(2) Not later than sixty days after a party is served with a complaint, cross-claim, counterclaim, third-party claim, or other pleading that asserts a cause of action to which this chapter applies, or at a later time on a showing of good cause, the party may file a special motion for expedited relief to dismiss the cause of action or part of the cause of action.

(3) Except as otherwise provided in subsections (5), (6), and (7) of this section, if a party appeals from an order ruling on a motion under section 3 of this act, all proceedings between all parties in the action are stayed. The stay remains in effect until the conclusion of the appeal.

(5) A motion under section 10 of this act for costs, attorneys' fees, and expenses is not subject to a stay under this section.

(6) A stay under this section does not affect a party's ability voluntarily to dismiss a cause of action or part of a cause of action or move to sever a cause of action.

(7) During a stay under this section, the court for good cause may hear and rule on:

(a) A motion unrelated to the motion under section 3 of this act; and

(2) A voluntary dismissal without prejudice of a responding party's cause of action, or part of a cause of action, that is the subject of a motion under section 3 of this act does not affect a moving party's right to obtain a ruling on the motion and seek costs, attorneys' fees, and expenses under section 10 of this act.

(3) A voluntary dismissal with prejudice of a responding party's cause of action, or part of a cause of action, that is the subject of a motion under section 3 of this act establishes for the purpose of section 10 of this act that the moving party prevailed on the motion.

NEW SECTION. Sec. 8. RULING. The court shall rule on a motion under section 3 of this act not later than sixty days after a hearing under section 5 of this act.

(1) To the moving party if the moving party prevails on the motion; or

(2) To the responding party if the responding party prevails on the motion and the court finds that the motion was not substantially justified or filed solely with intent to delay the proceeding.

NEW SECTION. Sec. 11. CONSTRUCTION. This chapter must be broadly construed and applied to protect the exercise of the right of freedom of speech and of the press, the right to assemble and petition, and the right of association, guaranteed by the United States Constitution or the Washington state Constitution.

NEW SECTION. Sec. 12. UNIFORMITY OF APPLICATION AND CONSTRUCTION. In applying and construing this uniform act, consideration must be given to the need to promote uniformity of the law with respect to its subject matter among states that enact it.

NEW SECTION. Sec. 14. SEVERABILITY. If any provision of this act or its application to any person or circumstance

ESSB 5115 Prime Sponsor, Committee on Labor, Commerce & Tribal Affairs: Establishing health emergency labor standards. Reported by Committee on Labor & Workplace Standards

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 51.32 RCW to read as follows:

(1) For frontline employees who are covered under this title, there exists a prima facie presumption that any infectious or contagious diseases that are transmitted through respiratory droplets or aerosols, or through contact with contaminated surfaces and are the subject of a public health emergency are occupational diseases under RCW 51.08.140 during a public health emergency.

(2) The frontline employee must provide verification, as required by the department by rule, to the department and the self-insured employer that the employee has contracted the infectious or contagious disease that is the subject of the public health emergency.

(3) This presumption of occupational disease may be rebutted by a preponderance of the evidence that:

(a) The exposure to the infectious or contagious disease which is the subject of the public health emergency occurred from other employment or nonemployment activities; or

(b) The employee was working from the employee's home, on leave from the employee's employment, or some combination thereof, for the period of quarantine consistent with recommended guidance from state and federal health officials for the disease immediately prior to the employee's injury, occupational disease, or period of incapacity that resulted from exposure to the disease which is the subject of the public health emergency.

(4) (a) RCW 51.32.090(7) does not apply to an occupational disease under this section except that no worker shall receive compensation for or during the day on which the occupational disease was contracted. For the purposes of this subsection (4), the day on which the occupational disease was contracted is whichever date occurs first of the following:

(i) The date that the worker first missed work due to symptoms of the infectious or contagious disease;

(ii) The date the worker was quarantined by a medical provider or public health official; or

(iii) The date the worker received a positive test result confirming contraction of the infectious or contagious disease.

(b) If leave or similar benefits are paid to the frontline employee as part of a federal or state program for these employees during the public health emergency, temporary total disability benefits are not payable for the same period of time covered by the federal or state program.

(5) (a) When a determination involving the presumption established in this section is appealed to the board of industrial insurance appeals and the final decision allows the claim of benefits, the board of industrial insurance appeals shall order that all reasonable costs of the appeal, including attorneys' fees and witness fees, be paid to the worker or the worker's beneficiary

by the opposing party. If the opposing party is a state fund employer or retrospective rating group, the costs and fees are paid by the employer or retrospective rating group.

(b) When a determination involving the presumption established in this section is appealed to any court and the final decision allows the claim for benefits, the court shall order that all reasonable costs of appeal, including attorneys' fees and witness fees, be paid to the worker or the worker's beneficiary by the opposing party. If the opposing party is a state fund employer or retrospective rating group, the costs and fees are paid by the employer or retrospective rating group.

(c) When reasonable costs of the appeal must be paid by the department under this section in a state fund case, the costs shall be paid from the accident fund and charged to the costs of the claim.

(d) When calculating assessments due to the department for which total claim costs are the basis, self-insured employers and self-insurance hospital groups formed under RCW 51.14.150 and 51.14.160 may deduct the cost of payments made under this section from the total of all claim costs reported.

(6) Costs of the payments under this section shall not affect the experience rating of employers insured by the state fund.

SSB 5157 Prime Sponsor, Committee on Behavioral Health Subcommittee to Health & Long Term Care: Providing incentives to reduce involvement by persons with behavioral disorders in the criminal justice system. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that in 2013 the legislature adopted outcome expectations for entities that contract with the state to provide health services in order to guide purchasing strategies by the health care authority and department of social and health services. Since then, the health care authority has established a performance measures coordinating committee and implemented performance terms in managed care contracts including, but not limited to, performance measurement requirements, mandatory performance improvement projects, and value-based purchasing terms.

The legislature finds that two outcomes established by chapter 320, Laws of 2013 (Engrossed Substitute House Bill No. 1519) and chapter 338, Laws of 2013 (Second Substitute Senate Bill No. 5732) which are key to the integration of behavioral health into primary health networks are (1) reduction in client involvement with the criminal justice system; and (2) reduction in avoidable costs in jails and prisons. These outcomes reflect Washington's priorities to incentivize cross-system collaboration between health networks, government entities, and the criminal justice system; to emphasize prevention over crisis response; and to remove individuals whose offending is driven primarily by health status instead of criminality from the criminal justice system.

The legislature further finds that indicators since 2013 show worsening trends for interaction between persons with behavioral health disorders and the criminal justice system. According to data presented in October 2018 by the research and data administration of the department of social and health services, arrests of persons enrolled in public health with an identified mental health

or substance use disorder condition increased by 67 percent during this five-year period, while the overall rate of arrest declined by 11 percent. According to the same data source, referrals for state mental health services related to competency to stand trial have increased by 64 percent, incurring substantial liability for the state in the case of *Trueblood v. Department of Social and Health Services*. The purpose of this act is to focus the health care authority's purchasing efforts on providing incentives to its contractors to reverse these trends and achieve the outcome of reduced criminal justice system involvement for public health system clients with behavioral health disorders.

Sec. 2. RCW 70.320.020 and 2017 c 226 s 8 are each amended to read as follows:

(1) The authority and the department shall base contract performance measures developed under RCW 70.320.030 on the following outcomes when contracting with service contracting entities: Improvements in client health status and wellness; increases in client participation in meaningful activities; reductions in client involvement with criminal justice systems; reductions in avoidable costs in hospitals, emergency rooms, crisis services, and jails and prisons; increases in stable housing in the community; improvements in client satisfaction with quality of life; and reductions in population-level health disparities.

(2) The performance measures must demonstrate the manner in which the following principles are achieved within each of the outcomes under subsection (1) of this section:

(a) Maximization of the use of evidence-based practices will be given priority over the use of research-based and promising practices, and research-based practices will be given priority over the use of promising practices. The agencies will develop strategies to identify programs that are effective with ethnically diverse clients and to consult with tribal governments, experts within ethnically diverse communities and community organizations that serve diverse communities;

(b) The maximization of the client's independence, recovery, and employment;

(c) The maximization of the client's participation in treatment decisions; and

(d) The collaboration between consumer-based support programs in providing services to the client.

(3) In developing performance measures under RCW 70.320.030, the authority and the department shall consider expected outcomes relevant to the general populations that each agency serves. The authority and the department may adapt the outcomes to account for the unique needs and characteristics of discrete subcategories of populations receiving services, including ethnically diverse communities.

(4) The authority and the department shall coordinate the establishment of the expected outcomes and the performance measures between each agency as well as each program to identify expected outcomes and performance measures that are common to the clients enrolled in multiple programs and to eliminate conflicting standards among the agencies and programs.

(5) (a) The authority and the department shall establish timelines and mechanisms for service contracting entities to report data related to performance measures and outcomes, including phased implementation of public reporting of outcome and performance measures in a form that allows for comparison of performance measures and levels of improvement between geographic regions of Washington.

(b) The authority and the department may not release any public reports of client outcomes unless the data has been deidentified and aggregated in such a way that the identity of individual clients cannot be determined through directly identifiable data or the combination of multiple data elements.

(6) (a) The ((authority and department)) performance measures coordinating committee must establish ((a)): (i) A performance measure to be integrated into the statewide common measure set which tracks effective integration practices of behavioral health services in primary care settings; (ii) performance measures which track rates of criminal justice system involvement among public health system clients with an identified behavioral health need including, but not limited

to, rates of arrest and incarceration; and (iii) improvement targets related to these measures.

(b) The performance measures coordinating committee must report to the governor and appropriate committees of the legislature regarding the implementation of this subsection by July 1, 2022.

(c) For purposes of establishing performance measures as specified in (a)(ii) and (iii) of this subsection, the performance measures coordinating committee shall convene a work group of stakeholders including the authority, medicaid managed care organizations, the department of corrections, and others with expertise in criminal justice and behavioral health. The work group shall review current performance measures that have been adopted in other states or nationally to inform this effort.

(7) The authority must report to the governor and appropriate committees of the legislature by October 1, 2022, regarding options and recommendations for integrating value-based purchasing terms and a performance improvement project into managed health care contracts relating to the criminal justice outcomes specified under subsection (1) of this section.

Sec. 3. RCW 70.320.030 and 2015 c 209 s 1 are each amended to read as follows:

~~((By September 1, 2014+))~~

(1) The authority shall adopt performance measures to determine whether service contracting entities are achieving the outcomes described in RCW 70.320.020 and 41.05.690 for clients enrolled in medical managed care programs operated according to Title XIX or XXI of the federal social security act.

(2) The ~~((department))~~ authority shall adopt performance measures to determine whether service contracting entities are achieving the outcomes described in RCW 70.320.020 for clients receiving mental health, long-term care, or chemical dependency services."

E2SSB 5188 Prime Sponsor, Committee on Ways & Means: Concerning creation of the Washington state public financial cooperative. Reported by Committee on Consumer Protection & Business

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** FINDINGS AND INTENT. The legislature finds that there exists in the state of Washington billions of dollars of critical local projects for the planning, acquisition, construction, repair, replacement, rehabilitation, or improvement of streets and roads, bridges, water systems, storm and sanitary sewage systems, solid waste handling, communications systems, housing, and other public infrastructure and economic development projects. But while some local governments successfully borrow for infrastructure and economic development capital projects through private sector lenders and the bond markets, other government entities do not have the same access to capital at attractive rates to be used in building out public infrastructure.

It is the policy of the state of Washington to encourage self-reliance by local and tribal governments in meeting their public works and economic development needs, and to assist in the financing of critical public works and economic development projects by providing effective mechanisms for making and financing loans and providing financing guarantees that do not create state debt. It is also the policy of the state to provide technical assistance to government entities for these projects.

It is further the policy of the state to foster and promote by all reasonable means the provision of adequate capital markets and facilities for borrowing money by local governments in the state to finance infrastructure improvements, and to the greatest extent possible to reduce costs of borrowed money to taxpayers and residents of the state.

The legislature finds that a Washington state public financial cooperative would provide opportunities for local and tribal government entities

to competitively finance a broad array of public infrastructure and economic development projects, including housing, at competitive rates with low administrative costs. A state public financial cooperative will complement the existing banking system by filling gaps that the system cannot or will not fill, and it will be uniquely positioned to provide specialized technical assistance to the diverse needs of local and tribal government entities.

It is the purpose of this chapter to establish a Washington state public financial cooperative to act as a financial conduit that, without creating state debt, can receive funds from state, local, and tribal government entities, issue and make loans to those entities, and issue bonds in a manner that does not create state debt, to help facilitate access to needed capital by local and tribal government entities on reasonable terms and rates.

The state public financial cooperative will have full powers to borrow money and to issue its bonds and notes in a manner that does not create state debt in order to make capital funds available for borrowing by local and tribal government entities, and those powers will enable the state public financial cooperative to carry out the declared policies of this act, which are in the public interest of the state and its taxpayers and residents.

The bonds are not obligations of the state of Washington, may not create state debt, and are obligations only of the cooperative payable from the special fund or funds created by the cooperative for their payment. Such funds are not public moneys or funds of the state of Washington and at all times must be kept segregated and set apart from other funds.

(2) Bonds issued under this chapter must contain a recital on their face to the effect that payment of the principal of, interest on, and prepayment premium, if any, on the bonds, is a valid claim only as against the special fund or funds relating thereto, that neither the faith and credit nor the taxing power of the state or any municipal corporation, subdivision, or agency of the state, other than the cooperative as set forth in this chapter, is pledged to the payment of the principal of, interest on, and prepayment premium, if any, on the bonds. Contracts entered into by the cooperative must be entered into in the

name of the cooperative and not in the name of the state of Washington. The obligations of the cooperative under the contracts must be obligations only of the cooperative and are not in any way obligations of the state of Washington.

(3) The cooperative's bonds must bear such date or dates, mature at such time or times, be in such denominations, be in such form, be registered or registrable in such manner, be made transferable, exchangeable, and interchangeable, be payable in such medium of payment, at such place or places, be subject to such terms of redemption, bear such fixed or variable rate or rates of interest, be payable at such time or times, and be sold in such manner and at such price or prices, as the cooperative determines. The bonds shall be executed by the chair, by either its duly elected secretary or its treasurer, and by the trustee or paying agent if the cooperative determines to use a trustee or paying agent for the bonds. Execution of the bonds may be by manual or facsimile signature. The bonds of the cooperative may be negotiable instruments under Title 62A RCW.

(4) The bonds of the cooperative are subject to such terms, conditions, covenants, and protective provisions as are found necessary or desirable by the cooperative including, but not limited to, pledges of the cooperative's assets, setting aside of reserves, limitations on additional forms of indebtedness, and the mortgaging of all or any part of the cooperative's real or personal property, then owned or thereafter acquired, and other provisions the cooperative finds are necessary or desirable for the security of bond owners.

(5) Any bonds issued under this chapter may be secured by a financing document between the cooperative and the purchasers or owners of such bonds or between the cooperative and a corporate trustee appointed by the cooperative, which may be any trust company or bank having the powers of a trust company within or without the state. The financing document may pledge or assign, in whole or in part, the revenues and funds held or to be received by the cooperative, any present or future contract or other rights to receive the same, and the proceeds thereof. The financing document must contain such provisions for protecting and enforcing the rights, security, and remedies of

bond owners as may be reasonable and proper including, without limiting the generality of the foregoing, provisions defining defaults and providing for remedies in the event of default which may include the acceleration of maturities, restrictions on the individual rights of action by bond owners, and covenants setting forth duties of and limitations on the cooperative in conduct of its programs and the management of its property. In addition to other security provided in this chapter or otherwise by law, bonds issued by the cooperative may be secured, in whole or in part, by a pledge of the assets of the cooperative, including contributions of the members, or by financial guaranties, insurance or letters of credit issued to the cooperative or a trustee or any other person, by any bank, trust company, insurance or surety company, or other financial institution, within or without the state. The cooperative may pledge or assign, in whole or in part, the revenues and funds held or to be received by the cooperative, any present or future contract or other rights to receive the same, and the proceeds thereof, as security for such guaranties or insurance or for the reimbursement by the cooperative to any issuer of such letter of credit of any payments made under such letter of credit. No individual member is liable to the cooperative, to the cooperative's trustee, or to any other person in amounts exceeding the member's contribution unless authorized by a majority of the members of the cooperative.

(6) The cooperative may enter into financing documents with borrowers regarding bonds issued by the cooperative that may provide for the payment by each borrower of amounts sufficient, together with other revenues available to the cooperative, if any, to:

(a) Pay the borrower's share of the fees established by the cooperative;

(b) Pay the principal of, premium, if any, and interest on outstanding bonds of the cooperative issued in respect of such borrower as the same shall become due and payable; and

(c) Create and maintain reserves required or provided for by the cooperative in connection with the issuance of such bonds. The payments are not subject to supervision or regulation by any department, committee, board,

body, bureau, or agency of the state other than the cooperative.

(7) Any security interest created in the unexpended bond proceeds and in the special funds created by the cooperative must be immediately valid and binding against such moneys and any securities in which such moneys may be invested without cooperative or trustee possession thereof, and the security interest is prior to any party having any competing claim in such moneys or securities, without filing or recording pursuant to chapter 62A.9A RCW and regardless of whether the party has notice of the security interest.

(8) When issuing bonds, the cooperative may provide for the future issuance of additional bonds or parity debt on a parity with outstanding bonds, and the terms and conditions of their issuance. The cooperative may refund or advance refund any bond of the cooperative in accordance with chapter 39.53 RCW or issue bonds with a subordinate lien against the fund or funds securing outstanding bonds. Bonds issued for refunding purposes may be combined with bonds issued for the financing or refinancing of new projects. Pending the application of the proceeds of the refunding bonds to the redemption of the bonds to be redeemed, the cooperative may enter into an agreement or agreements with a corporate trustee regarding the interim investment of the proceeds and the application of the proceeds and the earnings on the proceeds to the payment of the principal of and interest on, and the redemption of, the bonds to be redeemed.

(9) All money received by or on behalf of the cooperative with respect to this issuance of its bonds are trust funds to be held and applied solely as provided in this chapter. The cooperative, in lieu of receiving and applying the moneys itself, may enter into a trust agreement or indenture with one or more banks, including the national cooperative bank, or trust companies having the power and bank to conduct trust business in the state to:

(a) Perform all or any part of the obligations of the cooperative with respect to: (i) Bonds issued by it; (ii) the receipt, investment, and application of the proceeds of the bonds and money paid by a participant or available from other sources for the payment of the bonds; (iii) the enforcement of the

obligations of a borrower in connection with the financing or refinancing of any project; and (iv) other matters relating to the exercise of the cooperative's powers under this chapter;

(b) Receive, hold, preserve, and enforce any security interest or evidence of security interest granted by a participant for purposes of securing the payment of the bonds; and

(c) Act on behalf of the cooperative or the owners of bonds of the cooperative for purposes of assuring or enforcing the payment of the bonds, when due.

(10) The cooperative may purchase its bonds with any of its funds available for the purchase. The cooperative may hold, pledge, cancel, or resell the bonds subject to and in accordance with agreements with bond owners.

(11) The chair of the state finance cooperative or the chair's designee must be notified in advance of the issuance of bonds by the cooperative in order to promote the orderly offering of obligations in the financial markets.

(12) Neither the members of the cooperative, nor its directors or agents, nor employees of the Washington state housing finance commission, nor any person executing the bonds, is personally liable on the bonds or subject to any personal liability or accountability by reason of the issuance of the bonds.

(13) The cooperative may, out of any fund available therefor, purchase its bonds in the open market.

(14) Any owner of bonds of the cooperative issued under this chapter, and the trustee under any trust agreement or indenture, may, either at law or in equity, by suit, action, mandamus, or other proceeding, protect and enforce any of their respective rights, and may become the purchaser at any foreclosure sale if the person is the highest bidder, except to the extent the rights given are restricted by the cooperative in any bond resolution or trust agreement or indenture authorizing the issuance of the bonds.

(15) The cooperative may charge for its costs and services in review or consideration of a proposed loan to a state, local, or tribal government, whether or not the loan is made.

(16) To the extent permitted under its contracts with the owners of bonds of the

cooperative, the cooperative may consent to modification of the rate of interest, time and payment of installment of principal or interest, security, or any other term of a bond or note, loan to a state, local, or tribal government, contract, or agreement of any kind to which the cooperative authority is a party.

(17) The bonds of the cooperative are securities in which all public officers and bodies of this state and all counties, cities, municipal corporations, and political subdivisions, all banks, eligible banking organizations, bankers, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, insurance companies and associations, and all executors, administrators, guardians, trustees, and other fiduciaries may legally invest any sinking funds, moneys, or other funds belonging to them or within their control.

(18) This section provides a complete, additional, and alternative method for accomplishing the purposes of this chapter and shall be regarded as supplemental and additional to powers conferred by other laws. The issuance of bonds and refunding bonds under this chapter need not comply with the requirements of any other law applicable to the issuance of bonds. Insofar as the provisions of this chapter are inconsistent with the provisions of any general or special law, or parts thereof, the provisions of this chapter are controlling.

"NEW SECTION. **Sec. 1.** The legislature recognizes the need to protect Washingtonians from excessive and unjustified price increases implemented during or shortly after a declared state of emergency for essential goods and services that are vital and necessary for the health, safety, and welfare of consumers.

The legislature also recognizes the need to support businesses providing these goods in understanding their obligations to consumers during times of potential chaos and uncertainty in the marketplace.

NEW SECTION. **Sec. 2.** The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Building materials" means lumber, construction tools, windows, and anything else used in the building or rebuilding of property.

(2) "Consumer food item" means any article used or intended for use for food, drink, confection, or condiment by a person or animal.

(3) "Emergency supplies" includes, but is not limited to, water, flashlights, radios, batteries, candles, heating and cooking fuel, blankets, soap, diapers, temporary shelters, tape, toiletries, personal hygiene products, plywood, nails, and hammers.

If a state of emergency as defined in subsection (13) of this section continues for more than one year, the price of the product or service on the anniversary of the state of emergency as defined in subsection (13) of this section must be the new baseline price for determining whether a price is excessive.

(5) "Gasoline" means any fuel used to power any motor vehicle or power tool.

(6) "Health care services" means services necessary to provide medical care that are provided or arranged by a temporary staffing services company including, but not limited to, services provided by physicians, physician assistants, nurses, and nursing assistants.

(11) "Repair or reconstruction services" means work, labor, or services performed by any person for repairs to residential or commercial property of any type that is damaged as a result of a natural or human-induced disaster or emergency resulting from an event described in subsection (13) of this section.

(12) "Seller" includes any person within the chain of distribution with authority or permission to adjust, set, or regulate a price of any product or service offered for sale or rent subject to section 3 of this act.

(13) "State of emergency" means an event for which a state of emergency has been declared by the governor of the state of Washington.

(14) "Temporary staffing services company" has the same meaning as set forth in RCW 50.04.245.

(15) "Transportation, freight, and storage services" means any service that is performed by a person that contracts to move, store, or transport personal or business property, or rents equipment for those purposes.

NEW SECTION. Sec. 3. (1) This section shall be automatically implemented when the governor declares a state of emergency pursuant to RCW 43.06.010 and 43.06.200 through 43.06.220. In the event of a state of emergency as defined in section 2 of this act, no person in the county or counties for which an emergency has been declared shall sell, rent, or offer to sell or rent, regardless of whether an actual sale or rental occurs, a good or service listed in this section at an excessive price. Goods and services to which this section applies are:

- (a) Building materials;
- (b) Consumer food items;

(c) Goods or services used for emergency cleanup, regardless of whether the goods or services are listed in this subsection;

(d) Emergency supplies;

(e) Gasoline;

(f) Health care services;

(g) Housing;

(h) Medical supplies;

(i) Repair or reconstruction services;

(j) Transportation, freight, and storage services; and

(k) Personal protective equipment.

(2) The governor shall have the authority to modify the list of goods and services under subsection (1) of this section in an executive order pursuant to RCW 43.06.220 where appropriate in the context of a particular emergency.

(3) A person who increases a price does not violate this section if the price increase is attributable to an additional cost imposed by a supplier of a good or service, or other costs of providing the good or service, including an additional cost for labor or materials used to provide a product or service.

(4) A person with authority or permission to adjust or regulate a price does not violate this section if that person undertakes commercially reasonable efforts to prevent or remove offers to sell or rent a good or service listed in this section at an excessive price.

(5) If, in the 60 days prior to the governor's implementation of this section, a person sold, rented, or offered for sale or rent a good or service listed in subsection (3) of this section at a reduced price which was lower than the price at which the person ordinarily sells, rents, or offers for sale or rent the good or service in the area for which the declaration was issued, then the price at which that person ordinarily sells, rents, or offers for sale or rent the good or service in the area for which the declaration was issued shall be used in determining if the person is in violation of this section.

(6) If the 60 days prior to the governor's implementation reflects quarter 4, November through January,

holiday pricing, then the price at which the person ordinarily sells, rents, or offers for sale or rent the good or service in the area in which the declaration was issued shall be based on quarter 3, August through October.

(7)(a) The restrictions imposed by this chapter expire upon termination of the state of emergency or 60 days after the state of emergency is declared, whichever comes first.

(b) Once restrictions are imposed under this chapter to respond to a specific emergency, the restrictions may only be extended, renewed, or reimposed with legislative approval through concurrent resolution. If the legislature is not in session, restrictions imposed under this chapter may be extended, renewed, or reimposed in writing by the leadership of the senate and the house of representatives until the legislature can extend the restrictions through concurrent resolution. For purposes of this section, "leadership of the senate and the house of representatives" means the majority and minority leaders of the senate and the speaker and the minority leader of the house of representatives.

(c) If restrictions imposed under this chapter expire and are not extended, renewed, or reimposed, this section does not affect any rights or remedies provided in the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 4. (1) The attorney general may investigate violations of this chapter. The attorney general may issue subpoenas or civil investigative demands pursuant to RCW 19.86.110 to any person that the attorney general has reason to believe has violated this chapter or has information or knowledge pertaining to a violation of this chapter.

(2) The attorney general may issue a cease and desist letter to any person to restrain and prevent violations of this chapter. If the recipient of a cease and desist letter does not comply within five calendar days of receipt of the letter, the attorney general may file an action in superior court at any time thereafter to enforce the cease and desist letter. If the court finds that the person violated this chapter and failed to comply with a cease and desist letter, the court shall enjoin the person from engaging in conduct that violates this

chapter and shall impose a civil penalty of not more than \$10,000 per violation of the cease and desist letter. In any successful action to enforce a cease and desist letter under this chapter, the court shall award the attorney general the costs of bringing the action, including reasonable investigative costs and reasonable attorneys' fees. The remedies under this subsection are in addition to any other remedies a court may order under subsection (3) of this section.

(3) Every person who violates this chapter shall forfeit and pay a civil penalty of no more than \$25,000 per violation. No additional civil penalty shall be assessed for the same violation under the consumer protection act pursuant to RCW 19.86.140.

(4) The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest. A violation of this chapter, including, but not limited to, a violation of a cease and desist letter issued pursuant to subsection (2) of this section, is not reasonable in relation to the development and preservation of business, and is an unfair or deceptive act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act.

(5) The remedies provided by this chapter are in addition to any other remedies provided by law.

NEW SECTION. Sec. 5. Upon application of this act, the office of the attorney general shall produce and maintain on its website translated versions of this act in the top 10 languages spoken in Washington state and, at the discretion of the office of the attorney general, other languages as requested or needed to support small businesses that are either owned or operated, or both, by individuals who have limited English language proficiency. The notice must be made available upon request in printed form on one letter size paper, eight and one-half by 11 inches, and in an easily readable font size.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act constitute a new chapter in Title 19 RCW.

NEW SECTION. Sec. 7. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and

its existing public institutions, and takes effect immediately."

E2SSB 5194 Prime Sponsor, Committee on Ways & Means: Providing for equity and access in the community and technical colleges. (REVISED FOR ENGROSSED: Concerning equity and access in higher education.) Reported by Committee on College & Workforce Development

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** INTENT. The legislature recognizes that student completion rates for workforce training certification and degree programs at community and technical colleges are far lower than desirable to ensure that students may utilize the opportunities of postsecondary education to lift themselves and their families out of poverty and to meet our state's student achievement council road map goals, including for 70 percent of Washington residents to have a postsecondary certification or degree to meet workforce needs. The legislature recognizes that first-generation college-attending students, students with disabilities, and underrepresented minority students face far greater obstacles to apply, remain in school, and complete programs. This disparate impact greatly affects our state's commitment to equity.

The legislature recognizes that offering tuition financial support to first-generation and underrepresented minority students is necessary for students to enroll and attend college but must also be accompanied by proven supports for them to complete their degrees or workforce training programs.

The legislature recognizes that there are mentorship and advising programs based on strong evidence that have been

proven to be successful in greatly increasing retention and degree or workforce training completion rates for first-generation students, underrepresented minority students, students with disabilities, and for all students at community and technical colleges. It is the legislature's intent that successful programs such as guided pathways be implemented at all community and technical colleges with the goal of doubling completion rates (as measured by completion in six years) for students in the next eight years. To accomplish this goal, the legislature intends to achieve full implementation of research-based programs to improve student outcomes, such as guided pathways. The legislature affirms that all students receiving Washington college grants, college bound scholarships, or federal Pell grants should receive the supports, including mentoring, that have been proven to increase completion rates.

The legislature further finds that research establishes that students from underrepresented minorities are far more likely to complete degrees or workforce training certification programs if the faculty and staff of the college reflect the diversity of the student body. Therefore, the legislature intends for the state's community and technical colleges to develop and implement plans to increase faculty and staff diversity.

NEW SECTION. **Sec. 2.** FINDINGS. The legislature finds that there is a need to expand investments in community and technical colleges for the purpose of guaranteeing both equitable access and educational success for all residents of the state, particularly for students from communities of color and low-income communities. The legislature finds further that equality of opportunity for all students requires investments to support services that are critical to: The success of students of color and low-income students; provide systemwide equity initiatives intended to make community and technical college campuses welcoming, benevolent places; overcome the digital divide for all students; and provide qualified and available counseling throughout the community and technical college system. The legislature also finds that a more full-time, stable, fairly compensated, and diverse community and technical college faculty is necessary to enhance student success and to improve the mentoring available for a diverse student body. The

legislature also finds that resources for student aid and workforce investment need to be adequate to meet the needs of all students in the state, particularly those from families of color and low-income families.

NEW SECTION. Sec. 3. DIVERSITY, EQUITY, AND INCLUSION STRATEGIC PLAN.

(1) Beginning July 30, 2022, all community and technical colleges must submit, on a biennial basis, strategic plans to the state board for community and technical colleges for achieving diversity, equity, and inclusion of all races on their campuses.

(2) Colleges must create their strategic plans using an inclusive process of stakeholders including, but not limited to, classified staff, faculty, administrative exempt staff, students, and community organizations. Colleges are encouraged to use campus climate surveys to develop and update strategic plans for diversity, equity, and inclusion of all races.

(3) In addition to planning, each community and technical college shall include in its diversity program opportunities for students from historically marginalized communities to form student-based organizations, and to use community-based organizations, that permit students to work together to mentor and assist one another in navigating the educational system and to access trained mentors using evidence-based mentoring strategies.

(4) Each community and technical college shall establish a culturally appropriate outreach program. The outreach program may include communities of color, students with disabilities, neurodiverse communities, and low-income communities and be designed to assist potential students to understand the opportunities available in the community and technical college system. The outreach program may assist students with navigating the student aid system. Outreach programs may include partnerships with appropriate community-based organizations and use research and supports from the student achievement council.

(5) The state board for community and technical colleges shall develop a model faculty diversity program designed to provide for the retention and recruitment of faculty from all racial, ethnic, and cultural backgrounds. The faculty

diversity program must be based on proven practices in diversity hiring processes.

(6) Each community and technical college shall conspicuously post on its website and include in the strategic plans, programs, and reports definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

NEW SECTION. Sec. 4. STUDENT SUCCESS SUPPORT PROGRAMS AND GUIDED PATHWAYS IMPLEMENTATION.

(1) Subject to availability of amounts appropriated for this specific purpose, each community and technical college shall fully implement guided pathways. At a minimum, guided pathways implementation must include:

(a) Comprehensive mapping of student educational pathways with student end goals in mind. These must include transparent and clear career paths that are tightly aligned to the skills sought by employers. Pathways must align course sequences to show clear paths for students, alignment with K-12 and university curriculum, and skill sets needed to enter the workforce;

(b) Dedicated advising and career counseling that helps students make informed program choices and develop completion plans. Advising services may include processes that help students explore possible career and educational choices while also emphasizing early planning. Advising must be culturally competent and with an emphasis on helping historically underserved, low-income, and students of color navigate their education;

(c) Data analysis of student learning as well as program and service outcomes. Data must be used to inform program development, the creation and further refinement of student pathways, and to provide opportunities for early intervention to help students succeed; and

(d) A student success support infrastructure using programs that the state board for community and technical colleges finds have been effective in closing equity gaps among historically underserved student populations and improve student completion rates. The student success support program must be based on research or documented evidence of success. In tandem with guided

pathways implementation, student success support programs may include evidence-based elements such as:

(i) Equity competent academic advising services;

(ii) Equity competent career development programming;

(iii) Clear information regarding financial aid and financial literacy; and

(iv) Inclusive curriculum and teaching practices.

(2) Each community and technical college shall post on its website and include in the guided pathways program documentation and reports definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

(3)(a) The Washington state institute for public policy, in consultation with the workforce education investment accountability and oversight board under RCW 28C.18.200, shall complete an evaluation of the guided pathways model. To the extent possible, the institute shall complete a preliminary report that evaluates the effect of the guided pathways model on early student outcomes including, but not limited to, student retention and persistence, college level English and math within the first year, and graduation and transfer rates. The preliminary report must review the implementation of the guided pathways model in Washington and any available evidence of the effectiveness of the guided pathways model. The preliminary report must be submitted by December 15, 2023.

(b) The Washington state institute for public policy shall complete a final report that evaluates the effect of the guided pathways on longer-term student outcomes including, but not limited to, degree completion, time to degree, transfer to four-year institutions, employment, and earnings, to the extent possible. The final report must be submitted by December 15, 2029.

(c) Both the preliminary and final reports must consider differences in outcomes by racial and ethnic subgroups and socioeconomic status.

NEW SECTION. Sec. 5. TENURE-TRACK FACULTY. (1) The legislature recognizes

that student outcomes and success, especially for first generation, underserved students, may be significantly improved by increasing the number of full-time faculty at community and technical colleges.

(a) The legislature's goal is that community and technical colleges increase the numbers of full-time tenured positions by adding 200 new full-time tenure-track positions in the 2021-2023 fiscal biennium.

(b) This goal is best accomplished through converting part-time faculty positions to full-time tenure-track positions and by hiring new full-time faculty through processes identified in each college's diversity, equity, and inclusion of all races strategic plan described in section 3 of this act. If specific funding for the purpose of conversion assignments proposed in this section is not provided in the omnibus appropriations act, the conversion assignments proposed must be delayed until such time as specific funding is provided.

(c) The college board must collect data and assess the impact of the 200 additional full-time tenure-track faculty on student completion rates. The college board must convene representatives of faculty, staff, and administration to report on outcomes as a result of increasing full-time tenure-track faculty. In consultation with representatives of faculty, staff, and administration, the college board must make recommendations about future steps to increase full-time tenure-track faculty that incorporate faculty diversity and historically underserved communities. The college board must report the results of its assessment, along with next step recommendations, to the legislature by December 15, 2023. The college board shall conspicuously post on its website and include in the report definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

(2) This section expires July 1, 2024.

NEW SECTION. Sec. 6. MENTAL HEALTH COUNSELOR PILOT PROGRAM. (1) Subject to the availability of amounts appropriated for this specific purpose, the college

board shall administer a pilot program to increase student access to mental health counseling and services.

(2) The college board, in collaboration with the selection committee, shall select community or technical colleges to participate in the pilot program. At least half of the participating colleges must be located outside of the Puget Sound area. For purposes of this section, "Puget Sound area" means Snohomish, King, Pierce, and Thurston counties. Each participating college must receive a grant to implement one or more strategies to increase student access to mental health counseling and services, including substance use disorder counseling and services.

(3) (a) A selection committee consisting of the following shall assist with the application selection process:

(i) One community or technical college president;

(ii) One community or technical college vice president for student services or student instruction;

(iii) Two faculty counselors employed at a community or technical college; and

(iv) One community or technical college student.

(b) The selection committee may consult with representatives of an entity within a college or university that has expertise in suicide prevention and the department of health in developing selection criteria.

(4) Community and technical colleges wishing to participate in the pilot program shall apply to the college board. Applicants must identify opportunities for expanding on-campus mental health counseling and services. Applicants must also show a commitment to further develop partnerships by engaging external community providers, including those who provide crisis services and substance use disorder treatment and counseling. Applications that demonstrate plans to include one or more of the following strategies recommended by the community and technical college counselors task force must be prioritized:

(a) Improve equity, diversity, and inclusion of all races in counseling services, such as by diversifying the counselor workforce by adopting equity-centered recruiting, training, and

retention practices or by providing equity training and awareness for all counselors;

(b) Meet mental health needs of students through an all-campus effort;

(c) Engage students to help increase mental health and counseling awareness and promote help-seeking behavior through student groups and other methods;

(d) Increase the visibility of counseling services on campus;

(e) Increase or expand external partnerships with community service providers;

(f) Adopt the use of telebehavioral health, especially in under resourced communities;

(g) Develop an assessment of counseling services to inform improvements and ensure counseling services are meeting student needs; or

(h) Implement counseling approaches grounded in theory that have evidence of being effective.

(5) Colleges selected to participate in the pilot program that use grant funding to hire additional mental health counselors must hire counselors who have specific graduate-level training for meeting the mental and behavioral health needs of students.

(6) Colleges selected to participate in the pilot program shall submit a joint report to the appropriate committees of the legislature and in accordance with RCW 43.01.036 by November 1, 2023. The report must include:

(a) Information on which colleges were selected for the pilot program, how much grant funding was received per college, and what strategies each implemented to increase student access to mental health counseling and services;

(b) Demographic data of students accessing mental health counseling and services, including those students who are considered underrepresented or traditionally have limited access to mental health counseling and services;

(c) Whether the mental health counseling and services provided are meeting the demand of students in terms of type and availability, and whether the various types of mental health counseling and services are being provided by

community providers versus on-campus services;

(d) Information and data on the effectiveness, including cost-effectiveness, of each strategy used to increase student access to mental health counseling and services, including substance use disorder counseling and services, such as the number of additional students served, reduced wait times for counseling appointments, or other data that reflects expanded access; and

(e) Lessons learned and recommendations for improving student access to mental health counseling and services at community and technical colleges and to community providers, including whether there were any strategies implemented that proved more effective than others in increasing access.

(7) Colleges selected for the pilot program shall conspicuously post on their websites and include in the report to the legislature the definitions for key terms including: Diversity, equity, inclusion, culturally competent, culturally appropriate, historically marginalized communities, communities of color, low-income communities, and community organizations.

(8) The pilot program expires July 1, 2025.

(9) This section expires January 1, 2026.

NEW SECTION. **Sec. 7.** MINIMUM COUNSELOR STANDARDS. (1) It is the intent of the legislature to provide clear minimum standards to ensure qualified faculty counselors while also providing flexibility to allow for differences in criteria required by hiring institutions. Within existing resources, and beginning September 1, 2021, the college board shall adopt rules regarding the minimum hiring standards for a faculty counselor. At a minimum, these must include:

(a) A graduate or professional degree in a related field;

(b) Completion of appropriate graduate coursework; and

(c) Standards established by the state board for community and technical colleges.

(2) The requirements and standards imposed through this section do not apply to an individual employed by a college district as a counselor before September 1, 2021. "**NEW SECTION. Sec. 1.** SHORT TITLE. This act may be known and cited as the fair start for kids act.

NEW SECTION. Sec. 2. INTENT. (1) The legislature finds that high quality child care and early learning is critical to a child's success in school and life. The legislature recognizes that COVID-19 has devastated the existing child care industry, making it unduly burdensome for families to find care. The legislature recognizes that without immediate action to support child care providers, and without expanded access to affordable child care, especially infant and school-age care, parents will not be able to return to work while children lose valuable learning opportunities. In order to bolster a full economic recovery, the legislature finds that every child deserves a fair start.

(2) The legislature finds that access to affordable child care increases economic growth and labor force participation. The legislature further finds that an affordable, accessible system of high quality child care is necessary to the health of Washington's economy because employers benefit when parents have safe, stable, and appropriate care for their children. The legislature recognizes that too many working parents are forced to reduce their hours, decline promotional opportunities, or leave the workforce completely due to a lack of affordable and appropriate child care. The legislature finds that a report commissioned by the department of commerce in 2019 found that working parents in Washington forego \$14,000,000 each year directly due to child care scarcity. The legislature recognizes that this disproportionately impacts women in the workforce and that in September 2020 alone, 78,000 men left the workforce, compared to 600,000 women.

(3) The legislature recognizes that quality child care can be a stabilizing factor for children experiencing homelessness, and is a proven protective factor against the impacts of trauma they may experience. Access to child care is also a necessary support for families with young children in resolving homelessness and securing employment.

(4) The legislature finds that the scarcity of child care, exacerbated by COVID-19, most significantly impacts families furthest from opportunity. The legislature recognizes that there are additional barriers to accessing this foundational support for immigrant communities and families whose first language is not English, families who have children with disabilities, rural communities, or other child care deserts. The legislature recognizes that high quality, inclusive child care and early learning programs have been shown to reduce the opportunity gap for low-income children and black, indigenous, and children of color while consistently improving outcomes for all children both inside and outside of the classroom.

(5) The legislature finds that without access to comprehensive, high quality prenatal to five services, children often enter kindergarten without the social-emotional, physical, cognitive, and language skills they need to be successful and fall behind their peers,

facing compounding developmental challenges throughout their K-12 education. The legislature finds that cascading impacts of inaccessible child care and early learning programs create systemic barriers for children and their families that result in higher special education needs, greater likelihood of needing to repeat grades, increased child welfare and juvenile justice involvement, reduced high school graduation rates, limited postsecondary education attainment, and greater barriers to employment in adulthood.

(6) The legislature finds the vast majority of child care providers are small businesses and nonprofit organizations. In addition to adhering to federal, state, and local regulations to ensure healthy and safe environments for children, the legislature recognizes that child care providers must ensure their employees are adequately compensated and supported. However, the legislature acknowledges that the reduced staffing ratios for health and safety, additional cost of personal protective equipment and extra cleaning supplies, increased use of substitutes needed during COVID-19-related absences, and increased technology demands during school closures from the pandemic are further straining the viability of the child care business model in Washington state.

(7) The legislature finds that the health and stability of the early learning workforce is pivotal to any expansion of child care in Washington state. The legislature recognizes that the child care workforce, predominantly comprised of women of color, is structurally afflicted by low wages, limited or no health care, and a severe lack of retirement benefits. The legislature further recognizes that the threat of COVID-19 compounds these underlying issues, forcing providers to navigate increased stress, anxiety, and behavioral issues all while risking their lives to care for children. The legislature recognizes that families, friends, and neighbors who provide care are a critical component of the child care system. The legislature finds that child care workers are essential and deserve to be compensated and benefited accordingly.

(8) Therefore, the legislature resolves to respond to the COVID-19 crisis by first stabilizing the child

care industry and then expanding access to a comprehensive continuum of high quality early childhood development programs, including infant and school-age child care, preschool, parent and family supports, and prenatal to three services. The legislature recognizes this continuum as critical to meeting different families' needs and offering every child in Washington access to a fair start.

(9) The legislature recognizes the strengths that multilingual, diverse early learning providers and caregivers contribute to early learning across the state. Therefore, the legislature intends to expand language access services to create an inclusive early learning system that specifically supports underserved providers.

(10) The legislature intends to expand eligibility for existing child care and preschool programs to increase access. The legislature recognizes that expansion must be accompanied by an investment to make child care more affordable. Therefore, the legislature intends to eliminate copayments for low-income families and limit copayments for any family on subsidy to no more than seven percent of their income.

(11) The legislature further intends to stabilize, support, and grow the diverse early learning workforce by funding living wages and affordable health benefits while providing training, infant and early childhood mental health consultation, shared business services, and a variety of other supports that recognize the critical role that early learning providers serve for all Washington children.

(12) The legislature intends to accelerate Washington's economic recovery from the devastating impacts of COVID-19 by dramatically expanding access to affordable, high quality child care and preschool, in order to get parents back to work and provide every child with a fair start.

It is the intent of the legislature to allow uses of the rate enhancements or site-specific grants to include increased wages for individual staff who provide bilingual instruction, professional development training, the purchase of dual language and culturally appropriate curricula and accompanying training programs, instructional materials, or other related expenses.

(2) The department must consult with a culturally and linguistically diverse stakeholder advisory group to develop criteria for the dual language designation.

(3) The department must adopt rules to implement this section.

NEW SECTION. Sec. 306. NONSTANDARD HOURS RATE MODEL. (1) In order to expand the supply of critically needed after-hours care to meet the needs of parents and caregivers and a round-the-clock economy, the department of children, youth, and families, in consultation with diverse stakeholders, must develop a rate

(2) This section expires June 30, 2022.

NEW SECTION. Sec. 307. EARLY CHILDHOOD EQUITY GRANTS. Eligible applicants include play and learn groups, licensed or certified child care centers and family home providers, license-exempt child care programs, and early childhood education and assistance program contractors. The department shall administer the early childhood equity grants to support inclusive and culturally and linguistically specific early learning and early childhood and parent support programs across the state.

(2) The department must conduct an equitable process to prioritize grant applications for early childhood equity grant assistance. An eligible applicant may receive an early childhood equity grant once every two years. When conducting the equitable grant process, the department must:

(b) Provide application materials in the five most commonly spoken languages in the state and broadly communicate using a variety of strategies to reach diverse communities;

The department shall determine, in collaboration with the statewide child care resource and referral network, where the additional consultants should be sited based on factors such as the total provider numbers overlaid with indicators of highest need. The infant and early childhood mental health consultants must support early achievers program coaches and child care providers by providing resources, information, and guidance regarding challenging behavior and expulsions and may travel to assist providers in serving families and children with severe behavioral needs. ~~((In coordination with the contractor, the department of children, youth, and families must report on the services provided and the outcomes of the consultant activities to the governor and the appropriate policy and fiscal committees of the legislature by June 30, 2021.))~~~~

NEW SECTION. Sec. 311. PLAY AND LEARN GROUPS. Subject to the availability of amounts appropriated for this specific purpose, the department, in consultation with community-based programs, shall provide or contract to provide, or both, resources and supports for inclusive and culturally and linguistically relevant play and learn groups. Play and learn groups offer parents and other caregivers culturally responsive opportunities to support their children's early learning, build relationships that reduce isolation and encourage socialization, and promote kindergarten readiness.

NEW SECTION. Sec. 312. PROFESSIONAL DEVELOPMENT. (1) Subject to the availability of amounts appropriated for

this specific purpose, the department shall provide professional development supports to aid eligible providers in reaching the professional education and training standards adopted by the department. Professional development supports may include:

(a) Department-required trainings for child care providers conducted by department-approved trainers;

(b) Trainings for license-exempt family, friend, and neighbor child care providers conducted by department-approved trainers;

NEW SECTION. Sec. 314. CAPACITY FLEXIBILITY FOR FAMILY HOME PROVIDERS. The department may waive the limit, as established in RCW 43.216.010(1)(c), that restricts family home providers from serving not more than 12 children. The department must establish conditions for such waivers by rule and must assess, at minimum, the provider's available square footage and staffing capabilities prior to issuing any waiver of the limit of 12 children.

PART IV

STRENGTHENING PRENATAL TO THREE SUPPORTS

NEW SECTION. Sec. 401. PRENATAL TO THREE INTENT. (1) The legislature finds that parental relationships and healthy interactions in the first few years of life help shape the development of babies' and toddlers' brains and bodies. Eighty percent of the brain is developed by the age of three and parents are a child's first teachers.

(2) The legislature finds that the federal family first prevention services act (P.L. 115-123) offers the state the opportunity to leverage federal funding for certain programs, including in-home parent skill-based programs, substance use disorder support, and mental health interventions. Culturally relevant, evidence-based programs that may qualify for these federal funds are limited. Therefore, state support may be necessary to serve traditionally underrepresented communities and increase positive engagement from parents and caregivers of children from before birth to age three.

(3) The legislature finds that small teacher-child ratios for infant and toddler care, as well as the existence of child care deserts with low levels of access to care for the birth to three age group, contribute to higher expenses for providers and families with babies and young children.

(4) Therefore, the legislature intends to expand parent and family education and

support, incentivize the provision of infant and toddler care, and make early therapeutic and preventative services more readily available to families and young children.

NEW SECTION. Sec. 402. EDUCATION AND SUPPORT FOR PARENTS AND FAMILY, FRIEND, AND NEIGHBOR CAREGIVERS. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer a prenatal to three family engagement strategy to support expectant parents, babies and toddlers from birth to three years of age, and their caregivers.

(2) Components of the prenatal to three family engagement strategy must include supports and services to improve maternal and infant health outcomes, reduce and mitigate trauma, promote attachment and other social-emotional assets, strengthen parenting skills, and provide early supports to help maximize healthy and robust childhood development and reduce isolation. Services and supports may include:

(a) In-home parent skill-based programs and training established in RCW 43.216.130;

(b) Facilitated play and learn groups;

(c) Parent peer-support groups, including groups designed for families with children with complex needs; families whose primary home language is not English; incarcerated parents; families coping with substance use disorder or mental health support needs; black, indigenous, and families of color; or other specific needs; and

(d) Other prenatal to age three programs and services.

(3) Continuity of services for babies and toddlers are important for early childhood brain development. Therefore, the services and supports described in this section may be made available to biological parents, foster parents, kinship care providers, and other family, friend, and neighbor caregivers.

Sec. 403. RCW 43.216.578 and 2019 c 408 s 8 are each amended to read as follows:

BIRTH TO THREE EARLY CHILDHOOD EDUCATION AND ASSISTANCE PROGRAM.

(1) (~~Within resources available under the federal preschool development grant birth to five grant award received in~~

~~December 2018,)) Subject to the availability of amounts appropriated for this specific purpose, the department shall ((develop a plan for phased implementation of)) administer a birth to three early childhood education and assistance program ((pilot project)) for eligible children under thirty-six months old. Funds to implement the ((pilot project)) program may include a combination of federal, state, or private sources.~~

(2) The department may adopt rules to implement the ((pilot project)) program and may waive or adapt early childhood education and assistance program requirements when necessary to allow for the operation of the birth to three early childhood education and assistance program. The department shall consider early head start rules and regulations when developing the provider and family eligibility requirements and program requirements. ~~((Any deviations from early head start standards, rules, or regulations must be identified and explained by the department in its annual report under subsection (6) of this section.))~~

(3) (a) ~~((Upon securing adequate funds to begin implementation, the pilot project))~~ The birth to three early childhood education and assistance program((s)) must be delivered through child care centers and family home providers who meet minimum licensing standards and are enrolled in the early achievers program.

(b) The department must determine minimum early achievers ratings scores for ~~((programs))~~ participating ~~((in the pilot project))~~ contractors.

(4) ~~((When selecting pilot project locations for service delivery, the department may allow each pilot project location to have up to three classrooms per location. When selecting and approving pilot project locations, the department shall attempt to select a combination of rural, urban, and suburban locations. The department shall prioritize locations with programs currently operating early head start, head start, or the early childhood education and assistance program.~~

~~(5))~~ To be eligible for the birth to three early childhood education and assistance program, a child's family income must be at or below ~~((one hundred thirty))~~ 50 percent of the ~~((federal~~

~~poverty level))~~ state median income and the child must be under thirty-six months old.

~~((6) Beginning November 1, 2020, and each November 1st thereafter during pilot project activity, the department shall submit an annual report to the governor and legislature that includes a status update that describes the planning work completed, the status of funds secured, and any implementation activities of the pilot project. Implementation activity reports must include a description of the participating programs and number of children and families served.))~~

NEW SECTION. Sec. 404. INFANT CARE INCENTIVES. (1) The legislature finds that our state suffers from an extreme shortage of infant child care, impacting the ability of parents to participate in the workforce. Further, parents returning to work after using paid family leave to care for a new child struggle to find readily available, high quality care during a time of critical growth and brain development for young children. Therefore, the legislature intends to incentivize the provision of high quality infant care.

(2) Beginning July 1, 2022, the department shall provide an infant rate enhancement for licensed or certified child care providers and birth to three early childhood education and assistance program contractors who are:

(a) Accepting state subsidy;

(b) In good standing with the early achievers quality rating and improvement system; and

(c) Caring for a child between the ages of birth and 11 months.

(3) The department must adopt rules to implement this section.

NEW SECTION. Sec. 405. EARLY THERAPEUTIC AND PREVENTATIVE SERVICES. (1) Subject to the availability of amounts appropriated for this specific purpose, the department shall administer early therapeutic and preventative services and programs, such as the early childhood intervention and prevention services program, and other related services for children who are:

(a) Between the ages of birth and five years; and

(b) Referred by a child welfare worker, a department of social and health

services social worker, a primary care physician, a behavioral health provider, or a public health nurse due to: (i) Risk of child abuse or neglect; (ii) exposure to complex trauma; or (iii) significant developmental delays.

(2) Subject to the availability of amounts appropriated for this specific purpose, the department shall make all reasonable efforts to deliver early therapeutic and preventative services and programs statewide. These services and programs must focus first on children and families furthest from opportunity as defined by income and be delivered by programs that emphasize greater racial equity.

2SSB 5253 Prime Sponsor, Committee on Ways & Means: Implementing the recommendations of the pollinator health task force. Reported by Committee on Rural Development, Agriculture & Natural Resources

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The purpose of this act is to implement the recommendations of the pollinator health task force created by section 3, chapter 353, Laws of 2019, entitled "Recommendations of the Pollinator Health Task Force - for Pollinator Health in Washington" (November 2020).

(2) The task force provided recommendations to help prioritize and enact policy changes for pollinators in Washington. The recommendations are organized under five broad categories:

(a) Habitat; (b) pesticides; (c) education; (d) managed pollinators; and (e) research.

(3) The task force met for the first time the same week that the Asian giant hornet was first discovered in Washington and the week after the Houdini fly was also reported for the first time in Washington. Asian giant hornets primarily hunt honey bees and destroy entire honey bee hives. The Houdini fly threatens native mason bee populations as well as managed mason bees. Washington is home to over 400 different species of native bees, 65 species of butterflies, as well as moths, wasps, beetles, flies, and hummingbirds. The loss of pollinators, managed and unmanaged, can lead to decreased yields of many fruits, nuts, and vegetables. Washington is currently the top producer in the United States of apples, sweet cherries, alfalfa, blueberries, and pears. In Washington state, honey bees and other pollinators are responsible for the production of tree fruits, small fruits, and other crops.

(4) The legislature intends by this act to implement various recommendations from the pollinator health task force to protect and expand the habitat upon which pollinators depend, by providing technical and financial assistance to public and private landowners, and by coordinating with state agencies and local governments in promoting practices to ensure sustainable, healthy populations of managed and native pollinators.

NEW SECTION. **Sec. 2.** A new section is added to chapter 43.23 RCW to read as follows:

(1) The department shall create and chair a pollinator health task force. The department shall appoint the members of the task force, which must include, but is not limited to, representatives of the following interests, organizations, and state agencies:

- (a) The conservation commission;
- (b) The department of natural resources;
- (c) The department of fish and wildlife;
- (d) The state parks and recreation commission;
- (e) The Washington state department of transportation;

(f) The state noxious weed control board;

(g) The tree fruit industry;

(h) The seed industry;

(i) The berry industry;

(j) Other agricultural industries dependent upon pollinators;

(k) Washington State University;

(l) Pesticide distributors and applicators;

(m) Conservation organizations;

(n) Organizations representing beekeepers or apiarists;

(o) A member of the public from west of the crest of the Cascade mountains; and

(p) A member of the public from east of the crest of the Cascade mountains.

(2) One or more representatives of Washington tribes must also be invited to participate on the task force.

(3) One youth representative from an organization that encourages students to engage in agricultural education must also be invited to participate on the task force when available.

(4) The task force shall build upon existing pollinator research and pollinator habitat plans at the national and state level including, but not limited to, the state-managed pollinator plan, to assist with the development of an implementation plan to implement the state pollinator health strategy.

(5) The task force shall assist, as practicable, with implementation of the recommendations of the task force submitted to the legislature in November 2020.

(6) The department shall provide the implementation plan to the appropriate committees of the senate and house of representatives by December 31, 2021, in compliance with RCW 43.01.036. The implementation plan must include the task force's evaluation and development of protocols that would increase communications between beekeepers, farmers and growers, and pesticide applicators including, but not limited to, education and outreach to beekeepers, farmers and growers, and pesticide applicators.

(7) The department shall provide information related to implementation of the state pollinator health strategy and a recommendation of whether to extend the task force beyond January 1, 2024, to the appropriate committees of the senate and house of representatives by December 1, 2022, in compliance with RCW 43.01.036.

(8) This section expires January 1, 2024.

Sec. 3. RCW 43.23.300 and 2019 c 353 s 2 are each amended to read as follows:

(1) The department shall establish a program to promote and protect pollinator habitat and the health and sustainability of pollinator species. As funds are made available, the program must provide technical and financial assistance to state agencies, local governments, and private landowners to implement practices that promote habitat for ~~((managed))~~ all pollinators, including native species, as well as beekeeper and grower best management practices. The program must be administered in coordination with the apiary program established in chapter 15.60 RCW, the honey bee commission authorized in chapter 15.62 RCW, and programs administered by the conservation commission and conservation districts.

(2) Subject to the availability of funds appropriated for this specific purpose, and in consultation with the department of fish and wildlife, the department must:

(a) Review, in consultation with Washington State University, education needs related to pollinator education and develop a plan that outlines the goals related to pollinator education and the necessary partners, personnel, and other resources;

(b) Evaluate and complete an analysis of critical impacts and needed best management practices for managed and wild pollinators. The department shall lead this effort in partnership with Washington State University, and in collaboration with the department of fish and wildlife and the state conservation commission. The effort must utilize the framework established in the state's managed pollinator protection plan as a guide for formal recommendations and education opportunities. The analysis must address food insecurities, habitat loss, virus and disease, pests, and pesticides, which may play a role in pollinator health decline. The

department shall make the resources produced pursuant to this subsection available to the public on the department's website, as well as through Washington State University and the state's conservation districts;

(c) Document, in consultation with Washington State University, the bee species within the state and map their distributions as practicable;

(d) Provide economic and environmental impacts of weed listing and categorization on pollinator health to county noxious weed control boards in consultation with the state noxious weed control board and annually submit a report to the noxious weed control board describing pollinator health issues;

(e) Provide materials, where practicable and in consultation with Washington State University, about certification programs that support pollinator health, biodiversity, and low-impact pesticide application to the public;

(f) Educate the public through plant nurseries about the necessity for blooming nectar plants to be available to wild and managed pollinators throughout their respective active seasons;

(g) Survey registered beekeepers to determine whether the current apiary program should be expanded to include apiary inspections or registration of apiary yards;

(h) Continue and maintain partnership with federal agencies and neighboring states to promote and enhance the implementation of the national strategy to promote the health of honey bees and improve pollinator health;

(i) Increase the availability of pollinator-related resources on the department's website, as practicable, and other state agencies' websites as appropriate;

(j) Review guidelines on state-managed lands to protect native pollinators and improve transparency for state-managed land areas which may permit managed honey bees so that impacts to wild pollinators from honey bees may be minimized; and

(k) In consultation with the department of revenue, review the open space taxation act and provide recommendations to the legislature, in compliance with RCW 43.01.036, on options to include pollinator habitat in the

current open space property tax classification.

NEW SECTION. Sec. 4. A new section is added to chapter 17.21 RCW to read as follows:

(1) The department shall continue to evaluate and update, as necessary, pesticide regulatory and education programs focused on measures to protect pollinator health. This work by the department, when appropriate, must be coordinated with Washington State University pesticide education programs to limit duplication and ensure consistent information sharing.

(2) Subject to the availability of amounts appropriated for this specific purpose, and in consultation with the department of fish and wildlife with regard to considerations for native pollinator species, the department must:

(a) Evaluate and adapt pesticide training and drift reduction technical assistance programs to include up-to-date protection measures for pollinators;

(b) Support Washington State University's pesticide education programs continued incorporation of pollinator protection measures during their training and certification classes, and coordinate on presented research, new protection measures, technological advancements, and any other significant science-based information;

(c) Coordinate with pollinator health staff in the department and at Washington State University to conduct investigations and share annual findings from pesticide-related investigations with the pollinator health task force;

(d) Evaluate and, if necessary, update the pesticide civil penalty matrix related to pollinator death or damage due to the misuse of pesticides and ensure pollinator health protections are included;

(e) When possible, the department must provide credits for pesticide courses focused on pollinator protection measures.

(3) By December 31, 2021, the department shall provide a report to the appropriate committees of the senate and house of representatives, in compliance with RCW 43.01.036, that includes recommendations for measures to mitigate

the risks of harm to bees and other pollinators from the use of neonicotinoid pesticides and treated seeds. The department shall evaluate and incorporate the reviews scheduled for completion by the United States environmental protection agency during 2021, including recommended mitigation measures from that agency. The department shall also review neonicotinoid pesticide use restrictions and labeling requirements adopted in other states and include in the report any recommendations for adoption of similar requirements in this state.

Sec. 5. RCW 17.24.081 and 1991 c 257 s 12 are each amended to read as follows:

(5) Introduce or move into this state, or to move or dispose of in this state, a plant, plant product, or other item included in a quarantine, except under rules as may be prescribed by the department, after a quarantine order has been adopted under this chapter against a place, nursery, orchard, vineyard, apiary, other agricultural

establishment, county of this state, another state, territory, or a foreign country as to a plant pest, bee pest, or noxious weed or genetically engineered plant or plant pest organism, until such quarantine is removed;

(6) Introduce or move nonnative managed bumble bees into this state to be used in open-field agricultural use.

NEW SECTION. Sec. 6. A new section is added to chapter 28B.30 RCW to read as follows:

The Washington State University extension program must develop a pollinator extension education and outreach program and develop a statewide, science-based, pollinator education plan to educate beekeepers, agricultural producers, land managers, licensed pesticide applicators, other professionals, and the public. The plan should emphasize pollinator best management practices for both native and managed species.

NEW SECTION. Sec. 7. A new section is added to chapter 39.04 RCW to read as follows:

If a public works project includes landscaping, at least 25 percent of the planted area must be pollinator habitat to the extent practicable. For purposes of this section, "pollinator habitat" means an area of land that is or may be developed as habitat beneficial for the feeding, nesting, and reproduction of all pollinators, including honey bees. The department of agriculture, in consultation with the conservation commission and the department of fish and wildlife, must develop a list of native forage plants that are pollen-rich or nectar-rich and beneficial for all pollinators, including honey bees.

Sec. 8. RCW 77.12.058 and 2019 c 353 s 8 are each amended to read as follows:

(1) The department must implement practices necessary to maintain pollinator habitat on department-owned and managed agricultural and grazing lands where practicable. ((For the purposes of this section, "pollinator habitat" means an area of land that is or may be developed as habitat beneficial for the feeding, nesting, and reproduction of all pollinators, including honey bees, as determined by the department.))

(2) The department must evaluate various restoration techniques with the goal of improving habitat for native pollinators. The department must update its riparian habitat recommendations to encourage development of pollinator habitat where practicable when making habitat improvements or for riparian restoration.

(3) For the purposes of this section, "pollinator habitat" means an area of land that is or may be developed as habitat beneficial for the feeding, nesting, and reproduction of all pollinators, including honey bees, as determined by the department.

Sec. 9. RCW 89.08.620 and 2020 c 351 s 4 are each amended to read as follows:

(1) When prioritizing grant recipients, the commission, in consultation with the department of agriculture, Washington State University, the department of fish and wildlife, and the United States department of agriculture natural resources conservation service, shall seek to maximize the benefits of the grant program by leveraging other state, nonstate, public, and private sources of money. The primary metrics used to rank grant applications must be made public by the commission.

