

(d) The number and amount of the scholarships actually awarded, and whether the scholarships were paid from the scholarship account or the endowment account;

(e) The institutions and eligible education programs in which opportunity scholarship participants enrolled, together with data regarding participants' completion and graduation;

(f) The total amount of private contributions and state match moneys received for the opportunity scholarship program, how the funds were distributed between the scholarship and endowment accounts, the interest or other earnings on the accounts, and the amount of any administrative fee paid to the program administrator; and

(g) Identification of the programs the ((~~opportunity scholarship~~)) board selected to receive opportunity expansion awards and the amount of such awards.

(2) In the next succeeding legislative session following receipt of a report required under subsection (1) of this section, the appropriate committees of the legislature shall review the report and consider whether any legislative action is necessary with respect to either the opportunity scholarship program or the opportunity expansion program, including but not limited to consideration of whether any legislative action is necessary with respect to the nature and level of focus on high employer demand fields and the number and amount of scholarships."

SB 6424

Prime Sponsor, Senator Roach: Establishing a state seal of biliteracy for high school students.
Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** (1) The legislature finds that:

(a) The study of world languages in elementary and secondary schools should be encouraged because it contributes to students' cognitive development and to the national economy and security;

(b) Proficiency in multiple languages enables Washington to participate more effectively in the current global political, social, and economic context;

(c) The benefits to employers of having employees who are fluent in more than one language are clear: Increased access to expanding markets, better service of customers' needs, and expanded trading opportunities with other countries; and

(d) Protecting the state's rich heritage of multiple cultures and languages, as well as building trust and understanding

across the multiple cultures and languages of diverse communities, requires multilingual communication skills.

(2) Therefore, the legislature's intent is to promote and recognize linguistic proficiency and cultural literacy in one or more world languages in addition to English through the establishment of a Washington state seal of biliteracy.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.300 RCW to read as follows:

(1) The Washington state seal of biliteracy is established to recognize public high school graduates who have attained a high level of proficiency in speaking, reading, and writing in one or more world languages in addition to English. School districts are encouraged to award the seal of biliteracy to graduating high school students who meet the criteria established by the office of the superintendent of public instruction under this section. Participating school districts shall place a notation on a student's high school diploma and high school transcript indicating that the student has earned the seal.

(2) The office of the superintendent of public instruction shall adopt rules establishing criteria for award of the Washington state seal of biliteracy. The criteria must require a student to demonstrate proficiency in English by meeting state high school graduation requirements in English, including through state assessments and credits, and proficiency in one or more world languages other than English. The criteria must permit a student to demonstrate proficiency in another world language through multiple methods including nationally or internationally recognized language proficiency tests and competency-based world language credits awarded under the model policy adopted by the Washington state school directors' association.

(3) For the purposes of this section, a world language other than English must include American sign language and Native American languages.

Sec. 3. RCW 28A.230.125 and 2011 1st sp.s. c 11 s 130 are each amended to read as follows:

(1) The superintendent of public instruction, in consultation with the four-year institutions as defined in RCW 28B.76.020, the state board for community and technical colleges, and the workforce training and education coordinating board, shall develop for use by all public school districts a standardized high school transcript. The superintendent shall establish clear definitions for the terms "credits" and "hours" so that school programs operating on the quarter, semester, or trimester system can be compared.

(2) The standardized high school transcript shall include a notation of whether the student has earned a certificate of individual achievement or a certificate of academic achievement.

(3) The standardized high school transcript may include a notation of whether the student has earned the Washington state seal of biliteracy established under section 2 of this act.

NEW SECTION. Sec. 4. By December 1, 2017, the office of the superintendent of public instruction shall submit a report to the education committees of the legislature that compares the number of students awarded the Washington state seal of biliteracy in the previous two school years and the languages spoken by those students, to the number of students enrolled or previously enrolled in the transitional bilingual instruction program and the languages spoken by those students. The office of the superintendent of public instruction shall also report the methods used by students to demonstrate proficiency for the Washington state seal of biliteracy, and describe how the office of the superintendent of public instruction plans to increase the number of possible methods for students to demonstrate proficiency, particularly in world languages that are not widely spoken."

Sec. 2. RCW 74.15.030 and 2007 c 387 s 5 and 2007 c 17 s 14 are each reenacted and amended to read as follows:

The secretary shall have the power and it shall be the secretary's duty:

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(2) In consultation with the children's services advisory committee, and with the advice and assistance of persons representative of the various type agencies to be licensed, to adopt and publish minimum requirements for licensing applicable to each of the various categories of agencies to be licensed.

The minimum requirements shall be limited to:

(a) The size and suitability of a facility and the plan of operation for carrying out the purpose for which an applicant seeks a license;

(d) Obtaining child protective services information or records maintained in the department case management information system. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under this chapter;

(e) Submitting a fingerprint-based background check through the Washington state patrol under chapter 10.97 RCW and through the federal bureau of investigation for:

(i) Agencies and their staff, volunteers, students, and interns when the agency is seeking license or relicensure;

(ii) Foster care and adoption placements; and

(iii) Any adult living in a home where a child may be placed;

(f) If any adult living in the home has not resided in the state of Washington for the preceding five years, the department shall review any child abuse and neglect registries maintained by any state where the adult has resided over the preceding five years;

(g) The cost of fingerprint background check fees will be paid as required in RCW 43.43.837;

(h) National and state background information must be used solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children or expectant mothers;

(i) The number of qualified persons required to render the type of care and treatment for which an agency seeks a license;

(j) The safety, cleanliness, and general adequacy of the premises to provide for the comfort, care and well-being of children, expectant mothers or developmentally disabled persons;

However, if a child is placed with a relative under RCW 13.34.065 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(4) On reports of alleged child abuse and neglect, to investigate agencies in accordance with chapter 26.44 RCW, including child day-care centers and family day-care homes, to determine whether the alleged abuse or neglect has occurred, and whether child protective services or referral to a law enforcement agency is appropriate;

(5) To issue, revoke, or deny licenses to agencies pursuant to chapter 74.15 RCW and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of chapter 74.15 RCW and RCW 74.13.031 and to require regular reports from each licensee;

(7) To inspect agencies periodically to determine whether or not there is compliance with chapter 74.15 RCW and RCW 74.13.031 and the requirements adopted hereunder;

(8) To review requirements adopted hereunder at least every two years and to adopt appropriate changes after consultation with affected groups for child day-care requirements and with the children's services advisory committee for requirements for other agencies; and

SSB 6558 Prime Sponsor, Committee on Ways & Means: Concerning intensive home and community-based mental health services for medicaid-eligible children. Reported by Committee on Early Learning & Human Services

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that services for low-income children in Washington with serious mental health needs should be improved so that children can be served in their community, rather than in out-of-home placements, in order to receive the help they need. Entering a state institution, foster home, or other out-of-home placement may create additional hardship on the child and the family by forcing a child into an unfamiliar living situation and separating them from their family, friends, school, community, and natural supports. The legislature intends to expand access to intensive home and community-based children's services so that these services will be implemented statewide on a phased-in basis to children with serious mental health needs.

Sec. 2. RCW 71.24.065 and 2007 c 359 s 10 are each amended to read as follows:

~~((To the extent funds are specifically appropriated for this purpose,)) (1) The department of social and health services shall ((contract for implementation of a wraparound model of integrated children's mental health services delivery in up to four regional support network regions in Washington state in which wraparound programs are not currently operating, and in up to two regional support network regions in which wraparound programs~~

are currently operating. ~~Contracts in regions with existing wraparound programs shall be for the purpose of expanding the number of children served.~~

~~(1) Funding provided may be expended for: Costs associated with a request for proposal and contracting process; administrative costs associated with successful bidders' operation of the wraparound model; the evaluation under subsection (5) of this section; and funding for services needed by children enrolled in wraparound model sites that are not otherwise covered under existing state programs. The services provided through the wraparound model sites shall include, but not be limited to, services covered under the medicaid program. The department shall maximize the use of medicaid and other existing state funded programs as a funding source. However, state funds provided may be used to develop a broader service package to meet needs identified in a child's care plan. Amounts provided shall supplement, and not supplant, state, local, or other funding for services that a child being served through a wraparound site would otherwise be eligible to receive)) implement statewide intensive home and community-based services for children, funded through medicaid. This set of services is known as wraparound with intensive services, and shall include the following core medicaid covered mental health services: (a) Intensive care coordination, (b) intensive home and community-based services, and (c) mobile crisis intervention and stabilization services. In order to ensure consistency statewide, the department shall develop standards, policies and protocols to direct the implementation and provision of care under this section beginning July 1, 2014. The services must be phased in as rapidly as feasible and according to a schedule that prioritizes infrastructure availability and local provider readiness.~~

~~(2) The wraparound ((model sites)) with intensive services program funded through medicaid shall serve children ((with serious emotional or behavioral disturbances who are at high risk of residential or correctional placement or psychiatric hospitalization, and who have been referred for services from the department, a county juvenile court, a tribal court, a school, or a licensed mental health provider or agency)) and youth under the age of twenty-one with a mental illness or condition and who have a functional impairment which substantially interferes with or substantially limits the ability to function in the family, school or community setting, and for whom intensive home and community-based services have been recommended by a licensed practitioner to correct or ameliorate the mental illness or condition.~~

~~((3) Through a request for proposal process, the department shall contract, with regional support networks, alone or in partnership with either educational service districts or entities licensed to provide mental health services to children with serious emotional or behavioral disturbances, to operate the wraparound model sites. The contractor shall provide care coordination and facilitate the delivery of services and other supports to families using a strength-based, highly individualized wraparound process. The request for proposal shall require that:~~

~~(a) The regional support network agree to use its medicaid revenues to fund services included in the existing regional support network's benefit package that a medicaid-eligible child participating in the wraparound model site is determined to need;~~

~~(b) The contractor provide evidence of commitments from at least the following entities to participate in wraparound care plan development and service provision when appropriate: Community mental health agencies, schools, the department of social and health services children's administration, juvenile courts, the department of social and health services juvenile rehabilitation administration, and managed health care systems contracting with the department under RCW 74.09.522; and~~

~~(c) The contractor will operate the wraparound model site in a manner that maintains fidelity to the wraparound process as defined in RCW 71.36.010.~~

~~(4) Contracts for operation of the wraparound model sites shall be executed on or before April 1, 2008, with enrollment and service delivery beginning on or before July 1, 2008.~~

~~(5) The evidence based practice institute established in RCW 71.24.061 shall evaluate the wraparound model sites, measuring outcomes for children served. Outcomes measured shall include, but are not limited to)) Referral to services may include, but is not limited to:~~

Beginning on page 1, line 4, after "ASSEMBLED," strike all material through "Transportation." on page 2, line 15 and insert "THE SECRETARY OF THE DEPARTMENT OF TRANSPORTATION, THE ADMINISTRATOR OF THE FEDERAL RAILROAD ADMINISTRATION, AND THE ADMINISTRATOR OF THE PIPELINE AND HAZARDOUS MATERIALS SAFETY ADMINISTRATION:

We, your Memorialists, the Senate and House of Representatives of the State of Washington, in legislative session assembled, respectfully represent and petition as follows:

WHEREAS, The number of freight trains carrying crude oil and other potentially hazardous liquids and gases through Washington has increased and will continue to increase; and

WHEREAS, The type of crude oil being transported through Washington by rail tank freight trains may be particularly flammable and dangerous as compared to other types of crude oil; and

WHEREAS, Accidents involving rail tanks carrying crude oil and other potentially hazardous liquids and gases pose significant risks to communities, families, and businesses located near rail lines, as well as overall public health; and

WHEREAS, The safety and preservation of Washington communities and natural areas is crucial to the economic stability and health of the State of Washington; and

WHEREAS, Tanks carrying crude oil and other potentially hazardous liquids and gases by rail should meet the highest safety standards and utilize the best technology to minimize the impact of accidents; and

WHEREAS, The routing of tank car trains carrying crude oil and other potentially hazardous liquids and gases should minimize the potential risks of an accident in a populated or sensitive area, and response planning by rail carriers should be sufficient to comprehensively address worst-case accident scenarios;

NOW, THEREFORE, Your Memorialists respectfully pray that the Congress of the United States of America or the United States Department of Transportation toughen existing standards for new tank rail cars and require that the approximately ninety-two thousand existing tank rail cars used to transport crude oil and other flammable liquids, including potentially hazardous liquids and gases, be retrofitted with advanced safety enhancing technologies or, if not upgraded, phased out of service, and that the United States Department of Transportation's Pipeline and Hazardous Materials Safety Administration and Federal Railroad Administration act on the recommendations of the National Transportation Safety Board to update their regulations to improve hazardous material route planning and require rerouting to avoid transporting hazardous materials through populated and sensitive areas, to ensure rail carriers have comprehensive response plans for worst-case oil spill accidents, to develop an audit program for rail carriers of oil to ensure adequate oil spill response, removal, and mitigation provisions are in place, to require better testing of the characteristics of hazardous material to ensure appropriate

classification, and to audit crude oil shippers to ensure that appropriate hazardous material classifications are used.

BE IT RESOLVED, That copies of this Memorial be immediately transmitted to the Honorable Barack Obama, President of the United States, the Secretary of the United States Department of Transportation, the Administrator of the Federal Railroad Administration, the Administrator of the Pipeline and Hazardous Materials Safety Administration, the President of the United States Senate, the Speaker of the House of Representatives, and each member of Congress from the State of Washington."

ESB 5048 Prime Sponsor, Senator Sheldon: Concerning notice against trespass. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9A.52.010 and 2011 c 336 s 369 are each reenacted and amended to read as follows:

The following definitions apply in this chapter:

(1) "Access" means to approach, instruct, communicate with, store data in, retrieve data from, or otherwise make use of any resources of a computer, directly or by electronic means.

(2) "Computer program" means an ordered set of data representing coded instructions or statements that when executed by a computer cause the computer to process data.

(3) "Data" means a representation of information, knowledge, facts, concepts, or instructions that are being prepared or have been prepared in a formalized manner and are intended for use in a computer.

(4) "Enter." The word "enter" when constituting an element or part of a crime, shall include the entrance of the person, or the insertion of any part of his or her body, or any instrument or weapon held in his or her hand and used or intended to be used to threaten or intimidate a person or to detach or remove property.

(5) "Enters or remains unlawfully." A person "enters or remains unlawfully" in or upon premises when he or she is not then licensed, invited, or otherwise privileged to so enter or remain.

A license or privilege to enter or remain in a building which is only partly open to the public is not a license or privilege to enter or remain in that part of a building which is not open to the public. A person who enters or remains upon unimproved and apparently unused land, which is neither fenced nor otherwise enclosed in a manner designed to exclude intruders, does so with license and privilege unless notice against trespass is personally communicated to him or her by the owner of the land or some other authorized person, or unless notice is given by posting in a conspicuous manner. Land that is used for commercial aquaculture or for growing an agricultural crop or crops, other than

timber, is not unimproved and apparently unused land if a crop or any other sign of cultivation is clearly visible or if notice is given by posting in a conspicuous manner. Similarly, a field fenced in any manner is not unimproved and apparently unused land. A license or privilege to enter or remain on improved and apparently used land that is open to the public at particular times, which is neither fenced nor otherwise enclosed in a manner to exclude intruders, is not a license or privilege to enter or remain on the land at other times if notice of prohibited times of entry is posted in a conspicuous manner.

(6) "Posting in a conspicuous manner" includes posting a sign or signs reasonably likely to come to the attention of intruders, indicating that entry is restricted or, if the property is located outside of urban growth areas and incorporated cities or towns, the placement of identifying fluorescent orange paint marks on trees or posts on property.

(a) Identifying fluorescent orange marks must be:

(i) Vertical lines not less than eight inches in length and not less than one inch in width;

(ii) Placed so that the bottom of the mark is between three and five feet from the ground; and

(iii) Placed at locations that are readily visible to any person approaching the property and no more than one hundred feet apart on forest land, as defined in RCW 76.09.020, or one thousand feet apart on land other than forest land.

(b) A landowner must use signs for posting in a conspicuous manner on access roads.

(7) "Premises" includes any building, dwelling, structure used for commercial aquaculture, or any real property."

(iii) The child has received a certificate of educational competence under rules and regulations established by the state board of education under RCW 28A.305.190.

(2) A parent for the purpose of this chapter means a parent, guardian, or person having legal custody of a child.

Therefore, the provisions of subsection (4) of this section relating to the nature and quantity of instructional and related educational activities shall be liberally construed.

NEW SECTION. Sec. 4. A new section is added to chapter 28B.10 RCW to read as follows:

Prime Sponsor, Committee on Ways & Means: Concerning representation of children in dependency matters. Reported by Committee on Judiciary

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes that some children may remain in foster care following the termination of the parent and child relationship. These children have legal rights and no longer have a parent to advocate on their behalf, and no other party represents their legal interests. The legislature finds that providing attorneys for children following the termination of the parent and child relationship is fundamental to protecting the child's legal rights and to accelerate permanency.

(2) Although the legislature recognizes that many jurisdictions provide attorneys to children prior to termination of the parent and child relationship, nothing in this act may be construed against the parent's fundamental liberty interest in parenting the child prior to termination of the parent and child relationship as stated in *In re Dependency of K.N.J.*, 171 Wn.2d 568, 574 (2011) and *In re Welfare of Luscier*, 84 Wn.2d 135, 136-37 (1974), unless such a position would jeopardize the child's right to conditions of basic nurture, health, or safety.

Sec. 2. RCW 13.34.100 and 2010 c 180 s 2 are each amended to read as follows:

(1) The court shall appoint a guardian ad litem for a child who is the subject of an action under this chapter, unless a court for

good cause finds the appointment unnecessary. The requirement of a guardian ad litem may be deemed satisfied if the child is represented by an independent ~~((counsel))~~ attorney in the proceedings. The court shall attempt to match a child with special needs with a guardian ad litem who has specific training or education related to the child's individual needs.

(2) If the court does not have available to it a guardian ad litem program with a sufficient number of volunteers, the court may appoint a suitable person to act as guardian ad litem for the child under this chapter. Another party to the proceeding or the party's employee or representative shall not be so appointed.

(3) Each guardian ad litem program shall maintain a background information record for each guardian ad litem in the program. The background information record shall include, but is not limited to, the following information:

- (a) Level of formal education;
- (b) General training related to the guardian ad litem's duties;
- (c) Specific training related to issues potentially faced by children in the dependency system;
- (d) Specific training or education related to child disability or developmental issues;
- (e) Number of years' experience as a guardian ad litem;
- (f) Number of appointments as a guardian ad litem and the county or counties of appointment;
- (g) The names of any counties in which the person was removed from a guardian ad litem registry pursuant to a grievance action, and the name of the court and the cause number of any case in which the court has removed the person for cause;
- (h) Founded allegations of abuse or neglect as defined in RCW 26.44.020;

(i) The results of an examination of state and national criminal identification data. The examination shall consist of a background check as allowed through the Washington state criminal records privacy act under RCW 10.97.050, the Washington state patrol criminal identification system under RCW 43.43.832 through 43.43.834, and the federal bureau of investigation. The background check shall be done through the Washington state patrol criminal identification section and must include a national check from the federal bureau of investigation based on the submission of fingerprints; and

(j) Criminal history, as defined in RCW 9.94A.030, for the period covering ten years prior to the appointment.

The background information record shall be updated annually. As a condition of appointment, the guardian ad litem's background information record shall be made available to the court. If the appointed guardian ad litem is not a member of a guardian ad litem program a suitable person appointed by the court to act as guardian ad litem shall provide the background information record to the court.

Upon appointment, the guardian ad litem, or guardian ad litem program, shall provide the parties or their attorneys with a copy of the background information record. The portion of the background information record containing the results of the criminal background check and the criminal history shall not be disclosed to the parties or their attorneys. The background information record shall not include identifying information that may be used to harm a guardian ad litem, such as home addresses and home telephone numbers, and for volunteer guardians ad litem the court may allow the use of maiden names or pseudonyms as necessary for their safety.

(4) The appointment of the guardian ad litem shall remain in effect until the court discharges the appointment or no longer has jurisdiction, whichever comes first. The guardian ad litem may also be discharged upon entry of an order of guardianship.

(5) A guardian ad litem through ~~((counsel))~~ an attorney, or as otherwise authorized by the court, shall have the right to present evidence, examine and cross-examine witnesses, and to be present at all hearings. A guardian ad litem shall receive copies of all pleadings and other documents filed or submitted to the court, and notice of all hearings according to court rules. The guardian ad litem shall receive all notice contemplated for a parent or other party in all proceedings under this chapter.

(6)(a) The court must appoint an attorney for a child in a dependency proceeding six months after granting a petition to terminate the parent and child relationship pursuant to RCW 13.34.180 and when there is no remaining parent with parental rights.

The court must appoint an attorney for a child when there is no remaining parent with parental rights for six months or longer prior to the effective date of this section if the child is not already represented.

The court may appoint one attorney to a group of siblings, unless there is a conflict of interest, or such representation is otherwise inconsistent with the rules of professional conduct.

(b) Legal services provided by an attorney appointed pursuant to (a) of this subsection do not include representation of the child in any appellate proceedings relative to the termination of the parent and child relationship.

(c)(i) Subject to the availability of amounts appropriated for this specific purpose, the state shall pay the costs of legal services provided by an attorney appointed pursuant to (a) of this subsection, if the legal services are provided in accordance with the standards of practice, voluntary training, and caseload limits developed and recommended by the statewide children's representation work group pursuant to section 5, chapter 180, Laws of 2010. Caseload limits must be calculated pursuant to (c)(ii) of this subsection.

(ii) Counties are encouraged to set caseloads as low as possible and to account for the individual needs of the children in care. Notwithstanding the caseload limits developed and recommended by the statewide children's representation work group pursuant to section 5, chapter 180, Laws of 2010, when one attorney represents a sibling group, the first child is counted as one case, and each child thereafter is counted as one-half case to determine compliance with the caseload standards pursuant to (c)(i) of this subsection and section 3 of this act.

(iii) The office of civil legal aid is responsible for implementation of (c)(i) and (ii) of this subsection as provided in section 3 of this act.

(7)(a) The court may appoint an attorney to represent the child's position in any dependency action on its own initiative, or upon the request of a parent, the child, a guardian ad litem, a caregiver, or the department.

(b)(i) If the court has not already appointed an attorney for a child, or the child is not represented by a privately retained attorney:

(A) The child's caregiver, or any individual, may refer the child to an attorney for the purposes of filing a motion to request appointment of an attorney at public expense; or

(B) The child or any individual may retain an attorney for the child for the purposes of filing a motion to request appointment of an attorney at public expense.

(ii) Nothing in this subsection (7)(b) shall be construed to change or alter the confidentiality provisions of RCW 13.50.100.

(c) Pursuant to this subsection, the department or supervising agency and the child's guardian ad litem shall each notify a child of his or her right to request ~~((counsel))~~ an attorney and shall ask the child whether he or she wishes to have ~~((counsel))~~ an attorney. The department or supervising agency and the child's

guardian ad litem shall notify the child and make this inquiry immediately after:

- (i) The date of the child's twelfth birthday;
- (ii) Assignment of a case involving a child age twelve or older; or

(iii) July 1, 2010, for a child who turned twelve years old before July 1, 2010.

~~((b))~~ (d) The department or supervising agency and the child's guardian ad litem shall repeat the notification and inquiry at least annually and upon the filing of any motion or petition affecting the child's placement, services, or familial relationships.

~~((c))~~ (e) The notification and inquiry is not required if the child has already been appointed ~~((counsel))~~ an attorney.

~~((d))~~ (f) The department or supervising agency shall note in the child's individual service and safety plan, and the guardian ad litem shall note in his or her report to the court, that the child was notified of the right to request ~~((counsel))~~ an attorney and indicate the child's position regarding appointment of ~~((counsel))~~ an attorney.

~~((e))~~ (g) At the first regularly scheduled hearing after:

- (i) The date of the child's twelfth birthday;
- (ii) The date that a dependency petition is filed pursuant to this chapter on a child age twelve or older; or

(iii) July 1, 2010, for a child who turned twelve years old before July 1, 2010;

the court shall inquire whether the child has received notice of his or her right to request ~~((legal counsel))~~ an attorney from the department or supervising agency and the child's guardian ad litem. The court shall make an additional inquiry at the first regularly scheduled hearing after the child's fifteenth birthday. No inquiry is necessary if the child has already been appointed ~~((counsel))~~ an attorney.

~~((f) If the child requests legal counsel and is age twelve or older, or if the guardian ad litem or the court determines that the child needs to be independently represented by counsel, the court may appoint an attorney to represent the child's position.~~

~~—————(7))~~ (8) For the purposes of child abuse prevention and treatment act (42 U.S.C. Secs. 5101 et seq.) grants to this state under P.L. 93- 247, or any related state or federal legislation, a person appointed pursuant to this section shall be deemed a guardian ad litem ~~((to represent the best interests of the minor in proceedings before the court)).~~

~~((8))~~ (9) When a court-appointed special advocate or volunteer guardian ad litem is requested on a case, the program shall give the court the name of the person it recommends. The program shall attempt to match a child with special needs with a guardian ad litem who has specific training or education related to the child's individual needs. The court shall immediately appoint the person recommended by the program.

