MR. PRESIDENT:

The House passed ENGROSSED SENATE BILL NO. 5105 with the following amendment(s): 5105.E AMH PS H2323.1

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 9.94A.729 and 2011 1st sp.s. c 40 s 4 are each amended to read as follows:

(1)(a) The term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and adopted by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits.

(b) Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the amount of earned release time. The department may approve a jail certification from a correctional agency that calculates earned release time based on the actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence.

(2) An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(3) An offender may earn early release time as follows:

(a) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence.

(b) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(c) An offender is qualified to earn up to fifty percent of aggregate earned release time if he or she:

(i) Is not classified as an offender who is at a high risk to reoffend as provided in subsection (4) of this section;

(ii) Is not confined pursuant to a sentence for:

(A) A sex offense;

(B) A violent offense;

(C) A crime against persons as defined in RCW 9.94A.411;

(D) A felony that is domestic violence as defined in RCW 10.99.020;

(E) A violation of RCW 9A.52.025 (residential burglary);

(F) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(G) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(iii) Has no prior conviction for the offenses listed in (c)(ii) of this subsection;

(iv) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(v) Has not committed a new felony after July 22, 2007, while under community custody.

(d) In no other case shall the aggregate earned release time exceed one-third of the total sentence.

(4) The department shall perform a risk assessment of each offender who may qualify for earned early release under subsection (3)(c) of this section utilizing the risk assessment tool recommended by the Washington state institute for public policy. Subsection (3)(c) of this section does not apply to offenders convicted after July 1, 2010.

(5)(a) A person who is eligible for earned early release as provided in this section and who will be supervised by the department pursuant to RCW 9.94A.501 or 9.94A.5011, shall be transferred to community custody in lieu of earned release time;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and

living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department is unable to approve the offender's release plan, the department may do one or more of the following:

(i) Transfer an offender to partial confinement in lieu of earned early release for a period not to exceed three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in RCW 9.94A.728(5);

(ii) Provide rental vouchers to the offender for a period not to exceed three months if rental assistance will result in an approved release plan. ~~((The))~~

A voucher must be provided in conjunction with additional transition support programming or services that enable an offender to participate in services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, or employment programming;

(e) The department shall maintain a list of housing providers that meets the requirements of section 2 of this act. If more than two voucher recipients will be residing per dwelling unit, as defined in RCW 59.18.030, rental vouchers for those recipients may only be paid to a housing provider on the department's list;

(f) For each offender who is the recipient of a rental voucher, the department shall ~~((include, concurrent with the data that the department otherwise obtains and records, the housing status of the offender for the duration of the offender's supervision))~~ gather data as recommended by the Washington state institute for public policy in order to best demonstrate whether rental vouchers are effective in reducing recidivism.

(6) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section.

NEW SECTION. Sec. 2. A new section is added to chapter 72.09 RCW to read as follows:

(1) A housing provider may be placed on a list with the department to receive rental vouchers under RCW 9.94A.729 in accordance with the provisions of this section.

(2) For living environments with between four and eight beds, or a greater number of individuals if permitted by local code, the department shall provide transition support that verifies an offender is participating in programming or services including, but not limited to, substance abuse treatment, mental health treatment, sex offender treatment, educational programming, development of positive living skills, or employment programming. In addition, when selecting housing providers, the department shall consider the compatibility of the proposed offender housing with the surrounding neighborhood and underlying zoning. The department shall adopt procedures to limit the concentration of housing providers who provide housing to sex offenders in a single neighborhood or area.

(3)(a) The department shall provide the local law and justice council, county sheriff, or, if such housing is located within a city, a city's chief law enforcement officer with notice anytime a housing

provider or new housing location requests to be or is added to the list within that county.

(b) The county or city local government may provide the department with a community impact statement which includes the number and location of other special needs housing in the neighborhood and a review of services and supports in the area to assist offenders in their transition. If a community impact statement is provided to the department within ten business days of the notice of a new housing provider or housing location request, the department shall consider the community impact statement in determining whether to add the provider to the list and, if the provider is added, shall include the community impact statement in the notice that a provider is added to the list within that county.

(4) If a certificate of inspection, as provided in RCW 59.18.125, is required by local regulation and the local government does not have a current certificate of inspection on file, the local government shall have ten business days from the later of (a) receipt of notice from the department as provided in subsection (3) of this section; or (b) from the date the local government is given access to the dwelling unit to conduct an inspection or reinspection to issue a certificate. This section is deemed satisfied if a local government does not issue a timely certificate of inspection.

(5)(a) If, within ten business days of receipt of a notice from the department of a new location or new housing provider, the county or city determines that the housing is in a neighborhood with an existing concentration of special needs housing, including but not limited to offender reentry housing, retirement homes, assisted living, emergency or transitional housing, or adult family homes, the county or city may request that the department program administrator remove the new location or new housing provider from the list.

(b) This subsection does not apply to housing providers approved by the department to receive rental vouchers on the effective date of this section.

(6) The county or city may at any time request a housing provider be removed from the list if it provides information to the department that:

(a) It has determined that the housing does not comply with state and local fire and building codes or applicable zoning and development regulations in effect at the time the housing provider first began receiving housing vouchers; or

(b) The housing provider is not complying with the provisions of this section.

(7) After receiving a request to remove a housing provider from the county or city, the department shall immediately notify the provider of the concerns and request that the provider demonstrate that it is in compliance with the provisions of this section. If, after ten days' written notice, the housing provider cannot demonstrate to the department that it is in compliance with the reasons for the county's or city's request for removal, the department shall remove the housing provider from the list.

(8) A housing provider who provides housing pursuant to this section is not liable for civil damages arising from the criminal conduct of an offender to any greater extent than a regular tenant, and no special duties are created under this section."

MESSAGE FROM THE HOUSE

April 12, 2013

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5723 with the following amendment(s): 5723-S.E AMH ENGR H2143.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 9.46 RCW to read as follows:

(1) A bona fide charitable or nonprofit organization, as defined in RCW 9.46.0209, whose primary purpose is serving individuals with intellectual disabilities may conduct enhanced raffles if licensed by the commission.

(2) The commission has the authority to approve two enhanced raffles per calendar year for western Washington and two enhanced raffles per calendar year for eastern Washington. Whether the enhanced raffle occurs in western Washington or eastern Washington will be determined by the location where the grand prize winning ticket is to be drawn as stated on the organization's application to the commission. An enhanced raffle is considered approved when voted on by the commission.

(3) The commission has the authority to approve enhanced raffles under the following conditions:

(a) The value of the grand prize must not exceed five million dollars.

(b) Sales may be made in person, by mail, by fax, or by telephone only. Raffle ticket order forms may be printed from the bona fide charitable or nonprofit organization's web site. Obtaining the form in this manner does not constitute a sale.

(c) Tickets purchased as part of a multiple ticket package may be purchased at a discount.

(d) Multiple smaller prizes are authorized during the course of an enhanced raffle for a grand prize including, but not limited to, early bird, refer a friend, and multiple ticket drawings.

(e) A purchase contract is not necessary for smaller noncash prizes, but the bona fide charitable or nonprofit organization must be able to demonstrate that such a prize is available and sufficient funds are held in reserve in the event that the winner chooses a noncash prize.

(f) All enhanced raffles and associated smaller raffles must be independently audited, as defined by the commission during rule making. The audit results must be reported to the commission.

(g) Call centers, when licensed by the commission, are authorized. The bona fide charitable or nonprofit organization may contract with a call center vendor to receive enhanced raffle ticket sales. The vendor may not solicit sales. The vendor may be located outside the state, but the bona fide charitable or nonprofit organization must have a contractual relationship with the vendor stating that the vendor must comply with all applicable Washington state laws and rules.

(h) The bona fide charitable or nonprofit organization must be the primary recipient of the funds raised.

(i) Sales data may be transmitted electronically from the vendor to the bona fide charitable or nonprofit organization. Credit cards, issued by a state regulated or federally regulated financial institution, may be used for payment to participate in enhanced raffles.

(j) Receipts including ticket confirmation numbers may be sent to ticket purchasers either by mail or by e-mail.

(k) In the event the bona fide charitable or nonprofit organization determines ticket sales are insufficient to qualify for a complete enhanced raffle to move forward, the enhanced raffle winner must receive fifty percent of the net proceeds in excess of expenses as the grand prize. The enhanced raffle winner will receive a choice between an annuity value equal to fifty percent of the net proceeds in excess of expenses paid by annuity over twenty years, or a one-time cash payment of seventy percent of the annuity value.

(l) A bona fide charitable or nonprofit organization is authorized to hire a consultant licensed by the commission to run an enhanced raffle; in addition, the bona fide charitable or nonprofit organization must have a dedicated employee who is responsible for oversight of enhanced raffle operations. The bona fide charitable or nonprofit organization is ultimately responsible for ensuring that an enhanced raffle is conducted in accordance with all applicable state laws and rules.

(4) The commission has the authority to set fees for bona fide charitable or nonprofit organizations, call center vendors, and consultants conducting enhanced raffles authorized under this section.

(5) The commission has the authority to adopt rules governing the licensing and operation of enhanced raffles.

(6) Except as specifically authorized in this section, enhanced raffles must be held in accordance with all other requirements of this chapter, other applicable laws, and rules of the commission.

(7) For the purposes of this section:

(a) "Enhanced raffle" means a game in which tickets bearing an individual number are sold for not more than two hundred fifty dollars each and in which a grand prize and smaller prizes are awarded on the basis of drawings from the tickets by the person or persons conducting the game. An enhanced raffle may include additional related entries and drawings, such as early bird, refer a friend, and multiple ticket drawings when the bona fide charitable or nonprofit organization establishes the eligibility standards for such entries and drawings before any enhanced raffle tickets are sold. No drawing may occur by using a random number generator or similar means.

(b) "Early bird drawing" means a separate drawing for a separate prize held prior to the grand prize drawing. All tickets entered into the early bird drawing, including all early bird winning tickets, are entered into subsequent early bird drawings, and also entered into the drawing for the grand prize.

(c) "Refer a friend drawing" means a completely separate drawing, using tickets distinct from those for the enhanced raffle, for a separate prize held at the conclusion of the enhanced raffle for all enhanced raffle ticket purchasers, known as the referring friend, who refer other persons to the enhanced raffle when the other person ultimately purchases an enhanced raffle ticket. The referring friend will receive one ticket for each friend referred specifically for the refer a friend drawing. In addition, each friend referred could also become a referring friend and receive his or her own additional ticket for the refer a friend drawing.

(d) "Multiple ticket drawing" means a completely separate drawing, using tickets distinct from those for the enhanced raffle, for a separate prize held at the conclusion of the enhanced raffle for all enhanced raffle ticket purchasers who purchase a specified number of enhanced raffle tickets. For example, a multiple ticket drawing could include persons who purchase three or more enhanced raffle tickets in the same order, using the same payment information, with tickets in the same person's name. For each eligible enhanced raffle ticket purchased, the purchaser also receives a ticket for the multiple ticket drawing prize.

(e) "Western Washington" includes those counties west of the Cascade mountains, including Clallam, Clark, Cowlitz, Grays Harbor, Island, Jefferson, King, Kitsap, Lewis, Mason, Pacific, Pierce, San Juan, Skagit, Skamania, Snohomish, Thurston, Wahkiakum, and Whatcom.

(f) "Eastern Washington" includes those counties east of the Cascade mountains that are not listed in (e) of this subsection.

(8) By December 2016, the commission must report back to the appropriate committees of the legislature on enhanced raffles. The report must include results of the raffles, revenue generated by the raffles, and identify any state or federal regulatory actions taken in relation to enhanced raffles in Washington. The report must also

MESSAGE FROM THE HOUSE

April 15, 2013

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5630 with the following amendment(s): 5630-S AMH APPH KETT 007

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 70.128 RCW to read as follows:

(1) The protection of vulnerable residents living in adult family homes and other long-term care facilities in the state is a matter of ongoing concern and grave importance. In 2011, the legislature examined problems with the quality of care and oversight of adult family homes in Washington. The 2011 legislature passed Engrossed Substitute House Bill No. 1277 to address some of these issues, and in addition, created an adult family home quality assurance panel, chaired by the state long-term care ombudsman, to meet and make recommendations to the governor and legislature by December 1, 2012, for further improvements in adult family home care and the oversight of the homes by the department of social and health services.

(2) The legislature recognizes that significant progress has been made over the years in adult family home care, and that many adult family homes provide high quality care and are the preferred alternative for many residents in contrast to a larger care facility setting. The legislature finds however that the quality of care in some adult family homes would be improved, and abuse and neglect would decline, if these homes' caregivers and providers received better training and mentoring, residents and their families were more informed and able to select an appropriate home, and oversight by the department of social and health services was more vigorous and

prompt against poorly performing homes. It is therefore the intent of the legislature to enact the recommendations included in the adult family home quality assurance panel report in order to improve the quality of care of vulnerable residents and the department's oversight of adult family homes.

Sec. 2. RCW 70.128.060 and 2011 1st sp.s. c 3 s 403 are each amended to read as follows:

(1) An application for license shall be made to the department upon forms provided by it and shall contain such information as the department reasonably requires.

(2) Subject to the provisions of this section, the department shall issue a license to an adult family home if the department finds that the applicant and the home are in compliance with this chapter and the rules adopted under this chapter. The department may not issue a license if (a) the applicant or a person affiliated with the applicant has prior violations of this chapter relating to the adult family home subject to the application or any other adult family home, or of any other law regulating residential care facilities within the past ten years that resulted in revocation, suspension, or nonrenewal of a license or contract with the department; or (b) the applicant or a person affiliated with the applicant has a history of significant noncompliance with federal, state, or local laws, rules, or regulations relating to the provision of care or services to vulnerable adults or to children. A person is considered affiliated with an applicant if the person is listed on the license application as a partner, officer, director, resident manager, or majority owner of the applying entity, or is the spouse of the applicant.

(3) The license fee shall be submitted with the application.

(4) Proof of financial solvency must be submitted when requested by the department.

(5) The department shall serve upon the applicant a copy of the decision granting or denying an application for a license. An applicant shall have the right to contest denial of his or her application for a license as provided in chapter 34.05 RCW by requesting a hearing in writing within twenty-eight days after receipt of the notice of denial.

(6) The department shall not issue a license to a provider if the department finds that the provider or spouse of the provider or any partner, officer, director, managerial employee, or majority owner has a history of significant noncompliance with federal or state regulations, rules, or laws in providing care or services to vulnerable adults or to children.

(7) The department shall license an adult family home for the maximum level of care that the adult family home may provide. The department shall define, in rule, license levels based upon the education, training, and caregiving experience of the licensed provider or staff.

(8) For adult family homes that serve residents with special needs such as dementia, developmental disabilities, or mental illness, specialty training is required of providers and resident managers consistent with RCW 70.128.230, and also is required for caregivers, with standardized competency testing for caregivers hired after the effective date of this section, as set forth by the department in rule. The department shall examine, with input from experts, providers, consumers, and advocates, whether the existing specialty training courses are adequate for providers, resident managers, and caregivers to meet these residents' special needs, are sufficiently standardized in curricula and instructional techniques, and are accompanied by effective tools to fairly evaluate successful student completion. The department may enhance the existing specialty training requirements by rule, and may update curricula, instructional techniques, and competency testing based upon its review and stakeholder input. In addition, the department shall examine, with input from experts, providers, consumers, and advocates, whether additional specialty training categories should

be created for adult family homes serving residents with other special needs, such as traumatic brain injury, skilled nursing, or bariatric care. The department may establish, by rule, additional specialty training categories and requirements for providers, resident managers, and caregivers, if needed to better serve residents with such special needs.

(9) The department shall establish, by rule, standards used to license nonresident providers and multiple facility operators.

~~((9))~~ (10) The department shall establish, by rule, for multiple facility operators educational standards substantially equivalent to recognized national certification standards for residential care administrators.

~~((10))~~ (11) At the time of an application for an adult family home license and upon the annual fee renewal date set by the department, the licensee shall pay a license fee. Beginning July 1, 2011, the per bed license fee and any processing fees, including the initial license fee, must be established in the omnibus appropriations act and any amendment or additions made to that act. The license fees established in the omnibus appropriations act and any amendment or additions made to that act may not exceed the department's annual licensing and oversight activity costs and must include the department's cost of paying providers for the amount of the license fee attributed to medicaid clients.

~~((11))~~ (12) A provider who receives notification of the department's initiation of a denial, suspension, nonrenewal, or revocation of an adult family home license may, in lieu of appealing the department's action, surrender or relinquish the license. The department shall not issue a new license to or contract with the provider, for the purposes of providing care to vulnerable adults or children, for a period of twenty years following the surrendering or relinquishment of the former license. The licensing record shall indicate that the provider relinquished or surrendered the license, without admitting the violations, after receiving notice of the department's initiation of a denial, suspension, nonrenewal, or revocation of a license.

~~((12))~~ (13) The department shall establish, by rule, the circumstances requiring a change in the licensed provider, which include, but are not limited to, a change in ownership or control of the adult family home or provider, a change in the provider's form of legal organization, such as from sole proprietorship to partnership or corporation, and a dissolution or merger of the licensed entity with another legal organization. The new provider is subject to the provisions of this chapter, the rules adopted under this chapter, and other applicable law. In order to ensure that the safety of residents is not compromised by a change in provider, the new provider is responsible for correction of all violations that may exist at the time of the new license.

NEW SECTION. Sec. 3. A new section is added to chapter 70.128 RCW to read as follows:

(1) In order to enhance the selection of an appropriate adult family home, all adult family homes licensed under this chapter shall disclose the scope of, and charges for, the care, services, and activities provided by the home or customarily arranged for by the home. The disclosure must be provided to the home's residents and the residents' representatives, if any, prior to admission, and to interested prospective residents and their representatives upon request, using standardized disclosure forms developed by the department with stakeholders' input. The home may also disclose supplemental information to prospective residents and other interested persons.

(2)(a) The disclosure forms that the department develops must be standardized, reasonable in length, and easy to read. The form setting forth the scope of an adult family home's care, services, and activities must be available from the adult family home through a link to the department's web site developed pursuant to this section. This form must indicate, among other categories, the scope of

personal care and medication service provided, the scope of skilled nursing services or nursing delegation provided or available, any specialty care designations held by the adult family home, the customary number of caregivers present during the day and whether the home has awake staff at night, any particular cultural or language access available, and clearly state whether the home admits medicaid clients or retains residents who later become eligible for medicaid. The adult family home shall provide or arrange for the care, services, and activities disclosed in its form.

(b) The department must also develop a second standardized disclosure form with stakeholders' input for use by adult family homes to set forth an adult family home's charges for its care, services, items, and activities, including the charges not covered by the home's daily or monthly rate, or by medicaid, medicare, or other programs. This form must be available from the home and disclosed to residents and their representatives, if any, prior to admission, and to interested prospective residents and their representatives upon request.

(3)(a) If the adult family home decreases the scope of care, services, or activities it provides, due to circumstances beyond the home's control, the home shall provide a minimum of thirty days' written notice to the residents, and the residents' representative if any, before the effective date of the decrease in the scope of care, services, or activities provided.

(b) If the adult family home voluntarily decreases the scope of care, services, or activities it provides, and any such decrease will result in the discharge of one or more residents, then ninety days' written notice must be provided prior to the effective date of the decrease. Notice must be given to the residents and the residents' representative, if any.

(c) If the adult family home increases the scope of care, services, or activities it provides, the home shall promptly provide written notice to the residents, and the residents' representative if any, and shall indicate the date on which the increase is effective.

(4) When the care needs of a resident exceed the disclosed scope of care or services that the adult family home provides, the home may exceed the care or services previously disclosed, provided that the additional care or services are permitted by the adult family home's license, and the home can safely and appropriately serve the resident with available staff or through the provision of reasonable accommodations required by state or federal law. The provision of care or services to a resident that exceed those previously disclosed by the home does not mean that the home is capable of or required to provide the same care or services to other residents, unless required as a reasonable accommodation under state or federal law.

(5) An adult family home may deny admission to a prospective resident if the home determines that the needs of the prospective resident cannot be met, so long as the adult family home operates in compliance with state and federal law, including RCW 70.129.030(3) and the reasonable accommodation requirements of state and federal antidiscrimination laws.

(6) The department shall work with consumers, advocates, and other stakeholders to combine and improve existing web resources to create a more robust, comprehensive, and user-friendly web site for family members, residents, and prospective residents of adult family homes in Washington. The department may contract with outside vendors and experts to assist in the development of the web site. The web site should be easy to navigate and have links to information important for residents, prospective residents, and their family members or representatives including, but not limited to: (a) Explanations of the types of licensed long-term care facilities, levels of care, and specialty designations; (b) lists of suggested questions when looking for a care facility; (c) warning signs of abuse, neglect, or financial exploitation; and (d) contact information for the department and the long-term care ombudsman. In addition, the consumer oriented web site should include a searchable list of all

adult family homes in Washington, with links to inspection and investigation reports and any enforcement actions by the department for the previous three years. If a violation or enforcement remedy is deleted, rescinded, or modified under RCW 70.128.167 or chapter 34.05 RCW, the department shall make the appropriate changes to the information on the web site as soon as reasonably feasible, but no later than thirty days after the violation or enforcement remedy has been deleted, rescinded, or modified. To facilitate the comparison of adult family homes, the web site should also include a link to each licensed adult family home's disclosure form required by subsection (2)(a) of this section. The department's web site should also include periodically updated information about whether an adult family home has a current vacancy, if the home provides such information to the department, or may include links to other consumer-oriented web sites with the vacancy information.

Sec. 4. RCW 70.128.160 and 2011 1st sp.s. c 3 s 208 are each amended to read as follows:

(1) The department is authorized to take one or more of the actions listed in subsection (2) of this section in any case in which the department finds that an adult family home provider has:

(a) Failed or refused to comply with the requirements of this chapter or the rules adopted under this chapter;

(b) Operated an adult family home without a license or under a revoked license;

(c) Knowingly or with reason to know made a false statement of material fact on his or her application for license or any data attached thereto, or in any matter under investigation by the department; or

(d) Willfully prevented or interfered with any inspection or investigation by the department.

(2) When authorized by subsection (1) of this section, the department may take one or more of the following actions:

(a) Refuse to issue a license;

(b) Impose reasonable conditions on a license, such as correction within a specified time, training, and limits on the type of clients the provider may admit or serve;

(c) Impose civil penalties of at least one hundred dollars per day per violation;

(d) Impose civil penalties of up to three thousand dollars for each incident that violates adult family home licensing laws and rules, including, but not limited to, chapters 70.128, 70.129, 74.34, and 74.39A RCW and related rules. Each day upon which the same or substantially similar action occurs is a separate violation subject to the assessment of a separate penalty;

(e) Impose civil penalties of up to ten thousand dollars for a current or former licensed provider who is operating an unlicensed home;

(f) Suspend, revoke, or refuse to renew a license; or

(g) Suspend admissions to the adult family home by imposing stop placement.

(3) When the department orders stop placement, the facility shall not admit any person until the stop placement order is terminated. The department may approve readmission of a resident to the facility from a hospital or nursing home during the stop placement. The department shall terminate the stop placement ~~(when)~~ only after: (a) The violations necessitating the stop placement have been corrected; and (b) the provider exhibits the capacity to maintain correction of the violations previously found deficient. However, if upon the revisit the department finds new violations that the department reasonably believes will result in a new stop placement, the previous stop placement shall remain in effect until the new stop placement is imposed. In order to protect the home's existing residents from potential ongoing neglect, when the provider has been cited for a violation that is repeated, uncorrected, pervasive, or presents a threat to the health, safety, or

welfare of one or more residents, and the department has imposed a stop placement, the department shall also impose a condition on license or other remedy to facilitate or spur prompter compliance if the violation has not been corrected, and the provider has not exhibited the capacity to maintain correction, within sixty days of the stop placement.

(4) Nothing in subsection (3) of this section is intended to apply to stop placement imposed in conjunction with a license revocation or summary suspension or to prevent the department from imposing a condition on license or other remedy prior to sixty days after a stop placement, if the department considers it necessary to protect one or more residents' well-being. After a department finding of a violation for which a stop placement has been imposed, the department shall make an on-site revisit of the provider within fifteen working days from the request for revisit, to ensure correction of the violation. For violations that are serious or recurring or uncorrected following a previous citation, and create actual or threatened harm to one or more residents' well-being, including violations of residents' rights, the department shall make an on-site revisit as soon as appropriate to ensure correction of the violation. Verification of correction of all other violations may be made by either a department on-site revisit or by written or photographic documentation found by the department to be credible. This subsection does not prevent the department from enforcing license suspensions or revocations. Nothing in this subsection shall interfere with or diminish the department's authority and duty to ensure that the provider adequately cares for residents, including to make departmental on-site revisits as needed to ensure that the provider protects residents, and to enforce compliance with this chapter.

(5) Chapter 34.05 RCW applies to department actions under this section, except that orders of the department imposing license suspension, stop placement, or conditions for continuation of a license are effective immediately upon notice and shall continue in effect pending any hearing.

(6) A separate adult family home account is created in the custody of the state treasurer. All receipts from civil penalties imposed under this chapter must be deposited into the account. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. The department shall use the special account only for promoting the quality of life and care of residents living in adult family homes.

(7) The department shall by rule specify criteria as to when and how the sanctions specified in this section must be applied. The criteria must provide for the imposition of incrementally more severe penalties for deficiencies that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. The criteria shall be tiered such that those homes consistently found to have deficiencies will be subjected to increasingly severe penalties. The department shall implement prompt and specific enforcement remedies without delay for providers found to have delivered care or failed to deliver care resulting in problems that are repeated, uncorrected, pervasive, or present a threat to the health, safety, or welfare of one or more residents. In the selection of remedies, the health, safety, and well-being of residents must be of paramount importance.

NEW SECTION. Sec. 5. A new section is added to chapter 70.128 RCW to read as follows:

(1) If during an inspection, reinspection, or complaint investigation by the department, an adult family home corrects a violation or deficiency that the department discovers, the department shall record and consider such violation or deficiency for purposes of the home's compliance history; however, the

licensor or complaint investigator may not include in the home's report the violation or deficiency if the violation or deficiency:

(a) Is corrected to the satisfaction of the department prior to the exit conference;

(b) Is not recurring; and

(c) Did not pose a significant risk of harm or actual harm to a resident.

(2) For the purposes of this section, "recurring" means that the violation or deficiency was found under the same regulation or statute in one of the two most recent preceding inspections, reinspections, or complaint investigations.

NEW SECTION. Sec. 6. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2013, in the omnibus appropriations act, this act is null and void."

MESSAGE FROM THE HOUSE

April 11, 2013

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5215 with the following amendment(s): 5215-S2.E AMH HCW H2216.1

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that Washington state is a provider friendly state within which to practice medicine. As part of health care reform, Washington state endeavors to establish and operate a state-based health benefits exchange wherein insurance products will be offered for sale and add potentially three hundred thousand patients to commercial insurance, and to expand access to medicaid for potentially three hundred thousand new enrollees. Such a successful and new insurance market in Washington state will require the willing participation of all categories of health care providers. The legislature further finds that principles of fair contracting apply to all contracts between health care providers and health insurance carriers offering insurance within Washington state and that fair dealings and transparency in expectations should be present in interactions between all third-party payors and health care providers.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Health care provider" or "provider" has the same meaning as in RCW 48.43.005 and, for the purposes of this chapter, includes facilities licensed under chapter 70.41 RCW.

(2) "Payor" or "third-party payor" means carriers licensed under chapters 48.20, 48.21, 48.44, and 48.46 RCW, and managed health care systems as defined in RCW 74.09.522.

(3) "Material amendment" means an amendment to a contract between a payor and health care provider that would result in requiring a health care provider to participate in a health plan, product, or line of business with a lower fee schedule in order to continue to participate in a health plan, product, or line of business with a higher fee schedule. A material amendment does not include any of the following:

(a) A decrease in payment or compensation resulting from a change in a fee schedule published by the payor upon which the payment or compensation is based and the date of applicability is clearly identified in the contract, compensation addendum, or fee schedule notice;

(b) A decrease in payment or compensation that was anticipated under the terms of the contract, if the amount and date of applicability of the decrease is clearly identified in the contract; or

(c) Changes unrelated to compensation so long as reasonable notice of not less than sixty days is provided.

NEW SECTION. Sec. 3. (1) A third-party payor shall provide no less than sixty days' notice to the health care provider of any proposed material amendments to a health care provider's contract with the third-party payor.

(2) Any material amendment to a contract must be clearly defined in a notice to the provider from the third-party payor as being a material change to the contract before the provider's notice period begins. The notice must also inform the providers that they may choose to reject the terms of the proposed material amendment through written or electronic means at any time during the notice period and that such rejection may not affect the terms of the health care provider's existing contract with the third-party payor.

(3) A health care provider's rejection of the material amendment does not affect the terms of the health care provider's existing contract with the third-party payor.

(4) A failure to comply with the terms of subsections (1), (2), and (3) of this section shall void the effectiveness of the material amendment.

NEW SECTION. Sec. 4. A payor may require a health care provider to extend the payor's medicaid rates, or some percentage above the payor's medicaid rates, that govern a health benefit program administered by a public purchaser to a commercial plan or

ONE HUNDREDTH DAY, APRIL 23, 2013

line of business offered by a payor that is not administered by a public purchaser only if the health care provider has expressly agreed in writing to the extension. For the purposes of this section, "administered by a public purchaser" does not include commercial coverage offered through the Washington health benefit exchange. Nothing in this section prohibits a payor from utilizing medicaid rates, or some percentage above medicaid rates, as a base when negotiating payment rates with a health care provider.

NEW SECTION. Sec. 5. A new section is added to chapter 18.130 RCW to read as follows:

No licensee subject to this chapter may be required to participate in any public or private third-party reimbursement program or any plans or products offered by a payor as a condition of licensure.

NEW SECTION. Sec. 6. Sections 1 through 4 of this act constitute a new chapter in Title 48 RCW."

Correct the title.
and the same are herewith transmitted.

Donations of prescription drugs and supplies may be made on the premises of a pharmacy that elects to participate in the provisions of this chapter. A pharmacy that receives prescription drugs or supplies may distribute the prescription drugs or supplies to another pharmacy, pharmacist, or prescribing practitioner for use pursuant to the program.

NEW SECTION. Sec. 3. To be eligible for the immunity in section 7 of this act, a person distributing donated prescription drugs under this chapter must:

(1) Meet all requirements in section 5 of this act and any applicable rules related to the return or exchange of prescription drugs or supplies adopted by the board of pharmacy;

(2) Maintain records of any prescription drugs and supplies donated to the pharmacy and subsequently dispensed by the pharmacy; and

(3) Identify itself to the public as participating in this chapter.

NEW SECTION. Sec. 4. NEW SECTION. Sec. 6. (1) The department must adopt rules establishing forms and procedures to: Reasonably verify eligibility and prioritize patients seeking to receive donated prescription drugs and supplies; and inform a person receiving prescription drugs donated under this program that the prescription drugs have been donated for the purposes of redistribution. A patient's eligibility may be determined by a form signed by the patient certifying that the patient is uninsured and at or below two hundred percent of the federal poverty level.

(2) The department may establish any other rules necessary to implement this chapter.

NEW SECTION. Sec. 7. (1) A drug manufacturer acting in good faith may not, in the absence of a finding of gross negligence, be subject to criminal prosecution or liability in tort or other civil action, for injury, death, or loss to person or property for matters relating to the donation, acceptance, or dispensing of a drug manufactured by the drug manufacturer that is donated by any person under the program including, but not limited to, liability for

failure to transfer or communicate product or consumer information or the expiration date of the donated prescription drug.

(2) Any person or entity, other than a drug manufacturer subject to subsection (1) of this section, acting in good faith in donating, accepting, or distributing prescription drugs under this chapter is immune from criminal prosecution, professional discipline, or civil liability of any kind for any injury, death, or loss to any person or property relating to such activities other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(3) The immunity provided under subsection (1) of this section does not absolve a drug manufacturer of a criminal or civil liability that would have existed but for the donation, nor does such donation increase the liability of the drug manufacturer in such an action.

NEW SECTION. Sec. 8. Access to prescription drugs and supplies under this chapter is subject to availability. Nothing in this chapter establishes an entitlement to receive prescription drugs and supplies through the program.

NEW SECTION. Sec. 9. Nothing in this chapter restricts the use of samples by a practitioner during the course of the practitioner's duties at a medical facility or pharmacy.

NEW SECTION. Sec. 10. Nothing in this chapter authorizes the resale of prescription drugs by any person.

NEW SECTION. Sec. 11. Sections 1 through 10 of this act constitute a new chapter in Title 69 RCW.

MESSAGE FROM THE HOUSE

April 17, 2013

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5705 with the following amendment(s): 5705-S AMH CARL H2459.1

On page 2, after line 3, insert the following:

"NEW SECTION. Sec. 2. The legislature finds that it is difficult for many property owners to pay property taxes under the current system where past due property tax payments must be paid in full, including penalties and interest. The legislature further finds that providing counties and property owners some flexibility in structuring past due property tax payments may provide some relief for property owners with delinquent tax payments.

Sec. 3. RCW 84.56.020 and 2010 c 200 s 1 are each amended to read as follows:

(1) The county treasurer must be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. No treasurer may accept tax payments or issue receipts for the same until the treasurer has completed the tax roll for the current year's collection and provided notification of the completion of the roll. Notification may be accomplished electronically, by posting a notice in the office, or through other written communication as determined by the treasurer. All taxes upon real and personal property made payable by the provisions of this title are due and payable to the treasurer on or before the thirtieth day of April and, except as provided in this section, shall be delinquent after that date.

(2) Each tax statement must include a notice that checks for payment of taxes may be made payable to "Treasurer of County" or other appropriate office, but tax statements may not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax be paid on or before the thirtieth day of April, the remainder of such tax is due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax be paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax is due and payable on or before the thirty-first day of October following and is delinquent after that date.

(5) Except as provided in (c) of this subsection, delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the full year amount of tax unpaid from the date of delinquency until paid. Interest must be calculated at the rate in effect at the time of payment of the tax, regardless of when the taxes were first delinquent. In addition, delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the full year amount of tax unpaid is assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent is assessed on the amount of tax delinquent on December 1st of the year in which the tax is due.

(c) If a taxpayer is successfully participating in a payment agreement under subsection (11)(b) of this section, the county treasurer may not assess additional penalties on delinquent taxes that are included within the payment agreement. Interest and penalties that have been assessed prior to the payment agreement remain due and payable as provided in the payment agreement.

(6)(a) When real property taxes become delinquent and prior to the filing of the certificate of delinquency, the treasurer is authorized to assess and collect tax foreclosure avoidance costs.

(b) For the purposes of this section, "tax foreclosure avoidance costs" means those costs that can be identified specifically with the administration of properties subject to and prior to foreclosure. Tax foreclosure avoidance costs include:

(i) Compensation of employees for the time devoted and identified specifically to administering the avoidance of property foreclosure; and

(ii) The cost of materials, services, or equipment acquired, consumed, or expended specifically for the purpose of administering tax foreclosure avoidance prior to the filing of a certificate of delinquency.

(c) When tax foreclosure avoidance costs are collected, the tax foreclosure avoidance costs must be credited to the county treasurer service fund account, except as otherwise directed.

(d) For purposes of chapter 84.64 RCW, any taxes, interest, or penalties deemed delinquent under this section remain delinquent until such time as all taxes, interest, and penalties for the tax year in which the taxes were first due and payable have been paid in full.

(7) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed during any period of armed conflict on delinquent taxes imposed on the personal residences owned by active duty military personnel who are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.

~~((7))~~ (8) During a state of emergency declared under RCW 43.06.010(12), the county treasurer, on his or her own motion or at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes payable under this section as the treasurer deems proper.

~~((8))~~ (9) For purposes of this chapter, "interest" means both interest and penalties.

~~((9))~~ (10) All collections of interest on delinquent taxes must be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, must, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and must be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations.

~~((10))~~ (11)(a) For purposes of this chapter, and in accordance with this section and RCW 36.29.190, the treasurer may collect taxes, assessments, fees, rates, interest, and charges by electronic bill presentment and payment. Electronic bill presentment and payment may be utilized as an option by the taxpayer, but the treasurer may not require the use of electronic bill presentment and payment. Electronic bill presentment and payment may be on a monthly or other periodic basis as the treasurer deems proper for ~~(prepayments))~~ delinquent tax year payments only or for prepayments of current tax. All prepayments must be paid in full by the due date specified in (c) of this subsection. Payments on past

due taxes must include collection of the oldest delinquent year, which includes interest and taxes within a twelve-month period, prior to filing a certificate of delinquency under chapter 84.64 RCW or distraint pursuant to RCW 84.56.070.

(b) The treasurer must provide, by electronic means or otherwise, a payment agreement that ((may include prepayment collection charges. The payment agreement must be signed by the taxpayer and treasurer prior to the sending of an electronic bill)) provides for payment of current year taxes, inclusive of prepayment collection charges. The treasurer may provide, by electronic means or otherwise, a payment agreement for payment of past due delinquencies, which must also require current year taxes to be paid timely. The payment agreement must be signed by the taxpayer and treasurer prior to the sending of an electronic or alternative bill, which includes a payment plan for current year taxes.

(c) All taxes upon real and personal property made payable by the provisions of this title are due and payable to the treasurer on or before the thirtieth day of April and are delinquent after that date. The remainder of the tax is due and payable on or before the thirty-first day of October following and is delinquent after that date. All other assessments, fees, rates, and charges are delinquent after the due date.

(d) A county treasurer may authorize payment of past due property taxes, penalties, and interest under this chapter by electronic funds transfer payments on a monthly basis. Monthly payments must first be applied to penalties and interest. Delinquent taxes are subject to interest and penalties, as provided in subsection (5) of this section.

(e) The treasurer must pay any collection costs, investment earnings, or both on past due payments or prepayments to the credit of a county treasurer service fund account to be created and used only for the payment of expenses incurred by the treasurer, without limitation, in administering the system for collecting prepayments.

~~((44))~~ (12) For purposes of this section unless the context clearly requires otherwise, the following definitions apply:

(a) "Electronic bill presentment and payment" means statements, invoices, or bills that are created, delivered, and paid using the internet. The term includes an automatic electronic payment from a person's checking account, debit account, or credit card.

(b) "Internet" has the same meaning as provided in RCW 19.270.010.

Sec. 4. RCW 84.56.070 and 2009 c 350 s 2 are each amended to read as follows:

(1) The county treasurer ((shall)) must proceed to collect all personal property taxes after first completing the tax roll for the current year's collection.

(2) The treasurer ((shall)) must give notice by mail to all persons charged with personal property taxes, and if such taxes are not paid before they become delinquent, the treasurer ((shall forthwith proceed to collect the same)) must commence delinquent collection efforts. A delinquent collection charge for costs incurred by the treasurer must be added to the account.

(3) In the event that ((he or she)) the treasurer is unable to collect the ((same)) taxes when due under this section, the treasurer ((shall)) must prepare papers in distraint, which ((shall)) must contain a description of the personal property, the amount of taxes, the amount of the accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner.

(a) The treasurer ((shall)) must without demand or notice distraint sufficient goods and chattels belonging to the person charged with such taxes to pay the same, with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and ((shall)) must proceed to advertise the same by posting written notices in three public places in the county in which

such property has been distrained, one of which places ((shall)) must be at the county courthouse, such notice to state the time when and place where such property will be sold.

(b) The county treasurer, or the treasurer's deputy, ((shall)) must tax the same fees for making the distraint and sale of goods and chattels for the payment of taxes as are allowed by law to sheriffs for making levy and sale of property on execution; traveling fees to be computed from the county seat of the county to the place of making distraint.

(c) If the taxes for which such property is distrained, and the interest and costs accruing thereon, are not paid before the date appointed for such sale, which ((shall be)) may not be less than ten days after the taking of such property, such treasurer or treasurer's designee ((shall)) must proceed to sell such property at public auction, or so much thereof as ((shall be)) is sufficient to pay such taxes, with interest and costs, and if there be any excess of money arising from the sale of any personal property, the treasurer ((shall)) must pay such excess less any cost of the auction to the owner of the property so sold or to his or her legal representative(~~(= PROVIDED, That whenever it shall become)~~).

(d) If necessary to distraint any standing timber owned separately from the ownership of the land upon which the same may stand, or any fish trap, pound net, reef net, set net, or drag seine fishing location, or any other personal property as the treasurer ((shall)) determines to be incapable or reasonably impracticable of manual delivery, it ((shall be)) is deemed to have been distrained and taken into possession when the treasurer ((shall have)) has, at least thirty days before the date fixed for the sale thereof, filed with the auditor of the county wherein such property is located a notice in writing reciting that the treasurer has distrained such property, describing it, giving the name of the owner or reputed owner, the amount of the tax due, with interest, and the time and place of sale(=). A copy of the notice ((shall)) must also be sent to the owner or reputed owner at his or her last known address, by registered letter at least thirty days prior to the date of sale(~~(= AND PROVIDED FURTHER, That)~~).

(e) If the county treasurer has reasonable grounds to believe that any personal property, including mobile homes, manufactured homes, or park model trailers, upon which taxes have been levied, but not paid, is about to be removed from the county where the same has been assessed, or is about to be destroyed, sold, or disposed of, the county treasurer may demand such taxes, without the notice provided for in this section, and if necessary may ((forthwith)) distraint sufficient goods and chattels to pay the same."

Correct the title.
and the same are herewith transmitted.

(3) "Consent" means express written consent granted after the vulnerable adult or his or her legal representative has been fully informed of the nature of the services to be offered and that the receipt of services is voluntary.

(6) "Financial exploitation" means the illegal or improper use, control over, or withholding of the property, income, resources, or trust funds of the vulnerable adult by any person or entity for any person's or entity's profit or advantage other than for the vulnerable adult's profit or advantage. "Financial exploitation" includes, but is not limited to:

(a) The use of deception, intimidation, or undue influence by a person or entity in a position of trust and confidence with a vulnerable adult to obtain or use the property, income, resources, or trust funds of the vulnerable adult for the benefit of a person or entity other than the vulnerable adult;

(15) "Self-neglect" means the failure of a vulnerable adult, not living in a facility, to provide for himself or herself the goods and services necessary for the vulnerable adult's physical or mental health, and the absence of which impairs or threatens the vulnerable adult's well-being. This definition may include a vulnerable adult who is receiving services through home health, hospice, or a home care agency, or an individual provider when the neglect is not a result of inaction by that agency or individual provider.

(16) "Social worker" means:

(a) A social worker as defined in RCW 18.320.010(2); or

(b) Anyone engaged in a professional capacity during the regular course of employment in encouraging or promoting the health, welfare, support, or education of vulnerable adults, or providing social services to vulnerable adults, whether in an individual capacity or as an employee or agent of any public or private organization or institution.

(c) There is a pattern of physical assault between the same vulnerable adults or involving the same vulnerable adults; or

(d) There is an attempt to choke a vulnerable adult.

(5) When there is reason to suspect that the death of a vulnerable adult was caused by abuse, neglect, or abandonment by another person, mandated reporters shall, pursuant to RCW 68.50.020, report the death to the medical examiner or coroner having jurisdiction, as well as the department and local law enforcement, in the most expeditious manner possible. A mandated reporter is not relieved from the reporting requirement provisions of this subsection by the existence of a previously signed death certificate. If abuse, neglect, or abandonment caused or contributed to the death of a vulnerable adult, the death is a death caused by unnatural or unlawful means, and the body shall be the jurisdiction of the coroner or medical examiner pursuant to RCW 68.50.010.

(6) Permissive reporters may report to the department or a law enforcement agency when there is reasonable cause to believe that a vulnerable adult is being or has been abandoned, abused, financially exploited, or neglected.

(7) No facility, as defined by this chapter, agency licensed or required to be licensed under chapter 70.127 RCW, or facility or agency under contract with the department to provide care for vulnerable adults may develop policies or procedures that interfere with the reporting requirements of this chapter.

(8) Each report, oral or written, must contain as much as possible of the following information:

(a) The name and address of the person making the report;

(b) The name and address of the vulnerable adult and the name of the facility or agency providing care for the vulnerable adult;

(c) The name and address of the legal guardian or alternate decision maker;

(d) The nature and extent of the abandonment, abuse, financial exploitation, neglect, or self-neglect;

(e) Any history of previous abandonment, abuse, financial exploitation, neglect, or self-neglect;

(f) The identity of the alleged perpetrator, if known; and

(g) Other information that may be helpful in establishing the extent of abandonment, abuse, financial exploitation, neglect, or the cause of death of the deceased vulnerable adult.

(9) Unless there is a judicial proceeding or the person consents, the identity of the person making the report under this section is confidential.

(10) In conducting an investigation of abandonment, abuse, financial exploitation, self-neglect, or neglect, the department or law enforcement, upon request, must have access to all relevant records related to the vulnerable adult that are in the possession of mandated reporters and their employees, unless otherwise prohibited by law. Records maintained under RCW 4.24.250, 18.20.390, 43.70.510, 70.41.200, 70.230.080, and 74.42.640 shall not be subject to the requirements of this subsection. Providing access to records relevant to an investigation by the department or law enforcement

under this provision may not be deemed a violation of any confidential communication privilege.

Sec. 3. RCW 74.34.067 and 2011 c 170 s 2 are each amended to read as follows:

(1) Where appropriate, an investigation by the department may include a private interview with the vulnerable adult regarding the alleged abandonment, abuse, financial exploitation, neglect, or self-neglect.

(2) In conducting the investigation, the department shall interview the complainant, unless anonymous, and shall use its best efforts to interview the vulnerable adult or adults harmed, and, consistent with the protection of the vulnerable adult shall interview facility staff, any available independent sources of relevant information, including if appropriate the family members of the vulnerable adult.

(3) The department may conduct ongoing case planning and consultation with: (a) Those persons or agencies required to report under this chapter or submit a report under this chapter; (b) consultants designated by the department; and (c) designated representatives of Washington Indian tribes if client information exchanged is pertinent to cases under investigation or the provision of protective services. Information considered privileged by statute and not directly related to reports required by this chapter must not be divulged without a valid written waiver of the privilege.

(4) The department shall prepare and keep on file a report of each investigation conducted by the department for a period of time in accordance with policies established by the department.