(2) The grant program must prioritize or weight projects based on consideration of the individual project's ability to:

(a) Increase the quantity of organic carbon in topsoil through practices including, but not limited to, cover cropping, no-till and minimum tillage conservation practices, crop rotations, manure application, biochar application, compost application, and changes in grazing management;

(b) Increase the quantity of organic carbon in aquatic soils;

(c) Intentionally integrate trees, shrubs, seaweed, or other vegetation into management of agricultural and aquacultural lands, with preference for native vegetation where practicable and appropriate;

(d) Reduce or avoid carbon dioxide equivalent emissions in or from soils;

(e) Reduce nitrous oxide and methane emissions through changes to livestock or soil management; and

(f) Increase usage of precision agricultural practices.

(3) The commission shall develop and approve a prioritization metric to guide the distribution of funds appropriated by the legislature for this purpose, with the goal of producing cost-effective carbon dioxide equivalent impact benefits.

(4) Applicants that create riparian buffers along waterways, or otherwise benefit fish habitat, must receive an enhanced prioritization compared to other grant applications that perform similarly under the prioritization metrics developed by the commission.

(5)(a) Applicants that create or maintain pollinator habitat must receive an enhanced prioritization compared to other grant applications that perform similarly under the prioritization metrics developed by the commission.

(b) For the purposes of this subsection, "pollinator habitat" means an area of land that is or may be developed as habitat beneficial for the feeding, nesting, and reproduction of all pollinators, including honey bees, as determined by the department of agriculture.

(6) The commission shall downgrade a specific grant proposal within its prioritization metric if the proposal is expected to cause significant environmental damage to fish and wildlife habitat.

NEW SECTION. Sec. 10. A new section is added to chapter 89.08 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the commission is authorized to develop an ongoing small grants program to provide funding to the conservation districts to educate residents and community groups in urban, suburban, and rural nonfarm areas about the value of habitat for both managed and native pollinators, and to provide the necessary technical and financial assistance and materials to create it.

(2) Educational efforts should include the benefits of habitat diversity, especially pollen-rich and nectar-rich flowering forbs and shrubs. Preference for pollinator plants should be given to native plants or noninvasive, nonnative plants.

(3) Planting projects should provide diverse native or nonnative, noninvasive plants of high quality for pollinator foraging, nesting, and overwintering, as determined by site suitability. Options may include, but are not limited to, bee or eco-lawns, flowering meadow gardens, xeriscaping, shrub plantings, tree plantings, rain gardens, riparian restoration, and other pollinator-friendly landscaping.

(4) Criteria to rank applicants should include a detailed budget demonstrating funding needs, resource concerns addressed, value to at-risk native pollinators, multiple-use benefits of habitat, planned project longevity, and plans for long-term maintenance."

E2SSB 5304 Prime Sponsor, Committee on Ways & Means: Providing reentry services to persons releasing from state and local institutions. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that when considering releasing persons from state and local institutions, realizing the safety of the public is the primary concern. The legislature also finds that the success of persons with behavioral health needs being released from confinement in a prison, jail, juvenile rehabilitation facility, state hospital, and other state and local institutions can be increased with access to continuity of medical assistance, supportive services, and other targeted assistance. The legislature finds that this act provides strategies to prevent interruption of medical assistance benefits and to allow for a seamless transfer between systems of care. The legislature further finds that this act removes stigmatizing

language from the program created under RCW 72.09.370 and 71.24.470 and creates a work group to study how to expand the cost-effective strategies of this program to other populations and settings to enhance recovery, reduce recidivism, and improve safety.

Sec. 2. RCW 74.09.670 and 2016 c 154 s 2 are each amended to read as follows:

~~((The))~~ When the authority receives information that a person enrolled in medical assistance is confined in a setting in which federal financial participation is disallowed by the state's agreements with the federal government, the authority ((is directed to)) shall suspend, rather than terminate, medical assistance benefits ((by July 1, 2017,)) for these persons, including those who are incarcerated in a correctional institution as defined in RCW 9.94.049, or committed to a state hospital or other treatment facility. ((This must include the ability for a)) A person who is not currently enrolled in medical assistance must be allowed to apply for medical assistance in suspense status during ((incarceration)) confinement, and the ability to apply may not depend upon knowledge of the release or discharge date of the person. ((The authority must provide a progress report describing program design and a detailed fiscal estimate to the governor and relevant committees of the legislature by December 1, 2016.))

Sec. 3. RCW 74.09.555 and 2019 c 325 s 4005 are each amended to read as follows:

(1) The authority shall adopt rules and policies providing that when persons ~~((with a mental disorder,))~~ who were enrolled in medical assistance immediately prior to confinement, or who become enrolled in medical assistance in suspense status during the period of confinement, are released from confinement, their medical assistance coverage ~~((will))~~ shall be fully reinstated ~~((on the day))~~ no later than at the moment of their release, subject to any expedited review of their continued eligibility for medical assistance coverage that is required under federal or state law. The authority may reinstate medical assistance prior to the day of release provided that no federal funds are expended for any purpose that is not authorized by the state's agreements with the federal government.

(2) The authority, in collaboration with the Washington association of sheriffs and police chiefs, the department of corrections, the department of children, youth, and families, managed care organizations, and behavioral health administrative services organizations, shall establish procedures for coordination between the authority and department field offices, institutions for mental disease, and correctional institutions, as defined in RCW 9.94.049, that result in prompt reinstatement of eligibility and speedy eligibility determinations for ~~((persons who are likely to be eligible for))~~ medical assistance services upon release from confinement. Procedures developed under this subsection must address:

(a) Mechanisms for receiving medical assistance services applications on behalf of confined persons in anticipation of their release from confinement;

(b) Expeditious review of applications filed by or on behalf of confined persons and, to the extent practicable, completion of the review before the person is released;

(c) Mechanisms for providing medical assistance services identity cards to persons eligible for medical assistance services ~~((immediately upon))~~ before their release from confinement; ~~((and))~~

(d) Coordination with the federal social security administration, through interagency agreements or otherwise, to expedite processing of applications for federal supplemental security income or social security disability benefits, including federal acceptance of applications on behalf of confined persons; and

(e) Assuring that notification of the person's release date, current location, and other appropriate information is provided to the person's managed care organization before the person's scheduled release from confinement, or as soon as practicable thereafter.

(3) Where medical or psychiatric examinations during a person's confinement indicate that the person is disabled, the correctional institution or institution for mental diseases shall provide the authority with that information for purposes of making medical assistance eligibility and enrollment determinations prior to the person's release from confinement. The

authority shall, to the maximum extent permitted by federal law, use the examination in making its determination whether the person is disabled and eligible for medical assistance.

(4) For purposes of this section, "confined" or "confinement" means incarcerated in a correctional institution, as defined in RCW 9.94.049, or admitted to an institute for mental disease, as defined in 42 C.F.R. part 435, Sec. 1009 on July 24, 2005.

~~((For purposes of this section, "likely to be eligible" means that a person:~~

~~(a) Was enrolled in medicaid or supplemental security income or the medical care services program immediately before he or she was confined and his or her enrollment was terminated during his or her confinement; or~~

~~(b) Was enrolled in medicaid or supplemental security income or the medical care services program at any time during the five years before his or her confinement, and medical or psychiatric examinations during the person's confinement indicate that the person continues to be disabled and the disability is likely to last at least twelve months following release.~~

~~(6))~~ The economic services administration within the department shall adopt standardized statewide screening and application practices and forms designed to facilitate the application of a confined person ~~((who is likely to be eligible))~~ for medicaid.

NEW SECTION. Sec. 4. (1) The health care authority shall apply for a waiver allowing the state to provide medicaid services to persons who are confined in a correctional institution as defined in RCW 9.94.049 or confined in a state hospital or other treatment facility up to 30 days prior to the person's release or discharge to the community. The purpose is to create continuity of care and provide reentry services.

(2) The health care authority shall consult with the work group established under section 9 of this act about how to optimize the waiver application and its chance of success, including by limiting its scope if deemed appropriate.

(3) The health care authority shall inform the governor and relevant committees of the legislature in writing

when the waiver application is submitted and update them as to progress of the waiver at appropriate points.

(4) No provision of this section may be interpreted to require the health care authority to provide medicaid services to persons who are confined in a correctional institution, state hospital, or other treatment facility up to 30 days prior to the person's release or discharge unless the health care authority obtains final approval for its waiver application from the centers for medicare and medicaid services.

Sec. 5. RCW 9.94.049 and 1995 c 314 s 6 are each amended to read as follows:

(1) For the purposes of this chapter, the term "correctional institution" means any place designated by law for the keeping of persons held in custody under process of law, or under lawful arrest, including state prisons, county and local jails, juvenile detention centers, and other facilities operated by the department of corrections, department of children, youth, and families, or local governmental units primarily for the purposes of punishment, correction, or rehabilitation following conviction or adjudication of a criminal offense.

(2) For the purposes of RCW 9.94.043 and 9.94.045, "state correctional institution" means all state correctional facilities under the supervision of the secretary of the department of corrections used solely for the purpose of confinement of convicted felons.

Sec. 6. RCW 72.09.370 and 2019 c 325 s 5025 are each amended to read as follows:

(1) The ~~((offender))~~ reentry community ~~((safety))~~ services program is established to provide intensive services to ~~((offenders))~~ persons identified under this subsection and to thereby promote successful reentry, public safety, and recovery. The secretary shall identify ~~((offenders))~~ persons in confinement or partial confinement who: (a) Are reasonably believed to ~~((be dangerous))~~ present a danger to themselves or others if released to the community without supportive services; and (b) have a mental disorder. In ~~((determining an offender's dangerousness))~~ evaluating these criteria, the secretary shall consider behavior known to the department and factors, based on research, that are

linked to ~~((an increased))~~ risk ~~((for))~~ of dangerousness ~~((of offenders))~~ for persons with mental illnesses within the criminal justice system and shall include consideration of ~~((an offender's))~~ the person's history of substance use disorder or abuse.

(2) Prior to release of ~~((an offender))~~ a person identified under this section, a team consisting of representatives of the department of corrections, the health care authority, and, as necessary, the indeterminate sentence review board, divisions or administrations within the department of social and health services, specifically including the division of developmental disabilities, the appropriate managed care organization ~~((contracted with the health care authority, the appropriate))~~ or behavioral health administrative services organization, and ~~((the))~~ reentry community services providers, as appropriate, shall develop a plan, as determined necessary by the team, for delivery of treatment and support services to the ~~((offender))~~ person upon release. In developing the plan, the ~~((offender))~~ person shall be offered assistance in executing a mental health advance directive under chapter 71.32 RCW, after being fully informed of the benefits, scope, and purposes of such directive. The team may include a school district representative for ~~((offenders))~~ persons under the age of ~~((twenty-one))~~ 21. The team shall consult with the ~~((offender's))~~ person's counsel, if any, and, as appropriate, the ~~((offender's))~~ person's family and community. The team shall notify the crime victim/witness program, which shall provide notice to all people registered to receive notice under RCW 72.09.712 of the proposed release plan developed by the team. Victims, witnesses, and other interested people notified by the department may provide information and comments to the department on potential safety risk to specific individuals or classes of individuals posed by the specific ~~((offender))~~ person. The team may recommend: (a) That the ~~((offender))~~ person be evaluated by ~~((the))~~ a designated crisis responder, as defined in chapter 71.05 RCW; (b) department-supervised community treatment; or (c) voluntary community mental health or substance use disorder or abuse treatment.

(3) Prior to release of ~~((an offender))~~ a person identified under this section, the team shall determine whether or not an evaluation by a designated crisis responder is needed. If an evaluation is recommended, the supporting documentation shall be immediately forwarded to the appropriate designated crisis responder. The supporting documentation shall include the ~~((offender's))~~ person's criminal history, history of judicially required or administratively ordered involuntary antipsychotic medication while in confinement, and any known history of involuntary civil commitment.

(4) If an evaluation by a designated crisis responder is recommended by the team, such evaluation shall occur not more than ten days, nor less than five days, prior to release.

(5) A second evaluation by a designated crisis responder shall occur on the day of release if requested by the team, based upon new information or a change in the ~~((offender's))~~ person's mental condition, and the initial evaluation did not result in an emergency detention or a summons under chapter 71.05 RCW.

(6) If the designated crisis responder determines an emergency detention under chapter 71.05 RCW is necessary, the department shall release the ~~((offender))~~ person only to a state hospital or to a consenting evaluation and treatment facility or secure withdrawal management and stabilization facility. The department shall arrange transportation of the ~~((offender))~~ person to the hospital or facility.

(7) If the designated crisis responder believes that a less restrictive alternative treatment is appropriate, he or she shall seek a summons, pursuant to the provisions of chapter 71.05 RCW, to require the ~~((offender))~~ person to appear at an evaluation and treatment facility or secure withdrawal management and stabilization facility. If a summons is issued, the ~~((offender))~~ person shall remain within the corrections facility until completion of his or her term of confinement and be transported, by corrections personnel on the day of completion, directly to the identified ~~((evaluation and treatment))~~ facility.

(8) The secretary shall adopt rules to implement this section.

Sec. 7. RCW 71.24.470 and 2019 c 325 s 1030 are each amended to read as follows:

(1) The director shall contract, to the extent that funds are appropriated for this purpose, for case management services and such other services as the director deems necessary to assist ~~((offenders))~~ persons identified under RCW 72.09.370 for participation in the ~~((offender))~~ reentry community ~~((safety))~~ services program. The contracts may be with any qualified and appropriate entities. The director shall ensure the authority has coverage in all counties of the state for the purposes of providing reentry community services program services.

(2) The case manager has the authority to assist these ~~((offenders))~~ persons in obtaining the services, as set forth in the plan created under RCW 72.09.370(2), for up to five years. The services may include coordination of mental health services, assistance with unfunded medical expenses, assistance obtaining substance use disorder treatment, housing, employment services, educational or vocational training, independent living skills, parenting education, anger management services, peer services, and such other services as the case manager deems necessary.

(3) The legislature intends that funds appropriated for the purposes of RCW 72.09.370, 71.05.145, and 71.05.212, and this section are to supplement and not to supplant general funding. Funds appropriated to implement RCW 72.09.370, 71.05.145, and 71.05.212, and this section are not to be considered available resources as defined in RCW 71.24.025 and are not subject to the priorities, terms, or conditions in the appropriations act established pursuant to RCW 71.24.035.

(4) The ~~((offender))~~ reentry community ~~((safety))~~ services program was formerly known as the community integration assistance program.

Sec. 8. RCW 71.24.480 and 2019 c 325 s 1031 are each amended to read as follows:

in the ((~~offender~~)) reentry community ((~~safety~~)) services program who is a client of the ((~~provider~~ or ~~organization~~)) agency, unless the act or omission of the ((~~provider~~ or ~~organization~~)) agency or employee constitutes:

(a) Gross negligence;

(b) Willful or wanton misconduct; or

(c) A breach of the duty to warn of and protect from a client's threatened violent behavior if the client has communicated a serious threat of physical violence against a reasonably ascertainable victim or victims.

(2) In addition to any other requirements to report violations, the licensed or certified behavioral health agency shall report ((~~an offender's~~)) a reentry community services program participant's expressions of intent to harm or other predatory behavior, regardless of whether there is an ascertainable victim, in progress reports and other established processes that enable courts and supervising entities to assess and address the progress and appropriateness of treatment.

(3) A licensed or certified behavioral health agency's mere act of treating a participant in the ((~~offender~~)) reentry community ((~~safety~~)) services program is not negligence. Nothing in this subsection alters the licensed or certified behavioral health agency's normal duty of care with regard to the client.

(4) The limited liability provided by this section applies only to the conduct of licensed or certified behavioral health agencies and their employees and does not apply to conduct of the state.

(5) For purposes of this section, "participant in the ((~~offender~~)) reentry community ((~~safety~~)) services program" means a person who has been identified under RCW 72.09.370 as ((~~an offender~~)) a person who: (a) Is reasonably believed to ((~~be dangerous~~)) present a danger to himself or herself or others if released to the community without supportive services; and (b) has a mental disorder.

NEW SECTION. Sec. 9. A new section is added to chapter 71.24 RCW to read as follows:

(1) The authority shall convene a reentry services work group to consider

ways to improve reentry services for persons with an identified behavioral health services need. The work group shall:

(a) Advise the authority on its waiver application under section 4 of this act;

(b) Develop a plan to assure notifications of the person's release date, current location, and other appropriate information are provided to the person's managed care organization before the person's scheduled release from confinement, or as soon as practicable thereafter, in accordance with RCW 74.09.555;

(c) Consider the value of expanding, replicating, or adapting the essential elements of the reentry community services program under RCW 72.09.370 and 71.24.470 to benefit new populations, such as:

(i) A larger group of incarcerated persons in the department of corrections than those who currently have the opportunity to participate;

(ii) State hospital patients committed under criminal insanity laws under chapter 10.77 RCW;

(iii) Involuntary treatment patients committed under chapter 71.05 RCW;

(vi) Other populations recommended by the work group;

(d) Consider whether modifications should be made to the reentry community services program;

(e) Identify potential costs and savings for the state and local governments which could be realized through the use of telehealth technology to provide behavioral health services, expansion or replication of the reentry community services program, or other reentry programs which are supported by evidence;

(f) Consider the sustainability of reentry or diversion services provided by pilot programs funded by contempt fines in *Trueblood, et al., v. Washington State DSHS*, No. 15-35462;

(g) Recommend a means of funding expanded reentry services; and

(h) Consider incorporation of peer services into the reentry community services programs.

(2) The authority shall invite participation in the work group by stakeholders including but not limited to representatives from: Disability rights Washington; behavioral health advocacy organizations; behavioral health peers; reentry community services providers; community behavioral health agencies; advocates for persons with developmental disabilities; the department of corrections; the department of children, youth, and families; the Washington association of sheriffs and police chiefs; prosecutors; defense attorneys; the Washington state association of counties; King county behavioral health and recovery division; the department of social and health services; state hospital employees who serve patients committed under chapters 10.77 and 71.05 RCW; the public safety review panel under RCW 10.77.270; managed care organizations; behavioral health administrative services organizations; jail administrators; the Washington statewide reentry council; the Washington state senate; the Washington state house of representatives; and the Washington state institute for public policy.

NEW SECTION. Sec. 10. The Washington state institute for public policy shall update its previous evaluations of the reentry community services program under RCW 72.09.370 and 71.24.470, and broaden its cost-benefit analysis to include impacts on the use of public services, and other factors. The institute shall collaborate with the work group established under section 9 of this act to determine research parameters and help the work group answer additional research questions including, but not limited to, the potential cost, benefit, and risks involved in expanding or replicating the reentry community services program; and what modifications to the program are most likely to prove advantageous based on the current state of knowledge about evidence-based, research-based, and promising programs. The department of corrections, health care authority, administrative office of the courts, King

county, and department of social and health services must cooperate with the institute to facilitate access to data or other resources necessary to complete this work. The institute must provide a preliminary report by July 1, 2022, and a final report by November 1, 2023, to the governor and relevant committees of the legislature.

Sec. 11. RCW 72.09.270 and 2008 c 231 s 48 are each amended to read as follows:

(b) ~~((Offenders))~~ Persons who are subject to the provisions of 8 U.S.C. Sec. 1227.

(2) The individual reentry plan may be one document, or may be a series of individual plans that combine to meet the requirements of this section.

(3) In developing individual reentry plans, the department shall assess all ~~((offenders))~~ persons using standardized and comprehensive tools to identify the criminogenic risks, programmatic needs, and educational and vocational skill levels for each ~~((offender))~~ person. The assessment tool should take into account demographic biases, such as culture, age, and gender, as well as the needs of the ~~((offender))~~ person, including any learning disabilities, substance abuse or mental health issues, and social or behavior deficits.

(4) (a) The initial assessment shall be conducted as early as sentencing, but, whenever possible, no later than ~~((forty-five))~~ 45 days of being sentenced to the jurisdiction of the department of corrections.

(b) The ~~((offender's))~~ person's individual reentry plan shall be developed as soon as possible after the initial assessment is conducted, but, whenever possible, no later than ~~((sixty))~~ 60 days after completion of the assessment, and shall be periodically reviewed and updated as appropriate.

(5) The individual reentry plan shall, at a minimum, include:

(a) A plan to maintain contact with the inmate's children and family, if appropriate. The plan should determine whether parenting classes, or other services, are appropriate to facilitate successful reunification with the ~~((offender's))~~ person's children and family;

(b) An individualized portfolio for each ~~((offender))~~ person that includes the ~~((offender's))~~ person's education achievements, certifications, employment, work experience, skills, and any training received prior to and during incarceration; and

(c) A plan for the ~~((offender))~~ person during the period of incarceration through reentry into the community that addresses the needs of the ~~((offender))~~ person including education, employment, substance abuse treatment, mental health treatment, family reunification, and other areas which are needed to facilitate a successful reintegration into the community.

(6)(a) Prior to discharge of any ~~((offender))~~ person, the department shall:

(i) Evaluate the ~~((offender's))~~ person's needs and, to the extent possible, connect the ~~((offender))~~ person with existing services and resources that meet those needs; and

(ii) Connect the ~~((offender))~~ person with a community justice center and/or community transition coordination network in the area in which the ~~((offender))~~ person will be residing once released from the correctional system if one exists.

(b) If the department recommends partial confinement in ~~((an-offender's))~~ a person's individual reentry plan, the department shall maximize the period of partial confinement for the ~~((offender))~~ person as allowed pursuant to RCW 9.94A.728 to facilitate the ~~((offender's))~~ person's transition to the community.

(7) The department shall establish mechanisms for sharing information from individual reentry plans to those persons involved with the ~~((offender's))~~ person's treatment, programming, and reentry, when deemed appropriate. When feasible, this information shall be shared electronically.

(8)(a) In determining the county of discharge for ~~((an-offender))~~ a person released to community custody, the department may ~~((not))~~ approve a residence location that is not in the ~~((offender's))~~ person's county of origin ~~((unless it is determined by the))~~ if the department determines that the ~~((offender's return to his or her county of origin would be inappropriate considering))~~ residence location would be appropriate based on any court-ordered condition of the ~~((offender's))~~ person's sentence, victim safety concerns, ~~((negative influences on the offender in the community, or the))~~ and factors that increase opportunities for successful reentry and long-term support including, but not limited to, location of family or other sponsoring persons or organizations that will support the ~~((offender))~~ person, availability of appropriate programming or treatment, and access to housing, employment, and prosocial influences on the person in the community.

(b) In implementing the provisions of this subsection, the department shall approve residence locations in a manner that will not cause any one county to be disproportionately impacted.

(c) If the ~~((offender))~~ person is not returned to his or her county of origin, the department shall provide the law and justice council of the county in which the ~~((offender))~~ person is placed with a written explanation.

~~((e))~~ (d)(i) For purposes of this section, except as provided in (d)(ii) of this subsection, the ~~((offender's))~~ person's county of origin means the county of the ~~((offender's))~~ person's residence at the time of the person's first felony conviction in Washington state.

ESSB 5321 Prime Sponsor, Committee on Higher Education & Workforce Development: Expanding access to the college bound scholarship. Reported by Committee on College & Workforce Development

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature enacted the college bound scholarship program in 2007 to encourage all Washington students to dream big by creating a guaranteed four-year tuition scholarship program for students from low-income families. The legislature finds the program has been successful in achieving this goal. A report by the Washington state institute for public policy found that the scholarship increases high school graduation rates, probability of on-time college

enrollment, college persistence, and college graduation rates. However, more than one quarter of eligible students are unable to access the scholarship by failing to sign the pledge required by the program. The legislature finds that the pledge has become an unintended barrier to entry, a problem made more acute as students are receiving their education remotely during the COVID-19 pandemic and have less access to school teachers, counselors, and peers. Therefore, the legislature intends with this act to remove the pledge as an eligibility requirement while retaining the requirement that students maintain a "C" average for direct admittance to a public or private four-year higher education institution and avoid serious interactions with the criminal justice system for four years. In order to ensure that the legislature will fulfill its promise to provide a scholarship upon graduation, the legislature intends by this act to create a statutory contractual right for students who fulfill scholarship requirements that vests when the student becomes first eligible for the scholarship.

Sec. 2. RCW 28B.118.010 and 2019 c 406 s 44 and 2019 c 298 s 1 are each reenacted and amended to read as follows:

The office of student financial assistance shall design the Washington college bound scholarship program in accordance with this section and in alignment with the Washington college grant program in chapter 28B.92 RCW unless otherwise provided in this section. (4) The authority may adopt program rules, in consultation with the office of the insurance commissioner, to ensure compliance with this section, including levying fines and taking other contract

actions it deems necessary to enforce compliance with this section.

(5) For the purposes of this section, "public option plan" means a qualified health plan contracted by the authority under RCW 41.05.410.

A health carrier contracting with the authority under this section must offer at least one bronze, one silver, and one gold qualified health plan in a single county or in multiple counties. The goal of the procurement conducted under this section is to have a choice of qualified health plans under this section offered in every county in the state. The authority may not execute a contract with an apparently successful bidder under this section until after the insurance commissioner has given final approval of the health carrier's rates and forms pertaining to the health plan to be offered under this section and certification of the health plan under RCW 43.71.065.

include, but are not limited to, standards for population health management; high-value, proven care; health equity; primary care; care coordination and chronic disease management; wellness and prevention; prevention of wasteful and harmful care; and patient engagement;

(f) To reduce administrative burden and increase transparency, the qualified health plan's utilization review processes must:

(i) Be focused on care that has high variation, high cost, or low evidence of clinical effectiveness; and

(ii) Meet national accreditation standards;

(g) ~~((i))~~ The total amount the qualified health plan reimburses providers and facilities for all covered benefits in the statewide aggregate, excluding pharmacy benefits, may not exceed one hundred sixty percent of the total amount medicare would have reimbursed providers and facilities for the same or similar services in the statewide aggregate;

~~((ii) Beginning in calendar year 2023, if the authority determines that selective contracting will result in actuarially sound premium rates that are no greater than the qualified health plan's previous plan year rates adjusted for inflation using the consumer price index, the director may, in consultation with the health benefit exchange, waive (g) (i) of this subsection as a requirement of the contracting process under this section;)~~

(h) For services provided by rural hospitals certified by the centers for medicare and medicaid services as critical access hospitals or sole community hospitals, the rates may not be less than one hundred one percent of allowable costs as defined by the United States centers for medicare and medicaid services for purposes of medicare cost reporting;

(i) Reimbursement for primary care services, as defined by the authority, provided by a physician with a primary specialty designation of family medicine, general internal medicine, or pediatric medicine, may not be less than one hundred thirty-five percent of the amount that would have been reimbursed under the medicare program for the same or similar services; and

(j) The qualified health plan must comply with any requirements established by the authority to address amounts expended on pharmacy benefits including, but not limited to, increasing generic utilization and use of evidence-based formularies.

(3)(a) At the request of the authority for monitoring, enforcement, or program and quality improvement activities, a qualified health plan offered under this section must provide cost and quality of care information and data to the authority, and may not enter into an agreement with a provider or third party that would restrict the qualified health plan from providing this information or data.

(b) Pursuant to RCW 42.56.650, any cost or quality information or data submitted to the authority is exempt from public disclosure.

(4) Nothing in this section prohibits a health carrier offering qualified health plans under this section from offering other health plans in the individual market.

Sec. 7. RCW 43.71.095 and 2019 c 364 s 1 are each amended to read as follows:

(1) The exchange, in consultation with the commissioner, the authority, an independent actuary, and other stakeholders, must establish up to three standardized health plans for each of the bronze, silver, and gold levels.

(a) The standardized health plans must be designed to reduce deductibles, make more services available before the deductible, provide predictable cost sharing, maximize subsidies, limit adverse premium impacts, reduce barriers to maintaining and improving health, and encourage choice based on value, while limiting increases in health plan premium rates.

(b) The exchange may update the standardized health plans annually.

(c) The exchange must provide a notice and public comment period before finalizing each year's standardized health plans.

(d) The exchange must provide written notice of the standardized health plans to licensed health carriers by January 31st before the year in which the health plans are to be offered on the exchange. The exchange may make modifications to the standardized plans after January 31st

to comply with changes to state or federal law or regulations.

(2)(a) Beginning January 1, 2021, any health carrier offering a qualified health plan on the exchange must offer ~~((one)) the silver ((standardized health plan)) and ~~((one)) gold standardized health plans established under this section on the exchange in each county where the carrier offers a qualified health plan.~~ If a health carrier offers a bronze health plan on the exchange, it must offer ~~((one)) the bronze standardized health plans established under this section on the exchange in each county where the carrier offers a qualified health plan.~~~~

(b)(i) ~~((A))~~ Until December 31, 2022, a health ~~((plan)) carrier offering a standardized health plan under this section may also offer nonstandardized health plans on the exchange. Beginning January 1, 2023, a health carrier offering a standardized health plan under this section may also offer up to two nonstandardized gold health plans, two nonstandardized bronze health plans, one nonstandardized silver health plan, one nonstandardized platinum health plan, and one nonstandardized catastrophic health plan in each county where the carrier offers a qualified health plan.~~

(ii) The exchange, in consultation with the office of the insurance commissioner, shall analyze the impact to exchange consumers of offering only standard plans beginning in 2025 and submit a report to the appropriate committees of the legislature by December 1, 2023. The report must include an analysis of how plan choice and affordability will be impacted for exchange consumers across the state, including an analysis of offering a bronze standardized high deductible health plan compatible with a health savings account, and a gold standardized health plan closer in actuarial value to the silver standardized health plan.

(iii) The actuarial value of nonstandardized silver health plans offered on the exchange may not be less than the actuarial value of the standardized silver health plan with the lowest actuarial value.

(c) A health carrier offering a standardized health plan on the exchange under this section must continue to meet all requirements for qualified health plan certification under RCW 43.71.065

including, but not limited to, requirements relating to rate review and network adequacy."

E2SSB 5399 Prime Sponsor, Committee on Ways & Means: Concerning the creation of a universal health care commission. Reported by Committee on Health Care & Wellness

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** (1) The legislature finds that:

(a) Healthy Washingtonians contribute to the economic well-being of their families and communities, and access to appropriate health services and improved health outcomes allow all Washingtonian families to enjoy productive and satisfying lives;

(b) Washington and the United States are experiencing the deepest economic crisis since the Great Depression, caused by a public health crisis;

(c) Skyrocketing unemployment rates due to COVID-19 have exposed the frailties and inequalities of the current health care system while causing unsustainable strain to the state's medicaid system;

(d) Thousands of union and nonunion workers are unemployed and without health insurance;

(e) Approximately 125,000 undocumented people live in the state with no access to health care during a global pandemic;

(f) Multiple economic analyses show that a universal system is less expensive, more equitable, and will produce billions in savings per year; and

(g) While a unified health care financing system can provide universal coverage, increase access to care, decrease costs, and improve quality, implementing such a system in the state is dependent on foundational legal, financial, and programmatic changes from the federal government.

(2) The legislature intends to create a permanent universal health care commission to:

(a) Implement immediate and impactful changes in the state's current health care system to increase access to quality, affordable health care by streamlining access to coverage, reducing fragmentation of health care financing across multiple public and private health insurance entities, reducing unnecessary administrative costs, reducing health disparities, and establishing mechanisms to expeditiously link residents with their chosen providers; and

(b) Establish the preliminary infrastructure to position the state to be prepared to establish a universal health system, including a unified financing system, that controls health care spending so that the system is affordable to the state, employers, and individuals, once the necessary federal authorities have been realized.

(3) The legislature further intends that the state, in collaboration with all communities, health plans, and providers, should take steps to improve health outcomes for all residents of the state.

NEW SECTION. **Sec. 2.** A new section is added to chapter 41.05 RCW to read as follows:

(1) The universal health care commission is established to create immediate and impactful changes in the health care access and delivery system in Washington and to prepare the state for the creation of a health care system that provides coverage and access through a universal financing system, including a unified financing system, for all Washingtonians, once the necessary federal authority has been acquired.

(2) The commission includes the following voting members:

(a) One member from each of the two largest caucuses of the house of representatives, appointed by the speaker of the house of representatives;

(b) One member from each of the two largest caucuses of the senate, appointed by the president of the senate;

(c) The secretary of the department of health, or the secretary's designee;

(d) The director of the health care authority, or the director's designee, who shall serve as chair of the commission;

(e) The chief executive officer of the Washington health benefit exchange, or the chief executive officer's designee;

(f) The insurance commissioner, or the commissioner's designee;

(g) The director of the office of equity, or the director's designee; and

(h) Six members appointed by the governor with knowledge and experience regarding health care coverage, access, and financing, or other relevant expertise, including at least one invitation to an individual representing tribal governments with knowledge of the Indian health care delivery in the state.

(3) A majority of the voting members of the commission shall constitute a quorum for any votes of the commission.

(4) The health care authority shall staff the commission.

(5) Members of the commission shall serve without compensation but must be reimbursed for their travel expenses while on official business in accordance with RCW 43.03.050 and 43.03.060.

(6) The commission may establish advisory committees that include members of the public with knowledge and experience in health care, in order to support stakeholder engagement and an analytical process by which key design options are developed. A member of an advisory committee need not be a member of the commission.

(7) By November 1, 2022, the commission shall submit a baseline report to the legislature and the governor, and post it on the authority's website. The report must include:

(a) A complete synthesis of analyses done on Washington's existing health care finance and delivery system, including cost, quality, workforce, and provider consolidation trends and how they impact the state's ability to provide all Washingtonians with timely access to high quality, affordable health care;

(b) A strategy for developing implementable changes to the state's health care financing and delivery system to increase access to health care services and health coverage, reduce health care costs, reduce health disparities, improve quality, and prepare for the transition to a unified health care financing system by actively examining data and reports from sources that are monitoring the health care system. Such sources shall include data or reports from the health care cost transparency board under RCW 70.390.070, the public health advisory board, the governor's interagency coordinating council on health disparities under RCW 43.20.275, the all-payer health care claims database established under chapter 43.371 RCW, prescription drug price data, performance measure data under chapter 70.320 RCW, and other health care cost containment programs;

(c) An inventory of the key design elements of a universal health care system including:

(i) A unified financing system including, but not limited to, a single-payer financing system;

(ii) Eligibility and enrollment processes and requirements;

(iii) Covered benefits and services;

(iv) Provider participation;

(v) Effective and efficient provider payments, including consideration of global budgets and health plan payments;

(vi) Cost containment and savings strategies that are designed to assure that total health care expenditures do not exceed the health care cost growth benchmark established under chapter 70.390 RCW;

(vii) Quality improvement strategies;

(viii) Participant cost sharing, if appropriate;

(ix) Quality monitoring and disparities reduction;

(x) Initiatives for improving culturally appropriate health services within public and private health-related agencies;

(xi) Home and community-based services;

(xii) Strategies to reduce health disparities including, but not limited to, mitigating structural racism and other determinants of health as set forth by the office of equity;

(xiii) Information technology systems and financial management systems;

(xiv) Data sharing and transparency; and

(xv) Governance and administration structure, including integration of federal funding sources;

(d) An assessment of the state's current level of preparedness to meet the elements of (c) of this subsection and steps Washington should take to prepare for a just transition to a unified health care financing system, including a single-payer financing system. Recommendations must include, but are not limited to, administrative changes, reorganization of state programs, retraining programs for displaced workers, federal waivers, and statutory and constitutional changes;

(e) Recommendations for implementing reimbursement rates for health care providers serving medical assistance clients who are enrolled in programs under chapter 74.09 RCW at a rate that is no less than 80 percent of the rate paid by medicare for similar services;

(f) Recommendations for coverage expansions to be implemented prior to and consistent with a universal health care system, including potential funding sources; and

(g) Recommendations for the creation of a finance committee to develop a financially feasible model to implement universal health care coverage using state and federal funds.

(8) Following the submission of the baseline report on November 1, 2022, the commission must structure its work to continue to further identify opportunities to implement reforms consistent with subsection (7)(b) of this section and to implement structural changes to prepare the state for a transition to a unified health care

financing system. The commission must submit annual reports to the governor and the legislature each November 1st, beginning in 2023. The reports must detail the work of the commission, the opportunities identified to advance the goals under subsection (7) of this section, which, if any, of the opportunities a state agency is implementing, which, if any, opportunities should be pursued with legislative policy or fiscal authority, and which opportunities have been identified as beneficial, but lack federal authority to implement.

(9) Subject to sufficient existing agency authority, state agencies may implement specific elements of any report issued under this section. This section shall not be construed to authorize the commission to implement a universal health care system through a unified financing system until there is further action by the legislature and the governor.

(10) The commission must hold its first meeting within 90 days of the effective date of this section."

SB 5043

Prime Sponsor, Senator Salomon: Providing housing to school district employees. Reported by Committee on Education

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. Many communities throughout Washington recognize that a lack of affordable housing significantly undermines the ability to attract candidates to work in the public service. Firefighters, police officers, and teachers, for example, must often resort to living far from the communities they serve and must contend with traffic and transportation pressures getting to and from work. In the field of education, the inability to find affordable housing in neighborhoods and communities where schools are located contributes to the acute educator workforce shortage. Some school districts are exploring ways to provide teacher housing as a potential strategy to attract and retain these essential public servants. The intent of the legislature is to enable communities to determine the success and value of supporting housing for public servants by first expanding to all school districts an existing authority to provide teacher housing currently available only to second-class districts. In so doing, the legislature encourages school districts that wish to pursue this strategy to partner with local housing authorities and other local governments to finance, build, and manage affordable housing for public servants.

Sec. 2. RCW 28A.335.240 and 2004 c 6 s 1 are each amended to read as follows:

(1) The board of directors of a ((second-class)) school district ((shall)) may build schoolhouses and teachers' cottages, or other single or

multifamily housing for school district employees, when directed by a vote of the qualified electors of the school district to do so pursuant to RCW 28A.530.010, and may purchase real property for any school district purpose.

(2) The board of directors of a second-class nonhigh school district that is totally surrounded by water and serves fewer than forty students also may authorize the construction of teachers' cottages without a vote of the district using funds from the district's capital projects fund or general fund.

(3) Rental and other income from the cottages or other housing, including sale of the cottages or other housing, may be deposited, in whole or in part, into the school district's general fund to be used for general maintenance, utility, insurance costs, and any other costs associated with the lease or rental of such property and for other district purposes including costs related to operating and maintaining school facilities, debt service fund, or capital projects fund as determined by the board of directors.

(4) The board of directors of any district may find the provision of housing for school district employees to be necessary or proper to recruit or retain qualified school district employees or otherwise necessary or proper to carry out the functions of the district, and upon such finding the provision of such housing is in furtherance of the district's fundamental governmental purpose.

(5) Any school district may enter into an agreement with any municipality, taxing district, or municipal corporation regarding the conveying or leasing of any lands, properties, or facilities for the development of single or multifamily housing for school district employees or to provide for the joint use of such lands, properties, or facilities, or to participate in the financing of all or any part of the lands, properties, or facilities for these purposes on terms as may be fixed by agreement between the respective legislative bodies.

Sec. 3. RCW 28A.335.250 and 1975 c 43 s 16 are each amended to read as follows:

(~~School boards in each district of the second class~~) The board of directors of any school district may provide for the free, comfortable and convenient use

of the school property to promote and facilitate frequent meetings and association of the people in discussion, study, improvement, recreation and other community purposes, and may acquire, assemble and house material for the dissemination of information of use and interest to the farm, the home and the community, and facilities for experiment and study, especially in matters pertaining to the growing of crops, the improvement and handling of livestock, the marketing of farm products, the planning and construction of farm buildings, the subjects of household economies, home industries, good roads, and community vocations and industries; and may call meetings for the consideration and discussion of any such matters(~~(7)~~) and employ a special supervisor, or leader, if need be(~~(7 and)~~). School districts may provide suitable dwellings and accommodations for (~~teachers, supervisors and necessary assistants~~) school district employees for these purposes and for any other district purposes determined by the board of directors of any district under RCW 28A.335.240.

Sec. 4. RCW 28A.335.130 and 2004 c 6 s 2 are each amended to read as follows:

Except as provided in RCW 28A.335.240(~~((1))~~) (3), the proceeds from any sale of school district real property by a board of directors shall be deposited to the debt service fund and/or the capital projects fund, except for amounts required to be expended for the costs associated with the sale of such property, which moneys may be deposited into the fund from which the expenditure was incurred.

Sec. 5. RCW 82.29A.130 and 2019 c 335 s 1 are each amended to read as follows:

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** SHORT TITLE. This act may be known and cited as the Washington privacy act.

NEW SECTION. **Sec. 2.** LEGISLATIVE FINDINGS AND INTENT. (1) The legislature finds that the people of Washington regard their privacy as a fundamental right and an essential element of their

individual freedom. Washington's Constitution explicitly provides the right to privacy, and fundamental privacy rights have long been and continue to be integral to protecting Washingtonians and to safeguarding our democratic republic.

(2) Ongoing advances in technology have produced an exponential growth in the volume and variety of personal data being generated, collected, stored, and analyzed, which presents both promise and potential peril. The ability to harness and use data in positive ways is driving innovation and brings beneficial technologies to society. However, it has also created risks to privacy and freedom. The unregulated and unauthorized use and disclosure of personal information and loss of privacy can have devastating impacts, ranging from financial fraud, identity theft, and unnecessary costs, to personal time and finances, to destruction of property, harassment, reputational damage, emotional distress, and physical harm.

(3) Given that technological innovation and new uses of data can help solve societal problems, protect public health associated with global pandemics, and improve quality of life, the legislature seeks to shape responsible public policies where innovation and protection of individual privacy coexist. The legislature notes that our federal authorities have not developed or adopted into law regulatory or legislative solutions that give consumers control over their privacy. In contrast, the European Union's general data protection regulation has continued to influence data privacy policies and practices of those businesses competing in global markets. In the absence of federal standards, Washington and other states across the United States are analyzing elements of the European Union's general data protection regulation to enact state-based data privacy regulatory protections.

(4) Responding to COVID-19 illustrates the need for public policies that protect individual privacy while fostering technological innovation. For years, contact tracing best practices have been used by public health officials to securely process high value individual data and have effectively stopped the prolific spread of infectious diseases. However, the scale of COVID-19 is unprecedented. Contact tracing is

evolving in a manner that necessitates the use of technology to rapidly collect and process data from multiple data sets, many of which are unanticipated, to protect public health as well as to facilitate the continued safe operation of the economy. The benefits of such technology, however, should not supersede the potential privacy risks to individuals.

(5) Exposure notification applications have already been deployed throughout the country and the world. However, contact tracing technology is rapidly evolving. Applications may be integrated in a manner that facilitates the aggregation and sharing of individual data that in effect generate profiles of individuals. Artificial intelligence may be used for the extrapolation of data to analyze and interpret data for public health purposes. Moreover, the potential government use of exposure notification applications poses additional potential privacy risks to individuals due to the types of sensitive data it has access to and processes. Much of that processing may have legal effects, including access to services or establishments. The capabilities of next generation contact tracing technologies are unknown and policies must be in place to provide privacy protections for current uses as well as potential future uses.

(6) With this act, the legislature intends to: Provide a modern privacy regulatory framework with data privacy guardrails to protect individual privacy; establish mechanisms for consumers to exercise control over their data; instill public confidence on the processing of their personal and public health data during any global pandemic; and require companies to be responsible custodians of data as technological innovations emerge.

(7) This act gives consumers the ability to protect their own rights to privacy by explicitly providing consumers the right to access, correct, and delete personal data, as well as the rights to obtain data in a portable format and to opt out of the collection and use of personal data for certain purposes. These rights will add to, and not subtract from, the consumer protection rights that consumers already have under Washington state law.

(8) This act also imposes affirmative obligations upon companies to safeguard personal data, and provide clear,

understandable, and transparent information to consumers about how their personal data is used. It strengthens compliance and accountability by requiring data protection assessments in the collection and use of personal data. Finally, it exclusively empowers the state attorney general to obtain and evaluate a company's data protection assessments, to conduct investigations, while preserving consumers' rights under the consumer protection act to impose penalties where violations occur, and to prevent against future violations.

(9) Lastly, the legislature encourages the state office of privacy and data protection to monitor (1) the development of universal privacy controls that communicate a consumer's affirmative, freely given, and unambiguous choice to opt out of the processing of their personal data, and (2) the effectiveness of allowing a consumer to designate a third party to exercise a consumer right on their behalf as authorized in other privacy laws.

(35) "Targeted advertising" means displaying advertisements to a consumer where the advertisement is selected based on personal data obtained from a consumer's activities over time and across one or more distinctly branded websites or online applications to predict the consumer's preferences or interests. It does not include advertising: (a) Based on activities within a controller's own commonly branded websites or online applications; (b) based on the context of a consumer's current search query or visit to a website or online application; or (c) to a consumer in response to the consumer's request for information or feedback.

(36) "Third party" means a natural or legal person, public authority, agency, or body other than the consumer, controller, processor, or an affiliate of the processor or the controller.

(4) Payment-only credit, check, or cash transactions where no data about consumers are retained do not count as "consumers" for purposes of subsection (1) of this section.

NEW SECTION. Sec. 103. CONSUMER RIGHTS. (1) A consumer has the right to confirm whether or not a controller is processing personal data concerning the consumer and access the personal data the controller is processing.

(2) A consumer has the right to correct inaccurate personal data concerning the consumer, taking into account the nature of the personal data and the purposes of the processing of the personal data.

(3) A consumer has the right to delete personal data concerning the consumer.

(4) A consumer has the right to obtain personal data concerning the consumer, which the consumer previously provided to the controller, in a portable and, to the extent technically feasible, readily usable format that allows the individual to transmit the data to another controller without hindrance, where the processing is carried out by automated means.

(5) A consumer has the right to opt out of the processing of personal data concerning such a consumer for the

purposes of (a) targeted advertising; (b) the sale of personal data; or (c) profiling in furtherance of decisions that produce legal effects concerning a consumer or similarly significant effects concerning a consumer.

NEW SECTION. Sec. 104. EXERCISING CONSUMER RIGHTS. (1) A consumer may exercise the rights set forth in section 103 of this act by submitting a request, at any time, to a controller specifying which rights the consumer wishes to exercise.

(2) Beginning July 31, 2023, a consumer may exercise the rights under section 103(5) (a) and (b) of this act:

(a) By designating an authorized agent who may exercise the rights on behalf of the consumer; or

(b) Via user-enabled global privacy controls, such as a browser plug-in or privacy setting, device setting, or other mechanism, that communicates or signals the consumer's choice to opt out.

(3) In the case of processing personal data of a known child, the parent or legal guardian of the known child may exercise the rights of this chapter on the child's behalf.

(4) In the case of processing personal data concerning a consumer subject to guardianship, conservatorship, or other protective arrangement under chapter 11.88, 11.92, or 11.130 RCW, the guardian or the conservator of the consumer may exercise the rights of this chapter on the consumer's behalf.

NEW SECTION. Sec. 105. RESPONDING TO REQUESTS. (1) Except as provided in this chapter, the controller must comply with a request to exercise the rights pursuant to section 103 of this act.

(2) (a) Controllers must provide one or more secure and reliable means for consumers to submit a request to exercise their rights under this chapter. These means must take into account the ways in which consumers interact with the controller and the need for secure and reliable communication of the requests.

(b) Controllers may not require a consumer to create a new account in order to exercise a right, but a controller may require a consumer to use an existing account to exercise the consumer's rights under this chapter.

(3) A controller must comply with a request to exercise the right in section 103(5) of this act as soon as feasibly possible, but no later than 15 days of receipt of the request.

(4) (a) A controller must inform a consumer of any action taken on a request to exercise any of the rights in section 103 (1) through (4) of this act without undue delay and in any event within 45 days of receipt of the request. That period may be extended once by 45 additional days where reasonably necessary, taking into account the complexity and number of the requests. The controller must inform the consumer of any such extension within 45 days of receipt of the request, together with the reasons for the delay.

(b) If a controller does not take action on the request of a consumer, the controller must inform the consumer without undue delay and at the latest within 45 days of receipt of the request of the reasons for not taking action and instructions for how to appeal the decision with the controller as described in subsection (5) of this section.

(c) Information provided under this section must be provided by the controller to the consumer free of charge, up to twice annually. Where requests from a consumer are manifestly unfounded or excessive, in particular because of their repetitive character, the controller may either: (i) Charge a reasonable fee to cover the administrative costs of complying with the request; or (ii) refuse to act on the request. The controller bears the burden of demonstrating the manifestly unfounded or excessive character of the request.

(d) A controller is not required to comply with a request to exercise any of the rights under section 103 (1) through (4) of this act if the controller is unable to authenticate the request using commercially reasonable efforts. In such a case, the controller may request the provision of additional information reasonably necessary to authenticate the request.

(5) (a) A controller must establish an internal process whereby a consumer may appeal a refusal to take action on a request to exercise any of the rights under section 103 of this act within a reasonable period of time after the

controller refuses to take action on such request.

(b) The appeal process must be conspicuously available and as easy to use as the process for submitting such a request under this section.

(c) Within 30 days of receipt of an appeal, a controller must inform the consumer of any action taken or not taken in response to the appeal, along with a written explanation of the reasons in support thereof. That period may be extended by 60 additional days where reasonably necessary, taking into account the complexity and number of the requests serving as the basis for the appeal. The controller must inform the consumer of such an extension within 30 days of receipt of the appeal, together with the reasons for the delay. The controller must also provide the consumer with an email address or other online mechanism through which the consumer may submit the appeal, along with any action taken or not taken by the controller in response to the appeal and the controller's written explanation of the reasons in support thereof, to the attorney general.

(d) When informing a consumer of any action taken or not taken in response to an appeal pursuant to (c) of this subsection, the controller must clearly and prominently provide the consumer with information about how to file a complaint with the consumer protection division of the attorney general's office. The controller must maintain records of all such appeals and how it responded to them for at least 24 months and shall, upon request, compile and provide a copy of such records to the attorney general.

NEW SECTION. Sec. 106.
RESPONSIBILITY ACCORDING TO ROLE. (1) Controllers and processors are responsible for meeting their respective obligations established under this chapter.

(2) Processors are responsible under this chapter for adhering to the instructions of the controller and assisting the controller to meet its obligations under this chapter. This assistance includes the following:

(a) Taking into account the nature of the processing, the processor shall assist the controller by appropriate technical and organizational measures, insofar as this is possible, for the fulfillment of the controller's

obligation to respond to consumer requests to exercise their rights pursuant to section 103 of this act; and

(b) Taking into account the nature of processing and the information available to the processor, the processor shall: Assist the controller in meeting the controller's obligations in relation to the security of processing the personal data and in relation to the notification of a breach of the security of the system pursuant to RCW 19.255.010; and provide information to the controller necessary to enable the controller to conduct and document any data protection assessments required by section 109 of this act. The controller and processor are each responsible for only the measures allocated to them.

(3) Notwithstanding the instructions of the controller, a processor shall:

(a) Ensure that each person processing the personal data is subject to a duty of confidentiality with respect to the data; and

(b) Engage a subcontractor only after providing the controller with an opportunity to object and pursuant to a written contract in accordance with subsection (5) of this section that requires the subcontractor to meet the obligations of the processor with respect to the personal data.

(4) Taking into account the context of processing, the controller and the processor shall implement appropriate technical and organizational measures to ensure a level of security appropriate to the risk and establish a clear allocation of the responsibilities between them to implement such measures.

(5) Processing by a processor must be governed by a contract between the controller and the processor that is binding on both parties and that sets out the processing instructions to which the processor is bound, including the nature and purpose of the processing, the type of personal data subject to the processing, the duration of the processing, and the obligations and rights of both parties. In addition, the contract must include the requirements imposed by this subsection and subsections (3) and (4) of this section, as well as the following requirements:

(a) At the choice of the controller, the processor shall delete or return all personal data to the controller as

requested at the end of the provision of services, unless retention of the personal data is required by law;

(b)(i) The processor shall make available to the controller all information necessary to demonstrate compliance with the obligations in this chapter; and

(ii) The processor shall allow for, and contribute to, reasonable audits and inspections by the controller or the controller's designated auditor. Alternatively, the processor may, with the controller's consent, arrange for a qualified and independent auditor to conduct, at least annually and at the processor's expense, an audit of the processor's policies and technical and organizational measures in support of the obligations under this chapter using an appropriate and accepted control standard or framework and audit procedure for the audits as applicable, and provide a report of the audit to the controller upon request.

(6) In no event may any contract relieve a controller or a processor from the liabilities imposed on them by virtue of its role in the processing relationship as defined by this chapter.

(7) Determining whether a person is acting as a controller or processor with respect to a specific processing of data is a fact-based determination that depends upon the context in which personal data are to be processed. A person that is not limited in its processing of personal data pursuant to a controller's instructions, or that fails to adhere to such instructions, is a controller and not a processor with respect to a specific processing of data. A processor that continues to adhere to a controller's instructions with respect to a specific processing of personal data remains a processor. If a processor begins, alone or jointly with others, determining the purposes and means of the processing of personal data, it is a controller with respect to the processing.

NEW SECTION. Sec. 107.
RESPONSIBILITIES OF CONTROLLERS. (1)(a) Controllers shall provide consumers with a reasonably accessible, clear, and meaningful privacy notice that includes:

(i) The categories of personal data processed by the controller;

(ii) The purposes for which the categories of personal data are processed;

(iii) How and where consumers may exercise the rights contained in section 103 of this act, including how a consumer may appeal a controller's action with regard to the consumer's request;

(iv) The categories of personal data that the controller shares with third parties, if any; and

(v) The categories of third parties, if any, with whom the controller shares personal data.

(b) If a controller sells personal data to third parties or processes personal data for targeted advertising, the controller must clearly and conspicuously disclose the processing, as well as the manner in which a consumer may exercise the right to opt out of the processing, in a clear and conspicuous manner.

(c) The privacy notice required under this subsection must:

(i) Use clear and plain language;

(ii) Be in English and any other language in which a controller communicates with the consumer to whom the information pertains; and

(iii) Be understandable to the least sophisticated consumer.

(2) A controller's collection of personal data must be limited to what is reasonably necessary in relation to the purposes for which the data is processed.

(3) A controller's collection of personal data must be adequate, relevant, and limited to what is reasonably necessary in relation to the purposes for which the data is processed.

(4) Except as provided in this chapter, a controller may not process personal data for purposes that are not reasonably necessary to, or compatible with, the purposes for which the personal data is processed unless the controller obtains the consumer's consent.

(5) A controller shall establish, implement, and maintain reasonable administrative, technical, and physical data security practices to protect the confidentiality, integrity, and accessibility of personal data. The data security practices must be appropriate to

the volume and nature of the personal data at issue.

(6) A controller shall not process personal data on the basis of a consumer's or a class of consumers' actual or perceived race, color, ethnicity, religion, national origin, sex, gender, gender identity, sexual orientation, familial status, lawful source of income, or disability, in a manner that unlawfully discriminates against the consumer or class of consumers with respect to the offering or provision of: (a) Housing; (b) employment; (c) credit; (d) education; or (e) the goods, services, facilities, privileges, advantages, or accommodations of any place of public accommodation.

(7) A controller may not discriminate against a consumer for exercising any of the rights contained in this chapter, including denying goods or services to the consumer, charging different prices or rates for goods or services, and providing a different level of quality of goods and services to the consumer. This subsection does not prohibit a controller from offering a different price, rate, level, quality, or selection of goods or services to a consumer, including offering goods or services for no fee, if the offering is in connection with a consumer's voluntary participation in a bona fide loyalty, rewards, premium features, discounts, or club card program. If a consumer exercises their right pursuant to section 103(5) of this act, a controller may not sell personal data to a third-party controller as part of such a program unless: (a) The sale is reasonably necessary to enable the third party to provide a benefit to which the consumer is entitled; (b) the sale of personal data to third parties is clearly disclosed in the terms of the program; and (c) the third party uses the personal data only for purposes of facilitating such a benefit to which the consumer is entitled and does not retain or otherwise use or disclose the personal data for any other purpose.

(8) Except as otherwise provided in this chapter, a controller may not process sensitive data concerning a consumer without obtaining the consumer's consent or, in the case of the processing of sensitive data of a known child, without obtaining consent from the child's parent or lawful guardian, in

accordance with the children's online privacy protection act requirements.

(9) Except as otherwise provided in this chapter, a controller may not process the personal data of a minor for the purposes of targeted advertising or the sale of personal data without obtaining consent from the minor.

(10) Any provision of a contract or agreement of any kind that purports to waive or limit in any way a consumer's rights under this chapter is deemed contrary to public policy and is void and unenforceable.

NEW SECTION. Sec. 108. PROCESSING DEIDENTIFIED DATA OR PSEUDONYMOUS DATA. (1) This chapter does not require a controller or processor to do any of the following solely for purposes of complying with this chapter:

(a) Reidentify deidentified data;

(b) Comply with an authenticated consumer request to access, correct, delete, or port personal data pursuant to section 103 (1) through (4) of this act, if all of the following are true:

(i) (A) The controller is not reasonably capable of associating the request with the personal data; or (B) it would be unreasonably burdensome for the controller to associate the request with the personal data;

(ii) The controller does not use the personal data to recognize or respond to the specific consumer who is the subject of the personal data, or associate the personal data with other personal data about the same specific consumer; and

(iii) The controller does not sell the personal data to any third party or otherwise voluntarily disclose the personal data to any third party other than a processor, except as otherwise permitted in this section; or

(c) Maintain data in identifiable form, or collect, obtain, retain, or access any data or technology, in order to be capable of associating an authenticated consumer request with personal data.

(2) The rights contained in section 103 (1) through (4) of this act do not apply to pseudonymous data in cases where the controller is able to demonstrate any information necessary to identify the consumer is kept separately and is subject to effective technical and

organizational controls that prevent the controller from accessing such information.

(3) A controller that uses pseudonymous data or deidentified data must exercise reasonable oversight to monitor compliance with any contractual commitments to which the pseudonymous data or deidentified data are subject and must take appropriate steps to address any breaches of contractual commitments.

NEW SECTION. Sec. 109. DATA PROTECTION ASSESSMENTS. (1) Controllers must conduct and document a data protection assessment of each of the following processing activities involving personal data:

(a) The processing of personal data for purposes of targeted advertising;

(b) The processing of personal data for the purposes of the sale of personal data;

(c) The processing of personal data for purposes of profiling, where such profiling presents a reasonably foreseeable risk of: (i) Unfair or deceptive treatment of, or disparate impact on, consumers; (ii) financial, physical, or reputational injury to consumers; (iii) a physical or other intrusion upon the solitude or seclusion, or the private affairs or concerns, of consumers, where such intrusion would be offensive to a reasonable person; or (iv) other substantial injury to consumers;

(d) The processing of sensitive data; and

(e) Any processing activities involving personal data that present a heightened risk of harm to consumers.

Such data protection assessments must take into account the type of personal data to be processed by the controller, including the extent to which the personal data are sensitive data, and the context in which the personal data are to be processed.

(2) Data protection assessments conducted under subsection (1) of this section must identify and weigh the benefits that may flow directly and indirectly from the processing to the controller, consumer, other stakeholders, and the public against the potential risks to the rights of the consumer associated with such processing, as mitigated by safeguards that can be employed by the controller to

reduce such risks. The use of deidentified data and the reasonable expectations of consumers, as well as the context of the processing and the relationship between the controller and the consumer whose personal data will be processed, must be factored into this assessment by the controller.

(3) The attorney general may request, in writing, that a controller disclose any data protection assessment that is relevant to an investigation conducted by the attorney general. The controller must make a data protection assessment available to the attorney general upon such a request. The attorney general may evaluate the data protection assessments for compliance with the responsibilities contained in section 107 of this act and, if it serves a civil investigative demand, with RCW 19.86.110. Data protection assessments are confidential and exempt from public inspection and copying under chapter 42.56 RCW. The disclosure of a data protection assessment pursuant to a request from the attorney general under this subsection does not constitute a waiver of the attorney-client privilege or work product protection with respect to the assessment and any information contained in the assessment unless otherwise subject to case law regarding the applicability of attorney-client privilege or work product protections.

(4) Data protection assessments conducted by a controller for the purpose of compliance with other laws or regulations may qualify under this section if they have a similar scope and effect.

NEW SECTION. Sec. 110. LIMITATIONS AND APPLICABILITY. (1) The obligations imposed on controllers or processors under this chapter do not restrict a controller's or processor's ability to:

(a) Comply with federal, state, or local laws, rules, or regulations;

(b) Comply with a civil, criminal, or regulatory inquiry, investigation, subpoena, or summons by federal, state, local, or other governmental authorities;

(c) Cooperate with law enforcement agencies concerning conduct or activity that the controller or processor reasonably and in good faith believes may violate federal, state, or local laws, rules, or regulations;

(d) Investigate, establish, exercise, prepare for, or defend legal claims;

(e) Provide a product or service specifically requested by a consumer, perform a contract to which the consumer is a party, or take steps at the request of the consumer prior to entering into a contract;

(f) Take immediate steps to protect an interest that is essential for the life of the consumer or of another natural person, and where the processing cannot be manifestly based on another legal basis;

(g) Prevent, detect, protect against, or respond to security incidents, identity theft, fraud, harassment, malicious or deceptive activities, or any illegal activity; preserve the integrity or security of systems; or investigate, report, or prosecute those responsible for any such action;

(h) Engage in public or peer-reviewed scientific, historical, or statistical research in the public interest that adheres to all other applicable ethics and privacy laws and is approved, monitored, and governed by an institutional review board, human subjects research ethics review board, or a similar independent oversight entity that determines: (i) If the research is likely to provide substantial benefits that do not exclusively accrue to the controller; (ii) the expected benefits of the research outweigh the privacy risks; and (iii) if the controller has implemented reasonable safeguards to mitigate privacy risks associated with research, including any risks associated with reidentification; or

(i) Assist another controller, processor, or third party with any of the obligations under this subsection.

(2) The obligations imposed on controllers or processors under this chapter do not restrict a controller's or processor's ability to collect, use, or retain data to:

(a) Identify and repair technical errors that impair existing or intended functionality; or

(b) Perform solely internal operations that are reasonably aligned with the expectations of the consumer based on the consumer's existing relationship with the controller, or are otherwise compatible with processing in

furtherance of the provision of a product or service specifically requested by a consumer or the performance of a contract to which the consumer is a party when those internal operations are performed during, and not following, the consumer's relationship with the controller.

(3) The obligations imposed on controllers or processors under this chapter do not apply where compliance by the controller or processor with this chapter would violate an evidentiary privilege under Washington law and do not prevent a controller or processor from providing personal data concerning a consumer to a person covered by an evidentiary privilege under Washington law as part of a privileged communication.

(4) A controller or processor that discloses personal data to a third-party controller or processor in compliance with the requirements of this chapter is not in violation of this chapter if the recipient processes such personal data in violation of this chapter, provided that, at the time of disclosing the personal data, the disclosing controller or processor did not have actual knowledge that the recipient intended to commit a violation. A third-party controller or processor receiving personal data from a controller or processor in compliance with the requirements of this chapter is likewise not in violation of this chapter for the obligations of the controller or processor from which it receives such personal data.

(5) Obligations imposed on controllers and processors under this chapter shall not:

(a) Adversely affect the rights or freedoms of any persons, such as exercising the right of free speech pursuant to the First Amendment to the United States Constitution; or

(b) Apply to the processing of personal data by a natural person in the course of a purely personal or household activity.

(6) Processing personal data solely for the purposes expressly identified in subsection (1)(a) through (g) of this section does not, by itself, make an entity a controller with respect to the processing.

(7) If a controller processes personal data pursuant to an exemption in this section, the controller bears the burden

of demonstrating that the processing qualifies for the exemption and complies with the requirements in subsection (8) of this section.

(8) (a) Personal data that is processed by a controller pursuant to this section must not be processed for any purpose other than those expressly listed in this section.

(b) Personal data that is processed by a controller pursuant to this section may be processed solely to the extent that such processing is: (i) Necessary, reasonable, and proportionate to the purposes listed in this section; (ii) adequate, relevant, and limited to what is necessary in relation to the specific purpose or purposes listed in this section; and (iii) insofar as possible, taking into account the nature and purpose of processing the personal data, subjected to reasonable administrative, technical, and physical measures to protect the confidentiality, integrity, and accessibility of the personal data, and to reduce reasonably foreseeable risks of harm to consumers.

NEW SECTION. Sec. 111. PRIVATE RIGHT OF ACTION. (1) Except as provided in subsection (2) of this section, nothing in this chapter creates an independent cause of action, except for the actions brought by the attorney general to enforce this chapter. Except as provided in subsection (2) of this section, no person, except for the attorney general, may enforce the rights and protections created by this chapter in any action. However, nothing in this chapter limits any other independent causes of action enjoyed by any person, including any constitutional, statutory, administrative, or common law rights or causes of action. The rights and protections in this chapter are not exclusive, and to the extent that a person has the rights and protections in this chapter because of another law other than this chapter, the person continues to have those rights and protections notwithstanding the existence of this chapter.