~~((9))~~ (10) If a party in a case reasonably believes the court- appointed special advocate or volunteer guardian ad litem is inappropriate or unqualified, the party may request a review of the appointment by the program. The program must complete the review within five judicial days and remove any appointee for good cause. If the party seeking the review is not satisfied with the outcome of the review, the party may file a motion with the court for the removal of the court-appointed special advocate or volunteer guardian ad litem on the grounds the advocate or volunteer is inappropriate or unqualified.

NEW SECTION. Sec. 3. A new section is added to chapter 2.53 RCW to read as follows:

(1) Money appropriated by the legislature for legal services provided by an attorney appointed pursuant to RCW 13.34.100 must be administered by the office of civil legal aid established under RCW 2.53.020.

(2) The office of civil legal aid may enter into contracts with the counties to disburse state funds for an attorney appointed pursuant to RCW 13.34.100. The office of civil legal aid may also require a county to use attorneys under contract with the office for the provision of legal services under RCW 13.34.100 to remain within appropriated amounts.

(3) Prior to distributing state funds under subsection (2) of this section, the office of civil legal aid must verify that attorneys providing legal representation to children under RCW 13.34.100 meet the standards of practice, voluntary training, and caseload limits developed and recommended by the statewide children's representation work group pursuant to section 5, chapter 180, Laws of 2010. Caseload limits described in this subsection must be determined as provided in RCW 13.34.100(6)(c)(ii).

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that recent decisions of the United States supreme court and the Washington state supreme court require law enforcement to obtain the review of a neutral and disinterested magistrate and the issuance of a search warrant more frequently before proceeding with a criminal investigation. The legislature intends to accommodate this requirement by creating effective and timely access to magistrates for purposes of reviewing search warrant applications across the state of Washington. This act does not change the legal standards for issuing a search warrant or the legal standards for review of an issued search warrant.

NEW SECTION. Sec. 2. A new section is added to chapter 2.20 RCW to read as follows:

Any district or municipal court judge, in the county in which the offense is alleged to have occurred, may issue a search warrant for any person or evidence located anywhere within the state.

NEW SECTION. Sec. 3. A new section is added to chapter 10.79 RCW to read as follows:

(1) Any magistrate as defined by RCW 2.20.010, when satisfied that there is probable cause, may upon application supported by oath or affirmation, issue a search warrant to search for and seize any: (a) Evidence of a crime; (b) contraband, the fruits of crime, or things otherwise criminally possessed; (c) weapons or other things by means of which a crime has been committed or reasonably appears about to be committed; or (d) person for whose arrest there is probable cause or who is unlawfully restrained.

(2) The application may be provided or transmitted to the magistrate by telephone, e-mail, or any other reliable method.

(3) If the magistrate finds that probable cause for the issuance of a warrant exists, the magistrate must issue a warrant or direct an individual whom the magistrate authorizes to affix the magistrate's signature to a warrant identifying the property or person and naming or describing the person, place, or thing to be searched. The magistrate may communicate permission to affix the magistrate's signature to the warrant by telephone, e-mail, or any other reliable method.

(4) The evidence in support of the finding of probable cause and a record of the magistrate's permission to affix the magistrate's signature to the warrant shall be preserved and shall be filed with the issuing court as required by CrRLJ 2.3 or CrR 2.3.

Sec. 4. RCW 9A.72.085 and 1981 c 187 s 3 are each amended to read as follows:

ESSB 6286 Prime Sponsor, Committee on Agriculture, Water & Rural Economic Development: Concerning current use valuation for land primarily used for commercial horticultural purposes. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature intends to clarify and update the description of farm and agricultural land as it is used under the property tax open space program. Modern technology and water quality and labor regulations have all caused nurseries to increasingly grow plants in containers rather than in the ground. Growing plants in containers preserves topsoil, allows more plants to be grown per acre, allows soil and nutrients to be customized for each type of plant, allows more efficient use of water and fertilizer, allows year round harvest and sales, and reduces labor cost and injuries.

Sec. 2. RCW 84.34.020 and 2011 c 101 s 1 are each amended to read as follows:

~~((As used in this chapter, unless a different meaning is required by the context:))~~ The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Open space land" means (a) any land area so designated by an official comprehensive land use plan adopted by any city or county and zoned accordingly, or (b) any land area, the preservation of which in its present use would (i) conserve and enhance natural or scenic resources, or (ii) protect streams or water supply, or (iii) promote conservation of soils, wetlands, beaches or tidal marshes, or (iv) enhance the value to the public of abutting or neighboring parks, forests, wildlife preserves, nature reservations or sanctuaries or other open space, or (v) enhance recreation opportunities, or (vi) preserve historic sites, or (vii) preserve visual quality along highway, road, and street corridors or scenic vistas, or (viii) retain in its natural state tracts of land not less than one acre situated in an urban area and open to public use on such conditions as may be reasonably required by the legislative body granting the open space classification, or (c) any land meeting the definition of farm and agricultural conservation land under subsection (8) of this section. As a condition of granting open space classification, the legislative body may not require public access on land classified under (b)(iii) of this subsection for the purpose of promoting conservation of wetlands.

(2) "Farm and agricultural land" means:

(a) Any parcel of land that is twenty or more acres or multiple parcels of land that are contiguous and total twenty or more acres:

(i) Devoted primarily to the production of livestock or agricultural commodities for commercial purposes;

(ii) Enrolled in the federal conservation reserve program or its successor administered by the United States department of agriculture; or

(iii) Other similar commercial activities as may be established by rule;

(b)(i) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which has produced a gross income from agricultural uses equivalent to, as of January 1, 1993:

(A) One hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and

(B) On or after January 1, 1993, two hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter;

(ii) For the purposes of (b)(i) of this subsection, "gross income from agricultural uses" includes, but is not limited to, the wholesale value of agricultural products donated to nonprofit food banks or feeding programs;

(c) Any parcel of land of less than five acres devoted primarily to agricultural uses which has produced a gross income as of January 1, 1993, of:

(i) One thousand dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter for all parcels of land that are classified under this subsection or all parcels of land for which an application for classification under this subsection is made with the granting authority prior to January 1, 1993; and

(ii) On or after January 1, 1993, fifteen hundred dollars or more per year for three of the five calendar years preceding the date of application for classification under this chapter. Parcels of land described in (b)(i)(A) and (c)(i) of this subsection will, upon

any transfer of the property excluding a transfer to a surviving spouse or surviving state registered domestic partner, be subject to the limits of (b)(i)(B) and (c)(ii) of this subsection;

(d) Any parcel of land that is five acres or more but less than twenty acres devoted primarily to agricultural uses, which meet one of the following criteria:

(i) Has produced a gross income from agricultural uses equivalent to two hundred dollars or more per acre per year for three of the five calendar years preceding the date of application for classification under this chapter;

(ii) Has standing crops with an expectation of harvest within seven years, except as provided in (d)(iii) of this subsection, and a demonstrable investment in the production of those crops equivalent to one hundred dollars or more per acre in the current or previous calendar year. For the purposes of this subsection (2)(d)(ii), "standing crop" means Christmas trees, vineyards, fruit trees, or other perennial crops that: (A) Are planted using agricultural methods normally used in the commercial production of that particular crop; and (B) typically do not produce harvestable quantities in the initial years after planting; or

(iii) Has a standing crop of short rotation hardwoods with an expectation of harvest within fifteen years and a demonstrable investment in the production of those crops equivalent to one hundred dollars or more per acre in the current or previous calendar year;

(e) Any lands including incidental uses as are compatible with agricultural purposes, including wetlands preservation, provided such incidental use does not exceed twenty percent of the classified land and the land on which appurtenances necessary to the production, preparation, or sale of the agricultural products exist in conjunction with the lands producing such products.

Agricultural lands also include any parcel of land of one to five acres, which is not contiguous, but which otherwise constitutes an integral part of farming operations being conducted on land qualifying under this section as "farm and agricultural lands";

(f) The land on which housing for employees and the principal place of residence of the farm operator or owner of land classified pursuant to (a) of this subsection is sited if: The housing or residence is on or contiguous to the classified parcel; and the use of the housing or the residence is integral to the use of the classified land for agricultural purposes; ~~((e))~~

(g) Any land that is used primarily for equestrian related activities for which a charge is made, including, but not limited to, stabling, training, riding, clinics, schooling, shows, or grazing for feed and that otherwise meet the requirements of (a), (b), or (c) of this subsection; or

(h) Any land primarily used for commercial horticultural purposes, including growing seedlings, trees, shrubs, vines, fruits, vegetables, flowers, herbs, and other plants in containers, whether under a structure or not, subject to the following:

(i) The land is not primarily used for the storage, care, or selling of plants purchased from other growers for retail sale;

(ii) If the land is less than five acres and used primarily to grow plants in containers, such land does not qualify as "farm and agricultural land" if more than twenty-five percent of the land used primarily to grow plants in containers is open to the general public for on-site retail sales;

(iii) If more than twenty percent of the land used for growing plants in containers qualifying under this subsection (2)(h) is covered by pavement, none of the paved area is eligible for classification as "farm and agricultural land" under this subsection (2)(h). The eligibility limitations described in this subsection (2)(h)(iii) do not affect the land's eligibility to qualify under (e) of this subsection; and

(iv) If the land classified under this subsection (2)(h), in addition to any contiguous land classified under this subsection, is

less than twenty acres, it must meet the applicable income or investment requirements in (b), (c), or (d) of this subsection.

(3) "Timber land" means any parcel of land that is five or more acres or multiple parcels of land that are contiguous and total five or more acres which is or are devoted primarily to the growth and harvest of timber for commercial purposes. Timber land means the land only and does not include a residential homesite. It also includes the land on which appurtenances necessary for the production, preparation, or sale of the timber products exist in conjunction with land producing these products.

(4) "Current" or "currently" means as of the date on which property is to be listed and valued by the assessor.

(5) "Owner" means the party or parties having the fee interest in land, except that where land is subject to real estate contract "owner" means the contract vendee.

(b) For purposes of this subsection (6):

(A) Managed as part of a single operation; and

(B) Owned by:

(I) Members of the same family;

(II) Legal entities that are wholly owned by members of the same family; or

(III) An individual who owns at least one of the parcels and a legal entity or entities that own the other parcel or parcels if the entity or entities are wholly owned by that individual, members of his or her family, or that individual and members of his or her family.

(ii) "Family" includes only:

(A) An individual and his or her spouse or domestic partner, child, stepchild, adopted child, grandchild, parent, stepparent, grandparent, cousin, or sibling;

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the availability of affordable, fresh, and nourishing foods is essential for individuals to maintain a healthy lifestyle. The legislature also finds that new methods of purchasing and delivering fresh, nourishing foods are emerging and lowering the costs of these foods. The legislature further finds that some of the new business models for purchasing and delivering fresh, nourishing foods are being inappropriately classified as food service establishments. Therefore, it is the intent of the legislature to establish a direct retailer license for businesses that sell and collect payment only through a web site for prepackaged foods obtained from a food processor either licensed or inspected, or both, by a state or federal regulatory agency and that deliver the food directly to consumers without any interim storage.

NEW SECTION. Sec. 2. A new section is added to chapter 69.04 RCW to read as follows:

(1) The department shall issue a license to operate as a direct retailer to any entity that:

(a) Submits a completed application on forms approved by the department;

(b) Provides the department with a list of all leased, rented, or owned vehicles, other than vehicles that are rented for less than forty-five days, used by the applicant's business to deliver food;

(c) Maintains all records of vehicles that are rented for less than forty-five days for at least twelve months following the termination of the rental period;

(d) Maintains food temperature logs or uses a device to monitor the temperature of the packages in real time for all food while in transport; and

(e) Submits all appropriate fees to the department.

(2) The department shall develop, by rule, an annual license and renewal fee to defray the costs of administering the licensing and inspection program created by this section. All moneys received by the department under the provisions of this section must be paid into the food processing inspection account created in RCW 69.07.120 and must be used solely to carry out the provisions of this section.

(3)(a) A licensed direct retailer is required to protect food from contamination while in transport. Food must be transported under conditions that protect food against physical, chemical, and microbial contamination, as well as against deterioration of the food and its container.

(b) Compliance with this subsection (3) requires, but is not limited to, the separation of raw materials in such a fashion that they avoid cross-contamination of other food products, particularly ready-to-eat food. An example of this principle includes ensuring that, during the transport of raw fish and seafood, meat, poultry, or other food which inherently contains pathogenic and spoilage microorganisms, soil, or other foreign material, the raw materials may not come into direct contact with other food in the same container or in any other cross-contaminating circumstance.

(4) In the event of a food recall or when required by the department, a federal, state, or local health authority in response to a food borne illness outbreak, a licensed direct retailer shall use its client listserv to notify customers of the recall and any other relevant information.

(5) In the implementation of this section, the department shall:

(a) Conduct inspections of vehicles, food handling areas, refrigeration equipment, and product packaging used by a licensed direct retailer;

(b) Conduct audits of temperature logs and other food handling records as appropriate;

(c) Investigate any complaints against a licensed direct retailer for the failure to maintain food safety; and

(d) Adopt rules, in consultation with the department of health and local health jurisdictions, necessary to administer and enforce the program consistent with federal regulations.

(6) Direct retailers that have a license from the department under this section are exempt from the permitting requirements of food service rules adopted by the state board of health and any local health jurisdiction.

(7) The director may deny, suspend, or revoke any license provided under this section if the director determines that an applicant or licensee has committed any of the following:

(a) Refused, neglected, or failed to comply with the provisions of this section, the rules and regulations adopted under this section, or any order of the director;

(b) Refused, neglected, or failed to keep and maintain records required by this chapter, or refused the department access to such records;

(c) Refused the department access to any portion or area of vehicles, food handling areas, or any other areas or facilities housing equipment or product packaging used by the direct retailer in the course of performing business responsibilities; or

(d) Failed to submit an application for a license meeting the requirements of this section or failed to pay the appropriate annual license or renewal fee.

(8) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise:

(a) "Department" means the department of agriculture.

(b) "Direct retailer" means an entity that receives prepackaged food from a food processor that is either licensed or inspected, or both, by a state or federal regulatory agency or the department and that delivers the food directly to consumers who only placed and paid for an order on the entity's web site, as long as:

(i) The food is delivered by the entity without opening the packaging and without dividing it into smaller packages;

(ii) There is no interim storage by the entity; and

(iii) The food is delivered by means of vehicles that are equipped with either refrigeration or freezer units, or both, and that meet the requirements of rules authorized by this chapter.

Sec. 3. RCW 69.07.120 and 2011 c 281 s 12 are each amended to read as follows:

All moneys received by the department under the provisions of this chapter, section 2 of this act, and chapter 69.22 RCW shall be paid into the food processing inspection account hereby created within the agricultural local fund established in RCW 43.23.230 and shall be used solely to carry out the provisions of this chapter, section 2 of this act, and chapters 69.22 and 69.04 RCW."

ESB 6549 Prime Sponsor, Senator Hobbs: Creating demonstration projects for preserving agricultural land and public infrastructure in flood plains. Reported by Committee on Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that accumulation of sediment and gravel in certain rivers of the state may be a contributing factor to threats faced by farmland and by successful recovery or enhancement efforts for certain fish populations.

(2) The legislature further finds that improperly managed river systems may contribute to erosion and an associated reduction in acreage of productive farmland and the functions of riparian zones. This loss could be a factor in warming of river waters, flooding in residential areas, loss of recreational access to rivers, and loss of public infrastructure.

(3) The legislature further finds that commissioning a collaborative process to further the process of addressing river management in the state will be useful in providing a model of collaboration moving forward throughout the state.

NEW SECTION. Sec. 2. (1)(a) The state conservation commission must take the administrative lead in a process to evaluate the effectiveness, legal barriers, and costs of various river management strategies and techniques. Each identified strategy

and technique must be compared in regards to their value in accomplishing the following goals:

- (i) The protection of agricultural lands;
- (ii) The restoration or enhancement of fish runs; and
- (iii) The protection of public infrastructure and recreational access.

(b) The various river management strategies and techniques reviewed by the process established in this act must ultimately be decided by the expertise panel required by this act. In developing a list of strategies and techniques to review, the following factors must be considered:

- (i) The types of techniques that are most likely to result in decreased localized flooding events;
- (ii) The types of data or analysis that are required to ensure those techniques are appropriately sited and implemented;
- (iii) Potential impacts and benefits to fish and wildlife and their habitats that may result from the recommended techniques and how negative impacts can be eliminated or minimized;
- (iv) Potential impacts to downstream structures, properties, public access and other uses, and safety; and
- (v) The frequency and duration of post-project monitoring.

(c) The process required by this act must also result in recommendations regarding funding mechanisms and incentives designed to encourage participation in flood reduction programs. Funding recommendations may include federal grants, federal loans, state grants and loans, private donations, or, if other funding sources do not appear to be available, legislative appropriations from the biennial omnibus capital appropriations act or omnibus operating appropriations act.

(2) The state conservation commission, as administrative lead, is responsible for creating timelines, arranging and chairing the meetings of the expertise panel required in this act, and reporting the conclusions of the expertise panel.

(3) The end product of the implementation of this act must be developed by an expertise panel appointed by the executive director of the state conservation commission. This expertise panel must include, at a minimum, representatives of the following:

- (a) The department of agriculture;
- (b) The department of natural resources;
- (c) The department of fish and wildlife;
- (d) The department of ecology;
- (e) Local and statewide agricultural organizations;
- (f) Land conservation organizations;
- (g) Local governments with interest or experience in the use of river management techniques to provide for flood control; and

(h) Any other perspective deemed insightful by the executive director.

(4) The state conservation commission must offer all interested Indian tribes the opportunity to send representatives to participate on the expertise panel required under this act or to serve as a co-administrative lead with the state conservation commission in the implementation of this act.

(5) The work product resulting from the implementation of this act must include an opinion regarding the appropriateness and feasibility of conducting river management demonstration projects. If demonstration projects are found to be appropriate and feasible, a proposed detailed outline for one or more demonstration projects that could be conducted to test various river management strategies and techniques must be developed. Any proposed outline must be of sufficient detail as to allow for a decision by future legislatures as to whether to authorize and fund the project

or projects. At a minimum, the proposal must include recommendations as to:

- (a) The river system or systems where the demonstration projects should occur;
- (b) The time of year when projects should occur and other steps to ensure compliance with chapter 77.55 RCW;
- (c) Steps that should be taken to avoid or reduce turbidity in the rivers during the projects;
- (d) The disposition of any gravel removed from rivers during a demonstration project, if a project calls for gravel removal;
- (e) The most efficient way for all necessary federal, state, and local permits and approvals, if any, to be obtained;
- (f) The appropriate timelines and benchmarks;
- (g) The expected results; and
- (h) The proposed funding amount needed to conduct the projects.

(6)(a) In implementing this act, the expertise panel must examine river management techniques being studied or implemented in other jurisdictions or currently underway in Washington.

(b) The requirements of (a) of this subsection must include a review of river management techniques conducted in the Fraser river, British Columbia, Canada, for any practices that are potentially applicable in Washington.

(7) This act must be implemented in a way that coordinates with other flood control and river management efforts in Washington.

(8) The findings, conclusions, and recommendations resulting from the implementation of this act must be reported to the legislature, consistent with RCW 43.01.036, by October 31, 2015.

- (1) Upon the return of any sale of real estate, the clerk:
 - (a) Shall enter the cause, on which the execution or order of sale issued, by its title, on the motion docket, and mark opposite the same: "Sale of land for confirmation";
 - (b) shall mail notice of the filing of the return of sale to all parties who have entered a written notice of appearance in the action and who have not had an order of default entered against them;
 - (c) shall file proof of such mailing in the action;
 - (d) shall apply the proceeds of the sale returned by the sheriff, or so much thereof as may be necessary, to satisfaction

of the judgment, including interest as provided in the judgment, and shall pay any excess proceeds as provided in subsection (5) of this section by direction of court order; and (e) upon confirmation of the sale, shall deliver the original certificate of sale to the purchaser.

(2) The judgment creditor or successful purchaser at the sheriff's sale is entitled to an order confirming the sale at any time after twenty days have elapsed from the mailing of the notice of the filing of the sheriff's return, on motion with notice given to all parties who have entered a written notice of appearance in the action and who have not had an order of default entered against them, unless the judgment debtor, or in case of the judgment debtor's death, the representative, or any nondefaulting party to whom notice was sent shall file objections to confirmation with the clerk within twenty days after the mailing of the notice of the filing of such return.

(3) If objections to confirmation are filed, the court shall nevertheless allow the order confirming the sale, unless on the hearing of the motion, it shall satisfactorily appear that there were substantial irregularities in the proceedings concerning the sale, to the probable loss or injury of the party objecting. In the latter case, the court shall disallow the motion and direct that the property be resold, in whole or in part, as the case may be, as upon an execution received as of that date.

(4) Upon a resale, the bid of the purchaser at the former sale shall be deemed to be renewed and continue in force, and no bid shall be taken, except for a greater amount. If on resale the property sells for a greater amount to any person other than the former purchaser, the clerk shall first repay to the former purchaser out of the proceeds of the resale the amount of the former purchaser's bid together with interest as is provided in the judgment.

(5)(a) If, after ~~((the satisfaction))~~ confirmation of the sale and the judgment is satisfied, there ~~((be))~~ are any proceeds of the sale remaining, the clerk shall pay such proceeds, as provided for in (b) of this subsection, to all interests in, or liens against, the property eliminated by sale under this section in the order of priority that the interest, lien, or claim attached to the property, as determined by the court. Any remaining proceeds shall be paid to the judgment debtor, or the judgment debtor's representative, as the case may be, before the order is made upon the motion to confirm the sale only if the party files with the clerk a waiver of all objections made or to be made to the proceedings concerning the sale; otherwise, the excess proceeds shall remain in the custody of the clerk until the sale of the property has been disposed of ~~((but if the sale be confirmed, such excess proceeds shall be paid to the judgment debtor or representative as a matter of course))~~.

(b) Anyone seeking disbursement of surplus funds shall file a motion requesting disbursement in the superior court for the county in which the surplus funds are deposited. Notice of the motion shall be served upon or mailed to all persons who had an interest in the property at the time of sale, and any other party who has entered an appearance in the proceeding, not less than twenty days prior to the hearing of the motion. The clerk shall not disburse such remaining proceeds except upon order of the superior court of such county.

(6) The purchaser shall file the original certificate of sale for record with the recording officer in the county in which the property is located.

Sec. 2. RCW 61.24.080 and 1998 c 295 s 10 are each amended to read as follows:

The trustee shall apply the proceeds of the sale as follows:

(1) To the expense of sale, including a reasonable charge by the trustee and by his or her attorney: PROVIDED, That the aggregate of the charges by the trustee and his or her attorney, for

their services in the sale, shall not exceed the amount which would, by the superior court of the county in which the trustee's sale occurred, have been deemed a reasonable attorney fee, had the trust deed been foreclosed as a mortgage in a noncontested action in that court;

(2) To the obligation secured by the deed of trust; and

(3) The surplus, if any, less the clerk's filing fee, shall be deposited, together with written notice of the amount of the surplus, a copy of the notice of trustee's sale, and an affidavit of mailing as provided in this subsection, with the clerk of the superior court of the county in which the sale took place. The trustee shall mail copies of the notice of the surplus, the notice of trustee's sale, and the affidavit of mailing to each party to whom the notice of trustee's sale was sent pursuant to RCW 61.24.040(1). The clerk shall index such funds under the name of the grantor as set out in the recorded notice. Upon compliance with this subsection, the trustee shall be discharged from all further responsibilities for the surplus. Interests in, or liens or claims of liens against the property eliminated by sale under this section shall attach to the surplus in the order of priority that it had attached to the property, as determined by the court. A party seeking disbursement of the surplus funds shall file a motion requesting disbursement in the superior court for the county in which the surplus funds are deposited. Notice of the motion shall be personally served upon, or mailed in the manner specified in RCW 61.24.040(1)(b), to all parties to whom the trustee mailed notice of the surplus, and any other party who has entered an appearance in the proceeding, not less than twenty days prior to the hearing of the motion. The clerk shall not disburse such surplus except upon order of the superior court of such county.

Sec. 3. RCW 6.17.140 and 1988 c 231 s 11 are each amended to read as follows:

The sheriff shall, at a time as near before or after service of the writ on, or mailing of the writ to, the judgment debtor as is possible, execute the writ as follows:

(1) If property has been attached, the sheriff shall indorse on the execution, and pay to the clerk forthwith, if he or she has not already done so, the amount of the proceeds of sales of perishable property or debts due the defendant previously received, sufficient to satisfy the judgment.

(2) If the judgment is not then satisfied, and property has been attached and remains in custody, the sheriff shall sell the same, or sufficient thereof to satisfy the judgment. When property has been attached and it is probable that such property will not be sufficient to satisfy the judgment, the sheriff may, on instructions from the judgment creditor, levy on other property of the judgment debtor without delay.

