(G) Evaluation and reporting on the impact of comprehensive medication management services on patient clinical outcomes and total health care costs, including reductions in emergency department utilization, hospitalization, and drug costs.

(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

FIFTEENTH DAY, JUNE 26, 2013

2013 2ND SPECIAL SESSION

(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;

(h) The authority shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services;

(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and

(j) The authority must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status, continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;

(v) Payment rates; and

(vi) The ability to meet other specifically defined contract requirements established by the authority, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The authority shall adopt rules establishing the minimum net

worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the Washington state health care authority to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the authority and contract bidders or the authority and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document.

(6) The authority may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state.

(8) For services covered under this chapter to medical assistance or medical care services enrollees and provided on or after August 24, 2011, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under subsection (7) of this section in addition to any deductible, coinsurance, or copayment that is due from the enrollee for the service provided. An enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract to provide services under this section.

(9) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the ~~((department))~~ authority, including hospital-based physician services. The ~~((department))~~ authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the ~~((department))~~ authority will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

(10) Payments under RCW 74.60.130 are exempt from this section.

(11) Subsections (7) through (9) of this section expire July 1, 2016.

Sec. 14. RCW 74.60.140 and 2010 1st sp.s. c 30 s 16 are each amended to read as follows:

(1) If an entity owns or operates more than one hospital subject to assessment under this chapter, the entity shall pay the assessment for each hospital separately. However, if the entity operates multiple hospitals under a single medicaid provider number, it may pay the assessment for the hospitals in the aggregate.

(2) Notwithstanding any other provision of this chapter, if a hospital subject to the assessment imposed under this chapter ceases to conduct hospital operations throughout a state fiscal year, the assessment for the quarter in which the cessation occurs shall be adjusted by multiplying the assessment computed under RCW 74.60.030 ~~((1) and (3))~~ by a fraction, the numerator of which is the number of days during the year which the hospital conducts, operates, or maintains the hospital and the denominator of which is three hundred sixty-five. Immediately prior to ceasing to conduct, operate, or maintain a hospital, the hospital shall pay the adjusted assessment for the fiscal year to the extent not previously paid.

(3) (Notwithstanding any other provision of this chapter, in the case of a hospital that commences conducting, operating, or maintaining a hospital that is not exempt from payment of the assessment under RCW 74.60.040 and that did not conduct, operate, or maintain such hospital throughout the cost reporting year used to determine the assessment amount, the assessment for that hospital shall be computed on the basis of the actual number of nonmedicare inpatient days reported to the department by the hospital on a quarterly basis. The hospital shall be eligible to receive increased payments under this chapter beginning on the date it commences hospital operations.

(4)) Notwithstanding any other provision of this chapter, if a hospital previously subject to assessment is sold or transferred to another entity and remains subject to assessment, the assessment for that hospital shall be computed based upon the cost report data previously submitted by that hospital. The assessment shall be allocated between the transferor and transferee based on the number of days within the assessment period that each owned, operated, or maintained the hospital.

Sec. 15. RCW 74.60.150 and 2010 1st sp.s. c 30 s 17 are each amended to read as follows:

(1) The assessment, collection, and disbursement of funds under this chapter shall be conditional upon:

(a) ((Withdrawal of those aspects of any pending state plan amendments previously submitted to the centers for medicare and medicaid services that are inconsistent with this chapter, specifically any pending state plan amendment related to the four percent rate reductions for inpatient and outpatient hospital rates and elimination of the small rural disproportionate share hospital payment program as implemented July 1, 2009;

(b) Approval by the centers for medicare and medicaid services of any state plan amendments or waiver requests that are necessary in order to implement the applicable sections of this chapter;

(c)) Final approval by the centers for medicare and medicaid services of any state plan amendments or waiver requests that are necessary in order to implement the applicable sections of this chapter including, if necessary, waiver of the broad-based or uniformity requirements as specified under section 1903(w)(3)(E) of the federal social security act and 42 C.F.R. 433.68(e);

(b) To the extent necessary, amendment of contracts between the ((department)) authority and managed care organizations in order to implement this chapter; and

~~((d))~~ (c) Certification by the office of financial management that appropriations have been adopted that fully support the rates established in this chapter for the upcoming fiscal year.

(2) This chapter does not take effect or ceases to be imposed, and any moneys remaining in the fund shall be refunded to hospitals in proportion to the amounts paid by such hospitals, if and to the extent that any of the following conditions occur:

(a) ~~((An appellate court or the centers for medicare and medicaid services))~~ The federal department of health and human services and a court of competent jurisdiction makes a final determination, with all appeals exhausted, that any element of this chapter, other than RCW 74.60.100, cannot be validly implemented;

(b) (Medicaid inpatient or outpatient reimbursement rates for hospitals are reduced below the combined rates established by RCW 74.60.080 and 74.60.090;

(c) Except for payments to the University of Washington medical center and harborview medical center, payments to hospitals required under RCW 74.60.080, 74.60.090, 74.60.110, and 74.60.120 are not eligible for federal matching funds;

(d) Other funding available for the medicaid program is not sufficient to maintain medicaid inpatient and outpatient reimbursement rates at the levels set in RCW 74.60.080, 74.60.090, and 74.60.110)) Funds generated by the assessment for payments to prospective payment hospitals or managed care organizations are

determined to be not eligible for federal match;

(c) Other funding sufficient to maintain aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the levels the state paid for those services on July 1, 2009, as adjusted for current enrollment and utilization, but without regard to payment increases resulting from chapter 30, Laws of 2010 1st sp. sess., is not appropriated or available;

(d) Payments required by this chapter are reduced, except as specifically authorized in this chapter, or payments are not made in substantial compliance with the time frames set forth in this chapter; or

(e) The fund is used as a substitute for or to supplant other funds, except as authorized by RCW 74.60.020(~~((e))~~).

Sec. 16. RCW 74.60.900 and 2010 1st sp.s. c 30 s 18 are each amended to read as follows:

(1) The provisions of this chapter are not severable: If the conditions (~~(set forth))~~ in RCW 74.60.150(1) are not satisfied or if any of the circumstances (~~(set forth))~~ in RCW 74.60.150(2) should occur, this entire chapter shall have no effect from that point forward (~~(, except that if the payment under RCW 74.60.100, or the application thereof to any hospital or circumstances does not receive approval by the centers for medicare and medicaid services as described in RCW 74.60.150(1)(b) or is determined to be unconstitutional or otherwise invalid, the other provisions of this chapter or its application to hospitals or circumstances other than those to which it is held invalid shall not be affected thereby)).~~

(2) In the event that any portion of this chapter shall have been validly implemented and the entire chapter is later rendered ineffective under this section, prior assessments and payments under the validly implemented portions shall not be affected.

~~((3))~~ In the event that the payment under RCW 74.60.100, or the application thereof to any hospital or circumstances does not receive approval by the centers for medicare and medicaid services as described in RCW 74.60.150(1)(b) or is determined to be unconstitutional or otherwise invalid, the amount of the assessment shall be adjusted under RCW 74.60.050(1)(c).))

NEW SECTION. **Sec. 17.** A new section is added to chapter 74.60 RCW to read as follows:

(1) The legislature intends to provide the hospitals with an opportunity to contract with the authority each fiscal biennium to protect the hospitals from future legislative action during the biennium that could result in hospitals receiving less from supplemental payments, increased managed care payments, disproportionate share hospital payments, or access payments than the hospitals expected to receive in return for the assessment based on the biennial appropriations and assessment legislation.

(2) Each odd-numbered year after enactment of the biennial omnibus operating appropriations act, the authority shall offer to enter into a contract for the period of the fiscal biennium beginning July 1st with a hospital that is required to pay the assessment under this chapter. The contract must include the following terms:

(a) The authority must agree not to do any of the following:

(i) Increase the assessment from the level set by the authority pursuant to this chapter on the first day of the contract period for reasons other than those allowed under RCW 74.60.050(3);

(ii) Reduce aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, allowing for variations due to budget-neutral rebasing and adjusting for changes in enrollment and utilization, from the levels the state paid for those services on the first day of the contract period;

(iii) For critical access hospitals only, reduce the levels of disproportionate share hospital payments under RCW 74.60.110 or access payments under RCW 74.60.100 for all critical access

hospitals below the levels specified in those sections on the first day of the contract period;

(iv) For prospective payment system, psychiatric, and rehabilitation hospitals only, reduce the levels of supplemental payments under RCW 74.60.120 for all prospective payment system hospitals below the levels specified in that section on the first day of the contract period unless the supplemental payments are reduced under RCW 74.60.120(2);

(v) For prospective payment system, psychiatric, and rehabilitation hospitals only, reduce the increased capitation payments to managed care organizations under RCW 74.60.130 below the levels specified in that section on the first day of the contract period unless the managed care payments are reduced under RCW 74.60.130(4); or

(vi) Except as specified in this chapter, use assessment revenues for any other purpose than to secure federal medicaid matching funds to support payments to hospitals for medicaid services; and

(b) As long as payment levels are maintained as required under this chapter, the hospital must agree not to challenge the authority's reduction of hospital reimbursement rates to July 1, 2009, levels, which results from the elimination of assessment supported rate restorations and increases, under 42 U.S.C. Sec. 1396a(a)(30)(a) either through administrative appeals or in court during the period of the contract.

(3) If a court finds that the authority has breached an agreement with a hospital under subsection (2)(a) of this section, the authority:

(a) Must immediately refund any assessment payments made subsequent to the breach by that hospital upon receipt; and

(b) May discontinue supplemental payments, increased managed care payments, disproportionate share hospital payments, and access payments made subsequent to the breach for the hospital that are required under this chapter.

(4) The remedies provided in this section are not exclusive of any other remedies and rights that may be available to the hospital whether provided in this chapter or otherwise in law, equity, or statute.

NEW SECTION. Sec. 18. A new section is added to chapter 74.09 RCW to read as follows:

(1) If sufficient funds are made available as provided in subsection (2) of this section the authority, in collaboration with the Washington state hospital association, shall design a system of hospital quality incentive payments for noncritical access hospitals. The system must be based upon the following principles:

(a) Evidence-based treatment and processes must be used to improve health care outcomes for hospital patients;

(b) Effective purchasing strategies to improve the quality of health care services should involve the use of common quality improvement measures by public and private health care purchasers, while recognizing that some measures may not be appropriate for application to specialty pediatric, psychiatric, or rehabilitation hospitals;

(c) Quality measures chosen for the system should be consistent with the standards that have been developed by national quality improvement organizations, such as the national quality forum, the federal centers for medicare and medicaid services, or the federal agency for healthcare research and quality. New reporting burdens to hospitals should be minimized by giving priority to measures hospitals are currently required to report to governmental agencies, such as the hospital compare measures collected by the federal centers for medicare and medicaid services;

(d) Benchmarks for each quality improvement measure should be set at levels that are feasible for hospitals to achieve, yet represent real improvements in quality and performance for a majority of hospitals in Washington state; and

(e) Hospital performance and incentive payments should be designed in a manner such that all noncritical access hospitals are able to receive the incentive payments if performance is at or above the benchmark score set in the system established under this section.

(2) If hospital safety net assessment funds under RCW 74.60.020 are made available, such funds must be used to support an additional one percent increase in inpatient hospital rates for noncritical access hospitals that:

(a) Meet the quality incentive benchmarks established under this section; and

(b) Participate in Washington state hospital association collaboratives related to the benchmarks in order to improve care and promote sharing of best practices with other hospitals.

(3) Funds directed from any other lawful source may also be used to support the purposes of this section.

Sec. 19. RCW 74.60.901 and 2010 1st sp.s. c 30 s 21 are each amended to read as follows:

(b) The project improves the ability of an agency to recover from major disaster; or

(c) The project provides future savings and efficiencies for an agency through reduced operating costs, improved customer service, or increased revenue collections.

(2) Preference for project approval under this section must be given to an agency that has prior project approval from the office of the chief information officer and an approved business plan, and the primary hurdle to project funding is the lack of funding capacity.

(3) The office of financial management with assistance from the office of the chief information officer shall report to the governor and the fiscal committees of the legislature by November 1st of each year on the status of distributions and expenditures on information technology projects and improved statewide or agency performance results achieved by project funding.

NEW SECTION. Sec. 6. The consolidated technology services agency, in consultation with the office of the chief information officer, shall review and assess the current state telecommunications and information services network model with the objective of agency network consolidation into consolidated technology services. The assessment must include a review of cost management, state and federal regulatory issues, development and feasibility of each option, and a migration strategy and implementation plan for each option. The report is due to the office of financial management and the fiscal committees of the legislature by September 30, 2013.

NEW SECTION. Sec. 7. district representative and county representative stating the code city's interest to enter into an interlocal agreement negotiation process. The parties have forty-five days to respond in the affirmative or negative. A negative response must state the reasons the parties do not wish to participate in an interlocal agreement negotiation. A failure to respond within the forty-five day period is deemed an affirmative response and the interlocal agreement negotiation process may proceed. The interlocal agreement process may not proceed if any negative responses are received within the forty-five day period.

(c) The interlocal agreement must describe the boundaries of the territory proposed for annexation and must be consistent with the boundaries identified in an ordinance describing the boundaries of the territory proposed for annexation and setting a date for a public hearing on the ordinance. If the boundaries of the territory proposed for annexation are agreed to by all parties, a notice of intention must be filed with the boundary review board created under RCW 36.93.030. However, the jurisdiction of the board may not be invoked as described in RCW 36.93.100 for annexations that are the subject of such agreement.

(2) An interlocal annexation agreement under this section must include the following:

(vii) Capital facilities obligations of the code city, county, and fire protection districts;

(viii) An overall schedule or plan on the timing of any annexations covered under this agreement; and

(ix) A description of which of the annexing code cities' development regulations will apply and be enforced in the area.

(b) The subject areas and policies and procedures the parties agree to undertake in annexations. Subject areas may include, but are not limited to:

(i) Roads and traffic impact mitigation;

(ii) Surface and storm water management;

(iii) Coordination and timing of comprehensive plan and development regulation updates;

(c) A term of at least five years, which may be extended by mutual agreement of the code city, the county, and the fire protection district.

(3) If the fire protection district, annexing code city, and county reach an agreement on the enumerated goals, ~~((the annexation~~

~~ordinance may proceed and is not subject to referendum)) or if only the annexing code city and county reach an agreement on the enumerated goals, the code city ~~((and county))~~ may ~~((proceed with))~~ adopt an annexation ~~((under the interlocal agreement))~~ ordinance, but the annexation ordinance provided for in this section is subject to referendum for forty-five days after its passage, provided that no referendum shall be allowed for an annexation under this section if the fire protection district, annexing code city, and the county reach agreement on an annexation for which a code city has initiated the interlocal agreement process by sending notice to the fire protection district representative and county representative prior to July 28, 2013. Upon the filing of a timely and sufficient referendum petition with the legislative body of the code city, signed by qualified electors in a number not less than ten percent of the votes cast in the last general state election in the area to be annexed, the question of annexation must be submitted to the voters of the area in a general election if one is to be held within ninety days or at a special election called for that purpose according to RCW 29A.04.330. Notice of the election must be given as provided in RCW 35A.14.070, and the election must be conducted as provided in the general election laws under Title 29A RCW. The annexation must be deemed approved by the voters unless a majority of the votes cast on the proposition are in opposition to the annexation.~~

If the transferring employee is placed in a position with reduced rank and duties, the employee's compensation may be adjusted, but the adjustment may not result in a decrease of greater than fifty percent of the difference between the employee's compensation before the transfer and the compensation level for the position that the employee is transferred to;

(ii) Retirement, vacation, sick leave, and any other accrued benefit;

(iii) Promotion and service time accrual; and

(iv) The length or terms of probationary periods, including no requirement for an additional probationary period if one had been completed before the transfer date.

(b) (a) of this subsection does not apply if upon transfer an agreement for different terms of transfer is reached between the collective bargaining representatives of the transferring employees and the participating fire protection jurisdictions.

(7) If upon transfer, the transferring employee receives the rights, benefits, and privileges established under subsection (6)(a)(i) through (iv) of this section, those rights, benefits, and privileges are subject to collective bargaining at the end of the current bargaining period for the jurisdiction to which the employee has transferred.

(8) Such bargaining must take into account the years of service the transferring employee accumulated before the transfer and must be treated as if those years of service occurred in the jurisdiction to which the employee has transferred."

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.517 and 2002 c 290 s 8 are each amended to read as follows:

TABLE 3

DRUG OFFENSE SENTENCING GRID

Seriousness Level	Offender Score 0 to 2	Offender Score 3 to 5	Offender Score 6 to 9 or more
III	51 to 68 months	68+ to 100 months	100+ to 120 months
II	12+ to 20 months	20+ to 60 months	60+ to 120 months
I	0 to 6 months	6+ to (48) <u>12</u> months	12+ to 24 months

References to months represent the standard sentence ranges. 12+ equals one year and one day.

(2) The court may utilize any other sanctions or alternatives as authorized by law, including but not limited to the special drug offender sentencing alternative under RCW 9.94A.660 or drug court under RCW 2.28.170.

Sec. 2. RCW 9.94A.729 and 2011 1st sp.s. c 40 s 4 are each amended to read as follows:

(1)(a) The term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and adopted by the correctional agency having jurisdiction in which the offender is confined. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits.

(b) Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the ~~((amount))~~ number of days of ~~((earned))~~ early release ~~((time))~~ credits lost or not earned. The department may approve a jail certification from a correctional agency that calculates ~~((earned))~~ early release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence. The

department must adjust an offender's rate of early release listed on the jail certification to be consistent with the rate applicable to offenders in the department's facilities. However, the department is not authorized to adjust the number of presentence early release days that the jail has certified as lost or not earned.

(2) An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(3) An offender may earn early release time as follows:

(a) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence.

(b) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(c) An offender is qualified to earn up to fifty percent of aggregate earned release time if he or she:

(i) Is not classified as an offender who is at a high risk to reoffend as provided in subsection (4) of this section;

(ii) Is not confined pursuant to a sentence for:

(A) A sex offense;

(v) Has not committed a new felony after July 22, 2007, while under community custody.

(d) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection (3)(c) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection (3)(c) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who will be supervised by the department pursuant to RCW 9.94A.501 or 9.94A.5011, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time if the department determines an

offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728(5);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan. The voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) For each offender who is the recipient of a rental voucher, the department shall include, concurrent with the data that the department otherwise obtains and records, the housing status of the offender for the duration of the offender's supervision.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

Sec. 3. RCW 9.92.151 and 2009 c 28 s 3 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the sentence of a prisoner confined in a county jail facility for a felony, gross misdemeanor, or misdemeanor conviction may be reduced by earned release credits in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction. The earned early release time shall be for good behavior and good performance as determined by the correctional agency having jurisdiction. Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. The correctional agency shall not credit the offender with earned early release credits in advance of the offender actually earning the credits. In the case of an offender convicted of a serious violent offense or a sex offense that is a class A felony committed on or after July 1, 1990, the aggregate earned early release time may not exceed fifteen percent of the sentence. In no other case may the aggregate earned early release time exceed one-third of the total sentence.

(2) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

(3) If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the number of days of early release credits lost or not earned.

NEW SECTION. Sec. 4. Pursuant to RCW 9.94A.729, the department shall recalculate the earned release date for any offender currently serving a term in a facility or institution either operated by the state or utilized under contract. The earned release date shall be recalculated whether the offender is currently incarcerated or is sentenced after the effective date of this section, and regardless of the offender's date of offense. For offenders whose offense was committed prior to the effective date of this section, the recalculation shall not extend a term of incarceration beyond that to which an offender is currently subject.

NEW SECTION. Sec. 5. (1)(a) The department must, in consultation with the caseload forecast council, compile the following information in summary form for the two years prior to and after the effective date of this section: For offenders sentenced under RCW 9.94A.517 for a seriousness level I offense where the offender score is three to five: (A) The total number of sentences and the average length of sentence imposed, sorted by sentences served in state versus local correctional facilities; (B) the number of current and prior felony convictions for each offender; (C) the estimated cost or cost savings, total and per offender, to the state and local governments from the change to the maximum sentence pursuant to RCW 9.94A.517(1); and (D) the number of offenders who were sentenced to community custody, the number of violations committed on community custody, and any sanctions imposed for such violations.

(b) The department must submit a report with its findings to the office of financial management and the appropriate fiscal and policy committees of the house of representatives and the senate by January 1, 2015, and January 1, 2018.

(2) For purposes of this section, "department" means the department of corrections.

NEW SECTION. Sec. 6. The legislature declares that section 4 of this act does not create any liberty interest. The department is authorized to take the time reasonably necessary to complete the recalculations of section 4 of this act after the effective date of this section.

NEW SECTION. Sec. 7. Section 1 of this act applies to sentences imposed on or after July 1, 2013, regardless of the date of offense.

(1)(a) Effective November 1, 2011, the aged, blind, or disabled assistance program shall provide financial grants to persons in need who:

(i) Are not eligible to receive federal aid assistance, other than basic food benefits transferred electronically and medical assistance;

(ii) Meet the eligibility requirements of subsection (3) of this section; and

(iii) Are aged, blind, or disabled. For purposes of determining eligibility for assistance for the aged, blind, or disabled assistance program, the following definitions apply:

(A) "Aged" means age sixty-five or older.

(B) "Blind" means statutorily blind as defined for the purpose of determining eligibility for the federal supplemental security income program.

In making this determination, the department should give full consideration to the cumulative impact of an applicant's multiple impairments, an applicant's age, and vocational and educational history.

(ii) Persons for whom there has been a final determination of ineligibility for federal supplemental security income benefits.

(c) Persons may receive aged, blind, or disabled assistance benefits pending application for federal supplemental security

income benefits. The monetary value of any aged, blind, or disabled assistance benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.

Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(f) Are not eligible for:

(i) The aged, blind, or disabled assistance program;

(ii) The pregnant women assistance program; or

(iii) Federal aid assistance, other than basic food benefits transferred electronically and medical assistance.

(2) The following persons are not eligible for a referral for essential needs and housing support:

(a) Persons who are unemployable due primarily to alcohol or drug addiction, except as provided in subsection (3) of this subsection. These persons must be referred to appropriate assessment, treatment, shelter, or supplemental security income referral services as authorized under chapter 74.50 RCW. Referrals must be made at the time of application or at the time of eligibility review. This subsection may not be construed to prohibit the department from making a referral for essential needs and housing report for persons who have a substance abuse addiction who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for a referral for essential needs and housing support.

(b) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause;

(c) Persons who refuse or fail without good cause to participate in drug or alcohol treatment if an assessment by a certified chemical dependency counselor indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in drug or alcohol dependency treatment, when needed outpatient drug or alcohol treatment is not available to the person in the county of his or her residence or when needed inpatient treatment is not available in a location that is reasonably accessible for the person; and

(d) Persons who are fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or who are violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

(3) For purposes of determining whether a person is incapacitated from gainful employment under subsection (1) of this section:

(a) The department shall adopt by rule medical criteria for incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(b) The process implementing the medical criteria must involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

(4) For purposes of reviewing a person's continuing eligibility and in order to remain eligible for the program, persons who have been found to have an incapacity from gainful employment must demonstrate that there has been no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

(5) The department must review the cases of all persons who have received benefits under the essential needs and housing support program for twelve consecutive months, and at least annually after the first review, to determine whether they are eligible for the aged, blind, or disabled assistance program.

Sec. 4. RCW 43.185C.220 and 2011 1st sp.s. c 36 s 4 are each amended to read as follows:

(1) The department shall distribute funds for the essential needs and housing support program established under this section in a manner consistent with the requirements of this section and the biennial operating budget. The first distribution of funds must be completed by September 1, 2011. Essential needs or housing support is only for persons found eligible for such services under ~~((RCW 74.62.030(4)))~~ section 3 of this act and is not considered an entitlement.

(2) The department shall distribute funds appropriated for the essential needs and housing support program in the form of grants to designated essential needs support and housing support entities within each county. The department shall not distribute any funds until it approves the expenditure plan submitted by the designated essential needs support and housing support entities. The amount of funds to be distributed pursuant to this section shall be designated in the biennial operating budget. For the sole purpose of meeting the initial distribution of funds date, the department may distribute partial funds upon the department's approval of a preliminary expenditure plan. The department shall not distribute the remaining funds until it has approved a final expenditure plan.

(3)(a) During the 2011-2013 biennium, in awarding housing support that is not funded through the contingency fund in this subsection, the designated housing support entity shall provide housing support to clients who are homeless persons as defined in RCW 43.185C.010. As provided in the biennial operating budget for the 2011-2013 biennium, a contingency fund shall be used solely for those clients who are at substantial risk of losing stable housing or at substantial risk of losing one of the other services defined in RCW 74.62.010(6). For purposes of this chapter, "substantial risk" means the client has provided documentation that he or she will lose his or her housing within the next thirty days or that the services will be discontinued within the next thirty days.

(b) After July 1, 2013, the designated housing support entity shall give first priority to clients who are homeless persons as defined in RCW 43.185C.010 and second priority to clients who would be at substantial risk of losing stable housing without housing support.

(4) For each county, the department shall designate an essential needs support entity and a housing support entity that will begin providing these supports to medical care services program recipients on November 1, 2011. Essential needs and housing support entities are not required to provide assistance to every ~~((medical care services recipient that is))~~ person referred to the local entity or who meets the priority standards in subsection (3) of this section.

(a) Each designated entity must be a local government or community-based organization, and may administer the funding for essential needs support, housing support, or both. Designated entities have the authority to subcontract with qualified entities. Upon request, and the approval of the department, two or more counties may combine resources to more effectively deliver services.

(b) The department's designation process must include a review of proficiency in managing housing or human services programs when designating housing support entities.

(c) Within a county, if the department directly awards separate grants to the designated housing support entity and the designated essential needs support entity, the department shall determine the amount allocated for essential needs support as directed in the biennial operating budget.

(5)(a) Essential needs and housing support entities must use funds distributed under this section as flexibly as is practicable to provide essential needs items and housing support to recipients of

the essential needs and housing support program, subject to the requirements of this section.

(b) Benefits provided under the essential needs and housing support program shall not be provided to recipients in the form of cash assistance.

(c) The appropriations by the legislature for the purposes of the essential needs and housing support program established under this section shall be based on forecasted program caseloads. The caseload forecast council shall provide a courtesy forecast of the (~~medical care services recipient~~) population eligible for a referral for essential needs and housing support that is homeless or is included in reporting under subsection (7)(c)(iii) of this section. The department may move funds between entities or between counties to reflect actual caseload changes. In doing so, the department must: (i) Develop a process for reviewing the caseload of designated essential needs and housing support entities, and for redistributing grant funds from those entities experiencing reduced actual caseloads to those with increased actual caseloads; and (ii) inform all designated entities of the redistribution process. Savings resulting from program caseload attrition from the essential needs and housing support program shall not result in increased per-client expenditures.

(d) Essential needs and housing support entities must partner with other public and private organizations to maximize the beneficial impact of funds distributed under this section, and should attempt to leverage other sources of public and private funds to serve essential needs and housing support recipients. Funds appropriated in the operating budget for essential needs and housing support must be used only to serve persons eligible to receive services under that program.

(6) The department shall use no more than five percent of the funds for administration of the essential needs and housing support program. Each essential needs and housing support entity shall use no more than seven percent of the funds for administrative expenses.

(7) The department shall:

(a) Require housing support entities to enter data into the homeless client management information system;

(b) Require essential needs support entities to report on services provided under this section;

(c) In collaboration with the department of social and health services, submit a report annually to the relevant policy and fiscal committees of the legislature. A preliminary report shall be submitted by December 31, 2011, and must include (c)(i), (iii), and (v) of this subsection. Annual reports must be submitted beginning December 1, 2012, and must include:

(i) A description of the actions the department has taken to achieve the objectives of chapter 36, Laws of 2011 1st sp. sess.;

(ii) The amount of funds used by the department to administer the program;

(iii) Information on the housing status of essential needs and housing support recipients served by housing support entities, and individuals who have requested housing support but did not receive housing support;

(iv) Grantee expenditure data related to administration and services provided under this section; and

(v) Efforts made to partner with other entities and leverage sources or public and private funds;

(d) Review the data submitted by the designated entities, and make recommendations for program improvements and administrative efficiencies. The department has the authority to designate alternative entities as necessary due to performance or other significant issues. Such change must only be made after consultation with the department of social and health services and the impacted entity.

(8) The department, counties, and essential needs and housing support entities are not civilly or criminally liable and may not have any penalty or cause of action of any nature arise against them related to decisions regarding: (a) The provision or lack of provision of housing or essential needs support; or (b) the type of housing arrangement supported with funds allocated under this section, when the decision was made in good faith and in the performance of the powers and duties under this section. However, this section does not prohibit legal actions against the department, county, or essential needs or housing support entity to enforce contractual duties or obligations.

Sec. 5. RCW 43.185C.230 and 2011 1st sp.s. c 36 s 5 are each amended to read as follows:

The department, in collaboration with the department of social and health services, shall develop a mechanism through which the department and local governments or community-based organizations can verify a person has been determined eligible by the department of social and health services and remains eligible for (~~medical care services under RCW 74.09.035 by the department of social and health services~~) the essential needs and housing support program.

**PART II
HUMAN SERVICES**

NEW SECTION. Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage

medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2013-2015 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(b) If Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for the medicaid expansion but are enrolled in coverage that will be eliminated in the transition to the medicaid expansion.

(b) The juvenile rehabilitation administration and the juvenile courts shall establish a block grant funding oversight committee with equal representation from the juvenile rehabilitation administration and the juvenile courts. The purpose of this committee is to assess the ongoing implementation of the block grant funding formula, utilizing data-driven decision making and the most current available information. Initial members will include one juvenile court representative from the finance committee, the community juvenile accountability act committee, the risk assessment quality assurance committee, the executive board of the Washington association of juvenile court administrators, the Washington state center for court research, and a representative of the superior court judges association; two representatives from the juvenile rehabilitation administration headquarters program oversight staff, two representatives of the juvenile rehabilitation administration regional office staff, one representative of the juvenile rehabilitation administration fiscal staff and a juvenile rehabilitation administration division director. The committee may make changes to the formula categories other than the evidence-based program and disposition alternative categories if it is determined the changes will increase statewide service delivery or effectiveness of evidence-based program or disposition alternative resulting in increased cost benefit savings to the state. Long-term cost benefit must be considered. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the

changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. These outcomes will also be considered in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

The agreements between administrative office of the courts, the juvenile courts, and the juvenile rehabilitation administration shall be executed to ensure that the juvenile rehabilitation administration receives the data that the juvenile rehabilitation administration identifies as needed to comply with this subsection. This includes, but is not limited to, information by program at the statewide aggregate level, individual court level, and individual client level for the purpose of the juvenile rehabilitation administration providing quality assurance and oversight for the locally committed youth block grant and associated funds and at times as specified by the juvenile rehabilitation administration as necessary to carry out these functions. The data shall be provided in a manner that reflects the collaborative work the juvenile rehabilitation administration and juvenile courts have developed regarding program outcomes that reinforce the greatest cost benefit to the state in the implementation of evidence-based practices and disposition alternatives.

(9) \$445,000 of the general fund--state appropriation for fiscal year 2014 and \$445,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for funding of the teamchild project.

NEW SECTION. Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH PROGRAM

(1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

General Fund--State Appropriation (FY 2014)	\$327,467,000
General Fund--State Appropriation (FY 2015)	\$308,723,000
General Fund--Federal Appropriation	\$561,394,000
General Fund--Private/Local Appropriation.....	\$17,864,000

TOTAL APPROPRIATION\$1,215,448,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$104,999,000 of the general fund--state appropriation for fiscal year 2014 and \$85,895,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. This is a reduction in flexible nonmedicaid funding of \$4,343,000 for fiscal year 2014 and \$23,446,000 for fiscal year 2015. This reduction reflects offsets in state funding related to services that will now be funded with federal dollars through the affordable care act medicaid expansion. This reduction shall be distributed as follows:

(i) The \$4,343,000 reduction in fiscal year 2014 and \$11,723,000 of the reduction in fiscal year 2015 must be distributed among regional support networks based on a formula that equally weights each regional support networks proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act in fiscal year 2014 and each regional support network's spending of flexible nonmedicaid funding on services that would be reimbursable for federal medicaid matching funds if provided to medicaid enrollees in the 2011-2013 fiscal biennium.

(ii) The remaining \$11,723,000 reduction in fiscal year 2015 must be distributed among regional support networks based on each regional support network's proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act through fiscal year 2015.

(b) \$6,590,000 of the general fund--state appropriation for fiscal year 2014, \$6,590,000 of the general fund--state appropriation for fiscal year 2015, and \$7,620,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) \$5,850,000 of the general fund--state appropriation for fiscal year 2014, \$5,850,000 of the general fund--state appropriation for fiscal year 2015, and \$1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid

personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(f) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(g) \$750,000 of the general fund--state appropriation for fiscal year 2014 and \$750,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(h) \$1,125,000 of the general fund--state appropriation for fiscal year 2014 and \$1,125,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(i) \$1,529,000 of the general fund--state appropriation for fiscal year 2014 and \$1,529,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(j) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(k) \$3,436,000 of the general fund--state appropriation for fiscal year 2014 and \$2,291,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(l) \$523,000 of the general fund--state appropriation for fiscal year 2014, \$775,000 of the general fund--state appropriation for fiscal year 2015, and \$854,000 of the general fund--federal appropriation are provided solely for implementation of sections 3 through 5 of chapter 289, Laws of 2013 (E2SHB 1114). Regional support networks must use this funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in accordance with plans approved by the department.

SEVENTEENTH DAY, JUNE 28, 2013

2013 2ND SPECIAL SESSION

(m) \$5,986,000 of the general fund--state appropriation for fiscal year 2014, \$11,592,000 of the general fund--state appropriation for fiscal year 2015, and \$10,160,000 of the general fund--federal appropriation are provided solely for implementation of chapter 335, Laws of 2013 (ESSB 5480). Regional support networks must use this funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in accordance with plans approved by the department.

(n) Due to recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

(o) The legislature finds that the circumstances of the Chelan-Douglas regional support network (CD-RSN) make it necessary for CD-RSN to undergo restructuring in order to provide mental health services essential to the health and wellness of the citizens within its service area. The legislature intends to provide additional temporary financial relief to the CD-RSN while it undergoes internal restructuring or negotiates a merger with another regional support network.

The department shall negotiate relief for outstanding fiscal year 2013 reimbursements owed by CD-RSN to the state provided that the CD-RSN has a plan in place that is approved by the department by August 1, 2013, that demonstrates how CD-RSN will maintain financial viability and stability or will merge with another regional support network.

For the period of July 1, 2013, through December 31, 2013, the department may alter collection of reimbursement from CD-RSN for overuse of state hospital beds. To receive a reduction to the required reimbursement for overuse of state hospital beds, CD-RSN must continue to prioritize services that reduce its utilization and census at eastern state hospital and be actively implementing an approved plan to maintain financial viability or pursuing a future merger with another regional support network. Up to \$298,000 of the general fund--state appropriation for fiscal year 2014 is for the department to provide payments to regional support networks in eastern Washington which have used less than their allocated or contracted patient days of care at the state hospital to replace the share of the reimbursements from CD-RSN that the regional support networks would have received under RCW 71.24.320.

(p) \$266,000 of the general fund--state appropriation for fiscal year 2014 is provided solely to maintain services for the King county regional support network as it works to transition services to settings that are eligible for federal participation for individuals covered under the medicaid program.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,143,994,000 of the general fund--federal appropriation is provided solely to implement the medicaid expansion as defined in the social security act, section 1902(a)(10)(A)(i)(VIII), subject to the conditions and limitations in this subsection. If the federal medical assistance percentage for the medicaid expansion falls below the percentages in section 1905(y) of the social security act as of July 1, 2013, the authority shall ensure that the state does not incur any additional state costs above what would have been

incurred had the federal medical assistance percentages remained at the percentages in section 1905(y) as of July 1, 2013. The director is authorized to make any necessary program adjustments to comply with this requirement, including adding or adjusting premiums, modifying benefits, or reducing optional programs. To the extent a waiver is needed to accomplish this, the director shall promptly apply for such waiver. If a necessary waiver is not approved, the medicaid expansion program shall be terminated upon appropriate notification to the legislature and enrollees.

(2) The requirements of this subsection apply to the basic health plan. This subsection is null and void and has no further effect upon implementation of the medicaid expansion under subsection (1) of this section.

(a) Within amounts appropriated in this section and sections 205 and 206 of this act, the health care authority shall continue to provide an enhanced basic health plan subsidy for foster parents licensed under chapter 74.15 RCW and workers in state-funded home care programs. Under this enhanced subsidy option, foster parents eligible to participate in the basic health plan as subsidized enrollees and home care workers with family incomes below 200 percent of the federal poverty level shall be allowed to enroll in the basic health plan at the minimum premium amount charged to enrollees with incomes below sixty-five percent of the federal poverty level.

(b) The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

(c) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

(d) Enrollment in the subsidized basic health plan shall be limited to only include persons who qualify as subsidized enrollees as defined in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid demonstration project number 11-W-00254/10; or (b) are foster parents licensed under chapter 74.15 RCW.

(3) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the

health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(5) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(6) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(7) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(8) \$4,261,000 of the general fund--state appropriation for fiscal year 2014, \$4,261,000 of the general fund--state appropriation for fiscal year 2015, and \$8,522,000 of the general fund--federal appropriation are provided solely for low-income disproportionate share hospital payments.

(10) \$100,000 of the general fund--state appropriation for fiscal year 2014 and \$100,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for grants to rural hospitals in Clallam county that were certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011.

(11) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(12) \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

SEVENTEENTH DAY, JUNE 28, 2013

2013 2ND SPECIAL SESSION

(13) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2013-2015 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2013, and by November 1, 2014, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2014 and fiscal year 2015, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2013-2015 biennial operating appropriations act and in effect on July 1, 2013, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2013-2015 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$3,860,000 of the general fund--state appropriation for fiscal year 2014 and \$1,137,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for state grants for the participating hospitals.

(14) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(15) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight,

tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(16) \$170,000 of the general fund--state appropriation for fiscal year 2014, \$121,000 of the general fund--state appropriation for fiscal year 2015, and \$292,000 of the general fund--federal appropriation are provided solely to implement Engrossed Substitute House Bill No. 1519 (service coordination organizations) and Second Substitute Senate Bill No. 5732 (behavioral health services). If neither of the bills is enacted by June 30, 2013, the amounts provided in this subsection shall lapse.

(17) \$57,000 of the general fund--state appropriation for fiscal year 2014, \$40,000 of the general fund--state appropriation for fiscal year 2015, and \$55,000 of the general fund--federal appropriation are provided solely to develop a report on state efforts to prevent and control diabetes. The authority, the department of social and health services, and the department of health shall submit a coordinated report to the governor and the appropriate committees of the legislature by December 31, 2014, on the following:

(a) The financial impacts and reach that diabetes of all types and undiagnosed gestational diabetes are having on the programs administered by each agency and individuals, including children with mothers with undiagnosed gestational diabetes, enrolled in those programs. Items in this assessment must include: (i) The number of lives with diabetes and undiagnosed gestational diabetes impacted or covered by the programs administered by each agency; (ii) the number of lives with diabetes, or at risk for diabetes, and family members impacted by prevention and diabetes control programs implemented by each agency; (iii) the financial toll or impact diabetes and its complications, and undiagnosed gestational diabetes and the complications experienced during labor to children of mothers with gestational diabetes places on these programs in comparison to other chronic diseases and conditions; and (iv) the financial toll or impact diabetes and its complications, and diagnosed gestational diabetes and the complications experienced during labor to children of mothers with gestational diabetes places on these programs;

(d) The development or revision of detailed policy-related action plans and budget recommendations for battling diabetes and undiagnosed gestational diabetes that includes a range of actionable items for consideration by the legislature. The plans and budget recommendations must identify proposed action steps to reduce the impact of diabetes, prediabetes, related diabetes complications, and undiagnosed gestational diabetes. The plans and budget recommendations must also identify expected outcomes of the action steps proposed in the following biennium while also establishing benchmarks for controlling and preventing all types of diabetes; and

(e) An estimate of savings, efficiencies, costs, and budgetary savings and resources required to implement the plans and budget recommendations identified in (d) of this subsection (17).

(18) Within the amounts appropriated in this section, the authority shall identify strategies to improve patient adherence to treatment plans for diabetes and implement these strategies as a pilot through one health home program to be identified by the authority. The authority shall report to the governor and the legislature in December 2014 on the progress of strategy implementation. The authority shall report to the governor and legislature in December 2015 on patient outcomes and cost savings derived from new adherence strategies in the health home model and make recommendations for improving the strategies.

(19) Effective January 1, 2014, managed care contracts must incorporate accountability measures that monitor patient health and improved health outcomes, and shall include an expectation that each patient receive a wellness examination that documents the baseline health status and allows for monitoring of health improvements and outcome measures.

