(a) Have short-lived, toxic properties that may cause death, injury, or illness or have mutagenic, teratogenic, or carcinogenic properties; or

(b) Are corrosive, explosive, flammable, or may generate pressure through decomposition or other means.

(6) "Extremely hazardous waste" means any dangerous waste which

(a) will persist in a hazardous form for several years or more at a disposal site and which in its persistent form

(i) presents a significant environmental hazard and may be concentrated by living organisms through a food chain or may affect the genetic make-up of man or wildlife, and

(ii) is highly toxic to man or wildlife

(7) "Person" means any person, firm, association, county, public or municipal or private corporation, agency, or other entity whatsoever.

Service charges may not exceed the costs to the department in carrying out the duties of this section.

(2) Program elements or activities for which service charges may be assessed include:
