(1) The county criminal justice assistance account is created in the state treasury. Beginning in fiscal year 2000, the state treasurer must transfer into the county criminal justice assistance account from the general fund the sum of twenty-three million two hundred thousand dollars divided into four equal deposits occurring on July 1, October 1, January 1, and April 1. For each fiscal year thereafter, the state treasurer must increase the total transfer by the fiscal growth factor, as defined in RCW 43.135.025, forecast for that fiscal year by the office of financial management in November of the preceding year.

(2) The moneys deposited in the county criminal justice assistance account for distribution under this section, less any moneys appropriated for purposes under subsection (4) of this section, must be distributed at such times as distributions are made

under RCW 82.44.150 and on the relative basis of each county's funding factor as determined under this subsection.

(a) A county's funding factor is the sum of:

(i) The population of the county, divided by one thousand, and multiplied by two-tenths;

(ii) The crime rate of the county, multiplied by three-tenths; and

(iii) The annual number of criminal cases filed in the county superior court, for each one thousand in population, multiplied by five-tenths.

(b) Under this section and RCW 82.14.320 and 82.14.330:

(i) The population of the county or city is as last determined by the office of financial management;

(ii) The crime rate of the county or city is the annual occurrence of specified criminal offenses, as calculated in the most recent annual report on crime in Washington state as published by the Washington association of sheriffs and police chiefs, for each one thousand in population;

(iii) The annual number of criminal cases filed in the county superior court must be determined by the most recent annual report of the courts of Washington, as published by the administrative office of the courts;

(iv) Distributions and eligibility for distributions in the 1989-1991 biennium must be based on 1988 figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection. Future distributions must be based on the most recent figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection.

(3) Moneys distributed under this section must be expended exclusively for criminal justice purposes and may not be used to replace or supplant existing funding. Criminal justice purposes are defined as activities that substantially assist the criminal justice system, which may include circumstances where ancillary benefit to the civil or juvenile justice system occurs, and which includes (a) domestic violence services such as those provided by domestic violence programs, community advocates, and legal advocates, as defined in RCW 70.123.020, and (b) during the 2001-2003 fiscal biennium, juvenile dispositional hearings relating to petitions for at-risk youth, truancy, and children in need of services. Existing funding for purposes of this subsection is defined as calendar year 1989 actual operating expenditures for criminal justice purposes. Calendar year 1989 actual operating expenditures for criminal justice purposes exclude the following: Expenditures for extraordinary events not likely to reoccur, changes in contract provisions for criminal justice services, beyond the control of the local jurisdiction receiving the services, and major nonrecurring capital expenditures.

(4) Not more than five percent of the funds deposited to the county criminal justice assistance account may be available for appropriations for enhancements to the state patrol crime laboratory system and the continuing costs related to these enhancements. Funds appropriated from this account for such enhancements may not supplant existing funds from the state general fund.

(5) During the 2011-2013 fiscal biennium, the amount that would otherwise be transferred into the county criminal justice assistance account from the general fund under subsection (1) of this section must be reduced by 3.4 percent.

(6) During the 2013-2015 fiscal biennium, for the purposes of substance abuse and other programs for offenders, the legislature may appropriate from the county criminal justice assistance account such amounts as are in excess of the amounts necessary to fully meet the state's obligations to the counties and to the Washington state patrol. Excess amounts in this account are not the result of subsection (5) of this section.

**PART XII
 HUMAN SERVICES**

Sec. 1201. 2012 2nd sp.s. c 7 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2011-2013 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The health care authority and the department shall conduct an evaluation of the WMIP by October 15, 2012, and of the MICP measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(b) Effective January 1, 2013, if Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county

2013 1ST SPECIAL SESSION

legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ~~(2012)~~ 2013, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year ~~(2012)~~ 2013 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ~~(2012)~~ 2013 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medicaid personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

The committee may make changes to the formula categories other than the evidence-based program and disposition alternative categories if it is determined the changes will increase statewide service delivery or effectiveness of evidence-based program or disposition alternative resulting in increased cost benefit savings to the state. Long-term cost benefit must be considered. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. .....	\$321,609,000

.....	\$446,619,000
General Fund--Private/Local Appropriation.....	\$17,864,000
Hospital Safety Net Assessment Fund--State	
Appropriation	\$5,251,000
TOTAL APPROPRIATION.....	(\$1,114,761,000)
.....	\$1,109,077,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$109,342,000 of the general fund--state appropriation for fiscal year 2012 and \$109,341,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for persons and services not covered by the medicaid program. This is a reduction of \$4,348,000 each fiscal year from the nonmedicaid funding that was allocated for expenditure by regional support networks during fiscal year 2011 prior to supplemental budget reductions. This \$4,348,000 reduction shall be distributed among regional support networks proportional to each network's share of the total state population. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: (i) Crisis and commitment services; (ii) community inpatient services; and (iii) residential care services, including personal care and emergency housing assistance.

(b) \$6,590,000 of the general fund--state appropriation for fiscal year 2012, \$6,590,000 of the general fund--state appropriation for fiscal year 2013, and \$7,620,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) \$5,850,000 of the general fund--state appropriation for fiscal year 2012, \$5,850,000 of the general fund--state appropriation for fiscal year 2013, and \$1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per

day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

~~((e))~~ (f) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

~~((h))~~ (g) \$750,000 of the general fund--state appropriation for fiscal year 2012 and \$750,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

~~((i))~~ (h) \$1,125,000 of the general fund--state appropriation for fiscal year 2012 and \$1,125,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

~~((j))~~ (i) \$1,529,000 of the general fund--state appropriation for fiscal year 2012 and \$1,529,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

~~((k))~~ (j) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

~~((l))~~ (k) Given the recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

~~((m))~~ (l) \$750,000 of the general fund--state appropriation for fiscal year 2012, \$750,000 of the general fund--state appropriation

((#)) (m) The appropriations in this section reflect efficiencies to be achieved through voluntary consolidation of regional support networks in accordance with Substitute House Bill No. 2139 (regional support networks). Voluntary consolidation of regional support networks is expected to result in administrative efficiencies and maximize dollars available for direct services to individuals with mental illnesses without corresponding increases in state appropriations.

TOTAL APPROPRIATION.....	(\$1,577,982,000)
.....	\$1,561,711,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b) Amounts appropriated in this subsection reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care recipients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

(c) Amounts appropriated in this subsection are sufficient to develop and implement the use of a consistent, statewide outcome-based vendor contract for employment and day services by July 1, 2012. The rates paid to vendors under this contract shall also be made consistent. In its description of activities the agency shall include activity listings and dollars appropriated for: Employment services, day services, child development services and county administration of services to the developmentally disabled. The department shall begin reporting to the office of financial management on these activities beginning in fiscal year 2010.

(d) \$944,000 of the general fund--state appropriation for fiscal year 2012, \$944,000 of the general fund--state appropriation for fiscal year 2013, and \$1,888,000 of the general fund--federal appropriation are provided solely for state contributions for individual provider health care benefits. (e) \$1,329,000 of the general fund--state appropriation for fiscal year 2012, \$1,622,000 of the general fund--state appropriation for fiscal year 2013, and \$2,947,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, for instructional costs associated with the training of individual providers. However, if the governor and the service employees international union healthcare 775nw can reach agreement on repurposing funding that is currently provided in the individual provider collective bargaining agreement for new individual provider wages paid during training or other training related items, then expenditures for training trust contributions for individual providers may include the amounts provided in this subsection and the agreed upon repurposed funding. Funding in

this section for purposes other than the individual provider collective bargaining agreement cannot be used for the purposes of this subsection (1)(e). It is the intent of the legislature that the funding provided in this subsection, including any repurposed funding, is sufficient to cover the costs of individual provider training and therefore tuition or other entrance fees are not necessary.

(f) ~~(\$104,669,000)~~ \$107,538,000 of the general fund--state appropriation for fiscal year 2013 and ~~(\$104,669,000)~~ \$107,535,000 of the general fund--federal appropriation are provided solely for the department to provide personal care services to waiver and nonwaiver in-home clients. The department shall provide the legislature with a report by December 5, 2012, on the feasibility of converting the medicaid personal care program for in-home adults to a medicaid program as found in section 1915(i) of the federal social security act that utilizes the option for self-direction of individualized budgets. The department shall operate the personal care program within the amounts specifically provided.

Clients age 21 and older who are receiving services through a home- and community-based medicaid waiver shall be offered the choice to transition to a community access program after nine months of enrollment in an employment program, and the option to transition from a community access program to an employment program at any time. The department shall inform clients and their legal representatives of all available options for employment and day services. Information provided to the client and the client's legal representative shall include the types of activities each service option provides, and the amount, scope, and duration of service for which the client would be eligible under each service option. An individual client may be authorized for only one service option, either employment services or community access services. Clients may not participate in more than one of these services at any given time.

(ii) The department shall work with counties and stakeholders to strengthen and expand the existing community access program. The program must emphasize support for the client so they are able to participate in activities that integrate them into their community and support independent living and skills.

(iii) The appropriation in this subsection includes funding to provide employment or community access services to 168 medicaid eligible young adults with developmental disabilities living with their families who need employment opportunities and assistance after high school graduation.

(h) \$75,000 of the general fund--state appropriation for fiscal year 2012 and \$75,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for the restoration of direct support to local organizations that utilize parent-to-parent networks and communication to promote access and quality of care for individuals with developmental disabilities and their families.

Adult family homes shall receive a corresponding vendor rate increase per medicaid patient day of \$0.22 in fiscal year 2012 and \$0.43 in fiscal year 2013, or the amount necessary to fully fund the license fee increase for publicly funded beds, pursuant to the most recent bed estimates maintained by the department.

TWENTY SEVENTH DAY, JUNE 8, 2013

2013 1ST SPECIAL SESSION

(ii) Beginning in fiscal year 2012, a processing fee of \$2,750 shall be charged to each adult family home when the home is initially licensed. This fee is nonrefundable.

(j) Clients with developmental disabilities have demonstrated a need and a desire for a day services program as verified by over 900 clients currently accessing day programs through a long-term care service model. In addition, every individual, to include those with a developmental disability, should have the opportunity for meaningful employment which allows them to contribute to their communities and to become as self-sufficient as possible. Providing choice empowers recipients of publicly funded services and their families by expanding their degree of control over the services and supports they need.

The department shall work with legislators and stakeholders to develop a new approach to employment and day services. The objective of this plan is to ensure that adults with developmental disabilities have optimum choices, and that employment and day offerings are comprehensive enough to meet the needs of all clients currently served on a home and community based waiver. The proposal shall be submitted to the 2012 legislature for consideration and shall be constructed such that a client ultimately receives employment, community access, or the community day option but not more than one service at a time. The proposal shall include options for program efficiencies within the current employment and day structure and shall provide details on the plan to implement a consistent, statewide outcome-based vendor contract for employment and day services as specified in (c) of this subsection.

Sec. 1206. 2012 2nd sp.s. c 7 s 206 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--AGING AND ADULT SERVICES PROGRAM

Appropriation.....	\$88,000,000
TOTAL APPROPRIATION.....	(\$3,410,729,000)
.....	\$3,399,511,000

The appropriations in this section are subject to the following conditions and limitations:

(1) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall not exceed \$170.37 for fiscal year 2012 and shall not exceed ~~(\$171.43)~~ \$171.09 for fiscal year 2013, including the rate add-ons described in (a) and (b) of this subsection. However, if the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is for any reason not approved and implemented, the weighted average nursing facility payment rate shall not exceed \$159.87 for fiscal year 2012 and shall not exceed ~~(\$160.93)~~ \$161.29 for fiscal year 2013. There will be no adjustments for economic trends and conditions in fiscal years 2012 and 2013. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the component rate allocations established in accordance with chapter 74.46 RCW. When no economic trends and conditions factor for either fiscal year is defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(a) Within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed \$1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than \$15 in calendar year 2008, according to cost report data. The add-on may also be used to address resulting wage compression for related job classes immediately affected by wage increases to low-wage workers. The department shall continue reporting requirements and a settlement process to ensure that the funds are spent according to this subsection.

(b) The department shall do a comparative analysis of the facility-based payment rates calculated on July 1, 2012, using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calculated on July 1, 2012, is smaller than the facility-based payment rate on June 30, 2010, then the difference shall be provided to the individual nursing facilities as an add-on payment per medicaid resident day.

(c) During the comparative analysis performed in subsection (b) of this section, if it is found that the direct care rate for any facility calculated using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, is greater than the direct care rate in effect on June 30, 2010, then the facility shall receive a ten percent direct care rate add-on to compensate that facility for taking on more acute clients than they have in the past.

(d) The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. The nursing facility safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

(e) If the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is for any reason not approved and implemented, (b), (c), and (d) of this subsection do not apply.

TWENTY SEVENTH DAY, JUNE 8, 2013

2013 1ST SPECIAL SESSION

(8) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(9) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(10) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(11) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(12) \$4,261,000 of the general fund--state appropriation for fiscal year 2012, \$4,261,000 of the general fund--state appropriation for fiscal year 2013, and \$8,522,000 of the general fund--federal appropriation are provided solely for low-income disproportionate share hospital payments ((under RCW 74.09.730(1)(a))).

(13) \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(14) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2011-2013 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2011, and by November 1, 2012, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2012 and fiscal year 2013, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital

payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2011-13 biennial operating appropriations act and in effect on July 1, 2011, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2011-13 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$8,102,000 of the general fund--state appropriation for fiscal year 2012, of which \$6,570,000 is appropriated in section 204(1) of this act, and ((~~\$3,162,000~~)) \$10,722,000 of the general fund--state appropriation for fiscal year 2013, of which \$6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals. CPE hospitals will receive the inpatient and outpatient reimbursement rate restorations in RCW 74.60.080 and rate increases in RCW 74.60.090 funded through the hospital safety net assessment fund rather than through the baseline mechanism specified in this subsection.

(15) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(17) ((For children with family incomes above 200 percent of the federal poverty level in the state-funded children's health program for children who are not eligible for coverage under the federally funded children's health insurance program, premiums shall be set every two years in an amount equal to the average state-only share of the per capita cost of coverage in the state-funded

(c) Provision of a secure, web-based tool that medical practitioners will use to schedule appointments for interpreter services and to identify the most appropriate, cost-effective method of service delivery in accordance with the state guidelines.

Nothing in this subsection affects the ability of health care providers to provide interpretive services through employed staff or through telephone and video remote technologies when not reimbursed directly by the department. The amounts in this subsection do not include federal administrative funds provided to match nonstate expenditures by local health jurisdictions and governmental hospitals.

~~((28))~~ (27) In its procurement of contractors for delivery of medical managed care services for nondisabled, nonelderly persons, the medical assistance program shall (a) place substantial emphasis upon price competition in the selection of successful bidders; and (b) not require delivery of any services that would increase the actuarial cost of service beyond the levels included in current healthy options contracts.

~~((37))~~ (36) The authority shall collect data on enrollment and utilization to study whether the expansion of family planning coverage under Substitute Senate Bill No. 5912 is reducing state medical expenditures by reducing unwanted pregnancies. The authority shall report its findings to the legislature by December 1, 2012.

~~((38))~~ (37) \$480,000 of the general fund--state appropriation for fiscal year 2012, \$480,000 of the general fund--state appropriation for fiscal year 2013, and \$824,000 of the general fund--federal appropriation are provided solely for customer services staff. The authority will attempt to improve the phone answer rate to 40 percent and reduce the response times to written questions to ten days for clients and 25 days for providers. If the authority has not achieved these goals by July 1, 2012, then the authority shall reduce expenditures on management staff in order to increase expenditures on customer service staff until the goals are achieved.

~~((39))~~ (38) The department shall purchase a brand name drug when it determines that the cost of the brand name drug after rebates is less than the cost of generic alternatives and that purchase of the brand rather than generic version can save at least \$250,000. The department may purchase generic alternatives when changes in market prices make the price of the brand name drug after rebates more expensive than the generic alternatives.

~~((44))~~ (39) \$150,000 of the general fund--state appropriation for fiscal year 2012 and \$1,964,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to implement Engrossed Second Substitute House Bill No. 2319 (affordable care act). ~~((43))~~ (41) In order to achieve the twelve percent reduction in emergency room expenditures in the fiscal year 2013 appropriations provided in this section, the authority, in consultation with the Washington state hospital association, the Washington state medical association, and the Washington chapter of the American college of emergency physicians shall designate best practices and performance measures to reduce medically unnecessary emergency room visits of medicaid clients. The Washington state hospital association, the Washington state medical association, and the Washington chapter of the American college of emergency physicians will work with the authority to promote these best practices. The best practices and performance measures shall consist of the following items:

(a) Adoption of a system to exchange patient information among emergency room departments on a regional or statewide basis;

(b) Active dissemination of patient educational materials produced by the Washington state hospital association, Washington state medical association, and the Washington chapter of the American college of emergency physicians that instruct patients on appropriate facilities for nonemergent health care needs;

(c) Designation of hospital personnel and emergency room physician personnel to receive and appropriately disseminate information on clients participating in the medicaid patient review and coordination program and to review monthly utilization reports on those clients provided by the authority;

(d) A process to assist the authority's patient review and coordination program clients with their care plans. The process must include substantial efforts by hospitals to schedule an appointment with the client's assigned primary care provider within seventy-two hours of the client's medically unnecessary emergency room visit when appropriate under the client's care plan;

(e) Implementation of narcotic guidelines that incorporate the Washington chapter of the American college of emergency physician guidelines;

(f) Physician enrollment in the state's prescription monitoring program, as long as the program is funded; and

(g) Designation of a hospital emergency department physician responsible for reviewing the state's medicaid utilization management feedback reports, which will include defined performance measures. The emergency department physician and hospital will have a process to take appropriate action in response to the information in the feedback reports if performance measures are not met. The authority must develop feedback reports that include timely emergency room utilization data such as visit rates, medically unnecessary visit rates (by hospital and by client), emergency department imaging utilization rates, and other measures as needed. The authority may utilize the Robert Bree collaborative for assistance related to this best practice.

The requirements for best practices for a critical access hospital should not include adoption of a system to exchange patient information if doing so would pose a financial burden, and should

not include requirements related to the authority's patient review and coordination program if the volume of those patients seen at the critical access hospital are small.

Hospitals participating in this medicaid best practices program shall submit to the authority a declaration from executive level leadership indicating hospital adoption of and compliance with the best practices enumerated above. In the declaration, hospitals will affirm that they have in place written policies, procedures, or guidelines to implement these best practices and are willing to share them upon request. The declaration must also give consent for the authority to disclose feedback reports and performance measures on its web site. The authority shall submit a list of declaring hospitals to the relevant policy and fiscal committees of the legislature by July 15, 2012.

If the authority does not receive by July 1, 2012, declarations from hospitals representing at least seventy-five percent of emergency room visits by medicaid clients in fiscal year 2010, the authority may implement a policy of nonpayment of medically unnecessary emergency room visits, with appropriate client and clinical safeguards such as exemptions and expedited prior authorization. The authority shall by January 15, 2013, perform a preliminary fiscal analysis of trends in implementing the best practices in this subsection, focusing on outlier hospitals with high rates of unnecessary visits by medicaid clients, high emergency room visit rates for patient review and coordination clients, low rates of completion of treatment plans for patient review and coordination clients assigned to the hospital, and high rates of prescribed long-acting opiates. In cooperation with the leadership of the hospital, medical, and emergency physician associations, additional efforts shall be focused on assisting those outlier hospitals and providers to achieve more substantial savings. The authority by January 15, 2013, will report to the legislature about whether assumed savings based on preliminary trend and forecasted data are on target and if additional best practices or other actions need to be implemented.

If necessary, pursuant to RCW 34.05.350(1)(c), the authority may employ emergency rulemaking to achieve the reductions assumed in the appropriations under this section.

Nothing in this subsection shall in any way impact the authority's ability to adopt and implement policies pertaining to the patient review and coordination program.

~~((46))~~ (42) The ~~((department))~~ authority shall seek a medicaid state plan amendment to create a ~~((graduate medical education))~~ professional services supplemental payment managed care program for professional services delivered to managed care recipients by University of Washington medicine and other public professional providers. This program shall be effective as soon as administratively possible and shall operate concurrently with the existing professional services supplemental payment program. ~~((Providers that participate in the graduate medical education supplemental payment program are not eligible to participate in the professional services supplemental payment program.))~~ The ~~((department))~~ authority shall apply federal rules for identifying the difference between ~~((current physician encounter))~~ average commercial rates and fee-for-service medicaid payments ~~((to participating providers and the applicable federal upper payment limit))~~. This difference will be multiplied by the number of managed care encounters and incorporated into the managed care plan capitation rates by a certified actuary. The managed care plans will pay the providers the difference attributable to the increased capitation rate. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the ~~((department))~~ authority in the development, implementation, and maintenance of this program shall be the responsibility of the participating providers. Participating providers shall retain the full

amount of supplemental payments provided under this program, net of any costs related to the program that are disallowed due to audits or litigation against the state.

~~((47))~~ (43) The authority shall exclude antiretroviral drugs used to treat HIV/AIDS, anticancer medication that is used to kill or slow the growth of cancerous cells, antihemophilic drugs, insulin and other drugs to lower blood glucose, and immunosuppressive drugs from any formulary limitations implemented to operate within the appropriations provided in this section.

~~((48))~~ (44) If Engrossed Substitute Senate Bill No. 5978 (medicaid fraud) is not enacted by June 30, 2012, the amounts appropriated in this section from the medicaid fraud penalty account-- state appropriation shall lapse and an additional \$3,608,000 shall be appropriated from the general fund--state for fiscal year 2013 for medicaid services, fraud detection and prevention activities, recovery of improper payments, and for other medicaid fraud enforcement activities.

~~((50))~~ (45) Within the amounts appropriated in this section, the health care authority and the department of social and health services shall implement the state option to provide health homes for enrollees with chronic conditions under section 2703 of the federal affordable care act. The total state match for enrollees who are dually-eligible for both medicare and medicaid and not enrolled in managed care shall be no more than the net savings to the state from the enhanced match rate for its medicaid-only managed care enrollees under section 2703.

~~((51))~~ (46) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

~~((52))~~ (47) \$66,000 of the general fund--state appropriation for fiscal year 2013 and \$66,000 of the general fund--federal appropriation are provided solely to implement Engrossed Second Substitute House Bill No. 2536 (children services/delivery). The department of social and health services' programs responsible for administration of mental health, child welfare, and juvenile justice programs will coordinate with the health care authority on the development of contract terms which facilitate efforts to meet requirements of the bill. If the bill is not enacted by June 30, 2012, the amounts provided in this subsection shall lapse.

~~((53))~~ (48) The health care authority shall participate in the work group established by the department of corrections in section 220(2) of this act to review release options for elderly and infirm offenders.

(49) \$208,000 of the general fund--state appropriation for fiscal year 2013 and \$728,000 of the general fund--federal appropriation are provided solely for the rebasing of outpatient and inpatient payment methods.

PART II HUMAN SERVICES

NEW SECTION. Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2013-2015 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the

insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(b) If Washington is selected to participate in a financial capitation model of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2014, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2014 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year 2014 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medicaid personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(9) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2013-2015 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2013, and by November 1, 2014, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2014 and fiscal year 2015, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2013-2015 biennial operating appropriations act and in effect on July 1, 2013, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2013-2015 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$12,803,000 of the general fund--state appropriation for fiscal year 2014, of which \$6,570,000 is appropriated in section 204(1) of this act, and \$6,934,000 of the general fund--state appropriation for fiscal year 2015, of which \$6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals. CPE hospitals will receive the inpatient and outpatient reimbursement rate restorations in RCW 74.60.080 and rate increases in RCW 74.60.090 funded through the hospital safety net assessment fund rather than through the baseline mechanism specified in this subsection.

(10) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital

payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(11) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(12) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(13) \$571,690 of the state health care authority administration account--state appropriation is provided solely for implementation of Engrossed Substitute Senate Bill No. 5811 (employee wellness program). If the bill is not enacted by June 30, 2013, the amount provided in this subsection shall lapse.

(14) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(15) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(16) \$357,000 of the general fund--state appropriation for fiscal year 2014 and \$357,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to reduce premiums for children with family incomes above 200 percent of the federal poverty level in the state-funded children's health program who are not eligible for coverage under the federal children's health insurance program. Premiums in the state and federal children's health insurance program shall be equal.

(17) \$1,531,000 of the general fund--state appropriation for fiscal year 2014, \$280,000 of the general fund--state appropriation for fiscal year 2015, and \$10,803,000 of the general fund--federal appropriation are provided solely to implement phase two of the project to create a single provider payment system that consolidates medicaid medical and social services payments and replaces the social service payment system.

(18) Within the amounts appropriated in this section, the health care authority and the department of social and health services shall implement the state option to provide health homes for enrollees with chronic conditions under section 2703 of the federal affordable care act. The total state match for enrollees who are dually-eligible for both medicare and medicaid and not enrolled in managed care shall be no more than the net savings to the state from the enhanced

match rate for its medicaid-only managed care enrollees under section 2703.

(19) Effective January 1, 2014, the authority shall not pay monthly enhancements directly to federally qualified health clinics and rural health centers and shall instead include the full encounter payments in managed care contracts. The managed care contracts shall require the managed care plans to pay at least the full encounter payment to federally qualified health clinics and rural health centers. Managed care premiums shall be adjusted to reflect this increased payment. Effective January 1, 2015, the managed care premiums shall be calculated based on calendar year 2012 and 2013 federally qualified health clinic and rural health center utilization experience.

(20) The appropriations in this section reflect savings and efficiencies by transferring children receiving medical care provided through fee-for-service to medical care provided through managed care.

(21) The authority shall exclude antiretroviral drugs used to treat HIV/AIDS, anticancer medication that is used to kill or slow the growth of cancerous cells, antihemophilic drugs, and transplant drugs from fail first limitations implemented to operate within the appropriations provided in this section.

(22) The appropriations in this section reflect savings and efficiencies by modifying the dispensing methods of contraceptive drugs. The authority must make arrangements for all medicaid programs offered through managed care plans or fee-for-service to require dispensing of contraceptive drugs with up to a one-year supply provided at one time. Contracts with managed care plans must allow on-site dispensing of the prescribed contraceptive drugs at family planning clinics. Dispensing practices must follow clinical guidelines for appropriate prescribing and dispensing to ensure the health of the patient while maximizing access to effective contraceptive drugs.

(23) \$90,000 of the general fund--state appropriation for fiscal year 2014, \$90,000 of the general fund--state appropriation for fiscal year 2015, and \$180,000 of the general fund--federal appropriation are provided solely to continue operation by a nonprofit organization of a toll-free hotline that assists families to learn about and enroll in the apple health for kids program.

(24) \$1,762,000 of the general fund--state appropriation for fiscal year 2014, \$2,389,000 of the general fund--state appropriation for fiscal year 2015, \$80,000 of the general fund-private/local appropriation, and \$6,204,000 of the general fund--federal appropriation are provided solely for the medicaid and children's health insurance program share of costs allocated from the health benefit exchange. The amounts provided in this section are contingent on the health benefit exchange developing a self-sustaining methodology under which charges to enrollees and the state shall not exceed 1.8 percent of premiums paid.

(25) \$92,000 of the general fund--state appropriation for fiscal year 2014, \$92,000 of the general fund--state appropriation for fiscal year 2015, and \$184,000 of the general fund--federal appropriation are provided solely for the authority to build and enhance a financial oversight system of medicaid managed care organizations and related costs. The authority's financial oversight system shall be able to monitor performance and financial data independently of outside organizations, have the systems and resources necessary to perform these functions, and understand how state and federal reforms will affect the state general fund.

(26) \$213,000 of the general fund--state appropriation for fiscal year 2014, \$565,000 of the general fund--state appropriation for fiscal year 2015, and \$778,000 of the general fund--federal appropriation are provided solely to provide the mental health visit limit removal, shingles vaccine, and the screening, brief intervention, and referral to treatment benefits available in the

medicaid alternative benefit plan to the current medicaid benefit plan beginning January 1, 2014. The authority shall monitor the habilitative benefit costs as part of the forecasting process but shall not provide this benefit in the current medicaid benefit without a direct appropriation in the omnibus appropriations act.

(27) \$3,382,000 of the general fund--state appropriation for fiscal year 2014, \$6,407,000 of the general fund--state appropriation for fiscal year 2015, and \$20,901,000 of the general fund--federal appropriation are provided solely for the authority to restore adult dental restorative benefits beginning January 1, 2014. The authority shall not provide additional dental service benefits without a direct appropriation in the omnibus appropriations act.

(28) Within the amounts appropriated in this section, the health care authority shall consider services provided by rural health clinics associated with the alternative payment methodology number 2, alternative payment methodology number 3, and the calendar year 2009 managed care enhancement and fee-for-service encounter reconciliation as partial payment.

The superintendent shall base allocations for career and technical education (CTE) and skill center programs average class size as provided in RCW 28A.150.260.

(ii)(A) For each level of prototypical school at which more than fifty percent of the students were eligible for free and reduced-price meals in the prior school year, the superintendent shall allocate funding based on the following average class size of full-time equivalent students per teacher:

General education class size in high poverty school:	
Grades K-2	24.10
Grade 3	24.10
Grade 4	27.00
Grades 5-6	27.00
Grades 7-8	28.53
Grades 9-12	28.74

(B) Districts must demonstrate compliance of the class sizes provided in (c)(ii)(A) of this subsection as a condition of receipt of funds.

(iii) Pursuant to RCW 28A.150.260(4)(a), the assumed teacher planning period, expressed as a percentage of a teacher work day, is 13.42 percent in grades K-6, and 16.67 percent in grades 7-12; and

(iv) Laboratory science, advanced placement, and international baccalaureate courses are funded at the same class size assumptions as general education schools in the same grade; and

(d)(i) Funding for teacher librarians, school nurses, social workers, school psychologists, and guidance counselors is allocated based on the school prototypes as provided in RCW 28A.150.260 and is considered certificated instructional staff, except as provided in (d)(ii) of this subsection.

Career and Technical Education students	2.02 per 1000 student FTE's
Skill Center students	2.36 per 1000 student FTE's

(3) ADMINISTRATIVE STAFF ALLOCATIONS

(a) Allocations for school building-level certificated administrative staff salaries for the 2013-14 and 2014-15 school years for general education students are determined using the formula generated staff units calculated pursuant to this subsection. The superintendent shall make allocations to school districts based on the district's annual average full-time equivalent enrollment in each grade. The following prototypical school values shall determine the allocation for principals, assistance principals, and other certificated building level administrators:

Prototypical School Building:	
Elementary School	1.253
Middle School	1.353
High School	1.880

(b) Students in approved career and technical education and skill center programs generate certificated school building-level administrator staff units at per student rates that are a multiple of the

general education rate in (a) of this subsection by the following factors:

(4) CLASSIFIED STAFF ALLOCATIONS

Allocations for classified staff units providing school building-level and district-wide support services for the 2013-14 and 2014-15 school years are determined using the formula-generated staff units provided in RCW 28A.150.260, and adjusted based on each district's annual average full-time equivalent student enrollment in each grade.

(5) CENTRAL OFFICE ALLOCATIONS

In addition to classified and administrative staff units allocated in subsections (3) and (4) of this section, classified and administrative staff units are provided for the 2013-14 and 2014-15 school year for the central office administrative costs of operating a school district, at the following rates:

(a) The total central office staff units provided in this subsection (5) are calculated by first multiplying the total number of eligible certificated instructional, certificated administrative, and classified staff units providing school-based or district-wide support services, as identified in RCW 28A.150.260(6)(b), by 5.3 percent.

(b) Of the central office staff units calculated in (a) of this subsection, 74.53 percent are allocated as classified staff units, as generated in subsection (4) of this section, and 25.47 percent shall be allocated as administrative staff units, as generated in subsection (3) of this section.

(c) Staff units generated as enhancements outside the program of basic education to the minimum requirements of RCW 28A.150.260, and staff units generated by skill center and career-technical students, are excluded from the total central office staff units calculation in (a) of this subsection.

(d) For students in approved career-technical and skill center programs, central office classified units are allocated at the same staff unit per student rate as those generated for general education students of the same grade in this subsection (5), and central office administrative staff units are allocated at staff unit per student rates that exceed the general education rate established for students in the same grade in this subsection (5) by 1.97 percent for career and technical education students, and 21.92 percent for skill center students.

(6) FRINGE BENEFIT ALLOCATIONS

Fringe benefit allocations shall be calculated at a rate of 18.68 percent in the 2013-14 school year and 18.68 percent in the 2014-15 school year for certificated salary allocations provided under subsections (2), (3), and (5) of this section, and a rate of 20.95 percent in the 2013-14 school year and 20.95 percent in the 2014-15 school year for classified salary allocations provided under subsections (4) and (5) of this section.

(7) INSURANCE BENEFIT ALLOCATIONS

Insurance benefit allocations shall be calculated at the rate specified in section 504 of this act, resulting from the incremental changes specified in section 504 of this act, based on the number of benefit units determined as follows:

(a) The number of certificated staff units determined in subsections (2), (3), and (5) of this section; and

(b) The number of classified staff units determined in subsections (4) and (5) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(8) MATERIALS, SUPPLIES, AND OPERATING COSTS (MSOC) ALLOCATIONS

Funding is allocated per annual average full-time equivalent student for the materials, supplies, and operating costs (MSOC) incurred by school districts, consistent with the requirements of RCW 28A.150.260.

(a)(i) MSOC funding for general education students are allocated at the following per student rates:

MSOC RATES/STUDENT FTE

The enhanced MSOC allocation for the 2014-15 school year represents full funding of school districts' reported actual costs for the 2011-12 school year, adjusted for inflation.

(b) Students in approved skill center programs generate per student FTE MSOC allocations of \$1,249.17 for the 2013-14 school year and \$1,270.41 for the 2014-15 school year. Values reflect school districts' reported actual costs for the 2011-12 school year, adjusted for inflation.

(c) Students in approved exploratory and preparatory career and technical education programs generate a per student MSOC allocation of \$931.64 for the 2013-14 school year and \$1,072.87 for the 2014-15 school year. (c) The superintendent of public instruction shall require all districts receiving general apportionment funding for alternative learning experience (ALE) programs as defined in WAC 392-121-182 to provide separate financial accounting of expenditures for the ALE programs offered in district or with a provider, including but not limited to private companies and multidistrict cooperatives, as well as accurate, monthly headcount and FTE enrollment claimed for basic education, including separate counts of resident and nonresident students.

(11) VOLUNTARY FULL DAY KINDERGARTEN PROGRAMS

Funding in this section is sufficient to fund voluntary full day kindergarten programs in qualifying high poverty schools, pursuant to RCW 28A.150.220 and 28A.150.315. Each kindergarten student who enrolls for the voluntary full-day program in a qualifying school shall count as one-half of one full-time equivalent student for purpose of making allocations under this section. For small school districts and remote and necessary school plants within any district which have been judged to be remote and necessary by the superintendent of public instruction, additional staff units are provided to ensure a minimum level of staffing support. Additional administrative and certificated instructional staff units provided to districts in this subsection shall be reduced by the general education staff units, excluding career and technical education and skills center enhancement units, otherwise provided in subsections (2) through (5) of this section on a per district basis.

(a) For districts enrolling not more than twenty-five average annual full-time equivalent students in grades K-8, and for small school plants within any school district which have been judged to be remote and necessary by the superintendent of public instruction and enroll not more than twenty-five average annual full-time equivalent students in grades K-8:

(i) For those enrolling no students in grades 7 and 8, 1.76 certificated instructional staff units and 0.24 certificated administrative staff units for enrollment of not more than five students, plus one-twentieth of a certificated instructional staff unit for each additional student enrolled; and

(2010 supplemental budget), adjusted annually for inflation.

(13) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(14) The superintendent may distribute funding for the following programs outside the basic education formula during fiscal years 2014 and 2015 as follows:

(a) \$607,000 of the general fund--state appropriation for fiscal year 2014 and \$617,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW.

(b) \$436,000 of the general fund--state appropriation for fiscal year 2014 and \$436,000 of the general fund--state appropriation for

The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs.

(15) \$214,000 of the general fund--state appropriation for fiscal year 2014 and \$218,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for school district emergencies as certified by the superintendent of public instruction. At the close of the fiscal year the superintendent of public instruction shall report to the office of financial management and the appropriate fiscal committees of the legislature on the allocations provided to districts and the nature of the emergency.

(16) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.

(17) Students participating in running start programs may be funded up to a combined maximum enrollment of 1.2 FTE including school district and institution of higher education enrollment. In calculating the combined 1.2 FTE, the office of the superintendent of public instruction may average the participating student's September through June enrollment to account for differences in the start and end dates for courses provided by the high school and higher education institution. Additionally, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the student achievement council, and the education data center, shall annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.

(18) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (12) of this section, the following apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (12) of this section shall be reduced in increments of twenty percent per year.

(19)(a) Indirect cost charges by a school district to approved career and technical education middle and secondary programs shall not exceed 15 percent of the combined basic education and career and technical education program enhancement allocations of state funds. Middle and secondary career and technical education programs are considered separate programs for funding and financial reporting purposes under this section.