(3) If then any portion of the judgment remains unsatisfied, or if no property has been attached or the same has been discharged, the sheriff shall levy on the property of the judgment debtor, sufficient to satisfy the judgment, in the manner described in RCW 6.17.160.

(4) If, after the judgment is satisfied, any property remains in custody, the sheriff shall deliver it to the judgment debtor.

(5) Until a levy, personal property shall not be affected by the execution.

(6) When property has been sold or debts received on execution, the sheriff shall pay the proceeds to the clerk who issued the writ, for satisfaction of the judgment as commanded in the writ or for ~~((return))~~ payment of any excess proceeds to all interests in, or liens against, the property eliminated by the sale in the order of priority that the interest, lien, or claim attached to the property, as determined by the court. Any remaining proceeds shall be paid to the judgment debtor. No sheriff or other officer may retain any moneys collected on execution more than twenty

days before paying the same to the clerk of the court who issued the writ.

Sec. 4. RCW 6.17.150 and 1987 c 442 s 415 are each amended to read as follows:

Upon receipt of proceeds from the sheriff on execution, the clerk shall notify the party to whom the same is payable, and pay over the amount to that party as required by law. 2SSB 6330 Prime Sponsor, Committee on Ways & Means: Promoting affordable housing in unincorporated areas of rural counties within urban growth areas. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This section is the tax preference performance statement for the tax preference contained in RCW 84.14.040 and 84.14.060. This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes this tax preference as one intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(2) It is the legislature's specific public policy objective to stimulate the construction of new multifamily housing in urban growth areas located in unincorporated areas of rural counties where housing options, including affordable housing options, are severely limited. It is the legislature's intent to provide the value of new housing construction, conversion, and rehabilitation improvements qualifying under chapter 84.14 RCW an exemption from ad valorem property taxation for eight to twelve years, as provided for in RCW 84.14.020, in order to provide incentives to developers to construct new multifamily housing thereby increasing the number of affordable housing units for low to moderate-income residents in certain rural counties.

(3) If a review finds that at least twenty percent of the new housing is developed and occupied by households making at or below eighty percent of the area median income, at the time of occupancy, adjusted for family size for the county where the project is located or where the housing is intended exclusively for owner occupancy, the household may earn up to one hundred fifteen percent of the area median income, at the time of sale, adjusted for family size for the county where the project is located, then the legislature intends to extend the expiration date of the tax preference.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the joint legislative audit and review committee may refer to data provided by counties in which beneficiaries are utilizing the preference, the office of financial

management, the department of commerce, the United States department of housing and urban development, and other data sources as needed by the joint legislative audit and review committee.

Sec. 2. RCW 84.14.007 and 2012 c 194 s 1 are each amended to read as follows:

It is the purpose of this chapter to encourage increased residential opportunities, including affordable housing opportunities, in cities that are required to plan or choose to plan under the growth management act within urban centers where the governing authority of the affected city has found there is insufficient housing opportunities, including affordable housing opportunities. It is further the purpose of this chapter to stimulate the construction of new multifamily housing and the rehabilitation of existing vacant and underutilized buildings for multifamily housing in urban centers having insufficient housing opportunities that will increase and improve residential opportunities, including affordable housing opportunities, within these urban centers. To achieve these purposes, this chapter provides for special valuations in residentially deficient urban centers for eligible improvements associated with multiunit housing, which includes affordable housing. It is an additional purpose of this chapter to allow unincorporated areas of rural counties that are within urban growth areas to stimulate housing opportunities and for certain counties to stimulate housing opportunities near college campuses to promote dense, transit-oriented, walkable college communities.

Sec. 3. RCW 84.14.010 and 2012 c 194 s 2 are each reenacted and amended to read as follows:

(c) A mixture of uses and activities that may include housing, recreation, and cultural activities in association with either commercial or office, or both, use.

Sec. 4. RCW 84.14.040 and 2012 c 194 s 4 are each amended to read as follows:

(1) The following criteria must be met before an area may be designated as a residential targeted area:

(a) The area must be within an urban center, as determined by the governing authority;

(b) The area must lack, as determined by the governing authority, sufficient available, desirable, and convenient residential housing, including affordable housing, to meet the needs of the public who would be likely to live in the urban center, if the affordable, desirable, attractive, and livable places to live were available;

(c) The providing of additional housing opportunity, including affordable housing, in the area, as determined by the governing authority, will assist in achieving one or more of the stated purposes of this chapter; and

(d) If the residential targeted area is designated by a county, the area must be located in an unincorporated area of the county that is

within an urban growth area under RCW 36.70A.110 and the area must be: (i) In a rural county, served by a sewer system and designated by a county prior to January 1, 2013; or (ii) in a county that includes a campus of an institution of higher education, as defined in RCW 28B.92.030, where at least one thousand two hundred students live on campus during the academic year.

(2) For the purpose of designating a residential targeted area or areas, the governing authority may adopt a resolution of intention to so designate an area as generally described in the resolution. The resolution must state the time and place of a hearing to be held by the governing authority to consider the designation of the area and may include such other information pertaining to the designation of the area as the governing authority determines to be appropriate to apprise the public of the action intended.

(3) The governing authority must give notice of a hearing held under this chapter by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than thirty days before the date of the hearing in a paper having a general circulation in the city or county where the proposed residential targeted area is located. The notice must state the time, date, place, and purpose of the hearing and generally identify the area proposed to be designated as a residential targeted area.

(4) Following the hearing, or a continuance of the hearing, the governing authority may designate all or a portion of the area described in the resolution of intent as a residential targeted area if it finds, in its sole discretion, that the criteria in subsections (1) through (3) of this section have been met.

(5) After designation of a residential targeted area, the governing authority must adopt and implement standards and guidelines to be utilized in considering applications and making the determinations required under RCW 84.14.060. The standards and guidelines must establish basic requirements for both new construction and rehabilitation, which must include:

(a) Application process and procedures;

(b) Requirements that address demolition of existing structures and site utilization; and

(c) Building requirements that may include elements addressing parking, height, density, environmental impact, and compatibility with the existing surrounding property and such other amenities as will attract and keep permanent residents and that will properly enhance the livability of the residential targeted area in which they are to be located.

(6) The governing authority may adopt and implement, either as conditions to eight-year exemptions or as conditions to an extended exemption period under RCW 84.14.020(1)(a)(ii)(B), or both, more stringent income eligibility, rent, or sale price limits, including limits that apply to a higher percentage of units, than the minimum conditions for an extended exemption period under RCW 84.14.020(1)(a)(ii)(B). For any multiunit housing located in an unincorporated area of a county, a property owner seeking tax incentives under this chapter must commit to renting or selling at least twenty percent of the multifamily housing units as affordable housing units to low and moderate-income households. In the case of multiunit housing intended exclusively for owner occupancy, the minimum requirement of this subsection (6) may be satisfied solely through housing affordable to moderate-income households.

Sec. 5. RCW 84.14.060 and 2012 c 194 s 6 are each amended to read as follows:

(a) A minimum of four new units are being constructed or in the case of occupied rehabilitation or conversion a minimum of four additional multifamily units are being developed;

(b) If applicable, the proposed multiunit housing project meets the affordable housing requirements as described in RCW 84.14.020;

(c) The proposed project is or will be, at the time of completion, in conformance with all local plans and regulations that apply at the time the application is approved;

(d) The owner has complied with all standards and guidelines adopted by the city or county under this chapter; and

(e) The site is located in a residential targeted area of an urban center or urban growth area that has been designated by the governing authority in accordance with procedures and guidelines indicated in RCW 84.14.040.

(2) An application may not be approved after July 1, 2007, if any part of the proposed project site is within a campus facilities master plan, except as provided in RCW 84.14.040(1)(d).

(3) An application may not be approved for a residential targeted area in a rural county on or after January 1, 2020."

SSB 5859 Prime Sponsor, Committee on Ways & Means: Providing enhanced payment to small rural hospitals that meet the criteria of a sole community hospital. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:
"NEW SECTION. Sec. 1. The legislature finds that promoting a financially viable health care system in all parts of the state is a critical interest. The federal centers for medicare and medicaid

services has recognized the crucial role hospitals play in providing care in rural areas by creating the sole community hospital program, which allows certain small rural hospitals to receive enhanced payments for medicare services. The legislature further finds that creating a similar reimbursement system for the state's medicaid program for sole community hospitals will promote the long-term financial viability of the rural health care system in those communities.

Sec. 2. RCW 74.09.5225 and 2011 1st sp.s. c 15 s 31 are each amended to read as follows:

(1) Payments for recipients eligible for medical assistance programs under this chapter for services provided by hospitals, regardless of the beneficiary's managed care enrollment status, shall be made based on allowable costs incurred during the year, when services are provided by a rural hospital certified by the centers for medicare and medicaid services as a critical access hospital. Any additional payments made by the authority for the healthy options program shall be no more than the additional amounts per service paid under this section for other medical assistance programs.

(2) Beginning on July 24, 2005, a moratorium shall be placed on additional hospital participation in critical access hospital payments under this section. However, rural hospitals that applied for certification to the centers for medicare and medicaid services prior to January 1, 2005, but have not yet completed the process or have not yet been approved for certification, remain eligible for medical assistance payments under this section.

(3)(a) Beginning January 1, 2015, payments for recipients eligible for medical assistance programs under this chapter for services provided by a hospital, regardless of the beneficiary's managed care enrollment status, shall be increased to one hundred twenty-five percent of the hospital's fee-for-service rates, when services are provided by a rural hospital that:

(i) Was certified by the centers for medicare and medicaid services as a sole community hospital as of January 1, 2013;

(ii) Had a level III adult trauma service designation from the department of health as of January 1, 2014;

(iii) Had less than one hundred fifty acute care licensed beds in fiscal year 2011; and

(iv) Is owned and operated by the state or a political subdivision.

(b) The enhanced payment rates under this subsection shall be considered the hospital's medicaid payment rate for purposes of any other state or private programs that pay hospitals according to medicaid payment rates.

(c) Hospitals participating in the certified public expenditures program may not receive the increased reimbursement rates provided in this subsection (3) for inpatient services."

ESB 6031

Prime Sponsor, Senator Sheldon: Concerning lake and beach management districts. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended by Committee on Finance and without amendment by Committee on Local Government.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.61.010 and 2008 c 301 s 1 are each amended to read as follows:

(1) The legislature finds that the environmental, recreational, and aesthetic values of many of the state's lakes are threatened by eutrophication and other deterioration and that existing governmental authorities are unable to adequately improve and maintain the quality of the state's lakes.

(2) The legislature intends that an ecosystem-based beach management approach should be used to help promote the health of aquatic ecosystems and that such a management approach be undertaken in a manner that retains ecosystem values within the state. This management approach should use long-term strategies that focus on reducing nutrient inputs from human activities affecting the aquatic ecosystem, such as decreasing nutrients into storm water sewers, decreasing fertilizer application, promoting the proper disposal of pet waste, promoting the use of vegetative borders, promoting the reduction of nutrients from on-site septic systems where appropriate, and protecting riparian areas. Organic debris, including vegetation, driftwood, seaweed, kelp, and organisms, are extremely important to beach ecosystems.

(3) The legislature further finds that it is in the public interest to promote the conservation and stewardship of shorelines and upland properties adjoining lakes and beaches in order to: (a) Conserve natural or scenic resources; (b) protect riparian habitats and water quality; (c) promote conservation of soils, wetlands, shorelines, or tidal marshes; (d) enhance the value of lakes or beaches to the public as well as the benefit of abutting or neighboring parks.

forests, wildlife preserves, nature reservations or sanctuaries, or other open space; (e) enhance recreation opportunities; (f) preserve historic sites; and (g) protect visual quality along highway, road, street, trail, recreational, and other corridors or scenic vistas.

(4) It is the purpose of this chapter to establish a governmental mechanism by which property owners can embark on a program of lake or beach improvement and maintenance for their and the general public's benefit, health, and welfare. Public property, including state property, shall be considered the same as private property in this chapter, except liens for special assessments and liens for rates and charges shall not extend to public property. Lake bottom property and marine property below the line of the ordinary high water mark shall not be considered to be benefitted, shall not be subject to special assessments or rates and charges, and shall not receive voting rights under this chapter.

Sec. 2. RCW 36.61.020 and 2008 c 301 s 3 are each amended to read as follows:

(1) Any county may create lake or beach management districts to finance: (a) The improvement and maintenance of lakes or beaches located within or partially within the boundaries of the county; and (b) the acquisition of real property or property rights within or outside a lake or beach management district including, by way of example, conservation easements authorized under RCW 64.04.130, and to promote the conservation and stewardship of shorelines as well as the conservation and stewardship of upland properties adjoining lakes or beaches for conservation or for minimal development. All or a portion of a lake or beach and the adjacent land areas may be included within one or more lake or beach management districts. More than one lake or beach, or portions of lakes or beaches, and the adjacent land areas may be included in a single lake or beach management district.

(2) For the purposes of this chapter, the term "improvement" includes, among other things, the acquisition of real property and property rights within or outside a lake or beach management district for the purposes set forth in RCW 36.61.010 and this section.

(3) Special assessments or rates and charges may be imposed on the property included within a lake or beach management district to finance lake or beach improvement and maintenance activities, including: ~~((1))~~ (a) Controlling or removing aquatic plants and vegetation; ~~((2))~~ (b) improving water quality; ~~((3))~~ (c) controlling water levels; ~~((4))~~ (d) treating and diverting storm water; ~~((5))~~ (e) controlling agricultural waste; ~~((6))~~ (f) studying lake or marine water quality problems and solutions; ~~((7))~~ (g) cleaning and maintaining ditches and streams entering the lake or marine waters or leaving the lake; ~~((8))~~ (h) monitoring air quality; (i) the acquisition of real property and property rights; and ~~((9))~~ (j) the related administrative, engineering, legal, and operational costs, including the costs of creating the lake or beach management district.

(4) Special assessments or rates and charges may be imposed annually on all the land in a lake or beach management district for the duration of the lake or beach management district without a related issuance of lake or beach management district bonds or revenue bonds. Special assessments also may be imposed in the manner of special assessments in a local improvement district with each landowner being given the choice of paying the entire special assessment in one payment, or to paying installments, with lake or beach management district bonds being issued to obtain moneys not derived by the initial full payment of the special assessments, and the installments covering all of the costs related to issuing, selling, and redeeming the lake or beach management district bonds.

NEW SECTION. Sec. 3. A new section is added to chapter 36.61 RCW to read as follows:

A proposal to acquire real property or property rights within or outside of a lake or beach management district in accordance with RCW 36.61.020 is subject to the following limitations and requirements: (1) The real property or property rights proposed for acquisition must be in a county located west of the crest of the Cascade mountain range that plans under RCW 36.70A.040 and has a population of more than forty thousand and fewer than sixty-five thousand persons as of April 1, 2013, as determined by the office of financial management; and (2) prior to the acquisition of real property or property rights, the proposal must have the written approval of a majority of the property owners of the district, as determined by the tax rolls of the county assessor.

Sec. 4. RCW 36.61.070 and 2008 c 301 s 9 are each amended to read as follows:

(1) After the public hearing, the county legislative authority may adopt a resolution submitting the question of creating the lake or beach management district to the owners of land within the proposed lake or beach management district, including publicly owned land, if the county legislative authority finds that it is in the public interest to create the lake or beach management district and the financing of the lake or beach improvement and maintenance activities is feasible. The resolution shall also include: ~~((1))~~ (a) A plan describing the proposed lake or beach improvement and maintenance activities which avoid adverse impacts on fish and wildlife and provide for appropriate measures to protect and enhance fish and wildlife; ~~((2))~~ (b) the number of years the lake or beach management district will exist; ~~((3))~~ (c) the amount to be raised by special assessments or rates and charges; ~~((4))~~ (d) if special assessments are to be imposed, whether the special assessments shall be imposed annually for the duration of the lake or beach management district or only once with the possibility of installments being imposed and lake or beach management bonds being issued, or both, and, if both types of special assessments are proposed to be imposed, the lake or beach improvement or maintenance activities proposed to be financed by each type of special assessment; ~~((5))~~ (e) if rates and charges are to be imposed, a description of the proposed rates and charges and the possibility of revenue bonds being issued that are payable from the rates and charges; and ~~((6))~~ (f) the estimated special assessment or rate and charge proposed to be imposed on each parcel included in the proposed lake or beach management district.

(2) No lake or beach management district may be created by a county that includes territory located in another county without the approval of the legislative authority of the other county.

Sec. 5. RCW 36.61.220 and 2008 c 301 s 21 are each amended to read as follows:

Within ~~((fifteen))~~ thirty days after a county creates a lake or beach management district, the county shall cause to be filed with the county treasurer, a description of the lake or beach improvement and maintenance activities proposed that the lake or beach management district finances, the lake or beach management district number, and a copy of the diagram or print showing the boundaries of the lake or beach management district and preliminary special assessment roll or abstract of the same showing thereon the lots, tracts, parcels of land, and other property that will be specially benefitted thereby and the estimated cost and expense of such lake or beach improvement and maintenance activities to be borne by each lot, tract, parcel of land, or other property. The treasurer shall immediately post the proposed special assessment roll upon his or her index of special assessments against the properties affected by the lake or beach improvement or maintenance activities.

Sec. 6. RCW 36.61.250 and 1985 c 398 s 25 are each amended to read as follows:

Except when lake or beach management district bonds are outstanding or when an existing contract might otherwise be impaired, the county legislative authority may stop the imposition of annual special assessments if, in its opinion, the public interest will be served by such action.

Sec. 7. RCW 36.61.260 and 2008 c 301 s 23 are each amended to read as follows:

(1) Counties may issue lake or beach management district revenue bonds in accordance with this section. Lake or beach management district bonds may be issued to obtain money sufficient to cover that portion of the special assessments that are not paid within the thirty-day period provided in RCW 36.61.190.

(2) Whenever lake or beach management district revenue bonds are proposed to be issued, the county legislative authority shall create a special fund or funds for the lake or beach management district from which all or a portion of the costs of the lake or beach improvement and maintenance activities shall be paid. Lake or beach management district bonds shall not be issued in excess of the costs and expenses of the lake or beach improvement and maintenance activities and shall not be issued prior to twenty days after the thirty days allowed for the payment of special assessments without interest or penalties.

(3) Lake or beach management district revenue bonds shall be exclusively payable from the special fund or funds and from a guaranty fund that the county may have created out of a portion of proceeds from the sale of the lake or beach management district bonds.

~~((2))~~ (4)(a) Lake or beach management district revenue bonds shall not constitute a general indebtedness of the county issuing the bond nor an obligation, general or special, of the state. The owner of any lake or beach management district revenue bond shall not have any claim for the payment thereof against the county that issues the bonds except for: (i) With respect to revenue bonds payable from special assessments, payment from the special assessments made for the lake or beach improvement or maintenance activities for which the lake or beach management district bond was issued and from the special fund or funds, and a lake or beach management district guaranty fund, that may have been created; and (ii) with respect to revenue bonds payable from rates and charges, payment from rates and charges deposited in the special fund or funds that the county may have created for that purpose. Revenue bonds may be payable from both special assessments and from rates and charges. The county shall not be liable to the owner of any lake or beach management district bond for any loss to ~~((the))~~ a lake or beach management district guaranty fund occurring in the lawful operation of the fund. The owner of a lake or beach management district bond shall not have any claim against the state arising from the lake or beach management district bond, rates and charges, special assessments, or guaranty fund. Tax revenues shall not be used to secure or guarantee the payment of the principal of or interest on lake or beach management district bonds. Notwithstanding the provisions of this subsection, nothing in this section may be interpreted as limiting a county's issuance of bonds pursuant to RCW 36.67.010 in order to assist in the financing of improvements to lakes or beaches located within or partially within the boundaries of the county, including without limitation lakes or beaches located within a lake or beach management district.

(b) The substance of the limitations included in this subsection (4) shall be plainly printed, written, engraved, or reproduced on: ~~((a))~~ (i) Each lake or beach management district bond that is a physical instrument; ~~((b))~~ (ii) the official notice of sale; and ~~((c))~~ (iii) each official statement associated with the lake or beach management district bonds.

~~((3))~~ (5) If the county fails to make any principal or interest payments on any lake or beach management district bond

or to promptly collect any special assessment securing ~~((the))~~ lake or beach management district revenue bonds when due, the owner of the lake or beach management district revenue bond may obtain a writ of mandamus from any court of competent jurisdiction requiring the county to collect the special assessments, foreclose on the related lien, and make payments out of the special fund or guaranty fund if one exists. Any number of owners of lake or beach management districts may join as plaintiffs.

~~((4))~~ (6) A county may create a lake or beach management district bond guaranty fund for each issue of lake or beach management district bonds. The guaranty fund shall only exist for the life of the lake or beach management district bonds with which it is associated. A portion of the bond proceeds may be placed into a guaranty fund. Unused moneys remaining in the guaranty fund during the last two years of the installments shall be used to proportionally reduce the required level of installments and shall be transferred into the special fund into which installment payments are placed. A county may, in the discretion of the legislative authority of the county, deposit amounts into a lake or beach management district bond guaranty fund from any money legally available for that purpose. Any amounts remaining in the guaranty fund after the repayment of all revenue bonds secured thereby and the payment of assessment installments, may be applied to lake or beach improvement and maintenance activities or to other district purposes.

~~((5))~~ (7) Lake or beach management district bonds shall be issued and sold in accordance with chapter 39.46 RCW. The authority to create a special fund or funds shall include the authority to create accounts within a fund.

Sec. 8. RCW 36.61.030 and 2008 c 301 s 5 are each amended to read as follows:

A lake or beach management district may be initiated upon either the adoption of a resolution of intention by a county legislative authority or the filing of a petition signed by ten landowners or the owners of at least ~~((fifteen))~~ twenty percent of the acreage contained within the proposed lake or beach management district, whichever is greater. A petition or resolution of intention shall set forth: (1) The nature of the lake or beach improvement or maintenance activities proposed to be financed; (2) the amount of money proposed to be raised by special assessments or rates and charges; (3) if special assessments are to be imposed, whether the special assessments will be imposed annually for the duration of the lake or beach management district, or the full special assessments will be imposed at one time, with the possibility of installments being made to finance the issuance of lake or beach management district bonds, or both methods; (4) if rates and charges are to be imposed, the annual amount of revenue proposed to be collected and whether revenue bonds payable from the rates and charges are proposed to be issued; (5) the number of years proposed for the duration of the lake or beach management district; and (6) the proposed boundaries of the lake or beach management district.

The county legislative authority may require the posting of a bond of up to five thousand dollars before the county considers the proposed creation of a lake or beach management district initiated by petition. The bond may only be used by the county to finance its costs in studying, holding hearings, making notices, preparing special assessment rolls or rolls showing the rates and charges on each parcel, and conducting elections related to the lake or beach management district if the proposed lake or beach management district is not created.

A resolution of intention shall also designate the number of the proposed lake or beach management district, and fix a date, time, and place for a public hearing on the formation of the proposed lake or beach management district. The date for the public hearing shall be at least thirty days and no more than ninety

days after the adoption of the resolution of intention unless an emergency exists.

Petitions shall be filed with the county legislative authority. The county legislative authority shall determine the sufficiency of the signatures, which shall be conclusive upon all persons. No person may withdraw his or her name from a petition after it is filed. If the county legislative authority determines a petition to be sufficient and the proposed lake or beach management district appears to be in the public interest and the financing of the lake or beach improvement or maintenance activities is feasible, it shall adopt a resolution of intention, setting forth all of the details required to be included when a resolution of intention is initiated by the county legislative authority.

NEW SECTION. Sec. 9. A new section is added to chapter 36.61 RCW to read as follows:

(1) In connection with the acquisition of real property or property rights within or outside a lake or beach management district, a county may: (a) Own real property and property rights, including without limitation conservation easements; (b) transfer real property and property rights to another state or local governmental entity; (c) contract with a public or private entity, including without limitation a financial institution with trust powers, a municipal corporation, or a nonprofit corporation, to hold real property or property rights such as conservation easements in trust for the purposes of the lake and beach management district, and, in connection with those services, to pay the reasonable costs of that financial institution or nonprofit corporation; (d) monitor and enforce the terms of a real property right such as a conservation easement, or for that purpose to contract with a public or private entity, including without limitation a financial institution with trust powers, a municipal corporation, or a nonprofit corporation; (e) impose terms, conditions, and encumbrances upon real property or property rights acquired in respect of a lake or beach management district, and amend the same; and (f) accept gifts, grants, and loans in connection with the acquisition of real property and property rights for lake or beach management district purposes.

(2) If a county contracts with a financial institution, municipal corporation, or nonprofit corporation to hold that property or property rights in trust for purposes of the district, the terms of the contract must provide that the financial institution, municipal corporation, or nonprofit corporation may not sell, pledge, or hypothecate the property or property rights for any purpose, and must further provide for the return of the property or property rights back to the county in the event of a material breach of the terms of the contract.