(5) If the department has reason to believe that the vulnerable adult has suffered from abandonment, abuse, financial exploitation, neglect, or self-neglect, and lacks the ability or capacity to consent, and needs the protection of a guardian, the department may bring a guardianship action under chapter 11.88 RCW.

(6) For purposes consistent with this chapter, the department, the certified professional guardian board, and the office of public guardianship may share information contained in reports and investigations of the abuse, abandonment, neglect, self-neglect, and financial exploitation of vulnerable adults. This information may be used solely for (a) recruiting or appointing appropriate guardians and (b) monitoring, or when appropriate, disciplining certified professional or public guardians. Reports of abuse, abandonment, neglect, self-neglect, and financial exploitation are confidential under RCW 74.34.095 and other laws, and secondary disclosure of information shared under this section is prohibited.

(7) When the investigation is completed and the department determines that an incident of abandonment, abuse, financial exploitation, neglect, or self-neglect has occurred, the department shall inform the vulnerable adult of their right to refuse protective services, and ensure that, if necessary, appropriate protective services are provided to the vulnerable adult, with the consent of the vulnerable adult. The vulnerable adult has the right to withdraw or refuse protective services.

~~((7))~~ (8) The department's adult protective services division may enter into agreements with federally recognized tribes to investigate reports of abandonment, abuse, financial exploitation, neglect, or self-neglect of vulnerable adults on property over which a federally recognized tribe has exclusive jurisdiction. If the department has information that abandonment, abuse, financial exploitation, or neglect is criminal or is placing a vulnerable adult on tribal property at potential risk of personal or financial harm, the department may notify tribal law enforcement or another tribal representative specified by the tribe. Upon receipt of the notification, the tribe may assume jurisdiction of the matter. Neither the department nor its employees may participate in the investigation after the tribe assumes jurisdiction. The department, its officers, and its employees are not liable for any action or

inaction of the tribe or for any harm to the alleged victim, the person against whom the allegations were made, or other parties that occurs after the tribe assumes jurisdiction. Nothing in this section limits the department's jurisdiction and authority over facilities or entities that the department licenses or certifies under federal or state law.

~~((9))~~ (9) The department may photograph a vulnerable adult or their environment for the purpose of providing documentary evidence of the physical condition of the vulnerable adult or his or her environment. When photographing the vulnerable adult, the department shall obtain permission from the vulnerable adult or his or her legal representative unless immediate photographing is necessary to preserve evidence. However, if the legal representative is alleged to have abused, neglected, abandoned, or exploited the vulnerable adult, consent from the legal representative is not necessary. No such consent is necessary when photographing the physical environment.

~~((9))~~ (10) When the investigation is complete and the department determines that the incident of abandonment, abuse, financial exploitation, or neglect has occurred, the department shall inform the facility in which the incident occurred, consistent with confidentiality requirements concerning the vulnerable adult, witnesses, and complainants."

Sec. 7. RCW 70.47.100 and 2011 1st sp.s. c 9 s 4 and 2011 c 316 s 5 are each reenacted and amended to read as follows:

(1) A managed health care system participating in the plan shall do so by contract with the ~~((administrator))~~ director and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee covered by its contract with the ~~((administrator))~~ director as long as payments from the ~~((administrator))~~ director on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The ~~((administrator))~~ director may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the ~~((administrator))~~ director to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

(2) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state.

(3) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written agreements sufficient to provide adequate access to all services covered under the contract with the authority, including hospital-based physician services. The authority will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the authority will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

(4) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The ~~((administrator))~~ director shall establish a period of at least twenty

days in a given year when this opportunity is afforded enrollees, and in those areas served by more than one participating managed health care system the ~~((administrator))~~ director shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

(5) Prior to negotiating with any managed health care system, the ~~((administrator))~~ director shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state.

(6) In negotiating with managed health care systems for participation in the plan, the ~~((administrator))~~ director shall adopt a uniform procedure that includes at least the following:

(a) The ~~((administrator))~~ director shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(b) The ~~((administrator))~~ director shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(c) The ~~((administrator))~~ director may then select one or more systems to provide the covered services within a local area; and

(d) The ~~((administrator))~~ director may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low- income persons.

(7)(a) The ~~((administrator))~~ director may contract with a managed health care system to provide covered basic health care services to subsidized enrollees, nonsubsidized enrollees, health coverage tax credit eligible enrollees, or any combination thereof. At a minimum, such contracts issued on or after January 1, 2012, must include:

(i) Provider reimbursement methods that incentivize chronic care management within health homes;

(ii) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use; and

(iii) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training unless the managed care system is an integrated health delivery system that has programs in place for chronic care management.

(b) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(c) For the purposes of this subsection, "chronic care management," "chronic condition," and "health home" have the same meaning as in RCW 74.09.010.

(d) Contracts that include the items in (a)(i) through (iii) of this subsection must not exceed the rates that would be paid in the absence of these provisions.

(8) The ~~((administrator))~~ director may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (6) of this section, upon a determination by the ~~((administrator))~~ director that it is necessary to provide access, as defined in the request for proposal documents, to covered basic health care services for enrollees.

~~(9) ((The administrator may implement a self-funded or self-insured method of providing insurance coverage to subsidized enrollees, as provided under RCW 41.05.140. Prior to implementing a self-funded or self-insured method, the administrator shall ensure that funding available in the basic health plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator. If implementing a self-funded or self-insured method, the administrator may request funds to be moved from the basic health plan trust account or the basic health plan subscription account to the basic health plan self-insurance reserve account established in RCW 41.05.140.~~

(4) Approved satellite system management agencies shall be reviewed periodically by the secretary for continued compliance with established criteria. The secretary may require status reports and other information necessary for such review. Satellite system management agencies shall be subject to reapproval at the discretion of the secretary but not less than once every five years.

MESSAGE FROM THE HOUSE

April 16, 2013

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5449 with the following amendment(s): 5449-S.E AMH HCW H2152.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The federal patient protection and affordable care act of 2010, P.L. 111-148, as amended, prohibits the imposition of any preexisting condition coverage exceptions in the individual market for insurance coverage beginning January 1, 2014. The affordable care act also extends opportunities for individuals to enroll in comprehensive coverage in a health benefit exchange beginning January 1, 2014. The legislature finds that some individuals may still be barred from enrolling in the new comprehensive coverage options and it is the intent of the legislature to continue some limited access to the Washington state health insurance pool for a transitional period, and to provide for modification to the pool to reflect changes in federal law and insurance availability.

Sec. 2. RCW 48.41.060 and 2011 c 314 s 13 are each amended to read as follows:

(1) The board shall have the general powers and authority granted under the laws of this state to insurance companies, health care service contractors, and health maintenance organizations, licensed or registered to offer or provide the kinds of health coverage defined under this title. In addition thereto, the board shall:

(a) ~~((Designate or establish the standard health questionnaire to be used under RCW 48.41.100 and 48.43.018, including the form and content of the standard health questionnaire and the method of its application. The questionnaire must provide for an objective evaluation of an individual's health status by assigning a discreet measure, such as a system of point scoring to each individual. The questionnaire must not contain any questions related to pregnancy, and pregnancy shall not be a basis for coverage by the pool. The questionnaire shall be designed such that it is reasonably expected to identify the eight percent of persons who are the most costly to treat who are under individual coverage in health benefit plans, as defined in RCW 48.43.005, in Washington state or are covered by the pool, if applied to all such persons;~~

~~—(b) Obtain from a member of the American academy of actuaries, who is independent of the board, a certification that the standard health questionnaire meets the requirements of (a) of this subsection;~~

~~—(c) Approve the standard health questionnaire and any modifications needed to comply with this chapter. The standard health questionnaire shall be submitted to an actuary for certification, modified as necessary, and approved at least every thirty six months unless at the time when certification is required the pool will be discontinued before the end of the succeeding thirty six month period. The designation and approval of the standard health questionnaire by the board shall not be subject to review and approval by the commissioner. The standard health questionnaire or any modification thereto shall not be used until ninety days after public notice of the approval of the questionnaire or any modification thereto, except that the initial standard health questionnaire approved for use by the board after March 23, 2000, may be used immediately following public notice of such approval;~~

~~—(d)) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, claim reserve formulas and any other actuarial functions appropriate to the operation of the pool. Rates shall not be unreasonable in relation to the coverage provided, the risk experience, and expenses of providing the coverage. Rates and rate schedules may be adjusted for appropriate risk factors such as age and area variation in claim costs and shall take into~~

consideration appropriate risk factors in accordance with established actuarial underwriting practices consistent with Washington state individual plan rating requirements under RCW 48.44.022 and 48.46.064;

~~((e))~~ ~~(b)~~(i) Assess members of the pool in accordance with the provisions of this chapter, and make advance interim assessments as may be reasonable and necessary for the organizational or interim operating expenses. Any interim assessments will be credited as offsets against any regular assessments due following the close of the year.

(ii) Self-funded multiple employer welfare arrangements are subject to assessment under this subsection only in the event that assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq. The arrangements and the commissioner shall initially request an advisory opinion from the United States department of labor or obtain a declaratory ruling from a federal court on the legality of imposing assessments on these arrangements before imposing the assessment. Once the legality of the assessments has been determined, the multiple employer welfare arrangement certified by the insurance commissioner must begin payment of these assessments.

(iii) If there has not been a final determination of the legality of these assessments, then beginning on the earlier of (A) the date the fourth multiple employer welfare arrangement has been certified by the insurance commissioner, or (B) April 1, 2006, the arrangement shall deposit the assessments imposed by this subsection into an interest bearing escrow account maintained by the arrangement. Upon a final determination that the assessments are not preempted by the employee retirement income security act of 1974, as amended, 29 U.S.C. Sec. 1001 et seq., all funds in the interest bearing escrow account shall be transferred to the board;

~~((f))~~ ~~(c)~~ Issue policies of health coverage in accordance with the requirements of this chapter;

~~((g))~~ ~~(d)~~ Establish procedures for the administration of the premium discount provided under RCW 48.41.200(3)(a)(iii);

~~((h))~~ ~~(e)~~ Contract with the Washington state health care authority for the administration of the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii);

~~((i))~~ ~~(f)~~ Set a reasonable fee to be paid to an insurance producer licensed in Washington state for submitting an acceptable application for enrollment in the pool; and

~~((j))~~ ~~(g)~~ Provide certification to the commissioner when assessments will exceed the threshold level established in RCW 48.41.037.

(2) In addition thereto, the board may:

(a) Enter into contracts as are necessary or proper to carry out the provisions and purposes of this chapter including the authority, with the approval of the commissioner, to enter into contracts with similar pools of other states for the joint performance of common administrative functions, or with persons or other organizations for the performance of administrative functions;

(b) Sue or be sued, including taking any legal action as necessary to avoid the payment of improper claims against the pool or the coverage provided by or through the pool;

(c) Appoint appropriate legal, actuarial, and other committees as necessary to provide technical assistance in the operation of the pool, policy, and other contract design, and any other function within the authority of the pool; and

(d) Conduct periodic audits to assure the general accuracy of the financial data submitted to the pool, and the board shall cause the pool to have an annual audit of its operations by an independent certified public accountant.

(3) Nothing in this section shall be construed to require or authorize the adoption of rules under chapter 34.05 RCW.

Sec. 3. RCW 48.41.100 and 2011 c 315 s 5 and 2011 c 314 s 15 are each reenacted and amended to read as follows:

(1)(a) The following persons who are residents of this state are eligible for pool coverage:

The plan options must also provide access to adequate and stable provider networks that make up- to-date provider directories easily accessible on the carrier web site, and will provide them in hard copy, if requested. In addition, if no health maintenance organization or preferred provider organization plan includes the health care provider with whom the person has an established care relationship and from whom he or she has received treatment within the past twelve months, the person does not have reasonable access.

(a) Any person having terminated coverage in the pool unless (i) twelve months have lapsed since termination, or (ii) that person can show continuous other coverage which has been involuntarily terminated for any reason other than nonpayment of premiums. However, these exclusions do not apply to eligible individuals as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b));

(b) Inmates of public institutions and those persons who become eligible for medical assistance after June 30, 2008, as defined in RCW 74.09.010. ~~(c) Any person who resides in a county of the state where any carrier or insurer regulated under chapter 48.15 RCW offers to the public an individual health benefit plan other than a catastrophic health plan as defined in RCW 48.43.005 at the time of application to the pool and who does not qualify for pool coverage based upon the results of the standard health questionnaire, or pursuant to subsection (1)(a)(iv) of this section).~~

(3) When a carrier or insurer regulated under chapter 48.15 RCW begins to offer an individual health benefit plan in a county where no carrier had been offering an individual health benefit plan:

(a) If the health benefit plan offered is other than a catastrophic health plan as defined in RCW 48.43.005, any person enrolled in a pool plan pursuant to subsection (1)(a)(~~(iii)~~) (i) of this section in that county shall no longer be eligible for coverage under that plan pursuant to subsection (1)(a)(~~(iii)~~) (i) of this section ~~(, but may continue to be eligible for pool coverage based upon the results of the standard health questionnaire designated by the board and administered by the pool administrator. The pool administrator shall offer to administer the questionnaire to each person no longer eligible for coverage under subsection (1)(a)(iii) of this section within thirty days of determining that he or she is no longer eligible;~~

~~(b) Losing eligibility for pool coverage under this subsection (3) does not affect a person's eligibility for pool coverage under subsection (1)(a)(i), (ii), or (iv) of this section); and~~

~~(c) (b) The pool administrator shall provide written notice to any person who is no longer eligible for coverage under a pool plan under this subsection (3) within thirty days of the administrator's determination that the person is no longer eligible. ~~impacts on the pool and the state budget. The board shall report the findings to the legislature by December 1, 2007.)~~

Sec. 4. RCW 48.41.160 and 2007 c 259 s 27 are each amended to read as follows:

(1) On or before December 31, 2007, the pool shall cancel all existing pool policies and replace them with policies that are identical to the existing policies except for the inclusion of a provision providing for a guarantee of the continuity of coverage consistent with this section. As a means to minimize the number of policy changes for enrollees, replacement policies provided under this subsection also may include the plan modifications authorized in RCW 48.41.100, 48.41.110, and 48.41.120.

(2) A pool policy shall contain a guarantee of the individual's right to continued coverage, subject to the provisions of subsections (4) ~~((and)), (5), (7), and (8)~~ of this section.

(3) The guarantee of continuity of coverage required by this section shall not prevent the pool from canceling or nonrenewing a policy for:

(a) Nonpayment of premium;

(b) Violation of published policies of the pool;

(c) Failure of a covered person who becomes eligible for medicare benefits by reason of age to apply for a pool medical supplement plan, or a medicare supplement plan or other similar plan offered by a carrier pursuant to federal laws and regulations;

(d) Failure of a covered person to pay any deductible or copayment amount owed to the pool and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the pool;

(f) Covered persons materially breaching the pool policy; or

(g) Changes adopted to federal or state laws when such changes no longer permit the continued offering of such coverage.

(4)(a) The guarantee of continuity of coverage provided by this section requires that if the pool replaces a plan, it must make the replacement plan available to all individuals in the plan being replaced. The replacement plan must include all of the services covered under the replaced plan, and must not significantly limit access to the kind of services covered under the replacement plan through unreasonable cost-sharing requirements or otherwise. The pool may also allow individuals who are covered by a plan that is being replaced an unrestricted right to transfer to a fully comparable plan.

(b) The guarantee of continuity of coverage provided by this section requires that if the pool discontinues offering a plan: (i) The pool must provide notice to each individual of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the pool must offer to each individual provided coverage under the discontinued plan the option to enroll in any other plan currently offered by the pool for which the individual is otherwise eligible; and (iii) in exercising the option to discontinue a plan and in offering the option of coverage under (b)(ii) of this subsection, the pool must act uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage.

(c) The pool cannot replace or discontinue a plan under this subsection (4) until it has completed an evaluation of the impact of replacing the plan upon:

(i) The cost and quality of care to pool enrollees;

(ii) Pool financing and enrollment;

(iii) The board's ability to offer comprehensive and other plans to its enrollees;

(iv) Other items identified by the board.

In its evaluation, the board must request input from the constituents represented by the board members.

(d) The guarantee of continuity of coverage provided by this section does not apply if the pool has zero enrollment in a plan.

(5) The pool may not change the rates for pool policies except on a class basis, with a clear disclosure in the policy of the pool's right to do so.

(6) A pool policy offered under this chapter shall provide that, upon the death of the individual in whose name the policy is issued, every other individual then covered under the policy may elect, within a period specified in the policy, to continue coverage under the same or a different policy.

(7) All pool policies issued on or after January 1, 2014, must reflect the new eligibility requirements of RCW 48.41.100 and contain a statement of the intent to discontinue the pool coverage on December 31, 2017, under pool nonmedicare plans.

(8) Pool policies issued prior to January 1, 2014, shall be modified effective January 1, 2013, consistent with subsection (3)(g) of this section, and contain a statement of the intent to discontinue pool coverage on December 31, 2017, under pool nonmedicare plans.

(9) The pool shall discontinue all nonmedicare pool plans effective December 31, 2017.

Sec. 5. RCW 48.41.240 and 2012 c 87 s 17 are each amended to read as follows:

(1) The board shall review populations that may need ongoing access to coverage through the pool, with specific attention to those persons who may be excluded from or may receive inadequate coverage beginning January 1, 2014, such as persons with end-stage renal disease or HIV/AIDS, or persons not eligible for coverage in the exchange.

(2) If the review under subsection (1) of this section indicates a continued need for coverage through the pool after December 31, 2013, the board shall submit recommendations regarding any modifications to pool eligibility requirements for new and ongoing enrollment after December 31, 2013. The recommendations must address any needed modifications to the standard health questionnaire or other eligibility screening tool that could be used in a manner consistent with federal law to determine eligibility for enrollment in the pool.

(3) The board shall complete an analysis of current pool assessment requirements in relation to assessments that will fund the reinsurance program and recommend changes to pool assessments or any credits against assessments that may be considered for the reinsurance program. The analysis shall recommend whether the categories of members paying assessments should be adjusted to make the assessment fair and equitable among all payers.

(4) The board shall report its recommendations to the governor and the legislature by December 1, 2012.

(5) The board shall revisit the study of eligibility completed in 2012 with another review of the populations that may need ongoing access to coverage through the pool, to be submitted to the governor and legislature by November 1, 2015. The eligibility study shall include the nonmedicare populations scheduled to lose coverage and medicare populations, and consider whether the enrollees have access to comprehensive coverage alternatives that include appropriate pharmacy coverage. The study shall include recommendations to address any barriers in eligibility that remain in accessing other coverage such as medicare supplemental coverage or comprehensive pharmacy coverage, as well as suggestions for financing changes and recommendations on a future expiration of the pool.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that ensuring public trust in government is a priority. The public expects its elected officials and state employees to adhere to the highest ethical standards during their service, and this includes a commitment to full and independent investigations, with proper penalties, in cases where the ethics in public service act is violated.

Sec. 2. RCW 42.52.410 and 1994 c 154 s 211 are each amended to read as follows:

An action is deemed to have been commenced when the appropriate ethics board or the board's executive director accepts a complaint for filing and initiates a preliminary investigation.

If the person who brings the citizen's action prevails, the judgment awarded shall escheat to the state, but the person shall be entitled to be reimbursed by the state of Washington for costs and attorneys' fees incurred. If a citizen's action that the court finds was brought without reasonable cause is dismissed, the court may order the person commencing the action to pay all costs of trial and reasonable attorneys' fees incurred by the defendant.

Upon commencement of a citizen action under this section, at the request of a state officer or state employee who is a defendant, the office of the attorney general shall represent the defendant if the attorney general finds that the defendant's conduct complied with this chapter and was within the scope of employment.

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5601 with the following amendment(s): 5601-S AMH HCW H2163.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes the complexity of the health care delivery system and the need to provide a clear and consistent regulatory framework to enable health care providers to manage their operations in an efficient and effective manner. The legislature also recognizes that the donation of electronic health records systems reduces health care costs, promotes patient safety, and improves the quality of health care.

(2) To further the important national policy of promoting the widespread adoption of electronic health records systems, the federal antikickback statute and the rules adopted to implement the statute contain a safe harbor that allows the donation of electronic health records systems. The federal statute and rules also contain additional safe harbors to preserve a variety of other activities which, in many cases, improve access to health care. For health care entities other than clinical laboratories, the legality of all of these arrangements is currently in question.

(3) The legislature is adding language to chapter 19.68 RCW to clarify existing law and ensure that, except with respect to arrangements involving an entity which principally operates as a clinical laboratory, it is interpreted in a manner consistent with the federal antikickback statute.

NEW SECTION. Sec. 2. (1) Nothing in this chapter may be construed to limit or prohibit the donation of electronic health record technology or other activity by any entity, including a hospital licensed under chapter 70.41 RCW that operates a clinical laboratory, when the donation or other activity is allowed by or otherwise does not violate, 42 U.S.C. Sec. 1320a-7b(b) or the federal rules adopted to implement 42 U.S.C. Sec. 1320a-7b(b).

(2) This section does not apply to any entity which principally operates as a clinical laboratory licensed or certified under section 353 of the public health service act, 42 U.S.C. Sec. 263a, or other applicable Washington state law.

NEW SECTION. Sec. 3. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

"Electronic health record technology" means items and services, in the form of software or information technology and training services, necessary and used predominantly to create, maintain, transmit, or receive electronic health records.

NEW SECTION. Sec. 4. This act applies retroactively to June 1, 2006, as well as prospectively.

NEW SECTION. Sec. 5. Sections 2 and 3 of this act are each added to chapter 19.68 RCW."

Correct the title.
and the same are herewith transmitted.

~~the vehicle's insurer;);~~

~~(iv) The vehicle's insurer or a vendor working on behalf of the vehicle's insurer;~~

~~(v) A third-party insurer that has a duty to repair or replace the vehicle, has obtained consent from the registered owner or the owner's agent to move the vehicle, and has documented that consent in the insurer's claim file, or a vendor working on behalf of a third-party insurer that has received such consent; provided, however, that at all times the registered owner must be granted access to and may reclaim possession of the vehicle. For the purposes of this subsection, "owner's agent" means the legal owner of the vehicle, a driver in possession of the vehicle with the registered owner's permission, or an adult member of the registered owner's family;~~

~~(vi) A person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department(, or~~

~~(vii) A person who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor(, may redeem an impounded vehicle or items of personal property registered or titled with the department)).~~

(b) In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under (a) of this subsection ~~((1)(a))~~ satisfies the requirements of ~~((e))~~ (f) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded or from the court having jurisdiction. An agency shall issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of the following:

(i) Economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record; or

(ii) The owner of the vehicle was not the driver, the owner did not know that the driver's license was suspended or revoked, and the owner has not received a prior release under this subsection or RCW 46.55.113(3).

In order to avoid discriminatory application, other than for the reasons for release set forth in ~~((e))~~ (b)(i) and (ii) of this subsection, an agency shall, under a provision of an applicable state agency rule or local ordinance, deny release in all other circumstances without discretion.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under (a) of this subsection ~~((1)(a))~~ satisfies the requirements of ~~((e))~~ (f) of this subsection, including paying all

towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

~~((b))~~ (c) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

~~((e))~~ (d) Notwithstanding ~~((b))~~ (c) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

~~((d))~~ (e) Notwithstanding ~~((b))~~ (c) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9A RCW, including providing redemption rights to the debtor under RCW 62A.9A-623. If the debtor is the registered owner of the vehicle, the debtor's right to redeem the vehicle under chapter 62A.9A RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

~~((e))~~ (f) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under ~~((b))~~ (c) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or 46.20.345 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or

her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards issued by financial institutions, or personal checks drawn on Washington state branches of financial institutions if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm cannot determine through the customer's bank or a check verification service that the presented check would be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in ~~((subsection (2)))~~(a) of this subsection and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not

adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.345 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

TO:

The President declared the question before the Senate to be motion by Senator Becker that the Senate recede from its position in the Senate amendment(s) to House Bill No. 1471.

The motion by Senator Becker carried and the Senate receded from its position in the Senate amendment(s) to House Bill No. 1471 by voice vote.

MOTION

SECOND READING

HOUSE BILL NO. 1471, by Representatives Riccelli, Schmick, Cody, Clibborn, Ross, Short, Rodne, Green, Angel and Morrell

Updating and aligning with federal requirements hospital health care-associated infection rate reporting.

The measure was read the second time.

MOTION

Senator Becker moved that the following striking amendment by Senators Becker and Keiser be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 43.70.056 and 2010 c 113 s 1 are each amended to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Health care-associated infection" means a localized or systemic condition that results from adverse reaction to the presence of an infectious agent or its toxins and that was not present or incubating at the time of admission to the hospital.

(b) "Hospital" means a health care facility licensed under chapter 70.41 RCW.

(2)(a) A hospital shall collect data related to health care-associated infections as required under this subsection (2) on the following:

(i) ~~((Beginning July 1, 2008,))~~ Central line-associated bloodstream infection in ((the intensive care unit)) all hospital inpatient areas where patients normally reside at least twenty-four hours;

(ii) ~~((Beginning January 1, 2009, ventilator associated pneumonia; and~~

~~—((Beginning January 1, 2010,))~~ Surgical site infection for the following procedures:

(A) Deep sternal wound for cardiac surgery, including coronary artery bypass graft;

(B) Total hip and knee replacement surgery; and

(C) ~~((Hysterectomy, abdominal and vaginal.~~

~~—(b)(i) Except as required under (b)(ii) and (c) of this subsection,))~~ Colon and abdominal hysterectomy procedures.

(b) The department shall, by rule, delete, add, or modify categories of reporting when the department determines that doing so is necessary to align state reporting with the reporting categories of the centers for medicare and medicaid services. The department shall begin rule making forty-five calendar days, or as soon as practicable, after the centers for medicare and medicaid services adopts changes to reporting requirements.

(c) A hospital must routinely collect and submit the data required to be collected under (a) and (b) of this subsection to the

national healthcare safety network of the United States centers for disease control and prevention in accordance with national healthcare safety network definitions, methods, requirements, and procedures.

~~((ii) Until the national health care safety network releases a revised module that successfully interfaces with a majority of computer systems of Washington hospitals required to report data under (a)(iii) of this subsection or three years, whichever occurs sooner, a hospital shall monthly submit the data required to be collected under (a)(iii) of this subsection to the Washington state hospital association's quality benchmarking system instead of the national health care safety network. The department shall not include data reported to the quality benchmarking system in reports published under subsection (3)(d) of this section. The data the hospital submits to the quality benchmarking system under (b)(ii) of this subsection:~~

~~—(A) Must include the number of infections and the total number of surgeries performed for each type of surgery; and~~

~~—(B) Must be the basis for a report developed by the Washington state hospital association and published on its web site that compares the health care associated infection rates for surgical site infections at individual hospitals in the state using the data reported in the previous calendar year pursuant to this subsection. The report must be published on December 1, 2010, and every year thereafter until data is again reported to the national health care safety network.~~

~~—(c)(i) With respect to any of the health care associated infection measures for which reporting is required under (a) of this subsection, the department must, by rule, require hospitals to collect and submit the data to the centers for medicare and medicaid services according to the definitions, methods, requirements, and procedures of the hospital compare program, or its successor, instead of to the national healthcare safety network, if the department determines that:~~

~~—(A) The measure is available for reporting under the hospital compare program, or its successor, under substantially the same definition; and~~

~~—(B) Reporting under this subsection (2)(c) will provide substantially the same information to the public.~~

~~—(ii) If the department determines that reporting of a measure must be conducted under this subsection (2)(c), the department must adopt rules to implement such reporting. The department's rules must require reporting to the centers for medicare and medicaid services as soon as practicable, but not more than one hundred twenty days, after the centers for medicare and medicaid services allow hospitals to report the respective measure to the hospital compare program, or its successor. However, if the centers for medicare and medicaid services allow infection rates to be reported using the centers for disease control and prevention's national healthcare safety network, the department's rules must require reporting that reduces the burden of data reporting and minimizes changes that hospitals must make to accommodate requirements for reporting.) If the centers for medicare and medicaid services changes reporting from the national healthcare safety network to another database or through another process, the department shall review the new reporting database or process and consider whether it aligns with the purposes of this section.~~

(d) Data collection and submission required under this subsection (2) must be overseen by a qualified individual with the appropriate level of skill and knowledge to oversee data collection and submission.

(e)(i) A hospital must release to the department, or grant the department access to, its hospital-specific information contained in the reports submitted under this subsection (2), as requested by the department consistent with RCW 70.02.050.

(ii) The hospital reports obtained by the department under this subsection (2), and any of the information contained in them, are not subject to discovery by subpoena or admissible as evidence in a civil proceeding, and are not subject to public disclosure as provided in RCW 42.56.360.

(3) The department shall:

(a) Provide oversight of the health care-associated infection reporting program established in this section;

(b) ~~By ((January 1, 2014))~~ November 1, 2013, and biennially thereafter, submit a report to the appropriate committees of the legislature ~~((based on the recommendations of the advisory committee established in subsection (5) of this section for additional reporting requirements related to health care associated infections, considering the methodologies and practices of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations))~~ that contains: (i) Categories of reporting currently required of hospitals under subsection (2)(a) of this section; (ii) categories of reporting the department plans to add, delete, or modify by rule; and (iii) a description of the evaluation process used under (d) of this subsection;

~~(c) ((Delete, by rule, the reporting of categories that the department determines are no longer necessary to protect public health and safety;~~

~~—(d))~~ By December 1, 2009, and by each December 1st thereafter, prepare and publish a report on the department's web site that compares the health care-associated infection rates at individual hospitals in the state using the data reported in the previous calendar year pursuant to subsection (2) of this section. The department may update the reports quarterly. In developing a methodology for the report and determining its contents, the department shall consider the recommendations of the advisory committee established in subsection (5) of this section. The report is subject to the following:

(i) The report must disclose data in a format that does not release health information about any individual patient; and

(ii) The report must not include data if the department determines that a data set is too small or possesses other characteristics that make it otherwise unrepresentative of a hospital's particular ability to achieve a specific outcome; ~~((and~~

~~—(e))~~ (d) Evaluate, on a regular basis, the quality and accuracy of health care-associated infection reporting required under subsection (2) of this section and the data collection, analysis, and reporting methodologies; and

(e) Provide assistance to hospitals with the reporting requirements of this chapter including definitions of required reporting elements.

(4) The department may respond to requests for data and other information from the data required to be reported under subsection (2) of this section, at the requestor's expense, for special studies and analysis consistent with requirements for confidentiality of patient records.

(5)(a) The department shall establish an advisory committee which may include members representing infection control professionals and epidemiologists, licensed health care providers, nursing staff, organizations that represent health care providers and facilities, health maintenance organizations, health care payers and consumers, and the department. The advisory committee shall make recommendations to assist the department in carrying out its responsibilities under this section, including making recommendations on allowing a hospital to review and verify data to be released in the report and on excluding from the report selected data from certified critical access hospitals. ~~((Annually, beginning January 1, 2011, the advisory committee shall also make a recommendation to the department as to whether current science~~

(6) The department shall adopt rules as necessary to carry out its responsibilities under this section.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 43.215 RCW to read as follows:

The legislature finds that the first five years of a child's life establish the foundation for educational success. The legislature also finds that children who have high quality early learning opportunities from birth through age five are more likely to succeed throughout their K-12 education and beyond. The legislature further finds that the benefits of high quality early learning experiences are particularly significant for low-income parents and children, and provide an opportunity to narrow the opportunity gap in Washington's K-12 educational system. The legislature understands that early supports for high-risk parents of young children through home visiting services show a high return on investment due to significantly improved chances of better education, health, and life outcomes for children. The legislature further recognizes that, when parents work or go to school, high quality and full-day early learning opportunities should be available and accessible for their children. In order to improve education outcomes, particularly for low-income children, the legislature is committed to expanding high quality early learning opportunities and integrating currently disparate funding streams for all birth-to-five early learning services including, working connections child care and the early childhood education and assistance program, into a single high quality continuum of learning that provides essential services to low-income families and prepares all enrolled children for success in school. The legislature therefore intends to establish the early start program to provide a continuum of high quality and accountable early learning opportunities for Washington's parents and children.

Sec. 2. RCW 28A.150.220 and 2011 1st sp.s. c 27 s 1 are each amended to read as follows:

(1) In order for students to have the opportunity to develop the basic education knowledge and skills under RCW 28A.150.210, school districts must provide instruction of sufficient quantity and quality and give students the opportunity to complete graduation requirements that are intended to prepare them for postsecondary education, gainful employment, and citizenship. The program established under this section shall be the minimum instructional program of basic education offered by school districts.

(2) Each school district shall make available to students the following minimum instructional offering each school year:

(a) For students enrolled in grades one through twelve, at least a district-wide annual average of one thousand hours, which shall be increased to at least one thousand eighty instructional hours for students enrolled in each of grades seven through twelve and at least one thousand instructional hours for students in each of grades one through six according to an implementation schedule adopted by the legislature, but not before the 2014-15 school year; and

(b) For students enrolled in kindergarten, at least four hundred fifty instructional hours, which shall be increased to at least one thousand instructional hours according to the implementation schedule under RCW 28A.150.315.

(3) The instructional program of basic education provided by each school district shall include:

(a) Instruction in the essential academic learning requirements under RCW 28A.655.070;

(b) Instruction that provides students the opportunity to complete twenty-four credits for high school graduation, subject to a phased-in implementation of the twenty-four credits as established by the legislature. Course distribution requirements may be established by the state board of education under RCW 28A.230.090;

(c) If the essential academic learning requirements include a requirement of languages other than English, the requirement may be met by students receiving instruction in one or more American Indian languages;

(d) Supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065;

(5) Each school district's kindergarten through twelfth grade basic educational program shall be accessible to all students who are five years of age, as provided by RCW 28A.225.160, and less than twenty-one years of age and shall consist of a minimum of one hundred eighty school days per school year in such grades as are conducted by a school district, and one hundred eighty half-days of instruction, or equivalent, in kindergarten, to be increased to a minimum of one hundred eighty school days per school year according to the implementation schedule under RCW 28A.150.315. However, schools administering the Washington kindergarten inventory of developing skills may use up to three school days at the beginning of the school year to meet with parents and families as required in the parent involvement component of the inventory. In addition, effective May 1, 1979, a school district may schedule the last five school days of the one hundred and eighty day school year for noninstructional purposes in the case of students who are graduating from high school, including, but not limited to, the observance of graduation and early release from school upon the request of a student, and all such students may be claimed as a full-time equivalent student to the extent they could otherwise have been so claimed for the purposes of RCW 28A.150.250 and 28A.150.260.

REMARKS BY ROSA FRANKLIN

Rosa Franklin: "Thank you Mr. Lieutenant Governor and your assistant, your young assistant. I love it. As I said to the Lieutenant Governor and to everyone, I was quite comfortable up there looking down. They said 'No, you come down', and I said, 'All right, if they will tolerate me.' It is so good to see each and every one of you. Red Hat Day, it started over in the Pritchard Building and I said to our then-Majority Leader Snyder and others, 'You know, we sometimes don't have enough fun. Let's have some fun' and spoke of let's do Red Hat and went around and that's where it started and then when I go back and think Senator West was ill and was recovering and he said he looked at channel 23 and looked and said 'What in the world are they doing'? He could not imagine what we were doing? We were having fun with Red Hat Day. From that day on when I was looking at some pictures a couple nights ago and thought about I wonder whose carrying on this tradition of having some fun and was so surprised when Senator McAuliffe called and said you're doing Red Hat Day and I said, 'great.' It's so good to be here and to have our male colleagues with their Red Caps. Keep up the good work. Have fun, don't get too serious. When you really serious and don't have fun, then it's time to quit but have fun and do the work. It's good being here."

The motion by Senator Conway failed and the striking amendment was not adopted by voice vote.

MOTION

Senator Bailey moved that the following striking amendment by Senator Bailey be adopted:

Strike everything after the enacting clause and insert the following:

"PART I SHORT TITLE AND INTENT

NEW SECTION. Sec. 101. This act may be known and cited as the public employee defined contribution retirement plan act.

NEW SECTION. Sec. 102. The legislature recognizes the need for public employees, public safety employees, teachers, and school employees, to have a secure and viable retirement benefit, not only for their own financial protection, but also so that public funds are spent prudently for their intended purpose. The legislature also recognizes the need for public employers and taxpayers to have consistent and predictable pension funding obligations in support of employee retirement benefits. Therefore, it is the intent of the legislature to provide a defined contribution retirement plan option for new public employees, teachers, and school employees that uses best practices of defined contribution plans to provide opportunity and flexibility to accrue a viable retirement benefit, while providing stable funding requirements for public employers and taxpayers. These best practices include minimizing the investment risk borne by the participants, whether through lack of investment knowledge or lack of access to the full variety of investment classes, and providing a distribution option that would ensure participants do not outlive their savings.

PART II RETIREMENT SYSTEM

NEW SECTION. Sec. 201. This chapter applies only to members of the Washington public employees' savings plan created under this chapter.

NEW SECTION. Sec. 202. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Accumulated contributions" means the sum of all contributions standing to the credit of a member in the member's individual account, together with the earnings thereon.

(2)(a) "Compensation earnable" means salaries or wages earned by a member during a payroll period for personal services, including overtime payments, and shall include wages and salaries deferred under provisions established pursuant to sections 403(b), 414(h), and 457 of the internal revenue code, but excludes nonmoney maintenance compensation and lump sum or other payments for deferred annual sick leave, unused accumulated vacation leave, unused accumulated annual leave, or any form of severance pay.

(b) "Compensation earnable" also includes the following actual or imputed payments, which are not paid for personal services:

(i) Retroactive payments to an individual by an employer on reinstatement of the employee in a position, or payments by an employer to an individual in lieu of reinstatement in a position which are awarded or granted as the equivalent of the salary or wage which the individual would have earned during a payroll period is considered compensation earnable to the extent provided in this subsection (2), and the individual shall receive the equivalent service;

(ii) Assault pay only as authorized by RCW 27.04.100, 72.01.045, and 72.09.240;

(iii) Compensation that a member would have received but for a disability occurring in the line of duty only as authorized by RCW 41.40.038;

(iv) Compensation that a member receives due to participation in the leave sharing program only as authorized by RCW 41.04.650 through 41.04.670; and

(v) Compensation that a member receives for being in standby status. For the purposes of this section, a member is in standby status when not being paid for time actually worked and the employer requires the member to be prepared to report immediately for work, if the need arises, although the need may not arise.

(3) "Department" means the department of retirement systems created in chapter 41.50 RCW.

(4) "Director" means the director of the department.

(5) "Eligible position" means any position that meets the definition of eligible position in chapters 41.32, 41.35, 41.37, and 41.40 RCW shall be considered an eligible position under this chapter.

(6) "Employee" or "employed" means a person who is providing services for compensation to an employer, unless the person is free from the employer's direction and control over the performance of work. The department shall adopt rules and interpret this subsection consistent with common law.

(7)(a) "Employer" means every branch, department, agency, commission, board, and office of the state, and any political subdivision and municipal corporation of the state admitted into the retirement system, including school districts, educational service districts, and public agencies created pursuant to RCW 35.63.070, 36.70.060, and 39.34.030. Any employer who is participating in the retirement systems established in chapters 41.32, 41.35, 41.37, and 41.40 RCW on the effective date of this section is an employer under this chapter. Any entity that becomes an employer under chapters 41.32, 41.35, 41.37, and 41.40 RCW after the effective date of this section is also an employer under this chapter.

(b) Except as otherwise specifically provided in this chapter, "employer" does not include a government contractor. For purposes of this subsection, a "government contractor" is any entity, including a partnership, limited liability company, for-profit or nonprofit corporation, or person, that provides services pursuant to a contract with an employer. The determination whether an employer-employee relationship has been established is not based on the relationship between a government contractor and an employer, but is based solely on the relationship between a government contractor's employee and an employer under this chapter.

(8) "Ineligible position" means any position that does not conform with the requirements set forth in subsection (5) of this section.

(9) "Leave of absence" means the period of time a member is authorized by the employer to be absent from service without being separated from membership.

(10) "Member" means any employee included in the membership of the retirement system, as provided for in section 204 of this act.

(11) "Member account" or "member's account" means the sum of the member and employer contributions and earnings on behalf of the member.

(12) "Regular interest" means the rate the director determines.

(13) "Retirement system" means the Washington public employees' savings plan created in this chapter.

(14) "Separation from service" occurs when a person has terminated all employment with an employer. Separation from service or employment does not occur, and if claimed by an

employer or employee may be a violation of RCW 41.40.055, when an employee and employer have a written or oral agreement to resume employment with the same employer following termination. Mere expressions or inquiries about postretirement employment by an employer or employee that do not constitute a commitment to reemploy the employee after retirement are not an agreement under this subsection.

(15)(a) "Service" means periods of employment by a member in an eligible position or positions for one or more employers for which compensation earnable is paid. Time spent in standby status, whether compensated or not, is not service. Educational employees who are compensated for work in at least nine months from September to August shall be provided one year of service.

(b) Service in any state elective position is service.

(16) "State actuary" or "actuary" means the person appointed pursuant to RCW 44.44.010(2).

(17) "State elective position" means any position held by any person elected or appointed to statewide office or elected or appointed as a member of the legislature.

(18) "State treasurer" means the treasurer of the state of Washington.

(19) "Substitute employee" means any substitute employee as defined in RCW 41.35.010 and any substitute teacher as defined in RCW 41.32.010.

(20) "Transferable plan" means the plans 2 and plans 3 of the retirement systems established under chapters 41.32, 41.34, 41.35, 41.37, and 41.40 RCW.

NEW SECTION. Sec. 203. A public employees' savings plan is hereby created for the employees of the state of Washington and its political subdivisions. The administration and management of the savings plan, the responsibility for making effective the provisions of this chapter, and the authority to make all rules and regulations necessary therefor are hereby vested in the department. All such rules and regulations shall be governed by the provisions of chapter 34.05 RCW. The retirement system created in this chapter shall be known as the Washington public employees' savings plan.

NEW SECTION. Sec. 204. Membership in the retirement system consists of:

(1) All regularly compensated employees, substitute employees, and appointive and elective officials who:

(a) Are eligible for membership in plan 2 or plan 3 of the retirement systems established under chapters 41.32, 41.35, 41.37, or 41.40 RCW;

(b) First become employed by an employer on or after July 1, 2014; and

(c) Make an irrevocable choice to become a member of the system, or become a member by default, as provided in subsection (3) of this section. However, a member may not participate in another defined contribution retirement plan or annuity retirement plan which includes an employer contribution for the same period of employment with an employer.

(2) All regularly compensated employees and appointive and elective officials employed by an employer who first established service in a transferable plan prior to July 1, 2014, and who made an irrevocable choice to transfer into the system as provided in section 206 of this act.

(3)(a) All individuals who meet the requirements of subsection (1) of this section have a period of ninety days to make an irrevocable choice to either become a member of the public employees' savings plan or to instead elect to become a member, if eligible, of plan 2 or plan 3 of a retirement system established under chapters 41.32, 41.35, 41.37, and 41.40 RCW. At the end of ninety days, if the individual has not made a choice of a retirement plan, he or she becomes a member of plan 3 of the applicable retirement system or plan 2 of the retirement system established under chapter 41.37 RCW.

(b) For administrative efficiency, until a member makes a choice or becomes a plan 3 member by default, as provided in (a) of this subsection, the member shall be reported to the department in plan 2 of the state defined benefit retirement system listed in (a) of this subsection for which they are eligible, with member and employer contributions. Upon becoming a member of the public employees' savings plan or of plan 3, all member and employer accumulated contributions will be credited to the member's account in the public employees' savings plan, subject to the vesting requirements in section 207 of this act, or in the member's plan 3 defined contribution account. If the individual becomes a member of plan 3, all service credit shall be transferred to the member's plan 3 defined benefit.

NEW SECTION. Sec. 205. Substitute employees may establish membership and service in the plan under the provisions of RCW 41.32.013 or 41.35.033.

NEW SECTION. Sec. 206. (1) Between January 1, 2015, and July 1, 2015, every member of a transferable plan employed by an employer in an eligible position has a one-time and irrevocable option to transfer to the public employees' savings plan. Contributions to this plan shall begin the first day of the pay cycle in which the employee becomes a member. Members electing this option must transfer service from each transferable plan in which the member has established service credit.

(2) Service in each transferable plan for which a transferring member has established service credit will be transferred to the public employees' savings plan on July 1, 2015. This service applies to the eligibility for vesting in employer matching contributions as provided in section 207 of this act.

(3) Retirement benefits in each transferable plan for which a transferring member has established service credit will be transferred to the public employees' savings plan and credited to member accounts in the public employees' savings plan as follows:

(a) Plan 2 members' accumulated contributions from each transferable plan 2 will be transferred on July 1, 2015, including all accrued interest as of the transfer date;

(b) Plan 3 members' member accounts from each transferable plan 3 will be transferred on July 1, 2015;

(c) An additional transfer payment from each transferable plan will be credited to qualified members' accounts in the public employees' savings plan on July 1, 2017. The transfer payment represents the employer provided portion of the member's accrued retirement benefit and is equal to the actuarial equivalent value of the member's accrued retirement benefit on June 30, 2015, as determined by the director in consultation with the state actuary, less any amounts transferred under (a) of this subsection. In no event may the additional transfer payment result in a decrease in the value of a member's account;

(d) For purposes of determining the actuarial equivalent value of the accrued benefit transferred under (c) of this subsection, the department shall include both expected future salary increases and expected future service credit for benefit eligibility purposes. However, only service credit earned as of June 30, 2015, shall be used to determine the portion of the present value of future benefits that the transferring member has accrued at the date of the transfer;

(e) The additional transfer payment provided under (c) of this subsection must be increased with regular interest, as determined by the director, for the period of time between the transfer date and the date of the additional transfer payment;

(f) To qualify for the transfer payment provided under (c) of this subsection, a transferring member must remain employed by an employer in an eligible position through July 1, 2017;

(g) Members and beneficiaries are fully vested in each amount transferred under (a), (b), (c), and (e) of this subsection when the amount is credited to the member's account in the public employees' savings plan.

ONE HUNDRED SECOND DAY, APRIL 25, 2013

2013 REGULAR SESSION

(4) Members transferring to the public employees' savings plan forfeit all service and benefits from all transferable plans and may not reestablish membership in any transferable plan.

(5) The department shall notify potentially eligible members of their option to transfer to the public employees' savings plan and shall provide estimates of the amounts potentially available for transfer to their member accounts.

