Beginning on page 1, line 5 of the amendment, after "persist" strike all material through "centers" on page 2, line 17 and insert ". The legislature intends to address these problems by creating the possibility for a new relationship between child care center directors and workers and the state. Child care center directors and workers are to be given the opportunity to work collectively to improve standards in their profession and to expand opportunities for educational advancement to ensure continuous quality improvement in the delivery of early learning services. Family child care providers in the state have recently been given a similar opportunity, and the results of their efforts have improved standards and quality for that segment of the child care industry.

The legislature intends to create a new type of collective bargaining for these directors and workers whereby they can come together and bargain with the state over matters within the state's purview to improve the quality of child care for the state's families. Unlike traditional collective bargaining, this new approach will afford these directors and workers the opportunity to bargain with the state only over the state's support for child care centers, a matter of common concern to both directors and workers. Specific terms and conditions of employment at individual centers, which are the subjects of traditional collective bargaining between employers and their employees, fall outside the limited scope of bargaining defined by this act. Accordingly, traditional policy concerns over supervisors and employees being organized into a common bargaining unit are inapplicable. Sharing a community of interest in the subjects of bargaining enables directors and workers to work side by side in the same bargaining unit for common goals.

This new approach to collective bargaining is available only to center directors and workers who file a notice of intent to participate in the initial opt in phase under section 4 of this act. This new bargaining relationship does not intrude in any manner upon those relationships governed by the national labor relations act (29 U.S.C. Sec. 151 et seq.). Child care center directors and workers do not forfeit their rights under the national labor relations act by becoming members of an organization that represents them in their dealings with the state. Under the national labor relations act, an organization that represents child care center directors and workers in bargaining with the state under this act is precluded from representing workers seeking to engage in traditional collective bargaining with their employer over specific terms and conditions of employment at individual child care centers."

However:

(a) Any agreement to pay a representation fee must safeguard the child care center owner's or director's rights of nonassociation based on bona fide religious tenets or teachings of a church or other religious body of which the owner or director is a member. The child care center owner or director shall pay an amount equivalent to the representation fee to a nonreligious charity or to another charitable organization;"

"Recognizing that family child care providers have been granted the ability to collectively bargain with the state to improve standards in their profession and to expand opportunities for educational advancement to ensure continuous quality improvement in the delivery of early learning services, it has been suggested that the legislature grant similar bargaining rights to child care center directors and workers. However, because of current economic realities, it is difficult to award such rights before thoroughly studying whether this will, in fact, improve the working conditions of child care center directors and workers.

The legislature intends, therefore, to study the effects of the family child care provider system and whether providing equivalent collective bargaining opportunities to child care center directors and workers will lead to better training and opportunities for child care workers and better early learning opportunities for the children in their care. The legislature further intends that the results of this study be delivered to a joint legislative task force which will investigate methods to raise the subsidy through legislation.

NEW SECTION. Sec. 2. (1) The department of early learning must study issues relating to increasing the child care subsidy and reimbursement rates for child care centers licensed under chapter 43.125 RCW. The study must:

(a) Include a review of the results of the collective bargaining provided to family child care providers. This must include whether this has resulted in increased economic compensation, health and welfare benefits, professional development and training, and other economic matters to these providers;

(b) Be made in consultation with child care center directors and workers as well as other interested stakeholders. Directors and workers must be consulted in several areas of the state, including centers located in eastern Washington and western Washington;

(c) Review alternative methods of raising the child care subsidy rate;

(d) Review alternative methods to provide training to child care center directors and workers;

(e) Review methods to retain child care center workers and otherwise reduce employee turnover; and

(f) Include other items the department determines necessary to study in order to increase educational opportunities for children in child care centers.

(2) The study required under this subsection must be completed by August 1, 2010, and delivered to the joint legislative task force on child care center subsidy and reimbursement rates established in section 3 of this act.

(3) This section expires December 31, 2010.

NEW SECTION. Sec. 3. (1) The joint legislative task force on child care center subsidy and reimbursement rates is established. The task force shall consist of the following members:

(a) The chair and the ranking minority member of the senate labor, commerce and consumer protection committee;

(b) The chair and the ranking minority member of the house of representatives commerce and labor committee;

(c) Up to eight members appointed jointly by the president of the senate and the speaker of the house of representatives that represent child care centers. These members must include representatives of businesses that own and operate ten or more child care centers; representatives of local nonprofit organizations whose primary mission is to provide social services, such as the YMCA and the YWCA; and representatives of child care centers such as the Washington federation of independent schools, child care consulting, the Washington education association, the American federation of teachers; and the service employees international union; and

(d) The director of the department of early learning, or the director's designee.

(2) The task force must review the results of the study conducted under section 2 of this act and must develop proposed legislation that is intended to increase the child care subsidy and reimbursement rates. In developing proposed legislation, the task force must consider previous legislative attempts to raise the subsidy rate including SB 5506, which was proposed during the 2009 legislative session.

(3) The task force must submit its proposed legislation to the senate labor commerce and consumer protection committee, the senate early learning and K-12 education committee, the house of representatives commerce and labor committee, and the house of representatives early learning and children's services committee by December 1, 2011.

(4) This section expires December 31, 2011."

MESSAGE FROM THE SENATE

April 7, 2009

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2165 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that forest biomass is an abundant and renewable byproduct of Washington's forest land management. Forest biomass can be utilized to generate clean renewable energy.

In some Washington forests, residual forest biomass is burned on site or left to decompose. The lack of forest products markets in some areas means that standing forest biomass removed for forest health and wildfire risk reduction treatments must occur at substantial cost. Utilizing forest biomass to generate energy can reduce the greenhouse gases emitted by burning forest biomass.

The legislature further finds that the emerging forest biomass energy economy is challenged by: Not having a reliable supply of predictably priced forest biomass feedstock; shipping and processing costs; insufficient forest biomass processing infrastructure; and feedstock demand.

The legislature finds that making use of the state's forest biomass resources for energy production may generate new revenues or increase asset values of state lands and state forest lands, protect forest land of all ownerships from severe forest health problems, stimulate Washington's economy, create green jobs, and reduce Washington's dependence on foreign oil.

It is the intent of the legislature to support forest biomass demonstration projects that employ promising processing technologies. The demonstration projects must emphasize public and private forest biomass feedstocks that are generated as byproducts of current forest practices. The project must reveal ways to overcome the current impediments to the developing forest biomass energy economy, and ways to realize ecologically sustainable outcomes from that development.

"NEW SECTION. Sec. 2. (1) The department may develop and implement forest biomass energy demonstration projects, one east of the crest of the Cascade mountains and one west of the crest of the Cascade mountains. The demonstration projects must be designed to:

(a) Reveal the utility of Washington's public and private forest biomass feedstock;

(b) Create green jobs and generate renewable energy;

(c) Generate revenues or improve asset values for beneficiaries of state lands and state forest lands;

(d) Improve forest health, reduce pollution, and restore ecological function; and

(e) Avoid interfering with the current working area for forest biomass collection surrounding an existing fixed location biomass energy production site.

(2) To develop and implement the forest biomass energy demonstration projects, the department may form forest biomass energy partnerships or cooperatives.

(3) The forest biomass energy partnerships or cooperatives are encouraged to be public-private partnerships focused on convening the entities necessary to grow, harvest, process, transport, and utilize forest biomass to generate renewable energy. Particular focus must be given to recruiting and employing emerging technologies that can locally process forest biomass feedstock to create local green jobs and reduce transportation costs.

(4) The forest biomass energy partnerships or cooperatives may include, but are not limited to: Entrepreneurs or organizations developing and operating emerging technology to process forest biomass; industrial electricity producers; contractors capable of providing the local labor needed to collect, process, and transport forest biomass feedstocks; tribes; federal land management agencies; county, city, and other local governments; the department of community, trade, and economic development; state trust land managers; an organization dedicated to protecting and strengthening the jobs, rights, and working conditions of Washington's working families; accredited research institution representatives; an industrial timber land manager; a small forest landowner; and a not-for-profit conservation organization.

NEW SECTION. Sec. 3. By December 2010, the department shall provide a progress report to the legislature regarding its efforts to develop, implement, and evaluate forest biomass energy demonstration projects and any other department initiatives related to forest biomass. The report may include an evaluation of:

(1) The status of the department's abilities to secure funding, partners, and other resources for the forest biomass energy demonstration projects;

(2) The status of the biomass energy demonstration projects resulting from the department's efforts;

(3) The status and, if applicable, additional needs of forest landowners within the demonstration project areas for estimating sustainable forest biomass yields and availability;

(4) Forest biomass feedstock supply and forest biomass market demand barriers, and how they can be overcome including actions by the legislature and United States congress; and

(5) Sustainability measures that may be instituted by the state to ensure that an increasing demand for forest biomass feedstocks does not impair public resources or the ecological conditions of forests.

NEW SECTION. Sec. 4. For the purposes of implementing this act, the department may seek grants or financing from the federal government, industry, or philanthropists.

Sec. 5. RCW 76.06.150 and 2004 c 218 s 2 are each amended to read as follows:

(1) The commissioner of public lands is designated as the state of Washington's lead for all forest health issues.

(2) The commissioner of public lands shall strive to promote communications between the state and the federal government regarding forest land management decisions that potentially affect the health of forests in Washington and will allow the state to have an influence on the management of federally owned land in Washington. Such government- to-government cooperation is vital if the condition of the state's public and private forest lands are to be protected. These activities may include, when deemed by the commissioner to be in the best interest of the state:

(a) Representing the state's interest before all appropriate local, state, and federal agencies;

(b) Assuming the lead state role for developing formal comments on federal forest management plans that may have an impact on the health of forests in Washington; ~~((and))~~

(c) Pursuing in an expedited manner any available and appropriate cooperative agreements, including cooperating agency status designation, with the United States forest service and the United States bureau of land management that allow for meaningful participation in any federal land management plans that could affect the department's strategic plan for healthy forests and effective fire prevention and suppression, including the pursuit of any options

available for giving effect to the cooperative philosophy contained within the national environmental policy act of 1969 (42 U.S.C. Sec. 4331); and

(d) Pursuing agreements with federal agencies in the service of forest biomass energy partnerships and cooperatives authorized under sections 2 through 4 of this act.

(3) The commissioner of public lands shall report to the chairs of the appropriate standing committees of the legislature every year on progress under this section, including the identification, if deemed appropriate by the commissioner, of any needed statutory changes, policy issues, or funding needs.

Sec. 6. RCW 43.30.020 and 1965 c 8 s 43.30.020 are each amended to read as follows:

~~((For the purpose of this chapter, except where a different interpretation is required by the context.))~~ The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Department" means the department of natural resources~~((;))~~.

(2) "Board" means the board of natural resources~~((;))~~.

(3) "Administrator" means the administrator of the department of natural resources~~((;))~~.

(4) "Supervisor" means the supervisor of natural resources~~((;))~~.

(5) "Agency" and "state agency" means any branch, department, or unit of the state government, however designated or constituted~~((;))~~.

(6) "Commissioner" means the commissioner of public lands.

(7) "Forest biomass" means the byproducts of: Current forest practices prescribed or permitted under chapter 76.09 RCW; current forest protection treatments prescribed or permitted under chapter 76.04 RCW; or the byproducts of forest health treatments prescribed or permitted under chapter 76.06 RCW. "Forest biomass" does not include wood pieces that have been treated with chemical preservatives such as: Creosote, pentachlorophenol, or copper-chrome-arsenic; wood from old growth forests, except wood removed for forest health treatments under chapter 76.06 RCW and RCW 79.15.540; wood required by chapter 76.09 RCW for large woody debris recruitment; or municipal solid waste.

NEW SECTION. Sec. 7. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 8. Sections 2 through 4 of this act are each added to chapter 43.30 RCW under the subchapter heading "duties and powers--forested lands.""

On page 1, line 2 of the title, after "project;" strike the remainder of the title and insert "amending RCW 76.06.150 and 43.30.020; adding new sections to chapter 43.30 RCW; and creating a new section."

and the same is herewith transmitted.

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House concurred in the Senate amendment to HOUSE BILL NO. 2313 and advanced the bill as amended by the Senate to final passage.

FINAL PASSAGE OF HOUSE BILL AS SENATE AMENDED

Representative Grant-Herriot spoke in favor of the passage of the bill.

The Speaker (Representative Morris presiding)] stated the question before the House to be the final passage of House Bill No. 2313, as amended by the Senate.

MESSAGE FROM THE SENATE

April 14, 2009

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1021 with the following amendment:

On page 3, after line 5, insert the following:

"**Sec. 3.** RCW 70.38.105 and 2009 c ... (ESB 5423) s 1 are each amended to read as follows:

(1) The department is authorized and directed to implement the certificate of need program in this state pursuant to the provisions of this chapter.

(2) There shall be a state certificate of need program which is administered consistent with the requirements of federal law as necessary to the receipt of federal funds by the state.

(3) No person shall engage in any undertaking which is subject to certificate of need review under subsection (4) of this section without first having received from the department either a certificate of need or an exception granted in accordance with this chapter.

(4) The following shall be subject to certificate of need review under this chapter:

(a) The construction, development, or other establishment of a new health care facility;

(b) The sale, purchase, or lease of part or all of any existing hospital as defined in RCW 70.38.025;

(c) Any capital expenditure for the construction, renovation, or alteration of a nursing home which substantially changes the services of the facility after January 1, 1981, provided that the substantial changes in services are specified by the department in rule;

(d) Any capital expenditure for the construction, renovation, or alteration of a nursing home which exceeds the expenditure minimum as defined by RCW 70.38.025. However, a capital expenditure which is not subject to certificate of need review under (a), (b), (c), or (e) of this subsection and which is solely for any one or more of the following is not subject to certificate of need review:

(i) Communications and parking facilities;

(ii) Mechanical, electrical, ventilation, heating, and air conditioning systems;

(iii) Energy conservation systems;

(iv) Repairs to, or the correction of, deficiencies in existing physical plant facilities which are necessary to maintain state licensure, however, other additional repairs, remodeling, or replacement projects that are not related to one or more deficiency citations and are not necessary to maintain state licensure are not exempt from certificate of need review except as otherwise permitted by (d)(vi) of this subsection or RCW 70.38.115(13);

(v) Acquisition of equipment, including data processing equipment, which is not or will not be used in the direct provision of health services;

(vi) Construction or renovation at an existing nursing home which involves physical plant facilities, including administrative, dining areas, kitchen, laundry, therapy areas, and support facilities, by an existing licensee who has operated the beds for at least one year;

(vii) Acquisition of land; and

(viii) Refinancing of existing debt;

(e) A change in bed capacity of a health care facility which increases the total number of licensed beds or redistributes beds among acute care, nursing home care, and boarding home care if the bed redistribution is to be effective for a period in excess of six months, or a change in bed capacity of a rural health care facility licensed under RCW 70.175.100 that increases the total number of nursing home beds or redistributes beds from acute care or boarding home care to nursing home care if the bed redistribution is to be effective for a period in excess of six months. A health care facility certified as a critical access hospital under 42 U.S.C. 1395i-4 may increase its total number of licensed beds to the total number of beds permitted under 42 U.S.C. 1395i-4 for acute care and may redistribute beds permitted under 42 U.S.C. 1395i-4 among acute care and nursing home care without being subject to certificate of need review. If there is a nursing home licensed under chapter 18.51 RCW within twenty-seven miles of the critical access hospital, the critical access hospital is subject to certificate of need review except for:

(i) Critical access hospitals which had designated beds to provide nursing home care, in excess of five swing beds, prior to December 31, 2003;

(ii) Up to five swing beds; or

(iii) Up to twenty-five swing beds for critical access hospitals which do not have a nursing home licensed under chapter 18.51 RCW within the same city or town limits. ~~((No more than))~~ Up to one-half of the additional beds designated for swing bed services under this subsection (4)(e)(iii) may be so designated before July 1, ~~((2009))~~ 2010, with the balance designated ~~((no sooner than))~~ on or after July 1, 2010.

Critical access hospital beds not subject to certificate of need review under this subsection (4)(e) will not be counted as either acute care or nursing home care for certificate of need review purposes. If a health care facility ceases to be certified as a critical access hospital under 42 U.S.C. 1395i-4, the hospital may revert back to the type and number of licensed hospital beds as it had when it requested critical access hospital designation;

(f) Any new tertiary health services which are offered in or through a health care facility or rural health care facility licensed under RCW 70.175.100, and which were not offered on a regular basis by, in, or through such health care facility or rural health care

facility within the twelve-month period prior to the time such services would be offered;

(g) Any expenditure for the construction, renovation, or alteration of a nursing home or change in nursing home services in excess of the expenditure minimum made in preparation for any undertaking under subsection (4) of this section and any arrangement or commitment made for financing such undertaking. Expenditures of preparation shall include expenditures for architectural designs, plans, working drawings, and specifications. The department may issue certificates of need permitting predevelopment expenditures, only, without authorizing any subsequent undertaking with respect to which such predevelopment expenditures are made; and

(h) Any increase in the number of dialysis stations in a kidney disease center.

(5) The department is authorized to charge fees for the review of certificate of need applications and requests for exemptions from certificate of need review. The fees shall be sufficient to cover the full cost of review and exemption, which may include the development of standards, criteria, and policies.

(6) No person may divide a project in order to avoid review requirements under any of the thresholds specified in this section."

On page 1, line 1 of the title, after "audits;" strike the remainder of the title and insert "and amending RCW 70.41.120, 70.41.122, and 70.38.105."

SECOND SUBSTITUTE HOUSE BILL NO. 1021, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 7, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1036 with the following amendment:

Strike everything after the enacting clause and insert the following:

Sec. 1. RCW 38.32.010 and 1989 c 19 s 39 are each amended to read as follows:

Any member of the organized militia committing nonmilitary offenses under chapter 38.38 RCW while on duty status (as provided in RCW 38.38.624,) or within state armories (-committing offenses against the laws of the state,) shall be promptly arrested by the military authorities and turned over to the civil authorities of the county or city in which the offense was committed.

Sec. 2. RCW 38.32.020 and 1989 c 19 s 40 are each amended to read as follows:

(1) Military offenses under chapter 38.38 RCW committed ((while on inactive duty or active state service as defined in RCW 38.04.010)) by members of the organized militia may be tried and punished as provided under chapter 38.38 RCW ((after this duty or service has terminated, and if found guilty the accused shall be punished accordingly. Any member of the organized militia on "inactive duty" or "active state service," as defined in RCW 38.04.010, committing any offense under chapter 38.38 RCW, where the offense charged is also made an offense by the civil law of this state, may, in the discretion of the officer whose duty it is to approve the charge, be turned over to the proper civil authorities for trial)).

(2) Primary jurisdiction over military offenses enumerated in chapter 38.38 RCW is with military authorities. Primary jurisdiction over nonmilitary offenses is with civilian authorities. If an offense may be both military and nonmilitary, the military authorities may proceed only after the civilian authorities have declined to prosecute or dismissed the charge, provided jeopardy has not attached. Jurisdiction over attempted crimes, conspiracy crimes, solicitation, and accessory crimes must be determined by whether the underlying offense is a military or nonmilitary offense.

(3) Any member of the organized militia ((on "inactive duty" or "active state service," as defined in RCW 38.04.010,)) committing any offense under chapter 38.38 RCW((s)) may, if such offense is committed ((upon)) on a military reservation of the United States within this state, be turned over to the civil authorities for trial as provided by federal law.

(5) No person who has acted as member, law officer, trial counsel, assistant trial counsel, defense counsel, assistant defense counsel, or investigating officer, or who has been a witness for either the prosecution or defense, in any case may later act as staff judge advocate to any reviewing authority upon the same case.

(6) No judge advocate may be assigned nonlegal duties unless authorized by the state judge advocate.

NEW SECTION. Sec. 6. A new section is added to chapter 38.38 RCW to read as follows:

A military judge must be a judge advocate. The adjutant general shall prescribe procedures for certifying, appointing, detailing, and removing military judges.

Sec. 7. RCW 38.38.080 and 1989 c 48 s 11 are each amended to read as follows:

Persons confined other than in a guard house, whether before, during, or after trial by a military court, shall be confined in civil jails, penitentiaries, or prisons designated by the governor or ((by

Sec. 8. RCW 38.38.092 and 1989 c 48 s 14 are each amended to read as follows:

(1) Under such regulations as may be prescribed (~~(under this code))~~ by the adjutant general, a person subject to this code (~~(who is on active state service or inactive duty))~~ who is accused of an offense against civil authority may be delivered, upon request, to the civil authority for trial.

(2) When delivery under this section is made to any civil authority of a person undergoing sentence of a court-martial, the delivery, if followed by conviction in a civil tribunal, interrupts the execution of the sentence of the court-martial, and the offender after having answered to the civil authorities for the offense shall, upon the request of competent military authority, be returned to military custody for the completion of the sentence.

Sec. 9. RCW 38.38.132 and 1991 c 43 s 5 are each amended to read as follows:

(1) Under such regulations as the governor may prescribe, limitations may be placed on the powers granted by this section with respect to the kind and amount of punishment authorized, the categories of commanding officers and warrant officers exercising command authorized to exercise those powers, the applicability of this section to an accused who demands trial by court-martial, and the kinds of courts-martial to which the case may be referred upon such a demand. However, except in the case of a member attached to or embarked in a vessel, punishment may not be imposed upon any member of the organized militia under this section if the member has, before the imposition of such punishment, demanded trial by court-martial in lieu of such punishment. Under similar regulations, rules may be prescribed with respect to the suspension of punishments authorized hereunder. If authorized by regulations of the governor, a commanding officer exercising general court-martial jurisdiction or an officer of general rank in command may delegate powers under this section to a principal assistant.

(2) Subject to subsection (1) of this section, any commanding officer may, in addition to or in lieu of admonition or reprimand, impose one or more of the following disciplinary punishments for minor offenses without the intervention of a court-martial:

(a) Upon officers of his or her command:

(i) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive duty or drill days;

(ii) If imposed by an officer exercising general court-martial jurisdiction or an officer of general rank in command:

(A) Forfeiture of up to thirty days' pay, but not more than fifteen days' pay per month;

(B) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive drill or duty days;

(C) Detention of up to forty-five days' pay, but not more than fifteen days' pay per month;

(b) Upon other personnel of his or her command:

(i) If imposed upon a person attached to or embarked in a vessel, confinement for not more than three consecutive days;

(ii) Forfeiture of not more than seven days' pay;

(iii) Reduction to the next inferior pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction;

(iv) Extra duties, including fatigue or other duties for not more than fourteen duty or drill days, which need not be consecutive, and for not more than two hours per day, holidays included;

(v) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive days;

(vi) Detention of not more than fourteen days' pay;

(vii) If imposed by ~~((am))~~ a commanding officer of the grade of major or above:

(A) The punishment authorized in subsection (2)(b)(i) of this section;

(B) Forfeiture of up to thirty days' pay, but not more than fifteen days' pay per month;

(C) Reduction to the lowest or any intermediate pay grade, if the grade from which demoted is within the promotion authority of the officer imposing the reduction or any officer subordinate to the one who imposes the reduction, but an enlisted member in a pay grade above E-4 may not be reduced more than two pay grades;

(D) Extra duties, including fatigue or other duties, for not more than fourteen drill or duty days, which need not be consecutive, and for not more than two hours per day, holidays included;

(E) Restriction to certain specified limits, with or without suspension from duty, for not more than fourteen consecutive days;

(F) Detention of up to forty-five days' pay, but not more than fifteen days' pay per month.

Detention of pay shall be for a stated period of not more than one year but if the offender's term of service expires earlier, the detention shall terminate upon that expiration. Extra duties and restriction may not be combined to run consecutively in the maximum amount imposable for each. Whenever any such punishments are combined to run consecutively, there must be an apportionment. In addition, forfeiture of pay may not be combined with detention of pay without an apportionment.

(3) An officer in charge may impose upon enlisted members assigned to the unit of which the officer is in charge such of the punishment authorized under subsection (2)(b) of this section as the governor may specifically prescribe by regulation.

(4) The officer who imposes the punishment authorized in subsection (2) of this section, or a successor in command, may, at any time, suspend probationally any part or amount of the unexecuted punishment imposed and may suspend probationally a reduction in grade or a forfeiture imposed under subsection (2) of this section, whether or not executed. In addition, the officer may, at any time, remit or mitigate any part or amount of the unexecuted punishment imposed and may set aside in whole or in part the punishment, whether executed or unexecuted, and restore all rights, privileges, and property affected. The officer may also mitigate reduction in grade to forfeiture or detention of pay. When mitigating extra duties to restriction, the restriction shall not be longer than the number of hours of extra duty that may have been imposed. When mitigating reduction in grade to forfeiture or detention of pay, the amount of the forfeiture or detention shall not be greater than the amount that could have been imposed initially under this section by the officer who imposed the punishment mitigated.

(5) A person punished under this section who considers the punishment unjust or disproportionate to the offense may, through the proper channel, appeal to the next superior authority. The appeal shall be promptly forwarded and decided, but the person punished may in the meantime be required to undergo the punishment adjudged. The superior authority may exercise the same powers with respect to the punishment imposed as may be exercised under subsection (4) of this section by the officer who imposed the punishment. Before acting on an appeal from a punishment of:

(a) Forfeiture of more than seven days' pay;

(b) Reduction of one or more pay grades from the fourth or a higher pay grade;

(c) Extra duties for more than ten days;

(d) Restriction for more than ten days; or

(e) Detention of more than fourteen days' pay;

the authority who is to act on the appeal shall refer the case to a judge advocate for consideration and advice, and may so refer the case upon appeal from any punishment imposed under subsection (2) of this section.

(6) The imposition and enforcement of disciplinary punishment under this section for any act or omission is not a bar to trial by court-martial for a serious crime or offense growing out of the same act or omission, and not properly punishable under this section; but the fact that a disciplinary punishment has been enforced may be shown by the accused upon trial, and when so shown shall be considered in determining the measure of punishment to be adjudged in the event of a finding of guilty.

(7) The governor may by regulation prescribe the form of records to be kept of proceedings under this section and may also prescribe that certain categories of those proceedings shall be in writing.

Sec. 10. RCW 38.38.180 and 1963 c 220 s 18 are each amended to read as follows:

Subject to RCW 38.38.176, general courts-martial have jurisdiction to try persons subject to this code for any offense made punishable by this code and may, under such limitations as the governor may prescribe, adjudge any of the following punishments:

- (1) A fine of not more than ~~((two))~~ three hundred dollars;
- (2) Forfeiture of pay and allowances;
- (3) A reprimand;
- (4) Dismissal or dishonorable discharge;
- (5) Reduction of a noncommissioned officer to the ranks; or
- (6) Any combination of these punishments.

Sec. 11. RCW 38.38.188 and 1989 c 48 s 19 are each amended to read as follows:

(1) Subject to RCW 38.38.176, summary courts-martial have jurisdiction to try persons subject to this code, except officers for any offense made punishable by this code.

(2) No person with respect to whom summary courts-martial have jurisdiction may be brought to trial before a summary court-martial if the person objects thereto, unless under RCW 38.38.132 the person has been permitted and has elected to refuse punishment under that section. If objection to trial by summary court-martial is made by an accused who has been permitted to refuse punishment under RCW 38.38.132, trial shall be ordered by special or general court-martial, as may be appropriate.

(3) A summary court-martial may sentence to a fine of not more than twenty-five dollars for a single offense, to forfeiture of ~~((pay and allowances))~~ not more than one-half month's pay for two months, to reduction in rank of enlisted soldiers, and to reduction of a noncommissioned officer to the ranks.

Sec. 12. RCW 38.38.240 and 1989 c 48 s 22 are each amended to read as follows:

In the organized militia not in federal service pursuant to Title 10 U.S.C., general courts-martial may be convened by the president or by the governor, or by the ~~((commanding general of the national guard of the District of Columbia))~~ adjutant general.

Sec. 13. RCW 38.38.244 and 1989 c 48 s 23 are each amended to read as follows:

(1) In the organized militia not in federal service pursuant to Title 10 U.S.C., anyone authorized to convene a general court-martial, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a brigade, regiment, wing, group, detached battalion, separate squadron, or other detached command~~((s))~~ may convene special courts-martial. Special courts-martial may also be convened by superior authority. When any such officer is an accuser, the court shall be convened by superior competent authority.

(2) A special court-martial may not try a commissioned officer.

Sec. 14. RCW 38.38.248 and 1989 c 48 s 24 are each amended to read as follows:

(1) In the organized militia not in federal service pursuant to Title 10 U.S.C., anyone authorized to convene a special court-martial, the commanding officer of a garrison, fort, post, camp, air base, auxiliary air base, or other place where troops are on duty, or of a regiment, wing, group, detached battalion, detached squadron, detached company, or other detachment~~((s))~~ may convene a summary court-martial consisting of one commissioned officer. The proceedings shall be informal.

(2) When only one commissioned officer is present with a command or detachment the commissioned officer shall be the summary court-martial of that command or detachment and shall hear and determine all summary court-martial cases brought before him or her. Summary courts-martial may, however, be convened in any case by superior competent authority when considered desirable.

Sec. 15. RCW 38.38.312 and 1989 c 48 s 30 are each amended to read as follows:

(1) No person subject to this code may compel a person~~((s))~~ to incriminate ~~((themselves))~~ himself or herself or to answer any question the answer to which may tend to incriminate ~~((them))~~ himself or herself.

(2) No person subject to this code may interrogate, or request any statement from, an accused or a person suspected of an offense without first informing the person of the nature of the accusation and

advising that the person does not have to make any statement regarding the offense of which he or she is accused or suspected and that any statement made by the person may be used as evidence against him or her in a trial by court-martial.

(3) No person subject to this code may compel any person to make a statement or produce evidence before any military tribunal if the statement or evidence is not material to the issue and may tend to degrade the person.

(4) No statement obtained from any person in violation of this section, or through the use of coercion, unlawful influence, or unlawful inducement may be received in evidence against the person in a trial by court-martial.

Sec. 16. RCW 38.38.316 and 1989 c 48 s 31 are each amended to read as follows:

(1) No charge or specification may be referred to a general court-martial for trial until a thorough and impartial investigation of all the matters set forth therein has been made. This investigation shall include inquiry as to the truth of the matter set forth in the charges, consideration of the form of charges, and a recommendation as to the disposition which should be made of the case in the interest of justice and discipline.

(2) The accused shall be advised of the charges against him or her and of the right to be represented at that investigation by counsel. The accused has a right to be represented at that investigation as provided in RCW 38.38.376 and in regulations prescribed under that section.

At that investigation full opportunity shall be given to the accused to cross-examine witnesses against him or her if they are available and to present anything the person may desire in his or her own behalf, either in defense or mitigation, and the investigating officer shall examine available witnesses requested by the accused. If the charges are forwarded after the investigation, they shall be accompanied by a statement of the substance of the testimony taken on both sides and a copy thereof shall be given to the accused.

(3) If an investigation of the subject matter of an offense has been conducted before the accused is charged with the offense, and if the accused was present at the investigation and afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (2) ~~((hereof))~~ of this section, no further investigation of that charge is necessary under this section unless it is demanded by the accused after being informed of the charge. A demand for further investigation entitles the accused to recall witnesses for further cross-examination and to offer any new evidence in his or her own behalf.

(4) If evidence adduced in an investigation under this chapter indicates that the accused committed an uncharged offense, the investigating officer may investigate the subject matter of that offense without the accused having first been charged with the offense if the accused:

- (a) Is present at the investigation;
- (b) Is informed of the nature of each uncharged offense investigated; and
- (c) Is afforded the opportunities for representation, cross-examination, and presentation prescribed in subsection (2) of this section.

(5) The requirements of this section are binding on all persons administering this code but failure to follow them does not divest a military court of jurisdiction.

(2) A hospital that has identified a hospitalized patient who has a diagnosis of methicillin-resistant staphylococcus aureus shall report the infection to the department using the department's comprehensive hospital abstract reporting system. When making its report, the hospital shall use codes used by the United States centers for medicare and medicaid services, when available.

(B) Total hip and knee replacement surgery; and

(C) Hysterectomy, abdominal and vaginal.

(b) Until required otherwise under (c) of this subsection, a hospital must routinely collect and submit the data required to be collected under (a) of this subsection to the national healthcare safety network of the United States centers for disease control and prevention in accordance with national healthcare safety network definitions, methods, requirements, and procedures.

(c)(i) With respect to any of the health care-associated infection measures for which reporting is required under (a) of this subsection, the department must, by rule, require hospitals to collect and submit the data to the centers for medicare and medicaid services according to the definitions, methods, requirements, and procedures of the hospital compare program, or its successor, instead of to the national healthcare safety network, if the department determines that:

(A) The measure is available for reporting under the hospital compare program, or its successor, under substantially the same definition; and

(B) Reporting under this subsection (2)(c) will provide substantially the same information to the public.

(ii) If the department determines that reporting of a measure must be conducted under this subsection (2)(c), the department must adopt rules to implement such reporting. The department's rules must require reporting to the centers for medicare and medicaid services as soon as practicable, but not more than one hundred twenty days, after the centers for medicare and medicaid services allow hospitals to report the respective measure to the hospital compare program, or its successor. However, if the centers for medicare and medicaid services allow infection rates to be reported using the centers for disease control and prevention's national healthcare safety network, the department's rules must require reporting that reduces the burden of data reporting and minimizes changes that hospitals must make to accommodate requirements for reporting.

(d) Data collection and submission required under this subsection (2) must be overseen by a qualified individual with the appropriate level of skill and knowledge to oversee data collection and submission.

(e)(i) A hospital must release to the department, or grant the department access to, its hospital-specific information contained in the reports submitted under this subsection (2), as requested by the department.

(ii) The hospital reports obtained by the department under this subsection (2), and any of the information contained in them, are not subject to discovery by subpoena or admissible as evidence in a civil proceeding, and are not subject to public disclosure as provided in RCW 42.56.360.

(3) The department shall:

(a) Provide oversight of the health care-associated infection reporting program established in this section;

(b) By January 1, 2011, submit a report to the appropriate committees of the legislature based on the recommendations of the advisory committee established in subsection (5) of this section for

additional reporting requirements related to health care-associated infections, considering the methodologies and practices of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations;

(c) Delete, by rule, the reporting of categories that the department determines are no longer necessary to protect public health and safety;

(d) By December 1, 2009, and by each December 1st thereafter, prepare and publish a report on the department's web site that compares the health care-associated infection rates at individual hospitals in the state using the data reported in the previous calendar year pursuant to subsection (2) of this section. The department may update the reports quarterly. In developing a methodology for the report and determining its contents, the department shall consider the recommendations of the advisory committee established in subsection (5) of this section. The report is subject to the following:

(i) The report must disclose data in a format that does not release health information about any individual patient; and

(ii) The report must not include data if the department determines that a data set is too small or possesses other characteristics that make it otherwise unrepresentative of a hospital's particular ability to achieve a specific outcome; and

(e) Evaluate, on a regular basis, the quality and accuracy of health care-associated infection reporting required under subsection (2) of this section and the data collection, analysis, and reporting methodologies.

(4) The department may respond to requests for data and other information from the data required to be reported under subsection (2) of this section, at the requestor's expense, for special studies and analysis consistent with requirements for confidentiality of patient records.

(5)(a) The department shall establish an advisory committee which may include members representing infection control professionals and epidemiologists, licensed health care providers, nursing staff, organizations that represent health care providers and facilities, health maintenance organizations, health care payers and consumers, and the department. The advisory committee shall make recommendations to assist the department in carrying out its responsibilities under this section, including making recommendations on allowing a hospital to review and verify data to be released in the report and on excluding from the report selected data from certified critical access hospitals. Annually, beginning January 1, 2011, the advisory committee shall also make a recommendation to the department as to whether current science supports expanding presurgical screening for methicillin-resistant staphylococcus aureus prior to open chest cardiac, total hip, and total knee elective surgeries.

(b) In developing its recommendations, the advisory committee shall consider methodologies and practices related to health care-associated infections of the United States centers for disease control and prevention, the centers for medicare and medicaid services, the joint commission, the national quality forum, the institute for healthcare improvement, and other relevant organizations.

(6) The department shall adopt rules as necessary to carry out its responsibilities under this section.

NEW SECTION. Sec. 3. A new section is added to chapter 70.58 RCW to read as follows:

In completing a certificate of death in compliance with this chapter, a physician, physician assistant, or advanced registered nurse practitioner must note the presence of methicillin-resistant staphylococcus aureus, if it is a cause or contributing factor in the patient's death."

On page 1, line 2 of the title, after "aureus;" strike the remainder of the title and insert "amending RCW 43.70.056; adding a new section to chapter 70.41 RCW; and adding a new section to chapter 70.58 RCW."

and the same is herewith transmitted.

HOUSE BILL NO. 1158, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 15, 2009

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1167 with the following amendment:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that the linked deposit program is not accessible to many certified small businesses that the program was created to serve. The legislature further finds that the increased involvement of community development financial institutions in the linked deposit program could increase the participation of these small businesses. The legislature intends that the office of minority and women's business enterprises report to the legislature with an analysis of barriers faced by certified small businesses that are currently not able to participate in the linked deposit program and make recommendations on how to overcome those barriers.

NEW SECTION. Sec. 2. By December 1, 2009, the office of minority and women's business enterprises shall, in consultation with the state treasurer and within existing resources, submit a report with

recommendations to the legislature that addresses the following issues:

(1) The availability of sources of capital for certified borrowers, including the amounts and interest rates for that capital;

(2) The loans that are not being funded for certified borrowers under the current program and why those loans are not being funded;

(3) The availability of other sources of capital in the marketplace for those nonfunded loans of certified borrowers, including the amounts and interest rates for that capital;

(4) Whether there are other institutions that may be willing to make those loans that are currently not being made to certified borrowers under the program;

(5) Whether the program could be modified to encourage lenders to make those loans that are not currently being made to certified borrowers and whether the cost of those loans would be a barrier;

(6) A review of how other states seek to increase access to capital for borrowers that traditionally lack access to capital; and

(7) The role community development financial institutions could play in mitigating the cost of lending to certified borrowers who are not currently being served by the program.

Sec. 3. RCW 43.86A.060 and 2008 c 187 s 3 are each amended to read as follows:

(1) The state treasurer shall establish a linked deposit program for investment of deposits in qualified public depositories. As a condition of participating in the program, qualified public depositories must make qualifying loans as provided in this section. The state treasurer may purchase a certificate of deposit that is equal to the amount of the qualifying loan made by the qualified public depository or may purchase a certificate of deposit that is equal to the aggregate amount of two or more qualifying loans made by one or more qualified public depositories.

(2) Qualifying loans made under this section are those:

(a) Having terms that do not exceed ten years;

(b) Where an individual loan does not exceed one million dollars;

(c)(i) That are made to a minority or women's business enterprise that has received state certification under chapter 39.19 RCW; or

(ii) That are made to a veteran-owned business that has received state certification under RCW 43.60A.190;

(d) Where the interest rate on the loan to the minority or women's business enterprise or veteran-owned business does not exceed an interest rate that is two hundred basis points below the interest rate the qualified public depository would charge for a loan for a similar purpose and a similar term, except that, if the preference given by the state treasurer to the qualified public depository under subsection (3) of this section is less than two hundred basis points, the qualified public depository may reduce the preference given on the loan by an amount that corresponds to the reduction in preference below two hundred basis points given to the qualified public depository; and

(e) Where the points or fees charged at loan closing do not exceed one percent of the loan amount.

(3) In setting interest rates of time certificate of deposits, the state treasurer shall offer rates so that a two hundred basis point preference will be given to the qualified public depository, except that the treasurer ~~((shall))~~ may lower the amount of the preference to ensure that the effective interest rate on the ~~((time certificate of))~~ deposit is not less than ~~((two))~~ zero percent.

(4) Upon notification by the state treasurer that a minority or women's business enterprise is no longer certified under chapter 39.19 RCW or that a veteran-owned business is no longer certified under RCW 43.60A.190, the qualified public depository shall reduce the amount of qualifying loans by the outstanding balance of the loan made under this section to the minority or women's business enterprise or the veteran-owned business, as applicable.

(5) The office of minority and women's business enterprises has the authority to adopt rules to:

(a) Ensure that when making a qualified loan under the linked deposit program, businesses that have never received a loan under the linked deposit program are given first priority;

(b) Limit the total principal loan amount that any one business receives in qualified loans under the linked deposit program over the lifetime of the businesses;

(c) Limit the total principal loan amount that an owner of one or more businesses receives in qualified loans under the linked deposit program during the owner's lifetime; and

(d) Limit the total amount of any one qualified loan made under the linked deposit program.

NEW SECTION. Sec. 4. Sections 1 and 2 of this act expire July 1, 2010."

On page 1, line 1 of the title, after "program;" strike the remainder of the title and insert "amending RCW 43.86A.060; creating new sections; and providing an expiration date."

MESSAGE FROM THE SENATE

April 14, 2009

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1184 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 35.92.360 and 2002 c 276 s 2 are each amended to read as follows:

(1) Any city or town engaged in the generation, sale, or distribution of energy is hereby authorized, within limits established by the Constitution of the state of Washington, to assist the owners

of structures or equipment in financing the acquisition and installation of materials and equipment, for compensation or otherwise, for the conservation or more efficient use of energy in such structures or equipment pursuant to an energy conservation plan adopted by the city or town if the cost per unit of energy saved or produced by the use of such materials and equipment is less than the cost per unit of energy produced by the next least costly new energy resource which the city or town could acquire to meet future demand. Any financing authorized under this chapter shall only be used for conservation purposes in existing structures, and such financing shall not be used for any purpose which results in a conversion from one energy source to another. For the purposes of this section, "conservation purposes in existing structures" may include projects to allow a municipal electric utility's customers to generate all or a portion of their own electricity through the on-site installation of a distributed electricity generation system that uses as its fuel solar, wind, geothermal, or hydropower, or other renewable resource that is available on-site and not from a commercial source. Such projects shall not be considered "a conversion from one energy source to another" which is limited to the change or substitution of one commercial energy supplier for another commercial energy supplier. Except where otherwise authorized, such assistance shall be limited to:

MESSAGE FROM THE SENATE

April 13, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1208 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 84.40.042 and 2008 c 17 s 1 are each amended to read as follows:

(1) When real property is divided in accordance with chapter 58.17 RCW, the assessor shall carefully investigate and ascertain the true and fair value of each lot and assess each lot on that same basis, unless specifically provided otherwise by law. For purposes of this section, "lot" has the same definition as in RCW 58.17.020.

(a) For each lot on which an advance tax deposit has been paid in accordance with RCW 58.08.040, the assessor shall establish the true and fair value by October 30th of the year following the recording of the plat, replat, or altered plat. The value established shall be the value of the lot as of January 1st of the year the original parcel of real property was last revalued. An additional property tax shall not be due on the land until the calendar year following the year for which the advance tax deposit was paid if the deposit was sufficient to pay the full amount of the taxes due on the property.

(b) For each lot on which an advance tax deposit has not been paid, the assessor shall establish the true and fair value not later than the calendar year following the recording of the plat, map, subdivision, or replat. For purposes of this section, "subdivision" means a division of land into two or more lots.

(c) For each subdivision, all current year and delinquent taxes and assessments on the entire tract must be paid in full in accordance with RCW 58.17.160 and 58.08.030 except when property is being acquired by a government for public use. For purposes of this section, "current year taxes" means taxes that are collectible under RCW 84.56.010 subsequent to ~~((February 14th))~~ completing the tax roll for current year collection.

(2) When the assessor is required by law to segregate any part or parts of real property, assessed before or after July 27, 1997, as one parcel or when the assessor is required by law to combine parcels of real property assessed before or after July 27, 1997, as two or more parcels, the assessor shall carefully investigate and ascertain the true and fair value of each part or parts of the real property and each combined parcel and assess each part or parts or each combined parcel on that same basis.

Sec. 2. RCW 84.56.070 and 2007 c 295 s 5 are each amended to read as follows:

~~((On the fifteenth day of February succeeding the levy of taxes,))~~ The county treasurer shall proceed to collect all personal property taxes after first completing the tax roll for the current year's collection. The treasurer shall give notice by mail to all persons charged with personal property taxes, and if such taxes are not paid before they become delinquent, the treasurer shall forthwith proceed to collect the same. In the event that he or she is unable to collect the same when due, the treasurer shall prepare papers in distraint, which shall contain a description of the personal property, the amount of taxes, the amount of the accrued interest at the rate provided by law from the date of delinquency, and the name of the owner or reputed owner. The treasurer shall without demand or notice distraint sufficient goods and chattels belonging to the person charged with such taxes to pay the same, with interest at the rate provided by law from the date of delinquency, together with all accruing costs, and shall proceed to advertise the same by posting written notices in three public places in the county in which such property has been distrained, one of which places shall be at the county court house, such notice to state the time when and place where such property will be sold. The county treasurer, or the treasurer's deputy, shall tax the same fees for making the distraint and sale of goods and chattels for the payment of taxes as are allowed by law to sheriffs for making levy and sale of property on execution; traveling fees to be computed from the county seat of the county to the place of making distraint. If the taxes for which such property is distrained, and the interest and costs accruing thereon, are not paid before the date appointed for such sale, which shall be not less than ten days after the taking of such property, such treasurer or treasurer's designee shall proceed to sell such property at public auction, or so much thereof as shall be sufficient to pay such taxes, with interest and costs, and if there be any excess of money arising from the sale of any personal property, the treasurer shall pay such excess less any cost of the auction to the owner of the property so sold or to his or her legal representative: PROVIDED, That whenever it shall become necessary to distraint any standing timber owned separately from the ownership of the land upon which the same may stand, or any fish trap, pound net, reef net, set net or drag seine fishing location, or any other personal property

as the treasurer shall determine to be incapable or reasonably impracticable of manual delivery, it shall be deemed to have been distrained and taken into possession when the treasurer shall have, at least thirty days before the date fixed for the sale thereof, filed with the auditor of the county wherein such property is located a notice in writing reciting that the treasurer has distrained such property, describing it, giving the name of the owner or reputed owner, the amount of the tax due, with interest, and the time and place of sale; a copy of the notice shall also be sent to the owner or reputed owner at his last known address, by registered letter at least thirty days prior to the date of sale: AND PROVIDED FURTHER, That if the county treasurer has reasonable grounds to believe that any personal property, including mobile homes, manufactured homes, or park model trailers, upon which taxes have been levied, but not paid, is about to be removed from the county where the same has been assessed, or is about to be destroyed, sold or disposed of, the county treasurer may demand such taxes, without the notice provided for in this section, and if necessary may forthwith distrain sufficient goods and chattels to pay the same.

Sec. 3. RCW 86.09.490 and 1937 c 72 s 164 are each amended to read as follows:

The assessment upon real property shall be a lien against the property assessed, from and after the first day of January in the year in which the assessment becomes due and payable, but as between grantor and grantee such lien shall not attach until the ~~((fifteenth day of February of such year, which))~~ county treasurer has completed the property tax roll for the current year's collection and provided the notification required by RCW 84.56.020. The lien shall be paramount and superior to any other lien theretofore or thereafter created, whether by mortgage or otherwise, except a lien for undelinquent flood control district assessments, diking or drainage, or diking or drainage improvement, district assessments and for unpaid and outstanding general ad valorem taxes, and such lien shall not be removed until the assessments are paid or the property sold for the payment thereof as provided by law.

Sec. 4. RCW 84.60.050 and 1994 c 301 s 54 are each amended to read as follows:

(1) When real property is acquired by purchase or condemnation by the state of Washington, any county or municipal corporation or is placed under a recorded agreement for immediate possession and use or an order of immediate possession and use pursuant to RCW 8.04.090, such property shall continue to be subject to the tax lien for the years prior to the year in which the property is so acquired or placed under such agreement or order, of any tax levied by the state, county, municipal corporation or other tax levying public body, except as is otherwise provided in RCW 84.60.070.

(2) The lien for taxes applicable to the real property being acquired or placed under immediate possession and use for the year in which such real property is so acquired or placed under immediate possession and use shall be for only the pro rata portion of taxes allocable to that portion of the year prior to the date of execution of the instrument vesting title, date of recording such agreement of immediate possession and use, date of such order of immediate possession and use, or date of judgment. No taxes levied or tax lien on such property allocable to a period subsequent to the dates identified in this subsection shall be valid and any such taxes levied shall be canceled as provided in RCW 84.48.065. In the event the owner has paid taxes allocable to that portion of the year subsequent to the dates identified in this subsection he or she shall be entitled to a pro rata refund of the amount paid on the property so acquired or placed under a recorded agreement or an order of immediate possession and use. If the dates identified in this subsection precede ~~((February 15th of))~~ the completion of the property tax rolls for the current year's collection in the year in which such taxes become payable, no lien for such taxes shall be valid and any such taxes levied but not payable shall be canceled as provided in RCW 84.48.065.

Sec. 5. RCW 87.03.265 and 1939 c 171 s 2 are each amended to read as follows:

The assessment upon real property shall be a lien against the property assessed, from and after the first day of January in the year in which it is levied, but as between grantor and grantee such lien shall not attach until the ~~((fifteenth day of February of))~~ county

treasurer has completed the property tax roll for the current year's collection and provided the notification required by RCW 84.56.020 in the year in which the assessment is payable, which lien shall be paramount and superior to any other lien theretofore or thereafter created, whether by mortgage or otherwise, except for a lien for prior assessments, and such lien shall not be removed until the assessments are paid or the property sold for the payment thereof as provided by law. And the lien for the bonds of any issue shall be a preferred lien to that of any subsequent issue. Also the lien for all payments due or to become due under any contract with the United States, or the state of Washington, accompanying which bonds of the district have not been deposited with the United States or the state of Washington, as in RCW 87.03.140 provided, shall be a preferred lien to any issue of bonds subsequent to the date of such contract.

Sec. 6. RCW 87.03.270 and 1988 c 134 s 13 are each amended to read as follows:

The assessment roll, before its equalization and adoption, shall be checked and compared as to descriptions and ownerships, with the county treasurer's land rolls. On or before the fifteenth day of January in each year the secretary must deliver the assessment roll or the respective segregation thereof to the county treasurer of each respective county in which the lands therein described are located, and said assessments shall become due and payable ~~((on the fifteenth day of February following))~~ after the county treasurer has completed the property tax roll for the current year's collection and provided the notification required by RCW 84.56.020.

All assessments on said roll shall become delinquent on the first day of May following the filing of the roll unless the assessments are paid on or before the thirtieth day of April of said year: PROVIDED, That if an assessment is ten dollars or more for said year and if one-half of the assessment is paid on or before the thirtieth day of April, the remainder shall be due and payable on or before the thirty-first day of October following and shall be delinquent after that date. All delinquent assessments shall bear interest at the rate of twelve percent per annum, computed on a monthly basis and without compounding, from the date of delinquency until paid.

Upon receiving the assessment roll the county treasurer shall prepare therefrom an assessment book in which shall be written the description of the land as it appears in the assessment roll, the name of the owner or owners where known, and if assessed to the unknown owners, then the word "unknown", and the total assessment levied against each tract of land. Proper space shall be left in said book for the entry therein of all subsequent proceedings relating to the payment and collection of said assessments.

On or before April 1st of each year, the treasurer of the district shall send a statement of assessments due. County treasurers who collect irrigation district assessments may send the statement of irrigation district assessments together with the statement of general taxes.

Upon payment of any assessment the county treasurer must enter the date of said payment in said assessment book opposite the description of the land and the name of the person paying and give a receipt to such person specifying the amount of the assessment and the amount paid with the description of the property assessed.

It shall be the duty of the treasurer of the district to furnish upon request of the owner, or any person interested, a statement showing any and all assessments levied as shown by the assessment roll in his office upon land described in such request. All statements of irrigation district assessments covering any land in the district shall show the amount of the irrigation district assessment, the dates on which the assessment is due, the place of payment, and, if the property was sold for delinquent assessments in a prior year, the amount of the delinquent assessment and the notation "certificate issued": PROVIDED, That the failure of the treasurer to render any statement herein required of him shall not render invalid any assessments made by any irrigation district.

It shall be the duty of the county treasurer of any county, other than the county in which the office of the board of directors is located, to make monthly remittances to the county treasurer of the county in which the office of the board of directors is located covering all amounts collected by him for the irrigation district during the preceding month.

When the treasurer collects a delinquent assessment, the treasurer shall collect any other amounts due by reason of the delinquency, including accrued costs, which shall be deposited to the treasurer's operation and maintenance fund.

Sec. 7. RCW 85.08.480 and 1933 c 125 s 2 are each amended to read as follows:

The respective installments of assessments for construction or maintenance of improvements made under the provisions of this chapter, shall be collected in the same manner and shall become delinquent at the same time as general taxes, certificates of delinquency shall be issued, and the lien of the assessment shall be enforced by foreclosure and sale of the property assessed, as in the case of general taxes, all according to the laws in force on January 1, 1923, except as hereinafter specifically provided.

The annual assessments or installments of assessments, both for construction and for maintenance and repairs of the diking and/or drainage system shall become due in two equal installments, one-half being payable on or before ~~((May))~~ April 30th, and the other half on or before ~~((November 30th))~~ October 31st; and delinquency interest thereon shall run from said dates on said respective halves of said assessments.

The rate of interest thereon after delinquency, also the rate of interest borne by certificates of delinquency, shall be ~~((ten))~~ twelve percent per annum. Certificates of delinquency for any assessment or installment thereof shall be issued upon demand and payment of such delinquent assessment and the fee for the same at any time after the expiration of twelve months after the date of delinquency thereof. In case no certificate of delinquency be issued after the expiration of four years from date of delinquency of assessments for construction costs, or after the expiration of two years from date of delinquency of assessments for maintenance or repairs, certificates of delinquency shall be issued to the county, and foreclosure thereof shall forthwith be effected in the manner provided in ~~((sections 11292 to 11317 inclusive))~~ chapter 84.64 RCW.

The holder of a certificate of delinquency for any drainage, diking or sewerage improvement district or consolidated district assessment or installment thereof may pay any delinquent general taxes upon the property described therein, and may redeem any certificate of delinquency for general taxes against said property and the amount so paid together with interest thereon at the rate provided by law shall be included in the lien of said certificate of delinquency.

The expense of foreclosure proceedings by the county shall be paid by the districts whose liens are foreclosed: Costs of foreclosure by the county or private persons as provided by law, shall be included in the judgment of foreclosure.

Sec. 8. RCW 82.45.090 and 2003 c 53 s 404 are each amended to read as follows:

(1) Except for a sale of a beneficial interest in real property where no instrument evidencing the sale is recorded in the official real property records of the county in which the property is located, the tax imposed by this chapter shall be paid to and collected by the treasurer of the county within which is located the real property which was sold. In collecting the tax the treasurer shall act as agent for the state. The county treasurer shall cause a ~~((stamp))~~ verification of payment evidencing satisfaction of the lien to be affixed to the instrument of sale or conveyance prior to its recording or to the real estate excise tax affidavit in the case of used mobile home sales and used floating home sales. A receipt issued by the county treasurer for the payment of the tax imposed under this chapter shall be evidence of the satisfaction of the lien imposed hereunder and may be recorded in the manner prescribed for recording satisfactions of mortgages. No instrument of sale or conveyance evidencing a sale subject to the tax shall be accepted by the county auditor for filing or recording until the tax shall have been paid and the ~~((stamp))~~ verification of payment affixed thereto; in case the tax is not due on the transfer, the instrument shall not be so accepted until suitable notation of such fact has been made on the instrument by the treasurer. (2) For a sale of a beneficial interest in real property where a tax is due under this chapter and where no instrument is recorded in the official real property records of the county in which the property is located, the sale shall be reported to the department of revenue within five days from the date of the sale on such returns or forms and according to such procedures as the department may prescribe. Such forms or returns shall be signed by both the transferor and the transferee and shall be accompanied by payment of the tax due.

(3) Any person who intentionally makes a false statement on any return or form required to be filed with the department under this chapter is guilty of perjury under chapter 9A.72 RCW.

(2) Reimbursing the taxing district for taxes abated under RCW 84.70.010 within the preceding twelve months. (2) Under section 10 of this act; or

(3) Attributable to amounts of state taxes withheld under RCW 84.56.290 or the provisions of chapter 84.69 RCW, or otherwise attributable to state taxes lawfully owing by reason of adjustments made under RCW 84.48.080.

NEW SECTION. Sec. 12. Sections 10 and 11 of this act apply retroactively to January 1, 2009, and apply to taxes levied under section 10 of this act for collection in 2010 and thereafter.

Sec. 13. RCW 84.34.037 and 1992 c 69 s 6 are each amended to read as follows:

(1) Applications for classification or reclassification under RCW 84.34.020(1) shall be made to the county legislative authority. An application made for classification or reclassification of land under RCW 84.34.020(1) (b) and (c) which is in an area subject to a comprehensive plan shall be acted upon in the same manner in which an amendment to the comprehensive plan is processed. Application made for classification of land which is in an area not subject to a comprehensive plan shall be acted upon after a public hearing and after notice of the hearing shall have been given by one publication in a newspaper of general circulation in the area at least ten days before the hearing: PROVIDED, That applications for classification of land in an incorporated area shall be acted upon by: (a) A granting authority composed of three members of the county legislative body and three members of the city legislative body in which the land is located in a meeting where members may be physically absent but participating through telephonic connection; or (b) separate

affirmative acts by both the county and city legislative bodies where both bodies affirm the entirety of an application without modification or both bodies affirm an application with identical modifications.

(2) In determining whether an application made for classification or reclassification under RCW 84.34.020(1) (b) and (c) should be approved or disapproved, the granting authority may take cognizance of the benefits to the general welfare of preserving the current use of the property which is the subject of application, and shall consider:

(a) The resulting revenue loss or tax shift;

(b) Whether granting the application for land applying under RCW 84.34.020(1)(b) will (i) conserve or enhance natural, cultural, or scenic resources, (ii) protect streams, stream corridors, wetlands, natural shorelines and aquifers, (iii) protect soil resources and unique or critical wildlife and native plant habitat, (iv) promote conservation principles by example or by offering educational opportunities, (v) enhance the value of abutting or neighboring parks, forests, wildlife preserves, nature reservations, sanctuaries, or other open spaces, (vi) enhance recreation opportunities, (vii) preserve historic and archaeological sites, (viii) preserve visual quality along highway, road, and street corridors or scenic vistas, (ix) affect any other factors relevant in weighing benefits to the general welfare of preserving the current use of the property; and

(c) Whether granting the application for land applying under RCW 84.34.020(1)(c) will (i) either preserve land previously classified under RCW 84.34.020(2) or preserve land that is traditional farmland and not classified under chapter 84.33 or 84.34 RCW, (ii) preserve land with a potential for returning to commercial agriculture, and (iii) affect any other factors relevant in weighing benefits to the general welfare of preserving the current use of property.

(3) If a public benefit rating system is adopted under RCW 84.34.055, the county legislative authority shall rate property for which application for classification has been made under RCW 84.34.020(1) (b) and (c) according to the public benefit rating system in determining whether an application should be approved or disapproved, but when such a system is adopted, open space properties then classified under this chapter which do not qualify under the system shall not be removed from classification but may be rated according to the public benefit rating system.

(4) The granting authority may approve the application with respect to only part of the land which is the subject of the application. If any part of the application is denied, the applicant may withdraw the entire application. The granting authority in approving in part or whole an application for land classified or reclassified pursuant to RCW 84.34.020(1) may also require that certain conditions be met, including but not limited to the granting of easements. As a condition of granting open space classification, the legislative body may not require public access on land classified under RCW 84.34.020(1)(b)(iii) for the purpose of promoting conservation of wetlands.

(5) The granting or denial of the application for current use classification or reclassification is a legislative determination and shall be reviewable only for arbitrary and capricious actions.

Sec. 14. RCW 84.34.041 and 2002 c 315 s 2 are each amended to read as follows:

An application for current use classification or reclassification under RCW 84.34.020(3) shall be made to the county legislative authority.

(1) The application shall be made upon forms prepared by the department of revenue and supplied by the granting authority and shall include the following elements that constitute a timber management plan:

(a) A legal description of, or assessor's parcel numbers for, all land the applicant desires to be classified as timber land;

(b) The date or dates of acquisition of the land;

(c) A brief description of the timber on the land, or if the timber has been harvested, the owner's plan for restocking;

(d) Whether there is a forest management plan for the land;

(e) If so, the nature and extent of implementation of the plan;

(f) Whether the land is used for grazing;

(g) Whether the land has been subdivided or a plat filed with respect to the land;

(h) Whether the land and the applicant are in compliance with the restocking, forest management, fire protection, insect and disease control, weed control, and forest debris provisions of Title 76 RCW or applicable rules under Title 76 RCW;

(i) Whether the land is subject to forest fire protection assessments pursuant to RCW 76.04.610;

(j) Whether the land is subject to a lease, option, or other right that permits it to be used for a purpose other than growing and harvesting timber;

(k) A summary of the past experience and activity of the applicant in growing and harvesting timber;

(l) A summary of current and continuing activity of the applicant in growing and harvesting timber;

(m) A statement that the applicant is aware of the potential tax liability involved when the land ceases to be classified as timber land.

(2) An application made for classification of land under RCW 84.34.020(3) shall be acted upon after a public hearing and after notice of the hearing is given by one publication in a newspaper of general circulation in the area at least ten days before the hearing. Application for classification of land in an incorporated area shall be acted upon by: (a) A granting authority composed of three members of the county legislative body and three members of the city legislative body in which the land is located in a meeting where members may be physically absent but participating through telephonic connection; or (b) separate affirmative acts by both the county and city legislative bodies where both bodies affirm the entirety of an application without modification or both bodies affirm an application with identical modifications.

(3) The granting authority shall act upon the application with due regard to all relevant evidence and without any one or more items of evidence necessarily being determinative, except that the application may be denied for one of the following reasons, without regard to other items:

(a) The land does not contain a stand of timber as defined in chapter 76.09 RCW and applicable rules, except this reason shall not alone be sufficient to deny the application (i) if the land has been recently harvested or supports a growth of brush or noncommercial type timber, and the application includes a plan for restocking within three years or the longer period necessitated by unavailability of seed or seedlings, or (ii) if only isolated areas within the land do not meet minimum standards due to rock outcroppings, swamps, unproductive soil, or other natural conditions;

(b) The applicant, with respect to the land, has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control, weed control, and forest debris provisions of Title 76 RCW or applicable rules under Title 76 RCW;

(c) The land abuts a body of salt water and lies between the line of ordinary high tide and a line paralleling the ordinary high tide line and two hundred feet horizontally landward from the high tide line.

(4) The timber management plan must be filed with the county legislative authority either: (a) When an application for classification under this chapter is submitted; (b) when a sale or transfer of timber land occurs and a notice of continuance is signed; or (c) within sixty days of the date the application for reclassification under this chapter or from designated forest land is received. The application for reclassification shall be accepted, but shall not be processed until the timber management plan is received. If the timber management plan is not received within sixty days of the date the application for reclassification is received, the application for reclassification shall be denied.

If circumstances require it, the county assessor may allow in writing an extension of time for submitting a timber management plan when an application for classification or reclassification or notice of continuance is filed. When the assessor approves an extension of time for filing the timber management plan, the county legislative authority may delay processing an application until the timber management plan is received. If the timber management plan is not received by the date set by the assessor, the application or the notice of continuance shall be denied.

The granting authority may approve the application with respect to only part of the land that is described in the application, and if any part of the application is denied, the applicant may withdraw the

entire application. The granting authority, in approving in part or whole an application for land classified pursuant to RCW 84.34.020(3), may also require that certain conditions be met.

Granting or denial of an application for current use classification is a legislative determination and shall be reviewable only for arbitrary and capricious actions. The granting authority may not require the granting of easements for land classified pursuant to RCW 84.34.020(3).

The granting authority shall approve or disapprove an application made under this section within six months following the date the application is received."

MESSAGE FROM THE SENATE

April 7, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1215 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 19.118.021 and 2007 c 425 s 1 are each amended to read as follows:

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means new motor vehicle arbitration board.

(2) "Collateral charges" means any sales or lease related charges including but not limited to sales tax, use tax, arbitration service fees, unused license fees, unused registration fees, unused title fees, finance charges, prepayment penalties, credit disability and credit life insurance costs not otherwise refundable, any other insurance costs prorated for time out of service, transportation charges, dealer preparation charges, or any other charges for service contracts, undercoating, rustproofing, or factory or dealer installed options.

(3) "Condition" means a general problem that results from a defect or malfunction of one or more parts, or their improper installation by the manufacturer, its agents, or the new motor vehicle dealer.

(4) "Consumer" means any person who has entered into an agreement or contract for the transfer, lease, or purchase of a new motor vehicle, other than for purposes of resale or sublease, during the duration of the (~~warranty~~) eligibility period defined under this section.

(5) "Court" means the superior court in the county where the consumer resides, except if the consumer does not reside in this state, then the superior court in the county where an arbitration hearing or determination was conducted or made pursuant to this chapter.

(6) "Eligibility period" means the period ending two years after the date of the original delivery to the consumer of a new motor vehicle, or the first twenty-four thousand miles of operation, whichever occurs first.

(7) "Incidental costs" means any reasonable expenses incurred by the consumer in connection with the repair of the new motor vehicle, including any towing charges and the costs of obtaining alternative transportation.

~~((7))~~ (8) "Manufacturer" means any person engaged in the business of constructing or assembling new motor vehicles or engaged in the business of importing new motor vehicles into the United States for the purpose of selling or distributing new motor vehicles to new motor vehicle dealers. "Manufacturer" includes to the extent the modification affects the use, value, or safety of a new motor vehicle, a postmanufacturing modifier of a new motor vehicle that modifies or has a modification done to a new motor vehicle before the initial retail sale or lease of a new motor vehicle, except as provided in this chapter. "Manufacturer" does not include any person engaged in the business of set-up of motorcycles as an agent of a new motor vehicle dealer if the person does not otherwise construct or assemble motorcycles.

~~((8))~~ (9) "Motorcycle" means any motorcycle as defined in RCW 46.04.330 which has an engine displacement of at least seven hundred fifty cubic centimeters.

~~((9))~~ (10) "Motor home" means a vehicular unit designed to provide temporary living quarters for recreational, camping, or travel use, built on or permanently attached to a self-propelled motor vehicle chassis or on a chassis cab or van that is an integral part of the completed vehicle.

~~((10))~~ (11) "Motor home manufacturer" means the first stage manufacturer, the component manufacturer, and the final stage manufacturer.

(a) "First stage manufacturer" means a person who manufactures incomplete new motor vehicles such as chassis, chassis cabs, or vans, that are directly warranted by the first stage manufacturer to the consumer, and are completed by a final stage manufacturer into a motor home.

(b) "Component manufacturer" means a person who manufactures components used in the manufacture or assembly of a chassis, chassis cab, or van that is completed into a motor home and whose components are directly warranted by the component manufacturer to the consumer.

(c) "Final stage manufacturer" means a person who assembles, installs, or permanently affixes a body, cab, or equipment to an incomplete new motor vehicle such as a chassis, chassis cab, or van provided by a first stage manufacturer, to complete the vehicle into a motor home.

~~((11))~~ (12) "New motor vehicle" means any new self-propelled vehicle, including a new motorcycle, primarily designed for the transportation of persons or property over the public highways that was originally purchased or leased at retail from a new motor vehicle dealer or leasing company in this state, but does not include vehicles purchased or leased by a business as part of a fleet of ten or more vehicles at one time or under a single purchase or lease agreement. This chapter shall apply to a motor vehicle purchased or leased with a manufacturer written warranty by a member of the armed forces regardless of in which state the vehicle was purchased or leased, if the vehicle otherwise meets the definition of a new motor vehicle and the consumer is a member of the armed forces stationed or residing in this state at the time the consumer submits a request for arbitration to the attorney general. If the motor vehicle is a motor home, this chapter shall apply to the self-propelled vehicle and chassis, but does not include those portions of the vehicle designated, used, or maintained primarily as a mobile dwelling, office, or commercial space. The term "new motor vehicle" does not include trucks with nineteen thousand pounds or more gross vehicle weight rating. The term "new motor vehicle" includes a demonstrator or lease-purchase vehicle as long as a manufacturer's warranty was issued as a condition of sale.

~~((12))~~ (13) "New motor vehicle dealer" means a person who holds a dealer agreement with a manufacturer for the sale of new motor vehicles, who is engaged in the business of purchasing, selling, servicing, exchanging, or dealing in new motor vehicles, and who is

licensed or required to be licensed as a vehicle dealer by the state of Washington.

~~((13))~~ (14) "Nonconformity" means a defect, serious safety defect, or condition that substantially impairs the use, value, or safety of a new motor vehicle, but does not include a defect or condition that is the result of abuse, neglect, or unauthorized modification or alteration of the new motor vehicle.

~~((14))~~ (15) "Purchase price" means the cash price of the new motor vehicle appearing in the sales agreement or contract.