(3) Before a lake or beach management district in existence as of the effective date of this section exercises the powers set forth in this section, the legislative authority of the county must provide for an amended resolution of intention and modify the plan for the district, with a public hearing, all as provided in RCW 36.61.050.

Sec. 10. RCW 36.61.170 and 2008 c 301 s 18 are each amended to read as follows:

(1) The total annual special assessments may not exceed the estimated cost of the lake or beach improvement or maintenance activities proposed to be financed by such special assessments, as specified in the resolution of intention. The total of special assessments imposed in a lake or beach management district that are of the nature of special assessments imposed in a local improvement district shall not exceed one hundred fifty percent of the estimated total cost of the lake or beach improvement or maintenance activities that are proposed to be financed by the lake or beach management district as specified in the resolution of intention.

(2) After a lake or beach management district has been created, the resolution of intention may be amended to increase or otherwise modify the amount to be financed by the lake or beach management district by using the same procedure in which a lake or beach management district is created, including landowner approvals consistent with the procedures established in RCW 36.61.080 through 36.61.100.

NEW SECTION. Sec. 11. A new section is added to chapter 36.61 RCW to read as follows:

(1) Except when lake or beach management district bonds are outstanding or when an existing contract might otherwise be impaired, a lake or beach management district may be dissolved either by: The county legislative authority upon a finding that the purposes of the district have been accomplished; or a vote of the property owners within the district, if proposed by the legislative authority of the county or through the filing of a sufficient petition signed by the owners of at least twenty percent of the acreage within the district.

(2) If the question of dissolution of a district is submitted to property owners, the balloting is subject to the following conditions, which must be included in the instructions mailed with each ballot, as provided in RCW 36.61.080:

(a) A ballot must be mailed to each owner or reputed owner of any lot, tract, parcel of land, or other property within the district, with the ballot weighted so that a property owner has one vote for each dollar of special assessment or rates and charges imposed on his or her property;

(b) A ballot must be signed by the owner or reputed owner of property according to the assessor's tax rolls;

(c) Each ballot must be returned to the county legislative authority no later than 5:00 p.m. of a specified day, which must be at least twenty, but not more than thirty days after the ballots are mailed; and

(d) Each property owner must mark his or her ballot for or against the dissolution of the district.

(3) If, following the tabulation of the valid ballots, a simple majority of the votes cast are in favor of dissolving the district, the district must be dissolved on the date established in the ballot proposition.

(4) A county, although not separately responsible for satisfying the financial obligations of a dissolved district, has full authority to continue imposing special assessments, rates, and charges for a dissolved district until all financial obligations of the district incurred prior to its dissolution have been extinguished or retired."

"PART 1

INVASIVE SPECIES--MANAGEMENT

NEW SECTION. Sec. 101. The legislature finds that:

- (1) The state's fish, wildlife, and habitat are exceptionally valuable environmental resources for the state's citizens.
- (2) The state's fish, wildlife, and habitat also provide exceptionally valuable economic, cultural, and recreational resources. These include hydroelectric power, agriculture, forests, water supplies, commercial and recreational fisheries, aquaculture, and public access to outdoor recreational opportunities.
- (3) Invasive species pose a grave threat to these environmental and economic resources, especially to salmon recovery and state and federally listed threatened and endangered species. Because of the significant harm invasive species can cause, invasive species constitute a public nuisance.
- (4) If allowed to become established, invasive species can threaten human health and cause environmental and economic disasters affecting not only our state, but other states and nations.
- (5) The risk of invasive species spreading into Washington increases as travel and commerce grows in volume and efficiency.
- (6) Prevention of invasive species is a cost-effective, successful, and proven management strategy. Prevention is the state's highest management priority with an emphasis on education and outreach, inspections, and rapid response.
- (7) The integrated management of invasive species through pathways regulated by the department is critical to preventing the introduction and spread of a broad range of such species, including plants, diseases, and parasites.
- (8) Washington's citizens must work together to protect the state from invasive species.
- (9) Public and private partnerships, cooperative agreements, and compacts are important for preventing new arrivals and managing existing populations of invasive species, and coordinating these actions on local, state, national, and international levels.
- (10) The department requires authority for this mission to effectively counter the unpredictable nature of invasive species' introductions and spread, enable the utilization of new advances in invasive ecology science, and implement applicable techniques and technology to address invasive species.
- (11) An integrated management approach provides the best way for the state to manage invasive species and includes opportunities for creating an informed public, encouraging public involvement, and striving for local, regional, national, and international cooperation and consistency on management standards. An integrated management approach also applies sound science to minimize the chance that invasive species used for beneficial purposes will result in environmental harm.
- (12) This chapter provides authority for the department to effectively address invasive species using an integrated management approach.
- (13) The department of fish and wildlife currently has sufficient statutory authority to effectively address invasive species risks posed through discharge of ballast water under chapter 77.120 RCW and by private sector shellfish aquaculture operations regulated under chapter 77.115 RCW. The programs developed by the department under these chapters embody the principles of prevention as the highest priority, integrated management of pathways, public-private partnerships, clean and drain principles, and rapid response capabilities.

NEW SECTION. Sec. 102. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

- (1) "Aquatic conveyance" means transportable personal property having the potential to move an aquatic invasive species from one aquatic environment to another. Aquatic conveyances include but are not limited to watercraft and associated equipment, float planes, construction equipment, fish tanker trucks, hydroelectric and irrigation equipment, personal fishing and hunting gear, and materials used for aquatic habitat mitigation or restoration.
- (2) "Aquatic invasive species" means an invasive species of the animal kingdom with a life cycle that is at least partly dependent upon fresh, brackish, or marine waters. Examples include nutria, waterfowl, amphibians, fish, and shellfish.
- (3) "Aquatic plant" means a native or nonnative emergent, submersed, partially submersed, free-floating, or floating-leaved plant species that is dependent upon fresh, brackish, or marine water ecosystems and includes all stages of development and parts.
- (4) "Certificate of inspection" means a department-approved document that declares, to the extent technically or measurably possible, that an aquatic conveyance does not carry or contain an invasive species. Certification may be in the form of a decal, label, rubber stamp imprint, tag, permit, locking seal, or written statement.
- (5) "Clean and drain" means to remove the following from areas on or within an aquatic conveyance to the extent technically and measurably possible:

- (7) "Cryptogenic species" means a species that scientists cannot commonly agree are native or nonnative or are part of the animal kingdom.
- (8) "Decontaminate" means, to the extent technically and measurably possible, the application of a treatment to kill, destroy, remove, or otherwise eliminate all known or suspected invasive species carried on or contained within an aquatic conveyance or structural property by use of physical, chemical, or other methods. Decontamination treatments may include drying an aquatic conveyance for a time sufficient to kill aquatic invasive species through desiccation.
- (9) "Detect" means the verification of invasive species' presence as defined by the department.
- (10) "Eradicate" means, to the extent technically and measurably possible, to kill, destroy, remove, or otherwise eliminate an invasive species from a water body or property using physical, chemical, or other methods.

(13) "Invasive species" means nonnative species of the animal kingdom that are not naturally occurring in Washington for purposes of breeding, resting, or foraging, and that pose an invasive risk of harming or threatening the state's environmental, economic, or human resources. Invasive species include all stages of species development and body parts. They may also include genetically modified or cryptogenic species.

(14) "Invasive species council" means the Washington invasive species council established in RCW 79A.25.310 or a similar collaborative state agency forum. The term includes the council and all of its officers, employees, agents, and contractors.

(15) "Mandatory check station" means a location where a person transporting an aquatic conveyance must stop and allow the conveyance to be inspected for aquatic invasive species.

(16) "Possess" means to have authority over the use of an invasive species or use of an aquatic conveyance that may carry or contain an invasive species. For the purposes of this subsection, "authority over" includes the ability to intentionally or unintentionally hold, import, export, transport, purchase, sell, barter, distribute, or propagate an invasive species.

(17) "Prohibited species" means a classification category of nonnative species as provided in section 104 of this act.

(20) "Rapid response" means expedited management actions as provided under section 108 of this act triggered when invasive species are detected, for the time-sensitive purpose of containing or eradicating the species before it spreads or becomes further established.

(21) "Raw water" means water from a water body and held on or within property. "Raw water" does not include water from precipitation that is captured in a conveyance, structure, or depression that is not otherwise intended to function as a water body, or water from a potable water supply system, unless the water contains visible aquatic organisms.

(22) "Regulated species" means a classification category of nonnative species as provided in section 104 of this act.

(23) "Registered watercraft" means a management category of aquatic conveyances required to register as vessels under RCW 88.02.550 or similar requirements for a state other than Washington or a country other than the United States.

(24) "Seaplane" means a management category of aquatic conveyances capable of landing on or taking off from water and required to register as an aircraft under RCW 47.68.250 or similar registration in a state other than Washington or a country other than the United States.

(25) "Small watercraft" means a management category of aquatic conveyances:

(a) Including inflatable and hard-shell watercraft used or capable of being used as a means of transportation on the water, such as kayaks, canoes, sailboats, and rafts that:

(i) Do not meet watercraft registration requirements under chapter 88.02 RCW; and

(ii) Are ten feet or more in length with or without mechanical propulsion or less than ten feet in length and fitted with mechanical propulsion.

(b) Excluding nonmotorized aquatic conveyances of any size not designed or modified to be used as a means of transportation on the water, such as inflatable air mattresses and tubes, beach and water toys, surf boards, and paddle boards.

(26) "Water body" means an area that carries or contains a collection of water, regardless of whether the feature carrying or

containing the water is natural or nonnatural. Examples include basins, bays, coves, streams, rivers, springs, lakes, wetlands, reservoirs, ponds, tanks, irrigation canals, and ditches.

NEW SECTION. Sec. 103. (1) The department is the lead agency for managing invasive species of the animal kingdom statewide. This lead responsibility excludes pests, domesticated animals, or livestock managed by the department of agriculture under Titles 15, 16, and 17 RCW, forest invasive insect and disease species managed by the department of natural resources under Title 76 RCW, and mosquito and algae control and shellfish sanitation managed by the department of health under Titles 69, 70, and 90 RCW.

(2) Subject to the availability of funding for these specific purposes, the department may:

(a) Develop and implement integrated invasive species management actions and programs authorized by this chapter, including rapid response, early detection and monitoring, prevention, containment, control, eradication, and enforcement;

(b) Establish and maintain an invasive species outreach and education program, in coordination with the Washington invasive species council, that covers public, commercial, and professional pathways and interests;

(c) Align management classifications, standards, and enforcement provisions by rule with regional, national, and international standards and enforcement provisions;

(d) Manage invasive species to support the preservation of native species, salmon recovery, and the overall protection of threatened or endangered species;

(e) Participate in local, state, regional, national, and international efforts regarding invasive species to support the intent of this chapter;

(f) Provide technical assistance or other support to tribes, federal agencies, local governments, and private groups to promote an informed public and assist the department in meeting the intent of this chapter;

(g) Enter into partnerships, cooperative agreements, and state or interstate compacts as necessary to accomplish the intent of this chapter;

(h) Research and develop invasive species management tools, including standard methods for decontaminating aquatic conveyances and controlling or eradicating invasive species from water bodies and properties;

(i) Post invasive species signs and information at port districts, privately or publicly owned marinas, state parks, and all boat launches owned or leased by state agencies or political subdivisions; and

(j) Adopt rules as needed to implement the provisions of this chapter.

(3) The department may delegate selected and clearly identified elements of its authorities and duties to another agency of the state with appropriate expertise or administrative capacity upon cooperative agreement with that agency. This delegation may include provisions of funding for implementation of the delegations. The department retains primary authority and responsibility for all requirements of this chapter unless otherwise directed in this chapter.

(4) This chapter does not apply to the possession or introduction of nonnative aquatic animal species by:

(a) Ballast water held or discharged by vessels regulated under chapter 77.120 RCW; or

(b) Private sector aquaculture operations, transfers, or conveyances regulated under chapter 77.115 RCW.

(5) This chapter does not preempt or replace other department species classification systems or other management requirements under this title. However, the department must

streamline invasive species requirements under this chapter into existing permits and cooperative agreements as possible.

NEW SECTION. Sec. 104. (1) The department, in consultation with the invasive species council, may classify or reclassify and list by rule nonnative aquatic animal species as prohibited level 1, level 2, or level 3, based on the degree of invasive risk, the type of management action required, and resources available to conduct the management action.

(a) Species classified as prohibited level 1 pose a high invasive risk and are a priority for prevention and expedited rapid response management actions.

(b) Species classified as prohibited level 2 pose a high invasive risk and are a priority for long-term infested site management actions.

(c) Species classified as prohibited level 3 pose a moderate to high invasive risk and may be appropriate for prevention, rapid response, or other prohibited species management plan actions by the department, another agency, a local government, tribes, or the public.

(2) The department, in consultation with the invasive species council, may classify and list by rule regulated type A species. This classification is used for nonnative aquatic animal species that pose a low to moderate invasive risk that can be managed based on intended use or geographic scope of introduction, have a beneficial use, and are a priority for department-led or department-approved management of the species' beneficial use and invasive risks.

(3) Nonnative aquatic animal species not classified as prohibited level 1, level 2, or level 3 under subsection (1) of this section, or as regulated type A species under subsection (2) of this section, are automatically managed statewide as regulated type B species or regulated type C species and do not require listing by rule.

(a) Species managed as regulated type B pose a low or unknown invasive risk and are possessed for personal or commercial purposes, such as for aquariums, live food markets, or as nondomesticated pets.

(b) Species managed as regulated type C pose a low or unknown invasive risk and include all other species that do not meet the criteria for management as a regulated type B invasive species.

(4) Classification of prohibited and regulated species:

(a) May be by individual species or larger taxonomic groups up to the family name;

(b) Must align, as practical and appropriate, with regional and national classification levels;

(c) Must be statewide unless otherwise designated by a water body, property, or other geographic region or area; and

(d) May define general possession and introduction conditions acceptable under department authorization, a permit, or as otherwise provided by rule.

(5) Prior to or at the time of classifying species by rule as prohibited or regulated under subsections (1) and (2) of this section, the department, in consultation with the invasive species council, must adopt rules establishing standards for determining invasive risk levels and criteria for determining beneficial use that take into consideration environmental impacts, and especially effects on the preservation of native species, salmon recovery, and threatened or endangered species.

NEW SECTION. Sec. 105. (1) Until the department adopts rules classifying species pursuant to chapter 77.--- RCW (the new chapter created in section 121 of this act), species and classifications identified in this section are automatically managed as follows:

(a) Zebra mussels (*Dreissena polymorpha*), quagga mussels (*Dreissena rostriformis bugensis*), European green crab

(*Carcinus maenas*), and all members of the genus *Eriocheir* (including Chinese mitten crab), all members of the walking catfish family (*Clariidae*), all members of the snakehead family (*Channidae*), silver carp (*Hypophthalmichthys molitrix*), largescale silver carp (*Hypophthalmichthys harmandi*), black carp (*Mylopharyngodon piceus*), and bighead carp (*Hypophthalmichthys nobilis*) are prohibited level 1 species statewide;

(b) Prohibited aquatic animal species classified under WAC 220-12-090(1), in effect on July 1, 2014, except those as noted in this subsection are prohibited level 3 species statewide;

(c) Regulated aquatic animal species classified under WAC 220-12-090(2), in effect on July 1, 2014, are regulated type A species statewide; and

(d) Nonnative aquatic animal species classified as game fish under WAC 232-12-019, in effect on July 1, 2014, or food fish under WAC 220-12-010, in effect on July 1, 2014, are regulated type A species statewide.

(2) The department, in consultation with the invasive species council, may change these classifications by rule.

NEW SECTION. Sec. 106. (1) Prohibited level 1, level 2, and level 3 species may not be possessed, introduced on or into a water body or property, or trafficked, without department authorization, a permit, or as otherwise provided by rule.

(2) Regulated type A, type B, and type C species may not be introduced on or into a water body or property without department authorization, a permit, or as otherwise provided by rule.

(3) Regulated type B species, when being actively used for commercial purposes, must be readily and clearly identified in writing by taxonomic species name or subspecies name to distinguish the subspecies from another prohibited species or a regulated type A species. Nothing in this section precludes using additional descriptive language or trade names to describe regulated type B species as long as the labeling requirements of this section are met.

NEW SECTION. Sec. 107. (1) If the department determines it is necessary to protect the environmental, economic, or human health interests of the state from the threat of a prohibited level 1 or level 2 species, the department may declare a quarantine against a water body, property, or region within the state. The department may prohibit or condition the movement of aquatic conveyances and waters from such a quarantined place or area that are likely to contain a prohibited species.

(2) A quarantine declaration under this section may be implemented separately or in conjunction with rapid response management actions under section 108 of this act and infested site management actions under section 109 of this act in a manner and for a duration necessary to protect the interests of the state from the threat of a prohibited level 1 or level 2 species. A quarantine declaration must include:

(a) The reasons for the action including the prohibited level 1 or level 2 species triggering the quarantine;

(b) The boundaries of the area affected;

(c) The action timeline;

(d) Types of aquatic conveyances and waters affected by the quarantine and any prohibition or conditions on the movement of those aquatic conveyances and waters from the quarantine area; and

(e) Inspection and decontamination requirements for aquatic conveyances.

NEW SECTION. Sec. 108. (1) The department may implement rapid response management actions where a prohibited level 1 species is detected in or on a water body or property. Rapid response management actions may: Include expedited actions to contain, control, or eradicate the prohibited species; and, if

applicable, be implemented in conjunction with a quarantine declaration. Rapid response management actions must be terminated by the department when it determines that the targeted prohibited level 1 species are:

- (a) Eradicated;
 - (b) Contained or controlled without need for further management actions;
 - (c) Reclassified for that water body; or
 - (d) Being managed under infested site management actions pursuant to section 109 of this act.
- (2) If a rapid response management action exceeds seven days, the department may implement an incident command system for rapid response management including scope, duration, and types of actions and to support mutual assistance and cooperation between the department and other affected state and federal agencies, tribes, local governments, and private water body or property owners. The purpose of this system is to coordinate a rapid, effective, and efficient response to contain, control, and eradicate if feasible, a prohibited level 1 species. Mutual assistance and coordination by other state agencies is especially important to assist the department in expediting necessary state and federal environmental permits.

(3) The department may enter into cooperative agreements with national, regional, state, and local rapid response management action partners to establish incident command system structures, secure or prepare submission-ready environmental permits, and identify mutual assistance commitments in preparation for potential future actions.

(4) The department may perform simulated rapid response exercises, testing, or other training activities to prepare for future rapid response management actions.

(5) In implementing rapid response management actions, the department may enter upon property consistent with the process established under section 119 of this act.

NEW SECTION. Sec. 109. (1) The department may implement infested site management actions where a prohibited level 2 species is detected in or on a water body or property. Infested site management actions may: Include long-term actions to contain, control, or eradicate the prohibited species; and, if applicable, be implemented in conjunction with a quarantine declaration. Infested site management actions must be terminated by the department when it determines that the targeted prohibited level 2 species are:

- (a) Eradicated;
 - (b) Contained or controlled without need for further management actions; or
 - (c) Reclassified for that water body.
- (2) The department must consult with affected state and federal agencies, tribes, local governments, and private water body or property owners prior to implementing infested site management actions. The purpose of the consultation is to support mutual assistance and cooperation in providing an effective and efficient response to contain, control, and eradicate, if feasible, a prohibited level 2 species.
- (3) The department may enter into cooperative agreements with national, regional, state, and local infested site management action partners to establish management responsibilities, secure or prepare submission-ready environmental permits, and identify mutual assistance commitments.

(4) In implementing infested site management actions, the department may enter upon property consistent with the process established under section 119 of this act.

NEW SECTION. Sec. 110. (1) To the extent possible, the department's quarantine declarations under section 107 of this act, rapid response management actions under section 108 of this act, and infested site management actions under section 109 of this act

must be implemented in a manner best suited to contain, control, and eradicate prohibited level 1 and level 2 species while protecting human safety, minimizing adverse environmental impacts to a water body or property, and minimizing adverse economic impacts to owners of an affected water body or property.

(2) The department is the lead agency for quarantine declarations, rapid response, and infested site management actions. Where the infested water body is subject to tribal, federal, or other sovereign jurisdiction, the department:

(a) Must consult with appropriate federal agencies, tribal governments, other states, and Canadian government entities to develop and implement coordinated management actions on affected water bodies under shared jurisdiction;

(b) May assist in infested site management actions where these actions may prevent the spread of prohibited species into state water bodies; and

(c) May assist other states and Canadian government entities, in the Columbia river basin, in management actions on affected water bodies outside of the state where these actions may prevent the spread of the species into state water bodies.

(3)(a) The department must provide notice of quarantine declarations, rapid response, and infested site management actions to owners of an affected water body or property. Notice may be provided by any reasonable means, such as in person, by United States postal service, by publication in a local newspaper, by electronic publication including social media or postings on the department's public web site, or by posting signs at the water body.

(b) The department must provide updates to owners of an affected water body or property based on management action type as follows:

(i) Every seven days for a rapid response management action and, if applicable, a quarantine declaration implemented in conjunction with a rapid response management action;

(ii) Every six months for a separate quarantine declaration;

(iii) Annually for the duration of an infested site management action and, if applicable, a quarantine declaration implemented in conjunction with an infested site management action; and

(iv) A final update at the conclusion of any management action.

(c) In addition to owners of an affected water body or property, the department must provide notice of a quarantine declaration to members of the public by any reasonable means for an area subject to a quarantine declaration, such as by publication in a local newspaper, by electronic publication including social media or postings on the department's public web site, or by posting signs at the water body. The department must provide updates at reasonable intervals and a final update at the conclusion of the quarantine declaration.

(4) The department must publicly list those water bodies or portions of water bodies in which a prohibited level 1 or level 2 species has been detected. The department may list those areas in which a prohibited level 3 species has been detected.

(5) When posting signs at a water body or property where a prohibited species has been detected, the department must consult with owners of the affected water body or property regarding placement of those signs.

NEW SECTION. Sec. 111. (1) If the director finds that there exists an imminent danger of a prohibited level 1 or level 2 species detection that seriously endangers or threatens the environment, economy, human health, or well-being of the state of Washington, the director must ask the governor to order, under RCW 43.06.010(14), emergency measures to prevent or abate the prohibited species. The director's findings must contain an evaluation of the effect of the emergency measures on

environmental factors such as fish listed under the endangered species act, economic factors such as public and private access, human health factors such as water quality, or well-being factors such as cultural resources.

(2) If an emergency is declared pursuant to RCW 43.06.010(14), the director may consult with the invasive species council to advise the governor on emergency measures necessary under RCW 43.06.010(14) and this section, and make subsequent recommendations to the governor. The invasive species council must involve owners of the affected water body or property, state and local governments, federal agencies, tribes, public health interests, technical service providers, and environmental organizations, as appropriate.

(3) Upon the governor's approval of emergency measures, the director may implement these measures to prevent, contain, control, or eradicate invasive species that are the subject of the emergency order, notwithstanding the provisions of chapter 15.58 or 17.21 RCW or any other statute. These measures, after evaluation of all other alternatives, may include the surface and aerial application of pesticides.

(4) The director must continually evaluate the effects of the emergency measures and report these to the governor at intervals of not less than ten days. The director must immediately advise the governor if the director finds that the emergency no longer exists or if certain emergency measures should be discontinued.

NEW SECTION. Sec. 112. (1) A person in possession of an aquatic conveyance who enters Washington by road, air, or water is required to have a certificate of inspection. A person must provide this certificate of inspection upon request by a fish and wildlife officer or ex officio fish and wildlife officer.

(2) The department must adopt rules to implement this section including:

- (a) Types of aquatic conveyances required to have a certificate of inspection;
- (b) Allowable certificate of inspection forms including passport type systems and integration with existing similar permits;
- (c) Situations when authorization can be obtained for transporting an aquatic conveyance not meeting inspection requirements to a specified location within the state where certificate of inspection requirements can be provided; and
- (d) Situations where aquatic conveyances are using shared boundary waters of the state, such as portions of the Columbia river, lake Osoyoos, and the Puget Sound.

NEW SECTION. Sec. 113. (1) A person in possession of an aquatic conveyance must meet clean and drain requirements after the conveyance's use in or on a water body or property. A certificate of inspection is not needed to meet clean and drain requirements.

(2) A fish and wildlife officer or ex officio fish and wildlife officer may order a person transporting an aquatic conveyance not meeting clean and drain requirements to:

- (a) Clean and drain the conveyance at the discovery site, if the department determines there are sufficient resources available; or
- (b) Transport the conveyance to a reasonably close location where resources are sufficient to meet the clean and drain requirements.

(3) This section may be enforced immediately on the transportation of aquatic plants by registered watercraft, small watercraft, seaplanes, and commercial watercraft. The department must adopt rules to implement all other aspects of clean and drain requirements, including:

- (a) Other types of aquatic conveyances subject to this requirement;

(b) When transport of an aquatic conveyance is authorized if clean and drain services are not readily available at the last water body used; and

(c) Exemptions to clean and drain requirements where the department determines there is minimal risk of spreading invasive species.