(2) A consumer alleging a violation of section 103 or 107 (6), (8), or (9) of this act may bring a civil action in any court of competent jurisdiction. Remedies shall be limited to appropriate injunctive relief. The court shall also award reasonable attorneys' fees and costs to any prevailing plaintiff.

NEW SECTION. Sec. 112. ENFORCEMENT.

(1) Except as provided in section 111 of this act, chapter may be enforced solely by the attorney general under the consumer protection act, chapter 19.86 RCW.

(2) In actions brought by the attorney general, the legislature finds: (a) The practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW, and (b) a violation of this chapter is not reasonable in relation to the development and preservation of business, is an unfair or deceptive act in trade or commerce, and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

(3) The legislative declarations in this section shall not apply to any claim or action by any party other than the attorney general alleging that conduct regulated by this chapter violates chapter 19.86 RCW, and this chapter does not incorporate RCW 19.86.093.

(4) Until July 31, 2023, in the event of a controller's or processor's violation under this chapter, prior to filing a complaint, the attorney general must provide the controller or processor with a warning letter identifying the specific provisions of this chapter the attorney general alleges have been or are being violated. If, after 30 days of issuance of the warning letter, the attorney general believes the controller or processor has failed to cure any alleged violation, the attorney general may bring an action against the controller or processor as provided under this chapter.

(5) Beginning July 31, 2023, in determining a civil penalty under this chapter, the court must consider, as mitigating factors, a controller's or processor's good faith efforts to comply with the requirements of this chapter and any actions to cure or remedy the violations before an action is filed.

(6) All receipts from the imposition of civil penalties under this chapter must be deposited into the consumer privacy account created in section 113 of this act.

NEW SECTION. Sec. 113. CONSUMER PRIVACY ACCOUNT. The consumer privacy account is created in the state treasury. All receipts from the imposition of civil

penalties under this chapter must be deposited into the account. Moneys in the account may be spent only after appropriation. Moneys in the account may only be used for the purposes of recovery of costs and attorneys' fees accrued by the attorney general in enforcing this chapter and for the office of privacy and data protection as created in RCW 43.105.369. Moneys may not be used to supplant general fund appropriations to either agency.

NEW SECTION. Sec. 114. PREEMPTION. (1) Except as provided in this section, this chapter supersedes and preempts laws, ordinances, regulations, or the equivalent adopted by any local entity regarding the processing of personal data by controllers or processors.

(2) Laws, ordinances, or regulations regarding the processing of personal data by controllers or processors that are adopted by any local entity prior to July 1, 2020, are not superseded or preempted.

NEW SECTION. Sec. 115. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 116. PRIVACY OFFICE REPORT. (1) The state office of privacy and data protection, in collaboration with the office of the attorney general, shall research and examine existing analysis on the development of technology, such as a browser setting, browser extension, or global device setting, indicating a consumer's affirmative, freely given, and unambiguous choice to opt out of the processing of personal data for the purposes of targeted advertising, the sale of personal data, or profiling in furtherance of decisions that produce legal effects concerning consumers or similarly significant effects concerning consumers, and the effectiveness of allowing a consumer to designate a third party to exercise a consumer right on their behalf. A contracted study is not required.

(2) The office of privacy and data protection shall submit a report of its findings and will identify specific recommendations to the governor and the appropriate committees of the legislature by December 1, 2022.

NEW SECTION. Sec. 117. A new section is added to chapter 42.56 RCW to read as follows:

Data protection assessments submitted by a controller to the attorney general in accordance with requirements under section 109 of this act are exempt from disclosure under this chapter.

NEW SECTION. Sec. 118. A new section is added to chapter 44.28 RCW to read as follows:

(1) By December 1, 2023, the joint committee must review the efficacy of the attorney general providing controllers and processors with warning letters and 30 days to cure alleged violations in the warning letters pursuant to section 112 of this act and report its findings to the governor and the appropriate committees of the legislature.

(2) The report must include, but not be limited to:

(a) The number of warning letters the attorney general sent to controllers and processors;

(b) A list of the controller and processor names that received the warning letters;

(c) The categories of violations and the number of violations per category;

(d) The number of actions brought by the attorney general as authorized in this act due to a controller or processor not curing the alleged violations within 30 days;

(e) The types of resources, including associated costs, expended when providing warning letters and tracking compliance; and

(f) A recommendation on whether the warning letters provided by the attorney general should be continued.

(3) The office of the attorney general shall provide the joint committee any data within their purview that the joint committee considers necessary to conduct the review.

(4) This section expires June 30, 2024.

(27) "Third party" means a natural or legal person, public authority, agency, or body other than the consumer,

controller, processor, or an affiliate of the processor or the controller.

NEW SECTION. **Sec. 202.** PROHIBITIONS. Except as provided in this chapter, it is unlawful for a controller or processor to:

(1) Process covered data for a covered purpose unless:

(a) The controller or processor provides the consumer with a privacy notice as required in section 207 of this act prior to or at the time of the processing; and

(b) The consumer provides consent for the processing;

(2) Disclose any covered data processed for a covered purpose to federal, state, or local law enforcement;

(3) Sell any covered data processed for a covered purpose; or

(4) Share any covered data processed for a covered purpose with another controller, processor, or third party unless the sharing is governed by contract pursuant to section 206 of this act and is disclosed to a consumer in the notice required in section 207 of this act.

NEW SECTION. **Sec. 203.** CONSUMER RIGHTS. (1) A consumer has the right to opt out of the processing of covered data concerning the consumer for a covered purpose.

(2) A consumer has the right to confirm whether or not a controller is processing covered data concerning the consumer for a covered purpose and access the covered data.

(3) A consumer has the right to request correction of inaccurate covered data concerning the consumer processed for a covered purpose.

(4) A consumer has the right to request deletion of covered data concerning the consumer processed for a covered purpose.

NEW SECTION. **Sec. 204.** EXERCISING CONSUMER RIGHTS. (1) A consumer may exercise the rights set forth in section 203 of this act by submitting a request, at any time, to a controller specifying which rights the consumer wishes to exercise.

(2) In the case of processing personal data of a known child, the parent or legal guardian of the known child may

exercise the rights of this chapter on the child's behalf.

(3) In the case of processing personal data concerning a consumer subject to guardianship, conservatorship, or other protective arrangement under chapter 11.88, 11.92, or 11.130 RCW, the guardian or the conservator of the consumer may exercise the rights of this chapter on the consumer's behalf.

NEW SECTION. Sec. 205. RESPONDING TO REQUESTS. (1) Except as provided in this chapter, controllers that process covered data for a covered purpose must comply with a request to exercise the rights pursuant to section 203 of this act.

(2) (a) Controllers must provide one or more secure and reliable means for consumers to submit a request to exercise their rights under this chapter. These means must take into account the ways in which consumers interact with the controller and the need for secure and reliable communication of the requests.

(b) Controllers may not require a consumer to create a new account in order to exercise a right, but a controller may require a consumer to use an existing account to exercise the consumer's rights under this chapter.

(3) A controller must comply with a request to exercise the right in section 203(1) of this act as soon as feasibly possible, but no later than 15 days of receipt of the request.

(4) (a) A controller must inform a consumer of any action taken on a request to exercise any of the rights in section 203 (2) through (4) of this act without undue delay and in any event within 45 days of receipt of the request. That period may be extended once by 45 additional days where reasonably necessary, taking into account the complexity and number of the requests. The controller must inform the consumer of any such extension within 45 days of receipt of the request, together with the reasons for the delay.

(b) If a controller does not take action on the request of a consumer, the controller must inform the consumer without undue delay and within 45 days of receipt of the request, of the reasons for not taking action and instructions for how to appeal the decision with the controller as described in subsection (5) of this section.

(c) Information provided under this section must be provided by the controller to the consumer free of charge, up to twice annually. Where requests from a consumer are manifestly unfounded or excessive, because of their repetitive character, the controller may either: (i) Charge a reasonable fee to cover the administrative costs of complying with the request; or (ii) refuse to act on the request. The controller bears the burden of demonstrating the manifestly unfounded or excessive character of the request.

(d) A controller is not required to comply with a request to exercise any of the rights under section 203 (1) through (4) of this act if the controller is unable to authenticate the request using commercially reasonable efforts. In such a case, the controller may request the provision of additional information reasonably necessary to authenticate the request.

(5) (a) Controllers must establish an internal process whereby consumers may appeal a refusal to take action on a request to exercise any of the rights under section 203 of this act within a reasonable period of time after the consumer's receipt of the notice sent by the controller under subsection (4) (b) of this section.

(b) The appeal process must be conspicuously available and as easy to use as the process for submitting such a request under this section.

(c) Within 30 days of receipt of an appeal, a controller must inform the consumer of any action taken or not taken in response to the appeal, along with a written explanation of the reasons in support thereof. That period may be extended by 60 additional days where reasonably necessary, taking into account the complexity and number of the requests serving as the basis for the appeal. The controller must inform the consumer of such an extension within 30 days of receipt of the appeal, together with the reasons for the delay. The controller must also provide the consumer with an email address or other online mechanism through which the consumer may submit the appeal, along with any action taken or not taken by the controller in response to the appeal and the controller's written explanation of the reasons in support thereof, to the attorney general.

(d) When informing a consumer of any action taken or not taken in response to an appeal pursuant to (c) of this subsection, the controller must clearly and prominently provide the consumer with information about how to file a complaint with the consumer protection division of the attorney general's office. The controller must maintain records of all such appeals and how it responded to them for at least 24 months and shall, upon request, compile and provide a copy of such records to the attorney general.

NEW SECTION. Sec. 206.
RESPONSIBILITY ACCORDING TO ROLE. (1) Controllers and processors are responsible for meeting their respective obligations established under this chapter.

(2) Processors are responsible under this chapter for adhering to the instructions of the controller and assisting the controller to meet their obligations under this chapter. This assistance includes the following:

(a) Taking into account the nature of the processing, the processor shall assist the controller by appropriate technical and organizational measures, insofar as this is possible, for the fulfillment of the controller's obligation to respond to consumer requests to exercise their rights pursuant to section 203 of this act; and

(b) Taking into account the nature of processing and the information available to the processor, the processor shall assist the controller in meeting the controller's obligations in relation to the security of processing the personal data and in relation to the notification of a breach of the security of the system pursuant to RCW 19.255.010.

(3) Notwithstanding the instructions of the controller, a processor shall:

(a) Ensure that each person processing the personal data is subject to a duty of confidentiality with respect to the data; and

(b) Engage a subcontractor only after providing the controller with an opportunity to object and pursuant to a written contract in accordance with subsection (5) of this section that requires the subcontractor to meet the obligations of the processor with respect to the personal data.

(4) Taking into account the context of processing, the controller and the processor shall implement appropriate technical and organizational measures to ensure a level of security appropriate to the risk and establish a clear allocation of the responsibilities between them to implement such measures.

(5) Processing by a processor must be governed by a contract between the controller and the processor that is binding on both parties and that sets out the processing instructions to which the processor is bound, including the nature and purpose of the processing, the type of personal data subject to the processing, the duration of the processing, and the obligations and rights of both parties. In addition, the contract must include the requirements imposed by this subsection and subsections (3) and (4) of this section, as well as the following requirements:

(a) At the choice of the controller, the processor shall delete or return all personal data to the controller as requested at the end of the provision of services, unless retention of the personal data is required by law;

(b)(i) The processor shall make available to the controller all information necessary to demonstrate compliance with the obligations in this chapter; and

(ii) The processor shall allow for, and contribute to, reasonable audits and inspections by the controller or the controller's designated auditor. Alternatively, the processor may, with the controller's consent, arrange for a qualified and independent auditor to conduct, at least annually and at the processor's expense, an audit of the processor's policies and technical and organizational measures in support of the obligations under this chapter using an appropriate and accepted control standard or framework and audit procedure for the audits as applicable, and provide a report of the audit to the controller upon request.

(6) In no event may any contract relieve a controller or a processor from the liabilities imposed on them by virtue of its role in the processing relationship as defined by this chapter.

(7) Determining whether a person is acting as a controller or processor with respect to a specific processing of data is a fact-based determination that

depends upon the context in which personal data is to be processed. A person that is not limited in its processing of personal data pursuant to a controller's instructions, or that fails to adhere to such instructions, is a controller and not a processor with respect to a specific processing of data. A processor that continues to adhere to a controller's instructions with respect to a specific processing of personal data remains a processor. If a processor begins, alone or jointly with others, determining the purposes and means of the processing of personal data, it is a controller with respect to the processing.

NEW SECTION. Sec. 207. RESPONSIBILITIES OF CONTROLLERS. (1) Controllers that process covered data for a covered purpose must provide consumers with a clear and conspicuous privacy notice that includes, at a minimum:

(a) How a consumer may exercise the rights contained in section 203 of this act, including how a consumer may appeal a controller's action with regard to the consumer's request;

(b) The categories of covered data processed by the controller;

(c) The purposes for which the categories of covered data are processed;

(d) The categories of covered data that the controller shares with third parties, if any; and

(e) The categories of third parties, if any, with whom the controller shares covered data.

(2) A controller's collection of covered data must be limited to what is reasonably necessary in relation to the covered purposes for which the data is processed.

(3) A controller's collection of covered data must be adequate, relevant, and limited to what is reasonably necessary in relation to the covered purpose for which the data is processed.

(4) Except as provided in this chapter, a controller may not process covered data for purposes that are not reasonably necessary to, or compatible with, the covered purposes for which the personal data is processed unless the controller obtains the consumer's consent. Controllers may not process covered data or deidentified data that was processed for a covered purpose for

purposes of marketing, developing new products or services, or engaging in commercial product or market research.

(5) A controller shall establish, implement, and maintain reasonable administrative, technical, and physical data security practices to protect the confidentiality, integrity, and accessibility of covered data. The data security practices must be appropriate to the volume and nature of the personal data at issue.

(6) A controller must delete or deidentify all covered data processed for a covered purpose when the data is no longer being used for the covered purpose.

(7) A controller may not process personal data on the basis of a consumer's or a class of consumers' actual or perceived race, color, ethnicity, religion, national origin, sex, gender, gender identity, sexual orientation, familial status, lawful source of income, or disability, in a manner that unlawfully discriminates against the consumer or class of consumers with respect to the offering or provision of: (a) Housing; (b) employment; (c) credit; (d) education; or (e) the goods, services, facilities, privileges, advantages, or accommodations of any place of public accommodation.

(8) Any provision of a contract or agreement of any kind that purports to waive or limit in any way a consumer's rights under this chapter is deemed contrary to public policy and is void and unenforceable.

NEW SECTION. Sec. 208. LIMITATIONS AND APPLICABILITY. (1) The obligations imposed on controllers or processors under this chapter do not restrict a controller's or processor's ability to:

(a) Comply with federal, state, or local laws, rules, or regulations; or

(b) Process deidentified information to engage in public or peer-reviewed scientific, historical, or statistical research in the public interest that adheres to all other applicable ethics and privacy laws and is approved, monitored, and governed by an institutional review board, human subjects research ethics review board, or a similar independent oversight entity that determines: (i) If the research is likely to provide substantial benefits

that do not exclusively accrue to the controller; (ii) the expected benefits of the research outweigh the privacy risks; and (iii) if the controller has implemented reasonable safeguards to mitigate privacy risks associated with research, including any risks associated with reidentification.

(2) This chapter does not apply to:

(a) Information that meets the definition of:

(i) Protected health information for purposes of the federal health insurance portability and accountability act of 1996 and health insurance portability and accountability act of 1996 and related regulations;

(ii) Health care information for purposes of chapter 70.02 RCW;

(iii) Identifiable private information for purposes of the federal policy for the protection of human subjects, 45 C.F.R. Part 46; identifiable private information that is otherwise information collected as part of human subjects research pursuant to the good clinical practice guidelines issued by the international council for harmonization; the protection of human subjects under 21 C.F.R. Parts 50 and 56; or personal data used or shared in research conducted in accordance with one or more of the requirements set forth in this subsection; or

(iv) Information that is (A) deidentified in accordance with the requirements for deidentification set forth in 45 C.F.R. Sec. 164, and (B) derived from any of the health care-related information listed in this subsection (2) (a);

(b) Information originating from, and intermingled to be indistinguishable with, information under (a) of this subsection that is maintained by:

(i) A covered entity or business associate as defined by the health insurance portability and accountability act of 1996 and related regulations;

(ii) A health care facility or health care provider as defined in RCW 70.02.010; or

(iii) A program or a qualified service organization as defined by 42 C.F.R. Part 2, established pursuant to 42 U.S.C. Sec. 290dd-2;

(c) Information used only for public health activities and purposes as described in 45 C.F.R. Sec. 164.512; or

(d) Data maintained for employment records purposes.

(3) Processing covered data solely for the purposes expressly identified in subsection (1) of this section does not, by itself, make an entity a controller with respect to the processing.

(4) If a controller processes covered data pursuant to an exemption in subsection (1) of this section, the controller bears the burden of demonstrating that the processing qualifies for the exemption and complies with the requirements in subsection (2) of this section.

(5) (a) Covered data that is processed by a controller pursuant to this section must not be processed for any purpose other than those expressly listed in this section.

(b) Covered data that is processed by a controller pursuant to this section may be processed solely to the extent that such processing is: (i) Necessary, reasonable, and proportionate to the purposes listed in this section; (ii) adequate, relevant, and limited to what is necessary in relation to the specific purpose or purposes listed in this section; and (iii) insofar as possible, taking into account the nature and purpose of processing the personal data, subjected to reasonable administrative, technical, and physical measures to protect the confidentiality, integrity, and accessibility of the personal data, and to reduce reasonably foreseeable risks of harm to consumers.

NEW SECTION. Sec. 209. PRIVATE RIGHT OF ACTION. (1) Except as provided in subsection (2) of this section, nothing in this chapter creates an independent cause of action, except for the actions brought by the attorney general to enforce this chapter. Except as provided in subsection (2) of this section, no person, except for the attorney general, may enforce the rights and protections created by this chapter in any action. However, nothing in this chapter limits any other causes of action enjoyed by any person, including any constitutional, statutory, administrative, or common law rights or causes of action. The rights and protections in this chapter are not exclusive, and to the extent that a person has the rights and protections in

this chapter because of another law other than this chapter, the person continues to have those rights and protections notwithstanding the existence of this chapter.

(2) A consumer alleging a violation of section 203 or 207(7) of this act may bring a civil action in any court of competent jurisdiction. Remedies shall be limited to appropriate injunctive relief. The court shall also award reasonable attorneys' fees and costs to any prevailing plaintiff.

NEW SECTION. Sec. 210. ENFORCEMENT.

(1) Except as provided in section 209 of this act, this chapter may be enforced solely by the attorney general under the consumer protection act, chapter 19.86 RCW.

(2) In actions brought by the attorney general, the legislature finds: (a) The practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW, and (b) a violation of this chapter is not reasonable in relation to the development and preservation of business, is an unfair or deceptive act in trade or commerce, and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW.

(3) The legislative declarations in this section shall not apply to any claim or action by any party other than the attorney general alleging that conduct regulated by this chapter violates chapter 19.86 RCW, and this chapter does not incorporate RCW 19.86.093.

(4) Until July 31, 2023, in the event of a controller's or processor's violation under this chapter, prior to filing a complaint, the attorney general must provide the controller or processor with a warning letter identifying the specific provisions of this chapter the attorney general alleges have been or are being violated. If, after 30 days of issuance of the warning letter, the attorney general believes the controller or processor has failed to cure any alleged violation, the attorney general may bring an action against the controller or processor as provided under this chapter.

(5) Beginning July 31, 2023, in determining a civil penalty under this chapter, the court must consider, as mitigating factors, a controller's or

processor's good faith efforts to comply with the requirements of this chapter and any actions to cure or remedy the violations before an action is filed.

(6) All receipts from the imposition of civil penalties under this chapter must be deposited into the consumer privacy account created in section 113 of this act.

NEW SECTION. Sec. 211. PREEMPTION.

(1) Except as provided in this section, this chapter supersedes and preempts laws, ordinances, regulations, or the equivalent adopted by any local entity regarding the processing of covered data for a covered purpose by controllers or processors.

(2) Laws, ordinances, or regulations regarding the processing of covered data for a covered purpose by controllers or processors that are adopted by any local entity prior to July 1, 2020, are not superseded or preempted.

NEW SECTION. Sec. 212. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

PART 3

Data Privacy Regarding Public Health Emergency—Public Sector

NEW SECTION. Sec. 301. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Consent" means any freely given, specific, informed, and unambiguous indication of the consumer's wishes by which the consumer signifies agreement to the processing of personal data relating to the consumer for a narrowly defined particular purpose. Acceptance of a general or broad terms of use or similar document that contains descriptions of personal data processing along with other, unrelated information, does not constitute consent. Hovering over, muting, pausing, or closing a given piece of content does not constitute consent. Likewise, agreement obtained through dark patterns does not constitute consent.

(2) "Controller" means the local government, state agency, or institutions of higher education that, alone or jointly with others, determines the purposes and means of the processing

of technology-assisted contact tracing information.

(3) (a) "Deidentified data" means data that cannot reasonably be used to infer information about, or otherwise be linked to, an identified or identifiable natural person, or a device linked to such a person, provided that the controller that possesses the data: (i) Takes reasonable measures to ensure that the data cannot be associated with a natural person, household, or device; (ii) publicly commits to maintain and use the data only in a deidentified fashion and not attempt to reidentify the data; and (iii) except as provided in (b) of this subsection, contractually obligates any recipients of the information to comply with all provisions of this subsection.

(b) For the purposes of this subsection, the obligations imposed under (a)(iii) of this subsection do not apply when a controller discloses deidentified data to the public pursuant to chapter 42.56 RCW or other state disclosure laws.

(4) "Delete" means to remove or destroy information such that it is not maintained in human or machine-readable form and cannot be retrieved or utilized in the course of business.

(5) "Identified or identifiable natural person" means an individual who can be readily identified, directly or indirectly.

(6) "Individual" means a natural person who is a Washington resident acting only in an individual or household context. "Individual" does not include a natural person acting in a commercial or employment context.

(7) "Institutions of higher education" has the same meaning as defined in RCW 28B.92.030.

(8) "Local government" has the same meaning as in RCW 39.46.020.

(10) (a) "Process," "processed," or "processing" means any operation or set of operations that are performed on technology-assisted contact tracing information by automated means, such as the collection, use, storage, disclosure, analysis, deletion, or modification of technology-assisted contact tracing information.

(b) "Processing" does not include means such as recognized investigatory measures intended to gather information to facilitate investigations including, but not limited to, traditional in-person, email, or telephonic activities used as of the effective date of this section by the department of health, created under chapter 43.70 RCW, or local health departments to provide for the control and prevention of any dangerous, contagious, or infectious disease.

(11) "Processor" means a natural or legal person, local government, state agency, or institutions of higher education that processes technology-assisted contact tracing information on behalf of a controller.

(12) "Secure" means encrypted in a manner that meets or exceeds the national institute of standards and technology standard or is otherwise modified so that the technology-assisted contact tracing information is rendered unreadable, unusable, or undecipherable by an unauthorized person.

(13) "Sell" means the exchange of technology-assisted contact tracing information for monetary or other valuable consideration by the controller to a third party. For the purposes of this subsection, "sell" does not include the recovery of fees by a controller.

(14) "State agency" has the same meaning as defined in RCW 43.105.020.

(15) "Technology-assisted contact tracing" means the use of a digital application or other electronic or digital platform that is capable of independently transmitting information and is offered to individuals for the purpose of notifying individuals who may have had contact with an infectious person through data collection and analysis as a means of controlling the spread of a communicable disease.

(16) "Technology-assisted contact tracing information" means any information, data, or metadata received through technology-assisted contact tracing.

(17) "Third party" means a natural or legal person, public authority, agency, or body other than the individual, controller, processor, or an affiliate of the processor or the controller.

NEW SECTION. **Sec. 302.** PROHIBITIONS. Except as provided in this chapter, it is

unlawful for a controller or processor to:

(1) Process technology-assisted contact tracing information unless:

(a) The controller or processor provides the individual with a privacy notice prior to or at the time of the processing; and

(b) The individual provides consent for the processing;

(2) Disclose any technology-assisted contact tracing information to federal, state, or local law enforcement;

(3) Sell any technology-assisted contact tracing information; or

(4) Share any technology-assisted contact tracing information with another controller, processor, or third party unless the sharing is governed by a contract or data-sharing agreement as prescribed in section 303 of this act and is disclosed to an individual in the notice required in section 304 of this act.

NEW SECTION. Sec. 303.
RESPONSIBILITY ACCORDING TO ROLE. (1) Controllers and processors are responsible for meeting their respective obligations established under this chapter.

(2) Processors are responsible under this chapter for adhering to the instructions of the controller and assisting the controller to meet its obligations under this chapter. This assistance must include the processor assisting the controller in meeting the controller's obligations in relation to the security of processing technology-assisted contact tracing information and in relation to the notification of a breach of the security of the system pursuant to RCW 42.56.590.

(3) Notwithstanding the instructions of the controller, a processor shall:

(a) Ensure that each person processing the technology-assisted contact tracing information is subject to a duty of confidentiality with respect to the information; and

(b) Engage a subcontractor only after providing the controller with an opportunity to object and pursuant to a written contract in accordance with subsection (5) of this section that requires the subcontractor to meet the obligations of the processor with respect

to the technology-assisted contact tracing information.

(4) Taking into account the context of processing, the controller and the processor shall implement appropriate technical and organizational measures to ensure a level of security appropriate to the risk and establish a clear allocation of the responsibilities between them to implement such measures.

(5) Processing by a processor must be governed by a contract or data-sharing agreement between the controller and the processor that is binding on both parties and that sets out the processing instructions to which the processor is bound, including the nature and purpose of the processing, the type of data subject to the processing, the duration of the processing, and the obligations and rights of both parties. In addition, the contract or data-sharing agreement must include the requirements imposed by this subsection and subsections (3) and (4) of this section, as well as the following requirements:

(a) At the choice of the controller, the processor shall delete or return all technology-assisted contact tracing information to the controller as requested at the end of the provision of services, unless retention of the technology-assisted contact tracing information is required by law;

(b) (i) The processor shall make available to the controller all information necessary to demonstrate compliance with the obligations in this chapter; and

(ii) The processor shall allow for, and contribute to, reasonable audits and inspections by the controller or the controller's designated auditor. Alternatively, the processor may, with the controller's consent, arrange for a qualified and independent auditor to conduct, at least annually and at the processor's expense, an audit of the processor's policies and technical and organizational measures in support of the obligations under this chapter using an appropriate and accepted control standard or framework and audit procedure for the audits as applicable, and provide a report of the audit to the controller upon request.

(6) In no event may any contract or data-sharing agreement relieve a controller or a processor from the liabilities imposed on them by virtue of

its role in the processing relationship as defined in this chapter.

(7) Determining whether a person is acting as a controller or processor with respect to a specific processing of data is a fact-based determination that depends upon the context in which technology-assisted contact tracing information is to be processed. A person that is not limited in its processing of technology-assisted contact tracing information pursuant to a controller's instructions, or that fails to adhere to such instructions, is a controller and not a processor with respect to processing of technology-assisted contact tracing information. A processor that continues to adhere to a controller's instructions with respect to processing of technology-assisted contact tracing information remains a processor. If a processor begins, alone or jointly with others, determining the purposes and means of the processing of technology-assisted contact tracing information, it is a controller with respect to the processing.

NEW SECTION. Sec. 304.
RESPONSIBILITIES OF CONTROLLERS. (1) Controllers that process technology-assisted contact tracing information must provide individuals with a clear and conspicuous privacy notice that includes, at a minimum:

(a) The categories of technology-assisted contact tracing information processed by the controller;

(b) The purposes for which the categories of technology-assisted contact tracing information are processed;

(c) The categories of technology-assisted contact tracing information that the controller shares with third parties, if any; and

(d) The categories of third parties, if any, with whom the controller shares technology-assisted contact tracing information.

(2) A controller's collection of technology-assisted contact tracing information must be limited to what is reasonably necessary in relation to the technology-assisted contact tracing purpose for which the information is processed.

(3) A controller's collection of technology-assisted contact tracing

information must be adequate, relevant, and limited to what is reasonably necessary in relation to the technology-assisted contact tracing purposes for which the information is processed.

(4) Except as provided in this chapter, a controller may not process technology-assisted contact tracing information for purposes that are not reasonably necessary to, or compatible with, the technology-assisted contact tracing purposes for which the technology-assisted contact tracing information is processed unless the controller obtains the individual's consent. Controllers may not process technology-assisted contact tracing information or deidentified data that was processed for a technology-assisted contact tracing purpose for purposes of marketing, developing new products or services, or engaging in commercial product or market research.

(5) A controller shall establish, implement, and maintain reasonable administrative, technical, and physical data security practices to protect the confidentiality, integrity, and accessibility of technology-assisted contact tracing information. These data security practices must be appropriate to the volume and nature of the data at issue.

(6) A controller must delete or deidentify all technology-assisted contact tracing information when the information is no longer being used for a technology-assisted contact tracing purpose and has met records retention as required by federal or state law.

(7) A controller may not process technology-assisted contact tracing information on the basis of an individual's or a class of individuals' actual or perceived race, color, ethnicity, religion, national origin, sex, gender, gender identity, sexual orientation, familial status, lawful source of income, or disability, in a manner that unlawfully discriminates against the individual or class of individuals with respect to the offering or provision of: (a) Housing; (b) employment; (c) credit; (d) education; or (e) the goods, services, facilities, privileges, advantages, or accommodations of any place of public accommodation.

NEW SECTION. Sec. 305. **LIMITATIONS AND APPLICABILITY.** (1) The obligations

imposed on controllers or processors under this chapter do not restrict a controller's or processor's ability to:

(a) Comply with federal, state, or local laws, rules, or regulations; or

(b) Process deidentified information to engage in public or peer-reviewed scientific, historical, or statistical research in the public interest that adheres to all other applicable ethics and privacy laws and is approved, monitored, and governed by an institutional review board, human subjects research ethics review board, or a similar independent oversight entity that determines: (i) If the research is likely to provide substantial benefits that do not exclusively accrue to the controller; (ii) the expected benefits of the research outweigh the privacy risks; and (iii) the controller has implemented reasonable safeguards to mitigate privacy risks associated with research, including any risks associated with reidentification.

(2) Processing technology-assisted contact tracing information solely for the purposes expressly identified in this section does not, by itself, make an entity a controller with respect to such processing.

(3) If a controller processes technology-assisted contact tracing information pursuant to an exemption in this section, the controller bears the burden of demonstrating that the processing qualifies for the exemption and complies with the requirements in subsection (4) of this section.

(4)(a) Technology-assisted contact tracing information that is processed by a controller pursuant to this section must not be processed for any purpose other than those expressly listed in this section.

(b) Technology-assisted contact tracing information that is processed by a controller pursuant to this section may be processed solely to the extent that such processing is: (i) Necessary, reasonable, and proportionate to the purposes listed in this section; (ii) adequate, relevant, and limited to what is necessary in relation to the specific purpose or purposes listed in this section; and (iii) insofar as possible, taking into account the nature and purpose of processing the technology-assisted contact tracing information, subjected to reasonable administrative,

technical, and physical measures to protect the confidentiality, integrity, and accessibility of the personal data, and to reduce reasonably foreseeable risks of harm to consumers.

NEW SECTION. Sec. 306. LIABILITY. Where more than one controller or processor, or both a controller and a processor, involved in the same processing, is in violation of this chapter, the liability must be allocated among the parties according to principles of comparative fault.

NEW SECTION. Sec. 307. ENFORCEMENT. (1) Any waiver of the provisions of this chapter is contrary to public policy and is void and unenforceable.

(2)(a) Any individual injured by a violation of this chapter may institute a civil action to recover damages.

(b) Any controller that violates, proposes to violate, or has violated this chapter may be enjoined.

(c) The rights and remedies available under this chapter are cumulative to each other and to any other rights and remedies available under law.

NEW SECTION. Sec. 308. EXPIRATION. This chapter expires June 30, 2024.

NEW SECTION. Sec. 309. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 10.77.150 and 2010 c 263 s 5 are each amended to read as follows:

(1) Persons examined pursuant to RCW 10.77.140 may make application to the secretary for conditional release. The secretary shall, after considering the reports of experts or professional

persons conducting the examination pursuant to RCW 10.77.140, forward to the court of the county which ordered the person's commitment the person's application for conditional release as well as the secretary's recommendations concerning the application and any proposed terms and conditions upon which the secretary reasonably believes the person can be conditionally released. Conditional release may also contemplate partial release for work, training, or educational purposes.

(2) In instances in which persons examined pursuant to RCW 10.77.140 have not made application to the secretary for conditional release, but the secretary, after considering the reports of experts or professional persons conducting the examination pursuant to RCW 10.77.140, reasonably believes the person may be conditionally released, the secretary may submit a recommendation for release to the court of the county that ordered the person's commitment. The secretary's recommendation must include any proposed terms and conditions upon which the secretary reasonably believes the person may be conditionally released. Conditional release may also include partial release for work, training, or educational purposes. Notice of the secretary's recommendation under this subsection must be provided to the person for whom the secretary has made the recommendation for release and to his or her attorney.

(3) (a) The court of the county which ordered the person's commitment, upon receipt of an application or recommendation for conditional release with the secretary's recommendation for conditional release terms and conditions, shall within thirty days schedule a hearing. The court may schedule a hearing on applications recommended for disapproval by the secretary.

(b) The prosecuting attorney shall represent the state at such hearings and shall have the right to have the ((patient)) person examined by an expert or professional person of the prosecuting attorney's choice. If the committed person is indigent, and he or she so requests, the court shall appoint a qualified expert or professional person to examine the person on his or her behalf.

(c) The issue to be determined at such a hearing is whether or not the person

may be released conditionally to less restrictive alternative treatment under the supervision of a multidisciplinary transition team under conditions imposed by the court, including access to services under section 4 of this act without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security.

(d) ~~((The court, after the hearing, shall rule on the secretary's recommendations, and if it disapproves of conditional release, may do so))~~ In cases that come before the court under subsection (1) or (2) of this section, the court may deny conditional release to a less restrictive alternative only on the basis of substantial evidence. The court may modify the suggested terms and conditions on which the person is to be conditionally released. Pursuant to the determination of the court after hearing, the committed person shall thereupon be released on such conditions as the court determines to be necessary, or shall be remitted to the custody of the secretary.

(4) If the order of conditional release ~~((includes a))~~ provides for the conditional release of the person to a less restrictive alternative, including residential treatment or treatment in the community, the conditional release order must also include:

(a) A requirement for the committed person to ~~((report to a))~~ be supervised by a multidisciplinary transition team, including a specially trained community corrections officer, ~~((the order shall also specify that the conditionally released person shall be under the supervision of the secretary of corrections or such person as the secretary of corrections may designate and shall follow explicitly the instructions of the secretary of corrections including))~~ a representative of the department of social and health services, and a representative of the community behavioral health agency providing treatment to the person under section 4 of this act.

(i) The court may omit appointment of the representative of the community behavioral health agency if the conditional release order does not require participation in behavioral health treatment;

(ii) The court may omit the appointment of a community corrections

officer if it makes a special finding that the appointment of a community corrections officer would not facilitate the success of the person, or the safety of the person and the community;

(b) A requirement for the person to comply with conditions of supervision established by the court which shall include at a minimum reporting as directed to a ~~((community corrections officer))~~ designated member of the transition team, remaining within prescribed geographical boundaries, and notifying the ~~((community corrections officer))~~ transition team prior to making any change in the ~~((offender's))~~ person's address or employment. If the ~~((order of conditional release includes a requirement for the committed person to report to a community corrections officer, the community corrections officer shall notify the secretary or the secretary's designee, if the))~~ person is not in compliance with the court-ordered conditions of release~~((+))~~, the community corrections officer or another designated transition team member shall notify the secretary or the secretary's designee; and

~~((+))~~ (c) If the court ~~((determines that receiving regular or periodic medication or other medical treatment shall be a condition of the committed person's release, then the court shall require him or her to report to a physician or other medical or mental health practitioner for the medication or treatment. In addition to submitting any report required by RCW 10.77.160, the physician or other medical or mental health practitioner shall immediately upon the released person's failure to appear for the))~~ requires participation in behavioral health treatment, the name of the licensed or certified behavioral health agency responsible for identifying the services the person will receive under section 4 of this act, and a requirement that the person cooperate with the services planned by the licensed or certified behavioral health agency. The licensed or certified behavioral health agency must comply with the reporting requirements of RCW 10.77.160, and must immediately report to the court, prosecutor, and defense counsel any substantial withdrawal or disengagement from medication or treatment, or ~~((upon a))~~ any change in the person's mental health condition that renders ~~((the patient))~~ him or her a potential risk to the public ~~((report to the court, to the~~

~~prosecuting attorney of the county in which the released person was committed, to the secretary, and to the supervising community corrections officer).~~

(5) The role of the transition team appointed under subsection (4) of this section shall be to facilitate the success of the person on the conditional release order by monitoring the person's progress in treatment, compliance with court-ordered conditions, and to problem solve around extra support the person may need or circumstances that may arise that threaten the safety of the person or the community. The transition team may develop a monitoring plan that may be carried out by any member of the team. The transition team shall meet according to a schedule developed by the team, and shall communicate as needed if issues arise that require the immediate attention of the team.

(6) The department of corrections shall collaborate with the department to develop specialized training for community corrections officers under this section. The lack of a trained community corrections officer must not be the cause of delay to entry of a conditional release order. Another community corrections officer may be appointed if no specially trained officer is available.

(7) Any person, whose application for conditional release has been denied, may reapply after a period of six months from the date of denial, or sooner with the support of the department.

(8) A person examined under RCW 10.77.140 or the department may make a motion for limited conditional release under this section, on the grounds that there is insufficient evidence that the person may be released conditionally to less restrictive alternative treatment under subsection (3)(c) of this section, but the person would benefit from the opportunity to exercise increased privileges while remaining under the custody and supervision of the department and with the supervision of the department these increased privileges can be exercised without substantial danger to other persons or substantial likelihood of committing criminal acts jeopardizing public safety or security. The department may respond to a person's application for conditional release by instead supporting limited conditional release.

Sec. 2. RCW 71.05.320 and 2020 c 302 s 45 are each amended to read as follows:

(1)(a) Subject to (b) of this subsection, if the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

(b) If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. The court may only enter an order for commitment based on a substance use disorder if there is an available approved substance use disorder treatment program with adequate space for the person.

(c) If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department or under RCW 71.05.745.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court has made an affirmative special finding under RCW 71.05.280(3)(b), the court shall appoint a multidisciplinary transition team as provided in subsection (6)(a)(i) of this section. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and

provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a behavioral health disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of a behavioral health disorder or developmental disability, a likelihood of serious harm; or

(c) (i) Is in custody pursuant to RCW 71.05.280(3) and as a result of a behavioral health disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty-day period whenever the petition presents prima facie evidence

that the person continues to suffer from a behavioral health disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the behavioral health disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6) (a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, subject to subsection (1)(b) of this section, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an

order for inpatient treatment. An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(i) In cases where the court has ordered less restrictive alternative treatment and has previously made an affirmative special finding under RCW 71.05.280(3)(b), the court shall appoint a multidisciplinary transition team to supervise and assist the person on the order for less restrictive treatment, which shall include a representative of the community behavioral health agency providing treatment under RCW 71.05.585, and a specially trained supervising community corrections officer. The court may omit the appointment of a community corrections officer if it makes a special finding that the appointment of a community corrections officer would not facilitate the success of the person, or the safety of the person and the community under (a)(ii) of this subsection.

(ii) The role of the transition team shall be to facilitate the success of the person on the less restrictive alternative order by monitoring the person's progress in treatment, compliance with court-ordered conditions, and to problem solve around extra support the person may need or circumstances which may arise that threaten the safety of the person or the community. The transition team may develop a monitoring plan which may be carried out by any member of the team. The transition team shall meet according to a schedule developed by the team, and shall communicate as needed if issues arise that require the immediate attention of the team.

(iii) The department of corrections shall collaborate with the department to develop specialized training for community corrections officers under this section. The lack of a trained community corrections officer must not be the cause of delay to entry of a less restrictive alternative order.

(b) At the end of the one hundred eighty-day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the

committed person shall be released unless a petition for an additional one hundred eighty-day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty-day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty-day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

Sec. 3. RCW 71.05.320 and 2020 c 302 s 46 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment.

If the order for inpatient treatment is based on a substance use disorder, treatment must take place at an approved substance use disorder treatment program. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment to the custody of the department of social and health services or to a facility certified for one hundred eighty-day treatment by the department or under RCW 71.05.745.

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department of social and health services or to a facility certified for ninety day

treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment. If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment. If the court has made an affirmative special finding under RCW 71.05.280(3)(b), the court shall appoint a multidisciplinary transition team as provided in subsection (6)(a)(i) of this section. If the court or jury finds that the grounds set forth in RCW 71.05.280(5) have been proven, and provide the only basis for commitment, the court must enter an order for less restrictive alternative treatment for up to ninety days from the date of judgment and may not order inpatient treatment.

(3) An order for less restrictive alternative treatment entered under subsection (2) of this section must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(4) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated crisis responder, files a new petition for involuntary treatment on the grounds that the committed person:

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of a behavioral health disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of a behavioral health disorder or developmental disability, a likelihood of serious harm; or

(c) (i) Is in custody pursuant to RCW 71.05.280(3) and as a result of a behavioral health disorder or developmental disability continues to present a substantial likelihood of repeating acts similar to the charged criminal behavior, when considering the person's life history, progress in treatment, and the public safety.

(ii) In cases under this subsection where the court has made an affirmative special finding under RCW 71.05.280(3)(b), the commitment shall continue for up to an additional one hundred eighty-day period whenever the petition presents prima facie evidence that the person continues to suffer from a behavioral health disorder or developmental disability that results in a substantial likelihood of committing acts similar to the charged criminal behavior, unless the person presents proof through an admissible expert opinion that the person's condition has so changed such that the behavioral health disorder or developmental disability no longer presents a substantial likelihood of the person committing acts similar to the charged criminal behavior. The initial or additional commitment period may include transfer to a specialized program of intensive support and treatment, which may be initiated prior to or after discharge from the state hospital; or

(d) Continues to be gravely disabled; or

(e) Is in need of assisted outpatient behavioral health treatment.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to prove such conduct again.

If less restrictive alternative treatment is sought, the petition shall set forth any recommendations for less restrictive alternative treatment services.

(5) A new petition for involuntary treatment filed under subsection (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6)(a) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment, except as provided in subsection (7) of this section. If the court's order is based solely on the grounds identified in subsection (4)(e) of this section, the court may enter an order for less restrictive alternative treatment not to exceed one hundred eighty days from the date of judgment, and may not enter an order for inpatient treatment. An order for less restrictive alternative treatment must name the behavioral health service provider responsible for identifying the services the person will receive in accordance with RCW 71.05.585, and must include a requirement that the person cooperate with the services planned by the behavioral health service provider.

(i) In cases where the court has ordered less restrictive alternative treatment and has previously made an affirmative special finding under RCW 71.05.280(3)(b), the court shall appoint a multidisciplinary transition team to supervise and assist the person on the order for less restrictive treatment, which shall include a representative of the community behavioral health agency providing treatment under RCW 71.05.585, and a specially trained supervising community corrections officer. The court may omit the appointment of a community corrections officer if it makes a special finding that the appointment of a community corrections officer would not facilitate the success of the person, or the safety of the person and the community under (a)(ii) of this subsection.

(ii) The role of the transition team shall be to facilitate the success of the person on the less restrictive alternative order by monitoring the person's progress in treatment, compliance with court-ordered conditions, and to problem solve around extra support the person may need or circumstances which may arise that threaten the safety of the person or the community. The transition team may develop a monitoring plan which may be carried out by any member of the team. The transition team shall meet according to a schedule developed by the team, and

shall communicate as needed if issues arise that require the immediate attention of the team.

(iii) The department of corrections shall collaborate with the department to develop specialized training for community corrections officers under this section. The lack of a trained community corrections officer must not be the cause of delay to entry of a less restrictive alternative order.

(b) At the end of the one hundred eighty-day period of commitment, or one-year period of commitment if subsection (7) of this section applies, the committed person shall be released unless a petition for an additional one hundred eighty-day period of continued treatment is filed and heard in the same manner as provided in this section. Successive one hundred eighty-day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty-day commitment.

(7) An order for less restrictive treatment entered under subsection (6) of this section may be for up to one year when the person's previous commitment term was for intensive inpatient treatment in a state hospital.

(8) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length except as provided in subsection (7) of this section.

NEW SECTION. Sec. 4. A new section is added to chapter 10.77 RCW to read as follows:

(1) Conditional release planning should start at admission and proceed in coordination between the department and the person's managed care organization, or behavioral health administrative services organization if the person is not eligible for medical assistance under chapter 74.09 RCW. If needed, the department shall assist the person to enroll in medical assistance in suspense status under RCW 74.09.670. The state hospital liaison for the managed care organization or behavioral health administrative services organization shall facilitate conditional release planning in collaboration with the department.

(2) Less restrictive alternative treatment pursuant to a conditional release order, at a minimum, includes the following services:

- (a) Assignment of a care coordinator;
- (b) An intake evaluation with the provider of the conditional treatment;
- (c) A psychiatric evaluation or a substance use disorder evaluation, or both;
- (d) A schedule of regular contacts with the provider of the less restrictive alternative treatment services for the duration of the order;
- (e) A transition plan addressing access to continued services at the expiration of the order;
- (f) An individual crisis plan;
- (g) Consultation about the formation of a mental health advance directive under chapter 71.32 RCW; and
- (h) Appointment of a transition team under RCW 10.77.150;
- (i) Notification to the care coordinator assigned in (a) of this subsection and to the transition team as provided in RCW 10.77.150 if reasonable efforts to engage the client fail to produce substantial compliance with court-ordered treatment conditions.

(3) Less restrictive alternative treatment pursuant to a conditional release order may additionally include requirements to participate in the following services:

- (a) Medication management;
- (b) Psychotherapy;
- (c) Nursing;
- (d) Substance use disorder counseling;
- (e) Residential treatment;
- (f) Support for housing, benefits, education, and employment; and
- (g) Periodic court review.

(4) Nothing in this section prohibits items in subsection (2) of this section from beginning before the conditional release of the individual.

(5) If the person was provided with involuntary medication under RCW 10.77.094 or pursuant to a judicial order during the involuntary commitment period, the less restrictive alternative

treatment pursuant to the conditional release order may authorize the less restrictive alternative treatment provider or its designee to administer involuntary antipsychotic medication to the person if the provider has attempted and failed to obtain the informed consent of the person and there is a concurring medical opinion approving the medication by a psychiatrist, physician assistant working with a supervising psychiatrist, psychiatric advanced registered nurse practitioner, or physician or physician assistant in consultation with an independent mental health professional with prescribing authority.

(6) Less restrictive alternative treatment pursuant to a conditional release order must be administered by a provider that is certified or licensed to provide or coordinate the full scope of services required under the less restrictive alternative order and that has agreed to assume this responsibility.

(7) The care coordinator assigned to a person ordered to less restrictive alternative treatment pursuant to a conditional release order must submit an individualized plan for the person's treatment services to the court that entered the order. An initial plan must be submitted as soon as possible following the intake evaluation and a revised plan must be submitted upon any subsequent modification in which a type of service is removed from or added to the treatment plan.

(8) A care coordinator may disclose information and records related to mental health treatment under RCW 70.02.230(2)(k) for purposes of implementing less restrictive alternative treatment pursuant to a conditional release order.

(9) For the purpose of this section, "care coordinator" means a representative from the department of social and health services who coordinates the activities of less restrictive alternative treatment pursuant to a conditional release order. The care coordinator coordinates activities with the person's transition team that are necessary for enforcement and continuation of the conditional release order and is responsible for coordinating service activities with other agencies and establishing and maintaining a therapeutic relationship with the individual on a continuing basis.

Sec. 5. RCW 10.77.060 and 2016 sp.s. c 29 s 408 are each amended to read as follows:

(1)(a) Whenever a defendant has pleaded not guilty by reason of insanity, or there is reason to doubt his or her competency, the court on its own motion or on the motion of any party shall either appoint or request the secretary to designate a qualified expert or professional person, who shall be approved by the prosecuting attorney, to evaluate and report upon the mental condition of the defendant.

(b) The signed order of the court shall serve as authority for the evaluator to be given access to all records held by any mental health, medical, educational, or correctional facility that relate to the present or past mental, emotional, or physical condition of the defendant. If the court is advised by any party that the defendant may have a developmental disability, the evaluation must be performed by a developmental disabilities professional.

(c) The evaluator shall assess the defendant in a jail, detention facility, in the community, or in court to determine whether a period of inpatient commitment will be necessary to complete an accurate evaluation. If inpatient commitment is needed, the signed order of the court shall serve as authority for the evaluator to request the jail or detention facility to transport the defendant to a hospital or secure mental health facility for a period of commitment not to exceed fifteen days from the time of admission to the facility. Otherwise, the evaluator shall complete the evaluation.

(d) The court may commit the defendant for evaluation to a hospital or secure mental health facility without an assessment if: (i) The defendant is charged with murder in the first or second degree; (ii) the court finds that it is more likely than not that an evaluation in the jail will be inadequate to complete an accurate evaluation; or (iii) the court finds that an evaluation outside the jail setting is necessary for the health, safety, or welfare of the defendant. The court shall not order an initial inpatient evaluation for any purpose other than a competency evaluation.

(e) The order shall indicate whether, in the event the defendant is committed

to a hospital or secure mental health facility for evaluation, all parties agree to waive the presence of the defendant or to the defendant's remote participation at a subsequent competency hearing or presentation of an agreed order if the recommendation of the evaluator is for continuation of the stay of criminal proceedings, or if the opinion of the evaluator is that the defendant remains incompetent and there is no remaining restoration period, and the hearing is held prior to the expiration of the authorized commitment period.

(f) When a defendant is ordered to be ~~((committed for inpatient evaluation))~~ evaluated under this subsection (1), or when a party or the court determines at first appearance that an order for evaluation under this subsection will be requested or ordered if charges are pursued, the court may delay granting bail until the defendant has been evaluated for competency or sanity and appears before the court. Following the evaluation, in determining bail the court shall consider: (i) Recommendations of the evaluator regarding the defendant's competency, sanity, or diminished capacity; (ii) whether the defendant has a recent history of one or more violent acts; (iii) whether the defendant has previously been acquitted by reason of insanity or found incompetent; (iv) whether it is reasonably likely the defendant will fail to appear for a future court hearing; and (v) whether the defendant is a threat to public safety.

(2) The court may direct that a qualified expert or professional person retained by or appointed for the defendant be permitted to witness the evaluation authorized by subsection (1) of this section, and that the defendant shall have access to all information obtained by the court appointed experts or professional persons. The defendant's expert or professional person shall have the right to file his or her own report following the guidelines of subsection (3) of this section. If the defendant is indigent, the court shall upon the request of the defendant assist him or her in obtaining an expert or professional person.

(3) The report of the evaluation shall include the following:

(a) A description of the nature of the evaluation;

(b) A diagnosis or description of the current mental status of the defendant;

(c) If the defendant suffers from a mental disease or defect, or has a developmental disability, an opinion as to competency;

(d) If the defendant has indicated his or her intention to rely on the defense of insanity pursuant to RCW 10.77.030, and an evaluation and report by an expert or professional person has been provided concluding that the defendant was criminally insane at the time of the alleged offense, an opinion as to the defendant's sanity at the time of the act, and an opinion as to whether the defendant presents a substantial danger to other persons, or presents a substantial likelihood of committing criminal acts jeopardizing public safety or security, unless kept under further control by the court or other persons or institutions, provided that no opinion shall be rendered under this subsection (3)(d) unless the evaluator or court determines that the defendant is competent to stand trial;

(e) When directed by the court, if an evaluation and report by an expert or professional person has been provided concluding that the defendant lacked the capacity at the time of the offense to form the mental state necessary to commit the charged offense, an opinion as to the capacity of the defendant to have a particular state of mind which is an element of the offense charged;

(f) An opinion as to whether the defendant should be evaluated by a designated crisis responder under chapter 71.05 RCW.

(4) The secretary may execute such agreements as appropriate and necessary to implement this section and may choose to designate more than one evaluator.

E2SSB 5141 Prime Sponsor, Committee on Ways & Means: Reducing environmental and health disparities and improving the health of all Washington state residents by implementing the recommendations of the environmental justice task force. Reported by Committee on Environment & Energy

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. FINDINGS AND INTENT. (1) The purpose of this chapter is to reduce environmental and health disparities in Washington state and improve the health of all Washington state residents. This chapter implements the recommendations of the environmental justice task force established in section 221(48), chapter 415, Laws of 2019 entitled "Report to the Washington state governor and legislature, *Environmental Justice Task Force: Recommendations for Prioritizing EJ in Washington State Government* (October 2020)."

(2) As conveyed in the task force report, Washington state studies and national studies found that people of color and low-income people continue to be disproportionately exposed to environmental harms in their communities. As a result, there is a

higher risk of adverse health outcomes for those communities. This risk is amplified when overlaid on communities with preexisting social and economic barriers and environmental risks, and creates cumulative environmental health impacts, which this act seeks to prevent and mitigate.

This chapter also seeks to reduce exposure to environmental hazards within Indian country, as defined in 18 U.S.C. Sec. 1151, due to off-reservation activities within the state, and to improve state practices to reduce contamination of traditional foods wherever they occur. Exposure to such hazards can result in generational health and ecological problems, particularly on small reservations where it is impossible to move away from a hazard.

(3) Accordingly, the state has a compelling interest in preventing and addressing such environmental health disparities in the administration of ongoing and new environmental programs, including allocation of funds, and in administering these programs so as to remedy the effects of past disparate treatment of overburdened communities and vulnerable populations.

(4) The task force provided recommendations to state agencies for measurable goals and model policies to reduce environmental health inequities in Washington, equitable practices for meaningful community involvement, and how to use the environmental health disparities map to identify and promote the equitable distribution of environmental benefits to overburdened communities. In order for all communities in Washington state to be healthy and thriving, state government should aim to concentrate government actions to benefit communities that currently have the greatest environmental and health burdens.

NEW SECTION. Sec. 2. DEFINITIONS. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Council" means the environmental justice council established in section 20 of this act.

(2) "Covered agency" means the departments of ecology, health, natural resources, commerce, agriculture, and transportation, the Puget Sound partnership, and any agency that opts to

assume all of the obligations of this act pursuant to section 11 of this act.

(3) "Cumulative environmental health impact" means the combined, multiple environmental impacts and health impacts on a vulnerable population or overburdened community.

(4) "Environmental benefits" means activities that:

(a) Prevent or reduce existing environmental harms or associated risks that contribute significantly to cumulative environmental health impacts;

(b) Prevent or mitigate impacts to overburdened communities or vulnerable populations from, or support community response to, the impacts of environmental harm; or

(c) Meet a community need identified by an overburdened community or vulnerable population that is consistent with the intent of this chapter.

(5) "Environmental harm" means the individual or cumulative environmental health impacts and risks to communities caused by historic, current, and projected:

(a) Exposure to pollution, conventional or toxic pollutants, environmental hazards, or other contamination in the air, water, and land;

(b) Adverse environmental effects, including exposure to contamination, hazardous substances, or pollution that increase the risk of adverse environmental health outcomes or create vulnerabilities to the impacts of climate change;

(c) Loss or impairment of ecosystem functions or traditional food resources and loss of access to gather cultural resources or harvest traditional foods; and

(d) Health and economic impacts from climate change.

(6) "Environmental health disparities map" means the data and information developed pursuant to section 19 of this act.

(7) "Environmental impacts" means environmental benefits or environmental harms, or the combination of environmental benefits and harms, resulting or expected to result from a proposed action.

(8) "Environmental justice" means the fair treatment and meaningful involvement of all people regardless of race, color, national origin, or income with respect to the development, implementation, and enforcement of environmental laws, rules, and policies. Environmental justice includes addressing disproportionate environmental and health impacts in all laws, rules, and policies with environmental impacts by prioritizing vulnerable populations and overburdened communities, equitably distributing resources and benefits, and eliminating harm.

(9) "Equitable distribution" means a fair and just, but not necessarily equal, allocation intended to mitigate disparities in benefits and burdens, and based on current conditions, including existing legacy and cumulative impacts, that are informed by cumulative environmental health impact analysis.

(10) "Overburdened community" means a geographic area where vulnerable populations face combined, multiple environmental harms and health impacts, and includes, but is not limited to, highly impacted communities as defined in RCW 19.405.020.

(11) "Significant agency action" means:

(a) The process of developing and adopting significant legislative rules as defined in RCW 34.05.328;

(b) The development and adoption of any covered agency new grant or loan program;

(c) The allocation of more than \$25,000,000 in a single funding round through a grant or loan program administered by a covered agency;

(d) Major capital and transportation projects of at least \$5,000,000;

(e) The development of agency request legislation; and

(f) Any other agency actions deemed significant by a covered agency consistent with section 14 of this act.

(12) "Tribal lands" has the same meaning as "Indian country" as provided in 18 U.S.C. Sec. 1151, and also includes sacred sites, traditional cultural properties, burial grounds, and other tribal sites protected by federal or state law.

(13) (a) "Vulnerable populations" means population groups that are more likely to be at higher risk for poor health outcomes in response to environmental harms, due to: (i) Adverse socioeconomic factors, such as unemployment, high housing and transportation costs relative to income, limited access to nutritious food and adequate health care, linguistic isolation, and other factors that negatively affect health outcomes and increase vulnerability to the effects of environmental harms; and (ii) sensitivity factors, such as low birth weight and higher rates of hospitalization.

(b) "Vulnerable populations" includes, but is not limited to:

- (i) Racial or ethnic minorities;
- (ii) Low-income populations;
- (iii) Populations disproportionately impacted by environmental harms; and
- (iv) Populations of workers experiencing environmental harms.

NEW SECTION. Sec. 12. INCORPORATING ENVIRONMENTAL JUSTICE INTO AGENCY STRATEGIC PLANS. (1) By January 1, 2023, each covered agency shall include an environmental justice implementation plan within its strategic plan. A covered agency may additionally incorporate an environmental justice implementation plan into other significant agency planning documents. The plan must describe how the covered agency plans to apply the principles of environmental justice to the agency's activities and guide the agency in its implementation of its obligations under this chapter.

(2) In its environmental justice implementation plan, each covered agency must include:

(a) Agency-specific goals and deliverables to reduce environmental and health disparities and for otherwise achieving environmental justice in the agency's programs;

(b) Metrics to track and measure accomplishments of the agency goals and deliverables;

(c) Methods to embed equitable community engagement with, and equitable participation from, members of the public, into agency practices for soliciting and receiving public comment;

(d) Strategies to ensure compliance with existing federal and state laws and policies relating to environmental justice, including Title VI of the civil rights act of 1964, 42 U.S.C. Sec. 2000d-2000d-4, Title IX of the Education Amendments of 1972, 20 U.S.C. Sec. 1681-1683, Section 504 of the Rehabilitation Act of 1973, 29 U.S.C. Sec. 794, and the

age discrimination act of 1975, 42 U.S.C. Sec. 6101-6107;

(e) The plan for community engagement required under section 13 of this act; and

(f) Specific plans and timelines for incorporating environmental justice considerations into agency activities as required under this chapter.

(3) In developing and updating its plan, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

NEW SECTION. Sec. 13. EQUITABLE COMMUNITY ENGAGEMENT AND PUBLIC PARTICIPATION. (1) By July 1, 2022, each covered agency must create and adopt a community engagement plan that describes how it will engage with overburdened communities and vulnerable populations as it evaluates new and existing activities and programs. This plan must describe how the agency plans to facilitate equitable participation and support meaningful and direct involvement of vulnerable populations and overburdened communities. The plan must include:

(a) How the covered agency will identify and prioritize overburdened communities for purposes of this chapter;

(b) Best practices for outreach and communication to overcome barriers to engagement with overburdened communities and vulnerable populations;

(c) Use of special screening tools that integrate environmental, demographic, and health disparities data, such as the environmental health disparities map, to evaluate and understand the nature and needs of the people who the agency expects to be impacted by significant agency actions under section 14 of this act and processes under section 16 of this act to overcome barriers to participation;

(d) Processes that facilitate and support the inclusion of members of communities affected by agency decision making including, to the extent legal and practicable, but not limited to, child care, and reimbursement for travel and other expenses; and

(e) Methods for outreach and communication with those who face barriers, language or otherwise, to participation.

(2) Covered agencies must regularly review their compliance with existing laws and policies that guide community engagement and must comply with the following:

(a) Title VI of the civil rights act, prohibiting discrimination based on race, color, or national origin and requiring meaningful access to people with limited English proficiency, and disability;

(b) Executive Order 05-03, requiring plain talk when communicating with the public; and

(c) Guidance related to Executive Order 13166, requiring meaningful access to agency programs and services for people with limited English proficiency.

(3) In developing and updating its plan, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

(4) A covered agency may coordinate with the office of equity to identify policy and system barriers to meaningful engagement with communities as conducted by the office under RCW 43.06D.040(1)(b).

NEW SECTION. Sec. 14. ENVIRONMENTAL JUSTICE ASSESSMENT. (1) When considering a significant agency action initiated after July 1, 2023, a covered agency must conduct an environmental justice assessment in accordance with this section to inform and support the agency's consideration of overburdened communities and vulnerable populations when making decisions and to assist the agency with the equitable distribution of environmental benefits, the reduction of environmental harms, and the identification and reduction of environmental and health disparities.

(2)(a) Consistent with section 2(11)(f) of this act, for the purpose of preparing environmental justice assessments, a covered agency may deem actions significant that are additional to the significant agency actions identified in section 2(11)(a) through (e) of this act, in iterative consultation with the council and interagency work group established under section 20 of this act. By July 1, 2025, each covered agency must consider their agency's activities and identify and begin applying environmental justice assessments to any actions that the agency identifies as significant that are in addition to the significant agency

actions identified in section 2(11)(a) through (e) of this act. Significant agency actions designated by a covered agency under this subsection must be actions that may cause environmental harm or may affect the equitable distribution of environmental benefits to an overburdened community or a vulnerable population.

(b) In the identification of significant agency actions, covered agencies shall consider guidance issued by the council established in section 20 of this act. Each covered agency must periodically review and update its identified types of significant agency actions for which an environmental justice assessment is required under this section, and the relevant factors to the agency's environmental justice assessments that result from the unique mission, authorities, and priorities of the agency.

(3) By July 1, 2023, and periodically thereafter, after an opportunity for public comment on its determinations, each covered agency must:

(a) Publish on its website the types of agency actions that the agency has determined are significant agency actions that require an environmental justice assessment under this section, including any significant agency actions identified under subsection (2)(a) of this section;

(b) Provide notification of the determination of the types of significant agency actions in the Washington State Register; and

(c) Prepare an environmental justice assessment when considering a listed action, after publication of the list of any additional significant agency actions identified under (a) of this subsection.

(4) At a minimum, environmental justice assessments must:

(a) Consider guidance prepared by the council under section 20 of this act relating to best practices on environmental justice assessments and when and how to use cumulative environmental health impact analysis;

(b) Use cumulative environmental health impact analysis, such as the environmental health disparities map or other data that considers the effects of

a proposed action on overburdened communities and vulnerable populations;

(c) Identify overburdened communities and vulnerable populations who are expected to be affected by the proposed action and the potential environmental and health impacts;

(d) Identify if the proposed action is expected to have any local or regional impacts to federally reserved tribal rights and resources including, but not limited to, those protected by treaty, executive order, or federal law;

(e) Summarize community input and describe how the covered agency can further involve overburdened communities, vulnerable populations, affected tribes, and indigenous populations in development of the proposed action; and

(f) Describe options and, where practicable, related cost projections for the agency to reduce, mitigate, or eliminate identified probable impacts on overburdened communities and vulnerable populations, or provide a justification for not reducing, mitigating, or eliminating identified probable impacts.

(5) To obtain information for the purposes of assessments, a covered agency must solicit feedback from members of overburdened communities and vulnerable populations to assist in the accurate assessment of the potential impact of the action and in developing the means to reduce or eliminate the impact on overburdened communities and vulnerable populations.