(b) Career and technical education program full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported career and technical education program enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.

(20) The office of the superintendent of public instruction shall review career and technical education and skill center programs' funding enhancement formulas, expenditure accounting systems, and reporting. The office will make recommendations for revising the funding formulas, including the possibility of conversion to a model that enhances basic education rates, potential revisions to accounting systems, and recommendations for improving reporting

and transparency. The office shall submit recommendations to the appropriate fiscal committees of the legislature and the office of financial management by October 1, 2013.

NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION

(1) The following calculations determine the salaries used in the state allocations for certificated instructional, certificated administrative, and classified staff units as provided in RCW 28A.150.280 and under section 502 of this act:

(a) Salary allocations for certificated instructional staff units are determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 2 by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP document 1; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district are determined based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 2.

(2) For the purposes of this section:

(a) "LEAP Document 1" means the staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on March 29, 2013, at 09:10 hours; and

(b) "LEAP Document 2" means the school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on March 29, 2013, at 11:16 hours.

(3) Incremental fringe benefit factors are applied to salary adjustments at a rate of 18.04 percent for school year 2013-14 and 18.04 percent for school year 2014-15 for certificated instructional and certificated administrative staff and 17.45 percent for school year 2013-14 and 17.45 percent for the 2014-15 school year for classified staff.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

(b) As used in this subsection, the column headings "BA+(N)" refer to the number of credits earned since receiving the baccalaureate degree.

(c) For credits earned after the baccalaureate degree but before the masters degree, any credits in excess of forty-five credits may be counted after the masters degree. Thus, as used in this subsection, the column headings "MA+(N)" refer to the total of:

(i) Credits earned since receiving the masters degree; and

(ii) Any credits in excess of forty-five credits that were earned after the baccalaureate degree but before the masters degree.

(5) For the purposes of this section:

(a) "BA" means a baccalaureate degree.

(b) "MA" means a masters degree.

(c) "PHD" means a doctorate degree.

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this part V, or any replacement schedules and documents, unless:

(a) The employee has a masters degree; or

(b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

NEW SECTION. Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

The appropriations in this part are subject to the following conditions and limitations:

(1)(a) Additional salary adjustments as necessary to fund the base salaries for certificated instructional staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. Allocations for these salary adjustments shall be provided to all districts that are not grandfathered to receive salary allocations above the statewide salary allocation schedule, and to certain grandfathered districts to the extent necessary to ensure that salary

allocations for districts that are currently grandfathered do not fall below the statewide salary allocation schedule.

The coalition shall bargain for a master collective bargaining agreement covering all of the employees represented by the coalition. The governor's designee and the exclusive bargaining representative or representatives are authorized to enter into supplemental bargaining of agency-specific issues for inclusion in or as an addendum to the master collective bargaining agreement, subject to the parties' agreement regarding the issues and procedures for supplemental bargaining. This section does not prohibit cooperation and coordination of bargaining between two or more exclusive bargaining representatives.

(b) This subsection (2) does not apply to exclusive bargaining representatives who represent employees of institutions of higher education, except when the institution of higher education has elected to exercise its option under subsection (4) of this section to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section.

(3) The governor shall submit a request for funds necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreement or for legislation necessary to implement the agreement. Requests for funds necessary to implement the provisions of bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(a) Have been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the requests are to be considered; and

(b) Have been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds as a whole. The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

The governor shall periodically consult with the committee regarding appropriations necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreements, and upon completion of negotiations, advise the committee on the elements of the agreements and on any legislation necessary to implement the agreements.

(6) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(7) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) For the ~~((2011-2013))~~ 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. ~~((If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial master collective bargaining agreement under this chapter regarding health care benefits.))~~ The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating appropriations act by the sitting legislature.

Sec. 960. RCW 41.80.020 and 2011 1st sp.s. c 50 s 939 and 2011 1st sp.s. c 43 s 445 are each reenacted and amended to read as follows:

(1) Except as otherwise provided in this chapter, the matters subject to bargaining include wages, hours, and other terms and conditions of employment, and the negotiation of any question arising under a collective bargaining agreement.

The exclusive bargaining representatives for employees that are subject to chapter 47.64 RCW shall bargain the dollar amount expended on behalf of each employee for health care benefits with the employer as part of the coalition under this subsection. For agreements covering the ~~((2011-2013))~~ 2013-2015 fiscal biennium, any agreement between the employer and the coalition regarding the dollar amount expended on behalf of each employee for health care benefits is a separate agreement and shall not be included in the master collective bargaining agreements negotiated by the parties.

(4) The employer and the exclusive bargaining representative shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail. A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

(iv) Distributions and eligibility for distributions in the 1989-1991 biennium must be based on 1988 figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection. Future distributions must be based on the most recent figures for both the crime rate as described under (ii) of this subsection and the annual number of criminal cases that are filed as described under (iii) of this subsection.

PART XII HUMAN SERVICES

Sec. 1201. 2012 2nd sp.s. c 7 s 201 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse.

Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2011-2013 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. The health care authority and the department shall conduct an evaluation of the WMIP by October 15, 2012, and of the MICP measuring changes in participant health outcomes, changes in patterns of service utilization, participant satisfaction, participant access to services, and the state fiscal impact.

(b) (~~Effective January 1, 2013,)~~ If Washington has been selected to participate in (~~phase two~~) a financial capitation model of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting

TWENTY SEVENTH DAY, JUNE 8, 2013

2013 1ST SPECIAL SESSION

directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, ((2012)) 2013, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year ((2012)) 2013 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in (b) of this subsection.

(b) To the extent that transfers under (a) of this subsection are insufficient to fund actual expenditures in excess of fiscal year ((2012)) 2013 caseload forecasts and utilization assumptions in the long-term care, foster care, adoptions support, medicaid personal care, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose. The department shall not transfer funds, and the director of financial management shall not approve the transfer, unless the transfer is consistent with the objective of conserving, to the maximum extent possible, the expenditure of state funds. The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing seven days prior to approving any allotment modifications or transfers under this subsection. The written notification shall include a narrative explanation and justification of the changes, along with expenditures and allotments by budget unit and appropriation, both before and after any allotment modifications or transfers.

concentrate delivery of these treatments and therapies at a limited number of programs to deliver the treatments in a cost-effective manner.

(7)(a) The juvenile rehabilitation administration shall administer a block grant, rather than categorical funding, of consolidated juvenile service funds, community juvenile accountability act grants, the chemical dependency disposition alternative funds, the mental health disposition alternative, and the sentencing disposition alternative for the purpose of serving youth adjudicated in the juvenile justice system. In making the block grant, the juvenile rehabilitation administration shall follow the following formula and will prioritize evidence-based programs and disposition alternatives and take into account juvenile courts program-eligible youth in conjunction with the number of youth served in each approved evidence-based program or disposition alternative: (i) Thirty-seven and one-half percent for the at-risk population of youth ten to seventeen years old; (ii) fifteen percent for moderate and high-risk youth; (iii) twenty-five percent for evidence-based program participation; (iv) seventeen and one-half percent for minority populations; (v) three percent for the chemical dependency disposition alternative; and (vi) two percent for the mental health and sentencing dispositional alternatives. Funding for the special sex offender disposition alternative (SSODA) shall not be included in the block grant, but allocated on the average daily population in juvenile courts. Funding for the evidence-based expansion grants shall be excluded from the block grant formula. Funds may be used for promising practices when approved by the juvenile rehabilitation administration and juvenile courts, through the community juvenile accountability act committee, based on the criteria established in consultation with Washington state institute for public policy and the juvenile courts.

Initial members will include one juvenile court representative from the finance committee, the community juvenile accountability act committee, the risk assessment quality assurance committee, the executive board of the Washington association of juvenile court administrators, the Washington state center for court research, and a representative of the superior court judges association; two representatives from the juvenile rehabilitation administration headquarters program oversight staff, two representatives of the juvenile rehabilitation administration regional office staff, one representative of the juvenile rehabilitation administration fiscal staff and a juvenile rehabilitation administration division director. The committee may make changes to the formula categories other than the evidence-based program and disposition alternative categories if it is determined the changes will increase statewide service delivery or effectiveness of evidence-based program or disposition alternative resulting in increased cost benefit savings to the state. Long-term cost benefit must be considered. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition

alternative delivery and increase the cost benefit to the state. These outcomes will also be considered in determining when evidence-based expansion or special sex offender disposition alternative funds should be included in the block grant or left separate.

(d) The juvenile courts and administrative office of the courts shall be responsible for collecting and distributing information and providing access to the data systems to the juvenile rehabilitation administration and the Washington state institute for public policy related to program and outcome data. The juvenile rehabilitation administration and the juvenile courts will work collaboratively to develop program outcomes that reinforce the greatest cost benefit to the state in the implementation of evidence-based practices and disposition alternatives.

(8) The juvenile courts and administrative office of the courts shall collect and distribute information related to program outcome and provide access to these data systems to the juvenile rehabilitation administration and Washington state institute for public policy. (1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

General Fund--State Appropriation (FY 2012)	\$317,734,000
General Fund--State Appropriation (FY 2013)	(\$324,319,000)
.....	\$321,609,000
General Fund--Federal Appropriation	(\$449,593,000)
.....	\$446,619,000
General Fund--Private/Local Appropriation.....	\$17,864,000
Hospital Safety Net Assessment Fund--State	

Appropriation.....\$5,251,000
 TOTAL APPROPRIATION((~~\$1,114,761,000~~))
\$1,109,077,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$109,342,000 of the general fund--state appropriation for fiscal year 2012 and \$109,341,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for persons and services not covered by the medicaid program. This is a reduction of \$4,348,000 each fiscal year from the nonmedicaid funding that was allocated for expenditure by regional support networks during fiscal year 2011 prior to supplemental budget reductions. This \$4,348,000 reduction shall be distributed among regional support networks proportional to each network's share of the total state population. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: (i) Crisis and commitment services; (ii) community inpatient services; and (iii) residential care services, including personal care and emergency housing assistance.

(b) \$6,590,000 of the general fund--state appropriation for fiscal year 2012, \$6,590,000 of the general fund--state appropriation for fiscal year 2013, and \$7,620,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high-intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) \$5,850,000 of the general fund--state appropriation for fiscal year 2012, \$5,850,000 of the general fund--state appropriation for fiscal year 2013, and \$1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital campus-based services for persons who require the level of care previously provided by the program for adaptive living skills (PALS) at western state hospital.

(d) The number of nonforensic beds allocated for use by regional support networks at eastern state hospital shall be 192 per day. The number of nonforensic beds allocated for use by regional support networks at western state hospital shall be 557 per day.

(e) From the general fund--state appropriations in this subsection, the secretary of social and health services shall assure that regional support networks reimburse the aging and disability services administration for the general fund--state cost of medicaid personal care services that enrolled regional support network consumers use because of their psychiatric disability.

(g) The department is authorized to continue to contract directly, rather than through contracts with regional support networks, for children's long-term inpatient facility services.

(h) \$750,000 of the general fund--state appropriation for fiscal year 2012 and \$750,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to continue performance-based incentive contracts to provide appropriate community support services for individuals with severe mental illness who were discharged from the state hospitals as part of the expanding community services initiative. These funds will be used to enhance

community residential and support services provided by regional support networks through other state and federal funding.

(i) \$1,125,000 of the general fund--state appropriation for fiscal year 2012 and \$1,125,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. Such services shall include:

(i) High intensity treatment team for persons who are high utilizers of psychiatric inpatient services, including those with co-occurring disorders and other special needs;

(ii) Crisis outreach and diversion services to stabilize in the community individuals in crisis who are at risk of requiring inpatient care or jail services;

(iii) Mental health services provided in nursing facilities to individuals with dementia, and consultation to facility staff treating those individuals; and

(iv) Services at the sixteen-bed evaluation and treatment facility.

At least annually, the Spokane regional support network shall assess the effectiveness of these services in reducing utilization at eastern state hospital, identify services that are not optimally effective, and modify those services to improve their effectiveness.

(j) \$1,529,000 of the general fund--state appropriation for fiscal year 2012 and \$1,529,000 of the general fund--state appropriation for fiscal year 2013 are provided solely to reimburse Pierce and Spokane counties for the cost of conducting 180-day commitment hearings at the state psychiatric hospitals.

(k) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(l) Given the recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

(m) \$750,000 of the general fund--state appropriation for fiscal year 2012, \$750,000 of the general fund--state appropriation for fiscal year 2013, and \$1,500,000 of the general fund--federal appropriation are provided solely to adjust regional support network capitation rates to account for the per diem rates actually paid for psychiatric care provided at hospitals participating in the certified public expenditure program operated pursuant to section 213 of this act.

(n) The appropriations in this section reflect efficiencies to be achieved through voluntary consolidation of regional support networks in accordance with Substitute House Bill No. 2139 (regional support networks). Voluntary consolidation of regional support networks is expected to result in administrative efficiencies and maximize dollars available for direct services to individuals with mental illnesses without corresponding increases in state appropriations.

Sec. 1205. 2012 2nd sp.s. c 7 s 205 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM

(1) COMMUNITY SERVICES

General Fund--State Appropriation (FY 2012)	\$405,412,000

General Fund--Private/Local Appropriation.....	\$184,000
TOTAL APPROPRIATION	(((\$1,577,982,000))
.....	\$1,561,674,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Individuals receiving services as supplemental security income (SSI) state supplemental payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b) Amounts appropriated in this subsection reflect a reduction to funds appropriated for in-home care. The department shall reduce the number of in-home hours authorized. The reduction shall be scaled based on the acuity level of care patients. The largest hour reductions shall be to lower acuity patients and the smallest hour reductions shall be to higher acuity patients.

(c) Amounts appropriated in this subsection are sufficient to develop and implement the use of a consistent, statewide outcome-based vendor contract for employment and day services by July 1, 2012. The rates paid to vendors under this contract shall also be made consistent. In its description of activities the agency shall include activity listings and dollars appropriated for: Employment services, day services, child development services and county administration of services to the developmentally disabled. The department shall begin reporting to the office of financial management on these activities beginning in fiscal year 2010.

(d) \$944,000 of the general fund--state appropriation for fiscal year 2012, \$944,000 of the general fund--state appropriation for fiscal year 2013, and \$1,888,000 of the general fund--federal appropriation are provided solely for state contributions for individual provider health care benefits. Pursuant to the collective bargaining agreement negotiated with the exclusive bargaining representative of individual providers established under RCW 74.39A.270, the state shall contribute to the multiemployer health benefits trust fund \$2.21 per paid hour worked by individual providers.

(e) \$1,329,000 of the general fund--state appropriation for fiscal year 2012, \$1,622,000 of the general fund--state appropriation for fiscal year 2013, and \$2,947,000 of the general fund--federal appropriation are provided solely for the state's contribution to the training partnership, as provided in RCW 74.39A.360, for instructional costs associated with the training of individual providers. Contributions are funded at \$0.22 per benefit-eligible paid hour worked by all home care workers. Expenditures for the purposes specified in this subsection shall not exceed the amounts provided in this subsection. However, if the governor and the service employees international union healthcare 775nw can reach agreement on repurposing funding that is currently provided in the individual provider collective bargaining agreement for new individual provider wages paid during training or other training related items, then expenditures for training trust contributions for individual providers may include the amounts provided in this subsection and the agreed upon repurposed funding. Funding in this section for purposes other than the individual provider collective bargaining agreement cannot be used for the purposes of this subsection (1)(e). It is the intent of the legislature that the funding provided in this subsection, including any repurposed funding, is sufficient to cover the costs of individual provider training and therefore tuition or other entrance fees are not necessary.

(f) \$104,669,000 of the general fund--state appropriation for fiscal year 2013 and \$104,669,000 of the general fund--federal appropriation are provided solely for the department to provide personal care services to waiver and nonwaiver in-home clients. The department shall provide the legislature with a report by

December 5, 2012, on the feasibility of converting the medicaid personal care program for in-home adults to a medicaid program as found in section 1915(i) of the federal social security act that utilizes the option for self-direction of individualized budgets. The department shall operate the personal care program within the amounts specifically provided.

(g)(i) Within the amounts appropriated in this subsection, the department shall revise the current working age adult policy to allow clients to choose between employment and community access activities. Clients age 21 and older who are receiving services through a home- and community-based medicaid waiver shall be offered the choice to transition to a community access program after nine months of enrollment in an employment program, and the option to transition from a community access program to an employment program at any time. The department shall inform clients and their legal representatives of all available options for employment and day services. Information provided to the client and the client's legal representative shall include the types of activities each service option provides, and the amount, scope, and duration of service for which the client would be eligible under each service option. An individual client may be authorized for only one service option, either employment services or community access services. Clients may not participate in more than one of these services at any given time.

(ii) The department shall work with counties and stakeholders to strengthen and expand the existing community access program. The program must emphasize support for the client so they are able to participate in activities that integrate them into their community and support independent living and skills.

(iii) The appropriation in this subsection includes funding to provide employment or community access services to 168 medicaid eligible young adults with developmental disabilities living with their families who need employment opportunities and assistance after high school graduation.

(h) \$75,000 of the general fund--state appropriation for fiscal year 2012 and \$75,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for the restoration of direct support to local organizations that utilize parent-to-parent networks and communication to promote access and quality of care for individuals with developmental disabilities and their families.

(i) In accordance with Engrossed Substitute House Bill No. 1277 (licensed settings for vulnerable adults), adult family home license fees are increased in fiscal years 2012 and 2013 to support the costs of conducting licensure, inspection, and regulatory programs.

(i) The current annual renewal license fee for adult family homes shall be increased to \$100 per bed beginning in fiscal year 2012 and \$175 per bed beginning in fiscal year 2013. Adult family homes shall receive a corresponding vendor rate increase per medicaid patient day of \$0.22 in fiscal year 2012 and \$0.43 in fiscal year 2013, or the amount necessary to fully fund the license fee increase for publicly funded beds, pursuant to the most recent bed estimates maintained by the department.

(ii) Beginning in fiscal year 2012, a processing fee of \$2,750 shall be charged to each adult family home when the home is initially licensed. This fee is nonrefundable.

(j) Clients with developmental disabilities have demonstrated a need and a desire for a day services program as verified by over 900 clients currently accessing day programs through a long-term care service model. In addition, every individual, to include those with a developmental disability, should have the opportunity for meaningful employment which allows them to contribute to their communities and to become as self-sufficient as possible. Providing choice empowers recipients of publicly funded services and their families by expanding their degree of control over the services and supports they need.

TWENTY SEVENTH DAY, JUNE 8, 2013

2013 1ST SPECIAL SESSION

The department shall work with legislators and stakeholders to develop a new approach to employment and day services. The objective of this plan is to ensure that adults with developmental disabilities have optimum choices, and that employment and day offerings are comprehensive enough to meet the needs of all clients currently served on a home and community based waiver. The proposal shall be submitted to the 2012 legislature for consideration and shall be constructed such that a client ultimately receives employment, community access, or the community day option but not more than one service at a time. The proposal shall include options for program efficiencies within the current employment and day structure and shall provide details on the plan to implement a consistent, statewide outcome-based vendor contract for employment and day services as specified in (c) of this subsection.

Nursing Facility Quality Assurance Account--State
Appropriation\$88,000,000
TOTAL APPROPRIATION(((\$3,410,729,000))
.....\$3,398,528,000

The appropriations in this section are subject to the following conditions and limitations:

(1) For purposes of implementing chapter 74.46 RCW, the weighted average nursing facility payment rate shall not exceed \$170.37 for fiscal year 2012 and shall not exceed \$171.43 for fiscal year 2013, including the rate add-ons described in (a) and (b) of this subsection. However, if the waiver requested from the federal centers for medicare and medicaid services in relation to the safety net assessment created by Engrossed Substitute Senate Bill No. 5581 (nursing home payments) is for any reason not approved and implemented, the weighted average nursing facility payment rate shall not exceed \$159.87 for fiscal year 2012 and shall not exceed \$160.93 for fiscal year 2013. There will be no adjustments for economic trends and conditions in fiscal years 2012 and 2013. The economic trends and conditions factor or factors defined in the biennial appropriations act shall not be compounded with the economic trends and conditions factor or factors defined in any other biennial appropriations acts before applying it to the component rate allocations established in accordance with chapter 74.46 RCW. When no economic trends and conditions factor for either fiscal year is defined in a biennial appropriations act, no economic trends and conditions factor or factors defined in any earlier biennial appropriations act shall be applied solely or compounded to the component rate allocations established in accordance with chapter 74.46 RCW.

(a) Within the funds provided, the department shall continue to provide an add-on per medicaid resident day per facility not to exceed \$1.57. The add-on shall be used to increase wages, benefits, and/or staffing levels for certified nurse aides; or to increase wages and/or benefits for dietary aides, housekeepers, laundry aides, or any other category of worker whose statewide average dollars-per-hour wage was less than \$15 in calendar year 2008, according to cost report data. The add-on may also be used to address resulting wage compression for related job classes immediately affected by wage increases to low-wage workers. The department shall continue reporting requirements and a settlement process to ensure that the funds are spent according to this subsection.

(b) The department shall do a comparative analysis of the facility-based payment rates calculated on July 1, 2012, using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, to the facility-based payment rates in effect June 30, 2010. If the facility-based payment rate calculated on July 1, 2012, is smaller than the facility-based payment rate on June 30, 2010, then the difference shall be provided to the individual nursing facilities as an add-on payment per medicaid resident day.

(c) During the comparative analysis performed in subsection (b) of this section, if it is found that the direct care rate for any facility calculated using the payment methodology defined in chapter 74.46 RCW and as funded in the omnibus appropriations act, excluding the comparative add-on, acuity add-on, and safety net reimbursement, is greater than the direct care rate in effect on June 30, 2010, then the facility shall receive a ten percent direct care rate add-on to compensate that facility for taking on more acute clients than they have in the past.

(d) The department shall provide a medicaid rate add-on to reimburse the medicaid share of the skilled nursing facility safety net assessment as a medicaid allowable cost. The nursing facility safety net rate add-on may not be included in the calculation of the annual statewide weighted average nursing facility payment rate.

The health care authority shall not implement the new school employee benefits pool until authorized to do so by the legislature.

~~((5))~~ (4) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

~~((7))~~ (6) \$23,700,000 of the general fund--federal appropriation is provided solely for planning and implementation of a health benefit exchange under the federal patient protection and affordable care act. Within the amounts provided in this subsection, funds used by the authority for information technology projects are conditioned on the authority satisfying the requirements of Engrossed Second Substitute Senate Bill No. 5931 (central service agencies).

~~((8))~~ (7) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

~~((40))~~ (9) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

~~((41))~~ (10) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

~~((42))~~ (11) \$4,261,000 of the general fund--state appropriation for fiscal year 2012, \$4,261,000 of the general fund--state appropriation for fiscal year 2013, and \$8,522,000 of the general fund--federal appropriation are provided solely for low-income disproportionate share hospital payments under RCW 74.09.730(1)(a).

~~((43))~~ (12) \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

~~((44))~~ (13) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2011-2013 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2011, and by November 1, 2012, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2012 and fiscal year 2013, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year

had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2011-13 biennial operating appropriations act and in effect on July 1, 2011, (b) one half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital programs exist in the 2011-13 biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$8,102,000 of the general fund--state appropriation for fiscal year 2012, of which \$6,570,000 is appropriated in section 204(1) of this act, and ~~(\$3,162,000)~~ \$10,722,069 of the general fund--state appropriation for fiscal year 2013, of which \$6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals. CPE hospitals will receive the inpatient and outpatient reimbursement rate restorations in RCW 74.60.080 and rate increases in RCW 74.60.090 funded through the hospital safety net assessment fund rather than through the baseline mechanism specified in this subsection.

~~((48))~~ (17) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under

~~((37))~~ (36) The authority shall collect data on enrollment and utilization to study whether the expansion of family planning coverage under Substitute Senate Bill No. 5912 is reducing state medical expenditures by reducing unwanted pregnancies. ~~((38))~~ (37) \$480,000 of the general fund--state appropriation for fiscal year 2012, \$480,000 of the general fund--state appropriation for fiscal year 2013, and \$824,000 of the general fund--federal appropriation are provided solely for customer services staff. ~~((42))~~ (40) \$1,109,000 of the general fund--state appropriation for fiscal year 2012, \$1,471,000 of the general fund--state appropriation for fiscal year 2013, and \$21,890,000 of the general fund--federal appropriation are provided solely to implement phase two of the project to create a single provider payment system that consolidates medicaid medical and social services payments and replaces the social service payment system.

~~((43))~~ (41) In order to achieve the twelve percent reduction in emergency room expenditures in the fiscal year 2013 appropriations provided in this section, the authority, in consultation with the Washington state hospital association, the Washington state medical association, and the Washington chapter of the American college of emergency physicians shall designate best practices and performance measures to reduce medically unnecessary emergency room visits of medicaid clients. The Washington state hospital association, the Washington state medical association, and the Washington chapter of the American college of emergency physicians will work with the authority to promote these best practices. The best practices and performance measures shall consist of the following items:

(a) Adoption of a system to exchange patient information among emergency room departments on a regional or statewide basis;

(b) Active dissemination of patient educational materials produced by the Washington state hospital association, Washington state medical association, and the Washington chapter of the American college of emergency physicians that instruct patients on appropriate facilities for nonemergent health care needs;

(c) Designation of hospital personnel and emergency room physician personnel to receive and appropriately disseminate information on clients participating in the medicaid patient review and coordination program and to review monthly utilization reports on those clients provided by the authority;

(d) A process to assist the authority's patient review and coordination program clients with their care plans. The process must include substantial efforts by hospitals to schedule an appointment with the client's assigned primary care provider within seventy-two hours of the client's medically unnecessary emergency room visit when appropriate under the client's care plan;

(e) Implementation of narcotic guidelines that incorporate the Washington chapter of the American college of emergency physician guidelines;

(f) Physician enrollment in the state's prescription monitoring program, as long as the program is funded; and

(g) Designation of a hospital emergency department physician responsible for reviewing the state's medicaid utilization management feedback reports, which will include defined performance measures. The emergency department physician and hospital will have a process to take appropriate action in response to the information in the feedback reports if performance measures are not met. The authority must develop feedback reports that include timely emergency room utilization data such as visit rates, medically unnecessary visit rates (by hospital and by client), emergency department imaging utilization rates, and other measures as needed. The authority may utilize the Robert Bree collaborative for assistance related to this best practice.

The requirements for best practices for a critical access hospital should not include adoption of a system to exchange patient information if doing so would pose a financial burden, and should not include requirements related to the authority's patient review and coordination program if the volume of those patients seen at the critical access hospital are small.

Hospitals participating in this medicaid best practices program shall submit to the authority a declaration from executive level leadership indicating hospital adoption of and compliance with the

best practices enumerated above. In the declaration, hospitals will affirm that they have in place written policies, procedures, or guidelines to implement these best practices and are willing to share them upon request. The declaration must also give consent for the authority to disclose feedback reports and performance measures on its web site. The authority shall submit a list of declaring hospitals to the relevant policy and fiscal committees of the legislature by July 15, 2012.

If the authority does not receive by July 1, 2012, declarations from hospitals representing at least seventy-five percent of emergency room visits by medicaid clients in fiscal year 2010, the authority may implement a policy of nonpayment of medically unnecessary emergency room visits, with appropriate client and clinical safeguards such as exemptions and expedited prior authorization. The authority shall by January 15, 2013, perform a preliminary fiscal analysis of trends in implementing the best practices in this subsection, focusing on outlier hospitals with high rates of unnecessary visits by medicaid clients, high emergency room visit rates for patient review and coordination clients, low rates of completion of treatment plans for patient review and coordination clients assigned to the hospital, and high rates of prescribed long-acting opiates. In cooperation with the leadership of the hospital, medical, and emergency physician associations, additional efforts shall be focused on assisting those outlier hospitals and providers to achieve more substantial savings. The authority by January 15, 2013, will report to the legislature about whether assumed savings based on preliminary trend and forecasted data are on target and if additional best practices or other actions need to be implemented.

If necessary, pursuant to RCW 34.05.350(1)(c), the authority may employ emergency rulemaking to achieve the reductions assumed in the appropriations under this section.

Nothing in this subsection shall in any way impact the authority's ability to adopt and implement policies pertaining to the patient review and coordination program.

~~((46))~~ (42) The department shall seek a medicaid state plan amendment to create a graduate medical education supplemental payment for services delivered to managed care recipients by University of Washington medicine and other public professional providers. This program shall be effective as soon as administratively possible and shall operate concurrently with the existing professional services supplemental payment program. Providers that participate in the graduate medical education supplemental payment program are not eligible to participate in the professional services supplemental payment program. The department shall apply federal rules for identifying the difference between current physician encounter and fee-for-service medicaid payments to participating providers and the applicable federal upper payment limit. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the department in the development, implementation, and maintenance of this program shall be the responsibility of the participating providers. Participating providers shall retain the full amount of supplemental payments provided under this program, net of any costs related to the program that are disallowed due to audits or litigation against the state.

~~((47))~~ (43) The authority shall exclude antiretroviral drugs used to treat HIV/AIDS, anticancer medication that is used to kill or slow the growth of cancerous cells, antihemophilic drugs, insulin and other drugs to lower blood glucose, and immunosuppressive drugs from any formulary limitations implemented to operate within the appropriations provided in this section.

~~((48))~~ (44) If Engrossed Substitute Senate Bill No. 5978 (medicaid fraud) is not enacted by June 30, 2012, the amounts appropriated in this section from the medicaid fraud penalty

account--state appropriation shall lapse and an additional \$3,608,000 shall be appropriated from the general fund--state for fiscal year 2013 for medicaid services, fraud detection and prevention activities, recovery of improper payments, and for other medicaid fraud enforcement activities.

~~((50))~~ (45) Within the amounts appropriated in this section, the health care authority and the department of social and health services shall implement the state option to provide health homes for enrollees with chronic conditions under section 2703 of the federal affordable care act. The total state match for enrollees who are dually-eligible for both medicare and medicaid and not enrolled in managed care shall be no more than the net savings to the state from the enhanced match rate for its medicaid-only managed care enrollees under section 2703.

~~((51))~~ (46) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

~~((52))~~ (47) \$66,000 of the general fund--state appropriation for fiscal year 2013 and \$66,000 of the general fund--federal appropriation are provided solely to implement Engrossed Second Substitute House Bill No. 2536 (children services/delivery). The department of social and health services' programs responsible for administration of mental health, child welfare, and juvenile justice programs will coordinate with the health care authority on the development of contract terms which facilitate efforts to meet requirements of the bill. If the bill is not enacted by June 30, 2012, the amounts provided in this subsection shall lapse.

~~((53))~~ (48) The health care authority shall participate in the work group established by the department of corrections in section 220(2) of this act to review release options for elderly and infirm offenders.

(49) The authority shall withdraw the medicaid state plan amendment to implement a wrap-around drug formulary.

(13) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(14) The superintendent may distribute funding for the following programs outside the basic education formula during fiscal years 2012 and 2013 as follows:

(a) \$589,000 of the general fund--state appropriation for fiscal year 2012 and \$598,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW.

(b) \$436,000 of the general fund--state appropriation for fiscal year 2012 and \$436,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for programs providing skills training for secondary students who are enrolled in extended day school-to-work programs, as approved by the superintendent of public instruction. The funds shall be allocated at a rate not to exceed \$500 per full-time equivalent student enrolled in those programs.

(c) Funding in this section is sufficient to fund adjustments to school districts' allocations resulting from the implementation of the prototypical school funding formula, pursuant to chapter 236, Laws of 2010 (K-12 education funding). The funding in this section is intended to hold school districts harmless in total for funding changes resulting from conversion to the prototypical school formula in the general apportionment program, the learning assistance program, the transitional bilingual program, and the highly capable program, after adjustment for changes in enrollment and other caseload adjustments.

(15) \$208,000 of the general fund--state appropriation for fiscal year 2012 and \$211,000 of the general fund--state appropriation for fiscal year 2013 are provided solely for school district emergencies as certified by the superintendent of public instruction. (16) Funding in this section is sufficient to fund a maximum of 1.6 FTE enrollment for skills center students pursuant to chapter 463, Laws of 2007.

(17) Beginning in the 2011-12 school year, students participating in running start programs may be funded up to a combined maximum enrollment of 1.2 FTE including school district and institution of higher education enrollment. In calculating the combined 1.2 FTE, the office of the superintendent of public instruction may average the participating student's September through June enrollment to account for differences in the start and end dates for courses provided by the high school and higher education institution. Additionally, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the higher education coordinating board, and the education data center, shall annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.

(18) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (12) of this section, the following apply:

(a) For three school years following consolidation, the number of basic education formula staff units shall not be less than the number of basic education formula staff units received by the districts in the school year prior to the consolidation; and

(b) For the fourth through eighth school years following consolidation, the difference between the basic education formula staff units received by the districts for the school year prior to consolidation and the basic education formula staff units after consolidation pursuant to subsection (12) of this section shall be reduced in increments of twenty percent per year.

(19)(a) Indirect cost charges by a school district to approved career and technical education middle and secondary programs shall not exceed 15 percent of the combined basic education and career and technical education program enhancement allocations of state funds. Middle and secondary career and technical education programs are considered separate programs for funding and financial reporting purposes under this section.

(b) Career and technical education program full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported career and technical education program enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.

PERSONAL PRIVILEGE

Senator Hasegawa: "As a brevity impaired member on the floor here which I understand is a fairly common affliction and since, which is why we have the three minute rule. It would be very helpful to me personally and maybe to other members of this body if it would be possible to get a timer placed on the board or something so that I can help monitor myself as we go along. Thank you Mr. President."

REMARKS BY THE PRESIDENT

President Owen: "Ladies and Gentleman of the Senate. The President is going to ask for your attention for just a moment and the reason for it is I have an approach by both sides recently about complaints about the ranker that is starting to come about in debate. As I said, I got complaints from both sides, when I receive complaints like that the President believes that at this time he must more directly to adhere to your rules. So, I'm going to read your rule for you on debate: 'Whenever any Senator is about to speak in debate or submit to any matter to the Senate the Senator shall rise and standing in place respectfully address the President and when recognized and in a curtsey matter speak to the question under debate avoiding personalities. And then it goes on. I have seen that we are slipping outside of those rules a little bit. The President has allowed a little liberty in that area at times but when you raise the question to me then I feel an obligation to more strictly adhere to your rules so, as I see you slipping across the line if you hear this you might jump back but I did want to bring that up because these are difficult times. They are very difficult issues and they generate very strong opinions and emotions and so please try to adhere to your rules so that we can continue the debate in a curtsey matter. Thank you very much.'

The state supreme court ruled the legislature has not provided adequate state funding from dependable and regular sources to comply with the paramount duty. It is the intent of the legislature, therefore, through section 2 of this act to modify the state expenditure limit to ensure a limit is placed on the remainder of state government expenditures that will enable the state to commit an increasing proportion of state tax dollars and the state budget to the education of our citizens in fulfillment of the state's paramount duty.

Sec. 2. RCW 43.135.025 and 2009 c 479 s 35 are each amended to read as follows:

(1) The state shall not expend from the general fund or related fund during any fiscal year state moneys in excess of the state expenditure limit established under this chapter.

The exceptions established in (a) through (f) of this subsection shall be calculated by the state expenditure limit committee.

(3) The state expenditure limit for any fiscal year shall be the previous fiscal year's state expenditure limit increased by a percentage rate that equals the fiscal growth factor.

(4)(a) For purposes of computing the state expenditure limit for the fiscal year beginning July 1, ~~((2009))~~ 2013, the phrase "the previous fiscal year's state expenditure limit" means the total state expenditures from the state general fund ~~((the public safety and education account, the health services account, the violence reduction and drug enforcement account, the student achievement fund, the water quality account, and the equal justice subaccount))~~, not including federal funds, for the fiscal year beginning July 1, ~~((2008))~~ 2012, plus the fiscal growth factor.

Senators Hill and Baumgartner spoke in favor of passage of the bill.

Senators Hargrove and Darneille spoke against passage of the bill.

POINT OF INQUIRY

Senator Conway: "Would Senator Hill yield to a question? The question I have really, you know this bill is obviously new here. I don't believe that the good member of the Ways & Means committee that I have seen this two percent limit and I have a couple of questions. One is that I see that I see that we've changed the education funding bill considerably and I thought yesterday's budget presumed that we would pass that education funding bill and the second question I have is that I'm a little bit concerned about the impact of this spending limit on our bond rating and whether this spending limit approach will impact state bond records? And, finally, I guess, those are the two major questions that I have Senator. Again this is a major bill, I wish we could have seen some of the provisions in Ways & Means so that we could have heard from everyone on this bill and I guess appealing to you to explain to me how we passed the budget yesterday assuming the passage of this education bill and now we've changed it? Thank you."