NEW SECTION. Sec. 114. (1) The department may establish mandatory check stations to inspect aquatic conveyances for clean and drain requirements and aquatic invasive species. The check stations must be operated by at least one fish and wildlife officer, an ex officio fish and wildlife officer in coordination with the department, or department-authorized representative, and must be plainly marked by signs and operated in a safe manner.

(2) Aquatic conveyances required to stop at mandatory check stations include registered watercraft, commercial watercraft, and small watercraft. The department may establish rules governing other types of aquatic conveyances that must stop at mandatory check stations. The rules must provide sufficient guidance so that a person transporting the aquatic conveyance readily understands that he or she is required to stop.

(3) A person who encounters a mandatory check station while transporting an aquatic conveyance must:

- (a) Stop at the mandatory check station;
- (b) Allow the aquatic conveyance to be inspected for clean and drain requirements and aquatic invasive species;
- (c) Follow clean and drain orders if clean and drain requirements are not met pursuant to section 113 of this act; and
- (d) Follow decontamination orders pursuant to section 115 of this act if an aquatic invasive species is found.

(4) A person who complies with the department directives under this section is exempt from criminal penalties under sections 205 and 206 of this act, civil penalties under RCW 77.15.160(4), and civil forfeiture under RCW 77.15.070, unless the person has a prior conviction for an invasive species violation within the past five years.

NEW SECTION. Sec. 115. (1) Upon discovery of an aquatic conveyance that carries or contains an aquatic invasive species without department authorization, a permit, or as otherwise provided by rule, a fish and wildlife officer or ex officio fish and wildlife officer may issue a decontamination order:

- (a) Requiring decontamination at the discovery site, if the situation presents a low risk of aquatic invasive species introduction, and sufficient department resources are available at the discovery site;
- (b) Prohibiting the launch of the aquatic conveyance in a water body until decontamination is completed and certified, if the situation presents a low risk of aquatic invasive species introduction, and sufficient department resources are not available at the discovery site;
- (c) Requiring immediate transport of the conveyance to an approved decontamination station, and prohibiting the launch of the conveyance in a water body until decontamination is completed and certified, if the situation presents a moderate risk of aquatic invasive species introduction, and sufficient department resources are not available at the discovery site; or
- (d) Seizing and transporting the aquatic conveyance to an approved decontamination station until decontamination is completed and certified, if the situation presents a high risk of aquatic invasive species introduction, and sufficient department resources are not available at the discovery site.

(2) The person possessing the aquatic conveyance that is subject to orders issued under subsection (1)(b) through (d) of this section must bear any costs for seizure, transportation, or decontamination.

(3) Orders issued under subsection (1)(b) through (d) of this section must be in writing and must include notice of the

opportunity for a hearing pursuant to section 116 of this act to determine the validity of the orders.

(4) If a decontamination order is issued under subsection (1)(d) of this section, the department may seize the aquatic conveyance for two working days or a reasonable additional period of time thereafter as needed to meet decontamination requirements. The decontamination period must be based on factors including conveyance size and complexity, type and number of aquatic invasive species present, and decontamination station resource capacity.

(5) If an aquatic conveyance is subject to forfeiture under RCW 77.15.070, the timelines and other provisions under that section apply to the seizure.

(6) Upon decontamination and issuing a certificate of inspection, an aquatic conveyance must be released to the person in possession of the aquatic conveyance at the time the decontamination order was issued, or to the owner of the aquatic conveyance.

NEW SECTION. Sec. 116. (1) A person aggrieved or adversely affected by a quarantine declaration under section 107 of this act, a rapid response management action under section 108 of this act, an infested site management action under section 109 of this act, or a decontamination order under section 115 of this act may contest the validity of the department's actions by requesting a hearing in writing within twenty days of the department's actions.

(2) Hearings must be conducted pursuant to chapter 34.05 RCW and the burden of demonstrating the invalidity of agency action is on the party asserting invalidity. The hearing may be conducted by the director or the director's designee and may occur telephonically.

(3) A hearing on a decontamination order is limited to the issues of whether decontamination was necessary and the reasonableness of costs assessed for any seizure, transportation, and decontamination. If the person in possession of the aquatic conveyance that was decontaminated prevails at the hearing, the person is entitled to reimbursement by the department for any costs assessed by the department or decontamination station operator for the seizure, transportation, and decontamination. If the department prevails at the hearing, the department is not responsible for and may not reimburse any costs.

NEW SECTION. Sec. 117. (1) The department may operate aquatic conveyance inspection and decontamination stations statewide for voluntary use by the public or for mandatory use where directed by the department to meet inspection and decontamination requirements of this chapter. Decontamination stations can be part of or separate from inspection stations. Inspection and decontamination stations are separate from commercial vehicle weigh stations operated by the Washington state patrol.

(2) Inspection station staff must inspect aquatic conveyances to determine whether the conveyances carry or contain aquatic invasive species. If an aquatic conveyance is free of aquatic invasive species, then inspection station staff must issue a certificate of inspection. A certificate of inspection is valid until the conveyance's next use in a water body.

(3) If a conveyance carries or contains aquatic invasive species, then inspection station staff must require the conveyance's decontamination before issuing a certificate of inspection. The certificate of inspection is valid until the conveyance's next use in a water body.

(4) The department must identify, in a way that is readily available to the public, the location and contact information for inspection and decontamination stations.

(5) The department must adopt by rule standards for inspection and decontamination that, where practical and

appropriate, align with regional, national, and international standards.

NEW SECTION. Sec. 118. (1) The department may authorize representatives to operate its inspection and decontamination stations and mandatory check stations. Department-authorized representatives may be department volunteers, other law enforcement agencies, or independent businesses.

(2) The department must adopt rules governing the types of services that department-authorized representatives may perform under this chapter.

(3) Department-authorized representatives must have official identification, training, and administrative capacity to fulfill their responsibilities under this section.

(4) Within two years of the effective date of this section, the department must provide the legislature with recommendations for a fee schedule that department-authorized representatives may charge users whose aquatic conveyances receive inspection and decontamination services.

NEW SECTION. Sec. 119. (1) The department may enter upon a property or water body at any reasonable time for the purpose of administering this chapter, including inspecting and decontaminating aquatic conveyances, collecting invasive species samples, implementing rapid response management actions or infested site management actions, and containing, controlling, or eradicating invasive species.

(2) Prior to entering the property or water body, the department shall make a reasonable attempt to notify the owner of the property or water body as to the purpose and need for the entry. Should the department be denied access to any property or water body where access is sought for the purposes set forth in this chapter, the department may apply to any court of competent jurisdiction for a warrant authorizing access to the property.

(3) Upon such an application, the court may issue the warrant for the purposes requested where the court finds reasonable cause to believe it is necessary to achieve the purposes of this chapter.

NEW SECTION. Sec. 120. The provisions of this chapter must be liberally construed to carry out the intent of the legislature.

NEW SECTION. Sec. 121. Sections 102 through 104 and 106 through 120 of this act constitute a new chapter in Title 77 RCW.

PART 2

(2) Unless the context clearly requires otherwise, the definitions in both RCW 77.08.010 and section 102 of this act apply throughout this section.

NEW SECTION. Sec. 202. A new section is added to chapter 77.15 RCW to read as follows:

(1) Upon a showing of probable cause that there has been a violation of an invasive species law of the state of Washington, or upon a showing of probable cause to believe that evidence of such a violation may be found at a place, a court must issue a search warrant or arrest warrant. Fish and wildlife officers or ex officio fish and wildlife officers may execute any such search or arrest warrant reasonably necessary to carry out their duties under this title with regard to an invasive species law and may seize invasive species or any evidence of a crime and the fruits or instrumentalities of a crime as provided by warrant. The court may have property opened or entered and the contents examined.

(2) Seizure of property as evidence of a crime does not preclude seizure of the property for forfeiture as authorized by law. **NEW SECTION. Sec. 203.** A new section is added to chapter 77.15 RCW to read as follows:

(1) Upon a showing of probable cause that a water body or property has an invasive species in or on it, and the owner refuses permission to allow inspection of the water body or property, a court in the county in which the water body or property is located may, upon the request of the director or the director's designee, issue a warrant to the director or the director's designee authorizing the taking of specimens of invasive species, general inspection of the property or water body, and the performance of containment, eradication, or control work.

(2) Application for issuance, execution, and return of the warrant authorized by this section must be in accordance with the applicable rules of the superior courts or the district courts. **Sec. 204.** RCW 77.15.160 and 2013 c 307 s 2 are each amended to read as follows:

(2) A violation of subsection (1) of this section is a gross misdemeanor. In addition to criminal penalties, a court may order the person to pay all costs in capturing, killing, or controlling the invasive species, including its progeny. This subsection does not affect the authority of the department to bring a separate civil action to recover habitat restoration costs necessitated by the person's unlawful use of invasive species.

(3) This section does not apply to:

(a) A person who complies with the department directives pursuant to section 114 of this act for mandatory check stations. (3) This section does not apply to:

(a) A person who complies with department directives pursuant to section 114 of this act for mandatory check stations, and who is exempt from criminal penalties under this section and forfeiture under this chapter, unless the person has a prior conviction under this section or section 205 of this act within the past five years; or

PART 3

INVASIVE SPECIES--OTHER PROVISIONS

Sec. 301. RCW 77.08.010 and 2012 c 176 s 4 are each reenacted and amended to read as follows:

The definitions in this section apply throughout this title or rules adopted under this title unless the context clearly requires otherwise.

E2SSB 6126 Prime Sponsor, Committee on Ways & Means: Concerning representation of children in dependency matters. Reported by Committee on Appropriations

MAJORITY recommendation: Do pass as amended by Committee on Appropriations and without amendment by Committee on Judiciary.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes that some children may remain in foster care following the termination of the parent and child relationship. These children have legal rights and no longer have a parent to advocate on their behalf, and no other party represents their legal interests. The legislature finds that providing attorneys for children following the termination of the parent and child relationship is fundamental to protecting the child's legal rights and to accelerate permanency.

(2) Although the legislature recognizes that many jurisdictions provide attorneys to children prior to termination of the parent and child relationship, nothing in this act may be construed against the parent's fundamental liberty interest in parenting the child prior to termination of the parent and child relationship as stated in *In re Dependency of K.N.J.*, 171 Wn.2d 568, 574 (2011) and *In re Welfare of Luscier*, 84 Wn.2d 135, 136-37 (1974), unless such a position would jeopardize the child's right to conditions of basic nurture, health, or safety.

Sec. 2. RCW 13.34.100 and 2010 c 180 s 2 are each amended to read as follows:

(1) The court shall appoint a guardian ad litem for a child who is the subject of an action under this chapter, unless a court for good cause finds the appointment unnecessary. The requirement of a guardian ad litem may be deemed satisfied if the child is represented by an independent (counsel) attorney in the proceedings. The court shall attempt to match a child with special needs with a guardian ad litem who has specific training or education related to the child's individual needs.

(2) If the court does not have available to it a guardian ad litem program with a sufficient number of volunteers, the court may appoint a suitable person to act as guardian ad litem for the child under this chapter. Another party to the proceeding or the party's employee or representative shall not be so appointed.

(3) Each guardian ad litem program shall maintain a background information record for each guardian ad litem in the program. The background information record shall include, but is not limited to, the following information:

- (a) Level of formal education;
- (b) General training related to the guardian ad litem's duties;
- (c) Specific training related to issues potentially faced by children in the dependency system;
- (d) Specific training or education related to child disability or developmental issues;
- (e) Number of years' experience as a guardian ad litem;

(f) Number of appointments as a guardian ad litem and the county or counties of appointment;

(g) The names of any counties in which the person was removed from a guardian ad litem registry pursuant to a grievance action, and the name of the court and the cause number of any case in which the court has removed the person for cause;

(h) Founded allegations of abuse or neglect as defined in RCW 26.44.020;

(i) The results of an examination of state and national criminal identification data. The examination shall consist of a background check as allowed through the Washington state criminal records privacy act under RCW 10.97.050, the Washington state patrol criminal identification system under RCW 43.43.832 through 43.43.834, and the federal bureau of investigation. The background check shall be done through the Washington state patrol criminal identification section and must include a national check from the federal bureau of investigation based on the submission of fingerprints; and

(j) Criminal history, as defined in RCW 9.94A.030, for the period covering ten years prior to the appointment.

The background information record shall be updated annually. As a condition of appointment, the guardian ad litem's background information record shall be made available to the court. If the appointed guardian ad litem is not a member of a guardian ad litem program a suitable person appointed by the court to act as guardian ad litem shall provide the background information record to the court.

Upon appointment, the guardian ad litem, or guardian ad litem program, shall provide the parties or their attorneys with a copy of the background information record. The portion of the criminal background check and the criminal history shall not be disclosed to the parties or their attorneys. The background information record shall not include identifying information that may be used to harm a guardian ad litem, such as home addresses and home telephone numbers, and for volunteer guardians ad litem the court may allow the use of maiden names or pseudonyms as necessary for their safety.

(4) The appointment of the guardian ad litem shall remain in effect until the court discharges the appointment or no longer has jurisdiction, whichever comes first. The guardian ad litem may also be discharged upon entry of an order of guardianship.

(5) A guardian ad litem through ~~(counsel)~~ an attorney, or as otherwise authorized by the court, shall have the right to present evidence, examine and cross-examine witnesses, and to be present at all hearings. A guardian ad litem shall receive copies of all pleadings and other documents filed or submitted to the court, and notice of all hearings according to court rules. The guardian ad litem shall receive all notice contemplated for a parent or other party in all proceedings under this chapter.

(6)(a) The court must appoint an attorney for a child in a dependency proceeding six months after granting a petition to terminate the parent and child relationship pursuant to RCW 13.34.180 and when there is no remaining parent with parental rights.

The court must appoint an attorney for a child when there is no remaining parent with parental rights for six months or longer prior to the effective date of this section if the child is not already represented.

The court may appoint one attorney to a group of siblings, unless there is a conflict of interest, or such representation is otherwise inconsistent with the rules of professional conduct.

(b) Legal services provided by an attorney appointed pursuant to (a) of this subsection do not include representation of the child in any appellate proceedings relative to the termination of

the parent and child relationship.

(c)(i) Subject to the availability of amounts appropriated for this specific purpose, the state shall pay the costs of legal services provided by an attorney appointed pursuant to (a) of this subsection, if the legal services are provided in accordance with the standards of practice, voluntary training, and caseload limits developed and recommended by the statewide children's representation work group pursuant to section 5, chapter 180, Laws of 2010. Caseload limits must be calculated pursuant to (c)(ii) of this subsection.

(ii) Counties are encouraged to set caseloads as low as possible and to account for the individual needs of the children in care. Notwithstanding the caseload limits developed and recommended by the statewide children's representation work group pursuant to section 5, chapter 180, Laws of 2010, when one attorney represents a sibling group, the first child is counted as one case, and each child thereafter is counted as one-half case to determine compliance with the caseload standards pursuant to (c)(i) of this subsection and section 3 of this act.

(iii) The office of civil legal aid is responsible for implementation of (c)(i) and (ii) of this subsection as provided in section 3 of this act.

(7)(a) The court may appoint an attorney to represent the child's position in any dependency action on its own initiative, or upon the request of a parent, the child, a guardian ad litem, a caregiver, or the department.

(b)(i) If the court has not already appointed an attorney for a child, or the child is not represented by a privately retained attorney:

(A) The child's caregiver, or any individual, may refer the child to an attorney for the purposes of filing a motion to request appointment of an attorney at public expense; or

(B) The child or any individual may retain an attorney for the child for the purposes of filing a motion to request appointment of an attorney at public expense.

(ii) Nothing in this subsection (7)(b) shall be construed to change or alter the confidentiality provisions of RCW 13.50.100.

(c) Pursuant to this subsection, the department or supervising agency and the child's guardian ad litem shall each notify a child of his or her right to request ~~((counsel))~~ an attorney and shall ask the child whether he or she wishes to have ~~((counsel))~~ an attorney. The department or supervising agency and the child's guardian ad litem shall notify the child and make this inquiry immediately after:

(i) The date of the child's twelfth birthday;

(ii) Assignment of a case involving a child age twelve or older; or

(iii) July 1, 2010, for a child who turned twelve years old before July 1, 2010.

~~((b))~~ (d) The department or supervising agency and the child's guardian ad litem shall repeat the notification and inquiry at least annually and upon the filing of any motion or petition affecting the child's placement, services, or familial relationships.

~~((c))~~ (e) The notification and inquiry is not required if the child has already been appointed ~~((counsel))~~ an attorney.

~~((d))~~ (f) The department or supervising agency shall note in the child's individual service and safety plan, and the guardian ad litem shall note in his or her report to the court, that the child was notified of the right to request ~~((counsel))~~ an attorney and indicate the child's position regarding appointment of ~~((counsel))~~ an attorney.

~~((e))~~ (g) At the first regularly scheduled hearing after:

(i) The date of the child's twelfth birthday;

(ii) The date that a dependency petition is filed pursuant to this chapter on a child age twelve or older; or

(iii) July 1, 2010, for a child who turned twelve years old before July 1, 2010;

the court shall inquire whether the child has received notice of his or her right to request ~~((legal counsel))~~ an attorney from the department or supervising agency and the child's guardian ad litem. The court shall make an additional inquiry at the first regularly scheduled hearing after the child's fifteenth birthday. No inquiry is necessary if the child has already been appointed ~~((counsel))~~ an attorney.

~~((f))~~ If the child requests legal counsel and is age twelve or older, or if the guardian ad litem or the court determines that the child needs to be independently represented by counsel, the court may appoint an attorney to represent the child's position.

~~((7))~~ (8) For the purposes of child abuse prevention and treatment act (42 U.S.C. Secs. 5101 et seq.) grants to this state under P.L. 93-247, or any related state or federal legislation, a person appointed pursuant to this section shall be deemed a guardian ad litem ~~((to represent the best interests of the minor in proceedings before the court)).~~

~~((8))~~ (9) When a court-appointed special advocate or volunteer guardian ad litem is requested on a case, the program shall give the court the name of the person it recommends. The program shall attempt to match a child with special needs with a guardian ad litem who has specific training or education related to the child's individual needs. The court shall immediately appoint the person recommended by the program.

~~((9))~~ (10) If a party in a case reasonably believes the court-appointed special advocate or volunteer guardian ad litem is inappropriate or unqualified, the party may request a review of the appointment by the program. The program must complete the review within five judicial days and remove any appointee for good cause. If the party seeking the review is not satisfied with the outcome of the review, the party may file a motion with the court for the removal of the court-appointed special advocate or volunteer guardian ad litem on the grounds the advocate or volunteer is inappropriate or unqualified.

NEW SECTION. Sec. 3. A new section is added to chapter 2.53 RCW to read as follows:

(1) Money appropriated by the legislature for legal services provided by an attorney appointed pursuant to RCW 13.34.100 must be administered by the office of civil legal aid established under RCW 2.53.020.

(2) The office of civil legal aid may enter into contracts with the counties to disburse state funds for an attorney appointed pursuant to RCW 13.34.100. The office of civil legal aid may also require a county to use attorneys under contract with the office for the provision of legal services under RCW 13.34.100 to remain within appropriated amounts.

(3) Prior to distributing state funds under subsection (2) of this section, the office of civil legal aid must verify that attorneys providing legal representation to children under RCW 13.34.100 meet the standards of practice, voluntary training, and caseload limits developed and recommended by the statewide children's representation work group pursuant to section 5, chapter 180, Laws of 2010. Caseload limits described in this subsection must be determined as provided in RCW 13.34.100(6)(c)(ii). **NEW SECTION. Sec. 4.** This act takes effect July 1, 2014. **NEW SECTION. Sec. 5.** If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2014, in the omnibus appropriations act, this act is null and void."

this chapter. However, the county legislative authority of such a county with a population of less than fifty thousand population may adopt a resolution removing the county, and the cities located within the county, from the requirements of adopting comprehensive land use plans and development regulations under this chapter if this resolution is adopted and filed with the department by December 31, 1990, for counties initially meeting this set of criteria, or within sixty days of the date the office of financial management certifies that a county meets this set of criteria under subsection (5) of this section. For the purposes of this subsection, a county not currently planning under this chapter is not required to include in its population count those persons confined in a correctional facility under the jurisdiction of the department of corrections that is located in the county.

Once a county meets either of these sets of criteria, the requirement to conform with all of the requirements of this chapter remains in effect, even if the county no longer meets one of these sets of criteria.

(2)(a) The county legislative authority of any county that does not meet either of the sets of criteria established under subsection (1) of this section may adopt a resolution indicating its intention to have subsection (1) of this section apply to the county. Each city, located in a county that chooses to plan under this subsection, shall conform with all of the requirements of this chapter. Once such a resolution has been adopted, the county and the cities located within the county remain subject to all of the requirements of this chapter, unless the county subsequently adopts a withdrawal resolution for partial planning pursuant to (b)(i) of this subsection.

(b)(i) Until December 31, 2015, the legislative authority of a county may adopt a resolution removing the county and the cities located within the county from the requirements to plan under this section if:

(A) The county has a population, as estimated by the office of financial management, of twenty thousand or fewer inhabitants at any time between April 1, 2010, and April 1, 2015;

(B) The county has previously adopted a resolution indicating its intention to have subsection (1) of this section apply to the county;

(C) At least sixty days prior to adopting a resolution for partial planning, the county provides written notification to the legislative body of each city within the county of its intent to consider adopting the resolution; and

(D) The legislative bodies of at least sixty percent of those cities having an aggregate population of at least seventy-five percent of the incorporated county population have not: Adopted resolutions opposing the action by the county; and provided written notification of the resolutions to the county.

(ii) Upon adoption of a resolution for partial planning under (b)(i) of this subsection:

(A) The county and the cities within the county are no longer obligated to plan under this section; and

(B) The county may not, for a minimum of ten years from the date of adoption of the resolution, adopt another resolution indicating its intention to have subsection (1) of this section apply to the county.

(c) The adoption of a resolution for partial planning under (b)(i) of this subsection does not nullify or otherwise modify the requirements for counties and cities established in RCW 36.70A.060, 36.70A.170, and 36.70A.172.

(3) Any county or city that is initially required to conform with all of the requirements of this chapter under subsection (1) of this section shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall designate

critical areas, agricultural lands, forest lands, and mineral resource lands, and adopt development regulations conserving these designated agricultural lands, forest lands, and mineral resource lands and protecting these designated critical areas, under RCW 36.70A.170 and 36.70A.060; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; (d) if the county has a population of fifty thousand or more, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan on or before July 1, 1994, and if the county has a population of less than fifty thousand, the county and each city located within the county shall adopt a comprehensive plan under this chapter and development regulations that are consistent with and implement the comprehensive plan by January 1, 1995, but if the governor makes written findings that a county with a population of less than fifty thousand or a city located within such a county is not making reasonable progress toward adopting a comprehensive plan and development regulations the governor may reduce this deadline for such actions to be taken by no more than one hundred eighty days. Any county or city subject to this subsection may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department (~~of community, trade, and economic development~~) of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(4) Any county or city that is required to conform with all the requirements of this chapter, as a result of the county legislative authority adopting its resolution of intention under subsection (2) of this section, shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a county-wide planning policy under RCW 36.70A.210; (b) the county and each city that is located within the county shall adopt development regulations conserving agricultural lands, forest lands, and mineral resource lands it designated under RCW 36.70A.060 within one year of the date the county legislative authority adopts its resolution of intention; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city that is located within the county shall adopt a comprehensive plan and development regulations that are consistent with and implement the comprehensive plan not later than four years from the date the county legislative authority adopts its resolution of intention, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department (~~of community, trade, and economic development~~) of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(5) If the office of financial management certifies that the population of a county that previously had not been required to plan under subsection (1) or (2) of this section has changed sufficiently to meet either of the sets of criteria specified under subsection (1) of this section, and where applicable, the county legislative authority has not adopted a resolution removing the county from these requirements as provided in subsection (1) of this section, the county and each city within such county shall take actions under this chapter as follows: (a) The county legislative authority shall adopt a countywide planning policy under RCW 36.70A.210; (b) the county and each city located within the county shall adopt development regulations under RCW 36.70A.060 conserving agricultural lands, forest lands, and mineral resource lands it designated within one year of the certification by the office of financial management; (c) the county shall designate and take other actions related to urban growth areas under RCW 36.70A.110; and (d) the county and each city located within the county shall adopt a comprehensive land use plan and development

regulations that are consistent with and implement the comprehensive plan within four years of the certification by the office of financial management, but a county or city may obtain an additional six months before it is required to have adopted its development regulations by submitting a letter notifying the department (~~of community, trade, and economic development~~) of its need prior to the deadline for adopting both a comprehensive plan and development regulations.

(6) A copy of each document that is required under this section shall be submitted to the department at the time of its adoption.

