SECOND SUBSTITUTE HOUSE BILL NO. 1322, by House Committee on Capital Budget (originally sponsored by Rude, Chapman, Klicker, Lekanoff and Reeves)

Concerning the Walla Walla water 2050 plan.

The measure was read the second time.

MOTION

On motion of Senator Salomon, the rules were suspended, Second Substitute House Bill No. 1322 was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

POINT OF INQUIRY

Senator Salomon: "Will the Senator from the 16th District yield to a question?"

President Heck: "Senator Dozier, do you yield? He yields."

Senator Salomon: "In order to make this a clear record of legislative intent and for clarification, how will this plan effect water right holders in the Walla Walla River Basin?"

Senator Dozier: "Thank you Mr. President. Thank you Senator Salomon. Um, just a real quick history on this. I actually have the Senate version of the bill that was not introduced. We went with the House version. To get to the question, I will just tell you my history with this is the Walla Walla Water Partnership Board was developed over twenty years ago, which managed the water issues in the Columbia or in the Walla Walla River Basin. So, this is really site-specific, to the 16th District and the irrigators in that area, along with the water users. Um, it is really a very important piece of legislation. I served on that Board, the Walla Walla Partnership Board, for eight years, along with Snake River Salmon Recovery Board – working with a lot of the same members that developed this plan. When we came out with the bill, Mr. President, it's a, as I said, it's a good bill but there's a couple of things in here that we wanted to address. Um, I think we are still going to move this forward so the effects on the irrigators themselves, we wanted to know the intent with Ecology. I do have a letter from Ecology as we worked on this. I will not read the entire thing Mr. President but if I could pick out a few, three, small paragraphs on how this will affect everybody I would appreciate that opportunity?"

President Heck: "Please proceed."

Senator Dozier: "Thank you. Department of Ecology. This is regarding House Bill No. 1322. The intent for implementation of the act in the Walla Walla 2050 Plan. 'Dear Representatives Rude, Representative Klippert and Senator Dozier: We are responding to your request to clarify the implication of House Bill No. 1322 and Ecology's intent for implementation of the act in the Walla Walla 2050 Plan. The statute is structured so that it provides specific management authority for developed water supplies. Through this act the Legislature will provide authority and a framework to manage water supplies, cooperatively across two states to meet multiple objectives including improving instream flows and water supply reliability, to restore fisheries, sustain the local agricultural economy, and develop climate resiliency. Ecology will implement the act consistent with the statutory authority so that programs and projects funded under this act will not reduce water availability for existing water right holders with valid Washington state certificates or permits.' Mr. President, I think this is a tremendous step moving forward for protecting..."

President Heck: "Senator Dozier, it is important in a colloquy that you respond to Senator Salomon's question. It sounds like you are beginning to veer into final passage remarks."

Senator Dozier: "Senator Salomon, this shouldn't have any effect on existing water right holders based on the letter that I read from Ecology."

Senator Salomon spoke in favor of passage of the bill.

The President declared the question before the Senate to be the final passage of Second Substitute House Bill No. 1322.

ROLL CALL

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(12) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. Sec. 6. RCW 9.94A.525 and 2021 c 215 s 100 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ~~((ten))~~ 10 consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all predicate crimes for the offense as defined by RCW 46.61.5055(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement

or entry of judgment and sentence, the offender had spent ~~((ten))~~ 10 consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each adult prior felony conviction and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction.

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior adult and juvenile violent felony conviction, one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(9) If the present conviction is for a serious violent offense, count three points for prior adult and juvenile convictions for crimes in this category, two points for each prior adult and juvenile violent conviction (not already counted), one point for each prior adult nonviolent felony conviction, and 1/2 point for each prior juvenile nonviolent felony conviction.

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however, count two points for each prior adult Burglary 2 or residential burglary conviction, and one point for each prior juvenile Burglary 2 or residential burglary conviction.

(11) If the present conviction is for a felony traffic offense count two points for each adult or juvenile prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for operation of a vessel while under the influence of intoxicating liquor or any drug; count one point for a deferred prosecution granted under chapter 10.05 RCW for a second or subsequent violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however, count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW (~~(9A.44.130 or)~~ 9A.44.132, count priors as in subsections (7) through (11) and (13) through (16) of this section; however, count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW (~~(9A.44.130 or)~~ 9A.44.132, which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(1) Upon receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon receipt of a notice of conviction of RCW 46.61.502 or 46.61.504, the department of licensing shall issue notice that 45 days after receipt, the person must apply for a probationary license, and order the person to surrender any nonprobationary Washington state driver's license that may be in his or her possession. The department shall revoke the license, permit, or privilege to drive of any person who fails to surrender it as required by this section for one year, unless the license has been previously surrendered to the department, a law enforcement officer, or a court, or the

NINETY THIRD DAY, APRIL 11, 2023

person has completed an affidavit of lost, stolen, destroyed, or previously surrendered license, such revocation to take effect (~~(thirty)~~) 30 days after notice is given of the requirement for license surrender.

(2) The department shall place a person's driving privilege in probationary status as required by RCW 10.05.060 or 46.61.5055 for a period of five years from the date the probationary status is required to go into effect.

(3) Following receipt of an abstract indicating a deferred prosecution has been granted under RCW 10.05.060, or upon reinstatement or reissuance of a driver's license suspended or revoked as the result of a conviction of RCW 46.61.502 or 46.61.504, the department shall require the person to obtain a probationary license in order to operate a motor vehicle in the state of Washington, except as otherwise exempt under RCW 46.20.025. The department shall not issue the probationary license unless the person is otherwise qualified for licensing, and the person must renew the probationary license on the same cycle as the person's regular license would have been renewed until the expiration of the five-year probationary status period imposed under subsection (2) of this section.

(4) If a person is eligible for full credit under RCW 46.61.5055(9)(b)(ii) and, by the date specified in the notice issued under RCW 46.20.245, has completed the requirements under RCW 46.20.311 and paid the fee under subsection (5) of this section, the department shall issue a probationary license on the date specified in the notice with no further action required of the person.

(5) For each original issue or renewal of a probationary license under this section, the department shall charge a fee of (~~(fifty dollars)~~) \$50 in addition to any other licensing fees required. Except for when renewing a probationary license, the department shall waive the requirement to obtain an additional probationary license and the (~~(fifty dollar)~~) \$50 fee if the person has a probationary license in his or her possession at the time a new probationary license is required.

(6) A probationary license shall enable the department and law enforcement personnel to determine that the person is on probationary status. The fact that a person's driving privilege is in probationary status or that the person has been issued a probationary license shall not be a part of the person's record that is available to insurance companies.

Sec. 27. RCW 46.20.385 and 2020 c 330 s 9 are each amended to read as follows:

(1)(a) Any person licensed under this chapter or who has a valid driver's license from another state, who is convicted of: (i) A violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or (ii) a violation of RCW 46.61.520(1)(a) or an equivalent local or out-of-state statute or ordinance, or (iii) a conviction for a violation of RCW 46.61.520(1) (b) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520(1)(a), or (iv) RCW 46.61.522(1)(b) or an equivalent local or out-of-state statute or ordinance, or (v) RCW 46.61.522(1) (a) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.522(1)(b) committed while under the influence of intoxicating liquor or any drug, or (vi) who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or has had his or her license suspended, revoked, or denied under RCW 46.61.5055(1)(c), or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible

to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial, unless otherwise permitted under RCW 46.20.720(6).

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty-one dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional fee to the department, except that the company may

retain (~~twenty-five~~) 25 cents per month of the additional fee to cover the expenses associated with administering the fee.

(b) The department shall deposit the proceeds of the twenty-one dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The department may require the person to take any driver's licensing examination under this chapter and may require the person to also apply and qualify for a temporary restricted driver's license under RCW 46.20.391.

Sec. 28. RCW 46.20.720 and 2020 c 330 s 10 are each amended to read as follows:

(1) **Ignition interlock restriction.** The department shall require that a person may drive only a motor vehicle equipped with a functioning ignition interlock device:

(a) **Pretrial release.** Upon receipt of notice from a court that an ignition interlock device restriction has been imposed under RCW 10.21.055;

(b) **Ignition interlock driver's license.** As required for issuance of an ignition interlock driver's license under RCW 46.20.385;

(c) **Deferred prosecution.** Upon receipt of notice from a court that the person is participating in a deferred prosecution program under RCW 10.05.020 for a violation of:

(i) RCW 46.61.502 or 46.61.504 or an equivalent local ordinance; or

(ii) RCW 46.61.5249 or 46.61.500 or an equivalent local ordinance if the person would be required under RCW 46.61.5249(4) or 46.61.500(3) (a) or (b) to install an ignition interlock device on all vehicles operated by the person in the event of a conviction;

(d) **Post conviction.** After any applicable period of mandatory suspension, revocation, or denial of driving privileges, or upon fulfillment of day-for-day credit under RCW 46.61.5055(9)(b)(ii) for a suspension, revocation, or denial of driving privileges:

(e) **Court order.** Upon receipt of an order by a court having jurisdiction that a person charged or convicted of any offense involving the use, consumption, or possession of alcohol while

operating a motor vehicle may drive only a motor vehicle equipped with a functioning ignition interlock. The court shall establish a specific alcohol set point at which the ignition interlock will prevent the vehicle from being started. The court shall also establish the period of time for which ignition interlock use will be required.

(2) **Alcohol set point.** Unless otherwise specified by the court for a restriction imposed under subsection (1)(e) of this section, the ignition interlock device shall have an alcohol set point that prevents the motor vehicle from being started when the breath sample provided has an alcohol concentration of 0.020 or more.

(3) **Duration of restriction.** A restriction imposed under:

(a) Subsection (1)(a) of this section shall remain in effect until:

(i) The court has authorized the removal of the device under RCW 10.21.055; or

(ii) The department has imposed a restriction under subsection (1)(b), (c), or (d) of this section arising out of the same incident.

(b) Subsection (1)(b) of this section remains in effect during the validity of any ignition interlock driver's license that has been issued to the person.

(c) Subsection (1)(c)(i) or (d)(i) of this section shall be for no less than:

(i) For a person who has not previously been restricted under this subsection, a period of one year;

(ii) For a person who has previously been restricted under (c)(i) of this subsection, a period of five years;

For purposes of determining a period of restriction for a person restricted pursuant to a conviction under (d) of this subsection, a restriction based on a deferred prosecution under subsection (1)(c) of this section arising out of the same incident is not considered a prior restriction for purposes of this subsection.

(d) Subsection (1)(c)(ii) or (d)(ii) of this section shall be for a period of no less than six months.

(e) The period of restriction under (c) or (d) of this subsection shall be extended by (~~one hundred eighty~~) 180 days whenever the department receives notice that the restricted person has been convicted under RCW 46.20.740 or 46.20.750. If the period of restriction under (c) or (d) of this subsection has been fulfilled and cannot be extended, the department must add a new (~~one hundred eighty day~~) 180-day restriction that is imposed from the date of conviction and is subject to the requirements for removal under subsection (4) of this section.

(f) Subsection (1)(e) of this section shall remain in effect for the period of time specified by the court.

(g) The period of restriction under (c) and (d) of this subsection based on incidents occurring on or after June 9, 2016, must be tolled for any period in which the person does not have an ignition interlock device installed on a vehicle owned or operated by the person unless the person receives a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. For all drivers restricted under this section with incidents and restriction start dates prior to June 9, 2016, a driver may apply to waive the restriction by applying for a determination from the department that the person is unable to operate an ignition interlock device due to a physical disability. The department's determination that a person is unable to operate an ignition interlock device must be

NINETY THIRD DAY, APRIL 11, 2023

reasonable and be based upon good and substantial evidence. This determination is subject to review by a court of competent jurisdiction. The department may charge a person seeking a medical exemption under this subsection a reasonable fee for the assessment.

(4) **Requirements for removal.** A restriction imposed under subsection (1)(c) or (d) of this section shall remain in effect until the department receives a declaration from the person's ignition interlock device vendor, in a form provided or approved by the department, certifying the following:

(a) That there have been none of the following incidents in the ~~((one hundred eighty))~~ 180 consecutive days prior to the date of release:

(i) Any attempt to start the vehicle with a breath alcohol concentration of 0.04 or more unless a subsequent test performed within ~~((ten))~~ 10 minutes registers a breath alcohol concentration lower than 0.04 and the digital image confirms the same person provided both samples;

(ii) Failure to take any random test unless a review of the digital image confirms that the vehicle was not occupied by the driver at the time of the missed test;

(iii) Failure to pass any random retest with a breath alcohol concentration of lower than 0.020 unless a subsequent test performed within ~~((ten))~~ 10 minutes registers a breath alcohol concentration lower than 0.020, and the digital image confirms the same person provided both samples;

(iv) Failure of the person to appear at the ignition interlock device vendor when required for maintenance, repair, calibration, monitoring, inspection, or replacement of the device; or

(v) Removal of the ignition interlock device by a person other than an ignition interlock technician certified by the Washington state patrol; and

(b) That the ignition interlock device was inspected at the conclusion of the ~~((one hundred eighty day))~~ 180-day period by an ignition interlock technician certified by the Washington state patrol and no evidence was found that the device was tampered with in the manner described in RCW 46.20.750.

(5) **Day-for-day credit.** (a) The time period during which a person has an ignition interlock device installed in order to meet the requirements of subsection (1)(b) of this section shall apply on a day-for-day basis toward satisfying the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident.

(b) The department must also give the person a day-for-day credit for any time period, beginning from the date of the incident, during which the person kept an ignition interlock device installed on all vehicles the person operates, other than those subject to the employer exemption under subsection (6) of this section.

(c) If the day-for-day credit granted under this subsection equals or exceeds the period of time the ignition interlock device restriction is imposed under subsection (1)(c) or (d) of this section arising out of the same incident, and the person has already met the requirements for removal of the device under subsection (4) of this section, the department may waive the requirement that a device be installed or that the person again meet the requirements for removal.

(6) **Employer exemption.** (a) Except as provided in (b) of this subsection, the installation of an ignition interlock device is not necessary on vehicles owned, leased, or rented by a person's employer and on those vehicles whose care and/or maintenance is the temporary responsibility of the employer, and driven at the direction of a person's employer as a requirement of employment during working hours. The person must provide the department with a declaration pursuant to chapter 5.50 RCW from his or her

employer stating that the person's employment requires the person to operate a vehicle owned by the employer or other persons during working hours. When the department receives a declaration under this subsection, it shall attach or imprint a notation on the person's driving record stating that the employer exemption applies.

(b) The employer exemption does not apply when the employer's vehicle is assigned exclusively to the restricted driver and used solely for commuting to and from employment.

(c) The employer exemption does not apply to a person who is self-employed unless the person's vehicle is used exclusively for the person's employment.

(7) **Ignition interlock device revolving account.** In addition to any other costs associated with the use of an ignition interlock device imposed on the person restricted under this section, the person shall pay an additional fee of ~~((twenty one dollars))~~ \$21 per month. Payments must be made directly to the ignition interlock company. The company shall remit the additional fee to the department to be deposited into the ignition interlock device revolving account, except that the company may retain ~~((twenty five))~~ 25 cents per month of the additional fee to cover the expenses associated with administering the fee. The department may waive the monthly fee if the person is indigent under RCW 10.101.010.

(8) **Foreign jurisdiction.** For a person restricted under this section who is residing outside of the state of Washington, the department may accept verification of installation of an ignition interlock device by an ignition interlock company authorized to do business in the jurisdiction in which the person resides, provided the device meets any applicable requirements of that jurisdiction. The department may waive one or more requirements for removal under subsection (4) of this section if compliance with the requirement or requirements would be impractical in the case of a person residing in another jurisdiction, provided the person is in compliance with any equivalent requirement of that jurisdiction. The department may waive the monthly fee required by subsection (7) of this section if collection of the fee would be impractical in the case of a person residing in another jurisdiction.

Sec. 29. RCW 46.20.740 and 2020 c 330 s 11 are each amended to read as follows:

(1) The department shall attach or imprint a notation on the driving record of any person restricted under RCW 46.20.720, 46.61.5055, or 10.05.140 stating that the person may operate only a motor vehicle equipped with a functioning ignition interlock device. The department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person seeking reinstatement. If, based upon notification from the interlock provider or otherwise, the department determines that an ignition interlock required under this section is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle owned or operated by the person is equipped with a functioning ignition interlock device.

(2) It is a gross misdemeanor for a person with such a notation on his or her driving record to operate a motor vehicle that is not so equipped, unless the notation resulted from a restriction imposed as a condition of release and the restriction has been released by the court prior to driving. Any time a person is

convicted under this section, the court shall immediately notify the department for purposes of RCW 46.20.720(3)(e). It is an affirmative defense, which the defendant must prove by a preponderance of the evidence, that the employer exemption in RCW 46.20.720(6) applies. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

(3) Any sentence imposed for a violation of subsection (2) of this section shall be served consecutively with any sentence imposed under RCW 46.20.750, 46.61.502, 46.61.504, or 46.61.5055.

Sec. 30. RCW 46.52.130 and 2022 c 182 s 206 are each amended to read as follows:

Upon a proper request, the department may only furnish information contained in an abstract of a person's driving record as permitted under this section.

(1) **Contents of abstract of driving record.** An abstract of a person's driving record, whenever possible, must include:

- (ii) Whether the vehicles were legally parked or moving;
- (iii) Whether the vehicles were occupied at the time of the accident; and
- (iv) Whether the accident resulted in a fatality;

(b) Any reported convictions, forfeitures of bail, or findings that an infraction was committed based upon a violation of any motor vehicle law;

(c) The status of the person's driving privilege in this state; and

(d) Any reports of failure to appear in response to a traffic citation or failure to respond to a notice of infraction served upon the named individual by an arresting officer.

(2) **Release of abstract of driving record.** Unless otherwise required in this section, the release of an abstract does not require a signed statement by the subject of the abstract. An abstract of a person's driving record may be furnished to the following persons or entities:

(a) **Named individuals.** (i) An abstract of the full driving record maintained by the department may be furnished to the individual named in the abstract.

(ii) Nothing in this section prevents a court from providing a copy of the driver's abstract to the individual named in the abstract or that named individual's attorney, provided that the named individual has a pending or open infraction or criminal case in that court. A pending case includes criminal cases that have not reached a disposition by plea, stipulation, trial, or amended charge. An open infraction or criminal case includes cases on probation, payment agreement or subject to, or in collections. A probation clerk or probation officer employed by the court may also provide a copy of the driver's abstract to a treatment agency in accordance with (f) of this subsection. Courts may charge a reasonable fee for the production and copying of the abstract for the individual, unless the person is indigent as defined in RCW 10.101.010.

(b) **Employers or prospective employers.** (i) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or agents acting on behalf of an employer or prospective employer of the named individual for purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer.

(iii) An abstract of the full driving record maintained by the department may be furnished to an employer or prospective employer or the agent(s) acting on behalf of an employer or prospective employer of the named individual for purposes unrelated to driving by the individual when a driving record is required by federal or state law, or the employee or prospective employee will be handling heavy equipment or machinery.

(iv) Release of an abstract of the driving record of an employee or prospective employee requires a statement signed by: (A) The employee or prospective employee that authorizes the release of the record; and (B) the employer attesting that the information is necessary for employment purposes related to driving by the individual as a condition of employment or otherwise at the direction of the employer. If the employer or prospective employer authorizes agents to obtain this information on their behalf, this must be noted in the statement. The statement must also note that any information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee may not be used by the employer or prospective employer, or an agent authorized to obtain this information on their behalf, unless required by federal regulation or law. The employer or prospective employer must afford the employee or prospective employee an opportunity to demonstrate that an adjudication contained in the abstract is subject to a court order sealing the juvenile record.

(v) Upon request of the person named in the abstract provided under this subsection, and upon that same person furnishing copies of court records ruling that the person was not at fault in a motor vehicle accident, the department must indicate on any abstract provided under this subsection that the person was not at fault in the motor vehicle accident.

(vi) No employer or prospective employer, nor any agents of an employer or prospective employer, may use information contained in the abstract related to an adjudication that is subject to a court order sealing the juvenile record of an employee or prospective employee for any purpose unless required by federal regulation or law. The employee or prospective employee must furnish a copy of the court order sealing the juvenile record to the employer or prospective employer, or the agents of the employer or prospective employer, as may be required to ensure the application of this subsection.

(ii) Release of an abstract of the driving record of a prospective volunteer requires a statement signed by: (A) The prospective volunteer that authorizes the release of the record; and (B) the volunteer organization attesting that the information is necessary for purposes related to driving by the individual at the direction of the volunteer organization. If the volunteer organization authorizes an agent to obtain this information on their behalf, this must be noted in the statement.

(d) **Transit authorities.** An abstract of the full driving record maintained by the department may be furnished to an employee or agents of a transit authority checking prospective or existing volunteer vanpool drivers for insurance and risk management needs.

(C) That has insurance in effect covering the employer or a prospective employer of the named individual.

(ii) The abstract provided to the insurance company must:

(A) Not contain any information related to actions committed by law enforcement officers or firefighters, as both terms are defined in RCW 41.26.030, or by Washington state patrol officers, while driving official vehicles in the performance of their occupational duty, or by registered tow truck operators as defined in RCW 46.55.010 in the performance of their occupational duties while at the scene of a roadside impound or recovery so long as they are not issued a citation. This does not apply to any situation where the vehicle was used in the commission of a misdemeanor or felony;

(B) Include convictions under RCW 46.61.5249 and 46.61.525, except that the abstract must report the convictions only as negligent driving without reference to whether they are for first or second degree negligent driving; and

(iii) Any policy of insurance may not be canceled, nonrenewed, denied, or have the rate increased on the basis of information regarding an accident included in the abstract of a driving record, unless the policyholder was determined to be at fault.

(iv) Any insurance company or its agents, for underwriting purposes relating to the operation of commercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of motor vehicles while not engaged in such employment. Any insurance company or its agents, for underwriting purposes relating to the operation of noncommercial motor vehicles, may not use any information contained in the abstract relative to any person's operation of commercial motor vehicles. For the purposes of this subsection, "commercial motor vehicle" has the same meaning as in RCW 46.25.010(6).

(f) **Alcohol/drug assessment or treatment agencies.** An abstract of the full driving record maintained by the department (~~(covering the period of not more than the last five years)~~) may be furnished to an alcohol/drug assessment or treatment agency approved by the department of health to which the named individual has applied or been assigned for evaluation or treatment, for purposes of assisting employees in making a determination as to what level of treatment, if any, is appropriate, (~~(except that)~~) and the abstract must:

For the purposes of this subsection, "research" means a planned and systematic sociological, psychological, epidemiological, biomedical, or other scientific investigation carried out by a state agency, or by a scientific research professional associated with a bona fide scientific research organization with an objective to contribute to scientific knowledge, the solution of social and health problems, or the evaluation of public benefit and service programs. This definition excludes methods of record analysis and data collection that are subjective, do not permit replication, and are not designed to yield reliable and valid results.

(ii) The state agency, or a scientific research professional associated with a bona fide scientific research organization, are exempt from paying the fees related to the reviewing of records and the fee required in subsection (5) of this section. However, the department may charge a cost-recovery fee for the actual cost of providing the data.

(3) **Reviewing of driving records.** (a) In addition to the methods described herein, the director may enter into a contractual agreement for the purpose of reviewing the driving records of existing employees for changes to the record during specified periods of time. The department shall establish a fee for this service, which must be deposited in the highway safety fund. The fee for this service must be set at a level that does not result in a net revenue loss to the state. Any information provided under this subsection must be treated in the same manner and is subject to the same restrictions as driving record abstracts.

(b) The department may provide reviewing services to the following entities:

(i) Employers for existing employees, or their agents;

(d) While the person is under the combined influence of or affected by intoxicating liquor, cannabis, and any drug.

(2) The fact that a person charged with a violation of this section is or has been entitled to use a drug under the laws of this state shall not constitute a defense against a charge of violating this section.

(3)(a) It is an affirmative defense to a violation of subsection (1)(a) of this section, which the defendant must prove by a preponderance of the evidence, that the defendant consumed a sufficient quantity of alcohol after the time of driving and before the administration of an analysis of the person's breath or blood to cause the defendant's alcohol concentration to be 0.08 or more within two hours after driving. The court shall not admit evidence of this defense unless the defendant notifies the prosecution prior to the omnibus or pretrial hearing in the case of the defendant's intent to assert the affirmative defense.

(b) It is an affirmative defense to a violation of subsection (1)(b) of this section, which the defendant must prove by a preponderance of the evidence, that the defendant consumed a sufficient quantity of cannabis after the time of driving and before the administration of an analysis of the person's blood to cause the defendant's THC concentration to be 5.00 or more within two hours after driving. (a) **Penalty for alcohol concentration less than 0.15.** In the case of a person whose alcohol concentration was less than 0.15,

NINETY THIRD DAY, APRIL 11, 2023

or for whom for reasons other than the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than ~~((twenty-four))~~ 24 consecutive hours nor more than ~~((three hundred sixty-four))~~ 364 days. In lieu of the mandatory minimum term of imprisonment required under this subsection (1)(a)(i), the court, in its discretion, may order not less than ~~((fifteen))~~ 15 days of electronic home monitoring or a ~~((ninety-day))~~ 90-day period of 24/7 sobriety program monitoring. The court may consider the offender's pretrial 24/7 sobriety program monitoring as fulfilling a portion of posttrial sentencing. The offender shall pay the cost of electronic home monitoring. The county or municipality in which the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device or other separate alcohol monitoring device to include an alcohol detection breathalyzer, and the court may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

(ii) By a fine of not less than ~~((three hundred fifty dollars))~~ \$350 nor more than ~~((five thousand dollars))~~ \$5,000. ~~((Three hundred fifty dollars))~~ \$350 of the fine may not be suspended unless the court finds the offender to be indigent; or

(b) **Penalty for alcohol concentration at least 0.15.** In the case of a person whose alcohol concentration was at least 0.15, or for whom by reason of the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than ~~((forty-eight))~~ 48 consecutive hours nor more than ~~((three hundred sixty-four))~~ 364 days. In lieu of the mandatory minimum term of imprisonment required under this subsection (1)(b)(i), the court, in its discretion, may order not less than ~~((thirty))~~ 30 days of electronic home monitoring or a ~~((one hundred twenty-day))~~ 120-day period of 24/7 sobriety program monitoring. The court may consider the offender's pretrial 24/7 sobriety program testing as fulfilling a portion of posttrial sentencing. The offender shall pay the cost of electronic home monitoring. The county or municipality in which the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device to include an alcohol detection breathalyzer or other separate alcohol monitoring device, and the court may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

(ii) By a fine of not less than ~~((five hundred dollars))~~ \$500 nor more than ~~((five thousand dollars))~~ \$5,000. ~~((Five hundred dollars))~~ \$500 of the fine may not be suspended unless the court finds the offender to be indigent.

(2) **One prior offense in seven years.** Except as provided in RCW 46.61.502(6) or 46.61.504(6), a person who is convicted of a violation of RCW 46.61.502 or 46.61.504 and who has one prior offense within seven years shall be punished as follows:

(a) **Penalty for alcohol concentration less than 0.15.** In the case of a person whose alcohol concentration was less than 0.15, or for whom for reasons other than the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than ~~((thirty))~~ 30 days nor more than ~~((three hundred sixty-four))~~ 364 days and ~~((sixty))~~ 60 days of electronic home monitoring. Thirty days of imprisonment and ~~((sixty))~~ 60 days of electronic home monitoring may not be suspended or converted unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. If the offender shows that the imposition of this mandatory minimum

sentence would impose a substantial risk to the offender's physical or mental well-being, in lieu of the mandatory term of imprisonment and electronic home monitoring under this subsection (2)(a)(i), the court may order a minimum of either ~~((one hundred eighty))~~ 180 days of electronic home monitoring or a ~~((one hundred twenty-day))~~ 120-day period of 24/7 sobriety program monitoring pursuant to RCW 36.28A.300 through 36.28A.390. Whenever the mandatory minimum sentence is suspended or converted, the court shall state in writing the reason for granting the suspension or conversion and the facts upon which the suspension or conversion is based. The court may consider the offender's pretrial 24/7 sobriety program monitoring as fulfilling a portion of posttrial sentencing. The court shall order an expanded substance use disorder assessment and treatment, if deemed appropriate by the assessment. The offender shall pay for the cost of the electronic monitoring. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device include an alcohol detection breathalyzer or other separate alcohol monitoring device, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

(ii) By a fine of not less than ~~((five hundred dollars))~~ \$500 nor more than ~~((five thousand dollars))~~ \$5,000. ~~((Five hundred dollars))~~ \$500 of the fine may not be suspended unless the court finds the offender to be indigent; or

(b) **Penalty for alcohol concentration at least 0.15.** In the case of a person whose alcohol concentration was at least 0.15, or for whom by reason of the person's refusal to take a test offered pursuant to RCW 46.20.308 there is no test result indicating the person's alcohol concentration:

(i) By imprisonment for not less than ~~((forty-five))~~ 45 days nor more than ~~((three hundred sixty-four))~~ 364 days and ~~((ninety))~~ 90 days of electronic home monitoring. Forty-five days of imprisonment and ~~((ninety))~~ 90 days of electronic home monitoring may not be suspended or converted unless the court finds that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being. If the offender shows that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being, in lieu of the mandatory minimum term of imprisonment and electronic home monitoring under this subsection (2)(b)(i), the court may order a minimum of either six months of electronic home monitoring or a ~~((one hundred twenty-day))~~ 120-day period of 24/7 sobriety program monitoring pursuant to RCW 36.28A.300 through 36.28A.390. Whenever the mandatory minimum sentence is suspended or converted, the court shall state in writing the reason for granting the suspension or conversion and the facts upon which the suspension or conversion is based. The court may consider the offender's pretrial 24/7 sobriety program monitoring as fulfilling a portion of posttrial sentencing. The court shall order an expanded substance use disorder assessment and treatment, if deemed appropriate by the assessment. The offender shall pay for the cost of the electronic monitoring. The county or municipality where the penalty is being imposed shall determine the cost. The court may also require the offender's electronic home monitoring device include an alcohol detection breathalyzer or other separate alcohol monitoring device, and may restrict the amount of alcohol the offender may consume during the time the offender is on electronic home monitoring; and

(ii) By a fine of not less than ~~((seven hundred fifty dollars))~~ \$750 nor more than ~~((five thousand dollars))~~ \$5,000. ~~((Seven hundred fifty dollars))~~ \$750 of the fine may not be suspended unless the court finds the offender to be indigent.

If the offender shows that the imposition of this mandatory minimum sentence would impose a substantial risk to the offender's physical or mental well-being, in lieu of the mandatory minimum term of ~~((one hundred twenty))~~ 120 days of imprisonment and ~~((one hundred fifty))~~ 150 days of

electronic home monitoring, the court may order ~~((three hundred sixty))~~ 360 days of electronic home monitoring or a ~~((three hundred sixty day))~~ 360-day period of 24/7 sobriety monitoring pursuant to RCW 36.28A.300 through 36.28A.390. Whenever the mandatory minimum sentence is suspended or converted, the court shall state in writing the reason for granting the suspension or conversion and the facts upon which the suspension or conversion is based. The offender shall pay for the cost of the electronic monitoring. The court shall order an expanded substance use disorder assessment and treatment, if deemed appropriate by the assessment. (A) Where there has been no prior offense within seven years, be suspended or denied by the department for ~~((ninety))~~ 90 days or until the person is evaluated by a substance use disorder agency or probation department pursuant to RCW 46.20.311 and the person completes or is enrolled in a ~~((ninety-day))~~ 90-day period of 24/7 sobriety program monitoring. subsection due to participation in the program, granting credit on a day-for-day basis for any portion of a suspension, revocation, or denial already served under RCW 46.20.3101 or this section arising out of the same incident.

(d) Upon its own motion or upon motion by a person, a court may find, on the record, that notice to the department under RCW 46.20.270 has been delayed for three years or more as a result of a clerical or court error. The court shall send notice of the finding and order to the department and to the person. Upon receipt of the notice from the court, the department shall not revoke, suspend, or deny the license, permit, or nonresident privilege of the person for that offense.

The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

The court is not required to notify the department of the violation unless it is not cured within 30 days.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

Whenever the mandatory minimum term of electronic home monitoring is waived, the court shall state in writing the reason for granting the waiver and the facts upon which the waiver is based, and shall impose an alternative sentence with similar punitive consequences. The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed ~~((three hundred sixty four))~~ 364 days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed ~~((three hundred sixty four))~~ 364 days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

Increasing middle housing in areas traditionally dedicated to single-family detached housing.

The measure was read the second time.

MOTION

Senator Trudeau moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that Washington is facing an unprecedented housing crisis for its current population and a lack of housing choices, and is not likely to meet the affordability goals for future populations. In order to meet the goal of 1,000,000 new homes by 2044, and enhanced quality of life and environmental protection, innovative housing policies will need to be adopted.

Increasing housing options that are more affordable to various income levels is critical to achieving the state's housing goals, including those codified by the legislature under chapter 254, Laws of 2021.

There is continued need for the development of housing at all income levels, including middle housing that will provide a wider variety of housing options and configurations to allow Washingtonians to live near where they work.

Homes developed at higher densities are more affordable by design for Washington residents both in their construction and reduced household energy and transportation costs.

While creating more housing options, it is essential for cities to identify areas at higher risk of displacement and establish antidisplacement policies as required in Engrossed Second Substitute House Bill No. 1220 (chapter 254, Laws of 2021).

The state has made historic investments in subsidized affordable housing through the housing trust fund, yet even with these historic investments, the magnitude of the housing shortage requires both public and private investment.

In addition to addressing the housing shortage, allowing more housing options in areas already served by urban infrastructure will reduce the pressure to develop natural and working lands, support key strategies for climate change, food security, and Puget Sound recovery, and save taxpayers and ratepayers money.

Sec. 2. RCW 36.70A.030 and 2021 c 254 s 6 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

A city may utilize public meetings, hearings, or voluntary review boards to consider, recommend, or approve requests for variances from locally established design review standards.

In determining whether forestland is primarily devoted to growing trees for long-term commercial timber production on land that can be economically and practically managed for such production, the following factors shall be considered: (a) The proximity of the land to urban, suburban, and rural settlements; (b) surrounding parcel size and the compatibility and intensity of adjacent and nearby land uses; (c) long-term local economic conditions that affect the ability to manage for timber production; and (d) the availability of public facilities and services conducive to conversion of forestland to other uses.

~~((13))~~ (16) "Freight rail dependent uses" means buildings and other infrastructure that are used in the fabrication, processing, storage, and transport of goods where the use is dependent on and makes use of an adjacent short line railroad. Such facilities are both urban and rural development for purposes of this chapter. ~~((16))~~ (19) "Low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below eighty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((18))~~ (23) "Moderate-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below 120 percent of the median household income adjusted for household size, for the county

where the household is located, as reported by the United States department of housing and urban development.

~~((19))~~ (24) "Permanent supportive housing" is subsidized, leased housing with no limit on length of stay that prioritizes people who need comprehensive support services to retain tenancy and utilizes admissions practices designed to use lower barriers to entry than would be typical for other subsidized or unsubsidized rental housing, especially related to rental history, criminal history, and personal behaviors. Permanent supportive housing is paired with on-site or off-site voluntary services designed to support a person living with a complex and disabling behavioral health or physical health condition who was experiencing homelessness or was at imminent risk of homelessness prior to moving into housing to retain their housing and be a successful tenant in a housing arrangement, improve the resident's health status, and connect the resident of the housing with community-based health care, treatment, or employment services. ~~((23))~~ (28) "Rural character" refers to the patterns of land use and development established by a county in the rural element of its comprehensive plan:

(a) In which open space, the natural landscape, and vegetation predominate over the built environment;

(b) That foster traditional rural lifestyles, rural-based economies, and opportunities to both live and work in rural areas;

(c) That provide visual landscapes that are traditionally found in rural areas and communities;

(d) That are compatible with the use of the land by wildlife and for fish and wildlife habitat;

(e) That reduce the inappropriate conversion of undeveloped land into sprawling, low-density development;

(f) That generally do not require the extension of urban governmental services; and

(g) That are consistent with the protection of natural surface water flows and groundwater and surface water recharge and discharge areas.

~~((24))~~ (29) "Rural development" refers to development outside the urban growth area and outside agricultural, forest, and mineral resource lands designated pursuant to RCW 36.70A.170. (34) "Townhouses" means buildings that contain three or more attached single-family dwelling units that extend from foundation to roof and that have a yard or public way on not less than two sides.

(35) "Urban governmental services" or "urban services" include those public services and public facilities at an intensity historically and typically provided in cities, specifically including storm and sanitary sewer systems, domestic water systems, street cleaning services, fire and police protection services, public transit services, and other public utilities associated with urban areas and normally not associated with rural areas.

~~((28))~~ (36) "Urban growth" refers to growth that makes intensive use of land for the location of buildings, structures, and impermeable surfaces to such a degree as to be incompatible with the primary use of land for the production of food, other agricultural products, or fiber, or the extraction of mineral resources, rural uses, rural development, and natural resource lands designated pursuant to RCW 36.70A.170. A pattern of more intensive rural development, as provided in RCW 36.70A.070(5)(d), is not urban growth. When allowed to spread over wide areas, urban growth typically requires urban governmental services. "Characterized by urban growth" refers to land having urban growth located on it, or to land located in relationship to an area with urban growth on it as to be appropriate for urban growth.

~~((30))~~ (38) "Very low-income household" means a single person, family, or unrelated persons living together whose adjusted income is at or below fifty percent of the median household income adjusted for household size, for the county where the household is located, as reported by the United States department of housing and urban development.

~~((31))~~ (39) "Wetland" or "wetlands" means areas that are inundated or saturated by surface water or groundwater at a frequency and duration sufficient to support, and that under normal circumstances do support, a prevalence of vegetation typically adapted for life in saturated soil conditions. Wetlands generally include swamps, marshes, bogs, and similar areas. Wetlands do not include those artificial wetlands intentionally created from nonwetland sites, including, but not limited to, irrigation and drainage ditches, grass-lined swales, canals, detention facilities, wastewater treatment facilities, farm ponds, and landscape amenities, or those wetlands created after July 1, 1990, that were unintentionally created as a result of the construction of a road, street, or highway. Wetlands may include those artificial wetlands intentionally created from nonwetland areas created to mitigate conversion of wetlands.

NEW SECTION. Sec. 3. A new section is added to chapter 36.70A RCW to read as follows:

NINETY THIRD DAY, APRIL 11, 2023

regulations, zoning regulations, and other official controls, authorization for the following:

(a) For cities with a population of at least 25,000 but less than 75,000 based on office of financial management population estimates:

(i) The development of at least two units per lot on all lots zoned predominantly for residential use;

(ii) The development of at least four units per lot on all lots zoned predominantly for residential use within one-quarter mile walking distance of a major transit stop; and

(iii) The development of at least four units per lot on all lots zoned predominantly for residential use if at least one unit is affordable housing.

(b) For cities with a population of at least 75,000 based on office of financial management population estimates:

(i) The development of at least four units per lot on all lots zoned predominantly for residential use;

(ii) The development of at least six units per lot on all lots zoned predominantly for residential use within one-quarter mile walking distance of a major transit stop; and

(iii) The development of at least six units per lot on all lots zoned predominantly for residential use if at least two units are affordable housing.

(c) For cities with a population of less than 25,000, that are within a contiguous urban growth area with the largest city in a county with a population of more than 275,000, based on office of financial management population estimates the development of at least two units per lot on all lots zoned predominantly for residential use.

(2)(a) To qualify for the additional units allowed under subsection (1) of this section, the applicant must commit to renting or selling the required number of units as affordable housing. The units must be maintained as affordable for a term of at least 50 years, and the property must satisfy that commitment and all required affordability and income eligibility conditions adopted by the local government under this chapter. A city must require the applicant to record a covenant or deed restriction that ensures the continuing rental of units subject to these affordability requirements consistent with the conditions in chapter 84.14 RCW for a period of no less than 50 years. The covenant or deed restriction must also address criteria and policies to maintain public benefit if the property is converted to a use other than which continues to provide for permanently affordable housing.

(b) The units dedicated as affordable must be provided in a range of sizes comparable to other units in the development. To the extent practicable, the number of bedrooms in affordable units must be in the same proportion as the number of bedrooms in units within the entire development. The affordable units must generally be distributed throughout the development and have substantially the same functionality as the other units in the development.

(c) If a city has enacted a program under RCW 36.70A.540, the terms of that program govern to the extent they vary from the requirements of this subsection.

(3) If a city has enacted a program under RCW 36.70A.540, subsection (1) of this section does not preclude the city from requiring any development, including development described in subsection (1) of this section, to provide affordable housing, either on-site or through an in-lieu payment, nor limit the city's ability to expand such a program or modify its requirements.

(4)(a) As an alternative to the density requirements in subsection (1) of this section, a city may implement the density requirements in subsection (1) of this section for at least 75

percent of lots in the city that are primarily dedicated to single-family detached housing units.

(b) The 25 percent of lots for which the requirements of subsection (1) of this section are not implemented must include but are not limited to:

(i) Any areas within the city for which the department has certified an extension of the implementation timelines under section 5 of this act due to the risk of displacement;

(ii) Any areas within the city for which the department has certified an extension of the implementation timelines under section 7 of this act due to a lack of infrastructure capacity;

(iii) Any lots designated with critical areas or their buffers that are exempt from the density requirements as provided in subsection (8) of this section;

(iv) Any portion of a city within a one-mile radius of a commercial airport with at least 9,000,000 annual enplanements that is exempt from the parking requirements under subsection (7)(b) of this section; and

(v) Any areas subject to sea level rise, increased flooding, susceptible to wildfires, or geological hazards over the next 100 years.

(c) Unless identified as at higher risk of displacement under RCW 36.70A.070(2)(g), the 25 percent of lots for which the requirements of subsection (1) of this section are not implemented may not include:

(i) Any areas for which the exclusion would further racially disparate impacts or result in zoning with a discriminatory effect;

(ii) Any areas within one-half mile walking distance of a major transit stop; or

(iii) Any areas historically covered by a covenant or deed restriction excluding racial minorities from owning property or living in the area, as known to the city at the time of each comprehensive plan update.

(5) A city must allow at least six of the nine types of middle housing to achieve the unit density required in subsection (1) of this section. A city may allow accessory dwelling units to achieve the unit density required in subsection (1) of this section. Cities are not required to allow accessory dwelling units or middle housing types beyond the density requirements in subsection (1) of this section. A city must also allow zero lot line short subdivision where the number of lots created is equal to the unit density required in subsection (1) of this section.

(6) Any city subject to the requirements of this section:

(a) If applying design review for middle housing, only administrative design review shall be required;

(b) Except as provided in (a) of this subsection, shall not require through development regulations any standards for middle housing that are more restrictive than those required for detached single-family residences, but may apply any objective development regulations that are required for detached single-family residences, including, but not limited to, set-back, lot coverage, stormwater, clearing, and tree canopy and retention requirements to ensure compliance with existing ordinances intended to protect critical areas and public health and safety;

(c) Shall apply to middle housing the same development permit and environmental review processes that apply to detached single-family residences, unless otherwise required by state law including, but not limited to, shoreline regulations under chapter 90.58 RCW, building codes under chapter 19.27 RCW, energy codes under chapter 19.27A RCW, or electrical codes under chapter 19.28 RCW;

(d) Shall not require off-street parking as a condition of permitting development of middle housing within one-half mile walking distance of a major transit stop;

(e) Shall not require more than one off-street parking space per unit as a condition of permitting development of middle housing on lots smaller than 6,000 square feet before any zero lot line subdivisions or lot splits;

(f) Shall not require more than two off-street parking spaces per unit as a condition of permitting development of middle housing on lots greater than 6,000 square feet before any zero lot line subdivisions or lot splits; and

(g) Are not required to achieve the per unit density under this act on lots after subdivision below 1,000 square feet unless the city chooses to enact smaller allowable lot sizes.

(7) The provisions of subsection (6)(d) through (f) of this section do not apply:

(a) If a local government submits to the department an empirical study prepared by a credentialed transportation or land use planning expert that clearly demonstrates, and the department finds and certifies, that the application of the parking limitations of subsection (6)(d) through (f) of this section for middle housing will be significantly less safe for vehicle drivers or passengers, pedestrians, or bicyclists than if the jurisdiction's parking requirements were applied to the same location for the same number of detached houses. The department must develop guidance to assist cities on items to include in the study; or

(b) To portions of cities within a one-mile radius of a commercial airport in Washington with at least 9,000,000 annual enplanements.

(8) The provisions of this section do not apply to:

(a) Lots designated with critical areas designated under RCW 36.70A.170 or their buffers as required by RCW 36.70A.170;

(b) A watershed serving a reservoir for potable water if that watershed is or was listed, as of the effective date of this section, as impaired or threatened under section 303(d) of the federal clean water act (33 U.S.C. Sec. 1313(d)); or

(c) Lots that have been designated urban separators by countywide planning policies as of the effective date of this section.

(9) Nothing in this section prohibits a city from permitting detached single-family residences.

(10) Nothing in this section requires a city to issue a building permit if other federal, state, and local requirements for a building permit are not met.

(11) A city must comply with the requirements of this section on the latter of:

(a) Six months after its next periodic comprehensive plan update required under RCW 36.70A.130 if the city meets the population threshold based on the 2020 office of financial management population data; or

(b) 12 months after their next implementation progress report required under RCW 36.70A.130 after a determination by the office of financial management that the city has reached a population threshold established under this section.

(12) A city complying with this section and not granted a timeline extension under section 7 of this act does not have to update its capital facilities plan element required by RCW 36.70A.070(3) to accommodate the increased housing required by this act until the first periodic comprehensive plan update required for the city under RCW 36.70A.130(5) that occurs on or after June 30, 2034.

(13) Any city that adopts development regulations consistent with the requirements of this section shall be considered in compliance with RCW 36.70A.070(2)(f) until June 30, 2032, and shall have until the first periodic comprehensive plan update required for the city under RCW 36.70A.130(5) that occurs on or after June 30, 2034, to comply with RCW 36.70A.070(2)(f).

NEW SECTION. **Sec. 4.** A new section is added to chapter 36.70A RCW to read as follows:

(1)(a) The department is directed to provide technical assistance to cities as they implement the requirements under section 3 of this act.