Senator Hill: "Yeah, be happy to answer your question. The first question was, have we seen this in Ways & Means? We actually have seen this in Ways & Means at a hearing on April 5th. This is bill 5895. The striker simply skinnies the bill down so the components that you see about, really the, about controlling that general government and non-education growth is the same that we heard on April 5th in Ways & Means. It passed out of Ways & Means and I believe, what was your second question? The bond rating. Have not had a discussion with the Treasurer. Since we did have a hearing on this bill you know couple months ago, I have not seen any concerns from the Treasurer's office."

Senators Nelson, Frockt, Fraser, Hasegawa, Kohl-Welles and Chase spoke against passage of the bill.

Senators King and Bailey spoke in favor of passage of the bill.

The President declared the question before the Senate to be the final passage of Second Engrossed Substitute Senate Bill No. 5895.

REMARKS BY SENATOR HARGROVE

Senator Hargrove: “Well Mike was a good friend and it goes back a long time. When I first met Mike Carrell when he was lobbying for POPS an organization, father’s rights organization when I was in the House. I think about twenty nine years ago. Got to know him a little bit then and then when he got elected to the legislature and I came to the senate. We worked hand in hand on the states Becca Laws which I think is still our proudest moment as far as how it has changed our juvenile crime rate is this state and has actually reducing our adult crime rate too. It was land mark legislation. It was sweeping juvenile justice change and it was complicated legislation also. And then we worked together on the Hope Act because of his concern of at-risk youth and street kids extended beyond just Becca. Then when he came to the Senate he had a little bit of reputation of being a bomb thrower in the House. I think they’d gone into the minority but when he came to the Senate he was, quickly we found out that he was a statesman. We worked hard together on our Human Services & Corrections Committee which I think I can proudly say was the most bi-partisan committee in the legislature over the last two decades. Virtually every bill passed out of there unanimously in two decades. Obviously we had other Senators that were involved. Senator Jeanine Long was a good friend of mine also and Val Stevens but Mike Carrell was instrumental. He was maybe a little bit more conservative than some of the rest of us but he still worked to find solutions. I’m very happy to see retired Senator Debbie Regala setting next to me to because she worked with him. In fact, we thought he was brother and sister with her because their hair color as they worked on offender re-entry. They attended numerous meetings and worked with community groups and all sorts of advocates realizing as Senator Carrell did,

if we don’t make a way for a future for people coming out of prison that they are going to re-offend and that’s going to be a public safety risk again so he was able to see through to that. He was always very interested in the safety of the workers at Western State Hospital, introduced legislation and worked on that continually. And then of course, we all remember his reputation of Mr. Science. I mean he always was giving us an explanation as a former science teacher on the floor of some chemical something that none of us could understand and I’m sure he was totally accurate but that all rolled up to the session when he came in front of the Natural Resources Committee and was explaining the problem with a lake near Western State and we had a twenty minute explanation of all the chemical dynamics in that lake and why this bill needed to pass and help fix that. Again, it was all Greek to us but he understood it very well. Something that I didn’t mention when we talked a week ago that I wanted to get in here is that he was also really Mr. Data. He actually loved WSIPP, the Institute for Public Policy. Every time we were considering a criminal justice bill he would be on the phone with Steve Aos over there going, ‘How is going to affect our crime rate and how many people are going to recidivate if we do this? Is this program going to benefit or is this just a good idea that doesn’t have any evidence behind it?’ He was very into doing things that scientifically made sense and had real good research behind it. Well, there was other times too besides the work we did together where we’d sit around and talk about sports cars. When I was in college I owned an Alfa Romeo and he had Triumphs and he was convinced that his Triumphs were way faster and way better and we talked about that. Actually I enjoyed that quite a bit. I’ve moved from sports cars to motorcycles but none the less we just had a great time talking about those things too. So, it was a good friend as well as a great colleague and I have a few things for Charlotte and the family because I know that this is a very hard time and I have a scripture I’d like to read here. I read it when we did this last week and I think it’s still appropriate. Mr. President, if that is ok. Its Romans 8:35 and then 38 and 39.

‘Who shall separate us from the love of Christ, shall tribulation or distress or percussion or famine or nakedness or peril or sword.’ And verse 38 and 39:

‘For I am persuaded that neither death nor life nor angels nor principalities nor powers nor things present nor things to come, nor heights nor depth nor any other created things shall be able to separate us from the love of God which is in Jesus Christ our Lord.’

So we know that Mike is not separated from God. In fact he’s in a far better place but this love is here for the family and people that miss him so much and I wanted people to know that. There’s one more scripture that I’d like to read and that is Proverbs 22 verse 1:

‘A good name is to be chosen rather than great riches, Loving favor rather than silver and gold.’ Mike Carrell has a good name. Nobody is going to think of Mike Carrell with anything but the goodness that was in him. There’s not going to be any part of his memory that people are going, there was some scandal that something negative to think about him. Mike Carrell passed with a good name and I hope that’s a comfort to his family also. Thank you Mr. President.”

REMARKS BY SENATOR SCHOESLER

Senator Schoesler: “Thank you Mr. President. Thank you Charlotte for asking that I be a part of this today for my good friend and colleague Mike. Thank you to Michelle, his aide, who stood with us through all of Mike’s difficult times. I said in a Point of Personal Privilege a week ago that this might be the most

difficult speech I've given in my career, not much has changed. My confidence was brimming that Mike would be back here with us. Mike had the best medical care in the world available to him, the perfect match, the love and prayers of so many of us here and around the state that I just didn't see anything else but Mike being here in November with us next year but he's home with the Lord and that's as it should be I guess. Had it not been for 1992 Mike's career and mine would have been the same number of years together in the House and the Senate, an exact match. Mike had a passion here and will be talked about a lot for welfare reform. When he came that we all like to take credit for the savings now, improving people's lives. His passion for corrections, Eastern State Hospital and others and how he cared about those people that worked there. The year before Mike came and started working the Becca bill I had a phone call a woman in my district who said, 'Becca Hedman I think is my daughter.' Found out for her sake it wasn't but it could have been her, could have been my district. Mike took charge of that and he worked and worked for those passions. We've talked about his passion for his cars, his dogs and I really didn't realize the extent of his gardening expertise and knowledge. That was really difficult for me because I had that passion and I never talked to him about it. And the 'Mr. Science. 'Well, we all talked about physics, geology, astronomy, agronomy, he could talk to me like a farmer. That was really good. You know, all those kids out there that had Mike for a teacher, they benefited. I pray all the children in this state have teachers of science as enthusiastic and knowledgeable as Mike Carrell. Afterwards we found out that one of the members of the Third House was one of Mike's students. She never talked about it but she said, 'Boy, did I learn.' That's what it's most important about is learning. The bi-partisan work on corrections, the famous coin toss with Debbie Regala about who would sponsor a bill. That's what this place is about. What it should be about anyway. Never forgetting the taxpayer, whether it's what happened at DOC or EBT cards, Mike never forgot about the taxpayers that's setting here. We in the Majority Coalition Caucus knew that no matter what happened with the Human Services & Corrections Committee, whether it was Co-Chairs, Chairs he could work with a tied committee and move policy and that's important about this place in making it work, people that can work in any situation we ask them to serve in. So critical to the success of this state. We got to the cut off, you know for those of you that are not members of this body, we get a little growly at cut off time. My members are a little growly that there not getting what they want. Your members a little growly they don't get everything they want and as we stepped off the floor that evening Mike walked up to me and he said, 'Mark, thank you for the greatest session I ever had' and I put it in perspective. A man with serious health risk said this is the greatest session ever. It really made you stop and realize what was important and it did for me. The other thing was, we're voting on a budget, we didn't know how the budget would turn out, what was going to happen that day. A little bird in the wings told me Mike wants to come down here and vote. He had no business being here and his nurse and angel Charlotte made sure he didn't try to come down here and do that because above all we wanted Mike back and we would have never risked Mike's health for any gain here. So, his dedication was to the end. A man of character, hard work and love. He'll leave a whole in my heart and that of many others. Thank you."

REMARKS BY SENATOR DAMMEIER

Senator Dammeier: "Thank you Mr. President. I rise in strong support of this resolution. I'm confident that Mike Carrell is the type of citizen legislator that our fore fathers had in mind when they created this government and that our citizens want us

to be. He was extremely hard working, started on the campaign trail. For those of you who aren't familiar, I grew up in Mike's legislative district and currently have the privilege of serving in the district right next to him so we have a lot of things in common in Pierce County. Being from a swing district he was a very hard campaigner. It started as many members from Pierce County know the folks from the Twenty Eighth District are very familiar with, he had some not too subtle campaign signs that were all variety shades of fluorescent colors with the name Carrell in there so they got your attention. He was also know for door belling very hard and he wanted people to know that he didn't take their vote for granted, that he was out there earning their vote every time even through the times that he served here he continued to door bell and get out there on the door step and earn their vote. He also understood that there are things you can only learn about your district by walking the streets and talking to people on their door step, that if you're going to represent them well down here you have to know your community and that's how you do that. There's been a lot of talk already about the fact that he was a very hard working legislator. This session alone besides being a chair of a major committee with I don't know how many bills going through it. He prime-sponsored thirty nine pieces of legislation. Seventeen of which passed the senate, eight of which were signed into law. Those of you who may not be familiar with this place, that is an incredible testament to the respect to this institution both here and across the rotunda that have for Mike that when he wasn't even here his bills moved forward. That's because he worked very hard on policy, we've heard a lot of talk about the work with Senator Regala and Senator Hargrove. He wanted to get it right for the citizens of this state, for the citizens of his community, for the taxpayers of the State of Washington. He wanted to do the right thing for the right reasons. He also, and some of you may have noticed in the slide show we have up there, occasionally there's been more than one picture where Mike would stand on the senate floor with the red book in his hand. Now, for the people down here they all understand what that means but for the people up there may not appreciate the significance of that. While he was extremely collaborative, he was always looking solutions. If anybody is standing on the floor with this book in their hands, this is our rules, and you only pull this out when there's some vigorous and spirited debate going on on the senate floor. So, he would always rise to that challenge as well. He was not one that would shy away from a good dust up on the senate floor. I'll close with a kind of personal story of Mike and I. In typical Senator Carrell fashion he offered a bill in 2009 he thought struck that important balance of helping our felons re-enter life successfully, get back on the right track and become constructive members of our society and balancing tax payer's needs, saving some money. He offered that bill. It passed. I was in the House at the time, voted against it, probably a mistake on my part maybe at this time. He reminded me of that on more than one occasion but there was a situation that came up in my community around a half-way house that had to do with that bill. I was proposing that we make some adjustments to that bill. Now, there are many legislators, none on this floor I'm sure, that treat their legislation kind of like their babies and if you were to challenge the cuteness or the perfectness of their legislation some legislators would take great offense at that and rise in defense. There's no way it could ever get better. This is my legislation and it passed and all that. So, when I was approaching Senator Carrell about this situation in my community in this legislation I was hoping to offer I was a little concerned he might take that kind of approach and I could understand that because, like I said, I had opposed the bill in the House. That wasn't Mike Carrell. Mike Carrell wanted to get it right all the time. He was perfectly open. He understood the situation in my community. He was always

TWENTY NINTH DAY, JUNE 10, 2013

2013 1ST SPECIAL SESSION

open trying to make the bill, make the legislation better. If there was a way to do it, he was open to it. He didn't have that pride of ownership that can become counterproductive. We worked on that bill so, despite the fact that he had thirty nine of his own bills to look after, despite the fact that he had a committee to look after with very significant legislation going through it and despite the fact that this legislation I was proposing was delicate. It had a lot of interest groups and a lot of different ways and it was a challenging bill to work your way through. We went through I believe twelve revisions of the bill in the Senate. Took an incredible amount of work on Mike's behalf. Again, when he had a ton of work load and at a time when he was ill. He took the time to work with me to help me pass that bill despite all the reasons why he could have very easily chosen not to. He invested a lot of time in me and a lot of time in that legislation. That legislation passed both houses unanimously and when Mike was ill and I would call him in the hospital the first thing out of his mouth was always, 'What's the status of that bill? What's the status of 5105?' Always thinking about me, always thinking about others first. So, I guess I would close with the fact that Mike Carrell sets a tremendous example for all of us to emulate. I am going to do my best to live up to that example. Thank you Mr. President."

REMARKS BY SENATOR O'BAN

Senator O'Ban: "This is my first speech on this floor, what an honor. No one felt the honor of this place greater than Mike Carrell, No one lived the honor of this place better than Senator Mike Carrell. Mike Carrell now belongs to the ages but we preferred it when he belonged to us here. We admired him. We admired his tenaciousness, his diligence, his conscientiousness. We admired his statesmanship, the way he would reach across the aisle and get things done. We respected his natural inquisitiveness and for about his love of science and we admired the way he valued anyone with any idea to get good legislation passed for the good of this state. Mike said that every day when he stepped onto this campus he told me he would thank the Lord for the privilege of being here. He was famous for responding to constituents calls so promptly that it would make the constituents shocked. I can't tell you how many times I would be on the phone with Mike about something important, as far as I was concerned and he would say, 'Oh, I got to take this call from a constituent.' I had a chance to sit in Mike's office when I was preparing my remarks. I looked around his office, there's the photograph of Becca Hedman, the name sake for perhaps his most important bill. On the other wall was full of awards he'd received from interest groups that crossed the political spectrum. There was a photo of him with his beloved caucus smiling. And then there was that plague of Freedom Bridge which he had renamed in honor of those men and women who marched across that bridge to Iraq and Afghanistan. Mike was, as has been mentioned a prodigious campaigner. No one had the science of campaigning down better than Mike Carrell. He showed me the precise manner in which you were to pound a campaign sign into the ground and when I thought I got it all and I was pounding my first sign into the ground to show him I can still see the flash of disappointment that crossed his face. You can tell a lot about a man by the amount of loyalty that he evokes in others. Mike and I this last election cycle had a chance to run for public office at the same time and when we each put out a call for volunteers they all gravitated over to Mike's campaign to put up his signs, wave his signs and lick his envelopes. But I wanted to say what I regard and I think everyone in this body would regard was the most admirable trait of my friend Mike Carrell and that's Charlotte, the love of his life. They met in 1976 and married within months. What a team. What a

partnership. You can tell about the character of a man by the intensity of the love of those closest to him. Charlotte, the pain is always greater when we risk the most to love fully but one is not possible without the other. The greatest tribute to Mike is the devotion he evoked in you, the love of his life. Charlotte told me that on the day of Mike's death that it was her greatest honor to be Mike's wife. My endearing memory of Mike is when I came over from the House after hearing that he'd been diagnosed with this illness and I wanted to talk with him. We sat over there on one of the couches. His scientific detail, methodically explained what was happening inside his body and then for a moment his voice broke and he turned to me and he said, 'Steve, I put my hands in the Almighty God' and then he recovered his composure and greeted his senators who came up to him and wished him well. A great life like the one Mike lived leaves a great hole but big lives illustrate something, that our lives have tremendous meaning, that our lives have tremendous significance. Mike was a Christian and the Almighty God that he entrusted his life to will raise him up to the great last day and on that day, redeemed from sin and his body whole, I will see my friend again. His weariness will be gone. He'll have a sound mind and we'll greet each other with a smile and the sorrow of this fading parting will be gone. Precious in the eyes of the Lord are the death of the saints."

INTRODUCTION OF SPECIAL GUESTS

The President welcomed and introduced His Excellency, Governor and Trudi Inslee who were seated at the rostrum.

REMARKS BY GOVERNOR INSLEE

Governor Inslee: "On behalf of the people of the State of Washington and the entire state wants to extend our condolences to the family and friends, colleagues of Senator Carrell. We know that this is so difficult for Charlotte and sons and five grandchildren but I do hope we can attempt to assuage them from that grief by reflecting on the twin legacies of Senator Carrell. And when I say twin legacies because I think there are two equally important parts of his public service, legacy. The first being his time as a science teacher and I just want to note that legacy and part because I have some sense of what it means to our community. I'm the son of a science teacher myself and I know that there's three things that I want to note about his public education legacy. First, we know he spent hours grading papers late at night. I know what that means. I want to show the respect for that part of his legacy. Second, I want to thank him for his sharing science with our community. It's nice to know that in the state of Washington there are people out there who understand the problems of the acidification of our lakes and oceans now in part because of his commitment to the legacy of teaching science. Third, most importantly I know that there are people out there today who have heard of the Senator's passing who thinks you know I remember my teacher Mr. Carrell and I'm a doctor because of that or a teacher or I'm a nurse and it's because of that legacy. There are people all across the state of Washington walking that legacy. His legacy is as much in his pupils as it is in his legislation. But I also want to remark on a very significant public career as a legislator. We know his commitment as protecting at-risk youth from harm and exploitation that was translated to the Becca Bill and that was as Senator Hargrove said a major achievement. It was not easy. It was not a slam dunk. It was something that took some gracious legislative work and that happened because of his leadership. I didn't get to know the Senator as well as anyone else in this chamber because I came late to this in his legislative career but it was amazing to me as I

was signing bills this year I think every other bill was Senator Carrell's bill. And I got to give a lot of pens to his staff. He did as much during his illness as we do in our health, in the last few weeks of his legislative career. The last bill of his I signed Senate Bill No. 5282 was a continuation of his recognition of the importance of mental health. That bill will allow law enforcement to access a complete list of individuals who should be prevented from owning firearms due to mental illness. It passed the House and Senate unanimously. He had twin legacies. We should celebrate them both and for that we want to honor his legacy and public service."

The President introduced former Representative Gigi Talcott for a reading of the Scriptures

REMARKS BY FORMER REPRESENTATIVE TALCOTT

Representative Talcott: "Thank you. Our memorial to Mike will be closing with a word of thanks, a prayer and a musical tribute by current Representative Maureen Walsh. Senator Carrell's family would like to thank each and every one of you on the floor of the chamber and up in the galleries for making the time to join them in this special place to pay tribute to their loving husband, father, grandfather and loved one. Please join me in prayer:

Father, we thank you for the precious freedom to gather in this special place and all places of worship. As we grieve the loss of our loved one and special friend Mike Carrell, may we each remember Mike's legacy of integrity, passion, teamwork, devotion to his loved ones and equal dedication to our representative republic that he so loved. May each of us take a piece of Mike's amazing legacy or legacies with us to add to our own and as we go our separate ways we ask that the peace of God, the Father, and the love of Christ, His Son will strengthen Mike's loved ones in each of us as we continue our own life journeys."

June 11, 1963 was a day that George Wallace stood on the school steps but this article in front of us in the stories in the last few days has pointed out that on June 11, 1963 the speech that really over the last several decades has been underestimated has proven to be one of the most important speeches as the New York Times called it in the twentieth century. That night 8:00 p.m. East Coast time President John F. Kennedy went on TV and spoke about civil rights. In many ways as the article reflects his speech echoed themes that would be heard later that summer by Martin Luther King on the mall in Washington. It was the first time a President had gone on record for civil rights introducing a piece of legislation that would become law some months after his assassination. An important day in the history of our country, June 11, 1963. Thank you Mr. President."

In support of reading and early literacy, the office of the superintendent of public instruction is responsible for:

(1) Continuing to work collaboratively with state and regional partners such as the department of early learning and the educational service districts to establish early literacy benchmarks and standards and to implement the Washington state comprehensive literacy plan;

SECOND DAY, JUNE 13, 2013

2013 2ND SPECIAL SESSION

(2) Disseminating research and information to school districts about evidence-based programs and practices in reading readiness skills, early literacy, and reading instruction;

(3) Providing statewide models to support school districts that are implementing response to intervention initiatives, positive behavior intervention support systems, or other similar comprehensive models of data-based identification and early intervention; and

(4) Within available funds and in partnership with the educational service districts, providing technical assistance and professional development opportunities for school districts.

NEW SECTION. Sec. 102. A new section is added to chapter 28A.320 RCW to read as follows:

School districts are responsible for providing a comprehensive system of instruction and services in reading and early literacy to kindergarten through fourth grade students that is based on the degree of student need for additional support. Reading and early literacy systems provided by school districts must include:

(1) Annual use of screening assessments and other tools to identify at-risk readers in kindergarten through fourth grade, such as the Washington kindergarten inventory of developing skills, the Washington state early learning and development guidelines for birth through third grade, the second grade reading assessment under RCW 28A.300.310, and locally used assessments and other tools; and

(2) Research-based family involvement and engagement strategies, including strategies to help families and guardians assist in improving students' reading and early literacy skills at home.

NEW SECTION. Sec. 103. A new section is added to chapter 28A.415 RCW to read as follows:

(1) High-quality professional development is essential for educators to keep abreast of the important advances in research that are occurring regarding instructional strategies and curriculum. Professional development in early literacy is especially important to support the instruction of young readers since reading proficiency is a crucial element for student academic success.

(2) Subject to funds appropriated for this specific purpose, the office of the superintendent of public instruction shall create partnerships with the educational service districts and public or private institutions of higher education with approved educator preparation programs to develop and deliver research-based professional development learning opportunities in reading instruction and early literacy for teachers of kindergarten through fourth grade students.

NEW SECTION. Sec. 104. A new section is added to chapter 28A.320 RCW to read as follows:

(1) Each school district shall require that report cards for students in kindergarten through fourth grade include information regarding how the student is progressing on acquiring reading skills and whether the student is at grade level in reading.

(2) If a student is not reading at or above grade level, the teacher, with the support of other school personnel as appropriate, must explain to the parent or guardian which interventions and strategies will be used to help improve the student's reading skills and must provide strategies for parents or guardians to assist with improving the student's reading skills at home.

(3) Each school shall report to the school district the number of students in grades kindergarten through four who are reading below grade level and the interventions that are being provided to improve the reading skills of the students, with the information disaggregated by subgroups of students. The school district shall aggregate the reports from the schools and provide the reports to the office of the superintendent of public instruction. The office of the superintendent of public instruction shall submit a statewide report annually to the education committees of the legislature and the

educational opportunity gap oversight and accountability committee.

NEW SECTION. Sec. 105. A new section is added to chapter 28A.655 RCW to read as follows:

(1) The definitions in this subsection apply throughout this section and section 106 of this act unless the context clearly requires otherwise.

(c) "Not meet the state standard" means a score on the statewide student assessment at either a level one or a level two in a four-level scoring system.

(2) Beginning in the 2014-15 school year, for any student who receives a score of below basic on the third grade statewide student assessment in English language arts, a meeting must be scheduled before the end of the school year between the student's parent or guardian, teacher, and the principal of the school the student attends or the principal's designee to discuss appropriate grade placement and recommended intensive strategies to improve the student's reading skills. For students to be placed in fourth grade, the strategies discussed must include an intensive improvement strategy provided, supported, or contracted by the school district that includes a summer program or other option identified by the parents, teacher, principal, or principal's designee as appropriately meeting the student's need to prepare for fourth grade. The parents or guardians must be fully informed about the strategies and the parent's or guardian's consent must be obtained regarding the appropriate grade placement and the intensive improvement strategy to be implemented. The school district must implement the strategy selected in consultation with the student's parents or guardians.

(3) If a student does not have a score in English language arts on the third grade statewide student assessment but the district determines, using district or classroom-based diagnostic assessments or another standardized assessment, that the student's performance is equivalent to below basic in English language arts, the policy in subsection (2) of this section applies.

(4) Students participating in the transitional bilingual instruction program are exempt from the policy in subsection (2) of this section, unless the student has participated in the transitional bilingual instruction program for three school years and receives a score of below basic on the third grade statewide student assessment in English language arts.

(5) Students with disabilities whose individualized education program includes specially designed instruction in reading or English language arts are exempt from subsections (2), (3), and (4) of this section. Communication and consultation with parents or guardians of such students shall occur through the individualized education program process required under chapter 28A.155 RCW and associated administrative rules.

NEW SECTION. Sec. 106. A new section is added to chapter 28A.655 RCW to read as follows:

(1)(a) Beginning in the 2015-16 school year, except as otherwise provided in this subsection (1), for any student who received a score of basic or below basic on the third grade statewide student assessment in English language arts in the previous school year, the school district must implement an intensive reading and literacy improvement strategy from a state menu of best practices established in accordance with subsection (3) of this section or an alternative strategy in accordance with subsection (4) of this section.

(b) Reading and literacy improvement strategies for students with disabilities whose individualized education program includes

specially designed instruction in reading or English language arts shall be as provided in the individualized education program.

(2)(a) Also beginning in the 2015-16 school year, in any school where more than forty percent of the tested students received a score of basic or below basic on the third grade statewide student assessment in English language arts in the previous school year, as calculated under this subsection (2), the school district must implement an intensive reading and literacy improvement strategy from a state menu of best practices established in accordance with subsection (3) of this section or an alternative strategy in accordance with subsection (4) of this section for all students in grades kindergarten through four at the school.

(b) For the purposes of this subsection (2), the office of the superintendent of public instruction shall exclude the following from the calculation of a school's percentage of tested students receiving a score of basic or below basic on the third grade statewide student assessment:

(i) Students enrolled in the transitional bilingual instruction program unless the student has participated in the transitional bilingual instruction program for three school years;

(ii) Students with disabilities whose individualized education program specifies a different standard to measure reading performance than is required for the statewide student assessment; and

(iii) Schools with fewer than ten students in third grade.

(3) The office of the superintendent of public instruction shall convene a panel of experts to develop a state menu of best practices and strategies for intensive reading and literacy improvement designed to assist struggling students in reaching grade level in reading by the end of fourth grade. The state menu must also include best practices and strategies to improve the reading and literacy of students who are English language learners and for system improvements that schools and school districts can implement to improve reading instruction for all students. The office of the superintendent of public instruction shall publish the state menu by July 1, 2014, and update the state menu by each July 1st thereafter.

(4) School districts may use an alternative practice or strategy that is not on a state menu developed under subsection (3) of this section for two school years initially. If the district is able to demonstrate improved outcomes for participating students over the previous two school years at a level commensurate with the best practices and strategies on the state menu, the office of the superintendent of public instruction must approve use of the alternative practice or strategy by the district for one additional school year. Subsequent annual approval by the superintendent of public instruction to use the alternative practice or strategy is dependent on the district continuing to demonstrate an increase in improved outcomes for participating students.

(3) In order to preserve a beneficial learning environment for all students and to maintain good order and discipline in each classroom, every school district board of directors shall provide that written procedures are developed for administering discipline at each school within the district. Such procedures shall be developed with the participation of parents and the community, and shall provide that the teacher, principal or designee, and other authorities designated by the board of directors, make every reasonable attempt to involve the parent or guardian and the student in the resolution of student discipline problems. Such procedures shall provide that students may be excluded from their individual classes or activities for periods of time in excess of that provided in subsection (2) of this section if such students have repeatedly disrupted the learning of other students. The procedures must be consistent with the rules of the superintendent of public instruction and must provide for early involvement of parents in attempts to improve the student's behavior.

(4) The procedures shall assure, pursuant to RCW 28A.400.110, that all staff work cooperatively toward consistent enforcement of proper student behavior throughout each school as well as within each classroom.

(5)(a) A principal shall consider imposing long-term suspension or expulsion as a sanction when deciding the appropriate disciplinary action for a student who, after July 27, 1997:

((a)) (i) Engages in two or more violations within a three-year period of RCW 9A.46.120, 28A.320.135, 28A.600.455, 28A.600.460, 28A.635.020, 28A.600.020, 28A.635.060, 9A.41.280, or 28A.320.140; or

((b)) (ii) Engages in one or more of the offenses listed in RCW 13.04.155.

(b) The principal shall communicate the disciplinary action taken by the principal to the school personnel who referred the student to the principal for disciplinary action.

(6) Any corrective action involving a suspension or expulsion from school for more than ten days must have an end date of not more than one calendar year from the time of corrective action. Districts shall make reasonable efforts to assist students and parents in returning to an educational setting prior to and no later than the end date of the corrective action. Where warranted based on public health or safety, a school may petition the superintendent of the school district or the superintendent's designee, pursuant to policies and procedures adopted by the school district board of directors outlining the limited circumstances in which a school may petition to exceed the one calendar year limitation, including safeguards to ensure that the school district has made every effort to plan for the student's return to school.

(7) Nothing in this section prevents a public school district, educational service district, the Washington state center for childhood deafness and hearing loss, or the state school for the blind if it has suspended or expelled a student from the student's regular school setting from providing educational services to the student in an alternative setting or modifying the suspension or expulsion on a case-by-case basis.

Sec. 304. RCW 28A.600.410 and 1992 c 155 s 1 are each amended to read as follows:

The state of Washington excludes tens of thousands of students from school each year due to out-of-school suspensions and expulsions. Out-of-school suspensions and expulsions contribute to poor academic achievement, lower graduation rates, and higher dropout rates. It is the intent of the legislature to minimize the use of out-of-school suspension and expulsion and its impact on student achievement by reducing the number of days that students are excluded from school due to disciplinary action. Student behavior should not result in the loss of educational opportunity in the public school system.

School districts are encouraged to find alternatives to suspension including reducing the length of a student's suspension conditioned by the commencement of counseling or other treatment services. Consistent with current law, the conditioning of a student's suspension does not obligate the school district to pay for the counseling or other treatment services except for those stipulated and agreed to by the district at the inception of the suspension.

Sec. 305. RCW 28A.600.460 and 1997 c 266 s 9 are each amended to read as follows:

(1) School district boards of directors shall adopt policies that restore discipline to the classroom. Such policies must provide for at least the following: Allowing each teacher to take disciplinary action to correct a student who disrupts normal classroom activities, abuses or insults a teacher as prohibited by RCW 28A.635.010, willfully disobeys a teacher, uses abusive or foul language directed at a school district employee, school volunteer, or another student, violates school rules, or who interferes with an orderly education process. Disciplinary action may include but is not limited to: Oral or written reprimands; written notification to parents of disruptive behavior, a copy of which must be provided to the principal.

(2) A student committing an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW when the activity is directed toward the teacher, shall not be assigned to that teacher's classroom for the duration of the student's attendance at that school or any other school where the teacher is assigned.

(3) A student who commits an offense under chapter 9A.36, 9A.40, 9A.46, or 9A.48 RCW, when directed toward another student, may be removed from the classroom of the victim for the duration of the student's attendance at that school or any other school where the victim is enrolled. A student who commits an offense under one of the chapters enumerated in this section against a student or another school employee, may be expelled or suspended.

(4) Nothing in this section is intended to limit the authority of a school under existing law and rules to expel or suspend a student for misconduct or criminal behavior.

(5) All school districts must collect data on disciplinary actions taken in each school and must record these actions using the statewide student data system, based on the data collection standards established by the office of the superintendent of public instruction and the K-12 data governance group. The information shall be made available to the public (~~upon request. This collection of~~), but public release of the data shall not include personally identifiable information including, but not limited to, a student's social security number, name, or address.

Sec. 306. RCW 28A.300.046 and 2011 c 288 s 10 are each amended to read as follows:

(1)(a) The superintendent of public instruction shall adopt rules establishing a standard definition of student absence from school. In adopting the definition, the superintendent shall review current practices in Washington school districts, definitions used in other states, and any national standards or definitions used by the national center for education statistics or other national groups. The

superintendent shall also consult with the building bridges work group established under RCW 28A.175.075.

(b) Using the definition of student absence adopted under this section, the superintendent shall establish an indicator for measuring student attendance in high schools for purposes of the PASS program under RCW 28A.175.130.

(2)(a) The K-12 data governance group under RCW 28A.300.507 shall establish the parameters and an implementation schedule for statewide collection through the comprehensive education and data research system of: (i) Student attendance data using the definitions of student absence adopted under this section; and (ii) student discipline data with a focus on suspensions and expulsions from school.

(b) ~~(At a minimum,)~~ Student suspension and expulsion data collected for the purposes of this subsection (2) must be:

(i) Made publicly available and easily accessible on the superintendent of public instruction's web site; and

(ii) Disaggregated and cross-tabulated as established under RCW 28A.300.042.

(c) School districts must collect and submit student attendance data and student discipline data for high school students through the comprehensive education and data research system for purposes of the PASS program under RCW 28A.175.130 beginning in the 2012-13 school year.

Sec. 307. RCW 28A.300.042 and 2009 c 468 s 4 are each amended to read as follows:

(1) All student data-related reports required of the superintendent of public instruction in this title must be disaggregated by at least the following subgroups of students: White, Black, Hispanic, American Indian/Alaskan Native, Asian, Pacific Islander/Hawaiian Native, low income, transitional bilingual, migrant, special education, and students covered by section 504 of the federal rehabilitation act of 1973, as amended (29 U.S.C. Sec. 794).

(2) All student data-related reports required of the superintendent of public instruction regarding student suspensions and expulsions as required in RCW 28A.300.046 are subject to disaggregation by subgroups including:

- (a) Gender;
- (b) Foster care;
- (c) Homeless, if known;
- (d) School district;
- (e) School;
- (f) Grade level;
- (g) Behavior infraction code, including:
 - (i) Bullying;
 - (ii) Tobacco;
 - (iii) Alcohol;
 - (iv) Illicit drug;
 - (v) Fighting without major injury;
 - (vi) Violence without major injury;
 - (vii) Violence with major injury;
 - (viii) Possession of a weapon; and
- (ix) Other behavior resulting from a short-term or long-term suspension, expulsion, or interim alternative education setting intervention;

(h) Intervention applied, including:

- (i) Short-term suspension;
- (ii) Long-term suspension;
- (iii) Emergency expulsion;
- (iv) Expulsion;
- (v) Interim alternative education settings;
- (vi) No intervention applied; and
- (vii) Other intervention applied that is not described in this subsection (2)(h);

(i) Number of days a student is suspended or expelled, to be counted in half or full days; and

(j) Any other categories added at a future date by the data governance group.

(3) All student data-related reports required of the superintendent of public instruction regarding student suspensions and expulsions as required in RCW 28A.300.046 are subject to cross-tabulation at a minimum by the following:

(a) School and district;

(b) Race, low income, special education, transitional bilingual, migrant, foster care, homeless, students covered by section 504 of the federal rehabilitation act of 1973, as amended (29 U.S.C. Sec. 794), and categories to be added in the future;

(c) Behavior infraction code; and

(d) Intervention applied.

NEW SECTION. Sec. 308. A new section is added to chapter 28A.600 RCW to read as follows:

(1) School districts should make efforts to have suspended or expelled students return to an educational setting as soon as possible. School districts should convene a meeting with the student and the student's parents or guardians within twenty days of the student's long-term suspension or expulsion, but no later than five days before the student's enrollment, to discuss a plan to reengage the student in a school program.

(2) In developing a reengagement plan, school districts should consider shortening the length of time that the student is suspended or expelled, other forms of corrective action, and supportive interventions that aid in the student's academic success and keep the student engaged and on track to graduate. School districts must create a reengagement plan tailored to the student's individual circumstances, including consideration of the incident that led to the student's long-term suspension or expulsion. The plan should aid the student in taking the necessary steps to remedy the situation that led to the student's suspension or expulsion.

(3) Any reengagement meetings conducted by the school district involving the suspended or expelled student and his or her parents or guardians are not intended to replace a petition for readmission.

NEW SECTION. Sec. 309. Nothing in chapter . . . , Laws of 2013 2nd sp. sess. (this act) prevents a public school district, law enforcement agencies, or law enforcement personnel from enforcing laws protecting health and human safety.

PART IV EDUCATOR SUPPORT PROGRAM

NEW SECTION. Sec. 401. A new section is added to chapter 28A.415 RCW to read as follows:

(1) The educator support program is established to provide professional development and mentor support for beginning educators and educators on probation under RCW 28A.405.100, to be composed of the beginning educator support team for beginning educators and continuous improvement coaching for educators on probation, as provided in this section.

(2)(a) Subject to funds appropriated for this specific purpose, the office of the superintendent of public instruction shall allocate funds for the beginning educator support team on a competitive basis to individual school districts or consortia of districts. School districts are encouraged to include educational service districts in creating regional consortia. In allocating funds, the office of the superintendent of public instruction shall give priority to school districts with low-performing schools identified under RCW 28A.657.020 as being challenged schools in need of improvement. A portion of the appropriated funds may be used for program coordination and provision of statewide or regional professional

development through the office of the superintendent of public instruction.

(b) A beginning educator support team must include the following components:

(i) A paid orientation or individualized assistance before the start of the school year for beginning educators;

(ii) Assignment of a trained and qualified mentor for the first three years for beginning educators, with intensive support in the first year and decreasing support over the following years depending on the needs of the beginning educator;

(iii) Professional development for beginning educators that is designed to meet their unique needs for supplemental training and skill development;

(iv) Professional development for mentors;

(v) Release time for mentors and their designated educators to work together, as well as time for educators to observe accomplished peers; and

(vi) A program evaluation using a standard evaluation tool provided from the office of the superintendent of public instruction that measures increased knowledge, skills, and positive impact on student learning for program participants.

(3) Subject to funds separately appropriated for this specific purpose, the beginning educator support team components under subsection (2) of this section may be provided for continuous improvement coaching to support educators on probation under RCW 28A.405.100.