(20) \$25,000 of the general fund--state appropriation for fiscal year 2014 and \$25,000 of the general fund--federal appropriation are provided solely for the development of recommendations for funding integrated school nursing and outreach services. The authority shall collaborate with the office of the superintendent of public instruction to develop recommendations for increasing federal financial participation for providing nursing services in schools with the goals of integrating nursing and outreach services and supporting one nurse for every four hundred fifty students in elementary schools and one nurse for every seven hundred fifty students in secondary schools. In developing these recommendations, the authority shall inquire with the federal centers for medicare and medicaid services about state plan amendment or waiver options for receiving additional federal matching funds for school nursing services provided to children enrolled in apple health for kids. The recommendations shall include proposals for funding training and reimbursement for nurses that provide outreach services to help eligible students enroll in apple health for kids and other social services programs. The authority and the office of the superintendent of public instruction shall provide these recommendations to the governor and the legislature by December 1, 2013.

(21) \$430,000 of the general fund--state appropriation for fiscal year 2014 and \$500,000 of the general fund--federal appropriation are provided solely to complete grant requirements for the health information exchange.

(26) Within the amounts appropriated in this section, the authority shall increase reimbursement rates for primary care

services provided by independent nurse practitioners to medicare levels for the period from July 1, 2013, to December 31, 2014.

(27) The authority shall seek a medicaid state plan amendment to create a professional services supplemental payment managed care program for professional services delivered to managed care recipients by University of Washington medicine and other public professional providers. This program shall be effective as soon as administratively possible and shall operate concurrently with the existing professional services supplemental payment program. The authority shall apply federal rules for identifying the difference between average commercial rates and fee-for-service medicaid payments. This difference will be multiplied by the number of managed care encounters and incorporated into the managed care plan capitation rates by a certified actuary. The managed care plans will pay the providers the difference attributable to the increased capitation rate. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the authority in the development, implementation, and maintenance of this program shall be the responsibility of the participating providers. Participating providers shall retain the full amount of supplemental payments provided under this program, net of any costs related to the program that are disallowed due to audits or litigation against the state.

(28) Sufficient amounts are appropriated in this section for the authority to provide an adult dental benefit beginning January 1, 2014.

(29) To the extent allowed under federal law, the authority shall require an adult client to enroll in full medicaid coverage instead of family planning-only coverage unless the client is at risk of domestic violence.

(30) The authority shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the authority and its contractors. Prior to open enrollment, the authority shall coordinate with the department of social and health services to provide referrals to the Washington health benefit exchange for clients that will be ineligible for the medicaid expansion but are enrolled in coverage that will be eliminated in the transition to the medicaid expansion.

(31) \$90,000 of the general fund--state appropriation for fiscal year 2014, \$90,000 of the general fund--state appropriation for fiscal year 2015, and \$180,000 of the general fund--federal appropriation are provided solely to continue operation by a nonprofit organization of a toll-free hotline that assists families to learn about and enroll in the apple health for kids program.

(32) Within the amounts appropriated in this section, the authority shall reduce premiums for children with family incomes above 200 percent of the federal poverty level in the state-funded children's health program who are not eligible for coverage under the federal children's health insurance program. Premiums in the state and federal children's health insurance program shall be equal.

(33) The appropriations in this section reflect savings and efficiencies by transferring children receiving medical care provided through fee-for-service to medical care provided through managed care.

market prices make the price of the brand name drug after rebates more expensive than the generic alternatives.

The amounts provided in this subsection are conditioned on the authority satisfying the requirements of the project management oversight standards and policies established by the office of the chief information officer.

(38) Within the amounts appropriated in this section, the health care authority and the department of social and health services shall implement the state option to provide health homes for enrollees with chronic conditions under section 2703 of the federal affordable care act. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(40) Within the amounts appropriated in this section, the authority shall reimburse for primary care services provided by naturopathic physicians.

(41) Within amounts appropriated, the health care authority shall conduct a review of its management and staffing structure to identify efficiencies and opportunities to reduce full time equivalent employees and other administrative costs. A report summarizing the review and the authority's recommendations to reduce costs and full time equivalent employees must be submitted to the governor and legislature by November 1, 2013.

(42) \$17,279,000 of the health benefit exchange account--state appropriation and \$2,721,000 of the general fund--federal appropriation are provided solely to support the operations of the Washington health benefit exchange from January 1, 2015, to June 30, 2015. The Washington state health insurance pool administrator shall transfer \$20,838,000 of pool contributions to the treasurer for deposit into the health benefit exchange account in calendar year 2014.

(43) Within the amounts appropriated in this section, the authority shall continue to provide coverage after December 31, 2013, for pregnant teens that qualify under existing pregnancy medical programs, but whose eligibility for pregnancy related

services would otherwise end due to the application of the new modified adjusted gross income eligibility standard.

(44) Upon implementation of the medicaid expansion under subsection (1) of this section, the breast and cervical cancer treatment program is eliminated. To maintain continuity of coverage, the authority shall offer the option to stay in a fee-for-service program to clients that are already enrolled in the breast and cervical cancer treatment program and will be transitioned into the new adult group upon implementation of the medicaid expansion. The authority will continue to provide coverage to clients that are already enrolled in the breast and cervical cancer treatment program at the time of program elimination until their courses of treatment are completed.

(45) \$40,000 of the general fund--state appropriation for fiscal year 2014 and \$40,000 of the general fund--federal appropriation are provided solely for the authority to create a new position to provide adequate oversight and assistance to managed care organizations, rural health clinics, and federally qualified health centers under a new administratively streamlined payment methodology. Effective July 1, 2013, or upon obtaining any necessary federal approval, but in no case during the first quarter of a calendar year, the authority shall implement an administratively streamlined payment methodology for federally qualified health centers and rural health clinics. The authority's payments to managed care organizations shall include the full encounter payment comprised of both the standard and enhancement payments for federally qualified health centers and rural health clinics as defined in the medicaid state plan and in accordance with section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). At no time will a managed care organization be at risk for or have any claim to the supplemental payment portion of the rate which will be reconciled to ensure accurate payment and full pass through of the obligated funds. For any services eligible for encounter payments, as defined in the medicaid state plan, managed care organizations shall be required to pay at least the full published encounter rates directly to each clinic or center, and payments will be reconciled on at least an annual basis between the managed care organization and the authority, with final review and approval by the authority. At the option of any clinic, the enhancement payment can be received from the managed care organization on a per member per month basis for all assigned managed care enrollees in an amount prescribed by the authority. Nothing in this section is intended to disrupt mutually agreeable contractual arrangements between managed care organizations and clinics that impact how the standard payment for services is paid. The authority will require participating managed care organizations to reimburse federally qualified health centers and rural health clinics for clean claims in strict adherence to the timeliness of payment standards established under contract and specified for the medicaid fee-for-service program in section 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42 C.F.R. Sec. 447.46, and specified for health carriers in WAC 284-43-321. The authority shall exercise all necessary options under its existing sanctions policy to enforce timely payment of claims. The authority shall ensure necessary staff and resources are identified to actively monitor and enforce the timeliness and accuracy of payments to federally qualified health centers and rural health clinics. By January 1, 2014, and after collaboration with federally qualified health centers, rural health clinics, managed care plans, and the centers for medicare and medicaid services, the authority will produce a report that provides options for a new payment methodology that rewards innovation and outcomes over volume of services delivered, and which maintains the integrity of the rural health clinic and federally qualified health center programs as outlined under federal law. The

report will detail necessary federal authority for implementation and provide the benefits and drawbacks of each option.

The authority shall monitor the costs of the habilitative benefit as part of the forecasting process but shall not provide this benefit in the current medicaid benefit plan without a direct appropriation in the omnibus appropriations act.

(48) The appropriations in this section reflect savings and efficiencies achieved by modifying dispensing methods of contraceptive drugs. The authority must make arrangements for all medicaid programs offered through managed care plans or fee-for-service programs to require dispensing of contraceptive drugs with a one-year supply provided at one time unless a patient requests a smaller supply or the prescribing physician instructs that the patient must receive a smaller supply. Contracts with managed care plans must allow on-site dispensing of the prescribed contraceptive drugs at family planning clinics. Dispensing practices must follow clinical guidelines for appropriate prescribing and dispensing to ensure the health of the patient while maximizing access to effective contraceptive drugs.

(49)(a) \$75,000 of the general fund--state appropriation for fiscal year 2014 and \$75,000 of the general fund--federal appropriation are provided solely for preparing options with an expert consultant for possible implementation of a targeted premium assistance program and possible implementation of the federal basic health option. \$75,000 of the amounts appropriated in this subsection is provided solely for the development of options related to the targeted premium assistance program. The options must include the possibility of applying premiums for individuals and cost-sharing that may exceed the five percent of family income cap under federal law, and the options must include recommendations to make the targeted premium assistance program cost neutral. The authority shall submit a report on the options to the legislature and the governor by January 1, 2014. The authority is encouraged to be creative, use subject matter experts, and exhaust all possible options to achieve cost neutrality. The report shall also include a detailed plan and timeline. \$75,000 of the amounts appropriated in this subsection is provided solely for the development of options related to the federal basic health option. The authority shall prepare options for implementing the federal basic health option as federal guidance becomes available. The report must include a comparison of the premiums and cost-sharing under the federal basic health option with the premium assistance options described in this subsection, options for implementing the federal basic health option in combination with a premium assistance program, a detailed fiscal analysis for each coverage approach,

including the estimated costs for system design and implementation, and information about impacted populations.

The evaluation must include an analysis of lean management processes that, if adopted, could improve the efficiency and cost effectiveness of inmate intake.

(d) By December 1, 2013, the department of corrections shall provide a report to the office of financial management and the appropriate fiscal and policy committees of the legislature that evaluates the department's use of partial confinement and work release programs and makes recommendations for improving public safety and decreasing recidivism through increasing participation in partial confinement re-entry and work release programs. (i) Options for increasing the capacity of work release beds to meet the number of eligible offenders;

(ii) Potential cost savings to the state through contracting for or building new work release capacity;

(iii) Options for expanding eligibility for partial confinement, including creation of a structured re-entry program that includes stable housing, mandatory participation in evidence-based programs, and intensive supervision; and

(iv) Potential cost savings to the state from creation of a structured re-entry program.

These steps will also assist the department's implementation of additional operational efficiencies by reducing costs related to offender intake, processing, and transportation.

(ii) Up to \$1,119,000 of the general fund--state appropriation for fiscal year 2014 and up to \$1,322,000 of the general fund--state appropriation for fiscal year 2015 may be used by the department to rent jail capacity for short-term offenders. The department shall calculate and report the average cost per offender per day, inclusive of all services, on an annual basis for a facility that is representative of average medium or lower offender costs. The duration of the contracts may be for up to four years. The department shall not pay a rate greater than \$65 per day per offender for all costs associated with the offender while in the local correctional facility to include programming and health care costs, or the equivalent of \$65 per day per bed including programming and health care costs for full units. The capacity provided at local correctional facilities must be for offenders whom the department of corrections defines as medium or lower security offenders. Programming provided for inmates held in local jurisdictions is included in the rate, and details regarding the type and amount of programming, and any conditions regarding transferring offenders will be negotiated with the department as part of any contract. Local jurisdictions must provide health care to offenders that meet standards set by the department. The local jail will provide all medical care including unexpected emergent care. The department must utilize a screening process to ensure that offenders with existing extraordinary medical/mental health needs are not transferred to local jail facilities. If extraordinary medical conditions develop for an inmate while at a jail facility the jail may transfer the offender back to the department, subject to terms of the negotiated agreement. Health care costs incurred prior to transfer will be the responsibility of the jail. The department will report to legislative fiscal committees and the office of financial management by November 1, 2013, to provide a status update on implementation.

(ii) For all other small high schools under this subsection, nine certificated instructional staff units and one-half of a certificated administrative staff unit for the first sixty average annual full-time equivalent students, and additional staff units based on a ratio of 0.8732 certificated instructional staff units and 0.1268 certificated administrative staff units per each additional forty-three and one-half average annual full-time equivalent students;

(iii) Districts receiving staff units under this subsection shall add students enrolled in a district alternative high school and any grades nine through twelve alternative learning experience programs with the small high school enrollment for calculations under this subsection;

(d) For each nonhigh school district having an enrollment of more than seventy annual average full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit;

(2010 supplemental budget), adjusted annually for inflation.

(14) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(15) The superintendent may distribute funding for the following programs outside the basic education formula during fiscal years 2014 and 2015 as follows:

(a) \$605,000 of the general fund--state appropriation for fiscal year 2014 and \$614,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW.

At the close of the fiscal year the superintendent of public instruction shall report to the office of financial management and the appropriate fiscal committees of the legislature on the allocations provided to districts and the nature of the emergency.

(17) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.

(18) Students participating in running start programs may be funded up to a combined maximum enrollment of 1.2 FTE including school district and institution of higher education enrollment. In calculating the combined 1.2 FTE, the office of the superintendent of public instruction may average the participating student's September through June enrollment to account for differences in the start and end dates for courses provided by the high school and higher education institution. Additionally, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the student achievement council, and the education data center, shall annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.

(19) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (12) of this section, the following apply:

(a) Salary allocations for certificated instructional staff units are determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 2 by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP document 1; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district are determined based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 2.

(2) For the purposes of this section:

(a) "LEAP Document 1" means the staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on June 1, 2013 at 08:06 hours; and

(b) "LEAP Document 2" means the school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on June 1, 2013 at 01:29 hours.

(3) Incremental fringe benefit factors are applied to salary adjustments at a rate of 18.04 percent for school year 2013-14 and 18.04 percent for school year 2014-15 for certificated instructional and certificated administrative staff and 17.45 percent for school year 2013-14 and 17.45 percent for the 2014-15 school year for classified staff.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

- (c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this part V, or any replacement schedules and documents, unless:

- (a) The employee has a masters degree; or
- (b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

NEW SECTION. Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) Additional salary adjustments as necessary to fund the base salaries for certificated instructional staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. Allocations for these salary adjustments shall be provided to all districts that are not grandfathered to receive salary allocations above the statewide salary allocation schedule, and to certain grandfathered districts to the extent necessary to ensure that salary allocations for districts that are currently grandfathered do not fall below the statewide salary allocation schedule.

(b) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for certificated administrative staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act.

(c) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for classified staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act.

(d) The appropriations in this subsection (1) include associated incremental fringe benefit allocations at 18.04 percent for the 2013-14 school year and 18.04 percent for the 2014-15 school year for certificated instructional and certificated administrative staff and 17.45 percent for the 2013-14 school year and 17.45 percent for the 2014-15 school year for classified staff.

(e) The appropriations in this section include the increased or decreased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in part V of this act. Changes for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Changes for special education result from changes in each district's basic education allocation per student. Changes

for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(f) The appropriations in this section include no salary adjustments for substitute teachers.

(2) The maintenance rate for insurance benefit allocations is \$768.00 per month for the 2013-14 and 2014-15 school years. The appropriations in this section reflect the incremental change in cost of allocating rates of \$768.00 per month for the 2013-14 school year and \$768.00 per month for the 2014-15 school year.

(3) The rates specified in this section are subject to revision each year by the legislature.

School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall ensure that:

(i) Special education students are basic education students first;

(ii) As a class, special education students are entitled to the full basic education allocation; and

(iii) Special education students are basic education students for the entire school day.

(b) The superintendent of public instruction shall continue to implement the full cost method of excess cost accounting, as designed by the committee and recommended by the superintendent, pursuant to section 501(1)(k), chapter 372, Laws of 2006.

(6) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with RCW 28A.150.390(3) (c) and (d), and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(7) \$22,263,000 of the general fund--state appropriation for fiscal year 2014, \$34,392,000 of the general fund--state appropriation for fiscal year 2015, and \$29,574,000 of the general fund--federal appropriation are provided solely for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (4) of this section. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(9) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(10) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carryover funds shall be expended in the special education program.

(11) \$252,000 of the general fund--state appropriation for fiscal year 2014 and \$252,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for two additional full-time equivalent staff to support the work of the safety net committee and to provide training and support to districts applying for safety net awards.

(b) Have been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds as a whole. The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the

legislature may act upon the compensation and fringe benefit provisions of the unit's initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(6) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(7) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) For the ~~((2011-2013))~~ 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. ~~((If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial master collective bargaining agreement under this chapter regarding health care benefits.))~~ The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating appropriations act by the sitting legislature.

However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter. The exclusive bargaining representatives for employees that are subject to chapter 47.64 RCW shall bargain the dollar amount expended on behalf of each employee for health care benefits with the employer as part of the coalition under this subsection. (5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. (1) The director of ~~((general administration))~~ enterprise services, on behalf of the agency involved and after consultation with the office of financial management, shall purchase, lease, purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of ~~((general administration))~~ enterprise services.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of ~~((general administration))~~ enterprise services. (3) The director of ~~((general administration))~~ enterprise services may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of ~~((general administration))~~ enterprise services may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of ~~((general administration))~~ enterprise services may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note

provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. (6) The director of ~~((general administration))~~ enterprise services shall provide coordinated long-range planning services to identify and evaluate opportunities for colocating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of ~~((general administration))~~ enterprise services shall determine whether an opportunity exists for colocating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of ~~((general administration))~~ enterprise services shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of ~~((general administration))~~ enterprise services, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of ~~((general administration))~~ enterprise services is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. (8) If the director of ~~((general administration))~~ enterprise services determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(u) During the 2013-2015 fiscal biennium, actions at the state conservation commission to improve water quality for shellfish; and

(v) During the 2013-2015 fiscal biennium, actions at the University of Washington for reducing ocean acidification.

(4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:

(i) Extended grant agreements entered into under (c)(i) of this subsection;

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under (c)(iv) of this subsection. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(iii) Storm water pollution source projects that: (A) Work in conjunction with a remedial action; (B) protect completed remedial actions against recontamination; or (C) prevent hazardous clean-up sites;

(iv) Hazardous waste plans and programs under chapter 70.105 RCW;

(v) Solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(vi) Petroleum-based plastic or expanded polystyrene foam debris cleanup activities in fresh or marine waters; and

(vii) Appropriations to the state toxics control account or the environmental legacy stewardship account created in RCW 70.105D.---(section 10, chapter 1, Laws of 2013 2nd sp. sess.), if the legislature determines that priorities for spending exceed available funds in those accounts.

(b) Funds for plans and programs must be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.

(c) During the 2013-2015 fiscal biennium, the local toxics control account may also be used for local government storm water planning and implementation activities.

(d) During the 2013-2015 fiscal biennium, the legislature may transfer from the local toxics control account to the state general fund, such amounts as reflect the excess fund balance in the account.

(e) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to areawide groundwater contamination. To receive the funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under (c)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(d) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 fiscal biennium, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. effects the ability of a potentially liable person to receive public funding.

Sec. 993. RCW 70.148.020 and 2012 1st sp.s. c 3 s 1 are each amended to read as follows:

SEVENTEENTH DAY, JUNE 28, 2013

2013 2ND SPECIAL SESSION

(1) The pollution liability insurance program trust account is established in the custody of the state treasurer. All funds appropriated for this chapter and all premiums collected for reinsurance shall be deposited in the account. Expenditures from the account shall be used exclusively for the purposes of this chapter including payment of costs of administering the pollution liability insurance and underground storage tank community assistance programs. Expenditures for payment of administrative and operating costs of the agency are subject to the allotment procedures under chapter 43.88 RCW and may be made only after appropriation by statute. No appropriation is required for other expenditures from the account.

(2) Each calendar quarter, the director shall report to the insurance commissioner the loss and surplus reserves required for the calendar quarter. The director shall notify the department of revenue of this amount by the fifteenth day of each calendar quarter.

(3) Each calendar quarter the director shall determine the amount of reserves necessary to fund commitments made to provide financial assistance under RCW 70.148.130 to the extent that the financial assistance reserves do not jeopardize the operations and liabilities of the pollution liability insurance program. The director shall notify the department of revenue of this amount by the fifteenth day of each calendar quarter. The director may immediately establish an initial financial assistance reserve of five million dollars from available revenues. The director may not expend more than fifteen million dollars for the financial assistance program.

~~((4))~~ (4) During the 2013-2015 fiscal biennium, the legislature may transfer from the pollution liability insurance program trust account to the state general fund such amounts as reflect the excess fund balance of the account.

(5) This section expires July 1, 2020.

Sec. 994. RCW 71.24.310 and 2009 c 564 s 1810 and 2009 c 564 s 952 are each reenacted and amended to read as follows:

The legislature finds that administration of chapter 71.05 RCW and this chapter can be most efficiently and effectively implemented as part of the regional support network defined in RCW 71.24.025. For this reason, the legislature intends that the department and the regional support networks shall work together to implement chapter 71.05 RCW as follows:

(1) By June 1, 2006, regional support networks shall recommend to the department the number of state hospital beds that should be allocated for use by each regional support network. The statewide total allocation shall not exceed the number of state hospital beds offering long-term inpatient care, as defined in this chapter, for which funding is provided in the biennial appropriations act.

(2) If there is consensus among the regional support networks regarding the number of state hospital beds that should be allocated for use by each regional support network, the department shall contract with each regional support network accordingly.

(3) If there is not consensus among the regional support networks regarding the number of beds that should be allocated for use by each regional support network, the department shall establish by emergency rule the number of state hospital beds that are available for use by each regional support network. The emergency rule shall be effective September 1, 2006. The primary factor used in the allocation shall be the estimated number of adults with acute and chronic mental illness in each regional support network area, based upon population-adjusted incidence and utilization.

(4) The allocation formula shall be updated at least every three years to reflect demographic changes, and new evidence regarding the incidence of acute and chronic mental illness and the need for long-term inpatient care. In the updates, the statewide total

allocation shall include (a) all state hospital beds offering long-term inpatient care for which funding is provided in the biennial appropriations act; plus (b) the estimated equivalent number of beds or comparable diversion services contracted in accordance with subsection (5) of this section.

(5) The department is encouraged to enter performance-based contracts with regional support networks to provide some or all of the regional support network's allocated long-term inpatient treatment capacity in the community, rather than in the state hospital. The performance contracts shall specify the number of patient days of care available for use by the regional support network in the state hospital.

(6) If a regional support network uses more state hospital patient days of care than it has been allocated under subsection (3) or (4) of this section, or than it has contracted to use under subsection (5) of this section, whichever is less, it shall reimburse the department for that care, except during the period of July 1, 2012, through December 31, 2013, where reimbursements may be temporarily altered per section 204 of this act. The reimbursement rate per day shall be the hospital's total annual budget for long-term inpatient care, divided by the total patient days of care assumed in development of that budget.

(7) One-half of any reimbursements received pursuant to subsection (6) of this section shall be used to support the cost of operating the state hospital and, during the 2007-2009 fiscal biennium, implementing new services that will enable a regional support network to reduce its utilization of the state hospital. The department shall distribute the remaining half of such reimbursements among regional support networks that have used less than their allocated or contracted patient days of care at that hospital, proportional to the number of patient days of care not used.

Sec. 995. RCW 74.09.215 and 2012 c 241 s 103 are each amended to read as follows:

The medicaid fraud penalty account is created in the state treasury. All receipts from civil penalties collected under RCW 74.09.210, all receipts received under judgments or settlements that originated under a filing under the federal false claims act, and all receipts received under judgments or settlements that originated under the state medicaid fraud false claims act, chapter 74.66 RCW must be deposited into the account. Moneys in the account may be spent only after appropriation and must be used only for medicaid services, fraud detection and prevention activities, recovery of improper payments, and for other medicaid fraud enforcement activities. For the 2013-2015 fiscal biennium, moneys in the account may be spent on inpatient and outpatient rebasing and conversion to the tenth version of the international classification of diseases.

Sec. 996. RCW 74.13.621 and 2009 c 564 s 954 are each amended to read as follows:

(1) Within existing resources, the department shall establish an oversight committee to monitor, guide, and report on kinship care recommendations and implementation activities. The committee shall:

(a) Draft a kinship care definition that is restricted to persons related by blood, marriage, or adoption, including marriages that have been dissolved, or for a minor defined as an "Indian child" under the federal Indian child welfare act (25 U.S.C. Sec. 1901 et seq.), the definition of "extended family member" under the federal Indian child welfare act, and a set of principles. If the committee concludes that one or more programs or services would be more efficiently and effectively delivered under a different definition of kin, it shall state what definition is needed, and identify the program or service in the report. It shall also provide evidence of how the program or service will be more efficiently and effectively delivered under the different definition. The department shall not

adopt rules or policies changing the definition of kin without authorizing legislation;

(b) Monitor and provide consultation on the implementation of recommendations contained in the 2002 kinship care report, including but not limited to the recommendations relating to legal and respite care services and resources;

(c) Partner with nonprofit organizations and private sector businesses to guide a public education awareness campaign; and

(d) Assist with developing future recommendations on kinship care issues.

(2) The department shall consult with the oversight committee on its efforts to better collaborate and coordinate services to benefit kinship care families.

(3) The oversight committee must consist of a minimum of thirty percent kinship caregivers, who shall represent a diversity of kinship families. Statewide representation with geographic, ethnic, and gender diversity is required. Other members shall include representatives of the department, representatives of relevant state agencies, representatives of the private nonprofit and business sectors, child advocates, representatives of Washington state Indian tribes as defined under the federal Indian welfare act (25 U.S.C. Sec. 1901 et seq.), and representatives of the legal or judicial field. Birth parents, foster parents, and others who have an interest in these issues may also be included.

(4) To the extent funding is available, the department may reimburse nondepartmental members of the oversight committee for costs incurred in participating in the meetings of the oversight committee.

(5) The kinship care oversight committee shall update the legislature and governor annually on committee activities, with the first update due by January 1, 2006.

(6) This section expires June 30, ~~((2011))~~ 2015.

Moneys in the account may be spent only after appropriation and must be used only for medicaid services, fraud detection and prevention activities, recovery of improper payments, for other medicaid fraud enforcement activities, and the prescription monitoring program established in chapter 70.225 RCW. For the 2013-2015 fiscal biennium, moneys in the account may be spent on inpatient and outpatient rebasing and conversion to the tenth version of the international classification of diseases.

The legislative authority of a county may elect, by giving written notice to the director and the treasurer prior to January 1st of any year, to obtain for the following year an amount in lieu of real property taxes on game lands as provided in RCW 77.12.203. Upon the election, the county shall keep a record of all fines, forfeitures, reimbursements, and costs assessed and collected, in whole or in part, under this title for violations of law or rules adopted pursuant to this title, with the exception of the 2011-2013 and 2013-2015 fiscal ~~((biennium))~~ biennia, and shall monthly remit an amount equal to the amount collected to the state treasurer for deposit in the state general fund. (1) The county criminal justice assistance account is created in the state treasury. Beginning in fiscal year 2000, the state treasurer must transfer into the county criminal justice assistance account from the general fund the sum of twenty-three million two hundred thousand dollars divided into four equal deposits occurring on July 1, October 1, January 1, and April 1. For each fiscal year thereafter, the state treasurer must increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year.

(2) The moneys deposited in the county criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under subsection (4) of this section, must be distributed at such times as distributions are made under RCW 82.44.150 and on the relative basis of each county's funding factor as determined under this subsection.

(a) A county's funding factor is the sum of:

(i) The population of the county, divided by one thousand, and multiplied by two-tenths;

(ii) The crime rate of the county, multiplied by three-tenths; and

(iii) The annual number of criminal cases filed in the county superior court, for each one thousand in population, multiplied by five-tenths.

(ii) The crime rate of the county or city is the annual occurrence of specified criminal offenses, as calculated in the most recent annual report on crime in Washington state as published by the Washington association of sheriffs and police chiefs, for each one thousand in population;

(iii) The annual number of criminal cases filed in the county superior court must be determined by the most recent annual report of the courts of Washington, as published by the administrative office of the courts;

(iv) Distributions and eligibility for distributions in the 1989-1991 biennium must be based on 1988 figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection. Future distributions must be based on the most recent figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection.

PART XII HUMAN SERVICES

Sec. 1201. 2012 2nd sp.s. c 7 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage

medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2011-2013 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The health care authority and the department shall conduct an evaluation of the WMIP by October 15, 2012, and of the MICP measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(b) Effective January 1, 2013, if Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ~~((2012))~~

SEVENTEENTH DAY, JUNE 28, 2013

2013 2ND SPECIAL SESSION

2013, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year ((2012)) 2013 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ((2012)) 2013 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medicaid personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

Appropriation	\$5,251,000
TOTAL APPROPRIATION	(\$1,114,761,000)
.....	\$1,108,681,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$109,342,000 of the general fund--state appropriation for fiscal year 2012 and \$109,341,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for persons and services not covered by the medicaid program. This is a reduction of \$4,348,000 each fiscal year from the nonmedicaid funding that was allocated for expenditure by regional support networks during fiscal year 2011 prior to supplemental budget reductions. This \$4,348,000 reduction shall be distributed among regional support networks proportional to each network's share of the total state population. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: (i) Crisis and commitment services; (ii) community

inpatient services; and (iii) residential care services, including personal care and emergency housing assistance.

(b) \$6,590,000 of the general fund--state appropriation for fiscal year 2012, \$6,590,000 of the general fund--state appropriation for fiscal year 2013, and \$7,620,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) \$5,850,000 of the general fund--state appropriation for fiscal year 2012, \$5,850,000 of the general fund--state appropriation for fiscal year 2013, and \$1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(f) \$4,582,000 of the general fund--state appropriation for fiscal year 2012 and \$4,582,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for mental health services for mentally ill offenders while confined in a county or city jail and for facilitating access to programs that offer mental health services upon release from confinement.

(g) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(h) \$750,000 of the general fund--state appropriation for fiscal year 2012 and \$750,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(i) \$1,125,000 of the general fund--state appropriation for fiscal year 2012 and \$1,125,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(j) \$1,529,000 of the general fund--state appropriation for fiscal year 2012 and \$1,529,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(k) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(l) Given the recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

(m) \$750,000 of the general fund--state appropriation for fiscal year 2012, \$750,000 of the general fund--state appropriation for fiscal year 2013, and \$1,500,000 of the general fund--federal appropriation are provided solely to adjust regional support network capitation rates to account for the per diem rates actually paid for psychiatric care provided at hospitals participating in the certified public expenditure program operated pursuant to section 213 of this act.

(n) The appropriations in this section reflect efficiencies to be achieved through voluntary consolidation of regional support networks in accordance with Substitute House Bill No. 2139 (regional support networks). In its description of activities the agency shall include activity listings and dollars appropriated for: Employment services, day services, child development services and county administration of services to the developmentally disabled. The department shall begin reporting to the office of financial management on these activities beginning in fiscal year 2010.

(d) \$944,000 of the general fund--state appropriation for fiscal year 2012, \$944,000 of the general fund--state appropriation for fiscal year 2013, and \$1,888,000 of the general fund--federal appropriation are provided solely for state contributions for individual provider health care benefits. Pursuant to the collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270, the state shall contribute to the multiemployer health benefits trust fund \$2.21 per paid hour worked by individual providers.

(e) \$1,329,000 of the general fund--state appropriation for fiscal year 2012, \$1,622,000 of the general fund--state appropriation for fiscal year 2013, and \$2,947,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, for instructional costs associated with the training of individual providers. Contributions are funded at \$0.22 per benefit-eligible paid hour worked by all home care workers. Expenditures for the purposes specified in this subsection shall not exceed the amounts provided in this subsection. However, if the governor and the service employees international union healthcare 775nw can reach agreement on repurposing funding that is currently provided in the individual provider collective bargaining agreement for new individual provider wages paid during training or other training related items, then expenditures for training trust contributions for individual providers may include the amounts provided in this subsection and the agreed upon repurposed funding. Funding in this section for purposes other than the individual provider collective bargaining agreement cannot be used for the purposes of this subsection (1)(e). It is the intent of the legislature that the funding provided in this subsection, including any repurposed funding, is sufficient to cover the costs of individual provider training and therefore tuition or other entrance fees are not necessary.

(f) (~~(\$104,669,000)~~) \$107,538,000 of the general fund--state appropriation for fiscal year 2013 and (~~(\$104,669,000)~~) \$107,535,000 of the general fund--federal appropriation are provided solely for the department to provide personal care services to waiver and nonwaiver in-home clients. The department shall provide the legislature with a report by December 5, 2012, on the feasibility of converting the medicaid personal care program for in-home adults to a medicaid program as found in section 1915(i) of the federal social security act that utilizes the option for self-direction of individualized budgets. The department shall operate the personal care program within the amounts specifically provided.

(g)(i) Within the amounts appropriated in this subsection, the department shall revise the current working age adult policy to allow clients to choose between employment and community access activities. Clients age 21 and older who are receiving services through a home- and community-based medicaid waiver shall be offered the choice to transition to a community access program after nine months of enrollment in an employment program, and the option to transition from a community access program to an employment program at any time. The department shall inform clients and their legal representatives of all available options for

employment and day services. Information provided to the client and the client's legal representative shall include the types of activities each service option provides, and the amount, scope, and duration of service for which the client would be eligible under each service option. An individual client may be authorized for only one service option, either employment services or community access services. Clients may not participate in more than one of these services at any given time.

(ii) The department shall work with counties and stakeholders to strengthen and expand the existing community access program. The program must emphasize support for the client so they are able to participate in activities that integrate them into their community and support independent living and skills.

(iii) The appropriation in this subsection includes funding to provide employment or community access services to 168 medicaid eligible young adults with developmental disabilities living with their families who need employment opportunities and assistance after high school graduation.

(h) \$75,000 of the general fund--state appropriation for fiscal year 2012 and \$75,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for the restoration of direct support to local organizations that utilize parent-to-parent networks and communication to promote access and quality of care for individuals with developmental disabilities and their families.

(i) In accordance with Engrossed Substitute House Bill No. 1277 (licensed settings for vulnerable adults), adult family home license fees are increased in fiscal years 2012 and 2013 to support the costs of conducting licensure, inspection, and regulatory programs.

(i) The current annual renewal license fee for adult family homes shall be increased to \$100 per bed beginning in fiscal year 2012 and \$175 per bed beginning in fiscal year 2013. Adult family homes shall receive a corresponding vendor rate increase per medicaid patient day of \$0.22 in fiscal year 2012 and \$0.43 in fiscal year 2013, or the amount necessary to fully fund the license fee increase for publicly funded beds, pursuant to the most recent bed estimates maintained by the department.

(ii) Beginning in fiscal year 2012, a processing fee of \$2,750 shall be charged to each adult family home when the home is initially licensed. This fee is nonrefundable.

(j) Clients with developmental disabilities have demonstrated a need and a desire for a day services program as verified by over 900 clients currently accessing day programs through a long-term care service model. In addition, every individual, to include those with a developmental disability, should have the opportunity for meaningful employment which allows them to contribute to their communities and to become as self-sufficient as possible. Providing choice empowers recipients of publicly funded services and their families by expanding their degree of control over the services and supports they need.

The department shall work with legislators and stakeholders to develop a new approach to employment and day services. The objective of this plan is to ensure that adults with developmental disabilities have optimum choices, and that employment and day offerings are comprehensive enough to meet the needs of all clients currently served on a home and community based waiver. The proposal shall be submitted to the 2012 legislature for consideration and shall be constructed such that a client ultimately receives employment, community access, or the community day option but not more than one service at a time. The proposal shall include options for program efficiencies within the current employment and day structure and shall provide details on the plan to implement a consistent, statewide outcome-based vendor contract for employment and day services as specified in (c) of this subsection.

Sec. 1206. 2012 2nd sp.s. c 7 s 206 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--AGING AND ADULT SERVICES PROGRAM

General Fund--State Appropriation (FY 2012)	\$791,493,000
---------------------------------------------------	---------------

2013 2ND SPECIAL SESSION

General Fund--State Appropriation (FY 2013)	(\$809,338,000)
.....	\$800,181,000
General Fund--Federal Appropriation	(\$1,690,993,000)
.....	\$1,685,120,000
General Fund--Private/Local Appropriation.....	\$27,517,000
Traumatic Brain Injury Account--State Appropriation....	\$3,388,000
Nursing Facility Quality Assurance Account--State	
Appropriation	\$88,000,000
TOTAL APPROPRIATION	(\$3,410,729,000)
.....	\$3,395,699,000

The appropriations in this section are subject to the following conditions and limitations:

(1) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall not exceed \$170.37 for fiscal year 2012 and shall not exceed ~~(\$171.43)~~ \$171.09 for fiscal year 2013, including the rate add-ons described in (a) and (b) of this subsection. However, if the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is for any reason not approved and implemented, the weighted average nursing facility payment rate shall not exceed \$159.87 for fiscal year 2012 and shall not exceed ~~(\$160.93)~~ \$161.29 for fiscal year 2013. There will be no adjustments for economic trends and conditions in fiscal years 2012 and 2013. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the component rate allocations established in accordance with chapter 74.46 RCW. When no economic trends and conditions factor for either fiscal year is defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(a) Within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed \$1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than \$15 in calendar year 2008, according to cost report data. The add-on may also be used to address resulting wage compression for related job classes immediately affected by wage increases to low-wage workers. The department shall continue reporting requirements and a settlement process to ensure that the funds are spent according to this subsection.

(b) The department shall do a comparative analysis of the facility-based payment rates calculated on July 1, 2012, using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calculated on July 1, 2012, is smaller than the facility-based payment rate on June 30, 2010, then the difference shall be provided to the individual nursing facilities as an add-on payment per medicaid resident day.

(c) During the comparative analysis performed in subsection (b) of this section, if it is found that the direct care rate for any facility calculated using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, is greater than the direct care rate in effect on June 30, 2010, then the facility shall receive a ten percent direct care rate

add-on to compensate that facility for taking on more acute clients than they have in the past.

(d) The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. The nursing facility safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

(e) If the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is for any reason not approved and implemented, (b), (c), and (d) of this subsection do not apply.

(2) After examining actual nursing facility cost information, the legislature finds that the medicaid nursing facility rates calculated pursuant to Engrossed Substitute Senate Bill No. 5581 (nursing home payments) provide sufficient reimbursement to efficiently and economically operating nursing facilities and bear a reasonable relationship to costs.

(3) In accordance with chapter 74.46 RCW, the department shall issue no additional certificates of capital authorization for fiscal year 2012 and no new certificates of capital authorization for fiscal year 2013 and shall grant no rate add-ons to payment rates for capital improvements not requiring a certificate of need and a certificate of capital authorization for fiscal years 2012 and 2013.

(4) The long-term care program may develop and pay enhanced rates for exceptional care to nursing homes for persons with traumatic brain injuries who are transitioning from hospital care. The cost per patient day for caring for these clients in a nursing home setting may be equal to or less than the cost of caring for these clients in a hospital setting.

(5) Amounts appropriated in this section reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

(6) \$1,883,000 of the general fund--state appropriation for fiscal year 2012, \$1,883,000 of the general fund--state appropriation for fiscal year 2013, and \$3,766,000 of the general fund--federal appropriation are provided solely for state contributions for individual provider health care benefits. Pursuant to the collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270, the state shall contribute to the multiemployer health benefits trust fund \$2.21 per paid hour worked by individual providers.

(7) \$2,449,000 of the general fund--state appropriation for fiscal year 2012, \$3,012,000 of the general fund--state appropriation for fiscal year 2013, and \$5,463,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, for instructional costs associated with the training of individual providers. Contributions are funded at \$0.22 per benefit-eligible paid hour worked by all home care workers. Expenditures for the purposes specified in this subsection shall not exceed the amounts provided in this subsection. However, if the governor and the service employees international union healthcare 775nw can reach agreement on repurposing funding that is currently provided in the individual provider collective bargaining agreement for new individual provider wages paid during training or other training related items, then expenditures for training trust contributions for individual providers may include the amounts provided in this subsection and the agreed upon repurposed funding. Funding in this section for purposes other than the individual provider collective bargaining agreement cannot be used for the purposes of this subsection (7). It is the intent of the legislature that the funding

provided in this subsection, including any repurposed funding, is sufficient to cover the costs of individual provider training and therefore tuition or other entrance fees are not necessary.

(8) (~~(\$338,550,000)~~) \$325,203,000 of the general fund--state appropriation for fiscal year 2013 and (~~(\$338,550,000)~~) \$324,653,000 of the general fund--federal appropriation are provided solely for the department to provide personal care services to waiver and nonwaiver in-home clients. The department shall provide the legislature with a report by December 5, 2012, on the feasibility of converting the medicaid personal care program for in-home adults to a medicaid program as found in section 1915(i) of the federal social security act that utilizes the option for self-direction of individualized budgets. The department shall operate the personal care program within the amounts specifically provided.

(9) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(10) The department shall eliminate the adult day health program under the state plan 1915(i) option and shall reestablish it under the long-term care home and community-based waiver.