(7) Cities and counties planning under this chapter must amend the transportation element of the comprehensive plan to be in compliance with this chapter and chapter 47.80 RCW no later than December 31, 2000.

Sec. 2. RCW 36.70A.060 and 2005 c 423 s 3 are each amended to read as follows:

(1)(a) (~~Except as provided in RCW 36.70A.1701,~~) Each county that is required or chooses to plan under RCW 36.70A.040, and each city within such county, shall adopt development regulations on or before September 1, 1991, to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection may not prohibit uses legally existing on any parcel prior to their adoption and shall remain in effect until the county or city adopts development regulations pursuant to RCW 36.70A.040. Such regulations shall assure that the use of lands adjacent to agricultural, forest, or mineral resource lands shall not interfere with the continued use, in the accustomed manner and in accordance with best management practices, of these designated lands for the production of food, agricultural products, or timber, or for the extraction of minerals.

(b) Counties and cities shall require that all plats, short plats, development permits, and building permits issued for development activities on, or within five hundred feet of, lands designated as agricultural lands, forest lands, or mineral resource lands, contain a notice that the subject property is within or near designated agricultural lands, forest lands, or mineral resource lands on which a variety of commercial activities may occur that are not compatible with residential development for certain periods of limited duration. The notice for mineral resource lands shall also inform that an application might be made for mining-related activities, including mining, extraction, washing, crushing, stockpiling, blasting, transporting, and recycling of minerals.

(c) Each county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b), and each city within such county, shall adopt development regulations within one year after the adoption of the resolution of partial planning to assure the conservation of agricultural, forest, and mineral resource lands designated under RCW 36.70A.170. Regulations adopted under this subsection (1)(c) must comply with the requirements governing regulations adopted under (a) of this subsection.

(d)(i) A county that adopts a resolution of partial planning under RCW 36.70A.040(2)(b) and that is not in compliance with the planning requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172 at the time the resolution is adopted must, by January 30, 2017, apply for a determination of compliance from the department finding that the county's development regulations, including development regulations adopted to protect critical areas, and comprehensive regulations are in compliance with the requirements of this section, RCW 36.70A.040(4), 36.70A.070(5), 36.70A.170, and 36.70A.172. The department must approve or deny the application for a determination of compliance within one hundred twenty days of its receipt or by June 30, 2017, whichever date is earlier.

(ii) If the department denies an application under (d)(i)

of this subsection, the county and each city within is obligated to comply with all requirements of this chapter and the resolution for partial planning adopted under RCW 36.70A.040(2)(b) is no longer in effect.

(iii) A petition for review of a determination of compliance under (d)(i) of this subsection may only be appealed to the growth management hearings board within sixty days of the issuance of the decision by the department.

(iv) In the event of a filing of a petition in accordance with (d)(iii) of this subsection, the county and the department must equally share the costs incurred by the department for defending an approval of determination of compliance that is before the growth management hearings board.

(v) The department may implement this subsection (d) by adopting rules related to determinations of compliance. The rules may address, but are not limited to: The requirements for applications for a determination of compliance; charging of costs under (d)(iv) of this subsection; procedures for processing applications; criteria for the evaluation of applications; issuance and notice of department decisions; and applicable timelines.

(2) Each county and city shall adopt development regulations that protect critical areas that are required to be designated under RCW 36.70A.170. For counties and cities that are required or choose to plan under RCW 36.70A.040, such development regulations shall be adopted on or before September 1, 1991. For the remainder of the counties and cities, such development regulations shall be adopted on or before March 1, 1992.

(3) Such counties and cities shall review these designations and development regulations when adopting their comprehensive plans under RCW 36.70A.040 and implementing development regulations under RCW 36.70A.120 and may alter such designations and development regulations to insure consistency.

(4) Forest land and agricultural land located within urban growth areas shall not be designated by a county or city as forest land or agricultural land of long-term commercial significance under RCW 36.70A.170 unless the city or county has enacted a program authorizing transfer or purchase of development rights.

Sec. 3. RCW 36.70A.280 and 2011 c 360 s 17 are each amended to read as follows:

(1) The growth management hearings board shall hear and determine only those petitions alleging either:

(a) That, except as provided otherwise by this subsection, a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58 RCW. Nothing in this subsection authorizes the board to hear petitions alleging noncompliance with RCW 36.70A.5801;

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted;

(c) That the approval of a work plan adopted under RCW 36.70A.735(1)(a) is not in compliance with the requirements of the program established under RCW 36.70A.710;

(d) That regulations adopted under RCW 36.70A.735(1)(b) are not regionally applicable and cannot be adopted, wholly or partially, by another jurisdiction; ~~((or))~~

(e) That a department certification under RCW 36.70A.735(1)(c) is erroneous; or

(f) That a department determination under RCW 36.70A.060(1)(d) is erroneous.

(2) A petition may be filed only by: (a) The state, or a county or city that plans under this chapter; (b) a person who has participated orally or in writing before the county or city regarding the matter on which a review is being requested; (c) a person who is certified by the governor within sixty days of filing the request with the board; or (d) a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) To establish participation standing under subsection (2)(b) of this section, a person must show that his or her participation before the county or city was reasonably related to the person's issue as presented to the board.

(5) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, the board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by the board must be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by the board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as the "board adjusted population projection." None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes.

NEW SECTION. Sec. 4. A new section is added to chapter 71.24 RCW to read as follows:

(1) The secretary shall purchase mental health and chemical dependency treatment services primarily through managed care contracting, but may continue to purchase behavioral health services from tribal clinics and other tribal providers.

(C) All counties within a regional service area that includes more than one county, which shall form a responding entity through the adoption of an interlocal agreement. The interlocal agreement must specify the terms by which the responding entity shall serve as the behavioral health and recovery organization within the regional service area.

(ii) In the event that a regional service area is comprised of multiple counties including one that has made a decision prior to January 1, 2014, not to contract as a regional support network, the counties shall adopt an interlocal agreement and may respond to the request for a detailed plan under (a) of this subsection and the private entity may also respond to the request for a detailed plan.

(3) Contracts for behavioral health and recovery organizations must begin on April 1, 2016.

Sec. 5. RCW 71.24.015 and 2005 c 503 s 1 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs that focus on resilience and recovery, and practices that are evidence-based, research-based, consensus-based, or, where these do not exist, promising or emerging best practices, which provide for:

(1) Access to mental health services for adults (~~(of the state who are acutely mentally ill, chronically mentally ill)~~) with acute mental illness, chronic mental illness, or who are seriously disturbed and children (~~(of the state who are acutely mentally ill)~~) with acute mental illness, or who are severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, (~~(disabled)~~) individuals with disabilities, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of (~~(mentally ill)~~) children with mental illness and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) The involvement of persons with mental illness, their family members, and advocates in designing and implementing mental health services that reduce unnecessary hospitalization and incarceration and promote the recovery and employment of persons with mental illness. To improve the quality of services available and promote the rehabilitation, recovery, and reintegration of persons with mental illness, consumer and advocate participation in mental health services is an integral part of the community mental health system and shall be supported;

(3) Accountability of efficient and effective services through state-of-the-art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of client and system outcome information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness and to assure uniform data collection across the state;

(4) Minimum service delivery standards;

(5) Priorities for the use of available resources for the care of (~~(the mentally ill)~~) individuals with mental illness consistent with the priorities defined in the statute;

(6) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, (~~(regional support networks)~~) behavioral health and recovery organizations, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of (~~(the mentally ill)~~) individuals with mental illness, and other service providers; and

(7) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders including services operated by consumers and advocates. The legislature intends to encourage the development of regional mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties (~~(are encouraged to)~~) must enter into joint operating agreements with other counties to form regional systems of care that are consistent with the regional service areas established under

section 2 of this act. Regional systems of care, whether operated by a county, group of counties, or another entity shall integrate planning, administration, and service delivery duties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs. The legislature hereby finds and declares that sound fiscal management requires vigilance to ensure that funds appropriated by the legislature for the provision of needed community mental health programs and services are ultimately expended solely for the purpose for which they were appropriated, and not for any other purpose.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end, the legislature intends to promote active engagement with ~~((mentally ill))~~ persons with mental illness and collaboration between families and service providers.

(2) The legislature intends to address the needs of people with mental disorders with a targeted, coordinated, and comprehensive set of evidence-based practices that are effective in serving individuals in their community and will reduce the need for placements in state mental hospitals. The legislature further intends to explicitly hold ~~((regional support networks))~~ behavioral health and recovery organizations accountable for serving people with mental disorders within the boundaries of their ~~((geographic boundaries))~~ regional service area and for not exceeding their allocation of state hospital beds. ~~((Within funds appropriated by the legislature for this purpose, regional support networks shall develop the means to serve the needs of people with mental disorders within their geographic boundaries. Elements of the program may include:~~

- ~~_____ (a) Crisis triage;~~
- ~~_____ (b) Evaluation and treatment and community hospital beds;~~
- ~~_____ (c) Residential beds;~~
- ~~_____ (d) Programs for community treatment teams; and~~

~~((3) The regional support network shall have the flexibility, within the funds appropriated by the legislature for this purpose, to design the mix of services that will be most effective within their service area of meeting the needs of people with mental disorders and avoiding placement of such individuals at the state mental hospital. Regional support networks are encouraged to maximize the use of evidence based practices and alternative resources with the goal of substantially reducing and potentially eliminating the use of institutions for mental diseases.))~~

The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the ~~((regional support networks)) behavioral health and recovery organizations~~ regarding the number of state hospital beds that should be allocated for use by each ~~((regional support network)) behavioral health and recovery organization~~, the department shall contract with each ~~((regional support network)) behavioral health and recovery organization~~ accordingly.

(3) If there is not consensus among the ~~((regional support networks)) behavioral health and recovery organizations~~ regarding the number of beds that should be allocated for use by each ~~((regional support network)) behavioral health and recovery organization~~, the department shall establish by emergency rule the number of state hospital beds that are available for use by each ~~((regional support network)) behavioral health and recovery organization~~. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each ~~((regional support network)) behavioral health and recovery organization~~ area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the

biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5) The department is encouraged to enter performance-based contracts with ~~((regional support networks)) behavioral health and recovery organizations~~ to provide some or all of the ~~((regional support network's)) behavioral health and recovery organization's~~ allocated long-term inpatient treatment capacity in the community, rather than in the state hospital. The performance contracts shall specify the number of patient days of care available for use by the ~~((regional support network)) behavioral health and recovery organization~~ in the state hospital.

(6) If a ~~((regional support network)) behavioral health and recovery organization~~ uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care, except during the period of July 1, 2012, through December 31, 2013, where reimbursements may be temporarily altered per section 204, chapter 4, Laws of 2013 2nd sp. sess. The reimbursement rate per day shall be the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the cost of operating the state hospital and, during the 2007-2009 fiscal biennium, implementing new services that will enable a ~~((regional support network)) behavioral health and recovery organization~~ to reduce its utilization of the state hospital. The department shall distribute the remaining half of such reimbursements among ~~((regional support networks)) behavioral health and recovery organizations~~ that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used.

Sec. 28. RCW 71.24.350 and 2013 c 23 s 189 are each amended to read as follows:

The department shall require each ~~((regional support network)) behavioral health and recovery organization~~ to provide for a separately funded mental health ombuds office in each ~~((regional support network)) behavioral health and recovery organization~~ that is independent of the ~~((regional support network)) behavioral health and recovery organization~~. The ombuds office shall maximize the use of consumer advocates.

Sec. 29. RCW 71.24.370 and 2006 c 333 s 103 are each amended to read as follows:

(1) Except for monetary damage claims which have been reduced to final judgment by a superior court, this section applies to all claims against the state, state agencies, state officials, or state employees that exist on or arise after March 29, 2006.

(2) Except as expressly provided in contracts entered into between the department and the ~~((regional support networks)) behavioral health and recovery organizations~~ after March 29, 2006, the entities identified in subsection (3) of this section shall have no claim for declaratory relief, injunctive relief, judicial review under chapter 34.05 RCW, or civil liability against the state or state agencies for actions or inactions performed pursuant to the administration of this chapter with regard to the following: (a) The allocation or payment of federal or state funds; (b) the use or allocation of state hospital beds; or (c) financial responsibility for the provision of inpatient mental health care.

(3) This section applies to counties, ~~((regional support networks)) behavioral health and recovery organizations~~, and entities which contract to provide ~~((regional support network)) behavioral health and recovery organization~~ services and their subcontractors, agents, or employees.

Sec. 30. RCW 71.24.455 and 1997 c 342 s 2 are each amended to read as follows:

(1) The secretary shall select and contract with a ~~((regional support network))~~ behavioral health and recovery organization or private provider to provide specialized access and services to ~~((mentally ill))~~ offenders with mental illness upon release from total confinement within the department of corrections who have been identified by the department of corrections and selected by the ~~((regional support network))~~ behavioral health and recovery organization or private provider as high-priority clients for services and who meet service program entrance criteria. The program shall enroll no more than twenty-five offenders at any one time, or a number of offenders that can be accommodated within the appropriated funding level, and shall seek to fill any vacancies that occur.

(2) Criteria shall include a determination by department of corrections staff that:

- (a) The offender suffers from a major mental illness and needs continued mental health treatment;
- (b) The offender's previous crime or crimes have been determined by either the court or department of corrections staff to have been substantially influenced by the offender's mental illness;
- (c) It is believed the offender will be less likely to commit further criminal acts if provided ongoing mental health care;
- (d) The offender is unable or unlikely to obtain housing and/or treatment from other sources for any reason; and
- (e) The offender has at least one year remaining before his or her sentence expires but is within six months of release to community housing and is currently housed within a work release facility or any department of corrections' division of prisons facility.

(3) The ~~((regional support network))~~ behavioral health and recovery organization or private provider shall provide specialized access and services to the selected offenders. The services shall be aimed at lowering the risk of recidivism. An oversight committee composed of a representative of the department, a representative of the selected ~~((regional support network))~~ behavioral health and recovery organization or private provider, and a representative of the department of corrections shall develop policies to guide the pilot program, provide dispute resolution including making determinations as to when entrance criteria or required services may be waived in individual cases, advise the department of corrections and the ~~((regional support network))~~ behavioral health and recovery organization or private provider on the selection of eligible offenders, and set minimum requirements for service contracts. The selected ~~((regional support network))~~ behavioral health and recovery organization or private provider shall implement the policies and service contracts. The following services shall be provided:

(a) Intensive case management to include a full range of intensive community support and treatment in client-to-staff ratios of not more than ten offenders per case manager including: (i) A minimum of weekly group and weekly individual counseling; (ii) home visits by the program manager at least two times per month; and (iii) counseling focusing on relapse prevention and past, current, or future behavior of the offender.

(b) The case manager shall attempt to locate and procure housing appropriate to the living and clinical needs of the offender and as needed to maintain the psychiatric stability of the offender. The entire range of emergency, transitional, and permanent housing and involuntary hospitalization must be considered as available housing options. A housing subsidy may be provided to offenders to defray housing costs up to a maximum of six thousand six hundred dollars per offender per year and be administered by

the case manager. Additional funding sources may be used to offset these costs when available.

(c) The case manager shall collaborate with the assigned prison, work release, or community corrections staff during release planning, prior to discharge, and in ongoing supervision of the offender while under the authority of the department of corrections.

(d) Medications including the full range of psychotropic medications including atypical antipsychotic medications may be required as a condition of the program. Medication prescription, medication monitoring, and counseling to support offender understanding, acceptance, and compliance with prescribed medication regimens must be included.

(e) A systematic effort to engage offenders to continuously involve themselves in current and long-term treatment and appropriate rehabilitative activities shall be made.

(f) Classes appropriate to the clinical and living needs of the offender and appropriate to his or her level of understanding.

(g) The case manager shall assist the offender in the application and qualification for entitlement funding, including medicaid, state assistance, and other available government and private assistance at any point that the offender is qualified and resources are available.

(h) The offender shall be provided access to daily activities such as drop-in centers, prevocational and vocational training and jobs, and volunteer activities.

(4) Once an offender has been selected into the pilot program, the offender shall remain in the program until the end of his or her sentence or unless the offender is released from the pilot program earlier by the department of corrections.

(5) Specialized training in the management and supervision of high-crime risk ~~((mentally ill))~~ offenders with mental illness shall be provided to all participating mental health providers by the department and the department of corrections prior to their participation in the program and as requested thereafter.

(6) The pilot program provided for in this section must be providing services by July 1, 1998.

Sec. 31. RCW 71.24.470 and 2009 c 319 s 1 are each amended to read as follows:

(1) The secretary shall contract, to the extent that funds are appropriated for this purpose, for case management services and such other services as the secretary deems necessary to assist offenders identified under RCW 72.09.370 for participation in the offender reentry community safety program. The contracts may be with ~~((regional support networks))~~ behavioral health and recovery organizations or any other qualified and appropriate entities.

(2) The case manager has the authority to assist these offenders in obtaining the services, as set forth in the plan created under RCW 72.09.370(2), for up to five years. The services may include coordination of mental health services, assistance with unfunded medical expenses, obtaining chemical dependency treatment, housing, employment services, educational or vocational training, independent living skills, parenting education, anger management services, and such other services as the case manager deems necessary.

(3) The legislature intends that funds appropriated for the purposes of RCW 72.09.370, 71.05.145, and 71.05.212, and this section and distributed to the ~~((regional support networks))~~ behavioral health and recovery organizations are to supplement and not to supplant general funding. Funds appropriated to implement RCW 72.09.370, 71.05.145, and 71.05.212, and this section are not to be considered available resources as defined in RCW 71.24.025 and are not subject to the priorities, terms, or conditions in the appropriations act established pursuant to RCW 71.24.035.

(4) The offender reentry community safety program was formerly known as the community integration assistance program. **Sec. 32.** RCW 71.24.480 and 2009 c 319 s 2 are each amended to read as follows:

(1) A licensed service provider or (~~(regional support network)~~) behavioral health and recovery organization, acting in the course of the provider's or (~~(network's)~~) organization's duties under this chapter, is not liable for civil damages resulting from the injury or death of another caused by a participant in the offender reentry community safety program who is a client of the provider or (~~(network)~~) organization, unless the act or omission of the provider or (~~(network)~~) organization constitutes:

- (a) Gross negligence;
- (b) Willful or wanton misconduct; or
- (c) A breach of the duty to warn of and protect from a

client's threatened violent behavior if the client has communicated a serious threat of physical violence against a reasonably ascertainable victim or victims.

(2) In addition to any other requirements to report violations, the licensed service provider and (~~(regional support network)~~) behavioral health and recovery organization shall report an offender's expressions of intent to harm or other predatory behavior, regardless of whether there is an ascertainable victim, in progress reports and other established processes that enable courts and supervising entities to assess and address the progress and appropriateness of treatment.

(3) A licensed service provider's or (~~(regional support network's)~~) behavioral health and recovery organization's mere act of treating a participant in the offender reentry community safety program is not negligence. Nothing in this subsection alters the licensed service provider's or (~~(regional support network's)~~) behavioral health and recovery organization's normal duty of care with regard to the client.

(4) The limited liability provided by this section applies only to the conduct of licensed service providers and (~~(regional support networks)~~) behavioral health and recovery organizations and does not apply to conduct of the state.

(5) For purposes of this section, "participant in the offender reentry community safety program" means a person who has been identified under RCW 72.09.370 as an offender who: (a) Is reasonably believed to be dangerous to himself or herself or others; and (b) has a mental disorder.

Sec. 33. RCW 71.24.845 and 2013 c 230 s 1 are each amended to read as follows:

The (~~(regional support networks)~~) behavioral health and recovery organizations shall jointly develop a uniform transfer agreement to govern the transfer of clients between (~~(regional support networks)~~) behavioral health and recovery organizations. By September 1, 2013, the (~~(regional support networks)~~) behavioral health and recovery organizations shall submit the uniform transfer agreement to the department. By December 1, 2013, the department shall establish guidelines to implement the uniform transfer agreement and may modify the uniform transfer agreement as necessary to avoid impacts on state administrative systems.

Sec. 34. RCW 71.24.055 and 2007 c 359 s 4 are each amended to read as follows:

As part of the system transformation initiative, the department of social and health services shall undertake the following activities related specifically to children's mental health services:

(1) The development of recommended revisions to the access to care standards for children. The recommended revisions shall reflect the policies and principles set out in RCW 71.36.005, 71.36.010, and 71.36.025, and recognize that early identification, intervention and prevention services, and brief intervention

services may be provided outside of the (~~(regional support network)~~) behavioral health and recovery organization system. Revised access to care standards shall assess a child's need for mental health services based upon the child's diagnosis and its negative impact upon his or her persistent impaired functioning in family, school, or the community, and should not solely condition the receipt of services upon a determination that a child is engaged in high risk behavior or is in imminent need of hospitalization or out-of-home placement. Assessment and diagnosis for children under five years of age shall be determined using a nationally accepted assessment tool designed specifically for children of that age. The recommendations shall also address whether amendments to RCW 71.24.025 (~~((26) and~~) (27) and (28)) and 71.24.035(5) are necessary to implement revised access to care standards;

(2) Development of a revised children's mental health benefit package. The department shall ensure that services included in the children's mental health benefit package reflect the policies and principles included in RCW 71.36.005 and 71.36.025, to the extent allowable under medicaid, Title XIX of the federal social security act. Strong consideration shall be given to developmentally appropriate evidence-based and research-based practices, family-based interventions, the use of natural and peer supports, and community support services. This effort shall include a review of other states' efforts to fund family-centered children's mental health services through their medicaid programs;

(3) Consistent with the timeline developed for the system transformation initiative, recommendations for revisions to the children's access to care standards and the children's mental health services benefits package shall be presented to the legislature by January 1, 2009.

Sec. 35. RCW 71.24.065 and 2007 c 359 s 10 are each amended to read as follows:

To the extent funds are specifically appropriated for this purpose, the department of social and health services shall contract for implementation of a wraparound model of integrated children's mental health services delivery in up to four (~~(regional support network)~~) behavioral health and recovery organization regions in Washington state in which wraparound programs are not currently operating, and in up to two (~~(regional support network)~~) behavioral health and recovery organization regions in which wraparound programs are currently operating. Contracts in regions with existing wraparound programs shall be for the purpose of expanding the number of children served.

(1) Funding provided may be expended for: Costs associated with a request for proposal and contracting process; administrative costs associated with successful bidders' operation of the wraparound model; the evaluation under subsection (5) of this section; and funding for services needed by children enrolled in wraparound model sites that are not otherwise covered under existing state programs. The services provided through the wraparound model sites shall include, but not be limited to, services covered under the medicaid program. The department shall maximize the use of medicaid and other existing state-funded programs as a funding source. However, state funds provided may be used to develop a broader service package to meet needs identified in a child's care plan. Amounts provided shall supplement, and not supplant, state, local, or other funding for services that a child being served through a wraparound site would otherwise be eligible to receive.

(2) The wraparound model sites shall serve children with serious emotional or behavioral disturbances who are at high risk of residential or correctional placement or psychiatric hospitalization, and who have been referred for services from the department, a county juvenile court, a tribal court, a school, or a licensed mental health provider or agency.

(3) Through a request for proposal process, the department shall contract, with ~~((regional support networks))~~ behavioral health and recovery organizations, alone or in partnership with either educational service districts or entities licensed to provide mental health services to children with serious emotional or behavioral disturbances, to operate the wraparound model sites. The contractor shall provide care coordination and facilitate the delivery of services and other supports to families using a strength-based, highly individualized wraparound process. The request for proposal shall require that:

(a) The ~~((regional support network))~~ behavioral health and recovery organization agree to use its medicaid revenues to fund services included in the existing ~~((regional support networks))~~ behavioral health and recovery organization's benefit package that a medicaid-eligible child participating in the wraparound model site is determined to need;

(b) The contractor provide evidence of commitments from at least the following entities to participate in wraparound care plan development and service provision when appropriate: Community mental health agencies, schools, the department of social and health services children's administration, juvenile courts, the department of social and health services juvenile rehabilitation administration, and managed health care systems contracting with the department under RCW 74.09.522; and

(c) The contractor will operate the wraparound model site in a manner that maintains fidelity to the wraparound process as defined in RCW 71.36.010.

(4) Contracts for operation of the wraparound model sites shall be executed on or before April 1, 2008, with enrollment and service delivery beginning on or before July 1, 2008.

(5) The evidence-based practice institute established in RCW 71.24.061 shall evaluate the wraparound model sites, measuring outcomes for children served. Outcomes measured shall include, but are not limited to: Decreased out-of-home placement, including residential, group, and foster care, and increased stability of such placements, school attendance, school performance, recidivism, emergency room utilization, involvement with the juvenile justice system, decreased use of psychotropic medication, and decreased hospitalization.

(6) The evidence-based practice institute shall provide a report and recommendations to the appropriate committees of the legislature by December 1, 2010.

Sec. 36. RCW 71.24.240 and 2005 c 503 s 10 are each amended to read as follows:

In order to establish eligibility for funding under this chapter, any ~~((regional support network))~~ behavioral health and recovery organization seeking to obtain federal funds for the support of any aspect of a community mental health program as defined in this chapter shall submit program plans to the secretary for prior review and approval before such plans are submitted to any federal agency.

