[Second Substitute Senate Bill No. 5993]

HANFORD RESERVATION LEASE PROMOTION

AN ACT Relating to trade and economic development; adding new sections to chapter 43.31 RCW; creating a new section; and making an appropriation.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. The legislature finds that the one thousand acres of land leased from the federal government to the state of Washington on the Hanford reservation constitutes an unmatched resource for development of high-technology industry, nuclear medicine research, and research into new waste immobilization and reduction techniques. The legislature further finds that continued diversification of the Tri-Cities economy will help stabilize and improve the Tri-Cities economy, and that this effort can be aided by emphasizing the resources of local expertise and nearby facilities.

NEW SECTION. Sec. 2. A new section is added to chapter 43.31 RCW to read as follows:

In an effort to enhance the economy of the Tri-Cities area, the department of trade and economic development is directed to promote the existence of the lease between the state of Washington and the federal government executed September 10, 1964, covering one thousand acres of land lying within the Hanford reservation near Richland, Washington, and the opportunity of subleasing the land to entities for nuclear-related industry, in agreement with the terms of the lease.

**NEW SECTION.** Sec. 3. A new section is added to chapter 43.31 RCW to read as follows:

When the department implements programs intended to attract or maintain industrial or high-technology investments in the state, the department shall, to the extent possible, emphasize the following:

- (1) The highly skilled and trained work force in the Tri-Cities area;
- (2) The world-class research facilities in the area, including the fast flux test facility and the Pacific Northwest laboratories;
- (3) The existence of the one thousand acres leased by the state from the federal government for the purpose of nuclear-related industries; and
- (4) The ability for high-technology and medical industries to safely dispose of low-level radioactive waste at the Hanford commercial low-level waste disposal facility.

**NEW SECTION.** Sec. 4. The sum of forty thousand dollars, or as much thereof as may be necessary, is appropriated for the biennium ending June 30, 1991, from the general fund to the department of trade and economic development for the purposes of this act.

Passed the Senate February 9, 1990.

Passed the House March 1, 1990.

Approved by the Governor March 29, 1990.

Filed in Office of Secretary of State March 29, 1990.

[Second Substitute House Bill No. 2443]

### WARREN G. MAGNUSON INSTITUTE FOR BIOMEDICAL RESEARCH AND HEALTH PROFESSIONS TRAINING

AN ACT Relating to the Warren G. Magnuson institute for biomedical research and health professions training; adding new sections to chapter 28B.20 RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

**NEW SECTION.** Sec. 1. The Warren G. Magnuson institute for biomedical research and health professions training is established within the Warren G. Magnuson health sciences center at the University of Washington. The institute shall be administered by the university. The institute may be funded through a combination of federal, state, and private funds, including earnings on the endowment fund in section 6 of this act.

**NEW SECTION.** Sec. 2. The purposes of the Warren G. Magnuson institute for biomedical research and health professions training are as follows:

- (1) Supporting one or more individuals engaged in biomedical research into the causes of, the treatments for, or the management of diabetes is the primary purpose of the institute;