(a) "Purchase price" in the instance of a lease means the actual written capitalized cost disclosed to the consumer contained in the lease agreement. If there is no disclosed capitalized cost in the lease agreement the "purchase price" is the manufacturer's suggested retail price including manufacturer installed accessories or items of optional equipment displayed on the manufacturer label, required by 15 U.S.C. Sec. 1232.

(b) "Purchase price" in the instance of both a vehicle purchase or lease agreement includes any allowance for a trade-in vehicle but does not include any manufacturer-to-consumer rebate appearing in the agreement or contract that the consumer received or that was applied to reduce the purchase or lease cost.

Where the consumer is a subsequent transferee and the consumer selects repurchase of the motor vehicle, "purchase price" means the consumer's subsequent purchase price. Where the consumer is a subsequent transferee and the consumer selects replacement of the motor vehicle, "purchase price" means the original purchase price.

~~((15))~~ (16) "Reasonable offset for use" means the definition provided in RCW 19.118.041(1)(c) ~~((for a new motor vehicle other than a new motorcycle. The reasonable offset for use for a new motorcycle shall be computed by the number of miles that the vehicle traveled before the manufacturer's acceptance of the vehicle upon repurchase or replacement multiplied by the purchase price, and divided by twenty-five thousand)).~~

~~((16))~~ (17) "Reasonable number of attempts" means the definition provided in RCW 19.118.041.

~~((17))~~ (18) "Replacement motor vehicle" means a new motor vehicle that is identical or reasonably equivalent to the motor vehicle to be replaced, as the motor vehicle to be replaced existed at the time of original purchase or lease, including any service contract, undercoating, rustproofing, and factory or dealer installed options.

~~((18))~~ (19) "Serious safety defect" means a life-threatening malfunction or nonconformity that impedes the consumer's ability to control or operate the new motor vehicle for ordinary use or reasonable intended purposes or creates a risk of fire or explosion.

~~((19))~~ (20) "Subsequent transferee" means a consumer who acquires a motor vehicle, within the ~~((warranty))~~ eligibility period, as defined in this section, with an applicable manufacturer's written warranty and where the vehicle otherwise met the definition of a new motor vehicle at the time of original retail sale or lease.

~~((20))~~ (21) "Substantially impair" means to render the new motor vehicle unreliable, or unsafe for ordinary use, or to diminish the resale value of the new motor vehicle below the average resale value for comparable motor vehicles.

~~((21))~~ (22) "Warranty" means any implied warranty, any written warranty of the manufacturer, or any affirmation of fact or promise made by the manufacturer in connection with the sale of a new motor vehicle that becomes part of the basis of the bargain. The term "warranty" pertains to the obligations of the manufacturer in relation to materials, workmanship, a modification by a new motor vehicle dealer installing the new motor vehicle manufacturer's authorized parts or their equivalent for the specific new motor vehicle pursuant to the manufacturer approved specifications, and fitness of a new motor vehicle for ordinary use or reasonably intended purposes throughout the duration of the ~~((warranty))~~ eligibility period as defined under this section.

~~((22))~~ "Warranty period" means the period ending two years after the date of the original delivery to the consumer of a new motor vehicle, or the first twenty-four thousand miles of operation, whichever occurs first.)

Sec. 2. RCW 19.118.031 and 1998 c 298 s 3 are each amended to read as follows:

(1) The manufacturer shall publish an owner's manual and provide it to the new motor vehicle dealer or leasing company. The owner's manual shall include a list of the addresses and phone numbers for the manufacturer's customer assistance division, or zone or regional offices. A manufacturer shall provide to the new motor vehicle dealer or leasing company all applicable manufacturer's written warranties. The dealer or leasing company shall transfer to the consumer, at the time of original retail sale or lease, the owner's manual and applicable written warranties as provided by a manufacturer.

(2) At the time of purchase, the new motor vehicle dealer shall provide the consumer with a written statement that explains the consumer's rights under this chapter. The written statement shall be prepared and supplied by the attorney general and shall contain a toll-free number that the consumer can contact for information regarding the procedures and remedies under this chapter. In the event a consumer requests modification of the new motor vehicle in a manner which may partially or completely void the manufacturer's implied or express warranty, and which becomes part of the basis of the bargain of the initial retail sale or lease of the vehicle, a new motor vehicle dealer shall provide a clear and conspicuous written disclosure, independently signed and dated by the consumer, stating "Your requested modification may void all or part of a manufacturer warranty and a resulting defect or condition may not be subject to remedies afforded by the motor vehicle warranties act, chapter 19.118 RCW." A dealer who obtains a signed written disclosure under circumstances where the warranty may be void is not subject to this chapter as a manufacturer to the extent the modification affects the use, value, or safety of a new motor vehicle. Failure to provide the disclosure specified in this subsection does not constitute a violation of chapter 19.86 RCW.

(3) For the purposes of this chapter, if a new motor vehicle does not conform to the warranty and the consumer reports the nonconformity during the term of the ~~((warranty))~~ eligibility period or the period of coverage of the applicable manufacturer's written warranty, whichever is less, to the manufacturer, its agent, or the new motor vehicle dealer who sold the new motor vehicle, the manufacturer, its agent, or the new motor vehicle dealer shall make repairs as are necessary to conform the vehicle to the warranty, regardless of whether such repairs are made after the expiration of the ~~((warranty))~~ eligibility period. Any corrections or attempted repairs undertaken by a new motor vehicle dealer under this chapter shall be treated as warranty work and billed by the dealer to the manufacturer in the same manner as other work under the manufacturer's written warranty is billed. For purposes of this subsection, the manufacturer's written warranty shall be at least one year after the date of the original delivery to the consumer of the vehicle or the first twelve thousand miles of operation, whichever occurs first.

(4) Upon request from the consumer, the manufacturer or new motor vehicle dealer shall provide a copy of any report or computer reading compiled by the manufacturer's field or zone representative regarding inspection, diagnosis, or test-drive of the consumer's new motor vehicle, or shall provide a copy of any technical service bulletin issued by the manufacturer regarding the year and model of the consumer's new motor vehicle as it pertains to any material, feature, component, or the performance thereof.

(5) The new motor vehicle dealer shall provide to the consumer each time the consumer's vehicle is returned from being diagnosed or repaired under the warranty, a fully itemized, legible statement or repair order indicating any diagnosis made, and all work performed on the vehicle including but not limited to, a general description of the problem reported by the consumer or an identification of the defect or condition, parts and labor, the date and the odometer reading when the vehicle was submitted for repair, and the date when the vehicle was made available to the consumer.

(6) No manufacturer, its agent, or the new motor vehicle dealer may refuse to diagnose or repair any nonconformity covered by the warranty for the purpose of avoiding liability under this chapter.

(7) For purposes of this chapter, consumers shall have the rights and remedies, including a cause of action, against manufacturers as provided in this chapter.

(8) The ((warranty)) eligibility period and thirty-day out-of-service period, and sixty-day out-of-service period in the case of a motor home, shall be extended by any time that repair services are not available to the consumer as a direct result of a strike, war, invasion, fire, flood, or other natural disaster.

Sec. 3. RCW 19.118.041 and 2007 c 426 s 1 are each amended to read as follows:

(1) If the manufacturer, its agent, or the new motor vehicle dealer is unable to conform the new motor vehicle to the warranty by repairing or correcting any nonconformity after a reasonable number of attempts, the manufacturer, within forty calendar days of a consumer's written request to the manufacturer's corporate, dispute resolution, zone, or regional office address shall, at the option of the consumer, replace or repurchase the new motor vehicle.

(a) The replacement motor vehicle shall be identical or reasonably equivalent to the motor vehicle to be replaced as the motor vehicle to be replaced existed at the time of original purchase or lease, including any service contract, undercoating, rustproofing, and factory or dealer installed options. Where the manufacturer supplies a replacement motor vehicle, the manufacturer shall be responsible for sales tax, license, registration fees, and refund of any incidental costs. Compensation for a reasonable offset for use shall be paid by the consumer to the manufacturer in the event that the consumer accepts a replacement motor vehicle.

(b) When repurchasing the new motor vehicle, the manufacturer shall refund to the consumer the purchase price, all collateral charges, and incidental costs, less a reasonable offset for use. When repurchasing the new motor vehicle, in the instance of a lease, the manufacturer shall refund to the consumer all payments made by the consumer under the lease including but not limited to all lease payments, trade-in value or inception payment, security deposit, all collateral charges and incidental costs less a reasonable offset for use. The manufacturer shall make such payment to the lessor and/or lienholder of record as necessary to obtain clear title to the motor vehicle and upon the lessor's and/or lienholder's receipt of that payment and payment by the consumer of any late payment charges, the consumer shall be relieved of any future obligation to the lessor and/or lienholder.

(c) The reasonable offset for use shall be computed by multiplying the number of miles that the vehicle traveled directly attributable to use by the consumer during the time between the original purchase, lease, or in-service date and the date beginning the first attempt to diagnose or repair a nonconformity which ultimately results in the repurchase or replacement of the vehicle multiplied times the purchase price, and dividing the product by one hundred twenty thousand, except in the case of a motor home, in which event it shall be divided by ninety thousand or in the case of a motorcycle, it shall be divided by twenty-five thousand. However, the reasonable offset for use calculation total for a motor home is subject to modification by the board by decreasing or increasing the offset total up to a maximum of one-third of the offset total. The board may modify the offset total in those circumstances where the board determines that the wear and tear on those portions of the motor home designated, used, or maintained primarily as a mobile dwelling, office, or commercial space are significantly greater or significantly less than that which could be reasonably expected based on the mileage attributable to the consumer's use of the motor home. Except in the case of a motor home, where a manufacturer repurchases or replaces a vehicle solely due to accumulated days out of service by reason of diagnosis or repair of one or more nonconformities, "the number of miles that the vehicle traveled directly attributable to use by the consumer" shall be limited to the period between the original purchase, lease, or in-service date and the date of the fifteenth cumulative calendar day out of service. Where the consumer is a second or subsequent purchaser, lessee, or transferee of the motor vehicle and the consumer selects repurchase of the motor vehicle, "the number of miles that the vehicle traveled" directly attributable to use by the consumer shall be limited to the period between the date of purchase, lease by, or transfer to the consumer and the date of the consumer's initial attempt to obtain diagnosis or repair of a nonconformity which ultimately results in the repurchase or replacement of the vehicle or which adds to thirty or more cumulative calendar days out of service. Where the consumer

is a second or subsequent purchaser, lessee, or transferee of the motor vehicle and the consumer selects replacement of the motor vehicle, "the number of miles that the vehicle traveled" directly attributable to use by the consumer shall be calculated from the date of the original purchase, lease, or in-service date and the first attempt to diagnose or repair a nonconformity which ultimately results in the replacement of the vehicle. Except in the case of a motor home, where the consumer is a second or subsequent purchaser, lessee, or transferee of the motor vehicle and the manufacturer replaces the vehicle solely due to accumulated days out of service by reason of diagnosis or repair of one or more nonconformities, "the number of miles that the vehicle traveled" directly attributable to use by the consumer shall be calculated from the date of the original purchase, lease, or in service date and the date of the fifteenth cumulative calendar day out of service.

(d) In the case of a motor vehicle that is a motor home, where a manufacturer repurchases or replaces a motor home from the first purchaser, lessee, or transferee or from the second or subsequent purchaser, lessee, or transferee solely due to accumulated days out of service by reason of diagnosis or repair of one or more nonconformities, "the number of miles that a motor home traveled directly attributable to use by the consumer" shall be limited to the period between the original purchase, lease, or in-service date and the date of the thirtieth cumulative calendar day out-of-service.

(2) Reasonable number of attempts, except in the case of a new motor vehicle that is a motor home (~~acquired after June 30, 1998~~), shall be deemed to have been undertaken by the manufacturer, its agent, or the new motor vehicle dealer to conform the new motor vehicle to the warranty within the ((warranty)) eligibility period, if: (a) The same serious safety defect has been subject to diagnosis or repair two or more times, at least one of which is during the period of coverage of the applicable manufacturer's written warranty, and the serious safety defect continues to exist; (b) the same nonconformity has been subject to diagnosis or repair four or more times, at least one of which is during the period of coverage of the applicable manufacturer's written warranty, and the nonconformity continues to exist; ~~(or)~~ (c) the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities for a cumulative total of thirty calendar days, at least fifteen of them during the period of the applicable manufacturer's written warranty; or (d) within a twelve-month period, two or more different serious safety defects, each of which have been subject to diagnosis or repair one or more times, where at least one attempt for each serious safety defect occurs during the period of coverage of the applicable manufacturer's written warranty and within the eligibility period. For purposes of this subsection, the manufacturer's written warranty shall be at least one year after the date of the original delivery to the consumer of the vehicle or the first twelve thousand miles of operation, whichever occurs first. A new motor vehicle is deemed to have been "subject to diagnose or repair" when a consumer presents the new motor vehicle for warranty service at a service and repair facility authorized, designated, or maintained by a manufacturer to provide warranty services or a facility to which the manufacturer or an authorized facility has directed the consumer to obtain warranty service. A new motor vehicle has not been "subject to diagnose or repair" if the consumer refuses to allow the facility to attempt or complete a recommended warranty repair, or demands return of the vehicle to the consumer before an attempt to diagnose or repair can be completed.

(3)(a) In the case of a new motor vehicle that is a motor home (~~acquired after June 30, 1998~~), a reasonable number of attempts shall be deemed to have been undertaken by the motor home manufacturers, their respective agents, or their respective new motor vehicle dealers to conform the new motor vehicle to the warranty within the ((warranty)) eligibility period, if: (i) The same serious safety defect has been subject to diagnosis or repair one or more times during the period of coverage of the applicable motor home manufacturer's written warranty, plus a final attempt to repair the vehicle as provided for in (b) of this subsection, and the serious safety defect continues to exist; (ii) the same nonconformity has been subject to repair three or more times, at least one of which is during the period of coverage of the applicable motor home manufacturer's written warranty, plus a final attempt to repair the vehicle as provided

for in (b) of this subsection, and the nonconformity continues to exist; ~~((or))~~ (iii) the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities, including a safety evaluation, for a cumulative total of sixty calendar days aggregating all motor home manufacturer days out of service, and the motor home manufacturers have had at least one opportunity to coordinate and complete an inspection and any repairs of the vehicle's nonconformities after receipt of notification from the consumer as provided for in (c) of this subsection; or (iv) within a twelve-month period, two or more different serious safety defects covered by the same manufacturer warranty have been each subject to diagnosis or repair one or more times, where at least one attempt for each serious safety defect occurs during the period of coverage of the applicable manufacturer's written warranty and within the eligibility period. Notice of manifestation of one or more serious safety defects to a manufacturer must be provided in writing by the consumer to the motor home manufacturer whose warranty covers the defect or all manufacturers of the motor home. The consumer shall send notices to the manufacturers in writing at their respective corporate, zone, or regional office addresses to allow the motor home manufacturers, their respective agents, or their respective new motor vehicle dealers an opportunity to coordinate and complete a comprehensive safety evaluation of the motor home. Notice of the manifestation of one or more serious safety defects should be made by the consumer as a unique notice to the manufacturers. The notice may be met by any written notification under this subsection of the need to repair a defect or condition identified by the consumer as relating to the safety of the motor home with or without a consumer's specific reference to whether the defect is a serious safety defect. Any notice of the manifestation of one or more serious safety defects shall be considered by a manufacturer as a consumer's request for a safety evaluation of the motor home. If the manufacturer, at its option, performs a safety evaluation, the manufacturers must provide a written report to the consumer of the evaluation of the motor home's safety in a timely manner. For purposes of this subsection, each motor home manufacturer's written warranty must be at least one year after the date of the original delivery to the consumer of the vehicle or the first twelve thousand miles of operation, whichever occurs first.

(b) In the case of a new motor vehicle that is a motor home, after one attempt has been made to repair a serious safety defect, or after three attempts have been made to repair the same nonconformity, the consumer shall give written notification of the need to repair the nonconformity to each of the motor home manufacturers at their respective corporate, zone, or regional office addresses to allow the motor home manufacturers to coordinate and complete a final attempt to cure the nonconformity. The motor home manufacturers each have fifteen days, commencing upon receipt of ~~((the))~~ a notification under this subsection (3)(b), to respond and inform the consumer of the location of the facility where the vehicle will be repaired or evaluated. If the vehicle is unsafe to drive due to a serious safety defect, or to the extent the repair facility is more than one hundred miles from the motor home location, the motor home manufacturers are responsible for the cost of transporting the vehicle to and from the repair facility. The motor home manufacturers have a cumulative total of thirty days, commencing upon delivery of the vehicle to the designated repair facility by the consumer, to conform the vehicle to the applicable motor home manufacturer's written warranty. This time period may be extended if the consumer agrees in writing. If a motor home manufacturer fails to respond to the consumer or perform the repairs within the time period prescribed, that motor home manufacturer is not entitled to a final attempt to cure the nonconformity.

(c) In the case of a new motor vehicle that is a motor home, if the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities, including any safety evaluation, by the motor home manufacturers, their respective agents, or their respective new motor vehicle dealers for a cumulative total of thirty or more days aggregating all motor home manufacturer days out of service, the consumer shall so notify each motor home manufacturer in writing at their respective corporate, zone, or regional office addresses to allow the motor home manufacturers, their respective agents, or their respective new motor vehicle dealers an opportunity to coordinate

and complete an inspection and any repairs of the vehicle's nonconformities. The motor home manufacturers have fifteen days, commencing upon receipt of the notification, to respond and inform the consumer of the location of the facility where the vehicle will be repaired or evaluated. If the vehicle is unsafe to drive due to a serious safety defect, or to the extent the repair facility is more than one hundred miles from the motor home location, the motor home manufacturers are responsible for the cost of transporting the vehicle to and from the repair facility. Once the buyer delivers the vehicle to the designated repair facility, the inspection and repairs must be completed by the motor home manufacturers either (i) within ten days or (ii) before the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities for sixty days, whichever time period is longer. This time period may be extended if the consumer agrees in writing. If a motor home manufacturer fails to respond to the consumer or perform the repairs within the time period prescribed, that motor home manufacturer is not entitled to at least one opportunity to inspect and repair the vehicle's nonconformities after receipt of notification from the buyer as provided for in this subsection (3)(c).

(4) No new motor vehicle dealer may be held liable by the manufacturer for any collateral charges, incidental costs, purchase price refunds, or vehicle replacements. Manufacturers shall not have a cause of action against dealers under this chapter. ~~((Consumers shall not have a cause of action against dealers under this chapter, but a violation of any responsibilities imposed upon dealers under this chapter is a per se violation of chapter 19.86 RCW.))~~ A violation of any responsibilities expressly imposed upon dealers under this chapter is a per se violation of chapter 19.86 RCW. Except in the limited circumstances of a dealer becoming a manufacturer due to a postmanufacturing modification of a new motor vehicle as defined in RCW 19.118.021(8), consumers shall not have a cause of action against dealers under this chapter. Consumers may pursue rights and remedies against dealers under any other law, including chapters 46.70 and 46.71 RCW. Manufacturers and consumers may not make dealers parties to arbitration board proceedings under this chapter.

Sec. 4. RCW 19.118.061 and 1998 c 298 s 5 are each amended to read as follows:

(1) A manufacturer shall be prohibited from reselling any motor vehicle determined or adjudicated as having a serious safety defect unless the serious safety defect has been corrected and the manufacturer warrants upon the first subsequent resale that the defect has been corrected.

(2) Before any sale or transfer of a vehicle that has been replaced or repurchased by the manufacturer ~~((that was determined or adjudicated as having a nonconformity or to have been out of service for thirty or more calendar days, or sixty or more calendar days in the case of a motor home,))~~ after a determination, adjudication, or settlement of a claim under this chapter, the manufacturer shall:

(a) Notify the attorney general ~~((and the department of licensing, by certified mail or by personal service,))~~ upon receipt of the motor vehicle and submit a title application to the department of licensing in this state for title to the motor vehicle in the name of the manufacturer within sixty days;

(b) Attach a resale disclosure notice to the vehicle in a manner and form to be specified by the attorney general. Only the retail purchaser may remove the resale disclosure notice after execution of the disclosure form required under subsection (3) of this section; and

(c) Notify the attorney general and the department of licensing if the nonconformity in the motor vehicle is corrected.

(3) Upon the first subsequent resale, either at wholesale or retail, or transfer of title of a motor vehicle and which was previously returned after a final determination, adjudication, or settlement under this chapter or under a similar statute of any other state, the manufacturer, its agent, or the new motor vehicle dealer who has actual knowledge of said final determination, adjudication or settlement, shall execute and deliver to the buyer before sale an instrument in writing setting forth information identifying the nonconformity in a manner to be specified by the attorney general, and the department of licensing shall place on the certificate of title information indicating the vehicle was returned under this chapter.

(4) Upon receipt of the manufacturer's notification under subsection (2) of this section that the nonconformity has been corrected and ~~((upon))~~ the manufacturer's ~~((request and payment of any fees))~~ application for title in the name of the manufacturer under this section, the department of licensing shall issue a new title with ~~((information))~~ a title brand indicating the vehicle was returned under this chapter and information that the nonconformity has been corrected. Upon the first subsequent resale, either at wholesale or retail, or transfer of title of a motor vehicle, as provided under ~~((subsection (2)(c) of))~~ this section, the manufacturer shall warrant upon the resale that the nonconformity has been corrected, and the manufacturer, its agent, or the new motor vehicle dealer who has actual knowledge of the corrected nonconformity, shall execute and deliver to the buyer before sale an instrument in writing setting forth information identifying the nonconformity and indicating that it has been corrected in a manner to be specified by the attorney general.

(5) After repurchase or replacement and following a manufacturer's receipt of a vehicle under this section and prior to a vehicle's first subsequent retail transfer by resale or lease, any intervening transferor of a vehicle subject to the requirements of this section who has received the disclosure, correction and warranty documents, as specified by the attorney general and required under this chapter, shall deliver the documents with the vehicle to the next transferor, purchaser or lessee to ensure proper and timely notice and disclosure. Any intervening transferor who fails to comply with this subsection shall, at the option of the subsequent transferor or first subsequent retail purchaser or lessee: (a) Indemnify any subsequent transferor or first subsequent retail purchaser for all damages caused by such violation; or (b) repurchase the vehicle at the full purchase price including all fees, taxes and costs incurred for goods and services which were included in the subsequent transaction.

Sec. 5. RCW 19.118.080 and 1998 c 245 s 7 are each amended to read as follows:

(1) Except as provided in RCW 19.118.160, the attorney general shall contract with one or more ~~((private))~~ entities to conduct arbitration proceedings in order to settle disputes between consumers and manufacturers as provided in this chapter, and each ~~((private))~~ entity shall constitute a new motor vehicle arbitration board for purposes of this chapter. The entities shall not be affiliated with any manufacturer or new motor vehicle dealer and shall have available the services of persons with automotive technical expertise to assist in resolving disputes under this chapter. No ~~((private))~~ entity or its officers or employees conducting board proceedings and no arbitrator presiding at such proceedings shall be directly involved in the manufacture, distribution, sale, or warranty service of any motor vehicle. Payment to the entities for the arbitration services shall be made from the new motor vehicle arbitration account.

(2) The attorney general shall adopt rules for the uniform conduct of the arbitrations by the boards whether conducted by ~~((a private))~~ an entity or by the attorney general pursuant to RCW 19.118.160, which rules shall include but not be limited to the following procedures:

(a) At all arbitration proceedings, the parties are entitled to present oral and written testimony, to present witnesses and evidence relevant to the dispute, to cross-examine witnesses, and to be represented by counsel.

(b) A dealer, manufacturer, or other persons shall produce records and documents requested by a party which are reasonably related to the dispute. If a dealer, manufacturer, or other person refuses to comply with such a request, a party may present a request ~~((to the board))~~ for the attorney general to issue a subpoena ~~((on behalf of the board))~~.

The subpoena shall be issued only for the production of records and documents which the ~~((board))~~ attorney general has determined are reasonably related to the dispute, including but not limited to documents described in RCW 19.118.031 (4) or (5).

If a party fails to comply with the subpoena, the arbitrator may at the outset of the arbitration hearing impose any of the following sanctions: (i) Find that the matters which were the subject of the subpoena, or any other designated facts, shall be taken to be established for purposes of the hearing in accordance with the claim of the party which requested the subpoena; (ii) refuse to allow the disobedient party to support or oppose the designated claims or

defenses, or prohibit that party from introducing designated matters into evidence; (iii) strike claims or defenses, or parts thereof; or (iv) render a decision by default against the disobedient party.

If a nonparty fails to comply with a subpoena and upon an arbitrator finding that without such compliance there is insufficient evidence to render a decision in the dispute, the attorney general ~~((shall))~~ may enforce such subpoena in superior court and the arbitrator shall continue the arbitration hearing until such time as the nonparty complies with the subpoena or the subpoena is quashed.

(c) A party may obtain written affidavits from employees and agents of a dealer, a manufacturer or other party, or from other potential witnesses, and may submit such affidavits for consideration by the board.

(d) Records of the board proceedings shall be open to the public. The hearings shall be open to the public to the extent practicable.

~~((Where the board proceedings are conducted by one or more private entities,))~~ A single arbitrator may be designated to preside at such proceedings.

(3) A consumer shall exhaust the new motor vehicle arbitration board remedy or informal dispute resolution settlement procedure under RCW 19.118.150 before filing any superior court action.

(4) The attorney general shall maintain records of each dispute submitted to the new motor vehicle arbitration board, including an index of new motor vehicles by year, make, and model.

(5) The attorney general shall compile aggregate annual statistics for all disputes submitted to, and decided by, the new motor vehicle arbitration board, as well as annual statistics for each manufacturer that include, but shall not be limited to, the number and percent of: (a) Replacement motor vehicle requests; (b) purchase price refund requests; (c) replacement motor vehicles obtained in prehearing settlements; (d) purchase price refunds obtained in prehearing settlements; (e) replacement motor vehicles awarded in arbitration; (f) purchase price refunds awarded in arbitration; (g) board decisions neither complied with during the forty calendar day period nor petitioned for appeal within the thirty calendar day period; (h) board decisions appealed categorized by consumer or manufacturer; (i) the nature of the court decisions and who the prevailing party was; (j) appeals that were held by the court to be brought without good cause; and (k) appeals that were held by the court to be brought solely for the purpose of harassment. The statistical compilations shall be public information.

(6) The attorney general shall adopt rules to implement this chapter. Such rules shall include uniform standards by which the boards shall make determinations under this chapter, including but not limited to rules which provide:

(a) A board shall find that a nonconformity exists if it determines that the consumer's new motor vehicle has a defect, serious safety defect, or condition that substantially impairs the use, value, or safety of the vehicle.

(b) A board shall find that a reasonable number of attempts to repair a nonconformity have been undertaken if ~~((i) The same serious safety defect has been subject to diagnosis or repair two or more times, at least one of which is during the period of coverage of the applicable manufacturer's written warranty, and the serious safety defect continues to exist; (ii) the same nonconformity has been subject to diagnosis or repair four or more times, at least one of which is during the period of coverage of the applicable manufacturer's written warranty, and the nonconformity continues to exist; or (iii) the vehicle is out of service by reason of diagnosis or repair of one or more nonconformities for a cumulative total of thirty calendar days, at least fifteen of them during the period of the applicable manufacturer's written warranty. For purposes of this subsection, the manufacturer's written warranty shall be at least one year after the date of the original delivery to the consumer of the vehicle or the first twelve thousand miles of operation, whichever occurs first))~~ the history of attempts to diagnose or repair defects or conditions in the new motor vehicle meets or exceeds those identified in RCW 19.118.041.

(c) A board shall find that a manufacturer has failed to comply with RCW 19.118.041 if it finds that the manufacturer, its agent, or the new motor vehicle dealer has failed to correct a nonconformity after a reasonable number of attempts and the manufacturer has failed, within forty days of the consumer's written request, to

repurchase the vehicle or replace the vehicle with a vehicle identical or reasonably equivalent to the vehicle being replaced.

(7) The attorney general shall provide consumers with information regarding the procedures and remedies under this chapter.

Sec. 6. RCW 19.118.090 and 1998 c 298 s 6 are each amended to read as follows:

(1) A consumer may request arbitration under this chapter by submitting the request to the attorney general. Within ten days after receipt of an arbitration request, the attorney general shall make a reasonable determination of the cause of the request for arbitration and provide necessary information to the consumer regarding the consumer's rights and remedies under this chapter. The attorney general shall ~~((assign the dispute to a board, except that if it clearly appears from the materials submitted by the consumer that the dispute is not eligible for arbitration, the attorney general may refuse to assign the dispute and shall explain any required procedures to the consumer))~~ accept a request for arbitration, except where it clearly appears from the materials submitted by the consumer that the dispute is not eligible because it is lacking a statement of a claim, incomplete, untimely, frivolous, fraudulent, filed in bad faith, res judicata, or beyond the authority established in this chapter. A dispute found to be ineligible for arbitration because it lacks a statement of a claim or is incomplete may be reconsidered by the attorney general upon the submission of other information or documents regarding the dispute.

(2) After a dispute is accepted, the attorney general shall assign the dispute to the board. From the date the consumer's request for arbitration is assigned by the attorney general, the board shall have forty-five calendar days to have an arbitrator hear the dispute and sixty days for the board to submit a decision to the attorney general. If the board determines that additional information is necessary to make a fair and reasoned decision, the arbitrator may continue the arbitration proceeding on a subsequent date within ten calendar days of the initial hearing. The board may require a party to submit additional information or request that the attorney general issue a subpoena to a nonparty for documents and records for a continued hearing.

~~((2))~~ (3) Manufacturers shall submit to arbitration if such arbitration is requested by the consumer within thirty months from the date of the original delivery of the new motor vehicle to a consumer at retail and if the consumer's dispute is ~~((deemed eligible))~~ accepted for arbitration by the ~~((board))~~ attorney general. In the case of a motor home, the thirty-month period will be extended by the amount of time it takes the motor home manufacturers to complete the final repair attempt at the designated repair facility as provided for in RCW 19.118.041(3)(b).

~~((3))~~ The new motor vehicle arbitration board may reject for arbitration any dispute that it determines to be frivolous, fraudulent, filed in bad faith, res judicata or beyond its authority. Any dispute deemed by the board to be ineligible for arbitration due to insufficient evidence may be reconsidered by the board upon the submission of other information or documents regarding the dispute that would allegedly qualify for relief under this chapter. Following a second review, the board may reject the dispute for arbitration if evidence is still clearly insufficient to qualify the dispute for relief under this chapter. A rejection by the board is subject to review by the attorney general or may be appealed under RCW 19.118.100.

A decision to reject any dispute for arbitration shall be sent by certified mail to the consumer and the manufacturer, and shall contain a brief explanation as to the reason therefor.)

(4) The manufacturer shall complete a written manufacturer response to the consumer's request for arbitration. The manufacturer shall provide a response to the consumer and the ~~((board))~~ attorney general within ten calendar days from the date of the manufacturer's receipt of ~~((the board's))~~ notice of ~~((acceptance))~~ the attorney general's assignment of a dispute for arbitration. The manufacturer response shall include all issues and affirmative defenses related to the nonconformities identified in the consumer's request for arbitration that the manufacturer intends to raise at the arbitration hearing.

(5) ~~((The arbitration board shall award the remedies under RCW 19.118.041 if it finds a nonconformity and that a reasonable number~~

~~of attempts have been undertaken to correct the nonconformity. The board shall award reasonable costs and attorneys' fees incurred by the consumer where the manufacturer has been directly represented by counsel: (a) In dealings with the consumer in response to a request to repurchase or replace under RCW 19.118.041; (b) in settlement negotiations; (c) in preparation of the manufacturer's statement; or (d) at an arbitration board hearing or other board proceeding.~~

~~— In the case of an arbitration involving a motor home, the board may allocate liability among the motor home manufacturers.~~

~~— (6) It is an affirmative defense to any claim under this chapter that: (a) The alleged nonconformity does not substantially impair the use, value, or safety of the new motor vehicle; or (b) the alleged nonconformity is the result of abuse, neglect, or unauthorized modifications or alterations of the new motor vehicle.~~

~~— (7) The board shall have forty-five calendar days from the date the board receives the consumer's request for arbitration to hear the dispute. If the board determines that additional information is necessary, the board may continue the arbitration proceeding on a subsequent date within ten calendar days of the initial hearing. The board shall decide the dispute within sixty calendar days from the date the board receives the consumer's request for arbitration.) It is an affirmative defense to any claim under this chapter that: (a) The alleged nonconformity does not substantially impair the use, value, or safety of the new motor vehicle; or (b) the alleged nonconformity is the result of abuse, neglect, or unauthorized modifications or alterations of the new motor vehicle.~~

~~— (6) The arbitration decision ~~((of the board shall be delivered by certified mail or personal service to the consumer and the manufacturer, and shall))~~ must contain a written finding of whether the new motor vehicle ~~((meets))~~ should be repurchased or replaced pursuant to the standards set forth under this chapter.~~

~~((8))~~ (a) The board shall award the remedies under this chapter if a finding is made pursuant to RCW 19.118.041 that one or more nonconformities have been subject to a reasonable number of attempts.

(b) If the board awards remedies under this chapter after a finding is made pursuant to RCW 19.118.041 that one or more nonconformities have been subject to a reasonable number of attempts, the board shall award reasonable costs and attorneys' fees incurred by the consumer where the manufacturer has been directly represented by counsel: (i) In dealings with the consumer in response to a request to repurchase or replace under RCW 19.118.041; (ii) in settlement negotiations; (iii) in preparation of the manufacturer's statement; or (iv) at an arbitration hearing or other arbitration proceeding. In the case of an arbitration involving a motor home, the board may allocate liability among the motor home manufacturers.

(c) The decision of the board shall be submitted to the attorney general who shall deliver it by certified mail, electronic mail confirmed by an electronic notice of delivery status or similar confirmation, or personal service to the consumer and the manufacturer.

(7) The consumer may accept or reject the arbitration board decision ~~((or appeal to superior court, pursuant to RCW 19.118.100)).~~ Upon acceptance by the consumer, the arbitration board decision shall become final. The consumer shall send written notification of acceptance or rejection to the ~~((arbitration board))~~ attorney general within sixty days of receiving the decision and the ~~((arbitration board))~~ attorney general shall immediately deliver a copy of the consumer's acceptance to the manufacturer by certified mail, return receipt requested, electronic mail confirmed by an electronic notice of delivery status or similar confirmation, or by personal service. Failure of the consumer to respond to the ~~((arbitration board))~~ attorney general within sixty calendar days of receiving the decision shall be considered a rejection of the decision by the consumer.

(8) Where a consumer rejects an arbitration decision, the consumer may appeal to superior court pursuant to RCW 19.118.100. The consumer shall have one hundred twenty calendar days from the date of rejection to file a petition of appeal in superior court. At the time the petition of appeal is filed, the consumer shall deliver, by certified mail or personal service, a conformed copy of such petition to the attorney general.

(9) Upon receipt of the consumer's acceptance, the manufacturer shall have forty calendar days to comply with the arbitration board

decision or thirty calendar days to file a petition of appeal in superior court. At the time the petition of appeal is filed, the manufacturer shall deliver, by certified mail or personal service, a conformed copy of such petition to the attorney general. If the attorney general receives no notice of petition of appeal after forty calendar days, the attorney general shall contact the consumer to verify compliance.

Sec. 7. RCW 19.118.095 and 1995 c 254 s 8 are each amended to read as follows:

(1) Compliance with an arbitration board decision under this chapter must be accomplished at a time, place, and in a manner to be determined by the mutual agreement of the consumer and manufacturer.

(a) The consumer shall make the motor vehicle available to the manufacturer free of damage other than that related to any nonconformity, defect, or condition to which a warranty applied, or that can reasonably be expected in the use of the vehicle for ordinary or reasonably intended purposes and in consideration of the ~~((mileage attributable to the consumer's use))~~ miles traveled by the vehicle. Any insurance claims or settlement proceeds for repair of damage to the vehicle due to fire, theft, vandalism, or collision must be assigned to the manufacturer or, at the consumer's option, the repair must be completed before return of the vehicle to the manufacturer.

The consumer may not remove any equipment or option that was included in the original purchase or lease of the vehicle or that is otherwise included in the repurchase or replacement award. In removing any equipment not included in the original purchase or lease, the consumer shall exercise reasonable care to avoid further damage to the vehicle but is not required to return the vehicle to original condition.

(b) At the time of compliance with an arbitration board decision that awards repurchase, the manufacturer shall make full payment to the consumers and either the lessor or lienholder, or both, or provide verification to the consumer of prior payment to either the lessor or lienholder, or both.

At the time of compliance with an arbitration board decision that awards replacement, the manufacturer shall provide the replacement vehicle together with any refund of incidental costs.

(c) At any time before compliance a party may request the ~~((board))~~ attorney general to resolve disputes regarding compliance with the arbitration board decision including but not limited to time and place for compliance, condition of the vehicle to be returned, clarification or recalculation of refund amounts under the award, or a determination if an offered vehicle is reasonably equivalent to the vehicle being replaced. The attorney general may resolve the dispute or refer compliance-related disputes to the board pursuant to RCW 19.118.160 for a compliance dispute hearing and decision. In resolving compliance disputes the attorney general or board may not review, alter, or otherwise change the findings of a decision or extend the time for compliance beyond the time necessary ~~((for the board))~~ to resolve the dispute.

(d) Failure of the consumer to make the vehicle available within sixty calendar days in response to a manufacturer's unconditional tender of compliance is considered a rejection of the arbitration decision by the consumer, except as provided in (c) of this subsection or subsection (2) of this section.

(2) If, at the end of the forty calendar day period, neither compliance with nor a petition to appeal the board's decision has occurred, the attorney general may impose a fine of up to one thousand dollars per day until compliance occurs or a maximum penalty of one hundred thousand dollars accrues unless the manufacturer can provide clear and convincing evidence that any delay or failure was beyond its control or was acceptable to the consumer as evidenced by a written statement signed by the consumer. If the manufacturer fails to provide the evidence or fails to pay the fine, the attorney general may initiate proceedings against the manufacturer for failure to pay any fine that accrues until compliance with the board's decision occurs or the maximum penalty of one hundred thousand dollars results. If the attorney general prevails in an enforcement action regarding any fine imposed under this subsection, the attorney general is entitled to reasonable costs and attorneys' fees. Fines and recovered costs and fees shall be returned to the new motor vehicle arbitration account.

Sec. 8. RCW 19.118.120 and 1987 c 344 s 10 are each amended to read as follows:

The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter ((shall constitute)) is not reasonable in relation to the development and preservation of business and is an unfair or deceptive ((trade practice affecting the public interest under)) act in trade or commerce and an unfair method of competition for the purpose of applying the consumer protection act, chapter 19.86 RCW. ((All public and private remedies provided under that chapter shall be available to enforce this chapter.))

Sec. 9. RCW 19.118.160 and 1989 c 347 s 9 are each amended to read as follows:

If the attorney general is unable ~~((at any time))~~ to contract with ~~((private))~~ one or more entities to conduct arbitrations ((under the procedures and standards in this chapter)), the attorney general shall establish ~~((one or more new motor vehicle))~~ an arbitration ((boards. Each such board shall consist of three members appointed by the attorney general, only one of whom may be directly involved in the manufacture, distribution, sale, or service of any motor vehicle. ~~Board members shall be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060 and shall be compensated pursuant to RCW 43.03.240))~~ program and conduct arbitrations under the procedures and standards established in this chapter.

NEW SECTION. Sec. 10. This act is remedial in nature and applies retroactively to the effective date of this act.

SUBSTITUTE HOUSE BILL NO. 1225, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 2, 2009

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1295 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that agricultural fairs serve valuable educational, vocational, and recreational purposes that promote the public good and serve as showcases for an important sector of Washington's economy. The legislature also recognizes that counties provide territory for agricultural fairs and supporting services, thereby creating locales for economic and other beneficial activities. Washington's increasing population can, however, create significant annexation pressures that impact fairgrounds and surrounding lands.

In recognition of the many benefits of agricultural fairs and the importance of promoting effective annexation laws, the legislature intends to establish clear and logical procedures for the annexation of county-owned fairgrounds that are consistent with the longstanding requirement that these grounds may only be annexed with the consent of a majority of the county legislative authority.

Sec. 2. RCW 35.13.010 and 1965 c 7 s 35.13.010 are each amended to read as follows:

Any portion of a county not incorporated as part of a city or town but lying contiguous thereto may become a part of the city or town by annexation(~~(= PROVIDED, That property owned by a county, and used for the purpose of an agricultural fair as provided in chapter 15.76 RCW or chapter 36.37 RCW shall not be subject to annexation without the consent of the majority of the board of county commissioners))~~). An area proposed to be annexed to a city or town shall be deemed contiguous thereto even though separated by water or tide or shore lands on which no bona fide residence is maintained by any person.

NEW SECTION. Sec. 3. A new section is added to chapter 35.13 RCW to read as follows:

(1) Territory owned by a county and used for an agricultural fair as provided in chapter 15.76 RCW or chapter 36.37 RCW may only be annexed to a city or town through the method prescribed in this section.

(a) The legislative body of the city or town proposing the annexation must submit a request for annexation and a legal description of the subject territory to the legislative authority of the county within which the territory is located.

(b) Upon receipt of the request and description, the county legislative authority has thirty days to review the proposal and determine if the annexation proceedings will continue. As a condition of approval, the county legislative authority may modify the proposal, but it may not add territory that was not included in the request and description. Approval of the county legislative authority is a condition precedent to further proceedings upon the request and there is no appeal of the county legislative authority's decision.

(c) If the county legislative authority determines that the proceedings may continue, it must, within thirty days of the determination, fix a date for a public hearing on the proposal, and cause notice of the hearing to be published at least once a week for two weeks prior to the hearing in one or more newspapers of general circulation in the territory proposed for annexation. The notice must also be posted in three public places within the subject territory, specify the time and place of the hearing, and invite interested persons to appear and voice approval or disapproval of the annexation. If the annexation proposal provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice must include a statement of these requirements.

(d) If, following the conclusion of the hearing, a majority of the county legislative authority deems the annexation proposal to be in the best interest of the county, it may adopt a resolution approving of the annexation.

(e) If, following the county legislative authority's adoption of the annexation approval resolution, the legislative body of the city or town proposing annexation determines to effect the annexation, it must do so by ordinance. The ordinance: (i) May only include territory approved for annexation in the resolution adopted under (d) of this subsection; and (ii) must not exclude territory approved for annexation in the resolution adopted under (d) of this subsection. Upon passage of the annexation ordinance, a certified copy must be filed with the applicable county legislative authority.

(2) Any territory annexed through an ordinance adopted under this section is annexed and becomes a part of the city or town upon the date fixed in the ordinance.

Sec. 4. RCW 35A.14.010 and 1967 ex.s. c 119 s 35A.14.010 are each amended to read as follows:

Any portion of a county not incorporated as part of a city or town but lying contiguous to a code city may become a part of the charter code city or noncharter code city by annexation(~~(= PROVIDED, That property owned by a county, and used for the purpose of an agricultural fair as provided in chapter 15.76 RCW or chapter 36.37 RCW shall not be subject to annexation without the consent of the majority of the board of county commissioners))~~). An area proposed to be annexed to a charter code city or noncharter code city shall be deemed contiguous thereto even though separated by water or tide or shore lands and, upon annexation of such area, any such intervening water and/or tide or shore lands shall become a part of such annexing city.

NEW SECTION. Sec. 5. A new section is added to chapter 35A.14 RCW to read as follows:

(1) Territory owned by a county and used for an agricultural fair as provided in chapter 15.76 RCW or chapter 36.37 RCW may only be annexed to a code city through the method prescribed in this section.

(a) The legislative body of the city proposing the annexation must submit a request for annexation and a legal description of the subject territory to the legislative authority of the county within which the territory is located.

(b) Upon receipt of the request and description, the county legislative authority has thirty days to review the proposal and determine if the annexation proceedings will continue. As a

condition of approval, the county legislative authority may modify the proposal, but it may not add territory that was not included in the request and description. Approval of the county legislative authority is a condition precedent to further proceedings upon the request and there is no appeal of the county legislative authority's decision.

(c) If the county legislative authority determines that the proceedings may continue, it must, within thirty days of the determination, fix a date for a public hearing on the proposal, and cause notice of the hearing to be published at least once a week for two weeks prior to the hearing in one or more newspapers of general circulation in the territory proposed for annexation. The notice must also be posted in three public places within the subject territory, specify the time and place of the hearing, and invite interested persons to appear and voice approval or disapproval of the annexation. If the annexation proposal provides for assumption of indebtedness or adoption of a proposed zoning regulation, the notice must include a statement of these requirements.

(d) If, following the conclusion of the hearing, a majority of the county legislative authority deems the annexation proposal to be in the best interest of the county, it may adopt a resolution approving of the annexation.

(e) If, following the county legislative authority's adoption of the annexation approval resolution, the legislative body of the city proposing annexation determines to effect the annexation, it must do so by ordinance. The ordinance: (i) May only include territory approved for annexation in the resolution adopted under (d) of this subsection; and (ii) must not exclude territory approved for annexation in the resolution adopted under (d) of this subsection. Upon passage of the annexation ordinance, a certified copy must be filed with the applicable county legislative authority.

(2) Any territory annexed through an ordinance adopted under this section is annexed and becomes a part of the code city upon the date fixed in the ordinance."

On page 1, line 1 of the title, after "fairs;" strike the remainder of the title and insert "amending RCW 35.13.010 and 35A.14.010; adding a new section to chapter 35.13 RCW; adding a new section to chapter 35A.14 RCW; and creating a new section."

This data must be submitted to the department of health at the end of each annual quarter. ~~((commencing))~~ during the period of time between October 1, 2007, and October 1, 2013; and

(1) Without attending the department's school sealant endorsement program if the dental hygienist was licensed as of April 19, 2001; or

A hygienist providing services under this section must collect data on patients treated, including age, treatment rendered, methods of reimbursement for treatment, evidence of coordination with local public health jurisdictions and local oral health coalitions, and patient referrals to dentists. ~~((These [This]))~~ This data must be submitted to the department of health at the end of each annual quarter, ~~((commencing))~~ during the period of time between October 1, 2007, and October 1, 2013.

MESSAGE FROM THE SENATE

April 14, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1326 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 77.70 RCW to read as follows:

The definitions in this section apply throughout this chapter and related rules adopted by the department unless the context clearly requires otherwise.

(1) "Deliver" or "delivery" means arrival at a place or port, and includes arrivals from offshore waters to waters within the state and arrivals ashore from offshore waters.

(2) "Pacific sardine" and "pilchard" means the species *Sardinops sagax*.

NEW SECTION. Sec. 2. A new section is added to chapter 77.70 RCW to read as follows:

(1) A Washington sardine purse seine fishery license or temporary annual fishery permit is required to use purse seine gear to fish for or possess Pacific sardines in offshore waters. This requirement does not affect persons authorized to fish for or possess sardines in offshore waters under a valid Oregon or California license or permit.

(2) A Washington sardine purse seine fishery license or temporary annual fishery permit is required to deliver Pacific sardines into the state.

(3) Washington sardine purse seine fishery licenses and temporary annual fishery permits require vessel designation under RCW 77.65.100.

(4) Pacific sardines may not be taken or retained in state waters except for incidental harvest authorized by rule of the department.

NEW SECTION. Sec. 3. A new section is added to chapter 77.70 RCW to read as follows:

(1) A Washington Pacific sardine purse seine fishery license:

(a) May only be issued to a person that held a coastal pilchard experimental fishery permit in 2008, except as otherwise provided in this section;

(b) Must be renewed annually to remain active; and

(c) Subject to the restrictions of subsections (6) and (7) of this section and RCW 77.65.040, is transferable.

(2) A Washington Pacific sardine purse seine fishery license may be issued to any person that held a coastal pilchard experimental fishery permit in 2005, 2006, or 2007 and is precluded from

qualifying under subsection (1) of this section because the vessel designated on the permit sank prior to 2008.

(3) Beginning in 2010, after taking into consideration the status of the Pacific sardine population, the impact of removal of sardines and other forage fish to the marine ecosystem, including the effect on endangered marine species, and the market for Pacific sardines in the state, the director may issue:

(a) A Washington Pacific sardine purse seine fishery license to any person provided that the issuance would not raise the number of licenses beyond the number initially issued in 2009;

(b) A Washington Pacific sardine purse seine temporary annual fishery permit to any person if the combined number of active Washington Pacific sardine purse seine fishery licenses and annual temporary permits already issued during the year is less than twenty-five.

(4) The annual fee for a Washington Pacific sardine purse seine fishery license is one hundred eighty-five dollars for residents and two hundred ninety-five dollars for nonresidents.

(5) The fee for a Washington Pacific sardine purse seine temporary annual fishery permit is one hundred eighty-five dollars for residents and two hundred ninety-five dollars for nonresidents. A temporary annual fishery permit expires at the end of the calendar year in which the permit is issued.

(6) Only a person who owns or operates the vessel designated on the license or permit may hold a Washington Pacific sardine purse seine fishery license or temporary annual fishery permit.

(7) A person may not own or hold an ownership interest in more than two Washington Pacific sardine purse seine fishery licenses.

(8) The director shall adopt rules that require a person fishing under a Washington Pacific sardine purse seine fishery license or a temporary annual permit to minimize by-catch, and to the extent by-catch cannot be avoided, to minimize the mortality of such by-catch.

Sec. 4. RCW 77.65.200 and 2000 c 107 s 41 are each amended to read as follows:

(1) This section establishes commercial fishery licenses required for food fish fisheries and the annual fees for those licenses. As used in this section, "food fish" does not include salmon. (1)(a) Upon an arrest for a suspected violation of patronizing a prostitute~~((or))~~, promoting prostitution in the first degree, promoting prostitution in the second degree, promoting travel for prostitution, commercial sexual abuse of a minor, promoting commercial sexual abuse of a minor, or promoting travel for commercial sexual abuse of a minor, the arresting law enforcement officer may impound the

person's vehicle if ~~((a))~~ (i) the motor vehicle was used in the commission of the crime; ~~((b))~~ (ii) the person arrested is the owner of the vehicle or the vehicle is a rental car as defined in RCW 46.04.465; and ~~((c))~~ (iii) either (A) the person arrested has previously been convicted of ~~((patronizing a prostitute, under RCW 9A.88.110, or commercial sexual abuse of a minor, under RCW 9.68A.100))~~ one of the offenses listed in this subsection or (B) the offense was committed within an area designated under (b) of this subsection.

(b) A local governing authority may designate areas within which vehicles are subject to impoundment under this section regardless of whether the person arrested has previously been convicted of any of the offenses listed in (a) of this subsection.

(i) The designation must be based on evidence indicating that the area has a disproportionately higher number of arrests for the offenses listed in (a) of this subsection as compared to other areas within the same jurisdiction.

(ii) The local governing authority shall post signs at the boundaries of the designated area to indicate that the area has been designated under this subsection.

(2) Impoundments performed under this section shall be in accordance with chapter 46.55 RCW and the impoundment order must clearly state "prostitution hold."

(a) Only the legal owner, the registered owner, a person authorized in writing by the registered owner or the vehicle's insurer, a person who is determined and verified by the operator to have the permission of the registered owner of the vehicle or other item of personal property registered or titled with the department, or one who has purchased a vehicle or item of personal property registered or titled with the department from the registered owner who produces proof of ownership or written authorization and signs a receipt therefor, may redeem an impounded vehicle or items of personal property registered or titled with the department. In addition, a vehicle impounded because the operator is in violation of RCW 46.20.342(1)(c) shall not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency. If the department's records show that the operator has been convicted of a violation of RCW 46.20.342 or a similar local ordinance within the past five years, the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. A vehicle impounded because the operator is arrested for a violation of RCW 46.20.342 may be released only pursuant to a written order from the agency that ordered the vehicle impounded or from the court having jurisdiction. An agency ~~(may)~~ shall issue a written order to release pursuant to a provision of an applicable state agency rule or local ordinance authorizing release on the basis of the following:

(i) Economic or personal hardship to the spouse of the operator, taking into consideration public safety factors, including the operator's criminal history and driving record; or

(ii) The owner of the vehicle was not the driver, the owner did not know that the driver's license was suspended or revoked, and the owner has not received a prior release under this subsection or RCW 46.55.113(3).

In order to avoid discriminatory application, other than for the reasons for release set forth in (a)(i) and (ii) of this subsection, an agency shall, under a provision of an applicable state agency rule or local ordinance, deny release in all other circumstances without discretion.

If a vehicle is impounded because the operator is in violation of RCW 46.20.342(1) (a) or (b), the vehicle may be held for up to thirty days at the written direction of the agency ordering the vehicle impounded. However, if the department's records show that the operator has been convicted of a violation of RCW 46.20.342(1) (a) or (b) or a similar local ordinance within the past five years, the vehicle may be held at the written direction of the agency ordering the vehicle impounded for up to sixty days, and for up to ninety days if the operator has two or more such prior offenses. If a vehicle is impounded because the operator is arrested for a violation of RCW 46.20.342, the vehicle may not be released until a person eligible to redeem it under this subsection (1)(a) satisfies the requirements of (e) of this subsection, including paying all towing, removal, and storage fees, notwithstanding the fact that the hold was ordered by a government agency.

(b) If the vehicle is directed to be held for a suspended license impound, a person who desires to redeem the vehicle at the end of the period of impound shall within five days of the impound at the request of the tow truck operator pay a security deposit to the tow truck operator of not more than one-half of the applicable impound storage rate for each day of the proposed suspended license impound. The tow truck operator shall credit this amount against the final bill for removal, towing, and storage upon redemption. The tow truck operator may accept other sufficient security in lieu of the security deposit. If the person desiring to redeem the vehicle does not pay the security deposit or provide other security acceptable to the tow truck operator, the tow truck operator may process and sell at auction the vehicle as an abandoned vehicle within the normal time limits set out in RCW 46.55.130(1). The security deposit required by this section may be paid and must be accepted at any time up to twenty-four hours before the beginning of the auction to sell the vehicle as abandoned. The registered owner is not eligible to purchase the vehicle at the auction, and the tow truck operator shall sell the vehicle to the highest bidder who is not the registered owner.

(c) Notwithstanding (b) of this subsection, a rental car business may immediately redeem a rental vehicle it owns by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound.

(d) Notwithstanding (b) of this subsection, a motor vehicle dealer or lender with a perfected security interest in the vehicle may redeem or lawfully repossess a vehicle immediately by payment of the costs of removal, towing, and storage, whereupon the vehicle will not be held for a suspended license impound. A motor vehicle dealer or lender with a perfected security interest in the vehicle may not knowingly and intentionally engage in collusion with a registered owner to repossess and then return or resell a vehicle to the registered owner in an attempt to avoid a suspended license impound. However, this provision does not preclude a vehicle dealer or a lender with a perfected security interest in the vehicle from repossessing the vehicle and then selling, leasing, or otherwise disposing of it in accordance with chapter 62A.9A RCW, including providing redemption rights to the debtor under RCW 62A.9A-623. If the debtor is the registered owner of the vehicle, the debtor's right to redeem the vehicle under chapter 62A.9A RCW is conditioned upon the debtor obtaining and providing proof from the impounding authority or court having jurisdiction that any fines, penalties, and forfeitures owed by the registered owner, as a result of the suspended license impound, have been paid, and proof of the payment must be tendered to the vehicle dealer or lender at the time the debtor tenders all other obligations required to redeem the vehicle. Vehicle dealers or lenders are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound.

(e) The vehicle or other item of personal property registered or titled with the department shall be released upon the presentation to any person having custody of the vehicle of commercially reasonable tender sufficient to cover the costs of towing, storage, or other services rendered during the course of towing, removing, impounding, or storing any such vehicle, with credit being given for the amount of any security deposit paid under (b) of this subsection. In addition, if a vehicle is impounded because the operator was arrested for a violation of RCW 46.20.342 or 46.20.345 and was being operated by the registered owner when it was impounded under local ordinance or agency rule, it must not be released to any person until the registered owner establishes with the agency that ordered the vehicle impounded or the court having jurisdiction that any penalties, fines, or forfeitures owed by him or her have been satisfied. Registered tow truck operators are not liable for damages if they rely in good faith on an order from the impounding agency or a court in releasing a vehicle held under a suspended license impound. Commercially reasonable tender shall include, without limitation, cash, major bank credit cards issued by financial institutions, or personal checks drawn on Washington state branches of financial institutions if accompanied by two pieces of valid identification, one of which may be required by the operator to have a photograph. If the towing firm cannot determine through the customer's bank or a check verification service that the presented check would be paid by the bank or guaranteed by the service, the towing firm may refuse to accept the check. Any person who stops payment on a personal check or credit card, or does not make restitution within ten days from the date a check becomes insufficient due to lack of funds, to a towing firm that has provided a service pursuant to this section or in any other manner defrauds the towing firm in connection with services rendered pursuant to this section shall be liable for damages in the amount of twice the towing and storage fees, plus costs and reasonable attorney's fees.

(2)(a) The registered tow truck operator shall give to each person who seeks to redeem an impounded vehicle, or item of personal property registered or titled with the department, written notice of the right of redemption and opportunity for a hearing, which notice shall be accompanied by a form to be used for requesting a hearing, the name of the person or agency authorizing the impound, and a copy of the towing and storage invoice. The registered tow truck operator shall maintain a record evidenced by the redeeming person's signature that such notification was provided.

(b) Any person seeking to redeem an impounded vehicle under this section has a right to a hearing in the district or municipal court

for the jurisdiction in which the vehicle was impounded to contest the validity of the impoundment or the amount of towing and storage charges. The district court has jurisdiction to determine the issues involving all impoundments including those authorized by the state or its agents. The municipal court has jurisdiction to determine the issues involving impoundments authorized by agents of the municipality. Any request for a hearing shall be made in writing on the form provided for that purpose and must be received by the appropriate court within ten days of the date the opportunity was provided for in subsection (2)(a) of this section and more than five days before the date of the auction. At the time of the filing of the hearing request, the petitioner shall pay to the court clerk a filing fee in the same amount required for the filing of a suit in district court. If the hearing request is not received by the court within the ten-day period, the right to a hearing is waived and the registered owner is liable for any towing, storage, or other impoundment charges permitted under this chapter. Upon receipt of a timely hearing request, the court shall proceed to hear and determine the validity of the impoundment.

(3)(a) The court, within five days after the request for a hearing, shall notify the registered tow truck operator, the person requesting the hearing if not the owner, the registered and legal owners of the vehicle or other item of personal property registered or titled with the department, and the person or agency authorizing the impound in writing of the hearing date and time.

(b) At the hearing, the person or persons requesting the hearing may produce any relevant evidence to show that the impoundment, towing, or storage fees charged were not proper. The court may consider a written report made under oath by the officer who authorized the impoundment in lieu of the officer's personal appearance at the hearing.

(c) At the conclusion of the hearing, the court shall determine whether the impoundment was proper, whether the towing or storage fees charged were in compliance with the posted rates, and who is responsible for payment of the fees. The court may not adjust fees or charges that are in compliance with the posted or contracted rates.

(d) If the impoundment is found proper, the impoundment, towing, and storage fees as permitted under this chapter together with court costs shall be assessed against the person or persons requesting the hearing, unless the operator did not have a signed and valid impoundment authorization from a private property owner or an authorized agent.

(e) If the impoundment is determined to be in violation of this chapter, then the registered and legal owners of the vehicle or other item of personal property registered or titled with the department shall bear no impoundment, towing, or storage fees, and any security shall be returned or discharged as appropriate, and the person or agency who authorized the impoundment shall be liable for any towing, storage, or other impoundment fees permitted under this chapter. The court shall enter judgment in favor of the registered tow truck operator against the person or agency authorizing the impound for the impoundment, towing, and storage fees paid. In addition, the court shall enter judgment in favor of the registered and legal owners of the vehicle, or other item of personal property registered or titled with the department, for the amount of the filing fee required by law for the impound hearing petition as well as reasonable damages for loss of the use of the vehicle during the time the same was impounded against the person or agency authorizing the impound. However, if an impoundment arising from an alleged violation of RCW 46.20.342 or 46.20.345 is determined to be in violation of this chapter, then the law enforcement officer directing the impoundment and the government employing the officer are not liable for damages if the officer relied in good faith and without gross negligence on the records of the department in ascertaining that the operator of the vehicle had a suspended or revoked driver's license. If any judgment entered is not paid within fifteen days of notice in writing of its entry, the court shall award reasonable attorneys' fees and costs against the defendant in any action to enforce the judgment. Notice of entry of judgment may be made by registered or certified mail, and proof of mailing may be made by affidavit of the party mailing the notice. Notice of the entry of the judgment shall read essentially as follows:

TO:

YOU ARE HEREBY NOTIFIED JUDGMENT was entered against you in the Court located at in the sum of \$, in an action entitled, Case No. YOU ARE FURTHER NOTIFIED that attorneys fees and costs will be awarded against you under RCW . . . if the judgment is not paid within 15 days of the date of this notice.

DATED this day of, (year) . . .

Signature

Typed name and address of party mailing notice

(4) Any impounded abandoned vehicle or item of personal property registered or titled with the department that is not redeemed within fifteen days of mailing of the notice of custody and sale as required by RCW 46.55.110(3) shall be sold at public auction in accordance with all the provisions and subject to all the conditions of RCW 46.55.130. A vehicle or item of personal property registered or titled with the department may be redeemed at any time before the start of the auction upon payment of the applicable towing and storage fees."

On page 1, line 1 of the title, after "Relating to" strike the remainder of the title and insert "vehicles used in prostitution- related offenses; and amending RCW 9A.88.140, 43.63A.740, and 46.55.120."

SUBSTITUTE HOUSE BILL NO. 1529, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 8, 2009

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1530 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The purpose of this chapter is to provide a framework within which guaranteed asset protection waivers are defined and may be offered within this state.

(2) This chapter does not apply to:

(a) An insurance policy offered by an insurer under this title; or

(b) A federally regulated financial institution operating under 12 C.F.R. Part 37 of the office of the comptroller of the currency regulations or credit unions operating under 12 C.F.R. 721.3(g) of the national credit union administration regulations, or state regulated banks, credit unions, financial institutions operating pursuant to chapter 63.14 RCW, and consumer loan companies operating pursuant to chapter 31.04 RCW. However, an exempt federal or state chartered bank, credit union, or financial institution may elect to offer a guaranteed asset protection waiver that complies with sections 1, 2, and 4 through 7 of this act.

(3) Guaranteed asset protection waivers are governed under this chapter and are exempt from all other provisions of this title, except RCW 48.02.060 and 48.02.080, chapter 48.04 RCW, and as provided in this chapter.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrator" means a person, other than an insurer or creditor that performs administrative or operational functions pursuant to guaranteed asset protection waiver programs.

(2) "Borrower" means a debtor, retail buyer, or lessee, under a finance agreement, or a person who receives a loan or enters into a retail installment contract to purchase or lease a motor vehicle or vessel under chapter 63.14 RCW.

(3) "Creditor" means:

(a) The lender in a loan or credit transaction;

(b) The lessor in a lease transaction;

(c) Any retail seller of motor vehicles that provides credit to retail buyers of motor vehicles provided the seller complies with this chapter;

(d) The seller in commercial retail installment transactions; or

(e) The assignees of any creditor under this subsection to whom the credit obligation is payable.

(4) "Finance agreement" means a loan, lease, or retail installment sales contract for the purchase or lease of a motor vehicle.

(5) "Free look period" means the period of time from the effective date of the waiver until the date the borrower may cancel the waiver without penalty, fees, or costs to the borrower. This period of time must not be shorter than thirty days.

(6) "Guaranteed asset protection waiver" or "waiver" means a contractual agreement wherein a creditor agrees for a separate charge to cancel or waive all or part of amounts due that creditor on a borrower's finance agreement with that creditor in the event of a total physical damage loss or unrecovered theft of the motor vehicle, which agreement must be part of, or a separate addendum to, the finance agreement.

(7) "Insurer" means an insurance company licensed, registered, or otherwise authorized to do business under the insurance laws of this state.

(8) "Motor vehicle" means self-propelled or towed vehicles designed for personal or commercial use, including but not limited to automobiles, trucks, motorcycles, recreational vehicles, all-terrain vehicles, snowmobiles, campers, boats, personal watercraft, and motorcycle, boat, camper, and personal watercraft trailers.

(9) "Motor vehicle dealer" has the same meaning as "vehicle dealer" in RCW 46.70.011.

(10) "Person" includes an individual, company, association, organization, partnership, business trust, corporation, and every form of legal entity.

(11) "Retail buyer" means a person who buys or agrees to buy a motor vehicle or obtain motor vehicle services or agrees to have motor vehicle services rendered or furnished from a retail seller.

(12) "Retail seller" means a person engaged in the business of selling motor vehicles or motor vehicle services to retail buyers.

(13) "Unregistered marketers" means persons who offer for sale and sell guaranteed asset protection waivers who are not registered under this chapter and who are not otherwise exempt under this chapter.

NEW SECTION. Sec. 3. (1) This chapter applies only to guaranteed asset protection waivers for financing of motor vehicles as defined in this chapter. Any person or entity must register with the commissioner before marketing, offering for sale or selling a guaranteed asset protection waiver, and before acting as an obligor for a guaranteed asset protection waiver, in this state. However, a retail seller of motor vehicles that assigns more than eighty-five percent of guaranteed asset protection waiver agreements within thirty days of such agreements' effective date, or an insurer authorized to transact such insurance business in this state, are not required to register pursuant to this section. Failure of any retail seller of motor vehicles to assign one hundred percent of guaranteed asset protection waiver agreements within forty-five days of such agreements' effective date will result in that retail seller being required to comply with the registration requirements of this chapter.

(2) No person may market, offer for sale, or sell a guaranteed asset protection waiver, or act as an obligor on a guaranteed asset protection waiver in this state without a registration as provided in this chapter, except as set forth in subsection (1) of this section.

(3) The application for registration must include the following:

(a) The applicant's name, address, and telephone number;

(b) The identities of the applicant's executive officers or other officers directly responsible for the waiver business;

(c) An application fee of two hundred fifty dollars, which shall be deposited into the guaranteed asset protection waiver account;

(d) A copy filed by the applicant with the commissioner of the waivers the applicant intends to offer in this state;

(e) A list of all unregistered marketers of guaranteed asset protection waivers on which the applicant will be the obligor;

(f) Such additional information as the commissioner may reasonably require.

(4) Once registered, the applicant shall keep the information required for registration current by reporting changes within thirty days after the end of the month in which the change occurs.

NEW SECTION. Sec. 4. (1) Waivers may be offered, sold, or provided to borrowers in this state in compliance with this chapter.

(2) Waivers may, at the option of the creditor, be sold for a single payment or may be offered with a monthly or periodic payment option.

(3) Notwithstanding any other provision of law, any cost to the borrower for a guaranteed asset protection waiver entered into in compliance with the truth in lending act (15 U.S.C. Sec. 1601 et seq.) and its implementing regulations, as amended, must be separately stated and is not to be considered a finance charge or interest.

(4) Nothing in this chapter prohibits a person who is registered, or is otherwise exempt from registration or exempt from this chapter, from insuring its waiver obligation through the purchase of a contractual liability policy or other insurance policy issued by an insurer authorized to transact such insurance in this state.

(5) The waiver remains a part of the finance agreement upon the assignment, sale, or transfer of the finance agreement by the creditor.

(6) Neither the extension of credit, the term of credit, nor the term of the related motor vehicle sale or lease may be conditioned upon the purchase of a waiver.

(7) Any creditor that offers a waiver must report the sale of, and forward funds received on, all waivers to the designated party, if any, as prescribed in any applicable administrative services agreement, contractual liability policy, other insurance policy, or other specified program documents.

(8) Funds received or held by a creditor or administrator and belonging to an insurer, creditor, or administrator, under the terms of a written agreement, must be held by that creditor or administrator in a fiduciary capacity.

(9) If the guaranteed asset protection waiver is assigned, the name and address of the assignee must be mailed to the borrower within thirty days of the assignment. If at any time the name and address provided to the borrower by the initial creditor are no longer the valid point of contact to apply for waiver benefits, written notice will be mailed to the borrower within thirty days of the change stating the new name and address of the person or entity the borrower should contact to apply for waiver benefits. No waiver may be assigned to an entity that is not registered pursuant to this chapter, unless such entity is exempt from registration or unless the commissioner specifically authorizes such assignment.

(10) No person shall knowingly make, publish, or disseminate any false, deceptive, or misleading representation or advertising in the conduct of, or relative to, waiver business. Nor shall any person make, issue, or circulate, or cause to be made, issued, or circulated any misrepresentation of the terms or benefits of any waiver.