(b) The department shall prioritize such technical assistance to cities demonstrating the greatest need.

(2)(a) The department shall publish model middle housing ordinances no later than six months following the effective date of this section.

(b) In any city subject to section 3 of this act that has not passed ordinances, regulations, or other official controls within the time frames provided under section 3(11) of this act, the model ordinance supersedes, preempts, and invalidates local development regulations until the city takes all actions necessary to implement section 3 of this act.

(3)(a) The department is directed to establish a process by which cities implementing the requirements of section 3 of this act may seek approval of alternative local action necessary to meet the requirements of this act.

(b) The department may approve actions under this section for cities that have, by January 1, 2023, adopted a comprehensive plan that is substantially similar to the requirements of this act and have adopted, or within one year of the effective date of this section adopts, permanent development regulations that are substantially similar to the requirements of this act. In determining whether a city's adopted comprehensive plan and permanent development regulations are substantially similar, the department must find as substantially similar plans and regulations that:

(i) Result in an overall increase in housing units allowed in single-family zones that is at least 75 percent of the increase in housing units allowed in single-family zones if the specific provisions of this act were adopted;

(ii) Allow for middle housing throughout the city, rather than just in targeted locations; and

(iii) Allow for additional density near major transit stops, and for projects that incorporate dedicated affordable housing.

(c) The department may also approve actions under this section for cities that have, by January 1, 2023, adopted a comprehensive plan or development regulations that have significantly reduced or eliminated residentially zoned areas that are predominantly single family. The department must find that a city's actions are substantially similar to the requirements of this act if they have adopted, or within one year of the effective date of this section adopts, permanent development regulations that:

(i) Result in an overall increase in housing units allowed in single-family zones that is at least 75 percent of the increase in housing units allowed in single-family zones if the specific provisions of this act were adopted;

(ii) Allow for middle housing throughout the city, rather than just in targeted locations; and

(iii) Allow for additional density near major transit stops, and for projects that incorporate dedicated affordable housing.

(d) The department may determine that a comprehensive plan and development regulations that do not meet these criteria are otherwise substantially similar to the requirements of this act if the city can clearly demonstrate that the regulations adopted will allow for a greater increase in middle housing production within single family zones than would be allowed through implementation of section 3 of this act.

(e) Any local actions approved by the department pursuant to (a) of this subsection to implement the requirements under section 3 of this act are exempt from appeals under this chapter and chapter 43.21C RCW.

NINETY THIRD DAY, APRIL 11, 2023

(f) The department's final decision to approve or reject actions by cities implementing section 3 of this act may be appealed to the growth management hearings board by filing a petition as provided in RCW 36.70A.290.

NEW SECTION. Sec. 5. A new section is added to chapter 36.70A RCW to read as follows:

Any city choosing the alternative density requirements in section 3(4) of this act may apply to the department for, and the department may certify, an extension for areas at risk of displacement as determined by the antidisplacement analysis that a jurisdiction is required to complete under RCW 36.70A.070(2). The city must create a plan for implementing antidisplacement policies by their next implementation progress report required by RCW 36.70A.130(9). The department may certify one further extension based on evidence of significant ongoing displacement risk in the impacted area.

Sec. 6. RCW 36.70A.280 and 2011 c 360 s 17 are each amended to read as follows:

(1) The growth management hearings board shall hear and determine only those petitions alleging either:

(a) That, except as provided otherwise by this subsection, a state agency, county, or city planning under this chapter is not in compliance with the requirements of this chapter, chapter 90.58 RCW as it relates to the adoption of shoreline master programs or amendments thereto, or chapter 43.21C RCW as it relates to plans, development regulations, or amendments, adopted under RCW 36.70A.040 or chapter 90.58 RCW. Nothing in this subsection authorizes the board to hear petitions alleging noncompliance with RCW 36.70A.5801;

(b) That the twenty-year growth management planning population projections adopted by the office of financial management pursuant to RCW 43.62.035 should be adjusted;

(c) That the approval of a work plan adopted under RCW 36.70A.735(1)(a) is not in compliance with the requirements of the program established under RCW 36.70A.710;

(d) That regulations adopted under RCW 36.70A.735(1)(b) are not regionally applicable and cannot be adopted, wholly or partially, by another jurisdiction; ((e))

(e) That a department certification under RCW 36.70A.735(1)(c) is erroneous; or

(f) That the department's final decision to approve or reject actions by a city implementing section 3 of this act is clearly erroneous.

(2) A petition may be filed only by: (a) The state, or a county or city that plans under this chapter; (b) a person who has participated orally or in writing before the county or city regarding the matter on which a review is being requested; (c) a person who is certified by the governor within sixty days of filing the request with the board; or (d) a person qualified pursuant to RCW 34.05.530.

(3) For purposes of this section "person" means any individual, partnership, corporation, association, state agency, governmental subdivision or unit thereof, or public or private organization or entity of any character.

(4) To establish participation standing under subsection (2)(b) of this section, a person must show that his or her participation before the county or city was reasonably related to the person's issue as presented to the board.

(5) When considering a possible adjustment to a growth management planning population projection prepared by the office of financial management, the board shall consider the implications of any such adjustment to the population forecast for the entire state.

The rationale for any adjustment that is adopted by the board must be documented and filed with the office of financial management within ten working days after adoption.

If adjusted by the board, a county growth management planning population projection shall only be used for the planning purposes set forth in this chapter and shall be known as the "board adjusted population projection." None of these changes shall affect the official state and county population forecasts prepared by the office of financial management, which shall continue to be used for state budget and planning purposes.

NEW SECTION. Sec. 7. A new section is added to chapter 36.70A RCW to read as follows:

(1) Any city choosing the alternative density requirements in section 3(4) of this act may apply to the department for, and the department may certify, an extension of the implementation timelines established under section 3(11) of this act.

(2) An extension certified under this section may be applied only to specific areas where a city can demonstrate that water, sewer, stormwater, or fire protection services lack capacity to accommodate the density required in section 3 of this act, and the city has:

(a) Included one or more improvements, as needed, within its capital facilities plan to adequately increase capacity; or

(b) Identified which special district is responsible for providing the necessary infrastructure if the infrastructure is provided by a special purpose district.

(3) If an extension of the implementation timelines is requested due to lack of water supply from the city or the purveyors who serve water within the city, the department's evaluation of the extension must be based on the applicable water system plans in effect and approved by the department of health. Water system plan updates initiated after the effective date of this section must include consideration of water supply requirements for middle housing types.

(4) An extension granted under this section remains in effect until the earliest of:

(a) The infrastructure is improved to accommodate the capacity;

(b) The city's deadline to complete its next periodic comprehensive plan update under RCW 36.70A.130; or

(c) The city's deadline to complete its implementation progress report to the department as required under RCW 36.70A.130(9).

(5) A city that has received an extension under this section may reapply for any needed extension with its next periodic comprehensive plan update under RCW 36.70A.130 or its implementation progress report to the department under RCW 36.70A.130(9). The application for an additional extension must include a list of infrastructure improvements necessary to meet the capacity required in section 3 of this act. Such additional extension must only be to address infrastructure deficiency that a city is not reasonably able to address within the first extension.

(6) The department may establish by rule any standards or procedures necessary to implement this section.

(7) The department must provide the legislature with a list of projects identified in a city's capital facilities plan that were the basis for the extension under this section, including planning level estimates. Additionally, the city must contact special purpose districts to identify additional projects associated with extensions under this section.

(8) A city granted an extension for a specific area must allow development as provided under section 3 of this act if the developer commits to providing the necessary water, sewer, or stormwater infrastructure.

(9) If an area zoned predominantly for residential use is currently served only by private wells, group B water systems or

group A water systems with less than 50 connections, or a city or water providers within the city do not have an adequate water supply or available connections to serve the zoning increase required under section 3 of this act, the city may limit the areas subject to the requirements under section 3 of this act to match current water availability. Nothing in this act affects or modifies the responsibilities of cities to plan for or provide urban governmental services as defined in RCW 36.70A.030 or affordable housing as required by RCW 36.70A.070.

(10) No city shall approve a building permit for housing under section 3 of this act without compliance with the adequate water supply requirements of RCW 19.27.097.

(11) If an area zoned predominantly for residential use is currently served only by on-site sewage systems, development may be limited to two units per lot, until either the landowner or local government provides sewer service or demonstrates a sewer system will serve the development at the time of construction. Nothing in this act affects or modifies the responsibilities of cities to plan for or provide urban governmental services as defined in RCW 36.70A.030.

Sec. 8. RCW 43.21C.495 and 2022 c 246 s 3 are each amended to read as follows:

(1) Adoption of ordinances, development regulations and amendments to such regulations, and other nonproject actions taken by a city to implement: The actions specified in section 2, chapter 246, Laws of 2022 unless the adoption of such ordinances, development regulations and amendments to such regulations, or other nonproject actions has a probable significant adverse impact on fish habitat; and the increased residential building capacity actions identified in RCW 36.70A.600(1), with the exception of the action specified in RCW 36.70A.600(1)(f), are not subject to administrative or judicial appeals under this chapter.

(2) Amendments to development regulations and other nonproject actions taken by a city to implement the requirements under section 3 of this act pursuant to section 4(3)(b) of this act are not subject to administrative or judicial appeals under this chapter.

Sec. 9. RCW 43.21C.450 and 2012 1st sp.s. c 1 s 307 are each amended to read as follows:

The following nonproject actions are categorically exempt from the requirements of this chapter:

(1) Amendments to development regulations that are required to ensure consistency with an adopted comprehensive plan pursuant to RCW 36.70A.040, where the comprehensive plan was previously subjected to environmental review pursuant to this chapter and the impacts associated with the proposed regulation were specifically addressed in the prior environmental review;

(2) Amendments to development regulations that are required to ensure consistency with a shoreline master program approved pursuant to RCW 90.58.090, where the shoreline master program was previously subjected to environmental review pursuant to this chapter and the impacts associated with the proposed regulation were specifically addressed in the prior environmental review;

(3) Amendments to development regulations that, upon implementation of a project action, will provide increased environmental protection, limited to the following:

(a) Increased protections for critical areas, such as enhanced buffers or setbacks;

(b) Increased vegetation retention or decreased impervious surface areas in shoreline jurisdiction; and

(c) Increased vegetation retention or decreased impervious surface areas in critical areas;

(4) Amendments to technical codes adopted by a county, city, or town to ensure consistency with minimum standards contained in state law, including the following:

(b) Energy codes required by chapter 19.27A RCW; and

(c) Electrical codes required by chapter 19.28 RCW.

(5) Amendments to development regulations to remove requirements for parking from development proposed to fill in an urban growth area designated according to RCW 36.70A.110.

NEW SECTION. Sec. 10. A new section is added to chapter 64.34 RCW to read as follows:

A declaration created after the effective date of this section and applicable to an area within a city subject to the middle housing requirements in section 3 of this act may not actively or effectively prohibit the construction, development, or use of additional housing units as required in section 3 of this act.

NEW SECTION. Sec. 11. A new section is added to chapter 64.32 RCW to read as follows:

MOTION

Senator Lovelett moved that the following committee striking amendment by the Committee on Local Government, Land Use & Tribal Affairs be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 54.04.070 and 2019 c 434 s 7 are each amended to read as follows:

(1) Any item, or items of the same kind of materials, equipment, or supplies purchased, the estimated cost of which is in excess of (~~thirty thousand dollars~~) \$30,000, exclusive of sales tax, shall be by contract. However, a district may make purchases of the same kind of items of materials, equipment, and supplies not exceeding (~~twelve thousand dollars~~) \$12,000 in any

calendar month without a contract, purchasing any excess thereof over ~~((twelve thousand dollars))~~ \$12,000 by contract.

(2) Any work ordered by a district commission, the estimated cost of which is in excess of ~~((fifty thousand dollars, exclusive of sales tax))~~ \$150,000 exclusive of sales tax if more than a single craft or trade is involved with the public works project, or a public works project in excess of \$75,500 exclusive of sales tax if only a single craft or trade is involved with the public works project, shall be by contract. However, a district commission may have its own regularly employed personnel perform work which is an accepted industry practice under prudent utility management without a contract. For purposes of this section, "prudent utility management" means performing work with regularly employed personnel utilizing material of a worth not exceeding ~~((three hundred thousand dollars))~~ \$300,000 in value without a contract. This limit on the value of material being utilized in work being performed by regularly employed personnel shall not include the value of individual items of equipment. For the purposes of this section, the term "equipment" includes but is not limited to conductor, cabling, wire, pipe, or lines used for electrical, water, fiber optic, or telecommunications.

(3) Before awarding a contract required under subsection (1) or (2) of this section, the commission shall publish a notice once or more in a newspaper of general circulation in the district at least ~~((thirteen))~~ 13 days before the last date upon which bids will be received, inviting sealed proposals for the work or materials. Plans and specifications for the work or materials shall at the time of publication be on file at the office of the district and subject to public inspection. Any published notice ordering work to be performed for the district shall be mailed at the time of publication to any established trade association which files a written request with the district to receive such notices. The commission may, at the same time and as part of the same notice, invite tenders for the work or materials upon plans and specifications to be submitted by the bidders.

(4) As an alternative to the competitive bidding requirements of this section and RCW 54.04.080, a district may let contracts using the small works roster process under RCW 39.04.155.

(5) Whenever equipment or materials required by a district are held by a governmental agency and are available for sale but such agency is unwilling to submit a proposal, the commission may ascertain the price of such items and file a statement of such price supported by the sworn affidavit of one member of the commission, and may consider such price as a bid without a deposit or bond.

(6) Pursuant to RCW 39.04.280, the commission may waive the competitive bidding requirements of this section and RCW 54.04.080 if an exemption contained within RCW 39.04.280 applies to the purchase or public work.

(7)(a) A district may procure public works with a unit priced contract under this section, RCW 54.04.080, or 54.04.085 for the purpose of completing anticipated types of work based on hourly rates or unit pricing for one or more categories of work or trades.

(b) For the purposes of this section, unit priced contract means a competitively bid contract in which public works are anticipated on a recurring basis to meet the business or operational needs of a district, under which the contractor agrees to a fixed period indefinite quantity delivery of work, at a defined unit price, for each category of work.

(c) Unit priced contracts must be executed for an initial contract term not to exceed three years, with the district having the option of extending or renewing the unit priced contract for one additional year.

(d) Invitations for unit price bids shall include, for purposes of the bid evaluation, estimated quantities of the anticipated types of

work or trades, and specify how the district will issue or release work assignments, work orders, or task authorizations pursuant to a unit priced contract for projects, tasks, or other work based on the hourly rates or unit prices bid by the contractor. Where electrical facility construction or improvement work is anticipated, contractors on a unit priced contract shall comply with the requirements under RCW 54.04.085 (1) through (5). Contracts must be awarded to the lowest responsible bidder as per RCW 39.04.010.

(e) Unit price contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the prevailing wage rates in effect at the beginning date for each contract year. Unit priced contracts must have prevailing wage rates updated annually. (8) For the purposes of this section, "lowest responsible bidder" means a bid that meets the criteria under RCW 39.04.350 and has the lowest bid; provided, that if the district commission issues a written finding that the lowest bidder has delivered a project to the district within the last three years which was late, over budget, or did not meet specifications, and the commission does not find in writing that such bidder has shown how they would improve performance to be likely to meet project specifications then the commission may choose the second lowest bidder whose bid is within five percent of the lowest bid and meets the same criteria as the lowest bidder.

Sec. 2. RCW 35.23.352 and 2019 c 434 s 1 are each amended to read as follows:

(1) Any second-class city or any town may construct any public works, as defined in RCW 39.04.010, by contract or day labor without calling for bids therefor whenever the estimated cost of the work or improvement, including cost of materials, supplies and equipment will not exceed the sum of ~~((one hundred sixteen thousand one hundred fifty five dollars))~~ \$150,000 if more than one craft or trade is involved with the public works, or ~~((seventy five thousand five hundred dollars))~~ \$75,500 if a single craft or trade is involved with the public works or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project. However, a second-class city or any town may have its own regularly employed personnel perform work which is an accepted industry practice under prudent utility management without a contract. For purposes of this section, "prudent utility management" means performing work with regularly employed personnel utilizing material of a worth not exceeding \$300,000 in value without a contract. This limit on value of material being utilized in work being performed by regularly employed personnel shall not include the value of individual items of equipment. For purposes of this section, "equipment" includes, but is not limited to, conductor, cabling, wire, pipe, or lines used for electrical, water, fiber optic, or telecommunications.

Whenever the cost of the public work or improvement, including materials, supplies and equipment, will exceed these figures, the same shall be done by contract. All such contracts shall be let at public bidding upon publication of notice calling for sealed bids upon the work. The notice shall be published in the official newspaper, or a newspaper of general circulation most likely to bring responsive bids, at least ~~((thirteen))~~ 13 days prior to the last date upon which bids will be received. The notice shall

NINETY THIRD DAY, APRIL 11, 2023

generally state the nature of the work to be done that plans and specifications therefor shall then be on file in the city or town hall for public inspections, and require that bids be sealed and filed with the council or commission within the time specified therein. Each bid shall be accompanied by a bid proposal deposit in the form of a cashier's check, postal money order, or surety bond to the council or commission for a sum of not less than five percent of the amount of the bid, and no bid shall be considered unless accompanied by such bid proposal deposit. The council or commission of the city or town shall let the contract to the lowest responsible bidder or shall have power by resolution to reject any or all bids and to make further calls for bids in the same manner as the original call.

When the contract is let then all bid proposal deposits shall be returned to the bidders except that of the successful bidder which shall be retained until a contract is entered into and a bond to perform the work furnished, with surety satisfactory to the council or commission, in accordance with RCW 39.08.030. If the bidder fails to enter into the contract in accordance with his or her bid and furnish a bond within ~~((ten))~~ 10 days from the date at which he or she is notified that he or she is the successful bidder, the check or postal money order and the amount thereof shall be forfeited to the council or commission or the council or commission shall recover the amount of the surety bond. A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

If no bid is received on the first call the council or commission may readvertise and make a second call, or may enter into a contract without any further call or may purchase the supplies, material or equipment and perform the work or improvement by day labor.

(2) For the purposes of this section, "lowest responsible bidder" means a bid that meets the criteria under RCW 39.04.350 and has the lowest bid; provided, that if the city issues a written finding that the lowest bidder has delivered a project to the city within the last three years which was late, over budget, or did not meet specifications, and the city does not find in writing that such bidder has shown how they would improve performance to be likely to meet project specifications then the city may choose the second lowest bidder whose bid is within five percent of the lowest bid and meets the same criteria as the lowest bidder.

(3) The allocation of public works projects to be performed by city or town employees shall not be subject to a collective bargaining agreement.

(4) In lieu of the procedures of subsection (1) of this section, a second-class city or a town may let contracts using the small works roster process provided in RCW 39.04.155.

Whenever possible, the city or town shall invite at least one proposal from a certified minority or woman contractor who shall otherwise qualify under this section.

(5) The form required by RCW 43.09.205 shall be to account and record costs of public works in excess of ~~((five thousand dollars))~~ \$5,000 that are not let by contract.

(6) The cost of a separate public works project shall be the costs of the materials, equipment, supplies, and labor on that construction project.

(7) Any purchase of supplies, material, or equipment, except for public work or improvement, ~~((where the cost thereof exceeds seven thousand five hundred dollars shall be made upon call for bids))~~ with an estimated cost in excess of \$40,000, shall be by contract. Any purchase of materials, supplies, or equipment with an estimated cost of less than \$50,000 shall be made using the process provided in RCW 39.04.190.

(8) Bids shall be called annually and at a time and in the manner prescribed by ordinance for the publication in a newspaper of general circulation in the city or town of all notices or newspaper publications required by law. The contract shall be awarded to the lowest responsible bidder.

(9) For advertisement and formal sealed bidding to be dispensed with as to purchases with an estimated value of ~~((fifteen thousand dollars))~~ \$15,000 or less, the council or commission must authorize by resolution, use of the uniform procedure provided in RCW 39.04.190.

(10) The city or town legislative authority may waive the competitive bidding requirements of this section pursuant to RCW 39.04.280 if an exemption contained within that section applies to the purchase or public work.

(11) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020~~((4))~~ (6), that are negotiated under chapter 39.35A RCW.

(12) Nothing in this section shall prohibit any second-class city or any town from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

(13)(a) Any second-class city or any town may procure public works with a unit priced contract under this section for the purpose of completing anticipated types of work based on hourly rates or unit pricing for one or more categories of work or trades.

(b) For the purposes of this section, "unit priced contract" means a competitively bid contract in which public works are anticipated on a recurring basis to meet the business or operational needs of the city or town, under which the contractor agrees to a fixed period indefinite quantity delivery of work, at a defined unit price for each category of work.

(c) Unit priced contracts must be executed for an initial contract term not to exceed three years, with the city or town having the option of extending or renewing the unit priced contract for one additional year.

(d) Invitations for unit price bids shall include, for purposes of the bid evaluation, estimated quantities of the anticipated types of work or trades, and specify how the city or town will issue or release work assignments, work orders, or task authorizations pursuant to a unit priced contract for projects, tasks, or other work based on the hourly rates or unit prices bid by the contractor. Contracts must be awarded to the lowest responsible bidder as per RCW 39.04.010. Whenever possible, the city or town must invite at least one proposal from a certified minority or woman contractor who otherwise qualifies under this section.

(e) Unit price contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the prevailing wage rates in effect at the beginning date for each contract year. Unit priced contracts must have prevailing wage rates updated annually. Intents and affidavits for prevailing wages paid must be submitted annually for all work completed within the previous ~~((twelve month))~~ 12-month period of the unit priced contract.

(14) Any second-class city or town that awards a project to a bidder under the criteria described in subsection (2) of this section must make an annual report to the department of commerce that includes the total number of bids awarded to certified minority or women contractors and describing how notice was provided to potential certified minority or women contractors.

Sec. 3. RCW 35.22.620 and 2019 c 434 s 11 are each amended to read as follows:

(1) As used in this section, the term "public works" means as defined in RCW 39.04.010.

(2) A first-class city may have public works performed by contract pursuant to public notice and call for competitive bids. As limited by subsection (3) of this section, a first-class city may have public works performed by city employees in any annual or biennial budget period equal to a dollar value not exceeding ~~((ten))~~ 10 percent of the public works construction budget, including any amount in a supplemental public works construction budget, over the budget period. The amount of public works that a first-class city has a county perform for it under RCW 35.77.020 shall be included within this ~~((ten))~~ 10 percent limitation.

If a first-class city has public works performed by public employees in any budget period that are in excess of this ~~((ten))~~ 10 percent limitation, the amount in excess of the permitted amount shall be reduced from the otherwise permitted amount of public works that may be performed by public employees for that city in its next budget period. Twenty percent of the motor vehicle fuel tax distributions to that city shall be withheld if two years after the year in which the excess amount of work occurred, the city has failed to so reduce the amount of public works that it has performed by public employees. The amount so withheld shall be distributed to the city when it has demonstrated in its reports to the state auditor that the amount of public works it has performed by public employees has been so reduced.

Whenever a first-class city has had public works performed in any budget period up to the maximum permitted amount for that budget period, all remaining public works within that budget period shall be done by contract pursuant to public notice and call for competitive bids.

The state auditor shall report to the state treasurer any first-class city that exceeds this amount and the extent to which the city has or has not reduced the amount of public works it has performed by public employees in subsequent years.

(3) In addition to the percentage limitation provided in subsection (2) of this section, a first-class city shall not have public employees perform a public works project in excess of ~~((one hundred fifty thousand dollars))~~ \$150,000 if more than a single craft or trade is involved with the public works project, or a public works project in excess of ~~((seventy five thousand five hundred dollars))~~ \$75,500 if only a single craft or trade is involved with the public works project or the public works project is street signalization or street lighting. A public works project means a complete project. The restrictions in this subsection do not permit the division of the project into units of work or classes of work to avoid the restriction on work that may be performed by day labor on a single project. However, a first-class city may have its own regularly employed personnel perform work which is an accepted industry practice under prudent utility management without a contract. For purposes of this section, "prudent utility management" means performing work with regularly employed personnel utilizing material of a worth not exceeding \$300,000 in value without a contract. This limit on the value of material being utilized in work being performed by regularly employed personnel shall not include the value of individual items of equipment. For purposes of this section, the term "equipment" includes, but is not limited to, conductor, cabling, wire, pipe, or lines used for electrical, water, fiber optic, or telecommunications.

(4) In addition to the accounting and recordkeeping requirements contained in RCW 39.04.070, every first-class city annually may prepare a report for the state auditor indicating the total public works construction budget and supplemental public works construction budget for that year, the total construction costs of public works performed by public employees for that year, and the amount of public works that is performed by public

employees above or below ~~((ten))~~ 10 percent of the total construction budget. However, if a city budgets on a biennial basis, this annual report may indicate the amount of public works that is performed by public employees within the current biennial period that is above or below ~~((ten))~~ 10 percent of the total biennial construction budget.

Each first-class city with a population of ~~((one hundred fifty thousand))~~ 150,000 or less shall use the form required by RCW 43.09.205 to account and record costs of public works in excess of ~~((five thousand dollars))~~ \$5,000 that are not let by contract.

(5) The cost of a separate public works project shall be the costs of materials, supplies, equipment, and labor on the construction of that project. The value of the public works budget shall be the value of all the separate public works projects within the budget.

(6) The competitive bidding requirements of this section may be waived by the city legislative authority pursuant to RCW 39.04.280 if an exemption contained within that section applies to the work or contract.

(7) In lieu of the procedures of subsections (2) and (6) of this section, a first-class city may let contracts using the small works roster process in RCW 39.04.155.

Whenever possible, the city shall invite at least one proposal from a certified minority or woman contractor who shall otherwise qualify under this section.

(8) The allocation of public works projects to be performed by city employees shall not be subject to a collective bargaining agreement.

(9) This section does not apply to performance-based contracts, as defined in RCW 39.35A.020~~((4))~~ (6), that are negotiated under chapter 39.35A RCW.

(10) Nothing in this section shall prohibit any first-class city from allowing for preferential purchase of products made from recycled materials or products that may be recycled or reused.

(11)(a) Any first-class city may procure public works with a unit priced contract under this section for the purpose of completing anticipated types of work based on hourly rates or unit pricing for one or more categories of work or trades.

(b) For the purposes of this section, "unit priced contract" means a competitively bid contract in which public works are anticipated on a recurring basis to meet the business or operational needs of the city, under which the contractor agrees to a fixed period indefinite quantity delivery of work, at a defined unit price for each category of work.

(c) Unit priced contracts must be executed for an initial contract term not to exceed three years, with the city having the option of extending or renewing the unit priced contract for one additional year.

(d) Invitations for unit price bids shall include, for purposes of the bid evaluation, estimated quantities of the anticipated types of work or trades, and specify how the city will issue or release work assignments, work orders, or task authorizations pursuant to a unit priced contract for projects, tasks, or other work based on the hourly rates or unit prices bid by the contractor. Contracts must be awarded to the lowest responsible bidder as per RCW 39.04.010. Whenever possible, the city must invite at least one proposal from a certified minority or woman contractor who otherwise qualifies under this section.

(e) Unit price contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the prevailing wage rates in effect at the beginning date for each contract year. Unit priced contracts must have prevailing wage rates updated annually. Intents and affidavits for prevailing wages paid must be

(12) For the purposes of this section, "lowest responsible bidder" means a bid that meets the criteria under RCW 39.04.350 and has the lowest bid; provided, that if the city issues a written finding that the lowest bidder has delivered a project to the city within the last three years which was late, over budget, or did not meet specifications, and the city does not find in writing that such bidder has shown how they would improve performance to be likely to meet project specifications then the city may choose the second lowest bidder whose bid is within five percent of the lowest bid and meets the same criteria as the lowest bidder.

Sec. 4. RCW 57.08.050 and 2019 c 434 s 10 are each amended to read as follows:

(1) All work ordered, the estimated cost of which is in excess of ~~((fifty thousand dollars))~~ \$150,000 if more than a single craft or trade is involved with the public works project, or a public works project in excess of \$75,500 if only a single craft or trade is involved with the public works project, shall be let by contract and competitive bidding. Before awarding any such contract the board of commissioners shall publish a notice in a newspaper of general circulation where the district is located at least once ~~((thirteen))~~ 13 days before the last date upon which bids will be received, inviting sealed proposals for such work, plans and specifications which must at the time of publication of such notice be on file in the office of the board of commissioners subject to the public inspection. Each bid shall be accompanied by a certified or cashier's check or postal money order payable to the order of the county treasurer for a sum not less than five percent of the amount of the bid, or accompanied by a bid bond in an amount not less than five percent of the bid with a corporate surety licensed to do business in the state, conditioned that the bidder will pay the district as liquidated damages the amount specified in the bond, unless the bidder enters into a contract in accordance with the bidder's bid, and no bid shall be considered unless accompanied by such check, cash or bid bond. At the time and place named such bids shall be publicly opened and read and the board of commissioners shall proceed to canvass the bids and may let such contract to the lowest responsible bidder upon plans and specifications on file or to the best bidder submitting the bidder's own plans and specifications. The board of commissioners may reject all bids for good cause and readvertise and in such case all checks, cash or bid bonds shall be returned to the bidders. If the contract is let, then all checks, cash, or bid bonds shall be returned to the bidders, except that of the successful bidder, which shall be retained until a contract shall be entered into for doing the work, and a bond to perform such work furnished with sureties satisfactory to the board of commissioners in the full amount of the contract price between the bidder and the commission in accordance with the bid. If the bidder fails to enter into the contract in accordance with the bid and furnish the bond within ~~((ten))~~ 10 days from the date at which the bidder is notified that the bidder is the successful bidder, the check, cash, or bid bonds and the amount thereof shall be forfeited to the district. If the bidder fails to enter into a contract in accordance with the bidder's bid, and the board of commissioners deems it necessary to take legal action to collect on any bid bond required by this section, then the district shall be entitled to collect from the bidder any legal expenses, including reasonable attorneys' fees occasioned thereby. A low bidder who claims error and fails to enter into a contract is prohibited from

bidding on the same project if a second or subsequent call for bids is made for the project.

The price and terms for purchases shall be as described on the applicable roster.

(5) The board may waive the competitive bidding requirements of this section pursuant to RCW 39.04.280 if an exemption contained within that section applies to the purchase or public work.

(2) Subject to the availability of amounts appropriated for this specific purpose, the secretary of the department of health may adopt by rule a penalty matrix that establishes procedures for civil penalties assessed under this chapter.

(3) Each violation is a separate and distinct offense. The department of health shall impose the civil penalty in accordance with chapter 34.05 RCW. Moneys collected under this section must be deposited into the state general fund.

(4) If the civil penalty is not paid to the department of health within 15 days after receipt of notice, the office of the attorney general may bring an action to recover the penalty in the name of the state of Washington in the superior court of Thurston county or in the county where the private detention facility is located. In all such actions, the procedure and rules of evidence are the same as in ordinary civil actions. All penalties recovered by the attorney general under this chapter must be paid into the Washington state attorney general humane detention account created in section 7 of this act.

(5) For the purposes of this section, "person" means an owner, operator, contractor, subcontractor, or employee of a private detention facility.

(6) The state and its agencies are not liable for a violation of this chapter.

NEW SECTION. Sec. 7. A new section is added to chapter 70.395 RCW to read as follows:

The Washington state attorney general humane detention account is created in the custody of the state treasurer. All receipts from civil penalties under section 6 of this act must be deposited in the account. Only the attorney general or the attorney general's designee may authorize expenditures from the account. Moneys in the account must be used exclusively for the costs associated with the attorney general's enforcement of the provisions of this chapter governing the recovery of civil penalties. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 8. RCW 70.395.010 and 2021 c 30 s 1 are each amended to read as follows:

(1) The legislature finds that all people confined in prisons and detention facilities in Washington deserve basic health care, nutrition, and safety. As held in *United States v. California*, 921 F.3d 865, 886 (9th Cir. 2019), states possess "the general authority to ensure the health and welfare of inmates and detainees in facilities within its borders." States have broad authority to enforce generally applicable health and safety laws

NINETY THIRD DAY, APRIL 11, 2023

against contractors operating private detention facilities within the state. The ninth circuit reinforced this authority in *Geo Group, Inc. v. Newsom*, 50 F.4th 745, 750 (9th Cir. 2022), stating "[p]rivate contractors do not stand on the same footing as the federal government, so states can impose many laws on federal contractors that they could not apply to the federal government itself."

(2) The legislature finds that profit motives lead private prisons and detention facilities to cut operational costs, including the provision of food, health care, and rehabilitative services, because their primary fiduciary duty is to maximize shareholder profits. This is in stark contrast to the interests of the state to ensure the health, safety, and welfare of Washingtonians, including all inmates and detainees within Washington's borders.

(3) The legislature finds that people confined in for-profit prisons and detention facilities have experienced abuses and have been confined in dangerous and unsanitary conditions. Safety risks and abuses in private prisons and detention facilities at the local, state, and federal level have been consistently and repeatedly documented. The United States department of justice office of the inspector general found in 2016 that privately operated prisons "incurred more safety and security incidents per capita than comparable BOP [federal bureau of prisons] institutions." The office of inspector general additionally found that privately operated prisons had ~~((higher rates of inmate on inmate and inmate on staff assaults, as well as))~~ higher rates of staff uses of force and that people detained in private prisons submitted more safety and security related grievances, including those regarding the quality of food.((⁴))

(4) The legislature finds that private prison operators have cut costs by reducing essential security and health care staffing. The sentencing project, a national research and advocacy organization, found in 2012 that private prison staff earn an average of five thousand dollars less than staff at publicly run facilities and receive almost 60 hours less training. The office of inspector general also found that people confined in private facilities often failed to receive necessary medical care and that one private prison went without a full-time physician for eight months. People confined within private detention facilities are subjected to prolonged periods of confinement, inadequate nutrition, medical and mental health access issues, and arbitrary and improper visitation and communication restrictions. In 2018, the sentencing project, a national research and advocacy organization, found that private prisons offer lower quality services and have higher staff turnover rates compared to publicly operated facilities. The office of inspector general also found that people confined in private facilities often failed to receive necessary medical care.

(5) The legislature finds that private prisons and detention centers are less accountable for what happens inside those facilities than state-run facilities, as they are not subject to the freedom of information act under 5 U.S.C. Sec. 552 or the Washington public records act under chapter 42.56 RCW.

(6) The legislature finds that at least 22 other states have stopped confining people in private for-profit facilities.

(7) Therefore, it is the intent of the legislature to prohibit the use of private, for-profit prisons and detention facilities in the state, and to set minimum standards for the conditions of confinement within private detention facilities in the state and to require the inspection and review of those facilities by appropriate state or local agencies to ensure public health and safety.

Sec. 9. RCW 70.395.020 and 2021 c 30 s 2 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Basic personal hygiene items" means items used to promote or preserve a detained person's health and contribute to the prevention of disease or infection, including soap, toothbrush and toothpaste, shampoo and conditioner, lotion, nail clippers, comb, towels, and menstrual products.

(10) The detention, arrest, or conviction of a person based upon a database match or database information is not invalidated if it is determined that the sample was obtained or placed in the database by mistake, or if the conviction or juvenile adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including but not limited to posttrial or postfact-finding motions, appeals, or collateral attacks. No cause of action may be brought against the state based upon the analysis of a biological sample authorized to be taken pursuant to a municipal ordinance if the conviction or adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including, but not limited to, posttrial or postfact-finding motions, appeals, or collateral attacks.

(1) In order to convict a person of any crime defined in this chapter it shall not be necessary that the testimony of the alleged victim be corroborated.

(3) In any prosecution for the crime of rape, trafficking pursuant to RCW 9A.40.100, or any of the offenses in chapter 9.68A RCW, or for an attempt to commit, or an assault with an intent to commit any such crime evidence of the victim's past sexual behavior including but not limited to the victim's marital behavior~~((;))~~; divorce history~~((; ¶))~~; general reputation for promiscuity, nonchastity, or sexual mores contrary to community standards; or, unless it is related to the alleged offense, social media account, including any text, image, video, or picture, which depict sexual content, sexual history, nudity or partial nudity, intimate sexual activity, communications about sexual activity, communications about sex, sexual fantasies, and other information that appeals to a prurient interest is not admissible if offered to attack the credibility of the victim and is admissible on the issue of consent, except where prohibited in the underlying criminal offense, only pursuant to the following procedure:

(b) The written motion shall be accompanied by an affidavit or affidavits in which the offer of proof shall be stated.

(c) If the court finds that the offer of proof is sufficient, the court shall order a hearing out of the presence of the jury, if any, and the hearing shall be closed except to the necessary witnesses, the defendant, counsel, and those who have a direct interest in the case or in the work of the court.

(d) At the conclusion of the hearing, if the court finds that the evidence proposed to be offered by the defendant regarding the past sexual behavior of the victim is relevant to the issue of the victim's consent; is not inadmissible because its probative value is substantially outweighed by the probability that its admission will create a substantial danger of undue prejudice; and that its exclusion would result in denial of substantial justice to the defendant; the court shall make an order stating what evidence may be introduced by the defendant, which order may include the nature of the questions to be permitted. The defendant may then offer evidence pursuant to the order of the court.

(4) Nothing in this section shall be construed to prohibit cross-examination of the victim on the issue of past sexual behavior when the prosecution presents evidence in its case in chief tending to prove the nature of the victim's past sexual behavior, but the court may require a hearing pursuant to subsection (3) of this section concerning such evidence.

The role of the crime victim advocate is to provide emotional support to the crime victim;

~~((11))~~ (k) With respect to victims and survivors of victims, to be physically present in court during trial, or if subpoenaed to testify, to be scheduled as early as practical in the proceedings in order to be physically present during trial after testifying and not to be excluded solely because they have testified;

MOTION

Senator Dhingra moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that gun violence is a multifaceted public health problem that includes suicide, homicide, intimate partner violence, community violence, mass violence, nonfatal gunshot injuries and threats, with community violence and mass violence often committed by those with a history of domestic violence. National data indicates that in 2021, approximately 20,996 Americans died by firearm homicide and that 81 percent of all homicides are committed with a firearm. According to United States centers for disease control and prevention data, gun homicide disproportionately impacts people of color, especially Black males ages 15 to 34, who are 20 times more likely to die by gun violence than white males in the same age group. Black, Indigenous, and Latinx women are at higher risk for intimate partner violence-related homicide, and disparities in homicide rates are especially pronounced among women between 18 and 29 years of age. Nearly 60 percent of intimate partner violence-related homicides involve firearms.

(2) When perpetrators of intimate partner violence, including physical violence, sexual abuse, stalking, and psychological aggression of a current or former intimate partner, have access to firearms, women are especially at risk of serious or deadly harm. When an abusive partner or former partner owns or has access to a firearm, the likelihood of intimate partner homicide increases by a factor of five. Women in the United States are 21 times more likely to be killed with a gun than women in other high-income countries. There are about 4,500,000 women in America who have been threatened with a gun and nearly 1,000,000 women who have been shot or shot at by an intimate partner. Perpetrators of intimate partner violence who have access to firearms also use them to coerce, control, and intimidate their partners.

(3) Many who seek protection from harm through the civil legal system, and obtain a protection order and an order to surrender and prohibit weapons, may not wish to engage the criminal legal system or to have the threat or violence they have experienced be prosecuted. According to the national intimate partner and sexual violence survey, more than one in two non-Hispanic Black women, American Indian, or Alaskan Native women, three in five multiracial non-Hispanic women, and two in five Hispanic women have been a victim of physical violence, rape, and/or stalking by a partner in their lifetime. But they are far less likely to report the crimes, due to distrust of the criminal legal system, intergenerational trauma, fear of police interaction, and concern about over incarceration. For many, the threat of violence continues over a long period of time, making it critical that access to firearms is appropriately limited when there are ongoing indicators of risk as reflected by a protection order, an order to surrender and prohibit weapons, or violations of these orders.

(4) An extensive body of research has identified specific risk factors that increase the likelihood of individuals engaging in future violence, including gun violence, and presenting further risk to public safety. The strongest predictor of future violence is prior violent behavior, including perpetration of domestic violence and violent misdemeanors. Other particularly strong risk factors for future violence include recent violation of a domestic violence protection order or other protection order; frequent risky alcohol use or certain types of controlled substance use; and cruelty to animals. Unlawful or reckless use, display, or brandishing of a firearm and recent acquisition of firearms, ammunition, or other deadly weapons are also risk factors for future violence, as is access to firearms in general. Multiple research studies have also shown that easy access to firearms by the general public increases risk of death by both homicide and suicide. Individuals returning from incarceration are a vulnerable population for whom these risks may be compounded. Furthermore, homicide and suicide (by any means) are leading causes of death for returning residents after they are released from prison, especially soon after release. Research provides important guidance regarding events that should result in temporary prohibition of firearm rights so that the laws regarding firearm possession and the restoration of firearm rights are grounded in risk assessment data to help protect public health and safety while upholding individual liberty. These changes are not intended to punish, but to provide a regulatory framework to help ensure the safety of those with a heightened risk of experiencing gun violence.

(5) The laws requiring certain individuals who are subject to protection orders, no-contact orders, or restraining orders to immediately relinquish dangerous weapons and concealed pistol licenses, and be prohibited from possessing or purchasing firearms, have been strengthened in recent years to help better address the risks that access to firearms by those individuals poses for survivors and their children. The legislature finds that similarly strengthening the laws regarding unlawful possession and restoration of firearm rights will protect these survivors, and their families and communities, from added risk of harm, and include their personal knowledge regarding possible violations of firearm prohibitions in the restoration petition process.

(6) The legislature also finds it would be helpful to refine statutory language that was at issue in the Washington state supreme court's decision in *State v. Dennis*, 191 Wn.2d 169 (2018). In that decision, the court held that absent more specific language in RCW 9.41.040 regarding the five-year waiting period before a person may petition to have the person's firearm rights restored, the requisite waiting period may include any conviction-free period of five or more consecutive years, even if a person had been convicted of a new crime within the five years immediately preceding the person's filing of a petition for restoration of firearm rights. The legislature intends to clarify that a person may not petition to have the person's firearm rights restored if the person has been convicted of a new prohibiting crime within the specified number of consecutive years immediately preceding the person's filing of a petition.

(7) The legislature also finds that it is important to recognize and remove barriers for individuals who have demonstrated that they have safely reintegrated into their communities.

Sec. 2. RCW 9.41.010 and 2022 c 105 s 2 and 2022 c 104 s 2 are each reenacted and amended to read as follows:

NEW SECTION. Sec. 4. A new section is added to chapter 9.41 RCW to read as follows:

(1) A person who is prohibited from possession of a firearm under RCW 9.41.040 may not petition a court to have the person's right to possess a firearm restored if the person has been convicted or found not guilty by reason of insanity of: A felony sex offense; a class A felony; or a felony offense with a maximum sentence of at least 20 years.

(2) A person who is prohibited from possession of a firearm under RCW 9.41.040, and is not disqualified from petitioning for restoration of firearm rights under subsection (1) of this section or required to petition as provided for in RCW 9.41.047, may petition a superior court to have the person's right to possess a firearm restored.

(a) The person must have, for the period of consecutive years as specified below immediately preceding the filing of the

NINETY THIRD DAY, APRIL 11, 2023

petition, been in the community without being convicted or found not guilty by reason of insanity of any crime that prohibits the possession of a firearm, as follows:

(i) Five years for a conviction or finding of not guilty by reason of insanity for any felony offense, or any of the following gross misdemeanor or misdemeanor offenses:

- (A) Domestic violence (RCW 10.99.020);
- (B) Stalking;
- (C) Cyberstalking;
- (D) Cyber harassment, excluding cyber harassment committed solely pursuant to the element set forth in RCW 9A.90.120(1)(a)(i);
- (E) Harassment;
- (F) Aiming or discharging a firearm (RCW 9.41.230);
- (G) Unlawful carrying or handling of a firearm (RCW 9.41.270);
- (H) Animal cruelty in the second degree committed under RCW 16.52.207(1);
- (I) Prior offense as defined by RCW 46.61.5055; or
- (J) Violation of the provisions of an order to surrender and prohibit weapons, an extreme risk protection order, or the provisions of a protection order or no-contact order restraining the person or excluding the person from a residence; and

(ii) Three years for a conviction or finding of not guilty by reason of insanity for one or more nonfelony crimes not covered in (a)(i) of this subsection.

(b) The person petitioning for firearm rights to be restored must also meet the following requirements:

(i) Has no pending charges for any felony, gross misdemeanor, or misdemeanor crime at the time the petition is filed or during the petition process;

(ii) Has completed all sentencing conditions, other than nonrestitution fines and fees, for each felony, gross misdemeanor, or misdemeanor conviction on which the prohibition was based, including all court-ordered treatment. The court shall waive the requirement of this subsection (2)(b)(ii) if the petitioner provides verification from the sentencing court that relevant court records are no longer available, or attests to the unavailability of relevant records from other entities;

(iii) Has no prior felony convictions that would count as part of an offender score under RCW 9.94A.525 and has no out-of-state conviction for an offense which would disqualify the person from purchasing or possessing a firearm in the state of conviction. This determination shall be the responsibility of, and conducted by, the prosecuting attorney. An individual shall not be precluded from filing a petition to restore their firearm rights on the basis that they cannot verify whether they are disqualified from purchasing or possessing a firearm in the state of conviction; and

(iv) Has been determined by law enforcement based on available records and information as not subject to any other prohibition on possessing a firearm at the time the petition for the restoration of firearm rights is filed or during the petition process, and would be able to pass a background check to purchase a firearm if the petition to restore firearm rights is granted.

(3) The process for petitioning for restoration of firearm rights is as follows:

(a) The person must file a petition in a superior court in a county that entered any prohibition.

(b) At the time of filing the petition, the person must serve the prosecuting attorney in the county where the petition is filed with the petition.

(c) Upon receipt of service of the petition, the prosecuting attorney must take reasonable steps to notify the listed victim of a prohibiting crime and any person who previously obtained a full protection order or no-contact order against the person petitioning

for restoration of firearm rights, if those persons have requested notification, of the procedure to provide a sworn written statement regarding the existence of any additional facts or information that they may have relevant to whether the person petitioning for restoration of firearm rights meets the requirements for restoration set forth in this section.