(11) \$4,588,000 of the general fund--state appropriation for fiscal year 2012, \$4,559,000 of the general fund--state appropriation for fiscal year 2013, and \$9,237,000 of the general fund--federal appropriation are provided solely for the continued operation of community residential and support services for persons who are older adults or who have co-occurring medical and behavioral disorders and who have been discharged or diverted from a state psychiatric hospital. These funds shall be used to serve individuals whose treatment needs constitute substantial barriers to community placement, who no longer require active psychiatric treatment at an inpatient hospital level of care, and who no longer meet the criteria for inpatient involuntary commitment.

(12) \$1,840,000 of the general fund--state appropriation for fiscal year 2012 and \$1,877,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for operation of the volunteer services program. Funding shall be prioritized towards serving populations traditionally served by long-term care services to include senior citizens and persons with disabilities.

(13) In accordance with Engrossed Substitute House Bill No. 1277 (licensed settings for vulnerable adults), nursing facility fees are increased in fiscal year 2012 and adult family home fees are increased in fiscal year 2012 and fiscal year 2013 to support the costs of conducting licensure, inspection, and regulatory programs.

(a) The current annual renewal license fee for nursing facilities shall be increased to \$359 per bed beginning in fiscal year 2012 and assumes \$517,000 of the general fund--private/local appropriation. Nursing facilities shall receive a vendor rate increase of \$0.08 per medicaid patient day to cover the license fee increase for publicly funded beds.

(b) The current annual renewal license fee for adult family homes shall be increased to \$100 per bed beginning in fiscal year 2012 and assumes \$1,449,000 of the general fund--private/local appropriation; and \$175 per bed beginning in fiscal year 2013 and assumes \$2,463,000 of the general fund--private/local appropriation. Adult family homes shall receive a corresponding vendor rate increase per medicaid patient day of \$0.22 in fiscal year 2012 and \$0.43 in fiscal year 2013, or the amount necessary to fully fund the license fee increase for publicly funded beds, pursuant to the most recent bed estimates maintained by the department.

(c) Beginning in fiscal year 2012, a processing fee of \$2,750 shall be charged to each adult family home when the home is initially licensed. This fee is nonrefundable.

(1) The appropriations to the authority in this act shall be expended for the purposes and in the amounts specified in this act. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

(2) Within amounts appropriated in this section and sections 205 and 206 of this act, the health care authority shall continue to provide an enhanced basic health plan subsidy for foster parents licensed under chapter 74.15 RCW and workers in state-funded home care programs. Under this enhanced subsidy option, foster parents eligible to participate in the basic health plan as subsidized enrollees and home care workers with family incomes below 200 percent of the federal poverty level shall be allowed to enroll in the basic health plan at the minimum premium amount charged to enrollees with incomes below sixty-five percent of the federal poverty level.

(3) The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

(4)(a) \$1,200,000 of the general fund--state appropriation for fiscal year 2012 is provided solely to plan the implementation of a system of consolidated public school employee health benefits purchasing.

It is the intent of the legislature to improve the administration, transparency, and equity in delivering a K-12 employees' health benefits system. In addition, the legislature intends that any cost savings that result from changes to K-12 health benefits be dedicated to public schools.

To further this legislative intent, the state health care authority shall develop a plan to implement a consolidated health benefits' system for K-12 employees for the 2013-14 school year. The health care authority shall deliver a report to the legislature by December 15, 2011, that sets forth the implementation plan to the ways and means committees of the house of representatives and the senate.

- (ii) A new K-12 employee benefits pool; and
- (iii) Enrolling K-12 employees into the health benefits pool for state employees.

(c) In addition to the implementation plan, the report shall include the following information:

(ii) The costs and benefits of providing a new statewide K-12 employees' health benefits pool to school districts and school employees;

(iii) The costs and benefits of enrolling K-12 employees into the existing health benefits pool for state employees;

(iv) Recommendations of ways to limit administrative duplication and costs, improve transparency to employees, the legislature, and the public and assure equity among beneficiaries of publicly provided employee health benefits;

(v) Recommendations for standardizing benefit packages and purchasing efforts in a manner that seeks to maximize funding and equity for all school employees;

(vi) Recommendations regarding the use of incentives, including how changes to state health benefit allocations could provide employees with benefits that would encourage participation;

(vii) Recommendations regarding the implementation of a new K-12 employee benefit plan, with separate options for voluntary participation and mandatory statewide participation;

(viii) Recommendations regarding methods to reduce inequities between individual and family coverage;

(ix) Consolidation of the purchasing and budget accountability for school employee benefits to maximize administrative efficiency and leverage existing skills and resources; and

(x) Other details the health care authority deems necessary, including but not limited to recommendations on the following:

(A) Approaches for implementing the transition to a statewide pool, including administrative and statutory changes necessary to ensure a successful transition, and whether the pool should be separate from, or combined with, the public employees' benefits pool;

(B) The structure of a permanent governing group to provide ongoing oversight to the consolidated pool, in a manner similar to the public employees benefits board functions for employee health benefits, including statutory duties and authorities of the board; and

(C) Options for including potential changes to: Eligibility standardization, the public employees benefits risk pools, the movement of school employee retirees into the new K-12 pool or pools, and the movement of educational service district employees into the new K-12 pool or pools.

(d) In determining its costs and benefits of a new statewide K-12 employees' health benefits pool for school districts and school employees, the health care authority shall assume the following:

(i) School district enrollees must constitute an entire bargaining unit, or an entire group of nonrepresented employees;

(ii) Staffing and administration for benefits purchasing shall be provided by the health care authority; and

(iii) The new K-12 pool would operate on a schedule that coordinates with the financing and enrollment schedule used for school districts.

(e) The office of the superintendent of public instruction and the office of the insurance commissioner shall provide information and technical assistance to the health care authority as requested by the health care authority. The health care authority shall not implement the new school employee benefits pool until authorized to do so by the legislature.

(5) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

(6) Enrollment in the subsidized basic health plan shall be limited to only include persons who qualify as subsidized enrollees as defined in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid demonstration project number 11-W-00254/10; or (b) are foster parents licensed under chapter 74.15 RCW.

(8) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(9) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(10) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(11) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(12) \$4,261,000 of the general fund--state appropriation for fiscal year 2012, \$4,261,000 of the general fund--state appropriation for fiscal year 2013, and \$8,522,000 of the general fund--federal appropriation are provided solely for low-income disproportionate share hospital payments (~~under RCW 74.09.730(1)(a)~~).

operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(14) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2011-2013 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2011, and by November 1, 2012, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2012 and fiscal year 2013, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2011-13 biennial operating appropriations act and in effect on July 1, 2011, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2011-13 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the

fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$8,102,000 of the general fund--state appropriation for fiscal year 2012, of which \$6,570,000 is appropriated in section 204(1) of this act, and ~~(\$3,162,000)~~ \$10,498,000 of the general fund--state appropriation for fiscal year 2013, of which \$6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals. operation of the dental education in care of persons with disabilities (DECOD) program at the University of Washington.

~~((35))~~ (34) \$159,000 of the general fund--state appropriation for fiscal year 2012, \$302,000 of the general fund--private/local appropriation, and \$146,072,000 of the general fund--federal appropriation are provided solely for the provider incentive program and other initiatives related to the health information technology Medicaid plan. The general fund--private/local appropriation in this subsection shall be funded with proceeds from settlements in the case of *State of Washington vs. GlaxoSmithKline*. The authority and the office of the attorney general shall enter an interagency agreement regarding use of these funds.

~~((36))~~ (35) \$2,926,000 of the general fund--local appropriation and \$2,928,000 of the general fund--federal appropriation are provided solely to support medical airlift services.

~~((37))~~ (36) The authority shall collect data on enrollment and utilization to study whether the expansion of family planning coverage under Substitute Senate Bill No. 5912 is reducing state medical expenditures by reducing unwanted pregnancies. The authority shall report its findings to the legislature by December 1, 2012.

~~((38))~~ (37) \$480,000 of the general fund--state appropriation for fiscal year 2012, \$480,000 of the general fund--state appropriation for fiscal year 2013, and \$824,000 of the general fund--federal appropriation are provided solely for customer services staff. The authority will attempt to improve the phone answer rate to 40 percent and reduce the response times to written questions to ten days for clients and 25 days for providers. The authority will report to the legislature on its progress toward achieving these goals by January 1, 2012. If the authority has not achieved these goals by July 1, 2012, then the authority shall reduce expenditures on management staff in order to increase expenditures on customer service staff until the goals are achieved.

~~((39))~~ (38) The department shall purchase a brand name drug when it determines that the cost of the brand name drug after rebates is less than the cost of generic alternatives and that purchase of the brand rather than generic version can save at least \$250,000. The department may purchase generic alternatives when changes in market prices make the price of the brand name drug after rebates more expensive than the generic alternatives.

~~((41))~~ (39) \$150,000 of the general fund--state appropriation for fiscal year 2012 and \$1,964,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to implement Engrossed Second Substitute House Bill No. 2319 (affordable care act). If the bill is not enacted by June 30, 2012, the amounts provided in this subsection shall lapse.

~~((42))~~ (40) \$1,109,000 of the general fund--state appropriation for fiscal year 2012, \$1,471,000 of the general fund--state appropriation for fiscal year 2013, and \$21,890,000 of the general fund--federal appropriation are provided solely to implement phase two of the project to create a single provider payment system that consolidates medicaid medical and social services payments and replaces the social service payment system.

~~((43))~~ (41) In order to achieve the twelve percent reduction in emergency room expenditures in the fiscal year 2013 appropriations provided in this section, the authority, in consultation with the Washington state hospital association, the Washington state medical association, and the Washington chapter of the American college of emergency physicians shall designate best practices and performance measures to reduce medically unnecessary emergency room visits of medicaid clients. The Washington state hospital association, the Washington state medical association, and the Washington chapter of the American college of emergency physicians will work with the authority to promote these best

practices. The best practices and performance measures shall consist of the following items:

(a) Adoption of a system to exchange patient information among emergency room departments on a regional or statewide basis;

(b) Active dissemination of patient educational materials produced by the Washington state hospital association, Washington state medical association, and the Washington chapter of the American college of emergency physicians that instruct patients on appropriate facilities for nonemergent health care needs;

(c) Designation of hospital personnel and emergency room physician personnel to receive and appropriately disseminate information on clients participating in the medicaid patient review and coordination program and to review monthly utilization reports on those clients provided by the authority;

(d) A process to assist the authority's patient review and coordination program clients with their care plans. The process must include substantial efforts by hospitals to schedule an appointment with the client's assigned primary care provider within seventy-two hours of the client's medically unnecessary emergency room visit when appropriate under the client's care plan;

(e) Implementation of narcotic guidelines that incorporate the Washington chapter of the American college of emergency physician guidelines;

(f) Physician enrollment in the state's prescription monitoring program, as long as the program is funded; and

(g) Designation of a hospital emergency department physician responsible for reviewing the state's medicaid utilization management feedback reports, which will include defined performance measures. The emergency department physician and hospital will have a process to take appropriate action in response to the information in the feedback reports if performance measures are not met. The authority must develop feedback reports that include timely emergency room utilization data such as visit rates, medically unnecessary visit rates (by hospital and by client), emergency department imaging utilization rates, and other measures as needed. The authority may utilize the Robert Bree collaborative for assistance related to this best practice.

The requirements for best practices for a critical access hospital should not include adoption of a system to exchange patient information if doing so would pose a financial burden, and should not include requirements related to the authority's patient review and coordination program if the volume of those patients seen at the critical access hospital are small.

Hospitals participating in this medicaid best practices program shall submit to the authority a declaration from executive level leadership indicating hospital adoption of and compliance with the best practices enumerated above. In the declaration, hospitals will affirm that they have in place written policies, procedures, or guidelines to implement these best practices and are willing to share them upon request. The declaration must also give consent for the authority to disclose feedback reports and performance measures on its web site. The authority shall submit a list of declaring hospitals to the relevant policy and fiscal committees of the legislature by July 15, 2012.

If the authority does not receive by July 1, 2012, declarations from hospitals representing at least seventy-five percent of emergency room visits by medicaid clients in fiscal year 2010, the authority may implement a policy of nonpayment of medically unnecessary emergency room visits, with appropriate client and clinical safeguards such as exemptions and expedited prior authorization. The authority shall by January 15, 2013, perform a preliminary fiscal analysis of trends in implementing the best practices in this subsection, focusing on outlier hospitals with high rates of unnecessary visits by medicaid clients, high emergency

room visit rates for patient review and coordination clients, low rates of completion of treatment plans for patient review and coordination clients assigned to the hospital, and high rates of prescribed long-acting opiates. In cooperation with the leadership of the hospital, medical, and emergency physician associations, additional efforts shall be focused on assisting those outlier hospitals and providers to achieve more substantial savings. The authority by January 15, 2013, will report to the legislature about whether assumed savings based on preliminary trend and forecasted data are on target and if additional best practices or other actions need to be implemented.

If necessary, pursuant to RCW 34.05.350(1)(c), the authority may employ emergency rulemaking to achieve the reductions assumed in the appropriations under this section.

Nothing in this subsection shall in any way impact the authority's ability to adopt and implement policies pertaining to the patient review and coordination program.

~~((46))~~ (42) The ~~((department))~~ authority shall seek a medicaid state plan amendment to create a ~~((graduate medical education))~~ professional services supplemental payment managed care program for professional services delivered to managed care recipients by University of Washington medicine and other public professional providers. This program shall be effective as soon as administratively possible and shall operate concurrently with the existing professional services supplemental payment program. ~~((Providers that participate in the graduate medical education supplemental payment program are not eligible to participate in the professional services supplemental payment program.))~~ The ~~((department))~~ authority shall apply federal rules for identifying the difference between ~~((current physician encounter))~~ average commercial rates and fee-for-service medicaid payments ~~((to participating providers and the applicable federal upper payment limit))~~. This difference will be multiplied by the number of managed care encounters and incorporated into the managed care plan capitation rates by a certified actuary. The managed care plans will pay the providers the difference attributable to the increased capitation rate. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the ~~((department))~~ authority in the development, implementation, and maintenance of this program shall be the responsibility of the participating providers. Participating providers shall retain the full amount of supplemental payments provided under this program, net of any costs related to the program that are disallowed due to audits or litigation against the state.

~~((47))~~ (43) The authority shall exclude antiretroviral drugs used to treat HIV/AIDS, anticancer medication that is used to kill or slow the growth of cancerous cells, antihemophilic drugs, insulin and other drugs to lower blood glucose, and immunosuppressive drugs from any formulary limitations implemented to operate within the appropriations provided in this section.

~~((48))~~ (44) If Engrossed Substitute Senate Bill No. 5978 (medicaid fraud) is not enacted by June 30, 2012, the amounts appropriated in this section from the medicaid fraud penalty account--state appropriation shall lapse and an additional \$3,608,000 shall be appropriated from the general fund--state for fiscal year 2013 for medicaid services, fraud detection and prevention activities, recovery of improper payments, and for other medicaid fraud enforcement activities.

~~((50))~~ (45) Within the amounts appropriated in this section, the health care authority and the department of social and health services shall implement the state option to provide health homes for enrollees with chronic conditions under section 2703 of the federal affordable care act. The total state match for enrollees who are dually-eligible for both medicare and medicaid and not enrolled in managed care shall be no more than the net savings to the state

from the enhanced match rate for its medicaid-only managed care enrollees under section 2703.

~~((54))~~ (46) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

~~((52))~~ (47) \$66,000 of the general fund--state appropriation for fiscal year 2013 and \$66,000 of the general fund--federal appropriation are provided solely to implement Engrossed Second Substitute House Bill No. 2536 (children services/delivery). The department of social and health services' programs responsible for administration of mental health, child welfare, and juvenile justice programs will coordinate with the health care authority on the development of contract terms which facilitate efforts to meet requirements of the bill. If the bill is not enacted by June 30, 2012, the amounts provided in this subsection shall lapse.

~~((53))~~ (48) The health care authority shall participate in the work group established by the department of corrections in section 220(2) of this act to review release options for elderly and infirm offenders.

(49) \$208,000 of the medicaid fraud penalty account--state appropriation for fiscal year 2013 and \$728,000 of the general fund--federal appropriation are provided solely for the rebasing of outpatient and inpatient payment methods.

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 43.71.010 and 2012 c 87 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise. Terms and phrases used in this chapter that are not defined in this section must be defined as consistent with implementation of a state health benefit exchange pursuant to the affordable care act.

(1) "Affordable care act" means the federal patient protection and affordable care act, P.L. 111-148, as amended by the federal health care and education reconciliation act of 2010, P.L. 111-152, or federal regulations or guidance issued under the affordable care act.

(2) "Authority" means the Washington state health care authority, established under chapter 41.05 RCW.

(3) "Board" means the governing board established in RCW 43.71.020.

(4) "Commissioner" means the insurance commissioner, established in Title 48 RCW.

SEVENTEENTH DAY, JUNE 28, 2013

2013 2ND SPECIAL SESSION

(5) "Exchange" means the Washington health benefit exchange established in RCW 43.71.020.

(6) "Self-sustaining" means capable of operating (~~without direct state tax subsidy~~) with revenue attributable to the operations of the exchange. Self-sustaining sources include, but are not limited to, federal grants, federal premium tax subsidies and credits, charges to health carriers, (~~and~~) premiums paid by enrollees, and premium taxes under RCW 48.14.0201(5)(b) and 48.14.020(2).

Sec. 2. RCW 43.71.060 and 2012 c 87 s 5 are each amended to read as follows:

(1) The health benefit exchange account is created in the (~~custody of the state treasurer~~) state treasury. Moneys in the account may be spent only after appropriation. Expenditures from the account may only be used to fund the operation of the exchange and identification, collection, and distribution of premium taxes collected under RCW 48.14.0201(5)(b) and 48.14.020(2).

(2) The following funds must be deposited in the account:

(a) Premium taxes collected under RCW 48.14.0201(5)(b) and 48.14.020(2);

(b) Assessments authorized under section 3 of this act; and

(c) Amounts transferred by the pool administrator as specified in the state omnibus appropriations act pursuant to RCW 48.41.090.

(3) All receipts from federal grants received under the affordable care act may be deposited into the account. Expenditures from the account may be used only for purposes consistent with the grants(~~— Until March 15, 2012, only the administrator of the health care authority, or his or her designee, may authorize expenditures from the account. Beginning March 15, 2012, only the board of the Washington health benefit exchange or designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.~~—(2) This section expires January 1, 2014).

(4) During the 2013-2015 fiscal biennium, the legislature may transfer from the health benefit exchange account to the state general fund such amounts as reflect the excess fund balance of the account.

NEW SECTION. Sec. 3. A new section is added to chapter 43.71 RCW to read as follows:

(1)(a) Beginning January 1, 2015, the exchange may require each issuer writing premiums for qualified health benefit plans or stand-alone dental plans offered through the exchange to pay an assessment in an amount necessary to fund the operations of the exchange, applicable to operational costs incurred beginning January 1, 2015.

(b) The assessment is an exchange user fee as that term is used in 45 C.F.R. 156.80. Assessments of issuers may be made only if the amount of expected premium taxes, as provided under RCW 48.14.0201(5)(b) and 48.14.020(2), and other funds deposited in the health benefit exchange account in the current calendar year are insufficient to fund exchange operations in the following calendar year at the level authorized by the legislature for that purpose in the omnibus appropriations act.

(c) If the exchange is charging an assessment, the exchange shall display the amount of the assessment per member per month for enrollees. A health benefit plan or stand-alone dental plan may identify the amount of the assessment to enrollees, but must not bill the enrollee for the amount of the assessment separately from the premium.

(2) The board, in collaboration with the issuers, the health care authority, and the commissioner, must establish a fair and transparent process for calculating the assessment amount. The process must meet the following requirements:

(a) The assessment only applies to issuers that offer coverage in the exchange and only for those market segments offered and must

be based on the number of enrollees in qualified health plans and stand-alone dental plans in the exchange for a calendar year;

(b) The assessment must be established on a flat dollar and cents amount per member per month, and the assessment for dental plans must be proportional to the premiums paid for stand-alone dental plans in the exchange;

(c) Issuers must be notified of the assessment amount by the exchange on a timely basis;

(d) An appropriate assessment reconciliation process must be established by the exchange that is administratively efficient;

(e) Issuers must remit the assessment due to the exchange in quarterly installments after receiving notification from the exchange of the due dates of the quarterly installments;

(f) A procedure must be established to allow issuers subject to assessments under this section to have grievances reviewed by an impartial body and reported to the board; and

(g) A procedure for enforcement must be established if an issuer fails to remit its assessment amount to the exchange within ten business days of the quarterly installment due date.

(3) The exchange shall deposit proceeds from the assessments in the health benefit exchange account under RCW 43.71.060.

(4) The assessment described in this section shall be considered a special purpose obligation or assessment in connection with coverage described in this section for the purpose of funding the operations of the exchange, and may not be applied by issuers to vary premium rates at the plan level.

(5) The exchange shall monitor enrollment and provide periodic reports which must be available on its web site.

(6) The board shall offer all qualified health plans through the exchange, and the exchange shall not add criteria for certification of qualified health plans beyond those set out in RCW 43.71.065 without specific statutory direction. Nothing shall be construed to limit duties, obligations, and authority otherwise legislatively delegated or granted to the exchange.

(7) The exchange shall report to the joint select committee on health care oversight on a quarterly basis with an update on budget expenses and operations.

(8) By July 1, 2016, the state auditor shall conduct a performance review of the cost of exchange operations and shall make recommendations to the board and the health care committees of the legislature addressing improvements in cost performance and adoption of best practices. The auditor shall further evaluate the potential cost and customer service benefits through regionalization with other states of some exchange operation functions or through a partnership with the federal government. The cost of the state auditor review must be borne by the exchange.

NEW SECTION. Sec. 4. A new section is added to chapter 43.135 RCW to read as follows:

RCW 43.135.034(4) does not apply to the dedication of premium taxes established under RCW 48.14.0201(5)(b) or 48.14.020(2).

Sec. 5. RCW 48.14.0201 and 2013 c 325 s 3 are each amended to read as follows:

(1) As used in this section, "taxpayer" means a health maintenance organization as defined in RCW 48.46.020, a health care service contractor as defined in chapter 48.44 RCW, or a self-funded multiple employer welfare arrangement as defined in RCW 48.125.010.

(2) Each taxpayer must pay a tax on or before the first day of March of each year to the state treasurer through the insurance commissioner's office. The tax must be equal to the total amount of all premiums and prepayments for health care services collected or received by the taxpayer under RCW 48.14.090 during the preceding calendar year multiplied by the rate of two percent. For tax purposes, the reporting of premiums and prepayments must be

on a written basis or on a paid-for basis consistent with the basis required by the annual statement.

(3) Taxpayers must prepay their tax obligations under this section. The minimum amount of the prepayments is the percentages of the taxpayer's tax obligation for the preceding calendar year recomputed using the rate in effect for the current year. For the prepayment of taxes due during the first calendar year, the minimum amount of the prepayments is the percentages of the taxpayer's tax obligation that would have been due had the tax been in effect during the previous calendar year. The tax prepayments must be paid to the state treasurer through the commissioner's office by the due dates and in the following amounts:

- (a) On or before June 15, forty-five percent;
- (b) On or before September 15, twenty-five percent;
- (c) On or before December 15, twenty-five percent.

(4) For good cause demonstrated in writing, the commissioner may approve an amount smaller than the preceding calendar year's tax obligation as recomputed for calculating the health maintenance organization's, health care service contractor's, self-funded multiple employer welfare arrangement's, or certified health plan's prepayment obligations for the current tax year.

(5)(a) Except as provided in (b) of this subsection, moneys collected under this section are deposited in the general fund.

(b) Beginning January 1, 2014, moneys collected from taxpayers for premiums written on qualified health benefit plans and stand-alone dental plans offered through the health benefit exchange under chapter 43.71 RCW must be deposited in the health benefit exchange account under RCW 43.71.060.

(6) The taxes imposed in this section do not apply to:

(a) Amounts received by any taxpayer from the United States or any instrumentality thereof as prepayments for health care services provided under Title XVIII (medicare) of the federal social security act.

(b) Amounts received by any taxpayer from the state of Washington as prepayments for health care services provided under:

(i) The medical care services program as provided in RCW 74.09.035; or

(ii) The Washington basic health plan on behalf of subsidized enrollees as provided in chapter 70.47 RCW.

(c) Amounts received by any health care service contractor as defined in chapter 48.44 RCW, or any health maintenance organization as defined in chapter 48.46 RCW, as prepayments for health care services included within the definition of practice of dentistry under RCW 18.32.020, except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended.

(d) Participant contributions to self-funded multiple employer welfare arrangements that are not taxable in this state.

(7) Beginning January 1, 2000, the state preempts the field of imposing excise or privilege taxes upon taxpayers and no county, city, town, or other municipal subdivision has the right to impose any such taxes upon such taxpayers. This subsection is limited to premiums and payments for health benefit plans offered by health care service contractors under chapter 48.44 RCW, health maintenance organizations under chapter 48.46 RCW, and self-funded multiple employer welfare arrangements as defined in RCW 48.125.010. The preemption authorized by this subsection must not impair the ability of a county, city, town, or other municipal subdivision to impose excise or privilege taxes upon the health care services directly delivered by the employees of a health maintenance organization under chapter 48.46 RCW.

(8)(a) The taxes imposed by this section apply to a self-funded multiple employer welfare arrangement only in the event that they are not preempted by the employee retirement income security act

of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner must initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing state premium taxes on these arrangements. Once the legality of the taxes has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these taxes.

(b) If there has not been a final determination of the legality of these taxes, then beginning on the earlier of (i) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (ii) April 1, 2006, the arrangement must deposit the taxes imposed by this section into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the taxes are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account must be transferred to the state treasurer.

(9) The effect of transferring contracts for health care services from one taxpayer to another taxpayer is to transfer the tax prepayment obligation with respect to the contracts.

(10) On or before June 1st of each year, the commissioner must notify each taxpayer required to make prepayments in that year of the amount of each prepayment and must provide remittance forms to be used by the taxpayer. However, a taxpayer's responsibility to make prepayments is not affected by failure of the commissioner to send, or the taxpayer to receive, the notice or forms.

Sec. 6. RCW 48.14.020 and 2013 c 325 s 4 are each amended to read as follows:

(1) Subject to other provisions of this chapter, each authorized insurer except title insurers shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (3) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer under RCW 48.14.090 during the preceding calendar year other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For tax purposes, the reporting of premiums shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(2)(a) The taxes imposed in this section do not apply to amounts received by any life and disability insurer for health care services included within the definition of practice of dentistry under RCW 18.32.020 except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended.

(b) Beginning January 1, 2014, moneys collected for premiums written on qualified health benefit plans and stand-alone dental plans offered through the health benefit exchange under chapter 43.71 RCW must be deposited in the health benefit exchange account under RCW 43.71.060.

(3) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of

SEVENTEENTH DAY, JUNE 28, 2013

2013 2ND SPECIAL SESSION

such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

(4) Each authorized insurer shall with respect to all ocean marine and foreign trade insurance contracts written within this state during the preceding calendar year, on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax of ninety-five one-hundredths of one percent on its gross underwriting profit. Such gross underwriting profit shall be ascertained by deducting from the net premiums (i.e., gross premiums less all return premiums and premiums for reinsurance) on such ocean marine and foreign trade insurance contracts the net losses paid (i.e., gross losses paid less salvage and recoveries on reinsurance ceded) during such calendar year under such contracts. In the case of insurers issuing participating contracts, such gross underwriting profit shall not include, for computation of the tax prescribed by this subsection, the amounts refunded, or paid as participation dividends, by such insurers to the holders of such contracts.

(5) The state does hereby preempt the field of imposing excise or privilege taxes upon insurers or their appointed insurance producers, other than title insurers, and no county, city, town or other municipal subdivision shall have the right to impose any such taxes upon such insurers or these insurance producers.

(6) If an authorized insurer collects or receives any such premiums on account of policies in force in this state which were originally issued by another insurer and which other insurer is not authorized to transact insurance in this state on its own account, such collecting insurer shall be liable for and shall pay the tax on such premiums.

Sec. 7. RCW 48.41.090 and 2005 c 405 s 2 are each amended to read as follows:

(1) Following the close of each accounting year, the pool administrator shall determine the total net cost of pool operation which shall include:

(a) Net premium (premiums less administrative expense allowances), the pool expenses of administration, and incurred losses for the year, taking into account investment income and other appropriate gains and losses; and

(b) The amount of pool contributions specified in the state omnibus appropriations act for deposit into the health benefit exchange account under RCW 43.71.060, to assist with the transition of enrollees from the pool into the health benefit exchange created by chapter 43.71 RCW.

(2)(a) Each member's proportion of participation in the pool shall be determined annually by the board based on annual statements and other reports deemed necessary by the board and filed by the member with the commissioner; and shall be determined by multiplying the total cost of pool operation by a fraction. The numerator of the fraction equals that member's total number of resident insured persons, including spouse and dependents, covered under all health plans in the state by that member during the preceding calendar year. The denominator of the fraction equals the total number of resident insured persons, including spouses and dependents, covered under all health plans in the state by all pool members during the preceding calendar year.

(b) For purposes of calculating the numerator and the denominator under (a) of this subsection:

(i) All health plans in the state by the state health care authority include only the uniform medical plan;

(ii) Each ten resident insured persons, including spouse and dependents, under a stop loss plan or the uniform medical plan shall count as one resident insured person;

(iii) Health plans serving medical care services program clients under RCW 74.09.035 are exempted from the calculation; and

(iv) Health plans established to serve elderly clients (~~disabled~~) medicaid clients with disabilities under chapter 74.09 RCW when the plan has been implemented on a demonstration or pilot project basis are exempted from the calculation until July 1, 2009.

(c) Except as provided in RCW 48.41.037, any deficit incurred by the pool, including pool contributions for deposit into the health benefit exchange account, shall be recouped by assessments among members apportioned under this subsection pursuant to the formula set forth by the board among members. The monthly per member assessment may not exceed the 2013 assessment level. If the maximum assessment is insufficient to cover a pool deficit the assessment shall be used first to pay all incurred losses and pool administrative expenses, with the remainder being available for deposit in the health benefit exchange account.

(3) The board may abate or defer, in whole or in part, the assessment of a member if, in the opinion of the board, payment of the assessment would endanger the ability of the member to fulfill its contractual obligations. If an assessment against a member is abated or deferred in whole or in part, the amount by which such assessment is abated or deferred may be assessed against the other members in a manner consistent with the basis for assessments set forth in subsection (2) of this section. The member receiving such abatement or deferment shall remain liable to the pool for the deficiency.

(4) Subject to the limitation imposed in subsection (2)(c) of this section, the pool administrator shall transfer the assessments for pool contributions for the operation of the health benefit exchange to the treasurer for deposit into the health benefit exchange account with the quarterly assessments for 2014 as specified in the state omnibus appropriations act. If assessments exceed actual losses and administrative expenses of the pool and pool contributions for deposit into the health benefit exchange account, the excess shall be held at interest and used by the board to offset future losses or to reduce pool premiums. As used in this subsection, "future losses" includes reserves for incurred but not reported claims.

NEW SECTION. Sec. 8. A new section is added to chapter 82.04 RCW to read as follows:

(1) The taxes imposed by this chapter do not apply to amounts received by the Washington health benefit exchange established under chapter 43.71 RCW.

(2) This section expires July 1, 2023.

NEW SECTION. Sec. 9. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 10. Section 8 of this act applies both prospectively and retroactively."

(1) By July 1, 2014, the exchange shall, in collaboration with the office of the insurance commissioner, apply to the secretary of the United States department of health and human services for a waiver to authorize Washington state to explore the opportunity of offering multiple private health benefit exchanges in Washington state by January 1, 2016.

(2) The exchange, in collaboration with the office of the insurance commissioner, must hire a neutral consultant to conduct analyses and make preparations for the transition from a single health benefit exchange to multiple private health benefit exchanges. Research must include, but is not limited to:

(a) Seeking clarity on how advance premium tax credits and cost-sharing subsidies would be accessed through multiple organizations;

(b) Conducting a cost-benefit analysis and assessment of the impacts on consumers and the insurance market; and

(c) Suggested statutory changes required in order to implement the new private health benefit exchanges.

(3) The current exchange may continue to operate after implementation of the private health benefit exchanges. However, the current exchange shall receive no special treatment or aid that would create an unlevel playing field or advantage over the private health benefit exchanges."

**"PART I
LEARNING TO READ, READING TO LEARN**

NEW SECTION. Sec. 101. A new section is added to chapter 28A.300 RCW to read as follows:

In support of reading and early literacy, the office of the superintendent of public instruction is responsible for:

(1) Continuing to work collaboratively with state and regional partners such as the department of early learning and the educational service districts to establish early literacy benchmarks and standards and to implement the Washington state comprehensive literacy plan;

(2) Disseminating research and information to school districts about evidence-based programs and practices in reading readiness skills, early literacy, and reading instruction;

(3) Providing statewide models to support school districts that are implementing response to intervention initiatives, positive behavior intervention support systems, or other similar comprehensive models of data-based identification and early intervention; and

(4) Within available funds and in partnership with the educational service districts, providing technical assistance and professional development opportunities for school districts.

NEW SECTION. Sec. 102. A new section is added to chapter 28A.320 RCW to read as follows:

School districts are responsible for providing a comprehensive system of instruction and services in reading and early literacy to kindergarten through fourth grade students that is based on the degree of student need for additional support. Reading and early literacy systems provided by school districts must include:

(1) Annual use of screening assessments and other tools to identify at-risk readers in kindergarten through fourth grade, such as the Washington kindergarten inventory of developing skills, the Washington state early learning and development guidelines for birth through third grade, the second grade reading assessment under RCW 28A.300.310, and locally used assessments and other tools; and

(2) Research-based family involvement and engagement strategies, including strategies to help families and guardians assist in improving students' reading and early literacy skills at home.

NEW SECTION. Sec. 103. A new section is added to chapter 28A.415 RCW to read as follows:

(1) High-quality professional development is essential for educators to keep abreast of the important advances in research that are occurring regarding instructional strategies and curriculum. Professional development in early literacy is especially important to support the instruction of young readers since reading proficiency is a crucial element for student academic success.

(2) Subject to funds appropriated for this specific purpose, the office of the superintendent of public instruction shall create partnerships with the educational service districts and public or private institutions of higher education with approved educator preparation programs to develop and deliver research-based professional development learning opportunities in reading instruction and early literacy for teachers of kindergarten through fourth grade students.

NEW SECTION. Sec. 104. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Each school district shall require that report cards for students in kindergarten through fourth grade include information

2013 2ND SPECIAL SESSION

regarding how the student is progressing on acquiring reading skills and whether the student is at grade level in reading.

(2) If a student is not reading at or above grade level, the teacher, with the support of other school personnel as appropriate, must explain to the parent or guardian which interventions and strategies will be used to help improve the student's reading skills and must provide strategies for parents or guardians to assist with improving the student's reading skills at home.

(3) Each school shall report to the school district the number of students in grades kindergarten through four who are reading below grade level and the interventions that are being provided to improve the reading skills of the students, with the information disaggregated by subgroups of students. The school district shall aggregate the reports from the schools and provide the reports to the office of the superintendent of public instruction. The office of the superintendent of public instruction shall submit a statewide report annually to the education committees of the legislature and the educational opportunity gap oversight and accountability committee.

NEW SECTION. Sec. 105. A new section is added to chapter 28A.655 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section and section 106 of this act unless the context clearly requires otherwise.

(a) "Basic" means a score on the statewide student assessment at a level two in a four-level scoring system.

(b) "Below basic" means a score on the statewide student assessment at a level one in a four-level scoring system.

(c) "Not meet the state standard" means a score on the statewide student assessment at either a level one or a level two in a four-level scoring system.

(2) Beginning in the 2014-15 school year, for any student who receives a score of below basic on the third grade statewide student assessment in English language arts, a meeting must be scheduled before the end of the school year between the student's parent or guardian, teacher, and the principal of the school the student attends or the principal's designee to discuss appropriate grade placement and recommended intensive strategies to improve the student's reading skills. For students to be placed in fourth grade, the strategies discussed must include an intensive improvement strategy provided, supported, or contracted by the school district that includes a summer program or other option identified by the parents, teacher, principal, or principal's designee as appropriately meeting the student's need to prepare for fourth grade. The parents or guardians must be fully informed about the strategies and the parent's or guardian's consent must be obtained regarding the appropriate grade placement and the intensive improvement strategy to be implemented. The school district must implement the strategy selected in consultation with the student's parents or guardians.

(3) If a student does not have a score in English language arts on the third grade statewide student assessment but the district determines, using district or classroom-based diagnostic assessments or another standardized assessment, that the student's performance is equivalent to below basic in English language arts, the policy in subsection (2) of this section applies.

(4) Students participating in the transitional bilingual instruction program are exempt from the policy in subsection (2) of this section, unless the student has participated in the transitional bilingual instruction program for three school years and receives a score of below basic on the third grade statewide student assessment in English language arts.

(5) Students with disabilities whose individualized education program includes specially designed instruction in reading or English language arts are exempt from subsections (2), (3), and (4)

of this section. Communication and consultation with parents or guardians of such students shall occur through the individualized education program process required under chapter 28A.155 RCW and associated administrative rules.

NEW SECTION. Sec. 106. A new section is added to chapter 28A.655 RCW to read as follows:

(1)(a) Beginning in the 2015-16 school year, except as otherwise provided in this subsection (1), for any student who received a score of basic or below basic on the third grade statewide student assessment in English language arts in the previous school year, the school district must implement an intensive reading and literacy improvement strategy from a state menu of best practices established in accordance with subsection (3) of this section or an alternative strategy in accordance with subsection (4) of this section.

(b) Reading and literacy improvement strategies for students with disabilities whose individualized education program includes specially designed instruction in reading or English language arts shall be as provided in the individualized education program.

(2)(a) Also beginning in the 2015-16 school year, in any school where more than forty percent of the tested students received a score of basic or below basic on the third grade statewide student assessment in English language arts in the previous school year, as calculated under this subsection (2), the school district must implement an intensive reading and literacy improvement strategy from a state menu of best practices established in accordance with subsection (3) of this section or an alternative strategy in accordance with subsection (4) of this section for all students in grades kindergarten through four at the school.

(b) For the purposes of this subsection (2), the office of the superintendent of public instruction shall exclude the following from the calculation of a school's percentage of tested students receiving a score of basic or below basic on the third grade statewide student assessment:

(i) Students enrolled in the transitional bilingual instruction program unless the student has participated in the transitional bilingual instruction program for three school years;

(ii) Students with disabilities whose individualized education program specifies a different standard to measure reading performance than is required for the statewide student assessment; and

(iii) Schools with fewer than ten students in third grade.

(3) The office of the superintendent of public instruction shall convene a panel of experts, including the Washington state institute for public policy, to develop a state menu of best practices and strategies for intensive reading and literacy improvement designed to assist struggling students in reaching grade level in reading by the end of fourth grade. The state menu must also include best practices and strategies to improve the reading and literacy of students who are English language learners and for system improvements that schools and school districts can implement to improve reading instruction for all students. The office of the superintendent of public instruction shall publish the state menu by July 1, 2014, and update the state menu by each July 1st thereafter.

(4) School districts may use an alternative practice or strategy that is not on a state menu developed under subsection (3) of this section for two school years initially. If the district is able to demonstrate improved outcomes for participating students over the previous two school years at a level commensurate with the best practices and strategies on the state menu, the office of the superintendent of public instruction must approve use of the alternative practice or strategy by the district for one additional school year. Subsequent annual approval by the superintendent of public instruction to use the alternative practice or strategy is dependent on the district continuing to demonstrate an increase in improved outcomes for participating students.

(3) Emergency expulsions must end or be converted to another form of corrective action within ten school days from the date of the emergency removal from school. Notice and due process rights must be provided when an emergency expulsion is converted to another form of corrective action.

Sec. 303. RCW 28A.600.020 and 2006 c 263 s 706 are each amended to read as follows:

(1) The rules adopted pursuant to RCW 28A.600.010 shall be interpreted to ensure that the optimum learning atmosphere of the classroom is maintained, and that the highest consideration is given to the judgment of qualified certificated educators regarding conditions necessary to maintain the optimum learning atmosphere.

(2) Any student who creates a disruption of the educational process in violation of the building disciplinary standards while under a teacher's immediate supervision may be excluded by the teacher from his or her individual classroom and instructional or activity area for all or any portion of the balance of the school day, or up to the following two days, or until the principal or designee and teacher have conferred, whichever occurs first. Except in emergency circumstances, the teacher first must attempt one or more alternative forms of corrective action. In no event without the consent of the teacher may an excluded student return to the class during the balance of that class or activity period or up to the following two days, or until the principal or his or her designee and the teacher have conferred.

(3) In order to preserve a beneficial learning environment for all students and to maintain good order and discipline in each classroom, every school district board of directors shall provide that written procedures are developed for administering discipline at each school within the district. Such procedures shall be developed with the participation of parents and the community, and shall provide that the teacher, principal or designee, and other authorities designated by the board of directors, make every reasonable attempt to involve the parent or guardian and the student in the resolution of student discipline problems. Such procedures shall provide that students may be excluded from their individual classes or activities for periods of time in excess of that provided in subsection (2) of this section if such students have repeatedly disrupted the learning of other students. The procedures must be consistent with the rules of the superintendent of public instruction and must provide for early involvement of parents in attempts to improve the student's behavior.