(11) A person or entity engaged in the guaranteed asset protection waiver business in this state may not refuse to sell or issue any guaranteed asset protection waiver because of the sex, marital status, or sexual orientation as defined in RCW 49.60.040, or the presence of any sensory, mental, or physical disability of the borrower or prospective borrower. The type of benefits, or any term, rate, condition, or type of coverage may not be restricted, modified, excluded, increased, or reduced on the basis of the presence of any sensory, mental, or physical disability of the borrower or prospective borrower.

NEW SECTION. Sec. 5. (1) Contractual liability or other insurance policies insuring waivers must state the obligation of the insurer to reimburse or pay to the creditor any sums the creditor is legally obligated to waive under the waivers issued by the creditor

and purchased or held by the borrower. Contractual liability insurance or other insurance policies insuring waivers must not be purchased by the creditor as part of, or a rider to, vendor single-interest or collateral protection coverages as defined in RCW 48.22.110(4).

(2) Coverage under a contractual liability or other insurance policy insuring a waiver must also cover any subsequent assignee upon the assignment, sale, or transfer of the finance agreement.

(3) Coverage under a contractual liability or other insurance policy insuring a waiver must remain in effect unless canceled or terminated in compliance with applicable insurance laws of this state.

(4) The cancellation or termination of a contractual liability or other insurance policy must not reduce the insurer's responsibility for waivers issued by the creditor prior to the date of cancellation or termination and for which a premium has been received by the insurer.

NEW SECTION. Sec. 6. Guaranteed asset protection waivers must disclose, as applicable, in writing and in clear, understandable language that is easy to read, the following:

(1) The name and address of the initial creditor and the borrower at the time of sale, and the identity of any administrator if different from the creditor;

(2) The purchase price and the terms of the waiver, including without limitation, the requirements for protection, conditions, or exclusions associated with the waiver;

(3) That the borrower may cancel the waiver within a free look period as specified in the waiver, and will be entitled to a full refund of the purchase price, so long as no benefits have been provided; or in the event benefits have been provided, the borrower may receive a full or partial refund pursuant to the terms of the waiver;

(4) The procedure the borrower must follow, if any, to obtain waiver benefits under the terms and conditions of the waiver, including a telephone number and address where the borrower may apply for waiver benefits;

(5) Whether or not the waiver is cancellable after the free look period and the conditions under which it may be canceled or terminated including the procedures for requesting any refund due;

(6) That in order to receive any refund due in the event of a borrower's cancellation of the waiver agreement or early termination of the finance agreement after the free look period of the waiver, the borrower, in accordance with terms of the waiver, must provide a written request to cancel to the creditor, administrator, or such other party, within ninety days of the occurrence of the event terminating the finance agreement;

(7) The methodology for calculating any refund of the unearned purchase price of the waiver due, in the event of cancellation of the waiver or early termination of the finance agreement;

(8) That any refund of the purchase price for a waiver that was included in the financing of the motor vehicle or vessel may be applied by the creditor as a reduction of the overall amount owed under the finance agreement, rather than applying the refund strictly to the purchase price of the waiver. This disclosure must be conspicuously presented prior to the purchase of the waiver;

(9) That neither the extension of credit, the terms of the credit, nor the terms of the related motor vehicle sale or lease, may be conditioned upon the purchase of the waiver;

(10) That the guaranteed asset protection waiver is not credit insurance, nor does it eliminate the borrower's obligation to insure the motor vehicle as provided by laws of this state. Purchasing a guaranteed asset protection waiver does not eliminate the borrower's rights and obligations under the vendor single-interest and collateral protection coverage laws of this state.

NEW SECTION. Sec. 7. (1) Guaranteed asset protection waiver agreements may be cancellable or noncancellable after the free look period. Waivers must provide that if a borrower cancels a waiver within the free look period, the borrower will be entitled to a full refund of the purchase price, so long as no benefits have been provided; or in the event benefits have been provided, the borrower may receive a full or partial refund pursuant to the terms of the waiver.

(2) In the event of a borrower's cancellation of the waiver or early termination of the finance agreement, after the agreement has been in effect beyond the free look period, the borrower may be

entitled to a refund of any unearned portion of the purchase price of the waiver unless the waiver provides otherwise. In order to receive a refund, the borrower, in accordance with any applicable terms of the waiver, must provide a written request to the creditor, administrator, or other party, within ninety days of the event terminating the finance agreement.

(3) If the cancellation of a waiver occurs as a result of a default under the finance agreement or the repossession of the motor vehicle associated with the finance agreement, any refund due may be paid directly to the creditor or administrator and applied as set forth in subsection (4) of this section.

(4) Any cancellation refund under this section may be applied by the creditor as a reduction of the overall amount owed under the finance agreement, if the cost of the guaranteed asset protection waiver was included in the financing of the motor vehicle or vessel.

(5) Disclosure of how the refund may be applied by the creditor or administrator must be made in accordance with the provisions of section 6(8) of this act.

NEW SECTION. Sec. 8. (1) The commissioner may, subject to chapter 48.04 RCW, take action that is necessary or appropriate to enforce this chapter and to protect guaranteed asset protection waiver holders in this state, which includes:

(a) Suspending, revoking, or refusing to issue the registration of a person or entity if the registrant fails to comply with any provision of this chapter or fails to comply with any proper order or rule of the commissioner; and

(b) After hearing or with the consent of the registrant, and in addition to or in lieu of the suspension, revocation, or refusal to issue any registration, imposing a penalty of not more than two thousand dollars for each violation of this chapter.

(2) The commissioner may adopt rules to implement this chapter.

NEW SECTION. Sec. 9. (1) Any person who markets, offers for sale or sells a guaranteed asset protection waiver, or acts as an obligor for a guaranteed asset protection waiver without a registration, unless otherwise exempt from registration or exempt from this chapter, is acting in violation of this section and is subject to the provisions of section 8 of this act. In addition, any person who knowingly violates this section is guilty of a class B felony punishable under chapter 9A.20 RCW.

(2) Any criminal penalty imposed under this section is in addition to, and not in lieu of, any other civil or administrative penalty or sanction otherwise authorized under state law.

(3) If the commissioner has cause to believe that any person has violated this section, the commissioner may assess a civil penalty of not more than twenty-five thousand dollars for each violation, after providing notice and an opportunity for a hearing in accordance with chapter 48.04 RCW. Upon failure to pay this civil penalty when due, the attorney general may bring a civil action on behalf of the commissioner to recover the unpaid penalty.

(4) A person or entity that should have been registered at the time of the sale of a waiver who was not so registered pursuant to this chapter is personally liable for performance of the waiver. Any waiver sold by a person or entity that should have been registered at the time of the sale is voidable, except at the instance of the person or entity who sold the waiver.

NEW SECTION. Sec. 10. The guaranteed asset protection waiver account is created in the custody of the state treasurer. The fees and fines collected under this chapter must be deposited into the account. Expenditures from the account may be used to implement, administer, and enforce this chapter. Only the commissioner or the commissioner's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 11. RCW 63.14.010 and 2003 c 368 s 2 are each amended to read as follows:

In this chapter, unless the context otherwise requires:

(1) "Goods" means all chattels personal when purchased primarily for personal, family, or household use and not for commercial or business use, but not including money or, except as provided in the next sentence, things in action. (5) "Services" means work, labor, or services of any kind when purchased primarily for personal, family, or household use and not for commercial or business use whether or not furnished in connection with the delivery, installation, servicing, repair, or improvement of goods and includes repairs, alterations, or improvements upon or in connection with real property, but does not include services for which the price charged is required by law to be determined or approved by or to be filed, subject to approval or disapproval, with the United States or any state, or any department, division, agency, officer, or official of either as in the case of transportation services;

(6) "Retail buyer" or "buyer" means a person who buys or agrees to buy goods or obtain services or agrees to have services rendered or furnished, from a retail seller;

(9) "Retail installment contract" or "contract" means a contract, other than a retail charge agreement, a lender credit card agreement, or an instrument reflecting a sale made pursuant thereto, entered into or performed in this state for a retail installment transaction. The term "retail installment contract" may include a chattel mortgage, a conditional sale contract, and a contract in the form of a bailment or a lease if the bailee or lessee contracts to pay as compensation for their use a sum substantially equivalent to or in excess of the value of the goods sold and if it is agreed that the bailee or lessee is bound to become, or for no other or a merely nominal consideration, has the option of becoming the owner of the goods upon full compliance with the provisions of the bailment or lease. The term "retail installment contract" does not include: (a) A "consumer lease," heretofore or hereafter entered into, as defined in RCW 63.10.020; (b) a lease which would constitute such "consumer lease" but for the fact that: (i) It was entered into before April 29, 1983; (ii) the lessee was not a natural person; (iii) the lease was not primarily for personal, family, or household purposes; or (iv) the total contractual obligations exceeded twenty-five thousand dollars; or (c) a lease-purchase agreement under chapter 63.19 RCW;

(14) "Time balance" means the principal balance plus the service charge;

(15) "Principal balance" means the sale price of the goods or services which are the subject matter of a retail installment contract less the amount of the buyer's down payment in money or goods or both, plus the amounts, if any, included therein, if a separate identified charge is made therefor and stated in the contract, for insurance, any vehicle dealer administrative fee, any vehicle dealer documentary service fee, and official fees; and the amount actually paid or to be paid by the retail seller pursuant to an agreement with the buyer to discharge a security interest or lien on like-kind goods traded in or lease interest in the circumstance of a lease for like goods being terminated in conjunction with the sale pursuant to a retail installment contract;

(16) "Person" means an individual, partnership, joint venture, corporation, association, or any other group, however organized;

(17) "Rate" means the percentage which, when multiplied times the outstanding balance for each month or other installment period, yields the amount of the service charge for such month or period.

NEW SECTION. Sec. 13. This act is applicable to all guaranteed asset protection waiver agreements entered into on or after January 1, 2010.

NEW SECTION. Sec. 14. Sections 1 through 10, 12, and 13 of this act constitute a new chapter in Title 48 RCW."

School district superintendents, educational service district superintendents, or private school administrators may file a complaint concerning any certificated employee of a school district, educational service district, or private school and this filing authority is not limited to employees of the complaining superintendent or administrator. Such written complaint shall state the grounds and summarize the factual basis upon which a determination has been made that an investigation by the superintendent of public instruction is warranted.

(b) If the superintendent of public instruction has reasonable cause to believe that an alleged violation of this chapter or rules adopted under it has occurred based on a written complaint alleging physical abuse or sexual misconduct by a certificated school employee filed by a parent or another person, but no complaint has been forwarded to the superintendent by a school district superintendent, educational service district superintendent, or private school administrator, and that a school district superintendent, educational service district superintendent, or private school administrator has sufficient notice of the alleged violation and opportunity to file a complaint, the superintendent of public instruction may cause an investigation to be made of the alleged violation, together with such other matters that may be disclosed in the course of the investigation related to certificated personnel.

(2) A parent or another person may file a written complaint with the superintendent of public instruction alleging physical abuse or sexual misconduct by a certificated school employee if:

(b) The educational service district superintendent has not caused an investigation of the allegations and has not forwarded the complaint to the superintendent of public instruction for investigation; and

(c) The written complaint states the grounds and factual basis upon which the parent or other person believes an investigation should be conducted.

(3)(a) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be revoked by the authority authorized to grant the certificate upon a guilty plea or the conviction

of any felony crime ~~((involving the physical neglect of a child under chapter 9A.42 RCW, the physical injury or death of a child under chapter 9A.32 or 9A.36 RCW (excepting motor vehicle violations under chapter 46.61 RCW), sexual exploitation of a child under chapter 9.68A RCW, sexual offenses under chapter 9A.44 RCW where a minor is the victim, promoting prostitution of a minor under chapter 9A.88 RCW, the sale or purchase of a minor child under RCW 9A.64.030, or violation of similar laws of another jurisdiction))~~ specified under section 1 of this act, in accordance with this section. The person whose certificate is in question shall be given an opportunity to be heard.

(b) Mandatory permanent revocation upon a guilty plea or the conviction of felony crimes specified under ~~((this subsection))~~ section 1(1) of this act shall apply to such convictions or guilty pleas which occur after July 23, 1989, and before the effective date of section 1 of this act.

A first time violation of this subsection shall result in either suspension or revocation of the employee's certificate or permit as determined by the office of the superintendent of public instruction. A second violation shall result in a mandatory revocation of the certificate or permit.

(b) In all cases under this subsection (4), the person whose certificate is in question shall be given an opportunity to be heard and has the right to appeal as established in RCW 28A.410.100. Certificates or permits shall be suspended or revoked under this subsection only if findings are made on or after July 24, 2005. For the purposes of this subsection, "sexually explicit conduct" has the same definition as provided in RCW 9.68A.011.

(5) Any such certificate or permit authorized under this chapter or chapter 28A.405 RCW shall be revoked by the authority authorized to grant the certificate upon a finding that the certificate holder obtained the certificate through fraudulent means, including fraudulent misrepresentation of required academic credentials or prior criminal record. In all cases under this subsection, the person whose certificate is in question shall be given an opportunity to be heard and has the right to appeal as established in RCW 28A.410.100. In case any certificate or permit authorized under this chapter or chapter 28A.405 RCW is revoked, the holder shall not be eligible to receive another certificate or permit for a period of twelve months after the date of revocation. However, if the certificate or permit authorized under this chapter or chapter 28A.405 RCW was revoked because of a guilty plea or the conviction of a felony crime ~~((involving the physical neglect of a child under chapter 9A.42 RCW, the physical injury or death of a child under chapter 9A.32 or 9A.36 RCW (except motor vehicle violations under chapter 46.61 RCW), sexual exploitation of a child under chapter 9.68A RCW, sexual offenses under chapter 9A.44 RCW where a minor is the victim, promoting prostitution of a minor under chapter 9A.88 RCW, the sale or purchase of a minor child under RCW 9A.64.030, or violation of similar laws of another jurisdiction))~~ specified under section 1 of this act, the certificate or permit shall not be reinstated.

However, for positions in the county treasurer's office, a person may be disqualified from employment because of a prior guilty plea or conviction of a felony involving embezzlement or theft, even if the time elapsed since the guilty plea or conviction is ten years or more.

Such activities shall be deemed separate and apart even if they are conducted at an office location with a common entrance and mailing address, so long as each business is clearly identified by a sign visible to the public, each business is physically separated within the office

facility, and no deception of the public as to the separate identities of the broker business firms results. This subsection (14)(c) shall not require a real estate broker or salesperson licensed under chapter 18.85 RCW who also acts as a mortgage broker to maintain a physical separation within the office facility for the conduct of its real estate and mortgage broker activities where the director determines that maintaining such physical separation would constitute an undue financial hardship upon the mortgage broker and is unnecessary for the protection of the public; or

(15) Fail to comply with any provision of RCW 19.146.030 through 19.146.080 or any rule adopted under those sections.

Sec. 4. RCW 19.146.205 and 2006 c 19 s 10 are each amended to read as follows:

(1) Application for a mortgage broker license under this chapter ~~((shall))~~ must be ((in writing)) made to the nationwide mortgage licensing system and registry and in the form prescribed by the director. The application shall contain at least the following information:

(b) If the applicant is a partnership or association, the name, address, date of birth, and social security number of each general partner or principal of the association, and any other names, dates of birth, or social security numbers previously used by the members, unless waived by the director;

(c) If the applicant is a corporation, the name, address, date of birth, and social security number of each officer, director, registered agent, and each principal stockholder, and any other names, dates of birth, or social security numbers previously used by the officers, directors, registered agents, and principal stockholders unless waived by the director;

(d) The street address, county, and municipality where the principal business office is to be located;

(e) The name, address, date of birth, and social security number of the applicant's designated broker, and any other names, dates of birth, or social security numbers previously used by the designated broker and a complete set of the designated broker's fingerprints taken by an authorized law enforcement officer; and

(f) Such other information regarding the applicant's or designated broker's background, financial responsibility, experience, character, and general fitness as the director may require by rule.

(2) As a part of or in connection with an application for any license under this section, or periodically upon license renewal, the applicant shall furnish information concerning his or her identity, including fingerprints for submission to the Washington state patrol, the federal bureau of investigation, ~~((and))~~ the nationwide mortgage licensing system and registry, or any governmental agency or entity authorized to receive this information for a state and national criminal history background check; personal history; experience; business record; purposes; and other pertinent facts, as the director may reasonably require. As part of or in connection with an application for a license under this chapter, the director is authorized to receive criminal history record information that includes nonconviction data as defined in RCW 10.97.030. The department may only disseminate nonconviction data obtained under this section to criminal justice agencies. This section does not apply to financial institutions regulated under chapters 31.12 and 31.13 RCW and Titles 30, 32, and 33 RCW.

(3) In order to reduce the points of contact which the federal bureau of investigation may have to maintain, the director may use the nationwide mortgage licensing system and registry as a channeling agent for requesting information from and distributing information to the department of justice or any governmental agency.

(4) In order to reduce the points of contact which the director may have to maintain, the director may use the nationwide mortgage licensing system and registry as a channeling agent for requesting and distributing information to and from any source so directed by the director.

(5) At the time of filing an application for a license under this chapter, each applicant shall pay to the director through the nationwide mortgage licensing system and registry the appropriate

application fee in an amount determined by rule of the director in accordance with RCW 43.24.086 to cover, but not exceed, the cost of processing and reviewing the application. The director shall deposit the moneys in the financial services regulation fund, unless the consumer services account is created as a dedicated, nonappropriated account, in which case the director shall deposit the moneys in the consumer services account.

~~((4))~~ (6)(a) Except as provided in (b) of this subsection, each applicant for a mortgage broker's license shall file and maintain a surety bond, in an amount ~~((of not greater than sixty thousand dollars nor less than twenty thousand dollars))~~ which the director deems adequate to protect the public interest, executed by the applicant as obligor and by a surety company authorized to do a surety business in this state as surety. The bonding requirement as established by the director ~~((may))~~ shall take the form of a ~~((uniform bond amount for all licensees or the director may establish by rule a schedule establishing a))~~ range of bond amounts which shall vary according to the annual ~~((average number of loan originators of a))~~ loan origination volume of the licensee. The bond shall run to the state of Washington as obligee, and shall run first to the benefit of the borrower and then to the benefit of the state and any person or persons who suffer loss by reason of the applicant's or its loan originator's violation of any provision of this chapter or rules adopted under this chapter. The bond shall be conditioned that the obligor as licensee will faithfully conform to and abide by this chapter and all rules adopted under this chapter, and shall reimburse all persons who suffer loss by reason of a violation of this chapter or rules adopted under this chapter. Borrowers shall be given priority over the state and other persons. The state and other third parties shall be allowed to receive distribution pursuant to a valid claim against the remainder of the bond. In the case of claims made by any person or entity who is not a borrower, no final judgment may be entered prior to one hundred eighty days following the date the claim is filed. The bond shall be continuous and may be canceled by the surety upon the surety giving written notice to the director of its intent to cancel the bond. The cancellation shall be effective thirty days after the notice is received by the director. Whether or not the bond is renewed, continued, reinstated, reissued, or otherwise extended, replaced, or modified, including increases or decreases in the penal sum, it shall be considered one continuous obligation, and the surety upon the bond shall not be liable in an aggregate or cumulative amount exceeding the penal sum set forth on the face of the bond. In no event shall the penal sum, or any portion thereof, at two or more points in time be added together in determining the surety's liability. The bond shall not be liable for any penalties imposed on the licensee, including, but not limited to, any increased damages or attorneys' fees, or both, awarded under RCW 19.86.090. The applicant may obtain the bond directly from the surety or through a group bonding arrangement involving a professional organization comprised of mortgage brokers if the arrangement provides at least as much coverage as is required under this subsection.

(b) ~~((Subsection (4)(b) and (c) of this section applies only to applications received on or before January 1, 2007. Before January 1, 2007, in lieu of a surety bond, the applicant may, upon approval by the director, file with the director a certificate of deposit, an irrevocable letter of credit, or such other instrument as approved by the director by rule, drawn in favor of the director for an amount equal to the required bond.~~

~~((c) Before January 1, 2007, in lieu of the surety bond or compliance with (b) of this subsection, an applicant may obtain insurance or coverage from an association comprised of mortgage brokers that is organized as a mutual corporation for the sole purpose of insuring or self-insuring claims that may arise from a violation of this chapter. An applicant may only substitute coverage under this subsection for the requirements of (a) or (b) of this subsection if the director, with the consent of the insurance commissioner, has authorized such association to organize a mutual corporation under such terms and conditions as may be imposed by the director to ensure that the corporation is operated in a financially responsible manner to pay any claims within the financial responsibility limits specified in (a) of this subsection)) If the director determines that the bond required in (a) of this subsection is not reasonably available, the director shall waive the requirements for such a bond. The mortgage~~

recovery fund account is created in the custody of the state treasurer. The director is authorized to charge fees to fund the account. All fees charged under this section, except those retained by the director for administration of the fund, must be deposited into the mortgage recovery fund account. Expenditures from the account may be used only for the same purposes as the surety bond as described in (a) of this subsection. Only the director or the director's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures. A person entitled to receive payment from the mortgage recovery fund may only receive reimbursement after a court of competent jurisdiction has determined the actual damages caused by the licensee. The director may determine by rule the procedure for recovery; the amount each mortgage broker must pay through the nationwide mortgage licensing system and registry for deposit in the mortgage recovery fund; and the amount necessary to administer the fund.

Sec. 5. RCW 19.146.228 and 2006 c 19 s 15 are each amended to read as follows:

The director shall establish fees ~~((by rule in accordance with the policy established in RCW 43.24.086 and fees shall be))~~ sufficient to cover, but not exceed, the costs of administering this chapter. These fees may include:

- (1) An annual assessment paid by each licensee on or before a date specified by rule;
- (2) An investigation fee to cover the costs of any investigation of the books and records of a licensee or other person subject to this chapter; and
- (3) An application fee to cover the costs of processing applications made to the director under this chapter.

Mortgage brokers and loan originators shall not be charged investigation fees for the processing of complaints when the investigation determines that no violation of this chapter occurred or when the mortgage broker or loan originator provides a remedy satisfactory to the complainant and the director and no order of the director is issued. All moneys, fees, and penalties collected under the authority of this chapter shall be deposited into the financial services regulation fund, unless the consumer services account is created as a dedicated, nonappropriated account, in which case all moneys, fees, and penalties collected under this chapter shall be deposited in the consumer services account.

Sec. 6. RCW 19.146.235 and 2006 c 19 s 16 are each amended to read as follows:

The director or a designee has authority to conduct investigations and examinations as provided in this section.

(1) For the purposes of investigating violations or complaints arising under this chapter, the director or his or her designee may make an investigation of the operations of any mortgage broker or loan originator as often as necessary in order to carry out the purposes of this chapter.

(2) Every mortgage broker shall make available to the director or a designee its books and records relating to its operations.

(a) For the purpose of examinations, the director or his or her designee may have access to such books and records during normal business hours and interview the officers, principals, loan originators, employees, independent contractors, and agents of the licensee concerning their business.

(b) For the purposes of investigating violations or complaints arising under this chapter, the director may at any time, either personally or by a designee, investigate the business, including but not limited to the books, accounts, records, and files used therein, of every licensee and of every person engaged in the business of mortgage brokering, whether such a person acts or claims to act under, or without the authority of, this chapter.

(c) The director or designated person may direct, subpoena, or order the attendance of and examine under oath all persons whose testimony may be required about the loans or the business or subject matter of any such examination or investigation, and may direct, subpoena, or order such person to produce books, accounts, records, files, and any other documents the director or designated person deems relevant to the inquiry.

(3) ~~((Once during the first five years of licensing, including branch licensing,))~~ The director may visit, either personally or by

designee, the licensee's place or places of business to conduct an examination. The scope of the examination is limited to documents and information necessary to determine compliance with this chapter and attendant rules. In general, the examination scope may include:

(a) A review for trust accounting compliance;

(b) Loan file review to determine the mortgage broker's compliance with this chapter and applicable federal regulations covering the business of mortgage brokering and lending;

(c) Interviews for the purpose of understanding business and solicitation practices, transactional events, disclosure compliance, complaint resolution, or determining specific compliance with this chapter and the attendant rules; and

(d) A review of general business books and records, including employee records, for the purpose of determining specific compliance with this chapter and the attendant rules.

(4) The purpose of an examination is to make certain that licensees are conducting business in compliance with the law. Therefore, protocols for examination findings and corrective action directed from an examination must be established by rule of the director. To accomplish this purpose, these protocols must include the following:

(a) A reporting mechanism from the director to the licensee;

(b) A process for clear notification of violations and an opportunity for response by the licensee; and

(c) The criteria by which the frequency of examinations will be determined.

(5) If the examination findings clearly identify the need to expand the scope of the examination, the director or a designee, upon five days' written notification to the licensee with an explanation of the need, may:

(a) Expand the examination review to locations other than the examined location regardless of the number of years a location has held a license; or

(b) Expand the time period of the examination beyond the five-year period of licensing, provided the expansion of time does not exceed a date certain identified in the written notification in this subsection.

(6) The director or a designee may consider reports made by independent certified professionals for the mortgage broker covering the same general subject matter as the examination. The director or a designee may incorporate all or part of the report in the report of the examination.

(7) The director may retain attorneys, accountants, or other professionals and specialists as examiners, auditors, or investigators to conduct or assist in the conduct of examinations or investigations. The cost of these services for investigations only must be billed in accordance with RCW 19.146.228.

(8) The director may establish by rule travel costs for examination of out-of-state entities.

(9)(a) No person subject to examination or investigation under this chapter may knowingly withhold, abstract, remove, mutilate, destroy, or secrete any books, records, computer records, or other information.

(b) A person who commits an act under (a) of this subsection is guilty of a class B felony punishable under RCW 9A.20.021(1)(b) or punishable by a fine of not more than twenty thousand dollars, or both.

NEW SECTION. Sec. 7. A new section is added to chapter 19.146 RCW to read as follows:

The prelicensing education shall include at least three hours of federal law and regulations; three hours of ethics, which shall include instruction on fraud, consumer protection, and fair lending issues; two hours of training related to lending standards for the nontraditional mortgage product marketplace; and at least two hours of training specifically related to Washington law.

(2) A loan originator applicant having successfully completed the prelicensing education requirements approved by the nationwide mortgage licensing system and registry for any state shall be accepted as credit towards completion of prelicensing education requirements in this state.

(3) This chapter does not preclude any prelicensing education course, as approved by the nationwide mortgage licensing system and registry, that is provided by the employer of the loan originator applicant or an entity which is affiliated with the applicant by an agency contract, or any subsidiary or affiliate of such an employer or entity. Prelicensing education may be offered either in a classroom, online, or by any other means approved by the nationwide mortgage licensing system and registry.

NEW SECTION. Sec. 8. A new section is added to chapter 19.146 RCW to read as follows:

(1) To obtain a loan originator license, an individual must pass a test developed by the nationwide mortgage licensing system and registry and administered by a test provider approved by the nationwide mortgage licensing system and registry based upon reasonable standards.

(2) An individual is not considered to have passed a test unless the individual achieves a test score of not less than seventy-five percent correct answers to questions.

(a) An individual may retake a test three consecutive times with each consecutive taking occurring at least thirty days after the preceding test.

(b) After failing three consecutive tests, an individual must wait at least six months before taking the test again.

(c) A licensed mortgage loan originator who fails to maintain a valid license for a period of five years or longer must retake the test, not taking into account any time during which that individual is a registered mortgage loan originator.

(3) This section does not prohibit a test provider approved by the nationwide mortgage licensing system and registry from providing a test at the location of the employer of the loan originator applicant or any subsidiary or affiliate of the employer of the applicant, or any entity with which the applicant holds an exclusive arrangement to conduct the business of a mortgage loan originator.

(b) In order to reduce the points of contact which the federal bureau of investigation may have to maintain, the director may use the nationwide mortgage licensing system and registry as a channeling agent for requesting information from and distributing information to the department of justice or any governmental agency.

(c) In order to reduce the points of contact which the director may have to maintain, the director may use the nationwide mortgage licensing system and registry as a channeling agent for requesting

and distributing information to and from any source so directed by the director.

Sec. 10. RCW 19.146.310 and 2006 c 19 s 20 are each amended to read as follows:

(c) The loan originator applicant has ~~((not))~~ never had a license issued under this chapter or any similar state statute ~~((suspended or))~~ revoked ~~((within five years of the filing of the present application))~~ except that, for the purposes of this subsection, a subsequent formal vacation of a revocation is not a revocation;

(d)(i) The loan originator applicant has not been convicted of a gross misdemeanor involving dishonesty or financial misconduct or ~~((a felony))~~ has not been convicted of, or pled guilty or nolo contendere to, a felony in a domestic, foreign, or military court within seven years of the filing of the present application; and

(ii) The loan originator applicant has not been convicted of, or pled guilty or nolo contendere to, a felony in a domestic, foreign, or military court at any time preceding the date of application if the felony involved an act of fraud, dishonesty, breach of trust, or money laundering;

A determination that an individual has shown disregard in the management of his or her financial condition may include, but is not limited to, an assessment of: Current outstanding judgments, except judgments solely as a result of medical expenses; current outstanding tax liens or other government liens and filings; foreclosures within the last three years; or a pattern of seriously delinquent accounts within the past three years; and

The director may approve continuing education taken by loan originators in other states if the director is satisfied that such continuing education meets the requirements of the continuing education required by this chapter.))~~

(2) If the director does not find the conditions of subsection (1) of this section have been met, the director shall not issue the loan originator license. The director shall notify the loan originator applicant of the denial and return to the loan originator applicant any remaining portion of the license fee that exceeds the department's actual cost to investigate the license.

(5) A loan originator licensee may surrender a license by delivering to the director written notice of surrender, but the surrender does not affect the loan originator licensee's civil or criminal liability or any administrative actions arising from acts or omissions occurring before such surrender.

(6) To prevent undue delay in the issuance of a loan originator license and to facilitate the business of a loan originator, an interim loan originator license with a fixed date of expiration may be issued when the director determines that the loan originator has substantially fulfilled the requirements for loan originator licensing as defined by rule.

(a) Disclosure under any federal or state law governing the disclosure to the public of information held by an officer or an agency of the federal government or the respective state; or

(b) Subpoena or discovery, or admission into evidence, in any private civil action or administrative process unless, with respect to any privilege held by the nationwide mortgage licensing system and registry with respect to that information or material, the person to whom the information or material pertains waives, in whole or in part, in the discretion of that person, that privilege.

(4) Chapter 42.56 RCW relating to the disclosure of confidential supervisory information or any information or material described in subsection (1) of this section that is inconsistent with subsection (1) of this section is superseded by the requirements of this section.

MESSAGE FROM THE SENATE

April 9, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1769 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 13.34.030 and 2003 c 227 s 2 are each amended to read as follows:

For purposes of this chapter:

(1) "Abandoned" means when the child's parent, guardian, or other custodian has expressed, either by statement or conduct, an intent to forego, for an extended period, parental rights or responsibilities despite an ability to exercise such rights and responsibilities. If the court finds that the petitioner has exercised due diligence in attempting to locate the parent, no contact between the child and the child's parent, guardian, or other custodian for a period of three months creates a rebuttable presumption of abandonment, even if there is no expressed intent to abandon.

(2) "Child" and "juvenile" means any individual under the age of eighteen years.

(3) "Current placement episode" means the period of time that begins with the most recent date that the child was removed from the home of the parent, guardian, or legal custodian for purposes of placement in out-of-home care and continues until: (a) The child returns home; (b) an adoption decree, a permanent custody order, or guardianship order is entered; or (c) the dependency is dismissed, whichever occurs first.

(4) "Dependency guardian" means the person, nonprofit corporation, or Indian tribe appointed by the court pursuant to this chapter for the limited purpose of assisting the court in the supervision of the dependency.

(5) "Dependent child" means any child who:

(a) Has been abandoned;

(b) Is abused or neglected as defined in chapter 26.44 RCW by a person legally responsible for the care of the child; or

(c) Has no parent, guardian, or custodian capable of adequately caring for the child, such that the child is in circumstances which constitute a danger of substantial damage to the child's psychological or physical development.

(6) "Developmental disability" means a disability attributable to mental retardation, cerebral palsy, epilepsy, autism, or another neurological or other condition of an individual found by the secretary to be closely related to mental retardation or to require treatment similar to that required for individuals with mental retardation, which disability originates before the individual attains age eighteen, which has continued or can be expected to continue indefinitely, and which constitutes a substantial handicap to the individual.

(7) "Guardian" means the person or agency that: (a) Has been appointed as the guardian of a child in a legal proceeding other than a proceeding under this chapter; and (b) has the legal right to custody of the child pursuant to such appointment. The term "guardian" shall not include a "dependency guardian" appointed pursuant to a proceeding under this chapter.

(8) "Guardian ad litem" means a person, appointed by the court to represent the best interests of a child in a proceeding under this chapter, or in any matter which may be consolidated with a proceeding under this chapter. A "court-appointed special advocate" appointed by the court to be the guardian ad litem for the child, or to perform substantially the same duties and functions as a guardian ad litem, shall be deemed to be guardian ad litem for all purposes and uses of this chapter.

(9) "Guardian ad litem program" means a court-authorized volunteer program, which is or may be established by the superior court of the county in which such proceeding is filed, to manage all aspects of volunteer guardian ad litem representation for children alleged or found to be dependent. Such management shall include but is not limited to: Recruitment, screening, training, supervision, assignment, and discharge of volunteers.

(10) "Housing assistance" means appropriate referrals by the department or other supervising agencies to federal, state, local, or private agencies or organizations, assistance with forms, applications, or financial subsidies or other monetary assistance for housing. For purposes of this chapter, "housing assistance" is not a remedial service or time-limited family reunification service as described in RCW 13.34.025(2).

(11) "Indigent" means a person who, at any stage of a court proceeding, is:

(a) Receiving one of the following types of public assistance: Temporary assistance for needy families, general assistance, poverty-related veterans' benefits, food stamps or food stamp benefits

transferred electronically, refugee resettlement benefits, medicaid, or supplemental security income; or

(b) Involuntarily committed to a public mental health facility; or

(c) Receiving an annual income, after taxes, of one hundred twenty- five percent or less of the federally established poverty level; or

(d) Unable to pay the anticipated cost of counsel for the matter before the court because his or her available funds are insufficient to pay any amount for the retention of counsel.

~~((+2))~~ (12) "Out-of-home care" means placement in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW or placement in a home, other than that of the child's parent, guardian, or legal custodian, not required to be licensed pursuant to chapter 74.15 RCW.

~~((+2))~~ (13) "Preventive services" means preservation services, as defined in chapter 74.14C RCW, and other reasonably available services, including housing ~~((services))~~ assistance, capable of preventing the need for out-of-home placement while protecting the child. ~~((Housing services may include, but are not limited to, referrals to federal, state, local, or private agencies or organizations, assistance with forms and applications, or financial subsidies for housing.~~

~~((+3))~~ (14) "Shelter care" means temporary physical care in a facility licensed pursuant to RCW 74.15.030 or in a home not required to be licensed pursuant to RCW 74.15.030.

~~((+4))~~ (15) "Sibling" means a child's birth brother, birth sister, adoptive brother, adoptive sister, half-brother, or half- sister, or as defined by the law or custom of the Indian child's tribe for an Indian child as defined in 25 U.S.C. Sec. 1903(4).

~~((+5))~~ (16) "Social study" means a written evaluation of matters relevant to the disposition of the case and shall contain the following information:

(a) A statement of the specific harm or harms to the child that intervention is designed to alleviate;

(b) A description of the specific services and activities, for both the parents and child, that are needed in order to prevent serious harm to the child; the reasons why such services and activities are likely to be useful; the availability of any proposed services; and the agency's overall plan for ensuring that the services will be delivered. The description shall identify the services chosen and approved by the parent;

(c) If removal is recommended, a full description of the reasons why the child cannot be protected adequately in the home, including a description of any previous efforts to work with the parents and the child in the home; the in-home treatment programs that have been considered and rejected; the preventive services, including housing assistance, that have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home; and the parents' attitude toward placement of the child;

(d) A statement of the likely harms the child will suffer as a result of removal;

(e) A description of the steps that will be taken to minimize the harm to the child that may result if separation occurs including an assessment of the child's relationship and emotional bond with any siblings, and the agency's plan to provide ongoing contact between the child and the child's siblings if appropriate; and

(f) Behavior that will be expected before determination that supervision of the family or placement is no longer necessary.

Sec. 2. RCW 13.34.065 and 2008 c 267 s 2 are each amended to read as follows:

(1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court

shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

(2)(a) The department of social and health services shall submit a recommendation to the court as to the further need for shelter care in all cases in which it is the petitioner. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home. If the dependency petition or other information before the court alleges that homelessness or the lack of suitable housing was a significant factor contributing to the removal of the child, the court shall inquire as to whether housing assistance was provided to the family to prevent or eliminate the need for removal of the child or children;

(e) Is the placement proposed by the agency the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in 25 U.S.C. Sec. 1903, whether the provisions of the Indian child welfare act apply, and whether there is compliance with the Indian child welfare act, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) The release of such child would present a serious threat of substantial harm to such child, notwithstanding an order entered pursuant to RCW 26.44.063; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. The relative must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative pursuant to RCW 13.34.060(1).

(d) If a relative is not available, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other person approved by the court pursuant to this section, shall be contingent upon cooperation with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other person, subject to review by the court.

(f) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative under (b) of this subsection or with another suitable person under (d) of this subsection.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

(8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

Sec. 3. RCW 13.34.130 and 2007 c 413 s 6 and 2007 c 412 s 2 are each reenacted and amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose ~~((those))~~ services to assist the parents in maintaining the child in the home, including housing assistance, if appropriate, that least interfere with family autonomy and are adequate to protect the child.

(b) Order the child to be removed from his or her home and into the custody, control, and care of a relative or the department or a licensed child placing agency for supervision of the child's placement. The department or agency supervising the child's placement has the authority to place the child, subject to review and approval by the court (i) with a relative as defined in RCW 74.15.020(2)(a), (ii) in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW, or (iii) in the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department or supervising agency to be suitable and competent to provide care for the child. Absent good cause, the department or supervising agency shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260. The department or supervising agency may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a) when the court finds that such placement is in the best interest of the child. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is: (A) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a

relationship and is comfortable; and (B) willing and available to care for the child.

(2) Placement of the child with a relative under this subsection shall be given preference by the court. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services, including housing assistance, that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out-of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

(3) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a step-brother or step-sister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the step-sibling.

(4) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

(5) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

(6) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

Sec. 4. RCW 13.34.138 and 2007 c 413 s 8 and 2007 c 410 s 1 are each reenacted and amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children

found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first. The purpose of the hearing shall be to review the progress of the parties and determine whether court supervision should continue.

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished within existing resources.

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145 (1)(a) or 13.34.134.

(2)(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) Prior to the child returning home, the department must complete the following:

(i) Identify all adults residing in the home and conduct background checks on those persons;

(ii) Identify any persons who may act as a caregiver for the child in addition to the parent with whom the child is being placed and determine whether such persons are in need of any services in order to ensure the safety of the child, regardless of whether such persons are a party to the dependency. The department or supervising agency may recommend to the court and the court may order that placement of the child in the parent's home be contingent on or delayed based on the need for such persons to engage in or complete services to ensure the safety of the child prior to placement. If services are recommended for the caregiver, and the caregiver fails to engage in or follow through with the recommended services, the department or supervising agency must promptly notify the court; and

(iii) Notify the parent with whom the child is being placed that he or she has an ongoing duty to notify the department or supervising agency of all persons who reside in the home or who may act as a caregiver for the child both prior to the placement of the child in the home and subsequent to the placement of the child in the home as long as the court retains jurisdiction of the dependency proceeding or the department is providing or monitoring either remedial services to the parent or services to ensure the safety of the child to any caregivers.

Caregivers may be required to engage in services under this subsection solely for the purpose of ensuring the present and future safety of a child who is a ward of the court. This subsection does not grant party status to any individual not already a party to the dependency proceeding, create an entitlement to services or a duty on the part of the department or supervising agency to provide services, or create judicial authority to order the provision of services to any person other than for the express purposes of this section or RCW 13.34.025 or if the services are unavailable or unsuitable or the person is not eligible for such services.

(c) If the child is not returned home, the court shall establish in writing:

(i) Whether the agency is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. If additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;

(ii) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(iii) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(iv) Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;

(v) Whether there is a continuing need for placement;

(vi) Whether a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child by preventing the return of the child to the home of the child's parent and whether housing assistance should be provided by the department or supervising agency;

(vii) Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;

~~((vii))~~ (viii) Whether preference has been given to placement with the child's relatives;

~~((viii))~~ (ix) Whether both in-state and, where appropriate, out-of-state placements have been considered;

~~((ix))~~ (x) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

~~((x))~~ (xi) Whether terms of visitation need to be modified;

~~((xi))~~ (xii) Whether the court-approved long-term permanent plan for the child remains the best plan for the child;

~~((xii))~~ (xiii) Whether any additional court orders need to be made to move the case toward permanency; and

~~((xiii))~~ (xiv) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(d) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with an agency case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the agency case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

(c) In a pending dependency case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the child shall be the court's primary consideration in the review hearing.

(4) The court's ~~(ability)~~ authority to order housing assistance under ~~(RCW 13.34.130 and this section)~~ this chapter is: (a) Limited to cases in which ~~(homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement)~~ a parent's homelessness or lack of suitable housing is a significant factor delaying permanency for the child and housing assistance would aid the parent in providing an appropriate home for the child; and (b) subject to the availability of funds appropriated for this specific purpose. Nothing in this chapter shall be construed to create an entitlement to housing assistance nor to create judicial authority to order the provision of such assistance to any person or family if the assistance or funding are unavailable or the child or family are not eligible for such assistance.

(5) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(3)."

MESSAGE FROM THE SENATE

April 7, 2009

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1789 with the following amendment:

"Sec. 1. RCW 9.94A.728 and 2008 c 231 s 34 are each amended to read as follows:

No person serving a sentence imposed pursuant to this chapter and committed to the custody of the department shall leave the confines of the correctional facility or be released prior to the expiration of the sentence except as follows:

(1) Except as otherwise provided for in subsection (2) of this section, the term of the sentence of an offender committed to a correctional facility operated by the department may be reduced by earned release time in accordance with procedures that shall be developed and promulgated by the correctional agency having jurisdiction in which the offender is confined. The earned release time shall be for good behavior and good performance, as determined by the correctional agency having jurisdiction. The correctional agency shall not credit the offender with earned release credits in advance of the offender actually earning the credits. Any program established pursuant to this section shall allow an offender to earn early release credits for presentence incarceration. If an offender is transferred from a county jail to the department, the administrator of a county jail facility shall certify to the department the amount of time spent in custody at the facility and the amount of earned release time. The department may approve a jail certification from a correctional agency that calculates earned release time based on the

actual amount of confinement time served by the offender before sentencing when an erroneous calculation of confinement time served by the offender before sentencing appears on the judgment and sentence. An offender who has been convicted of a felony committed after July 23, 1995, that involves any applicable deadly weapon enhancements under RCW 9.94A.533 (3) or (4), or both, shall not receive any good time credits or earned release time for that portion of his or her sentence that results from any deadly weapon enhancements.

(a) In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 1990, and before July 1, 2003, the aggregate earned release time may not exceed fifteen percent of the sentence. In the case of an offender convicted of a serious violent offense, or a sex offense that is a class A felony, committed on or after July 1, 2003, the aggregate earned release time may not exceed ten percent of the sentence.

(b)(i) In the case of an offender who qualifies under (b)(ii) of this subsection, the aggregate earned release time may not exceed fifty percent of the sentence.

(ii) An offender is qualified to earn up to fifty percent of aggregate earned release time under this subsection (1)(b) if he or she:

(A) Is classified in one of the two lowest risk categories under (b)(iii) of this subsection;

(B) Is not confined pursuant to a sentence for:

(I) A sex offense;

(II) A violent offense;

(III) A crime against persons as defined in RCW 9.94A.411;

(IV) A felony that is domestic violence as defined in RCW 10.99.020;

(V) A violation of RCW 9A.52.025 (residential burglary);

(VI) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(VII) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor); (C) Has no prior conviction for:

(I) A sex offense;

(II) A violent offense;

(III) A crime against persons as defined in RCW 9.94A.411;

(IV) A felony that is domestic violence as defined in RCW 10.99.020;

(V) A violation of RCW 9A.52.025 (residential burglary);

(VI) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine; or

(VII) A violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor);

(D) Participates in programming or activities as directed by the offender's individual reentry plan as provided under RCW 72.09.270 to the extent that such programming or activities are made available by the department; and

(E) Has not committed a new felony after July 22, 2007, while under community custody.

(iii) For purposes of determining an offender's eligibility under this subsection (1)(b), the department shall perform a risk assessment of every offender committed to a correctional facility operated by the department who has no current or prior conviction for a sex offense, a violent offense, a crime against persons as defined in RCW 9.94A.411, a felony that is domestic violence as defined in RCW 10.99.020, a violation of RCW 9A.52.025 (residential burglary), a violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.401 by manufacture or delivery or possession with intent to deliver methamphetamine, or a violation of, or an attempt, solicitation, or conspiracy to violate, RCW 69.50.406 (delivery of a controlled substance to a minor). The department must classify each assessed offender in one of four risk categories between highest and lowest risk.

(iv) The department shall recalculate the earned release time and reschedule the expected release dates for each qualified offender under this subsection (1)(b).

(v) This subsection (1)(b) applies retroactively to eligible offenders serving terms of total confinement in a state correctional facility as of July 1, 2003.

(vi) This subsection (1)(b) does not apply to offenders convicted after July 1, 2010.

(c) In no other case shall the aggregate earned release time exceed one-third of the total sentence;

(2)(a) A person convicted of a sex offense, a violent offense, any crime against persons under RCW 9.94A.411(2), or a felony offense under chapter 69.50 or 69.52 RCW, may become eligible, in accordance with a program developed by the department, for transfer to community custody in lieu of earned release time pursuant to subsection (1) of this section;

(b) The department shall, as a part of its program for release to the community in lieu of earned release, require the offender to propose a release plan that includes an approved residence and living arrangement. All offenders with community custody terms eligible for release to community custody in lieu of earned release shall provide an approved residence and living arrangement prior to release to the community;

(c) The department may deny transfer to community custody in lieu of earned release time pursuant to subsection (1) of this section if the department determines an offender's release plan, including proposed residence location and living arrangements, may violate the conditions of the sentence or conditions of supervision, place the offender at risk to violate the conditions of the sentence, place the offender at risk to reoffend, or present a risk to victim safety or community safety. The department's authority under this section is independent of any court-ordered condition of sentence or statutory provision regarding conditions for community custody;

(d) If the department denies transfer to community custody in lieu of earned early release pursuant to (c) of this subsection, the department may transfer an offender to partial confinement in lieu of earned early release up to three months. The three months in partial confinement is in addition to that portion of the offender's term of confinement that may be served in partial confinement as provided in this section;

(e) An offender serving a term of confinement imposed under RCW 9.94A.670(5)(a) is not eligible for earned release credits under this section;

(3) An offender may leave a correctional facility pursuant to an authorized furlough or leave of absence. In addition, offenders may leave a correctional facility when in the custody of a corrections officer or officers;

(4)(a) The secretary may authorize an extraordinary medical placement for an offender when all of the following conditions exist:

(i) The offender has a medical condition that is serious enough to require costly care or treatment;

(ii) The offender poses a low risk to the community because he or she is physically incapacitated due to age or the medical condition; and

(iii) Granting the extraordinary medical placement will result in a cost savings to the state.

(b) An offender sentenced to death or to life imprisonment without the possibility of release or parole is not eligible for an extraordinary medical placement.

(c) The secretary shall require electronic monitoring for all offenders in extraordinary medical placement unless the electronic monitoring equipment interferes with the function of the offender's medical equipment or results in the loss of funding for the offender's medical care. The secretary shall specify who shall provide the monitoring services and the terms under which the monitoring shall be performed.

(d) The secretary may revoke an extraordinary medical placement under this subsection at any time;

(5) The governor, upon recommendation from the clemency and pardons board, may grant an extraordinary release for reasons of serious health problems, senility, advanced age, extraordinary meritorious acts, or other extraordinary circumstances;

(6) No more than the final six months of the offender's term of confinement may be served in partial confinement designed to aid the offender in finding work and reestablishing himself or herself in the community. This is in addition to that period of earned early release

time that may be exchanged for partial confinement pursuant to subsection (2)(d) of this section;

(7) The governor may pardon any offender;

(8) The department may release an offender from confinement any time within ten days before a release date calculated under this section;

(9) An offender may leave a correctional facility prior to completion of his or her sentence if the sentence has been reduced as provided in RCW 9.94A.870; and

(10) Notwithstanding any other provisions of this section, an offender sentenced for a felony crime listed in RCW 9.94A.540 as subject to a mandatory minimum sentence of total confinement shall not be released from total confinement before the completion of the listed mandatory minimum sentence for that felony crime of conviction unless allowed under RCW 9.94A.540, however persistent offenders are not eligible for extraordinary medical placement.

NEW SECTION. Sec. 2. This act takes effect August 1, 2009."

The court may impose a sentence which provides more than one year of confinement and a community custody term under RCW 9.94A.701 if the court finds reasons justifying an exceptional sentence as provided in RCW 9.94A.535.

(3) If the court imposes a sentence requiring confinement of thirty days or less, the court may, in its discretion, specify that the sentence be served on consecutive or intermittent days. A sentence requiring more than thirty days of confinement shall be served on consecutive days. Local jail administrators may schedule court-ordered intermittent sentences as space permits.

(8) As a part of any sentence, the court may impose and enforce crime-related prohibitions and affirmative conditions as provided in this chapter.

MESSAGE FROM THE SENATE

April 13, 2008

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1212 with the following amendments:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the current system of stopping payment of industrial insurance death benefits to surviving spouses upon the remarriage of the surviving spouse may be based on archaic notions that are not in-line with modern society. Many pension programs, including the law enforcement officers' and firefighters' retirement system, have removed the remarriage prohibition and allow surviving spouses to continue to receive benefits after remarriage. The legislature further finds that some surviving spouses of law enforcement officers' and firefighters' retirement system members have expressed concerns that terminating benefits upon remarriage penalizes the spouse for moving on with his or her life. The legislature declares that it is time to study the policy of terminating industrial insurance death benefits upon remarriage of the surviving spouse and determine whether changes need to be made to the workers' compensation system.

(2) The workers' compensation advisory committee must study the current practice of terminating industrial insurance death benefits upon remarriage of the surviving spouse of a law enforcement officers' and firefighters' retirement system member. The study must address the following:

(a) The reasons behind the policy of terminating death benefits upon remarriage of the surviving spouse;

(b) Potential costs to the workers' compensation system if industrial insurance death benefits are continued after remarriage of the surviving spouse of a law enforcement officers' and firefighters' retirement system member, and potential costs if this policy were applied to all workers;

(c) Methods to offset potential costs, including providing a reduced benefit if the surviving spouse chooses to receive benefits for life;

(d) How workers' compensation death benefits are administered in other states and whether any state continues these benefits after remarriage; and

(e) Such other items the workers' compensation advisory committee deems necessary.

(3) The workers' compensation advisory committee must report its findings to the appropriate committees of the legislature by December 1, 2010.

(4) This section expires January 1, 2011."

On page 1, line 3 of the title, after "system;" strike the remainder of the title and insert "creating a new section; and providing an expiration date."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 9, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1935 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 70.128.040 and 2007 c 184 s 8 are each amended to read as follows:

(1) The department shall adopt rules and standards with respect to adult family homes and the operators thereof to be licensed under this chapter to carry out the purposes and requirements of this chapter. The rules and standards relating to applicants and operators shall address the differences between individual providers and providers that are partnerships, corporations, associations, or companies. The rules and standards shall also recognize and be appropriate to the different needs and capacities of the various populations served by adult family homes such as but not limited to persons who are developmentally disabled or elderly. In developing rules and standards the department shall recognize the residential family-like nature of adult family homes and not develop rules and standards which by their complexity serve as an overly restrictive barrier to the development of the adult family homes in the state. Procedures and forms established by the department shall be developed so they are easy to understand and comply with. Paper work requirements shall be minimal. Easy to understand materials shall be developed for applicants and providers explaining licensure requirements and procedures.

(2)(a) In developing the rules and standards, the department shall consult with all divisions and administrations within the department serving the various populations living in adult family homes, including the division of developmental disabilities and the aging and adult services administration. Involvement by the divisions and administration shall be for the purposes of assisting the department to develop rules and standards appropriate to the different needs and capacities of the various populations served by adult family homes. During the initial stages of development of proposed rules, the department shall provide notice of development of the rules to organizations representing adult family homes and their residents, and other groups that the department finds appropriate. The notice shall state the subject of the rules under consideration and solicit written recommendations regarding their form and content.

(b) In addition, the department shall engage in negotiated rule making pursuant to RCW 34.05.310(2)(a) with the exclusive representative of the adult family home licensees selected in accordance with RCW 70.128.043 and with other affected interests before adopting requirements that affect adult family home licensees.

(3) Except where provided otherwise, chapter 34.05 RCW shall govern all department rule-making and adjudicative activities under this chapter.

(4) The department shall establish a specialty license to include geriatric specialty certification for providers who have successfully completed the University of Washington school of nursing certified geriatric certification program and testing.

Sec. 2. RCW 70.128.005 and 2001 c 319 s 1 are each amended to read as follows:

(1) The legislature finds that:

(a) Adult family homes are an important part of the state's long-term care system. Adult family homes provide an alternative to institutional care and promote a high degree of independent living for residents.

(b) Persons with functional limitations have broadly varying service needs. Adult family homes that can meet those needs are an essential component of a long-term system. ~~((The legislature further finds that))~~ Different populations living in adult family homes, such as ~~((the developmentally disabled))~~ persons with developmental disabilities and ~~((the))~~ elderly persons, often have significantly different needs and capacities from one another.

(c) There is a need to update certain restrictive covenants to take into consideration the legislative findings cited in (a) and (b) of this subsection; the need to prevent or reduce institutionalization; and the legislative and judicial mandates to provide care and services in the least restrictive setting appropriate to the needs of the individual.

Restrictive covenants which directly or indirectly restrict or prohibit the use of property for adult family homes (i) are contrary to the public interest served by establishing adult family homes and (ii) discriminate against individuals with disabilities in violation of RCW 49.60.224.

(2) It is the legislature's intent that department rules and policies relating to the licensing and operation of adult family homes recognize and accommodate the different needs and capacities of the various populations served by the homes. Furthermore, the development and operation of adult family homes that can provide quality personal care and special care services should be encouraged.

(3) The legislature finds that many residents of community-based long-term care facilities are vulnerable and their health and well-being are dependent on their caregivers. The quality, skills, and knowledge of their caregivers are the key to good care. The legislature finds that the need for well-trained caregivers is growing as the state's population ages and residents' needs increase. The legislature intends that current training standards be enhanced.

(4) The legislature finds that the state of Washington has a compelling interest in protecting and promoting the health, welfare, and safety of vulnerable adults residing in adult family homes. The health, safety, and well-being of vulnerable adults must be the paramount concern in determining whether to issue a license to an applicant, whether to suspend or revoke a license, or whether to take other licensing actions.

NEW SECTION. Sec. 3. A new section is added to chapter 70.128 RCW to read as follows:

(1) To effectuate the public policies of this chapter, restrictive covenants may not limit, directly or indirectly:

(a) Persons with disabilities from living in an adult family home licensed under this chapter; or

(b) Persons and legal entities from operating adult family homes licensed under this chapter, whether for-profit or nonprofit, to provide services covered under this chapter. However, this subsection does not prohibit application of reasonable nondiscriminatory regulation, including but not limited to landscaping standards or regulation of sign location or size, that applies to all residential property subject to the restrictive covenant.

(2) This section applies retroactively to all restrictive covenants in effect on the effective date of this section. Any provision in a restrictive covenant in effect on or after the effective date of this section that is inconsistent with subsection (1) of this section is unenforceable to the extent of the conflict.

NEW SECTION. Sec. 4. A new section is added to chapter 64.38 RCW to read as follows:

(1) To effectuate the public policy of chapter 70.128 RCW, the governing documents may not limit, directly or indirectly:

(a) Persons with disabilities from living in an adult family home licensed under chapter 70.128 RCW; or

(b) Persons and legal entities from operating adult family homes licensed under chapter 70.128 RCW, whether for-profit or nonprofit, to provide services covered under chapter 70.128 RCW. However, this subsection does not prohibit application of reasonable nondiscriminatory regulation, including but not limited to landscaping standards or regulation of sign location or size, that applies to all residential property subject to the governing documents.

(2) This section applies retroactively to any governing documents in effect on the effective date of this section. Any provision in a governing document in effect on or after the effective date of this section that is inconsistent with subsection (1) of this section is unenforceable to the extent of the conflict.

NEW SECTION. Sec. 5. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected."

On page 1, line 1 of the title, after "homes;" strike the remainder of the title and insert "amending RCW 70.128.040 and 70.128.005; adding a new section to chapter 70.128 RCW; and adding a new section to chapter 64.38 RCW."

and the same is herewith transmitted.

Unless the context clearly requires otherwise, the definitions in this section apply throughout this chapter.

(1) "Board" means the indeterminate sentence review board created under chapter 9.95 RCW.

(2) "Collect," or any derivative thereof, "collect and remit," or "collect and deliver," when used with reference to the department, means that the department, either directly or through a collection agreement authorized by RCW 9.94A.760, is responsible for monitoring and enforcing the offender's sentence with regard to the legal financial obligation, receiving payment thereof from the offender, and, consistent with current law, delivering daily the entire payment to the superior court clerk without depositing it in a departmental account.

(3) "Commission" means the sentencing guidelines commission.

(4) "Community corrections officer" means an employee of the department who is responsible for carrying out specific duties in supervision of sentenced offenders and monitoring of sentence conditions.

(5) "Community custody" means that portion of an offender's sentence of confinement in lieu of earned release time or imposed ~~((pursuant to RCW 9.94A.505(2)(b), 9.94A.650 through 9.94A.670, 9.94A.690, 9.94A.700 through 9.94A.715, or 9.94A.545,))~~ as part of a sentence under this chapter and served in the community subject to controls placed on the offender's movement and activities by the department. For offenders placed on community custody for crimes committed on or after July 1, 2000, the department shall assess the offender's risk of reoffense and may establish and modify conditions of community custody, in addition to those imposed by the court, based upon the risk to community safety.

(6) "Community custody range" means the minimum and maximum period of community custody included as part of a sentence under RCW 9.94A.715, as established by the commission or the legislature under RCW 9.94A.850, for crimes committed on or after July 1, 2000.

(7) "Community placement" means that period during which the offender is subject to the conditions of community custody and/or postrelease supervision, which begins either upon completion of the term of confinement (postrelease supervision) or at such time as the offender is transferred to community custody in lieu of earned release. Community placement may consist of entirely community custody, entirely postrelease supervision, or a combination of the two.

(8) "Community protection zone" means the area within eight hundred eighty feet of the facilities and grounds of a public or private school.

(9) "Community restitution" means compulsory service, without compensation, performed for the benefit of the community by the offender.

(10) "Community supervision" means a period of time during which a convicted offender is subject to crime-related prohibitions and other sentence conditions imposed by a court pursuant to this chapter or RCW 16.52.200(6) or 46.61.524. Where the court finds that any offender has a chemical dependency that has contributed to his or her offense, the conditions of supervision may, subject to available resources, include treatment. For purposes of the interstate compact for out-of-state supervision of parolees and probationers, RCW 9.95.270, community supervision is the functional equivalent of probation and should be considered the same as probation by other states.

(11) "Confinement" means total or partial confinement.

(12) "Conviction" means an adjudication of guilt pursuant to Title (§) 10 or 13 RCW and includes a verdict of guilty, a finding of guilty, and acceptance of a plea of guilty.

(13) "Crime-related prohibition" means an order of a court prohibiting conduct that directly relates to the circumstances of the crime for which the offender has been convicted, and shall not be construed to mean orders directing an offender affirmatively to participate in rehabilitative programs or to otherwise perform affirmative conduct. However, affirmative acts necessary to monitor compliance with the order of a court may be required by the department.

(14) "Criminal history" means the list of a defendant's prior convictions and juvenile adjudications, whether in this state, in federal court, or elsewhere.

(a) The history shall include, where known, for each conviction (i) whether the defendant has been placed on probation and the length and terms thereof; and (ii) whether the defendant has been incarcerated and the length of incarceration.

(b) A conviction may be removed from a defendant's criminal history only if it is vacated pursuant to RCW 9.96.060, 9.94A.640, 9.95.240, or a similar out-of-state statute, or if the conviction has been vacated pursuant to a governor's pardon.

(c) The determination of a defendant's criminal history is distinct from the determination of an offender score. A prior conviction that was not included in an offender score calculated pursuant to a former version of the sentencing reform act remains part of the defendant's criminal history.

(15) "Criminal street gang" means any ongoing organization, association, or group of three or more persons, whether formal or informal, having a common name or common identifying sign or symbol, having as one of its primary activities the commission of criminal acts, and whose members or associates individually or collectively engage in or have engaged in a pattern of criminal street gang activity. This definition does not apply to employees engaged in concerted activities for their mutual aid and protection, or to the activities of labor and bona fide nonprofit organizations or their members or agents.

(16) "Criminal street gang associate or member" means any person who actively participates in any criminal street gang and who intentionally promotes, furthers, or assists in any criminal act by the criminal street gang.

(17) "Criminal street gang-related offense" means any felony or misdemeanor offense, whether in this state or elsewhere, that is committed for the benefit of, at the direction of, or in association with any criminal street gang, or is committed with the intent to promote, further, or assist in any criminal conduct by the gang, or is committed for one or more of the following reasons:

(a) To gain admission, prestige, or promotion within the gang;

(b) To increase or maintain the gang's size, membership, prestige, dominance, or control in any geographical area;

(c) To exact revenge or retribution for the gang or any member of the gang;

(e) To directly or indirectly cause any benefit, aggrandizement, gain, profit, or other advantage for the gang, its reputation, influence, or membership; or

(22) "Disposable earnings" means that part of the earnings of an offender remaining after the deduction from those earnings of any

amount required by law to be withheld. For the purposes of this definition, "earnings" means compensation paid or payable for personal services, whether denominated as wages, salary, commission, bonuses, or otherwise, and, notwithstanding any other provision of law making the payments exempt from garnishment, attachment, or other process to satisfy a court-ordered legal financial obligation, specifically includes periodic payments pursuant to pension or retirement programs, or insurance policies of any type, but does not include payments made under Title 50 RCW, except as provided in RCW 50.40.020 and 50.40.050, or Title 74 RCW.

Sec. 10. 2008 c 231 s 6 (uncodified) is amended to read as follows:

The existing sentencing reform act contains numerous provisions for supervision of different types of offenders. This duplication has caused great confusion for judges, lawyers, offenders, and the department of corrections, and often results in inaccurate sentences. The clarifications in this act are intended to support continued discussions by the sentencing guidelines commission with the courts and the criminal justice community to identify and propose policy changes that will further simplify and improve the sentencing reform act relating to the supervision of offenders. The sentencing guidelines commission shall submit policy change proposals to the legislature on or before December 1, 2008.

Sections 7 through 58 of this act are intended to simplify the supervision provisions of the sentencing reform act and increase the uniformity of its application. These sections are not intended to either increase or decrease the authority of sentencing courts or the department relating to supervision, except for those provisions instructing the court to apply the provisions of the current community custody law to offenders sentenced after July 1, 2009, but who committed their crime prior to August 1, 2009, to the extent that such application is constitutionally permissible.

This will effect a change for offenders who committed their crimes prior to the offender accountability act, chapter 196, Laws of 1999. These offenders will be ordered to a term of community custody rather than community placement or community supervision. To the extent constitutionally permissible, the terms of the offender's supervision will be as provided in current law. With the exception of this change, the legislature does not intend to make, and no provision of sections 7 through 58 of this act may be construed as making, a substantive change to the supervision provisions of the sentencing reform act.

~~((It is the intent of the legislature to reaffirm that section 3, chapter 379, Laws of 2003, expires July 1, 2010.))~~

Sec. 11. RCW 9.95.220 and 1957 c 227 s 5 are each amended to read as follows:

For this purpose any peace officer or state parole officer may rearrest any such person without warrant or other process. The court may thereupon in its discretion without notice revoke and terminate such probation. In the event the judgment has been pronounced by the court and the execution thereof suspended, the court may revoke such suspension, whereupon the judgment shall be in full force and effect, and the defendant shall be delivered to the sheriff to be transported to the penitentiary or reformatory as the case may be. If the judgment has not been pronounced, the court shall pronounce judgment after such revocation of probation and the defendant shall be delivered to the sheriff to be transported to the penitentiary or reformatory, in accordance with the sentence imposed.

Any sanctions shall be imposed by the department pursuant to RCW 9.94A.737. The department shall provide a copy of the violation hearing report to the sentencing court in a timely manner. Nothing in this subsection is intended to limit the power of the sentencing court to respond to a probationer's violation of conditions.

Sec. 13. RCW 9.94A.737 and 2007 c 483 s 305 are each amended to read as follows:

(1) If an offender violates any condition or requirement of community custody, the department may transfer the offender to a more restrictive confinement status to serve up to the remaining portion of the sentence, less credit for any period actually spent in community custody or in detention awaiting disposition of an alleged violation and subject to the limitations of subsection (3) of this section.

(2) If an offender has not completed his or her maximum term of total confinement and is subject to a third violation hearing for any violation of community custody and is found to have committed the violation, the department shall return the offender to total confinement in a state correctional facility to serve up to the remaining portion of his or her sentence, unless it is determined that returning the offender to a state correctional facility would substantially interfere with the offender's ability to maintain necessary community supports or to participate in necessary treatment or programming and would substantially increase the offender's likelihood of reoffending.

(3)(a) For a sex offender sentenced to a term of community custody under RCW 9.94A.670 who violates any condition of community custody, the department may impose a sanction of up to sixty days' confinement in a local correctional facility for each violation. If the department imposes a sanction, the department shall submit within seventy-two hours a report to the court and the prosecuting attorney outlining the violation or violations and the sanctions imposed.

(b) For a sex offender sentenced to a term of community custody under RCW 9.94A.710 who violates any condition of community custody after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in a local correctional facility for each violation.

(c) For an offender sentenced to a term of community custody under RCW 9.94A.505(2)(b), 9.94A.650, or 9.94A.715, or under RCW 9.94A.545, for a crime committed on or after July 1, 2000, who violates any condition of community custody after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in total confinement for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

(d) For an offender sentenced to a term of community placement under RCW 9.94A.705 who violates any condition of community placement after having completed his or her maximum term of total confinement, including time served on community custody in lieu of earned release, the department may impose a sanction of up to sixty days in total confinement for each violation. The department may impose sanctions such as work release, home detention with electronic monitoring, work crew, community restitution, inpatient treatment, daily reporting, curfew, educational or counseling sessions, supervision enhanced through electronic monitoring, or any other sanctions available in the community.

(e) If a probationer is being supervised by the department pursuant to RCW 9.92.060, 9.95.204, or 9.95.210, the probationer may be sanctioned by the department pursuant to (c) of this subsection. The department shall have authority to issue a warrant for the arrest of an offender who violates a condition of community custody, as provided in RCW 9.94A.740. The department shall provide a copy of the violation hearing report to the sentencing court in a timely manner. Nothing in this subsection is intended to limit the power of the sentencing court to respond to a probationer's violation of conditions.

(4) If an offender has been arrested for a new felony offense while under community supervision, community custody, or community placement, the department shall hold the offender in total confinement until a hearing before the department as provided in this section or until the offender has been formally charged for the new felony offense, whichever is earlier. Nothing in this subsection shall be construed as to permit the department to hold an offender past his or her maximum term of total confinement if the offender has not completed the maximum term of total confinement or to permit the department to hold an offender past the offender's term of community supervision, community custody, or community placement.

(5) The department shall be financially responsible for any portion of the sanctions authorized by this section that are served in a local correctional facility as the result of action by the department.

(6) If an offender is accused of violating any condition or requirement of community custody, he or she is entitled to a hearing before the department prior to the imposition of sanctions. The hearing shall be considered as offender disciplinary proceedings and shall not be subject to chapter 34.05 RCW. The department shall develop hearing procedures and a structure of graduated sanctions.