Sec. 37. RCW 71.24.320 and 2008 c 261 s 5 are each amended to read as follows:

(1) If an existing ~~((regional support network))~~ behavioral health and recovery organization chooses not to respond to a request for ~~((qualifications))~~ a detailed plan, or is unable to substantially meet the requirements of a request for ~~((qualifications))~~ a detailed plan, or notifies the department of social and health services it will no longer serve as a ~~((regional support network))~~ behavioral health and recovery organization, the department shall utilize a procurement process in which other entities recognized by the secretary may bid to serve as the ~~((regional support network))~~ behavioral health and recovery organization.

(a) The request for proposal shall include a scoring factor for proposals that include additional financial resources beyond that provided by state appropriation or allocation.

(b) The department shall provide detailed briefings to all bidders in accordance with department and state procurement policies.

(c) The request for proposal shall also include a scoring factor for proposals submitted by nonprofit entities that include a component to maximize the utilization of state provided resources and the leverage of other funds for the support of mental health services to persons with mental illness.

(2) A ~~((regional support network))~~ behavioral health and recovery organization that voluntarily terminates, refuses to renew, or refuses to sign a mandatory amendment to its contract to act as a ~~((regional support network))~~ behavioral health and recovery organization is prohibited from responding to a procurement under this section or serving as a ~~((regional support network))~~ behavioral health and recovery organization for five years from the date that the department signs a contract with the entity that will serve as the ~~((regional support network))~~ behavioral health and recovery organization.

Sec. 38. RCW 71.24.330 and 2013 c 320 s 9 are each amended to read as follows:

(1)(a) Contracts between a ~~((regional support network))~~ behavioral health and recovery organization and the department shall include mechanisms for monitoring performance under the contract and remedies for failure to substantially comply with the requirements of the contract including, but not limited to, financial penalties, termination of the contract, and reprourement of the contract.

(b) The department shall incorporate the criteria to measure the performance of service coordination organizations into contracts with ~~((regional support networks))~~ behavioral health and recovery organizations as provided in chapter 70.320 RCW.

(2) The ~~((regional support network))~~ behavioral health and recovery organization procurement processes shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. However, a ~~((regional support network))~~ behavioral health and recovery organization selected through the procurement process is not required to contract for services with any county-owned or operated facility. The ~~((regional support network))~~ behavioral health and recovery organization procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the ~~((regional support network))~~ behavioral health and recovery organization does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices;

(d) Maintain the decision-making independence of designated mental health professionals;

(e) Except at the discretion of the secretary or as specified in the biennial budget, require ~~((regional support~~

~~networks~~) behavioral health and recovery organizations to pay the state for the costs associated with individuals who are being served on the grounds of the state hospitals and who are not receiving long-term inpatient care as defined in RCW 71.24.025;

(f) Include a negotiated alternative dispute resolution clause; and

(g) Include a provision requiring either party to provide one hundred eighty days' notice of any issue that may cause either party to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to act as a ~~((regional support network))~~ behavioral health and recovery organization. If either party decides to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to serve as a ~~((regional support network))~~ behavioral health and recovery organization they shall provide ninety days' advance notice in writing to the other party.

Sec. 39. RCW 71.24.360 and 2012 c 91 s 1 are each amended to read as follows:

(1) The department may establish new ~~((regional support network))~~ behavioral health and recovery organization boundaries in any part of the state:

(a) Where more than one ~~((network))~~ organization chooses not to respond to, or is unable to substantially meet the requirements of, the request for ~~((qualifications))~~ a detailed plan under RCW 71.24.320;

(b) Where a ~~((regional support network))~~ behavioral health and recovery organization is subject to reprourement under RCW 71.24.330; or

(c) Where two or more ~~((regional support networks))~~ behavioral health and recovery organizations propose to reconfigure themselves to achieve consolidation, in which case the procurement process described in RCW 71.24.320 and 71.24.330(2) does not apply.

(2) The department may establish no fewer than six and no more than fourteen ~~((regional support networks))~~ behavioral health and recovery organizations under this chapter. No entity shall be responsible for more than three ~~((regional support networks))~~ behavioral health and recovery organizations.

Sec. 40. RCW 71.24.405 and 2001 c 323 s 19 are each amended to read as follows:

The department shall establish a comprehensive and collaborative effort within ~~((regional support networks))~~ behavioral health and recovery organizations and with local mental health service providers aimed at creating innovative and streamlined community mental health service delivery systems, in order to carry out the purposes set forth in RCW 71.24.400 and to capture the diversity of the community mental health service delivery system.

The department must accomplish the following:

(1) Identification, review, and cataloging of all rules, regulations, duplicative administrative and monitoring functions, and other requirements that currently lead to inefficiencies in the community mental health service delivery system and, if possible, eliminate the requirements;

(2) The systematic and incremental development of a single system of accountability for all federal, state, and local funds provided to the community mental health service delivery system. Systematic efforts should be made to include federal and local funds into the single system of accountability;

(3) The elimination of process regulations and related contract and reporting requirements. In place of the regulations and requirements, a set of outcomes for mental health adult and children clients according to chapter 71.24 RCW must be used to measure the performance of mental health service providers and ~~((regional support networks))~~ behavioral health and recovery organizations. Such outcomes shall focus on stabilizing out-of-

home and hospital care, increasing stable community living, increasing age-appropriate activities, achieving family and consumer satisfaction with services, and system efficiencies;

(4) Evaluation of the feasibility of contractual agreements between the department of social and health services and ~~((regional support networks))~~ behavioral health and recovery organizations and mental health service providers that link financial incentives to the success or failure of mental health service providers and ~~((regional support networks))~~ behavioral health and recovery organizations to meet outcomes established for mental health service clients;

(5) The involvement of mental health consumers and their representatives. Mental health consumers and their representatives will be involved in the development of outcome standards for mental health clients under section 5 of this act; and

(6) An independent evaluation component to measure the success of the department in fully implementing the provisions of RCW 71.24.400 and this section.

Sec. 41. RCW 71.24.430 and 2001 c 323 s 3 are each amended to read as follows:

(1) The department shall ensure the coordination of allied services for mental health clients. The department shall implement strategies for resolving organizational, regulatory, and funding issues at all levels of the system, including the state, the ~~((regional support networks))~~ behavioral health and recovery organizations, and local service providers.

(2) The department shall propose, in operating budget requests, transfers of funding among programs to support collaborative service delivery to persons who require services from multiple department programs. The department shall report annually to the appropriate committees of the senate and house of representatives on the actions and projects it has taken to promote collaborative service delivery.

Sec. 42. RCW 74.09.522 and 2013 2nd sp.s. c 17 s 13 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under this chapter and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(b) "Nonparticipating provider" means a person, health care provider, practitioner, facility, or entity, acting within their scope of practice, that does not have a written contract to participate in a managed health care system's provider network, but provides health care services to enrollees of programs authorized under this chapter whose health care services are provided by the managed health care system.

(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(e)(i) In negotiating with managed health care systems the authority shall adopt a uniform procedure to enter into contractual arrangements, to be included in contracts issued or renewed on or after January 1, 2015, including:

(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(B) Contracts that include the items in (e)(i)(C) through (G) of this subsection must not exceed the rates that would be paid in the absence of these provisions;

(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;

(h) The authority shall define those circumstances under which a managed health care system is responsible for out-of-plan

services and assure that recipients shall not be charged for such services;

(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and

(j) The authority must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;

(v) Payment rates; and

(vi) The ability to meet other specifically defined contract requirements established by the authority, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The authority shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the Washington state health care authority to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the authority and contract bidders or the authority and contracting

carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document.

(6) The authority may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) By April 1, 2016, any contract with a managed health care system to provide services to medical assistance enrollees shall require that managed health care systems offer contracts to behavioral health and recovery organizations, mental health providers, or chemical dependency treatment providers to provide access to primary care services integrated into behavioral health clinical settings, for individuals with behavioral health and medical comorbidities.

(8) Managed health care system contracts effective on or after April 1, 2016, shall serve geographic areas that correspond to the regional service areas established in section 2 of this act.

(9) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state.

~~((8))~~ (10) For services covered under this chapter to medical assistance or medical care services enrollees and provided on or after August 24, 2011, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under subsection (7) of this section in addition to any deductible, coinsurance, or copayment that is due from the enrollee for the service provided. An enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract to provide services under this section.

~~((9))~~ (11) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the authority, including hospital-based physician services. The authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the authority will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

~~((10))~~ (12) Payments under RCW 74.60.130 are exempt from this section.

~~((11))~~ (13) Subsections ~~((7))~~ (9) through ~~((9))~~ (11) of this section expire July 1, 2016.

If the person has been released on probation, bond, or bail, the examination shall occur wherever is appropriate.

Upon completion of any examination by the designated mental health professional or the county-designated chemical dependency specialist, the results of the examination shall be sent to the court, and the court shall consider those results in making any determination about the person.

The designated mental health professional and county-designated chemical dependency specialist shall, to the extent permitted by law, notify a parent or guardian of the person that an examination and evaluation has taken place and the results of the examination. (1) When a police officer has reasonable cause to believe that the individual has committed acts constituting a nonfelony crime that is not a serious offense as identified in RCW 10.77.092 and the individual is known by history or consultation with the ((regional support network)) behavioral health and recovery organization to suffer from a mental disorder, the arresting officer may:

(a) Take the individual to a crisis stabilization unit as defined in RCW 71.05.020(6). Individuals delivered to a crisis stabilization unit pursuant to this section may be held by the facility for a period of up to twelve hours. The individual must be

(5) If an individual violates such agreement and the mental health treatment alternative is no longer appropriate:

(a) The mental health provider shall inform the referring law enforcement agency of the violation; and

(b) The original charges may be filed or referred to the prosecutor, as appropriate, and the matter may proceed accordingly.

(2) A person who holds a credential as a "certified chemical dependency professional" or a "certified chemical dependency professional trainee" may use such title when treating patients in settings other than programs approved under chapter 70.96A RCW if the person also holds a license as: An advanced registered nurse practitioner under chapter 18.79 RCW; a marriage and family therapist, mental health counselor, advanced social worker, or independent clinical social health worker under chapter 18.225 RCW; a psychologist under chapter 18.83 RCW; an osteopathic physician under chapter 18.57 RCW; an osteopathic physician assistant under chapter 18.57A RCW; a physician under chapter 18.71 RCW; or a physician assistant under chapter 18.71A RCW.

Sec. 93. RCW 70.96A.350 and 2013 2nd sp.s. c 4 s 990 are each amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance abuse treatment and treatment support services for offenders with an addiction or a substance abuse problem that,

if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of drug and alcohol treatment services and treatment support services for nonviolent offenders within a drug court program; (c) the administrative and overhead costs associated with the operation of a drug court; and (d) during the 2011-2013 biennium, the legislature may appropriate up to three million dollars from the account in order to offset reductions in the state general fund for treatment services provided by counties. This amount is not subject to the requirements of subsections (5) through (9) of this section. During the 2013-2015 fiscal biennium, the legislature may transfer from the criminal justice treatment account to the state general fund amounts as reflect the state savings associated with the implementation of the medicaid expansion of the federal affordable care act. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance abuse treatment program, but does not include the following services: Housing other than that provided as part of an inpatient substance abuse treatment program, vocational training, and mental health counseling; and

(b) "Treatment support" means transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal biennium beginning July 1, 2003, the state treasurer shall transfer eight million nine hundred fifty thousand dollars from the general fund into the criminal justice treatment account, divided into eight equal quarterly payments. For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the division of alcohol and substance abuse for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the division of alcohol and substance abuse from the criminal justice treatment account shall be distributed as specified in this subsection. The department shall serve as the fiscal agent for purposes of distribution. Until July 1, 2004, the department may not use moneys appropriated from the criminal justice treatment account for administrative expenses and shall distribute all amounts appropriated under subsection (4)(b) of this section in accordance with this subsection. Beginning in July 1, 2004, the department may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the division from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The division of alcohol and substance abuse, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives

of the criminal defense bar, representatives of substance abuse treatment providers, and any other person deemed by the division to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the division from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The division shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, substance abuse treatment providers, and the division. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The funds shall be used solely to provide approved alcohol and substance abuse treatment pursuant to RCW 70.96A.090, treatment support services, and for the administrative and overhead costs associated with the operation of a drug court.

(a) No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent on the administrative and overhead costs associated with the operation of a drug court.

(b) No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(7) Counties are encouraged to consider regional agreements and submit regional plans for the efficient delivery of treatment under this section.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) Counties must meet the criteria established in RCW 2.28.170(3)(b).

(10) The authority under this section to use funds from the criminal justice treatment account for the administrative and overhead costs associated with the operation of a drug court expires June 30, 2015.

(11) Expenditures from the criminal justice treatment account may only be used for the purposes set out in this section and does not include managed care purchasing for medicaid enrollees.

Sec. 94. RCW 70.320.020 and 2013 c 320 s 2 are each amended to read as follows:

(1) The authority and the department shall base contract performance measures developed under RCW 70.320.030 on the following outcomes when contracting with service contracting entities: Improvements in client health status and wellness;

(a) Maximization of the use of evidence-based practices will be given priority over the use of research-based and promising practices, and research-based practices will be given priority over the use of promising practices. The agencies will develop strategies to identify programs that are effective with ethnically diverse clients and to consult with tribal governments, experts within ethnically diverse communities and community organizations that serve diverse communities;

(b) The maximization of the client's independence, recovery, and employment;

(c) The maximization of the client's participation in treatment decisions; and

The authority and the department may adapt the outcomes to account for the unique needs and characteristics of discrete subcategories of populations receiving services, including ethnically diverse communities.

(4) The authority and the department shall coordinate the establishment of the expected outcomes and the performance measures between each agency as well as each program to identify expected outcomes and performance measures that are common to the clients enrolled in multiple programs and to eliminate conflicting standards among the agencies and programs.

(5)(a) The authority and the department shall establish timelines and mechanisms for service contracting entities to report data related to performance measures and outcomes, including phased implementation of public reporting of outcome and performance measures in a form that allows for comparison of performance measures and levels of improvement between geographic regions of Washington.

(b) The authority and the department may not release any public reports of client outcomes unless the data have been deidentified and aggregated in such a way that the identity of individual clients cannot be determined through directly identifiable data or the combination of multiple data elements.

NEW SECTION. Sec. 95. A new section is added to chapter 70.24 RCW to read as follows:

(1) The department and the health care authority shall develop a plan to provide integrated managed health and mental health care for foster children receiving care through the medical assistance program. The plan shall detail the steps necessary to implement and operate a fully integrated program for foster children, including development of a service delivery system, benefit design, reimbursement mechanisms, and standards for contracting with health plans. The plan must be designed so that all of the requirements for providing mental health services to children under the *T.R. v. Dreyfus and Porter* settlement are met. The plan shall include an implementation timeline and funding estimate. The department and the health care authority shall submit the plan to the legislature by December 1, 2014.

(2) This section expires July 1, 2015.

NEW SECTION. Sec. 96. Section 1 of this act is necessary for the immediate preservation of the public peace, health, or safety, or

support of the state government and its existing public institutions, and takes effect immediately.

(4) Consideration must be given to using multiple-biennia contracting periods.

(5) Each behavioral health and recovery organization operating pursuant to a contract issued under this section shall enroll clients within its regional service area who meet the department's eligibility criteria for mental health and chemical dependency services.

NEW SECTION. Sec. 98. A new section is added to chapter 71.24 RCW to read as follows:

(1) The secretary shall purchase mental health and chemical dependency treatment services primarily through managed care contracting, but may continue to purchase behavioral health services from tribal clinics and other tribal providers.

service area that meet eligibility criteria for services, ability to maintain and manage adequate reserves, and maintenance of quality assurance processes. Any responding entity that submits a detailed plan that demonstrates that it can meet the requirements of this section must be awarded the contract to serve as the behavioral health and recovery organization.

(b)(i) For purposes of responding to the request for a detailed plan under (a) of this subsection, the entities from which a plan will be requested are:

(B) In the event that a county has made a decision prior to January 1, 2014, not to contract as a regional support network, any private entity that serves as the regional support network for that area;

(C) All counties within a regional service area that includes more than one county, which shall form a responding entity through the adoption of an interlocal agreement. The interlocal agreement must specify the terms by which the responding entity shall serve as the behavioral health and recovery organization within the regional service area.

(ii) In the event that a regional service area is comprised of multiple counties including one that has made a decision prior to January 1, 2014, not to contract as a regional support network, the counties shall adopt an interlocal agreement and may respond to the request for a detailed plan under (a) of this subsection and the private entity may also respond to the request for a detailed plan.

(3) Contracts for behavioral health and recovery organizations must begin on April 1, 2016.

(4) Upon request of one or more county authorities, the department and the health care authority may jointly purchase behavioral health services through an integrated medical and behavioral health services contract with a behavioral health and recovery organization or a managed health care system as defined in RCW 74.09.522. Sec. 99. RCW 71.24.015 and 2005 c 503 s 1 are each amended to read as follows:

It is the intent of the legislature to establish a community mental health program which shall help people experiencing mental illness to retain a respected and productive position in the community. This will be accomplished through programs that focus on resilience and recovery, and practices that are evidence-based, research-based, consensus-based, or, where these do not exist, promising or emerging best practices, which provide for:

(1) Access to mental health services for adults (~~(of the state who are acutely mentally ill, chronically mentally ill,)~~ with acute mental illness, chronic mental illness, or who are seriously disturbed and children (~~(of the state who are acutely mentally ill)~~ with acute mental illness, or who are severely emotionally disturbed, or seriously disturbed, which services recognize the special needs of underserved populations, including minorities, children, the elderly, (~~(disabled)~~ individuals with disabilities, and low-income persons. Access to mental health services shall not be limited by a person's history of confinement in a state, federal, or local correctional facility. It is also the purpose of this chapter to promote the early identification of (~~(mentally ill)~~ children with mental illness and to ensure that they receive the mental health care and treatment which is appropriate to their developmental level. This care should improve home, school, and community functioning, maintain children in a safe and nurturing home environment, and should enable treatment decisions to be made in response to clinical needs in accordance with sound professional judgment while also recognizing parents' rights to participate in treatment decisions for their children;

(2) The involvement of persons with mental illness, their family members, and advocates in designing and implementing mental health services that reduce unnecessary hospitalization and incarceration and promote the recovery and employment of persons with mental illness. To improve the quality of services available and promote the rehabilitation, recovery, and reintegration of persons with mental illness, consumer and advocate participation in mental health services is an integral part of the community mental health system and shall be supported;

(3) Accountability of efficient and effective services through state-of-the-art outcome and performance measures and statewide standards for monitoring client and system outcomes, performance, and reporting of client and system outcome information. These processes shall be designed so as to maximize the use of available resources for direct care of people with a mental illness and to assure uniform data collection across the state;

(4) Minimum service delivery standards;

(5) Priorities for the use of available resources for the care of ~~((the mentally ill))~~ individuals with mental illness consistent with the priorities defined in the statute;

(6) Coordination of services within the department, including those divisions within the department that provide services to children, between the department and the office of the superintendent of public instruction, and among state mental hospitals, county authorities, ~~((regional support networks))~~ behavioral health and recovery organizations, community mental health services, and other support services, which shall to the maximum extent feasible also include the families of ~~((the mentally ill))~~ individuals with mental illness, and other service providers; and

(7) Coordination of services aimed at reducing duplication in service delivery and promoting complementary services among all entities that provide mental health services to adults and children.

It is the policy of the state to encourage the provision of a full range of treatment and rehabilitation services in the state for mental disorders including services operated by consumers and advocates. The legislature intends to encourage the development of regional mental health services with adequate local flexibility to assure eligible people in need of care access to the least-restrictive treatment alternative appropriate to their needs, and the availability of treatment components to assure continuity of care. To this end, counties ~~((are encouraged to))~~ must enter into joint operating agreements with other counties to form regional systems of care that are consistent with the regional service areas established under section 2 of this act. Regional systems of care, whether operated by a county, group of counties, or another entity shall integrate planning, administration, and service delivery duties under chapters 71.05 and 71.24 RCW to consolidate administration, reduce administrative layering, and reduce administrative costs. The legislature hereby finds and declares that sound fiscal management requires vigilance to ensure that funds appropriated by the legislature for the provision of needed community mental health programs and services are ultimately expended solely for the purpose for which they were appropriated, and not for any other purpose.

It is further the intent of the legislature to integrate the provision of services to provide continuity of care through all phases of treatment. To this end, the legislature intends to promote active engagement with ~~((mentally ill))~~ persons with mental illness and collaboration between families and service providers.

Sec. 100. RCW 71.24.016 and 2006 c 333 s 102 are each amended to read as follows:

(1) The legislature intends that eastern and western state hospitals shall operate as clinical centers for handling the most

complicated long-term care needs of patients with a primary diagnosis of mental disorder. It is further the intent of the legislature that the community mental health service delivery system focus on maintaining ~~((mentally ill))~~ individuals with mental illness in the community. The program shall be evaluated and managed through a limited number of outcome and performance measures ~~((designed to hold each regional support network accountable for program success))~~, as provided in RCW 43.20A.895, 70.320.020, and 71.36.025.

(2) The legislature intends to address the needs of people with mental disorders with a targeted, coordinated, and comprehensive set of evidence-based practices that are effective in serving individuals in their community and will reduce the need for placements in state mental hospitals. The legislature further intends to explicitly hold ~~((regional support networks))~~ behavioral health and recovery organizations accountable for serving people with mental disorders within the boundaries of their ~~((geographic boundaries))~~ regional service area and for not exceeding their allocation of state hospital beds. ~~((Within funds appropriated by the legislature for this purpose, regional support networks shall develop the means to serve the needs of people with mental disorders within their geographic boundaries. Elements of the program may include:~~

~~_____ (a) Crisis triage;~~

~~_____ (b) Evaluation and treatment and community hospital beds;~~

~~_____ (c) Residential beds;~~

~~_____ (d) Programs for community treatment teams; and~~

Efforts under this subsection should include a focus on appropriate oversight of implementation of evidence-based practices to ensure fidelity to these practices and thereby achieve positive outcomes;

The program shall be designed to promote more accurate diagnoses and treatment through timely case consultation between primary care providers and child psychiatric specialists, and focused educational learning collaboratives with primary care providers.

(2) The roles and responsibilities of the county and tribal authorities shall be determined by the terms of that agreement including a determination of membership on the governing board and advisory committees, the number of tribal representatives to be party to the agreement, and the provisions of law and shall assure the provision of culturally competent services to the tribes served.

(3) The state mental health authority may not determine the roles and responsibilities of county authorities as to each other under ~~((regional support networks))~~ behavioral health and recovery organizations by rule, except to assure that all duties required of ~~((regional support networks))~~ behavioral health and recovery organizations are assigned and that counties and the ~~((regional support network))~~ behavioral health and recovery organization do not duplicate functions and that a single authority has final responsibility for all available resources and performance under the ~~((regional support network's))~~ behavioral health and recovery organization's contract with the secretary.

Insofar as the original intent of serving persons in the community is maintained, the secretary is authorized to approve exceptions on a case-by-case basis to the requirement to provide evaluation and treatment services within the boundaries of each ~~((regional support network)) behavioral health and recovery organization~~. Such exceptions are limited to:

- (i) Contracts with neighboring or contiguous regions; or

The composition of the board shall be broadly representative of the demographic character of the region and shall include, but not be limited to, representatives of consumers and families, law enforcement, and where the county is not the ~~((regional support network)) behavioral health and recovery organization~~, county elected officials. Composition and length of terms of board members may differ between ~~((regional support networks)) behavioral health and recovery organizations~~ but shall be included in each ~~((regional support network's)) behavioral health and recovery organization's~~ contract and approved by the secretary.

(9) ~~((Regional support networks)) Behavioral health and recovery organizations~~ shall assume all duties specified in their plans and joint operating agreements through biennial contractual agreements with the secretary.

(10) ~~((Regional support networks)) Behavioral health and recovery organizations~~ may receive technical assistance from the housing trust fund and may identify and submit projects for housing and housing support services to the housing trust fund established under chapter 43.185 RCW. Sec. 121. RCW 71.24.310 and 2013 2nd sp. s. c 4 s 994 are each amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the ~~((regional support network)) behavioral health and recovery organization~~ defined in RCW 71.24.025. For this reason, the legislature intends that the department and the ~~((regional support networks)) behavioral health and recovery organizations~~ shall work together to implement chapter 71.05 RCW as follows:

(1) By June 1, 2006, ~~((regional support networks)) behavioral health and recovery organizations~~ shall recommend to the department the number of state hospital beds that should be allocated for use by each ~~((regional support network)) behavioral health and recovery organization~~. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the ~~((regional support networks)) behavioral health and recovery organizations~~ regarding the number of state hospital beds that should be allocated for use by each ~~((regional support network)) behavioral health and recovery organization~~, the department shall contract with each ~~((regional support network)) behavioral health and recovery organization~~ accordingly.

