SUBSTITUTE HOUSE BILL NO. 3188 was read the second time.

Representative Conway moved the adoption of amendment (1210):

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 51.08.177 and 1986 c 9 s 3 are each amended to read as follows:

"Successor" means any person to whom a taxpayer quitting, selling out, exchanging, or disposing of a business sells or otherwise conveys, directly or indirectly, in bulk and not in the ordinary course of the taxpayer's business, a major part of the ~~((materials, supplies, merchandise, inventory, fixtures, or equipment))~~ property, whether real or personal, tangible or intangible, of the taxpayer.

Sec. 2. RCW 51.12.070 and 1981 c 128 s 4 are each amended to read as follows:

The provisions of this title ~~((shall))~~ apply to all work done by contract; the person, firm, or corporation who lets a contract for such work ~~((shall be))~~ is responsible primarily and directly for all premiums upon the work. The contractor and any subcontractor ~~((shall be))~~ are subject to the provisions of this title and the person, firm, or corporation letting the contract ~~((shall be))~~ is entitled to collect from the contractor the full amount payable in premiums and the contractor in turn ~~((shall be))~~ is entitled to collect from the subcontractor his or her proportionate amount of the payment.

For the purposes of this section, a contractor registered under chapter 18.27 RCW or licensed under chapter 19.28 RCW ~~((shall not be))~~ is not responsible for any premiums upon the work of any subcontractor if:

(1) The subcontractor is currently engaging in a business which is registered under chapter 18.27 RCW or licensed under chapter 19.28 RCW;

(2) The subcontractor has a principal place of business which would be eligible for a business deduction for internal revenue service tax purposes other than that furnished by the contractor for which the business has contracted to furnish services;

(3) The subcontractor maintains a separate set of books or records that reflect all items of income and expenses of the business; ~~((and))~~

(4) The subcontractor has contracted to perform:

(a) The work of a contractor as defined in RCW 18.27.010; or

(b) The work of installing wires or equipment to convey electric current or installing apparatus to be operated by such current as it pertains to the electrical industry as described in chapter 19.28 RCW; and

(5) The subcontractor has an industrial insurance account in good standing with the department or is a self-insurer. For the purposes of this subsection, a contractor may consider a subcontractor's account to be in good standing if, within a year prior to letting the contract or master service agreement, and at least once a year

thereafter, the contractor has verified with the department that the account is in good standing and the contractor has not received written notice from the department that the subcontractor's account status has changed. Acceptable documentation of verification includes a department document which includes an issued date or a dated printout of information from the department's internet web site showing a subcontractor's good standing. The department shall develop an approach to provide contractors with verification of the date of inquiries validating that the subcontractor's account is in good standing.

It ~~((shall be))~~ is unlawful for any county, city, or town to issue a construction building permit to any person who has not submitted to the department an estimate of payroll and paid premium thereon as provided by chapter 51.16 RCW of this title or proof ~~((that such person has qualified))~~ of qualification as a self-insurer.

NEW SECTION. Sec. 3. A new section is added to chapter 51.48 RCW to read as follows:

(1) Upon termination, dissolution, or abandonment of a corporate or limited liability company business, any officer, member, manager, or other person having control or supervision of payment and/or reporting of industrial insurance, or who is charged with the responsibility for the filing of returns, is personally liable for any unpaid premiums and interest and penalties on those premiums if such officer or other person willfully fails to pay or to cause to be paid any premiums due the department under chapter 51.16 RCW.

For purposes of this subsection "willfully fails to pay or to cause to be paid" means that the failure was the result of an intentional, conscious, and voluntary course of action.

(2) The officer, member, manager, or other person is liable only for premiums that became due during the period he or she had the control, supervision, responsibility, or duty to act for the corporation described in subsection (1) of this section, plus interest and penalties on those premiums.

(3) The officer, member, manager, or other person is not liable if that person is not exempt from mandatory coverage under RCW 51.12.020 and was directed not to pay the employer's premiums by someone who is exempt.

(4) The officer, member, manager, or other person is not liable if all of the assets of the corporation or limited liability company have been applied to its debts through bankruptcy or receivership.

(5) Any person having been issued a notice of assessment under this section is entitled to the appeal procedures under RCW 51.48.131.

(6) This section does not relieve the corporation or limited liability company of its liabilities under Title 51 RCW or otherwise impair other tax collection remedies afforded by law.

(7) Collection authority and procedures prescribed in this chapter apply to collections under this section.

NEW SECTION. Sec. 4. A new section is added to chapter 51.16 RCW to read as follows:

The department shall, working with business associations and other employer and employee groups when practical, publish information and provide training to promote understanding of the premium liability that may be incurred under this chapter.

NEW SECTION. Sec. 5. A new section is added to chapter 51.48 RCW to read as follows:

The department shall, working with business associations and other employer and employee groups when practical, publish information and provide training to promote understanding of the premium liability that may be incurred under this chapter.

Sec. 6. RCW 51.36.110 and 1994 c 154 s 312 are each amended to read as follows:

The director of the department of labor and industries or the director's authorized representative shall have the authority to:

(1) Conduct audits and investigations of providers of medical, chiropractic, dental, vocational, and other health services furnished to industrially injured workers pursuant to Title 51 RCW. In the conduct of such audits or investigations, the director or the director's authorized representatives may examine all records, or portions thereof, including patient records, for which services were rendered by a health services provider and reimbursed by the department, notwithstanding the provisions of any other statute which may make or purport to make such records privileged or confidential: PROVIDED, That no original patient records shall be removed from the premises of the health services provider, and that the disclosure of any records or information obtained under authority of this section by the department of labor and industries is prohibited and constitutes a violation of RCW 42.52.050, unless such disclosure is directly connected to the official duties of the department: AND PROVIDED FURTHER, That the disclosure of patient information as required under this section shall not subject any physician or other health services provider to any liability for breach of any confidential relationships between the provider and the patient: AND PROVIDED FURTHER, That the director or the director's authorized representative shall destroy all copies of patient medical records in their possession upon completion of the audit, investigation, or proceedings;

(2) Approve or deny applications to participate as a provider of services furnished to industrially injured workers pursuant to Title 51 RCW; ~~((and))~~

(3) Terminate or suspend eligibility to participate as a provider of services furnished to industrially injured workers pursuant to Title 51 RCW; and

(4) Pursue collection of unpaid overpayments and/or penalties plus interest accrued from health care providers pursuant to RCW 51.32.240(6).

Sec. 7. RCW 51.32.240 and 2001 c 146 s 10 are each amended to read as follows:

(1)(a) Whenever any payment of benefits under this title is made because of clerical error, mistake of identity, innocent misrepresentation by or on behalf of the recipient thereof mistakenly acted upon, or any other circumstance of a similar nature, all not induced by ~~((fraud))~~ willful misrepresentation, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The department or self-insurer, as the case may be, must make claim for such repayment or recoupment within one year of the making of any such payment or it will be deemed any claim therefor has been waived.

(b) Except as provided in subsections (3), (4), and (5) of this section, the department may only assess an overpayment of benefits because of adjudicator error when the order upon which the overpayment is based is not yet final as provided in RCW 51.52.050 and 51.52.060. "Adjudicator error" includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(c) The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his discretion to waive, in whole or in part, the amount of any such timely claim where the recovery would be against equity and good conscience.

(2) Whenever the department or self-insurer fails to pay benefits because of clerical error, mistake of identity, or innocent misrepresentation, all not induced by recipient ~~((fraud))~~ willful misrepresentation, the recipient may request an adjustment of benefits to be paid from the state fund or by the self-insurer, as the case may be, subject to the following:

(a) The recipient must request an adjustment in benefits within one year from the date of the incorrect payment or it will be deemed any claim therefore has been waived.

(b) The recipient may not seek an adjustment of benefits because of adjudicator error. Adjustments due to adjudicator error are addressed by the filing of a written request for reconsideration with the department of labor and industries or an appeal with the board of industrial insurance appeals within sixty days from the date the order is communicated as provided in RCW 51.52.050. "Adjudicator error" includes the failure to consider information in the claim file, failure to secure adequate information, or an error in judgment.

(3) Whenever the department issues an order rejecting a claim for benefits paid pursuant to RCW 51.32.190 or 51.32.210, after payment for temporary disability benefits has been paid by a self-insurer pursuant to RCW 51.32.190(3) or by the department pursuant to RCW 51.32.210, the recipient thereof shall repay such benefits and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The director, under rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.

(4) Whenever any payment of benefits under this title has been made pursuant to an adjudication by the department or by order of the board or any court and timely appeal therefrom has been made where the final decision is that any such payment was made pursuant to an erroneous adjudication, the recipient thereof shall repay it and recoupment may be made from any future payments due to the recipient on any claim with the state fund or self-insurer, as the case may be. The director, pursuant to rules adopted in accordance with the procedures provided in the administrative procedure act, chapter 34.05 RCW, may exercise his discretion to waive, in whole or in part, the amount of any such payments where the recovery would be against equity and good conscience.

(5)(a) Whenever any payment of benefits under this title has been induced by ~~((fraud))~~ willful misrepresentation the recipient thereof shall repay any such payment together with a penalty of fifty percent of the total of any such payments and the amount of such total sum may be recouped from any future payments due to the recipient on any claim with the state fund or self-insurer against whom the ~~((fraud))~~ willful misrepresentation was committed, as the case may be, and the amount of such penalty shall be placed in the supplemental pension fund. Such repayment or recoupment must be demanded or ordered within three years of the discovery of the ~~((fraud))~~ willful misrepresentation.

(b) For purposes of this subsection (5), it is willful misrepresentation for a person to obtain payments or other benefits under this title in an amount greater than that to which the person otherwise would be entitled. Willful misrepresentation includes:

(i) Willful false statement; or

(ii) Willful misrepresentation, omission, or concealment of any material fact.

(c) For purposes of this subsection (5), "willful" means a conscious or deliberate false statement, misrepresentation, omission, or concealment of a material fact with the specific intent of obtaining, continuing, or increasing benefits under this title.

(d) For purposes of this subsection (5), failure to disclose a work-type activity must be willful in order for a misrepresentation to have occurred.

(e) For purposes of this subsection (5), a material fact is one which would result in additional, increased, or continued benefits, including but not limited to facts about physical restrictions, or work-type activities which

either result in wages or income or would be reasonably expected to do so. Wages or income include the receipt of any goods or services. For a work-type activity to be reasonably expected to result in wages or income, a pattern of repeated activity must exist. For those activities that would reasonably be expected to result in wages or produce income, but for which actual wage or income information cannot be reasonably determined, the department shall impute wages pursuant to RCW 51.08.178(4).

(6) The worker, beneficiary, or other person affected thereby shall have the right to contest an order assessing an overpayment pursuant to this section in the same manner and to the same extent as provided under RCW 51.52.050 and 51.52.060. In the event such an order becomes final under chapter 51.52 RCW and notwithstanding the provisions of subsections (1) through (5) of this section, the director, director's designee, or self-insurer may file with the clerk in any county within the state a warrant in the amount of the sum representing the unpaid overpayment and/or penalty plus interest accruing from the date the order became final. The clerk of the county in which the warrant is filed shall immediately designate a superior court cause number for such warrant and the clerk shall cause to be entered in the judgment docket under the superior court cause number assigned to the warrant, the name of the worker, beneficiary, or other person mentioned in the warrant, the amount of the unpaid overpayment and/or penalty plus interest accrued, and the date the warrant was filed. The amount of the warrant as docketed shall become a lien upon the title to and interest in all real and personal property of the worker, beneficiary, or other person against whom the warrant is issued, the same as a judgment in a civil case docketed in the office of such clerk. The sheriff shall then proceed in the same manner and with like effect as prescribed by law with respect to execution or other process issued against rights or property upon judgment in the superior court. Such warrant so docketed shall be sufficient to support the issuance of writs of garnishment in favor of the department or self-insurer in the manner provided by law in the case of judgment, wholly or partially unsatisfied. The clerk of the court shall be entitled to a filing fee under RCW 36.18.012(10), which shall be added to the amount of the warrant. A copy of such warrant shall be mailed to the worker, beneficiary, or other person within three days of filing with the clerk.

The director, director's designee, or self-insurer may issue to any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, a notice to withhold and deliver property of any kind if there is reason to believe that there is in the possession of such person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state, property that is due, owing, or belonging to any worker, beneficiary, or other person upon whom a warrant has been served for payments due the department or self-insurer. The notice and order to withhold and deliver shall be served by certified mail accompanied by an affidavit of service by mailing or served by the sheriff of the county, or by the sheriff's deputy, or by any authorized representative of the director, director's designee, or self-insurer. Any person, firm, corporation, municipal corporation, political subdivision of the state, public corporation, or agency of the state upon whom service has been made shall answer the notice within twenty days exclusive of the day of service, under oath and in writing, and shall make true answers to the matters inquired or in the notice and order to withhold and deliver. In the event there is in the possession of the party named and served with such notice and order, any property that may be subject to the claim of the department or self-insurer, such property shall be delivered forthwith to the director, the director's authorized representative, or self-insurer upon demand. If the party served and named in the notice and order fails to answer the notice and order within the time prescribed in this section, the court may, after the time to answer such order has expired, render judgment by default against the party named in the notice for the full amount, plus costs, claimed by the director, director's designee, or self-insurer in the notice. In the event that a notice to withhold and deliver is served upon an employer and the property found to be subject thereto is wages, the employer may assert in the answer all exemptions provided for by chapter 6.27 RCW to which the wage earner may be entitled.

This subsection shall only apply to orders assessing an overpayment which are issued on or after July 28, 1991: PROVIDED, That this subsection shall apply retroactively to all orders assessing an overpayment resulting from fraud, civil or criminal.

(7) Orders assessing an overpayment which are issued on or after July 28, 1991, shall include a conspicuous notice of the collection methods available to the department or self-insurer.

Sec. 8. RCW 51.52.050 and 1987 c 151 s 1 are each amended to read as follows:

Whenever the department has made any order, decision, or award, it shall promptly serve the worker, beneficiary, employer, or other person affected thereby, with a copy thereof by mail, which shall be addressed to such person at his or her last known address as shown by the records of the department. The copy, in case the same is a final order, decision, or award, shall bear on the same side of the same page on which is found the amount of the award, a statement, set in black faced type of at least ten point body or size, that such final order, decision, or award shall become final within sixty days from the date the order is communicated to the parties unless a written request for reconsideration is filed with the department of labor and industries, Olympia, or an appeal is filed with the board of industrial insurance appeals, Olympia: PROVIDED, That a department order or decision making demand, whether with or without penalty, for repayment of sums paid to a provider of medical, dental, vocational, or other health services rendered to an industrially injured worker, shall state that such order or decision shall become final within twenty days from the date the order or decision is communicated to the

parties unless a written request for reconsideration is filed with the department of labor and industries, Olympia, or an appeal is filed with the board of industrial insurance appeals, Olympia.

Whenever the department has taken any action or made any decision relating to any phase of the administration of this title the worker, beneficiary, employer, or other person aggrieved thereby may request reconsideration of the department, or may appeal to the board. In an appeal before the board, the appellant shall have the burden of proceeding with the evidence to establish a prima facie case for the relief sought in such appeal: PROVIDED, That in an appeal from an order of the department that alleges (~~fraud~~) willful misrepresentation, the department or self-insured employer shall initially introduce all evidence in its case in chief. Any such person aggrieved by the decision and order of the board may thereafter appeal to the superior court, as prescribed in this chapter.

NEW SECTION. **Sec. 9.** Section 7 of this act applies to willful misrepresentation determinations issued on or after July 1, 2004.

NEW SECTION. **Sec. 10.** The department shall adopt rules to implement this act."

On page 1, line 2 of the title, after "penalties;" strike the remainder of the title and insert "amending RCW 51.08.177, 51.12.070, 51.36.110, 51.32.240, and 51.52.050; adding new sections to chapter 51.48 RCW; adding a new section to chapter 51.16 RCW; and creating new sections."

Representatives Conway and Condotta spoke in favor of the adoption of the amendment.

The amendment was adopted. The bill was ordered engrossed.

There being no objection, the rules were suspended, the second reading considered the third and the bill was placed on final passage.

Representatives Conway and Condotta spoke in favor of passage of the bill.

COLLOQUY

Representative Condotta: "Is it the intent of this legislation to penalize an injured worker who is exploring another type of work activity and for which he or she receives no income or wages?"

Representative Conway: "No. The legislation is not intended to apply to a worker (1) who explores a job for a short period of time to determine whether he or she can do the job, and (2) who is not receiving wages, income of any sort, including anything of value, and (3) who is exploring the job with a business in which the individual, or his or her family, has no financial interest.

Accordingly, an individual who goes to a friend's business for a short time to learn what a customer service representative does, who observes the work of a customer service representative, and who attempts to perform that work but receives no compensation, income, goods, or services in return for his or her work should not be charged by the Department with the willful misrepresentation of a material fact to obtain payments or other benefits in an amount greater than that to which the individual would otherwise be entitled."

MOTION

On motion of Representative Clements, Representative Hinkle was excused.

The Speaker stated the question before the House to be the final passage of Engrossed Substitute House Bill No. 3188.

The board of cemetery commissioners shall have no authority to contract indebtedness in any year in excess of the aggregate amount of the currently levied taxes, which annual tax levy for cemetery district purposes shall not exceed eleven and one-quarter cents per thousand dollars of assessed valuation and the tax levy amount authorized in RCW 84.52.130.

In the case of a (~~school district~~) proposition for a particular period, the dollar amount and the corresponding estimate of the dollar rate of tax levy shall be set forth for each of the years in that period. The dollar amount for each annual levy in the particular period may be equal or in different amounts.

Once additional tax levies have been authorized for maintenance and operation support of a ((fire protection)) district for a two-year through four-year period, no further additional tax levies for maintenance and operation support of the district for that period may be authorized under this title.

A special election may be called and the time fixed by the ((fire protection district commissioners,)) district governing body by giving notice by publication in the manner provided by law for giving notices of general elections, at which special election the proposition authorizing the excess levy shall be submitted in a form as to enable the voters favoring the proposition to vote "yes" and those opposed to vote "no."

SENATE AMENDMENTS TO HOUSE BILL

March 10, 2004

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2400, with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that sex offenses against children are among the most heinous of crimes and that the legislature has a paramount duty to protect children from victimization by sex offenders. Sentencing policy in Washington state should ensure that punishment of sex offenders is pursued to the extent that such punishment does not jeopardize the safety of children or hinder the successful prosecution of sex offenses against children.

The legislature finds that offenders with the most serious sex offenses against children including, but not limited to, rape in the first and second degree, rape of a child in the first and second degree, child molestation in the first degree, indecent liberties with forcible compulsion, and kidnapping in the first or second degree with a sexual motivation should be subject to life sentences. The legislature finds that since September of 2001, these and other most serious sex offenses have been subject to life sentences under a determinate-plus sentencing structure. Those offenders who are more likely than not to reoffend are kept in prison and those who present a low risk to reoffend are released under supervision for the remainder of their life and may be reincarcerated for serious violations that do not constitute a new sex offense. The legislature further finds that persons subject to determinate-plus sentencing who receive a special sex offender sentencing alternative sentence that is subsequently revoked are subject to life sentences as if they had not received a sentencing alternative. The legislature also finds that these offenders' failure in treatment is likely to make it harder for them to receive a release from prison to lifetime community custody. The legislature intends to reiterate its commitment to life

sentences for these offenders by reenacting the law on seriousness levels of offenses and determinate-plus sentencing that sets the minimum sentence levels for these offenders.

(2) The legislature also finds that the special sex offender sentencing alternative was enacted in 1984 to protect victims of sexual assault. A 1991 evaluation of the effectiveness of the sentencing alternative concluded that it accurately selected sex offenders who, with supervision and treatment, reoffend at lower rates and that the use of the sentencing alternative does not increase risk to the community. Today, strong support for the special sex offender sentencing alternative continues among advocates for children who are victims of sexual assault and prosecutors who prosecute sex offenses against children.

(3) The legislature further finds that several weaknesses in the structure and administration of the special sex offender sentencing alternative have been identified and should be addressed. In addition, a comprehensive analysis and evaluation of the special sex offender sentencing alternative is needed to ensure that efforts to reform the sentencing alternative do not result in jeopardizing the safety of children or hindering the successful prosecution of sex offenses against children.

(4) The legislature intends to protect children from victimization by sex offenders by taking immediate action to make changes in the special sex offender sentencing alternative to address perceived weaknesses in the program, and thoroughly evaluating its effectiveness to determine whether additional changes are needed to further increase the protection of children from victimization by sex offenders.

Sec. 3. RCW 9.94A.712 and 2001 2nd sp.s. c 12 s 303 are each reenacted to read as follows:

(1) An offender who is not a persistent offender shall be sentenced under this section if the offender:

(a) Is convicted of:

(i) Rape in the first degree, rape in the second degree, rape of a child in the first degree, child molestation in the first degree, rape of a child in the second degree, or indecent liberties by forcible compulsion;

(ii) Any of the following offenses with a finding of sexual motivation: Murder in the first degree, murder in the second degree, homicide by abuse, kidnapping in the first degree, kidnapping in the second degree, assault in the first degree, assault in the second degree, assault of a child in the first degree, or burglary in the first degree; or

(iii) An attempt to commit any crime listed in this subsection (1)(a); committed on or after September 1, 2001; or

(b) Has a prior conviction for an offense listed in RCW 9.94A.030(32)(b), and is convicted of any sex offense which was committed after September 1, 2001.

For purposes of this subsection (1)(b), failure to register is not a sex offense.

(2) An offender convicted of rape of a child in the first or second degree or child molestation in the first degree who was seventeen years of age or younger at the time of the offense shall not be sentenced under this section.

(3) Upon a finding that the offender is subject to sentencing under this section, the court shall impose a sentence to a maximum term consisting of the statutory maximum sentence for the offense and a minimum term either within the standard sentence range for the offense, or outside the standard sentence range pursuant to RCW 9.94A.535, if the offender is otherwise eligible for such a sentence.

(4) A person sentenced under subsection (3) of this section shall serve the sentence in a facility or institution operated, or utilized under contract, by the state.

(5) When a court sentences a person to the custody of the department under this section, the court shall, in addition to the other terms of the sentence, sentence the offender to community custody under the supervision of the department and the authority of the board for any period of time the person is released from total confinement before the expiration of the maximum sentence.

(6)(a) Unless a condition is waived by the court, the conditions of community custody shall include those provided for in RCW 9.94A.700(4). The conditions may also include those provided for in RCW 9.94A.700(5). The court may also order the offender to participate in rehabilitative programs or otherwise perform affirmative conduct reasonably related to the circumstances of the offense, the offender's risk of reoffending, or the safety of the community, and the department and the board shall enforce such conditions pursuant to RCW 9.94A.713, 9.95.425, and 9.95.430.

(b) As part of any sentence under this section, the court shall also require the offender to comply with any conditions imposed by the board under RCW 9.94A.713 and 9.95.420 through 9.95.435.

Sec. 4. RCW 9.94A.670 and 2002 c 175 s 11 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply to this section only.

(a) "Sex offender treatment provider" or "treatment provider" means a certified sex offender treatment provider as defined in RCW 18.155.020.

(b) "Substantial bodily harm" means bodily injury that involves a temporary but substantial disfigurement, or that causes a temporary but substantial loss or impairment of the function of any body part or organ, or that causes a fracture of any body part or organ.

(c) "Victim" means any person who has sustained emotional, psychological, physical, or financial injury to person or property as a result of the crime charged. "Victim" also means a parent or guardian of a victim who is a minor child unless the parent or guardian is the perpetrator of the offense.

(2) An offender is eligible for the special sex offender sentencing alternative if:

(a) The offender has been convicted of a sex offense other than a violation of RCW 9A.44.050 or a sex offense that is also a serious violent offense;

(b) The offender has no prior convictions for a sex offense as defined in RCW 9.94A.030 or any other felony sex offenses in this or any other state; ~~(and)~~

(c) The offender has no prior adult convictions for a violent offense that was committed within five years of the date the current offense was committed;

(d) The offense did not result in substantial bodily harm to the victim;

(e) The offender had an established relationship with, or connection to, the victim such that the sole connection with the victim was not the commission of the crime; and

(f) The offender's standard sentence range for the offense includes the possibility of confinement for less than eleven years.

(3) If the court finds the offender is eligible for this alternative, the court, on its own motion or the motion of the state or the offender, may order an examination to determine whether the offender is amenable to treatment.

(a) The report of the examination shall include at a minimum the following:

(i) The offender's version of the facts and the official version of the facts;

(ii) The offender's offense history;

(iii) An assessment of problems in addition to alleged deviant behaviors;

(iv) The offender's social and employment situation; and

(v) Other evaluation measures used.

The report shall set forth the sources of the examiner's information.

(b) The examiner shall assess and report regarding the offender's amenability to treatment and relative risk to the community. A proposed treatment plan shall be provided and shall include, at a minimum:

(i) Frequency and type of contact between offender and therapist;

(ii) Specific issues to be addressed in the treatment and description of planned treatment modalities;

(iii) Monitoring plans, including any requirements regarding living conditions, lifestyle requirements, and monitoring by family members and others;

(iv) Anticipated length of treatment; and

(v) Recommended crime-related prohibitions and affirmative conditions, which must include, to the extent known, an identification of specific activities or behaviors that are precursors to the offender's offense cycle, including, but not limited to, activities or behaviors such as viewing or listening to pornography or use of alcohol or controlled substances.

(c) The court on its own motion may order, or on a motion by the state shall order, a second examination regarding the offender's amenability to treatment. The examiner shall be selected by the party making the motion. The offender shall pay the cost of any second examination ordered unless the court finds the defendant to be indigent in which case the state shall pay the cost.