Sec. 402. RCW 28A.415.010 and 2006 c 263 s 807 are each amended to read as follows:

It shall be the responsibility of each educational service district board to establish a center for the improvement of teaching. The center shall administer, coordinate, and act as fiscal agent for such programs related to the recruitment and training of certificated and classified K-12 education personnel as may be delegated to the center by the superintendent of public instruction under RCW 28A.310.470. To assist in these activities, each educational service district board shall establish an improvement of teaching coordinating council to include, at a minimum, representatives as specified in RCW 28A.415.040. An existing in-service training task force, established pursuant to RCW 28A.415.040, may serve as the improvement of teaching coordinating council. The educational service district board shall ensure coordination of programs established pursuant to RCW 28A.415.030, 28A.410.060, and ~~((28A.415.250))~~ section 401 of this act.

The educational service district board may arrange each year for the holding of one or more teachers' institutes and/or workshops for professional staff preparation and in-service training in such manner and at such time as the board believes will be of benefit to the teachers and other professional staff of school districts within the educational service district and shall comply with rules of the professional educator standards board pursuant to RCW 28A.410.060 or the superintendent of public instruction ~~((pursuant to RCW 28A.415.250))~~. The board may provide such additional means of teacher and other professional staff preparation and in-service training as it may deem necessary or appropriate and there shall be a proper charge against the educational service district general expense fund when approved by the educational service district board.

Educational service district boards of contiguous educational service districts, by mutual arrangements, may hold joint institutes and/or workshops, the expenses to be shared in proportion to the numbers of certificated personnel as shown by the last annual reports of the educational service districts holding such joint institutes or workshops.

In local school districts employing more than one hundred teachers and other professional staff, the school district superintendent may hold a teachers' institute of one or more days in

such district, said institute when so held by the school district superintendent to be in all respects governed by the provisions of this title and rules relating to teachers' institutes held by educational service district superintendents.

PART V PROFESSIONAL DEVELOPMENT

NEW SECTION. Sec. 501. A new section is added to chapter 28A.320 RCW to read as follows:

(1)(a) The legislature finds that the school district board of directors sets the vision and provides direction and oversight for the school district. The legislature further finds that the school district superintendent is key to the day-to-day administration of the school district. The legislature intends to provide additional professional development opportunities for school district directors and superintendents to focus on research-based governance strategies to improve student achievement.

(b) The Washington state school directors' association shall develop and annually implement a professional development program for first-time school directors and school district superintendents and for on-going development of school directors and superintendents. The program must focus on research-based governance strategies to improve student achievement.

(2)(a) The legislature recognizes that there have been many recent changes in state educational policies that affect students, educators, school employees, and school district personnel, including the adoption of the common core standards and the new evaluation system. The legislature further recognizes that those important changes are intended to improve the performance of the educational system and student achievement. The legislature understands that the importance of providing adequate training and professional development for the changes in policy to have the successful outcomes that are intended. The legislature further intends the training to be responsive to the needs of local school districts.

(b) For the 2013-14 and 2014-15 school years, for any adjustments made to compensation provided by the school district beyond an adjustment for inflation must be in the form of targeted professional development, as determined to be appropriate by the school district. For the purpose of this section, "inflation" shall be determined in each year using the Seattle consumer price index for the most recently completed calendar year. The targeted professional development provided to instructional staff, as determined by the school district, is to assist the individual to improve student achievement, which may include but must not be limited to professional development regarding the common core state standards and the teacher and principal evaluations. The targeted professional development provided to noninstructional staff, as determined by the school district, is to improve skills necessary for the individual's assignment. This subsection (2)(b) does not affect or impair any collective bargaining agreements in effect on June 17, 2013, between an employer and educational employees or employee organization under chapter 41.59 RCW. Any collective bargaining agreement entered into or renewed after June 17, 2013, shall be consistent with this subsection.

(c) The office of the superintendent of public instruction must conduct an analysis of K-12 professional development. The purpose of the analysis is to improve the baseline understanding of policymakers regarding the level of public school resources currently expended to support professional development, the sources of funds, and the type and content of professional development purchased. The office of the superintendent of public instruction shall report the analysis to the education committees of the senate and house of representatives by December 31, 2013. As an extension of the study and to facilitate ongoing understanding of

SECOND DAY, JUNE 13, 2013

2013 2ND SPECIAL SESSION

resources expended to support professional development, beginning in the 2013-14 school year, each school district shall annually report to the superintendent of public instruction the amounts and purposes of locally bargained compensation provided by the school district, including the type and content of the professional development purchased and the personnel positions that receive the professional development. For the purposes of reporting, "professional development" includes both traditional forms such as seminars, conferences, courses, or training sessions and nontraditional, job-embedded forms such as dedicated time for instructional teams to examine student data, coaching and mentoring, and professional learning communities. The office of the superintendent of public instruction shall annually report the information to the legislature and the governor. The superintendent of public instruction may adopt rules to implement the ongoing reporting by the school districts.

policy and rules adopted by the superintendent of public instruction for alternative learning experiences.

(b) "In-person" means face-to-face instructional contact in a physical classroom environment.

(c) "Instructional contact time" means instructional time with a certificated teacher. Instructional contact time must be for the purposes of actual instruction, review of assignments, testing, evaluation of student progress, or other learning activities or requirements identified in the student's written student learning plan. Instructional contact time must be related to an alternative learning experience course identified in the student's written student learning plan. Instructional contact time may occur in a group setting between the teacher and multiple students and may be delivered either in-person or remotely using technology.

(d) "Online course" means an alternative learning experience course that has the same meaning as provided in RCW 28A.250.010.

(e) "Remote course" means an alternative learning experience course that is not an online course where the student has in-person instructional contact time for less than twenty percent of the total weekly time for the course. No minimum in-person instructional contact time is required.

(f) "Site-based course" means an alternative learning experience course where the student has in-person instructional contact time for at least twenty percent of the total weekly time for the course.

(g) "Total weekly time" means the estimated average hours per school week the student will engage in learning activities to meet the requirements of the written student learning plan.

(2) ((The broad categories of alternative learning experience programs include, but are not limited to:

(a) Online programs as defined in RCW 28A.150.262;

(b) Parent partnership programs that include significant participation and partnership by parents and families in the design and implementation of a student's learning experience; and

(c) Contract-based learning programs)) School districts may claim state funding under section 603 of this act, to the extent otherwise allowed by state law including the provisions of RCW 28A.250.060, for students enrolled in remote, site-based, or online alternative learning experience courses. High school courses must meet district or state graduation requirements and be offered for high school credit.

(3) School districts that offer alternative learning experience ((~~programs~~) courses) may not provide any compensation, reimbursement, gift, reward, or gratuity to any parents, guardians, or students for participation in the courses. School district employees are prohibited from receiving any compensation or payment as an incentive to increase student enrollment of out-of-district students in ((~~an~~) alternative learning experience ((~~program~~) courses). This prohibition includes, but is not limited to, providing funds to parents, guardians, or students for the purchase of educational materials, supplies, experiences, services, or technological equipment. A district may purchase educational materials, equipment, or other nonconsumable supplies for students' use in alternative learning experience ((~~programs~~) courses) if the purchase is consistent with the district's approved curriculum, conforms to applicable laws and rules, and is made in the same manner as such purchases are made for students in the district's regular instructional program. Items so purchased remain the property of the school district upon program completion. School districts may not purchase or contract for instructional or cocurricular experiences and services that are included in an alternative learning experience written student learning plan, including but not limited to lessons, trips, and other activities, unless substantially similar experiences and services are available to students enrolled in the district's regular instructional program. School districts that purchase or contract for

**PART VI
ALTERNATIVE LEARNING EXPERIENCES**

Sec. 601. 2011 1st sp.s. c 34 s 1 (uncodified) is amended to read as follows:

(1) Under Article IX of the Washington state Constitution, all children are entitled to an opportunity to receive a basic education. Although the state must assure that students in public schools have opportunities to participate in the instructional program of basic education, there is no obligation for either the state or school districts to provide that instruction using a particular delivery method or through a particular program.

(2) The legislature finds ample evidence of the need to examine and reconsider policies under which alternative learning that occurs outside the classroom using an individual student learning plan may be considered equivalent to full-time attendance in school, including for funding purposes. Previous legislative studies have raised questions about financial practices and accountability in alternative learning experience ((~~programs~~) courses). Since 2005, there has been significant enrollment growth in alternative learning experience online ((~~programs~~) courses), with evidence of unexpected financial impact when large numbers of nonresident students enroll in ((~~programs~~) courses). Based on this evidence, there is a rational basis on which to conclude that there are different costs associated with providing ((~~a program~~) courses) not primarily based on full-time, daily contact between teachers and students and not primarily occurring on-site in a classroom.

(3) For these reasons, the legislature intends to allow for continuing review and revision of the way in which state funding allocations are used to support alternative learning experience ((~~programs~~) courses).

Sec. 602. RCW 28A.150.325 and 2011 1st sp.s. c 34 s 2 are each amended to read as follows:

(1) ((~~For purposes of this chapter,~~) The definitions in this subsection apply throughout this chapter unless the context clearly requires otherwise.

(a) "Alternative learning experience ((~~program~~) course)" means a course ((~~or set of courses~~)), or for grades kindergarten through eight grade-level coursework, that is a delivery method for the program of basic education and is:

((~~(a)~~) (i) Provided in whole or in part independently from a regular classroom setting or schedule, but may include some components of direct instruction;

((~~(b)~~) (ii) Supervised, monitored, assessed, evaluated, and documented by a certificated teacher employed by the school district or under contract as permitted by applicable rules; and

((~~(c)~~) (iii) Provided in accordance with a written student learning plan that is implemented pursuant to the school district's

such experiences and services for students enrolled in an alternative learning experience ((~~program~~) course) must submit an annual report to the office of the superintendent of public instruction detailing the costs and purposes of the expenditures. These requirements extend to contracted providers of alternative learning experience ((~~programs~~) courses), and each district shall be responsible for monitoring the compliance of its providers with these requirements. However, nothing in this ((~~section~~) subsection) shall prohibit school districts from contracting with school district employees to provide services or experiences to students, or from contracting with online providers approved by the office of the superintendent of public instruction pursuant to chapter 28A.250 RCW.

(4) (Part-time enrollment in alternative learning experiences is subject to the provisions of RCW 28A.150.350.

(5) The superintendent of public instruction shall adopt rules defining minimum requirements and accountability for alternative learning experience programs)) Each school district offering or contracting to offer alternative learning experience courses must:

(a) Report annually to the superintendent of public instruction regarding the course types and offerings, and number of students participating in each;

(b) Document the district of residence for each student enrolled in an alternative learning experience course; and

(c) Beginning in the 2013-14 school year and continuing through the 2016-17 school year, pay costs associated with a biennial measure of student outcomes and financial audit of the district's alternative learning experience courses by the office of the state auditor.

(5) A school district offering or contracting to offer an alternative learning experience course to a nonresident student must inform the resident school district if the student drops out of the course or is otherwise no longer enrolled.

(6) School districts must assess the educational progress of enrolled students at least annually, using, for full-time students, the state assessment for the student's grade level and using any other annual assessments required by the school district. Part-time students must also be assessed at least annually. However, part-time students who are either receiving home-based instruction under chapter 28A.200 RCW or who are enrolled in an approved private school under chapter 28A.195 RCW are not required to participate in the assessments required under chapter 28A.655 RCW. The rules must address how students who reside outside the geographic service area of the school district are to be assessed.

(7) Beginning with the 2013-14 school year, school districts must designate alternative learning experience courses as such when reporting course information to the office of the superintendent of public instruction under RCW 28A.300.500.

(8)(a) The superintendent of public instruction shall adopt rules necessary to implement this section.

(b) Rules adopted for weekly direct personal contact requirements and monthly progress evaluation must be flexible and reflect the needs of the student and the student's individual learning plan rather than specifying an amount of time. In addition, the rules must reduce documentation requirements, particularly for students making satisfactory progress, based on the unique aspects of the alternative learning experience course types defined in this section and taking into consideration the technical and system capabilities associated with the different course types.

(c) The rules must establish procedures that address how the counting of students must be coordinated by resident and nonresident districts for state funding so that no student is counted for more than one full-time equivalent in the aggregate.

NEW SECTION. Sec. 603. The superintendent of public instruction shall separately calculate and allocate moneys appropriated under RCW 28A.150.260 to school districts for each

full-time equivalent student enrolled in an alternative learning experience course. The calculation shall be based on the estimated statewide annual average allocation per full-time equivalent student in grades nine through twelve in general education, excluding small high school enhancements, and including applicable rules and provisions of the omnibus appropriations act.

Sec. 604. RCW 28A.250.010 and 2011 1st sp.s. c 34 s 5 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1)(a) "Multidistrict online provider" means:

(i) A private or nonprofit organization that enters into a contract with a school district to provide online courses or programs to K-12 students from more than one school district;

(ii) A private or nonprofit organization that enters into contracts with multiple school districts to provide online courses or programs to K-12 students from those districts; or

(iii) Except as provided in (b) of this subsection, a school district that provides online courses or programs to students who reside outside the geographic boundaries of the school district.

(b) "Multidistrict online provider" does not include a school district online learning program in which fewer than ten percent of the students enrolled in the program are from other districts under the interdistrict student transfer provisions of RCW 28A.225.225. "Multidistrict online provider" also does not include regional online learning programs that are jointly developed and implemented by two or more school districts or an educational service district through an interdistrict cooperative program agreement that addresses, at minimum, how the districts share student full-time equivalency for state basic education funding purposes and how categorical education programs, including special education, are provided to eligible students.

(2)(a) "Online course" means a course or grade-level coursework where:

(i) More than half of the course content is delivered electronically using the internet or other computer-based methods; ~~(and)~~

(ii) More than half of the teaching is conducted from a remote location through an online course learning management system or other online or electronic tools;

(iii) A certificated teacher has the primary responsibility for the student's instructional interaction. Instructional interaction between the teacher and the student includes, but is not limited to, direct instruction, review of assignments, assessment, testing, progress monitoring, and educational facilitation; and

(iv) Students have access to the teacher synchronously, asynchronously, or both.

(b) "Online school program" means a school program that(:

(i) Offers courses or grade-level coursework that is delivered primarily electronically using the internet or other computer-based methods;

(ii) Offers courses or grade-level coursework that is taught by a teacher primarily from a remote location using online or other electronic tools. Students enrolled in an online program may have access to the teacher synchronously, asynchronously, or both;

(iii)) offers a sequential set of online courses or grade-level coursework that may be taken in a single school term or throughout the school year in a manner that could provide a full-time basic education program if so desired by the student. Students may enroll in the program as part-time or full-time students(;

(iv) Has an online component of the program (with online lessons and tools for student and data management)).

(c) An online course or online school program may be delivered to students at school as part of the regularly scheduled school day. An online course or online school program also may be delivered to students, in whole or in part, independently from a regular

classroom schedule, but such courses or programs must comply with RCW ((~~28A.150.262~~) 28A.150.325 (as recodified by this act) and associated rules adopted by the superintendent of public instruction to qualify for state basic education funding.

(3) "Online provider" means any provider of an online course or program, including multidistrict online providers, all school district online learning programs, and all regional online learning programs.

Sec. 605. RCW 28A.250.020 and 2011 1st sp.s. c 34 s 6 are each amended to read as follows:

(1) The superintendent of public instruction, in collaboration with the state board of education, shall develop and implement approval criteria and a process for approving online providers; a process for monitoring and if necessary rescinding the approval of courses or programs offered by an online provider; and an appeals process. The criteria and processes for multidistrict online providers shall be adopted by rule by December 1, 2009.

(2) When developing the approval criteria, the superintendent of public instruction shall require that providers offering online courses or programs have accreditation, or are candidates for accreditation, through the Northwest accreditation commission or another national, regional, or state accreditation program listed by the office of the superintendent of public instruction ((after consultation with the Washington coalition for online learning)). In addition to other criteria, the approval criteria shall include the degree of alignment with state academic standards and require that all teachers be certificated in accordance with Washington state law. When reviewing online providers that offer high school courses, the superintendent of public instruction shall assure that the courses offered by the provider are eligible for high school credit. However, final decisions regarding whether credit meets the school district's graduation requirements shall remain the responsibility of the school districts.

(3) Initial approval of online providers by the superintendent of public instruction shall be for four years. The superintendent of public instruction shall develop a process for the renewal of approvals and for rescinding approvals based on noncompliance with approval requirements. Any multidistrict online provider that was approved by the digital learning commons or accredited by the Northwest association of accredited schools before July 26, 2009, and that meets the teacher certification requirements of subsection (2) of this section, is exempt from the initial approval process under this section until August 31, 2012, but must comply with the process for renewal of approvals and must comply with approval requirements.

(4) The superintendent of public instruction shall make the first round of decisions regarding approval of multidistrict online providers by April 1, 2010. The first round of decisions regarding approval of online providers that are not multidistrict online providers shall be made by April 1, 2013. Thereafter, the superintendent of public instruction shall make annual approval decisions no later than November 1st of each year.

(5) The superintendent of public instruction shall establish an online learning advisory committee within existing resources that shall provide advice to the superintendent regarding the approval criteria, major components of the web site, the model school district policy, model agreements, and other related matters. The committee shall include a representative of each of the following groups: Private and public online providers, parents of online students, accreditation organizations, educational service districts, school principals, teachers, school administrators, school board members, institutions of higher education, and other individuals as determined by the superintendent. Members of the advisory committee shall be selected by the superintendent based on nominations from statewide organizations, shall serve three-year

terms, and may be reappointed. The superintendent shall select the chair of the committee.

Sec. 606. RCW 28A.250.050 and 2011 1st sp.s. c 34 s 11 are each amended to read as follows:

(1) By August 31, 2010, all school district boards of directors shall develop policies and procedures regarding student access to online courses and online learning programs. The policies and procedures shall include but not be limited to: Student eligibility criteria; the types of online courses available to students through the school district; the methods districts will use to support student success, which may include a local advisor; when the school district will and will not pay course fees and other costs; the granting of high school credit; and a process for students and parents or guardians to formally acknowledge any course taken for which no credit is given. The policies and procedures shall take effect beginning with the 2010-11 school year. School districts shall submit their policies to the superintendent of public instruction by September 15, 2010. By December 1, 2010, the superintendent of public instruction shall summarize the school district policies regarding student access to online courses and submit a report to the legislature.

(2) School districts must award credit and grades for online high school courses successfully completed by a student that meet the school district's graduation requirements and are provided by an approved online provider.

(3) School districts shall provide students with information regarding online courses that are available through the school district. The information shall include the types of information described in subsection (1) of this section.

(4) When developing local or regional online learning programs, school districts shall incorporate into the program design the approval criteria developed by the superintendent of public instruction under RCW 28A.250.020.

Sec. 607. RCW 28A.250.060 and 2011 1st sp.s. c 34 s 8 are each amended to read as follows:

(1) Beginning with the 2011-12 school year, school districts may claim state funding under ((~~RCW 28A.150.260~~) section 603 of this act, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are:

(a) Offered by a multidistrict online provider approved under RCW 28A.250.020 by the superintendent of public instruction;

(b) Offered by a school district online learning program if the program serves students who reside within the geographic boundaries of the school district, including school district programs in which fewer than ten percent of the program's students reside outside the school district's geographic boundaries; or

(c) Offered by a regional online learning program where courses are jointly developed and offered by two or more school districts or an educational service district through an interdistrict cooperative program agreement.

(2) Beginning with the 2013-14 school year, school districts may claim state funding under ((~~RCW 28A.150.260~~) section 603 of this act, to the extent otherwise allowed by state law, for students enrolled in online courses or programs only if the online courses or programs are offered by an online provider approved under RCW 28A.250.020 by the superintendent of public instruction.

(3) Criteria shall be established by the superintendent of public instruction to allow online courses that have not been approved by the superintendent of public instruction to be eligible for state funding if the course is in a subject matter in which no courses have been approved and, if it is a high school course, the course meets Washington high school graduation requirements.

Sec. 608. RCW 28A.250.070 and 2009 c 542 s 8 are each amended to read as follows:

Nothing in this chapter is intended to diminish the rights of students to attend a nonresident school district in accordance with RCW 28A.225.220 through 28A.225.230 for the purposes of enrolling in online courses or online school programs. The office of online learning under RCW 28A.250.030 shall develop a standard form, which must be used by all school districts, for releasing a student to a nonresident school district for the purposes of enrolling in an online course or online school program.

NEW SECTION. Sec. 609. A new section is added to chapter 28A.250 RCW to read as follows:

An online school program may request a waiver from the office of the superintendent of public instruction to administer one or more sections of the statewide student assessment for grades three through eight for some or all students enrolled in the program on alternate days or on an alternate schedule, as long as the administration is within the testing period established by the office. The office may deny a request for a waiver if the online school program's proposal does not maintain adequate test security or would reduce the reliability of the assessment results by providing an inequitable advantage for some students.

Sec. 610. RCW 28A.225.220 and 1995 c 335 s 602 and 1995 c 52 s 2 are each reenacted and amended to read as follows:

(1) Any board of directors may make agreements with adults choosing to attend school, and may charge the adults reasonable tuition.

(2) A district is strongly encouraged to honor the request of a parent or guardian for his or her child to attend a school in another district or the request of a parent or guardian for his or her child to transfer as a student receiving home-based instruction.

(3) A district shall release a student to a nonresident district that agrees to accept the student if:

(a) A financial, educational, safety, or health condition affecting the student would likely be reasonably improved as a result of the transfer; or

(b) Attendance at the school in the nonresident district is more accessible to the parent's place of work or to the location of child care; or

(c) There is a special hardship or detrimental condition; or

(d) The purpose of the transfer is for the student to enroll in an online course or online school program offered by an online provider approved under RCW 28A.250.020.

(4) A district may deny the request of a resident student to transfer to a nonresident district if the release of the student would adversely affect the district's existing desegregation plan.

(5) For the purpose of helping a district assess the quality of its education program, a resident school district may request an optional exit interview or questionnaire with the parents or guardians of a child transferring to another district. No parent or guardian may be forced to attend such an interview or complete the questionnaire.

(6) Beginning with the 1993-94 school year, school districts may not charge transfer fees or tuition for nonresident students enrolled under subsection (3) of this section and RCW 28A.225.225. Reimbursement of a high school district for cost of educating high school pupils of a nonhigh school district shall not be deemed a transfer fee as affecting the apportionment of current state school funds.

Sec. 611. RCW 28A.225.225 and 2013 c 192 s 2 are each amended to read as follows:

(1) Except for students who reside out-of-state and students under RCW 28A.225.217, a district shall accept applications from nonresident students who are the children of full-time certificated and classified school employees, and those children shall be permitted to enroll:

(a) At the school to which the employee is assigned;

(b) At a school forming the district's K through 12 continuum which includes the school to which the employee is assigned; or

(c) At a school in the district that provides early intervention services pursuant to RCW 28A.155.065 or preschool services pursuant to RCW 28A.155.070, if the student is eligible for such services.

(2) A district may reject applications under this section if:

(a) The student's disciplinary records indicate a history of convictions for offenses or crimes, violent or disruptive behavior, or gang membership;

(b) The student has been expelled or suspended from a public school for more than ten consecutive days. Any policy allowing for readmission of expelled or suspended students under this subsection (2)(b) must apply uniformly to both resident and nonresident applicants; ~~((e))~~

(c) Enrollment of a child under this section would displace a child who is a resident of the district, except that if a child is admitted under subsection (1) of this section, that child shall be permitted to remain enrolled at that school, or in that district's kindergarten through twelfth grade continuum, until he or she has completed his or her schooling; or

(d) The student has repeatedly failed to comply with requirements for participation in an online school program, such as participating in weekly direct contact with the teacher or monthly progress evaluations.

(3) A nonhigh district that is participating in an innovation academy cooperative may not accept an application from a high school student that conflicts with RCW 28A.340.080.

(4) Except as provided in subsection (1) of this section, all districts accepting applications from nonresident students or from students receiving home-based instruction for admission to the district's schools shall consider equally all applications received. Each school district shall adopt a policy establishing rational, fair, and equitable standards for acceptance and rejection of applications by June 30, 1990. The policy may include rejection of a nonresident student if:

(a) Acceptance of a nonresident student would result in the district experiencing a financial hardship;

(b) The student's disciplinary records indicate a history of convictions for offenses or crimes, violent or disruptive behavior, or gang membership;

(c) Accepting of the nonresident student would conflict with RCW 28A.340.080; or

(d) The student has been expelled or suspended from a public school for more than ten consecutive days. Any policy allowing for readmission of expelled or suspended students under this subsection (4)(d) must apply uniformly to both resident and nonresident applicants.

For purposes of subsections (2)(a) and (4)(b) of this section, "gang" means a group which: (i) Consists of three or more persons; (ii) has identifiable leadership; and (iii) on an ongoing basis, regularly conspires and acts in concert mainly for criminal purposes.

(5) The district shall provide to applicants written notification of the approval or denial of the application in a timely manner. If the application is rejected, the notification shall include the reason or reasons for denial and the right to appeal under RCW 28A.225.230(3).

Sec. 612. RCW 28A.150.100 and 2011 1st sp.s. c 34 s 10 are each amended to read as follows:

(1) For the purposes of this section and RCW 28A.150.410 and 28A.400.200, "basic education certificated instructional staff" means all full-time equivalent classroom teachers, teacher librarians, guidance counselors, certificated student health services staff, and other certificated instructional staff in the following programs as defined for statewide school district accounting

SECOND DAY, JUNE 13, 2013

2013 2ND SPECIAL SESSION

purposes: Basic education, secondary vocational education, general instructional support, and general supportive services.

(2) Each school district shall maintain a ratio of at least forty-six basic education certificated instructional staff to one thousand annual average full-time equivalent students. This requirement does not apply to that portion of a district's annual average full-time equivalent enrollment that is enrolled in alternative learning experience ((programs)) courses as defined in RCW 28A.150.325 (as recodified by this act).

Sec. 613. RCW 28A.525.162 and 2012 c 244 s 2 are each amended to read as follows:

(1) Funds appropriated to the superintendent of public instruction from the common school construction fund shall be allotted by the superintendent of public instruction in accordance with this chapter.

(2) No allotment shall be made to a school district until such district has provided local funds equal to or greater than the difference between the total approved project cost and the amount of state funding assistance to the district for financing the project computed pursuant to RCW 28A.525.166, with the following exceptions:

(a) The superintendent of public instruction may waive the local requirement for state funding assistance for districts which have provided funds for school building construction purposes through the authorization of bonds or through the authorization of excess tax levies or both in an amount equivalent to two and one-half percent of the value of its taxable property, as defined in RCW 39.36.015.

(b) No such local funds shall be required as a condition to the allotment of funds from the state for the purpose of making major or minor structural changes to existing school facilities in order to bring such facilities into compliance with the barrier free access requirements of section 504 of the federal rehabilitation act of 1973 (29 U.S.C. Sec. 706) and rules implementing the act.

(3) For the purpose of computing the state funding assistance percentage under RCW 28A.525.166 when a school district is granted authority to enter into contracts, adjusted valuation per pupil shall be calculated using headcount student enrollments from the most recent October enrollment reports submitted by districts to the superintendent of public instruction, adjusted as follows:

(a) In the case of projects for which local bonds were approved after May 11, 1989:

(i) For districts which have been designated as serving high school districts under RCW 28A.540.110, students residing in the nonhigh district so designating shall be excluded from the enrollment count if the student is enrolled in any grade level not offered by the nonhigh district;

(ii) The enrollment of nonhigh school districts shall be increased by the number of students residing within the district who are enrolled in a serving high school district so designated by the nonhigh school district under RCW 28A.540.110, including only students who are enrolled in grade levels not offered by the nonhigh school district; and

(iii) The number of preschool students with disabilities included in the enrollment count shall be multiplied by one-half;

(b) In the case of construction or modernization of high school facilities in districts serving students from nonhigh school districts, the adjusted valuation per pupil shall be computed using the combined adjusted valuations and enrollments of each district, each weighted by the percentage of the district's resident high school students served by the high school district;

(c) The number of kindergarten students included in the enrollment count shall be counted as one headcount student; and

(d) The number of students residing outside the school district who are enrolled in alternative learning experience ((programs))

courses under RCW 28A.150.325 (as recodified by this act) shall be excluded from the total.

(4) In lieu of the exclusion in subsection (3)(d) of this section, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience ((programs)) courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a regular duration by out-of-district alternative learning experience ((program)) students subtracted by the headcount of in-district alternative learning experience ((program)) students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The superintendent of public instruction, considering policy recommendations from the school facilities citizen advisory panel, shall prescribe such rules as are necessary to equate insofar as possible the efforts made by school districts to provide capital funds by the means aforesaid.

(6) For the purposes of this section, "preschool students with disabilities" means children of preschool age who have developmental disabilities who are entitled to services under RCW 28A.155.010 through 28A.155.100 and are not included in the kindergarten enrollment count of the district.

Sec. 614. RCW 28A.525.166 and 2012 c 244 s 3 are each amended to read as follows:

Allocations to school districts of state funds provided by RCW 28A.525.162 through 28A.525.180 shall be made by the superintendent of public instruction and the amount of state funding assistance to a school district in financing a school plant project shall be determined in the following manner:

(1) The boards of directors of the districts shall determine the total cost of the proposed project, which cost may include the cost of acquiring and preparing the site, the cost of constructing the building or of acquiring a building and preparing the same for school use, the cost of necessary equipment, taxes chargeable to the project, necessary architects' fees, and a reasonable amount for contingencies and for other necessary incidental expenses: PROVIDED, That the total cost of the project shall be subject to review and approval by the superintendent.

(2) The state funding assistance percentage for a school district shall be computed by the following formula:

The ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil shall be subtracted from three, and then the result of the foregoing shall be divided by three plus (the ratio of the school district's adjusted valuation per pupil divided by the ratio of the total state adjusted valuation per pupil).

	District adjusted	Total state	
	3-valuation	÷ adjusted valuation	
Computed	per pupil	per pupil	State
State =	<hr style="width: 50%; margin: 0 auto;"/>		=- % Funding
Ratio	District adjusted	Total state	Assistance
	3+valuation	÷ adjusted valuation	
	per pupil	per pupil	

PROVIDED, That in the event the state funding assistance percentage to any school district based on the above formula is less than twenty percent and such school district is otherwise eligible for state funding assistance under RCW 28A.525.162 through 28A.525.180, the superintendent may establish for such district a state funding assistance percentage not in excess of twenty percent of the approved cost of the project, if the superintendent finds that such additional assistance is necessary to provide minimum facilities for housing the pupils of the district.

(3) In addition to the computed state funding assistance percentage developed in subsection (2) of this section, a school district shall be entitled to additional percentage points determined by the average percentage of growth for the past three years. One percent shall be added to the computed state funding assistance percentage for each percent of growth, with a maximum of twenty percent.

(4) In computing the state funding assistance percentage in subsection (2) of this section and adjusting the percentage under subsection (3) of this section, students residing outside the school district who are enrolled in alternative learning experience ~~((programs))~~ courses under RCW 28A.150.325 ~~(as recodified by this act)~~ shall be excluded from the count of total pupils. In lieu of the exclusion in this subsection, a district may submit an alternative calculation for excluding students enrolled in alternative learning experience ~~((programs))~~ courses. The alternative calculation must show the student headcount use of district classroom facilities on a regular basis for a reasonable duration by out-of-district alternative learning experience ~~((program))~~ students subtracted by the headcount of in-district alternative learning experience ~~((program))~~ students not using district classroom facilities on a regular basis for a reasonable duration. The alternative calculation must be submitted in a form approved by the office of the superintendent of public instruction. The office of the superintendent of public instruction must develop rules to define "regular basis" and "reasonable duration."

(5) The approved cost of the project determined in the manner prescribed in this section multiplied by the state funding assistance percentage derived as provided for in this section shall be the amount of state funding assistance to the district for the financing of the project: PROVIDED, That need therefor has been established to the satisfaction of the superintendent: PROVIDED, FURTHER, That additional state funding assistance may be allowed if it is found by the superintendent, considering policy recommendations from the school facilities citizen advisory panel that such assistance is necessary in order to meet (a) a school housing emergency resulting from the destruction of a school building by fire, the condemnation of a school building by properly constituted authorities, a sudden excessive and clearly foreseeable future increase in school population, or other conditions similarly emergent in nature; or (b) a special school housing burden resulting from projects of statewide significance or imposed by virtue of the admission of nonresident students into educational programs established, maintained and operated in conformity with the requirements of law; or (c) a deficiency in the capital funds of the district resulting from financing, subsequent to April 1, 1969, and without benefit of the state funding assistance provided by prior state assistance programs, the construction of a needed school building project or projects approved in conformity with the requirements of such programs, after having first applied for and been denied state funding assistance because of the inadequacy of state funds available for the purpose, or (d) a condition created by the fact that an excessive number of students live in state owned housing, or (e) a need for the construction of a school building to provide for improved school district organization or racial balance, or (f) conditions similar to those defined under (a), (b), (c), (d), and (e) of this subsection, creating a like emergency.

NEW SECTION. Sec. 615. (1) The office of financial management shall conduct a study, in consultation with, at minimum, one representative each from school districts that administer remote, site- based, and online alternative learning experience courses; the office of the superintendent of public instruction; the Washington state institute for public policy; individuals with expertise in outcome-based public school funding models; a Washington state nonprofit organization with expertise in alternative learning education; and the legislative evaluation and accountability program committee.

(2) The purpose of the study is to create a proposal for efficiently and sustainably funding alternative learning experience courses and to recommend steps to increase the focus on educational outcomes. The study may recommend the funding method established in section 603 of this act or another method of funding. The study shall review alternative learning funding models used in other states and consider the advantages and disadvantages of applying state policies, including funding policies, differentially depending on the type of alternative learning experience course. The study should also include but not be limited to, recommendations for establishing baseline data regarding alternative learning experience student proficiency and achievement in relation to students in a comparable demographic, identifying outcome targets and methods to measure progress toward targets, identifying methods to ensure ongoing evaluation of outcomes that account for the student demographics being served, and improving alternative learning experience accountability.

(3) The office of financial management shall report its findings from the study to the quality education council by November 1, 2013. The quality education council shall review the findings and make recommendations to the education and fiscal committees of the legislature by December 15, 2013.

"PART VII

FUNDING ENHANCEMENTS TO THE PROTOTYPICAL SCHOOL ALLOCATION MODEL

NEW SECTION. Sec. 701. The Washington supreme court order from December 2012 directed the 2013 legislature to establish a phase-in plan that addresses "all areas of K-12 education identified in ESHB 2261." While Substitute House Bill No. 2776 established the end goal enhancements for portions of the new basic education obligations under Engrossed Substitute House Bill No. 2261, that legislation did not establish the plan in which those enhancements would be phased-in over time. The legislature intends to establish a linear phase-in plan for funding the enhancements identified in Substitute House Bill No. 2776 but acknowledges that future legislatures may consider alternate phase-in schedules to reflect legislative priorities and emerging research. The legislature also recognizes that Substitute House Bill No. 2776 did not establish 2018 enhancement values for the many other components of the new prototypical funding formula and did not address how funding for the increased instructional hours and credit hours would be phased-in. It is the intent of the legislature to have end-goal values and a complete phase-in plan for all the 2018 basic education enhancements by the end of the 2013-2015 biennium after reviewing the relevant work and recommendations of the quality education council, the office of the superintendent of public

instruction, the compensation technical working group, and the educational opportunity gap oversight and accountability committee. As a first step, additional initial enhancements are included that are beyond those identified in Substitute House Bill No. 2776 and that are targeted to those areas that support legislative reforms to provide students the opportunity to be career and college ready. It is the legislature's intent that the final 2018 values for the additional enhancements also be adopted by the legislature by the end of the 2013-2015 biennium.

Sec. 702. RCW 28A.150.220 and 2013 c 323 s 2 are each amended to read as follows:

(1) In order for students to have the opportunity to develop the basic education knowledge and skills under RCW 28A.150.210, school districts must provide instruction of sufficient quantity and quality and give students the opportunity to complete graduation requirements that are intended to prepare them for postsecondary education, gainful employment, and citizenship. The program established under this section shall be the minimum instructional program of basic education offered by school districts.

(2) Each school district shall make available to students the following minimum instructional offering each school year:

(a) For students enrolled in grades one through twelve, at least a district-wide annual average of one thousand hours, which shall be increased to at least one thousand eighty instructional hours for students enrolled in each of grades seven through twelve and at least one thousand instructional hours for students in each of grades one through six according to an implementation schedule adopted by the legislature(~~(, but not before the 2014-15 school year)~~). Beginning in the 2013-2015 biennium, the legislature shall begin a linear phase-in of the funding enhancements necessary to accomplish the district-wide eighty hour increase in instructional hours for students in grades seven through twelve by 2018; and

(b) For students enrolled in kindergarten, at least four hundred fifty instructional hours, which shall be increased to at least one thousand instructional hours according to the implementation schedule under RCW 28A.150.315.