(6) Based on the environmental justice assessment, each covered agency must seek, to the extent legal and feasible and consistent with the underlying statute being implemented, to reduce or eliminate the environmental harms and maximize the environmental benefits created by the significant agency action on overburdened communities and vulnerable populations. Consistent with agency authority, mission, and statutory responsibilities, the covered agency must consider each of the following methods for reducing environmental harms or equitably distributing environmental benefits:

(a) Eliminating the disparate impact of environmental harms on overburdened communities and vulnerable populations;

(b) Reducing cumulative environmental health impacts on overburdened communities or vulnerable populations;

(c) Preventing the action from adding to the cumulative environmental health impacts on overburdened communities or vulnerable populations;

(d) Providing equitable participation and meaningful engagement of vulnerable populations and overburdened communities in the development of the significant agency action;

(e) Prioritizing equitable distribution of resources and benefits to overburdened communities;

(f) Promoting positive workforce and job outcomes for overburdened communities;

(g) Meeting community needs identified by the affected overburdened community;

(h) Modifying substantive regulatory or policy requirements; and

(i) Any other mitigation techniques, including those suggested by the council, the office of equity, or representatives of overburdened communities and vulnerable populations.

(7) If the covered agency determines it does not have the ability or authority to avoid or reduce any estimated environmental harm of the significant agency action on overburdened communities and vulnerable populations or address the distribution of environmental and health benefits, the agency must provide a clear explanation of why it has made that determination and provide notice of that explanation to members of the public who participated in the environmental justice assessment process for the significant agency action and who provided contact information to the agency.

(8) In developing a process for conducting environmental justice assessments, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

(9) The issuance of forest practices permits under chapter 76.09 RCW or sale of timber from state lands and state forestlands as defined in RCW 79.02.010 do not require an environmental justice assessment under this section.

NEW SECTION. **Sec. 15.** The obligation of a covered agency to conduct an

environmental justice assessment pursuant to section 14 of this act for significant agency actions does not, by itself, trigger requirements in chapter 43.21C RCW.

NEW SECTION. Sec. 16. ENVIRONMENTAL JUSTICE OBLIGATIONS OF AGENCIES RELATING TO BUDGETS AND FUNDING. (1) With consideration of the guidelines issued by the council in section 20 of this act, and in iterative consultation with the council, each covered agency must incorporate environmental justice principles into its decision processes for budget development, making expenditures, and granting or withholding benefits. Through the incorporation of environmental justice principles into its decision processes, including by conducting environmental justice assessments where required under section 14 of this act, each covered agency, to the extent allowed by law and consistent with legislative appropriations, must equitably distribute funding and expenditures towards overburdened communities and vulnerable populations.

(2) Beginning on or before July 1, 2023, each covered agency must, where practicable, take the following actions when making expenditure decisions or developing budget requests to the office of financial management and the legislature:

(a) Focus applicable expenditures on creating environmental benefits, including reducing or eliminating environmental harms, creating community and population resilience, and improving the quality of life of overburdened communities and vulnerable populations;

(b) Create opportunities for overburdened communities and vulnerable populations to meaningfully participate in agency expenditure decisions;

(c) Clearly articulate environmental justice goals and assessment metrics to communicate the basis for agency expenditures;

(d) Consider a broad scope of grants and contracting opportunities that effectuate environmental justice principles, including:

(i) Community grants to monitor pollution;

(ii) Grants focused on building capacity and providing training for community scientists and other staff;

(iii) Making technical assistance available for communities that may be new to receiving agency grant funding; and

(iv) Education and work readiness youth programs focused on infrastructure or utility-related internships to develop career paths and leadership skills for youth; and

(e) Establish a goal of directing 40 percent of grants and expenditures that create environmental benefits to vulnerable populations and overburdened communities.

(3) A covered agency may adopt rules for criteria and procedures applicable to incorporating environmental justice principles in expenditure decisions under this section.

(4) In incorporating environmental justice principles into its decision processes for budget development, making expenditures, and granting or withholding benefits, each covered agency must consider any guidance developed by the council pursuant to section 20 of this act.

NEW SECTION. Sec. 1. The legislature finds that the COVID-19 pandemic is causing a sustained global economic slowdown, and an economic downturn throughout Washington state with unprecedented numbers of layoffs and reduced work hours for a significant percentage of our workforce. Many of the state's workforce has been impacted by these layoffs and substantially reduced work hours and have suffered economic hardship, disproportionately affecting low and moderate-income workers resulting in lost wages and the inability to pay for basic household expenses, including rent. Hundreds of thousands of tenants in Washington are unable to consistently pay their rent, reflecting the continued financial precariousness of many renters in the state. Before the COVID-19 pandemic, nonpayment of rent was the leading cause of evictions within the state. Because the COVID-19 pandemic has led to an inability for tenants to consistently pay rent, the likelihood of evictions has increased, as well as life, health, and safety risks to a significant percentage of the state's tenants. As a result, the governor has issued a temporary moratorium on evictions as of March 2020, with multiple extensions and other related actions, to reduce housing instability and enable tenants to stay in their homes.

Therefore, it is the intent of the legislature with this act to increase tenant protections during the public health emergency, provide legal representation for qualifying tenants in eviction cases, establish an eviction resolution pilot program to address nonpayment of rent eviction cases before

any court filing, and ensure tenants and landlords have adequate opportunities to access state and local rental assistance programs to reimburse landlords for unpaid rent and preserve tenancies.

NEW SECTION. Sec. 2. A new section is added to chapter 59.18 RCW to read as follows:

The definitions in this section apply to sections 3 and 4 of this act unless the context clearly requires otherwise.

(1) "Dwelling unit" has the same meaning as defined in RCW 59.18.030, and includes a manufactured/mobile home or a mobile home lot as defined in RCW 59.20.030.

(2) "Eviction moratorium" refers to the governor of the state of Washington's proclamation 20-19.6, proclaiming a moratorium on certain evictions for all counties throughout Washington state on March 18, 2021, and any subsequent orders extending or amending such proclamation until it expires or is terminated by the governor of the state of Washington.

(3) "Landlord" has the same meaning as defined in RCW 59.18.030 and 59.20.030.

(4) "Prospective landlord" has the same meaning as defined in RCW 59.18.030.

(5) "Public health emergency" refers to the governor of the state of Washington's proclamation 20-05, proclaiming a state of emergency for all counties throughout Washington state on February 29, 2020, and any subsequent orders extending or amending such proclamation due to COVID-19 until the proclamation expires or is terminated by the governor of the state of Washington.

(6) "Rent" has the same meaning as defined in RCW 59.18.030.

(7) "Tenant" refers to any individual renting a dwelling unit or lot primarily for living purposes, including any individual with a tenancy subject to this chapter or chapter 59.20 RCW or any individual residing in transient lodging, such as a hotel or motel or camping area as their primary dwelling, for 30 days or more prior to March 1, 2020. "Tenant" does not include any individual residing in a hotel or motel or camping area as their primary dwelling for more than 30 days after March 1, 2020, if the hotel or motel or camping area has provided the individual with a seven-day eviction notice, which must include the following language: "For no-

cost legal assistance, please call 2-1-1 or the Northwest Justice Project CLEAR Hotline outside King County (888) 201-1014 weekdays between 9:15 a.m. - 12:15 p.m., or (888) 387-7111 for seniors (age 60 and over). You may find additional resource information at <http://www.washingtonlawhelp.org>." "Tenant" also does not include occupants of homeless mitigation sites or a person entering onto land without permission of the landowner or lessor. For purposes of this subsection, any local government provision of solid waste or hygiene services to unsanctioned encampments does not constitute permission to occupy land.

TENANT PROTECTIONS

NEW SECTION. **Sec. 3.** A new section is added to chapter 59.18 RCW to read as follows:

(1) A landlord may not charge or impose any late fees or other charges against any tenant for the nonpayment of rent that became due between March 1, 2020, and six months following the expiration of the eviction moratorium.

(2) For rent that accrued between March 1, 2020, and the six months following the expiration of the eviction moratorium expiration date:

(a) A landlord may not report to a prospective landlord:

(i) A tenant's nonpayment of rent that accrued between March 1, 2020, and the six months following the expiration of the eviction moratorium; or

(ii) An unlawful detainer action pursuant to RCW 59.12.030(3) that resulted from a tenant's nonpayment of rent between March 1, 2020, and the six months following the expiration of the eviction moratorium.

(b) A prospective landlord may not take an adverse action based on a prospective tenant's nonpayment of rent that occurred between March 1, 2020, and the six months following the expiration of the eviction moratorium.

(3)(a) A landlord or prospective landlord may not deny, discourage application for, or otherwise make unavailable any rental dwelling unit based on a tenant's or prospective tenant's medical history including, but not limited to, the tenant's or prospective tenant's prior or current

exposure or infection to the COVID-19 virus.

(b) A landlord or prospective landlord may not inquire about, consider, or require disclosure of a tenant's or prospective tenant's medical records or history, unless such disclosure is necessary to evaluate a reasonable accommodation request or reasonable modification request under RCW 49.60.222.

(4) A landlord or prospective landlord in violation of this section is liable in a civil action for up to four and one-half times the monthly rent of the real property at issue, as well as court costs and reasonable attorneys' fees. A court must impose this penalty in an amount necessary to deter future violations, payable to the tenant bringing the action.

REPAYMENT PLANS

NEW SECTION. **Sec. 4.** A new section is added to chapter 59.18 RCW to read as follows:

(1) If a tenant has remaining unpaid rent that accrued between March 1, 2020, and six months following the expiration of the eviction moratorium or the end of the public health emergency, whichever is greater, the landlord must offer the tenant a reasonable schedule for repayment of the unpaid rent that does not exceed monthly payments equal to one-third of the monthly rental charges during the period of accrued debt. If a tenant fails to accept the terms of a reasonable repayment plan within 14 days of the landlord's offer, the landlord may proceed with an unlawful detainer action as set forth in RCW 59.12.030(3) but subject to any requirements under the eviction resolution pilot program established under section 7 of this act. If the tenant defaults on any rent owed under a repayment plan, the landlord may apply for reimbursement from the landlord mitigation program as authorized under RCW 43.31.605(1)(d) or proceed with an unlawful detainer action as set forth in RCW 59.12.030(3) but subject to any requirements under the eviction resolution pilot program established under section 7 of this act. The court must consider the tenant's circumstances, including decreased income or increased expenses due to COVID-19, and the repayment plan terms offered during any unlawful detainer proceeding.

(2) Any repayment plan entered into under this section must:

(a) Not require payment until 30 days after the repayment plan is offered to the tenant;

(b) Cover rent only and not any late fees, attorneys' fees, or any other fees and charges;

(c) Allow for payments from any source of income as defined in RCW 59.18.255(5) or from pledges by nonprofit organizations, churches, religious institutions, or governmental entities;

(d) Not include provisions or be conditioned on: The tenant's compliance with the rental agreement, payment of attorneys' fees, court costs, or other costs related to litigation if the tenant defaults on the rental agreement; a requirement that the tenant apply for governmental benefits or provide proof of receipt of governmental benefits; or the tenant's waiver of any rights to a notice under RCW 59.12.030 or related provisions before a writ of restitution is issued.

(3) It is a defense to an eviction under RCW 59.12.030(3) that a landlord did not offer a repayment plan in conformity with this section.

(4) To the extent available funds exist for rental assistance from a federal, state, local, private, or nonprofit program, the tenant or landlord may continue to seek rental assistance to reduce and/or eliminate the unpaid rent balance.

Sec. 5. RCW 43.31.605 and 2020 c 315 s 8 and 2020 c 169 s 2 are each reenacted and amended to read as follows:

(1)(a) Subject to the availability of funds for this purpose, the landlord mitigation program is created and administered by the department. The department shall have such rule-making authority as the department deems necessary to administer the program.

(b) The following types of claims related to landlord mitigation for renting private market rental units to low-income tenants using a housing subsidy program are eligible for reimbursement from the landlord mitigation program account:

(iii) When a landlord has been reimbursed pursuant to this subsection (1)(c), the tenant for whom payment was made shall reimburse the department by depositing the amount disbursed from the landlord mitigation program account into the court registry of the superior court in which the judgment was entered. The tenant or other interested party may seek an ex parte order of the court under the unlawful detainer action to order such funds to be disbursed by the court. Upon entry of the order, the court clerk shall disburse the funds and include a case number with any payment issued to the department. If directed by the court, a clerk shall issue any payments made by a tenant to the department without further court order.

(iv) The department may deny an application made by a tenant who has failed to reimburse the department for prior payments issued pursuant to this subsection (1)(c).

(v) With any disbursement from the account to the landlord, the department shall notify the tenant at the address provided within the application that a disbursement has been made to the landlord on the tenant's behalf and that failure to reimburse the account for the payment through the court registry may result in a denial of a future application to the account pursuant to this subsection (1)(c). The department may include any other additional information about how to reimburse the

account it deems necessary to fully inform the tenant.

(vi) The department's duties with respect to obtaining reimbursement from the tenant to the account are limited to those specified within this subsection (1)(c).

(vii) If at any time funds do not exist in the landlord mitigation program account to reimburse claims submitted under this subsection (1)(c), the department must create and maintain a waitlist and distribute funds in the order the claims are received pursuant to subsection (6) of this section. (7) The department, in its sole discretion, may inspect the property and the landlord's records related to a claim, including the use of a third-party inspector as needed to investigate fraud, to assist in making its claim review and determination of eligibility.

(8) A landlord in receipt of reimbursement from the program pursuant to subsection (1)(b) and (d) of this section is prohibited from:

(a) Taking legal action against the tenant for damages attributable to the same tenancy; or

(b) Pursuing collection, or authorizing another entity to pursue collection on the landlord's behalf, of a judgment against the tenant for damages attributable to the same tenancy.

The department may reimburse the landlord for that portion of such judgment that is based on damages reimbursable under the landlord mitigation program, subject to the limitations set forth in this section.

(10) Determinations regarding reimbursements shall be made by the department in its sole discretion.

(11) The department must establish a website that advertises the landlord mitigation program, the availability of

(12) Neither the state, the department, or persons acting on behalf of the department, while acting within the scope of their employment or agency, is liable to any person for any loss, damage, harm, or other consequence resulting directly or indirectly from the department's administration of the landlord mitigation program or determinations under this section.

In preparing the report, the department shall convene and solicit input from a group of stakeholders to include representatives of large multifamily housing property owners or managers, small rental housing owners in both rural and urban markets, a representative of tenant advocates, and a representative of the housing authorities.

(b) The report shall include discussion of the effectiveness of the program as well as the department's recommendations to improve the program, and shall include the following:

(ii) Any indices of fraud identified by the department;

(iii) Any reports by the department regarding inspections authorized by and conducted on behalf of the department;

(v) An outline of the process to obtain reimbursement for lost rent due to the rental inspection and tenant screening process, together with the total amount reimbursed for such damages;

(vi) An evaluation of the feasibility for expanding the use of the mitigation fund to provide up to ninety-day no interest loans to landlords who have not received timely rental payments from a

housing authority that is administering section 8 rental assistance;

(vii) Any other modifications and recommendations made by stakeholders to improve the effectiveness and applicability of the program.

(14) As used in this section:

All transfers and appropriations by the legislature, repayments, private contributions, and all other sources must be deposited into the account. Expenditures from the account may only be used for the landlord mitigation program under this chapter to reimburse landlords for eligible claims related to private market rental units during the time of their rental to low-income tenants using housing subsidy programs as defined in RCW 43.31.605, for any unpaid judgment issued within an unlawful detainer action after a court order pursuant to RCW 59.18.410(3) as described in RCW 43.31.605(1)(c), for any unpaid rent as described in RCW 43.31.605(1)(d), and for the administrative costs identified in subsection (2) of this section. OTHER TENANT PROTECTIONS

Sec. 13. RCW 59.12.040 and 2010 c 8 s 19007 are each amended to read as follows:

Any notice provided for in this chapter shall be served either (1) by delivering a copy personally to the person entitled thereto; or (2) if he or she be absent from the premises unlawfully held, by leaving there a copy, with some person of suitable age and discretion, and sending a copy through the mail addressed to the person entitled thereto at his or her place of residence; or (3) if the person to be notified be a tenant, or an unlawful holder of premises, and his or her place of residence is not known, or if a person of suitable age and discretion there cannot be found then by affixing a copy of the notice in a conspicuous place on the premises unlawfully held, and also delivering a copy to a person there residing, if such a person can be found,

and also sending a copy through the mail addressed to the tenant, or unlawful occupant, at the place where the premises unlawfully held are situated. Service upon a subtenant may be made in the same manner: PROVIDED, That in cases where the tenant or unlawful occupant, shall be conducting a hotel, inn, lodging house, boarding house, or shall be renting rooms while still retaining control of the premises as a whole, that the guests, lodgers, boarders, or persons renting such rooms shall not be considered as subtenants within the meaning of this chapter, but all such persons may be served by affixing a copy of the notice to be served in two conspicuous places upon the premises unlawfully held; and such persons shall not be necessary parties defendant in an action to recover possession of said premises. Service of any notice provided for in this chapter may be had upon a corporation by delivering a copy thereof to any officer, agent, or person having charge of the business of such corporation, at the premises unlawfully held, and in case no such officer, agent, or person can be found upon such premises, then service may be had by affixing a copy of such notice in a conspicuous place upon said premises and by sending a copy through the mail addressed to such corporation at the place where said premises are situated. Proof of any service under this section may be made by the affidavit of the person making the same in like manner and with like effect as the proof of service of summons in civil actions. When a copy of notice is sent through the mail, as provided in this section, service shall be deemed complete when such copy is deposited in the United States mail in the county in which the property is situated properly addressed with postage prepaid: PROVIDED, HOWEVER, That when service is made by mail one additional day shall be allowed before the commencement of an action based upon such notice. (~~RCW 59.18.375 may also apply to notice given under this chapter.~~)

Sec. 14. RCW 59.18.230 and 2020 c 315 s 6 and 2020 c 177 s 2 are each reenacted and amended to read as follows:

- (1)(a) Any provision of a lease or other agreement, whether oral or written, whereby any section or subsection of this chapter is waived except as provided in RCW 59.18.360 and shall be deemed against public policy and shall be unenforceable. Such unenforceability shall not affect

other provisions of the agreement which can be given effect without them.

(b) Any agreement, whether oral or written, between a landlord and tenant, or their representatives, and entered into pursuant to an unlawful detainer action under this chapter that requires the tenant to pay any amount in violation of RCW 59.18.283 or the statutory judgment amount limits under RCW 59.18.410 (1) or (2), or waives any rights of the tenant under RCW 59.18.410 or any other rights afforded under this chapter except as provided in RCW 59.18.360 is void and unenforceable. A landlord may not threaten a tenant with eviction for failure to pay nonpossessory charges limited under RCW 59.18.283.

(2) No rental agreement may provide that the tenant:

(a) Agrees to waive or to forgo rights or remedies under this chapter; or

(b) Authorizes any person to confess judgment on a claim arising out of the rental agreement; or

(c) Agrees to pay the landlord's attorneys' fees, except as authorized in this chapter; or

(e) And landlord have agreed to a particular arbitrator at the time the rental agreement is entered into; or

(f) Agrees to pay late fees for rent that is paid within five days following its due date. If rent is more than five days past due, the landlord may charge late fees commencing from the first day after the due date until paid. Nothing in this subsection prohibits a landlord from serving a notice to pay or vacate at any time after the rent becomes due.

(3) A provision prohibited by subsection (2) of this section included in a rental agreement is unenforceable. If a landlord deliberately uses a rental agreement containing provisions known by him or her to be prohibited, the tenant may recover actual damages sustained by him or her, statutory damages not to exceed ~~((five hundred dollars))~~ \$500, costs of suit, and reasonable attorneys' fees.

(4) The common law right of the landlord of distress for rent is hereby abolished for property covered by this chapter. Any provision in a rental agreement creating a lien upon the personal property of the tenant or authorizing a distress for rent is null and void and of no force and effect. Any landlord who takes or detains the personal property of a tenant without the specific written consent of the tenant to such incident of taking or detention, and who, after written demand by the tenant for the return of his or her personal property, refuses to return the same promptly shall be liable to the tenant for the value of the property retained, actual damages, and if the refusal is intentional, may also be liable for damages of up to ~~((five hundred dollars))~~ \$500 per day but not to exceed ~~((five thousand dollars))~~ \$5,000, for each day or part of a day that the tenant is deprived of his or her property. The prevailing party may recover his or her costs of suit and a reasonable attorneys' fee.

This chapter shall regulate and determine legal rights, remedies, and obligations arising from any rental agreement between a landlord and a tenant regarding a mobile home lot and including specified amenities within the mobile home park, mobile home park cooperative, or mobile home park subdivision, where the tenant has no ownership interest in the property or in the association which owns the property, whose uses are referred to as a part of the rent structure paid by the tenant. All such rental agreements shall be unenforceable to the extent of any conflict with any provision of this chapter. Chapter 59.12 RCW shall be applicable only in implementation of the provisions of this

chapter and not as an alternative remedy to this chapter which shall be exclusive where applicable: PROVIDED, That the provision of RCW 59.12.090, 59.12.100, and 59.12.170 shall not apply to any rental agreement included under the provisions of this chapter. Rentals of mobile homes, manufactured homes, or park models themselves are governed by the residential landlord-tenant act, chapter 59.18 RCW.

Sec. 16. RCW 59.18.410 and 2020 c 315 s 5 are each amended to read as follows:

(1) If at trial the verdict of the jury or, if the case is tried without a jury, the finding of the court is in favor of the landlord and against the tenant, judgment shall be entered for the restitution of the premises; and if the proceeding is for unlawful detainer after neglect or failure to perform any condition or covenant of a lease or agreement under which the property is held, or after default in the payment of rent, the judgment shall also declare the forfeiture of the lease, agreement, or tenancy. The jury, or the court, if the proceedings are tried without a jury, shall also assess the damages arising out of the tenancy occasioned to the landlord by any forcible entry, or by any forcible or unlawful detainer, alleged in the complaint and proved at trial, and, if the alleged unlawful detainer is based on default in the payment of rent, find the amount of any rent due, and the judgment shall be rendered against the tenant liable for the forcible entry, forcible detainer, or unlawful detainer for the amount of damages thus assessed, for the rent, if any, found due, and late fees if such fees are due under the lease and do not exceed seventy-five dollars in total. The court may award statutory costs. The court may also award reasonable attorneys' fees as provided in RCW 59.18.290.

(2) When the tenant is liable for unlawful detainer after a default in the payment of rent, execution upon the judgment shall not occur until the

expiration of five court days after the entry of the judgment. Before entry of a judgment or until five court days have expired after entry of the judgment, the tenant or any subtenant, or any mortgagee of the term, or other party interested in the continuance of the tenancy, may pay into court or to the landlord the amount of the rent due, any court costs incurred at the time of payment, late fees if such fees are due under the lease and do not exceed seventy-five dollars in total, and attorneys' fees if awarded, in which event any judgment entered shall be satisfied and the tenant restored to his or her tenancy. If the tenant seeks to restore his or her tenancy after entry of a judgment, the tenant may tender the amount stated within the judgment as long as that amount does not exceed the amount authorized under subsection (1) of this section. If a tenant seeks to restore his or her tenancy and pay the amount set forth in this subsection with funds acquired through an emergency rental assistance program provided by a governmental or nonprofit entity, the tenant shall provide a copy of the pledge of emergency rental assistance provided from the appropriate governmental or nonprofit entity and have an opportunity to exercise such rights under this subsection, which may include a stay of judgment and provision by the landlord of documentation necessary for processing the assistance. The landlord shall accept any pledge of emergency rental assistance funds provided to the tenant from a governmental or nonprofit entity before the expiration of any pay or vacate notice for nonpayment of rent for the full amount of the rent owing under the rental agreement. The landlord shall accept any written pledge of emergency rental assistance funds provided to the tenant from a governmental or nonprofit entity after the expiration of the pay or vacate notice if the pledge will contribute to the total payment of both the amount of rent due, including any current rent, and other amounts if required under this subsection. The landlord shall suspend any court action for seven court days after providing necessary payment information to the nonprofit or governmental entity to allow for payment of the emergency rental assistance funds. By accepting such pledge of emergency rental assistance, the landlord is not required to enter into any additional conditions not related to the provision of necessary payment information and documentation.

If a judgment has been satisfied, the landlord shall file a satisfaction of judgment with the court. A tenant seeking to exercise rights under this subsection shall pay an additional fifty dollars for each time the tenant was reinstated after judgment pursuant to this subsection within the previous twelve months prior to payment. If payment of the amount specified in this subsection is not made within five court days after the entry of the judgment, the judgment may be enforced for its full amount and for the possession of the premises.

(3)(a) Following the entry of a judgment in favor of the landlord and against the tenant for the restitution of the premises and forfeiture of the tenancy due to nonpayment of rent, the court, at the time of the show cause hearing or trial, or upon subsequent motion of the tenant but before the execution of the writ of restitution, may stay the writ of restitution upon good cause and on such terms that the court deems fair and just for both parties. In making this decision, the court shall consider evidence of the following factors:

(i) The tenant's willful or intentional default or intentional failure to pay rent;

(ii) Whether nonpayment of the rent was caused by exigent circumstances that were beyond the tenant's control and that are not likely to recur;

(iii) The tenant's ability to timely pay the judgment;

(iv) The tenant's payment history;

(v) Whether the tenant is otherwise in substantial compliance with the rental agreement;

(vi) Hardship on the tenant if evicted; and

(vii) Conduct related to other notices served within the last six months.

(b) The burden of proof for such relief under this subsection (3) shall be on the tenant. If the tenant seeks relief pursuant to this subsection (3) at the time of the show cause hearing, the court shall hear the matter at the time of the show cause hearing or as expeditiously as possible so as to avoid unnecessary delay or hardship on the parties.

(c) In any order issued pursuant to this subsection (3):

(i) The court shall not stay the writ of restitution more than ninety days from the date of order, but may order repayment of the judgment balance within such time. If the payment plan is to exceed thirty days, the total cumulative payments for each thirty-day period following the order shall be no less than one month of the tenant's share of the rent, and the total amount of the judgment and all additional rent that is due shall be paid within ninety days.

(ii) Within any payment plan ordered by the court, the court shall require the tenant to pay to the landlord or to the court one month's rent within five court days of issuance of the order. If the date of the order is on or before the fifteenth of the month, the tenant shall remain current with ongoing rental payments as they become due for the duration of the payment plan; if the date of the order is after the fifteenth of the month, the tenant shall have the option to apportion the following month's rental payment within the payment plan, but monthly rental payments thereafter shall be paid according to the rental agreement.

(iii) The sheriff may serve the writ of restitution upon the tenant before the expiration of the five court days of issuance of the order; however, the sheriff shall not execute the writ of restitution until after expiration of the five court days in order for payment to be made of one month's rent as required by (c)(ii) of this subsection. In the event payment is made as provided in (c)(ii) of this subsection for one month's rent, the court shall stay the writ of restitution ex parte without prior notice to the landlord upon the tenant filing and presenting a motion to stay with a declaration of proof of payment demonstrating full compliance with the required payment of one month's rent. Any order staying the writ of restitution under this subsection (3)(c)(iii) shall require the tenant to serve a copy of the order on the landlord by personal delivery, first-class mail, facsimile, or email if agreed to by the parties.

(A) If the tenant has satisfied (c)(ii) of this subsection by paying one month's rent within five court days, but defaults on a subsequent payment required by the court pursuant to this subsection (3)(c), the landlord may enforce the writ of restitution after serving a notice of

default in accordance with RCW 59.12.040 informing the tenant that he or she has defaulted on rent due under the lease agreement or payment plan entered by the court. Upon service of the notice of default, the tenant shall have three calendar days from the date of service to vacate the premises before the sheriff may execute the writ of restitution.

(B) If the landlord serves the notice of default described under this subsection (3)(c)(iii), an additional day is not included in calculating the time before the sheriff may execute the writ of restitution. The notice of default must be in substantially the following form:

(iv) If a tenant seeks to satisfy a condition of this subsection (3)(c) by relying on an emergency rental assistance program provided by a government or nonprofit entity and provides an offer of proof, the court shall stay the writ of restitution as necessary to afford the tenant an equal opportunity to comply.

(v) The court shall extend the writ of restitution as necessary to enforce the order issued pursuant to this subsection (3)(c) in the event of default.

(d) A tenant who has been served with three or more notices to pay or vacate for failure to pay rent as set forth in RCW 59.12.040 within twelve months prior to the notice to pay or vacate upon which the proceeding is based may not seek relief under this subsection (3).

(e)(i) In any application seeking relief pursuant to this subsection (3) by either the tenant or landlord, the court shall issue a finding as to whether the tenant is low-income, limited resourced, or experiencing hardship to determine if the parties would be eligible for disbursement through the landlord mitigation program account established within RCW 43.31.605(1)(c). In making this finding, the court may include an inquiry regarding the tenant's income relative to area median income, household composition, any extenuating circumstances, or other factors, and may rely on written declarations or oral testimony by the parties at the hearing.

(ii) After a finding that the tenant is low-income, limited resourced, or experiencing hardship, the court may issue an order: (A) Finding that the landlord is eligible to receive on behalf of the tenant and may apply for reimbursement from the landlord mitigation program; and (B) directing the clerk to remit, without further order of the court, any future payments made by the tenant in order to reimburse the department of commerce pursuant to RCW 43.31.605(1)(c)(iii). In accordance with RCW 43.31.605(1)(c), such an order must be accompanied by a copy of the order staying the writ of restitution. Nothing in this subsection (3)(e) shall be deemed to obligate the department of commerce to provide assistance in claim reimbursement through the landlord mitigation program if there are not sufficient funds.

(iii) If the department of commerce fails to disburse payment to the landlord

for the judgment pursuant to this subsection (3) (e) within thirty days from submission of the application, the landlord may renew an application for a writ of restitution pursuant to RCW 59.18.370 and for other rent owed by the tenant since the time of entry of the prior judgment. In such event, the tenant may exercise rights afforded under this section.

(iv) Upon payment by the department of commerce to the landlord for the remaining or total amount of the judgment, as applicable, the judgment is satisfied and the landlord shall file a satisfaction of judgment with the court.

(v) Nothing in this subsection (3) (e) prohibits the landlord from otherwise applying for reimbursement for an unpaid judgment pursuant to RCW 43.31.605(1) (c) after the tenant defaults on a payment plan ordered pursuant to (c) of this subsection.

(vi) For the period extending one year beyond the expiration of the eviction moratorium, a tenant may demonstrate ability to pay in order to reinstate the tenancy by means of disbursement through the account established under RCW 43.31.605(1) (c); in such a case:

(A) Any restrictions imposed by subsection (3) (d) of this section shall not apply in determining if a tenant is eligible for reinstatement under subsection (3) of this section.

(B) Reimbursement on behalf of the tenant to the landlord may include up to three months of prospective rent to stabilize the tenancy as determined by the court.

(4) If a tenant seeks to stay a writ of restitution issued pursuant to this chapter, the court may issue an ex parte stay of the writ of restitution provided the tenant or tenant's attorney submits a declaration indicating good faith efforts were made to notify the other party or, if no efforts were made, why notice could not be provided prior to the application for an ex parte stay, and describing the immediate or irreparable harm that may result if an immediate stay is not granted. The court shall require service of the order and motion to stay the writ of restitution by personal delivery, mail, facsimile, or other means most likely to afford all parties notice of the court date.

(5) In all other cases the judgment may be enforced immediately. If a writ of restitution shall have been executed prior to judgment no further writ or execution for the premises shall be required.

(6) This section also applies if the writ of restitution is issued pursuant to a final judgment entered after a show cause hearing conducted in accordance with RCW 59.18.380.

NEW SECTION. Sec. 17. This act does not apply to assisted living facilities licensed under chapter 18.20 RCW, to nursing homes licensed under chapter 18.51 RCW, to adult family homes licensed under chapter 70.128 RCW, or to continuing care retirement communities registered under chapter 18.390 RCW.

NEW SECTION. Sec. 18. RCW 59.18.375 (Forcible entry or detainer or unlawful detainer actions—Payment of rent into court registry—Writ of restitution—Notice) and 2008 c 75 s 2, 2006 c 51 s 2, & 1983 c 264 s 13 are each repealed.

NEW SECTION. Sec. 19. Sections 2 through 4 of this act supersede any other provisions within chapter 59.18 or 59.12 RCW, or chapter 59.20 RCW as applicable, that conflict with sections 2 through 4 of this act.

NEW SECTION. Sec. 20. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

E2SSB 5163 Prime Sponsor, Committee on Ways & Means: Concerning the placement and treatment of conditionally released sexually violent predators. Reported by Committee on Public Safety

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that in 2008, the sex offender policy board was established to provide a more coordinated and integrated response to sex offender management in Washington state. The legislature further finds that in March 2020, the board was convened to review policies and practices related to sexually violent predators. The legislature recognizes that the board released a report and a series of recommendations regarding improvement to the current practice in order to ensure a successful transition for individuals convicted of sex offenses from total confinement back into the community. The legislature resolves to increase community safety through successful transition by enacting the recommendations of the board and other related policies.

Sec. 2. RCW 71.09.020 and 2015 c 278 s 2 are each reenacted and amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Department" means the department of social and health services.

~~((7))~~ (8) "Likely to engage in predatory acts of sexual violence if not confined in a secure facility" means that the person more probably than not will engage in such acts if released unconditionally from detention on the sexually violent predator petition. ~~((8))~~ (9) "Mental abnormality" means a congenital or acquired condition affecting the emotional or volitional capacity which predisposes the person to the commission of criminal sexual acts in a degree constituting such person a menace to the health and safety of others.

Total confinement facilities include the special commitment center and any similar facility designated as a total confinement facility by the secretary.

~~((20))~~ (21) "Treatment" means the sex offender specific treatment program at the special commitment center or a specific course of sex offender treatment pursuant to RCW 71.09.092 (1) and (2).

Sec. 3. RCW 71.09.080 and 2012 c 257 s 6 are each amended to read as follows:

(1) Any person subjected to restricted liberty as a sexually violent predator pursuant to this chapter shall not forfeit any legal right or suffer any legal disability as a consequence of any actions taken or orders made, other than as specifically provided in this chapter, or as otherwise authorized by law.

(2)(a) Any person committed or detained pursuant to this chapter shall be prohibited from possessing or accessing a personal computer if the resident's individualized treatment plan states that access to a computer is harmful to bringing about a positive response to a specific and certain phase or course of treatment.

(b) A person who is prohibited from possessing or accessing a personal computer under (a) of this subsection shall be permitted to access a limited functioning personal computer capable of word processing and limited data storage on the computer only that does not have:

(i) Internet access capability; (ii) an optical drive, external drive, universal serial bus port, or similar drive capability; or (iii) the capability to display photographs, images, videos, or motion pictures, or similar display capability from any drive or port capability listed under (b)(ii) of this subsection.

(3) Any person committed pursuant to this chapter has the right to adequate care ~~((and))~~, individualized treatment, and the development of an ongoing, clinically appropriate discharge plan as part of the treatment process. The department of social and health services shall keep records detailing all medical, expert, and professional care and treatment received by a committed person, and shall keep copies of all reports of periodic examinations made pursuant to this chapter. All such records and reports shall be made available upon request only to: The committed person, his or her attorney, the prosecuting agency, the court, the protection and advocacy agency, or another expert or professional person who, upon proper showing, demonstrates a need for access to such records.

(4) The right to the development of a discharge plan under subsection (3) of this section does not guarantee that any particular person will be determined

appropriate for discharge at any particular time. Nothing in this section precludes the department from expressing professional judgment regarding the suitability of discharge for the protection of a resident's safety or community safety. Individualized and ongoing discharge planning requires, at a minimum, and as part of a person's treatment plan, the following are addressed based on information known to the department and in accordance with policies developed by the department to implement this subsection:

(a) The resident's known physical health, functioning, and any need for health aid devices;

(b) The resident's known intellectual or cognitive level of functioning and need for specialized programming;

(c) The resident's known history of substance use and abuse;

(d) The resident's known history of risky or impulsive behaviors, criminogenic needs, and treatment interventions to address them;

(e) The resident's known ability to perform life skills and activities of daily living independently and the resident's known need for any disability accommodations;

(f) A summary of the known community services and supports the resident needs for a safe life in the community and the type of providers of such services and support; and

(g) A plan to mitigate the needs identified in this subsection that also addresses ways to develop or increase social supports, recreation opportunities, gainful employment, and if applicable, spiritual opportunities.

(5) At the time a person is taken into custody or transferred into a facility pursuant to a petition under this chapter, the professional person in charge of such facility or his or her designee shall take reasonable precautions to inventory and safeguard the personal property of the persons detained or transferred. A copy of the inventory, signed by the staff member making it, shall be given to the person detained and shall, in addition, be open to inspection to any responsible relative, subject to limitations, if any, specifically imposed by the detained person. For purposes of this subsection,

"responsible relative" includes the guardian, conservator, attorney, spouse, parent, adult child, or adult brother or sister of the person. The facility shall not disclose the contents of the inventory to any other person without consent of the patient or order of the court.

~~((5))~~ (6) Nothing in this chapter prohibits a person presently committed from exercising a right presently available to him or her for the purpose of obtaining release from confinement, including the right to petition for a writ of habeas corpus.

~~((6))~~ (7) No indigent person may be conditionally released or unconditionally discharged under this chapter without suitable clothing, and the secretary shall furnish the person with such sum of money as is required by RCW 72.02.100 for persons without ample funds who are released from correctional institutions. As funds are available, the secretary may provide payment to the indigent persons conditionally released pursuant to this chapter consistent with the optional provisions of RCW 72.02.100 and 72.02.110, and may adopt rules to do so.

~~((7))~~ (8) If a civil commitment petition is dismissed, or a trier of fact determines that a person does not meet civil commitment criteria, the person shall be released within twenty-four hours of service of the release order on the superintendent of the special commitment center, or later by agreement of the person who is the subject of the petition.

Sec. 4. RCW 71.09.090 and 2018 c 131 s 2 are each amended to read as follows:

(1)(a) If the secretary determines that the person's condition has so changed that ~~((either: (a) The))~~ the person no longer meets the definition of a sexually violent predator ~~((+ or (b) conditional release to a less restrictive alternative is in the best interest of the person and conditions can be imposed that adequately protect the community))~~, the secretary shall authorize the person to petition the court for ~~((conditional release to a less restrictive alternative or))~~ unconditional discharge. The petition shall be filed with the court and served upon the prosecuting agency responsible for the initial commitment. The court, upon receipt of the petition for ~~((conditional release to a less~~

~~restrictive alternative or))~~ unconditional discharge, shall within ~~((forty-five))~~ 45 days order a hearing.

(b) If the secretary determines that the person's condition has so changed that conditional release to a less restrictive alternative is in the best interest of the person and conditions can be imposed that adequately protect the community, then the secretary shall authorize the person to petition the court for conditional release to a less restrictive alternative. Upon receipt of the petition, the court shall order the department to identify a less restrictive alternative placement that satisfies RCW 71.09.092 (1) through (4). Once identified, notice of the placement shall be filed with the court and served upon the prosecuting agency responsible for the initial commitment as well as the person and his or her counsel. If the department cannot identify a placement available to the person that satisfies RCW 71.09.092 (1) through (4) within 90 days, the department shall provide a written certification to the court, the prosecuting agency responsible for the initial commitment, and the person and his or her counsel, detailing the efforts of the department to identify a qualifying placement. Upon the department's certification, the person may propose a placement that satisfies RCW 71.09.092 (1) through (3). After a less restrictive placement has been proposed by either the department or the person, the court shall within 45 days order a hearing.

(2)(a) Nothing contained in this chapter shall prohibit the person from otherwise petitioning the court for conditional release to a less restrictive alternative or unconditional discharge without the secretary's approval. The secretary shall provide the committed person with an annual written notice of the person's right to petition the court for conditional release to a less restrictive alternative or unconditional discharge over the secretary's objection. The notice shall contain a waiver of rights. The secretary shall file the notice and waiver form and the annual report with the court. If the person does not affirmatively waive the right to petition, the court shall set a show cause hearing to determine whether probable cause exists to warrant a hearing on whether the person's condition has so changed that: (i) He or she no longer meets the definition of a sexually

violent predator; or (ii) conditional release to a proposed less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community.

(b) (i) The committed person shall have a right to have an attorney represent him or her at the show cause hearing, which may be conducted solely on the basis of affidavits or declarations, but the person is not entitled to be present at the show cause hearing. At the show cause hearing, the prosecuting agency shall present prima facie evidence establishing: (A) That the committed person continues to meet the definition of a sexually violent predator; and (B) that a less restrictive alternative is not in the best interest of the person and conditions cannot be imposed that adequately protect the community.

(ii) (A) If the state produces prima facie evidence that the committed person continues to be a sexually violent predator, then the state's burden under (b) (i) (A) of this subsection is met and an unconditional release trial may not be ordered unless the committed person produces evidence satisfying: Subsection (4) (a) of this section; and subsection (4) (b) (i) or (ii) of this section.

(B) If the state produces prima facie evidence that a less restrictive alternative is not appropriate for the committed person, then the state's burden under (b) (i) (B) of this subsection is met, and a conditional release trial may not be ordered unless the committed person:

(I) Produces evidence satisfying: Subsection (4) (a) of this section; and subsection (4) (b) (i) or (ii) of this section; and

(II) Presents the court with a specific placement satisfying the requirements of RCW 71.09.092.

(iii) In making the showing required under (b) (i) of this subsection, the state may rely exclusively upon the annual report prepared pursuant to RCW 71.09.070. The committed person may present responsive affidavits or declarations to which the state may reply.

(c) (i) If the court at the show cause hearing determines that either: ~~((+))~~ (A) The state has failed to present prima facie evidence that the committed person

continues to meet the definition of a sexually violent predator ~~((and that no proposed less restrictive alternative is in the best interest of the person and conditions cannot be imposed that would adequately protect the community))~~; or ~~((+))~~ (B) probable cause exists to believe that the person's condition has so changed that ~~((+ (A) The))~~ the person no longer meets the definition of a sexually violent predator ~~((+ or (B) release to a proposed less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community))~~, then the court shall set a hearing on ~~((either or both issues))~~ the issue of unconditional discharge.

(ii) If the court at the show cause hearing determines that the state has failed to present prima facie evidence that no proposed less restrictive alternative is in the best interest of the person and conditions cannot be imposed that would adequately protect the community, the court shall enter an order directing the department to propose a less restrictive alternative that satisfies RCW 71.09.092 (1) through (4). If the department cannot identify a placement available to the person that satisfies RCW 71.09.092 (1) through (4) within 90 days, the department shall provide a written certification to the court, the prosecuting agency responsible for the initial commitment, and the person and his or her counsel, detailing the efforts of the department to identify a qualifying placement. Upon the department's certification, the person may propose a placement that satisfies RCW 71.09.092 (1) through (3). After a less restrictive placement has been proposed by either the department or the person, the court shall set a hearing on the issue of conditional release.

(iii) If the court at the show cause hearing determines, based on the evidence submitted by the person, that probable cause exists to believe that release to a less restrictive alternative would be in the best interest of the person and conditions can be imposed that would adequately protect the community, the court shall set a hearing on the issue of conditional release if the person presents the court with a specific placement that satisfies the requirements of RCW 71.09.092.

(d) If the court has not previously considered the issue of release to a less

restrictive alternative, either through a trial on the merits or through the procedures set forth in RCW 71.09.094(1), or if an immediately preceding less restrictive alternative was revoked due to the loss of adequate housing or treatment for reasons other than noncompliance with housing requirements, treatment, or other conditions of the less restrictive alternative, the court shall consider whether release to a less restrictive alternative would be in the best interests of the person and conditions can be imposed that would adequately protect the community, without considering whether the person's condition has changed. ~~((The court may not find probable cause for a trial addressing less restrictive alternatives unless a proposed less restrictive alternative placement meeting the conditions of RCW 71.09.092 is presented to the court at the show cause hearing.))~~

(3)(a) At the hearing resulting from subsection (1) or (2) of this section, the committed person shall be entitled to be present and to the benefit of all constitutional protections that were afforded to the person at the initial commitment proceeding. The prosecuting agency shall represent the state and shall have a right to a jury trial and to have the committed person evaluated by experts chosen by the state. The prosecuting agency shall have a right to a current evaluation of the person by experts chosen by the state. The judge may require the person to complete any or all of the following procedures or tests if requested by the evaluator: (i) A clinical interview; (ii) psychological testing; (iii) plethysmograph testing; and (iv) polygraph testing. The judge may order the person to complete any other procedures and tests relevant to the evaluation. The state is responsible for the costs of the evaluation. The committed person shall also have the right to a jury trial and the right to have experts evaluate him or her on his or her behalf and the court shall appoint an expert if the person is indigent and requests an appointment.

(b) Whenever any indigent person is subjected to an evaluation under (a) of this subsection, the office of public defense is responsible for the cost of one expert or professional person conducting an evaluation on the person's behalf. When the person wishes to be evaluated by a qualified expert or professional person of his or her own

choice, such expert or professional person must be permitted to have reasonable access to the person for the purpose of such evaluation, as well as to all relevant medical and psychological records and reports. In the case of a person who is indigent, the court shall, upon the person's request, assist the person in obtaining an expert or professional person to perform an evaluation or participate in the hearing on the person's behalf. Nothing in this chapter precludes the person from paying for additional expert services at his or her own expense.

(c) If the issue at the hearing is whether the person should be unconditionally discharged, the burden of proof shall be upon the state to prove beyond a reasonable doubt that the committed person's condition remains such that the person continues to meet the definition of a sexually violent predator. Evidence of the prior commitment trial and disposition is admissible. The recommitment proceeding shall otherwise proceed as set forth in RCW 71.09.050 and 71.09.060.

(d) If the issue at the hearing is whether the person should be conditionally released to a less restrictive alternative, the burden of proof at the hearing shall be upon the state to prove beyond a reasonable doubt that conditional release to any proposed less restrictive alternative either: (i) Is not in the best interest of the committed person; or (ii) does not include conditions that would adequately protect the community. Evidence of the prior commitment trial and disposition is admissible.

(4)(a) Probable cause exists to believe that a person's condition has "so changed," under subsection (2) of this section, only when evidence exists, since the person's last commitment trial, or less restrictive alternative revocation proceeding, of a substantial change in the person's physical or mental condition such that the person either no longer meets the definition of a sexually violent predator or that a conditional release to a less restrictive alternative is in the person's best interest and conditions can be imposed to adequately protect the community.

(b) A new trial proceeding under subsection (3) of this section may be ordered, or a trial proceeding may be held, only when there is current evidence

from a licensed professional of one of the following and the evidence presents a change in condition since the person's last commitment trial proceeding:

(i) An identified physiological change to the person, such as paralysis, stroke, or dementia, that renders the committed person unable to commit a sexually violent act and this change is permanent; or

(ii) A change in the person's mental condition brought about through positive response to continuing participation in treatment which indicates that the person meets the standard for conditional release to a less restrictive alternative or that the person would be safe to be at large if unconditionally released from commitment.

(c) For purposes of this section, a change in a single demographic factor, without more, does not establish probable cause for a new trial proceeding under subsection (3) of this section. As used in this section, a single demographic factor includes, but is not limited to, a change in the chronological age, marital status, or gender of the committed person.

(5) When the court enters an order for unconditional discharge of a person from an immediately preceding less restrictive placement, the court must direct the clerk to transmit a copy of the order to the department of corrections for discharge process and termination of cause.

(6) The jurisdiction of the court over a person civilly committed pursuant to this chapter continues until such time as the person is unconditionally discharged.

~~((6+))~~ (7) During any period of confinement pursuant to a criminal conviction, or for any period of detention awaiting trial on criminal charges, this section is suspended.

Sec. 5. RCW 71.09.092 and 2009 c 409 s 9 are each amended to read as follows:

Before the court may enter an order directing conditional release to a less restrictive alternative, it must find the following: (1) The person will be treated by a treatment provider who is qualified to provide such treatment in the state of Washington under chapter 18.155 RCW; (2) the treatment provider has presented a specific course of treatment and has

agreed to assume responsibility for such treatment and will report progress to the court on a regular basis, and will report violations immediately to the court, the prosecutor, the supervising community corrections officer, and the superintendent of the special commitment center; (3) housing exists in Washington that complies with distance restrictions, is sufficiently secure to protect the community, and the person or agency providing housing to the conditionally released person has agreed in writing to accept the person, to provide the level of security required by the court, and immediately to report to the court, the prosecutor, the supervising community corrections officer, and the superintendent of the special commitment center if the person leaves the housing to which he or she has been assigned without authorization; (4) if the department has proposed housing that is outside of the county of commitment, a documented effort was made by the department to ensure that placement is consistent with fair share principles of release; (5) the person is willing to comply with the treatment provider and all requirements imposed by the treatment provider and by the court; and ~~((5+))~~ (6) the person will be under the supervision of the department of corrections and is willing to comply with supervision requirements imposed by the department of corrections.

Sec. 6. RCW 71.09.096 and 2015 c 278 s 3 are each amended to read as follows:

(1) If the court or jury determines that conditional release to a less restrictive alternative is in the best interest of the person and includes conditions that would adequately protect the community, and the court determines that the minimum conditions set forth in RCW 71.09.092 and in this section are met, the court shall enter judgment and direct a conditional release.

(2) The court shall impose any additional conditions necessary to ensure compliance with treatment and to protect the community. If the court finds that conditions do not exist that will both ensure the person's compliance with treatment and protect the community, then the person shall be remanded to the custody of the department of social and health services for control, care, and treatment in a secure facility as designated in RCW 71.09.060(1).

(3) If the service provider designated by the court to provide inpatient or outpatient treatment or to monitor or supervise any other terms and conditions of a person's placement in a less restrictive alternative is other than the department of social and health services or the department of corrections, then the service provider so designated must agree in writing to provide such treatment, monitoring, or supervision in accord with this section. Any person providing or agreeing to provide treatment, monitoring, or supervision services pursuant to this chapter may be compelled to testify and any privilege with regard to such person's testimony is deemed waived.

(4)(a) Prior to authorizing any release to a less restrictive alternative, the court shall impose such conditions upon the person as are necessary to ensure the safety of the community. In imposing conditions, the court must impose a restriction on the proximity of the person's residence to public or private schools providing instruction to kindergarten or any grades one through 12 in accordance with RCW 72.09.340. Courts shall require a minimum distance restriction of 500 feet on the proximity of the person's residence to child care facilities and public or private schools providing instruction to kindergarten or any grades one through 12. The court shall order the department of corrections to investigate the less restrictive alternative and, within 60 days of the order to investigate, recommend any additional conditions to the court. These conditions shall be individualized to address the person's specific risk factors and criminogenic needs and may include, but are not limited to the following: Specification of residence or restrictions on residence including distance restrictions, specification of contact with a reasonable number of individuals upon the person's request who are verified by the department of corrections to be appropriate social contacts, prohibition of contact with potential or past victims, prohibition of alcohol and other drug use, participation in a specific course of inpatient or outpatient treatment that may include monitoring by the use of polygraph and plethysmograph, monitoring through the use of global positioning ((satellite [global positioning system])) system technology, supervision by a department of

corrections community corrections officer, a requirement that the person remain within the state unless the person receives prior authorization by the court, and any other conditions that the court determines are in the best interest of the person or others. A copy of the conditions of release shall be given to the person and to any designated service providers.

(b) To the greatest extent possible, the person, person's counsel, prosecuting agency responsible for the initial commitment, treatment provider, supervising community corrections officer, and appropriate clinical staff of the special commitment center shall meet and collaborate to craft individualized, narrowly tailored, and empirically based conditions to present to the court to help facilitate the person's successful transition to the community.

(5) (a) Prior to authorizing release to a less restrictive alternative proposed by the department, the court shall consider whether ((it is appropriate to release the person to the person's county of commitment)) the person's less restrictive alternative placement is in accordance with fair share principles. To ensure equitable distribution of releases, and prevent the disproportionate grouping of persons subject to less restrictive orders in any one county, or in any one jurisdiction or community within a county, the legislature finds it is appropriate for releases to a less restrictive alternative to occur in ((the person's county of commitment, unless)) a manner that adheres to fair share principles. The legislature recognizes that there may be reasons why the department may not recommend that a person be released to his or her county of commitment, including availability of individualized resources, the person's support needs, or when the court determines that the person's return to his or her county of commitment would be inappropriate considering any court-issued protection orders, victim safety concerns that cannot be addressed through use of global positioning system technology, the ((availability)) unavailability of appropriate treatment or facilities that would adequately protect the community, negative influences on the person, ((or)) and the location of family or other persons or organizations offering support to the person. If the court

authorizes conditional release based on the department's proposal to a county other than the county of commitment, the court shall enter specific findings regarding its decision and identify whether the release remains in line with fair share principles.

~~(b) (i) When the department ((or court assists in developing a)) develops a less restrictive alternative placement under this section ((which is outside of the county of commitment, and there are two or more options for placement, it shall endeavor to develop the placement in a manner that does not have a disproportionate effect on a single county)), it shall attempt to identify a placement satisfying the requirements of RCW 71.09.092 that is aligned with fair share principles. The department shall document its rationale for the recommended placement.~~

(ii) If the department does not support or recommend conditional release to a less restrictive alternative due to a clinical determination, the department shall document its objection and certify that the department is developing the less restrictive alternative pursuant to a court order and not because of a clinical determination.

(iii) When the department develops or proposes a less restrictive alternative placement under this chapter, it shall be considered a predisposition recommendation.

(iv) In developing, modifying, and enforcing less restrictive alternatives, the department shall be deemed to be performing a quasi-judicial function.

~~((b))~~ (c) If the committed person is not conditionally released to his or her county of commitment, the department shall provide the law and justice council of the county in which the person is conditionally released with notice and a written explanation, including whether the department remains in compliance with fair share principles regarding releases under this chapter.

~~((e))~~ (d) For purposes of this section, the person's county of commitment means the county of the court which ordered the person's commitment.

~~((d))~~ (e) This subsection (5) does not apply to releases to a secure community transition facility under RCW 71.09.250.

(6) (a) When ordered by the court, the department must provide less restrictive alternative treatment that includes, at a minimum:

(i) The services identified in the person's discharge plan as outlined in RCW 71.09.080(4);

(ii) The assignment of a community care coordinator;

(iii) Regular contacts with providers of court-ordered treatment services;

(iv) Community escorts, if needed;

(v) A transition plan that addresses the person's access to continued services upon unconditional discharge;

(vi) Financial support for necessary housing;

(vii) Life skills training and disability accommodations, if needed; and

(viii) Assistance in pursuing benefits, education, and employment.

(b) At the time the department of corrections is ordered to investigate a proposed less restrictive alternative placement, subject to the availability of amounts appropriated for this specific purpose, the department shall assign a social worker to assist the person with discharge planning, pursuing benefits, and coordination of care prior to release.

(i) The social worker shall assist the person with completing applications for benefits prior to the person's release from total confinement.

(ii) To promote continuity of care and the individual's success in the community, the department social worker shall be responsible for initiating a clinical transition of care between the last treating clinician at the special commitment center and the person's designated community treatment provider. This transition between one clinical setting to another shall occur no later than 15 days before an individual's release from the special commitment center.

(iii) If applicable, the social worker shall assist the person with locating any needed disability accommodations in the community and with obtaining resources to help address the person's identified life skills needs prior to release from total confinement.

(7) Any service provider designated to provide inpatient or outpatient treatment shall monthly, or as otherwise directed by the court, submit to the court, to the department of social and health services facility from which the person was released, to the prosecuting agency, and to the supervising community corrections officer, a report stating whether the person is complying with the terms and conditions of the conditional release to a less restrictive alternative.

~~((7))~~ (8) Each person released to a less restrictive alternative shall have his or her case reviewed by the court that released him or her no later than one year after such release and annually thereafter until the person is unconditionally discharged. Review may occur in a shorter time or more frequently, if the court, in its discretion on its own motion, or on motion of the person, the secretary, or the prosecuting agency so determines. The ~~((sole question))~~ questions to be determined by the court ~~((is))~~ are whether the person shall continue to be conditionally released to a less restrictive alternative, and if so, whether a modification to the person's less restrictive alternative order is appropriate to ensure the conditional release remains in the best interest of the person and adequate to protect the community. The court in making its determination shall be aided by the periodic reports filed pursuant to subsection ~~((6))~~ (7) of this section and the opinions of the secretary and other experts or professional persons.

Sec. 7. RCW 71.09.130 and 1995 c 216 s 16 are each amended to read as follows:

(1) In the event of an escape by a person committed under this chapter from a state institution or the disappearance of such a person while on conditional release, the superintendent or community corrections officer shall notify the following as appropriate: Local law enforcement officers, other governmental agencies, the person's relatives, and any other appropriate persons about information necessary for the public safety or to assist in the apprehension of the person.

(2) If a person committed under this chapter disappears while on conditional release, the department of corrections may enter a warrant for the person's

arrest for up to 72 hours pending entry of a bench warrant by the court.

(3) The department of corrections, its officers, agents, and employees are not liable for the acts of individuals on conditional release unless the department of corrections, its officers, agency, and employees acted with gross negligence.

(4) The department, its officers, agents, and employees are not liable for the acts of individuals on conditional release unless the department, its officers, agents, and employees acted with gross negligence.

Sec. 8. RCW 71.09.140 and 2012 c 257 s 12 are each amended to read as follows:

(1) (a) At the earliest possible date, and in no event later than ~~((thirty))~~ 30 days before conditional release, change of address for a person on conditional release, or unconditional discharge, except in the event of escape, the department of social and health services shall send written notice of conditional release, unconditional discharge, or escape, to the following:

~~((a))~~ (i) The chief of police of the city, if any, in which the person will reside or in which placement will be made under a less restrictive alternative;

~~((b))~~ (ii) The sheriff of the county in which the person will reside or in which placement will be made under a less restrictive alternative; and

~~((c))~~ (iii) The sheriff of the county where the person was last convicted of a sexually violent offense, if the department does not know where the person will reside.

The department shall notify the state patrol of the release of all sexually violent predators and that information shall be placed in the Washington crime information center for dissemination to all law enforcement.

(b) A return to total confinement or to a secure community transition facility pending revocation or modification proceedings is not considered a change of address for purposes of (a) of this subsection, and an additional community notification process is not required, unless conditional release is revoked under RCW 71.09.098 or the return lasts longer than 90 days.

(2) The same notice as required by subsection (1) of this section shall be sent to the following if such notice has been requested in writing about a specific person found to be a sexually violent predator under this chapter:

(a) The victim or victims of any sexually violent offenses for which the person was convicted in the past or the victim's next of kin if the crime was a homicide. "Next of kin" as used in this section means a person's spouse, parents, siblings, and children;

(b) Any witnesses who testified against the person in his or her commitment trial under RCW 71.09.060; and

(c) Any person specified in writing by the prosecuting agency.

Information regarding victims, next of kin, or witnesses requesting the notice, information regarding any other person specified in writing by the prosecuting agency to receive the notice, and the notice are confidential and shall not be available to the committed person.

(3) If a person committed as a sexually violent predator under this chapter escapes from a department of social and health services facility, the department shall immediately notify, by the most reasonable and expedient means available, the chief of police of the city and the sheriff of the county in which the committed person resided immediately before his or her commitment as a sexually violent predator, or immediately before his or her incarceration for his or her most recent offense. If previously requested, the department shall also notify the witnesses and the victims of the sexually violent offenses for which the person was convicted in the past or the victim's next of kin if the crime was a homicide. If the person is recaptured, the department shall send notice to the persons designated in this subsection as soon as possible but in no event later than two working days after the department learns of such recapture.

(4) If the victim or victims of any sexually violent offenses for which the person was convicted in the past or the victim's next of kin, or any witness is under the age of (~~sixteen~~) 16, the notice required by this section shall be sent to the parents or legal guardian of the child.

(5) The department of social and health services shall send the notices required by this chapter to the last address provided to the department by the requesting party. The requesting party shall furnish the department with a current address.

(6) Nothing in this section shall impose any liability upon a chief of police of a city or sheriff of a county for failing to request in writing a notice as provided in subsection (1) of this section.

Sec. 9. RCW 71.09.250 and 2003 c 216 s 3 are each amended to read as follows:

(1) (a) The secretary is authorized to site, construct, occupy, and operate (i) a secure community transition facility on McNeil Island for persons authorized to petition for a less restrictive alternative under RCW 71.09.090(1) and who are conditionally released; and (ii) a special commitment center on McNeil Island with up to four hundred four beds as a total confinement facility under this chapter, subject to appropriated funding for those purposes. The secure community transition facility shall be authorized for the number of beds needed to ensure compliance with the orders of the superior courts under this chapter and the federal district court for the western district of Washington. The total number of beds in the secure community transition facility shall be limited to (~~twenty-four~~) 24, consisting of up to (~~fifteen~~) 15 transitional beds and up to nine pretransitional beds. The residents occupying the transitional beds shall be the only residents eligible for transitional services occurring in Pierce county. In no event shall more than (~~fifteen~~) 15 residents of the secure community transition facility be participating in off-island transitional, educational, or employment activity at the same time in Pierce county. The department shall provide the Pierce county sheriff, or his or her designee, with a list of the (~~fifteen~~) 15 residents so designated, along with their photographs and physical descriptions, and the list shall be immediately updated whenever a residential change occurs. The Pierce county sheriff, or his or her designee, shall be provided an opportunity to confirm the residential status of each resident leaving McNeil Island.

(b) For purposes of this subsection, "transitional beds" means beds only for

residents who are judged by a qualified expert to be suitable to leave the island for treatment, education, and employment.

(2) (a) The secretary is authorized to site, either within the secure community transition facility established pursuant to subsection (1) (a) (i) of this section, or within the special commitment center, up to nine pretransitional beds.

(b) Residents assigned to pretransitional beds shall not be permitted to leave McNeil Island for education, employment, treatment, or community activities in Pierce county.

(c) For purposes of this subsection, "pretransitional beds" means beds for residents whose progress toward a less secure residential environment and transition into more complete community involvement is projected to take substantially longer than a typical resident of the special commitment center.

(3) Notwithstanding RCW 36.70A.103 or any other law, this statute preempts and supersedes local plans, development regulations, permitting requirements, inspection requirements, and all other laws as necessary to enable the secretary to site, construct, occupy, and operate a secure community transition facility on McNeil Island and a total confinement facility on McNeil Island.

(4) To the greatest extent possible, until June 30, 2003, persons who were not civilly committed from the county in which the secure community transition facility established pursuant to subsection (1) of this section is located may not be conditionally released to a setting in that same county less restrictive than that facility.

(5) As of June 26, 2001, the state shall immediately cease any efforts in effect on such date to site secure community transition facilities, other than the facility authorized by subsection (1) of this section, and shall instead site such facilities in accordance with the provisions of this section.

(6) The department must:

(a) Identify the minimum and maximum number of secure community transition facility beds in addition to the facility established under subsection (1) of this section that may be necessary for the

period of May 2004 through May 2007 and provide notice of these numbers to all counties by August 31, 2001; and

(b) Develop and publish policy guidelines for the siting and operation of secure community transition facilities.

(7) (a) The total number of secure community transition facility beds that may be required to be sited in a county between June 26, 2001, and June 30, 2008, may be no greater than the total number of persons civilly committed from that county, or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made on April 1, 2001. The total number of secure community transition facility beds required to be sited in each county between July 1, 2008, and June 30, 2015, may be no greater than the total number of persons civilly committed from that county or detained at the special commitment center under a pending civil commitment petition from that county where a finding of probable cause had been made as of July 1, 2008.

(b) Counties and cities that provide secure community transition facility beds above the maximum number that they could be required to site under this subsection are eligible for a bonus grant under the incentive provisions in RCW 71.09.255. The county where the special commitment center is located shall receive this bonus grant for the number of beds in the facility established in subsection (1) of this section in excess of the maximum number established by this subsection.

(c) No secure community transition facilities in addition to the one established in subsection (1) of this section may be required to be sited in the county where the special commitment center is located until after June 30, 2008, provided however, that the county and its cities may elect to site additional secure community transition facilities and shall be eligible under the incentive provisions of RCW 71.09.255 for any additional facilities meeting the requirements of that section.

(8) After the department demonstrates the need for additional bed capacity to the appropriate committees of the legislature, and receives approval and funding from the appropriate committees of the legislature to build additional

bed capacity, the state is authorized to site and operate secure community transition facilities and other conditional release and transitional facilities in any county in the state in accordance with RCW 71.09.315. In identifying potential counties and sites within a county for the location of a secure community transition facility or other conditional release and transitional facilities, the department shall work with and assist local governments to provide for the equitable distribution of such facilities. In coordinating and deciding upon the siting of secure community transition facilities or other conditional release and transitional facilities within a county, great weight shall be given by the county and cities within the county to:

(a) The number and location of existing residential facility beds operated by the department of corrections or the mental health division of the department of social and health services in each jurisdiction in the county; and

(b) The number of registered sex offenders classified as level II or level III and the number of sex offenders registered as homeless residing in each jurisdiction in the county.