NEW SECTION. Sec. 207. (1) Except as provided in subsection (5) of this section, a member shall contribute five percent of his or her compensation earnable until age thirty-five, and seven and one-half percent thereafter.

(2) The employer of a member shall contribute to the member's account an amount equal to eighty percent of the contributions made by a member.

(3) Members with less than five years of service are not vested in employer contributions to member accounts and the earnings on those contributions. Once members have attained five years of service, they become fully vested in the employer contributions and the earnings on those contributions. Members do not have any right to receive employer contributions or the earnings on those contributions in which they are not vested.

(4) Contributions shall begin the first day of the pay cycle in which the employee becomes a member.

(5) If required by the federal internal revenue service pursuant to a private letter ruling issued pursuant to section 213 of this act, the member contribution rate for persons who transfer to the retirement plan pursuant to section 206 of this act shall be identical to the member contribution rate they had immediately prior to transferring to the retirement plan. The employers of those members shall contribute to those members' accounts four percent of the member's compensation earnable until age thirty-five, and six percent thereafter.

NEW SECTION. Sec. 208. In addition to contributions made to members' accounts, employers shall make contributions to the unfunded actuarial accrued liability in plan 1 of the teachers' retirement system and plan 1 of the public employees' retirement system as follows:

(1) School districts and educational service districts shall contribute to plan 1 of the teachers' retirement system the amounts specified in RCW 41.45.060(8) (b) and (c) on earnable compensation paid to teachers as defined in RCW 41.32.010.

(2) School districts and educational service districts shall contribute to plan 1 of the public employees' retirement system the amounts specified in RCW 41.45.060(6) (b) and (c) on earnable compensation paid to classified employees as defined in RCW 41.35.010.

(3) Employers other than school districts and educational service districts shall contribute to plan 1 of the public employees' retirement system the amounts specified in RCW 41.45.060(6) (b) and (c).

NEW SECTION. Sec. 209. (1) Members may self-direct their investments as set forth in section 210 of this act and RCW 43.33A.190. If a member does not select investments, the member's account shall be invested in the default investment option of the retirement strategy fund that is closest to the retirement target date of the member. "Retirement strategy fund" means one of several diversified asset allocation portfolios managed by investment advisors under contract to the state investment board. The asset mix of the portfolios adjusts over time depending on a target retirement date.

(2) The department shall adopt rules that will allow members the option to roll over moneys from other tax qualified accounts into their public employees' savings plan member account. This option is subject to internal revenue service requirements for favorable tax

qualification. The department is not required to allow all roll-overs that may be permitted under internal revenue service regulations.

NEW SECTION. Sec. 210. (1) The state investment board has the full authority to invest all self-directed investment moneys in accordance with RCW 43.84.150 and 43.33A.140, and cumulative investment directions received pursuant to section 209 of this act and this section. In carrying out this authority the state investment board, after consultation with the department, shall provide a set of options for members to choose from for self-directed investment.

(2) All investment and operating costs of the state investment board associated with making self-directed investments shall be paid by members and recovered under procedures agreed to by the department and the state investment board pursuant to the principles set forth in RCW 43.33A.160 and 43.84.160. All other expenses caused by self-directed investment shall be paid by the member in accordance with rules established by the department. With the exception of these expenses, all earnings from self-directed investments shall accrue to the member's account.

(3)(a)(i) The department shall keep or cause to be kept full and adequate accounts and records of each individual member's account. The department shall account for and report on the investment of defined contribution assets or may enter into an agreement with the state investment board for such accounting and reporting under this chapter.

(ii) The department's duties related to individual member accounts include conducting the activities of trade instruction, settlement activities, and direction of cash movement and related wire transfers with the custodian bank and outside investment firms.

(iii) The department has sole responsibility for contracting with any recordkeepers for individual member accounts and shall manage the performance of recordkeepers under those contracts.

(b)(i) The department's duties under (a)(ii) of this subsection do not limit the authority of the state investment board to conduct its responsibilities for asset management and balancing of the defined contribution funds.

(ii) The state investment board has sole responsibility for contracting with outside investment firms to provide investment management for the defined contribution funds and shall manage the performance of investment managers under those contracts.

(c) The state treasurer shall designate and define the terms of engagement for the custodial banks.

NEW SECTION. Sec. 211. (1) If the member terminates employment, the balance in the member's account may be distributed in accordance with an option selected by the member either as a lump sum or pursuant to other options authorized by the department. A distribution from the member account shall not result in loss of service for purposes of vesting in employer contributions under section 207 of this act.

(2) If the member dies while in service, the balance of the member's account may be distributed in accordance with an option selected by the member either as a lump sum or pursuant to other options authorized by the department. The distribution is as follows:

(a) The distribution shall be made to the person or persons the member nominated by written designation duly executed and filed with the department;

(b) If there is no designated person or persons still living at the time of the member's death, the balance of the member's account in the retirement system shall be paid to the member's surviving spouse as if in fact the spouse had been nominated by written designation;

(c) If there is no surviving spouse, then to the person or persons, trust, or organization as the member has nominated by written designation duly executed and filed with the department; or

(d) If there is no designated person or persons still living at the time of the member's death, then to the member's legal representatives.

(3) The distribution under subsections (1) and (2) of this section is less:

(a) Any amount identified as owing to an obligee upon withdrawal pursuant to a court order filed under RCW 41.50.670; and

(b) Any employer contributions and the earnings on those contributions in which the member is not vested as provided for in section 207 of this act.

(4) Upon any distribution from a member account under this section, any employer contributions and the earnings on those contributions in which the member is not vested as provided for in section 207 of this act are forfeited by the member. Amounts forfeited under this subsection will be credited, under rules developed by the department, to the employers that made the contributions.

(5) The department, in consultation with the state investment board, shall adopt rules providing members and survivors an option to purchase, using funds in the member's account, an annuity from a state-administered fund. The offering of this option is subject to favorable tax determination by the internal revenue service.

NEW SECTION. Sec. 212. (1) Subject to subsections (2) and (3) of this section, the right of a person to an annuity or any other right accrued or accruing to any person under the provisions of this chapter, the various funds created by this chapter, and all moneys and investments and income thereof, are hereby exempt from any state, county, municipal, or other local tax, and is not subject to execution, garnishment, attachment, the operation of bankruptcy or insolvency laws, or other process of law whatsoever, whether the same be in actual possession of the person or be deposited or loaned and shall be unassignable.

(2)(a) This section does not prohibit a beneficiary of an annuity from authorizing deductions therefrom for payment of premiums due on any group insurance policy or plan issued for the benefit of a group comprised of public employees of the state of Washington or its political subdivisions and which has been approved for deduction in accordance with rules that may be adopted by the state health care authority and/or the department. This section does not prohibit a beneficiary of an annuity from authorizing deductions therefrom for payment of dues and other membership fees to any retirement association or organization the membership of which is composed of retired public employees, if a total of three hundred or more of such retired employees have authorized such deduction for payment to the same retirement association or organization.

(b) This section does not prohibit a beneficiary of an annuity from authorizing deductions from that allowance for charitable purposes on the same terms as employees and public officers under RCW 41.04.035 and 41.04.036.

(3) Subsection (1) of this section does not prohibit the department from complying with (a) a wage assignment order for child support issued pursuant to chapter 26.18 RCW, (b) an order to withhold and deliver issued pursuant to chapter 74.20A RCW, (c) a notice of payroll deduction issued pursuant to RCW 26.23.060, (d) a mandatory benefits assignment order issued by the department, (e) a court order directing the department of retirement systems to pay benefits directly to an obligee under a dissolution order as defined in RCW 41.50.500(3) which fully complies with RCW 41.50.670 and 41.50.700, or (f) any administrative or court order expressly authorized by federal law.

NEW SECTION. Sec. 213. (1) The retirement plan created by this chapter must be administered so as to comply with the internal revenue code, Title 26 U.S.C., and specifically with plan qualification requirements imposed on governmental plans by

section 401(a) of the internal revenue code. The department shall submit a request for a private letter ruling to the federal internal revenue service to confirm that permitting persons who transfer to the retirement plan pursuant to section 206 of this act to make contributions at the rates provided in section 207(1) of this act, will not prevent the retirement plan from being a qualified plan.

(2) Any section or provision of this chapter which is susceptible to more than one construction must be interpreted in favor of the construction most likely to satisfy requirements imposed by section 401(a) of the internal revenue code.

(3) If any section or provision of this chapter is found to be in conflict with the plan qualification requirements for governmental plans in section 401(a) of the internal revenue code, the conflicting part of this chapter is hereby inoperative solely to the extent of the conflict, and such finding does not affect the operation of the remainder of this chapter.

NEW SECTION. Sec. 214. (1) A state board, commission, or agency, or any officer, employee, or member thereof, is not liable for any loss or deficiency resulting from member investments selected or required pursuant to section 210 (1) or (3) of this act.

(2) Neither the department, nor director or any employee, nor the state investment board, nor any officer, employee, or member thereof, is liable for any loss or deficiency resulting from a member investment in the default option pursuant to section 209 of this act or reasonable efforts to implement investment directions pursuant to section 210 (1) or (3) of this act.

(3) The state investment board, or any officer, employee, or member thereof, is not liable with respect to any declared unit valuations or crediting of rates of return, or any other exercise of powers or duties, including discretion, under section 210(2) of this act.

(4) The department, or any officer or employee thereof, is not liable for crediting rates of return which are consistent with the state investment board's declaration of unit valuations pursuant to section 210(2) of this act.

NEW SECTION. Sec. 215. For the purposes of this chapter, the terms spouse, marriage, marital, husband, wife, widow, widower, next of kin, and family apply equally to state registered domestic partnerships or individuals in state registered domestic partnerships as well as to marital relationships and married persons, and references to dissolution of marriage apply equally to state registered domestic partnerships that have been terminated, dissolved, or invalidated, to the extent that such interpretation does not conflict with federal law. When necessary to implement chapter 521, Laws of 2009, gender-specific terms such as husband and wife used in any statute, rule, or other law are gender neutral, and applicable to individuals in state registered domestic partnerships.

NEW SECTION. Sec. 216. Sections 201 through 215 of this act constitute a new chapter in Title 41 RCW.

MESSAGE FROM THE HOUSE

April 16, 2013

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5405 with the following amendment(s): 5405-S2.E AMH ROBE H2402.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the federal fostering connections to success and increasing adoptions act of 2008 provides important new opportunities to increase the impact of state funding through maximizing the amount of federal funding available to promote permanency and positive outcomes for dependent youth.

(2) The legislature also finds that children and adolescents who are legal dependents of Washington state have experienced significant trauma and loss, putting them at increased risk for poor life outcomes. Longitudinal research on the adult functioning of former foster youth indicates a disproportionate likelihood that youth aging out of foster care and those who spent several years in care will experience poor outcomes in a variety of areas, including limited human capital upon which to build economic security and inability to fully take advantage of secondary and postsecondary educational opportunities, untreated mental or behavioral health problems, involvement in the criminal justice and corrections systems, and early parenthood combined with second-generation child welfare involvement.

(3) The legislature further finds that research also demonstrates that access to adequate and appropriate supports during the period of transition from foster care to independence can have significant positive impacts on adult functioning and can improve outcomes relating to educational attainment and postsecondary enrollment, employment and earnings, and reduced rates of teen pregnancies.

Sec. 2. RCW 13.34.030 and 2011 1st sp.s. c 36 s 13 are each reenacted and amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child," "juvenile," and "youth" means:

(a) Any individual under the age of eighteen years; or

(b) Any individual age eighteen to twenty-one years who is eligible to receive and who elects to receive the extended foster care services authorized under RCW 74.13.031. A youth who remains dependent and who receives extended foster care services under RCW 74.13.031 shall not be considered a "child" under any other statute or for any other purpose.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of

ONE HUNDRED SECOND DAY, APRIL 25, 2013

2013 REGULAR SESSION

placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Department" means the department of social and health services.

(5) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(6) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child;

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development; or

(d) Is receiving extended foster care services, as authorized by RCW 74.13.031.

(7) "Developmental disability" means a disability attributable to intellectual disability, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to an intellectual disability or to require treatment similar to that required for individuals with intellectual disabilities, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial limitation to the individual.

(8) "Extended foster care services" means residential and other support services the department is authorized to provide under RCW 74.13.031. These services may include placement in licensed, relative, or otherwise approved care, or supervised independent living settings; assistance in meeting basic needs; independent living services; medical assistance; and counseling or treatment.

(9) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding, including a guardian appointed pursuant to chapter 13.36 RCW; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" does not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(10) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(11) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(12) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For purposes of this chapter, "housing assistance" is not a remedial service or time-limited family reunification service as described in RCW 13.34.025(2).

(13) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, aged, blind, or disabled assistance benefits, medical care services under RCW 74.09.035, pregnant women assistance benefits, poverty-related veterans' benefits, food stamps or food stamp benefits transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty-five percent or less of the federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

(14) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

(16) "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to RCW 74.15.030.

(17) "Sibling" means a child's birth brother, birth sister, adoptive brother, adoptive sister, half-brother, or half-sister, or as defined by the law or custom of the Indian child's tribe for an Indian child as defined in RCW 13.38.040.

(18) "Social study" means a written evaluation of matters relevant to the disposition of the case and shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered. The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal;

(e) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child's relationship and emotional bond with any siblings, and the agency's plan to provide ongoing contact between the child and the child's siblings if appropriate; and

(19) "Supervising agency" means an agency licensed by the state under RCW 74.15.090, or licensed by a federally recognized Indian tribe located in this state under RCW 74.15.190, that has entered into a performance-based contract with the department to

provide case management for the delivery and documentation of child welfare services as defined in RCW 74.13.020.

(20) "Nonminor dependent" means any individual age eighteen to twenty-one years who is participating in extended foster care services authorized under RCW 74.13.031.

(21) "Supervised independent living" includes, but is not limited to, apartment living, room and board arrangements, college or university dormitories, and shared roommate settings. Supervised independent living settings must be approved by the children's administration or the court.

(22) "Voluntary placement agreement" means, for the purposes of extended foster care services, a written voluntary agreement between a nonminor dependent who agrees to submit to the care and authority of the department for the purposes of participating in the extended foster care program.

Sec. 3. RCW 13.34.145 and 2011 c 330 s 6 are each amended to read as follows:

(1) The purpose of a permanency planning hearing is to review the permanency plan for the child, inquire into the welfare of the child and progress of the case, and reach decisions regarding the permanent placement of the child.

(a) A permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree, guardianship order, or permanent custody order has not previously been entered. The hearing shall take place no later than twelve months following commencement of the current placement episode.

(b) Whenever a child is removed from the home of a dependency guardian or long-term relative or foster care provider, and the child is not returned to the home of the parent, guardian, or legal custodian but is placed in out-of-home care, a permanency planning hearing shall take place no later than twelve months, as provided in this section, following the date of removal unless, prior to the hearing, the child returns to the home of the dependency guardian or long-term care provider, the child is placed in the home of the parent, guardian, or legal custodian, an adoption decree, guardianship order, or a permanent custody order is entered, or the dependency is dismissed. Every effort shall be made to provide stability in long-term placement, and to avoid disruption of placement, unless the child is being returned home or it is in the best interest of the child.

(c) Permanency planning goals should be achieved at the earliest possible date, preferably before the child has been in out-of-home care for fifteen months. In cases where parental rights have been terminated, the child is legally free for adoption, and adoption has been identified as the primary permanency planning goal, it shall be a goal to complete the adoption within six months following entry of the termination order.

(2) No later than ten working days prior to the permanency planning hearing, the agency having custody of the child shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties and their legal counsel, if any.

(3) When the youth is at least age seventeen years but not older than seventeen years and six months, the department shall provide the youth with written documentation which explains the availability of extended foster care services and detailed instructions regarding how the youth may access such services after he or she reaches age eighteen years.

(4) At the permanency planning hearing, the court shall conduct the following inquiry:

(a) If a goal of long-term foster or relative care has been achieved prior to the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remain appropriate.

(b) In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why

the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal. The court shall review the permanency plan prepared by the agency and make explicit findings regarding each of the following:

(i) The continuing necessity for, and the safety and appropriateness of, the placement;

(ii) The extent of compliance with the permanency plan by the department or supervising agency and any other service providers, the child's parents, the child, and the child's guardian, if any;

(iii) The extent of any efforts to involve appropriate service providers in addition to department or supervising agency staff in planning to meet the special needs of the child and the child's parents;

(iv) The progress toward eliminating the causes for the child's placement outside of his or her home and toward returning the child safely to his or her home or obtaining a permanent placement for the child;

(v) The date by which it is likely that the child will be returned to his or her home or placed for adoption, with a guardian or in some other alternative permanent placement; and

(vi) If the child has been placed outside of his or her home for fifteen of the most recent twenty-two months, not including any period during which the child was a runaway from the out-of-home placement or the first six months of any period during which the child was returned to his or her home for a trial home visit, the appropriateness of the permanency plan, whether reasonable efforts were made by the department or supervising agency to achieve the goal of the permanency plan, and the circumstances which prevent the child from any of the following:

(A) Being returned safely to his or her home;

(B) Having a petition for the involuntary termination of parental rights filed on behalf of the child;

(C) Being placed for adoption;

(D) Being placed with a guardian;

(E) Being placed in the home of a fit and willing relative of the child; or

(F) Being placed in some other alternative permanent placement, including independent living or long-term foster care.

At this hearing, the court shall order the department or supervising agency to file a petition seeking termination of parental rights if the child has been in out-of-home care for fifteen of the last twenty-two months since the date the dependency petition was filed unless the court makes a good cause exception as to why the filing of a termination of parental rights petition is not appropriate. Any good cause finding shall be reviewed at all subsequent hearings pertaining to the child. For purposes of this section, "good cause exception" includes but is not limited to the following: The child is being cared for by a relative; the department has not provided to the child's family such services as the court and the department have deemed necessary for the child's safe return home; or the department has documented in the case plan a compelling reason for determining that filing a petition to terminate parental rights would not be in the child's best interests.

(c)(i) If the permanency plan identifies independent living as a goal, the court shall make a finding that the provision of services to assist the child in making a transition from foster care to independent living will allow the child to manage his or her financial, personal, social, educational, and nonfinancial affairs prior to approving independent living as a permanency plan of care. The court will inquire whether the child has been provided information about extended foster care services.

(ii) The permanency plan shall also specifically identify the services, including extended foster care services, where appropriate, that will be provided to assist the child to make a successful transition from foster care to independent living.

ONE HUNDRED SECOND DAY, APRIL 25, 2013

2013 REGULAR SESSION

(iii) The department or supervising agency shall not discharge a child to an independent living situation before the child is eighteen years of age unless the child becomes emancipated pursuant to chapter 13.64 RCW.

(d) If the child has resided in the home of a foster parent or relative for more than six months prior to the permanency planning hearing, the court shall:

(i) Enter a finding regarding whether the foster parent or relative was informed of the hearing as required in RCW 74.13.280, 13.34.215(6), and 13.34.096; and

(ii) If the department or supervising agency is recommending a placement other than the child's current placement with a foster parent, relative, or other suitable person, enter a finding as to the reasons for the recommendation for a change in placement.

~~((4))~~ (5) In all cases, at the permanency planning hearing, the court shall:

(a)(i) Order the permanency plan prepared by the supervising agency to be implemented; or

(ii) Modify the permanency plan, and order implementation of the modified plan; and

(b)(i) Order the child returned home only if the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists; or

(ii) Order the child to remain in out-of-home care for a limited specified time period while efforts are made to implement the permanency plan.

~~((5))~~ (6) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the dependency is dismissed, whichever occurs first.

~~((6))~~ (7) Prior to the second permanency planning hearing, the agency that has custody of the child shall consider whether to file a petition for termination of parental rights.

~~((7))~~ (8) If the court orders the child returned home, casework supervision by the department or supervising agency shall continue for at least six months, at which time a review hearing shall be held pursuant to RCW 13.34.138, and the court shall determine the need for continued intervention.

~~((8))~~ (9) The juvenile court may hear a petition for permanent legal custody when: (a) The court has ordered implementation of a permanency plan that includes permanent legal custody; and (b) the party pursuing the permanent legal custody is the party identified in the permanency plan as the prospective legal custodian. During the pendency of such proceeding, the court shall conduct review hearings and further permanency planning hearings as provided in this chapter. At the conclusion of the legal guardianship or permanent legal custody proceeding, a juvenile court hearing shall be held for the purpose of determining whether dependency should be dismissed. If a guardianship or permanent custody order has been entered, the dependency shall be dismissed.

~~((9))~~ (10) Continued juvenile court jurisdiction under this chapter shall not be a barrier to the entry of an order establishing a legal guardianship or permanent legal custody when the requirements of subsection ~~((8))~~ (9) of this section are met.

~~((10))~~ (11) Nothing in this chapter may be construed to limit the ability of the agency that has custody of the child to file a petition for termination of parental rights or a guardianship petition at any time following the establishment of dependency. Upon the filing of such a petition, a fact-finding hearing shall be scheduled and held in accordance with this chapter unless the department or supervising agency requests dismissal of the petition prior to the hearing or unless the parties enter an agreed order terminating parental rights, establishing guardianship, or otherwise resolving the matter.

~~((14))~~ (12) The approval of a permanency plan that does not contemplate return of the child to the parent does not relieve the supervising agency of its obligation to provide reasonable services, under this chapter, intended to effectuate the return of the child to the parent, including but not limited to, visitation rights. The court shall consider the child's relationships with siblings in accordance with RCW 13.34.130.

~~((12))~~ (13) Nothing in this chapter may be construed to limit the procedural due process rights of any party in a termination or guardianship proceeding filed under this chapter.

Sec. 4. RCW 13.34.267 and 2012 c 52 s 4 are each amended to read as follows:

(1) In order to facilitate the delivery of extended foster care services, the court, upon the agreement of the youth to participate in the extended foster care program, shall ~~(postpone for six months the dismissal of a)~~ maintain the dependency proceeding for any ~~(child)~~ youth who is ~~((a))~~ dependent ~~((child))~~ in foster care at the age of eighteen years and who, at the time of his or her eighteenth birthday, is:

(a) Enrolled in a secondary education program or a secondary education equivalency program; ~~((or))~~

(b) Enrolled and participating in a postsecondary academic or postsecondary vocational program, or has applied for and can demonstrate that he or she intends to timely enroll in a postsecondary academic or postsecondary vocational program; or

(c) Participating in a program or activity designed to promote employment or remove barriers to employment.

(2) If the court maintains the dependency proceeding of a youth pursuant to subsection (1) of this section, the youth is eligible to receive extended foster care services pursuant to RCW 74.13.031, subject to the youth's continuing eligibility and agreement to participate.

(3) A dependent youth receiving extended foster care services is a party to the dependency proceeding. The youth's parent or guardian must be dismissed from the dependency proceeding when the youth reaches the age of eighteen.

(4) The court shall dismiss the dependency proceeding for any youth who is a dependent in foster care and who, at the age of eighteen years, does not meet any of the criteria described in subsection (1)(a) through (c) of this section or does not agree to participate in the program.

~~((2)(a) The six month postponement under this subsection is intended to allow a reasonable window of opportunity for an eligible youth who reaches the age of eighteen to request extended foster care services from the department or supervising agency. The court shall dismiss the dependency if the youth:~~

~~(i) Has not requested extended foster care services from the department by the end of the six month period; or~~

~~(ii) Is no longer eligible for extended foster care services under RCW 74.13.031(10) at any point during the six month period.~~

~~(3) A youth who participates in extended foster care while completing a secondary education or equivalency program may continue to receive extended foster care services for the purpose of participating in a postsecondary academic or postsecondary vocational education program if, at the time the secondary education or equivalency program is completed, the youth has applied to and can demonstrate that he or she intends to timely enroll in a postsecondary academic or vocational education program. The dependency shall be dismissed if the youth fails to timely enroll or continue in the postsecondary program, or reaches age twenty one, whichever is earlier.~~

The department may establish foster care rates appropriate to the needs of the youth participating in extended foster care services. The department's placement and care authority over a youth receiving extended foster care services is solely for the purpose of providing services and does not create a legal responsibility for the actions of the youth receiving extended foster care services.

(6) The court shall appoint counsel to represent a youth, as defined in RCW 13.34.030(2)(b), in dependency proceedings under this section.

(7) The case plan for and delivery of services to a youth receiving extended foster care services is subject to the review requirements set forth in RCW 13.34.138 and 13.34.145, and should be applied in a developmentally appropriate manner, as they relate to youth age eighteen to twenty-one years. Additionally, the court shall consider:

(a) Whether the youth is safe in his or her placement;

(b) Whether the youth continues to be eligible for extended foster care services;

(c) Whether the current placement is developmentally appropriate for the youth;

(d) The youth's development of independent living skills; and

(e) The youth's overall progress toward transitioning to full independence and the projected date for achieving such transition.

(8) Prior to the review hearing, the youth's attorney shall indicate whether there are any contested issues and may provide additional information necessary for the court's review.

~~((9) Upon the request of the youth, or when the youth is no longer eligible to receive extended foster care services according to rules adopted by the department, the court shall dismiss the dependency.)~~

NEW SECTION. Sec. 5. A new section is added to chapter 74.13 RCW to read as follows:

(b) The court, after holding the dependency case open pursuant to RCW 13.34.267(1), has dismissed the case because the youth became ineligible for extended foster care services.

(2)(a) Upon a request for extended foster care services by a youth pursuant to subsection (1) of this section, a determination that the youth is eligible for extended foster care services, and the completion of a voluntary placement agreement, the department shall provide extended foster care services to the youth.

(b) In order to continue receiving extended foster care services after entering into a voluntary placement agreement with the department, the youth must agree to the entry of an order of dependency within one hundred eighty days of the date that the youth is placed in foster care pursuant to a voluntary placement agreement.

(3) A youth may enter into a voluntary placement agreement for extended foster care services only once. A youth may transition among the eligibility categories identified in RCW 74.13.031 while under the same voluntary placement agreement, provided that the youth remains eligible for extended foster care services during the transition.

(4) "Voluntary placement agreement," for the purposes of this section, means a written voluntary agreement between a nonminor dependent who agrees to submit to the care and authority of the department for the purposes of participating in the extended foster care program.

(i) The date that the youth requested extended foster care services;

(ii) The department's reasons for declining to enter into a voluntary placement agreement with the youth and the date of the department's decision; and

(iii) Information regarding the youth's right to ask the court to establish a dependency for the purpose of providing extended foster care services and his or her right to counsel to assist in making that request.

(b) The written documentation pursuant to (a) of this subsection must be provided to the youth within ten days of the department's decision not to enter into a voluntary placement agreement with the youth.

(2)(a) A youth seeking to participate in extended foster care after being declined by the department under subsection (1) of this section may file a notice of intent to file a petition for dependency, asking the court to determine his or her eligibility for extended foster care services, and to enter an order of dependency. If the youth chooses to file such notice, it must be filed within thirty days of the date of the department's decision.

(b) Upon filing the notice, the youth must be provided counsel at no cost to him or her. Upon receipt of the youth's petition, the court must set a hearing date to determine whether the petition should be granted.

MESSAGE FROM THE HOUSE

April 12, 2013

MR. PRESIDENT:

The House passed SENATE BILL NO. 5797 with the following amendment(s): 5797 AMH ENGR H2300.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that in the state of Washington, there exists a type of court administered by the judiciary commonly called a specialty or therapeutic court. Judges in the trial courts throughout the state effectively utilize specialty and therapeutic courts to remove defendants with their consent and the consent of the prosecuting authority from the normal criminal court system and allow those defendants the opportunity to obtain treatment services to address particular issues that may have contributed to the conduct that led to their arrest in exchange for dismissal of the charges. Trial courts have proved adept at creative approaches in fashioning a wide variety of specialty and therapeutic courts addressing the spectrum of social issues that can contribute to criminal activity.

The legislature also finds that there are presently more than seventy-four specialty and therapeutic courts operating in the state of Washington that save costs to both the trial courts and law enforcement by strategic focus of resources within the criminal justice system. There are presently more than fifteen types of specialty and therapeutic courts in the state including: Veterans treatment court, adult drug court, juvenile drug court, family dependency treatment court, mental health court, DUI court, community court, reentry drug court, tribal healing to wellness court, truancy court, homeless court, domestic violence court, gambling court, and Back on TRAC: Treatment, responsibility, accountability on campus.

The legislature recognizes the inherent authority of the judiciary under Article IV, section 1 of the state Constitution to establish specialty and therapeutic courts. The legislature recognizes the outstanding contribution to the state and a local community made by the establishment of specialty and therapeutic courts and desires to provide a general provision in statute acknowledging and encouraging the judiciary to provide for such courts to address the particular needs within a given judicial jurisdiction.

NEW SECTION. Sec. 2. A new section is added to chapter 2.28 RCW to read as follows:

(1) The legislature respectfully encourages the supreme court to adopt any administrative orders and court rules of practice and procedure it deems necessary to support the establishment of effective specialty and therapeutic courts.

(2) Any jurisdiction may establish a specialty or therapeutic court under this section and may seek state or federal funding as it becomes available for the establishment, maintenance, and expansion of specialty and therapeutic courts and for the provision by participating agencies of treatment to participating defendants.

(3) Any jurisdiction establishing a specialty court shall endeavor to incorporate the treatment court principles of best practices as recognized by state and national treatment court agencies and organizations in structuring a particular program, which may include:

- (a) Determine the population;
- (b) Perform a clinical assessment;
- (c) Develop the treatment plan;
- (d) Supervise the offender;
- (e) Forge agency, organization, and community partnerships;

- (f) Take a judicial leadership role;
- (g) Develop case management strategies;
- (h) Address transportation issues;
- (i) Evaluate the program;
- (j) Ensure a sustainable program.

(4) No therapeutic or specialty court may be established specifically for the purpose of applying foreign law, including foreign criminal, civil, or religious law, that is otherwise not required by treaty.

(5) Specialty and therapeutic courts shall continue to: (a) Obtain the consent of the prosecuting authority in order to remove a charged offender from the regular course of prosecution and punishment; and (b) comply with sentencing requirements as established in state law.

(6) No specialty or therapeutic court established by court rule shall enforce a foreign law, if doing so would violate a right guaranteed by the Constitution of this state or of the United States.

NEW SECTION. Sec. 3. The superior court judges' association and the district and municipal court judges' association are encouraged to invite other appropriate organizations and convene a work group to examine the structure of all specialty and therapeutic courts in Washington. If such a work group is convened, the legislature requests a recommendation for the structure for such courts in the law and court rules, incorporating principles of best practices relative to a particular court as recognized by state and national treatment court agencies and organizations, to make such courts more effective and more prevalent throughout the state. The legislature requests such recommendations prior to the beginning of the 2014 legislative session, and respectfully requests the supreme court to consider any recommendations from the work group pertaining to necessary changes in court rules.

NEW SECTION. Sec. 4. For the purposes of this act, "specialty court" and "therapeutic court" both mean a specialized pretrial or sentencing docket in select criminal cases where agencies coordinate work to provide treatment for a defendant who has particular needs.

Sec. 5. RCW 2.28.170 and 2009 c 445 s 2 are each amended to read as follows:

(1) ((Counties)) Jurisdictions may establish and operate drug courts.

(2) For the purposes of this section, "drug court" means a court that has special calendars or dockets designed to achieve a reduction in recidivism and substance abuse among nonviolent, substance abusing felony and nonfelony offenders, whether adult or juvenile, by increasing their likelihood for successful rehabilitation through early, continuous, and intense judicially supervised treatment; mandatory periodic drug testing; and the use of appropriate sanctions and other rehabilitation services.

(3)(a) Any jurisdiction that seeks a state appropriation to fund a drug court program must first:

(i) Exhaust all federal funding that is available to support the operations of its drug court and associated services; and

(ii) Match, on a dollar-for-dollar basis, state moneys allocated for drug court programs with local cash or in-kind resources. Moneys allocated by the state must be used to supplement, not supplant, other federal, state, and local funds for drug court operations and associated services. However, from July 26, 2009, until June 30, 2013, no match is required for state moneys expended for the administrative and overhead costs associated with the operation of a drug court pursuant to RCW 70.96A.350.

(b) Any ((county)) jurisdiction that establishes a drug court pursuant to this section shall establish minimum requirements for the participation of offenders in the program. The drug court may

adopt local requirements that are more stringent than the minimum. The minimum requirements are:

- (i) The offender would benefit from substance abuse treatment;
- (ii) The offender has not previously been convicted of a serious violent offense or sex offense as defined in RCW 9.94A.030; and

- (A) That is a sex offense;
- (B) That is a serious violent offense;
- (C) During which the defendant used a firearm; or
- (D) During which the defendant caused substantial or great bodily harm or death to another person.

Sec. 6. RCW 2.28.175 and 2012 c 183 s 1 are each amended to read as follows:

(1) ((Counties)) Jurisdictions may establish and operate DUI courts. Municipalities may enter into cooperative agreements with counties or other municipalities that have DUI courts to provide DUI court services.

(2) For the purposes of this section, "DUI court" means a court that has special calendars or dockets designed to achieve a reduction in recidivism of impaired driving among nonviolent, alcohol abusing offenders, whether adult or juvenile, by increasing their likelihood for successful rehabilitation through early, continuous, and intense judicially supervised treatment; mandatory periodic testing for alcohol use and, if applicable, drug use; and the use of appropriate sanctions and other rehabilitation services.

(3)(a) Any jurisdiction that seeks a state appropriation to fund a DUI court program must first:

(i) Exhaust all federal funding that is available to support the operations of its DUI court and associated services; and

(ii) Match, on a dollar-for-dollar basis, state moneys allocated for DUI court programs with local cash or in-kind resources. Moneys allocated by the state must be used to supplement, not supplant, other federal, state, and local funds for DUI court operations and associated services. However, until June 30, 2014, no match is required for state moneys expended for the administrative and overhead costs associated with the operation of a DUI court established as of January 1, 2011.

(b) Any jurisdiction that establishes a DUI court pursuant to this section shall establish minimum requirements for the participation of offenders in the program. The DUI court may adopt local requirements that are more stringent than the minimum. The minimum requirements are:

- (i) The offender would benefit from alcohol treatment;
- (ii) The offender has not previously been convicted of a serious violent offense or sex offense as defined in RCW 9.94A.030, vehicular homicide under RCW 46.61.520, vehicular assault under RCW 46.61.522, or an equivalent out-of-state offense; and

(iii) Without regard to whether proof of any of these elements is required to convict, the offender is not currently charged with or convicted of an offense:

- (A) That is a sex offense;
- (B) That is a serious violent offense;
- (C) That is vehicular homicide or vehicular assault;
- (D) During which the defendant used a firearm; or
- (E) During which the defendant caused substantial or great bodily harm or death to another person.

Sec. 7. RCW 2.28.180 and 2011 c 236 s 1 are each amended to read as follows:

(1) ((Counties)) Jurisdictions may establish and operate mental health courts.

(2) For the purposes of this section, "mental health court" means a court that has special calendars or dockets designed to achieve a reduction in recidivism and symptoms of mental illness among

nonviolent, felony and nonfelony offenders with mental illnesses and recidivism among nonviolent felony and nonfelony offenders who have developmental disabilities as defined in RCW 71A.10.020 or who have suffered a traumatic brain injury by increasing their likelihood for successful rehabilitation through early, continuous, and intense judicially supervised treatment including drug treatment for persons with co-occurring disorders; mandatory periodic reviews, including drug testing if indicated; and the use of appropriate sanctions and other rehabilitation services.

(3)(a) Any jurisdiction that seeks a state appropriation to fund a mental health court program must first:

(i) Exhaust all federal funding that is available to support the operations of its mental health court and associated services; and

(ii) Match, on a dollar-for-dollar basis, state moneys allocated for mental health court programs with local cash or in-kind resources. Moneys allocated by the state must be used to supplement, not supplant, other federal, state, and local funds for mental health court operations and associated services.

(A) That is a sex offense;

(B) That is a serious violent offense;

(C) During which the defendant used a firearm; or

(D) During which the defendant caused substantial or great bodily harm or death to another person.

Sec. 8. RCW 2.28.190 and 2011 c 293 s 11 are each amended to read as follows:

Any (~~county~~) jurisdiction that has established a DUI court, drug court, and a mental health court under this chapter may combine the functions of these courts into a single therapeutic court.

MESSAGE FROM THE HOUSE

April 24, 2013

MR. PRESIDENT:

The House receded from its amendment(s) to SECOND SUBSTITUTE SENATE BILL NO. 5213. Under suspension of the rules, the bill was returned to second reading for the purposes of amendment(s). The House adopted the following amendment(s): 5213-S2 AMH CODY H2475.2, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 74.09 RCW to read as follows:

The legislature finds that chronic care management, including comprehensive medication management services, provided by licensed pharmacists and qualified providers is a critical component of a collaborative, multidisciplinary, inter-professional approach to the treatment of chronic diseases for targeted individuals, to improve the quality of care and reduce overall cost in the treatment of such diseases.

Sec. 2. RCW 74.09.522 and 2011 1st sp.s. c 15 s 29, 2011 1st sp.s. c 9 s 2, and 2011 c 316 s 4 are each reenacted and amended to read as follows:

(1) For the purposes of this section:

(a) "Managed health care system" means any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, health insuring organizations, or any combination thereof, that provides directly or by contract health care services covered under this chapter and rendered by licensed providers, on a prepaid capitated basis and that meets the requirements of section 1903(m)(1)(A) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(b) "Nonparticipating provider" means a person, health care provider, practitioner, facility, or entity, acting within their scope of practice, that does not have a written contract to participate in a managed health care system's provider network, but provides health care services to enrollees of programs authorized under this chapter whose health care services are provided by the managed health care system.

(2) The authority shall enter into agreements with managed health care systems to provide health care services to recipients of temporary assistance for needy families under the following conditions:

(a) Agreements shall be made for at least thirty thousand recipients statewide;

(b) Agreements in at least one county shall include enrollment of all recipients of temporary assistance for needy families;

(c) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act or federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act, recipients shall have a choice of systems in which to enroll and shall have the right to terminate their enrollment in a system: PROVIDED, That the authority may limit recipient termination of enrollment without cause to the first month of a period of enrollment, which period shall not exceed twelve months: AND PROVIDED FURTHER, That the authority shall not restrict a recipient's right to terminate enrollment in a system for good cause as established by the authority by rule;

(d) To the extent that this provision is consistent with section 1903(m) of Title XIX of the federal social security act, participating managed health care systems shall not enroll a disproportionate number of medical assistance recipients within the total numbers of persons served by the managed health care systems, except as authorized by the authority under federal demonstration waivers granted under section 1115(a) of Title XI of the federal social security act;

(e)(i) In negotiating with managed health care systems the authority shall adopt a uniform procedure to enter into contractual arrangements, to be included in contracts issued or renewed on or after January 1, ~~((2012))~~ 2015, including:

(A) Standards regarding the quality of services to be provided;

(B) The financial integrity of the responding system;

(C) Provider reimbursement methods that incentivize chronic care management within health homes, including comprehensive medication management services for patients with multiple chronic conditions consistent with the findings and goals established in section 1 of this act;

(D) Provider reimbursement methods that reward health homes that, by using chronic care management, reduce emergency department and inpatient use; ~~((and))~~

(E) Promoting provider participation in the program of training and technical assistance regarding care of people with chronic conditions described in RCW 43.70.533, including allocation of funds to support provider participation in the training, unless the managed care system is an integrated health delivery system that has programs in place for chronic care management;

(F) Provider reimbursement methods within the medical billing processes that incentivize pharmacists or other qualified providers licensed in Washington state to provide comprehensive medication management services consistent with the findings and goals established in section 1 of this act; and

(G) Evaluation and reporting on the impact of comprehensive medication management services on patient clinical outcomes and total health care costs, including reductions in emergency department utilization, hospitalization, and drug costs.

(ii)(A) Health home services contracted for under this subsection may be prioritized to enrollees with complex, high cost, or multiple chronic conditions.

(B) Contracts that include the items in (e)(i)(C) through ~~((E))~~ (G) of this subsection must not exceed the rates that would be paid in the absence of these provisions;

(f) The authority shall seek waivers from federal requirements as necessary to implement this chapter;

(g) The authority shall, wherever possible, enter into prepaid capitation contracts that include inpatient care. However, if this is not possible or feasible, the authority may enter into prepaid capitation contracts that do not include inpatient care;

(h) The authority shall define those circumstances under which a managed health care system is responsible for out-of-plan services and assure that recipients shall not be charged for such services;

(i) Nothing in this section prevents the authority from entering into similar agreements for other groups of people eligible to receive services under this chapter; and

(j) The ~~((department))~~ authority must consult with the federal center for medicare and medicaid innovation and seek funding opportunities to support health homes.

(3) The authority shall ensure that publicly supported community health centers and providers in rural areas, who show serious intent and apparent capability to participate as managed health care systems are seriously considered as contractors. The authority shall coordinate its managed care activities with activities under chapter 70.47 RCW.

(4) The authority shall work jointly with the state of Oregon and other states in this geographical region in order to develop recommendations to be presented to the appropriate federal agencies and the United States congress for improving health care of the poor, while controlling related costs.

(5) The legislature finds that competition in the managed health care marketplace is enhanced, in the long term, by the existence of a large number of managed health care system options for medicaid clients. In a managed care delivery system, whose goal is to focus on prevention, primary care, and improved enrollee health status,

continuity in care relationships is of substantial importance, and disruption to clients and health care providers should be minimized. To help ensure these goals are met, the following principles shall guide the authority in its healthy options managed health care purchasing efforts:

(a) All managed health care systems should have an opportunity to contract with the authority to the extent that minimum contracting requirements defined by the authority are met, at payment rates that enable the authority to operate as far below appropriated spending levels as possible, consistent with the principles established in this section.

(b) Managed health care systems should compete for the award of contracts and assignment of medicaid beneficiaries who do not voluntarily select a contracting system, based upon:

(i) Demonstrated commitment to or experience in serving low-income populations;

(ii) Quality of services provided to enrollees;

(iii) Accessibility, including appropriate utilization, of services offered to enrollees;

(iv) Demonstrated capability to perform contracted services, including ability to supply an adequate provider network;

(v) Payment rates; and

(vi) The ability to meet other specifically defined contract requirements established by the authority, including consideration of past and current performance and participation in other state or federal health programs as a contractor.

(c) Consideration should be given to using multiple year contracting periods.

(d) Quality, accessibility, and demonstrated commitment to serving low-income populations shall be given significant weight in the contracting, evaluation, and assignment process.

(e) All contractors that are regulated health carriers must meet state minimum net worth requirements as defined in applicable state laws. The authority shall adopt rules establishing the minimum net worth requirements for contractors that are not regulated health carriers. This subsection does not limit the authority of the Washington state health care authority to take action under a contract upon finding that a contractor's financial status seriously jeopardizes the contractor's ability to meet its contract obligations.

(f) Procedures for resolution of disputes between the authority and contract bidders or the authority and contracting carriers related to the award of, or failure to award, a managed care contract must be clearly set out in the procurement document.

(6) The authority may apply the principles set forth in subsection (5) of this section to its managed health care purchasing efforts on behalf of clients receiving supplemental security income benefits to the extent appropriate.

(7) A managed health care system shall pay a nonparticipating provider that provides a service covered under this chapter to the system's enrollee no more than the lowest amount paid for that service under the managed health care system's contracts with similar providers in the state.

(8) For services covered under this chapter to medical assistance or medical care services enrollees and provided on or after August 24, 2011, nonparticipating providers must accept as payment in full the amount paid by the managed health care system under subsection (7) of this section in addition to any deductible, coinsurance, or copayment that is due from the enrollee for the service provided. An enrollee is not liable to any nonparticipating provider for covered services, except for amounts due for any deductible, coinsurance, or copayment under the terms and conditions set forth in the managed health care system contract to provide services under this section.

(9) Pursuant to federal managed care access standards, 42 C.F.R. Sec. 438, managed health care systems must maintain a network of appropriate providers that is supported by written

agreements sufficient to provide adequate access to all services covered under the contract with the department, including hospital-based physician services. The department will monitor and periodically report on the proportion of services provided by contracted providers and nonparticipating providers, by county, for each managed health care system to ensure that managed health care systems are meeting network adequacy requirements. No later than January 1st of each year, the department will review and report its findings to the appropriate policy and fiscal committees of the legislature for the preceding state fiscal year.

(10) Subsections (7) through (9) of this section expire July 1, 2016."

Correct the title.

(1) A correction or clarification is timely if it is published before, or within one month after, receipt of a request for correction or clarification or of the information in section 4(1) of this act, whichever is later, unless the period is extended by written agreement of the parties.

(2) A correction or clarification is sufficient if it:

(a) Is published with a prominence and in a manner and medium reasonably likely to reach substantially the same audience as the publication complained of;

(b) Refers to the statement being corrected or clarified and:

(i) Corrects the statement;

(ii) In the case of defamatory meaning arising from other than the express language of the publication, disclaims an intent to communicate that meaning or to assert its truth; or

(iii) In the case of a statement attributed to another person, identifies the person and disclaims an intent to assert the truth of the statement;

(c) Is communicated to the person who has made a request for correction or clarification; and

(d) Accompanies and is an equally prominent part of any electronic publication of the allegedly defamatory statement by the publisher.

(3) A correction or clarification is published in a medium reasonably likely to reach substantially the same audience as the publication complained of if it is published in a later issue, edition, or broadcast of the original publication.

(4) If a later issue, edition, or broadcast of the original publication will not be published within the time limits established for a timely correction or clarification, a correction or clarification is published in a manner and medium reasonably likely to reach substantially the same audience as the publication complained of if:

(a) It is timely published in a reasonably prominent manner:

(i) In another medium likely to reach an audience reasonably equivalent to the original publication; or

(ii) If the parties cannot agree on another medium, in the newspaper with the largest general circulation in the region in which the original publication was distributed;

(b) Reasonable steps are taken to correct undistributed copies of the original publication, if any; and

(c) It is published in the next practicable issue, edition, or broadcast, if any, of the original publication.

(5) A correction or clarification is timely and sufficient if the parties agree in writing that it is timely and sufficient.