(4) After receipt of the reports, the court shall consider whether the offender and the community will benefit from use of this alternative, consider whether the alternative is too lenient in light of the extent and circumstances of the offense, consider whether the offender has victims in addition to the victim of the offense, consider whether the offender is amenable to treatment, consider the risk the offender would present to the community, to the victim, or to persons of similar age and circumstances as the victim, and consider the victim's opinion whether the offender should receive a treatment disposition under this section. The court shall give great weight to the victim's opinion whether the offender should receive a treatment disposition under this section. If the sentence imposed is contrary to the victim's opinion, the court shall enter written findings stating its reasons for imposing the treatment disposition. The fact that the offender admits to his or her offense does not, by itself, constitute amenability to treatment. If the court determines that this alternative is appropriate, the court shall then impose a sentence or, pursuant to RCW 9.94A.712, a minimum term of sentence, within the standard sentence range. If the sentence imposed is less than eleven years of confinement, the court may suspend the execution of the sentence and impose the following conditions of suspension:

(a) The court shall order the offender to serve a term of confinement of up to twelve months or the maximum term within the standard range, whichever is less. The court may order the offender to serve a term of confinement greater than twelve months or the maximum term within the standard range based on the presence of an aggravating circumstance listed in RCW 9.94A.535(2). In no case shall the term of confinement exceed the statutory maximum sentence for the offense. The court may order the offender to serve all or part of his or her term of confinement in partial confinement. An offender sentenced to a term of confinement under this subsection is not eligible for earned release under RCW 9.92.151 or 9.94A.728.

(b) The court shall place the offender on community custody for the length of the suspended sentence, the length of the maximum term imposed pursuant to RCW 9.94A.712, or three years, whichever is greater, and require the offender to comply with any conditions imposed by the department under RCW 9.94A.720.

~~((b))~~ (c) The court shall order treatment for any period up to ~~((three))~~ five years in duration. The court, in its discretion, shall order outpatient sex offender treatment or inpatient sex offender treatment, if available. A community mental health center may not be used for such treatment unless it has an appropriate program designed for sex offender treatment. The offender shall not change sex offender treatment providers or treatment conditions without first notifying the prosecutor, the community corrections officer, and the court. If any party or the court objects to a proposed change, the offender shall not change providers or conditions without court approval after a hearing.

(d) As conditions of the suspended sentence, the court shall impose specific prohibitions and affirmative conditions relating to the known precursor activities or behaviors identified in the proposed treatment plan under subsection (3)(b)(v) of this section or identified in an annual review under subsection (7)(b) of this section.

(5) As conditions of the suspended sentence, the court may impose one or more of the following:

- ~~((a))~~ ~~(Up to six months of confinement, not to exceed the sentence range of confinement for that offense;~~
~~((b))~~ Crime-related prohibitions;
~~((c))~~ (b) Require the offender to devote time to a specific employment or occupation;
~~((d))~~ (c) Require the offender to remain within prescribed geographical boundaries and notify the court or the community corrections officer prior to any change in the offender's address or employment;
~~((e))~~ (d) Require the offender to report as directed to the court and a community corrections officer;
~~((f))~~ (e) Require the offender to pay all court-ordered legal financial obligations as provided in RCW 9.94A.030;
~~((g))~~ (f) Require the offender to perform community restitution work; or
~~((h))~~ (g) Require the offender to reimburse the victim for the cost of any counseling required as a result of the offender's crime.

(6) At the time of sentencing, the court shall set a treatment termination hearing for three months prior to the anticipated date for completion of treatment.

(7)(a) The sex offender treatment provider shall submit quarterly reports on the offender's progress in treatment to the court and the parties. The report shall reference the treatment plan and include at a minimum the following: Dates of attendance, offender's compliance with requirements, treatment activities, the offender's relative progress in treatment, and any other material specified by the court at sentencing.

(b) The court shall conduct a hearing on the offender's progress in treatment at least once a year. At least fourteen days prior to the hearing, notice of the hearing shall be given to the victim. The victim shall be given the opportunity to make statements to the court regarding the offender's supervision and treatment. At the hearing, the court may modify conditions of community custody including, but not limited to, crime-related prohibitions and affirmative conditions relating to activities and behaviors identified as part of, or relating to precursor activities and behaviors in, the offender's offense cycle or revoke the suspended sentence.

(8) At least fourteen days prior to the treatment termination hearing, notice of the hearing shall be given to the victim. The victim shall be given the opportunity to make statements to the court regarding the offender's supervision and treatment. Prior to the treatment termination hearing, the treatment provider and community corrections officer shall submit written reports to the court and parties regarding the offender's compliance with treatment and monitoring requirements, and recommendations regarding termination from treatment, including proposed community custody conditions. ~~((Either party may request, and the court may order, another evaluation~~

~~regarding the advisability of termination from treatment. The offender shall pay the cost of any additional evaluation ordered unless the court finds the offender to be indigent in which case the state shall pay the cost.)~~
The court may order an evaluation regarding the advisability of termination from treatment by a sex offender treatment provider who may not be the same person who treated the offender under subsection (4) of this section or any person who employs, is employed by, or shares profits with the person who treated the offender under subsection (4) of this section unless the court has entered written findings that such evaluation is in the best interest of the victim and that a successful evaluation of the offender would otherwise be impractical. The offender shall pay the cost of the evaluation. At the treatment termination hearing the court may: (a) Modify conditions of community custody, and either (b) terminate treatment, or (c) extend treatment in two-year increments for up to the remaining period of community custody.

(9)(a) If a violation of conditions other than a second violation of the prohibitions or affirmative conditions relating to precursor behaviors or activities imposed under subsection (4)(d) or (7)(b) of this section occurs during community custody, the department shall either impose sanctions as provided for in RCW 9.94A.737(2)(a) or refer the violation to the court and recommend revocation of the suspended sentence as provided for in subsections (6) and (8) of this section.

(b) If a second violation of the prohibitions or affirmative conditions relating to precursor behaviors or activities imposed under subsection (4)(d) or (7)(b) of this section occurs during community custody, the department shall refer the violation to the court and recommend revocation of the suspended sentence as provided in subsection (10) of this section.

(10) The court may revoke the suspended sentence at any time during the period of community custody and order execution of the sentence if: (a) The offender violates the conditions of the suspended sentence, or (b) the court finds that the offender is failing to make satisfactory progress in treatment. All confinement time served during the period of community custody shall be credited to the offender if the suspended sentence is revoked.

(11) The offender's sex offender treatment provider may not be the same person who examined the offender under subsection (3) of this section or any person who employs, is employed by, or shares profits with the person who examined the offender under subsection (3) of this section, unless the court has entered written findings that such treatment is in the best interests of the victim and that successful treatment of the offender would otherwise be impractical. Examinations and treatment ordered pursuant to this subsection shall only be conducted by sex offender treatment providers certified by the department of health pursuant to chapter 18.155 RCW unless the court finds that:

(a) The offender has already moved to another state or plans to move to another state for reasons other than circumventing the certification requirements; or

(b)(i) No certified providers are available for treatment within a reasonable geographical distance of the offender's home; and

(ii) The evaluation and treatment plan comply with this section and the rules adopted by the department of health.

(12) If the offender is less than eighteen years of age when the charge is filed, the state shall pay for the cost of initial evaluation and treatment.

Sec. 5. RCW 9.92.151 and 1990 c 3 s 201 are each amended to read as follows:

(1) Except as provided in subsection (2) of this section, the sentence of a prisoner confined in a county jail facility for a felony, gross misdemeanor, or misdemeanor conviction may be reduced by earned release credits in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction. The earned early release time shall be for good behavior and good performance as determined by the correctional agency having jurisdiction. Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. The correctional agency shall not credit the offender with earned early release credits in advance of the offender actually earning the credits. In the case of an offender convicted of a serious violent offense or a sex offense that is a class A felony committed on or after July 1, 1990, the aggregate earned early release time may not exceed fifteen percent of the sentence. In no other case may the aggregate earned early release time exceed one-third of the total sentence.

(2) An offender serving a term of confinement imposed under RCW 9.94A.670(4)(a) is not eligible for earned release credits under this section.

Sec. 6. RCW 9.94A.728 and 2003 c 379 s 1 are each amended to read as follows:

No person serving a sentence imposed pursuant to this chapter and committed to the custody of the department shall leave the confines of the correctional facility or be released prior to the expiration of the sentence except as follows:

(1) Except as otherwise provided for in subsection (2) of this section, the term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits. Any

program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the amount of earned release time. An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(a) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence. In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(d) The department may deny transfer to community custody status in lieu of earned release time pursuant to subsection (1) of this section if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody or community placement;

The secretary shall specify who shall provide the monitoring services and the terms under which the monitoring shall be performed.

(d) The secretary may revoke an extraordinary medical placement under this subsection at any time;

(5) The governor, upon recommendation from the clemency and pardons board, may grant an extraordinary release for reasons of serious health problems, senility, advanced age, extraordinary meritorious acts, or other extraordinary circumstances;

Notwithstanding any other provisions of this section, an offender sentenced for a felony crime listed in RCW 9.94A.540 as subject to a mandatory minimum sentence of total confinement shall not be released from total confinement before the completion of the listed mandatory minimum sentence for that felony crime of conviction unless allowed under RCW 9.94A.540, however persistent offenders are not eligible for extraordinary medical placement.

NEW SECTION. Sec. 7. (1) The Washington state institute for public policy shall conduct a comprehensive analysis and evaluation of the impact and effectiveness of current sex offender sentencing policies. The institute shall analyze and evaluate the effectiveness of sex offender policies and programs, including the special sex offender sentencing alternative, the department of corrections' treatment program for offenders in prison, and the validity of the risk assessment conducted by the end of sentence review committee prior to release from prison. Using detailed information from offender files and court records, and research conducted in Washington state and other states and nations, the analysis shall examine whether changes to sentencing policies and sex offender programming can increase public safety.

(2) Using the research results and other available data, the analysis of the special sex offender sentencing alternative shall specifically evaluate the impact of the sentencing alternative on protection of children from sexual victimization, reporting of sex offenses against children, prosecution of sex offenses against children, and child sex offense recidivism rates.

(3) As part of its study, the institute shall also investigate the views of victims whose cases resulted in a special sex offender sentencing alternative sentence. This study shall include victims whose cases have been prosecuted recently, as well as those whose cases were prosecuted in the past. The victims shall be asked whether they considered the special sex offender sentencing alternative sentence to be a just and appropriate sanction, whether it influenced their healing process, and, if so, whether the influence was negative or positive.

(4) The sentencing guidelines commission shall review the following issues to determine whether modifications in the special sex offender sentencing alternative will increase its effectiveness with respect to protecting children from sexual victimization, successfully prosecuting sex offenses against children, and appropriately punishing perpetrators of sex offenses against children:

(a) Eligibility for the sentencing alternative, including whether the commission of certain types of offenses should render an offender ineligible, whether the disclosure of multiple victims in the course of evaluating an offender should render an offender ineligible, and whether the sentencing alternative should be limited to offenses within families;

(b) Minimum terms of incarceration, including imprisonment at a state facility;

(c) Appropriate conditions or restrictions that should be placed on offenders who receive a sentence alternative; and

(d) Standards for revocation of a sentencing alternative suspended sentence.

(5) The institute and the sentencing guidelines commission shall report their results and recommendations to the appropriate standing committees of the legislature no later than December 31, 2004.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 9. Sections 2 through 6 of this act take effect July 1, 2005."

(1) The conservation assistance revolving account is created in the custody of the state treasurer. The account shall be administered by the conservation commission. Moneys from the account may only be spent after appropriation. Moneys placed in the account shall include principal and interest from the repayment of any loans granted under this section, and any other moneys appropriated to the account by the legislature. Expenditures from the account may be used to make loans to landowners for projects enrolled in the conservation reserve enhancement program.

(2) In order to aid the financing of conservation reserve enhancement program projects, the conservation commission, through the conservation districts, may make interest-free loans to conservation reserve enhancement program enrollees from the conservation assistance revolving account. The conservation commission may require such terms and conditions as it deems necessary to carry out the purposes of this section. Loans to landowners shall be for costs associated with the installation of conservation improvements eligible for and secured by federal farm service agency practice incentive payment reimbursement. Loans under this program promote critical habitat protection and restoration by bridging the financing gap between project implementation and federal funding. The conservation commission shall give loan preferences to those projects expected to generate the greatest environmental benefits and that occur in basins with critical or depressed salmonid stocks. Money received from landowners in loan repayments made under this section shall be paid into the conservation assistance revolving account for uses consistent with this section.

Sec. 902. 2003 1st sp.s. c 26 s 902 (uncodified) is amended to read as follows:

(1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

(2) The legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

Sec. 903. 2003 1st sp.s. c 26 s 905 (uncodified) is amended to read as follows:

(1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management and the office of financial management has formally approved the lists. Proposed revisions to the lists must be filed with and approved by the office of financial management before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that include multiple projects valued between \$25,000 and \$1 million each that are of a similar nature and can generally be completed within two years of the appropriation with the funding provided. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(3) The office of financial management shall forward copies of these project lists and revised lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial

management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

(4) The legislature generally does not intend to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

(3) This section expires June 30, 2005.

Sec. 906. RCW 43.82.010 and 1997 c 117 s 1 are each amended to read as follows:

(1) The director of general administration, on behalf of the agency involved, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of general administration.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a

specific exemption from such standards is provided by the director of general administration. The director of general administration shall report to the office of financial management annually on any exemptions granted pursuant to this subsection.

(3) The director of general administration may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of general administration may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of general administration may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility. For the 2003-05 biennium, any lease entered into after the effective date of this section with a term of ten years or less shall not contain a nonappropriation clause.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of general administration shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of general administration shall provide coordinated long-range planning services to identify and evaluate opportunities for col locating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of general administration shall determine whether an opportunity exists for col locating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of general administration shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of general administration, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of general administration is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of general administration shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of general administration determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of general administration shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of general administration may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of general administration shall conduct an evaluation of the facility design and budget using life-cycle

cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of general administration or the director's designee, and recorded with the county auditor of the county in which the property is located.

(12) The director of general administration may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable.

(13) This section does not apply to the acquisition of real estate by:

(a) The state college and universities for research or experimental purposes;

(b) The state liquor control board for liquor stores and warehouses; and

(c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes.

(14) Notwithstanding any provision in this chapter to the contrary, the department of general administration may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

NEW SECTION. Sec. 907. (1)(a) The legislature acknowledges the recommendation of the house of representatives capital budget committee 2002 interim workgroup on higher education facilities regarding encouragement of partnerships that attract federal and private funding for certain types of capital facilities, particularly research facilities and facilities providing unique or targeted skills. One incentive to attracting nonstate funding of facilities might be the state sharing in the ongoing operating and maintenance costs through the operating budget and sharing future capital maintenance costs. The workgroup recommended that a process be developed to enable an institution to request such assistance up-front at the time the facility being funded with nonstate resources is planned, rather than after the facility is built. While the legislature will not commit in a present budget to providing operating and maintenance or capital maintenance funding in the future, the institution is less likely to receive this assistance when the facility is constructed if the assistance was not requested up-front when the facility was being planned. Until a more formal process is identified, the legislature will acknowledge such a request in a budget proviso or in the legislative budget notes. This section does not apply to facilities that traditionally do not receive any state budget support, such as student dining, recreation, and housing facilities.

(b) While the legislature assumes facilities funded using alternative financing contracts approved in the capital budget will not be receiving state budget support, exceptions to this should be requested of the governor and legislature up-front, as provided for in this section for nonstate funded facilities.

(2)(a) The following project, funded primarily by nonstate budget sources, is expected to be included in the institution's operating budget request once the facility is completed: Washington State University's agricultural research facility, constructed using federal funds.

(b) The legislature is not committing to providing funds for operating and maintenance or capital maintenance on the facility described in (a) of this subsection at this time, but will consider that decision when the project nears completion. Considerations will include the appropriate amount of such assistance, particularly given the research nature of the facility and the potential for indirect cost recovery associated with the research grants coming to the institution as a result of the facility.

Sec. 908. 2003 1st sp.s. c 26 s 915 (uncodified) is amended to read as follows:

(1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

(6) This section does not apply to sections 506 through 508, chapter 26, Laws of 2003 1st sp. sess.

Sec. 909. RCW 70.146.030 and 2003 1st sp.s. c 25 s 934 are each amended to read as follows:

(1) The water quality account is hereby created in the state treasury. Moneys in the account may be used only in a manner consistent with this chapter. Moneys deposited in the account shall be administered by the department of ecology and shall be subject to legislative appropriation. Moneys placed in the account shall include tax receipts as provided in RCW 82.24.027, 82.26.025, and 82.32.390, principal and interest from the repayment of any loans granted pursuant to this chapter, and any other moneys appropriated to the account by the legislature.

(2) The department may use or permit the use of any moneys in the account to make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other funds are made available on a cost-sharing basis, for water pollution control facilities and activities, or for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, within the purposes of this chapter and for related administrative expenses. For the period July 1, 2003, to June 30, 2005, moneys in the account may be used to process applications received by the department that seek to make changes to or transfer existing water rights, for water conveyance projects, and for grants and technical assistance to public bodies for watershed planning under chapter 90.82 RCW. No more than three percent of the moneys deposited in the account may be used by the department to pay for the administration of the grant and loan program authorized by this chapter.

(3) Beginning with the biennium ending June 30, 1997, the department shall present a biennial progress report on the use of moneys from the account to the chairs of the senate committee on ways and means and the house of representatives committee on appropriations. The first report is due June 30, 1996, and the report for each succeeding biennium is due December 31 of the odd-numbered year. The report shall consist of a list of each recipient, project description, and amount of the grant, loan, or both.

Sec. 910. RCW 28B.50.360 and 2002 c 238 s 303 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, and, during the 2003-05 biennium, engineering and architectural services provided by the department of general administration, and for the payment of principal of and interest on any bonds issued for such purposes. ~~((During the 2001-2003 fiscal biennium, the legislature may transfer from the account to the state general fund such amounts as reflect the excess fund balance of the account.))~~

NEW SECTION. Sec. 911. During the 2003-05 biennium, the state parks and recreation commission shall study the various options regarding the future of Old Man House state park. These alternatives include retention as a state park, roles of volunteer community groups, transfer to the Suquamish tribe, sale as surplus property, or other alternatives. The commission may, if it deems it appropriate after studying the various options, transfer the park to the Suquamish tribe. Any action shall provide for continued public access and use of the site for public recreation, and include a limited waiver of sovereignty by the tribe restricted to the enforceability of the reversion clause pursuant to RCW 79A.05.170.

NEW SECTION. Sec. 912. A new section is added to chapter 39.33 RCW to read as follows:

(1) During the 2003-05 biennium, notwithstanding any other provision of law, the department of general administration is authorized to sell the property and attendant parking lot located at 1058 Capitol Way, Olympia, for fair market value to a nonprofit organization whose function is to produce television coverage of state government deliberations and other events of statewide significance.

(2) This section expires June 30, 2005.

NEW SECTION. Sec. 913. A new section is added to chapter 79.19 RCW to read as follows:

(1) All transaction costs associated with the exchange required under chapter . . . (House Bill No. 3045), Laws of 2004, shall be included in the valuation of the lands exchanged.

(2) Notwithstanding any other provision of law, the department of natural resources is authorized to use moneys derived from the sale of lands acquired by the common school trust through the exchange required under chapter . . . (House Bill No. 3045), Laws of 2004, to acquire commercial or industrial properties for the common school trust.

(3) If chapter . . . (House Bill No. 3045), Laws of 2004, is not enacted by April 15, 2004, this section expires April 16, 2004; if it is enacted by April 15, 2004, this section expires June 30, 2005.

NEW SECTION. Sec. 914. A new section is added to chapter 39.32 RCW to read as follows:

(1) The legislature finds that it is in the public interest to encourage development of a BioGas facility at the Monroe honor farm to convert dairy waste, fish processing waste, and other waste products into energy. Such a facility will: Help improve water quality in area streams; help restore salmon habitat; create jobs; generate green energy; improve the economic sustainability of area dairy farms; help stem sprawl; serve as a demonstration project for environmental education; reduce on-going costs associated with maintaining state ownership of this facility; encourage greater cooperation between area tribes and agricultural interests; and be a model for other such efforts in the state.

(2) In consideration of the multiple public benefits set forth in this section and notwithstanding any other provision of law, within one hundred twenty days of the requirements of subsection (4) of this section being completed during the 2003-05 biennium, the secretary of corrections shall transfer the Monroe honor farm to a federally recognized tribe within Snohomish county for construction and operation of a BioGas facility, related agricultural-based businesses, and activities designed to promote salmon restoration and sustainability of area dairy farms. The secretary of corrections shall work with the federally recognized tribe to draft appropriate deed restrictions or conservation easements for the property to ensure that the property is used for the legislative purposes set forth in this section.

(3) The department of corrections shall transfer the property only if the federally recognized tribe has completed a feasibility study for a BioGas facility at the site, only if the tribe has concluded that development of such a facility is feasible, only after the necessary development permits are approved, and only after a public hearing is conducted by the department of general administration. Further, if the property is not used for one or more of the purposes set forth in this section within two years from the date of transfer or if at any time the property is used for activities inconsistent with the legislative purposes set forth in this section, then the ownership of the property shall automatically revert to the state of Washington.

(4) The legislature finds that the value of the public benefits set forth in this section exceeds the fair market value of Monroe honor farm. Accordingly, the secretary of corrections shall transfer the property to a federally recognized tribe within Snohomish county at no cost beyond the consideration set forth in this section. Nothing in this section shall be deemed to affect or modify liability or responsibility for any existing environmental contamination related to the Monroe honor farm.

NEW SECTION. Sec. 915. By October 1, 2004, the department of general administration shall report to the legislature the priority order of the state buildings the department would map subject to implementation of RCW 36.28A.060.

NEW SECTION. Sec. 916. (1) In order to enhance salmon recovery efforts funded in the 2003-05 biennium in eastern Washington, a management board for regional fish recovery is established for Asotin, Columbia, Garfield, Walla Walla, and Whitman counties. The board shall consist of representatives of local and

regional interests, and the board shall invite state agencies and tribal governments with treaty fishing rights to participate as voting members on the board.

(2) The number of members, qualifications, terms, and responsibilities of the board shall be specified in an interlocal agreement under chapter 39.34 RCW or resolution of a local government.

(3) The board shall, at a minimum, have the following powers and duties:

(a) The board is responsible for the development and the adoption of a salmon and steelhead recovery plan.

(b) The habitat sections of the plan must be consistent with local watershed plans developed under chapter 90.82 RCW, the Northwest power and conservation council's subbasin plans, and be based on critical pathway methodology under RCW 77.85.060. The board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of other units of local government.

(c) The harvest and hatchery sections of the plan must be consistent with the policies developed jointly by the comanagers, the department, and treaty Indian tribes.

(d) The hydropower sections of the plan must be consistent with policies developed by the federal agencies that operate or market power from the federal Columbia and Snake river power system.

(e) The board has authority to: Hire and fire staff, including an executive director; enter into contracts; accept grants and other moneys; and disburse funds.

(f) The board shall appoint and consult with a technical advisory committee. The board shall invite at least four representatives from state government and the treaty Indian tribes to participate on the technical advisory committee. The board may appoint additional members to the technical advisory committee.

(4) No action may be brought or maintained against any board member, the board, or any of its agents, officers, or employees for any noncontractual acts or omissions in carrying out the purposes of this chapter.

(5) Nothing in this section shall be construed to affect or modify any treaty or other federal rights of an Indian tribe, nor as affecting or modifying any existing right of a federally recognized Indian tribe as determined under *United States v. Washington*, 384 F. Supp. 312 (W.D. Wash. 1974), or *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon 1969), and any applicable posttrial orders of those courts.

NEW SECTION. Sec. 919. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately, except for sections 117 and 202 of this act, which take effect April 16, 2004.

On page 1, beginning on line 1 of the title, after "budget;" strike the remainder of the title and insert "making appropriations and authorizing expenditures for capital improvements; amending RCW 43.82.010, 70.146.030, and 28B.50.360; amending 2003 1st sp.s. c 26 ss 101, 104, 105, 107, 110, 161, 159, 173, 169, 250, 234, 313, 312, 317, 309, 340, 367, 369, 354, 394, 398, 406, 408, 501, 604, 615, 743, 380, 738, 805, 782, 816, 821, 130, 134, 151, 135, 162, 267, 273, 304, 310, 315, 333, 356, 366, 379, 399, 397, 389, 390, 412, 426, 606, 628, 633, 659, 678, 695, 702, 784, 786, 798, 801, 787, 601, 603, 629, 650, 672, 685, 697, 708, 799, 902, 905, 907, and 915 (uncodified); adding new sections to 2003 1st sp.s. c 26 (uncodified); adding a new section to chapter 89.08 RCW; adding a new section to chapter 39.33 RCW; adding a new section to chapter 79.19 RCW; adding a new section to chapter 39.32 RCW; creating new sections; providing an effective date; providing expiration dates; and declaring an emergency."

MESSAGE FROM THE SENATE

March 10, 2004

SECOND READING

SUBSTITUTE SENATE BILL NO. 6208, By Senate Committee on Government Operations & Elections (originally sponsored by Senators Roach, Kastama and McCaslin)

Regarding temporary water-sewer connections.