(9) (a) "Equitable distribution" means siting or locating secure community transition facilities and other conditional release and transitional facilities in a manner that will not cause a disproportionate grouping of similar facilities either in any one county, or in any one jurisdiction or community within a county, as relevant; and

(b) "Jurisdiction" means a city, town, or geographic area of a county in which distinct political or judicial authority may be exercised.

NEW SECTION. Sec. 10. A new section is added to chapter 71.09 RCW to read as follows:

To facilitate the primary role of the department in identifying less restrictive alternative placements under RCW 71.09.090 and discharge planning under RCW 71.09.080, subject to the availability of amounts appropriated for this specific purpose, the department shall conduct a study to explore the development of conditional release and transition facilities, which may include community-based state-operated living

alternatives similar to the state-operated living alternative program operated by the developmental disabilities administration. Any facilities or placements developed under this section may be identified through a request for proposal process or through direct state acquisition and development. Any contracts with facilities or placements entered into under this section shall include a provision requiring oversight by the department to ensure the programs are operating appropriately.

NEW SECTION. Sec. 11. A new section is added to chapter 71.09 RCW to read as follows:

(1) In accordance with RCW 71.09.090 and 71.09.096, the department shall have the primary responsibility for developing a less restrictive alternative placement. To ensure the department has sufficient less restrictive alternative placements to choose from that satisfy the requirements of RCW 71.09.092, subject to the availability of amounts appropriated for this specific purpose, the department shall use a request for proposal process to solicit and contract with housing and treatment providers from across the state and facilitate fair share principles among the counties. In order to increase the number of housing options for individuals qualifying for a less restrictive alternative, the department shall have oversight of the vendors and providers who contract with the state, including the authority to inspect and ensure compliance, negotiate the rates charged for services, ensure adequate living conditions of housing locations, and terminate contracts. The department shall maintain a statewide accounting of the contracted community housing and treatment providers in each county and provide a biannual report to the legislature and governor by December 1st on the availability and adequacy of less restrictive alternative placements and the department's compliance with fair share principles.

(2) To facilitate its duties required under this section, the department shall use the following housing matrix and considerations as a guide to planning and developing less restrictive alternative placements. The following considerations may not be used as a reason to deny a less restrictive alternative placement.

(a) Considerations for evaluating a proposed vendor's application for less restrictive alternative housing services shall include applicable state and local zoning and building codes, general housing requirements, availability of public services, and other considerations identified in accordance with RCW 71.09.315. The department shall require the housing provider to provide proof that the facility is in compliance with all local zoning and building codes.

(i) General housing requirements include running water, electricity, bedroom and living space of adequate size, and no mold or infestations.

(ii) Availability of public services include availability of chaperones and whether the placement is within a reasonable distance to a grocery store, bank, public transportation options, and offices for public services and benefits.

(iii) Other considerations include whether the placement is consistent with fair share principles across the counties, whether the placement is within reasonable distance to other current or planned components of the less restrictive alternative, whether the placement is within reasonable distance to employment opportunities, and the reliability of global positioning system technology.

(b) Factors for evaluating less restrictive alternative options for a specific individual include sex offender treatment considerations, criminogenic needs and risk factors, protective factors, and the specific needs of the client.

(i) Sex offender treatment considerations include whether the housing is within a reasonable distance from the treatment provider, whether the treatment provider is a good therapeutic match with the client, and whether the treatment provider has relevant experience and background to treat the client if the client has special needs.

(ii) Criminogenic needs and risk factors include consideration of the person's specific needs and risk factors in evaluating less restrictive alternative options.

(iii) Protective factors include whether housing is within a reasonable distance of family, friends, potential hobbies, potential employment, and educational opportunities.

(iv) Consideration of the client's specific needs includes assessing the availability of personal care assistance and in-home care assistance, and whether housing is within a reasonable distance of mental health, medical treatment options, and substance use disorder treatment options.

NEW SECTION. **Sec. 12.** A new section is added to chapter 71.09 RCW to read as follows:

(1) The department shall enter into a memorandum of understanding with the department of licensing to allow residents in total confinement at the special commitment center to obtain a state identification card through a written identification verification letter completed by the special commitment center and delivered to the department of licensing.

(2) The process shall occur upon the person's initial detention at the special commitment center. The process shall reoccur when the person's state identification card expires.

NEW SECTION. **Sec. 13.** A new section is added to chapter 71.09 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department, the sex offender policy board, and department of health shall convene a work group to develop recommendations to increase the availability and quality of sex offender treatment providers to meet the growing number of persons qualifying for conditional release to a less restrictive alternative. The work group shall gather data on best practices in other states and make recommendations whether sex offender treatment providers should be required to contract with the department; whether annual or biannual trainings by the department should be mandatory for prospective and existing sex offender treatment providers; whether the department should provide competitive wages for services or pay that is commensurate with the years of experience or education level of the treatment provider; and whether the department should provide other incentives such as a cost-of-living pay increase or compensating providers for the cost of mandated trainings associated with the sex offender treatment provider license under chapter 18.155 RCW. A report shall

be submitted to the legislature by December 1, 2021.

(2) This section expires June 30, 2022.

NEW SECTION. Sec. 14. A new section is added to chapter 71.09 RCW to read as follows:

School districts are encouraged to consider community-based or public-private partnerships in establishing and administering a course, but any course offered in accordance with this section must be aligned to the state learning standards for computer science or mathematics.

in districts that award credit under this subsection shall develop a written policy for awarding such credit that includes:

(a) A course equivalency approval procedure;

(b) Procedures for awarding competency-based credit for skills learned partially or wholly outside of a course; and

(c) An approval process for computer science courses taken before attending high school under RCW 28A.230.090 (4) and (5).

(3) Prior to the use of any competency examination under this section that may be used to award academic credit to students, the office of the superintendent of public instruction must review the examination to ensure its alignment with:

(a) The state learning standards for computer science or mathematics; and

(b) Course equivalency requirements adopted by the office of the superintendent of public instruction to implement this section.

(4)(a) For purposes of meeting graduation requirements under RCW 28A.230.090, a student may substitute a computer science course aligned to state computer science learning standards as an alternative to a third year mathematics or third year science course if:

(i) Prior to the substitution, the school counselor provides the student and the student's parent or guardian with written notification of the consequences of the substitution on postsecondary opportunities;

(ii) The student, the student's parent or guardian, and the student's school counselor or principal agree to the substitution; and

(iii) The substitution is aligned with the student's high school and beyond plan.

(b) A substitution permitted under this subsection (4) may only be used once per student.

Sec. 2. RCW 28A.230.090 and 2020 c 307 s 6 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for

students, except as provided in RCW 28A.230.122 and 28A.655.250 and except those equivalencies established by local high schools or school districts under RCW 28A.230.097. The purpose of a high school diploma is to declare that a student is ready for success in postsecondary education, gainful employment, and citizenship, and is equipped with the skills to be a lifelong learner.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) Except as provided otherwise in this subsection, the certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation. The requirement to earn a certificate of academic achievement to qualify for graduation from a public high school concludes with the graduating class of 2019. The obligation of qualifying students to earn a certificate of individual achievement as a prerequisite for graduation from a public high school concludes with the graduating class of 2021.

(c)(i) Each student must have a high school and beyond plan to guide the student's high school experience and inform course taking that is aligned with the student's goals for education or training and career after high school.

(ii)(A) A high school and beyond plan must be initiated for each student during the seventh or eighth grade. In preparation for initiating that plan, each student must first be administered a career interest and skills inventory.

(B) For students with an individualized education program, the high school and beyond plan must be developed in alignment with their individualized education program. The high school and beyond plan must be developed in a similar manner and with similar school personnel as for all other students.

(iii)(A) The high school and beyond plan must be updated to reflect high school assessment results in RCW

28A.655.070(3)(b) and to review transcripts, assess progress toward identified goals, and revised as necessary for changing interests, goals, and needs. The plan must identify available interventions and academic support, courses, or both, that are designed for students who are not on track to graduate, to enable them to fulfill high school graduation requirements. Each student's high school and beyond plan must be updated to inform junior year course taking.

(B) For students with an individualized education program, the high school and beyond plan must be updated in alignment with their school to postschool transition plan. The high school and beyond plan must be updated in a similar manner and with similar school personnel as for all other students.

(iv) School districts are encouraged to involve parents and guardians in the process of developing and updating the high school and beyond plan, and the plan must be provided to the students' parents or guardians in their native language if that language is one of the two most frequently spoken non-English languages of students in the district. Nothing in this subsection (1)(c)(iv) prevents districts from providing high school and beyond plans to parents and guardians in additional languages that are not required by this subsection.

(v) All high school and beyond plans must, at a minimum, include the following elements:

(A) Identification of career goals, aided by a skills and interest assessment;

(B) Identification of educational goals;

(C) Identification of dual credit programs and the opportunities they create for students, including eligibility for automatic enrollment in advanced classes under RCW 28A.320.195, career and technical education programs, running start programs, AP courses, international baccalaureate programs, and college in the high school programs;

(D) Information about the college bound scholarship program established in chapter 28B.118 RCW;

(E) A four-year plan for course taking that:

(I) Includes information about options for satisfying state and local graduation requirements;

(II) Satisfies state and local graduation requirements;

(III) Aligns with the student's secondary and postsecondary goals, which can include education, training, and career;

(IV) Identifies course sequences to inform academic acceleration, as described in RCW 28A.320.195 that include dual credit courses or programs and are aligned with the student's goals; and

(V) Includes information about the college bound scholarship program, the Washington college grant, and other scholarship opportunities;

(F) Evidence that the student has received the following information on federal and state financial aid programs that help pay for the costs of a postsecondary program:

(I) Information about the documentation necessary for completing the applications; application timeliness and submission deadlines; the importance of submitting applications early; information specific to students who are or have been in foster care; information specific to students who are, or are at risk of being, homeless; information specific to students whose family member or guardians will be required to provide financial and tax information necessary to complete applications; and

(II) Opportunities to participate in sessions that assist students and, when necessary, their family members or guardians, fill out financial aid applications; and

(G) By the end of the twelfth grade, a current resume or activity log that provides a written compilation of the student's education, any work experience, and any community service and how the school district has recognized the community service pursuant to RCW 28A.320.193.

(d) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level. Effective with the graduating class of 2015, the state board of education may not establish a requirement for students to complete a culminating project for graduation. A district may

establish additional, local requirements for a high school and beyond plan to serve the needs and interests of its students and the purposes of this section.

(e)(i) The state board of education shall adopt rules to implement the career and college ready graduation requirement proposal adopted under board resolution on November 10, 2010, and revised on January 9, 2014, to take effect beginning with the graduating class of 2019 or as otherwise provided in this subsection (1)(e). The rules must include authorization for a school district to waive up to two credits for individual students based on a student's circumstances, provided that none of the waived credits are identified as mandatory core credits by the state board of education. School districts must adhere to written policies authorizing the waivers that must be adopted by each board of directors of a school district that grants diplomas. The rules must also provide that the content of the third credit of mathematics and the content of the third credit of science may be chosen by the student based on the student's interests and high school and beyond plan with agreement of the student's parent or guardian or agreement of the school counselor or principal, or as provided in RCW 28A.230.300(4).

(ii) School districts may apply to the state board of education for a waiver to implement the career and college ready graduation requirement proposal beginning with the graduating class of 2020 or 2021 instead of the graduating class of 2019. In the application, a school district must describe why the waiver is being requested, the specific impediments preventing timely implementation, and efforts that will be taken to achieve implementation with the graduating class proposed under the waiver. The state board of education shall grant a waiver under this subsection (1)(e) to an applying school district at the next subsequent meeting of the board after receiving an application.

(iii) A school district must update the high school and beyond plans for each student who has not earned a score of level 3 or level 4 on the middle school mathematics assessment identified in RCW 28A.655.070 by ninth grade, to ensure that the student takes a mathematics course in both ninth and tenth grades.

This course may include career and technical education equivalencies in mathematics adopted pursuant to RCW 28A.230.097.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements.

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of the legislature for review. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) Unless requested otherwise by the student and the student's family, a student who has completed high school

courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit."

The department shall transmit the seven dollar fee required by this subsection to Washington State University for the purpose of providing a pesticide safety education program to educate and train pesticide licensees and prospective licensees.

(3) The department shall engage with the regulated community on the status of license fees established in this chapter, including consideration of future increases, in coordination with a stakeholder work group.

(4) All moneys collected for civil penalties levied under RCW 17.21.315 shall be deposited in the state general fund. All fees, fines, forfeitures and penalties collected or assessed by a district court because of the violation of a state law shall be remitted as provided in chapter 3.62 RCW.

NEW SECTION. Sec. 15. By December 31, 2022, the department of agriculture shall report to the legislature, in accordance with RCW 43.01.036, on the status of the fee structure for pesticide licenses. At a minimum, the report must include an outlook for potential future fee needs and describe how the department of agriculture has engaged with the regulated community on the topic of pesticide license fees in coordination with a stakeholder work group."

SSB 5381 Prime Sponsor, Committee on Transportation: Addressing fish passage project streamlining. Reported by Committee on Environment & Energy

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 77.55.181 and 2020 c 166 s 1 are each amended to read as follows:

(1) (a) In order to receive the permit review and approval process created in this section, a fish habitat enhancement project must meet the criteria under this section and must be a project to accomplish one or more of the following tasks:

(i) Elimination of human-made or caused fish passage barriers, including:

(A) Culvert repair and replacement;
and

(B) Fish passage barrier removal projects that comply with the forest practices rules, as the term "forest practices rules" is defined in RCW 76.09.020;

(ii) Restoration of an eroded or unstable stream bank employing the principle of bioengineering, including limited use of rock as a stabilization only at the toe of the bank, and with primary emphasis on using native vegetation to control the erosive forces of flowing water;

(iii) Placement of woody debris or other instream structures that benefit naturally reproducing fish stocks; or

(iv) Restoration of native kelp and eelgrass beds and restoring native oysters.

(b) The department shall develop size or scale threshold tests to determine if projects accomplishing any of these tasks should be evaluated under the process created in this section or under other project review and approval processes. A project proposal shall not be reviewed under the process created in this section if the department determines that the scale of the project raises concerns regarding public health and safety.

(c) A fish habitat enhancement project must be approved in one of the following ways in order to receive the permit review and approval process created in this section:

(i) By the department pursuant to chapter 77.95 or 77.100 RCW;

(ii) By the sponsor of a watershed restoration plan as provided in chapter 89.08 RCW;

(iii) By the department as a department-sponsored fish habitat enhancement or restoration project;

(iv) Through the review and approval process for the jobs for the environment program;

(v) By conservation districts as conservation district-sponsored fish habitat enhancement or restoration projects;

(vi) Through a formal grant program established by the legislature or the department for fish habitat enhancement or restoration;

(vii) By federally recognized tribes as tribally sponsored fish habitat enhancement projects or restoration projects;

(viii) Through the department of transportation's environmental retrofit program as a stand-alone fish passage barrier correction project, or the fish passage barrier correction portion of a larger transportation project;

~~((viii))~~ (ix) Through a local, state, or federally approved fish barrier removal grant program designed to assist local governments in implementing stand-alone fish passage barrier corrections;

~~((ix))~~ (x) By a city or county for a stand-alone fish passage barrier correction project funded by the city or county;

~~((x))~~ (xi) Through the approval process established for forest practices hydraulic projects in chapter 76.09 RCW; or

~~((xi))~~ (xii) Through other formal review and approval processes established by the legislature.

(2) Fish habitat enhancement projects meeting the criteria of subsection (1) of this section are expected to result in beneficial impacts to the environment. Decisions pertaining to fish habitat enhancement projects meeting the criteria of subsection (1) of this section and being reviewed and approved according to the provisions of this section are not subject to the requirements of RCW 43.21C.030(2)(c).

(3)(a) A permit is required for projects that meet the criteria of subsection (1) of this section and are being reviewed and approved under this section. An applicant shall use a joint aquatic resource permit application form developed by the office of regulatory assistance to apply for approval under this chapter. The department of transportation shall use the department's online permit application system or a joint aquatic resource permit application form developed by the office of regulatory assistance to apply for approval under this chapter. On the same day, the applicant shall provide copies of the completed application form to the department and to each appropriate local government. Applicants for a forest practices hydraulic project that are not otherwise required to submit a joint aquatic resource permit application must

submit a copy of their forest practices application to the appropriate local government on the same day that they submit the forest practices application to the department of natural resources.

(b) Local governments shall accept the application identified in this section as notice of the proposed project. A local government shall be provided with a (~~fifteen day~~) 15-day comment period during which it may transmit comments regarding environmental impacts to the department or, for forest practices hydraulic projects, to the department of natural resources.

(c) (i) Except for forest practices hydraulic projects, the department shall, within 45 days, either issue a permit, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project (~~within forty five days~~). The department shall base this determination on identification during the comment period of adverse impacts that cannot be mitigated by the conditioning of a permit. Permitting decisions over forest practices hydraulic approvals must be made consistent with chapter 76.09 RCW.

(ii) For department of transportation fish passage barrier correction projects, the department of fish and wildlife shall, within 30 days, either issue a permit, with or without conditions, deny approval, or make a determination that the review and approval process created by this section is not appropriate for the proposed project.

(d) If the department determines that the review and approval process created by this section is not appropriate for the proposed project, the department shall notify the applicant and the appropriate local governments of its determination. The applicant may reapply for approval of the project under other review and approval processes.

(e) Any person aggrieved by the approval, denial, conditioning, or modification of a permit other than a forest practices hydraulic project under this section may appeal the decision as provided in RCW 77.55.021(8). Appeals of a forest practices hydraulic project may be made as provided in chapter 76.09 RCW.

(4) No local government may require permits or charge fees for fish habitat

enhancement projects that meet the criteria of subsection (1) of this section and that are reviewed and approved according to the provisions of this section, except that, pursuant to chapter 86.16 RCW, a local government may impose such requirements, or charge such fees, or both, only as may be necessary in order for the local government to administer the national flood insurance program regulation requirements.

(5) No civil liability may be imposed by any court on the state or its officers and employees for any adverse impacts resulting from a fish enhancement project permitted by the department or the department of natural resources under the criteria of this section except upon proof of gross negligence or willful or wanton misconduct.

Sec. 2. RCW 90.58.147 and 2019 c 150 s 2 are each amended to read as follows:

(1) A public or private project that is designed to improve fish or wildlife habitat or fish passage shall be exempt from the substantial development permit requirements of this chapter when all of the following apply:

(a) The project has been approved by the department of fish and wildlife or, for forest practices hydraulic projects within the scope of RCW 77.55.181, the department of natural resources if the local government notification provisions of RCW 77.55.181 are satisfied;

(b) The project has received hydraulic project approval by the department of fish and wildlife pursuant to chapter 77.55 RCW or approval of a forest practices hydraulic project within the scope of RCW 77.55.181 from the department of natural resources if the local government notification provisions of RCW 77.55.181 are satisfied; and

(c) The local government has determined that the project is substantially consistent with the local shoreline master program. The local government shall make such determination in a timely manner and provide it by letter to the project proponent.

(2) Fish habitat enhancement projects that conform to the provisions of RCW 77.55.181 are determined to be consistent with local shoreline master programs.

(3) Public projects for the primary purpose of fish passage improvement or fish passage barrier removal are exempt

from the substantial development permit requirements of this chapter.

Sec. 3. RCW 47.85.020 and 2015 3rd sp.s. c 17 s 3 are each amended to read as follows:

The department must streamline the permitting process by developing and maintaining positive relationships with the regulatory agencies and the Indian tribes. The department can reduce the time it takes to obtain permits by incorporating impact avoidance and minimization measures into project design and by developing complete permit applications. To streamline the permitting process, the department must:

(1) Implement a multiagency permit program, commensurate with program funding levels, consisting of appropriate regulatory agency staff with oversight and management from the department.

(a) The multiagency permit program must provide early project coordination, expedited project review, project status updates, technical and regulatory guidance, and construction support to ensure compliance.

(b) The multiagency permit program staff must assist department project teams with developing complete biological assessments and permit applications, provide suggestions for how the project can avoid and minimize impacts, and provide input regarding mitigation for unavoidable impacts;

(2) Establish, implement, and maintain programmatic agreements and permits with federal and state agencies to expedite the process of ensuring compliance with the endangered species act, section 106 of the national historic preservation act, hydraulic project approvals, the clean water act, and other federal acts as appropriate;

(3) Collaborate with permitting staff from the United States army corps of engineers, Seattle district, department of ecology, and department of fish and wildlife to develop, implement, and maintain complete permit application guidance. The guidance must identify the information that is required for agencies to consider a permit application complete; ~~(and)~~

(4) Perform internal quality assurance and quality control to ensure that permit applications are complete before

submitting them to the regulatory agencies; and

(5) Implement a multiagency effort, in coordination with the department of ecology and the department of fish and wildlife, and work with the relevant federal environmental permitting agencies to streamline the acquisition of commonly needed environmental permits and approvals for department of transportation fish passage barrier correction projects. Expected results include developing programmatic permit options that simplify the application process, reduce paperwork, and reduce the amount of time and cost it takes to acquire these permits and approvals."

2SSB 5383 Prime Sponsor, Committee on Ways & Means: Authorizing public utility districts and port districts to provide retail telecommunications services in unserved areas under certain conditions. Reported by Committee on Community & Economic Development

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the COVID-19 pandemic has made it clear that equitable access to education can only happen with equitable access to reliable broadband. Increasing broadband access to unserved areas of the state is of vital importance to increasing quality of life, broadening educational opportunities, and promoting economic inclusion in the parts of our state that, without broadband access, cannot fully participate in modern society. The legislature further finds that one of the most effective tools to ensure all Washingtonians have an opportunity to equitably access education, the job market, and health care resources is to allow our public utility districts and port districts to

provide retail telecommunications services.

Sec. 2. RCW 54.16.330 and 2019 c 365 s 9 are each amended to read as follows:

(1)(a) A public utility district in existence on June 8, 2000, may construct, purchase, acquire, develop, finance, lease, license, handle, provide, add to, contract for, interconnect, alter, improve, repair, operate, and maintain any telecommunications facilities within or without the district's limits for the following purposes:

(i) For the district's internal telecommunications needs; and

(ii) For the provision of wholesale telecommunications services (~~within~~) as follows:

(A) Within the district and by contract with another public utility district;

(B) Within an area in an adjoining county that is already provided electrical services by the district; or

(C) Within an adjoining county that does not have a public utility district providing electrical or telecommunications services headquartered within the county's boundaries, but only if the district providing telecommunications services is not authorized to provide electrical services.

(b) Except as provided in subsections (8) and (10) of this section, nothing in this section shall be construed to authorize public utility districts to provide telecommunications services to end users.

(2) A public utility district providing wholesale or retail telecommunications services shall ensure that rates, terms, and conditions for such services are not unduly or unreasonably discriminatory or preferential. Rates, terms, and conditions are discriminatory or preferential when a public utility district offering rates, terms, and conditions to an entity for wholesale or retail telecommunications services does not offer substantially similar rates, terms, and conditions to all other entities seeking substantially similar services.

(3) A public utility district providing wholesale or retail

telecommunications services shall not be required to, but may, establish a separate utility system or function for such purpose. In either case, a public utility district providing wholesale or retail telecommunications services shall separately account for any revenues and expenditures for those services according to standards established by the state auditor pursuant to its authority in chapter 43.09 RCW and consistent with the provisions of this title. Any revenues received from the provision of wholesale or retail telecommunications services must be dedicated to costs incurred to build and maintain any telecommunications facilities constructed, installed, or acquired to provide such services, including payments on debt issued to finance such services, until such time as any bonds or other financing instruments executed after June 8, 2000, and used to finance such telecommunications facilities are discharged or retired.

(4) When a public utility district provides wholesale or retail telecommunications services, all telecommunications services rendered to the district for the district's internal telecommunications needs shall be allocated or charged at its true and full value. A public utility district may not charge its nontelecommunications operations rates that are preferential or discriminatory compared to those it charges entities purchasing wholesale or retail telecommunications services.

(5) If a person or entity receiving retail telecommunications services from a public utility district under this section has a complaint regarding the reasonableness of the rates, terms, conditions, or services provided, the person or entity may file a complaint with the district commission.

(6) A public utility district shall not exercise powers of eminent domain to acquire telecommunications facilities or contractual rights held by any other person or entity to telecommunications facilities.

(7) Except as otherwise specifically provided, a public utility district may exercise any of the powers granted to it under this title and other applicable laws in carrying out the powers authorized under this section. Nothing in chapter 81, Laws of 2000 limits any existing authority of a public utility district under this title.

(8) (a) If an internet service provider operating on telecommunications facilities of a public utility district that provides wholesale telecommunications services but does not provide retail telecommunications services, ceases to provide access to the internet to its end-use customers, and no other retail service providers are willing to provide service, the public utility district may provide retail telecommunications services to the end-use customers of the defunct internet service provider in order for end-use customers to maintain access to the internet until a replacement internet service provider is, or providers are, in operation.

(b) Within thirty days of an internet service provider ceasing to provide access to the internet, the public utility district must initiate a process to find a replacement internet service provider or providers to resume providing access to the internet using telecommunications facilities of a public utility district.

(c) For a maximum period of five months, following initiation of the process begun in (b) of this section, or, if earlier than five months, until a replacement internet service provider is, or providers are, in operation, the district commission may establish a rate for providing access to the internet and charge customers to cover expenses necessary to provide access to the internet.

(9) The tax treatment of the retail telecommunications services provided by a public utility district to the end-use customers during the period specified in subsection (8) of this section must be the same as if those retail telecommunications services were provided by the defunct internet service provider.

(10) (a) A public utility district may provide retail telecommunications services to end users in unserved areas.

(b) A public utility district must notify and consult with the governor's statewide broadband office within 30 days of its decision to provide retail telecommunications services to unserved areas. The governor's statewide broadband office must post notices received from a public utility district pursuant to this subsection on its public website.

(c) Any public utility district that intends to provide retail telecommunications services to unserved areas must submit a telecommunications infrastructure and service plan to the governor's statewide broadband office that will be published on the office's website. Submission of plans will enable the governor's statewide broadband office: (i) To better understand infrastructure deployment; (ii) to potentially allocate funding for unserved areas; (iii) to advance the state policy objectives; (iv) to determine whether the plan aligns with state policy objectives and broadband priorities; and (v) to measure progress toward serving those in unserved areas. The telecommunications infrastructure and service plans shall include, but not be limited to, the following:

(A) Map and description of how the deployment of proposed broadband infrastructure will achieve at a minimum 100 megabits per second download speed and at a minimum 20 megabits per second upload speed and then increases to be consistent with the stated long-term state broadband speed goals for unserved areas;

(B) Project timeline prioritization of unserved areas; and

(C) Description of potential state and federal funding available to provide service to the unserved area.

(d) (i) Except as provided in (d) (ii) of this subsection (10), a retail telecommunications project developed by a district to serve unserved areas may not provide retail telecommunications services in an area where an existing provider meets or exceeds at a minimum 100 megabits per second download speed and 20 megabits per second upload speed and then increases to be consistent with the stated long-term state broadband speed goals for unserved areas.

(ii) When building in served areas to reach the unserved area, the district may provide retail telecommunications services to residential locations. These additional locations may not include businesses and anchor institutions which include, but are not limited to, libraries, educational institutions, public safety facilities, and health care facilities.

(e) A public utility district providing retail telecommunications

services under this subsection must operate an open access network.

(f) This section does not apply to retail internet services provided by a public utility district under RCW 54.16.420.

(g) Provisions in this subsection do not apply to the provision of wholesale telecommunications services authorized in this section.

(h) For the purposes of this subsection:

(i) "Broadband service" has the same meaning as defined in RCW 43.330.530.

(ii) "Open access network" means a network that, during the useful life of the infrastructure, ensures service providers may use network services and facilities at rates, terms, and conditions that are not discriminatory or preferential between providers, and employs accountable interconnection arrangements published and available publicly.

(iii) "Unserved areas" means areas of Washington in which households and businesses lack access to broadband service of speeds at a minimum of 100 megabits per second download and at a minimum 20 megabits per second upload.

Sec. 3. RCW 53.08.370 and 2019 c 365 s 10 are each amended to read as follows:

(1) A port district in existence on June 8, 2000, may construct, purchase, acquire, develop, finance, lease, license, handle, provide, add to, contract for, interconnect, alter, improve, repair, operate, and maintain any telecommunications facilities within or without the district's limits for the following purposes:

(a) For the district's own use; and

(b) For the provision of wholesale telecommunications services within or without the district's limits. ~~((Nothing))~~ Except as provided in subsection (10) of this section, nothing in this subsection shall be construed to authorize port districts to provide telecommunications services to end users.

(2) Except as provided in subsection (9) of this section, a port district providing wholesale telecommunications services under this section shall ensure that rates, terms, and conditions for such services are not unduly or

unreasonably discriminatory or preferential. Rates, terms, and conditions are discriminatory or preferential when a port district offering such rates, terms, and conditions to an entity for wholesale telecommunications services does not offer substantially similar rates, terms, and conditions to all other entities seeking substantially similar services.

(3) When a port district establishes a separate utility function for the provision of wholesale telecommunications services, it shall account for any and all revenues and expenditures related to its wholesale telecommunications facilities and services separately from revenues and expenditures related to its internal telecommunications operations. Any revenues received from the provision of wholesale telecommunications services must be dedicated to the utility function that includes the provision of wholesale telecommunications services for costs incurred to build and maintain the telecommunications facilities until such time as any bonds or other financing instruments executed after June 8, 2000, and used to finance the telecommunications facilities are discharged or retired.

(4) When a port district establishes a separate utility function for the provision of wholesale telecommunications services, all telecommunications services rendered by the separate function to the district for the district's internal telecommunications needs shall be charged at its true and full value. A port district may not charge its nontelecommunications operations rates that are preferential or discriminatory compared to those it charges entities purchasing wholesale telecommunications services.

(5) A port district shall not exercise powers of eminent domain to acquire telecommunications facilities or contractual rights held by any other person or entity to telecommunications facilities.

(6) Except as otherwise specifically provided, a port district may exercise any of the powers granted to it under this title and other applicable laws in carrying out the powers authorized under this section. Nothing in chapter 81, Laws

of 2000 limits any existing authority of a port district under this title.

(7) A port district that has not exercised the authorities provided in this section prior to June 7, 2018, must develop a business case plan before exercising the authorities provided in this section. The port district must procure an independent qualified consultant to review the business case plan, including the use of public funds in the provision of wholesale telecommunications services. Any recommendations or adjustments to the business case plan made during third-party review must be received and either rejected or accepted by the port commission in an open meeting.

(8) A port district with telecommunications facilities for use in the provision of wholesale telecommunications in accordance with subsection (1)(b) of this section may be subject to local leasehold excise taxes under RCW 82.29A.040.

(9)(a) A port district under this section may select a telecommunications company to operate all or a portion of the port district's telecommunications facilities.

(b) For the purposes of this section "telecommunications company" means any for-profit entity owned by investors that sells telecommunications services to end users.

(c) Nothing in this subsection (9) is intended to limit or otherwise restrict any other authority provided by law.

(10)(a) A port district may provide retail telecommunications services to end users in unserved areas.

(b) A port district must notify and consult with the governor's statewide broadband office within 30 days of its decision to provide retail telecommunications services to unserved areas. The governor's statewide broadband office must post notices received from a port district pursuant to this subsection on its public website.

(c) Any port district that intends to provide retail telecommunications services to unserved areas must submit a telecommunications infrastructure and service plan to the governor's statewide broadband office that will be published on the office's website. Submission of plans will enable the governor's

statewide broadband office: (i) To better understand infrastructure deployment; (ii) to potentially allocate funding for unserved areas; (iii) to advance the state policy objectives; (iv) to determine whether the plan aligns with state policy objectives and broadband priorities; and (v) to measure progress toward serving those in unserved areas. The telecommunications infrastructure and service plans shall include, but not be limited to, the following:

(A) Map and description of how the deployment of proposed broadband infrastructure will achieve at a minimum 100 megabits per second download speed and at a minimum 20 megabits per second upload speed and then increases to be consistent with the stated long-term state broadband speed goals for unserved areas;

(B) Project timeline prioritization of unserved areas; and

(C) Description of potential state and federal funding available to provide service to the unserved area.

(d) (i) Except as provided in (d) (ii) of this subsection (10), a retail telecommunications project developed by a port district to serve unserved areas may not provide retail telecommunications services in an area where an existing provider meets or exceeds at a minimum 100 megabits per second download speed and 20 megabits per second upload speed and then increases to be consistent with the stated long-term state broadband speed goals for unserved areas.

(ii) When building in served areas to reach the unserved area, the district may provide retail telecommunications services to residential locations. These additional locations may not include businesses and anchor institutions which include, but are not limited to, libraries, educational institutions, public safety facilities, and health care facilities.

(e) A port district providing retail telecommunications services under this subsection must operate an open access network.

(f) Provisions in this subsection do not apply to the provision of wholesale telecommunications services authorized in this section.

(g) For the purposes of this subsection:

(i) "Broadband service" has the same meaning as defined in RCW 43.330.530.

(ii) "Open access network" means a network that, during the useful life of the infrastructure, ensures service providers may use network services and facilities at rates, terms, and conditions that are not discriminatory or preferential between providers, and employs accountable interconnection arrangements published and available publicly.

(iii) "Unserved areas" means areas of Washington in which households and businesses lack access to broadband service of speeds at a minimum of 100 megabits per second download and at a minimum 20 megabits per second upload.

Sec. 4. RCW 43.330.538 and 2019 c 365 s 6 are each amended to read as follows:

(1)(a) Beginning January 1, 2021, and biennially thereafter, the office shall report to the legislative committees with jurisdiction over broadband policy and finance on the office's activities during the previous two years.

~~((2))~~ (b) The report must, at a minimum, contain:

~~((a))~~ (i) An analysis of the current availability and use of broadband, including average broadband speeds, within the state;

~~((b))~~ (ii) Information gathered from schools, libraries, hospitals, and public safety facilities across the state, determining the actual speed and capacity of broadband currently in use and the need, if any, for increases in speed and capacity to meet current or anticipated needs;

~~((c))~~ (iii) An overview of incumbent broadband infrastructure within the state;

~~((d))~~ (iv) A summary of the office's activities in coordinating broadband infrastructure development with the public works board, including a summary of funds awarded under RCW 43.155.160;

~~((e))~~ (v) Suggested policies, incentives, and legislation designed to accelerate the achievement of the goals under RCW 43.330.536; and

~~((f))~~ (vi) Any proposed legislative and policy initiatives.

(2)(a) By December 31, 2022, the office must submit a report to the governor and the appropriate committees of the legislature regarding the provision of retail telecommunications services to unserved areas by public utility districts and port districts as provided in RCW 54.16.330(10) and 53.08.370(10).

(b) The report must, at a minimum, contain:

(i) The number of public utility districts and port districts providing retail telecommunications services in an unserved area authorized in RCW 54.16.330(10) and 53.08.370(10); and

(b) Has served at least 20 consecutive years of total confinement except:

(i) An individual who was sentenced as a persistent offender that included a conviction for robbery in the second degree as their third conviction towards being designated as a persistent offender may petition after serving 15 consecutive years of total confinement; and

(4) No later than 180 days from the date that the individual submits his or her petition for conditional commutation to the board, the department shall conduct, and the individual shall participate in, an examination of the individual, incorporating methodologies that are evidence-based, normed on the specific gender of the individual, and recognized by experts in the prediction of dangerousness, and including a prediction of the probability that the individual will engage in future criminal behavior if released on conditions to be set by the board. The board may consider an individual's failure to participate in an evaluation under this subsection in determining whether to release the individual.

(5) The board shall recommend the individual be released under such affirmative and other conditions as the panel determines appropriate, unless the panel determines by a preponderance of the evidence that, despite such conditions, it is more likely than not that the individual will commit new criminal law violations if released.

(6) The board may take any of the following actions: Deny a petition without a hearing because the individual does not meet the initial criteria for filing a petition; or conduct a hearing in accordance with RCW 9.94A.885 to consider additional information, and then deny the petition or recommend conditional commutation to the governor.

(7) In making its decision, the board shall consider, if available, the following factors and information:

(g) Statements of correctional staff, program supervisors, and volunteer facilitators regarding the individual;

(h) Input from the victims of the crime;

(i) Input from the police and prosecutors in the jurisdictions where the individual's crimes were committed;

(j) Input from persons in the community pledging their support of the individual, if released;

(k) The available resources in the community to help the individual transition to life outside of prison;

(l) A risk assessment and psychological evaluation provided by the department;

(m) The sentencing judge's analysis in imposing an exceptional sentence, if any; and

(n) Any other relevant factors.

(8) Further, the board shall consider a release plan presented by the individual showing where the individual will reside and how he or she will support himself or herself during the first year after his or her release. The department shall independently review the proposed release plan and make an independent evaluation to ensure the individual is not released to an area where the victim resides or that impacts community safety.

(9) If the board recommends commutation or denies the petition, it

shall specify the reasons for the decision.

(10) The conditions for conditional commutation may include: Partial confinement for up to six months, regular drug and/or alcohol testing, no violations of law, restrictions on travel, no contact with certain individuals or classes of individuals, restrictions on the type of employment and any other restrictions that the board determines to be reasonable and appropriate, or any other condition which provides for community protection from the released individual.

(11) An individual whose petition for conditional commutation is denied may file a new petition for conditional commutation three years from the date of denial or at an earlier date as may be set by the board.

(12) The individual does not have a right to appointed counsel. Both lawyers and nonlawyers may assist the individual in the preparation of his or her petition and at the hearing.

(13) All information contained in a petition or that is submitted to the board is subject to public disclosure.

(14) The board may adopt rules setting out criteria and procedures for the review of petitions under this section and RCW 9.94A.885 as appropriate.

(15) For purposes of this section, "board" means the clemency and pardons board.

NEW SECTION. Sec. 9. (1) Chapter 187, Laws of 2019 removed robbery in the second degree as a most serious offense in sentencing an individual as a persistent offender. At that time, the legislature declined to require resentencing of individuals serving a life sentence as the result of a conviction for robbery in the second degree. The legislature recognizes the need to balance considerations that may have gone into the original charging decision and the inequities that may have resulted from including robbery in the second degree as a third strike offense.

(2) In exercising its duties under RCW 9.94A.885 and section 8 of this act, the clemency and pardons board shall give priority consideration to individuals who petition for conditional commutation and who have a current or past conviction for robbery in the second degree that was

used as a basis for a finding that the individual was a persistent offender.

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature recognizes that the ongoing COVID-19 pandemic has created an unprecedented disruption to the education of students throughout the state, and uniquely impacted students who are or were nearing the completion of graduation requirements.

(2) Although remote and hybrid instruction, supported by the exceptional efforts of teachers and other education professionals, has proven satisfactory for many students, some courses, subjects, and critical attributes of in-person learning experiences cannot be replicated through highly modified learning environments. Additionally, some education experiences, including full course offerings and extracurricular

activities, were reduced or eliminated in response to the pandemic.

(3) The legislature, therefore, in recognition of the extraordinary impacts of an ongoing pandemic, intends to establish a temporary two-year program to provide an opportunity for students in the graduating classes of 2021 and 2022 to complete up to one additional school year to pursue academic and experiential opportunities that were diminished or eliminated as a result of the COVID-19 pandemic. The legislature also intends for the program to be, in part, offered to students as an alternative to the individual student emergency waiver program established in chapter 7, Laws of 2021.

NEW SECTION. **Sec. 2.** A new section is added to chapter 28A.630 RCW to read as follows:

(1)(a) The bridge year program is established to provide an opportunity for students in the graduating classes of 2021 and 2022 to complete up to one additional school year to pursue academic and experiential opportunities that were identified in their high school and beyond plans but diminished or eliminated as a result of the COVID-19 pandemic. The program is temporary, expires as provided in section 8 of this act, and shall be administered by the state board of education.

(b) The objective of a bridge year is for qualifying students, with the support of the applicable high school, to remedy or otherwise address:

(i) Learning loss, including learning loss that may be attributable to fewer opportunities for in-person instruction during the 2020-21 school year, learning loss evidenced by academic performances that were inconsistent with previous efforts of the student, and the loss of opportunity to learn in the manner traditionally accessed by the student;

(ii) Unmet graduation requirements, including opportunities for meeting graduation requirements that were not available during the 2020-21 school year;

(iii) Fewer opportunities to access and earn 24 credits;

(iv) Fewer opportunities to access courses traditionally offered to students, including career and technical education courses and dual credit courses;

(v) Fewer or significantly modified opportunities for mastering academic skills, including diminished opportunities for accessing: Applied learning experiences and learning experiences traditionally associated with the synchronous efforts of other students, such as music and drama, and services provided to students in accordance with individualized education programs; and

(vi) Fewer or significantly modified opportunities for social-emotional learning, and extracurricular and cocurricular activities.

(2)(a) Each public school and school district that applied to the state board of education for authorization to grant individual student emergency waivers under section 2, chapter 7, Laws of 2021 must offer the bridge year program to requesting students of the applicable public school or school district in the graduating classes of 2021 and 2022.

(b) Private schools subject to requirements under chapter 28A.195 RCW may participate in the applicable provisions of the program, as determined by rule of the state board of education.

(3)(a) Each public high school participating in the program shall designate a school staff member as a program liaison to assist students and families with the implementation of the program. Nothing in this section requires a school or school district to hire an individual to serve as a program liaison.

(b) The program liaison shall provide individual student advising to help students determine whether the program is appropriate for their needs and, if so, assist each student in developing an addendum to their high school and beyond plan. The addendum must define the academic goals and objectives to be achieved during the student's bridge year, examples of which include increased mastery of academic concepts, completion of dual credit courses, career and technical education courses, or both, and additional experiences in applied learning environments. The addendum also must detail activities and strategies for accomplishing the goals and objectives, including counseling, academic support, coursework, and extracurricular and cocurricular activities.

(4) Each high school participating in the program shall maintain records as necessary and as required by rule of the

state board of education to demonstrate compliance with this section.

(5) Students, with the written permission of their parent or guardian, may participate in the program for up to one academic year. Student participation in the program is voluntary and may not be mandated by a school or school district. In addition to other requirements established by this section and the state board of education, participating students must either:

(a) Have met all applicable graduation requirements without having received an emergency waiver authorized by sections 2 and 3, chapter 7, Laws of 2021 and elect to defer graduation for one year as required by the program; or

(b) Have not met all applicable graduation requirements and not be in receipt or pursuit of an emergency waiver authorized by sections 2 and 3, chapter 7, Laws of 2021. Students who participate in the program in accordance with this subsection (5)(b) must:

(i) Have had their ability to complete one or more graduation requirements impeded by the COVID-19 pandemic;

(ii) Have been reasonably expected to graduate in the academic year prior to their participation in the program; and

(iii) Provide the applicable school with a written proposal that aligns with their high school and beyond plan and demonstrates a reasonable and achievable plan for meeting defined learning goals and objectives by the conclusion of their bridge year.

(6)(a) Except as provided in (b) of this subsection (6), students who are eligible to participate in the program must be 19 years of age or younger and must not turn 20 years of age at any time during their bridge year.

(b) Students who receive services pursuant to an individualized education program and will turn 20 years of age during their bridge year are eligible to participate in the program.

(7) Schools and school districts participating in the program shall expunge any "D" or "F" grades, or their equivalent, from a participating student's transcript if the student completes the course with a higher grade during their bridge year.

(8)(a) Students participating in the program who elect to defer graduation for one year in accordance with subsection (5)(a) of this section may participate in graduation ceremonies with the graduating class of 2021 or 2022, as applicable, but the high school may not issue diplomas to those students until the conclusion of the bridge year or upon a student's withdrawal from the program.

(b) Students who have met all graduation requirements have graduated with their initial graduation cohort for purposes of calculating the four-year graduation rate for that cohort.

(9) A student who withdraws from the program or meets the goals and objectives of the high school and beyond plan addendum before completing the academic year is, upon withdrawal or completion of the goals and objectives, ineligible to participate in interschool athletic activities and other interschool extracurricular activities of an athletic, cultural, social, or recreational nature authorized under section 3 of this act.

(10) For purposes of funding allocations and student enrollment, students participating in the program who enroll in running start courses count as running start students for time spent in running start courses.

(11) School districts, charter schools, and state-tribal education compact schools participating in the program are eligible for funds provided in accordance with chapters 28A.150, 28A.710, and 28A.715 RCW, as applicable.

(12) The state board of education shall adopt, and may amend as necessary, rules to implement this section.

(13) For the purposes of this section:

(a) "Bridge year" means the full or partial academic year during which a student is participating in the program; and

(b) "Program" means the bridge year program established by this section.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.630 RCW to read as follows:

(1) A student who pursues a bridge year pursuant to section 2 of this act may participate in activities sanctioned by the Washington interscholastic activities association and

extracurricular activities at the student's host high school.

(2) A student participating in a sport or extracurricular activity during the student's bridge year shall pay applicable student athletic and activities fees and be subject to the host high school's student code of conduct, athletic code of conduct, and any other applicable codes, rules, or policies required for student participation in these activities.

(3) Except as provided in subsection (4) of this section, nothing in this section or section 2 of this act supersedes the governance or eligibility rules established by a local, state, or national organization with bona fide authority over a particular extracurricular activity.

(4) For students participating in an interscholastic activity under this section, the Washington interscholastic activities association shall make all participating students aware of the eligibility appeal process related to season limitations.

(5) Notwithstanding the provisions of any law, rule, or regulation to the contrary, an insurer doing business in the state and issuing liability insurance policies to school districts must provide coverage for students participating in a sport or extracurricular activity under this section as part of a school or school district's liability insurance policy.

(6) For purposes of this section, "host high school," for persons who have met all applicable graduation requirements prior to participating in the program established in section 2 of this act, means the high school that the student attended at the beginning of grade 12. For persons who have not met all applicable graduation requirements prior to participating in the program established in section 2 of this act, "host high school" means the high school the student is enrolled in at the beginning of grade 12.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.630 RCW to read as follows:

(1) The state board of education, in accordance with RCW 43.01.036, shall report its finding and recommendations regarding the bridge year program established in section 2 of this act to

the governor, the superintendent of public instruction, and the education committees of the legislature by February 1, 2023.

(2) The report required by this section must include:

(e) The number and percentage of students who did not complete the requirements of the program and the reasons identified by students for not doing so, by school year; and

(f) Any other information deemed relevant by the state board of education.

(3) Student-level data required by this section for participating students must be disaggregated in a manner that is consistent with RCW 28A.300.042(3).

(4) The office of the superintendent of public instruction shall collect the data necessary for the report required by this section and provide the data to the state board of education by December 31, 2022.

Sec. 5. RCW 28A.600.290 and 2015 c 202 s 3 are each amended to read as follows:

(1)(a) Subject to the availability of amounts appropriated for this specific purpose and commencing with the 2015-16 school year, funding may be allocated at an amount per college credit for eleventh and twelfth grade students ~~((~~or~~))~~, students who have not yet received a high school diploma or its equivalent and are eligible to be in the eleventh or twelfth grade, and students participating in a bridge year under section 2 of this act, who are enrolled in college in the high school courses under this section as specified in the omnibus appropriations act and adjusted for inflation from the 2015-16 school year. The maximum annual number of allocated credits per participating student shall be specified

in the omnibus appropriations act, which must not exceed ten credits. Funding shall be prioritized in the following order:

(i) High schools offering a running start in the high school program in school year 2014-15. These schools shall only receive prioritized funding in school year 2015-16;

(ii) Students whose residence or the high school in which they are enrolled is located twenty driving miles or more as measured by the most direct route from the nearest eligible institution of higher education offering a running start program, whichever is greater; and

(iii) High schools eligible for the small school funding enhancement in the omnibus appropriations act.

(b)(i) Subject to the availability of amounts appropriated for this specific purpose and commencing with the 2015-16 school year, and only after the programs in (a) of this subsection are funded, a subsidy may be provided per college credit for eleventh and twelfth grade students ~~((or))~~, students who have not yet received a high school diploma or its equivalent and are eligible to be in the eleventh or twelfth grade, and students participating in a bridge year under section 2 of this act, who have been deemed eligible for free or reduced-price lunch and are enrolled in college in the high school courses under this section as specified in the omnibus appropriations act and adjusted for inflation from the 2015-16 school year. The maximum annual number of subsidized credits per participating student shall be specified in the omnibus appropriations act, which must not exceed five credits.

(ii) Districts wishing to participate in the subsidy program must apply to the office of the superintendent of public instruction by July 1st of each year and report the preliminary estimate of eligible students to receive the subsidy and the total number of projected credit hours.

(iii) The office of the superintendent of public instruction shall notify districts by September 1st of each school year if the district's students will receive the subsidy. If more districts apply than funding is available, the office of the superintendent of public instruction shall prioritize the district applications. The superintendent shall develop factors to

determine priority including, but not limited to, the number of dual credit opportunities available for low-income students in the districts.

(c) Districts shall remit any allocations or subsidies on behalf of participating students under (a) and (b) of this subsection to the participating institution of higher education and those students shall not be required to pay for the credits.

(d) The minimum allocation and subsidy under this section is sixty-five dollars per quarter credit for credit-bearing postsecondary coursework. The office of the superintendent of public instruction, the student achievement council, the state board for community and technical colleges, and the public baccalaureate institutions shall review funding levels for the program every four years beginning in 2017 and recommend changes.

(e) Students may pay college in the high school fees with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

(2) For the purposes of funding students enrolled in the college in the high school program in accordance with subsection (1) of this section, college in the high school is defined as a dual credit program located on a high school campus or in a high school environment in which a high school student, or a student participating in a bridge year under section 2 of this act, is able to earn both high school and postsecondary credit by completing postsecondary level courses with a passing grade.

(3) College in the high school programs may include both academic and career and technical education.

(4) College in the high school programs shall each be governed by a local contract between the district and the participating institution of higher education, in compliance with the rules adopted by the superintendent of public instruction under this section.

(5) The college in the high school program must include the provisions in this subsection.

(a) The high school and participating institution of higher education together shall define the criteria for student

eligibility. The institution of higher education may charge tuition fees to participating students. If specific funding is provided in the omnibus appropriations act for the per credit allocations and per credit subsidies under subsection (1) of this section, the maximum per credit fee charged to any enrolled student may not exceed the amount of the per credit allocation or subsidy.

(b) The funds received by the participating institution of higher education may not be deemed tuition or operating fees and may be retained by the institution of higher education.

(c) Enrollment information on persons registered under this section must be maintained by the institution of higher education separately from other enrollment information and may not be included in official enrollment reports, nor may such persons be considered in any enrollment statistics that would affect higher education budgetary determinations.

(d) A school district must grant high school credit to a student enrolled in a program course if the student successfully completes the course. If no comparable course is offered by the school district, the school district superintendent shall determine how many credits to award for the course. The determination shall be made in writing before the student enrolls in the course. The credits shall be applied toward graduation requirements and subject area requirements. Evidence of successful completion of each program course shall be included in the student's secondary school records and transcript.

(e) A participating institution of higher education must grant college credit to a student enrolled in a program course if the student successfully completes the course. The college credit shall be applied toward general education requirements or degree requirements at institutions of higher education. Evidence of successful completion of each program course must be included in the student's college transcript.

(f) Tenth, eleventh, and twelfth grade students or students who have not yet received a high school diploma or its equivalent and are eligible to be in the tenth, eleventh, or twelfth grades, and students participating in a bridge year under section 2 of this act, may

participate in the college in the high school program.

(g) Participating school districts must provide general information about the college in the high school program to all students in grades nine through twelve and to the parents and guardians of those students.

(h) Full-time and part-time faculty at institutions of higher education, including adjunct faculty, are eligible to teach program courses.

(6) The superintendent of public instruction shall adopt rules for the administration of this section. The rules shall be jointly developed by the superintendent of public instruction, the state board for community and technical colleges, the student achievement council, and the public baccalaureate institutions. The association of Washington school principals must be consulted during the rules development. The rules must outline quality and eligibility standards that are informed by nationally recognized standards or models. In addition, the rules must encourage the maximum use of the program and may not narrow or limit the enrollment options.

(7) The definitions in this subsection apply throughout this section.

(a) "Institution of higher education" has the definition in RCW 28B.10.016, and also includes a public tribal college located in Washington and accredited by the Northwest commission on colleges and universities or another accrediting association recognized by the United States department of education.

(b) "Program course" means a college course offered in a high school under the college in the high school program.

Sec. 6. RCW 28A.600.310 and 2019 c 252 s 115 and 2019 c 176 s 2 are each reenacted and amended to read as follows:

(1)(a) Eleventh and twelfth grade students (~~(or)~~), students who have not yet received the credits required for the award of a high school diploma and are eligible to be in the eleventh or twelfth grades, and students participating in a bridge year under section 2 of this act, may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education.

(b) The course sections and programs offered as running start courses must also be open for registration to matriculated students at the participating institution of higher education and may not be a course consisting solely of high school students offered at a high school campus.

(c) A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW shall not be required to meet the student learning goals or to learn the state learning standards. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The notice shall indicate the course and hours of enrollment for that pupil.

(2) (a) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041:

(i) Running start students shall pay to the community or technical college all other mandatory fees as established by each community or technical college and, in addition, the state board for community and technical colleges may authorize a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041; and

(ii) All other institutions of higher education operating a running start program may charge running start students a fee of up to ten percent of tuition and fees as defined in RCW 28B.15.020 and 28B.15.041 in addition to technology fees.

(b) The fees charged under this subsection (2) shall be prorated based on credit load.

(c) Students may pay fees under this subsection with advanced college tuition payment program tuition units at a rate set by the advanced college tuition payment program governing body under chapter 28B.95 RCW.

(3) (a) The institutions of higher education must make available fee waivers for low-income running start students. A student shall be considered low income and eligible for a fee waiver upon proof that the student is currently qualified to receive free or reduced-price lunch. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(b) (i) By the beginning of the 2020-21 school year, school districts, upon knowledge of a low-income student's enrollment in running start, must provide documentation of the student's low-income status, under (a) of this subsection, directly to institutions of higher education.

(ii) Subject to the availability of amounts appropriated for this specific purpose, the office of the superintendent of public instruction, in consultation with the Washington student achievement council, shall develop a centralized process for school districts to provide students' low-income status to institutions of higher education to meet the requirements of (b) (i) of this subsection.

(c) Institutions of higher education, in collaboration with relevant student associations, shall aim to have students who can benefit from fee waivers take advantage of these waivers. Institutions shall make every effort to communicate to students and their families the benefits of the waivers and provide assistance to students and their families on how to apply. Information about waivers shall, to the greatest extent possible, be

incorporated into financial aid counseling, admission information, and individual billing statements. Institutions also shall, to the greatest extent possible, use all means of communication, including but not limited to web sites, online catalogues, admission and registration forms, mass email messaging, social media, and outside marketing to ensure that information about waivers is visible, compelling, and reaches the maximum number of students and families that can benefit.

(4) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, participating institutions of higher education, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall be counted for the purpose of meeting enrollment targets in accordance with terms and conditions specified in the omnibus appropriations act.

Sec. 7. RCW 28A.600.330 and 1994 c 205 s 4 are each amended to read as follows:

(1) A pupil who enrolls in an institution of higher education in grade eleven may not enroll in postsecondary courses under RCW 28A.600.300 through 28A.600.390 for high school credit and postsecondary credit for more than the equivalent of the coursework for two

academic years. A pupil who first enrolls in an institution of higher education in grade twelve may not enroll in postsecondary courses under this section for high school credit and postsecondary credit for more than the equivalent of the coursework for one academic year.

(2) The credit limitations in this section do not apply to students participating in the bridge year program created in section 2 of this act.

NEW SECTION. Sec. 8. This act expires July 31, 2023.

NEW SECTION. Sec. 9. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately."

ESSB 5295 Prime Sponsor, Committee on Environment, Energy & Technology: Transforming the regulation of gas and electrical companies toward multiyear rate plans and performance-based rate making. Reported by Committee on Environment & Energy

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) To provide clarity and certainty to stakeholders on the details of performance-based regulation, the utilities and transportation commission is directed to conduct a proceeding to develop a policy statement addressing alternatives to traditional cost of service rate making, including performance measures or goals, targets, performance incentives, and

penalty mechanisms. As part of such a proceeding, the utilities and transportation commission must consider factors including, but not limited to, lowest reasonable cost planning, affordability, increases in energy burden, cost of service, customer satisfaction and engagement, service reliability, clean energy or renewable procurement, conservation acquisition, demand side management expansion, rate stability, timely execution of competitive procurement practices, attainment of state energy and emissions reduction policies, rapid integration of renewable energy resources, and fair compensation of utility employees.

(2) In developing its policy statement, the utilities and transportation commission must in its proceeding allow for participation and consultation with regulated utilities, the attorney general's office, and other interested stakeholders including, but not limited to, residential, industrial, commercial, and low-income customers and organizations, as well as environmental or community organizations and stakeholders.

(3) By January 1, 2022, the utilities and transportation commission shall notify the chairs and ranking members of the appropriate committees of the legislature of the process to date, the expected duration of, and work plan associated with this proceeding.

NEW SECTION. Sec. 2. A new section is added to chapter 80.28 RCW to read as follows:

(1) Beginning January 1, 2022, every general rate case filing of a gas or electrical company must include a proposal for a multiyear rate plan as provided in this chapter. The commission may, by order after an adjudicative proceeding as provided by chapter 34.05 RCW, approve, approve with conditions, or reject, a multiyear rate plan proposal made by a gas or electrical company or an alternative proposal made by one or more parties, or any combination thereof. The commission's consideration of a proposal for a multiyear rate plan is subject to the same standards applicable to other rate filings made under this title, including the public interest and fair, just, reasonable, and sufficient rates. In determining the public interest, the commission may consider such factors including, but not limited to, environmental health and greenhouse gas

emissions reductions, health and safety concerns, economic development, and equity, to the extent such factors affect the rates, services, and practices of a gas or electrical company regulated by the commission.

(2) The commission may approve, disapprove, or approve with modifications any proposal to recover from ratepayers up to five percent of the total revenue requirement approved by the commission for each year of a multiyear rate plan for tariffs that reduce the energy burden of low-income residential customers including, but not limited to: (a) Bill assistance programs; or (b) one or more special rates. For any multiyear rate plan approved under this section resulting in a rate increase, the commission must approve an increase in the amount of low-income bill assistance to take effect in each year of the rate plan where there is a rate increase. At a minimum, the amount of such low-income assistance increase must be equal to double the percentage increase, if any, in the residential base rates approved for each year of the rate plan. The commission may approve a larger increase to low-income bill assistance based on an appropriate record.

(3) (a) If it approves a multiyear rate plan, the commission shall separately approve rates for each of the initial rate year, the second rate year and, if applicable, the third rate year, and the fourth rate year.

(b) The commission shall ascertain and determine the fair value for rate-making purposes of the property of any gas or electrical company that is or will be used and useful under RCW 80.04.250 for service in this state by or during each rate year of the multiyear rate plan. For the initial rate year, the commission shall, at a minimum, ascertain and determine the fair value for rate-making purposes of the property of any gas or electrical company that is used and useful for service in this state as of the rate effective date. The commission may order refunds to customers if property expected to be used and useful by the rate effective date when the commission approves a multiyear rate plan is in fact not used and useful by such a date.

(c) The commission shall ascertain and determine the revenues and operating expenses for rate-making purposes of any

gas or electrical company for each rate year of the multiyear rate plan.

(d) In ascertaining and determining the fair value of property of a gas or electrical company pursuant to (b) of this subsection and projecting the revenues and operating expenses of a gas or electrical company pursuant to (c) of this subsection, the commission may use any standard, formula, method, or theory of valuation reasonably calculated to arrive at fair, just, reasonable, and sufficient rates.

(e) If the commission approves a multiyear rate plan with a duration of three or four years, then the electrical company must update its power costs as of the rate effective date of the third rate year. The proceeding to update the electrical company's power costs is subject to the same standards that apply to other rate filings made under this title.

(4) Subject to subsection (5) of this section, the commission may by order establish terms, conditions, and procedures for a multiyear rate plan and ensure that rates remain fair, just, reasonable, and sufficient during the course of the plan.

(5) Notwithstanding subsection (4) of this section, a gas or electrical company is bound by the terms of the multiyear rate plan approved by the commission for each of the initial rate year and the second rate year. A gas or electrical company may file a new multiyear rate plan in accordance with this section for the third rate year and fourth rate year, if any, of a multiyear rate plan.

(6) If the annual commission basis report for a gas or electrical company demonstrates that the reported rate of return on rate base of the company for the 12-month period ending as of the end of the period for which the annual commission basis report is filed is more than .5 percent higher than the rate of return authorized by the commission in the multiyear rate plan for such a company, the company shall defer all revenues that are in excess of .5 percent higher than the rate of return authorized by the commission for refunds to customers or another determination by the commission in a subsequent adjudicative proceeding. If a multistate electrical company with fewer than 250,000 customers in Washington files a multiyear rate plan that provides for no increases in base

rates in consecutive years beyond the initial rate year, the commission shall waive the requirements of this subsection provided that such a waiver results in just and reasonable rates.

(7) The commission must, in approving a multiyear rate plan, determine a set of performance measures that will be used to assess a gas or electrical company operating under a multiyear rate plan. These performance measures may be based on proposals made by the gas or electrical company in its initial application, by any other party to the proceeding in its response to the company's filing, or in the testimony and evidence admitted in the proceeding. In developing performance measures, incentives, and penalty mechanisms, the commission may consider factors including, but not limited to, lowest reasonable cost planning, affordability, increases in energy burden, cost of service, customer satisfaction and engagement, service reliability, clean energy or renewable procurement, conservation acquisition, demand side management expansion, rate stability, timely execution of competitive procurement practices, attainment of state energy and emissions reduction policies, rapid integration of renewable energy resources, and fair compensation of utility employees.

(8) Nothing in this section precludes any gas or electrical company from making filings required or permitted by the commission.

(9) The commission shall align, to the extent practical, the timing of approval of a multiyear rate plan of an electrical company submitted pursuant to this section with the clean energy implementation plan of the electrical company filed pursuant to RCW 19.405.060.

(10) The provisions of this section may not be construed to limit the existing rate-making authority of the commission.

Sec. 3. RCW 80.28.068 and 2009 c 32 s 1 are each amended to read as follows:

~~((Upon))~~ (1) Upon its own motion, or upon request by an electrical or gas company, or other party to a general rate case hearing, or other proceeding to set rates, the commission may approve rates, charges, services, and/or physical facilities at a discount, or through grants, for low-income senior customers

and low-income customers. Expenses and lost revenues as a result of these discounts or grants shall be included in the company's cost of service and recovered in rates to other customers. Each gas or electrical company must propose a discount rate for low-income senior customers and low-income customers. The commission shall approve or approve with modifications each gas or electrical company's discount rate proposal for low-income senior customers and low-income customers. The gas or electrical company must use reasonable and good faith efforts to seek approval for low-income program design, eligibility, operation, outreach, and funding proposals from its low-income and equity advisory groups in advance of filing such proposals with the commission. In order to remove barriers and to expedite assistance, low-income discounts or grants approved under this section must be provided in coordination with community-based organizations in the gas or electrical company's service territory including, but not limited to, grantees of the department of commerce, community action agencies, and community-based nonprofit organizations. Nothing in this section may be construed as limiting the commission's authority to approve or modify tariffs authorizing low-income discounts or grants.

(2) Eligibility for a low-income discount rate or grant established in this section may be established upon verification of a low-income customer's receipt of any means-tested public benefit, or verification of eligibility for the low-income home energy assistance program, or its successor program, for which eligibility does not exceed the low-income definition set by the commission pursuant to RCW 19.405.020. The public benefits may include, but are not limited to, assistance that provides cash, housing, food, or medical care including, but not limited to, temporary assistance for needy families, supplemental security income, emergency assistance to elders, disabled, and children, supplemental nutrition assistance program benefits, public housing, federally subsidized or state-subsidized housing, the low-income home energy assistance program, veterans' benefits, and similar benefits.

(3) Each gas or electrical company shall conduct substantial outreach efforts to make the low-income discounts or grants available to eligible customers

and must provide annual reports to the commission as to the gas or electrical company's outreach activities and results. Such outreach: (a) Shall be made at least semiannually to inform customers of available rebates, discounts, credits, and other cost-saving mechanisms that can help them lower their monthly bills for gas or electrical service; and (b) may be in the form of any customary and usual methods of communication or distribution including, without limitation, widely broadcast communications with customers, direct mailing, telephone calls, electronic communications, social media postings, in-person contacts, websites of the gas or electrical company, press releases, and print and electronic media, that are designed to increase access to and participation in bill assistance programs.