(4) The procedures shall assure, pursuant to RCW 28A.400.110, that all staff work cooperatively toward consistent enforcement of proper student behavior throughout each school as well as within each classroom.

(5)(a) A principal shall consider imposing long-term suspension or expulsion as a sanction when deciding the appropriate disciplinary action for a student who, after July 27, 1997:

~~((a))~~ (i) Engages in two or more violations within a three-year period of RCW 9A.46.120, 28A.320.135, 28A.600.455, 28A.600.460, 28A.635.020, 28A.600.020, 28A.635.060, 9.41.280, or 28A.320.140; or

~~((b))~~ (ii) Engages in one or more of the offenses listed in RCW 13.04.155.

(b) The principal shall communicate the disciplinary action taken by the principal to the school personnel who referred the student to the principal for disciplinary action.

(6) Any corrective action involving a suspension or expulsion from school for more than ten days must have an end date of not more than one calendar year from the time of corrective action. Districts shall make reasonable efforts to assist students and parents in returning to an educational setting prior to and no later than the end date of the corrective action. Where warranted based on public health or safety, a school may petition the superintendent of the school district, pursuant to policies and procedures adopted by the office of the superintendent of public instruction, for authorization to exceed the one calendar year limitation provided in this subsection. The superintendent of public instruction shall adopt rules outlining the limited circumstances in which a school may petition to exceed the one calendar year limitation, including safeguards to ensure that the school district has made every effort to plan for the student's return to school. School districts shall report to the office of the superintendent of public instruction the number of petitions made to the school board and the number of petitions granted on an annual basis.

(7) Nothing in this section prevents a public school district, educational service district, the Washington state center for childhood deafness and hearing loss, or the state school for the blind if it has suspended or expelled a student from the student's regular school setting from providing educational services to the student in an alternative setting or modifying the suspension or expulsion on a case-by-case basis.

Sec. 304. RCW 28A.600.410 and 1992 c 155 s 1 are each amended to read as follows:

The state of Washington excludes tens of thousands of students from school each year due to out-of-school suspensions and expulsions. Out-of-school suspensions and expulsions contribute to poor academic achievement, lower graduation rates, and higher dropout rates. It is the intent of the legislature to minimize the use of out-of-school suspension and expulsion and its impact on student achievement by reducing the number of days that students are excluded from school due to disciplinary action. Student behavior should not result in the loss of educational opportunity in the public school system.

School districts are encouraged to find alternatives to suspension including reducing the length of a student's suspension conditioned by the commencement of counseling or other treatment services. Consistent with current law, the conditioning of a student's suspension does not obligate the school district to pay for the counseling or other treatment services except for those stipulated and agreed to by the district at the inception of the suspension.

Sec. 305. RCW 28A.600.460 and 1997 c 266 s 9 are each amended to read as follows:

(1) School district boards of directors shall adopt policies that restore discipline to the classroom. Such policies must provide for at least the following: Allowing each teacher to take disciplinary action to correct a student who disrupts normal classroom activities, abuses or insults a teacher as prohibited by RCW 28A.635.010, willfully disobeys a teacher, uses abusive or foul language directed at a school district employee, school volunteer, or another student, violates school rules, or who interferes with an orderly education

process. Disciplinary action may include but is not limited to: Oral or written reprimands; written notification to parents of disruptive behavior, a copy of which must be provided to the principal.

(2) A student committing an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW when the activity is directed toward the teacher, shall not be assigned to that teacher's classroom for the duration of the student's attendance at that school or any other school where the teacher is assigned.

(3) A student who commits an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW, when directed toward another student, may be removed from the classroom of the victim for the duration of the student's attendance at that school or any other school where the victim is enrolled. A student who commits an offense under one of the chapters enumerated in this section against a student or another school employee, may be expelled or suspended.

(4) Nothing in this section is intended to limit the authority of a school under existing law and rules to expel or suspend a student for misconduct or criminal behavior.

(5) All school districts must collect data on disciplinary actions taken in each school and must record these actions using the statewide student data system, based on the data collection standards established by the office of the superintendent of public instruction and the K-12 data governance group. The information shall be made available to the public (~~upon request. This collection of~~), but public release of the data shall not include personally identifiable information including, but not limited to, a student's social security number, name, or address.

Sec. 306. RCW 28A.300.046 and 2011 c 288 s 10 are each amended to read as follows:

(1)(a) The superintendent of public instruction shall adopt rules establishing a standard definition of student absence from school. In adopting the definition, the superintendent shall review current practices in Washington school districts, definitions used in other states, and any national standards or definitions used by the national center for education statistics or other national groups. The superintendent shall also consult with the building bridges work group established under RCW 28A.175.075.

(b) Using the definition of student absence adopted under this section, the superintendent shall establish an indicator for measuring student attendance in high schools for purposes of the PASS program under RCW 28A.175.130.

(2)(a) The K-12 data governance group under RCW 28A.300.507 shall establish the parameters and an implementation schedule for statewide collection through the comprehensive education and data research system of: (i) Student attendance data using the definitions of student absence adopted under this section; and (ii) student discipline data with a focus on suspensions and expulsions from school.

(b) (~~At a minimum,~~) Student suspension and expulsion data collected for the purposes of this subsection (2) must be:

(i) Made publicly available and easily accessible on the superintendent of public instruction's web site; and

(ii) Disaggregated and cross-tabulated as established under RCW 28A.300.042.

(c) School districts must collect and submit student attendance data and student discipline data for high school students through the comprehensive education and data research system for purposes of the PASS program under RCW 28A.175.130 beginning in the 2012-13 school year.

Sec. 307. RCW 28A.300.042 and 2009 c 468 s 4 are each amended to read as follows:

(1) All student data-related reports required of the superintendent of public instruction in this title must be disaggregated by at least the

following subgroups of students: White, Black, Hispanic, American Indian/Alaskan Native, Asian, Pacific Islander/Hawaiian Native, low income, transitional bilingual, migrant, special education, and students covered by section 504 of the federal rehabilitation act of 1973, as amended (29 U.S.C. Sec. 794).

(2) All student data-related reports required of the superintendent of public instruction regarding student suspensions and expulsions as required in RCW 28A.300.046 are subject to disaggregation by subgroups including:

- (a) Gender;
- (b) Foster care;
- (c) Homeless, if known;
- (d) School district;
- (e) School;
- (f) Grade level;
- (g) Behavior infraction code, including:
 - (i) Bullying;
 - (ii) Tobacco;
 - (iii) Alcohol;
 - (iv) Illicit drug;
 - (v) Fighting without major injury;
 - (vi) Violence without major injury;
 - (vii) Violence with major injury;
 - (viii) Possession of a weapon; and
- (ix) Other behavior resulting from a short-term or long-term suspension, expulsion, or interim alternative education setting intervention;

(h) Intervention applied, including:

- (i) Short-term suspension;
- (ii) Long-term suspension;
- (iii) Emergency expulsion;
- (iv) Expulsion;
- (v) Interim alternative education settings;
- (vi) No intervention applied; and
- (vii) Other intervention applied that is not described in this subsection (2)(h);

(i) Number of days a student is suspended or expelled, to be counted in half or full days; and

(j) Any other categories added at a future date by the data governance group.

(3) All student data-related reports required of the superintendent of public instruction regarding student suspensions and expulsions as required in RCW 28A.300.046 are subject to cross-tabulation at a minimum by the following:

(a) School and district;

(b) Race, low income, special education, transitional bilingual, migrant, foster care, homeless, students covered by section 504 of the federal rehabilitation act of 1973, as amended (29 U.S.C. Sec. 794), and categories to be added in the future;

(c) Behavior infraction code; and

(d) Intervention applied.

NEW SECTION. **Sec. 308.** A new section is added to chapter 28A.600 RCW to read as follows:

(1) School districts should make efforts to have suspended or expelled students return to an educational setting as soon as possible. School districts should convene a meeting with the student and the student's parents or guardians within twenty days of the student's long-term suspension or expulsion, but no later than five days before the student's enrollment, to discuss a plan to reengage the student in a school program.

(2) In developing a reengagement plan, school districts should consider shortening the length of time that the student is suspended or expelled, other forms of corrective action, and supportive interventions that aid in the student's academic success and keep the student engaged and on track to graduate. School districts must

create a reengagement plan tailored to the student's individual circumstances, including consideration of the incident that led to the student's long-term suspension or expulsion. The plan should aid the student in taking the necessary steps to remedy the situation that led to the student's suspension or expulsion.

(3) Any reengagement meetings conducted by the school district involving the suspended or expelled student and his or her parents or guardians are not intended to replace a petition for readmission.

NEW SECTION. Sec. 309. Nothing in chapter . . . , Laws of 2013 2nd sp. sess. (this act) prevents a public school district, law enforcement agencies, or law enforcement personnel from enforcing laws protecting health and human safety.

PART IV EDUCATOR SUPPORT PROGRAM

NEW SECTION. Sec. 401. A new section is added to chapter 28A.415 RCW to read as follows:

(1) The educator support program is established to provide professional development and mentor support for beginning educators and educators on probation under RCW 28A.405.100, to be composed of the beginning educator support team for beginning educators and continuous improvement coaching for educators on probation, as provided in this section.

(2)(a) Subject to funds appropriated for this specific purpose, the office of the superintendent of public instruction shall allocate funds for the beginning educator support team on a competitive basis to individual school districts or consortia of districts. School districts are encouraged to include educational service districts in creating regional consortia. In allocating funds, the office of the superintendent of public instruction shall give priority to school districts with low-performing schools identified under RCW 28A.657.020 as being challenged schools in need of improvement. A portion of the appropriated funds may be used for program coordination and provision of statewide or regional professional development through the office of the superintendent of public instruction.

(b) A beginning educator support team must include the following components:

(i) A paid orientation or individualized assistance before the start of the school year for beginning educators;

(ii) Assignment of a trained and qualified mentor for the first three years for beginning educators, with intensive support in the first year and decreasing support over the following years depending on the needs of the beginning educator;

(iii) Professional development for beginning educators that is designed to meet their unique needs for supplemental training and skill development;

(iv) Professional development for mentors;

(v) Release time for mentors and their designated educators to work together, as well as time for educators to observe accomplished peers; and

(vi) A program evaluation using a standard evaluation tool provided from the office of the superintendent of public instruction that measures increased knowledge, skills, and positive impact on student learning for program participants.

(3) Subject to funds separately appropriated for this specific purpose, the beginning educator support team components under subsection (2) of this section may be provided for continuous improvement coaching to support educators on probation under RCW 28A.405.100.

Sec. 402. RCW 28A.415.010 and 2006 c 263 s 807 are each amended to read as follows:

It shall be the responsibility of each educational service district board to establish a center for the improvement of teaching. The

center shall administer, coordinate, and act as fiscal agent for such programs related to the recruitment and training of certificated and classified K-12 education personnel as may be delegated to the center by the superintendent of public instruction under RCW 28A.310.470. To assist in these activities, each educational service district board shall establish an improvement of teaching coordinating council to include, at a minimum, representatives as specified in RCW 28A.415.040. An existing in-service training task force, established pursuant to RCW 28A.415.040, may serve as the improvement of teaching coordinating council. The educational service district board shall ensure coordination of programs established pursuant to RCW 28A.415.030, 28A.410.060, and ~~((28A.415.250))~~ section 401 of this act.

The educational service district board may arrange each year for the holding of one or more teachers' institutes and/or workshops for professional staff preparation and in-service training in such manner and at such time as the board believes will be of benefit to the teachers and other professional staff of school districts within the educational service district and shall comply with rules of the professional educator standards board pursuant to RCW 28A.410.060 or the superintendent of public instruction ~~((pursuant to RCW 28A.415.250))~~. The board may provide such additional means of teacher and other professional staff preparation and in-service training as it may deem necessary or appropriate and there shall be a proper charge against the educational service district general expense fund when approved by the educational service district board.

Educational service district boards of contiguous educational service districts, by mutual arrangements, may hold joint institutes and/or workshops, the expenses to be shared in proportion to the numbers of certificated personnel as shown by the last annual reports of the educational service districts holding such joint institutes or workshops.

In local school districts employing more than one hundred teachers and other professional staff, the school district superintendent may hold a teachers' institute of one or more days in such district, said institute when so held by the school district superintendent to be in all respects governed by the provisions of this title and rules relating to teachers' institutes held by educational service district superintendents.

PART V ALTERNATIVE LEARNING EXPERIENCES

Sec. 501. 2011 1st sp.s. c 34 s 1 (uncodified) is amended to read as follows:

(1) Under Article IX of the Washington state Constitution, all children are entitled to an opportunity to receive a basic education. Although the state must assure that students in public schools have opportunities to participate in the instructional program of basic education, there is no obligation for either the state or school districts to provide that instruction using a particular delivery method or through a particular program.

(2) The legislature finds ample evidence of the need to examine and reconsider policies under which alternative learning that occurs outside the classroom using an individual student learning plan may be considered equivalent to full-time attendance in school, including for funding purposes. Previous legislative studies have raised questions about financial practices and accountability in alternative learning experience ~~((programs))~~ courses. Since 2005, there has been significant enrollment growth in alternative learning experience online ~~((programs))~~ courses, with evidence of unexpected financial impact when large numbers of nonresident students enroll in ~~((programs))~~ courses. Based on this evidence, there is a rational basis on which to conclude that there are different costs associated with providing ~~((a program))~~ courses not primarily

SEVENTEENTH DAY, JUNE 28, 2013

based on full-time, daily contact between teachers and students and not primarily occurring on-site in a classroom.

(3) For these reasons, the legislature intends to allow for continuing review and revision of the way in which state funding allocations are used to support alternative learning experience ~~((programs))~~ courses.

Sec. 502. RCW 28A.150.325 and 2011 1st sp.s. c 34 s 2 are each amended to read as follows:

(1) ~~((For purposes of this chapter,))~~ The definitions in this subsection apply throughout this chapter unless the context clearly requires otherwise.

(a) "Alternative learning experience ~~((program))~~ course" means a course ~~((or set of courses))~~, or for grades kindergarten through eight grade-level coursework, that is a delivery method for the program of basic education and is:

~~((a))~~ (i) Provided in whole or in part independently from a regular classroom setting or schedule, but may include some components of direct instruction;

~~((b))~~ (ii) Supervised, monitored, assessed, evaluated, and documented by a certificated teacher employed by the school district or under contract as permitted by applicable rules; and

~~((c))~~ (iii) Provided in accordance with a written student learning plan that is implemented pursuant to the school district's policy and rules adopted by the superintendent of public instruction for alternative learning experiences.

(b) "In-person" means face-to-face instructional contact in a physical classroom environment.

(c) "Instructional contact time" means instructional time with a certificated teacher. Instructional contact time must be for the purposes of actual instruction, review of assignments, testing, evaluation of student progress, or other learning activities or requirements identified in the student's written student learning plan. Instructional contact time must be related to an alternative learning experience course identified in the student's written student learning plan. Instructional contact time may occur in a group setting between the teacher and multiple students and may be delivered either in-person or remotely using technology.

(d) "Online course" means an alternative learning experience course that has the same meaning as provided in RCW 28A.250.010.

(e) "Remote course" means an alternative learning experience course that is not an online course where the student has in-person instructional contact time for less than twenty percent of the total weekly time for the course. No minimum in-person instructional contact time is required.

(f) "Site-based course" means an alternative learning experience course where the student has in-person instructional contact time for at least twenty percent of the total weekly time for the course.

(g) "Total weekly time" means the estimated average hours per school week the student will engage in learning activities to meet the requirements of the written student learning plan.

(2) ~~((The broad categories of alternative learning experience programs include, but are not limited to:~~

(a) Online programs as defined in RCW 28A.150.262;

(b) Parent partnership programs that include significant participation and partnership by parents and families in the design and implementation of a student's learning experience; and

(c) ~~Contract-based learning programs))~~ School districts may claim state funding under section 503 of this act, to the extent otherwise allowed by state law including the provisions of RCW 28A.250.060, for students enrolled in remote, site-based, or online alternative learning experience courses. High school courses must meet district or state graduation requirements and be offered for high school credit.

2013 2ND SPECIAL SESSION

(3) School districts that offer alternative learning experience ~~((programs))~~ courses may not provide any compensation, reimbursement, gift, reward, or gratuity to any parents, guardians, or students for participation in the courses. School district employees are prohibited from receiving any compensation or payment as an incentive to increase student enrollment of out-of-district students in ~~((a))~~ alternative learning experience ~~((program))~~ courses. This prohibition includes, but is not limited to, providing funds to parents, guardians, or students for the purchase of educational materials, supplies, experiences, services, or technological equipment. A district may purchase educational materials, equipment, or other nonconsumable supplies for students' use in alternative learning experience ~~((programs))~~ courses if the purchase is consistent with the district's approved curriculum, conforms to applicable laws and rules, and is made in the same manner as such purchases are made for students in the district's regular instructional program. Items so purchased remain the property of the school district upon program completion. School districts may not purchase or contract for instructional or cocurricular experiences and services that are included in an alternative learning experience written student learning plan, including but not limited to lessons, trips, and other activities, unless substantially similar experiences and services are available to students enrolled in the district's regular instructional program. School districts that purchase or contract for such experiences and services for students enrolled in an alternative learning experience ~~((program))~~ course must submit an annual report to the office of the superintendent of public instruction detailing the costs and purposes of the expenditures. These requirements extend to contracted providers of alternative learning experience ~~((programs))~~ courses, and each district shall be responsible for monitoring the compliance of its providers with these requirements. However, nothing in this ~~((section))~~ subsection shall prohibit school districts from contracting with school district employees to provide services or experiences to students, or from contracting with online providers approved by the office of the superintendent of public instruction pursuant to chapter 28A.250 RCW.

(4) ~~((Part-time enrollment in alternative learning experiences is subject to the provisions of RCW 28A.150.350.~~

(5) The superintendent of public instruction shall adopt rules defining minimum requirements and accountability for alternative learning experience programs)) Each school district offering or contracting to offer alternative learning experience courses must:

(a) Report annually to the superintendent of public instruction regarding the course types and offerings, and number of students participating in each;

(b) Document the district of residence for each student enrolled in an alternative learning experience course; and

(c) Beginning in the 2013-14 school year and continuing through the 2016-17 school year, pay costs associated with a biennial measure of student outcomes and financial audit of the district's alternative learning experience courses by the office of the state auditor.

(5) A school district offering or contracting to offer an alternative learning experience course to a nonresident student must inform the resident school district if the student drops out of the course or is otherwise no longer enrolled.

(6) School districts must assess the educational progress of enrolled students at least annually, using, for full-time students, the state assessment for the student's grade level and using any other annual assessments required by the school district. Part-time students must also be assessed at least annually. However, part-time students who are either receiving home-based instruction under chapter 28A.200 RCW or who are enrolled in an approved private school under chapter 28A.195 RCW are not required to

participate in the assessments required under chapter 28A.655 RCW. The rules must address how students who reside outside the geographic service area of the school district are to be assessed.

(7) Beginning with the 2013-14 school year, school districts must designate alternative learning experience courses as such when reporting course information to the office of the superintendent of public instruction under RCW 28A.300.500.

(8)(a) The superintendent of public instruction shall adopt rules necessary to implement this section.

(b) Rules adopted for weekly direct personal contact requirements and monthly progress evaluation must be flexible and reflect the needs of the student and the student's individual learning plan rather than specifying an amount of time. In addition, the rules must reduce documentation requirements, particularly for students making satisfactory progress, based on the unique aspects of the alternative learning experience course types defined in this section and taking into consideration the technical and system capabilities associated with the different course types.

(c) The rules must establish procedures that address how the counting of students must be coordinated by resident and nonresident districts for state funding so that no student is counted for more than one full-time equivalent in the aggregate.

NEW SECTION. Sec. 503. The superintendent of public instruction shall separately calculate and allocate moneys appropriated under RCW 28A.150.260 to school districts for each full-time equivalent student enrolled in an alternative learning experience course. The calculation shall be based on the estimated statewide annual average allocation per full-time equivalent student in grades nine through twelve in general education, excluding small high school enhancements, and including applicable rules and provisions of the omnibus appropriations act.

Sec. 504. RCW 28A.250.010 and 2011 1st sp.s. c 34 s 5 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1)(a) "Multidistrict online provider" means:

(i) A private or nonprofit organization that enters into a contract with a school district to provide online courses or programs to K-12 students from more than one school district;

(ii) A private or nonprofit organization that enters into contracts with multiple school districts to provide online courses or programs to K-12 students from those districts; or

(iii) Except as provided in (b) of this subsection, a school district that provides online courses or programs to students who reside outside the geographic boundaries of the school district.

(b) "Multidistrict online provider" does not include a school district online learning program in which fewer than ten percent of the students enrolled in the program are from other districts under the interdistrict student transfer provisions of RCW 28A.225.225. "Multidistrict online provider" also does not include regional online learning programs that are jointly developed and implemented by two or more school districts or an educational service district through an interdistrict cooperative program agreement that addresses, at minimum, how the districts share student full-time equivalency for state basic education funding purposes and how categorical education programs, including special education, are provided to eligible students.

(2)(a) "Online course" means a course or grade-level coursework where:

(i) More than half of the course content is delivered electronically using the internet or other computer-based methods; ~~(and)~~

(ii) More than half of the teaching is conducted from a remote location through an online course learning management system or other online or electronic tools;

(iii) A certificated teacher has the primary responsibility for the

student's instructional interaction. Instructional interaction between the teacher and the student includes, but is not limited to, direct instruction, review of assignments, assessment, testing, progress monitoring, and educational facilitation; and

(iv) Students have access to the teacher synchronously, asynchronously, or both.

(b) "Online school program" means a school program that(:

(i) Offers courses or grade-level coursework that is delivered primarily electronically using the internet or other computer-based methods;

(ii) Offers courses or grade-level coursework that is taught by a teacher primarily from a remote location using online or other electronic tools. Students enrolled in an online program may have access to the teacher synchronously, asynchronously, or both;

(iii)) offers a sequential set of online courses or grade-level coursework that may be taken in a single school term or throughout the school year in a manner that could provide a full-time basic education program if so desired by the student. Students may enroll in the program as part-time or full-time students(; and

(iv) Has an online component of the program with online lessons and tools for student and data management)).

(c) An online course or online school program may be delivered to students at school as part of the regularly scheduled school day. An online course or online school program also may be delivered to students, in whole or in part, independently from a regular classroom schedule, but such courses or programs must comply with RCW (~~(28A.150.262)~~) 28A.150.325 (as recodified by this act) and associated rules adopted by the superintendent of public instruction to qualify for state basic education funding.

(3) "Online provider" means any provider of an online course or program, including multidistrict online providers, all school district online learning programs, and all regional online learning programs.

Sec. 505. RCW 28A.250.020 and 2011 1st sp.s. c 34 s 6 are each amended to read as follows:

(1) The superintendent of public instruction, in collaboration with the state board of education, shall develop and implement approval criteria and a process for approving online providers; a process for monitoring and if necessary rescinding the approval of courses or programs offered by an online provider; and an appeals process. The criteria and processes for multidistrict online providers shall be adopted by rule by December 1, 2009.

(2) When developing the approval criteria, the superintendent of public instruction shall require that providers offering online courses or programs have accreditation, or are candidates for accreditation, through the Northwest accreditation commission or another national, regional, or state accreditation program listed by the office of the superintendent of public instruction (~~(after consultation with the Washington coalition for online learning)~~). In addition to other criteria, the approval criteria shall include the degree of alignment with state academic standards and require that all teachers be certificated in accordance with Washington state law. When reviewing online providers that offer high school courses, the superintendent of public instruction shall assure that the courses offered by the provider are eligible for high school credit. However, final decisions regarding whether credit meets the school district's graduation requirements shall remain the responsibility of the school districts.

(3) Initial approval of online providers by the superintendent of public instruction shall be for four years. The superintendent of public instruction shall develop a process for the renewal of approvals and for rescinding approvals based on noncompliance with approval requirements. Any multidistrict online provider that was approved by the digital learning commons or accredited by the Northwest association of accredited schools before July 26, 2009, and that meets the teacher certification requirements of subsection (2) of this section, is exempt from the initial approval process under

SEVENTEENTH DAY, JUNE 28, 2013

2013 2ND SPECIAL SESSION

this section until August 31, 2012, but must comply with the process for renewal of approvals and must comply with approval requirements.

(4) The superintendent of public instruction shall make the first round of decisions regarding approval of multidistrict online providers by April 1, 2010. The first round of decisions regarding approval of online providers that are not multidistrict online providers shall be made by April 1, 2013. Thereafter, the superintendent of public instruction shall make annual approval decisions no later than November 1st of each year.

(5) The superintendent of public instruction shall establish an online learning advisory committee within existing resources that shall provide advice to the superintendent regarding the approval criteria, major components of the web site, the model school district policy, model agreements, and other related matters. The committee shall include a representative of each of the following groups: Private and public online providers, parents of online students, accreditation organizations, educational service districts, school principals, teachers, school administrators, school board members, institutions of higher education, and other individuals as determined by the superintendent. Members of the advisory committee shall be selected by the superintendent based on nominations from statewide organizations, shall serve three-year terms, and may be reappointed. The superintendent shall select the chair of the committee.

(1) By August 31, 2010, all school district boards of directors shall develop policies and procedures regarding student access to online courses and online learning programs. The policies and procedures shall include but not be limited to: Student eligibility criteria; the types of online courses available to students through the school district; the methods districts will use to support student success, which may include a local advisor; when the school district will and will not pay course fees and other costs; the granting of high school credit; and a process for students and parents or guardians to formally acknowledge any course taken for which no credit is given. The policies and procedures shall take effect beginning with the 2010- 11 school year. School districts shall submit their policies to the superintendent of public instruction by September 15, 2010. By December 1, 2010, the superintendent of public instruction shall summarize the school district policies regarding student access to online courses and submit a report to the legislature.

(2) School districts must award credit and grades for online high school courses successfully completed by a student that meet the school district's graduation requirements and are provided by an approved online provider.

(3) School districts shall provide students with information regarding online courses that are available through the school district. The information shall include the types of information described in subsection (1) of this section.

(4) When developing local or regional online learning programs, school districts shall incorporate into the program design the approval criteria developed by the superintendent of public instruction under RCW 28A.250.020.

Sec. 507. RCW 28A.250.060 and 2011 1st sp.s. c 34 s 8 are each amended to read as follows:

(1) Beginning with the 2011-12 school year, school districts may claim state funding under (~~RCW 28A.150.260~~) section 503 of this act, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are:

(a) Offered by a multidistrict online provider approved under RCW 28A.250.020 by the superintendent of public instruction;

(b) Offered by a school district online learning program if the program serves students who reside within the geographic boundaries of the school district, including school district programs in which fewer than ten percent of the program's students reside outside the school district's geographic boundaries; or

(c) Offered by a regional online learning program where courses are jointly developed and offered by two or more school districts or an educational service district through an interdistrict cooperative program agreement.

(2) Beginning with the 2013-14 school year, school districts may claim state funding under (~~RCW 28A.150.260~~) section 503 of this act, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are offered by an online provider approved under RCW 28A.250.020 by the superintendent of public instruction.

(3) Criteria shall be established by the superintendent of public instruction to allow online courses that have not been approved by the superintendent of public instruction to be eligible for state funding if the course is in a subject matter in which no courses have been approved and, if it is a high school course, the course meets Washington high school graduation requirements.

Sec. 508. RCW 28A.250.070 and 2009 c 542 s 8 are each amended to read as follows:

Nothing in this chapter is intended to diminish the rights of students to attend a nonresident school district in accordance with RCW 28A.225.220 through 28A.225.230 for the purposes of enrolling in online courses or online school programs. The office of online learning under RCW 28A.250.030 shall develop a standard form, which must be used by all school districts, for releasing a student to a nonresident school district for the purposes of enrolling in an online course or online school program.

NEW SECTION. Sec. 509. A new section is added to chapter 28A.250 RCW to read as follows:

An online school program may request a waiver from the office of the superintendent of public instruction to administer one or more sections of the statewide student assessment for grades three through eight for some or all students enrolled in the program on alternate days or on an alternate schedule, as long as the administration is within the testing period established by the office. The office may deny a request for a waiver if the online school program's proposal does not maintain adequate test security or would reduce the reliability of the assessment results by providing an inequitable advantage for some students.

Sec. 510. RCW 28A.225.220 and 1995 c 335 s 602 and 1995 c 52 s 2 are each reenacted and amended to read as follows:

(1) Any board of directors may make agreements with adults choosing to attend school, and may charge the adults reasonable tuition.

(2) A district is strongly encouraged to honor the request of a parent or guardian for his or her child to attend a school in another district or the request of a parent or guardian for his or her child to transfer as a student receiving home-based instruction.

(3) A district shall release a student to a nonresident district that agrees to accept the student if:

(a) A financial, educational, safety, or health condition affecting the student would likely be reasonably improved as a result of the transfer; or

(b) Attendance at the school in the nonresident district is more accessible to the parent's place of work or to the location of child care; or

(c) There is a special hardship or detrimental condition; or

(d) The purpose of the transfer is for the student to enroll in an online course or online school program offered by an online provider approved under RCW 28A.250.020.

(4) A district may deny the request of a resident student to transfer to a nonresident district if the release of the student would adversely affect the district's existing desegregation plan.

(5) For the purpose of helping a district assess the quality of its education program, a resident school district may request an optional exit interview or questionnaire with the parents or guardians of a child transferring to another district. No parent or guardian may be forced to attend such an interview or complete the questionnaire.

(6) Beginning with the 1993-94 school year, school districts may not charge transfer fees or tuition for nonresident students enrolled under subsection (3) of this section and RCW 28A.225.225. Reimbursement of a high school district for cost of educating high school pupils of a nonhigh school district shall not be deemed a transfer fee as affecting the apportionment of current state school funds.

Sec. 511. RCW 28A.225.225 and 2013 c 192 s 2 are each amended to read as follows:

(1) Except for students who reside out-of-state and students under RCW 28A.225.217, a district shall accept applications from nonresident students who are the children of full-time certificated and classified school employees, and those children shall be permitted to enroll:

(a) At the school to which the employee is assigned;

(b) At a school forming the district's K through 12 continuum which includes the school to which the employee is assigned; or

(c) At a school in the district that provides early intervention services pursuant to RCW 28A.155.065 or preschool services pursuant to RCW 28A.155.070, if the student is eligible for such services.

(2) A district may reject applications under this section if:

(a) The student's disciplinary records indicate a history of convictions for offenses or crimes, violent or disruptive behavior, or gang membership;

(b) The student has been expelled or suspended from a public school for more than ten consecutive days. Any policy allowing for readmission of expelled or suspended students under this subsection (2)(b) must apply uniformly to both resident and nonresident applicants; ~~((or))~~

(c) Enrollment of a child under this section would displace a child who is a resident of the district, except that if a child is admitted under subsection (1) of this section, that child shall be permitted to remain enrolled at that school, or in that district's kindergarten through twelfth grade continuum, until he or she has completed his or her schooling; or

(d) The student has repeatedly failed to comply with requirements for participation in an online school program, such as participating in weekly direct contact with the teacher or monthly progress evaluations.

(3) A nonhigh district that is participating in an innovation academy cooperative may not accept an application from a high school student that conflicts with RCW 28A.340.080.

(4) Except as provided in subsection (1) of this section, all districts accepting applications from nonresident students or from students receiving home-based instruction for admission to the district's schools shall consider equally all applications received. Each school district shall adopt a policy establishing rational, fair, and equitable standards for acceptance and rejection of applications by June 30, 1990. The policy may include rejection of a nonresident student if:

(a) Acceptance of a nonresident student would result in the district experiencing a financial hardship;

(b) The student's disciplinary records indicate a history of convictions for offenses or crimes, violent or disruptive behavior, or gang membership;

(c) Accepting of the nonresident student would conflict with RCW 28A.340.080; or

(d) The student has been expelled or suspended from a public school for more than ten consecutive days. Any policy allowing for readmission of expelled or suspended students under this subsection (4)(d) must apply uniformly to both resident and nonresident applicants.

For purposes of subsections (2)(a) and (4)(b) of this section, "gang" means a group which: (i) Consists of three or more persons; (ii) has identifiable leadership; and (iii) on an ongoing basis, regularly conspires and acts in concert mainly for criminal purposes.

(5) The district shall provide to applicants written notification of the approval or denial of the application in a timely manner. If the application is rejected, the notification shall include the reason or reasons for denial and the right to appeal under RCW 28A.225.230(3).

Sec. 512. RCW 28A.150.100 and 2011 1st sp.s. c 34 s 10 are each amended to read as follows:

(1) For the purposes of this section and RCW 28A.150.410 and 28A.400.200, "basic education certificated instructional staff" means all full-time equivalent classroom teachers, teacher librarians, guidance counselors, certificated student health services staff, and other certificated instructional staff in the following programs as defined for statewide school district accounting purposes: Basic education, secondary vocational education, general instructional support, and general supportive services.

(2) Each school district shall maintain a ratio of at least forty-six basic education certificated instructional staff to one thousand annual average full-time equivalent students. This requirement does not apply to that portion of a district's annual average full-time equivalent enrollment that is enrolled in alternative learning experience ~~((programs))~~ courses as defined in RCW 28A.150.325 (as recodified by this act).

Sec. 513. RCW 28A.525.162 and 2012 c 244 s 2 are each amended to read as follows:

(1) Funds appropriated to the superintendent of public instruction from the common school construction fund shall be allotted by the superintendent of public instruction in accordance with this chapter.

(2) No allotment shall be made to a school district until such district has provided local funds equal to or greater than the difference between the total approved project cost and the amount of state funding assistance to the district for financing the project computed pursuant to RCW 28A.525.166, with the following exceptions:

(a) The superintendent of public instruction may waive the local requirement for state funding assistance for districts which have provided funds for school building construction purposes through the authorization of bonds or through the authorization of excess tax levies or both in an amount equivalent to two and one-half percent of the value of its taxable property, as defined in RCW 39.36.015.

(b) No such local funds shall be required as a condition to the allotment of funds from the state for the purpose of making major or minor structural changes to existing school facilities in order to bring such facilities into compliance with the barrier free access requirements of section 504 of the federal rehabilitation act of 1973 (29 U.S.C. Sec. 706) and rules implementing the act.

(3) For the purpose of computing the state funding assistance percentage under RCW 28A.525.166 when a school district is granted authority to enter into contracts, adjusted valuation per pupil shall be calculated using headcount student enrollments from the most recent October enrollment reports submitted by districts to the superintendent of public instruction, adjusted as follows:

(a) In the case of projects for which local bonds were approved after May 11, 1989:

SEVENTEENTH DAY, JUNE 28, 2013

2013 2ND SPECIAL SESSION

(i) For districts which have been designated as serving high school districts under RCW 28A.540.110, students residing in the nonhigh district so designating shall be excluded from the enrollment count if the student is enrolled in any grade level not offered by the nonhigh district;

(ii) The enrollment of nonhigh school districts shall be increased by the number of students residing within the district who are enrolled in a serving high school district so designated by the nonhigh school district under RCW 28A.540.110, including only students who are enrolled in grade levels not offered by the nonhigh school district; and

(iii) The number of preschool students with disabilities included in the enrollment count shall be multiplied by one-half;

(b) In the case of construction or modernization of high school facilities in districts serving students from nonhigh school districts, the adjusted valuation per pupil shall be computed using the combined adjusted valuations and enrollments of each district, each weighted by the percentage of the district's resident high school students served by the high school district;

(c) The number of kindergarten students included in the enrollment count shall be counted as one headcount student; and

(d) The number of students residing outside the school district who are enrolled in alternative learning experience (~~(programs)~~) courses under RCW 28A.150.325 (as recodified by this act) shall be excluded from the total.

(4) In lieu of the exclusion in subsection (3)(d) of this section, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience (~~(programs)~~) courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a regular duration by out- of-district alternative learning experience (~~(program)~~) students subtracted by the headcount of in-district alternative learning experience (~~(program)~~) students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel, shall prescribe such rules as are necessary to equate insofar as possible the efforts made by school districts to provide capital funds by the means aforesaid.

(6) For the purposes of this section, "preschool students with disabilities" means children of preschool age who have developmental disabilities who are entitled to services under RCW 28A.155.010 through 28A.155.100 and are not included in the kindergarten enrollment count of the district.

Sec. 514. RCW 28A.525.166 and 2012 c 244 s 3 are each amended to read as follows:

Allocations to school districts of state funds provided by RCW 28A.525.162 through 28A.525.180 shall be made by the superintendent of public instruction and the amount of state funding assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the superintendent.

(2) The state funding assistance percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

$$\begin{array}{r}
 \text{District adjusted} \quad \text{Total state} \\
 \text{3-valuation} \quad \div \quad \text{adjusted valuation} \\
 \text{Computed} \quad \text{per pupil} \quad \text{per pupil} \quad \text{State} \\
 \text{State} = \frac{\quad}{\quad} = \text{\% Funding} \\
 \text{Ratio} \quad \text{District adjusted} \quad \text{Total state} \quad \text{Assistance} \\
 \text{3+valuation} \quad \div \quad \text{adjusted valuation} \\
 \text{per pupil} \quad \text{per pupil}
 \end{array}$$

PROVIDED, That in the event the state funding assistance percentage to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state funding assistance under RCW 28A.525.162 through 28A.525.180, the superintendent may establish for such district a state funding assistance percentage not in excess of twenty percent of the approved cost of the project, if the superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed state funding assistance percentage developed in subsection (2) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed state funding assistance percentage for each percent of growth, with a maximum of twenty percent.

(4) In computing the state funding assistance percentage in subsection (2) of this section and adjusting the percentage under subsection (3) of this section, students residing outside the school district who are enrolled in alternative learning experience (~~(programs)~~) courses under RCW 28A.150.325 (as recodified by this act) shall be excluded from the count of total pupils. In lieu of the exclusion in this subsection, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience (~~(programs)~~) courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a reasonable duration by out-of-district alternative learning experience (~~(program)~~) students subtracted by the headcount of in- district alternative learning experience (~~(program)~~) students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The approved cost of the project determined in the manner prescribed in this section multiplied by the state funding assistance percentage derived as provided for in this section shall be the amount of state funding assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the superintendent: PROVIDED, FURTHER,

That additional state funding assistance may be allowed if it is found by the superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state funding assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state funding assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) of this subsection, creating a like emergency.

NEW SECTION. Sec. 515. (1) The office of financial management shall conduct a study, in consultation with, at minimum, one representative each from school districts that administer remote, site- based, and online alternative learning experience courses; the office of the superintendent of public instruction; the Washington state institute for public policy; individuals with expertise in outcome- based public school funding models; a Washington state nonprofit organization with expertise in alternative learning education; and the legislative evaluation and accountability program committee.

(2) The purpose of the study is to create a proposal for efficiently and sustainably funding alternative learning experience courses and to recommend steps to increase the focus on educational outcomes. The study may recommend the funding method established in section 503 of this act or another method of funding. The study shall review alternative learning funding models used in other states and consider the advantages and disadvantages of applying state policies, including funding policies, differentially depending on the type of alternative learning experience course. The study should also include but not be limited to, recommendations for establishing baseline data regarding alternative learning experience student proficiency and achievement in relation to students in a comparable demographic, identifying outcome targets and methods to measure progress toward targets, identifying methods to ensure ongoing evaluation of outcomes that account for the student demographics being served, and improving alternative learning experience accountability.

(3) The office of financial management shall report its findings from the study to the quality education council by November 1, 2013. The quality education council shall review the findings and make recommendations to the education and fiscal committees of the legislature by December 15, 2013.

NEW SECTION. Sec. 517. (1) RCW 28A.150.325 is recodified as a section in chapter 28A.-- RCW (the new chapter created in section 518 of this act).

(2) 2011 1st sp.s. c 34 s 1 is codified as a section in chapter 28A.-- RCW (the new chapter created in section 518 of this act).

MOTION

Senator Fain moved that the following striking amendment by Senator Fain be adopted:

Strike everything after the enacting clause and insert the following:

"PART I Payroll Services"

NEW SECTION. Sec. 101. (1) The legislature finds that the supreme court's decision in *William Rogers v. Tacoma*, while clarifying the taxation of temporary staffing agencies, resulted in differing interpretations of regulatory requirements in order to qualify for a pass-through exclusion from Washington B&O taxes for payroll reimbursements made within an affiliated group.

(2) The legislature passed Second Engrossed Substitute Senate Bill No. 6143 during the 2010 legislative session that directed the department of revenue to conduct a review and provide a report on the state's tax policies with respect to the taxation of intercompany transactions. The report affirms that centralized payroll reporting systems can result in an additional layer of tax for Washington businesses. Exclusions for payroll reimbursements allow businesses to have efficient administrative costs without incurring an additional tax obligation resulting exclusively from streamlining payroll processes. Further, this treatment of allowing for an exclusion of payroll cost reimbursements within a centralized payroll system is consistent with historical tax practices of the department of revenue prior to the *William Rogers* decision.

