MESSAGE FROM THE SECRETARY OF STATE.

DEPARTMENT OF STATE,
OLYMPIA, January 12, 1931.

To the President of the Senate, Senate Chamber, Olympia, Washington.

SIR: I have the honor to transmit herewith pursuant to Section 12, Article III of the Constitution of the State of Washington, for the consideration of the Senate, the following bills passed by the House and Senate in the Legislative Session of 1929, and vetoed by the Governor, together with the veto message attached thereto.

They are Substitute Senate Bill No. 44, Senate Bills Nos. 45, 47, 67, 79, 142, 152, 157, 158, 162, 170, 171, 178, 201, 202, 216, 218, 219, 220, 237, 241, 247, 259, 295, 303, 304, 311 and 318.

Very truly yours,

J. GRANT HINKLE, *Secretary of State.*

The Secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Thursday, March 21, 1929.

*To the Honorable, the Senate of the State of Washington:
(Through the Secretary of State).*

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the Legislature, without my approval, Substitute Senate Bill No. 44, entitled:

"An Act providing for and regulating the registration of voters, to prevent fraud, providing penalties for violations thereof, and repealing certain acts and parts of acts in relation thereto."

This bill contains many of the objectionable features contained in Substitute Senate Bill No. 90, vetoed at the last session of the Legislature. In vetoing said Substitute Senate Bill No. 90, among other things, I said:

"The Secretary of State would be obliged to establish and maintain a permanent file of registered voters according to towns and precincts alphabetically arranged.

"If this bill were permitted to become a law, it would mean the creation of an additional bureau at the State Capitol. There are enough there now. The law would only add to the cost of government. Government is already costing too much."

What I said when I vetoed said Substitute Senate Bill No. 90 applies with equal force to Substitute Senate Bill No. 44.

Consequently, said Substitute Senate Bill No. 44 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Metcalf, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Committee on Rules and Joint Rules.

The Secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Wednesday, March 20, 1929.

*To the Honorable, the Senate of the State of Washington:
(Through the Secretary of State).*

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 45, entitled: "An Act authorizing cities of the first and second class to establish, regulate and conduct public markets for the sale of farm, garden and dairy produce in the public streets, sidewalks and other public places, granting to such cities the power of eminent domain for such purposes, and authorizing such cities to rent stalls for the sale of such produce to producers thereof."

This bill is class legislation. It unnecessarily extends the power of cities of the first and second classes. It tends to increase litigation and produce confusion. Consequently Senate Bill No. 45 is vetoed.

Respectfully submitted,
ROLAND H. HARTLEY, *Governor.*

On motion of Senator Metcalf, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Committee on Rules and Joint Rules.

The Secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Thursday, March 21, 1929.

To the Honorable, the Senate of the State of Washington:
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval, Senate Bill No. 47, entitled: "An Act relating to elections, authorizing qualified electors absent from their precincts of residence to vote at general and primary elections, providing the method and manner of casting and recording such vote, providing penalties for violations thereof, and repealing certain acts in relation thereto." A similar act, Substitute Senate Bill No. 80, was passed by the last legislature and was vetoed. In vetoing that bill, I said: "This bill relates to absentee voting and in substance is a rewrite of the absentee voting law. There are some good features in the bill but the good features are more than counterbalanced by the bad features. I believe it is better to allow the absentee voting law to stand as now written rather than to permit the objectionable features of this bill to become a law. I am hopeful that in another two years the legislature will pass a bill embodying the good features of Substitute Senate Bill No. 80 and eliminating the objectionable features thereof." Senate Bill No. 47 has not eliminated these objectionable features. Therefore, it is vetoed.

Respectfully submitted,
ROLAND H. HARTLEY, *Governor.*

On motion of Senator Metcalf, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Committee on Rules and Joint Rules.

The Secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Wednesday, March 20, 1929.

To the Honorable, the Senate of the State of Washington:
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 67, entitled: "An Act relating to the salaries of justices of the peace and constables." This bill requires the levying of additional taxes. Taxes should be lowered not raised. The way to lower taxes is to quit spending the people's money. Because Senate Bill No. 67 increases taxes, it is vetoed.

Respectfully submitted,
ROLAND H. HARTLEY, *Governor.*

On motion of Senator Metcalf, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Committee on Rules and Joint Rules.

The Secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Monday, March 25, 1929.

To the Honorable, the Senate of the State of Washington:
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 79, entitled: "An Act authorizing and empowering any corporation to subscribe for and to acquire by purchase or

otherwise, and hold, own, sell, assign and transfer shares of the capital stock of another corporation, and to participate in and vote said stock of any and all stockholders' meetings and validating existing holdings of stock by corporations, and amending Chapter 27 of the Laws of 1905."

This bill, if it should become a law, will permit and authorize foreign corporations to subscribe for, acquire by purchase or otherwise, and to own, hold, sell and assign shares of the capital stock of any corporation. The bill further validates the existing holdings by any foreign corporation, whether doing business in this state or not, in the shares of stock of any other corporation. The existing law grants this privilege only to domestic corporations and foreign corporations authorized to do business in the state. This latter requirement in the existing law is a wholesome provision and should not be removed. It vests in the state the legal supervision of foreign corporations holding stock in a domestic corporation, and makes the foreign holding corporation amenable to the jurisdiction of the courts of the state. If Senate Bill No. 79 should become a law, the entire capital stock of a domestic corporation could be held by a foreign corporation and the domestic corporation controlled and operated by the foreign corporation so as to work injury to the residents of the state.

A glaring instance of the possible injury and damage that could be thus perpetrated upon the residents of the state is evidenced by the manipulations of an eastern electric company that owned and had control of the Black Rock Power & Irrigation Co., which was a subsidiary company of the eastern company, and which Black Rock Power & Irrigation Co. took over the holdings of the Hanford Irrigation & Power Company near Hanford and Priest Rapids on the Columbia River. The Black Rock Power & Irrigation Co. acquired control of the rights of the Hanford Irrigation & Power Company through foreclosure and refused to recognize the riparian rights of the farmers who had acquired the water rights from the Hanford Irrigation & Power Company, with covenants in the deeds that they had perpetual water rights. The Black Rock Power & Irrigation Co. refused to recognize these rights and brought suit to quiet title against 357 farmers in the Hanford Irrigation District. The farmers in that district scraped enough money together to protect their rights by appeal to the Circuit Court of Appeals and to the Supreme Court of the United States, when it was finally determined that the farmers had this perpetual water right. In the meantime, through the machinations of the eastern company controlling or owning the stock of the Black Rock Power & Irrigation Co. the 357 farmers, with the exception of 13 of them, were gradually and systematically forced to succumb to the freeze-out campaign of the eastern electric company, and finally gave up and lost their lands, the title to which had been slandered and the value depreciated by the litigation instituted through the eastern electric company. This case is reported in 297 Fed. 906, and is entitled *Adamson v. Black Rock Power & Irrigation Co.*

In the last sentence of this bill the words which relate to the validation of stock held in existing corporations, "any such corporation" have been amended so as to read "any foreign corporation" which have the effect of validating the owning of stock held by foreign corporations in other corporations whether organized in this state or elsewhere. The word "foreign" was placed in the bill in conference committee the last night of the session. It was evidently inserted for the purpose of effecting a local or domestic corporation authorized to do business in the state who holds stock in another corporation.

Believing that the existing law should not be amended so as to liberate foreign holding corporations from the jurisdiction of the courts of the state, or to make it possible to work hardships upon residents of the state, Senate Bill No. 79 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Metcalf, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Committee on Rules and Joint Rules.

The Secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Saturday, March 23, 1929.

To the Honorable, the Senate of the State of Washington:
(*Through the Secretary of State.*)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 142, entitled: "An Act relating to,

and authorizing and providing for the preparation of plans and specifications, and the construction, equipment and furnishing of an armory for the use of the national guard of Washington at Seattle; appropriating money from the military fund; creating a commission to superintendent the construction, equipment and furnishing of said armory, and authorizing the promulgation of rules and regulations for the government thereof; and authorizing the sale or lease of certain state property now used for armory purposes in Seattle, and providing penalties for violation thereof."

This bill would appropriate \$7,500 for the purpose of a new armory in Seattle; creates commission to select a suitable site and thereafter to construct such armory building; authorizes said commission either to sell the existing state armory building for the highest and best price obtainable or to lease the building.

This bill puts the cart before the horse. Plans and specifications for a building have to take into consideration the site thereof. No site is yet selected for this building. Existing tax situation compels economy. The present Seattle armory is sufficient until such time as the tax situation improves. This bill would appropriate public money. We should cut appropriations in every way possible. For these reasons Senate Bill No. 142 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, Governor.

On motion of Senator Metcalf, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Committee on Rules and Joint Rules.

The Secretary read:

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Friday, March 22, 1929.

To the Honorable, the Senate of the State of Washington:

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval, Senate Bill No. 152, entitled: "An act relating to hunting and fishing licenses and providing for the granting of the same to certain persons without fees." This bill would grant a license to any resident of this state who became a resident of the Territory of Washington on or prior to November 11, 1889, and was on that date of the age of twenty-one years or over, to fish in any of the waters of the state or to hunt in the public forests in any of the unoccupied open country without the payment of the fee prescribed by law or any fee. This is class legislation. Senate Bill No. 152 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, Governor.

On motion of Senator Metcalf, the veto message of the Governor was ordered spread upon the journal and the bill referred to the Committee on Rules and Joint Rules.

To the Honorable, the Senate of the State of Washington:

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Substitute Senate Bill No. 157, entitled: "An Act classifying counties by population, fixing the compensation of county officers, defining their powers and duties and repealing certain acts and parts of acts." This is another tax increasing measure. Salaries are not being raised in commercial, business and industrial fields, and this is no time for salary increases in governmental affairs. The cost of government is already sufficiently high. Substitute Senate Bill No. 157 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, Governor.

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 158, entitled: "An Act relating to the state teachers' retirement fund and providing for additional membership therein." This bill provides for state teachers' retirement fund and authorizes any teacher of the state school for the deaf or the state school for the blind to become a member thereof.

This bill was drawn to permit teachers in the two institutions to become members of the state teachers' retirement fund. There is no demand for this bill which would only add one more permissive statute of which we already have too many. For this reason said Senate Bill No. 158 is vetoed.

Respectfully submitted,

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 162, entitled: "An Act relating to the removal of railroad terminals and division points and requiring permits therefor from the department of public works."

This bill would require every common carrier by railroad maintaining a terminal or division point within the state, desiring to move the same, to obtain a permit therefor from the department of public works. This bill unnecessarily interferes with the right of railroad companies to manage their own business. Nearly all of the railroads in this state are interstate railroads regulated by the Interstate Commerce Commission. The department of public works has no authority over them. Even if the department of public works did have authority over them, the bill should be vetoed anyway because it serves no useful purpose, but tends only to embarrass the economic management of private business. For these reasons, Senate Bill No. 162 is vetoed.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

I am filing herewith to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 170, entitled: "An Act relating to and continuing the work of the Cascade Tunnel Commission and making an appropriation therefor."

At the legislative session of 1927 I vetoed an item of \$5,000 appropriated for the purpose of carrying on work of the Cascade Tunnel Commission. The reasons given for the veto were as follows: "I disapprove and veto the item of \$5,000.00 for the purpose of carrying on the work of the Cascade Tunnel Commission appointed pursuant to joint resolution of the Senate and the House and continuing the Commis-

sion in office, conditioned, however, that the Commissioners shall receive no moneys other than their actual expenses when away from their homes upon the conduct of the business, and that the money shall be used to pay the costs for employees and other charges in determining suitable location or locations for a low level tunnel, and make a report in time for consideration by the legislature of the 1929 session. The promoters of this project asked for legislative recognition of the project and gave assurances that no appropriation was being asked from the state. For that reason, said item of \$5,000.00 is vetoed."

The present bill appropriates out of the motor vehicle fund the sum of \$25,000, or so much thereof as may be necessary for the purpose of carrying out the provisions of this bill. For the same reason I vetoed the \$5,000 appropriation for carrying on the work of the Cascade Tunnel enacted by the legislative session of 1927, Senate Bill No. 170 is also vetoed.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,

To the Honorable, the Senate of the State of Washington:

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 171, entitled: "An Act relating to the judges of the supreme and superior courts, fixing their salaries, providing for their retirement, creating a judges retirement fund, and providing for payments into, and from, the same."

Senate Bill No. 171 would increase the salaries of supreme court judges elected after 1930 and of superior court judges elected after 1932. It is discriminatory as to superior court judges, in that the annual salaries of such judges in class A counties would be \$7,000.00; in first class counties \$6,000.00; and in all other counties \$5,000.00. The bill also provides for the retirement, under certain conditions, of supreme and superior court judges on half salary at the time of retirement; for the creation of a special fund to be known as "The Judges' Retirement Fund," into which shall be paid eight per cent of the salary of each supreme and superior court judge; and the bill also provides, if at any time, the money in "The Judges' Retirement Fund" is insufficient to pay the one half salary due to all retired judges, that such shall be paid only their pro rata share of the funds available. The bill would increase taxes, and for that reason alone it should be vetoed. It is a very inopportune time to think of increasing tax levies.

The bill should be vetoed because salaries of all superior court judges should be the same. They all perform identical duties and judges from the outside counties are constantly being called upon to hold court in class A and first class counties. Then why discriminate? If the judges desire to lay up eight per cent or more of their salaries for a rainy day, they may do so without a law compelling them to do so. People cannot be made thrifty by legislative enactment. The way to reduce taxes is to quit spending the people's money. For these reasons, and others not necessary to mention, Senate Bill No. 171 is vetoed.

The title of the act declares the same relates to the reservation of certain state lands from sale or lease. The act itself provides that when sold said lands shall be sold to the highest bidder. No hint of any reservation there. The bill is vetoed.

This bill would change existing law by permitting insurance corporations to issue shares of stock, the par value of which shall be not less than ten dollars each. The present law required such shares to be of the par value of one hundred dollars each. No good reason has been given why this change should be made and I know of none. Securing stockholders at the low price of ten dollars per share is not conducive of the healthy and careful operation of insurance companies. Such companies should be careful in their information and growth and not impressed with speculative features. Therefore, Senate Bill No. 201 is vetoed.

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 216, entitled: "An Act relating to

a children's code commission, defining its powers and duties and making an appropriation."

This bill provides for another commission and, as a matter of course, the usual appropriation of the taxpayers' money. Section 1, among other things provides that the Governor shall appoint a commission which shall be known as the "Children's Code Commission." By Section 2 it is made the duty of the commission to study and investigate existing laws and conditions relative to dependent defective, neglected and delinquent children. The commission is also given power to draft such bills as may be necessary to carry out its recommendations and submit a report of its findings to the legislature. It is also given power to issue subpoenas requiring the attendance of witnesses and the production of books and records in carrying out its investigations, and shall have access to all books and records of state, county, municipal and private institutions and agencies having the custody of or the placing out of children, except those maintained by religious organizations.

This bill should be vetoed for several reasons. There are plenty of laws now on the statute books for the protection of the children of the state. Too many bills are already drafted and presented to the Legislature. There will be an abundance of bills introduced at the next session of the Legislature without expending the taxpayers' money for commissions to draft more. For these reasons and others not mentioned, Senate Bill No. 216 is vetoed.

This is another money-spending measure. The legislature in 1927 appropriated \$50,000.00 for a geological survey. In vetoing that measure, I said: "This bill proposes to divert the sum of fifty thousand dollars (\$50,000.00), or so much as may be necessary from the reclamation revolving fund, to pay the expenses of a geological survey."

"It is unfortunate to have a large unused surplus in any fund. Such surplus is an invitation to the money spenders. Money collected from the taxpayers for a specific purpose should be devoted to that purpose or turned into a general fund. Any attempt to expend such money in any other manner should be stopped. It is stopped—the bill is vetoed."

Present Senate Bill No. 218 is our old friend dressed up in new clothes. This time he wants \$25,000.00 more of the people's money. Private enterprises will discover and develop all the resources of the state in due time without any assistance from the director of conservation and development. Private enterprises will be encouraged by lower taxes, not by higher levies. Any person, association or corporation that must be subsidized is of no benefit to the community or state. For these reasons and others not mentioned, Senate Bill No. 218 is vetoed.

This bill provides for the merger or consolidation of two or more corporations and gives any stockholder of either corporation voting against the merger or consolidation the right to be paid the fair cash value of his stock. In case this value cannot be agreed upon the bill provides for having the same established in court proceedings. The procedure for such determination is long and complicated. If permitted to become a law this bill would hamper the management of business enterprises and for this reason said Senate Bill No. 219 is vetoed.

And making an appropriation."

This bill is a radical innovation. The sponsors of the bill were no doubt actuated by the highest motives and a sincere desire to promote the public good. I am of the opinion that the state should go slow in adopting any such innovation. It confers powers on certain officers that are liable to be abused. There seems to be no great public demand for such enactment, and for these reasons said Senate Bill No. 220 is vetoed.

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Senate Bill No. 241, entitled: "An Act authorizing the board of regents of the University of Washington and of the State College of Washington and the boards of trustees of the Washington State Normal Schools at Ellensburg, Cheney, and Bellingham, Washington, to acquire lands, buildings, and other structures and improvements for dormitory, housing, hospital, boarding and dining-room purposes and student activity purposes, and to make additions or improvements thereto for any and all of such purposes, and to contract to pay for the same out of and by the pledge of the net income thereafter arising from any or all of such lands, buildings or structures and additions or improvements thus acquired or from any or all of the buildings or structures of said institutions now or hereafter existing and used for any of the foregoing purposes; and also authorizing for the foregoing purposes the issuance of securities payable out of such net income; and authorizing the lease of portions of the campuses of said respective institutions for such purposes; validating contracts made heretofore and securities heretofore issued for any of the foregoing purposes by any of said boards; repealing Chapter 91 of the Laws of the Extraordinary Session of 1925; and declaring that this act shall take effect immediately."

A similar bill was vetoed at the Extraordinary Session of the Legislature held in 1925 and 1926. In vetoing that bill, I said: "While I am in sympathy with the primary purpose of this act, I consider that the powers herein conferred are too broad and comprehensive. Under the provisions, the boards of regents and trustees are permitted to lease campus lands without limitation as to area or time, and the buildings herein authorized may be used for student activities in general. In my opinion, their use should be limited to dormitory housing and boarding purposes."

The present bill is open to the same objection as was the one vetoed. I have no objection to the bill in so far as it provides for dormitory, housing, boarding and dining-room purposes. But the bill, in addition to all these, includes student activity purposes.

There is another objection to this bill. Section 2 provides that the securities issues bear interest not in excess of seven (7%) per cent. It is further provided that such securities shall be sold to the highest and best bidder, but does not require that such securities be sold at par. If sold below par, the securities would necessarily bear interest at a higher rate than 7%. For these reasons, Senate Bill No. 241 is vetoed.

This is an old friend. With a slight change in description a similar bill was enacted in the legislative assembly of 1927 and vetoed. In vetoing the same I took

occasion to say: "This bill would authorize the Commissioner of Public Lands to sell two hundred acres of state land and the timber thereon in combination with one another, and not separately as now prescribed by law.

"I see no reason why this particular tract should be sold in any manner different than that prescribed by law for the sale of all state land. This is a special act for the benefit of some private interest. Am opposed to such laws. Therefore, said bill is vetoed."

For the reasons given in vetoing the above referred to bill, Senate Bill No. 247 is vetoed.

This bill relates to the promotion list of the militia. The bill would amend existing laws by excluding warrant officers and enlisted men from receiving credits for services rendered for promotion. It was evidently designed to prevent the promotion of warrant officers and enlisted men. Some of our best military men have come up from the ranks. The doors of opportunity should never be closed against merit. For this reason Senate Bill No. 259 is vetoed.

By this bill, the State of Washington would give its consent to the acquisition by the United States by purchase, gift, devise, or lease of such areas of land or water, or of land and water, in the State of Washington, as the United States may deem necessary for the establishment of migratory bird reservations.

The United States already has too much land in this state. Under this bill, land now on the tax rolls and contributing to the upkeep of government would be transferred to the United States and forever afterwards would be tax exempt. Too much valuable property in the State of Washington is already tax exempt. MESSAGES FROM THE SECRETARY OF STATE.

DEPARTMENT OF STATE,
OLYMPIA, WASH., January 12, 1931.

Secretary of Senate, Senate Chamber, Olympia, Washington.