(4) Outreach may include establishing an automated program of matching customer accounts with lists of recipients of the means-tested public benefit programs and, based on the results of the matching program, to presumptively offer a low-income discount rate or grant to eligible customers so identified. However, the gas or electrical company must within 60 days of the presumptive enrollment inform such a low-income customer of the presumptive enrollment and all rights and obligations of a customer under the program, including the right to withdraw from the program without penalty.

(5) A residential customer eligible for a low-income discount rate must receive the service on demand.

(6) A residential customer may not be charged for initiating or terminating low-income discount rates, grants, or any other form of energy assistance.

(7) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Energy burden" has the same meaning as defined in RCW 19.405.020.

(b) "Low-income" has the same meaning as defined in RCW 19.405.020.

(c) "Physical facilities" includes, but may not be limited to, a community solar project as defined in RCW 80.28.370.

NEW SECTION. Sec. 4. A new section is added to chapter 80.28 RCW to read as follows:

(1) A gas company or electrical company shall, upon request, enter into one or more written agreements with organizations that represent broad customer interests in regulatory proceedings conducted by the commission, subject to commission approval in accordance with subsection (2) of this section, including but not limited to organizations representing low-income, commercial, and industrial customers, vulnerable populations, or highly impacted communities. The agreement must govern the manner in which financial assistance may be provided to the organization. More than one gas company, electrical company, or organization representing customer interests may join in a single agreement. Any agreement entered into under this section must be approved, approved with modifications, or rejected by the commission. The commission must consider whether the agreement is consistent with a reasonable allocation of financial assistance provided to organizations pursuant to this section among classes of customers of the gas or electrical company.

(2) Before administering an agreement entered into under subsection (1) of this section, the commission shall, by rule or order, determine:

(a) The amount of financial assistance, if any, that may be provided to any organization;

(b) The manner in which the financial assistance is distributed;

(c) The manner in which the financial assistance is recovered in the rates of the gas company or electrical company under subsection (3) of this section; and

(d) Other matters necessary to administer the agreement.

(3) The commission shall allow a gas company or electrical company that provides financial assistance under this section to recover the amounts provided in rates. The commission shall allow a gas company or electrical company to defer inclusion of those amounts in rates if the gas company or electrical company so elects. An agreement under this section may not provide for payment of any amounts to the commission.

(4) Organizations representing vulnerable populations or highly impacted communities must be prioritized for funding under this section.

Sec. 5. RCW 80.28.074 and 1988 c 166 s 1 are each amended to read as follows:

The legislature declares it is the policy of the state to:

(1) Preserve affordable (~~(natural gas and electric)~~) energy services to the residents of the state;

(2) Maintain and advance the efficiency and availability of (~~(natural gas and electric)~~) energy services to the residents of the state of Washington;

(3) Ensure that customers pay only reasonable charges for (~~(natural gas and electric service)~~) energy services;

(4) Permit flexible pricing of (~~(natural gas and electric)~~) energy services.

NEW SECTION. **Sec. 6.** If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

SB 5345

Prime Sponsor, Senator Brown: Establishing a statewide industrial waste coordination program. Reported by Committee on Environment & Energy

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that industrial symbiosis networks create valuable collaborative opportunities where the underutilized resources of one company, such as waste, by-products, residues, energy, water, logistics, capacity, expertise, equipment, and materials may be used by another. The legislature further finds that many existing businesses and organizations in the state have the potential to partner in the establishment

of these networks, and the formation of industrial symbiosis innovation hubs at the state and local level would facilitate a systems approach that identifies business opportunities to improve resource utilization and productivity for a more sustainable and integrated industrial economy.

Therefore, the legislature intends to establish a statewide industrial waste coordination program in order to nurture and coordinate existing industrial symbiosis efforts and to catalyze new industrial symbiosis opportunities. Furthermore, the legislature intends to establish the program in order to: Find ways of turning waste and by-products into valued resource inputs; reduce waste management costs; generate new business opportunities; increase the size and diversity of business networks; identify means of improving environmental performance; achieve environmental justice in goals and policies; incentivize pathways to family-wage, green jobs; expand the regional circular economy; and drive innovation.

NEW SECTION. **Sec. 2.** A new section is added to chapter 43.31 RCW to read as follows:

(1) An industrial waste coordination program is established in order to provide expertise, technical assistance, and best practices to support local industrial symbiosis projects.

(2) The industrial waste coordination program must be administered by the department of commerce and administered regionally, with each region provided with a dedicated facilitator and technical and administrative support.

(3) The industrial waste coordination program must facilitate waste exchange by:

(a) Developing inventories of industrial waste innovation currently in operation;

(b) Generating a material flow data collection system in order to capture and manage data on resource availability and potential synergies;

(c) Establishing guidance and best practices for emerging local industrial resource hubs, which must include a consideration of steps to avoid creating or worsening negative impacts to overburdened communities as identified by tools such as the department of

health's environmental health disparities map;

(d) Identifying access to capital in order to fund projects, including federal, state, local, and private funding;

(e) Developing economic, environmental, and health disparities metrics to measure the results of industrial or commercial hubs;

(f) Hosting workshops and connecting regional businesses, governments, utilities, research institutions, and other organizations in order to identify opportunities for resource collaboration;

(g) Assisting entities throughout the entire life cycle of industrial symbiosis projects, from identification of opportunities to full project implementation;

(h) Developing economic cluster initiatives in order to spur growth and innovation; and

(i) Making any additional recommendations to the legislature in order to incentivize and facilitate industrial symbiosis.

(4) The department of commerce may coordinate with other agencies, representatives of business and manufacturing networks, and other entities in order to develop material flow generation data and increase multisectoral outreach.

(5) In generating the material flow data collection system under subsections (3)(b) and (4) of this section, the department of commerce may only use publicly available data or data voluntarily provided by program participants. No entity may be required to disclose material flow data. The department of commerce must keep any proprietary business information confidential and such information is exempt from public disclosure, as provided in RCW 42.56.270.

NEW SECTION. **Sec. 3.** A new section is added to chapter 43.31 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, a competitive industrial symbiosis grant program is established in order to provide grants for the research,

development, and deployment of local waste coordination projects.

(2) Grants may go towards:

(a) Existing industrial symbiosis efforts by public or private sector organizations;

(b) Emerging industrial symbiosis opportunities involving public or private sector organizations, including projects arising from:

(i) The industrial waste coordination program established in section 2 of this act;

(ii) Conceptual work completed by public utilities to redirect their wastes to productive use; or

(iii) Existing inventories or project concepts involving specific biobased wastes converted to renewable natural gas;

(c) Research on product development using a specific waste flow;

(d) Feasibility studies to evaluate potential biobased resources;

(e) Feasibility studies for publicly owned utilities to evaluate business models to transform to multiutility operations or for the evaluation of potential symbiosis connections with other regional businesses; or

(f) Other local waste coordination projects as determined by the department of commerce.

(3) The department of commerce must develop a method and criteria for the allocation of grants, subject to the following:

(a) Project allocation should reflect geographic diversity, with grants being distributed equally in western and eastern parts of the state, urban and rural areas, and small towns and large cities;

(b) Project allocation should consider factors such as time to implementation and scale of economic or environmental benefits;

(c) Grants must require a one-to-one nonstate to state match;

(d) Individual grant awards may not exceed \$500,000; and

(e) Project allocation should avoid creating or worsening environmental health disparities and should make use of

tools such as the department of health's environmental health disparities map.

ESSB 5353 Prime Sponsor, Committee on Law & Justice: Creating a partnership model that facilitates community engagement with law enforcement. Reported by Committee on Public Safety

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that community engagement is a foundational principle of successful community policing practices. When individuals and neighborhood groups are encouraged to partner with law enforcement, a powerful alliance can be built on mutual trust and respect and mitigate polarization between police departments and community groups. A successful community-police partnership leads to the achievement of shared goals of improving safety and quality of life and ensuring that public safety services are tailored to the needs of local communities.

The legislature recognizes current efforts in Washington to mobilize communities to insist on equitable and accountable practices that will result in community participation in public safety efforts as well as establish cooperative lines of communication between civilians and law enforcement. Laudable community engagement models such as the safe streets campaign in Pierce county, safe Yakima in Yakima county, and the Okanogan county community coalition are recognized to mitigate crime trends by engaging the community and law enforcement in cooperative efforts to improve public safety.

The department of commerce intends to foster community engagement with law enforcement officers through the creation of a community engagement project in 15 communities across the state of Washington with a mix of urban, rural, and suburban areas to facilitate community-law enforcement partnerships and improve police-community relations. The department will implement a project evaluation to measure and examine the

impact of local initiatives on community engagement, neighborhood safety, and positive community-police relations.

The funded projects will facilitate the empowerment of communities to engage in crime prevention efforts through neighborhood organizing, law enforcement-community partnerships, youth mobilization, and business engagement.

(2) The department shall adopt policies and procedures necessary to administer the project including: (a) An application process; (b) disbursement of the grant award to selected applicants; (c) tracking compliance and proper use of funds; and (d) measuring outcomes.

compliance with the requirements of the project as provided in subsection (4) of this section.

(4) The grant recipient shall:

(i) Empowering community members with tools, skills, confidence, and connections to identify, eradicate, and prevent illegal activity;

(ii) Making neighborhood improvements to deter future criminal activity; and

(ii) Establishing clear expectations for law enforcement to be competent to practice fair and equitable treatment including facilitating dialogue between law enforcement and community members to increase understanding of the impact of historical racist practices and current conflicts;

(iii) Community members regularly informing law enforcement, through presentations, workshops, or forums, on community perceptions of law enforcement and public safety issues;

(iv) Educating community members on the role and function of law enforcement in the community;

(c) Mobilize youth to partner with neighborhood groups and law enforcement to prevent violence by:

(i) Helping them develop knowledge and skills to serve as leaders in their communities;

(ii) Focusing on prevention of violence and substance abuse; and

(iii) Empowering youth to bring their voice to community issues that impact healthy police-community relations;

(d) Engage businesses to help prevent crimes, such as vandalism and burglaries, through safety training and other prevention initiatives;

Representative Fitzgibbon moved the adoption of amendment (454) to the committee amendment:

Beginning on page 1, line 3, after "**Sec. 1.**" strike all material through "project." on page 2, line 32 and insert "The legislature finds that the state of Washington will continue to be negatively impacted by the effects of climate change, including reduced winter snowpack, drought, increased frequencies of forest fires, and acidifying oceans that disrupt marine ecosystem viability. In the nearshore environment, climate change contributes to the rise in average sea-surface temperatures and rising sea levels. Hardened shoreline structures are not always well-suited for their intended purpose and may have unintended consequences in the nearshore environment. Soft shorelines or natural shorelines may protect and restore shoreline ecosystems through the use of natural plants and materials, and the legislature finds that landowners must consider alternatives to hardening shorelines to restore ecosystem function and recover threatened and endangered species to help address the impacts of climate change in the nearshore environment.

Sec. 2. RCW 77.55.231 and 2012 1st sp.s. c 1 s 106 are each amended to read as follows:

(1)(a) Conditions imposed upon a permit must be reasonably related to the project. The permit conditions must ensure that the project provides proper protection for fish life, but the department may not impose conditions that attempt to optimize conditions for fish life that are out of proportion to the impact of the proposed project.

(b) In the event that any person desires to replace residential marine shoreline stabilization or armoring, a person must use the least impacting technically feasible bank protection alternative for the protection of fish life. Unless the department provides an exemption depending on the scale and nature of the project, a person that desires to replace residential marine shoreline stabilization or armoring must conduct a site assessment to consider the least impactful alternatives. A person should propose a hard armor technique only after considering site characteristics such as the threat to major improvements, wave energy, and other factors in an analysis of alternatives. The common alternatives identified in (b)(i) through (vii) of this subsection are in order from most preferred to least preferred:

(i) Remove the structure and restore the beach;

(ii) Remove the structure and install native vegetation;

(iii) Remove the structure and control upland drainage;

(iv) Remove the structure and replace it with a soft structure constructed of natural materials, including bioengineering;

(v) Remove the hard structure and construct upland retaining walls;

(vi) Remove the hard structure and replace it with a hard structure located landward of the existing structure, preferably at or above the ordinary high water line; or

(vii) Remove the hard structure and replace it with hard shoreline structure in the same footprint as the existing structure.

(c) For the purposes of this subsection, "feasible" means available and capable of being done after taking into consideration cost, existing technology, and logistics in light of overall project purposes.

(2) The permit must contain provisions allowing for minor modifications to the plans and specifications without requiring reissuance of the permit.

(3) The permit must contain provisions that allow for minor modifications to the required work timing without requiring the reissuance of the permit. "Minor

modifications to the required work timing" means a minor deviation from the timing window set forth in the permit when there are no spawning or incubating fish present within the vicinity of the project.""

ESSB 5408 Prime Sponsor, Committee on Law & Justice: Concerning the homestead exemption. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended by Committee on Finance and without amendment by Committee on Civil Rights & Judiciary.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that the homestead exemption is intended to protect the homeowner's equity in a home against unsecured creditors. The legislature finds that changes to the homestead exemption are necessary to modernize the law and to address the case of *Wilson v. Rigby*, 909 F.3d 306 (2018) and to adopt the reasoning in *In re Good*, 588 B.R. 573 (Bankr. W.D. Wash. 2018).

Sec. 2. RCW 6.13.010 and 1999 c 403 s 1 are each amended to read as follows:

(1) The homestead consists of real or personal property that the owner or a dependent of the owner uses as a residence. In the case of a dwelling house or mobile home, the homestead consists of the dwelling house or the mobile home in which the owner resides or intends to reside, with appurtenant buildings, and the land on which the same are situated and by which the same are surrounded, or improved or unimproved land, regardless of area, owned with the intention of placing a house or mobile home thereon and residing thereon. A mobile home may be exempted under this chapter whether or not it is permanently affixed to the underlying land and whether or not the mobile home is placed upon a lot owned by the mobile home owner or a dependent of the owner. Property included in the homestead must be actually intended or used as the principal home for the owner.

(2) As used in this chapter (~~(7) the term "owner"~~):

(a) "Owner" includes but is not limited to a purchaser under a deed of trust, mortgage, or real estate contract.

~~((3) As used in this chapter, the term "net")~~ (b) "Net value" means market value less all liens and encumbrances senior to the judgment being executed upon and not including the judgment being executed upon.

(c) "Forced sale" includes any sale of homestead property in a bankruptcy proceeding under Title 11 of the United States Code. The reinvestment provisions of RCW 6.13.070 do not apply to the proceeds.

(d) "Dependent" has the meaning given in Title 11 U.S.C. Sec. 522(a)(1).

Sec. 3. RCW 6.13.030 and 2007 c 429 s 1 are each amended to read as follows:

~~((A homestead may consist of lands, as described in RCW 6.13.010, regardless of area, but the homestead exemption amount shall not exceed the lesser of (1) the total net value of the lands, manufactured homes, mobile home, improvements, and other personal property, as described in RCW 6.13.010, or (2) the sum of one hundred twenty five thousand dollars in the case of lands, manufactured homes, mobile home, and improvements, or the sum of fifteen thousand dollars in the case of other personal property described in RCW 6.13.010, except where)) (1) The homestead exemption amount is the greater of:~~

~~(a) \$125,000;~~

~~(b) The county median sale price of a single-family home in the preceding calendar year; or~~

~~(c) Where the homestead is subject to execution, attachment, or seizure by or under any legal process whatever to satisfy a judgment in favor of any state for failure to pay that state's income tax on benefits received while a resident of the state of Washington from a pension or other retirement plan, ((in which event there shall be)) no dollar limit ((on the value of the exemption)).~~

~~(2) In determining the county median sale price of a single-family home in the preceding year, a court shall use data from the Runstad department of real estate at the University of Washington or, if the Runstad department no longer provides the data, a successor entity designated by the office of financial management.~~

Sec. 4. RCW 6.13.060 and 2008 c 6 s 634 are each amended to read as follows:

The homestead of a spouse or domestic partner cannot be conveyed or encumbered unless the instrument by which it is conveyed or encumbered is executed and acknowledged by both spouses or both domestic partners, except that either spouse or both or either domestic partner or both jointly may make and execute powers of attorney for the conveyance or encumbrance of the homestead. The conveyance or encumbrance of the homestead does not require that any dependent of the owner who is not a spouse or domestic partner execute and acknowledge the instrument by which it is conveyed or encumbered.

Sec. 5. RCW 6.13.070 and 1987 c 442 s 207 are each amended to read as follows:

(1) Except as provided in RCW 6.13.080, the homestead is exempt from attachment and from execution or forced sale for the debts of the owner up to the amount specified in RCW 6.13.030.

(2) In a bankruptcy case, the debtor's exemption shall be determined on the date the bankruptcy petition is filed. If the value of the debtor's interest in homestead property on the petition date is less than or equal to the amount that can be exempted under RCW 6.13.030, then the debtor's entire interest in the property, including the debtor's right to possession and interests of no monetary value, is exempt. Any appreciation in the value of the debtor's exempt interest in the property during the bankruptcy case is also exempt, even if in excess of the amounts in RCW 6.13.030(1).

(3) The proceeds of the voluntary sale of the homestead in good faith for the purpose of acquiring a new homestead, and proceeds from insurance covering destruction of homestead property held for use in restoring or replacing the homestead property, up to the amount specified in RCW 6.13.030, shall likewise be exempt for one year from receipt, and also such new homestead acquired with such proceeds.

~~((+2+))~~ (4) Every homestead created under this chapter is presumed to be valid to the extent of all the property claimed exempt, until the validity thereof is contested in a court of general jurisdiction in the county or district in which the homestead is situated.

Sec. 6. RCW 6.13.080 and 2019 c 238 s 215 are each amended to read as follows:

The homestead exemption is not available against an execution or forced sale in satisfaction of judgments obtained:

(1) On debts secured by mechanic's, laborer's, construction, maritime, automobile repair, material supplier's, or vendor's liens arising out of and against the particular property claimed as a homestead;

(2) On debts secured:

(a) ~~((by))~~ By security agreements describing as collateral the property that is claimed as a homestead; or

(b) ~~((by))~~ By mortgages or deeds of trust on the premises that have been executed and acknowledged by both spouses or both domestic partners or by any claimant not married or in a state registered domestic partnership. The execution and acknowledgment of a mortgage or deed of trust by a dependent who is not a spouse or domestic partner is not required;

(3) On one spouse's or one domestic partner's or the community's debts existing at the time of that spouse's or that domestic partner's bankruptcy filing where (a) bankruptcy is filed by both spouses or both domestic partners within a six-month period, other than in a joint case or a case in which their assets are jointly administered, and (b) the other spouse or other domestic partner exempts property from property of the estate under the bankruptcy exemption provisions of 11 U.S.C. Sec. 522(d);

(4) On debts arising from a lawful court order or decree or administrative order establishing a child support obligation or obligation to pay maintenance;

(5) On debts owing to the state of Washington for recovery of medical assistance correctly paid on behalf of an individual consistent with 42 U.S.C. Sec. 1396p;

(6) On debts secured by a condominium, homeowners', or common interest community association's lien; or

(7) On debts owed for taxes collected under chapters 82.08, 82.12, and 82.14 RCW but not remitted to the department of revenue.

Sec. 7. RCW 61.24.100 and 1998 c 295 s 12 are each amended to read as follows:

(1) Except to the extent permitted in this section for deeds of trust securing commercial loans, a deficiency judgment shall not be obtained on the obligations secured by a deed of trust against any borrower, grantor, or guarantor after a trustee's sale under that deed of trust.

(2)(a) Nothing in this chapter precludes an action against any person liable on the obligations secured by a deed of trust or any guarantor prior to a notice of trustee's sale being given pursuant to this chapter or after the discontinuance of the trustee's sale.

(b) No action under (a) of this subsection precludes the beneficiary

from commencing a judicial foreclosure or trustee's sale under the deed of trust after the completion or dismissal of that action.

(3) This chapter does not preclude any one or more of the following after a trustee's sale under a deed of trust securing a commercial loan executed after June 11, 1998:

(a) (i) To the extent the fair value of the property sold at the trustee's sale to the beneficiary or an affiliate of the beneficiary is less than the unpaid obligation secured by the deed of trust immediately prior to the trustee's sale, an action for a deficiency judgment against the borrower or grantor, if such person or persons was timely given the notices under RCW 61.24.040, for (A) any decrease in the fair value of the property caused by waste to the property committed by the borrower or grantor, respectively, after the deed of trust is granted, and (B) the wrongful retention of any rents, insurance proceeds, or condemnation awards by the borrower or grantor, respectively, that are otherwise owed to the beneficiary.

(ii) This subsection (3)(a) does not apply to any property that is occupied by the borrower as its principal residence as of the date of the trustee's sale;

(b) Any judicial or nonjudicial foreclosures of any other deeds of trust, mortgages, security agreements, or other security interests or liens covering any real or personal property granted to secure the obligation that was secured by the deed of trust foreclosed; or

(c) Subject to this section, an action for a deficiency judgment against a guarantor if the guarantor is timely given the notices under RCW 61.24.042.

(4) Any action referred to in subsection (3)(a) and (c) of this section shall be commenced within one year after the date of the trustee's sale, or a later date to which the liable party otherwise agrees in writing with the beneficiary after the notice of foreclosure is given, plus any period during which the action is prohibited by a bankruptcy, insolvency, moratorium, or other similar debtor protection statute. If there occurs more than one trustee's sale under a deed of trust securing a commercial loan or if trustee's sales are made pursuant to two or more deeds of trust securing the same commercial loan, the one-year limitation in this section

begins on the date of the last of those trustee's sales.

(5) In any action against a guarantor following a trustee's sale under a deed of trust securing a commercial loan, the guarantor may request the court or other appropriate adjudicator to determine, or the court or other appropriate adjudicator may in its discretion determine, the fair value of the property sold at the sale and the deficiency judgment against the guarantor shall be for an amount equal to the sum of the total amount owed to the beneficiary by the guarantor as of the date of the trustee's sale, less the fair value of the property sold at the trustee's sale or the sale price paid at the trustee's sale, whichever is greater, plus interest on the amount of the deficiency from the date of the trustee's sale at the rate provided in the guaranty, the deed of trust, or in any other contracts evidencing the debt secured by the deed of trust, as applicable, and any costs, expenses, and fees that are provided for in any contract evidencing the guarantor's liability for such a judgment. If any other security is sold to satisfy the same debt prior to the entry of a deficiency judgment against the guarantor, the fair value of that security, as calculated in the manner applicable to the property sold at the trustee's sale, shall be added to the fair value of the property sold at the trustee's sale as of the date that additional security is foreclosed. This section is in lieu of any right any guarantor would otherwise have to establish an upset price pursuant to RCW 61.12.060 prior to a trustee's sale.

(6) A guarantor granting a deed of trust to secure its guaranty of a commercial loan shall be subject to a deficiency judgment following a trustee's sale under that deed of trust only to the extent stated in subsection (3) (a) (i) of this section. If the deed of trust encumbers the guarantor's principal residence, the guarantor shall be entitled to receive an amount up to ~~((the homestead exemption set forth in RCW 6.13.030))~~ \$125,000, without regard to the effect of RCW 6.13.080(2), from the bid at the foreclosure or trustee's sale accepted by the sheriff or trustee prior to the application of the bid to the guarantor's obligation.

(7) A beneficiary's acceptance of a deed in lieu of a trustee's sale under a

deed of trust securing a commercial loan exonerates the guarantor from any liability for the debt secured thereby except to the extent the guarantor otherwise agrees as part of the deed in lieu transaction.

(8) This chapter does not preclude a beneficiary from foreclosing a deed of trust in the same manner as a real property mortgage and this section does not apply to such a foreclosure.

(9) Any contract, note, deed of trust, or guaranty may, by its express language, prohibit the recovery of any portion or all of a deficiency after the property encumbered by the deed of trust securing a commercial loan is sold at a trustee's sale.

(10) A trustee's sale under a deed of trust securing a commercial loan does not preclude an action to collect or enforce any obligation of a borrower or guarantor if that obligation, or the substantial equivalent of that obligation, was not secured by the deed of trust.

(11) Unless the guarantor otherwise agrees, a trustee's sale shall not impair any right or agreement of a guarantor to be reimbursed by a borrower or grantor for a deficiency judgment against the guarantor.

(12) Notwithstanding anything in this section to the contrary, the rights and obligations of any borrower, grantor, and guarantor following a trustee's sale under a deed of trust securing a commercial loan or any guaranty of such a loan executed prior to June 11, 1998, shall be determined in accordance with the laws existing prior to June 11, 1998.

Prime Sponsor, Senator Wellman: Clarifying school district procurement requirements for personal service contracts for construction management, value engineering, constructibility review, and building commissioning. Reported by Committee on Capital Budget

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that school construction procurement processes must comply with the requirements of public works laws specified in chapter 39.04 RCW. Competitive bidding requirements under chapter 39.04 RCW apply to construction contracts by registered contractors. Procurement requirements in RCW 28A.335.190 for public works by school districts are not well defined and may be interpreted as being inconsistent with the requirements of chapter 39.04 RCW and with the authority to contract for personal services under RCW 28A.320.035. The purpose of this act is to make retroactive, remedial, curative, and technical amendments to clarify the intent of RCW 28A.335.190.

Sec. 2. RCW 28A.335.190 and 2013 c 223 s 1 are each amended to read as follows:

(1) When, in the opinion of the board of directors of any school district, the cost of any furniture, supplies, equipment, building, improvements, or repairs, (~~or~~) other construction work by a contractor who meets the criteria in RCW 39.04.350, or other purchases, except books, will equal or exceed the threshold levels specified in subsections (2) and (4) of this section, complete plans and specifications for such work or purchases shall be prepared and notice by publication given in at least one newspaper of general circulation within the district, once each week for two consecutive weeks, of the intention to receive bids and that specifications and

The cost of any public work, improvement, or repair for the purposes of this section shall be the aggregate of all amounts to be paid for labor, material, and equipment on one continuous or interrelated project where work is to be performed simultaneously or in close sequence. The bids shall be in writing and shall be opened and read in public on the date and in the place named in the notice and after being opened shall be filed for public inspection.

(2) Every purchase of furniture, equipment, or supplies, except books, the cost of which is estimated to be in excess of forty thousand dollars, shall be on a competitive basis. The board of directors shall establish a procedure for securing telephone and/or written quotations for such purchases. Whenever the estimated cost is from forty thousand dollars up to seventy-five thousand dollars, the procedure shall require quotations from at least three different sources to be obtained in writing or by telephone, and recorded for public perusal. Whenever the estimated cost is in excess of seventy-five thousand dollars, the public bidding process provided in subsection (1) of this section shall be followed.

(3) Any school district may purchase goods produced or provided in whole or in part from class II inmate work programs operated by the department of corrections pursuant to RCW 72.09.100, including but not limited to furniture, equipment, or supplies. (4) The board may make improvements or repairs to the property of the district through a department within the district without following the public bidding process provided in subsection (1) of this section when the total of such improvements or repairs does not exceed the sum of seventy-five thousand dollars. Whenever the estimated cost of a building, improvement, repair, or other public works project is one hundred thousand dollars or more, the public

bidding process provided in subsection (1) of this section shall be followed unless the contract is let using the small works roster process in RCW 39.04.155 or under any other procedure authorized for school districts. One or more school districts may authorize an educational service district to establish and operate a small works roster for the school district under the provisions of RCW 39.04.155.

(5) The contract for the work or purchase shall be awarded to the lowest responsible bidder as described in RCW 39.26.160(2) but the board may by resolution reject any and all bids and make further calls for bids in the same manner as the original call. On any work or purchase the board shall provide bidding information to any qualified bidder or the bidder's agent, requesting it in person.

(6) In the event of any emergency when the public interest or property of the district would suffer material injury or damage by delay, upon resolution of the board declaring the existence of such an emergency and reciting the facts constituting the same, the board may waive the requirements of this section with reference to any purchase or contract: PROVIDED, That an "emergency," for the purposes of this section, means a condition likely to result in immediate physical injury to persons or to property of the school district in the absence of prompt remedial action.

(7) This section does not apply to the direct purchase of school buses by school districts and educational services in accordance with RCW 28A.160.195.

(8) This section does not apply to the purchase of Washington grown food.

(9) At the discretion of the board, a school district may develop and implement policies and procedures to facilitate and maximize to the extent practicable, purchases of Washington grown food including, but not limited to, policies that permit a percentage price preference for the purpose of procuring Washington grown food.

(10) As used in this section, "Washington grown" has the definition in RCW 15.64.060.

(11) As used in this section, "price percentage preference" means the percent by which a responsive bid from a responsible bidder whose product is a

Washington grown food may exceed the lowest responsive bid submitted by a responsible bidder whose product is not a Washington grown food.

(12) For purposes of this section, "construction work" does not include the following services: (a) Construction management services; (b) value engineering; (c) constructability review; (d) building commissioning; and (e) other construction-related professional and personal services.

(13) Requests for proposals or qualifications, advertisements, bids, or calls for bids pursuant to this section for the services listed under subsection (12) of this section, must include the standard clauses required under RCW 39.19.050.

E2SSB 5287 Prime Sponsor, Committee on Ways & Means: Concerning affordable housing incentives. Reported by Committee on Finance

MAJORITY recommendation: Do pass as amended.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 84.14.005 and 2007 c 430 s 1 are each amended to read as follows:

(1) The legislature finds:

~~((1))~~ (a) That in many of Washington's urban centers there is insufficient availability of desirable and convenient residential units, including affordable housing units, to meet the needs of a growing number of the public who would live in these urban centers if these desirable, convenient, attractive, affordable, and livable places to live were available;

~~((2))~~ (b) That the development of additional and desirable residential units, including affordable housing units, in these urban centers that will attract and maintain a significant increase in the number of permanent residents in these areas will help to alleviate the detrimental conditions and social liability that tend to exist in the absence of a viable mixed income residential population and will help to achieve the planning goals mandated by the growth management act under RCW 36.70A.020; and

~~((3))~~ (c) That planning solutions to solve the problems of urban sprawl often lack incentive and implementation techniques needed to encourage residential redevelopment in those urban centers lacking a sufficient variety of residential opportunities, and it is in the public interest and will benefit, provide, and promote the public health, safety, and welfare to stimulate new or enhanced residential opportunities, including affordable housing opportunities, within urban centers through a tax incentive as provided by this chapter.

(2) Therefore, the legislature intends to achieve multiple goals by incentivizing the development of multiple-unit housing including creating additional affordable housing, encouraging urban development and density, increasing market rate workforce housing, developing permanently affordable housing opportunities, promoting economic investment and recovery, and creating family-wage jobs.

Sec. 2. RCW 84.14.010 and 2017 c 52 s 16 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

Sec. 3. RCW 84.14.020 and 2020 c 237 s 2 are each amended to read as follows:

(1)(a) The value of new housing construction, conversion, and rehabilitation improvements qualifying under this chapter is exempt from ad valorem property taxation, as follows:

(i) For properties for which applications for certificates of tax exemption eligibility are submitted under this chapter before July 22, 2007, the value is exempt for ten successive years beginning January 1 of the year immediately following the calendar year of issuance of the certificate; ~~(and)~~

(ii) For properties for which applications for certificates of tax exemption eligibility are submitted under this chapter on or after July 22, 2007, the value is exempt:

(A) For eight successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate; ~~(or)~~

(B) For twelve successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption under this chapter and meets the conditions in this subsection (1)(a)(ii)(B). For the property to qualify for the twelve-year exemption under this subsection, the applicant must commit to renting or selling at least twenty percent of the multifamily housing units as affordable housing units to low and moderate-income households, and the property must satisfy that commitment and any additional affordability and income eligibility conditions adopted by the local government under this chapter. In the case of projects intended exclusively for owner occupancy, the minimum

requirement of this subsection (1)(a)(ii)(B) may be satisfied solely through housing affordable to moderate-income households; or

(C) For 20 successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption under this chapter and meets the conditions in this subsection (1)(a)(ii)(C). For the property to qualify for the 20-year exemption under this subsection, the project must be located within one mile of high capacity transit of at least 15 minute scheduled frequency, in a city that has implemented, as of the effective date of this section, a mandatory inclusionary zoning requirement for affordable housing that ensures affordability of housing units for a period of at least 99 years and that has a population of no more than 65,000 as measured on the effective date of this section. To qualify for the exemption provided in this subsection (1)(a)(ii)(C), the applicant must commit to renting at least 20 percent of the dwelling units as affordable to low-income households for a term of at least 99 years, and the property must satisfy that commitment and all required affordability and income eligibility conditions adopted by the local government under this chapter. A city must require the applicant to record a covenant or deed restriction that ensures the continuing rental of units subject to these affordability requirements consistent with the conditions in this subsection (1)(a)(ii)(C) for a period of no less than 99 years. The covenant or deed restriction must also address criteria and policies to maintain public benefit if the property is converted to a use other than which continues to provide for permanently affordable low-income housing consistent with this subsection (1)(a)(ii)(C); and

(iii) Until December 31, 2026, for a city as defined in RCW 84.14.010(3)(d), for 12 successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption under this chapter and meets the conditions in this subsection (1)(a)(iii). For the property to qualify for the 12-year exemption under this subsection, the applicant must commit to renting or selling at least 20

percent of the multifamily housing units as affordable housing units to low and moderate-income households, the property must satisfy that commitment and any additional affordability and income eligibility conditions adopted by the local government under this chapter, and the area must be zoned to have an average minimum density equivalent to 15 dwelling units or more per gross acre, or for cities with a population over 20,000, the area must be zoned to have an average minimum density equivalent to 25 dwelling units or more per gross acre. In the case of projects intended exclusively for owner occupancy, the minimum requirement of this subsection (1)(a)(iii) may be satisfied solely through housing affordable to low-income or moderate-income households.

(b) The exemptions provided in (a)(i) ~~(and (ii))~~ through (iii) of this subsection do not include the value of land or nonhousing-related improvements not qualifying under this chapter.

(c) For properties receiving an exemption as provided in (a)(ii)(B) of this subsection that are in compliance with existing contracts and where the certificate of tax exemption is set to expire after June 11, 2020, but before December 31, 2021, the exemption is extended until December 31, 2021, provided that the property must satisfy any eligibility criteria or limitations provided in this chapter as a condition to the existing exemption for a given property continue to be met. For all properties eligible to receive an extension pursuant to this subsection (1)(c), the city or county that issued the initial certificate of tax exemption, as required in RCW 84.14.090, must notify the county assessor and the applicant of the extension of the certificate of tax exemption.

(2) When a local government adopts guidelines pursuant to RCW 84.14.030(2) and includes conditions that must be satisfied with respect to individual dwelling units, rather than with respect to the multiple-unit housing as a whole or some minimum portion thereof, the exemption may, at the local government's discretion, be limited to the value of the qualifying improvements allocable to those dwelling units that meet the local guidelines.

(3) In the case of rehabilitation of existing buildings, the exemption does not include the value of improvements

constructed prior to the submission of the application required under this chapter. The incentive provided by this chapter is in addition to any other incentives, tax credits, grants, or other incentives provided by law.

(4) This chapter does not apply to increases in assessed valuation made by the assessor on nonqualifying portions of building and value of land nor to increases made by lawful order of a county board of equalization, the department of revenue, or a county, to a class of property throughout the county or specific area of the county to achieve the uniformity of assessment or appraisal required by law.

(5) At the conclusion of the exemption period, the ~~((new or rehabilitated housing cost shall))~~ value of the new housing construction, conversion, or rehabilitation improvements must be considered as new construction for the purposes of ~~((chapter 84.55 RCW))~~ chapters 84.55 and 36.21 RCW as though the property was not exempt under this chapter.

(6) For properties that qualified for, satisfied the conditions of, and utilized the exemption under subsection (1)(a)(ii)(A) or (B) of this section, following the initial exemption period or the extension period authorized in subsection (1)(c) of this section, the exemption period may be extended for an additional 12 years for projects that are within 18 months of expiration contingent on city or county approval. For the property to qualify for an extension under this subsection (6), the applicant must meet at a minimum the locally adopted requirements for the property to qualify for an exemption under subsection (1)(a)(ii)(B) of this section as applicable at the time of the extension application, and the applicant commits to renting or selling at least 20 percent of the multifamily housing units as affordable housing units for low-income households.

(7) At the end of both the tenth and eleventh years of an extension, for twelve-year extensions of the exemption, applicants must provide tenants of rent-restricted units with notification of intent to provide the tenant with rental relocation assistance as provided in subsection (8) of this section.

(8)(a) Except as provided in (b) of this subsection, for any 12-year

exemption authorized under subsection (1) (a) (ii) (B) or (iii) of this section after the effective date of this section, or for any 12-year exemption extension authorized under subsection (6) of this section, at the expiration of the exemption the applicant must provide tenant relocation assistance in an amount equal to one month's rent to a qualified tenant within the final month of the qualified tenant's lease. To be eligible for tenant relocation assistance under this subsection, the tenant must occupy an income-restricted unit at the time the exemption expires and must qualify as a low-income household under this chapter at the time relocation assistance is sought.

(b) If affordability requirements consistent, at a minimum, with those required under subsection (1) (a) (ii) (B) or (iii) of this section remain in place for the unit after the expiration of the exemption, relocation assistance in an amount equal to one month's rent must be provided to a qualified tenant within the final month of a qualified tenant's lease who occupies an income-restricted unit at the time those additional affordability requirements cease to apply to the unit.

(9) No new exemptions may be provided under this section beginning on or after January 1, 2032. No extensions may be granted under subsection (6) of this section on or after January 1, 2046.

Sec. 4. RCW 84.14.040 and 2014 c 96 s 4 are each amended to read as follows:

(1) The following criteria must be met before an area may be designated as a residential targeted area:

(a) The area must be within an urban center, as determined by the governing authority;

(b) The area must lack, as determined by the governing authority, sufficient available, desirable, and convenient residential housing, including affordable housing, to meet the needs of the public who would be likely to live in the urban center, if the affordable, desirable, attractive, and livable places to live were available;

(c) The providing of additional housing opportunity, including affordable housing, in the area, as determined by the governing authority, will assist in achieving one or more of the stated purposes of this chapter; ~~(and)~~

(d) If the residential targeted area is designated by a county, the area must be located in an unincorporated area of the county that is within an urban growth area under RCW 36.70A.110 and the area must be: (i) In a rural county, served by a sewer system and designated by a county prior to January 1, 2013; or (ii) in a county that includes a campus of an institution of higher education, as defined in RCW 28B.92.030, where at least one thousand two hundred students live on campus during the academic year; and (iii) until July 15, 2024, in a county seeking to promote transit supportive densities and efficient land use in an area that is located within a designated urban growth area and within .25 miles of a corridor where bus service is scheduled at least every thirty minutes for no less than 10 hours per weekday and is in service or is planned for service to begin within five years of designation; and

(e) For a residential targeted area designated by a county after the effective date of this section, the county governing authority must conduct an evaluation of the risk of potential displacement of residents currently living in the area if the tax incentives authorized in this chapter were to be used in the area. The county may use an existing analysis if one exists. An area may not be designated as a residential targeted area unless: (i) The evaluation finds that the risk of displacement is minimal; or (ii) the governing authority mitigates the risk of displacement with locally adopted mitigation measures such as, but not limited to, ensuring that those directly or indirectly displaced have a first right of refusal to occupy the newly created dwelling units receiving an exemption under this chapter, including the affordable units if they otherwise meet the qualifications.

(2) For the purpose of designating a residential targeted area or areas, the governing authority may adopt a resolution of intention to so designate an area as generally described in the resolution. The resolution must state the time and place of a hearing to be held by the governing authority to consider the designation of the area and may include such other information pertaining to the designation of the area as the governing authority determines to be appropriate to apprise the public of the action intended.

(3) The governing authority must give notice of a hearing held under this chapter by publication of the notice once each week for two consecutive weeks, not less than seven days, nor more than thirty days before the date of the hearing in a paper having a general circulation in the city or county where the proposed residential targeted area is located. The notice must state the time, date, place, and purpose of the hearing and generally identify the area proposed to be designated as a residential targeted area.

(4) Following the hearing, or a continuance of the hearing, the governing authority may designate all or a portion of the area described in the resolution of intent as a residential targeted area if it finds, in its sole discretion, that the criteria in subsections (1) through (3) of this section have been met.

(5) After designation of a residential targeted area, the governing authority must adopt and implement standards and guidelines to be utilized in considering applications and making the determinations required under RCW 84.14.060. The standards and guidelines must establish basic requirements for both new construction and rehabilitation, which must include:

(a) Application process and procedures;

(b) Income and rent standards for affordable units;

(c) Requirements that address demolition of existing structures and site utilization; and

~~((e))~~ (d) Building requirements that may include elements addressing parking, height, density, environmental impact, and compatibility with the existing surrounding property and such other amenities as will attract and keep permanent residents and that will properly enhance the livability of the residential targeted area in which they are to be located.

(6)(a) The governing authority may adopt and implement, either as conditions to eight-year exemptions or as conditions to an extended exemption period under RCW 84.14.020(1)(a)(ii)(B) or (C), or ~~((both))~~ as conditions to any combination of exemptions authorized under this chapter, more stringent income eligibility, rent, or sale price limits, including limits that apply to a higher

percentage of units, than the minimum conditions for an extended exemption period under RCW 84.14.020(1)(a)(ii)(B) or (C).

(b) Additionally, a governing authority may adopt and implement as a contractual prerequisite to any exemption granted pursuant to RCW 84.14.020:

(i) A requirement that applicants pay at least the prevailing rate of hourly wage established under chapter 39.12 RCW for journey level and apprentice workers on residential and commercial construction;

(ii) Payroll record requirements consistent with RCW 39.12.120(1);

(iii) Apprenticeship utilization requirements consistent with RCW 39.04.310; and

(iv) A contracting inclusion plan developed in consultation with the office of minority and women's business enterprises.

(7) For any multiunit housing located in an unincorporated area of a county, a property owner seeking tax incentives under this chapter must commit to renting or selling at least twenty percent of the multifamily housing units as affordable housing units to low and moderate-income households. In the case of multiunit housing intended exclusively for owner occupancy, the minimum requirement of this subsection ~~((+6))~~ (7) may be satisfied solely through housing affordable to moderate-income households.

(8) Nothing in this section prevents a governing authority from adopting and implementing additional requirements to any exemption granted under RCW 84.14.020.

Sec. 5. RCW 84.14.100 and 2012 c 194 s 9 are each amended to read as follows:

(1) Thirty days after the anniversary of the date of the certificate of tax exemption and each year for the tax exemption period, the owner of the rehabilitated or newly constructed property, or the qualified nonprofit or local government that will assure permanent affordable homeownership for at least 25 percent of the units for properties receiving an exemption under section 7 of this act, must file with a designated authorized representative of

the city or county an annual report indicating the following:

(a) A statement of occupancy and vacancy of the rehabilitated or newly constructed property during the twelve months ending with the anniversary date;

(b) A certification by the owner that the property has not changed use and, if applicable, that the property has been in compliance with the affordable housing requirements as described in RCW 84.14.020 since the date of the certificate approved by the city or county;

(c) A description of changes or improvements constructed after issuance of the certificate of tax exemption; and

(d) Any additional information requested by the city or county in regards to the units receiving a tax exemption.

(2) All cities or counties, which issue certificates of tax exemption for multiunit housing that conform to the requirements of this chapter, must report annually by (~~December 31st~~) April 1st of each year, beginning in 2007, to the department of commerce. A city or county must be in compliance with the reporting requirements of this section to offer certificates of tax exemption for multiunit housing authorized in this chapter. The report must include the following information:

(a) The number of tax exemption certificates granted;

(b) The total number and type of units produced or to be produced;

(c) The number, size, and type of units produced or to be produced meeting affordable housing requirements;

(d) The actual development cost of each unit produced;

(e) The total monthly rent or total sale amount of each unit produced;

(f) The annual household income (~~of each renter household at the time of initial occupancy and the income of each initial purchaser of owner-occupied units at the time of purchase~~) and household size for each of the affordable units receiving a tax exemption and a summary of these figures for the city or county; and

(g) The value of the tax exemption for each project receiving a tax exemption

and the total value of tax exemptions granted.

(3) The department of commerce must provide guidance to cities and counties, which issue certificates of tax exemption for multiunit housing that conform to the requirements of this chapter, on best practices in managing and reporting for the exemption programs authorized under this chapter, including guidance for cities and counties to collect and report demographic information for tenants of units receiving a tax exemption under this chapter.

(4) This section expires January 1, 2058.

NEW SECTION. Sec. 6. (1) This section is the tax preference performance statement for the tax preferences contained in section 3, chapter . . . , Laws of 2021 (section 3 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preferences. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes these tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to:

(a) Incentivize developers to construct or rehabilitate multifamily housing;

(b) Incentivize local governments and multifamily housing owners to maintain or expand existing income-restricted unit stock that have been incentivized through the tax exemption provided under chapter 84.14 RCW via new authority to renew the property tax abatement in exchange for continued or additional affordability; and

(c) Further encourage multifamily construction in cities and certain unincorporated urban growth areas by expanding access to the multifamily tax exemption program to a broader set of jurisdictions.

(4) It is the legislature's intent to provide the value of new housing construction, conversion, and rehabilitation improvements qualifying under chapter 84.14 RCW an exemption from

ad valorem property taxation for eight to 12 years or more, as provided for in RCW 84.14.020, in order to provide incentives to developers to construct or rehabilitate multifamily housing thereby increasing the number of affordable housing units, or preserving the state's stock of income-restricted units, for low-income to moderate-income residents in certain urban growth areas.

(5) The legislature intends to extend the expiration date of the tax preferences in section 3, chapter . . ., Laws of 2021 (section 3 of this act), if a review finds that:

(a) Projects receiving an initial eight-year or 12-year exemption regularly enter into subsequent 12-year extensions in exchange for continued or increased income restrictions on affordable units; and

(b) At least 20 percent of the new housing is developed and occupied by households earning:

(i) At or below 80 percent of the area median income, at the time of occupancy, adjusted for family size for the county in which the project is located; or

(ii) Where the housing is intended exclusively for owner occupancy, up to 115 percent of the area median income, at the time of sale, adjusted for family size for the county in which the project is located.

(6) In order to obtain the data necessary to perform the review in subsection (4) of this section, the joint legislative audit and review committee must refer to the annual reports compiled by the department of commerce under RCW 84.14.100 and may refer to data provided by counties or cities in which persons are utilizing the preferences, the office of financial management, the department of commerce, the United States department of housing and urban development, and any other data sources, as needed by the joint legislative audit and review committee.

NEW SECTION. Sec. 7. A new section is added to chapter 84.14 RCW to read as follows:

(1)(a) The value of new housing construction, conversion, and rehabilitation improvements qualifying under this chapter is exempt from ad valorem property taxation, as follows: For 20 successive years beginning January

1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption under this chapter and meets the conditions in this section. For the property to qualify for the 20-year exemption under this section, at least 25 percent of the units must be built by or sold to a qualified nonprofit or local government that will assure permanent affordable homeownership. The remaining 75 percent of units may be rented or sold at market rates.

(b) Until December 31, 2031, for a city as defined in RCW 84.14.010(3)(d), in any city the value of new housing construction, conversion, and rehabilitation improvements qualifying under this chapter is exempt from ad valorem property taxation, as follows: For 20 successive years beginning January 1st of the year immediately following the calendar year of issuance of the certificate, if the property otherwise qualifies for the exemption under this chapter and meets the conditions in this section. For the property to qualify for the 20-year exemption under this section, at least 25 percent of the units must be sold to a qualified nonprofit or local government partner that will assure permanent affordable homeownership. The remaining 75 percent of units may be rented or sold at market rates. The area must be zoned to have an average minimum density equivalent to 15 dwelling units or more per gross acre, or for cities with a population over 20,000, the area must be zoned to have an average minimum density equivalent to 25 dwelling units or more per gross acre.

(2) Permanently affordable homeownership units or permanently affordable rental units must be sold or rented to households earning no more than 80 percent of the average median income for the city or local jurisdiction in which the unit is located.

(3) A local jurisdiction may assign and collect an administration fee at each point of sale to cover the administrative costs for oversight of the program to maintain permanently affordable housing units consistent with this section.

(4) The exemptions in this section do not include the value of land or nonhousing-related improvements not qualifying under this chapter.

(5) At the conclusion of the exemption period, the value of the new housing

construction, conversion, or rehabilitation improvements must be considered as new construction for the purposes of chapters 84.55 and 36.21 RCW as though the property was not exempt under this chapter.

(6) For purposes of this section, "permanently affordable homeownership" means homeownership that, in addition to meeting the definition of "affordable housing" in RCW 43.185A.010, is:

(a) Sponsored by a nonprofit organization or governmental entity;

(b) Subject to a ground lease or deed restriction that includes:

(i) A resale restriction designed to provide affordability for future low and moderate-income homebuyers;

(ii) A right of first refusal for the sponsor organization to purchase the home at resale; and

(iii) A requirement that the sponsor must approve any refinancing, including home equity lines of credit; and

(c) Sponsored by a nonprofit organization or governmental entity and the sponsor organization:

(i) Executes a new ground lease or deed restriction with a duration of at least 99 years at the initial sale and with each successive sale; and

(ii) Supports homeowners and enforces the ground lease or deed restriction.

(7) The department of commerce must develop a template for permanent affordability for home or condo ownership through deed restrictions that can be used by a city or local government to ensure compliance with this section.

(8) No new exemptions may be provided under this section beginning on or after January 1, 2032.

NEW SECTION. Sec. 8. (1) This section is the tax preference performance statement for the tax preference contained in section 7, chapter . . . , Laws of 2021 (section 7 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preferences. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes these tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(3) It is the legislature's specific public policy objective to incentivize developers to construct or rehabilitate permanently affordable homeownership units.

(4) It is the legislature's intent to provide the value of new housing construction, conversion, and rehabilitation improvements qualifying under chapter 84.14 RCW an exemption from ad valorem property taxation for 20 years, as provided for in section 7 of this act, in order to provide incentives to developers to construct or rehabilitate multifamily housing thereby increasing the number of permanently affordable homeownership units.

(5) The legislature intends to extend the expiration date of the tax preferences in section 7, chapter . . . , Laws of 2021 (section 7 of this act), if a review finds that:

(a) The number of local governments utilizing the permanently affordable homeownership tax exemption program authorized in section 7 of this act increases over time;

(b) The number of permanently affordable homeownership units increases; and

(c) The income level of those households benefiting from the permanently affordable homeownership units is consistent with the requirements of section 7 of this act.

(6) In order to obtain the data necessary to perform the review in subsection (5) of this section, the joint legislative audit and review committee must refer to the annual reports compiled by the department of commerce under RCW 84.14.100 and may refer to data provided by counties or cities in which persons are utilizing the preferences, the office of financial management, the department of commerce, the United States department of housing and urban development, and any other data sources, as needed by the joint legislative audit and review committee.

Sec. 9. RCW 84.14.030 and 2012 c 194 s 3 are each amended to read as follows:

An owner of property making application under this chapter must meet the following requirements:

(1) The new or rehabilitated multiple-unit housing must be located in a residential targeted area as designated by the city or county;

(2) The multiple-unit housing must meet guidelines as adopted by the governing authority that may include height, density, public benefit features, number and size of proposed development, parking, income limits for occupancy, limits on rents or sale prices, and other adopted requirements indicated necessary by the city or county. The required amenities should be relative to the size of the project and tax benefit to be obtained;

(3) The new, converted, or rehabilitated multiple-unit housing must provide for a minimum of fifty percent of the space for permanent residential occupancy. In the case of existing occupied multifamily development, the multifamily housing must also provide for a minimum of four additional multifamily units. Existing multifamily vacant housing that has been vacant for twelve months or more does not have to provide additional multifamily units;

(4) New construction multifamily housing and rehabilitation improvements must be completed within three years from the date of approval of the application, plus any extension authorized under RCW 84.14.090(5);

(5) Property proposed to be rehabilitated must fail to comply with one or more standards of the applicable state or local building or housing codes on or after July 23, 1995. If the property proposed to be rehabilitated is not vacant, an applicant must provide each existing tenant housing of comparable size, quality, and price and a reasonable opportunity to relocate; and

(6) The applicant must enter into a contract with the city or county approved by the governing authority, or an administrative official or commission authorized by the governing authority, under which the applicant has agreed to the implementation of the development on terms and conditions satisfactory to the governing authority.

Sec. 10. RCW 84.14.090 and 2012 c 194 s 8 are each amended to read as follows:

(1) Upon completion of rehabilitation or new construction for which an application for a limited tax exemption under this chapter has been approved and after issuance of the certificate of occupancy, the owner must file with the city or county the following:

(a) A statement of the amount of rehabilitation or construction expenditures made with respect to each housing unit and the composite expenditures made in the rehabilitation or construction of the entire property;

(b) A description of the work that has been completed and a statement that the rehabilitation improvements or new construction on the owner's property qualify the property for limited exemption under this chapter;

(c) If applicable, a statement that the project meets the affordable housing requirements as described in RCW 84.14.020; and

(d) A statement that the work has been completed within three years of the issuance of the conditional certificate of tax exemption.

(2) Within thirty days after receipt of the statements required under subsection (1) of this section, the authorized representative of the city or county must determine whether the work completed, and the affordability of the units, is consistent with the application and the contract approved by the city or county and is qualified for a limited tax exemption under this chapter. The city or county must also determine which specific improvements completed meet the requirements and required findings.

(3) If the rehabilitation, conversion, or construction is completed within three years of the date the application for a limited tax exemption is filed under this chapter, or within an authorized extension of this time limit, and the authorized representative of the city or county determines that improvements were constructed consistent with the application and other applicable requirements, including if applicable, affordable housing requirements, and the owner's property is qualified for a limited tax exemption under this chapter, the city or county must file the certificate of tax exemption with the county assessor within ten days of the expiration of the thirty-day period provided under subsection (2) of this section.

(4) The authorized representative of the city or county must notify the applicant that a certificate of tax exemption is not going to be filed if the authorized representative determines that:

(a) The rehabilitation or new construction was not completed within three years of the application date, or within any authorized extension of the time limit;

(b) The improvements were not constructed consistent with the application or other applicable requirements;

(c) If applicable, the affordable housing requirements as described in RCW 84.14.020 were not met; or

(d) The owner's property is otherwise not qualified for limited exemption under this chapter.

(5) If the authorized representative of the city or county finds that construction or rehabilitation of multiple-unit housing was not completed within the required time period due to circumstances beyond the control of the owner and that the owner has been acting and could reasonably be expected to act in good faith and with due diligence, the governing authority or the city or county official authorized by the governing authority may extend the deadline for completion of construction or rehabilitation for a period not to exceed twenty-four consecutive months. For preliminary or final applications submitted on or before February 15, 2020, with any outstanding application requirements, such as obtaining a temporary certificate of occupancy, the city or county may choose to extend the deadline for completion for an additional five years. The five-year extension begins immediately following the completion of any outstanding applications or previously authorized extensions, whichever is later.

(6) The governing authority may provide by ordinance for an appeal of a decision by the deciding officer or authority that an owner is not entitled to a certificate of tax exemption to the governing authority, a hearing examiner, or other city or county officer authorized by the governing authority to hear the appeal in accordance with such reasonable procedures and time periods as provided by ordinance of the governing authority. The owner may appeal a

decision by the deciding officer or authority that is not subject to local appeal or a decision by the local appeal authority that the owner is not entitled to a certificate of tax exemption in superior court under RCW 34.05.510 through 34.05.598, if the appeal is filed within thirty days of notification by the city or county to the owner of the decision being challenged."

(h) The department may adopt rules to implement this subsection.

(11) The department must place personal and company data elements in separate data fields to allow the department to select discrete data elements when providing information or data to persons or entities outside the department. The request for proposals and subsequent competitive procurement must incorporate elements that prioritize the overall goal of lowering costs per transaction for the facility, such as incentives for innovative approaches which result in lower transactional costs, requests for efficiencies on the part of the bidder that lower operational costs, and incorporation of technologies such as self-serve credit card machines or other point-of-payment technologies that lower costs or improve operational efficiencies.

(5) \$20,001,000 of the Alaskan Way viaduct replacement project account—state appropriation is provided solely for the new state route number 99 tunnel toll facility's expected share of collecting toll revenues, operating customer services, and maintaining toll collection systems. (c) The office of financial management shall place the amounts provided in this subsection in unallotted status until the department submits a detailed progress report on the progress of the new tolling back office system. The director of the office of financial management or their designee shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.

(7) Out of funding appropriated in this section, the department shall contract with the state auditor's office for a performance audit of the department's project to replace its electronic toll collection system. Motor Appropriation	Vehicle	Account—State	\$60,273,000
Motor Appropriation	Vehicle	Account—Federal	\$500,000
Multimodal Transportation State Appropriation		Account—	\$258,000
TOTAL APPROPRIATION			\$61,031,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The legislature recognizes that the trail known as the Rocky Reach Trail, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on state route number 2 and the coincident section of state route number 97. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) No. 2-09-04686 containing the trail and associated buffer areas to the Washington state parks and recreation commission is consistent with the public interest. The legislature directs the department to transfer the property to the Washington state parks and recreation commission.

(a) The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes.

(b) Prior to completing the transfer in this subsection (1), the department must ensure that provisions are made to accommodate private and public utilities and any facilities that predate the department's acquisition of the property, at no cost to those entities. Prior to completing the transfer, the department shall also ensure that provisions, by fair market assessment, are made to accommodate other private and public utilities and any facilities that have been legally allowed by permit or other instrument.

(c) The department may sell any adjoining property that is not necessary to support the Rocky Reach Trail and adjacent buffer areas only after the transfer of trail-related property to the Washington state parks and recreation commission is complete. Adjoining property owners must be given the first

opportunity to acquire such property that abuts their property, and applicable boundary line or other adjustments must be made to the legal descriptions for recording purposes.

(2) With respect to Parcel 12 of the real property conveyed by the state of Washington to the city of Mercer Island under that certain quitclaim deed, dated April 19, 2000, recorded in King county under recording no. 20000425001234, the requirement in the deed that the property be used for road/street purposes only will be deemed satisfied by the department of transportation so long as commuter parking, as part of the vertical development of the property, is one of the significant uses of the property.

(3) During the 2021-2023 biennium, if the department takes possession of the property situated in the City of Edmonds for which a purchase agreement was executed between Unocal and the department in 2005 (Tax Parcel Number 262703-2-003-0009), and if the department confirms that the property is still no longer needed for transportation purposes, the department shall provide the City of Edmonds with the right of first purchase in accordance with RCW 47.12.063(3) for the city's intended use of the property to rehabilitate near-shore habitat for salmon and related species.

(4) The department shall report to the transportation committees of the legislature by December 1, 2021, on the status of its efforts to consolidate franchises for broadband facilities across the state, including plans for increasing the number of consolidated franchises in the future.

NEW SECTION. Sec. 214. FOR THE DEPARTMENT OF TRANSPORTATION—PUBLIC-PRIVATE PARTNERSHIPS—PROGRAM K

Motor Vehicle Account—State
Appropriation \$675,000

Electric Vehicle Account—State
Appropriation \$3,900,000

Multimodal Transportation Account—
State Appropriation \$12,533,000

TOTAL APPROPRIATION \$17,108,000

The appropriations in this section are subject to the following conditions and limitations:

(1) The public private partnerships program must continue to explore retail

partnerships at state-owned park and ride facilities, as authorized in RCW 47.04.295.

(2) \$2,400,000 of the multimodal transportation account—state appropriation is provided solely for the pilot program established under RCW 47.04.355, to provide clean alternative fuel vehicle use opportunities to underserved communities and low to moderate income members of the workforce not readily served by transit or located in transportation corridors with emissions that exceed federal or state emissions standards.

(3) (a) (i) \$133,000 of the multimodal transportation account—state appropriation is provided solely for the purpose of conducting an assessment of options for the development, including potential features and costs, for a publicly available mapping and forecasting tool that provides locations and essential information of charging and refueling infrastructure to support forecasted levels of electric vehicle adoption, travel, and usage across Washington state as described in chapter . . . (Engrossed Substitute House Bill No. 1287), Laws of 2021 (preparedness for a zero emissions transportation future).

(ii) The assessment must include a review of existing infrastructure needs assessments, mapping and forecasting tools, environmental health disparity resources, and related modeling. It must be performed in consultation with the department of ecology, department of commerce, and office of equity, and include a stakeholder process to address community, public agency, and relevant public and private utility needs to determine the resources needed to facilitate statewide and local transportation electrification efforts to drive emission reductions consistent with RCW 70A.45.020.

(iii) A report summarizing the findings of the assessment and the options recommended by the department for the tool's development is due to the transportation committees of the legislature by December 31, 2021.

(b) \$10,000,000 of the multimodal transportation account—state appropriation is provided solely for a clean alternative fuel vehicle infrastructure grant program for clean alternative fuel vehicle charging and refueling infrastructure that will

provide public benefits for the state's network of charging infrastructure to facilitate state zero emission vehicle requirements under RCW 70A.30.010 and greenhouse gas emission reduction goals under RCW 70A.45.020. The department must develop a strategy for grant award selection based on maximizing public benefits by: Facilitating residents' and businesses' ability to purchase and lease clean alternative fuel vehicles through increased access to public electric vehicle charging and refueling, facilitating a decline in vehicle emissions that would otherwise contribute to pollution and greenhouse gas emissions, and increasing equity of access to clean alternative fuel vehicles. The department shall use proposed grant matching funds as a criterion for selecting grant award recipients. When the publicly available mapping and forecasting tool in (a) of this subsection has been developed and is available to be used for this purpose, strategy development for grant award selection must include analysis of the information provided by the tool.

The department must coordinate and work with local government officials and social service organizations to provide services and direct people to housing alternatives that are not in highway rights-of-way to help prevent future encampments from forming on highway rights of way. The department may hire crews specializing in collecting and disposing of garbage, clearing debris or hazardous material, and implementing safety improvements where hazards exist. The department may request assistance

(f) Nothing in this subsection (2) is intended to exempt these vehicles from paying tolls when they do not meet the occupancy requirements established by the department for express toll lanes.

(3) When regional transit authority construction activities are visible from a state highway, the department shall allow the regional transit authority to place safe and appropriate signage informing the public of the purpose of the construction activity.

(4) The department must make signage for low-height bridges a high priority.

partnership account—state
appropriation, \$2,258,000 of the motor
vehicle account—private/local
appropriation, and \$984,000 of the
multimodal transportation account—state
appropriation are provided solely for the
SR 99/Alaskan Way Viaduct Replacement
project (809936Z). It is the intent of
the legislature that any legal damages
paid to the state as a result of a lawsuit
related to contractual provisions for
construction and delivery of the Alaskan
Way viaduct replacement project be used
to repay project cost increases paid from
the transportation partnership account—
state funds.

(8) \$193,699,000 of the connecting
Washington account—state appropriation
is provided solely for the US 395 North
Spokane Corridor project (M00800R).

(9) \$14,827,000 of the Interstate 405
and state route number 167 express toll
lanes account—state appropriation is
provided solely for the I-405/SR 522 to
I-5 Capacity Improvements project
(L2000234) for activities related to
adding capacity on Interstate 405 between
state route number 522 and Interstate 5,
with the goals of increasing vehicle
throughput and aligning project
completion with the implementation of bus
rapid transit in the vicinity of the
project.

(b) Upon completion of the Montlake Phase of the West End project (current anticipated contract completion of 2023), WSDOT shall sell that portion of the property not used for permanent transportation improvements and initiate a process to convey that surplus property to a subsequent owner.

(11) \$359,522,000 of the connecting Washington account—state appropriation, \$105,523,000 of the motor vehicle account—federal appropriation, \$15,369,000 of the motor vehicle account—private/local appropriation, \$2,300,000 of the multimodal transportation account—state appropriation, and \$2,500,000 of the motor vehicle account—state appropriation are provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(c) It is the legislature's intent that the department shall construct a full single-point urban interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the base project is fully funded,

(12) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(13) Any advisory group that the department convenes during the 2021-2023 fiscal biennium must consider the interests of the entire state of Washington.

(14) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its determination that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

Further, the legislature determines construction aggregate and recycled concrete materials substantially meet widely recognized international, national, and local standards and specifications referenced in American society for testing and materials, American concrete institute, Washington state department of transportation, Seattle department of transportation, American public works association, federal aviation administration, and federal highway administration specifications, and are described as necessary and desirable products for

recycling and reuse by state and federal agencies.

As these recyclable materials have well established markets, are substantially a primary or secondary product of necessary construction processes and production, and are managed as an item of commercial value, construction aggregate and recycled concrete materials are exempt from chapter 173-350 WAC.