(d) The prosecuting attorney must verify in writing to the court that the prosecuting attorney has reviewed the relevant records, including written verification from Washington state patrol that Washington state patrol has conducted a records check of all civil and criminal records relevant to the prohibitors in RCW 9.41.040, and based on that information, whether there is sufficient evidence to determine that the person petitioning for restoration of firearm rights meets all the requirements set forth in RCW 9.41.040 and in this section to petition for and to be granted restoration of firearm rights.

(e) The court may set a hearing on the petition if the court determines additional information is necessary to determine whether the person meets the requirements for restoration of firearm rights.

(f) The court shall grant the petition only if the court finds that the person petitioning for restoration of firearm rights meets the requirements set forth in this section.

(g) The prosecuting attorney shall notify any victim who requests notification of the court's decision.

(4) When a person's right to possess a firearm has been restored under this section, the court shall forward, within three judicial days after entry of the restoration order, notification that the person's right to possess a firearm has been restored to the Washington state patrol with a copy of the person's driver's license or identicaid, or comparable identification such as the person's name, address, and date of birth.

(5) By December 30, 2023, the administrative office of the courts shall develop and distribute standard forms for petitions and orders issued under this section and RCW 9.41.047, and update protection order and no-contact order forms to allow victims to opt out of the notification provided for in this section if they do not wish to be notified at the time of a petition for firearm rights restoration. Beginning January 1, 2024, courts shall use the standard forms for petitions and orders under this section and RCW 9.41.047, and the updated protection order and no-contact order forms.

(6) An appointed or elected public official, public employee, or public agency as defined in RCW 4.24.470, or combination of units of local government and its employees as provided in RCW 36.28A.010, are immune from civil liability for good faith conduct in the performance of the official's, employee's, or agency's duties under this section.

Sec. 5. RCW 9.41.047 and 2020 c 302 s 60 are each amended to read as follows:

(1)(a) At the time a person is convicted or found not guilty by reason of insanity of an offense making the person ineligible to possess a firearm, or at the time a person is committed by court order under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, or chapter 10.77 RCW for ~~((mental health))~~ treatment for a mental disorder, or at the time that charges are dismissed based on incompetency to stand trial under RCW 10.77.088 and the court makes a finding that the person has a history of one or more violent acts, the ~~((convicting or committing court, or))~~ court ~~((that dismisses charges,))~~ shall notify the person, orally and in writing, that the person must immediately surrender all firearms and any concealed pistol license and that the person may not possess a firearm unless ~~((his or her))~~ the person's right to do so is restored by ~~((a))~~ the superior court ~~((of record. For purposes of this section~~

a convicting court includes a court in which a person has been found not guilty by reason of insanity)) that issued the order.

(b) The court shall forward within three judicial days after conviction, finding of not guilty by reason of insanity, entry of the commitment order, or dismissal of charges, a copy of the person's driver's license or identicard, or comparable information such as ~~((their))~~ the person's name, address, and date of birth, along with the date of conviction or commitment, or date charges are dismissed, to the department of licensing. When a person is committed by court order under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, or chapter 10.77 RCW, for ~~((mental health))~~ treatment for a mental disorder, or when a person's charges are dismissed based on incompetency to stand trial under RCW 10.77.088 and the court makes a finding that the person has a history of one or more violent acts, the court also shall forward, within three judicial days after entry of the commitment order, or dismissal of charges, a copy of the person's driver's license, or comparable information, along with the date of commitment or date charges are dismissed, to the national instant criminal background check system index, denied persons file, created by the federal Brady handgun violence prevention act (P.L. 103-159) and to the Washington state patrol. The petitioning party shall provide the court with the information required. If more than one commitment order is entered under one cause number, only one notification to the department of licensing and the national instant criminal background check system is required.

(2) Upon receipt of the information provided for by subsection (1) of this section, the department of licensing shall determine if the ~~((convicted or committed))~~ person ~~((, or the person whose charges are dismissed based on incompetency to stand trial,))~~ has a concealed pistol license. If the person ~~((does have))~~ has a concealed pistol license, the department of licensing shall immediately notify the license-issuing authority which, upon receipt of such notification, shall immediately revoke the license.

(3)(a) A person who is prohibited from possessing a firearm, by reason of having been involuntarily committed for ~~((mental health))~~ treatment for a mental disorder under RCW 71.05.240, 71.05.320, 71.34.740, 71.34.750, chapter 10.77 RCW, or equivalent statutes of another jurisdiction, or by reason of having been detained under RCW 71.05.150 or 71.05.153, or because the person's charges were dismissed based on incompetency to stand trial under RCW 10.77.088 and the court made a finding that the person has a history of one or more violent acts, may, upon discharge, petition the superior court to have his or her right to possess a firearm restored, except that a person found not guilty by reason of insanity may not petition for restoration of the right to possess a firearm until one year after discharge.

(b) The petition must be brought in the superior court that ordered the involuntary commitment or dismissed the charges based on incompetency to stand trial or the superior court of the county in which the petitioner resides.

(c) Except as provided in (d) and (e) of this subsection, ~~((the court shall restore the petitioner's right to possess a firearm))~~ firearm rights shall be restored if the ~~((petitioner))~~ person petitioning for restoration of firearm rights proves by a preponderance of the evidence that:

(i) The ~~((petitioner))~~ person petitioning for restoration of firearm rights is no longer required to participate in court-ordered inpatient or outpatient treatment;

(ii) The ~~((petitioner))~~ person petitioning for restoration of firearm rights has successfully managed the condition related to the commitment or detention or incompetency;

(iii) The ~~((petitioner))~~ person petitioning for restoration of firearm rights no longer presents a substantial danger to ~~((himself or herself,))~~ self or to the public; and

(iv) The symptoms related to the commitment or detention or incompetency are not reasonably likely to recur.

(d) If a preponderance of the evidence in the record supports a finding that the person petitioning ~~((the court))~~ for restoration of firearm rights has engaged in violence and that it is more likely than not that the person will engage in violence after ~~((his or her))~~ the person's right to possess a firearm is restored, the person petitioning for restoration of firearm rights shall bear the burden of proving by clear, cogent, and convincing evidence that ~~((he or she))~~ the person does not present a substantial danger to the safety of others.

(e) If the ~~((petitioner))~~ person seeking restoration of firearm rights seeks restoration after having been detained under RCW 71.05.150 or 71.05.153, the state shall bear the burden of proof to show, by a preponderance of the evidence, that the ~~((petitioner))~~ person does not meet the restoration criteria in (c) of this subsection.

(f) When a person's right to possess a firearm has been restored under this subsection, the court shall forward, within three judicial days after entry of the restoration order, notification that the person's right to possess a firearm has been restored to the department of licensing with a copy of the person's driver's license or identicard, or comparable identification such as ~~((their))~~ the person's name, address, and date of birth, the health care authority, and the national instant criminal background check system index, denied persons file. In the case of a person whose right to possess a firearm has been suspended for six months as provided in RCW 71.05.182, the department of licensing shall forward notification of the restoration order to the licensing authority, which, upon receipt of such notification, shall immediately lift the suspension, restoring the license.

(4) No person who has been found not guilty by reason of insanity may petition a court for restoration of the right to possess a firearm unless the person meets the requirements for the restoration of the right to possess a firearm under ~~((RCW 9.41.040(4)))~~ section 4 of this act.

NEW SECTION. Sec. 6. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NOTE: References in the grid to days or weeks mean periods of confinement. "LS" means "local sanctions" as defined in RCW 13.40.020.

(1) The vertical axis of the grid is the current offense category. The current offense category is determined by the offense of adjudication.

(2) The horizontal axis of the grid is the number of prior adjudications included in the juvenile's criminal history. Each prior felony adjudication shall count as one point. Each prior violation, misdemeanor, and gross misdemeanor adjudication shall count as 1/4 point. Fractional points shall be rounded down.

(3) The standard range disposition for each offense is determined by the intersection of the column defined by the prior adjudications and the row defined by the current offense category.

(4) RCW 13.40.180 applies if the offender is being sentenced for more than one offense.

(5) A current offense that is a violation is equivalent to an offense category of E. However, a disposition for a violation shall not include confinement.

OR

OPTION B

SUSPENDED DISPOSITION ALTERNATIVE

(1) If the offender is subject to a standard range disposition involving confinement by the department, the court may impose the standard range and suspend the disposition on condition that the offender comply with one or more local sanctions and any educational or treatment requirement. The treatment programs provided to the offender must be either research-based best

practice programs as identified by the Washington state institute for public policy or the joint legislative audit and review committee, or for chemical dependency treatment programs or services, they must be evidence-based or research-based best practice programs. For the purposes of this subsection:

(a) "Evidence-based" means a program or practice that has had multiple site random controlled trials across heterogeneous populations demonstrating that the program or practice is effective for the population; and

(b) "Research-based" means a program or practice that has some research demonstrating effectiveness, but that does not yet meet the standard of evidence-based practices.

(2) If the offender fails to comply with the suspended disposition, the court may impose sanctions pursuant to RCW 13.40.200 or may revoke the suspended disposition and order the disposition's execution.

(3) An offender is ineligible for the suspended disposition option under this section if the offender:

(a) Is adjudicated of an A+ or A++ offense;

(b) Is fourteen years of age or older and is adjudicated of one or more of the following offenses:

(i) A class A offense, or an attempt, conspiracy, or solicitation to commit a class A offense;

OR

OPTION C

CHEMICAL DEPENDENCY/MENTAL HEALTH DISPOSITION ALTERNATIVE

If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed a B++ or B+ offense, the court may impose a disposition under RCW 13.40.160(4) and 13.40.165.

OR

OPTION D

MANIFEST INJUSTICE

If the court determines that a disposition under option A, B, or C would effectuate a manifest injustice, the court shall impose a disposition outside the standard range under RCW 13.40.160(2).

Sec. 9. RCW 13.40.160 and 2022 c 268 s 38 are each amended to read as follows:

(1) The standard range disposition for a juvenile adjudicated of an offense is determined according to RCW 13.40.0357.

(a) When the court sentences an offender to a local sanction as provided in RCW 13.40.0357 option A, the court shall impose a determinate disposition within the standard ranges, except as

provided in subsection (2), (3), (4), (5), or (6) of this section. The disposition may be comprised of one or more local sanctions.

(b) When the court sentences an offender to a standard range as provided in RCW 13.40.0357 option A that includes a term of confinement exceeding thirty days, commitment shall be to the department for the standard range of confinement, except as provided in subsection (2), (3), (4), (5), or (6) of this section.

(2) If the court concludes, and enters reasons for its conclusion, that disposition within the standard range would effectuate a manifest injustice the court shall impose a disposition outside the standard range, as indicated in option D of RCW 13.40.0357. The court's finding of manifest injustice shall be supported by clear and convincing evidence.

A disposition outside the standard range shall be determinate and shall be comprised of confinement or community supervision, or a combination thereof. When a judge finds a manifest injustice and imposes a sentence of confinement exceeding thirty days, the court shall sentence the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. A disposition outside the standard range is appealable under RCW 13.40.230 by the state or the respondent. A disposition within the standard range is not appealable under RCW 13.40.230.

(3) If a juvenile offender is found to have committed a sex offense, other than a sex offense that is also a serious violent offense as defined by RCW 9.94A.030, and has no history of a prior sex offense, the court may impose the special sex offender disposition alternative under RCW 13.40.162.

(4) If the juvenile offender is subject to a standard range disposition of local sanctions or 15 to 36 weeks of confinement and has not committed an A- or B+ offense, the court may impose the disposition alternative under RCW 13.40.165.

(5) If a juvenile is subject to a commitment of 15 to 65 weeks of confinement, the court may impose the disposition alternative under RCW 13.40.167.

(6) When the offender is subject to a standard range commitment of 15 to 36 weeks and is ineligible for a suspended disposition alternative, a manifest injustice disposition below the standard range, special sex offender disposition alternative, chemical dependency disposition alternative, or mental health disposition alternative, the court in a county with a pilot program under RCW 13.40.169 may impose the disposition alternative under RCW 13.40.169.

(7) RCW 13.40.193 shall govern the disposition of any juvenile adjudicated of possessing a firearm in violation of RCW 9.41.040(2)(a)(~~(vii)~~) (v) or any crime in which a special finding is entered that the juvenile was armed with a firearm.

(8) RCW 13.40.308 shall govern the disposition of any juvenile adjudicated of theft of a motor vehicle as defined under RCW 9A.56.065, possession of a stolen motor vehicle as defined under RCW 9A.56.068, taking a motor vehicle without permission in the first degree under RCW 9A.56.070, and taking a motor vehicle without permission in the second degree under RCW 9A.56.075.

(9) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(10) Except as provided under subsection (3), (4), (5), or (6) of this section, or option B of RCW 13.40.0357, or RCW 13.40.127, the court shall not suspend or defer the imposition or the execution of the disposition.

(11) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

Sec. 10. RCW 13.40.193 and 2022 c 268 s 39 are each amended to read as follows:

(1) If a respondent is found to have been in possession of a firearm in violation of RCW 9.41.040(2)(a)(~~(vii)~~) (v), the court shall impose a minimum disposition of ten days of confinement. If the offender's standard range of disposition for the offense as indicated in RCW 13.40.0357 is more than thirty days of confinement, the court shall commit the offender to the department for the standard range disposition. The offender shall not be released until the offender has served a minimum of ten days in confinement.

(2)(a) If a respondent is found to have been in possession of a firearm in violation of RCW 9.41.040, the disposition must include a requirement that the respondent participate in a qualifying program as described in (b) of this subsection, when available, unless the court makes a written finding based on the outcome of the juvenile court risk assessment that participation in a qualifying program would not be appropriate.

(b) For purposes of this section, "qualifying program" means an aggression replacement training program, a functional family therapy program, or another program applicable to the juvenile firearm offender population that has been identified as evidence-based or research-based and cost-beneficial in the current list prepared at the direction of the legislature by the Washington state institute for public policy.

(3) If the court finds that the respondent or an accomplice was armed with a firearm, the court shall determine the standard range disposition for the offense pursuant to RCW 13.40.160. If the offender or an accomplice was armed with a firearm when the offender committed any felony other than possession of a machine gun or bump-fire stock, possession of a stolen firearm, drive-by shooting, theft of a firearm, unlawful possession of a firearm in the first and second degree, or use of a machine gun or bump-fire stock in a felony, the following periods of total confinement must be added to the sentence: (a) Except for (b) of this subsection, for a class A felony, six months; for a class B felony, four months; and for a class C felony, two months; (b) for any violent offense as defined in RCW 9.94A.030, committed by a respondent who is sixteen or seventeen years old at the time of the offense, a period of twelve months. The additional time shall be imposed regardless of the offense's juvenile disposition offense category as designated in RCW 13.40.0357.

(4)(a) If the court finds that the respondent who is sixteen or seventeen years old and committed the offense of robbery in the first degree, drive-by shooting, rape of a child in the first degree, burglary in the first degree, or any violent offense as defined in RCW 9.94A.030 and was armed with a firearm, and the court finds that the respondent's participation was related to membership in a criminal street gang or advancing the benefit, aggrandizement, gain, profit, or other advantage for a criminal street gang, a period of three months total confinement must be added to the sentence. The additional time must be imposed regardless of the offense's juvenile disposition offense category as designated in RCW 13.40.0357 and must be served consecutively with any other sentencing enhancement.

(b) For the purposes of this section, "criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of

NINETY THIRD DAY, APRIL 11, 2023

labor and bona fide nonprofit organizations or their members or agents.

(5) When a disposition under this section would effectuate a manifest injustice, the court may impose another disposition. When a judge finds a manifest injustice and imposes a disposition of confinement exceeding thirty days, the court shall commit the juvenile to a maximum term, and the provisions of RCW 13.40.030(2) shall be used to determine the range. When a judge finds a manifest injustice and imposes a disposition of confinement less than thirty days, the disposition shall be comprised of confinement or community supervision or both.

(6) Any term of confinement ordered pursuant to this section shall run consecutively to any term of confinement imposed in the same disposition for other offenses.

Sec. 11. RCW 13.40.265 and 2022 c 268 s 40 are each amended to read as follows:

(1) If a juvenile thirteen years of age or older is found by juvenile court to have committed an offense while armed with a firearm or an offense that is a violation of RCW 9.41.040(2)(a)(~~(viii)~~) (v) or chapter 66.44, 69.41, 69.50, or 69.52 RCW, the court shall notify the department of licensing within twenty-four hours after entry of the judgment, unless the offense is the juvenile's first offense while armed with a firearm, first unlawful possession of a firearm offense, or first offense in violation of chapter 66.44, 69.41, 69.50, or 69.52 RCW.

"NEW SECTION. Sec. 1. (1) The legislature finds that unlawful possession of a firearm is a useful tool to keep firearms out of the hands of people intent on using firearms unlawfully to cause harm to others, especially to intimate partners and family members. Reasonable efforts should be made to ensure that victims, survivors, and witnesses of crimes have the ability to receive notice regarding the perpetrators ability to access firearms

NINETY THIRD DAY, APRIL 11, 2023

and to be fully informed of a change in their case. Prohibitions on possessing firearms should only follow conviction of a crime that shows a person has given up their constitutional right by showing a propensity to unlawful behavior by committing serious crimes. Additionally, caution should be taken to ensure that victims and those in fear of being victims of violence should have the ability to access protection and to defend themselves. The rights preserved to the people in the constitutional Bill of Rights should be thoughtfully and carefully preserved and, when they are abused, should be removed with equal thought and preservation.

(2) For crimes that logically lead to violence, especially domestic violence, such as stalking and harassment and assault, the legislature finds that there should be a process to ensure that the person convicted of a crime has taken the opportunity to be rehabilitated and to no longer be a threat before a restoration of rights to possess firearms. The legislature finds that there should be appropriate checks and balances and processes in place to ensure that a person who has their rights restored is no longer a threat. MOTION

Senator Wellman moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. **Sec. 1.** (1) The legislature recognizes that adequate childhood nutrition is indispensable for proper intellectual, academic, and social development. However, many Washington families continue to face economic and other challenges that impact students' ability to consistently access nutritional meals that support their growth and well-being.

(2) The legislature has acknowledged the widespread but often concealed harms of childhood hunger by enacting legislation in recent years to address this issue. For example, in 2018, the legislature established a breakfast after the bell program in high-needs schools, in 2021, the legislature eliminated lunch copays for qualifying students, and in 2022, the legislature expanded school participation in the federal community eligibility provision, a program that provides no-charge meals for all students at participating schools.

(3) These efforts and others have significantly increased student access to meals provided without charge, but the problems of food insecurity, with its lasting physiological and psychological harms, remain a reality for too many families, too many schools, and too many children.

(4) The legislature recognizes also that the myriad difficulties of the COVID-19 pandemic uniquely impacted school districts and food delivery systems. While the challenges of responding to the unprecedented disruptions of a global pandemic continue to reverberate in public schools, school districts, through hard work, federal approvals, and appropriate financial supports, successfully demonstrated their ability to provide meals without charge to all requesting students. However, federal provisions permitting meals to be served at no charge to all students during the school year have expired, so the task of broadly responding to student meal needs has returned to the states.

(5) Although childhood hunger persists, the legislature recognizes that the state and school districts have the needed infrastructure and ability to respond to the issue, including the potential to access or leverage federal funds that may become available for school meal programs. The legislature, therefore, intends to continue its multiyear effort to eliminate hunger and food insecurity within public schools by expanding the provision of meals without charge to the state's youngest K-12 students.

NEW SECTION. **Sec. 2.** A new section is added to chapter 28A.235 RCW to read as follows:

(1)(a) In accordance with (b) and (c) of this subsection, beginning with the 2023-24 school year, each school district shall provide breakfast and lunch each school day to any student who requests a breakfast, lunch, or both. The school district must provide the meals at no charge to the student and without consideration of the student's eligibility for a federally reimbursed free or reduced-price meal. Meals provided under this section must be nutritiously adequate and qualify for federal reimbursement under the school lunch program or the school breakfast program, and students are not eligible for more than one meal in a meal service period.

(b) The requirements in (a) of this subsection apply to public schools in which:

(i) Educational services are provided to students in any of the grades of kindergarten through four; and

(ii) 30 percent or more of the enrolled students meet federal eligibility requirements for free or reduced-price lunches.

(c) The obligation to provide breakfast and lunch to students under this subsection (1):

(i) Begins in the 2023-24 school year for schools in which 40 percent or more of the enrolled students meet federal eligibility requirements for free or reduced-price lunches;

(ii) Begins in the 2024-25 school year for schools in which the percentage of enrolled students that meet federal eligibility requirements for free or reduced-price lunches is at least 30 percent and less than 40 percent; and

(iii) Does not apply to schools participating in the United States department of agriculture's community eligibility provision under RCW 28A.235.300 that have not completed the duration of the provision's four-year cycle.

(2) The office of the superintendent of public instruction shall reimburse school districts, subject to the requirements of subsection (1) of this section, on a per meal reimbursement basis for meals that are not already reimbursed at the United States department of agriculture's free rate. The additional state reimbursement amount must be the difference between the United States department of agriculture's free rate and the United States department of agriculture's paid rate.

(3) School districts, in accordance with RCW 28A.235.160, may be exempted from the requirements of this section.

(4) To maximize federal funding, school districts must continue collecting free and reduced-price meal eligibility applications where applicable and run direct certification at least monthly in accordance with RCW 28A.235.280. School districts shall also annually monitor data for eligibility in the United States department of agriculture community eligibility provision and apply where eligible as required in RCW 28A.235.300.

(5) For the purposes of this section, the following definitions apply:

(a) "Public school" has the same meaning as in RCW 28A.150.010.

(b) "School breakfast program" has the same meaning as in RCW 28A.235.160.

(c) "School lunch program" has the same meaning as in RCW 28A.235.160.

(6) This section governs school operation and management under RCW 28A.710.040 and 28A.715.020, and applies to charter schools established under chapter 28A.710 RCW and state-tribal education compact schools established under chapter 28A.715 RCW to the same extent as it applies to school districts.

(7) The requirements in this section shall lapse if the federal reimbursement for any school breakfasts or lunches is eliminated.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.235 RCW to read as follows:

Public schools, as defined in RCW 28A.150.010, providing school meals to students are encouraged to buy Washington produced food whenever practicable and cost is comparable to non-Washington produced food.

Sec. 4. RCW 28A.235.160 and 2021 c 74 s 2 are each reenacted and amended to read as follows:

(1) For the purposes of this section:

(a) "Free or reduced-price lunch" means a lunch served by a school district participating in the national school lunch program to a student qualifying for national school lunch program benefits based on family size-income criteria.

(b) "Lunch copay" means the amount a student who qualifies for a reduced-price lunch is charged for a reduced-price lunch.

(c) "School breakfast program" means a program meeting federal requirements defined in 42 U.S.C. Sec. 1773.

(d) "School lunch program" means a meal program meeting the requirements defined ((by the superintendent of public instruction under subsection (2)(b) of this section)) in Title 42 U.S.C. Sec. 1751 et seq.

(e) "Severe-need school" means a school that qualifies for a severe-need school reimbursement rate from federal funds for school breakfasts served to children from low-income families.

(f) "Summer food service program" means a meal or snack program meeting the requirements defined by the superintendent of public instruction under subsection (4) of this section.

(2) School districts shall implement a school lunch program in each public school in the district in which educational services are provided to children in any of the grades of kindergarten through four and in which ((twenty-five)) 25 percent or more of the enrolled students qualify for a free or reduced-price lunch. In accordance with section 2 of this act, school districts shall provide meals at no charge to all requesting students at public schools that meet the criteria established in section 2(1) (b) and (c) of this act. In developing and implementing its school lunch program and school breakfast program, each school district may consult with an advisory committee including school staff, community members, and others appointed by the board of directors of the district.

((a) Applications to determine free or reduced-price lunch eligibility shall be distributed and collected for all households of children in schools containing any of the grades kindergarten through four and in which there are no United States department of agriculture child nutrition programs. The applications that are collected must be reviewed to determine eligibility for free or reduced-price lunches. Nothing in this section shall be construed to require completion or submission of the application by a parent or guardian.

(b) Using the most current available school data on free and reduced-price lunch eligibility, the superintendent of public instruction shall adopt a schedule for implementation of school lunch programs at each school required to offer such a program under subsection (2) of this section as follows:

(i) Schools not offering a school lunch program and in which twenty-five percent or more of the enrolled students are eligible for free or reduced-price lunch shall implement a school lunch program not later than the second day of school in the 2005-06 school year and in each school year thereafter.

(ii) The superintendent shall establish minimum standards defining the lunch meals to be served, and such standards must be sufficient to qualify the meals for any available federal reimbursement.

(iii) Nothing in this section shall be interpreted to prevent a school from implementing a school lunch program earlier than the school is required to do so.))

(3) To the extent funds are appropriated for this purpose, each school district shall implement a school breakfast program in each school where more than ((forty)) 40 percent of students eligible to participate in the school lunch program qualify for free or reduced-price meal reimbursement ((by the school year 2005-06)). Beginning in the 2023-24 school year and in accordance with section 2 of this act, school districts shall implement a breakfast program in each school providing meals at no charge to students. For the second year before the implementation of the district's school breakfast program, and for each subsequent school year, each school district shall submit data enabling the superintendent of public instruction to determine which schools within the district will qualify for this requirement. Schools where lunch programs start after the

NINETY THIRD DAY, APRIL 11, 2023

2003-04 school year, where ((forty)) 30 percent of students qualify for free or reduced-price meals, must begin school breakfast programs the second year following the start of a lunch program.

(4) Each school district shall implement a summer food service program in each public school in the district in which a summer program of academic, enrichment, or remedial services is provided and in which 50 percent or more of the children enrolled in the school ((qualify)) meet federal eligibility requirements for free or reduced-price lunch. However, the superintendent of public instruction shall develop rules establishing criteria to permit an exemption for a school that can demonstrate availability of an adequate alternative summer feeding program. Sites providing meals should be open to all children in the area, unless a compelling case can be made to limit access to the program. The superintendent of public instruction shall adopt a definition of compelling case and a schedule for implementation as follows:

(a) Beginning the summer of 2005 if the school currently offers a school breakfast or lunch program; or

(b) Beginning the summer following the school year during which a school implements a school lunch program under ((subsection (2)(b) of)) this section.

(5) Schools not offering a breakfast or lunch program may meet the meal service requirements of subsections (2)((b)) and (4) of this section through any of the following:

(a) Preparing the meals on-site;

(b) Receiving the meals from another school that participates in a United States department of agriculture child nutrition program; or

(c) Contracting with a nonschool entity that is a licensed food service establishment under RCW 69.07.010.

(6) Requirements that school districts have a school lunch, breakfast, or summer nutrition program under this section shall not create or imply any state funding obligation for these costs. The legislature does not intend to include these programs within the state's obligation for basic education funding under Article IX of the state Constitution.

(7) Beginning in the 2021-22 school year, school districts with school lunch programs must eliminate lunch copays for students in prekindergarten through 12th grade who qualify for reduced-price lunches, and the superintendent of public instruction must allocate funding for this purpose.

(8) The requirements in this section shall lapse if the federal reimbursement for any school breakfasts, lunches, or summer food service programs is eliminated.

(9) School districts may be exempted from the requirements of this section and section 2 of this act by showing good cause why they cannot comply with the office of the superintendent of public instruction to the extent that such exemption is not in conflict with federal or state law. The process and criteria by which school districts ((are)) may be exempted shall be developed by rule and revised if necessary by the office of the superintendent of public instruction in consultation with representatives of school directors, school food service, community-based organizations, and ((the Washington state PTA)) a state organization of parents and teachers.

Sec. 5. RCW 28A.150.260 and 2022 c 109 s 3 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c), (5)(b), and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must report this information in a user-friendly format on the main page of the office's website. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's website. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has ((six hundred)) 600 average annual full-time equivalent students in grades nine through ((twelve)) 12;

(ii) A prototypical middle school has ((four hundred thirty-two)) 432 average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has ((four hundred)) 400 average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

General education average class size	
Grades K-3	17.00
Grade 4	27.00
Grades 5-6	27.00
Grades 7-8	28.53
Grades 9-12	28.74

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through ((twelve)) 12 per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

Laboratory science average class size	
Grades 9-12	19.98

(b)(i) Beginning September 1, 2019, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical education average class size	
Approved career and technical education offered at the middle school and high school level	23.00
Skill center programs meeting the standards established by the office of the superintendent of public instruction	19.00

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than ((fifty)) 50 percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5)(a) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

	Elementary School	Middle School	High School
Principals, assistant principals, and other certificated building-level administrators	1.253	1.353	1.880
Teacher-librarians, a

Classified staff providing student and staff safety	0.079	0.092	0.141
Parent involvement coordinators	0.0825	0.000	0.000

(b)(i) The superintendent may only allocate funding, up to the combined minimum allocations, for nurses, social workers, psychologists, counselors, classified staff providing student and staff safety, and parent involvement coordinators under (a) and (c) of this subsection to the extent of and proportionate to a school district's demonstrated actual ratios of: Full-time equivalent physical, social, and emotional support staff to full-time equivalent students.

(ii) The superintendent must adopt rules to implement this subsection (5)(b) and the rules must require school districts to prioritize funding allocated as required by (b)(i) of this subsection for physical, social, and emotional support staff who hold a valid educational staff associate certificate appropriate for the staff's role.

(iii) For the purposes of this subsection (5)(b), "physical, social, and emotional support staff" include nurses, social workers, psychologists, counselors, classified staff providing student and staff safety, parent involvement coordinators, and other school district employees and contractors who provide physical, social, and emotional support to students as defined by the superintendent.

(c) For the 2023-24 school year, in addition to the minimum allocation under (a) of this subsection, the following additional staffing units for each level of prototypical school will be provided:

	Elementary School	Mid dle School	Hig h School
Nurses	0.170	0.276	0.243

K-12 students	
Technology	0.628
Facilities, maintenance, and grounds	1.813
Warehouse, laborers, and mechanics	0.332

(b) The minimum allocation of staff units for each school district to support certificated and classified staffing of central administration shall be 5.30 percent of the staff units generated under subsections (4)(a) and (5) of this section and (a) of this subsection.

(7) The distribution formula shall include staffing allocations to school districts for career and technical education and skill center administrative and other school-level certificated staff, as specified in the omnibus appropriations act.

(8)(a) Except as provided in (b) of this subsection, the minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs as provided in the 2017-18 school year, after which the allocations shall be adjusted annually for inflation as specified in the omnibus appropriations act:

Per annual average	
full-time equivalent student	
in grades K-12	
Technology	\$130.76
Utilities and insurance	\$355.30
Curriculum and textbooks	\$140.39

Facilities maintenance	\$176.01
Security and central office administration	\$121.94

(b) In addition to the amounts provided in (a) of this subsection, beginning in the 2014-15 school year, the omnibus appropriations act shall provide the following minimum allocation for each annual average full-time equivalent student in grades nine through ((twelve)) 12 for the following materials, supplies, and operating costs, to be adjusted annually for inflation:

Per annual average	
full-time equivalent student	
in grades 9-12	
Technology	\$36.35
Curriculum and textbooks	\$39.02
Other supplies	\$77.28
Library materials	\$5.56
Instructional professional development for certificated and classified staff	\$6.04

(9) In addition to the amounts provided in subsection (8) of this section and subject to RCW 28A.150.265, the omnibus appropriations act shall provide an amount based on full-time equivalent student enrollment in each of the following:

(a) Exploratory career and technical education courses for students in grades seven through ((twelve)) 12;

(b) Preparatory career and technical education courses for students in grades nine through ((twelve)) 12 offered in a high school; and

(c) Preparatory career and technical education courses for students in grades ((eleven)) 11 and ((twelve)) 12 offered through a skill center.

(10) In addition to the allocations otherwise provided under this section, amounts shall be provided to support the following programs and services:

(a)(i) To provide supplemental instruction and services for students who are not meeting academic standards through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the greater of either: The district percentage of students in kindergarten through grade ((twelve)) 12 who were eligible for free or reduced-price meals for the school year immediately preceding the district's participation, in whole or part, in the United States department of agriculture's community eligibility provision, or the district percentage of students in grades K-12 who were eligible for free or reduced-price meals in the prior school year. The minimum allocation for the program shall, except as provided in (a)(iii) of this subsection, provide for each level of prototypical school resources to provide, on a statewide average, 2.3975 hours per week in extra instruction with a class size of ((fifteen)) 15 learning assistance program students per teacher.

(ii) In addition to funding allocated under (a)(i) of this subsection, to provide supplemental instruction and services for students who are not meeting academic standards in qualifying schools. A qualifying school, except as provided in (a)(iv) of this subsection, means a school in which the three-year rolling average of the prior year total annual average enrollment that qualifies for free or reduced-price meals equals or exceeds ((fifty)) 50 percent or more of its total annual average enrollment. A school continues to meet the definition of a qualifying school if the school: Participates in the United States department of agriculture's community eligibility provision; and met the definition of a qualifying school in the year immediately preceding their participation. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of ((fifteen)) 15 learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(iii) For the 2024-25 and 2025-26 school years, allocations under (a)(i) of this subsection for school districts providing meals at no charge to students under section 2 of this act that are not participating, in whole or in part, in the United States department of agriculture's community eligibility provision shall be based on the school district percentage of students in grades K-12 who were eligible for free or reduced-price meals in school years 2019-20 through 2022-23 or the prior school year, whichever is greatest.

(iv) For the 2024-25 and 2025-26 school years, a school providing meals at no charge to students under section 2 of this act that is not participating in the department of agriculture's community eligibility provision continues to meet the definition of a qualifying school under (a)(ii) of this subsection if the school met the definition during one year of the 2019-20 through 2022-23 school years, or in the prior school year.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional

bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide resources to provide, on a statewide average, 4.7780 hours per week in extra instruction for students in grades kindergarten through six and 6.7780 hours per week in extra instruction for students in grades seven through ((twelve)) 12, with ((fifteen)) 15 transitional bilingual instruction program students per teacher. Notwithstanding other provisions of this subsection (10), the actual per-student allocation may be scaled to provide a larger allocation for students needing more intensive intervention and a commensurate reduced allocation for students needing less intensive intervention, as detailed in the omnibus appropriations act.

(ii) To provide supplemental instruction and services for students who have exited the transitional bilingual program, allocations shall be based on the head count number of students in each school who have exited the transitional bilingual program within the previous two years based on their performance on the English proficiency assessment and are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.040(1)(g). The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with ((fifteen)) 15 exited students per teacher.

(c) To provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, allocations shall be based on 5.0 percent of each school district's full-time equivalent basic education enrollment. The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part

of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

Sec. 6. RCW 28A.150.260 and 2022 c 109 s 4 are each amended to read as follows:

The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula for the distribution of a basic education instructional allocation for each common school district.

(2)(a) The distribution formula under this section shall be for allocation purposes only. Except as may be required under subsections (4)(b) and (c), (5)(b), and (9) of this section, chapter 28A.155, 28A.165, 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.

(b) To promote transparency in state funding allocations, the superintendent of public instruction must report state per-pupil allocations for each school district for the general apportionment, special education, learning assistance, transitional bilingual, highly capable, and career and technical education programs. The superintendent must report this information in a user-friendly format on the main page of the office's website. School districts must include a link to the superintendent's per-pupil allocations report on the main page of the school district's website. In addition, the budget documents published by the legislature for the enacted omnibus operating appropriations act must report statewide average per-pupil allocations for general apportionment and the categorical programs listed in this subsection.

(3)(a) To the extent the technical details of the formula have been adopted by the legislature and except when specifically provided as a school district allocation, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level

configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.

(b) For the purposes of this section, prototypical schools are defined as follows:

(i) A prototypical high school has ((six hundred)) 600 average annual full-time equivalent students in grades nine through ((twelve)) 12;

(ii) A prototypical middle school has ((four hundred thirty-two)) 432 average annual full-time equivalent students in grades seven and eight; and

(iii) A prototypical elementary school has ((four hundred)) 400 average annual full-time equivalent students in grades kindergarten through six.

(4)(a)(i) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on the following general education average class size of full-time equivalent students per teacher:

General education average class size	
Grades K-3	17.00
Grade 4	27.00
Grades 5-6	27.00
Grades 7-8	28.53
Grades 9-12	28.74

(ii) The minimum class size allocation for each prototypical high school shall also provide for enhanced funding for class size reduction for two laboratory science classes within grades nine through ((twelve)) 12 per full-time equivalent high school student multiplied by a laboratory science course factor of 0.0833, based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours in RCW 28A.150.220, and providing at least one teacher planning period per school day:

Laboratory science average class size	
Grades 9-12	19.98

(b)(i) Beginning September 1, 2019, funding for average K-3 class sizes in this subsection (4) may be provided only to the extent of, and proportionate to, the school district's demonstrated actual class size in grades K-3, up to the funded class sizes.

(ii) The office of the superintendent of public instruction shall develop rules to implement this subsection (4)(b).

(c)(i) The minimum allocation for each prototypical middle and high school shall also provide for full-time equivalent classroom teachers based on the following number of full-time equivalent students per teacher in career and technical education:

Career and technical education average class size	
Approved career and technical education offered at the middle school and high school level	23.00
Skill center programs meeting the standards established by the office of the superintendent of public instruction	19.00

(ii) Funding allocated under this subsection (4)(c) is subject to RCW 28A.150.265.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than ((fifty)) 50 percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5)(a) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

	Elementary School	Middle School	High School
Principals, assistant principals, and other certificated building-level administrators	1.253	1.3 53	1.8 80
Teacher-librarians, a function that includes information literacy, technology, and media to support school library media programs	0.663	0.5 19	0.5 23

Classified staff providing student and staff safety	0.079	0.0 92	0.1 41
Parent involvement coordinators	0.0825	0.0 0	0.0 0

(b)(i) The superintendent may only allocate funding, up to the combined minimum allocations, for nurses, social workers, psychologists, counselors, classified staff providing student and staff safety, and parent involvement coordinators under (a) of this subsection to the extent of and proportionate to a school district's demonstrated actual ratios of: Full-time equivalent physical, social, and emotional support staff to full-time equivalent students.

A school continues to meet the definition of a qualifying school if the school: Participates in the United States department of agriculture's community eligibility provision; and met the definition of a qualifying school in the year immediately preceding their participation. The minimum allocation for this additional high poverty-based allocation must provide for each level of prototypical school resources to provide, on a statewide average, 1.1 hours per week in extra instruction with a class size of ((fifteen)) 15 learning assistance program students per teacher, under RCW 28A.165.055, school districts must distribute the high poverty-based allocation to the schools that generated the funding allocation.

(iv) For the 2024-25 and 2025-26 school years, a school providing meals at no charge to students under section 2 of this act that is not participating in the department of agriculture's community eligibility provision continues to meet the definition of a qualifying school under (a)(ii) of this subsection if the school met the definition during one year of the 2019-20 through 2022-23 school years, or in the prior school year.

(b)(i) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the head count number of students in each school who are eligible for and enrolled in the transitional

The minimum allocation for each prototypical school shall provide resources to provide, on a statewide average, 3.0 hours per week in extra instruction with ((fifteen)) 15 exited students per teacher.

The minimum allocation for the programs shall provide resources to provide, on a statewide average, 2.1590 hours per week in extra instruction with fifteen highly capable program students per teacher.

(11) The allocations under subsections (4)(a), (5), (6), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.

(12)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (4) and (10) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (4), (7), and (9) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(13)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature.

(b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect.

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month, including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction and shall be included as part

of the superintendent's biennial budget request. The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ways and means committee and the senate ways and means committee.

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

MOTION

Senator Cleveland moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 48.43 RCW to read as follows:

(1) Each carrier offering a health plan issued or renewed on or after January 1, 2024, shall comply with the following standards related to prior authorization for health care services and prescription drugs:

(a) The carrier shall meet the following time frames for prior authorization determinations and notifications to a participating provider or facility that submits the prior authorization request through an electronic prior authorization process, as designated by each carrier:

(i) For electronic standard prior authorization requests, the carrier shall make a decision and notify the provider or facility of the results of the decision within three calendar days, excluding holidays, of submission of an electronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the carrier to make a decision, the carrier shall request any additional information from the provider or facility within one calendar day of submission of the electronic prior authorization request.

(ii) For electronic expedited prior authorization requests, the carrier shall make a decision and notify the provider or facility of the results of the decision within one calendar day of submission of an electronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the carrier to make a decision, the carrier shall request any

additional information from the provider or facility within one calendar day of submission of the electronic prior authorization request.

(b) The carrier shall meet the following time frames for prior authorization determinations and notifications to a participating provider or facility that submits the prior authorization request through a process other than an electronic prior authorization process:

(i) For nonelectronic standard prior authorization requests, the carrier shall make a decision and notify the provider or facility of the results of the decision within five calendar days of submission of a nonelectronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the carrier to make a decision, the carrier shall request any additional information from the provider or facility within five calendar days of submission of the nonelectronic prior authorization request.

(ii) For nonelectronic expedited prior authorization requests, the carrier shall make a decision and notify the provider or facility of the results of the decision within two calendar days of submission of a nonelectronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the carrier to make a decision, the carrier shall request any additional information from the provider or facility within one calendar day of submission of the nonelectronic prior authorization request.

(c) In any instance in which a carrier has determined that a provider or facility has not provided sufficient information for making a determination under (a) and (b) of this subsection, a carrier may establish a specific reasonable time frame for submission of the additional information. This time frame must be communicated to the provider and enrollee with a carrier's request for additional information.

(d) The carrier's prior authorization requirements must be described in detail and written in easily understandable language. The carrier shall make its most current prior authorization requirements and restrictions, including the written clinical review criteria, available to providers and facilities in an electronic format upon request. The prior authorization requirements must be based on peer-reviewed clinical review criteria. The clinical review criteria must be evidence-based criteria and must accommodate new and emerging information related to the appropriateness of clinical criteria with respect to black and indigenous people, other people of color, gender, and underserved populations. The clinical review criteria must be evaluated and updated, if necessary, at least annually.

(2)(a) Each carrier shall build and maintain a prior authorization application programming interface that automates the process for in-network providers to determine whether a prior authorization is required for health care services, identify prior authorization information and documentation requirements, and facilitate the exchange of prior authorization requests and determinations from its electronic health records or practice management system. The application programming interface must support the exchange of prior authorization requests and determinations for health care services beginning January 1, 2025, and must:

(i) Use health level 7 fast health care interoperability resources in accordance with standards and provisions defined in 45 C.F.R. Sec. 170.215 and 45 C.F.R. Sec. 156.22(3)(b);

(ii) Automate the process to determine whether a prior authorization is required for durable medical equipment or a health care service;

(iii) Allow providers to query the carrier's prior authorization documentation requirements;

(iv) Support an automated approach using nonproprietary open workflows to compile and exchange the necessary data elements to populate the prior authorization requirements that are compliant with the federal health insurance portability and accountability act of 1996 or have an exception from the federal centers for medicare and medicaid services; and

(v) Indicate that a prior authorization denial or authorization of a service less intensive than that included in the original request is an adverse benefit determination and is subject to the carrier's grievance and appeal process under RCW 48.43.535.

(b) Each carrier shall establish and maintain an interoperable electronic process or application programming interface that automates the process for in-network providers to determine whether a prior authorization is required for a covered prescription drug. The application programming interface must support the exchange of prior authorization requests and determinations for prescription drugs, including information on covered alternative prescription drugs, beginning January 1, 2027, and must:

(i) Allow providers to identify prior authorization information and documentation requirements;

(ii) Facilitate the exchange of prior authorization requests and determinations from its electronic health records or practice management system, and may include the necessary data elements to populate the prior authorization requirements that are compliant with the federal health insurance portability and accountability act of 1996 or have an exception from the federal centers for medicare and medicaid services; and

(iii) Indicate that a prior authorization denial or authorization of a drug other than the one included in the original prior authorization request is an adverse benefit determination and is subject to the carrier's grievance and appeal process under RCW 48.43.535.

(c) If federal rules related to standards for using an application programming interface to communicate prior authorization status to providers are not finalized by the federal centers for medicare and medicaid services by September 13, 2023, the requirements of (a) of this subsection may not be enforced until January 1, 2026.

(d)(i) If a carrier determines that it will not be able to satisfy the requirements of (a) of this subsection by January 1, 2025, the carrier shall submit a narrative justification to the commissioner on or before September 1, 2024, describing:

(A) The reasons that the carrier cannot reasonably satisfy the requirements;

(B) The impact of noncompliance upon providers and enrollees;

(C) The current or proposed means of providing health information to the providers; and

(D) A timeline and implementation plan to achieve compliance with the requirements.

(ii) The commissioner may grant a one-year delay in enforcement of the requirements of (a) of this subsection (2) if the commissioner determines that the carrier has made a good faith effort to comply with the requirements.

(iii) This subsection (2)(d) shall not apply if the delay in enforcement in (c) of this subsection takes effect because the federal centers for medicare and medicaid services did not finalize the applicable regulations by September 13, 2023.

(e) By September 13, 2023, and at least every six months thereafter until September 13, 2026, the commissioner shall provide an update to the health care policy committees of the legislature on the development of rules and implementation

NINETY THIRD DAY, APRIL 11, 2023

guidance from the federal centers for medicare and medicaid services regarding the standards for development of application programming interfaces and interoperable electronic processes related to prior authorization functions. The updates should include recommendations, as appropriate, on whether the status of the federal rule development aligns with the provisions of this act. The commissioner also shall report on any actions by the federal centers for medicare and medicaid services to exercise enforcement discretion related to the implementation and maintenance of an application programming interface for prior authorization functions. The commissioner shall consult with the health care authority, carriers, providers, and consumers on the development of these updates and any recommendations.

(3) Nothing in this section applies to prior authorization determinations made pursuant to RCW 48.43.761.

(4) For the purposes of this section:

If insufficient information has been provided to the health plan to make a decision, the health plan shall request any additional information from the provider or facility within one calendar day of submission of the electronic prior authorization request.

(ii) For electronic expedited prior authorization requests, the health plan shall make a decision and notify the provider or facility of the results of the decision within one calendar day of submission of an electronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the health plan to make a decision, the health plan shall request any additional information from the provider or

facility within one calendar day of submission of the electronic prior authorization request.

(b) The health plan shall meet the following time frames for prior authorization determinations and notifications to a participating provider or facility that submits the prior authorization request through a process other than an electronic prior authorization process described in subsection (2) of this section:

(i) For nonelectronic standard prior authorization requests, the health plan shall make a decision and notify the provider or facility of the results of the decision within five calendar days of submission of a nonelectronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the health plan to make a decision, the health plan shall request any additional information from the provider or facility within five calendar days of submission of the nonelectronic prior authorization request.

