

an increased personal exemption for the head of a family (HJR 4222) is validly submitted to and is approved and ratified by the voters at a general election held in November 1988. If the proposed amendment is not so approved and ratified, this act shall be null and void in its entirety.

Passed the House February 15, 1988.

Passed the Senate March 1, 1988.

Approved by the Governor March 9, 1988.

Filed in Office of Secretary of State March 9, 1988.

CHAPTER 11

[House Bill No. 1514]

FLUORIDATION BY WATER DISTRICTS

AN ACT Relating to fluoridation by water districts; amending RCW 57.08.010; and adding a new section to chapter 57.08 RCW.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 8, chapter 114, Laws of 1929 as last amended by section 10, chapter 449, Laws of 1987 and RCW 57.08.010 are each amended to read as follows:

A water district may acquire by purchase or condemnation, or both, all property and property rights and all water and water rights, both within and without the district, necessary for its purposes. A water district may lease real or personal property necessary for its purposes for a term of years for which such leased property may reasonably be needed where in the opinion of the board of water commissioners such property may not be needed permanently or substantial savings to the district can be effected thereby. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities of the third class, insofar as consistent with the provisions of this title, except that all assessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the water district, and the duties devolving upon the city treasurer are hereby imposed upon the county treasurer. A water district may construct, condemn and purchase, purchase, add to, maintain and supply waterworks to furnish the district and inhabitants thereof, and any city or town therein and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law. A water district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under terms approved by the board of commissioners.

Such waterworks may include facilities which result in combined water supply and electric generation, provided that the electricity generated thereby is a byproduct of the water supply system. Such electricity may be used by the water district or sold to any entity authorized by law to distribute electricity. Such electricity is a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a water district may take, condemn and purchase, purchase, acquire and retain water from any public or navigable lake, river or watercourse, or any underflowing water and, by means of aqueducts or pipe line conduct the same throughout such water district and any city or town therein and carry it along and upon public highways, roads and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipe lines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such water district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a water district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner.

A water district may purchase and take water from any municipal corporation.

A water district may fix rates and charges for water supplied and may charge property owners seeking to connect to the district's water supply system, as a condition to granting the right to so connect, in addition to the cost of such connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that such property owners shall bear their equitable share of the cost of such system.

A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer's services. Such fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer.

NEW SECTION. Sec. 2. A new section is added to chapter 57.08 RCW to read as follows:

A water district by a majority vote of its board of commissioners may fluoridate the water supply system of the water district. The commissioners may cause the proposition of fluoridation of the water supply to be submitted to the electors of the water district at any general election or special

election to be called for the purpose of voting on the proposition. The proposition must be approved by a majority of the electors voting on the proposition to become effective.

Passed the House February 8, 1988.

Passed the Senate February 29, 1988.

Approved by the Governor March 9, 1988.

Filed in Office of Secretary of State March 9, 1988.

CHAPTER 12

[Senate Bill No. 6494]

MOTOR VEHICLE LICENSES AND REGISTRATION—APPLICATION FEE INCREASE

AN ACT Relating to motor vehicle license fees; and amending RCW 46.01.140.

Be it enacted by the Legislature of the State of Washington:

Sec. 1. Section 12, chapter 380, Laws of 1985 as amended by section 1, chapter 302, Laws of 1987 and RCW 46.01.140 are each amended to read as follows:

The county auditor, if appointed by the director of licensing shall carry out the provisions of this title relating to the licensing of vehicles and the issuance of vehicle license number plates under the direction and supervision of the director and may with the approval of the director appoint assistants as special deputies to accept applications and collect fees for vehicle licenses and transfers and to deliver vehicle license number plates.

At any time any application is made to the director, the county auditor, or other agent pursuant to any law dealing with licenses, registration, or the right to operate any vehicle upon the public highways of this state, excluding applicants already paying such fee under RCW 46.16.070 or 46.16.085, the applicant shall pay to the director, county auditor, or other agent a fee of ((one)) two dollars for each application in addition to any other fees required by law. Applicants for certificates of ownership, including applicants paying fees under RCW 46.16.070 or 46.16.085, shall pay to the director, county auditor, or other agent a fee of three dollars in addition to any other fees required by law. These additional fees, if paid to the county auditor as agent of the director, or if paid to an agent of the county auditor, shall be paid to the county treasurer in the same manner as other fees collected by the county auditor and credited to the county current expense fund. If the fee is paid to another agent of the director, the fee shall be used by the agent to defray his expenses in handling the application: PROVIDED, That an agent of the county auditor is entitled to an additional service charge of two dollars: PROVIDED FURTHER, That if the fee is collected