SIR: I herewith transmit certified copies of certain sections of Senate Bills No. 290 and 310, being Chapters 228 and 229 of the 1929 Session Laws of the State of Washington, together with certified copies of the veto message in each instance attached thereto.

Very truly yours,
J. GRANT HINKLE, *Secretary of State.*

DEPARTMENT OF STATE,
OLYMPIA, Monday, February 25, 1929.

To the Honorable, the Senate of the State of Washington:
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval as to certain items of appropriation, Senate Bill No. 290, entitled: "An Act making appropriations for the payment of salaries of certain officers and employees of the state and for the operation, maintenance and other expenses of certain state institutions, departments and officers, for the purchase of land, the construction of buildings and improvements for the various state institutions designated and mentioned, and for emergencies, and for sundry civil expenses of the state government, and for miscellaneous purposes for the fiscal biennium beginning April 1, 1929, and ending March 31, 1931, except as otherwise provided, and declaring that this act shall take effect immediately."

The item of \$150,000 for the state parks committee for all purposes is disapproved and vetoed. This calls for an expenditure for state parks' purposes in an amount three times the appropriation for the current biennium and is far in excess of the actual needs. As stated in my Message to the Twenty-first Legislature, reasonable expenditure for preservation of some of the state's outstanding natural beauty spots is justifiable, but there can be no valid reason why the state should engage in the business of maintaining and operating tourist camps and recreation places on any such a scale as contemplated by this appropriation. I should like to have approved an appropriation item sufficient to care for the state's parks in a reasonable manner had it been possible

to do so. Under the law, I must either approve or disapprove the item in toto, and I cannot conscientiously give approval to the expenditure of such a large sum. Therefore, the item is vetoed.

The item of \$800.00 for the uniform law commission is disapproved and vetoed, for the reason that I fail to see that this commission serves any useful purpose and regard the expenditure as a needless waste of money.

The item of \$30,000.00 for the state traveling library is disapproved and vetoed for the same reason as the uniform law commission. The property of the traveling library can be cared for and looked after by the State Librarian.

The item of \$23,700.00 for matching U. S. veterinary inspectors in the eradication of bovine tuberculosis is disapproved. This item was not included in the budget of, nor requested by the State Department of Agriculture. For this reason it is vetoed.

The item of \$150,000.00 appropriated from the general fund for the University of Washington operations is disallowed and vetoed. For the most part, the state's institutions of higher learning have stubbornly opposed every effort to abolish fixed millages and as long as they insist upon special tax levies, they should be required to live within the funds derived from these levies. The appropriation of \$3,738,300.00 from the University' current fund and the University of Washington fund provides for a substantial increase over the appropriation for the current biennium and is ample for the University's needs without burdening the general fund with an additional appropriation.

The item of \$15,000.00 for the University's biological station appropriated from the University of Washington building fund is vetoed. Further expansion at the biological station is not justifiable at this time, and this sum can well be saved to meet more urgent building needs at the University.

The item of \$127,736.58 appropriated from the general fund for the use of the State College of Washington, to match the Smith-Lever fund from the United States government, is disapproved and vetoed. Although it has been the practice each biennium to appropriate from the general fund for this purpose, this is entirely unnecessary. The State College's so-called own funds are ample to meet all the needs of that institution for the next biennium without calling upon the general fund for an appropriation. The regulations under which the Smith-Lever fund is furnished to the college do not require that the fund be matched by an appropriation by the Legislature, but it can be matched by the college setting aside a sufficient amount from its own funds. This can be done without imposing any serious handicap upon the college or in any way interfering with or curtailing its operations.

The item of \$38,900.00 for new boilers and heating plant at the Cheney Normal School is disapproved and vetoed. An item of twenty-eight thousand dollars for this purpose was carried in the Normal School's budget and is included in the appropriation of \$485,000.00 for operations.

The item of \$4,500.00 for the completion of the Walla Walla Armory is vetoed, for the reason that it was not requested or budgeted by the military department.

With the exception of the foregoing vetoes, Senate Bill No. 290 is approved.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

J. GRANT HINKLE, *Secretary of State.*

On motion of Senator Metcalf, the veto message of the Governor was ordered spread upon the journal and the vetoed portions of the bill referred to the Committee on Rules and Joint Rules.

The Secretary read:

DEPARTMENT OF STATE,
OLYMPIA, Monday, February 25, 1929.

To the Honorable, the Senate of the State of Washington:

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval as to certain items, Sub. Senate Bill No. 310, entitled: "An Act making appropriations and reappropriations for the construction of buildings, for maintenance and for sundry expenses at the various state institutions, schools, and state offices, for the relief of certain individuals, corporations, counties and municipalities, and for miscellaneous purposes for the biennium beginning April 1,

1929, and ending March 31, 1931, except as otherwise provided and providing that this act shall take effect immediately."

I disapprove and veto the item of \$7,054.34 for Stevens county, Fruitland Irrigation District, tax for 1926-27 on part Sec. 5, Twp. 33, North Range 37 East, for the reason that the state is deriving no benefit from said irrigation district.

I disapprove and veto the item of \$520.08 for Douglas county; Donohue Road District No. 8, assessment NW $\frac{1}{4}$ SW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, SE $\frac{1}{4}$ SW $\frac{1}{4}$, SW $\frac{1}{4}$ SW $\frac{1}{4}$, NW $\frac{1}{4}$ SE $\frac{1}{4}$, SE $\frac{1}{4}$ SE $\frac{1}{4}$, SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 18, Twp. 27-27, (320 acres) \$149.64; for Donohue Road District No. 4, assessment NW $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ NW $\frac{1}{4}$, SE $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 7-26-24; and NW $\frac{1}{4}$ NE $\frac{1}{4}$, NE $\frac{1}{4}$ NE $\frac{1}{4}$, SW $\frac{1}{4}$ NE $\frac{1}{4}$, SE $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 12, 26-23, (320 acres) \$370.44, because there is no record of any such district in the Land Commissioner's office.

I disapprove and veto the item of \$5,609.64 for Yakima county; Pomona Heights Irrigation District for 1917; Fr. SW $\frac{1}{4}$ NW $\frac{1}{4}$, 6-14-19, tax, including penalty, \$4.83; Summitview Cowichee & Tieton Road Improvement District assessment for 1922-23-24-25-26, including interest: SE $\frac{1}{4}$ NW $\frac{1}{4}$ and NE $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 16-14-17, \$326.38; Drainage Districts No. 27 and 32, assessments and interest; 1927 and 1928: The por SE $\frac{1}{4}$ SE $\frac{1}{4}$ NE $\frac{1}{4}$ NW $\frac{1}{4}$ ly S & E of diagonal line joining NE and SW cor thereof ex road ad the pt SW $\frac{1}{4}$ NW $\frac{1}{4}$ ly S of line drawn from NE cor NE $\frac{1}{4}$ SW $\frac{1}{4}$ NW $\frac{1}{4}$ to SW cor of said subd less R/W of Sec. 16-10-21, \$11.98; Drainage District 32 and Sunnyside Valley Irrigation District taxes, 1921-22-23-24-25-26-27-28, and interest; the pt. This is vetoed for the reason that said items were not certified by the Land Commissioner of the State of Washington.

I disapprove and veto the item of \$8,619.35: For relief of the city of Seattle for int. and principal for local improvement dists. 3277 and 4519 for the improvement of blocks 24 and 25, Lake Washington shore lands. It is disapproved and vetoed because this is a relief item and if passed must be paid regardless of whether correct or not. The item is not correct as it includes some items for which the state is not liable.

I disapprove and veto the item of \$25,000.00: For Department of Agriculture (for destruction predatory animals). This is disapproved and vetoed because the same was not requested by the Department of Agriculture.

I disapprove and veto the item of \$54.80: For J. L. Cross as administrator of the estate of LeRoy W. Cross, deceased: Refund of costs paid in supreme court of the State of Washington, said costs being taxed against the State of Washington. This is vetoed and disapproved because this item is already included in the same bill under the heading judgment.

I disapprove and veto the item of Relief of Emery and Nelson: For refund of merit rating credit; because it is wrong in principal and would necessitate revision of rates. This vetoed item is for \$634.87. ■

I disapprove and veto the item of relief of \$35.00 for Mrs. Lida M. Palmer; Refund of overpayment to the State Land Commissioner. This is disapproved and vetoed because there is no information available regarding this item. The Land Commissioner knows nothing about it!

I disapprove and veto the item of \$365.45 for the relief of Sarilda McKeown; also disapprove and veto the item of \$709.44 for the relief of A. K. Millary; also disapprove and veto the item of \$1,142.52 for the relief of Ethel B. Foley; also disapprove and veto the item of \$194.00 for the relief of J. B. Hergesheimer. Each of said parties above named, to-wit: the said Sarilda McKeown, A. K. Millary, Ethel B. Foley, and J. B. Hergesheimer, were county officers or employees who lost funds through a bank failure without having taken any or sufficient security. The payment of these items is the business either of the counties or the bonding companies who

furnished the official bonds for such employees. It is not the state's business and the state should not pay any one of these items.

I disapprove and veto the item of \$56.00, for the relief of A. W. Platts, refund on truck license. No information is available on this item and it is evident that Mr. Platts is not entitled to the refund.

I disapprove and veto the item of \$1,649.21, from the Oregon License Fund, to be deposited and become part of the State Fisheries Fund, for the reason that Senate Bill No. 248 provides for the payment of this amount.

I disapprove and veto the item of \$15,000.00 for the military department, operation. This item was not included in the budget and sufficient money has already been appropriated for the military department.

I disapprove and veto the item of \$1,299.87, for Columbia Irrigation District: SW $\frac{1}{4}$, Ne'ly of Canal and south of ry. and SE $\frac{1}{4}$, lying north of Canal and south of railroad, all in Sec. 36, Twp. 8, Range 30, in Benton county, taxes for 1927.

I disapprove and veto the item of \$1,459.71, for Sunnyside Valley Irrigation District: State Addition to Prosser, blocks 1 to 8, incl. Taxes for 1925, 1926 and 1927.

I disapprove and veto the item of \$475.73, State Addition to the city of Prosser, Benton county, blocks 17 to 20, inclusive, blocks 21 to 24, inclusive, blocks 40 to 43, inclusive, blocks 44 to 47, inclusive, blocks 48 to 49, inclusive, and blocks 63 to 66, inclusive, taxes for 1925, 1926 and 1927.

I disapprove and veto the item of \$32.00, for Horse Heaven Irrigation District: SW $\frac{1}{4}$ of Section 16, Twp. 6, Range 27; SE $\frac{1}{4}$ of Section 16, Twp. 6, Range 27, N $\frac{1}{2}$ of Section 16, Twp. 6, Range 27, Benton county, taxes for 1927.

I disapprove and veto the item of \$2.14 for Kennewick Irrigation District: NW $\frac{1}{4}$ of SE $\frac{1}{4}$ Sec. 16, Twp. 9, Range 27, Benton county, taxes for 1927.

I disapprove and veto the item of \$26.00 for Kennewick Irrigation District: NW $\frac{1}{4}$ NW $\frac{1}{4}$, Sec. 16, Twp. 9, Range 27, Benton county, taxes for 1927.

Each and all of said items are disapproved and vetoed for the reason that none of them were certified by the Land Commissioner or the Auditor of the State of Washington.

I disapprove and veto the item of \$275.00 for the State Treasurer from the motor vehicle fund for the reason that the amount is not correct, is not due to the State Treasurer and the State Treasurer is not entitled to any refund.

I disapprove and veto the item of \$5,000.00 for the State Treasurer from the lateral highway fund to carry out the provisions of Senate Bill No. 115, for the reason that Senate Bill No. 115 does not impose sufficient additional duties on the State Treasurer to warrant this appropriation. Sufficient money has already been appropriated for all the needs of the State Treasurer for the ensuing biennium.

I disapprove and veto the item of \$10,000.00 for dedicatory exercises for the State Capitol building. A similar amount was appropriated by the Legislative Session of 1927. In vetoing that item of appropriation I took occasion to say:

"I disapprove and veto the item of \$10,000.00 for dedicatory exercises for new State Capitol. The various departments of state can attend to the necessary details, correspondence and preliminary arrangements for such services without the spending of \$10,000.00. Officials, committees, organizations and persons taking part in the dedication of this magnificent Capitol will appreciate the honor, and will be glad to pay their own expenses and contribute their time and services in making the dedication an historic event. Therefore, this item of \$10,000.00 is vetoed."

What was said about such an appropriation in 1927 is true in 1929.

With the exception of the foregoing vetoes Sub. Senate Bill No. 310 is approved.

Respectfully submitted,

ROLAND H. HARTLEY, *Governor.*

OLYMPIA, WASHINGTON, January 12, 1931.

I hereby certify the above to be a correct copy of the letter vetoing the items enumerated in Senate Bill 310, now Chapter 229, Session Laws of 1929.

The President announced the purpose of the joint session was to hear the Governor's message.

THE PRESIDENT: "It gives me pleasure, as presiding officer of the Senate and of this joint session on this occasion, to present to you Governor Roland H. Hartley, who will now deliver his recommendations for this legislative session."

Governor Roland H. Hartley delivered his message to the Twenty-Second Session of the State Legislature, as follows:

MESSAGE OF THE GOVERNOR.

STATE OF WASHINGTON,
TWENTY-SECOND SESSION, January 14, 1931.

To the Honorable, the Legislature of the State of Washington:

LADIES AND GENTLEMEN: The State Constitution makes it the duty of the Governor to "communicate at every session by message to the legislature the condition of the affairs of the state, and recommend such measures as he shall deem expedient for their action."

Six years ago today, I delivered to the Nineteenth Session of the legislature of the state of Washington my first message, making certain definite recommendations. Since that time it has been my privilege and honor to deliver three major messages—one at the special session of November, 1925; the other two at the regular sessions of 1927 and 1929. These were interspersed with several short special communications and messages from time to time, which seemed necessary.

Most of the recommendations made were enacted into law, and have worked well, while others have not been wholly satisfactory. After these six years of experience, I feel that further recommendations are necessary. Those submitted for your consideration at this session ask for changes in departments and institutions under the control of the Governor, as well as elective state departments, and some relate to general conditions. All are, nevertheless, made in good faith.

TAXATION.

Taxation is still the most vital problem facing our state. Since my incumbency we have wrestled with the subject from every angle, and chaos still reigns. While the cost of state government has decreased, local governmental costs, and consequently

taxes, have increased at an alarming rate, while the tax-paying sources have diminished.

At my request, in 1925, a bill creating a State Tax Commission consisting of three members, was passed by the legislature.

As it was generally admitted that the present tax system was inadequate, inequitable and had, in a measure, broken down—the national and state banks disputing the right of the state to tax their capital stock, the railroads contesting valuations placed upon their operating properties (which the courts later sustained), causing heavy tax losses—I requested, during the 1929 session, authority to appoint a non-salaried advisory tax commission of nine members, to work in conjunction with the Tax Commission in the consideration of all phases of the tax question. The legislature promptly granted the request.

This commission was carefully selected with but one idea in view—that of securing men representing diversified interests and businesses, as well as each congressional district in the state, whose findings and recommendations were to be transmitted to the legislature on the opening day of this session. We succeeded in securing the services of nine men as good as exist in the state of Washington, who gave unstintingly of their time and energy in their endeavors to solve the problem. As provided in Chapter 127, Laws of 1929, each member of the legislature was presented with a copy of the Advisory Tax Commission's report on the opening day—last Monday. The document speaks for itself.

In forming your conclusions, there are certain fundamentals which I sincerely hope you will keep in mind. Unless the people are willing to forego some of the so-called functions of government, and unless public officials are willing to practice genuine economy, there can be no tax reduction. Your problem is to provide funds to take care of public expenditures and at the same time relieve the over-burdened taxpayer. Attempts at equalizing individual circumstances will not do the trick; neither will group legislation—taking from Peter to pay Paul. If applied for the reduction of existing tax levies only, it is my judgment that the sales tax is the one medium through which values can be restored to property. Just and fair distribution of the tax burden is essential, no matter what the system, but will not reduce.

The financial problems of government, in reality, are the same as those of the individual. The thrifty, saving person keeps his expenditures within his income and lays up something for a rainy day, even if it becomes necessary to practice the most rigid economy. The extravagant, wasteful man keeps on spending and going in debt until he is ultimately buried under the weight of his obligations. Government, like the wastrel, keeps on spending without regard to income. When more money is needed to keep up the pace, additional taxes are levied, or new indirect revenue provided, or indebtedness incurred by the issuance of bonds or interest-bearing warrants. Ultimately the orgy of public spending will destroy government.

During the past six years, as Governor, I have carried on constant warfare against unnecessary public spending. Our budget is based upon this policy.

At this point, I wish to renew the recommendation made in my special message of February 28, 1929, for legislation to require any contesting taxpayer to pay his taxes before he can maintain an action to question the validity of the same.

BUDGET.

At my request, the legislature, in 1925, enacted the budget law. We have operated under it six years. It has proved to be an intelligent and accurate way of handling the state's affairs.

The Governor's revised budget contains full detailed information relative to the state's finances. The total general fund requests in this budget for the ensuing biennium are \$10,488,682.06, as compared with \$11,737,737.81 two years ago, a reduction of \$1,249,055.75.

Study of the budget will show, as a result of better budgetary control, that we have made a substantial reduction in the requests for operating the state institutions and departments. The reductions recommended will in no wise curtail any essential function of state government, or impair the efficiency of any state institution.

In considering the biennial requests of the five higher educational institutions, ample provision has been made for their operation. While the sums allotted have been reduced, the record of expenditures submitted at the budget hearings reveals that the sums allowed will care for every need.

The application of state budgetary control of expenditures clearly demonstrates

the fallacy of fixed millages for the institutions of higher learning, and I again renew my request for the abolishment of these levies.

In furtherance of the advancement of budgetary control, there are included in this budget items totaling \$9,874,415.67, not heretofore appropriated, but expended without legislative action in plain violation of the provisions of Section 4 of Article VIII of the State Constitution, which reads:

"No moneys shall ever be paid out of the treasury of this state, or any of its funds, or any of the funds under its management, except in pursuance of an appropriation by law; * * *"

Budgetary control, as it exists today, is not complete. The state supreme court has held that tuition fees and other receipts of educational institutions are not state moneys within the meaning of existing law. It was the clear intent of the framers of the Constitution to give the legislature control over the state's finances. Therefore, legislation should be enacted stating plainly that every dollar received from any source by a state official, department, institution or employee, in his or its official capacity, is *state money*, and as such must be deposited in the state treasury and paid out only pursuant to an appropriation by the legislature.

It is futile to attempt to accurately appraise state needs and properly control expenditures when appropriations can be supplemented by large expenditures from local, trust and other non-appropriation funds. With responsibility should go authority. I therefore renew my recommendation that legislation to this end be enacted.

If this budget is adopted as is, no State General Fund Tax Levy will be necessary in 1931,—this year.

EDUCATION.

No plan for tax reform will provide substantial relief unless it is applied to every public activity. Education as now organized absorbs the largest share of the tax dollar. It must therefore be considered in any tax-reducing plan.

From official compilations, school taxes levied for the year 1917 totaled \$15,255,-232.93; for the year 1930, \$35,172,429.33, an increase of \$19,917,196.40 in thirteen years—130.7% increase, the population remaining practically the same.

This tremendous increase can be traced chiefly to laxness in the control of public school finances, expanded functions in our institutions of higher learning beyond the legitimate needs of the state, duplications in courses, expansion in curricula, and enlarged facilities far beyond the people's resources.

Retrenchment in educational expenditures is absolutely essential. Unnecessary departments should be eliminated, and savings effected through proper coordination. This can never be brought about until all of the higher educational institutions are placed under the control of one governing and directing body, clothed with ample authority to lay down courses of action, both as to finances and curricula, and given power to compel compliance therewith.

Therefore, I renew my recommendation that the boards of regents of the State University and the State College, and the boards of trustees of the three State Normal Schools, be abolished, and all their vested powers and duties be transferred to a non-salaried lay board of educational administration of nine members, appointed by the Governor, whose terms shall be from one to nine years, one retiring each year. This makes it so no Governor can change the board very materially unless he is reelected.

STATE NORMAL SCHOOLS.

The three normal schools were established for the sole purpose of training elementary teachers, and are today graduating approximately twice the number required for the schools of the state. Two of these institutions can turn out all the teachers required. However, since we have the three, fully organized and equipped, it would be well to consider the feasibility of allotting to each institution a maximum quota.

CENTRALIA NORMAL SCHOOL.