(ii) For nonelectronic expedited prior authorization requests, the health plan shall make a decision and notify the provider or facility of the results of the decision within two calendar days of submission of a nonelectronic prior authorization request by the provider or facility that contains the necessary information to make a determination. If insufficient information has been provided to the health plan to make a decision, the health plan shall request any additional information from the provider or facility within one calendar day of submission of the nonelectronic prior authorization request.

(c) In any instance in which the health plan has determined that a provider or facility has not provided sufficient information for making a determination under (a) and (b) of this subsection, the health plan may establish a specific reasonable time frame for submission of the additional information. This time frame must be communicated to the provider and enrollee with the health plan's request for additional information.

(d) The prior authorization requirements of the health plan must be described in detail and written in easily understandable language. The health plan shall make its most current prior authorization requirements and restrictions, including the written clinical review criteria, available to providers and facilities in an electronic format upon request. The prior authorization requirements must be based on peer-reviewed clinical review criteria. The clinical review criteria must be evidence-based criteria and must accommodate new and emerging information related to the appropriateness of clinical criteria with respect to black and indigenous people, other people of color, gender, and underserved populations. The clinical review criteria must be evaluated and updated, if necessary, at least annually.

(2)(a) Each health plan offered to public employees, retirees, and their covered dependents under this chapter shall build and maintain a prior authorization application programming interface that automates the process for in-network providers to determine whether a prior authorization is required for health care services, identify prior authorization information and documentation requirements, and facilitate the exchange of prior authorization requests and determinations from its electronic health records or practice management system. The application programming interface must support the exchange of prior authorization requests and determinations for health care services beginning January 1, 2025, and must:

(i) Use health level 7 fast health care interoperability resources in accordance with standards and provisions defined in 45 C.F.R. Sec. 170.215 and 45 C.F.R. Sec. 156.22(3)(b);

(v) Indicate that a prior authorization denial or authorization of a service less intensive than that included in the original request is an adverse benefit determination and is subject to the health plan's grievance and appeal process under RCW 48.43.535.

(b) Each health plan offered to public employees, retirees, and their covered dependents under this chapter shall establish and maintain an interoperable electronic process or application programming interface that automates the process for in-network providers to determine whether a prior authorization is required for a covered prescription drug. The application programming interface must support the exchange of prior authorization requests and determinations for prescription drugs, including information on covered alternative prescription drugs, beginning January 1, 2027, and must:

(i) Allow providers to identify prior authorization information and documentation requirements;

(ii) Facilitate the exchange of prior authorization requests and determinations from its electronic health records or practice management system, and may include the necessary data elements to populate the prior authorization requirements that are compliant with the federal health insurance portability and accountability act of 1996 or have an exception from the federal centers for medicare and medicaid services; and

(iii) Indicate that a prior authorization denial or authorization of a drug other than the one included in the original prior authorization request is an adverse benefit determination and is subject to the health plan's grievance and appeal process under RCW 48.43.535.

(c) If federal rules related to standards for using an application programming interface to communicate prior authorization status to providers are not finalized by the federal centers for medicare and medicaid services by September 13, 2023, the requirements of (a) of this subsection may not be enforced until January 1, 2026.

(d)(i) If the health plan determines that it will not be able to satisfy the requirements of (a) of this subsection by January 1, 2025, the health plan shall submit a narrative justification to the authority on or before September 1, 2024, describing:

(A) The reasons that the health plan cannot reasonably satisfy the requirements;

(C) The current or proposed means of providing health information to the providers; and

(D) A timeline and implementation plan to achieve compliance with the requirements.

(ii) The authority may grant a one-year delay in enforcement of the requirements of (a) of this subsection (2) if the authority determines that the health plan has made a good faith effort to comply with the requirements.

(iii) This subsection (2)(d) shall not apply if the delay in enforcement in (c) of this subsection takes effect because the federal centers for medicare and medicaid services did not finalize the applicable regulations by September 13, 2023.

(3) Nothing in this section applies to prior authorization determinations made pursuant to RCW 41.05.526.

(4) For the purposes of this section:

MOTION

Senator Wilson, C. moved that the following committee striking amendment by the Committee on Human Services be adopted:

Strike everything after the enacting clause and insert the following:

NINETY THIRD DAY, APRIL 11, 2023

"Sec. 1. RCW 74.04.805 and 2022 c 208 s 1 are each amended to read as follows:

(1) The department is responsible for determining eligibility for referral for essential needs and housing support under RCW 43.185C.220. Persons eligible for a referral are persons who:

(a) Have been determined to be eligible for the aged, blind, or disabled assistance program under RCW 74.62.030 or the pregnant women assistance program under RCW 74.62.030, or are incapacitated from gainful employment by reason of bodily or mental infirmity that will likely continue for a minimum of ~~((ninety))~~ 90 days. The standard for incapacity in this subsection, as evidenced by the ~~((ninety-day))~~ 90-day duration standard, is not intended to be as stringent as federal supplemental security income disability standards;

(b) Are citizens or aliens lawfully admitted for permanent residence or otherwise residing in the United States under color of law, or are victims of human trafficking as defined in RCW 74.04.005;

(c)(i) Have furnished the department with their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number must be made prior to authorization of benefits, and the social security number must be provided to the department upon receipt;

(ii) This requirement does not apply to victims of human trafficking as defined in RCW 74.04.005 if they have not been issued a social security number;

(d)(i) Have countable income as described in RCW 74.04.005 ~~((at or below four hundred twenty eight dollars for a married couple or at or below three hundred thirty nine dollars for a single individual))~~ that meets the standard established by the department, which shall not exceed 100 percent of the federal poverty level; or

(ii) Have income that meets the standard established by the department, who are eligible for the pregnant women assistance program;

(e) Do not have countable resources in excess of those described in RCW 74.04.005; and

(f) Are not eligible for federal aid assistance, other than basic food benefits transferred electronically and medical assistance.

~~(2) ((Recipients of aged, blind, or disabled assistance program benefits who meet other eligibility requirements in this section are eligible for a referral for essential needs and housing support services within funds appropriated for the department of commerce.~~

~~(3))~~ Recipients of pregnant women assistance program benefits who meet other eligibility requirements in this section are eligible for referral for essential needs and housing support services, within funds appropriated for the department of commerce, for ~~((twenty-four))~~ 24 consecutive months from the date the department determines pregnant women assistance program eligibility.

~~((4))~~ (3) The following persons are not eligible for a referral for essential needs and housing support:

(a) Persons who refuse or fail to cooperate in obtaining federal aid assistance, without good cause;

(b) Persons who refuse or fail without good cause to participate in substance use treatment if an assessment by a certified substance use disorder professional indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in substance use treatment, when needed outpatient treatment is not available to the person in the county of their residence ~~((or))~~, when needed inpatient treatment is not available in a location that is reasonably

accessible for the person, or when the person is a parent or other relative personally providing care for a minor child or an incapacitated individual living in the same home as the person, and child care or day care would be necessary for the person to participate in substance use disorder treatment, and such care is not available; and

(c) Persons who are fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a felony, under the laws of the state of Washington or the place from which the person flees; or who are violating a condition of probation, community supervision, or parole imposed under federal or state law for a felony or gross misdemeanor conviction.

~~((5))~~ (4) For purposes of determining whether a person is incapacitated from gainful employment under subsection (1) of this section:

(a) The department shall adopt by rule medical criteria for incapacity determinations to ensure that eligibility decisions are consistent with statutory requirements and are based on clear, objective medical information; and

(b) The process implementing the medical criteria must involve consideration of opinions of the treating or consulting physicians or health care professionals regarding incapacity, and any eligibility decision which rejects uncontroverted medical opinion must set forth clear and convincing reasons for doing so.

~~((6))~~ (5) For purposes of reviewing a person's continuing eligibility and in order to remain eligible for the program, persons who have been found to have an incapacity from gainful employment must demonstrate that there has been no material improvement in their medical or mental health condition. The department may discontinue benefits when there was specific error in the prior determination that found the person eligible by reason of incapacitation.

~~((7))~~ (6) The department must review the cases of all persons who have received benefits under the essential needs and housing support program for twelve consecutive months, and at least annually after the first review, to determine whether they are eligible for the aged, blind, or disabled assistance program.

(7) The department shall share client data for individuals eligible for essential needs and housing support with the department of commerce and designated essential needs and housing support entities as required under RCW 43.185C.230.

Sec. 2. RCW 74.62.005 and 2011 1st sp.s. c 36 s 1 are each amended to read as follows:

(1) The legislature finds that:

(a) Persons who have a long-term disability and apply for federal supplemental security income benefits should receive assistance while their application for federal benefits is pending ~~((with repayment from the federal government of state funded income assistance paid through the aged, blind, or disabled assistance program));~~

(b) Persons who are incapacitated from gainful employment for an extended period, but who may not meet the level of severity of a long-term disability, are at increased risk of homelessness; and

(c) Persons who are homeless and suffering from significant medical impairments, mental illness, or ~~((chemical dependency))~~ substance use disorder face substantial barriers to successful participation in, and completion of, needed medical or behavioral health treatment services. Stable housing increases the likelihood of compliance with and completion of treatment.

(2) Through chapter 36, Laws of 2011 1st sp. sess., the legislature intends to:

(a) Terminate all components of the disability lifeline program created in 2010 and codified in RCW 74.04.005 and create new

programs: (i) To provide financial grants through the aged, blind, ~~((and for))~~ or disabled assistance program and the pregnant women assistance program; and (ii) to provide services through the essential needs and housing support program; and

(b) Increase opportunities to utilize limited public funding, combined with private charitable and volunteer efforts to serve persons who are recipients of the benefits provided by the new programs created under chapter 36, Laws of 2011 1st sp. sess.

Sec. 3. RCW 74.62.030 and 2022 c 208 s 2 are each amended to read as follows:

(1)(a) The aged, blind, or disabled assistance program shall provide financial grants to persons in need who:

(i) Are not eligible to receive ~~((federal aid assistance, other than basic food benefits transferred electronically and medical assistance))~~ supplemental security income, refugee cash assistance, temporary assistance for needy families, or state family assistance benefits;

(ii) Meet the eligibility requirements of subsection (3) of this section; and

(iii) Are aged, blind, or disabled. For purposes of determining eligibility for assistance for the aged, blind, or disabled assistance program, the following definitions apply:

(A) "Aged" means age ~~((sixty-five))~~ 65 or older.

(B) "Blind" means statutorily blind as defined for the purpose of determining eligibility for the federal supplemental security income program.

(C) "Disabled" means likely to meet the federal supplemental security income disability standard. In making this determination, the department should give full consideration to the cumulative impact of an applicant's multiple impairments, an applicant's age, and vocational and educational history.

In determining whether a person is disabled, the department may rely on, but is not limited to, the following:

(I) A previous disability determination by the social security administration or the disability determination service entity within the department; or

(II) A determination that an individual is eligible to receive optional categorically needy medicaid as a disabled person under the federal regulations at 42 C.F.R. Parts 435, Secs. 201(a)(3) and 210.

(b) The following persons are not eligible for the aged, blind, or disabled assistance program:

(i) Persons who are not able to engage in gainful employment due primarily to a substance use disorder. These persons shall be referred to appropriate assessment, treatment, or shelter services. Referrals shall be made at the time of application or at the time of eligibility review. This subsection may not be construed to prohibit the department from granting aged, blind, or disabled assistance benefits to persons with a substance use disorder who are incapacitated due to other physical or mental conditions that meet the eligibility criteria for the aged, blind, or disabled assistance program; or

(ii) Persons for whom there has been a final determination of ineligibility based on age, blindness, or disability for federal supplemental security income benefits.

(c) Persons may receive aged, blind, or disabled assistance benefits and essential needs and housing program support under RCW 43.185C.220 concurrently while pending application for federal supplemental security income benefits. ~~((The monetary value of any aged, blind, or disabled assistance benefit that is subsequently duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due the state and shall by operation of law be subject to recovery through all available legal remedies.))~~ Effective October 1, 2025, a person's receipt of supplemental security income received for

the same period as aged, blind, or disabled program assistance as described in this section shall not be considered a debt due to the state and is not subject to recovery. However, the monetary value of aged, blind, or disabled cash assistance paid prior to October 1, 2025, that is duplicated by the person's receipt of supplemental security income for the same period shall be considered a debt due to the state and shall by operation of law be subject to recovery through all available legal remedies.

(2) The pregnant women assistance program shall provide financial grants to persons who:

(a) ~~((Are not eligible to receive federal aid assistance other than basic food benefits or medical assistance; and~~

~~((b)))~~ Are pregnant and in need, based upon the current income and resource standards of the federal temporary assistance for needy families program, but are ineligible for federal temporary assistance for needy families or state family assistance benefits for a reason other than failure to cooperate in program requirements; and

(b) Meet the income and resource standards described in RCW 74.04.805(1) (d) and (e);

(c)(i) Have furnished the department with their social security number. If the social security number cannot be furnished because it has not been issued or is not known, an application for a number shall be made prior to authorization of benefits, and the social security number shall be provided to the department upon receipt;

(ii) This requirement does not apply to victims of human trafficking as defined in RCW 74.04.005 if they have not been issued a social security number;

(d) Not have refused or failed without good cause to participate in substance use treatment if an assessment by a certified substance use disorder professional indicates a need for such treatment. Good cause must be found to exist when a person's physical or mental condition, as determined by the department, prevents the person from participating in substance use treatment, when needed outpatient treatment is not available to the person in the county of their residence ~~((or)),~~ when needed inpatient treatment is not available in a location that is reasonably accessible for the person, or when the person is a parent or other relative personally providing care for a minor child or an incapacitated individual living in the same home as the person, and child care or day care would be necessary for the person to participate in substance use disorder treatment, and such care is not available; and

(e) Not have refused or failed to cooperate in obtaining federal aid assistance, without good cause.

(4) Referrals for essential needs and housing support under RCW 43.185C.220 shall be provided to persons found eligible under RCW 74.04.805.

(5) No person may be considered an eligible individual for benefits under this section with respect to any month if during that month the person:

(a) Is fleeing to avoid prosecution of, or to avoid custody or confinement for conviction of, a felony, or an attempt to commit a

ENGROSSED HOUSE BILL NO. 1324, by Representatives Hackney, Senn, Simmons, Reed, Lekanoff, Doglio, Pollet and Macri

Concerning the scoring of prior juvenile offenses in sentencing range calculations.

The measure was read the second time.

MOTION

Senator Dhingra moved that the following committee striking amendment by the Committee on Law & Justice be adopted:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature intends to:

(1) Give real effect to the juvenile justice system's express goals of rehabilitation and reintegration;

(2) Bring Washington in line with the majority of states, which do not consider prior juvenile offenses in sentencing range calculations for adults;

(3) Recognize the expansive body of scientific research on brain development, which shows that adolescent's perception, judgment, and decision making differs significantly from that of adults;

(4) Facilitate the provision of due process by granting the procedural protections of a criminal proceeding in any adjudication which may be used to determine the severity of a criminal sentence; and

(5) Recognize how grave disproportionality within the juvenile legal system may subsequently impact sentencing ranges in adult court.

Sec. 2. RCW 9.94A.525 and 2021 c 215 s 100 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1)(a) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(b) For the purposes of this section, adjudications of guilt pursuant to Title 13 RCW which are not murder in the first or second degree or class A felony sex offenses may not be included in the offender score.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6))

or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all predicate crimes for the offense as defined by RCW 46.61.5055(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both prior adult convictions and prior juvenile (prior convictions) adjudications.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Neither out-of-state adjudications or convictions for juvenile offenses which are not murder in the first or second degree or class A felony sex offenses, nor federal convictions for juvenile offenses which are not murder in the first or second degree or class A felony sex offenses may be included in the offender score. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior ((adult)) offenses for which sentences were served concurrently ((~~or prior juvenile offenses for which sentences were served consecutively~~)), whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all ((adult)) convictions or adjudications served concurrently as one offense(~~, and count all juvenile convictions entered on the same date as one offense~~). Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing

of the sentences was not the result of a probation or parole revocation on the former offense.

(6) If the present conviction is one of the anticipatory offenses of criminal attempt, solicitation, or conspiracy, count each prior conviction as if the present conviction were for a completed offense. When these convictions are used as criminal history, score them the same as a completed crime.

(7) If the present conviction is for a nonviolent offense and not covered by subsection (11), (12), or (13) of this section, count one point for each ((adult)) prior felony conviction (~~and one point for each juvenile prior violent felony conviction and 1/2 point for each juvenile prior nonviolent felony conviction~~).

(8) If the present conviction is for a violent offense and not covered in subsection (9), (10), (11), (12), or (13) of this section, count two points for each prior ((adult and juvenile)) violent felony conviction, and one point for each prior ((adult)) nonviolent felony conviction(~~, and 1/2 point for each prior juvenile nonviolent felony conviction~~).

(9) If the present conviction is for a serious violent offense, count three points for prior ((adult and juvenile)) convictions for crimes in this category, two points for each prior ((adult and juvenile)) violent conviction (not already counted), and one point for each prior ((adult)) nonviolent felony conviction(~~, and 1/2 point for each prior juvenile nonviolent felony conviction~~).

(10) If the present conviction is for Burglary 1, count prior convictions as in subsection (8) of this section; however count two points for each prior ((adult)) Burglary 2 or residential burglary conviction(~~, and one point for each prior juvenile Burglary 2 or residential burglary conviction~~).

(11) If the present conviction is for a felony traffic offense count two points for each ((adult or juvenile)) prior conviction for Vehicular Homicide or Vehicular Assault; for each felony offense count one point for each ((adult and 1/2 point for each juvenile)) prior conviction; for each serious traffic offense, other than those used for an enhancement pursuant to RCW 46.61.520(2), count one point for each ((adult and 1/2 point for each juvenile)) prior conviction; count one point for each ((adult and 1/2 point for each juvenile)) prior conviction for operation of a vessel while under the influence of intoxicating liquor or any drug.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each ((adult or juvenile)) prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each ((adult and 1/2 point for each juvenile)) prior conviction; count one point for each ((adult and 1/2 point for each juvenile)) prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each ((adult)) prior manufacture of methamphetamine conviction (~~and two points for each juvenile manufacture of methamphetamine offense~~). If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each ((adult)) prior felony drug offense conviction (~~and two points for each juvenile drug offense~~). All other ((adult and juvenile)) felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in

NINETY THIRD DAY, APRIL 11, 2023

the offender score. Count ~~((adult))~~ prior escape convictions as one point ~~((and juvenile prior escape convictions as 1/2 point))~~.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count ~~((adult))~~ prior convictions as one point ~~((and juvenile prior convictions as 1/2 point))~~.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each ~~((adult and juvenile))~~ prior Burglary 1 conviction, and two points for each ~~((adult))~~ prior Burglary 2 or residential burglary conviction ~~((and one point for each juvenile prior Burglary 2 or residential burglary conviction))~~.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult prior sex offense conviction and juvenile prior class A felony sex offense ~~((conviction))~~ adjudication.

(18) If the present conviction is for failure to register as a sex offender under RCW 9A.44.130 or 9A.44.132, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each ~~((adult and juvenile))~~ prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW 9A.44.130 or 9A.44.132, which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count priors as in subsections (7) through (18) of this section; however count one point for prior convictions of Vehicle Prowling 2, and three points for each ~~((adult and juvenile))~~ prior Theft 1 (of a motor vehicle), Theft 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2 conviction.

(21) If the present conviction is for a felony domestic violence offense where domestic violence as defined in RCW 9.94A.030 was pleaded and proven, count priors as in subsections (7) through (20) of this section; however, count points as follows:

(a) Count two points for each ~~((adult))~~ prior conviction where domestic violence as defined in RCW 9.94A.030 was pleaded and proven after August 1, 2011, for any of the following offenses: A felony violation of a no-contact or protection order (RCW 7.105.450 or former RCW 26.50.110), felony Harassment (RCW 9A.46.020(2)(b)), felony Stalking (RCW 9A.46.110(5)(b)), Burglary 1 (RCW 9A.52.020), Kidnapping 1 (RCW 9A.40.020), Kidnapping 2 (RCW 9A.40.030), Unlawful imprisonment (RCW 9A.40.040), Robbery 1 (RCW 9A.56.200), Robbery 2 (RCW 9A.56.210), Assault 1 (RCW 9A.36.011), Assault 2 (RCW 9A.36.021), Assault 3 (RCW 9A.36.031), Arson 1 (RCW 9A.48.020), or Arson 2 (RCW 9A.48.030);

(22) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. Prior convictions that were not counted in the offender score or included in criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions. SUBSTITUTE HOUSE BILL NO. 1117, by House Committee on Environment & Energy (originally sponsored by Mosbrucker, Dye, Leavitt, Schmidt, Christian and Walsh)

Addressing the extent to which Washington residents are at risk of rolling blackouts and power supply inadequacy events.

The measure was read the second time.

MOTION

Senator MacEwen moved that the following committee striking amendment by the Committee on Environment, Energy & Technology be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that the electric grid is undergoing profound changes. Due to decreasing costs of renewable generation and policies like the clean energy transformation act, the grid is gradually evolving from one built to deliver to the customer electricity from centralized electric generation plants to one with variable energy resources like wind turbines and solar panels dispersed geographically across a broad landscape. As described in the 2021 Washington state energy strategy, the grid that our region is transitioning to will require greater transmission capacity and make greater use of energy storage and customer-side resources to manage the generation on the supply side.

As clean electricity replaces fossil fuels in the state's economy, the transmission and distribution infrastructure, the sticks and wires of the grid, must meet increasingly complex service requirements and loads. The changing demand includes, but is not limited to, population changes, vehicle charging, serving other specialized technology that requires high power quality, electrification of building-related end uses now served by fossil fuels, electricity deployed on the customer side of the meter through net metering, community solar programs, and the growth of demand response programs.

Further, the clean energy transformation act requires that utilities making investments in new resources after May 2019, rely on energy efficiency, demand response, renewable resources, and energy storage to the maximum extent feasible, while transitioning away from coal and natural gas-fired generation. Electric utilities are actively working to ensure resource adequacy through the development of explicit resource adequacy standards and a standardized resource adequacy program. This work is ongoing and should result in a binding and enforceable program with a robust public oversight mechanism. Understanding and addressing any energy adequacy challenges created by a deeply

decarbonized grid is key to keeping the state's supply of electricity reliable.

Sec. 2. RCW 19.280.065 and 2020 c 63 s 2 are each amended to read as follows:

(1) At least once every twelve months, the department and the commission shall jointly convene a meeting of representatives of the investor-owned utilities and consumer-owned utilities, regional planning organizations, transmission operators, energy analytics experts at Pacific Northwest national laboratory, and other stakeholders to discuss the current, short-term, and long-term adequacy of energy resources to serve the state's electric needs, and address specific steps the utilities can take to coordinate planning in light of the significant changes to the Northwest's power system including, but not limited to, technological developments, retirements of legacy baseload power generation resources, and changes in laws and regulations affecting power supply options. The department and commission shall provide a summary of these meetings, including any specific action items, to the governor and legislature within sixty days of the meeting.

(2) In 2023, the meeting convened by the department and the commission pursuant to subsection (1) of this section must address strategies to ensure power supply adequacy to avoid the risk of rolling blackouts. The meeting must also focus discussion on the extent to which proposed laws and regulations may require new state policy for resource adequacy. The stakeholder meeting should seek to identify regulatory and statutory incentives to enhance and ensure resource adequacy and reliability. If regional energy analytics capability is established at Pacific Northwest national laboratory, the department and the commission must invite the Pacific Northwest national laboratory to the meeting to provide relevant analytics to inform the discussion.

(3) This section expires January 1, ~~((2025))~~ 2031."

SECOND READING

SECOND SUBSTITUTE HOUSE BILL NO. 1578, by House Committee on Appropriations (originally sponsored by Springer, Kretz, Reeves, Leavitt, Ramel, Lekanoff, Reed, Pollet and Kloba)

Improving community preparedness, response, recovery, and resilience to wildland fire health and safety impacts in areas of increasing population density, including in the wildland urban interface.

The measure was read the second time.

MOTION

Senator Pedersen moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes that, just as the forests on the east side of the state are being impacted by climate change, western Washington forests, too, are seeing increasing vulnerabilities to forest health and resilience. The frequency and severity of wildfires, resulting smoke incursions, and postfire flash floods and debris flow in areas of increasing population density are expected to intensify in the years to come, fueled by drought, pests, and disease, and increasing temperatures.

(2) The legislature recognizes that communities within the wildland urban interface and in areas of high or growing population density are increasingly experiencing more frequent and severe wildfires, resulting smoke exposure, flash floods, and debris flow, and that this intensifies health and safety hazards for residents, infrastructure, and ecosystems.

(3) The legislature finds that lives, health, and infrastructure are endangered by unplanned wildland fires, associated smoke exposure, and postwildfire debris flow hazards in Washington state. Wildland fires come with cascading and multihazard impacts on air quality and the health of our residents. Therefore, investing in wildland fire community preparedness, recovery, and resilience provides important cobenefits that will improve the health and safety of residents, infrastructure, and ecosystems in forested and nonforested areas and will reduce the economic burden on local governments, organizations, communities, and the state.

(4) The legislature acknowledges that public health and emergency management preparedness aligns with the state's environmental justice goals, where programming and interventions support vulnerable populations and those living in

regions experiencing disproportionately high levels of wildfire, air pollutants, and smoke exposure.

(5) The legislature recognizes that there is a need for a comprehensive approach to public safety and health related to evacuation planning, emergency response and stabilization, creating resilience to wildfire smoke, and postfire landslide hazard identification and mitigation. A key priority during a wildfire response is engaging relevant evacuation and emergency response plans. A key priority in wildfire recovery is emergency stabilization to prevent increased damage to life, infrastructure, or natural resources, and longer-term stabilization and rehabilitation efforts may need to be continued for several years following a wildfire to prevent unacceptable and dangerous land and water degradation.

(6) The legislature recognizes that while smoke from wildland fires can affect individuals differently based on a multitude of different factors, the negative health effects of poor air quality are well established. A study led by the office of financial management and the department of ecology found that when air quality is categorized as "unhealthy," as compared to "good," due to wildfire smoke, there is a 24 percent increase in medical service claims related to asthma and a 12 percent increase in emergency department visits.

(7) The legislature finds that cross-agency emergency management planning and response that addresses wildland fires and related smoke is important to the health and safety of the residents of Washington. It is critical to provide timely smoke impact and forecast information and messaging to the public that is accessible and based on the best available science.

(8) The legislature recognizes that having clean and properly ventilated indoor air is important to protect the health of all residents. Those who experience acute or chronic health challenges are at greater risk of the effects of hazardous or polluted air. During wildfire events that lead to increased smoke in the ambient air, public health officials often recommend staying indoors and closing doors and windows. However, particularly on the western side of the state, many homes do not have air conditioning systems. Compared to nearly all other states, Washington homes have some of the fewest air conditioning systems. Accordingly, during the warmest days of summer, when wildfire events are most common, doors and windows are opened for ventilation purposes, which inadvertently allows smoke to enter the home and degrade indoor air quality.

(9) The legislature recognizes the work that the department of natural resources has done to implement RCW 76.04.505, and that, based on a robust prioritization process, the department of natural resources has focused a majority of its efforts to date on wildfire prevention and preparedness on the east side of the state.

(10) The legislature acknowledges that the department of natural resources' community resilience programming for community-level and property-level wildfire readiness has been successfully implemented in numerous counties throughout eastern Washington and that broadening the program statewide and incorporating smoke readiness programming will benefit communities, residents, and local governments facing growing wildfire-related risks.

(11) Therefore, the legislature finds that, given the increasing impacts on the rapidly growing wildland urban interface and in areas of increasing population density, the department of natural resources must now also accelerate efforts to address the threats facing them. This includes, but is not limited to, improving community preparedness, response, recovery, and resilience related to wildland fire, smoke, and postfire flash floods and debris flow.

NINETY THIRD DAY, APRIL 11, 2023

NEW SECTION. **Sec. 2.** A new section is added to chapter 76.04 RCW to read as follows:

(1)(a) The department must assess areas at significant risk for wildfire, by decade, for a period encompassing not less than 30 years. The assessment must include an analysis of the predicted climate influence on wildfire risk in the state and provide enough detail for landowners, the public, local governments, and tribal nations to develop strategies to address wildfire risk. The department must provide the first risk assessment to the appropriate committees of the legislature by July 1, 2027, covering a risk assessment period of July 1, 2027, through June 30, 2037. A subsequent decadal assessment is due to the appropriate committees of the legislature every 10 years thereafter. The department must also provide a mid-decade interim report to the appropriate committees of the legislature by July 1, 2032, and every 10 years thereafter.

(b) The department must coordinate with counties on an update to wildland urban interface maps consistent with RCW 43.30.580.

(2) The department, in consultation with the Washington military department emergency management division and the Washington state patrol, must cooperate with law enforcement, Indian tribes, emergency managers at the city and county level, and local fire protection districts to develop public safety evacuation strategies for areas identified in the respective decadal assessments as facing significant risk of wildfire. The department must provide support to help incorporate wildfire evacuation strategies within existing regional and local emergency response plans. Implementation of evacuation strategies remains under the authority of local law enforcement.

(3) The department must lead a project to provide emergency disaster and evacuation plan messaging and information to the public at department-managed recreation and outdoor access sites. Information must be displayed in an accessible manner, including in signage at trailheads, and be relevant to the area's particular natural disaster risk profile. The department must place particular emphasis on ensuring accessibility and accommodation needs of public visitors are reflected in planning, design, and information dissemination.

(4) Further, the department shall:

(a) Expand its community resilience and preparedness programming, for community-level and property-level wildfire readiness, and the associated supporting programs such as community resilience grants and service forestry, within the wildland urban interface in counties or regions of western Washington where risk of wildfires and smoke exposure exist as determined by the department;

(b) Participate in cross-agency emergency management planning and response efforts related to wildfire smoke plans developed under chapter 38.52 RCW. The department shall incorporate smoke readiness into community resilience programming and coordinate with state, county, federal agencies, and Indian tribes to collaboratively share information and guidance for Washington communities affected by wildfire smoke. This includes providing updated wildfire information to air quality and health agencies and to the public through online information sources.

(i) The department shall coordinate cross-agency and shall provide information to assess wildland fire smoke risks and impacts. Activities may include:

(A) Coordinating with the department of ecology, local clean air agencies, and the United States forest service to deploy temporary air monitors to assess smoke conditions during wildfires;

(B) Providing information to the department of ecology to continue to improve smoke modeling and forecasting tools and support regulatory compliance;

(C) Advancing science and conducting research on wildfire smoke event recurrence geographically, based on different forest types and incorporating this research into planning efforts; and

(D) Information dissemination to the public through online information sources.

(ii) The provisions of this section may not impact or prevent the implementation of prescribed burns to improve forest health and resiliency and reduce wildfire risks.

(iii) The department shall work cross-agency to address smoke risk to transportation safety and firefighter exposure to smoke.

(iv) The department, in collaboration with the departments of health and ecology, shall conduct community engagement and outreach related to wildfire smoke risks and impacts, particularly in regions of the state that experience disproportionately high levels of air contaminants and pollutants. Particular emphasis in outreach will be focused on overburdened populations, and vulnerable people, including outdoor workers, those older in age, those experiencing persistent health challenges, and those experiencing unstable housing arrangements;

(c) Leverage community resilience programming to ensure residents and community organizations are provided information about services and programs to improve indoor air quality in the home. This may include connecting residents with their local contracted weatherization agency, which may provide home weatherization services to eligible applicants and residents. Weatherization upgrades may save energy, reduce utility costs, and improve indoor air quality;

(d) By July 1, 2028, implement a postwildfire debris flow program. The department shall identify areas prone to hazards from postwildfire debris flows, assess burned areas to determine potential for increases in postwildfire debris flow hazards, improve modeling to determine triggers for postwildfire debris flow early warning for at-risk communities and infrastructure, and communicate to emergency managers, local governments, stakeholders, state agencies, and the public both for preparedness and response; and

(e) By December 30, 2027, have established a structure for a state sponsored burned area emergency stabilization and response team and make recommendations regarding the appropriate number of teams needed, the funding necessary to support team deployments, and the implementation of hazard mitigation. The department shall provide capacity-building to local communities to establish local teams. The purpose of the burned area emergency stabilization and response team is to determine the need for emergency postfire treatments for public safety and resource protection. The department must consult with emergency managers, the military department, and the Washington conservation commission when developing the organizational structure of the teams established in this section.

(5) The department, when acting in good faith in its implementation of this section, is carrying out duties owed to the public in general and not to any individual person or class of persons separate and apart from the public. Nothing contained in this section may be construed to evidence a legislative intent that the work of preparing for, responding to, or recovering from wildfire, smoke incursions, or postfire landslides is owed to any individual person or class of persons separate and apart from the public in general. This section does not alter the department's duties and responsibilities as a landowner.

(6) Until July 1, 2025, the assessments and reports required by this section are only intended to assist with improving community preparedness, response, recovery, and resilience to wildland fires

and are not intended and may not be used in the development of, or as the basis of, any regulations by a state agency or a local governmental entity.

NEW SECTION. Sec. 3. This act may be known and cited as the cascading impacts of wildfires act."

"NEW SECTION. Sec. 1. The legislature intends to create a new grant program through which small, financially distressed school districts that generally do not participate in the current school construction assistance program will be able to get the necessary funds to modernize or rebuild their school buildings.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.525 RCW to read as follows:

(1) Supplementary modernization and new construction grants and planning grants for financially distressed school districts must be awarded and determined in accordance with this section.

(2) Applicant eligibility criteria. Subject to subsection (4) of this section, only school districts that meet the following criteria are eligible for grants under this section:

(a) School districts that have a student headcount enrollment of 1,000 or fewer students; or

(b) School districts that have a student headcount enrollment of 3,000 or fewer students that meet the following additional criteria:

(i) The school district is located in an educational service district with rural communities that experience prohibitive access to skill centers or other workforce development facilities or programs;

(ii) The school district has been unable to secure voter approval to issue bonds for capital purposes in the prior 25 years and has had at least three bond measures rejected by voters in consecutive years during that 25-year period; and

(iii) The school district has instructional buildings that do not meet structural, capacity, environmental, or emergency requirements.

(3) Project eligibility criteria.

(a) Projects funded under this section must meet the following conditions: (i) Projects must comprehensively modernize or replace instructional buildings that are at least 30 years old and that are recorded as poor or unsatisfactory condition by the office of the superintendent of public instruction; and (ii) projects must not exceed 110 percent of the statewide average cost per square foot for new construction or modernization, as applicable, and as estimated by the advisory committee and approved by the office of the superintendent of public instruction.

(b) To meet the project eligibility criteria for comprehensive modernization specified under (a) of this subsection, projects must correct critical physical deficiencies and essential safety concerns, including: (i) Seismic vulnerabilities; (ii) failing or broken building and site systems; (iii) deficiencies of infrastructure and components; (iv) barriers to program accessibility; (v) deteriorated exterior conditions; and (vi) deficiencies in interior classroom spaces. Project approaches may include modernizing, repairing, reconfiguring, or replacing existing buildings, constructing new buildings, and upgrading deteriorated and outdated site infrastructure.

(c) School districts applying for a grant under this section must submit separate applications for each individual school.

(4) Other eligibility criteria. School districts with incomplete or outdated building inventories, natural hazard assessments, and condition information as required by the office of the

superintendent of public instruction are not eligible to apply for construction grants under this section but may apply for planning grants. Building inventory and condition information must be provided by an independent consultant certified by the office of the superintendent of public instruction. A seismic building assessment must be conducted by an engineer licensed as a structural engineer in Washington state.

(5) Eligible use of grants. A grant awarded pursuant to this section may only be used for the following purposes: (a) The collection of the required information in subsection (4) of this section; (b) all predesign and design costs including value engineering and constructability review; and (c) all related costs associated with the project except school district administration costs as determined by the office of the superintendent of public instruction.

(6) Required grant list.

(a) The superintendent of public instruction must propose a list of prioritized planning and construction grants pursuant to this section for school districts meeting the eligibility requirements established in subsection (2) of this section to the governor by September 1st of even-numbered years, beginning on September 1, 2024. This list must include: (i) A description of the proposed project; (ii) the proposed planning grant amount, when applicable; (iii) the proposed construction grant amount, when applicable; (iv) the anticipated school construction assistance program amount; (v) the anticipated local share of project cost; and (vi) the estimated total project cost.

(b) The superintendent of public instruction and the governor may determine the level of funding in their omnibus capital appropriations act requests to support grants under this section, but their funding requests must follow the prioritized list prepared by the advisory committee unless new information determines that a specific project is no longer viable as proposed.

(7) Planning grant requirements and prioritization. Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction must assist eligible school districts that are interested in applying for a construction grant under this section by providing technical assistance and planning grants. School districts seeking planning grants under this section must provide a brief statement describing existing school conditions, building system and site deficiencies, current and five-year projected student headcount enrollment, student achievement measures, and financial constraints. If applications for planning grants exceed funds available, the office of the superintendent of public instruction may prioritize planning grant requests with primary consideration given to school district financial capacity and facility conditions.

(8) Construction grant requirements and prioritization.

(a) School districts applying for a construction grant under this section must have received and completed a planning grant under subsection (7) of this section or have completed construction documents including drawings, specifications, total project cost estimates, contract and procurement requirements, and other materials required by the advisory committee, as part of the construction grant application process.

(b) Subject to the availability of amounts appropriated for this specific purpose, the advisory committee must prioritize applications from school districts with the lowest remaining debt capacity, most significant building deficiencies, and lowest head count enrollment. The advisory committee may weigh these factors as appropriate given the pool of applicants and the extent each factor deviates from the statewide average.

(9) Eligibility and prioritization recommendations. The advisory committee may propose changes to the eligibility threshold and grant application prioritization criteria to the

legislature as they learn more about the characteristics of school districts that are unable to replace or modernize their aging school facilities.

(10) Share of project costs. School districts receiving a grant under this section must provide a district share in accordance with the following requirements:

(a) Except as provided for under (b) and (c) of this subsection, to receive a grant under this section a school district must provide, for each grant awarded, a district share of project cost equal to at least 50 percent of the district's remaining debt capacity pursuant to RCW 39.36.020.

(b) To the extent that the district share requirement under (a) of this subsection would, at the time of application, require the estimated school district property tax rate increment associated with the grant to exceed a threshold of \$1.75 per \$1,000 of assessed property value, the office of the superintendent of public instruction must reduce the required district share to achieve an estimated property tax rate equal to this threshold.

(c) A school district may use federal funding, other nonstate grant funding, and private donations to pay for its share under this subsection. When calculating a district's share requirement under (a) of this subsection, the superintendent of public instruction must reduce the district's required share in a manner directly proportionate to the amount of nonstate and nonschool district funding provided to support the state grant.

(d) To determine the property tax rate threshold under (b) of this subsection, the office of the superintendent of public instruction must calculate the property tax rate increment associated with the grant based on the estimated annualized debt service costs for general obligation bonds issued with an average maturity of no less than 20 years and the interest rate for state of Washington general obligation bonds issued most closely to the date of application for the grant.

(11) Coordination with the school construction assistance program and local cost share. To the extent that a school district awarded a grant under this section is also eligible for funding under the school construction assistance program provided by RCW 28A.525.162 through 28A.525.180, the office of the superintendent of public instruction must coordinate grant funding between the programs and ensure that total state funding from a grant under this section and a school construction assistance program grant does not exceed total project costs minus the school district's share calculated under subsection (10) of this section. School districts that receive grants under this section may use the grant to fund the required local funding equal to or greater than the difference between the total approved project cost and the amount of state funding assistance computed provided by RCW 28A.525.162 through 28A.525.180. However, school districts coordinating grants provided in this section with school construction assistance program funding are required to contribute not less than the school district's required share as calculated under subsection (10) of this section.

(12) Disbursement of grant funds and reporting requirements. The office of the superintendent of public instruction must award grants under this section to school districts. The grants must not be awarded until the recipient has identified available local and other resources sufficient to complete the approved project considering the amount of state grant funding. The grant must specify reporting requirements for the district and must include:

(a) Updating all school inventory and condition data considered necessary by the office of the superintendent of public instruction;

(b) Submitting a final project report as specified by the office of the superintendent of public instruction in consultation with

the advisory committee and approved by the school facilities citizen advisory panel created under RCW 28A.525.025; and

(c) Implementing and maintaining an asset preservation program for the facility receiving grant funding as required by the office of the superintendent of public instruction's asset preservation program.

(13) For the purposes of this section, "advisory committee" means the advisory committee created under RCW 28A.525.159.

Sec. 3. RCW 28A.525.159 and 2020 c 299 s 1 are each amended to read as follows:

(1) School construction assistance program grants for small school districts and state-tribal education compact schools must be determined in accordance with this section.

(2) Eligibility. School districts and state-tribal education compact schools with enrollments that are less than or equal to one thousand students are eligible for small school district modernization grants. The advisory committee specified in subsection (4)(a) of this section may recommend amendments to the eligibility threshold as they learn more about the characteristics of school districts and state-tribal education compact schools that are unable to modernize their aging school facilities. Districts with incomplete information in the inventory and condition of schools data system are not eligible to apply for construction grants but may apply for planning grants.

(3) The office of the superintendent of public instruction must assist eligible school districts and state-tribal education compact schools that are interested in applying for a small school district modernization grant under this section by providing technical assistance and planning grants within appropriations for this purpose. Districts and state-tribal education compact schools seeking planning grants must provide a brief statement of the school condition, its deficiencies, student enrollment, student achievement measures, and financial limitations of the district or state-tribal education compact school. If applications for planning grants exceed funds available, the office of the superintendent of public instruction may prioritize the recipients of planning grants in order to help districts and state-tribal education compact schools with the most serious apparent building deficiencies, and the most limited financial capacity.

(4) Prioritized construction grants and advisory committee.

(a) The superintendent of public instruction must propose a list of prioritized grants to the governor by September 1st of even-numbered years. The superintendent of public instruction must appoint an advisory committee to separately prioritize applications from small school districts and state-tribal education compact schools and from financially distressed school districts for grants under section 2 of this act. Committee members must have experience in financing, managing, repairing, and improving school facilities in small school districts or state-tribal education compact schools but must not be involved in ((a small school district modernization program)) grant request under this section or section 2 of this act for the biennium under consideration. The office of the superintendent of public instruction must provide administrative and staff support to the (([advisory])) advisory committee and coordinate activities to minimize costs to the extent practicable. The office of the superintendent of public instruction in consultation with the advisory committee must design a grant application process with specific criteria for prioritizing grant requests.

(b) The advisory committee created in (a) of this subsection must evaluate final applications from eligible school districts and state-tribal education compact schools. The advisory committee must submit a prioritized list of grants to the superintendent of public instruction. The list must prioritize applications to achieve the greatest improvement of school facilities, in the districts and

NINETY THIRD DAY, APRIL 11, 2023

state-tribal education compact schools with the most limited financial capacity, for projects that are likely to improve student health, safety, and academic performance for the largest number of students for the amount of state grant support. The advisory committee must develop specific criteria to achieve the prioritization. The submitted prioritized list must describe the project, the proposed state funding level, and the estimated total project cost including other funding and in-kind resources. The list must also indicate student achievement measures that will be used to evaluate the benefits of the project. The superintendent of public instruction and the governor may determine the level of funding in their omnibus capital appropriations act requests to support small school district modernization grants, but their funding requests must follow the prioritized list prepared by the advisory committee unless new information determines that a specific project is no longer viable as proposed.

(5) Coordination with the school construction assistance program.

(a) The full administrative and procedural process of school construction assistance program funding under RCW 28A.525.162 through 28A.525.180 may be streamlined by the office of the superintendent of public instruction in order to coordinate eligible school construction assistance program funding with the small school district modernization grants. Such coordination must ensure that total state funding from both grants does not exceed total project costs minus available local resources.

(b) Projects seeking small school district modernization grants must meet the requirements for a school construction assistance program grant except for the following: (i) The estimated cost of the project may be less than forty percent of the estimated replacement value of the facility, and (ii) local funding assistance percentage requirements of the school construction assistance program do not apply. However, available district and state-tribal education compact school resources are considered in prioritizing small school district modernization grants.

(6) Disbursement of grant funds and reporting requirements. The office of the superintendent of public instruction must award grants to school districts and state-tribal education compact schools. The grant must not be awarded until the district or state-tribal education compact school has identified available local and other resources sufficient to complete the approved project considering the amount of the state grant. The grant must specify reporting requirements from the district or state-tribal education compact school, which must include updating all pertinent information in the inventory and condition of schools data system and submitting a final project report as specified by the office of the superintendent of public instruction in consultation with the school facilities ((citizens [citizen])) citizen advisory panel specified in RCW 28A.525.025.

Sec. 4. RCW 28A.515.320 and 1996 c 186 s 503 are each amended to read as follows:

(1) The common school construction fund is to be used exclusively for the purpose of financing the construction of facilities for the common schools. The sources of said fund shall be: (((1))) (a) Those proceeds derived from sale or appropriation of timber and other crops from school and state land other than those granted for specific purposes; (((2))) (b) the interest accruing on the permanent common school fund less the allocations to the state treasurer's service ((account [fund])) fund pursuant to RCW 43.08.190 and the state investment board expense account pursuant to RCW 43.33A.160 together with all rentals and other revenue derived therefrom and from land and other property devoted to the permanent common school fund; (((3))) (c) all moneys received by the state from the United States

under the provisions of section 191, Title 30, ((United States Code)) U.S.C., Annotated, and under section 810, chapter 12, Title 16, (Conservation), ((United States Code)) U.S.C., Annotated, except moneys received before June 30, 2001, and when ((thirty)) 30 megawatts of geothermal power is certified as commercially available by the receiving utilities and the department of ((community, trade, and economic development)) commerce, ((eighty)) 80 percent of such moneys, under the Geothermal Steam Act of 1970 pursuant to former RCW 43.140.030; and (((4))) (d) such other sources as the legislature may direct. That portion of the common school construction fund derived from interest on the permanent common school fund may be used to retire such bonds as may be authorized by law for the purpose of financing the construction of facilities for the common schools.