(3) If there is not consensus among the ~~((regional support networks)) behavioral health and recovery organizations~~ regarding the number of beds that should be allocated for use by each ~~((regional support network)) behavioral health and recovery organization~~, the department shall establish by emergency rule the number of state hospital beds that are available for use by each ~~((regional support network)) behavioral health and recovery organization~~. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each ~~((regional support network)) behavioral health and recovery organization~~ area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5) The department is encouraged to enter performance-based contracts with ~~((regional support networks)) behavioral health and recovery organizations~~ to provide some or all of the ~~((regional support network's)) behavioral health and recovery organization's~~ allocated long-term inpatient treatment capacity in the community, rather than in the state hospital. The performance contracts shall specify the number of patient days of care available for use by the ~~((regional support network)) behavioral health and recovery organization~~ in the state hospital.

(6) If a ~~((regional support network)) behavioral health and recovery organization~~ uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care, except during the period of July 1, 2012, through December 31, 2013, where reimbursements may be temporarily altered per section 204, chapter 4, Laws of 2013 2nd sp. sess. The reimbursement rate per day shall be the hospital's total annual

budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the cost of operating the state hospital and, during the 2007-2009 fiscal biennium, implementing new services that will enable a ((regional support network)) behavioral health and recovery organization to reduce its utilization of the state hospital. The department shall distribute the remaining half of such reimbursements among ((regional support networks)) behavioral health and recovery organizations that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used.

Sec. 122. RCW 71.24.350 and 2013 c 23 s 189 are each amended to read as follows:

The department shall require each ((regional support network)) behavioral health and recovery organization to provide for a separately funded mental health ombuds office in each ((regional support network)) behavioral health and recovery organization that is independent of the ((regional support network)) behavioral health and recovery organization. The ombuds office shall maximize the use of consumer advocates.

Sec. 123. RCW 71.24.370 and 2006 c 333 s 103 are each amended to read as follows:

(1) Except for monetary damage claims which have been reduced to final judgment by a superior court, this section applies to all claims against the state, state agencies, state officials, or state employees that exist on or arise after March 29, 2006.

(2) Except as expressly provided in contracts entered into between the department and the ((regional support networks)) behavioral health and recovery organizations after March 29, 2006, the entities identified in subsection (3) of this section shall have no claim for declaratory relief, injunctive relief, judicial review under chapter 34.05 RCW, or civil liability against the state or state agencies for actions or inactions performed pursuant to the administration of this chapter with regard to the following: (a) The allocation or payment of federal or state funds; (b) the use or allocation of state hospital beds; or (c) financial responsibility for the provision of inpatient mental health care.

(3) This section applies to counties, ((regional support networks)) behavioral health and recovery organizations, and entities which contract to provide ((regional support network)) behavioral health and recovery organization services and their subcontractors, agents, or employees.

The program shall enroll no more than twenty-five offenders at any one time, or a number of offenders that can be accommodated within the appropriated funding level, and shall seek to fill any vacancies that occur.

(2) Criteria shall include a determination by department of corrections staff that:

(b) The offender's previous crime or crimes have been determined by either the court or department of corrections staff to have been substantially influenced by the offender's mental illness;

(c) It is believed the offender will be less likely to commit further criminal acts if provided ongoing mental health care;

(d) The offender is unable or unlikely to obtain housing and/or treatment from other sources for any reason; and

(e) The offender has at least one year remaining before his or her sentence expires but is within six months of release to community housing and is currently housed within a work release facility or any department of corrections' division of prisons facility.

(3) The ((regional support network)) behavioral health and recovery organization or private provider shall provide specialized access and services to the selected offenders. The services shall be aimed at lowering the risk of recidivism. An oversight committee composed of a representative of the department, a representative of the selected ((regional support network)) behavioral health and recovery organization or private provider, and a representative of the department of corrections shall develop policies to guide the pilot program, provide dispute resolution including making determinations as to when entrance criteria or required services may be waived in individual cases, advise the department of corrections and the ((regional support network)) behavioral health and recovery organization or private provider on the selection of eligible offenders, and set minimum requirements for service contracts. The selected ((regional support network)) behavioral health and recovery organization or private provider shall implement the policies and service contracts. The following services shall be provided:

(a) Intensive case management to include a full range of intensive community support and treatment in client-to-staff ratios of not more than ten offenders per case manager including: (i) A minimum of weekly group and weekly individual counseling; (ii) home visits by the program manager at least two times per month; and (iii) counseling focusing on relapse prevention and past, current, or future behavior of the offender.

Additional funding sources may be used to offset these costs when available.

(c) The case manager shall collaborate with the assigned prison, work release, or community corrections staff during release planning, prior to discharge, and in ongoing supervision of the offender while under the authority of the department of corrections.

(d) Medications including the full range of psychotropic medications including atypical antipsychotic medications may be required as a condition of the program. Medication prescription, medication monitoring, and counseling to support offender understanding, acceptance, and compliance with prescribed medication regimens must be included.

(e) A systematic effort to engage offenders to continuously involve themselves in current and long-term treatment and appropriate rehabilitative activities shall be made.

(f) Classes appropriate to the clinical and living needs of the offender and appropriate to his or her level of understanding.

(g) The case manager shall assist the offender in the application and qualification for entitlement funding, including medicaid, state assistance, and other available government and private assistance at any point that the offender is qualified and resources are available.

(h) The offender shall be provided access to daily activities such as drop-in centers, prevocational and vocational training and jobs, and volunteer activities.

(4) Once an offender has been selected into the pilot program, the offender shall remain in the program until the end of his or her sentence or unless the offender is released from the pilot program earlier by the department of corrections.

(5) Specialized training in the management and supervision of high- crime risk (~~(mentally ill)~~) offenders with mental illness shall be provided to all participating mental health providers by the department and the department of corrections prior to their participation in the program and as requested thereafter.

(6) The pilot program provided for in this section must be providing services by July 1, 1998.

Sec. 125. RCW 71.24.470 and 2009 c 319 s 1 are each amended to read as follows:

(1) The secretary shall contract, to the extent that funds are appropriated for this purpose, for case management services and such other services as the secretary deems necessary to assist offenders identified under RCW 72.09.370 for participation in the offender reentry community safety program. The contracts may be with ~~((regional support networks))~~ behavioral health and recovery organizations or any other qualified and appropriate entities.

(2) The case manager has the authority to assist these offenders in obtaining the services, as set forth in the plan created under RCW 72.09.370(2), for up to five years. The services may include coordination of mental health services, assistance with unfunded medical expenses, obtaining chemical dependency treatment, housing, employment services, educational or vocational training, independent living skills, parenting education, anger management services, and such other services as the case manager deems necessary.

(3) The legislature intends that funds appropriated for the purposes of RCW 72.09.370, 71.05.145, and 71.05.212, and this section and distributed to the ~~((regional support networks))~~ behavioral health and recovery organizations are to supplement and not to supplant general funding. Funds appropriated to implement RCW 72.09.370, 71.05.145, and 71.05.212, and this section are not to be considered available resources as defined in RCW 71.24.025 and are not subject to the priorities, terms, or conditions in the appropriations act established pursuant to RCW 71.24.035.

(4) The offender reentry community safety program was formerly known as the community integration assistance program. **Sec. 126.** RCW 71.24.480 and 2009 c 319 s 2 are each amended to read as follows:

(1) A licensed service provider or ~~((regional support network))~~ behavioral health and recovery organization, acting in the course of the provider's or ~~((network's))~~ organization's duties under this chapter, is not liable for civil damages resulting from the injury or death of another caused by a participant in the offender reentry community safety program who is a client of the provider or ~~((network))~~ organization, unless the act or omission of the provider or ~~((network))~~ organization constitutes:

- (a) Gross negligence;
- (b) Willful or wanton misconduct; or
- (c) A breach of the duty to warn of and protect from a

client's threatened violent behavior if the client has communicated a serious threat of physical violence against a reasonably ascertainable victim or victims.

(2) In addition to any other requirements to report violations, the licensed service provider and ~~((regional support network))~~ behavioral health and recovery organization shall report an offender's expressions of intent to harm or other predatory behavior, regardless of whether there is an ascertainable victim, in

progress reports and other established processes that enable courts and supervising entities to assess and address the progress and appropriateness of treatment.

(3) A licensed service provider's or ~~((regional support network's))~~ behavioral health and recovery organization's mere act of treating a participant in the offender reentry community safety program is not negligence. Nothing in this subsection alters the licensed service provider's or ~~((regional support network's))~~ behavioral health and recovery organization's normal duty of care with regard to the client.

(4) The limited liability provided by this section applies only to the conduct of licensed service providers and ~~((regional support networks))~~ behavioral health and recovery organizations and does not apply to conduct of the state.

(5) For purposes of this section, "participant in the offender reentry community safety program" means a person who has been identified under RCW 72.09.370 as an offender who: (a) Is reasonably believed to be dangerous to himself or herself or others; and (b) has a mental disorder.

Sec. 127. RCW 71.24.845 and 2013 c 230 s 1 are each amended to read as follows:

The ~~((regional support networks))~~ behavioral health and recovery organizations shall jointly develop a uniform transfer agreement to govern the transfer of clients between ~~((regional support networks))~~ behavioral health and recovery organizations. By September 1, 2013, the ~~((regional support networks))~~ behavioral health and recovery organizations shall submit the uniform transfer agreement to the department. By December 1, 2013, the department shall establish guidelines to implement the uniform transfer agreement and may modify the uniform transfer agreement as necessary to avoid impacts on state administrative systems.

Sec. 128. RCW 71.24.055 and 2007 c 359 s 4 are each amended to read as follows:

As part of the system transformation initiative, the department of social and health services shall undertake the following activities related specifically to children's mental health services:

(1) The development of recommended revisions to the access to care standards for children. The recommended revisions shall reflect the policies and principles set out in RCW 71.36.005, 71.36.010, and 71.36.025, and recognize that early identification, intervention and prevention services, and brief intervention services may be provided outside of the ~~((regional support network))~~ behavioral health and recovery organization system. Revised access to care standards shall assess a child's need for mental health services based upon the child's diagnosis and its negative impact upon his or her persistent impaired functioning in family, school, or the community, and should not solely condition the receipt of services upon a determination that a child is engaged in high risk behavior or is in imminent need of hospitalization or out-of-home placement. Assessment and diagnosis for children under five years of age shall be determined using a nationally accepted assessment tool designed specifically for children of that age. The recommendations shall also address whether amendments to RCW 71.24.025 ~~((26) and~~) (27) and (28) and 71.24.035(5) are necessary to implement revised access to care standards;

(2) Development of a revised children's mental health benefit package. The department shall ensure that services included in the children's mental health benefit package reflect the policies and principles included in RCW 71.36.005 and 71.36.025, to the extent allowable under medicaid, Title XIX of the federal social security act. Strong consideration shall be given to developmentally appropriate evidence-based and research-based practices, family-based interventions, the use of natural and peer

supports, and community support services. This effort shall include a review of other states' efforts to fund family-centered children's mental health services through their medicaid programs;

(3) Consistent with the timeline developed for the system transformation initiative, recommendations for revisions to the children's access to care standards and the children's mental health services benefits package shall be presented to the legislature by January 1, 2009.

Sec. 129. RCW 71.24.065 and 2007 c 359 s 10 are each amended to read as follows:

To the extent funds are specifically appropriated for this purpose, the department of social and health services shall contract for implementation of a wraparound model of integrated children's mental health services delivery in up to four (~~(regional support network)~~) behavioral health and recovery organization regions in Washington state in which wraparound programs are not currently operating, and in up to two (~~(regional support network)~~) behavioral health and recovery organization regions in which wraparound programs are currently operating. Contracts in regions with existing wraparound programs shall be for the purpose of expanding the number of children served.

(1) Funding provided may be expended for: Costs associated with a request for proposal and contracting process; administrative costs associated with successful bidders' operation of the wraparound model; the evaluation under subsection (5) of this section; and funding for services needed by children enrolled in wraparound model sites that are not otherwise covered under existing state programs. The services provided through the wraparound model sites shall include, but not be limited to, services covered under the medicaid program. The department shall maximize the use of medicaid and other existing state-funded programs as a funding source. However, state funds provided may be used to develop a broader service package to meet needs identified in a child's care plan. Amounts provided shall supplement, and not supplant, state, local, or other funding for services that a child being served through a wraparound site would otherwise be eligible to receive.

(2) The wraparound model sites shall serve children with serious emotional or behavioral disturbances who are at high risk of residential or correctional placement or psychiatric hospitalization, and who have been referred for services from the department, a county juvenile court, a tribal court, a school, or a licensed mental health provider or agency.

(3) Through a request for proposal process, the department shall contract, with (~~(regional support networks)~~) behavioral health and recovery organizations, alone or in partnership with either educational service districts or entities licensed to provide mental health services to children with serious emotional or behavioral disturbances, to operate the wraparound model sites. The contractor shall provide care coordination and facilitate the delivery of services and other supports to families using a strength-based, highly individualized wraparound process. The request for proposal shall require that:

(a) The (~~(regional support network)~~) behavioral health and recovery organization agree to use its medicaid revenues to fund services included in the existing (~~(regional support networks)~~) behavioral health and recovery organization's benefit package that a medicaid-eligible child participating in the wraparound model site is determined to need;

(b) The contractor provide evidence of commitments from at least the following entities to participate in wraparound care plan development and service provision when appropriate: Community mental health agencies, schools, the department of social and health services children's administration, juvenile courts, the department of social and health services juvenile rehabilitation

administration, and managed health care systems contracting with the department under RCW 74.09.522; and

(c) The contractor will operate the wraparound model site in a manner that maintains fidelity to the wraparound process as defined in RCW 71.36.010.

(4) Contracts for operation of the wraparound model sites shall be executed on or before April 1, 2008, with enrollment and service delivery beginning on or before July 1, 2008.

(5) The evidence-based practice institute established in RCW 71.24.061 shall evaluate the wraparound model sites, measuring outcomes for children served. Outcomes measured shall include, but are not limited to: Decreased out-of-home placement, including residential, group, and foster care, and increased stability of such placements, school attendance, school performance, recidivism, emergency room utilization, involvement with the juvenile justice system, decreased use of psychotropic medication, and decreased hospitalization.

(6) The evidence-based practice institute shall provide a report and recommendations to the appropriate committees of the legislature by December 1, 2010.

Sec. 130. RCW 71.24.240 and 2005 c 503 s 10 are each amended to read as follows:

In order to establish eligibility for funding under this chapter, any (~~(regional support network)~~) behavioral health and recovery organization seeking to obtain federal funds for the support of any aspect of a community mental health program as defined in this chapter shall submit program plans to the secretary for prior review and approval before such plans are submitted to any federal agency.

Sec. 131. RCW 71.24.320 and 2008 c 261 s 5 are each amended to read as follows:

(1) If an existing (~~(regional support network)~~) behavioral health and recovery organization chooses not to respond to a request for (~~(qualifications)~~) a detailed plan, or is unable to substantially meet the requirements of a request for (~~(qualifications)~~) a detailed plan, or notifies the department of social and health services it will no longer serve as a (~~(regional support network)~~) behavioral health and recovery organization, the department shall utilize a procurement process in which other entities recognized by the secretary may bid to serve as the (~~(regional support network)~~) behavioral health and recovery organization.

(a) The request for proposal shall include a scoring factor for proposals that include additional financial resources beyond that provided by state appropriation or allocation.

(b) The department shall provide detailed briefings to all bidders in accordance with department and state procurement policies.

(c) The request for proposal shall also include a scoring factor for proposals submitted by nonprofit entities that include a component to maximize the utilization of state provided resources and the leverage of other funds for the support of mental health services to persons with mental illness.

(2) A (~~(regional support network)~~) behavioral health and recovery organization that voluntarily terminates, refuses to renew, or refuses to sign a mandatory amendment to its contract to act as a (~~(regional support network)~~) behavioral health and recovery organization is prohibited from responding to a procurement under this section or serving as a (~~(regional support network)~~) behavioral health and recovery organization for five years from the date that the department signs a contract with the entity that will serve as the (~~(regional support network)~~) behavioral health and recovery organization.

Sec. 132. RCW 71.24.330 and 2013 c 320 s 9 are each amended to read as follows:

(1)(a) Contracts between a ~~((regional support network))~~ behavioral health and recovery organization and the department shall include mechanisms for monitoring performance under the contract and remedies for failure to substantially comply with the requirements of the contract including, but not limited to, financial penalties, termination of the contract, and reprocurement of the contract.

(b) The department shall incorporate the criteria to measure the performance of service coordination organizations into contracts with ~~((regional support networks))~~ behavioral health and recovery organizations as provided in chapter 70.320 RCW.

(2) The ~~((regional support network))~~ behavioral health and recovery organization procurement processes shall encourage the preservation of infrastructure previously purchased by the community mental health service delivery system, the maintenance of linkages between other services and delivery systems, and maximization of the use of available funds for services versus profits. However, a ~~((regional support network))~~ behavioral health and recovery organization selected through the procurement process is not required to contract for services with any county-owned or operated facility. The ~~((regional support network))~~ behavioral health and recovery organization procurement process shall provide that public funds appropriated by the legislature shall not be used to promote or deter, encourage, or discourage employees from exercising their rights under Title 29, chapter 7, subchapter II, United States Code or chapter 41.56 RCW.

(3) In addition to the requirements of RCW 71.24.035, contracts shall:

(a) Define administrative costs and ensure that the ~~((regional support network))~~ behavioral health and recovery organization does not exceed an administrative cost of ten percent of available funds;

(b) Require effective collaboration with law enforcement, criminal justice agencies, and the chemical dependency treatment system;

(c) Require substantial implementation of department adopted integrated screening and assessment process and matrix of best practices;

(d) Maintain the decision-making independence of designated mental health professionals;

(e) Except at the discretion of the secretary or as specified in the biennial budget, require ~~((regional support networks))~~ behavioral health and recovery organizations to pay the state for the costs associated with individuals who are being served on the grounds of the state hospitals and who are not receiving long-term inpatient care as defined in RCW 71.24.025;

(f) Include a negotiated alternative dispute resolution clause; and

(g) Include a provision requiring either party to provide one hundred eighty days' notice of any issue that may cause either party to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to act as a ~~((regional support network))~~ behavioral health and recovery organization. If either party decides to voluntarily terminate, refuse to renew, or refuse to sign a mandatory amendment to the contract to serve as a ~~((regional support network))~~ behavioral health and recovery organization they shall provide ninety days' advance notice in writing to the other party.

Sec. 133. RCW 71.24.360 and 2012 c 91 s 1 are each amended to read as follows:

(1) The department may establish new ~~((regional support network))~~ behavioral health and recovery organization boundaries in any part of the state:

(a) Where more than one ~~((network))~~ organization chooses not to respond to, or is unable to substantially meet the

requirements of, the request for ~~((qualifications))~~ a detailed plan under RCW 71.24.320;

(b) Where a ~~((regional support network))~~ behavioral health and recovery organization is subject to reprocurement under RCW 71.24.330; or

(c) Where two or more ~~((regional support networks))~~ behavioral health and recovery organizations propose to reconfigure themselves to achieve consolidation, in which case the procurement process described in RCW 71.24.320 and 71.24.330(2) does not apply.

(2) The department may establish no fewer than six and no more than fourteen ~~((regional support networks))~~ behavioral health and recovery organizations under this chapter. No entity shall be responsible for more than three ~~((regional support networks))~~ behavioral health and recovery organizations.

Sec. 134. RCW 71.24.405 and 2001 c 323 s 19 are each amended to read as follows:

The department shall establish a comprehensive and collaborative effort within ~~((regional support networks))~~ behavioral health and recovery organizations and with local mental health service providers aimed at creating innovative and streamlined community mental health service delivery systems, in order to carry out the purposes set forth in RCW 71.24.400 and to capture the diversity of the community mental health service delivery system.

The department must accomplish the following:

(1) Identification, review, and cataloging of all rules, regulations, duplicative administrative and monitoring functions, and other requirements that currently lead to inefficiencies in the community mental health service delivery system and, if possible, eliminate the requirements;

(2) The systematic and incremental development of a single system of accountability for all federal, state, and local funds provided to the community mental health service delivery system. Systematic efforts should be made to include federal and local funds into the single system of accountability;

(3) The elimination of process regulations and related contract and reporting requirements. In place of the regulations and requirements, a set of outcomes for mental health adult and children clients according to chapter 71.24 RCW must be used to measure the performance of mental health service providers and ~~((regional support networks))~~ behavioral health and recovery organizations. Such outcomes shall focus on stabilizing out-of-home and hospital care, increasing stable community living, increasing age-appropriate activities, achieving family and consumer satisfaction with services, and system efficiencies;

(4) Evaluation of the feasibility of contractual agreements between the department of social and health services and ~~((regional support networks))~~ behavioral health and recovery organizations and mental health service providers that link financial incentives to the success or failure of mental health service providers and ~~((regional support networks))~~ behavioral health and recovery organizations to meet outcomes established for mental health service clients;

(5) The involvement of mental health consumers and their representatives. Mental health consumers and their representatives will be involved in the development of outcome standards for mental health clients under section 5 of this act; and

(6) An independent evaluation component to measure the success of the department in fully implementing the provisions of RCW 71.24.400 and this section.

Sec. 135. RCW 71.24.430 and 2001 c 323 s 3 are each amended to read as follows:

(1) The department shall ensure the coordination of allied services for mental health clients. The department shall implement strategies for resolving organizational, regulatory, and

funding issues at all levels of the system, including the state, the ~~((regional support networks))~~ behavioral health and recovery organizations, and local service providers.

(2) The department shall propose, in operating budget requests, transfers of funding among programs to support collaborative service delivery to persons who require services from multiple department programs. The department shall report annually to the appropriate committees of the senate and house of representatives on actions and projects it has taken to promote collaborative service delivery.

Sec. 136. RCW 74.09.522 and 2013 2nd sp.s. c 17 s 13 are each amended to read as follows:

(1) For the purposes of this section:

(a) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under this chapter and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(b) "Nonparticipating provider" means a person, health care provider, practitioner, facility, or entity, acting within their scope of practice, that does not have a written contract to participate in a managed health care system's provider network, but provides health care services to enrollees of programs authorized under this chapter whose health care services are provided by the managed health care system.

(2) The authority shall enter into agreements with managed health care systems to provide health care services to recipients of temporary assistance for needy families under the following conditions:

(a) Agreements shall be made for at least thirty thousand recipients statewide;

(b) Agreements in at least one county shall include enrollment of all recipients of temporary assistance for needy families;

(c) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the authority may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed twelve months: AND PROVIDED FURTHER, That the authority shall not restrict a recipient's right to terminate enrollment in a system for good cause as established by the authority by rule;

(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(e)(i) In negotiating with managed health care systems the authority shall adopt a uniform procedure to enter into contractual arrangements, to be included in contracts issued or renewed on or after January 1, 2015, including:

(A) Standards regarding the quality of services to be provided;

(B) The financial integrity of the responding system;

(C) Provider reimbursement methods that incentivize chronic care management within health homes, including comprehensive medication management services for patients with multiple chronic conditions consistent with the findings and goals established in RCW 74.09.5223;

(D) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use;

(E) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training, unless the managed care system is an integrated health delivery system that has programs in place for chronic care management;

(F) Provider reimbursement methods within the medical billing processes that incentivize pharmacists or other qualified providers licensed in Washington state to provide comprehensive medication management services consistent with the findings and goals established in RCW 74.09.5223; ~~((and))~~

(G) Evaluation and reporting on the impact of comprehensive medication management services on patient clinical outcomes and total health care costs, including reductions in emergency department utilization, hospitalization, and drug costs; and

(H) Established consistent processes to incentivize integration of behavioral health services in the primary care setting, promoting care that is integrated, collaborative, colocated, and preventive.

(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(B) Contracts that include the items in (e)(i)(C) through (G) of this subsection must not exceed the rates that would be paid in the absence of these provisions;

(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;

(h) The authority shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services;

(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and

(j) The authority must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee

health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

- (i) Demonstrated commitment to or experience in serving low-income populations;
- (ii) Quality of services provided to enrollees;
- (iii) Accessibility, including appropriate utilization, of services offered to enrollees;
- (iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;
- (v) Payment rates; and
- (vi) The ability to meet other specifically defined contract requirements established by the authority, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The authority shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the Washington state health care authority to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the authority and contract bidders or the authority and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document.

(6) The authority may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) By April 1, 2016, any contract with a managed health care system to provide services to medical assistance enrollees shall require that managed health care systems offer contracts to behavioral health and recovery organizations, mental health providers, or chemical dependency treatment providers to provide access to primary care services integrated into behavioral health clinical settings, for individuals with behavioral health and medical comorbidities.

(8) Managed health care system contracts effective on or after April 1, 2016, shall serve geographic areas that correspond to the regional service areas established in section 2 of this act.

(9) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state.

~~((8))~~ (10) For services covered under this chapter to medical assistance or medical care services enrollees and provided