I recommend that Chapter 147 of the Session Laws of 1919, establishing a State Normal School at Centralia, be repealed, and that the land be turned over to the commissioner of public lands for sale as other lands in the public domain.

CITIES AND TOWNS.

What I have said regarding increases in tax levies for education can be applied with equal force to cities and towns. Official tabulations show that for the year 1917

total tax levies for cities and towns in the state were \$10,017,117.65; for the year 1930, \$19,278,723.98; an increase of \$9,261,606.33, or 92.5% in thirteen years.

HIGHWAYS.

Results achieved in highway construction and maintenance during the past two years have fully justified the reorganization of the Highway Department authorized by the last session of the legislature.

From April 1, 1929, to December 31, 1930, the Department of Highways has awarded contracts covering 129 miles of grading, 235 miles of surfacing, 116 miles of grading and surfacing, 108 miles of paving, 836 miles of heavy oiling and 471 miles of light oiling. During the same period, 66 bridges over 20 feet in length have been completed or are now under contract. The past two years have seen the completion of dustless highways to practically every county seat in the state, and a marked improvement in the construction of hard surfaced roads. As a result of open competition in the purchase of materials by contractors, a substantial saving has been made.

Continuing the policy adopted by this administration four years ago, the highway budget is again incorporated in the Governor's budget. It has been carefully planned to meet the needs of all sections of the state, and the construction program outlined is based solely upon public requirements and scientific engineering data.

Early enactment of the highway budget is most desirable and essential. The federal government has allotted to this state \$1,270,000.00 for emergency work in line with its unemployment program, to be used in cooperative expenditures with state funds. In order to take advantage of this allotment, it is necessary to immediately let contracts. This money must be expended by September 1, 1931. Under powers granted to the President of the United States, if this state does not take advantage of this allotment immediately, it will be diverted to the use of other states. In other words, delay in the enactment of the highway budget may result in the loss of \$1,270,000.00 to the state of Washington for unemployment relief work. With the highway budget out of the way, more time can be given to consideration of the tax question and other important state problems.

Continuing the plan started last biennium, this budget sets forth complete details concerning the highway program. Schedules are included showing the approximate mileage and the kind and class of each proposed improvement to be undertaken.

It will be noted that the budgets for the director of highways' office and for the district offices now include all employees of those offices. For years such employees as draftsmen, maintenance engineers, etc., all regular employees, have not been budgeted as such, but have been carried in the road budgets. While the inclusion of such employees in the budget requires increased appropriations for the operations of the office of the highway director and the district offices, it does not mean additional expenditures, but, that now, all facts regarding the cost of caring for our state highways are being presented openly and clearly, that intelligent and accurate records may be kept.

As indicated in my message to the Twenty-First Session, the highway budget now contains a detailed set-up of the estimated expenditures for machinery and equipment. Here, again, the requested appropriation for the purchase, replacement and repair of equipment, amounting to \$1,260,000.00, does not mean an additional expenditure of that amount, but does provide the way for a proper determination of the true cost of highway maintenance and construction and a fair basis of comparison with work performed by contractors. It is proposed that the highway director charge each job with a reasonable rental for equipment used, and that such rental be paid into the treasury to the credit of the Motor Vehicle Fund.

Two years ago the legislature placed an additional one cent tax on gasoline, for lateral highways. It was hoped the distribution of this gas tax to the counties would make a corresponding decrease in property taxes for road purposes, but such is not the case. Instead of providing tax relief, it has proved to be an additional burden. If the distribution of this money to the counties is to be continued, the limits of the tax levies for the road and bridge and the road district funds should be correspondingly lowered.

I want to call to your especial attention that road expenditures have reached the colossal sum of more than \$43,000,000.00 per biennium. This money comes from the taxpayers, as do other taxes. In seeking tax relief, this activity should stand its share of retrenchment.

In order to secure uniformity in highway construction and maintenance, I suggest

that more supervisory powers over the construction and maintenance of permanent and lateral highways might be vested in the director of highways.

Two years ago I vetoed the proposal to construct a bridge over Deception Pass, for the reason that it was proposed to make this structure a toll bridge. I now recommend that provision be made for the construction of this bridge and road approaches, to be operated free from tolls.

STATE TAX COMMISSION.

In 1925 I recommended, for a time at least, the appointment of a state tax commission, for the primary purpose of studying the whole subject of the state's taxation policy, and to report suggestions and recommendations to the Governor. This received legislative approval.

The 1929 legislature, on executive recommendation, created a special non-salaried commission of nine members to work in conjunction with the Tax Commission in the consideration of all phases of the tax question.

This work has been completed and the joint report is now before the legislature. In the interest of economy and in line with the policy of consolidating functions of government wherever possible, I now recommend the abolishment of the Tax Commission and the transferring of its duties to a supervisor of taxation under the director of efficiency.

STATE LAND DEPARTMENT.

The intolerable conditions existing in the conduct of the office of commissioner of public lands call for a complete and thorough audit of the Land Office accounts, and a revision of the system under which the business of this department is carried.

For two years past, the State Department of Efficiency has been endeavoring to investigate the Land Office business, but has met with opposition at every turn from the commissioner of public lands.

The facts are set forth in the department's report, which is submitted to your honorable body as a part of this message. The information contained in this report merits the careful consideration of every member of the legislature. By reading it, you will find that the accounts of the Land Office are in a state of chaos, with many important records missing.

The report of the Efficiency Department further discloses the juggling of funds, apparently to conceal the embezzlement of state moneys.

In order to definitely determine the true condition, it will be necessary to make a complete audit of the department, tracing the various transactions from their inception. For the purpose of conducting this audit, I recommend a special appropriation of \$25,000.00.

Accompanying the report of the Efficiency Department is a series of maps, showing in detail the data relating to the sales of Seattle and Tacoma tide lands. While many of the sales were made under a former administration of the Land Office, the system of selling state lands today is the same as it was when these sales were made, and the information set forth shows the great losses the state has sustained in the sale of its public lands.

Back in 1910 a special legislative committee, reporting on its investigation of the State Land Office, said:

"The looseness and laxity of the land laws, the dishonesty, incompetency and inefficiency of cruisers, together with other conditions, convince the committee that the state has been for years systematically defrauded, and the people of the state have lost millions of dollars by the sale of state and timber lands for grossly and ridiculously inadequate consideration. * * *"

The situation described has been partially remedied in so far as the sale of state timber is concerned, by the adoption of executive recommendations removing the secrecy which formerly surrounded the sale of state-owned timber.

In his biennial report, which is before you, the commissioner of public lands points out that between the years 1927 and 1930, inclusive, the average price for state timber has increased from \$3.08 to \$3.71 per thousand. This with lumber prices on a decline.

With relation to the sale of state lands, however, the same looseness, laxity and obscurity in the conduct of sales, still prevail.

Pending completion of the audit by the Department of Efficiency, which should disclose changes necessary to be made in the land laws and in the system of operating the department, I again recommend the enactment of legislation to provide that no

sale of state lands or timber be made until the valuations fixed by the Land Department have been approved by the State Tax Commission, and such appraisal shall be held as confidential information for the sole benefit of the state until all bids under the sale have been received and the successful bidder named. This does not apply to cruises, as the kinds and quantities of timber offered for sale should be public information. As the Governor signs all deeds, this would provide a responsible check upon valuations of land and timber sold by the state.

Under date of November 24, 1930, the attorney general rendered an opinion to the Governor, holding that the so-called "Bush Act," which provides for the sale of oyster lands at \$1.25 per acre without competitive bidding, is still in force. This act should be repealed and legislation enacted to provide for the appraisal and sale of oyster lands as other state lands are sold.

Again I say, with responsibility should always go authority. Divided authority opens the way for the evasion of responsibility. There is no justification for divided authority in the conduct of the Land Department. I therefore recommend the abolishment of the State Land Board, and the transferring of its duties to the commissioner of public lands.

STATE TREASURER.

That the officer who receives public revenue should also check or determine the amount of such revenue is wrong in principle. Therefore, I request that the law relating to fisheries' licenses and fees be amended to provide for the transfer of the collection and checking of such fees to the Department of Licenses in conformity with the practice of the other departments. There is no necessity for maintaining an office in Seattle for this purpose.

VETERANS' COMPENSATION BOND RETIREMENT FUND.

At the present time, there is a balance in this fund of considerably over \$2,000,-000.00. This money has been taken from the taxpayers for the purpose of paying the interest and the retirement of bonds issued to finance the soldiers' bonuses.

The surplus cash in this fund is lying dormant in the banks, earning two per cent interest. The bonds outstanding are drawing five and one-half and six per cent interest.

I recommend that legislation be enacted to overcome this condition; either that provision be made for the calling and retirement of all outstanding bonds possible, or that such bonds be purchased with surplus funds in the state treasury.

FISHERIES.

The revised budget requests for the Fisheries Department call for capital outlays for the construction of two new salmon hatcheries in the Puget Sound district, forty-two new fresh-water rearing ponds, and the completion of a salt-water rearing pond.

The item of \$30,000.00 for two hatcheries was added to the department's request as an executive recommendation to provide additional facilities for the propagation of salmon. This is in line with the administrative policy of fostering and perpetuating the salmon industry.

Cuts have been made in requests for operating costs and the total amount requested is well within the estimated revenues of the department.

LICENSES.

Under existing law, the director of licenses is charged with all the duties relative to the examination and issuance of licenses, except the receiving of fees. In practice, however, a large proportion of the fees are actually received in the office of the director of licenses. In order to follow out the letter of the law, the director of licenses turns such fees over to the state treasurer after preparing a memorandum record thereof. Within a day or two, back they come to the office of the director of licenses from the treasurer's office. After the remittances are checked, back they go to the state treasurer's office again. After this procedure, the state treasurer transmits the application to the director of licenses, where they are again handled and licenses finally issued. This procedure requires about three times as much handling as is necessary.

I recommend that the law be amended to provide that all fees for licenses be forwarded direct to the director of licenses and by him be remitted to the state treasurer, as is the practice in other departments receiving money.

MOTOR VEHICLE OPERATORS' LICENSES.

Inasmuch as the revenues of the Highway Safety Fund are in excess of the reasonable demand, I recommend that the motor vehicle operators' licenses expiring July 31, 1931, be extended by legislative act to expire as of the date of July 31, 1932, and that thereafter, these licenses be issued each four years at a fee of one dollar for the four-year period.

GASOLINE TAX REFUNDS.

Under the present procedure, the state treasurer, who receives gas tax payments, also makes refunds to claimants. This is wrong in principle. No money should be paid out of the state treasury except on a warrant regularly drawn by the state auditor. Therefore, I recommend that the law be amended so that claims for gasoline refunds shall be filed with the director of licenses and that they be paid only on warrants issued by the state auditor.

STATE CAPITOL COMMITTEE.

Administrative functions carried on by ex-officio committees and boards have proved diabolical, extravagant, incompetent and unbusinesslike. Under the most favorable circumstances little or no supervision seems possible under such control. I recommend the abolishment of the State Capitol Committee, with transfer of all powers and duties, now vested in the committee, having to do with capitol buildings and grounds, to the Department of Business Control, and that the control and sale of capitol lands and timber be transferred to the commissioner of public lands. These departments are in position to more effectively and intelligently supervise these activities with a saving to the state.

STATE FOREST BOARD.

The request from the Reclamation Revolving Fund for the purpose of paying interest on forest development bonds has been disapproved by the Governor for the reason that there is sufficient money now in the Forest Development Fund to meet all interest requirements during the coming biennium. The Forest Development Fund by statute is not a state fund and is not subject to legislative appropriation. I recommend that this, and all funds, be made state funds.

STATE PARKS.

The idea back of the original state park movement was the conservation and perpetuation of natural scenic beauty spots along the state's permanent highways. Instead of holding to this noble purpose, the state has drifted into the tourist park business, with biennial requests for appropriations of more than one-half million dollars. This activity should be brought back within reason and the scope originally intended. Revenues now coming into the Park and Parkways Fund should be paid into the state treasury to the credit of the General Fund. Appropriations for the carrying on state park activities should be made from the General Fund. I recommend the abolishment of the State Parks Committee, with transfer of its powers and duties to the director of highways. In this way, the state parks can be cared for without adding to the cost of administration of district highway offices.

RECLAMATION.

I renew my recommendation that the reclamation levy of one-half mill be repealed. There is sufficient money in the Reclamation Fund to more than care for all necessary expenditures.

BOUNTIES.

The frauds uncovered during the last two years have further demonstrated the iniquities of the bounty system. I renew my recommendation that the bounty act be repealed.

JUDICIAL COUNCIL.

The Judicial Council has failed to accomplish the objects for which it was created. Continued expenditure of the taxpayers' money for this purpose is not warranted. I recommend that it be abolished.

UNIFORM LAW COMMISSION.

I have yet to find any useful purpose served by the Uniform Law Commission and again recommend its abolition.

STATE INSTITUTIONS.

Survey of penal and eleemosynary institutions, undertaken after adjournment of the Nineteenth regular Session of the Legislature in 1925, revealed a deplorable condition of overcrowding and neglect through failure to provide added facilities and proper maintenance of existing structures and equipment.

A comprehensive building program was adopted. Appropriations totaling \$2,575,000.00 have been granted by the last three legislatures with the result that our institution population is today adequately housed and general conditions are better than at any time in the state's history. Aside from requests for a small structure at the Eastern State Hospital and a minor building at the State Training School, no large capital outlays will be required, except for a new cell house to be constructed inside the wall at the penitentiary. The rapid increase in our penal population makes this latter undertaking imperative. This explains why it is I let a man out of prison once in a while. We have to make room for the others to get in.

PAROLES.

I again renew my recommendation for a change in the indeterminate sentence law and a reorganization of the state parole system.

In my messages to the Twentieth and Twenty-First sessions of the legislature, it was pointed out that our penal registers are replete with glaring inequalities in the administration of justice. Such inequalities can be corrected by providing for indeterminate sentences, with a fixed maximum, but no minimum. At each institution a complete history of each case could then be compiled, including the physical and moral fitness of the prisoner, his past record, and all circumstances attending the commission of the crime. Upon such information, the parole board could classify him and fix the time when he might be paroled, based upon a merit system, determined by fixed and definite rules and regulations, reserving to the Governor the right to review in all cases.

Such a system would be in keeping with the most advanced prison methods.

STATE PRINTING.

Operating under the trust agreement, the State Printing Plant has accumulated surplus earnings of \$14,000.00, plus interest of \$242.28, and the certified check of the State Printer is tendered herewith.

The biennial report of the State Printer, giving details of operation, will be placed on your desks.

EIGHT-HOUR DAY.

The necessity of reducing governmental costs wherever possible emphasizes the need of an eight-hour working day in all state offices and departments. That is the practice in the Governor's office and in the departments under the Governor's control, while the other state offices are on a seven-hour basis. I can see no reason why people working for the state, getting their pay from a cashbox that is never delinquent, should be soldiering on the job an hour extra every day. It is unfair to the people who pay the bills.

I renew my request for legislation to require all offices and departments of state government to be kept open eight hours each business day, except that, where possible, a half-holiday may be allowed on Saturday.

SCHOOL BONDS.

The law governing issuance of school district bonds should be amended to provide that only duly qualified, registered voters can vote at such elections.

The law should be further amended to provide that bonds may be issued when a majority has approved such issues, providing that the total vote cast shall be not less than seventy-five per cent of the vote cast at the preceding general election in such district.

Under the present law, any number of persons constituting a majority participat-

ing in the elections can place what amounts to a mortgage on all of the property of the district. In many recent elections, less than ten per cent of the voters have created valid obligations against every taxpayer in the district.

CONCLUSION.

In conclusion, as I have often said, *one sure way to reduce the tax burden is to quit spending public moneys*, and I am more convinced of it today than ever.

When all have spoken—railroads, banks, courts, commissions, messages—we still find ourselves at the crossroads, vainly endeavoring to make our diminishing income provide for our rapidly increasing public extravagances, and mortgaging the future by voting bonds and putting in vogue all sorts of schemes for spending public moneys. Property confiscation is facing us.

In my judgment, a beneficial prosperity cannot be manufactured at will. One of the greatest evils of the present day is the spending of public funds when and where not necessary. The using of tax moneys to bolster up the profligate behavior of the past in the business world, and to build political fences for politicians, is little short of criminal, and leads to a greater distress in the future.

More and more the government, with its army of snoopers, checkers, inspectors, directors, efficiency experts, and the like, is interfering with private business, destroying self-reliance and individual independence. Governments should be satisfied to manage the affairs for which they were organized—that of maintaining equal opportunity for the citizen, thwarting the hand of special privilege, and keeping order. There is ample private capital to carry on any legitimate enterprise.

One hundred years ago, during a similar depression, the great Macaulay, in the Edinburgh Review in the year 1830, put it well when he said:

“Our rulers will best promote the improvement of the people by strictly confining conditions to their own legitimate duties—by leaving capital to find its most lucrative course, commodities their fair price, industry and intelligence their natural reward, idleness and folly their natural punishment—by maintaining peace, by defending property, by diminishing the price of law, and by observing strict economy in every department of the state.

“Let the Government do this—the People will assuredly do the rest.”

Respectfully submitted,

ROLAND H. HARTLEY,
Governor.

Olympia, Washington, January 14, 1931.

(For report of Department of Efficiency on Partial Examination of the office of Commissioner of Public Lands, see House Journal this date.)

THE PRESIDENT: We want to thank you, Governor Hartley, for this comprehensive report, and I know both the Senate and the House will give due heed to your recommendations.”

The committee thereupon escorted the Governor from the House Chamber. At 11:06 a. m., on motion of Senator Metcalf, the joint session was dissolved.

The Senate reconvened in the Senate Chamber at 11:10 a. m.

MESSAGE FROM THE DIRECTOR OF HIGHWAYS.

STATE OF WASHINGTON, DEPARTMENT OF HIGHWAYS,
OLYMPIA, February 5, 1931.

*To the Honorable, the Senate, and the House of Representatives,
of the State of Washington, in Legislature Assembled:*

GENTLEMEN:

In compliance with the provisions of Chapter 113, of the Session Laws of 1929, entitled, "An Act relating to an interstate bridge over the Snake River between Clarkston in Asotin County, Washington and Lewiston in Nez Perce County in Idaho", I have the honor to submit the following report:

In the latter part of 1929 the street car rails and deck on the existing bridge between Lewiston and Clarkston were removed and new stringers, deck and rail placed on the existing structure. During the summer of 1930 an asphaltic wearing surface was placed on the new deck. With the elimination of the street car traffic from this structure the bridge now provides a 20 ft. roadway for vehicular traffic.

In conjunction with the work done in 1924 toward strengthening the main members and the work done on the deck within the past two years, the bridge is adequately

carrying present day traffic without load restriction with only a slight over stress in some of the members. Unless there is some increase in the allowable loads permitted to operate over the highways this structure should adequately carry the traffic for at least twenty (20) years.

In view of the repairs done to the bridge and the elimination of the street car traffic from the bridge with a corresponding increased roadway for vehicular traffic, it was deemed inadvisable to enter into negotiations with the State of Idaho and the Federal Government for the construction of a new bridge at this time.

Respectfully submitted,

SAMUEL J. HUMES,
Director of Highways.

On motion of Senator Hall (Oliver), the communication was referred to the Committee on Roads and Bridges.

CITY OF BREMERTON,
Incorporated 1901

OFFICE OF E. J. MCCALL, *City Clerk*
Bremerton, Washington

HONORABLE J. GRANT HINKLE,
Secretary of State
Capitol Building,
Olympia, Washington

February 10, 1931.

DEAR SIR:

I am directed by the City Commission of the City of Bremerton to extend to you, and through you, to each and both of the Houses of the Legislature of the State of Washington, for and on behalf of the City of Bremerton and the citizens thereof, its and their hearty appreciation for the interest manifest by you and the legislature of your state in memorializing Congress to allocate to the Puget Sound Navy Yard one of the battleships for modernization. In the event that with your assistance, and that of other states in the Northwest, such action is taken by Congress and the Navy Department, it will go a long way toward stabilizing the employment in the Navy Yard, which, we feel, is of vital importance not only to the immediate locality of the Navy Yard, but of the whole Northwest.

We, of this city, feel that if the citizens of the Northwest states realize the importance to them of stabilizing the employment in the Navy Yard by creating a constant demand for labor, both skilled and unskilled, and thus to a large extent absorbing the surplus of the labor market of the Northwest, that there would be a continuous effort on the part of the citizens of this state and of the sister states to exert their influence on the Federal Government to keep this yard up to its highest point of efficiency and labor employment.