(15) (a) \$26,928,000 of the motor vehicle account—state appropriation and \$1,671,000 of the motor vehicle account—private/local appropriation are provided solely for supporting a project office and the continued work towards replacement of the Interstate 5 bridge across the Columbia river (G2000088).

(b) The work of this project office includes, but is not limited to, the reevaluation of the purpose and need identified for the project previously known as the Columbia river crossing, the reevaluation of permits and development of a finance plan, the reengagement of key stakeholders and the public, and the reevaluation of scope, schedule, and budget for a reinvigorated bistate effort for replacement of the Interstate 5 Columbia river bridge. When reevaluating the finance plan for the project, the department shall assume that some costs of the new facility may be covered by tolls. The project office must also study the possible different governance structures for a bridge authority that would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the project office must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts.

(c) During the 2021-2023 biennium the department shall have as a goal to:

(i) Conduct all work necessary to prepare and publish a draft SEIS;

(ii) Coordinate with regulatory agencies to begin the process of obtaining environmental approvals and permits;

(iii) Identify a locally preferred alternative; and

(iv) Begin preparing a final SEIS.

The department shall aim to provide progress reports on these activities to the governor and the transportation committees of the legislature by December 1, 2021, June 1, 2022, and December 1, 2022.

(16) \$1,000,000 of the connecting Washington account—state appropriation is provided solely for the North Lewis County transportation study. The study shall examine new, alternate routes for vehicular and truck traffic at the Harrison interchange (Exit 82) in North Centralia and shall allow for a site and configuration to be selected and feasibility to be conducted for final design, permitting and construction of the I-5/North Lewis county Interchange project (L2000204).

(17) (a) \$332,500,000 of the connecting Washington account—state appropriation, \$52,036,000 of the motor vehicle account—federal appropriation, and \$1,849,000 of the motor vehicle account—state appropriation are provided solely for the Fish Passage Barrier Removal project (OBI4001) with the intent of fully complying with the federal *U.S. v. Washington* court injunction by 2030.

(b) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach to maximize habitat gain by replacing both state and local culverts. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, ability to leverage investments by others, presence of other barriers, project readiness, other transportation projects in the area, and transportation impacts.

(c) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(18) \$340,000,000 of the Coronavirus State Fiscal Recovery Account—federal appropriation is provided solely for water infrastructure projects that remove fish passage barriers that are impeding state streams, rivers, and other waterways (OBI4001), as permitted under the federal American rescue plan act of 2021. Once available, these amounts must be applied prior to other amounts provided for this purpose (OBI4001). These water infrastructure projects are

intended to meet compliance requirements with the federal *U.S. v. Washington* court injunction by 2030.

(19) (a) The Washington state department of transportation is directed to pursue compliance with the *U.S. v. Washington* permanent injunction by delivering culvert corrections within the injunction area guided by the principle of providing the greatest fisheries habitat gain at the earliest time and considering the following factors: Opportunity to bundle projects, tribal priorities, ability to leverage investments by others, presence of other barriers, project readiness, culvert condition, other transportation projects in the area, and transportation impacts.

(b) The department and Brian Abbott fish barrier removal board must provide updates on the implementation of the statewide culvert remediation plan to the legislature by November 1, 2021, and June 1, 2022.

(20) \$14,669,000 of the connecting Washington account—state appropriation and \$3,037,000 of the motor vehicle account—private/local appropriation are provided solely for the I-90/Barker to Harvard - Improve Interchanges & Local Roads project (L2000122). The connecting Washington account appropriation for the improvements that fall within the city of Liberty Lake may only be expended if the city of Liberty Lake agrees to cover any project costs within the city of Liberty Lake above the \$20,900,000 of state appropriation provided for the total project in LEAP Transportation Document 2021-1 as developed March 22, 2021, Program - Highway Improvements (I).

(21) \$15,189,000 of the motor vehicle account—federal appropriation, \$259,000 of the motor vehicle account—state appropriation, and \$15,481,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation are provided solely for the SR 167/SR 410 to SR 18 - Congestion Management project (316706C).

(28) The department may advance the I-405/SR 522 to I-5 Capacity Improvements (L2000234) project and construct the project earlier than is scheduled in the LEAP list if funding is identified by September 1, 2021. The department shall explore alternatives to toll revenue funding including but not limited to federal loan and grant programs. The department shall explore phasing and modifying the project to align as best as possible with the anticipated deployment of bus rapid transit on the corridor in 2023-25. However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 of this act. The department may not convene a Washington freight advisory committee. When submitting its 2021-2023 supplemental and 2023-2025 biennial budget requests, the department shall provide a prioritized freight project list for the national highway freight program funds that first addresses shortfalls in funding for

The department, in collaboration with the office of the chief information officer, shall identify where existing or proposed mobile radio technology investments should be consolidated, identify when existing or proposed mobile radio technology investments can be reused or leveraged to meet multiagency needs, increase mobile radio interoperability between agencies, and identify how redundant investments can be reduced over time. The department shall also provide

quarterly reports to the technology services board on project progress.

(5) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund. The amount provided in this subsection must be held in unallotted status until the department submits a request to the office of financial management that includes documentation detailing litigation-related expenses. During the design phase of any such project, the department must estimate the cost of designing around the affected weigh station's current operations, as well as the cost of moving the affected weigh station.

(8) Within the connecting Washington account—state appropriation, the department may transfer funds from Highway System Preservation (L1100071) to other preservation projects listed in the LEAP transportation document identified in subsection (1) of this section, if it is determined necessary for completion of these high priority preservation projects. The department's next budget submittal after using this subsection must appropriately reflect the transfer.

The legislature has determined that the current vessel procurement process must move forward with all due speed, balancing the interests of both the taxpayers and shipyards. To accomplish construction of vessels in accordance with RCW 47.60.810, the prevailing shipbuilder, for vessels initially funded after July 1, 2020, is encouraged to follow the historical practice of subcontracting the construction of ferry superstructures to a separate nonaffiliated contractor located within the Puget Sound region, that is qualified in accordance with RCW 47.60.690.

Sec. 713. RCW 34.05.350 and 2011 1st sp.s. c 2 s 1 are each amended to read as follows:

(1) If an agency for good cause finds:

(a) That immediate adoption, amendment, or repeal of a rule is necessary for the preservation of the public health, safety, or general welfare, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the public interest;

(b) That state or federal law or federal rule or a federal deadline for state receipt of federal funds requires immediate adoption of a rule; or

(c) In order to implement the requirements or reductions in appropriations enacted in any budget for fiscal year 2009, 2010, 2011, 2012, or 2013, or in an omnibus transportation appropriations act for the 2021-2023 biennium related to setting toll rates, which necessitates the need for the immediate adoption, amendment, or repeal of a rule, and that observing the time requirements of notice and opportunity to comment upon adoption of a permanent rule would be contrary to the fiscal needs or requirements of the agency,

the agency may dispense with those requirements and adopt, amend, or repeal the rule on an emergency basis. The agency's finding and a concise statement of the reasons for its finding shall be incorporated in the order for adoption of the emergency rule or amendment filed with the office of the code reviser under RCW 34.05.380 and with the rules review committee.

(2) An emergency rule adopted under this section takes effect upon filing

with the code reviser, unless a later date is specified in the order of adoption, and may not remain in effect for longer than one hundred twenty days after filing. Identical or substantially similar emergency rules may not be adopted in sequence unless conditions have changed or the agency has filed notice of its intent to adopt the rule as a permanent rule, and is actively undertaking the appropriate procedures to adopt the rule as a permanent rule. This section does not relieve any agency from compliance with any law requiring that its permanent rules be approved by designated persons or bodies before they become effective.

(3) Within seven days after the rule is adopted, any person may petition the governor requesting the immediate repeal of a rule adopted on an emergency basis by any department listed in RCW 43.17.010. Within seven days after submission of the petition, the governor shall either deny the petition in writing, stating his or her reasons for the denial, or order the immediate repeal of the rule. In ruling on the petition, the governor shall consider only whether the conditions in subsection (1) of this section were met such that adoption of the rule on an emergency basis was necessary. If the governor orders the repeal of the emergency rule, any sanction imposed based on that rule is void. This subsection shall not be construed to prohibit adoption of any rule as a permanent rule.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$8,114,000 of the motor vehicle account—state appropriation is provided solely for the development of the labor system replacement project and is subject to the conditions, limitations, and review provided in section 701 (~~(of this act)~~), chapter 219, Laws of 2020. It is the intent of the legislature that if any portion of the labor system replacement project is leveraged in the future for the time, leave, and labor distribution of any other agencies, the motor vehicle account will be reimbursed proportionally for the development of the system since amounts expended from the motor vehicle account must be used exclusively for highway purposes in conformance with Article II, section 40 of the state Constitution. This must be accomplished through a loan arrangement with the current interest rate under the terms set by the office of the state treasurer at the time the system is deployed to additional agencies. If the motor vehicle account is not reimbursed for future use of the system, it is further the intent of the legislature that reductions will be made to central service agency charges accordingly. The department shall provide a report to the transportation committees of the legislature by December 31, 2019, detailing the project timeline as of July 1, 2019, an updated project timeline if necessary, expenditures made to date for the purposes of this project, and expenditures projected through the remainder of the project timeline.

(2) \$1,375,000 of the motor vehicle account—state appropriation is provided solely for the department's cost related to the one Washington project.

(3) \$21,500,000 of the motor vehicle account—state appropriation is provided solely for the activities of the information technology program in developing and maintaining information systems that support the operations and

program delivery of the department, ensuring compliance with section 701 (~~of this act~~), chapter 219, Laws of 2020, and the requirements of the office of the chief information officer under RCW 43.88.092 to evaluate and prioritize any new financial and capital systems replacement or modernization project and any other information technology project. During the 2019-2021 fiscal biennium, the department may use the distributed direct program support or other cost allocation method to fund a new capital systems replacement or modernization project. The department shall submit a decision package for implementation of a new capital systems replacement project to the governor and the transportation committees of the legislature as part of the normal budget process for the 2021-2023 biennium.

The appropriations in this section are subject to the following conditions and limitations:

(1) The legislature recognizes that the trail known as the Rocky Reach Trail, and its extensions, serve to separate motor vehicle traffic from pedestrians and bicyclists, increasing motor vehicle safety on state route number 2 and the coincident section of state route number 97. Consistent with chapter 47.30 RCW and pursuant to RCW 47.12.080, the legislature declares that transferring portions of WSDOT Inventory Control (IC) No. 2-09-04686 containing the trail and associated buffer areas to the Washington state parks and recreation commission is consistent with the public interest. The legislature directs the department to transfer the property to the Washington state parks and recreation commission.

(a) The department must be paid fair market value for any portions of the transferred real property that is later abandoned, vacated, or ceases to be publicly maintained for trail purposes.

(b) Prior to completing the transfer in this subsection (1), the department must ensure that provisions are made to accommodate private and public utilities and any facilities that predate the department's acquisition of the property, at no cost to those entities. Prior to completing the transfer, the department shall also ensure that provisions, by fair market assessment, are made to accommodate other private and public utilities and any facilities that have been legally allowed by permit or other instrument.

(c) The department may sell any adjoining property that is not necessary to support the Rocky Reach Trail and adjacent buffer areas only after the transfer of trail-related property to the Washington state parks and recreation commission is complete. Adjoining

property owners must be given the first opportunity to acquire such property that abuts their property, and applicable boundary line or other adjustments must be made to the legal descriptions for recording purposes.

(2) With respect to Parcel 12 of the real property conveyed by the state of Washington to the city of Mercer Island under that certain quitclaim deed, dated April 19, 2000, recorded in King county under recording no. 20000425001234, the requirement in the deed that the property be used for road/street purposes only will be deemed satisfied by the department of transportation so long as commuter parking, as part of the vertical development of the property, is one of the significant uses of the property.

(3) \$1,600,000 of the motor vehicle account—state appropriation is provided solely for real estate services activities. Consistent with RCW 47.12.120 and during the 2019-2021 fiscal biennium, when initiating, extending, or renewing any rent or lease agreements with a regional transit authority, consideration of value must be equivalent to one hundred percent of economic or market rent.

(4)(a) \$100,000 of the motor vehicle account—state appropriation is provided solely for the department to:

(i) Determine the real property owned by the state of Washington and under the jurisdiction of the department in King county that is surplus property located in an area encompassing south of Dearborn Street in Seattle, south of Newcastle, west of SR 515, and north of South 216th to SR 515; and

(ii) Use any remaining funds after (a)(i) of this subsection is completed to identify additional real property across the state owned by the state of Washington and under the jurisdiction of the department that is surplus property.

(b) The department shall provide a report to the transportation committees of the legislature describing the properties it has identified as surplus property under (a) of this subsection by October 1, 2020.

(2) \$350,000 of the multimodal transportation account—state appropriation is provided solely for the department to execute a transit oriented development pilot project at Kingsgate park and ride in Kirkland intended to be completed by December 31, 2023. The purpose of the pilot project is to demonstrate how appropriate department properties may be used to provide multiple public benefits such as affordable and market rate housing, commercial development, and institutional facilities in addition to transportation purposes. To accomplish the pilot project, the department is authorized to exercise all legal and administrative powers authorized in statute that may include, but is not limited to, the transfer, lease, or sale of some or all of the property to another governmental agency, public development authority, or nonprofit developer approved by the department and partner agencies. ~~(5) \$84,000 of the multimodal transportation account state appropriation is provided solely for an interagency transfer to the department of commerce for the purpose of conducting a study as described in chapter 287, Laws of 2019 (advancing green transportation adoption) to identify opportunities to reduce barriers to electric vehicle adoption by lower income residents of the state through the use of vehicle and infrastructure financing assistance.~~

~~(6)) Building on the information and experience gained from the transit oriented development project at the Kingsgate park and ride, the department must identify a pilot park and ride with future public-private partnership development potential in Pierce county and report back to the transportation committees of the legislature by June 30, 2021, with a proposal for moving forward with a pilot project.~~

The appropriations in this section are subject to the following conditions and limitations:

(1) \$6,000,000 of the motor vehicle account—state appropriation is provided solely for low-cost enhancements. The department shall give priority to low-cost enhancement projects that improve safety or provide congestion relief. By December 15th of each odd-numbered year, the department shall provide a report to the legislature listing all low-cost enhancement projects completed in the prior fiscal biennium.

(2)(a) During the 2019-2021 fiscal biennium, the department shall continue a pilot program that expands private transportation providers' access to high occupancy vehicle lanes. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, the following vehicles must be authorized to use the reserved portion of the highway if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (iv) private employer transportation service vehicles. For purposes of this subsection, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees. Nothing in this subsection is intended to authorize the conversion of public infrastructure to private, for-profit purposes or to otherwise create an entitlement or other claim by private users to public infrastructure.

(d) The department shall expand the high occupancy vehicle lane access pilot program to private, for hire vehicles regulated under chapter 81.72 RCW that have been specially manufactured, designed, or modified for the transportation of a person who has a mobility disability and uses a wheelchair or other assistive device. Under the pilot program, when the department reserves a portion of a highway based on the number of passengers in a vehicle, wheelchair-accessible taxicabs that are clearly and identifiably marked as such on all sides of the vehicle are considered public transportation vehicles and must be authorized to use the reserved portion of the highway.

(e) Nothing in this subsection (2) is intended to exempt these vehicles from paying tolls when they do not meet the occupancy requirements established by the department for express toll lanes.

(3) When regional transit authority construction activities are visible from a state highway, the department shall allow the regional transit authority to place safe and appropriate signage informing the public of the purpose of the construction activity.

(4) The department must make signage for low-height bridges a high priority.

The reason for the geographic selection of Spokane and Whatcom counties is based on the high utilization of studded tires in these jurisdictions. The public information campaigns must primarily focus on making the consumer aware of the safety implications for other drivers, road deterioration, financial impact for taxpayers, and, secondarily, the alternatives to studded tires. The Whatcom county pilot media-based public information campaign must begin by September 1, 2020. By January 14, 2021, the department must provide the transportation committees of the legislature an update on the Spokane and Whatcom county pilot media-based public information campaigns.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$62,698,000 of the multimodal transportation account—state appropriation is provided solely for a grant program for special needs transportation provided by transit agencies and nonprofit providers of transportation. Of this amount:

(a) \$14,297,000 of the multimodal transportation account—state appropriation is provided solely for grants to nonprofit providers of special needs transportation. Grants for nonprofit providers must be based on need, including the availability of other providers of service in the area, efforts to coordinate trips among providers and riders, and the cost effectiveness of trips provided. Fuel type may not be a factor in the grant selection process.

(b) \$48,401,000 of the multimodal transportation account—state appropriation is provided solely for grants to transit agencies to transport persons with special transportation needs. To receive a grant, the transit agency must, to the greatest extent practicable, have a maintenance of effort for special needs transportation that is no less than the previous year's maintenance of effort for special needs transportation. Grants for transit agencies must be prorated based on the

amount expended for demand response service and route deviated service in calendar year 2017 as reported in the "Summary of Public Transportation - 2017" published by the department of transportation. No transit agency may receive more than thirty percent of these distributions. Fuel type may not be a factor in the grant selection process.

(2) \$32,223,000 of the rural mobility grant program account—state appropriation is provided solely for grants to aid small cities in rural areas as prescribed in RCW 47.66.100. Fuel type may not be a factor in the grant selection process.

(3) (a) \$10,539,000 of the multimodal transportation account—state appropriation is provided solely for a vanpool grant program for: (i) Public transit agencies to add vanpools or replace vans; and (ii) incentives for employers to increase employee vanpool use. The grant program for public transit agencies will cover capital costs only; operating costs for public transit agencies are not eligible for funding under this grant program. Additional employees may not be hired from the funds provided in this section for the vanpool grant program, and supplanting of transit funds currently funding vanpools is not allowed. The department shall encourage grant applicants and recipients to leverage funds other than state funds. Fuel type may not be a factor in the grant selection process.

(b) At least \$1,600,000 of the amount provided in this subsection must be used for vanpool grants in congested corridors.

(4) \$27,483,000 of the regional mobility grant program account—state appropriation is reappropriated and provided solely for the regional mobility grant projects identified in LEAP Transportation Document ((2020)) 2021-2 ALL PROJECTS as developed March ((11, 2020)) 22, 2021, Program - Public Transportation Program (V).

The department shall review all projects

receiving grant awards under this program at least semiannually to determine whether the projects are making satisfactory progress. Any project that has been awarded funds, but does not report activity on the project within one year of the grant award, must be reviewed by the department to determine whether the grant should be terminated. The department shall promptly close out grants when projects have been completed, and any remaining funds must be used only to fund projects identified in the LEAP transportation document referenced in this subsection. The department shall provide annual status reports on December 15, 2019, and December 15, 2020, to the office of financial management and the transportation committees of the legislature regarding the projects receiving the grants. It is the intent of the legislature to appropriate funds through the regional mobility grant program only for projects that will be completed on schedule. A grantee may not receive more than twenty-five percent of the amount appropriated in this subsection. Additionally, when allocating funding for the 2021-2023 biennium, no more than thirty percent of the total grant program may directly benefit or support one grantee. The department shall not approve any increases or changes to the scope of a project for the purpose of a grantee expending remaining funds on an awarded grant. Fuel type may not be a factor in the grant selection process.

(b) In order to be eligible to receive a grant under (a) of this subsection during the 2019-2021 fiscal biennium, a transit agency must establish a process for private transportation providers to apply for the use of park and ride facilities. For purposes of this subsection, (i) "private transportation provider" means: An auto transportation company regulated under chapter 81.68 RCW; a passenger charter carrier regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; a private nonprofit transportation provider regulated under chapter 81.66 RCW; or a private employer transportation service provider; and (ii) "private employer transportation service" means regularly scheduled, fixed-route transportation service that is offered by an employer for the benefit of its employees.

(7) \$7,670,000 of the multimodal transportation account—state appropriation and \$784,000 of the state vehicle parking account—state appropriation are provided solely for CTR grants and activities. Fuel type may not be a factor in the grant selection process. Of this amount:

(a) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for the department to continue a pilot transit pass incentive program. Businesses and nonprofit organizations located in a county adjacent to Puget Sound with a population of more than seven hundred thousand that have never offered transit subsidies to employees are eligible to apply to the program for a fifty percent rebate on the cost of employee transit subsidies provided through the regional ORCA fare collection system. No single business or nonprofit organization may receive more than ten thousand dollars from the program.

(i) Businesses and nonprofit organizations may apply and be awarded funds prior to purchasing a transit subsidy, but the department may not provide reimbursement until proof of purchase or a contract has been provided to the department.

(ii) The department shall update the transportation committees of the legislature on the impact of the program by January 31, 2020, and may adopt rules to administer the program.

(b) \$30,000 of the state vehicle parking account—state appropriation is provided solely for the STAR pass program for state employees residing in Mason and Grays Harbor Counties. Use of the pass is for public transportation between Mason County and Thurston County, and Grays Harbor and Thurston County. The pass may also be used within Grays Harbor County. The STAR pass commute trip reduction program is open to any state employee who expresses intent to commute to his or her assigned state worksite using a public transit system currently participating in the STAR pass program.

(c) \$1,000,000 of the multimodal transportation account—state appropriation is provided solely for a

first mile/last mile connections grant program. Eligible grant recipients include cities, businesses, nonprofits, and transportation network companies with first mile/last mile solution proposals. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(c) To the extent practicable, the department shall use the flexibility and authority granted in this section to minimize the amount of reappropriations needed each biennium.

~~((17))~~ (16) The appropriations in this section include savings due to anticipated project underruns; however, it is unknown which projects will provide savings. The legislature intends to provide sufficient flexibility for the department to manage to this savings target. To provide this flexibility, the office of financial management may authorize, through an allotment modification, reductions in the appropriated amounts that are provided solely for a particular purpose within this section subject to the following conditions and limitations:

(a) No allotment modifications may be made to amounts provided solely for the special needs transportation grant program;

(b) The department must confirm that any modification requested under this subsection of amounts provided solely for a specific purpose are not expected to be used for that purpose in this biennium;

The study must assess potential new routes, identify future terminal locations, and provide recommendations to accelerate the electrification of the ferry fleet. The study must identify future passenger only demand throughout Western Washington, analyze potential routes and terminal locations on Puget Sound, Lake Washington, and Lake Union with an emphasis on preserving waterfront opportunities in public ownership and opportunities for partnership. The study must determine whether and when the passenger ferry service achieves a net reduction in carbon emissions including an analysis of the emissions of modes that passengers would otherwise have used. The study must estimate capital and operating costs for routes and terminals. The study must include early and continuous outreach with all interested stakeholders and a report to the legislature and all interested parties by January 31, 2021.

(2) \$1,142,000 of the motor vehicle account—state appropriation is provided solely for the department, from amounts set aside out of statewide fuel taxes distributed to counties according to RCW 46.68.120(3), to contract with the Washington state association of counties to:

(a) In coordination with stakeholders, identify county-owned fish passage barriers, with priority given to barriers that share the same stream system as state-owned fish passage barriers. The study must identify, map, and provide a preliminary assessment of county-owned barriers that need correction, and provide, where possible, preliminary costs estimates for each barrier correction. The study must provide recommendations on:

(i) How to prioritize county-owned barriers within the same stream system of state-owned barriers in the current six-year construction plan to maximize state investment; and

(ii) How future state six-year construction plans should incorporate county-owned barriers;

(b) Update the local agency guidelines manual, including exploring alternatives within the local agency guidelines manual on county priorities;

(c) Study the current state of county transportation funding, identify emerging issues, and identify potential future alternative transportation fuel funding sources to meet current and future needs.

(3) The entire multiuse roadway safety account—state appropriation is provided solely for grants under RCW 46.09.540, subject to the following limitations:

(a) Twenty-five percent of the amounts provided are reserved for counties that each have a population of fifteen thousand persons or less;

(b)(i) Seventy-five percent of the amounts provided are reserved for counties that each have a population exceeding fifteen thousand persons; and

(ii) No county that receives a grant or grants under (b) of this subsection may receive more than sixty thousand dollars in total grants.

(4) \$260,000 of the motor vehicle account—state appropriation is provided solely for the Wahkiakum county ferry operating deficit.

The appropriations in this section are subject to the following conditions and limitations:

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ~~((2020))~~ 2021-1 as developed March ~~((11, 2020))~~ 22, 2021, Program - Highway Improvements Program (I). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 ~~((of this act))~~, chapter 219, Laws of 2020.

(2) Except as provided otherwise in this section, the entire motor vehicle account—state appropriation and motor vehicle account—federal appropriation are provided solely for the projects and activities listed in LEAP Transportation Document ~~((2020))~~ 2021-2 ALL PROJECTS as developed March ~~((11, 2020))~~ 22, 2021, Program - Highway Improvements Program (I). Any federal funds gained through efficiencies, adjustments to the federal funds forecast, additional congressional action not related to a specific project or purpose, or the federal funds redistribution process must then be applied to highway and bridge preservation activities or fish passage barrier corrections (OBI4001).

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between

programs I and P, except for funds that are otherwise restricted in this act. Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised. The department shall submit a report on fiscal year funds transferred in the prior fiscal year using this subsection as part of the department's annual budget submittal.

(4) The connecting Washington account—state appropriation includes up to ~~((1,835,325,000))~~ \$1,085,325,000 in proceeds from the sale of bonds authorized in RCW 47.10.889.

(5) The special category C account—state appropriation includes up to ~~((24,910,000))~~ \$19,123,000 in proceeds from the sale of bonds authorized in RCW 47.10.812.

(6) The transportation partnership account—state appropriation includes up to ~~((162,658,000))~~ \$175,140,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(7) The Alaskan Way viaduct replacement project account—state appropriation includes up to \$77,956,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(8) ~~((169,757,000))~~ \$162,005,000 of the transportation partnership account—state appropriation, ~~((19,790,000))~~ \$17,898,000 of the motor vehicle account—private/local appropriation, \$3,384,000 of the transportation 2003 account (nickel account)—state appropriation, \$77,956,000 of the Alaskan Way viaduct replacement project account—state appropriation, and ~~((1,838,000))~~ \$854,000 of the multimodal transportation account—state appropriation are provided solely for the SR 99/Alaskan Way Viaduct Replacement project (809936Z). It is the intent of the legislature that the \$25,000,000 increase in funding provided in the 2021-2023 fiscal biennium be covered by any legal damages paid to the state as a result of a lawsuit related to contractual provisions for construction and delivery of the Alaskan Way viaduct replacement project. The legislature intends that the \$25,000,000 of the transportation partnership account—state funds be repaid when those damages are recovered.

(9) \$3,000,000 of the multimodal transportation account—state appropriation is provided solely for transit mitigation for the SR 99/Viaduct Project - Construction Mitigation project (809940B).

(10) (~~(\$169,655,000)~~) \$148,097,000 of the connecting Washington account—state appropriation, \$1,052,000 of the special category C account—state appropriation, and (~~(\$738,000)~~) \$1,338,000 of the motor vehicle account—private/local appropriation are provided solely for the US 395 North Spokane Corridor project (M00800R).

(11) (~~(\$82,991,000)~~) \$29,187,000 of the Interstate 405 and state route number 167 express toll lanes account—state appropriation is provided solely for the I-405/SR 522 to I-5 Capacity Improvements project (L2000234) for activities related to adding capacity on Interstate 405 between state route number 522 and Interstate 5, with the goals of increasing vehicle throughput and aligning project completion with the implementation of bus rapid transit in the vicinity of the project.

(12) (a) (~~(\$422,099,000)~~) \$356,007,000 of the connecting Washington account—state appropriation and (~~(\$456,000)~~) \$400,000 of the motor vehicle account—private/local appropriation are provided solely for the SR 520 Seattle Corridor Improvements - West End project (M00400R).

(b) Recognizing that the department of transportation requires full possession of parcel number 1-23190 to complete the Montlake Phase of the West End project, the department is directed to:

(i) Work with the operator of the Montlake boulevard market located on parcel number 1-23190 to negotiate a lease allowing continued operations up to January 1, 2020. After that time, the department shall identify an area in the vicinity of the Montlake property for a temporary market or other food service to be provided during the period of project construction. Should the current operator elect not to participate in providing that temporary service, the department shall then develop an outreach plan with the city to solicit community input on the food services provided, and then advertise the opportunity to other potential vendors. Further, the department shall work with the city of

Seattle and existing permit processes to facilitate vendor access to and use of the area in the vicinity of the Montlake property.

(ii) Upon completion of the Montlake Phase of the West End project (current anticipated contract completion of 2023), WSDOT shall sell that portion of the property not used for permanent transportation improvements and initiate a process to convey that surplus property to a subsequent owner.

(c) \$60,000 of the motor vehicle account—state appropriation is provided solely for grants to nonprofit organizations located in a city with a population exceeding six hundred thousand persons and that empower artists through equitable access to vital expertise, opportunities, and business services. Funds may be used only for the purpose of preserving, commemorating, and sharing the history of the city of Seattle's freeway protests and making the history of activism around the promotion of more integrated transportation and land use planning accessible to current and future generations through the preservation of Bent 2 of the R. H. Thompson freeway ramp.

(13) It is the intent of the legislature that for the I-5 JBLM Corridor Improvements project (M00100R), the department shall actively pursue \$50,000,000 in federal funds to pay for this project to supplant state funds in the future. \$50,000,000 in connecting Washington account funding must be held in unallotted status during the 2021-2023 fiscal biennium. These funds may only be used after the department has provided notice to the office of financial management that it has exhausted all efforts to secure federal funds from the federal highway administration and the department of defense.

(14) (~~(\$310,469,000)~~) \$172,911,000 of the connecting Washington account—state appropriation (~~(is)~~), \$12,599,000 of the motor vehicle account—private/local appropriation, \$2,500,000 of the motor vehicle account—state appropriation, and \$1,500,000 of the motor vehicle account—federal appropriation are provided solely for the SR 167/SR 509 Puget Sound Gateway project (M00600R).

(a) Any savings on the project must stay on the Puget Sound Gateway corridor until the project is complete.

(b) Proceeds from the sale of any surplus real property acquired for the purpose of building the SR 167/SR 509 Puget Sound Gateway (M00600R) project must be deposited into the motor vehicle account for the purpose of constructing the project.

(c) In making budget allocations to the Puget Sound Gateway project, the department shall implement the project's construction as a single corridor investment. The department shall develop a coordinated corridor construction and implementation plan for state route number 167 and state route number 509 in collaboration with affected stakeholders. Specific funding allocations must be based on where and when specific project segments are ready for construction to move forward and investments can be best optimized for timely project completion. Emphasis must be placed on avoiding gaps in fund expenditures for either project.

(d) It is the legislature's intent that the department shall construct a full single-point urban interchange at the junction of state route number 161 (Meridian avenue) and state route number 167 and a full single-point urban interchange at the junction of state route number 509 and 188th Street. If the department receives additional funds from an outside source for this project after the base project is fully funded, the funds must first be applied toward the completion of these two full single-point urban interchanges.

(e) In designing the state route number 509/state route number 516 interchange component of the SR 167/SR 509 Puget Sound Gateway project (M00600R), the department shall make every effort to utilize the preferred "4B" design.

(f) The department shall explore the development of a multiuse trail for bicyclists, pedestrians, skateboarders, and similar users along the SR 167 right-of-way acquired for the project to connect a network of new and existing trails from Mount Rainier to Point Defiance Park.

(g) If sufficient bonding authority to complete this project is not provided within chapter 421, Laws of 2019 (addressing tolling), or within a bond authorization act referencing chapter 421, Laws of 2019 by June 30, 2019, it is the intent of the legislature to return

the Puget Sound Gateway project (M00600R) to its previously identified construction schedule by moving \$128,900,000 in connecting Washington account—state appropriation back to the 2027-2029 biennium from the 2023-2025 biennium on the list referenced in subsection (2) of this section. If sufficient bonding authority is provided, it is the intent of the legislature to advance the project to allow for earlier completion and inflationary savings.

(15) It is the intent of the legislature that, for the I-5/North Lewis County Interchange project (L2000204), the department develop and design the project with the objective of significantly improving access to the industrially zoned properties in north Lewis county. The design must consider the county's process of investigating alternatives to improve such access from Interstate 5 that began in March 2015.

(16) (~~(\$1,029,000)~~) \$1,030,000 of the transportation partnership account—state appropriation is provided solely for the U.S. 2 Trestle IJR project (L1000158).

(17) The department shall itemize all future requests for the construction of buildings on a project list and submit them through the transportation executive information system as part of the department's annual budget submittal. It is the intent of the legislature that new facility construction must be transparent and not appropriated within larger highway construction projects.

(18) Any advisory group that the department convenes during the 2019-2021 fiscal biennium must consider the interests of the entire state of Washington.

(19) The legislature finds that there are sixteen companies involved in wood preserving in the state that employ four hundred workers and have an annual payroll of fifteen million dollars. Before the department's switch to steel guardrails, ninety percent of the twenty-five hundred mile guardrail system was constructed of preserved wood and one hundred ten thousand wood guardrail posts were produced annually for state use. Moreover, the policy of using steel posts requires the state to use imported steel. Given these findings, where practicable, and until June 30, 2021, the department

shall include the design option to use wood guardrail posts, in addition to steel posts, in new guardrail installations. The selection of posts must be consistent with the agency design manual policy that existed before December 2009.

(20)(a) For connecting Washington projects that have already begun and are eligible for the authority granted in section 601 (~~(of this act)~~), chapter 219, Laws of 2020, the department shall prioritize advancing the following projects if expected reappropriations become available:

(i) SR 14/I-205 to SE 164th Ave - Auxiliary Lanes (L2000102);

(ii) SR 305 Construction - Safety Improvements (N30500R);

(iii) SR 14/Bingen Underpass (L2220062);

(iv) I-405/NE 132nd Interchange - Totem Lake (L1000110);

(v) US Hwy 2 Safety (N00200R);

(vi) US-12/Walla Walla Corridor Improvements (T20900R);

(vii) I-5 JBLM Corridor Improvements (M00100R);

(viii) I-5/Slater Road Interchange - Improvements (L1000099);

(ix) SR 510/Yelm Loop Phase 2 (T32700R); or

(x) SR 520/124th St Interchange (Design and Right of Way) (L1000098).

(b) To the extent practicable, the department shall use the flexibility and authority granted in this section and in section 601 of this act to minimize the amount of reappropriations needed each biennium.

(c) The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(21) The legislature continues to prioritize the replacement of the state's aging infrastructure and recognizes the importance of reusing and recycling construction aggregate and recycled concrete materials in our transportation system. To accomplish Washington state's sustainability goals in transportation and in accordance with RCW 70.95.805, the legislature reaffirms its determination

that recycled concrete aggregate and other transportation building materials are natural resource construction materials that are too valuable to be wasted and landfilled, and are a commodity as defined in WAC 173-350-100.

Further, the legislature determines construction aggregate and recycled concrete materials substantially meet widely recognized international, national, and local standards and specifications referenced in American society for testing and materials, American concrete institute, Washington state department of transportation, Seattle department of transportation, American public works association, federal aviation administration, and federal highway administration specifications, and are described as necessary and desirable products for recycling and reuse by state and federal agencies.

As these recyclable materials have well established markets, are substantially a primary or secondary product of necessary construction processes and production, and are managed as an item of commercial value, construction aggregate and recycled concrete materials are exempt from chapter 173-350 WAC.

(22)(a) (~~(\$17,500,000)~~) \$8,072,000 of the motor vehicle account—state appropriation (~~(is)~~) and \$7,329,000 of the motor vehicle account—private/local appropriation are provided solely for staffing of a project office to replace the Interstate 5 bridge across the Columbia river (G2000088). If at least a \$9,000,000 transfer is not authorized in section 406(29), chapter 416, Laws of 2019, then \$9,000,000 of the motor vehicle account—state appropriation lapses.

(b) (~~Of the amount provided in this subsection, \$7,780,000 of the motor vehicle account—state appropriation must be placed in unallotted status by the office of financial management until the department develops a detailed plan for the work of this project office in consultation with the chairs and ranking members of the transportation committees of the legislature. The director of the office of financial management shall consult with the chairs and ranking members of the transportation committees of the legislature prior to making a decision to allot these funds.~~)

~~(e)~~) The work of this project office includes, but is not limited to, the reevaluation of the purpose and need identified for the project previously known as the Columbia river crossing, the reevaluation of permits and development of a finance plan, the reengagement of key stakeholders and the public, and the reevaluation of scope, schedule, and budget for a reinvigorated bistate effort for replacement of the Interstate 5 Columbia river bridge. When reevaluating the finance plan for the project, the department shall assume that some costs of the new facility may be covered by tolls. The project office must also study the possible different governance structures for a bridge authority that would provide for the joint administration of the bridges over the Columbia river between Oregon and Washington. As part of this study, the project office must examine the feasibility and necessity of an interstate compact in conjunction with the national center for interstate compacts.

~~((d))~~ (c) Within the amount provided in this subsection, the department must implement chapter 137, Laws of 2019 (projects of statewide significance).

~~((e))~~ (d) The department shall have as a goal to:

(i) Reengage project stakeholders and reevaluate the purpose and need and environmental permits by July 1, 2020;

(ii) Develop a finance plan by December 1, 2020; and

(iii) Have made significant progress toward beginning the supplemental environmental impact statement process by June 30, 2021. The department shall aim to provide a progress report on these activities to the governor and the transportation committees of the legislature by December 1, 2019, and a final report to the governor and the transportation committees of the legislature by December 1, 2020.

~~(23) ((\$17,500,000 of the motor vehicle account state appropriation is provided solely to begin the pre-design phase on the I-5/Columbia River Bridge project (C2000088)).~~

~~(24))~~ (a) \$191,360,000 of the connecting Washington account—state appropriation, \$47,655,000 of the motor vehicle account—federal appropriation, \$11,179,000 of the motor vehicle

account—private/local appropriation, \$6,100,000 of the motor vehicle account—state appropriation, and \$18,706,000 of the transportation partnership account—state appropriation are provided solely for the Fish Passage Barrier Removal project (OBI4001) with the intent of fully complying with the court injunction by 2030.

(b) Of the amounts provided in this subsection, \$320,000 of the connecting Washington account—state appropriation is provided solely to remove the fish passage barrier on state route number 6 that interfaces with Boistfort Valley water utilities near milepost 46.6.

(c) The department shall coordinate with the Brian Abbott fish passage barrier removal board to use a watershed approach to maximize habitat gain by replacing both state and local culverts. The department shall deliver high habitat value fish passage barrier corrections that it has identified, guided by the following factors: Opportunity to bundle projects, ability to leverage investments by others, presence of other barriers, project readiness, other transportation projects in the area, and transportation impacts.

(d) The department must keep track of, for each barrier removed: (i) The location; (ii) the amount of fish habitat gain; and (iii) the amount spent to comply with the injunction.

(e) It is the intent of the legislature that for the amount listed for the 2021-2023 biennium for the Fish Passage Barrier Removal project (OBI4001) on the LEAP list referenced in subsection (1) of this section, that accrued practical design savings deposited in the transportation future funding program account be used to help fund the cost of fully complying with the court injunction by 2030.

~~((25))~~ (24) (a) The Washington state department of transportation is directed to pursue compliance with the *U.S. v. Washington* permanent injunction by delivering culvert corrections within the injunction area guided by the principle of providing the greatest fisheries habitat gain at the earliest time and considering the following factors: Opportunity to bundle projects, tribal priorities, ability to leverage investments by others, presence of other barriers, project readiness, culvert

condition, other transportation projects in the area, and transportation impacts.

(b) The department and Brian Abbott fish barrier removal board, while providing the opportunity for stakeholders, tribes, and government agencies to give input on a statewide culvert remediation plan, must provide updates on the development of the statewide culvert remediation plan to the capital budget, ways and means, and transportation committees of the legislature by November 1, 2020, and March 15, 2021. The first update must include a project timeline and plan to ensure that all state agencies with culvert correction programs are involved in the creation of the comprehensive plan. The department and Brian Abbott fish barrier removal board must submit the final comprehensive statewide culvert remediation plan and the process by which it will be adaptively managed over time to the governor and the legislative fiscal committees by June 30, 2021.

The connecting Washington account appropriation for the improvements that fall within the city of Liberty Lake may only be expended if the city of Liberty Lake agrees to cover any project costs within the city of Liberty Lake above the \$20,900,000 of state appropriation provided for the total project in LEAP Transportation Document ~~((2020))~~ 2021-1 as developed March ~~((11, 2020))~~ 22, 2021, Program - Highway Improvements (I).

(1) Except as provided otherwise in this section, the entire connecting Washington account—state appropriation and the entire transportation partnership account—state appropriation are provided solely for the projects and activities as listed by fund, project, and amount in LEAP Transportation Document ((2020)) 2021-1 as developed March ((11, 2020)) 22, 2021, Program - Highway Preservation Program (P). However, limited transfers of specific line-item project appropriations may occur between projects for those amounts listed subject to the conditions and limitations in section 601 ((of this act)), chapter 219, Laws of 2020.

(3) Within the motor vehicle account—state appropriation and motor vehicle account—federal appropriation, the department may transfer funds between programs I and P, except for funds that are otherwise restricted in this act. Ten days prior to any transfer, the department must submit its request to the office of financial management and the transportation committees of the legislature and consider any concerns raised. The department shall also provide quarterly reports to the technology services board on project progress.

(5) ((~~\$4,000,000~~)) \$5,000,000 of the motor vehicle account—state appropriation is provided solely for extraordinary costs incurred from litigation awards, settlements, or dispute mitigation activities not eligible for funding from the self-insurance fund. The office of financial management may release the funds only when it determines that all other funds designated for litigation awards, settlements, and dispute mitigation activities have been exhausted. No funds provided in this subsection may be expended on any legal fees related to the SR 99/Alaskan Way viaduct replacement project (809936Z).

(6) The appropriation in this section includes funding for starting planning, engineering, and construction of the Elwha River bridge replacement. To the greatest extent practicable, the department shall maintain public access on the existing route.

(7) \$21,289,000 of the motor vehicle account—federal appropriation and \$840,000 of the motor vehicle account—state appropriation are provided solely for the preservation of structurally deficient bridges or bridges that are at risk of becoming structurally deficient (L1000068). These funds must be used widely around the state of Washington. When practicable, the department shall pursue design-build contracts for these bridge projects to expedite delivery. (8) The department must consult with the Washington state patrol and the office of financial management during the design phase of any improvement or preservation project that could impact Washington state patrol weigh station operations. During the design phase of any such project, the department must estimate the cost of designing around the affected weigh station's current operations, as well as the cost of moving the affected weigh station.

(5) (~~(\$2,300,000)~~) \$2,224,000 of the Puget Sound capital construction account—state appropriation is provided solely for the ORCA acceptance project (L2000300). The ferry system shall work with Washington technology solutions and the tolling division on the development of a new, interoperable ticketing system.

(6) \$495,000 of the Puget Sound capital construction account—state appropriation is provided solely for an electric ferry planning team (G2000087) to develop ten-year and twenty-year implementation plans to efficiently deploy hybrid-electric vessels, including a cost-benefit analysis of construction and operation of hybrid-electric vessels with and without charging infrastructure. The plan includes, but is not limited to, vessel technology and feasibility, vessel and terminal deployment schedules, project financing, and workforce requirements.

The plan shall be submitted to the office of financial management and the transportation committees of the legislature by June 30, 2020.

(7) (~~(\$35,000,000)~~) \$10,776,000 of the Puget Sound capital construction account—state appropriation and \$8,000,000 of the Puget Sound capital construction account—federal appropriation are provided solely for the conversion of up to two Jumbo Mark II vessels to electric hybrid propulsion (G2000084). The department shall seek additional funds for the purposes of this subsection. The department may spend from the Puget Sound capital construction account—state appropriation in this section only as much as the department receives in Volkswagen settlement funds for the purposes of this subsection.

(8) \$400,000 of the Puget Sound capital construction account—state appropriation is provided solely for a request for proposals for a new maintenance management system (project L2000301) and is subject to the conditions, limitations, and review provided in section 701 (~~(of this act)~~), chapter 219, Laws of 2020.

(9) (~~(\$96,030,000)~~) \$35,547,000 of the capital vessel replacement account—state appropriation is provided solely for the acquisition of a 144-car hybrid-electric vessel. The vendor must present to the joint transportation committee and the office of financial management, by September 15, 2019, a list of options that will result in significant cost savings changes in terms of construction or the long-term maintenance and operations of the vessel. The vendor must allow for exercising the options without a penalty. It is the intent of the legislature to provide an additional \$88,000,000 in funding in the 2021-23 biennium. The reduction provided in this subsection is an assumed underrun pursuant to subsection (11) of this section. The commencement of construction of new vessels for the ferry system is important not only for safety reasons, but also to keep skilled marine construction jobs in the Puget Sound region and to sustain the capacity of the region to meet the ongoing construction and preservation needs of the ferry system fleet of vessels. The legislature has determined that the current vessel procurement process must move forward with all due speed, balancing the interests of both the taxpayers and

shipyards. To accomplish construction of vessels in accordance with RCW 47.60.810, the prevailing shipbuilder, for vessels initially funded after July 1, 2020, is encouraged to follow the historical practice of subcontracting the construction of ferry superstructures to a separate nonaffiliated contractor located within the Puget Sound region, that is qualified in accordance with RCW 47.60.690.

(10) The capital vessel replacement account—state appropriation includes up to ~~((\$96,030,000))~~ \$35,547,000 in proceeds from the sale of bonds authorized in RCW 47.10.873.

(c) Allotment modifications authorized under this subsection apply only to amounts appropriated in this section from the following accounts: Puget Sound capital construction account—state, transportation partnership account—state, and capital vessel replacement account—state; and

(d) By December 1, 2020, the department must submit a report to the transportation committees of the legislature regarding the actions taken under this subsection.

(2) ~~((\$7,136,000))~~ \$7,047,000 of the transportation infrastructure account—state appropriation is provided solely for new low-interest loans approved by the department through the freight rail investment bank (FRIB) program. The department shall issue FRIB program loans with a repayment period of no more than ten years, and charge only so much interest as is necessary to recoup the department's costs to administer the loans. The department shall report annually to the transportation committees of the legislature and the

office of financial management on all FRIB loans issued.

(3) \$7,782,000 of the multimodal transportation account—state appropriation, \$51,000 of the transportation infrastructure account—state appropriation, and \$135,000 of the essential rail assistance account—state appropriation are provided solely for new statewide emergent freight rail assistance projects identified in the LEAP transportation document referenced in subsection (1) of this section.

(4) \$367,000 of the transportation infrastructure account—state appropriation and \$1,100,000 of the multimodal transportation account—state appropriation are provided solely to reimburse Highline Grain, LLC for approved work completed on Palouse River and Coulee City (PCC) railroad track in Spokane county between the BNSF Railway Interchange at Cheney and Geiger Junction and must be administered in a manner consistent with freight rail assistance program projects. The value of the public benefit of this project is expected to meet or exceed the cost of this project in: Shipper savings on transportation costs; jobs saved in rail-dependent industries; and/or reduced future costs to repair wear and tear on state and local highways due to fewer annual truck trips (reduced vehicle miles traveled). The amounts provided in this subsection are not a commitment for future legislatures, but it is the legislature's intent that future legislatures will work to approve biennial appropriations until the full \$7,337,000 cost of this project is reimbursed.

(5) (a) \$716,000 of the essential rail assistance account—state appropriation and \$82,000 of the multimodal transportation account—state appropriation are provided solely for the purpose of the rehabilitation and maintenance of the Palouse river and Coulee City railroad line (F01111B).

(b) Expenditures from the essential rail assistance account—state in this subsection may not exceed the combined total of:

(i) Revenues and transfers deposited into the essential rail assistance account from leases and sale of property relating to the Palouse river and Coulee City railroad;

(ii) Revenues from trackage rights agreement fees paid by shippers; and

(iii) Revenues and transfers transferred from the miscellaneous program account to the essential rail assistance account, pursuant to RCW 47.76.360, for the purpose of sustaining the grain train program by maintaining the Palouse river and Coulee City railroad.

(6) The department shall issue a call for projects for the freight rail assistance program, and shall evaluate the applications in a manner consistent with past practices as specified in section 309, chapter 367, Laws of 2011. By November 15, 2020, the department shall submit a prioritized list of recommended projects to the office of financial management and the transportation committees of the legislature.

(7) (~~(\$10,000,000)~~) \$4,031,000 of the multimodal transportation account—state appropriation is provided solely as expenditure authority for any insurance proceeds received by the state for Passenger Rail Equipment Replacement (project 700010C.) The department must use this expenditure authority only to purchase replacement equipment that has been competitively procured and for service recovery needs and corrective actions related to the December 2017 derailment.

(8) \$898,000 of the multimodal transportation account—federal appropriation and \$8,000 of the multimodal transportation account—state appropriation are provided solely for the Ridgefield Rail Overpass (project 725910A). Total costs for this project may not exceed \$909,000 across fiscal biennia.

(9) (a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project in this section with an appropriation that cannot be used for the current fiscal biennium to advance the South Kelso Railroad Crossing project (L1000147).

(b) At least ten business days before advancing the project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of the project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(c) To the extent practicable, the department shall use the flexibility and authority granted in this section to minimize the amount of reappropriations needed each biennium.

The department may consider the special situations facing high-need areas, as defined by schools or project areas in which the percentage of the children eligible to receive free and reduced-price meals under the national school lunch program is equal to, or greater than, the state average as determined by the department, when evaluating project proposals against established funding criteria while ensuring continued compliance with federal eligibility requirements.

(3) The department shall submit a report to the transportation committees of the legislature by December 1, 2019, and December 1, 2020, on the status of projects funded as part of the pedestrian safety/safe routes to school grant program. (6) (a) For projects funded as part of the 2015 connecting Washington transportation package listed on the LEAP transportation document identified in subsection (1) of this section, if the department expects to have substantial reappropriations for the 2021-2023 fiscal biennium, the department may, on a pilot basis, apply funding from a project in this section with an

appropriation that cannot be used for the current fiscal biennium to advance one or more of the following projects:

(i) I-5/Port of Tacoma Road Interchange (L1000087);

(ii) SR 99 Revitalization in Edmonds (NEDMOND); or

(iii) SR 523 145th Street (L1000148);

(b) At least ten business days before advancing a project pursuant to this subsection, the department must notify the office of financial management and the transportation committees of the legislature. The advancement of a project may not hinder the delivery of the projects for which the reappropriations are necessary for the 2021-2023 fiscal biennium.

(c) To the extent practicable, the department shall use the flexibility and authority granted in this section to minimize the amount of reappropriations needed each biennium.

The recommendations must include, but are not limited to, defining the committee's purpose and goals, roles and responsibilities, reporting structure, and proposed activities. Stakeholders must include representation from, but not limited to, the trucking industry, the maritime industry, the rail industry, cities, tribal governments, counties, ports, and representatives from key industrial associations important to the state's economic vitality and other relevant public and private interests. In developing the recommendation, the stakeholder group must review practices used by other states. The proposed committee must conform with requirements

of the fixing America's surface transportation act and other relevant federal legislation. The recommendations must include how the committee can address improving freight mobility including, but not limited to, addressing insufficient truck parking in Washington state, examining the link between preservation investments and freight mobility, and enhancing freight logistics through the application of technology. The stakeholder group shall make recommendations to the governor and the transportation committees of the legislature by December 1, 2020.

On page 12, after line 29 of the striking amendment, insert the following:

"(3)(a) The transportation budget is currently reliant on vehicle and driver related fees. Motor vehicle registrations, driver licenses, tolls, and the motor vehicle fuel tax provide the primary revenues for the transportation budget. These user revenues no longer adequately support the transportation system's needs. Many of the transportation modes have no or little ability to generate revenue, yet are important elements of a functioning transportation network. Providing transportation options that do not involve passenger vehicles is critical. The tax burden in the transportation

budget falls on people that own and drive vehicles. It fails to provide the money needed for the system quality that the people of Washington want.

(b) Therefore, the commission is directed to evaluate, identify, and consider agencies, programs, and activities that are currently funded in the transportation budget that provide a public good that might be paid for using other revenues. The commission is directed to make recommendations for potential changes to funding sources for the transportation system with the goal of providing funding to maintain existing transportation assets in a state of good repair without exclusively relying on vehicle owners or drivers as the revenue source. Preliminary findings must be presented to the Joint Transportation Committee by September 30, 2022, and a final report issued to the appropriate committees of the legislature by December 1, 2022."

POINT OF ORDER

Representative Stonier requested a scope and object ruling on amendment (493).

SPEAKER'S RULING

"The bill before us is the omnibus transportation budget for the 2021-23 biennium.

The amendment changes the amount of statutorily established individual vehicle registration fees that may be collected during the biennium.

There is frequently a relationship between fee revenue and the amount of funding that a budget must provide to operate a regulatory program. Here, however, the legislature has established a comprehensive fee structure in statute that establishes fees at specific dollar amounts for vehicle registrations. A wholesale suspension of that statutory scheme, even for the biennium, is outside the scope and object of a budget bill.

The Speaker therefore finds and rules that the amendment is outside the scope and object of the bill.

The point of order is well taken."

Striking amendment (488) as amended, was adopted.

There being no objection, the rules were suspended, the second reading considered the third and the bill, as amended by the House, was placed on final passage.

NEW SECTION. Sec. 4. PRODUCER REPORTING REQUIREMENTS. (1)(a) Except as provided in (b) and (c) of this subsection, beginning April 1, 2024, each

producer of covered products, individually or through a third party representing a group of producers, must provide an annual report to the department that includes the amount in pounds of virgin plastic and the amount in pounds of postconsumer recycled content by resin type used for each category of covered products that are sold, offered for sale, or distributed in or into Washington state, including the total postconsumer recycled content resins as a percentage of total weight. The report must be submitted in a format and manner prescribed by the department. A manufacturer may submit national data allocated on a per capita basis for Washington to approximate the information required in this subsection if the producer or third-party representative demonstrates to the department that state level data are not available or feasible to generate.

The director of the department must give consideration to the request and if this action is not detrimental to the public interest and is otherwise in accordance with the policies and purposes of chapter 43.21A RCW, the director must grant the request for the information to remain confidential as authorized in RCW 43.21A.160.

NEW SECTION. Sec. 5. PENALTIES FOR POSTCONSUMER RECYCLED CONTENT REQUIREMENTS. (1)(a) A producer that does not meet the minimum postconsumer recycled content requirements pursuant to section 3 of this act is subject to a penalty pursuant to this section.

Beginning June 1st of the year following the first year that minimum postconsumer recycled product content requirements apply to a category of covered product, the penalty must be calculated consistent with subsection (2) of this section unless a penalty reduction or corrective action plan has been approved pursuant to subsection (3) of this section.

(b) A producer that is assessed a penalty pursuant to this section may pay the penalty to the department in one payment, in quarterly installments, or arrange an alternative payment schedule subject to the approval of the department, not to exceed a 12-month payment schedule unless the department determines an extension is needed due to unforeseen circumstances, such as a public health emergency, state of emergency, or natural disaster.

(2) Beginning June 1st of the year following the first year that minimum postconsumer recycled product content requirements apply to a category of covered product, and annually thereafter, the department shall determine the penalty for the previous calendar year based on the postconsumer recycled content requirement of the previous calendar year. The department shall calculate the amount of the penalty based upon the amounts in pounds in the aggregate of virgin plastic, postconsumer recycled content plastic, and any other plastic per category used by the producer to produce covered products sold or offered for sale in or into Washington state, in accordance with the following:

(a)(i) The annual penalty amount assessed to a producer must equal the product of both of the following: The total pounds of plastic used per category multiplied by the relevant minimum postconsumer recycled plastic target percentage, less the pounds of total plastic multiplied by the percent of postconsumer recycled plastic used; multiplied by 20 cents.

(ii) Example: [(Total pounds of plastic used x minimum postconsumer recycled plastic target percentage) - (Total pounds of plastic used x postconsumer recycled plastic percentage used)] x 20 cents.

(b) For the purposes of (a) of this subsection, both of the following apply:

(i) The total pounds of plastic used must equal the sum of the amount of

virgin plastic, postconsumer recycled content plastic, and any other plastic used by the producer, as reported pursuant to section 4 of this act.

(ii) If the product calculated pursuant to (a) of this subsection is equal to or less than zero, the department may not assess a penalty.

The request for qualifications documents shall include:

(a) A description of the project including the estimated design-build contract value and the intended use of the project;

(b) The reasons for using the design-build procedure;

(c) A description of the qualifications to be required of the proposer;

(h) The schedule for the procurement process and the project; and

(i) Other information relevant to the project.

(2) The public body shall establish an evaluation committee to evaluate the responses to the request for qualifications based solely on the factors, weighting, and process identified in the request for qualifications and any addenda issued by the public body. The public body may, in its sole discretion, reject all proposals and shall provide its reasons for rejection in writing to all proposers.

Public bodies may request best and final proposals from finalists. The public body may initiate negotiations with the finalist submitting the highest scored proposal. If the public body is unable to execute a contract with the finalist submitting the highest scored proposal, negotiations with that finalist may be suspended or terminated and the public body may proceed to negotiate with the next highest scored finalist. Public bodies shall continue in accordance with this procedure until a contract agreement is reached or the selection process is terminated.

(3) If the construction is completed for less than the maximum allowable construction cost, any savings not otherwise negotiated as part of an incentive clause shall accrue to the public body. If the construction is completed for more than the maximum allowable construction cost, the additional cost is the responsibility of the general contractor/construction manager.

(4) If the public body and the general contractor/construction manager agree, in writing, on a price for additional work, the public body must issue a change order within ~~((thirty))~~ 30 days of the written agreement. ~~((i) Indicate the minimum percentage of the cost of the work to construct the project that will constitute the negotiated self perform portion of the project;~~

~~(ii) Indicate whether the public body will allow the price to be paid for the negotiated self-perform portion of the project to be deemed a cost of the work to which the general contractor/construction manager's percent fee applies; and~~

~~(iii) Require proposals to indicate the proposer's fee for the negotiated self-perform portion of the project);~~

(c) A description of the qualifications to be required of the firm, including submission of the firm's accident prevention program;

(d) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors, the relative weight of factors, and protest procedures including time limits for filing a protest, which in no event may limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision;

(e) The form of the contract, including any contract for preconstruction services, to be awarded;

(f) The estimated maximum allowable construction cost; and

~~((b) An agency may also consider the firm's outreach plan to include small business entities and disadvantaged business enterprises, and the firm's past performance in the utilization of such firms as an evaluation factor.))~~

(4) A public body shall establish a committee to evaluate the proposals. After the committee has selected the most qualified finalists, at the time specified by the public body, these finalists shall submit final proposals, ~~((including))~~ which must include sealed bids for the percent fee on the estimated maximum allowable construction cost and ((the fixed amount for the general conditions work specified)) which may include other price-related factors identified in the request for proposal. In no event shall a price-related factor include a request for overall project budget, estimate, or bid. The public body shall establish a time and place for the opening of sealed bids ~~((for the percent fee on the estimated maximum allowable construction cost and the fixed amount for the general conditions work specified in the request for proposal)).~~ At the time and place named, these bids must be publicly opened and read and the public body shall make all previous scoring available to the public. (2) Major bid packages may be bid in accordance with RCW 39.10.380 before agreement on the maximum allowable construction cost between the public body and the selected general contractor/construction manager. The general contractor/construction manager may issue an intent to award to the responsible bidder submitting the lowest responsive bid.

(3) The public body may, at its option, authorize the general contractor/construction manager to proceed with the bidding and award of bid packages and construction before receipt of complete project plans and specifications. Any contracts awarded under this subsection shall be incorporated in the negotiated maximum allowable construction cost.

(4) The total contract cost includes the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable construction cost, the negotiated support services, and the percent fee on the negotiated maximum allowable construction cost. ~~((Negotiated support services may be included in the specified general conditions at the discretion of the public body.))~~ Unless portions or all are converted to lump sum, negotiated support services shall be treated as a

contractual allowance, subject to reconciliation at the conclusion of work.

(5) If the public body is unable to negotiate a satisfactory maximum allowable construction cost with the firm selected that the public body determines to be fair, reasonable, and within the available funds, negotiations with that firm shall be formally terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated.

(6) If the maximum allowable construction cost varies more than ~~((fifteen))~~ 15 percent from the bid estimated maximum allowable construction cost due to requested and approved changes in the scope by the public body, the percent fee shall be renegotiated.

~~((7) As part of the negotiation of the maximum allowable construction cost under subsection (1) of this section, on a project that the public body has elected to procure as a heavy civil construction project:~~

~~(a) The general contractor/construction manager shall submit a proposed construction management and contracting plan, which must include, at a minimum:~~

~~(i) The scope of work and cost estimates for each bid package;~~

~~(ii) A proposed price and scope of work for the negotiated self-perform portion of the project;~~

~~(iii) The bases used by the general contractor/construction manager to develop all cost estimates, including the negotiated self-perform portion of the project; and~~

~~(iv) The general contractor/construction manager's updated outreach plan to include small business entities, disadvantaged business entities, and any other disadvantaged or underutilized businesses as the public body may designate in the public solicitation of proposals, as subcontractors and suppliers for the project;~~

~~(b) The public body and general contractor/construction manager may negotiate the scopes of work to be procured by bid and the price and scope of work for the negotiated self-perform portion of the project, if any;~~

~~(c) The negotiated self-perform portion of the project must not exceed fifty percent of the cost of the work to construct the project;~~

~~(d) Subject to the limitation of RCW 39.10.390(4), the public body may additionally negotiate with the general contractor/construction manager to determine on which scopes of work the general contractor/construction manager will be permitted to bid, if any;~~

~~(e) The public body and general contractor/construction manager shall negotiate, to the public body's satisfaction, a fair and reasonable outreach plan;~~

~~(f) If the public body is unable to negotiate to its reasonable satisfaction a component of this subsection (7), negotiations with the firm must be terminated and the public body shall negotiate with the next highest scored firm and continue until an agreement is reached or the process is terminated.)~~

At a minimum, the general contractor/construction manager shall publish at least once in a legal newspaper of general circulation published in, or as near as possible to, that part of the county in which the subcontract work will be performed, a notice of its request for bid, and the availability and location of the bid documents. The general contractor/construction manager is encouraged to post the subcontract opportunity in additional areas beyond the legal newspaper as required by this subsection, such as websites for business associations, the office of minority and women's business enterprises, and other locations and mediums that will further publicize the opportunity for qualified subcontractors. Subcontract bid packages and equipment and materials purchases shall be awarded to the responsible bidder submitting the lowest responsive bid. In preparing subcontract bid packages, the general contractor/construction manager shall not be required to violate or waive terms of a collective bargaining agreement. Individual bid packages are to be

prepared with trades separated in the manner consistent with industry practice to maximize participation and competition across all trades. Bundling of trades not normally combined into one bid package is not allowed without justification and specific approval by the public body. Bid packages must be prepared to reduce barriers for and increase participation by disadvantaged business enterprises.

(2) All subcontract bid packages in which bidder eligibility was not determined in advance shall include the specific objective criteria that will be used by the general contractor/construction manager and the public body to evaluate bidder responsibility. If the lowest bidder submitting a responsive bid is determined by the general contractor/construction manager and the public body not to be responsible, the general contractor/construction manager and the public body must provide written documentation to that bidder explaining their intent to reject the bidder as not responsible and afford the bidder the opportunity to establish that it is a responsible bidder. Responsibility shall be determined in accordance with criteria listed in the bid documents. Protests concerning bidder responsibility determination by the general contractor/construction manager and the public body shall be in accordance with subsection (4) of this section.

(3) All subcontractors who bid work over ((three hundred thousand dollars)) \$300,000 shall post a bid bond. All subcontractors who are awarded a contract over ((three hundred thousand dollars)) \$300,000 shall provide a performance and payment bond for the contract amount. All other subcontractors shall provide a performance and payment bond if required by the general contractor/construction manager.

(4) If the general contractor/construction manager receives a written protest from a subcontractor bidder or an equipment or material supplier, the general contractor/construction manager shall not execute a contract for the subcontract bid package or equipment or material purchase order with anyone other than the protesting bidder without first providing at least two full business days' written notice to all bidders of the intent to execute a contract for the

subcontract bid package. The protesting bidder must submit written notice of its protest no later than two full business days following the bid opening. Intermediate Saturdays, Sundays, and legal holidays are not counted.

(5) A low bidder who claims error and fails to enter into a contract is prohibited from bidding on the same project if a second or subsequent call for bids is made for the project.