(7) The hearing procedures required under subsection (6) of this section shall be developed by rule and include the following:

(a) Hearing officers shall report through a chain of command separate from that of community corrections officers;

(b) The department shall provide the offender with written notice of the violation, the evidence relied upon, and the reasons the particular sanction was imposed. The notice shall include a statement of the rights specified in this subsection, and the offender's right to file a personal restraint petition under court rules after the final decision of the department;

(c) The hearing shall be held unless waived by the offender, and shall be electronically recorded. For offenders not in total confinement, the hearing shall be held within fifteen working days, but not less than twenty-four hours, after notice of the violation. For offenders in total confinement, the hearing shall be held within five working days, but not less than twenty-four hours, after notice of the violation;

(d) The offender shall have the right to: (i) Be present at the hearing; (ii) have the assistance of a person qualified to assist the offender in the hearing, appointed by the hearing officer if the offender has a language or communications barrier; (iii) testify or remain silent; (iv) call witnesses and present documentary evidence; and (v) question witnesses who appear and testify; and

(e) The sanction shall take effect if affirmed by the hearing officer. Within seven days after the hearing officer's decision, the offender may appeal the decision to a panel of three reviewing officers designated by the secretary or by the secretary's designee. The sanction shall be reversed or modified if a majority of the panel finds that the sanction was not reasonably related to any of the following: (i) The crime of conviction; (ii) the violation committed; (iii) the offender's risk of reoffending; or (iv) the safety of the community.

(8) For purposes of this section, no finding of a violation of conditions may be based on unconfirmed or unconfirmable allegations.

(9) The department shall work with the Washington association of sheriffs and police chiefs to establish and operate an electronic monitoring program for low-risk offenders who violate the terms of their community custody. Between January 1, 2006, and December 31, 2006, the department shall endeavor to place at least one hundred low-risk community custody violators on the electronic monitoring program per day if there are at least that many low-risk offenders who qualify for the electronic monitoring program.

(10) Local governments, their subdivisions and employees, the department and its employees, and the Washington association of sheriffs and police chiefs and its employees shall be immune from civil liability for damages arising from incidents involving low-risk offenders who are placed on electronic monitoring unless it is shown that an employee acted with gross negligence or bad faith.

Sec. 14. RCW 9.94A.6332 and 2009 c 28 s 8 are each amended to read as follows:

The procedure for imposing sanctions for violations of sentence conditions or requirements is as follows:

(1) If the offender was sentenced under the drug offender sentencing alternative, any sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.660.

(2) If the offender was sentenced under the special sexual offender sentencing alternative, any sanctions shall be imposed by the department or the court pursuant to RCW 9.94A.670.

(3) If a sex offender was sentenced pursuant to RCW 9.94A.507, any sanctions shall be imposed by the board pursuant to RCW 9.95.435.

(4) In any other case, if the offender is being supervised by the department, any sanctions shall be imposed by the department pursuant to RCW 9.94A.737. If a probationer is being supervised by the department pursuant to RCW 9.92.060, 9.95.204, or 9.95.210, upon receipt of a violation hearing report from the department, the court retains any authority that those statutes provide to respond to a probationer's violation of conditions.

(5) If the offender is not being supervised by the department, any sanctions shall be imposed by the court pursuant to RCW 9.94A.6333.

(2) Sections 2, 4 through 10, 12, and 14 of this act take effect August 1, 2009.

NEW SECTION. Sec. 19. Sections 1, 3, and 13 of this act expire August 1, 2009.

SENATE AMENDMENT TO HOUSE BILL

POINT OF ORDER

Representative Ericksen requested a scope and object ruling on the Senate amendments to Engrossed Substitute House Bill No. 1959.

SPEAKER'S RULING

Mr. Speaker (Representative Morris presiding): "Engrossed Substitute House Bill 1959 is titled an act relating to "land use and transportation planning for marine container ports." The bill as passed the House required cities with certain ports and port districts to include a planning element for such facilities in Growth Management Act comprehensive plans. The bill also declared certain key transportation corridors serving such facilities to be transportation facilities and services of statewide significance.

The Senate amendment includes provisions adding regional transit authorities to the list of essential public facilities for which jurisdictions planning under the Growth Management Act must satisfy prescribed planning requirements.

While both the bill and the amendment relate to planning under the Growth Management Act, they relate to different types of planning for different purposes.

The Speaker therefore finds and rules that the Senate amendment exceeds the scope and object of the House bill.

Representative Ericksen, your point of order is well taken."

There being no objection, the House reverted to the seventh order of business.

There being no objection, the House did not concur in the Senate amendment to ENGROSSED SUBSTITUTE HOUSE BILL NO. 1959 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 1, 2009

Mr. Speaker:

On page 15, after line 3, insert the following:

"**NEW SECTION. Sec. 15.** This act takes effect January 1, 2010."

On page 1, line 2 of the title, after "regulation;" strike the remainder of the title and insert "amending RCW 66.28.180; adding new sections to chapter 66.28 RCW; repealing RCW 66.28.010; and providing an effective date."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House did not concur in the Senate amendment to ENGROSSED HOUSE BILL NO. 2040 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 11, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1349 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that many persons who are released from involuntary mental health treatment in an inpatient setting would benefit from an order for less restrictive treatment in order to provide the structure and support necessary to facilitate long-term stability and success in the community.

(2) The legislature intends to make it easier to renew orders for less restrictive treatment following a period of inpatient commitment in cases in which a person has been involuntarily committed more than once and is likely to benefit from a renewed order for less restrictive treatment.

(3) The legislature finds that public safety is enhanced when a designated mental health professional is able to file a petition to revoke an order for less restrictive treatment under RCW 71.05.340 before a person who is the subject of the petition becomes ill enough to present a likelihood of serious harm.

Sec. 2. RCW 71.05.320 and 2008 c 213 s 9 are each amended to read as follows:

(1) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven and that the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment not to exceed ninety days from the date of judgment(~~(PROVIDED, That (a)).~~). If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment in a facility certified for one hundred eighty day treatment by the department.

~~((b) If the committed person has a developmental disability and has been determined incompetent pursuant to RCW 10.77.086(4), and the best interests of the person or others will not be served by a less restrictive treatment which is an alternative to detention, the court shall remand him or her to the custody of the department or to a facility certified for one hundred eighty-day treatment by the department. When appropriate and subject to available funds, treatment and training of such persons must be provided in a program specifically reserved for the treatment and training of persons with developmental disabilities. A person so committed shall receive habilitation services pursuant to an individualized service plan specifically developed to treat the behavior which was the subject of the criminal proceedings. The treatment program shall be administered by developmental disabilities professionals and others trained specifically in the needs of persons with developmental disabilities. The department may limit admissions to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department. An order for treatment less restrictive than involuntary detention may include conditions, and if such conditions are not adhered to, the designated mental health professional or developmental disabilities professional may order the person apprehended under the terms and conditions of RCW 71.05.340-))~~

(2) If the court or jury finds that grounds set forth in RCW 71.05.280 have been proven, but finds that treatment less restrictive than detention will be in the best interest of the person or others, then the court shall remand him or her to the custody of the department or to a facility certified for ninety day treatment by the department or to a less restrictive alternative for a further period of less restrictive treatment not to exceed ninety days from the date of judgment(~~(PROVIDED, That)~~). If the grounds set forth in RCW 71.05.280(3) are the basis of commitment, then the period of treatment may be up to but not exceed one hundred eighty days from the date of judgment.

(3) The person shall be released from involuntary treatment at the expiration of the period of commitment imposed under subsection (1) or (2) of this section unless the superintendent or professional person in charge of the facility in which he or she is confined, or in the event of a less restrictive alternative, the designated mental health professional (~~(or developmental disabilities professional)~~), files a new petition for involuntary treatment on the grounds that the committed person(~~(s)~~):

(a) During the current period of court ordered treatment: (i) Has threatened, attempted, or inflicted physical harm upon the person of another, or substantial damage upon the property of another, and (ii) as a result of mental disorder or developmental disability presents a likelihood of serious harm; or

(b) Was taken into custody as a result of conduct in which he or she attempted or inflicted serious physical harm upon the person of another, and continues to present, as a result of mental disorder or developmental disability a likelihood of serious harm; or

(c) Is in custody pursuant to RCW 71.05.280(3) and as a result of mental disorder or developmental disability presents a substantial likelihood of repeating similar acts considering the charged criminal behavior, life history, progress in treatment, and the public safety; or

(d) Continues to be gravely disabled.

If the conduct required to be proven in (b) and (c) of this subsection was found by a judge or jury in a prior trial under this chapter, it shall not be necessary to (~~reprove that element~~) prove such conduct again. (~~(Such)~~)

(4) For a person committed under subsection (2) of this section who has been remanded to a period of less restrictive treatment, in addition to the grounds specified in subsection (3) of this section, the designated mental health professional may file a new petition for continued less restrictive treatment if:

(a) The person was previously committed by a court to detention for involuntary mental health treatment during the thirty-six months that preceded the person's initial detention date during the current involuntary commitment cycle, excluding any time spent in a mental health facility or in confinement as a result of a criminal conviction;

(b) In view of the person's treatment history or current behavior, the person is unlikely to voluntarily participate in outpatient treatment without an order for less restrictive treatment; and

(c) Outpatient treatment that would be provided under a less restrictive treatment order is necessary to prevent a relapse, decompensation, or deterioration that is likely to result in the person presenting a likelihood of serious harm or the person becoming gravely disabled within a reasonably short period of time.

(5) A new petition for involuntary treatment filed under subsection (3) or (4) of this section shall be filed and heard in the superior court of the county of the facility which is filing the new petition for involuntary treatment unless good cause is shown for a change of venue. The cost of the proceedings shall be borne by the state.

(6) The hearing shall be held as provided in RCW 71.05.310, and if the court or jury finds that the grounds for additional confinement as set forth in this ((subsection)) section are present, the court may order the committed person returned for an additional period of treatment not to exceed one hundred eighty days from the date of judgment. At the end of the one hundred eighty day period of commitment, the committed person shall be released unless a petition for another one hundred eighty day period of continued treatment is filed and heard in the same manner as provided in this ((subsection)) section. Successive one hundred eighty day commitments are permissible on the same grounds and pursuant to the same procedures as the original one hundred eighty day commitment. However, a commitment is not permissible under subsection (4) of this section if thirty-six months have passed since the last date of discharge from detention for inpatient treatment that preceded the current less restrictive alternative order, nor shall a commitment under subsection (4) of this section be permissible if the likelihood of serious harm in subsection (4)(c) of this section is based solely on harm to the property of others.

~~((4))~~ (7) No person committed as provided in this section may be detained unless a valid order of commitment is in effect. No order of commitment can exceed one hundred eighty days in length.

NEW SECTION. Sec. 3. A new section is added to chapter 71.05 RCW to read as follows:

When appropriate and subject to available funds, the treatment and training of a person with a developmental disability who is committed to the custody of the department or to a facility certified for ninety day treatment by the department for a further period of intensive treatment under RCW 71.05.320 must be provided in a program specifically reserved for the treatment and training of persons with developmental disabilities. A person so committed shall receive habilitation services pursuant to an individualized service plan specifically developed to treat the behavior which was the subject of the criminal proceedings. The treatment program shall be administered by developmental disabilities professionals and others trained specifically in the needs of persons with developmental disabilities. The department may limit admissions to this specialized program in order to ensure that expenditures for services do not exceed amounts appropriated by the legislature and allocated by the department for such services. The department may establish admission priorities in the event that the number of eligible persons exceeds the limits set by the department."

On page 1, line 2 of the title, after "treatment;" strike the remainder of the title and insert "amending RCW 71.05.320; adding a new section to chapter 71.05 RCW; and creating a new section."

and the same is herewith transmitted.

Beginning July 1, 2001, the assessment of high-demand occupations authorized for training under this section must be substantially based on labor market and employment information developed by local workforce development councils, in cooperation with the employment security department and its labor market information division, under subsection (11) of this section;

(B) That is likely to enhance the individual's marketable skills and earning power; and

(C) That meets the criteria for performance developed by the workforce training and education coordinating board for the purpose of determining those training programs eligible for funding under Title I of P.L. 105-220.

"Training program" does not include any course of education primarily intended to meet the requirements of a baccalaureate or higher degree, unless the training meets specific requirements for certification, licensing, or for specific skills necessary for the occupation.

(6) Benefits shall be paid as follows:

(a)(i) Except as provided in (a)(iii) of this subsection, for exhaustees who are eligible under subsection (2) of this section, the total training benefit amount shall be fifty-two times the individual's weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year; or

(iii) For exhaustees eligible under subsection (2) of this section from industries listed under subsection (3)(a) of this section, for claims filed on or after June 30, 2002, but before January 5, 2003, the total training benefit amount shall be seventy-four times the individual's weekly benefit amount, reduced by the total amount of regular benefits and extended benefits paid, or deemed paid, with respect to the benefit year.

(b) The weekly benefit amount shall be the same as the regular weekly amount payable during the applicable benefit year and shall be paid under the same terms and conditions as regular benefits. The training benefits shall be paid before any extended benefits but not before any similar federally funded program.

(c) Training benefits are not payable for weeks more than two years beyond the end of the benefit year of the regular claim.

(7) The requirement under RCW 50.22.010(10) relating to exhausting regular benefits does not apply to an individual otherwise eligible for training benefits under this section when the individual's benefit year ends before his or her training benefits are exhausted and the individual is eligible for a new benefit year. These individuals will have the option of remaining on the original claim or filing a new claim.

(8)(a) Except as provided in (b) of this subsection, individuals who receive training benefits under this section or under any previous additional benefits program for training are not eligible for training benefits under this section for five years from the last receipt of training benefits under this section or under any previous additional benefits program for training.

(b) With respect to claims that are filed before January 5, 2003, an individual in the aerospace industry assigned the standard industrial code "372" or the North American industry classification system code "336411" who received training benefits under this section, and who had been making satisfactory progress in a training program but did not complete the program, is eligible, without regard to the five-year limitation of this section and without regard to the requirement of subsection (2)(b) of this section, if applicable, to receive training benefits under this section in order to complete that training program. The total training benefit amount that applies to the individual is seventy-four times the individual's weekly benefit amount, reduced by the total amount of regular benefits paid, or

deemed paid, with respect to the benefit year in which the training program resumed and, if applicable, reduced by the amount of training benefits paid, or deemed paid, with respect to the benefit year in which the training program commenced.

(9) An individual eligible to receive a trade readjustment allowance under chapter 2 of Title II of the Trade Act of 1974, as amended, shall not be eligible to receive benefits under this section for each week the individual receives such trade readjustment allowance. An individual eligible to receive emergency unemployment compensation, so called, under any federal law, shall not be eligible to receive benefits under this section for each week the individual receives such compensation.

(10) All base year employers are interested parties to the approval of training and the granting of training benefits.

(11) By July 1, 2001, each local workforce development council, in cooperation with the employment security department and its labor market information division, must identify ~~((occupations and skill sets that are declining and occupations and skill sets that are in))~~ high-demand occupations and occupations in declining employer demand. For the purposes of RCW 50.22.130 through 50.22.150 and section 9, chapter 2, Laws of 2000, "high-demand occupation" means ~~((demand for employment that exceeds the supply of qualified workers for occupations or skill sets in a labor market area))~~ an occupation with a substantial number of current or projected employment opportunities. Local workforce development councils must use state and locally developed labor market information. Thereafter, each local workforce development council shall update this information annually or more frequently if needed.

(12) The commissioner shall adopt rules as necessary to implement this section.

Sec. 5. RCW 51.32.099 and 2007 c 72 s 2 are each amended to read as follows:

(1)(a) The legislature intends to create improved vocational outcomes for Washington state injured workers and employers through legislative and regulatory change under a pilot program for the period of January 1, 2008, through June 30, 2013. This pilot vocational system is intended to allow opportunities for eligible workers to participate in meaningful retraining in high-demand occupations, improve successful return to work and achieve positive outcomes for workers, reduce the incidence of repeat vocational services, increase accountability and responsibility, and improve cost predictability. To facilitate the study and evaluation of the results of the proposed changes, the department shall establish the temporary funding of certain state fund vocational costs through the medical aid account to ensure the appropriate assessments to employers for the costs of their claims for vocational services in accordance with RCW 51.32.0991.

(b) An independent review and study of the effects of the pilot program shall be conducted to determine whether it has achieved the appropriate outcomes at reasonable cost to the system. The review shall include, at a minimum, a report on the department's performance with regard to the provision of vocational services, the skills acquired by workers who receive retraining services, the types of training programs approved, whether the workers are employed, at what jobs and wages after completion of the training program and at various times subsequent to their claim closure, the number and demographics of workers who choose the option provided in subsection (4)(b) of this section, and their employment and earnings status at various times subsequent to claim closure. The department may adopt rules, in collaboration with the subcommittee created under (c)(iii) of this subsection, to further define the scope and elements of the required study. Reports of the independent researcher are due on December 1, 2010, December 1, 2011, and December 1, 2012.

(c) In implementing the pilot program, the department shall:

(i) Establish a vocational initiative project that includes participation by the department as a partner with WorkSource, the established state system that administers the federal workforce investment act of 1998. As a partner, the department shall place vocational professional full-time employees at pilot WorkSource locations; refer some workers for vocational services to these vocational professionals; and work with employers in work source pilot areas to market the benefits of on-the-job training programs and

with community colleges to reserve slots in high employer demand programs of study as defined in RCW 28B.50.030. These on-the-job training programs and community college slots may be considered by both department and private sector vocational professionals for vocational plan development. The department will also assist stakeholders in developing additional vocational training programs in various industries, including but not limited to agriculture and construction. These programs will expand the choices available to injured workers in developing their vocational training plans with the assistance of vocational professionals.

(ii) Develop and maintain a register of state fund and self-insured workers who have been retrained or have selected any of the vocational options described in this section for at least the duration of the pilot program.

(iii) Create a vocational rehabilitation subcommittee made up of members appointed by the director for at least the duration of the pilot program. This subcommittee shall provide the business and labor partnership needed to maintain focus on the intent of the pilot program, as described in this section, and provide consistency and transparency to the development of rules and policies. The subcommittee shall report to the director at least annually and recommend to the director and the legislature any additional statutory changes needed, which may include extension of the pilot period. The subcommittee shall provide input and oversight with the department concerning the study required under (b) of this subsection. The subcommittee shall provide recommendations for additional changes or incentives for injured workers to return to work with their employer of injury.

(iv) The department shall develop an annual report concerning Washington's workers' compensation vocational rehabilitation system to the legislature and to the subcommittee by December 1, 2009, and annually thereafter with the final report due by December 1, 2012. The annual report shall include the number of workers who have participated in more than one vocational training plan beginning with plans approved on January 1, 2008, and in which industries those workers were employed. The final report shall include the department's assessment and recommendations for further legislative action, in collaboration with the subcommittee.

(2)(a) For the purposes of this section, the day the worker commences vocational plan development means the date the department or self-insurer notifies the worker of his or her eligibility for plan development services.

(b) When vocational rehabilitation is both necessary and likely to make the worker employable at gainful employment, he or she shall be provided with services necessary to develop a vocational plan that, if completed, would render the worker employable. The vocational professional assigned to the claim shall, at the initial meeting with the worker, fully inform the worker of the return-to-work priorities set forth in RCW 51.32.095(2) and of his or her rights and responsibilities under the workers' compensation vocational system. The department shall provide tools to the vocational professional for communicating this and other information required by RCW 51.32.095 and this section to the worker.

(c) On the date the worker commences vocational plan development, the department shall also inform the employer in writing of the employer's right to make a valid return-to-work offer during the first fifteen days following the commencement of vocational plan development. To be valid, the offer must be for bona fide employment with the employer of injury, consistent with the worker's documented physical and mental restrictions as provided by the worker's health care provider. When the employer makes a valid return-to-work offer, the vocational plan development services and temporary total disability compensation shall be terminated effective ~~((from))~~ on the starting date for the job without regard to whether the worker accepts the return-to-work offer. Following the fifteen-day period, the employer may still provide, and the worker may accept, any valid return-to-work offer. The worker's acceptance of such an offer shall result in the termination of vocational plan development or implementation services and temporary total disability compensation effective the day the employment begins.

(3)(a) All vocational plans must contain an accountability agreement signed by the worker detailing expectations regarding progress, attendance, and other factors influencing successful

participation in the plan. Failure to abide by the agreed expectations shall result in suspension of vocational benefits pursuant to RCW 51.32.110.

(b) Any formal education included as part of the vocational plan must be for an accredited or licensed program or other program approved by the department. The department shall develop rules that provide criteria for the approval of nonaccredited or unlicensed programs.

(c) The vocational plan for an individual worker must be completed and submitted to the department within ninety days of the day the worker commences vocational plan development. The department may extend the ninety days for good cause. Criteria for good cause shall be provided in rule. The frequency and reasons for good cause extensions shall be reported to the subcommittee created under subsection (1)(c)(iii) of this section.

(d) Costs for the vocational plan may include books, tuition, fees, supplies, equipment, child or dependent care, training fees for on-the-job training, the cost of furnishing tools and other equipment necessary for self-employment or reemployment, and other necessary expenses in an amount not to exceed twelve thousand dollars. This amount shall be adjusted effective July 1 of each year for vocational plans or retraining benefits available under subsection (4)(b) of this section approved on or after this date but before June 30 of the next year based on the average percentage change in tuition for the next fall quarter for all Washington state community colleges.

(e) The duration of the vocational plan shall not exceed two years from the date the plan is implemented. The worker shall receive temporary total disability compensation under RCW 51.32.090 and the cost of transportation while he or she is actively and successfully participating in a vocational plan.

(f) If the worker is required to reside away from his or her customary residence, the reasonable cost of board and lodging shall also be paid.

(4) Vocational plan development services shall be completed within ninety days of commencing. During vocational plan development the worker shall, with the assistance of a vocational professional, participate in vocational counseling and occupational exploration to include, but not be limited to, identifying possible job goals, training needs, resources, and expenses, consistent with the worker's physical and mental status. A vocational rehabilitation plan shall be developed by the worker and the vocational professional and submitted to the department or self-insurer. Following this submission, the worker shall elect one of the following options:

(a) Option 1: The department or self-insurer implements and the worker participates in the vocational plan developed by the vocational professional and approved by the worker and the department or self-insurer. For state fund claims, the department must review and approve the vocational plan before implementation may begin. If the department takes no action within fifteen days, the plan is deemed approved. The worker may, within fifteen days of approval of the plan by the department, elect option 2.

(i) Following successful completion of the vocational plan, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) shall include consideration of transferable skills obtained in the vocational plan.

(ii) If a vocational plan is successfully completed on a claim which is thereafter reopened as provided in RCW 51.32.160, the cost and duration available for any subsequent vocational plan is limited to that in subsection (3)(d) and (e) of this section, less that previously expended.

(b) Option 2: The worker declines further vocational services under the claim and receives an amount equal to six months of temporary total disability compensation under RCW 51.32.090. The award is payable in biweekly payments in accordance with the schedule of temporary total disability payments, until such award is paid in full. These payments shall not include interest on the unpaid balance. However, upon application by the worker, and at the discretion of the department, the compensation may be converted to a lump sum payment. The vocational costs defined in subsection (3)(d) of this section shall remain available to the worker, upon application to the department or self-insurer, for a period of five

years. The vocational costs shall, if expended, be available for programs or courses at any accredited or licensed institution or program from a list of those approved by the department for tuition, books, fees, supplies, equipment, and tools, without department or self-insurer oversight. The department shall issue an order as provided in RCW 51.52.050 confirming the option 2 election, setting a payment schedule, and terminating temporary total disability benefits. The department shall thereafter close the claim.

(i) If within five years from the date the option 2 order becomes final, the worker is subsequently injured or suffers an occupational disease or reopens the claim as provided in RCW 51.32.160, and vocational rehabilitation is found both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1), the duration of any vocational plan under subsection (3)(e) of this section shall not exceed eighteen months.

(ii) If the available vocational costs are utilized by the worker, any subsequent assessment of whether vocational rehabilitation is both necessary and likely to enable the injured worker to become employable at gainful employment under RCW 51.32.095(1) shall include consideration of the transferable skills obtained.

(iii) If the available vocational costs are utilized by the worker and the claim is thereafter reopened as provided in RCW 51.32.160, the cost available for any vocational plan is limited to that in subsection (3)(d) of this section less that previously expended.

(iv) Option 2 may only be elected once per worker.

(c) The director, in his or her sole discretion, may provide the worker vocational assistance not to exceed that in subsection (3) of this section, without regard to the worker's prior option selection or benefits expended, where vocational assistance would prevent permanent total disability under RCW 51.32.060.

(5)(a) As used in this section, "vocational plan interruption" means an occurrence which disrupts the plan to the extent the employability goal is no longer attainable. "Vocational plan interruption" does not include institutionally scheduled breaks in educational programs, occasional absence due to illness, or modifications to the plan which will allow it to be completed within the cost and time provisions of subsection (3)(d) and (e) of this section.

(b) When a vocational plan interruption is beyond the control of the worker, the department or self-insurer shall recommence plan development. If necessary to complete vocational services, the cost and duration of the plan may include credit for that expended prior to the interruption. A vocational plan interruption is considered outside the control of the worker when it is due to the closure of the accredited institution, when it is due to a death in the worker's immediate family, or when documented changes in the worker's accepted medical conditions prevent further participation in the vocational plan.

(c) When a vocational plan interruption is the result of the worker's actions, the worker's entitlement to benefits shall be suspended in accordance with RCW 51.32.110. If plan development or implementation is recommenced, the cost and duration of the plan shall not include credit for that expended prior to the interruption. MESSAGE FROM THE SENATE

April 15, 2009

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1835 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 44.04.280 and 2004 c 175 s 1 are each amended to read as follows:

(1) The legislature recognizes that language used in reference to individuals with disabilities shapes and reflects society's attitudes towards people with disabilities. Many of the terms currently used diminish the humanity and natural condition of having a disability.

Certain terms are demeaning and create an invisible barrier to inclusion as equal community members. The legislature finds it necessary to clarify preferred language for new and revised laws by requiring the use of terminology that puts the person before the disability.

(2)(a) The code reviser is directed to avoid all references to: Disabled, developmentally disabled, mentally disabled, mentally ill, mentally retarded, handicapped, cripple, and crippled, in any new statute, memorial, or resolution, and to change such references in any existing statute, memorial, or resolution as sections including these references are otherwise amended by law.

(b) The code reviser is directed to replace terms referenced in (a) of this subsection as appropriate with the following revised terminology: "Individuals with disabilities," "individuals with developmental disabilities," "individuals with mental illness," and "individuals with (~~mental retardation~~) intellectual disabilities."

(3) No statute, memorial, or resolution is invalid because it does not comply with this section.

NEW SECTION. Sec. 2. The code reviser is directed to submit a recommendation to the legislature, in the form of a bill, concerning replacement of the phrase "mental retardation" with the phrase "intellectual disability" and making other perfecting changes that may be required, throughout the Revised Code of Washington. The code reviser shall consult with legislative committee staff and other interested or affected parties. The recommendation must be submitted to the appropriate committees of the house of representatives and the senate by December 1, 2009."

(2) A tenant who terminates a rental agreement under this section is discharged from the payment of rent for any period following the last day of the month of the quitting date. The tenant shall remain liable for the rent for the month in which he or she terminated the rental agreement unless the termination is in accordance with RCW 59.18.200(1). Notwithstanding lease provisions that allow for forfeiture of a deposit for early termination, a tenant who terminates under this section is entitled to the return of the full deposit, subject to RCW 59.18.020 and 59.18.280. Other tenants who are parties to the rental agreement, except household members who are the victims of sexual assault, stalking, unlawful harassment, or domestic violence, are not released from their obligations under the rental agreement or other obligations under this chapter.

(3)(a) Notwithstanding any other provision under this section, if a tenant or a household member is a victim of sexual assault, stalking, or unlawful harassment by a landlord, the tenant may terminate the rental agreement and quit the premises without further obligation under the rental agreement or under this chapter prior to making a copy of a valid order for protection or a written record of a report signed by a qualified third party available to the landlord, provided that:

(i) The tenant must deliver a copy of a valid order for protection or written record of a report signed by a qualified third party to the landlord by mail, fax, or personal delivery by a third party within seven days of quitting the tenant's dwelling unit; and

(ii) A written record of a report signed by the qualified third party must be substantially in the form specified under subsection (1)(b) of this section. The record of the report provided to the landlord must not include the name of the alleged perpetrator of the act. On written request by the landlord, the qualified third party shall, within seven days, provide the name of the alleged perpetrator of the act to the landlord only if the alleged perpetrator was a person meeting the definition of the term "landlord" under RCW 59.18.570.

(b) A tenant who terminates his or her rental agreement under this subsection is discharged from the payment of rent for any period following the latter of: (i) The date the tenant vacates the unit; or (ii) the date the record of the report of the qualified third party and the written notice that the tenant has vacated are delivered to the landlord by mail, fax, or personal delivery by a third party. The tenant is entitled to a pro rata refund of any prepaid rent and must receive a full and specific statement of the basis for retaining any of the deposit together with any refund due in accordance with RCW 59.18.280.

(4) If a tenant or a household member is a victim of sexual assault, stalking, or unlawful harassment by a landlord, the tenant may change or add locks to the tenant's dwelling unit at the tenant's expense. If a tenant exercises his or her rights to change or add locks, the following rules apply:

(a) Within seven days of changing or adding locks, the tenant must deliver to the landlord by mail, fax, or personal delivery by a third party: (i) Written notice that the tenant has changed or added locks; and (ii) a copy of a valid order for protection or a written record of a report signed by a qualified third party. A written record of a report signed by a qualified third party must be substantially in the form specified under subsection (1)(b) of this section. The record of the report provided to the landlord must not include the name of the alleged perpetrator of the act. On written request by the landlord, the qualified third party shall, within seven days, provide the name of the alleged perpetrator to the landlord only if the alleged perpetrator was a person meeting the definition of the term "landlord" under RCW 59.18.570.

(b) After the tenant provides notice to the landlord that the tenant has changed or added locks, the tenant's rental agreement shall terminate on the ninetieth day after providing such notice, unless:

(i) Within sixty days of providing notice that the tenant has changed or added locks, the tenant notifies the landlord in writing that the tenant does not wish to terminate his or her rental agreement. If the perpetrator has been identified by the qualified third party and is no longer an employee or agent of the landlord or owner and does not reside at the property, the tenant shall provide the owner or owner's designated agent with a copy of the key to the new locks at the same time as providing notice that the tenant does not wish to terminate his or her rental agreement. A tenant who has a valid protection, antiharassment, or other protective order against the owner of the premises or against an employee or agent of the landlord or owner is not required to provide a key to the new locks until the protective order expires or the tenant vacates; or

(ii) The tenant exercises his or her rights to terminate the rental agreement under subsection (3) of this section within sixty days of providing notice that the tenant has changed or added locks.

(c) After a landlord receives notice that a tenant has changed or added locks to his or her dwelling unit under (a) of this subsection, the landlord may not enter the tenant's dwelling unit except as follows:

(i) In the case of an emergency, the landlord may enter the unit if accompanied by a law enforcement or fire official acting in his or her official capacity. If the landlord reasonably concludes that the circumstances require immediate entry into the unit, the landlord may, after notifying emergency services, use such force as necessary to enter the unit if the tenant is not present; or

(ii) The landlord complies with the requirements of RCW 59.18.150 and clearly specifies in writing the time and date that the landlord intends to enter the unit and the purpose for entering the unit. The tenant must make arrangements to permit access by the landlord.

(d) The exercise of rights to change or add locks under this subsection does not discharge the tenant from the payment of rent until the rental agreement is terminated and the tenant vacates the unit.

(e) The tenant may not change any locks to common areas and must make keys for new locks available to other household members.

(f) Upon vacating the dwelling unit, the tenant must deliver the key and all copies of the key to the landlord by mail or personal delivery by a third party.

(5) A tenant's remedies under this section do not preempt any other legal remedy available to the tenant.

(6) The provision of verification of a report under subsection (1)(b) of this section does not waive the confidential or privileged nature of the communication between a victim of domestic violence, sexual assault, or stalking with a qualified third party pursuant to RCW 5.60.060, 70.123.075, or 70.125.065. No record or evidence obtained from such disclosure may be used in any civil, administrative, or criminal proceeding against the victim unless a written waiver of applicable evidentiary privilege is obtained, except that the verification itself, and no other privileged information, under subsection (1)(b) of this section may be used in civil proceedings brought under this section."

On page 1, line 2 of the title, after "stalking;" strike the remainder of the title and insert "and amending RCW 59.18.570 and 59.18.575."

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1879, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 8, 2009

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1899 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that increasing the number of retired physicians who provide volunteer health care services is a cost-effective way to improve access to health care for many citizens of this state. Physicians holding a retired active license must currently meet many of the same requirements as physicians in active practice, including at least fifty hours of continuing education a year, despite the fact that retired active physicians may only practice a maximum of ninety days a year, are limited to providing primary care services, and are limited to providing such services only in community clinics that are operated by public or private tax-exempt corporations. This presents both financial and practical barriers for retired physicians who wish to provide health care services on a volunteer basis, barriers that are not as stringent in other states that provide similar licenses for retired physicians. It is therefore the intent of the legislature to ease some of these barriers in a manner that does not adversely affect public safety.

Sec. 2. RCW 18.71.080 and 1996 c 191 s 52 are each amended to read as follows:

Every person licensed to practice medicine in this state shall pay licensing fees and renew his or her license in accordance with administrative procedures and administrative requirements adopted as provided in RCW 43.70.250 and 43.70.280. A physician who resides and practices in Washington and obtains or renews a retired active license shall be exempt from licensing fees imposed under this section. The commission may establish rules governing mandatory continuing education requirements which shall be met by physicians applying for renewal of licenses. The rules shall provide that mandatory continuing education requirements may be met in part by physicians showing evidence of the completion of approved activities relating to professional liability risk management. The number of hours of continuing education for a physician holding a retired active license shall not exceed fifty hours per year. The commission, in its sole discretion, may permit an applicant who has not renewed his or her license to be licensed without examination if it is satisfied that such applicant meets all the requirements for licensure in this state, and is competent to engage in the practice of medicine.

Sec. 3. RCW 18.130.250 and 1991 c 229 s 1 are each amended to read as follows:

The disciplining authority may adopt rules pursuant to this section authorizing a retired active license status. An individual credentialed by a disciplining authority regulated in the state under RCW 18.130.040, who is practicing only in emergent or intermittent circumstances as defined by rule established by the disciplining authority, may hold a retired active license at a reduced renewal fee established by the secretary under RCW 43.70.250 or, for a physician regulated pursuant to chapter 18.71 RCW who resides and practices in Washington and holds a retired active license, at no renewal fee. Except as provided in RCW 18.71.080, such a license shall meet the continuing education or continued competency requirements, if any, established by the disciplining authority for renewals, and is subject to the provisions of this chapter. Individuals who have entered into retired status agreements with the disciplinary authority in any jurisdiction shall not qualify for a retired active license under this section.

NEW SECTION. Sec. 4. A new section is added to chapter 18.71 RCW to read as follows:

(1) The commission shall consider amending its rules on retired active physicians in a manner that improves access to health care services for the citizens of this state without compromising public safety. When considering whether to amend its rules, the commission shall, at a minimum, consider the following:

(a) Whether physicians holding retired active licenses should be allowed to provide health care services beyond primary care;

(b) Whether physicians holding retired active licenses should be allowed to provide health care services in settings beyond community clinics operated by public or private tax-exempt corporations; and

(c) The number and type of continuing education hours that physicians holding retired active licenses shall be required to obtain.

(2) The commission shall determine whether it will amend its rules in the manner suggested by this section no later than November 15, 2009. If the commission determines that it will not amend its rules, it shall provide a written explanation of its decision to the appropriate committees of the legislature no later than December 1, 2009.

Sec. 5. RCW 43.70.110 and 2007 c 259 s 11 are each amended to read as follows:

(1) The secretary shall charge fees to the licensee for obtaining a license. Physicians regulated pursuant to chapter 18.71 RCW who reside and practice in Washington and obtain or renew a retired active license are exempt from such fees. After June 30, 1995, municipal corporations providing emergency medical care and transportation services pursuant to chapter 18.73 RCW shall be exempt from such fees, provided that such other emergency services shall only be charged for their pro rata share of the cost of licensure and inspection, if appropriate. The secretary may waive the fees when, in the discretion of the secretary, the fees would not be in the best interest of public health and safety, or when the fees would be to the financial disadvantage of the state.

(2) Except as provided in subsection (3) of this section, fees charged shall be based on, but shall not exceed, the cost to the department for the licensure of the activity or class of activities and may include costs of necessary inspection.

(3) License fees shall include amounts in addition to the cost of licensure activities in the following circumstances:

(a) For registered nurses and licensed practical nurses licensed under chapter 18.79 RCW, support of a central nursing resource center as provided in RCW 18.79.202, until June 30, 2013;

(b) For all health care providers licensed under RCW 18.130.040, the cost of regulatory activities for retired volunteer medical worker licensees as provided in RCW 18.130.360; and

(c) For physicians licensed under chapter 18.71 RCW, physician assistants licensed under chapter 18.71A RCW, osteopathic physicians licensed under chapter 18.57 RCW, osteopathic physicians' assistants licensed under chapter 18.57A RCW, naturopaths licensed under chapter 18.36A RCW, podiatrists licensed under chapter 18.22 RCW, chiropractors licensed under chapter 18.25 RCW, psychologists licensed under chapter 18.83 RCW, registered nurses licensed under chapter 18.79 RCW, optometrists licensed under chapter 18.53 RCW, mental health counselors licensed under chapter 18.225 RCW, massage therapists licensed under chapter 18.108 RCW, clinical social workers licensed under chapter 18.225 RCW, and acupuncturists licensed under chapter 18.06 RCW, the license fees shall include up to an additional twenty-five dollars to be transferred by the department to the University of Washington for the purposes of RCW 43.70.112.

(4) Department of health advisory committees may review fees established by the secretary for licenses and comment upon the appropriateness of the level of such fees."

On page 1, line 1 of the title, after "license;" strike the remainder of the title and insert "amending RCW 18.71.080, 18.130.250, and 43.70.110; adding a new section to chapter 18.71 RCW; and creating a new section."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 9, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1943 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that well-prepared and appropriately supported teachers and caregivers are essential to improving the quality of early learning programs and enhancing the nature of children's experiences in those programs. The legislature also finds that professional development programs and supports are most effective when they are easily accessed by workers; aligned with other elements of quality; and articulated with degree-granting programs and clearly defined career pathways. In addition, the legislature acknowledges the potential for early learning professionals to support effective and positive parenting, and the benefits of making information about early learning and development accessible to the many family, friends, and neighbors providing care for Washington's infants, toddlers, and preschoolers. The legislature further finds that the professional development consortium convened by the early learning advisory council has begun the work necessary to build an integrated system of preparation and ongoing professional development for the state's early learning and school-age program workforce. The legislature intends to promote the momentum of the consortium's work and to request periodic updates from the consortium before receiving a comprehensive report of progress and recommendations.

"NEW SECTION. Sec. 2. (1) In partnership with the department of early learning, the professional development

consortium convened by the early learning advisory council in response to the early learning partnership resolution between the department of early learning, the nongovernmental private-public partnership created in RCW 43.215.070, and the office of the superintendent of public instruction, shall develop recommendations for a statewide system of preparation and continuing professional development for the early learning and school-age program workforce. To develop its recommendations, the consortium shall collaborate or consult with existing work groups and similar efforts underway in Washington.

(2) The professional development consortium shall include representatives from a wide array of organizations, including but not limited to:

- (a) The department of early learning;
- (b) The Washington state department of health;
- (c) Educational service districts and school districts;
- (d) The state board for community and technical colleges;
- (e) The higher education coordinating board;
- (f) The office of the superintendent of public instruction;
- (g) Washington Indian tribes;
- (h) The nongovernmental private-public partnership created in RCW 43.215.070;

(i) The Washington state child care resource and referral network; and

(j) Any other organizations that represent, research, or provide professional development to the early learning and school-age program workforce.

(3) The professional development consortium shall map current professional development resources and strategies across the state to identify gaps in the current system and make recommendations for improving the coordination of existing resources and strategies; define core competencies or core knowledge areas for early learning professionals; and develop recommendations for a plan to implement a statewide, comprehensive, and integrated pathway of preparation and continuing professional development and support for the early learning and school-age program workforce.

(4) Recommendations for the plan shall include but not be limited to:

(a) Creation of a coherent system of professional development, including delineation of core competencies for early learning and school-age program staff, directors, and administrators;

(b) Requirements for articulation agreements between certificate and credential programs, degree-granting programs, professional development programs, and community-based training programs to enable students to transition effectively between two and four-year institutions of higher education and to apply approved training programs toward credit-based learning; and

(c) Creation of a comprehensive, integrated registry designed to capture information, including workforce and professional development data, for all early learning and school-age programs that is easily accessible, to the extent allowed by law, by early learning and school-age program professionals, directors, trainers, researchers, resource and referral networks, and the department of early learning.

(5) The report from the professional development consortium shall also include:

(a) An analysis of gaps in available professional development programs and recommendations for programs to address the needs of early learning and school-age providers who serve children with physical or developmental disabilities, behavioral challenges, and other special needs;

(b) A discussion of evidence-based incentives and supports for the early learning and school-age program workforce to obtain additional training and education;

(c) An analysis of evidence-based compensation policies that encourage and reward completion of professional development programs; and

(d) An exploration of strategies for providing professional development opportunities in languages other than English, and incorporation of these opportunities into the comprehensive pathway for preparation and professional development.

(6) The department of early learning and the professional development consortium shall report to the governor and the appropriate committees of the legislature by:

(a) September 15, 2009, and December 31, 2009, with a brief status update of the consortium's work plan; and

(b) December 31, 2010, with final recommendations for a comprehensive statewide integrated system of preparation and continuing professional development for the early learning and school-age program workforce.

(7) This section expires July 1, 2011."

MESSAGE FROM THE SENATE

April 9, 2009

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1951 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds: (1) The full utilization of state salmonid hatcheries is vital to the recreational and commercial fisheries and related economic development and employment; and (2) effective measures are necessary to maintain all hatchery operations that are consistent with conservation of wild salmon populations and support sustainable fisheries.

NEW SECTION. Sec. 2. A new section is added to chapter 77.95 RCW to read as follows:

(1) The department shall establish a program that utilizes department-partner agreements for the resumption or continued operation and management of state-owned salmonid hatcheries now closed or scheduled for closure during the 2009-2011 biennium. To implement the program, the department shall accept and review applications to determine the appropriateness of the partner to manage and operate selected salmonid hatcheries. The department shall accelerate the application process relating to any hatchery currently in operation to avoid cessation of ongoing salmon production.

(2)(a) To select a partner, the department shall develop and apply criteria identifying the appropriateness of a potential partner. The criteria must seek to ensure that the partner has a long-range business plan, which may include the sale of hatchery surplus salmon, including eggs and carcasses, to ensure the long-range future solvency of the partnership.

(b) Partners under this section must be:

(i) Qualified under section 501(c)(3) of the internal revenue code;

(ii) A for-profit private entity; or

(iii) A federally recognized tribe.

(3) The department shall place a higher priority on applications from partners that provide for the maximum resumption or continuation of existing hatchery production in a manner consistent with the mandate contained in RCW 77.04.012 to maintain the economic well-being and stability of the fishing industry.

(4) Agreements entered into with partners under this section must be consistent with existing state laws, agency rules, collective bargaining agreements, hatchery management policy involving species listed under the federal endangered species act, or, in the case of a tribal partner, any applicable tribal hatchery management policy or recreational and commercial harvest policy. Agreements under this section must also require that partners conducting hatchery operations maintain staff with comparable qualifications to those identified in the class specifications for the department's fish hatchery personnel.

(5) All partnership agreements entered into under this section must contain a provision that requires the partner to hold harmless the department and the state for any civil liability arising from the partner's participation in the agreement or activities at the subject hatchery or hatcheries.

(6) All partnership agreements entered into under this section must identify any maintenance or improvements to be made to the hatchery facility, and the source of funding for such maintenance or improvements. If funding for the maintenance or improvements is to come from state funds or revenue sources previously received by the department, the work must be performed either by employees in the classified service or in compliance with the contracting procedures set forth in RCW 41.06.142.

NEW SECTION. Sec. 3. A new section is added to chapter 77.95 RCW to read as follows:

The powers and authority conferred by this chapter must be construed as in addition and supplemental to powers or authority conferred by any other law and nothing contained in this chapter may be construed as limiting any other powers or authority of the department.

Sec. 4. RCW 77.95.090 and 2000 c 107 s 106 are each amended to read as follows:

The dedicated regional fisheries enhancement group account is created in the custody of the state treasurer. Only the commission or the commission's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but no appropriation is required for expenditures.

A portion of each recreational fishing license fee shall be used as provided in RCW 77.32.440. A surcharge of one hundred dollars shall be collected on each commercial salmon fishery license, each salmon delivery license, and each salmon charter license sold in the state. All receipts shall be placed in the regional fisheries enhancement group account and shall be used exclusively for regional fisheries enhancement group projects for the purposes of RCW 77.95.110. Except as provided in section 2 of this act, funds

All revenue from the department's sale of salmon carcasses and eggs that return to group facilities shall be deposited in the regional fisheries enhancement group account for use by the regional fisheries enhancement group that produced the surplus. The commission shall adopt rules to implement this section pursuant to chapter 34.05 RCW."

and the same is herewith transmitted.

(3) All moneys deposited in the habitat conservation, outdoor recreation, riparian protection, and farmlands preservation accounts shall be allocated as provided under RCW 79A.15.040, 79A.15.050, 79A.15.120, and 79A.15.130 as grants to state or local agencies or nonprofit nature conservancy organizations or associations for acquisition, development, and renovation within the jurisdiction of those agencies, subject to legislative appropriation. The board may use or permit the use of any funds appropriated for this chapter as matching funds where federal, local, or other funds are made available for projects within the purposes of this chapter. Moneys

appropriated to these accounts that are not obligated to a specific project may be used to fund projects from lists of alternate projects from the same account in biennia succeeding the biennium in which the moneys were originally appropriated.

(4) Projects receiving grants under this chapter that are developed or otherwise accessible for public recreational uses shall be available to the public.

(5) The board may make grants to an eligible project from the habitat conservation, outdoor recreation, riparian protection, and farmlands preservation accounts and any one or more of the applicable categories under such accounts described in RCW 79A.15.040, 79A.15.050, 79A.15.120, and 79A.15.130.

(6) The board may accept private donations to the habitat conservation account, the outdoor recreation account, the riparian protection account, and the farmlands preservation account for the purposes specified in this chapter.

(7) The board may apply up to three percent of the funds appropriated for this chapter for its office for the administration of the programs and purposes specified in this chapter.

(8) Habitat and recreation land and facilities acquired or developed with moneys appropriated for this chapter may not, without prior approval of the board, be converted to a use other than that for which funds were originally approved. The board shall adopt rules and procedures governing the approval of such a conversion.

Sec. 3. RCW 79A.15.060 and 2007 c 241 s 31 are each amended to read as follows:

(1) The board may adopt rules establishing acquisition policies and priorities for distributions from the habitat conservation account.

(2) Except as provided in RCW 79A.15.030(7), moneys appropriated for this chapter may not be used by the board to fund staff positions or other overhead expenses, or by a state, regional, or local agency to fund operation or maintenance of areas acquired under this chapter.

(3) Moneys appropriated for this chapter may be used by grant recipients for costs incidental to acquisition, including, but not limited to, surveying expenses, fencing, and signing.

~~(4) (Moneys appropriated for this section may be used to fund mitigation banking projects involving the restoration, creation, enhancement, or preservation of critical habitat and urban wildlife habitat, provided that the parties seeking to use the mitigation bank meet the matching requirements of subsection (5) of this section. The moneys from this section may not be used to supplant an obligation of a state or local agency to provide mitigation. For the purposes of this section, a mitigation bank means a site or sites where critical habitat or urban wildlife habitat is restored, created, enhanced, or in exceptional circumstances, preserved expressly for the purpose of providing compensatory mitigation in advance of authorized project impacts to similar resources.~~

~~—(5))~~ The board may not approve a local project where the local agency share is less than the amount to be awarded from the habitat conservation account.

~~((6))~~ (5) In determining acquisition priorities with respect to the habitat conservation account, the board shall consider, at a minimum, the following criteria:

- (a) For critical habitat and natural areas proposals:
 - (i) Community support for the project;
 - (ii) The project proposal's ongoing stewardship program that includes control of noxious weeds, detrimental invasive species, and that identifies the source of the funds from which the stewardship program will be funded;
 - (iii) Recommendations as part of a watershed plan or habitat conservation plan, or a coordinated regionwide prioritization effort, and for projects primarily intended to benefit salmon, limiting factors, or critical pathways analysis;
 - (iv) Immediacy of threat to the site;
 - (v) Uniqueness of the site;
 - (vi) Diversity of species using the site;
 - (vii) Quality of the habitat;
 - (viii) Long-term viability of the site;
 - (ix) Presence of endangered, threatened, or sensitive species;
 - (x) Enhancement of existing public property;
 - (xi) Consistency with a local land use plan, or a regional or statewide recreational or resource plan, including projects that assist

in the implementation of local shoreline master plans updated according to RCW 90.58.080 or local comprehensive plans updated according to RCW 36.70A.130;

(xii) Educational and scientific value of the site;

(xiii) Integration with recovery efforts for endangered, threatened, or sensitive species;

(xiv) For critical habitat proposals by local agencies, the statewide significance of the site.

(b) For urban wildlife habitat proposals, in addition to the criteria of (a) of this subsection:

(i) Population of, and distance from, the nearest urban area;

(ii) Proximity to other wildlife habitat;

(iii) Potential for public use; and

(iv) Potential for use by special needs populations.

~~((77))~~ (6) Before November 1st of each even-numbered year, the board shall recommend to the governor a prioritized list of all state agency and local projects to be funded under RCW 79A.15.040(1) (a), (b), and (c). The governor may remove projects from the list recommended by the board and shall submit this amended list in the capital budget request to the legislature. The list shall include, but not be limited to, a description of each project and any particular match requirement, and describe for each project any anticipated restrictions upon recreational activities allowed prior to the project.

Sec. 4. RCW 79A.15.120 and 2007 c 241 s 37 are each amended to read as follows:

(1) The riparian protection account is established in the state treasury. The board must administer the account in accordance with chapter 79A.25 RCW and this chapter, and hold it separate and apart from all other money, funds, and accounts of the board.

(2) Moneys appropriated for this chapter to the riparian protection account must be distributed for the acquisition or enhancement or restoration of riparian habitat. All enhancement or restoration projects, except those qualifying under subsection ~~((10))~~ (9)(a) of this section, must include the acquisition of a real property interest in order to be eligible.

(3) State and local agencies and lead entities under chapter 77.85 RCW, nonprofit nature conservancy organizations or associations, and the conservation commission may apply for acquisition and enhancement or restoration funds for riparian habitat projects under subsection (1) of this section. Other state agencies not defined in RCW 79A.15.010, such as the department of transportation and the department of corrections, may enter into interagency agreements with state agencies to apply in partnership for funds under this section.

(4) The board may adopt rules establishing acquisition policies and priorities for distributions from the riparian protection account.

(5) Except as provided in RCW 79A.15.030(7), moneys appropriated for this section may not be used by the board to fund staff positions or other overhead expenses, or by a state, regional, or local agency to fund operation or maintenance of areas acquired under this chapter.

(6) Moneys appropriated for this section may be used by grant recipients for costs incidental to restoration and acquisition, including, but not limited to, surveying expenses, fencing, and signing.

~~(7) (Moneys appropriated for this section may be used to fund mitigation banking projects involving the restoration, creation, enhancement, or preservation of riparian habitat, provided that the parties seeking to use the mitigation bank meet the matching requirements of subsection (8) of this section. The moneys from this section may not be used to supplant an obligation of a state or local agency to provide mitigation. For the purposes of this section, a mitigation bank means a site or sites where riparian habitat is restored, created, enhanced, or in exceptional circumstances, preserved expressly for the purpose of providing compensatory mitigation in advance of authorized project impacts to similar resources.~~

~~(8))~~ (8)) The board may not approve a local project where the local agency or nonprofit nature conservancy organization or association share is less than the amount to be awarded from the riparian protection account. In-kind contributions, including contributions of a real property interest in land may be used to satisfy the local

agency's or nonprofit nature conservancy organization's or association's share.

~~((9))~~ (8) State agencies receiving grants for acquisition of land under this section must pay an amount in lieu of real property taxes equal to the amount of tax that would be due if the land were taxable as open space land under chapter 84.34 RCW except taxes levied for any state purpose, plus an additional amount for control of noxious weeds equal to that which would be paid if such lands were privately owned. The county assessor and county legislative authority shall assist in determining the appropriate calculation of the amount of tax that would be due.

~~((10))~~ (9) In determining acquisition priorities with respect to the riparian protection account, the board must consider, at a minimum, the following criteria:

(a) Whether the project continues the conservation reserve enhancement program. Applications that extend the duration of leases of riparian areas that are currently enrolled in the conservation reserve enhancement program shall be eligible. Such applications are eligible for a conservation lease extension of at least twenty-five years of duration;

(b) Whether the projects are identified or recommended in a watershed planning process under chapter 247, Laws of 1998, salmon recovery planning under chapter 77.85 RCW, or other local plans, such as habitat conservation plans, and these must be highly considered in the process;

(c) Whether there is community support for the project;

(e) Whether there is an immediate threat to the site;

(f) Whether the quality of the habitat is improved or, for projects including restoration or enhancement, the potential for restoring quality habitat including linkage of the site to other high quality habitat;

(g) Whether the project is consistent with a local land use plan, or a regional or statewide recreational or resource plan. The projects that assist in the implementation of local shoreline master plans updated according to RCW 90.58.080 or local comprehensive plans updated according to RCW 36.70A.130 must be highly considered in the process;

(h) Whether the site has educational or scientific value; and

(i) Whether the site has passive recreational values for walking trails, wildlife viewing, or the observation of natural settings.

~~((11))~~ (10) Before November 1st of each even-numbered year, the board will recommend to the governor a prioritized list of projects to be funded under this section. The governor may remove projects from the list recommended by the board and will submit this amended list in the capital budget request to the legislature. The list must include, but not be limited to, a description of each project and any particular match requirement.

Sec. 5. RCW 79A.15.130 and 2007 c 241 s 38 are each amended to read as follows:

(1) The farmlands preservation account is established in the state treasury. The board will administer the account in accordance with chapter 79A.25 RCW and this chapter, and hold it separate and apart from all other money, funds, and accounts of the board. Moneys appropriated for this chapter to the farmlands preservation account must be distributed for the acquisition and preservation of farmlands in order to maintain the opportunity for agricultural activity upon these lands.

(2)(a) Moneys appropriated for this chapter to the farmlands preservation account may be distributed for (i) the fee simple or less than fee simple acquisition of farmlands; (ii) the enhancement or restoration of ecological functions on those properties; or (iii) both. In order for a farmland preservation grant to provide for an environmental enhancement or restoration project, the project must include the acquisition of a real property interest.

(b) If a city ~~((or))~~, county, nonprofit nature conservancy organization or association, or the conservation commission acquires a property through this program in fee simple, the city ~~((or))~~, county, nonprofit nature conservancy organization or association, or the conservation commission shall endeavor to secure preservation of the

property through placing a conservation easement, or other form of deed restriction, on the property which dedicates the land to agricultural use and retains one or more property rights in perpetuity. Once an easement or other form of deed restriction is placed on the property, the city ~~((or))~~, county, nonprofit nature conservancy organization or association, or the conservation commission shall seek to sell the property, at fair market value, to a person or persons who will maintain the property in agricultural production. Any moneys from the sale of the property shall either be used to purchase interests in additional properties which meet the criteria in subsection (9) of this section, or to repay the grant from the state which was originally used to purchase the property.

(3) Cities ~~((and))~~, counties, nonprofit nature conservancy organizations or associations, and the conservation commission may apply for acquisition and enhancement or restoration funds for farmland preservation projects within their jurisdictions under subsection (1) of this section.

(4) The board may adopt rules establishing acquisition and enhancement or restoration policies and priorities for distributions from the farmlands preservation account.

(5) The acquisition of a property right in a project under this section by a county ~~((or))~~, city, nonprofit nature conservancy organization or association, or the conservation commission does not provide a right of access to the property by the public unless explicitly provided for in a conservation easement or other form of deed restriction.

(6) Except as provided in RCW 79A.15.030(7), moneys appropriated for this section may not be used by the board to fund staff positions or other overhead expenses, or by a city ~~((or))~~, county, nonprofit nature conservancy organization or association, or the conservation commission to fund operation or maintenance of areas acquired under this chapter.

(7) Moneys appropriated for this section may be used by grant recipients for costs incidental to restoration and acquisition, including, but not limited to, surveying expenses, fencing, and signing.

(8) The board may not approve a local project where the local agency's or nonprofit nature conservancy organization's or association's share is less than the amount to be awarded from the farmlands preservation account. In-kind contributions, including contributions of a real property interest in land, may be used to satisfy the local agency's or nonprofit nature conservancy organization's or association's share.

(9) In determining the acquisition priorities, the board must consider, at a minimum, the following criteria:

- (a) Community support for the project;
- (b) A recommendation as part of a limiting factors or critical pathways analysis, a watershed plan or habitat conservation plan, or a coordinated regionwide prioritization effort;
- (c) The likelihood of the conversion of the site to nonagricultural or more highly developed usage;
- (d) Consistency with a local land use plan, or a regional or statewide recreational or resource plan. The projects that assist in the implementation of local shoreline master plans updated according to RCW 90.58.080 or local comprehensive plans updated according to RCW 36.70A.130 must be highly considered in the process;
- (e) Benefits to salmonids;
- (f) Benefits to other fish and wildlife habitat;

 - (iii) Suitability for producing different types or varieties of crops;
 - (iv) Farm-to-market access;
 - (v) Water availability; and
 - (i) Other community values provided by the property when used as agricultural land, including, but not limited to:
 - (i) Viewshed;

- (ii) Aquifer recharge;
 - (iii) Occasional or periodic collector for storm water runoff;
 - (iv) Agricultural sector job creation;
 - (v) Migratory bird habitat and forage area; and
 - (vi) Educational and curriculum potential.
- (10) In allotting funds for environmental enhancement or restoration projects, the board will require the projects to meet the following criteria:

- (a) Enhancement or restoration projects must further the ecological functions of the farmlands;
- (b) The projects, such as fencing, bridging watercourses, replanting native vegetation, replacing culverts, clearing of waterways, etc., must be less than fifty percent of the acquisition cost of the project including any in-kind contribution by any party;
- (c) The projects should be based on accepted methods of achieving beneficial enhancement or restoration results; and
- (d) The projects should enhance the viability of the preserved farmland to provide agricultural production while conforming to any legal requirements for habitat protection.

(11) Before November 1st of each even-numbered year, the board will recommend to the governor a prioritized list of all projects to be funded under this section. The governor may remove projects from the list recommended by the board and must submit this amended list in the capital budget request to the legislature. The list must include, but not be limited to, a description of each project and any particular match requirement.

The recreation and conservation office must report its findings and recommendations to the appropriate committees of the legislature by January 1, 2010.

MESSAGE FROM THE SENATE

April 10, 2009

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1967 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 36.70A.110 and 2004 c 206 s 1 are each amended to read as follows:

(1) Each county that is required or chooses to plan under RCW 36.70A.040 shall designate an urban growth area or areas within which urban growth shall be encouraged and outside of which growth can occur only if it is not urban in nature. Each city that is located in such a county shall be included within an urban growth area. An urban growth area may include more than a single city. An urban growth area may include territory that is located outside of a city only if such territory already is characterized by urban growth whether or not the urban growth area includes a city, or is adjacent to territory already characterized by urban growth, or is a designated new fully contained community as defined by RCW 36.70A.350.

(2) Based upon the growth management population projection made for the county by the office of financial management, the county and each city within the county shall include areas and densities sufficient to permit the urban growth that is projected to occur in the county or city for the succeeding twenty-year period, except for those urban growth areas contained totally within a national historical reserve.

Each urban growth area shall permit urban densities and shall include greenbelt and open space areas. In the case of urban growth areas contained totally within a national historical reserve, the city may restrict densities, intensities, and forms of urban growth as determined to be necessary and appropriate to protect the physical, cultural, or historic integrity of the reserve. An urban growth area determination may include a reasonable land market supply factor and shall permit a range of urban densities and uses. In determining this market factor, cities and counties may consider local circumstances. Cities and counties have discretion in their comprehensive plans to make many choices about accommodating growth.

Within one year of July 1, 1990, each county that as of June 1, 1991, was required or chose to plan under RCW 36.70A.040, shall begin consulting with each city located within its boundaries and each city shall propose the location of an urban growth area. Within sixty days of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall begin this consultation with each city located within its boundaries. The county shall attempt to reach agreement with each city on the location of an urban growth area within which the city is located. If such an agreement is not reached with each city located within the urban growth area, the county shall justify in writing why it so designated the area an urban growth area. A city may object formally with the department over the designation of the urban growth area within which it is located. Where appropriate, the department shall attempt to resolve the conflicts, including the use of mediation services.

(3) Urban growth should be located first in areas already characterized by urban growth that have adequate existing public facility and service capacities to serve such development, second in areas already characterized by urban growth that will be served adequately by a combination of both existing public facilities and services and any additional needed public facilities and services that are provided by either public or private sources, and third in the remaining portions of the urban growth areas. Urban growth may also be located in designated new fully contained communities as defined by RCW 36.70A.350.

(4) In general, cities are the units of local government most appropriate to provide urban governmental services. In general, it is not appropriate that urban governmental services be extended to or expanded in rural areas except in those limited circumstances shown to be necessary to protect basic public health and safety and the environment and when such services are financially supportable at rural densities and do not permit urban development.

(5) On or before October 1, 1993, each county that was initially required to plan under RCW 36.70A.040(1) shall adopt development regulations designating interim urban growth areas under this chapter. Within three years and three months of the date the county legislative authority of a county adopts its resolution of intention or of certification by the office of financial management, all other counties that are required or choose to plan under RCW 36.70A.040 shall adopt development regulations designating interim urban growth areas under this chapter. Adoption of the interim urban growth areas may only occur after public notice; public hearing; and compliance with the state environmental policy act, chapter 43.21C RCW, and ~~(RCW 36.70A.110)~~ under this section. Such action may be appealed to the appropriate growth management hearings board under RCW 36.70A.280. Final urban growth areas shall be adopted at the time of comprehensive plan adoption under this chapter.

(6) Each county shall include designations of urban growth areas in its comprehensive plan.

(7) An urban growth area designated in accordance with this section may include within its boundaries urban service areas or potential annexation areas designated for specific cities or towns within the county.

(8)(a) Except as provided in (b) of this subsection, the expansion of an urban growth area is prohibited into the one hundred year floodplain of any river or river segment that: (i) Is located west of the crest of the Cascade mountains; and (ii) has a mean annual flow of one thousand or more cubic feet per second as determined by the department of ecology.

(b) Subsection (8)(a) of this section does not apply to:

(i) Urban growth areas that are fully contained within a floodplain and lack adjacent buildable areas outside the floodplain;

(ii) Urban growth areas where expansions are precluded outside floodplains because:

(A) Urban governmental services cannot be physically provided to serve areas outside the floodplain; or

(B) Expansions outside the floodplain would require a river or estuary crossing to access the expansion; or

(iii) Urban growth area expansions where:

(A) Public facilities already exist within the floodplain and the expansion of an existing public facility is only possible on the land

to be included in the urban growth area and located within the floodplain; or

(B) Urban development already exists within a floodplain as of the effective date of this section and is adjacent to, but outside of, the urban growth area, and the expansion of the urban growth area is necessary to include such urban development within the urban growth area; or (C) The land is owned by a jurisdiction planning under this chapter or the rights to the development of the land have been permanently extinguished, and the following criteria are met:

(I) The permissible use of the land is limited to one of the following: Outdoor recreation; environmentally beneficial projects, including but not limited to habitat enhancement or environmental restoration; storm water facilities; flood control facilities; or underground conveyances; and

(II) The development and use of such facilities or projects will not decrease flood storage, increase storm water runoff, discharge pollutants to fresh or salt waters during normal operations or floods, or increase hazards to people and property.

(c) For the purposes of this subsection (8), "one hundred year floodplain" means the same as "special flood hazard area" as set forth in WAC 173-158-040 as it exists on the effective date of this section."

On page 1, line 2 of the title, after "floodplains;" strike the remainder of the title and insert "and amending RCW 36.70A.110."

and the same is herewith transmitted.

HOUSE BILL NO. 2025, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 15, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2049 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that information technologies have substantially altered the roles and responsibilities of employees in many state agencies since the creation of the Washington management service. With the

understanding that the current economic crisis dictates finding every possible efficiency, the legislature intends to review the state's senior management and exempt services and understands that possible refinements in the service are needed. A review, in consultation with the various stakeholders and in light of current best practices, is warranted.

Sec. 2. RCW 41.06.133 and 2002 c 354 s 204 are each amended to read as follows:

(1) The director shall adopt rules, consistent with the purposes and provisions of this chapter and with the best standards of personnel administration, regarding the basis and procedures to be followed for:

((+)) (a) The reduction, dismissal, suspension, or demotion of an employee;

((+)) (b) Training and career development;

((+)) (c) Probationary periods of six to twelve months and rejections of probationary employees, depending on the job requirements of the class, except that entry level state park rangers shall serve a probationary period of twelve months;

((+)) (d) Transfers;

((+)) (e) Promotional preferences;

((+)) (f) Sick leaves and vacations;

((+)) (g) Hours of work;

((+)) (h) Layoffs when necessary and subsequent reemployment, except for the financial basis for layoffs;

((+)) (i) The number of names to be certified for vacancies;

((+)) (j) Adoption and revision of a state salary schedule to reflect the prevailing rates in Washington state private industries and other governmental units. The rates in the salary schedules or plans shall be increased if necessary to attain comparable worth under an implementation plan under RCW 41.06.155 and, for institutions of higher education and related boards, shall be competitive for positions of a similar nature in the state or the locality in which an institution of higher education or related board is located. Such adoption and revision is subject to approval by the director of financial management in accordance with chapter 43.88 RCW;

((+)) (k) Increment increases within the series of steps for each pay grade based on length of service for all employees whose standards of performance are such as to permit them to retain job status in the classified service;

((+)) (l) Optional lump sum relocation compensation approved by the agency director, whenever it is reasonably necessary that a person make a domiciliary move in accepting a transfer or other employment with the state. An agency must provide lump sum compensation within existing resources. If the person receiving the relocation payment terminates or causes termination with the state, for reasons other than layoff, disability separation, or other good cause as determined by an agency director, within one year of the date of the employment, the state is entitled to reimbursement of the lump sum compensation from the person;

((+)) (m) Providing for veteran's preference as required by existing statutes, with recognition of preference in regard to layoffs and subsequent reemployment for veterans and their surviving spouses by giving such eligible veterans and their surviving spouses additional credit in computing their seniority by adding to their unbroken state service, as defined by the director, the veteran's service in the military not to exceed five years. For the purposes of this section, "veteran" means any person who has one or more years of active military service in any branch of the armed forces of the United States or who has less than one year's service and is discharged with a disability incurred in the line of duty or is discharged at the convenience of the government and who, upon termination of such service, has received an honorable discharge, a discharge for physical reasons with an honorable record, or a release from active military service with evidence of service other than that for which an undesirable, bad conduct, or dishonorable discharge shall be given. However, the surviving spouse of a veteran is entitled to the benefits of this section regardless of the veteran's length of active military service. For the purposes of this section, "veteran" does not include any person who has voluntarily retired with twenty or more years of active military service and whose military retirement pay is in excess of five hundred dollars per month.

(2) Rules adopted under this section by the director shall provide for local administration and management by the institutions of higher education and related boards, subject to periodic audit and review by the director.

(3) Rules adopted by the director under this section may be superseded by the provisions of a collective bargaining agreement negotiated under RCW 41.80.001 and 41.80.010 through 41.80.130. The supersession of such rules shall only affect employees in the respective collective bargaining units.

(4)(a) The director shall require that each state agency report annually the following data:

(i) The number of classified, Washington management service, and exempt employees in the agency and the change compared to the previous report;

(ii) The number of bonuses and performance-based incentives awarded to agency staff and the base wages of such employees; and

(iii) The cost of each bonus or incentive awarded.

(b) A report that compiles the data in (a) of this subsection for all agencies will be provided annually to the governor and the appropriate committees of the legislature and must be posted for the public on the department of personnel's agency web site.

(1) The director, in the adoption of rules governing suspensions for cause, shall not authorize an appointing authority to suspend an employee for more than fifteen calendar days as a single penalty or more than thirty calendar days in any one calendar year as an accumulation of several penalties. The director shall require that the appointing authority give written notice to the employee not later than one day after the suspension takes effect, stating the reasons for and the duration thereof.

(2) Any employee who is reduced, dismissed, suspended, or demoted, after completing his or her probationary period of service as provided by the rules of the director, or any employee who is adversely affected by a violation of the state civil service law, chapter 41.06 RCW, or rules adopted under it, shall have the right to appeal, either individually or through his or her authorized representative, not later than thirty days after the effective date of such action to the personnel appeals board through June 30, 2005, and to the Washington personnel resources board after June 30, 2005. The employee shall be furnished with specified charges in writing when a reduction, dismissal, suspension, or demotion action is taken. Such appeal shall be in writing. Decisions of the Washington personnel resources board on appeals filed after June 30, 2005, shall be final and not subject to further appeal.