This is the largest single industrial plant in the Northwest, and by reason of the fact that it is owned by the Government, it must of necessity depend a great deal upon political influence to secure its just proportion of the repairs and construction required and allowed by Congress and the Navy Department.

Then, too, if the citizens of the Northwest realize the enormous amounts of meat, vegetables, dairy products, fruits and all the products of the Northwest required by the ships when located here, which products are purchased from the producers of the Northwest, the people of these Northwest states would be more interested in seeing that these ships are here for as long a period each year as is consistent with good management and the policy of maneuvers and training of the Government.

Again thanking you, personally, and each and every member of the legislature of your state, for the action taken, and assuring you that such action, whether successful or not, will redound to the benefits of each and all of us, I beg to remain,

Yours truly,
E. J. McCALL, *City Clerk*,

(Seal of City of Bremerton)

Received February 13, 1931.

J. GRANT HINKLE, *Secretary of State*.

SENATE RESOLUTION.

By Committee on Roads and Bridges:

WHEREAS, In the wisdom of the Divine Providence, the Hon. Samuel Hill has been called from his earthly labors, and

WHEREAS, Half of Mr. Hill's life time, which spanned more than three score and ten years, was spent in the State of Washington and very largely as a volunteer servant of the people; and

WHEREAS, He is remembered not only for the warmth of his friendship, but also for the following among other great achievements:

He was a sponsor for and a delegate to the first good roads convention held in this state and for more than thirty years devoted his tremendous energies to the improvement of highway transportation, being recognized through election as honorary life president of the Washington State Good Roads Association;

He was, by avocation, a farmer and strongly moved by the need of the agricultural interests for cheaper transportation between the farms and the markets, for better educational facilities provided within reach of the children of the rural communities, for greater rural home comfort and ease of communication and toward the accomplishment of these things he labored in person and through the farm organizations;

He bore, for this state, a deep and abiding love which prompted him to keep Washington constantly before the attention of the world through a circle of influential friends both at home and abroad, conspicuous examples of his effective exploitation being the interest he aroused in King Albert of Belgium, which prompted him to arrange an American tour with this state as its objective and though Albert's succession to the throne prevented the formal visit the Belgian monarch never lost the interest in Washington aroused in his youth; the bringing of Mons. J. J. Jusserand, famous French diplomat and long ambassador to the United States to visit the state two decades ago; the tour arranged for Marshal Joffre wherein the famous commander of the allied forces during the world war first set foot on American soil when he came to this state; the American tour arranged for Queen Marie of Roumania which had a visit to the State of Washington as one of its chief objectives; and the bringing, as his guests, of many other famous and influential persons to the North Pacific Coast;

He was a man of patriotic fervor and wide vision, which led to his construction of the Peace Arch at the Canadian border near Blaine, which stands as a testimonial to more than a century of peace between two great English speaking nations, to his vision of a paved highway between Vancouver, B. C., and Tia Juana in Mexico, which now links three nations and may soon be extended through Yukon Territory and into Alaska, and to his promotion of closer trade and social ties between the United States and its neighbors.

He was endowed with personal bravery and quick sympathy, as attested during the World War wherein he risked his personal safety on desperate missions between the embroiled nations and again, at home, when he headed successful movements to relieve the food shortages among some of the allies.

He was a successful industrial leader who won his own way from impoverished childhood to a brilliant education and remarkable achievement in finance and business; and in innumerable ways typified the spirit of the Great Northwest; therefore be it

Resolved, By the Senate that the State of Washington has lost a loyal, devoted and efficient friend whose example will inspire others to self-sacrifice and achievement in behalf of the public; and be it further

Resolved, That, as a mark of respect, these resolutions be spread upon the Journal of the Senate, and a copy also be sent to the members of Mr. Hill's family.

MESSAGE FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Tuesday, March 3, 1931.

To the Honorable, the Senate of the State of Washington.

GENTLEMEN:

I have the honor to advise that the Governor has approved the following Senate Bill, entitled: Senate Bill No. 82: "An Act relating to cooperative marketing associations and amending Sections 5, 7, 8, 9, 11, 13, 15 and 21 of Chapter 115 of the Laws of 1921."

Very truly yours,
AMY ALLBRIGHT, *Secretary to the Governor.*

The Secretary read:

MESSAGE FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Tuesday, March 3, 1931.

To the Honorable, the Senate of the State of Washington.

GENTLEMEN:

I am returning herewith, without my approval, Senate Bill No. 57, entitled: "An Act relating to actions for the recovery of damages for the injury and/or death of minors or adults caused by wrongful and negligent acts, and repealing certain acts relating thereto."

According to law as it now is, in case of injury to a minor, the minor has a right of action against the person causing the injury. The parent of the minor also has a right of action against the ones causing the injury. The minor has a right to recover for injuries which he himself has sustained by reason of the wrongful act of another. The parent has a right of action against the wrong-doer to recover

doctor bills and other expenses, together with loss of the minor's time or the reasonable anticipated loss up to the time the minor arrives at full age. For any impairment of earning capacity after the minor has reached his full age, he has a right to recover from the wrong-doer. It is a debatable question as to whether or not this bill deprives the minor of such right.

Legislative enactments should be definite and certain. The rights of the minor in cases of this kind are definitely settled by the statutes now existing. The law should be simplified rather than rendered more complex.

Consequently, Senate Bill No. 57 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY, *Governor*.

On motion of Senator Palmer the veto message of the Governor on Senate Bill No. 57 was spread upon the journal and the bill referred to the Committee on Judiciary.

The Secretary read:

MESSAGE FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Tuesday, March 3, 1931.

To the Honorable, the Senate of the State of Washington.

GENTLEMEN:

I am returning herewith, without my approval, Senate Bill No. 67, entitled: "An Act relating to the welfare of minor children, their care, custody, control and adoption and providing penalties."

This bill makes it unlawful for any person, except the parent or relatives within the second degree, or a benevolent or charitable society incorporated for the purpose of assuming the permanent care, custody or control of any child under fourteen years of age, unless authorized by an order of the court, and makes it unlawful, except with the approval of the court, for any parent to relinquish or transfer to any person the permanent care, custody or control of any child under fourteen years of age, except to a society incorporated for the care and placement of such children.

It sometimes happens that an illegitimate child is born and the mother places the child in some respectable family, not related in any degree to the mother, to be brought up and nurtured as the child of that family. Why require a permanent record to be made of the illegitimacy of such child? Why thus brand the innocent?

Such legislation may be needed in some parts of the world, but it certainly is not required in this state.

For these reasons, Senate Bill No. 67 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY, *Governor*.

On motion of Senator Hall (Charles W.) the veto message of the Governor on Senate Bill No. 67 was spread upon the journal and the bill was made a special order of business for 11 o'clock tomorrow morning.

The Secretary read:

MESSAGE FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, Tuesday, March 3, 1931.

To the Honorable, the Senate of the State of Washington.

GENTLEMEN:

I am returning herewith, without my approval, Senate Bill No. 64, entitled: "An Act authorizing and regulating boxing, sparring and wrestling contests or exhibitions, creating a commission to license and regulate such contests and the participants therein, providing revenue and making an appropriation therefor, providing a penalty for violation hereof and repealing Sections 304 and 305, Chapter 249, Session Laws of 1909."

This bill was intended to benefit the American Legion and kindred organizations. In practical operation, however, it will create a monopoly of the boxing, sparring and wrestling game for existing clubs, without material benefit to veteran organizations. Therefore, Senate Bill No. 64 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Houser the veto message of the Governor on Senate Bill No. 64 was spread upon the journal and the bill was laid on the table.

STATE OF WASHINGTON, OFFICE OF ATTORNEY GENERAL
OLYMPIA, March 5, 1931.

*Senate Rules Committee, Legislative Building,
Olympia, Washington.*

GENTLEMEN:

You have transmitted to me a letter from Hon. Roland H. Hartley, governor of this state, together with a check made payable to the treasurer of the state of Washington in the sum of \$14,242.28, which the governor states is the surplus earnings of the state printing plant for the years 1929 and 1930. You also transmitted House Bill No. 7, which authorizes the state treasurer to accept this check. The governor states in his letter that it is necessary to pass this bill in order to accept this check. You inquire whether or not this is true.

The entire agreement between the trustees of the printing plant and Jay Thomas is unlawful insofar as the state is concerned, and to which the state is not a party and has no power to enforce. I so advised the governor at the time this agreement was entered into. A supplemental agreement to the original agreement also provides that at the end of the governor's term of office if the plant was paid for the trustees should sell the plant and turn the proceeds over to the state. At the end of the governor's first term of office the plant was paid for and this provision of the agreement was not lived up to. If Mr. Jay Thomas, or any other individual, desires to make a donation to the state, the state treasurer may accept the same without a bill of the legislature authorizing him so to do.

Yours respectfully,

JOHN H. DUNBAR, *Attorney General.*

MESSAGES FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, MONDAY, March 9, 1931.

*To the Honorable, the Senate
of the State of Washington:*

GENTLEMEN:

I have the honor to advise that the Governor has approved the following Senate Bills, entitled: Senate Bill No. 142:

"An Act relating to electric construction and amending Section 5437 of Remington's Compiled Statutes of Washington."

Senate Bill No. 18: "An Act authorizing the exchange of certain state lands or timber for other lands or timber of equal value."

Senate Bill No. 79: "An Act relating to revenue and taxation requiring distributors as therein defined to pay an excise tax on the sale of all butter substitutes, providing for licensing dealers therein, fixing a penalty for a violation of the provisions of the act, and declaring that this act shall take effect immediately."

Yours very truly,

AMY ALLBRIGHT, *Secretary to the Governor.*

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, MONDAY, March 9, 1931.

*To the Honorable, the Senate
of the State of Washington:*

GENTLEMEN:

I am returning herewith, without my approval, Senate Bill No. 68, entitled:

"An Act to provide a limitation for the bringing of actions growing out of injuries resulting to persons from malpractice on the part of physicians and surgeons and other persons licensed to practice healing arts in the State of Washington and amending Section 160 Remington's Compiled Statutes of the State of Washington."

This is a rewrite amending Section 160 of the Code. Sub-division 2 of the bill reads: "An action upon a forfeiture for a forfeiture or penalty to the state." Sub-

division 2 of Section 160 as it now reads: "An action upon a statute for a forfeiture or penalty to the state." The amendment makes sub-division 2 meaningless.

Therefore, Senate Bill No. 68 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Sutton the Senate returned to the third order of business.

The Secretary read:

REPORT OF SENATE MEMBERS OF CONFERENCE COMMITTEE.

MR. PRESIDENT AND MEMBERS OF THE SENATE:

Your committee which has been sitting in conference on Senate Bill No. 60 are now of the opinion that the Twenty-second Legislature will adjourn without having revised the automobile license act to provide for the flat \$3.00 annual fee demanded by most car owners and urged upon the Senate and House by the organizations which represent the automobile trade and the automobile users.

For this failure the Senate is in no wise responsible. In making this statement we do not want to be misunderstood as making any adverse criticism of the House members of the conference committee. They only reflected the position of the House organization as did we the Senate organization.

Every effort was made and every reasonable concession was offered in a vain effort to write a new \$3.00 fee bill into the 1931 session laws, but the representatives of the House who conferred with a committee of the Senate on both the proposed fee bill and a plan to revise the gas tax seem to have entered negotiations with minds closed to the \$3.00 license proposal.

The biennial road budget was held in abeyance until the fifty-fourth day of the session in the hope that because of the popular demand, a \$3.00 automobile license fee would be enacted into law. It was only after the danger of an early adjournment without providing for adequate highway construction loomed before the Senate representatives that the \$3.00 license fee was reluctantly abandoned.

Conferences between representatives of the Senate and House were arranged between the two committees having highway construction and automobile legislation in charge. On behalf of the Senate, Senators Sutton, Cleary and Hastings were named as conferees; for the House, Representatives Watkins, Hartung and Lamping were designated.

The Senate representatives informed the House delegation that they felt popular sentiment had already decided the \$3.00 issue in favor of the uniform low rate for automobile licenses. The Senators declared themselves of open mind on the question of a gas tax and invited proposals from the House members. The House also was informed that if it should be found that a public sentiment existed in favor of curtailing highway expenditures to the extent of a modest reduction in the budget the Senate conferees would not oppose it. However, if public sentiment was found to favor a continuation of the present policy of road-building—as the Senate conferees believed to be true—then the Senate would agree to an increase of the license fees charged motor vehicle common carriers, to a \$3.00 license and 3-cent gas, or to any other plan of gas-tax increase necessary to maintain the present revenues. Suggestions from the House along these lines were invited, but were not offered.

The Senate conferees reported back to the Senate Committee on Roads and Bridges and asked for an expression of opinion. The attitude of the conferees was approved, the \$3.00 license fee for automobiles was reinsured and the conferees were sent back to seek a basis for agreement with the House.

At the second conference the House representatives proposed a graduated license fee. The Senate representatives felt this plan to be unsatisfactory to automobile owners and pointed out, furthermore, that such a plan had been embodied in a bill sent to the Governor for his approval two years ago. It was vetoed at that time and the Senators felt that, inasmuch as the Governor disapproved of the graduated fee, it would be idle to discuss it as a basis of compromise, even though the Senate Committee on Roads and Bridges should consent to authorize the conferees to do so. The House position was reduced to writing and a copy placed in the hands of the Senate conferees subsequently.

Following the second conference the House conferees notified the Senate representatives that if the House desired another, or other conferences the Senate Committee would be advised of the fact.

After waiting until the fifty-fourth day for a communication from the House the Senate committee on Roads and Bridges was forced to the conclusion that no further conference was desired by the other branch of this Legislature. And, therefore, the effort to obtain a \$3.00 license fee was reluctantly abandoned and a road budget based on existing law was prepared.

W. J. SUTTON, E. J. CLEARY, FRED W. HASTINGS,
Members of the Conference Committee.

On motion of Senator Sutton the report of the committee was adopted and spread upon the journal.

REPORT OF SENATE MEMBERS OF CONFERENCE COMMITTEE.

MR. PRESIDENT:

We, your Conference Committee on House Bill No. 17, beg leave to report progress as follows:

That immediately after the appointment of your conference committee, your committee met the conference committee appointed by the House of Representatives, and took up the matter of the differences between the two houses, arising out of the three amendments adopted by the Senate—(a) providing for the election by counties of the members of the tax supervision commission; (b) limiting the operation of the bill to a period of two years; (c) providing that the jurisdiction of the tax supervision commission should not extend to that part of any budget which relates to a publicly owned utility, for which no general tax levy is requested by the levying board.

That the House Committee expressed a willingness to concur in Senate amendment (c) above, but refused to concur in amendments (a) and (b); and a majority of your committee refused to recommend to the Senate that it recede from amendments (a) and (b). At subsequent conferences a majority of your committee, although not possessing the powers of free conference, suggested certain tentative propositions as follows:

(1) That the Senate recede from its amendment providing for election of the commission and substitute therefor the appointment of the commissions by the governor, but that the Senate should not recede from its amendment limiting the operation of the bill to two years.

To this tentative proposition the house committee tendered an alternative proposition that the appointing power be placed in the governor, and that the bill be limited to four years.

That a majority of your committee and the house committee were unable to agree upon either of these propositions.

That a majority of your committee then proposed the following tentative proposition:

(2) That the bill be limited to a term of four years, and that the power to appoint the commissions in the various counties be vested in the members of the State Finance Committee, one commissioner be appointed by the Governor, one by the State Auditor, and the third by the State Treasurer.

That the members of the House Committee refused to entertain this proposition.

That the chairman of your committee then proposed to the chairman of the House Committee:

(3) That the Conference Committee report back to their respective houses that they were unable to agree, and request the powers of free conference; and that the chairman of the House Committee reported to the chairman of your committee that his committee would sign a report to the effect, only, that the committees could not agree.

That a majority of your committee deemed such a report to be useless, as it was well understood that the committees were unable to agree.

The House having on yesterday passed Senate Bills 26, 27, and 62, a majority of your committee anticipates that the House Committee may have some further propositions to make regarding House Bill 17.

Respectfully submitted,

E. J. CLEARY,
W. L. DIMMICK,
W. J. KNUTZEN.

Be It Resolved by the Senate, That

WHEREAS, due to the shortness of the session it is manifestly impossible for the Senate and members thereof to have a complete and full understanding of the workings of the state government and the various departments thereof, and

WHEREAS, Senate Bill No. 115 enacted by the Senate upon March 5, 1931, provided for the appointment of a joint committee of three members of the Senate and three members of the House of Representatives to investigate the various State Departments and the activities thereof for the information of the Legislature, which bill did not become a law through the failure of the House Committee to report same for action by the House.

Now Therefore Be It Resolved by the Senate, That the President shall appoint five members of the Senate, to constitute a standing committee to investigate and audit the affairs, doings and conduct of the various departments of the State Government, said committee to have the following powers:

7. Such committee shall from time to time as it deems advisable make and file reports which may be made by the entire membership of said committee or by one or more of the members thereof, which reports shall from time to time be filed with the secretary of state of the State of Washington and upon such filing shall be and become public documents.

MESSAGE FROM THE GOVERNOR.

STATE OF WASHINGTON, EXECUTIVE DEPARTMENT,
OLYMPIA, March 12, 1931.

*To the Honorable, the Senate
of the State of Washington.*

GENTLEMEN:

I am returning herewith, without my approval, Senate Bill No. 62, entitled:

"An Act relating to education, providing for schools, revenues and disbursements therefor, creating a county board of education, prescribing its powers and duties, and the powers and duties of certain other officials in connection therewith, providing penalties, amending Sections 4691, 4688, 4687, 4937, 4936, 4938, 4719, 4696, 4851, 4855, 4893, 4902, 4905, 4789, 4718, 5031, 4784, 4934, 4873, 4871, 4882, 4878, and 4876 of Remington's Compiled Statutes and Section 1 of Chapter 93 of the Laws of the Extraordinary Session of 1925, and amending Chapter 29 of Title 28 of Remington's Compiled Statutes by adding a new Section to be known as Section 4894-1, and repealing Chapter 139, and Sections 3 and 4 of Chapter 93, of the Laws of the Extraordinary Session of 1925, and Sections 4818, 4834, 4868, 4869, 4870, 4812, 4824, 4877, and 4880 of Remington's Compiled Statutes, and all acts and parts of acts in conflict herewith."

Provisions of this bill make drastic changes in the administration of our public school system and open the way for enlarged expenditures which will necessitate increased tax levies running into millions. Equalization of the cost of necessary education in the several school districts, as well as between counties, has been urged for a number of years and I would heartily approve of legislation to provide for reasonable equalization under adequate control to assure economies in the expenditure of moneys raised. This bill sets up machinery for raising more taxes, but with no proper control

over expenditures. Experience shows taxing units always levy up to the limit permitted and spend every dollar collected.

From official compilations, school taxes levied for the year 1930 totaled \$35,172,429.33, an increase of \$19,917,196.40 in thirteen years, or a percentage increase of 130.7%. Retrenchment in educational expenditures is absolutely essential. Failure to do so may well threaten the very existence of the present school system in the state. There is a limit to taxation, beyond which our people cannot go. In my judgment that limit has been reached. Our best efforts should be turned to relieving the already overloaded taxpayers, instead of opening the way to increase their burdens.

For these reasons, Senate Bill No. 62 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY, *Governor.*

On motion of Senator Houser the veto message of the Governor on Senate Bill No. 62 was spread upon the journal and the bill was laid on the table.

On motion of Senator Houser the further call of the Senate was dispensed with.

REPORT.

The Senate conference committee on House Bill No. 364 reports as follows:

The Sub-Committee of the Senate Appropriation Committee and the Sub-Committee of the House Appropriation Committee in conference upon the general appropriation bill, unanimously agreed and each member of both committees signed a report providing that appropriation operations should be divided (first) as to salaries

and wages; and (second) as to all operations other than salaries, which we believe to be the only economical and efficient method of operating; and

The Senate Conference Committee and the House Conference Committee at this time are unable to agree for the reason that the House Committee refuses to carry out the previous agreement as specified above.

Senator Metcalf moved the adoption of the report.

Senator Metcalf moved to amend his motion to include a vote of approval of the position of the Senate members of the free conference committee on House Bill No. 364.

The Secretary read:

REPORT OF THE RULES COMMITTEE.