Representative Upthegrove moved the adoption of amendment (1213):

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 57.08.005 and 2003 c 394 s 5 are each amended to read as follows:

A district shall have the following powers:

(1) To acquire by purchase or condemnation, or both, all lands, property and property rights, and all water and water rights, both within and without the district, necessary for its purposes. The right of eminent domain shall be exercised in the same manner and by the same procedure as provided for cities and towns, insofar as consistent with this title, except that all assessment or reassessment rolls to be prepared and filed by eminent domain commissioners or commissioners appointed by the court shall be prepared and filed by the district, and the duties devolving upon the city treasurer are imposed upon the county treasurer;

(2) To lease real or personal property necessary for its purposes for a term of years for which that leased property may reasonably be needed;

(3) To construct, condemn and purchase, add to, maintain, and supply waterworks to furnish the district and inhabitants thereof and any other persons, both within and without the district, with an ample supply of water for all uses and purposes public and private with full authority to regulate and control the use, content, distribution, and price thereof in such a manner as is not in conflict with general law and may construct, acquire, or own buildings and other necessary district facilities. Where a customer connected to the district's system uses the water on an intermittent or transient basis, a district may charge for providing water service to such a customer, regardless of the amount of water, if any, used by the customer. District waterworks may include facilities which result in combined water supply and electric generation, if the electricity generated thereby is a byproduct of the water supply system. That electricity may be used by the district or sold to any entity authorized by law to use or distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of water supply. For such purposes, a district may take, condemn and purchase, acquire, and retain water from any public or navigable lake, river or watercourse, or any underflowing water, and by means of aqueducts or pipeline conduct the same throughout the district and any city or town therein and carry it along and upon public highways, roads, and streets, within and without such district. For the purpose of constructing or laying aqueducts or pipelines, dams, or waterworks or other necessary structures in storing and retaining water or for any other lawful purpose such district may occupy the beds and shores up to the high water mark of any such lake, river, or other watercourse, and may acquire by purchase or condemnation such property or property rights or privileges as may be necessary to protect its water supply from pollution. For the purposes of waterworks which include facilities for the generation of electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owner;

(4) To purchase and take water from any municipal corporation, private person, or entity. A district contiguous to Canada may contract with a Canadian corporation for the purchase of water and for the construction, purchase, maintenance, and supply of waterworks to furnish the district and inhabitants thereof and residents of Canada with an ample supply of water under the terms approved by the board of commissioners;

(5) To construct, condemn and purchase, add to, maintain, and operate systems of sewers for the purpose of furnishing the district, the inhabitants thereof, and persons outside the district with an adequate system of sewers for all uses and purposes, public and private, including but not limited to on-site sewage disposal facilities, approved septic tanks or approved septic tank systems, on-site sanitary sewerage systems, inspection services and maintenance services for private and public on-site systems, point and nonpoint water pollution monitoring programs that are directly related to the sewerage facilities and programs operated by a district, other facilities, programs, and systems for the collection, interception, treatment, and disposal of wastewater, and for the control of pollution from wastewater with full authority to regulate the use and operation thereof and the service rates to be charged. Under this chapter, after July 1, 1998, any requirements for pumping the septic tank of an on-site sewage system should be based, among other things, on actual measurement of accumulation of sludge and scum by a trained inspector, trained owner's agent, or trained owner. Training must occur in a program approved by the state board of health or by a local health officer. Sewage facilities may include facilities which result in combined sewage disposal or treatment and electric generation, except that the electricity generated thereby is a byproduct of the system of sewers. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of sewage disposal or treatment. For such purposes a district may conduct sewage throughout the district and throughout other political subdivisions within the district, and construct and lay sewer pipe along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such sewer pipe. A district may erect sewage treatment plants within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from its sewers or its sewage treatment plant. For the purposes of sewage facilities which include facilities that result in combined sewage disposal or treatment and electric generation where the electric generation is a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(6)(a) To construct, condemn and purchase, add to, maintain, and operate systems of drainage for the benefit and use of the district, the inhabitants thereof, and persons outside the district with an adequate system of drainage, including but not limited to facilities and systems for the collection, interception, treatment, and disposal of storm or surface waters, and for the protection, preservation, and rehabilitation of surface and underground waters, and drainage facilities for public highways, streets, and roads, with full authority to regulate the use and operation thereof and, except as provided in (b) of this subsection, the service rates to be charged.

(b) The rate a district may charge under this section for storm or surface water sewer systems or the portion of the rate allocable to the storm or surface water sewer system of combined sanitary sewage and storm or surface water sewer systems shall be reduced by a minimum of ten percent for any new or remodeled commercial building that utilizes a permissive rainwater harvesting system. Rainwater harvesting systems shall be properly

sized to utilize the available roof surface of the building. The jurisdiction shall consider rate reductions in excess of ten percent dependent upon the amount of rainwater harvested.

(c) Drainage facilities may include natural systems. Drainage facilities may include facilities which result in combined drainage facilities and electric generation, except that the electricity generated thereby is a byproduct of the drainage system. Such electricity may be used by the district or sold to any entity authorized by law to distribute electricity. Electricity is deemed a byproduct when the electrical generation is subordinate to the primary purpose of drainage collection, disposal, and treatment. For such purposes, a district may conduct storm or surface water throughout the district and throughout other political subdivisions within the district, construct and lay drainage pipe and culverts along and upon public highways, roads, and streets, within and without the district, and condemn and purchase or acquire land and rights of way necessary for such drainage systems. A district may provide or erect facilities and improvements for the treatment and disposal of storm or surface water within or without the district, and may acquire, by purchase or condemnation, properties or privileges necessary to be had to protect any lakes, rivers, or watercourses and also other areas of land from pollution from storm or surface waters. For the purposes of drainage facilities which include facilities that also generate electricity as a byproduct, nothing in this section may be construed to authorize a district to condemn electric generating, transmission, or distribution rights or facilities of entities authorized by law to distribute electricity, or to acquire such rights or facilities without the consent of the owners;

(7) To construct, condemn, acquire, and own buildings and other necessary district facilities;

(8) To compel all property owners within the district located within an area served by the district's system of sewers to connect their private drain and sewer systems with the district's system under such penalty as the commissioners shall prescribe by resolution. The district may for such purpose enter upon private property and connect the private drains or sewers with the district system and the cost thereof shall be charged against the property owner and shall be a lien upon property served;

(9) Where a district contains within its borders, abuts, or is located adjacent to any lake, stream, ground water as defined by RCW 90.44.035, or other waterway within the state of Washington, to provide for the reduction, minimization, or elimination of pollutants from those waters in accordance with the district's comprehensive plan, and to issue general obligation bonds, revenue bonds, local improvement district bonds, or utility local improvement bonds for the purpose of paying all or any part of the cost of reducing, minimizing, or eliminating the pollutants from these waters;

(10) Subject to subsection (6) of this section, to fix rates and charges for water, sewer, and drain service supplied and to charge property owners seeking to connect to the district's systems, as a condition to granting the right to so connect, in addition to the cost of the connection, such reasonable connection charge as the board of commissioners shall determine to be proper in order that those property owners shall bear their equitable share of the cost of the system. For the purposes of calculating a connection charge, the board of commissioners shall determine the pro rata share of the cost of existing facilities and facilities planned for construction within the next ten years and contained in an adopted comprehensive plan and other costs borne by the district which are directly attributable to the improvements required by property owners seeking to connect to the system. The cost of existing facilities shall not include those portions of the system which have been donated or which have been paid for by grants. The connection charge may include interest charges applied from the date of construction of the system until the connection, or for a period not to exceed ten years, whichever is shorter, at a rate commensurate with the rate of interest applicable to the district at the time of construction or major rehabilitation of the system, or at the time of installation of the lines to which the property owner is seeking to connect. In lieu of requiring the installation of permanent local facilities not planned for construction by the district, a district may permit connection to the water and/or sewer systems through temporary facilities installed at the property owner's expense, provided the property owner pays a connection charge consistent with the provisions of this chapter and agrees, in the future, to connect to permanent facilities when they are installed; or a district may permit connection to the water and/or sewer systems through temporary facilities and collect from property owners so connecting a proportionate share of the estimated cost of future local facilities needed to serve the property, as determined by the district. The amount collected, including interest at a rate commensurate with the rate of interest applicable to the district at the time of construction of the temporary facilities, shall be held for contribution to the construction of the permanent local facilities by other developers or the district. The amount collected shall be deemed full satisfaction of the proportionate share of the actual cost of construction of the permanent local facilities. If the permanent local facilities are not constructed within fifteen years of the date of payment, the amount collected, including any accrued interest, shall be returned to the property owner, according to the records of the county auditor on the date of return. If the amount collected is returned to the property owner, and permanent local facilities capable of serving the property are constructed thereafter, the property owner at the time of construction of such permanent local facilities shall pay a proportionate share of the cost of such permanent local facilities, in addition to reasonable connection charges and other charges authorized by this section. A district may permit payment of the cost of connection and the reasonable connection charge to be paid with interest in installments over a period not exceeding fifteen years. The county treasurer may charge and collect a fee of three dollars for each year for the treasurer's services. Those fees shall be a charge to be included as part of each annual installment, and shall be credited to the county current expense fund by the county treasurer. Revenues from connection charges excluding permit fees are to be considered payments in aid of

construction as defined by department of revenue rule. Rates or charges for on-site inspection and maintenance services may not be imposed under this chapter on the development, construction, or reconstruction of property.

Before adopting on-site inspection and maintenance utility services, or incorporating residences into an on-site inspection and maintenance or sewer utility under this chapter, notification must be provided, prior to the applicable public hearing, to all residences within the proposed service area that have on-site systems permitted by the local health officer. The notice must clearly state that the residence is within the proposed service area and must provide information on estimated rates or charges that may be imposed for the service.

A water-sewer district shall not provide on-site sewage system inspection, pumping services, or other maintenance or repair services under this section using water-sewer district employees unless the on-site system is connected by a publicly owned collection system to the water-sewer district's sewerage system, and the on-site system represents the first step in the sewage disposal process.

Except as otherwise provided in RCW 90.03.525, any public entity and public property, including the state of Washington and state property, shall be subject to rates and charges for sewer, water, storm water control, drainage, and street lighting facilities to the same extent private persons and private property are subject to those rates and charges that are imposed by districts. In setting those rates and charges, consideration may be made of in-kind services, such as stream improvements or donation of property;

(11) To contract with individuals, associations and corporations, the state of Washington, and the United States;

(12) To employ such persons as are needed to carry out the district's purposes and fix salaries and any bond requirements for those employees;

(13) To contract for the provision of engineering, legal, and other professional services as in the board of commissioner's discretion is necessary in carrying out their duties;

(14) To sue and be sued;

(15) To loan and borrow funds and to issue bonds and instruments evidencing indebtedness under chapter 57.20 RCW and other applicable laws;

(16) To transfer funds, real or personal property, property interests, or services subject to RCW 57.08.015;

(17) To levy taxes in accordance with this chapter and chapters 57.04 and 57.20 RCW;

(18) To provide for making local improvements and to levy and collect special assessments on property benefitted thereby, and for paying for the same or any portion thereof in accordance with chapter 57.16 RCW;

(19) To establish street lighting systems under RCW 57.08.060;

(20) To exercise such other powers as are granted to water-sewer districts by this title or other applicable laws; and

(21) To exercise any of the powers granted to cities and counties with respect to the acquisition, construction, maintenance, operation of, and fixing rates and charges for waterworks and systems of sewerage and drainage."

SENATE AMENDMENTS TO HOUSE BILL

March 11, 2004

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2518, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 82.16 RCW to read as follows:

(1) For the purposes of this section:

(a) "Chlor-alkali electrolytic processing business" means a person who is engaged in a business that uses more than ten average megawatts of electricity per month in a chlor-alkali electrolytic process to split the electrochemical bonds of sodium chloride and water to make chlorine and sodium hydroxide. A "chlor-alkali electrolytic processing business" does not include direct service industrial customers or their subsidiaries that contract for the purchase of power from the Bonneville power administration as of the effective date of this section.

(b) "Sodium chlorate electrolytic processing business" means a person who is engaged in a business that uses more than ten average megawatts of electricity per month in a sodium chlorate electrolytic process to split the electrochemical bonds of sodium chloride and water to make sodium chlorate and hydrogen. A "sodium chlorate electrolytic processing business" does not include direct service industrial customers or their subsidiaries that contract for the purchase of power from the Bonneville power administration as of the effective date of this section.

(2) Effective July 1, 2004, the tax levied under this chapter does not apply to sales of electricity made by a light and power business to a chlor-alkali electrolytic processing business or a sodium chlorate electrolytic processing business for the electrolytic process if the contract for sale of electricity to the business contains the following terms:

(a) The electricity to be used in the electrolytic process is separately metered from the electricity used for general operations of the business;

(b) The price charged for the electricity used in the electrolytic process will be reduced by an amount equal to the tax exemption available to the light and power business under this section; and

(c) Disallowance of all or part of the exemption under this section is a breach of contract and the damages to be paid by the chlor-alkali electrolytic processing business or the sodium chlorate electrolytic processing business are the amount of the tax exemption disallowed.

(3) The exemption provided for in this section does not apply to amounts received from the remarketing or resale of electricity originally obtained by contract for the electrolytic process.

(4) In order to claim an exemption under this section, the chlor-alkali electrolytic processing business or the sodium chlorate electrolytic processing business must provide the light and power business with an exemption certificate in a form and manner prescribed by the department.

(5)(a) This section does not apply to sales of electricity made after December 31, 2010.

(b) This section expires June 30, 2011.

NEW SECTION. Sec. 2. A new section is added to chapter 82.32 RCW to read as follows:

(1) For the purposes of this section, "electrolytic processing business tax exemption" means the exemption and preferential tax rate under section 1 of this act.

(2) The legislature finds that accountability and effectiveness are important aspects of setting tax policy. In order to make policy choices regarding the best use of limited state resources, the legislature needs information to evaluate whether the stated goals of legislation were achieved.

(3) The goals of the electrolytic processing business tax exemption are:

(a) To retain family wage jobs by enabling electrolytic processing businesses to maintain production of chlor-alkali and sodium chlorate at a level that will preserve at least seventy-five percent of the jobs that were on the payroll effective January 1, 2004; and

(b) To allow the electrolytic processing industries to continue production in this state through 2011 so that the industries will be positioned to preserve and create new jobs when the anticipated reduction of energy costs occur.

(4)(a) A person who receives the benefit of an electrolytic processing business tax exemption shall make an annual report to the department detailing employment, wages, and employer-provided health and retirement benefits per job at the manufacturing site. The report is due by March 31st following any year in which a tax exemption is claimed or used. The report shall not include names of employees. The report shall detail employment by the total number of full-time, part-time, and temporary positions. The report shall indicate the quantity of product produced at the plant during the time period covered by the report. The first report filed under this subsection shall include employment, wage, and benefit information for the twelve-month period immediately before first use of a tax exemption. Employment reports shall include data for actual levels of employment and identification of the number of jobs affected by any employment reductions that have been publicly announced at the time of the report. Information in a report under this section is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(b) If a person fails to submit an annual report under (a) of this subsection by the due date of the report, the department shall declare the amount of taxes exempted for that year to be immediately due and payable. Public utility taxes payable under this subsection are subject to interest but not penalties, as provided under this chapter. This information is not subject to the confidentiality provisions of RCW 82.32.330 and may be disclosed to the public upon request.

(5) By December 1, 2007, and by December 1, 2010, the fiscal committees of the house of representatives and the senate, in consultation with the department, shall report to the legislature on the effectiveness of the tax incentive under section 1 of this act. The report shall measure the effect of the incentive on job retention for Washington residents, and other factors as the committees select. The report shall also discuss expected trends or changes to electricity prices as they affect the industries that benefit from the incentives."

and the same is herewith transmitted.

(2) The department of social and health services shall not initiate any services that require expenditure of state general fund moneys unless expressly authorized in this act or other law. The department may seek, receive, and spend, under RCW 43.79.260 through 43.79.282, federal moneys not anticipated in this act as long as the federal funding does not require expenditure of state moneys for the program in excess of amounts anticipated in this act. If the department receives unanticipated unrestricted federal moneys, those moneys shall be spent for services authorized in this act or in any other legislation providing appropriation authority, and an equal amount of appropriated state general fund moneys shall lapse. Upon the lapsing of any moneys under this subsection, the office of financial management shall notify the legislative fiscal committees. As used in this

subsection, "unrestricted federal moneys" includes block grants and other funds that federal law does not require to be spent on specifically defined projects or matched on a formula basis by state funds.

(3)(a) The appropriations to the department of social and health services in this act shall be expended for the programs and in the amounts specified in this act. However, after May 1, 2004, unless specifically prohibited by this act, the department may transfer general fund--state appropriations for fiscal year 2004 among programs after approval by the director of financial management. However, the department shall not transfer state moneys that are provided solely for a specified purpose except as expressly provided in subsection (3)(b) of this section.

(b) To the extent that transfers under subsection (3)(a) of this section are insufficient to fund actual expenditures in excess of fiscal year 2004 caseload forecasts and utilization assumptions in the medical assistance, long-term care, foster care, adoption support, and child support programs, the department may transfer state moneys that are provided solely for a specified purpose after approval by the director of financial management.

(c) The director of financial management shall notify the appropriate fiscal committees of the senate and house of representatives in writing prior to approving any allotment modifications or transfers under this subsection.

(4) ~~((The department))~~ After consultation and coordination with local elected officials and community groups to assure there will be no degradation in existing services as a result of implementing the Washington medicaid integration project, the department shall report its progress to the appropriate committees of the legislature during the 2004 September committee assembly days and is authorized to develop an integrated health care program designed to slow the progression of illness and disability and better manage Medicaid expenditures for the aged and disabled population. The WMIP pilot projects shall not exceed a daily enrollment of 6,000 persons during the 2003-05 biennium. The amount of funding assigned to the pilot projects from each program may not exceed the average per capita cost assumed in this act for individuals covered by that program, actuarially adjusted for the health condition of persons enrolled in the pilot, times the number of clients enrolled in the pilot. In implementing the WMIP pilot projects, the department may: (a) Withhold from calculations of "available resources" as set forth in RCW 71.24.025 a sum equal to the capitated rate for individuals enrolled in the pilots; and (b) employ capitation financing and risk-sharing arrangements in collaboration with health care service contractors licensed by the office of the insurance commissioner and qualified to participate in both the medicaid and medicare programs. Sec. 205. 2003 1st sp.s. c 25 s 205 (uncodified) is amended to read as follows:
FOR THE DEPARTMENT OF SOCIAL AND HEALTH SERVICES--DEVELOPMENTAL DISABILITIES PROGRAM

(1) COMMUNITY SERVICES	
General Fund--State Appropriation (FY 2004) ((\$262,458,000))	\$250,633,000
General Fund--State Appropriation (FY 2005) ((\$268,826,000))	\$274,414,000
General Fund--Federal Appropriation ((\$439,489,000))	\$453,434,000
Health Services Account--State Appropriation ((\$1,038,000))	\$971,000
TOTAL APPROPRIATION ((\$971,811,000))	\$979,452,000

The appropriations in this subsection are subject to the following conditions and limitations:

(a) Any new funding for family support and high school transition along with a portion of existing funding for these programs shall be provided as supplemental security income (SSI) state supplemental payments for persons with developmental disabilities in families with taxable incomes at or below 150 percent of median family income. Individuals receiving family support or high school transition payments shall not become eligible for medical assistance under RCW 74.09.510 due solely to the receipt of SSI state supplemental payments.

(b) The health services account appropriation and (~~(\$1,038,000)~~) \$971,000 of the general fund--federal appropriation are provided solely for health care benefits for home care workers with family incomes below 200 percent of the federal poverty level who are employed through state contracts for twenty hours per week or more.

(i) Premium payments for individual provider home care workers shall be made only to the subsidized basic health plan.

(ii) Home care agencies may obtain coverage either through the basic health plan or through an alternative plan with substantially equivalent benefits. Premium payments made to home care agencies shall be limited to home care workers who are employed at least twenty hours per week to serve state-funded clients. It is

the intent of the legislature to fund the purchase of health care benefits for agency home care providers in a more fiscally prudent manner. The legislature encourages agency providers to purchase more cost-effective health care benefits, including increasing participation in the basic health plan or purchasing substantially equivalent benefits with substantially equivalent costs.

(c) (~~(\$510,000)~~) \$562,000 of the general fund--state appropriation for fiscal year 2004, (~~(\$784,000)~~) \$1,767,000 of the general fund--state appropriation for fiscal year 2005, and (~~(\$1,225,000)~~) \$2,266,000 of the general fund--federal appropriation are provided solely for community residential and support services. Funding in this subsection shall be prioritized for (i) residents of residential habilitation centers who are able to be adequately cared for in community settings and who choose to live in those community settings; (~~and~~) (ii) clients without residential services who are at immediate risk of institutionalization or in crisis; (iii) children who are aging out of other state services; and (iv) current home and community-based waiver program clients who have been assessed as having an immediate need for increased services. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds provided the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall implement the four new waiver programs such that decisions about enrollment levels and the amount, duration, and scope of services maintain expenditures within appropriations. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of residents moving into community settings and the actual expenditures for all community services to support those residents.

(d) (~~(\$511,000)~~) \$563,000 of the general fund--state appropriation for fiscal year 2004, (~~(\$616,000)~~) \$1,390,000 of the general fund--state appropriation for fiscal year 2005, and (~~(\$1,073,000)~~) \$1,905,000 of the general fund--federal appropriation are provided solely for expanded community services for persons with developmental disabilities who also have community protection issues (~~or are diverted or discharged from state psychiatric hospitals~~). Funding in this subsection shall be prioritized for (i) clients being diverted or discharged from the state psychiatric hospitals; (ii) clients participating in the dangerous mentally ill offender program; (iii) clients participating in the community protection program; and (iv) mental health crisis diversion outplacements. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds provided the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall implement the four new waiver programs such that decisions about enrollment levels and the amount, duration, and scope of services maintain expenditures within appropriations. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

(e) The department shall provide a status report on the transition, implementation, and operation of the four home and community-based waivers that will replace the community alternatives program waiver. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter for the quarters through December 2004, the following information for each home and community-based waiver: Total projected state and federal fiscal year expenditures, year-to-date actual expenditures compared to projected expenditures, year-to-date unduplicated clients compared to projected clients, actual average per capita costs compared to projected per capita costs, number of transfers between waivers, amount of emergency funds spent to date compared to projected emergency costs, state and federal funds transferred from the medicaid personal care program to the four home and community-based waiver programs, and the year-to-date number of new clients added to a waiver program.

Priority consideration for this new funding shall be young adults with developmental disabilities living with their family who need employment opportunities and assistance after high school graduation. Services shall be provided proportionately between waiver and nonwaiver clients. Federal funds may be used to enhance this funding only to the extent that a client is already on a home and community-based waiver. This funding shall not be used to add new clients to a home and community-based waiver.

(j) \$312,000 of the general fund--state appropriation for fiscal year 2005 and \$290,000 of the general fund--federal appropriation are provided solely to increase payments to agency home care providers from \$14.27 per hour to \$14.93 per hour, effective October 1, 2004. The amounts in this subsection shall be used to increase compensation for direct care workers by 50 cents per hour. The amounts in this subsection also include the funds needed for the employer share of unemployment and social security taxes on the amount of the increase.

The appropriations in this section are subject to the following conditions and limitations:

(1) \$18,000 of the general fund--state appropriation for fiscal year 2004, \$18,000 of the general fund--state appropriation for fiscal year 2005, and \$1,006,950 of the aquatic lands enhancement account appropriation are provided solely for the implementation of the Puget Sound work plan and agency action items DNR-01, DNR-02, and DNR-04.

(2) \$908,000 of the general fund--state appropriation for fiscal year 2004 and \$910,000 of the general fund--state appropriation for fiscal year 2005 are provided solely for deposit into the agricultural college trust management account and are provided solely to manage approximately 70,700 acres of Washington State University's agricultural college trust lands.

These funds shall not be allocated to cover any portion of agency indirect and administrative expenses. The legislature finds that general fund and disaster response account support for emergency fire suppression is a significant and direct subsidy of the costs to administer and manage various trust lands. It would be an unintended additional subsidy if a portion of the general fund and disaster response account amounts provided in this subsection were used to fund agency indirect and administrative expenses. To avoid this unintended additional subsidy, agency indirect and administrative costs shall be allocated among the agency's remaining accounts and appropriations.

(4) \$582,000 of the aquatic lands enhancement account appropriation is provided solely for spartina control.

(5) Fees approved by the board of natural resources in the 2003-05 biennium are authorized to exceed the fiscal growth factor under RCW 43.135.055.

(7) Authority to expend funding for acquisition of technology equipment and software associated with development of a new revenue management system is conditioned on compliance with section 902 of this act.

(8) \$1,000,000 of the aquatic lands enhancement account--state appropriation is provided solely for the department to meet its obligations with the U.S. environmental protection agency for the clean-up of Commencement Bay.

(9) ~~(For the 2003-05 fiscal biennium, the department has revised the methodology by which administrative costs of the department are allocated among the state general fund and the various dedicated funds and accounts from which the department receives appropriations. The legislature recognizes that the revised methodology represents a fair and equitable allocation of costs under state law and accounting rules. The legislature further finds that retroactive application of the revised methodology is neither practical nor desirable.~~

~~(10))~~ The department of natural resources shall provide a report to the appropriate committees of the legislature, the office of financial management, and the board of natural resources concerning the costs and effectiveness of the contract harvesting program as authorized by Second Substitute Senate Bill No. 5074 (contract harvesting), chapter 313, Laws of 2003. The report shall be submitted by December 31, 2006, and shall include the following information:

(a) Number of sales conducted through contract harvesting;

(b) For each sale conducted, the (i) number of board feet sold; (ii) stumpage and pond prices; (iii) difference in revenues received compared to revenues that would have accrued through noncontract harvest sales, and the distribution of revenues to the contract harvesting revolving account, and to applicable management and trust accounts; and (iv) total cost to conduct the contract harvest, by fund and object of expenditure; and

(c) Other costs and benefits attributable to contract harvesting.

~~((11))~~ (10) \$208,000 of the general fund--state appropriation of fiscal year 2004 and \$70,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to implement Second Substitute House Bill No. 1095 (small forest landowners), chapter 311, Laws of 2003.

~~((13))~~ (12) \$4,000 of the general fund--state appropriation for fiscal year 2004 and \$4,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to compensate the forest board trust for a portion of the lease to the Crescent television improvement district consistent with RCW 79.12.055.

~~((14))~~ (13) \$2,700,000 of the general fund--state appropriation for fiscal year 2004 is provided solely to the department of natural resources to acquire approximately 232 acres of land and timber in Klickitat county from the SDS lumber company. Expenditure of the moneys provided in this subsection shall not be made until the SDS lumber company accepts the land and timber acquisition as full and complete settlement of the current litigation brought by the SDS lumber company against the state and the litigation is dismissed, with prejudice. The land and timber acquired with the funding in this subsection shall be managed for the benefit of the common schools. By June 30, 2004, if the department has not recovered through trust asset management the state's capital investment from the land acquisition provided in this subsection, the department shall seek reimbursement from the federal government.

This additional funding, along with existing funding from the off road vehicle account is intended to fully fund current access to camp sites and trails. If additional funding is required to avoid closures to camp sites and trails during the 2003-05 biennium, the department shall reduce expenditures for agency administration by five percent and redeploy those general fund resources to the recreation program prior to closing any camp sites or trails.

(17) \$40,000 of the aquatic lands enhancement account appropriation is provided solely for the department to (a) calculate the rent for DNR-leased marinas based on a percentage of a marina's income and (b) recommend an appropriate formula to the 2005 legislature.