(3) Any employee whose position has been exempted after July 1, 1993, shall have the right to appeal, either individually or through his or her authorized representative, not later than thirty days after the effective date of such action to the personnel appeals board through June 30, 2005, and to the Washington personnel resources board after June 30, 2005. MESSAGE FROM THE SENATE

April 10, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2072 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. A new section is added to chapter 47.06B RCW to read as follows:

(1) In 2007, the legislature directed the joint transportation committee to conduct a study of special needs transportation to examine and evaluate the effectiveness of special needs transportation in the state. A particular goal of the study was to explore opportunities to enhance coordination of special needs transportation programs to ensure that they are delivered efficiently and result in improved access and increased mobility options for their clients. It is the intent of the legislature to further consider some of the recommendations, and to implement many of these recommendations in the form of two pilot projects that will test the potential for applying these recommendations statewide in the future.

(2) The legislature is aware that the department of social and health services submitted an application in December of 2008 to the federal centers for medicare and medicaid services, seeking approval to use the medical match system, a federal funding system that has different requirements from the federal administrative match system currently used by the department. It is the intent of the legislature to advance the goals of this act and the recommendations of the study identified in subsection (1) of this section without jeopardizing the application made by the department.

(3) By August 15, 2009, the agency council on coordinated transportation shall appoint a work group for the purpose of identifying relevant federal requirements related to special needs transportation, and identifying solutions to streamline the requirements and increase efficiencies in transportation services provided for persons with special transportation needs. To advance its purpose, the work group shall work with relevant federal representatives and agencies to identify and address various challenges and barriers.

(4) Membership of the work group must include, but not be limited to, one or more representatives from:

- (a) The departments of transportation, veterans affairs, health, and social and health services;
- (b) Medicaid nonemergency medical transportation brokers;
- (c) Public transit agencies;
- (d) Regional and metropolitan transportation planning organizations, including a representative of the regional transportation planning organization or organizations that provide staff support to the local coordinating coalition established under section 9 of this act;
- (e) Indian tribes;
- (f) The agency council on coordinated transportation;
- (g) The local coordinating coalitions established under section 9 of this act; and
- (h) The office of the superintendent of public instruction.

(5) The work group shall elect one or more of its members to service as chair or cochair.

(6) The work group shall immediately contact representatives of the federal congressional delegation for Washington state and the relevant federal agencies and coordinating authorities including, but not limited to, the federal transit administration, the United States department of health and human services, and the interagency transportation coordinating council on access and mobility, and invite the federal representatives to work collaboratively to:

(a) Identify transportation definitions and terminology used in the various relevant state and federal programs, and establish consistent transportation definitions and terminology. For purposes of this subsection, relevant state definitions exclude terminology that requires a medical determination, including whether a trip or service is medically necessary;

(b) Identify restrictions or barriers that preclude federal, state, and local agencies from sharing client lists or other client information, and make progress towards removing any restrictions or barriers;

(c) Identify relevant state and federal performance and cost reporting systems and requirements, and work towards establishing consistent and uniform performance and cost reporting systems and requirements; and

(d) Explore, subject to federal approval, opportunities to test cost allocation models, including the pilot projects established in section 11 of this act, that:

(i) Allow for cost sharing among public paratransit and medicaid nonemergency medical trips; and

(ii) Capture the value of medicaid trips provided by public transit agencies for which they are not currently reimbursed with a funding match by federal medicaid dollars.

(7) By December 1, 2009, the work group shall submit a report to the joint transportation committee that explains the progress made towards the goals of this section and identifies any necessary legislative action that must be taken to implement all the provisions of this section. A second progress report must be submitted to the joint transportation committee by June 1, 2010, and a final report must be submitted to the joint transportation committee by December 1, 2010.

NEW SECTION. Sec. 2. A new section is added to chapter 47.06B RCW to read as follows:

(1) By August 15, 2009, the agency council on coordinated transportation shall appoint a work group to consider certain recommendations resulting from the study identified in section 1(1) of this act. In conducting its analysis, the work group must consult with the appropriate federal agencies, including the federal transit administration, the United States department of health and human

services, and the interagency transportation coordinating council on access and mobility.

(2) The work group must be chaired by a representative of the agency council on coordinated transportation, and members must include one or more representatives of:

- (a) Regional and metropolitan planning organizations;
- (b) Transit agencies;
- (c) Brokerages providing nonemergency medical transportation services; and
- (d) The department of social and health services.

(3) The work group may consider any recommendation resulting from the study identified in section 1(1) of this act, and shall specifically consider the study's recommendations regarding the procurement and designation of community access managers, including:

- (a) The most appropriate agency to make those designations;
- (b) The preferred geographic regions in which to establish community access managers;
- (c) The duties and responsibilities of community access managers; and
- (d) Any study recommendations that may interfere with the department's application as described in section 1(2) of this act, and potential solutions to those issues.

(4) The work group may also develop an alternative to the community access manager model proposed in the 2009 special needs transportation study recommendations, as described in section 1(1) of this act, as a recommendation to be considered by the joint transportation committee. Any proposed alternative model must build upon the work conducted in the pilot projects under section 11 of this act and the work completed in the 2009 study, and must be consistent with the goals of the 2009 study.

(5) Subject to available funds, the work group may consult with other agencies and organizations as needed.

(6) By December 1, 2009, the agency council on coordinated transportation shall submit a report to the joint transportation committee describing the work group's findings and recommendations for implementing the study recommendations. If the work group finds that additional time is needed to complete its analysis, a second progress report must be submitted to the joint transportation committee by June 1, 2010.

Sec. 3. RCW 47.06B.010 and 2007 c 421 s 1 are each amended to read as follows:

The legislature finds that transportation systems for persons with special needs are not operated as efficiently as possible. In too many cases, programs established by the legislature to assist persons with special needs can not be accessed due to these inefficiencies and coordination barriers.

The legislature further finds that the transportation needs of each community are unique, and that transportation services may be improved by establishing a system of statewide oversight that seeks input, collaboration, and cooperation from and among all local service providers, including public agencies, private organizations, and community-based groups.

It is the intent of the legislature that public transportation agencies, pupil transportation programs, private nonprofit transportation providers, and other public agencies sponsoring programs that require transportation services coordinate those transportation services. Through coordination of transportation services, programs will achieve increased efficiencies and will be able to provide more rides to a greater number of persons with special needs.

Sec. 4. RCW 47.06B.020 and 2007 c 421 s 2 are each amended to read as follows:

(1) The legislature acknowledges that successful models of coordination among state, regional, and local service providers recognize that cost accounting and cost allocation are integral components in meeting the statutory obligations of the various funding sources that may be used to support the purchase of services from special needs transportation service providers. To that end, the agency council on coordinated transportation must work collaboratively with any appropriate agencies and transportation providers and organizations to:

(a) Develop and adopt common units of service definitions including, but not limited to, definitions for vehicle miles, vehicle hours, and passenger trips, consistent with any relevant definitions established under section 1 of this act. NEW SECTION. Sec. 2. (g) The need for and feasibility of developing a screening tool and training for corrections staff to be used to identify persons with developmental disabilities who are confined in prison with the department of corrections similar to the tool to be developed for jails under subsection (4) of this section; and

SUBSTITUTE HOUSE BILL NO. 2079, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 13, 2009

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2119 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the economy of the state of Washington requires a well-prepared workforce. To meet the need, more Washington students need to be prepared for postsecondary education and training. Further, the personal enrichment and success of Washington citizens increasingly relies on their ability to use the state's postsecondary education and training system. To accomplish those ends, the legislature desires to increase the number of students who begin earning college credits while still in high school.

(2) The legislature further finds that dual credit programs introduce students to college-level work, provide a jump start on getting a college degree, and, perhaps most importantly, show students that they can succeed in college. Dual credit programs also provide another avenue of student financial aid, since many programs are offered for little or no cost to students.

(3) The legislature also finds that students must be provided a choice when selecting a dual credit program that is right for them. Options should be available for the student who wants to learn on a college campus and the student who wants to stay at the high school and take college-level courses. Options must also be available for the hands-on learner who seeks to complete an apprenticeship program.

(4) The legislature intends to blur the line between high school and college by articulating a vision to dramatically increase participation in dual credit programs. It is for this reason that the legislature should call on all education stakeholders to come together to coordinate resources, track outcomes, and improve program availability.

(5) The legislature further intends to provide high schools, colleges, and universities with a set of tools for growing and coordinating dual credit programs. Institutions should be given some flexibility in determining the best methods to secure long-term, ample financial support for these programs, while students should be given some help in offsetting instructional costs.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.600 RCW to read as follows:

(1) The office of the superintendent of public instruction, in collaboration with the state board for community and technical colleges, the Washington state apprenticeship and training council, the workforce training and education coordinating board, the higher education coordinating board, and the public baccalaureate institutions, shall report by September 1, 2010, and annually thereafter to the education and higher education committees of the legislature regarding participation in dual credit programs. The report shall include:

(a) Data about student participation rates and academic performance including but not limited to running start, college in the high school, tech prep, international baccalaureate, advanced placement, and running start for the trades;

(b) Data on the total unduplicated head count of students enrolled in at least one dual credit program course; and

(c) The percentage of students who enrolled in at least one dual credit program as percent of all students enrolled in grades nine through twelve.

(2) Data on student participation shall be disaggregated by race, ethnicity, gender, and receipt of free or reduced-price lunch.

NEW SECTION. Sec. 3. A new section is added to chapter 28A.600 RCW to read as follows:

(1) The superintendent of public instruction, the state board for community and technical colleges, the higher education coordinating board, and the public baccalaureate institutions shall jointly develop and each adopt rules governing the college in the high school program. The association of Washington school principals shall be consulted during the rules development. The rules shall be written to encourage the maximum use of the program and may not narrow or limit the enrollment options.

(2) College in the high school programs shall each be governed by a local contract between the district and the institution of higher education, in compliance with the guidelines adopted by the superintendent of public instruction, the state board for community and technical colleges, and the public baccalaureate institutions.

(3) The college in the high school program must include the provisions in this subsection.

(a) The high school and institution of higher education together shall define the criteria for student eligibility. The institution of higher education may charge tuition fees to participating students.

(b) School districts shall report no student for more than one full-time equivalent including college in the high school courses.

(c) The funds received by the institution of higher education may not be deemed tuition or operating fees and may be retained by the institution of higher education.

(d) Enrollment information on persons registered under this section must be maintained by the institution of higher education separately from other enrollment information and may not be included in official enrollment reports, nor may such persons be considered in any enrollment statistics that would affect higher education budgetary determinations.

(e) A school district must grant high school credit to a student enrolled in a program course if the student successfully completes the course. If no comparable course is offered by the school district, the school district superintendent shall determine how many credits to award for the course. The determination shall be made in writing before the student enrolls in the course. The credits shall be applied toward graduation requirements and subject area requirements.

Evidence of successful completion of each program course shall be included in the student's secondary school records and transcript.

(f) An institution of higher education must grant college credit to a student enrolled in a program course if the student successfully completes the course. The college credit shall be applied toward general education requirements or major requirements. If no comparable course is offered by the college, the institution of higher education at which the teacher of the program course is employed shall determine how many credits to award for the course and whether the course fulfills general education or major requirements. Evidence of successful completion of each program course must be included in the student's college transcript.

(g) Eleventh and twelfth grade students or students who have not yet received a high school diploma or its equivalent and are eligible to be in the eleventh or twelfth grades may participate in the college in the high school program.

(h) Participating school districts must provide general information about the college in the high school program to all students in grades ten, eleven, and twelve and to the parents and guardians of those students.

(i) Full-time and part-time faculty at institutions of higher education, including adjunct faculty, are eligible to teach program courses.

(4) The definitions in this subsection apply throughout this section.

(a) "Institution of higher education" has the meaning in RCW 28B.10.016 and also includes a public tribal college located in Washington and accredited by the Northwest commission on colleges and universities or another accrediting association recognized by the United States department of education.

(b) "Program course" means a college course offered in a high school under the college in the high school program.

NEW SECTION. Sec. 4. A new section is added to chapter 28A.600 RCW to read as follows:

The superintendent of public instruction and the higher education coordinating board shall develop advising guidelines to assure that students and parents understand that college credits earned in high school dual credit programs may impact eligibility for financial aid.

Sec. 5. RCW 28A.225.290 and 1990 1st ex.s. c 9 s 207 are each amended to read as follows:

(1) The superintendent of public instruction shall prepare and annually distribute an information booklet outlining parents' and guardians' enrollment options for their children.

(2) Before the 1991-92 school year, the booklet shall be distributed to all school districts by the office of the superintendent of public instruction. School districts shall have a copy of the information booklet available for public inspection at each school in the district, at the district office, and in public libraries.

(3) The booklet shall include:

(a) Information about enrollment options and program opportunities, including but not limited to programs in RCW 28A.225.220, 28A.185.040, 28A.225.200 through 28A.225.215, 28A.225.230 through 28A.225.250, ~~((28A.175.090;))~~ 28A.340.010 through 28A.340.070 (small high school cooperative projects), and 28A.335.160.

(c) Information about the seventh and eighth grade choice program under RCW 28A.230.090.

Sec. 6. RCW 28A.600.160 and 1998 c 225 s 2 are each amended to read as follows:

Any middle school, junior high school, or high school using educational pathways shall ensure that all participating students will continue to have access to the courses and instruction necessary to meet admission requirements at baccalaureate institutions. Students shall be allowed to enter the educational pathway of their choice. Before accepting a student into an educational pathway, the school shall inform the student's parent of the pathway chosen, the opportunities available to the student through the pathway, and the career objectives the student will have exposure to while pursuing the pathway. Parents and students dissatisfied with the opportunities

available through the selected educational pathway shall be provided with the opportunity to transfer the student to any other pathway provided in the school. Schools may not develop educational pathways that retain students in high school beyond the date they are eligible to graduate, and may not require students who transfer between pathways to complete pathway requirements beyond the date the student is eligible to graduate. Educational pathways may include, but are not limited to, programs such as ~~((work-based))~~ worksite learning, ~~((school-to-work transition))~~ internships, tech prep, ~~((vocational-))~~ career and technical education, running start, college in the high school, running start for the trades, and preparation for technical college, community college, or university education.

Sec. 7. RCW 28A.600.300 and 2005 c 207 s 5 are each amended to read as follows:

(1) The program established in this section through RCW 28A.600.400 shall be known as the running start program.

(2) For the purposes of RCW 28A.600.310 through 28A.600.400, "participating institution of higher education" or "institution of higher education" means:

~~((+))~~ (a) A community or technical college as defined in RCW 28B.50.030;

~~((2))~~ (b) A public tribal college located in Washington and accredited by the northwest commission on colleges and universities or another accrediting association recognized by the United States department of education; and

~~((3))~~ (c) Central Washington University, Eastern Washington University, Washington State University, and The Evergreen State College, if the institution's governing board decides to participate in the program in RCW 28A.600.310 through 28A.600.400.

Sec. 8. RCW 28A.600.310 and 2005 c 125 s 1 are each amended to read as follows:

(1) Eleventh and twelfth grade students or students who have not yet received the credits required for the award of a high school diploma and are eligible to be in the eleventh or twelfth grades may apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education. A student receiving home-based instruction enrolling in a public high school for the sole purpose of participating in courses or programs offered by institutions of higher education shall not be counted by the school district in any required state or federal accountability reporting if the student's parents or guardians filed a declaration of intent to provide home-based instruction and the student received home-based instruction during the school year before the school year in which the student intends to participate in courses or programs offered by the institution of higher education. Students receiving home-based instruction under chapter 28A.200 RCW and students attending private schools approved under chapter 28A.195 RCW shall not be required to meet the student learning goals, obtain a certificate of academic achievement or a certificate of individual achievement to graduate from high school, or to master the essential academic learning requirements. However, students are eligible to enroll in courses or programs in participating universities only if the board of directors of the student's school district has decided to participate in the program. Participating institutions of higher education, in consultation with school districts, may establish admission standards for these students. If the institution of higher education accepts a secondary school pupil for enrollment under this section, the institution of higher education shall send written notice to the pupil and the pupil's school district within ten days of acceptance. The notice shall indicate the course and hours of enrollment for that pupil.

(2) In lieu of tuition and fees, as defined in RCW 28B.15.020 and 28B.15.041, running start students shall pay to the community or technical college all other mandatory fees as established by each community or technical college; and all other institutions of higher education operating a running start program may charge technology fees. The fees charged shall be prorated based on credit load.

(3) The institutions of higher education must make available fee waivers for low-income running start students. Each institution must establish a written policy for the determination of low-income students before offering the fee waiver. A student shall be considered low income and eligible for a fee waiver upon proof that

the student is currently qualified to receive free or reduced-price lunch. Acceptable documentation of low-income status may also include, but is not limited to, documentation that a student has been deemed eligible for free or reduced-price lunches in the last five years, or other criteria established in the institution's policy.

(4) The pupil's school district shall transmit to the institution of higher education an amount per each full-time equivalent college student at statewide uniform rates for vocational and nonvocational students. The superintendent of public instruction shall separately calculate and allocate moneys appropriated for basic education under RCW 28A.150.260 to school districts for purposes of making such payments and for granting school districts seven percent thereof to offset program related costs. The calculations and allocations shall be based upon the estimated statewide annual average per full-time equivalent high school student allocations under RCW 28A.150.260, excluding small high school enhancements, and applicable rules adopted under chapter 34.05 RCW. The superintendent of public instruction, the higher education coordinating board, and the state board for community and technical colleges shall consult on the calculation and distribution of the funds. ~~((The institution of higher education shall not require the pupil to pay any other fees.))~~ The funds received by the institution of higher education from the school district shall not be deemed tuition or operating fees and may be retained by the institution of higher education. A student enrolled under this subsection shall ~~((not))~~ be counted for the purpose of ~~((determining any))~~ meeting enrollment ~~((restrictions imposed by the state on the institution of higher education))~~ targets in accordance with terms and conditions specified in the omnibus appropriations act.

(5) The state board for community and technical colleges, in collaboration with the other institutions of higher education that participate in the running start program and the office of the superintendent of public instruction, shall identify, assess, and report on alternatives for providing ongoing and adequate financial support for the program. Such alternatives shall include but are not limited to student tuition, increased support from local school districts, and reallocation of existing state financial support among the community and technical college system to account for differential running start enrollment levels and impacts. The state board for community and technical colleges shall report the assessment of alternatives to the governor and to the appropriate fiscal and policy committees of the legislature by September 1, 2010.

On page 1, line 1 of the title, after "opportunities;" strike the remainder of the title and insert "amending RCW 28A.225.290, 28A.600.160, 28A.600.300, and 28A.600.310; adding new sections to chapter 28A.600 RCW; and creating a new section."

and the same is herewith transmitted.

"Upgrade" does not include routine or necessary maintenance, installation of emission control equipment, installation, replacement, or modification of equipment that improves the heat rate of the facility, or installation, replacement, or modification of equipment for the primary purpose of maintaining reliable generation output capability that does not increase the heat input or fuel usage as specified in existing generation air quality permits as of July 22, 2007, but may result in incidental increases in generation capacity.

Sec. 2. RCW 80.80.040 and 2007 c 307 s 5 are each amended to read as follows:

(1) Beginning July 1, 2008, the greenhouse ~~((gases))~~ gas emissions performance standard for all baseload electric generation for which electric utilities enter into long-term financial commitments on or after such date is the lower of:

(a) One thousand one hundred pounds of greenhouse gases per megawatt-hour; or

(b) The average available greenhouse ~~((gases))~~ gas emissions output as determined under RCW 80.80.050.

(2) This chapter does not apply to long-term financial commitments with the Bonneville power administration.

(3) All baseload electric generation facilities in operation as of June 30, 2008, are deemed to be in compliance with the greenhouse ~~((gases))~~ gas emissions performance standard established under this section until the facilities are the subject of long-term financial commitments. All baseload electric generation that commences operation after June 30, 2008, and is located in Washington, must

comply with the greenhouse ~~((gases))~~ gas emissions performance standard established in subsection (1) of this section.

~~((3))~~ (4) All electric generation facilities or power plants powered exclusively by renewable resources, as defined in RCW 19.280.020, are deemed to be in compliance with the greenhouse ~~((gases))~~ gas emissions performance standard established under this section.

~~((4))~~ (5) All cogeneration facilities in the state that are fueled by natural gas or waste gas or a combination of the two fuels, and that are in operation as of June 30, 2008, are deemed to be in compliance with the greenhouse ~~((gases))~~ gas emissions performance standard established under this section until the facilities are the subject of a new ownership interest or are upgraded.

~~((5))~~ (6) In determining the rate of emissions of greenhouse gases for baseload electric generation, the total emissions associated with producing electricity shall be included.

(7) In no case shall a long-term financial commitment be determined to be in compliance with the greenhouse gas emissions performance standard if the commitment includes more than twelve percent of electricity from unspecified sources.

(8) For a long-term financial commitment with multiple power plants, each specified power plant must be treated individually for the purpose of determining the annualized plant capacity factor and net emissions, and each power plant must comply with subsection (1) of this section, except as provided in subsections (3) through (5) of this section.

~~((6))~~ (9) The department shall establish an output-based methodology to ensure that the calculation of emissions of greenhouse gases for a cogeneration facility recognizes the total usable energy output of the process, and includes all greenhouse gases emitted by the facility in the production of both electrical and thermal energy. In developing and implementing the greenhouse ~~((gases))~~ gas emissions performance standard, the department shall consider and act in a manner consistent with any rules adopted pursuant to the public utilities regulatory policy act of 1978 (16 U.S.C. Sec. 824a-3), as amended:

~~((7))~~ (10) The following greenhouse ~~((gases))~~ gas emissions produced by baseload electric generation owned or contracted through a long-term financial commitment shall not be counted as emissions of the power plant in determining compliance with the greenhouse ~~((gases))~~ gas emissions performance standard:

(a) Those emissions that are injected permanently in geological formations;

(b) Those emissions that are permanently sequestered by other means approved by the department; and

(c) Those emissions sequestered or mitigated as approved under subsection ~~((13))~~ (16) of this section.

~~((8))~~ (11) In adopting and implementing the greenhouse ~~((gases))~~ gas emissions performance standard, the department of community, trade, and economic development energy policy division, in consultation with the commission, the department, the Bonneville power administration, the western electricity coordination council, the energy facility site evaluation council, electric utilities, public interest representatives, and consumer representatives, shall consider the effects of the greenhouse ~~((gases))~~ gas emissions performance standard on system reliability and overall costs to electricity customers.

~~((9))~~ (12) In developing and implementing the greenhouse ~~((gases))~~ gas emissions performance standard, the department shall, with assistance of the commission, the department of community, trade, and economic development energy policy division, and electric utilities, and to the extent practicable, address long-term purchases of electricity from unspecified sources in a manner consistent with this chapter.

~~((10))~~ (13) The directors of the energy facility site evaluation council and the department shall each adopt rules under chapter 34.05 RCW in coordination with each other to implement and enforce the greenhouse ~~((gases))~~ gas emissions performance standard. The rules necessary to implement this section shall be adopted by June 30, 2008.

~~((11))~~ (14) In adopting the rules for implementing this section, the energy facility site evaluation council and the department shall include criteria to be applied in evaluating the carbon sequestration

plan, for baseload electric generation that will rely on subsection ~~((7))~~ (10) of this section to demonstrate compliance, but that will commence sequestration after the date that electricity is first produced. The rules shall include but not be limited to:

(a) Provisions for financial assurances, as a condition of plant operation, sufficient to ensure successful implementation of the carbon sequestration plan, including construction and operation of necessary equipment, and any other significant costs;

(b) Provisions for geological or other approved sequestration commencing within five years of plant operation, including full and sufficient technical documentation to support the planned sequestration;

(c) Provisions for monitoring the effectiveness of the implementation of the sequestration plan;

(d) Penalties for failure to achieve implementation of the plan on schedule;

(e) Provisions for an owner to purchase emissions reductions in the event of the failure of a sequestration plan under subsection ~~((13))~~ (16) of this section; and

(f) Provisions for public notice and comment on the carbon sequestration plan.

~~((12))~~ (15)(a) Except as provided in (b) of this subsection, as part of its role enforcing the greenhouse ~~((gases))~~ gas emissions performance standard, the department shall determine whether sequestration or a plan for sequestration will provide safe, reliable, and permanent protection against the greenhouse gases entering the atmosphere from the power plant and all ancillary facilities.

(b) For facilities under its jurisdiction, the energy facility site evaluation council shall contract for review of sequestration or the carbon sequestration plan with the department consistent with the conditions under (a) of this subsection, consider the adequacy of sequestration or the plan in its adjudicative proceedings conducted under RCW 80.50.090(3), and incorporate specific findings regarding adequacy in its recommendation to the governor under RCW 80.50.100.

~~((13))~~ (16) A project under consideration by the energy facility site evaluation council by July 22, 2007, is required to include all of the requirements of subsection ~~((11))~~ (14) of this section in its carbon sequestration plan submitted as part of the energy facility site evaluation council process. A project under consideration by the energy facility site evaluation council by July 22, 2007, that receives final site certification agreement approval under chapter 80.50 RCW shall make a good faith effort to implement the sequestration plan. If the project owner determines that implementation is not feasible, the project owner shall submit documentation of that determination to the energy facility site evaluation council. The documentation shall demonstrate the steps taken to implement the sequestration plan and evidence of the technological and economic barriers to successful implementation. The project owner shall then provide to the energy facility site evaluation council notification that they shall implement the plan that requires the project owner to meet the greenhouse ~~((gases))~~ gas emissions performance standard by purchasing verifiable greenhouse ~~((gases))~~ gas emissions reductions from an electric generating facility located within the western interconnection, where the reduction would not have occurred otherwise or absent this contractual agreement, such that the sum of the emissions reductions purchased and the facility's emissions meets the standard for the life of the facility.

Sec. 3. RCW 80.80.060 and 2007 c 307 s 8 are each amended to read as follows:

(1) No electrical company may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with the greenhouse gases emissions performance standard established under RCW 80.80.040.

(2) In order to enforce the requirements of this chapter, the commission shall review in a general rate case or as provided in subsection (5) of this section any long-term financial commitment entered into by an electrical company after June 30, 2008, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse gases emissions performance standard established under RCW 80.80.040.

(3) In determining whether a long-term financial commitment is for baseload electric generation, the commission shall consider the design of the power plant and its intended use, based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the commission determines is relevant under the circumstances.

(4) Upon application by an electric utility, the commission may provide a case-by-case exemption from the greenhouse gases emissions performance standard to address: (a) Unanticipated electric system reliability needs; ~~((or))~~ (b) extraordinary cost impacts on utility ratepayers; or (c) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) Upon application by an electrical company, the commission shall determine whether the company's proposed decision to acquire electric generation or enter into a power purchase agreement for electricity complies with the greenhouse gases emissions performance standard established under RCW 80.80.040 ~~((whether the company has a need for the resource, and whether the specific resource selected is appropriate. The commission shall take into consideration factors such as the company's forecasted loads, need for energy, power plant technology, expected costs, and other associated investment decisions)).~~ The commission shall not decide in a proceeding under this subsection (5) issues involving the actual costs to construct and operate the selected resource, cost recovery, or other issues reserved by the commission for decision in a general rate case or other proceeding for recovery of the resource or contract costs. ~~((A proceeding under this subsection (5) shall be conducted pursuant to chapter 34.05 RCW (part IV). The commission shall adopt rules to provide that the schedule for a proceeding under this subsection takes into account both (a) the needs of the parties to the proposed resource acquisition or power purchase agreement for timely decisions that allow transactions to be completed; and (b) the procedural rights to be provided to parties in chapter 34.05 RCW (part IV), including intervention, discovery, briefing, and hearing.))~~

(6) An electrical company may account for and defer for later consideration by the commission costs incurred in connection with ~~((the))~~ a long-term financial commitment, including operating and maintenance costs, depreciation, taxes, and cost of invested capital. The deferral begins with the date on which the power plant begins commercial operation or the effective date of the power purchase agreement and continues for a period not to exceed twenty-four months; provided that if during such period the company files a general rate case or other proceeding for the recovery of such costs, deferral ends on the effective date of the final decision by the commission in such proceeding. Creation of such a deferral account does not by itself determine the actual costs of the long-term financial commitment, whether recovery of any or all of these costs is appropriate, or other issues to be decided by the commission in a general rate case or other proceeding for recovery of these costs. For the purpose of this subsection (6) only, the term "long-term financial commitment" also includes an electric company's ownership or power purchase agreement with a term of five or more years associated with an eligible renewable resource as defined in RCW 19.285.030.

(7) The commission shall consult with the department to apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under RCW 80.80.040. The department shall report to the commission whether baseload electric generation will comply with the greenhouse gases emissions performance standard for the duration of the period the baseload electric generation is supplied to the electrical company.

(8) The commission shall adopt rules for the enforcement of this section with respect to electrical companies and adopt procedural rules for approving costs incurred by an electrical company under subsection (4) of this section.

(9) The commission shall adopt rules necessary to implement this section by December 31, 2008.

Sec. 4. RCW 80.80.070 and 2007 c 307 s 9 are each amended to read as follows:

(1) No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation supplied under such a long-term financial commitment complies with

the greenhouse ((gases)) gas emissions performance standard established under RCW 80.80.040.

(2) The governing board shall review and make a determination on any long-term financial commitment by the utility, pursuant to this chapter and after consultation with the department, to determine whether the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse ((gases)) gas emissions performance standard established under RCW 80.80.040. No consumer-owned utility may enter into a long-term financial commitment unless the baseload electric generation to be supplied under that long-term financial commitment complies with the greenhouse ((gases)) gas emissions performance standard established under RCW 80.80.040.

(3) In confirming that a long-term financial commitment is for baseload electric generation, the governing board shall consider the design of the power plant and the intended use of the power plant based upon the electricity purchase contract, if any, permits necessary for the operation of the power plant, and any other matter the governing board determines is relevant under the circumstances.

(4) The governing board may provide a case-by-case exemption from the greenhouse ((gases)) gas emissions performance standard to address: (a) Unanticipated electric system reliability needs; ((or)) (b) extraordinary cost impacts on utility ratepayers; or (c) catastrophic events or threat of significant financial harm that may arise from unforeseen circumstances.

(5) The governing board shall apply the procedures adopted by the department to verify the emissions of greenhouse gases from baseload electric generation under RCW 80.80.040, and may request assistance from the department in doing so.

(6) For consumer-owned utilities, the auditor is responsible for auditing compliance with this chapter and rules adopted under this chapter that apply to those utilities and the attorney general is responsible for enforcing that compliance."

On page 1, line 2 of the title, after "80.80 RCW;" strike the remainder of the title and insert "and amending RCW 80.80.010, 80.80.040, 80.80.060, and 80.80.070."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 10, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2157 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**NEW SECTION. Sec. 1.** The legislature finds that:

(1) Washington has made significant investments in watershed-based activities, including the establishment of water resource inventory area (WRIA) planning units and lead agencies, lead entities, and regional salmon recovery organizations across the state. Washington watersheds have developed subbasin plans under the Northwest power and conservation council and national oceanic and atmospheric administration-approved regional salmon recovery plans that include locally prioritized salmon recovery projects;

(2) The governor's salmon recovery office was established to support the development and implementation of regional salmon recovery plans, to assist local governments in obtaining federal assurances, and to issue a biennial state of the salmon report;

(3) The salmon recovery funding board provides grants for salmon recovery and the forum on monitoring salmon recovery and watershed health works to provide greater coordination on monitoring. Administrative support for the board and the forum are provided by the recreation and conservation office;

(4) Lead entity funding to support infrastructure and capacity needs is provided through the recreation and conservation office, which contracts with the department of fish and wildlife to implement the program. Funding for WRIA planning units and lead agencies to develop and implement watershed-based plans under RCW 90.82.040 is provided by the department of ecology; and

(5) Currently, state watershed and salmon recovery-based programs are split among several state agencies or offices. Efficient implementation of these efforts will be enhanced by promoting consolidation and integration of their activities and programs. In addition, consolidation of reporting benefits the public and decision makers regarding watershed health, which includes salmon recovery. It is also the intent of the legislature, in cooperation with local and regional officials, and respecting the ability of local citizens and officials to organize in ways best suited to address local needs, to encourage the development of incentives that consolidate existing processes and promote more effective implementation of salmon recovery plans and watershed planning and implementation.

Sec. 2. RCW 77.85.030 and 2007 c 444 s 3 are each amended to read as follows:

(1) The governor's salmon recovery office (~~is created within the office of the governor to~~) shall coordinate state strategy to allow for salmon recovery to healthy sustainable population levels with productive commercial and recreational fisheries. ~~((The))~~ A primary purpose of the office is to coordinate and assist in the development, implementation, and revision of regional salmon recovery plans as an integral part of a statewide strategy developed consistent with the guiding principles and procedures under RCW 77.85.150.

(2) The governor's salmon recovery office is also responsible for maintaining the statewide salmon recovery strategy to reflect applicable provisions of regional recovery plans, habitat protection and restoration plans, water quality plans, and other private, local, regional, state agency and federal plans, projects, and activities that contribute to salmon recovery.

(3) ~~((The governor's salmon recovery office shall also gather regional recovery plans from regional recovery organizations and submit the plans to the federal fish services for adoption as federal recovery plans.))~~ The governor's salmon recovery office shall also work with regional salmon recovery organizations on salmon

recovery issues in order to ensure a coordinated and consistent statewide approach to salmon recovery ~~((The governor's salmon recovery office))~~ and shall work with federal agencies to accomplish implementation of federal commitments in the recovery plans.

(4) The governor's salmon recovery office may also:

(a) Assist state agencies, local governments, landowners, and other interested parties in obtaining federal assurances that plans, programs, or activities are consistent with fish recovery under the federal endangered species act;

(b) Act as liaison to local governments, the state congressional delegation, the United States congress, federally recognized tribes, and the federal executive branch agencies for issues related to the state's salmon recovery plans;

(c) Provide periodic reports pursuant to RCW 77.85.020;

(d) Provide, as appropriate, technical and administrative support to ~~((the independent))~~ science panels ~~((or other science-related panels))~~ on issues pertaining to salmon recovery;

(e) In cooperation with the regional recovery organizations, prepare a timeline and implementation plan that, together with a schedule and recommended budget, identifies specific actions in regional recovery plans for state agency actions and assistance necessary to implement local and regional recovery plans; and

(f) As necessary, provide recommendations to the legislature that would further the success of salmon recovery, including recommendations for state agency actions in the succeeding biennium and state financial and technical assistance for projects and activities to be undertaken in local and regional salmon recovery plans. The recommendations may include:

(i) The need to expand or improve nonregulatory programs and activities; and

(ii) The need for state funding assistance to recovery activities and projects.

(5) ~~((This section expires June 30, 2015.))~~ For administrative purposes, the governor's salmon recovery office is located within the recreation and conservation office.

Sec. 3. RCW 77.85.050 and 2005 c 309 s 6 are each amended to read as follows:

(1)(a) Counties, cities, and tribal governments must jointly designate, by resolution or by letters of support, the area for which a habitat project list is to be developed and the lead entity that is to be responsible for submitting the habitat project list. No project included on a habitat project list shall be considered mandatory in nature and no private landowner may be forced or coerced into participation in any respect. The lead entity may be a county, city, conservation district, special district, tribal government, regional recovery organization, or other entity.

(b) The lead entity shall establish a committee that consists of representative interests of counties, cities, conservation districts, tribes, environmental groups, business interests, landowners, citizens, volunteer groups, regional fish enhancement groups, and other habitat interests. The purpose of the committee is to provide a citizen-based evaluation of the projects proposed to promote salmon habitat.

(c) The committee shall compile a list of habitat projects, establish priorities for individual projects, define the sequence for project implementation, and submit these activities as the habitat project list. The committee shall also identify potential federal, state, local, and private funding sources.

(2) The area covered by the habitat project list must be based, at a minimum, on a WRIA, combination of WRIs, or any other area as agreed to by the counties, cities, and tribes in resolutions or in letters of support meeting the requirements of this subsection. Preference will be given to projects in an area that contain a salmon species that is listed or proposed for listing under the federal endangered species act.

(3) The lead entity shall submit the habitat project list to the ~~((salmon recovery funding))~~ salmon recovery funding board in accordance with procedures adopted by the board.

(4) The recreation and conservation office shall administer funding to support the functions of lead entities.

Sec. 4. RCW 77.85.020 and 2007 c 444 s 2 are each amended to read as follows:

(1) ~~((No later than January 31, 2009, and every odd-numbered year until and including 2015, the governor's salmon recovery office shall submit a biennial state of the salmon report to the legislature and the governor regarding the implementation of the state's salmon recovery strategy. The report must include the following:~~

~~(a) A summary of habitat projects including but not limited to:~~

~~(c) A summary of the number and types of violations of existing laws pertaining to salmon. The summary may include information about the types of sanctions imposed for these violations.~~

~~(2) The report may include the following:~~

~~(a) A description of the amount of in-kind financial contributions, including volunteer, private, state, federal, tribal, as available, and local government funds directly spent on salmon recovery in response to endangered species act listings; and~~

~~(b) Information on the estimated carrying capacity of new habitat created pursuant to chapter 246, Laws of 1998.~~

~~(3) The report shall summarize the monitoring data coordinated by the forum on monitoring salmon recovery and watershed health. The summary may include but is not limited to data and analysis related to:~~

~~(a) Measures of progress in fish recovery;~~

~~(b) Measures of factors limiting recovery as well as trends in such factors; and~~

~~(c) The status of implementation of projects and activities.~~

(4)) Beginning December 2010, the recreation and conservation office shall produce a biennial report on the statewide status of salmon recovery and watershed health, summarize projects and programs funded by the salmon recovery funding board, and summarize progress as measured by high-level indicators and state agency compliance with applicable protocols established by the forum for monitoring salmon recovery and watershed health. The report must be a consolidation of the current reporting activities, including the salmon recovery funding board and the forum on monitoring salmon recovery and watershed health, on the status of salmon recovery and watershed health in Washington state, in accordance with RCW 77.85.250(8). The report shall also include a high-level status report on watershed planning efforts under chapter 90.82 RCW as summarized by the department of ecology and on salmon recovery and watershed planning as summarized by the Puget Sound partnership. The report's introduction must include a list of high-level questions related to the status of watershed health and salmon recovery to help decision makers and the public respond to salmon recovery and watershed health management needs.

(2) The department, the department of ecology, the department of natural resources, and the state conservation commission ~~((and the forum on monitoring salmon recovery and watershed health))~~ shall provide to the ~~((governor's salmon recovery))~~ recreation and conservation office information requested by the office necessary to prepare the ~~((state of the salmon report and other reports produced by the office))~~ consolidated report on salmon recovery and watershed health.

Sec. 5. RCW 77.85.250 and 2007 c 444 s 8 are each amended to read as follows:

(1) ~~((The legislature finds that pursuant to chapter 298, Laws of 2001, and acting upon recommendations of the state's independent science panel, the monitoring oversight committee developed recommendations for a comprehensive statewide strategy for monitoring watershed health, with a focus upon salmon recovery, entitled *The Washington Comprehensive Monitoring Strategy and Action Plan for Watershed Health and Salmon Recovery*. The legislature further finds that funding to begin implementing the strategy and action plan was provided in the 2003-2005 biennial budget, and that executive order 04-03 was issued to coordinate state agency implementation activities. It is therefore the purpose of this~~

section to adopt the strategy and action plan and to provide guidance to ensure that the coordination activities directed by executive order 04-03 are effectively carried out.

~~((2))~~ The forum on monitoring salmon recovery and watershed health is created to implement the Washington Comprehensive Monitoring Strategy and Action Plan for Watershed Health and Salmon Recovery. For administrative purposes, the forum is located within the recreation and conservation office. The governor shall appoint a person with experience and expertise in natural resources and environmental quality monitoring to chair the forum. The chair shall serve four-year terms and may serve successive terms. The forum shall include representatives of the following state agencies and regional entities that have responsibilities related to monitoring of salmon recovery and watershed health:

- (a) Department of ecology;
- (b) Salmon recovery funding board;
- (c) ~~Governor's~~ salmon recovery office;
- (d) Department of fish and wildlife;
- (e) Department of natural resources;
- (f) Puget Sound ~~(action team, or a successor state agency))~~

partnership:

- (g) Conservation commission;
- (h) Department of agriculture;
- (i) Department of transportation; and
- (j) Each of the regional salmon recovery organizations.

~~((3))~~ (2) The forum on monitoring salmon recovery and watershed health shall provide a multiagency venue for coordinating technical and policy issues and actions related to monitoring salmon recovery and watershed health.

~~((4))~~ (3) The forum on monitoring salmon recovery and watershed health shall recommend a set of ~~(measures)~~ high-level indicators for use ((by the governor's salmon recovery office)) in the ((state of the salmon report)) consolidated report on salmon recovery and watershed health required by RCW 77.85.020 to convey results and progress on salmon recovery and watershed health in ways that are easily understood by the general public.

~~((5))~~ (4) The forum on monitoring salmon recovery and watershed health shall invite the participation of federal, tribal, regional, and local agencies and entities that carry out salmon recovery and watershed health monitoring, and work toward coordination and standardization of measures used.

~~((6))~~ (5) The forum on monitoring salmon recovery and watershed health shall periodically report to the governor and the appropriate standing committees of the senate and house of representatives on the forum's activities and recommendations for improving monitoring programs by state agencies ~~(- coordinating with the governor's salmon recovery office biennial report as)).~~ This information must be included within the consolidated report on salmon recovery and watershed health required by RCW 77.85.020.

~~((7))~~ (6) The forum on monitoring salmon recovery and watershed health shall review pilot monitoring programs including those that integrate (a) data collection, management, and access; and (b) information regarding habitat projects and project management.

~~((8))~~ (7) The forum on monitoring salmon recovery and watershed health shall review and make recommendations to the office of financial management and the appropriate legislative committees on agency budget requests related to monitoring salmon recovery and watershed health. These recommendations must be made no later than September 15th of each year. The goal of this review is to prioritize and integrate budget requests across agencies.

~~((9))~~ (8)(a) The forum on monitoring salmon recovery and watershed health shall adopt general high-level indicators for salmon recovery and watershed health in Washington by December 1, 2009. By July 1, 2010, the forum shall also adopt the protocols for monitoring these high-level indicators that will enable state-conducted or state-funded monitoring efforts to be capable of reporting results that will ensure reporting consistency and agency compliance under the consolidated reporting requirement of RCW 77.85.020. The forum on monitoring salmon recovery and watershed health shall indicate how the general high-level indicators are consistent with, and complement, the more detailed regional and local metrics used to measure watershed health and salmon recovery.

(b) High-level indicators shall inform a nontechnical summary of key metrics that indicate the state of salmon recovery and provide an index of watershed health in Washington.

~~((9))~~ This section expires June 30, ~~(2015))~~ 2011.

NEW SECTION. Sec. 6. (1) By December 1, 2009, the recreation and conservation office, in consultation with the department of ecology, the department of fish and wildlife, regional fisheries enhancement groups, lead entities, planning units and lead agencies, and regional salmon recovery organizations shall provide an assessment to the governor on additional coordination and incentive opportunities with lead entities, regional salmon recovery organizations, lead agencies, and WRIA planning units, and shall include any additional coordination and incentive opportunities for those organizations that exist and operate within a shared watershed boundary or portions of a shared watershed boundary.

(2) By December 1, 2009, the recreation and conservation office and the office of regulatory assistance, working in coordination with the departments of ecology and fish and wildlife, must identify and recommend one pilot project outside of Puget Sound that will effectively integrate salmon recovery and watershed planning missions and objectives. The pilot project's purpose is to demonstrate ways to achieve efficient permitting processes to implement projects identified in local or regional salmon recovery or WRIA-based watershed plans.

(3) This section expires December 31, 2009.

NEW SECTION. Sec. 7. (1) By December 1, 2009, the department of ecology must provide recommendations to the legislature on grant programs related to restoration and protection of water quality and for increases, augmentation, or conservation of water quantity supplies that may be more effectively and efficiently funded through the salmon recovery funding board. The recommendations should include ways to integrate salmon recovery data into reporting of watershed health.

(2) This section expires December 31, 2009.

Sec. 8. RCW 77.85.140 and 2007 c 241 s 22 are each amended to read as follows:

(1) Habitat project lists shall be submitted to the salmon recovery funding board for funding at least once a year on a schedule established by the board. The board shall provide the legislature with a list of the proposed projects and a list of the projects funded by October 1st of each year for informational purposes. Project sponsors who complete salmon habitat projects approved for funding from habitat project lists and have met grant application deadlines will be paid by the salmon recovery funding board within thirty days of project completion.

(2) The recreation and conservation office shall track all funds allocated for salmon habitat projects and salmon recovery activities on behalf of the board, including both funds allocated by the board and funds allocated by other state or federal agencies for salmon recovery or water quality improvement.

~~((3) Beginning in December 2000, the board shall provide a biennial report to the governor and the legislature on salmon recovery expenditures. This report shall be coordinated with the state of the salmon report required under RCW 77.85.020.)~~

Sec. 9. RCW 77.85.005 and 2005 c 309 s 1 are each amended to read as follows:

The legislature finds that repeated attempts to improve salmonid fish runs throughout the state of Washington have failed to avert listings of salmon and steelhead runs as threatened or endangered under the federal endangered species act (16 U.S.C. Sec. 1531 et seq.). These listings threaten the sport, commercial, and tribal fishing industries as well as the economic well-being and vitality of vast areas of the state. It is the intent of the legislature to begin activities required for the recovery of salmon stocks as soon as possible, although the legislature understands that successful recovery efforts may not be realized for many years because of the life cycle of salmon and the complex array of natural and human-caused problems they face.

The legislature finds that it is in the interest of the citizens of the state of Washington for the state to retain primary responsibility for managing the natural resources of the state, rather than abdicate those responsibilities to the federal government, and that the state may best accomplish this objective by integrating local and regional recovery

activities into a statewide strategy that can make the most effective use of provisions of federal laws allowing for a state lead in salmon recovery, delivered through implementation activities consistent with regional and watershed recovery plans. The legislature also finds that a statewide salmon recovery strategy must be developed and implemented through an active public involvement process in order to ensure public participation in, and support for, salmon recovery. The legislature also finds that there is a substantial link between the provisions of the federal endangered species act and the federal clean water act (33 U.S.C. Sec. 1251 et seq.). The legislature further finds that habitat restoration is a vital component of salmon recovery efforts. Therefore, it is the intent of the legislature to specifically address salmon habitat restoration in a coordinated manner and to develop a structure that allows for the coordinated delivery of federal, state, and local assistance to communities for habitat projects that will assist in the recovery and enhancement of salmon stocks. A strong watershed-based locally implemented plan is essential for local, regional, and statewide salmon recovery.

The legislature also finds that credible scientific review and oversight is essential for any salmon recovery effort to be successful.

The legislature further finds that it is important to monitor the overall health of the salmon resource to determine if recovery efforts are providing expected returns. It is important to monitor salmon habitat projects and salmon recovery activities to determine their effectiveness in order to secure federal acceptance of the state's approach to salmon recovery. Adaptive management cannot exist without monitoring. For these reasons, the legislature believes that a coordinated and integrated monitoring system should be developed and implemented.

The legislature therefore finds that a coordinated framework for responding to the salmon crisis is needed immediately. To that end, the governor's salmon recovery office should be created (~~(within the governor's office)~~) to provide overall coordination of the state's response; an independent science panel is needed to provide scientific review and oversight; a coordinated state funding process should be established through a salmon recovery funding board; the appropriate local or tribal government should provide local leadership in identifying and sequencing habitat projects to be funded by state agencies; habitat projects should be implemented without delay; and a strong locally based effort to restore salmon habitat should be established by providing a framework to allow citizen volunteers to work effectively.

Sec. 10. RCW 77.85.090 and 2007 c 444 s 5 and 2007 c 341 s 49 are each reenacted and amended to read as follows:

(1) The southwest Washington salmon recovery region, whose boundaries are provided in chapter 60, Laws of 1998, is created.

(2) Lead entities within a salmon recovery region that agree to form a regional salmon recovery organization may be recognized by the governor's salmon recovery office created in RCW 77.85.030(~~(during the time it is constituted,)~~) as a regional recovery organization. The regional recovery organization may plan, coordinate, and monitor the implementation of a regional recovery plan in accordance with RCW 77.85.150. Regional recovery organizations existing as of July 24, 2005, that have developed draft recovery plans approved by the governor's salmon recovery office by July 1, 2005, may continue to plan, coordinate, and monitor the implementation of regional recovery plans.

(3) Beginning January 1, 2008, the leadership council, created under chapter 90.71 RCW, shall serve as the regional salmon recovery organization for Puget Sound salmon species, except for the program known as the Hood Canal summer chum evolutionarily significant unit area, which the Hood Canal coordinating council shall continue to administer under chapter 90.88 RCW.

Sec. 11. RCW 77.85.150 and 2007 c 444 s 6 are each amended to read as follows:

(1) The governor shall, with the assistance of the governor's salmon recovery office, (~~(during the time it is constituted,)~~) maintain and revise, as appropriate, a statewide salmon recovery strategy.

(2) The governor and the governor's salmon recovery office shall be guided by the following considerations in maintaining and revising the strategy:

(a) The strategy should identify statewide initiatives and responsibilities with regional recovery plans and local watershed initiatives as the principal means for implementing the strategy;

(b) The strategy should emphasize collaborative, incentive-based approaches;

(c) The strategy should address all factors limiting the recovery of Washington's listed salmon stocks, including habitat and water quality degradation, harvest and hatchery management, inadequate streamflows, and other barriers to fish passage. Where other limiting factors are beyond the state's jurisdictional authorities to respond to, such as some natural predators and high seas fishing, the strategy shall include the state's requests for federal action to effectively address these factors;

(d) The strategy should identify immediate actions necessary to prevent extinction of a listed salmon stock, establish performance measures to determine if restoration efforts are working, recommend effective monitoring and data management, and recommend to the legislature clear and certain measures to be implemented if performance goals are not met;

(e) The strategy shall rely on the best scientific information available and provide for incorporation of new information as it is obtained;

(f) The strategy should seek a fair allocation of the burdens and costs upon economic and social sectors of the state whose activities may contribute to limiting the recovery of salmon; and

(g) The strategy should seek clear measures and procedures from the appropriate federal agencies for removing Washington's salmon stocks from listing under the federal act.

(3) If the strategy is updated, an active and thorough public involvement process, including early and meaningful opportunity for public comment, must be utilized. In obtaining public comment, the governor's salmon recovery office shall work with regional salmon recovery organizations throughout the state and shall encourage regional and local recovery planning efforts to ensure an active public involvement process.

(4) This section shall apply prospectively only and not retroactively. Nothing in this section shall be construed to invalidate actions taken in recovery planning at the local, regional, or state level prior to July 1, 1999.

Sec. 12. RCW 43.41.270 and 2007 c 444 s 7 and 2007 c 241 s 5 are each reenacted and amended to read as follows:

(1) The office of financial management shall assist natural resource-related agencies in developing outcome-focused performance measures for administering natural resource-related and environmentally based grant and loan programs. These performance measures are to be used in determining grant eligibility, for program management and performance assessment.

(2) The office of financial management and the (~~(governor's salmon recovery)~~) recreation and conservation office(~~(during the time it is constituted,)~~) shall assist natural resource-related agencies in developing recommendations for a monitoring program to measure outcome- focused performance measures required by this section. The recommendations must be consistent with the framework and coordinated monitoring strategy developed by the monitoring oversight committee established in RCW 77.85.210.

(3) Natural resource agencies shall consult with grant or loan recipients including local governments, tribes, nongovernmental organizations, and other interested parties, and report to the office of financial management on the implementation of this section.

(4) For purposes of this section, "natural resource-related agencies" include the department of ecology, the department of natural resources, the department of fish and wildlife, the state conservation commission, the recreation and conservation funding board, the salmon recovery funding board, and the public works board within the department of community, trade, and economic development.

(5) For purposes of this section, "natural resource-related environmentally based grant and loan programs" includes the conservation reserve enhancement program; dairy nutrient management grants under chapter 90.64 RCW; state conservation commission water quality grants under chapter 89.08 RCW; coordinated prevention grants, public participation grants, and remedial action grants under RCW 70.105D.070; water pollution

control facilities financing under chapter 70.146 RCW; aquatic lands enhancement grants under RCW 79.105.150; habitat grants under the Washington wildlife and recreation program under RCW 79A.15.040; salmon recovery grants under chapter 77.85 RCW; and the public works trust fund program under chapter 43.155 RCW. The term also includes programs administered by the department of fish and wildlife related to protection or recovery of fish stocks which are funded with moneys from the capital budget.

Sec. 13. RCW 79A.25.240 and 2007 c 241 s 57 are each amended to read as follows:

The recreation and conservation office shall provide necessary grants and loan administration support to the salmon recovery funding board as provided in RCW 77.85.120. The office shall also be responsible for tracking salmon recovery expenditures under RCW 77.85.140. The office shall provide all necessary administrative support to the salmon recovery funding board, and the salmon recovery funding board shall be located with the office. ~~((The office shall provide necessary coordination with the salmon recovery office.))~~

NEW SECTION. Sec. 14. Nothing in this act is intended to amend chapter 90.71 RCW.

NEW SECTION. Sec. 15. RCW 77.85.100 (Work group-- Evaluation of mitigation alternatives) and 2000 c 107 s 100 & 1998 c 246 s 16 are each repealed."

SUBSTITUTE HOUSE BILL NO. 2160, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 2199 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that restoration of degraded shoreline conditions is important to the ecological function of our waters. However, restoration projects that shift the location of the shoreline can inadvertently create hardships for property owners, particularly in urban areas. Hardship may occur when a shoreline restoration project shifts shoreline management act regulations into areas that had not previously been regulated under the act or shifts the location of required shoreline buffers. The legislature intends to provide relief to property owners in such cases, while protecting the viability of shoreline restoration projects.

NEW SECTION. Sec. 2. A new section is added to chapter 90.58 RCW to read as follows:

(1) The local government may grant relief from shoreline master program development standards and use regulations within urban growth areas when the following apply:

(a) A shoreline restoration project causes or would cause a landward shift in the ordinary high water mark, resulting in the following:

(i)(A) Land that had not been regulated under this chapter prior to construction of the restoration project is brought under shoreline jurisdiction; or

(B) Additional regulatory requirements apply due to a landward shift in required shoreline buffers or other regulations of the applicable shoreline master program; and

(ii) Application of shoreline master program regulations would preclude or interfere with use of the property permitted by local development regulations, thus presenting a hardship to the project proponent;

(b) The proposed relief meets the following criteria:

(i) The proposed relief is the minimum necessary to relieve the hardship;

(ii) After granting the proposed relief, there is net environmental benefit from the restoration project;

(iii) Granting the proposed relief is consistent with the objectives of the shoreline restoration project and consistent with the shoreline master program; and

(iv) Where a shoreline restoration project is created as mitigation to obtain a development permit, the project proponent required to perform the mitigation is not eligible for relief under this section; and

(c) The application for relief must be submitted to the department for written approval or disapproval. This review must occur during the department's normal review of a shoreline substantial development permit, conditional use permit, or variance. If no such permit is required, then the department shall conduct its review when the local government provides a copy of a complete application and all supporting information necessary to conduct the review.

(i) Except as otherwise provided in subsection (2) of this section, the department shall provide at least twenty-days notice to parties that have indicated interest to the department in reviewing applications for relief under this section, and post the notice on their web site.

(ii) The department shall act within thirty calendar days of close of the public notice period, or within thirty days of receipt of the proposal from the local government if additional public notice is not required.

(2) The public notice requirements of subsection (1)(c) of this section do not apply if the relevant shoreline restoration project was included in a shoreline master program or shoreline restoration plan as defined in WAC 173-26-201, as follows:

(a) The restoration plan has been approved by the department under applicable shoreline master program guidelines;

(b) The shoreline restoration project is specifically identified in the shoreline master program or restoration plan or is located along

a shoreline reach identified in the shoreline master program or restoration plan as appropriate for granting relief from shoreline regulations; and

(c) The shoreline master program or restoration plan includes policies addressing the nature of the relief and why, when, and how it would be applied.

(3) A substantial development permit is not required on land within urban growth areas as defined in RCW 36.70A.030 that is brought under shoreline jurisdiction due to a shoreline restoration project creating a landward shift in the ordinary high water mark.

(4) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Shoreline restoration project" means a project designed to restore impaired ecological function of a shoreline.

(b) "Urban growth areas" has the same meaning as defined in RCW 36.70A.030."

On page 1, line 2 of the title, after "projects;" strike the remainder of the title and insert "adding a new section to chapter 90.58 RCW; and creating a new section."

MESSAGE FROM THE SENATE

April 14, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2222 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 90.48.555 and 2004 c 225 s 2 are each amended to read as follows:

The provisions of this section apply to the construction and industrial storm water general permits issued by the department pursuant to the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and this chapter.

(1) Effluent limitations shall be included in construction and industrial storm water general permits as required under the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and its implementing regulations. In accordance with federal clean water act requirements, pollutant specific, water quality-based effluent limitations shall be included in construction and industrial storm water general permits if there is a reasonable potential to cause or contribute to an excursion of a state water quality standard.

(2) Subject to the provisions of this section, both technology and water quality-based effluent limitations may be expressed as:

(a) Numeric effluent limitations;

(b) Narrative effluent limitations; or

(c) A combination of numeric and narrative effluent discharge limitations.

(3) The department must condition storm water general permits for industrial and construction activities issued under the national pollutant discharge elimination system of the federal clean water act to require compliance with numeric effluent discharge limits when such discharges are subject to:

(a) Numeric effluent limitations established in federally adopted, industry-specific effluent guidelines;

(b) State developed, industry-specific performance-based numeric effluent limitations;

(c) Numeric effluent limitations based on a completed total maximum daily load analysis or other pollution control measures; or

(d) A determination by the department that:

(i) The discharges covered under either the construction or industrial storm water general permits have a reasonable potential to cause or contribute to violation of state water quality standards; and

(ii) Effluent limitations based on nonnumeric best management practices are not effective in achieving compliance with state water quality standards.

(4) In making a determination under subsection (3)(d) of this section, the department shall use procedures that account for:

(a) Existing controls on point and nonpoint sources of pollution;

(b) The variability of the pollutant or pollutant parameter in the storm water discharge; and

(c) As appropriate, the dilution of the storm water in the receiving waters.

(5) Narrative effluent limitations requiring both the implementation of best management practices, when designed to satisfy the technology and water quality-based requirements of the federal clean water act, 33 U.S.C. Sec. 1251 et seq., and compliance with water quality standards, shall be used for construction and industrial storm water general permits, unless the provisions of subsection (3) of this section apply.

(6) Compliance with water quality standards shall be presumed, unless discharge monitoring data or other site specific information demonstrates that a discharge causes or contributes to violation of water quality standards, when the permittee is:

(a) In full compliance with all permit conditions, including planning, sampling, monitoring, reporting, and recordkeeping conditions; and

(b)(i) Fully implementing storm water best management practices contained in storm water technical manuals approved by the department, or practices that are demonstrably equivalent to practices contained in storm water technical manuals approved by the department, including the proper selection, implementation, and maintenance of all applicable and appropriate best management practices for on-site pollution control.

(ii) For the purposes of this section, "demonstrably equivalent" means that the technical basis for the selection of all storm water best management practices are documented within a storm water pollution prevention plan. The storm water pollution prevention plan must document:

(A) The method and reasons for choosing the storm water best management practices selected;

(B) The pollutant removal performance expected from the practices selected;

(C) The technical basis supporting the performance claims for the practices selected, including any available existing data concerning field performance of the practices selected;

(D) An assessment of how the selected practices will comply with state water quality standards; and

(E) An assessment of how the selected practices will satisfy both applicable federal technology-based treatment requirements and state requirements to use all known, available, and reasonable methods of prevention, control, and treatment.

(7)(a) By November 1, 2009, the department shall modify or reissue the industrial storm water general permit to require compliance ((by May 1, 2009,)) with appropriately derived numeric water quality-based effluent limitations for existing discharges to water bodies listed as impaired according to 33 U.S.C. Sec. 1313(d) (Sec. 303(d) of the federal clean water act, 33 U.S.C. Sec. 1251 et seq.).

(b) ((No later than September 1, 2008,)) The industrial storm water general permit must require permittees to comply with appropriately derived numeric water quality-based effluent limitations in the permit, as described in (a) of this subsection, by no later than six months after the effective date of the modified or reissued industrial storm water general permit.

(c) For permittees that the department determines are unable to comply with the numeric water quality-based effluent limitations required by (a) of this subsection, within the timeline established in (b) of this subsection, the department shall establish a compliance schedule as follows:

(i) Any compliance schedule provided by the department must require compliance as soon as possible, and must require compliance by no later than twenty-four months, or two complete wet seasons, after the effective date of the industrial storm water general permit. For purposes of this subsection (7)(c)(i), "wet seasons" means October 1st through June 30th.

(ii) The department shall post on its web site the name, location, industrial storm water permit number, and the reason for requesting a compliance schedule for each permittee who requests a compliance schedule according to this subsection (7)(c). The department shall post this information no later than thirty days after receiving a permittee's request for a compliance schedule under this subsection (7)(c). The department shall also prepare a list of organizations and individuals seeking to be notified when such requests for compliance schedules are made, and notify them within thirty days after receiving a permittee's request for a compliance schedule. Notification under this subsection may be accomplished electronically.

(d) The department shall report to the appropriate committees of the legislature specifying how the numeric effluent limitation in (a) of this subsection would be implemented. The report shall identify the number of dischargers to impaired water bodies and provide an assessment of anticipated compliance with the numeric effluent limitation established by (a) of this subsection.

(8)(a) Construction and industrial storm water general permits issued by the department shall include an enforceable adaptive management mechanism that includes appropriate monitoring, evaluation, and reporting. The adaptive management mechanism shall include elements designed to result in permit compliance and shall include, at a minimum, the following elements:

(i) An adaptive management indicator, such as monitoring benchmarks;

(ii) Monitoring;

(iii) Review and revisions to the storm water pollution prevention plan;

(iv) Documentation of remedial actions taken; and

(v) Reporting to the department.

(b) Construction and industrial storm water general permits issued by the department also shall include the timing and mechanisms for implementation of treatment best management practices.

(9) Construction and industrial storm water discharges authorized under general permits must not cause or have the reasonable potential to cause or contribute to a violation of an

applicable water quality standard. Where a discharge has already been authorized under a national pollutant discharge elimination system storm water permit and it is later determined to cause or have the reasonable potential to cause or contribute to the violation of an applicable water quality standard, the department may notify the permittee of such a violation.

(10) Once notified by the department of a determination of reasonable potential to cause or contribute to the violation of an applicable water quality standard, the permittee must take all necessary actions to ensure future discharges do not cause or contribute to the violation of a water quality standard and document those actions in the storm water pollution prevention plan and a report timely submitted to the department. If violations remain or recur, coverage under the construction or industrial storm water general permits may be terminated by the department, and an alternative general permit or individual permit may be issued. Compliance with the requirements of this subsection does not preclude any enforcement activity provided by the federal clean water act, 33 U.S.C. Sec. 1251 et seq., for the underlying violation.

(11) Receiving water sampling shall not be a requirement of an industrial or construction storm water general permit except to the extent that it can be conducted without endangering the health and safety of persons conducting the sampling.

(12) The department may authorize mixing zones only in compliance with and after making determinations mandated by the procedural and substantive requirements of applicable laws and regulations.

NEW SECTION. Sec. 2. A new section is added to chapter 90.48 RCW to read as follows:

(1) As funding to do so becomes available, the department shall create a storm water technical resource center in partnership with a university, nonprofit organization, or other public or private entity to provide tools for storm water management. The center shall use its authority to support the duties listed in this subsection through research, development, technology demonstration, technology transfer, education, outreach, recognition, and training programs. The center may:

(a) Review and evaluate emerging storm water technologies;

(b) Research and develop innovative and cost-effective technical solutions to remove pollutants from runoff and to reduce or eliminate storm water discharges;

(c) Conduct pilot projects to test technical solutions;

(d) Serve as a clearinghouse and outreach center for information on storm water technology;

(e) Assist in the development of storm water control methods to better protect water quality, including source control, product substitution, pollution prevention, and storm water treatment;

(f) Coordinate with federal, state, and local agencies and private organizations in administering programs related to storm water control measures; and

(g) Collaborate with existing storm water outreach programs.

(2) The department shall consult with an advisory committee in the development of the storm water technical resource center. The advisory committee must include representatives from relevant state agencies, local governments, the business community, the environmental community, tribes, and the building and development industry.

(3) The department, in consultation with the storm water technical resource center advisory committee, shall identify a funding strategy for funding the storm water technical resource center.

(4) The department shall encourage all interested parties to help and support the technical resource center with in-kind services.

(5) The department shall prepare and submit a biennial progress report to the legislature.

NEW SECTION. Sec. 3. Section 1 of this act expires January 1, 2015."

On page 1, line 2 of the title, after "permits;" strike the remainder of the title and insert "amending RCW 90.48.555; adding a new section to chapter 90.48 RCW; and providing an expiration date."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 10, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 2223 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 46.25.060 and 2007 c 418 s 1 are each amended to read as follows:

(1)(a) No person may be issued a commercial driver's license unless that person is a resident of this state, has successfully completed a course of instruction in the operation of a commercial motor vehicle that has been approved by the director or has been certified by an employer as having the skills and training necessary to operate a commercial motor vehicle safely, and has passed a knowledge and skills test for driving a commercial motor vehicle that complies with minimum federal standards established by federal regulation enumerated in 49 C.F.R. part 383, subparts G and H, and has satisfied all other requirements of the CMVSA in addition to other requirements imposed by state law or federal regulation. The tests must be prescribed and conducted by the department. In addition to the fee charged for issuance or renewal of any license, the applicant shall pay a fee of no more than ten dollars for each classified knowledge examination, classified endorsement knowledge examination, or any combination of classified license and endorsement knowledge examinations. The applicant shall pay a fee of no more than one hundred dollars for each classified skill examination or combination of classified skill examinations conducted by the department.

(b) The department may authorize a person, including an agency of this or another state, an employer, a private driver training facility, or other private institution, or a department, agency, or instrumentality of local government, to administer the skills test specified by this section under the following conditions:

(i) The test is the same which would otherwise be administered by the state;

(ii) The third party has entered into an agreement with the state that complies with the requirements of 49 C.F.R. part 383.75; and

(iii) The director has adopted rules as to the third party testing program and the development and justification for fees charged by any third party.

(c) If the applicant's primary use of a commercial driver's license is for any of the following, then the applicant shall pay a fee of no more than seventy-five dollars for each classified skill examination or combination of classified skill examinations whether conducted by the department or a third-party tester:

(i) Public benefit not-for-profit corporations that are federally supported head start programs; or

(ii) Public benefit not-for-profit corporations that support early childhood education and assistance programs as described in RCW 43.215.405(4).

(2) The department shall work with the office of the superintendent of public instruction to develop modified P1 and P2 skill examinations that also include the skill examination components required to obtain an "S" endorsement. In no event may a new applicant for an "S" endorsement be required to take two separate examinations to obtain an "S" endorsement and either a P1 or P2 endorsement, unless that applicant is upgrading his or her existing commercial driver's license to include an "S" endorsement. The combined P1/S or P2/S skill examination must be offered to the applicant at the same cost as a regular P1 or P2 skill examination.

(3)(a) The department may waive the skills test and the requirement for completion of a course of instruction in the operation of a commercial motor vehicle specified in this section for a commercial driver's license applicant who meets the requirements of 49 C.F.R. part 383.77.

(b) An applicant who operates a commercial motor vehicle for agribusiness purposes is exempt from the course of instruction completion and employer skills and training certification requirements under this section. By January 1, 2010, the department shall submit recommendations regarding the continuance of this exemption to the transportation committees of the legislature. For purposes of this subsection (3)(b), "agribusiness" means a private carrier who in the normal course of business primarily transports:

(i) Farm machinery, farm equipment, implements of husbandry, farm supplies, and materials used in farming;

(ii) Agricultural inputs, such as seed, feed, fertilizer, and crop protection products;

(iv) Any combination of (b)(i) through (iii) of this subsection.

This subsection (3)(b) expires July 1, 2011.

(4) A commercial driver's license or commercial driver's instruction permit may not be issued to a person while the person is subject to a disqualification from driving a commercial motor vehicle, or while the person's driver's license is suspended, revoked, or canceled in any state, nor may a commercial driver's license be issued to a person who has a commercial driver's license issued by any other state unless the person first surrenders all such licenses, which must be returned to the issuing state for cancellation.