(3) The department of revenue continues to work with taxpayers to study taxation of transactions within and between affiliated business organizations in order to determine the appropriate policies and to identify areas where statutory and regulatory changes may be necessary.

(4) The legislature finds that the tax policy of allowing exclusions for payroll cost reimbursements within a centralized payroll reporting system is appropriate and should be affirmed. The legislature adopts the historical tax policy of allowing exclusions for payroll cost reimbursements within a centralized payroll reporting system of an affiliated group and requires the

2013 2ND SPECIAL SESSION

implementation of such tax policy from the effective date of this section. In affirming this tax policy, the legislature also intends to monitor these transactions to ensure they are being used appropriately and not for tax avoidance purposes and to monitor the potential impact on state revenue collections. The legislature does not intend for part I of this act to retroactively create a right of refund for taxes paid on payroll cost reimbursements prior to the enactment of this statute.

NEW SECTION. Sec. 102. A new section is added to chapter 82.04 RCW to read as follows:

(1) In computing tax there may be deducted from the measure of tax, amounts that a qualified employer of record engaged in providing paymaster services receives from an affiliated business to cover employee costs of a qualified employee. However, no exclusion is allowed under this section for any employee costs incurred in connection with a contractual obligation of the taxpayer to provide services, including staffing services as defined in RCW 82.04.540.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Affiliated" has the same meaning as provided in RCW 82.32.655(7).

(b) "Employee costs" are the actual cost of wages and salaries, benefits, workers' compensation, payroll taxes, withholding, or other assessments paid to or on behalf of an employee.

(c) "Functional employment relationship" means having control over the work schedule and activities of the employees and control over all employment decisions such as salary, discipline, hiring, or layoffs.

(d) "Paymaster services" means providing payroll and related human resource services.

(e) "Qualified employee" means an employee with whom the affiliated business has a functional employment relationship. Neither the employer of record, nor any other affiliate, may have a functional employment relationship with the employee.

(f) "Qualified employer of record" is a person who:

(i) Has no functional employment relationship with a qualified employee; and

(ii) Has no contractual liability with a qualified employee for the employee costs. A qualified employer of record may have statutory or common law liability to the qualified employees or to third parties for employee costs.

(3) Section 1701(1) of this act does not apply to the deduction authorized in this section.

PART II Dairy Products

NEW SECTION. Sec. 201. The intent of part II of this act is to incentivize the creation of additional jobs in Washington in the dairy industry and related industries that manufacture dairy-based products. More specifically, it is the intent of part II of this act to encourage infant formula producers to locate new facilities in Washington or expand existing facilities in Washington through an extension of a preferential business and occupation tax rate for dairy producers. It is the further intent of the legislature to provide this tax incentive in a fiscally responsible manner where the actual revenue impact of the legislation substantially conforms with the fiscal estimate provided in the legislation's fiscal note.

Sec. 202. RCW 82.04.260 and 2012 2nd sp.s. c 6 s 602 and 2012 2nd sp.s. c 6 s 204 are each reenacted and amended to read as follows:

(1) Upon every person engaging within this state in the business of manufacturing:

(a) Wheat into flour, barley into pearl barley, soybeans into soybean oil, canola into canola oil, canola meal, or canola by-products, or sunflower seeds into sunflower oil; as to such persons the amount of tax with respect to such business is equal to the value of the flour, pearl barley, oil, canola meal, or canola by-product manufactured, multiplied by the rate of 0.138 percent;

(a) Manufacturing dairy products; or

(b) Selling ((~~manufactured dairy products to purchasers who transport in the ordinary course of business the goods out of this state~~) dairy products manufactured by the seller to purchasers who either transport in the ordinary course of business the goods out of this state or purchasers who use such dairy products as an ingredient or component in the manufacturing of a dairy product. A person taking an exemption under this subsection (1)(b) must keep and preserve records for the period required by RCW 82.32.070 establishing that the goods were transported by the purchaser in the ordinary course of business out of this state or sold to a manufacturer for use as an ingredient or component in the manufacturing of a dairy product.

(2) "Dairy products" ((means dairy products that as of September 20, 2001, are identified in 21 C.F.R., chapter 1, parts 131, 133, and 135, including byproducts from the manufacturing of the dairy products such as whey and casein)) has the same meaning as provided in RCW 82.04.260.

(3) A person claiming the exemption provided in this section must file a complete annual survey with the department under RCW 82.32.585.

(4) This section expires July 1, 2015.

PART III Honey Beekeepers

NEW SECTION. Sec. 301. (1) The legislature finds that in 2008 the legislature passed Second Substitute Senate Bill No. 6468, which provided temporary tax relief for honey beekeepers. The legislature further finds that the 2008 legislation included the following intent language: "The legislature finds that recent occurrences of colony collapse disorder and the resulting loss of bee hives will have an economic impact on the state's agricultural sector. The legislature intends to provide temporary business and occupation tax relief for Washington's apiarists." The legislature further finds that in 2013, colony collapse disorder is still a significant problem for the apiary industry.

(2) Because of the continuing problems associated with colony collapse disorder, it is the legislature's intent to extend the tax relief provided in the 2008 legislation, subject to a rigorous and periodic review of the health of honey bee colonies in Washington to determine whether colony collapse disorder is still a significant problem in the apiary industry. It is the legislature's intent that the tax relief provided in part III of this act will not be extended when data indicates that honey bee colony survivorship has improved, as provided in the colony collapse disorder progress report, published annually by the United States department of agriculture, and data provided by the Washington state department of agriculture to the joint legislative audit and review committee.

NEW SECTION. Sec. 302. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of feed to an eligible apiarist for use in the raising of a bee colony used to make honey bee products.

(2) This exemption is available only if the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department.

(3) The definitions in RCW 82.04.629 apply to this section.

(4) This section expires July 1, 2017.

NEW SECTION. Sec. 303. A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply with respect to the use of feed to an eligible apiarist for use in the raising of a bee colony used to make honey bee products.

(2) The definitions in RCW 82.04.629 apply to this section.

(3) This section expires July 1, 2017.

NEW SECTION. Sec. 304. A new section is added to chapter 43.136 RCW to read as follows:

(1) As part of the joint legislative audit and review committee's tax preference review under this chapter for the tax preferences contained within part III of this act, the joint legislative audit and review committee must also evaluate whether Washington state taxes are a disproportionately large percentage of a commercial beekeeper's operational or capital costs, including an analysis of the impact of Washington state taxes on similar sized businesses.

(2) This section expires July 1, 2017.

NEW SECTION. Sec. 305. (1) The department of agriculture must convene a honey bee work group to address challenges facing the honey bee industry and to develop a report outlining solutions that bolster the use of Washington honey bee colonies used to pollinate tree fruits, berries, and seeds. The work group must include the following members: Two members from the Washington state beekeepers association; one apiarist as defined in RCW 15.60.005 with no less than one thousand hives; one apiarist as defined in RCW 15.60.005 with no more than twenty-five hives; one member from the Washington State University apiary lab; one member from the Washington state department of

SEVENTEENTH DAY, JUNE 28, 2013

agriculture; one member from the tree fruit industry; and one member from the seed industry.

(2) The work group may include or seek input from other agencies, organizations, or stakeholders. By December 31, 2014, and in compliance with RCW 43.01.036, the department must submit the work group's report to the legislature that includes the following: (a) Proposed changes to the industry's tax structure to increase competitiveness with out-of-state beekeepers for pollination contracts; (b) providing analytics and metrics to measure the value of the proposed tax structure changes; (c) proposed additional resources needed to continue applied and basic research to support commercial beekeepers in the state and to recover colony losses; (d) identifying colony levels needed to meet the pollination demands of the Washington agricultural industry; (e) identifying other policy changes that would increase the competitiveness of Washington beekeepers; (f) other industry needs that would increase the market share of pollination contracts awarded to Washington beekeepers; and (g) metrics needed to provide accountability for state resources invested in the honey bee industry.

(3) This section expires July 1, 2017.

Sec. 306. RCW 82.04.629 and 2008 c 314 s 2 are each amended to read as follows:

(2) The exemption provided in subsection (1) of this section does not apply to any person selling such products at retail or to any person selling manufactured substances or articles.

(3) The definitions in this subsection apply ~~((t))~~ throughout this section unless the context clearly requires otherwise.

(1) This chapter does not apply to amounts received by an eligible apiarist, as defined in RCW 82.04.629, for providing bee pollination services to a farmer using a bee colony owned or kept by the person providing the pollination services.

(2) The definitions in RCW 82.04.213 apply to this section.

(3) This section expires July 1, 2017.

Sec. 308. RCW 82.08.0204 and 2008 c 314 s 4 are each amended to read as follows:

PART IV Clay Targets

NEW SECTION. Sec. 401. The legislature intends for the tax preferences in sections 402 and 403 of this act to be temporary in order for the legislature to assess the actual fiscal impact of the tax preferences to ensure that they reasonably conform with the fiscal estimate provided in the legislation's fiscal note. It is not the legislature's intent to establish a broad policy of providing sales and use tax exemptions for business consumables used by businesses in the provision of services to customers.

NEW SECTION. Sec. 402. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of clay targets purchased by a nonprofit gun club for use in providing the activity of clay target shooting for a fee.

(2) The exemption is available only when the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files. For sellers who electronically file their taxes, the department must provide a separate tax reporting line for exemption amounts claimed under this section.

NEW SECTION. Sec. 403. A new section is added to chapter 82.12 RCW to read as follows:

(2) This section expires July 1, 2017.

PART V Products that Impart Flavor to Food

NEW SECTION. Sec. 501. The intent of part V of this act is to provide tax relief to restaurants for business inputs that cannot be reused and are consumed for a specific purpose during the cooking process. More specifically, it is the intent of part V of this act to provide a sales and use tax exemption for specific items used in the cooking process that impart flavor and therefore are similar to an ingredient added to a final product that is sold to the consumer. It is also the intent of the legislature to provide this tax preference in a fiscally responsible manner where the actual revenue impact of the legislation substantially conforms with the fiscal estimate provided in the legislation's fiscal note. Therefore, the legislature intends for this tax preference to be temporary so the legislature can assess the actual fiscal impact of the tax preference and whether the tangible personal property subject to the exemption is being used in a manner consistent with an ingredient or component that becomes part of a product sold to a final consumer.

NEW SECTION. Sec. 502. A new section is added to chapter 82.08 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, the tax levied by RCW 82.08.020 does not apply to sales to restaurants of products that impart flavor to food during the cooking process and that:

(a) Are completely or substantially consumed by combustion during the cooking process, such as wood chips, charcoal, charcoal briquettes, and grape vines; or

(b) Support the food during the cooking process and are comprised entirely of wood, such as cedar grilling planks.

(2) The exemption provided by this section does not apply to any type of gas fuel.

(3) Sellers making tax-exempt sales under this section must obtain an exemption certificate from the buyer in a form and manner prescribed by the department. The seller must retain a copy of the exemption certificate for the seller's files. In lieu of an exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement. For sellers who electronically file their taxes, the department must provide a separate tax reporting line for exemption amounts claimed under this section.

(4) For purposes of this subsection, "restaurant" has the same meaning as provided in RCW 82.08.9995.

(5) This section expires July 1, 2017.

NEW SECTION. Sec. 503. A new section is added to chapter 82.12 RCW to read as follows:

(1) Except as provided in subsection (2) of this section, the provisions of this chapter do not apply to restaurants with respect to the use of products that impart flavor to food during the cooking process and that:

(a) Are completely or substantially consumed by combustion during the cooking process, such as wood chips, charcoal, charcoal briquettes, and grape vines; or

(b) Support the food during the cooking process and are comprised entirely of wood, such as cedar grilling planks.

(2) The exemption provided by this section does not apply to any type of gas fuel.

(3) For purposes of this subsection, "restaurant" has the same meaning as provided in RCW 82.08.9995.

(4) This section expires July 1, 2017.

PART VI

Cooperative Finance Organizations

NEW SECTION. Sec. 601. (1) The intent of part VI of this act is to provide tax relief for customers of rural electric cooperatives by providing a business and occupation tax deduction for interest income on loans made by certain finance organizations to rural electric cooperatives. It is the further intent of the legislature to provide this tax deduction in a fiscally responsible manner where the actual revenue impact of the legislation substantially conforms with the fiscal estimate provided in the legislation's fiscal note.

(2) To measure the effectiveness of this tax preference in meeting its policy objectives, the joint legislative audit and review committee shall specifically evaluate customer rates charged by rural electric cooperatives that are repaying debt to the national rural utilities cooperative finance organization, or any similar financing organization, and the impact the business and occupation deduction provided under part VI of this act has had on those rates.

NEW SECTION. Sec. 602. A new section is added to chapter 82.04 RCW to read as follows:

(1) In computing tax there may be deducted from the measure of tax, amounts received by a cooperative finance organization where the amounts are derived from loans to rural electric cooperatives or other nonprofit or governmental providers of utility services organized under the laws of this state.

(2) For the purposes of this section, the following definitions apply:

(a) "Cooperative finance organization" means a nonprofit organization with the primary purpose of providing, securing, or otherwise arranging financing for rural electric cooperatives.

(b) "Rural electric cooperative" means a nonprofit, customer-owned organization that provides utility services to rural areas.

(3) This section expires July 1, 2017.

NEW SECTION. Sec. 603. Section 602 of this act applies to amounts received on or after October 1, 2013.

PART VII

Investment Data for Investment Firms

NEW SECTION. Sec. 701. (1) The legislature finds that in 2007, Engrossed Substitute House Bill No. 1981 was enacted into law, which provided a sales tax exemption for electronically delivered standard financial information if the sales were to an investment management company or financial institution. The legislature further finds that in 2009 and 2010, Engrossed Substitute House Bill No. 2075 and Substitute House Bill No. 2620 were passed, to address the taxation of electronically delivered products. The legislature further finds that this legislation imposed sales and use tax on most digital services, goods, and prewritten software, but provided a broad business exemption for digital goods. The legislature further finds that the sales tax exemption for standard financial information from the 2007 legislation was eliminated because it was believed that the broader business exemption in Engrossed Substitute House Bill No. 2075 covered these transactions. The legislature further finds that the method of transmission of data by data providers to investment management companies has evolved over time where data providers add search tools to their web-based data, which makes it subject to sales tax.

(2) The legislature's intent under part VII of this act is to conform with a previously determined policy objective of exempting certain standard financial information purchased by international investment management companies from sales and use tax on the understanding that the fiscal impact is minimal. Therefore, it is the legislature's further intent to reevaluate the exemption in three years to ensure that actual fiscal impact on state revenues reasonably conforms with the fiscal estimate in the fiscal note for this legislation.

NEW SECTION. Sec. 702. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax imposed by RCW 82.08.020 does not apply to sales of standard financial information to qualifying international investment management companies. The exemption provided in this section applies regardless of whether the standard financial information is provided to the buyer in a tangible format or on a tangible storage medium or as a digital product transferred electronically.

(2) Sellers making tax-exempt sales under this section must obtain an exemption certificate from the buyer in a form and manner prescribed by the department. The seller must retain a copy of the exemption certificate for the seller's files. In lieu of an exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement. For sellers who electronically file their taxes, the department must provide a separate tax reporting line for exemption amounts claimed under this section.

(3) A buyer may not continue to claim the exemption under this section once the buyer has purchased standard financial information during the current calendar year with an aggregate total selling price in excess of fifteen million dollars and an exemption has been claimed under this section or section 703 of this act for such standard financial information. The fifteen million dollar limitation under this subsection does not apply to any other exemption under this chapter that applies to standard financial information. Sellers are not responsible for ensuring a buyer's compliance with the fifteen million dollar limitation under this

SEVENTEENTH DAY, JUNE 28, 2013

2013 2ND SPECIAL SESSION

subsection. Sellers may not be assessed for uncollected sales tax on a sale to a buyer claiming an exemption under this section after having exceeded the fifteen million dollar limitation under this subsection, except as provided in RCW 82.08.050 (4) and (5).

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a)(i) "Qualifying international investment management company" means a person:

(A) Who is primarily engaged in the business of providing investment management services; and

(B) Who has gross income that is at least ten percent derived from providing investment management services to:

(I) Persons or collective investment funds residing outside the United States; or

(II) Collective investment funds with at least ten percent of their investments located outside the United States.

(ii) The definitions in RCW 82.04.293 apply to this subsection (4)(a).

(b)(i) "Standard financial information" means financial data, facts, or information, or financial information services, not generated, compiled, or developed only for a single customer. Standard financial information includes, but is not limited to, financial market data, bond ratings, credit ratings, and deposit, loan, or mortgage reports.

(ii) For purposes of this subsection (4)(b), "financial market data" means market pricing information, such as for securities, commodities, and derivatives; corporate actions for publicly and privately traded companies, such as dividend schedules and reorganizations; corporate attributes, such as domicile, currencies used, and exchanges where shares are traded; and currency information.

(5) This section expires July 1, 2021.

NEW SECTION. Sec. 703. A new section is added to chapter 82.12 RCW to read as follows:

(1) The tax imposed by RCW 82.12.020 does not apply to the use of standard financial information by qualifying international investment management companies. The exemption provided in this section applies regardless of whether the standard financial information is in a tangible format or resides on a tangible storage medium or is a digital product transferred electronically to the qualifying international investment management company.

(2) The definitions, conditions, and requirements in section 702 of this act apply to this section.

(3) This section expires July 1, 2021.

PART VIII Dancing

NEW SECTION. Sec. 801. It is the intent of part VIII of this act to provide a sales tax exemption for cover charges to patrons at establishments that provide the opportunity to dance. The intent is to provide tax relief to businesses who have been reporting the income for cover charges under the service and other classification, but not intending to avoid their tax obligation of collecting retail sales tax because of department and taxpayer confusion regarding the appropriate tax treatment of this income. To ensure proper tax reporting in the future by businesses who provide the opportunity to dance, the legislature intends to review the tax preference and its actual fiscal impact on state revenues to determine if the fiscal impact to state revenues reasonably conforms with the fiscal estimate in the fiscal note for this legislation.

Sec. 802. RCW 82.04.050 and 2011 c 174 s 202 are each amended to read as follows:

(1)(a) "Sale at retail" or "retail sale" means every sale of tangible personal property (including articles produced, fabricated,

or imprinted) to all persons irrespective of the nature of their business and including, among others, without limiting the scope hereof, persons who install, repair, clean, alter, improve, construct, or decorate real or personal property of or for consumers other than a sale to a person who:

(i) Purchases for the purpose of resale as tangible personal property in the regular course of business without intervening use by such person, but a purchase for the purpose of resale by a regional transit authority under RCW 81.112.300 is not a sale for resale; or

(ii) Installs, repairs, cleans, alters, imprints, improves, constructs, or decorates real or personal property of or for consumers, if such tangible personal property becomes an ingredient or component of such real or personal property without intervening use by such person; or

(iii) Purchases for the purpose of consuming the property purchased in producing for sale as a new article of tangible personal property or substance, of which such property becomes an ingredient or component or is a chemical used in processing, when the primary purpose of such chemical is to create a chemical reaction directly through contact with an ingredient of a new article being produced for sale; or

(iv) Purchases for the purpose of consuming the property purchased in producing ferrosilicon which is subsequently used in producing magnesium for sale, if the primary purpose of such property is to create a chemical reaction directly through contact with an ingredient of ferrosilicon; or

(v) Purchases for the purpose of providing the property to consumers as part of competitive telephone service, as defined in RCW 82.04.065; or

(vi) Purchases for the purpose of satisfying the person's obligations under an extended warranty as defined in subsection (7) of this section, if such tangible personal property replaces or becomes an ingredient or component of property covered by the extended warranty without intervening use by such person.

(b) The term includes every sale of tangible personal property that is used or consumed or to be used or consumed in the performance of any activity defined as a "sale at retail" or "retail sale" even though such property is resold or used as provided in (a)(i) through (vi) of this subsection following such use.

(c) The term also means every sale of tangible personal property to persons engaged in any business that is taxable under RCW 82.04.280(1) (a), (b), and (g), 82.04.290, and 82.04.2908.

(2) The term "sale at retail" or "retail sale" includes the sale of or charge made for tangible personal property consumed and/or for labor and services rendered in respect to the following:

(a) The installing, repairing, cleaning, altering, imprinting, or improving of tangible personal property of or for consumers, including charges made for the mere use of facilities in respect thereto, but excluding charges made for the use of self-service laundry facilities, and also excluding sales of laundry service to nonprofit health care facilities, and excluding services rendered in respect to live animals, birds and insects;

(b) The constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property of or for consumers, including the installing or attaching of any article of tangible personal property therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation, and also includes the sale of services or charges made for the clearing of land and the moving of earth excepting the mere leveling of land used in commercial farming or agriculture;

(c) The constructing, repairing, or improving of any structure upon, above, or under any real property owned by an owner who conveys the property by title, possession, or any other means to the person performing such construction, repair, or improvement for the purpose of performing such construction, repair, or improvement

and the property is then reconveyed by title, possession, or any other means to the original owner;

(d) The cleaning, fumigating, razing, or moving of existing buildings or structures, but does not include the charge made for janitorial services; and for purposes of this section the term "janitorial services" means those cleaning and caretaking services ordinarily performed by commercial janitor service businesses including, but not limited to, wall and window washing, floor cleaning and waxing, and the cleaning in place of rugs, drapes and upholstery. The term "janitorial services" does not include painting, papering, repairing, furnace or septic tank cleaning, snow removal or sandblasting;

For the purposes of this subsection, it is presumed that the sale of and charge made for the furnishing of lodging for a continuous period of one month or more to a person is a rental or lease of real property and not a mere license to enjoy the same;

(g) The installing, repairing, altering, or improving of digital goods for consumers;

(h) Persons taxable under (a), (b), (c), (d), (e), (f), and (g) of this subsection when such sales or charges are for property, labor and services which are used or consumed in whole or in part by such persons in the performance of any activity defined as a "sale at retail" or "retail sale" even though such property, labor and services may be resold after such use or consumption. Nothing contained in this subsection may be construed to modify subsection (1) of this section and nothing contained in subsection (1) of this section may be construed to modify this subsection.

(3) The term "sale at retail" or "retail sale" includes the sale of or charge made for personal, business, or professional services including amounts designated as interest, rents, fees, admission, and other service emoluments however designated, received by persons engaging in the following business activities:

(a)(i) Amusement and recreation services including but not limited to golf, pool, billiards, skating, bowling, ski lifts and tows, day trips for sightseeing purposes, and others, when provided to consumers.

(ii) Until July 1, 2017, amusement and recreation services do not include the opportunity to dance provided by an establishment in exchange for a cover charge.

(iii) For purposes of this subsection (3)(a):

(A) "Cover charge" means a charge, regardless of its label, to enter an establishment or added to the purchaser's bill by an establishment or otherwise collected after entrance to the establishment, and the purchaser is provided the opportunity to dance in exchange for payment of the charge.

(B) "Opportunity to dance" means that an establishment provides a designated physical space, on either a temporary or permanent basis, where customers are allowed to dance and the establishment either advertises or otherwise makes customers aware that it has an area for dancing;

(b) Abstract, title insurance, and escrow services;

(c) Credit bureau services;

(d) Automobile parking and storage garage services;

(e) Landscape maintenance and horticultural services but excluding (i) horticultural services provided to farmers and (ii) pruning, trimming, repairing, removing, and clearing of trees and

brush near electric transmission or distribution lines or equipment, if performed by or at the direction of an electric utility;

(f) Service charges associated with tickets to professional sporting events; and

(g) The following personal services: Physical fitness services, tanning salon services, tattoo parlor services, steam bath services, turkish bath services, escort services, and dating services.

(4)(a) The term also includes the renting or leasing of tangible personal property to consumers.

(b) The term does not include the renting or leasing of tangible personal property where the lease or rental is for the purpose of sublease or subrent.

(5) The term also includes the providing of "competitive telephone service," "telecommunications service," or "ancillary services," as those terms are defined in RCW 82.04.065, to consumers.

(6)(a) The term also includes the sale of prewritten computer software to a consumer, regardless of the method of delivery to the end user. For purposes of this subsection (6)(a), the sale of prewritten computer software includes the sale of or charge made for a key or an enabling or activation code, where the key or code is required to activate prewritten computer software and put the software into use. There is no separate sale of the key or code from the prewritten computer software, regardless of how the sale may be characterized by the vendor or by the purchaser.

The term "retail sale" does not include the sale of or charge made for:

(i) Custom software; or

(ii) The customization of prewritten computer software.

(b)(i) The term also includes the charge made to consumers for the right to access and use prewritten computer software, where possession of the software is maintained by the seller or a third party, regardless of whether the charge for the service is on a per use, per user, per license, subscription, or some other basis.

(ii)(A) The service described in (b)(i) of this subsection (6) includes the right to access and use prewritten computer software to perform data processing.

(B) For purposes of this subsection (6)(b)(ii), "data processing" means the systematic performance of operations on data to extract the required information in an appropriate form or to convert the data to usable information. Data processing includes check processing, image processing, form processing, survey processing, payroll processing, claim processing, and similar activities.

(7) The term also includes the sale of or charge made for an extended warranty to a consumer. For purposes of this subsection, "extended warranty" means an agreement for a specified duration to perform the replacement or repair of tangible personal property at no additional charge or a reduced charge for tangible personal property, labor, or both, or to provide indemnification for the replacement or repair of tangible personal property, based on the occurrence of specified events. The term "extended warranty" does not include an agreement, otherwise meeting the definition of extended warranty in this subsection, if no separate charge is made for the agreement and the value of the agreement is included in the sales price of the tangible personal property covered by the agreement. For purposes of this subsection, "sales price" has the same meaning as in RCW 82.08.010.

(8)(a) The term also includes the following sales to consumers of digital goods, digital codes, and digital automated services:

(i) Sales in which the seller has granted the purchaser the right of permanent use;

2013 2ND SPECIAL SESSION

(iv) Sales in which the purchaser is obligated to make continued payment as a condition of the sale.

(b) A retail sale of digital goods, digital codes, or digital automated services under this subsection (8) includes any services provided by the seller exclusively in connection with the digital goods, digital codes, or digital automated services, whether or not a separate charge is made for such services.

(c) For purposes of this subsection, "permanent" means perpetual or for an indefinite or unspecified length of time. A right of permanent use is presumed to have been granted unless the agreement between the seller and the purchaser specifies or the circumstances surrounding the transaction suggest or indicate that the right to use terminates on the occurrence of a condition subsequent.

(9) The term also includes the charge made for providing tangible personal property along with an operator for a fixed or indeterminate period of time. A consideration of this is that the operator is necessary for the tangible personal property to perform as designed. For the purpose of this subsection (9), an operator must do more than maintain, inspect, or set up the tangible personal property.

(10) The term does not include the sale of or charge made for labor and services rendered in respect to the building, repairing, or improving of any street, place, road, highway, easement, right-of-way, mass public transportation terminal or parking facility, bridge, tunnel, or trestle which is owned by a municipal corporation or political subdivision of the state or by the United States and which is used or to be used primarily for foot or vehicular traffic including mass transportation vehicles of any kind.

(11) The term also does not include sales of chemical sprays or washes to persons for the purpose of postharvest treatment of fruit for the prevention of scald, fungus, mold, or decay, nor does it include sales of feed, seed, seedlings, fertilizer, agents for enhanced pollination including insects such as bees, and spray materials to: (a) Persons who participate in the federal conservation reserve program, the environmental quality incentives program, the wetlands reserve program, and the wildlife habitat incentives program, or their successors administered by the United States department of agriculture; (b) farmers for the purpose of producing for sale any agricultural product; and (c) farmers acting under cooperative habitat development or access contracts with an organization exempt from federal income tax under 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code or the Washington state department of fish and wildlife to produce or improve wildlife habitat on land that the farmer owns or leases.

(12) The term does not include the sale of or charge made for labor and services rendered in respect to the constructing, repairing, decorating, or improving of new or existing buildings or other structures under, upon, or above real property of or for the United States, any instrumentality thereof, or a county or city housing authority created pursuant to chapter 35.82 RCW, including the installing, or attaching of any article of tangible personal property therein or thereto, whether or not such personal property becomes a part of the realty by virtue of installation. (14) The term does not include the sale for resale of any service described in this section if the sale would otherwise constitute a "sale at retail" and "retail sale" under this section.

PART IX Solar Extension

NEW SECTION. Sec. 901. (1) The legislature finds that to attract and maintain clean energy technology manufacturing businesses, a competitive business climate is crucial. The legislature further finds that specific tax preferences can facilitate a positive business climate in Washington. The legislature further finds that businesses in the solar silicon industry have had to reduce employment due to global conditions. Therefore, the legislature intends to extend a preferential business and occupation tax rate to manufacturers and wholesalers of specific solar energy material and parts to maintain and grow jobs in the solar silicon industry.

(2) The joint legislative audit and review committee, as part of its tax preference review process, must assess the actual fiscal impact of this tax preference in relation to the fiscal estimate for the tax preference and assess changes in employment for firms claiming the preferential tax rate.

Sec. 902. RCW 82.04.294 and 2011 c 179 s 1 are each amended to read as follows:

(1) Upon every person engaging within this state in the business of manufacturing solar energy systems using photovoltaic modules or stirring converters, or of manufacturing solar grade silicon, silicon solar wafers, silicon solar cells, thin film solar devices, or compound semiconductor solar wafers to be used exclusively in components of such systems; as to such persons the amount of tax with respect to such business is, in the case of manufacturers, equal to the value of the product manufactured, or in the case of processors for hire, equal to the gross income of the business, multiplied by the rate of 0.275 percent.

(2) Upon every person engaging within this state in the business of making sales at wholesale of solar energy systems using photovoltaic modules or stirring converters, or of solar grade silicon, silicon solar wafers, silicon solar cells, thin film solar devices, or compound semiconductor solar wafers to be used exclusively in components of such systems, manufactured by that person; as to such persons the amount of tax with respect to such business is equal to the gross proceeds of sales of the solar energy systems using photovoltaic modules or stirring converters, or of the solar grade silicon to be used exclusively in components of such systems, multiplied by the rate of 0.275 percent.

(3) Silicon solar wafers, silicon solar cells, thin film solar devices, solar grade silicon, or compound semiconductor solar wafers are "semiconductor materials" for the purposes of RCW 82.08.9651 and 82.12.9651.

(4) The definitions in this subsection apply throughout this section.

(a) "Compound semiconductor solar wafers" means a semiconductor solar wafer composed of elements from two or more different groups of the periodic table.

(b) "Module" means the smallest nondivisible self-contained physical structure housing interconnected photovoltaic cells and providing a single direct current electrical output.

(c) "Photovoltaic cell" means a device that converts light directly into electricity without moving parts.

(d) "Silicon solar cells" means a photovoltaic cell manufactured from a silicon solar wafer.

(e) "Silicon solar wafers" means a silicon wafer manufactured for solar conversion purposes.

(f) "Solar energy system" means any device or combination of devices or elements that rely upon direct sunlight as an energy source for use in the generation of electricity.

(g) "Solar grade silicon" means high-purity silicon used exclusively in components of solar energy systems using photovoltaic modules to capture direct sunlight. "Solar grade silicon" does not include silicon used in semiconductors.

(h) "Stirling converter" means a device that produces electricity by converting heat from a solar source utilizing a stirling engine.

(i) "Thin film solar devices" means a nonparticipating substrate on which various semiconducting materials are deposited to produce a photovoltaic cell that is used to generate electricity.

(5) A person reporting under the tax rate provided in this section must file a complete annual ~~(report)~~ survey with the department under RCW ~~((82.32.534))~~ 82.32.585.

(6) This section expires June 30, ~~((2014))~~ 2017.

PART X Hog Fuel

NEW SECTION. Sec. 1001. It is the intent of the legislature to retain and grow family wage jobs in rural, economically distressed areas; to promote healthy forests; and to utilize Washington's abundant natural resources to promote diversified renewable energy use in the state.

Sec. 1002. RCW 82.08.956 and 2009 c 469 s 301 are each amended to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of hog fuel used to produce electricity, steam, heat, or biofuel. This exemption is available only if the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(2) For the purposes of this section the following definitions apply:

(a) "Hog fuel" means wood waste and other wood residuals including forest derived biomass. "Hog fuel" does not include firewood or wood pellets; and

(b) "Biofuel" has the same meaning as provided in RCW 43.325.010.

(3) If a taxpayer who claimed an exemption under this section closes a facility in Washington for which employment positions were reported under section 1004 of this act, resulting in a loss of jobs located within the state, the department must declare the amount of the tax exemption claimed under this section for the previous two calendar years to be immediately due.

(4) This section expires June 30, ~~((2013))~~ 2024.

Sec. 1003. RCW 82.12.956 and 2009 c 469 s 302 are each amended to read as follows:

(1) The provisions of this chapter do not apply with respect to the use of hog fuel for production of electricity, steam, heat, or biofuel.

(2) For the purposes of this section:

(a) "Hog fuel" has the same meaning as provided in RCW 82.08.956; and

(b) "Biofuel" has the same meaning as provided in RCW 43.325.010.

(3) This section expires June 30, ~~((2013))~~ 2024.

NEW SECTION. Sec. 1004. A new section is added to chapter 82.32 RCW to read as follows:

(1) Every taxpayer claiming an exemption under RCW 82.08.956 or 82.12.956 must file with the department a complete annual survey as required under RCW 82.32.585, except that the taxpayer must file a separate survey for each facility owned or operated in the state of Washington.

(2) This section expires June 30, 2024.

NEW SECTION. Sec. 1005. A new section is added to chapter 43.136 RCW to read as follows:

(1) The intent of the tax exemption provided in RCW 82.08.956 and 82.12.956 is to promote the retention of relatively high wage jobs in the counties where facilities who purchase and use hog fuel are located. Specifically, in a time when there is increasing pressure to close industrial facilities like mills and relocate this economic activity out of state or overseas, rural areas of the state are at risk of losing critical jobs that directly, or indirectly, support entire communities. The legislature, in enacting the hog fuel tax exemption, hopes to retain seventy five percent of the jobs at each facility in the state at which the exemption is claimed, between now and June 30, 2024.

(2) The joint legislative audit and review committee must review the performance through July 1, 2018, of the tax preferences established in RCW 82.08.956 and 82.12.956, and prepare a report to the legislature by October 31, 2019.

(3) The department of revenue must provide the committee with annual survey information and any other tax data necessary to conduct the review required in subsection (2) of this section. The employment security department and other agencies, as requested, must cooperate with the committee by providing information about the average wage of employment in the county where each facility owned or operated by a company claiming the exemption is located. The report is not limited to, but must include, the following information:

(a) Identification of the baseline number of jobs existing as of January 1, 2013, in facilities where the preference has been claimed, as well as related wage and benefit information;

(b) Identification of how the number of jobs at these facilities has changed during the duration of the credit;

(c) Analysis of how the wages provided to employees at affected facilities compare to the average wages in the county in which the facility is located;

(d) Analysis of how the benefits, including medical and other health care benefits, provided to employees at affected facilities compare to the average wages in the county in which the facility is located; and

(e) Whether and to what extent the goal has been achieved, of retaining seventy-five percent of employment at the facilities at which the exemption has been claimed.

(4) This section expires June 30, 2024.

PART XI Large Airplanes

NEW SECTION. Sec. 1101. (1) The legislature intends to promote the economic development of our state's aerospace cluster and increase the tax revenues collected by the state through promoting a competitive marketplace for storing and modifying unfurnished, noncommercial aircraft. The legislature finds that Washington is currently losing these types of jobs to other states, resulting in the loss of high-wage jobs and new tax revenue. Further, the legislature finds that the current tax statutes are an impediment to encouraging the development of aerospace clusters in our state. Therefore, the legislature intends to modify our state's tax policy to encourage aerospace cluster development within the state and increase tax revenues.

(2) The joint legislative audit and review committee, as part of its tax preference review process, must estimate the net impact on state tax revenues by comparing the decrease in state revenues resulting from the changes made in part XI of this act to the additional tax revenues generated from the direct, indirect, and induced economic impacts from those changes. The committee must also, to the extent practicable, estimate job growth in the aerospace cluster resulting from the changes made in part XI of this

SEVENTEENTH DAY, JUNE 28, 2013

2013 2ND SPECIAL SESSION

act. The committee must conduct its tax preference review of part XI of this act during calendar year 2016 and report its findings and recommendations to the legislature by January 1, 2017.

Sec. 1102. RCW 47.68.250 and 2003 c 375 s 4 are each amended to read as follows:

(1) Every aircraft ~~((shall))~~ **must** be registered with the department for each calendar year in which the aircraft is operated or is based within this state. A fee of fifteen dollars ~~((shall be))~~ **is** charged for each such registration and each annual renewal thereof.

(2) Possession of the appropriate effective federal certificate, permit, rating, or license relating to ownership and airworthiness of the aircraft, and payment of the excise tax imposed by Title 82 RCW for the privilege of using the aircraft within this state during the year for which the registration is sought, and payment of the registration fee required by this section ~~((shall be))~~ **are** the only requisites for registration of an aircraft under this section.

(3) The registration fee imposed by this section ~~((shall be))~~ **is** payable to and collected by the secretary. The fee for any calendar year must be paid during the month of January, and ~~((shall))~~ **must** be collected by the secretary at the time of the collection by him or her of the ~~((said))~~ excise tax. If the secretary is satisfied that the requirements for registration of the aircraft have been met, he or she ~~((shall thereupon))~~ **must** issue to the owner of the aircraft a certificate of registration therefor. The secretary ~~((shall))~~ **must** pay to the state treasurer the registration fees collected under this section, which registration fees ~~((shall))~~ **must** be credited to the aeronautics account in the transportation fund.

(4) It ~~((shall))~~ **is** not ~~((be))~~ necessary for the registrant to provide the secretary with originals or copies of federal certificates, permits, ratings, or licenses. The secretary ~~((shall))~~ **must** issue certificates of registration, or such other evidences of registration or payment of fees as he or she may deem proper; and in connection therewith may prescribe requirements for the possession and exhibition of such certificates or other evidences.

(5) The provisions of this section ~~((shall))~~ **do** not apply to:

~~((+))~~ (a) An aircraft owned by and used exclusively in the service of any government or any political subdivision thereof, including the government of the United States, any state, territory, or possession of the United States, or the District of Columbia, which is not engaged in carrying persons or property for commercial purposes;

~~((2))~~ (b) An aircraft registered under the laws of a foreign country;

~~((3))~~ (c) An aircraft ~~((which))~~ **that** is owned by a nonresident ~~((and registered in another state: PROVIDED, That if said aircraft shall remain in and/or be based in this state for a period of ninety days or longer it shall not be exempt under this section))~~ **if:**

~~((i))~~ The aircraft remains in this state or is based in this state, or **both, for a period less than ninety days; or**

~~((ii))~~ The aircraft is a large private airplane as defined in section 1103 of this act and remains in this state for a period of ninety days or longer, but only when:

~~((A))~~ The airplane is in this state exclusively for the purpose of repairs, alterations, or reconstruction, including any flight testing related to the repairs, alterations, or reconstruction, or for the purpose of continual storage of not less than one full calendar year;

~~((B))~~ An employee of the facility providing these services is on board the airplane during any flight testing; and

~~((C))~~ Within ninety days of the date the airplane first arrived in this state during the calendar year, the nonresident files a written statement with the department indicating that the airplane is exempt from registration under this subsection (5)(c)(ii). The written statement must be filed in a form and manner prescribed by the department and must include such information as the department requires. The department may require additional periodic

verification that the airplane remains exempt from registration under this subsection (5)(c)(ii) and that written statements conform with the provisions of RCW 9A.72.085;

~~((4))~~ (d) An aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce;

~~((5))~~ (e) An aircraft owned by the commercial manufacturer thereof while being operated for test or experimental purposes, or for the purpose of training crews for purchasers of the aircraft;

~~((7))~~ (g) An aircraft based within the state that is in an unairworthy condition, is not operated within the registration period, and has obtained a written exemption issued by the secretary.

(6) The secretary ~~((shall))~~ **must** be notified within thirty days of any change in ownership of a registered aircraft. The notification ~~((shall))~~ **must** contain the N, NC, NR, NL, or NX number of the aircraft, the full name and address of the former owner, and the full name and address of the new owner. For failure to so notify the secretary, the registration of that aircraft may be canceled by the secretary, subject to reinstatement upon application and payment of a reinstatement fee of ten dollars by the new owner.

(7) A municipality or port district that owns, operates, or leases an airport, as defined in RCW 47.68.020, with the intent to operate, ~~((shall))~~ **must** require from an aircraft owner proof of aircraft registration as a condition of leasing or selling tiedown or hanger space for an aircraft. It is the responsibility of the lessee or purchaser to register the aircraft. The airport ~~((shall))~~ **must** work with the aviation division to assist in its efforts to register aircraft by providing information about based aircraft on an annual basis as requested by the division.