(2) The interest accruing on the permanent common school fund less the allocations to the state treasurer's service fund pursuant to RCW 43.08.190 and the state investment board expense account pursuant to RCW 43.33A.160 together with all rentals and other revenues accruing thereto pursuant to subsection (((2))) (1)(b) of this section prior to July 1, 1967, shall be exclusively applied to the current use of the common schools.

(3) To the extent that the moneys in the common school construction fund are in excess of the amount necessary to allow fulfillment of the purpose of said fund, the excess shall be available for deposit to the credit of the permanent common school fund or available for the current use of the common schools, as the legislature may direct. Any money from the common school construction fund which is made available for the current use of the common schools shall be restored to the fund by appropriation, including interest income ((foregone [forgone])) forgone, before the end of the next fiscal biennium following such use.

(4) Appropriations for the small school districts project prioritized list submitted under RCW 28A.525.159 are the first priority of appropriations from the common school construction fund, after payment of principal and interest on the bonds authorized in RCW 28A.527.040 from that portion of the common school construction fund derived from interest on the permanent common school fund. Appropriations from the common school construction fund must be prioritized as follows, as fund balance allows:

(a) Beginning with appropriations enacted for the 2025-2027 fiscal biennium, no less than \$60,000,000 of new appropriations in the biennial capital budget must be used to fund the small school districts project prioritized list, and any remaining amounts in the common school construction fund may be appropriated for other common school construction purposes.

(b) Beginning with appropriations enacted for the 2027-2029 fiscal biennium, no less than \$70,000,000 of new appropriations in the biennial capital budget must be used to fund the small school districts project prioritized list, and any remaining amounts in the common school construction fund may be appropriated for other common school construction purposes.

(c) Beginning with appropriations enacted for the 2029-2031 fiscal biennium and each biennium thereafter, no less than \$80,000,000 of new appropriations in the biennial capital budget must be used to fund the small school districts project prioritized list, and any remaining amounts in the common school construction fund may be appropriated for other common school construction purposes."

On page 1, line 2 of the title, after "challenges;" strike the remainder of the title and insert "amending RCW 28A.525.159 and 28A.515.320; adding a new section to chapter 28A.525 RCW; and creating a new section."

Performance-based contracts entered into by state agencies and school districts under this act are subject to the requirements of chapter 39.94 RCW. Pursuant to chapter 39.94 RCW, no later than December 31, 2023, the department shall complete development of approved model contracts authorized by this act.

NEW SECTION. Sec. 6. Sections 2 through 5 of this act expire June 30, 2033. Contracts entered into under the authority granted by this act may remain in effect following expiration of this act."

The President declared the question before the Senate to be the motion to not adopt the committee striking amendment by the Committee on Ways & Means to House Bill No. 1777.

The motion by Senator Nguyen carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Nguyen moved that the following committee striking amendment by the Committee on Environment, Energy & Technology be not adopted:

(2) The department may verify the workers' compensation coverage information provided by the applicant under subsection (1)(c) of this section, including but not limited to information regarding the coverage of an individual employee of the applicant. If coverage is provided under the laws of another state, the department may notify the other state that the applicant is employing employees in Washington.

(3)(a) The department shall deny an application for registration if: (i) The applicant has been previously performing work subject to this chapter as a sole proprietor, partnership, corporation, or other entity and the department has notice that the applicant has an unsatisfied final judgment against him or her in an action based on work performed subject to this chapter or the applicant owes the department money for penalties assessed or fees due under this chapter as a result of a final judgment; (ii) the applicant was an owner, principal, or officer of a partnership, corporation, or other entity that either has an unsatisfied final judgment against it in an action that was incurred for work performed subject to this chapter or owes the department money for penalties assessed or fees due under this chapter as a result of a final judgment; (iii) the applicant is a successor to an entity with an unsatisfied final judgment against it in an action that was incurred for work performed subject to this chapter or owes the department money for penalties assessed or fees due under this chapter as a result of a final judgment, except as provided under (d) of this subsection (3); (iv) the applicant does not have a valid unified business identifier number; ~~((iv))~~ (v) the department determines that the applicant has falsified information on the application, unless the error was inadvertent; ~~((or (v)))~~ (vi) the applicant does not have an active and valid certificate of registration with the department of revenue; or (vii) the applicant is under 18 years old at the time of application.

(b) The department shall suspend an active registration if (i) the department has determined that the registrant has an unsatisfied final judgment against it for work within the scope of this chapter; (ii) the department has determined that the registrant is a sole proprietor or an owner, principal, or officer of a registered contractor that has an unsatisfied final judgment against it for work within the scope of this chapter; (iii) the registrant does not maintain a valid unified business identifier number; (iv) the department has determined that the registrant falsified information on the application, unless the error was inadvertent; or (v) the registrant does not have an active and valid certificate of registration with the department of revenue.

(c) The department may suspend an active registration if the department has determined that an owner, principal, partner, or officer of the registrant was an owner, principal, or officer of a previous partnership, corporation, or other entity that has an unsatisfied final judgment against it.

(d) For the purposes of (a)(iii) of this subsection (3), it is presumed that an applicant knew or should have known of the relevant unsatisfied final judgment. If an applicant demonstrates by a preponderance of the evidence that the applicant did not know of the unsatisfied final judgment, by having exercised due diligence and timely verifying with the department that the other contractor was in good standing, then the department may grant the application for registration under this section, provided that the applicant meets applicable requirements under this chapter. The department shall adopt rules for the purposes of implementing this subsection (3)(d).

(4) The department shall not deny an application or suspend a registration because of an unsatisfied final judgment if the applicant's or registrant's unsatisfied final judgment was determined by the director to be the result of the fraud or negligence of another party, unless the applicant or registrant is a successor to said party under subsection (3)(a)(iii) of this section.

Sec. 3. RCW 18.27.040 and 2019 c 155 s 1 are each amended to read as follows:

(1) Each applicant shall file with the department a surety bond issued by a surety insurer who meets the requirements of chapter 48.28 RCW in the sum of ~~((twelve thousand dollars))~~ \$30,000 if the applicant is a general contractor ~~((and six thousand dollars))~~ or \$15,000 if the applicant is a specialty contractor. If no valid bond is already on file with the department at the time the application is filed, a bond must accompany the registration application. The bond shall have the state of Washington named as obligee with good and sufficient surety in a form to be approved by the department. The bond shall be continuous and may be canceled by the surety upon the surety giving written notice to the director. A cancellation or revocation of the bond or withdrawal of the surety from the bond automatically suspends the registration issued to the contractor until a new bond or reinstatement notice has been filed and approved as provided in this section. The bond shall be conditioned that the applicant will pay all persons performing labor, including employee benefits, for the contractor, will pay all taxes and contributions due to the state of Washington, and will pay all persons furnishing material or renting or supplying equipment to the contractor and will pay all amounts that may be adjudged against the contractor by reason of breach of contract including improper work in the conduct of the contracting business. A change in the name of a business or a change in the type of business entity shall not impair a bond for the purposes of this section so long as one of the original applicants for such bond maintains partial ownership in the business covered by the bond.

(2) At the time of initial registration or renewal, the contractor shall provide a bond or other security deposit as required by this chapter and comply with all of the other provisions of this chapter before the department shall issue or renew the contractor's certificate of registration. Any contractor registered as of ~~((July 1, 2004))~~ June 30, 2024, who maintains that registration in accordance with this chapter is in compliance with this chapter until the next renewal of the contractor's certificate of registration.

(3) Any person, firm, or corporation having a claim against the contractor for any of the items referred to in this section may bring suit against the contractor and the bond or deposit in the superior court of the county in which the work was done or of any county in which jurisdiction of the contractor may be had. The surety issuing the bond shall be named as a party to any suit upon the bond. Action upon the bond or deposit brought by a residential homeowner for breach of contract by a party to the construction contract shall be commenced by filing the summons and complaint with the clerk of the appropriate superior court

within two years from the date the claimed contract work was substantially completed or abandoned, whichever occurred first. Action upon the bond or deposit brought by any other authorized party shall be commenced by filing the summons and complaint with the clerk of the appropriate superior court within one year from the date the claimed labor was performed and benefits accrued, taxes and contributions owing the state of Washington became due, materials and equipment were furnished, or the claimed contract work was substantially completed or abandoned, whichever occurred first. Service of process in an action filed under this chapter against the contractor and the contractor's bond or the deposit shall be exclusively by service upon the department. Three copies of the summons and complaint and a fee adopted by rule of not less than ~~((fifty dollars))~~ \$50 to cover the costs shall be served by registered or certified mail, or other delivery service requiring notice of receipt, upon the department at the time suit is started and the department shall maintain a record, available for public inspection, of all suits so commenced. Service is not complete until the department receives the fee and three copies of the summons and complaint. The service shall constitute service and confer personal jurisdiction on the contractor and the surety for suit on claimant's claim against the contractor and the bond or deposit and the department shall transmit the summons and complaint or a copy thereof to the contractor at the address listed in the contractor's application and to the surety within two days after it shall have been received.

(4) The surety upon the bond shall not be liable in an aggregate amount in excess of the amount named in the bond nor for any monetary penalty assessed pursuant to this chapter for an infraction. The liability of the surety shall not cumulate where the bond has been renewed, continued, reinstated, reissued or otherwise extended. The surety upon the bond may, upon notice to the department and the parties, tender to the clerk of the court having jurisdiction of the action an amount equal to the claims thereunder or the amount of the bond less the amount of judgments, if any, previously satisfied therefrom and to the extent of such tender the surety upon the bond shall be exonerated but if the actions commenced and pending and provided to the department as required in subsection (3) of this section, at any one time exceed the amount of the bond then unimpaired, claims shall be satisfied from the bond in the following order:

(a) Employee labor and claims of laborers, including employee benefits;

(b) Claims for breach of contract by a party to the construction contract;

(c) Registered or licensed subcontractors, material, and equipment;

(d) Taxes and contributions due the state of Washington;

(e) Any court costs, interest, and attorneys' fees plaintiff may be entitled to recover. The surety is not liable for any amount in excess of the penal limit of its bond.

A payment made by the surety in good faith exonerates the bond to the extent of any payment made by the surety.

(5) The total amount paid from a bond or deposit ~~((required of a general contractor by this section))~~ to claimants other than residential homeowners must not exceed one-half of the bond ~~((amount. The total amount paid from a bond or deposit required of a specialty contractor by this section to claimants other than residential homeowners must not exceed one half of the bond amount or four thousand dollars, whichever is greater))~~ or deposit.

(6) The prevailing party in an action filed under this section against the contractor and contractor's bond or deposit, for breach of contract by a party to the construction contract involving a

residential homeowner, is entitled to costs, interest, and reasonable attorneys' fees. The surety upon the bond or deposit is not liable in an aggregate amount in excess of the amount named in the bond or deposit nor for any monetary penalty assessed pursuant to this chapter for an infraction.

(7) If a final judgment impairs the liability of the surety upon the bond or deposit so furnished that there is not in effect a bond or deposit in the full amount prescribed in this section, the registration of the contractor is automatically suspended until the bond or deposit liability in the required amount unimpaired by unsatisfied judgment claims is furnished.

(8) In lieu of the surety bond required by this section the contractor may file with the department an assigned savings account, upon forms provided by the department.

(9) Any person having filed and served a summons and complaint as required by this section having an unsatisfied final judgment against the registrant for any items referred to in this section may execute upon the security held by the department by serving a certified copy of the unsatisfied final judgment by registered or certified mail upon the department within one year of the date of entry of such judgment. Upon the receipt of service of such certified copy the department shall pay or order paid from the deposit, through the registry of the superior court which rendered judgment, towards the amount of the unsatisfied judgment. The priority of payment by the department shall be the order of receipt by the department, but the department shall have no liability for payment in excess of the amount of the deposit.

(10) Within ~~((ten))~~ 10 days after resolution of the case, a certified copy of the final judgment and order, or any settlement documents where a case is not disposed of by a court trial, a certified copy of the dispositive settlement documents must be provided to the department by the prevailing party. Failure to provide a copy of the final judgment and order or the dispositive settlement documents to the department within ~~((ten))~~ 10 days of entry of such an order constitutes a violation of this chapter and a penalty adopted by rule of not less than ~~((two hundred fifty dollars))~~ \$250 may be assessed against the prevailing party.

(11) The director may require an applicant applying to renew or reinstate a registration or applying for a new registration to file a bond of up to three times the normally required amount, if the director determines that an applicant, or a previous registration of a corporate officer, owner, or partner of a current applicant, has had in the past five years one final judgment in actions under this chapter involving a residential single-family dwelling.

(12) The director may adopt rules necessary for the proper administration of the security.

~~((13)(a) The department must convene a work group no later than August 1, 2019, to consider additional safeguards for consumers who engage contractors. The department must provide staff support for the work group and include in the work group: Department staff; large and small contractors that primarily contract with residential homeowners, those that build new and rehabilitate residences, and other interested contractors; surety bond companies; realtors or their representatives; workers and/or their representatives; representatives from the consumer protection division of the office of the attorney general; consumers and/or advocates representing them; and local building officials.~~

The work group shall submit a report with recommendations to the department and, if applicable, the appropriate committees of the legislature by June 30, 2020. The report must address whether:

~~(i) Bond amounts are sufficient and appropriate to protect consumers, workers, and suppliers and meet tax obligations;~~

~~(ii) Additional criteria for contractors would provide a greater level of protection;~~

~~(iii) Strategies to discourage the transfer of a business to a different entity for the purpose of evading penalties or judgments under this chapter should be implemented;~~

~~(iv) Any other registration requirements or options for consumer recovery under this chapter should be changed to increase protections for consumers; and~~

~~(v) Incentives to adopt industry best practices would increase consumer protections.~~

~~(b) The work group must dissolve once the report is submitted.))~~

(2) The director may waive collection in favor of payment of restitution to a consumer complainant.

(3) A contractor found to have committed an infraction under RCW 18.27.200 for failure to register shall be assessed a fine of not less than ~~((one thousand dollars))~~ \$1,200, nor more than ~~((five thousand dollars))~~ \$10,000. The director may reduce the penalty for failure to register, but in no case below ~~((five hundred dollars))~~ \$600, if the person becomes registered within ~~((ten))~~ 10 days of receiving a notice of infraction and the notice of infraction is for a first offense.

(4) Monetary penalties collected under this ~~((chapter))~~ section shall be deposited in the ~~((general fund))~~ homeowner recovery account under section 7 of this act.

(1) The superintendent of public instruction shall annually review data from local education agencies, including the percentage of students receiving special education services, to ensure there is not a disproportionate identification of students, as defined by the superintendent of public instruction in accordance with federal requirements of the individuals with disabilities education act, 20 U.S.C. Sec. 1400.

(2) The office of the superintendent of public instruction shall provide technical assistance to school districts experiencing issues related to disproportionality and will make available professional development opportunities statewide to support local education agencies, schools, and community partners in promoting inclusionary teaching practices within a multitiered system of supports framework to help safeguard against over-identification and other issues related to disproportionality.

NEW SECTION. Sec. 2. (1) The joint legislative audit and review committee and the state auditor must collaborate to conduct a performance audit of the state's system of providing special education services to students with disabilities. The joint legislative audit and review committee and the state auditor may divide responsibility for the work and reporting required in this section as appropriate, and contract with qualified third-party researchers or higher education institutions to perform any aspect of the report and audit. The report and audit must address:

(a) The prevalence of disabilities and whether the provisions and funding for evaluating students and providing services reflects the prevalence of disabilities, including whether any populations are disparately underevaluated or underserved;

(b) The degree to which changes in funding formulas intended to encourage increased inclusion are successful and whether the state and school districts are utilizing best practices to improve inclusion;

(c) Whether the changes in evaluation timelines or increases in the funded enrollment limit have resulted in funding for students who do not have disabilities or in excess of districts' costs to serve students with disabilities;

(d) Whether districts are appropriately accounting for and reporting use of basic education allocations for students with disabilities, including if statutory expectations for use of funds are being met;

(e) The amount of funding from levies or other local sources that school districts continue to utilize under current accounting methodologies in order to meet obligations to provide free and appropriate public education to students with disabilities, the degree to which funding shortfalls will continue following planned increases in multipliers, proposed changes to accounting methodologies, and the elimination of a cap on the percent of students for whom the state provides funding; and, options for additional changes to funding formulas to eliminate shortfalls in state funding for special education; and

(f) How the state may improve recruitment and retention of certificated educators, instructional aides, or paraeducators and professionals serving students with disabilities.

(2) To develop the appropriate scope, define study questions, and select one or more contractors to complete the performance audit and report, the joint legislative audit and review committee and state auditor shall consult with the office of the superintendent of public instruction, the office of the education ombuds, organizations representing and serving students with disabilities, the Washington state special education advisory council, and labor organizations representing educators providing educational services to students with disabilities in developing study questions and choosing appropriate contractors. To address the study questions, the joint legislative audit and review committee and the state auditor may conduct the audit at a sample of school districts as needed.

(4) Upon request, the office of financial management and any state or local agency must provide the joint legislative audit and review committee and the state auditor with education records necessary to conduct the performance audit required under this section. The office of financial management and any state or local agency must provide records within four months from the date of an initial request. The office of financial management or agencies contributing data to the education research and data center must notify the joint legislative audit and review committee and the state auditor's office in writing if they determine a request does not comply with the federal educational rights and privacy act, no later than 21 days after the initial request.

(5) Prior to the 2024 legislative session, the joint legislative audit and review committee and the state auditor must identify a lead agency for each element of the report and audit defined in subsection (1)(a) through (f) of this section and any aspects of the study that are being conducted by contractors. These designations must be provided to the governor and the committees of the legislature with jurisdiction over fiscal matters and special education by December 31, 2023.

kindergarten, multiplied by the district's base allocation per full-time equivalent student, multiplied by the special education cost multiplier rate of:

(A) ~~(In the 2019-20 school year, 0.995 for students eligible for and receiving special education.~~

~~(B))~~ Beginning in the 2020-21 school year, either:

(I) 1.0075 for students eligible for and receiving special education and reported to be in the general education setting for ~~((eighty))~~ 80 percent or more of the school day; or

(II) 0.995 for students eligible for and receiving special education and reported to be in the general education setting for less than ~~((eighty))~~ 80 percent of the school day;

(B) Beginning in the 2023-24 school year, either:

(II) 1.06 for students eligible for and receiving special education and reported to be in the general education setting for less than 80 percent of the school day.

(ii) If the enrollment percent exceeds ~~((thirteen and five tenths))~~ 15 percent, the excess cost allocation calculated under (b)(i) of this subsection must be adjusted by multiplying the allocation by ~~((thirteen and five tenths))~~ 15 percent divided by the enrollment percent.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (4)(a), (5), (6), and (8) and the allocation under RCW 28A.150.415, to be divided by the district's full-time equivalent enrollment.

(c) "Enrollment percent" means the district's resident annual average enrollment of students who are eligible for and receiving special education, excluding students ages three and four and those five year olds not yet enrolled in kindergarten and students enrolled in institutional education programs, as a percent of the district's annual average full-time equivalent basic education enrollment.

Sec. 4. RCW 28A.150.392 and 2019 c 387 s 2 are each amended to read as follows:

(1)(a) To the extent necessary, funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided through the special education funding formula under RCW 28A.150.390.

(b) If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need.

(2) Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall award additional funds for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas.

(b) In the determination of need, the committee shall consider additional available revenues from federal sources.

(c) Differences in program costs attributable to district philosophy(~~(- service delivery choice,))~~) or accounting practices are not a legitimate basis for safety net awards.

(d) In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state revenues related to services for students eligible for special education and all federal revenues from federal impact aid, medicaid, and the individuals with disabilities education act-Part B and appropriate special projects. Awards associated with (e) and (f) of this subsection shall not exceed the total of a district's specific determination of need.

(e) The committee shall then consider the extraordinary high cost needs of one or more individual students eligible for and receiving special education. Differences in costs attributable to district philosophy(~~(- service delivery choice,))~~) or accounting practices are not a legitimate basis for safety net awards.

(f) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (2)(f) shall be adjusted to reflect amounts awarded under (e) of this subsection.

(g) The committee shall then consider the extraordinary high cost needs of one or more individual students eligible for and receiving special education served in residential schools (~~as defined in RCW 28A.190.020~~), programs for juveniles under the department of corrections, and programs for juveniles operated by city and county jails to the extent they are providing a secondary program of education.

(h) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(i) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

(j) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(3) The superintendent of public instruction shall adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. By December 1, 2018, the superintendent shall review and revise the rules to achieve full and complete implementation of the requirements of this subsection and subsection (4) of this section including revisions to rules that provide additional flexibility to access community impact awards. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent of public instruction shall also provide technical assistance to school districts in preparing and submitting special education safety net applications.

(4) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature

that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(5) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(6)(a) Beginning in the 2019-20 school year, a high-need student is eligible for safety net awards from state funding under subsection (2)(e) and (g) of this section if the student's individualized education program costs exceed two and three-tenths times the average per-pupil expenditure as defined in Title 20 U.S.C. Sec. 7801, the every student succeeds act of 2015.

(b) Beginning in the 2023-24 school year, a high-need student is eligible for safety net awards from state funding under subsection (2)(e) and (g) of this section if the student's individualized education program costs exceed:

(i) 2 times the average per-pupil expenditure, for school districts with fewer than 1,000 full-time equivalent students;

(ii) 2.2 times the average per-pupil expenditure, for school districts with 1,000 or more full-time equivalent students.

(c) For purposes of (b) of this subsection, "average per-pupil expenditure" has the same meaning as in 20 U.S.C. Sec. 7801, the every student succeeds act of 2015, and excludes safety net funding provided in this section.

Sec. 5. RCW 43.06B.010 and 2013 c 23 s 82 are each amended to read as follows:

(2) The superintendent of public instruction shall develop an allocation and cost accounting methodology that ensures state general apportionment funding for students who receive their basic education services primarily in an alternative classroom or setting are prorated and allocated to the special education program and accounted for before calculating special education excess costs. Nothing in this section requires districts to provide services in a manner inconsistent with the students individualized education program or other than in the least restrictive environment as determined by the individualized education program team.

NINETY FOURTH DAY, APRIL 12, 2023

(3) The superintendent of public instruction shall provide the legislature with an accounting of prorated general apportionment allocations provided to special education programs broken down by school district by January 1, 2024, and then every January 1st of odd-numbered years thereafter."

Assisting eligible children in need of additional preparation to be successful in kindergarten by establishing the transition to kindergarten program.

The measure was read the second time.

MOTION

Senator Wellman moved that the following committee striking amendment by the Committee on Early Learning & K-12 Education be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** A new section is added to chapter 28A.300 RCW to read as follows:

(1) The intent of the legislature is to continue and rename transitional kindergarten as the transition to kindergarten program and that the program be established in statute with the goal of assisting eligible children in need of additional preparation to be successful kindergarten students in the following school year. The transition to kindergarten program is not part of the state's statutory program of basic education under RCW 28A.150.200.

(2) The office of the superintendent of public instruction shall administer the transition to kindergarten program and shall adopt rules under chapter 34.05 RCW for the administration of, and the allocation of state funding for, the transition to kindergarten program. Initial rules, which include expectations for school districts and public schools transitioning existing programs to the new requirements established in this section must be adopted in time for the 2023-24 school year, and permanent rules must be adopted by the beginning of the 2024-25 school year. The rules must include, at a minimum, the following requirements for a transition to kindergarten program:

(a)(i) A limitation on program enrollment to eligible children. Eligible children include only those who:

(A) Have been determined to benefit from additional preparation for kindergarten; and

(B) Are at least four years old by August 31st of the school year they enroll in the transition to kindergarten program.

(ii) School districts and public schools may prioritize families with the lowest incomes and children most in need for additional preparation to be successful in kindergarten when enrolling eligible children in a transition to kindergarten program;

(iii) Access to the transition to kindergarten program does not constitute an individual entitlement for any particular child.

(b) Except for children who have been excused from participation by their parents or legal guardians, a requirement that the Washington kindergarten inventory of developing skills as established by RCW 28A.655.080 be administered to all eligible children enrolled in a transition to kindergarten program at the beginning of the child's enrollment in the program and at least one more time during the school year.

(c) A requirement that all eligible children enrolled in a transition to kindergarten program be assigned a statewide student identifier and that the transition to kindergarten program be considered a separate class or course for the purposes of data reporting requirements in RCW 28A.320.175.

(d)(i) A requirement that a local child care and early learning needs assessment is conducted before beginning or expanding a transition to kindergarten program that considers the existing availability and affordability of early learning providers, such as the early childhood education and assistance programs, head start programs, and licensed child care centers and family home providers in the region. Data available through the regionalized data dashboard maintained by the department of children, youth, and families or any other appropriate sources may be used to conduct the needs assessment required by this section.

(ii) The office of the superintendent of public instruction, in collaboration with the department of children, youth, and families, shall develop statewide coordinated eligibility, recruitment, enrollment, and selection best practices and provide technical assistance to those implementing a transition to kindergarten program to support connections with local early learning providers.

(iii) Nothing in this section prohibits school districts and public schools from blending or colocating a transition to kindergarten program with other early learning programs.

(e)(i) A requirement that school districts and public schools adhere to guidelines, as developed by the office of the superintendent of public instruction, related to:

(A) Best practices for site readiness of facilities that are used for the program;

(B) Developmentally appropriate curricula that might assist in maintaining high quality programs; and

(C) Professional development opportunities.

(ii) The office of the superintendent of public instruction must develop a process for conducting site visits of a school district or public school offering a transition to kindergarten program and provide feedback on elements listed in this subsection (2)(e).

(f) A prohibition on charging tuition or other fees to state-funded eligible children for enrollment in a transition to kindergarten program.

(g) A prohibition on establishing a policy of excluding an eligible child due only to the presence of a disability.

(3)(a) Funding for the transition to kindergarten program must be based on the following:

(i) The distribution formula established under RCW 28A.150.260 (4)(a), (5), (6), (8), and (10)(a) and (b), calculated using the actual number of annual average full-time equivalent eligible children enrolled in the program. A transition to kindergarten child must be counted as a kindergarten student for purposes of the funding calculations referenced in this subsection, but must be reported separately.

(ii) The distribution formula developed in RCW 28A.160.150 through 28A.160.192, calculated using reported ridership for eligible children enrolled in the program.

(b) Funding provided for the transition to kindergarten program is not part of the state's statutory program of basic education under RCW 28A.150.200 and must be expended only for the support of operating a transition to kindergarten program.

Sec. 2. RCW 28A.225.160 and 2009 c 380 s 3 are each amended to read as follows:

(1) Except as provided in subsection ~~((2))~~ (3) of this section and otherwise provided by law, it is the general policy of the state that the common schools shall be open to the admission of all persons who are five years of age and less than ~~((twenty one))~~ 21 years residing in that school district. Except as otherwise provided by law or rules adopted by the superintendent of public instruction, districts may establish uniform entry qualifications, including but not limited to birthdate requirements, for admission to kindergarten and first grade programs of the common schools. Such rules may provide for individualized exceptions based upon the ability, or the need, or both, of an individual student. Nothing in this section authorizes school districts, public schools, or the superintendent of public instruction to create state-funded programs based on entry qualification exceptions except as otherwise expressly provided by law.

(2) For the purpose of complying with any rule adopted by the superintendent of public instruction that authorizes a preadmission screening process as a prerequisite to granting individualized exceptions to the uniform entry qualifications, a school district may collect fees to cover expenses incurred in the

administration of any preadmission screening process: PROVIDED, That in so establishing such fee or fees, the district shall adopt rules for waiving and reducing such fees in the cases of those persons whose families, by reason of their low income, would have difficulty in paying the entire amount of such fees.

~~((2))~~ (3) A student who meets the definition of a child of a military family in transition under Article II of RCW 28A.705.010 shall be permitted to continue enrollment at the grade level in the common schools commensurate with the grade level of the student when attending school in the sending state as defined in Article II of RCW 28A.705.010, regardless of age or birthdate requirements.

NEW SECTION. Sec. 3. (1) The department of children, youth, and families must make administrative changes to better align early childhood education and assistance program implementation with state-funded early learning programs serving three through five-year old children offered by school districts and public schools. The department must submit a report, in compliance with RCW 43.01.036, of the administrative changes to the appropriate committees of the legislature by July 1, 2024.

The supervisor shall employ staff sufficient to accomplish the purposes of this section.

(5) A councilmember who does not cast an affirmative vote for approval of the official caseload forecast may request, and the supervisor shall provide, an alternative forecast based on assumptions specified by the member.

(6) Members of the caseload forecast council shall serve without additional compensation but shall be reimbursed for travel expenses in accordance with RCW 44.04.120 while attending sessions of the council or on official business authorized by the council. SECOND READING

ENGROSSED SUBSTITUTE HOUSE BILL NO. 1744, by House Committee on Education (originally sponsored by Rude, Santos, Schmidt and Pollet)

Clarifying the responsibilities and accountability for the effective delivery and oversight of public education services to charter school students.

The measure was read the second time.

MOTION

Senator Wellman moved that the following committee striking amendment by the Committee on Early Learning & K-12 Education be adopted:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** (1) The legislature finds that requirements governing the establishment and operations of public charter schools have proven insufficient. These schools have experienced a steady growth in student enrollment and often provide valuable educational opportunities for families in communities across Washington state.

(2) However, several of these schools have closed in the decade since Washington voters authorized the establishment of charter schools. As a result, students, parents, and staff in several Puget Sound locations and in Walla Walla were left to make alternative arrangements for school and work, unexpectedly and without adequate notice, when their school closed. Furthermore, in one western Washington school, the disappointment proved especially difficult as the charter school opened and permanently ceased operations within the span of a few months. Under no circumstances is a disruption of this nature acceptable to the many students, families, and staff that were profoundly impacted by the closure.

(3) The legislature also finds that the establishment and operational challenges of some public charter schools are not limited to school closures: Some public charter schools have failed to properly and timely comply with teacher certification requirements, but an additional reporting requirement for charter schools can reinforce existing requirements and help to avoid any future problems; some public charter school boards have demonstrated ineffective leadership and oversight, leading to charter school closures; and the charter school commission has authorized charter schools that were not able to deliver sustained education services in the manner set forth in their charter school application or charter contract, as evidenced by multiple closures and the disruptions they created for students, families, and staff.

(4) The legislature authorized the establishment of charter schools in 2016 after the supreme court invalidated charter school laws adopted through a voter initiative. As a result, the legislature has an obligation to ensure that the responsibilities for the oversight of charter public schools are clearly delineated and adequate to ensure the highest standards of practices and public accountability. The legislature is committed to ensuring all authorized public charter schools in Washington are successful in their mission to serve Washington students. The legislature, therefore, intends to clarify responsibilities and increase the accountability measures governing the effective delivery and oversight of public education services to public charter school students.

Sec. 2. RCW 28A.710.030 and 2016 c 241 s 103 are each amended to read as follows:

(1) To fulfill its duty to manage and operate the charter school, and to execute the terms of its charter contract, a charter school board may:

(a) Hire, manage, and discharge charter school employees in accordance with the terms of this chapter and the school's charter contract;

(b) Receive and disburse funds for the purposes of the charter school;

(c) Enter into contracts with any school district, educational service district, or other public or private entity for the provision of real property, equipment, goods, supplies, and services, including educational instructional services, pupil transportation services, and for the management and operation of the charter school, provided the charter school board maintains oversight authority over the charter school. Contracts for management operation of the charter school may only be with nonprofit organizations;

(d) Rent, lease, purchase, or own real property. All charter contracts and contracts with other entities must include provisions regarding the disposition of the property if the charter school fails to open as planned or closes, or if the charter contract is revoked or not renewed;

(e) Issue secured and unsecured debt, including pledging, assigning, or encumbering its assets to be used as collateral for loans or extensions of credit to manage cash flow, improve

operations, or finance the acquisition of real property or equipment. However, the charter public school may not pledge, assign, or encumber any public funds received or to be received pursuant to RCW 28A.710.220. Debt issued under this subsection (1)(e) is not a general, special, or moral obligation of the state, the charter school authorizer, the school district in which the charter school is located, or any other political subdivision or agency of the state. Neither the full faith and credit nor the taxing power of the state, or any political subdivision or agency of the state, may be pledged for the payment of the debt;

(f) Solicit, accept, and administer for the benefit of the charter school and its students, gifts, grants, and donations from individuals, or public or private entities, excluding sectarian or religious organizations. A charter school board may not accept any gifts or donations that violate this chapter or other state laws; and

(g) Issue diplomas to students who meet state high school graduation requirements established under RCW 28A.230.090. A charter school board may establish additional graduation requirements.

(2) A charter school board must ~~((contract for an independent performance))~~ obtain an accountability audit of the school to be conducted: (a) The second year immediately following the school's first full school year of operation; and (b) at least every three years thereafter. ~~((The performance audit must be conducted in accordance with United States general accounting office government auditing standards. A performance))~~ An audit in compliance with this section does not inhibit the state auditor's office from conducting a performance audit of the school.

(3) A charter school board may not levy taxes or issue tax-backed bonds.

(4) A charter school board may not acquire property by eminent domain.

(5) A charter school board, through website postings and written notice with receipt acknowledged by signature of the recipient, must advise families of new, ongoing, and prospective students of any ongoing litigation challenging the constitutionality of charter schools or that may require charter schools to cease operations.

(6) Each charter school board shall ensure that its members and administrative staff receive annual training to support the effective operation and oversight of the charter school, including compliance with requirements governing the employment of properly credentialed instructional staff, compliance with the requirements of chapters 42.30 and 42.56 RCW, and the permitted uses of public funds.

Sec. 3. RCW 28A.710.040 and 2018 c 75 s 9 are each amended to read as follows:

(1) A charter school must operate according to the terms of its charter contract and the provisions of this chapter.

(2) A charter school must:

(a) Comply with local, state, and federal health, safety, parents' rights, civil rights, and nondiscrimination laws applicable to school districts and to the same extent as school districts, including but not limited to chapter 28A.642 RCW (discrimination prohibition) ~~((and)),~~ chapter 28A.640 RCW (sexual equality), chapter 28A.180 RCW (transitional bilingual instruction program), and chapter 28A.155 RCW (special education);

(b) Provide a program of basic education, that meets the goals in RCW 28A.150.210, including instruction in the ~~((essential academic learning requirements))~~ state learning standards, and participate in the statewide student assessment system as developed under RCW 28A.655.070;

NINETY FOURTH DAY, APRIL 12, 2023

(c) Comply with the screening and intervention requirements under RCW 28A.320.260;

(d) Employ certificated instructional staff as required in RCW 28A.410.025. Charter schools, however, may hire noncertificated instructional staff of unusual competence and in exceptional cases as specified in RCW 28A.150.203(7), according to the same limited exceptions that apply to other public schools. Beginning November 1, 2023, and annually thereafter, charter schools shall report the employment of all noncertificated instructional staff hired in accordance with this subsection (2)(d) during the current and preceding school year to the executive director of the commission and the state board of education for inclusion in the annual report required by RCW 28A.710.250;

(e) Comply with the employee record check requirements in RCW 28A.400.303;

(f) Adhere to generally accepted accounting principles and be subject to financial examinations and audits as determined by the state auditor, including annual audits for legal and fiscal compliance;

(g) Comply with the annual performance report under RCW 28A.655.110;

(h) Be subject to the performance improvement goals adopted by the state board of education under RCW 28A.305.130;

(i) Comply with the open public meetings act in chapter 42.30 RCW and public records requirements in chapter 42.56 RCW; and

(j) Be subject to and comply with legislation enacted after December 6, 2012, that governs the operation and management of charter schools.

(3) Charter public schools must comply with all state statutes and rules made applicable to the charter school in the school's charter contract, and are subject to the specific state statutes and rules identified in subsection (2) of this section. For the purpose of allowing flexibility to innovate in areas such as scheduling, personnel, funding, and educational programs to improve student outcomes and academic achievement, charter schools are not subject to, and are exempt from, all other state statutes and rules applicable to school districts and school district boards of directors. Except as provided otherwise by this chapter or a charter contract, charter schools are exempt from all school district policies.

(4) A charter school may not engage in any sectarian practices in its educational program, admissions or employment policies, or operations.

(5) Charter schools are subject to the supervision of the superintendent of public instruction and the state board of education, including accountability measures such as the Washington achievement index developed by the state board of education under RCW 28A.657.110, to the same extent as other public schools, except as otherwise provided in this chapter.

Sec. 4. RCW 28A.710.070 and 2020 c 49 s 2 are each amended to read as follows:

(1) The Washington state charter school commission is established as an independent state agency whose mission is to ~~((authorize))~~;

(b) Ensure the highest standards of accountability and oversight for these schools; and

(c) Hold charter school boards accountable for: Ensuring that students of charter public schools have opportunities for academic success; and exercising effective educational, operational, and financial oversight of charter public schools.

(2) The commission shall, through its management, supervision, and enforcement of the charter contracts and pursuant to applicable law, administer the charter schools it authorizes in the same manner as a school district board of directors administers other schools.

The appointing authorities shall assure diversity among commission members, including representation from various geographic areas of the state and shall assure that at least one member is the parent of a Washington public school student.

(4) Members appointed to the commission shall collectively possess strong experience and expertise in public and nonprofit governance; management and finance; public school leadership, assessment, curriculum, and instruction; and public education law. All appointed members shall have demonstrated an understanding of and commitment to charter schooling as a strategy for strengthening public education.

(8) The commission may hire an executive director and may employ staff as necessary to carry out its duties under this chapter. The commission may delegate to the executive director the duties as necessary to effectively and efficiently execute the business of the commission, including the authority to employ necessary staff. In accordance with RCW 41.06.070, the executive director and the executive director's confidential secretary are exempt from the provisions of chapter 41.06 RCW.

(9) The commission shall reside within the office of the superintendent of public instruction for administrative purposes only.

(10) RCW 28A.710.090 and 28A.710.120 do not apply to the commission.

Sec. 5. RCW 28A.710.100 and 2016 c 241 s 110 are each amended to read as follows:

effective educational, operational, and financial oversight of the charter school;

(b) Soliciting and evaluating charter applications;

~~((b))~~ (c) Approving charter applications that meet identified educational needs and promote a diversity of educational choices;

~~((c))~~ (d) Denying charter applications that fail to meet statutory requirements, requirements of the authorizer, or both;

~~((d))~~ (e) Negotiating and executing charter contracts with each authorized charter school;

~~((e))~~ (f) Monitoring, in accordance with charter contract terms, the performance and legal compliance of charter schools including, without limitation, education and academic performance goals and student achievement; ~~(and~~

~~((f))~~ (g) Determining whether each charter contract merits renewal, nonrenewal, or revocation; and

(h) Ensuring that charter school boards comply with the annual training requirements in RCW 28A.710.030(6).

(2) An authorizer may delegate its responsibilities under this section to employees or contractors.

(3) All authorizers must develop and follow chartering policies and practices that are consistent with the principles and standards for quality charter authorizing developed by the national association of charter school authorizers in at least the following areas:

(a) Organizational capacity and infrastructure;

(b) Soliciting and evaluating charter applications;

(c) Performance contracting;

(d) Ongoing charter school oversight and evaluation; and

(e) Charter renewal decision making.

(4) Each authorizer must submit an annual report to the state board of education, according to a timeline, content, and format specified by the board that includes:

(a) The authorizer's strategic vision for chartering and progress toward achieving that vision;

(b) The academic and financial performance of all operating charter schools under its jurisdiction, including the progress of the charter schools based on the authorizer's performance framework;

(c) The status of the authorizer's charter school portfolio, identifying all charter schools in each of the following categories:

(i) Approved but not yet open; (ii) operating; (iii) renewed; (iv) transferred; (v) revoked; (vi) not renewed; (vii) voluntarily closed; or (viii) never opened;

(d) The authorizer's operating costs and expenses detailed in annual audited financial statements that conform with generally accepted accounting principles; and

(e) The services purchased from the authorizer by the charter schools under its jurisdiction under RCW 28A.710.110, including an itemized accounting of the actual costs of these services.

(5) Neither an authorizer, individuals who comprise the membership of an authorizer in their official capacity, nor the employees of an authorizer are liable for acts or omissions of a charter school they authorize.

(6) No employee, trustee, agent, or representative of an authorizer may simultaneously serve as an employee, trustee, agent, representative, vendor, or contractor of a charter school under the jurisdiction of that authorizer.

Sec. 6. RCW 28A.710.120 and 2016 c 241 s 112 are each amended to read as follows:

(1) The state board of education is responsible for overseeing the performance and effectiveness of all authorizers (~~approved under RCW 28A.710.090~~).

(2) Persistently unsatisfactory performance of an authorizer's portfolio of charter schools, a pattern of well-founded complaints about the authorizer or its charter schools, a high percentage of

charter school closures during the preceding 10-year period, or other objective circumstances may trigger a special review by the state board of education.

(3) In reviewing or evaluating the performance of authorizers, the state board of education must apply nationally recognized principles and standards for quality charter authorizing. Evidence of material or persistent failure by an authorizer to carry out its duties in accordance with these principles and standards constitutes grounds for revocation of the authorizing contract by the state board of education, as provided under this section.

(4) If at any time the state board of education finds that an authorizer is not in compliance with a charter contract, its authorizing contract, or the authorizer duties under RCW 28A.710.100, the board must notify the authorizer in writing of the identified problems, and the authorizer must have reasonable opportunity to respond and remedy the problems.

(5) ~~((f))~~ Except as provided otherwise in subsection (7) of this section if, after due notice from the state board of education, an authorizer persists in violating a material provision of a charter contract or its authorizing contract, or fails to remedy other identified authorizing problems, the state board of education shall notify the authorizer, within a reasonable amount of time under the circumstances, that it intends to revoke the authorizer's chartering authority unless the authorizer demonstrates a timely and satisfactory remedy for the violation or deficiencies.

(6) In the event of revocation of any authorizer's chartering authority, the state board of education shall manage the timely and orderly transfer of each charter contract held by that authorizer to another authorizer in the state, with the mutual agreement of each affected charter school and proposed new authorizer. The new authorizer shall assume the existing charter contract for the remainder of the charter term.

(7) If the commission is the subject of the special review under this section, the state board of education shall have one year from the initiation of its review to complete the review and provide a report with findings and recommendations, including any recommendations for statutory revisions it deems necessary, to the governor, the superintendent of public instruction, and the appropriate committees of the house of representatives and the senate.

(8) The state board of education must establish timelines and a process for taking actions under this section in response to performance deficiencies by an authorizer.

Sec. 7. RCW 28A.710.140 and 2016 c 241 s 114 are each amended to read as follows:

(1) The state board of education must establish an annual statewide timeline for charter application submission and approval or denial that must be followed by all authorizers.

(2) In reviewing and evaluating charter applications, authorizers shall employ procedures, practices, and criteria consistent with nationally recognized principles and standards for quality charter authorizing. Authorizers shall give preference to applications for charter schools that are designed to enroll and serve at-risk student populations. However, nothing in this chapter may be construed as intended to limit the establishment of charter schools to those that serve a substantial portion of at-risk students, or to in any manner restrict, limit, or discourage the establishment of charter schools that enroll and serve other pupil populations under a nonexclusive, nondiscriminatory admissions policy. The application review process must include thorough evaluation of each application, an in-person interview with the applicant group, and an opportunity to learn about and provide input on each application in a public forum including, without limitation, parents, community members, local residents, and school district board members and staff.

NINETY FOURTH DAY, APRIL 12, 2023

(3) In deciding whether to approve an application, authorizers must:

(a) Grant charters only to applicants that have demonstrated competence in each element of the authorizer's published approval criteria and are likely to open ~~((and))~~, operate, and ensure the financial viability of a successful charter public school;

(b) Base decisions on documented evidence collected through the application review process;

(c) Follow charter-granting policies and practices that are transparent and based on merit; and

(d) Avoid any conflicts of interest, whether real or apparent.

(4) An approval decision may include, if appropriate, reasonable conditions that the charter applicant must meet before a charter contract may be executed.

(5) For any denial of an application, the authorizer shall clearly state in writing its reasons for denial. A denied applicant may subsequently reapply to that authorizer or apply to another authorizer in the state.

Sec. 8. RCW 28A.710.180 and 2016 c 241 s 118 are each amended to read as follows:

(1) Each authorizer must continually monitor the performance and legal compliance of the charter schools under its jurisdiction, including collecting and analyzing data to support ongoing evaluation according to the performance framework in the charter contract.

(2) An authorizer may conduct or require oversight activities that enable the authorizer to fulfill its responsibilities under this chapter, including conducting appropriate inquiries and investigations ~~(, if those activities are consistent with the intent of this chapter, adhere to the terms of the charter contract, and do not unduly inhibit the autonomy granted to charter schools)).~~ Examples of permitted reasons for conducting or requiring oversight activities under this section include, but are not limited to: The persistent unsatisfactory performance of a charter school; a pattern of well-founded complaints about a charter school; the authority to conduct such oversight activities as provided by statute, rule, or charter contract; or other objective circumstances.

(3) In the event that a charter school's performance, financial status, or legal compliance appears unsatisfactory, the authorizer must promptly notify the school of the perceived problem and provide reasonable opportunity for the school to remedy the problem. However, if the problem warrants revocation of the charter contract, the revocation procedures under RCW 28A.710.200 apply.

(4) An authorizer may take appropriate corrective actions or exercise sanctions short of revocation in response to apparent deficiencies in charter school performance or legal compliance. These actions or sanctions may include, if warranted, requiring a school to develop and execute a corrective action plan within a specified time frame.

Sec. 9. RCW 28A.710.190 and 2016 c 241 s 119 are each amended to read as follows:

(1) A charter contract may be renewed by the authorizer, at the request of the charter school, for successive five-year terms. The authorizer, however, may vary the term based on the performance, demonstrated capacities, and particular circumstances of a charter school, and may grant renewal with specific conditions for necessary improvements to a charter school.

(2) No later than six months before the expiration of a charter contract, the authorizer must issue a performance report and charter contract renewal application guidance to the charter school. The performance report must summarize the charter school's performance record to date based on the data required by

the charter contract, and must provide notice of any weaknesses or concerns perceived by the authorizer concerning the charter school that may, if not timely rectified, jeopardize its position in seeking renewal. The charter school has thirty days to respond to the performance report and submit any corrections or clarifications for the report.

(3) The renewal application guidance must, at a minimum, provide an opportunity for the charter school to:

(a) Present additional evidence, beyond the data contained in the performance report, supporting its case for charter contract renewal;

(b) Describe improvements undertaken or planned for the school; and

(c) Detail the school's plans for the next charter contract term.