(5)(a) The department may issue a commercial driver's instruction permit to an applicant who is at least eighteen years of age and holds a valid Washington state driver's license and who has submitted a proper application, passed the general knowledge examination required for issuance of a commercial driver's license under subsection (1) of this section, and paid the appropriate fee for the knowledge examination and an application fee of ten dollars.

(b) A commercial driver's instruction permit may not be issued for a period to exceed six months. Only one renewal or reissuance may be granted within a two-year period.

(c) The holder of a commercial driver's instruction permit may drive a commercial motor vehicle on a highway only when accompanied by the holder of a commercial driver's license valid for the type of vehicle driven who occupies a seat beside the individual for the purpose of giving instruction in driving the commercial motor vehicle. The holder of a commercial driver's instruction permit is not authorized to operate a commercial motor vehicle transporting hazardous materials.

(d) The department shall transmit the fees collected for commercial driver's instruction permits to the state treasurer."

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House did not concur in the Senate amendment to SUBSTITUTE HOUSE BILL NO. 1420 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 16, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1553 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 4.96.020 and 2006 c 82 s 3 are each amended to read as follows:

(1) The provisions of this section apply to claims for damages against all local governmental entities and their officers, employees, or volunteers, acting in such capacity, except that claims involving injuries from health care are governed solely by the procedures set forth in chapter 7.70 RCW and are exempt from this chapter.

(2) The governing body of each local governmental entity shall appoint an agent to receive any claim for damages made under this chapter. The identity of the agent and the address where he or she may be reached during the normal business hours of the local governmental entity are public records and shall be recorded with the auditor of the county in which the entity is located. All claims for damages against a local governmental entity, or against any local governmental entity's officers, employees, or volunteers, acting in such capacity, shall be presented to the agent within the applicable period of limitations within which an action must be commenced. A claim is deemed presented when the claim form is delivered in person or is received by the agent by regular mail, registered mail, or certified mail, with return receipt requested, to the agent or other person designated to accept delivery at the agent's office. The failure of a local governmental entity to comply with the requirements of this section precludes that local governmental entity from raising a defense under this chapter.

(3) ((All claims for damages arising out of tortious conduct must locate and describe the conduct and circumstances which brought about the injury or damage, describe the injury or damage, state the time and place the injury or damage occurred, state the names of all persons involved, if known, and shall contain the amount of damages claimed, together with a statement of the actual residence of the claimant at the time of presenting and filing the claim and for a period of six months immediately prior to the time the claim arose. If the claimant is incapacitated from verifying, presenting, and filing the claim in the time prescribed or if the claimant is a minor, or is a nonresident of the state absent therefrom during the time within which the claim is required to be filed, the claim may be verified, presented, and filed on behalf of the claimant by any relative, attorney, or agent representing the claimant.)) For claims for damages presented after the effective date of this section, all claims for damages must be presented on the standard tort claim form that is maintained by the risk management division of the office of financial management, except as allowed under (c) of this subsection. The standard tort claim form must be posted on the office of financial management's web site.

(a) The standard tort claim form must, at a minimum, require the following information:

(i) The claimant's name, date of birth, and contact information;

(ii) A description of the conduct and the circumstances that brought about the injury or damage;

(iii) A description of the injury or damage;

(iv) A statement of the time and place that the injury or damage occurred;

(v) A listing of the names of all persons involved and contact information, if known;

(vi) A statement of the amount of damages claimed; and

(vii) A statement of the actual residence of the claimant at the time of presenting the claim and at the time the claim arose.

(b) The standard tort claim form must be signed either:

(i) By the claimant, verifying the claim;

(ii) Pursuant to a written power of attorney, by the attorney in fact for the claimant;

(iii) By an attorney admitted to practice in Washington state on the claimant's behalf; or

(iv) By a court-approved guardian or guardian ad litem on behalf of the claimant.

(c) Local governmental entities shall make available the standard tort claim form described in this section with instructions on how the form is to be presented and the name, address, and business hours of the agent of the local governmental entity. If a local governmental entity chooses to also make available its own tort claim form in lieu of the standard tort claim form, the form:

(i) May require additional information beyond what is specified under this section, but the local governmental entity may not deny a claim because of the claimant's failure to provide that additional information;

(ii) Must not require the claimant's social security number; and

(iii) Must include instructions on how the form is to be presented and the name, address, and business hours of the agent of the local governmental entity appointed to receive the claim.

(d) If any claim form provided by the local governmental entity fails to require the information specified in this section, or incorrectly lists the agent with whom the claim is to be filed, the local governmental entity is deemed to have waived any defense related to the failure to provide that specific information or to present the claim to the proper designated agent.

(e) Presenting either the standard tort claim form or the local governmental tort claim form satisfies the requirements of this chapter.

(f) The amount of damages stated on the claim form is not admissible at trial.

(4) No action subject to the claim filing requirements of RCW 4.92.100 shall be commenced against any local governmental entity, or against any local governmental entity's officers, employees, or volunteers, acting in such capacity, for damages arising out of tortious conduct until sixty calendar days have elapsed after the claim has first been presented to ((and filed with)) the agent of the governing body thereof. The applicable period of limitations within which an action must be commenced shall be tolled during the sixty(=) calendar day period. For the purposes of the applicable period of limitations, an action commenced within five court days after the sixty calendar day period has elapsed is deemed to have been presented on the first day after the sixty calendar day period elapsed.

(5) With respect to the content of claims under this section and all procedural requirements in this section, this section must be liberally construed so that substantial compliance will be deemed satisfactory.

Sec. 2. RCW 4.92.100 and 2006 c 82 s 1 are each amended to read as follows:

(1) All claims against the state, or against the state's officers, employees, or volunteers, acting in such capacity, for damages arising out of tortious conduct, except for claims involving injuries from health care, shall be presented to ((and filed with)) the risk management division. ((All such claims shall be verified and shall accurately describe the conduct and circumstances which brought about the injury or damage, describe the injury or damage, state the time and place the injury or damage occurred, state the names of all persons involved, if known, and shall contain the amount of damages claimed, together with a statement of the actual residence of the claimant at the time of presenting and filing the claim and for a period of six months immediately prior to the time the claim arose. If the claimant is incapacitated from verifying, presenting, and filing the claim or if the claimant is a minor, or is a nonresident of the state, the claim may be verified, presented, and filed on behalf of the claimant by any relative, attorney, or agent representing the claimant.)) Claims involving injuries from health care are governed solely by the procedures set forth in chapter 7.70 RCW and are exempt from this chapter. A claim is deemed presented when the claim form is delivered in person or by regular mail, registered mail,

or certified mail, with return receipt requested, to the risk management division. For claims for damages presented after the effective date of this section, all claims for damages must be presented on the standard tort claim form that is maintained by the risk management division. The standard tort claim form must be posted on the office of financial management's web site.

(a) The standard tort claim form must, at a minimum, require the following information:

(i) The claimant's name, date of birth, and contact information;

(ii) A description of the conduct and the circumstances that brought about the injury or damage;

(iii) A description of the injury or damage;

(iv) A statement of the time and place that the injury or damage occurred;

(v) A listing of the names of all persons involved and contact information, if known;

(vi) A statement of the amount of damages claimed; and

(vii) A statement of the actual residence of the claimant at the time of presenting the claim and at the time the claim arose.

(b) The standard tort claim form must be signed either:

(i) By the claimant, verifying the claim;

(ii) Pursuant to a written power of attorney, by the attorney in fact for the claimant;

(iii) By an attorney admitted to practice in Washington state on the claimant's behalf; or

(iv) By a court-approved guardian or guardian ad litem on behalf of the claimant.

(c) The amount of damages stated on the claim form is not admissible at trial.

(2) The state shall make available the standard tort claim form described in this section with instructions on how the form is to be presented and the name, address, and business hours of the risk management division. The standard tort claim form must not list the claimant's social security number and must not require information not specified under this section.

(3) With respect to the content of ((such)) claims under this section and all procedural requirements in this section, this section ((shall)) must be liberally construed so that substantial compliance will be deemed satisfactory.

Sec. 3. RCW 4.92.110 and 2006 c 82 s 2 are each amended to read as follows:

No action subject to the claim filing requirements of RCW 4.92.100 shall be commenced against the state, or against any state officer, employee, or volunteer, acting in such capacity, for damages arising out of tortious conduct until sixty calendar days have elapsed after the claim is presented to ((and filed with)) the risk management division. The applicable period of limitations within which an action must be commenced shall be tolled during the sixty((-)) calendar day period. For the purposes of the applicable period of limitations, an action commenced within five court days after the sixty calendar day period has elapsed is deemed to have been presented on the first day after the sixty calendar day period elapsed."

SUBSTITUTE HOUSE BILL NO. 1793, as amended by the Senate, having received the necessary constitutional majority, was declared passed.

MESSAGE FROM THE SENATE

April 15, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2128 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that substantial progress has been made toward achieving the equally important goals set in 2007 that all children in Washington state have health care coverage by 2010 and that child health outcomes improve. The legislature also finds that continued steps are necessary to reach the goals that all children in Washington state shall have access to the health services they need to be healthy and ready to learn and that key measures of child health outcomes will show year by year improvement. The legislature further finds that reaching these goals is integral to the state's ability to weather the current economic crisis. The recent reauthorization of the federal children's health insurance program provides additional opportunities for the state to reach these goals. In view of these important objectives, the legislature intends that the apple health for kids program be managed actively across administrations in the department of social and health services, and across state and local agencies, with clear accountability for achieving the intended program outcomes. The legislature further intends that the department continue the implementation of the apple health for kids program with a commitment to fully utilizing the new program identity with appropriate materials.

Sec. 2. RCW 74.09.470 and 2007 c 5 s 2 are each amended to read as follows:

(1) Consistent with the goals established in RCW 74.09.402, through the apple health for kids program authorized in this section, the department shall provide affordable health care coverage to children under the age of nineteen who reside in Washington state and whose family income at the time of enrollment is not greater than two hundred fifty percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, and effective January 1, 2009, and only to the extent that funds are specifically appropriated therefor, to children whose family income is not greater than three hundred percent of the federal poverty level. In administering the program, the department shall take such actions as may be necessary to ensure the receipt of federal financial participation under the medical assistance program, as codified at Title XIX of the federal social security act, the state children's health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available in the future. The department and the caseload forecast council shall estimate the anticipated caseload and costs of the program established in this section.

(2) The department shall accept applications for enrollment for children's health care coverage; establish appropriate minimum-enrollment periods, as may be necessary; and determine eligibility based on current family income. The department shall make eligibility determinations within the time frames for establishing eligibility for children on medical assistance, as defined by RCW 74.09.510. The application and annual renewal processes shall be designed to minimize administrative barriers for applicants and enrolled clients, and to minimize gaps in eligibility for families who are eligible for coverage. If a change in family income results in a change in ~~((program eligibility))~~ the source of funding for coverage, the department shall transfer the family members to the appropriate ~~((programs))~~ source of funding and notify the family with respect to any change in premium obligation, without a break in eligibility. The department shall use the same eligibility redetermination and appeals procedures as those provided for children on medical assistance programs. The department shall modify its eligibility renewal procedures to lower the percentage of children failing to annually renew. ~~((The department shall report to the appropriate committees of the legislature on its progress in this regard by December 2007.))~~ The department shall manage its outreach, application, and renewal procedures with the goals of: (a) Achieving year by year improvements in enrollment, enrollment rates, renewals, and renewal rates; (b) maximizing the use of existing program databases to obtain information related to earned and unearned income for purposes of eligibility determination and renewals, including, but not limited to, the basic food program, the child care subsidy program, federal social security administration programs, and the employment security department wage database; (c) streamlining renewal processes to rely primarily upon data matches, online submissions, and telephone interviews; and (d) implementing any other eligibility determination and renewal processes to allow the state to receive an enhanced federal matching rate and additional federal outreach funding available through the federal children's health insurance program reauthorization act of 2009 by January 2010. The department shall advise the governor and the legislature regarding the status of these efforts by September 30, 2009. The information provided should include the status of the department's efforts, the anticipated impact of those efforts on enrollment, and the costs associated with that enrollment.

(3) To ensure continuity of care and ease of understanding for families and health care providers, and to maximize the efficiency of the program, the amount, scope, and duration of health care services provided to children under this section shall be the same as that provided to children under medical assistance, as defined in RCW 74.09.520.

(4) The primary mechanism for purchasing health care coverage under this section shall be through contracts with managed health care systems as defined in RCW 74.09.522 ~~((except when utilization patterns suggest that fee-for-service purchasing could produce equally effective and cost-efficient care)),~~ subject to conditions, limitations, and appropriations provided in the biennial appropriations act. However, the department shall make every effort within available resources to purchase health care coverage for uninsured children whose families have access to dependent coverage through an employer-sponsored health plan or another source when it is cost-effective for the state to do so, and the purchase is consistent with requirements of Title XIX and Title XXI of the federal social security act. To the extent allowable under federal law, the department shall require families to enroll in available employer-sponsored coverage, as a condition of participating in the program established under ~~((chapter 5, Laws of 2007))~~ this section, when it is cost-effective for the state to do so. Families who enroll in available employer-sponsored coverage under ~~((chapter 5, Laws of 2007))~~ this section shall be accounted for separately in the annual report required by RCW 74.09.053.

(5)(a) To reflect appropriate parental responsibility, the department shall develop and implement a schedule of premiums for children's health care coverage due to the department from families with income greater than two hundred percent of the federal poverty level. For families with income greater than two hundred fifty percent of the federal poverty level, the premiums shall be established in consultation with the senate majority and minority

leaders and the speaker and minority leader of the house of representatives. Premiums shall be set at a reasonable level that does not pose a barrier to enrollment. The amount of the premium shall be based upon family income and shall not exceed the premium limitations in Title XXI of the federal social security act. Premiums shall not be imposed on children in households at or below two hundred percent of the federal poverty level as articulated in RCW 74.09.055.

(b) Beginning no later than January 1, ~~((2009))~~ 2010, the department shall offer families whose income is greater than three hundred percent of the federal poverty level the opportunity to purchase health care coverage for their children through the programs administered under this section without ~~((a))~~ an explicit premium subsidy from the state. The design of the health benefit package offered to these children should provide a benefit package substantially similar to that offered in the apple health for kids program, and may differ with respect to cost-sharing, and other appropriate elements from that provided to children under subsection (3) of this section including, but not limited to, application of preexisting conditions, waiting periods, and other design changes needed to offer affordable coverage. The amount paid by the family shall be in an amount equal to the rate paid by the state to the managed health care system for coverage of the child, including any associated and administrative costs to the state of providing coverage for the child. Any pooling of the program enrollees that results in state fiscal impact must be identified and brought to the legislature for consideration.

(6) The department shall undertake and continue a proactive, targeted outreach and education effort with the goal of enrolling children in health coverage and improving the health literacy of youth and parents. The department shall collaborate with the department of health, local public health jurisdictions, the office of ~~((the))~~ the superintendent of public instruction, the department of early learning, health educators, health care providers, health carriers, community-based organizations, and parents in the design and development of this effort. The outreach and education effort shall include the following components:

(a) Broad dissemination of information about the availability of coverage, including media campaigns;

(b) Assistance with completing applications, and community-based outreach efforts to help people apply for coverage. Community-based outreach efforts should be targeted to the populations least likely to be covered;

(c) Use of existing systems, such as enrollment information from the free and reduced-price lunch program, the department of early learning child care subsidy program, the department of health's women, infants, and children program, and the early childhood education and assistance program, to identify children who may be eligible but not enrolled in coverage;

(d) Contracting with community-based organizations and government entities to support community-based outreach efforts to help families apply for coverage. These efforts should be targeted to the populations least likely to be covered. The department shall provide informational materials for use by government entities and community-based organizations in their outreach activities, and should identify any available federal matching funds to support these efforts;

(e) Development and dissemination of materials to engage and inform parents and families statewide on issues such as: The benefits of health insurance coverage; the appropriate use of health services, including primary care provided by health care practitioners licensed under chapters 18.71, 18.57, 18.36A, and 18.79 RCW, and emergency services; the value of a medical home, well-child services and immunization, and other preventive health services with linkages to department of health child profile efforts; identifying and managing chronic conditions such as asthma and diabetes; and the value of good nutrition and physical activity;

(f) An evaluation of the outreach and education efforts, based upon clear, cost-effective outcome measures that are included in contracts with entities that undertake components of the outreach and education effort;

(g) ~~((A feasibility study and))~~ An implementation plan to develop online application capability that is integrated with the

department's automated client eligibility system, and to develop data linkages with the office of ~~((the))~~ the superintendent of public instruction for free and reduced-price lunch enrollment information and the department of early learning for child care subsidy program enrollment information. ~~((The department shall submit a feasibility study on the implementation of the requirements in this subsection to the governor and legislature by July 2008.))~~

MESSAGE FROM THE SENATE

April 8, 2009

Mr. Speaker:

The Senate has passed SUBSTITUTE HOUSE BILL NO. 1292 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature continues to support school districts seeking innovations to further the educational experiences of students and staff while also realizing increased efficiencies in day- to-day operations. School districts have suggested that efficiencies in heating, lighting, or maintenance expenses could be possible if districts were given the ability to create a more flexible calendar. Furthermore, the legislature finds that a flexible calendar could be beneficial to student learning by allowing for the use of the unscheduled days for professional development activities, planning, tutoring, special programs, parent conferences, and athletic events. A flexible calendar also has the potential to ease the burden of long commutes on students in rural areas and to lower absenteeism.

School districts in several western states have operated on a four- day school week and report increased efficiencies, family support, and reduced absenteeism, with no negative impact on student learning. Small rural school districts in particular could benefit due to their high per-pupil costs for transportation and utilities. Therefore, the legislature intends to provide increased flexibility to a limited number of school districts to explore the potential value of operating on a flexible calendar, so long as adequate safeguards are put in place to prevent any negative impact on student learning.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.305 RCW to read as follows:

(1) In addition to waivers authorized under RCW 28A.305.140 and 28A.655.180, the state board of education may grant waivers from the requirement for a one hundred eighty-day school year under RCW 28A.150.220 and 28A.150.250 to school districts that propose to operate one or more schools on a flexible calendar for purposes of economy and efficiency as provided in this section. The requirement under RCW 28A.150.220 that school districts offer an annual average instructional hour offering of at least one thousand hours shall not be waived.

(2) A school district seeking a waiver under this section must submit an application that includes:

(a) A proposed calendar for the school day and school year that demonstrates how the instructional hour requirement will be maintained;

(b) An explanation and estimate of the economies and efficiencies to be gained from compressing the instructional hours into fewer than one hundred eighty days;

(c) An explanation of how monetary savings from the proposal will be redirected to support student learning;

(d) A summary of comments received at one or more public hearings on the proposal and how concerns will be addressed;

(e) An explanation of the impact on students who rely upon free and reduced-price school child nutrition services and the impact on the ability of the child nutrition program to operate an economically independent program;

(f) An explanation of the impact on the ability to recruit and retain employees in education support positions;

(g) An explanation of the impact on students whose parents work during the missed school day; and

(h) Other information that the state board of education may request to assure that the proposed flexible calendar will not adversely affect student learning.

(3) The state board of education shall adopt criteria to evaluate waiver requests. No more than seven districts may be granted waivers. Waivers may be granted for up to three years. After each school year, the state board of education shall analyze empirical evidence to determine whether the reduction is affecting student learning. If the state board of education determines that student learning is adversely affected, the school district shall discontinue the flexible calendar as soon as possible but not later than the beginning of the next school year after the determination has been made. All waivers expire August 31, 2014.

(a) Two of the seven waivers granted under this subsection shall be granted to school districts with student populations of less than one hundred fifty students.

(b) Three of the five waivers granted under this subsection shall be granted to school districts with student populations of between one hundred fifty-one and five hundred students.

(c) Two of the seven waivers granted under this subsection (3) shall be granted to school districts with student populations greater than five hundred students and less than five thousand students.

(4) The state board of education shall examine the waivers granted under this section and make a recommendation to the education committees of the legislature by December 15, 2013, regarding whether the waiver program should be continued, modified, or allowed to terminate. This recommendation should focus on whether the program resulted in improved student learning as demonstrated by empirical evidence. Such evidence includes, but is not limited to: Improved scores on the Washington assessment of student learning, results of the dynamic indicators of basic early literacy skills, student grades, and attendance.

(5) This section expires August 31, 2014.

Sec. 3. RCW 28A.655.180 and 1995 c 208 s 1 are each amended to read as follows:

(1) The state board of education, where appropriate, or the superintendent of public instruction, where appropriate, may grant waivers to districts from the provisions of statutes or rules relating to: The length of the school year; student-to-teacher ratios; and other administrative rules that in the opinion of the state board of education or the opinion of the superintendent of public instruction may need to be waived in order for a district to implement a plan for restructuring its educational program or the educational program of individual schools within the district.

(2) School districts may use the application process in RCW 28A.305.140 ~~((or 28A.300.138))~~ to apply for the waivers under ~~((subsection (1) of))~~ this section.

~~((3) The joint select committee on education restructuring shall study which waivers of state laws or rules are necessary for school districts to implement education restructuring. The committee shall study whether the waivers are used to implement specific essential academic learning requirements and student learning goals. The committee shall study the availability of waivers under the schools for the twenty-first century program created by chapter 525, Laws of 1987, and the use of those waivers by schools participating in that program. The committee shall also study the use of waivers authorized under RCW 28A.305.140. The committee shall report its findings to the legislature by December 1, 1997.))~~

NEW SECTION. Sec. 4. RCW 28A.305.145 (Application process for waivers under RCW 28A.305.140) and 1993 c 336 s 302 are each repealed."

On page 1, line 2 of the title, after "year;" strike the remainder of the title and insert "amending RCW 28A.655.180; adding a new section to chapter 28A.305 RCW; creating a new section; repealing RCW 28A.305.145; and providing an expiration date."

and the same is herewith transmitted.

(f) Whether the project is referenced in the action agenda developed by the Puget Sound partnership under RCW 90.71.310;

(g) Except as otherwise provided in RCW 70.146.120, and effective one calendar year following the development and statewide availability of model evergreen community management plans and ordinances under RCW 35.105.050, whether the project is sponsored by an entity that has been recognized, and what gradation of recognition was received, in the evergreen community recognition program created in RCW 35.105.030;

(h) The extent to which the applicant county or city, or if the applicant is another public body, the extent to which the county or city in which the applicant public body is located, has established programs to mitigate nonpoint pollution of the surface or subterranean water sought to be protected by the water pollution control facility named in the application for state assistance; and

(i) The recommendations of the Puget Sound partnership, created in RCW 90.71.210, and any other board, council, commission, or group established by the legislature or a state agency to study water pollution control issues in the state.

(2) Except where necessary to address a public health need or substantial environmental degradation, a county, city, or town planning under RCW 36.70A.040 may not receive a grant or loan for water pollution control facilities unless it has adopted a comprehensive plan, including a capital facilities plan element, and development regulations as required by RCW 36.70A.040. This subsection does not require any county, city, or town planning under RCW 36.70A.040 to adopt a comprehensive plan or development regulations before requesting or receiving a grant or loan under this chapter if such request is made before the expiration of the time periods specified in RCW 36.70A.040. A county, city, or town planning under RCW 36.70A.040 which has not adopted a comprehensive plan and development regulations within the time periods specified in RCW 36.70A.040 is not prohibited from receiving a grant or loan under this chapter if the comprehensive plan and development regulations are adopted as required by RCW 36.70A.040 before submitting a request for a grant or loan.

(3) Whenever the department is considering awarding grants or loans for public facilities to special districts requesting funding for a proposed facility located in a county, city, or town planning under RCW 36.70A.040, it shall consider whether the county, city, or town planning under RCW 36.70A.040 in whose planning jurisdiction the proposed facility is located has adopted a comprehensive plan and development regulations as required by RCW 36.70A.040.

(4) When making grants or loans for water pollution control facilities, the department may award grants or provide loans to publicly owned industrial wastewater treatment facilities that relieve a city of the burden of processing industrial wastewater.

(5) After January 1, 2010, any project designed to address the effects of water pollution on Puget Sound may be funded under this chapter only if the project is not in conflict with the action agenda developed by the Puget Sound partnership under RCW 90.71.310.

Sec. 8. RCW 90.48.290 and 1987 c 109 s 145 are each amended to read as follows:

The department is authorized to make and administer grants within appropriations authorized by the legislature to any municipal or public corporation, or political subdivision within the state for the purpose of aiding in the construction of water pollution control projects necessary to prevent the discharge of untreated or inadequately treated sewage or other waste into the waters of the state including, but not limited to, projects for the control of storm or surface waters which will provide for the removal of waste or polluting materials therefrom.

Grants so made by the department shall be subject to the following limitations:

(1) No grant shall be made in an amount which exceeds the recipient's contribution to the estimated cost of the project: PROVIDED, That the following shall be considered a part of the recipient's contribution:

(a) Any grant received by the recipient from the federal government pursuant to section 8(f) of the Federal Water Pollution Control Act (33 U.S.C. 466) for the project;

(b) Any expenditure which is made by any municipal or public corporation, or political subdivision within the state as a part of a joint effort with the recipient to carry out the project and which has not been used as a matching contribution for another grant made pursuant to this chapter, and

(c) Any expenditure for the project made by the recipient out of moneys advanced by the department from a revolving fund and repayable to said fund.

(2) No grant shall be made for any project which does not qualify for and receive a grant of federal funds under the provisions of the Federal Water Pollution Control Act as now or hereafter amended: PROVIDED, That this restriction shall not apply to state grants made in any biennium over and above the amount of such grants required to match all federal funds allocated to the state for such biennium. As such, grants may be made for the planning, design, and construction of any publicly owned wastewater treatment facilities, including publicly owned industrial wastewater treatment facilities that relieve a city of the burden of processing industrial wastewater.

(3) No grant shall be made to any municipal or public corporation, or political subdivision for any project located within a drainage basin unless the department shall have previously adopted a comprehensive water pollution control and abatement plan and unless the project is found by the department to conform with such basin comprehensive plan: PROVIDED, That the requirement for a project to conform to a comprehensive water pollution control and abatement plan may be waived by the department for any grant application filed with the department prior to July 1, 1974, in those situations where the department finds the public interest would be served better by approval of any grant application made prior to adoption of such plan than by its denial.

(4) Recipients of grants shall meet such qualifications and follow such procedures in applying for grants as shall be established by the department.

(5) Grants may be made to reimburse recipients for expenditures made after July 1, 1967, for projects which meet the requirements of this section and were commenced after the recipient had filed a grant application with the department.

MESSAGE FROM THE SENATE

April 14, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1571 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 90.03.110 and 1987 c 109 s 72 are each amended to read as follows:

(1) Upon the filing of a petition with the department by a planning unit or by one or more persons claiming the right to ~~((divert))~~ any waters within the state or when, after investigation, in the judgment of the department, the ~~((interest of the public will be subserved by a determination of the rights thereto, it shall be the duty of the department to))~~ public interest will be served by a determination of the rights thereto, the department shall prepare a statement of the facts, together with a plan or map of the locality under investigation, and file such statement and plan or map in the superior court of the county in which said water is situated, or, in case such water flows or is situated in more than one county, in the county which the department shall determine to be the most convenient to the parties interested therein. Such a statement shall ~~((contain substantially the following matter, to wit:~~

~~(1) The names of all known persons claiming the right to divert said water, the right to the diversion of which is sought to be determined, and~~

~~(2) A brief statement of the facts in relation to such water, and the necessity for a determination of the rights thereto);~~

(a) Either (i) identify each person or entity owning real property situated within the area to be adjudicated but outside the boundaries of a city, town, or special purpose district that provides water to property within its service area; (ii) identify all known persons claiming a right to the water sought to be determined; or (iii) identify both; and

(b) Include a brief statement of the facts in relation to such water, and the necessity for a determination of the rights thereto.

(2) Prior to filing an adjudication under this chapter, the department shall:

(a) Consult with the administrative office of the courts to determine whether sufficient judicial resources are available to commence and to prosecute the adjudication in a timely manner; and

(b) Report to the appropriate committees of the legislature on the estimated budget needs for the court and the department to conduct the adjudication.

Sec. 2. RCW 90.03.120 and 1987 c 109 s 73 are each amended to read as follows:

(1) Upon the filing of the statement and map as provided in RCW 90.03.110 the judge of such superior court shall make an order directing summons to be issued, and fixing the return day thereof, which shall be not less than ~~((sixty))~~ one hundred nor more than ~~((ninety))~~ one hundred thirty days, after the making of such order: PROVIDED, That for good cause, the court, at the request of the department, may modify said time period.

(2) A summons issued under this section shall ~~((thereupon))~~ be issued out of said superior court, signed and attested by the clerk thereof, in the name of the state of Washington, as plaintiff, against all known persons ~~((claiming the right to divert the water involved and also all persons unknown claiming the right to divert the water involved, which said))~~ identified by the department under RCW 90.03.110. The summons shall contain a brief statement of the objects and purpose of the proceedings and shall require the defendants to appear on the return day thereof, and make and file ~~((a statement of))~~ an adjudication claim to, or interest in, the water involved and a statement that unless they appear at the time and place fixed and assert such right, judgment will be entered determining their rights according to the evidence: PROVIDED, HOWEVER, That any persons claiming the right to ~~((the use of))~~ water by virtue of a contract with a claimant to the right to divert the same, shall not be necessary parties to the proceeding.

(3) To the extent consistent with court rules and subject to the availability of funds provided either by direct appropriation or funded through the administrative office of the courts for this specific adjudicative proceeding, the court is encouraged to conduct the water rights adjudication employing innovative practices and technologies appropriate to large scale and complex cases, such as: (a) Electronic filing of documents, including notice and claims; (b) appearance via teleconferencing; (c) prefiling of testimony; and (d) other practices and technologies consistent with court rules and emerging technologies.

NEW SECTION. Sec. 3. A new section is added to chapter 90.03 RCW to read as follows:

(1) A judge in a water right adjudication filed under this chapter may be partially or fully disqualified from hearing the adjudication. Partial disqualification means disqualification from hearing specified claims. Full disqualification means disqualification from hearing any aspect of the adjudication.

(a) A judge is partially disqualified when the judge's impartiality might reasonably be questioned and the apparent or actual partiality is limited to specified claims.

(b) A judge is fully disqualified when the judge's impartiality might reasonably be questioned and the apparent or actual partiality extends beyond limited claims such that the judge should not hear any part of the adjudication.

(2) A judge may recuse himself or herself under this section or a party may file a motion for disqualification. A motion for disqualification must state whether the remedy being sought is full or partial disqualification.

(3)(a) For parties who are named in the original pleadings, a motion for disqualification is timely if it is filed before the judge issues a discretionary order or ruling in the adjudication.

(b) For a party who is joined in the adjudication after the original pleadings have been filed, a motion for disqualification is timely if it is filed within the earliest of either (i) thirty days of being joined in the adjudication; or (ii) after the joinder of the party, before the judge issues a discretionary order or ruling relating to the joined party.

(c) When a motion for disqualification is untimely filed under this subsection (3), the motion will be granted only when necessary to correct a substantial injustice.

(d) For purposes of this section, "discretionary order or ruling" has the same meaning as "order or ruling involving discretion" in RCW 4.12.050.

(4) A party filing a motion for disqualification under this section has the burden of proving by a preponderance of the evidence that the judge should be disqualified under the standards of subsection (1) of this section.

(5) The motion for disqualification may not be heard by the judge against whom the motion is filed. Subject to this limitation, the court may assign the disqualification motion to any superior court judge of the judicial district in which the adjudication was filed or to a visiting superior court judge under RCW 2.56.040.

(6) The standards set forth in RCW 2.28.030, which govern the disqualification of judicial officers generally, may be grounds for disqualification under this section.

NEW SECTION. Sec. 4. A new section is added to chapter 90.03 RCW to read as follows:

Upon expiration of the filing period established under RCW 90.03.120(2), the department shall file a motion for default against defendants who have been served but who have failed to file an adjudication claim under RCW 90.03.140. A party in default may file a late claim under the same circumstances the party could respond or defend under court rules on default judgments.

NEW SECTION. Sec. 5. A new section is added to chapter 90.03 RCW to read as follows:

If an adjudication claim is for a use for which a statement of claim was required to be filed under chapter 90.14 RCW and no such claim was filed, the department may move that the adjudication claim be denied. The court shall grant the department's motion unless the claimant shows good cause why the motion should not be granted.

Sec. 6. RCW 90.03.130 and 1987 c 109 s 74 are each amended to read as follows:

Service of said summons shall be made in the same manner and with the same force and effect as service of summons in civil actions commenced in the superior courts of the state: **PROVIDED, That ((for good cause, the court, at the request of the department, as an alternative to personal service, may authorize service of summons to be)) as an alternative to personal service, service may be made by certified mail, with return receipt signed and dated by defendant, a spouse of a defendant, or another person authorized to accept service. If the defendants, or either of them, cannot be found within the state of Washington, of which the return of the sheriff of the county in which the proceeding is pending or the failure to sign a receipt for certified mail shall be prima facie evidence, upon the filing of an affidavit by the department, or its attorney, in conformity with the statute relative to the service of summons by publication in civil actions, such service may be made by publication in a newspaper of general circulation in the county in which such proceeding is pending, and also publication of said summons in a newspaper of general circulation in each county in which any portion of the water is situated, once a week for six consecutive weeks (six publications). ((In cases where personal service can be had, such summons shall be served at least twenty days before the return day thereof.))** The summons by publication shall state that **((statements of)) adjudication claims must be filed within ((twenty)) sixty days after the last publication or before the return date, whichever is later. In cases where personal service or service by certified mail is had, summons must be served at least sixty days before the return day thereof. For summons by certified mail, completion of service occurs upon the date of receipt by the defendant.**

Personal service of summons may be made by department of ecology employees for actions pertaining to water rights.

Sec. 7. RCW 90.03.140 and 1987 c 109 s 75 are each amended to read as follows:

(1) On or before the ~~((return day of such summons, each defendant shall file in the office of the clerk of said court a statement, and therewith a copy thereof for the department, containing substantially the following:~~

- ~~(1) The name and post office address of defendant.~~
- ~~(2) The full nature of the right, or use, on which the claim is based.~~
- ~~(3) The time of initiation of such right and commencement of such use.~~

~~(4) The date of beginning and completion of construction.~~

~~(5) The dimensions and capacity of all ditches existing at the time of making said statement.~~

The department shall provide information that will assist claimants of small uses of water in completing their adjudication claims. The adjudication claim must contain substantially the following, except that when the legal basis for the claimed right is a federally reserved right, the information must be filed only as applicable:~~

~~(a) The name, mailing address, and telephone contact number of each defendant on the claim, and e-mail address, if available;~~

~~(b) The purpose or purposes of use of the water and the annual and instantaneous quantities of water put to beneficial use;~~

~~(c) For each use, the date the first steps were taken under the law to put the water to beneficial use;~~

~~(f) The dates between which water is used annually;~~

~~(g) If located outside the boundaries of a city, town, or special purpose district that provides water to property within its service area, the legal description and county tax parcel number of the land upon which the water as presently claimed has been, or may be, put to beneficial use;~~

~~(h) The legal description and county tax parcel number of the subdivision of land on which the point of diversion or withdrawal is located as well as land survey and geographic positioning coordinates of the same if available;~~

~~(j) The legal basis for the claimed right;~~

A claimant may file an adjudication claim electronically if authorized under state and local court rules. The department may assist claimants in their effort by making the department's pertinent records and information accessible electronically or by other means and through conferring with claimants.~~

NEW SECTION. Sec. 8. A new section is added to chapter 90.03 RCW to read as follows:

Within the date set by the court for filing evidence, each claimant shall file with the court evidence to support the claimant's adjudication claims. The court is encouraged to set a date for filing evidence that is reasonable and fair for the timely processing of the adjudication. The evidence may include, without limitation, permits or certificates of water right, statements of claim made under chapter 90.14 RCW, deeds, documents related to issuance of a land patent,

aerial photographs, decrees of previous water rights adjudications, crop records, records of livestock purchases and sales, records of power use, metering records, declarations containing testimonial evidence, records of diversion, withdrawal or storage and delivery by irrigation districts or ditch companies, and any other evidence to support that a water right was obtained and was not thereafter abandoned or relinquished. The evidence filed may include matters that are outside the original adjudication claim filed, and within the date set by the court for filing evidence, the claimant may amend the adjudication claim to conform to the evidence filed. Thereafter, except for good cause shown, a claimant may not file additional evidence to support the claim.

NEW SECTION. Sec. 9. A new section is added to chapter 90.03 RCW to read as follows:

(1) Upon the receipt of adjudication claims and the filing of claimants' evidence, the department shall conduct a preliminary investigation for the purpose of examining:

(a) The uses of the subject waters by and any physical works in connection with the persons to whom the adjudication applies; and

(b) The uses for which a statement of claim has been filed under chapter 90.14 RCW or for which the department has a permit or certificate of water right on record.

(2)(a) The examination may include, as the department deems appropriate:

(i) An estimation of the amount of water that is reasonably necessary to accomplish various beneficial uses within the area;

(ii) The measurement of stream flows;

(iii) The measurement of any diversion or withdrawal rates;

(iv) An estimation of storage capacity and the amount of water stored;

(v) The types and numbers of stock watered;

(vi) The number of residences served;

(vii) The location and size of any irrigated land areas; and

(viii) Any other information pertinent to the determination of water rights in an adjudication under this chapter.

(b) The department may also take other necessary steps and gather other data and information as may be essential to the proper understanding of the water uses and associated rights of the affected water users, including review of each claimant's adjudication claim and evidence the claimant filed to support the claim. The claimants and the department are encouraged to confer as may be beneficial to clarify the factual and legal basis for the claim. To the extent consistent with court rules, the court may deem it appropriate to encourage claimants and the department to work closely together to reach agreement on a claimed water right that may result in timely settlement of water rights, reduced costs for the parties, greater equity and general public service, and better information that may be used for overall water management.

(3) The department shall file with the court the department's report of findings as to each adjudication claim filed timely under RCW 90.03.140. The department may divide its report of findings into two or more segments, covering particular drainages, uses, or other appropriate bases for dividing the report on adjudication claims. Based on the evidence filed by claimants and the department's report of findings, the department shall file with the superior court either or both of the following motions:

(a) A motion for a partial decree in favor of all stated claims under RCW 90.03.140 that the department finds to be substantiated with factual evidence; or

(b) A motion seeking determination of contested claims before the court.

Sec. 10. RCW 90.03.160 and 1989 c 80 s 1 are each amended to read as follows:

(1) Upon ~~(the completion of the service of summons as hereinbefore provided, the superior court in which said proceeding is pending shall make an order referring said proceeding to the department to take testimony by its duly authorized designee, as referee, and the designee shall report to and file with the superior court of the county in which such cause is pending a transcript of such testimony for adjudication thereon by such court. The superior court may, in any complex case with more than one thousand named defendants, including the United States, retain for hearing and further processing such portions of the proceeding as pertain to a discrete~~

~~class or classes of defendants or claims of water rights if the court determines that: (1) Resolution of claims of such classes appear to involve significant issues of law, either procedural or substantive; and (2) such a retention will both expedite the conclusion of the case and reduce the overall expenditures of the plaintiff, defendants, and the court)) filing of the department's motion or motions under section 9(3) of this act, any party with a claim filed under RCW 90.03.140 for the appropriation of water or waters of the subject adjudication may file and serve a response to the department's motion or motions within the time set by the court for such a response. Objections must include specific information in regard to the particular disposition against which the objection is being made. Objections must also state the underlying basis of the objection being made, including general information about the forms of evidence that support the objection. Any party may file testimony with the court and serve it on other parties. If a party intends to cross-examine a claimant or witness based on another party's prefiled testimony, the party intending to cross-examine shall file a notice of intent to cross-examine no later than fifteen days in advance of the hearing. If no notice of intent to cross-examine based on the prefiled testimony is given, then the claimant or witness is not required to appear at the hearing. Any party may present evidence in support of or in response to an objection.~~

~~(2) The superior court may appoint a referee or other judicial officer to assist the court.~~

~~(3) The superior court may adopt special rules of procedure for an adjudication of water rights under this chapter, including simplified procedures for claimants of small uses of water. The rules of procedure for a superior court apply to an adjudication of water rights under this chapter unless superseded by special rules of the court under this subsection. The superior court is encouraged to consider entering, after notice and hearing and as the court determines appropriate, pretrial orders from an adjudication commenced on October 12, 1977.~~

NEW SECTION. Sec. 11. A new section is added to chapter 90.03 RCW to read as follows:

(1) The legislature finds that early settlement of contested claims is needed for a fair and efficient adjudication of water rights. Therefore, the department and other parties should identify opportunities for settlement following the date set by the court for filing evidence for all parties. To the extent consistent with court rules, the court as it deems beneficial is encouraged to urge as many parties to the adjudication as possible to reach timely agreement on claimed water rights in a manner that limits costs to the public, claimants, counties, courts, and the department. Further, at appropriate times throughout the process the court as it deems beneficial is encouraged to direct parties to utilize alternative methods of dispute resolution, including informal meetings, negotiation, mediation, or other methods to reach agreement on disputed claims.

(2) Any time after the filing of all claims under RCW 90.03.140, the department or another party may move the superior court to allow parties to meet for settlement discussions for a set length of time, either before an appointed mediator or without a mediator. The determination of eligibility for the benefit shall be made consistent with Title 51 RCW by the department of labor and industries. The department of labor and industries shall notify the department of retirement systems by order under RCW 51.52.050.

(b) The retirement allowance paid to the spouse or domestic partner and dependent children of a member who is killed in the course of employment, as set forth in RCW 41.05.011(14), shall include reimbursement for any payments of premium rates to the Washington state health care authority under RCW 41.05.080.

Sec. 8. RCW 43.43.295 and 2004 c 171 s 1 are each amended to read as follows:

(1) For members commissioned on or after January 1, 2003, except as provided in RCW 11.07.010, if a member or a vested member who has not completed at least ten years of service dies, the amount of the accumulated contributions standing to such member's credit in the retirement system at the time of such member's death, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the member's estate, or such person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department. If there be no such designated person or persons still living at the time of the member's death, such member's accumulated contributions standing to such member's credit in the retirement system, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid to the member's surviving spouse or domestic partner as if in fact such spouse or domestic partner had been nominated by written designation, or if there be no such surviving spouse or domestic partner, then to such member's legal representatives.

(b)(i) The member's accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670; or

(ii) If the member dies, one hundred fifty percent of the member's accumulated contributions, less any amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670. Any accumulated contributions attributable to restorations made under RCW 41.50.165(2) shall be refunded at one hundred percent.

(3) If a member who is eligible for retirement or a member who has completed at least ten years of service dies, and is not survived by a spouse or domestic partner or an eligible child, then the accumulated contributions standing to the member's credit, less any

amount identified as owing to an obligee upon withdrawal of accumulated contributions pursuant to a court order filed under RCW 41.50.670, shall be paid:

(a) To an estate, a person or persons, trust, or organization as the member shall have nominated by written designation duly executed and filed with the department; or

(b) If there is no such designated person or persons still living at the time of the member's death, then to the member's legal representatives.

(4) The retirement allowance of a member who is killed in the course of employment, as determined by the director of the department of labor and industries, is not subject to an actuarial reduction.

(1) Under the qualifications, terms, conditions, and benefits set by the board:

(c) Surviving spouses, surviving spouses or surviving domestic partners in the case of members of the Washington state patrol retirement system, and dependent children of emergency service personnel killed in the line of duty may participate in insurance plans and contracts.

(3) Rates charged to surviving spouses, or surviving spouses or surviving domestic partners in the case of members of the Washington state patrol retirement system, of emergency service personnel killed in the line of duty, retired or disabled employees, separated employees, spouses, or children who are eligible for parts A and B of medicare shall be calculated from a separate experience risk pool comprised only of individuals eligible for parts A and B of medicare; however, the premiums charged to medicare-eligible retirees and disabled employees shall be reduced by the amount of the subsidy provided under RCW 41.05.085.

(4) Surviving spouses, surviving spouses or surviving domestic partners in the case of members of the Washington state patrol retirement system, and dependent children of emergency service personnel killed in the line of duty and retired or disabled and separated employees shall be responsible for payment of premium rates developed by the authority which shall include the cost to the authority of providing insurance coverage including any amounts necessary for reserves and administration in accordance with this chapter. These self pay rates will be established based on a separate rate for the employee, the spouse, the spouse or domestic partner in the case of members of the Washington state patrol retirement system, and the children.

MESSAGE FROM THE SENATE

April 14, 2009

Mr. Speaker:

The Senate has passed HOUSE BILL NO. 1589 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 71.05.340 and 2000 c 94 s 8 are each amended to read as follows:

(1)(a) When, in the opinion of the superintendent or the professional person in charge of the hospital or facility providing involuntary treatment, the committed person can be appropriately served by outpatient treatment prior to or at the expiration of the period of commitment, then such outpatient care may be required as a term of conditional release for a period which, when added to the inpatient treatment period, shall not exceed the period of commitment. If the hospital or facility designated to provide outpatient treatment is other than the facility providing involuntary treatment, the outpatient facility so designated must agree in writing to assume such responsibility. A copy of the terms of conditional release shall be given to the patient, the ~~((county))~~ designated mental health professional in the county in which the patient is to receive outpatient treatment, and to the court of original commitment.

(b) Before a person committed under grounds set forth in RCW 71.05.280(3) or 71.05.320~~((2))~~ (3)(c) is conditionally released under (a) of this subsection, the superintendent or professional person in charge of the hospital or facility providing involuntary treatment shall in writing notify the prosecuting attorney of the county in which the criminal charges against the committed person were dismissed, of the decision to conditionally release the person. Notice and a copy of the terms of conditional release shall be provided at least thirty days before the person is released from inpatient care. Within twenty days after receiving notice, the prosecuting attorney may petition the court in the county that issued the commitment order to hold a hearing to determine whether the person may be conditionally released and the terms of the conditional release. The prosecuting attorney shall provide a copy of the petition to the superintendent or professional person in charge of the hospital or facility providing involuntary treatment, the attorney, if any, and guardian or conservator of the committed person, and the court of original commitment. If the county in which the committed person is to receive outpatient treatment is the same county in which the criminal charges against the committed person were dismissed, then the court shall, upon the motion of the prosecuting attorney, transfer the proceeding to the court in that county. The court shall conduct a hearing on the petition within ten days of the filing of the petition. The committed person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as set forth in this subsection and except that there shall be no right to jury trial. The issue to be determined at the hearing is whether or not the person may be conditionally released without substantial danger to other persons, or substantial likelihood of committing criminal acts jeopardizing public safety or security. If the court disapproves of the conditional release, it may do so only on the basis of substantial evidence. Pursuant to the determination of the court upon the hearing, the conditional release of the person shall be approved by the court on the same or modified conditions or the person shall be returned for involuntary treatment on an inpatient

basis subject to release at the end of the period for which he or she was committed, or otherwise in accordance with the provisions of this chapter.

(2) The hospital or facility designated to provide outpatient care or the secretary may modify the conditions for continued release when such modification is in the best interest of the person. Notification of such changes shall be sent to all persons receiving a copy of the original conditions.

(3)(a) If the hospital or facility designated to provide outpatient care, the ((county)) designated mental health professional, or the secretary determines that:

(i) A conditionally released person is failing to adhere to the terms and conditions of his or her release;

(ii) Substantial deterioration in a conditionally released person's functioning has occurred;

(iii) There is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or

(iv) The person poses a likelihood of serious harm.

Upon notification by the hospital or facility designated to provide outpatient care, or on his or her own motion, the ((county)) designated mental health professional or the secretary may order that the conditionally released person be apprehended and taken into custody and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment.

(b) The hospital or facility designated to provide outpatient treatment shall notify the secretary or ((county)) designated mental health professional when a conditionally released person fails to adhere to terms and conditions of his or her conditional release or experiences substantial deterioration in his or her condition and, as a result, presents an increased likelihood of serious harm. The ((county)) designated mental health professional or secretary shall order the person apprehended and temporarily detained in an evaluation and treatment facility in or near the county in which he or she is receiving outpatient treatment.

(c) A person detained under this subsection (3) shall be held until such time, not exceeding five days, as a hearing can be scheduled to determine whether or not the person should be returned to the hospital or facility from which he or she had been conditionally released. The ((county)) designated mental health professional or the secretary may modify or rescind such order at any time prior to commencement of the court hearing.

(d) The court that originally ordered commitment shall be notified within two judicial days of a person's detention under the provisions of this section, and the ((county)) designated mental health professional or the secretary shall file his or her petition and order of apprehension and detention with the court that originally ordered commitment or with the court in which the person is detained and serve them upon the person detained. His or her attorney, if any, and his or her guardian or conservator, if any, shall receive a copy of such papers as soon as possible. Such person shall have the same rights with respect to notice, hearing, and counsel as for an involuntary treatment proceeding, except as specifically set forth in this section and except that there shall be no right to jury trial. The venue for proceedings regarding a petition for modification or revocation of an order for conditional release shall be in the county in which the petition was filed. The issues to be determined shall be: (i) Whether the conditionally released person did or did not adhere to the terms and conditions of his or her conditional release; (ii) that substantial deterioration in the person's functioning has occurred; (iii) there is evidence of substantial decompensation with a reasonable probability that the decompensation can be reversed by further inpatient treatment; or (iv) there is a likelihood of serious harm; and, if any of the conditions listed in this subsection (3)(d) have occurred, whether the terms of conditional release should be modified or the person should be returned to the facility.

(e) Pursuant to the determination of the court upon such hearing, the conditionally released person shall either continue to be conditionally released on the same or modified conditions or shall be returned for involuntary treatment on an inpatient basis subject to release at the end of the period for which he or she was committed for involuntary treatment, or otherwise in accordance with the

provisions of this chapter. Such hearing may be waived by the person and his or her counsel and his or her guardian or conservator, if any, but shall not be waivable unless all such persons agree to waive, and upon such waiver the person may be returned for involuntary treatment or continued on conditional release on the same or modified conditions.

(4) The proceedings set forth in subsection (3) of this section may be initiated by the ((county)) designated mental health professional or the secretary on the same basis set forth therein without requiring or ordering the apprehension and detention of the conditionally released person, in which case the court hearing shall take place in not less than five days from the date of service of the petition upon the conditionally released person. The petition may be filed in the court that originally ordered commitment or with the court in the county in which the person is present. The venue for the proceedings regarding the petition for modification or revocation of an order for conditional release shall be in the county in which the petition was filed.

Upon expiration of the period of commitment, or when the person is released from outpatient care, notice in writing to the court which committed the person for treatment shall be provided.

(5) The grounds and procedures for revocation of less restrictive alternative treatment shall be the same as those set forth in this section for conditional releases.

(6) In the event of a revocation of a conditional release, the subsequent treatment period may be for no longer than the actual period authorized in the original court order."

On page 1, line 2 of the title, after "release;" strike the remainder of the title and insert "and amending RCW 71.05.340."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 2, 2009

Mr. Speaker:

The Senate has passed ENGROSSED HOUSE BILL NO. 1824 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 4.24.660 and 1999 c 316 s 3 are each amended to read as follows:

(1) A school district shall not be liable for an injury to or the death of a person due to action or inaction of persons employed by, or under contract with, a youth program if:

(a) The action or inaction takes place on school property and during the delivery of services of the youth program;

(b) The private nonprofit group provides proof of being insured, under an accident and liability policy issued by an insurance company authorized to do business in this state, that covers any injury or damage arising from delivery of its services. Coverage for a policy meeting the requirements of this section must be at least fifty thousand dollars due to bodily injury or death of one person, or at least one hundred thousand dollars due to bodily injury or death of two or more persons in any incident. The private nonprofit shall also provide a statement of compliance with the policies for the management of concussion and head injury in youth sports as set forth in section 2 of this act; and

(c) The group provides proof of such insurance before the first use of the school facilities. The immunity granted shall last only as long as the insurance remains in effect.

(2) Immunity under this section does not apply to any school district before January 1, 2000.

(3) As used in this section, "youth programs" means any program or service, offered by a private nonprofit group, that is operated primarily to provide persons under the age of eighteen with opportunities to participate in services or programs.

(4) This section does not impair or change the ability of any person to recover damages for harm done by: (a) Any contractor or employee of a school district acting in his or her capacity as a contractor or employee; or (b) the existence of unsafe facilities or structures or programs of any school district.

NEW SECTION. Sec. 2. A new section is added to chapter 28A.600 RCW to read as follows:

(1)(a) Concussions are one of the most commonly reported injuries in children and adolescents who participate in sports and recreational activities. The centers for disease control and prevention estimates that as many as three million nine hundred thousand sports-related and recreation-related concussions occur in the United States each year. A concussion is caused by a blow or motion to the head or body that causes the brain to move rapidly inside the skull. The risk of catastrophic injuries or death are significant when a concussion or head injury is not properly evaluated and managed.

(b) Concussions are a type of brain injury that can range from mild to severe and can disrupt the way the brain normally works. Concussions can occur in any organized or unorganized sport or recreational activity and can result from a fall or from players colliding with each other, the ground, or with obstacles. Concussions occur with or without loss of consciousness, but the vast majority occurs without loss of consciousness.

(c) Continuing to play with a concussion or symptoms of head injury leaves the young athlete especially vulnerable to greater injury and even death. The legislature recognizes that, despite having generally recognized return to play standards for concussion and head injury, some affected youth athletes are prematurely returned to play resulting in actual or potential physical injury or death to youth athletes in the state of Washington.

(2) Each school district's board of directors shall work in concert with the Washington interscholastic activities association to develop the guidelines and other pertinent information and forms to inform and educate coaches, youth athletes, and their parents and/or guardians of the nature and risk of concussion and head injury including continuing to play after concussion or head injury. On a yearly basis, a concussion and head injury information sheet shall be signed and returned by the youth athlete and the athlete's parent

and/or guardian prior to the youth athlete's initiating practice or competition.

(3) A youth athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from competition at that time.

(4) A youth athlete who has been removed from play may not return to play until the athlete is evaluated by a licensed health care provider trained in the evaluation and management of concussion and receives written clearance to return to play from that health care provider. The health care provider may be a volunteer. A volunteer who authorizes a youth athlete to return to play is not liable for civil damages resulting from any act or omission in the rendering of such care, other than acts or omissions constituting gross negligence or willful or wanton misconduct.

(5) This section may be known and cited as the Zackery Lystedt law."

On page 1, line 2 of the title, after "sports;" strike the remainder of the title and insert "amending RCW 4.24.660; and adding a new section to chapter 28A.600 RCW."

and the same is herewith transmitted.

MESSAGE FROM THE SENATE

April 16, 2009

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1946 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature recognizes that the state must educate more people to higher levels to adapt to the economic and social needs of the future. While our public colleges and universities have realized great success in helping students achieve their dreams, the legislature also recognizes that much more must be done to prepare current and future students for a twenty-first century economy. To raise the levels of skills and knowledge needed to sustain the state's economic prosperity and competitive position in a global environment, the public higher education system must reach out to every prospective student and citizen in unprecedented ways, with unprecedented focus.

To reach out to these citizens, the state must dismantle the barriers of geographic isolation, cost, and competing demands of work and family life. The state must create a more nimble system of learning that is student-centric, more welcoming of nontraditional and underserved students, easier to access and use, and more tailored to today's student needs and expectations.

Technology can play a key role in helping achieve this systemic goal. While only a decade ago access to personal computers was widely viewed a luxury, today computers, digital media, electronic information, and content have changed the nature of how students learn and instructors teach. This presents a vast, borderless opportunity to extend the reach and impact of the state's public educational institutions and educate more people to higher levels.

Each higher education institution and workforce program serves a unique group of students and as such, has customized its own technology solutions to meet its emerging needs. While local solutions may have served institutions of higher education in the past, paying for and operating multiple technology solutions, platforms, systems, models, agreements, and operational functionality for common applications and support services no longer serves students or the state.

Today's students access education differently. Rather than enrolling in one institution of higher education, staying two to four years and graduating, today's learners prefer a cafeteria approach; they often enroll in and move among multiple institutions - sometimes simultaneously. Rather than sitting in lecture halls taking notes, they may listen to podcasts of a lecture while grocery shopping or hold a virtual study group with classmates on a video chat room. They may prefer hybrid courses where part of their time is spent in the classroom and part is spent online. They prefer online access for commodity administrative services such as financial aid, admissions, transcript services, and more.

Institutions of higher education not only must rethink teaching and learning in a digital-networked world, but also must tailor their administrative and student services technologies to serve the mobile student who requires dynamic, customized information online and in real time. Because these relationships are changing so fast and so fundamentally, it is incumbent on the higher education system to transform its practices just as profoundly.

Therefore, the legislature intends to both study and implement its findings regarding how the state's public institutions of higher education can share core resources in instructional, including library, resources, student services, and administrative information technology resources, user help desk services, faculty professional development, and more. The study will examine how public institutions of higher education can pursue a strategy of implementing single, shared, statewide commonly needed standards-based software, web hosting and support service solutions that are cost-effective, easily integrated, user-friendly, flexible, and constantly improving. The full range of applications that serve students, faculty, and administration shall be included. Expensive, proprietary, nonstandards-based customized applications, databases and services, and other resources that do not allow for the transparent sharing of information across institutions, agencies, and educational levels, including K-12, are inconsistent with the state's objective of educating more people to higher levels.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.10 RCW to read as follows:

All institutions of higher education are encouraged to use common online learning technologies including, but not limited to, existing learning management and web conferencing systems currently managed and governed by the state board for community

and technical colleges; and share professional development materials and activities related to effective use of these tools. The state board for community and technical colleges may adjust existing vendor licenses to accommodate and provide enterprise services for any interested institutions of higher education. The common learning management system shall be designed in a way that allows for easy sharing of courses, learning objects, and other digital content among the institutions of higher education. Institutions of higher education may begin migration to these common systems immediately. The state board for community and technical colleges shall convene representatives from each four-year institution of higher education to develop a shared fee structure.

NEW SECTION. Sec. 3. (1) The higher education coordinating board shall convene a higher education technology transformation task force to improve the efficiency, effectiveness, and quality of education relative to the strategic and operational use of technology in public education.

(2) The task force shall be composed of one member from each public four-year institution of higher education; six members from the community and technical colleges; two faculty members from four-year institutions of higher education, at least one of whom is selected by statewide bargaining representatives; two faculty members from community or technical colleges, at least one of whom is selected by statewide bargaining representatives; and one member each from the state board for community and technical colleges; the higher education coordinating board; the workforce training and education coordinating board; the department of information services; and the council of presidents. The task force shall select a chair from its membership.

(3) The task force shall prepare a report that includes a plan to improve the efficiency, effectiveness, and quality of public higher education relative to the strategic and operational use of technology in higher education.

(4) In developing the plan, the institutions of higher education and their partners, identified in this section, shall take the following actions:

(a) Investigate similar efforts, strategies, programs, and options in other states, of private providers of higher education in the state, and global consortia related to:

(i) Online learning technologies including but not limited to: Learning management, ePortfolio, web conferencing systems, and other education applications;

(ii) Personalized online student services including but not limited to: Recruitment, admissions, retention, advising, academic planning, course catalogs, transfer, and financial aid management;

(iii) Integrated online administrative tools including but not limited to: Student information management; financial management; payroll; human resources; and data collection, reporting, and analysis;

(iv) Sharing library resources including but not limited to: Copyrighted physical and e-books, and consolidated electronic journals and research database licensing and other models;

(v) Methods and open licensing options for effectively sharing digital content including but not limited to: Open courseware, open textbooks, open journals, and open learning objects;

(vi) Methods for pooling, coordinating, and otherwise more efficiently managing enrollments so colleges with extra enrollment space in online courses can easily and efficiently make those spaces available to students at other colleges, or to high school students through existing dual-credit programs, without economic, governance, or institutional penalty or disincentive from the provider or recipient institution;

(vii) Methods for ensuring online courses meet agreed upon instructional guidelines, policies, and quality, and methods for sharing these best practices to improve traditional courses' quality;

(b) Develop a process and timeline for the implementation of a statewide approach based on the investigation in (a) of this subsection;

(c) Focus on statewide capability and standards that enable the efficient use of common applications, web hosting services, user support, staff training, and consolidated software licenses and open educational resources;

(d) Identify the metrics that can be used to gauge success;

(e) Conduct a comprehensive audit of existing resources used by public institutions of higher education or agencies including but not limited to technology-related: Employees; infrastructure; application licenses and costs; web hosting facilities and services; digital content licenses; student, faculty, and administrative applications and services; and the amounts and uses of technology fees charged to students. The failure of the individual public institution of higher education or agency to fully, accurately, and thoroughly account for these resources and fees in detail shall expressly be stated in the task force report;

(f) Recommend strategies and specific tactics to: (i) Reduce duplication of applications, web hosting, and support services; (ii) effectively and efficiently use technology to share costs, data, and faculty professional development; (iii) improve the quality of instruction; and (iv) increase student access, transfer capability, and the quality of student, faculty, and administration services; and

(g) Recommend governance models, funding models, and accountability measures to achieve these and related objectives.

(5) Subject to funds for this specific purpose, the higher education coordinating board shall engage an independent expert to conduct an independent technical analysis of the findings of the comprehensive technology audits outlined in subsection (4)(e) of this section.

(6) The public institutions of higher education and their partners shall jointly report their findings and recommendations to the appropriate committees of the legislature by December 1, 2010. A preliminary report shall be delivered to appropriate committees of the legislature by December 1, 2009.

NEW SECTION. Sec. 4. If specific funding for the purposes of this act, referencing this act by bill or chapter number, is not provided by June 30, 2009, in the omnibus appropriations act, this act is null and void."

On page 1, line 1 of the title, after "technology;" strike the remainder of the title and insert "adding a new section to chapter 28B.10 RCW; and creating new sections."

The state parks renewal and stewardship account is created in the state treasury. Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 79A.15.020 and 2007 c 241 s 27 are each amended to read as follows:

The habitat conservation account is established in the state treasury. The board shall administer the account in accordance with chapter 79A.25 RCW and this chapter, and shall hold it separate and apart from all other money, funds, and accounts of the board. By January 1, 2010, the state treasurer shall transfer from the habitat conservation account to the parks renewal and stewardship account created in RCW 79A.05.215, seven million five hundred thousand dollars.

Sec. 2. RCW 79A.15.120 and 2009 c 16 s 2 are each amended to read as follows:

(1) The riparian protection account is established in the state treasury. The board must administer the account in accordance with chapter 79A.25 RCW and this chapter, and hold it separate and apart from all other money, funds, and accounts of the board.

(2) Moneys appropriated for this chapter to the riparian protection account must be distributed for the acquisition or enhancement or restoration of riparian habitat. All enhancement or restoration projects, except those qualifying under subsection (9)(a) of this section, must include the acquisition of a real property interest in order to be eligible.

(3) State and local agencies and lead entities under chapter 77.85 RCW may apply for acquisition and enhancement or restoration funds for riparian habitat projects under subsection (1) of this section. Other state agencies not defined in RCW 79A.15.010, such as the department of transportation and the department of corrections, may enter into interagency agreements with state agencies to apply in partnership for funds under this section.

(4) The board may adopt rules establishing acquisition policies and priorities for distributions from the riparian protection account.

(5) Except as provided in RCW 79A.15.030(7), moneys appropriated for this section may not be used by the board to fund staff positions or other overhead expenses, or by a state, regional, or local agency to fund operation or maintenance of areas acquired under this chapter.

(6) Moneys appropriated for this section may be used by grant recipients for costs incidental to restoration and acquisition, including, but not limited to, surveying expenses, fencing, and signing.

(7) The board may not approve a local project where the local agency share is less than the amount to be awarded from the riparian protection account. In-kind contributions, including contributions of a real property interest in land may be used to satisfy the local agency's share.

(8) State agencies receiving grants for acquisition of land under this section must pay an amount in lieu of real property taxes equal to the amount of tax that would be due if the land were taxable as open space land under chapter 84.34 RCW except taxes levied for any state purpose, plus an additional amount for control of noxious weeds equal to that which would be paid if such lands were privately owned. The county assessor and county legislative authority shall assist in determining the appropriate calculation of the amount of tax that would be due.

(9) In determining acquisition priorities with respect to the riparian protection account, the board must consider, at a minimum, the following criteria:

(a) Whether the project continues the conservation reserve enhancement program. Applications that extend the duration of leases of riparian areas that are currently enrolled in the conservation reserve enhancement program shall be eligible. Such applications are eligible for a conservation lease extension of at least twenty-five years of duration;

(b) Whether the projects are identified or recommended in a watershed planning process under chapter 247, Laws of 1998, salmon recovery planning under chapter 77.85 RCW, or other local plans, such as habitat conservation plans, and these must be highly considered in the process;

(c) Whether there is community support for the project;

(d) Whether the proposal includes an ongoing stewardship program that includes control of noxious weeds, detrimental invasive

species, and that identifies the source of the funds from which the stewardship program will be funded;

(e) Whether there is an immediate threat to the site;

(f) Whether the quality of the habitat is improved or, for projects including restoration or enhancement, the potential for restoring quality habitat including linkage of the site to other high quality habitat;

(g) Whether the project is consistent with a local land use plan, or a regional or statewide recreational or resource plan. The projects that assist in the implementation of local shoreline master plans updated according to RCW 90.58.080 or local comprehensive plans updated according to RCW 36.70A.130 must be highly considered in the process;

(h) Whether the site has educational or scientific value; and

(i) Whether the site has passive recreational values for walking trails, wildlife viewing, or the observation of natural settings.

(10) Before November 1st of each even-numbered year, the board will recommend to the governor a prioritized list of projects to be funded under this section. The governor may remove projects from the list recommended by the board and will submit this amended list in the capital budget request to the legislature. The list must include, but not be limited to, a description of each project and any particular match requirement.

(11) By January 1, 2010, the state treasurer shall transfer from the riparian protection account to the parks renewal and stewardship account created in RCW 79A.05.215, seven million five hundred thousand dollars.

Sec. 3. RCW 79A.15.130 and 2007 c 241 s 38 are each amended to read as follows:

(1) The farmlands preservation account is established in the state treasury. The board will administer the account in accordance with chapter 79A.25 RCW and this chapter, and hold it separate and apart from all other money, funds, and accounts of the board. Moneys appropriated for this chapter to the farmlands preservation account must be distributed for the acquisition and preservation of farmlands in order to maintain the opportunity for agricultural activity upon these lands.

(2)(a) Moneys appropriated for this chapter to the farmlands preservation account may be distributed for (i) the fee simple or less than fee simple acquisition of farmlands; (ii) the enhancement or restoration of ecological functions on those properties; or (iii) both. In order for a farmland preservation grant to provide for an environmental enhancement or restoration project, the project must include the acquisition of a real property interest.

(b) If a city or county acquires a property through this program in fee simple, the city or county shall endeavor to secure preservation of the property through placing a conservation easement, or other form of deed restriction, on the property which dedicates the land to agricultural use and retains one or more property rights in perpetuity. Once an easement or other form of deed restriction is placed on the property, the city or county shall seek to sell the property, at fair market value, to a person or persons who will maintain the property in agricultural production. Any moneys from the sale of the property shall either be used to purchase interests in additional properties which meet the criteria in subsection (9) of this section, or to repay the grant from the state which was originally used to purchase the property.

(3) Cities and counties may apply for acquisition and enhancement or restoration funds for farmland preservation projects within their jurisdictions under subsection (1) of this section.

(4) The board may adopt rules establishing acquisition and enhancement or restoration policies and priorities for distributions from the farmlands preservation account.

(5) The acquisition of a property right in a project under this section by a county or city does not provide a right of access to the property by the public unless explicitly provided for in a conservation easement or other form of deed restriction.

(6) Except as provided in RCW 79A.15.030(7), moneys appropriated for this section may not be used by the board to fund staff positions or other overhead expenses, or by a city or county to fund operation or maintenance of areas acquired under this chapter.

(7) Moneys appropriated for this section may be used by grant recipients for costs incidental to restoration and acquisition,

including, but not limited to, surveying expenses, fencing, and signing.

(8) The board may not approve a local project where the local agency's share is less than the amount to be awarded from the farmlands preservation account. In-kind contributions, including contributions of a real property interest in land, may be used to satisfy the local agency's share.