NEW SECTION. Sec. 7. CHALLENGES TO CORRECTION OR CLARIFICATION OR TO REQUEST FOR CORRECTION OR CLARIFICATION. (1) If a defendant in an action governed by this chapter intends to rely on a timely and sufficient correction or clarification, the defendant's intention to do so, and the correction or clarification relied upon, must be set forth in a notice served on the plaintiff within sixty days after service of the summons and complaint or ten days after the correction or clarification is made, whichever is later. A correction or clarification is deemed to be timely and sufficient unless the plaintiff challenges its timeliness or sufficiency within twenty days after the notice is served.

(2) If a defendant in an action governed by this chapter intends to challenge the adequacy or timeliness of a request for correction or clarification, the defendant must set forth the challenge in a motion

ONE HUNDRED THIRD DAY, APRIL 26, 2013

2013 REGULAR SESSION

to declare the request inadequate or untimely served within sixty days after service of the summons and complaint. The court shall rule on the motion at the earliest appropriate time before trial.

NEW SECTION. Sec. 8. OFFER TO CORRECT OR CLARIFY. (1) If a timely correction or clarification is no longer possible, the publisher of an alleged defamatory statement may offer, at any time before trial, to make a correction or clarification. The offer must be made in writing to the person allegedly defamed by the publication and:

(a) Contain the publisher's offer to:

(i) Publish, at the person's request, a sufficient correction or clarification; and

(ii) Pay the person's reasonable expenses of litigation, including attorneys' fees, incurred before publication of the correction or clarification; and

(b) Be accompanied by a copy of the proposed correction or clarification and the plan for its publication.

(2) If the person accepts in writing an offer to correct or clarify made pursuant to subsection (1) of this section:

(a) The person is barred from commencing an action against the publisher based on the statement; or

(b) If an action has been commenced, the court shall dismiss the action against the defendant with prejudice after the defendant complies with the terms of the offer.

(3) A person who does not accept an offer made in conformance with subsection (1) of this section may not recover damages for injury to reputation or presumed damages in an action based on the statement; however, the person may recover all other damages permitted by law, as well as reasonable expenses of litigation, including attorneys' fees, incurred before the offer, unless the person failed to make a good-faith attempt to request a correction or clarification in accordance with section 3(2) of this act or failed to disclose information in accordance with section 4 of this act.

(4) On request of either party, a court shall promptly determine the sufficiency of the offered correction or clarification.

NEW SECTION. Sec. 9. SCOPE OF PROTECTION. A timely and sufficient correction or clarification made by a person responsible for a publication constitutes a correction or clarification made by all persons responsible for that publication other than a republisher. However, a correction or clarification that is sufficient only because of the operation of section 6(2)(b)(iii) of this act does not constitute a correction or clarification made by the person to whom the statement is attributed.

NEW SECTION. Sec. 10. UNIFORMITY OF APPLICATION AND CONSTRUCTION. This chapter shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it.

NEW SECTION. Sec. 11. SHORT TITLE. This chapter may be known and cited as the uniform correction or clarification of defamation act.

NEW SECTION. Sec. 12. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

"Sec. 1. RCW 9A.36.031 and 2011 c 336 s 359 and 2011 c 238 s 1 are each reenacted and amended to read as follows:

(1) A person is guilty of assault in the third degree if he or she, under circumstances not amounting to assault in the first or second degree:

(b) Assaults a person employed as a transit operator or driver, the immediate supervisor of a transit operator or driver, a mechanic, or a security officer, by a public or private transit company or a contracted transit service provider, while that person is performing his or her official duties at the time of the assault; or

(c) Assaults a school bus driver, the immediate supervisor of a driver, a mechanic, or a security officer, employed by a school district transportation service or a private company under contract for transportation services with a school district, while the person is performing his or her official duties at the time of the assault; or

(d) With criminal negligence, causes bodily harm to another person by means of a weapon or other instrument or thing likely to produce bodily harm; or

(e) Assaults a firefighter or other employee of a fire department, county fire marshal's office, county fire prevention bureau, or fire protection district who was performing his or her official duties at the time of the assault; or

(f) With criminal negligence, causes bodily harm accompanied by substantial pain that extends for a period sufficient to cause considerable suffering; or

(g) Assaults a law enforcement officer or other employee of a law enforcement agency who was performing his or her official duties at the time of the assault; or

(i) Assaults a nurse, physician, or health care provider who was performing his or her nursing or health care duties at the time of the assault. For purposes of this subsection: "Nurse" means a person licensed under chapter 18.79 RCW; "physician" means a person licensed under chapter 18.57 or 18.71 RCW; and "health care provider" means a person certified under chapter 18.71 or 18.73 RCW who performs emergency medical services or a person regulated under Title 18 RCW and employed by, or contracting with, a hospital licensed under chapter 70.41 RCW; or

(j) Assaults a judicial officer, court-related employee, county clerk, or county clerk's employee, while that person is performing his or her official duties at the time of the assault or as a result of that person's employment within the judicial system. (k) Assaults a person located in a courtroom, jury room, judge's chamber, or any waiting area or corridor immediately adjacent to a courtroom, jury room, or judge's chamber. This section shall apply only: (i) During the times when a courtroom, jury room, or judge's chamber is being used for judicial purposes during court proceedings; and (ii) if signage was posted in compliance with section 3 of this act at the time of the assault .

(2) Assault in the third degree is a class C felony.

Sec. 2. RCW 9.94A.535 and 2011 c 87 s 1 are each amended to read as follows:

The court may impose a sentence outside the standard sentence range for an offense if it finds, considering the purpose of this chapter, that there are substantial and compelling reasons justifying an exceptional sentence. Facts supporting aggravated sentences, other than the fact of a prior conviction, shall be determined pursuant to the provisions of RCW 9.94A.537.

Whenever a sentence outside the standard sentence range is imposed, the court shall set forth the reasons for its decision in written findings of fact and conclusions of law. A sentence outside the standard sentence range shall be a determinate sentence.

If the sentencing court finds that an exceptional sentence outside the standard sentence range should be imposed, the sentence is subject to review only as provided for in RCW 9.94A.585(4).

A departure from the standards in RCW 9.94A.589 (1) and (2) governing whether sentences are to be served consecutively or concurrently is an exceptional sentence subject to the limitations in this section, and may be appealed by the offender or the state as set forth in RCW 9.94A.585 (2) through (6).

(1) Mitigating Circumstances - Court to Consider

The court may impose an exceptional sentence below the standard range if it finds that mitigating circumstances are established by a preponderance of the evidence. The following are illustrative only and are not intended to be exclusive reasons for exceptional sentences.

(a) To a significant degree, the victim was an initiator, willing participant, aggressor, or provoker of the incident.

(b) Before detection, the defendant compensated, or made a good faith effort to compensate, the victim of the criminal conduct for any damage or injury sustained.

(c) The defendant committed the crime under duress, coercion, threat, or compulsion insufficient to constitute a complete defense but which significantly affected his or her conduct.

(d) The defendant, with no apparent predisposition to do so, was induced by others to participate in the crime.

(e) The defendant's capacity to appreciate the wrongfulness of his or her conduct, or to conform his or her conduct to the requirements of the law, was significantly impaired. Voluntary use of drugs or alcohol is excluded.

(f) The offense was principally accomplished by another person and the defendant manifested extreme caution or sincere concern for the safety or well-being of the victim.

(g) The operation of the multiple offense policy of RCW 9.94A.589 results in a presumptive sentence that is clearly excessive in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(h) The defendant or the defendant's children suffered a continuing pattern of physical or sexual abuse by the victim of the offense and the offense is a response to that abuse.

(i) The defendant was making a good faith effort to obtain or provide medical assistance for someone who is experiencing a drug-related overdose.

(j) The current offense involved domestic violence, as defined in RCW 10.99.020, and the defendant suffered a continuing pattern of coercion, control, or abuse by the victim of the offense and the offense is a response to that coercion, control, or abuse.

(2) Aggravating Circumstances - Considered and Imposed by the Court

The trial court may impose an aggravated exceptional sentence without a finding of fact by a jury under the following circumstances:

(a) The defendant and the state both stipulate that justice is best served by the imposition of an exceptional sentence outside the standard range, and the court finds the exceptional sentence to be

consistent with and in furtherance of the interests of justice and the purposes of the sentencing reform act.

(b) The defendant's prior unscored misdemeanor or prior unscored foreign criminal history results in a presumptive sentence that is clearly too lenient in light of the purpose of this chapter, as expressed in RCW 9.94A.010.

(c) The defendant has committed multiple current offenses and the defendant's high offender score results in some of the current offenses going unpunished.

(d) The failure to consider the defendant's prior criminal history which was omitted from the offender score calculation pursuant to RCW 9.94A.525 results in a presumptive sentence that is clearly too lenient.

(3) Aggravating Circumstances - Considered by a Jury - Imposed by the Court

Except for circumstances listed in subsection (2) of this section, the following circumstances are an exclusive list of factors that can support a sentence above the standard range. Such facts should be determined by procedures specified in RCW 9.94A.537.

(a) The defendant's conduct during the commission of the current offense manifested deliberate cruelty to the victim.

(b) The defendant knew or should have known that the victim of the current offense was particularly vulnerable or incapable of resistance.

(c) The current offense was a violent offense, and the defendant knew that the victim of the current offense was pregnant.

(d) The current offense was a major economic offense or series of offenses, so identified by a consideration of any of the following factors:

(i) The current offense involved multiple victims or multiple incidents per victim;

(ii) The current offense involved attempted or actual monetary loss substantially greater than typical for the offense;

(iii) The current offense involved a high degree of sophistication or planning or occurred over a lengthy period of time; or

(iv) The defendant used his or her position of trust, confidence, or fiduciary responsibility to facilitate the commission of the current offense.

(e) The current offense was a major violation of the Uniform Controlled Substances Act, chapter 69.50 RCW (VUCSA), related to trafficking in controlled substances, which was more onerous than the typical offense of its statutory definition: The presence of ANY of the following may identify a current offense as a major VUCSA:

(i) The current offense involved at least three separate transactions in which controlled substances were sold, transferred, or possessed with intent to do so;

(ii) The current offense involved an attempted or actual sale or transfer of controlled substances in quantities substantially larger than for personal use;

(iii) The current offense involved the manufacture of controlled substances for use by other parties;

(iv) The circumstances of the current offense reveal the offender to have occupied a high position in the drug distribution hierarchy;

(v) The current offense involved a high degree of sophistication or planning, occurred over a lengthy period of time, or involved a broad geographic area of disbursement; or

(vi) The offender used his or her position or status to facilitate the commission of the current offense, including positions of trust, confidence or fiduciary responsibility (e.g., pharmacist, physician, or other medical professional).

(f) The current offense included a finding of sexual motivation pursuant to RCW 9.94A.835.

(g) The offense was part of an ongoing pattern of sexual abuse of the same victim under the age of eighteen years manifested by multiple incidents over a prolonged period of time.

ONE HUNDRED FOURTH DAY, APRIL 27, 2013

2013 REGULAR SESSION

(h) The current offense involved domestic violence, as defined in RCW 10.99.020, and one or more of the following was present:

(i) The offense was part of an ongoing pattern of psychological, physical, or sexual abuse of a victim or multiple victims manifested by multiple incidents over a prolonged period of time;

(ii) The offense occurred within sight or sound of the victim's or the offender's minor children under the age of eighteen years; or

(iii) The offender's conduct during the commission of the current offense manifested deliberate cruelty or intimidation of the victim.

(i) The offense resulted in the pregnancy of a child victim of rape.

(j) The defendant knew that the victim of the current offense was a youth who was not residing with a legal custodian and the defendant established or promoted the relationship for the primary purpose of victimization.

I want to thank Senator Smith, Senator Pearson and Senator Rolfes for their work on this bill that we just passed and to Senator Rolfes saluted to the decision by the Fish & Wildlife Commission yesterday. The actions of the Commission and these Senators and others in the House over the last weeks has brought us to a place in Washington State where I believe we are going to be able to move forward with implementation of the wolf management plan which has been extremely controversial in a manner that truly respects ranchers in Eastern Washington making sure that people can actually defend their private property and their families in a time of fear and that's what we've accomplished with this bill and it's kind of a package here with this bill and the commission's decision. I just really want to thank the three of you on your efforts on this. I think it's a great effort for Washington State so that we can recover the species as well as make sure our ranchers have a livelihood that is protected."

and needs the protection of a guardian, the department may bring a guardianship action under chapter 11.88 RCW.

(6) For purposes consistent with this chapter, the department, the certified professional guardian board, and the office of public guardianship may share information contained in reports and investigations of the abuse, abandonment, neglect, self-neglect, and financial exploitation of vulnerable adults. This information may be used solely for (a) recruiting or appointing appropriate guardians and (b) monitoring, or when appropriate, disciplining certified professional or public guardians. Reports of abuse, abandonment, neglect, self-neglect, and financial exploitation are confidential under RCW 74.34.095 and other laws, and secondary disclosure of information shared under this section is prohibited.

(7) When the investigation is completed and the department determines that an incident of abandonment, abuse, financial exploitation, neglect, or self-neglect has occurred, the department shall inform the vulnerable adult of their right to refuse protective services, and ensure that, if necessary, appropriate protective services are provided to the vulnerable adult, with the consent of the vulnerable adult. The vulnerable adult has the right to withdraw or refuse protective services.

((7)) (8) The department's adult protective services division may enter into agreements with federally recognized tribes to investigate reports of abandonment, abuse, financial exploitation, neglect, or self-neglect of vulnerable adults on property over which a federally recognized tribe has exclusive jurisdiction. Upon receipt of the notification, the tribe may assume jurisdiction of the matter. Neither the department nor its employees may participate in the investigation after the tribe assumes jurisdiction. MESSAGE FROM THE HOUSE

April 16, 2013

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5744 with the following amendment(s): 5744-S.E AMH LWD H2192.1

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that many Washington workers involved in manual logging in the logging industry suffer industrial injuries with greater frequency and severity than workers in other industries. The legislature further finds that the incidence and severity of injury is particularly high among young workers during the early periods of employment in manual logging. The legislature recognizes the importance of improving safety performance in the logging industry to reduce industrial injuries for workers and resulting workers' compensation premium rates for employers. The legislature acknowledges that industry participants, including private land owners, timber industry employers, the department of natural resources, and the department of labor and industries, have formed a logger safety task force to develop and implement a logger safety initiative. The goal of the initiative is to reduce the frequency and severity of injuries in the logging industry. The task force will create a program that will establish sector-wide standards for worker training and supervision; establish a certification process for individual company safety programs; and review the progress of logging operations through mandatory performance-based audits. The legislature further recognizes that as the safety culture in the logging industry evolves, the frequency and severity of injuries will decrease, which will drive down industrial insurance costs for logging industry employers. While the industrial insurance costs will decline over time as safety improves, the legislature acknowledges that an immediate reduction in industrial insurance rates for the 2014 rate year for participating logging employers provides an additional incentive for these employers to commit to the logger safety initiative. Therefore, the legislature intends to monitor development and implementation of the logger safety initiative.

NEW SECTION. Sec. 2. A new section is added to chapter 51.04 RCW to read as follows:

(1) The department shall include one or more representatives of logging industry workers on the logger safety task force. In addition, the department shall reach out to all employers in the logging

industry, including those having one or more on the job fatalities in the last five years, and invite them to participate in the logger safety initiative. All participants must comply with the requirements of the logger safety initiative.

(2) By December 31, 2013, the department shall report back to the appropriate committees of the legislature on the development and implementation of the logger safety initiative. The report shall provide a status update on implementation of the initiative and participation in the safety program, including a description and summary of the worker training and supervision standards and the certification process for individual companies. The report shall also contain a description and summary of any industrial insurance rate reduction or other incentive for rate year 2014 that will be applied to employers participating in the initiative. The report may provide recommendations for legislative consideration to further the goals of the initiative."

This chapter expires June 30, 2044.

NEW SECTION. Sec. 2. RCW 39.102.904 (Expiration date--2006 c 181) and 2006 c 181 s 707 are each repealed.

Sec. 3. RCW 82.14.475 and 2010 c 164 s 12 are each amended to read as follows:

(1) A sponsoring local government, and any cosponsoring local government, that has been approved by the board to use local infrastructure financing may impose a sales and use tax in accordance with the terms of this chapter and subject to the criteria set forth in this section. Except as provided in this section, the tax is in addition to other taxes authorized by law and is collected from those persons who are taxable by the state under chapters 82.08 and 82.12 RCW upon the occurrence of any taxable event within the taxing jurisdiction of the sponsoring local government or cosponsoring local government.

(2) The tax authorized under subsection (1) of this section is credited against the state taxes imposed under RCW 82.08.020(1) and 82.12.020 at the rate provided in RCW 82.08.020(1). The department must perform the collection of such taxes on behalf of the sponsoring local government or cosponsoring local government at no cost to the sponsoring local government or cosponsoring local government and must remit the taxes as provided in RCW 82.14.060.

(3) The aggregate rate of tax imposed by the sponsoring local government, and any cosponsoring local government, must not exceed the lesser of:

ONE HUNDRED FOURTH DAY, APRIL 27, 2013

2013 REGULAR SESSION

(ii) The aggregate rates of all taxes under RCW 82.14.465 and this section that are authorized to be imposed on the same taxable events but have not yet been imposed by a sponsoring local government or cosponsoring local government that has been approved by the department or the community economic revitalization board to receive a state contribution under chapter 39.100 or 39.102 RCW; and

(iii) The percentage amount of distributions required under RCW 82.08.020(5) multiplied by the rate of state taxes imposed under RCW 82.08.020(1); and

(b) The rate, as determined by the sponsoring local government, and any cosponsoring local government, in consultation with the department, reasonably necessary to receive the state contribution over ten months.

(4) Sponsoring local governments that have been approved before October 1, 2008, by the community economic revitalization board for a state contribution must select the rate of tax under this section no later than September 1, 2009.

(5) The department, upon request, must assist a sponsoring local government and cosponsoring local government in establishing their tax rate in accordance with subsection (3) of this section. Once the rate of tax is selected, it may not be increased.

(6)(a) No tax may be imposed under the authority of this section:

(i) Before July 1st of the second calendar year following the year approval by the board under RCW 39.102.040 was made; and

(ii) Until a sponsoring local government reports to the board and the department as required by RCW 39.102.140 that the state has benefited through the receipt of state excise tax allocation revenues or state property tax allocation revenues, or both.

(b) The tax imposed under this section expires when all indebtedness issued under the authority of RCW 39.102.150 is retired and all other contractual obligations relating to the financing of public improvements under chapter 39.102 RCW are satisfied, but not more than twenty-five years after the tax is first imposed.

(7) An ordinance adopted by the legislative authority of a sponsoring local government or cosponsoring local government imposing a tax under this section must provide that:

(a) The tax is first imposed on the first day of a fiscal year;

(b) The cumulative amount of tax received by the sponsoring local government, and any cosponsoring local government, in any fiscal year may not exceed the amount of the state contribution;

(c) The tax will cease to be distributed for the remainder of any fiscal year in which either:

(i) The amount of tax received by the sponsoring local government, and any cosponsoring local government, equals the amount of the state contribution;

(ii) The amount of revenue from taxes imposed under this section by all sponsoring and cosponsoring local governments equals the annual state contribution limit; or

(iii) The amount of tax received by the sponsoring local government equals the amount of project award granted in the approval notice described in RCW 39.102.040;

(d) Neither the local excise tax allocation revenues nor the local property tax allocation revenues may constitute more than eighty percent of the total local funds as described in RCW 39.102.020(~~((28))~~) (29)(b). This requirement applies beginning January 1st of the fifth calendar year after the calendar year in which the sponsoring local government begins allocating local excise tax allocation revenues under RCW 39.102.110;

(e) The tax must be distributed again, should it cease to be distributed for any of the reasons provided in (c) of this subsection, at the beginning of the next fiscal year, subject to the restrictions in this section; and

(f) Any revenue generated by the tax in excess of the amounts specified in (c) of this subsection belongs to the state of Washington.

(8) If a county and city cosponsor a revenue development area, the combined amount of distributions received by both the city and county may not exceed the state contribution.

(9) The department must determine the amount of tax receipts distributed to each sponsoring local government, and any cosponsoring local government, imposing sales and use tax under this section and shall advise a sponsoring or cosponsoring local government when tax distributions for the fiscal year equal the amount of state contribution for that fiscal year as provided in subsection (11) of this section. Determinations by the department of the amount of tax distributions attributable to each sponsoring or cosponsoring local government are final and may not be used to challenge the validity of any tax imposed under this section. The department must remit any tax receipts in excess of the amounts specified in subsection (7)(c) of this section to the state treasurer who must deposit the money in the general fund.

(10) If a sponsoring or cosponsoring local government fails to comply with RCW 39.102.140, no tax may be distributed in the subsequent fiscal year until such time as the sponsoring or cosponsoring local government complies and the department calculates the state contribution amount for such fiscal year.

(11) Each year, the amount of taxes approved by the department for distribution to a sponsoring or cosponsoring local government in the next fiscal year must be equal to the state contribution and may be no more than the total local funds as described in RCW 39.102.020(~~((28))~~) (29)(b). The department must consider information from reports described in RCW 39.102.140 when determining the amount of state contributions for each fiscal year. The department's determination of the amount of the state contribution is final and conclusive, and may not be changed once such determination is made and such contribution is distributed to the sponsoring or cosponsoring local government, unless the department subsequently determines that local revenue information contained in a report described in RCW 39.102.140 differs from the actual dedicated local revenue. If a discrepancy is found, the department must adjust its determination accordingly. A sponsoring or cosponsoring local government may not receive, in any fiscal year, more revenues from taxes imposed under the authority of this section than the amount approved annually by the department. The department may not approve the receipt of more distributions of sales and use tax under this section to a sponsoring or cosponsoring local government than is authorized under subsection (7) of this section.

(12) The amount of tax distributions received from taxes imposed under the authority of this section by all sponsoring and cosponsoring local governments is limited annually to not more than seven million five hundred thousand dollars.

(13) The definitions in RCW 39.102.020 apply to this section unless the context clearly requires otherwise.

(14) If a sponsoring local government is a federally recognized Indian tribe, the distribution of the sales and use tax authorized under this section must be authorized through an interlocal agreement pursuant to chapter 39.34 RCW.

(3) The distribution of local property tax allocation revenue to the sponsoring local government must cease when local property tax allocation revenues are no longer obligated to pay the costs of the public improvements. Any excess local property tax allocation revenues and earnings on such revenues remaining at the time the distribution of local property tax allocation revenue terminates must be returned to the county treasurer and distributed to the participating taxing districts that imposed regular property taxes, or had regular property taxes imposed for it, in the revenue development area for collection that year, in proportion to the rates of their regular property tax levies for collection that year.

(4) The allocation to the revenue development area of that portion of the sponsoring local government's and each participating taxing district's regular property taxes levied by or for each taxing district upon the property tax allocation revenue value within that revenue development area is declared to be a public purpose of and benefit to the sponsoring local government and each participating taxing district.

(5) The distribution of local property tax allocation revenues pursuant to this section shall not affect or be deemed to affect the rate of taxes levied by or within any sponsoring local government and participating taxing district or the consistency of any such levies with the uniformity requirement of Article VII, section 1 of the state Constitution.

MESSAGE FROM THE HOUSE

April 26, 2013

MR. PRESIDENT:

The House receded from its amendment(s) to ENGROSSED SENATE BILL NO. 5236. Under suspension of the rules, the bill was returned to second reading for the purposes of amendment(s). The House adopted the following amendment(s): 5236.E AMH GOOD CLYN 464, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. INTENT. Since the United States Supreme Court recognized the First Amendment limitations on the common law tort of defamation and defamation-like torts, courts have struggled to achieve a balance between constitutionally protected guarantees of free expression and the need to protect citizens from reputational harm. Unlike personal injuries, harm to reputation can often be cured by means other than money damages. The correction or clarification of a published statement may restore a person's reputation more quickly and more thoroughly than a victorious lawsuit. The salutary effect of a correction or clarification is enhanced if it is published reasonably soon after a statement is made.

This act seeks to provide strong incentives for individuals to promptly correct or clarify an alleged false statement as an alternative to costly litigation. The options created by this act provide an opportunity for a plaintiff who believes he or she has been harmed by a false statement to secure quick and complete vindication of his or her reputation. This act provides publishers with a quick and cost-effective means of correcting or clarifying alleged mistakes and avoiding costly litigation.

NEW SECTION. Sec. 2. DEFINITION. The definition in this section applies throughout this chapter unless the context clearly requires otherwise.

"Person" means an individual, corporation, business trust, estate, trust, partnership, association, joint venture, or other legal or commercial entity. The term does not include a government or governmental subdivision, agency, or instrumentality.

NEW SECTION. Sec. 3. SCOPE. (1) This chapter applies to any claim for relief, however characterized, for damages arising out of harm caused by the false content of a publication that is published on or after the effective date of this section.

(2) This chapter applies to all publications, including writings, broadcasts, oral communications, electronic transmissions, or other forms of transmitting information.

NEW SECTION. Sec. 4. REQUEST FOR CORRECTION OR CLARIFICATION. (1) A person may maintain an action for defamation or another claim covered by this chapter only if:

(a) The person has made a timely and adequate request for correction or clarification from the defendant; or

(b) The defendant has made a correction or clarification.

(2) A request for correction or clarification is timely if made within the period of limitation for commencement of an action for defamation.

(3) A request for correction or clarification is adequate if it:

(a) Is made in writing and reasonably identifies the person making the request;

2013 REGULAR SESSION

(b) Specifies with particularity the statement alleged to be false and defamatory or otherwise actionable and, to the extent known, the time and place of publication;

(c) Alleges the defamatory meaning of the statement;

(d) Specifies the circumstances giving rise to any defamatory meaning of the statement which arises from other than the express language of the publication; and

(e) States that the alleged defamatory meaning of the statement is false.

(4) In the absence of a previous adequate request, service of a summons and complaint stating a claim for defamation or another claim covered by this chapter and containing the information required in subsection (3) of this section constitutes an adequate request for correction or clarification.

(5) The period of limitation for commencement of a defamation action or another claim covered by this chapter is tolled during the period allowed in section 7(1) of this act for responding to a request for correction or clarification.

NEW SECTION. Sec. 5. DISCLOSURE OF EVIDENCE OF FALSITY. (1) A person who has been requested to make a correction or clarification may ask the requester to disclose reasonably available information material to the falsity of the allegedly defamatory or otherwise actionable statement.

(2) If a correction or clarification is not made, a person who unreasonably fails to disclose the information after a request to do so may not recover damages for injury to reputation or presumed damages; however, the person may recover all other damages permitted by law.

NEW SECTION. Sec. 6. EFFECT OF CORRECTION OR CLARIFICATION. If a timely and sufficient correction or clarification is made, a person may not recover damages for injury to reputation or presumed damages; however, the person may recover all other damages permitted by law.

NEW SECTION. Sec. 7. TIMELY AND SUFFICIENT CORRECTION OR CLARIFICATION. (1) A correction or clarification is timely if it is published before, or within thirty days after, receipt of a request for correction or clarification or of the information in section 5(1) of this act, whichever is later, unless the period is extended by written agreement of the parties.

(2) A correction or clarification is sufficient if it:

(a) Is published with a prominence and in a manner and medium reasonably likely to reach substantially the same audience as the publication complained of;

(b) Refers to the statement being corrected or clarified and:

(i) Corrects the statement;

(ii) In the case of defamatory or false meaning arising from other than the express language of the publication, disclaims an intent to communicate that meaning or to assert its truth; or

(iii) In the case of a statement attributed to another person, identifies the person and disclaims an intent to assert the truth of the statement;

(c) In advance of the publication, is provided to the person who has made a request for correction or clarification; and

(d) Accompanies and is an equally prominent part of any electronic publication of the allegedly defamatory or otherwise actionable statement by the publisher.

(3) A correction or clarification is published in a medium reasonably likely to reach substantially the same audience as the publication complained of if it is published in a later issue, edition, or broadcast of the original publication.

(4) If a later issue, edition, or broadcast of the original publication will not be published within the time limits established for a timely correction or clarification, a correction or clarification is published in a manner and medium reasonably likely to reach substantially the same audience as the publication complained of if:

(a) It is timely published in a reasonably prominent manner:

(i) In another medium likely to reach an audience reasonably equivalent to the original publication; or

(ii) If the parties cannot agree on another medium, in the newspaper with the largest general circulation in the region in which the original publication was distributed;

(b) Reasonable steps are taken to correct undistributed copies of the original publication, if any; and

(c) It is published in the next practicable issue, edition, or broadcast, if any, of the original publication.

(5) A correction or clarification is timely and sufficient if the parties agree in writing that it is timely and sufficient.

NEW SECTION. Sec. 8. CHALLENGES TO CORRECTION OR CLARIFICATION OR TO REQUEST FOR CORRECTION OR CLARIFICATION. (1) If a defendant in an action governed by this chapter intends to rely on a timely and sufficient correction or clarification, the defendant's intention to do so, and the correction or clarification relied upon, must be set forth in a notice served on the plaintiff within sixty days after service of the summons and complaint or ten days after the correction or clarification is made, whichever is later.

(2) If a defendant in an action governed by this chapter intends to challenge the adequacy or timeliness of a request for correction or clarification, the defendant must set forth the challenge in a motion to declare the request inadequate or untimely served within sixty days after service of the summons and complaint. The court shall rule on the motion at the earliest appropriate time before trial.

NEW SECTION. Sec. 9. OFFER TO CORRECT OR CLARIFY. (1) If a timely correction or clarification is no longer possible, the publisher of an alleged defamatory or otherwise actionable statement may offer, at any time before trial, to make a correction or clarification. The offer must be made in writing to the person allegedly harmed by the publication and:

(a) Contain the publisher's offer to:

(i) Publish, at the person's request, a sufficient correction or clarification; and

(ii) Pay the person's reasonable expenses of litigation, including attorneys' fees, incurred before publication of the correction or clarification; and

(b) Be accompanied by a copy of the proposed correction or clarification and the plan for its publication.

(2) If the person accepts in writing an offer to correct or clarify made pursuant to subsection (1) of this section:

(a) The person is barred from commencing an action against the publisher based on the statement; or

(b) If an action has been commenced, the court shall dismiss the action against the defendant with prejudice after the defendant complies with the terms of the offer.

(3) A person who does not accept an offer made in conformance with subsection (1) of this section may not recover damages for injury to reputation or presumed damages in an action based on the statement; however, the person may recover all other damages permitted by law, together with reasonable expenses of litigation, including attorneys' fees, incurred before the offer, unless the person failed to make a good-faith attempt to request a correction or clarification in accordance with section 4 of this act or failed to disclose information in accordance with section 5 of this act.

(4) On request of either party, a court shall promptly determine the sufficiency of the offered correction or clarification.

NEW SECTION. Sec. 10. SCOPE OF PROTECTION. A timely and sufficient correction or clarification made by a person responsible for a publication constitutes a correction or clarification made by all persons responsible for that publication other than a republisher. However, a correction or clarification that is sufficient only because of the operation of section 7(2)(b)(iii) of this act does

not constitute a correction or clarification made by the person to whom the statement is attributed.

NEW SECTION. Sec. 11. UNIFORMITY OF APPLICATION AND CONSTRUCTION. This chapter shall be applied and construed to effectuate its general purpose to make uniform the law with respect to the subject of this chapter among states enacting it.

NEW SECTION. Sec. 12. SHORT TITLE. This chapter may be known and cited as the uniform correction or clarification of defamation act.

NEW SECTION. Sec. 13. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 14. Sections 2 through 12 of this act constitute a new chapter in Title 7 RCW."

Correct the title.

and the same are herewith transmitted.

Senator Padden moved that the Senate concur in the House amendment(s) to Engrossed Senate Bill No. 5236.

Senators Padden and Kline spoke in favor of the motion.

POINT OF INQUIRY

Senator Benton: "Would Senator Padden yield to a question? The original legislation that the senate passed there was an amendment that we adopted that required the correction to be posted electronically and would accompany the original article electronically with the correction from that point forward. The President declared the question before the Senate to be the motion by Senator Padden that the Senate concur in the House amendment(s) to Engrossed Senate Bill No. 5236.

The motion by Senator Padden carried and the Senate concurred in the House amendment(s) to Engrossed Senate Bill No. 5236 by voice vote.

MESSAGE FROM THE HOUSE

April 25, 2013

MR. PRESIDENT:

The House receded from its amendment(s) to SUBSTITUTE SENATE BILL NO. 5705. Under suspension of the rules, the bill was returned to second reading for the purposes of amendment(s). The House adopted the following amendment(s): 5705-S AMH CARL H2564.1, and passed the bill as amended by the House.

On page 2, after line 3, insert the following:

"NEW SECTION. **Sec. 2.** The legislature finds that it is difficult for many property owners to pay property taxes under the current system where past due property tax payments must be paid in full, including penalties and interest. The legislature further finds that providing counties and property owners some flexibility in structuring past due property tax payments may provide some relief for property owners with delinquent tax payments.

Sec. 3. RCW 84.56.020 and 2010 c 200 s 1 are each amended to read as follows:

(1) The county treasurer must be the receiver and collector of all taxes extended upon the tax rolls of the county, whether levied for state, county, school, bridge, road, municipal or other purposes, and also of all fines, forfeitures or penalties received by any person or officer for the use of his or her county. No treasurer may accept tax payments or issue receipts for the same until the treasurer has completed the tax roll for the current year's collection and provided notification of the completion of the roll. Notification may be accomplished electronically, by posting a notice in the office, or through other written communication as determined by the treasurer. All taxes upon real and personal property made payable by the provisions of this title are due and payable to the treasurer on or before the thirtieth day of April and, except as provided in this section, shall be delinquent after that date.

(2) Each tax statement must include a notice that checks for payment of taxes may be made payable to "Treasurer of County" or other appropriate office, but tax statements may not include any suggestion that checks may be made payable to the name of the individual holding the office of treasurer nor any other individual.

(3) When the total amount of tax or special assessments on personal property or on any lot, block or tract of real property payable by one person is fifty dollars or more, and if one-half of such tax be paid on or before the thirtieth day of April, the remainder of such tax is due and payable on or before the thirty-first day of October following and shall be delinquent after that date.

(4) When the total amount of tax or special assessments on any lot, block or tract of real property or on any mobile home payable by one person is fifty dollars or more, and if one-half of such tax be paid after the thirtieth day of April but before the thirty-first day of October, together with the applicable interest and penalty on the full amount of tax payable for that year, the remainder of such tax is due and payable on or before the thirty-first day of October following and is delinquent after that date.

(5) Except as provided in (c) of this subsection, delinquent taxes under this section are subject to interest at the rate of twelve percent per annum computed on a monthly basis on the full year amount of tax unpaid from the date of delinquency until paid. Interest must be calculated at the rate in effect at the time of payment of the tax, regardless of when the taxes were first delinquent. In addition,

delinquent taxes under this section are subject to penalties as follows:

(a) A penalty of three percent of the full year amount of tax unpaid is assessed on the tax delinquent on June 1st of the year in which the tax is due.

(b) An additional penalty of eight percent is assessed on the amount of tax delinquent on December 1st of the year in which the tax is due.

(c) If a taxpayer is successfully participating in a payment agreement under subsection (11)(b) of this section, the county treasurer may not assess additional penalties on delinquent taxes that are included within the payment agreement. Interest and penalties that have been assessed prior to the payment agreement remain due and payable as provided in the payment agreement.

(6)(a) When real property taxes become delinquent and prior to the filing of the certificate of delinquency, the treasurer is authorized to assess and collect tax foreclosure avoidance costs.

(b) For the purposes of this section, "tax foreclosure avoidance costs" means those costs that can be identified specifically with the administration of properties subject to and prior to foreclosure. Tax foreclosure avoidance costs include:

(i) Compensation of employees for the time devoted and identified specifically to administering the avoidance of property foreclosure; and

(ii) The cost of materials, services, or equipment acquired, consumed, or expended specifically for the purpose of administering tax foreclosure avoidance prior to the filing of a certificate of delinquency.

(c) When tax foreclosure avoidance costs are collected, the tax foreclosure avoidance costs must be credited to the county treasurer service fund account, except as otherwise directed.

(d) For purposes of chapter 84.64 RCW, any taxes, interest, or penalties deemed delinquent under this section remain delinquent until such time as all taxes, interest, and penalties for the tax year in which the taxes were first due and payable have been paid in full.

(7) Subsection (5) of this section notwithstanding, no interest or penalties may be assessed during any period of armed conflict on delinquent taxes imposed on the personal residences owned by active duty military personnel who are participating as part of one of the branches of the military involved in the conflict and assigned to a duty station outside the territorial boundaries of the United States.

~~((7))~~ (8) During a state of emergency declared under RCW 43.06.010(12), the county treasurer, on his or her own motion or at the request of any taxpayer affected by the emergency, may grant extensions of the due date of any taxes payable under this section as the treasurer deems proper.

~~((8))~~ (9) For purposes of this chapter, "interest" means both interest and penalties.

~~((9))~~ (10) All collections of interest on delinquent taxes must be credited to the county current expense fund; but the cost of foreclosure and sale of real property, and the fees and costs of distraint and sale of personal property, for delinquent taxes, must, when collected, be credited to the operation and maintenance fund of the county treasurer prosecuting the foreclosure or distraint or sale; and must be used by the county treasurer as a revolving fund to defray the cost of further foreclosure, distraint and sale for delinquent taxes without regard to budget limitations.

~~((10))~~ (11)(a) For purposes of this chapter, and in accordance with this section and RCW 36.29.190, the treasurer may collect taxes, assessments, fees, rates, interest, and charges by electronic bill presentment and payment. Electronic bill presentment and payment may be utilized as an option by the taxpayer, but the treasurer may not require the use of electronic bill presentment and payment. Electronic bill presentment and payment may be on a monthly or other periodic basis as the treasurer deems proper for

~~((prepayments))~~ delinquent tax year payments only or for prepayments of current tax. All prepayments must be paid in full by the due date specified in (c) of this subsection. Payments on past due taxes must include collection of the oldest delinquent year, which includes interest and taxes within a twelve-month period, prior to filing a certificate of delinquency under chapter 84.64 RCW or distraint pursuant to RCW 84.56.070.

(b) The treasurer must provide, by electronic means or otherwise, a payment agreement that ((may include prepayment collection charges. The payment agreement must be signed by the taxpayer and treasurer prior to the sending of an electronic bill)) provides for payment of current year taxes, inclusive of prepayment collection charges. The treasurer may provide, by electronic means or otherwise, a payment agreement for payment of past due delinquencies, which must also require current year taxes to be paid timely. The payment agreement must be signed by the taxpayer and treasurer prior to the sending of an electronic or alternative bill, which includes a payment plan for current year taxes.

(c) All taxes upon real and personal property made payable by the provisions of this title are due and payable to the treasurer on or before the thirtieth day of April and are delinquent after that date. The remainder of the tax is due and payable on or before the thirty-first day of October following and is delinquent after that date. All other assessments, fees, rates, and charges are delinquent after the due date.

(d) A county treasurer may authorize payment of past due property taxes, penalties, and interest under this chapter by electronic funds transfer payments on a monthly basis. Delinquent taxes are subject to interest and penalties, as provided in subsection (5) of this section.

(e) The treasurer must pay any collection costs, investment earnings, or both on past due payments or prepayments to the credit of a county treasurer service fund account to be created and used only for the payment of expenses incurred by the treasurer, without limitation, in administering the system for collecting prepayments.

~~((11))~~ (12) For purposes of this section unless the context clearly requires otherwise, the following definitions apply:

(a) "Electronic bill presentment and payment" means statements, invoices, or bills that are created, delivered, and paid using the internet. The term includes an automatic electronic payment from a person's checking account, debit account, or credit card.

(b) "Internet" has the same meaning as provided in RCW 19.270.010.

Sec. 4. RCW 84.56.070 and 2009 c 350 s 2 are each amended to read as follows:

(1) The county treasurer ~~((shall))~~ must proceed to collect all personal property taxes after first completing the tax roll for the current year's collection.

(2) The treasurer ~~((shall))~~ must give notice by mail to all persons charged with personal property taxes, and if such taxes are not paid before they become delinquent, the treasurer ~~((shall forthwith proceed to collect the same))~~ must commence delinquent collection efforts. A delinquent collection charge for costs incurred by the treasurer may be added to the account.

(3) In the event that ~~((he or she))~~ the treasurer is unable to collect the ~~((same))~~ taxes when due under this section, the treasurer ~~((shall))~~ must prepare papers in distraint, which ~~((shall))~~ must contain a description of the personal property, the amount of taxes, the amount of the accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner.

(a) The treasurer ~~((shall))~~ must without demand or notice distraint sufficient goods and chattels belonging to the person charged with such taxes to pay the same, with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and ~~((shall))~~ must proceed to advertise the same by

posting written notices in three public places in the county in which such property has been distrained, one of which places ~~((shall))~~ must be at the county courthouse, such notice to state the time when and place where such property will be sold.

(b) The county treasurer, or the treasurer's deputy, ~~((shall))~~ must tax the same fees for making the distraint and sale of goods and chattels for the payment of taxes as are allowed by law to sheriffs for making levy and sale of property on execution; traveling fees to be computed from the county seat of the county to the place of making distraint.

(c) If the taxes for which such property is distrained, and the interest and costs accruing thereon, are not paid before the date appointed for such sale, which ~~((shall be))~~ may not be less than ten days after the taking of such property, such treasurer or treasurer's designee ~~((shall))~~ must proceed to sell such property at public auction, or so much thereof as ~~((shall be))~~ is sufficient to pay such taxes, with interest and costs, and if there be any excess of money arising from the sale of any personal property, the treasurer ~~((shall))~~ must pay such excess less any cost of the auction to the owner of the property so sold or to his or her legal representative(~~(=~~ PROVIDED, That whenever it shall become)).

(d) If necessary to distraint any standing timber owned separately from the ownership of the land upon which the same may stand, or any fish trap, pound net, reef net, set net, or drag seine fishing location, or any other personal property as the treasurer ~~((shall))~~ determines to be incapable or reasonably impracticable of manual delivery, it ~~((shall be))~~ is deemed to have been distrained and taken into possession when the treasurer ~~((shall have))~~ has, at least thirty days before the date fixed for the sale thereof, filed with the auditor of the county wherein such property is located a notice in writing reciting that the treasurer has distrained such property, describing it, giving the name of the owner or reputed owner, the amount of the tax due, with interest, and the time and place of sale(~~(=)~~ A copy of the notice ~~((shall))~~ must also be sent to the owner or reputed owner at his or her last known address, by registered letter at least thirty days prior to the date of sale(~~(=~~ AND PROVIDED FURTHER, That)).

(e) If the county treasurer has reasonable grounds to believe that any personal property, including mobile homes, manufactured homes, or park model trailers, upon which taxes have been levied, but not paid, is about to be removed from the county where the same has been assessed, or is about to be destroyed, sold, or disposed of, the county treasurer may demand such taxes, without the notice provided for in this section, and if necessary may ~~((forthwith))~~ distrain sufficient goods and chattels to pay the same."

Correct the title.

REMARKS BY SENATOR PADDEN

MOTION

Senator Pearson moved that the Senate concur in the House amendment(s) to Second Substitute Senate Bill No. 5732.

Senator Padden: "Thank you very much Mr. President. I will make my request in the future. Thank you."

Senators Pearson and Darneille spoke in favor of the motion.

MESSAGE FROM THE HOUSE

The President declared the question before the Senate to be the motion by Senator Pearson that the Senate concur in the House amendment(s) to Second Substitute Senate Bill No. 5732.

April 26, 2013

The motion by Senator Pearson carried and the Senate concurred in the House amendment(s) to Second Substitute Senate Bill No. 5732 by voice vote.

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5072 with the following amendment(s): 5072-S AMH FIN H2354.1

The President declared the question before the Senate to be the final passage of Second Substitute Senate Bill No. 5732, as amended by the House.

Strike everything after the enacting clause and insert the following:

ROLL CALL

"NEW SECTION. Sec. 1. (1) The legislature finds that it is important to recognize the service of active duty military and veterans and to acknowledge the continued sacrifice of those veterans who have been catastrophically injured. The legislature further finds that many disabled veterans often need customized, accessible transportation to be self-sufficient and to maintain a high quality of life. The legislature further finds that individuals with a severe disability are three times more likely to be at or below the national poverty level. The legislature further finds that the federal government pays for the cost of mobility adaptive equipment for severely injured veterans; however, it does not cover the cost of sales or use tax owed on this equipment. The legislature further finds that this cost is then shifted onto the veterans, who often times cannot afford the tax due to the substantial amount of adaptive equipment required in such customized vehicles. The legislature further finds that this added financial burden has the unintended effect of causing some veterans to acquire their mobility adaptive equipment in neighboring states that do not impose a sales tax, thereby negatively impacting Washington businesses providing mobility enhancing equipment and services to Washington veterans.

The Secretary called the roll on the final passage of Second Substitute Senate Bill No. 5732, as amended by the House, and the bill passed the Senate by the following vote: Yeas, 47; Nays, 0; Absent, 0; Excused, 2.

Voting yea: Senators Bailey, Baumgartner, Becker, Benton, Billig, Braun, Brown, Chase, Cleveland, Conway, Dammeier, Darneille, Eide, Ericksen, Fain, Fraser, Frockt, Hargrove, Harper, Hasegawa, Hatfield, Hewitt, Hill, Hobbs, Holmquist Newbry, Honeyford, Keiser, King, Kline, Kohl-Welles, Litzow, McAuliffe, Mullet, Nelson, Padden, Parlette, Pearson, Ranker, Rivers, Roach, Rolfes, Schlicher, Schoesler, Sheldon, Shin, Smith and Tom

(2) It is the legislature's intent to provide specific financial relief for severely injured veterans and to ameliorate a negative consequence of Washington's tax structure by providing a sales and use tax exemption for mobility adaptive equipment required to customize vehicles for disabled veterans. It is the further intent of the legislature to reexamine this exemption in five years to determine whether it has mitigated the competitive disadvantage stemming from Washington's tax structure on mobility businesses and to assess whether the cost of the exemption in terms of forgone state revenue is beyond what was reasonably assumed in the fiscal estimate for the legislation.