(4) The renewal application guidance must include or refer explicitly to the criteria that will guide the authorizer's renewal decisions, and this criteria must be based on the performance framework set forth in the charter contract.

(5) In making charter renewal decisions, an authorizer must:

(a) Hold the charter school board accountable for: Ensuring that students of the charter school have opportunities for academic success; and exercising effective educational, operational, and financial oversight of the charter school;

(b) Base its decisions in evidence of the school's performance over the term of the charter contract in accordance with the performance framework set forth in the charter contract;

~~((b))~~ (c) Ensure that data used in making renewal decisions are available to the school and the public; and

~~((c))~~ (d) Provide a public report summarizing the evidence basis for its decision.

NEW SECTION. Sec. 10. A new section is added to chapter 28A.710 RCW to read as follows:

(1) Beginning with the 2023-24 school year, the commission shall promote the effective administration and operation of charter schools through the provision of technical assistance to requesting charter schools, charter school boards, or both.

(2) The principal objective of technical assistance provided in accordance with this section, which may be provided by commission staff or through a contractor, must be to support charter schools and charter school boards in achieving and maintaining compliance with the requirements of this chapter and other provisions of Title 28A RCW governing the operation of charter schools. In responding to requests for technical assistance, the commission shall prioritize the provision of assistance to charter schools that have been in operation for three or fewer school years.

(3) Technical assistance provided in accordance with this section: May only be provided at the request of the applicable charter school or charter school board; and is unrelated to, and does not affect or otherwise modify, duties of the commission in its role as an authorizer.

(4) For the purposes of this section, "technical assistance" means the provision of training, which may be provided by commission staff or through a contractor, to support charter schools and charter school boards in their responsibility to achieve and maintain compliance with applicable state and federal laws and with their charter school contract.

the requirements of this chapter or other provisions governing charter schools.

(b) The commission shall acknowledge the receipt of each received complaint within 10 business days and shall, in a timely manner, perform any inquiries or other actions it deems necessary and appropriate to respond to each received complaint.

(2) The commission shall adopt and revise as necessary rules to implement this section.

NEW SECTION. **Sec. 12.** A new section is added to chapter 28A.710 RCW to read as follows:

Each charter school shall prominently post and maintain on its website information about the school's process and instructions for submitting complaints about the operation and administration of the charter school by its enrolled students and their parents. Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 41.32.765 and 2012 1st sp.s. c 7 s 1 are each amended to read as follows:

(1) NORMAL RETIREMENT. Any member with at least five service credit years of service who has attained at least age sixty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760.

(2) EARLY RETIREMENT. Any member who has completed at least twenty service credit years of service who has attained at least age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760, except that a member retiring pursuant to this subsection shall have the retirement allowance actuarially reduced to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

(3) ALTERNATE EARLY RETIREMENT.

(a) Any member who has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced by three percent per year to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

(b) On or after September 1, 2008, any member who has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced as follows:

Retirement Age	Percent Reduction
55	20%
56	17%
57	14%
58	11%
59	8%
60	5%

~~((Any))~~ (i) Until December 31, 2023, any member who retires under the provisions of this subsection is ineligible for the postretirement employment provisions of RCW 41.32.802(2) until the retired member has reached sixty-five years of age.

(ii) Beginning January 1, 2024, any current or future retiree under the provisions of this subsection may utilize the postretirement employment provisions of RCW 41.32.802(2) for up to 867 hours per year.

(iii) For purposes of this subsection, employment with an employer prior to the retired member reaching sixty-five years of age also includes any personal service contract, service ((by)) for an employer as a temporary or project employee, or any other similar compensated relationship with any employer included under the provisions of RCW 41.32.800(1). After reaching sixty-five years of age, employment with an employer only includes employers as defined in RCW 41.32.010.

The subsidized reductions for alternate early retirement in this subsection as set forth in section 2, chapter 491, Laws of 2007 were intended by the legislature as replacement benefits for gain-sharing. Until there is legal certainty with respect to the repeal of chapter 41.31A RCW, the right to retire under this subsection is noncontractual, and the legislature reserves the right to amend or repeal this subsection. Legal certainty includes, but is not limited to, the expiration of any: Applicable limitations on actions; and periods of time for seeking appellate review, up to and including reconsideration by the Washington supreme court and the supreme court of the United States. Until that time, eligible members may still retire under this subsection, and upon receipt of the first installment of a retirement allowance computed under this subsection, the resulting benefit becomes contractual for the recipient. If the repeal of chapter 41.31A RCW is held to be invalid in a final determination of a court of law, and the court orders reinstatement of gain-sharing or other alternate benefits as a remedy, then retirement benefits for any member who has completed at least thirty service credit years and has attained age fifty-five but has not yet received the first installment of a retirement allowance under this subsection shall be computed using the reductions in (a) of this subsection.

(c) Members who first become employed by an employer in an eligible position on or after May 1, 2013, are not eligible for the alternate early retirement provisions of (a) or (b) of this subsection. Any member who first becomes employed by an employer in an eligible position on or after May 1, 2013, and has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.760, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced by five percent per year to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

Sec. 2. RCW 41.32.802 and 2022 c 110 s 2 are each amended to read as follows:

(1)(a) If a retiree enters employment with an employer sooner than one calendar month after his or her accrual date, the retiree's monthly retirement allowance will be reduced by five and one-half percent for every seven hours worked during that month. This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred forty hours per month. Any benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

(2)(a) A retiree who has satisfied the break in employment requirement of subsection (1) of this section, may work up to eight hundred sixty-seven hours per calendar year in an eligible position, as defined in RCW 41.32.010, 41.35.010, 41.37.010, or 41.40.010, or as a firefighter or law enforcement officer, as defined in RCW 41.26.030, or in a position covered by annuity and retirement income plans offered by institutions of higher education pursuant to RCW 28B.10.400, without suspension of his or her benefit.

~~(b) ((A retiree who has retired under the alternate early retirement provisions of RCW 41.32.765(3)(b) may be employed with an employer for up to 867 hours per calendar year without suspension of his or her benefit, provided that: (i) The retired teacher reenters employment more than one calendar month after his or her accrual date and after June 9, 2016; and (ii) the retired teacher is employed in a nonadministrative capacity.~~

~~(e))~~(i) Between March 23, 2022, and July 1, 2025, a retiree who reenters employment more than one month after his or her accrual date, and who enters service in a school district in a nonadministrative position shall continue to receive pension payments while engaged in such service, until the retiree has rendered service for more than 1,040 hours in a calendar year.

(ii) Between March 23, 2022, and July 1, 2025, a retiree that retired before January 1, 2022, and who enters service in a second-class school district, as defined in RCW 28A.300.065, as either a district superintendent or an in-school administrator shall continue to receive pension payments while engaged in such service, until the retiree has rendered service for more than 1,040 hours in a calendar year.

(iii) The legislature reserves the right to amend or repeal this subsection (2)((~~e~~)) (b) in the future and no member or beneficiary has a contractual right to be employed for more than 867 hours in a calendar year without a reduction of his or her pension.

(3) If the retiree opts to reestablish membership under RCW 41.32.044, he or she terminates his or her retirement status and immediately becomes a member. Retirement benefits shall not accrue during the period of membership and the individual shall make contributions and receive membership credit. Such a member shall have the right to again retire if eligible.

Sec. 3. RCW 41.32.862 and 2022 c 110 s 3 are each amended to read as follows:

This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred forty hours per month. Any benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

(2)(a) A retiree who has satisfied the break in employment requirement of subsection (1) of this section, may work up to eight hundred sixty-seven hours per calendar year in an eligible position, as defined in RCW 41.32.010, 41.35.010, 41.37.010, or 41.40.010, or as a firefighter or law enforcement officer, as defined in RCW 41.26.030, or in a position covered by annuity and retirement income plans offered by institutions of higher education pursuant to RCW 28B.10.400, without suspension of his or her benefit.

~~(b) ((A retiree who has retired under the alternate early retirement provisions of RCW 41.32.875(3)(b) may be employed with an employer for up to 867 hours per calendar year without~~

(3) If the retiree opts to reestablish membership under RCW 41.32.044, he or she terminates his or her retirement status and immediately becomes a member. Retirement benefits shall not accrue during the period of membership and the individual shall make contributions and receive membership credit. Such a member shall have the right to again retire if eligible.

Sec. 4. RCW 41.32.875 and 2012 1st sp.s. c 7 s 2 are each amended to read as follows:

(1) NORMAL RETIREMENT. Any member who is at least age sixty-five and who has:

- (a) Completed ten service credit years; or
- (b) Completed five service credit years, including twelve service credit months after attaining age forty-four; or

~~(Any)~~ (i) Until December 31, 2023, any member who retires under the provisions of this subsection is ineligible for the postretirement employment provisions of RCW 41.32.862(2) until the retired member has reached sixty-five years of age.

(ii) Beginning January 1, 2024, any current or future retiree under the provisions of this subsection may utilize the postretirement employment provisions of RCW 41.32.862(2) for up to 867 hours per year.

(iii) For purposes of this subsection, employment with an employer prior to the retired member reaching sixty-five years of age also includes any personal service contract, service ~~((by))~~ for an employer as a temporary or project employee, or any other similar compensated relationship with any employer included under the provisions of RCW 41.32.860(1). After reaching sixty-five years of age, employment with an employer only includes employers as defined in RCW 41.32.010.

The subsidized reductions for alternate early retirement in this subsection as set forth in section 4, chapter 491, Laws of 2007 were intended by the legislature as replacement benefits for gain-sharing. Until there is legal certainty with respect to the repeal of chapter 41.31A RCW, the right to retire under this subsection is noncontractual, and the legislature reserves the right to amend or repeal this subsection. Legal certainty includes, but is not limited to, the expiration of any: Applicable limitations on actions; and periods of time for seeking appellate review, up to and including reconsideration by the Washington supreme court and the supreme court of the United States. Until that time, eligible members may still retire under this subsection, and upon receipt of the first installment of a retirement allowance computed under this subsection, the resulting benefit becomes contractual for the recipient. If the repeal of chapter 41.31A RCW is held to be invalid in a final determination of a court of law, and the court orders reinstatement of gain-sharing or other alternate benefits as a remedy, then retirement benefits for any member who has completed at least thirty service credit years and has attained age fifty-five but has not yet received the first installment of a retirement allowance under this subsection shall be computed using the reductions in (a) of this subsection.

(c) Members who first become employed by an employer in an eligible position on or after May 1, 2013, are not eligible for the alternate early retirement provisions of (a) or (b) of this subsection. Any member who first becomes employed by an employer in an eligible position on or after May 1, 2013, and has completed at least thirty service credit years and has attained age fifty-five shall be eligible to retire and to receive a retirement allowance computed according to the provisions of RCW 41.32.840, except that a member retiring pursuant to this subsection shall have the retirement allowance reduced by five percent per year to reflect the difference in the number of years between age at retirement and the attainment of age sixty-five.

Sec. 5. RCW 41.35.060 and 2022 c 110 s 4 are each amended to read as follows:

(1)(a) If a retiree enters employment with an employer sooner than one calendar month after his or her accrual date, the retiree's monthly retirement allowance will be reduced by five and one-half percent for every eight hours worked during that month. This reduction will be applied each month until the retiree remains absent from employment with an employer for one full calendar month.

(b) The benefit reduction provided in (a) of this subsection will accrue for a maximum of one hundred sixty hours per month. Any benefit reduction over one hundred percent will be applied to the benefit the retiree is eligible to receive in subsequent months.

~~((e))~~ Between March 23, 2022, and July 1, 2025, a retiree, including a retiree who has retired under the alternate early retirement provisions of RCW 41.35.420(3)(b) or 41.35.680(3)(b), who reenters employment more than one month after his or her accrual date, and who enters service in a school district in a nonadministrative position shall continue to receive pension payments while engaged in such service, until the retiree has rendered service for more than 1,040 hours in a calendar year. The legislature reserves the right to amend or repeal this subsection ~~((e))~~ (b) in the future and no member or beneficiary has a contractual right to be employed for more than 867 hours in a calendar year without a reduction of his or her pension.

(3) If the retiree opts to reestablish membership under RCW 41.35.030, he or she terminates his or her retirement status and becomes a member. Retirement benefits shall not accrue during the period of membership and the individual shall make contributions and receive membership credit. Such a member shall have the right to again retire if eligible in accordance with RCW 41.35.420 or 41.35.680. (6)(a) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041:

(i) Running start students shall pay to the community or technical college all other mandatory fees as established by each community or technical college and, in addition, the state board for community and technical colleges may authorize a fee of up to ~~((ten))~~ 10 percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041; and

(ii) All other institutions of higher education operating a running start program may charge running start students a fee of up to ~~((ten))~~ 10 percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041 in addition to technology fees.

(b) The fees charged under this subsection ~~((2))~~ (6) shall be prorated based on credit load.

(c) Students may pay fees under this subsection (6) with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

~~((3))~~ (7)(a) The institutions of higher education must make available fee waivers for low-income running start students. A student shall be considered low income and eligible for a fee waiver upon proof that the student ~~((is currently qualified to receive))~~ meets federal eligibility requirements for free or reduced-price ((lunch)) school meals. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(b)(i) By the beginning of the 2020-21 school year, school districts, upon knowledge of a low-income student's enrollment in running start, must provide documentation of the student's low-income status, under (a) of this subsection, directly to institutions of higher education.

(ii) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction, in consultation with the Washington student achievement council, shall develop a centralized process for school districts to provide students' low-income status to institutions of higher education to meet the requirements of (b)(i) of this subsection.

(c) Institutions of higher education, in collaboration with relevant student associations, shall aim to have students who can benefit from fee waivers take advantage of these waivers. Institutions shall make every effort to communicate to students and their families the benefits of the waivers and provide assistance to students and their families on how to apply. Information about waivers shall, to the greatest extent possible, be incorporated into financial aid counseling, admission information, and individual billing statements. Institutions also shall, to the greatest extent possible, use all means of communication, including but not limited to websites, online

catalogues, admission and registration forms, mass email messaging, social media, and outside marketing to ensure that information about waivers is visible, compelling, and reaches the maximum number of students and families that can benefit.

~~((4))~~ (8) The ~~((pupils))~~ student's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, participating institutions of higher education, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall be counted for the purpose of meeting enrollment targets in accordance with terms and conditions specified in the omnibus appropriations act.

(9) This section governs school operation and management under RCW 28A.710.040 and 28A.715.020 and applies to charter schools established under chapter 28A.710 RCW and state-tribal education compact schools established under chapter 28A.715 RCW to the same extent as it applies to school districts.

Sec. 3. RCW 28A.600.390 and 2012 c 229 s 506 are each amended to read as follows:

The superintendent of public instruction, the state board for community and technical colleges, and the student achievement council shall jointly develop and adopt rules governing RCW 28A.600.300 through 28A.600.380 and section 1 of this act, if rules are necessary. The rules shall be written to encourage the maximum use of the program and shall not narrow or limit the enrollment options under RCW 28A.600.300 through 28A.600.380.

Sec. 4. RCW 28A.600.400 and 1994 c 205 s 11 are each amended to read as follows:

RCW 28A.600.300 through 28A.600.390 are in addition to and not intended to adversely affect agreements between school districts and institutions of higher education in effect on April 11, 1990~~((, and in the future))~~.

NEW SECTION. Sec. 5. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2023, in the omnibus appropriations act, this act is null and void."

On page 1, line 1 of the title, after "programs;" strike the remainder of the title and insert "amending RCW 28A.600.390 and 28A.600.400; reenacting and amending RCW 28A.600.310; adding a new section to chapter 28A.600 RCW; and creating a new section."

SECOND SUBSTITUTE HOUSE BILL NO. 1390, by House Committee on Capital Budget (originally sponsored by Ramel, Berry, Duerr, Doglio, Pollet and Reed)

Concerning district energy systems.

The measure was read the second time.

MOTION

Senator Nguyen moved that the following committee striking amendment by the Committee on Environment, Energy & Technology be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that building decarbonization is necessary to achieve the state's climate goals. Washington is a member of the national building performance standards coalition and is leading the nation with existing building performance standards. District energy policy could be used in coordination with any future statewide building performance standards policies to reduce commercial and large state-owned building emissions.

Due to the increased prevalence of extreme summer heat events, the ability to cool space at our state-run campus facilities, including correctional facilities, is an essential function of maintaining humane living, working, and learning conditions.

Upgrading existing district energy systems has great potential to increase efficiency, oftentimes more so than a building-by-building approach.

Upgrading and constructing district energy systems will employ skilled labor, including trades that have historically performed work on fossil fuel energy sources. This work will be an important part of a just transition to a clean energy economy.

For state-owned facilities connected to district energy systems, the legislature recognizes that it may take years, multiple budget cycles, and commitments as anchor customers to develop and upgrade campus district energy systems, but remains committed to steadily investing in plans developed by these agencies and their selected providers. Having plans for multiyear customer commitments or spending programs will set the state and private sector up well for applying for federal grants and resources and to appropriately plan capital, operating, and climate commitment act funding for these investments over time.

NEW SECTION. Sec. 2. A new section is added to chapter 19.27A RCW to read as follows:

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Campus" means a collection of buildings served by a district heating, cooling, water reuse, or power system.

(b) "Campus district energy system" means a district energy system that provides heating, cooling, or heating and cooling to a campus through a distributed system providing steam, hot water, or cool water to three or more buildings with more than 100,000 square feet of combined conditioned space, where the system and all connected buildings are owned by:

(i) A single entity;

(ii) A public-private partnership in which a private entity owns the systems providing heating, cooling, or heating and cooling to buildings owned by one public entity; or

(iii) Two private entities in which one private entity owns the connected buildings and another private entity owns the system providing heating, cooling, or heating and cooling to the buildings.

(c) "State campus district energy system" means a district energy system that provides heating, cooling, or heating and cooling to a campus through a distributed system providing steam, hot water, or cool water to five or more buildings with more than 100,000 square feet of combined conditioned space, where the system and all connected buildings are owned by the state of Washington or by a public-private partnership including one public buildings owner and one private entity.

(2)(a) The owner of a state campus district energy system must develop a decarbonization plan that provides a strategy for up to 15 years for the state campus district energy system. The department of commerce may approve a decarbonization plan that is based on a planning time frame longer than 15 years. The decarbonization plan must include:

(i) Mechanisms to replace fossil fuels in the heating plants, including a schedule for replacement;

(ii) An evaluation of possible options to partner with nearby sources and uses of waste heat and cooling;

(iii) An examination of opportunities to add buildings or other facilities to the system once it is decarbonized, a strategy to incentivize growth of a decarbonized system, and requirements for facilities joining the system; and

(iv) An evaluation, prioritization, and scheduled plan of reducing energy use through conservation efforts both at the central plant and in the buildings connected to district energy systems that results in meeting the campus energy use intensity target.

(b) The owner of a state campus district energy system is encouraged to include the following considerations in a decarbonization plan:

(i) Distribution network upgrades;

(ii) On-site energy storage facilities;

(iii) Space cooling for residential facilities;

(iv) Labor and workforce, including state registered apprenticeship utilization;

(v) Options for public-private partnerships;

(vi) Incorporation of industrial symbiosis projects or networks as described in chapter 308, Laws of 2021.

(c) The owner of a state campus district energy system must consult with the electric utility and the natural gas utility serving the site of the system during decarbonization plan development.

(3)(a) The owner of a state campus district energy system must begin developing a decarbonization plan by June 30, 2024, and must submit a final decarbonization plan to the department of commerce by June 30, 2025.

(b) Upon submittal to the department of commerce, decarbonization plans must be reviewed and approved by the department of commerce. The department of commerce may ask for a decarbonization plan to be revised and resubmitted if it does not meet standards as determined by the department of commerce.

(c) Every five years after June 30, 2025, the owner of a state campus district energy system must resubmit the decarbonization plan, along with a progress report on the implementation of the decarbonization plan, to the department of commerce.

(4) The department of commerce must provide a summary report on the decarbonization plans required in subsection (3) of

this section to the governor and the appropriate committees of the legislature by December 1, 2025.

(5) The owner of a state campus district energy system is not required to meet the energy use intensity target in all the connected buildings that are heated, cooled, or heated and cooled by the system, or to conduct an investment grade audit, to otherwise comply with the state energy performance standard requirements in RCW 19.27A.200 through 19.27A.250 if the following conditions for an alternative compliance pathway are met:

(a) The owner of a state campus district energy system is implementing a department of commerce-approved decarbonization plan or has fully implemented a department of commerce-approved decarbonization plan for the state campus district energy system and all of its connected buildings that, when fully implemented, meets the energy use intensity target established for the campus at the time of required measurement and verification. The owner may apply for phased implementation through conditional compliance in accordance with requirements of the decarbonization plan;

(b) The owner of the state campus district energy system meets the benchmarking, energy management, and operations and maintenance planning requirements under RCW 19.27A.200 through 19.27A.250 for the state campus district energy system and all of its connected buildings; and

(c) The owner of a state campus district energy system submits a request to the department of commerce once during every five-year compliance cycle as part of documentation submitted in accordance with RCW 19.27A.210(7), and the department of commerce approves the request.

(6) The owner of a campus district energy system may submit a request to the department of commerce to opt-in to the process for approval of an alternative compliance pathway as outlined in this section. If approved by the department of commerce, the campus district energy system must follow all of the requirements outlined for a state campus district energy system in this section, and the department of commerce must apply all authorities granted under this section for state campus district energy systems to such a campus district energy system.

Sec. 3. RCW 19.27A.210 and 2021 c 65 s 19 are each amended to read as follows:

(1)(a) By November 1, 2020, the department must establish by rule a state energy performance standard for covered commercial buildings.

(b) In developing energy performance standards, the department shall seek to maximize reductions of greenhouse gas emissions from the building sector. The standard must include energy use intensity targets by building type and methods of conditional compliance that include an energy management plan, operations and maintenance program, energy efficiency audits, and investment in energy efficiency measures designed to meet the targets. The department shall use ANSI/ASHRAE/IES standard 100-2018 as an initial model for standard development. The department must update the standard by July 1, 2029, and every five years thereafter. Prior to the adoption or update of the standard, the department must identify the sources of information it relied upon, including peer-reviewed science.

(2) In establishing the standard under subsection (1) of this section, the department:

(a) Must develop energy use intensity targets that are no greater than the average energy use intensity for the covered commercial building occupancy type with adjustments for unique energy using features. The department must also develop energy use intensity targets for additional property types eligible for incentives in RCW 19.27A.220. The department must consider

NINETY FOURTH DAY, APRIL 12, 2023

regional and local building energy utilization data, such as existing energy star benchmarking data, in establishing targets for the standard. Energy use intensity targets must be developed for two or more climate zones and be representative of energy use in a normal weather year;

(b) May consider building occupancy classifications from ANSI/ASHRAE/IES standard 100-2018 and the United States environmental protection agency's energy star portfolio manager when developing energy use intensity targets;

(c) May implement lower energy use intensity targets for more recently built covered commercial buildings based on the state energy code in place when the buildings were constructed;

(d)(i) Must adopt a conditional compliance method that ensures that covered commercial buildings that do not meet the specified energy use intensity targets are taking action to achieve reduction in energy use, including investment criteria for conditional compliance that ensure that energy efficiency measures identified by energy audits are implemented to achieve a covered commercial building's energy use intensity target. The investment criteria must require that a building owner adopt an implementation plan to meet the energy intensity target or implement an optimized bundle of energy efficiency measures that provides maximum energy savings without resulting in a savings-to-investment ratio of less than 1.0, except as exempted in (d)(ii) of this subsection. The implementation plan must be based on an investment grade energy audit and a life-cycle cost analysis that accounts for the period during which a bundle of measures will provide savings. The building owner's cost for implementing energy efficiency measures must reflect net cost, excluding any costs covered by utility or government grants. The implementation plan may exclude measures that do not pay for themselves over the useful life of the measure and measures excluded under (d)(ii) of this subsection. The implementation plan may include phased implementation such that the building owner is not required to replace a system or equipment before the end of the system or equipment's useful life;

(ii) For those buildings or structures that are listed in the state or national register of historic places; designated as a historic property under local or state designation law or survey; certified as a contributing resource with a national register listed or locally designated historic district; or with an opinion or certification that the property is eligible to be listed on the national or state registers of historic places either individually or as a contributing building to a historic district by the state historic preservation officer or the keeper of the national register of historic places, no individual energy efficiency requirement need be met that would compromise the historical integrity of a building or part of a building;

(e) Must provide an alternative compliance pathway for an owner of a state campus district energy system, in accordance with section 2 of this act, and more broadly for the owner of any campus district energy system that is approved by the department to opt-in in accordance with section 2(6) of this act;

(f) Must guarantee that the owner of a state campus district energy system is not required to implement more than one energy management plan and more than one operations and maintenance plan for the campus;

(g) Must guarantee that a state campus district energy system, as defined in section 2 of this act, and all buildings connected to a state campus district energy system, are in compliance with any requirements for campus buildings to implement energy efficiency measures identified by an energy audit if:

(i) The energy audit demonstrates the energy savings from the state campus district energy system energy efficiency measures

will be greater than the energy efficiency measures identified for the campus buildings; and

(ii) The state campus district energy system implements the energy efficiency measures.

(3) Based on records obtained from each county assessor and other available information sources, the department must create a database of covered commercial buildings and building owners required to comply with the standard established in accordance with this section.

(4) By July 1, 2021, the department must provide the owners of covered buildings with notification of compliance requirements.

(5) The department must develop a method for administering compliance reports from building owners.

(6) The department must provide a customer support program to building owners including, but not limited to, outreach and informational material, periodic training, phone and email support, and other technical assistance.

(7) The building owner of a covered commercial building must report the building owner's compliance with the standard to the department in accordance with the schedule established under subsection (8) of this section and every five years thereafter. For each reporting date, the building owner must submit documentation to demonstrate that:

(a) The weather normalized energy use intensity of the covered commercial building measured in the previous calendar year is less than or equal to the energy use intensity target; or

(b) The covered commercial building has received conditional compliance from the department based on energy efficiency actions prescribed by the standard; or

(c) The covered commercial building is exempt from the standard by demonstrating that the building meets one of the following criteria:

(i) The building did not have a certificate of occupancy or temporary certificate of occupancy for all ~~((twelve))~~ 12 months of the calendar year prior to the building owner compliance schedule established under subsection (8) of this section;

(ii) The building did not have an average physical occupancy of at least ~~((fifty))~~ 50 percent throughout the calendar year prior to the building owner compliance schedule established under subsection (8) of this section;

(iii) The sum of the building's gross floor area minus unconditioned and semiconditioned spaces, as defined in the Washington state energy code, is less than ~~((fifty thousand))~~ 50,000 square feet;

(iv) The primary use of the building is manufacturing or other industrial purposes, as defined under the following use designations of the international building code: (A) Factory group F; or (B) high hazard group H;

(v) The building is an agricultural structure; or

(vi) The building meets at least one of the following conditions of financial hardship: (A) The building had arrears of property taxes or water or wastewater charges that resulted in the building's inclusion, within the prior two years, on a city's or county's annual tax lien sale list; (B) the building has a court appointed receiver in control of the asset due to financial distress; (C) the building is owned by a financial institution through default by a borrower; (D) the building has been acquired by a deed in lieu of foreclosure within the previous ~~((twenty-four))~~ 24 months; (E) the building has a senior mortgage subject to a notice of default; or (F) other conditions of financial hardship identified by the department by rule.

(8) A building owner of a covered commercial building must meet the following reporting schedule for complying with the standard established under this section:

(a) For a building with more than ~~((two hundred twenty thousand))~~ 220,000 gross square feet, June 1, 2026;

(b) For a building with more than ~~((ninety thousand))~~ 90,000 gross square feet but less than ~~((two hundred twenty thousand and one))~~ 220,001 gross square feet, June 1, 2027; and

(c) For a building with more than ~~((fifty thousand))~~ 50,000 gross square feet but less than ~~((ninety thousand and one))~~ 90,001 square feet, June 1, 2028.

(9)(a) The department may issue a notice of violation to a building owner for noncompliance with the requirements of this section. A determination of noncompliance may be made for any of the following reasons:

(i) Failure to submit a compliance report in the form and manner prescribed by the department;

(ii) Failure to meet an energy use intensity target or failure to receive conditional compliance approval;

(iii) Failure to provide accurate reporting consistent with the requirements of the standard established under this section; and

(iv) Failure to provide a valid exemption certificate.

(b) In order to create consistency with the implementation of the standard and rules adopted under this section, the department must reply and cite the section of law, code, or standard in a notice of violation for noncompliance with the requirements of this section when requested to do so by the building owner or the building owner's agent.

(10) The department is authorized to impose an administrative penalty upon a building owner for failing to submit documentation demonstrating compliance with the requirements of this section. The penalty may not exceed an amount equal to ~~((five thousand dollars))~~ \$5,000 plus an amount based on the duration of any continuing violation. The additional amount for a continuing violation may not exceed a daily amount equal to ~~((one dollar))~~ \$1 per year per gross square foot of floor area. The department may by rule increase the maximum penalty rates to adjust for the effects of inflation.

(11) Administrative penalties collected under this section must be deposited into the low-income weatherization and structural rehabilitation assistance account created in RCW 70A.35.030.

(12) The department must adopt rules as necessary to implement this section, including but not limited to:

(a) Rules necessary to ensure timely, accurate, and complete reporting of building energy performance for all covered commercial buildings;

(b) Rules necessary to enforce the standard established under this section; and

(c) Rules that provide a mechanism for appeal of any administrative penalty imposed by the department under this section.

(13) Upon request by the department, each county assessor must provide property data from existing records to the department as necessary to implement this section.

(14) By January 15, 2022, and each year thereafter through 2029, the department must submit a report to the governor and the appropriate committees of the legislature on the implementation of the state energy performance standard established under this section. The report must include information regarding the adoption of the ANSI/ASHRAE/IES standard 100-2018 as an initial model, the financial impact to building owners required to comply with the standard, the amount of incentives provided under RCW 19.27A.220 and 19.27A.230, and any other significant information associated with the implementation of this section."

On page 1, line 1 of the title, after "systems;" strike the remainder of the title and insert "amending RCW 19.27A.210;

adding a new section to chapter 19.27A RCW; and creating a new section."

SECOND READING

ENGROSSED HOUSE BILL NO. 1823, by Representatives Timmons, Slatter and Ramel

Modifying the Washington student loan program.

The measure was read the second time.

MOTION

Senator Randall moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 28B.93.005 and 2022 c 206 s 1 are each amended to read as follows:

(1) The legislature finds that college students continue to borrow in order to fund their higher education, despite an increase in access to state financial aid. In Washington state, estimates for the number of borrowers carrying student loan debt are around 800,000 with an average balance around \$33,500, resulting in a total outstanding balance of \$29.4 billion. Student loan debt outpaces other sources of consumer debt, such as credit card and vehicle debt. While research shows that earning a postsecondary credential positively impacts a person's earning potential, high student loan debt erodes much of this benefit.

(2) The legislature recognizes that people with student loan debt are less likely to get married and start a family, establish small businesses, and buy homes. High student loan debt negatively impacts a person's credit score and their debt-to-income ratio, which impacts their ability to qualify for a mortgage. However, student loan debt does not impact all borrowers the same.

(3) Student loan borrowers who struggle the most are typically lower income, first generation, and students of color. Data from the national center for education statistics of a 12-year longitudinal study based on students who began their education in the 2003-04 academic year found the following for students who defaulted: Almost 90 percent had received a Pell grant at one

point; 70 percent were first generation college students; 40 percent were in the bottom quarter of income distribution; and 30 percent were African American.

(4) The legislature recognizes though that student loans are beneficial for students who have no other way to pay for college or have expenses beyond tuition and fees. Student loans can open up postsecondary education opportunities for many and help boost the state's economy by increasing the number of qualified graduates to fulfill workforce shortages. However, the legislature finds that high interest rates that accumulate while the student is in college negatively impact the student's ability to prosper financially and contribute to the state's economy after graduation. The legislature also recognizes that there is very little financial aid available to assist students pursuing graduate studies, despite the state's high demand for qualified professionals in fields with workforce shortages such as behavioral health, nursing, software development, teaching, and more. Therefore, the legislature intends to support students pursuing higher education by establishing a state student loan program that is more affordable than direct federal student loans and private loans. The legislature intends to offer student loans to state residents with financial need who are pursuing ((undergraduate and)) high-demand graduate studies at a subsidized((, one percent)) interest rate not to exceed 2.5 percent. The legislature intends for the Washington state student loan program to align with the Washington college grant program, recognizing that student loans are secondary forms of financial aid that often cover expenses beyond tuition. ((Based on the feasibility of the state student loan program recommendations developed by the Washington student achievement council, in consultation with the Washington state investment board, and the office of the state treasurer, the legislature intends to finance the Washington state student loan program with a one-time \$150,000,000 appropriation to cover annual student loan originations and expenses until repayments are substantial enough to support the program on an ongoing basis.))

MOTION

NINETY FOURTH DAY, APRIL 12, 2023

Senator Shewmake moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. In 2022, students at 39 colleges and universities across Washington state participated in a survey about basic needs insecurities, including access to food, housing, child care, and more. The survey found that nearly half of all students in all regions of the state experienced some type of basic needs insecurity. One in every three students experienced either food insecurity or housing insecurity. One in every 10 students had also experienced homelessness in the previous 12 months. Some students experienced these insecurities at higher rates than others, and former foster youth had the highest rates of basic needs insecurities with 75 percent experiencing either food or housing insecurity. Addressing basic needs challenges for students contributes to their ability to remain enrolled and pursue their educational goals as evidenced by data from the two student support programs the legislature previously enacted, the student emergency assistance grant program and the supporting students experiencing homelessness pilot program. When students received this assistance, an average of 88 percent of them were able to persist in their programs.

Therefore, the legislature intends to continue to support students and help students meet their basic needs by increasing access to resources and support services.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.10 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, each institution of higher education, the university campuses created under chapter 28B.45 RCW, and the tribal college must have a minimum of one part-time benefits navigator to assist students in accessing public benefits and existing emergency assistance programs such as those funded by RCW 28B.50.295. The institutions of higher education and the tribal college, in coordination with the respective benefits navigators, may:

(a) Identify campus food pantry policies that, in practice, create barriers to access and reduce or remove those barriers in the implementation of this subsection;

(b) Review and update methods to identify likely low-income and food-insecure students and conduct communications and outreach methods by the institution to promote opportunities for benefits assistance (such as basic food enrollment, working connections child care enrollment, referrals to the special supplemental nutrition program for women, infants, and children, affordable housing assistance) and emergency financial resources;

(c) Identify opportunities for the institution and partnerships with community-based organizations to holistically support students' basic needs, access to benefits and community resources; and

(d) Facilitate discussions and generate recommendations amongst community stakeholders on the basic needs of the institution's geographic postsecondary student population.

(2) Public four-year institutions of higher education and their respective university campuses shall coordinate with an organization representing the presidents of the public four-year institutions to submit a report that must include outcomes from implementation of benefits navigators, and provide recommendations regarding strategies to address student basic needs. The community and technical colleges shall coordinate with the state board for community and technical colleges to

submit a report that must include outcomes from implementation of benefits navigators, and provide recommendations regarding strategies to address student basic needs. The organizations representing the presidents of the public four-year institutions and the state board for community and technical colleges must submit the reports by December 1, 2025, and every other year thereafter, to the appropriate committees of the legislature in accordance with RCW 43.01.036.

(3) The tribal college shall submit a report that must include the findings and activities from implementation of the benefits navigator and provide recommendations regarding strategies to address student basic needs. The tribal college must submit the report by December 1, 2025, and every other year thereafter, to the appropriate committees of the legislature in accordance with RCW 43.01.036.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Benefits navigator" means an individual who is employed by an institution of higher education for the purpose of helping students seek, apply for, and receive assistance from benefits programs, emergency resources, and community resources.

(b) "Institutions of higher education" has the same meaning as in RCW 28B.10.016.

(c) "Student basic needs" means food, water, shelter, clothing, physical health, mental health, child care, or similar needs that students enrolled at an institution of higher education or tribal college may face difficulty with and that hinders their ability to begin or continue their enrollment.

(d) "Tribal colleges" means institutions of higher education operated by an Indian tribe as defined in RCW 43.376.010.

NEW SECTION. Sec. 3. (1) Subject to the availability of amounts appropriated for this specific purpose, a pilot program to provide free and low-cost meal plans or food vouchers to eligible low-income students is established at:

(a) Four college districts, two on each side of the crest of the Cascade mountains, selected by the state board for community and technical colleges; and

(b) Two public four-year institutions of higher education, one on each side of the crest of the Cascade mountains, selected by an organization representing the presidents of public four-year institutions.

(2) The pilot program expires July 1, 2026.

(3) This section expires January 1, 2027.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2023, in the omnibus appropriations act, this act is null and void."

On page 1, line 2 of the title, after "act;" strike the remainder of the title and insert "adding a new section to chapter 28B.10 RCW; creating new sections; and providing an expiration date."

Improving diversity in clinical trials.

The measure was read the second time.

MOTION

Senator Rivers moved that the following committee striking amendment by the Committee on Ways & Means be not adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that controlled clinical trials provide a critical base of evidence for evaluating whether a medical product is effective before the product is approved for marketing. The food and drug administration has evaluated demographic profiles of people participating in clinical trials for approved drugs and found that some groups, especially ethnic and racial groups, are not always well represented in clinical trials. Diversity in clinical trials is necessary to effectively determine how race, gender, and age impacts how a person metabolizes a drug.

(2) Therefore, it is the policy of the state to:

(a) Improve the completeness and quality of data concerning diverse demographic groups that is collected, reported, and analyzed for the purposes of clinical trials of drugs and medical devices;

(b) Identify barriers to participation in clinical trials by persons who are members of demographic groups that are underrepresented in such trials and employ strategies recognized by the United States food and drug administration to encourage greater participation in clinical trials by such persons; and

(c) Make data concerning demographic groups that is collected, reported, and analyzed for the purposes of clinical trials more available and transparent.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

"Washington state review board" or "review board" means the Washington state institutional review board, established pursuant to 45 C.F.R. Part 46, which is the designated institutional review board for the department of social and health services, the department of health, the department of labor and industries, and other state agencies.

NEW SECTION. Sec. 3. The Washington state review board must establish a diversity in clinical trials program to encourage participation in clinical trials of drugs and medical devices by persons who are members of demographic groups that are underrepresented in clinical trials. In developing this program, the review board shall:

(1) Review the most recent version of "Collection of Race and Ethnicity Data in Clinical Trials — Guidance for Industry and Food and Drug Administration Staff," published by the United States food and drug administration;

(2) Establish a model diversity in clinical trials policy for clinical trials of drugs and medical devices which are conducted by state agencies within the jurisdiction of the review board;

(3) Compile and share information and resources in an accessible fashion to assist entities in Washington state that conduct clinical trials of drugs and medical devices to increase participation by persons who are members of demographic groups that are underrepresented in clinical trials, including but not limited to:

(a) Information concerning methods for identifying and recruiting persons who are members of underrepresented demographic groups to participate in clinical trials;

(b) Links or copies of outside resources related to increasing participation by members of underrepresented demographic groups in clinical trials provided by community organizations or other interested agencies or parties;

(c) Contact information for community organizations or other appropriate entities which may be able to provide assistance with efforts to increase participation by underrepresented demographic groups in clinical trials; and

(d) Links to websites maintained by medical facilities, health authorities, and other local governmental entities, nonprofit organizations, and scientific investigators and institutions that are performing research relating to drugs or medical devices in this state;

(4) Apply for grants from any source including, without limitation, the federal government, to fund the diversity in clinical trials program; and

(5) Beginning July 1, 2024, and every even-numbered year thereafter, submit a report to the governor and health care committees of the legislature concerning the status and results of the diversity in clinical trials program.

NEW SECTION. Sec. 4. Any state entity that receives funding from the national institutes of health to conduct clinical trials of drugs or medical devices must:

(1) Adopt a policy concerning the identification and recruitment of persons who are members of underrepresented demographic groups to participate in clinical trials. This policy must include requirements that investigators who are conducting clinical trials collaborate with community-based organizations and use methods recognized by the United States food and drug administration to identify and recruit such persons to participate in those clinical trials;

(2) Provide information to trial participants in languages other than English; and

(3) Provide translation services or bilingual staff for trial screening.

NEW SECTION. Sec. 5. For the purposes of this chapter, demographic groups that are underrepresented in clinical trials may include persons who are underrepresented by race, sex, sexual orientation, socioeconomic status, and age.

Sec. 6. RCW 43.348.040 and 2018 c 4 s 4 are each amended to read as follows:

(1) The Andy Hill cancer research endowment program is created. The purpose of the program is to make grants to public and private entities, including commercial entities, to fund or reimburse the entities pursuant to agreement for the promotion of cancer research to be conducted in the state. The endowment is to oversee and guide the program, including the solicitation, selection, and award of grants.

(2) The board must develop a plan for the allocation of projected amounts in the fund, which it must update annually, following at least one annual public hearing. The plan must provide for appropriate funding continuity and take into account the projected speed at which revenues will be available and amounts that can be spent during the plan period.

(3) The endowment must solicit requests for grant funding and evaluate the requests by reference to factors such as: (a) The quality of the proposed research or program; (b) its potential to improve health outcomes of persons with cancer, with particular attention to the likelihood that it will also lower health care costs, substitute for a more costly diagnostic or treatment modality, or offer a breakthrough treatment for a particular cancer or cancer-related condition or disease; (c) its potential for leveraging additional funding; (d) its potential to provide additional health care benefits or benefit other human diseases or conditions; (e) its potential to stimulate life science, health care, and biomedical employment in the state; (f) the geographic diversity of the grantees within Washington; (g) evidence of potential royalty, sales, or licensing revenue, or other commercialization-related revenue and contractual means to recapture such income for purposes of this chapter; ~~((and))~~ (h) evidence of public and private collaboration; (i) the ability to offer trial participants information in a language other than English; (j) the ability to provide culturally specific recruitment materials alongside general enrollment materials; (k) the ability to provide electronic consent when not prohibited by other granting entities or federal regulations; and (l) other evidence of outreach and engagement to increase participation of underrepresented communities in clinical trials of drugs and medical devices.

(4) The endowment may not award a grant for a proposal that was not recommended by an independent expert scientific review and advisory committee under RCW 43.348.050.

(5) The endowment must issue an annual report to the public that sets forth its activities with respect to the fund, including grants awarded, grant-funded work in progress, research accomplishments, prevention, and care activities, and future

program directions with respect to cancer research, prevention, and care. Each annual report regarding activities of the program and fund must include, but not be limited to, the following: The number and dollar amounts of grants; the grantees for the prior year; the endowment's administrative expenses; an assessment of the availability of funding for cancer research, prevention, and care from sources other than the endowment; a summary of research, prevention, and care-related findings, including promising new areas for investment; and a report on the benefits to Washington of its programs to date.

(6) The endowment's first annual report must include a proposed operating plan for the design, implementation, and administration of an endowment program supporting the purposes of the endowment and program.

(7) The endowment must adopt policies to ensure that all potential conflicts have been disclosed and that all conflicts have been eliminated or mitigated.

(8) The endowment must establish standards to ensure that recipients of grants for cancer research, prevention, or care purchase goods and services from Washington suppliers to the extent reasonably possible.

NEW SECTION. Sec. 7. A new section is added to chapter 43.348 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the Andy Hill cancer research endowment program shall administer grants to Washington state community-based organizations to conduct outreach and education efforts about clinical trials in underrepresented communities or underrepresented demographic groups. The Andy Hill cancer research endowment may consult with the diversity in clinical trials program established under chapter 69.--- RCW (the new chapter created in section 9 of this act).

(2) Grant funding provided under this section may be used to:

(a) Design and conduct educational outreach for the purpose of increasing awareness of clinical trials of drugs and medical devices in underrepresented communities or underrepresented demographic groups;

(b) Improve health literacy regarding clinical trials through culturally appropriate formats in underrepresented communities or underrepresented demographic groups;

(c) Conduct outreach and engagement with underrepresented communities or underrepresented demographic groups to identify barriers to enrolling in clinical trials;

(d) Develop culturally appropriate techniques to reduce the barriers identified in (c) of this subsection and establish means to appropriately and effectively identify and recruit persons from underrepresented demographic groups to participate in clinical trials of drugs and medical devices; and

(e) Provide resources, information, or proposals for reform to the diversity in clinical trials program created in chapter 69.--- RCW (the new chapter created in section 9 of this act) for publication, dissemination, and consideration for inclusion in a report to the governor and health care committees of the legislature.

(3) Funding provided under this section may not be used for the direct recruitment of people into specific clinical trials, provided that nothing in this subsection prohibits a grant recipient from facilitating general participation of persons from underrepresented demographic groups in clinical trials, or prohibits grant recipients from entering into agreements with entities that conduct clinical trials of drugs or medical devices to directly assist with identification and recruitment of persons from underrepresented demographic groups to participate in clinical trials, or from using braided funding or funding from other grants to support such identification and recruitment.

NINETY FOURTH DAY, APRIL 12, 2023

(4) For the purposes of this section, demographic groups that are underrepresented in clinical trials may include persons who are underrepresented by race, sex, sexual orientation, socioeconomic status, and age.

NEW SECTION. Sec. 8. (1) The sum of \$75,000, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 2024, from the general fund—state appropriation to the Andy Hill cancer research endowment for the purposes of providing grants consistent with section 6 of this act.

(2) The sum of \$75,000, or as much thereof as may be necessary, is appropriated for the fiscal year ending June 30, 2025, from the general fund—state appropriation to the Andy Hill cancer research endowment for the purposes of providing grants consistent with section 6 of this act.

(3) The appropriations in this section are exempt from matching fund requirements under RCW 43.348.080.

NEW SECTION. Sec. 9. Sections 1 through 5 of this act constitute a new chapter in Title 69 RCW."

On page 1, line 1 of the title, after "trials;" strike the remainder of the title and insert "amending RCW 43.348.040; adding a new section to chapter 43.348 RCW; adding a new chapter to Title 69 RCW; and making appropriations."

The President declared the question before the Senate to be the motion to not adopt the committee striking amendment by the Committee on Ways & Means to Second Substitute House Bill No. 1745.

The motion by Senator Rivers carried and the committee striking amendment was not adopted by voice vote.