(18)(a) \$2,000,000 of the general fund--state appropriation for fiscal year 2005, \$750,000 of the state toxics control account--state appropriation, and \$2,000,000 of the aquatic lands enhancement account--state appropriation are provided solely for the purpose of settling *Pacific Sound Resources v. Burlington Northern Santa Fe Railroad, et al.* In the event: (i) A final settlement agreement is not signed by the port of Seattle, Pacific Sound Resources, and the department of natural resources by March 25, 2004; or (ii) the U.S. environmental protection agency, or the department of justice if necessary, fail to settle with the state and the department and provide a covenant not to sue and contribution protection with no additional consideration required, then \$550,000 of the general fund--state appropriation for fiscal year 2005 shall be available to use to fund the existing PSR litigation and the remainder of the amounts provided in this subsection (a) shall lapse.

\$3,988,649,000

TOTAL APPROPRIATION (~~(\$7,946,616,000)~~)

\$7,965,156,000

(2) Allocations for certificated staff salaries for the 2003-04 and 2004-05 school years shall be determined using formula-generated staff units calculated pursuant to this subsection. Staff allocations for small school enrollments in (d) through (f) of this subsection shall be reduced for vocational full-time equivalent enrollments. Staff allocations for small school enrollments in grades K-6 shall be the greater of that generated under (a) of this subsection, or under (d) and (e) of this subsection. Certificated staffing allocations shall be as follows:

(a) On the basis of each 1,000 average annual full-time equivalent enrollments, excluding full-time equivalent enrollment otherwise recognized for certificated staff unit allocations under (c) through (f) of this subsection:

(i) Four certificated administrative staff units per thousand full-time equivalent students in grades K-12;

(ii) 49 certificated instructional staff units per thousand full-time equivalent students in grades K-3;

(iii) Forty-six certificated instructional staff units per thousand full-time equivalent students in grades 4-12; and

The allocation may be used for reducing class sizes in grades K-4 or to provide additional classroom contact hours for kindergarten, before-and-after-school programs, weekend school programs, summer school programs, and intercession opportunities to assist elementary school students in meeting the essential academic learning requirements and student assessment performance standards. For purposes of this subsection, additional classroom contact hours provided by teachers beyond the normal school day under a supplemental contract shall be converted to a certificated full-time equivalent by dividing the classroom contact hours by 900.

(A) Funds provided under this subsection (2)(a)(iv) and (v) in excess of the amount required to maintain the statutory minimum ratio established under RCW 28A.150.260(2)(b) shall be allocated only if the district documents an actual ratio in grades K-4 equal to or greater than 54.0 certificated instructional staff per thousand full-time equivalent students in the 2003-04 school year and 53.2 certificated instructional staff per thousand full-time equivalent students in the 2004-05 school year. For any school district documenting a lower certificated instructional staff ratio, the allocation shall be based on the district's actual grades K-4 certificated instructional staff ratio achieved in that school year, or the statutory minimum ratio established under RCW 28A.150.260(2)(b), if greater;

For purposes of documenting a district's staff ratio under this section, funds used by the district to employ additional classified instructional assistants shall be converted to a certificated staff equivalent and added to the district's actual certificated instructional staff ratio. Additional

classified instructional assistants, for the purposes of this subsection, shall be determined using the 1989-90 school year as the base year;

(C) Any district maintaining a ratio in grades K-4 equal to or greater than 54.0 certificated instructional staff per thousand full-time equivalent students in the 2003-04 school year and 53.2 certificated instructional staff per thousand full-time equivalent students in the 2004-05 school year may use allocations generated under this subsection (2)(a)(iv) and (v) in excess of that required to maintain the minimum ratio established under RCW 28A.150.260(2)(b) to employ additional basic education certificated instructional staff or classified instructional assistants in grades 5-6. Funds allocated under this subsection (2)(a)(iv) and (v) shall only be expended to reduce class size in grades K-6. No more than 1.3 of the certificated instructional funding ratio amount may be expended for provision of classified instructional assistants;

(b) For school districts with a minimum enrollment of 250 full-time equivalent students whose full-time equivalent student enrollment count in a given month exceeds the first of the month full-time equivalent enrollment count by 5 percent, an additional state allocation of 110 percent of the share that such increased enrollment would have generated had such additional full-time equivalent students been included in the normal enrollment count for that particular month;

(c)(i) On the basis of full-time equivalent enrollment in:

(A) Vocational education programs approved by the superintendent of public instruction, a maximum of 0.92 certificated instructional staff units and 0.08 certificated administrative staff units for each 19.5 full-time equivalent vocational students; and

Units calculated under (f)(ii) of this subsection shall be reduced by certificated staff units at the rate of forty-six certificated instructional staff units and four certificated administrative staff units per thousand vocational full-time equivalent students;

(g) For each nonhigh school district having an enrollment of more than seventy average annual full-time equivalent students and less than one hundred eighty students, operating a grades K-8 program or a grades 1-8 program, an additional one-half of a certificated instructional staff unit; and

(a) The number of certificated staff units determined in subsection (2) of this section; and

(b) The number of classified staff units determined in subsection (3) of this section multiplied by 1.152. This factor is intended to adjust allocations so that, for the purposes of distributing insurance benefits, full-time equivalent classified employees may be calculated on the basis of 1440 hours of work per year, with no individual employee counted as more than one full-time equivalent.

(6)(a) For nonemployee-related costs associated with each certificated staff unit allocated under subsection (2)(a), (b), and (d) through (h) of this section, there shall be provided a maximum of \$8,785 per certificated staff unit in the 2003-04 school year and a maximum of ~~((\$8,952))~~ \$8,855 per certificated staff unit in the 2004-05 school year.

Solely for the purposes of this subsection, allocated classroom teachers shall be equal to the number of certificated instructional staff units allocated under subsection (2) of this section, multiplied by the ratio between the number of actual basic education certificated teachers and the number of actual basic education certificated instructional staff reported statewide for the prior school year.

(8) Any school district board of directors may petition the superintendent of public instruction by submission of a resolution adopted in a public meeting to reduce or delay any portion of its basic education allocation for any school year. The superintendent of public instruction shall approve such reduction or delay if it does not impair the district's financial condition. Any delay shall not be for more than two school years. Any reduction or delay shall have no impact on levy authority pursuant to RCW 84.52.0531 and local effort assistance pursuant to chapter 28A.500 RCW.

(e) "Credits" means college quarter hour credits and equivalent in-service credits computed in accordance with RCW 28A.415.020 and 28A.415.023.

(6) No more than ninety college quarter-hour credits received by any employee after the baccalaureate degree may be used to determine compensation allocations under the state salary allocation schedule and LEAP documents referenced in this act, or any replacement schedules and documents, unless:

(7) The certificated instructional staff base salary specified for each district in LEAP Document 12E and the salary schedules in subsection (4)(a) of this section include two learning improvement days. A school district is eligible for the learning improvement day funds only if the learning improvement days have been added to the 180-day contract year. If fewer days are added, the additional learning improvement allocation shall be adjusted accordingly. The additional days shall be for activities related to improving student learning consistent with education reform implementation, and shall not be considered part of basic education. The length of a learning improvement day shall not be less than the length of a full day under the base contract. The superintendent of public instruction shall ensure that school districts adhere to the intent and purposes of this subsection.

\$663,000

TOTAL APPROPRIATION (~~(\$145,740,000)~~)

\$161,469,000

The appropriations in this section are subject to the following conditions and limitations:

(1) (~~(\$8,913,000)~~) \$8,944,000 of the general fund--state appropriation for fiscal year 2004 and (~~(\$20,238,000)~~) \$20,339,000 of the general fund--state appropriation for fiscal year 2005 are provided solely to provide a salary adjustment for state formula certificated instructional staff units in their first seven years of service. Consistent with the statewide certificated instructional staff salary allocation schedule in section 503 of this act, sufficient funding is provided to increase the salary of certificated instructional staff units in the 2003-04 school year and the 2004-05 school year by the following percentages: Three percent for certificated instructional staff in their first and second years of service; two and one-half percent for certificated instructional staff in their third year of service; one and one-half percent for certificated instructional staff in their fourth year of service; one percent for certificated instructional staff in their fifth year of service; and one-half of a percent for certificated instructional staff in their sixth and seventh years of service. These increases will take effect September 1, 2003 and September 1, 2004.

(a) In order to receive funding provided in this subsection, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. In cases where a school district providing the increases in the amounts specified in this subsection would cause that school district to be out of compliance with RCW 28A.400.200, they may provide salary increases in different amounts but only to the extent necessary to come into compliance with RCW 28A.400.200. Funds provided in this subsection shall be used exclusively for providing the percentage increases specified in this subsection to the certificated staff units in their first seven years of service and shall not be used to supplant any other state or local funding for compensation for these staff.

(b) The appropriations include associated incremental fringe benefit allocations at rates of 9.04 percent for school year 2003-04 and (~~(9-04)~~) 9.05 percent for school year 2004-05 for certificated staff. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(2) \$5,452,000 of the general fund--state appropriation is provided solely to provide a salary adjustment for state formula classified units of one percent effective September 1, 2004, and \$126,598,000 is provided solely for adjustments to insurance benefit allocations.

(a)(i) In order to receive funding provided in this subsection for salary adjustments for state formula classified units, school districts shall certify to the office of superintendent of public instruction that they will provide the percentage increases in the amounts specified in this subsection. Funds provided in this subsection for this purpose shall be used exclusively for providing the percentage increases specified in this subsection to

classified staff units and shall not be used to supplant any other state or local funding for compensation for these staff.

(ii) The appropriations include associated incremental fringe benefit allocations at rates of 8.75 percent for the 2004-05 school year for classified staff. The appropriations in this section include the increased portion of salaries and incremental fringe benefits for all relevant state-funded school programs in this part V of this act. Increases for general apportionment (basic education) are based on the salary allocation schedules and methodology in sections 502 and 503 of this act. Increases for special education result from increases in each district's basic education allocation per student. Increases for educational service districts and institutional education programs are determined by the superintendent of public instruction using the methodology for general apportionment salaries and benefits in sections 502 and 503 of this act.

(b) The maintenance rate for insurance benefit allocations is \$457.07 per month for the 2003-04 and 2004-05 school years. The appropriations in this section provide for a rate increase to \$481.31 per month for the 2003-04 school year and \$582.47 per month for the 2004-05 school year.

(3) The appropriations in this section provide salary adjustments and incremental fringe benefit allocations based on formula adjustments as follows:

Sec. 507. 2003 1st sp.s. c 25 s 507 (uncodified) is amended to read as follows:

FOR THE SUPERINTENDENT OF PUBLIC INSTRUCTION--FOR SPECIAL EDUCATION PROGRAMS

General Fund--State Appropriation (FY 2004) ((\$433,984,000))	<u>\$435,061,000</u>
--	----------------------

General Fund--State Appropriation (FY 2005) ((\$427,214,000))	<u>\$426,802,000</u>
General Fund--Federal Appropriation ((\$409,637,000))	<u>\$426,450,000</u>
TOTAL APPROPRIATION ((\$1,270,835,000))	<u>\$1,288,313,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Funding for special education programs is provided on an excess cost basis, pursuant to RCW 28A.150.390. School districts shall ensure that special education students as a class receive their full share of the general apportionment allocation accruing through sections 502 and 504 of this act. To the extent a school district cannot provide an appropriate education for special education students under chapter 28A.155 RCW through the general apportionment allocation, it shall provide services through the special education excess cost allocation funded in this section.

(2)(a) The superintendent of public instruction shall use the excess cost methodology developed and implemented for the 2001-02 school year using the S-275 personnel reporting system and all related accounting requirements to ensure that:

- (i) Special education students are basic education students first;
- (ii) As a class, special education students are entitled to the full basic education allocation; and
- (iii) Special education students are basic education students for the entire school day.

(b) The S-275 and accounting changes in effect since the 2001-02 school year shall supercede any prior excess cost methodologies and shall be required of all school districts.

(3) Each fiscal year appropriation includes such funds as are necessary to complete the school year ending in the fiscal year and for prior fiscal year adjustments.

(4) The superintendent of public instruction shall distribute state and federal funds to school districts based on two categories: The optional birth through age two program for special education eligible developmentally delayed infants and toddlers, and the mandatory special education program for special education eligible students ages three to twenty-one. A "special education eligible student" means a student receiving specially designed instruction in accordance with a properly formulated individualized education program.

(5)(a) For the 2003-04 and 2004-05 school years, the superintendent shall make allocations to each district based on the sum of:

(i) A district's annual average headcount enrollment of developmentally delayed infants and toddlers ages birth through two, multiplied by the district's average basic education allocation per full-time equivalent student, multiplied by 1.15; and

(ii) A district's annual average full-time equivalent basic education enrollment multiplied by the funded enrollment percent determined pursuant to subsection (6)(b) of this section, multiplied by the district's average basic education allocation per full-time equivalent student multiplied by 0.9309.

(b) For purposes of this subsection, "average basic education allocation per full-time equivalent student" for a district shall be based on the staffing ratios required by RCW 28A.150.260 and shall not include enhancements, secondary vocational education, or small schools.

(6) The definitions in this subsection apply throughout this section.

(a) "Annual average full-time equivalent basic education enrollment" means the resident enrollment including students enrolled through choice (RCW 28A.225.225) and students from nonhigh districts (RCW 28A.225.210) and excluding students residing in another district enrolled as part of an interdistrict cooperative program (RCW 28A.225.250).

(b) "Enrollment percent" means the district's resident special education annual average enrollment, excluding the birth through age two enrollment, as a percent of the district's annual average full-time equivalent basic education enrollment.

Each district's general fund--state funded special education enrollment shall be the lesser of the district's actual enrollment percent or 12.7 percent. Increases in enrollment percent from 12.7 percent to 13.0 percent shall be funded from the general fund--federal appropriation.

(7) At the request of any interdistrict cooperative of at least 15 districts in which all excess cost services for special education students of the districts are provided by the cooperative, the maximum enrollment percent shall be calculated in accordance with subsection (6)(b) of this section, and shall be calculated in the aggregate rather than individual district units. For purposes of this subsection, the average basic education allocation per full-time equivalent student shall be calculated in the aggregate rather than individual district units.

(8) To the extent necessary, \$25,746,000 of the general fund--federal appropriation is provided for safety net awards for districts with demonstrated needs for state special education funding beyond the amounts provided in subsection (5) of this section. If safety net awards exceed the amount appropriated in this subsection (8), the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider unmet needs for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the

determination of need, the committee shall also consider additional available revenues from federal and local sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(d) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent in accordance with chapter 318, Laws of 1999.

(e) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(9) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Prior to revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature.

(10) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff from the office of superintendent of public instruction;

(b) Staff of the office of the state auditor; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(11) A maximum of \$678,000 may be expended from the general fund--state appropriations to fund 5.43 full-time equivalent teachers and 2.1 full-time equivalent aides at children's orthopedic hospital and medical center. This amount is in lieu of money provided through the home and hospital allocation and the special education program.

(12) \$1,000,000 of the general fund--federal appropriation is provided for projects to provide special education students with appropriate job and independent living skills, including work experience where possible, to facilitate their successful transition out of the public school system. The funds provided by this subsection shall be from federal discretionary grants.

(13) The superintendent shall maintain the percentage of federal flow-through to school districts at 85 percent. In addition to other purposes, school districts may use increased federal funds for high-cost students, for purchasing regional special education services from educational service districts, and for staff development activities particularly relating to inclusion issues.

(14) A maximum of \$1,200,000 of the general fund--federal appropriation may be expended by the superintendent for projects related to use of inclusion strategies by school districts for provision of special education services. The superintendent shall prepare an information database on laws, best practices, examples of programs, and recommended resources. The information may be disseminated in a variety of ways, including workshops and other staff development activities.

(15) A school district may carry over from one year to the next year up to 10 percent of the general fund--state funds allocated under this program; however, carry over funds shall be expended in the special education program.

NEW SECTION. Sec. 901. A new section is added to 2003 1st sp.s. c 25 (uncodified) to read as follows:

FUND BALANCE TRANSFER.

At the end of fiscal year 2004, the office of financial management shall transfer to the general fund-state fund balance the unspent federal fiscal relief grant moneys received as a result of P.L. 108-27 (federal jobs and growth tax relief reconciliation act of 2003). Pursuant to RCW 43.135.035(5), the state expenditure limit shall be increased by the amount of the transfer.

NEW SECTION. Sec. 902. A new section is added to 2003 1st sp.s. c 25 (uncodified) to read as follows:

AGENCY EXPENDITURES FOR MOTOR VEHICLES.

The use of hybrid motor vehicles reduces air contaminants, greenhouse gas emissions and reliance on imported sources of petroleum. To foster the use of hybrid motor vehicles, beginning July 1, 2004, before the purchase or lease of a motor vehicle, state agencies should first consider the feasibility of hybrid motor vehicles. State agencies should strive to purchase or lease a hybrid motor vehicle when the use of such vehicle is consistent with and can accomplish the agency's mission and when the purchase is financially reasonable. The financial assessment should include savings accruing from reduced fuel purchases over the life of the vehicle. Agencies shall report on their purchases of hybrid vehicles in their biennial sustainability plans as required under executive order 02-03.

Sec. 903. RCW 9.46.100 and 2002 c 371 s 901 are each amended to read as follows:

There is hereby created the gambling revolving fund which shall consist of all moneys receivable for licensing, penalties, forfeitures, and all other moneys, income, or revenue received by the commission. The state treasurer shall be custodian of the fund. All moneys received by the commission or any employee thereof, except for change funds and an amount of petty cash as fixed by rule or regulation of the commission, shall be deposited each day in a depository approved by the state treasurer and transferred to the state treasurer to be credited to the gambling revolving fund. Disbursements from the revolving fund shall be on authorization of the commission or a duly authorized representative thereof. In order to maintain an effective expenditure and revenue control the gambling revolving fund shall be subject in all respects to chapter 43.88 RCW but no appropriation shall be required to permit expenditures and payment of obligations from such fund. All expenses relative to commission business, including but not limited to salaries and expenses of the director and other commission employees shall be paid from the gambling revolving fund.

During the (~~2001-~~)2003-2005 fiscal biennium, the legislature may transfer from the gambling revolving fund to the problem gambling treatment account, contingent on enactment of chapter ..., Laws of 2004 (Second Substitute House Bill No. 2776, problem gambling treatment). Also during the 2003-2005 fiscal biennium, the legislature may transfer from the gambling revolving fund to the state general fund such amounts as reflect the excess nontribal fund balance of the fund (~~and reductions made by the 2002 supplemental appropriations act for administrative efficiencies and savings~~). The commission shall not increase fees during the 2003-2005 fiscal biennium for the purpose of restoring the excess fund balance transferred under this section.

The superintendent, in consultation with the regional transportation coordinators of the educational service districts, shall establish competitive specifications for each category of school bus. The categories shall be developed to produce minimum long-range operating costs, including costs of equipment and all costs in operating the vehicles. The categories, for purposes of comparative studies, will be at a minimum the same as those in the beginning of the 1994-95 school year. The competitive specifications shall meet federal motor vehicle safety standards, minimum state specifications as established by rule by the superintendent, and supported options as determined by the superintendent in consultation with the regional transportation coordinators of the educational service districts. In fiscal year 2005, the superintendent may solicit and accept price quotes for a rear-engine category school bus that shall be reimbursed at the price of the corresponding front engine category.

(2) After establishing school bus categories and competitive specifications, the superintendent of public instruction shall solicit competitive price quotes from school bus dealers to be in effect for one year and shall (a) except in fiscal year 2005, establish a list of the lowest competitive price quotes obtained under this subsection, and (b) in fiscal year 2005, establish a list of all accepted price quotes in each category obtained under this subsection.

(3) The superintendent shall base the level of reimbursement to school districts and educational service districts for school buses on the lowest quote in each category.

(4) Notwithstanding RCW 28A.335.190, school districts and educational service districts may purchase at the quoted price directly from the dealer who is providing the lowest competitive price quote on the list established under subsection (2) of this section and in fiscal year 2005 from any dealer on the list established under subsection (2)(b) of this section. School districts and educational service districts may make their own selections for school buses, but shall be reimbursed at the rates determined under (~~this section~~) subsection (3) of this section and RCW 28A.160.200. District-selected options shall not be reimbursed by the state. For the 2003-

(5) This section does not prohibit school districts or educational service districts from conducting their own competitive bid process.

(6) The superintendent of public instruction may adopt rules under chapter 34.05 RCW to implement this section.

Beginning with the graduating class of 2004, a student's family income shall not exceed one hundred twenty percent of the state median family income adjusted for family size, as determined by the higher education coordinating board.

(2) Promise scholarships are not intended to supplant any grant, scholarship, or tax program related to postsecondary education. If the board finds that promise scholarships supplant or reduce any grant, scholarship, or tax program for categories of students, then the board shall adjust the financial eligibility criteria or the amount of scholarship to the level necessary to avoid supplanting.

(3) Within available funds, each qualifying student shall receive two consecutive annual awards, the value of each not to exceed the full-time annual resident tuition rates charged by Washington's community colleges. The higher education coordinating board shall award scholarships to as many students as possible from among those qualifying under this section.

(4) By October 15th of each year, the board shall determine the award amount of the scholarships, after taking into consideration the availability of funds.

(5) The scholarships may only be used for undergraduate coursework at accredited institutions of higher education in the state of Washington.

(6) The scholarships may be used for undergraduate coursework at Oregon institutions of higher education that are part of the border county higher education opportunity project in RCW 28B.80.806 when those institutions offer programs not available at accredited institutions of higher education in Washington state.

(9) The higher education coordinating board may establish satisfactory progress standards for the continued receipt of the promise scholarship.

(10) The higher education coordinating board shall establish the time frame within which the student must use the scholarship.

(2) During the 2003-2005 biennium, the legislature may transfer moneys from the state building construction account to the conservation assistance revolving account such amounts as reflect the excess fund balance of the account.

(1) The director of financial management shall provide all agencies with a complete set of instructions for submitting biennial budget requests to the director at least three months before agency budget documents are due into the office of financial management. In estimating revenues to support financial plans under RCW 44.40.070, the office of financial management shall rely on information and advice from the transportation revenue forecast council. Revenues shall be estimated for such fiscal period from the source and at the rates existing by law at the time of submission of the budget document, including the supplemental budgets submitted in the even-numbered years of a biennium. However, the estimated revenues and caseloads for use in the governor's budget document may be adjusted to reflect budgetary revenue transfers and revenue and caseload estimates dependent upon budgetary assumptions of enrollments, workloads, and caseloads. All adjustments to the approved estimated revenues and caseloads must be set forth in the budget document. The governor may additionally submit, as an appendix to each supplemental, biennial, or six-year agency budget or to the budget document or documents, a proposal for expenditures in the ensuing fiscal period from revenue sources derived from proposed changes in existing statutes.

Supplemental and biennial documents shall reflect a six-year expenditure plan consistent with estimated revenues from existing sources and at existing rates for those agencies required to submit six-year program and financial plans under RCW 44.40.070. Any additional revenue resulting from proposed changes to existing statutes shall be separately identified within the document as well as related expenditures for the six-year period.

The budget document or documents shall also contain:

The Speaker signed:

ENGROSSED SUBSTITUTE HOUSE BILL NO. 2381,

GOVERNOR GARY LOCKE

The Sergeant at Arms announced that Governor Gary Locke was at the doors of the Chamber. The Speaker requested that the Sergeant at Arms escort Governor Locke to the Rostrum. The Governor addressed the body.

Governor Locke: "Thank you, Mr. Speaker and to the members of the House. It is a pleasure to be here. Emily and Dylan have been kind of floating around the last several days. Emily has just turned seven years old on Tuesday and Dylan turns five on Saturday. It's hard to believe that they have grown so much and so fast in just these few years. It's hard to believe that Emily was born just about five weeks after we took office in 1997. This is, of course unless you go into special session or there is some extraordinary circumstance between now and January, our last legislative session as the governor of the State of Washington. I want to tell you that it has been an incredible honor and privilege serving as governor of this incredible, wonderful, beautiful state.

It has been a pleasure being here in Olympia. I can't quite say where I would be sitting within these new chambers but I remember very well, very vividly the seat that I sat in for some 12 years in the House of Representatives in the Capitol Building. I have great memories of my days in Olympia as a legislator and now as governor.

We have done a lot of good stuff. You should be very proud of the incredible progress that we have been able to make in our state. I have watched over TVW and the access channels to some of the debate and proceedings. I know there are major philosophical difference on a lot of issues but in the end, you are able to compromise, you are able to come together and make progress on some tough

issues. When you go across the country, and I think as you have learned from some of your ALEC or NCSL and some of the other associations that you work in and work with, Washington is highly acclaimed in some many different areas. So many of our state agencies are ranked number one in the country. State Patrol, the premiere law enforcement agency in the year 2002. The Washington State Printing Office – deemed the most efficient most productive printing operation in all of America even compared to the private sector against major Fortune 500 companies. And the list goes on and on – Retirement Systems, Department of Information Services, so many of the things that the public gets can now be done over the Internet from the ease of their homes or businesses. And we've advanced Washington's reputation around the world with trade missions to Asia, to Mexico and to Europe. You have all been part of that.

I know that several of you will not be returning next year due to retirements. Representative Sehlin for one, Representative McMorris who is running for Congress and many others will be going on to other ventures. And quite frankly, given the political season, not everyone will come back given the nature of politics. But you can be proud of what you have done for the people of the State of Washington. I am very proud of you, of our legislative system and my work with all of you.

I wanted to come by and say thank you. I know there has been a lot of tough negotiating and compromising these last several days and especially today on a whole host of issues. I know that people are very anxious to get home. I wanted to say thank you for the great job that you do. I wish you all the very best."

NEW SECTION. **Sec. 901.** A new section is added to chapter 89.08 RCW to read as follows:

(1) The conservation assistance revolving account is created in the custody of the state treasurer. The account shall be administered by the conservation commission. Moneys from the account may only be spent after appropriation. Moneys placed in the account shall include principal and interest from the repayment of any loans granted under this section, and any other moneys appropriated to the account by the legislature. Expenditures from the account may be used to make loans to landowners for projects enrolled in the conservation reserve enhancement program.

(2) In order to aid the financing of conservation reserve enhancement program projects, the conservation commission, through the conservation districts, may make interest-free loans to conservation reserve enhancement program enrollees from the conservation assistance revolving account. The conservation commission may require such terms and conditions as it deems necessary to carry out the purposes of this section. Loans to landowners shall be for costs associated with the installation of conservation improvements eligible for and secured by federal farm service agency practice incentive payment reimbursement. Loans under this program promote critical habitat protection and restoration by bridging the financing gap between project implementation and federal funding. The conservation commission shall give loan preferences to those projects expected to generate the greatest environmental benefits and that occur in basins with critical or depressed salmonid stocks. Money received from landowners in loan repayments made under this section shall be paid into the conservation assistance revolving account for uses consistent with this section.