(9) In determining the acquisition priorities, the board must consider, at a minimum, the following criteria:

(a) Community support for the project;

(b) A recommendation as part of a limiting factors or critical pathways analysis, a watershed plan or habitat conservation plan, or a coordinated regionwide prioritization effort;

(c) The likelihood of the conversion of the site to nonagricultural or more highly developed usage;

(d) Consistency with a local land use plan, or a regional or statewide recreational or resource plan. The projects that assist in the implementation of local shoreline master plans updated according to RCW 90.58.080 or local comprehensive plans updated according to RCW 36.70A.130 must be highly considered in the process;

(e) Benefits to salmonids;

(f) Benefits to other fish and wildlife habitat;

(g) Integration with recovery efforts for endangered, threatened, or sensitive species;

(h) The viability of the site for continued agricultural production, including, but not limited to:

(i) Soil types;

(ii) On-site production and support facilities such as barns, irrigation systems, crop processing and storage facilities, wells, housing, livestock sheds, and other farming infrastructure;

(iii) Suitability for producing different types or varieties of crops;

(iv) Farm-to-market access;

(v) Water availability; and

(i) Other community values provided by the property when used as agricultural land, including, but not limited to:

(i) Viewshed;

(ii) Aquifer recharge;

(iii) Occasional or periodic collector for storm water runoff;

(iv) Agricultural sector job creation;

(v) Migratory bird habitat and forage area; and

(vi) Educational and curriculum potential.

(10) In allotting funds for environmental enhancement or restoration projects, the board will require the projects to meet the following criteria:

(a) Enhancement or restoration projects must further the ecological functions of the farmlands;

(b) The projects, such as fencing, bridging watercourses, replanting native vegetation, replacing culverts, clearing of waterways, etc., must be less than fifty percent of the acquisition cost of the project including any in-kind contribution by any party;

(c) The projects should be based on accepted methods of achieving beneficial enhancement or restoration results; and

(d) The projects should enhance the viability of the preserved farmland to provide agricultural production while conforming to any legal requirements for habitat protection.

(11) Before November 1st of each even-numbered year, the board will recommend to the governor a prioritized list of all projects to be funded under this section. The governor may remove projects from the list recommended by the board and must submit this amended list in the capital budget request to the legislature. The list must include, but not be limited to, a description of each project and any particular match requirement.

(12) By January 1, 2010, the state treasurer shall transfer from the farmlands preservation account to the parks renewal and stewardship account created in RCW 79A.05.215, seven million five hundred thousand dollars.

Sec. 4. RCW 79A.25.060 and 2007 c 241 s 43 are each amended to read as follows:

The outdoor recreation account is created in the state treasury. Moneys in the account are subject to legislative appropriation. The board shall administer the account in accordance with chapter 79A.15

RCW and this chapter, and shall hold it separate and apart from all other money, funds, and accounts of the board.

Grants, gifts, or other financial assistance, proceeds received from public bodies as administrative cost contributions, and moneys made available to the state of Washington by the federal government for outdoor recreation, may be deposited into the account.

By January 1, 2010, the state treasurer shall transfer from the outdoor recreation account to the parks renewal and stewardship account created in RCW 79A.05.215, seven million five hundred thousand dollars.

Sec. 5. RCW 79A.05.215 and 2007 c 340 s 2 are each amended to read as follows:

The state parks renewal and stewardship account is created in the state treasury. Except as otherwise provided in this chapter, all receipts from user fees, concessions, leases, donations collected under RCW 46.16.076, and other state park-based activities shall be deposited into the account. Expenditures from the account may be used for operating state parks, developing and renovating park facilities, undertaking deferred maintenance, enhancing park stewardship, and other state park purposes. Expenditures from the account may be made only after appropriation by the legislature. All transfers into the parks renewal and stewardship account from the riparian protection account, the habitat conservation account, the outdoor recreation account, and the farmlands preservation account must be used for the maintenance and operations of state parks."

Mr. Speaker (Representative Morris presiding): "The Speaker would remind members that on final passage arguments should be to vote for or to vote against the bill. I have searched Reed's Rules. POINT OF ORDER

Representative Hudgins: "I would ask that the debate be focused on the topic in front of us and not use words such as deceptive or fooled as I have heard in the debate so far."

SPEAKER'S RULING

The Speaker (Representative Morris presiding): "Thank you for your point of order, Representative Hudgins. The Speaker believes that the methods around people's perceptions on the impact of the way this fee is being collected is allowable in the debate and is relative to the bill in question. The Speaker would encourage however that members try to shy away from terms like deceptive so that they may not be confused for words that may impugn motives behind it. It is a fairly grey area here and I would encourage members to try to pick their words carefully because the subject is allowable. But I would caution that would not be put in a way that might cause members to feel impugned.

Your point is not well taken at this point but please feel cautioned by the Speaker."

The plan must address the treatment and immediate response to the introduction to Washington waters of aquatic invasive species. Agency and public review of the plan must be conducted under chapter 43.21C RCW, the state environmental policy act. If the implementation measures or actions would have a probable significant adverse environmental impact, a detailed statement under chapter 43.21C RCW must be prepared on the plan.

(3) Funds in the aquatic invasive species enforcement account created in RCW 43.43.400 may be appropriated to the department and Washington state patrol to develop an aquatic invasive species enforcement program for recreational and commercial watercraft. The department shall provide training to Washington state patrol employees working at port of entry weigh stations, and other local law enforcement employees, on how to inspect recreational and commercial watercraft for the presence of aquatic invasive species. A person who enters Washington by road transporting any commercial or recreational watercraft that has been used in any designated aquatic invasive species state or foreign country as defined by rule of the department must have in his or her possession valid documentation that the watercraft has been inspected and found free of aquatic invasive species. The department is authorized to require persons transporting recreational and commercial watercraft to stop at check stations. Check stations must be plainly marked by signs, operated by at least one uniformed fish and wildlife officer, and operated in a safe manner. Any person stopped at a check station who possesses a recreational or commercial watercraft that has been used in any designated aquatic invasive species state or foreign country as defined by rule of the department, or that is contaminated with aquatic invasive species, must bear the expense for any necessary impoundment, transportation, cleaning, and decontamination of the watercraft. Any person stopped at a check station who possesses a recreational or commercial watercraft that has been used in any designated aquatic invasive species state or foreign country as defined by rule of the department, or that is contaminated with aquatic invasive species, is exempt from the criminal penalties found in RCW 77.15.253 and 77.15.290, and forfeiture under RCW 77.15.070, if that person complies with all department directives for the proper decontamination of the watercraft and equipment.

(2) The department shall form one advisory committee each for the Willapa Bay oyster reserve lands and the Puget Sound oyster reserve lands. The advisory committees shall make recommendations on management practices to conserve, protect, and develop oyster reserve lands. The advisory committees may make recommendations regarding the management practices on oyster reserve lands, in particular to ensure that they are managed in a

manner that will: (a) Increase revenue through production of high-value shellfish; (b) not be detrimental to the market for shellfish grown on nonreserve lands; and (c) avoid negative impacts to existing shellfish populations. The advisory committees may also make recommendation on the distribution of funds in RCW 77.60.160(2)(a). The department shall attempt to structure each advisory committee to include equal representation between shellfish growers that participate in reserve sales and shellfish growers that do not.

~~(3) ((The department shall submit a brief progress report on the status of the pilot programs to the appropriate standing committees of the legislature by January 7, 2003.~~

~~((4))~~ (4) The department of natural resources, in consultation with the department of fish and wildlife, shall administer the leases for oyster reserves entered into under this chapter. In administering the leases, the department of natural resources shall exercise its authority under RCW ~~((79.96.090))~~ 79.135.300. Vacation of state oyster reserves by the department ~~((of fish and wildlife))~~ shall not be a requirement for the department of natural resources to lease any oyster reserves under this section. (c) A long-term plan for intertidal salmon habitat enhancement to meet the goals of salmon recovery and protection of agricultural lands. The proposal shall consider all other means to achieve salmon recovery without converting farmland. The proposal shall include methods to increase fish passage and otherwise enhance intertidal habitat on public lands pursuant to subsection (2) of this section, voluntary methods to increase fish passage on private lands, a priority list of intertidal salmon enhancement projects, and recommendations for funding of high priority projects. The task force also may propose pilot projects that will be designed to test and measure the success of various proposed strategies.

(2) In conjunction with other public landowners and the appropriate task force formed under RCW 77.85.220, the department shall develop an initial salmon intertidal habitat enhancement plan for public lands in the county. The initial plan shall include a list of

public properties in the intertidal zone that could be enhanced for salmon, a description of how those properties could be altered to support salmon, a description of costs and sources of funds to enhance the property, and a strategy and schedule for prioritizing the enhancement of public lands for intertidal salmon habitat. This initial plan shall be submitted to the appropriate task force at least six months before the deadline established in subsection (3) of this section.

(3) The final intertidal salmon enhancement plan shall be completed within two years from the date the task force is formed under RCW 77.85.220 and funding has been secured. No project included on a habitat project list shall be considered mandatory in nature and no private landowner may be forced or coerced into participation in any respect. The lead entity may be a county, city, conservation district, special district, tribal government, regional recovery organization, or other entity.

(b) The lead entity shall establish a committee that consists of representative interests of counties, cities, conservation districts, tribes, environmental groups, business interests, landowners, citizens, volunteer groups, regional fish enhancement groups, and other habitat interests. The purpose of the committee is to provide a citizen-based evaluation of the projects proposed to promote salmon habitat.

(c) The committee shall compile a list of habitat projects, establish priorities for individual projects, define the sequence for project implementation, and submit these activities as the habitat project list. The committee shall also identify potential federal, state, local, and private funding sources.

(2) The area covered by the habitat project list must be based, at a minimum, on a WRIA, combination of WRIAs, or any other area as agreed to by the counties, cities, and tribes in resolutions or in letters of support meeting the requirements of this subsection. Preference will be given to projects in an area that contain a salmon species that is listed or proposed for listing under the federal endangered species act.

(3) The lead entity shall submit the habitat project list to the ~~((salmon recovery funding))~~ salmon recovery funding board in accordance with procedures adopted by the board.

Sec. 26. RCW 77.120.030 and 2007 c 350 s 10 are each amended to read as follows:

(1) The owner or operator in charge of any vessel covered by this chapter is required to ensure that the vessel under their ownership or control does not discharge ballast water into the waters of the state except as authorized by this section.

(2) Discharge of ballast water into waters of the state is authorized only if there has been an open sea exchange, or if the vessel has treated its ballast water, to meet standards set by the department consistent with applicable state and federal laws.

(3) The department, in consultation with ~~((the ballast water work group, or similar))~~ a collaborative forum, shall adopt by rule standards for the discharge of ballast water into the waters of the state and their implementation timelines. The standards are intended to ensure that the discharge of ballast water poses minimal risk of introducing nonindigenous species. In developing these standards, the department shall consider the extent to which the requirement is technologically and practically feasible. Where practical and appropriate, the standards must be compatible with standards set by the United States coast guard, the federal clean water act (33 U.S.C. Sec. 1251-1387), or the international maritime organization.

(4) The master, operator, or person in charge of a vessel is not required to conduct an open sea exchange or treatment of ballast water if the master, operator, or person in charge of a vessel determines that the operation would threaten the safety of the vessel, its crew, or its passengers, because of adverse weather, vessel design limitations, equipment failure, or any other extraordinary conditions.

A master, operator, or person in charge of a vessel who relies on this exemption must file documentation defined by the department, subject to: (a) Payment of a fee not to exceed five thousand dollars; (b) discharging only the minimal amount of ballast water operationally necessary; (c) ensuring that ballast water records accurately reflect any reasons for not complying with the mandatory requirements; and (d) any other requirements identified by the department by rule as provided in subsections (3) and (6) of this section.

(5) For treatment technologies requiring shipyard modification, the department may enter into a compliance plan with the vessel owner. The compliance plan must include a timeline consistent with drydock and shipyard schedules for completion of the modification. The department shall adopt rules for compliance plans under this subsection.

(6) For an exemption claimed in subsection (4) of this section, the department shall adopt rules for defining exemption conditions, requirements, compliance plans, or alternative ballast water management strategies to meet the intent of this section.

(7) The department shall make every effort to align ballast water standards with adopted international and federal standards while ensuring that the goals of this chapter are met.

(8) The requirements of this section do not apply to a vessel discharging ballast water or sediments that originated solely within the waters of Washington ~~((state))~~, the Columbia river system, or the internal waters of British Columbia south of latitude fifty degrees north, including the waters of the Straits of Georgia and Juan de Fuca.

(9) Open sea exchange is an exchange that occurs fifty or more nautical miles offshore. If the United States coast guard requires a vessel to conduct an exchange further offshore, then that distance is the required distance for purposes of compliance with this chapter.

Sec. 27. RCW 77.120.110 and 2007 c 350 s 14 are each amended to read as follows:

(1) The ballast water management account is created in the state treasury. All receipts from legislative appropriations, gifts, grants, donations, penalties, and fees received under this chapter must be deposited into the account.

(2) Moneys in the account may be spent only after appropriation. Expenditures from the account may be used only to carry out the purposes of this chapter or support the goals of this chapter through research and monitoring except:

(a) Expenditures may not be used for the salaries of permanent department employees; and

The initial selection of sites shall be ~~((completed by July 1, 1999, and))~~ updated annually ~~((thereafter))~~.

(2) The department may only approve a remote site incubator project if the department deems it is consistent with the conservation

of wild salmon and trout. The department shall only utilize appropriate salmonid eggs in remote site incubators, and may acquire eggs by gift or purchase.

(3) The department shall depend chiefly upon volunteer efforts to implement the remote site incubator program through volunteer cooperative projects and the regional fisheries enhancement groups. The department may prioritize remote site incubator projects within regional enhancement areas.

(4) The department may purchase remote site incubators and may use agency employees to construct remote site incubators. ~~((The director and the secretary of the department of corrections shall jointly investigate the potential of producing remote site incubators through the prison industries program of the department of corrections, and shall jointly report their finding to the natural resources committees of the house of representatives and the senate by December 1, 1999-))~~

This report shall include the final commercial harvests and recreational harvests. At a minimum, the report shall clearly identify:

~~((+))~~ (a) The total treaty tribal and nontribal harvests by species and by management unit;

~~((+))~~ (b) Where and why the nontribal harvest does not meet the full allocation allowed under *United States v. Washington*, 384 F. Supp. 312 (1974) (Boldt I) including a summary of the key policies within the management plan that result in a less than full nontribal allocation; and

~~((+))~~ (c) The location and quantity of salmon and steelhead harvested under the wastage provisions of *United States v. Washington*, 384 F. Supp. 312 (1974).

Unless already held by, sold, destroyed, or disposed of by the department, the court shall order such fish or wildlife to be delivered to the department. Where delay will cause loss to the value of the property and a ready wholesale buying market exists, the department may sell property to a wholesale buyer at a fair market value.

(2) When seized property is forfeited to the department, the department may retain it for official use unless the property is required to be destroyed, or upon application by any law enforcement agency of the state, release the property to the agency for the use of enforcing this title, or sell such property and deposit the proceeds into the ~~((state wildlife fund))~~ fish and wildlife enforcement reward account established under RCW ~~((77.12.170))~~ 77.15.425. Representatives of the department may participate in the hunt upon the request of the commission to ensure that the animals to be killed are properly identified.

(4) After deducting the expenses of conducting an auction or raffle, any revenues retained by a nonprofit organization, as specified under contract with the department, shall be devoted solely for wildlife conservation, consistent with its qualification as a bona fide nonprofit organization for wildlife conservation.

(5) The department's share of revenues from auctions and raffles shall be deposited in the state wildlife ~~((fund))~~ account created in RCW 77.12.170. The revenues shall be used to improve ~~((the habitat, health, and welfare of the species auctioned or raffled))~~ game management and shall supplement, rather than replace, other funds budgeted for management of ~~((that))~~ game species. Proceeds from the sale of the decal must be deposited into the state wildlife ~~((fund))~~ account created in RCW 77.12.170 and must be dedicated to the support of the department's watchable wildlife activities. The department may also use proceeds from the sale of the decal for marketing the decal and for marketing watchable wildlife activities in the state.

(2) The term "watchable wildlife activities" includes but is not limited to: Initiating partnerships with communities to jointly develop watchable wildlife projects, building infrastructure to serve wildlife viewers, assisting and training communities in conducting wildlife watching events, developing destination wildlife viewing corridors and trails, tours, maps, brochures, and travel aides, and offering grants to assist rural communities in identifying key wildlife attractions and ways to protect and promote them.

(3) The commission must adopt by rule the cost of the watchable wildlife decal. A person may, at their discretion, contribute more than the cost as set by the commission by rule for the watchable wildlife decal in order to support watchable wildlife activities. A person who purchases a watchable wildlife decal must be issued one vehicle use permit free of charge.

Sec. 43. RCW 77.44.050 and 1999 c 235 s 1 are each amended to read as follows:

NEW SECTION. Sec. 44. Whenever any personal property comes into the possession of the officers of the department in connection with the official performance of their duties and the personal property remains unclaimed or not taken away for a period of sixty days from the date of written notice to the owner thereof, if known, which notice shall inform the owner of the disposition that may be made of the property under this section and the time that the owner has to claim the property and in all other cases for a period of sixty days from the time the property came into the possession of the department, unless the property has been held as evidence in any court, then, in that event, after sixty days from date when the case has been finally disposed of and the property released as evidence by order of the court, the department may:

(1) At any time thereafter sell the personal property at public auction to the highest and best bidder for cash in the manner hereinafter provided;

(2) Retain the property for the use of the department subject to giving notice in the manner prescribed in RCW 63.35.030 and the right of the owner, or the owner's legal representative, to reclaim the property within one year after receipt of notice, without compensation for ordinary wear and tear if, in the opinion of the director, the property consists of firearms or other items specifically usable in law enforcement work. At the end of each calendar year during which there has been such a retention, the department shall provide the office of financial management and retain for public inspection a list of such retained items and an estimation of each item's replacement value;

(3) Destroy an item of personal property at the discretion of the director if the director determines that the following circumstances have occurred:

(5) At the end of one year, any unclaimed firearm must be disposed of pursuant to RCW 9.41.098(2). Any other item that is not unsafe or illegal to possess or sell, but has been, or may be used, in the judgment of the director, in a manner that is illegal, may be destroyed.

NEW SECTION. Sec. 45. Before the personal property shall be sold, a notice of such a sale fixing the time and place thereof which shall be at a suitable place, which will be noted in the

advertisement for sale, and containing a description of the property to be sold must be published at least once in a newspaper of general circulation in the county in which the property is to be sold at least ten days prior to the date fixed for the auction. The notice must be signed by the director. If the owner fails to reclaim the property prior to the time fixed for the sale in such a notice, the director shall conduct the sale and sell the property described in the notice at public auction to the highest and best bidder for cash, and upon payment of the amount of the bid shall deliver the property to the bidder.

NEW SECTION. Sec. 46. The moneys arising from sales under the provisions of this chapter must be first applied to the payment of the costs and expenses of the sale and then to the payment of lawful charges and expenses for the keep of the personal property and the balance, if any, must be forwarded to the state treasurer to be deposited into the fish and wildlife enforcement reward account under RCW 77.15.425.

NEW SECTION. Sec. 47. If the owner of the personal property so sold, or the owner's legal representative, shall, at any time within three years after the money has been deposited in the fish and wildlife enforcement reward account, furnish satisfactory evidence to the state treasurer of the ownership of the personal property, the owner or the owner's legal representative is entitled to receive from the fish and wildlife enforcement reward account the amount so deposited, with interest.

NEW SECTION. Sec. 48. (1) Chapter 63.24 RCW, unclaimed property in hands of bailee, does not apply to personal property in the possession of the department.

(2) The uniform unclaimed property act, chapter 63.29 RCW, does not apply to personal property in the possession of the department.

NEW SECTION. Sec. 49. In addition to any other method of disposition of unclaimed property provided under this chapter, the department may donate unclaimed personal property to nonprofit charitable organizations. A nonprofit charitable organization receiving personal property donated under this section must use the property, or its proceeds, to benefit needy persons. The charitable organization must qualify for tax-exempt status under 26 U.S.C. Sec. 501(c)(3) of the federal internal revenue code.

NEW SECTION. Sec. 50. Sections 44 through 49 of this act constitute a new chapter in Title 77 RCW.

NEW SECTION. Sec. 51. RCW 77.12.065 (Wildlife viewing tourism) and 2003 c 183 s 1 are each repealed.

Sec. 52. RCW 77.12.820 and 1997 c 422 s 5 are each amended to read as follows:

The eastern Washington pheasant enhancement account is created in the custody of the state treasurer. All receipts under RCW 77.12.810 must be deposited in the account. Moneys in the account are subject to legislative appropriation and shall be used for the purpose of funding the eastern Washington pheasant enhancement program. The department may use moneys from the account to improve pheasant habitat or to purchase or produce pheasants. (~~Not less than eighty percent of expenditures from the account must be used to purchase or produce pheasants.~~) The department must continue to release rooster pheasants in eastern Washington. The eastern Washington pheasant enhancement account funds must not be used for the purchase of land. The account may be used to offer grants to improve pheasant habitat on public or private lands that are open to public hunting. The department may enter partnerships with private landowners, nonprofit corporations, cooperative groups, and federal or state agencies for the purposes of pheasant habitat enhancement in areas that will be available for public hunting. The department shall submit an annual report to the appropriate committees of the legislature by December 1st regarding the department's eastern Washington pheasant activities.

NEW SECTION. Sec. 53. (1) The legislature finds that healthy wildlife populations are a valuable and treasured public resource to the people of the state of Washington. However, the legislature also finds that as the human population increases and encroaches on wildlife habitat, interactions between humans and wildlife will become more frequent.

(2) The legislature further finds that interactions between humans and wildlife can have significant financial impacts on the affected landowner. Although the resulting wildlife damage is felt

most closely by the landowner, the general public, as beneficiaries and stewards of healthy wildlife populations, should bear some responsibility, as outlined in and limited by this act, for providing a measure of restitution to the impacted landowner, provided that the landowner has exhausted all legal, practicable self-help methods available to prevent wildlife damage from occurring.

(3) The legislature further finds that the commercial agriculture, horticulture, and livestock industries are important components of the state economy that can be negatively impacted by interactions with wildlife. However, the legislature also finds that other landowners, both commercial and residential, may be faced with wildlife interactions that result in property damage. It is the intent of the legislature to craft a solution whereby all property owners have a potential avenue to petition the state for some mitigation of the damages caused by wildlife.

(4) The legislature further finds that it is in the best interests of the state for the department of fish and wildlife to respond quickly to wildlife damage complaints and to work with those affected to prevent and minimize negative interactions while maintaining healthy wildlife populations.

(5) The legislature further finds that negative wildlife interactions can be best reduced by encouraging landowners to contribute, through their land management practices, to healthy wildlife populations and to provide access for related recreation.

Sec. 54. RCW 77.36.010 and 1996 c 54 s 2 are each amended to read as follows:

NEW SECTION. Sec. 55. A new section is added to chapter 77.36 RCW to read as follows:

(1)(a) Except as limited by RCW 77.36.070 and 77.36.080, the department shall offer to distribute money appropriated to pay claims to the owner of commercial crops for damage caused by wild deer or elk or to the owners of commercial livestock that has been killed by bears, wolves, or cougars, or injured by bears, wolves, or cougars to such a degree that the market value of the commercial livestock has been diminished. Payments for claims for damage to commercial livestock are not subject to the limitations of RCW 77.36.070 and 77.36.080, but may not exceed the total amount specifically appropriated therefor.

(b) Owners of commercial crops or commercial livestock are only eligible for a claim under this subsection if:

(i) The owner satisfies the definition of "eligible farmer" in RCW 82.08.855;

(ii) The conditions of section 56 of this act have been satisfied; and

(iii) The damage caused to the commercial crop or commercial livestock satisfies the criteria for damage established by the commission under this subsection.

(c) The commission shall adopt and maintain by rule criteria that clarifies the damage to commercial crops and commercial livestock qualifying for compensation under this subsection. An owner of a commercial crop or commercial livestock must satisfy the criteria prior to receiving compensation under this subsection. The criteria for damage adopted under this subsection must include, but not be limited to, a required minimum economic loss to the owner of the commercial crop or commercial livestock, which may not be set at a value of less than five hundred dollars.

(2)(a) The department may offer to provide noncash compensation only to offset wildlife interactions to a person who applies to the department for compensation for damage to property other than commercial crops or commercial livestock that is the result of a mammalian or avian species of wildlife on a case-specific basis if the conditions of section 56 of this act have been satisfied and if the damage satisfies the criteria for damage established by the commission under this subsection.

(b) The commission shall adopt and maintain by rule criteria for damage to property other than a commercial crop or commercial livestock that is damaged by wildlife and may be eligible for compensation under this subsection, including criteria for filing a claim for compensation under this subsection.

(3)(a) To prevent or offset wildlife interactions, the department may offer materials or services to a person who applies to the department for assistance in providing mitigating actions designed to reduce wildlife interactions if the actions are designed to address damage that satisfies the criteria for damage established by the commission under this subsection.

(b) The commission shall adopt and maintain by rule criteria for mitigating actions designed to address wildlife interactions that may be eligible for materials and services under this section, including criteria for submitting an application under this section.

(4) An owner who files a claim under this section may appeal the decision of the department pursuant to rules adopted by the commission if the claim:

(a) Is denied; or

(b) Is disputed by the owner and the owner disagrees with the amount of compensation determined by the department.

NEW SECTION. Sec. 56. A new section is added to chapter 77.36 RCW to read as follows:

(1) No owner may receive compensation for wildlife interactions under this chapter unless the owner has, as determined by the department, first:

(a) Utilized applicable legal and practicable self-help preventive measures available to prevent the damage, including the use of nonlethal methods and department-provided materials and services when available under section 55 of this act; and

(b) Exhausted all available compensation options available from nonprofit organizations that provide compensation to private property owners due to financial losses caused by wildlife interactions.

(2) In determining if the requirements of this section have been satisfied, the department may recognize and consider the following:

(a) Property losses may occur without future or anticipated knowledge of potential problems resulting in an owner being unable to take preemptive measures.

(b) Normal agricultural practices, animal husbandry practices, recognized standard management techniques, and other industry-recognized management practices may represent adequate preventative efforts.

(c) Under certain circumstances, as determined by the department, wildlife may not logistically or practicably be managed by nonlethal efforts.

(d) Not all available legal preventative efforts are cost-effective for the owner to practicably employ.

(e) There are certain effective preventative control options not available due to federal or state restrictions.

(f) Under certain circumstances, as determined by the department, permitting public hunting may not be a practicable self-help method due to the size and nature of the property, the property's setting, or the ability of the landowner to accommodate public access.

(3) An owner is not eligible to receive compensation if the damages are covered by insurance.

(4) The commission shall adopt rules implementing this section, including requirements that owners document nonlethal preventive efforts undertaken and all permits issued by the department under RCW 77.12.240 and 77.12.150.

NEW SECTION. Sec. 57. A new section is added to chapter 77.36 RCW to read as follows:

The department shall establish:

(1) The form of affidavits or proof required to accompany all claims under this chapter;

(2) The process, time, and methods used to identify and assess damage, including the anticipated timeline for the initiation and conclusion of department action;

(3) How claims will be prioritized when available funds for reimbursement are limited;

(4) Timelines after the discovery of damage by which an owner must file a claim or notify the department;

(5) Protocols for an owner to follow if the owner wishes to undertake activities that would complicate the determination of damages, such as harvesting damaged crops;

(6) The process for determining damage assessments, including the role and selection of professional damage assessors and the responsibility for reimbursing third-party assessors for their services;

(7) Timelines for a claimant to accept, reject, or appeal a determination made by the department;

(8) The identification of instances when an owner would be ineligible for compensation;

(9) An appeals process for an owner eligible for compensation under section 55 of this act who is denied a claim or feels the compensation is insufficient; and

(10) Other policies necessary for administering this chapter.

NEW SECTION. Sec. 58. A new section is added to chapter 77.36 RCW to read as follows:

(1) Except as otherwise provided in this section and as limited by section 55 of this act and RCW 77.36.070 and 77.36.080, the cash compensation portion of each claim by the department under this chapter is limited to the lesser of:

(a) The value of the damage to the property by wildlife reduced by the amount of compensation provided to the claimant by any nonprofit organizations that provide compensation to private property owners due to financial losses caused by wildlife interactions, except that, subject to appropriation to pay compensation for damage to commercial livestock, the value of killed or injured commercial livestock may be no more than two hundred dollars per sheep, one thousand five hundred dollars per head of cattle, and one thousand five hundred dollars per horse; or

(b) Ten thousand dollars.

(2) The department may offer to pay a claim for an amount in excess of ten thousand dollars to the owners of commercial crops or commercial livestock filing a claim under section 55 of this act only if the outcome of an appeal filed by the claimant under section 55 of this act determines a payment higher than ten thousand dollars.

(3) All payments of claims by the department under this chapter must be paid to the owner of the damaged property and may not be assigned to a third party.

(4) The burden of proving all property damage, including damage to commercial crops and commercial livestock, belongs to the claimant.

Sec. 59. RCW 77.36.070 and 1996 c 54 s 8 are each amended to read as follows:

The department may pay no more than one hundred twenty thousand dollars per fiscal year from the state wildlife (~~fund~~) account created in RCW 77.12.170 for claims (~~under RCW 77.36.040 and for assessment costs and compromise of claims. Such money shall be used to pay animal damage claims only if the claim meets the conditions of RCW 77.36.040 and the damage occurred in a place where the opportunity to hunt was not restricted or prohibited by a county, municipality, or other public entity during the season prior to the occurrence of the damage~~) and assessment costs for damage to commercial crops caused by wild deer or elk submitted under section 55 of this act.

Sec. 60. RCW 77.36.080 and 1996 c 54 s 9 are each amended to read as follows:

MESSAGE FROM THE SENATE

April 14, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2021 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that a myriad of financial aid programs exist for students at the federal, state, local, community, and institutional levels. These programs enable thousands of students across Washington to access all sectors of higher education, from apprenticeship programs to public and private four and two-year institutions of higher education. The legislature further finds that Washington state is a national leader in the distribution of financial aid to increase college access and affordability, ranking fourth in the nation in 2007 in terms of state student grant aid funding per capita.

It is the intent of the legislature to promote and expand access to state financial aid programs by determining which programs provide the greatest value to the largest number of students, and by fully supporting those programs. Furthermore, it is the intent of the legislature to designate all existing financial aid an opportunity pathway, with the effect of providing students with a clear understanding of available resources to pay for postsecondary education, thereby increasing access to postsecondary education and meeting the needs of local business and industry.

It is the intent of the legislature that the higher education coordinating board, the state board for community and technical colleges, the office of the superintendent of public instruction, the workforce training and education coordinating board, and institutions

of higher education coordinate the development of outreach tools, such as a web-based portal for information on all opportunity pathway aid programs. The information should be communicated in a format and manner that provides an ease of understanding for students and their families and include other pertinent information on institutions of higher education, costs, and academic programs. It is also the intent of the legislature for institutions of higher education to incorporate this information in promotional materials to prospective and current students and their families.

NEW SECTION. Sec. 2. A new section is added to chapter 28B.101 RCW to read as follows:

(1) The legislature intends to consolidate the educational opportunity grant program over a period of two years. As of August 1, 2009, no new educational opportunity grants may be made. Persons who have been selected by the higher education coordinating board to receive a grant before August 1, 2009, shall receive the full amount of their award, not to exceed two thousand five hundred dollars per academic year for a maximum of two years. All persons awarded an educational opportunity grant before August 1, 2009, must complete using the award before August 1, 2011. For these recipients, eligibility for the grant is forfeited after this period.

(2) This section expires August 1, 2011.

NEW SECTION. Sec. 3. A new section is added to chapter 28B.92 RCW to read as follows:

(1) To the extent funds are appropriated for this purpose and within overall appropriations for the state need grant, enhanced need grants are provided for persons who meet all of the following criteria:

(a) Are needy students as defined in RCW 28B.92.030;

(b) Are placebound students as defined in RCW 28B.92.030; and

(c) Have completed the associate of arts or the associate of science degree, or its equivalent.

(2) The enhanced need grants established in this section are provided to this specific group of students in addition to the base state need grant, as defined by rule of the board.

Sec. 4. RCW 28B.92.060 and 2007 c 404 s 2 are each amended to read as follows:

In awarding need grants, the board shall proceed substantially as follows: PROVIDED, That nothing contained herein shall be construed to prevent the board, in the exercise of its sound discretion, from following another procedure when the best interest of the program so dictates:

(1) The board shall annually select the financial aid award recipients from among Washington residents applying for student financial aid who have been ranked according to:

(a) Financial need as determined by the amount of the family contribution; and

(b) Other considerations, such as whether the student is a former foster youth, or is a placebound student who has completed an associate of arts or associate of science degree or its equivalent.

(2) The financial need of the highest ranked students shall be met by grants depending upon the evaluation of financial need until the total allocation has been disbursed. Funds from grants which are declined, forfeited or otherwise unused shall be reawarded until disbursed, except that eligible former foster youth shall be assured receipt of a grant.

(3) A student shall be eligible to receive a state need grant for up to five years, or the credit or clock hour equivalent of five years, or up to one hundred twenty-five percent of the published length of time of the student's program. A student may not start a new associate degree program as a state need grant recipient until at least five years have elapsed since earning an associate degree as a need grant recipient, except that a student may earn two associate degrees concurrently. Qualifications for renewal will include maintaining satisfactory academic progress toward completion of an eligible program as determined by the board. Should the recipient terminate his or her enrollment for any reason during the academic year, the unused portion of the grant shall be returned to the state educational grant fund by the institution according to the institution's own policy for issuing refunds, except as provided in RCW 28B.92.070.

(4) In computing financial need, the board shall determine a maximum student expense budget allowance, not to exceed an amount equal to the total maximum student expense budget at the

public institutions plus the current average state appropriation per student for operating expense in the public institutions. Any child support payments received by students who are parents attending less than half-time shall not be used in computing financial need.

(5)(a) A student who is enrolled in three to six credit-bearing quarter credits, or the equivalent semester credits, may receive a grant for up to one academic year before beginning a program that leads to a degree or certificate.

(b) An eligible student enrolled on a less-than-full-time basis shall receive a prorated portion of his or her state need grant for any academic period in which he or she is enrolled on a less-than-full-time basis, as long as funds are available.

(c) An institution of higher education may award a state need grant to an eligible student enrolled in three to six credit-bearing quarter credits, or the semester equivalent, on a provisional basis if:

(i) The student has not previously received a state need grant from that institution;

(ii) The student completes the required free application for federal student aid;

(iii) The institution has reviewed the student's financial condition, and the financial condition of the student's family if the student is a dependent student, and has determined that the student is likely eligible for a state need grant; and

(iv) The student has signed a document attesting to the fact that the financial information provided on the free application for federal student aid and any additional financial information provided directly to the institution is accurate and complete, and that the student agrees to repay the institution for the grant amount if the student submitted false or incomplete information.

(6) As used in this section, "former foster youth" means a person who is at least eighteen years of age, but not more than twenty-four years of age, who was a dependent of the department of social and health services at the time he or she attained the age of eighteen.

Sec. 5. RCW 28B.92.030 and 2004 c 275 s 35 are each amended to read as follows:

As used in this chapter:

(1) "Institution" or "institutions of higher education" means:

(a) Any public university, college, community college, or technical college operated by the state of Washington or any political subdivision thereof; or

(b) Any other university, college, school, or institute in the state of Washington offering instruction beyond the high school level which is a member institution of an accrediting association recognized by rule of the board for the purposes of this section: PROVIDED, That any institution, branch, extension or facility operating within the state of Washington which is affiliated with an institution operating in another state must be a separately accredited member institution of any such accrediting association, or a branch of a member institution of an accrediting association recognized by rule of the board for purposes of this section, that is eligible for federal student financial aid assistance and has operated as a nonprofit college or university delivering on-site classroom instruction for a minimum of twenty consecutive years within the state of Washington, and has an annual enrollment of at least seven hundred full-time equivalent students: PROVIDED FURTHER, That no institution of higher education shall be eligible to participate in a student financial aid program unless it agrees to and complies with program rules and regulations adopted pursuant to RCW 28B.92.150.

(2) "Financial aid" means loans and/or grants to needy students enrolled or accepted for enrollment as a student at institutions of higher education.

(3) "Needy student" means a post high school student of an institution of higher education who demonstrates to the board the financial inability, either through the student's parents, family and/or personally, to meet the total cost of board, room, books, and tuition and incidental fees for any semester or quarter.

(4) "Disadvantaged student" means a post high school student who by reason of adverse cultural, educational, environmental, experiential, familial or other circumstances is unable to qualify for enrollment as a full time student in an institution of higher education, who would otherwise qualify as a needy student, and who is attending an institution of higher education under an established

program designed to qualify the student for enrollment as a full time student.

(5) "Board" means the higher education coordinating board.

(6) "Placebound student" means a student who (a) is unable to complete a college program because of family or employment commitments, health concerns, monetary inability, or other similar factors; and (b) may be influenced by the receipt of an enhanced student financial aid award to complete a baccalaureate degree at an eligible institution.

Sec. 6. RCW 28B.15.0681 and 2007 c 151 s 2 are each amended to read as follows:

(1) In addition to the requirement in RCW 28B.76.300(4), institutions of higher education shall disclose to their undergraduate resident students on the tuition billing statement, in dollar figures for a full-time equivalent student:

~~((+))~~ (a) The full cost of instruction ~~(-2))~~;

~~(b)~~ The amount collected from student tuition and fees ~~(-))~~; and ~~((+))~~ (c) The difference between the amounts for the full cost of instruction and the student tuition and fees ~~(-noting))~~;

(2) The tuition billing statement shall note that the difference between the cost and tuition under subsection (1)(c) of this section was paid by state tax funds and other moneys.

(3) Beginning in the 2010-11 academic year, the amount determined in subsection (1)(c) of this section shall be labeled an "opportunity pathway" on the tuition billing statement.

(4) Beginning in the 2010-11 academic year, institutions of higher education shall label financial aid awarded to resident undergraduate students as an "opportunity pathway" on the tuition billing statement or financial aid award notification. Aid granted to students outside of the financial aid package provided through the institution of higher education and loans provided by the federal government are not subject to the labeling provisions in this subsection. All other aid from all sources including federal, state, and local governments, local communities, nonprofit and for-profit organizations, and institutions of higher education must be included. The disclosure requirements specified in this section do not change the source, award amount, student eligibility, or student obligations associated with each award. Institutions of higher education retain the ability to customize their tuition billing statements to inform students of the assistance source, amount, and type so long as provisions of this section are also fulfilled.

(5) The tuition billing statement disclosures shall be in twelve-point type and boldface type where appropriate.

(6) All tuition billing statements or financial aid award notifications at institutions of higher education must notify resident undergraduate students of federal tax credits related to higher education for which they may be eligible.

Sec. 7. RCW 28B.76.500 and 1985 c 370 s 23 are each amended to read as follows:

(1) The board shall administer any state program or state-administered federal program of student financial aid now or hereafter established.

(2) Each of the student financial aid programs administered by the board shall be labeled an "opportunity pathway." Loans provided by the federal government and aid granted to students outside of the financial aid package provided through institutions of higher education are not subject to the labeling provisions in this subsection. All communication materials, including, but not limited to, printed materials, presentations, and web content, shall include the "opportunity pathway" label.

(3) If the board develops a one-stop college information web-based portal that includes financial, academic, and career planning information, the portal shall display all available student financial aid programs, except federal student loans and aid granted to students outside of the financial aid package provided through institutions of higher education, under the "opportunity pathway" label. The portal shall also display information regarding federal tax credits related to higher education available for students or their families.

(4) The labeling requirements in this section do not change the source, eligibility requirements, or student obligations associated with each program. The board shall customize its communications to differentiate between programs, eligibility requirements, and

student obligations, so long as the reporting provisions of this chapter are also fulfilled.

NEW SECTION. Sec. 8. A new section is added to chapter 28B.15 RCW to read as follows:

As used in this chapter, "dual credit program" means a program, administered by either an institution of higher education or a high school, through which high school students in the eleventh or twelfth grade who have not yet received the credits required for the award of a high school diploma apply to a participating institution of higher education to enroll in courses or programs offered by the institution of higher education and simultaneously earn high school and college credit.

Sec. 9. RCW 28B.15.820 and 2007 c 404 s 4 are each amended to read as follows:

(1) Each institution of higher education, including technical colleges, shall deposit a minimum of three and one-half percent of revenues collected from tuition and services and activities fees in an institutional financial aid fund that is hereby created and which shall be held locally. Moneys in the fund shall be used only for the following purposes: (a) To make guaranteed long-term loans to eligible students as provided in subsections (3) through (8) of this section; (b) to make short-term loans as provided in subsection (9) of this section; ~~((or))~~ (c) to provide financial aid to needy students as provided in subsection (10) of this section; or (d) to provide financial aid to students as provided in subsection (11) of this section.

(2) An "eligible student" for the purposes of subsections (3) through (8) and (10) of this section is a student registered for at least three credit hours or the equivalent, who is eligible for resident tuition and fee rates as defined in RCW 28B.15.012 and 28B.15.013, and who is a "needy student" as defined in RCW 28B.92.030.

(3) The amount of the guaranteed long-term loans made under this section shall not exceed the demonstrated financial need of the student. Each institution shall establish loan terms and conditions which shall be consistent with the terms of the guaranteed loan program established by 20 U.S. Code Section 1071 et seq., as now or hereafter amended. All loans made shall be guaranteed by the Washington student loan guaranty association or its successor agency. Institutions are hereby granted full authority to operate as an eligible lender under the guaranteed loan program.

(4) Before approving a guaranteed long-term loan, each institution shall analyze the ability of the student to repay the loan based on factors which include, but are not limited to, the student's accumulated total education loan burdens and the employment opportunities and average starting salary characteristics of the student's chosen fields of study. The institution shall counsel the student on the advisability of acquiring additional debt, and on the availability of other forms of financial aid.

(5) Each institution is responsible for collection of guaranteed long-term loans made under this section and shall exercise due diligence in such collection, maintaining all necessary records to insure that maximum repayments are made. Institutions shall cooperate with other lenders and the Washington student loan guaranty association, or its successor agency, in the coordinated collection of guaranteed loans, and shall assure that the guarantability of the loans is not violated. Collection and servicing of guaranteed long-term loans under this section shall be performed by entities approved for such servicing by the Washington student loan guaranty association or its successor agency: PROVIDED, That institutions be permitted to perform such servicing if specifically recognized to do so by the Washington student loan guaranty association or its successor agency. Collection and servicing of guaranteed long-term loans made by community colleges under subsection (1) of this section shall be coordinated by the state board for community and technical colleges and shall be conducted under procedures adopted by the state board.

(6) Receipts from payment of interest or principal or any other subsidies to which institutions as lenders are entitled, that are paid by or on behalf of borrowers of funds under subsections (3) through (8) of this section, shall be deposited in each institution's financial aid fund and shall be used to cover the costs of making the guaranteed long-term loans under this section and maintaining necessary records and making collections under subsection (5) of this section: PROVIDED, That such costs shall not exceed five percent of

aggregate outstanding loan principal. Institutions shall maintain accurate records of such costs, and all receipts beyond those necessary to pay such costs, shall be deposited in the institution's financial aid fund.

(7) The governing boards of the state universities, the regional universities, and The Evergreen State College, and the state board for community and technical colleges, on behalf of the community colleges and technical colleges, shall each adopt necessary rules and regulations to implement this section.

(8) First priority for any guaranteed long-term loans made under this section shall be directed toward students who would not normally have access to educational loans from private financial institutions in Washington state, and maximum use shall be made of secondary markets in the support of loan consolidation.

(9) Short-term loans, not to exceed one year, may be made from the institutional financial aid fund to students enrolled in the institution. No such loan shall be made to any student who is known by the institution to be in default or delinquent in the payment of any outstanding student loan. A short-term loan may be made only if the institution has ample evidence that the student has the capability of repaying the loan within the time frame specified by the institution for repayment.

(10) Any moneys deposited in the institutional financial aid fund that are not used in making long-term or short-term loans may be used by the institution for locally administered financial aid programs for needy students, such as need-based institutional employment programs or need-based tuition and fee scholarship or grant programs. These funds shall be used in addition to and not to replace institutional funds that would otherwise support these locally administered financial aid programs. First priority in the use of these funds shall be given to needy students who have accumulated excessive educational loan burdens. An excessive educational loan burden is a burden that will be difficult to repay given employment opportunities and average starting salaries in the student's chosen fields of study. Second priority in the use of these funds shall be given to needy single parents, to assist these students with their educational expenses, including expenses associated with child care and transportation.

(11) Any moneys deposited in the institutional financial aid fund may be used by the institution for a locally administered financial aid program for high school students enrolled in dual credit programs. If institutions use funds in this manner, the governing boards of the state universities, the regional universities, The Evergreen State College, and the state board for community and technical colleges shall each adopt necessary rules to implement this subsection. Moneys from this fund may be used for all educational expenses related to a student's participation in a dual credit program including but not limited to tuition, fees, course materials, and transportation.

NEW SECTION. Sec. 10. A new section is added to chapter 28B.92 RCW to read as follows:

Institutions of higher education are encouraged to review their policies and procedures regarding financial aid for students enrolled in dual credit programs as defined in section 8 of this act. Institutions of higher education are further encouraged to implement policies and procedures providing students enrolled in dual credit programs with the same access to institutional aid, including all educational expenses, as provided to resident undergraduate students.

Sec. 11. RCW 28B.12.060 and 2005 c 93 s 4 are each amended to read as follows:

The higher education coordinating board shall adopt rules as may be necessary or appropriate for effecting the provisions of this chapter, and not in conflict with this chapter, in accordance with the provisions of chapter 34.05 RCW, the state higher education administrative procedure act. MESSAGE FROM THE SENATE

April 16, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 2261 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) Public education in Washington state has evolved since the enactment of the Washington basic education act of 1977. Decisions by the courts have played a part in this evolution, as have studies and research about education practices and education funding. The legislature finds ample evidence of a need for continuing to refine the program of basic education that is funded by the state and delivered by school districts.

(2) The legislature reaffirms the work of Washington Learns and other educational task forces that have been convened over the past four years and their recommendations to make bold reforms to the

entire educational system in order to educate all students to a higher level; to focus on the individualized instructional needs of students; to strive towards closing the achievement gap and reducing dropout rates; and to prepare students for a constantly evolving workforce and increasingly demanding global economy. In enacting this legislation, the legislature intends to continue to review, evaluate, and revise the definition and funding of basic education in order to continue to fulfill the state obligation under Article IX of the state Constitution. The legislature also intends to continue to strengthen and modify the structure of the entire K-12 educational system, including nonbasic education programmatic elements, in order to build the capacity to anticipate and support potential future enhancements to basic education as the educational needs of our citizens continue to evolve.

(3) The legislature recognizes that the first step in revising the definition and funding of basic education is to create a transparent funding system for both allocations and expenditures so that not only policymakers and educators understand how the state supports basic education but also taxpayers. An adequate data system that enables the legislature to make rational, data-driven decisions on which educational programs impact student learning in order to more effectively and efficiently deliver the resources necessary to provide an ample program of basic education is also a necessity. A new prototypical funding system will allow the legislature to better understand how current resources are being used. A more complete and accurate educational data system will allow the legislature to understand whether current basic education programs are supporting student learning. Only with both of these systems in place can the legislature make informed decisions on how to best implement a dynamic and evolving system of basic education.

(4) For practical and educational reasons, major changes of the program of basic education and the funding formulas to support it cannot occur instantaneously. The legislature intends to build upon the previous efforts of the legislature and the basic education task force in order to develop a realistic implementation strategy for a new instructional program after technical experts develop the details of the prototypical schools funding formulas and the data and reporting system that will support a new instructional program. The legislature also intends to establish a formal structure for monitoring the implementation by the legislature of an evolving program of basic education and the financing necessary to support such a program. The legislature intends that the redefined program of basic education and funding for the program be fully implemented by 2018.

(5) It is the further intent of the legislature to also address additional issues that are of importance to the legislature but are not part of basic education.

NEW SECTION. Sec. 2. It is the intent of the legislature that specified policies and allocation formulas adopted under this act will constitute the legislature's definition of basic education under Article IX of the state Constitution once fully implemented. The legislature intends, however, to continue to review and revise the formulas and schedules and may make additional revisions, including revisions for technical purposes and consistency in the event of mathematical or other technical errors.

(2) The instructional program of basic education shall be considered to be fully funded by those amounts of dollars appropriated by the legislature pursuant to RCW ~~((28A.150.250 and))~~ 28A.150.260, 28A.150.390, and section 109 of this act to fund those program requirements identified in RCW 28A.150.220 in accordance with the formula ~~((and ratios))~~ provided in RCW 28A.150.260 and those amounts of dollars appropriated by the legislature to fund the salary requirements of RCW ~~((28A.150.100 and))~~ 28A.150.410.

~~((Operation of a program approved by the state board of education, for the purposes of this section, shall include a finding that the ratio of students per classroom teacher in grades kindergarten through three is not greater than the ratio of students per classroom teacher in grades four and above for such district. PROVIDED, That for the purposes of this section, "classroom teacher" shall be defined as an instructional employee possessing at least a provisional certificate, but not necessarily employed as a certificated employee, whose primary duty is the daily educational instruction of students: PROVIDED FURTHER, That the state board of education shall adopt rules and regulations to insure compliance with the student/teacher ratio provisions of this section, and such rules and regulations shall allow for exemptions for those special programs and/or school districts which may be deemed unable to practicably meet the student/teacher ratio requirements of this section by virtue of a small number of students.))~~

(3) If a school district's basic education program fails to meet the basic education requirements enumerated in RCW ~~((28A.150.250;))~~ 28A.150.260~~((;))~~ and 28A.150.220, the state board of education shall require the superintendent of public instruction to withhold state funds in whole or in part for the basic education allocation until program compliance is assured~~(((- PROVIDED, That)). However, the state board of education may waive this requirement in the event of substantial lack of classroom space.~~

Sec. 106. RCW 28A.150.260 and 2006 c 263 s 322 are each amended to read as follows:

~~((The basic education allocation for each annual average full time equivalent student shall be determined in accordance with the following procedures)) The purpose of this section is to provide for the allocation of state funding that the legislature deems necessary to support school districts in offering the minimum instructional program of basic education under RCW 28A.150.220. The allocation shall be determined as follows:~~

(1) The governor shall and the superintendent of public instruction may recommend to the legislature a formula ~~((based on a ratio of students to staff))~~ for the distribution of a basic education instructional allocation for each ~~((annual average full time equivalent student enrolled in a))~~ common school district. ~~((The distribution formula shall have the primary objective of equalizing educational opportunities and shall provide appropriate recognition of the following costs among the various districts within the state:~~

~~— (a) Certificated instructional staff and their related costs;~~

~~— (b) Certificated administrative staff and their related costs;~~

~~— (c) Classified staff and their related costs;~~

~~— (d) Nonsalary costs;~~

~~— (e) Extraordinary costs, including school facilities, of remote and necessary schools as judged by the superintendent of public instruction, with recommendations from the school facilities citizen~~

~~advisory panel under RCW 28A.525.025, and small high schools, including costs of additional certificated and classified staff; and~~

~~(f) The attendance of students pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district.)~~

~~(2)((a)) The distribution formula under this section shall be for allocation purposes only. Except as may be required under chapter 28A.165, 28A.180, or 28A.155 RCW, or federal laws and regulations, nothing in this section requires school districts to use basic education instructional funds to implement a particular instructional approach or service. Nothing in this section requires school districts to maintain a particular classroom teacher-to-student ratio or other staff-to-student ratio or to use allocated funds to pay for particular types or classifications of staff. Nothing in this section entitles an individual teacher to a particular teacher planning period.~~

~~(3)(a) To the extent the technical details of the formula have been adopted by the legislature, the distribution formula for the basic education instructional allocation shall be based on minimum staffing and nonstaff costs the legislature deems necessary to support instruction and operations in prototypical schools serving high, middle, and elementary school students as provided in this section. The use of prototypical schools for the distribution formula does not constitute legislative intent that schools should be operated or structured in a similar fashion as the prototypes. Prototypical schools illustrate the level of resources needed to operate a school of a particular size with particular types and grade levels of students using commonly understood terms and inputs, such as class size, hours of instruction, and various categories of school staff. It is the intent that the funding allocations to school districts be adjusted from the school prototypes based on the actual number of annual average full-time equivalent students in each grade level at each school in the district and not based on the grade-level configuration of the school to the extent that data is available. The allocations shall be further adjusted from the school prototypes with minimum allocations for small schools and to reflect other factors identified in the omnibus appropriations act.~~

~~(b) For the purposes of this section, prototypical schools are defined as follows:~~

~~(i) A prototypical high school has six hundred average annual full-time equivalent students in grades nine through twelve;~~

~~(ii) A prototypical middle school has four hundred thirty-two average annual full-time equivalent students in grades seven and eight; and~~

~~(iii) A prototypical elementary school has four hundred average annual full-time equivalent students in grades kindergarten through six.~~

~~(c) The minimum allocation for each level of prototypical school shall be based on the number of full-time equivalent classroom teachers needed to provide instruction over the minimum required annual instructional hours under RCW 28A.150.220 and provide at least one teacher planning period per school day, and based on an average class size as specified in the omnibus appropriations act. The omnibus appropriations act shall at a minimum specify:~~

~~(i) Basic average class size;~~

~~(ii) Basic average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals;~~

~~(iii) Average class size for exploratory and preparatory career and technical education, laboratory science, advanced placement, and international baccalaureate courses; and~~

~~(iv) Average class size in grades kindergarten through three.~~

~~(d) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:~~

~~(i) Principals, including assistant principals, and other certificated building-level administrators;~~

~~(ii) Teacher librarians, performing functions including information literacy, technology, and media to support school library media programs;~~

~~(iii) Student health services, a function that includes school nurses, whether certificated instructional or classified employee, and social workers;~~

~~(iv) Guidance counselors, performing functions including parent outreach and graduation advisor;~~

~~(v) Professional development coaches;~~

~~(vi) Teaching assistance, which includes any aspect of educational instructional services provided by classified employees;~~

~~(vii) Office support, technology support, and other noninstructional aides;~~

~~(viii) Custodians, warehouse, maintenance, laborer, and professional and technical education support employees; and~~

~~(ix) Classified staff providing student and staff safety.~~

~~(4)(a) The minimum allocation for each school district shall include allocations per annual average full-time equivalent student for the following materials, supplies, and operating costs: Student technology; utilities; curriculum, textbooks, library materials, and instructional supplies; instructional professional development for both certificated and classified staff; other building-level costs including maintenance, custodial, and security; and central office administration.~~

~~(b) The annual average full-time equivalent student amounts in (a) of this subsection shall be enhanced based on full-time equivalent student enrollment in exploratory career and technical education courses for students in grades seven through twelve; laboratory science courses for students in grades nine through twelve; preparatory career and technical education courses for students in grades nine through twelve offered in a high school; and preparatory career and technical education courses for students in grades eleven and twelve offered through a skill center.~~

~~(5) The allocations provided under subsections (3) and (4) of this section shall be enhanced as follows to provide additional allocations for classroom teachers and maintenance, supplies, and operating costs:~~

~~(a) To provide supplemental instruction and services for underachieving students through the learning assistance program under RCW 28A.165.005 through 28A.165.065, allocations shall be based on the percent of students in each school who are eligible for free and reduced-price meals. The minimum allocation for the learning assistance program shall provide an extended school day and extended school year for each level of prototypical school and a per student allocation for maintenance, supplies, and operating costs.~~

~~(b) To provide supplemental instruction and services for students whose primary language is other than English, allocations shall be based on the number of students in each school who are eligible for and enrolled in the transitional bilingual instruction program under RCW 28A.180.010 through 28A.180.080. The minimum allocation for each level of prototypical school shall provide for supplemental instruction based on percent of the school day a student is assumed to receive supplemental instruction and a per student allocation for maintenance, supplies, and operating costs.~~

~~(6) The allocations provided under subsections (3) and (4) of this section shall be enhanced to provide additional allocations to support programs for highly capable students under RCW 28A.185.010 through 28A.185.030, based on two and three hundred fourteen one-thousandths percent of each school district's full-time equivalent enrollment. The minimum allocation for the programs shall provide an extended school day and extended school year for each level of prototypical school and a per student allocation for maintenance, supplies, and operating costs.~~

~~(7) The allocations under subsections (3)(b), (c)(i), and (d), (4), and (8) of this section shall be enhanced as provided under RCW 28A.150.390 on an excess cost basis to provide supplemental instructional resources for students with disabilities.~~

~~(8) The distribution formula shall include allocations to school districts to support certificated and classified staffing of central office administration. The minimum allocation shall be calculated as a percentage, identified in the omnibus appropriations act, of the total allocations for staff under subsections (3) and (6) of this section for all schools in the district.~~

~~(9)(a) For the purposes of allocations for prototypical high schools and middle schools under subsections (3) and (5) of this section that are based on the percent of students in the school who are eligible for free and reduced-price meals, the actual percent of such students in a school shall be adjusted by a factor identified in the omnibus appropriations act to reflect underreporting of free and~~

reduced-price meal eligibility among middle and high school students.

(b) Allocations or enhancements provided under subsections (3) and (4) of this section for exploratory and preparatory career and technical education courses shall be provided only for courses approved by the office of the superintendent of public instruction under chapter 28A.700 RCW.

(10)(a) This formula for distribution of basic education funds shall be reviewed biennially by the superintendent and governor. The recommended formula shall be subject to approval, amendment or rejection by the legislature. ((The formula shall be for allocation purposes only. While the legislature intends that the allocations for additional instructional staff be used to increase the ratio of such staff to students, nothing in this section shall require districts to reduce the number of administrative staff below existing levels.

(b) The formula adopted by the legislature shall reflect the following ratios at a minimum: (i) Forty-nine certificated instructional staff to one thousand annual average full time equivalent students enrolled in grades kindergarten through three; (ii) forty-six certificated instructional staff to one thousand annual average full time equivalent students in grades four through twelve; (iii) four certificated administrative staff to one thousand annual average full time equivalent students in grades kindergarten through twelve; and (iv) sixteen and sixty-seven one-hundredths classified personnel to one thousand annual average full time equivalent students enrolled in grades kindergarten through twelve.

((c)) (b) In the event the legislature rejects the distribution formula recommended by the governor, without adopting a new distribution formula, the distribution formula for the previous school year shall remain in effect((~~PROVIDED, That the distribution formula developed pursuant to this section shall be for state apportionment and equalization purposes only and shall not be construed as mandating specific operational functions of local school districts other than those program requirements identified in RCW 28A.150.220 and 28A.150.100).~~

(c) The enrollment of any district shall be the annual average number of full-time equivalent students and part-time students as provided in RCW 28A.150.350, enrolled on the first school day of each month ((and shall exclude full time equivalent students with disabilities recognized for the purposes of allocation of state funds for programs under RCW 28A.155.010 through 28A.155.100)), including students who are in attendance pursuant to RCW 28A.335.160 and 28A.225.250 who do not reside within the servicing school district. The definition of full-time equivalent student shall be determined by rules of the superintendent of public instruction((~~PROVIDED, That the definition~~)) and shall be included as part of the superintendent's biennial budget request((~~PROVIDED, FURTHER, That~~)). The definition shall be based on the minimum instructional hour offerings required under RCW 28A.150.220. Any revision of the present definition shall not take effect until approved by the house ((~~appropriations~~)) ways and means committee and the senate ways and means committee((~~PROVIDED, FURTHER, That~~)).

(d) The office of financial management shall make a monthly review of the superintendent's reported full-time equivalent students in the common schools in conjunction with RCW 43.62.050.

((3)(a) Certificated instructional staff shall include those persons employed by a school district who are nonsupervisory employees within the meaning of RCW 41.59.020(8): PROVIDED, That in exceptional cases, people of unusual competence but without certification may teach students so long as a certificated person exercises general supervision: PROVIDED, FURTHER, That the hiring of such classified people shall not occur during a labor dispute and such classified people shall not be hired to replace certificated employees during a labor dispute.

(b) Certificated administrative staff shall include all those persons who are chief executive officers, chief administrative officers, confidential employees, supervisors, principals, or assistant principals within the meaning of RCW 41.59.020(4).))

Sec. 107. RCW 28A.150.315 and 2007 c 400 s 2 are each amended to read as follows:

(1) Beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools

with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Additionally, schools receiving all-day kindergarten program support shall agree to the following conditions:

(a) Provide at least a one thousand-hour instructional program;

(b) Provide a curriculum that offers a rich, varied set of experiences that assist students in:

(i) Developing initial skills in the academic areas of reading, mathematics, and writing;

(ii) Developing a variety of communication skills;

(iii) Providing experiences in science, social studies, arts, health and physical education, and a world language other than English;

(iv) Acquiring large and small motor skills;

(v) Acquiring social and emotional skills including successful participation in learning activities as an individual and as part of a group; and

(vi) Learning through hands-on experiences;

(c) Establish learning environments that are developmentally appropriate and promote creativity;

(d) Demonstrate strong connections and communication with early learning community providers; and

(e) Participate in kindergarten program readiness activities with early learning providers and parents.

(2) Subject to funds appropriated for this purpose, the superintendent of public instruction shall designate one or more school districts to serve as resources and examples of best practices in designing and operating a high-quality all-day kindergarten program. Designated school districts shall serve as lighthouse programs and provide technical assistance to other school districts in the initial stages of implementing an all-day kindergarten program. Examples of topics addressed by the technical assistance include strategic planning, developing the instructional program and curriculum, working with early learning providers to identify students and communicate with parents, and developing kindergarten program readiness activities.

((3) Any funds allocated to support all-day kindergarten programs under this section shall not be considered as basic education funding.))

Sec. 108. RCW 28A.150.390 and 1995 c 77 s 6 are each amended to read as follows:

(1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW ((~~28A.150.250;~~)) 28A.150.260((~~;~~)) (3) (b), (c)(i), and (d), (4), and (8) and federal medical assistance and private funds accruing under RCW 74.09.5249 through 74.09.5253 and 74.09.5254 through 74.09.5256((~~;~~ and other state and local funds, excluding special excess levies)).

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten who are eligible for and enrolled in special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by 1.15; and

(b) A district's annual average full-time equivalent basic education enrollment, multiplied by the district's funded enrollment percent, multiplied by the district's base allocation per full-time equivalent student, multiplied by 0.9309.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (3) (b), (c)(i), and (d), (4), and (8), to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(c) "Enrollment percent" means the district's resident special education annual average enrollment, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, as a percent of the district's annual average full-time equivalent basic education enrollment.

(d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or twelve and seven-tenths percent.

NEW SECTION. Sec. 109. (1) To the extent necessary, funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided through the special education funding formula under RCW 28A.150.390. If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need. Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall consider additional funds for districts that can convincingly demonstrate that all legitimate expenditures for special education exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards. In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state revenues related to services for special education-eligible students and all federal revenues from federal impact aid, medicaid, and the individuals with disabilities education act-Part B and appropriate special projects. Awards associated with (b) and (c) of this subsection shall not exceed the total of a district's specific determination of need.

(b) The committee shall then consider the extraordinary high cost needs of one or more individual special education students. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(c) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (1)(c) shall be adjusted to reflect amounts awarded under (b) of this subsection.

(d) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(e) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

(f) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(2) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent of public instruction shall also provide technical

assistance to school districts in preparing and submitting special education safety net applications.

(3) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(4) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

Sec. 110. RCW 28A.150.380 and 2001 c 3 s 10 are each amended to read as follows:

(1) The state legislature shall, at each regular session in an odd-numbered year, appropriate ~~(from the state general fund)~~ for the current use of the common schools such amounts as needed for state support to ~~(the common schools)~~ school districts during the ensuing biennium ~~(as provided in this chapter, RCW 28A.160.150 through 28A.160.210, 28A.300.170, and 28A.500.010)~~ for the program of basic education under RCW 28A.150.200.

(2) In addition to those state funds provided to school districts for basic education, the legislature may appropriate funds to be distributed to school districts for other factors and for other special programs to enhance or enrich the program of basic education.

(3) The state legislature shall also, at each regular session in an odd-numbered year, appropriate from the student achievement fund and education construction fund solely for the purposes of and in accordance with the provisions of the student achievement act during the ensuing biennium.

Sec. 111. RCW 28A.230.090 and 2006 c 114 s 3 are each amended to read as follows:

(1) The state board of education shall establish high school graduation requirements or equivalencies for students, except those equivalencies established by local high schools or school districts under RCW 28A.230.097.

(a) Any course in Washington state history and government used to fulfill high school graduation requirements shall consider including information on the culture, history, and government of the American Indian peoples who were the first inhabitants of the state.

(b) The certificate of academic achievement requirements under RCW 28A.655.061 or the certificate of individual achievement requirements under RCW 28A.155.045 are required for graduation from a public high school but are not the only requirements for graduation.

(c) Any decision on whether a student has met the state board's high school graduation requirements for a high school and beyond plan shall remain at the local level.

(2)(a) In recognition of the statutory authority of the state board of education to establish and enforce minimum high school graduation requirements, the state board shall periodically reevaluate the graduation requirements and shall report such findings to the legislature in a timely manner as determined by the state board.

(b) The state board shall reevaluate the graduation requirements for students enrolled in vocationally intensive and rigorous career and technical education programs, particularly those programs that lead to a certificate or credential that is state or nationally recognized. The purpose of the evaluation is to ensure that students enrolled in these programs have sufficient opportunity to earn a certificate of academic achievement, complete the program and earn the program's certificate or credential, and complete other state and local graduation requirements. ~~((The board shall reports [report] its findings and recommendations for additional flexibility in graduation requirements, if necessary, to the legislature by December 1, 2007.))~~

(c) The state board shall forward any proposed changes to the high school graduation requirements to the education committees of

the legislature for review and to the quality education council established under section 114 of this act. The legislature shall have the opportunity to act during a regular legislative session before the changes are adopted through administrative rule by the state board. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized and funded by the legislature through the omnibus appropriations act or other enacted legislation.

(3) Pursuant to any requirement for instruction in languages other than English established by the state board of education or a local school district, or both, for purposes of high school graduation, students who receive instruction in American sign language or one or more American Indian languages shall be considered to have satisfied the state or local school district graduation requirement for instruction in one or more languages other than English.

(4) If requested by the student and his or her family, a student who has completed high school courses before attending high school shall be given high school credit which shall be applied to fulfilling high school graduation requirements if:

(a) The course was taken with high school students, if the academic level of the course exceeds the requirements for seventh and eighth grade classes, and the student has successfully passed by completing the same course requirements and examinations as the high school students enrolled in the class; or

(b) The academic level of the course exceeds the requirements for seventh and eighth grade classes and the course would qualify for high school credit, because the course is similar or equivalent to a course offered at a high school in the district as determined by the school district board of directors.

(5) Students who have taken and successfully completed high school courses under the circumstances in subsection (4) of this section shall not be required to take an additional competency examination or perform any other additional assignment to receive credit.

(6) At the college or university level, five quarter or three semester hours equals one high school credit.

NEW SECTION. Sec. 112. (1) The legislature intends to continue to redefine the instructional program of education under RCW 28A.150.220 that fulfills the obligations and requirements of Article IX of the state Constitution. The funding formulas under RCW 28A.150.260 to support the instructional program shall be implemented to the extent the technical details of the formula have been established and according to an implementation schedule to be adopted by the legislature. The object of the schedule is to assure that any increases in funding allocations are timely, predictable, and occur concurrently with any increases in program or instructional requirements. It is the intent of the legislature that no increased programmatic or instructional expectations be imposed upon schools or school districts without an accompanying increase in resources as necessary to support those increased expectations.

(2) The office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to:

(a) Develop the details of the funding formulas under RCW 28A.150.260;

(b) Recommend to the legislature an implementation schedule for phasing-in any increased program or instructional requirements concurrently with increases in funding for adoption by the legislature; and

(c) Examine possible sources of revenue to support increases in funding allocations and present options to the legislature and the quality education council created in section 114 of this act for consideration.

(3) The working group shall include representatives of the legislative evaluation and accountability program committee, school district and educational service district financial managers, the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. The working group may convene

advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(4) The working group shall be monitored and overseen by the legislature and the quality education council established in section 114 of this act. The working group shall submit its recommendations to the legislature by December 1, 2009.

NEW SECTION. Sec. 113. A new section is added to chapter 28A.300 RCW to read as follows:

(1) As part of the estimates and information submitted to the governor by the superintendent of public instruction under RCW 28A.300.170, the superintendent of public instruction shall biennially make determinations on the educational system's capacity to accommodate increased resources in relation to the elements in the prototypical funding allocation model. In areas where there are specific and significant capacity limitations to providing enhancements to a recommended element, the superintendent of public instruction shall identify those limitations and make recommendations on how to address the issue.

(2) The legislature shall:

(a) Review the recommendations of the superintendent of public instruction submitted under subsection (1) of this section; and

(b) Use the information as it continues to review, evaluate, and revise the definition and funding of basic education in a manner that serves the educational needs of the citizen's of Washington; continues to fulfill the state's obligation under Article IX of the state Constitution and ensures that no enhancements are imposed on the educational system that cannot be accommodated by the existing system capacity.