The President declared the question before the Senate to be the motion to not adopt the committee striking amendment by the Committee on Health & Long-Term Care to Second Substitute House Bill No. 1745.

The motion by Senator Rivers carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Rivers moved that the following striking amendment no. 0430 by Senator Rivers be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that controlled clinical trials provide a critical base of evidence for evaluating whether a medical product is safe and effective before the product is approved for marketing. The United States food and drug administration has evaluated demographic profiles of people participating in clinical trials for approved drugs and found that some groups, especially ethnic and racial groups, are not always well represented in clinical trials. Diversity in clinical trials is necessary to effectively determine how race, gender, and age impact how a person metabolizes a drug. Communities of color have been working diligently to establish a foundation of trust with government and clinical research with the goal of engaging more trial participants who are members of underrepresented demographic groups. Joining clinical trials is a difficult and complex process and the lack of trust and awareness of clinical trials and research, in addition to burdens related to transportation, geography, and access, limit trial participants. The lack of diversity in clinical trials compounds access to treatment disparities and limits our understanding of the impacts of studied interventions and conditions across the population.

(2) Therefore, it is the policy of the state to:

(a) Improve the completeness and quality of data concerning diverse demographic groups that is collected, reported, and analyzed for the purposes of clinical trials of drugs and medical devices;

(b) Identify barriers to participation in clinical trials by persons who are members of demographic groups that are underrepresented in such trials and employ strategies recognized by the United States food and drug administration to encourage greater participation in clinical trials by such persons;

(c) Make data concerning demographic groups that is collected, reported, and analyzed for the purposes of clinical trials more available and transparent; and

(d) Require certain entities conducting clinical trials to offer trial participants information in a language other than English and provide culturally specific recruitment materials alongside general enrollment materials.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Washington state review board" or "review board" means the Washington state institutional review board, established pursuant to 45 C.F.R. Part 46, which is the designated institutional review board for the department of social and health services, the department of health, the department of labor and industries, and other state agencies.

NINETY FOURTH DAY, APRIL 12, 2023

(2) "Underrepresented community" or "underrepresented demographic group" means a community or demographic group that is more likely to be historically marginalized and less likely to be included in research and clinical trials represented by race, sex, sexual orientation, socioeconomic status, age, and geographic location.

NEW SECTION. Sec. 3. The Washington state review board shall establish a diversity in clinical trials program to encourage participation in clinical trials of drugs and medical devices by persons who are members of demographic groups that are underrepresented in clinical trials. In developing this program, the review board shall compile and share information and resources in an accessible fashion to assist entities in Washington state that conduct clinical trials of drugs and medical devices to increase participation by persons who are members of demographic groups that are underrepresented in clinical trials including, but not limited to:

(1) Information concerning methods for identifying and recruiting persons who are members of underrepresented demographic groups to participate in clinical trials;

(2) Links or copies of outside resources related to increasing participation by members of underrepresented demographic groups in clinical trials provided by community organizations or other interested agencies or parties;

(3) Contact information for community organizations or other appropriate entities which may be able to provide assistance with efforts to increase participation by underrepresented demographic groups in clinical trials; and

(4) Links to websites maintained by medical facilities, health authorities, and other local governmental entities, nonprofit organizations, and scientific investigators and institutions that are performing research relating to drugs or medical devices in this state.

NEW SECTION. Sec. 4. Any state entity or hospital that receives funding from the national institutes of health to conduct clinical trials of drugs or medical devices shall:

(1) Adopt a policy concerning the identification and recruitment of persons who are members of underrepresented demographic groups to participate in clinical trials. This policy must include requirements that investigators who are conducting clinical trials collaborate with community-based organizations and use methods recognized by the United States food and drug administration to identify and recruit such persons to participate in those clinical trials;

(2) Provide information to trial participants in languages other than English;

(3) Provide translation services or bilingual staff for trial screening;

(4) Provide culturally specific recruitment materials alongside general enrollment materials; and

(5) Provide electronic consent when not prohibited by the granting entity or federal regulations.

Sec. 5. RCW 43.348.040 and 2018 c 4 s 4 are each amended to read as follows:

(1) The Andy Hill cancer research endowment program is created. The purpose of the program is to make grants to public and private entities, including commercial entities, to fund or reimburse the entities pursuant to agreement for the promotion of cancer research to be conducted in the state. The endowment is to oversee and guide the program, including the solicitation, selection, and award of grants.

(2) The board must develop a plan for the allocation of projected amounts in the fund, which it must update annually, following at least one annual public hearing. The plan must provide for appropriate funding continuity and take into account

the projected speed at which revenues will be available and amounts that can be spent during the plan period.

(3) The endowment must solicit requests for grant funding and evaluate the requests by reference to factors such as: (a) The quality of the proposed research or program; (b) its potential to improve health outcomes of persons with cancer, with particular attention to the likelihood that it will also lower health care costs, substitute for a more costly diagnostic or treatment modality, or offer a breakthrough treatment for a particular cancer or cancer-related condition or disease; (c) its potential for leveraging additional funding; (d) its potential to provide additional health care benefits or benefit other human diseases or conditions; (e) its potential to stimulate life science, health care, and biomedical employment in the state; (f) the geographic diversity of the grantees within Washington; (g) evidence of potential royalty, sales, or licensing revenue, or other commercialization-related revenue and contractual means to recapture such income for purposes of this chapter; ~~((and))~~ (h) evidence of public and private collaboration; (i) the ability to offer trial participants information in a language other than English; (j) the ability to provide culturally specific recruitment materials alongside general enrollment materials; (k) the ability to provide electronic consent when not prohibited by other granting entities or federal regulations; and (l) other evidence of outreach and engagement to increase participation of underrepresented communities in clinical trials of drugs and medical devices.

(4) The endowment may not award a grant for a proposal that was not recommended by an independent expert scientific review and advisory committee under RCW 43.348.050.

(5) The endowment must issue an annual report to the public that sets forth its activities with respect to the fund, including grants awarded, grant-funded work in progress, research accomplishments, prevention, and care activities, and future program directions with respect to cancer research, prevention, and care. Each annual report regarding activities of the program and fund must include, but not be limited to, the following: The number and dollar amounts of grants; the grantees for the prior year; the endowment's administrative expenses; an assessment of the availability of funding for cancer research, prevention, and care from sources other than the endowment; a summary of research, prevention, and care-related findings, including promising new areas for investment; and a report on the benefits to Washington of its programs to date.

(6) The endowment's first annual report must include a proposed operating plan for the design, implementation, and administration of an endowment program supporting the purposes of the endowment and program.

(7) The endowment must adopt policies to ensure that all potential conflicts have been disclosed and that all conflicts have been eliminated or mitigated.

(8) The endowment must establish standards to ensure that recipients of grants for cancer research, prevention, or care purchase goods and services from Washington suppliers to the extent reasonably possible.

NEW SECTION. Sec. 6. (1) The department of health, in consultation with the University of Washington, Washington State University, the Andy Hill cancer research endowment, Washington community health boards and initiatives, community-based organizations, and other relevant research organizations, shall analyze and provide recommendations on the following:

(a) What demographic groups and populations are currently represented and underrepresented in clinical trials in Washington, including geographic representation;

(b) Barriers for persons who are members of underrepresented demographic groups to participate in clinical trials in Washington, including barriers related to transportation; and

(c) Approaches for how clinical trials can successfully partner with community-based organizations and others to provide outreach to underrepresented communities.

(2) By December 1, 2023, the department of health shall report to the legislature the results of the analysis and any recommendations to increase diversity and reduce barriers for participants in clinical trials.

(3) For purposes of this section, "underrepresented community" or "underrepresented demographic group" means a community or demographic group that is more likely to be historically marginalized and less likely to be included in research and clinical trials represented by race, sex, sexual orientation, socioeconomic status, age, and geographic location.

(4) This section expires December 31, 2023.

NEW SECTION. Sec. 7. A new section is added to chapter 43.348 RCW to read as follows:

(1) Beginning January 1, 2024, the University of Washington and Washington State University may partner with the Andy Hill cancer research endowment, the department of health, community-based organizations, and other entities to increase the participation of persons who are members of underrepresented demographic groups in clinical trials for drugs or medical devices. If an investigator at the University of Washington or Washington State University is conducting or planning to conduct a clinical trial on a drug or medical device and the University determines that the trial would benefit from specific community outreach and engagement to increase participation of an underrepresented community in the clinical trial, the University of Washington or Washington State University may:

(a) Request the assistance of the department of health and the Andy Hill cancer research endowment to create an outreach plan and coordinate with community-based organizations to provide outreach and engagement; and

(b) Provide the Andy Hill cancer research endowment and the department of health with the following information:

(i) A summary of the clinical trial, including a description of the drug or medical device and any condition or disease that the clinical trial is addressing or targeting;

(ii) Any information on health disparities related to the condition, disease, or related drugs or medical devices, including any demographic groups that may be disproportionately impacted; and

(iii) Any other information that may assist the Andy Hill cancer research endowment, department of health, and community-based organizations in providing outreach and engagement to specific demographic groups or communities.

(2) The requesting university, the Andy Hill cancer research endowment, and the department of health, in collaboration with community-based organizations and other appropriate entities, shall develop a specific community outreach and engagement plan to increase participation of an underrepresented demographic group or community in the clinical trial.

~~((5))~~ (7) Upon submission to the department of a letter of intent to adopt a comprehensive program, the prosecuting

attorney shall retain the money deposited by the county under subsection ~~((4))~~ (6) of this section until such time as the county prosecuting attorney has obtained approval of a program from the department. Approval of the comprehensive plan by the department must be obtained within one year of the date of the letter of intent to adopt a comprehensive program. The county prosecuting attorney shall not make any expenditures from the money deposited under subsection ~~((4))~~ (6) of this section until approval of a comprehensive plan by the department. Only the chief of the Washington state patrol or the chief's designee may authorize expenditures from the account. The fee is a court ordered legal financial obligation as defined in RCW 9.94A.030 and other applicable law. For a sentence imposed under chapter 9.94A RCW, the fee is payable by the offender after payment of all other legal financial obligations included in the sentence has been completed. NINETY FOURTH DAY, APRIL 12, 2023

(1) The clerk of the court shall transmit ~~((eighty)) 80~~ percent of ~~((the fee)) any amounts collected for fees imposed prior to the effective date of this section for the collection of an offender's DNA~~ to the state treasurer for deposit in the state DNA database account created under RCW 43.43.7532, and shall transmit ~~((twenty)) 20~~ percent of the fee collected to the agency responsible for collection of a biological sample from the offender as required under RCW 43.43.754. ~~((This fee shall not be imposed on juvenile offenders if the state has previously collected the juvenile offender's DNA as a result of a prior conviction.))~~

(2) Upon motion by the offender, the court shall waive any fee for the collection of the offender's DNA imposed prior to the effective date of this section.

NEW SECTION. Sec. 5. The assessment must be provided to the appropriate committees of the legislature by February 1, 2025, to inform future distributions to the account created in section 2 of this act.

(2) The administrative office of the courts, in consultation with county clerks, must review the grant program created in RCW 2.56.190 to determine if the program continues to serve its intended purpose in light of legislative changes to legal financial obligations. PART II CONFORMING AMENDMENTS

Sec. 6. RCW 7.68.240 and 2022 c 260 s 22 are each amended to read as follows:

Upon a showing by any convicted person or the state that five years have elapsed from the establishment of such escrow account and further that no actions are pending against such convicted person pursuant to RCW 7.68.200 through 7.68.280, the department shall immediately pay over 50 percent of any moneys in the escrow account to such person or his or her legal representatives and 50 percent of any moneys in the escrow account to the fund under RCW 7.68.035~~((4))~~ (6).

Sec. 7. RCW 9.92.060 and 2022 c 260 s 6 are each amended to read as follows:

(1) Whenever any person is convicted of any crime except murder, burglary in the first degree, arson in the first degree, robbery, rape of a child, or rape, the superior court may, in its discretion, at the time of imposing sentence upon such person, direct that such sentence be stayed and suspended until otherwise ordered by the superior court, and, upon such terms as the superior court may determine, that the sentenced person be placed under the charge of:

(a) A community corrections officer employed by the department of corrections, if the person is subject to supervision under RCW 9.94A.501 or 9.94A.5011; or

(b) A probation officer employed or contracted for by the county, if the county has elected to assume responsibility for the supervision of superior court misdemeanor probationers.

(2) As a condition to suspension of sentence, the superior court ~~((shall require the payment of the penalty assessment required by RCW 7.68.035. In addition, the superior court))~~ may require the convicted person to make such monetary payments, on such terms as the superior court deems appropriate under the circumstances, as are necessary: (a) To comply with any order of the court for the payment of family support; (b) to make restitution to any person or persons who may have suffered loss

or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement; (c) to pay any fine imposed and not suspended and the court or other costs incurred in the prosecution of the case, including reimbursement of the state for costs of extradition if return to this state by extradition was required; and (d) to contribute to a county or interlocal drug fund.

(3) At any time, including at sentencing, the court may determine that the offender is not required to pay, or may relieve the offender of the requirement to pay, full or partial restitution and accrued interest on restitution where the entity to whom restitution is owed is an insurer or a state agency, except for restitution owed to the department of labor and industries under chapter 7.68 RCW, if the court finds that the offender does not have the current or likely future ability to pay. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3). For the purposes of this subsection, the terms "insurer" and "state agency" have the same meanings as provided in RCW 9.94A.750(3).

(4) As a condition of the suspended sentence, the superior court may order the probationer to report to the secretary of corrections or such officer as the secretary may designate and as a condition of the probation to follow the instructions of the secretary. If the county legislative authority has elected to assume responsibility for the supervision of superior court misdemeanor probationers within its jurisdiction, the superior court misdemeanor probationer shall report to a probation officer employed or contracted for by the county. In cases where a superior court misdemeanor probationer is sentenced in one county, but resides within another county, there must be provisions for the probationer to report to the agency having supervision responsibility for the probationer's county of residence.

(5) If restitution to the victim has been ordered under subsection (2)(b) of this section and the superior court has ordered supervision, the officer supervising the probationer shall make a reasonable effort to ascertain whether restitution has been made as ordered. If the superior court has ordered supervision and restitution has not been made, the officer shall inform the prosecutor of that violation of the terms of the suspended sentence not less than three months prior to the termination of the suspended sentence.

Sec. 8. RCW 9.94A.6333 and 2022 c 260 s 13 are each amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, and the offender is not being supervised by the department, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) If an offender fails to comply with any of the nonfinancial conditions or requirements of a sentence the following provisions apply:

(a) The court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(b) The state has the burden of showing noncompliance by a preponderance of the evidence;

(c) If the court finds that a violation has been proved, it may impose the sanctions specified in RCW 9.94A.633(1). Alternatively, the court may:

(i) Convert a term of partial confinement to total confinement; or

(ii) Convert community restitution obligation to total or partial confinement;

(d) If the court finds that the violation was not willful, the court may modify its previous order regarding community restitution obligations; and

(e) If the violation involves a failure to undergo or comply with a mental health status evaluation and/or outpatient mental health treatment, the court shall seek a recommendation from the treatment provider or proposed treatment provider. Enforcement of orders concerning outpatient mental health treatment must reflect the availability of treatment and must pursue the least restrictive means of promoting participation in treatment. If the offender's failure to receive care essential for health and safety presents a risk of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.

(3) If an offender fails to pay legal financial obligations as a requirement of a sentence the following provisions apply:

(a) The court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(b) The state has the burden of showing noncompliance by a preponderance of the evidence;

(c) The court may not sanction the offender for failure to pay legal financial obligations unless the court finds, after a hearing and on the record, that the failure to pay is willful. A failure to pay is willful if the offender has the current ability to pay but refuses to do so. In determining whether the offender has the current ability to pay, the court shall inquire into and consider: (i) The offender's income and assets; (ii) the offender's basic living costs as defined by RCW 10.101.010 and other liabilities including child support and other legal financial obligations; and (iii) the offender's bona fide efforts to acquire additional resources. An offender who is indigent as defined ~~((by [im]))~~ in RCW 10.01.160(3) is presumed to lack the current ability to pay;

(d) If the court determines that the offender is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful noncompliance and shall not subject the offender to penalties;

(e) If the court finds that a failure to pay is willful noncompliance, it may impose the sanctions specified in RCW 9.94A.633(1); and

(f) If the court finds that the violation was not willful, the court may, and if the court finds that the defendant is indigent as defined in RCW 10.01.160(3), the court shall modify the terms of payment of the legal financial obligations, reduce or waive nonrestitution legal financial obligations, or convert nonrestitution legal financial obligations to community restitution hours, if the jurisdiction operates a community restitution program, at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. ~~((The crime victim penalty assessment under RCW 7.68.035 may not be reduced, waived, or converted to community restitution hours.))~~

(4) Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement ordered by the court.

(5) Nothing in this section prohibits the filing of escape charges if appropriate.

Sec. 9. RCW 9.94A.760 and 2022 c 260 s 4 and 2022 c 29 s 4 are each reenacted and amended to read as follows:

(1) Whenever a person is convicted in superior court, the court may order the payment of a legal financial obligation as part of the sentence. The court may not order an offender to pay costs as described in RCW 10.01.160 if the court finds that the offender at the time of sentencing is indigent as defined in RCW 10.01.160(3). An offender being indigent as defined in RCW 10.01.160(3) is not grounds for failing to impose restitution ~~((or the crime victim penalty assessment under RCW 7.68.035)),~~ subject to RCW 9.94A.750(3) and 9.94A.753(3). The court must on either the judgment and sentence or on a subsequent order to pay, designate the total amount of a legal financial obligation and segregate this amount among the separate assessments made for restitution, costs, fines, and other assessments required by law. On the same order, the court is also to set a sum that the offender is required to pay on a monthly basis towards satisfying the legal financial obligation. If the court fails to set the offender monthly payment amount, the department shall set the amount if the department has active supervision of the offender, otherwise the county clerk shall set the amount.

(2) Upon receipt of each payment made by or on behalf of an offender, the county clerk shall distribute the payment in the following order of priority until satisfied:

(a) First, proportionally to restitution to victims that have not been fully compensated from other sources;

(b) Second, proportionally to restitution to insurance or other sources with respect to a loss that has provided compensation to victims;

(c) Third, proportionally to crime victims' assessments that have not been waived under RCW 7.68.035; and

(d) Fourth, proportionally to costs, fines, and other assessments required by law.

(3) If the court determines that the offender, at the time of sentencing, has the means to pay for the cost of incarceration, the court may require the offender to pay for the cost of incarceration. The court shall not order the offender to pay the cost of incarceration if the court finds that the offender at the time of sentencing is indigent as defined in RCW 10.01.160(3). Costs of incarceration ordered by the court shall not exceed a rate of \$50 per day of incarceration, if incarcerated in a prison, or the actual cost of incarceration per day of incarceration, if incarcerated in a county jail. In no case may the court require the offender to pay more than \$100 per day for the cost of incarceration. All funds recovered from offenders for the cost of incarceration in the county jail shall be remitted to the county and the costs of incarceration in a prison shall be remitted to the department.

(4) The court may add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction is to be issued immediately. If the court chooses not to order the immediate issuance of a notice of payroll deduction at sentencing, the court shall add to the judgment and sentence or subsequent order to pay a statement that a notice of payroll deduction may be issued or other income-withholding action may be taken, without further notice to the offender if a monthly court-ordered legal financial obligation payment is not paid when due, and an amount equal to or greater than the amount payable for one month is owed.

If a judgment and sentence or subsequent order to pay does not include the statement that a notice of payroll deduction may be issued or other income-withholding action may be taken if a monthly legal financial obligation payment is past due, the department or the county clerk may serve a notice on the offender stating such requirements and authorizations. Service shall be by personal service or any form of mail requiring a return receipt.

NINETY FOURTH DAY, APRIL 12, 2023

(5)(a) Independent of the department or the county clerk, the party or entity to whom the legal financial obligation is owed shall have the authority to use any other remedies available to the party or entity to collect the legal financial obligation. These remedies include enforcement in the same manner as a judgment in a civil action by the party or entity to whom the legal financial obligation is owed. Restitution collected through civil enforcement must be paid through the registry of the court and must be distributed proportionately according to each victim's loss when there is more than one victim. The judgment and sentence shall identify the party or entity to whom restitution is owed so that the state, party, or entity may enforce the judgment.

(b) If restitution is ordered pursuant to RCW 9.94A.750(6) or 9.94A.753(6) to a victim of rape of a child or a victim's child born from the rape, the Washington state child support registry shall be identified as the party to whom payments must be made. Restitution obligations arising from the rape of a child in the first, second, or third degree that result in the pregnancy of the victim may be enforced for the time periods provided under RCW 9.94A.750(6) and 9.94A.753(6).

(c) All other restitution obligations for an offense committed prior to July 1, 2000, may be enforced at any time during the 10-year period following the offender's release from total confinement or within 10 years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial 10-year period, the superior court may extend the criminal judgment an additional 10 years for payment of restitution obligations. All other restitution obligations for an offense committed on or after July 1, 2000, may be enforced at any time the offender remains under the court's jurisdiction. For an offense committed on or after July 1, 2000, the court shall retain jurisdiction over the offender, for purposes of the offender's compliance with payment of the restitution obligations, until the obligation is completely satisfied, regardless of the statutory maximum for the crime.

(d) All other legal financial obligations other than restitution may be enforced at any time during the 10-year period following the offender's release from total confinement or within 10 years of entry of the judgment and sentence, whichever period ends later. Prior to the expiration of the initial 10-year period, the superior court may extend the criminal judgment an additional 10 years for payment of nonrestitution legal financial obligations only if the court finds that the offender has the current or likely future ability to pay the obligations. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3).

(e) The department may only supervise the offender's compliance with payment of the legal financial obligations during any period in which the department is authorized to supervise the offender in the community under RCW 9.94A.728, 9.94A.501, or in which the offender is confined in a state correctional institution or a correctional facility pursuant to a transfer agreement with the department, and the department shall supervise the offender's compliance during any such period. The department is not responsible for supervision of the offender during any subsequent period of time the offender remains under the court's jurisdiction. The county clerk is authorized to collect unpaid legal financial obligations at any time the offender remains under the jurisdiction of the court for purposes of his or her legal financial obligations.

(6) In order to assist the court in setting a monthly sum that the offender must pay during the period of supervision, the offender is required to report to the department for purposes of preparing a recommendation to the court. When reporting, the offender is required, under oath, to respond truthfully and honestly to all

questions concerning present, past, and future earning capabilities and the location and nature of all property or financial assets. The offender is further required to bring all documents requested by the department.

(7) After completing the investigation, the department shall make a report to the court on the amount of the monthly payment that the offender should be required to make towards a satisfied legal financial obligation.

(8)(a) During the period of supervision, the department may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the department sets the monthly payment amount, the department may modify the monthly payment amount without the matter being returned to the court. During the period of supervision, the department may require the offender to report to the department for the purposes of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the department in order to prepare the collection schedule.

(b) Subsequent to any period of supervision, or if the department is not authorized to supervise the offender in the community, the county clerk may make a recommendation to the court that the offender's monthly payment schedule be modified so as to reflect a change in financial circumstances. If the county clerk sets the monthly payment amount, or if the department set the monthly payment amount and the department has subsequently turned the collection of the legal financial obligation over to the county clerk, the clerk may modify the monthly payment amount without the matter being returned to the court. During the period of repayment, the county clerk may require the offender to report to the clerk for the purpose of reviewing the appropriateness of the collection schedule for the legal financial obligation. During this reporting, the offender is required under oath to respond truthfully and honestly to all questions concerning earning capabilities and the location and nature of all property or financial assets. The offender shall bring all documents requested by the county clerk in order to prepare the collection schedule.

(9) After the judgment and sentence or payment order is entered, the department is authorized, for any period of supervision, to collect the legal financial obligation from the offender. Subsequent to any period of supervision or, if the department is not authorized to supervise the offender in the community, the county clerk is authorized to collect unpaid legal financial obligations from the offender. Any amount collected by the department shall be remitted daily to the county clerk for the purpose of disbursements. The department and the county clerks are authorized, but not required, to accept credit cards as payment for a legal financial obligation, and any costs incurred related to accepting credit card payments shall be the responsibility of the offender.

(10) The department or any obligee of the legal financial obligation may seek a mandatory wage assignment for the purposes of obtaining satisfaction for the legal financial obligation pursuant to RCW 9.94A.7701. Any party obtaining a wage assignment shall notify the county clerk. The county clerks shall notify the department, or the administrative office of the courts, whichever is providing the monthly billing for the offender.

(11) The requirement that the offender pay a monthly sum towards a legal financial obligation constitutes a condition or

requirement of a sentence and the offender is subject to the penalties for noncompliance as provided in RCW 9.94B.040, 9.94A.737, or 9.94A.740. If the court determines that the offender is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful noncompliance and shall not subject the offender to penalties.

(12)(a) The administrative office of the courts shall mail individualized periodic billings to the address known by the office for each offender with an unsatisfied legal financial obligation.

(b) The billing shall direct payments to the county clerk.

(c) The county clerk shall provide the administrative office of the courts with notice of payments by such offenders no less frequently than weekly.

(d) The county clerks, the administrative office of the courts, and the department shall maintain agreements to implement this subsection.

(13) The department shall arrange for the collection of unpaid legal financial obligations during any period of supervision in the community through the county clerk. The department shall either collect unpaid legal financial obligations or arrange for collections through another entity if the clerk does not assume responsibility or is unable to continue to assume responsibility for collection pursuant to subsection (5) of this section. The costs for collection services shall be paid by the offender.

(14) The county clerk may access the records of the employment security department for the purposes of verifying employment or income, seeking any assignment of wages, or performing other duties necessary to the collection of an offender's legal financial obligations.

(15) Nothing in this chapter makes the department, the state, the counties, or any state or county employees, agents, or other persons acting on their behalf liable under any circumstances for the payment of these legal financial obligations or for the acts of any offender who is no longer, or was not, subject to supervision by the department for a term of community custody, and who remains under the jurisdiction of the court for payment of legal financial obligations.

Sec. 10. RCW 9.94B.040 and 2022 c 260 s 14 are each amended to read as follows:

(1) If an offender violates any condition or requirement of a sentence, the court may modify its order of judgment and sentence and impose further punishment in accordance with this section.

(2) In cases where conditions from a second or later sentence of community supervision begin prior to the term of the second or later sentence, the court shall treat a violation of such conditions as a violation of the sentence of community supervision currently being served.

(3) If an offender fails to comply with any of the nonfinancial requirements or conditions of a sentence the following provisions apply:

(a)(i) Following the violation, if the offender and the department make a stipulated agreement, the department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, jail time, or other sanctions available in the community.

(ii) Within 72 hours of signing the stipulated agreement, the department shall submit a report to the court and the prosecuting attorney outlining the violation or violations, and sanctions imposed. Within 15 days of receipt of the report, if the court is not

satisfied with the sanctions, the court may schedule a hearing and may modify the department's sanctions. If this occurs, the offender may withdraw from the stipulated agreement.

(iii) If the offender fails to comply with the sanction administratively imposed by the department, the court may take action regarding the original noncompliance. Offender failure to comply with the sanction administratively imposed by the department may be considered an additional violation;

(b) In the absence of a stipulated agreement, or where the court is not satisfied with the department's sanctions as provided in (a) of this subsection, the court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(c) The state has the burden of showing noncompliance by a preponderance of the evidence. If the court finds that the violation has occurred, it may order the offender to be confined for a period not to exceed 60 days for each violation, and may (i) convert a term of partial confinement to total confinement, (ii) convert community restitution obligation to total or partial confinement, or (iii) order one or more of the penalties authorized in (a)(i) of this subsection. Any time served in confinement awaiting a hearing on noncompliance shall be credited against any confinement order by the court;

(d) If the court finds that the violation was not willful, the court may modify its previous order regarding community restitution obligations; and

(e) If the violation involves a failure to undergo or comply with mental status evaluation and/or outpatient mental health treatment, the community corrections officer shall consult with the treatment provider or proposed treatment provider. Enforcement of orders concerning outpatient mental health treatment must reflect the availability of treatment and must pursue the least restrictive means of promoting participation in treatment. If the offender's failure to receive care essential for health and safety presents a risk of serious physical harm or probable harmful consequences, the civil detention and commitment procedures of chapter 71.05 RCW shall be considered in preference to incarceration in a local or state correctional facility.

(4) If the violation involves failure to pay legal financial obligations, the following provisions apply:

(a) The department and the offender may enter into a stipulated agreement that the failure to pay was willful noncompliance, according to the provisions and requirements of subsection (3)(a) of this section;

(b) In the absence of a stipulated agreement, or where the court is not satisfied with the department's sanctions as provided in a stipulated agreement under (a) of this subsection, the court, upon the motion of the state, or upon its own motion, shall require the offender to show cause why the offender should not be punished for the noncompliance. The court may issue a summons or a warrant of arrest for the offender's appearance;

(c) The state has the burden of showing noncompliance by a preponderance of the evidence. The court may not sanction the offender for failure to pay legal financial obligations unless the court finds, after a hearing and on the record, that the failure to pay is willful. A failure to pay is willful if the offender has the current ability to pay but refuses to do so. In determining whether the offender has the current ability to pay, the court shall inquire into and consider: (i) The offender's income and assets; (ii) the offender's basic living costs as defined by RCW 10.101.010 and other liabilities including child support and other legal financial obligations; and (iii) the offender's bona fide efforts to acquire

NINETY FOURTH DAY, APRIL 12, 2023

additional resources. An offender who is indigent as defined ~~((by fin))~~ in RCW 10.01.160(3) is presumed to lack the current ability to pay;

(d) If the court determines that the offender is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful noncompliance and shall not subject the offender to penalties;

(e) If the court finds that the failure to pay is willful noncompliance, the court may order the offender to be confined for a period not to exceed 60 days for each violation or order one or more of the penalties authorized in subsection (3)(a)(i) of this section; and

(f) If the court finds that the violation was not willful, the court may, and if the court finds that the defendant is indigent as defined in RCW 10.01.160(3), the court shall modify the terms of payment of the legal financial obligations, reduce or waive nonrestitution legal financial obligations, or convert nonrestitution legal financial obligations to community restitution hours, if the jurisdiction operates a community restitution program, at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. ~~((The crime victim penalty assessment under RCW 7.68.035 may not be reduced, waived, or converted to community restitution hours.))~~

(5) The community corrections officer may obtain information from the offender's mental health treatment provider on the offender's status with respect to evaluation, application for services, registration for services, and compliance with the supervision plan, without the offender's consent, as described under RCW 71.05.630.

(6) An offender under community placement or community supervision who is civilly detained under chapter 71.05 RCW, and subsequently discharged or conditionally released to the community, shall be under the supervision of the department of corrections for the duration of his or her period of community placement or community supervision. During any period of inpatient mental health treatment that falls within the period of community placement or community supervision, the inpatient treatment provider and the supervising community corrections officer shall notify each other about the offender's discharge, release, and legal status, and shall share other relevant information.

(7) Nothing in this section prohibits the filing of escape charges if appropriate.

Sec. 11. RCW 9.95.210 and 2022 c 260 s 7 are each amended to read as follows:

(1)(a) Except as provided in (b) of this subsection in granting probation, the superior court may suspend the imposition or the execution of the sentence and may direct that the suspension may continue upon such conditions and for such time as it shall designate, not exceeding the maximum term of sentence or two years, whichever is longer.

(b) For a defendant sentenced for a domestic violence offense, or under RCW 46.61.5055, the superior court may suspend the imposition or the execution of the sentence and may direct that the suspension continue upon such conditions and for such time as the court shall designate, not to exceed five years. The court shall have continuing jurisdiction and authority to suspend the execution of all or any part of the sentence upon stated terms, including installment payment of fines. A defendant who has been sentenced, and who then fails to appear for any hearing to address the defendant's compliance with the terms of probation when ordered to do so by the court shall have the term of probation tolled until such time as the defendant makes his or her presence known to the court on the record. Any time before

entering an order terminating probation, the court may modify or revoke its order suspending the imposition or execution of the sentence if the defendant violates or fails to carry out any of the conditions of the suspended sentence.

(2) In the order granting probation and as a condition thereof, the superior court may in its discretion imprison the defendant in the county jail for a period not exceeding one year and may fine the defendant any sum not exceeding the statutory limit for the offense committed, and court costs. As a condition of probation, the superior court ~~((shall require the payment of the penalty assessment required by RCW 7.68.035. The superior court))~~ ~~((also))~~ require the defendant to make such monetary payments, on such terms as it deems appropriate under the circumstances, as are necessary: (a) To comply with any order of the court for the payment of family support; (b) to make restitution to any person or persons who may have suffered loss or damage by reason of the commission of the crime in question or when the offender pleads guilty to a lesser offense or fewer offenses and agrees with the prosecutor's recommendation that the offender be required to pay restitution to a victim of an offense or offenses which are not prosecuted pursuant to a plea agreement; (c) to pay such fine as may be imposed and court costs, including reimbursement of the state for costs of extradition if return to this state by extradition was required; (d) following consideration of the financial condition of the person subject to possible electronic monitoring, to pay for the costs of electronic monitoring if that monitoring was required by the court as a condition of release from custody or as a condition of probation; (e) to contribute to a county or interlocal drug fund; and (f) to make restitution to a public agency for the costs of an emergency response under RCW 38.52.430, and may require bonds for the faithful observance of any and all conditions imposed in the probation.

(3) The superior court shall order restitution in all cases where the victim is entitled to benefits under the crime victims' compensation act, chapter 7.68 RCW. If the superior court does not order restitution and the victim of the crime has been determined to be entitled to benefits under the crime victims' compensation act, the department of labor and industries, as administrator of the crime victims' compensation program, may petition the superior court within one year of imposition of the sentence for entry of a restitution order. Upon receipt of a petition from the department of labor and industries, the superior court shall hold a restitution hearing and shall enter a restitution order.

(4) At any time, including at sentencing, the court may determine that the offender is not required to pay, or may relieve the offender of the requirement to pay, full or partial restitution and accrued interest on restitution where the entity to whom restitution is owed is an insurer or a state agency, except for restitution owed to the department of labor and industries under chapter 7.68 RCW, if the court finds that the offender does not have the current or likely future ability to pay. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3). For the purposes of this subsection, the terms "insurer" and "state agency" have the same meanings as provided in RCW 9.94A.750(3).

(5) In granting probation, the superior court may order the probationer to report to the secretary of corrections or such officer as the secretary may designate and as a condition of the probation to follow the instructions of the secretary for up to twelve months. If the county legislative authority has elected to assume responsibility for the supervision of superior court misdemeanor probationers within its jurisdiction, the superior court misdemeanor probationer shall report to a probation officer employed or contracted for by the county. In cases where a superior court misdemeanor probationer is sentenced in one

county, but resides within another county, there must be provisions for the probationer to report to the agency having supervision responsibility for the probationer's county of residence.

(6) If the probationer has been ordered to make restitution and the superior court has ordered supervision, the officer supervising the probationer shall make a reasonable effort to ascertain whether restitution has been made. If the superior court has ordered supervision and restitution has not been made as ordered, the officer shall inform the prosecutor of that violation of the terms of probation not less than three months prior to the termination of the probation period. The secretary of corrections will promulgate rules and regulations for the conduct of the person during the term of probation. For defendants found guilty in district court, like functions as the secretary performs in regard to probation may be performed by probation officers employed for that purpose by the county legislative authority of the county wherein the court is located.

(7) The provisions of RCW 9.94A.501 and 9.94A.5011 apply to sentences imposed under this section.

(8) For purposes of this section, "domestic violence" means the same as in RCW 10.99.020.

Sec. 12. RCW 10.01.180 and 2022 c 260 s 15 are each amended to read as follows:

(1) A defendant sentenced to pay any fine, penalty, assessment, fee, or costs who willfully defaults in the payment thereof or of any installment is in contempt of court as provided in chapter 7.21 RCW. The court may issue a warrant of arrest for his or her appearance.

(2) When any fine, penalty, assessment, fee, or assessment of costs is imposed on a corporation or unincorporated association, it is the duty of the person authorized to make disbursement from the assets of the corporation or association to pay the obligation from those assets, and his or her failure to do so may be held to be contempt.

(3)(a) The court shall not sanction a defendant for contempt based on failure to pay fines, penalties, assessments, fees, or costs unless the court finds, after a hearing and on the record, that the failure to pay is willful. A failure to pay is willful if the defendant has the current ability to pay but refuses to do so.

(b) In determining whether the defendant has the current ability to pay, the court shall inquire into and consider: (i) The defendant's income and assets; (ii) the defendant's basic living costs as defined by RCW 10.101.010 and other liabilities including child support and other legal financial obligations; and (iii) the defendant's bona fide efforts to acquire additional resources. A defendant who is indigent as defined ~~((by [in]))~~ in RCW 10.01.160(3) is presumed to lack the current ability to pay.

(c) If the court determines that the defendant is homeless or a person who is mentally ill, as defined in RCW 71.24.025, failure to pay a legal financial obligation is not willful contempt and shall not subject the defendant to penalties.

(4) If a term of imprisonment for contempt for nonpayment of any fine, penalty, assessment, fee, or costs is ordered, the term of imprisonment shall be set forth in the commitment order, and shall not exceed one day for each \$25 of the amount ordered, 30 days if the amount ordered of costs was imposed upon conviction of a violation or misdemeanor, or one year in any other case, whichever is the shorter period. A person committed for nonpayment of any fine, penalty, assessment, fee, or costs shall be given credit toward payment for each day of imprisonment at the rate specified in the commitment order.

(5) If it appears to the satisfaction of the court that the default in the payment of any fine, penalty, assessment, fee, or costs is not willful contempt, the court may, and if the defendant is indigent

as defined in RCW 10.01.160(3), the court shall enter an order: (a) Allowing the defendant additional time for payment; (b) reducing the amount thereof or of each installment; (c) revoking the fine, penalty, assessment, fee, or costs or the unpaid portion thereof in whole or in part; or (d) converting the unpaid fine, penalty, assessment, fee, or costs to community restitution hours, if the jurisdiction operates a community restitution program, at the rate of no less than the state minimum wage established in RCW 49.46.020 for each hour of community restitution. ~~((The crime victim penalty assessment under RCW 7.68.035 may not be reduced, revoked, or converted to community restitution hours.))~~

(6) A default in the payment of any fine, penalty, assessment, fee, or costs or any installment thereof may be collected by any means authorized by law for the enforcement of a judgment. The levy of execution for the collection of any fine, penalty, assessment, fee, or costs shall not discharge a defendant committed to imprisonment for contempt until the amount has actually been collected.

Sec. 13. RCW 10.82.090 and 2022 c 260 s 12 are each amended to read as follows:

(1) Except as provided in subsections (2) and (3) of this section and RCW 3.50.100, 3.62.020, and 35.20.220, restitution imposed in a judgment shall bear interest from the date of the judgment until payment, at the rate applicable to civil judgments. As of June 7, 2018, no interest shall accrue on nonrestitution legal financial obligations. All nonrestitution interest retained by the court shall be split 25 percent to the state treasurer for deposit in the state general fund, 25 percent to the state treasurer for deposit in the judicial information system account as provided in RCW 2.68.020, 25 percent to the county current expense fund, and 25 percent to the county current expense fund to fund local courts.

(2) The court may elect not to impose interest on any restitution the court orders. Before determining not to impose interest on restitution, the court shall inquire into and consider the following factors: (a) Whether the offender is indigent as defined in RCW ~~((10.101.010(3)))~~ 10.01.160(3) or general rule 34; (b) the offender's available funds, as defined in RCW 10.101.010(2), and other liabilities including child support and other legal financial obligations; (c) whether the offender is homeless; and (d) whether the offender is mentally ill, as defined in RCW 71.24.025. The court shall also consider the victim's input, if any, as it relates to any financial hardship caused to the victim if interest is not imposed. The court may also consider any other information that the court believes, in the interest of justice, relates to not imposing interest on restitution. After consideration of these factors, the court may waive the imposition of restitution interest.

(3) The court may, on motion by the offender, reduce or waive the interest on legal financial obligations levied as a result of a criminal conviction as follows:

(a) The court shall waive all interest on the portions of the legal financial obligations that are not restitution that accrued prior to June 7, 2018;

(b) The court may waive or reduce interest on the restitution portion of the legal financial obligations only if the principal has been paid in full, except as provided in (c) of this subsection. The court may grant the motion, establish a payment schedule, and retain jurisdiction over the offender for purposes of reviewing and revising the reduction or waiver of interest;

(c) The court may, following the offender's release from total confinement, waive or reduce interest on restitution that accrued during the offender's period of incarceration if the court finds that the offender does not have the current or likely future ability to pay. A person does not have the current ability to pay if the person is indigent as defined in RCW 10.01.160(3). The

NINETY FOURTH DAY, APRIL 12, 2023

prosecuting attorney shall make reasonable efforts to notify the victim entitled to restitution of the date and place of the hearing. The court shall also consider the victim's input, if any, as it relates to any financial hardship caused to the victim if interest is reduced or waived.

(4) This section only applies to adult offenders.

(b) The court may order both execution of the disposition and up to ~~((thirty))~~ 30 days confinement for the violation of the conditions of the disposition.

The court, on its own motion or the motion of the state or the respondent if the evidence shows that the offender may be chemically dependent, substance abusing, or has significant mental health or co-occurring disorders may order an examination by a substance use disorder counselor from a substance use disorder treatment facility approved under chapter 70.96A RCW or a mental health professional as defined in chapter 71.34 RCW to determine if the youth is chemically dependent, substance abusing, or suffers from significant mental health or co-occurring disorders. ~~((The offender shall pay the cost of any examination ordered under this subsection unless the court finds that the offender is indigent and no third party insurance coverage is available, in which case the state shall pay the cost.))~~ The state shall pay the cost of any examination ordered under this subsection unless third-party insurance coverage is available.

(6)(a) After receipt of reports of the examination, the court shall then consider whether the offender and the community will benefit from use of this disposition alternative and consider the victim's opinion whether the offender should receive a treatment disposition under this section.

(b) If the court determines that this disposition alternative is appropriate, then the court shall impose the standard range for the offense, or if the court concludes, and enters reasons for its conclusion, that such disposition would effectuate a manifest injustice, the court shall impose a disposition above the standard range as indicated in option D of RCW 13.40.0357 if the disposition is an increase from the standard range and the confinement of the offender does not exceed a maximum of

~~((fifty-two))~~ 52 weeks, suspend execution of the disposition, and place the offender on community supervision for up to one year. As a condition of the suspended disposition, the court shall require the offender to undergo available outpatient drug/alcohol, mental health, or co-occurring disorder treatment and/or inpatient mental health or drug/alcohol treatment. The court shall only order inpatient treatment under this section if a funded bed is available. If the inpatient treatment is longer than ~~((ninety))~~ 90 days, the court shall hold a review hearing every ~~((thirty))~~ 30 days beyond the initial ~~((ninety))~~ 90 days. The respondent may appear telephonically at these review hearings if in compliance with treatment. As a condition of the suspended disposition, the court may impose conditions of community supervision and other sanctions, including up to ~~((thirty))~~ 30 days of confinement, ~~((one hundred fifty))~~ 150 hours of community restitution, and payment of ~~((legal financial obligations and))~~ restitution.

(7) The mental health/co-occurring disorder/drug/alcohol treatment provider shall submit monthly reports on the respondent's progress in treatment to the court and the parties. The reports shall reference the treatment plan and include at a minimum the following: Dates of attendance, respondent's compliance with requirements, treatment activities, the respondent's relative progress in treatment, and any other material specified by the court at the time of the disposition.

At the time of the disposition, the court may set treatment review hearings as the court considers appropriate.

If the offender violates any condition of the disposition or the court finds that the respondent is failing to make satisfactory progress in treatment, the court may impose sanctions pursuant to RCW 13.40.200 or revoke the suspension and order execution of the disposition. The court shall give credit for any confinement time previously served if that confinement was for the offense for which the suspension is being revoked.

(8) For purposes of this section, "victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a direct result of the offense charged. "Victim" may also include a known parent or guardian of a victim who is a minor child or is not a minor child but is incapacitated, incompetent, disabled, or deceased.

(9) Whenever a juvenile offender is entitled to credit for time spent in detention prior to a dispositional order, the dispositional order shall specifically state the number of days of credit for time served.

(10) In no case shall the term of confinement imposed by the court at disposition exceed that to which an adult could be subjected for the same offense.

(11) A disposition under this section is not appealable under RCW 13.40.230.

(12) Subject to funds appropriated for this specific purpose, the costs incurred by the juvenile courts for the mental health, substance use disorder, and/or co-occurring disorder evaluations, treatment, and costs of supervision required under this section shall be paid by the health care authority.

(13) A juvenile, or the parent, guardian, or other person having custody of the juvenile shall not be required to pay the cost of any evaluation or treatment ordered under this section.

Sec. 19. RCW 13.40.180 and 2012 c 177 s 3 are each amended to read as follows:

(1) Where a disposition in a single disposition order is imposed on a youth for two or more offenses, the terms shall run consecutively, subject to the following limitations:

(a) Where the offenses were committed through a single act or omission, omission, or through an act or omission which in itself constituted one of the offenses and also was an element of the other, the aggregate of all the terms shall not exceed ~~((one~~

~~hundred fifty~~) 150 percent of the term imposed for the most serious offense;

(b) The aggregate of all consecutive terms shall not exceed three hundred percent of the term imposed for the most serious offense; and

(c) The aggregate of all consecutive terms of community supervision shall not exceed two years in length, or require any payment of (~~more than two hundred dollars in~~) fines or the performance of more than (~~two hundred~~) 200 hours of community restitution.

(2) Where disposition in separate disposition orders is imposed on a youth, the periods of community supervision contained in separate orders, if any, shall run concurrently. All other terms contained in separate disposition orders shall run consecutively.

Sec. 20. RCW 13.40.192 and 2015 c 265 s 7 are each amended to read as follows:

(1) If a juvenile is ordered to pay (~~legal financial obligations, including fines, penalty assessments, attorneys' fees, court costs, and~~) restitution, the money judgment remains enforceable for a period of (~~ten~~) 10 years. When the juvenile reaches the age of (~~eighteen~~) 18 years or at the conclusion of juvenile court jurisdiction, whichever occurs later, the superior court clerk must docket the remaining balance of the juvenile's (~~legal financial obligations~~) restitution in the same manner as other judgments for the payment of money. The judgment remains valid and enforceable until (~~ten~~) 10 years from the date of its imposition. The clerk of the superior court may seek extension of the judgment for (~~legal financial obligations, including crime victims' assessments,~~) restitution in the same manner as RCW 6.17.020 for purposes of collection as allowed under RCW 36.18.190.