OLYMPIA, WASH., March 12, 1931.

MR. PRESIDENT AND GENTLEMEN OF THE SENATE:

In view of the fact that the constitutional limit of the twenty-second session of the Washington Legislature is about to expire, the Rules Committee of the Senate believes that it is timely that a statement be made relative to the disagreements which exist between House conference committees and Senate conference committees on a number of important measures. In order that the members of your Honorable Body may know the position which the Senate takes on a number of these matters we beg to report as follows:

With reference to House Bill No. 364, being the budget bill for general appropriations, we feel that there should be a very material reduction of expenditures for state government, which policy the Senate committee has followed in preparing its appropriation bill, and we feel that economy can be secured by providing that appropriation operation should be divided (first) as to salaries and wages; and (second) as to all operations other than salaries, and we further believe this to be the only economical and efficient method of operating; and, further, we endorse the position taken by our conference committee in their demand for this method of appropriation and expenditure of public money.

With reference to House Bill No. 17, the Senate has receded from the Senate amendment providing for an election instead of appointment, and has acceded to the wish of the House committee that the supervisory budget committee shall be appointed by the Governor.

The only question at issue is whether this act shall be in effect for two years as an experiment, which we understand to be the desire of the advisory tax commission, or shall endure for four years,—which latter is the demand of the House.

The present status with reference to Senate Bill No. 253, being the road budget bill, is as follows:

The Senate committee is insisting that all of the appropriations made for definite highways shall be so defined by law that the money thus allocated shall be spent only on the respective highways named, their grounds being that in the past there has been too much shifting of funds from one highway to another.

Senate Bill No. 20. During the 1919 session of the Legislature, by reason of a public demand for a reclamation law, the reclamation act now on the statute books was enacted which provided for a small levy in order to create a reclamation revolving fund.

After that fund had reached an amount where it seemed advisable to discontinue the levy, the session of 1925 and each succeeding session suspended the levy—and the Senate this year has taken like action.

During the last six years the present state administration has at each session of the Legislature urged the repeal of this law.

What differences of opinion there have been between the Senate and the Governor originated with his position upon this issue. The United States Government has taken

the definite position that no reclamation project will be undertaken by Federal authority or expenditure unless the state wherein such project is located cooperates along the lines suggested by Dr. Elwood Mead, the Federal director of reclamation.

Your committee believes that this law has the approval of the people of the state and their desire that its policy toward reclamation shall not be changed, for the reason that it is the one outstanding program looking to future development of the state and which has been enacted into law with the necessary legislative machinery to carry it out.

The Senate has declined to hazard Federal projects in this state by action directly opposed to the policy of the Federal department and directly opposed to what we believe to be the desires of the state as a whole.

RULES COMMITTEE.

Senator Metcalf moved that the report of the Rules Committee be spread upon the journal.

Senator Houser moved as a substitute that the "plea of not guilty of the Rules Committee" be accepted.

The substitute motion lost.

The motion of Senator Metcalf was adopted.

On motion of Senator Wray, it was ordered that the Senate, through the Secretary, request the Governor to return to the Senate Enrolled Substitute Senate Bill No. 15 for the correction of a typographical error.

The President signed Senate Bill No. 216.

The Secretary read:

GOVERNOR'S MESSAGES ON SENATE BILLS VETOED.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Substitute Senate Bill No. 15, entitled:

"An act relating to firemen's relief and pension funds, defining the powers and duties of certain officers and corporations, providing for additional revenues, creating an emergency reserve fund, and providing for the maintenance and expenditure thereof, and amending Sections 1 and 14 of Chapter 196 of the Laws of 1919, and further amending said chapter by adding thereto new sections to be known as Sections 22, 23, 24 and 25."

Among other things, this bill provides for the diversion of revenues from the channels now established by law to the Firemen's Relief Fund, of "all moneys which may be set apart to said fund by ordinance of the municipal authorities of any city or town, derived by such city or town, from the sale of condemned hose and other fire department apparatus and equipment of every kind or description, from fines imposed and collected for sending in false alarms of fire, from citizens or others for services rendered by any such fire department to any citizen, or other person, for pumping out cellars, basements, filling cisterns, removing dangerous walls, buildings, or other obstructions, or services performed not in the line of fire duty, and the emoluments or fees, charges and collections, derived from such other work as may be permitted by such city or town outside of legitimate and proper duty, including all services rendered to any citizen, firm, company or corporation, city or town, for the saving of property, and moneys appropriated for salaries of the fire department and not expended due to the difference of salaries paid for disability claims of members from the firemen's relief and pension fund, and the amount of salaries paid by the fire department to relief men employed to fill vacancies of disabled members at a lower rate of salary, including the amount of salary not expended by the fire department owing to no relief men being employed to fill vacancies, and salaries not expended due to penalties imposed upon members of the department for any dereliction of duty, or violation of any rule, order, or regulation of the fire department, and all moneys derived from any and all other sources that may, by any law of this state or ordinance of any municipality thereof, be set apart for the benefit of the firemen's relief and pension fund of such city or town; all moneys which may be set apart to said fund by ordinance of the municipal authorities of any city or town, not exceeding fifty (50) per cent of all moneys derived from licenses, or privileges to manufacture or store petroleum and products thereof, turpentine, powder, giant powder, dynamite, hemp, cotton or other combustible, explosive or inflammable substance, liquids, and materials, licenses of amusements under the ordinances of any such city or town, licenses of all public garages, licenses and fees incident to the installation and use of gasoline pumps, both stationary and portable, fees for the inspection for approval of each and every oil burner, oil tank,

curb fill, oil pump, acetylene generator, fire works or other fire hazard, fees for the issuance of permits for the installation of curb fills for oil or gasoline tanks, fees for the issuance of permits for handling and transportation of explosives, fees for the issuance by the fire department or fire prevention bureau of certificates of approval of fire extinguishing equipment, hazardous appliances, devices and processes and fitness for operating and maintaining the same; all moneys which may be set apart to said fund by ordinance of the municipal authorities of any city or town, not exceeding thirty (30) per cent of all moneys collected from fines for the violation of any municipal ordinances, in relation to the construction and maintenance of any class of buildings or prohibited materials in violation of the building code and fire ordinances of such city or town, fines collected for violation of any municipal ordinances regulating the quantity, quality, or storage of petroleum and products thereof, turpentine, powder, giant powder, dynamite, hemp, cotton or other combustible, explosive or inflammable substances, liquids or materials, and fines collected for violation of any fire and explosive hazard ordinance."

If such revenues are permitted to be diverted to the Firemen's Relief Fund, the loss to the municipalities will have to be made up by additional tax levies.

Authorization to divert any such revenues and fines to the Firemen's Relief Fund is against public policy. This might easily result in innumerable petty persecutions, demoralizing the firemen and annoying the citizens. If firemen are not paid sufficiently under existing law, their pay should be increased; but rewards should never be held out to tempt public servants in this manner. Furthermore, there would be every incentive, under the provisions of this bill, to junk hose and other fire department equipment before worn out.

The bill provides for an annual levy of not less than two-tenths of a mill nor more than five-tenths of a mill in order to maintain a balance in the firemen's emergency reserve fund equal to \$1.00 for every man, woman and child in the city or town affected. This tax would be levied in the City of Seattle until there was in the firemen's emergency reserve fund \$362,000, and in all other cities in the same proportion.

Should this bill become a law, its blighting effect would reach all of our people, including the firemen themselves. It is amazing that such a proposal could have passed through both houses of the legislature. The people at large, and very few of the firemen, have any idea of the baneful provisions of this bill.

Taxes are too high now. In these depressed times, firemen are fortunate to have steady employment at good wages with no trouble to collect their pay. There is no justification for adding to the tax burden of the unemployed to increase firemen's relief and pension funds.

Therefore, Substitute Senate Bill No. 15 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 19, entitled:

"An act directing the director of the department of conservation and development of the State of Washington assist in the securing of petitions for the organization of the Columbia Basin reclamation district or districts under the laws of the State of Washington, and making an appropriation."

The purpose of this bill is to provide for securing petitions for the organization of reclamation districts in the Columbia Basin Irrigation Project.

Under the terms of the bill, the act would be inoperative until the United States Reclamation Bureau has supplied the Secretary of the Interior with a construction program for irrigating the lands to be included within such reclamation district, or districts. Obviously, there is no immediate need for such legislation or for the appropriation carried in the bill.

Furthermore, it is altogether likely that any work done in advance of authorization by congress would be of little or no value. It would seem desirable, therefore, to postpone legislation until the requirements of the federal government are definitely known.

For these reasons, Senate Bill No. 19 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 24, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 26, entitled:

"An act relating to taxation, providing revenues for the support of the state government therefrom by imposing taxes upon gains, profits and incomes of individuals and fiduciaries, providing for the collection thereof, defining the powers and duties of certain officers with respect thereto, providing penalties and declaring that this act shall take effect immediately."

This bill would impose additional taxes, with respect to net incomes, which would be levied, collected and paid annually. All individual net incomes over one thousand dollars would be subject to the tax. Every single person, or every married person living apart from his spouse, having an income of eight hundred dollars or more, and every married person living with his spouse, having an income of fourteen hundred dollars or more, would be required to make an individual return.

This bill was designed to take part of the tax load off real estate, but it would do nothing of the kind. To enforce the provisions of the act would require a vast army of inspectors, auditors, clerks and other assistants, greatly adding to the cost of government. It would not produce

sufficient revenue to justify the enormous cost of administration and, consequently, would result in added taxes to those now carrying a confiscatory load. The bill is highly discriminatory and impractical.

The state should not seek new sources of revenue, but should strive to reduce the tax burden. It has been the experience of every state that new sources of revenue always mean the expenditure of more money.

"A little group of willful men" in the state Senate successfully blocked the passage of any legislation designed to reduce the tax burden. It is common knowledge that their entire time was spent in circumventing all efforts to simplify and coordinate functions of government that would have resulted in greatly reduced costs. Practically every bill permitted to pass the Senate was either a special-privilege-creating or tax-increasing measure. A review of the Senate record will disclose measures passed by that body would have cost the taxpayers many additional millions of dollars. Many recommendations having for their purpose retrenchment through the elimination and coordination of functions of government were totally ignored.

The disturbing fact is that taxes are increasing much faster than the incomes of our citizens and, when fiscal problems become acute, politicians give no thought to retrenchment, but look wildly around for new sources of revenue. It is this policy, or lack of policy, which is rapidly bringing about confiscation of property by taxation.

In addition, the Attorney General has advised that, in his opinion, our Supreme Court would declare Senate Bill No. 26 unconstitutional.

For these reasons, Senate Bill No. 26 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 24, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the Legislature, without my approval, Substitute Senate Bill No. 27, entitled:

"An Act relating to taxation, providing revenues for the support of the state government therefrom by means of an excise or tax according to or measured by net income with respect to the exercise of their franchises or the carrying on or doing of business by corporations; providing for the assessment, collection and distribution thereof; defining the powers and duties of certain officers with respect thereto; providing that excises or taxes thereunder shall be in lieu of the annual corporation license tax; providing penalties; repealing Sections 28, 29, 30, 31 and 32 of Chapter 130 of the Laws of the Extraordinary Session of 1925, Section 17 of Chapter 110 of the Laws of 1913, Sections 4 and 5 of Chapter 227 of the Laws of 1929 and all other acts or parts of acts in conflict therewith; and declaring that this act shall take effect immediately."

Substitute Senate Bill No. 27 is a companion bill to Senate Bill No. 26, this day vetoed.

In the opinion of the Attorney General, the Supreme Court might have less doubt about the constitutionality of Substitute Senate Bill No. 27 than about the constitutionality of Senate Bill No. 26. Be that as it may, taxes should be lowered—not increased.

Except for the constitutional question, everything said in vetoing Senate Bill No. 26 applies with equal force to Substitute Senate Bill No. 27.

Furthermore, the approval of this bill would have a disastrous effect upon pay rolls and wages.

For these reasons, Substitute Senate Bill No. 27 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 52, entitled:

“An act relating to education, defining the powers and duties of the State Board of Education, providing for the certification of teachers, and amending sections 4529, 4990, 4991, and 4977 of Remington’s Compiled Statutes and Section 7 of Chapter 175 of the Laws of 1923.”

Junior high schools have no legal standing under the law. Other provisions of the bill are unnecessary.

For these reasons, Senate Bill No. 52 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 17, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 53, entitled:

“An act relating to assessment, levy and collection of taxes and amending Section 25 of Chapter 130 of the Session Laws of 1925, pages 240 and 241.”

This bill is designed to exempt from taxation certain property which under existing law is taxed and should be taxed. All such property should bear its just proportion of the tax load.

For these reasons, Senate Bill No. 53 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 55, entitled:

"An act relating to and authorizing certain school districts to maintain and operate dental clinics, defining the powers and duties of certain officers."

The purpose of the bill is for the establishment of dental clinics in public schools. Its provisions violate the spirit and intent of section 2 of article IX of the state constitution, which reads as follows:

"The legislature shall provide for a general and uniform system of public schools. The public school system shall include common schools, and such high schools, normal schools, and technical schools as may hereafter be established. But the entire revenue derived from the common school fund and the state tax for common schools shall be exclusively applied to the support of the common schools."

Special functions of this character, which have been brought into our educational system are responsible in a large measure for the enormous costs which are today threatening the very existence of our public school system.

If, indeed, it be necessary for any agency to take the place of parents and other responsible relatives in this respect, this service should furnish a worthwhile object for public-spirited citizens and philanthropists.

For these reasons, Senate Bill No. 55 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 3, 1931.

To the Honorable

The Senate of the State of Washington.

Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 57, entitled:

"An act relating to actions for the recovery of damages for the injury and/or death of minors or adults caused by wrongful and negligent acts, and repealing certain acts relating thereto."

According to law as it now is, in case of injury to a minor, the minor has a right of action against the person causing the injury. The parent of the minor also has a right of action against the ones causing the injury. The minor has a right to recover for injuries which he himself has sustained by reason of the wrongful act of another. The parent has a right of action against the wrong-doer to recover doctor bills and other expenses, together with loss of the minor's time or the reasonable anticipated loss up to the time the minor arrives at full age. For any impairment of earning capacity after the minor has reached his full age, he has a right to recover from the wrong-doer. It is a debatable question as to whether or not this bill deprives the minor of such right.

Legislative enactments should be definite and certain. The rights of the minor in cases of this kind are definitely settled by the statutes now existing. The law should be simplified rather than rendered more complex. Consequently, Senate Bill No. 57 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Thursday, March 12, 1931.

To the Honorable
The Senate of the State of Washington.

Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 62, entitled:

"An act relating to education, providing for schools, revenues and disbursements therefor, creating a county board of education, prescribing its powers and duties, and the powers and duties of certain other officials in connection therewith, providing penalties, amending Sections 4691, 4688, 4687, 4937, 4936, 4938, 4719, 4696, 4851, 5855, 4893, 4902, 4905, 4789, 4718, 5031, 4784, 4934, 4873, 4871, 4882, 4878, and 4876 of Remington's Compiled Statutes and Section 1 of Chapter 93 of the Laws of the Extraordinary Session of 1925, and amending Chapter 29 of Title 28 of Remington's Compiled Statutes by adding a new section to be known as Section 4894-1, and repealing Chapter 139, and Sections 3 and 4 of Chapter 93, of the Laws of the Extraordinary Session of 1925, and Sections 4818, 4834, 4868, 4869, 4870, 4812, 4824, 4877, and 4880 of Remington's Compiled Statutes, and all acts and parts of acts in conflict herewith."

Provisions of this bill make drastic changes in the administration of our public school system and open the way for enlarged expenditures which will necessitate increased tax levies running into millions. Equalization of the cost of necessary education in the several school districts, as well as between counties, has been urged for a number of years and I would heartily approve of legislation to provide for reasonable equalization under adequate control to assure economies in the expenditure of moneys raised. This bill sets up machinery for raising more taxes, but with no proper control over expenditures. Experience shows taxing units always levy up to the limit permitted and spend every dollar collected.

From official compilations, school taxes levied for the year 1930 totaled \$35,172,429.33, an increase of \$19,917,196.40 in thirteen years, or a percentage increase of 130.7%. Retrenchment in educational expenditures is absolutely essential. Failure to do so may well threaten the very existence of the present school system in the state. There is a limit to taxation, beyond which our people cannot go. In my judgment that limit has been reached. Our best efforts should be turned to relieving the already overloaded taxpayers, instead of opening the way to increase their burdens.

For these reasons, Senate Bill No. 62 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 3, 1931.

To the Honorable

The Senate of the State of Washington.

Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 64, entitled:

"An act authorizing and regulating boxing, sparring and wrestling contests or exhibitions, creating a commission to license and regulate such contests and the participants therein, providing revenue and making an appropriation therefor, providing a penalty for violation hereof and repealing Sections 304 and 305, Chapter 249, Session Laws of 1909."

This bill was intended to benefit the American Legion and kindred organizations. In practical operation, however, it will create a monopoly of the boxing, sparring and wrestling game for existing clubs, without material benefit to veteran organizations.

Therefore, Senate Bill No. 64 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 3, 1931.

To the Honorable

The Senate of the State of Washington.

Gentlemen:

I am returning herewith, without my approval Senate Bill No. 67, entitled:

"An act relating to the welfare of minor children, their care, custody, control and adoption and providing penalties."

The bill makes it unlawful for any person, except the parent or relatives within the second degree, or a benevolent or charitable society incorporated for the purpose of assuming the permanent care, custody or control of any child under fourteen years of age, unless authorized by an order of the court, and makes it unlawful, except with the approval of the court, for any parent to relinquish or transfer to another person the permanent care, custody or control of any child under fourteen years of age, except to a society incorporated for the care and placement of such children.

It sometimes happens that an illegitimate child is born and the mother places the child in some respectable family, not related in any degree to the mother, to be brought up and nurtured as the child of that family. Why require a permanent record to be made of the illegitimacy of such child? Why thus brand the innocent?

Such legislation may be needed in some parts of the world, but it certainly is not required in this state.

For these reasons, Senate Bill No. 67 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Monday, March 9, 1931.

To the Honorable

The Senate of the State of Washington.

Gentlemen:

I am returning herewith, without my approval, Senate Bill No. 68, entitled:

"An act to provide a limitation for the bringing of actions growing out of injuries resulting to persons from malpractice on the part of physicians and surgeons and other persons licensed to practice healing arts in the State of Washington and amending Section 160, Remington's Compiled Statutes of the State of Washington."

This is a rewrite amending Section 160 of the code. Sub-division 2 of the bill reads: "An action upon a forfeiture for a forfeiture or penalty to the state." Sub-division 2 of Section 160 as it now is reads: "An action upon a statute for a forfeiture or penalty to the state." The amendment makes sub-division 2 meaningless.

Therefore, Senate Bill No. 68 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Thursday, March 19, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 73, entitled:

"An act to provide for the organization, incorporation, operation, supervision, dissolution and/or merger of cooperative savings and credit associations to be termed 'Credit Unions' and to define their powers, duties, privileges and scope of undertakings, including penalties for the violation of any provisions."

An act providing for the organization, operation and supervision of savings and credit associations, to be termed "Credit Unions" was enacted by the legislature in 1927. It was vetoed. Present Senate Bill No. 73 is in substance a re-enactment of that measure. In vetoing the bill passed by the legislature in 1927, I said:

"I felt it my duty to veto a similar bill passed at the late extraordinary session of the legislature. Senate Bill No. 197 is slightly different from the bill vetoed, but in its essential features is substantially the same. The supervisor of banking of this state has been advised by the superintendent of banks of the State of New York that investigations show in most cases the individuals do not understand the real purpose of a credit union and are not properly qualified to manage the affairs or assume the responsibility connected with the proper conduct of a banking institution. Also that the members do not keep in touch with the affairs of the association. The directors do not attend meetings and as a result one or two officers manage the credit union without a proper regard for the interests of the members.

"I would be very glad to add to the peace and happiness of those of our citizens whose well being this bill was designed to advance, but the bill falls far short of being a benefit to those people. To them it would be a detriment, not a help. Feeling as I do, I cannot conscientiously approve this bill."

What was true of Senate Bill No. 197, vetoed in 1927, is true of the present Senate Bill No. 73.

For the reasons above stated, said Senate Bill No. 73 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 75, entitled:

"An act authorizing school districts to permit the use of school parks and playgrounds by or under the auspices of incorporated or unincorporated athletic clubs or associations, for athletic contests or purposes under such regulations and at such rental or compensation as the board of school directors of the several school districts may prescribe, and repealing all acts and parts of acts in conflict herewith."