Sec. 902. 2003 1st sp.s. c 26 s 902 (uncodified) is amended to read as follows:

(1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management. The office of financial management shall notify the house of representatives capital budget committee and the senate ways and means committee of allotment releases based on review by the office of financial management. No expenditure may be incurred or obligation entered into for appropriations in this act until the office of financial management has given final approval to the allotment of the funds to be expended or encumbered. For allotments under this act, the allotment process includes, in addition to the statement of proposed expenditures for the current biennium, a category or categories for any reserve amounts and amounts expected to be expended in future biennia. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110. Contracts shall not be executed that call for expenditures in excess of the approved allotment, and the total amount shown in such contracts for the cost of future work that has not been appropriated shall not exceed the amount identified for such work in the level of funding approved by the office of financial management at the completion of predesign.

(2) The legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

Sec. 903. 2003 1st sp.s. c 26 s 905 (uncodified) is amended to read as follows:

(1) To ensure that minor works appropriations are carried out in accordance with legislative intent, funds appropriated in this act shall not be allotted until project lists are on file at the office of financial management and the office of financial management has formally approved the lists. Proposed revisions to the lists must be filed with and approved by the office of financial management before funds may be expended on the revisions.

(2)(a) Minor works projects are single line appropriations that include multiple projects valued between \$25,000 and \$1 million each that are of a similar nature and can generally be completed within two years of the appropriation with the funding provided. Minor works categories include (i) health, safety, and code requirements; (ii) facility preservation; (iii) infrastructure preservation; and (iv) program improvement or expansion. Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the above minor works categories.

(b) Minor works appropriations shall not be used for, among other things: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; moveable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; or to supplement funding for projects with funding shortfalls unless expressly authorized elsewhere in this act. The office of financial management may make an exception to the limitations described in this subsection (2)(b) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(3) The office of financial management shall forward copies of these project lists and revised lists to the house of representatives capital budget committee and the senate ways and means committee. No expenditure may be incurred or obligation entered into for minor works appropriations until the office of financial management has approved the allotment of the funds to be expended. The office of financial management shall encourage state agencies to incorporate accessibility planning and improvements into the normal and customary capital program.

(4) The legislature generally does not intend to make future appropriations for capital expenditures or for maintenance and operating expenses for an acquisition project or a significant expansion project that is initiated through the minor works process and therefore does not receive a policy and fiscal analysis by the legislature. Minor works projects are intended to be one-time expenditures that do not require future state resources to complete.

(2) For the duration of the study, cutting or removal of the trees and stands 160 years or older is subject to the department publishing notification of proposed cutting or removal of old growth timber.

(3) This section expires June 30, 2005.

Sec. 906. RCW 43.82.010 and 1997 c 117 s 1 are each amended to read as follows:

(1) The director of general administration, on behalf of the agency involved, shall purchase, lease, lease purchase, rent, or otherwise acquire all real estate, improved or unimproved, as may be required by elected state officials, institutions, departments, commissions, boards, and other state agencies, or federal agencies where joint state and federal activities are undertaken and may grant easements and transfer, exchange, sell, lease, or sublease all or part of any surplus real estate for those state agencies which do not otherwise have the specific authority to dispose of real estate. This section does not transfer financial liability for the acquired property to the department of general administration.

(2) Except for real estate occupied by federal agencies, the director shall determine the location, size, and design of any real estate or improvements thereon acquired or held pursuant to subsection (1) of this section. Facilities acquired or held pursuant to this chapter, and any improvements thereon, shall conform to standards adopted by the director and approved by the office of financial management governing facility efficiency unless a specific exemption from such standards is provided by the director of general administration. The director of general administration shall report to the office of financial management annually on any exemptions granted pursuant to this subsection.

(3) The director of general administration may fix the terms and conditions of each lease entered into under this chapter, except that no lease shall extend greater than twenty years in duration. The director of general administration may enter into a long-term lease greater than ten years in duration upon a determination by the director of the office of financial management that the long-term lease provides a more favorable rate than would otherwise be available, it appears to a substantial certainty that the facility is necessary for use by the state for the full length of the lease term, and the facility meets the standards adopted pursuant to subsection (2) of this section. The director of general administration may enter into a long-term lease greater than ten years in duration if an analysis shows that the life-cycle cost of leasing the facility is less than the life-cycle cost of purchasing or constructing a facility in lieu of leasing the facility. For the 2003-05 biennium, any lease entered into after the effective date of this section with a term of ten years or less shall not contain a nonappropriation clause.

(4) Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a public offering. Except as permitted under chapter 39.94 RCW, no lease for or on behalf of any state agency may be used or referred to as collateral or security for the payment of securities offered for sale through a private placement without the prior written approval of the state treasurer. However, this limitation shall not prevent a lessor from assigning or encumbering its interest in a lease as security for the repayment of a promissory note provided that the transaction would otherwise be an exempt transaction under RCW 21.20.320. The state treasurer shall adopt rules that establish the criteria under which any such approval may be granted. In establishing such criteria the state treasurer shall give primary consideration to the protection of the state's credit rating and the integrity of the state's debt management program. If it appears to the state treasurer that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection, then he or she may recommend that the governor cause such lease to be terminated. The department of general administration shall promptly notify the state treasurer whenever it may appear to the department that any lease has been used or referred to in violation of this subsection or rules adopted under this subsection.

(5) It is the policy of the state to encourage the colocation and consolidation of state services into single or adjacent facilities, whenever appropriate, to improve public service delivery, minimize duplication of facilities, increase efficiency of operations, and promote sound growth management planning.

(6) The director of general administration shall provide coordinated long-range planning services to identify and evaluate opportunities for col locating and consolidating state facilities. Upon the renewal of any lease, the inception of a new lease, or the purchase of a facility, the director of general administration shall determine whether an opportunity exists for col locating the agency or agencies in a single facility with other agencies located in the same geographic area. If a colocation opportunity exists, the director of general administration shall consult with the affected state agencies and the office of financial management to evaluate the impact colocation would have on the cost and delivery of agency programs, including whether program delivery would be enhanced due to the centralization of services. The director of general administration, in consultation with the office of financial management, shall develop procedures for implementing colocation and consolidation of state facilities.

(7) The director of general administration is authorized to purchase, lease, rent, or otherwise acquire improved or unimproved real estate as owner or lessee and to lease or sublet all or a part of such real estate to state or federal agencies. The director of general administration shall charge each using agency its proportionate rental which shall include an amount sufficient to pay all costs, including, but not limited to, those for utilities, janitorial and accounting services, and sufficient to provide for contingencies; which shall not exceed five percent of the average annual rental, to meet unforeseen expenses incident to management of the real estate.

(8) If the director of general administration determines that it is necessary or advisable to undertake any work, construction, alteration, repair, or improvement on any real estate acquired pursuant to subsection (1) or (7) of this section, the director shall cause plans and specifications thereof and an estimate of the cost of such work to be made and filed in his or her office and the state agency benefiting thereby is hereby authorized to pay for such work out of any available funds: PROVIDED, That the cost of executing such work shall not exceed the sum of twenty-five thousand dollars. Work, construction, alteration, repair, or improvement in excess of twenty-five thousand dollars, other than that done by the owner of the property if other than the state, shall be performed in accordance with the public works law of this state.

(9) In order to obtain maximum utilization of space, the director of general administration shall make space utilization studies, and shall establish standards for use of space by state agencies. Such studies shall include the identification of opportunities for colocation and consolidation of state agency office and support facilities.

(10) The director of general administration may construct new buildings on, or improve existing facilities, and furnish and equip, all real estate under his or her management. Prior to the construction of new buildings or major improvements to existing facilities or acquisition of facilities using a lease purchase contract, the director of general administration shall conduct an evaluation of the facility design and budget using life-cycle cost analysis, value-engineering, and other techniques to maximize the long-term effectiveness and efficiency of the facility or improvement.

(11) All conveyances and contracts to purchase, lease, rent, transfer, exchange, or sell real estate and to grant and accept easements shall be approved as to form by the attorney general, signed by the director of general

administration or the director's designee, and recorded with the county auditor of the county in which the property is located.

(12) The director of general administration may delegate any or all of the functions specified in this section to any agency upon such terms and conditions as the director deems advisable.

(13) This section does not apply to the acquisition of real estate by:

(a) The state college and universities for research or experimental purposes;

(b) The state liquor control board for liquor stores and warehouses; and

(c) The department of natural resources, the department of fish and wildlife, the department of transportation, and the state parks and recreation commission for purposes other than the leasing of offices, warehouses, and real estate for similar purposes.

(14) Notwithstanding any provision in this chapter to the contrary, the department of general administration may negotiate ground leases for public lands on which property is to be acquired under a financing contract pursuant to chapter 39.94 RCW under terms approved by the state finance committee.

NEW SECTION. Sec. 907. (1)(a) The legislature acknowledges the recommendation of the house of representatives capital budget committee 2002 interim workgroup on higher education facilities regarding encouragement of partnerships that attract federal and private funding for certain types of capital facilities, particularly research facilities and facilities providing unique or targeted skills. One incentive to attracting nonstate funding of facilities might be the state sharing in the ongoing operating and maintenance costs through the operating budget and sharing future capital maintenance costs. The workgroup recommended that a process be developed to enable an institution to request such assistance up-front at the time the facility being funded with nonstate resources is planned, rather than after the facility is built. While the legislature will not commit in a present budget to providing operating and maintenance or capital maintenance funding in the future, the institution is less likely to receive this assistance when the facility is constructed if the assistance was not requested up-front when the facility was being planned. Until a more formal process is identified, the legislature will acknowledge such a request in a budget proviso or in the legislative budget notes. This section does not apply to facilities that traditionally do not receive any state budget support, such as student dining, recreation, and housing facilities.

(b) While the legislature assumes facilities funded using alternative financing contracts approved in the capital budget will not be receiving state budget support, exceptions to this should be requested of the governor and legislature up-front, as provided for in this section for nonstate funded facilities.

(2)(a) The following project, funded primarily by nonstate budget sources, is expected to be included in the institution's operating budget request once the facility is completed: Washington State University's agricultural research facility, constructed using federal funds.

(b) The legislature is not committing to providing funds for operating and maintenance or capital maintenance on the facility described in (a) of this subsection at this time, but will consider that decision when the project nears completion. Considerations will include the appropriate amount of such assistance, particularly given the research nature of the facility and the potential for indirect cost recovery associated with the research grants coming to the institution as a result of the facility.

Sec. 908. 2003 1st sp.s. c 26 s 915 (uncodified) is amended to read as follows:

(1) The governor, through the office of financial management, may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended by the legislature in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) For purposes of this section, the governor may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the legislature intends that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) Transfers of funds to an agency's infrastructure savings appropriation are subject to review and approval by the office of financial management. Expenditures from an infrastructure savings appropriation are limited to projects that have a primary purpose to correct infrastructure deficiencies or conditions that: (a) Adversely affect the ability to utilize the infrastructure for its current programmatic use; (b) reduce the life expectancy of the infrastructure; or (c) increase the operating costs of the infrastructure for its current

programmatic use. Eligible infrastructure projects may include structures and surface improvements, site amenities, utility systems outside building footprints and natural environmental changes or requirements as part of an environmental regulation, a declaration of emergency for an infrastructure issue in conformance with RCW 43.88.250, or infrastructure planning as part of a facility master plan.

(5) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

(6) This section does not apply to sections 506 through 508, chapter 26, Laws of 2003 1st sp. sess.

Sec. 909. RCW 70.146.030 and 2003 1st sp. s. c 25 s 934 are each amended to read as follows:

(1) The water quality account is hereby created in the state treasury. Moneys in the account may be used only in a manner consistent with this chapter. Moneys deposited in the account shall be administered by the department of ecology and shall be subject to legislative appropriation. Moneys placed in the account shall include tax receipts as provided in RCW 82.24.027, 82.26.025, and 82.32.390, principal and interest from the repayment of any loans granted pursuant to this chapter, and any other moneys appropriated to the account by the legislature.

(2) The department may use or permit the use of any moneys in the account to make grants or loans to public bodies, including grants to public bodies as cost-sharing moneys in any case where federal, local, or other funds are made available on a cost-sharing basis, for water pollution control facilities and activities, or for purposes of assisting a public body to obtain an ownership interest in water pollution control facilities and/or to defray a part of the payments made by a public body to a service provider under a service agreement entered into pursuant to RCW 70.150.060, within the purposes of this chapter and for related administrative expenses. For the period July 1, 2003, to June 30, 2005, moneys in the account may be used to process applications received by the department that seek to make changes to or transfer existing water rights, for water conveyance projects, and for grants and technical assistance to public bodies for watershed planning under chapter 90.82 RCW. No more than three percent of the moneys deposited in the account may be used by the department to pay for the administration of the grant and loan program authorized by this chapter.

(3) Beginning with the biennium ending June 30, 1997, the department shall present a biennial progress report on the use of moneys from the account to the chairs of the senate committee on ways and means and the house of representatives committee on appropriations. The first report is due June 30, 1996, and the report for each succeeding biennium is due December 31 of the odd-numbered year. The report shall consist of a list of each recipient, project description, and amount of the grant, loan, or both.

Sec. 910. RCW 28B.50.360 and 2002 c 238 s 303 are each amended to read as follows:

Within thirty-five days from the date of start of each quarter all collected building fees of each such community and technical college shall be paid into the state treasury, and shall be credited as follows:

(1) On or before June 30th of each year the college board if issuing bonds payable out of building fees shall certify to the state treasurer the amounts required in the ensuing twelve-month period to pay and secure the payment of the principal of and interest on such bonds. The state treasurer shall thereupon deposit the amounts so certified in the community and technical college capital projects account. Such amounts of the funds deposited in the community and technical college capital projects account as are necessary to pay and secure the payment of the principal of and interest on the building bonds issued by the college board as authorized by this chapter shall be exclusively devoted to that purpose. If in any twelve-month period it shall appear that the amount certified by the college board is insufficient to pay and secure the payment of the principal of and interest on the outstanding building bonds, the state treasurer shall notify the college board and such board shall adjust its certificate so that all requirements of moneys to pay and secure the payment of the principal and interest on all such bonds then outstanding shall be fully met at all times.

(2) The community and technical college capital projects account is hereby created in the state treasury. The sums deposited in the capital projects account shall be appropriated and expended exclusively to pay and secure the payment of the principal of and interest on bonds payable out of the building fees and for the construction, reconstruction, erection, equipping, maintenance, demolition and major alteration of buildings and other capital assets owned by the state board for community and technical colleges in the name of the state of Washington, and the acquisition of sites, rights-of-way, easements, improvements or appurtenances in relation thereto, and, during the 2003-05 biennium, engineering and architectural services provided by the department of general administration, and for the payment of principal of and interest on any bonds issued for such purposes. ~~((During the 2001-2003 fiscal biennium, the legislature may transfer from the account to the state general fund such amounts as reflect the excess fund balance of the account.))~~

NEW SECTION. Sec. 911. During the 2003-05 biennium, the state parks and recreation commission shall study the various options regarding the future of Old Man House state park. These alternatives include retention as a state park, roles of volunteer community groups, transfer to the Suquamish tribe, sale as surplus property, or other alternatives. The commission may, if it deems it appropriate after studying the various

options, transfer the park to the Suquamish tribe. Any action shall provide for continued public access and use of the site for public recreation, and include a limited waiver of sovereignty by the tribe restricted to the enforceability of the reversion clause pursuant to RCW 79A.05.170.

NEW SECTION. Sec. 912. A new section is added to chapter 39.33 RCW to read as follows:

(1) During the 2003-05 biennium, notwithstanding any other provision of law, the department of general administration is authorized to sell the property and attendant parking lot located at 1058 Capitol Way, Olympia, for fair market value to a nonprofit organization whose function is to produce television coverage of state government deliberations and other events of statewide significance.

(2) This section expires June 30, 2005.

NEW SECTION. Sec. 913. A new section is added to chapter 79.19 RCW to read as follows:

(1) All transaction costs associated with the exchange required under chapter . . . (House Bill No. 3045), Laws of 2004, shall be included in the valuation of the lands exchanged.

(2) Notwithstanding any other provision of law, the department of natural resources is authorized to use moneys derived from the sale of lands acquired by the common school trust through the exchange required under chapter . . . (House Bill No. 3045), Laws of 2004, to acquire commercial or industrial properties for the common school trust.

(3) If chapter . . . (House Bill No. 3045), Laws of 2004, is not enacted by April 15, 2004, this section expires April 16, 2004; if it is enacted by April 15, 2004, this section expires June 30, 2005.

NEW SECTION. Sec. 914. (1) The legislature finds that it is in the public interest to encourage development of a BioGas facility at the Monroe honor farm to convert dairy waste, fish processing waste, and other waste products into energy. Such a facility will: Help improve water quality in area streams; help restore salmon habitat; create jobs; generate green energy; improve the economic sustainability of area dairy farms; help stem sprawl; serve as a demonstration project for environmental education; reduce on-going costs associated with maintaining state ownership of this facility; encourage greater cooperation between area tribes and agricultural interests; and be a model for other such efforts in the state.

(2) In consideration of the multiple public benefits set forth in this section and notwithstanding any other provision of law, within one hundred twenty days of the requirements of subsection (4) of this section being completed during the 2003-05 biennium, the state shall transfer the Monroe honor farm to a federally recognized tribe within Snohomish county for construction and operation of a BioGas facility, related agricultural-based businesses, and activities designed to promote salmon restoration and sustainability of area dairy farms. The secretary of corrections shall enter into an agreement with the department of general administration to work with the federally recognized tribe to draft appropriate deed restrictions or conservation easements for the property to ensure that the property is used for the legislative purposes set forth in this section.

(3) The department of general administration shall transfer the property only if the federally recognized tribe has completed a feasibility study for a BioGas facility at the site, only if the tribe has concluded that development of such a facility is feasible, only after the necessary development permits are approved, and only after a public hearing is conducted by the department of general administration. Further, if the property is not used for one or more of the purposes set forth in this section within two years from the date of transfer or if at any time the property is used for activities inconsistent with the legislative purposes set forth in this section, then the ownership of the property shall automatically revert to the state of Washington and be processed as surplus property. The tribe shall be liable or responsible for any environmental contamination occurring during the period the tribe owns the property.

(4) The legislature finds that the value of the public benefits set forth in this section exceeds the fair market value of Monroe honor farm. Accordingly, the state shall transfer the property to a federally recognized tribe within Snohomish county at no cost beyond the consideration set forth in this section. Nothing in this section shall be deemed to affect or modify liability or responsibility for any existing environmental contamination related to the Monroe honor farm.

NEW SECTION. Sec. 915. By October 1, 2004, the department of general administration shall report to the legislature the priority order of the state buildings the department would map subject to implementation of RCW 36.28A.060.

NEW SECTION. Sec. 916. (1) In order to enhance salmon recovery efforts funded in the 2003-05 biennium in eastern Washington, a management board for regional fish recovery is established for Asotin, Columbia, Garfield, Walla Walla, and Whitman counties. The board shall consist of representatives of local and regional interests, and the board shall invite state agencies and tribal governments with treaty fishing rights to participate as voting members on the board.

(2) The number of members, qualifications, terms, and responsibilities of the board shall be specified in an interlocal agreement under chapter 39.34 RCW or resolution of a local government.

(3) The board shall, at a minimum, have the following powers and duties:

(a) The board is responsible for the development and the adoption of a salmon and steelhead recovery plan.

(b) The habitat sections of the plan must be consistent with local watershed plans developed under chapter 90.82 RCW, the Northwest power and conservation council's subbasin plans, and be based on critical pathway methodology under RCW 77.85.060. The board may not exercise authority over land or water within the individual counties or otherwise preempt the authority of other units of local government.

(c) The harvest and hatchery sections of the plan must be consistent with the policies developed jointly by the comanagers, the department, and treaty Indian tribes.

(d) The hydropower sections of the plan must be consistent with policies developed by the federal agencies that operate or market power from the federal Columbia and Snake river power system.

(e) The board has authority to: Hire and fire staff, including an executive director; enter into contracts; accept grants and other moneys; and disburse funds.

(f) The board shall appoint and consult with a technical advisory committee. The board shall invite at least four representatives from state government and the treaty Indian tribes to participate on the technical advisory committee. The board may appoint additional members to the technical advisory committee.

(4) No action may be brought or maintained against any board member, the board, or any of its agents, officers, or employees for any noncontractual acts or omissions in carrying out the purposes of this chapter.

(5) Nothing in this section shall be construed to affect or modify any treaty or other federal rights of an Indian tribe, nor as affecting or modifying any existing right of a federally recognized Indian tribe as determined under *United States v. Washington*, 384 F. Supp. 312 (W.D. Wash. 1974), or *Sohappy v. Smith*, 302 F. Supp. 899 (D. Oregon 1969), and any applicable posttrial orders of those courts.

(6) This section expires June 30, 2005.

NEW SECTION. Sec. 917. Washington State University shall retain ownership of 22 acres of the lower pasture area south of the WSU Puyallup research campus and continue its existing use for agricultural research.

NEW SECTION. Sec. 918. Part headings in this act are not any part of the law.

NEW SECTION. Sec. 919. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 920. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately, except for sections 117 and 202 of this act, which take effect April 16, 2004.

On page 1, beginning on line 1 of the title, after "budget;" strike the remainder of the title and insert "making appropriations and authorizing expenditures for capital improvements; amending RCW 43.82.010, 70.146.030, and 28B.50.360; amending 2003 1st sp.s. c 26 ss 101, 104, 105, 107, 110, 161, 159, 173, 169, 250, 234, 313, 312, 317, 309, 340, 367, 369, 354, 394, 398, 406, 408, 501, 604, 615, 743, 380, 738, 805, 782, 816, 821, 130, 134, 151, 135, 162, 267, 273, 304, 310, 315, 333, 356, 366, 379, 399, 397, 389, 390, 412, 426, 606, 628, 633, 659, 678, 695, 702, 784, 786, 798, 801, 787, 601, 603, 629, 650, 672, 685, 697, 708, 799, 902, 905, 907, and 915 (uncodified); adding new sections to 2003 1st sp.s. c 26 (uncodified); adding a new section to chapter 89.08 RCW; adding a new section to chapter 39.33 RCW; adding a new section to chapter 79.19 RCW; creating new sections; providing an effective date; providing expiration dates; and declaring an emergency."

SENATE AMENDMENTS TO HOUSE BILL

March 3, 2004

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2460, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 48.21.045 and 1995 c 265 s 14 are each amended to read as follows:

(1)(a) An insurer offering any health benefit plan to a small employer ~~((shall))~~, either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan ~~((providing benefits identical to the schedule~~

~~of covered health services that are required to be delivered to an individual enrolled in the basic health plan))~~ featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more ~~((or less))~~ comprehensive benefits than ~~((the basic health plan, provided such plans are in accordance with this chapter))~~ those included in the product offered under this subsection. An insurer offering a health benefit plan ~~((that does not include benefits in the basic health plan))~~ under this subsection shall clearly disclose ~~((these differences))~~ all covered benefits to the small employer in a brochure ~~((approved by))~~ filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320 ~~((if: (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty-five employees))~~.

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the ((basic health plan services)) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs ~~((not to exceed twenty percent))~~.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) ~~((The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state.))~~ Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(7) As used in this section, "health benefit plan," "small employer," ~~("basic health plan,")~~ "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 3. RCW 48.43.018 and 2001 c 196 s 8 are each amended to read as follows:

(1) Except as provided in (a) through ~~((e))~~ (e) of this subsection, a health carrier may require any person applying for an individual health benefit plan to complete the standard health questionnaire designated under chapter 48.41 RCW.

(a) If a person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of relocation.

(b) If a person is seeking an individual health benefit plan:

(i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and

(ii) His or her health care provider is part of another carrier's provider network; and

(iii) Application for a health benefit plan under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(c) If a person is seeking an individual health benefit plan due to his or her having exhausted continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of exhaustion of continuation coverage. A health carrier shall accept an application without a standard health questionnaire from a person currently covered by such continuation coverage if application is made within ninety days prior to the date the continuation coverage would be exhausted and the effective date of the individual coverage applied for is the date the continuation coverage would be exhausted, or within ninety days thereafter.

(d) If a person is seeking an individual health benefit plan due to his or her receiving notice that his or her coverage under a conversion contract is discontinued, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of discontinuation of eligibility under the conversion contract. A health carrier shall accept an application without a standard health

questionnaire from a person currently covered by such conversion contract if application is made within ninety days prior to the date eligibility under the conversion contract would be discontinued and the effective date of the individual coverage applied for is the date eligibility under the conversion contract would be discontinued, or within ninety days thereafter.

(e) If a person is seeking an individual health benefit plan and, but for the number of persons employed by his or her employer, would have qualified for continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if: (i) Application for coverage is made within ninety days of a qualifying event as defined in 29 U.S.C. Sec. 1163; and (ii) the person had at least twenty-four months of continuous group coverage immediately prior to the qualifying event. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous group coverage if application is made no more than ninety days prior to the date of a qualifying event and the effective date of the individual coverage applied for is the date of the qualifying event, or within ninety days thereafter.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(a) The carrier may decide not to accept the person's application for enrollment in its individual health benefit plan; and

(b) Within fifteen business days of receipt of a completed application, the carrier shall provide written notice of the decision not to accept the person's application for enrollment to both the person and the administrator of the Washington state health insurance pool. The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage. If the carrier does not provide or postmark such notice within fifteen business days, the application is deemed approved.