Excused: Senators Carrell and Murray

SECOND SUBSTITUTE SENATE BILL NO. 5732, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

PARLIAMENTARY INQUIRY

Senator Padden: "Mr. President, under Rule 28 any Senator shall have the right to compare an enrolled bill with an engrossed bill and may note any objections in the journal. By analogy, I have been trying to physically get copies of the bills that are on concurrence and in dispute and I'm told they are available electronically but are not available in print. I was trying to do that to respond to a question earlier from the good gentleman from the Seventeenth District regarding a provision in Senate Bill No. 5236. I guess my point is whether or not by analogy those should be available to members so they can actually read the bills, this is

NEW SECTION. Sec. 2. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax imposed by RCW 82.08.020 does not apply to sales to eligible purchasers of prescribed add-on automotive adaptive equipment, including charges incurred for labor and services rendered in respect to the installation and repairing of such

equipment. The exemption provided in this section only applies if the eligible purchaser is reimbursed in whole or part for the purchase by the United States department of veterans affairs or other federal agency, and the reimbursement is paid directly by that federal agency to the seller.

(2) Sellers making tax-exempt sales under this section must:

(a) Obtain an exemption certificate from the eligible purchaser in a form and manner prescribed by the department. The seller must retain a copy of the exemption certificate for the seller's files. In lieu of an exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement;

(b) File their tax return with the department electronically; and

(c) Report their total gross sales on their return and deduct the exempt sales under subsection (1) of this section from their reported gross sales.

(3) For purposes of this section, the following definitions apply unless the context clearly requires otherwise:

(a) "Add-on automotive adaptive equipment" means equipment installed in, and modifications made to, a motor vehicle that are necessary to assist physically challenged persons to enter, exit, or safely operate a motor vehicle. The term includes but is not limited to wheelchair lifts, wheelchair restraints, ramps, under vehicle lifts, power door openers, power seats, lowered floors, raised roofs, raised doors, hand controls, left foot gas pedals, chest and shoulder harnesses, parking brake extensions, dual battery systems, steering devices, reduced and zero effort steering and braking, voice-activated controls, and digital driving systems. The term does not include motor vehicles and equipment installed in a motor vehicle by the manufacturer of the motor vehicle.

(b) "Eligible purchaser" means a veteran, or member of the armed forces serving on active duty, who is disabled, regardless of whether the disability is service connected as that term is defined by federal statute 38 U.S.C. Sec. 101, as amended, as of August 1, 2013.

(c) "Prescribed add-on automotive adaptive equipment" means add-on automotive adaptive equipment prescribed by a physician.

(4) This section expires July 1, 2018.

NEW SECTION. Sec. 3. A new section is added to chapter 82.12 RCW to read as follows:

(1) The tax imposed by RCW 82.12.020 does not apply to the use of prescribed add-on automotive adaptive equipment or to labor and services rendered in respect to the installation and repairing of such equipment. The exemption under this section only applies if the sale of the prescribed add-on automotive adaptive equipment or labor and services was exempt from sales tax under section 1 of this act or would have been exempt from sales tax under section 1 of this act if the equipment or labor and services had been purchased in this state.

When adjusting ferry fares, the commission must consider input from affected ferry users by public hearing and by review with the affected ferry advisory committees, in addition to the data gathered from the current ferry user survey.

(2) Consistent with RCW 43.135.055 and 47.46.100, during the 2013-2015 fiscal biennium, the legislature authorizes the transportation commission to periodically review and, if necessary, adjust the schedule of toll charges applicable to the Tacoma Narrows bridge only in amounts not greater than those sufficient to support (a) any required costs for operating and maintaining the toll bridge, including the cost of insurance, (b) any amount required by law to meet the redemption of bonds and applicable interest payments, and (c) repayment of the motor vehicle fund.

The legislature further intends that the department of transportation continue to address administrative, technical, and conceptual operational issues related to road usage charge systems, and that the department serve as a resource for information gleaned from other states on this topic for the commission's efforts.

(c) For the purposes of this subsection (3), the commission shall:

(i) Develop preliminary road usage charge policies that are necessary to develop the business case, as well as supporting research and data that will guide the potential application in Washington;

(ii) Develop the preferred operational concept or concepts that reflect the preliminary policies;

(iii) Evaluate the business case for the road usage charge system that would result from implementing the preliminary policies and preferred operational concept or concepts. The evaluation must assess likely financial outcomes if the system were to be implemented; and

NEW SECTION. Sec. 213. FOR THE DEPARTMENT OF TRANSPORTATION--PROGRAM DELIVERY MANAGEMENT AND SUPPORT--PROGRAM H

Motor Vehicle Account--State Appropriation	\$47,607,000
Motor Vehicle Account--Federal Appropriation	\$500,000
Multimodal Transportation Account--State	
Appropriation	\$250,000
TOTAL APPROPRIATION	\$48,357,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$4,423,000 of the motor vehicle account--state appropriation is provided solely for the department's compliance with its national pollution discharge elimination system permit.

(2) The real estate services division of the department must recover the cost of its efforts from sale proceeds and fund additional future sales from those proceeds.

(3) The legislature recognizes that the Dryden pit site (WSDOT Inventory Control (IC) No. 2-04-00103) is unused state-owned real property under the jurisdiction of the department, and that the public would benefit significantly from the complete enjoyment of the natural scenic beauty and recreational opportunities available at the site. Therefore, pursuant to RCW 47.12.080, the legislature declares that transferring the property to the department of fish and wildlife for recreational use and fish and wildlife restoration efforts is consistent with the public interest in order to preserve the area for the use of the public and the betterment of the natural environment. The department shall work with the department of fish and wildlife and transfer and convey the Dryden pit site to the department of fish and wildlife as-is for an adjusted fair market value reflecting site conditions, the proceeds of which must be deposited in the motor vehicle fund. The department is not responsible for any costs associated with the cleanup or transfer of this property. This subsection expires June 30, 2014.

(4) The legislature recognizes that the trail known as the Apple Capital Loop, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on existing state route number 28. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) Nos. 2-09-04537 and 2-09-04569 to Douglas county and the city of East Wenatchee is consistent with the public interest. The legislature directs the department to transfer the property to Douglas county and the city of East Wenatchee. The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes. Douglas county and the city of East Wenatchee must agree to accept responsibility for trail segments within their respective jurisdictions and sign an agreement with the state that the transfer of these parcels to their respective jurisdictions extinguishes any state obligations to improve, maintain, or be in any way responsible for these assets. This subsection expires June 30, 2014.

(5) The legislature recognizes that the SR 20/Cook Road realignment and extension project in the city of Sedro-Woolley will enhance the state and local highway systems by providing a more direct route from state route number 20 and state route number 9 to Interstate 5, and will reduce traffic on state route number 20 and state route number 9, improving the capacity of each route. Furthermore, the legislature declares that certain portions of the department's property held for highway purposes located primarily to the north and west of state route number 20, between state route number 20 to the south and F and S Grade Road to the north, in the incorporated limits of Sedro-Woolley in Skagit county, can help facilitate completion of the project. Therefore, consistent with RCW 47.12.063, 47.12.080, and 47.12.120, it is the intent of the legislature that the department sell, transfer, or lease, as appropriate,

to the city of Sedro-Woolley only those portions of the property necessary to construct the project, including necessary staging areas. However, any staging areas should revert to the department within three years of completion of the project.

NEW SECTION. Sec. 214. FOR THE DEPARTMENT OF TRANSPORTATION--ECONOMIC PARTNERSHIPS--PROGRAM K

Motor Vehicle Account--State Appropriation	\$570,000
--------------------------------------------------	-----------

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature finds that the efforts started in the 2011-2013 fiscal biennium regarding the transition to a road usage charge system represent an important first step in the policy and conceptual development of potential alternative systems to fund transportation projects, but that the governance for the development needs clarification. The legislature also finds that significant amounts of research and public education are occurring in similar efforts in several states and that these efforts can and should be leveraged to advance the evaluation in Washington. The legislature intends, therefore, that the transportation commission and its staff lead the policy development of the business case for a road usage charge system, with the goal of providing the business case to the governor and the legislative committees of the legislature in time for inclusion in the 2014 supplemental omnibus transportation appropriations act. The legislature intends for additional oversight in the business case development, with guidance from a steering committee as provided in chapter 86, Laws of 2012 for the transportation commission, augmented with participation by the joint transportation committee. The legislature further intends that, through the economic partnerships program, the department continue to address administrative, technical, and conceptual operational issues related to road usage charge systems, and that the department serve as a resource for information gleaned from other states on this topic for the transportation commission's efforts.

(2) The economic partnerships program must continue to explore retail partnerships at state-owned park-and-ride facilities, as authorized in RCW 47.04.295.

ONE HUNDRED FIFTH DAY, APRIL 28, 2013

2013 REGULAR SESSION

(5) \$50,000 of the motor vehicle account--state appropriation is provided solely for clearing and pruning dangerous trees along state route number 542 between mile markers 43 and 48 to prevent safety hazards and delays.

(6) \$2,277,000 of the motor vehicle account--state appropriation is provided solely to replace or rehabilitate critical equipment needed to perform snow and ice removal activities and roadway maintenance. These funds may not be used to purchase passenger cars as defined in RCW 46.04.382.

NEW SECTION. Sec. 216. FOR THE DEPARTMENT OF TRANSPORTATION--TRAFFIC OPERATIONS--PROGRAM Q--OPERATING

Motor Vehicle Account--State Appropriation.....	\$50,504,000
Motor Vehicle Account--Federal Appropriation.....	\$2,050,000
Motor Vehicle Account--Private/Local Appropriation	\$250,000
TOTAL APPROPRIATION.....	\$52,804,000

The appropriations in this section are subject to the following conditions and limitations:

(1) \$6,000,000 of the motor vehicle account--state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis. By September 1st of each even-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects prioritized on a statewide rather than regional basis completed in the prior year.

(2) \$9,000,000 of the motor vehicle account--state appropriation is provided solely for the department's incident response program.

(3) During the 2013-2015 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

(4) The department shall work with the cities of Lynnwood and Edmonds to provide traffic light synchronization on state route number 524.

(5)(a) Upon receipt of funding from the city of Kenmore, the department shall erect guide signs along Interstate 5, Interstate 405, and state route number 522 directing travelers to Bastyr University and Kenmore International Air Harbor.

(b) Within existing resources, and only if the department is replacing existing signs, the department shall erect:

(i) Guide signs on Interstate 405 northbound and southbound that include the city of Kenmore; and

(ii) Overhead signs on Interstate 5 northbound and southbound that include the city of Kenmore.

(6) The department, in consultation with the Washington state patrol, must continue a pilot program for the state patrol to issue

infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. For the purpose of this pilot program, during the 2013-2015 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors may be present or where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2013-2015 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued under this subsection (6) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic safety camera infraction notice issued, along with instructions for its completion and use.

(7) \$102,000 of the motor vehicle account--state appropriation is provided solely to replace or rehabilitate critical equipment needed to perform traffic control. These funds may not be used to purchase passenger cars as defined in RCW 46.04.382.

The appropriations in this section are subject to the following conditions and limitations:

(1) Within available resources, the department must collaborate with the affected metropolitan planning organizations, regional transportation planning organizations, transit agencies, and private transportation providers to develop a plan to reduce vehicle demand, increase public transportation options, and reduce vehicle miles traveled on corridors affected by growth at Joint Base Lewis-McChord.

(2) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Prior to the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, the department shall contract with an independent research organization with expertise in the evaluation of wood products to determine on a life-cycle basis the cost effectiveness of using wood posts versus steel posts in new guardrail installations.

- (a) The study must include the following objectives:
 - (i) Examine wood posts that are randomly selected, are representative of commonly found posts in service, and are of sufficient sampling size to produce a statistically valid data set;
 - (ii) Assess the residual flexural properties of guardrail posts after twenty years in service at various sites representing the climatic and soil variability of the state;
 - (iii) Measure test results against AASHTO standards;
 - (iv) Determine residual preservative levels in wood posts in terms of retention and penetration in order to determine the role of treatment quality on performance following test procedures outlined in American wood protection association standards;
 - (v) Examine the levels of decay in the guardrail posts, in terms of location of pockets and the presence of viable decay fungi, through culturing;
 - (vi) Investigate the effects of decay on flexural properties of guardrail posts;
 - (vii) Determine an acceptable level or number of nonstandard posts (i.e. posts with decay pockets that cause post strength to fall below AASHTO standards) that can be present in a guardrail run without compromising performance; and
 - (viii) Conduct thorough data search or identify case studies, or both, on service life of wood guardrail posts. Durability test results should also be factored in when evaluating service life.

(b) The study must be submitted to the office of financial management and the transportation committees of the legislature by January 1, 2015.

This level of detail must include the administrative functions in the operating as well as capital programs.

(2) Until a reservation system is operational on the San Juan islands inter-island route, the department shall provide the same priority loading benefits on the San Juan islands inter-island route to home health care workers as are currently provided to patients traveling for purposes of receiving medical treatment.

(3) For the 2013-2015 fiscal biennium, the department may enter into a distributor controlled fuel hedging program and other methods of hedging approved by the fuel hedging committee.

(4) \$112,342,000 of the Puget Sound ferry operations account--state appropriation is provided solely for auto ferry vessel operating fuel in the 2013-2015 fiscal biennium, which reflect cost savings from a reduced biodiesel fuel requirement and, therefore, are contingent upon the enactment of section 701 of this act. The amount provided in this subsection represent the fuel budget for the purposes of calculating any ferry fare fuel surcharge. The department shall consider renewing the lease for the ferry division's current headquarters building only if the lease rate is reduced at least fifty percent and analysis shows that this is the least cost and risk option for the department. Consolidation with other divisions or state agencies, or a reduction in leased space, must also be considered as part of any headquarters lease renewal analysis.

(8) \$5,000,000 of the Puget Sound ferry operations account--state appropriation is provided solely for the purchase of a 2013-2015 marine insurance policy. Within this amount, the

department is expected to purchase a policy with the lowest deductible possible, while maintaining at least existing coverage levels for ferry vessels, and providing coverage for all terminals.

(1) \$27,319,000 of the multimodal transportation account--state appropriation is provided solely for the Amtrak service contract and Talgo maintenance contract associated with providing and maintaining state-supported passenger rail service. In recognition of the increased costs the state is expected to absorb due to changes in federal law, the department is directed to analyze the Amtrak contract proposal and find cost saving alternatives. The department shall report to the transportation committees of the legislature before the 2014 regular legislative session on its revisions to the Amtrak contract, including a review of the appropriate costs within the contract for concession services, policing, host railroad incentives, and station services and staffing needs. Within thirty days of each annual cost/revenue reconciliation under the Amtrak service contract, the department shall report any changes that would affect the state subsidy amount appropriated in this subsection.

ONE HUNDRED FIFTH DAY, APRIL 28, 2013

2013 REGULAR SESSION

(1) The legislature recognizes that the Marginal Way site (King county parcel numbers 3024049182 & 5367202525) is surplus state-owned real property under the jurisdiction of the department and that the public would benefit significantly if this site is used to provide important social services. Therefore, the legislature declares that committing the Marginal Way site to this use is consistent with the public interest.

Pursuant to RCW 47.12.063, the department shall work with the owner of King county parcel number 7643400010, which abuts both parcels of the Marginal Way site, and shall convey the Marginal Way site to that abutting property owner for the appraised fair market value of the parcels, the proceeds of which must be deposited in the motor vehicle fund. The conveyance is conditional upon the purchaser's agreement to commit the use of the Marginal Way site to operations with the goal of ending hunger in western Washington. The department may not make this conveyance before September 1, 2013, and may not make this conveyance after January 15, 2014.

The Washington department of transportation is not responsible for any costs associated with the cleanup or transfer of the Marginal Way site.

(2) \$13,425,000 of the transportation partnership account--state appropriation is provided solely for the construction of a new traffic management and emergency operations center on property owned by the department on Dayton Avenue in Shoreline (project 100010T). Consistent with the office of financial management's 2012 study, it is the intent of the legislature to appropriate no more than \$15,000,000 for the total construction costs. The department shall report to the transportation committees of the legislature and the office of financial management by June 30, 2014, on the progress of the construction of the traffic management and emergency operations center, including a schedule for terminating the current lease of the Goldsmith building in Seattle.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire transportation 2003 account (nickel account) appropriation and the entire transportation partnership account appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document 2013-1 as developed April 23, 2013, Program - Highway Improvement Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 603 of this act.

(2) Except as provided otherwise in this section, the entire motor vehicle account--state appropriation and motor vehicle account--federal appropriation are provided solely for the projects

and activities listed in LEAP Transportation Document 2013-2 ALL PROJECTS as developed April 23, 2013, Program - Highway Improvement Program (I). It is the intent of the legislature to direct the department to give first priority of federal funds gained through efficiencies or the redistribution process to the "Contingency (Unfunded) Highway Preservation Projects" as identified in LEAP Transportation Document 2013-2 ALL PROJECTS as developed April 23, 2013, Program - Highway Preservation Program (P). However, no additional federal funds may be allocated to the I-5/Columbia River Crossing project (400506A).

(3) Within the motor vehicle account--state appropriation and motor vehicle account--federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act.

(4) The transportation 2003 account (nickel account)--state appropriation includes up to \$217,604,000 in proceeds from the sale of bonds authorized by RCW 47.10.861.

(5) The transportation partnership account--state appropriation includes up to \$1,156,217,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

The federal funds appropriated in this subsection reflect the maximum amount of federal funds that may be allocated to this project. Section 603 of this act does not apply to the I-5/Columbia River Crossing project (400506A) and, therefore, funds shall not be transferred to this project. Of the amounts appropriated in this subsection, \$1,254,000 of the transportation partnership account--state appropriation, \$30,099,000 of the motor vehicle account--federal appropriation, and \$45,528,000 of the motor vehicle account--private/local appropriation in this subsection are held in unallotted status and are contingent upon the United States coast guard approving the I-5/Columbia River Crossing project's permit. If the permit is approved, the director of the office of financial management may allot the funds. If the permit is not approved, the appropriations in this subsection must be put into allotted status by the director of the office of financial management and may be used only for the development of a new supplemental environmental impact statement to redesign the Interstate 5 bridge between Washington and Oregon in accordance with the requirements of the United States coast guard. The department shall not submit the supplemental environmental impact statement to the appropriate federal agencies for approval until July 1, 2014.

(b) It is the intent of the legislature that Washington and Oregon have equal funding commitments and equal total expenditures to date on the shared components of the I-5/Columbia River Crossing project. The department shall provide a quarterly report on this project beginning September 30, 2013. The report must include:

- (i) An update on preliminary engineering and right-of-way acquisition for the previous quarter;
- (ii) Planned objectives for right-of-way and preliminary engineering for the ensuing quarter;
- (iii) An updated comparison of the total appropriation authority for the project by state;
- (iv) An updated comparison of the total expenditures to date on the project by state; and
- (v) The committed funding provided by the state of Oregon to right-of-way acquisition.

The department shall prepare a detailed environmental impact statement that complies with the national environmental policy act regarding tolling Interstate 90 between Interstate 5 and Interstate 405 for the purposes of both managing traffic and providing funding for the construction of the unfunded state route number 520 from Interstate 5 to Medina project. As part of the preparation of the statement, the department must review any impacts to the network of highways and roads surrounding Lake Washington. In developing this statement, the department must provide significant outreach to potential affected communities. The department may consider traffic management options that extend as far east as Issaquah.

(b)(i) As part of the project in this subsection (8), the department shall perform a study of all funding alternatives to tolling Interstate 90 to provide funding for construction of the unfunded state route number 520 and explore and evaluate options to mitigate the effect of tolling on affected residents and all other users of the network of highways and roads surrounding Lake Washington including, but not limited to:

(A) Allowing all Washington residents to traverse a portion of the tolled section of Interstate 90 without paying a toll. Residents may choose either (I) the portion of Interstate 90 between the easternmost landing west of Mercer Island and the westernmost landing on Mercer Island, or (II) the portion of Interstate 90 between the westernmost landing east of Mercer Island and the easternmost landing on Mercer Island;

(B) Assessing a toll only when a driver traverses, in either direction, the entire portion of Interstate 90 between the easternmost landing west of Mercer Island and the westernmost landing east of Mercer Island; and

(C) Allowing affected residents to choose one portion of the tolled section of Interstate 90 upon which they may travel without paying a toll. Residents may choose either (I) the portion of Interstate 90 between the easternmost landing west of Mercer Island and the westernmost landing on Mercer Island, or (II) the portion of Interstate 90 between the westernmost landing east of Mercer Island and the easternmost landing on Mercer Island.

(ii) The department may also consider any alternative mitigation options that conform to the purpose of this subsection (8).

(iii) For the purposes of this subsection (8), "affected resident" means anyone who must use a portion of Interstate 90 west of Interstate 405 upon which tolling is considered in order to access necessary medical services, such as a hospital.

(9) \$541,901,000 of the transportation partnership account--state appropriation, \$144,954,000 of the motor vehicle account--federal appropriation, \$129,779,000 of the motor vehicle account--private/local appropriation, and \$78,004,000 of the transportation 2003 account (nickel account)--state appropriation are provided solely for the SR 99/Alaskan Way Viaduct - Replacement project (809936Z).

(10) The department shall reconvene an expert review panel of no more than three members as described under RCW 47.01.400 for the purpose of updating the work that was previously completed by the panel on the Alaskan Way viaduct replacement project and to ensure that an appropriate and viable financial plan is created and regularly reviewed. The expert review panel must be selected cooperatively by the chairs of the senate and house of representatives transportation committees, the secretary of transportation, and the governor. The expert review panel must report findings and recommendations to the transportation committees of the legislature, the governor's Alaskan Way viaduct project oversight committee, and the transportation commission annually until the project is operationally complete. This

subsection takes effect if chapter ... (Substitute House Bill No. 1957), Laws of 2013 is not enacted by June 30, 2013.

(11) \$7,408,000 of the transportation partnership account--state appropriation, \$14,594,000 of the transportation 2003 account (nickel account)--state appropriation, \$3,730,000 of the motor vehicle account--state appropriation, \$1,000,000 of the multimodal transportation account--state appropriation, and \$41,395,000 of the motor vehicle account--federal appropriation are provided solely for the US 395/North Spokane Corridor projects (600010A & 600003A). Any future savings on the projects must stay on the US 395/Interstate 90 corridor and be made available to the current phase of the North Spokane corridor projects or any future phase of the projects.

(12) \$114,369,000 of the transportation partnership account--state appropriation and \$53,755,000 of the transportation 2003 account (nickel account)--state appropriation are provided solely for the I-405/Kirkland Vicinity Stage 2 - Widening project (8BI1002). This project must be completed as soon as practicable as a design-build project. Any future savings on this project or other Interstate 405 corridor projects must stay on the Interstate 405 corridor and be made available to either the I-405/SR 167 Interchange - Direct Connector project (140504C) or the I-405 Renton to Bellevue project.

(13)(a) The SR 520 Bridge Replacement and HOV project (0BI1003) is supported over time from multiple sources, including a \$300,000,000 TIFIA loan, \$819,524,625 in Garvee bonds, toll revenues, state bonds, interest earnings, and other miscellaneous sources.

(b) The state route number 520 corridor account--state appropriation includes up to \$668,142,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(c) The state route number 520 corridor account--federal appropriation includes up to \$300,000,000 in proceeds from the sale of bonds authorized in RCW 47.10.879 and 47.10.886.

(d) \$153,124,000 of the transportation partnership account--state appropriation, \$300,000,000 of the state route number 520 corridor account--federal appropriation, and \$737,205,000 of the state route number 520 corridor account--state appropriation are provided solely for the SR 520 Bridge Replacement and HOV project (0BI1003). Of the amounts appropriated in this subsection (13)(d), \$105,085,000 of the state route number 520 corridor account--federal appropriation and \$227,415,000 of the state route number 520 corridor account--state appropriation must be put into unallotted status and are subject to review by the office of financial management. The director of the office of financial management shall consult with the joint transportation committee prior to making a decision to allot these funds.

(e) When developing the financial plan for the project, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility and not by the motor vehicle account.

(14) \$1,100,000 of the motor vehicle account--federal appropriation is provided solely for the 31st Ave SW Overpass Widening and Improvement project (L1100048).

(15) \$22,602,000 of the motor vehicle account--state appropriation is provided solely to advance the design, preliminary engineering, and rights-of-way acquisition for the priority projects identified in LEAP Transportation Document 2013-3 as developed April 23, 2013. Funds must be used to advance the emergent, initial development of these projects for the purpose of expediting delivery of the associated major investments when funding for such investments becomes available. Funding may be reallocated between projects to maximize the accomplishment of design and preliminary engineering work and rights-of-way acquisition, provided that all projects are addressed. It is the intent of the

2013 REGULAR SESSION

legislature that, while seeking to maximize the outcomes in this section, the department shall provide for continuity of both the state and consulting engineer workforce, while strategically utilizing private sector involvement to ensure consistency with the department's business plan for staffing in the highway construction program in the current fiscal biennium.

(16) If a planned roundabout in the vicinity of state route number 526 and 84th Street SW would divert commercial traffic onto neighborhood streets, the department may not proceed with improvements at state route number 526 and 84th Street SW until the traffic impacts in the vicinity of state route number 526 and 40th Avenue West are addressed.

(17) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Prior to the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2015, the department shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(18) The legislature finds that "right-sizing" is a lean, metric-based approach to determining project investments. This concept entails compromise between project cost and design, incorporating local community needs, desired outcomes, and available funding. Furthermore, the legislature finds that the concepts and principles the department has utilized in the safety analyst program have been effective tools to prioritize projects and reduce project costs. Therefore, the department shall establish a pilot project on the SR 3/Belfair Bypass - New Alignment (300344C) to begin implementing the concept of "right-sizing" in the highway construction program.

(19) For urban corridors that are all or partially within a metropolitan planning organization boundary, for which the department has not initiated environmental review, and that require an environmental impact statement, at least one alternative must be consistent with the goals set out in RCW 47.01.440.

(20) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's 2014 budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(21) \$28,963,000 of the motor vehicle account--state appropriation is provided solely for improvement program support activities (095901X). \$18,000,000 of this amount must be held in unallotted status until the office of financial management certifies that the department's 2014 supplemental budget request conforms to the terms of subsection (20) of this section.

(22) The department shall report to the chairs of the senate transportation committee and the house of representatives transportation committee whenever the department is in negotiations to provide a public or private entity mitigation for ten million dollars or more.

(23) Any new advisory group that the department convenes during the 2013-2015 fiscal biennium must be representative of the interests of the entire state of Washington.

(2) The health care authority, subject to the approval of the public employees' benefits board, shall provide subsidies for health benefit premiums to eligible retired or disabled public employees and school district employees who are eligible for medicare, pursuant to RCW 41.05.085. For calendar years 2014 and 2015, the subsidy must be \$150.00 per month.

NEW SECTION. Sec. 520. COMPENSATION--NONREPRESENTED EMPLOYEES--SALARIES AND WAGES

For classified state employees, except those within the Washington management service and those represented by a bargaining unit under chapter 41.80, 41.56, or 47.64 RCW, funding is provided within agency appropriations for implementation of a

longevity step, in accordance with rules adopted under RCW 41.06.133.

Sec. 521. RCW 47.64.170 and 2011 c 367 s 712 are each amended to read as follows:

(1) Any ferry employee organization certified as the bargaining representative shall be the exclusive representative of all ferry employees in the bargaining unit and shall represent all such employees fairly.

(2) A ferry employee organization or organizations and the governor may each designate any individual as its representative to engage in collective bargaining negotiations.

(3) Negotiating sessions, including strategy meetings of the employer or employee organizations, mediation, and the deliberative process of arbitrators are exempt from the provisions of chapter 42.30 RCW. Hearings conducted by arbitrators may be open to the public by mutual consent of the parties.

(4) Terms of any collective bargaining agreement may be enforced by civil action in Thurston county superior court upon the initiative of either party.

(5) Ferry system employees or any employee organization shall not negotiate or attempt to negotiate directly with anyone other than the person who has been appointed or authorized a bargaining representative for the purpose of bargaining with the ferry employees or their representative.

(6)(a) Within ten working days after the first Monday in September of every odd-numbered year, the parties shall attempt to agree on an interest arbitrator to be used if the parties are not successful in negotiating a comprehensive collective bargaining agreement. If the parties cannot agree on an arbitrator within the ten-day period, either party may request a list of seven arbitrators from the federal mediation and conciliation service. The parties shall select an interest arbitrator using the coin toss/alternate strike method within thirty calendar days of receipt of the list. Immediately upon selecting an interest arbitrator, the parties shall cooperate to reserve dates with the arbitrator for potential arbitration between August 1st and September 15th of the following even-numbered year. The parties shall also prepare a schedule of at least five negotiation dates for the following year, absent an agreement to the contrary. The parties shall execute a written agreement before November 1st of each odd-numbered year setting forth the name of the arbitrator and the dates reserved for bargaining and arbitration. This subsection (6)(a) imposes minimum obligations only and is not intended to define or limit a party's full, good faith bargaining obligation under other sections of this chapter.

(b) The negotiation of a proposed collective bargaining agreement by representatives of the employer and a ferry employee organization shall commence on or about February 1st of every even-numbered year.

(c) For negotiations covering the 2009-2011 biennium and subsequent biennia, the time periods specified in this section, and in RCW 47.64.210 and 47.64.300 through 47.64.320, must ensure conclusion of all agreements on or before October 1st of the even-numbered year next preceding the biennial budget period during which the agreement should take effect. These time periods may only be altered by mutual agreement of the parties in writing. Any such agreement and any impasse procedures agreed to by the parties under RCW 47.64.200 must include an agreement regarding the new time periods that will allow final resolution by negotiations or arbitration by October 1st of each even-numbered year.

(7) It is the intent of this section that the collective bargaining agreement or arbitrator's award shall commence on July 1st of each odd-numbered year and shall terminate on June 30th of the next odd-numbered year to coincide with the ensuing biennial budget year, as defined by RCW 43.88.020(7), to the extent practical. It is further the intent of this section that all collective bargaining agreements be concluded by October 1st of the even-numbered year

before the commencement of the biennial budget year during which the agreements are to be in effect. After the expiration date of a collective bargaining agreement negotiated under this chapter, except to the extent provided in subsection (11) of this section and RCW 47.64.270(4), all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) The office of financial management shall conduct a salary survey, for use in collective bargaining and arbitration, which must be conducted through a contract with a firm nationally recognized in the field of human resources management consulting.

(9) Except as provided in subsection (11) of this section:

(a) The governor shall submit a request either for funds necessary to implement the collective bargaining agreements including, but not limited to, the compensation and fringe benefit provisions or for legislation necessary to implement the agreement, or both. Requests for funds necessary to implement the collective bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(b) The governor shall submit a request either for funds necessary to implement the arbitration awards or for legislation necessary to implement the arbitration awards, or both. Requests for funds necessary to implement the arbitration awards shall not be submitted to the legislature by the governor unless such requests:

(i) Have been submitted to the director of the office of financial management by October 1st before the legislative session at which the requests are to be considered; and

(ii) Have been certified by the director of the office of financial management as being feasible financially for the state.

(c) The legislature shall approve or reject the submission of the request for funds necessary to implement the collective bargaining agreements or arbitration awards as a whole for each agreement or award. The legislature shall not consider a request for funds to implement a collective bargaining agreement or arbitration award unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement and award or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 47.64.210 and 47.64.300.

(10) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(11)(a) For the collective bargaining agreements negotiated for the 2011-2013 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement even if the request for funds was not received by the office of financial management by October 1st and was not transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060.

(b) For the ~~((2011-2013))~~ 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee must be a separate agreement for which the

2013 REGULAR SESSION

governor may request funds necessary to implement the agreement. ~~((If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial master collective bargaining agreement under this chapter regarding health care benefits.))~~ The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(c) For the collective bargaining agreements negotiated for the 2013-2015 fiscal biennium, the legislature may consider a request for funds to implement a collective bargaining agreement reached after October 1st after a determination of financial infeasibility by the director of the office of financial management if the request for funds is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060.

Sec. 522. RCW 47.64.270 and 2011 c 367 s 713 are each amended to read as follows:

(1) The employer and one coalition of all the exclusive bargaining representatives subject to this chapter and chapter 41.80 RCW shall conduct negotiations regarding the dollar amount expended on behalf of each employee for health care benefits.

(2) Absent a collective bargaining agreement to the contrary, the department of transportation shall provide contributions to insurance and health care plans for ferry system employees and dependents, as determined by the state health care authority, under chapter 41.05 RCW.

(3) The employer and employee organizations may collectively bargain for insurance plans other than health care benefits, and employer contributions may exceed that of other state agencies as provided in RCW 41.05.050.

(4) For the ~~((2011-2013))~~ 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee must be a separate agreement for which the governor may request funds necessary to implement the agreement. ~~((If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial collective bargaining agreement under this chapter regarding health care benefits.))~~

IMPLEMENTING PROVISIONS

NEW SECTION. **Sec. 601. STAFFING LEVELS**

(1) As the department of transportation completes delivery of the projects funded by the 2003 and 2005 transportation revenue packages, it is clear that the current staffing levels necessary to deliver these projects are not sustainable into the future. Therefore, the department is directed to quickly move forward to develop and implement new business practices so that a smaller, more nimble state workforce can effectively and efficiently deliver transportation improvement programs as they are approved in the future, in strong partnership with the private sector, while protecting the public's interests and assets.

(2) To this end, the department of transportation is directed to reduce the size of its engineering and technical workforce to a level sustained by current law revenue levels currently estimated at two thousand FTEs by the end of the 2013-2015 fiscal biennium. The department shall submit a report on the progress made in 2011-2013 by July 1, 2013.

(3) In order to successfully deliver the highway construction program as funded, the department of transportation may continue to contract out engineering and technical services. In addition, the

department may continue the incentive program for retirements and employee separations.

NEW SECTION. **Sec. 602. FOR THE DEPARTMENT OF TRANSPORTATION**

The department shall begin to transition from owning a fleet of passenger vehicles in Thurston county to using the state motor pool. The funding appropriated in this act may not be used by programs headquartered in Thurston county to purchase passenger cars as defined in RCW 46.04.382.

NEW SECTION. **Sec. 603. FUND TRANSFERS**

(1) The transportation 2003 projects or improvements and the 2005 transportation partnership projects or improvements are listed in the LEAP list titled 2013-1 as developed April 23, 2013, which consists of a list of specific projects by fund source and amount over a ten-year period. Current fiscal biennium funding for each project is a line-item appropriation, while the outer year funding allocations represent a ten-year plan. The department is expected to use the flexibility provided in this section to assist in the delivery and completion of all transportation partnership account and transportation 2003 account (nickel account) projects on the LEAP transportation documents referenced in this act. However, this section does not apply to the I-5/Columbia River Crossing project (400506A). For the 2011-2013 and 2013-2015 project appropriations, unless otherwise provided in this act, the director of financial management may authorize a transfer of appropriation authority between projects funded with transportation 2003 account (nickel account) appropriations, or transportation partnership account appropriations, in order to manage project spending and efficiently deliver all projects in the respective program under the following conditions and limitations:

(a) Transfers may only be made within each specific fund source referenced on the respective project list;

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project or be made to support increases in the scope of a project;

(c) Each transfer between projects may only occur if the director of financial management finds that any resulting change will not hinder the completion of the projects as approved by the legislature. Until the legislature reconvenes to consider the 2014 supplemental omnibus transportation appropriations act, any unexpended 2011-2013 appropriation balance as approved by the office of financial management, in consultation with the legislative staff of the house of representatives and senate transportation committees, may be considered when transferring funds between projects;

(d) Transfers from a project may be made if the funds appropriated to the project are in excess of the amount needed to complete the project;

(e) Transfers may not occur for projects not identified on the applicable project list;

(f) Transfers may not be made while the legislature is in session; and

(g) Transfers between projects may be made, without the approval of the director of the office of financial management, by the department of transportation until the transfer amount by project exceeds two hundred fifty thousand dollars, or ten percent of the total project, whichever is less. These transfers must be reported quarterly to the director of financial management and the chairs of the house of representatives and senate transportation committees.

(2) At the time the department submits a request to transfer funds under this section, a copy of the request must be submitted to the transportation committees of the legislature.

(3) The office of financial management shall work with legislative staff of the house of representatives and senate transportation committees to review the requested transfers in a timely manner.

(4) The office of financial management shall document expected transfers and schedule changes in the transportation executive information system, compare changes to the legislative baseline funding and schedules identified by project identification number identified in the LEAP transportation documents referenced in this act, and transmit revised project lists to chairs of the transportation committees of the legislature on a quarterly basis.

NEW SECTION. Sec. 604. ACQUISITION OF PROPERTIES AND FACILITIES THROUGH FINANCIAL CONTRACTS

(1) The agency in subsection (2) of this section may enter into financial contracts, paid from any funds of an agency, appropriated or nonappropriated, for the purposes indicated and in not more than the principal amounts indicated, plus financing expenses and required reserves pursuant to chapter 39.94 RCW. When securing properties under this section, agencies shall use the most economical financial contract option available, including long-term leases, lease-purchase agreements, lease-development with option to purchase agreements, or financial contracts using certificates of participation. Expenditures made by an agency for one of the indicated purposes before the issue date of the authorized financial contract and any certificates of participation therein are intended to be reimbursed from proceeds of the financial contract and any certificates of participation therein to the extent provided in the agency's financing plan approved by the state finance committee.

(2) The Washington state patrol may enter into agreements with the department of enterprise services and the state treasurer's office to develop requests to the legislature for the acquisition of properties and facilities through financial contracts. The agreements may include charges for services rendered. The Washington state patrol may enter into a financing contract for up to \$4,680,000 plus financing expenses and required reserves pursuant to chapter 39.94 RCW to purchase and install mobile office platforms in state patrol and pursuit vehicles.

NEW SECTION. Sec. 605. FOR THE DEPARTMENT OF TRANSPORTATION

(1) The department of transportation shall prepare an updated facilities and property plan to improve the oversight of real estate procurement and property management across all department programs and regions, including the Washington state ferries. The plan must be submitted to the office of financial management and the transportation committees of the legislature by December 31, 2013. The plan must include:

(a) An inventory of all currently owned and leased buildings, including tunnel and bridge operation or maintenance facilities, and traffic management centers as provided by the state's facilities inventory process prescribed by the office of financial management annually by September 1st;

(b) A land inventory, as of July 2013, including an indication of whether the land is being held for right-of-way, disposition, or future operational facilities;

(c) A prioritized list of all facilities that are planned to be constructed, renovated, or remodeled in the next ten years, including each facilities' purpose and use, and the funding source indicating whether the funding that is assumed for the facility improvements is project or operational funding;

(d) A list of options for consolidating staff, equipment, and operational activities to reduce costs with an emphasis on consolidating facilities from leased facilities into state-owned facilities. New locations for a permanent state program or activity, unless a life-cycle cost analysis supports leasing in lieu of ownership or funds are not available for construction, should be state-owned facilities;

(e) A department-wide coordinated process and plan for regularly evaluating facility needs, which includes all facilities in the inventory under (a) of this subsection; and

(f) A list of department-owned property that can be declared surplus property.

(2) Except as provided otherwise in this act, the department of transportation may not enter into new leases, equal value exchanges, or property transactions, including land acquisitions, except for right-of-way purchases for projects on the legislative project lists, without first consulting with the office of financial management.

NEW SECTION. Sec. 606. FOR THE DEPARTMENT OF TRANSPORTATION

As part of its 2014 supplemental budget submittal, the department shall provide a report to the legislature and the office of financial management that:

(1) Identifies, by capital project, the amount of state funding that has been reappropriated from the 2011-2013 fiscal biennium into the 2013-2015 fiscal biennium; and

(2) Identifies, for each project, the amount of cost savings or increases in funding that have been identified as compared to the 2013 enacted omnibus transportation appropriations act.

NEW SECTION. Sec. 607. FOR THE DEPARTMENT OF TRANSPORTATION

The department of transportation, in conjunction with the office of minority and women's business enterprises, shall review the city of Seattle's minority and women's business enterprise inclusion plans that the city has implemented. The review should include a comparison between the existing state process and the city of Seattle inclusion process for bidding construction projects. As part of the review, any identified advantages or disadvantages along with any realized benefits that the city of Seattle has experienced should be included in a report that is due to the transportation committees of the legislature by December 1, 2013.

NEW SECTION. Sec. 608. VOLUNTARY RETIREMENT AND SEPARATION INCENTIVES

As a management tool to reduce costs and make more effective use of resources, while improving employee productivity and morale, agencies may implement a voluntary retirement and/or separation program that is cost neutral or results in cost savings, including costs to the state pension systems, over a two-year period following the commencement of the program, provided that the program is approved by the director of financial management. Agencies participating in this authorization may offer voluntary retirement and/or separation incentives and options according to procedures and guidelines established by the office of financial management, in consultation with the office of the state human resources director and the department of retirement systems. The options may include, but are not limited to, financial incentives for voluntary separation or retirement. An employee does not have any contractual right to a financial incentive offered pursuant to this section. Offers must be reviewed and monitored jointly by the office of the state human resources director and the department of retirement systems. Agencies must submit a report by June 30, 2015, to the legislature and the office of financial management on the outcome of their approved incentive program. The report should include information on the details of the program, including the incentive payment amount for each participant, the total cost to the state, and the projected or actual net dollar savings over the two-year period.

The department of retirement systems may collect from employers the actuarial cost of any incentive provided under this program, or any other incentive to retire provided by employers to members of the state's pension systems, for deposit in the appropriate pension account.

NEW SECTION. Sec. 609. COMPENSATION--REVISE PENSION CONTRIBUTION RATES

The number of toll credits provided must be equal to, but no more than, the number sufficient to meet federal match requirements for grant funding for passenger-only ferry service, but must not exceed the amount authorized in this section.

NEW SECTION. Sec. 611. To the extent that any appropriation authorizes expenditures of state funds from the motor vehicle account, special category C account, Tacoma Narrows toll bridge account, transportation 2003 account (nickel account), transportation partnership account, transportation improvement account, Puget Sound capital construction account, multimodal transportation account, state route number 520 corridor account, or other transportation capital project account in the state treasury for a state transportation program that is specified to be funded with proceeds from the sale of bonds authorized in chapter 47.10 RCW, the legislature declares that any such expenditures made prior to the issue date of the applicable transportation bonds for that state transportation program are intended to be reimbursed from proceeds of those transportation bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. Sec. 612. WEB SITE REPORTING REQUIREMENTS FOR THE DEPARTMENT OF TRANSPORTATION

(1) The department of transportation shall post on its web site every report that is due from the department to the legislature during the 2013-2015 fiscal biennium on one web page. The department must post both completed reports and planned reports on a single web page.

(5) Provisions that specify the process to be followed if the commission is interested in the concept proposal, which must include provisions:

(a) Requiring that information regarding the potential project would be published for a period of not less than thirty days, during which time entities could express interest in submitting a proposal;

(b) Specifying that if letters of interest were received during the thirty days, then an additional sixty days for submission of the fully detailed proposal would be allowed; and

ONE HUNDRED FIFTH DAY, APRIL 28, 2013

2013 REGULAR SESSION

(c) Procedures for what will happen if there are insufficient proposals submitted or if there are no letters of interest submitted in the appropriate time frame.

Sec. 709. RCW 47.56.403 and 2011 c 367 s 709 are each amended to read as follows:

(1) The department may provide for the establishment, construction, and operation of a pilot project of high occupancy toll lanes on state route 167 high occupancy vehicle lanes within King county. The department may issue, buy, and redeem bonds, and deposit and expend them; secure and remit financial and other assistance in the construction of high occupancy toll lanes, carry insurance, and handle any other matters pertaining to the high occupancy toll lane pilot project.

(2) Tolls for high occupancy toll lanes will be established as follows:

(a) The schedule of toll charges for high occupancy toll lanes must be established by the transportation commission and collected in a manner determined by the commission.

(b) Toll charges shall not be assessed on transit buses and vanpool vehicles owned or operated by any public agency.

(c) The department shall establish performance standards for the state route 167 high occupancy toll lane pilot project. The department must automatically adjust the toll charge, using dynamic tolling, to ensure that toll-paying single-occupant vehicle users are only permitted to enter the lane to the extent that average vehicle speeds in the lane remain above forty-five miles per hour at least ninety percent of the time during peak hours. The toll charge may vary in amount by time of day, level of traffic congestion within the highway facility, vehicle occupancy, or other criteria, as the commission may deem appropriate. The commission may also vary toll charges for single-occupant inherently low-emission vehicles such as those powered by electric batteries, natural gas, propane, or other clean burning fuels.

(d) The commission shall periodically review the toll charges to determine if the toll charges are effectively maintaining travel time, speed, and reliability on the highway facilities.

(3) The department shall monitor the state route 167 high occupancy toll lane pilot project and shall annually report to the transportation commission and the legislature on operations and findings. At a minimum, the department shall provide facility use data and review the impacts on:

- (a) Freeway efficiency and safety;
- (b) Effectiveness for transit;
- (c) Person and vehicle movements by mode;
- (d) Ability to finance improvements and transportation services through tolls; and

(e) The impacts on all highway users. The department shall analyze aggregate use data and conduct, as needed, separate surveys to assess usage of the facility in relation to geographic, socioeconomic, and demographic information within the corridor in order to ascertain actual and perceived questions of equitable use of the facility.

(4) The department shall modify the pilot project to address identified safety issues and mitigate negative impacts to high occupancy vehicle lane users.

(5) Authorization to impose high occupancy vehicle tolls for the state route 167 high occupancy toll pilot project expires if either of the following two conditions apply:

(a) If no contracts have been let by the department to begin construction of the toll facilities associated with this pilot project within four years of July 24, 2005; or

(b) If high occupancy vehicle tolls are being collected on June 30, ~~((2013))~~ 2015.

(6) The department of transportation shall adopt rules that allow automatic vehicle identification transponders used for electronic toll collection to be compatible with other electronic payment devices or transponders from the Washington state ferry system, other public transportation systems, or other toll collection systems to the extent that technology permits.

(7) The conversion of a single existing high occupancy vehicle lane to a high occupancy toll lane as proposed for SR-167 must be taken as the exception for this pilot project.

(8) A violation of the lane restrictions applicable to the high occupancy toll lanes established under this section is a traffic infraction.

(9) Procurement activity associated with this pilot project shall be open and competitive in accordance with chapter 39.29 RCW.