This bill authorizes the school directors of all school districts in the state owning parks or playgrounds to grant permission for the use of the same for athletic contests.

School parks and playgrounds are dedicated for school purposes. Such parks and playgrounds are tax exempt. Owners of private parks and playgrounds are taxed to support those belonging to the schools. School property should not be used in competition with private property. Therefore, Senate Bill No. 75 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 81, entitled:

"An act relating to cities and granting to certain cities the power to frame their charters."

The constitution authorizes any city containing a population of more than twenty thousand to frame a charter for its own government. Senate Bill No. 81 would extend this privilege to cities containing a population of

twelve thousand to frame a charter for its own government in the same manner that cities of more than twenty thousand are authorized to do.

The framers of the constitution had an object in view when adopting this provision. It must have seemed to them that it was not wise to permit cities of less than twenty thousand to incur all the responsibilities, liabilities and expenses of government that might be safely undertaken by cities containing a population of more than twenty thousand. This bill would permit cities of twelve thousand, and less than twenty thousand, to incur expenses that would probably be beyond the power of the people of such cities to maintain and continue. The power of incurring expenses should be curtailed rather than extended.

For these reasons, Senate Bill No. 81 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 93, entitled:

"An act providing for the appointment of public weighmasters, defining their powers and duties, fixing fees and providing penalties."

This is another bill which would add to the cost of doing business, place another army of employees to inspect and another set of penalties to harass an already over-burdened commercial life of our state.

The necessity for any such legislation is not apparent. It affords no protection to the public and contains no legislative appropriation for the disbursement of revenues derived thereunder. For these reasons, Senate Bill No. 93 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 17, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 95, entitled:

"An act providing for the possession, regulation, sale, disposal, disposition, prescription, dispensing and use of narcotic drugs and certain appliances for the use thereof and providing penalties for the violation thereof and providing for the quarantine and treatment of narcotic drug addicts and repealing Chapter 47 of the Laws of 1923."

This is an attempt to liberalize the law relating to narcotics. It would repeal Chapter 47 of the Laws of 1923 relating to the same subject. Chapter 47 of the Laws of 1923 has worked to the general satisfaction. Its provisions should not be relaxed. It has been on the statute books eight years, has been construed and sustained by the courts and should not be repealed.

For these reasons, Senate Bill No. 95 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 99, entitled:

"An act to unify and make perpetual the citation of the statutes in force in the State of Washington."

Section 1 of this bill requires the judicial council to select a system of uniform numbering in accordance with which the statutes in force may be numbered, the state law librarian to act in conjunction with the judicial council in determining and adopting said system of uniform numbering. No good reason has been advanced for a change that would entail so great an expense.

Senate Bill No. 99 appears to be unnecessary legislation and is therefore vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 107, entitled:

"An act providing for the supervision, regulation and control of the transportation by motor vehicles for hire, of property in connection herewith, upon the public highways of this state, providing for fees and prescribing penalties."

This is another regulatory measure. It is indefinite in its provisions and the language is highly complicated. Its enactment would add materially to the work and number of employees in the Department of Public Works, requiring more regulations, more hearings, more inspection and more trouble for everybody concerned, without resulting benefit.

The problems of the trucking business are being solved by the industry itself under existing regulations.

No provision has been made for defraying the additional expense imposed by this measure.

For these reasons, Senate Bill No. 107 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 108, entitled:

“An act relating to banking and trust business and amending Section 3222 of Remington’s Compiled Statutes of Washington, Section 15, Chapter 80, Laws of 1917.”

Existing laws forbid any corporation from engaging in a trust business, except in compliance with the provisions of Chapter 80 of the Laws of 1917, as amended by Chapter 209 of the Laws of 1919. This bill amends existing law by the proviso: “However, * * * this provision shall not apply to the taking, from financially embarrassed or insolvent persons, associations, copartnerships or corporations, of trust deeds or bills of sale or assignments for the benefit of creditors by any incorporated merchants’ association or association of credit men and/or other similar non-profit corporations whose objects and purposes are to conduct, manage, preserve, care for and dispose of the business, property, and assets of financially embarrassed or insolvent persons, associations, copartnerships, or corporations.”

This is special legislation in favor of the exempted corporations and associations. Too often insolvent concerns would be administered for the benefit of the large creditors at the expense of the smaller creditors. Furthermore, it would have a tendency to force everybody into credit associations. The bill looks fair enough, but when analyzed, it is not.

Therefore, Senate Bill No. 108 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 110, entitled:

“An act relating to taxation, regulating the assessment, levy and collection of taxes, providing for the adjustment of the state’s portion of taxes which are cancelled or modified, and amending Section 97 of Chapter 130 of the Laws of 1925.”

This permits the adjustment of state taxes by means of bookkeeping, which should be presented for adjustment to the legislature, as by law now provided.

Therefore, Senate Bill No. 110 is vetoed.

Respectfully,

ROLAND H. HARTLEY,

Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval, Senate Bill No. 125, entitled:

"An act relating to insurance, defining the qualifications of domestic mutual insurance companies, and adding Section 7131 A to Remington's Compiled Statutes of Washington."

This bill relates to the qualifications of domestic mutual insurance companies. Among other provisions, it contains the following:

"No solicitation for insurance under this subdivision shall be made unless the organizers shall have executed and filed with the insurance commissioner a bond in the sum of not less than twenty-five thousand dollars, in form satisfactory to and with surety approved by the insurance commissioner, conditioned for the repayment in full of all prepaid premiums in case the organization of the company is not completed within the time specified or such further time as may be fixed by the insurance commissioner.

"Or, in lieu * * * * the company shall provide and hold a special guaranty fund of at least twenty-five thousand dollars in cash or invested in securities to be approved by the insurance commissioner, to be used for no purpose other than the payment of losses, until the company has accumulated a surplus fund of twenty-five thousand dollars over and above all liabilities, independent and exclusive of the guaranty fund. No part of such guaranty fund may be repaid or returned to the subscribers when such repayment would reduce the above mentioned surplus to less than twenty-five thousand dollars. Such company may borrow a sum of money sufficient to provide the amount to be held as a special guaranty fund, and an additional sum to defray the expenses of organization not exceeding ten thousand dollars. This loan shall not be liability and the agreement therefor shall provide that the principal and interest thereon shall only be repaid from the assets in excess of all liabilities and a surplus of twenty-five thousand dollars as above set forth."

This looks too much like authorizing the organization of insurance companies without any assets. It is poor business. The reserve is insufficient. The approval of this bill would foster the growth of fly-by-night insurance companies. It is against good public policy.

Therefore, Senate Bill No. 125 is vetoed.

Respectfully,

ROLAND H. HARTLEY,

Governor.

Tuesday, March 24, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 128, entitled:

"An act providing for and regulating the recount of ballots and a re-canvass of the votes registered on voting machines at any election held within the state."

This bill would permit the opening of voting machines for purposes of recount without giving all candidates notice of such recount, which would be unfair and dangerous in the extreme. Furthermore, it would delay final determination of elections for ten days after completion of the county canvass.

For these reasons, Senate Bill No. 128 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 129, entitled:

"An act providing for and regulating the election of electors of president and vice-president of the United States, and repealing certain parts of acts in relation thereto."

This bill would change the system fixed by the constitution of the United States for electing the President and Vice-President. Therefore, said Senate Bill No. 129 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 137, entitled:

"An act relating to abandoned horses, declaring them to be a public nuisance, providing the rounding up, sale, disposition, reclaiming and taxation thereof."

This bill says a "mule" is a "horse." By prior legislative fiat, a "goat" was made a "milk cow", but even nature fakery can make no one believe a "mule" is a "horse". A horse might make a "jackass" out of itself, as

did certain members of the present state Senate, but I would still be unwilling to convert a state senator into a "jackass" by legislative enactment. This would be unfair to the jackass. Unless some limit is placed on such legislative enactments, we may expect at a future session of the legislature a bill declaring a "hippopotamus" a "humming bird".

This bill deals with "abandoned horses". It contains provisions which would invite litigation and trouble. On this ground and on the further ground that some limit should be set to nature fakers, Senate Bill No. 137 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, Senate Bill No. 140, entitled:

"An act relating to the refunding of irrigation district indebtedness."

This is additional legislation with reference to refunding of irrigation district indebtedness.

The approval of this bill would place warrant indebtedness of irrigation districts on the same basis as bonded indebtedness and would permit money in the reclamation revolving fund to be used in the purchase of securities of irrigation districts that are financially bankrupt.

The bill would also allow ninety per cent of the outstanding bond holders to bind the other ten per cent, who did not consent. This provision is of doubtful validity and unsound. Moreover, the entire act is an unnecessary piece of legislation.

For these reasons, Senate Bill No. 140 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 141, entitled:

"An act relating to the investment of permanent insurance funds of school districts of the first class and amending Section 3 of Chapter 79 of the Laws of 1911."

This bill empowers county treasurers, when authorized by the board of directors of school districts, to invest any accumulated permanent insurance fund of said district in bonds and other securities.

The objectionable part of this bill is contained in the proviso that "the county treasurer may purchase the above described obligations at a premium or discount whenever directed to do so by the board of directors." Such securities should be purchased at the market value. For this reason, Senate Bill No. 141 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

To the Honorable

The Senate of the State of Washington.

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 149, entitled:

"An act relating to the government of cities of the first, second, and third classes, and providing for the reorganization of such cities under the city manager plan."

This bill is a city manager plan of government.

This state has about as many plans for city government as the most fastidious theorist might desire. The times are not propitious for further experiments in city government. Therefore, Senate Bill No. 149 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 157, entitled:

"An act relating to corporate books and records, providing for stockholders' and creditors' rights of inspection therein and amending Section 3827 of Remington's Compiled Statutes."

The bill relates to records of corporations and is objectionable for the proviso, which is as follows: "That no stockholder or group of stockholders owning less than ten per cent of the total capital stock of the corporation nor any creditor, shall, without special permission given by the board of directors of the corporation, by resolution duly made and entered at a meeting of the board, make or take any list of the names and addresses of the stockholders of the corporation."

This provision unreasonably restricts that which should be the inherent right of every stockholder of every corporation, to obtain any knowledge he

may desire with reference to the corporation's business. For this reason, Senate Bill No. 157 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

To the Honorable

The Senate of the State of Washington.

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 164, entitled:

"An act relating to advertising of dairy products, prohibiting false advertising in the sale thereof, and providing penalties for violations thereof."

In order to carry out the provisions of this bill, it would be necessary for the state to keep a record of the genealogy and blood test of dairy cows. It would create more public employees and increase the cost of government without adding anything of value to the public welfare.

Therefore, Senate Bill No. 164 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am returning herewith Senate Bill No. 167, entitled:

"An act relating to fisheries and amending Section 5679 of Remington's Compiled Statutes of the State of Washington, 1922, said Section 5679 being Section 27 of Chapter 31, of Session Laws of the State of Washington, for 1915, and which act is known as Fisheries Code."

This bill is approved, with the exception of Section 2, which is vetoed.

There is nothing in the title of the act to indicate that the bill carries an emergency clause. Section 2 of the bill does, however, provide that the bill shall take effect immediately.

Because Section 2 of this bill is unconstitutional, said Section 2 is vetoed. The remainder of the bill is approved.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 177, entitled:

"An act to provide an institution for the confinement, cure, care and rehabilitation of drug addicts, and providing for the government, maintenance and control thereof, and providing for the admission and commitment of drug addicts thereto, and providing penalties for unlawfully conniving to have persons adjudged drug addicts, and providing penalties for procuring the escape or aiding or abetting the escape of inmates thereof and/or the harboring and concealing of escaped inmates thereof."

The need for establishing and maintaining such an institution may well be questioned in a state with a population of only a million and a half. Many states with several times the population of the State of Washington have found it neither expedient nor advisable to maintain institutions of this character. This would be a costly experiment to embark upon in a state already overburdened with taxes.

For these reasons, Senate Bill No. 177 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 179, entitled:

"An act relating to vehicles and regulating the operation thereof upon the highways of this state, amending Sections 3 and 41 of Chapter 309, Laws of Washington, 1927."

This bill would amend two sections of Chapter 309 of the Laws of 1927. The first section sought to be amended is Section 3, which establishes a so-called basic rule. The basic rule, in substantially the same form, has been the law of this state for many years. The other changes in Section 3 relate to speed limits. The other section sought to be amended is Section 41, which establishes rules of the road.

Speed limits and rules of the road have been on the statute books in one form or another a great many years. The traveling public for the most part are familiar with all of these as they now are. Furthermore, Senate Bill No. 179 is no improvement on any of them. It is unfair to the traveling public to change road laws at every session of the legislature. The proposed changes are unnecessary.

For the above reasons, Senate Bill No. 179 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Thursday, March 19, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 196, entitled:

"An act making an appropriation for the relief of the Auburn Post No. 78, American Legion; and declaring that this act shall take effect immediately."

At the 1927 session of the legislature I vetoed a bill appropriating fifteen thousand dollars to the Earl Winehart Post No. 96 of the American Legion as advance rental upon a building to be constructed by said post. In vetoing that bill, among other things I said: "The approval of this bill would be an invitation to others to seek the special favors this bill grants. This policy is dangerous and insidious."

What was said above applies with equal force to the present Senate Bill No. 196. Therefore, Senate Bill No. 196 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval, Senate Bill No. 197, entitled:

"An act relating to banks and trust companies, and amending Section 19, Chapter 80 of the Laws of Washington for 1917, as amended by Section 2, Chapter 72 of the Laws of Washington for 1929 (Section 3226, Remington's Compiled Statutes, 1927 Supplement)."

The title of this bill is defective. It purports to be "An act * * * * amending Section 19, Chapter 80 of the Laws of * * * * 1917, as amended by Section 2, Chapter 72 of the Laws of * * * * 1929 (Section 3226, Remington's Compiled Statutes, 1927 Supplement)." None of the laws of 1929 could possibly be in Remington's Compiled Statutes, 1927 Supplement, because such supplement was compiled and published approximately eighteen months before the enactment of any of the Laws of 1929.

The bill would amend existing law by permitting trust companies to do business on the paid-in capital of not less than \$100,000 in cities having a population of twenty-five thousand or over. If this bill were permitted to become a law, it would authorize a trust company with a paid-in capital of not less than \$100,000 to operate in any city of the state, thus amending the law which requires a trust company, in cities having a population of one hundred thousand or more, to have a paid-in capital of \$200,000. There should be no relaxation of the laws relating to trust companies in times such as this country is now experiencing. If any change in existing law regarding

trust companies is desirable, these laws should increase, rather than decrease, the safekeeping of depositors' money.

For these reasons, Senate Bill No. 197 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval, Senate Bill No. 212, entitled:

"An act relating to grants by public authorities having the power to grant franchises or authority for the use of public roads, streets or highways, of extensions or renewals of existing franchises or authorities for the use of public roads, streets or highways or of new franchises or authorities covering all or any part of the rights or privileges of any such existing franchise or authority."

This bill provides for the extension or renewal of franchises in public streets, roads or highways, either within or without the limits of any incorporated city or town. It authorizes the holder of such to make application to the public body or board authorized to grant such franchises to extend or renew the same at any time within five years prior to the expiration of such franchise.

This is an unnecessary piece of legislation. The rights of the holders of such franchises are now amply protected by law. For this reason, Senate Bill No. 212 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 221, entitled:

"An act relating to the creation of indebtedness to meet deficiencies in local improvement district funds of cities of the first class, and authorizing the payment of such deficiencies from the general funds of such cities."

The principle of this bill is like Banquo's ghost—it will not down. Similar legislation has been before the legislature or the executive, or both, at every session held in recent years. A similar bill, House Bill No. 220, was vetoed in 1927. In vetoing that bill, I said:

"I am unalterably opposed to any policy that will permit the city council of a city to pass an ordinance compelling the taxpayers to make up any deficiency that might exist in a local improvement district fund.

"People in buying local improvement district bonds should ascertain in advance whether the bonds are legal and whether the property within the district is sufficient security for the money paid for the bonds. They should buy these bonds at their own risk, and if, for any reason, the bonds are not paid in full by the local improvement district, the deficiency should never become a charge against the general fund of the city. Bond buyers should be treated just as are mortgagees. Let the bond buyer—like the mortgagee—look to the property instead of to the already overburdened taxpayers."

Since the above message with written, nothing has occurred to change my opinion. Therefore, Senate Bill No. 221 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate of the State of Washington at the next session of the legislature, without my approval, Senate Bill No. 222, entitled:

"An act relating to vehicles and regulating the operation thereof upon the highways of this state; providing for traffic signals and control thereof; providing for the proper equipment and devices to be used thereon, and for the inspection thereof; prescribing penalties for the violation thereof; prescribing the powers and duties of certain officers, the collection, distribution and expenditures of fees; making appropriations and amending Sections 20, 21, 22, 23, 30 and 31 of Chapter 309 of the Laws of 1927 as amended by Chapter 178 of the Laws of 1929."

This bill would add to existing law regarding headlights and other lights on motor vehicles. There are plenty of laws on this subject now. For that reason, Senate Bill No. 222 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 236, entitled:

"An act relating to the welfare of dependent and delinquent children; providing for the appointment of probation officers in connection therewith;

amending Section 3 of Chapter 160 of the Laws of 1913, as amended by Section 1 of Chapter 43 of the Laws of 1921."

This bill contains the following provision: "In counties containing sixteen thousand or more inhabitants * * * *, the court may appoint one or more persons to act as probation officers, and one or more persons who shall have charge of detention rooms or house of detention, all of whom shall be paid as compensation for their services, such sums as may be fixed by the board of county commissioners, and who shall be paid as other county officers are paid."

This is no time to extend governmental activities and increase taxes. For this reason, Senate Bill No. 236 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval, Senate Bill No. 241, entitled:

"An act defining intoxicating liquor for the purpose of prohibiting the possession, sale or use thereof; providing for the classification of medicinal preparations which contain alcohol for the purposes of regulating the sale thereof; and amending Section 2 of Initiative Measure No. 3, passed by the people November 3, 1914 (Section 2 of Chapter 2 of the Laws of 1915)."

This bill would add to existing law the proviso: "That whenever any prosecuting attorney shall receive any complaint that any particular medicinal preparation is capable of being used and is being used as a beverage he shall forthwith submit to a board to consist of the dean of the college of pharmacy of the Washington State College, the state director of health and the dean of the college of pharmacy of the University of Washington the question as to whether such medicinal preparation is intoxicating liquor within the definition of this section; and such board shall immediately determine the question submitted, and thereafter such medicinal preparation shall in accordance with the determination of such board be classified either as intoxicating liquor within the definition of this section or as non-intoxicating liquor and not within the definition of intoxicating liquor, under this section."

The bill would set up a new board to determine whether said beverages are intoxicating. The board would consist of the director of health and the deans of the college of pharmacy of the University of Washington and the State College of Washington. There is no necessity for creating such a board of experts. An accurate test of any such beverage can be made by any competent chemist if such test is deemed necessary.

For these reasons, Senate Bill No. 241 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 24, 1931.

To the Honorable

The Senate of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the Senate at the next session of the legislature, without my approval as to a certain item, Senate Bill No. 253, entitled:

“An act relating to public highways, making appropriations from the Motor Vehicle Fund and the Highway Safety Fund for the location, rights of way, engineering, maintenance, improvement, construction and paving thereof, and the construction or purchase of bridges, prescribing the powers and duties of certain officers in relation thereto, and declaring that this act shall take effect immediately.”

I disapprove and veto the item of \$400,000.00 for “improvement and construction, seawall and retaining wall Railroad Avenue, Madison street to Bay street, city of Seattle,” for the reason that the proposed improvement is not on the state highway system. Appropriations for items of this magnitude should come before the legislature on their merits in the form of bills regularly introduced.

With the exception of the vetoed item, Senate Bill No. 253 is approved.

Respectfully,

ROLAND H. HARTLEY,
Governor.

GOVERNOR'S MESSAGES ON HOUSE BILLS VETOED.

Monday, March 16, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, substitute House Bill No. 13, entitled:

"An act authorizing the conveyance of certain lands to the city of Seattle for park purposes."

The bill provides for conveying the lands therein described to the city of Seattle and authorizes the city of Seattle to permit the University of Washington to use any portion thereof for the purposes of a biological experiment station. Whether such permission is a mere license revocable at will or a definite grant might be a subject of litigation in the future.