(6) The general contractor/construction manager may negotiate with the lowest responsible and responsive bidder to negotiate an adjustment to the lowest bid or proposal price to reduce cost based upon agreed changes to the contract plans and specifications under the following conditions:

(a) All responsive bids or proposal prices exceed the ~~((available funds))~~ published bid package estimates; and

(b) The apparent low responsive bid or proposal does not exceed the ~~((available funds by the greater of one hundred twenty five thousand dollars or two percent for projects valued over ten million dollars; and~~

~~(c) The negotiated adjustment will bring the bid or proposal price within the amount of available funds))~~ published bid package estimates by more than 10 percent.

(7) If the negotiation is unsuccessful, the subcontract work or equipment or material purchases must be rebid.

(8) The general contractor/construction manager must provide a written explanation to the public body if all bids are rejected.

Sec. 12. RCW 39.10.385 and 2013 c 222 s 15 are each amended to read as follows:

The selection process in this section may be used by public bodies certified under RCW 39.10.270. It may also be used by noncertified public bodies if this selection process has been approved for the project by the project review committee. As an alternative to the subcontractor selection process outlined in RCW 39.10.380, a general contractor/construction manager may, with the approval of the public body, select ~~((mechanical subcontractors, electrical))~~ one or more subcontractors~~((or both))~~ using the

process outlined in this section. This alternative selection process may only be used when the anticipated value of the subcontract will exceed three million dollars. When using the alternative selection process, the general contractor/construction manager should select the subcontractor early in the life of the public works project.

(1) In order to use this alternative selection process, the general contractor/construction manager and the public body must determine that it is in the best interest of the public. In making this determination the general contractor/construction manager and the public body must:

(a) Publish a notice of intent to use this alternative selection process in ~~((a))~~ the same legal newspaper where the public solicitation of proposals is published ~~((in or as near as possible to that part of the county where the public work will be constructed))~~. The general contractor/construction manager and public body are encouraged to post the notice in additional areas beyond the legal newspaper as required under this subsection, such as websites for business associations, the office of minority and women's business enterprises, and other locations and mediums that will further publicize the intent to use this alternative selection process. Notice must be published at least fourteen calendar days before conducting a public hearing. The notice must include the date, time, and location of the hearing; a statement justifying the basis and need for the alternative selection process; how interested parties may, prior to the hearing, obtain the following: (i) The evaluation criteria and applicable weight given to each criteria that will be used for evaluation, including clear definitions of what should be considered specified general conditions work and what should be considered the fee; and (ii) protest procedures including time limits for filing a protest, which may, in no event, limit the time to file a protest to fewer than four business days from the date the proposer was notified of the selection decision. The evaluation criteria, weights assigned to each criteria, and justification for using this selection process must be made available upon request at least seven calendar days before the public hearing;

(b) Conduct a hearing and provide an opportunity for any interested party to

submit written and verbal comments regarding the justification for using this selection process, the evaluation criteria, weights for each criteria, and protest procedures;

(c) After the public hearing, consider the written and verbal comments received and determine if using this alternative selection process is in the best interests of the public; and

(d) Issue a written final determination to all interested parties. ~~((All protests of the decision to use the alternative selection process must be in writing and submitted to the public body within seven calendar days of the final determination.))~~ The final determination shall state the reasons the alternative selection process is determined to be in the best interests of the public and shall reasonably address the comments received regarding the criteria and weights for each criterion. Any modifications to the criteria, weights, and protest procedures based on comments received during the public hearing process must be included in the final determination. All protests of the decision to use the alternative selection process must be in writing and submitted to the public body within seven calendar days of the final determination. The public body shall not proceed with the selection process until after responding in writing to the protest.

(2) Contracts for the services of a subcontractor under this section must be awarded through a competitive process requiring a public solicitation of proposals. Notice of the public solicitation of proposals must be provided to the office of minority and women's business enterprises. The public solicitation of proposals must include:

(a) A description of the project, including programmatic, performance, and technical requirements and specifications when available, along with a description of the project's unique aspects, complexities, and challenges;

(b) The reasons for using the alternative selection process;

(c) A description of the minimum qualifications required of the firm;

(d) A description of the process used to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors;

(e) Protest procedures;

(f) The form of the contract, including any contract for preconstruction services, to be awarded;

(g) The estimated maximum allowable subcontract cost; and

(h) The bid instructions to be used by the finalists.

(3) Evaluation factors for selection of the subcontractor must include, but not be limited to:

(a) Ability of the firm's professional personnel to deliver projects similar in size, scope, or complexity;

(b) The firm's past performance on ~~((similar))~~ projects similar in size, scope, or complexity;

(c) The firm's ability to meet time and budget requirements on projects similar in size, scope, or complexity;

(d) The scope of work the firm proposes to perform with its own forces and its ability to perform that work;

(e) The firm's plan for ~~((outreach to minority and women-owned businesses))~~ inclusion of disadvantaged business enterprises, to the extent permitted by law;

(f) The firm's proximity to the project location;

(g) ~~((The firm's capacity to successfully complete the project;~~

~~((h)))~~ The firm's approach to executing the project based on its delivery of other projects similar in size, scope, or complexity;

~~((i)))~~ (h) The firm's approach to safety on the project;

~~((j)))~~ (i) The firm's safety history;

(j) If interviews are part of the selection process, the solicitation shall describe how interviews will be scored or evaluated, and evaluations shall be included in the written selection summary; and

(k) If the firm is selected as one of the most qualified finalists, the firm's fee and cost proposal.

(4) The general contractor/construction manager shall establish a committee to evaluate the proposals. At least one representative from the public body shall serve on the

committee. Final proposals, including sealed bids for the percent fee on the estimated maximum allowable subcontract cost, and the fixed amount for the subcontract general conditions work specified in the request for proposal, will be requested from the most qualified firms.

(5) The general contractor/construction manager must notify all proposers of the most qualified firms that will move to the next phase of the selection process. The process may not proceed to the next phase until two business days after all proposers are notified of the committee's selection decision. At the request of a proposer, the general contractor/construction manager must provide the requesting proposer with a scoring summary of the evaluation factors for its proposal. Proposers filing a protest on the selection of the most qualified finalists must file the protest with the public body in accordance with the published protest procedures. The selection process may not advance to the next phase of selection until two business days after the final protest decision issued by the public body is transmitted to the protestor.

(6) The general contractor/construction manager and the public body shall select the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors identified in the solicitation of proposals. Scoring of the nonprice factors shall be added to the scoring of the fee and cost proposals to determine the highest scored firm. The scoring of the nonprice factors must be made available at the public opening of the fee and cost proposals. The general contractor/construction manager shall notify all proposers of the selection decision and make a selection summary of the final proposals, which shall be available to all proposers within two business days of such notification. The general contractor/construction manager may not evaluate or disqualify a proposal based on the terms of a collective bargaining agreement.

(7) If the public body receives a timely written protest from a "most qualified firm," the general contractor/construction manager may not execute a contract for the protested subcontract work until two business days after the final protest decision issued

by the public body is transmitted to the protestor. The protestor must submit its protest in accordance with the published protest procedures.

(8) If the general contractor/construction manager is unable to negotiate a satisfactory maximum allowable subcontract cost with the firm selected deemed by public body and the general contractor/construction manager to be fair, reasonable, and within the available funds, negotiations with that firm must be formally terminated and the general contractor/construction manager may negotiate with the next highest scored firm until an agreement is reached or the process is terminated.

(9) With the approval of the public body, the general contractor/construction manager may contract with the selected firm to provide preconstruction services during the design phase that may include life-cycle cost design considerations, value engineering, scheduling, cost estimating, constructability, alternative construction options for cost savings, and sequencing of work; and to act as the (~~mechanical or electrical~~) subcontractor during the construction phase.

(10) The maximum allowable subcontract cost must be used to establish a total subcontract cost for purposes of a performance and payment bond. Total subcontract cost means the fixed amount for the detailed specified general conditions work, the negotiated maximum allowable subcontract cost, and the percent fee on the negotiated maximum allowable subcontract cost. Maximum allowable subcontract cost means the maximum cost to complete the work specified for the subcontract, including the estimated cost of work to be performed by the subcontractor's own forces, a percentage for risk contingency, negotiated support services, and approved change orders. The maximum allowable subcontract cost must be negotiated between the general contractor/construction manager and the selected firm when the construction documents and specifications are at least ninety percent complete. Final agreement on the maximum allowable subcontract cost is subject to the approval of the public body.

(11) If the work of the (~~mechanical contractor or electrical contractor~~)

subcontractor is completed for less than the maximum allowable subcontract cost, any savings not otherwise negotiated as part of an incentive clause becomes part of the risk contingency included in the general contractor/construction manager's maximum allowable construction cost. If the work of the (~~mechanical contractor or the electrical contractor~~) subcontractor is completed for more than the maximum allowable subcontract cost, the additional cost is the responsibility of that subcontractor. An independent audit, paid for by the public body, must be conducted to confirm the proper accrual of costs (~~as outlined in the contract~~). The public body or general contractor/construction manager shall define the scope of the audit in the contract.

(12) A (~~mechanical or electrical contractor~~) subcontractor selected under this section may perform work with its own forces. In the event it elects to subcontract some of its work, it must select a subcontractor utilizing the procedure outlined in RCW 39.10.380.

Sec. 13. RCW 39.10.390 and 2014 c 42 s 7 are each amended to read as follows:

(1) Except as provided in this section, bidding on subcontract work or for the supply of equipment or materials by the general contractor/construction manager or its subsidiaries is prohibited.

(2) The general contractor/construction manager, or its subsidiaries, may bid on subcontract work or for the supply of equipment or materials if:

(a) The work within the subcontract bid package or equipment or materials is customarily performed or supplied by the general contractor/construction manager;

(b) The bid opening is managed by the public body and is in compliance with RCW 39.10.380; and

(c) Notification of the general contractor/construction manager's intention to bid is included in the public solicitation of bids for the bid package or for the equipment or materials.

(3) In no event may the general contractor/construction manager or its subsidiaries assign warranty responsibility or the terms of its

contract or purchase order with vendors for equipment or material purchases to subcontract bid package bidders or subcontractors who have been awarded a contract. The value of subcontract work performed and equipment and materials supplied by the general contractor/construction manager may not exceed (~~thirty~~) 30 percent of the negotiated maximum allowable construction cost, unless procured as a heavy civil construction project under this chapter. Negotiated support services performed by the general contractor/construction manager shall not be considered subcontract work for purposes of this subsection.

~~((4) Notwithstanding any contrary provision of this chapter, for a project that a public body has elected to procure as a heavy civil construction project under this chapter, at least thirty percent of the cost of the work to construct the project included in the negotiated maximum allowable construction cost must be procured through competitive sealed bidding in which bidding by the general contractor/construction manager or its subsidiaries is prohibited.))~~

Sec. 14. RCW 39.10.400 and 2013 c 222 s 17 are each amended to read as follows:

(1) If determination of subcontractor eligibility prior to seeking bids is in the best interest of the project and critical to the successful completion of a subcontract bid package, the general contractor/construction manager and the public body may determine subcontractor eligibility to bid. The general contractor/construction manager and the public body must:

(a) Conduct a hearing and provide an opportunity for any interested party to submit written and verbal comments regarding the justification for conducting bidder eligibility, the evaluation criteria, and weights for each criteria and subcriteria;

(b) Publish a notice of intent to evaluate and determine bidder eligibility in a legal newspaper published in or as near as possible to that part of the county where the public work will be constructed at least (~~fourteen~~) 14 calendar days before conducting a public hearing. The general contractor/construction manager and public body are encouraged to post the notice in additional areas beyond the

legal newspaper as required under this subsection, such as websites for business associations, the office of minority and women's business enterprises, and other locations and mediums that will further publicize the intent to use subcontractor eligibility prior to seeking bids;

(c) Ensure the public hearing notice includes the date, time, and location of the hearing, a statement justifying the basis and need for performing eligibility analysis before bid opening, and how interested parties may, at least five days before the hearing, obtain the specific eligibility criteria and applicable weights given to each criteria and subcriteria that will be used during evaluation;

(d) After the public hearing, consider written and verbal comments received and determine if establishing bidder eligibility in advance of seeking bids is in the best interests of the project and critical to the successful completion of a subcontract bid package; and

(e) Issue a written final determination to all interested parties. All protests of the decision to establish bidder eligibility before issuing a subcontractor bid package must be filed with the superior court within seven calendar days of the final determination. Any modifications to the eligibility criteria and weights shall be based on comments received during the public hearing process and shall be included in the final determination.

(2) Determinations of bidder eligibility shall be in accordance with the evaluation criteria and weights for each criteria established in the final determination and shall be provided to interested persons upon request. Any potential bidder determined not to meet eligibility criteria must be afforded one opportunity to establish its eligibility. Protests concerning bidder eligibility determinations shall be in accordance with subsection (1) of this section.

Sec. 15. RCW 39.10.430 and 2019 c 212 s 8 are each amended to read as follows:

(1) Job order contracts shall be awarded through a competitive process using public requests for proposals.

(2) The public body shall (~~make an effort~~) prioritize efforts to solicit proposals from certified minority or certified woman-owned contractors to the

extent permitted by the Washington state civil rights act, RCW 49.60.400.

(3) The public body shall publish, at least once in a statewide publication and legal newspaper of general circulation published in every county in which the public works project is anticipated, a request for proposals for job order contracts and the availability and location of the request for proposal documents. The public body is encouraged to post the request for proposals for job order contracts and the availability and location of the request for proposal documents in other areas, such as websites for business associations, the office of minority and women's business enterprises, and other locations and mediums that will further publicize the opportunities. The public body shall ensure that the request for proposal documents at a minimum includes:

(a) A detailed description of the scope of the job order contract including performance, technical requirements and specifications, functional and operational elements, minimum and maximum work order amounts, duration of the contract, and options to extend the job order contract;

(b) The reasons for using job order contracts;

(c) A description of the qualifications required of the proposer;

(d) The identity of the specific unit price book to be used and a description of which elements shall be included in the coefficient as necessary to establish a firm fixed price on work orders to be awarded under the job order contract;

(e) The minimum contracted amount committed to the selected job order contractor;

(f) A description of the process the public body will use to evaluate qualifications and proposals, including evaluation factors and the relative weight of factors. The public body shall ensure that evaluation factors include, but are not limited to, (~~proposal price~~) the coefficient and the ability of the proposer to perform the job order contract. In evaluating the ability of the proposer to perform the job order contract, the public body may consider: The ability of the professional personnel who will work on the job order contract; past performance on similar contracts; ability to meet time and budget

requirements; past performance on approved subcontractor inclusion plans; ability to provide a performance and payment bond for the job order contract; recent, current, and projected workloads of the proposer; location; and the concept of the proposal;

(g) The form of the contract to be awarded;

(h) The method for pricing renewals or extensions to the job order contract;

(i) A notice that the proposals are subject to RCW 39.10.470; and

(j) Other relevant information (~~(relevant to the project)~~).

(4) A public body shall establish a committee, including a member with knowledge and experience in state and federal laws, rules, and best practices concerning public contracting for minority, women, and veteran-owned businesses and small businesses, to evaluate the proposals. After the committee has selected the most qualified finalists, the finalists shall submit (~~(final proposals, including sealed bids based upon the identified unit price book)~~) a sealed bid including, but not limited to, coefficient(s). Such bids may be in the form of coefficient (~~(markups from)~~) adjustments to the listed unit price book ((costs)). The public body shall award the contract to the firm submitting the highest scored final proposal using the evaluation factors and the relative weight of factors published in the public request for proposals and will notify the board of the award of the contract.

(5) The public body shall provide a protest period of at least ten business days following the day of the announcement of the apparent successful proposal to allow a protester to file a detailed statement of the grounds of the protest. The public body shall promptly make a determination on the merits of the protest and provide to all proposers a written decision of denial or acceptance of the protest. The public body shall not execute the contract until two business days following the public body's decision on the protest.

(6) The requirements of RCW 39.30.060 do not apply to requests for proposals for job order contracts.

Sec. 16. RCW 39.10.440 and 2019 c 212 s 9 are each amended to read as follows:

(1) The maximum total dollar amount that may be awarded under a job order contract is (~~(four million dollars)~~) \$4,000,000 per year for a maximum of three years. Any unused capacity from the previous year may be carried over for one year and added to the immediate following year's limit. The maximum annual volume including unused capacity shall not exceed the limit of two years. The maximum total dollar amount that may be awarded under a job order contract for the department of enterprise services, counties with a population of more than (~~(one million)~~) 1,000,000, and cities with a population of more than (~~(four hundred thousand)~~) 400,000 is (~~(six million dollars)~~) \$6,000,000 per year for a maximum of three years. The maximum total dollar amounts are exclusive of Washington state sales and use tax.

(2) Job order contracts may be executed for an initial contract term of not to exceed two years, with the option of extending or renewing the job order contract for one year. All extensions or renewals must be priced as provided in the request for proposals. The extension or renewal must be mutually agreed to by the public body and the job order contractor.

(3) A public body may have no more than three job order contracts in effect at any one time, with the exception of the department of enterprise services, which may have six job order contracts in effect at any one time.

(4) At least (~~(ninety)~~) 90 percent of work contained in a job order contract must be subcontracted to entities other than the job order contractor. The job order contractor must distribute contracts as equitably as possible among qualified and available subcontractors including certified minority and woman-owned subcontractors to the extent permitted by law as demonstrated on the subcontractor and supplier project submission, and shall limit subcontractor bonding requirements to the greatest extent possible.

(5) The job order contractor shall publish notification of intent to perform public works projects at the beginning of each contract year in a statewide publication and in a legal newspaper of general circulation in every county in which the public works projects are anticipated. The job order contractor is encouraged to post the notification of intent to perform public works projects

in other areas, such as websites for business associations, the office of minority and women's business enterprises, and other locations and mediums that will further publicize subcontractor opportunities.

(6) Job order contractors shall pay prevailing wages for all work that would otherwise be subject to the requirements of chapter 39.12 RCW. Prevailing wages for all work performed pursuant to each work order must be the rates in effect at the time the individual work order is issued.

(7) If, in the initial contract term, the public body, at no fault of the job order contractor, fails to issue the minimum amount of work orders stated in the public request for proposals, the public body shall pay the contractor an amount equal to the difference between the minimum work order amount and the actual total of the work orders issued multiplied by an appropriate percentage for overhead and profit contained in the contract award coefficient for services as specified in the request for proposals. This is the contractor's sole remedy.

(8) All job order contracts awarded under this section must be signed before July 1, ~~((2021))~~ 2031; however the job order contract may be extended or renewed as provided for in this section.

~~((9) Public bodies may amend job order contracts awarded prior to July 1, 2007, in accordance with this chapter.)~~

Sec. 17. RCW 39.10.460 and 2012 c 102 s 3 are each amended to read as follows:

Each ~~((year, a))~~ public body shall ~~((provide to the board))~~ maintain and make available the following information for each job order contract ((for the period July 1st through June 30th)):

(1) A list of work orders issued;

(2) The cost of each work order;

(3) A list of subcontractors hired under each work order, including whether those subcontractors were certified small, minority, women, or veteran-owned businesses; and

(4) ~~((If requested by the board, a))~~ A copy of the intent to pay prevailing wage and the affidavit of wages paid for each work order subcontract~~((, and~~

~~((5) Any other information requested by the board))~~.

Sec. 18. RCW 39.10.490 and 2013 c 222 s 20 are each amended to read as follows:

The alternative public works contracting procedures authorized under this chapter are limited to public works contracts signed before July 1, ~~((2021))~~ 2031. Methods of public works contracting authorized under this chapter shall remain in full force and effect until completion of contracts signed before July 1, ~~((2021))~~ 2031.

NEW SECTION. **Sec. 19.** A new section is added to chapter 39.10 RCW to read as follows:

In addition to the general contractor/construction manager requirements established in this chapter, public bodies utilizing the general contractor/construction manager method for a heavy civil construction project must also comply with the following requirements:

(1) The heavy civil construction general contractor/construction manager contract solicitation must:

(a) Provide the reasons for using the general contractor/construction manager procedure, including a clear statement that the public body is electing to procure the project as a heavy civil construction project;

(b) Indicate the minimum percentage of the cost of the work to construct the project that will constitute the negotiated self-perform portion of the project;

(c) Indicate whether the public body will allow the price to be paid for the negotiated self-perform portion of the project to be deemed a cost of the work to which the general contractor/construction manager's percent fee applies; and

(d) Require proposals to indicate the proposer's fee for the negotiated self-perform portion of the project;

(2) As part of the negotiation of the maximum allowable construction cost established in RCW 39.10.370(1), the general contractor/construction manager shall submit a proposed construction management and contracting plan, which must include, at a minimum:

(a) The scope of work and cost estimates for each bid package;

(b) A proposed price and scope of work for the negotiated self-perform portion of the project;

(c) The bases used by the general contractor/construction manager to develop all cost estimates, including the negotiated self-perform portion of the project; and

(d) The general contractor/construction manager's updated inclusion plan for small business entities, disadvantaged business enterprises, and any other disadvantaged or underutilized businesses as the public body may designate in the public solicitation of proposals, as subcontractors and suppliers for the project;

(3) The public body and general contractor/construction manager may negotiate the scopes of work to be procured by bid and the price and scope of work for the negotiated self-perform portion of the project, if any;

(4) The negotiated self-perform portion of the project must not exceed 50 percent of the cost of the work to construct the project;

(5) Notwithstanding any contrary provision of this chapter, for a project that a public body has elected to procure as a heavy civil construction project under this chapter, at least 30 percent of the cost of the work to construct the project included in the negotiated maximum allowable construction cost must be procured through competitive sealed bidding in which bidding by the general contractor/construction manager or its subsidiaries is prohibited;

(6) Subject to the limitation of subsection (5) of this section, the public body may additionally negotiate with the general contractor/construction manager to determine on which scopes of work the general contractor/construction manager will be permitted to bid, if any;

(7) The public body and general contractor/construction manager shall negotiate, to the public body's satisfaction, a fair and reasonable inclusion plan;

(8) If the public body is unable to negotiate to its reasonable satisfaction a component of this section, negotiations with the firm must be terminated and the public body shall negotiate with the next highest scored firm and continue until an

agreement is reached or the process is terminated; and

(9) For a project procured as a heavy civil construction project, an independent audit, paid for by the public body, must be conducted to confirm the proper accrual of costs as outlined in the contract. The public body shall define the scope of the audit in the contract.

NEW SECTION. Sec. 20. (1) The capital projects advisory review board shall coordinate and consult with the office of minority and women's business enterprises, the department of enterprise services, the office of equity, community stakeholders and advocates, and subject matter experts to create best practices guidelines for increasing and sustaining access to contracting opportunities in alternative public works for minority, women, and veteran-owned businesses, and small businesses. In creating the guidelines, the board shall take into consideration the barriers to participation identified in the local government contracting report produced pursuant to section 16, chapter 434, Laws of 2019, information and recommendations from the 2019 Washington state disparity study and disparity studies of any other public body in Washington state, and successful diversity and inclusion policies being implemented by state and local governmental agencies. The best practices shall address, at a minimum, guidelines for use of race-neutral and race-conscious programs, elements of successful inclusion plans, the use of aspirational inclusion goals, evaluation of inclusion plans in the contract award process, and the evaluation of inclusion plans and past performance in public body certification and project approval processes under RCW 39.10.270 and 39.10.280. The board shall make the best practices guidelines available on its website by June 30, 2022, and should have a plan to update the practices to keep them relevant for use. Additionally, by June 30, 2022, the board shall report to the appropriate committees of the legislature regarding any recommendations for changes to state law that are advisable based upon the best practices guidelines.

(2) This section expires July 1, 2023.

ARTICLE 5

GIFT RESTRICTIONS

NEW SECTION. Sec. 1501. UNRESTRICTED GIFTS. Giving a gift to a nonprofit corporation, including a charitable corporation, without a gift instrument transfers complete ownership of the gift to the nonprofit corporation. A restricted gift to a nonprofit corporation is created only by a gift instrument.

NEW SECTION. Sec. 1502. RESTRICTED GIFTS. (1) This section distinguishes between:

(a) Enforceable trusts held by a nonprofit corporation, including a charitable corporation, governed under chapter 11.110 RCW; and

(b) Gift restrictions whose terms may be enforced and are subject to modification under this chapter or other applicable law.

(2) A gift to a nonprofit corporation, including a charitable corporation, does not create a charitable trust unless:

(a) The donor expresses an intent to create a charitable trust; and

(b) The trustee, which may be a charitable corporation, agrees in the form of a record to act as trustee of that trust according to its terms.

(3) Giving a gift to a nonprofit corporation, including a charitable corporation, that is: (a) Accepted by the corporation; (b) not in trust; and (c) subject to material restrictions or requirements contained in a gift instrument transfers complete ownership to the nonprofit corporation. The nonprofit corporation is bound by the material restrictions or requirements contained in the gift instrument.

(4) A nonprofit corporation complies with a term contained in a gift instrument if the nonprofit corporation reasonably complies with all material restrictions or requirements contained in the term, or, when appropriate under the facts and circumstances, seeks modification in accordance with section 1503 of this act.

(5) If the nonprofit corporation fails to comply with any material restriction or requirement contained in a gift instrument and fails to seek a modification in accordance with section 1503 of this act, then the attorney general may bring a proceeding to enforce the terms of the gift instrument.

NEW SECTION. Sec. 1503. MODIFICATION OR RELEASE OF GIFT RESTRICTIONS. (1) A term of a gift instrument that binds a nonprofit corporation may be modified or released, in whole or in part:

(a) If the donor consents in a record;

(b) As set forth in subsection (2) of this section, if the term is unlawful, impracticable, impossible to achieve, or wasteful;

(c) For gift instruments limiting the use of property to one or more charitable purposes, through a binding agreement executed by the nonprofit corporation, the attorney general, and other interested parties, and filed with or

approved by the court in accordance with section 1504 of this act;

(d) By approval of the court in accordance with section 1505 of this act; or

(e) As provided by other applicable law including, but not limited to, chapter 24.55 RCW.

(2) If a nonprofit corporation, including a charitable corporation, determines that a restriction contained in a gift instrument on the management, investment, or purpose of a gift is unlawful, impracticable, impossible to achieve, or wasteful, then the nonprofit corporation, sixty days after notification to the attorney general, may modify the restriction, in whole or part, if:

(a) The gift subject to the restriction has a total value consistent with RCW 24.55.045(4) (a) or any successor provision;

(b) More than twenty years have elapsed since the gift was given; and

(c) The nonprofit corporation uses the gift in a manner consistent with any charitable purposes expressed in the gift instrument.

(3) Application of sections 1501 through 1506 of this act to existing gifts:

(a) Before January 1, 2023, sections 1501 through 1506 of this act apply to gifts existing on December 31, 2021, only if the nonprofit corporation's board elects to apply sections 1501 through 1506 of this act to existing gifts before January 1, 2023.

(b) On or after January 1, 2023, sections 1501 through 1506 of this act apply to all gifts.

(c) As applied to gifts existing on December 31, 2021, sections 1501 through 1506 of this act govern only decisions made or actions taken on or after January 1, 2023, except that in the case of a nonprofit corporation that makes the election under (a) of this subsection sections 1501 through 1506 of this act govern decisions made or actions taken on or after the date the nonprofit corporation elects to be covered by sections 1501 through 1506 of this act.

NEW SECTION. Sec. 1504. BINDING AGREEMENT TO MODIFY OR RELEASE RESTRICTIONS. (1) If a gift instrument

limits the use of the gift to one or more charitable purposes, and the conditions set forth in subsection (3) or (4) of this section are satisfied, then the gift instrument may be modified by agreement of the nonprofit corporation, the attorney general, and all other interested parties.

(2) For purposes of this section, an "interested party" does not include:

(a) The donor; or

(b) Any member of any charitable class that the gift would benefit, either before or after the modifications to be made by the agreement.

(3) A restriction related to a gift's management or investment may be modified by an agreement described in subsection (1) of this section if:

(a) Because of circumstances not anticipated by the donor, modification will further the charitable purpose of the gift;

(b) Enforcement of the restriction has become impracticable or wasteful; or

(c) Enforcement of the restriction impairs the management or investment of the gift.

(4) A restriction on the use of a gift relating to the gift's charitable purpose, rather than its management or investment, may be modified by an agreement described in subsection (1) of this section if the purpose becomes unlawful, impracticable, impossible to achieve, or wasteful.

(5) An agreement described in subsection (1) of this section must:

(a) Be in writing and executed by all of the parties;

(b) Be binding and conclusive on the nonprofit corporation and all other parties with a beneficial interest in the gift;

(c) Identify the gift instrument and the term or terms of the gift instrument that it modifies;

(d) Describe completely the modifications that it would make;

(e) Set forth the reasons why the modifications would comply with subsection (3) or (4) of this section; and

(f) State changes to the charitable purposes to which the use of the gift is limited, if any, resulting from the modifications.

(6) The nonprofit corporation or its legal representative may file the executed agreement with the court within thirty days of the agreement's execution by all parties. Upon filing of the executed agreement with the court:

(a) The agreement becomes effective and equivalent to a final court order binding on the nonprofit corporation and all other parties with a beneficial interest in the use of the gift, and

(b) The modifications are deemed approved by the court, and have the same effect as if the court ordered them pursuant to section 1505 of this act.

(7) The nonprofit corporation or its legal representative may, as an alternative to the procedure described in subsection (6) of this section, petition the court for a hearing for presentation of an agreement entered under this section to the court within twenty-one days of the agreement's execution by all parties. The nonprofit corporation shall (a) provide notice of the time and date of the hearing to each party to the agreement unless that party has waived notice in the form of a record, and (b) file proof of mailing or delivery of the notice or waiver with the court. At the hearing, the court shall review the agreement on behalf of all the parties. The court shall determine whether the agreement adequately represents and protects the interests of the parties and the public interest, and enter an order declaring its determination. If the court determines that the agreement does not adequately represent and protect those interests, then the agreement is void.

NEW SECTION. Sec. 1505. JUDICIAL MODIFICATION OR RELEASE OF RESTRICTIONS.

(1) Upon application by a corporation subject to a restriction related to a gift's management or investment, rather than to its charitable purpose, the court may modify the restriction if:

(a) Because of circumstances not anticipated by the donor, modification will further the charitable purpose of the gift;

(b) Enforcement of the restriction has become impracticable or wasteful; or

(c) Enforcement of the restriction impairs the management or investment of the gift.

(2) Upon application by a corporation subject to a restriction on the use of a gift relating to the charitable purpose of the gift, rather than its management or investment, the court may modify the restriction if the purpose becomes unlawful, impracticable, impossible to achieve, or wasteful.

(3) If the gift instrument provides for a forfeiture or gift-over to an alternative beneficiary, then the court may modify one or more restrictions under the procedure set out in subsection (1) of this section if a management or investment provision fails. The court may not, however, modify any restriction under the procedure set out in subsection (2) of this section to defeat the interest of an alternate beneficiary unless the beneficiary would also be subject to, and unable to perform, the term requiring modification. The alternative beneficiary is entitled to notice and may participate in the determination of whether to grant modification.

(4) Any modification made by the court must, to the extent possible, be made in a manner consistent with the charitable purposes as expressed in the gift instrument.

(5) A nonprofit corporation shall notify the attorney general whenever it seeks to modify a charitable gift restriction under this section and the court shall offer the attorney general an opportunity to be heard.

NEW SECTION. Sec. 1506. CHARITABLE PURPOSE SURVIVES. Modification or release of a gift restriction shall not allow a gift to be used for a purpose other than a charitable purpose.

ARTICLE 6

(3) A nonprofit corporation may withhold from inspection under this section:

(a) Those portions of records that contain information protected by the attorney-client privilege or related work product;

(b) The address of any member who is known to the corporation to be a participant in the address confidentiality program described in chapter 40.24 RCW or any similar program established by law;

(c) Those portions of records, which, if disclosed, would be reasonably likely to result in harm to the corporation or a third party, such as disciplinary actions involving nondirector members, identities of job applicants, discussions of strategic acquisitions, records that are required to be kept confidential under obligations to a third party, etc.; or

(d) Any information that a nonprofit corporation is required to keep confidential under any other law.

(4) A member may inspect and copy the records described in subsection (2) of this section only if the:

(a) Member's demand is made in good faith and for a proper purpose;

(b) Member describes with reasonable particularity the purpose and the records the member desires to inspect;

(c) Member agrees in the form of a record to reasonable restrictions required by the board on the use or distribution of the records; and

(d) Records are directly connected with this purpose.

(5) The right of inspection granted by this section may not be abolished or limited by a nonprofit corporation's articles or bylaws.

(6) This section does not affect the:

(a) Right of a member to inspect records as part of discovery in connection with litigation; or

(b) Power of any court of competent jurisdiction, independently of this chapter, to compel the production of corporate records for examination.

NEW SECTION. Sec. 1603. SCOPE OF MEMBER'S INSPECTION RIGHT. (1) A member's agent or attorney has the same inspection and copying rights as the member represented.

(2) The right to copy records under section 1602 of this act includes, if reasonable, the right to receive copies. Copies may be provided through electronic transmission unless the member requests otherwise in the form of a record.

(3) The nonprofit corporation may comply with a member's demand to inspect and copy the list of members under section 1602(2)(c) of this act by providing the member for a reasonable charge as described in subsection (4) of this section with a list of members that was compiled no earlier than the date of the member's demand.

(4) The nonprofit corporation shall provide a copy of its articles and bylaws at no cost to a member on request. The nonprofit corporation may impose a reasonable charge, covering the costs of labor and material, for copies of any other documents provided to the member. The charge may not exceed the estimated cost of production, reproduction, or transmission of the records.

NEW SECTION. Sec. 1604. FINANCIAL STATEMENTS FOR MEMBERS. (1) Except as provided in the articles or bylaws of a nonprofit corporation engaged in religious activity, upon a demand in the form of a record from a member, a corporation shall furnish that member with its latest annual financial statements, which may be consolidated or combined statements of the corporation and one or more of its subsidiaries, as appropriate, that include a balance sheet as of the end of the fiscal year and a statement of operations for the year. If

financial statements are prepared for the corporation on the basis of generally accepted accounting principles, then the annual financial statements must also be prepared on that basis.

(2) If the annual financial statements are reported upon by a certified public accountant, then the accountant's report shall accompany them. If not, then the statements must be accompanied by a statement of the president or the person responsible for the nonprofit corporation's accounting records:

(a) Stating the reasonable belief of the president or other person as to whether the statements were prepared on the basis of generally accepted accounting principles and, if not, describing the basis of preparation; and

(b) Describing any respects in which the statements were not prepared on a basis of accounting consistent with the statements prepared for the preceding year.

NEW SECTION. Sec. 1605. COURT-ORDERED INSPECTION. (1) If a nonprofit corporation does not allow a member who complies with section 1602(1) of this act to inspect and copy any records required by that subsection to be available for inspection, then the court may summarily order inspection and copying of the records demanded at the corporation's expense upon application of the member.

(2) If a nonprofit corporation does not within a reasonable time allow a member to inspect and copy any other record to which the member is entitled under section 1602(2) of this act, then the member who complies with section 1602 (3) and (4) of this act may apply to the court for an order to permit inspection and copying of the records demanded. The court may inspect the records in question *in camera* and determine the extent of required disclosure, if any, in light of section 1602 of this act. In making that determination, the court shall consider the probability and extent of potential harm to the corporation or any third party that may result from inspection, and the probability and extent of benefit to the corporation or the member.

(3) If the court orders inspection and copying of the records demanded, then it shall also order the nonprofit corporation to pay the member's costs, including reasonable attorneys' fees, incurred to obtain the order, unless the corporation proves that it refused

inspection in good faith because it had a reasonable basis for doubt about the right of the member to inspect the records demanded. If the court denies the majority of the request for inspection and copying, it may order the member to pay part or all of the nonprofit corporation's costs, including reasonable attorneys' fees.

(4) If the court orders inspection and copying of the records demanded, then it may impose reasonable restrictions on the use or distribution of the records by the demanding member.

NEW SECTION. Sec. 1606. INSPECTION BY DIRECTORS. (1) A director of a nonprofit corporation may inspect and copy the books, records, and documents of the corporation at any reasonable time to the extent reasonably related to the performance of the director's duties as a director, including duties as a member of a committee, but not for any other purpose or in any manner that would violate any duty to the corporation or law other than this chapter.

(2) The court may order inspection and copying of the books, records, and documents at the corporation's expense, upon application of a director who has been refused the inspection rights set out in subsection (1) of this section, unless the corporation establishes that the director is not entitled to those inspection rights.

(3) If an order is issued, then the court may include provisions protecting the nonprofit corporation from undue burden or expense, and prohibiting the director from using information obtained upon exercise of the inspection rights in a manner that would violate a duty to the corporation, and may also order the corporation to reimburse the director for the director's costs, including reasonable attorneys' fees, incurred in connection with the application.

NEW SECTION. Sec. 1607. USE OF MEMBERSHIP LIST. (1) Without the consent of the board, a membership list or any part thereof may not be obtained or used by any person for any purpose unrelated to a member's interest as a member. Without limiting the generality of the foregoing, without the consent of the board, a membership list or any part thereof may not be:

(a) Used to solicit cash or other property unless the cash or other property will be used solely to solicit

the votes of the members in an election to be held by the nonprofit corporation;

(b) Used for any commercial purpose; or

(c) Sold to or purchased by any person.

(2) Instead of making a membership list available for inspection and copying under sections 1601 through 1607 of this act, a nonprofit corporation may elect to proceed under the procedures set forth in section 2304(6) of this act.

NEW SECTION. Sec. 1702. APPLICATION AND RENEWAL. (1) The secretary of state shall develop an application process for new and existing corporations to apply for public benefit nonprofit corporation status.

(2) Public benefit nonprofit corporation status must be renewed annually. The secretary of state may schedule renewals in conjunction with the corporation's annual report.

NEW SECTION. Sec. 1703. REMOVAL OF STATUS. The secretary of state may remove a corporation's public benefit nonprofit corporation designation if the corporation does not comply with this chapter or the internal revenue service revokes recognition of the corporation's status as an organization described in section 501(c) (3) of the Internal Revenue Code.

NEW SECTION. Sec. 1802. EFFECT OF REGISTRATION. (1) A foreign nonprofit corporation with a valid foreign registration statement has the same but no greater rights and has the same but no greater privileges as, and except as provided by this chapter is subject to the same duties, restrictions, penalties, and liabilities now or later imposed on, a domestic nonprofit corporation of like character.

(3) For those corporations that have a certificate of authority, are applying for, or intend to apply for a certificate of authority from the insurance commissioner as an insurance company under chapter 48.05 RCW, whenever under this chapter corporate records are required to be delivered to the secretary of state for filing, the records must be delivered to the insurance commissioner rather than the secretary of state.

NEW SECTION. Sec. 1803. NAME OF FOREIGN CORPORATION. (1) The name of a registered foreign nonprofit corporation, any name reserved by a registered foreign nonprofit corporation, or any alternate name adopted under RCW 23.95.525 is governed by chapter 23.95 RCW.

(2) If a registered foreign nonprofit corporation is a party to a statutory merger permitted by the laws of the jurisdiction where it is incorporated, and the corporation is the surviving corporation, it is not necessary for the corporation to register to do business or to amend its registration unless the corporation's name is changed.

NEW SECTION. Sec. 1810. TERMINATION OF REGISTRATION. The secretary of state may terminate the registration of a registered foreign nonprofit corporation under RCW 23.95.550:

(1) For any reason set forth in RCW 23.95.550(1);

(2) If the secretary of state receives a duly authenticated certificate from the secretary of state or other official having custody of corporate records in the state or country under whose law the foreign corporation is incorporated stating that it has been dissolved or did not survive a merger; or

(3) If the corporation has continued to exceed or abuse the authority conferred upon it by this chapter.

NEW SECTION. Sec. 1811. JUDICIAL REVIEW OF TERMINATION. (1) A foreign nonprofit corporation may appeal the secretary of state's termination of its registration to the superior court of Thurston county within ninety days after service of the statement of termination is perfected. The foreign nonprofit corporation shall appeal by petitioning the court to set aside the termination and attaching to the petition copies of its statement of registration and the secretary of state's statement of termination.

MEMBERS AND MEMBERSHIPS

NEW SECTION. Sec. 2101. MEMBERS. (1) A nonprofit corporation may have one or more classes of members or may have no members.

(2) For corporations formed on or after January 1, 2022, notwithstanding anything to the contrary in the bylaws, where the articles of a nonprofit corporation do not provide that it has members, the nonprofit corporation does not have members.

(3) For organizations formed before January 1, 2022, where the articles of a nonprofit corporation do not provide that it has members, the corporation has members only if the bylaws:

(a) Provide that the corporation has members; and

(b) Provide that members of at least one class have the right to select or vote for the election of directors or delegates or to vote on at least one type of fundamental transaction.

(4) Where a nonprofit corporation does not have members under this section, or where a corporation has no members entitled to vote on a given matter, any provision of this chapter or any other provision of law requiring notice to, the presence of, or the vote, consent, or other action by members in connection with that matter is satisfied by notice to, the presence of, or the vote, consent, or other action by the board.

NEW SECTION. Sec. 2102. SCOPE OF MEMBERSHIP. A person is not a member of a nonprofit corporation for purposes of any provision of this chapter unless the person meets the definition of "member" in section 1102 of this act, regardless of whether the corporation refers to or designates the person as a member.

NEW SECTION. Sec. 2103. ADMISSION OF MEMBERS. (1) The articles or bylaws of a membership corporation may establish criteria or procedures for admission of members.

(2) A person may not be admitted as a member without the person's consent. Consent may be express or implied and need not be in the form of a record.

(3) If a membership corporation provides certificates of membership to the members, then the certificates shall not be registered or transferable except as provided in the articles or bylaws or by resolution of the board.

NEW SECTION. **Sec. 2104.** CONSIDERATION FOR ADMISSION. Except as provided in its articles or bylaws, a membership corporation may admit members for no consideration or for consideration determined by the board, which may take any form, including promissory notes, intangible property, or past or future services. Payment of the consideration may be made at those times and upon those terms as are set forth in or authorized by the articles, bylaws, or a resolution of the board.

NEW SECTION. **Sec. 2105.** CAPITAL CONTRIBUTIONS. (1) A membership corporation that is not a charitable corporation may provide in its articles or bylaws that members, upon or after admission, shall make capital contributions. Except as provided in the articles or bylaws, the board shall fix the amount. The requirement of a capital contribution may apply to all members, or to the members of a single class, or to members of different classes in different amounts or proportions.

(2) The adoption or amendment of a capital contribution requirement, whether or not approved by the members, shall not apply to, or be an obligation of, a member who did not vote in favor of the adoption or amendment until thirty days after the member has been given notice of the adoption or amendment.

NEW SECTION. **Sec. 2106.** RIGHTS AND OBLIGATIONS. (1) The members of a membership corporation have only those rights, privileges, powers, or obligations specifically given or assigned to members in the articles, the bylaws, or section 2313 of this act.

(2) A member shall not have the right to vote on any matter unless the articles, the bylaws, or section 2313(1) of this act provides expressly that the class of members to which that member belongs has the right to vote on that particular matter.

NEW SECTION. **Sec. 2107.** DIFFERENCES IN RIGHTS AND OBLIGATIONS. (1) Except as provided in the articles or bylaws, each member of a membership corporation has the same rights and obligations as every other member with respect to voting, dissolution, membership transfer, and other matters.

(2) If the corporation has one or more classes of members, then the designation of the class or classes, the articles, or the bylaws shall set forth the manner of election or appointment and the qualifications and rights of the members of each class.

NEW SECTION. **Sec. 2108.** TRANSFERS OF MEMBERSHIP. (1) Except as provided in the articles or bylaws or by resolution of the board, a member of a membership corporation may not transfer a membership or any right arising therefrom.

(2) Where the right to transfer a membership has been provided, a restriction on that right shall not be binding with respect to a member holding a membership issued before the adoption of the restriction unless the affected member consents to the restriction in the form of a record.

NEW SECTION. **Sec. 2109.** MEMBER'S LIABILITY FOR CORPORATE OBLIGATIONS. A member of a membership corporation is not personally liable for the acts, debts, liabilities, or obligations of the corporation.

NEW SECTION. **Sec. 2110.** MEMBER'S LIABILITY FOR DUES, FEES, AND ASSESSMENTS. (1) A membership corporation may levy dues, assessments, and fees on its members to the extent authorized in the articles or bylaws. Particular dues, assessments, and fees may be imposed in the articles or bylaws or by resolution of the board, subject to any membership approval required under section 3112(1) of this act, on members of the same class either alike or in different amounts or proportions, and may be imposed on a different basis on different classes of members. Members of a class may be made exempt from dues, assessments, and fees to the extent provided in the articles or bylaws or by resolution of the board.

(2) The amount and method of collection of dues, assessments, and fees may be fixed in the articles or bylaws, or the articles or bylaws may authorize the board or members to fix the amount and method of collection, with or without

approval of the class or classes of members affected.

(3) The articles or bylaws may provide reasonable means, such as termination and reinstatement of membership, to enforce the collection of dues, assessments, and fees.

NEW SECTION. Sec. 2111. CREDITOR'S ACTION AGAINST MEMBER. (1) A proceeding may not be brought by a creditor of a membership corporation to reach the liability, if any, of a member to the corporation unless final judgment has been rendered in favor of the creditor against the corporation and execution has been returned unsatisfied in whole or in part.

(2) All creditors of a membership corporation, with or without reducing their claims to judgment, may intervene in any creditor's proceeding brought under subsection (1) of this section to reach and apply unpaid amounts due the corporation. Any or all members who owe amounts to the corporation may be joined in the proceeding.

NEW SECTION. Sec. 2112. RESIGNATION OF MEMBER. (1) A member of a membership corporation may resign at any time.

(2) The resignation of a member does not relieve the member from any obligations incurred or commitments made before resignation.

NEW SECTION. Sec. 2113. TERMINATION AND SUSPENSION OF MEMBER. (1) A membership in a membership corporation may be terminated or suspended for the reasons and in the manner provided in the articles or bylaws.

(2) A membership in a membership corporation may also be terminated, regardless of the procedure set forth in the articles or bylaws, if:

(a) The corporation has had no contact from the member for at least three years; and

(b) Either:

(i) The member fails to respond within ninety days to a request from the corporation to update the member's contact information that includes a statement that failure to respond could result in termination of membership, delivered to that member by means reasonably likely to reach that member; or

(ii) A request from the corporation to update the member's contact information that includes a statement that failure to respond could result in termination of membership, sent to that member by first-class forwardable mail, with postage prepaid, is returned as undeliverable; or

(iii) If members, or a class of members, are not identified individually on the records of the corporation, a request from the corporation for members to provide contact information that includes a statement that failure to respond could result in termination of membership is published once a week for six consecutive weeks in a newspaper of general circulation in the county in which the corporation's principal office is located.

(3) Unless otherwise provided in the articles or bylaws, if the articles or bylaws allow the board or any other body to admit members, the affirmative vote of two-thirds of that body may terminate a member.

(4) Irrespective of anything to the contrary in the articles or bylaws, in any proceeding involving a corporation or upon application from the corporation, the court may order termination of a member of the corporation in the best interests of the corporation.

(5) A proceeding challenging a termination or suspension for any reason must be commenced within one year after the effective date of the termination or suspension.

(6) The termination or suspension of a member does not relieve the member from any obligations incurred or commitments made before the termination or suspension.

NEW SECTION. Sec. 2114. REPURCHASE OF MEMBERSHIPS. A membership corporation that is not a charitable corporation may repurchase any of its memberships or any right arising therefrom only if it is so provided in the articles or bylaws. A membership corporation that is a charitable corporation may not repurchase any of its memberships or any right arising therefrom.

ARTICLE 2

DELEGATES

NEW SECTION. Sec. 2201. DELEGATES. (1) A membership corporation may provide in its articles or bylaws for delegates.

(2) The articles or bylaws may set forth provisions relating to:

(a) The characteristics, qualifications, rights, limitations, and obligations of delegates including their selection and removal;

(b) Calling, noticing, holding, and conducting meetings of delegates; and

(c) Carrying on activities during and between meetings of delegates.

(3) If the articles or bylaws provide for delegates, then, unless otherwise provided in the articles or bylaws:

(a) The power to appoint, remove, or modify any provision of the articles or bylaws governing the appointment or removal of delegates is reserved to the members.

(b) All other powers of members including, but not limited to, the right to vote on other amendments to articles or bylaws, may be exercised by delegates.

ARTICLE 3

MEMBERSHIP MEETINGS AND VOTING

NEW SECTION. **Sec. 2301.** ANNUAL AND REGULAR MEETINGS. (1) A membership corporation shall hold an annual meeting of members once during each fiscal year at a time stated in or fixed in accordance with the articles or bylaws.

(2) A membership corporation may hold regular meetings on a regional or other basis at times stated in or fixed in accordance with the articles or bylaws.

(3) Except as provided in subsection (5) of this section, annual and regular meetings of the members may be held in or out of this state at the place stated in or fixed in accordance with the articles or bylaws. If no place is stated in or fixed in accordance with the articles or bylaws, then annual and regular meetings shall be held at the membership corporation's principal office.

(4) The failure to hold an annual or regular meeting at the time stated in or fixed in accordance with the articles or bylaws does not affect the validity of any corporate action.

(5) The articles or bylaws may provide that an annual or regular meeting of members may be held in a specified location and, if so provided under the articles or bylaws, through one or more means of remote communication through

which members not physically present may participate in the meeting substantially concurrently, vote on matters submitted to the members, pose questions, and make comments. For any meeting at which one or more members may participate by means of remote communication, the corporation shall deliver notice of the meeting to each member by a means which the member has authorized and provide complete instructions for participating in the meeting by remote communication.

NEW SECTION. **Sec. 2302.** SPECIAL MEETINGS. (1) A membership corporation shall hold a special meeting of members:

(a) At the call of its board of directors, the president, or the persons authorized to do so by the articles or bylaws; or

(b) Upon the execution and delivery to the corporation of one or more demands for a special meeting, in the form of a record, describing the purpose for which the meeting is to be held, by either:

(i) The number or proportion of members entitled under the articles or bylaws to call a meeting on the subject matter proposed to be considered at the proposed special meeting, which shall not represent more than twenty-five percent of all the votes entitled to be cast on that subject matter; or

(ii) In the absence of a provision fixing the number or proportion of members entitled to call a meeting, the number or proportion of members representing five percent of all the votes entitled to be cast on the subject matter proposed to be considered at the proposed special meeting.

(2) Unless otherwise provided in the articles or bylaws, a demand for a special meeting may be revoked by notice to that effect received by the membership corporation from the members calling the meeting before the receipt by the corporation of demands sufficient in number to require the holding of a special meeting.

(3) If not otherwise fixed under section 2303 or 2307 of this act, the record date for determining members entitled to demand a special meeting is the date the first member executes a demand.

(4) Only business within the purpose or purposes described in the meeting notice required by section 2305(3) of

this act may be conducted at a special meeting of the members.

(5) Except as provided in subsection (6) of this section, special meetings of the members may be held in or out of this state at the place stated in or fixed in accordance with the articles or bylaws. If no place is stated or fixed in accordance with the articles or bylaws, then special meetings shall be held at the corporation's principal office.

(6) The articles or bylaws may provide that a special meeting of members be held at a specified location and, unless otherwise provided under the articles or bylaws, through means of remote communication through which members not physically present may participate in the meeting substantially concurrently, vote on matters submitted to the members, pose questions, and make comments. Notice of meetings at which one or more members may participate by means of remote communication must be delivered by a means which the member has authorized and provide complete instructions for participating in the meeting from a remote location.

NEW SECTION. Sec. 2303. COURT-ORDERED MEETING. (1) The court may summarily order a meeting to be held:

(a) On application of any member entitled to participate in an annual or regular meeting if an annual meeting was not held within eighteen months after the last annual meeting; or

(b) On application of a member who executed a demand for a special meeting under section 2302 of this act that was executed by a sufficient number of members to call a meeting, if:

(i) Notice of the special meeting was not given within thirty days after the date the demand was delivered to the corporation's secretary; or

(ii) The special meeting was not held in accordance with the notice.

(2) The court may fix the time and place of a court-ordered meeting, determine the members entitled to participate in the meeting, specify a record date for determining members entitled to notice of and to vote at the meeting, prescribe the form and content of the meeting notice, fix the quorum required for specific matters to be considered at the meeting or direct that the votes represented at the meeting

constitute a quorum for action on those matters, and enter other orders necessary to accomplish the purpose or purposes of the court-ordered meeting.

NEW SECTION. Sec. 2304. LIST OF MEMBERS FOR MEETING. (1) After fixing a record date for a meeting, a membership corporation shall prepare an alphabetical list of the names of all its members who are entitled to notice of that meeting of the members. The list of members shall show the address of and number of votes each member is entitled to cast at the meeting, except that the address of any member who is known to the corporation to be a participant in the address confidentiality program described in chapter 40.24 RCW or any similar law may be omitted.

(2) The list of members must be available for inspection by any member, beginning two business days after notice of the meeting is given for which the list was prepared and continuing through the meeting, at the membership corporation's principal office or at a place identified in the meeting notice in the city where the meeting will be held. A member or the member's agent, on demand in the form of a record, may inspect and, subject to the requirements of section 1602(4) of this act, copy the list, during regular business hours and at the member's expense, during the period it is available for inspection.

(3) The membership corporation shall make the list of members available at the meeting, and a member or the member's agent may inspect the list at any time during the meeting or any adjournment.

(4) If a membership corporation refuses to allow a member or the member's agent to inspect the list of members before or at the meeting or copy the list as permitted by subsection (2) of this section, then the court, on application of the member, may:

(a) Summarily order the inspection or copying at the corporation's expense;

(b) Postpone the meeting for which the list was prepared until the inspection or copying is complete;

(c) Order the corporation to pay the member's costs including reasonable attorneys' fees incurred to obtain the order; and

(d) Order other appropriate relief.

(5) Refusal or failure to prepare or make available the list of members does not affect the validity of action taken at the meeting.

(6) Instead of making the list of members available as provided in subsection (2) of this section, a membership corporation may state in a notice of meeting that the corporation has elected to proceed under this subsection. A member of a corporation that has elected to proceed under this subsection shall state in the member's demand for inspection a proper purpose for inspection. Within ten business days after receiving a demand under this subsection, the corporation shall deliver to the member making the demand an offer of a reasonable alternative method of achieving the purpose identified in the demand without providing access to or a copy of the list of members. An alternative method that reasonably and in a timely manner accomplishes the proper purpose set forth in the demand relieves the corporation from making the list of members available under subsection (4) (b) of this section, unless within a reasonable time after acceptance of the offer the corporation fails to do the things it offered to do. Any rejection of the corporation's offer must be in the form of a record and indicate the reasons the alternative proposed by the corporation does not meet the proper purpose of the demand.

NEW SECTION. Sec. 2305. NOTICE OF MEMBERSHIP MEETING. (1) A membership corporation shall give notice to the members of the date, time, and place of each annual, regular, or special meeting of the members. Except as provided under subsection (6) of this section, the notice must be given in the form of a record no fewer than ten nor more than sixty days before the meeting date. Except as provided in this chapter, the articles, or the bylaws, the corporation is only required to give notice to members entitled to vote at the meeting.

(2) Unless this chapter, the articles, or the bylaws require otherwise, notice of an annual or regular meeting need not include a description of the purpose for which the meeting is called.

(3) Notice of a special meeting shall include a description of the purpose for which the meeting is called.

(4) If not otherwise fixed under section 2303 or 2307 of this act, the

record date for determining members entitled to notice of and to vote at an annual or special meeting of the members is the day before the first notice is given to members.

(5) Unless the articles or bylaws require otherwise, if an annual, regular, or special meeting of the members is adjourned to a different date, time, or place, notice need not be given of the new date, time, or place if the new date, time, or place is announced at the meeting before adjournment. If a new record date for the adjourned meeting is or is required to be fixed under section 2307 of this act, then the corporation shall give notice of the adjourned meeting to the members entitled to vote on the new record date.

(6) Notice of regular meetings other than the annual meeting may be made by providing each member with the adopted schedule of regular meetings for the ensuing year in the form of a record at any time after the annual meeting and ten days before the next succeeding regular meeting and at any time requested by a member or by any other notice prescribed by the bylaws.

(7) Whenever notice would otherwise be required to be given under any provision of this chapter to a member, the notice need not be given if notice of two consecutive annual meetings, and all notices of meetings during the period between those two consecutive annual meetings, have been returned undeliverable or could not be delivered. If a member delivers to the nonprofit corporation a notice setting forth the member's then current address, then the requirement that notice be given to that member is reinstated.

NEW SECTION. Sec. 2306. WAIVER OF NOTICE. (1) A member may waive any notice required by this chapter, the articles, or the bylaws no more than sixty days before or sixty days after the date and time stated in the notice or of the meeting or action. The waiver must be in the form of a record, be executed by the member entitled to the notice, and be delivered to the membership corporation for inclusion in the minutes or filing with the corporate records.

(2) The attendance of a member at a meeting:

(a) Waives objection to lack of notice or defective notice of the meeting, unless the member at the beginning of the

meeting or immediately upon arrival at the meeting objects to holding the meeting or transacting business at the meeting; and

(b) Waives objection to consideration of a particular matter at the meeting that is not within the purpose described in the meeting notice, unless the member objects at the meeting to considering the matter.

NEW SECTION. Sec. 2307. RECORD DATE.

(1) The articles or bylaws may fix or provide the manner of fixing the record date to determine the members entitled to notice of a meeting of the members, to demand a special meeting, to vote, or to take any other action. If the articles or bylaws do not fix or provide for fixing a record date, then the board of the membership corporation may fix a future date as the record date.

(2) A record date fixed under this section may not be more than seventy days before the meeting or action requiring a determination of members.

(3) A determination of members entitled to notice of or to vote at a meeting of the members is effective for any adjournment of the meeting unless the board fixes a new record date, which it shall do if the meeting is adjourned to a date more than one hundred twenty days after the date fixed for the original meeting.

(4) If the court orders a meeting adjourned to a date more than one hundred twenty days after the date fixed for the original meeting, then it may provide that the original record date continues in effect or it may fix a new record date.

NEW SECTION. Sec. 2308. CONDUCT OF MEETING. (1) At each meeting of members, an individual shall preside as chair. The chair is appointed and may be removed:

(a) As provided in the articles or bylaws;

(b) In the absence of a provision in the articles or bylaws, by the board; or

(c) In the absence of both a provision in the articles or bylaws and an appointment by the board, by the members at the meeting.

(2) Except as provided in the articles or bylaws or by resolution of the board, the chair determines the order of business and has the authority to

establish rules for the order and conduct of the meeting.

(3) Any rules established for the order and conduct of the meeting pursuant to subsection (2) of this section must be fair to the members.

(4) Except as provided in the articles or bylaws or by resolution of the board:

(a) The chair of the meeting shall announce at the meeting when the polls close for each matter voted upon.

(b) If no announcement is made, then the polls are deemed to have closed upon the final adjournment of the meeting.

(c) After the polls close, no ballots, proxies, or votes, nor any otherwise permissible revocations or changes thereto may be accepted.

NEW SECTION. Sec. 2309. PROXIES. (1) Except as provided in the articles or bylaws, a member may not vote by proxy.

(2) If the articles or bylaws allow members to vote by proxy, then the following procedure applies unless the articles or bylaws provide otherwise:

(a) A member or the member's agent or attorney-in-fact may appoint a proxy to vote or otherwise act for the member by executing an appointment form in the form of a record. An appointment form must contain or be accompanied by information from which it can be determined that the member or the member's agent or attorney-in-fact authorized the appointment of the proxy.

(b) An appointment of a proxy is effective when an executed appointment in the form of a record is received by the inspectors of election, the officer or agent of the membership corporation authorized to tabulate votes, or the secretary. An appointment is valid for eleven months unless a shorter or longer period is expressly provided in the appointment form.

(c) The death or incapacity of the member appointing a proxy does not affect the right of the membership corporation to accept the proxy's authority unless notice of the death or incapacity is received by the inspectors of election, the officer or agent authorized to tabulate votes, or the secretary before the proxy exercises his or her authority under the appointment.

(d) A membership corporation may accept the proxy's vote or other action

as that of the member making the appointment, subject to section 2314 of this act and to any express limitation on the proxy's authority stated in the appointment form.

(e) A proxy may be revoked by a member by delivering notice in the form of a record to the corporation before the corporation has relied upon the proxy.

NEW SECTION. **Sec. 2310.** VOTING ENTITLEMENT OF MEMBERS. Except as provided in the articles or bylaws, each member is entitled to one vote on each matter on which the articles or bylaws entitle the members of the class of members to which the member belongs to vote.

NEW SECTION. **Sec. 2311.** MEMBERSHIP QUORUM AND VOTING REQUIREMENTS. (1) Members may take action at a meeting on matters with respect to which all of the members are entitled to vote only if a quorum of the members is present. Except as provided in the articles or the bylaws, ten percent of the votes entitled to be cast at a meeting of the members constitutes a quorum with respect to those matters.

(2) Members entitled to vote as a separate voting group may take action on a matter at a meeting only if a quorum of those members is present with respect to that matter. Except as provided in the articles or bylaws, ten percent of the votes entitled to be cast on the matter by the voting group constitutes a quorum of that voting group for action on that matter.

(3) Once a member is represented for any purpose at a meeting, the member is deemed present for quorum purposes for the remainder of the meeting and for any adjournment of that meeting unless a new record date is or is required to be set for that adjourned meeting.

(4) If a quorum is present, then action on a matter other than the election of directors by a voting group is approved if the votes cast within the voting group favoring the action exceed the votes cast opposing the action, unless the articles, bylaws, or applicable law require a greater number of affirmative votes.

(5) An amendment of the articles or bylaws adding, changing, or deleting a quorum or voting requirement for a voting group greater than specified in subsection (2) or (4) of this section is governed by section 2312 of this act.

(6) If a meeting cannot be organized because a quorum of members entitled to vote is not present, then those members present may adjourn the meeting to such a time and place as they may determine. When a meeting that has been adjourned for lack of a quorum is reconvened, those members present, although less than a quorum as fixed in this section, the articles, or the bylaws, nonetheless constitute a quorum, if notice of the time and place of the reconvened meeting is provided by electronic transmission or in person to the members entitled to vote at least twenty-four hours before the reconvened meeting, or by other methods pursuant to the requirements and procedures set forth in section 2305 of this act. The articles or the bylaws may, however, permit the reconvening of a meeting without notice, by means of a provision that makes explicit reference to elimination of the notice requirement that would otherwise apply under this section.

(7) The election of directors is governed by section 2313 of this act.

NEW SECTION. **Sec. 2312.** DIFFERING QUORUM AND VOTING REQUIREMENTS. (1) The articles or bylaws may provide for a higher or lower quorum or higher voting requirement for members or voting groups of members than is provided for by this chapter, either generally or with respect to specific matters.

(2) An amendment to the articles or bylaws that adds, changes, or deletes a greater quorum or voting requirement must meet the same quorum requirement and be adopted by the same vote and voting groups required to take action under the quorum and voting requirements then in effect.

NEW SECTION. **Sec. 2313.** VOTING FOR DIRECTORS. (1) Except as provided in the articles or bylaws, directors of a membership corporation are elected by a plurality of the votes cast by the members entitled to vote in the election at a meeting at which a quorum is present.

(2) Except as provided in the articles or bylaws, or under subsection (3) of this section, members do not have a right to cumulate their votes for directors.

(3) Members of a nonprofit corporation who were entitled to cumulate their votes for the election of directors on the effective date of this chapter continue to be entitled to cumulate their votes

for the election of directors until otherwise provided in the articles or bylaws of the corporation.

NEW SECTION. Sec. 2314. ACCEPTANCE OF BALLOTS, CONSENTS, WAIVERS, OR PROXIES. (1) If the name signed on a ballot, consent, waiver, or proxy appointment corresponds to the name of a member, then the membership corporation if acting in good faith may accept the ballot, consent, waiver, or proxy appointment and give it effect as the act of the member.

(2) If the name signed on a ballot, consent, waiver, or proxy appointment does not correspond to the name of its member, then the membership corporation if acting in good faith is nevertheless entitled to accept the ballot, consent, waiver, or proxy appointment and give it effect as the act of the member if:

(a) The member is an entity and the name signed purports to be that of an officer or agent of the entity;

(b) The name signed purports to be that of an administrator, executor, guardian, or conservator representing the member and, if the corporation requests, evidence of fiduciary status acceptable to the corporation has been presented with respect to the ballot, consent, waiver, or proxy appointment;

(c) The name signed purports to be that of a receiver or trustee in bankruptcy of the member and, if the corporation requests, evidence of this status acceptable to the corporation has been presented with respect to the ballot, consent, waiver, or proxy appointment;