Sec. 710. RCW 47.56.876 and 2011 c 367 s 720 are each amended to read as follows:

~~((4))~~ A special account to be known as the state route number 520 civil penalties account is created in the state treasury. All state route number 520 bridge replacement and HOV program civil penalties generated from the nonpayment of tolls on the state route number 520 corridor must be deposited into the account, as provided under RCW 47.56.870(4)(b)(vii). Moneys in the account may be spent only after appropriation. Expenditures from the account may be used to fund any project within the state route number 520 bridge replacement and HOV program, including mitigation. During the 2011-2013 and 2013-2015 fiscal ~~((biennium))~~ biennia, the legislature may transfer from the state route number 520 civil penalties account to the state route number 520 corridor account such amounts as reflect the excess fund balance of the state route number 520 civil penalties account. Funds transferred must be used solely for capital expenditures for the state route number 520 bridge replacement and HOV project (8B11003).

~~((2))~~ This section is contingent on the enactment by June 30, 2010, of either chapter 249, Laws of 2010 or chapter . . . (Substitute House Bill No. 2897), Laws of 2010, but if the enacted bill does not designate the department as the toll penalty adjudicating agency, this section is null and void.)

Sec. 711. RCW 46.63.170 and 2012 c 85 s 3 and 2012 c 83 s 7 are each reenacted and amended to read as follows:

(1) The use of automated traffic safety cameras for issuance of notices of infraction is subject to the following requirements:

(a) The appropriate local legislative authority must prepare an analysis of the locations within the jurisdiction where automated traffic safety cameras are proposed to be located: (i) Before enacting an ordinance allowing for the initial use of automated traffic safety cameras; and (ii) before adding additional cameras or relocating any existing camera to a new location within the jurisdiction. Automated traffic safety cameras may be used to detect one or more of the following: Stoplight, railroad crossing, or school speed zone violations. At a minimum, the local ordinance must contain the restrictions described in this section and provisions for public notice and signage. Cities and counties using automated traffic safety cameras before July 24, 2005, are subject to the restrictions described in this section, but are not required to enact an authorizing ordinance. Beginning one year after June 7, 2012, cities and counties using automated traffic safety cameras must post an annual report of the number of traffic accidents that occurred at each location where an automated traffic safety camera is located as well as the number of notices of infraction issued for each camera and any other relevant information about the automated traffic

safety cameras that the city or county deems appropriate on the city's or county's web site.

(b) Use of automated traffic safety cameras is restricted to the following locations only: (i) Intersections of two arterials with traffic control signals that have yellow change interval durations in accordance with RCW 47.36.022, which interval durations may not be reduced after placement of the camera; (ii) railroad crossings; and (iii) school speed zones.

(c) During the 2011-2013 and 2013-2015 fiscal ((biennium)) biennia, automated traffic safety cameras may be used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 and section 201(4) of this act if the local legislative authority first enacts an ordinance authorizing the use of cameras to detect speed violations.

(d) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle. The primary purpose of camera placement is to take pictures of the vehicle and vehicle license plate when an infraction is occurring. Cities and counties shall consider installing cameras in a manner that minimizes the impact of camera flash on drivers.

(e) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (3)(a) of this section. The law enforcement officer issuing the notice of infraction shall include with it a certificate or facsimile thereof, based upon inspection of photographs, microphotographs, or electronic images produced by an automated traffic safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated traffic safety camera may respond to the notice by mail.

(f) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(d) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (3) of this section. If appropriate under the circumstances, a renter identified under subsection (3)(a) of this section is responsible for an infraction.

(g) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(h) All locations where an automated traffic safety camera is used must be clearly marked at least thirty days prior to activation of the camera by placing signs in locations that clearly indicate to a driver that he or she is entering a zone where traffic laws are enforced by an automated traffic safety camera. Signs placed in automated traffic safety camera locations after June 7, 2012, must follow the specifications and guidelines under the manual of uniform traffic control devices for streets and highways as adopted by the department of transportation under chapter 47.36 RCW.

(i) If a county or city has established an authorized automated traffic safety camera program under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment.

(2) Infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras under this section shall be processed in the same manner as parking infractions, including for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). The amount of the fine issued for an infraction generated through the use of an automated traffic safety camera shall not exceed the amount of a fine issued for other parking infractions within the jurisdiction. However, the amount of the fine issued for a traffic control signal violation detected through the use of an automated traffic safety camera shall not exceed the monetary penalty for a violation of RCW 46.61.050 as provided under RCW 46.63.110, including all applicable statutory assessments.

(3) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction being issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(a) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(b) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(c) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

Timely mailing of this statement to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(4) Nothing in this section prohibits a law enforcement officer from issuing a notice of traffic infraction to a person in control of a vehicle at the time a violation occurs under RCW 46.63.030(1) (a), (b), or (c).

(5) For the purposes of this section, "automated traffic safety camera" means a device that uses a vehicle sensor installed to work in conjunction with an intersection traffic control system, a railroad grade crossing control system, or a speed measuring device, and a camera synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a motor vehicle at the time the vehicle fails to stop when facing a steady red traffic control signal or an activated railroad grade crossing control signal, or exceeds a speed limit in a school speed zone as detected by a speed measuring device. During the 2011-2013 and 2013-2015 fiscal ((biennium)) biennia, an automated traffic safety camera includes a camera used to detect speed violations for the purposes of section 201(2), chapter 367, Laws of 2011 and section 201(4) of this act.

(6) During the 2011-2013 and 2013-2015 fiscal ((biennium)) biennia, this section does not apply to automated traffic safety cameras for the purposes of section 216(5), chapter 367, Laws of 2011 and section 216(6) of this act.

Sec. 712. RCW 46.20.745 and 2012 c 183 s 10 are each amended to read as follows:

(1) The ignition interlock device revolving account program is created within the department to assist in covering the monetary costs of installing, removing, and leasing an ignition interlock device, and applicable licensing, for indigent persons who are required under RCW 46.20.385, 46.20.720, and 46.61.5055 to install an ignition interlock device in all vehicles owned or operated by the person. For purposes of this subsection, "indigent" has the same meaning as in RCW 10.101.010, as determined by the department. During the 2013-2015 fiscal biennium, the ignition interlock device revolving account program also includes ignition interlock enforcement work conducted by the Washington state patrol.

(2) A pilot program is created within the ignition interlock device revolving account program for the purpose of monitoring compliance by persons required to use ignition interlock devices and by ignition interlock companies and vendors.

(3) The department, the state patrol, and the Washington traffic safety commission shall coordinate to establish a compliance pilot program that will target at least one county from eastern Washington and one county from western Washington, as determined by the department, state patrol, and Washington traffic safety commission.

(4) At a minimum, the compliance pilot program shall:

(a) Review the number of ignition interlock devices that are required to be installed in the targeted county and the number of ignition interlock devices actually installed;

(b) Work to identify those persons who are not complying with ignition interlock requirements or are repeatedly violating ignition interlock requirements; and

(c) Identify ways to track compliance and reduce noncompliance.

(5) As part of monitoring compliance, the Washington traffic safety commission shall also track recidivism for violations of RCW 46.61.502 and 46.61.504 by persons required to have an ignition interlock driver's license under RCW 46.20.385 and 46.20.720.

Sec. 713. RCW 46.68.370 and 2011 c 367 s 716 are each amended to read as follows:

Expenditures from this account must support current and future license plate technology and systems integration upgrades for both the department and correctional industries. Moneys in the account may be spent only after appropriation. Additionally, the moneys in this account may be used to reimburse the motor vehicle account for any appropriation made to implement the digital license plate system. During the 2011-2013 and 2013-2015 fiscal ~~(biennium)~~ biennia, the legislature may transfer from the license plate technology account to the highway safety account [fund] such amounts as reflect the excess fund balance of the license plate technology account.

Sec. 714. RCW 47.12.244 and 2011 c 367 s 717 are each amended to read as follows:

(1) An initial deposit of ten million dollars from the motor vehicle fund included in the department of transportation's 1991-93 budget;

(2) All moneys received by the department as rental income from real properties that are not subject to federal aid reimbursement, except moneys received from rental of capital facilities properties as defined in chapter 47.13 RCW; and

(3) Any federal moneys available for acquisition of right-of-way for future construction under the provisions of section 108 of Title 23, United States Code.

During the ~~((2009-2011 and))~~ 2011-2013 and 2013-2015 fiscal biennia, the legislature may transfer from the advance right-of-way revolving fund to the motor vehicle account amounts as reflect the excess fund balance of the advance right-of-way revolving fund.

Sec. 715. RCW 47.12.340 and 2010 c 247 s 703 are each amended to read as follows:

Sec. 716. RCW 46.63.180 and 2011 c 375 s 2 are each amended to read as follows:

(1) School districts may install and operate automated school bus safety cameras on school buses to be used for the detection of violations of RCW 46.61.370(1) if the use of the cameras is approved by a vote of the school district board of directors. School districts are not required to take school buses out of service if the buses are not equipped with automated school bus safety cameras or functional automated safety cameras. Further, school districts shall be held harmless from and not liable for any criminal or civil liability arising under the provisions of this section.

(a) Automated school bus safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle.

(b) A notice of infraction must be mailed to the registered owner of the vehicle within fourteen days of the violation, or to the renter of a vehicle within fourteen days of establishing the renter's name and address under subsection (2)(a)(i) of this section. The law enforcement officer issuing the notice of infraction shall include a certificate or facsimile of the notice, based upon inspection of photographs, microphotographs, or electronic images produced by an automated school bus safety camera, stating the facts supporting the notice of infraction. This certificate or facsimile is prima facie evidence of the facts contained in it and is admissible in a proceeding charging a violation under this chapter. The photographs, microphotographs, or electronic images evidencing the violation must be available for inspection and admission into evidence in a proceeding to adjudicate the liability for the infraction. A person receiving a notice of infraction based on evidence detected by an automated school bus safety camera may respond to the notice by mail.

(c) The registered owner of a vehicle is responsible for an infraction under RCW 46.63.030(1)(e) unless the registered owner overcomes the presumption in RCW 46.63.075, or, in the case of a rental car business, satisfies the conditions under subsection (2) of this section. If appropriate under the circumstances, a renter identified under subsection (2)(a)(i) of this section is responsible for an infraction.

(d) Notwithstanding any other provision of law, all photographs, microphotographs, or electronic images prepared under this section are for the exclusive use of law enforcement in the discharge of duties under this section and are not open to the public and may not be used in a court in a pending action or proceeding unless the action or proceeding relates to a violation under this section. No photograph, microphotograph, or electronic image may be used for any purpose other than enforcement of violations under this section nor retained longer than necessary to enforce this section.

(e) If a school district installs and operates an automated school bus safety camera under this section, the compensation paid to the manufacturer or vendor of the equipment used must be based only upon the value of the equipment and services provided or rendered in support of the system, and may not be based upon a portion of the fine or civil penalty imposed or the revenue generated by the equipment. Further, any repair, replacement, or administrative work costs related to installing or repairing automated school bus safety cameras must be solely paid for by the manufacturer or vendor of the cameras. Before entering into a contract with the manufacturer or vendor of the equipment used under this subsection (1)(e), the school district must follow the competitive bid process as outlined in RCW 28A.335.190(1).

(f) Any revenue collected from infractions detected through the use of automated school bus safety cameras, less the administration and operating costs of the cameras, must be remitted to school districts for school zone safety projects as determined by the school district using the automated school bus safety cameras. The administration and operating costs of the cameras includes infraction enforcement and processing costs that are incurred by local law enforcement or local courts. During the 2013-2015 fiscal biennium, the infraction revenue may also be used for school bus safety projects by those school districts eligible to apply for funding from the school zone safety account appropriation in section 201 of this act.

(2)(a) If the registered owner of the vehicle is a rental car business, the law enforcement agency shall, before a notice of infraction is issued under this section, provide a written notice to the rental car business that a notice of infraction may be issued to the rental car business if the rental car business does not, within eighteen days of receiving the written notice, provide to the issuing agency by return mail:

(ii) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of the infraction. A statement provided under this subsection (2)(a)(ii) must be accompanied by a copy of a filed police report regarding the vehicle theft; or

(iii) In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

(b) Timely mailing of a statement under this subsection to the issuing law enforcement agency relieves a rental car business of any liability under this chapter for the notice of infraction.

(3) For purposes of this section, "automated school bus safety camera" means a device that is affixed to a school bus that is synchronized to automatically record one or more sequenced photographs, microphotographs, or electronic images of the rear of a vehicle at the time the vehicle is detected for an infraction identified in RCW 46.61.370(1).

Sec. 717. RCW 46.68.060 and 2011 c 367 s 718 and 2011 c 298 s 26 are each reenacted and amended to read as follows:

There is hereby created in the state treasury a fund to be known as the highway safety fund to the credit of which must be deposited

all moneys directed by law to be deposited therein. This fund must be used for carrying out the provisions of law relating to driver licensing, driver improvement, financial responsibility, cost of furnishing abstracts of driving records and maintaining such case records, and to carry out the purposes set forth in RCW 43.59.010, and chapters 46.72 and 46.72A RCW. During the ~~((2009-2011 and))~~ 2011-2013 and 2013-2015 fiscal biennia, the legislature may transfer from the highway safety fund to the Puget Sound ferry operations account, the motor vehicle fund, and the multimodal transportation account such amounts as reflect the excess fund balance of the highway safety fund.

(5) A person may not take a credit under this section for amounts claimed for credit by other persons.

Sec. 719. RCW 82.70.040 and 2005 c 297 s 5 are each amended to read as follows:

(1)(a)(i) The department shall keep a running total of all credits allowed under RCW 82.70.020 during each fiscal year. The department shall not allow any credits that would cause the total amount allowed to exceed two million seven hundred fifty thousand dollars in any fiscal year. This limitation includes any deferred credits carried forward under subsection (2)(b)(i) of this section from prior years.

(ii) During the 2013-2015 fiscal biennium, the department shall not allow any credits that would cause the total amount allowed to exceed one million five hundred thousand dollars in any fiscal year. This limitation includes any deferred credits carried forward under subsection (2)(b)(i) of this section from prior years.

(b) If the total amount of credit applied for by all applicants in any year exceeds the limit in this subsection, the department shall ratably reduce the amount of credit allowed for all applicants so that the limit in this subsection is not exceeded. (2)(a) Tax credits under RCW 82.70.020 may not be claimed in excess of the amount of tax otherwise due under chapter 82.04 or 82.16 RCW.

ONE HUNDRED FIFTH DAY, APRIL 28, 2013

A person deferring tax credits under this subsection (2)(b)(i) must submit an application as provided in RCW 82.70.025 in the year in which the deferred tax credits will be used. Therefore, pursuant to RCW 47.12.080, the legislature declares that transferring the property to the department of fish and wildlife for recreational use and fish and wildlife restoration efforts is consistent with the public interest in order to preserve the area for the use of the public and the betterment of the natural environment. Motor Vehicle Account--Private/Local Appropriation		\$250,000	
TOTAL APPROPRIATION	((51,118,000))	
.....		\$51,041,000	

The appropriations in this section are subject to the following conditions and limitations:

(1) \$6,000,000 of the motor vehicle account--state appropriation is provided solely for low-cost enhancements. Of this amount, \$10,000 of the motor vehicle account--state appropriation is provided solely for the department to install additional farm machinery signs to promote safety in agricultural areas along state highways. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. The department shall prioritize low-cost enhancement projects on a statewide rather than regional basis. By September 1st of each even-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects prioritized on a statewide rather than regional basis completed in the prior year.

(2) \$145,000 of the motor vehicle account--state appropriation is provided solely for the department to continue a pilot tow truck incentive program and to expand the program to other areas of the state. The department may provide incentive payments to towing companies that meet clearance goals on accidents that involve heavy trucks.

(3) During the 2011-2013 fiscal biennium, the department shall implement a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an

employer for the benefit of its employees. By June 30, 2013, the department shall report to the transportation committees of the legislature on whether private transportation provider use of high occupancy vehicle lanes under the pilot program reduces the speeds of high occupancy vehicle lanes. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure. If chapter ... (Substitute Senate Bill No. 5836), Laws of 2011 is enacted by June 30, 2011, this subsection is null and void.

(4) \$9,000,000 of the motor vehicle account--state appropriation is provided solely for the department's incident response program.

(5) The department, in consultation with the Washington state patrol, must continue a pilot program for the patrol to issue infractions based on information from automated traffic safety cameras in roadway construction zones on state highways. The department must report to the joint transportation committee by January 1, 2012, and January 1, 2013, on the status of this pilot program. For the purpose of this pilot program, during the 2011-2013 fiscal biennium, a roadway construction zone includes areas where public employees or private contractors may be present or where a driving condition exists that would make it unsafe to drive at higher speeds, such as, when the department is redirecting or realigning lanes on any public roadway pursuant to ongoing construction. The department shall use the following guidelines to administer the program:

(a) Automated traffic safety cameras may only take pictures of the vehicle and vehicle license plate and only while an infraction is occurring. The picture must not reveal the face of the driver or of passengers in the vehicle;

(b) The department shall plainly mark the locations where the automated traffic safety cameras are used by placing signs on locations that clearly indicate to a driver that he or she is entering a roadway construction zone where traffic laws are enforced by an automated traffic safety camera;

(c) Notices of infractions must be mailed to the registered owner of a vehicle within fourteen days of the infraction occurring;

(d) The owner of the vehicle is not responsible for the violation if the owner of the vehicle, within fourteen days of receiving notification of the violation, mails to the patrol, a declaration under penalty of perjury, stating that the vehicle involved was, at the time, stolen or in the care, custody, or control of some person other than the registered owner, or any other extenuating circumstances;

(e) For purposes of the 2011-2013 fiscal biennium pilot program, infractions detected through the use of automated traffic safety cameras are not part of the registered owner's driving record under RCW 46.52.101 and 46.52.120. Additionally, infractions generated by the use of automated traffic safety cameras must be processed in the same manner as parking infractions for the purposes of RCW 3.50.100, 35.20.220, 46.16A.120, and 46.20.270(3). However, the amount of the fine issued under this subsection (5) for an infraction generated through the use of an automated traffic safety camera is one hundred thirty-seven dollars. The court shall remit thirty-two dollars of the fine to the state treasurer for deposit into the state patrol highway account; and

(f) If a notice of infraction is sent to the registered owner and the registered owner is a rental car business, the infraction must be dismissed against the business if it mails to the patrol, within fourteen days of receiving the notice, a declaration under penalty of perjury of the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred. If the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred, the business must sign a declaration under penalty of perjury to this effect. The declaration must be mailed to the patrol within fourteen days of receiving the

notice of traffic infraction. Timely mailing of this declaration to the issuing agency relieves a rental car business of any liability under this section for the notice of infraction. A declaration form suitable for this purpose must be included with each automated traffic infraction notice issued, along with instructions for its completion and use.

(6) The department shall track the costs associated with active traffic management systems on a corridor basis and report to the transportation committees of the legislature on the cost and benefits of the systems by December 1, 2011.

(b) \$19,500,000 of the multimodal transportation account--state appropriation is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the amount expended for demand response service and route deviated service in calendar year 2009 as reported in the "Summary of Public Transportation - 2009" published by the department of transportation. (c) \$520,000 of the amount provided in this subsection is provided solely for the purchase of additional vans for use by vanpools serving soldiers and civilian employees at Joint Base Lewis-McChord.

(4) (~~(\$8,942,000)~~) \$6,453,000 of the regional mobility grant program account--state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document (~~(2012-4)~~) 2013-2 ALL PROJECTS - Public Transportation - Program (V) as developed ((March 8, 2012)) April 23, 2013. The department shall review all projects receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. used to build or improve buildings until the plan described in section 604 (~~(of this act)~~), chapter 367, Laws of 2011 is complete.

~~((29) \$657,000)~~ (28) \$637,000 of the motor vehicle account--federal appropriation (~~(is)~~) and \$15,000 of the motor vehicle account--state appropriation are provided solely for the US 97A/North of Wenatchee - Wildlife Fence project (209790B).

~~((30))~~ (29) The department shall reconvene an expert review panel of no more than three members as described under RCW 47.01.400 for the purpose of updating the work that was previously completed by the panel on the Alaskan Way viaduct replacement project and to ensure that an appropriate and viable financial plan is created and regularly reviewed. The expert review panel must be selected cooperatively by the chairs of the senate and house of representatives transportation committees, the secretary of transportation, and the governor. The expert review panel must report findings and recommendations to the transportation committees of the legislature, the governor's Alaskan Way viaduct project oversight committee, and the transportation commission by October 2011, and annually thereafter until the project is operationally complete.

~~((31))~~ (30) It is important that the public and policymakers have accurate and timely access to information related to the Alaskan Way viaduct replacement project as it proceeds to, and during, the construction of all aspects of the project including, but not limited to, information regarding costs, schedules, contracts, project status, and neighborhood impacts. Therefore, it is the intent of the legislature that the state, city, and county departments of transportation establish a single source of accountability for integration, coordination, tracking, and information of all requisite components of the replacement project, which must include, at a minimum:

(a) A master schedule of all subprojects included in the full replacement project or program; and

(b) A single point of contact for the public, media, stakeholders, and other interested parties.

~~((32))~~ (31) Within the amounts provided in this section, ~~((20,000))~~ \$42,000 of the motor vehicle account--state appropriation and ~~((980,000))~~ \$958,000 of the motor vehicle account--federal appropriation are provided solely for the department to continue work on a comprehensive tolling study of the state route number 167 corridor (project 316718S). As funding allows, the department shall also continue work on a comprehensive tolling study of the state route number 509 corridor.

~~((33))~~ (32)(a) ~~((137,022,000))~~ \$70,663,000 of the transportation partnership account--state appropriation and ~~((50,623,000))~~ \$38,613,000 of the transportation 2003 account (nickel account)--state appropriation are provided solely for the I-405/Kirkland Vicinity Stage 2 - Widening project (8BI1002). This project must be completed as soon as practicable as a design-build project and must be constructed with a footprint that would accommodate potential future express toll lanes.

(b) As part of the project, the department shall conduct a traffic and revenue analysis and complete a financial plan to provide additional information on the revenues, expenditures, and financing options available for active traffic management and congestion relief in the Interstate 405 and state route number 167 corridors. A report must be provided to the transportation committees of the legislature and the office of financial management by January 2012. However, this subsection ~~((33))~~ (32)(b) is null and void if chapter . . . (Engrossed House Bill No. 1382), Laws of 2011 (I-405 express toll lanes) is enacted by June 30, 2011.

(c) (Of the amount appropriated in (a) of this subsection, \$15,000,000 of the transportation partnership account--state appropriation is provided solely for the preliminary design and purchase of rights-of-way on the state route number 167 direct

connector. It is the intent of the legislature to fund an additional \$25,000,000 of the transportation partnership account--state appropriation for the preliminary design and purchase of rights-of-way on the state route number 167 direct connector during the 2013-2015 biennium.

(d)) Within the amounts provided for this project, funding is provided solely for tolling equipment, such as gantries, barriers, or cameras, on Interstate 405, consistent with chapter 369, Laws of 2011. The department shall place amounts for tolling equipment into unallotted status until the traffic and revenue analysis required in RCW 47.56.886 is submitted to the governor and the legislature. Once the report has been submitted, the office of financial management may approve the allotment of funds for tolling equipment only after consultation with the joint transportation committee.

~~((34))~~ (33) Funding for a signal at state route number 507 and Yew Street is included in the appropriation for intersection and spot improvements (OB12002).

(34) \$3,392,000 of the transportation partnership account--state appropriation is provided solely for the preliminary design and purchase of rights-of-way on the state route number 167 direct connector (140504C).

(35) ~~((224,592,000))~~ \$52,078,000 of the transportation partnership account--state appropriation (~~(and \$898,286,000)~~), \$902,101,000 of the state route number 520 corridor account--state appropriation, \$17,155,000 of the motor vehicle account--federal appropriation, and \$1,303,000 of the motor vehicle account--private/local appropriation are provided solely for the state route number 520 bridge replacement and HOV program (8BI1003). When developing the financial plan for the program, the department shall assume that all maintenance and operation costs for the new facility are to be covered by tolls collected on the toll facility, and not by the motor vehicle account.

(36) \$500,000 of the motor vehicle account--state appropriation is provided solely for a multimodal corridor plan on state route number 520 between Interstate 405 and Avondale Road in Redmond (L1000054).

(37) \$300,000 of the motor vehicle account--federal appropriation (~~(is)~~) and \$13,000 of the motor vehicle account--state appropriation are provided solely for the SR 523 Corridor study (L1000059).

(38) The department shall consider using the city of Mukilteo's off-site mitigation program in the event any projects on state route number 525 or 526 require environmental mitigation.

(39) Any savings on projects on the state route number 532 corridor must be used within the corridor to begin work on flood prevention and raising portions of the highway above flood and storm influences.

(40) The total appropriation provided in this section assumes enactment of chapter . . . (Second Substitute Senate Bill No. 5250), Laws of 2012 (design-build procedures) and reflects efficiencies and cost savings generated by this innovative design and contracting tool.

(41) Construction of a new traffic management center may not commence until the budget evaluation study in section 102(1) (~~(of this act)~~), chapter 86, Laws of 2012 is complete and the office of financial management has determined that a new traffic management center is the preferred option and has approved this project.

(42) The department shall itemize all future requests for the construction of new buildings on a project list. Each building construction project must be listed in the project list along with all other highway construction projects and submitted by the department as part of its budget submittal. It is the intent of the

legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(43) ~~(\$250,000)~~ \$240,000 of the motor vehicle account--federal appropriation ~~((is))~~ and \$10,000 of the motor vehicle account--state appropriation are provided solely for planning a proposed off-ramp eastbound from state route number 518 to Des Moines Memorial Drive in Burien (L1100045).

(44) ~~(\$1,100,000)~~ \$425,000 of the motor vehicle account--federal appropriation ~~((is))~~ and \$18,000 of the motor vehicle account--state appropriation are provided solely for preliminary engineering on the I-5/Marvin Road Interchange study (L2200087).

(45) ~~(\$400,000)~~ \$389,000 of the motor vehicle account--federal appropriation ~~((is))~~ and \$22,000 of the motor vehicle account--state appropriation are provided solely for the SR 150/No-See-Um Road Intersection - Realignment project (L2200092).

(46) \$750,000 of the motor vehicle account--federal appropriation ~~((is))~~ and \$31,000 of the motor vehicle account--state appropriation are provided solely for ~~((preliminary engineering on))~~ the SR 305/Suquamish Way Intersection Improvements project (L2200093).

(47) ~~(\$700,000)~~ \$658,000 of the motor vehicle account--federal appropriation ~~((is))~~ and \$16,000 of the motor vehicle account--state appropriation are provided solely for the US 395/Lind Road Intersection project (L2200086).

(48) \$7,398,000 of the motor vehicle account--state appropriation is provided solely to advance the design, preliminary engineering, and rights-of-way acquisition for the priority projects identified in LEAP Transportation Document 2013-3 as developed April 23, 2013. Funds must be used to advance the emergent, initial development of these projects for the purpose of expediting delivery of the associated major investments when funding for such investments becomes available. Funding may be reallocated between projects to maximize the accomplishment of design and preliminary engineering work and rights-of-way acquisition, provided that all projects are addressed. It is the intent of the legislature that, while seeking to maximize the outcomes in this section, the department shall provide for continuity of both the state and consulting engineer workforce, while strategically utilizing private sector involvement to ensure consistency with the department's business plan for staffing in the highway construction program in the current and next fiscal biennium.

The department shall use as much already procured equipment as practicable on the 144-car vessel. The vendor must present to the joint transportation committee and the office of financial management, by August 15, 2011, a list of options that will result in significant cost savings changes in terms of construction or the long-term maintenance and operations of the vessel. The vendor must allow for exercising the options without a penalty. If neither chapter ... (Engrossed Substitute Senate Bill No. 5742), Laws of 2011 nor chapter ... Prior to beginning terminal improvements, the department shall report to the legislature on the final environmental impact statement by December 31, 2012. The report must include an overview of the costs and benefits of each of the alternatives considered, as well as an identification of costs and a funding plan for the preferred alternative.

(8) The department shall review all terminal project cost estimates to identify projects where similar design requirements could result in reduced preliminary engineering or miscellaneous items costs. The department shall report to the legislature by September 1, 2011. The report must use programmatic design and include estimated cost savings by reducing repetitive design costs or miscellaneous costs, or both, applied to projects.

(9) (((\$3,000,000)) \$6,000,000 of the Puget Sound capital construction account--state appropriation is provided solely for emergency capital repair costs (project 999910K). Funds may be spent only after approval from the office of financial management.

The successful bidder must be awarded the \$250,000 appropriation and must be able to offer detailed design services, attain coast guard approval regarding vessel safety and any other requirements pertaining to design, acquire engines with LNG as a sole fuel source, provide public outreach and education regarding the conversion of ferry vessels to LNG, perform all conversion work, and supply dependable and suitable quantities of LNG. The RFP must include incentives for proposals that include alternative financing arrangements, such as a delayed payment plan based on fuel savings. To the extent allowable under current law, the bidder awarded the design-build contract for converting the Issaquah fleet

to LNG under this subsection must be given bidding preferences in any future LNG-related ferry proposals or projects. (b) Within the amounts provided in this section, ~~(\$4,757,000)~~ \$4,507,000 of the transportation infrastructure account--state appropriation is for low-interest loans through the freight rail investment bank program for specific projects listed as recipients of these loans in the LEAP transportation document identified in (a) of this subsection. The department shall issue freight rail investment bank program loans with a repayment period of no more than ten years, and only so much interest as is necessary to recoup the department's costs to administer the loans.

(c) Within the amounts provided in this section, ~~(\$2,047,000)~~ \$1,754,000 of the multimodal transportation account--state appropriation (~~(-- \$10,000 of the multimodal transportation account private/local appropriation,))~~ and \$1,000,000 of the essential rail assistance account--state appropriation are for statewide emergent freight rail assistance projects identified in the LEAP transportation document identified in (a) of this subsection.

(2)(a) The department shall issue a call for projects for the freight rail investment bank (FRIB) loan program and the emergent freight rail assistance program (FRAP) grants, and shall evaluate the applications according to the cost-benefit methodology developed during the 2008 interim using the legislative priorities specified in (c) of this subsection. Unsuccessful FRAP grant applicants should be encouraged to apply to the FRIB loan program, if eligible. By November 1, 2012, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature.

(b) When the department identifies a prospective rail project that may have strategic significance for the state, or at the request of a proponent of a prospective rail project or a member of the legislature, the department shall evaluate the prospective project according to the cost-benefit methodology developed during the 2008 interim using the legislative priorities specified in (c) of this subsection. (c) The legislative priorities to be used in the cost-benefit methodology are, in order of relative importance:

- (i) Economic, safety, or environmental advantages of freight movement by rail compared to alternative modes;
- (ii) Self-sustaining economic development that creates family-wage jobs;
- (iii) Preservation of transportation corridors that would otherwise be lost;
- (iv) Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;
- (v) Better integration and cooperation within the regional, national, and international systems of freight distribution; and
- (vi) Mitigation of impacts of increased rail traffic on communities.

(3) The department is directed to expend unallocated federal rail crossing funds in lieu of or in addition to state funds for eligible costs of projects in program Y.

(4) The department shall provide quarterly reports to the office of financial management and the transportation committees of the legislature regarding applications that the department submits for federal funds and the status of such applications.

(5) The multimodal transportation account--state appropriation includes up to \$12,103,000 in proceeds from the sale of bonds authorized in RCW 47.10.867.

(6) The Burlington Northern Santa Fe Skagit river bridge is an integral part of the rail system. Constructed in 1916, the bridge does not meet current design standards and is at risk during flood events that occur on the Skagit river. The department shall work with Burlington Northern Santa Fe and local jurisdictions to secure federal funding for the Skagit river bridge and to develop an appropriate replacement plan and schedule.

(7) ~~(\$218,341,000)~~ \$103,992,000 of the multimodal transportation account--federal appropriation and ~~(\$3,639,000)~~ \$1,815,000 of the multimodal transportation account--state appropriation are provided solely for expenditures related to passenger high-speed rail grants. At one and one-half percent of the total project funds, the multimodal transportation account--state funds are provided solely for expenditures that are not federally reimbursable. Funding in this subsection is the initial portion of multiyear high-speed rail program grants awarded to Washington state for high-speed intercity passenger rail investments. Funding will allow for two additional round trips between Seattle and Portland and other rail improvements.

(9) As allowable under federal rail authority rules and existing competitive bidding practices, when purchasing new train sets, the department shall give preference to bidders that propose train sets with characteristics and maintenance requirements most similar to those currently owned by the department.

(10) Funds generated by the grain train program are solely for operating, sustaining, and enhancing the grain train program including, but not limited to, operations, capital investments, inspection, developing business plans for future growth, and fleet management. Any funds deemed by the department, in consultation with relevant port districts, to be in excess of current operating needs or capital reserves of the grain train program may be transferred from the miscellaneous program account to the essential rail assistance account for the purpose of sustaining the grain train program through maintaining the Palouse river and Coulee City railroad line, on which the grain train program operates.

(11) \$500,000 of the essential rail assistance account--state appropriation is provided solely for the purpose of rehabilitation and maintenance of the Palouse river and Coulee City railroad line. Expenditures from this appropriation may not exceed the combined total of:

(a) The revenues deposited into the essential rail assistance account from leases and sale of property pursuant to RCW 47.76.290; and

(b) Revenues transferred from the miscellaneous program account for the purpose of sustaining the grain train program through maintaining the Palouse river and Coulee City railroad line.

SECOND READING

ENGROSSED HOUSE BILL NO. 1287, by Representatives Appleton, Dahlquist, Hurst, McCoy, Ryu, Santos and Pollet

Subjecting federally recognized Indian tribes to the same conditions as state and local governments for property owned exclusively by the tribe.

The measure was read the second time.

MOTION

Senator Hill moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 82.29A.010 and 2010 c 281 s 2 are each amended to read as follows:

(1)(a) The legislature hereby recognizes that properties of the state of Washington, counties, school districts, and other municipal corporations are exempted by Article 7, section 1 of the state Constitution from property tax obligations, but that private lessees of such public properties receive substantial benefits from governmental services provided by units of government.

(b) The legislature further recognizes that a uniform method of taxation should apply to such leasehold interests in publicly owned property.

(c) The legislature finds that lessees of publicly owned property or community centers are entitled to those same governmental services and does hereby provide for a leasehold excise tax to fairly compensate governmental units for services rendered to such lessees of publicly owned property or community centers. For the purposes of this subsection, "community center" has the same meaning as provided in RCW 84.36.010.

(d) The legislature also finds that eliminating the property tax on property owned exclusively by federally recognized Indian tribes

within the state requires that the leasehold excise tax also be applied to leasehold interests on tribally owned property.

(2) The legislature further finds that experience gained by lessors, lessees, and the department of revenue since enactment of the leasehold excise tax under this chapter has shed light on areas in the leasehold excise statutes that need explanation and clarification. The purpose of chapter 220, Laws of 1999 is to make those changes.

Sec. 2. RCW 82.29A.020 and 2012 2nd sp.s. c 6 s 501 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context requires otherwise.

(1)(a) "Leasehold interest" means an interest in publicly owned real or personal property which exists by virtue of any lease, permit, license, or any other agreement, written or verbal, between the public owner of the property and a person who would not be exempt from property taxes if that person owned the property in fee, granting possession and use, to a degree less than fee simple ownership. However, no interest in personal property (excluding land or buildings) which is owned by the United States, whether or not as trustee, or by any foreign government may constitute a leasehold interest hereunder when the right to use such property is granted pursuant to a contract solely for the manufacture or production of articles for sale to the United States or any foreign government. The term "leasehold interest" includes the rights of use or occupancy by others of property which is owned in fee or held in trust by a public corporation, commission, or authority created under RCW 35.21.730 or 35.21.660 if the property is listed on or is within a district listed on any federal or state register of historical sites.

(b) The term "leasehold interest" does not include:

(i) Road or utility easements, rights of access, occupancy, or use granted solely for the purpose of removing materials or products purchased from a public owner or the lessee of a public owner, or rights of access, occupancy, or use granted solely for the purpose of natural energy resource exploration(~~("Leasehold interest" does not include)); or~~

(ii) The preferential use of publicly owned cargo cranes and docks and associated areas used in the loading and discharging of cargo located at a port district marine facility. "Preferential use" means that publicly owned real or personal property is used by a private party under a written agreement with the public owner, but the public owner or any third party maintains a right to use the property when not being used by the private party.

(c) "Publicly owned real or personal property" includes real or personal property owned by a federally recognized Indian tribe in the state and exempt from tax under RCW 84.36.010.

(2)(a) "Taxable rent" means contract rent as defined in (c) of this subsection in all cases where the lease or agreement has been established or renegotiated through competitive bidding, or negotiated or renegotiated in accordance with statutory requirements regarding the rent payable, or negotiated or renegotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor. However, after January 1, 1986, with respect to any lease which has been in effect for ten years or more without renegotiation, taxable rent may be established by procedures set forth in (g) of this subsection. All other leasehold interests are subject to the determination of taxable rent under the terms of (g) of this subsection.

(b) For purposes of determining leasehold excise tax on any lands on the Hanford reservation subleased to a private or public entity by the department of ecology, taxable rent includes only the annual cash rental payment made by such entity to the department of ecology as specifically referred to as rent in the sublease agreement between the parties and does not include any other fees,

assessments, or charges imposed on or collected by such entity irrespective of whether the private or public entity pays or collects such other fees, assessments, or charges as specified in the sublease agreement.

(c) "Contract rent" means the amount of consideration due as payment for a leasehold interest, including: The total of cash payments made to the lessor or to another party for the benefit of the lessor according to the requirements of the lease or agreement, including any rents paid by a sublessee; expenditures for the protection of the lessor's interest when required by the terms of the lease or agreement; and expenditures for improvements to the property to the extent that such improvements become the property of the lessor. Where the consideration conveyed for the leasehold interest is made in combination with payment for concession or other rights granted by the lessor, only that portion of such payment which represents consideration for the leasehold interest is part of contract rent.

(d) "Contract rent" does not include: (i) Expenditures made by the lessee, which under the terms of the lease or agreement, are to be reimbursed by the lessor to the lessee or expenditures for improvements and protection made pursuant to a lease or an agreement which requires that the use of the improved property be open to the general public and that no profit will inure to the lessee from the lease; (ii) expenditures made by the lessee for the replacement or repair of facilities due to fire or other casualty including payments for insurance to provide reimbursement for losses or payments to a public or private entity for protection of such property from damage or loss or for alterations or additions made necessary by an action of government taken after the date of the execution of the lease or agreement; (iii) improvements added to publicly owned property by a sublessee under an agreement executed prior to January 1, 1976, which have been taxed as personal property of the sublessee prior to January 1, 1976, or improvements made by a sublessee of the same lessee under a similar agreement executed prior to January 1, 1976, and such improvements are taxable to the sublessee as personal property; (iv) improvements added to publicly owned property if such improvements are being taxed as personal property to any person.

(e) Any prepaid contract rent is considered to have been paid in the year due and not in the year actually paid with respect to prepayment for a period of more than one year. Expenditures for improvements with a useful life of more than one year which are included as part of contract rent must be treated as prepaid contract rent and prorated over the useful life of the improvement or the remaining term of the lease or agreement if the useful life is in excess of the remaining term of the lease or agreement. Rent prepaid prior to January 1, 1976, must be prorated from the date of prepayment.

(f) With respect to a "product lease", the value is that value determined at the time of sale under terms of the lease.

(g) If it is determined by the department of revenue, upon examination of a lessee's accounts or those of a lessor of publicly owned property, that a lessee is occupying or using publicly owned property in such a manner as to create a leasehold interest and that such leasehold interest has not been established through competitive bidding, or negotiated in accordance with statutory requirements regarding the rent payable, or negotiated under circumstances, established by public record, clearly showing that the contract rent was the maximum attainable by the lessor, the department may establish a taxable rent computation for use in determining the tax payable under authority granted in this chapter based upon the following criteria: (i) Consideration must be given to rental being paid to other lessors by lessees of similar property for similar purposes over similar periods of time; (ii) consideration must be given to what would be considered a fair rate of return on the market value of the property leased less reasonable deductions for any

restrictions on use, special operating requirements or provisions for concurrent use by the lessor, another person or the general public.

(3) "Product lease" as used in this chapter means a lease of property for use in the production of agricultural or marine products to the extent that such lease provides for the contract rent to be paid by the delivery of a stated percentage of the production of such agricultural or marine products to the credit of the lessor or the payment to the lessor of a stated percentage of the proceeds from the sale of such products.

(4) "Renegotiated" means a change in the lease agreement which changes the agreed time of possession, restrictions on use, the rate of the cash rental or of any other consideration payable by the lessee to or for the benefit of the lessor, other than any such change required by the terms of the lease or agreement. In addition "renegotiated" means a continuation of possession by the lessee beyond the date when, under the terms of the lease agreement, the lessee had the right to vacate the premises without any further liability to the lessor.

(5) "City" means any city or town.

(6) "Products" includes natural resource products such as cut or picked evergreen foliage, Cascara bark, wild edible mushrooms, native ornamental trees and shrubs, ore and minerals, natural gas, geothermal water and steam, and forage removed through the grazing of livestock.

Sec. 3. RCW 84.36.010 and 2010 c 281 s 1 are each amended to read as follows:

(1) All property belonging exclusively to the United States, the state, or any county or municipal corporation; all property belonging exclusively to any federally recognized Indian tribe that has reservation or trust lands located in the state, if that property is used exclusively for essential government services; all property, and contiguous property, belonging to a federally recognized Indian tribe in which a portion is used by the tribe or by a lessee for the purposes of conducting for-profit horse racing meets; all deep water port property, and related-port property, belonging to a federally recognized Indian tribe used to service the maritime industry in a county with a population greater than seven hundred fifty thousand but less than one million five hundred thousand that contains a national park; all state route number 16 corridor transportation systems and facilities constructed under chapter 47.46 RCW; all property under a financing contract pursuant to chapter 39.94 RCW or recorded agreement granting immediate possession and use to the public bodies listed in this section or under an order of immediate possession and use pursuant to RCW 8.04.090; and, for a period of forty years from acquisition, all property of a community center; is exempt from taxation. All property belonging exclusively to a foreign national government is exempt from taxation if that property is used exclusively as an office or residence for a consul or other official representative of the foreign national government, and if the consul or other official representative is a citizen of that foreign nation.

The community center may make space available to businesses, individuals, or other parties through the loan or rental of space in or on the property.

(b) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, sewer, water, environmental and land use, transportation, and utility services.

MESSAGE FROM THE GOVERNOR

April 17, 2013

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5, Substitute Senate Bill No. 5518 entitled:

“AN ACT Relating to making nonsubstantive changes to election laws.”

This bill was introduced by request of the Secretary of State to make technical changes to our election laws. The bill removed outdated language and statutory citations that are no longer relevant with the state’s adoption of the top-two primary system and amends state election laws to conform to changes in federal law. Section 5 of the bill contains a change to a definition that could adversely impact minor political parties and is not in keeping with the nonsubstantive purposes of this Act. The Secretary of State agrees that keeping the current definition is preferable.

For these reason, I have vetoed Section 5 of Substitute Senate Bill No. 5518.

With the exception of Section 5, Substitute Senate Bill No. 5518 is approved

Respectfully submitted,
Jay Inslee, Governor

MOTION

On motion of Senator Fain, Substitute Senate Bill No. 5077 and Substitute Senate Bill No. 5518, together with their respective gubernatorial partial veto messages, were held at the desk.

PERSONAL PRIVILEGE

Senator Frockt: "Thank you Mr. President. In our discussions with the members of the Democratic Caucus I have been asked too and I wanted to express and note for the record the journal today the growing concern among our members. The fact the we have reached May 31st and by law a budget in normal circumstances is to be presented to the Governor by the first. Obviously that is not going to happen. There are still discussions and negotiations going on and so I rise simply to express the desire and the concern and to urge all parties and everybody in the Legislature and the Governor for us to redouble our efforts to continue to work to try to get this budget passed and get done in this first special session. There are consequences to not acting and to have something done by the first, excuse me, by the eleventh in terms of implications for state workers, universities, things of that nature. We don't want to push up against that deadline so we have been working. There are lots of negotiations, working behind the scenes, but we need to redouble our efforts to do everything we can to get done by June 11. So, with that Mr. President, I thank you for allowing me the opportunity for a point of personal privilege and I yield the floor."

MOTION

At 9:35 a.m., on motion of Senator Fain, the Senate adjourned until 10:30 a.m. Monday, June 3, 2013.

AFTERNOON SESSION

The Senate was called to order at 1:05 p.m. by President Owen.

REMARKS BY THE PRESIDENT

President Owen: "The President is going to exercise some privilege today of having Senator Hargrove doing prayer when, in fact, we normally do the prayer at the opening which was this morning but because of the unique situation and the ability to honor Senator Carrell, the President would invite Senator Hargrove to do an opening prayer for us."

Senator Hargrove offered the prayer.

PERSONAL PRIVILEGE

Senator Schoesler: "Thank you Mr. President. In the twenty one years I have served this is one of the most difficult moments I will ever have. I guess maybe I was supremely over confident that Mike would beat this. The bone marrow match was his own brother, he benefited from the finest medical center in the world ,in our opinion, in this body, and he had more partners in prayer for his best wishes than anybody could ever ask for. In the end it was Mike's time. For not a difficult primary in 1992, Mike's career and mine would of tracked exactly together but he came back in 1994 and won his House seat. He beat a member and the irony of it is the member that he beat decided it was better to join them than fight them and now Stan Flemming's a Republican. Mike came to us with a passion for reform. Welfare reform of the 90s that we all took credit for, Mike was one of its spear carriers. Prisons and corrections reforms were a part of Mike when he came to the house. He had a passion for his beloved dogs, hot rods and just before Mike came, I had a call from a lady in our district. She was certain that the young woman murdered in a park in Spokane was her daughter. For her it wasn't. It was Becca Hedman. And that led to Mike's other passion, the Becca Bill about runaway kids, getting back with their families and keeping them in school and moving ahead in our society. I teased Mike a lot about, in fact, I had a nick name for him 'Mr. Science' and sometimes maybe it was a little sarcastic but you know Mike really knew geology, biology, physics and I realized as a farmer he understood agronomy. The basic fundamental building blocks of plants that I raise for a living. I think all of our children could have benefited from having Mike as their science teacher somewhere along the way. And I've said you know that Mike was a proud Republican but the thing that people noticed the most was the bi-partisan work that he had on mental health, corrections, they hear the story about the coin toss of who would sponsor a bill and because of that we in the Majority Coalition Caucus knew he could co-chair a committee with somebody from across the aisle if they were willing too. We knew that when that wasn't the case he could work with an evenly divided committee and he did. He shared that with us. He worked so hard for the taxpayers. The EBT card problem we saw a few years ago, as a taxpayer and as a compassionate person, Mike realized that compassion was great but protect the taxpayers so we can be compassionate with those who most need it. As we got to the cut off on the floor of the this body for house of origin bills many of us, tempers got a little short, we were a little disappointed on both sides of the aisle that maybe we didn't get something we really wanted, maybe the

TWENTY SECOND DAY, JUNE 3, 2013

2013 1ST SPECIAL SESSION

other side got too much and Mike walked up to me just on the edge of the floor and he said, 'Thank you, this was the greatest session of my career.' The nineteen years that Mike and I served identical tracks in the house and the senate, he said, 'This was the greatest session I had.' As his health took a turn for the worst, we were voting on a budget in this body trying to follow through on a lot of that cooperation and, not many people know this, Mike was failing, he wasn't doing very good. He wanted to come vote on the budget that day to be part of us Charlotte fortunately told him, 'Mike, you got to stay home and get better. It's important to your family and all of us that you get better.' So, with that, with the passing of Mike it leaves a very gaping hole, not just in this body but in my heart and the heart of the people of the Twenty-eighth District. Thank you."