(3) If the person applying for an individual health benefit plan: (a) Does not qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire; (b) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or (c) is not required to complete the standard health questionnaire designated under this chapter under subsection (1)(a) or (b) of this section, the carrier shall accept the person for enrollment if he or she resides within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

Sec. 4. RCW 48.43.035 and 2000 c 79 s 24 are each amended to read as follows:

For group health benefit plans, the following shall apply:

(1) All health carriers shall accept for enrollment any state resident within the group to whom the plan is offered and within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) Except as provided in subsection (5) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium. The carrier may consider the group's anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;

(b) Violation of published policies of the carrier approved by the insurance commissioner;

(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the carrier;

(f) Covered persons who materially breach the health plan; or

(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(4) The provisions of this section do not apply in the following cases:

(a) A carrier has zero enrollment on a product; ((~~or~~))

(b) A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product; ((~~or~~))

(c) No sooner than January 1, 2005, a carrier discontinues offering a particular type of health benefit plan offered for groups of up to two hundred if: (i) The carrier provides notice to each group of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each group provided coverage of this type the option to enroll, with regard to small employer groups, in any other small employer group plan, or with regard to groups of up to two hundred, in any other applicable group plan, currently being offered by the carrier in the applicable group market; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage;

(d) A carrier discontinues offering all health coverage in the small group market or for groups of up to two hundred, or both markets, in the state and discontinues coverage under all existing group health benefit plans in the applicable market involved if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all such coverage in the state and its intent to discontinue coverage under all such existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all such existing health benefit plans; and (ii) the carrier provides notice to each covered group of the intent to discontinue the existing health benefit plan at least one hundred eighty days prior to the date of discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any group health coverage in this state in the applicable group market involved for a five-year period beginning on the date of the discontinuation of the last health benefit plan not so renewed. This subsection (4) does not require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants when the carrier does not discontinue coverage of existing enrollees under that health benefit plan; or

(e) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded.

(5) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

(6) Notwithstanding any other provision of this section, the guarantee of continuity of coverage applies to a group of one only if: (a) The carrier continues to offer any other small employer group plan in which the group of one was eligible to enroll on the day prior to the effective date of this section; and (b) the person continues to qualify as a group of one under the criteria in place on the day prior to the effective date of this section.

Sec. 5. RCW 48.43.038 and 2000 c 79 s 25 are each amended to read as follows:

(1) Except as provided in subsection (4) of this section, all individual health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium.

(2) The guarantee of continuity of coverage required in individual health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;

(b) Violation of published policies of the carrier approved by the commissioner;

(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the carrier;

(f) Covered persons who materially breach the health plan; or

(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(3) This section does not apply in the following cases:

(a) A carrier has zero enrollment on a product;

(b) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded;

(c) No sooner than the first day of the month following the expiration of a one hundred eighty-day period beginning on March 23, 2000, a carrier discontinues offering a particular type of health benefit plan offered in

the individual market, including conversion contracts, if: (i) The carrier provides notice to each covered individual provided coverage of this type of such discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each individual provided coverage of this type the option, without being subject to the standard health questionnaire, to enroll in any other individual health benefit plan currently being offered by the carrier; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage; or

(d) A carrier discontinues offering all individual health coverage in the state and discontinues coverage under all existing individual health benefit plans if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all individual health coverage in the state and its intent to discontinue coverage under all existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all existing health benefit plans; and (ii) the carrier provides notice to each covered individual of the intent to discontinue his or her existing health benefit plan at least one hundred eighty days prior to the date of such discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any individual health coverage in this state for a five-year period beginning on the date of the discontinuation of the last health plan not so renewed. Nothing in this subsection (3) shall be construed to require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants where the carrier does not discontinue coverage of existing enrollees under that health benefit plan.

(4) The provisions of this section do not apply to health plans deemed by the commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the commissioner.

Sec. 6. RCW 48.44.022 and 2000 c 79 s 30 are each amended to read as follows:

(1) Premium rates for health benefit plans for individuals shall be subject to the following provisions:

(a) The health care service contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age;
- (iv) Tenure discounts; and
- (v) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.

(c) The health care service contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (~~not to exceed twenty percent~~).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the family composition;
- (ii) Changes to the health benefit plan requested by the individual; or
- (iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.44.023.

(3) As used in this section and RCW 48.44.023 "health benefit plan," "small employer," "adjusted community rates," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 7. RCW 48.44.023 and 1995 c 265 s 16 are each amended to read as follows:

(1)(a) A health care services contractor offering any health benefit plan to a small employer (~~shall~~), either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan (~~providing~~

~~benefits identical to the schedule of covered health services that are required to be delivered to an individual enrolled in the basic health plan)) featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more (or less) comprehensive benefits than ((the basic health plan, provided such plans are in accordance with this chapter)) those included in the product offered under this subsection. A contractor offering a health benefit plan ((that does not include benefits in the basic health plan)) under this subsection shall clearly disclose ((these differences)) all covered benefits to the small employer in a brochure ((approved by)) filed with the commissioner.~~

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.340, 48.44.344, 48.44.360, 48.44.400, 48.44.440, 48.44.450, and 48.44.460 ((if: (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty five employees)).

(2) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the ((basic health plan services)) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs ((not to exceed twenty percent)).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) ~~((The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state.))~~ Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a contractor in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A contractor shall not require a minimum participation level greater than:

(i) One hundred percent of eligible employees working for groups with three or less employees; and

(ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A contractor may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) A contractor must offer coverage to all eligible employees of a small employer and their dependents. A contractor may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A contractor may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

Sec. 8. RCW 48.46.064 and 2000 c 79 s 33 are each amended to read as follows:

(1) Premium rates for health benefit plans for individuals shall be subject to the following provisions:

Sec. 10. RCW 48.21.143 and 1997 c 276 s 3 are each amended to read as follows:

The legislature finds that diabetes imposes a significant health risk and tremendous financial burden on the citizens and government of the state of Washington, and that access to the medically accepted standards of care for diabetes, its treatment and supplies, and self-management training and education is crucial to prevent or delay the short and long-term complications of diabetes and its attendant costs.

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Person with diabetes" means a person diagnosed by a health care provider as having insulin using diabetes, noninsulin using diabetes, or elevated blood glucose levels induced by pregnancy; and

(b) "Health care provider" means a health care provider as defined in RCW 48.43.005.

(2) All group disability insurance contracts and blanket disability insurance contracts providing health care services, issued or renewed after January 1, 1998, shall provide benefits for at least the following services and supplies for persons with diabetes:

(3) Coverage required under this section may be subject to customary cost-sharing provisions established for all other similar services or supplies within a policy.

(4) Health care coverage may not be reduced or eliminated due to this section.

(5) Services required under this section shall be covered when deemed medically necessary by the medical director, or his or her designee, subject to any referral and formulary requirements.

Sec. 501. RCW 70.94.996 and 2003 c 364 s 9 are each amended to read as follows:

(1) To the extent that funds are appropriated, the department of transportation shall administer a performance-based grant program for private employers, public agencies, nonprofit organizations, developers, and property managers who provide financial incentives for ride sharing in vehicles carrying two or more persons, for using public transportation, for using car sharing, or for using nonmotorized commuting, including telework, before July 1, 2013, to their own or other employees.

(2) The amount of the grant will be determined based on the value to the transportation system of the vehicle trips reduced. The commute trip reduction task force shall develop an award rate giving priority to applications achieving the greatest reduction in trips and commute miles per public dollar requested and considering the following criteria: The local cost of providing new highway capacity, congestion levels, and geographic distribution.

(3) No private employer, public agency, nonprofit organization, developer, or property manager is eligible for grants under this section in excess of one hundred thousand dollars in any fiscal year.

(b) Transfers from a project may not be made as a result of the reduction of the scope of a project, nor shall a transfer be made to support increases in the scope of a project;

(c) Transfers may be made within the current biennium from projects that are experiencing unavoidable expenditure delays, but the transfers may only occur if the commission finds that any resulting change to the nickel program financial plan provides that all projects on the list may be completed as intended by the legislature; and

(d) Transfers may not occur to projects not identified on the list.

NEW SECTION. Sec. 504. A new section is added to 2003 c 360 (uncodified) to read as follows:

INFORMATION SYSTEMS PROJECTS.

Agencies shall comply with the following requirements regarding information systems projects when specifically directed to do so by this act.

(1) Agency planning and decisions concerning information technology shall be made in the context of its information technology portfolio. "Information technology portfolio" means a strategic management approach in which the relationships between agency missions and information technology investments can be seen and understood, such that: Technology efforts are linked to agency objectives and business plans; the impact of new investments on existing infrastructure and business functions are assessed and understood before implementation; and agency activities are consistent with the development of an integrated, nonduplicative statewide infrastructure.

(2) Agencies shall use their information technology portfolios in making decisions on matters related to the following:

(a) System refurbishment, acquisitions, and development efforts;

(b) Setting goals and objectives for using information technology in meeting legislatively-mandated missions and business needs;

(c) Assessment of overall information processing performance, resources, and capabilities;

(d) Ensuring appropriate transfer of technological expertise for the operation of any new systems developed using external resources; and

(e) Progress toward enabling electronic access to public information.

(3) Each project will be planned and designed to take optimal advantage of Internet technologies and protocols. Agencies shall ensure that the project is in compliance with the architecture, infrastructure, principles, policies, and standards of digital government as maintained by the information services board.

(4) The agency shall produce a feasibility study for information technology projects at the direction of the information services board and in accordance with published department of information services policies and guidelines. At a minimum, such studies shall include a statement of: (a) The purpose or impetus for change; (b) the business value to the agency, including an examination and evaluation of benefits, advantages, and cost; (c) a comprehensive risk assessment based on the proposed project's impact on both citizens and state operations, its visibility, and the consequences of doing nothing; (d) the impact on agency and statewide information infrastructure; and (e) the impact of the proposed enhancements to an agency's information technology capabilities on meeting service delivery demands.

(5) The agency shall produce a comprehensive management plan for each project. The plan or plans shall address all factors critical to successful completion of each project. The plan(s) shall include, but is not limited to, the following elements: A description of the problem or opportunity that the information technology project is intended to address; a statement of project objectives and assumptions; a definition and schedule of phases, tasks, and activities to be accomplished; and the estimated cost of each phase. The planning for the phased approach shall be such that the business case justification for a project needs to demonstrate how the project recovers cost or adds measurable value or positive cost benefit to the agency's business functions within each development cycle.

(6) The agency shall produce quality assurance plans for information technology projects. Consistent with the direction of the information services board and the published policies and guidelines of the department of information services, the quality assurance plan shall address all factors critical to successful completion of the project and successful integration with the agency and state information technology infrastructure. At a minimum, quality assurance plans shall provide time and budget benchmarks against which project progress can be measured, a specification of quality assurance responsibilities, and a statement of reporting requirements. The quality assurance plans shall set out the functionality requirements for each phase of a project.

(7) A copy of each feasibility study, project management plan, and quality assurance plan shall be provided to the department of information services, the office of financial management, and legislative fiscal committees. The plans and studies shall demonstrate a sound business case that justifies the investment of

taxpayer funds on any new project, an assessment of the impact of the proposed system on the existing information technology infrastructure, the disciplined use of preventative measures to mitigate risk, and the leveraging of private-sector expertise as needed. Authority to expend any funds for individual information systems projects is conditioned on the approval of the relevant feasibility study, project management plan, and quality assurance plan by the department of information services and the office of financial management.

(8) Quality assurance status reports shall be submitted to the department of information services, the office of financial management, and legislative fiscal committees at intervals specified in the project's quality assurance plan.

NEW SECTION. Sec. 505. A new section is added to 2003 c 360 (uncodified) to read as follows:

(1) It is the intent of the legislature that the freight mobility account created in Substitute Senate Bill No. 6680 maintain a zero or positive cash balance at the end of each biennium. Toward this purpose the Washington state department of transportation may make expenditures from the account before receiving reimbursements. Before the end of the biennium, the department shall transfer sufficient cash to cover any negative cash balances from the motor vehicle fund and the multimodal transportation account to the freight mobility account for unrecovered reimbursements. The department shall calculate the distribution of this transfer based on expenditures. In the ensuing biennium the department shall transfer the reimbursements received in the freight mobility account back to the motor vehicle fund and the multimodal transportation account to the extent of the cash transferred at biennium end. The department shall also distribute any interest charges accruing to the freight mobility account to the motor vehicle fund and the multimodal transportation account. Adjustments for any indirect cost recoveries may also be made at this time.

(2) This section is null and void unless either Engrossed Substitute Senate Bill No. 6701 or Engrossed Substitute Senate Bill No. 6680 is enacted by June 30, 2004.

NEW SECTION. Sec. 506. A new section is added to 2003 c 360 (uncodified) to read as follows:

Washington state ferries are more than a symbol of the state's natural beauty and economic vitality. They also are a critical component of our state's transportation system, serving as an extension of our land-based highways and transit systems, connecting Washington's people, jobs, and communities.

The investments made in the 2003 transportation funding package provide the foundation for a marine transportation system that coordinates Washington's cross-Sound marine transportation and our land-based transportation alternatives to create a fully integrated marine/land multimodal transportation system. Achieving this will require the development of a long-range vision and supporting strategy that will provide the policy guidance to define and maximize efficient delivery of quality marine transportation service to the traveling public.

(1) To accomplish this, the Washington state department of transportation shall develop a vision statement and 10-year strategy for the future development of Washington's multimodal water-based transportation system.

(a) This strategy shall recommend the most appropriate means of moving foot passengers across central Puget Sound, using Washington state ferries, alternative operators, or a combination of both, in the immediate future and over the longer term:

(i) Giving priority to those routes where passenger service likely will be provided at least for the near term on passenger-only vessels, such as Vashon-Seattle, Kingston-Seattle, Southworth-Seattle, and Clinton-Seattle. Consideration shall be given to existing public-private partnership opportunities;

(ii) Considering how service patterns will best fit in the near and long term with development goals and opportunities of Colman Dock as a major hub for integrating water transportation with other transportation modes in downtown Seattle;

(iii) Evaluating how operating economies and reasonable fare box recoveries can be established by scheduling A.M. and P.M. services to match commuter demand and to fit within existing collective bargaining agreements as interpreted and applied to facilitate "split shift" transit-like operations; and

(iv) Providing a vessel plan that most efficiently uses existing state ferry assets and provides for their likely repair and rehabilitation needs, while preserving flexibility to structure services around vessel availability that could rely on purchase or lease of additional vessels, as may suitably be required.

The strategy shall also consider the availability of partnering in operations, vessel deployment, or funding arrangements with other public transportation entities and with the private sector. The study shall also recommend the most effective use of federal funding opportunities for the overall support of integrated water transportation services on the central Puget Sound.

(b) Other components of the strategy shall include but not be limited to:

(i) A long-term plan for the ferry system's existing terminals, considering the revenue generation opportunities and potential for partnering with the private sector where appropriate. This should include a plan for generating other revenues as identified in the 2003 5-5-5 plan; and

(ii) A more equitable fare structure for the San Juan Islands, particularly for island residents.

(2) The department shall consult with key public and private sector stakeholders including business, labor, environmental community representatives, local governments, and transit agencies as part of the development of the vision statement and supporting strategy.

The long-range strategy should also recommend a short-range implementation plan for the 2005-07 biennium. The department shall provide its recommendations to the transportation committees of the legislature by December 15, 2004.

NEW SECTION. Sec. 507. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 508. This act is necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and takes effect immediately.

On page 1, line 1 of the title, after "appropriations;" strike the remainder of the title and insert "amending RCW 70.94.996; amending 2003 1st sp.s. c 26 ss 506 and 508 (uncodified); amending 2003 c 360 ss 102, 202, 203, 204, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 304, 305, 308, 310, 401, 402, 403, 404, 405, 406, and 407 (uncodified); adding new sections to 2003 c 360 (uncodified); and declaring an emergency."

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2313, with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that bail bond agents and bail bond recovery agents serve a necessary and important purpose in the criminal justice system by locating, apprehending, and surrendering fugitive criminal defendants. The legislature also recognizes that locating, apprehending, and surrendering fugitives requires special skills and expertise; that bail bond agents and bail bond recovery agents are often required to perform their duties under stressful and demanding conditions; and that it serves the public interest to have qualified people performing such essential functions. Therefore, bail bond agencies that use the services of bail bond recovery agents must, in the interest of public safety, use bail bond recovery agents who possess the knowledge and competence necessary for the job.

Sec. 2. RCW 18.185.010 and 2000 c 171 s 40 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

Sec. 4. RCW 18.185.040 and 1993 c 260 s 5 are each amended to read as follows:

- (1) Applications for licenses required under this chapter shall be filed with the director on a form provided by the director. The director may require any information and documentation that reasonably relates to the need to determine whether the applicant meets the criteria, ~~((which may include))~~ including fingerprints.

The Washington state patrol shall forward the fingerprints of applicants to the federal bureau of investigation for a national criminal history records check. The director may accept proof of a recent national crime information center/III criminal background report or any national or interstate criminal background report in addition to fingerprints to accelerate the licensing and endorsement process. The director is authorized to periodically perform a background investigation of licensees to identify criminal convictions subsequent to the renewal of a license or endorsement.

NEW SECTION. Sec. 5. A new section is added to chapter 18.185 RCW to read as follows:

NEW SECTION. Sec. 6. A new section is added to chapter 18.185 RCW to read as follows:

(1) Each fugitive criminal defendant to be recovered will be treated as an individual contract between the bail bond agent and the bail bond recovery agent. A bail bond agent shall provide a bail bond recovery agent a copy of each individual contract. A bail bond recovery agent must carry, in addition to the license issued by the department, a copy of the contract and, if requested, must present a copy of the contract and the license to the fugitive criminal defendant, the owner or manager of the property in which the agent entered in order to locate or apprehend the fugitive, other residents, if any, of the residence in which the agent entered in order to locate or apprehend the fugitive, and to the local law enforcement agency or officer. (1) A bail bond agency shall notify the director within thirty days after the death or termination of employment of any employee who is a licensed bail bond agent.

(2) A bail bond agency shall notify the director within seventy-two hours upon receipt of information affecting a licensed bail bond agent's continuing eligibility to hold a license under the provisions of this chapter.

(3) A bail bond agent or bail bond recovery agent shall notify the director within seventy-two hours upon receipt of information affecting the bail bond recovery agent's continuing eligibility to hold a bail bond recovery agent's license under the provisions of this chapter.

(4) A bail bond agent or bail bond recovery agent shall notify the local law enforcement agency whenever the bail bond recovery agent discharges his or her firearm while on duty, other than on a supervised firearms range. The notification must be made within ten business days of the date the firearm is discharged.

Sec. 8. RCW 18.185.100 and 1996 c 242 s 3 are each amended to read as follows:

(1) Every qualified agent shall keep adequate records for three years of all collateral and security received, all trust accounts required by this section, and all bail bond transactions handled by the bail bond agency, as specified by rule. The records shall be open to inspection without notice by the director or authorized representatives of the director.

(2) Every qualified agent who receives collateral or security is a fiduciary of the property and shall keep adequate records for three years of the receipt, safekeeping, and disposition of the collateral or security. Every qualified agent shall maintain a trust account in a federally insured financial institution located in this state. All moneys, including cash, checks, money orders, wire transfers, and credit card sales drafts, received as collateral or security or otherwise held for a bail bond agency's client shall be deposited in the trust account not later than the third banking day following receipt of the funds or money. A qualified agent shall not in any way encumber the corpus of the trust account or commingle any other moneys with moneys properly maintained in the trust account. Each qualified agent required to maintain a trust account shall report annually under oath to the director the account number and balance of the trust account, and the name and address of the institution that holds the trust account, and shall report to the director within ten business days whenever the trust account is changed or relocated or a new trust account is opened.

(3) Whenever a bail bond is exonerated by the court, the qualified agent shall, within five business days after written notification of exoneration (~~and upon written demand~~), return all collateral or security to the person entitled thereto.

(4) Records of contracts for fugitive apprehension must be retained by the bail bond agent and by the bail bond recovery agent for a period of three years.

Sec. 9. RCW 18.185.110 and 2002 c 86 s 251 are each amended to read as follows:

In addition to the unprofessional conduct described in RCW 18.235.130, the following conduct, acts, or conditions constitute unprofessional conduct:

- (1) Violating any of the provisions of this chapter or the rules adopted under this chapter;
- (2) Failing to meet the qualifications set forth in RCW 18.185.020 and 18.185.030;
- (3) Knowingly committing, or being a party to, any material fraud, misrepresentation, concealment, conspiracy, collusion, trick, scheme, or device whereby any other person lawfully relies upon the word, representation, or conduct of the licensee. However, this subsection (3) does not prevent a bail bond recovery agent from using any pretext to locate or apprehend a fugitive criminal defendant or gain any information regarding the fugitive;

(4) Assigning or transferring any license issued pursuant to the provisions of this chapter, except as provided in RCW 18.185.030;

(5) Conversion of any money or contract, deed, note, mortgage, or other evidence of title, to his or her own use or to the use of his or her principal or of any other person, when delivered to him or her in trust or on condition, in violation of the trust or before the happening of the condition; and failure to return any money or contract, deed, note, mortgage, or other evidence of title within thirty days after the owner is entitled to possession, and makes demand for possession, shall be prima facie evidence of conversion;

(6) Failing to keep records, maintain a trust account, or return collateral or security, as required by RCW 18.185.100;

(7) Any conduct in a bail bond transaction which demonstrates bad faith, dishonesty, or untrustworthiness; ~~((~~o~~))~~

(8) Violation of an order to cease and desist that is issued by the director under this chapter;

(9) Wearing, displaying, holding, or using badges not approved by the department;

(10) Making any statement that would reasonably cause another person to believe that the bail bond recovery agent is a sworn peace officer;

(11) Failing to carry a copy of the contract or to present a copy of the contract as required under section 6(1) of this act;

(12) Using the services of an unlicensed bail bond recovery agent or using the services of a bail bond recovery agent without issuing the proper contract;

(13) Misrepresenting or knowingly making a material misstatement or omission in the application for a license;

(14) Using the services of a person performing the functions of a bail bond recovery agent who has not been licensed by the department as required by this chapter; or

(15) Performing the functions of a bail bond recovery agent without being both (a) licensed under this chapter or supervised by a licensed bail bond recovery agent under section 11 of this act; and (b) under contract with a bail bond agent.

NEW SECTION. Sec. 10. A new section is added to chapter 18.185 RCW to read as follows:

(1) A person may not perform the functions of a bail bond recovery agent unless the person is licensed by the department under this chapter.

(2) A bail bond agent may contract with a person to perform the functions of a bail bond recovery agent. Before contracting with the bail bond recovery agent, the bail bond agent must check the license issued by the department under this chapter. The requirements established by the department under this chapter do not prevent the bail bond agent from imposing additional requirements that the bail bond agent considers appropriate.

(3) A contract entered into under this chapter is authority for the person to perform the functions of a bail bond recovery agent as specifically authorized by the contract and in accordance with applicable law. A contract entered into by a bail bond agent with a bail bond recovery agent is not transferable by the bail bond recovery agent to another bail bond recovery agent.

(4) Whenever a person licensed by the department as a bail bond recovery agent is engaged in the performance of the person's duties as a bail bond recovery agent, the person must carry a copy of the license.

(5) A license or endorsement issued by the department under this chapter is valid from the date the license or endorsement is issued until its expiration date unless it is suspended or revoked by the department prior to its expiration date.

(6) No person may perform the functions of a bail bond recovery agent after December 31, 2005, unless the person has first complied with the provisions of this chapter.

(7) Nothing in this chapter is meant to prevent a bail bond agent from contacting a fugitive criminal defendant for the purpose of requesting the surrender of the fugitive, or from accepting the voluntary surrender of the fugitive.

NEW SECTION. Sec. 11. A new section is added to chapter 18.185 RCW to read as follows:

A bail bond recovery agent from another state who is not licensed under this chapter may not perform the functions of a bail bond recovery agent in this state unless the agent is working under the direct supervision of a licensed bail bond recovery agent.

NEW SECTION. Sec. 12. A new section is added to chapter 18.185 RCW to read as follows:

(1) Before a bail bond recovery agent may apprehend a person subject to a bail bond in a planned forced entry, the bail bond recovery agent must notify an appropriate law enforcement agency in the local jurisdiction in which the apprehension is expected to occur. Notification must include, at a minimum: The name of the defendant; the address, or the approximate location if the address is undeterminable, of the dwelling, building, or other structure where the planned forced entry is expected to occur; the name of the bail bond recovery agent; the name of the contracting bail bond agent; and the alleged offense or conduct the defendant committed that resulted in the issuance of a bail bond.

(2) During the actual planned forced entry, a bail bond recovery agent:

(a) Shall wear a shirt, vest, or other garment with the words "BAIL BOND RECOVERY AGENT" displayed in at least two-inch-high reflective print letters across the front and back of the garment and in a contrasting color to that of the garment; and

(b) May display a badge approved by the department with the words "BAIL BOND RECOVERY AGENT" prominently displayed.

Sec. 13. RCW 18.185.170 and 2002 c 86 s 254 are each amended to read as follows:

(1) (~~After June 30, 1994,~~) Any person who performs the functions and duties of a bail bond agent in this state without being licensed in accordance with the provisions of this chapter, or any person presenting or attempting to use as his or her own the license of another, or any person who gives false or forged evidence of any kind to the director in obtaining a license, or any person who falsely impersonates any other licensee, or any person who attempts to use an expired or revoked license, or any person who violates any of the provisions of this chapter is guilty of a gross misdemeanor.

(2) (~~After January 1, 1994,~~) A person is guilty of a gross misdemeanor if ((he or she)) the person owns or operates a bail bond agency in this state without first obtaining a bail bond agency license.

(3) (~~After June 30, 1994,~~) The owner or qualified agent of a bail bond agency is guilty of a gross misdemeanor if ((he or she)) the owner or qualified agent employs any person to perform the duties of a bail bond agent without the employee having in ((his or her)) the employee's possession a permanent bail bond agent license issued by the department.

(4) After December 31, 2005, a person is guilty of a gross misdemeanor if the person:

(a) Performs the functions of a bail bond recovery agent without first obtaining a license from the department and entering into a contract with a bail bond agent as required by this chapter; or, in the case of a bail bond recovery agent from another state, the person performs the functions of a bail bond recovery agent without operating under the direct supervision of a licensed bail bond recovery agent as required by this chapter; or

(b) Conducts a planned forced entry without first complying with the requirements of this chapter."

MESSAGE FROM THE SENATE

March 11, 2004

Mr. Speaker:

The Senate has passed:

ENGROSSED HOUSE BILL NO. 1677,
SUBSTITUTE HOUSE BILL NO. 2510,

and the same are herewith transmitted.