(2) A (~~respondent under obligation to pay~~) judgment against a juvenile for any legal financial obligation(s) other than restitution(, the victim penalty assessment set forth in RCW 7.68.035, or the crime laboratory analysis fee set forth in RCW 43.43.690 may petition the court for modification or relief from those legal financial obligations and interest accrued on those obligations for good cause shown, including inability to pay. The court shall consider factors such as, but not limited to incarceration and a respondent's other debts, including restitution, when determining a respondent's ability to pay) including, but not limited to, fines, penalty assessments, attorneys' fees, court costs, and other administrative fees, is not enforceable after the effective date of this section. The superior court clerk shall not accept payments from a respondent who was ordered to pay legal financial obligations, including fines, penalty assessments, attorneys' fees, and court costs after the effective date of this section.

Sec. 21. RCW 13.40.200 and 2004 c 120 s 7 are each amended to read as follows:

(1) When a respondent fails to comply with an order of restitution, community supervision, (~~penalty assessments,~~) or confinement of less than (~~thirty~~) 30 days, the court upon motion of the prosecutor or its own motion, may modify the order after a hearing on the violation.

(2) The hearing shall afford the respondent the same due process of law as would be afforded an adult probationer. The court may issue a summons or a warrant to compel the respondent's appearance. The state shall have the burden of proving by a preponderance of the evidence the fact of the violation. The respondent shall have the burden of showing that the violation was not a willful refusal to comply with the terms of the order. If a respondent has failed to pay (~~a fine, penalty assessments, or~~) restitution or to perform community restitution hours, as required by the court, it shall be the respondent's burden

to show that he or she did not have the means and could not reasonably have acquired the means to pay the (~~fine, penalty assessments, or~~) restitution or to perform community restitution.

(3) If the court finds that a respondent has willfully violated the terms of an order pursuant to subsections (1) and (2) of this section, it may impose a penalty of up to (~~thirty~~) 30 days' confinement. Penalties for multiple violations occurring prior to the hearing shall not be aggregated to exceed (~~thirty~~) 30 days' confinement. Regardless of the number of times a respondent is brought to court for violations of the terms of a single disposition order, the combined total number of days spent by the respondent in detention shall never exceed the maximum term to which an adult could be sentenced for the underlying offense.

(4) (~~If a respondent has been ordered to pay a fine or monetary penalty and due to a change of circumstance cannot reasonably comply with the order, the court, upon motion of the respondent, may order that the unpaid fine or monetary penalty be converted to community restitution unless the monetary penalty is the crime victim penalty assessment, which cannot be converted, waived, or otherwise modified, except for schedule of payment. The number of hours of community restitution in lieu of a monetary penalty or fine shall be converted at the rate of the prevailing state minimum wage per hour. The monetary penalties or fines collected shall be deposited in the county general fund. A failure to comply with an order under this subsection shall be deemed a failure to comply with an order of community supervision and may be proceeded against as provided in this section.~~)

(~~5~~) When a respondent has willfully violated the terms of a probation bond, the court may modify, revoke, or retain the probation bond as provided in RCW 13.40.054.

Concerning the Washington auto theft prevention authority account.

The measure was read the second time.

MOTION

Senator Wilson, L. moved that the following committee striking amendment by the Committee on Ways & Means be not adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The Washington auto theft prevention authority account was created in 2007 to provide dedicated funding from traffic infraction collections to support

programs designed to prevent and prosecute motor vehicle theft. The legislature finds that over the years, funding from the account has been diverted to other nonauto theft uses such as department of corrections' operations and youth gang prevention programs. The legislature further finds that revenues from traffic infractions have decreased as more drivers access diversion and deferral programs designed to assist people with retaining their licenses. Fund diversions and decreasing traffic infraction revenue threaten the viability of motor vehicle theft prevention programs at a time when the number of motor vehicle thefts have increased 88 percent between the year 2021 and 2022. In order to provide more secure funding to combat and prevent motor vehicle theft, the legislature intends each fiscal year to deposit into the Washington auto theft prevention authority account \$7,000,000 of insurance premium tax collections that would otherwise be deposited to the general fund and to have this deposit grow by inflation. The legislature further intends for moneys collected from the traffic infraction surcharge in RCW 46.63.110(7)(b) to be deposited into the state general fund.

Sec. 2. RCW 46.63.110 and 2021 c 240 s 3 are each amended to read as follows:

(1)(a) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed ~~((two hundred and fifty dollars))~~ \$250 for each offense unless authorized by this chapter or title.

(b) The court may waive or remit any monetary penalty, fee, cost, assessment, or other monetary obligation associated with a traffic infraction unless the specific monetary obligation in question is prohibited from being waived or remitted by state law.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is ~~((two hundred fifty dollars))~~ \$250 for each offense; (b) RCW 46.61.210(1) is ~~((five hundred dollars))~~ \$500 for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of ~~((twenty five dollars))~~ \$25 for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed ~~((twenty five dollars))~~ \$25 for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines that a person is not able to pay a monetary obligation in full, the court shall enter into a payment plan with the person in accordance with RCW 46.63.190 and standards that may be set out in court rule.

NINETY FOURTH DAY, APRIL 12, 2023

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of ~~((five dollars))~~ \$5 per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ~~((ten dollars))~~ \$10 per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the ~~((Washington auto theft prevention authority account))~~ general fund; and

(c) A fee of ~~((five dollars))~~ \$5 per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 or 46.61.212 shall be assessed an additional penalty of \$24. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) \$12.50 of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as follows: \$8.50 in the state general fund and \$4 in the driver licensing technology support account created under RCW 46.68.067. The moneys deposited into the driver licensing technology support account must be used to support information technology systems used by the department to communicate with the judicial information system, manage driving records, and implement court orders. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the person may request a payment plan pursuant to RCW 46.63.190.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) ~~((Two hundred fifty dollars))~~ \$250 for the first violation; (b) ~~((five hundred dollars))~~ \$500 for the second violation; and (c) ~~((seven hundred fifty dollars))~~ \$750 for each violation thereafter.

(11) The additional monetary penalty for a violation of RCW 46.20.500 is not subject to assessments or fees provided under this section.

(12) The additional monetary fine for a violation of RCW 46.61.110, 46.61.145, 46.61.180, 46.61.185, 46.61.190, and 46.61.205 is not subject to assessments or fees provided under this section.

(13) The additional monetary penalties for a violation of RCW 46.61.165 are not subject to assessments or fees provided under this section.

Sec. 3. RCW 46.66.080 and 2015 3rd sp.s. c 4 s 964 are each amended to read as follows:

(1) The Washington auto theft prevention authority account is created in the state treasury, subject to appropriation. ~~((All revenues from the traffic infraction surcharge in RCW 46.63.110(7)(b)))~~ Revenues consist of deposits to the account under RCW 48.14.020(1)(b) and all receipts from gifts, grants, bequests, devises, or other funds from public and private sources to support the activities of the auto theft prevention authority must be deposited into the account. Expenditures from the account may be used only for activities relating to motor vehicle theft, including education, prevention, law enforcement, investigation, prosecution, and local confinement. ~~((During the 2011 2013, 2013 2015, and 2015 2017 fiscal biennia, the legislature may appropriate moneys from the Washington auto theft prevention authority account for criminal justice purposes and community building and may transfer funds to the state general fund such amounts as reflect the excess fund balance of the account.))~~

(2) The authority shall allocate moneys appropriated from the account to public agencies for the purpose of establishing, maintaining, and supporting programs that are designed to prevent motor vehicle theft, including:

(a) Financial support to prosecution agencies to increase the effectiveness of motor vehicle theft prosecution;

(b) Financial support to a unit of local government or a team consisting of units of local governments to increase the effectiveness of motor vehicle theft enforcement;

(5) Moneys expended from the Washington auto theft prevention authority account under subsection (2) of this section shall be used to supplement, not supplant, other moneys that are available for motor vehicle theft prevention.

(6) Grants provided under subsection (2) of this section constitute reimbursement for purposes of RCW 43.135.060(1).

Sec. 4. RCW 48.14.020 and 2021 c 281 s 7 are each amended to read as follows:

(1)(a) Subject to other provisions of this chapter, each authorized insurer except title insurers and registered eligible captive insurers as defined in RCW 48.201.020 shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (3) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer under RCW 48.14.090 during the preceding calendar year other than ocean marine and foreign trade insurances, after

deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For tax purposes, the reporting of premiums shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(b) Beginning July 1, 2023, and July 1st of each year thereafter, the state treasurer shall deposit \$7,000,000 in moneys collected for premium taxes pursuant to this section into the Washington auto theft prevention authority account created in RCW 46.66.080. Beginning July 1, 2023, the amount deposited under this subsection must be adjusted by the most current seasonally adjusted index of the consumer price index for all urban consumers as published by the bureau of labor statistics of the United States department of labor.

(2)(a) The taxes imposed in this section do not apply to amounts received by any life and disability insurer for health care services included within the definition of practice of dentistry under RCW 18.32.020 except amounts received for pediatric oral services that qualify as coverage for the minimum essential coverage requirement under P.L. 111-148 (2010), as amended, and for stand-alone family dental plans as defined in RCW 43.71.080(4)(a), only when offered in the individual market, as defined in RCW 48.43.005, or to a small group, as defined in RCW 48.43.005.

(b) Beginning January 1, 2014, moneys collected for premiums written on qualified health benefit plans and qualified dental plans offered through the health benefit exchange under chapter 43.71 RCW must be deposited in the health benefit exchange account under RCW 43.71.060.

(3) In the case of insurers which require the payment by their policyholders at the inception of their policies of the entire premium thereon in the form of premiums or premium deposits which are the same in amount, based on the character of the risks, regardless of the length of term for which such policies are written, such tax shall be in the amount of two percent of the gross amount of such premiums and premium deposits upon policies on risks resident, located, or to be performed in this state, in force as of the thirty-first day of December next preceding, less the unused or unabsorbed portion of such premiums and premium deposits computed at the average rate thereof actually paid or credited to policyholders or applied in part payment of any renewal premiums or premium deposits on one-year policies expiring during such year.

Senator Rolfes spoke in favor of the motion to not adopt the committee striking amendment.

The President declared the question before the Senate to be the motion to not adopt the committee striking amendment by the Committee on Ways & Means to Substitute House Bill No. 1682.

The motion by Senator Wilson, L. carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Wilson, L. moved that the following striking amendment no. 0432 by Senators Wilson, L. and Rolfes be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The Washington auto theft prevention authority account was created in 2007 to provide dedicated funding from traffic infraction collections to support programs designed to prevent and prosecute motor vehicle theft. The legislature finds that over the years, funding from the account has been diverted to other nonauto theft uses such as department of corrections' operations and youth gang prevention programs. The legislature further finds that revenues from traffic infractions have decreased as more drivers access diversion and deferral programs designed to assist people with retaining their licenses. Fund diversions and decreasing traffic infraction revenue threaten the viability of motor vehicle theft prevention programs at a time when the number of motor vehicle thefts have increased 88 percent between the year 2021 and 2022. In order to provide more secure funding to combat and prevent motor vehicle theft, the legislature intends each fiscal year to deposit into the Washington auto theft prevention authority account \$7,000,000 of insurance premium tax collections that would otherwise be deposited to the general fund and to have this deposit grow by inflation. The legislature further intends for moneys collected from the traffic infraction surcharge in RCW 46.63.110(7)(b) to be deposited into the state general fund.

Sec. 2. RCW 46.63.110 and 2021 c 240 s 3 are each amended to read as follows:

(1)(a) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed ~~((two hundred and fifty dollars))~~ \$250 for each offense unless authorized by this chapter or title.

(b) The court may waive or remit any monetary penalty, fee, cost, assessment, or other monetary obligation associated with a traffic infraction unless the specific monetary obligation in question is prohibited from being waived or remitted by state law.

NINETY FOURTH DAY, APRIL 12, 2023

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is ~~((two hundred fifty dollars))~~ \$250 for each offense; (b) RCW 46.61.210(1) is ~~((five hundred dollars))~~ \$500 for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of ~~((twenty five dollars))~~ \$25 for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed ~~((twenty five dollars))~~ \$25 for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines that a person is not able to pay a monetary obligation in full, the court shall enter into a payment plan with the person in accordance with RCW 46.63.190 and standards that may be set out in court rule.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of ~~((five dollars))~~ \$5 per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ~~((ten dollars))~~ \$10 per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the ~~((Washington auto theft prevention authority account))~~ general fund; and

(c) A fee of ~~((five dollars))~~ \$5 per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 or 46.61.212 shall be assessed an additional penalty of \$24. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) \$12.50 of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited as follows: \$8.50 in the state general fund and \$4 in the driver licensing technology support account created under RCW 46.68.067. The moneys deposited into the driver licensing technology support account must be used to support information technology systems used by the department to communicate with the judicial information system, manage driving records, and implement court orders. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the person may request a payment plan pursuant to RCW 46.63.190.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) ~~((Two hundred fifty dollars))~~ \$250 for the first violation; (b) ~~((five hundred dollars))~~ \$500 for the second violation; and (c) ~~((seven hundred fifty dollars))~~ \$750 for each violation thereafter.

(11) The additional monetary penalty for a violation of RCW 46.20.500 is not subject to assessments or fees provided under this section.

(12) The additional monetary fine for a violation of RCW 46.61.110, 46.61.145, 46.61.180, 46.61.185, 46.61.190, and 46.61.205 is not subject to assessments or fees provided under this section.

(13) The additional monetary penalties for a violation of RCW 46.61.165 are not subject to assessments or fees provided under this section.

Sec. 3. RCW 46.66.080 and 2015 3rd sp.s. c 4 s 964 are each amended to read as follows:

(1) The Washington auto theft prevention authority account is created in the state treasury, subject to appropriation. ~~((All revenues from the traffic infraction surcharge in RCW 46.63.110(7)(b)))~~ Revenues consist of deposits to the account under RCW 48.14.020(1)(b) and all receipts from gifts, grants, bequests, devises, or other funds from public and private sources to support the activities of the auto theft prevention authority must be deposited into the account. Expenditures from the account may be used only for activities relating to motor vehicle theft, including education, prevention, law enforcement, investigation, prosecution, and confinement. ~~((During the 2011 2013, 2013 2015, and 2015 2017 fiscal biennia, the legislature may appropriate moneys from the Washington auto theft prevention authority account for criminal justice purposes and community building and may transfer funds to the state general fund such amounts as reflect the excess fund balance of the account.))~~

(2) The authority shall allocate moneys appropriated from the account to public agencies for the purpose of establishing, maintaining, and supporting programs that are designed to prevent motor vehicle theft, including:

(a) Financial support to prosecution agencies to increase the effectiveness of motor vehicle theft prosecution;

(b) Financial support to a unit of local government or a team consisting of units of local governments to increase the effectiveness of motor vehicle theft enforcement;

(d) Financial support for programs that are designed to educate and assist the public in the prevention of motor vehicle theft.

(3) The costs of administration shall not exceed ~~((ten))~~ 10 percent of the moneys in the account in any one year so that the greatest possible portion of the moneys available to the authority is expended on combating motor vehicle theft.

(4) Prior to awarding any moneys from the Washington auto theft prevention authority account for motor vehicle theft enforcement, the auto theft prevention authority must verify that the financial award includes sufficient funding to cover proposed activities ~~((which include, but are not limited to: (a) State, municipal, and county offender and juvenile confinement costs; (b) administration costs; (c) law enforcement costs; (d) prosecutor costs; and (e) court costs, with a priority being given to ensuring that sufficient funding is available to cover state, municipal, and county offender and juvenile confinement costs))~~.

(5) Moneys expended from the Washington auto theft prevention authority account under subsection (2) of this section shall be used to supplement, not supplant, other moneys that are available for motor vehicle theft prevention.

(6) Grants provided under subsection (2) of this section constitute reimbursement for purposes of RCW 43.135.060(1).

Sec. 4. RCW 48.14.020 and 2021 c 281 s 7 are each amended to read as follows:

(1)(a) Subject to other provisions of this chapter, each authorized insurer except title insurers and registered eligible captive insurers as defined in RCW 48.201.020 shall on or before the first day of March of each year pay to the state treasurer through the commissioner's office a tax on premiums. Except as provided in subsection (3) of this section, such tax shall be in the amount of two percent of all premiums, excluding amounts returned to or the amount of reductions in premiums allowed to holders of industrial life policies for payment of premiums directly to an office of the insurer, collected or received by the insurer under RCW 48.14.090 during the preceding calendar year other than ocean marine and foreign trade insurances, after deducting premiums paid to policyholders as returned premiums, upon risks or property resident, situated, or to be performed in this state. For tax purposes, the reporting of premiums shall be on a written basis or on a paid-for basis consistent with the basis required by the annual statement. For the purposes of this section the consideration received by an insurer for the granting of an annuity shall not be deemed to be a premium.

(b) Beginning July 1, 2023, and July 1st of each year thereafter, the state treasurer shall deposit \$7,000,000 in moneys collected for premium taxes pursuant to this section into the Washington auto theft prevention authority account created in RCW 46.66.080. "**Sec. 1.** RCW 49.48.083 and 2011 c 301 s 16 are each amended to read as follows:

(1) If an employee files a wage complaint with the department, the department shall investigate the wage complaint. Unless otherwise resolved, the department shall issue either a citation and notice of assessment or a determination of compliance no later than ~~((sixty))~~ 60 days after the date on which the department received the wage complaint. The department may extend the time period by providing advance written notice to the employee and the employer setting forth good cause for an extension of the time period and specifying the duration of the extension. The department may not investigate any alleged violation of a wage payment requirement that occurred more than three years before the date that the employee filed the wage complaint. The department shall send the citation and notice of assessment or the determination of compliance to both the employer and the employee by service of process or using a method by which the mailing can be tracked or the delivery can be confirmed to their last known addresses.

(2) If the department determines that an employer has violated a wage payment requirement and issues to the employer a citation and notice of assessment, the department may order the employer to pay employees all wages owed, including interest of one percent per month on all wages owed, to the employee. The wages and interest owed must be calculated from the first date wages were owed to the employee, except that the department may not order the employer to pay any wages and interest that were owed more than three years before the date the wage complaint was filed with the department.

(3) If the department determines that the violation of the wage payment requirement was a willful violation, the department also may order the employer to pay the department a civil penalty as specified in (a) of this subsection.

(a) A civil penalty for a willful violation of a wage payment requirement shall be not less than one thousand dollars or an amount equal to ten percent of the total amount of unpaid wages, whichever is greater. The maximum civil penalty for a willful violation of a wage payment requirement shall be twenty thousand dollars.

(b) The department may not assess a civil penalty if the employer reasonably relied on: (i) A rule related to any wage payment requirement; (ii) a written order, ruling, approval, opinion, advice, determination, or interpretation of the director; or (iii) an interpretive or administrative policy issued by the department and filed with the office of the code reviser. In accordance with the department's retention schedule obligations under chapter 40.14 RCW, the department shall maintain a complete and accurate record of all written orders, rulings, approvals, opinions, advice, determinations, and interpretations for purposes of determining whether an employer is immune from civil penalties under (b)(ii) of this subsection.

(c) The department shall waive any civil penalty assessed against an employer under this section if the employer is not a repeat willful violator, and the director determines that the employer has provided payment to the employee of all wages that the department determined that the employer owed to the employee, including interest, within ten business days of the employer's receipt of the citation and notice of assessment from the department.

(d) The department may waive or reduce at any time a civil penalty assessed under this section if the director determines that the employer paid all wages and interest owed to an employee.

(e) The department shall deposit civil penalties paid under this section in the supplemental pension fund established under RCW 51.44.033.

(4) Upon payment by an employer, and acceptance by an employee, of all wages and interest assessed by the department in a citation and notice of assessment issued to the employer, the fact of such payment by the employer, and of such acceptance by the employee, shall: (a) Constitute a full and complete satisfaction by the employer of all specific wage payment requirements addressed in the citation and notice of assessment; and (b) bar the employee from initiating or pursuing any court action or other judicial or administrative proceeding based on the specific wage payment requirements addressed in the citation and notice of assessment. The citation and notice of assessment shall include a notification and summary of the specific requirements of this subsection.

(5) The applicable statute of limitations for civil actions is tolled during the department's investigation of an employee's wage complaint against an employer. For the purposes of this subsection, the department's investigation begins on the date the employee files the wage complaint with the department and ends when: (a) The wage complaint is finally determined through a final and binding citation and notice of assessment or determination of compliance; or (b) the department notifies the employer and the employee in writing that the wage complaint has been otherwise resolved or that the employee has elected to terminate the department's administrative action under RCW 49.48.085.

(6) If the department offers the employer the option to resolve a wage complaint without a citation and notice of assessment, and the employer chooses to accept the offer, any settlement must include interest of one percent per month on all amounts owed.

SECOND READING

HOUSE BILL NO. 1020, by Representatives Morgan, Callan, Ryu, Simmons, Reed, Gregerson, Thai and Ormsby

Designating the *Suciasaurus rex* as the official dinosaur of the state of Washington.

The measure was read the second time.

MOTION

Senator Kuderer moved that the following committee striking amendment by the Committee on State Government & Elections be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the *Suciasaurus rex*, the first and, as of the effective date of this section, only dinosaur discovered in Washington state, should be designated as the state dinosaur. In May 2012, paleontologists discovered a portion of a left femur of a theropod dinosaur at Sucia Island state park in the San Juan Islands. Theropods are bipedal carnivorous dinosaurs that include *Tyrannosaurus* and *Velociraptor*. While scientists are unsure exactly what type of theropod the fossil belongs to, evidence suggests it may be a species similar to *Daspletosaurus*. The dinosaur has been nicknamed *Suciasaurus rex*.

Dinosaurs are not usually found in Washington because of its proximity to an active tectonic plate boundary and the high degree of human development. Some scientists believe the *Suciasaurus rex* lived somewhere between Baja California, Mexico, and northern California, and its fossil traveled to Washington along with a portion of the western edge of North America that was displaced to British Columbia in the Late Cretaceous period, but the fossil's exact location of origin remains controversial.

NEW SECTION. Sec. 2. A new section is added to chapter 1.20 RCW to read as follows:

The *Suciasaurus rex* is hereby designated as the official dinosaur of the state of Washington."

On page 1, line 1 of the title, after "dinosaur;" strike the remainder of the title and insert "adding a new section to chapter 1.20 RCW; and creating a new section."

The President declared the question before the Senate to be the adoption of the committee striking amendment by the Committee on State Government & Elections to House Bill No. 1020.

The motion by Senator Kuderer carried and the committee striking amendment was adopted by voice vote.

MOTION

On motion of Senator Kuderer, the rules were suspended, House Bill No. 1020 as amended by the Senate was advanced to third reading, the second reading considered the third and the bill was placed on final passage.

Senators Kuderer and Wilson, J. spoke in favor of passage of the bill.

Senators Braun and Fortunato spoke against passage of the bill.

The President declared the question before the Senate to be the final passage of House Bill No. 1020 as amended by the Senate.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 14.08.120 and 2021 c 106 s 1 are each amended to read as follows:

(1) In addition to the general powers conferred in this chapter, and without limitation thereof, a municipality that has established or may hereafter establish airports, restricted landing areas, or other air navigation facilities, or that has acquired or set apart or may hereafter acquire or set apart real property for that purpose or purposes is authorized:

(a) To vest authority for the construction, enlargement, improvement, maintenance, equipment, operation, and regulation thereof in an officer, a board, or body of the municipality by ordinance or resolution that prescribes the powers and duties of the officer, board, or body ~~(; and the municipality may also vest authority for industrial and commercial development in a municipal airport commission consisting of at least five resident taxpayers of the municipality to be appointed by the governing board of the municipality by an ordinance or resolution that includes (i) the terms of office, which may not exceed six years and which shall be staggered so that not more than three terms will expire in the same year, (ii) the method of appointment and filling vacancies, (iii) a provision that there shall be no compensation but may provide for a per diem of not to exceed twenty five dollars per day plus travel expenses for time spent on commission business, (iv) the powers and duties of the commission, and (v) any other matters necessary to the exercise of the powers relating to industrial and commercial development)).~~

(i) The municipality may also vest authority for the construction, enlargement, improvement, maintenance, equipment, operation, management, industrial and commercial

development, and regulation thereof in a municipal airport commission through an ordinance or resolution that includes: (A) The terms of office, which may not exceed six years and which must be staggered so that not more than three terms expire in the same year; (B) the method of appointment and filling vacancies; (C) a provision that there is no compensation, but the provision may provide for a per diem for time spent on commission business of not more than \$25 per day plus travel expenses or, in lieu of travel expenses when travel requires overnight lodging, for a per diem payment of not more than the United States general services administration's per diem rates; (D) the powers and duties of the commission; and (E) any other matters necessary to the exercise of the commission's powers. The expense of the construction, enlargement, improvement, maintenance, equipment, industrial and commercial development, operation, management, and regulation are the responsibility of the municipality.

(ii) The commission consists of at least five members appointed by the governing body of the municipality, subject to the following conditions:

(A) Members must be residents of the municipality;

(B) A majority of the commissioners must have expertise in: The aviation industry; business administration or operations; finance; accounting; marketing; economic development; commercial real estate development; engineering; planning and construction; law; utilities; or other related experience from industries that have a logical nexus with airport administration, operations, and development; and

(C) Members must agree to adhere to the ethical standards of conduct adopted by the municipality or the existing municipal airport commission.

(iii) A municipality may vest authority in a municipal airport commission to apply for loans through the public use general aviation airport loan program.

(b) To adopt and amend all needed rules, regulations, and ordinances for the management, government, and use of any properties under its control, whether within or outside the territorial limits of the municipality; to provide fire protection for the airport, including the acquisition and operation of fire protection equipment and facilities, and the right to contract with any private body or political subdivision of the state for the furnishing of such fire protection; to appoint airport guards or police, with full police powers; to fix by ordinance or resolution, as may be appropriate, penalties for the violation of the rules, regulations, and ordinances, and enforce those penalties in the same manner in which penalties prescribed by other rules, regulations, and ordinances of the municipality are enforced. For the purposes of such management and government and direction of public use, that part of all highways, roads, streets, avenues, boulevards, and territory that adjoins the limits of any airport or restricted landing area acquired or maintained under the provisions of this chapter is under like control and management of the municipality. It may also adopt and enact rules, regulations, and ordinances designed to safeguard the public upon or beyond the limits of private airports or landing strips within the municipality or its police jurisdiction against the perils and hazards of instrumentalities used in aerial navigation. Rules, regulations, and ordinances shall be published as provided by general law or the charter of the municipality for the publication of similar rules, regulations, and ordinances. They shall conform to and be consistent with the laws of this state and the rules of the state department of transportation and shall be kept in conformity, as nearly as may be, with the then current federal legislation governing aeronautics and the regulations duly promulgated

NINETY FOURTH DAY, APRIL 12, 2023

thereunder and the rules and standards issued from time to time pursuant thereto.

(c) To create a special airport fund, and provide that all receipts from the operation of the airport be deposited in the fund, which fund shall remain intact from year to year and may be pledged to the payment of aviation bonds, or kept for future maintenance, construction, or operation of airports or airport facilities.

(d) To lease airports or other air navigation facilities, or real property acquired or set apart for airport purposes, to private parties, any municipal or state government or the national government, or any department thereof, for operation; to lease or assign to private parties, any municipal or state government or the national government, or any department thereof, for operation or use consistent with the purposes of this chapter, space, area, improvements, or equipment of such airports; to authorize its lessees to construct, alter, repair, or improve the leased premises at the cost of the lessee and to reimburse its lessees for such cost, provided the cost is paid solely out of funds fully collected from the airport's tenants; to sell any part of such airports, other air navigation facilities or real property to any municipal or state government, or to the United States or any department or instrumentality thereof, for aeronautical purposes or purposes incidental thereto, and to confer the privileges of concessions of supplying upon its airports goods, commodities, things, services, and facilities: PROVIDED, That in each case in so doing the public is not deprived of its rightful, equal, and uniform use thereof.

(e) Acting through its governing body, to sell or lease any property, real or personal, acquired for airport purposes and belonging to the municipality, which, in the judgment of its governing body, may not be required for aircraft landings, aircraft takeoffs or related aeronautic purposes, in accordance with the laws of this state, or the provisions of the charter of the municipality, governing the sale or leasing of similar municipally owned property. The municipal airport commission, if one has been organized and appointed under (a) of this subsection, may lease any airport property for aircraft landings, aircraft takeoffs, or related aeronautic purposes. If there is a finding by the governing body of the municipality that any airport property, real or personal, is not required for aircraft landings, aircraft takeoffs, or related aeronautic purposes, then the municipal airport commission may lease such space, land, area, or improvements, or construct improvements, or take leases back for financing purposes, grant concessions on such space, land, area, or improvements, all for industrial or commercial purposes, by private negotiation and under such terms and conditions that seem just and proper to the municipal airport commission. Any such lease of real property for aircraft manufacturing or aircraft industrial purposes or to any manufacturer of aircraft or aircraft parts or for any other business, manufacturing, or industrial purpose or operation relating to, identified with, or in any way dependent upon the use, operation, or maintenance of the airport, or for any commercial or industrial purpose may be made for any period not to exceed (~~seventy five~~) 75 years, but any such lease of real property made for a longer period than (~~ten~~) 10 years shall contain provisions requiring the municipality and the lessee to permit the rentals for each five-year period thereafter, to be readjusted at the commencement of each such period if written request for readjustment is given by either party to the other at least (~~thirty~~) 30 days before the commencement of the five-year period for which the readjustment is requested. If the parties cannot agree upon the rentals for the five-year period, they shall submit to have the disputed rentals for the period adjusted by arbitration. The lessee shall pick one arbitrator, and the governing body of the municipality shall pick one, and the two so chosen

shall select a third. After a review of all pertinent facts the board of arbitrators may increase or decrease such rentals or continue the previous rate thereof.

The proceeds of the sale of any property the purchase price of which was obtained by the sale of bonds shall be deposited in the bond sinking fund. If all the proceeds of the sale are not needed to pay the principal of bonds remaining unpaid, the remainder shall be paid into the airport fund of the municipality. The proceeds of sales of property the purchase price of which was paid from appropriations of tax funds shall be paid into the airport fund of the municipality.

(f) To determine the charges or rental for the use of any properties under its control and the charges for any services or accommodations, and the terms and conditions under which such properties may be used: PROVIDED, That in all cases the public is not deprived of its rightful, equal, and uniform use of the property. Charges shall be reasonable and uniform for the same class of service and established with due regard to the property and improvements used and the expense of operation to the municipality. The municipality shall have and may enforce liens, as provided by law for liens and enforcement thereof, for repairs to or improvement or storage or care of any personal property, to enforce the payment of any such charges. As used in this subsection (1)(f), the term "charges" does not refer to any minimum labor standard imposed by a municipality pursuant to subsection (2) of this section.

(g) To impose a customer facility charge upon customers of rental car companies accessing the airport for the purposes of financing, designing, constructing, operating, and maintaining consolidated rental car facilities and common use transportation equipment and facilities which are used to transport the customer between the consolidated car rental facilities and other airport facilities. The airport operator may require the rental car companies to collect the facility charges, and any facility charges so collected shall be deposited in a trust account for the benefit of the airport operator and remitted at the direction of the airport operator, but no more often than once per month. The charge shall be calculated on a per-day basis. Facility charges may not exceed the reasonable costs of financing, designing, constructing, operating, and maintaining the consolidated car rental facilities and common use transportation equipment and facilities and may not be used for any other purpose. For the purposes of this subsection (1)(g), if an airport operator makes use of its own funds to finance the consolidated rental car facilities and common use transportation equipment and facilities, the airport operator (i) is entitled to earn a rate of return on such funds no greater than the interest rate that the airport operator would pay to finance such facilities in the appropriate capital market, provided that the airport operator establish the rate of return in consultation with the rental car companies, and (ii) may use the funds earned under (g)(i) of this subsection for purposes other than those associated with the consolidated rental car facilities and common use transportation equipment and facilities.

(h) To make airport property available for less than fair market rental value under very limited conditions provided that prior to the lease or contract authorizing such use the airport operator's board, commission, or council has (i) adopted a policy that establishes that such lease or other contract enhances the public acceptance of the airport and serves the airport's business interest and (ii) adopted procedures for approval of such lease or other contract.

(i) If the airport operator has adopted the policy and procedures under (h) of this subsection, to lease or license the use of property belonging to the municipality and acquired for airport purposes at less than fair market rental value as long as the municipality's

council, board, or commission finds that the following conditions are met:

(i) The lease or license of the subject property enhances public acceptance of the airport in a community in the immediate area of the airport;

(ii) The subject property is put to a desired public recreational or other community use by the community in the immediate area of the airport;

(iii) The desired community use and the community goodwill that would be generated by such community use serves the business interest of the airport in ways that can be articulated and demonstrated;

(iv) The desired community use does not adversely affect the capacity, security, safety, or operations of the airport;

(v) At the time the community use is contemplated, the subject property is not reasonably expected to be used by an aeronautical tenant or otherwise be needed for airport operations in the foreseeable future;

(vi) At the time the community use is contemplated, the subject property would not reasonably be expected to produce more than de minimis revenue;

(vii) If the subject property can be reasonably expected to produce more than de minimis revenue, the community use is permitted only where the revenue to be earned from the community use would approximate the revenue that could be generated by an alternate use;

(viii) Leases for community use must not preclude reuse of the subject property for airport purposes if, in the opinion of the airport owner, reuse of the subject property would provide greater benefits to the airport than continuation of the community use;

(ix) The airport owner ensures that airport revenue does not support the capital or operating costs associated with the community use;

(x) The lease or other contract for community use is not to a for-profit organization or for the benefit of private individuals;

(xi) The lease or other contract for community use is subject to the requirement that if the term of the lease is for a period that exceeds ~~((ten))~~ 10 years, the lease must contain a provision allowing for a readjustment of the rent every five years after the initial ~~((ten-year))~~ 10-year term;

(xii) The lease or other contract for community use is subject to the requirement that the term of the lease must not exceed ~~((fifty))~~ 50 years; and

(xiii) The lease or other contract for community use is subject to the requirement that if the term of the lease exceeds one year, the lease or other contract obligations must be secured by rental insurance, bond, or other security satisfactory to the municipality's board, council, or commission in an amount equal to at least one year's rent, or as consistent with chapter 53.08 RCW. However, the municipality's board, council, or commission may waive the rent security requirement or lower the amount of the rent security requirement for good cause.

(j) To exercise all powers necessarily incidental to the exercise of the general and special powers granted in this section.

(2)(a) A municipality that controls or operates an airport having had more than ~~((twenty million))~~ 20,000,000 annual commercial air service passenger enplanements on average over the most recent seven full calendar years that is located within the boundaries of a city that has passed a local law or ordinance setting a minimum labor standard that applies to certain employers operating or providing goods and services at the airport is authorized to enact a minimum labor standard that applies to employees working at the airport, so long as the minimum labor standard meets, but does not exceed, the minimum labor standard in the city's law or ordinance.

(b) A municipality's authority to establish a minimum labor standard pursuant to (a) of this subsection may be imposed only on employers that are excluded from the minimum labor standard established by such city because the type of good or service provided by the employer is expressly excluded in the text of the city's law or ordinance.

(c) This section does not authorize a municipality to establish a minimum labor standard for an employer who was excluded from the city's law or ordinance because it is a certificated air carrier performing services for itself or based on the employer's size or number of employees.

(d) The authority granted under (a) of this subsection shall only apply to employers who provide the goods or services at the airport from facilities that are located on property owned by the municipality and within the boundaries of the city that enacted the minimum labor standard."

On page 1, line 1 of the title, after "commissions;" strike the remainder of the title and insert "and amending RCW 14.08.120."

NEW SECTION. **Sec. 1.** (1) The legislature finds:

(a) The state's transportation needs are growing and it is imperative that the state plan comprehensively to meet the needs of its citizens, particularly in the fastest growing regions of the state;

(b) That planning for the future of aviation must take a comprehensive coordinated look at the transportation system as a whole;

(c) The pandemic interfered with the ability of the commercial aviation coordinating commission to perform a thorough and complete study of the possibility of a new commercial airport;

(d) The creation of a new primary commercial aviation facility has the potential for environmental, health, social, and economic impacts on the surrounding communities, and the legislature recognizes any preferred location will require substantial environmental, land use, governance, and funding decisions from federal, state, and local governments;

(e) There is expected growth in commercial aviation, general aviation, and air cargo operations; the Puget Sound regional council May 2021 regional aviation baseline study final report estimates that by 2050 capacity restrictions in the central Puget Sound will create a gap between the demand for aviation activities and the capacity for those activities; and

(f) The exploration of alternatives to Seattle-Tacoma international airport is critical to address this anticipated demand through a variety of transportation strategies that may include the creation or expansion of other airports.

(2) The legislature, therefore, intends to replace the commercial aviation coordinating commission with the commercial aviation work group and direct the work group to provide a comprehensive investigation of airport capacity in the state and the best way to address aviation needs in the context of overall state transportation needs in the next 20 years using independent verifiable data.

(iii) Consider the cost of construction of a facility and supporting infrastructure;

(iv) In cooperation with the federal aviation administration, analyze:

(A) Airspace requirements and airspace restrictions of potential sites;

"NEW SECTION. **Sec. 1.** A new section is added to chapter 70A.205 RCW to read as follows:

NINETY FOURTH DAY, APRIL 12, 2023

(1)(a) Legislation enacted in 2022, chapter 180, Laws of 2022, contains numerous provisions intended to decrease the generation of methane gas in landfills from organic materials, by increasing the diversion of organic materials to compost and other organic materials management facilities. The legislature finds that there is urgency in the state's efforts to ensure that compost streams are limited to compostable organic materials and are not hindered by unsuitable contaminants. At present, organic materials management facilities in Washington vary in the types of feedstocks that are accepted.

(b) The department must contract with an independent third-party facilitator to convene a stakeholder advisory committee. The advisory committee shall make recommendations to the appropriate committees of the legislature on the development of standards for the management of compostable products, especially food service products, by composting and other organic materials management facilities.

(2) In developing recommendations, the stakeholder advisory committee must, at a minimum, consider:

(a) The state's goals of managing organic materials, including food waste, in an environmentally sustainable way that increases food waste diversion and ensures that finished compost is clean and marketable, with the intent of being consistent with and furthering the improvements identified in chapter 180, Laws of 2022;

(b) The types of compostable products, and amounts if known, sold or distributed into Washington;

(c) Consumer confusion caused by noncompostable products that can lead to contamination issues;

(d) Compostable standards related to the breakdown of products in facilities and home composting;

(e) The status of acceptance of compostable products by organic materials management facilities in Washington, including consideration of organic certifications;

(f) Estimates of the percentage of compostable products used in Washington that are disposed of at organic materials management facilities;

(g) Financial incentives for organic materials management facilities accepting compostable products;

(h) Current laws related to compostable products and the enforcement of these laws;

(i) Any work product from other contemporaneous stakeholder advisory committees currently discussing similar topics in other jurisdictions or nationwide; and

(j) Policy options addressing contamination of organic waste streams and to increase the use of reusable and refillable items.

(3) The facilitator selected in subsection (1) of this section must:

(a) Hire subcontractors, as needed, for the research of any relevant information regarding issues associated with compostable products and the management of compostable materials in composting and other organic materials management facilities;

(b) Provide staff and support to the stakeholder advisory committee meetings; and

(c) Draft reports and other materials for review by the stakeholder advisory committee.

(4) The facilitator shall submit a report to the legislature by September 15, 2024, containing the recommendations of the stakeholder advisory committee after review and approval by the facilitator and committee. The department and its hired facilitator must convene the first stakeholder meeting by September 15, 2023, and must convene meetings at least monthly thereafter through January, on a schedule developed in consultation with the stakeholders serving on the advisory committee. All meetings of

the stakeholder advisory committee must be held in a virtual format. The stakeholder advisory committee shall make recommendations using consensus-based decision making. The report must include recommendations where general stakeholder consensus has been achieved and note dissenting opinions where stakeholder consensus has not been achieved.

(5) The department must select at least one member to the stakeholder advisory committee from each of the following:

(a) Cities, including both small and large cities and cities located in urban and rural counties, which may be represented by an association that represents cities in Washington;

(b) Counties, including both small and large counties and urban and rural counties, which may be represented by an association that represents county solid waste managers in Washington;

(c) Municipal collectors or companies that provide curbside organic materials management services under a municipal contract under RCW 35.21.120;

(d) A solid waste collection company regulated under chapter 81.77 RCW that provides curbside organic materials collection services;

(e) Three organic materials management facility operators, including at least one operator of a facility that does not currently accept compostable food service products and one operator of a facility that does currently accept such products;

(f) A representative from an environmental nonprofit organization that specializes in waste and recycling issues;

(g) Two manufacturers of compostable products, including at least one manufacturer of compostable food service products and one manufacturer of compostable plastic food service products;

(h) One distributor of compostable food service products;

(i) A statewide general business trade association;

(j) A representative from a retail grocery association;

(k) Two organizations that act as third-party certifiers of compostable products;

(l) The department of agriculture;

(m) Two associations focused on organic materials recycling or composting; and

(n) A statewide organization representing hospitality businesses.

(6) In addition to the members selected under subsection (5) of this section, the director must invite participation on the stakeholder advisory committee from any federally recognized Indian tribe that expresses interest in participation to the department prior to September 1, 2023.

(7) This section expires July 1, 2028."

(b) Marriage and family therapists licensed under chapter 18.225 RCW;

(c) Mental health counselors licensed under chapter 18.225 RCW;

(c) Changes that would promote greater consistency across licensure requirements for professions licensed under chapter 18.225 RCW and allow for applicants' prior professional experience within relevant fields to be counted towards supervised experience requirements established under chapter 18.225 RCW, including the extent to which an applicant may use prior professional experience gained before graduation from a master's or doctoral level educational program to satisfy the applicant's supervised experience requirement;

Pursuant to RCW 34.05.350, the legislature finds that the rules adopted under this section are necessary for the preservation of the public health, safety, or general welfare and observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest. The disciplining authorities shall, therefore, adopt the rules required under this section as emergency rules.

(2) By July 1, 2025, the department and the examining board of psychology shall adopt permanent rules to implement changes to licensing requirements to remove barriers to entering and remaining in the health care workforce and to streamline and shorten the credentialing process.

The program must include a database of license holders with the required qualifications who are willing to serve as approved supervisors and agencies or facilities that offer supervision services through their facilities to associates seeking to satisfy supervised experience requirements under RCW 18.225.090.

(b) The department shall adopt, by rule, minimum qualifications for supervisors or facilities to be included in the

database and minimum standards for adequate supervision of associates. The department may not include in the database any person who, or facility that, does not meet the minimum qualifications. The department shall periodically audit the list to remove persons who, or facilities that, no longer meet the minimum qualifications or fail to meet the minimum standards.

(2) Subject to the availability of amounts appropriated for this specific purpose, the department shall establish a stipend program to defray the out-of-pocket expenses incurred by associates completing supervised experience requirements under RCW 18.225.090.

(a) Out-of-pocket expenses eligible for defrayment under this section include costs incurred in order to obtain supervised experience, such as fees or charges imposed by the individual or entity providing supervision, and any other expenses deemed appropriate by the department.

(b) Associates participating in the stipend program established in this section shall document their out-of-pocket expenses in a manner specified by the department.

(c) When adopting the stipend program, the department shall consider defraying out-of-pocket expenses associated with unpaid internships that are part of an applicant's educational program.

(d) The department shall establish the stipend program no later than July 1, 2024.

(e) The department may adopt any rules necessary to implement this section.

NEW SECTION. Sec. 8. A new section is added to chapter 18.130 RCW to read as follows:

(1) Disciplining authorities shall waive education, training, experience, and exam requirements for applicants who have been credentialed in another state or states with substantially equivalent standards for at least two years immediately preceding their application with no interruption in licensure last longer than 90 days.

(2) Disciplining authorities may waive education, training, experience, or exam requirements for applicants who have achieved a national certification for the profession as determined by the disciplining authority in rule.

(1) The date and location of examinations shall be established by the secretary. Applicants (~~who have been found by the secretary to meet the other requirements for licensure or certification~~) shall be scheduled for the next examination following the filing of the application. The secretary shall establish by rule the examination application deadline.

(2) The secretary or the secretary's designees shall examine each applicant, by means determined most effective, on subjects appropriate to the scope of practice, as applicable. Such examinations shall be limited to the purpose of determining whether the applicant possesses the minimum skill and knowledge necessary to practice competently.

(3) The examination papers, all grading of the papers, and the grading of any practical work shall be preserved for a period of not less than one year after the secretary has made and published the decisions. All examinations shall be conducted under fair and wholly impartial methods.

done only with the consent of the license holder. Referral to the physician health program or voluntary substance use disorder monitoring program may also include probationary conditions for a designated period of time. If the license holder does not consent to be referred to the program or does not successfully complete the program, the disciplining authority may take appropriate action under RCW 18.130.160 which includes suspension of the license unless or until the disciplining authority, in consultation with the director of the applicable program, determines the license holder is able to practice safely. The physician health program or voluntary substance use disorder program shall report to the disciplining authority any license holder who fails to comply with the requirements of this section or the program or who, in the opinion of the program, is unable to practice with reasonable skill or safety. License holders shall report to the disciplining authority if they fail to comply with this section or do not complete the program's requirements. License holders may, upon the agreement of the program and disciplining authority, reenter the program if they have previously failed to comply with this section.

(4) Program records including, but not limited to, case notes, progress notes, laboratory reports, evaluation and treatment records, electronic and written correspondence within the program, and between the program and the participant or other involved entities including, but not limited to, employers, credentialing bodies, referents, or other collateral sources, relating to license holders referred to or voluntarily participating in approved programs are confidential and exempt from disclosure under chapter 42.56 RCW and shall not be subject to discovery by subpoena or admissible as evidence except:

NINETY FIFTH DAY, APRIL 13, 2023

department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. (h) Community residential cost reports that are submitted by or on behalf of contracted agency providers are required to include information about agency staffing including health insurance, wages, number of positions, and turnover.