NEW SECTION. Sec. 1103. A new section is added to chapter 82.08 RCW to read as follows:

(1)(a) The tax levied by RCW 82.08.020 does not apply to:

(i) Sales of large private airplanes to nonresidents of this state; and

(ii) Sales of or charges made for labor and services rendered in respect to repairing, cleaning, altering, or improving large private airplanes owned by nonresidents of this state.

(b) The exemption provided by this section applies only when the large private airplane is not required to be registered with the department of transportation, or its successor, under chapter 47.68 RCW. The airplane owner or lessee claiming an exemption under this section must provide the department, upon request, a copy of the written statement required under RCW 47.68.250(5)(c)(ii) documenting the airplane's registration exemption and any additional information the department may require.

(2) Sellers making tax-exempt sales under this section must obtain an exemption certificate from the buyer in a form and manner prescribed by the department. The seller must retain a copy of the exemption certificate for the seller's files. In lieu of an exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement. For sellers who electronically file their taxes, the department must provide a separate tax reporting line for exemption amounts claimed under this section.

(3) Upon request, the department of transportation must provide to the department of revenue information needed by the department of revenue to verify eligibility under this section.

(4) For purposes of this section "large private airplane" means an airplane not used in interstate commerce, not owned or leased by a government entity, weighing more than forty-one thousand pounds, and assigned a category A, B, C, or D test flow management system aircraft weight class by the federal aviation administration's office of aviation policy and plans.

NEW SECTION. Sec. 1104. A new section is added to chapter 82.12 RCW to read as follows:

(1)(a) The tax levied by RCW 82.12.020 does not apply to the use of:

(i) Large private airplanes owned by nonresidents of this state; and

(ii) Labor and services rendered in respect to repairing, cleaning, altering, or improving large private airplanes owned by nonresidents of this state.

(2) Upon request, the department of transportation must provide to the department of revenue information needed by the department of revenue to verify eligibility under this section.

(3) For purposes of this section, the conditions, limitation, and definitions in section 1103 of this act apply to this section.

Sec. 1105. RCW 82.48.100 and 2010 1st sp.s. c 12 s 2 are each amended to read as follows:

This chapter does not apply to:

(1) Aircraft owned by and used exclusively in the service of any government or any political subdivision thereof, including the government of the United States, any state, territory, or possession of the United States, or the District of Columbia, which are not engaged in carrying persons or property for commercial purposes;

(2) Aircraft registered under the laws of a foreign country;

(3) Aircraft ((which)) that are owned by a nonresident and registered in another state((. However, if any such aircraft remains in and/or is based in this state for a period of ninety days or longer it is not exempt under this section)), if the aircraft remains in this state or is based in this state, or both, for a period less than ninety days;

(4)(a) Aircraft engaged principally in commercial flying ((which)) that constitutes interstate or foreign commerce, except as provided in (b) of this subsection.

(b) The exemption provided by (a) of this subsection does not apply to aircraft engaged principally in commercial flying that constitutes interstate or foreign commerce when such aircraft will be in this state exclusively for the purpose of continual storage of not less than one full calendar year; ((and))

((7)) (8) Aircraft that are: (a) Owned by a nonprofit organization that is exempt from federal income taxation under 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code; and (b) exclusively used to provide emergency medical transportation services.

PART XII Blood Banks

NEW SECTION. Sec. 1201. Part XII of this act is intended to allow flexibility for nonprofit organizations where qualifying activities will be provided by more than one organization. It is not the legislature's intent to expand the lines of nontaxable activity. Therefore, the legislature further intends to reassess the changes made in part XII of this act to ensure the actual fiscal impact reasonably conforms with the fiscal estimate provided in the fiscal note for the legislation.

Sec. 1202. RCW 82.04.324 and 2004 c 82 s 1 are each amended to read as follows:

(1) Except as otherwise provided in subsection (3) of this section, this chapter does not apply to amounts received by a qualifying blood bank, a qualifying tissue bank, or a qualifying blood and tissue bank to the extent the amounts are exempt from federal income tax.

(2) For the purposes of this section:

(a) "Qualifying blood bank" means ((a blood bank that qualifies as)) an exempt organization under 26 U.S.C. 501(c)(3) as existing on June 10, 2004, that is registered pursuant to 21 C.F.R., part 607 as existing on June 10, 2004, and whose primary business purpose is the collection, preparation, ((and processing of blood)) testing or processing of blood, on behalf of itself or other qualifying blood bank or qualifying blood and tissue bank. "Qualifying blood bank" does not include a comprehensive cancer center that is recognized as such by the national cancer institute.

(b) "Qualifying tissue bank" means a tissue bank that qualifies as an exempt organization under 26 U.S.C. 501(c)(3) as existing on June 10, 2004, is registered pursuant to 21 C.F.R., part 1271 as existing on June 10, 2004, and whose primary business purpose is the recovery, processing, storage, labeling, packaging, or distribution of human bone tissue, ligament tissue and similar musculoskeletal tissues, skin tissue, heart valve tissue, or human eye tissue. "Qualifying tissue bank" does not include a comprehensive cancer center that is recognized as such by the national cancer institute.

(c) "Qualifying blood and tissue bank" ((is a bank that qualifies as)) means an exempt organization under 26 U.S.C. 501(c)(3) as existing on June 10, 2004, that is registered pursuant to 21 C.F.R., part 607 and part 1271 as existing on June 10, 2004, and whose primary business purpose is the collection, preparation, ((and processing of blood)) testing, or processing of blood, on behalf of itself or other qualifying blood bank or qualifying blood and tissue bank, and the recovery, processing, storage, labeling, packaging, or distribution of human bone tissue, ligament tissue and similar musculoskeletal tissues, skin tissue, and heart valve tissue. "Qualifying blood and tissue bank" does not include a comprehensive cancer center that is recognized as such by the national cancer institute.

(3) A person claiming the exemption under this section must report amounts exempt under this section to the department. Except for persons whose primary business purpose is the collection, preparation, and processing of blood, a person may not claim an exemption under this section for more than one hundred fifty thousand dollars in tax per calendar year.

PART XIII Mint Growers

NEW SECTION. Sec. 1301. The legislature finds that mint growers utilize fuel to generate heat to extract oil from harvested mint and thereby produce a saleable agricultural product. Diesel fuel is often used as the fuel source that generates heat to distill mint. This on-farm diesel fuel is currently exempt from sales and use tax. The legislature further finds that propane and natural gas are alternative sources of cleaner burning fuel. A transition by mint

SEVENTEENTH DAY, JUNE 28, 2013

growers to these alternative fuel sources, though costly, provides air quality benefits as compared to the use of diesel. It is the intent of the legislature to provide an incentive to mint growers to make the transition to cleaner fuels by extending the sales and use tax exemptions to propane and natural gas used by farmers who produce mint oil.

NEW SECTION. Sec. 1302. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales to farmers of propane or natural gas used exclusively to distill mint on a farm.

(2) The exemption is available only when the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files. For sellers who electronically file their taxes, the department must provide a separate line for exemption amounts claimed under this section.

(3) For the purposes of this section, "farmer" has the same meaning as provided in RCW 82.04.213.

(4) This section expires July 1, 2017.

NEW SECTION. Sec. 1303. A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply with respect to the use of propane or natural gas by a farmer to exclusively distill mint on a farm.

(2) For the purposes of this section, "farmer" has the same meaning as provided in RCW 82.04.213.

(3) This section expires July 1, 2017.

PART XIV Nonprofit Fund-raising Activities

NEW SECTION. Sec. 1401. It is the intent of part XIV of this act to provide use tax relief for individuals who support charitable activities by purchasing or winning articles of personal property from a nonprofit organization or library when the personal property is sales tax exempt. It is also the intent of the legislation to provide this tax preference in a fiscally responsible manner by capping the exemption for articles of personal property that are valued at ten thousand dollars or less.

NEW SECTION. Sec. 1402. A new section is added to chapter 82.12 RCW to read as follows:

(1) The provisions of this chapter do not apply in respect to the use of any article of personal property, valued at less than ten thousand dollars, purchased or received as a prize in a contest of chance, as defined in RCW 82.04.285, from a nonprofit organization or a library, if the gross income the nonprofit organization or library receives from the sale is exempt under RCW 82.04.3651.

(2) This section expires July 1, 2017.

PART XV Renewable Energy Extension

NEW SECTION. Sec. 1501. It is the intent of the legislature to help promote energy independence in the state of Washington and to better position Washington to attract a vibrant clean energy technology manufacturing sector to the state. The purpose of the tax preference created in part XV of this act is to incentivize electricity generation from renewable energy sources, reducing the costs of transitioning to these sources and technologies by exempting machinery, equipment, and labor and service charges associated with such electricity generation from the retail sales and use tax. This tax preference makes the most of the local renewable resources, protects us from the price volatility of certain fossil fuel

2013 2ND SPECIAL SESSION

sources, and helps the state achieve its greenhouse gas emissions targets. In addition, promoting manufacture and installation of facilities capable of generating power from renewable sources can create economic benefits in both rural and urban counties, creating high-quality jobs and developing a skilled workforce in an industry sector in which significant job growth is anticipated over the coming decades.

Sec. 1502. RCW 82.08.962 and 2009 c 469 s 101 are each amended to read as follows:

(1)(a) Except as provided in RCW 82.08.963, purchasers who have paid the tax imposed by RCW 82.08.020 on machinery and equipment used directly in generating electricity using fuel cells, wind, sun, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas as the principal source of power, or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment, are eligible for an exemption as provided in this section, but only if the purchaser develops with such machinery, equipment, and labor a facility capable of generating not less than one thousand watts of electricity.

(b) Beginning on July 1, 2009, through June 30, 2011, the tax levied by RCW 82.08.020 does not apply to the sale of machinery and equipment described in (a) of this subsection that are used directly in generating electricity or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment.

(c) Beginning on July 1, 2011, through ~~(June 30, 2013)~~ January 1, 2020, the amount of the exemption under this subsection (1) is equal to seventy-five percent of the state and local sales tax paid. The purchaser is eligible for an exemption under this subsection (1)(c) in the form of a remittance.

(2) For purposes of this section and RCW 82.12.962, the following definitions apply:

(a) "Biomass energy" includes: (i) By-products of pulping and wood manufacturing process; (ii) animal waste; (iii) solid organic fuels from wood; (iv) forest or field residues; (v) wooden demolition or construction debris; (vi) food waste; (vii) liquors derived from algae and other sources; (viii) dedicated energy crops; (ix) biosolids; and (x) yard waste. "Biomass energy" does not include wood pieces that have been treated with chemical preservatives such as creosote, pentachlorophenol, or copper-chrome-arsenic; wood from old growth forests; or municipal solid waste.

(b) "Fuel cell" means an electrochemical reaction that generates electricity by combining atoms of hydrogen and oxygen in the presence of a catalyst.

(c) "Landfill gas" means biomass fuel, of the type qualified for federal tax credits under Title 26 U.S.C. Sec. 29 of the federal internal revenue code, collected from a "landfill" as defined under RCW 70.95.030.

(d)(i) "Machinery and equipment" means fixtures, devices, and support facilities that are integral and necessary to the generation of electricity using fuel cells, wind, sun, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas as the principal source of power.

(ii) "Machinery and equipment" does not include: (A) Hand-powered tools; (B) property with a useful life of less than one year; (C) repair parts required to restore machinery and equipment to normal working order; (D) replacement parts that do not increase productivity, improve efficiency, or extend the useful life of machinery and equipment; (E) buildings; or (F) building fixtures that are not integral and necessary to the generation of electricity that are permanently affixed to and become a physical part of a building.

(3)(a) Machinery and equipment is "used directly" in generating electricity by wind energy, solar energy, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas power if it provides any part of the process that captures the energy of the wind, sun, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas, converts that energy to electricity, and stores, transforms, or transmits that electricity for entry into or operation in parallel with electric transmission and distribution systems.

(b) Machinery and equipment is "used directly" in generating electricity by fuel cells if it provides any part of the process that captures the energy of the fuel, converts that energy to electricity, and stores, transforms, or transmits that electricity for entry into or operation in parallel with electric transmission and distribution systems.

(4)(a) A purchaser claiming an exemption in the form of a remittance under subsection (1)(c) of this section must pay the tax imposed by RCW 82.08.020 and all applicable local sales taxes imposed under the authority of chapters 82.14 and 81.104 RCW. The purchaser may then apply to the department for remittance in a form and manner prescribed by the department. A purchaser may not apply for a remittance under this section more frequently than once per quarter. The purchaser must specify the amount of exempted tax claimed and the qualifying purchases for which the exemption is claimed. The purchaser must retain, in adequate detail, records to enable the department to determine whether the purchaser is entitled to an exemption under this section, including: Invoices; proof of tax paid; and documents describing the machinery and equipment.

(b) The department must determine eligibility under this section based on the information provided by the purchaser, which is subject to audit verification by the department. The department must on a quarterly basis remit exempted amounts to qualifying purchasers who submitted applications during the previous quarter.

(5) This section expires (~~July 1, 2013~~) January 1, 2020.

NEW SECTION. Sec. 1503. A new section is added to chapter 82.32 RCW to read as follows:

Every taxpayer claiming an exemption under RCW 82.08.962 or 82.12.962 must file with the department a complete annual survey as required under RCW 82.32.585, except that the taxpayer must file a separate survey for each facility owned or operated in the state of Washington developed with machinery, equipment, services, or labor for which the exemption under part XV of this act is claimed.

NEW SECTION. Sec. 1504. A new section is added to chapter 43.136 RCW to read as follows:

(1) The intent of the tax preference provided in RCW 82.08.962 and 82.12.962 is to promote electricity generation by facilities with generating capacity of not less than one thousand watts, using renewable energy fuel sources in order to improve energy security and decrease greenhouse gas emissions. Encouraging the development of more facilities that generate power from renewable energy has both immediate and long-term value to the state.

(2) As part of the joint legislative audit and review committee's 2019 tax preference reviews conducted under this chapter, the joint legislative audit and review committee must assess the performance of the tax preferences established in RCW 82.08.956 and 82.12.956 with reference to the intent and performance milestones established in this section.

(3) The department of revenue must provide the joint legislative audit and review committee with annual survey information and any other tax data necessary to conduct the review required in subsection (2) of this section. The Washington State University energy program, department of ecology, and other agencies, as

requested, must cooperate with the committee by providing information to assist the committee's analysis.

(4) The report is not limited to, but must include, the following information:

(a) Identification of the baseline number of facilities, prior to July 1, 2009, with generating capacity of not less than one thousand watts, using fuel cells, wind, sun, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas as the principal source of power.

(b) The number of facilities developed each year by purchasers claiming the preference for machinery, equipment, labor, or other services, and the increase in the number of such facilities, as compared to the baseline established in (a) of this subsection.

(c) The total generating capacity in megawatts and total power production in kilowatt-hours of the facilities reported in (b) of this subsection.

(d) The estimated greenhouse gas emissions avoided as a result of power generation from renewable energy sources by the facilities reported in (b) of this subsection.

(e) The number of barrels of oil and tons of coal avoided as a result of power generation from renewable energy sources by the facilities reported in (b) of this subsection, as estimated from the average fuel mix of electricity generated statewide.

(f) The number of employees and wages and benefits reported by taxpayers claiming the exemption at the facilities reported in (a) of this subsection.

(g) Subject to data availability, analysis of how the wages and benefits reported in (e) of this subsection compare with statewide averages and averages in the county in which the facility is located.

(5) This section expires January 1, 2020.

Sec. 1505. RCW 82.12.962 and 2009 c 469 s 102 are each amended to read as follows:

(1)(a) Except as provided in RCW 82.12.963, consumers who have paid the tax imposed by RCW 82.12.020 on machinery and equipment used directly in generating electricity using fuel cells, wind, sun, biomass energy, tidal or wave energy, geothermal resources, anaerobic digestion, technology that converts otherwise lost energy from exhaust, or landfill gas as the principal source of power, or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment, are eligible for an exemption as provided in this section, but only if the purchaser develops with such machinery, equipment, and labor a facility capable of generating not less than one thousand watts of electricity.

(b) Beginning on July 1, 2009, through June 30, 2011, the provisions of this chapter do not apply in respect to the use of machinery and equipment described in (a) of this subsection that are used directly in generating electricity or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment.

(c) Beginning on July 1, 2011, through (~~June 30, 2013~~) January 1, 2020, the amount of the exemption under this subsection (1) is equal to seventy-five percent of the state and local sales tax paid. The consumer is eligible for an exemption under this subsection (1)(c) in the form of a remittance.

(2)(a) A person claiming an exemption in the form of a remittance under subsection (1)(c) of this section must pay the tax imposed by RCW 82.12.020 and all applicable local use taxes imposed under the authority of chapters 82.14 and 81.104 RCW. The consumer may then apply to the department for remittance in a form and manner prescribed by the department. A consumer may not apply for a remittance under this section more frequently than once per quarter. The consumer must specify the amount of exempted tax claimed and the qualifying purchases or acquisitions for which the exemption is claimed. The consumer must retain, in

SEVENTEENTH DAY, JUNE 28, 2013

2013 2ND SPECIAL SESSION

adequate detail, records to enable the department to determine whether the consumer is entitled to an exemption under this section, including: Invoices; proof of tax paid; and documents describing the machinery and equipment.

(b) The department must determine eligibility under this section based on the information provided by the consumer, which is subject to audit verification by the department. The department must on a quarterly basis remit exempted amounts to qualifying consumers who submitted applications during the previous quarter.

(3) Purchases exempt under RCW 82.08.962 are also exempt from the tax imposed under RCW 82.12.020.

(4) The definitions in RCW 82.08.962 apply to this section.

(5) This section expires (~~June 30, 2013~~) January 1, 2020.

PART XVI Small Solar Extension

NEW SECTION. **Sec. 1601.** It is the intent of the legislature to help promote energy independence in the state of Washington. The purpose of the tax preference created in part XVI of this act is to incentivize electricity generation from solar energy, reducing the costs of transitioning to solar energy by exempting machinery, equipment, and labor and service charges from the retail sales and use tax to increase affordability for Washington residents. It is also the intent of the legislature to provide this tax preference in a fiscally responsible manner where the actual revenue impact of the legislation substantially conforms with the fiscal estimate provided in the legislation's fiscal note. Therefore, the legislature intends for this tax preference to be temporary so the legislature can assess the actual fiscal impact of the tax preference.

Sec. 1602. RCW 82.08.963 and 2009 c 469 s 103 are each amended to read as follows:

(1) The tax levied by RCW 82.08.020 does not apply to sales of machinery and equipment used directly in generating electricity or producing thermal heat using solar energy, or to sales of or charges made for labor and services rendered in respect to installing such machinery and equipment, but only if the purchaser develops with such machinery, equipment, and labor a facility capable of generating not more than ten kilowatts of electricity or producing not more than three million British thermal units per day and provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files. For sellers who electronically file their taxes, the department must provide a separate tax reporting line for exemption amounts claimed by a buyer under this section.

(2) For purposes of this section and RCW 82.12.963:

(a) "Machinery and equipment" means industrial fixtures, devices, and support facilities that are integral and necessary to the generation of electricity or production and use of thermal heat using solar energy;

(b) "Machinery and equipment" does not include: (i) Hand-powered tools; (ii) property with a useful life of less than one year; (iii) repair parts required to restore machinery and equipment to normal working order; (iv) replacement parts that do not increase productivity, improve efficiency, or extend the useful life of machinery and equipment; (v) buildings; or (vi) building fixtures that are not integral and necessary to the generation of electricity that are permanently affixed to and become a physical part of a building; (~~and~~)

(c) Machinery and equipment is "used directly" in generating electricity with solar energy if it provides any part of the process that captures the energy of the sun, converts that energy to electricity, and stores, transforms, or transmits that electricity for entry into or operation in parallel with electric transmission and distribution

systems; and

(d) Machinery and equipment is "used directly" in producing thermal heat with solar energy if it uses a solar collector or a solar hot water system that (i) meets the certification standards for solar collectors and solar hot water systems developed by the solar rating and certification corporation; or (ii) is determined by the Washington State University extension whether a solar collector or solar hot water system is an equivalent collector or system.

(3) This section expires June 30, (~~2013~~) 2018.

Sec. 1603. RCW 82.12.963 and 2009 c 469 s 104 are each amended to read as follows:

(1) The provisions of this chapter do not apply with respect to machinery and equipment used directly in generating not more than ten kilowatts of electricity or producing not more than three million British thermal units per day using solar energy, or to the use of labor and services rendered in respect to installing such machinery and equipment.

(2) The definitions in RCW 82.08.963 apply to this section.

(3) This section expires June 30, (~~2013~~) 2018.

PART XVII Tax Preference Transparency and Accountability

NEW SECTION. **Sec. 1701.** A new section is added to chapter 82.32 RCW to read as follows:

(1)(a) Except as otherwise provided in this section, every new tax preference expires on the first day of the calendar year that is subsequent to the calendar year that is ten years from the effective date of the tax preference. With respect to any new property tax exemption, the exemption does not apply to taxes levied for collection beginning in the calendar year that is subsequent to the calendar year that is ten years from the effective date of the tax preference.

(b) A future amendment that expands a tax preference does not extend the tax preference beyond the period provided in this subsection unless an extension is expressly and unambiguously stated in the amendment.

(2) Subsection (1) of this section does not apply if legislation creating a new tax preference includes an expiration date for the new tax preference.

(3) Subsection (1) of this section does not apply to any existing tax preference that is amended to clarify an ambiguity or correct a technical inconsistency. Future enacted legislation intended to make such clarifications or corrections must explicitly indicate this intent.

(4) For the purposes of this section, the following definitions apply:

(a) "New tax preference" means a tax preference that initially takes effect after August 1, 2013, or a tax preference in effect as of August 1, 2013, that is expanded or extended after August 1, 2013, even if the expanding or extending amendment includes any other change to the tax preference.

(b) "Tax preference" has the same meaning as in RCW 43.136.021 with respect to any state tax administered by the department, except does not include the Washington estate and transfer tax in chapter 83.100 RCW.

(5) The department must provide written notice to the office of the code reviser of a ten-year expiration date required under this section for a new tax preference.

NEW SECTION. **Sec. 1702.** A new section is added to chapter 82.32 RCW to read as follows:

(1) As provided in this section, every bill enacting a new tax preference must include a tax preference performance statement.

(2) A tax preference performance statement must state the legislative purpose for the new tax preference. The tax preference

performance statement must indicate one or more of the following general categories, by reference to the applicable category specified in this subsection, as the legislative purpose of the new tax preference:

- (a) Tax preferences intended to induce certain designated behavior by taxpayers;
- (b) Tax preferences intended to improve industry competitiveness;
- (c) Tax preferences intended to create or retain jobs;
- (d) Tax preferences intended to reduce structural inefficiencies in the tax structure;
- (e) Tax preferences intended to provide tax relief for certain businesses or individuals; or
- (f) A general purpose not identified in (a) through (e) of this subsection.

(3) In addition to identifying the general legislative purpose of the tax preference under subsection (2) of this section, the tax preference performance statement must provide additional detailed information regarding the legislative purpose of the new tax preference.

(4) A new tax preference performance statement must specify clear, relevant, and ascertainable metrics and data requirements that allow the joint legislative audit and review committee and the legislature to measure the effectiveness of the new tax preference in achieving the purpose designated under subsection (2) of this section.

(5) If the tax preference performance statement for a new tax preference indicates a legislative purpose described in subsection (2)(b) or (c) of this section, any taxpayer claiming the new tax preference must file an annual survey in accordance with RCW 82.32.585.

(6)(a) Taxpayers claiming a new tax preference must report the amount of the tax preference claimed by the taxpayer to the department as otherwise required by statute or determined by the department as part of the taxpayer's regular tax reporting responsibilities. For new tax preferences allowing certain types of gross income of the business to be excluded from business and occupation or public utility taxation, the tax return must explicitly report the amount of the exclusion, regardless of whether it is structured as an exemption or deduction, if the taxpayer is otherwise required to report taxes to the department on a monthly or quarterly basis. For a new sales and use tax exemption, the total sales or uses subject to the exemption claimed by the buyer must be reported on an addendum to the buyer's tax return if the buyer is otherwise required to report taxes to the department on a monthly or quarterly basis and the buyer is required to submit an exemption certificate, or similar document, to the seller.

(b) This subsection does not apply to:

- (i) Property tax exemptions;
- (ii) Tax preferences required by constitutional law;
- (iii) Tax preferences for which the tax benefit to the taxpayer is less than one thousand dollars per calendar year; or
- (iv) Taxpayers who are annual filers.

(c) The department may waive the filing requirements of this subsection for taxpayers who are not required to file electronically any return, report, or survey under this chapter.

(7)(a) Except as otherwise provided in this subsection, the amount claimed by a taxpayer for any new tax preference is subject to public disclosure and is not considered confidential tax information under RCW 82.32.330, if the reporting periods subject to disclosure ended at least twenty-four months prior to the date of disclosure and the taxpayer is required to report the amount of the tax preference claimed by the taxpayer to the department under subsection (6) of this section.

(b)(i) The department may waive the public disclosure requirement under (a) of this subsection (7) for good cause. Good

cause may be demonstrated by a reasonable showing of economic harm to a taxpayer if the information specified under this subsection is disclosed. The waiver under this subsection (7)(b)(i) only applies to the new tax preferences provided in this act.

(ii) The amount of the tax preference claimed by a taxpayer during a calendar year is confidential under RCW 82.32.330 and may not be disclosed under this subsection if the amount for the calendar year is less than ten thousand dollars.

(c) In lieu of the disclosure and waiver requirements under this subsection, the requirements under RCW 82.32.585 apply to any tax preference that requires a survey.

(8) If a new tax preference does not include the information required under subsections (2) through (4) of this section, the joint legislative audit and review committee is not required to perform a tax preference review under chapter 43.136 RCW, and it is legislatively presumed that it is the intent of the legislature to allow the new tax preference to expire upon its scheduled expiration date.

(9) For the purposes of this section, "tax preference" and "new tax preference" have the same meaning as provided in section 1701 of this act.

NEW SECTION. Sec. 1703. A new section is added to chapter 43.136 RCW to read as follows:

(1) The legislative auditor, with the assistance of a task force, must make recommendations on the appropriate data and metrics that should be included in tax preference performance statements to evaluate new tax preferences, as provided under section 1702 of this act.

(2)(a) The task force is comprised of five members: (i) One person from the department of revenue; (ii) one person from an association representing Washington businesses; (iii) one person from the office of financial management; (iv) the legislative auditor or a designee of the legislative auditor; and (v) an economist with substantial experience in state taxes.

(b) The task force must choose its chair from among its membership.

(3) By January 1, 2014, and in compliance with RCW 43.01.036, the legislative auditor must submit a report to the appropriate fiscal committees of the legislature the findings and recommendations of the task force.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 66.24.055 and 2012 c 2 s 105 (Initiative Measure No. 1183) are each amended to read as follows:

(1) There is a license for spirits distributors to (a) sell spirits purchased from manufacturers, distillers, or suppliers including, without limitation, licensed Washington distilleries, licensed spirits importers, other Washington spirits distributors, or suppliers of foreign spirits located outside of the United States, to spirits retailers including, without limitation, spirits retail licensees, special occasion license holders, interstate common carrier license holders, restaurant spirits retailer license holders, spirits, beer, and wine private club license holders, hotel license holders, sports entertainment facility license holders, and spirits, beer, and wine nightclub license holders, and to other spirits distributors; and (b) export the same from the state.

(2) By January 1, 2012, the board must issue spirits distributor licenses to all applicants who, upon December 8, 2011, have the right to purchase spirits from a spirits manufacturer, spirits distiller, or other spirits supplier for resale in the state, or are agents of such supplier authorized to sell to licensees in the state, unless the board determines that issuance of a license to such applicant is not in the public interest.

(3)(a) As limited by (b) of this subsection and subject to (c) of this subsection, each spirits distributor licensee must pay to the board, for deposit into the liquor revolving fund, a license issuance fee calculated as follows:

(i) In each of the first ~~((two years))~~ twenty-seven months of licensure, ten percent of the total revenue from all the licensee's sales of spirits made during the ~~((year))~~ month for which the fee is due, respectively; and

(ii) In the ~~((third year))~~ twenty-eighth month of licensure and each ~~((year))~~ month thereafter, five percent of the total revenue from all the licensee's sales of spirits made during the ~~((year))~~ month for which the fee is due, respectively.

(b) The fee required under this subsection (3) is calculated only on sales of items which the licensee was the first spirits distributor in the state to have received:

(i) In the case of spirits manufactured in the state, from the distiller; or

(ii) In the case of spirits manufactured outside the state, from an authorized out-of-state supplier.

(c) By March 31, 2013, all persons holding spirits distributor licenses on or before March 31, 2013, must have paid collectively

EIGHTEENTH DAY, JUNE 29, 2013

one hundred fifty million dollars or more in spirits distributor license fees. If the collective payment through March 31, 2013, totals less than one hundred fifty million dollars, the board must, according to rules adopted by the board for the purpose, collect by May 31, 2013, as additional spirits distributor license fees the difference between one hundred fifty million dollars and the actual receipts, allocated among persons holding spirits distributor licenses at any time on or before March 31, 2013, ratably according to their spirits sales made during calendar year 2012. Any amount by which such payments exceed one hundred fifty million dollars by March 31, 2013, must be credited to future license issuance fee obligations of spirits distributor licensees according to rules adopted by the board.

(d) A retail licensee selling for resale must pay a distributor license fee under the terms and conditions in this section on resales of spirits the licensee has purchased on which no other distributor license fee has been paid. The board must establish rules setting forth the frequency and timing of such payments and reporting of sales dollar volume by the licensee, with payments due quarterly in arrears.

(e) No spirits inventory may be subject to calculation of more than a single spirits distributor license issuance fee.

(4) In addition to the payment set forth in subsection (3) of this section, each spirits distributor licensee renewing its annual license must pay an annual license renewal fee of one thousand three hundred twenty dollars for each licensed location.

(5) There is no minimum facility size or capacity for spirits distributor licenses, and no limit on the number of such licenses issued to qualified applicants. License applicants must provide physical security of the product that is substantially as effective as the physical security of the distribution facilities currently operated by the board with respect to preventing pilferage. License issuances and renewals are subject to RCW 66.24.010 and the regulations promulgated thereunder, including without limitation rights of cities, towns, county legislative authorities, the public, churches, schools, and public institutions to object to or prevent issuance of local liquor licenses. However, existing distributor premises licensed to sell beer and/or wine are deemed to be premises "now licensed" under RCW 66.24.010(9)(a) for the purpose of processing applications for spirits distributor licenses.

NEW SECTION. Sec. 2. The changes made in section 1 of this act apply to spirits distributors licensed on or after January 1, 2012.

NEW SECTION. Sec. 3. A new section is added to chapter 66.24 RCW to read as follows:

(1) Beginning on the effective date of this section, the license issuance fee under RCW 66.24.630(4) does not apply to a spirits retail licensee that was a contract liquor store manager with respect to sales of spirits in original containers from the location of its spirits retail licensed premises to retailers licensed to sell spirits for consumption on the premises for resale at their licensed premises.

(2) Beginning on the effective date of this section, the license issuance fee under RCW 66.24.630(4) does not apply to a spirits retail licensee that was a former state store auction buyer, with respect to sales of spirits in original containers from the location of its spirits retail licensed premises to retailers licensed to sell spirits for consumption on the premises for resale at their licensed premises.

(3) The exemptions created in this section attach to any successor, by purchase or otherwise, to the spirits retail license, except that an exemption does not attach to any such successor that owns, directly or indirectly, any interest in a spirits retail license that is not derived directly from a former contract liquor store manager or a former state store auction buyer.

2013 2ND SPECIAL SESSION

NEW SECTION. Sec. 4. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

MOTION

President Owen: "Senator Schoesler, Senator Eide has the floor. She's made a motion. She has the right to do that. Senator Eide."

On motion of Senator Hobbs, Senator Nelson was excused.

POINT OF INQUIRY

REMARKS BY THE PRESIDENT

Senator Ericksen: "Would Senator Smith yield to a question? It's my understanding the fifty dollar fee included in this bill is a one-time fee paid for inspection of the vehicle to be used for this purpose and will not be charged on a yearly basis. Is that also your understanding of the bill.?"

President Owen: "Senator Eide, let the President make a clarification. Your motion is to advance to the ninth order of business but it is not appropriate to, in the motion, to have the bills you're going to deal with. You can explain, the President allows an explanation for and against, as you know, as a practice, brief explanation and you can state that, those bills, at that time. The motion is only to go to the ninth order of business."

Senator Smith: "Yes sir, that is my understanding of the bill."

REMARKS BY SENATOR EIDE

Senator Fraser and Hill spoke in favor of passage of the bill.

Senator Eide: "That's correct. Can I explain the bills that I've requested?"

MOTION

REPLY BY THE PRESIDENT

On motion of Senator Billig, Senators Eide, Hargrove, Murray and Shin were excused.

President Owen: "Senator Eide, the President does not believe that it would be appropriate to spend time on explaining the bills other than to state what they are. Not saying just the number but basically, what they are but not in detail or to debate the merits of the bills. Then we will allow the majority to respond."

The President declared the question before the Senate to be the final passage of Engrossed Substitute House Bill No. 1632.

NEW SECTION. Sec. 2. (1) The proceeds from the sale of bonds authorized in section 1 of this act shall be deposited in the state building construction account created by RCW 43.83.020. The proceeds shall be transferred as follows:

(a) One billion six hundred seventy million six hundred eighty-five thousand dollars to remain in the state building construction account created by RCW 43.83.020;

issued as nontaxable bonds in compliance with federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds, then such bond proceeds shall be transferred to the state building construction account in lieu of the transfer to the state taxable building construction account otherwise provided by this subsection (1)(f). The state treasurer shall submit written notice to the director of financial management if it is determined that any such additional transfer to the state taxable building construction account is necessary. Moneys in the account may be spent only after appropriation.

(2) These proceeds shall be used exclusively for the purposes specified in this section and for the payment of expenses incurred in the issuance and sale of the bonds issued for the purposes of this section, and shall be administered by the office of financial management subject to legislative appropriation.

(2) The owner and holder of each of the bonds or the trustee for the owner and holder of any of the bonds may by mandamus or other appropriate proceeding require the transfer and payment of funds as directed in this section.

NEW SECTION. Sec. 5. The legislature may provide additional means for raising moneys for the payment of the principal of and interest on the bonds authorized in section 1 of this act, and sections 2 and 3 of this act shall not be deemed to provide an exclusive method for the payment.

The state treasurer shall submit written notice to the director of financial management if it is determined that any such transfer to the ~~((state taxable building construction))~~ Columbia river basin taxable bond water supply development account is necessary. Moneys in the account may be spent only after appropriation. The proceeds shall be used exclusively for the purposes specified in RCW 43.99G.160 and for the payment of expenses incurred in the

issuance and sale of the bonds. These proceeds shall be administered by the office of financial management, subject to legislative appropriation.

NEW SECTION. Sec. 7. Sections 1 through 5 of this act constitute a new chapter in Title 43 RCW.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

MOTION

On motion of Senator Honeyford, Substitute Senate Bill No. 5035 was substituted for Senate Bill No. 5035 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Honeyford moved that the following striking amendment by Senator Honeyford and others be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this act and ending June 30, 2015, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2014" or "FY 2014" means the period beginning July 1, 2013, and ending June 30, 2014.

(b) "Fiscal year 2015" or "FY 2015" means the period beginning July 1, 2014, and ending June 30, 2015.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2015-2017 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2013, from the 2011-2013 biennial appropriations for each project.

**PART 1
GENERAL GOVERNMENT**

NEW SECTION. Sec. 1001. FOR THE JOINT LEGISLATIVE AUDIT AND REVIEW COMMITTEE

Review of Public Lands (92000002)

The appropriation in this section is subject to the following conditions and limitation: The appropriation is provided solely for a three part study of public recreation and habitat lands. Parts two and three of the study must be conducted under contract with a qualified economist at one of Washington's public universities.

(1) Part one of the study is a review of the operating budget impacts of recreation and habitat land acquisitions by the departments of fish and wildlife, natural resources, and by the state parks and recreation commission over the past ten years. The review must describe the separate acquisitions by each agency, including the location, number of acres, the acquisition price, a general description of the land, the intended use of the land at the time of acquisition, and the source or sources of funding for the acquisition. The report must also identify the current use of the land and whether the current use matches the intended use at the time of acquisition. The review must estimate the current biennial operating budget costs to manage the land acquired and what the estimated capital and operating budget costs are to put the land to its intended use if that has not yet occurred.

(2) Part two of the study is a review of estimated economic benefits and costs from acquisitions of recreation and habitat lands. The study must review and summarize the available literature describing and quantifying the economic benefits and costs of public recreation and habitat lands. The study must evaluate the reliability and validity of measures used by federal and state agencies to estimate the economic benefits of recreation and habitat lands.

(3) Part three of the study is an analysis of differences in public land ownership among Washington's thirty-nine counties. The analysis must report the number of acres and percentage of total acres in each county owned by federal, state, tribal and local governmental agencies by the following categories:

- (a) Developed recreation land,
- (b) Habitat and passive recreation land,
- (c) Timber lands,
- (d) Agricultural lands, and
- (e) Other public lands.

The analysis must evaluate the hypothesis that higher amounts or percentages of acres of public lands in the categories above are

2013 2ND SPECIAL SESSION

detrimental to measures of economic vitality in the county. Measures of economic vitality should include taxable sales per capita, median household income, median per capita income, annual employment growth, and unemployment rate. The study should control for other relevant location related factors including elevation, population size and density, urban or rural status, and proximity to major transportation hubs such as commercial airports and seaports. The study should include a review and compilation of literature and studies on this topic.

(4) The report must be submitted to the appropriate policy and fiscal committees of the legislature by December 1, 2014.

Kittitas Groundwater Study (30000029)

The reappropriation in this section is subject to the following conditions and limitations:

(1) Funds may be provided to develop and implement water banking and transfer methods and agreements that are fully protective of senior water rights and that protect domestic groundwater users and improve the profitability of farming operations. The legislature finds such activities to be in the public interest because they can help sustain the viability of the agricultural economy and enhance the certainty of water supplies for domestic groundwater users.

(2) Funds may be provided to lease or purchase water rights to create a reserve water supply for domestic groundwater users that have a groundwater right with a priority date later than May 10, 1905, as well as for all out-of-priority groundwater users. In securing water for such domestic groundwater users, strong preference must be given to the use of water banking and transfer methods that provide alternatives to permanent purchase and dry-up of agricultural water rights in the basin, including dry-year options, water banking, long-term water supply lease agreements, long-term agricultural land fallowing agreements, and reduced consumptive use through efficiency or alternative cropping arrangements while maintaining historic return flows.

(3) A portion of the reappropriation may be used for administrative costs, not to exceed four percent, and other costs associated with leasing or acquiring and transferring the water rights. All costs must be fully recovered from participating domestic water users for their prorated portion of the cost, including, but not limited to, the costs of securing a water right or rights for this purpose, costs associated with the development and implementation of alternative agricultural water transfer methods, associated annual operational costs, and federal water service contract costs owed to the United States bureau of reclamation. Funds recovered in this manner must be deposited in the state and local improvements revolving account and may be used for any purpose provided in this section.

Replacing State Forest Lands with Productive Forests (91000029)

The reappropriation in this section is subject to the following conditions and limitations:

(1) The total reappropriation is provided solely to the department to transfer from state forest land status to natural resources conservation area status certain state forest lands in counties with a population of 25,000 or less that are subject to timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act. The approved list of properties for transfer is identified in the LEAP capital document No. 2011-5A, revised April 10, 2013.

(2) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110, in the same manner as valuable material revenues from other state forest lands in the applicable counties. The value of the land transferred must be deposited in the park land trust revolving account and be solely used to buy replacement state forest land within the same county as the property transferred, consistent with RCW 79.22.060.

(3) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose.

(4) The department and applicable counties shall work in good faith to carry out the intent of this section. However, the department or applicable counties may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide

The appropriations in this section are subject to the following conditions and limitations: The appropriations are provided solely for the expedited removal and disposal of derelict vessels under RCW 79.100.100 and for vessels eligible for the voluntary vessel turn-in program established in chapter 291, Laws of 2013 (Engrossed Substitute House Bill No. 1245).

(1) The department must streamline the process for removing and disposing of derelict vessels in order to expedite the elimination of the backlog of identified derelict vessels. Department staff resources must prioritize their time on the legal process of identifying legal ownership and responsibility and contracting for the removal and disposal of identified derelict vessels. The department must develop and execute contracts for removal and disposal of derelict vessels that:

- (a) Ensure proper management of any hazardous wastes;

- (c) Balance costs of removal and disposal after accounting for salvage value with the need to develop contractor capacity to achieve the expedited elimination of the backlog of identified derelict vessels.