(3) The instructional program of basic education provided by each school district shall include:

(a) Instruction in the essential academic learning requirements under RCW 28A.655.070;

(b) Instruction that provides students the opportunity to complete twenty-four credits for high school graduation, subject to a phased-in implementation of the twenty-four credits as established by the legislature. Beginning in the 2013-2015 biennium, the legislature shall begin a linear phase-in of the funding enhancements necessary to allow students the opportunity to graduate with twenty-four credits by 2018. Course distribution requirements may be established by the state board of education under RCW 28A.230.090;

(c) If the essential academic learning requirements include a requirement of languages other than English, the requirement may be met by students receiving instruction in one or more American Indian languages;

(d) Supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065;

(e) Supplemental instruction and services for eligible and enrolled students whose primary language is other than English through the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080;

(f) The opportunity for an appropriate education at public expense as defined by RCW 28A.155.020 for all eligible students with disabilities as defined in RCW 28A.155.020; and

(g) Programs for highly capable students under RCW 28A.185.010 through 28A.185.030.

(4) Nothing contained in this section shall be construed to require individual students to attend school for any particular number of hours per day or to take any particular courses.

(5) Each school district's kindergarten through twelfth grade basic educational program shall be accessible to all students who are five years of age, as provided by RCW 28A.225.160, and less than twenty-one years of age and shall consist of a minimum of one hundred eighty school days per school year in such grades as are conducted by a school district, and one hundred eighty half-days of instruction, or equivalent, in kindergarten, to be increased to a minimum of one hundred eighty school days per school year according to the implementation schedule under RCW 28A.150.315. However, schools administering the Washington kindergarten inventory of developing skills may use up to three school days at the beginning of the school year to meet with parents and families as required in the parent involvement component of the inventory. In addition, effective May 1, 1979, a school district may schedule the last five school days of the one hundred and eighty day school year for noninstructional purposes in the case of students who are graduating from high school, including, but not limited to, the observance of graduation and early release from school upon the request of a student, and all such students may be claimed as a full-time equivalent student to the extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260.

(6) Nothing in this section precludes a school district from enriching the instructional program of basic education, such as offering additional instruction or providing additional services, programs, or activities that the school district determines to be appropriate for the education of the school district's students.

(7) The state board of education shall adopt rules to implement and ensure compliance with the program requirements imposed by this section, RCW 28A.150.250 and 28A.150.260, and such related supplemental program approval requirements as the state board may establish.

Sec. 703. RCW 28A.150.260 and 2011 1st sp.s. c 27 s 2 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that

schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;

(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.

(4)(a) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

General education average class size	
Grades K-3	25.23
Grade 4	27.00
Grades 5-6	27.00
Grades 7-8	28.53
Grades 9-12	28.74

(b) ~~(During)~~ Beginning with the ~~((2011-2013))~~ 2013-2015 biennium and beginning with schools with the highest percentage of students eligible for free and reduced-price meals in the prior school year, the general education average class size for grades K-3 shall be reduced ~~((until the))~~ in a linear fashion each biennium in order to achieve an average class size funded under this subsection (4) ~~((is))~~ of no more than 17.0 full-time equivalent students per teacher ~~((beginning in))~~ by the 2017-18 school year.

(c) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical education average class size	
Approved career and technical education offered at the middle school and high school level	26.57
Skill center programs meeting the standards established by the office of the superintendent of public instruction	22.76

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

SECOND DAY, JUNE 13, 2013

2013 2ND SPECIAL SESSION

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs, to be adjusted for inflation from the 2008-09 school year:

(9) In addition to the amounts provided in subsection (8) of this section, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through twelve;

(b) Laboratory science courses for students in grades nine through twelve;

(c) Preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and

(d) Preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a) To provide supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall provide for each level of prototypical school resources to provide, on a statewide average, ~~((4.5156))~~ two hours per week in extra instruction with a class size of fifteen learning assistance program students per teacher.

(b) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4,7780 hours per week in extra instruction with fifteen transitional bilingual instruction program students per teacher in elementary school, six hours per week in extra instruction with fifteen transitional bilingual instruction program students per teacher in middle school, and eight hours per week in extra instruction with fifteen transitional bilingual instruction program students per teacher in high school. An additional three hours per week of transition support shall be provided for each student for two years after exiting the transitional bilingual instructional program. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on two and three hundred fourteen one-thousandths percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2,1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(d) To provide additional allocations to support the increased instructional hours requirements established under RCW 28A.150.220(2)(a), allocations must be based on the full-time equivalent student enrollment in grades seven through twelve. The minimum allocation for the programs must provide resources to provide, on a statewide average, 2,220 hours per week in extra instruction with fifteen eligible students per teacher.

(11) The allocations under subsections (4)(a) and (b), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and

reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

Sec. 704. RCW 28A.150.315 and 2012 c 51 s 1 are each amended to read as follows:

(1) Beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. ~~((During))~~ Beginning with the ((2011-2013)) 2013-2015 biennium, funding enhancements shall ~~((continue to))~~ be phased-in each year ~~((until))~~ in a linear fashion each biennium in order to achieve full statewide implementation of all-day kindergarten is achieved in the 2017-18 school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:

(a) Provide at least a one thousand-hour instructional program;

(b) Provide a curriculum that offers a rich, varied set of experiences that assist students in:

(i) Developing initial skills in the academic areas of reading, mathematics, and writing;

SECOND DAY, JUNE 13, 2013

2013 2ND SPECIAL SESSION

(e) Participate in kindergarten program readiness activities with early learning providers and parents.

(2)(a) It is the intent of the legislature that administration of the Washington kindergarten inventory of developing skills as required in this subsection (2) and RCW 28A.655.080 replace administration of other assessments being required by school districts or that other assessments only be administered if they seek to obtain information not covered by the Washington kindergarten inventory of developing skills.

(b) In addition to the requirements in subsection (1) of this section and to the extent funds are available, beginning with the 2011-12 school year on a voluntary basis, schools must identify the skills, knowledge, and characteristics of kindergarten students at the beginning of the school year in order to support social-emotional, physical, and cognitive growth and development of individual children; support early learning provider and parent involvement; and inform instruction. Kindergarten teachers shall administer the Washington kindergarten inventory of developing skills, as directed by the superintendent of public instruction in consultation with the department of early learning and in collaboration with the nongovernmental private-public partnership designated in RCW 43.215.070, and report the results to the superintendent. The superintendent shall share the results with the director of the department of early learning.

(c) School districts shall provide an opportunity for parents and guardians to excuse their children from participation in the Washington kindergarten inventory of developing skills.

(3) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate one or more school districts to serve as resources and examples of best practices in designing and operating a high-quality all-day kindergarten program. Designated school districts shall serve as lighthouse programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities.

Sec. 705. RCW 28A.160.192 and 2011 1st sp.s. c 27 s 3 are each amended to read as follows:

(1) The superintendent of public instruction shall phase-in the implementation of the distribution formula under this chapter for allocating state funds to school districts for the transportation of students to and from school. The phase-in shall (~~begin no later than the 2011-2013 biennium and~~) be fully implemented by the end of the 2013-2015 biennium.

(a) The formula must be developed and revised on an ongoing basis using the major cost factors in student transportation, including basic and special student loads, school district land area, average distance to school, roadway miles, and number of locations served. Factors must include all those site characteristics that are statistically significant after analysis of the data required by the revised reporting process.

(b) The formula must allocate funds to school districts based on the average predicted costs of transporting students to and from school, using a regression analysis. Only factors that are statistically significant shall be used in the regression analysis. Employee compensation costs included in the allowable transportation expenditures used for the purpose of establishing each school district's independent variable in the regression analysis shall be limited to the base salary or hourly wage rates, fringe benefit rates, and applicable health care rates provided in the omnibus appropriations act.

(2) During the phase-in period, funding provided to school districts for student transportation operations shall be distributed on the following basis:

(a) Annually, each school district shall receive the lesser of the previous school year's pupil transportation operations allocation, or the total of allowable pupil transportation expenditures identified on the previous school year's final expenditure report to the state plus district indirect expenses using the federal restricted indirect rate as calculated in the district annual financial report;

(b) Annually, the amount identified in (a) of this subsection shall be adjusted for any budgeted increases provided in the omnibus appropriations act for salaries or fringe benefits;

(c) Annually, any funds appropriated by the legislature in excess of the maintenance level funding amount for student transportation shall be distributed among school districts on a prorated basis using the difference between the amount identified in (a) adjusted by (b) of this subsection and the amount determined under the formula in RCW 28A.160.180; and

(d) Allocations provided to recognize the cost of depreciation to districts contracting with private carriers for student transportation shall be deducted from the allowable transportation expenditures in (a) of this subsection.

Sec. 706. RCW 28A.405.106 and 2012 c 35 s 5 are each amended to read as follows:

(1) (~~Subject to funds appropriated for this purpose,)~~ The office of the superintendent of public instruction must develop and make available a professional development program to support the implementation of the evaluation systems required by RCW 28A.405.100. The program components may be organized into professional development modules for principals, administrators, and teachers. The professional development program shall include a comprehensive online training package.

(2) The training program must include, but not be limited to, the following topics:

(a) Introduction of the evaluation criteria for teachers and principals and the four-level rating system;

(b) Orientation to and use of instructional frameworks;

Multiple modes of instruction should be incorporated including videos of classroom teaching, participatory exercises, and other engaging combinations of online audio, video, and print presentation.

(4) The professional development program must be developed in modules that allow:

(a) Access to material over a reasonable number of training sessions;

(b) Delivery in person or online; and

(c) Use in a self-directed manner.

(5) The office of the superintendent of public instruction must maintain a web site that includes the online professional development materials along with sample evaluation forms and templates, links to relevant research on evaluation and on high quality teaching and leadership, samples of contract and collective

bargaining language on key topics, examples of multiple measures of teacher and principal performance, suggestions for data to measure student growth, and other tools that will assist school districts in implementing the revised evaluation systems.

(6) The office of the superintendent of public instruction must identify the number of in-service training hours associated with each professional development module and develop a way for users to document their completion of the training. Documented completion of the training under this section is considered approved in-service training for the purposes of RCW 28A.415.020.

(7) The office of the superintendent of public instruction shall periodically update the modules to reflect new topics and research on performance evaluation so that the training serves as an ongoing source of continuing education and professional development.

(8) The office of the superintendent of public instruction shall work with the educational service districts to provide clearinghouse services for the identification and publication of professional development opportunities for teachers and principals that align with performance evaluation criteria.

(9) The training program must be funded at a level that allows for training of both principals and teachers on both an initial and ongoing basis and provides for the development of a small team of staff from each district on the appropriate use of student growth measures. MOTION

Senator Ericksen moved that the following striking amendment by Senators Ericksen and Ranker be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there are a large number of toxic waste sites that have been identified in the department of ecology's priority list as ready for immediate cleanup. The legislature further finds that addressing the cleanup of these toxic waste sites will provide needed jobs to citizens of Washington state. It is the intent of the legislature to prioritize the spending of revenues under chapter 70.105D RCW, the model toxics control act, on cleaning up the most toxic sites, while also providing jobs in communities around the state.

Sec. 2. RCW 70.105D.020 and 2007 c 104 s 18 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Agreed order" means an order issued by the department under this chapter with which the potentially liable person or prospective purchaser receiving the order agrees to comply. An agreed order may be used to require or approve any cleanup or other remedial actions but it is not a settlement under RCW 70.105D.040(4) and shall not contain a covenant not to sue, or provide protection from claims for contribution, or provide eligibility for public funding of remedial actions under RCW 70.105D.070 ~~((2)(d)(iii))~~ (3)(k) and (q).

(2) "Department" means the department of ecology.

(3) "Director" means the director of ecology or the director's designee.

(4) "Environmental covenant" has the same meaning as defined in RCW 64.70.020.

(5) "Facility" means (a) any building, structure, installation, equipment, pipe or pipeline (including any pipe into a sewer or publicly owned treatment works), well, pit, pond, lagoon, impoundment, ditch, landfill, storage container, motor vehicle, rolling stock, vessel, or aircraft, or (b) any site or area where a hazardous substance, other than a consumer product in consumer use, has been deposited, stored, disposed of, or placed, or otherwise come to be located.

(6) "Federal cleanup law" means the federal comprehensive environmental response, compensation, and liability act of 1980, 42 U.S.C. Sec. 9601 et seq., as amended by Public Law 99-499.

(7)(a) "Fiduciary" means a person acting for the benefit of another party as a bona fide trustee; executor; administrator; custodian; guardian of estates or guardian ad litem; receiver; conservator; committee of estates of incapacitated persons; trustee in bankruptcy; trustee, under an indenture agreement, trust agreement, lease, or similar financing agreement, for debt securities, certificates of interest or certificates of participation in debt securities, or other forms of indebtedness as to which the trustee is not, in the capacity of trustee, the lender. Except as provided in subsection (17)(b)(iii) of this section, the liability of a fiduciary under this chapter shall not exceed the assets held in the fiduciary capacity.

(b) "Fiduciary" does not mean:

(i) A person acting as a fiduciary with respect to a trust or other fiduciary estate that was organized for the primary purpose of, or is engaged in, actively carrying on a trade or business for profit, unless the trust or other fiduciary estate was created as part of, or to facilitate, one or more estate plans or because of the incapacity of a natural person;

(ii) A person who acquires ownership or control of a facility with the objective purpose of avoiding liability of the person or any other person. It is prima facie evidence that the fiduciary acquired ownership or control of the facility to avoid liability if the facility is the only substantial asset in the fiduciary estate at the time the facility became subject to the fiduciary estate;

(iii) A person who acts in a capacity other than that of a fiduciary or in a beneficiary capacity and in that capacity directly or indirectly benefits from a trust or fiduciary relationship;

(iv) A person who is a beneficiary and fiduciary with respect to the same fiduciary estate, and who while acting as a fiduciary receives benefits that exceed customary or reasonable compensation, and incidental benefits permitted under applicable law;

(v) A person who is a fiduciary and receives benefits that substantially exceed customary or reasonable compensation, and incidental benefits permitted under applicable law; or

(vi) A person who acts in the capacity of trustee of state or federal lands or resources.

(9) "Foreclosure and its equivalents" means purchase at a foreclosure sale, acquisition, or assignment of title in lieu of foreclosure, termination of a lease, or other repossession, acquisition of a right to title or possession, an agreement in satisfaction of the obligation, or any other comparable formal or informal manner, whether pursuant to law or under warranties, covenants, conditions, representations, or promises from the borrower, by which the holder acquires title to or possession of a facility securing a loan or other obligation.

(10) "Hazardous substance" means:

(a) Any dangerous or extremely hazardous waste as defined in RCW 70.105.010 ~~((5) and (6))~~ (1) and (7), or any dangerous or extremely dangerous waste designated by rule pursuant to chapter 70.105 RCW;

(b) Any hazardous substance as defined in RCW 70.105.010 ~~((44))~~ (10) or any hazardous substance as defined by rule pursuant to chapter 70.105 RCW;

(d) Petroleum or petroleum products; and

(e) Any substance or category of substances, including solid waste decomposition products, determined by the director by rule to present a threat to human health or the environment if released into the environment.

The term hazardous substance does not include any of the following when contained in an underground storage tank from which there is not a release: Crude oil or any fraction thereof or petroleum, if the tank is in compliance with all applicable federal, state, and local law.

(11) "Holder" means a person who holds indicia of ownership primarily to protect a security interest. A holder includes the initial holder such as the loan originator, any subsequent holder such as a successor-in-interest or subsequent purchaser of the security interest on the secondary market, a guarantor of an obligation, surety, or any other person who holds indicia of ownership primarily to protect a security interest, or a receiver, court-appointed trustee, or other person who acts on behalf or for the benefit of a holder. A holder can be a public or privately owned financial institution, receiver, conservator, loan guarantor, or other similar persons that loan money or guarantee repayment of a loan. Holders typically are banks or savings and loan institutions but may also include others such as insurance companies, pension funds, or private individuals that engage in loaning of money or credit.

(12) "Independent remedial actions" means remedial actions conducted without department oversight or approval, and not under an order, agreed order, or consent decree.

(13) "Indicia of ownership" means evidence of a security interest, evidence of an interest in a security interest, or evidence of an interest in a facility securing a loan or other obligation, including any legal or equitable title to a facility acquired incident to foreclosure and its equivalents. Evidence of such interests includes, mortgages, deeds of trust, sellers interest in a real estate contract, liens, surety bonds, and guarantees of obligations, title held pursuant to a lease financing transaction in which the lessor does not select initially the leased facility, or legal or equitable title obtained pursuant to foreclosure and their equivalents. Evidence of such interests also includes assignments, pledges, or other rights to or other forms of encumbrance against the facility that are held primarily to protect a security interest.

(14) "Industrial properties" means properties that are or have been characterized by, or are to be committed to, traditional industrial uses such as processing or manufacturing of materials, marine terminal and transportation areas and facilities, fabrication, assembly, treatment, or distribution of manufactured products, or storage of bulk materials, that are either:

(a) Zoned for industrial use by a city or county conducting land use planning under chapter 36.70A RCW; or

(b) For counties not planning under chapter 36.70A RCW and the cities within them, zoned for industrial use and adjacent to properties currently used or designated for industrial purposes.

(15) "Institutional controls" means measures undertaken to limit or prohibit activities that may interfere with the integrity of a remedial action or result in exposure to or migration of hazardous

substances at a site. "Institutional controls" include environmental covenants.

(16) "Operating a facility primarily to protect a security interest" occurs when all of the following are met: (a) Operating the facility where the borrower has defaulted on the loan or otherwise breached the security agreement; (b) operating the facility to preserve the value of the facility as an ongoing business; (c) the operation is being done in anticipation of a sale, transfer, or assignment of the facility; and (d) the operation is being done primarily to protect a security interest. Operating a facility for longer than one year prior to foreclosure or its equivalents shall be presumed to be operating the facility for other than to protect a security interest.

(17) "Owner or operator" means:

(a) Any person with any ownership interest in the facility or who exercises any control over the facility; or

(b) In the case of an abandoned facility, any person who had owned, or operated, or exercised control over the facility any time before its abandonment;

The term does not include:

(i) An agency of the state or unit of local government which acquired ownership or control through a drug forfeiture action under RCW 69.50.505, or involuntarily through bankruptcy, tax delinquency, abandonment, or other circumstances in which the government involuntarily acquires title. This exclusion does not apply to an agency of the state or unit of local government which has caused or contributed to the release or threatened release of a hazardous substance from the facility;

(ii) A person who, without participating in the management of a facility, holds indicia of ownership primarily to protect the person's security interest in the facility. Holders after foreclosure and its equivalent and holders who engage in any of the activities identified in subsection (18)(e) through (g) of this section shall not lose this exemption provided the holder complies with all of the following:

(A) The holder properly maintains the environmental compliance measures already in place at the facility;

(B) The holder complies with the reporting requirements in the rules adopted under this chapter;

(C) The holder complies with any order issued to the holder by the department to abate an imminent or substantial endangerment;

(D) The holder allows the department or potentially liable persons under an order, agreed order, or settlement agreement under this chapter access to the facility to conduct remedial actions and does not impede the conduct of such remedial actions;

(E) Any remedial actions conducted by the holder are in compliance with any preexisting requirements identified by the department, or, if the department has not identified such requirements for the facility, the remedial actions are conducted consistent with the rules adopted under this chapter; and

(F) The holder does not exacerbate an existing release. The exemption in this subsection (17)(b)(ii) does not apply to holders who cause or contribute to a new release or threatened release or who are otherwise liable under RCW 70.105D.040(1) (b), (c), (d), and (e); provided, however, that a holder shall not lose this exemption if it establishes that any such new release has been remediated according to the requirements of this chapter and that any hazardous substances remaining at the facility after remediation of the new release are divisible from such new release;

(iii) A fiduciary in his, her, or its personal or individual capacity. This exemption does not preclude a claim against the assets of the estate or trust administered by the fiduciary or against a nonemployee agent or independent contractor retained by a fiduciary. This exemption also does not apply to the extent that a person is liable under this chapter independently of the person's ownership as a fiduciary or for actions taken in a fiduciary capacity

which cause or contribute to a new release or exacerbate an existing release of hazardous substances. This exemption applies provided that, to the extent of the fiduciary's powers granted by law or by the applicable governing instrument granting fiduciary powers, the fiduciary complies with all of the following:

(A) The fiduciary properly maintains the environmental compliance measures already in place at the facility;

(B) The fiduciary complies with the reporting requirements in the rules adopted under this chapter;

(C) The fiduciary complies with any order issued to the fiduciary by the department to abate an imminent or substantial endangerment;

(D) The fiduciary allows the department or potentially liable persons under an order, agreed order, or settlement agreement under this chapter access to the facility to conduct remedial actions and does not impede the conduct of such remedial actions;

(E) Any remedial actions conducted by the fiduciary are in compliance with any preexisting requirements identified by the department, or, if the department has not identified such requirements for the facility, the remedial actions are conducted consistent with the rules adopted under this chapter; and

(F) The fiduciary does not exacerbate an existing release.

The exemption in this subsection (17)(b)(iii) does not apply to fiduciaries who cause or contribute to a new release or threatened release or who are otherwise liable under RCW 70.105D.040(1) (b), (c), (d), and (e); provided however, that a fiduciary shall not lose this exemption if it establishes that any such new release has been remediated according to the requirements of this chapter and that any hazardous substances remaining at the facility after remediation of the new release are divisible from such new release. The exemption in this subsection (17)(b)(iii) also does not apply where the fiduciary's powers to comply with this subsection (17)(b)(iii) are limited by a governing instrument created with the objective purpose of avoiding liability under this chapter or of avoiding compliance with this chapter; or

(iv) Any person who has any ownership interest in, operates, or exercises control over real property where a hazardous substance has come to be located solely as a result of migration of the hazardous substance to the real property through the groundwater from a source off the property, if:

(A) The person can demonstrate that the hazardous substance has not been used, placed, managed, or otherwise handled on the property in a manner likely to cause or contribute to a release of the hazardous substance that has migrated onto the property;

(B) The person has not caused or contributed to the release of the hazardous substance;

(C) The person does not engage in activities that damage or interfere with the operation of remedial actions installed on the person's property or engage in activities that result in exposure of humans or the environment to the contaminated groundwater that has migrated onto the property;

(D) If requested, the person allows the department, potentially liable persons who are subject to an order, agreed order, or consent decree, and the authorized employees, agents, or contractors of each, access to the property to conduct remedial actions required by the department. The person may attempt to negotiate an access agreement before allowing access; and

(E) Legal withdrawal of groundwater does not disqualify a person from the exemption in this subsection (17)(b)(iv).

(18) "Participation in management" means exercising decision-making control over the borrower's operation of the facility, environmental compliance, or assuming or manifesting responsibility for the overall management of the enterprise encompassing the day-to-day decision making of the enterprise.

The term does not include any of the following: (a) A holder with the mere capacity or ability to influence, or the unexercised right to control facility operations; (b) a holder who conducts or requires a borrower to conduct an environmental audit or an environmental site assessment at the facility for which indicia of ownership is held; (c) a holder who requires a borrower to come into compliance with any applicable laws or regulations at the facility for which indicia of ownership is held; (d) a holder who requires a borrower to conduct remedial actions including setting minimum requirements, but does not otherwise control or manage the borrower's remedial actions or the scope of the borrower's remedial actions except to prepare a facility for sale, transfer, or assignment; (e) a holder who engages in workout or policing activities primarily to protect the holder's security interest in the facility; (f) a holder who prepares a facility for sale, transfer, or assignment or requires a borrower to prepare a facility for sale, transfer, or assignment; (g) a holder who operates a facility primarily to protect a security interest, or requires a borrower to continue to operate, a facility primarily to protect a security interest; and (h) a prospective holder who, as a condition of becoming a holder, requires an owner or operator to conduct an environmental audit, conduct an environmental site assessment, come into compliance with any applicable laws or regulations, or conduct remedial actions prior to holding a security interest is not participating in the management of the facility.

(19) "Person" means an individual, firm, corporation, association, partnership, consortium, joint venture, commercial entity, state government agency, unit of local government, federal government agency, or Indian tribe.

(20) "Policing activities" means actions the holder takes to ensure that the borrower complies with the terms of the loan or security interest or actions the holder takes or requires the borrower to take to maintain the value of the security. Policing activities include: Requiring the borrower to conduct remedial actions at the facility during the term of the security interest; requiring the borrower to comply or come into compliance with applicable federal, state, and local environmental and other laws, regulations, and permits during the term of the security interest; securing or exercising authority to monitor or inspect the facility including on-site inspections, or to monitor or inspect the borrower's business or financial condition during the term of the security interest; or taking other actions necessary to adequately police the loan or security interest such as requiring a borrower to comply with any warranties, covenants, conditions, representations, or promises from the borrower.

(21) "Potentially liable person" means any person whom the department finds, based on credible evidence, to be liable under RCW 70.105D.040. The department shall give notice to any such person and allow an opportunity for comment before making the finding, unless an emergency requires otherwise.

(22) "Prepare a facility for sale, transfer, or assignment" means to secure access to the facility; perform routine maintenance on the facility; remove inventory, equipment, or structures; properly maintain environmental compliance measures already in place at the facility; conduct remedial actions to cleanup releases at the facility; or to perform other similar activities intended to preserve the value of the facility where the borrower has defaulted on the loan or otherwise breached the security agreement or after foreclosure and its equivalents and in anticipation of a pending sale, transfer, or assignment, primarily to protect the holder's security interest in the facility. A holder can prepare a facility for sale, transfer, or assignment for up to one year prior to foreclosure and its equivalents and still stay within the security interest exemption in subsection (17)(b)(ii) of this section.

(23) "Primarily to protect a security interest" means the indicia of ownership is held primarily for the purpose of securing payment or performance of an obligation. The term does not include indicia

of ownership held primarily for investment purposes nor indicia of ownership held primarily for purposes other than as protection for a security interest. A holder may have other, secondary reasons, for maintaining indicia of ownership, but the primary reason must be for protection of a security interest. Holding indicia of ownership after foreclosure or its equivalents for longer than five years shall be considered to be holding the indicia of ownership for purposes other than primarily to protect a security interest. For facilities that have been acquired through foreclosure or its equivalents prior to July 23, 1995, this five-year period shall begin as of July 23, 1995.

(24) "Public notice" means, at a minimum, adequate notice mailed to all persons who have made timely request of the department and to persons residing in the potentially affected vicinity of the proposed action; mailed to appropriate news media; published in the newspaper of largest circulation in the city or county of the proposed action; and opportunity for interested persons to comment.

(25) "Release" means any intentional or unintentional entry of any hazardous substance into the environment, including but not limited to the abandonment or disposal of containers of hazardous substances.

(26) "Remedy" or "remedial action" means any action or expenditure consistent with the purposes of this chapter to identify, eliminate, or minimize any threat or potential threat posed by hazardous substances to human health or the environment including any investigative and monitoring activities with respect to any release or threatened release of a hazardous substance and any health assessments or health effects studies conducted in order to determine the risk or potential risk to human health.

(27) "Security interest" means an interest in a facility created or established for the purpose of securing a loan or other obligation. Security interests include deeds of trusts, sellers interest in a real estate contract, liens, legal, or equitable title to a facility acquired incident to foreclosure and its equivalents, and title pursuant to lease financing transactions. Security interests may also arise from transactions such as sale and leasebacks, conditional sales, installment sales, trust receipt transactions, certain assignments, factoring agreements, accounts receivable financing arrangements, easements, and consignments, if the transaction creates or establishes an interest in a facility for the purpose of securing a loan or other obligation.

(28) "Workout activities" means those actions by which a holder, at any time prior to foreclosure and its equivalents, seeks to prevent, cure, or mitigate a default by the borrower or obligor; or to preserve, or prevent the diminution of, the value of the security. Workout activities include: Restructuring or renegotiating the terms of the security interest; requiring payment of additional rent or interest; exercising forbearance; requiring or exercising rights pursuant to an assignment of accounts or other amounts owed to an obligor; requiring or exercising rights pursuant to an escrow agreement pertaining to amounts owed to an obligor; providing specific or general financial or other advice, suggestions, counseling, or guidance; and exercising any right or remedy the holder is entitled to by law or under any warranties, covenants, conditions, representations, or promises from the borrower.

(29) "Areawide groundwater contamination" means groundwater contamination on multiple adjacent properties with different ownerships consisting of hazardous substances from multiple sources that have resulted in commingled plumes of contaminated groundwater that are not practicable to address separately.

(30) "Brownfield property" means previously developed and currently abandoned or underutilized real property and adjacent surface waters and sediment where environmental, economic, or community reuse objectives are hindered by the release or threatened release of hazardous substances that the department has

determined requires remedial action under this chapter or that the United States environmental protection agency has determined requires remedial action under the federal cleanup law.

(31) "City" means a city or town.

(32) "Local government" means any political subdivision of the state, including a town, city, county, special purpose district, or other municipal corporation, including brownfield renewal authority created under section 5 of this act.

(33) "Model remedy" or "model remedial action" means a set of technologies, procedures, and monitoring protocols identified by the department for use in routine types of clean-up projects at facilities that have common features and lower risk to human health and the environment.

(34) "Prospective purchaser" means a person who is not currently liable for remedial action at a facility and who proposes to purchase, redevelop, or reuse the facility.

(35) "Redevelopment opportunity zone" means a geographic area designated under section 4 of this act.

NEW SECTION. Sec. 3. A new section is added to chapter 70.105D RCW to read as follows:

(1) The brownfield redevelopment trust fund account is created in the state treasury. All receipts from the sources identified in subsection (2) of this section must be deposited into the account. Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only as identified in subsection (4) of this section.

(2) The following receipts must be deposited into the brownfield redevelopment trust fund account:

(a) Moneys appropriated by the legislature to the account for a specific redevelopment opportunity zone established under section 4 of this act or a specific brownfield renewal authority established under section 5 of this act;

(b) Moneys voluntarily deposited in the account for a specific redevelopment opportunity zone or a specific brownfield renewal authority; and

(c) Receipts from settlements or court orders that direct payment to the account for a specific redevelopment opportunity zone to resolve a person's liability or potential liability under this chapter.

(3) If a settlement or court order does not direct payment of receipts described in subsection (2)(c) of this section into the brownfield redevelopment trust fund account, then the receipts from any payment to the state must be deposited into the state toxics control account established under RCW 70.105D.070.

(4) Expenditures from the brownfield redevelopment trust fund account may only be used for the purposes of remediation and cleanup at the specific redevelopment opportunity zone or specific brownfield renewal authority for which the moneys were deposited in the account.

(5) The department shall track moneys received, interest earned, and moneys expended separately for each facility.

(6) The account must retain its interest earnings in accordance with RCW 43.84.092.

(7) The local government designating the redevelopment opportunity zone under section 4 of this act or the associated brownfield renewal authority created under section 5 of this act must be the beneficiary of the deposited moneys.

(8) All expenditures must be used to conduct remediation and cleanup consistent with a plan for the remediation and cleanup of the properties or facilities approved by the department under this chapter. All expenditures must meet the eligibility requirements for the use by local governments under the rules for remedial action grants adopted by the department under this chapter, including requirements for the expenditure of nonstate match funding.

2013 2ND SPECIAL SESSION

(9) Beginning October 31, 2015, the department must provide a biennial report to the office of financial management and the legislature regarding the activity for each specific redevelopment opportunity zone or specific brownfield renewal authority for which specific legislative appropriation was provided in the previous two fiscal years.

(10) After the department determines that all remedial actions within the redevelopment opportunity zone identified in the plan approved under subsection (8) of this section are completed, including payment of all cost reasonably attributable to the remedial actions and cleanup, any remaining moneys must be transferred to the state toxics control account established under RCW 70.105D.070.

(11) If the department determines that substantial progress has not been made on the plan approved under subsection (8) of this section for a redevelopment opportunity zone or specific brownfield renewal authority for which moneys were deposited in the account within six years, or that the brownfield renewal authority is no longer a viable entity, then all remaining moneys must be transferred to the state toxics control account established under RCW 70.105D.070.

(12) The department is authorized to adopt rules to implement this section.

NEW SECTION. Sec. 4. A new section is added to chapter 70.105D RCW to read as follows:

(1) A city or county may designate a geographic area within its jurisdiction as a redevelopment opportunity zone if the zone meets the criteria in this subsection and the city or county adopts a resolution that includes the following determinations and commitments:

(a) At least fifty percent of the upland properties in the zone are brownfield properties whether or not the properties are contiguous;

(b) The upland portions of the zone are comprised entirely of parcels of property either owned by the city or county or whose owner has provided consent in writing to have their property included within the zone;

(c) The cleanup of brownfield properties will be integrated with planning for the future uses of the properties and is consistent with the comprehensive land use plan for the zone; and

(d) The proposed properties lie within the incorporated area of a city or within an urban growth area designated under RCW 36.70A.110.

(2) A port district may designate a redevelopment opportunity zone when:

(a) The port district adopts a resolution that includes the determinations and commitments required under subsection (1)(a), (c), and (d) of this section and (c) of this subsection;

(b) The zone meets the criteria in subsection (1)(a), (c), and (d) of this section; and

(c) The port district either:

(i) Owns in fee all of the upland properties within the zone; or

(ii) Owns in fee at least fifty percent of the upland property in the zone, the owners of other parcels of upland property in the zone have provided consent in writing to have their property included in the zone, and the governing body of the city and county in which the zone lies approves of the designation by resolution.

NEW SECTION. Sec. 5. A new section is added to chapter 70.105D RCW to read as follows:

(1) A city, county, or port district may establish by resolution a brownfield renewal authority for the purpose of guiding and implementing the cleanup and reuse of properties within a designated redevelopment opportunity zone. Any combination of cities, counties, and port districts may establish a brownfield renewal authority through an interlocal agreement under chapter 39.34 RCW, and the brownfield renewal authority may exercise

those powers as are authorized under chapter 39.34 RCW and under this chapter.

(2) A brownfield renewal authority must be governed by a board of directors selected as determined by the resolution or interlocal agreement establishing the authority.

(3) A brownfield renewal authority must be a separate legal entity and be deemed a municipal corporation. It has the power to: Sue and be sued; receive, account for, and disburse funds; employ personnel; and acquire or dispose of any interest in real or personal property within a redevelopment opportunity zone in the furtherance of the authority purposes. A brownfield renewal authority has the power to contract indebtedness and to issue and sell general obligation bonds pursuant to and in the manner provided for general county bonds in chapters 36.67 and 39.46 RCW and other applicable statutes, and to issue revenue bonds pursuant to and in the manner provided for revenue bonds in chapter 36.67 RCW and other applicable statutes.

(4) If the department determines that substantial progress has not been made on the plan approved under section 3 of this act by the brownfield renewal authority within six years of a city, county, or port district establishing a brownfield renewal authority, the department may require dissolution of the brownfield renewal authority. Upon dissolution of the brownfield renewal authority, except as provided in section 3 of this act, all assets and liabilities transfer to the city, town, or port district establishing the brownfield renewal authority.

