[H. B. No. 511.]

### EXPERIMENTS WITH SUGAR BEETS.

AN ACT providing for the further experimentation with sugar beets in the State of Washington, and providing for an appropriation for the same.

*Be it enacted by the Legislature of the State of Washington:*

[SECTION 1.] That in order to demonstrate more clearly and fully the adaptability of our state to the production of sugar from beets, there shall be carried on by the Washington agricultural college, school of science and experiment station, a series of experiments with the sugar beet

directed to this end, embracing principally the following points:

1. Field experiments with special reference to yield per acre and cost of production.
2. Determination of exact meteorological conditions under which beets are produced.
3. Systematic experiments with the sugar beet in the irrigated district of the state.
4. Experiments in the production of home grown seed.
5. Experiments to determine the minimum length of time required for maturing the beet in different parts of the state.

SEC. 2. Fifteen hundred dollars (1,500) is hereby appropriated out of any moneys in the state treasury not otherwise appropriated, to carry out the provisions of this act; said money to be expended under the direction of the board of control of the experiment station.

Passed the house March 11, 1895.

Passed the senate March 14, 1895.

Approved March 22, 1895.