Substitute House Bill No. 13 is objectionable for this reason and is, therefore, vetoed.

Respectfully,

ROLAND H. HARTLEY,

Governor.

Monday, March 9, 1931.

To the Honorable

The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 15, entitled:

"An act relating to surety bonds and undertakings required by law, providing for release from liability of the surety thereon and repealing the act of the legislature approved March 14, 1890, Laws of 1889-90, pp. 43, 44 and 45 (Sections 9942, 9943, 9944, 9945 and 9946, Remington's Compiled Statutes)."

House Bill No. 15 would facilitate the releasing of sureties. If the parties bonded are solvent, honest and fair dealing, no bond is necessary. It is to protect against the incompetent and the dishonest that bonds are obtained. If any change is made in the situation, it should be to make the bonds more lasting and secure, if possible.

Therefore, said bill is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,

Governor.

Monday, March 23, 1931.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 35, entitled:

"An act relating to banks, savings and loan associations, trust companies, mutual savings banks and industrial loan companies and providing for the manner of changing the place of business thereof, and requiring certain evidences of title to lands mortgaged as security for loans made by savings and loan associations."

This bill contains more than one subject. Section 1 of the bill provides for changing the place of business of a bank, trust company or industrial loan company. Section 2 is special privilege legislation drawn for the benefit of abstractors and lawyers. Therefore, House Bill No. 35 is vetoed.

Respectfully,

ROLAND H. HARTLEY,

Governor.

Wednesday, March 18, 1931.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, Substitute House Bill No. 41, entitled:

"An act relating to the formation, maintenance and dissolution of county high school districts."

The provisions of this bill are completely contradictory. If it were permitted to become effective, it would add to complexity of the school law. The bill also contains provision for the dissolution of the high school districts it would establish.

Because of the contradictory provisions and because it is but an experiment, Substitute House Bill No. 41 is vetoed.

Respectfully,

ROLAND H. HARTLEY,

Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 56, entitled:

"An act regulating the sale, transfer and possession of certain weapons, and prescribing penalties for the violation thereof."

This bill has some excellent provisions, but they are so interwoven with the bad that they cannot be separated by executive action. Therefore, House Bill No. 56 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 58, entitled:

"An act relating to marriage and amending Section 2390 of the Code of Washington Territory of 1881."

This bill would amend existing marriage laws. The law now provides that before any persons can be married, they must procure a license from the county auditor authorizing such marriage. House Bill No. 58 adds new matter by providing, among other things, that "application for such marriage license in the form and upon the conditions set forth in Section 8451 of Remington's Compiled Statutes must be made by the parties to the marriage at least three days and not more than thirty days before the license shall be issued. * * * * Immediately upon receipt of application for license, the county auditor shall have the parties record in a book kept for that purpose notice of intention to marry and after the expiration of three days and not more than thirty days after application and signing of notice of intention to marry the county auditor may issue such license to marry."

On its face the bill would seem to be an attempt to prevent hasty marriages. It is, however, generally known that the bill was drawn to prevent people from getting married while intoxicated.

This bill impugns the honor and integrity of county auditors, ministers of the Gospel and all others authorized by law to perform the marriage ceremony. It is another attempt at uplift by legislative enactment. Such an innovation on our marriage laws is uncalled for. Therefore, House Bill No. 58 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 63, entitled:

"An act relating to horticulture and amending Sections 1, 20 and 26 of Chapter 166 of the Laws of 1915, and repealing Section 21 of Chapter 166 of the Laws of 1915."

This bill would amend laws relating to horticulture. One amendment adds perennial plants to nursery stock and makes it unlawful "for any person, firm or corporation to sell or deal in nursery stock * * * * without first having obtained from the director of agriculture and having in force a license so to do." This bill increases the license fee from five to ten dollars.

If permitted to become a law, it would subject every housewife who desires to sell a few flowers from perennial plants, to pay a license of ten dollars per year.

House Bill No. 63 is another special-privilege bill and should be and is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, House Bill No. 72, entitled:

"An act relating to the use of public highways, the licensing of motor vehicles, amending Chapter 96 of the Laws of 1921 of the State of Washington as amended by Chapter 99 of the Laws of 1929, and providing penalties for violation thereof, and declaring an emergency."

Section 1 of this bill is objectionable. It is apparently a subterfuge to secure a certificate of title law by indirection. If a certificate of title law is desirable, it should not be created in a roundabout way. For that reason, section 1 of House Bill No. 72 is vetoed.

Sections 2 and 3 of the bill are approved.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 78, entitled:

"An act relating to and authorizing the establishment and maintenance of free county libraries and library service."

This bill provides for the establishment of tax-supported free public libraries outside of incorporated cities and towns.

Just at present our people are in more need of jobs where they can earn a living than they are of establishing such tax-supported free public libraries. If permitted to become a law, this bill would add to the cost of government. Government is too costly now. For these reasons, House Bill No. 78 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 105, entitled:

“An act relating to partisan primary elections and regulating registration therefor.”

This bill gives every voter the right to register his or her party affiliations, but does not require the voter to do so. Such a law would be only waste paper. The law books should not be encumbered with such.

Therefore, House Bill No. 105 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 111, entitled:

“An act relating to insurance agents and amending Chapter 49 of the Laws of 1911 by adding thereto a new section to be known as Section 44-a (Section 7088-1 of Remington’s Compiled Statutes).”

This bill relates to fire insurance agents, and would limit a company to but two local agents in any city, town, township or school district. Why such companies should be limited to two agents is not clear, unless it is an attempt on the part of agents to establish a monopoly.

The bill purports to add a new section to “Chapter 49 of the Laws of 1911, page 200 (Section 7088-1 of Remington’s Compiled Statutes).” The attorney general’s office has advised that the parenthetical parallel citation of Remington’s Compiled Statutes is incorrect in that Section 7088-1 of Remington’s Compiled Statutes is not a parallel reference for Chapter 49 of the Laws of 1911, there being no Section 7088-1 of Remington’s Compiled Stat-

utes. Also that Chapter 49 of the Laws of 1911 does not begin on page 200 of the Session Laws of 1911, but begins on page 161 of that volume.

Other defects in the bill are also pointed out by the attorney general. For these reasons, House Bill No. 111 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 112, entitled:

“An act relating to insurance and amending Section 7089 of Remington’s Compiled Statutes.”

This bill, among other things, authorizes the insurance commissioner at his option to require applicants for agent’s, solicitor’s or broker’s license to pass a written examination.

The evident purpose of the bill is to eliminate the number of agents and foster a monopoly by those in the business. Insurance companies are perfectly capable of selecting their own agents. There is no necessity for any such legislation.

For these reasons, House Bill No. 112 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 114, entitled:

“An act relating to and regulating the practice of the profession of engineering and land surveying, defining the powers and duties of certain officers; providing penalties for violations thereof and making an appropriation.”

This is a lengthy, complicated and technical bill for the regulation of the profession of engineering, embracing “investigating, reporting on, designing and/or supervising the construction of equipment, structures, utilities and/or projects, when the proper performance of such services requires technical engineering knowledge and skill, and shall include civil, mechanical, structural and/or hydraulic engineering,” and land surveying. It would create

another board. If the necessity for such a law were admitted, the provisions of the present bill are objectionable for their drastic and far-reaching effects.

For these reasons, House Bill No. 114 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, February 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 116, entitled:

“An act relating to leaves of absence for public officers and employees while engaged upon military or naval duty.”

This bill would place an added load on the already overburdened taxpayer. Under its provisions, all employees of the state, county, city or other taxing districts, who are members of the National Guard or officers of the Reserve Corps or enlisted reserves of the Army, Navy or Marine Corps, would be entitled to an additional fifteen days' vacation on pay, if on military duty for that length of time.

The pay of most employees of private concerns has been reduced during the last year and, worse yet, many worthy citizens are vainly seeking employment. Employees of the state, county, city and other taxing districts are fortunate to have permanent positions.

For these reasons, House Bill No. 116 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Friday, March 6, 1931.

To the Honorable

The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 138, entitled:

“An act relating to the sale of state lands and amending Section 6, Chapter 88, Session Laws of the State of Washington, 1905.”

This bill is unnecessary. Under present law, state lands suitable for irrigation, may be sold. It is not good business or good public policy to force sale of such lands.

Therefore, House Bill No. 138 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Monday, March 2, 1931.

To the Honorable

The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 143, entitled:

"An act relating to and regulating the sale of eggs and egg products, providing penalties for violations thereof, and repealing Chapter 94 of the Laws of 1915 and Chapter 120 of the Laws of 1919."

Chapter 94 of the Laws of 1915 and Chapter 120 of the Laws of 1919 are still on the statute books and embody all the legislation that is deemed necessary relating to eggs. The provision in Chapter 94 of the Laws of 1915, requiring eggs that have been in cold storage for ninety days before being offered for sale, to be branded or stamped with the word "storage," is omitted from this bill. The present bill would repeal that provision. It also discriminates against the small poultryman.

The bill is objectionable in another respect. It makes it unlawful for any person manufacturing or selling any food product containing egg or egg products, to sell or offer for sale in this state any food products containing foreign eggs or egg products without having printed on the wrapper or container of such food product in legible letters, the words "Foreign Eggs Used in This Product." This feature of the bill would certainly place Washington manufacturers at a disadvantage to persons manufacturing like products in other states. The bill not only discriminates against the small poultryman, but discriminates against the Washington manufacturer of food products containing foreign egg or egg products.

For these reasons, House Bill No. 143 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,

Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 154, entitled:

"An act to provide for the incorporation, regulation, merger, consolidation and dissolution of certain corporations for profit, and to make uniform the law with relation thereto, and to repeal all acts and parts of acts in conflict herewith."

This bill is defective in some important respects. Section 21 thereof requires stock certificates to be transferred in accordance with the provisions of the uniform stock transfer act. There is none such in this state, the bill having failed to pass.

The method of arriving at the value of consideration for shares when paid in other than cash should not be made conclusive upon third parties dealing with corporations.

Subdivision IV of Section 35 provides: "Every shareholder shall have a right to examine, in person or by agent or attorney, at any reasonable time or times, for any reasonable purpose, the share register, books of account and records of the proceedings of the shareholders and directors and to make extracts therefrom." This is not sufficient. The rights of the shareholder to examine the records of the corporation should not be restricted.

There are other defects not necessary to point out.

The approval of this bill would greatly increase the cost in the operation of the Secretary of State's office. The corporation laws now in force are sufficient for the present. Therefore, House Bill No. 154 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Friday, March 6, 1931.

To the Honorable

The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 184, entitled:

"An act relating to forests of the state; providing fire protection therefor; prescribing the duties of wardens and rangers in connection therewith; and amending Section 6 of Chapter 125, Laws of 1911 (Section 5786 of Remington's Compiled Statutes)."

The present law is sufficient. It vests in the Supervisor of Forestry ample authority to handle any emergency or situation.

Therefore, House Bill No. 184 is vetoed.

Respectfully yours,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 213, entitled:

"An act relating to common carriers of passengers upon public highways, providing for the issuance of permits, requiring bonds, regulating the recovery of damages, and amending Sections 2 and 3 of Chapter 57 of the Laws of 1915."

This bill amends existing laws by making it harder for persons injured by common carriers upon highways to recover for such injuries, and limits the

amount of recovery on the bonds of such common carriers. Existing laws should not be changed in these respects.

For that reason, House Bill No. 213 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 16, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 226, entitled:

“An act providing for costs on appeal to the Supreme Court and amending Section 1744 of Remington’s Compiled Statutes of Washington, 1922.”

This bill relates to costs in the Supreme Court. It doubles the fees of court reporters, at the expense of litigants, in counties not having an official court reporter. There should be no discrimination. Therefore, House Bill No. 226 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March *21, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 262, entitled:

“An act relating to the assessment and taxation of live stock, the division of such taxes between counties, the duties of owners of live stock, and repealing Section 12 of Chapter 130 of the Laws of the Extraordinary Session of 1925.”

This bill is designed to improve the law for the taxation of migratory stock. As it passed the House, it would do so.

The provisions of the bill were changed due to an error in the engrossment thereof in the Senate. For that reason, said House Bill No. 262 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 282, entitled:

"An act relating to mutual savings banks, and amending Section 10 of Chapter 74 of the Laws of Washington of the Session of 1929."

Savings accounts should be surrounded by every safeguard. Such funds should not be made available for investment in any but the highest class of securities. At every session of the legislature since the reclamation revolving fund has been established, the state has been importuned to take up obligations of irrigation districts for a fraction of the face value of such obligations. The present restrictions on mutual savings banks in respect to investments should not be disturbed.

Therefore, House Bill No. 282 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 288, entitled:

"An act authorizing and empowering county commissioners to levy a special tax and to provide money for the purpose of encouraging tourist travel and inducing immigration and industrial enterprises into the state, providing for the expenditure thereof, and repealing all acts and parts of acts in conflict herewith."

This bill would authorize boards of county commissioners in Class A counties to levy and collect annually, without the taxpayers' consent, a special tax not to exceed one-half mill on each dollar of the assessed valuation of all property within the respective counties, to be used for advertising purposes.

Advertising of this kind is not a governmental function, and it is unfair to add to the people's present heavy tax burden by special tax legislation. The best kind of advertising is to cut down expenditures of public funds so as to really give worth-while relief to the taxpayer, thus restoring a rate of taxation that will permit people to again own homes and property in Washington state.

For these reasons, House Bill No. 288 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 289, entitled:

"An act relating to and regulating lying-in hospitals, maternity homes and homes for infant children, defining the powers and duties of certain officers in relation thereto, and providing penalties for violations thereof."

This is another attempt of government to unnecessarily regulate the private affairs of the individual citizen. It provides for more licenses, more inspections, more regulations, more investigations, and consequently increased cost of government.

For these reasons, House Bill No. 289 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 293, entitled:

"An act relating to and authorizing cities and towns to acquire necessary lands by purchase or condemnation, to pay for the same by the levy of taxes and/or issuance of bonds and to donate the same to the United States for a branch of the national home for disabled volunteer soldiers provided for by the act of Congress approved July 3, 1930."

This bill would authorize any city or town to acquire and donate to the United States a site for a branch of the national home for disabled soldiers if the national government should decide to locate the same in such city or town. As it has been decided to locate such home in the State of Oregon and not in the State of Washington, the bill is superfluous. Therefore, House Bill No. 293 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.

(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 305, entitled:

"An act relating to agriculture and amending Section 8 of Chapter 153 of the Session Laws of 1921."

Among the provisions amendatory of Section 8 of Chapter 153 of the Laws of 1921, as amended by Section 6 of Chapter 137 of the Laws of 1923, is the following: "For those soliciting orders and selling from a catalog only or by sample only, the license fee shall be five (5) dollars; provided, this provision shall not apply to solicitors from regular licensed dealers."

This would appear to give a preference to Washington dealers over dealers in other states contrary to the commerce clause of the Federal constitution, as construed by the Circuit Court of Appeals in the case of *Boyce v. French*, 293 Federal 43.

For this reason, and for the further reason that House Bill No. 305 is unnecessary, it is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Thursday, March 12, 1931.

To the Honorable

The House of Representatives of the State of Washington.

Ladies and Gentlemen:

I am returning herewith, without my approval, House Bill No. 315, entitled:

"An act providing for and regulating the registration of voters, to prevent fraud, providing penalties for violations thereof, and repealing certain acts and parts of acts in relation thereto."

This bill purports to be an act providing permanent registration for voters who continue to reside in the same location and vote at least once in each two years. The detail of administration is so complicated that great confusion and increased cost would inevitably result. It sets up a form of registration which is very cumbersome in its operation. Under the provisions of the act, every registration office in the state would be required to purchase triplicate registration cards, costly filing cabinets and other equipment. In order to be of any service and preserve the registration cards they would necessarily have to be metal files, and the expense would be enormous. At the present time we have our registration books which are inexpensive and have served the purpose for many years. Under this bill, when a voter casts his ballot the election officer must stamp or mark on the back of the voter's registration card the fact that the elector voted. This entry would necessarily have to be stamped or marked on the duplicate card kept in the auditor's office. In order to determine who had the right to vote, under the

provisions of the bill, the registering officer would have to keep books on each and every one of the 600,000 or more voters of the state.

The bill further provides that failure to vote for two years automatically cancels registration. For the last general election there were 559,898 registered. Of this number 360,087 voted; 199,811, or about 36% of the registrants, failed to vote. This bill requires notice to be mailed to all such. They may register again, fail to vote again, and get new notices in two years. In 1915 an act was passed voiding the registration of any voter who failed to vote at any general state, county or municipal election, held in the precinct in which he was registered. This law worked so badly it was repealed in 1919. Is there any reason to suppose it will work better now?

The theory that permanent registration would make more people vote is unsound. Civic duty cannot be legislated into careless, negligent or indolent citizens.

Registration under this act would be recorded on loose leaf cards. The loss of such cards would deprive the citizen of his right to vote, and would open the way to endless fraud and confusion. It is easier to lose a single card than a book containing the names of an entire precinct.

For these reasons, House Bill No. 315 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 24, 1931.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to certain items, House Bill No. 364, entitled:

"An act making appropriations for the payment of salaries of certain officers and employes of the state and for the operation, maintenance and other expenses of certain state institutions, departments and offices, for the purchase and improvement of land, the construction of buildings and improvements for the various state institutions designated and mentioned, and for emergencies, and for purposes specified in certain acts of Congress, and for sundry civil expenses of the state government, and for miscellaneous purposes, for the fiscal biennium beginning April 1, 1931, and ending March 31, 1933, except as otherwise provided, and declaring that this act shall take effect immediately."

I disapprove and veto the item of \$10,000.00 for the State Treasurer "from the Highway Safety Fund, Salaries and Wages, Extra Clerks, etc.," for the reason that ample provision has been made for the operation of all functions in the office of the State Treasurer.

I disapprove and veto the item of \$15,000.00 for the Attorney General, "Savings and loan litigation," for the reason that legal expenses, other than counsel and advice to the Director of Efficiency, should not be borne by the general taxpayer.

I disapprove and veto the items of \$67,000.00 and \$33,000.00 for the State Tax Commission "from the Current School Fund for the exclusive purpose of carrying out the provisions of Senate Bill No. 26, \$67,000.00 for the exclusive purpose of carrying out the provisions of Senate Bill No. 27, \$33,000.00," for the reason that both Senate Bill No. 26 and Substitute Senate Bill No. 27 have been vetoed.

I disapprove and veto items of salaries and wages \$35,000.00 and capital outlays \$50,000.00 for the State Parks Committee, "from the Parks and Parkway Fund," for the reason that there was ample money set up in the Governor's budget—all that the people of this state can afford during the greatest depression that has hit the country in thirty-five years.

With the exceptions of the foregoing vetoes, House Bill No. 364 is approved.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Monday, March 23, 1931.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 366, entitled:

"An act relating to the payment of annual fees and taxes by claimants of water power; to the furnishing of an annual statement by such claimants; giving the state a first lien for all such fees and taxes; providing penalties for failure to pay such fees or taxes or to make such statements; and amending Section 1 of Chapter 105 of the Laws of 1929."

This bill, as finally passed, deprives the state of fifty thousand dollars a year in fees now received under existing law.

For this reason, House Bill No. 366 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 369, entitled:

"An act relating to refunds of overcharges made by public service companies; prescribing procedure in matters relating thereto, and amending Section 10433 of Remington's Compiled Statutes of Washington; repealing certain acts and declaring that this act shall take effect immediately."

This bill amends section 10433 of Remington's Compiled Statutes and repeals Sections 10434, 10435, 10436, 10437, 10438 and 10439 of Remington's Compiled Statutes.

The amended section provides for hearing complaints before the Department of Public Works as to the reasonableness of any charge by a public service company, authorizes the department to make findings of overcharges, if any, and provides institution of an action if the overcharges are not paid.

The bill is a re-write of the amended and repealed sections, but omits entirely the provisions of Section 10436 authorizing the Department of Public Works to collect and retain ten per cent of the refunds as reimbursement for investigating the overcharges. Because said bill would deprive the Department of Public Works of these revenues, to which the department is and should be entitled, House Bill No. 369 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Saturday, March 21, 1931.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval, House Bill No. 398, entitled:

"An act to apportion and district anew the State of Washington into senatorial and representative districts for legislative purposes, providing for the election of senators and representatives, defining the powers and duties of certain officers, and declaring that this act shall take effect immediately."

House Bill No. 398 repeals or amends the provisions of Chapter 2 of the Laws of 1931 (Initiative Measure No. 57), which was submitted to the people and approved by them at the general election in November, 1930.