Sec. 6. RCW 70.105D.030 and 2009 c 560 s 10 are each amended to read as follows:

(1) The department may exercise the following powers in addition to any other powers granted by law:

(a) Investigate, provide for investigating, or require potentially liable persons to investigate any releases or threatened releases of hazardous substances, including but not limited to inspecting, sampling, or testing to determine the nature or extent of any release or threatened release. If there is a reasonable basis to believe that a release or threatened release of a hazardous substance may exist, the department's authorized employees, agents, or contractors may enter upon any property and conduct investigations. The department shall give reasonable notice before entering property unless an emergency prevents such notice. The department may by subpoena require the attendance or testimony of witnesses and the production of documents or other information that the department deems necessary;

(b) Conduct, provide for conducting, or require potentially liable persons to conduct remedial actions (including investigations under (a) of this subsection) to remedy releases or threatened releases of hazardous substances. In carrying out such powers, the department's authorized employees, agents, or contractors may enter upon property. The department shall give reasonable notice before entering property unless an emergency prevents such notice. In conducting, providing for, or requiring remedial action, the department shall give preference to permanent solutions to the maximum extent practicable and shall provide for or require adequate monitoring to ensure the effectiveness of the remedial action;

(c) Indemnify contractors retained by the department for carrying out investigations and remedial actions, but not for any contractor's reckless or willful misconduct;

(d) Carry out all state programs authorized under the federal cleanup law and the federal resource, conservation, and recovery act, 42 U.S.C. Sec. 6901 et seq., as amended;

(e) Classify substances as hazardous substances for purposes of RCW 70.105D.020 and classify substances and products as hazardous substances for purposes of RCW 82.21.020(1);

(f) Issue orders or enter into consent decrees or agreed orders that include, or issue written opinions under (i) of this subsection

that may be conditioned upon, environmental covenants where necessary to protect human health and the environment from a release or threatened release of a hazardous substance from a facility. Prior to establishing an environmental covenant under this subsection, the department shall consult with and seek comment from a city or county department with land use planning authority for real property subject to the environmental covenant;

(g) Enforce the application of permanent and effective institutional controls that are necessary for a remedial action to be protective of human health and the environment and the notification requirements established in RCW 70.105D.110, and impose penalties for violations of that section consistent with RCW 70.105D.050;

(h) Require holders to conduct remedial actions necessary to abate an imminent or substantial endangerment pursuant to RCW 70.105D.020(17)(b)(ii)(C);

(i) Provide informal advice and assistance to persons regarding the administrative and technical requirements of this chapter. This may include site-specific advice to persons who are conducting or otherwise interested in independent remedial actions. Any such advice or assistance shall be advisory only, and shall not be binding on the department. As a part of providing this advice and assistance for independent remedial actions, the department may prepare written opinions regarding whether the independent remedial actions or proposals for those actions meet the substantive requirements of this chapter or whether the department believes further remedial action is necessary at the facility. Nothing in this chapter may be construed to preclude the department from issuing a written opinion on whether further remedial action is necessary at any portion of the real property located within a facility, even if further remedial action is still necessary elsewhere at the same facility. Such a written opinion on a portion of a facility must also provide an opinion on the status of the facility as a whole. The department may collect, from persons requesting advice and assistance, the costs incurred by the department in providing such advice and assistance; however, the department shall, where appropriate, waive collection of costs in order to provide an appropriate level of technical assistance in support of public participation. The state, the department, and officers and employees of the state are immune from all liability, and no cause of action of any nature may arise from any act or omission in providing, or failing to provide, informal advice and assistance. The department must track the number of requests for reviews of planned or completed independent remedial actions and establish performance measures to track how quickly the department is able to respond to those requests. By November 1, 2015, the department must submit to the governor and the appropriate legislative fiscal and policy committees a report on achieving the performance measures and provide recommendations for improving performance, including staffing needs; ((and))

(j) In fulfilling the objectives of this chapter, the department shall allocate staffing and financial assistance in a manner that considers both the reduction of human and environmental risks and the land reuse potential and planning for the facilities to be cleaned up. This does not preclude the department from allocating resources to a facility based solely on human or environmental risks;

(k) Establish model remedies for common categories of facilities, types of hazardous substances, types of media, or geographic areas to streamline and accelerate the selection of remedies for routine types of cleanups at facilities;

(i) When establishing a model remedy, the department shall:

(A) Identify the requirements for characterizing a facility to select a model remedy, the applicability of the model remedy for use at a facility, and monitoring requirements;

(B) Describe how the model remedy meets clean-up standards and the requirements for selecting a remedy established by the

SECOND DAY, JUNE 13, 2013

2013 2ND SPECIAL SESSION

department under this chapter; and

(C) Provide public notice and an opportunity to comment on the proposed model remedy and the conditions under which it may be used at a facility;

(ii) When developing model remedies, the department shall solicit and consider proposals from qualified persons. The proposals must, in addition to describing the model remedy, provide the information required under (k)(i)(A) and (B) of this subsection;

(iii) If a facility meets the requirements for use of a model remedy, an analysis of the feasibility of alternative remedies is not required under this chapter. For department-conducted and department-supervised remedial actions, the department must provide public notice and consider public comments on the proposed use of a model remedy at a facility. The department may waive collection of its costs for providing a written opinion under (i) of this subsection on a cleanup that qualifies for and appropriately uses a model remedy; and

(l) Take any other actions necessary to carry out the provisions of this chapter, including the power to adopt rules under chapter 34.05 RCW.

(2) The department shall immediately implement all provisions of this chapter to the maximum extent practicable, including investigative and remedial actions where appropriate. The department shall adopt, and thereafter enforce, rules under chapter 34.05 RCW to:

(a) Provide for public participation, including at least (i) public notice of the development of investigative plans or remedial plans for releases or threatened releases and (ii) concurrent public notice of all compliance orders, agreed orders, enforcement orders, or notices of violation;

(b) Establish a hazard ranking system for hazardous waste sites;

(c) Provide for requiring the reporting by an owner or operator of releases of hazardous substances to the environment that may be a threat to human health or the environment within ninety days of discovery, including such exemptions from reporting as the department deems appropriate, however this requirement shall not modify any existing requirements provided for under other laws;

(d) Establish reasonable deadlines not to exceed ninety days for initiating an investigation of a hazardous waste site after the department receives notice or otherwise receives information that the site may pose a threat to human health or the environment and other reasonable deadlines for remedying releases or threatened releases at the site;

(e) Publish and periodically update minimum clean-up standards for remedial actions at least as stringent as the clean-up standards under section 121 of the federal cleanup law, 42 U.S.C. Sec. 9621, and at least as stringent as all applicable state and federal laws, including health-based standards under state and federal law; and

(f) Apply industrial clean-up standards at industrial properties. Rules adopted under this subsection shall ensure that industrial properties cleaned up to industrial standards cannot be converted to nonindustrial uses without approval from the department. The department may require that a property cleaned up to industrial standards is cleaned up to a more stringent applicable standard as a condition of conversion to a nonindustrial use. Industrial clean-up standards may not be applied to industrial properties where hazardous substances remaining at the property after remedial action pose a threat to human health or the environment in adjacent nonindustrial areas.

(3) To achieve and protect the state's long-term ecological health, the department shall ~~((prioritize sufficient funding))~~ plan to clean up hazardous waste sites and prevent the creation of future hazards due to improper disposal of toxic wastes ~~((, and create financing tools to clean up large-scale hazardous waste sites~~

~~requiring multiyear commitments))~~ at a pace that matches the estimated cash resources in the state and local toxics control accounts and the environmental legacy stewardship account created in section 10 of this act. Estimated cash resources must consider the annual cash flow requirements of major projects that receive appropriations expected to cross multiple biennia. To effectively monitor toxic accounts expenditures, the department shall develop a comprehensive ten-year financing report that identifies long-term remedial action project costs, tracks expenses, and projects future needs.

(4) By November 1, 2016, the department must submit to the governor and the appropriate legislative committees a report on the status of developing model remedies and their use under this chapter. The report must include: The number and types of model remedies identified by the department under subsection (1)(k) of this section; the number and types of model remedy proposals prepared by qualified private sector engineers, consultants, or contractors that were accepted or rejected under subsection (1)(k) of this section and the reasons for rejection; and the success of model remedies in accelerating the cleanup as measured by the number of jobs created by the cleanup, where this information is available to the department, acres of land restored, and the number and types of hazardous waste sites successfully remediated using model remedies.

(5) Before ~~((December))~~ September 20th of each even-numbered year, the department shall:

(a) Develop a comprehensive ten-year financing report in coordination with all local governments with clean-up responsibilities that identifies the projected biennial hazardous waste site remedial action needs that are eligible for funding from the state and local toxics control account and the environmental legacy stewardship account;

(b) Work with local governments to develop working capital reserves to be incorporated in the ten-year financing report;

(c) Identify the projected remedial action needs for orphaned, abandoned, and other clean-up sites that are eligible for funding from the state toxics control account;

(d) Project the remedial action need, cost, revenue, and any recommended working capital reserve estimate to the next biennium's long-term remedial action needs from both the local ~~((toxics control account))~~ and ~~((the))~~ state toxics control account and the environmental legacy stewardship account, and submit this information to the appropriate standing fiscal and environmental committees of the senate and house of representatives. This submittal must also include a ranked list of such remedial action projects for both accounts ~~((, and~~ ~~((e)))~~. The submittal must also identify separate budget estimates for large, multi-biennia clean-up projects that exceed ten million dollars. The department shall prepare its ten-year capital budget plan that is submitted to the office of financial management to reflect the separate budget estimates for these large clean-up projects and include information on the anticipated private and public funding obligations for completion of the relevant projects.

(6) By December 1st of each odd-numbered year, the department must provide the legislature and the public ~~((each year with an accounting))~~ a report of the department's activities supported by appropriations from the state and local toxics control accounts ~~((, including a list of known hazardous waste sites and their hazard rankings, actions taken and planned at each site, how the department is meeting its waste management priorities under RCW 70.105.150, and all funds expended under this chapter))~~ and the environmental legacy stewardship account. The report must be prepared and displayed in a manner that allows the legislature and the public to easily determine the statewide and local progress made in cleaning up hazardous waste sites under this chapter. The report must

include, at a minimum:

(a) The name, location, hazardous waste ranking, and a short description of each site on the hazardous sites list, and the date the site was placed on the hazardous waste sites list; and

(b) For sites where there are state contracts, grants, loans, or direct investments by the state;

(i) The amount of money from the state and local toxics control accounts and the environmental legacy stewardship account used to conduct remedial actions at the site and the amount of that money recovered from potentially liable persons;

(ii) The actual or estimated start and end dates and the actual or estimated expenditures of funds authorized under this chapter for the following project phases:

(A) Emergency or interim actions, if needed;

(B) Remedial investigation;

(C) Feasibility study and selection of a remedy;

(D) Engineering design and construction of the selected remedy;

(E) Operation and maintenance or monitoring of the constructed remedy; and

(F) The final completion date.

~~((5))~~ (7) The department shall establish a program to identify potential hazardous waste sites and to encourage persons to provide information about hazardous waste sites.

~~((6))~~ (8) For all facilities where an environmental covenant has been required under subsection (1)(f) of this section, including all facilities where the department has required an environmental covenant under an order, agreed order, or consent decree, or as a condition of a written opinion issued under the authority of subsection (1)(i) of this section, the department shall periodically review the environmental covenant for effectiveness. Except as otherwise provided in (c) of this subsection, the department shall conduct a review at least once every five years after an environmental covenant is recorded.

(a) The review shall consist of, at a minimum:

(i) A review of the title of the real property subject to the environmental covenant to determine whether the environmental covenant was properly recorded and, if applicable, amended or terminated;

(ii) A physical inspection of the real property subject to the environmental covenant to determine compliance with the environmental covenant, including whether any development or redevelopment of the real property has violated the terms of the environmental covenant; and

(iii) A review of the effectiveness of the environmental covenant in limiting or prohibiting activities that may interfere with the integrity of the remedial action or that may result in exposure to or migration of hazardous substances. This shall include a review of available monitoring data.

(b) If an environmental covenant has been amended or terminated without proper authority, or if the terms of an environmental covenant have been violated, or if the environmental covenant is no longer effective in limiting or prohibiting activities that may interfere with the integrity of the remedial action or that may result in exposure to or migration of hazardous substances, then the department shall take any and all appropriate actions necessary to ensure compliance with the environmental covenant and the policies and requirements of this chapter.

(c) For facilities where an environmental covenant required by the department under subsection (1)(f) of this section was required before July 1, 2007, the department shall:

(i) Enter all required information about the environmental covenant into the registry established under RCW 64.70.120 by June 30, 2008;

(ii) For those facilities where more than five years has elapsed since the environmental covenant was required and the department

has yet to conduct a review, conduct an initial review according to the following schedule:

(A) By December 30, 2008, fifty facilities;

(B) By June 30, 2009, fifty additional facilities; and

(C) By June 30, 2010, the remainder of the facilities;

(iii) Once this initial review has been completed, conduct subsequent reviews at least once every five years.

Sec. 7. RCW 70.105D.040 and 1997 c 406 s 4 are each amended to read as follows:

(1) Except as provided in subsection (3) of this section, the following persons are liable with respect to a facility:

(a) The owner or operator of the facility;

(b) Any person who owned or operated the facility at the time of disposal or release of the hazardous substances;

(c) Any person who owned or possessed a hazardous substance and who by contract, agreement, or otherwise arranged for disposal or treatment of the hazardous substance at the facility, or arranged with a transporter for transport for disposal or treatment of the hazardous substances at the facility, or otherwise generated hazardous wastes disposed of or treated at the facility;

(d) Any person (i) who accepts or accepted any hazardous substance for transport to a disposal, treatment, or other facility selected by such person from which there is a release or a threatened release for which remedial action is required, unless such facility, at the time of disposal or treatment, could legally receive such substance; or (ii) who accepts a hazardous substance for transport to such a facility and has reasonable grounds to believe that such facility is not operated in accordance with chapter 70.105 RCW; and

(e) Any person who both sells a hazardous substance and is responsible for written instructions for its use if (i) the substance is used according to the instructions and (ii) the use constitutes a release for which remedial action is required at the facility.

(2) Each person who is liable under this section is strictly liable, jointly and severally, for all remedial action costs and for all natural resource damages resulting from the releases or threatened releases of hazardous substances. The attorney general, at the request of the department, is empowered to recover all costs and damages from persons liable therefor.

(3) The following persons are not liable under this section:

(a) Any person who can establish that the release or threatened release of a hazardous substance for which the person would be otherwise responsible was caused solely by:

(i) An act of God;

(ii) An act of war; or

(iii) An act or omission of a third party (including but not limited to a trespasser) other than (A) an employee or agent of the person asserting the defense, or (B) any person whose act or omission occurs in connection with a contractual relationship existing, directly or indirectly, with the person asserting this defense to liability. This defense only applies where the person asserting the defense has exercised the utmost care with respect to the hazardous substance, the foreseeable acts or omissions of the third party, and the foreseeable consequences of those acts or omissions;

(b) Any person who is an owner, past owner, or purchaser of a facility and who can establish by a preponderance of the evidence that at the time the facility was acquired by the person, the person had no knowledge or reason to know that any hazardous substance, the release or threatened release of which has resulted in or contributed to the need for the remedial action, was released or disposed of on, in, or at the facility. This subsection (3)(b) is limited as follows:

(i) To establish that a person had no reason to know, the person must have undertaken, at the time of acquisition, all appropriate inquiry into the previous ownership and uses of the property, consistent with good commercial or customary practice in an effort to minimize liability. Any court interpreting this subsection (3)(b)

SECOND DAY, JUNE 13, 2013

2013 2ND SPECIAL SESSION

shall take into account any specialized knowledge or experience on the part of the person, the relationship of the purchase price to the value of the property if uncontaminated, commonly known or reasonably ascertainable information about the property, the obviousness of the presence or likely presence of contamination at the property, and the ability to detect such contamination by appropriate inspection;

(ii) The defense contained in this subsection (3)(b) is not available to any person who had actual knowledge of the release or threatened release of a hazardous substance when the person owned the real property and who subsequently transferred ownership of the property without first disclosing such knowledge to the transferee;

(iii) The defense contained in this subsection (3)(b) is not available to any person who, by any act or omission, caused or contributed to the release or threatened release of a hazardous substance at the facility;

(c) Any natural person who uses a hazardous substance lawfully and without negligence for any personal or domestic purpose in or near a dwelling or accessory structure when that person is: (i) A resident of the dwelling; (ii) a person who, without compensation, assists the resident in the use of the substance; or (iii) a person who is employed by the resident, but who is not an independent contractor;

(d) Any person who, for the purpose of growing food crops, applies pesticides or fertilizers without negligence and in accordance with all applicable laws and regulations.

(4) There may be no settlement by the state with any person potentially liable under this chapter except in accordance with this section.

(a) The attorney general may agree to a settlement with any potentially liable person only if the department finds, after public notice and any required hearing, that the proposed settlement would lead to a more expeditious cleanup of hazardous substances in compliance with clean-up standards under RCW 70.105D.030(2)(e) and with any remedial orders issued by the department. Whenever practicable and in the public interest, the attorney general may expedite such a settlement with persons whose contribution is insignificant in amount and toxicity. A hearing shall be required only if at least ten persons request one or if the department determines a hearing is necessary.

(b) A settlement agreement under this section shall be entered as a consent decree issued by a court of competent jurisdiction.

(c) A settlement agreement may contain a covenant not to sue only of a scope commensurate with the settlement agreement in favor of any person with whom the attorney general has settled under this section. Any covenant not to sue shall contain a reopener clause which requires the court to amend the covenant not to sue if factors not known at the time of entry of the settlement agreement are discovered and present a previously unknown threat to human health or the environment.

(d) A party who has resolved its liability to the state under this section shall not be liable for claims for contribution regarding matters addressed in the settlement. The settlement does not discharge any of the other liable parties but it reduces the total potential liability of the others to the state by the amount of the settlement.

(e) If the state has entered into a consent decree with an owner or operator under this section, the state shall not enforce this chapter against any owner or operator who is a successor in interest to the settling party unless under the terms of the consent decree the state could enforce against the settling party, if:

(i) The successor owner or operator is liable with respect to the facility solely due to that person's ownership interest or operator status acquired as a successor in interest to the owner or operator with whom the state has entered into a consent decree; and

(ii) The stay of enforcement under this subsection does not apply if the consent decree was based on circumstances unique to the settling party that do not exist with regard to the successor in interest, such as financial hardship. For consent decrees entered into before July 27, 1997, at the request of a settling party or a potential successor owner or operator, the attorney general shall issue a written opinion on whether a consent decree contains such unique circumstances. For all other consent decrees, such unique circumstances shall be specified in the consent decree.

(f) Any person who is not subject to enforcement by the state under (e) of this subsection is not liable for claims for contribution regarding matters addressed in the settlement.

(5)(a) In addition to the settlement authority provided under subsection (4) of this section, the attorney general may agree to a settlement with a ~~((person not currently liable for remedial action at a facility who proposes to purchase, redevelop, or reuse the facility))~~ prospective purchaser, provided that:

(i) The settlement will yield substantial new resources to facilitate cleanup;

(ii) The settlement will expedite remedial action at the facility consistent with the rules adopted under this chapter; and

(iii) Based on available information, the department determines that the redevelopment or reuse of the facility is not likely to contribute to the existing release or threatened release, interfere with remedial actions that may be needed at the ~~((site))~~ facility, or increase health risks to persons at or in the vicinity of the ~~((site))~~ facility.

(b) The legislature recognizes that the state does not have adequate resources to participate in all property transactions involving contaminated property. The primary purpose of this subsection (5) is to promote the cleanup and reuse of ~~((vacant or abandoned commercial or industrial contaminated))~~ brownfield property. The attorney general and the department may give priority to settlements that will provide a substantial public benefit ~~((, including, but not limited to the reuse of a vacant or abandoned manufacturing or industrial facility, or the development of a facility by a governmental entity to address an important public purpose))~~ in addition to cleanup.

(c) A settlement entered under this subsection is governed by subsection (4) of this section.

(6) As an alternative to a settlement under subsection (5) of this section, the department may enter into an agreed order with a prospective purchaser of a property within a designated redevelopment opportunity zone. The agreed order is subject to the limitations in RCW 70.105D.020(1), but stays enforcement by the department under this chapter regarding remedial actions required by the agreed order as long as the prospective purchaser complies with the requirements of the agreed order.

(7) Nothing in this chapter affects or modifies in any way any person's right to seek or obtain relief under other statutes or under common law, including but not limited to damages for injury or loss resulting from a release or threatened release of a hazardous substance. No settlement by the department or remedial action ordered by a court or the department affects any person's right to obtain a remedy under common law or other statutes.

Sec. 8. RCW 70.105D.050 and 2005 c 211 s 2 are each amended to read as follows:

(1) With respect to any release, or threatened release, for which the department does not conduct or contract for conducting remedial action and for which the department believes remedial action is in the public interest, the director shall issue orders or agreed orders requiring potentially liable persons to provide the remedial action. Any liable person, or prospective purchaser who has entered into an agreed order under RCW 70.105D.040(6), who refuses, without

sufficient cause, to comply with an order or agreed order of the director is liable in an action brought by the attorney general for:

(a) Up to three times the amount of any costs incurred by the state as a result of the party's refusal to comply; and

(b) A civil penalty of up to twenty-five thousand dollars for each day the party refuses to comply.

The treble damages and civil penalty under this subsection apply to all recovery actions filed on or after March 1, 1989.

(2) Any person who incurs costs complying with an order issued under subsection (1) of this section may petition the department for reimbursement of those costs. If the department refuses to grant reimbursement, the person may within thirty days thereafter file suit and recover costs by proving that he or she was not a liable person under RCW 70.105D.040 and that the costs incurred were reasonable.

(3) The attorney general shall seek, by filing an action if necessary, to recover the amounts spent by the department for investigative and remedial actions and orders, and agreed orders, including amounts spent prior to March 1, 1989.

(4) The attorney general may bring an action to secure such relief as is necessary to protect human health and the environment under this chapter.

(5)(a) Any person may commence a civil action to compel the department to perform any nondiscretionary duty under this chapter. At least thirty days before commencing the action, the person must give notice of intent to sue, unless a substantial endangerment exists. The court may award attorneys' fees and other costs to the prevailing party in the action.

(b) Civil actions under this section and RCW 70.105D.060 may be brought in the superior court of Thurston county or of the county in which the release or threatened release exists.

(6) Any person who fails to provide notification of releases consistent with RCW 70.105D.110 or who submits false information is liable in an action brought by the attorney general for a civil penalty of up to five thousand dollars per day for each day the party refuses to comply.

(7) Any person who owns real property or lender holding a mortgage on real property that is subject to a lien filed under RCW 70.105D.055 may petition the department to have the lien removed or the amount of the lien reduced. If, after consideration of the petition and the information supporting the petition, the department decides to deny the request, the person may, within ninety days after receipt of the department's denial, file suit for removal or reduction of the lien. The person is entitled to removal of a lien filed under RCW 70.105D.055(2)(a) if they can prove by a preponderance of the evidence that the person is not a liable party under RCW 70.105D.040. The person is entitled to a reduction of the amount of the lien if they can prove by a preponderance of the evidence:

(a) For liens filed under RCW 70.105D.055(2)(a), the amount of the lien exceeds the remedial action costs the department incurred related to cleanup of the real property; and

(b) For liens filed under RCW 70.105D.055(2)(c), the amount of the lien exceeds the remedial action costs the department incurred related to cleanup of the real property or exceeds the increase of the fair market value of the real property solely attributable to the remedial action conducted by the department.

(8) The expenditure of moneys under the state and local toxics control accounts created in RCW 70.105D.070 and the environmental legacy stewardship account created in section 10 of this act does not alter the liability of any person under this chapter, or the authority of the department under this chapter, including the authority to recover those moneys.

Sec. 9. RCW 70.105D.070 and 2012 2nd sp.s. c 7 s 920 and 2012 2nd sp.s. c 2 s 6005 are each reenacted and amended to read as follows:

(1) The state toxics control account and the local toxics control account are hereby created in the state treasury.

(2) ((The following moneys shall be deposited into the state toxics control account: (a) Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-three one-hundredths of one percent; (b) the costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (c) penalties collected or recovered under this chapter; and (d) any other money appropriated or transferred to the account by the legislature. Moneys in the account may be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(i) The state's responsibility for hazardous waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.105 RCW;

(ii) The state's responsibility for solid waste planning, management, regulation, enforcement, technical assistance, and public education required under chapter 70.95 RCW;

(iii) The hazardous waste cleanup program required under this chapter;

(iv) State matching funds required under the federal cleanup law;

(v) Financial assistance for local programs in accordance with chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(vi) State government programs for the safe reduction, recycling, or disposal of hazardous wastes from households, small businesses, and agriculture;

(vii) Hazardous materials emergency response training;

(x) A public participation program, including regional citizen advisory committees;

(xi) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with cleanup standards under RCW 70.105D.030(2)(e) but only when the amount and terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both (A) a substantially more expeditious or enhanced cleanup than would otherwise occur, and (B) the prevention or mitigation of unfair economic hardship;

(xii) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70.105.150;

(xiii) During the 2009-2011 and 2011-2013 fiscal biennia, shoreline update technical assistance;

(xiv) During the 2009-2011 fiscal biennium, multijurisdictional permitting teams;

(xv) During the 2011-2013 fiscal biennium, actions for reducing public exposure to toxic air pollution, and actions taken through the family forest fish passage program to correct barriers to fish passage on privately owned small forest lands; and

(xvi) During the 2011-2013 fiscal biennium, the department of ecology's water quality, shorelands and environmental assessment, hazardous waste, waste to resources, nuclear waste, and air quality programs.

(3) The following moneys shall be deposited into the local toxics control account: Those revenues which are raised by the tax imposed under RCW 82.21.030 and which are attributable to that portion of the rate equal to thirty-seven one-hundredths of one percent.

(a) Moneys deposited in the local toxics control account shall be used by the department for grants or loans to local governments for the following purposes in descending order of priority:

(i) Remedial actions;

(ii) Hazardous waste plans and programs under chapter 70.105

SECOND DAY, JUNE 13, 2013

RCW;

(iii) Solid waste plans and programs under chapters 70.95, 70.95C, 70.95I, and 70.105 RCW;

(iv) Funds for a program to assist in the assessment and cleanup of sites of methamphetamine production, but not to be used for the initial containment of such sites, consistent with the responsibilities and intent of RCW 69.50.511; and

(v) Cleanup and disposal of hazardous substances from abandoned or derelict vessels, defined for the purposes of this section as vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel, that pose a threat to human health or the environment.

(b) Funds for plans and programs shall be allocated consistent with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW, except that any applicant that is a Puget Sound partner, as defined in RCW 90.71.010, along with any project that is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310, shall, except as conditioned by RCW 70.105D.120, receive priority for any available funding for any grant or funding programs or sources that use a competitive bidding process. During the 2007-2009 fiscal biennium, moneys in the account may also be used for grants to local governments to retrofit public sector diesel equipment and for storm water planning and implementation activities.

(c) To expedite cleanups throughout the state, the department shall partner with local communities and liable parties for cleanups. The department is authorized to use the following additional strategies in order to ensure a healthful environment for future generations:

(i) The director may alter grant-matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of vacant, orphaned, or abandoned property under RCW 70.105D.040(5) that would not otherwise occur;

(ii) The use of outside contracts to conduct necessary studies;

(iii) The purchase of remedial action cost-cap insurance, when necessary to expedite multiparty clean-up efforts.

(d) To facilitate and expedite cleanups using funds from the local toxics control account, during the 2009-2011 fiscal biennium the director may establish grant-funded accounts to hold and disperse local toxics control account funds and funds from local governments to be used for remedial actions.

(4) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(5) Except during the 2011-2013 fiscal biennium, one percent of the moneys deposited into the state and local toxics control accounts shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation from either account which are not expended

at the close of any biennium shall revert to the state toxics control account.

(6) No moneys deposited into either the state or local toxics control account may be used for solid waste incinerator feasibility studies, construction, maintenance, or operation, or, after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

(7) The department shall adopt rules for grant or loan issuance and performance.

(8) During the 2011-2013 fiscal biennium, the legislature may transfer from the local toxics control account to the state toxics control account such amounts as reflect excess fund balance in the account.

(9) During the 2011-2013 fiscal biennium, the local toxics control account may also be used for local government shoreline update grants and actions for reducing public exposure to toxic air pollution; funding to local governments for flood levee improvements; and grants to local governments for brownfield redevelopment.) (a) Moneys collected under RCW 82.21.030 must be deposited as follows: Fifty-six percent to the state toxics control account under subsection (3) of this section and forty-four percent to the local toxics control account under subsection (4) of this section. When the cumulative amount of deposits made to the state and local toxics control accounts under this section reaches the limit during a fiscal year as established in (b) of this subsection, the remainder of the moneys collected under RCW 82.21.030 during that fiscal year must be deposited into the environmental legacy stewardship account created in section 10 of this act.

(b) The limit on distributions of moneys collected under RCW 82.21.030 to the state and local toxics control accounts for the fiscal year beginning July 1, 2013, is one hundred forty million dollars.

(c) In addition to the funds required under (a) of this subsection, the following moneys must be deposited into the state toxics control account: (i) The costs of remedial actions recovered under this chapter or chapter 70.105A RCW; (ii) penalties collected or recovered under this chapter; and (iii) any other money appropriated or transferred to the account by the legislature.

(3) Moneys in the state toxics control account must be used only to carry out the purposes of this chapter, including but not limited to the following activities:

(j) A public participation program;

(k) Public funding to assist potentially liable persons to pay for the costs of remedial action in compliance with clean-up standards under RCW 70.105D.030(2)(e) but only when the amount and

terms of such funding are established under a settlement agreement under RCW 70.105D.040(4) and when the director has found that the funding will achieve both: (i) A substantially more expeditious or enhanced cleanup than would otherwise occur; and (ii) the prevention or mitigation of unfair economic hardship;

(l) Development and demonstration of alternative management technologies designed to carry out the hazardous waste management priorities of RCW 70.105.150;

(m) State agriculture and health programs for the safe use, reduction, recycling, or disposal of pesticides;

(n) Storm water pollution control projects and activities that protect or preserve existing remedial actions or prevent hazardous clean-up sites;

(i) The facility is located within a redevelopment opportunity zone designated under section 4 of this act;

(ii) The amount and terms of the funding are established under a settlement agreement under RCW 70.105D.040(5); and

(iii) The director has found the funding meets any additional criteria established in rule by the department, will achieve a substantially more expeditious or enhanced cleanup than would otherwise occur, and will provide a public benefit in addition to cleanup commensurate with the scope of the public funding;

(r) Petroleum-based plastic or expanded polystyrene foam debris cleanup activities in fresh or marine waters; and

(s) Appropriations to the local toxics control account or the environmental legacy stewardship account created in section 10 of this act, if the legislature determines that priorities for spending exceed available funds in those accounts.

(4)(a) The department shall use moneys deposited in the local toxics control account for grants or loans to local governments for the following purposes in descending order of priority:

(i) Extended grant agreements entered into under (c)(i) of this subsection;

(ii) Remedial actions, including planning for adaptive reuse of properties as provided for under (c)(iv) of this subsection. The department must prioritize funding of remedial actions at:

(A) Facilities on the department's hazardous sites list with a high hazard ranking for which there is an approved remedial action work plan or an equivalent document under federal cleanup law;

(B) Brownfield properties within a redevelopment opportunity zone if the local government is a prospective purchaser of the property and there is a department-approved remedial action work plan or equivalent document under the federal cleanup law;

(iii) Storm water pollution source projects that: (A) Work in conjunction with a remedial action; (B) protect completed remedial actions against recontamination; or (C) prevent hazardous clean-up sites;

(iv) Hazardous waste plans and programs under chapter 70.105 RCW;

with the priorities and matching requirements established in chapters 70.105, 70.95C, 70.95I, and 70.95 RCW.

(c) To expedite cleanups throughout the state, the department may use the following strategies when providing grants to local governments under this subsection:

(i) Enter into an extended grant agreement with a local government conducting remedial actions at a facility where those actions extend over multiple biennia and the total eligible cost of those actions exceeds twenty million dollars. The agreement is subject to the following limitations:

(A) The initial duration of such an agreement may not exceed ten years. The department may extend the duration of such an agreement upon finding substantial progress has been made on remedial actions at the facility;

(B) Extended grant agreements may not exceed fifty percent of the total eligible remedial action costs at the facility; and

(C) The department may not allocate future funding to an extended grant agreement unless the local government has demonstrated to the department that funds awarded under the agreement during the previous biennium have been substantially expended or contracts have been entered into to substantially expend the funds;

(ii) Enter into a grant agreement with a local government conducting a remedial action that provides for periodic reimbursement of remedial action costs as they are incurred as established in the agreement;

(iii) Enter into a grant agreement with a local government prior to it acquiring a property or obtaining necessary access to conduct remedial actions, provided the agreement is conditioned upon the local government acquiring the property or obtaining the access in accordance with a schedule specified in the agreement;

(iv) Provide integrated planning grants to local governments to fund studies necessary to facilitate remedial actions at brownfield properties and adaptive reuse of properties following remediation. (vi) The director may alter grant matching requirements to create incentives for local governments to expedite cleanups when one of the following conditions exists:

(A) Funding would prevent or mitigate unfair economic hardship imposed by the clean-up liability;

(B) Funding would create new substantial economic development, public recreational opportunities, or habitat restoration opportunities that would not otherwise occur; or

(C) Funding would create an opportunity for acquisition and redevelopment of brownfield property under RCW 70.105D.040(5) that would not otherwise occur;

(vii) When pending grant applications under (c)(iv) and (v) of this subsection (4) exceed the amount of funds available, designated redevelopment opportunity zones must receive priority for distribution of available funds.

(d) To expedite multiparty clean-up efforts, the department may purchase remedial action cost-cap insurance.

(5) Except for unanticipated receipts under RCW 43.79.260 through 43.79.282, moneys in the state and local toxics control accounts may be spent only after appropriation by statute.

(6) No moneys deposited into either the state or local toxics

control account may be used for: Natural disasters where there is no hazardous substance contamination; high performance buildings; solid waste incinerator facility feasibility studies, construction, maintenance, or operation; or after January 1, 2010, for projects designed to address the restoration of Puget Sound, funded in a competitive grant process, that are in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310. However, this subsection does not prevent an appropriation from the state toxics control account to the department of revenue to enforce compliance with the hazardous substance tax imposed in chapter 82.21 RCW.

(7) Except during the 2011-2013 fiscal biennium, one percent of the moneys collected under RCW 82.21.030 shall be allocated only for public participation grants to persons who may be adversely affected by a release or threatened release of a hazardous substance and to not-for-profit public interest organizations. The primary purpose of these grants is to facilitate the participation by persons and organizations in the investigation and remedying of releases or threatened releases of hazardous substances and to implement the state's solid and hazardous waste management priorities. No grant may exceed sixty thousand dollars. Grants may be renewed annually. Moneys appropriated for public participation that are not expended at the close of any biennium revert to the state toxics control account.

(8) The department shall adopt rules for grant or loan issuance and performance. To accelerate both remedial action and economic recovery, the department may expedite the adoption of rules necessary to implement this act using the expedited procedures in RCW 34.05.353. The department shall initiate the award of financial assistance by August 1, 2013. To ensure the adoption of rules will not delay financial assistance, the department may administer the award of financial assistance through interpretive guidance pending the adoption of rules through July 1, 2014.

(9) Except as provided under subsection (3)(k) and (q) of this section, nothing in this act effects the ability of a potentially liable person to receive public funding.

NEW SECTION. Sec. 10. A new section is added to chapter 70.105D RCW to read as follows:

(1) The environmental legacy stewardship account is created in the state treasury. Beginning July 1, 2013, and every fiscal year thereafter, the annual amount received from the tax imposed by RCW 82.21.030 that exceeds one hundred forty million dollars must be deposited into the environmental legacy stewardship account. The state treasurer may make periodic deposits into the environmental legacy stewardship account based on forecasted revenue. Moneys in the account may only be spent after appropriation.

(2) Moneys in the environmental legacy stewardship account may be spent on performance and outcome based projects, model remedies, demonstrated technologies, procedures, contracts, and project management and oversight that result in significant reductions in the time to complete compared to baseline averages for:

- (a) Purposes authorized under RCW 70.105D.070 (3) and (4);
- (b) Storm water low-impact retrofit projects and other projects with significant environmental benefits that reduce storm water pollution from existing infrastructure and development;
- (c) Cleanup and disposal of hazardous substances from abandoned or derelict vessels, defined for the purposes of this section as vessels that have little or no value and either have no identified owner or have an identified owner lacking financial resources to clean up and dispose of the vessel, that pose a threat to human health or the environment; and

(d) Appropriations to the state and local toxics control accounts created in RCW 70.105D.070 if the legislature determines that priorities for spending exceed available funds in those accounts.

(3) Except as provided under RCW 70.105D.070(3) (k) and (q), nothing in this act expands the ability of a potentially liable person to receive public funding.

NEW SECTION. Sec. 11. (1) For the biennium ending June 30, 2015, the state treasurer must transfer forty-five million dollars from the state toxics control account to the environmental legacy stewardship account created in section 10 of this act.

Service charges may not exceed the costs to the department in carrying out the duties of this section.

(2) Program elements or activities for which service charges may be assessed include:

(a) Office, staff, and staff support for the purposes of facility or unit permit development, review, and issuance; and

(b) Actions taken to determine and ensure compliance with the state's hazardous waste management act.

(3) Moneys collected through the imposition of such service charges shall be deposited in the ~~((state toxics control))~~ radioactive mixed waste account created in section 12 of this act.

Facilities that store, treat, incinerate, or dispose of dangerous or extremely hazardous waste that contains both a nonradioactive hazardous component and a radioactive component shall not be subject to service charges prior to such rule making. Facilities undergoing closure under this chapter in those instances where closure entails the physical characterization of remaining wastes which contain both a nonradioactive hazardous component and a radioactive component or the management of such wastes through treatment or removal shall not be subject to service charges prior to such rule making.

(2) Except as provided in section 4 of this act, the cost of a discover pass is thirty dollars. Every four years the office of financial management must review the cost of the discover pass and, if necessary, recommend to the legislature an adjustment to the cost of the discover pass to account for inflation.

(3) A discover pass is valid for one year beginning from the date that the discover pass is marked for activation. The activation date may differ from the purchase date pursuant to any policies developed by the agencies.

(4) Sales of discover passes must be consistent with RCW 79A.80.100.

(5) The discover pass must contain space for two motor vehicle license plate numbers. A discover pass is valid only for those vehicle license plate numbers written on the pass. However, the agencies may offer for sale a family discover pass that is fully transferable among vehicles and does not require the placement of a license plate number on the pass to be valid. The agencies must collectively set a price for the sale of a family discover pass that is no more than fifty dollars. A discover pass is valid only for use with one motor vehicle at any one time.

(6) One complimentary discover pass must be provided to a volunteer who performed twenty-four hours of service on agency-sanctioned volunteer projects in a year. The agency must provide vouchers to volunteers identifying the number of volunteer hours they have provided for each project. The vouchers may be brought to an agency to be redeemed for a discover pass.

(1) A person may purchase a day-use permit to meet the requirements of RCW 79A.80.080. Except as provided in section 4 of this act, a day-use permit is ten dollars per day and must be

available for purchase from each agency. A day-use permit is valid for one calendar day.