(2) The department may expend up to three percent of the appropriations for administration of the project.

(3) The department must submit a progress report each December 1st and May 1st of each year of the biennium. The report must include a list of the vessels removed and disposed of, the costs incurred for administration, removal, and disposal, and the number of vessels remaining to be removed and disposed of at the end of the reporting period.

Trust Land Transfer (30000200)

The appropriation in this section is subject to the following conditions and limitations:

(1) \$300,000 of the appropriation in this section is provided solely for a state trust land inventory evaluation. The inventory evaluation shall determine the acreage of department managed trust lands, by asset class, that may be eligible for the trust land transfer program over the next several decades, based on currently available information. The department shall provide an interim report to the legislature by January 31, 2014, on project scope, progress to date, and recommended criteria for lease or transfer program. The department shall provide a final report by January 1, 2015.

(2) The remaining appropriation is provided solely to the department to transfer from trust status, or enter into fifty year leases for, certain trust lands of statewide significance deemed appropriate for state park, fish and wildlife habitat, natural area preserve, natural resources conservation area, open space, or recreation purposes. The approved list of properties for lease or transfer is identified in the LEAP capital document No. 2013-3A, developed April 10, 2013.

(3) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2013, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(4) Property subject to lease agreements under this section must be appraised at fair market value. Lease terms must be fifty years with options to renew for an additional fifty years. Lease payments must be lump sum payments for the entire term of the lease at the beginning of the lease. The department shall calculate such lump sum payments using professional appraisal standards. These lease payments may not exceed the fee simple purchase price based on current fair market value and must be deposited by the department to the common school construction account in the same manner as lease revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. No later than September 30, 2013, the department must transfer to the common school construction account the portion of the appropriation in this section that is attributable to receipts from lease payments.

(5) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs and shall not exceed one and nine-tenths percent of the appropriation.

(6) Intergrant exchanges between common school and other trust lands of equal value may occur if the exchange is in the interest of each trust, as determined by the board of natural resources.

(7) Prior to or concurrent with conveyance of these properties, the department, with full cooperation of the receiving agencies, shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer and lease agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose. Transfer and lease agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(8) The department and receiving agencies shall work in good faith to carry out the intent of this section. However, the department or receiving agencies may remove a property from the transfer list based on new, substantive information, if it is determined that transfer of the property is not in the statewide interest of either the common school trust or the receiving agency.

(9) \$39,232,000 of the appropriation must be deposited in the common school construction account by September 30, 2013. The department shall execute trust land transfers so that after the deduction of reasonable costs as provided in subsection (4) of this section on an aggregate basis eighty percent of the total value of transferred property is timber value or lease payments and is deposited in the common school construction account. To achieve the eighty percent requirement, the department may choose to lease properties originally intended as transfers or transfer properties originally intended as leases.

(10) By June 30, 2015, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$1,340,000 of the common school construction account--state appropriation is provided solely for study and survey grants and for completing inventory and building condition assessments for all public school districts once every six years.

(2) \$933,000 of the common school construction account--state appropriation is provided solely for mapping the design of new facilities and remapping the design of facilities to be remodeled, for school construction projects funded through the school construction assistance program.

(3) \$250,000 of the common school construction account--state appropriation is provided solely for the superintendent of public instruction to create interagency agreements for the following purposes:

(a) An interagency agreement with The Evergreen State College for a study by the Washington state institute for public policy on the relationship between school design and student performance. The institute must review available research on the relationship between school design and quality of school facilities and student performance. The institute must develop recommendations on how the school construction assistance program can better support state policy objectives to reform and improve public education if the review finds credible research that supports those recommendations. The institute must prepare a report describing the recommendations and their projected costs and benefits. The report must be submitted to the appropriate committees of the legislature by September 1, 2014. The institute must convene an advisory group to assist in the development of these recommendations. The advisory group must include representation from general classroom teachers at various grade levels, teachers of subjects that require specialized facilities such as science laboratories and vocational facilities, school facility managers, school facility designers, and other experts on the relationship between the quality and design of educational facilities, the efficacy of teaching and instruction, and student academic performance. The advisory group must review and consider findings and recommendations in the 2009 joint legislative task force on school construction funding. The recommendations must consider ways to provide financial assistance to develop and improve educational facilities to support at least the following policy objectives:

- (i) Greater access and more effective instruction in science, technology, engineering, and math;
- (ii) Improved instruction;
- (iii) Class size reduction in grades K-3;
- (iv) Expanded college and career readiness programs that require specialized facilities like skill centers.

(b) An interagency agreement with the office of financial management to coordinate a review and make recommendations regarding the financing of specialized school facilities such as skill centers. A report to the appropriate committees of the legislature

- (iv) A review of siting decision factors; financial incentives; education demands; and recommendations for maximizing the appropriate statewide siting of specialized facilities;
- (v) An evaluation of the benefit-cost of skill center expansion to satellite and branch campuses as implemented under RCW 28A.245.030;
- (vi) Options for increasing efficiency in the use of high-cost specialized school facilities, such as the shared use of specialized facilities at skill centers and community colleges, and ways to share funding responsibilities between multiple school districts and the state.

(4) The office of the superintendent of public instruction must improve web-based access by taxpayers to school capacity and actual enrollment in order to understand possible opportunities to increase efficiency through consolidation. The office of the superintendent of public instruction must post this capacity and enrollment information on its web site.

Everett University Center (91000026)

The appropriation in this section is subject to the following conditions and limitations:

(1) The building must be delivered using design build, as defined by chapter 39.10 RCW, with a guarantee for energy, operations, and maintenance performance.

(2) To ensure that the total cost of the project is accounted for and the most reasonable and cost efficient design is used, Washington State University shall develop life cycle costs for this project. The life cycle costs shall represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life cycle cost analysis is to integrate it into the early part of the design process.

(3) Washington State University shall develop a minimum of three project alternatives for use in the life cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life cycle cost analysis.

(4) The office of financial management shall: (a) Make available a life cycle cost model to be used for analysis; and (b) in consultation with the department of enterprise services, provide assistance in using the life cycle cost model.

(5) The Washington State University shall consider architectural and engineering firms' and general contractors' experience using life cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting a contractor using alternative contracting methods.

(2) To the greatest extent possible, the center must use information from existing studies, supplemented by primary research, to measure and evaluate each project's benefits and costs.

(3) The center must measure and report the economic benefits of each project on a disaggregated basis, so that it is clear the extent to which an individual project is expected to result in increases in fish populations, increases in the reliability of irrigation water during severe drought years, and improvements in municipal and domestic water supply.

(4) The center may enter into agreements with other state universities and with private consultants as needed to accomplish the scope of work.

(5) The center may consult, as necessary, with the department of ecology and the Yakima river basin water enhancement project workgroup.

(6) No more than twelve percent of the total appropriation may be retained for administrative overhead expenses.

(7) The center must submit the benefit-cost analyses, findings and any recommendations on the following projects by December 15, 2014, to appropriate legislative fiscal committees:

NEW SECTION. Sec. 6014. COLUMBIA RIVER BASIN NONTAXABLE AND TAXABLE BOND PROCEEDS.

Portions of the appropriation authority granted by this act from the Columbia river basin water supply development account may be transferred to the Columbia river basin taxable bond water supply development account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the Columbia river basin water supply development account and the Columbia river basin taxable bond water supply development account is necessary, or that a shift of appropriation authority from the Columbia river basin taxable bond water supply development account to the Columbia river basin water supply development account may be made.

(End of part)

**PART 7
MISCELLANEOUS PROVISIONS**

NEW SECTION. Sec. 7001. RCW 43.88.031 requires the disclosure of the estimated debt service costs associated with new capital bond appropriations. The estimated debt service costs for the appropriations contained in this act are twenty-eight million dollars for the 2013-2015 biennium, one hundred ninety million dollars for the 2015-2017 biennium, and two hundred seventy-eight million dollars for the 2017-2019 biennium.

NEW SECTION. Sec. 7002. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 7003. (1) The legislature finds that use of life cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life cycle costs for any construction project over \$5,000,000. The life cycle costs shall represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies shall develop a minimum of three project alternatives for use in the life cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life cycle cost model; and (c) update the life cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. Sec. 7004. To ensure that major construction projects are carried out in accordance with legislative and executive intent, appropriations in this act in excess of \$5,000,000 shall not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign. The predesign document must include, but not be limited to, program, site, and cost analysis, including life-cycle cost, in accordance with the predesign manual adopted by the office of financial management. The results of life-cycle cost analysis shall be a primary consideration in the selection of a building design. Construction shall proceed only upon providing to the office of financial management the life-cycle costs. To improve monitoring of major construction projects, progress reports must be submitted by the agency administering the project to the office of financial management and to the fiscal committees of the house of representatives and senate. Reports must be submitted on July 1st and December 31st each year in a format to be developed by the office of financial management.

NEW SECTION. Sec. 7005. (1) To ensure minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee. All projects must meet the criteria included in subsection (2)(a) of this section. Revisions to the lists must be filed with the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee and include an explanation of variances from the prior lists before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that include multiple projects of a similar nature and that are valued between \$25,000 and \$1,000,000 each, with the exception of higher education minor works projects that may be valued up to \$2,000,000. These projects can generally be completed within two years of the appropriation with the funding provided. Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed \$1,000,000, or \$2,000,000 for higher education minor works projects. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock, computers or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(c) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

(3) Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

NEW SECTION. Sec. 7006. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 7007. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 7008. The office of financial management, in accordance with RCW 28B.77.070 and 43.88D.010, shall include the following in the scoring process: (1) The office of financial management shall develop a single prioritized list that includes all projects requesting funding, with the exception of minor works and predesign requests. Predesigns shall be on a separate prioritized list; (2) the office of financial management shall increase the weighting of the reasonableness of

cost criteria; (3) projects shall be scored only once unless the office of financial management, or the requesting school, find that the project scope or budget has significantly changed.

NEW SECTION. Sec. 7009. FOR THE OFFICE OF FINANCIAL MANAGEMENT

State Toxic Control and Environmental Legacy Stewardship Accounts Budgeting

The office of financial management, working with the department of ecology and legislative fiscal committee staff, shall develop a process and procedures for the budgeting of the state toxics control account and the environmental legacy stewardship account to ensure adequate funding for the base operating programs as specified in RCW 70.105D.070 (3) is maintained. This includes recommendations on how the base operating budget work will be assigned to the two accounts, and, if future shifts between the two accounts are necessary to maintain existing funding levels, procedures that describe when they are to be addressed through maintenance level or policy level decision packages. These procedures shall be submitted to the legislative fiscal and environmental committees by October 1, 2013.

NEW SECTION. Sec. 7010. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 7018. The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2015-2017 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

NEW SECTION. Sec. 7019. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 7020. (b) The local government must have developed a capital facility plan; and

(c) The local government must be using all local revenue sources which are reasonably available for funding public works, taking into consideration local employment and economic factors.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive financial assistance under this chapter unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving financial assistance under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 that has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 may apply for and receive financial assistance under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before executing a contractual agreement for financial assistance with the board.

(3) In considering awarding financial assistance for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, the board must consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) The board must develop a priority process for public works projects as provided in this section. The intent of the priority process is to maximize the value of public works projects accomplished with assistance under this chapter. The board must attempt to assure a geographical balance in assigning priorities to projects. The board must consider at least the following factors in assigning a priority to a project:

(a) Whether the local government receiving assistance has experienced severe fiscal distress resulting from natural disaster or emergency public works needs;

(b) Except as otherwise conditioned by RCW 43.155.110, whether the entity receiving assistance is a Puget Sound partner, as defined in RCW 90.71.010;

(c) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(d) Whether the project is critical in nature and would affect the health and safety of a great number of citizens;

(e) Whether the applicant's permitting process has been certified as streamlined by the office of regulatory assistance;

(f) Whether the applicant has developed and adhered to guidelines regarding its permitting process for those applying for development permits consistent with section 1(2), chapter 231, Laws of 2007;

EIGHTEENTH DAY, JUNE 29, 2013

2013 2ND SPECIAL SESSION

(g) The cost of the project compared to the size of the local government and amount of loan money available;

(h) The number of communities served by or funding the project;

(i) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(j) Whether the project is the acquisition, expansion, improvement, or renovation by a local government of a public water system that is in violation of health and safety standards, including the cost of extending existing service to such a system;

(k) Except as otherwise conditioned by RCW 43.155.120, and effective one calendar year following the development of model evergreen community management plans and ordinances under RCW 35.105.050, whether the entity receiving assistance has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(l) The relative benefit of the project to the community, considering the present level of economic activity in the community and the existing local capacity to increase local economic activity in communities that have low economic growth; and

(m) Other criteria that the board considers advisable.

(5) For the 2013-2015 fiscal biennium, in place of the criteria, ranking, and submission processes for construction loan lists provided in subsections (4) and (7) of this section:

(a) The board must develop a process for numerically ranking applications for construction loans submitted by local governments. The board must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

(i) Whether the project is critical in nature and would affect the health and safety of many people;

(ii) The extent to which the project leverages nonstate funds;

(iii) The extent to which the project is ready to proceed to construction;

(iv) Whether the project is located in an area of high unemployment, compared to the average state unemployment;

(v) Whether the project promotes the sustainable use of resources and environmental quality;

(vi) Whether the project consolidates or regionalizes systems;

(vii) Whether the project encourages economic development through mixed-use and mixed income development consistent with chapter 36.70A RCW;

(ix) Achieving equitable distribution of funds by geography and population;

(x) The extent to which the project meets the following state policy objectives:

(A) Efficient use of state resources;

(B) Preservation and enhancement of health and safety;

(C) Abatement of pollution and protection of the environment;

(D) Creation of new, family wage jobs, and avoidance of shifting existing jobs from one Washington state community to another;

(E) Fostering economic development consistent with chapter 36.70A RCW;

(F) Efficiency in delivery of goods and services, public transit, and transportation;

(G) Avoidance of additional costs to state and local governments that adversely impact local residents and small businesses; and

(H) Reduction of the overall cost of public infrastructure; and

(xi) Other criteria that the board considers necessary to achieve the purposes of this chapter.

(b) Before November 1, 2014, the board must develop and

submit to the appropriate fiscal committees of the senate and house of representatives a ranked list of qualified public works projects which have been evaluated by the board and are recommended for funding by the legislature. The maximum amount of funding that the board may recommend for any jurisdiction is ten million dollars per biennium. For each project on the ranked list, as well as for eligible projects not recommended for funding, the board must document the numerical ranking that was assigned.

(6) Existing debt or financial obligations of local governments may not be refinanced under this chapter. Each local government applicant must provide documentation of attempts to secure additional local or other sources of funding for each public works project for which financial assistance is sought under this chapter.

~~((6))~~ (7) Before November 1st of each even-numbered year, the board must develop and submit to the appropriate fiscal committees of the senate and house of representatives a description of the loans made under RCW 43.155.065, 43.155.068, and subsection ~~((9))~~ (10) of this section during the preceding fiscal year and a prioritized list of projects which are recommended for funding by the legislature, including one copy to the staff of each of the committees. The list must include, but not be limited to, a description of each project and recommended financing, the terms and conditions of the loan or financial guarantee, the local government jurisdiction and unemployment rate, demonstration of the jurisdiction's critical need for the project and documentation of local funds being used to finance the public works project. The list must also include measures of fiscal capacity for each jurisdiction recommended for financial assistance, compared to authorized limits and state averages, including local government sales taxes; real estate excise taxes; property taxes; and charges for or taxes on sewerage, water, garbage, and other utilities.

~~((7))~~ (8) The board may not sign contracts or otherwise financially obligate funds from the public works assistance account before the legislature has appropriated funds for a specific list of public works projects. The legislature may remove projects from the list recommended by the board. The legislature may not change the order of the priorities recommended for funding by the board.

~~((8))~~ (9) Subsection ~~((7))~~ (8) of this section does not apply to loans made under RCW 43.155.065, 43.155.068, and subsection ~~((9))~~ (10) of this section.

~~((9))~~ (10) Loans made for the purpose of capital facilities plans are exempted from subsection ~~((7))~~ (8) of this section.

~~((10))~~ (11) To qualify for loans or pledges for solid waste or recycling facilities under this chapter, a city or county must demonstrate that the solid waste or recycling facility is consistent with and necessary to implement the comprehensive solid waste management plan adopted by the city or county under chapter 70.95 RCW.

~~((11))~~ (12) After January 1, 2010, any project designed to address the effects of storm water or wastewater on Puget Sound may be funded under this section only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(13) During the 2013-2015 fiscal biennium, for projects involving repair, replacement, or improvement of a wastewater treatment plant or other public works facility for which an investment grade efficiency audit is obtainable, the public works board must require as a contract condition that the project sponsor undertake an investment grade efficiency audit. The project sponsor may finance the costs of the audit as part of its public works assistance account program loan.

(14)(a) For public works assistance account application rounds conducted during the 2013-2015 fiscal biennium, the board must implement policies and procedures designed to maximize local

government use of federally-funded drinking water and clean water state revolving funds operated by the state departments of health and ecology. The board, department of ecology, and department of health must jointly develop evaluation criteria and application procedures that will increase access of eligible drinking water and wastewater projects to the public works assistance account for short-term preconstruction financing and to the federally funded state revolving funds for construction financing. The procedures must also strengthen coordinated funding of preconstruction and construction projects.

(b) For all construction loan projects proposed to the legislature for funding during the 2013-2015 fiscal biennium, the board must base interest rates on the average daily market interest rate for tax-exempt municipal bonds as published in the bond buyer's index for the period from sixty to thirty days before the start of the application cycle. For projects with a repayment period between five and twenty years, the rate must be sixty percent of the market rate. For projects with a repayment period under five years, the rate must be thirty percent of the market rate. The board must also provide reduced interest rates, extended repayment periods, or forgivable principal loans for projects that meet financial hardship criteria as measured by the affordability index or similar standard measure of financial hardship.

(c) By December 1, 2013, the board must recommend to the appropriate committees of the legislature statutory language to make permanent these new criteria, procedures, and financing policies.

(b) Funds for plans and programs must be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.

(c) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. Eligible activities include, but are not limited to: Environmental site assessments; remedial investigations; health assessments; feasibility studies; site planning; community involvement; land use and regulatory analyses; building and infrastructure assessments; economic and fiscal analyses; and any environmental analyses under chapter 43.21C RCW;

(v) Provide grants to local governments for remedial actions related to areawide groundwater contamination. To receive the

funding, the local government does not need to be a potentially liable person or be required to seek reimbursement of grant funds from a potentially liable person;

(vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under (c)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(d) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance. For the 2013-2015 fiscal biennium, moneys in the local toxics control account may be spent on projects in sections 3024, 3035, 3036, and 3059 of this act.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 fiscal biennium, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement chapter 1, Laws of 2013 2nd sp. sess. using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in chapter 1, Laws of 2013 2nd sp. sess. effects the ability of a potentially liable person to receive public funding.

(10) During the 2013-2015 fiscal biennium the local toxics control account may also be used for the centennial clean water program and for storm water grants.

NEW SECTION. Sec. 7039. (1) The legislature finds that use of life cycle cost analysis will aid public entities, architects, engineers, and contractors in making design and construction decisions that positively impact both the initial construction cost and the ongoing operating and maintenance cost of a project. To ensure that the total cost of a project is accounted for and the most reasonable and cost efficient design is used, agencies shall develop life cycle costs for any construction project over \$5,000,000. The life cycle costs shall represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life cycle cost analysis is to integrate it into the early part of the design process. The office of financial management shall select six major construction projects that are estimated to be over five million dollars and have not procured the

EIGHTEENTH DAY, JUNE 29, 2013

2013 2ND SPECIAL SESSION

architectural firm for design, to have a life cycle cost analysis to be conducted early in the design process.

(2) Agencies shall develop a minimum of three project alternatives for use in the life cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life cycle cost analysis section of the predesign.

(3) The Office of financial management shall: (a) Make available a life cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life cycle cost model; and (d) update the life cycle cost model annually including assumptions for inflation rates, discount rates and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

Sec. 7040. RCW 46.68.350 and 2010 c 161 s 823 are each amended to read as follows:

(1) The snowmobile account is created within the state treasury. Snowmobile registration fees, monetary civil penalties from snowmobile dealers, and snowmobile fuel tax moneys collected under this chapter and chapter 46.17 RCW and in excess of the amounts fixed for the administration of the registration and fuel tax provisions of this chapter must be deposited into the account and must be appropriated only to the state parks and recreation commission for the administration and coordination of this chapter.

(2) The moneys collected by the department as snowmobile registration fees, monetary civil penalties from snowmobile dealers, and fuel tax moneys placed into the account must be distributed in the following manner:

(a) Actual expenses not to exceed three percent for each year must be retained by the department to cover expenses incurred in the administration of the registration and fuel tax provisions of this chapter; and

(b) The remainder of funds each year must be remitted to the state treasurer to be deposited into the snowmobile account of the general fund and must be appropriated only to the commission to be expended for snowmobile purposes. Purposes may include, but not necessarily be limited to, the administration, acquisition, development, operation, and maintenance of snowmobile facilities and development and implementation of snowmobile safety, enforcement, and education programs. During the 2013-2015 biennium the legislature may appropriate funds from the account to the department of natural resources for purpose of planning and supporting snowmobile activities on lands purchased by the department in the Yakima river basin.

(3) This section is not intended to discourage any public agency in this state from developing and implementing snowmobile programs. The commission may award grants to public agencies and contract with any public or private agency or person for the purpose of developing and implementing snowmobile programs, as long as the programs are not inconsistent with the rules adopted by the commission.

Sec. 7041. RCW 79.17.210 and 2011 c 216 s 13 are each amended to read as follows:

(1) The legislature finds that the department has a need to maintain the real property asset base it manages and needs an accounting mechanism to complete transactions without reducing the real property asset base.

(2) The natural resources real property replacement account is created in the state treasury. This account shall consist of funds

transferred or paid for the disposal or transfer of real property by the department under RCW 79.17.200 and the transfer of state lands or state forest lands into community forest trust lands under RCW 79.155.040. The funds in this account shall be used solely for the acquisition of replacement real property and may be spent only when, and as, authorized by legislative appropriation. During the 2013-2015 fiscal biennium, funds in the account may also be appropriated for the land purchase in section . . . of this act under the provisions of section . . . and Second Substitute Senate Bill No. 5367.

Sec. 7042. RCW 70.105D.--- and 2013 2nd sp.s. c 1 s 10 are each amended to read as follows:

Beginning July 1, 2013, and every fiscal year thereafter, the annual amount received from the tax imposed by RCW 82.21.030 that exceeds one hundred forty million dollars must be deposited into the environmental legacy stewardship account. The state treasurer may make periodic deposits into the environmental legacy stewardship account based on forecasted revenue. Moneys in the account may only be spent after appropriation.

(2) Moneys in the environmental legacy stewardship account may be spent on performance and outcome based projects, model remedies, demonstrated technologies, procedures, contracts, and project management and oversight that result in significant reductions in the time to complete compared to baseline averages for:

(a) Purposes authorized under RCW 70.105D.070 (3) and (4);

(b) Storm water low-impact retrofit projects and other projects with significant environmental benefits that reduce storm water pollution from existing infrastructure and development;

(c) Cleanup and disposal of hazardous substances from abandoned or derelict vessels, defined for the purposes of this section as vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel, that pose a threat to human health or the environment; and

(d) Appropriations to the state and local toxics control accounts created in RCW 70.105D.070 if the legislature determines that priorities for spending exceed available funds in those accounts.

(3) Except as provided under RCW 70.105D.070(3) (k) and (q), nothing in this act expands the ability of a potentially liable person to receive public funding.

(4) For the 2013-2015 fiscal biennium, moneys in the environmental legacy stewardship account may be transferred to the local toxics control account.

NEW SECTION. Sec. 7043. FOR THE STATE TREASURER--TRANSFERS

MOTION

On motion of Senator Honeyford, the rules were suspended, Engrossed Substitute Senate Bill No. 5035 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senators Honeyford, Nelson, Baumgartner, Fraser and O'Ban spoke in favor of passage of the bill.

Editor's Note: The following point of personal privilege was made during remarks made on passage of the bill.]

Senator O'Ban: "Mr. President, may I, uh (gestures to turn toward the body)."

REPLY BY THE PRESIDENT

President Owen: "President Owen: "You may."

PERSONAL PRIVILEGE

Senator O'Ban: "Senator O'Ban: "I rise in support of this capital budget but this is my maiden speech as a new senator of this esteemed body. I did have the opportunity, a few of weeks ago, to speak not so much on the merits of a bill but in honor of my friend and the man I'm going to try to, who's feet I'm going to try to fill, Senator Carrell. But, before I can give my maiden speech, I understand that there's a custom here on this floor that one first presents a gift to each member of this place. So, uh, you are now being distributed some of the finest cuisine of the District which I serve, the 28th District. I serve a number of wonderful communities but one of those is Joint Base Lewis-McChord [JBLM]. You will know that our fine men and women who serve our country give up a lot to do so. They give up hearth and home and comforts, including mom's best-cooked meal and instead they eat, often, a meals, Meal Ready to Eat [MRE]. And I thought, some of you are going to be in your car and you're going to be traveling back and you're going to be hungry and you may be tempted to stop and get a non-nutritious meal, jump back in your car. There's something really wonderful about this meal. You can cook it with the implements that come with it. So you can keep right on going and heat it up in your car. In fact, if you're hungry right now, you can break out the little heating source and you could cook it on your desk."

REMARKS BY THE PRESIDENT

President Owen: "President Owen: "Afraid not."

PERSONAL PRIVILEGE

Senator O'Ban: "I'm sorry. I should've asked the President's permission. Apparently you shouldn't, should not do that. But, at any rate, this does symbolize the sacrifice that our men and women do serve, in having a meal that is designed more for efficiency than it is for delicacy. Enjoy. I do, actually, urge you to sample some of this. It'll give you a little bit of a sense of what it's like to be in the military. I have two sons at JBLM. One taking a Stryker command in a few months and the other one in Civil Affairs and they say these are scrumptious. Oh, and my maiden speech, I'm sorry: I urge your support of the capital budget."

The President declared the question before the Senate to be the final passage of Engrossed Substitute Senate Bill No. 5035.

ROLL CALL

The Secretary called the roll on the final passage of Engrossed Substitute Senate Bill No. 5035 and the bill passed the Senate by the following vote: Yeas, 47; Nays, 0; Absent, 0; Excused, 2.

EIGHTEENTH DAY, JUNE 29, 2013

2013 2ND SPECIAL SESSION

Voting yea: Senators Bailey, Baumgartner, Becker, Benton, Billig, Braun, Brown, Chase, Cleveland, Conway, Dammeier, Darneille, Eide, Ericksen, Fain, Fraser, Frockt, Hargrove, Harper, Hasegawa, Hatfield, Hewitt, Hill, Hobbs, Holmquist Newbry, Honeyford, Keiser, King, Kohl-Welles, Litzow, McAuliffe, Murray, Nelson, O'Ban, Padden, Parlette, Pearson, Ranker, Rivers, Roach, Rolfes, Schlicher, Schoesler, Sheldon, Shin, Smith and Tom

correcting me but not yet gaveling him down for not asking for permission to turn around given the abuse I received my first few weeks here. I share my colleague's concerns about the MREs. It's an interesting gift my friend. Thank you for continuing to make sure I will have patients in the ER, especially the Seattle crowd that will be heading north and trying to drive while consuming these items. Sounds like a hazardous and distracting idea. In all seriousness, welcome to the Senate. Welcome to the front row where they seem to stick all of the newbies here and look forward seeing you next year but, thank God, not tomorrow."

Excused: Senators Kline and Mullet

ENGROSSED SUBSTITUTE SENATE BILL NO. 5035, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

REMARKS BY THE PRESIDENT

President Owen: "The President thinks we should take a vote on whether Senator O'Ban's or Senator Hobbs' gift was the worst. I'm still thinking Hobbs has it beat myself."

PERSONAL PRIVILEGE

Senator Hewitt: "Thank you Mr. President. Senator O'Ban, would you stand for a question please? Notice I didn't ask him. So Senator, this says on the back the back, 'U. S. Government property, commercial resale is unlawful.' I'd like to know how you got your hands on these?"

PERSONAL PRIVILEGE

Senator O'Ban: "May I turn to face the...Senator Hobbs, will you yield to a question? Sir, are you aware that you can trade these if you want? These are suitable for trading."

REMARKS BY SENATOR O'BAN

Senator O'Ban: "Mr. President. Do I need to answer the question?"

Senator Hobbs: "That is correct, you can trade these."

REPLY BY THE PRESIDENT

President Owen: "Nope."

Senator O'Ban: "So it's not necessary for the members of the body to consume this all in one setting or at all."

REMARKS BY SENATOR O'BAN

Senator O'Ban: "Senator, I purchased these with my own money from JBLM."

Senator Hobbs: "That is true, you can actually take parts of it and make field recipes, you can too."

PERSONAL PRIVILEGE

Senator Smith: "I would like to express a sincere appreciation to the Senator from the Twenty-Eighth because now he has at last, provided me with a meal that I can make for myself that I won't starve to death from. The first that's actually happened. So thank you."

Senator O'Ban: "That's right. So I would just urge members if they don't want to share in the experiences of the men and women who are serving our country so ably so sacrificially. If this is too good for them, they can always trade the food."

PERSONAL PRIVILEGE

PERSONAL PRIVILEGE

Senator Hobbs: "I think it's well known in this body that I had the worst gift ever, a tee shirt. I'm glad to know that someone has beat me with the worst gift ever. Senator O'Dan Bam O'Ban? Really? MREs? I have nightmares of MREs. The reason why they gave or you bought them. They were available because they don't like them. I mean, I don't know what you're trying to do with the members here. These are known to, well, to have soldiers kind of not go to the bathroom for a long time. I know we have a lot of members here who have a problem going to the bathroom anyway. So, I don't know what you're trying to do to them. This is not a very good start of your Senate career but I wish you well. And by the way, I would advise you not to eat these unless you absolutely have to. They're like two to three thousand calories but thank you very much and welcome to the Senate."

Senator Roach: "Actually I learned one time when I was at the Yakima firing range and we had MREs that they have, are you ready for this? They have fifty-five hundred calories a piece in them. So I want to thank the Senator from the Twenty-eighth for actually not one meal but five."

MESSAGE FROM THE GOVERNOR

PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE
BILL 5024

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 201(3); 209(10); 216(5); 218(2); 306(7); 306(22); 313(4); 313(5); 602; 903; page 139, lines 23-25; 903(1); 904, page 151, lines 7-9; 904(1); 906, page 154, lines 8-10; and 906(1), Engrossed Substitute Senate Bill 5024 entitled:

“AN ACT Relating to transportation funding and appropriations.”

Section 201(3), page 7, Washington Traffic Safety Commission, Traffic Safety Resource Prosecutor Program

This proviso requires the traffic safety prosecutor program to be moved from the Washington State Patrol to the Washington Association of Prosecuting Attorneys. Before making this change, a thorough analysis of the advantages and disadvantages should be done. For this reason, I have vetoed Section 201(3) and instructed the Washington Traffic Safety Commission to investigate this proposal.

Section 209(10), page 20, Department of Transportation, Annual Independent Audits

FIRST DAY, NOVEMBER 7, 2013

The Fiscal Year 2013 annual independent audit of State Route 520 is currently under way and will be completed in Fiscal Year 2014. This proviso would require the audit to be completed through an interagency agreement between the Department of Transportation and Office of Financial Management. This change would duplicate work and delay completion of the audit required in the State Route 520 master bond resolution. For these reasons, I have vetoed Section 209(10).

Section 216(5), page 26, Department of Transportation, Guide Signs to the City of Kenmore and Other Destinations

Traffic control signing, including guide signs to destinations, should be done in a cooperative manner between the Department of Transportation and the requestor to ensure that safety and motorist needs are met. State and federal regulations and policy are in place to guide this process. This proviso, therefore, is unnecessary. For this reason, I have vetoed Section 216(5) and directed the Department to work with the City of Kenmore to resolve their traffic control signing issues.

Section 218(2), page 29-30, Department of Transportation, Study on Restricting Use of Steel on Guardrail Posts

Section 218(2) directs the Department of Transportation to contract with an independent research organization to study wood guardrails; however, no funding is provided for the study. Moreover, the Department evaluated the use of wood guardrails as recently as 2009 and is currently conducting a study concerning guardrail materials. For these reasons, I have vetoed Section 218(2).

Section 306(7), pages 41-42, Interstate 5/Columbia River Crossing

Section 306(7) directs the expenditure of \$81 million, including federal funds, for the Columbia River Crossing project. I see no wisdom in expending these funds if the state of Washington does not contribute adequate funding necessary to complete the project. This section would result in the expenditure of \$81 million to no result. If there are no other funds appropriated, the bridge project cannot move forward because federal funding will disappear. In addition, this section would prohibit expenditure of federal funding that is necessary to build the bridge. If the Coast Guard permit is not issued, there is no need for the waste of \$81 million.

Section 306(22), page 47, Department of Transportation, Report on Public or Private Entity Mitigation

Section 306(22) requires the Department of Transportation to report to the chairs of the Senate and House transportation committees whenever it is in negotiations to provide a public or private entity mitigation for \$10 million or more. While I support the interest in transparency and accountability when negotiating public funds, non-disclosure agreements may require the Department to maintain confidentiality during certain negotiations. Therefore, I have vetoed Section 306(22) and directed the Department to develop a process to report on mitigation agreements exceeding \$10 million.

Section 313(4), page 57, Department of Transportation, Quarterly Reporting Requirements

This proviso requires the Department of Transportation to report quarterly on change order details that include the name of the contractor, dollar value of the change order, and explanation of the change order. No funding was provided for either the system or human resource efforts this would require given that there is no

2013 3RD SPECIAL SESSION

dollar threshold for reporting change orders. For this reason, I have vetoed Section 313(4).

Section 313(5), page 57, Department of Transportation, Quarterly Reporting Requirements

This proviso requires the Department of Transportation to report quarterly on all mitigation payments, including the party with whom the mitigation was negotiated, as well as the parties with whom the Department is in ongoing negotiations. No funding was provided for either the system or human resource efforts this would require given that there is no dollar threshold for reporting mitigation payments. For this reason, I have vetoed Section 313(5).

Section 602, page 74, Department of Transportation, Transitioning Passenger Vehicles to DES Motor Pool

This section directs the Department of Transportation to begin transitioning its passenger vehicles to the Department of Enterprise Services motor pool and prohibits the purchase of new passenger vehicles with appropriations in this act by programs headquartered in Thurston County. However, it is not clear whether the Department of Transportation's specialty service trucks are passenger vehicles as defined in RCW 46.04.382. I believe these vehicles, such as light trucks used by maintenance workers, should remain with the Department of Transportation. For this reason, I have vetoed Section 602 and directed the Department of Transportation to work with the Department of Enterprise Services to transition its vehicles to the motor pool where practicable and where efficiencies can be created.

Section 903, page 139, lines 23-25, and Section 903(1), page 140, Transportation Partnership Account-State Appropriation, Improvements Program

Due to unforeseen changes in the timing of expenditures for highway improvement projects and the lack of flexibility in the capital program budgets, this appropriation change would result in an estimated shortfall of approximately \$30 million in expenditure authority in the highway improvement program. The Department of Transportation must keep projects within the total spending plan; however, retaining the supplemental budget's original Transportation Partnership Account-State appropriation will provide flexibility in the timing of expenditures as the state transitions from one biennium to the next during the peak construction period. For these reasons, I have vetoed Section 903, page 139, lines 23-25, and Section 903(1).

Section 904, page 151, lines 7-9, and Section 904(1), page 151, Transportation Partnership Account-State Appropriation, Preservation Program

Due to unforeseen changes in the timing of expenditures for highway preservation projects and the lack of flexibility in the capital program budgets, this appropriation change would result in an estimated shortfall of approximately \$23 million in expenditure authority in the highway preservation program. The Department of Transportation must keep projects within the total spending plan; however, retaining the supplemental budget's original Transportation Partnership Account-State appropriation will provide flexibility in the timing of expenditures as the state transitions from one biennium to the next during the peak construction period. For these reasons, I have vetoed Section 904, page 151, lines 7-9, and Section 904(1).

Section 906, page 154, lines 8-10, and Section 906(1), page 154, Transportation 2003 Account (Nickel Account)-State

Appropriation, Washington State Ferries Construction Program

Due to unforeseen changes in the timing of expenditures for ferry capital construction projects and the lack of flexibility in the capital program budgets, this appropriation change would result in an estimated shortfall of approximately \$7 million in expenditure authority in the ferry capital program.

The Department of Transportation must keep projects within the total spending plan; however, retaining the supplemental budget's original Transportation 2003 Account (Nickel Account)-State appropriation will provide flexibility in the timing of expenditures as the state transitions from one biennium to the next during the peak construction period. For these reasons, I have vetoed Section 906, page 154, lines 8-10, and Section 906(1).

For these reasons I have vetoed Sections 201(3); 209(10); 216(5); 218(2); 306(7); 306(22); 313(4); 313(5); 602; 903, page 139, lines 23-25; 903(1); 904, page 151, lines 7-9; 904(1); 906, page 154, lines 8-10; and 906(1) of Engrossed Substitute Senate Bill 5024.

With the exception of Sections 201(3); 209(10); 216(5); 218(2); 306(7); 306(22); 313(4); 313(5); 602; 903, page 139, lines 23-25; 903(1); 904, page 151, lines 7-9; 904(1); 906, page 154, lines 8-10; and 906(1), Engrossed Substitute Senate Bill 5024 is approved.

Respectfully submitted,
Jay Inslee, Governor

The Honorable Brad Owen

Dear Lieutenant Governor Owen:

We respectfully transmit for your consideration Engrossed Substitute Senate Bill No. 5946 and Third Engrossed Substitute Senate Bill No. 5034 which have been partially vetoed by the Governor along with his objection to the bills, as required by Article III, section 12, of the Washington State Constitution.

MESSAGE FROM THE GOVERNOR

PARTIAL VETO ON THIRD ENGROSSED SUBSTITUTE
SENATE BILL 5034

June 30, 2013

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 103(10); 103(11); 114(3); 124(2); 124(3); 124(4); 124(5); 130(5);

148(4); 150, page 37, lines 33-36 and page 38, lines 1-7; 205(1)(e); 208(7); 213(35); 213(36); 217(5); 219(25); 302(8); 307(15); 501(1)(a)(v); 610(1); 610(2); and 610(8), Third Engrossed Substitute Senate Bill 5034 entitled:

“AN ACT Relating to fiscal matters.”

Section 103(10), page 6, Joint Legislative Audit and Review Committee, Study of State Agency Performance Indicators and Performance Measurement Process

This proviso directs the Joint Legislative Audit and Review Committee to study the effectiveness of state agency performance indicators and performance measurement processes established in Chapter 43.88 RCW, the state Budget and Accounting Act. My administration is already conducting a thorough and rigorous review of state agency performance indicators and measurements through our Results Washington initiative. I appreciate the Legislature's interest in performance management, but this review would be unnecessarily duplicative. For these reasons, I have vetoed Section 103(10).

Section 103(11), page 6, Joint Legislative Audit and Review Committee, Study of Electricity Cost Impacts from Renewable Energy Standards

This proviso directs the Joint Legislative Audit and Review Committee to assess the cost impacts of the state's renewable electricity standards without also evaluating the economic and environmental benefits of renewable energy. The study is unnecessary, as there are cost controls built into the standards. In addition, improvements to the Energy Independence Act will also be considered through the ongoing efforts of the Climate Legislative and Executive Workgroup created in Chapter 6, Laws 2013 (E2SSB 5802). For these reasons, I have vetoed Section 103(11).

Section 114(3), page 9, Administrator for the Courts, Office of Chief Information Officer Approval of Judicial Technology Expenditures

This proviso requires the Administrative Office of the Courts (AOC) to work with the Office of the Chief Information Officer (OCIO) to analyze the feasibility of moving judicial branch information technology equipment into the state data center. AOC is willing to undertake this analysis, in conjunction with the OCIO, as requested. However, the proviso also prohibits AOC from expending funds appropriated for an information network hub project and computer equipment replacement unless approved by the OCIO. This limitation on AOC's appropriation authority is not necessary given AOC's commitment to work cooperatively with the OCIO. I am willing to revisit this issue, however, should the necessary analysis not proceed in a timely and efficient manner. For this reason, I have vetoed Section 114(3).

Sections 124(2), 124(3), 124(4), 124(5), pages 16-17, State Auditor, Audit and Evaluation Requests

The State Auditor's is requested by the Legislature to conduct various audits and evaluations on actuarial functions, managed care systems, federal compliance and fraud activity, and inmate intake and reception processes. The budget reduces the State Auditor's ability to conduct performance audits by diverting nearly \$10 million from the Performance Audits of Government Account to funds to other activities, including \$5.6 million of funding for the Joint Legislative Audit and Review Committee (JLARC). Initiative 900 created the Performance Audits of Government Account to fund comprehensive performance audits independently chosen by the State Auditor. Therefore, the State

FIRST DAY, NOVEMBER 7, 2013

Auditor should select the audits he will perform within his limited funds. Legislatively directed audits should be performed by JLARC. For these reasons, I have vetoed Sections 124(2), 124(3), 124(4), 125(5).