PERSONAL PRIVILEGE

Senator Hargrove: "Well, I've known Mike for I don't even know how many years now. I remember he was a lobbyist for POPS which was Parents Against Punitive Support back in the eighties. When I was first a house member I think in 85 he was down here lobbying on some issues. Got to know him a little bit then, worked on some legislation with him then. And of course I came to the senate. In 1995 he was in the House and he was the lead on the Becca bill in the House and I was chairing, my first chair ever, was I don't even know what it was called. I think it was just called Human Service at that time. I think Senator Quigley had the health side of the committee that Talmadge left and I got the other side. We worked on the Becca bill together and of course it was the tragedy of Rebecca Hedman and her murder in Spokane and the fact that the state had had her in, well, not custody but actually had her in facilities a couple of times where she just walked out of them and then ended up getting back in trouble and her parents were running all over the state trying to catch up with her and so it was a very significant time. I still consider in my, this is my twenty ninth year, that that is the best thing that I've ever done and it was with Mike Carrell. So, that's kind of a fiber that ran between us for that entire time, was not only concerned about at-risk kids and about having to stay through things that are responsible to try to help at-risk kids and families. But then all sorts of different groups of individuals that are challenged in our state, we worked on together also. When he came to the senate I think that he initially had a little bit of a reputation of being difficult when he came to the senate. A lot of people thought he wasn't that easy, wasn't going to be that easy to work with but despite that reputation he came onto my committee at the time and he was very much not that way at all. We worked together on, I think there was mentioned, there was the welfare reform. We worked together and he worked with Senator Regala on offender re-entry. This was seemed like a little bit out of character for Senator Carrell to actually work on something that would help offenders get an opportunity to turn their life around when they got out by having housing and some programming which he and I both realized but also lowered the recidivism rates and make the public safer but he could see through to that and actually helped those people get their feet back under them.. In fact, several times he came into the budget and he was the one that insisted on the housing vouchers in the budget for the offenders that were getting out of prison because he knew that they would be much more like to offend if they weren't there. Also, he had a deep passion for protecting the workers at Western State and from the assaults that they had there. He was constantly working on that issue and working with them to try to make them safer as they served some people that are perhaps the most disadvantaged in our society. And this session, just this session,

what was his main deal this session? It was a task force to start to look at the entire mental health system, which seems a little dysfunctional and I took that a little personally, I thought I worked on that quite a bit myself, but I have to admit, it's still a little dysfunctional, our system so I was a little defensive at first but he really wanted to see that work well and he wanted to see it work well because there are people that are affected by that system that really don't have control of their actions and he wanted to make sure it worked well for them. And then also, the reference to 'Mr. Science' I think this is something that we would get on the floor every now and then, where he'd get up as a science teacher background he would be explaining some chemical reaction that we couldn't understand but I have to remember just this session in Natural Resources he came before the committee with a bill on some polluted lake in his district and he gave us this long presentation about how the chemicals and the oxygen and the whatever and we need to do this and it was classic Mike Carrell. Just classic Mike Carrell to explain all of the details of the chemical reactions and why these certain actions needed to be taken. So, I'm going to miss Mike Carrell a lot. I saw him as somebody that came here to be responsible and get things done. He was obviously a Republican. I'm not a Republican, I'm a Democrat. He was obviously conservative, I tend to be a little conservative on things but maybe more liberal on other things. But he was somebody that came here to get things done. I know, working with Senator Darneille, he was very accommodating to get things done not just a stick on a point but to get things done and we need more people like that in the legislature now and into the future because the citizens of our state depend on us to come down here and work together to get things done. I'm going to miss Mike a lot for that, I'm going to miss him as a friend. I loved talking to him about his Triumphs. I always told him that my old Alfa Romero could beat his Triumph. He wouldn't agree with me. So, we had a lot of time as friends, as colleagues but it's just a huge hole in this body and it's a huge hole in our life and this particular period of time in my life. I know it's probably been the most stressful, I don't know if I'd call it memorable, the most, it's going to be the kind of the spot in my life I'm never going to forget and Mike Carrell is going to be somebody that when all of the rest of your faces fade away Mike Carrell's going to be somebody in this situation, is going to be somebody that I'm going to remember and I'm going to appreciate it that God give me the strength to get me through all of this and Mike, I'm going to miss you, but I'm going to see you again someday."

PERSONAL PRIVILEGE

Senator Padden: "Back in 1994 I'd been in the House about fourteen years and we had a whole bunch of new members on our side after that election, about one of the only elections. We've been out in the desert ever since '82 when we raised the sales tax on food when the people promptly repealed it but anyway, one of those new members was Mike Carrell from the twenty eighth and Mike, Senator Hargrove, I had known him from lobbying on father's rights issues. He was very passionate. I think he always maintained that passion on issues and he came on the committee and we probably dealt with every hot button conservative issue that we hadn't dealt with in umpteen years. That session I ended up leaving in March of that year because I got an appointment as a judge but anyway, Mike was a hard working, very passionate as I said member of the committee and then I left so I didn't really know him too long at that time and then I came back as you know in November of 2011 and set right next to Mike on the floor on the other side and saw what a remarkable transformation. I mean, he still had that passion, he still had the drive but I could see, just

like what you said, that he's been able to work with people on both sides on the issues. We just had a wonderful session this time. We were both on Human Services & Corrections, which he chaired, and Law & Justice. He was the staunchest of allies. I mean just like before in the 90's and again this year we were out together on the steps for the March for Life. He agreed on a lot of the Second Amendment issues with us but we also worked a lot of bills. We got his pharmacy bill, robbery of pharmacy which had been languishing I think for five years, got it out. It was signed by the Governor. One on occasion where Senator Hargrove was next to me and we were talking and he was visiting with Senator Darneille, and Senator Hargrove said, 'See how well these working together?.' So, it was quite a session and then he was such a model Senator. I can't imagine anybody working as hard as he did to stay in touch with his constituents, I mean we would be on the floor and he would be on the phone calling his constituents, I think he returned just about every email that came to him he returned with a phone call and I understand he was that way in the district when he campaigned and to go from a swing district, slightly D, slightly R whatever it was to end up getting elected with fifty eight or fifty nine percent in his last election here was such a tremendous tribute to him. So, he was a kind, considerate man, very passionate, very hard working but just a great, great asset and certainly our condolences to Charlotte and the family. We will miss him very much."

PERSONAL PRIVILEGE

Senator Darneille: "Well, as a new person in this body I am honored to stand today and talk a little bit about my relationship with Mike Carrell which actually proceed my time in the legislature as activist in Pierce County. We were not often on the same side of issues and yet, I have one little funny story about that. My dad lived in his district and my dad had called me one day, he was very infirm and didn't get out and basically I took him out and he called me and said 'Did my good deed for the day.' I said, 'Oh, what was that?' and he said, 'Mike Carrell was door bell in my district and I kept him at the door for about twenty minutes talking to him about dogs.' You know talking twenty minutes to one old guy in his district didn't stop him. He was quite tenacious kind of campaigner and well known for his very flamboyant yard signs which were very prolific out in his district and they were every neon color you can think but you could not miss them. If you rounded a corner you would see a hill side of Mike Carrell signs. In the House, when I first came to the House in 2001 I found that I was thrown in with Mike on a couple of committees and that was not to my liking as we started out but he really proved himself. The first committee was the Juvenile Justice & Family Law Committee. Proved himself to be quite intent to make sure that everybody was on board with his point of view and could really understand the issue from his prospective. I learned an awful lot from him that year though, that was 2001 because what threw us together almost on a daily basis was a fact that this legislature in 2001 and our Governor did override the Pierce County delegation's desire to stop the special commitment center for sex offenders from being placed in the twenty eighth legislative district on McNeil Island. That was done opposing our County Council wishes, our County Executive wishes, and all the members of our delegation and there was no one that fought harder than Mike Carrell to make sure that we were all on board. It's really from that genesis on our delegation, meeting, talking, sharing realizing that we had more in common than we had as differences that really has continued to exist to this day where our Pierce County Delegation still does try to find those kind of common issues. So, I have been really pleased this year to have been the Ranking Member on Senators Carrell's Human Services

& Corrections Committee. He did an amazing job as Chair. He had such high goals for himself and for our Committee that nothing, even the face of this horrible health crisis that he was going through, would stop him from looking at every element of those bills, trying to make them better as they proceeded through our process. Today we have twenty five bills that came through our committee. He heard every single bill. There was no gamesmanship, He didn't hold back anything because it wasn't his idea or it wasn't his ideology. Instead, he said, 'Let's hear everything. Let's hear everything.' So we have this was as I mentioned, twenty five bills, some of them were actually mergers, we have the famous Carrell/Keiser/Carrell bill on mental health but we were so confident that he was going to come back that even in one of those bills we put off the start of a task force so that Mike could come back and Chair that task force. You know it is, it was really an honor for me to serve with him. Mental health services has long been one of the things that I have tried to champion as well and we found complete accord, complete agreement that we have a responsibility here in the State of Washington to provide treatment and services for people that are mentally ill and it does us good, as mentioned, the criminal justice side, it does us good from the education, it does us good from the commerce side. I think it will be all of our opportunity I think in the future to remember Mike's great legacy in this great area and to work hard together on these issues. Thank you very much."

PERSONAL PRIVILEGE

Senator Pearson: "Thank you Mr. President. I guess I don't know where to begin but in my many years serving in the House my position in the House was regarding, I dealt with public safety and a lot of times my position was somewhat adversarial to Senator Carrell and some of the bills he was trying to move through the House and so, we didn't always agree at that time and when I did get elected to the Senate and came over here Mike, the first day of session, Mike came in and sat down at my couch, he said, 'You know Kirk, I want you to be my Vice Chair and I believe you'll do a good job.' It just, someone I've always thought highly of even in the House and everything for what he has done and what a great guy. I'd be honored to Mike to serve with you. During the session I pride myself like Senator Hargrove, we're pretty strong guys. We're pretty tough guys. We can bench over three hundred and everything and something that really stuck with me was during cut-off week. You know, I can't believe, I know Mike wasn't feeling good but he was staying up and talking about every bill out of Human Services, even other people's bills Mike would get up and stand. Matter of fact, someone had a bill regarding was it global warming or something like that and Mike talked about Henry's Law. I wrote this down actually and put in my desk, Henry's Law and I asked Mike, 'What is Henry's Law?' and so he spent about twenty minutes while we were going through bills explaining to me as the great professor but the reason I really believed that Mike was going to kick this was because one night it was late and he was just looking towards me and he said, 'How you doing Kirk?' I said 'Oh, I'm just tired' and then I just felt, Oh, Kirk, how could say such a thing when you know what Mike is going through? He looked so carried and everything. It really haunted me that night and I went over to the next day. He wasn't here but I talked to his aide and I said, 'I got to get Mikes phone number, I got to call him, I feel really bad for being so insensitive.' She said, 'Kirk, that's just Mike, he truly cares for people. That's just his heart.' You know I've realized that even when he came back, even going through the rest of the session and calling him about certain bills, he was just like that school teacher being very encouraging for me

TWENTY SECOND DAY, JUNE 3, 2013

2013 1ST SPECIAL SESSION

because this is my first year dealing with Human Services and I just wish I had more time to work with him and serve with him but I'll never forget Mike. Such a strong man, a strong heart, but I sure know he cared for, just the way he was, he cared for every person here and I don't believe he had a single enemy in the entire Washington State Legislature. I never heard him say anything bad about anybody either but I just wish I had more time, Mr. President, to serve with this man because he taught me a lot. Thank you."

PERSONAL PRIVILEGE

Senator Conway: "It is a real honor to stand here and speak on and really feel a loss of Mike Carrell with you. I can't tell you the length of time that he and I have worked together on many, many Pierce County issues. His mother was actually a constituent in my district and I can remember the day that I door belled her house and talked with her. She was a teacher, and she said, 'You know who my son is?' I said, 'No, I really don't know.' 'Mike Carrell.' And she said, 'I warn you, he's not a Democrat'. She was a democrat and it's interesting, I know she is still with us and lord knows we all feel the pain of his early loss. I mean, yes, this is a person that in the peak of his career, and you're not supposed to leave us in your peak of career. I think that, you know, Mike and I go back to the days of working on Pierce County issues in the house because he and I served together on that issue dealing with the special commitment center in Pierce County and if anything Jeannie, your absolutely right, if anything brings people together, that issue did bring Pierce County together and it was then that I really began to see Mike's strength and maybe his weakness but Mike wanted everything in legislation dealing with that special commitment center and he wasn't going to be happy with any bill unless it spelled out completely how those prisoners or those special commitment folks would be managed in their trips to and from Pierce County. He stressed that. I can't, there were six or seven of us working on that issue in the House and Mike was just insistent upon everything detailed, being spelled out in legislation. I think that kind of characterized Mike Carrell in so many ways. Mike I think all of us know he wanted this Legislation to be as specific as possible and sometimes he would drive us crazy on that, right? because Mike wasn't content to leave issues to rule making. He wanted it spelled out in the bills and I think that most recently I saw that in the issues dealing with the smoke issue in Pierce County. Again, spell it out in the bill, don't trust the rule making. Mike and I worked together on the fair share ratio in its genesis was in the special commitment center bill and from there Mike went further with Senator Regala and others to develop more fully released facilities but was then that we really achieved significant victory for Pierce County in terms of fair share and to me that's why I consider Mike a really important champion of Pierce County. He also served, we had the great discussion here about Loraine Wojahn, unfortunately another person we lost this year and Mike was right there battling once again for critical Pierce County issue of having a trauma center for crying out loud in Pierce County. Something that somehow had got lost, having that critical trauma center in the city the size, or the county the size of Pierce County. You know Mike was, Senator Hargrove, a champion of Western State Hospital and it was came out of his basic belief and I believe that probably Mike felt he was here to represent his constituents and there wasn't a time we always had a Worker Memorial Day. Talk about values. Mike always came down to Worker Memorial Day at Western State and committed himself to all of us there to addressing the degree of assaults in that hospital. He was a champion against, often the actions of many of you sitting here, to

close down those wards at Western State. Western State Hospital to him was his constituents. His needs to insure that we can't release folks to community services that are not there and that he continued that championing of Western State in many, many bills. I think every time I came in to a legislative Session here on the Senate floor the last several years Mike always has a stack of about ten or twelve bills on the first day of the session. He didn't stop during legislation during the interim, he was working on bills all through the interim and when he arrived here he had a huge stack of bills for us. I think Mike Carrell probably introduced more bills than almost anyone here, right? Is there anyone else who can meet his productivity? I doubt it. Mike was an active legislator, very, very active. You know to me he was active about Pierce County and he was always there on Pierce County issues. Those of us here from Pierce County knows that and so, we're going to miss, the Pierce County Delegation, we're going to miss a person who was always on the front line on our issues, especially on criminal justice issues and many of us are going to have to step up to replace him but Mike we know you're listening in on this and asking us not to forget this basic commitment to our constituents."

PERSONAL PRIVILEGE

Senator Parlette: "Thank you. Well, I feel so lucky to have served with Senator Carrell also in the House and I think what Senator Hargrove said run true to me because and also Senator Pearson that gentleman grew so much over the years in a way that was so remarkable because he became a true statesman. I served with him for a total of seventeen years, four of those that were in the House but the difference was absolutely remarkable. If he were today here, he would tell us, 'Get this job done, it's time to go home.' I heard Senator Darneille talking about doorbelling about dogs. I remember last year asking him out twice to go some of us to dinner before we headed home. Nope, he couldn't do it. You know why? He was going home to carry his dog outside to go to the bathroom because this dog was very elderly and he had to go home and carry the dog out to do its duty more than once. You can believe that! Talk about a caring person. I talked to Senator Carrell at the beginning of the year about the mental health task force because I truly wanted to serve on that because I too have cared for years for a variety of reasons about this issue but then I looked at his bill and I thought, 'Oh no, that would be bad, it would be too many people,' it's better to have a have a smaller one and I know that having co-chaired one with Representative Cody in the past. I just said, 'No, I think your idea is best, leave it just the way it is.' We're all going to miss him, it is such a shock because the news about eight days ago was good news, this is why it is so hard to believe that things could turn so quickly. When we had our reorg in November I noticed that Senator Carrell's color was not very good. I didn't say anything but on the first day of session his color was still not very good and I did say something. I went and said 'Mike, When have you seen a doctor last,' 'Oh, it's been quite for some time,' I said, 'You need to see a doctor, something's not right, your colors not good.' 'Well, I have kind of been tired, my wife's kind of been bugging me.' 'Well, I know your kind of stubborn Mike but you should listen to your wife.' You know, he gave it his best shot and he would be very happy knowing that we have not forgotten him. Well, we'll never forget him but he would say to all of us, 'Come together and get the job done.' So, Mike, I hope we follow your instructions, we miss you and we're all honored that we could serve with you."

PERSONAL PRIVILEGE

Senator Fraser: “Thank you Mr. President. Well, I too would like to express appreciate for Senator Carrell and offer condolences to his family. I have always appreciated Senator Carrell’s enthusiasm and energy as a legislator. I think it’s been very well represented by many who have spoken today. I worked with Senator Carrell maybe in particular on issues related to the region of South Puget Sound and it was always a cordial friendly open, very commutative relationship so I always appreciated working with him. We have adjoining districts in Puget Sound and in particular we shared concern that Tolmie State Park remain open. It always seems to be on a target list. One of the few parks on water in the Puget Sound and we also worked on issues relating to the Heritage and respect for the people in the historic cemetery at Western State Hospital and then of course we worked together on planning the future on McNeil Island and so it’s was a real pleasure to work with him on those. I did sign his petition a few years ago which he very enthusiastically and earnestly carried around to rename an overpass over I-5 ‘Freedom Bridge’ and I noticed it’s in one of the pictures that we’re enjoying of his service here today and so every time I drive under that bridge, which is frequent, I always think of Senator Carrell and his dedication to the needs of people in the military and military retirees. Then one other special memory I have of Senator Carrell is he and his wife and my husband and I were married on exactly the same day, of the same year so that was a personal remembrance that he and I enjoyed. So, I continue, always respect and appreciate his service and I offer my great condolences to his family.”

PERSONAL PRIVILEGE

Senator Baumgartner: “Well, I just also want to make a few comments about Senator Carrell. A truly special person, after I won my election and kind of got to the moment of what do you do now we were at a re-org and Senator Carrell took me aside and actually said, ‘You know, you ought to think about being on the Ways & Means Committee, you’ll learn a lot, a lot of issues come through there’. So, I took him up on the advice, I’d be lying if I didn’t say that on more than one occasion I have regretted having done that on those long meetings. I always thought wouldn’t it be a neat experience to get to serve a committee with Senator Carrell and sort of a fluke I was added to a fourth committee this year and I got to do that for a brief moment and he truly was a person of great wisdom and it was an opportunity that I will always appreciate. You know, you can say a lot of things about this legislature but at its best is truly a very special place filled with special and talented people and I think Mike Carrell at his best did indeed represent the best of this legislature. There’s an essay I sometimes frequent when someone that I know passes away and your trying to search for meaning in that. It’s by Father Richard John Newhaus, an essay called ‘Born towards dying.’ It talks about Father Newhaus experience with death and trying to find meaning from that and it concludes with the phrase with that ‘All is ready.’ I’ve been reading that essay during these wonderful speeches by Mike’s treasured colleagues and watching these truly special photos and it’s been giving me an opportunity to reflect on why we’re all here and what Mike is doing now and may we all continue his work so that when’s it’s our turn, ‘All is ready.’ Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Dammeier: “So I had the privilege of growing up in the Twenty-Eighth District and then serving now in the adjacent district so I have seen Mike a lot for a lot of reasons over a lot of

years and one of the things that stands out the most to me is that certainly I and maybe we all have a lot to learn from his example. He respected this institution. He respected the office and he acted accordingly. It’s been brought up that he was a tremendous campaigner, absolute incredible door-beller. He liked getting out on the door step. He did that work even with all the years that he served he still was always out door-belling. He didn’t take the office for granted. He went out and earned it from his voters time and time again. When he served, as Senator Conway points out, I can remember talking with him at one point a couple months before the session he was talking about how many bills he’d already pre-filed. He worked so hard year round as a legislator and represented his constituents so well year round that I respect that. I think it’s a tremendous example for all of us. You know, there’s been a lot of sharing about how well he was at working across the aisle, going for the solution, wanting to resolve the issue, wanted to solve a problem and he did that very well. Tremendous example for all of us particularly at this particular point in this session. But he also wouldn’t back away from a little political dust up either. I appreciated that. He was willing to stand up when the time demanded and have a little fracas on the floor which I think is good and fun in all good sport. Yet, even after that, could then reach back across the aisle, let’s get back to work, let’s get the work done. So, he’s a tremendous example in those respects. The last thing I would like to share, this is the thing that’s probably the most powerful for me. There were times when he and I would go out and brief various Republican groups in South Pierce County and South Sound and he would often be there representing the Senate Republicans and I would be there representing the House Republicans and there were a couple of times, more than one occasion when I would say something giving the House perspective. That didn’t quite sit well with Senator Carrell and I would get the look and I would know, ouch I could just feel it. My wife could do the look but Mike Carrell could also do the look. Ouch, I just know that I probably went a little too far on that one. I’m going to hear about that later. Then when the issue came up this summer about this half way house in Puyallup that grew all these kind of legs and that was on the Department of Corrections voucher bill which Mike championed, believed in passionately over here and at one point we were talking about that and he said, ‘You know that’ and I opposed the bill in the House on final passage and he when we were talking about the prospect of legislation to kind of adjust it he said, ‘You know that’s good legislation don’t you?’ Yeah Mike I know. So it’s not, I was a little, I had some fear and trepidation knowing that that was a very important bill to my community and I had to go through Mike. In fact, I didn’t have to go through Mike. I laid out the issue. He knew how important that was to my community. He knew the policy inside and out. He worked harder on that bill, I’m convinced than any bill that he worked on this whole session put more hours into it and for the last several weeks, I would call Mike or send him a not or whatever, he would always ask me about that bill because he knew it was important to me and my community and all that stuff. I’ll tell you, that is the Mike Carrell that I want in emulate. So my commitment to you and to Mike is that I will pay that forward. Thank you Mr. President.”

PERSONAL PRIVILEGE

Senator Shin: “As you perhaps know I didn’t have any personal contact in the Senate chamber but I had an incident that happened to me in 2007 when I was going to walking down a bridge. I often go to Korean War Memorial, Veterans Memorial in remembrance of my father who passed away and then I saw Mike walking around there too and I don’t know him personally very well. I asked him that you know Mike, the reason why

TWENTY SECOND DAY, JUNE 3, 2013

2013 1ST SPECIAL SESSION

you're here is this, I have a few of my best friends who died in the Korean War. So when time comes I come to think about it and offer my gratitude. I told him that I come here often because I was an orphan boy in Korea, one of the GI's, then Ray Paull, Captain adopted me and brought me to this country. For this reason I come here to remember my father and he hugged me so tight and says, 'Paull, I want you to know that I love you.' I still remember that. You know, personally, we have different personalities but that event I always remember, Mr. gentleman, kind man and fellow Christian. He is a lovable human being, who went through difficulties and he comforted me so much. He sits over there but often times passes by and say, 'Hi Mike, How you doing?' he says, 'Fine Paull' and we smile at each other, that was enough for me to show my express appreciation for the love he has for the Korean War veterans. Thank you Mr. President.

PERSONAL PRIVILEGE

Senator Brown: "As the most freshman member of this body I had many frantic moments when I first started and the picture of Mike and myself really says it all. Mike was always there for me and when he got moved to right beside me he was always caring and always educating and for that I will always be grateful."

PERSONAL PRIVILEGE

Senator Schlicher: "Well, as a member of the front row contingent where Mike served you know I wanted to say a few words. You know Mike was actually a character in the bill that I finally got passed in the Senate. I remember you know as a freshman I shared many of those trepidation moments as Senator Brown did and I remember getting here people was saying it's going to take a lot of work to get a bill out of committee and you're going to have to work the bill and it's a challenge. You may not get it out that easily so I did my little mental health bill and Mike said, 'We're going to hear it next Tuesday,' and then after that he said we're going to make some amendments to it, get the language, do you like the language. I said, 'Sure, it sounds good.' He goes, 'Great, we're going to pass it on Friday.' I said, 'Ok.' Passed it out of committee, I said, 'Wow, this is easy.' Man, I learned later that wasn't the case but that was Mike, you know, it was a good idea to him and he thought it was worth doing. I remember that speech on the floor, I thought it was Boyle's Law, Charles Law. I'm glad you wrote it down. I remember you know Mike flailing, giving his professorial speech and then setting down in his chair and leans over to me and goes, "Nathan, you're a scientist, you agree with me right?" I said, "Well, Mike my recollection of Charles Law is a little more sketchy than yours is at this moment. I said as we chatted for a while, I think Mr. President you gaveled us down in fact, more than once, for our side bar conversations in the front row here but you know in the end we both agreed and I think he ended up voting for the bill and it was just a great moment to kind of share a laugh on the floor to this. I went back to work in the ER in this interim and took care of two chronically schizophrenic homeless men on first shift back on the night shift and I remember our social worker coming to me and saying, 'You know, it just doesn't seem to be getting any better. It doesn't seem like anything changes. Just gets worse.' I said, 'Well, we got a couple of things done this year in the legislature and there is this cantankerous old guy that is fighting for it just as hard as I am and believes in it that much that he's putting together a Task Force and he's really working on it. I got faith that it will get fixed.' You know that brought amazing amount of peace to them and we found both these gentleman a

place to go. It was his service and his belief in always doing something better and that there were problems that we could fix together that inspired me to keep fighting for those patients because I know it was a passion of his as well. I will miss him dearly as the member of the front row contingent."

PERSONAL PRIVILEGE

Senator Becker: "Thank you Mr. President. Listening to everybody here and know the history of so many people and your longevity with Mike Carrell, I'm jealous. Mike was one of the neatest people. When I met him the first time he was such a smart aleck. He told me some things and I thought, 'Wow, is this what it's like in the Senate?' You know because I hadn't been here and I didn't know him. First of all, I thought he was a very striking looking man with his white hair and his black coat that he wore, his overcoat and then to hear him speak and I just wasn't quite sure of Mike Carrell when I first met him and then when I got elected and I came down here and he was one of the first people that I actually got to talk to a lot. He never stopped being a teacher. He sat down and he'd tell me things about what would happen and about things were going to go and started to be a real teacher to me. I'll never forget the time where I wrote him a note, a real quick note and it was something that was really critical to me and what did he do? He corrected my spelling error. I said, 'Mike, what about the context of my note.' He said, 'First things first.' So, anyway, I am not the best speller but he was definitely the one to let me know that and how much I appreciate it. He served on the Health Care Committee with us and it was really interesting, he really didn't say a lot, when he did I think we all heard his message loud and clear and his caring and his thoughtfulness on everything that we did was just amazing. Now, I had to make some note because if I didn't make notes I would probably talk forever and I wanted to highlight some of the things of Mike Carrell. He always used to say that Senator Becker and Senator Carrell represented the Base, Joint Base Lewis-McChord, and he said he represented the people and I represented the land and in the redistricting he got it all and I would have to tease him a little bit about that. Senator Darneille, when you were talking about his signs, he inherited part of my district and we talked about the district and I'd say, 'Mike, I don't see any of your signs out.' Well, within a couple of days the signs were out and, believe you me, you could not miss them, they were that bright. So I thought that was absolutely something that he was good at and I loved his telephone calls to the people of his district and how he felt so strongly about the people of his district. I think that Mike Carrell was a statesman and he was a person that I would like to be able to be half the person that he is or was and I am going to tell you, I'm going to miss him. I'd also like to recognize Michelle, his Legislative Aide, who this is not the first Senator she has lost, legislator she's lost and my heart goes out to her. My heart goes out to the entire family. I just feel very fortunate to have met and worked with Mike Carrell and I think we'll all be better people for it and my condolences again to his family and thank you Mike, I'm going to miss you."

PERSONAL PRIVILEGE

Senator Bailey: "Thank you Mr. President. I sat here for a while and think I wasn't going to say anything but there are a couple of things about Mike that I wanted to share with this body. When I first came to the legislator in 2002, I was elected in 2003 in the House. Mike sat, he was still in the House at that time, he sat about a row behind me, two seats over. Mike served on the Judiciary Committee at that time and he spoke so eloquently

every time he would get up to speak. As a freshman legislature I was absolutely kind of blown away with Mike because I thought this is the smartest guy I've ever met. He was, he could speak about technical things. He could speak about almost anything. He did such a great job. I'm embarrassed to say it took me nearly the entire session that he wasn't a lawyer which I kept accusing him of being a lawyer and he corrected me. He told me, 'No, I'm a teacher.' I thought, what a wonderful thing that he regarded himself as a teacher. He spoke many times even in this session about that. The other thing that I wanted to share was when I first got here Mike was one of the first people to congratulate me and how glad he was that I was here. Mike was sitting right there and he turned around repeatedly and would give me little tidbits as only Mike could do which was really terrific having him there and as some of you know I wasn't feeling well and Mike constantly asked me, 'How you doing?' and I knew that Mike was not well but Mike was not concerned about himself, he was concerned about me. When we moved him, or he moved on the floor because of his illness and needed to be away from anyone that might be ill. Mike was really upset and he came to me and apologized because he was being moved because I was sick. That's the kind of guy Mike is and was. He was always more interested in everyone else. If we can just all be like that what a terrific victory all of would have as we work together to complete our work here in the Legislature. Thank you Mr. President."

AN ACT Relating to principal empowerment; adding a new section to chapter 28A.405 RCW; adding a new section to chapter 41.59 RCW; and declaring an emergency.

Referred to Committee on Early Learning & K-12 Education.

MOTION

On motion of Senator Fain, the measure listed on the Introduction and First Reading report was referred to the committee as designated.

PERSONAL PRIVILEGE

Senator Padden: “Thank you Mr. President, Ladies and Gentleman of the Senate, we are here with only a few days left in the special session. I just want to encourage a, strongly, an improvement in the communications between both sides. I think that’s fallen very flat, the last few days so that members who were told one thing, whether we would be having action on the floor, then only to have it change in the last minute, which maybe fine if you’re living here in the Twenty-Second or even close by but if you’re planning, for my district for example, to go home and back it’s about a six hour trip. So, twice in the last few days I had made plans to head home only to have that stopped and actually I had to turn around yesterday and come back because what I consider some parliamentary games that were played by the other side of the aisle. I think we’ve done pretty well this session overall and...”

POINT OF ORDER

Senator Murray: “He is impugning members when he refers to parliamentary games.”

REPLY BY THE PRESIDENT

President Owen: “That’s not impugning the members, the motives of the members, on any matters that the President knows of Senator Padden.”

PERSONAL PRIVILEGE

Senator Padden: “Thank you Mr. President. In any event, we were told you know a certain time and then that got changed and delayed and we are here today primarily what appears to be a Pro Forma session. I’m just saying that there had been, I thought, good communications between both sides up until the last few days. I’d encouraged that we revert back to those policies and I think it would make it a lot easier for all of the members. Thank you very much Mr. President.”

PERSONAL PRIVILEGE

Senator Murray: “Thank you Mr. President. Fascinating, we are the minority party. We do not control the floor. We do not determine when we come and when we do not come. Actually it has been our members who’ve been kept in the dark about when we’re going to come, when Pro Forma or when session will happen. The one thing that we’re interested in, the one reason we want to use parliamentary process is if this is late in the first special session and we have done nothing on this floor. It is time to act before we do serious damage to the people of this state and if it requires that we have to be here day after day, well, I think that’s what a special session is about. We should be here day after day to get the people’s business done before we do serious harm to this state, to the state’s economy and to the services of the people of this state that depend upon. No parliamentary games. We’re the minority. We are often into the dark about when we’re supposed to be here.”

PERSONAL PRIVILEGE

Senator Keiser: “Thank you Mr. President. Well, I was on a conference call yesterday. It was really an enlightening call with legislators from all the other states discussing what the states have been doing because their legislatures have adjourned and what they’ve been doing to implement health reform and I have to say I was chagrined to have to report that we’ve done nothing in terms of this year. We are in the twenty-sixth day of the special session after one hundred five days of the regular session and House Bill No. 1947 which was passed by the House, by the other body on March 11 remains undone. Our state health market place our health exchange opens for business October 1 and we have not done our business and our job and I was chagrined to report that to legislators from Minnesota, from Colorado, from so many other states where they’ve done their job.”

PERSONAL PRIVILEGE

Senator Nelson: “Mr. President, today is the twenty sixth day of the special session and yesterday Senator Tom said, ‘We have said all along we need to put our kids first.’ We have legislation that is come out of Ways & Means to correct a Supreme Court decision the Bracken decision. We have one hundred sixty million at risk that will fund education for our children if we do not take action by this coming Tuesday. Seventy checks averaging twenty million each will be mailed back to

some of the wealthiest estates in the state. We need to put our kids first. We need to pass a correction to the Supreme Court decision because it is not only that one hundred sixty million, it's a hundred million in the next biennium that we put at risk for our children's education and then another one hundred thirty million we put at risk if we want to educate our kids. We have to correct the estate tax."

PERSONAL PRIVILEGE

Senator Rolfes: "Thank you Mr. President. I personally was extremely excited to get the message late last night that we were going to be here at 4:00 today voting on something on the Senate floor since we haven't done that for the entire session, special session. I have spent most of this week speaking with constituent groups who are concerned about funding that they don't know if they are going to get and wanting to know what the next steps would be if we don't finish our work by the end of this special session. Wednesday afternoon I had the great opportunity and privilege to talk to at least fifteen kids in the North Kitsap High School Band because that school district has sent out their RIF notices and is planning to cut a lot of its music and arts programs because they don't know what their budgets going to be and their band director quit right before I got there because she has been teaching for years and is moving on to other opportunities because this legislature can't tell that school district what its budget will be for next year. What have we been doing for twenty six days? These are real people's lives. These are the kids that we report to be putting first and they need the budgets for the schools. They need to have them soon. People need to know if they're losing their jobs or not and we need to get on with hiring new educational professionals too. So, let's get the job done. Let's stay here until we have some things to vote on."

PERSONAL PRIVILEGE

Senator Ericksen: "Well thank you Mr. President. Each one of us that comes to the senate has their own burdens and their own issues to deal with. So, my wife is a public school teacher and I have a daughter age twelve and age ten and every day my wife is a single mother now since we're down here in special session. Gets up takes the first daughter to school, comes back to the house, gets the other daughter, takes her to school then goes into work at Whatcom High School. Right after school's done she goes and picks up the girls at school, gets them to soccer, gets them to 4H and all the different the events they go to. It's tough. My oldest daughter turns thirteen in June. I was supposed to finish the barn for her thirteenth birthday party so she could have all her friends over to have her birthday. So my wife and my daughter told me stay here get the job done. Fight for the people of your district. Stand up for why they sent you to Olympia and do the right thing. They understand how important it is that we do the right thing down here that we fight for the people who elected us to be here. We can get our job done. We can do it right and we can stand for those people that sent us to come down here to Olympia."

PERSONAL PRIVILEGE

Senator Darneille: "Well, we are here on the twenty sixth day and I'll tell you a little about my personality. Either you're a process person or you're a person who wants to pick up the shovel and dig the ditch. I appreciate all the process people we have who are deliberating day after day, but I'm Mr. President, a person who if you point out the job, I want to pick up the shovel. I want to get it done and no more than today, the twenty sixth day. I

want to basically reply to some issues that have been raised in the press about bureaucracy staying the same in our budget and in the House budget that is proposed to us and I want to say that in my community which relies on contracts from the state not only to perform bureaucratic activities but to keep our ecological programs going, to keep our economic development programs going, to keep our courts going, to keep our health systems going. I'm here on the twenty sixth day wanting to pick up the shovel because I'm not here about privilege. I'm here about helping people who are poor in my community. When we look today and we say it's ok to put these contracts at risk, to put these people at risk. We're talking about veterans, we're talking about children. We're talking about women who are relying on working families connection child care so they can keep their job. Mr. President, we cannot in good conscience fail to come here every day at 9:00 a.m. ready to do business. I'm ready to be here I don't think any one of us should go home and I think that it's about time that we got out our shovels, say thank you to the people who do the process and get the job done."

PERSONAL PRIVILEGE

Senator Kohl-Welles: "Thank you Mr. President. Well, the legal end of this special session is next Tuesday, June 11 and that marks twenty days before July 1 when we have got to have a budget in place. Why does this make a difference? And why have not we've been able to vote on anything, not one bill for twenty six days. The community that perhaps this means the most to and it is very, very urgent for is with regard to higher education. We have high school graduations taking place all over the state and all over our districts this month. Some have already happened and how many high school graduates are there who are still waiting to get that admissions letter to know which college or university they're going to attend? How many know what the financial aid is that will be offered to them, if it is? We are putting our institutions of higher education in a huge bind right now and I say this after hearing that from President Elson Floyd from Spokane two weeks ago. This is very urgent. We have hiring decisions that institutions need to make. They have to know what the tuition will be for the students that are coming in and for their other students. These are decisions that are major for higher education and we've got families, let alone students, all over the state in our districts who need to know what is going on and we've got our institutions on hold, on hold. They can't make the decisions they need to make, fully, formally and finally until they have an operating budget in place."

PERSONAL PRIVILEGE

Senator Benton: "Let me ask some clarification from you Mr. President. A lot of the comments we've heard here this afternoon here are not accurately or truly Points of Personal Privileges as I think I've seen you rule before but I haven't asked for a Point of Order on that but I do want to speak a little bit to or in response to my colleagues concerns because I have some of the same concerns but first I want to thank a few of my colleagues. I want to thank Senator Hargrove and I want to thank Senator Braun and I want to thank Senator Hill who have been here every day, or nearly every day and weekends, while most of us gone back to our districts and worked and of course Senator Nelson has been right in the middle of that too. I'm sorry Sharon, I want to thank you too. Well, when we talk, all these speeches you'd think nobodies been working. The fact of the matter is this body, my colleagues for twenty years came together and passed a budget with thirty votes. It was a bipartisan budget. It was our budget, the Senate's budget and we did a good job. Not everybody was

TWENTY SIXTH DAY, JUNE 7, 2013

2013 1ST SPECIAL SESSION

happy. I can assure you not on this side of the aisle, certainly not on the minority side but it was a budget that we, the Senate, passed and for the first time in history in the State of Washington we put a billion dollars in K-12 education. It is one of my proudest moments to participate in injecting a billion dollars into our education system. That has never been done before. I'm so proud of my colleagues for that and what's even better is we did it without any tax increases. None, didn't raise tax one to do it. We proved it could be done. A bipartisan budget with thirty votes that puts a billion dollars into education without raising taxes. Pinch me. I'm dreaming. Come on guys. When did that ever happen in this body, or in this place in the twenty years I've been here? So, we've got a lot to be thankful for. We've worked together. Yes, we didn't all get what we wanted but we stuck to our guns as a Senate and we said in this economy, this tough economy where people are suffering and I'm telling you what I got a neighbor that has been out of work for over a year and a half. This is not the time to raise taxes but we recognize that children should come first so the Senate put out a budget that put kids first. First, the first dollar spent are on our children and we've been wanting to go home with that budget but we have been unable to. We've been shackled by, of course it's a bipartisan legislature. If we were in Nebraska I guess we could just adjourn and go home. It's a unicameral legislature as you know. There's one body there, the Senate. But here in Washington state there's another body we have to work with and that's across the rotunda. We don't have unilateral authority in the State of Washington like they do in Nebraska so we have been waiting and negotiating and the four people I've just mentioned have been negotiating every single day and the rest of us on conference calls. I'm sure you guys have been conference calling in every few days to catch up on what's going on and guess what? Stone wall. Stone wall. Absolutely a stone wall for more taxes, even when they're not necessary. That's what so frustrating about this. So, I have a lot of compassion for your frustration because I'm frustrated too. We've been kept here for more taxes and we don't even have to have them.

That's what's frustrating about it. So, you bet, we're here to do business. You bet we're ready to adjourn on the last day of this session and I hope that we'll be able to adjourn with the Senate's budget intact that puts up a billion dollars into education without raising taxes. That's what this chamber said we wanted to do. That's what the citizens of this state said they wanted us to do when they passed 1185 overwhelming in forty-four out of forty-nine legislative districts and that's what we've done. And we should stick to our guns and hold out for our citizens and hold out for the senate budget. I hope all of you are prepared to do that because I certainly prepared to do that and if we have to go into another session to do it, I'm sorry for the people of the State of Washington that they'll have to pay for that. I don't want to do it. None of you want to do it but if that's what it takes to carry the message of our citizens that we want more money for our kids' education and we don't want to pay more taxes for it. We want you to reform other parts of government and take care of the education obligation first before anything else and that's what we're going to stick to our guns and do. Thank you Mr. President."

REMARKS BY THE PRESIDENT

President Owen: "Senator Benton, in response to your question about a Point of Personal Privilege. The rules states that a question of Privilege shall involve only subject matter which affects the particular Senator personally, in a matter unique and peculiar to the Senator. The President has always allowed

discretion in the Point of Personal Privilege to allow people to share on feelings they have about particular issues of which you have done quite in a long drawn out matter, just recently. However, after listening to your dissertation the President might need to put some parameters around that discretion. And speaking of that, Senator Hargrove."

PERSONAL PRIVILEGE

Senator Hargrove: "Thank you Mr. President. First of all thank you for the thanks, me and Senator Nelson and Senator Hill and Braun and I think a few others have been here almost every single day. I'm getting very tired of being here every single day but I just wanted to make a couple of points here to just kind of clarify how the budget left the senate because I did both of that budget. Be had seven members on this side vote for that budget and I think there were multiple reasons why people voted for it over here. Most of it was to move a budget along because we didn't want to get a spot where we were dragging into a long extra session. We wanted to get a vehicle out of the senate that could be negotiated with the House. I think we stated at the time that is was a very bipartisan process building that budget. You're in the majority and we were requesting and it was a bipartisan process. However, we also stated at the time there were some critical holes in that budget and that there would be some additional revenue to fill those critical holes. There just wasn't any more in the bucket to go find and those holes that we stated and I was very clear about then. I was very clear when we had a press conference here a few days ago in the House budget were the A. B. D. HEN Program and working Connections Childcare. And as I stated the press conference a couple days ago, this isn't just about people who make bad choices and somehow need a largess from the state but it's about people if we don't help there with those particular programs they're going to end up in much more expensive programs that the state tax payers pay for with tragic consequences along the way. That would be things like ending up in the emergency room because a mentally ill person doesn't have you know the where with all to keep themselves out of trouble and they get injured and they end up in emergency room. Some people end up in our criminal justice system. Those are other things that are funded by the state in case load that we all fund because we're not going to just start letting out people out of prison even after they committed a crime. We're not going to say, 'Oops.' You know we'll just cut those and start opening the doors. You know, I'm thinking that some of these programs add up to prevention and those are some things that we very clearly said that I'm not, you know, I'm not, I guess what I'm saying is that there was a lot of work on that senate budget together but we recognized there were a few holes in it and a few more things that needed to be worked on. We had that discussion long and hard, you know I think that the House made huge offer, they made, I'm sorry, I shouldn't say 'House,' the other body, the other world, I called it the other planet the other day but they made a big move. Now, we're not done. There's more to be done and we're working on it but the point is we're within four to five days of the end regular session here and Bracken will vaporize as of Tuesday and then there will be one hundred sixty million more problems if we can't get that done. So, that's the email that I got from the Department of Revenue that we have until the end of special session. Well, in some point in time it happens, ok? So, anyway, my point is that we need to get on with our business, that the votes on this side were about moving a budget along to be timely. We recognized some problems. I think I have been very up front about that. There's been no, you know, there's been no bait and switch here on that. We still think there's some problems, I think

that that budget from the other planet actually fixes some of those, has a moderate amount of revenue in it and hopefully we can get our business done. But I just wanted to correct a few things there and I look forward to continuing to work with people.”

PERSONAL PRIVILEGE

Senator Ranker: “Thank you Mr. President. So, did, I’m very pleased to hear comments on both sides of the aisle that we’re willing to work and we’re willing to be here. Last night there was a debate on this floor that almost no one saw. There was a debate where some members of the other party wanted to adjourn until Saturday, not today and I had to sit at my desk and object to that. We had a long period of time where we sat here and stared at each until we realized that yes, one person can actually have the objection, to overrule that, and we could not adjourn for two days. Why did I do that and why did our leadership decide that was important? Because we believe we need to be here every single day to get our work done. Just as the good Senator said earlier, every single day to getting our work done, adjourning until 4:00 pm today again, dismissing most of an entire day, doesn’t get our work done. There are critical decisions that need to be made and they need to be made quickly. We’ve heard about the impacts to health care. We’ve heard Bracken time and time again, Parks, the good Senator from the Thirty-ninth, on July 1, on July 1 we will close parks. 6.1 billion dollars in annual spending money directly supporting tens of thousands of jobs and most of those jobs are in rural areas that are experiencing higher unemployment. At a time when Europe is still in serious financial crisis and dragging the rest of the world down we are going to take actions that could seriously impact our bond ratings right here in Washington State. That is unrealistic and unacceptable for us to consider those sorts of drastic measures at a time where there is world crisis economically. I personally, Mr. President, am very concerned about this. I don’t believe we should be fooling around and take vacations for a day. What I do believe is we should get our work done. We should pass a bipartisan budget and I think a proposal from the House, from the other chamber that does that. Let’s move along and let’s get our work done. Let’s be here Saturday. Let’s be here Sunday. Let’s be Monday. Let’s be here Tuesday and let’s get it done.”