(2) The agencies may provide short-term parking under RCW 79A.80.070 where a day-use permit is not required.

(3) Every four years the office of financial management must review the cost of the day-use permit and, if necessary, recommend to the legislature an adjustment to the cost of the day-use permit to account for inflation.

(4) Sales of day-use permits must be consistent with RCW 79A.80.100.

Sec. 3. RCW 79A.80.080 and 2012 c 261 s 7 are each amended to read as follows:

(b) Special events and group activities are core recreational activities and major public service opportunities within state parks. When waiving the requirements of this section for special events, the state parks and recreation commission must consider the direct and indirect costs and benefits to the state, local market rental rates, the public service functions of the event sponsor, and other public interest factors when setting appropriate fees for each event or activity.

~~((5))~~ (4) Failure to comply with subsection (1) of this section is a natural resource infraction under chapter 7.84 RCW. An agency is authorized to issue a notice of infraction to any person who fails to comply with subsection (1)(a) of this section or to any motor vehicle that fails to comply with subsection (1)(b) of this section.

~~((6))~~ (5) The penalty for failure to comply with the requirements of this section is ninety-nine dollars. Sec. 6. RCW 70.93.180 and 2011 1st sp.s. c 50 s 963 are each amended to read as follows:

Capital funds shall be distributed among state agencies and local governments according to the same criteria provided in RCW 70.93.220 for the remainder of the funds, so that the most effective waste reduction, litter control, and recycling programs receive the most funding. The intent of this subsection is to provide funds for the purchase of equipment that will enable the department to account for the greatest return on investment in terms of reaching a zero litter goal.

~~((4))~~ During the 2009-2011 fiscal biennium, the legislature may transfer from the waste reduction, recycling, and litter control

account to the state general fund such amounts as reflect the excess fund balance of the account. Additionally, during the 2009-2011 fiscal biennium, subsection (1)(a), (b), and (c) of this section is suspended.

MOTION

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.517 and 2002 c 290 s 8 are each amended to read as follows:

(1)

TABLE 3

DRUG OFFENSE SENTENCING GRID

Seriousness Level	Offender Score 0 to 2	Offender Score 3 to 5	Offender Score 6 to 9 or more
III	51 to 68 months	68+ to 100 months	100+ to 120 months
II	12+ to 20 months	20+ to 60 months	60+ to 120 months
I	0 to 6 months	6+ to (48) <u>12</u> months	12+ to 24 months

References to months represent the standard sentence ranges. 12+ equals one year and one day.

(2) The court may utilize any other sanctions or alternatives as authorized by law, including but not limited to the special drug offender sentencing alternative under RCW 9.94A.660 or drug court under RCW 2.28.170.

(3) Nothing in this section creates an entitlement for a criminal defendant to any specific sanction, alternative, sentence option, or substance abuse treatment.

Sec. 2. RCW 9.94A.729 and 2011 1st sp.s. c 40 s 4 are each amended to read as follows:

(1)(a) The term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and adopted by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits.

(b) Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the ~~((amount))~~ number of days of ~~((earned))~~ early release ~~((time))~~ credits lost or not earned. The department may approve a jail certification from a correctional agency that calculates ~~((earned))~~ early release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence. The department must adjust an offender's rate of early release listed on the jail certification to be consistent with the rate applicable to offenders in the department's facilities. However, the department is not authorized to adjust the number of presentence early release days that the jail has certified as lost or not earned.

(2) An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(3) An offender may earn early release time as follows:

(a) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence.

(b) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(c) An offender is qualified to earn up to fifty percent of aggregate earned release time if he or she:

(i) Is not classified as an offender who is at a high risk to reoffend as provided in subsection (4) of this section;

(ii) Is not confined pursuant to a sentence for:

(A) A sex offense;

(B) A violent offense;

(C) A crime against persons as defined in RCW 9.94A.411;

(D) A felony that is domestic violence as defined in RCW 10.99.020;

(E) A violation of RCW 9A.52.025 (residential burglary);

(F) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(G) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(iii) Has no prior conviction for the offenses listed in (c)(ii) of this subsection;

(iv) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(v) Has not committed a new felony after July 22, 2007, while under community custody.

(d) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection (3)(c) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection (3)(c) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who will be supervised by the department pursuant to RCW 9.94A.501 or 9.94A.5011, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or

present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728(5);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan. The voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) For each offender who is the recipient of a rental voucher, the department shall include, concurrent with the data that the department otherwise obtains and records, the housing status of the offender for the duration of the offender's supervision.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

Sec. 3. RCW 70.48.130 and 2011 1st sp.s. c 15 s 85 are each amended to read as follows:

(1) It is the intent of the legislature that all jail inmates receive appropriate and cost-effective emergency and necessary medical care. Governing units, the health care authority, and medical care providers shall cooperate to achieve the best rates consistent with adequate care.

(2) Payment for emergency or necessary health care shall be by the governing unit, except that the health care authority shall directly reimburse the provider pursuant to chapter 74.09 RCW, in accordance with the rates and benefits established by the authority, if the confined person is eligible under the authority's medical care programs as authorized under chapter 74.09 RCW. After payment by the authority, the financial responsibility for any remaining balance, including unpaid client liabilities that are a condition of eligibility or participation under chapter 74.09 RCW, shall be borne by the medical care provider and the governing unit as may be mutually agreed upon between the medical care provider and the governing unit. In the absence of mutual agreement between the medical care provider and the governing unit, the financial responsibility for any remaining balance shall be borne equally between the medical care provider and the governing unit. Total payments from all sources to providers for care rendered to confined persons (~~eligible under chapter 74.09 RCW~~) shall not exceed the amounts that would be paid by the authority for similar services provided under Title XIX medicaid, unless additional resources are obtained from the confined person.

(3) Providers of hospital services that are hospitals licensed under chapter 70.41 RCW shall contract with a correctional facility for inpatient, outpatient, and ancillary services if deemed appropriate by the correctional facility. Except in a county in which there is a single hospital with which the local correctional facilities may contract and with a state correctional facility housing more than one thousand five hundred offenders, the correctional facility may only reimburse a provider of hospital services at a rate no more than the amount payable under the medicaid reimbursement structure, plus any additional amount provided specifically for this purpose in the state omnibus appropriations act, regardless of whether the hospital is located within or outside of Washington. In a county in which there is a single hospital with which the local correctional facilities may contract and with a state

correctional facility housing more than one thousand five hundred offenders, the department of corrections shall pay the difference between the medicaid reimbursement and the amount agreed to by the correctional facility and the provider of hospital services. A correctional facility may participate, at the correctional facility's expense, in the provider one system operated by the Washington state health care authority for payment of hospital services through a process coordinated by the department of corrections pursuant to this section.

(4) As part of the screening process upon booking or preparation of an inmate into jail, general information concerning the inmate's ability to pay for medical care shall be identified, including insurance or other medical benefits or resources to which an inmate is entitled. This information shall be made available to the authority, the governing unit, and any provider of health care services.

~~((4))~~ (5) The governing unit or provider may obtain reimbursement from the confined person for the cost of health care services not provided under chapter 74.09 RCW, including reimbursement from any insurance program or from other medical benefit programs available to the confined person. Nothing in this chapter precludes civil or criminal remedies to recover the costs of medical care provided jail inmates or paid for on behalf of inmates by the governing unit. As part of a judgment and sentence, the courts are authorized to order defendants to repay all or part of the medical costs incurred by the governing unit or provider during confinement.

~~((5))~~ (6) To the extent that a confined person is unable to be financially responsible for medical care and is ineligible for the authority's medical care programs under chapter 74.09 RCW, or for coverage from private sources, and in the absence of an interlocal agreement or other contracts to the contrary, the governing unit may obtain reimbursement for the cost of such medical services from the unit of government whose law enforcement officers initiated the charges on which the person is being held in the jail: PROVIDED, That reimbursement for the cost of such services shall be by the state for state prisoners being held in a jail who are accused of either escaping from a state facility or of committing an offense in a state facility.

~~((6))~~ (7) There shall be no right of reimbursement to the governing unit from units of government whose law enforcement officers initiated the charges for which a person is being held in the jail for care provided after the charges are disposed of by sentencing or otherwise, unless by intergovernmental agreement pursuant to chapter 39.34 RCW.

~~((7))~~ (8) Under no circumstance shall necessary medical services be denied or delayed because of disputes over the cost of medical care or a determination of financial responsibility for payment of the costs of medical care provided to confined persons.

~~((8))~~ (9) Nothing in this section shall limit any existing right of any party, governing unit, or unit of government against the person receiving the care for the cost of the care provided.

NEW SECTION. Sec. 4. A new section is added to chapter 70.41 RCW to read as follows:

As a condition of licensure, a hospital must contract with a correctional facility as defined in RCW 70.48.020.

Sec. 5. RCW 9.92.151 and 2009 c 28 s 3 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the sentence of a prisoner confined in a county jail facility for a felony, gross misdemeanor, or misdemeanor conviction may be reduced by earned release credits in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction. The earned early release time shall be for good behavior and good performance as determined by the correctional agency having jurisdiction. Any program established pursuant to

this section shall allow an offender to earn early release credits for presentence incarceration. The correctional agency shall not credit the offender with earned early release credits in advance of the offender actually earning the credits. In the case of an offender convicted of a serious violent offense or a sex offense that is a class A felony committed on or after July 1, 1990, the aggregate earned early release time may not exceed fifteen percent of the sentence. In no other case may the aggregate earned early release time exceed one-third of the total sentence.

(2) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

(3) If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the number of days of early release credits lost or not earned.

NEW SECTION. Sec. 6. Pursuant to RCW 9.94A.729, the department shall recalculate the earned release date for any offender currently serving a term in a facility or institution either operated by the state or utilized under contract. The earned release date shall be recalculated whether the offender is currently incarcerated or is sentenced after the effective date of this section, and regardless of the offender's date of offense. For offenders whose offense was committed prior to the effective date of this section, the recalculation shall not extend a term of incarceration beyond that to which an offender is currently subject.

NEW SECTION. Sec. 7. The legislature declares that section 6 of this act does not create any liberty interest. The department is authorized to take the time reasonably necessary to complete the recalculations of section 6 of this act after the effective date of this section.

NEW SECTION. Sec. 8. Section 1 of this act applies to sentences imposed on or after July 1, 2013, regardless of the date of offense.

NEW SECTION. Sec. 9. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 10. Sections 1 and 2 and 5 through 7 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2013."

MOTION

(1) When any person charged with or arrested for a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, in which the person has a prior offense as defined in RCW 46.61.5055 and the current offense involves alcohol, is released from custody before arraignment or trial on bail or personal recognizance, the court authorizing the release shall require, as a condition of release, that person to (a) have a functioning ignition interlock device installed on all motor vehicles operated by the person, with proof of installation filed with the court by the person or the certified interlock provider within five business days of the date of release from custody or as soon thereafter as determined by the court based on availability within the jurisdiction; or (b) comply with 24/7 sobriety program monitoring, as defined in section 26 of this act; or both.

(2) Upon acquittal or dismissal of all pending or current charges relating to a violation of RCW 46.61.502, 46.61.504, 46.61.520, or 46.61.522, or equivalent local ordinance, the court shall authorize removal of the ignition interlock device and lift any requirement to comply with electronic alcohol/drug monitoring imposed under

subsection (1) of this section. Nothing in this section limits the authority of the court or department under RCW 46.20.720.

Sec. 2. RCW 2.28.175 and 2013 c 257 s 6 are each amended to read as follows:

(1) Jurisdictions and municipalities may establish and operate DUI courts. Municipalities may enter into cooperative agreements with counties or other municipalities that have DUI courts to provide DUI court services.

(2) For the purposes of this section, "DUI court" means a court that has special calendars or dockets designed to achieve a reduction in recidivism of impaired driving among nonviolent, alcohol abusing offenders, whether adult or juvenile, by increasing their likelihood for successful rehabilitation through early, continuous, and intense judicially supervised treatment; mandatory periodic testing for alcohol use and, if applicable, drug use; and the use of appropriate sanctions and other rehabilitation services.

(3)(a) Any jurisdiction that seeks a state appropriation to fund a DUI court program must first:

(i) Exhaust all federal funding that is available to support the operations of its DUI court and associated services; and

(ii) Match, on a dollar-for-dollar basis, state moneys allocated for DUI court programs with local cash or in-kind resources. Moneys allocated by the state must be used to supplement, not supplant, other federal, state, and local funds for DUI court operations and associated services. However, until June 30, 2014, no match is required for state moneys expended for the administrative and overhead costs associated with the operation of a DUI court established as of January 1, 2011.

(b) Any jurisdiction that establishes a DUI court pursuant to this section shall establish minimum requirements for the participation of offenders in the program. The DUI court may adopt local requirements that are more stringent than the minimum. The minimum requirements are:

(ii) The offender has not previously been convicted of a serious violent offense or sex offense as defined in RCW 9.94A.030, vehicular homicide under RCW 46.61.520, vehicular assault under RCW 46.61.522, or an equivalent out-of-state offense; and

(iii) Without regard to whether proof of any of these elements is required to convict, the offender is not currently charged with or convicted of an offense:

(A) That is a sex offense;

(B) That is a serious violent offense;

(C) That is vehicular homicide or vehicular assault;

(D) During which the defendant used a firearm; or

(E) During which the defendant caused substantial or great bodily harm or death to another person.

Sec. 3. RCW 3.66.067 and 2001 c 94 s 1 are each amended to read as follows:

A defendant who has been sentenced, or whose sentence has been deferred, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court, shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. During the time of the deferral, the court may, for good cause shown, permit a defendant to withdraw the plea of guilty and to enter a plea of not guilty, and the court may dismiss the charges. (4) However, the court's jurisdiction period in this section does not apply to the enforcement of orders issued under RCW 46.20.720.

A defendant who has been sentenced, or whose sentence has been deferred, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court, shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. However, the jurisdiction period in this section does not apply to the enforcement of orders issued under RCW 46.20.720. (3) Judges of the municipal court shall not defer sentence for an offense sentenced under RCW 46.61.5055.

Sec. 8. RCW 9.94A.525 and 2011 c 166 s 3 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a ~~((felony))~~ conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), ~~((prior convictions of felony driving while under the influence of intoxicating liquor or any drug, felony physical control of a vehicle while under the influence of intoxicating liquor or any drug, and serious traffic offenses shall be included in the offender score if: (i) The prior convictions were committed within five years since the last date of release from confinement (including full time residential treatment) or entry of judgment and sentence; or (ii) the prior convictions would be considered "prior offenses within ten years" as defined in RCW 46.61.5055))~~ all predicate crimes for the offense as defined by RCW 46.61.5055(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences

provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction.

Fuel cell technology is highly specific for alcohols.

(b) When reasonably available in the area, as determined by the state patrol, an ignition interlock device must employ technology capable of taking a photo identification of the user giving the breath sample and recording on the photo the time the breath sample was given.

Sec. 11. RCW 46.25.110 and 1989 c 178 s 13 are each amended to read as follows:

(1) Notwithstanding any other provision of Title 46 RCW, a person may not drive, operate, or be in physical control of a commercial motor vehicle while having alcohol or THC in his or her system.

(2) Law enforcement or appropriate officials shall issue an out-of-service order valid for twenty-four hours against a person who drives, operates, or is in physical control of a commercial motor vehicle while having alcohol or THC in his or her system or who refuses to take a test to determine his or her alcohol content or THC concentration as provided by RCW 46.25.120.

Sec. 12. RCW 46.25.120 and 2006 c 327 s 5 are each amended to read as follows:

(1) A person who drives a commercial motor vehicle within this state is deemed to have given consent, subject to RCW 46.61.506, to take a test or tests of that person's blood or breath for the purpose of determining that person's alcohol concentration or the presence of other drugs.

(2) A test or tests may be administered at the direction of a law enforcement officer, who after stopping or detaining the commercial motor vehicle driver, has probable cause to believe that driver was driving a commercial motor vehicle while having alcohol in his or her system or while under the influence of any drug.

(3) The law enforcement officer requesting the test under subsection (1) of this section shall warn the person requested to submit to the test that a refusal to submit will result in that person being disqualified from operating a commercial motor vehicle under RCW 46.25.090.

(4) If the person refuses testing, or submits to a test that discloses an alcohol concentration of 0.04 or more or any measurable amount of THC concentration, the law enforcement officer shall submit a sworn report to the department certifying that the test was requested pursuant to subsection (1) of this section and that the person refused to submit to testing, or submitted to a test that disclosed an alcohol concentration of 0.04 or more or any measurable amount of THC concentration.

The hearing shall be conducted in the county of the arrest. For the purposes of this section, the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a commercial motor vehicle within this state while having alcohol in the person's system or while under the influence of any drug, whether the person refused to submit to the test or tests upon request of the officer after having been informed that the refusal would result in the disqualification of the person from driving a commercial motor vehicle, and, if the test was administered, whether the results indicated an alcohol concentration of 0.04 percent or more or any measurable amount of THC concentration. The department shall order that the disqualification of the person either be rescinded or sustained. Any decision by the department disqualifying a person from driving a commercial motor vehicle is stayed and does not take effect while a formal hearing is pending under this section or during the pendency of a subsequent

appeal to superior court so long as there is no conviction for a moving violation or no finding that the person has committed a traffic infraction that is a moving violation during the pendency of the hearing and appeal. If the disqualification of the person is sustained after the hearing, the person who is disqualified may file a petition in the superior court of the county of arrest to review the final order of disqualification by the department in the manner provided in RCW 46.20.334.

(6) If a motor carrier or employer who is required to have a testing program under 49 C.F.R. 382 knows that a commercial driver in his or her employ has refused to submit to testing under this section and has not been disqualified from driving a commercial motor vehicle, the employer may notify law enforcement or his or her medical review officer or breath alcohol technician that the driver has refused to submit to the required testing.

(7) The hearing provisions of this section do not apply to those persons disqualified from driving a commercial motor vehicle under RCW 46.25.090(7).

Forty-five days of imprisonment and ninety days of electronic home monitoring may not be suspended (~~(or deferred)~~) unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. Whenever the mandatory minimum sentence is suspended (~~(or deferred)~~), the court shall state in writing the reason for granting the suspension (~~(or deferral)~~) and the facts upon which the suspension (~~(or deferral)~~) is based; and

In lieu of the mandatory minimum term of one hundred twenty days of electronic home monitoring, the court may order at least an additional eight days in jail. The court shall order an expanded alcohol assessment and treatment, if deemed appropriate by the assessment. The offender shall pay for the cost of the electronic monitoring. The county or municipality where the penalty is being imposed shall determine the cost. (b) If the court orders that a person refrain from consuming any alcohol, the court may order the person to submit to alcohol monitoring through an alcohol detection breathalyzer device, transdermal sensor device, or other technology designed to detect alcohol in a person's system. The person shall pay for the cost of the monitoring, unless the court specifies that the cost of monitoring will be paid with funds that are available from an alternative source identified by the court. The county or municipality where the penalty is being imposed shall determine the cost.

(6) If a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 committed the offense while a passenger under the age of sixteen was in the vehicle, the court shall:

(b) Whether at the time of the offense the person was driving or in physical control of a vehicle with one or more passengers;

(8) An offender punishable under this section is subject to the alcohol assessment and treatment provisions of RCW 46.61.5056.

(9) The license, permit, or nonresident privilege of a person convicted of driving or being in physical control of a motor vehicle while under the influence of intoxicating liquor or drugs must:

Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. If so, the court may order that the person's license, permit, or nonresident privilege shall not be revoked, suspended, or denied for that offense. The court shall send notice of the finding and order to the department and to the person. Upon

receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

For purposes of this subsection (9), the department shall refer to the driver's record maintained under RCW 46.52.120 when determining the existence of prior offenses.

(10) After expiration of any period of suspension, revocation, or denial of the offender's license, permit, or privilege to drive required by this section, the department shall place the offender's driving privilege in probationary status pursuant to RCW 46.20.355.

(11)(a) In addition to any nonsuspendable and nondeferrable jail sentence required by this section, whenever the court imposes up to three hundred sixty-four days in jail, the court shall also suspend but shall not defer a period of confinement for a period not exceeding five years. The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive and proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (ii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; and (iii) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not

limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(3).

Notice of seizure in the case of property subject to a security interest that has been perfected on a certificate of title shall be made by service upon the secured party or the secured party's assignee at the address shown on the financing statement or the certificate of title.

(5) If no person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the vehicle is deemed forfeited.

(6) If a person notifies the seizing law enforcement agency in writing of the person's claim of ownership or right to possession of the seized vehicle within forty-five days of the seizure, the law enforcement agency shall give the person or persons a reasonable opportunity to be heard as to the claim or right. The hearing shall be before the chief law enforcement officer of the seizing agency or the chief law enforcement officer's designee, except where the seizing agency is a state agency as defined in RCW 34.12.020, the hearing shall be before the chief law enforcement officer of the seizing agency or an administrative law judge appointed under chapter 34.12 RCW, except that any person asserting a claim or right may remove the matter to a court of competent jurisdiction. Removal may only be accomplished according to the rules of civil procedure. The person seeking removal of the matter must serve process against the state, county, political subdivision, or municipality that operates the seizing agency, and any other party of interest, in accordance with RCW 4.28.080 or 4.92.020, within forty-five days after the person seeking removal has notified the seizing law enforcement agency of the person's claim of ownership or right to possession. The court to which the matter is to be removed shall be the district court when the aggregate value of the vehicle is within the jurisdictional limit set forth in RCW 3.66.020. A hearing before the seizing agency and any appeal therefrom shall be under Title 34 RCW. In a court hearing between two or more claimants to the vehicle involved, the prevailing party shall be entitled to a judgment for costs and reasonable attorneys' fees. The burden of producing evidence shall be upon the person claiming to be the legal owner or the person claiming to have the lawful right to possession of the vehicle. The seizing law enforcement agency shall promptly return the vehicle to the claimant upon a determination by the administrative law judge or court that the claimant is the present legal owner under this title (~~46 RCW~~) or is lawfully entitled to possession of the vehicle.

(7) When a vehicle is forfeited under this chapter the seizing law enforcement agency may sell the vehicle, retain it for official use, or upon application by a law enforcement agency of this state release the vehicle to that agency for the exclusive use of enforcing this title; provided, however, that the agency shall first satisfy any bona fide security interest to which the vehicle is subject under subsection (1)(a) or (c) of this section.

(8) When a vehicle is forfeited, the seizing agency shall keep a record indicating the identity of the prior owner, if known, a description of the vehicle, the disposition of the vehicle, the value of the vehicle at the time of seizure, and the amount of proceeds realized from disposition of the vehicle.

(9) Each seizing agency shall retain records of forfeited vehicles for at least seven years.

(10) Each seizing agency shall file a report including a copy of the records of forfeited vehicles with the state treasurer each calendar quarter.

(11) The quarterly report need not include a record of a forfeited vehicle that is still being held for use as evidence during the investigation or prosecution of a case or during the appeal from a conviction.

(12) By January 31st of each year, each seizing agency shall remit to the state treasurer an amount equal to ten percent of the net proceeds of vehicles forfeited during the preceding calendar year. Money remitted shall be deposited in the state general fund.

(13) The net proceeds of a forfeited vehicle is the value of the forfeitable interest in the vehicle after deducting the cost of satisfying a bona fide security interest to which the vehicle is subject at the time of seizure; and in the case of a sold vehicle, after deducting the cost of sale, including reasonable fees or commissions paid to independent selling agents.

(14) The value of a sold forfeited vehicle is the sale price. The value of a retained forfeited vehicle is the fair market value of the vehicle at the time of seizure, determined when possible by reference to an applicable commonly used index, such as the index used by the department of licensing. A seizing agency may, but need not, use an independent qualified appraiser to determine the value of retained vehicles. If an appraiser is used, the value of the vehicle appraised is net of the cost of the appraisal.

Sec. 19. RCW 46.20.720 and 2012 c 183 s 9 are each amended to read as follows:

(1) The court may order that after a period of suspension, revocation, or denial of driving privileges, and for up to as long as the court has jurisdiction, any person convicted of any offense involving the use, consumption, or possession of alcohol while operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific calibration setting at which the interlock will prevent the vehicle from being started. The court shall also establish the period of time for which interlock use will be required.

(2) Under RCW 46.61.5055 and subject to the exceptions listed in that statute, the court shall order any person convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance to comply with the rules and requirements of the department regarding the installation and use of a functioning ignition interlock device installed on all motor vehicles operated by the person. The court shall order any person participating in a deferred prosecution program under RCW 10.05.020 for a violation of RCW 46.61.502 or 46.61.504 or an equivalent local ordinance to have a functioning ignition interlock device installed on all motor vehicles operated by the person.

(3)(a) The department shall require that, after any applicable period of suspension, revocation, or denial of driving privileges, a person may drive only a motor vehicle equipped with a functioning ignition interlock device if the person is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance. The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device if the person is convicted of a violation of RCW 46.61.5249 or 46.61.500 and is required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person.

((The department may waive the requirement for the use of such a device if it concludes that such devices are not reasonably available in the local area.))

(b)(i) Except as provided in (b)(ii) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary

responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours. ~~((However,))~~

(ii) The employer exemption does not apply:

~~(A) When the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment~~~~((the employer exemption does not apply));~~

(B) For the first thirty days after an ignition interlock device has been installed as the result of a first conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance; or

(C) For the first three hundred sixty-five days after an ignition interlock device has been installed as the result of a second or subsequent conviction of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance.

(c) The ignition interlock device shall be calibrated to prevent the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.025 or more. Subject to the provisions of subsections (4) and (5) of this section, the period of time of the restriction will be no less than:

~~((a))~~ (i) For a person who has not previously been restricted under this section, a period of one year;

~~((b))~~ (ii) For a person who has previously been restricted under ~~((a))~~ (c)(i) of this subsection, a period of five years;

~~((c))~~ (iii) For a person who has previously been restricted under ~~((b))~~ (c)(ii) of this subsection, a period of ten years.

(4) A restriction imposed under subsection (3) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying that there have been none of the following incidents in the four consecutive months prior to the date of release:

(a) ~~((A))~~ Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(b) Failure to take ~~((or pass))~~ any ~~((required retest))~~ random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test; ~~((or))~~

(c) Failure to pass any random retest with a breath alcohol concentration of 0.025 or lower unless a subsequent test performed within ten minutes registers a breath alcohol concentration lower than 0.025, and the digital image confirms the same person provided both samples; or

(d) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device.

(5) For a person required to install an ignition interlock device pursuant to RCW 46.61.5249(4) or 46.61.500(3), the period of time of the restriction shall be for six months and shall be subject to subsection (4) of this section.

(6) In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of twenty dollars per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional twenty dollar fee to the department to be deposited into the ignition interlock device revolving account.

Sec. 20. RCW 46.20.385 and 2012 c 183 s 8 are each amended to read as follows:

(1)(a) Beginning January 1, 2009, any person licensed under this chapter who is convicted of a violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or a violation of RCW 46.61.520(1)(a) or 46.61.522(1)(b), or who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied. A person receiving an ignition interlock driver's license waives his or her right to a hearing or appeal under RCW 46.20.308.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial. Subject to the provisions of RCW 46.20.720(3)(b)(ii), the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to RCW 9A.72.085 from his or her employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours. ~~((However, when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment, the employer exemption does not apply.))~~

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(iii) The time period during which the person is licensed under this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is required under RCW 46.20.720 and 46.61.5055. Beginning with incidents occurring on or after September 1, 2011, when calculating the period of time for the restriction under RCW 46.20.720(3), the department must also give the person a day-for-day credit for the time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates. For the purposes of this subsection (1)(c)(iii), the term "all vehicles" does not include vehicles that would be subject to the employer exception under RCW 46.20.720(3).

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation

2013 2ND SPECIAL SESSION

goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional twenty dollar fee to the department.

(b) The department shall deposit the proceeds of the twenty dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The department may require the person to take any driver's licensing examination under this chapter (~~46.20 RCW~~) and may require the person to also apply and qualify for a temporary restricted driver's license under RCW 46.20.391.

Sec. 21. RCW 10.05.140 and 2011 c 293 s 8 are each amended to read as follows:

As a condition of granting a deferred prosecution petition, the court shall order that the petitioner shall not operate a motor vehicle upon the public highways without a valid operator's license and proof of liability insurance. The amount of liability insurance shall be established by the court at not less than that established by RCW 46.29.490. As a condition of granting a deferred prosecution petition on any alcohol-dependency based case, the court shall also order the installation of an ignition interlock under RCW 46.20.720. The required periods of use of the interlock shall be not less than the

periods provided for in RCW 46.20.720(3) (~~(a), (b), and (c)~~). As a condition of granting a deferred prosecution petition, the court may order the petitioner to make restitution and to pay costs as defined in RCW 10.01.160. To help ensure continued sobriety and reduce the likelihood of reoffense, the court may order reasonable conditions during the period of the deferred prosecution including, but not limited to, attendance at self-help recovery support groups for alcoholism or drugs, complete abstinence from alcohol and all nonprescribed mind-altering drugs, periodic urinalysis or breath analysis, and maintaining law-abiding behavior. The court may terminate the deferred prosecution program upon violation of the deferred prosecution order.

Sec. 22. RCW 10.31.100 and 2013 c 278 s 4 and 2013 c 84 s 32 are each reenacted and amended to read as follows:

Expenditures from the account shall be budgeted through the normal budget process.

(b) Any participation fee collected in the administration of testing under the 24/7 sobriety program to cover program administration costs incurred by the Washington association of sheriffs and police chiefs shall be collected by the sheriff or chief, or an entity designated by the sheriff or chief, and deposited in the 24/7 sobriety account.

(2) All applicable fees shall be paid by the participant contemporaneously or in advance of the time when the fee becomes due.

NEW SECTION. Sec. 31. The court shall not waive or reduce fees or associated costs charged for participation in the 24/7 sobriety program.

NEW SECTION. Sec. 32. (1) A participant who violates the terms of participation in the 24/7 sobriety program or does not pay the required fees or associated costs shall:

- (a) Receive a written warning notice for a first violation;
- (b) Serve a term of two days imprisonment for a second violation;
- (c) Serve a term of up to five days imprisonment for a third violation;
- (d) Serve a term of up to ten days imprisonment for a fourth violation; and
- (e) For a fifth violation, the participant shall serve the entire remaining sentence imposed by the court.

(2) A sheriff or chief, or the designee of a sheriff or chief, who has probable cause to believe that a participant has violated the terms of participation in the 24/7 sobriety program or has not paid the required fees or associated costs shall immediately take the participant into custody and cause him or her to be held until an appearance before a judge on the next judicial day.

Sec. 33. RCW 4.24.545 and 2006 c 130 s 3 are each amended to read as follows:

Local governments, their subdivisions and employees, the department of corrections and its employees, and the Washington association of sheriffs and police chiefs and its employees are immune from civil liability for damages arising from incidents involving offenders who are placed on electronic monitoring or who are participating in the 24/7 sobriety program, unless it is shown that an employee acted with gross negligence or bad faith.

NEW SECTION. Sec. 34. (1) Any funding provided during the 2013-2015 biennium for the ignition interlock program at the Washington state patrol that is in addition to any funding identified in chapter 306, Laws of 2013 (omnibus transportation appropriations act) may only be used to provide field officers to work directly with manufacturers, service centers, technicians, and participants in the program. This may include up to one full-time equivalent noncommissioned staff to provide administrative support for the program. Any funding provided as identified in this section must be used to supplement and not supplant other funds being used to fund the ignition interlock program.

(2) This section expires July 1, 2015.

NEW SECTION. Sec. 35. A new section is added to chapter 43.43 RCW to read as follows:

(1) Any officer conducting field inspections of ignition interlock devices under the ignition interlock program shall report violations by program participants to the court.

(2) The Washington state patrol may not be held liable for any damages resulting from any act or omission in conducting activities under the ignition interlock program, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

Sec. 36. RCW 46.20.308 and 2013 c 3 s 31 (Initiative Measure No. 502), 2012 c 183 s 7, and 2012 c 80 s 12 are each reenacted and amended to read as follows:

(1) Any person who operates a motor vehicle within this state is deemed to have given consent, subject to the provisions of RCW 46.61.506, to a test or tests of his or her breath (~~or blood~~) for the purpose of determining the alcohol concentration, THC concentration, or presence of any drug in his or her breath (~~or blood~~) if arrested for any offense where, at the time of the arrest, the arresting officer has reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle

while under the influence of intoxicating liquor or any drug or was in violation of RCW 46.61.503. Neither consent nor this section precludes a police officer from obtaining a search warrant for a person's breath or blood.

(2) The test or tests of breath shall be administered at the direction of a law enforcement officer having reasonable grounds to believe the person to have been driving or in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or the person to have been driving or in actual physical control of a motor vehicle while having alcohol or THC in a concentration in violation of RCW 46.61.503 in his or her system and being under the age of twenty-one. ~~((However, in those instances where the person is incapable due to physical injury, physical incapacity, or other physical limitation, of providing a breath sample or where the person is being treated in a hospital, clinic, doctor's office, emergency medical vehicle, ambulance, or other similar facility or where the officer has reasonable grounds to believe that the person is under the influence of a drug, a blood test shall be administered by a qualified person as provided in RCW 46.61.506(5).))~~ The officer shall inform the person of his or her right to refuse the breath ~~((or blood))~~ test, and of his or her right to have additional tests administered by any qualified person of his or her choosing as provided in RCW 46.61.506. The officer shall warn the driver, in substantially the following language, that:

(a) If the driver refuses to take the test, the driver's license, permit, or privilege to drive will be revoked or denied for at least one year; and

(b) If the driver refuses to take the test, the driver's refusal to take the test may be used in a criminal trial; and

(c) If the driver submits to the test and the test is administered, the driver's license, permit, or privilege to drive will be suspended, revoked, or denied for at least ninety days if:

(i) The driver is age twenty-one or over and the test indicates either that the alcohol concentration of the driver's breath ~~((or blood))~~ is 0.08 or more or that the THC concentration of the driver's blood is 5.00 or more; or

(ii) The driver is under age twenty-one and the test indicates either that the alcohol concentration of the driver's breath ~~((or blood))~~ is 0.02 or more or that the THC concentration of the driver's blood is above 0.00; or

(iii) The driver is under age twenty-one and the driver is in violation of RCW 46.61.502 or 46.61.504; and

(d) If the driver's license, permit, or privilege to drive is suspended, revoked, or denied the driver may be eligible to immediately apply for an ignition interlock driver's license.

(3) Except as provided in this section, the test administered shall be of the breath only. If an individual is unconscious or is under arrest for the crime of felony driving under the influence of intoxicating liquor or drugs under RCW 46.61.502(6), felony physical control of a motor vehicle while under the influence of intoxicating liquor or any drug under RCW 46.61.504(6), vehicular homicide as provided in RCW 46.61.520, or vehicular assault as provided in RCW 46.61.522, or if an individual is under arrest for the crime of driving while under the influence of intoxicating liquor or drugs as provided in RCW 46.61.502, which arrest results from an accident in which there has been serious bodily injury to another person, a breath or blood test may be administered without the consent of the individual so arrested pursuant to a search warrant, a valid waiver of the warrant requirement, or when exigent circumstances exist.

(4) ((Any person who is dead, unconscious, or who is otherwise in a condition rendering him or her incapable of refusal, shall be deemed not to have withdrawn the consent provided by subsection (1) of this section and the test or tests may be administered, subject to the provisions of RCW 46.61.506, and the person shall be deemed to have received the warnings required under subsection (2) of this

section.

(5)) If, following his or her arrest and receipt of warnings under subsection (2) of this section, the person arrested refuses upon the request of a law enforcement officer to submit to a test or tests of his or her breath ~~((or blood))~~, no test shall be given except as authorized ~~((under subsection (3) or (4) of this section))~~ by a search warrant.

~~((6))~~ (5) If, after arrest and after the other applicable conditions and requirements of this section have been satisfied, a test or tests of the person's blood or breath is administered and the test results indicate that the alcohol concentration of the person's breath or blood is 0.08 or more, or the THC concentration of the person's blood is 5.00 or more, if the person is age twenty-one or over, or that the alcohol concentration of the person's breath or blood is 0.02 or more, or the THC concentration of the person's blood is above 0.00, if the person is under the age of twenty-one, or the person refuses to submit to a test, the arresting officer or other law enforcement officer at whose direction any test has been given, or the department, where applicable, if the arrest results in a test of the person's blood, shall:

(a) Serve notice in writing on the person on behalf of the department of its intention to suspend, revoke, or deny the person's license, permit, or privilege to drive as required by subsection ~~((7))~~ (6) of this section;

(b) Serve notice in writing on the person on behalf of the department of his or her right to a hearing, specifying the steps he or she must take to obtain a hearing as provided by subsection ~~((8))~~ (7) of this section and that the person waives the right to a hearing if he or she receives an ignition interlock driver's license;

(c) ((Mark the person's Washington state driver's license or permit to drive, if any, in a manner authorized by the department;

(d)) Serve notice in writing that the ~~((marked))~~ license or permit, if any, is a temporary license that is valid for sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or until the suspension, revocation, or denial of the person's license, permit, or privilege to drive is sustained at a hearing pursuant to subsection ~~((8))~~ (7) of this section, whichever occurs first. No temporary license is valid to any greater degree than the license or permit that it replaces; and

~~((e))~~ (d) Immediately notify the department of the arrest and transmit to the department within seventy-two hours, except as delayed as the result of a blood test, a sworn report or report under a declaration authorized by RCW 9A.72.085 that states:

(i) That the officer had reasonable grounds to believe the arrested person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or was under the age of twenty-one years and had been driving or was in actual physical control of a motor vehicle while having an alcohol or THC concentration in violation of RCW 46.61.503;

(ii) That after receipt of the warnings required by subsection (2) of this section the person refused to submit to a test of his or her ~~((blood or))~~ breath, or a test was administered and the results indicated that the alcohol concentration of the person's breath or blood was 0.08 or more, or the THC concentration of the person's blood was 5.00 or more, if the person is age twenty-one or over, or that the alcohol concentration of the person's breath or blood was 0.02 or more, or the THC concentration of the person's blood was above 0.00, if the person is under the age of twenty-one; and

(iii) Any other information that the director may require by rule.