Section 130(5), page 28, Office of Financial Management, One-Stop Portal Monitoring

This proviso requires the Office of the Chief Information Officer to submit a plan to establish performance benchmarks and measuring results of implementing a one-stop integrated system for business interactions with government. A similar reporting requirement is contained in Substitute Senate Bill 5718, which passed the Legislature, making this proviso unnecessary. For this reason, I have vetoed Section 130(5).

Section 148(4), page 36, Department of Enterprise Services, Building Code Council Aspirational Codes

This proviso prohibits the State Building Code Council from working on aspirational codes, which are voluntary codes that offer builders options to demonstrate new energy efficiency measures that are economically and technically feasible. Energy efficiency is the cheapest, quickest, and cleanest way to meet rising energy needs, confront climate change, and boost our economy. Therefore, I believe the Building Code Council should continue this work for the benefit of our state's taxpayers. For this reason, I have vetoed Section 148(4). Moreover, while I have not vetoed subsection (3) of this section, the proviso attempts to amend substantive law through the budget by "modifying" the Council's statutory authority and by restricting member compensation as allowed under RCW 19.27.070. Therefore, this improper proviso does not restrict the appropriation authority or activities of the Building Code Council.

Section 150, page 37, lines 33-36 and page 38, lines 1-7, Department of Archaeology and Historic Preservation, Agency Survey and Inventory Processes

The Department of Archaeology and Historic Preservation is directed to report to the Legislature by December 1, 2013, and a second report by December 1, 2014, regarding the agency's survey and inventory processes. No funding was provided to compile the necessary data, which is not readily available to the Department, to complete these reports. For this reason, I have vetoed Section 150, page 37, lines 33-36 and page 38, lines 1-7. However, I am directing the Department to work with interested stakeholders to provide useful and available information about the survey and inventory processes within existing resources.

Section 205(1)(e), page 61, Department of Social and Health Services, Rate Disparity Report

The Department of Social and Health Services is directed to report to the Legislature by December 31, 2013, with a strategy to reduce the rate disparity between urban and suburban residential service providers. No funding was provided to the Department and it does not currently collect the data necessary to complete the report. For this reason I have vetoed Section 205(1)(e).

Section 208(7), page 73, Department of Social and Health Services, Chemical Dependency Treatment Study

This proviso requires the Department of Social and Health Services to contract with the Washington State Institute for Public Policy (WSIPP) to study the long-term efficacy of the chemical dependency treatment program. Under Chapter 338, Laws of 2013 (2SSB 5732), WSIPP will develop an inventory of evidence-based and research-based prevention and intervention

2013 3RD SPECIAL SESSION

services for the Department to use in preparing a behavioral health improvement strategy. Additionally, no funding is provided to the Department to contract for this study. For these reasons, I have vetoed Section 208(7).

Section 213(35), page 88, Health Care Authority, Rebates for Brand Name Drugs

This proviso requires the Health Care Authority to purchase brand name drugs when it determines the cost of the brand name drug after rebate is less than the cost of generic alternatives and that the purchase of the brand rather than generic version can save at least \$250,000. The state has made a concerted effort to reduce pharmaceutical drug costs through increasing generic drug use when clinically appropriate. This requirement is administratively burdensome to implement and will likely result in increased costs rather than savings. For these reasons I have vetoed Section 213(35).

Section 213(36), page 88, Health Care Authority, Preferred Drug List Exclusions

This proviso prohibits the Health Care Authority from including specific drugs in the Medicaid preferred drug list for the fee-for-service population. This proviso is in direct conflict with the state's goal of ensuring that our expenditures on services, devices, and medications provide the greatest health benefit for employees and clients. Excluding classes of drugs from evidence-based medicine is inconsistent with improving health care quality and reducing costs. For this reason I have vetoed Section 213(36).

Section 217(5), page 96, Department of Labor and Industries; Section 219(25), page 105, Department of Health; Section 302(8), pages 119-120, Department of Ecology; Formal Review Process Existing Rules

These provisos require the Department of Labor and Industries, Health, and Ecology to establish and perform a formal review process of its existing rules within existing funds. A similar reporting requirement is included in SSB 5679, which passed the Legislature, making these provisos unnecessary. For this reason, I have vetoed Sections 217(5), 219(25), and 302(8).

Section 307(15), pages 126-127, Department of Fish and Wildlife; Payments in Lieu of Taxes Methodology

The Department of Fish and Wildlife is directed to develop and submit a revised payment methodology for certain counties that receive payments in lieu of taxes (PILT) for game lands managed by the Department. The revised methodology is directed to provide supplemental payments to these counties. I believe a comprehensive review of PILT for game lands should be conducted without any predetermined outcome. Therefore, I am directing the Department of Revenue to work with the Department of Fish and Wildlife and the Office of Financial Management to examine the current PILT methodologies, as well as methodologies used by other states and the federal government, to develop by December 1, 2013, options and recommendations to revise the PILT program. For this reason, I have vetoed Section 307(15).

Section 501(1)(a)(v), page 136, Superintendent of Public Instruction

This proviso requires the Office of the Superintendent of Public Instruction to review career and technical education and skill center formulas by October 1, 2013. The due date does not provide enough time for staff to accomplish the task. The Superintendent has expressed a commitment to completing the

review by June 1, 2014. For these reasons, I have vetoed Section 501(1)(a)(v).

Section 610(1), page 190, The Evergreen State College, Extraordinary Foster Care Cost Study

This proviso directs the Washington State Institute for Public Policy to examine the extraordinary costs of individual foster care children to identify whether the cost of placements is consistent across similarly acute children. The Children's Administration of the Department of Social and Health Services routinely evaluates high cost placements and services but must make decisions based on the unique needs of each child. A study is not necessary at this time. For this reason, I have vetoed Section 610(1).

Section 610(2), page 190, The Evergreen State College, Safety Assessment Tool Study

This proviso directs the Washington State Institute for Public Policy to conduct an empirical study of the validity and reliability of the safety assessment tool used by the Children's Administration of the Department of Social and Health Services. The Department is currently evaluating the assessment tool as it implements the family assessment response system required by Chapter 259, Laws 2012 (ESSB 6555). A study at this time would be premature when the Department has not yet determined whether the assessment tool will continue to be used, modified or maintained. For this reason, I have vetoed Section 610(2).

Section 610(8), page 191-192, The Evergreen State College, K-12 Funding Task Force

This proviso establishes an eleven member task force on K-12 funding, to be staffed by the Washington State Institute for Public Policy. The task force is to examine and provide options on the following topics: salary allocation methodologies, career and technical education, and the appropriate use of state and local property taxes to finance public schools. Within the past three years, legislatively authorized working groups have conducted thorough reviews of compensation, career and technical education, and use of local levies. Another task force is duplicative of proposals from recent workgroups. For this reason, I have vetoed Section 610(8).

For these reasons I have vetoed Sections 103(10); 103(11); 114(3); 124(2); 124(3); 124(4); 124(5); 130(5); 148(4); 150, page 37, lines 33-36 and page 38, lines 1-7; 205(1)(e); 208(7); 213(35); 213(36); 217(5); 219(25); 302(8); 307(15); 501(1)(a)(v); 610(1); 610(2); and 610(8) of Third Engrossed Substitute Senate Bill 5034.

With the exception of Sections 103(10); 103(11); 114(3); 124(2); 124(3); 124(4); 124(5); 130(5); 148(4); 150, page 37, lines 33-36 and page 38, lines 1-7; 205(1)(e); 208(7); 213(35); 213(36); 217(5); 219(25); 302(8); 307(15); 501(1)(a)(v); 610(1); 610(2); and 610(8), Third Engrossed Substitute Senate Bill 5034 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE
BILL 5946

June 30, 2013

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 304 and 515, Engrossed Substitute Senate Bill 5946 entitled:

“AN ACT Relating to strengthening student educational outcomes.”

This legislation includes reforms to improve student achievement, which includes strategies to address early elementary school literacy, strengthening the learning assistance programs, reforming the approach to long-term student suspensions, and clarifications regarding the alternative learning experience program.

Section 304 is an intent section that discusses various experiences of schools and students, and is not necessary to interpret or implement the substantive provisions of the bill. For this reason, I have vetoed section 304.

Section 515 requires the Office of Financial Management by November 1, 2013, to complete a study, in consultation with various stakeholders, to create a proposal for efficiently and sustainably funding alternative learning experience courses and to recommend steps to increase the focus of educational outcomes. Given the short timeline for completion, the Office would need to contract for the work, and no funding was provided to the Office to conduct the study. For these reasons, I have vetoed section 515.

For these reasons I have vetoed Sections 304 and 515 of Engrossed Substitute Senate Bill 5946.

With the exception of Sections 304 and 515, Engrossed Substitute Senate Bill 5946 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE SECRETARY OF STATE

July 2, 2013

The Honorable Brad Owen
Lieutenant Governor of Washington
Legislative Building
Olympia, Washington 98504

Dear Lieutenant Governor Owen:

We respectfully transmit for your consideration Engrossed Substitute Senate Bill No. 5035 which has been partially vetoed by the Governor, along with his objection to the bill, as required by Article III, section 12, of the Washington State Constitution.

IN TESTIMONY WHEREOF, I have signed and affixed the Seal of the state of Washington, this 2nd day of July, 2013.

(Seal) KIM WYMAN, Secretary of State

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE
BILL 5035

July 1, 2013

INTRODUCTION AND FIRST READING OF HOUSE BILLS

To the Honorable President and Members,
The Senate of the State of Washington

HCR 4413 by Representatives Sullivan and Kretz

Ladies and Gentlemen:

Specifying the status of bills, resolutions, and memorials.

I am returning herewith, without my approval as to Section 5020(3), Engrossed Substitute Senate Bill 5035 entitled:

MOTION

“AN ACT Relating to the capital budget.”

On motion of Senator Fain, under suspension of the rules House Concurrent Resolution No. 4413 was placed on the second reading calendar.

Section 5020(3), pages 166-168, Superintendent of Public Instruction, 2013-15 School Construction Assistance Program – Maintenance

MOTION

This proviso directs the Superintendent of Public Instruction to create an interagency agreement with The Evergreen State College for a study by the Washington State Institute of Public Policy. The purpose of the study is to analyze the relationship between school design and student performance and to develop recommendations for the school construction assistance program. The institute is further directed to create an advisory group to assist in the development of these recommendations. I believe this study is overly broad and an unnecessary expense. The current system of evaluating school construction projects adequately addresses school capital needs. Moreover, the 2013-2015 capital budget fully funds the state’s school construction assistance program.

On motion of Senator Fain, the Senate advanced to the sixth order of business.

SECOND READING

For this reason, I have vetoed Section 5020(3) of Engrossed Substitute Senate Bill 5035.

PARLIAMENTARY INQUIRY

Senator Roach: "Well, Mr. President, when we start the legislative session in January I believe it's true that there is an opportunity for people to sign onto bills for about forty-eight hours that very first day. Is that how that works? Then subsequent days it's a twenty-four hour basis."

REPLY BY THE PRESIDENT

President Owen: "I don't know if that's exactly, it's up to the discretion of the senate how long they are going to allow a person to sign onto the bill."

POINT OF ORDER

Senator Roach: "Well, I guess one thing that I wanted to point out is there are just a few people on this bill and I'd certainly would like to have had the opportunity to sign on to it. We get calls. Some of us were not in because, we are here today but there was no floor action yesterday and so forth and I'd like to be a part of this. What I think is a part of history for Washington State. Maybe the majority of you who have not had the opportunity to sign on might also like to be sponsors of this piece of legislation. I would certainly like to ask the President to rule on this. This is a special session. It is a special time and I believe many of my colleagues would also like to join me in being sponsors of this historic legislation. Mr. President."

The President declared the question before the Senate to be the final passage of Senate Bill No. 5953.

REMARKS BY THE PRESIDENT

President Owen: "Senator Roach, you did not raise a question or a challenge so the President is moving forward with the vote."

POINT OF ORDER

Senator Roach: "I would like to have a response about that: Whether or not it's possible. I'd like to move to suspend Rule 56 so that we allow members of the senate, the body, to sign onto this bill as being sponsors and that would be both Senate Bill No. 5953 and Senate Bill No. 5952."

REPLY BY THE PRESIDENT

President Owen: "Senator Roach, you stated the wrong rule but we'll take care of that."

The President declared the question before the Senate to be the motion Senator Roach that the rules be suspended and members be allowed to sign onto legislation before the Senate existing time restrictions notwithstanding.

The motion by Senator Roach carried, the rules were suspended, and members were allowed to sign onto legislation before the Senate existing time restrictions notwithstanding by voice vote.

ROLL CALL

The Secretary called the roll on the final passage of Senate Bill No. 5953 and the bill passed the Senate by the following vote: Yeas, 44; Nays, 0; Absent, 0; Excused, 5.

Voting yea: Senators Bailey, Baumgartner, Becker, Benton, Billig, Braun, Brown, Chase, Cleveland, Conway, Dammeier, Darneille, Eide, Ericksen, Fain, Fraser, Frockt, Hargrove, Harper, Hasegawa, Hatfield, Hill, Hobbs, Holmquist Newbry, Honeyford, Keiser, King, Kline, Litzow, McAuliffe, Mullet, Murray, Nelson, O'Ban, Padden, Parlette, Pearson, Rivers, Roach, Rolfes, Schoesler, Sheldon, Smith and Tom

Excused: Senators Hewitt, Kohl-Welles, Ranker, Schlicher and Shin

SENATE BILL NO. 5953, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

REMARKS BY THE PRESIDENT

President Owen: "For the members information I've spoken with Senator Roach and we have kind of an agreement here that, please, if you want to sign onto these bills, we're going to have a sheet up here for you to sign onto. Do it within the next half hour because we can't send this bill over to the House until we have your signatures. So, we're going to keep it open for a short period of time and then shut it down and then send the bill over. And, please, do both bills at the same time so that we can get them moving."

SECOND READING

SENATE BILL NO. 5952, by Senators Hill, Fain, Ericksen, Tom, Fraser, Eide, King, Hatfield and Hobbs

Incentivizing a long-term commitment to maintain and grow jobs in the aerospace industry in Washington state by extending the expiration date of aerospace tax preferences and expanding the sales and use tax exemption for the construction of new facilities used to manufacture superefficient airplanes to include the construction of new facilities used to manufacture commercial airplanes or the wings or fuselage of commercial airplanes.

MOTION

On motion of Senator Hargrove, Substitute Senate Bill No. 5952 was substituted for Senate Bill No. 5952 and the substitute bill was placed on the second reading and read the second time.

MOTION

Senator Hargrove moved that the following striking amendment by Senators Hargrove and Hill be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the people of Washington have benefited enormously from the presence of the aerospace industry in Washington state. The legislature further finds that the industry continues to provide good wages and benefits for the thousands of engineers, mechanics, and support staff

THIRD DAY, NOVEMBER 9, 2013

2013 3RD SPECIAL SESSION

working directly in the industry throughout the state. The legislature further finds that suppliers and vendors that support the aerospace industry in turn provide a range of well-paying jobs. In 2003, and again in 2006, and 2007, the legislature determined it was in the public interest to encourage the continued presence of the aerospace industry through the provision of tax incentives. To this end, and in recognition of the continuing extreme importance of the aerospace industry in Washington, it is the legislature's intent to reaffirm and build upon prior aerospace tax incentive legislation in a fiscally prudent manner.

(2) The legislature categorizes the tax preferences extended in this act as intended to create or retain jobs, as indicated in RCW 82.32.808(2)(c).

(3) It is the legislature's specific public policy objective to maintain and grow Washington's aerospace industry workforce. To help achieve this public policy objective, it is the legislature's intent to conditionally extend aerospace industry tax preferences until July 1, 2040, in recognition of intent by the state's aerospace industry sector to maintain and grow its workforce within the state.

(4) The joint legislative audit and review committee must review the tax preferences provided in this act and report to the legislature by December 1, 2019, and every five years thereafter. As part of its tax preference reviews, the committee must specifically assess changes in aerospace industry employment in Washington in comparison with other states and internationally. To the extent practicable, the committee must use occupational data statistics provided by the bureau of labor statistics and state agencies responsible for administering unemployment insurance to perform this assessment.

NEW SECTION. Sec. 2. A new section is added to chapter 82.32 RCW to read as follows:

(1) Chapter ..., Laws of 2013 3rd sp. sess. (this act) takes effect contingent upon the siting of a significant commercial airplane manufacturing program in the state of Washington. If a significant commercial airplane manufacturing program is not sited in the state of Washington by June 30, 2017, chapter ..., Laws of 2013 3rd sp. sess. (this act) does not take effect.

(2) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Commercial airplane" has the same meaning provided in RCW 82.32.550.

(b) "New model, or any version or variant of an existing model, of a commercial airplane" means a commercial airplane manufactured with a carbon fiber composite fuselage or carbon fiber composite wings or both.

(c) "Significant commercial airplane manufacturing program" means an airplane program in which the following products, including final assembly, will commence manufacture at a new or existing location within Washington state on or after the effective date of this section:

(i) The new model, or any version or variant of an existing model, of a commercial airplane; and

(ii) Fuselages and wings of a new model, or any version or variant of an existing model, of a commercial airplane.

(d) "Siting" means a final decision, made on or after November 1, 2013, by a manufacturer to locate a significant commercial airplane manufacturing program in Washington state.

(3) The department must make a determination regarding whether the contingency in subsection (1) of this section occurs and must provide written notice of the date on which such contingency occurs and chapter ..., Laws of 2013 3rd sp. sess. (this act) takes effect. If the department determines that the contingency in subsection (1) of this section has not occurred by June 30, 2017, the department must provide written notice stating that chapter ..., Laws of 2013 3rd sp. sess. (this act) does not take effect. Written notice

(2) The credit is equal to:

(a)(i)(A) Property taxes paid on buildings, and land upon which the buildings are located, constructed after December 1, 2003, and used exclusively in manufacturing commercial airplanes or components of such airplanes; and

(B) Leasehold excise taxes paid with respect to buildings constructed after January 1, 2006, the land upon which the buildings are located, or both, if the buildings are used exclusively in manufacturing commercial airplanes or components of such airplanes; and

(C) Property taxes or leasehold excise taxes paid on, or with respect to, buildings constructed after June 30, 2008, the land upon which the buildings are located, or both, and used exclusively for aerospace product development, manufacturing tooling specifically designed for use in manufacturing commercial airplanes or their components, or in providing aerospace services, by persons not within the scope of (a)(i)(A) and (B) of this subsection (2) and are taxable under RCW 82.04.290(3), 82.04.260(~~((40))~~) (11)(b), or 82.04.250(3); or

PERSONAL PRIVILEGE

Senator Benton: "Thank you Mr. President. There has been a lot of praises here on the floor today. Praises for the Legislature. Praises for Boeing. Praises for the Governor. But I couldn't let this weekend pass or this event pass without praising those who made this all possible here today. The reason we are here, the reason the Senate is here, the reason we have the House of Representatives, we reason we even have an elected governor is because of our veterans and the sacrifices those veterans have made. As you know from previous speeches I have given here, I come from a family of veterans and I just want to remind everybody that sixty-nine years ago there was a letter handed out to every soldier, sailor and airman and it started out like this: 'Soldiers, sailmen and airmen of the Allied Expeditionary Force, today we embark on the great crusade.' The letter went on to explain on how important it was to defeat the Nazi war machine and it closed with this statement: 'The hopes and prayers of liberty loving people everywhere go with you.' And it was signed by the Allied Commander General Dwight D. Eisenhower. Sixty-eight years ago on this very day, the Nazi concentration camp of Buchenwald was liberated. November 9, 1944, sixty-nine years ago on this very day General Patton's Third Army crossed the river and threatened the first city in France to be liberated. And forty-three years ago, the bloodiest battle of the Vietnam War was fought, the Battle of Dak To, where American soldiers were victorious. Let us not lose sight of these sacrifices that have been made. I call your attention to the most recent Washington citizen that has given their life for their great country: Specialist Robert Ellis from Kennewick, Washington, who sacrificed his life on June 18 of this year in Afghanistan. Veterans everywhere in this country and today, because I'm in Washington, veterans of Washington need to be specially

remembered for the sacrifices that they make. Those who give their lives and those who are fortunate to return from conflict to protect this great county and this incredible institution that we call democracy. Without them, there would no democracy anywhere in the world. We have been the shining light for the world. And so, today, I am proud to stand and say, I'm sorry I couldn't be at the Veterans Day parade in Vancouver where my Boy Scout Troop are proudly marching today to honor the those veterans. I'm sorry boys I can't be with you but I'll see you tomorrow and I'll see you at the events that we have planned for Monday. But let's all say thank you this weekend to all of our veterans that have given, and to their families who have sacrificed, so that they can give. Thank you. Thank you veterans. Thank you Mr. President."

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 5024

May 20, 2013

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 201(3); 209(10); 216(5); 218(2); 306(7); 306(22); 313(4); 313(5); 602; 903; page 139, lines 23-25; 903(1); 904, page 151, lines 7-9; 904(1); 906, page 154, lines 8-10; and 906(1), Engrossed Substitute Senate Bill 5024 entitled:

“AN ACT Relating to transportation funding and appropriations.”

Section 201(3), page 7, Washington Traffic Safety Commission, Traffic Safety Resource Prosecutor Program

This proviso requires the traffic safety prosecutor program to be moved from the Washington State Patrol to the Washington Association of Prosecuting Attorneys. Before making this change, a thorough analysis of the advantages and disadvantages should be done. For this reason, I have vetoed Section 201(3) and instructed the Washington Traffic Safety Commission to investigate this proposal.

Section 209(10), page 20, Department of Transportation, Annual Independent Audits

The Fiscal Year 2013 annual independent audit of State Route 520 is currently under way and will be completed in Fiscal Year 2014. This proviso would require the audit to be completed through an interagency agreement between the Department of Transportation and Office of Financial Management. This change would duplicate work and delay completion of the audit required in the State Route 520 master bond resolution. For these reasons, I have vetoed Section 209(10).

Section 216(5), page 26, Department of Transportation, Guide Signs to the City of Kenmore and Other Destinations

Traffic control signing, including guide signs to destinations, should be done in a cooperative manner between the Department of Transportation and the requestor to ensure that safety and motorist needs are met. State and federal regulations and policy are in place to guide this process. This proviso, therefore, is unnecessary. For this reason, I have vetoed Section 216(5) and directed the Department to work with the City of Kenmore to resolve their traffic control signing issues.

Section 218(2), page 29-30, Department of Transportation, Study on Restricting Use of Steel on Guardrail Posts

Section 218(2) directs the Department of Transportation to contract with an independent research organization to study wood guardrails; however, no funding is provided for the study. Moreover, the Department evaluated the use of wood guardrails as recently as 2009 and is currently conducting a study concerning guardrail materials. For these reasons, I have vetoed Section 218(2).

Section 306(7), pages 41-42, Interstate 5/Columbia River Crossing

Section 306(7) directs the expenditure of \$81 million, including federal funds, for the Columbia River Crossing project. I see no wisdom in expending these funds if the state of Washington does not contribute adequate funding necessary to complete the project. This section would result in the expenditure of \$81 million to no result. If there are no other funds appropriated, the bridge project cannot move forward because federal funding will disappear. In addition, this section would prohibit expenditure of federal funding that is necessary to build the bridge. If the Coast Guard permit is not issued, there is no need for the waste of \$81 million.

Section 306(22), page 47, Department of Transportation, Report on Public or Private Entity Mitigation

Section 306(22) requires the Department of Transportation to report to the chairs of the Senate and House transportation committees whenever it is in negotiations to provide a public or private entity mitigation for \$10 million or more. While I support the interest in transparency and accountability when negotiating public funds, non-disclosure agreements may require the Department to maintain confidentiality during certain negotiations. Therefore, I have vetoed Section 306(22) and directed the Department to develop a process to report on mitigation agreements exceeding \$10 million.

Section 313(4), page 57, Department of Transportation, Quarterly Reporting Requirements

This proviso requires the Department of Transportation to report quarterly on change order details that include the name of the contractor, dollar value of the change order, and explanation of the change order. No funding was provided for either the system or human resource efforts this would require given that there is no dollar threshold for reporting change orders. For this reason, I have vetoed Section 313(4).

Section 313(5), page 57, Department of Transportation, Quarterly Reporting Requirements

This proviso requires the Department of Transportation to report quarterly on all mitigation payments, including the party with whom the mitigation was negotiated, as well as the parties with whom the Department is in ongoing negotiations. No funding was provided for either the system or human resource efforts this would require given that there is no dollar threshold for reporting mitigation payments. For this reason, I have vetoed Section 313(5).

Section 602, page 74, Department of Transportation, Transitioning Passenger Vehicles to DES Motor Pool

This section directs the Department of Transportation to begin transitioning its passenger vehicles to the Department of Enterprise Services motor pool and prohibits the purchase of new passenger vehicles with appropriations in this act by programs headquartered in Thurston County. However, it is not clear whether the Department of Transportation's specialty service trucks are passenger vehicles as defined in RCW 46.04.382. I believe these vehicles, such as light trucks used by maintenance workers, should remain with the Department of Transportation. For this reason, I have vetoed Section 602 and directed the Department of Transportation to work with the Department of Enterprise Services to transition its vehicles to the motor pool where practicable and where efficiencies can be created.

Section 903, page 139, lines 23-25, and Section 903(1), page 140, Transportation Partnership Account-State Appropriation, Improvements Program

Due to unforeseen changes in the timing of expenditures for highway improvement projects and the lack of flexibility in the capital program budgets, this appropriation change would result in an estimated shortfall of approximately \$30 million in expenditure authority in the highway improvement program. The Department of Transportation must keep projects within the total spending plan; however, retaining the supplemental budget's original Transportation Partnership Account-State appropriation will provide flexibility in the timing of expenditures as the state transitions from one biennium to the next during the peak construction period. For these reasons, I have vetoed Section 903, page 139, lines 23-25, and Section 903(1).

Section 904, page 151, lines 7-9, and Section 904(1), page 151, Transportation Partnership Account-State Appropriation, Preservation Program

Due to unforeseen changes in the timing of expenditures for highway preservation projects and the lack of flexibility in the capital program budgets, this appropriation change would result in an estimated shortfall of approximately \$23 million in expenditure authority in the highway preservation program. The Department of Transportation must keep projects within the total spending plan; however, retaining the supplemental budget's original Transportation Partnership Account-State appropriation will provide flexibility in the timing of expenditures as the state transitions from one biennium to the next during the peak construction period. For these reasons, I have vetoed Section 904, page 151, lines 7-9, and Section 904(1).

Section 906, page 154, lines 8-10, and Section 906(1), page 154, Transportation 2003 Account (Nickel Account)-State Appropriation, Washington State Ferries Construction Program

Due to unforeseen changes in the timing of expenditures for ferry capital construction projects and the lack of flexibility in the capital program budgets, this appropriation change would result in an estimated shortfall of approximately \$7 million in expenditure authority in the ferry capital program.

The Department of Transportation must keep projects within the total spending plan; however, retaining the supplemental budget's original Transportation 2003 Account (Nickel Account)-State appropriation will provide flexibility in the timing of expenditures as the state transitions from one biennium to the next during the peak construction period. For these reasons, I have vetoed Section 906, page 154, lines 8-10, and Section 906(1).

For these reasons I have vetoed Sections 201(3); 209(10); 216(5); 218(2); 306(7); 306(22); 313(4); 313(5); 602; 903, page 139, lines 23-25; 903(1); 904, page 151, lines 7-9; 904(1); 906, page 154, lines 8-10; and 906(1) of Engrossed Substitute Senate Bill 5024.

With the exception of Sections 201(3); 209(10); 216(5); 218(2); 306(7); 306(22); 313(4); 313(5); 602; 903, page 139, lines 23-25; 903(1); 904, page 151, lines 7-9; 904(1); 906, page 154, lines 8-10; and 906(1), Engrossed Substitute Senate Bill 5024 is approved.

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL 5946

June 30, 2013

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 304 and 515, Engrossed Substitute Senate Bill 5946 entitled:

“AN ACT Relating to strengthening student educational outcomes.”

This legislation includes reforms to improve student achievement, which includes strategies to address early elementary school literacy, strengthening the learning assistance programs, reforming the approach to long-term student suspensions, and clarifications regarding the alternative learning experience program.

Section 304 is an intent section that discusses various experiences of schools and students, and is not necessary to interpret or implement the substantive provisions of the bill. For this reason, I have vetoed section 304.

Section 515 requires the Office of Financial Management by November 1, 2013, to complete a study, in consultation with various stakeholders, to create a proposal for efficiently and sustainably funding alternative learning experience courses and to recommend steps to increase the focus of educational outcomes. Given the short timeline for completion, the Office would need to contract for the work, and no funding was provided to the Office to conduct the study. For these reasons, I have vetoed section 515.

For these reasons I have vetoed Sections 304 and 515 of Engrossed Substitute Senate Bill 5946.

With the exception of Sections 304 and 515, Engrossed Substitute Senate Bill 5946 is approved.

Respectfully submitted,
Jay Inslee, Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON THIRD ENGROSSED SUBSTITUTE SENATE BILL 5034

June 30, 2013

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 103(10); 103(11); 114(3); 124(2); 124(3); 124(4); 124(5); 130(5); 148(4); 150, page 37, lines 33-36 and page 38, lines 1-7; 205(1)(e); 208(7); 213(35); 213(36); 217(5); 219(25); 302(8); 307(15); 501(1)(a)(v); 610(1); 610(2); and 610(8), Third Engrossed Substitute Senate Bill 5034 entitled:

“AN ACT Relating to fiscal matters.”

Section 103(10), page 6, Joint Legislative Audit and Review Committee, Study of State Agency Performance Indicators and Performance Measurement Process

This proviso directs the Joint Legislative Audit and Review Committee to study the effectiveness of state agency performance indicators and performance measurement processes established in Chapter 43.88 RCW, the state Budget and Accounting Act. My administration is already conducting a thorough and rigorous review of state agency performance indicators and measurements through our Results Washington initiative. I appreciate the Legislature’s interest in performance management, but this review would be unnecessarily duplicative. For these reasons, I have vetoed Section 103(10).

Section 103(11), page 6, Joint Legislative Audit and Review Committee, Study of Electricity Cost Impacts from Renewable Energy Standards

This proviso directs the Joint Legislative Audit and Review Committee to assess the cost impacts of the state’s renewable electricity standards without also evaluating the economic and environmental benefits of renewable energy. The study is unnecessary, as there are cost controls built into the standards. In addition, improvements to the Energy Independence Act will also be considered through the ongoing efforts of the Climate Legislative and Executive Workgroup created in Chapter 6, Laws 2013 (E2SSB 5802). For these reasons, I have vetoed Section 103(11).

Section 114(3), page 9, Administrator for the Courts, Office of Chief Information Officer Approval of Judicial Technology Expenditures

This proviso requires the Administrative Office of the Courts (AOC) to work with the Office of the Chief Information Officer (OCIO) to analyze the feasibility of moving judicial branch information technology equipment into the state data center. AOC is

willing to undertake this analysis, in conjunction with the OCIO, as requested. However, the proviso also prohibits AOC from expending funds appropriated for an information network hub project and computer equipment replacement unless approved by the OCIO. This limitation on AOC's appropriation authority is not necessary given AOC's commitment to work cooperatively with the OCIO. I am willing to revisit this issue, however, should the necessary analysis not proceed in a timely and efficient manner. For this reason, I have vetoed Section 114(3).

Sections 124(2), 124(3), 124(4), 124(5), pages 16-17, State Auditor, Audit and Evaluation Requests

The State Auditor's is requested by the Legislature to conduct various audits and evaluations on actuarial functions, managed care systems, federal compliance and fraud activity, and inmate intake and reception processes. The budget reduces the State Auditor's ability to conduct performance audits by diverting nearly \$10 million from the Performance Audits of Government Account to funds to other activities, including \$5.6 million of funding for the Joint Legislative Audit and Review Committee (JLARC). Initiative 900 created the Performance Audits of Government Account to fund comprehensive performance audits independently chosen by the State Auditor. Therefore, the State Auditor should select the audits he will perform within his limited funds. Legislatively directed audits should be performed by JLARC. For these reasons, I have vetoed Sections 124(2), 124(3), 124(4), 125(5).

Section 130(5), page 28, Office of Financial Management, One-Stop Portal Monitoring

This proviso requires the Office of the Chief Information Officer to submit a plan to establish performance benchmarks and measuring results of implementing a one-stop integrated system for business interactions with government. A similar reporting requirement is contained in Substitute Senate Bill 5718, which passed the Legislature, making this proviso unnecessary. For this reason, I have vetoed Section 130(5).

Section 148(4), page 36, Department of Enterprise Services, Building Code Council Aspirational Codes

This proviso prohibits the State Building Code Council from working on aspirational codes, which are voluntary codes that offer builders options to demonstrate new energy efficiency measures that are economically and technically feasible. Energy efficiency is the cheapest, quickest, and cleanest way to meet rising energy needs, confront climate change, and boost our economy. Therefore, I believe the Building Code Council should continue this work for the benefit of our state's taxpayers. For this reason, I have vetoed Section 148(4). Moreover, while I have not vetoed subsection (3) of this section, the proviso attempts to amend substantive law through the budget by "modifying" the Council's statutory authority and by restricting member compensation as allowed under RCW 19.27.070. Therefore, this improper proviso does not restrict the appropriation authority or activities of the Building Code Council.

Section 150, page 37, lines 33-36 and page 38, lines 1-7, Department of Archaeology and Historic Preservation, Agency Survey and Inventory Processes

The Department of Archaeology and Historic Preservation is directed to report to the Legislature by December 1, 2013, and a second report by December 1, 2014, regarding the agency's survey and inventory processes. No funding was provided to compile the necessary data, which is not readily available to the Department, to complete these reports. For this reason, I have vetoed Section 150, page 37, lines 33-36 and page 38, lines 1-7. However, I am directing the Department to work with interested stakeholders to provide useful and available information about the survey and inventory processes within existing resources.

Section 205(1)(e), page 61, Department of Social and Health Services, Rate Disparity Report

The Department of Social and Health Services is directed to report to the Legislature by December 31, 2013, with a strategy to reduce the rate disparity between urban and suburban residential service providers. No funding was provided to the Department and it does not currently collect the data necessary to complete the report. For this reason I have vetoed Section 205(1)(e).

Section 208(7), page 73, Department of Social and Health Services, Chemical Dependency Treatment Study

This proviso requires the Department of Social and Health Services to contract with the Washington State Institute for Public Policy (WSIPP) to study the long-term efficacy of the chemical dependency treatment program. Under Chapter 338, Laws of 2013 (2SSB 5732), WSIPP will develop an inventory of evidence-based and research-based prevention and intervention services for the Department to use in preparing a behavioral health improvement strategy. Additionally, no funding is provided to the Department to contract for this study. For these reasons, I have vetoed Section 208(7).

Section 213(35), page 88, Health Care Authority, Rebates for Brand Name Drugs

This proviso requires the Health Care Authority to purchase brand name drugs when it determines the cost of the brand name drug after rebate is less than the cost of generic alternatives and that the purchase of the brand rather than generic version can save at least \$250,000. The state has made a concerted effort to reduce pharmaceutical drug costs through increasing generic drug use when clinically appropriate. This requirement is administratively burdensome to implement and will likely result in increased costs rather than savings. For these reasons I have vetoed Section 213(35).

Section 213(36), page 88, Health Care Authority, Preferred Drug List Exclusions

This proviso prohibits the Health Care Authority from including specific drugs in the Medicaid preferred drug list for the fee-for-service population. This proviso is in direct conflict with the state's goal of ensuring that our expenditures on services, devices, and medications provide the greatest health benefit for employees and clients. Excluding classes of drugs from evidence-based medicine is inconsistent with improving health care quality and reducing costs. For this reason I have vetoed Section 213(36).

Section 217(5), page 96, Department of Labor and Industries; Section 219(25), page 105, Department of Health; Section 302(8), pages 119-120, Department of Ecology; Formal Review Process Existing Rules

These provisos require the Department of Labor and Industries, Health, and Ecology to establish and perform a formal review process of its existing rules within existing funds. A similar reporting requirement is included in SSB 5679, which passed the Legislature, making these provisos unnecessary. For this reason, I have vetoed Sections 217(5), 219(25), and 302(8).

Section 307(15), pages 126-127, Department of Fish and Wildlife; Payments in Lieu of Taxes Methodology

The Department of Fish and Wildlife is directed to develop and submit a revised payment methodology for certain counties that receive payments in lieu of taxes (PILT) for game lands managed by the Department. The revised methodology is directed to provide supplemental payments to these counties. I believe a comprehensive review of PILT for game lands should be conducted without any predetermined outcome. Therefore, I am directing the Department of Revenue to work with the Department of Fish and Wildlife and the Office of Financial Management to examine the current PILT methodologies, as well as methodologies used by other states and the federal government, to develop by December 1, 2013, options and recommendations to revise the PILT program. For this reason, I have vetoed Section 307(15).

Section 501(1)(a)(v), page 136, Superintendent of Public Instruction

This proviso requires the Office of the Superintendent of Public Instruction to review career and technical education and skill center formulas by October 1, 2013. The due date does not provide enough time for staff to accomplish the task. The Superintendent has expressed a commitment to completing the review by June 1, 2014. For these reasons, I have vetoed Section 501(1)(a)(v).

Section 610(1), page 190, The Evergreen State College, Extraordinary Foster Care Cost Study

This proviso directs the Washington State Institute for Public Policy to examine the extraordinary costs of individual foster care children to identify whether the cost of placements is consistent across similarly acute children. The Children's Administration of the Department of Social and Health Services routinely evaluates high cost placements and services but must make decisions based on the unique needs of each child. A study is not necessary at this time. For this reason, I have vetoed Section 610(1).

Section 610(2), page 190, The Evergreen State College, Safety Assessment Tool Study

This proviso directs the Washington State Institute for Public Policy to conduct an empirical study of the validity and reliability of the safety assessment tool used by the Children's Administration of the Department of Social and Health Services. The Department is currently evaluating the assessment tool as it implements the family assessment response system required by Chapter 259, Laws 2012 (ESSB 6555). A study at this time would be premature when the Department has not yet determined whether the assessment tool will continue to be used, modified or maintained. For this reason, I have vetoed Section 610(2).

Section 610(8), page 191-192, The Evergreen State College, K-12 Funding Task Force

This proviso establishes an eleven member task force on K-12 funding, to be staffed by the Washington State Institute for Public Policy. The task force is to examine and provide options on the following topics: salary allocation methodologies, career and technical education, and the appropriate use of state and local property taxes to finance public schools. Within the past three years, legislatively authorized working groups have conducted thorough reviews of compensation, career and technical education, and use of local levies. Another task force is duplicative of proposals from recent workgroups. For this reason, I have vetoed Section 610(8).

For these reasons I have vetoed Sections 103(10); 103(11); 114(3); 124(2); 124(3); 124(4); 124(5); 130(5); 148(4); 150, page 37, lines 33-36 and page 38, lines 1-7; 205(1)(e); 208(7); 213(35); 213(36); 217(5); 219(25); 302(8); 307(15); 501(1)(a)(v); 610(1); 610(2); and 610(8) of Third Engrossed Substitute Senate Bill 5034.

With the exception of Sections 103(10); 103(11); 114(3); 124(2); 124(3); 124(4); 124(5); 130(5); 148(4); 150, page 37, lines 33-36 and page 38, lines 1-7; 205(1)(e); 208(7); 213(35); 213(36); 217(5); 219(25); 302(8); 307(15); 501(1)(a)(v); 610(1); 610(2); and 610(8), Third Engrossed Substitute Senate Bill 5034 is approved.

Respectfully submitted,
Jay Inslee, Governor

July 1, 2013

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5020(3), Engrossed Substitute Senate Bill 5035 entitled:

“AN ACT Relating to the capital budget.”

Section 5020(3), pages 166-168, Superintendent of Public Instruction, 2013-15 School Construction Assistance Program – Maintenance

This proviso directs the Superintendent of Public Instruction to create an interagency agreement with The Evergreen State College for a study by the Washington State Institute of Public Policy. The purpose of the study is to analyze the relationship between school design and student performance and to develop recommendations for the school construction assistance program. The institute is further directed to create an advisory group to assist in the development of these recommendations. I believe this study is overly broad and an unnecessary expense. The current system of evaluating school construction projects adequately addresses school capital needs. Moreover, the 2013-2015 capital budget fully funds the state’s school construction assistance program.

For this reason, I have vetoed Section 5020(3) of Engrossed Substitute Senate Bill 5035.

With the exception of Section 5020(3), Engrossed Substitute Senate Bill 5035 is approved.

Respectfully submitted,
Jay Inslee, Governor