Milt H. Doumit, Secretary

POINT OF PERSONAL PRIVILEGE

Representative Orcutt: "Thank you, Mr. Speaker. I wanted to rise and take a moment to thank all the members of this body for all of the assistance they have given me in this sixty day session. It has been very difficult for me to get around. The hardest part has been carrying anything so getting things from one place to another. I want to take a couple of minutes to thank some people. You know when you are sitting in a two hour long committee, and you're asking a lot questions, your throat kind of dries out and that sort of thing so it really means a lot even though it seems like a very small thing for someone to bring you a cup of water. It seemed like I had somebody in all three of my committees that would do that. So in Finance, I want to thank the gentle lady from the 37th, even when she couldn't talk, she'd tap me on the shoulder and hold the cup up – that was the way she would ask me if I wanted water. Capital Budget, the gentle lady from the 8th, I want to thank her. In Agriculture and Natural Resources, the gentleman from the 22nd. Most of you will notice that is across party lines. That is something that really strikes me. We have our floor debates and we do have our partisan issues and our party line votes but when it comes to something like this, the party affiliation doesn't enter into

it. That means a lot to me. Carrying things like my laptop and other documents, that we get in committee, that I needed brought to the floor, there was the lady from the 13th, even though she was needing physical therapy on her arm. Both gentlemen from the 6th, the gentlemen from the 31st and the 39th. There are a number of pages, legislative aides and members of the security team have all been very helpful.

I also want to thank the gentleman from the 40th, he was willing to trade parking spaces so I didn't have to get so far on crutches and I really appreciate that, that was something he didn't have to do. I also want to thank the Speaker and the Speaker Pro Tempore because when a dozen people were popping up, they generally didn't make me pop up more than two or three times.

But there is one person I really need to thank more than anybody else – today makes five months since I broke my leg and the person who was there when I broke my leg has been here for me through the entire way. She had to take a week off to work to finish the move. She took another week off just to help me get settled when I got out of the hospital and help take care of me. Any though I started getting around and I could drive, I still couldn't carry things. So how do you live in Olympia and pack your suits in and out of the place you're staying without some help. So every Sunday, she has come up with me and she has packed all of my suits, clothing and supplies I needed – I really do need to thank my wife Marci. She has been a huge help, she has been very patient through all of this. So along with thanking all of you, I want to thank my wife Marci as well."

Excused: Representatives Edwards and Flannigan - 2.

SENATE BILL NO. 5034, as amended by the House, having received the necessary constitutional majority, was declared passed.

SPEAKER'S GIFT

Representative Kessler: "Mr. Speaker, the tradition of the House of Representatives is to acknowledge your two years as Speaker, your first two year term I might add, and we all as members of the House of Representatives sort of put some things together to give you a gift that we hope will always be a reminder of your two years as Speaker, and how much we all appreciated the way you directed this House chamber and how often you let the Speaker Pro Tempore preside. Your good humor along the way, we really appreciated. This gift from both caucuses is a gift that we understand you will be able to use for your great Croatian dinners and your political soirees around a table.

Please accept this gift from us to you and to your family."

Representative DeBolt: "So you are thinking, 'we gave all this money, and you gave me apples.' What we did was to contact Nancy about something you have been wanting to purchase for a while. So there is a dining room table that you have had your eye on. So as you sit around with your family after session, now you will think about us."

Mr. Speaker: "This is amazing. Now I have to talk to my wife about this. For weeks, we've been trying to pick out the color of the chairs. This is expensive by the way.

I want to say thank you for doing this and it's a great honor to serve with all of you. I've got to say that it used to be in the old days that the press would complain about how little the Legislature

did, but I've got to say that the last couple of years here we've accomplished a tremendous amount of work including the work we did this Session. I also feel compelled to recognize the person who maybe this gift should really go to, our Speaker Pro Tempore John Lovick. Will you please join me in supporting him? I've told this to John, that it got to the point where John was presiding so much that my mother called to complain, she said 'Frankie, where are you?' I really appreciate you, John, and all the work you've done. Believe me, I know how much work it is.

Thank you."

SENATE AMENDMENTS TO HOUSE BILL

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2797, with the following amendment:

(4) "Health coverage tax credit eligible enrollee" means individual workers and their qualified family members who lose their jobs due to the effects of international trade and are eligible for certain trade adjustment assistance benefits; or are eligible for benefits under the alternative trade adjustment assistance program; or are people who receive benefits from the pension benefit guaranty corporation and are at least fifty-five years old.

(5) "Managed health care system" means: (a) Any health care organization, including health care providers, insurers, health care service contractors, health maintenance organizations, or any combination thereof, that provides directly or by contract basic health care services, as defined by the administrator and rendered by duly licensed providers, to a defined patient population enrolled in the plan and in the managed health care system; or (b) a self-funded or self-insured method of providing insurance coverage to subsidized enrollees provided under RCW 41.05.140 and subject to the limitations under RCW 70.47.100(7).

~~((4))~~ (6) "Subsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children: (a) Who is not eligible for medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (c) who resides in an area of the state served by a managed health care system participating in the plan; (d) whose gross family income at the time of enrollment does not exceed two hundred percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services; and (e) who chooses to obtain basic health care coverage from a particular managed health care system in return for periodic payments to the plan. To the extent that state funds are specifically appropriated for this purpose, with a corresponding federal match, "subsidized enrollee" also means an individual, or an individual's spouse or dependent children, who meets the requirements in (a) through (c) and (e) of this subsection and whose gross family income at the time of enrollment is more than two hundred percent, but less than two hundred fifty-one percent, of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services.

~~((5))~~ (7) "Nonsubsidized enrollee" means an individual, or an individual plus the individual's spouse or dependent children: (a) Who is not eligible for medicare; (b) who is not confined or residing in a government-operated institution, unless he or she meets eligibility criteria adopted by the administrator; (c) who resides in an area of the state served by a managed health care system participating in the plan; (d) who chooses to obtain basic health care coverage from a particular managed health care system; and (e) who pays or on whose behalf is paid the full costs for participation in the plan, without any subsidy from the plan.

~~((6))~~ (8) "Subsidy" means the difference between the amount of periodic payment the administrator makes to a managed health care system on behalf of a subsidized enrollee plus the administrative cost to the plan of providing the plan to that subsidized enrollee, and the amount determined to be the subsidized enrollee's responsibility under RCW 70.47.060(2).

~~((7))~~ (9) "Premium" means a periodic payment, based upon gross family income which an individual, their employer or another financial sponsor makes to the plan as consideration for enrollment in the plan as a subsidized enrollee ~~((or))~~, a nonsubsidized enrollee, or a health coverage tax credit eligible enrollee.

~~((8))~~ (10) "Rate" means the amount, negotiated by the administrator with and paid to a participating managed health care system, that is based upon the enrollment of subsidized ~~((and))~~, nonsubsidized, and health coverage tax credit eligible enrollees in the plan and in that system.

Sec. 2. RCW 70.47.030 and 1995 2nd sp.s. c 18 s 913 are each amended to read as follows:

(1) The basic health plan trust account is hereby established in the state treasury. Any nongeneral fund-state funds collected for this program shall be deposited in the basic health plan trust account and may be expended without further appropriation. Moneys in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of enrollees in the plan and payment of costs of administering the plan.

During the 1995-97 fiscal biennium, the legislature may transfer funds from the basic health plan trust account to the state general fund.

(2) The basic health plan subscription account is created in the custody of the state treasurer. All receipts from amounts due from or on behalf of nonsubsidized enrollees and health coverage tax credit eligible enrollees shall be deposited into the account. Funds in the account shall be used exclusively for the purposes of this chapter, including payments to participating managed health care systems on behalf of nonsubsidized enrollees and health coverage tax credit eligible enrollees in the plan and payment of costs of administering the plan. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

(3) The administrator shall take every precaution to see that none of the funds in the separate accounts created in this section or that any premiums paid either by subsidized or nonsubsidized enrollees are commingled in any way, except that the administrator may combine funds designated for administration of the plan into a single administrative account.

Sec. 3. RCW 70.47.060 and 2001 c 196 s 13 are each amended to read as follows:

The administrator has the following powers and duties:

(1) To design and from time to time revise a schedule of covered basic health care services, including physician services, inpatient and outpatient hospital services, prescription drugs and medications, and other services that may be necessary for basic health care. In addition, the administrator may, to the extent that funds are available, offer as basic health plan services chemical dependency services, mental health services and organ transplant services; however, no one service or any combination of these three services shall increase the actuarial value of the basic health plan benefits by more than five percent excluding inflation, as determined by the office of financial management. All subsidized and nonsubsidized enrollees in any participating managed health care system under the Washington basic health plan shall be entitled to receive covered basic health care services in return for premium payments to the plan. The schedule of services shall emphasize proven preventive and primary health care and shall include all services necessary for prenatal, postnatal, and well-child care. However, with respect to coverage for subsidized enrollees who are eligible to receive prenatal and postnatal services through the medical assistance program under chapter 74.09 RCW, the administrator shall not contract for such services except to the extent that such services are necessary over not more than a one-month period in order to maintain continuity of care after diagnosis of pregnancy by the managed care provider. The schedule of services shall also include a separate schedule of basic health care services for children, eighteen years of age and younger, for those subsidized or nonsubsidized enrollees who choose to secure basic coverage through the plan only for their dependent children. In designing and revising the schedule of services, the administrator shall consider the guidelines for assessing health services under the mandated benefits act of 1984, RCW 48.47.030, and such other factors as the administrator deems appropriate.

(2)(a) To design and implement a structure of periodic premiums due the administrator from subsidized enrollees that is based upon gross family income, giving appropriate consideration to family size and the ages of all family members. The enrollment of children shall not require the enrollment of their parent or parents who are eligible for the plan. The structure of periodic premiums shall be applied to subsidized enrollees entering the plan as individuals pursuant to subsection ~~((9))~~ (11) of this section and to the share of the cost of the plan due from subsidized enrollees entering the plan as employees pursuant to subsection ~~((10))~~ (12) of this section.

(b) To determine the periodic premiums due the administrator from nonsubsidized enrollees. Premiums due from nonsubsidized enrollees shall be in an amount equal to the cost charged by the managed health care system provider to the state for the plan plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201.

(c) To determine the periodic premiums due the administrator from health coverage tax credit eligible enrollees. Premiums due from health coverage tax credit eligible enrollees must be in an amount equal to the cost charged by the managed health care system provider to the state for the plan, plus the administrative cost of providing the plan to those enrollees and the premium tax under RCW 48.14.0201. The administrator will consider the impact of eligibility determination by the appropriate federal agency designated by the Trade Act of

2002 (P.L. 107-210) as well as the premium collection and remittance activities by the United States internal revenue service when determining the administrative cost charged for health coverage tax credit eligible enrollees.

(d) An employer or other financial sponsor may, with the prior approval of the administrator, pay the premium, rate, or any other amount on behalf of a subsidized or nonsubsidized enrollee, by arrangement with the enrollee and through a mechanism acceptable to the administrator. The administrator shall establish a mechanism for receiving premium payments from the United States internal revenue service for health coverage tax credit eligible enrollees.

~~((4))~~ (e) To develop, as an offering by every health carrier providing coverage identical to the basic health plan, as configured on January 1, 2001, a basic health plan model plan with uniformity in enrollee cost-sharing requirements.

(3) To evaluate, with the cooperation of participating managed health care system providers, the impact on the basic health plan of enrolling health coverage tax credit eligible enrollees. The administrator shall issue to the appropriate committees of the legislature preliminary evaluations on June 1, 2005, and January 1, 2006, and a final evaluation by June 1, 2006. The evaluation shall address the number of persons enrolled, the duration of their enrollment, their utilization of covered services relative to other basic health plan enrollees, and the extent to which their enrollment contributed to any change in the cost of the basic health plan.

(4) To end the participation of health coverage tax credit enrollees in the basic health plan if the federal government reduces or terminates premium payments on their behalf through the United States internal revenue service.

(5) To design and implement a structure of enrollee cost-sharing due a managed health care system from subsidized ~~(and)~~, nonsubsidized, and health coverage tax credit eligible enrollees. The structure shall discourage inappropriate enrollee utilization of health care services, and may utilize copayments, deductibles, and other cost-sharing mechanisms, but shall not be so costly to enrollees as to constitute a barrier to appropriate utilization of necessary health care services.

~~((4))~~ (6) To limit enrollment of persons who qualify for subsidies so as to prevent an overexpenditure of appropriations for such purposes. Whenever the administrator finds that there is danger of such an overexpenditure, the administrator shall close enrollment until the administrator finds the danger no longer exists. Such a closure does not apply to health coverage tax credit eligible enrollees who receive a premium subsidy from the United States internal revenue service as long as the enrollees qualify for the health coverage tax credit program.

~~((5))~~ (7) To limit the payment of subsidies to subsidized enrollees, as defined in RCW 70.47.020. The level of subsidy provided to persons who qualify may be based on the lowest cost plans, as defined by the administrator.

~~((6))~~ (8) To adopt a schedule for the orderly development of the delivery of services and availability of the plan to residents of the state, subject to the limitations contained in RCW 70.47.080 or any act appropriating funds for the plan.

~~((7))~~ (9) To solicit and accept applications from managed health care systems, as defined in this chapter, for inclusion as eligible basic health care providers under the plan for ~~(either)~~ subsidized enrollees, ~~((or))~~ nonsubsidized enrollees, or ~~(both)~~ health coverage tax credit eligible enrollees. The administrator shall endeavor to assure that covered basic health care services are available to any enrollee of the plan from among a selection of two or more participating managed health care systems. In adopting any rules or procedures applicable to managed health care systems and in its dealings with such systems, the administrator shall consider and make suitable allowance for the need for health care services and the differences in local availability of health care resources, along with other resources, within and among the several areas of the state. Contracts with participating managed health care systems shall ensure that basic health plan enrollees who become eligible for medical assistance may, at their option, continue to receive services from their existing providers within the managed health care system if such providers have entered into provider agreements with the department of social and health services.

~~((8))~~ (10) To receive periodic premiums from or on behalf of subsidized ~~(and)~~, nonsubsidized, and health coverage tax credit eligible enrollees, deposit them in the basic health plan operating account, keep records of enrollee status, and authorize periodic payments to managed health care systems on the basis of the number of enrollees participating in the respective managed health care systems.

~~((9))~~ (11) To accept applications from individuals residing in areas served by the plan, on behalf of themselves and their spouses and dependent children, for enrollment in the Washington basic health plan as subsidized ~~((or))~~, nonsubsidized, or health coverage tax credit eligible enrollees, to establish appropriate minimum-enrollment periods for enrollees as may be necessary, and to determine, upon application and on a reasonable schedule defined by the authority, or at the request of any enrollee, eligibility due to current gross family income for sliding scale premiums. Funds received by a family as part of participation in the adoption support program authorized under RCW 26.33.320 and 74.13.100 through 74.13.145 shall not be counted toward a family's current gross family income for the purposes of this chapter. When an enrollee fails to report income or income changes accurately, the administrator shall have the authority either to bill the enrollee for the amounts overpaid by the state or to impose civil penalties of up to two hundred percent of the amount of subsidy overpaid

due to the enrollee incorrectly reporting income. The administrator shall adopt rules to define the appropriate application of these sanctions and the processes to implement the sanctions provided in this subsection, within available resources. No subsidy may be paid with respect to any enrollee whose current gross family income exceeds twice the federal poverty level or, subject to RCW 70.47.110, who is a recipient of medical assistance or medical care services under chapter 74.09 RCW. If a number of enrollees drop their enrollment for no apparent good cause, the administrator may establish appropriate rules or requirements that are applicable to such individuals before they will be allowed to reenroll in the plan.

~~((10))~~ (12) To accept applications from business owners on behalf of themselves and their employees, spouses, and dependent children, as subsidized or nonsubsidized enrollees, who reside in an area served by the plan. The administrator may require all or the substantial majority of the eligible employees of such businesses to enroll in the plan and establish those procedures necessary to facilitate the orderly enrollment of groups in the plan and into a managed health care system. The administrator may require that a business owner pay at least an amount equal to what the employee pays after the state pays its portion of the subsidized premium cost of the plan on behalf of each employee enrolled in the plan. Enrollment is limited to those not eligible for medicare who wish to enroll in the plan and choose to obtain the basic health care coverage and services from a managed care system participating in the plan. The administrator shall adjust the amount determined to be due on behalf of or from all such enrollees whenever the amount negotiated by the administrator with the participating managed health care system or systems is modified or the administrative cost of providing the plan to such enrollees changes.

~~((11))~~ (13) To determine the rate to be paid to each participating managed health care system in return for the provision of covered basic health care services to enrollees in the system. Although the schedule of covered basic health care services will be the same or actuarially equivalent for similar enrollees, the rates negotiated with participating managed health care systems may vary among the systems. In negotiating rates with participating systems, the administrator shall consider the characteristics of the populations served by the respective systems, economic circumstances of the local area, the need to conserve the resources of the basic health plan trust account, and other factors the administrator finds relevant.

~~((12))~~ (14) To monitor the provision of covered services to enrollees by participating managed health care systems in order to assure enrollee access to good quality basic health care, to require periodic data reports concerning the utilization of health care services rendered to enrollees in order to provide adequate information for evaluation, and to inspect the books and records of participating managed health care systems to assure compliance with the purposes of this chapter. In requiring reports from participating managed health care systems, including data on services rendered enrollees, the administrator shall endeavor to minimize costs, both to the managed health care systems and to the plan. The administrator shall coordinate any such reporting requirements with other state agencies, such as the insurance commissioner and the department of health, to minimize duplication of effort.

~~((13))~~ (15) To evaluate the effects this chapter has on private employer- based health care coverage and to take appropriate measures consistent with state and federal statutes that will discourage the reduction of such coverage in the state.

~~((14))~~ (16) To develop a program of proven preventive health measures and to integrate it into the plan wherever possible and consistent with this chapter.

~~((15))~~ (17) To provide, consistent with available funding, assistance for rural residents, underserved populations, and persons of color.

~~((16))~~ (18) In consultation with appropriate state and local government agencies, to establish criteria defining eligibility for persons confined or residing in government-operated institutions.

~~((17))~~ (19) To administer the premium discounts provided under RCW 48.41.200(3)(a) (i) and (ii) pursuant to a contract with the Washington state health insurance pool.

Sec. 4. RCW 70.47.100 and 2000 c 79 s 35 are each amended to read as follows:

(1) A managed health care system participating in the plan shall do so by contract with the administrator and shall provide, directly or by contract with other health care providers, covered basic health care services to each enrollee covered by its contract with the administrator as long as payments from the administrator on behalf of the enrollee are current. A participating managed health care system may offer, without additional cost, health care benefits or services not included in the schedule of covered services under the plan. A participating managed health care system shall not give preference in enrollment to enrollees who accept such additional health care benefits or services. Managed health care systems participating in the plan shall not discriminate against any potential or current enrollee based upon health status, sex, race, ethnicity, or religion. The administrator may receive and act upon complaints from enrollees regarding failure to provide covered services or efforts to obtain payment, other than authorized copayments, for covered services directly from enrollees, but nothing in this chapter empowers the administrator to impose any sanctions under Title 18 RCW or any other professional or facility licensing statute.

(2) The plan shall allow, at least annually, an opportunity for enrollees to transfer their enrollments among participating managed health care systems serving their respective areas. The administrator shall establish a period of at least twenty days in a given year when this opportunity is afforded enrollees, and in those areas

served by more than one participating managed health care system the administrator shall endeavor to establish a uniform period for such opportunity. The plan shall allow enrollees to transfer their enrollment to another participating managed health care system at any time upon a showing of good cause for the transfer.

(3) Prior to negotiating with any managed health care system, the administrator shall determine, on an actuarially sound basis, the reasonable cost of providing the schedule of basic health care services, expressed in terms of upper and lower limits, and recognizing variations in the cost of providing the services through the various systems and in different areas of the state.

(4) In negotiating with managed health care systems for participation in the plan, the administrator shall adopt a uniform procedure that includes at least the following:

(a) The administrator shall issue a request for proposals, including standards regarding the quality of services to be provided; financial integrity of the responding systems; and responsiveness to the unmet health care needs of the local communities or populations that may be served;

(b) The administrator shall then review responsive proposals and may negotiate with respondents to the extent necessary to refine any proposals;

(c) The administrator may then select one or more systems to provide the covered services within a local area; and

(d) The administrator may adopt a policy that gives preference to respondents, such as nonprofit community health clinics, that have a history of providing quality health care services to low-income persons.

(5) The administrator may contract with a managed health care system to provide covered basic health care services to ~~((either))~~ subsidized enrollees, ~~((or))~~ nonsubsidized enrollees, health coverage tax credit eligible enrollees, or ~~((both))~~ any combination thereof.

(6) The administrator may establish procedures and policies to further negotiate and contract with managed health care systems following completion of the request for proposal process in subsection (4) of this section, upon a determination by the administrator that it is necessary to provide access, as defined in the request for proposal documents, to covered basic health care services for enrollees.

(7)(a) The administrator shall implement a self-funded or self-insured method of providing insurance coverage to subsidized enrollees, as provided under RCW 41.05.140, if one of the following conditions is met:

(i) The authority determines that no managed health care system other than the authority is willing and able to provide access, as defined in the request for proposal documents, to covered basic health care services for all subsidized enrollees in an area; or

(ii) The authority determines that no other managed health care system is willing to provide access, as defined in the request for proposal documents, for one hundred thirty-three percent of the statewide benchmark price or less, and the authority is able to offer such coverage at a price that is less than the lowest price at which any other managed health care system is willing to provide such access in an area.

(b) The authority shall initiate steps to provide the coverage described in (a) of this subsection within ninety days of making its determination that the conditions for providing a self-funded or self-insured method of providing insurance have been met.

(c) The administrator may not implement a self-funded or self-insured method of providing insurance in an area unless the administrator has received a certification from a member of the American academy of actuaries that the funding available in the basic health plan self-insurance reserve account is sufficient for the self-funded or self-insured risk assumed, or expected to be assumed, by the administrator.

Sec. 5. RCW 48.43.015 and 2001 c 196 s 7 are each amended to read as follows:

(1) For a health benefit plan offered to a group, every health carrier shall reduce any preexisting condition exclusion, limitation, or waiting period in the group health plan in accordance with the provisions of section 2701 of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg).

(2) For a health benefit plan offered to a group other than a small group:

(a) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for at least three months, then the carrier shall not impose a waiting period for coverage of preexisting conditions under the new health plan.

(b) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for less than three months, then the carrier shall credit the time covered under the immediately preceding health plan toward any preexisting condition waiting period under the new health plan.

(c) For the purposes of this subsection, a preceding health plan includes an employer-provided self-funded health plan, the basic health plan's offering to health coverage tax credit eligible enrollees as established by this act, and plans of the Washington state health insurance pool.

(3) For a health benefit plan offered to a small group:

(a) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such

coverage was similar and continuous for at least nine months, then the carrier shall not impose a waiting period for coverage of preexisting conditions under the new health plan.

(b) If the individual applicant's immediately preceding health plan coverage terminated during the period beginning ninety days and ending sixty-four days before the date of application for the new plan and such coverage was similar and continuous for less than nine months, then the carrier shall credit the time covered under the immediately preceding health plan toward any preexisting condition waiting period under the new health plan.

(c) For the purpose of this subsection, a preceding health plan includes an employer-provided self-funded health plan, the basic health plan's offering to health coverage tax credit eligible enrollees as established by this act, and plans of the Washington state health insurance pool.

(4) For a health benefit plan offered to an individual, other than an individual to whom subsection (5) of this section applies, every health carrier shall credit any preexisting condition waiting period in that plan for a person who was enrolled at any time during the sixty-three day period immediately preceding the date of application for the new health plan in a group health benefit plan or an individual health benefit plan, other than a catastrophic health plan, and (a) the benefits under the previous plan provide equivalent or greater overall benefit coverage than that provided in the health benefit plan the individual seeks to purchase; or (b) the person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, if application for coverage is made within ninety days of relocation; or (c) the person is seeking an individual health benefit plan: (i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and (ii) his or her health care provider is part of another carrier's provider network; and (iii) application for a health benefit plan under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network. The carrier must credit the period of coverage the person was continuously covered under the immediately preceding health plan toward the waiting period of the new health plan. For the purposes of this subsection (4), a preceding health plan includes an employer-provided self-funded health plan, the basic health plan's offering to health coverage tax credit eligible enrollees as established by this act, and plans of the Washington state health insurance pool.

(5) Every health carrier shall waive any preexisting condition waiting period in its individual plans for a person who is an eligible individual as defined in section 2741(b) of the federal health insurance portability and accountability act of 1996 (42 U.S.C. Sec. 300gg-41(b)).

(6) Subject to the provisions of subsections (1) through (5) of this section, nothing contained in this section requires a health carrier to amend a health plan to provide new benefits in its existing health plans. In addition, nothing in this section requires a carrier to waive benefit limitations not related to an individual or group's preexisting conditions or health history.

NEW SECTION. Sec. 6. This act takes effect January 1, 2005."

SENATE AMENDMENTS TO HOUSE BILL

March 11, 2004

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2985, with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 41.04.208 and 2002 c 319 s 2 are each amended to read as follows:

(1) Unless the context clearly requires otherwise, the definitions in this subsection apply throughout this section.

(a) "Disabled employee" means (~~(an individual)~~) a person eligible to receive a disability retirement allowance from the Washington law enforcement officers' and fire fighters' retirement system plan 2 and the public employees' retirement system.

(b) "Health plan" means a contract, policy, fund, trust, or other program established jointly or individually by a county, municipality, or other political subdivision of the state that provides for all or a part of hospitalization or medical aid for its employees and their dependents under RCW 41.04.180.

(c) "Retired employee" means a public employee meeting the retirement eligibility, years of service requirements, and other criteria (~~(set forth in)~~) of the Washington law enforcement officers' and fire fighters' retirement system plan 2 and the public employees' retirement system.

(2) A county, municipality, or other political subdivision that provides a health plan for its employees shall permit retired and disabled employees and their dependents to continue participation in a plan subject to the exceptions, limitations, and conditions set forth in this section. However, this section does not apply to a county, municipality, or other political subdivision participating in an insurance program administered under chapter 41.05 RCW if retired and disabled employees and their dependents of the participating county, municipality, or other political subdivision are covered under an insurance program administered under chapter 41.05 RCW. Nothing in this subsection or chapter 319, Laws of 2002 precludes the local government employer from offering retired or disabled employees a health plan with a benefit structure, copayment, deductible, coinsurance, lifetime benefit maximum, and other plan features which differ from those offered through a health plan provided to active employees. Further, nothing in this subsection precludes a local government employer from joining with other public agency employers, including interjurisdictional benefit pools and multi-employer associations or consortiums, to fulfill its obligations under chapter 319, Laws of 2002.