The Attorney General advises by written opinion that constitutional provision makes this bill inoperative until 1934. Therefore, House Bill No. 398 is vetoed.

Respectfully,

ROLAND H. HARTLEY,
Governor.

Tuesday, March 24, 1931.

To the Honorable

The House of Representatives of the State of Washington.
(Through the Secretary of State.)

I am filing herewith, to be transmitted to the House of Representatives at the next session of the legislature, without my approval as to certain items, House Bill No. 399, entitled:

"An act making appropriations and reappropriations for the construction of buildings, for maintenance and for sundry expenses at the various state

institutions, schools, and state offices, for the relief of certain individuals, corporations, counties and municipalities, and for purposes specified in certain acts of Congress, and for miscellaneous purposes for the biennium beginning April 1, 1931, and ending March 31, 1933, except as otherwise provided and providing this act shall take effect immediately."

I disapprove and veto the item "For Skagit County: Special road assessment against state lands for improvement of Guemes Island Road No. 12, unpaid balance of assessment \$235.81," for the reason that, under the law, the treasurer of Skagit county should have collected the assessment from the contract holder, but he failed to do so.

I disapprove and veto the item "For the City of Seattle: Squires Lakeside addition et al \$1,162.63", and the item "District 3240 et al \$1,457.65", "Total City of Seattle \$2,620.28"; and the item "For the City of Seattle: Seattle tide lands, Lake Union shore lands, Hillman City addition, et al \$9,728.65"; for the reason that the above items have not been certified by the State Land Commissioner, as required by law.

I disapprove and veto the item "For the City of Spokane: Sec. 16-25-43E and Allendale addition \$86.40", for the reason that it includes \$51.72 for assessments and interest levied by District No. 14 against property which was under contract of sale from the state, and such assessment should have been collected from the contract holder.

I disapprove and veto the item "For King County: Drainage district No. 1, et al \$5,313.61"; and the item "For Thurston County: Drainage improvement district No. 7 of Thurston and Lewis Counties \$1,239.27"; and the items "For Whatcom County: Drainage District No. 5 \$2.62, Road district No. 31 \$70.51, total for Whatcom County \$73.13"; and the items "For Yakima County: Summitview, Cowitchee and Tieton road improvement district \$313.96, Sunnyside Valley irrigation district \$4,150.10, Nob Hill and Ahtanum road district \$389.22, Drainage district No. 27 \$1.72, Drainage district No. 41 \$596.20, total \$5,451.20"; and the items "For Clark County: Drainage district No. 5 \$30.70, Manor road No. 7 \$128.00, total for Clark county \$158.70"; for the reason that these items have not been certified by the State Land Commissioner, as required by law.

I disapprove and veto the item "For the State Land Commissioner: For the completion of the surveys and plats of the harbors and tide lands at Everett, Ilwaco and Port Angeles \$8,000.00", for the reason that this item was not requested or included in the budget submitted by the State Land Commissioner.

I disapprove and veto the item "For the Treasurer of Pierce County: For local improvement assessments levied against Tacoma tide lands and against lots 34 to 37, block 26 SE, Tacoma \$43.56", for the reason that the majority of the land covered by these assessments is not owned by the state.

I disapprove and veto the item "For the Department of Agriculture: For the payment of bounties, April 1, 1931, to March 31, 1933, for the destruction of predatory animals \$20,000.00", for the reason that this item was not requested nor included in the budget by the Director of Agriculture.

I disapprove and veto the item "For Skagit County: To correct error in previous payment of local improvement assessment on E½ of NW¼ of Sec. 16, Twp. 33, 3 E, district No. 15 \$132.00", for the reason that this is

a duplication and is included in the amount of \$341.48 under the sub-total of \$783.51, shown on page two of House Bill No. 399.

I disapprove and veto the item "For M. R. Smith Lumber and Shingle Co.: For refund of fees paid for which no service was given \$302.50", for the reason that this covers license fees paid for the years 1924, 1925 and 1926, against which the statute of limitations has run. Other claimants for refunds of license fees have not been allowed returns for those years against which the statute of limitations has run, and the state should show no preference to the M. R. Smith Lumber and Shingle Company.

I disapprove and veto the item "From the Reclamation Revolving Fund for Columbia Basin Survey \$15,000.00", for the reason that there is nothing to do in connection with this project until such time as the army engineers have completed their survey and reported their findings to Washington, D. C., and until Congress shall have taken some action in connection therewith.

I disapprove and veto the item "For the Commissioner of Public Lands: Survey and establishment of harbor lines, resurvey of existing tide lands and survey and platting of additional tide lands of the first class at Port Townsend \$5,000.00", for the reason that this item was not requested nor included in the budget by the State Land Commissioner.

I disapprove and veto the item "For J. A. Johnson: For contribution to drainage ditch draining section 36, twp. 39 N., range 1 E \$100.00", for the reason that this has not been certified by the State Land Commissioner, as required by law.

I disapprove and veto the item "From the General Fund for the relief of A. M. Larson \$41.04", for the reason that this is not an obligation of the General Fund of the State of Washington. If this appropriation should be made at all, it should come from the State Fisheries Fund.

I disapprove and veto the following items: "Refunding bond purchases, Richland Irrigation District \$300,000.00; Refunding bond purchases, Oroville-Tonasket Irrigation District \$450,000.00; Refunding bond purchases, Sunnyside Irrigation District \$108,000.00; Lake Irrigation District bond purchases \$100,000.00; Refunding bond purchases, Lake Chelan Reclamation District \$240,000.00"; for the reason that the need of these appropriations has not been demonstrated, nor have they been requested by the Director of Conservation and Development. I disapprove of these items for the further reason that, were such appropriations allowed to stand, it would mean the depletion of the Reclamation Revolving Fund, and it would follow that two years hence the tax levy of one-half mill would necessarily be again added to the load the taxpayers are called upon to bear.

I disapprove and veto the item "For the Eastern Washington State Historical Society \$3000.00". In 1927, I vetoed an appropriation for the Eastern Washington State Historical Society, stating as follows: "The state is already making appropriations for two state historical societies. The two societies for which appropriations have been made are amply qualified to do whatever work may be necessary. Furthermore, when the Eastern Washington State Historical Society was recognized by law, it was understood with the sponsors thereof that no appropriation would ever be asked therefor. For these reasons, said item is vetoed." For the same reasons as existed then, this item is vetoed.

I disapprove and veto the item "For Legislative Expenses: For legislature expenses and/or legislative printing of the Twenty-second Legislature (to be paid as other legislative expenses and printing are paid) \$10,000.00", as I am informed that there is sufficient money available in appropriations heretofore approved to pay all expenses of the Twenty-second Session of the Legislature.

I disapprove and veto the item "For the Department of Agriculture: To carry out provisions of Senate Bill No. 79 \$10,000.00", for the reason that this work should be cared for from the regular appropriation for the Department of Agriculture.

With the exception of the foregoing vetoes, House Bill No. 399 is approved.

Respectfully,

ROLAND H. HARTLEY,
Governor.

He shall preserve order and decorum, and in case of any disturbance or disorderly conduct within the chamber, shall order the sergeant-at-arms to suppress the same, and may order the arrest of any person creating any disturbance within the senate chamber. He may speak to points of order in preference to members, arising from his seat for that purpose, and shall decide all questions of order without debate, subject to an appeal to the senate by any three members, on which appeal no member shall speak more than once without leave of the senate. He shall have charge of and see that all officers, attaches and clerks perform their respective duties, and shall, in open session, sign all acts, addresses and joint resolutions. He shall sign all writs, warrants and subpoenas issued by order of the senate, all of which shall be attested by the secretary. PRESIDENT PRO TEM.

Rule 4. Upon the organization of the senate the members shall select one of their number as president pro tem., who shall have all the power and authority, and who shall discharge all the duties of the lieutenant-governor, acting as president during his absence or inability to discharge the duties of his office.

In the event that the lieutenant-governor is acting as governor the senate shall also elect one of its members temporary president, who in the absence or disability of the president elected by the senate, shall have all the power and authority and who shall discharge the duties of such president.

SUBORDINATE OFFICERS.

Rule 5. The subordinate officers of the senate shall perform such duties as usually pertain to their respective positions in legislative bodies, under the direction of the president, and such other duties as the senate may impose upon them. The compensation of any employee of the senate shall not be increased except by a two-thirds vote of all members of the senate, and the names of all members voting thereon shall be entered in the journal. Under no circumstances shall the compensation of any employee be increased for past services.

Rule 6. The president shall appoint all special, joint and hereinafter named standing committees on the part of the senate: Provided, however, That the committee on rules and joint rules shall consist of the president and nine (9) senators, five (5) of whom shall be from Western Washington, and four (4) from Eastern Washington, of which the president shall be chairman, and Provided further, That the appointment of the said standing committees shall be subject to the confirmation of the senate, such confirmation to be made a special order on the day following the announcement of the appointment by the president.

In event the senate shall refuse to confirm any committee or committees, such committee or committees shall be forthwith elected by the senate.

The following standing committees shall constitute the standing committees of the senate:

COMMITTEE REFERENCE.

Rule 7. When a motion is made to refer a subject, and different committees are proposed, the question shall be taken in the following order:

First: The Committee of the Whole Senate.

Second: A Standing Committee.

Third: A Select Committee.

DUTIES OF COMMITTEES.

Rule 8. The several committees shall fully consider all measures referred to them, and the Committee on Claims and Auditing shall carefully consider all items of expenditure ordered or contracted on the part of the senate or any of its employees, and report upon the same prior to the voucher being signed by the president and secretary of the senate authorizing the payment thereof.

The committees shall acquaint themselves with the interest of the state specially represented by the committee, and from time to time present such bills and reports as in their judgment will advance the interests and promote the welfare of the people of the state.

The Committee on Rules and Joint Rules shall have charge of the daily calendar of the senate and shall direct the secretary the order in which the business of the senate shall be transacted: Provided, however, That by a vote of the majority of the senate any bill may be advanced to any place on the calendar, and any bill may be withdrawn from the committee by a like majority of the senate and placed upon the calendar in such position as may be ordered. No committee shall sit during the daily session of the senate unless by special leave.

COMMITTEE REPORTS.

Rule 9. All reports of committees shall be signed by such members thereof as concur therein, and the report, with the names of the signers thereof, shall be read by the secretary, or at the secretary's desk by the member making the report, without a motion, unless the reading be dispensed with by the senate. The members of the committee not concurring in the majority report may prepare a written minority report, sign and present the same to the senate, and both majority and minority reports shall in all cases be spread in full upon the journal.

In all cases where a bill is reported back with proposed amendment, the bill and report shall go to general file without action on the report, unless by a suspension of this rule by two-thirds vote the senate shall otherwise order. If a majority report recommends the indefinite postponement of a bill, action may be taken on this report without the bill going to general file.

SENATE EMPLOYEES.

Rule 10. No person other than the regular officers and regular employees of the senate shall be employed by the senate, or any committee thereof, except by consent of the senate having been previously obtained by resolution, which resolution shall be referred to the Committee on Senate Employees, and reported upon by that committee before action is taken thereon.

The senate shall elect a secretary, and a sergeant-at-arms, who shall perform the usual duties pertaining to their offices. The secretary shall appoint, subject to the approval of the senate, all other senate employees; and the hours of duty and assignments of all senate employees shall be under his directions and instructions, and they may be dismissed by him at his discretion.

COMMITTEE OF THE WHOLE.

Rule 11. In forming the committee of the whole, the president shall name a chairman to preside, and all bills considered shall be read by sections and the chairman shall call for amendments and debates thereon at the conclusion of the reading of each section. The body of the bill shall not be defaced or interlined, but all amendments (noting the page and line) shall be duly entered by the secretary on a separate paper as the same shall be agreed to by the committee, and so reported to the senate for action.

RULES IN THE COMMITTEE OF THE WHOLE.

Rule 12. The rules of the senate shall apply to proceedings in committee of the whole, except that the previous question shall not be ordered nor the ayes and noes demanded, but the committee may limit the number of times that any member may speak at any stage of the proceedings during its sitting.

MESSAGES RECEIVED.

Rule 13. Messages may be received by the president while the committee of the whole is sitting; in which case the president shall resume the chair, receive the message, and vacate the chair, in favor of the chairman of the committee.

ENROLLED AND ENGROSSED BILLS.

Rule 16. The committees on enrolled and engrossed bills may report at any time during the sitting of the senate.

UNFINISHED BUSINESS.

Rule 19. The unfinished business at the preceding adjournment shall have the preference on the orders of the day, excepting special orders, and no motion or any other business shall be received without special leave of the senate until the former is disposed of.

READING OF BILLS.

Rule 20. Every bill shall receive three readings previous to its passage. The president shall give notice at each, whether it be the first, second or third reading. The first and second readings may, by consent of a majority of the senate, be on the same day. The third reading of every bill shall be by sections, and upon its final passage the vote must be taken by yeas and nays, the names of the senators voting for and against the same to be entered upon the journal, and the majority of the members elected to the senate must be recorded thereon as voting in its favor to secure its passage by the senate.

GENERAL FILE.

Rule 21. If consent be not given by a majority of the senate to the second reading of a bill upon the day of its introduction, the bill shall lie upon the table until the next succeeding legislative day, when immediately following the "Introduction and first reading of bills" the same shall be read a second time.

Upon the second reading of a bill it shall be referred to the appropriate committee, unless it be a committee bill which may be immediately placed on general file.

BILLS MAY BE COMMITTED.

Rule 22. A bill may be committed with special instructions to amend at any time before taking the final vote.

ONLY ONE SUBJECT.

Rule 23. No bill shall embrace more than one subject, and that shall be expressed in the title.

INTRODUCTION OF BILLS.

Rule 25. No bill shall be introduced in the senate after the fiftieth day of the session except the legislature shall otherwise direct by a vote of two-thirds of all the members elected to each house, said vote to be taken by yeas and nays and entered upon the journal, or unless the same be at a special session: Provided, That the time limitation for introduction of bills shall not apply to substitute bills reported by standing committees for bills pending before such committees.

LIMIT OF AMENDMENTS.

Rule 26. No amendment to any bill shall be allowed which shall change the scope and object of the bill.

RECONSIDERATION, HOW TAKEN.

Rule 27. After the final vote on any motion, resolution or bill, before the adjournment of that day's session, and at such time only, any member who voted with the prevailing side may give notice of reconsideration. Such motion to reconsider shall be in order only under the order of motions of the day immediately following the day upon which such notice of reconsideration is given, and may be made by any member who voted with the prevailing side.

A motion to reconsider shall have precedence over every other motion, except a motion to adjourn; and when the senate adjourns while a motion to reconsider is pending or before passing the order of motions, the right to move a reconsideration shall continue to the next day of sitting. On and after the fifty-seventh day of the session a motion to reconsider shall only be in order on the same day upon which notice of reconsideration is given and may be made at any time that day. Motions to reconsider a vote upon amendments to any pending question may be made and decided at once.

APPROPRIATION BILLS.

Rule 28. Bills appropriating money shall be considered in committee of the whole senate, and no change in the amount appropriated shall be made outside of the committee of the whole.

No amendment to the general appropriation bill, commonly known as the budget, adding any new item, or items thereto not incorporated in the bill as reported by the committee on appropriations, shall be adopted, except by the affirmative vote of two-thirds of the senators elected.

PRINTING OF BILLS, ETC.

Rule 29. Unless otherwise ordered 700 copies of all bills of a general nature originating in the senate, shall be printed for the use of the senate and house of representatives: Provided, That on request of the senator introducing the bill, additional copies of such bill may be printed.

Provided further, That any bill introduced by request shall not be printed, unless such printing be ordered by the senate, and then only such number as the senate shall designate.

FURNISHING FULL FILE OF BILLS.

Rule 30. Persons, firms, corporations and organizations within the state, desirous of receiving copies of all printed senate bills, shall make application therefor to the secretary of the senate, who shall refer all such requests to the Committee on Rules and Joint Rules.

The bill clerk shall send copies of all printed senate bills to such persons, firms, corporations and organizations as may be ordered by the Committee on Rules and Joint Rules.

SPECIAL ORDER.

Rule 31. The president shall call the senate to order at the hour fixed for the consideration of a special order, and announce that the special order is before the senate, which shall then be considered unless it is postponed by a two-thirds vote, and any business before the senate at the time of the announcement of the special order shall take its regular position in the order of business.

WORDS TO BE UNDERLINED.

Rule 32. All bills introduced in the senate, which are intended to amend existing statutes shall have the words which are amendatory to such existing statutes underlined or underscored, and wherever parts of existing statutes are omitted and no new matter inserted in lieu thereof, there shall be inserted in the new bill not less than four stars or asterisks with spaces of not less than two ems, so that in the printed bills which are presented for the perusal of the members, such new or amended matter, as well as such deleted matter may be easily discerned.

Rule 38. Any senator may call for a division of a question, which shall be divided if it embraces subjects so distinct that one being taken away a substantive proposition shall remain for the decision of the senate; but a motion to strike out and insert shall not be divided.

PREVIOUS QUESTION.

Rule 39. The previous question shall not be put unless demanded by three senators, whose names shall be entered upon the journal, and it shall then be in this form: "Shall the main question be now put?" When sustained by a majority of senators present it shall preclude all debate, and the roll shall be immediately called on the question or questions before the senate, and all incidental questions or questions of order arising after the motion is made after the previous question, and pending such motion, shall be decided whether on appeal or otherwise without debate.

Rule 42. The yeas and nays shall be taken when called for by one-sixth of all the senators present, and every senator within the bar of the senate shall vote unless excused by the unanimous vote of the senate, and the votes shall be entered upon the journal, and the names of senators demanding the yeas and nays shall also be entered upon the journal.

READING OF PAPERS.

Rule 43. When the reading of any paper is called for, and is objected to by any senator, it shall be determined by a vote of the senate, without debate.

MESSAGES.

No senator shall impeach the motives of any other member or speak more than twice (except for explanation) during the consideration of any one question, on the same day or a second time without leave, when others who have not spoken desire the floor, but incidental and subsidiary questions arising during the debate shall not be considered the same question.

MAY CALL SENATOR TO ORDER.

Rule 46. If any senator in speaking, or otherwise, transgresses the rules of the senate, the president shall, or any senator may, call him to order, and when a senator shall be so called to order he shall resume his seat and not proceed without leave of the senate, which leave, if granted, shall be upon motion "that he be allowed to proceed in order," when, if carried, he shall confine himself to the question under consideration.

POINTS OF ORDER.

Rule 47. Every decision of points of order by the president shall be subject to appeal, and no discussion of a question of order shall be allowed except on appeal of three senators, and in all cases of appeal the question shall be, "Shall the decision of the chair stand as the judgment of the senate?"

BREACH OF DECORUM.

Rule 48. In cases of breach of decorum or propriety, any senator, officer or other person shall be liable to such censure or punishment as the senate may deem proper, and if any senator be called to order for offensive or indecorous language or conduct, the person calling him to order shall report the language excepted to, which shall be taken down or noted at the secretary's desk, and no member shall be held to answer for any language used upon the floor of the senate if business has intervened before exception to the language was thus taken and noted.

RECOGNITION BY THE PRESIDENT.

Rule 49. When two or more senators rise at the same time to address the chair, the president shall name the one who shall speak first, giving preference, when practicable, to the mover or introducer of the subject under consideration.

OPENING AND CLOSING DEBATE.

Rule 50. The author of a bill, motion or resolution shall have the privilege of opening and closing debate upon the same, unless the previous question has been moved and sustained.

CALL OF THE SENATE.

Rule 54. A call of the senate may be moved by three senators, whose names shall be entered upon the journal, and if carried by a majority of all present the secretary shall call the roll and note the absentees, after which the names of the absentees shall again be called. The doors shall then be closed and the sergeant-at-arms directed to take into custody all who may be absent without leave, and all the senators so taken into custody shall be presented at the bar of the senate for such action as the senate may deem proper.

In all cases of election by the senate the votes shall be taken by yeas and nays, and no senator or other person shall remain by the secretary's desk while the roll is being called or the votes are being counted. No senator shall be allowed to vote except when within the bar of the senate, or upon any question in which he is in any way personally or directly interested, or be allowed to explain his vote or discuss the question while the yeas and nays are being called, or change his vote after the result has been announced.

ANNOUNCEMENT OF VOTE.

Rule 57. The announcement of all votes shall be made by the president, and the announcement of the result of any vote shall not be postponed.