PARLIAMENTARY INQUIRY

Senator Baumgartner: “Just to clarify before I begin. Was the terminology used, was it peculiar and personal? Was that what it was?”

REPLY BY THE PRESIDENT

President Owen: “Depends on who we’re talking about. Question or privilege shall involve only subject matter which affects the particular Senator personally and the matter unique and peculiar to that Senator.”

PERSONAL PRIVILEGE

Senator Baumgartner: “So, I just want to tell a little story how I relate the budget. So, I remember when I was a kid, this on a personally, I remember when I was a kid, I used to watch professional wrestling and one of the things that I liked about watching professional wrestling is the guys get in the ring and really duke it all out. My dad came into me and he was watching me watch professional wrestling and he told me he too when he was a kid like watching professional wrestling. Then he told me a

story. My dad grew up on the outskirts of Detroit, the outskirts of Pontiac. His dad worked for General Motors and my grandmother was a school teacher. He said the one time he went to professional wrestling match and it was in a high school gym and the two guys he saw duking it out in the ring were. Then, later on, he had to go use the bathroom in the gym, a shower room, and the two guys that had been just duking it out in the ring were in back having a beer and a smoke and talking to each other and so, the point is, you know, I know there is a strong incentive to come here and sort of parade before the press about making these points of who cares more about the state government. Who’s going to work harder on this thing but it really a bit of analogous right now to sort of professional wrestling and that show that goes on. Because everybody here knows that we all care about this state and we all know that everybody in this room is committed in trying to get a budget down. We’re all trying to find a compromise of our position but not a compromise of our principles. It’s a bit disingenuous I think to sit here and talk about and pretend that we’re not working. It’s sort of a show for the press because it does something that is very dangerous for the state for this country because it continue to erode the trust in government. Now, I’m a limited government guy that has some concerns about the growth in government but please as we go forward in the next week I’m going ask my colleagues, please don’t demonize this legislature and pretend people aren’t here committed to work hard because we all are. We also know how this all ends. It all is going to end with a bipartisan compromise deal. That’s the only way it ends. We have to find a way that it might compromise our positions but not our principals and with respect to the good Senator Hargrove, I’m not sure the other side understands what a huge reach it was for the conservative members of our caucus to vote for Obama care in that first budget. That is a big, big deal. All the conservative members of our caucus voted to expand Medicaid but also voted for increase revenue and shifting cost to the federal government. I would, that was a very, very tough vote for me. Now I know very tough for you guys to cut some of this social spending but please don’t demonize this place. Let’s both respect the compromise that both people have already given. Let’s not erode the trust in government any further because that’s going out on the national level more than we need and I understand the professional wrestling aspects of this but I’ll look forward being in the back room, the locker room having a beer, not a smoke in my case, to try to bring this together to bring this thing to a close and I believe, God’s truth honest believe I believe we can do this by Tuesday. Thank you Mr. President. Hopefully unique and personal enough.”

PERSONAL PRIVILEGE

Senator Murray: “Thank you Mr. President. Well, I’m wondering if I should make a comment on wrestling and locker rooms but I will let it pass. I watched it to but anyway. On a more serious note, I do believe that the members of this caucus respect all the members and their efforts but I do believe that you are in the majority which means you have to govern and I wrote, along with Joe Zarelli, a bipartisan budget. Didn’t particularly like lots of it. My constituents particularly like lots of it. The same was true with Senator Zarelli because we shared stories. What they did like Mr. President was that Olympia was functioning. The other part of that functioning, the other responsibility of the governing party is you can’t say we wrote a budget, we want our budget. The system of government requires that we compromise with the other body. We don’t have a choice. That’s our constitutional responsibility to compromise with the other body. It can’t be the senate’s way or no way and that’s what really concerns this caucus that we’re coming up against a date, going to

TWENTY SIXTH DAY, JUNE 7, 2013

2013 1ST SPECIAL SESSION

a place that's, very, very, very few states have ever gone. The numbers that you heard or the dates heard, the notices that are going out and will be going out. That's a reality in the lives of Washingtonians. So, I would hope before the 11th that we can once again show that we can govern, that we can once again show the citizens of this State that we compromise not just with ourselves but with the other body. Finally, members of this caucus voted for a budget that went out of here, five of them in particular, not because they agreed with the budget, they wanted to show good faith. They wanted to show good faith. They wanted to show good faith with the majority party that we would be willing to work with you, move a budget out of here. We thought in return that we would see the governing party willing to work with the House and compromise as well. That's governing. You're the majority party. Constitution requires, the system of government, requires that this tension between the balance of powers requires that we compromise with the House and I hope again we will do that by the 11th Mr. President and show that we are not the other DC, the other Washington. Thank you."

HUNTER GOODMAN, Secretary of the Senate

PERSONAL PRIVILEGE

Senator Schoesler: "Thank you Mr. President. At the cut-off for bills from the body of origin, this body passed the largest number of bills in recent years. That was working together. Did it work out that way that we passed the most bills in recent history to the Governor but that's ok but this body also passed well over two dozen reforms. Reforms to create and retain jobs, improve our education system and work towards sustainable budgets. Every one of those bills was bipartisan. Some even were unanimous. The number that came back from the other body? – Zero, Zero. Now, if we're going to negotiate in good faith; over two dozen bipartisan to zero is not much of a compromise, not when it's issues with our schools, sustainable budgets, more jobs and job retention. That's part of the bodies job to look for those solutions as well and to simply have a take it or leave it budget that doesn't change one thing about jobs, education or budgets in this state would be a great loss not for this body, not for you and me but for the taxpayers of the State of Washington."

**PART II
 HUMAN SERVICES**

NEW SECTION. Sec. 201. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES

(1) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. Appropriations made in this act to the department of social and health services shall initially be allotted as

TWENTY SEVENTH DAY, JUNE 8, 2013

2013 1ST SPECIAL SESSION

required by this act. Subsequent allotment modifications shall not include transfers of moneys between sections of this act except as expressly provided in this act, nor shall allotment modifications permit moneys that are provided solely for a specified purpose to be used for other than that purpose.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The health care authority and the department are authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage medicaid expenditures for the aged and disabled population. Under the Washington medicaid integration partnership (WMIP) and the medicare integrated care project (MICP), the health care authority and the department may combine and transfer such medicaid funds appropriated under sections 204, 206, 208, and 213 of this act as may be necessary to finance a unified health care plan for the WMIP and the MICP program enrollment. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons, nor expand beyond one county during the 2013-2015 fiscal biennium. The amount of funding assigned from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled, times the number of clients enrolled. In implementing the WMIP and the MICP, the health care authority and the department may: (i) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for enrolled individuals; and (ii) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs.

(b) If Washington has been selected to participate in phase two of the federal demonstration project for persons dually-eligible for both medicare and medicaid, the department and the authority may initiate the MICP. Participation in the project shall be limited to persons who are eligible for both medicare and medicaid and to counties in which the county legislative authority has agreed to the terms and conditions under which it will operate. The purpose of the project shall be to demonstrate and evaluate ways to improve care while reducing state expenditures for persons enrolled both in medicare and medicaid. To that end, prior to initiating the project, the department and the authority shall assure that state expenditures shall be no greater on either a per person or total basis than the state would otherwise incur. Individuals who are solely eligible for medicaid may also participate if their participation is agreed to by the health care authority, the department, and the county legislative authority.

(4) The legislature finds that medicaid payment rates, as calculated by the department pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently

and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(5) The department shall to the maximum extent practicable use the same system for delivery of spoken-language interpreter services for social services appointments as the one established for medical appointments in section 213 of this act. When contracting directly with an individual to deliver spoken language interpreter services, the department shall only contract with language access providers who are working at a location in the state and who are state-certified or state-authorized, except that when such a provider is not available, the department may use a language access provider who meets other certifications or standards deemed to meet state standards, including interpreters in other states.

(6) The department shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the department and its contractors. Prior to open enrollment, the department shall coordinate with the health care authority to provide referrals to the Washington health benefit exchange for clients that will be ineligible for the medicaid expansion but are enrolled in coverage that will be eliminated in the transition to the medicaid expansion.

The appropriations in this section are subject to the following conditions and limitations:

(2) \$668,000 of the general fund--state appropriation for fiscal year 2014 and \$668,000 of the general fund--state appropriation for fiscal year 2015 are provided solely to contract for the operation of one pediatric interim care center. To achieve efficiencies and increase utilization, the department shall allow the co-location of these centers, except that a youth may not be placed in a secure facility or the secure portion of a co-located facility except as specifically authorized by chapter 13.32A RCW. The reductions to appropriations in this subsection related to semi-secure crisis residential centers reflect a reduction to the number of beds for semi-secure crisis residential centers and not a reduction in rates. Any secure crisis residential center or semi-secure crisis residential center bed reduction shall not be based solely upon bed utilization. The department is to exercise its discretion in reducing the number of beds but to do so in a manner that maintains availability and geographic representation of semi-secure and secure crisis residential centers.

(5) \$125,000 of the general fund--state appropriation for fiscal year 2014 and \$125,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for a community-based organization that has innovated, developed, and replicated a foster care delivery model that includes a licensed hub home. Long-term cost benefit must be considered. Percentage changes may occur in the evidence-based program or disposition alternative categories of the formula should it be determined the changes will increase evidence-based program or disposition alternative delivery and increase the cost benefit to the state. NEW SECTION. Sec. 204. FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--MENTAL HEALTH PROGRAM

(1) COMMUNITY SERVICES/REGIONAL SUPPORT NETWORKS

General Fund--State Appropriation (FY 2014)	\$327,678,000
General Fund--State Appropriation (FY 2015)	\$312,256,000
General Fund--Federal Appropriation	\$558,901,000
General Fund--Private/Local Appropriation	\$17,864,000
TOTAL APPROPRIATION.....	\$1,216,699,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) \$105,265,000 of the general fund--state appropriation for fiscal year 2014 and \$85,895,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for persons and services not covered by the medicaid program. To the extent possible, levels of regional support network spending shall be maintained in the following priority order: Crisis and commitment services; community inpatient services; and residential care services, including personal care and emergency housing assistance. This is a reduction in flexible nonmedicaid funding of \$4,077,000 for fiscal year 2014 and \$23,446,000 for fiscal year 2015. This reduction reflects offsets in state funding related to services that will now be funded with federal dollars through the affordable care act medicaid expansion. This reduction shall be distributed as follows:

(i) The \$4,077,000 reduction in fiscal year 2014 and \$11,723,000 of the reduction in fiscal year 2015 must be distributed among regional support networks based on a formula that equally weights each regional support networks proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act in fiscal year 2014 and each regional support network's spending of flexible nonmedicaid funding on services that would be reimbursable for federal medicaid matching funds if provided to medicaid enrollees in the 2011-2013 fiscal biennium.

(ii) The remaining \$11,723,000 reduction in fiscal year 2015 must be distributed among regional support networks based on each regional support network's proportion of individuals who become newly eligible and enroll in medicaid under the expansion provisions of the affordable care act through fiscal year 2015.

(b) \$6,590,000 of the general fund--state appropriation for fiscal year 2014, \$6,590,000 of the general fund--state appropriation for fiscal year 2015, and \$7,620,000 of the general fund--federal appropriation are provided solely for the department and regional support networks to continue to contract for implementation of high- intensity programs for assertive community treatment (PACT) teams. In determining the proportion of medicaid and nonmedicaid funding provided to regional support networks with PACT teams, the department shall consider the differences between regional support networks in the percentages of services and other costs associated with the teams that are not reimbursable under medicaid. The department may allow regional support networks which have nonmedicaid reimbursable costs that are higher than the nonmedicaid allocation they receive under this section to supplement these funds with local dollars or funds received under section 204(1)(a) of this act. The department and regional support networks shall maintain consistency with all essential elements of the PACT evidence-based practice model in programs funded under this section.

(c) \$5,850,000 of the general fund--state appropriation for fiscal year 2014, \$5,850,000 of the general fund--state appropriation for fiscal year 2015, and \$1,300,000 of the general fund--federal appropriation are provided solely for the western Washington regional support networks to provide either community- or hospital

These funds will be used to enhance community residential and support services provided by regional support networks through other state and federal funding.

(h) \$1,125,000 of the general fund--state appropriation for fiscal year 2014 and \$1,125,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for the Spokane regional support network to implement services to reduce utilization and the census at eastern state hospital. (j) Regional support networks may use local funds to earn additional federal medicaid match, provided the locally matched rate does not exceed the upper-bound of their federally allowable rate range, and provided that the enhanced funding is used only to provide medicaid state plan or waiver services to medicaid clients. Additionally, regional support networks may use a portion of the state funds allocated in accordance with (a) of this subsection to earn additional medicaid match, but only to the extent that the application of such funds to medicaid services does not diminish the level of crisis and commitment, community inpatient, residential care, and outpatient services presently available to persons not eligible for medicaid.

(k) \$3,436,000 of the general fund--state appropriation for fiscal year 2014 and \$2,291,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for mental health services

Regional support networks must use this funding for the development of intensive community programs that allow individuals to be diverted or transitioned from the state hospitals in accordance with plans approved by the department.

(n) Due to recent approval of federal medicaid matching funds for the disability lifeline and the alcohol and drug abuse treatment support act programs, the department shall charge regional support networks for only the state share rather than the total cost of community psychiatric hospitalization for persons enrolled in those programs.

(o) \$250,000 of the general fund--state appropriation for fiscal year 2014 is provided solely to maintain financial viability for the Chelan-Douglas regional support network. In order to qualify for this funding, the Chelan-Douglas regional support network must submit by August 1, 2013, for approval by the department, either proof of a formal agreement to merge with another regional support network or a plan that demonstrates how the Chelan-Douglas regional support network will maintain financial viability and stability.

The appropriations in this section are subject to the following conditions and limitations:

(1) Within the amounts appropriated in this section, the authority shall implement the medicaid expansion defined in the social security act, section 1902(a)(10)(A)(i)(VIII).

(2) The requirements of this subsection apply to the basic health plan. This subsection is null and void and has no further effect upon implementation of the medicaid expansion under subsection (1) of this section.

(a) Within amounts appropriated in this section and sections 205 and 206 of this act, the health care authority shall continue to provide an enhanced basic health plan subsidy for foster parents licensed under chapter 74.15 RCW and workers in state-funded home care programs. Under this enhanced subsidy option, foster parents eligible to participate in the basic health plan as subsidized enrollees and home care workers with family incomes below 200 percent of the federal poverty level shall be allowed to enroll in the basic health plan at the minimum premium amount charged to enrollees with incomes below sixty-five percent of the federal poverty level.

(b) The health care authority shall require organizations and individuals that are paid to deliver basic health plan services and that choose to sponsor enrollment in the subsidized basic health plan to pay 133 percent of the premium amount which would otherwise be due from the sponsored enrollees.

(c) The administrator shall take at least the following actions to assure that persons participating in the basic health plan are eligible for the level of assistance they receive: (a) Require submission of (i) income tax returns, and recent pay history, from all applicants, or (ii) other verifiable evidence of earned and unearned income from those persons not required to file income tax returns; (b) check

employment security payroll records at least once every twelve months on all enrollees; (c) require enrollees whose income as indicated by payroll records exceeds that upon which their subsidy is based to document their current income as a condition of continued eligibility; (d) require enrollees for whom employment security payroll records cannot be obtained to document their current income at least once every six months; (e) not reduce gross family income for self-employed persons by noncash-flow expenses such as, but not limited to, depreciation, amortization, and home office deductions, as defined by the United States internal revenue service; and (f) pursue repayment and civil penalties from persons who have received excessive subsidies, as provided in RCW 70.47.060(9).

(d) Enrollment in the subsidized basic health plan shall be limited to only include persons who qualify as subsidized enrollees as defined in RCW 70.47.020 and who (a) qualify for services under 1115 medicaid demonstration project number 11-W-00254/10; or (b) are foster parents licensed under chapter 74.15 RCW.

(3) The legislature finds that medicaid payment rates, as calculated by the health care authority pursuant to the appropriations in this act, bear a reasonable relationship to the costs incurred by efficiently and economically operated facilities for providing quality services and will be sufficient to enlist enough providers so that care and services are available to the extent that such care and services are available to the general population in the geographic area. The legislature finds that the cost reports, payment data from the federal government, historical utilization, economic data, and clinical input constitute reliable data upon which to determine the payment rates.

(4) Based on quarterly expenditure reports and caseload forecasts, if the health care authority estimates that expenditures for the medical assistance program will exceed the appropriations, the health care authority shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(5) In determining financial eligibility for medicaid-funded services, the health care authority is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(6) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

(7) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the health care authority shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(8) \$4,261,000 of the general fund--state appropriation for fiscal year 2014, \$4,261,000 of the general fund--state appropriation for fiscal year 2015, and \$8,522,000 of the general fund--federal appropriation are provided solely for low-income disproportionate share hospital payments.

(9) \$400,000 of the general fund--state appropriation for fiscal year 2014, \$400,000 of the general fund--state appropriation for fiscal year 2015, and \$800,000 of the general fund--federal appropriation are provided solely for disproportionate share hospital payments to rural hospitals certified by the centers for medicare and medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011 that do not participate in the certified public expenditures program.

(10) \$50,000 of the general fund--state appropriation for fiscal year 2014 and \$50,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for grants to rural hospitals in Clallam county that were certified by the centers for medicare and

medicaid services as sole community hospitals as of January 1, 2013, with less than one hundred fifty acute care licensed beds in fiscal year 2011.

(11) Within the amounts appropriated in this section, the health care authority shall provide disproportionate share hospital payments to hospitals that provide services to children in the children's health program who are not eligible for services under Title XIX or XXI of the federal social security act due to their citizenship status.

(12) \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate-setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the health care authority's discretion. During either the interim cost settlement or the final cost settlement, the health care authority shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The health care authority shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(13) The health care authority shall continue the inpatient hospital certified public expenditures program for the 2013-2015 fiscal biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The health care authority shall submit reports to the governor and legislature by November 1, 2013, and by November 1, 2014, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the health care authority shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2014 and fiscal year 2015, hospitals in the program shall be paid and shall retain one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance and one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program based on the reimbursement rates developed, implemented, and consistent with policies approved in the 2013-2015 biennial operating appropriations act and in effect on July 1, 2013, (b) one-half of the indigent assistance disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005, and (c) all of the other disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 to the extent the same disproportionate share hospital

programs exist in the 2013-2015 fiscal biennium. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount. Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$5,319,000 of the general fund--state appropriation for fiscal year 2014, of which \$6,570,000 is appropriated in section 204(1) of this act, and \$1,141,000 of the general fund--state appropriation for fiscal year 2015, of which \$6,570,000 is appropriated in section 204(1) of this act, are provided solely for state grants for the participating hospitals.

(14) The health care authority shall seek public-private partnerships and federal funds that are or may become available to provide on-going support for outreach and education efforts under the federal children's health insurance program reauthorization act of 2009.

(15) The health care authority shall target funding for maternity support services towards pregnant women with factors that lead to higher rates of poor birth outcomes, including hypertension, a preterm or low birth weight birth in the most recent previous birth, a cognitive deficit or developmental disability, substance abuse, severe mental illness, unhealthy weight or failure to gain weight, tobacco use, or African American or Native American race. The health care authority shall prioritize evidence-based practices for delivery of maternity support services. To the extent practicable, the health care authority shall develop a mechanism to increase federal funding for maternity support services by leveraging local public funding for those services.

(16) \$170,000 of the general fund--state appropriation for fiscal year 2014, \$121,000 of the general fund--state appropriation for fiscal year 2015, and \$292,000 of the general fund--federal appropriation are provided solely to implement Engrossed Substitute House Bill No. 1519 (service coordination organizations) and Second Substitute Senate Bill No. 5732 (behavioral health services). If neither of the bills is enacted by June 30, 2013, the amounts provided in this subsection shall lapse.

(17) \$57,000 of the general fund--state appropriation for fiscal year 2014, \$40,000 of the general fund--state appropriation for fiscal year 2015, and \$55,000 of the general fund--federal appropriation are provided solely to develop a report on state efforts to prevent and control diabetes. The authority, the department of social and health services, and the department of health shall submit a coordinated report to the governor and the appropriate committees of the legislature by December 31, 2014, on the following:

(a) The financial impacts and reach that diabetes of all types and undiagnosed gestational diabetes are having on the programs administered by each agency and individuals, including children with mothers with undiagnosed gestational diabetes, enrolled in those programs. Items in this assessment must include: (i) The number of lives with diabetes and undiagnosed gestational diabetes impacted or covered by the programs administered by each agency; (ii) the number of lives with diabetes, or at risk for diabetes, and family members impacted by prevention and diabetes control programs implemented by each agency; (iii) the financial toll or impact diabetes and its complications, and undiagnosed gestational

(b) An assessment of the benefits of implemented and existing programs and activities aimed at controlling all types of diabetes and preventing the disease. This assessment must also document the amount and source for any funding directed to each agency for the programs and activities aimed at reaching those with diabetes of all types;

(c) A description of the level of coordination existing between the agencies on activities, programmatic activities, and messaging on managing, treating, or preventing all types of diabetes and its complications;

(d) The development or revision of detailed policy-related action plans and budget recommendations for battling diabetes and undiagnosed gestational diabetes that includes a range of actionable items for consideration by the legislature. The plans and budget recommendations must identify proposed action steps to reduce the impact of diabetes, prediabetes, related diabetes complications, and undiagnosed gestational diabetes. The plans and budget recommendations must also identify expected outcomes of the action steps proposed in the following biennium while also establishing benchmarks for controlling and preventing all types of diabetes; and

(e) An estimate of savings, efficiencies, costs, and budgetary savings and resources required to implement the plans and budget recommendations identified in (d) of this subsection (15).

(18) \$25,000 of the general fund--state appropriation for fiscal year 2014 and \$25,000 of the general fund--federal appropriation are provided solely for the development of recommendations for funding integrated school nursing and outreach services. The authority shall collaborate with the office of the superintendent of public instruction to develop recommendations for increasing federal financial participation for providing nursing services in schools with the goals of integrating nursing and outreach services and supporting one nurse for every four hundred fifty students in elementary schools and one nurse for every seven hundred fifty students in secondary schools. In developing these recommendations, the authority shall inquire with the federal centers for medicare and medicaid services about state plan amendment or waiver options for receiving additional federal matching funds for school nursing services provided to children enrolled in apple health for kids. The recommendations shall include proposals for funding training and reimbursement for nurses that provide outreach services to help eligible students enroll in apple health for kids and other social services programs. The authority and the office of the superintendent of public instruction shall provide these recommendations to the governor and the legislature by December 1, 2013.

(19) \$430,000 of the general fund--state appropriation for fiscal year 2014 and \$500,000 of the general fund--federal appropriation are provided solely to complete grant requirements for the health information exchange.

(20) \$143,000 of the general fund--state appropriation for fiscal year 2014 and \$423,000 of the general fund--federal appropriation are provided solely for the rebasing of outpatient and inpatient payment methods.

(21) \$822,000 of the general fund--state appropriation for fiscal year 2014, \$341,000 of the general fund--state appropriation for fiscal year 2015, and \$9,710,000 of the general fund--federal appropriation are provided solely to implement the conversion to the

tenth version of the world health organization's international classification of diseases.

(22) \$111,000 of the general fund--state appropriation for fiscal year 2014, \$35,000 of the general fund--state appropriation for fiscal year 2015, and \$359,000 of the general fund--federal appropriation are provided solely to update the medicaid information technology architecture state self-assessment and to develop the five year road map for the medicaid information technology architecture architect.

(23) \$62,000 of the general fund--state appropriation for fiscal year 2014, \$62,000 of the general fund--state appropriation for fiscal year 2015, and \$126,000 of the general fund--federal appropriation are provided solely to support the Robert Bree collaborative's efforts to disseminate evidence-based best practices for preventing and treating health problems.

(24) Within the amounts appropriated in this section, the authority shall increase reimbursement rates for primary care services provided by independent nurse practitioners to medicare levels for the period from July 1, 2013, to December 31, 2014.

(25) The authority shall seek a medicaid state plan amendment to create a professional services supplemental payment managed care program for professional services delivered to managed care recipients by University of Washington medicine and other public professional providers. This program shall be effective as soon as administratively possible and shall operate concurrently with the existing professional services supplemental payment program. The authority shall apply federal rules for identifying the difference between average commercial rates and fee-for-service medicaid payments. This difference will be multiplied by the number of managed care encounters and incorporated into the managed care plan capitation rates by a certified actuary. The managed care plans will pay the providers the difference attributable to the increased capitation rate. Participating providers shall be solely responsible for providing the local funds required to obtain federal matching funds. Any incremental costs incurred by the authority in the development, implementation, and maintenance of this program shall be the responsibility of the participating providers. Participating providers shall retain the full amount of supplemental payments provided under this program, net of any costs related to the program that are disallowed due to audits or litigation against the state.

(26) Sufficient amounts are appropriated in this section for the authority to provide an adult dental benefit beginning January 1, 2014.

(27) To the extent allowed under federal law, the authority shall require an adult client to enroll in full medicaid coverage instead of family planning-only coverage unless the client is at risk of domestic violence.

(28) The authority shall facilitate enrollment under the medicaid expansion for clients applying for or receiving state funded services from the authority and its contractors. Prior to open enrollment, the authority shall coordinate with the department of social and health services to provide referrals to the Washington health benefit exchange for clients that will be ineligible for the medicaid expansion but are enrolled in coverage that will be eliminated in the transition to the medicaid expansion.

(29) \$90,000 of the general fund--state appropriation for fiscal year 2014, \$90,000 of the general fund--state appropriation for fiscal year 2015, and \$180,000 of the general fund--federal appropriation are provided solely to continue operation by a nonprofit organization of a toll-free hotline that assists families to learn about and enroll in the apple health for kids program.

(30) The appropriations in this section reflect savings and efficiencies by transferring children receiving medical care provided

through fee-for-service to medical care provided through managed care.

(31) \$150,000 of the general fund--state appropriation for fiscal year 2014, \$436,000 of the general fund--state appropriation for fiscal year 2015, and \$170,561,000 of the general fund--federal appropriation are provided solely for the provider incentive program and other initiatives related to the health information technology medicaid plan.

(32) The authority shall purchase a brand name drug when it determines that the cost of the brand name drug after rebates is less than the cost of generic alternatives and that purchase of the brand rather than generic version can save at least \$250,000. The authority may purchase generic alternatives when changes in market prices make the price of the brand name drug after rebates more expensive than the generic alternatives.

(33) The authority shall not subject antiretroviral drugs used to treat HIV/AIDS, anticancer medications used to kill or slow the growth of cancerous cells, antihemophilic drugs, or transplant drugs to any medicaid preferred drug list or formulary for the fee-for-service population.

(34) \$1,531,000 of the general fund--state appropriation for fiscal year 2014, \$280,000 of the general fund--state appropriation for fiscal year 2015, and \$10,803,000 of the general fund--federal appropriation are provided solely to implement phase two of the project to create a single provider payment system that consolidates medicaid medical and social services payments and replaces the social service payment system. The amounts provided in this subsection are conditioned on the authority satisfying the requirements of the project management oversight standards and policies established by the office of the chief information officer.

(35) Within the amounts appropriated in this section, the health care authority and the department of social and health services shall implement the state option to provide health homes for enrollees with chronic conditions under section 2703 of the federal affordable care act. The total state match for enrollees who are dually-eligible for both medicare and medicaid and not enrolled in managed care shall be no more than the net savings to the state from the enhanced match rate for its medicaid-only managed care enrollees under section 2703.

(36) The health care authority shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The health care authority may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the health care authority receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(37) Within the amounts appropriated in this section, the authority shall reimburse for primary care services provided by naturopathic physicians.

(38) Within amounts appropriated, the health care authority shall conduct a review of its management and staffing structure to identify efficiencies and opportunities to reduce full time equivalent employees and other administrative costs. A report summarizing the review and the authority's recommendations to reduce costs and full time equivalent employees must be submitted to the governor and legislature by November 1, 2013.

(39) \$19,250,000 of the health benefit exchange account--state appropriation and \$2,750,000 of the general fund--federal appropriation are provided solely to support the operations of the Washington health benefit exchange from January 1, 2015, to June 30, 2015.

(40) \$1,540,000 of the general fund--state appropriation for fiscal year 2014, \$946,000 of the general fund--state appropriation for fiscal year 2015, \$930,000 of the health benefit exchange account--state appropriation, and \$10,743,000 of the general fund--federal appropriation are provided solely for the medicaid and children's health insurance program shares of costs allocated from the health benefit exchange. The amounts provided in this subsection shall lapse if Engrossed Substitute House Bill No. 1947 (Washington health benefit exchange) is not enacted by June 30, 2013, and the office of financial management determines by January 1, 2013, that the charges to enrollees and the state under the health benefit exchange's self-sustaining methodology exceed 3.4 percent of premiums paid.

(41) Within the amounts appropriated in this section, the authority shall continue to provide coverage for pregnant teens that cannot qualify for medicaid or the federal children's health insurance program.

(42) Upon implementation of the medicaid expansion under subsection (1) of this section, the breast and cervical cancer treatment program is eliminated. To maintain continuity of coverage, the authority shall offer the option to stay in a fee-for-service program to clients that are already enrolled in the breast and cervical cancer treatment program and will be transitioned into the new adult group upon implementation of the medicaid expansion. The authority will continue to provide coverage to clients that are already enrolled in the breast and cervical cancer treatment program at the time of program elimination until their courses of treatment are completed.

(43) \$40,000 of the general fund--state appropriation for fiscal year 2014 and \$40,000 of the general fund--federal appropriation are provided solely for the authority to create a new position to provide adequate oversight and assistance to managed care organizations, rural health clinics, and federally qualified health centers under a new administratively streamlined payment methodology. Effective July 1, 2013, or upon obtaining any necessary federal approval, but in no case during the first quarter of a calendar year, the authority shall implement an administratively streamlined payment methodology for federally qualified health centers and rural health clinics. State payments to managed care organizations shall include the full encounter payments for federally qualified health centers and rural health clinics as defined in the medicaid state plan and in accordance with section 1902(bb) of the social security act (42 U.S.C. 1396a(bb)). For any services eligible for encounter payments, as defined in the medicaid state plan, managed care organizations shall be required to pay at least the full published encounter rates directly to each clinic or center. The authority will require participating managed care organizations to reimburse federally qualified health centers and rural health clinics for clean claims in strict adherence to the timeliness of payment standards established under contract and specified for the medicaid fee-for-service program in section 1902(a)(37) of the social security act (42 U.S.C. 1396a(a)(37)), 42 C.F.R. Sec. 447.46, and specified for health carriers in WAC 284-43-321. The authority shall exercise all necessary options under its existing sanctions policy to enforce timely payment of claims. The authority shall ensure necessary staff and resources are identified to actively monitor and enforce the timeliness and accuracy of payments to federally qualified health centers and rural health clinics. By January 1, 2014, and after collaboration with federally qualified health centers, rural health clinics, managed care plans, and the centers for medicare and medicaid services, the authority will produce a report

2013 1ST SPECIAL SESSION

that provides options for a new payment methodology that rewards innovation and outcomes over volume of services delivered, and which maintains the integrity of the rural health clinic program as outlined under federal law. The report will detail necessary federal authority for implementation and provide the benefits and drawbacks of each option.

(44) Sufficient amounts are appropriated in this section to remove the mental health visit limit and to provide the shingles vaccine and screening, brief intervention, and referral to treatment benefits that are available in the medicaid alternative benefit plan in the current medicaid benefit plan beginning January 1, 2014. The authority shall monitor the costs of the habilitative benefit as part of the forecasting process but shall not provide this benefit in the current medicaid benefit plan without a direct appropriation in the omnibus appropriations act.

(45) The appropriations in this section reflect savings and efficiencies achieved by modifying dispensing methods of contraceptive drugs. The authority must make arrangements for all medicaid programs offered through managed care plans or fee-for-service programs to require dispensing of contraceptive drugs with a one-year supply provided at one time unless a patient requests a smaller supply or the prescribing physician instructs that the patient must receive a smaller supply. Contracts with managed care plans must allow on-site dispensing of the prescribed contraceptive drugs at family planning clinics. Dispensing practices must follow clinical guidelines for appropriate prescribing and dispensing to ensure the health of the patient while maximizing access to effective contraceptive drugs.

(2010 supplemental budget), adjusted annually for inflation.

(13) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(14) The superintendent may distribute funding for the following programs outside the basic education formula during fiscal years 2014 and 2015 as follows:

(a) \$607,000 of the general fund--state appropriation for fiscal year 2014 and \$617,000 of the general fund--state appropriation for fiscal year 2015 are provided solely for fire protection for school districts located in a fire protection district as now or hereafter established pursuant to chapter 52.04 RCW.

At the close of the fiscal year the superintendent of public instruction shall report to the office of financial management and the appropriate fiscal committees of the legislature on the allocations provided to districts and the nature of the emergency.

(17) Students participating in running start programs may be funded up to a combined maximum enrollment of 1.2 FTE including school district and institution of higher education enrollment. In calculating the combined 1.2 FTE, the office of the superintendent of public instruction may average the participating student's September through June enrollment to account for differences in the start and end dates for courses provided by the high school and higher education institution. Additionally, the office of the superintendent of public instruction, in consultation with the state board for community and technical colleges, the higher education coordinating board, and the education data center, shall annually track and report to the fiscal committees of the legislature on the combined FTE experience of students participating in the running start program, including course load analyses at both the high school and community and technical college system.

(18) If two or more school districts consolidate and each district was receiving additional basic education formula staff units pursuant to subsection (12) of this section, the following apply:

(b) Career and technical education program full-time equivalent enrollment shall be reported on the same monthly basis as the enrollment for students eligible for basic support, and payments shall be adjusted for reported career and technical education program enrollments on the same monthly basis as those adjustments for enrollment for students eligible for basic support.

NEW SECTION. Sec. 503. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--BASIC EDUCATION EMPLOYEE COMPENSATION

(a) Salary allocations for certificated instructional staff units are determined for each district by multiplying the district's certificated instructional total base salary shown on LEAP Document 2 by the district's average staff mix factor for certificated instructional staff in that school year, computed using LEAP document 1; and

(b) Salary allocations for certificated administrative staff units and classified staff units for each district are determined based on the district's certificated administrative and classified salary allocation amounts shown on LEAP Document 2.

(2) For the purposes of this section:

(a) "LEAP Document 1" means the staff mix factors for certificated instructional staff according to education and years of experience, as developed by the legislative evaluation and accountability program committee on June 1, 2013 at 08:06 hours; and

(b) "LEAP Document 2" means the school year salary allocations for certificated administrative staff and classified staff and derived and total base salaries for certificated instructional staff as developed by the legislative evaluation and accountability program committee on June 1, 2013 at 01:29 hours.

(3) Incremental fringe benefit factors are applied to salary adjustments at a rate of 18.04 percent for school year 2013-14 and 18.04 percent for school year 2014-15 for certificated instructional and certificated administrative staff and 17.45 percent for school year 2013-14 and 17.45 percent for the 2014-15 school year for classified staff.

(4)(a) Pursuant to RCW 28A.150.410, the following state-wide salary allocation schedules for certificated instructional staff are established for basic education salary allocations:

(d) "Years of service" shall be calculated under the same rules adopted by the superintendent of public instruction.

(e) "Credits" means college quarter hour credits and equivalent in- service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this part V, or any replacement schedules and documents, unless:

- (a) The employee has a masters degree; or
- (b) The credits were used in generating state salary allocations before January 1, 1992.

(7) The salary allocation schedules established in this section are for allocation purposes only except as provided in RCW 28A.400.200(2).

NEW SECTION. Sec. 504. FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SCHOOL EMPLOYEE COMPENSATION ADJUSTMENTS

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) Additional salary adjustments as necessary to fund the base salaries for certificated instructional staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act. Allocations for these salary adjustments shall be provided to all districts that are not grandfathered to receive salary allocations above the statewide salary allocation schedule, and to certain grandfathered districts to the extent necessary to ensure that salary allocations for districts that are currently grandfathered do not fall below the statewide salary allocation schedule.

(b) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for certificated administrative staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act.

(c) Additional salary adjustments to certain districts as necessary to fund the per full-time-equivalent salary allocations for classified staff as listed for each district in LEAP Document 2, defined in section 503(2)(b) of this act.

Changes for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Changes for special education result from changes in each district's basic education allocation per student. Changes for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(f) The appropriations in this section include no salary adjustments for substitute teachers.

(2) The maintenance rate for insurance benefit allocations is \$768.00 per month for the 2013-14 and 2014-15 school years. The appropriations in this section reflect the incremental change in cost of allocating rates of \$768.00 per month for the 2013-14 school year and \$768.00 per month for the 2014-15 school year.

(iii) Special education students are basic education students for the entire school day.

For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(7) \$34,227,000 of the general fund--state appropriation for fiscal year 2014, \$35,592,000 of the general fund--state appropriation for fiscal year 2015, and \$29,574,000 of the general fund--federal appropriation are provided solely for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided in subsection (4) of this section. (2) Changes made to the state need grant program in the 2011-2013 fiscal biennium are continued in the 2013-2015 fiscal biennium including aligning increases in awards given to private institutions with the annual tuition increases for public research institutions or the private institution's average annual tuition increase experience of 3.5 percent per year, whichever is less, and reducing the awards for students who first enrolled as a new student in for-profit institutions as of the 2011-2012 academic year or thereafter by fifty percent.

(3) Changes made to the state work study program in the 2009-2011 and 2011-2013 fiscal biennia are continued in the 2013-2015 fiscal biennium including maintaining the increased required employer share of wages; adjusted employer match rates; discontinuation of nonresident student eligibility for the program; and revising distribution methods to institutions by taking into consideration other factors such as off- campus job development, historical utilization trends, and student need.

(6) \$18,677,000 of the education legacy trust account--state appropriation, and \$20,000,000 of the Washington opportunity pathways account--state appropriation are provided solely for the college bound scholarship program. This amount assumes that college bound scholarship recipients will receive priority for state need grant awards in fiscal year 2014 and fiscal year 2015. (3) The governor shall submit a request for funds necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreement or for legislation necessary to implement the agreement. Requests for funds necessary to implement the provisions of bargaining agreements shall not be submitted to the legislature by the governor unless such requests:

(a) Have been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the requests are to be considered; and

(b) Have been certified by the director of the office of financial management as being feasible financially for the state.

The legislature shall approve or reject the submission of the request for funds as a whole. The legislature shall not consider a request for funds to implement a collective bargaining agreement unless the request is transmitted to the legislature as part of the governor's budget document submitted under RCW 43.88.030 and 43.88.060. If the legislature rejects or fails to act on the submission, either party may reopen all or part of the agreement or the exclusive bargaining representative may seek to implement the procedures provided for in RCW 41.80.090.

(4)(a)(i) For the purpose of negotiating agreements for institutions of higher education, the employer shall be the respective governing board of each of the universities, colleges, or community colleges or a designee chosen by the board to negotiate on its behalf.

(ii) A governing board of a university or college may elect to have its negotiations conducted by the governor or governor's designee under the procedures provided for general government agencies in subsections (1) through (3) of this section, except that:

(A) The governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of a university or college that the representative represents; or

(B) If the parties mutually agree, the governor or the governor's designee and an exclusive bargaining representative shall negotiate one master collective bargaining agreement for all of the bargaining units of employees of more than one university or college that the representative represents.

(b) Prior to entering into negotiations under this chapter, the institutions of higher education or their designees shall consult with the director of the office of financial management regarding financial and budgetary issues that are likely to arise in the impending negotiations.

(c)(i) In the case of bargaining agreements reached between institutions of higher education other than the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of the bargaining agreements, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in (c)(iii) of this subsection.

(ii) In the case of bargaining agreements reached between the University of Washington and exclusive bargaining representatives agreed to under the provisions of this chapter, if appropriations are necessary to implement the compensation and fringe benefit provisions of a bargaining agreement, the governor shall submit a request for such funds to the legislature according to the provisions of subsection (3) of this section, except as provided in this subsection (4)(c)(ii) and as provided in (c)(iii) of this subsection.

(A) If appropriations of less than ten thousand dollars are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered.

(B) If appropriations of ten thousand dollars or more are necessary to implement the provisions of a bargaining agreement, a request for such funds shall not be submitted to the legislature by the governor unless the request:

(I) Has been submitted to the director of the office of financial management by October 1 prior to the legislative session at which the request is to be considered; and

(II) Has been certified by the director of the office of financial management as being feasible financially for the state.

(C) If the director of the office of financial management does not certify a request under (c)(ii)(B) of this subsection as being feasible financially for the state, the parties shall enter into collective bargaining solely for the purpose of reaching a mutually agreed upon modification of the agreement necessary to address the absence of those requested funds. The legislature may act upon the compensation and fringe benefit provisions of the modified collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(iii) In the case of a bargaining unit of employees of institutions of higher education in which the exclusive bargaining representative is certified during or after the conclusion of a legislative session, the legislature may act upon the compensation and fringe benefit provisions of the unit's initial collective bargaining agreement if those provisions are agreed upon and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating budget by the sitting legislature.

(5) There is hereby created a joint committee on employment relations, which consists of two members with leadership positions in the house of representatives, representing each of the two largest caucuses; the chair and ranking minority member of the house appropriations committee, or its successor, representing each of the two largest caucuses; two members with leadership positions in the senate, representing each of the two largest caucuses; and the chair and ranking minority member of the senate ways and means committee, or its successor, representing each of the two largest caucuses. The governor shall periodically consult with the committee regarding appropriations necessary to implement the compensation and fringe benefit provisions in the master collective bargaining agreements, and upon completion of negotiations, advise the committee on the elements of the agreements and on any legislation necessary to implement the agreements.

(6) If, after the compensation and fringe benefit provisions of an agreement are approved by the legislature, a significant revenue shortfall occurs resulting in reduced appropriations, as declared by proclamation of the governor or by resolution of the legislature, both parties shall immediately enter into collective bargaining for a mutually agreed upon modification of the agreement.

(7) After the expiration date of a collective bargaining agreement negotiated under this chapter, all of the terms and conditions specified in the collective bargaining agreement remain in effect until the effective date of a subsequently negotiated agreement, not to exceed one year from the expiration date stated in the agreement. Thereafter, the employer may unilaterally implement according to law.

(8) For the ~~((2011-2013))~~ 2013-2015 fiscal biennium, a collective bargaining agreement related to employee health care

benefits negotiated between the employer and coalition pursuant to RCW 41.80.020(3) regarding the dollar amount expended on behalf of each employee shall be a separate agreement for which the governor may request funds necessary to implement the agreement. ~~((If such an agreement is negotiated and funded by the legislature, this agreement will supersede any terms and conditions of an expired 2009-2011 biennial master collective bargaining agreement under this chapter regarding health care benefits.))~~ The legislature may act upon a 2013-2015 collective bargaining agreement related to employee health care benefits if an agreement is reached and submitted to the office of financial management and legislative budget committees before final legislative action on the biennial or supplemental operating appropriations act by the sitting legislature.

Sec. 964. RCW 41.80.020 and 2011 1st sp.s. c 50 s 939 and 2011 1st sp.s. c 43 s 445 are each reenacted and amended to read as follows:

However, except as provided otherwise in this subsection for institutions of higher education, negotiations regarding the number of names to be certified for vacancies, promotional preferences, and the dollar amount expended on behalf of each employee for health care benefits shall be conducted between the employer and one coalition of all the exclusive bargaining representatives subject to this chapter. The exclusive bargaining representatives for employees that are subject to chapter 47.64 RCW shall bargain the dollar amount expended on behalf of each employee for health care benefits with the employer as part of the coalition under this subsection. Any such provision agreed to by the employer and the coalition shall be included in all master collective bargaining agreements negotiated by the parties. For institutions of higher education, promotional preferences and the number of names to be certified for vacancies shall be bargained under the provisions of RCW 41.80.010(4). For agreements covering the ~~((2011-2013))~~ 2013-2015 fiscal biennium, any agreement between the employer and the coalition regarding the dollar amount expended on behalf of each employee for health care benefits is a separate agreement and shall not be included in the master collective bargaining agreements negotiated by the parties.

(4) The employer and the exclusive bargaining representative shall not agree to any proposal that would prevent the implementation of approved affirmative action plans or that would be inconsistent with the comparable worth agreement that provided the basis for the salary changes implemented beginning with the 1983-1985 biennium to achieve comparable worth.

(5) The employer and the exclusive bargaining representative shall not bargain over matters pertaining to management rights established in RCW 41.80.040.

(6) Except as otherwise provided in this chapter, if a conflict exists between an executive order, administrative rule, or agency policy relating to wages, hours, and terms and conditions of employment and a collective bargaining agreement negotiated under this chapter, the collective bargaining agreement shall prevail.

A provision of a collective bargaining agreement that conflicts with the terms of a statute is invalid and unenforceable.

(7) This section does not prohibit bargaining that affects contracts authorized by RCW 41.06.142.

The allocation shall precede the distribution of the remaining earnings as prescribed under RCW 43.79A.040 and 43.84.092. The state treasurer shall establish a uniform allocation rate for all funds and accounts; except that the state treasurer may negotiate a different allocation rate with any state agency that has independent authority over funds not statutorily required to be held in the state treasury or in the custody of the state treasurer. In no event shall the rate be less than the actual costs incurred by the state treasurer's office. If no rate is separately negotiated, the default rate for any funds held shall be the rate set for funds held pursuant to statute.

During the 2009-2011 fiscal biennium and the 2011-2013 and 2013-2015 fiscal ~~((biennium))~~ biennia, the legislature may transfer from the state treasurer's service fund to the state general fund such amounts as reflect the excess fund balance of the fund.

The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If a colocation opportunity exists, the director of ~~((general administration))~~ enterprise services shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of ~~((general administration))~~ enterprise services, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of ~~((general administration))~~ enterprise services is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies.