(3) A county, municipality, or other political subdivision has full authority to require a person who requests continued participation in a health plan under subsection (2) of this section to pay the full cost of such participation, including any amounts necessary for administration. However, this subsection does not require an employer who is currently paying for all or part of a health plan for its retired and disabled employees to discontinue those payments.

(4) Payments for continued participation in a former employer's health plan may be assigned to the underwriter of the health plan from public pension benefits or may be paid to the former employer, as determined

by the former employer, so that an underwriter of the health plan that is an insurance company, health care service contractor, or health maintenance organization is not required to accept individual payments from persons continuing participation in the employer's health plan.

(5) After an initial open enrollment period of ninety days after January 1, 2003, an employer may not be required to permit a person to continue participation in the health plan if the person is responsible for a lapse in coverage under the plan. In addition, an employer may not be required to permit a person to continue participation in the employer's health plan if the employer offered continued participation in a health plan that meets the requirements of chapter 319, Laws of 2002.

(6) If a person continuing participation in the former employer's health plan has medical coverage available through another employer, the medical coverage of the other employer is the primary coverage for purposes of coordination of benefits as provided for in the former employer's health plan.

(7) If a person's continued participation in a health plan was permitted because of the person's relationship to a retired or disabled employee of the employer providing the health plan and the retired or disabled employee dies, then that person is permitted to continue participation in the health plan for a period of not more than six months after the death of the retired or disabled employee. However, the employer providing the health plan may permit continued participation beyond that time period.

(8) An employer may offer one or more health plans different from that provided for active employees and designed to meet the needs of persons requesting continued participation in the employer's health plan. An employer, in designing or offering continued participation in a health plan, may utilize terms or conditions necessary to administer the plan to the extent the terms and conditions do not conflict with this section.

Mr. Speaker:

The Senate receded from the amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 2460. Under suspension of the rules Engrossed Substitute House Bill No. 2460 was returned to second reading for purpose of amendment. The Senate adopted the following amendment and passed the bill as amended by the Senate:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 48.21.045 and 1995 c 265 s 14 are each amended to read as follows:

(1)(a) An insurer offering any health benefit plan to a small employer (~~shall~~), either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan (~~(providing benefits identical to the schedule of covered health services that are required to be delivered to an individual enrolled in the basic health plan))~~ featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude an insurer from offering, or a small employer from purchasing, other health benefit plans that may have more (~~or less~~) comprehensive benefits than (~~the basic health plan, provided such plans are in accordance with this chapter~~) those included in the product offered under this subsection. An insurer offering a health benefit plan (~~that does not include benefits in the basic health plan~~) under this subsection shall clearly disclose (~~these differences~~) all covered benefits to the small employer in a brochure (~~approved by~~) filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.21.130, 48.21.140, 48.21.141, 48.21.142, 48.21.144, 48.21.146, 48.21.160 through 48.21.197, 48.21.200, 48.21.220, 48.21.225, 48.21.230, 48.21.235, 48.21.240, 48.21.244, 48.21.250, 48.21.300, 48.21.310, or 48.21.320 (~~if: (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty five employees~~)).

(2) Nothing in this section shall prohibit an insurer from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the (~~basic health plan services~~) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The insurer shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age; and
- (iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The insurer shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (~~not to exceed twenty percent~~).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all small groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

~~(4) ((The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state.))~~ Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by an insurer in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) An insurer shall not require a minimum participation level greater than:

- (i) One hundred percent of eligible employees working for groups with three or less employees; and
- (ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) An insurer may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) An insurer must offer coverage to all eligible employees of a small employer and their dependents. An insurer may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. An insurer may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

(7) As used in this section, "health benefit plan," "small employer," (~~("basic health plan,")~~) "adjusted community rate," and "wellness activities" mean the same as defined in RCW 48.43.005.

(1) Except as provided in (a) through ((e)) (e) of this subsection, a health carrier may require any person applying for an individual health benefit plan to complete the standard health questionnaire designated under chapter 48.41 RCW.

(a) If a person is seeking an individual health benefit plan due to his or her change of residence from one geographic area in Washington state to another geographic area in Washington state where his or her current health plan is not offered, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of relocation.

(b) If a person is seeking an individual health benefit plan:

(i) Because a health care provider with whom he or she has an established care relationship and from whom he or she has received treatment within the past twelve months is no longer part of the carrier's provider network under his or her existing Washington individual health benefit plan; and

(ii) His or her health care provider is part of another carrier's provider network; and

(iii) Application for a health benefit plan under that carrier's provider network individual coverage is made within ninety days of his or her provider leaving the previous carrier's provider network; then completion of the standard health questionnaire shall not be a condition of coverage.

(c) If a person is seeking an individual health benefit plan due to his or her having exhausted continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of exhaustion of continuation coverage. A health carrier shall accept an application without a standard health questionnaire from a person currently covered by such continuation coverage if application is made within ninety days prior to the date the continuation coverage would be exhausted and the effective date of the individual coverage applied for is the date the continuation coverage would be exhausted, or within ninety days thereafter.

(d) If a person is seeking an individual health benefit plan due to his or her receiving notice that his or her coverage under a conversion contract is discontinued, completion of the standard health questionnaire shall not be a condition of coverage if application for coverage is made within ninety days of discontinuation of eligibility under the conversion contract. A health carrier shall accept an application without a standard health questionnaire from a person currently covered by such conversion contract if application is made within ninety days prior to the date eligibility under the conversion contract would be discontinued and the effective date of the individual coverage applied for is the date eligibility under the conversion contract would be discontinued, or within ninety days thereafter.

(e) If a person is seeking an individual health benefit plan and, but for the number of persons employed by his or her employer, would have qualified for continuation coverage provided under 29 U.S.C. Sec. 1161 et seq., completion of the standard health questionnaire shall not be a condition of coverage if: (i) Application for coverage is made within ninety days of a qualifying event as defined in 29 U.S.C. Sec. 1163; and (ii) the person had at least twenty-four months of continuous group coverage immediately prior to the qualifying event. A health carrier shall accept an application without a standard health questionnaire from a person with at least twenty-four months of continuous group coverage if application is made no more than ninety days prior to the date of a qualifying event and the effective date of the individual coverage applied for is the date of the qualifying event, or within ninety days thereafter.

(2) If, based upon the results of the standard health questionnaire, the person qualifies for coverage under the Washington state health insurance pool, the following shall apply:

(a) The carrier may decide not to accept the person's application for enrollment in its individual health benefit plan; and

(b) Within fifteen business days of receipt of a completed application, the carrier shall provide written notice of the decision not to accept the person's application for enrollment to both the person and the administrator of the Washington state health insurance pool. The notice to the person shall state that the person is eligible for health insurance provided by the Washington state health insurance pool, and shall include information about the Washington state health insurance pool and an application for such coverage. If the carrier does not provide or postmark such notice within fifteen business days, the application is deemed approved.

(3) If the person applying for an individual health benefit plan: (a) Does not qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire; (b) does qualify for coverage under the Washington state health insurance pool based upon the results of the standard health questionnaire and the carrier elects to accept the person for enrollment; or (c) is not required to complete the standard health questionnaire designated under this chapter under subsection (1)(a) or (b) of this section, the carrier shall accept the person for enrollment if he or she resides within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The commissioner may grant a temporary exemption from this subsection if, upon application by a health carrier, the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

Sec. 4. RCW 48.43.035 and 2000 c 79 s 24 are each amended to read as follows:

For group health benefit plans, the following shall apply:

(1) All health carriers shall accept for enrollment any state resident within the group to whom the plan is offered and within the carrier's service area and provide or assure the provision of all covered services regardless of age, sex, family structure, ethnicity, race, health condition, geographic location, employment status, socioeconomic status, other condition or situation, or the provisions of RCW 49.60.174(2). The insurance commissioner may grant a temporary exemption from this subsection, if, upon application by a health carrier the commissioner finds that the clinical, financial, or administrative capacity to serve existing enrollees will be impaired if a health carrier is required to continue enrollment of additional eligible individuals.

(2) Except as provided in subsection (5) of this section, all health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium. The carrier may consider the group's anniversary date as the renewal date for purposes of complying with the provisions of this section.

(3) The guarantee of continuity of coverage required in health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;

(b) Violation of published policies of the carrier approved by the insurance commissioner;

(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(e) Covered persons committing fraudulent acts as to the carrier;

(f) Covered persons who materially breach the health plan; or

(4) The provisions of this section do not apply in the following cases:

(a) A carrier has zero enrollment on a product; ~~((ø))~~

(b) A carrier replaces a product and the replacement product is provided to all covered persons within that class or line of business, includes all of the services covered under the replaced product, and does not significantly limit access to the kind of services covered under the replaced product. The health plan may also allow unrestricted conversion to a fully comparable product; ~~((ø))~~

(c) No sooner than January 1, 2005, a carrier discontinues offering a particular type of health benefit plan offered for groups of up to two hundred if: (i) The carrier provides notice to each group of the discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each group provided coverage of this type the option to enroll, with regard to small employer groups, in any other small employer group plan, or with regard to groups of up to two hundred, in any other applicable group plan, currently being offered by the carrier in the applicable group market; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for this coverage;

(d) A carrier discontinues offering all health coverage in the small group market or for groups of up to two hundred, or both markets, in the state and discontinues coverage under all existing group health benefit plans in the applicable market involved if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all such coverage in the state and its intent to discontinue coverage under all such existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all such existing health benefit plans; and (ii) the carrier provides notice to each covered group of the intent to discontinue the existing health benefit plan at least one hundred eighty days prior to the date of discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any group health coverage in this state in the applicable group market involved for a five-year period beginning on the date of the discontinuation of the last health benefit plan not so renewed. This subsection (4) does not require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants when the carrier does not discontinue coverage of existing enrollees under that health benefit plan; or

(e) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the insurance commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded.

(5) The provisions of this section do not apply to health plans deemed by the insurance commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the insurance commissioner.

(6) Notwithstanding any other provision of this section, the guarantee of continuity of coverage applies to a group of one only if: (a) The carrier continues to offer any other small employer group plan in which the group of one was eligible to enroll on the day prior to the effective date of this section; and (b) the person continues to qualify as a group of one under the criteria in place on the day prior to the effective date of this section.

Sec. 5. RCW 48.43.038 and 2000 c 79 s 25 are each amended to read as follows:

(1) Except as provided in subsection (4) of this section, all individual health plans shall contain or incorporate by endorsement a guarantee of the continuity of coverage of the plan. For the purposes of this section, a plan is "renewed" when it is continued beyond the earliest date upon which, at the carrier's sole option, the plan could have been terminated for other than nonpayment of premium.

(2) The guarantee of continuity of coverage required in individual health plans shall not prevent a carrier from canceling or nonrenewing a health plan for:

(a) Nonpayment of premium;

(b) Violation of published policies of the carrier approved by the commissioner;

(c) Covered persons entitled to become eligible for medicare benefits by reason of age who fail to apply for a medicare supplement plan or medicare cost, risk, or other plan offered by the carrier pursuant to federal laws and regulations;

(d) Covered persons who fail to pay any deductible or copayment amount owed to the carrier and not the provider of health care services;

(e) Covered persons committing fraudulent acts as to the carrier;

(f) Covered persons who materially breach the health plan; or

(g) Change or implementation of federal or state laws that no longer permit the continued offering of such coverage.

(3) This section does not apply in the following cases:

(a) A carrier has zero enrollment on a product;

(b) A carrier is withdrawing from a service area or from a segment of its service area because the carrier has demonstrated to the commissioner that the carrier's clinical, financial, or administrative capacity to serve enrollees would be exceeded;

(c) No sooner than the first day of the month following the expiration of a one hundred eighty-day period beginning on March 23, 2000, a carrier discontinues offering a particular type of health benefit plan offered in the individual market, including conversion contracts, if: (i) The carrier provides notice to each covered individual provided coverage of this type of such discontinuation at least ninety days prior to the date of the discontinuation; (ii) the carrier offers to each individual provided coverage of this type the option, without being subject to the standard health questionnaire, to enroll in any other individual health benefit plan currently being offered by the carrier; and (iii) in exercising the option to discontinue coverage of this type and in offering the option of coverage under (c)(ii) of this subsection, the carrier acts uniformly without regard to any health status-related factor of enrolled individuals or individuals who may become eligible for such coverage; or

(d) A carrier discontinues offering all individual health coverage in the state and discontinues coverage under all existing individual health benefit plans if: (i) The carrier provides notice to the commissioner of its intent to discontinue offering all individual health coverage in the state and its intent to discontinue coverage under all existing health benefit plans at least one hundred eighty days prior to the date of the discontinuation of coverage under all existing health benefit plans; and (ii) the carrier provides notice to each covered individual of the intent to discontinue his or her existing health benefit plan at least one hundred eighty days prior to the date of such discontinuation. In the case of discontinuation under this subsection, the carrier may not issue any individual health coverage in this state for a five-year period beginning on the date of the discontinuation of the last health plan not so renewed. Nothing in this subsection (3) shall be construed to require a carrier to provide notice to the commissioner of its intent to discontinue offering a health benefit plan to new applicants where the carrier does not discontinue coverage of existing enrollees under that health benefit plan.

(4) The provisions of this section do not apply to health plans deemed by the commissioner to be unique or limited or have a short-term purpose, after a written request for such classification by the carrier and subsequent written approval by the commissioner.

Sec. 6. RCW 48.44.022 and 2000 c 79 s 30 are each amended to read as follows:

(1) Premium rates for health benefit plans for individuals shall be subject to the following provisions:

(a) The health care service contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age;

(iv) Tenure discounts; and

(v) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments which shall begin with age twenty and end with age sixty-five. Individuals under the age of twenty shall be treated as those age twenty.

(c) The health care service contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection.

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (~~(not to exceed twenty percent)~~).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(i) Changes to the family composition;

(ii) Changes to the health benefit plan requested by the individual; or

(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.44.023.

(3) As used in this section and RCW 48.44.023 "health benefit plan," "small employer," "adjusted community rates," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 7. RCW 48.44.023 and 1995 c 265 s 16 are each amended to read as follows:

(1)(a) A health care services contractor offering any health benefit plan to a small employer (~~(shall)~~), either directly or through an association or member-governed group formed specifically for the purpose of purchasing health care, may offer and actively market to the small employer a health benefit plan (~~(providing benefits identical to the schedule of covered health services that are required to be delivered to an individual enrolled in the basic health plan)~~) featuring a limited schedule of covered health care services. Nothing in this subsection shall preclude a contractor from offering, or a small employer from purchasing, other health benefit plans that may have more (~~(or less)~~) comprehensive benefits than (~~(the basic health plan, provided such plans are in accordance with this chapter)~~) those included in the product offered under this subsection. A contractor offering a health benefit plan (~~(that does not include benefits in the basic health plan)~~) under this subsection shall clearly disclose (~~(these differences)~~) all covered benefits to the small employer in a brochure (~~(approved by)~~) filed with the commissioner.

(b) A health benefit plan offered under this subsection shall provide coverage for hospital expenses and services rendered by a physician licensed under chapter 18.57 or 18.71 RCW but is not subject to the requirements of RCW 48.44.225, 48.44.240, 48.44.245, 48.44.290, 48.44.300, 48.44.310, 48.44.320, 48.44.325, 48.44.330, 48.44.335, 48.44.340, 48.44.344, 48.44.360, 48.44.440, 48.44.450, and 48.44.460 (~~(if: (i) The health benefit plan is the mandatory offering under (a) of this subsection that provides benefits identical to the basic health plan, to the extent these requirements differ from the basic health plan; or (ii) the health benefit plan is offered to employers with not more than twenty five employees)~~).

(2) Nothing in this section shall prohibit a health care service contractor from offering, or a purchaser from seeking, health benefit plans with benefits in excess of the (~~(basic health plan services)~~) health benefit plan offered under subsection (1) of this section. All forms, policies, and contracts shall be submitted for approval to the commissioner, and the rates of any plan offered under this section shall be reasonable in relation to the benefits thereto.

(3) Premium rates for health benefit plans for small employers as defined in this section shall be subject to the following provisions:

(a) The contractor shall develop its rates based on an adjusted community rate and may only vary the adjusted community rate for:

(i) Geographic area;

(ii) Family size;

(iii) Age; and

(iv) Wellness activities.

(b) The adjustment for age in (a)(iii) of this subsection may not use age brackets smaller than five-year increments, which shall begin with age twenty and end with age sixty-five. Employees under the age of twenty shall be treated as those age twenty.

(c) The contractor shall be permitted to develop separate rates for individuals age sixty-five or older for coverage for which medicare is the primary payer and coverage for which medicare is not the primary payer. Both rates shall be subject to the requirements of this subsection (3).

(d) The permitted rates for any age group shall be no more than four hundred twenty-five percent of the lowest rate for all age groups on January 1, 1996, four hundred percent on January 1, 1997, and three hundred seventy-five percent on January 1, 2000, and thereafter.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs (~~(not to exceed twenty percent)~~).

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

- (i) Changes to the enrollment of the small employer;
- (ii) Changes to the family composition of the employee;
- (iii) Changes to the health benefit plan requested by the small employer; or
- (iv) Changes in government requirements affecting the health benefit plan.

(g) Rating factors shall produce premiums for identical groups that differ only by the amounts attributable to plan design, with the exception of discounts for health improvement programs.

(h) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. A carrier may develop its rates based on claims costs due to network provider reimbursement schedules or type of network. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

(i) Adjusted community rates established under this section shall pool the medical experience of all groups purchasing coverage. However, annual rate adjustments for each small group health benefit plan may vary by up to plus or minus four percentage points from the overall adjustment of a carrier's entire small group pool, such overall adjustment to be approved by the commissioner, upon a showing by the carrier, certified by a member of the American academy of actuaries that: (i) The variation is a result of deductible leverage, benefit design, or provider network characteristics; and (ii) for a rate renewal period, the projected weighted average of all small group benefit plans will have a revenue neutral effect on the carrier's small group pool. Variations of greater than four percentage points are subject to review by the commissioner, and must be approved or denied within sixty days of submittal. A variation that is not denied within sixty days shall be deemed approved. The commissioner must provide to the carrier a detailed actuarial justification for any denial within thirty days of the denial.

(4) (~~The health benefit plans authorized by this section that are lower than the required offering shall not supplant or supersede any existing policy for the benefit of employees in this state.-~~) Nothing in this section shall restrict the right of employees to collectively bargain for insurance providing benefits in excess of those provided herein.

(5)(a) Except as provided in this subsection, requirements used by a contractor in determining whether to provide coverage to a small employer shall be applied uniformly among all small employers applying for coverage or receiving coverage from the carrier.

(b) A contractor shall not require a minimum participation level greater than:

- (i) One hundred percent of eligible employees working for groups with three or less employees; and
- (ii) Seventy-five percent of eligible employees working for groups with more than three employees.

(c) In applying minimum participation requirements with respect to a small employer, a small employer shall not consider employees or dependents who have similar existing coverage in determining whether the applicable percentage of participation is met.

(d) A contractor may not increase any requirement for minimum employee participation or modify any requirement for minimum employer contribution applicable to a small employer at any time after the small employer has been accepted for coverage.

(6) A contractor must offer coverage to all eligible employees of a small employer and their dependents. A contractor may not offer coverage to only certain individuals or dependents in a small employer group or to only part of the group. A contractor may not modify a health plan with respect to a small employer or any eligible employee or dependent, through riders, endorsements or otherwise, to restrict or exclude coverage or benefits for specific diseases, medical conditions, or services otherwise covered by the plan.

Sec. 8. RCW 48.46.064 and 2000 c 79 s 33 are each amended to read as follows:

(1) Premium rates for health benefit plans for individuals shall be subject to the following provisions:

- (i) Geographic area;
- (ii) Family size;
- (iii) Age;
- (iv) Tenure discounts; and
- (v) Wellness activities.

(iii) Changes in government requirements affecting the health benefit plan.

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. This subsection does not restrict or enhance the portability of benefits as provided in RCW 48.43.015.

Sec. 10. RCW 48.21.143 and 1997 c 276 s 3 are each amended to read as follows:

The legislature finds that diabetes imposes a significant health risk and tremendous financial burden on the citizens and government of the state of Washington, and that access to the medically accepted standards of care for diabetes, its treatment and supplies, and self-management training and education is crucial to prevent or delay the short and long-term complications of diabetes and its attendant costs.

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Person with diabetes" means a person diagnosed by a health care provider as having insulin using diabetes, noninsulin using diabetes, or elevated blood glucose levels induced by pregnancy; and

(b) "Health care provider" means a health care provider as defined in RCW 48.43.005.

(2) All group disability insurance contracts and blanket disability insurance contracts providing health care services, issued or renewed after January 1, 1998, shall provide benefits for at least the following services and supplies for persons with diabetes:

Diabetes outpatient self-management training and education may be provided only by health care providers with expertise in diabetes. Nothing in this section prevents the insurer from restricting patients to seeing only health care providers who have signed participating provider agreements with the insurer or an insuring entity under contract with the insurer.

(3) Coverage required under this section may be subject to customary cost-sharing provisions established for all other similar services or supplies within a policy.

(4) Health care coverage may not be reduced or eliminated due to this section.

(5) Services required under this section shall be covered when deemed medically necessary by the medical director, or his or her designee, subject to any referral and formulary requirements.

Every insurer that issues policies providing group coverage for hospital or medical expense shall offer the policyholder an option to include a policy provision granting a person who becomes ineligible for coverage under the group policy, the right to continue the group benefits for a period of time and at a rate agreed upon. ~~((The policy provision shall provide that when such coverage terminates, the covered person may convert to a policy as provided in RCW 48.21.260.))~~

Sec. 12. RCW 48.44.315 and 1997 c 276 s 4 are each amended to read as follows:

(7) This section does not apply to the health benefit plans that provide benefits identical to the schedule of services covered by the basic health plan(~~(, as required by RCW 48.44.022 and 48.44.023)~~).

Sec. 13. RCW 48.44.360 and 1984 c 190 s 5 are each amended to read as follows:

Every health care service contractor that issues group contracts providing group coverage for hospital or medical expense shall offer the contract holder an option to include a contract provision granting a person who becomes ineligible for coverage under the group contract, the right to continue the group benefits for a period of time and at a rate agreed upon. ~~((The contract provision shall provide that when such coverage terminates, the covered person may convert to a contract as provided in RCW 48.44.370.))~~

Sec. 14. RCW 48.46.272 and 1997 c 276 s 5 are each amended to read as follows:

The legislature finds that diabetes imposes a significant health risk and tremendous financial burden on the citizens and government of the state of Washington, and that access to the medically accepted standards of care for diabetes, its treatment and supplies, and self-management training and education is crucial to prevent or delay the short and long-term complications of diabetes and its attendant costs.

(1) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Person with diabetes" means a person diagnosed by a health care provider as having insulin using diabetes, noninsulin using diabetes, or elevated blood glucose levels induced by pregnancy; and

(b) "Health care provider" means a health care provider as defined in RCW 48.43.005.

(2) All health benefit plans offered by health maintenance organizations, issued or renewed after January 1, 1998, shall provide benefits for at least the following services and supplies for persons with diabetes:

(a) For health benefit plans that include coverage for pharmacy services, appropriate and medically necessary equipment and supplies, as prescribed by a health care provider, that includes but is not limited to insulin, syringes, injection aids, blood glucose monitors, test strips for blood glucose monitors, visual reading and urine test strips, insulin pumps and accessories to the pumps, insulin infusion devices, prescriptive oral agents for controlling blood sugar levels, foot care appliances for prevention of complications associated with diabetes, and glucagon emergency kits; and

(b) For all health benefit plans, outpatient self-management training and education, including medical nutrition therapy, as ordered by the health care provider. Diabetes outpatient self-management training and education may be provided only by health care providers with expertise in diabetes. Nothing in this section prevents the health maintenance organization from restricting patients to seeing only health care providers who have signed participating provider agreements with the health maintenance organization or an insuring entity under contract with the health maintenance organization.

(3) Coverage required under this section may be subject to customary cost-sharing provisions established for all other similar services or supplies within a policy.

(4) Health care coverage may not be reduced or eliminated due to this section.

(5) Services required under this section shall be covered when deemed medically necessary by the medical director, or his or her designee, subject to any referral and formulary requirements.

(6) The health maintenance organization need not include the coverage required in this section in a group contract offered to an employer or other group that offers to its eligible enrollees a self-insured health plan not subject to mandated benefits status under this title that does not offer coverage similar to that mandated under this section.

(7) This section does not apply to the health benefit plans that provide benefits identical to the schedule of services covered by the basic health plan(~~(, as required by RCW 48.46.064 and 48.46.066)~~).

Sec. 15. RCW 48.46.440 and 1984 c 190 s 8 are each amended to read as follows:

Every health maintenance organization that issues agreements providing group coverage for hospital or medical care shall offer the agreement holder an option to include an agreement provision granting a person who becomes ineligible for coverage under the group agreement, the right to continue the group benefits for a period of time and at a rate agreed upon. ~~((The agreement provision shall provide that when such coverage terminates the covered person may convert to an agreement as provided in RCW 48.46.450.))~~

NEW SECTION. Sec. 16. The following acts or parts of acts are each repealed:

(7) RCW 48.21.260 (Conversion policy to be offered--Exceptions, conditions) and 1984 c 190 s 3;

(8) RCW 48.21.270 (Conversion policy--Restrictions and requirements) and 1984 c 190 s 4;

and

(12) RCW 48.46.460 (Conversion agreement--Restrictions and requirements) and 1984 c 190 s 10.

NEW SECTION. **Sec. 17.** Sections 1 through 15 of this act apply to all small group health benefit plans issued or renewed on or after the effective date of this section."

POINT OF PERSONAL PRIVILEGE

Representative Mastin: "Thank you, Mr. Speaker. This is probably six years running, but each Sine Die I like to stand and speak for all of you to thank our families and those that we leave at home while we come here and do our best to represent our districts. While we are here late at night working and caught up in the stress of the policy that we are dealing with, sometimes we forget that those at home are waiting for us to come home. Mr. Speaker, I think that it is appropriate on Sine Die that we remember, recognize and honor those that allow us to come here and do the work of the people. Thank you."