~~((7))~~ (6) The department of licensing, upon the receipt of a sworn report or report under a declaration authorized by RCW 9A.72.085 under subsection ~~((6))~~ (5)(d) of this section, shall suspend, revoke, or deny the person's license, permit, or privilege to drive or any nonresident operating privilege, as provided in RCW 46.20.3101, such suspension, revocation, or denial to be effective

FIFTEENTH DAY, JUNE 26, 2013

beginning sixty days from the date of arrest or from the date notice has been given in the event notice is given by the department following a blood test, or when sustained at a hearing pursuant to subsection ~~((8))~~ (7) of this section, whichever occurs first.

~~((8))~~ (7) A person receiving notification under subsection ~~((6))~~ (5)(b) of this section may, within twenty days after the notice has been given, request in writing a formal hearing before the department. The person shall pay a fee of three hundred seventy-five dollars as part of the request. If the request is mailed, it must be postmarked within twenty days after receipt of the notification. Upon timely receipt of such a request for a formal hearing, including receipt of the required three hundred seventy-five dollar fee, the department shall afford the person an opportunity for a hearing. The department may waive the required three hundred seventy-five dollar fee if the person is an indigent as defined in RCW 10.101.010. Except as otherwise provided in this section, the hearing is subject to and shall be scheduled and conducted in accordance with RCW 46.20.329 and 46.20.332. The hearing shall be conducted in the county of the arrest, except that all or part of the hearing may, at the discretion of the department, be conducted by telephone or other electronic means. The hearing shall be held within sixty days following the arrest or following the date notice has been given in the event notice is given by the department following a blood test, unless otherwise agreed to by the department and the person, in which case the action by the department shall be stayed, and any valid temporary license marked under subsection ~~((6)(e))~~ (5) of this section extended, if the person is otherwise eligible for licensing. For the purposes of this section, the scope of the hearing shall cover the issues of whether a law enforcement officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or any drug or had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, or THC in his or her system in a concentration above 0.00, if the person was under the age of twenty-one, whether the person was placed under arrest, and (a) whether the person refused to submit to the test or tests upon request of the officer after having been informed that such refusal would result in the revocation of the person's license, permit, or privilege to drive, or (b) if a test or tests were administered, whether the applicable requirements of this section were satisfied before the administration of the test or tests, whether the person submitted to the test or tests, or whether a test was administered without express consent as permitted under this section, and whether the test or tests indicated that the alcohol concentration of the person's breath or blood was 0.08 or more, or the THC concentration of the person's blood was 5.00 or more, if the person was age twenty-one or over at the time of the arrest, or that the alcohol concentration of the person's breath or blood was 0.02 or more, or the THC concentration of the person's blood was above 0.00, if the person was under the age of twenty-one at the time of the arrest. The sworn report or report under a declaration authorized by RCW 9A.72.085 submitted by a law enforcement officer is prima facie evidence that the officer had reasonable grounds to believe the person had been driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drugs, or both, or the person had been driving or was in actual physical control of a motor vehicle within this state while having alcohol in his or her system in a concentration of 0.02 or more, or THC in his or her system in a concentration above 0.00, and was under the age of twenty-one and that the officer complied with the requirements of this section.

A hearing officer shall conduct the hearing, may issue subpoenas for the attendance of witnesses and the production of

2013 2ND SPECIAL SESSION

documents, and shall administer oaths to witnesses. The hearing officer shall not issue a subpoena for the attendance of a witness at the request of the person unless the request is accompanied by the fee required by RCW 5.56.010 for a witness in district court. The sworn report or report under a declaration authorized by RCW 9A.72.085 of the law enforcement officer and any other evidence accompanying the report shall be admissible without further evidentiary foundation and the certifications authorized by the criminal rules for courts of limited jurisdiction shall be admissible without further evidentiary foundation. The person may be represented by counsel, may question witnesses, may present evidence, and may testify. The department shall order that the suspension, revocation, or denial either be rescinded or sustained.

~~((9))~~ (8) If the suspension, revocation, or denial is sustained after such a hearing, the person whose license, privilege, or permit is suspended, revoked, or denied has the right to file a petition in the superior court of the county of arrest to review the final order of revocation by the department in the same manner as an appeal from a decision of a court of limited jurisdiction. Notice of appeal must be filed within thirty days after the date the final order is served or the right to appeal is waived. Notwithstanding RCW 46.20.334, RALJ 1.1, or other statutes or rules referencing de novo review, the appeal shall be limited to a review of the record of the administrative hearing. The appellant must pay the costs associated with obtaining the record of the hearing before the hearing officer. The filing of the appeal does not stay the effective date of the suspension, revocation, or denial. A petition filed under this subsection must include the petitioner's grounds for requesting review. Upon granting petitioner's request for review, the court shall review the department's final order of suspension, revocation, or denial as expeditiously as possible. The review must be limited to a determination of whether the department has committed any errors of law. The superior court shall accept those factual determinations supported by substantial evidence in the record: (a) That were expressly made by the department; or (b) that may reasonably be inferred from the final order of the department. The superior court may reverse, affirm, or modify the decision of the department or remand the case back to the department for further proceedings. The decision of the superior court must be in writing and filed in the clerk's office with the other papers in the case. The court shall state the reasons for the decision. If judicial relief is sought for a stay or other temporary remedy from the department's action, the court shall not grant such relief unless the court finds that the appellant is likely to prevail in the appeal and that without a stay the appellant will suffer irreparable injury. If the court stays the suspension, revocation, or denial it may impose conditions on such stay.

~~((4))~~ (9)(a) If a person whose driver's license, permit, or privilege to drive has been or will be suspended, revoked, or denied under subsection ~~((7))~~ (6) of this section, other than as a result of a breath ~~(or blood)~~ test refusal, and who has not committed an offense for which he or she was granted a deferred prosecution under chapter 10.05 RCW, petitions a court for a deferred prosecution on criminal charges arising out of the arrest for which action has been or will be taken under subsection ~~((7))~~ (6) of this section, or notifies the department of licensing of the intent to seek such a deferred prosecution, then the license suspension or revocation shall be stayed pending entry of the deferred prosecution. The stay shall not be longer than one hundred fifty days after the date charges are filed, or two years after the date of the arrest, whichever time period is shorter. If the court stays the suspension, revocation, or denial, it may impose conditions on such stay. If the person is otherwise eligible for licensing, the department shall issue a temporary license, or extend any valid temporary license ~~(marked)~~ under subsection ~~((6))~~ (5) of this section, for the period of the stay. If a deferred prosecution treatment plan is not

recommended in the report made under RCW 10.05.050, or if treatment is rejected by the court, or if the person declines to accept an offered treatment plan, or if the person violates any condition imposed by the court, then the court shall immediately direct the department to cancel the stay and any temporary marked license or extension of a temporary license issued under this subsection.

(b) A suspension, revocation, or denial imposed under this section, other than as a result of a breath (~~(or blood)~~) test refusal, shall be stayed if the person is accepted for deferred prosecution as provided in chapter 10.05 RCW for the incident upon which the suspension, revocation, or denial is based. If the deferred prosecution is terminated, the stay shall be lifted and the suspension, revocation, or denial reinstated. If the deferred prosecution is completed, the stay shall be lifted and the suspension, revocation, or denial canceled.

(c) The provisions of (b) of this subsection relating to a stay of a suspension, revocation, or denial and the cancellation of any suspension, revocation, or denial do not apply to the suspension, revocation, denial, or disqualification of a person's commercial driver's license or privilege to operate a commercial motor vehicle.

~~((4))~~ (10) When it has been finally determined under the procedures of this section that a nonresident's privilege to operate a motor vehicle in this state has been suspended, revoked, or denied, the department shall give information in writing of the action taken to the motor vehicle administrator of the state of the person's residence and of any state in which he or she has a license.

Sec. 37. RCW 9.94A.535 and 2013 c 256 s 2 and 2013 c 84 s 26 are each reenacted and amended to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Facts supporting aggravated sentences, other than the fact of a prior conviction, shall be determined pursuant to the provisions of RCW 9.94A.537.

Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4).

A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

(1) Mitigating Circumstances - Court to Consider

The court may impose an exceptional sentence below the standard range if it finds that mitigating circumstances are established by a preponderance of the evidence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(i) The defendant was making a good faith effort to obtain or provide medical assistance for someone who is experiencing a drug-related overdose.

(j) The current offense involved domestic violence, as defined in RCW 10.99.020, and the defendant suffered a continuing pattern of coercion, control, or abuse by the victim of the offense and the offense is a response to that coercion, control, or abuse.

(2) Aggravating Circumstances - Considered and Imposed by the Court

The trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances:

(a) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(b) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

(3) Aggravating Circumstances - Considered by a Jury - Imposed by the Court

Except for circumstances listed in subsection (2) of this section, the following circumstances are an exclusive list of factors that can support a sentence above the standard range. Such facts should be determined by procedures specified in RCW 9.94A.537.

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance.

(c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.

(d) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:

(i) The current offense involved multiple victims or multiple incidents per victim;

(ii) The current offense involved attempted or actual monetary loss substantially greater than typical for the offense;

(iii) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time; or

(iv) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(e) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VUCSA), related to trafficking in controlled substances, which was more onerous

FIFTEENTH DAY, JUNE 26, 2013

(iv) The circumstances of the current offense reveal the offender to have occupied a high position in the drug distribution hierarchy;

(v) The current offense involved a high degree of sophistication or planning, occurred over a lengthy period of time, or involved a broad geographic area of disbursement; or

(vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional).

(f) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.835.

(g) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time.

(h) The current offense involved domestic violence, as defined in RCW 10.99.020, or stalking, as defined in RCW 9A.46.110, and one or more of the following was present:

(i) The offense was part of an ongoing pattern of psychological, physical, or sexual abuse of a victim or multiple victims manifested by multiple incidents over a prolonged period of time;

(ii) The offense occurred within sight or sound of the victim's or the offender's minor children under the age of eighteen years; or

(iii) The offender's conduct during the commission of the current offense manifested deliberate cruelty or intimidation of the victim.

(i) The offense resulted in the pregnancy of a child victim of rape.

(j) The defendant knew that the victim of the current offense was a youth who was not residing with a legal custodian and the defendant established or promoted the relationship for the primary purpose of victimization.

(k) The offense was committed with the intent to obstruct or impair human or animal health care or agricultural or forestry research or commercial production.

(l) The current offense is trafficking in the first degree or trafficking in the second degree and any victim was a minor at the time of the offense.

(m) The offense involved a high degree of sophistication or planning.

(n) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(o) The defendant committed a current sex offense, has a history of sex offenses, and is not amenable to treatment.

(p) The offense involved an invasion of the victim's privacy.

(q) The defendant demonstrated or displayed an egregious lack of remorse.

(r) The offense involved a destructive and foreseeable impact on persons other than the victim.

(s) The defendant committed the offense to obtain or maintain his or her membership or to advance his or her position in the hierarchy of an organization, association, or identifiable group.

(t) The defendant committed the current offense shortly after being released from incarceration.

(u) The current offense is a burglary and the victim of the burglary was present in the building or residence when the crime was committed.

(v) The offense was committed against a law enforcement officer who was performing his or her official duties at the time of the offense, the offender knew that the victim was a law enforcement officer, and the victim's status as a law enforcement officer is not an element of the offense.

(w) The defendant committed the offense against a victim who was acting as a good samaritan.

(x) The defendant committed the offense against a public official or officer of the court in retaliation of the public official's performance of his or her duty to the criminal justice system.

(y) The victim's injuries substantially exceed the level of bodily harm necessary to satisfy the elements of the offense. This aggravator is not an exception to RCW 9.94A.530(2).

(z)(i)(A) The current offense is theft in the first degree, theft in the second degree, possession of stolen property in the first degree, or possession of stolen property in the second degree; (B) the stolen property involved is metal property; and (C) the property damage to the victim caused in the course of the theft of metal property is more than three times the value of the stolen metal property, or the theft of the metal property creates a public hazard.

(ii) For purposes of this subsection, "metal property" means commercial metal property, private metal property, or nonferrous metal property, as defined in RCW 19.290.010.

(aa) The defendant committed the offense with the intent to directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage to or for a criminal street gang as defined in RCW 9.94A.030, its reputation, influence, or membership.

This subsection shall apply only: (i) During the times when a courtroom, jury room, or judge's chamber is being used for judicial purposes during court proceedings; and (ii) if signage was posted in compliance with section 3, chapter 256, Laws of 2013 at the time of the offense.

(ee) During the commission of the current offense, the defendant was driving in the opposite direction of the normal flow of traffic on a multiple lane highway, as defined by RCW 46.04.350, with a posted speed limit of forty-five miles per hour or greater.

NEW SECTION. Sec. 38. (1) The legislature finds that Washington state has one of the weakest driving under the influence felony laws (in noninjury cases) in the nation. Of the forty-five states that have felony driving under the influence laws for convictions, Washington state and North Dakota were the only states where a convicted driving under the influence offender in a noninjury crash could be charged with a felony starting on the fifth offense. This year, North Dakota changed its law making a fourth time driving under the influence offender a felon, leaving Washington state with the dubious distinction as the state with the greatest number of prior convictions required to constitute a driving under the influence felony. The legislature further notes that there have been several high profile driving under the influence fatalities in Washington state committed by offenders with multiple prior driving under the influence offenses on their record or while waiting

to have their cases resolved pretrial. The Washington impaired driving work group is established to study effective strategies to reduce vehicle-related deaths and serious injuries that are a result of impaired driving incidents in Washington state.

(2) Members of the work group shall consist of the following members:

(a) One member from each of the two largest caucuses of the senate, appointed by the president of the senate;

(b) One member from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives;

(c) The chief of the Washington state patrol, or the chief's designee;

(d) The director of the liquor control board, or the director's designee;

(e) The director of the department of licensing, or the director's designee;

(f) The secretary of the department of corrections, or the secretary's designee;

(g) The secretary of the department of social and health services, or the secretary's designee;

(h) One member representing the Washington traffic safety commission;

(i) The executive director of the Washington association of sheriffs and police chiefs, or the executive director's designee;

(j) One member representing the superior court judges' association;

(k) One member representing the district and municipal court judges' association;

(l) One member representing the Washington state association of counties;

(m) One member representing the Washington association of prosecuting attorneys;

(n) One member representing the Washington defender's association or the Washington association of criminal defense lawyers;

(o) One member representing the Washington state association of drug court professionals;

(p) One member representing the ignition interlock industry;

(q) One member representing the Washington retail association;

(r) One member representing the Washington state association of cities;

(s) One member representing treatment providers;

(t) One representative representing driving under the influence victim impact panels; and

(u) Representatives, appointed by the governor, that shall include, but are not limited to:

(i) City law enforcement;

(ii) County law enforcement;

(iii) Court administrators; and

(iv) Driving under the influence victims or family members of a victim.

(3) The Washington traffic safety commission shall convene the initial meeting of the work group and provide staff support.

(4) Members of the work group shall select the chair of the work group.

(5) At a minimum, the work group shall research, review, and make recommendations on the following:

(a) Lowering the minimum number of previous impaired driving convictions that must be counted before constituting and being punishable as a felony offense;

(b) Providing effective strategies for reducing motor vehicle-related deaths and serious injuries due to impaired driving;

(c) Increasing mandatory minimum penalties and fines for repeat offenders;

(d) Promoting and monitoring the use of mandatory ignition interlocks;

(e) The advantages and disadvantages of creating sobriety checkpoints;

(f) Requiring mandatory arrests for a first offense for an impaired driving offense;

(g) Increasing treatment and rehabilitation for repeat offenders;

(h) Reviewing the penalties for refusing to take a breath or blood test for the purpose of determining the alcohol concentration or presence of any drugs;

(i) Increasing funding for prevention, intervention, suppression, and prosecution of impaired driving offenses;

(j) Prohibiting the sale of alcohol to offenders convicted of repeat impaired driving offenses;

(k) Improving prosecution and encouraging prosecutors to aggressively enforce impaired driving laws;

(l) Increasing the number of driving under the influence courts and court-related services;

(m) Creating state and local impaired driving enforcement task forces to increase the visibility of enforcement;

(n) Promoting education and prevention strategies; and

(o) Encouraging private sector collaboration.

(6) The work group shall compile its findings and recommendations into a final report and provide its report to the legislature and governor by December 1, 2013.

(7) The work group shall function within existing resources and no specific budget may be provided to complete the study. The participants of the study group are encouraged to donate their time to offset any costs.

(8) This section expires January 1, 2014.

NEW SECTION. Sec. 39. The sum of one hundred seventy-six thousand dollars of the state general fund for the fiscal year ending June 30, 2014, and one hundred seventy-six thousand dollars of the state general fund for the fiscal year ending June 30, 2015, or as much thereof as may be necessary, are appropriated to the Washington traffic safety commission solely for the purposes of section 25 of this act.

The new positions will be in addition to current resources and not supplant existing positions. The Washington association of prosecuting attorneys will provide a report by December 1, 2014, on the number of cases rush filed by the new positions and the overall effect on case processing within each jurisdiction.

NEW SECTION. Sec. 42. The sum of one hundred thousand dollars of the state general fund for the fiscal year ending June 30, 2014, and one hundred twenty-two thousand dollars of the state general fund for the fiscal year ending June 30, 2015, or as much thereof as may be necessary, are appropriated to the department of corrections solely for the increased supervision of offenders under RCW 9.94A.501(4)(h).

MOTION

Senator Roach moved that the following amendment by Senator Roach to the striking amendment be adopted:

On page 6, after line 37 of the amendment, insert the following:

"**Sec. 8.** RCW 9.94A.760 and 2011 c 106 s 3 are each amended to read as follows:

(1) Whenever a person is convicted in superior court, the court may order the payment of a legal financial obligation as part of the sentence. The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount if the department has active supervision of the offender, otherwise the county clerk shall set the amount. Upon receipt of an offender's monthly payment, restitution shall be paid prior to any payments of other monetary obligations. After restitution is satisfied, the county clerk shall distribute the payment proportionally among all other fines, costs, and assessments imposed, unless otherwise ordered by the court.

(2) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court:

(a) Shall require the offender to pay the actual cost of incarceration per day if the offender was sentenced for a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance;

(b) May require the offender to pay for the cost of incarceration at a rate of fifty dollars per day of incarceration, if incarcerated in a prison, or the court may require the offender to pay the actual cost of incarceration per day of incarceration, if incarcerated in a county jail.

(3) In no case may the court require the offender to pay more than one hundred dollars per day for the cost of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision shall take precedence over the payment of the cost of incarceration ordered by the court. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

~~((3))~~ (4) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll

deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

~~((4))~~ (5) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment. If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim's child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6). All other legal financial obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the ten-year period following the offender's release from total confinement or within ten years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial ten-year period, the superior court may extend the criminal judgment an additional ten years for payment of legal financial obligations including crime victims' assessments. All other legal financial obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court's jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender's compliance with payment of the legal financial obligations, until the obligation is completely satisfied, regardless of the statutory maximum for the crime. The department may only supervise the offender's compliance with payment of the legal financial obligations during any period in which the department is authorized to supervise the offender in the community under RCW 9.94A.728, 9.94A.501, or in which the offender is confined in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

~~((5))~~ (6) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of

preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

~~((6))~~ (7) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

~~((7))~~ (8)(a) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, or if the department set the monthly payment amount and the department has subsequently turned the collection of the legal financial obligation over to the county clerk, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

~~((8))~~ (9) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

~~((9))~~ (10) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

~~((10))~~ (11) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94B.040, 9.94A.737, or 9.94A.740.

~~((11))~~ (12)(a) The administrative office of the courts shall mail individualized periodic billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(b) The billing shall direct payments, other than outstanding cost of supervision assessments under RCW 9.94A.780, parole assessments under RCW 72.04A.120, and cost of probation assessments under RCW 9.95.214, to the county clerk, and cost of supervision, parole, or probation assessments to the department.

(c) The county clerk shall provide the administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(d) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

~~((12))~~ (13) The department shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk. The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility or is unable to continue to assume responsibility for collection pursuant to subsection ~~((4))~~ (5) of this section. The costs for collection services shall be paid by the offender.

~~((13))~~ (14) The county clerk may access the records of the employment security department for the purposes of verifying employment or income, seeking any assignment of wages, or performing other duties necessary to the collection of an offender's legal financial obligations.

~~((14))~~ (15) Nothing in this chapter makes the department, the state, the counties, or any state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, and who remains under the jurisdiction of the court for payment of legal financial obligations.

Sec. 9. RCW 10.01.160 and 2010 c 54 s 1 are each amended to read as follows:

(1) The court shall require a defendant sentenced for a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, to pay costs subject to subsection (3) of this section. In all other cases, the court may require a defendant to pay costs. Costs may be imposed only upon a convicted defendant, except for costs imposed upon a defendant's entry into a deferred prosecution program, costs imposed upon a defendant for pretrial supervision, or costs imposed upon a defendant for preparing and serving a warrant for failure to appear.

(2) Costs shall be limited to expenses specially incurred by the state in prosecuting the defendant or in administering the deferred prosecution program under chapter 10.05 RCW or pretrial supervision. They cannot include expenses inherent in providing a constitutionally guaranteed jury trial or expenditures in connection with the maintenance and operation of government agencies that must be made by the public irrespective of specific violations of law. Expenses incurred for serving of warrants for failure to appear and jury fees under RCW 10.46.190 may be included in costs the court may require a defendant to pay. Costs for administering a deferred prosecution may not exceed two hundred fifty dollars. Costs for administering a pretrial supervision may not exceed one hundred fifty dollars. Costs for preparing and serving a warrant for failure to appear may not exceed one hundred dollars. Costs of incarceration imposed on a defendant convicted of a misdemeanor or a gross misdemeanor may not exceed the actual cost of incarceration. In no case may the court require the offender to pay more than one hundred dollars per day for the cost of incarceration. Payment of other court-ordered financial obligations, including all legal financial obligations and costs of supervision take precedence

FIFTEENTH DAY, JUNE 26, 2013

2013 2ND SPECIAL SESSION

over the payment of the cost of incarceration ordered by the court. All funds received from defendants for the cost of incarceration in the county or city jail must be remitted for criminal justice purposes to the county or city that is responsible for the defendant's jail costs. Costs imposed constitute a judgment against a defendant and survive a dismissal of the underlying action against the defendant. However, if the defendant is acquitted on the underlying action, the costs for preparing and serving a warrant for failure to appear do not survive the acquittal, and the judgment that such costs would otherwise constitute shall be vacated.

(3) The court shall not order a defendant to pay costs unless the defendant is or will be able to pay them. In determining the amount and method of payment of costs, the court shall take account of the financial resources of the defendant and the nature of the burden that payment of costs will impose.

(4) A defendant who has been ordered to pay costs and who is not in contemptuous default in the payment thereof may at any time petition the sentencing court for remission of the payment of costs or of any unpaid portion thereof. If it appears to the satisfaction of the court that payment of the amount due will impose manifest hardship on the defendant or the defendant's immediate family, the court may remit all or part of the amount due in costs, or modify the method of payment under RCW 10.01.170.

(5) Except for direct costs relating to evaluating and reporting to the court, prosecutor, or defense counsel regarding a defendant's competency to stand trial as provided in RCW 10.77.060, this section shall not apply to costs related to medical or mental health treatment or services a defendant receives while in custody of the secretary of the department of social and health services or other governmental units. This section shall not prevent the secretary of the department of social and health services or other governmental units from imposing liability and seeking reimbursement from a defendant committed to an appropriate facility as provided in RCW 10.77.084 while criminal proceedings are stayed. This section shall also not prevent governmental units from imposing liability on defendants for costs related to providing medical or mental health treatment while the defendant is in the governmental unit's custody. Medical or mental health treatment and services a defendant receives at a state hospital or other facility are not a cost of prosecution and shall be recoverable under RCW 10.77.250 and 70.48.130, chapter 43.20B RCW, and any other applicable statute."

2013 2ND SPECIAL SESSION

"Sec. 1. RCW 74.60.005 and 2010 1st sp.s. c 30 s 1 are each amended to read as follows:

(1) The purpose of this chapter is to provide for a safety net assessment on certain Washington hospitals, which will be used solely to augment funding from all other sources and thereby ~~((obtain additional funds to restore recent reductions and to))~~ support additional payments to hospitals for medicaid services as specified in this chapter.

(2) The legislature finds that(:

(a) Washington hospitals, working with the department of social and health services, have proposed a hospital safety net assessment to generate additional state and federal funding for the medicaid program, which will be used to partially restore recent inpatient and outpatient reductions in hospital reimbursement rates and provide for an increase in hospital payments; and

(b)) federal health care reform will result in an expansion of medicaid enrollment in this state and an increase in federal financial participation. As a result, the hospital safety net assessment and hospital safety net assessment fund created in this chapter ((allows the state to generate additional federal financial participation for the medicaid program and provides for increased reimbursement to hospitals)) will begin phasing down over a four-year period beginning in fiscal year 2016 as federal medicaid expansion is fully implemented. The state will end its reliance on the assessment and the fund by the end of fiscal year 2019.

(3) In adopting this chapter, it is the intent of the legislature:

(a) To impose a hospital safety net assessment to be used solely for the purposes specified in this chapter;

(b) ((That funds generated by the assessment shall be used solely to augment all other funding sources and not as a substitute for any other funds;

(c)) To generate approximately four hundred forty-six million three hundred thirty-eight thousand dollars per state fiscal year in fiscal years 2014 and 2015, and then phasing down in equal increments to zero by the end of fiscal year 2019, in new state and federal funds by disbursing all of that amount to pay for medicaid hospital services and grants to certified public expenditure hospitals, except costs of administration as specified in this chapter, in the form of additional payments to hospitals and managed care plans, which may not be a substitute for payments from other sources;

(c) To generate one hundred ninety-nine million eight hundred thousand dollars in the 2013-2015 biennium, phasing down to zero by the end of the 2017-2019 biennium, in new funds to be used in lieu of state general fund payments for medicaid hospital services;

(d) That the total amount assessed not exceed the amount needed, in combination with all other available funds, to support the ((reimbursement rates and other)) payments authorized by this chapter; and

~~((4))~~ (e) To condition the assessment on receiving federal approval for receipt of additional federal financial participation and on continuation of other funding sufficient to maintain ((hospital inpatient and outpatient reimbursement rates and small rural disproportionate share payments at least at the levels in effect on July 1, 2009)) aggregate payment levels to hospitals for inpatient and outpatient services covered by medicaid, including fee-for-service and managed care, at least at the levels the state paid for those services on July 1, 2009, as adjusted for current enrollment and utilization, but without regard to payment increases resulting from chapter 30, Laws of 2010 1st sp. sess.

(c) If the amount of payments to managed care organizations under RCW 74.60.130 cannot be distributed because of failure to meet federal actuarial soundness or utilization requirements or other federal requirements, the authority shall apply the amount that cannot be distributed to reduce future assessments to the level necessary to generate additional payments to managed care organizations that are consistent with federal actuarial soundness or utilization requirements or other federal requirements;

(f) Any actual or estimated surplus remaining in the fund at the end of the fiscal year must be applied to reduce the assessment amount for the subsequent fiscal year.

(3) For each fiscal year after June 30, 2015, the assessment amounts established under RCW 74.60.030 must be adjusted as follows:

(a) In order to support the payments required in this chapter, the assessment amounts must be reduced in approximately equal yearly increments each fiscal year by category of hospital until the assessment amount is zero by July 1, 2019;

(b) If sufficient other funds, including federal funds, are available to make the payments required under this chapter and fund the state portion of the quality incentive payments under section 18 of this act and RCW 74.60.020(4)(f) without utilizing the full assessment under RCW 74.60.030, the authority shall reduce the

amount of the assessment to the minimum levels necessary to support those payments;

(d) If the amount of payments to managed care organizations under RCW 74.60.130 cannot be distributed because of failure to meet federal actuarial soundness or utilization requirements or other federal requirements, the authority shall apply the amount that cannot be distributed to reduce future assessments to the level necessary to generate additional payments to managed care organizations that are consistent with federal actuarial soundness or utilization requirements or other federal requirements;

(e) If required in order to obtain federal matching funds, the maximum number of nonmedicare inpatient days at the higher rate provided under RCW 74.60.030(1)(b)(i) may be adjusted in order to comply with federal requirements;

(f) If the number of nonmedicare inpatient days applied to the rates provided in RCW 74.60.030 will not produce sufficient funds to support the payments required under this chapter and the state portion of the quality incentive payments under section 18 of this act and RCW 74.60.020(4)(f), the assessment rates provided in RCW 74.60.030 may be increased proportionately by category of hospital to amounts no greater than necessary in order to produce the required level of funds needed to make the payments specified in this chapter and the state portion of the quality incentive payments under section 18 of this act and RCW 74.60.020(4)(f); and

Payments must be made after the authority determines a hospital's payments under RCW 74.60.110. fiscal year until the supplemental payment amount is zero by July 1, 2019, from the fund, plus federal matching funds.

(2) If the amount of inpatient or outpatient payments under subsection (1) of this section, when combined with federal matching funds, exceeds the upper payment limit, payments to each category of hospital must be reduced proportionately to a level where the total payment amount is consistent with the upper payment limit. Funds under this chapter unable to be paid to hospitals under this section because of the upper payment limit must be paid to managed care organizations under RCW 74.60.130, subject to the limitations in this chapter.

(3) The amount of such fee-for-service inpatient payments to individual hospitals within each of the categories identified in subsection (1)(a), (c), (d), and (e) of this section must be determined by:

(a) Applying the medicaid fee-for-service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to each hospital's inpatient fee-for-services claims and medicaid managed care encounter data for the base year;

(4) The amount of such fee-for-service outpatient payments to individual hospitals within each of the categories identified in subsection (1)(b) and (f) of this section must be determined by:

(a) Applying the medicaid fee-for-service rates in effect on July 1, 2009, without regard to the increases required by chapter 30, Laws of 2010 1st sp. sess. to each hospital's outpatient fee-for-services claims and medicaid managed care encounter data for the base year;

(c) Using the amounts calculated under (a) and (b) of this subsection to determine an individual hospital's percentage of the total amount to be distributed to each category of hospital.

(5) Thirty days before the initial payments and sixty days before the first payment in each subsequent fiscal year, the authority shall provide each hospital and the Washington state hospital association with an explanation of how the amounts due to each hospital under this section were calculated.

(6) Payments must be made in quarterly installments on or about the last day of every quarter, except that the initial payment must be made within thirty days after satisfaction of the conditions in RCW 74.60.150(1) and must include all amounts due from July 1, 2013, to the date of the initial payment.

(7) A prospective payment system hospital commencing operations after January 1, 2009, is eligible to receive payments in accordance with this section after becoming an eligible new prospective payment system hospital as defined in RCW 74.60.010.

(8) Payments under this section are supplemental to all other payments and do not reduce any other payments to hospitals.

Sec. 12. RCW 74.60.130 and 2010 1st sp.s. c 30 s 14 are each amended to read as follows:

(1) ((The department, in collaboration with the health care authority, the department of health, the department of labor and industries, the Washington state hospital association, the Puget

Sound health alliance, and the forum, a collaboration of health carriers, physicians, and hospitals in Washington state, shall design a system of hospital quality incentive payments. The design of the system shall be submitted to the relevant policy and fiscal committees of the legislature by December 15, 2010. The system shall be based upon the following principles:

(a) Evidence-based treatment and processes shall be used to improve health care outcomes for hospital patients;

(b) Effective purchasing strategies to improve the quality of health care services should involve the use of common quality improvement measures by public and private health care purchasers, while recognizing that some measures may not be appropriate for application to specialty pediatric, psychiatric, or rehabilitation hospitals;

(c) Quality measures chosen for the system should be consistent with the standards that have been developed by national quality improvement organizations, such as the national quality forum, the federal centers for medicare and medicaid services, or the federal agency for healthcare research and quality. New reporting burdens to hospitals should be minimized by giving priority to measures hospitals are currently required to report to governmental agencies, such as the hospital compare measures collected by the federal centers for medicare and medicaid services;

(d) Benchmarks for each quality improvement measure should be set at levels that are feasible for hospitals to achieve, yet represent real improvements in quality and performance for a majority of hospitals in Washington state; and

(e) Hospital performance and incentive payments should be designed in a manner such that all noncritical access hospitals in Washington are able to receive the incentive payments if performance is at or above the benchmark score set in the system established under this section.

(2) Upon satisfaction of the applicable conditions set forth in RCW 74.60.150(1), and for state fiscal year 2013 and each fiscal year thereafter, assessments may be increased to support an additional one percent increase in inpatient hospital rates for noncritical access hospitals that meet the quality incentive benchmarks established under this section.) For state fiscal year 2014, commencing within thirty days after satisfaction of the conditions in RCW 74.60.150(1) and subsection (6) of this section, and for the period of state fiscal years 2014 through 2019, the authority shall increase capitation payments to managed care organizations by an amount at least equal to the amount available from the fund after deducting disbursements authorized by RCW 74.60.020(4) (c) through (f) and payments required by RCW 74.60.080 through 74.60.120. The capitation payment under this subsection must be no less than one hundred fifty-three million one hundred thirty-one thousand six hundred dollars per state fiscal year in fiscal years 2014 and 2015, and then the increased capitation payment amounts are reduced in equal increments per fiscal year until the increased capitation payment amount is zero by July 1, 2019, plus the maximum available amount of federal matching funds. The initial payment following satisfaction of the conditions in RCW 74.60.150(1) must include all amounts due from July 1, 2013. Subsequent payments shall be made quarterly.

(2) In fiscal years 2015, 2016, and 2017, the authority shall use any additional federal matching funds for the increased managed care capitation payments under subsection (1) of this section available from medicaid expansion under the federal patient protection and affordable care act to substitute for assessment funds which otherwise would have been used to pay managed care plans under this section.

(3) Payments to individual managed care organizations shall be determined by the authority based on each organization's or network's enrollment relative to the anticipated total enrollment in

each program for the fiscal year in question, the anticipated utilization of hospital services by an organization's or network's medicaid enrollees, and such other factors as are reasonable and appropriate to ensure that purposes of this chapter are met.

(4) If the federal government determines that total payments to managed care organizations under this section exceed what is permitted under applicable medicaid laws and regulations, payments must be reduced to levels that meet such requirements, and the balance remaining must be applied as provided in RCW 74.60.050. Further, in the event a managed care organization is legally obligated to repay amounts distributed to hospitals under this section to the state or federal government, a managed care organization may recoup the amount it is obligated to repay under the medicaid program from individual hospitals by not more than the amount of overpayment each hospital received from that managed care organization.

(5) Payments under this section do not reduce the amounts that otherwise would be paid to managed care organizations; PROVIDED, That such payments are consistent with actuarial soundness certification and enrollment.

(6) Before making such payments, the authority shall require medicaid managed care organizations to comply with the following requirements:

(a) All payments to managed care organizations under this chapter must be expended for hospital services provided by Washington hospitals, which for purposes of this section includes psychiatric and rehabilitation hospitals, in a manner consistent with the purposes and provisions of this chapter, and must be equal to all increased capitation payments under this section received by the organization or network, consistent with actuarial certification and enrollment, less an allowance for any estimated premium taxes the organization is required to pay under Title 48 RCW associated with the payments under this chapter;

(b) Before the end of the quarter in which funds are paid to them, managed care organizations shall expend the increased capitation payments under this section in a manner consistent with the purposes of this chapter;

(c) Providing that any delegation or attempted delegation of an organization's or network's obligations under agreements with the authority do not relieve the organization or network of its obligations under this section and related contract provisions.

(7) No hospital or managed care organizations may use the payments under this section to gain advantage in negotiations.

(8) No hospital has a claim or cause of action against a managed care organization for monetary compensation based on the amount of payments under subsection (6) of this section.

(9) If funds cannot be used to pay for services in accordance with this chapter the managed care organization or network must return the funds to the authority which shall return them to the hospital safety net assessment fund.