(3) "System capacity" for purposes of this section includes, but is not limited to, the ability of schools and districts to provide the capital facilities necessary to support a particular instructional program, the staffing levels necessary to support an instructional program both in terms of actual numbers of staff as well as the experience level and types of staff available to fill positions, the higher education systems capacity to prepare the next generation of educators, and the availability of data and a data system capable of helping the state allocate its resources in a manner consistent with evidence-based practices that are shown to improve student learning.

(4) The office of the superintendent of public instruction shall report to the legislature on a biennial basis beginning December 1, 2010.

NEW SECTION. Sec. 114. (1) The quality education council is created to recommend and inform the ongoing implementation by the legislature of an evolving program of basic education and the financing necessary to support such program. The council shall develop strategic recommendations on the program of basic education for the common schools. The council shall take into consideration the capacity report produced under section 113 of this act and the availability of data and progress of implementing the data systems required under section 202 of this act. Any recommendations for modifications to the program of basic education shall be based on evidence that the programs effectively support student learning. The council shall update the statewide strategic recommendations every four years. The recommendations of the council are intended to:

(a) Inform future educational policy and funding decisions of the legislature and governor;

(b) Identify measurable goals and priorities for the educational system in Washington state for a ten-year time period, including the goals of basic education and ongoing strategies for coordinating statewide efforts to eliminate the achievement gap and reduce student dropout rates; and

(c) Enable the state of Washington to continue to implement an evolving program of basic education.

(2) The council may request updates and progress reports from the office of the superintendent of public instruction, the state board of education, the professional educator standards board, and the department of early learning on the work of the agencies as well as educational working groups established by the legislature.

(3) The chair of the council shall be selected from the councilmembers. The council shall be composed of the following members:

(a) Four members of the house of representatives, with two members representing each of the major caucuses and appointed by the speaker of the house of representatives;

(b) Four members of the senate, with two members representing each of the major caucuses and appointed by the president of the senate; and

(c) One representative each from the office of the governor, office of the superintendent of public instruction, state board of education, professional educator standards board, and department of early learning.

(4) In the 2009 fiscal year, the council shall meet as often as necessary as determined by the chair. In subsequent years, the council shall meet no more than four times a year.

(5)(a) The council shall submit an initial report to the governor and the legislature by January 1, 2010, detailing its recommendations, including recommendations for resolving issues or decisions requiring legislative action during the 2010 legislative session, and recommendations for any funding necessary to continue development and implementation of chapter . . . , Laws of 2009 (this act).

(b) The initial report shall, at a minimum, include:

(i) Consideration of how to establish a statewide beginning teacher mentoring and support system;

(ii) Recommendations for a program of early learning for at-risk children;

(iii) A recommended schedule for the concurrent phase-in of the changes to the instructional program of basic education and the implementation of the funding formulas and allocations to support the new instructional program of basic education as established under chapter . . . , Laws of 2009 (this act). The phase-in schedule shall have full implementation completed by September 1, 2018; and

(iv) A recommended schedule for phased-in implementation of the new distribution formula for allocating state funds to school districts for the transportation of students to and from school, with phase-in beginning no later than September 1, 2013.

(6) The council shall be staffed by the office of the superintendent of public instruction and the office of financial management. Additional staff support shall be provided by the state entities with representatives on the committee. Senate committee services and the house of representatives office of program research may provide additional staff support.

(7) Legislative members of the council shall serve without additional compensation but may be reimbursed for travel expenses in accordance with RCW 44.04.120 while attending sessions of the council or on official business authorized by the council. Nonlegislative members of the council may be reimbursed for travel expenses in accordance with RCW 43.03.050 and 43.03.060.

NEW SECTION. Sec. 115. (1) The legislature finds that a critical factor in the eventual successful outcome of a K-12 education is for students to begin school ready, both intellectually and socially, to learn. The legislature also finds that, due to a variety of factors, disadvantaged young children need supplemental instruction in preschool to assure that they have the opportunity to meaningfully participate and reach the necessary levels of achievement in the regular program of basic education. Therefore the legislature intends to establish a program of early learning for at-risk children and intends to include this program within the overall program of basic education.

(2) The office of the superintendent of public instruction, with the support and assistance from the department of early learning, shall convene a working group to develop the basic education program of early learning. The early learning working group shall be composed of representatives from head start and early childhood education and assistance program providers, school districts, thrive by five Washington, and other stakeholders with expertise in early learning. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(3) The early learning working group shall continue the preliminary work of the department of early learning under RCW 43.215.125 to develop a proposal for a statewide Washington head start program. The working group shall:

(a) Recommend student eligibility criteria that focus on children age three and four considered most at-risk;

(b) Develop options for a service delivery system that includes school districts, educational service districts, community and technical colleges, and public and private nonsectarian organizations;

(c) Develop options for shared governance that include the superintendent of public instruction and the department of early learning each with appropriate supervisory and administrative responsibilities;

(d) Develop recommended parameters and minimum standards for the program; and

(e) Continue development of a statewide kindergarten assessment process.

(4) The early learning working group shall be monitored and overseen by the quality education council established in section 114 of this act and shall submit progress reports to the council by September 1, 2010, and September 1, 2011, with a final report by September 1, 2012.

PART II EDUCATION DATA IMPROVEMENT SYSTEM

Sec. 201. RCW 43.41.400 and 2007 c 401 s 3 are each amended to read as follows:

(1) An education data center shall be established in the office of financial management. The education data center shall jointly, with the legislative ~~((education [evaluation]))~~ evaluation and accountability program committee, conduct collaborative analyses of early learning, K-12, and higher education programs and education issues across the P-20 system, which includes the department of early learning, the superintendent of public instruction, the professional educator standards board, the state board of education, the state board for community and technical colleges, the workforce training and education coordinating board, the higher education coordinating board, public and private nonprofit four-year institutions of higher education, and the employment security department. The education data center shall conduct collaborative analyses under this section with the legislative evaluation and accountability program committee and provide data electronically to the legislative evaluation and accountability program committee, to the extent permitted by state and federal confidentiality requirements. The education data center shall be considered an authorized representative of the state educational agencies in this section under applicable federal and state statutes for purposes of accessing and compiling student record data for research purposes.

(2) The education data center shall:

(a) In consultation with the legislative evaluation and accountability program committee and the agencies and organizations participating in the education data center, identify the critical research and policy questions that are intended to be addressed by the education data center and the data needed to address the questions;

(b) Coordinate with other state education agencies to compile and analyze education data, including data on student demographics that is disaggregated by distinct ethnic categories within racial subgroups, and complete P-20 research projects;

~~((b))~~ (c) Collaborate with the legislative evaluation and accountability program committee and the education and fiscal committees of the legislature in identifying the data to be compiled and analyzed to ensure that legislative interests are served;

~~((c))~~ (d) Annually provide to the K-12 data governance group a list of data elements and data quality improvements that are necessary to answer the research and policy questions identified by the education data center and have been identified by the legislative committees in (c) of this subsection. Within three months of receiving the list, the K-12 data governance group shall develop and transmit to the education data center a feasibility analysis of obtaining or improving the data, including the steps required, estimated time frame, and the financial and other resources that would be required. Based on the analysis, the education data center shall submit, if necessary, a recommendation to the legislature regarding any statutory changes or resources that would be needed to collect or improve the data;

(e) Monitor and evaluate the education data collection systems of the organizations and agencies represented in the education data center ensuring that data systems are flexible, able to adapt to evolving needs for information, and to the extent feasible and necessary, include data that are needed to conduct the analyses and provide answers to the research and policy questions identified in (a) of this subsection;

(f) Track enrollment and outcomes through the public centralized higher education enrollment system;

~~((f))~~ (g) Assist other state educational agencies' collaborative efforts to develop a long-range enrollment plan for higher education including estimates to meet demographic and workforce needs; ~~(and~~

~~(e))~~ (h) Provide research that focuses on student transitions within and among the early learning, K-12, and higher education sectors in the P-20 system; and

(i) Make recommendations to the legislature as necessary to help ensure the goals and objectives of this section and sections 202 and 203 of this act are met.

(3) The department of early learning, superintendent of public instruction, professional educator standards board, state board of education, state board for community and technical colleges, workforce training and education coordinating board, higher education coordinating board, public four-year institutions of higher education, and employment security department shall work with the education data center to develop data-sharing and research agreements, consistent with applicable security and confidentiality requirements, to facilitate the work of the center. Private, nonprofit institutions of higher education that provide programs of education beyond the high school level leading at least to the baccalaureate degree and are accredited by the Northwest association of schools and colleges or their peer accreditation bodies may also develop data-sharing and research agreements with the education data center, consistent with applicable security and confidentiality requirements. The education data center shall make data from collaborative analyses available to the education agencies and institutions that contribute data to the education data center to the extent allowed by federal and state security and confidentiality requirements applicable to the data of each contributing agency or institution.

NEW SECTION. Sec. 202. A new section is added to chapter 28A.655 RCW to read as follows:

(1) It is the legislature's intent to establish a comprehensive K-12 education data improvement system for financial, student, and educator data. The objective of the system is to monitor student progress, have information on the quality of the educator workforce, monitor and analyze the costs of programs, provide for financial integrity and accountability, and have the capability to link across these various data components by student, by class, by teacher, by school, by district, and statewide. Education data systems must be flexible and able to adapt to evolving needs for information, but there must be an objective and orderly data governance process for determining when changes are needed and how to implement them. It is the further intent of the legislature to provide independent review and evaluation of a comprehensive K-12 education data improvement system by assigning the review and monitoring responsibilities to the education data center and the legislative evaluation and accountability program committee.

(2) It is the intent that the data system specifically service reporting requirements for teachers, parents, superintendents, school boards, the legislature, the office of the superintendent of public instruction, and the public.

(3) It is the legislature's intent that the K-12 education data improvement system used by school districts and the state include but not be limited to the following information and functionality:

(a) Comprehensive educator information, including grade level and courses taught, building or location, program, job assignment, years of experience, the institution of higher education from which the educator obtained his or her degree, compensation, class size, mobility of class population, socioeconomic data of class, number of languages and which languages are spoken by students, general resources available for curriculum and other classroom needs, and number and type of instructional support staff in the building;

(b) The capacity to link educator assignment information with educator certification information such as certification number, type

of certification, route to certification, certification program, and certification assessment or evaluation scores;

(c) Common coding of secondary courses and major areas of study at the elementary level or standard coding of course content;

(d) Robust student information, including but not limited to student characteristics, course and program enrollment, performance on statewide and district summative and formative assessments to the extent district assessments are used, and performance on college readiness tests;

(e) A subset of student information elements to serve as a dropout early warning system;

(f) The capacity to link educator information with student information;

(g) A common, standardized structure for reporting the costs of programs at the school and district level with a focus on the cost of services delivered to students;

(h) Separate accounting of state, federal, and local revenues and costs;

(i) Information linking state funding formulas to school district budgeting and accounting, including procedures:

(i) To support the accuracy and auditing of financial data; and

(ii) Using the prototypical school model for school district financial accounting reporting;

(j) The capacity to link program cost information with student performance information to gauge the cost-effectiveness of programs;

(k) Information that is centrally accessible and updated regularly; and

(l) An anonymous, nonidentifiable replicated copy of data that is updated at least quarterly, and made available to the public by the state.

(4) It is the legislature's goal that all school districts have the capability to collect state-identified common data and export it in a standard format to support a statewide K-12 education data improvement system under this section.

(5) It is the legislature's intent that the K-12 education data improvement system be developed to provide the capability to make reports as required under section 203 of this act available.

(6) It is the legislature's intent that school districts collect and report new data elements to satisfy the requirements of RCW 43.41.400, this section, and section 203 of this act, only to the extent funds are available for this purpose.

NEW SECTION. Sec. 203. A new section is added to chapter 28A.300 RCW to read as follows:

(1) A K-12 data governance group shall be established within the office of the superintendent of public instruction to assist in the design and implementation of a K-12 education data improvement system for financial, student, and educator data. It is the intent that the data system reporting specifically serve requirements for teachers, parents, superintendents, school boards, the office of the superintendent of public instruction, the legislature, and the public.

(2) The K-12 data governance group shall include representatives of the education data center, the office of the superintendent of public instruction, the legislative evaluation and accountability program committee, the professional educator standards board, the state board of education, and school district staff, including information technology staff. Additional entities with expertise in education data may be included in the K-12 data governance group.

(3) The K-12 data governance group shall:

(a) Identify the critical research and policy questions that need to be addressed by the K-12 education data improvement system;

(b) Identify reports and other information that should be made available on the internet in addition to the reports identified in subsection (5) of this section;

(c) Create a comprehensive needs requirement document detailing the specific information and technical capacity needed by school districts and the state to meet the legislature's expectations for a comprehensive K-12 education data improvement system as described under section 202 of this act;

(d) Conduct a gap analysis of current and planned information compared to the needs requirement document, including an analysis of the strengths and limitations of an education data system and programs currently used by school districts and the state, and

specifically the gap analysis must look at the extent to which the existing data can be transformed into canonical form and where existing software can be used to meet the needs requirement document;

(e) Focus on financial and cost data necessary to support the new K-12 financial models and funding formulas, including any necessary changes to school district budgeting and accounting, and on assuring the capacity to link data across financial, student, and educator systems; and

(f) Define the operating rules and governance structure for K-12 data collections, ensuring that data systems are flexible and able to adapt to evolving needs for information, within an objective and orderly data governance process for determining when changes are needed and how to implement them. Strong consideration must be made to the current practice and cost of migration to new requirements. The operating rules should delineate the coordination, delegation, and escalation authority for data collection issues, business rules, and performance goals for each K-12 data collection system, including:

(i) Defining and maintaining standards for privacy and confidentiality;

(ii) Setting data collection priorities;

(iii) Defining and updating a standard data dictionary;

(iv) Ensuring data compliance with the data dictionary;

(v) Ensuring data accuracy; and

(vi) Establishing minimum standards for school, student, financial, and teacher data systems. Data elements may be specified "to the extent feasible" or "to the extent available" to collect more and better data sets from districts with more flexible software. Nothing in RCW 43.41.400, this section, or section 202 of this act should be construed to require that a data dictionary or reporting should be hobbled to the lowest common set. The work of the K-12 data governance group must specify which data are desirable. Districts that can meet these requirements shall report the desirable data. Funding from the legislature must establish which subset data are absolutely required.

(4)(a) The K-12 data governance group shall provide updates on its work as requested by the education data center and the legislative evaluation and accountability program committee.

(b) The work of the K-12 data governance group shall be periodically reviewed and monitored by the educational data center and the legislative evaluation and accountability program committee.

(5) To the extent data is available, the office of the superintendent of public instruction shall make the following minimum reports available on the internet. The reports must either be run on demand against current data, or, if a static report, must have been run against the most recent data:

(a) The percentage of data compliance and data accuracy by school district;

(b) The magnitude of spending per student, by student estimated by the following algorithm and reported as the detailed summation of the following components:

(i) An approximate, prorated fraction of each teacher or human resource element that directly serves the student. Each human resource element must be listed or accessible through online tunneling in the report;

(ii) An approximate, prorated fraction of classroom or building costs used by the student;

(iii) An approximate, prorated fraction of transportation costs used by the student; and

(iv) An approximate, prorated fraction of all other resources within the district. District-wide components should be disaggregated to the extent that it is sensible and economical;

(c) The cost of K-12 basic education, per student, by student, by school district, estimated by the algorithm in (b) of this subsection, and reported in the same manner as required in (b) of this subsection;

(d) The cost of K-12 special education services per student, by student receiving those services, by school district, estimated by the algorithm in (b) of this subsection, and reported in the same manner as required in (b) of this subsection;

(e) Improvement on the statewide assessments computed as both a percentage change and absolute change on a scale score metric by

district, by school, and by teacher that can also be filtered by a student's length of full-time enrollment within the school district;

(f) Number of K-12 students per classroom teacher on a per teacher basis;

(g) Number of K-12 classroom teachers per student on a per student basis;

(h) Percentage of a classroom teacher per student on a per student basis; and

(i) The cost of K-12 education per student by school district sorted by federal, state, and local dollars.

(6) The superintendent of public instruction shall submit a preliminary report to the legislature by November 15, 2009, including the analyses by the K-12 data governance group under subsection (3) of this section and preliminary options for addressing identified gaps. A final report, including a proposed phase-in plan and preliminary cost estimates for implementation of a comprehensive data improvement system for financial, student, and educator data shall be submitted to the legislature by September 1, 2010.

(7) All reports and data referenced in this section, RCW 43.41.400, and section 202 of this act shall be made available in a manner consistent with the technical requirements of the legislative evaluation and accountability program committee and the education data center so that selected data can be provided to the legislature, governor, school districts, and the public.

(8) Reports shall contain data to the extent it is available. All reports must include documentation of which data are not available or are estimated. Reports must not be suppressed because of poor data accuracy or completeness. Reports may be accompanied with documentation to inform the reader of why some data are missing or inaccurate or estimated.

NEW SECTION. Sec. 204. A new section is added to chapter 43.41 RCW to read as follows:

The education data center and the superintendent of public instruction shall take all actions necessary to secure federal funds to implement sections 201 through 203 of this act.

PART III OTHER EDUCATIONAL PROVISIONS

NEW SECTION. Sec. 301. A new section is added to chapter 28A.500 RCW to read as follows:

(1) The legislature finds that while the state has the responsibility to provide for a general and uniform system of public schools, there is also a need for some diversity in the public school system. A successful system of public education must permit some variation among school districts outside the basic education provided for by the state to respond to and reflect the unique desires of local communities. The opportunity for local communities to invest in enriched education programs promotes support for local public schools. Further, the ability of local school districts to experiment with enriched programs can inform the legislature's long-term evolution of the definition of basic education. Therefore, local levy authority remains an important component of the overall finance system in support of the public schools even though it is outside the state's obligation for basic education.

(2) However, the value of permitting local levies must be balanced with the value of equity and fairness to students and to taxpayers, neither of whom should be unduly disadvantaged due to differences in the tax bases used to support local levies. Equity and fairness require both an equitable basis for supplemental funding outside basic education and a mechanism for property tax-poor school districts to fairly access supplemental funding. As such, local effort assistance, while also outside the state's obligation for basic education, is another important component of school finance.

NEW SECTION. Sec. 302. (1) Beginning July 1, 2010, the office of financial management, with assistance and support from the office of the superintendent of public instruction, shall convene a technical working group to develop options for a new system of supplemental school funding through local school levies and local effort assistance.

(2) The working group shall consider the impact on overall school district revenues of the new basic education funding system

established under this act and shall recommend a phase-in plan that ensures that no school district suffers a decrease in funding from one school year to the next due to implementation of the new system of supplemental funding.

(3) The working group shall be composed of representatives from the department of revenue, the legislative evaluation and accountability program committee, school district and educational service district financial managers, and representatives of the Washington association of school business officers, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with expertise in education finance. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(4) The local funding working group shall be monitored and overseen by the legislature and by the quality education council created in section 114 of this act. The working group shall report to the legislature December 1, 2011.

Sec. 303. RCW 28A.195.010 and 2004 c 19 s 106 are each amended to read as follows:

The legislature hereby recognizes that private schools should be subject only to those minimum state controls necessary to insure the health and safety of all the students in the state and to insure a sufficient basic education to meet usual graduation requirements. The state, any agency or official thereof, shall not restrict or dictate any specific educational or other programs for private schools except as hereinafter in this section provided.

Principals of private schools or superintendents of private school districts shall file each year with the state superintendent of public instruction a statement certifying that the minimum requirements hereinafter set forth are being met, noting any deviations. After review of the statement, the state superintendent will notify schools or school districts of those deviations which must be corrected. In case of major deviations, the school or school district may request and the state board of education may grant provisional status for one year in order that the school or school district may take action to meet the requirements. The state board of education shall not require private school students to meet the student learning goals, obtain a certificate of academic achievement, or a certificate of individual achievement to graduate from high school, to master the essential academic learning requirements, or to be assessed pursuant to RCW 28A.655.061. However, private schools may choose, on a voluntary basis, to have their students master these essential academic learning requirements, take the assessments, and obtain a certificate of academic achievement or a certificate of individual achievement. Minimum requirements shall be as follows:

(1) The minimum school year for instructional purposes shall consist of no less than one hundred eighty school days or the equivalent in annual minimum ~~((program)) instructional hour offerings (as prescribed in RCW 28A.150.220), with a school-wide annual average total instructional hour offering of one thousand hours for students enrolled in grades one through twelve, and at least four hundred fifty hours for students enrolled in kindergarten.~~

(2) The school day shall be the same as ~~((that required in RCW 28A.150.030 and 28A.150.220, except that the percentages of total program hour offerings as prescribed in RCW 28A.150.220 for basic skills, work skills, and optional subjects and activities shall not apply to private schools or private sectarian schools)) defined in section 102 of this act.~~

(3) All classroom teachers shall hold appropriate Washington state certification except as follows:

(a) Teachers for religious courses or courses for which no counterpart exists in public schools shall not be required to obtain a state certificate to teach those courses.

(b) In exceptional cases, people of unusual competence but without certification may teach students so long as a certified person exercises general supervision. Annual written statements shall be submitted to the office of the superintendent of public instruction reporting and explaining such circumstances.

(4) An approved private school may operate an extension program for parents, guardians, or persons having legal custody of a

child to teach children in their custody. The extension program shall require at a minimum that:

(a) The parent, guardian, or custodian be under the supervision of an employee of the approved private school who is certified under chapter 28A.410 RCW;

(b) The planning by the certified person and the parent, guardian, or person having legal custody include objectives consistent with this subsection and subsections (1), (2), (5), (6), and (7) of this section;

(c) The certified person spend a minimum average each month of one contact hour per week with each student under his or her supervision who is enrolled in the approved private school extension program;

(d) Each student's progress be evaluated by the certified person; and

(e) The certified employee shall not supervise more than thirty students enrolled in the approved private school's extension program.

(5) Appropriate measures shall be taken to safeguard all permanent records against loss or damage.

(6) The physical facilities of the school or district shall be adequate to meet the program offered by the school or district: PROVIDED, That each school building shall meet reasonable health and fire safety requirements. A residential dwelling of the parent, guardian, or custodian shall be deemed to be an adequate physical facility when a parent, guardian, or person having legal custody is instructing his or her child under subsection (4) of this section.

(7) Private school curriculum shall include instruction of the basic skills of occupational education, science, mathematics, language, social studies, history, health, reading, writing, spelling, and the development of appreciation of art and music, all in sufficient units for meeting state board of education graduation requirements.

(8) Each school or school district shall be required to maintain up-to-date policy statements related to the administration and operation of the school or school district.

All decisions of policy, philosophy, selection of books, teaching material, curriculum, except as in subsection (7) of this section provided, school rules and administration, or other matters not specifically referred to in this section, shall be the responsibility of the administration and administrators of the particular private school involved.

Sec. 304. RCW 28A.160.150 and 1996 c 279 s 1 are each amended to read as follows:

Funds allocated for transportation costs, except for funds provided for transportation and transportation services to and from school shall be in addition to the basic education allocation. The distribution formula developed in RCW 28A.160.150 through 28A.160.180 shall be for allocation purposes only and shall not be construed as mandating specific levels of pupil transportation services by local districts. Operating costs as determined under RCW 28A.160.150 through 28A.160.180 shall be funded at one hundred percent or as close thereto as reasonably possible for transportation of an eligible student to and from school as defined in RCW 28A.160.160(3). In addition, funding shall be provided for transportation services for students living within ~~((one radius mile from school)) the walk area as determined under RCW ((28A.160.180(2))) 28A.160.160(5).~~

Sec. 305. RCW 28A.160.160 and 1996 c 279 s 2 are each amended to read as follows:

For purposes of RCW 28A.160.150 through 28A.160.190, except where the context shall clearly indicate otherwise, the following definitions apply:

(1) "Eligible student" means any student served by the transportation program of a school district or compensated for individual transportation arrangements authorized by RCW 28A.160.030 whose route stop is ~~((more than one radius mile from the)) outside the walk area for a student's school, except if the student to be transported is disabled under RCW 28A.155.020 and is either not ambulatory or not capable of protecting his or her own welfare while traveling to or from the school or agency where special education services are provided, in which case no mileage distance restriction applies.~~

(2) "Superintendent" means the superintendent of public instruction.

(3) "To and from school" means the transportation of students for the following purposes:

- (a) Transportation to and from route stops and schools;
- (b) Transportation to and from schools pursuant to an interdistrict agreement pursuant to RCW 28A.335.160;
- (c) Transportation of students between schools and learning centers for instruction specifically required by statute; and
- (d) Transportation of students with disabilities to and from schools and agencies for special education services.

Academic extended day transportation for the instructional program of basic education under RCW 28A.150.220 shall (not) be considered part of transportation of students "to and from school" for the purposes of ((chapter 61, Laws of 1983 1st ex. sess)) this section. Transportation for field trips may not be considered part of transportation of students "to and from school" under this section.

(4) "Transportation services" for students living within ~~((one radius mile from school means school transportation services including the use of buses;))~~ the walk area includes the coordination of walk-to- school programs, the funding of crossing guards, and matching funds for local and state transportation projects intended to mitigate hazardous walking conditions. Priority for transportation services shall be given to students in grades kindergarten through five.

(5) As used in this section, "walk area" means that area around a school with an adequate roadway configuration to provide students access to school with a walking distance of less than one mile. Mileage must be measured along the shortest roadway or maintained public walkway where hazardous conditions do not exist. The hazardous conditions must be documented by a process established in rule by the superintendent of public instruction and must include roadway, environmental, and social conditions. Each elementary school shall identify walk routes within the walk area.

Sec. 306. RCW 28A.160.170 and 2007 c 139 s 1 are each amended to read as follows:

Each district shall submit three times each year to the superintendent of public instruction during October, February, and May of each year a report containing the following:

(1)(a) The number of eligible students transported to and from school as provided for in RCW 28A.160.150 ~~((for the current school year and the number of miles estimated to be driven for pupil transportation services)),~~ along with ~~((a map describing student route))~~ identification of stop locations and school locations, and (b) the number of miles driven for pupil transportation services as authorized in RCW 28A.160.150 the previous school year; and

(2) Other operational data and descriptions as required by the superintendent to determine allocation requirements for each district. The superintendent shall require that districts separate the costs of operating the program for the transportation of eligible students to and from school as defined by RCW 28A.160.160(3) from non-to-and-from- school pupil transportation costs in the annual financial statement. The cost, quantity, and type of all fuel purchased by school districts for use in to-and-from-school transportation shall be included in the annual financial statement.

Each district shall submit the information required in this section on a timely basis as a condition of the continuing receipt of school transportation moneys.

Sec. 307. RCW 28A.160.180 and 1996 c 279 s 3 are each amended to read as follows:

Each district's annual student transportation allocation shall be ~~((based on differential rates))~~ determined by the superintendent of public instruction in the following manner:

(1) The superintendent shall annually calculate ~~((a standard student mile allocation rate for determining))~~ the transportation allocation for those services provided for in RCW 28A.160.150. ~~((("Standard student mile allocation rate," as used in this chapter, means the per mile allocation rate for transporting an eligible student.))~~ The ~~((standard student mile))~~ allocation ~~((rate))~~ formula may be adjusted to include such additional differential factors as ~~((distance; restricted))~~ basic and special passenger (load; circumstances that require use of special types of transportation vehicles; student with disabilities load; and small fleet maintenance)) counts as defined by the superintendent of public instruction, average distance to school, and number of locations served.

~~((2) ((For transportation services for students living within one radius mile from school;))~~ The allocation shall be based on a regression analysis of the number of basic and special students ~~((in grades kindergarten through five living within one radius mile as specified in the biennial appropriations act))~~ transported and as many other site characteristics that are identified as being statistically significant.

~~((3) ((The superintendent of public instruction shall annually calculate allocation rate(s), which shall include vehicle amortization, for determining))~~ The transportation allocation for transporting students in district-owned passenger cars, as defined in RCW 46.04.382, pursuant to RCW 28A.160.010 for services provided for in RCW 28A.160.150 if a school district deems it advisable to use such vehicles after the school district board of directors has considered the safety of the students being transported as well as the economy of utilizing a district-owned passenger car in lieu of a school bus is the private vehicle reimbursement rate in effect on September 1st of each school year. Students transported in district-owned passenger cars must be included in the corresponding basic or special passenger counts.

(4) Prior to June 1st of each year the superintendent shall submit to the office of financial management, and the education and fiscal committees ((on education and ways and means of the senate and house of representatives)) of the legislature, a report outlining the methodology and rationale used in determining the statistical coefficients for each site characteristic used to determine the allocation ~~((rates to be used))~~ for the following year.

Sec. 308. RCW 28A.160.190 and 1990 c 33 s 145 are each amended to read as follows:

The superintendent shall notify districts of their student transportation allocation before January 15th. ~~((If the number of eligible students in a school district changes ten percent or more from the October report, and the change is maintained for a period of twenty consecutive school days or more, the district may submit revised eligible student data to the superintendent of public instruction.))~~ The superintendent shall ~~((; to the extent funds are available;))~~ recalculate and prorate the district's allocation for the transportation of pupils to and from school.

The superintendent shall make the student transportation allocation in accordance with the apportionment payment schedule in RCW 28A.510.250. Such allocation payments may be based on ~~((estimated amounts))~~ the prior school year's ridership report for payments to be made in September, October, November, December, and January.

NEW SECTION. Sec. 309. A new section is added to chapter 28A.160 RCW to read as follows:

The superintendent of public instruction shall ensure that the allocation formula results in adequate appropriation for low enrollment districts, nonhigh districts, districts involved in cooperative transportation agreements, and cooperative special transportation services operated by educational service districts. If necessary, the superintendent shall develop a separate process to adjust the allocation of the districts.

NEW SECTION. Sec. 310. A new section is added to chapter 28A.160 RCW to read as follows:

(1) The superintendent of public instruction shall encourage efficient use of state resources by providing a linear programming process that compares school district transportation operations. If a school district's operation is calculated to be less than ninety percent efficient, the regional transportation coordinators shall provide an individual review to determine what measures are available to the school district to improve efficiency. The evaluation shall include such measures as:

- (a) Efficient routing of buses;
- (b) Efficient use of vehicle capacity; and
- (c) Reasonable controls on compensation costs.

(2) The superintendent shall submit to the fiscal and education committees of the legislature no later than December 1st of each year a report summarizing the efficiency reviews and the resulting changes implemented by school districts in response to the recommendations of the regional transportation coordinators.

NEW SECTION. Sec. 311. A new section is added to chapter 28A.160 RCW to read as follows:

(1) The superintendent of public instruction shall phase-in the implementation of the distribution formula under this chapter for allocating state funds to school districts for the transportation of students to and from school. The phase-in shall be according to the implementation schedule adopted by the legislature and shall begin no later than the 2013-14 school year.

(a) The formula must be developed and revised on an ongoing basis using the major cost factors in student transportation, including basic and special student loads, school district land area, average distance to school, roadway miles, and number of locations served. Factors must include all those site characteristics that are statistically significant after analysis of the data required by the revised reporting process.

(b) The formula must allocate funds to school districts based on the average predicted costs of transporting students to and from school, using a regression analysis.

(2) During the phase-in period, funding provided to school districts for student transportation operations shall be distributed on the following basis:

(a) Annually, each school district shall receive the lesser of the previous school year's pupil transportation operations allocation, or the total of allowable pupil transportation expenditures identified on the previous school year's final expenditure report to the state plus district indirect expenses using the state recovery rate identified by the superintendent; and

(b) Annually, any funds appropriated by the legislature in excess of the maintenance level funding amount for student transportation shall be distributed among school districts on a prorated basis using the difference between the amount identified in (a) of this subsection and the amount determined under the formula in RCW 28A.160.180.

(3) The superintendent shall develop, implement, and provide a copy of the rules specifying the student transportation reporting requirements to the legislature and school districts no later than December 1, 2009.

(4) Beginning in December 2009, and continuing until December 2014, the superintendent shall provide quarterly updates and progress reports to the fiscal committees of the legislature on the implementation and testing of the distribution formula.

PART IV CERTIFICATION AND PROFESSIONAL DEVELOPMENT

NEW SECTION. Sec. 401. The legislature recognizes that the key to providing all students the opportunity to achieve the basic education goal is effective teaching and leadership. Teachers, principals, and administrators must be provided with access to the opportunities they need to gain the knowledge and skills that will enable them to be increasingly successful in their classroom and schools. A system that clearly defines, supports, measures, and recognizes effective teaching and leadership is one of the most important investments to be made.

NEW SECTION. Sec. 402. A new section is added to chapter 28A.410 RCW to read as follows:

(1)(a) By January 1, 2010, the professional educator standards board shall adopt a set of articulated teacher knowledge, skill, and performance standards for effective teaching that are evidence-based, measurable, meaningful, and documented in high quality research as being associated with improved student learning. The standards shall be calibrated for each level of certification and along the entire career continuum. In developing the standards, the board shall, to the extent possible, incorporate standards for cultural competency along the entire continuum. For the purposes of this subsection, "cultural competency" includes knowledge of student cultural histories and contexts, as well as family norms and values in different cultures; knowledge and skills in accessing community resources and community and parent outreach; and skills in adapting instruction to students' experiences and identifying cultural contexts for individual students.

(b) By January 1, 2010, the professional educator standards board shall adopt a definition of master teacher, with a comparable level of increased competency between professional certification level and master level as between professional certification level and national board certification. Within the definition established by the

professional educator standards board, teachers certified through the national board for professional teaching standards shall be considered master teachers.

(2) By January 1, 2010, the professional educator standards board shall submit to the governor and the education and fiscal committees of the legislature:

(a) An update on the status of implementation of the professional certificate external and uniform assessment authorized in RCW 28A.410.210;

(b) A proposal for a uniform, statewide, valid, and reliable classroom-based means of evaluating teacher effectiveness as a culminating measure at the preservice level that is to be used during the student-teaching field experience. This assessment shall include multiple measures of teacher performance in classrooms, evidence of positive impact on student learning, and shall include review of artifacts, such as use of a variety of assessment and instructional strategies, and student work. The proposal shall establish a timeline for when the assessment will be required for successful completion of a Washington state-approved teacher preparation program. The timeline shall take into account the capacity of the K-12 education and higher education systems to accommodate the new assessment. The proposal and timeline shall also address how the assessment will be included in state-reported data on preparation program quality; and

(c) A recommendation on the length of time that a residency certificate issued to a teacher is valid and within what time period a teacher must meet the minimum level of performance for and receive a professional certificate in order to continue being certified as a teacher. In developing this recommendation, the professional educator standards board shall consult with interested stakeholders including the Washington education association, the Washington association of school administrators, association of Washington school principals, and the Washington state school directors' association and shall include with its recommendation a description of each stakeholder's comments on the recommendation.

(3) The update and proposal in subsection (2)(a) and (b) of this section shall include, at a minimum, descriptions of:

(a) Estimated costs and statutory authority needed for further development and implementation of these assessments;

(b) A common and standardized rubric for determining whether a teacher meets the minimum level of performance of the assessments; and

(c) Administration and management of the assessments.

(4) To the extent that funds are appropriated for this purpose and in accordance with the timeline established in subsection (2) of this section, recognizing the capacity limitations of the education systems, the professional educator standards board shall develop the system and process as established in subsections (1), (2), and (3) of this section throughout the remainder of the 2010-11 and 2011-12 school years.

(5) Beginning no earlier than September 1, 2011, award of a professional certificate shall be based on a minimum of two years of successful teaching experience as defined by the board and on the results of the evaluation authorized under RCW 28A.410.210(14) and under this section, and may not require candidates to enroll in a professional certification program.

(6) Beginning July 1, 2011, educator preparation programs approved to offer the residency teaching certificate shall be required to demonstrate how the program produces effective teachers as evidenced by the measures established under this section and other criteria established by the professional educator standards board.

Sec. 403. RCW 28A.415.360 and 2007 c 402 s 9 are each amended to read as follows:

(1) Subject to funds appropriated for this purpose, targeted professional development programs, to be known as learning improvement days, are authorized to further the development of outstanding mathematics, science, and reading teaching and learning opportunities in the state of Washington. The intent of this section is to provide guidance for the learning improvement days in the omnibus appropriations act. The learning improvement days authorized in this section shall not be considered part of the definition of basic education.

(2) ~~((The expected outcomes of these programs are))~~ A school district is eligible to receive funding for learning improvement days that are limited to specific activities related to student learning that contribute to the following outcomes:

(a) Provision of meaningful, targeted professional development for all teachers in mathematics, science, or reading;

(b) Increased knowledge and instructional skill for mathematics, science, or reading teachers;

(c) Increased use of curriculum materials with supporting diagnostic and supplemental materials that align with state standards;

(d) Skillful guidance for students participating in alternative assessment activities;

(e) Increased rigor of course offerings especially in mathematics, science, and reading;

(f) Increased student opportunities for focused, applied mathematics and science classes;

(g) Increased student success on state achievement measures; and

(h) Increased student appreciation of the value and uses of mathematics, science, and reading knowledge and exploration of related careers.

(3) School districts receiving resources under this section shall submit reports to the superintendent of public instruction ~~((regarding the use of the funds;))~~ documenting how the use of the funds ~~((is associated with))~~ contributes to measurable improvement in the ~~((expected))~~ outcomes described under subsection (2) of this section; and how other professional development resources and programs authorized in statute or in the omnibus appropriations act contribute to the expected outcomes. The superintendent of public instruction and the office of financial management shall collaborate on required report content and format.

PART V SHARED ACCOUNTABILITY FOR SCHOOL AND DISTRICT IMPROVEMENT

NEW SECTION. Sec. 501. (1)(a) The legislature intends to develop a system in which the state and school districts share accountability for achieving state educational standards and supporting continuous school improvement. The legislature recognizes that comprehensive education finance reform and the increased investment of public resources necessary to implement that reform must be accompanied by a new mechanism for clearly defining the relationships and expectations for the state, school districts, and schools. It is the legislature's intent that this be accomplished through the development of a proactive, collaborative accountability system that focuses on a school improvement system that engages and serves the local school board, parents, students, staff in the schools and districts, and the community. The improvement system shall be based on progressive levels of support, with a goal of continuous improvement in student achievement and alignment with the federal system of accountability.

(b) The legislature further recognizes that it is the state's responsibility to provide schools and districts with the tools and resources necessary to improve student achievement. These tools include the necessary accounting and data reporting systems, assessment systems to monitor student achievement, and a system of general support, targeted assistance, recognition, and, if necessary, state intervention.

(2) The legislature has already charged the state board of education to develop criteria to identify schools and districts that are successful, in need of assistance, and those where students persistently fail, as well as to identify a range of intervention strategies and a performance incentive system. The legislature finds that the state board of education should build on the work that the board has already begun in these areas. As development of these formulas, processes, and systems progresses, the legislature should monitor the progress.

Sec. 502. RCW 28A.305.130 and 2008 c 27 s 1 are each amended to read as follows:

The purpose of the state board of education is to provide advocacy and strategic oversight of public education; implement a standards- based accountability ~~((system))~~ framework that creates a

unified system of increasing levels of support for schools in order to improve student academic achievement; provide leadership in the creation of a system that personalizes education for each student and respects diverse cultures, abilities, and learning styles; and promote achievement of the goals of RCW 28A.150.210. In addition to any other powers and duties as provided by law, the state board of education shall:

(1) Hold regularly scheduled meetings at such time and place within the state as the board shall determine and may hold such special meetings as may be deemed necessary for the transaction of public business;

(2) Form committees as necessary to effectively and efficiently conduct the work of the board;

(3) Seek advice from the public and interested parties regarding the work of the board;

(4) For purposes of statewide accountability:

(a) Adopt and revise performance improvement goals in reading, writing, science, and mathematics, by subject and grade level, once assessments in these subjects are required statewide; academic and technical skills, as appropriate, in secondary career and technical education programs; and student attendance, as the board deems appropriate to improve student learning. The goals shall be consistent with student privacy protection provisions of RCW 28A.655.090(7) and shall not conflict with requirements contained in Title I of the federal elementary and secondary education act of 1965, or the requirements of the Carl D. Perkins vocational education act of 1998, each as amended: The goals may be established for all students, economically disadvantaged students, limited English proficient students, students with disabilities, and students from disproportionately academically underachieving racial and ethnic backgrounds. The board may establish school and school district goals addressing high school graduation rates and dropout reduction goals for students in grades seven through twelve. The board shall adopt the goals by rule. However, before each goal is implemented, the board shall present the goal to the education committees of the house of representatives and the senate for the committees' review and comment in a time frame that will permit the legislature to take statutory action on the goal if such action is deemed warranted by the legislature;

(b) Identify the scores students must achieve in order to meet the standard on the Washington assessment of student learning and, for high school students, to obtain a certificate of academic achievement. The board shall also determine student scores that identify levels of student performance below and beyond the standard. The board shall consider the incorporation of the standard error of measurement into the decision regarding the award of the certificates. The board shall set such performance standards and levels in consultation with the superintendent of public instruction and after consideration of any recommendations that may be developed by any advisory committees that may be established for this purpose. The initial performance standards and any changes recommended by the board in the performance standards for the tenth grade assessment shall be presented to the education committees of the house of representatives and the senate by November 30th of the school year in which the changes will take place to permit the legislature to take statutory action before the changes are implemented if such action is deemed warranted by the legislature. The legislature shall be advised of the initial performance standards and any changes made to the elementary level performance standards and the middle school level performance standards;

~~((Adopt objective, systematic criteria to identify successful schools and school districts and recommend to the superintendent of public instruction schools and districts to be recognized for two types of accomplishments, student achievement and improvements in student achievement. Recognition for improvements in student achievement shall include consideration of one or more of the following accomplishments:~~

~~((i) An increase in the percent of students meeting standards. The level of achievement required for recognition may be based on the achievement goals established by the legislature and by the board under (a) of this subsection;~~

~~((ii) Positive progress on an improvement index that measures improvement in all levels of the assessment; and~~

~~— (iii) Improvements despite challenges such as high levels of mobility, poverty, English as a second language learners, and large numbers of students in special populations as measured by either the percent of students meeting the standard, or the improvement index. When determining the baseline year or years for recognizing individual schools, the board may use the assessment results from the initial years the assessments were administered, if doing so with individual schools would be appropriate;~~

~~— (d) Adopt objective, systematic criteria to identify schools and school districts in need of assistance and those in which significant numbers of students persistently fail to meet state standards. In its deliberations, the board shall consider the use of all statewide mandated criterion-referenced and norm-referenced standardized tests;~~

~~— (c) Identify schools and school districts in which state intervention measures will be needed and a range of appropriate intervention strategies after the legislature has authorized a set of intervention strategies. After the legislature has authorized a set of intervention strategies, at the request of the board, the superintendent shall intervene in the school or school district and take corrective actions. This chapter does not provide additional authority for the board or the superintendent of public instruction to intervene in a school or school district;~~

~~— (f) Identify performance incentive systems that have improved or have the potential to improve student achievement;~~

~~— (g)) Annually review the assessment reporting system to ensure fairness, accuracy, timeliness, and equity of opportunity, especially with regard to schools with special circumstances and unique populations of students, and a recommendation to the superintendent of public instruction of any improvements needed to the system; and~~

~~((h)) (d) Include in the biennial report required under RCW 28A.305.035, information on the progress that has been made in achieving goals adopted by the board;~~

(5) Accredite, subject to such accreditation standards and procedures as may be established by the state board of education, all private schools that apply for accreditation, and approve, subject to the provisions of RCW 28A.195.010, private schools carrying out a program for any or all of the grades kindergarten through twelve: PROVIDED, That no private school may be approved that operates a kindergarten program only: PROVIDED FURTHER, That no private schools shall be placed upon the list of accredited schools so long as secret societies are knowingly allowed to exist among its students by school officials;

(6) Articulate with the institutions of higher education, workforce representatives, and early learning policymakers and providers to coordinate and unify the work of the public school system;

(7) Hire an executive director and an administrative assistant to reside in the office of the superintendent of public instruction for administrative purposes. Any other personnel of the board shall be appointed as provided by RCW 28A.300.020. The board may delegate to the executive director by resolution such duties as deemed necessary to efficiently carry on the business of the board including, but not limited to, the authority to employ necessary personnel and the authority to enter into, amend, and terminate contracts on behalf of the board. The executive director, administrative assistant, and all but one of the other personnel of the board are exempt from civil service, together with other staff as now or hereafter designated as exempt in accordance with chapter 41.06 RCW; and

(8) Adopt a seal that shall be kept in the office of the superintendent of public instruction.

NEW SECTION, Sec. 503. A new section is added to chapter 28A.305 RCW to read as follows:

(1) The state board of education shall continue to refine the development of an accountability framework that creates a unified system of support for challenged schools, that aligns with basic education, increases the level of support based upon the magnitude of need, and uses data for decisions.

(2) The state board of education shall develop an accountability index to identify schools and districts for recognition and for additional state support. The index shall be based on criteria that are fair, consistent, and transparent. Performance shall be measured using multiple outcomes and indicators including, but not limited to,

graduation rates and results from statewide assessments. The index shall be developed in such a way as to be easily understood by both employees within the schools and districts, as well as parents and community members. It is the legislature's intent that the index provide feedback to schools and districts to self-assess their progress, and enable the identification of schools with exemplary student performance and those that need assistance to overcome challenges in order to achieve exemplary student performance. Once the accountability index has identified schools that need additional help, a more thorough analysis will be done to analyze specific conditions in the district including but not limited to the level of state resources a school or school district receives in support of the basic education system, achievement gaps for different groups of students, and community support.

(3) Based on the accountability index and in consultation with the superintendent of public instruction, the state board of education shall develop a proposal and timeline for implementation of a comprehensive system of voluntary support and assistance for schools and districts. The timeline must take into account and accommodate capacity limitations of the K-12 educational system. Changes that have a fiscal impact on school districts, as identified by a fiscal analysis prepared by the office of the superintendent of public instruction, shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.

(4)(a) The state board of education shall develop a proposal and implementation timeline for a more formalized comprehensive system improvement targeted to challenged schools and districts that have not demonstrated sufficient improvement through the voluntary system. The timeline must take into account and accommodate capacity limitations of the K-12 educational system. The proposal and timeline shall be submitted to the education committees of the legislature by December 1, 2009, and shall include recommended legislation and recommended resources to implement the system according to the timeline developed.

(b) The proposal shall outline a process for addressing performance challenges that will include the following features: (i) An academic performance audit using peer review teams of educators that considers school and community factors in addition to other factors in developing recommended specific corrective actions that should be undertaken to improve student learning; (ii) a requirement for the local school board plan to develop and be responsible for implementation of corrective action plan taking into account the audit findings, which plan must be approved by the state board of education at which time the plan becomes binding upon the school district to implement; and (iii) monitoring of local district progress by the office of the superintendent of public instruction. The proposal shall take effect only if formally authorized by the legislature through the omnibus appropriations act or other enacted legislation.

(5) In coordination with the superintendent of public instruction, the state board of education shall seek approval from the United States department of education for use of the accountability index and the state system of support, assistance, and intervention, to replace the federal accountability system under P.L. 107-110, the no child left behind act of 2001.

(6) The state board of education shall work with the education data center established within the office of financial management and the technical working group established in section 112 of this act to determine the feasibility of using the prototypical funding allocation model as not only a tool for allocating resources to schools and districts but also as a tool for schools and districts to report to the state legislature and the state board of education on how the state resources received are being used.

PART VI COMPENSATION

NEW SECTION, Sec. 601. A new section is added to chapter 43.41 RCW to read as follows:

(1) The legislature recognizes that providing students with the opportunity to access a world-class educational system depends on our continuing ability to provide students with access to world-class

educators. The legislature also understands that continuing to attract and retain the highest quality educators will require increased investments. The legislature intends to enhance the current salary allocation model and recognizes that changes to the current model cannot be imposed without great deliberation and input from teachers, administrators, and classified employees. Therefore, it is the intent of the legislature to begin the process of developing an enhanced salary allocation model that is collaboratively designed to ensure the rationality of any conclusions regarding what constitutes adequate compensation.

(2) Beginning July 1, 2011, the office of financial management shall convene a technical working group to recommend the details of an enhanced salary allocation model that aligns state expectations for educator development and certification with the compensation system and establishes recommendations for a concurrent implementation schedule. In addition to any other details the technical working group deems necessary, the technical working group shall make recommendations on the following:

- (a) How to reduce the number of tiers within the existing salary allocation model;
- (b) How to account for labor market adjustments;
- (c) How to account for different geographic regions of the state where districts may encounter difficulty recruiting and retaining teachers;
- (d) The role of and types of bonuses available;
- (e) Ways to accomplish salary equalization over a set number of years; and
- (f) Initial fiscal estimates for implementing the recommendations including a recognition that staff on the existing salary allocation model would have the option to grandfather in permanently to the existing schedule.

(3) As part of its work, the technical working group shall conduct or contract for a preliminary comparative labor market analysis of salaries and other compensation for school district employees to be conducted and shall include the results in any reports to the legislature. For the purposes of this subsection, "salaries and other compensation" includes average base salaries, average total salaries, average employee basic benefits, and retirement benefits.

(4) The analysis required under subsection (1) of this section must:

- (a) Examine salaries and other compensation for teachers, other certificated instructional staff, principals, and other building-level certificated administrators, and the types of classified employees for whom salaries are allocated;
- (b) Be calculated at a statewide level that identifies labor markets in Washington through the use of data from the United States bureau of the census and the bureau of labor statistics; and
- (c) Include a comparison of salaries and other compensation to the appropriate labor market for at least the following subgroups of educators: Beginning teachers and types of educational staff associates.

(5) The working group shall include representatives of the department of personnel, the professional educator standards board, the office of the superintendent of public instruction, the Washington education association, the Washington association of school administrators, the association of Washington school principals, the Washington state school directors' association, the public school employees of Washington, and other interested stakeholders with appropriate expertise in compensation related matters. The working group may convene advisory subgroups on specific topics as necessary to assure participation and input from a broad array of diverse stakeholders.

(6) The working group shall be monitored and overseen by the legislature and the quality education council created in section 114 of this act. The working group shall make an initial report to the legislature by December 1, 2012, and shall include in its report recommendations for whether additional further work of the group is necessary.

PART VII GENERAL PROVISIONS--PROGRAM OF BASIC EDUCATION

Sec. 701. RCW 28A.165.005 and 2004 c 20 s 1 are each amended to read as follows:

~~((The learning assistance program requirements in))~~ This chapter ~~(are)~~ is designed to: (1) Promote the use of assessment data when developing programs to assist underachieving students; and (2) guide school districts in providing the most effective and efficient practices when implementing ~~((programs))~~ supplemental instruction and services to assist underachieving students. ~~((Further, this chapter provides the means by which a school district becomes eligible for learning assistance program funds and the distribution of those funds.))~~

Sec. 702. RCW 28A.165.015 and 2004 c 20 s 2 are each amended to read as follows:

Unless the context clearly indicates otherwise the definitions in this section apply throughout this chapter.

(1) "Approved program" means a program submitted to and approved by the office of the superintendent of public instruction and conducted pursuant to the plan that addresses the required elements as provided for in this chapter.

(2) "Basic skills areas" means reading, writing, and mathematics as well as readiness associated with these skills.

(3) "Participating student" means a student in kindergarten through grade ~~(eleven who scores below standard for his or her grade level on the statewide assessments and who is identified in the approved plan to receive services. Beginning with the 2007-2008 school year, "participating student" means a student in kindergarten through grade)~~ twelve who scores below standard for his or her grade level on the statewide assessments and who is identified in the approved plan to receive services.

(4) "Statewide assessments" means one or more of the several basic skills assessments administered as part of the state's student assessment system, and assessments in the basic skills areas administered by local school districts.

(5) "Underachieving students" means students with the greatest academic deficits in basic skills as identified by the statewide assessments.

Sec. 703. RCW 28A.165.055 and 2008 c 321 s 10 are each amended to read as follows:

~~((+))~~ Each school district with an approved program is eligible for state funds provided for the learning assistance program. The funds shall be appropriated for the learning assistance program in accordance with RCW 28A.150.260 and the ((biennial)) omnibus appropriations act. The distribution formula is for school district allocation purposes only, but funds appropriated for the learning assistance program must be expended for the purposes of RCW 28A.165.005 through 28A.165.065. ~~((The distribution formula shall be based on one or more family income factors measuring economic need.~~

~~—(2) In addition to the funds allocated to eligible school districts on the basis of family income factors, enhanced funds shall be allocated for school districts where more than twenty percent of students are eligible for and enrolled in the transitional bilingual instruction program under chapter 28A.180 RCW as provided in this subsection. The enhanced funding provided in this subsection shall take effect beginning in the 2008-09 school year.~~

~~—(a) If, in the prior school year, a district's percent of October headcount student enrollment in grades kindergarten through twelve who are enrolled in the transitional bilingual instruction program, based on an average of the program headcount taken in October and May, exceeds twenty percent, twenty percent shall be subtracted from the district's percent transitional bilingual instruction program enrollment and the resulting percent shall be multiplied by the district's kindergarten through twelve annual average full-time equivalent enrollment for the prior school year.~~

~~—(b) The number calculated under (a) of this subsection shall be the number of additional funded students for purposes of this subsection, to be multiplied by the per-funded student allocation rates specified in the omnibus appropriations act.~~

~~—(c) School districts are only eligible for the enhanced funds under this subsection if their percentage of October headcount enrollment in grades kindergarten through twelve eligible for free or reduced-price lunch exceeded forty percent in the prior school year.))~~

Sec. 704. RCW 28A.180.010 and 1990 c 33 s 163 are each amended to read as follows:

RCW 28A.180.010 through 28A.180.080 shall be known and cited as "the transitional bilingual instruction act." The legislature finds that there are large numbers of children who come from homes where the primary language is other than English. The legislature finds that a transitional bilingual education program can meet the needs of these children. Pursuant to the policy of this state to insure equal educational opportunity to every child in this state, it is the purpose of RCW 28A.180.010 through 28A.180.080 to provide for the implementation of transitional bilingual education programs in the public schools (~~and to provide supplemental financial assistance to school districts to meet the extra costs of these programs~~).

Sec. 705. RCW 28A.180.080 and 1995 c 335 s 601 are each amended to read as follows:

~~((The superintendent of public instruction shall prepare and submit biennially to the governor and the legislature a budget request for bilingual instruction programs.))~~ Moneys appropriated by the legislature for the purposes of RCW 28A.180.010 through 28A.180.080 shall be allocated by the superintendent of public instruction to school districts for the sole purpose of operating an approved bilingual instruction program (~~and priorities for funding shall exist for the early elementary grades. No moneys shall be allocated pursuant to this section to fund more than three school years of bilingual instruction for each eligible pupil within a district. PROVIDED, That such moneys may be allocated to fund more than three school years of bilingual instruction for any pupil who fails to demonstrate improvement in English language skills adequate to remove impairment of learning when taught only in English. The superintendent of public instruction shall set standards and approve a test for the measurement of such English language skills~~).

Sec. 706. RCW 28A.225.200 and 1990 c 33 s 234 are each amended to read as follows:

(1) A local district may be authorized by the educational service district superintendent to transport and educate its pupils in other districts for one year, either by payment of a compensation agreed upon by such school districts, or under other terms mutually satisfactory to the districts concerned when this will afford better educational facilities for the pupils and when a saving may be effected in the cost of education (~~PROVIDED, That~~). Notwithstanding any other provision of law, the amount to be paid by the state to the resident school district for apportionment purposes and otherwise payable pursuant to RCW (~~28A.150.100~~) 28A.150.250 through 28A.150.290, 28A.150.350 through 28A.150.410, 28A.160.150 through 28A.160.200, (~~28A.160.220~~) 28A.300.035, and 28A.300.170 (~~and 28A.500.010~~) shall not be greater than the regular apportionment for each high school student of the receiving district. Such authorization may be extended for an additional year at the discretion of the educational service district superintendent.

(2) Subsection (1) of this section shall not apply to districts participating in a cooperative project established under RCW 28A.340.030 which exceeds two years in duration.

Sec. 707. RCW 28A.185.010 and 1984 c 278 s 12 are each amended to read as follows:

Pursuant to rules (~~and regulations~~) adopted by the superintendent of public instruction for the administration of this chapter, the superintendent of public instruction shall carry out a program for highly capable students. Such program may include conducting, coordinating and aiding in research (including pilot programs), disseminating information to local school districts, providing statewide staff development, and allocating to school districts supplementary funds for additional costs of district programs, as provided by RCW (~~28A.185.020~~) 28A.150.260.

Sec. 708. RCW 28A.185.020 and 1990 c 33 s 168 are each amended to read as follows:

(1) The legislature finds that, for highly capable students, access to accelerated learning and enhanced instruction is access to a basic education. There are multiple definitions of highly capable, from intellectual to academic to artistic. The research literature strongly supports using multiple criteria to identify highly capable students, and therefore, the legislature does not intend to prescribe a single method. Instead, the legislature intends to allocate funding based on

two and three hundred fourteen one-thousandths percent of each school district's population and authorize school districts to identify through the use of multiple, objective criteria those students most highly capable and eligible to receive accelerated learning and enhanced instruction in the program offered by the district. Access to accelerated learning and enhanced instruction through the program for highly capable students does not constitute an individual entitlement for any particular student.

(2) Supplementary funds ((as may be) provided by the state for ((this program, in accordance with RCW 28A.150.370,)) the program for highly capable students under RCW 28A.150.260 shall be categorical funding ((on an excess cost basis based upon a per student amount not to exceed three percent of any district's full-time equivalent enrollment)) to provide services to highly capable students as determined by a school district under RCW 28A.185.030.

NEW SECTION. Sec. 709. A new section is added to chapter 28A.185 RCW to read as follows:

To the extent necessary, funds shall be made available for safety net awards for districts with demonstrated needs for funding for a highly capable program beyond the amounts provided through the highly capable funding formula under RCW 28A.150.260 and 28A.185.020. Safety net funds shall be awarded by the state safety net oversight committee subject to the conditions and limitations in subsections (1) through (4) of this section.

(1) The committee shall consider additional funds for districts that can convincingly demonstrate that all legitimate expenditures for the highly capable program exceed all available revenues from state funding formulas. In the determination of need, the committee shall also consider additional available revenues from federal sources. Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards. In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state and federal revenues related to services for students in the highly capable program.

(2) The superintendent of public instruction may adopt such rules and procedures as are necessary to administer the safety net award process for the highly capable program, including determining the maximum allowable indirect cost for calculating safety net eligibility.

(3) The superintendent of public instruction shall provide technical assistance to school districts in preparing and submitting safety net applications for highly capable programs.

(4) The safety net committee for highly capable programs shall be composed of at least the following members:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor, who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of highly capable programs and funding.

NEW SECTION. Sec. 710. The following acts or parts of acts are each repealed:

1.1.1.14. RCW 28A.150.030 (School day) and 1971 ex.s. c 161 s 1 & 1969 ex.s. c 223 s 28A.01.010;

(1) For purposes of this chapter:

(a) "Juvenile justice or care agency" means any of the following: Police, diversion units, court, prosecuting attorney, defense attorney, detention center, attorney general, the legislative children's oversight committee, the office of ~~((the))~~ the family and children's ombudsman, the department of social and health services and its contracting agencies, schools; persons or public or private agencies having children committed to their custody; and any placement oversight committee created under RCW 72.05.415;

(b) "Official juvenile court file" means the legal file of the juvenile court containing the petition or information, motions, memorandums, briefs, findings of the court, and court orders;

(c) "Records" means the official juvenile court file, the social file, and records of any other juvenile justice or care agency in the case;

(d) "Social file" means the juvenile court file containing the records and reports of the probation counselor.

(2) Each petition or information filed with the court may include only one juvenile and each petition or information shall be filed under a separate docket number. The social file shall be filed separately from the official juvenile court file.

(3) It is the duty of any juvenile justice or care agency to maintain accurate records. To this end:

(a) The agency may never knowingly record inaccurate information. Any information in records maintained by the department of social and health services relating to a petition filed

pursuant to chapter 13.34 RCW that is found by the court to be false or inaccurate shall be corrected or expunged from such records by the agency;

(b) An agency shall take reasonable steps to assure the security of its records and prevent tampering with them; and

(c) An agency shall make reasonable efforts to insure the completeness of its records, including action taken by other agencies with respect to matters in its files.

(4) Each juvenile justice or care agency shall implement procedures consistent with the provisions of this chapter to facilitate inquiries concerning records.

(5) Any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency and who has been denied access to those records by the agency may make a motion to the court for an order authorizing that person to inspect the juvenile justice or care agency record concerning that person. The court shall grant the motion to examine records unless it finds that in the interests of justice or in the best interests of the juvenile the records or parts of them should remain confidential.

(6) A juvenile, or his or her parents, or any person who has reasonable cause to believe information concerning that person is included in the records of a juvenile justice or care agency may make a motion to the court challenging the accuracy of any information concerning the moving party in the record or challenging the continued possession of the record by the agency. If the court grants the motion, it shall order the record or information to be corrected or destroyed.

(7) The person making a motion under subsection (5) or (6) of this section shall give reasonable notice of the motion to all parties to the original action and to any agency whose records will be affected by the motion.

(8) The court may permit inspection of records by, or release of information to, any clinic, hospital, or agency which has the subject person under care or treatment. The court may also permit inspection by or release to individuals or agencies, including juvenile justice advisory committees of county law and justice councils, engaged in legitimate research for educational, scientific, or public purposes. The court may also permit inspection of, or release of information from, records which have been sealed pursuant to RCW 13.50.050((++)) (12). The court shall release to the sentencing guidelines commission records needed for its research and data-gathering functions under RCW 9.94A.850 and other statutes. Access to records or information for research purposes shall be permitted only if the anonymity of all persons mentioned in the records or information will be preserved. Each person granted permission to inspect juvenile justice or care agency records for research purposes shall present a notarized statement to the court stating that the names of juveniles and parents will remain confidential.

(9) Juvenile detention facilities shall release records to the sentencing guidelines commission under RCW 9.94A.850 upon request. The commission shall not disclose the names of any juveniles or parents mentioned in the records without the named individual's written permission.

(10) Requirements in this chapter relating to the court's authority to compel disclosure shall not apply to the legislative children's oversight committee or the office of the family and children's ombudsman.

(11) The administrative office of the courts shall maintain an electronic research copy of all records in the judicial information system related to juveniles. For purposes of this chapter, "research copy" means an electronic replica of all records entered into the judicial information system related to juveniles including records destroyed or removed from the judicial information system under RCW 13.50.050 (17) and (18) and 13.50.100(3) and used for the purposes of legitimate research for educational, scientific, or public purposes.

(12) The court shall release to the Washington state office of public defense records needed to implement the agency's oversight, technical assistance, and other functions as required by RCW 2.70.020. Access to the records used as a basis for oversight, technical assistance, or other agency functions is restricted to the

Washington state office of public defense. The Washington state office of public defense shall maintain the confidentiality of all confidential information included in the records."

On page 1, line 3 of the title, after "defense;" strike the remainder of the title and insert "and amending RCW 13.50.010."

and the same is herewith transmitted.

There being no objection, the House advanced to the seventh order of business.

SENATE AMENDMENT TO HOUSE BILL

POINT OF ORDER

Representative Green requested a scope and object ruling on the Senate amendment to House Bill No. 1238.

SPEAKER'S RULING

Mr. Speaker (Representative Moeller presiding): "The title of House Bill No. 1238 is narrowly drafted to allow two specified entities – the Washington State Center for Court Research and the Washington Office of Public Defense – to access juvenile court records.

The Senate amendment allows access to such records by other individuals and entities and is outside the scope of the bill.

Representative Green, your point of order is well taken."

There being no objection, the House did not concur in the Senate amendment to HOUSE BILL NO. 1238 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 16, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1701 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the deployment and adoption of high-speed internet services and technology advancements enhance economic development and public safety for the state's communities. Such deployment also offers improved health care, access to consumer and legal services, increased educational and civic participation opportunities, and a better quality of life for the state's residents. The legislature further finds that improvements in the deployment and adoption of high-speed internet services and the strategic inclusion of technology advancements and technology education are critical to ensuring that Washington remains competitive and continues to provide a skilled workforce, attract businesses, and stimulate job growth.

(2) The legislature intends to support strategic partnerships of public, private, nonprofit, and community-based sectors in the continued growth and development of high-speed internet services and information technology. The legislature further intends to ensure that all Washington citizens, businesses, schools, and organizations are able to obtain and utilize broadband fully, regardless of location, economic status, literacy level, age, disability, structure, or size. In addition, the legislature intends that a statewide assessment of the availability, location, service levels, and other characteristics of high-speed internet services and other advanced telecommunications services in the state be conducted.

(3) In recognition of the importance of broadband deployment and adoption to the economy, health, safety, and welfare of the people of Washington, it is the purpose of this act to make high-speed internet service more readily available throughout the state, especially in areas and for populations with a low utilization rate.

NEW SECTION. Sec. 2. (1) The broadband mapping account is established in the custody of the state treasurer. The department

shall deposit into the account such funds received from legislative appropriation, federal grants authorized under the federal broadband data improvement act, P.L. 110-385, Title I, and donated funds from private and public sources. Expenditures from the account may be used only for the purposes of sections 3 through 5 of this act. Only the director of the department or the director's designee may authorize expenditures from the account. The account is subject to the allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

(2) The department of information services is the single eligible entity in the state for purposes of the federal broadband data improvement act, P.L. 110-385, Title I.

(3) Funding received by the department under the federal broadband data improvement act, P.L. 110-385, Title I, must be used in accordance with the requirements of that act and, subject to those requirements, may be distributed by the department on a competitive basis to other entities in the state to achieve the purposes of that act.

(4) The department of information services shall consult with the department of community, trade, and economic development or its successor agency, the office of financial management, and the utilities and transportation commission in coordinating broadband mapping activities. In carrying out any broadband mapping activities, the provisions of P.L. 110-385, Title I, regarding trade secrets, commercial or financial information, and privileged or confidential information submitted by the federal communications commission or a broadband provider are deemed to encompass the consulted agencies.

NEW SECTION. Sec. 3. (1) Subject to the availability of federal or state funding, the department may:

(a) Develop an interactive web site to allow residents to self-report whether high-speed internet is available at their home or residence and at what speed; and

(b) Conduct a detailed survey of all high-speed internet infrastructure owned or leased by state agencies and creating a geographic information system map of all high-speed internet infrastructure owned or leased by the state.

(2) State agencies responding to a survey request from the department under subsection (1)(b) of this section shall respond in a reasonable and timely manner, not to exceed one hundred twenty days. The department shall request of state agencies, at a minimum:

(a) The total bandwidth of high-speed internet infrastructure owned or leased;

(b) The cost of maintaining that high-speed internet infrastructure, if owned, or the price paid for the high-speed internet infrastructure, if leased; and

(c) The leasing entity, if applicable.

(3) The department may adopt rules as necessary to carry out the provisions of this section.

(4) For purposes of this section, "state agency" includes every state office, department, division, bureau, board, commission, or other state agency.

NEW SECTION. Sec. 4. (1) The department is authorized, through a competitive bidding process, to procure on behalf of the state a geographic information system map detailing high-speed internet infrastructure, service availability, and adoption. This geographic information system map may include adoption information, availability information, type of high-speed internet deployment technology, and available speed tiers for high-speed internet based on any publicly available data.

(2) The department may procure this map either by:

(a) Contracting for and purchasing a completed map from a third party; or

(b) Working directly with the federal communications commission to accept publicly available data.

(3) The department shall establish an accountability and oversight structure to ensure that there is transparency in the bidding and contracting process and full financial and technical accountability for any information or actions taken by a third-party contractor creating this map.

(4) In contracting for purchase of the map in subsection (2)(a) of this section, the department may take no action, nor impose any condition on the third party, that causes any record submitted by a public or private broadband service provider to the third party to

meet the standard of a public record as defined in RCW 42.56.010. This prohibition does not apply to any records delivered to the department by the third party as a component of the completed map. For the purpose of RCW 42.56.010(2), the purchase by the department of a completed map may not be deemed use or ownership by the department of the underlying information used by the third party to complete the map.

(5) Data or information that is publicly available as of the effective date of this section will not cease to be publicly available due to any provision of this act.

NEW SECTION. Sec. 5. (1) The department, in coordination with the department of community, trade, and economic development and the utilities and transportation commission, and such advisors as the department chooses, may prepare regular reports that identify the following:

(a) The geographic areas of greatest priority for the deployment of advanced telecommunications infrastructure in the state;

(b) A detailed explanation of how any amount of funding received from the federal government for the purposes of broadband mapping, deployment, and adoption will be or have been used; and

(c) A determination of how nonfederal sources may be utilized to achieve the purposes of broadband mapping, deployment, and adoption activities in the state.

(2) To the greatest extent possible, the initial report should be based upon the information identified in the geographic system maps developed under the requirements of this chapter.

(3) The initial report should be delivered to the appropriate committees of the legislature as soon as feasible, but no later than January 18, 2010.

(4) Future reports based upon the requirements of subsection (1) of this section should be delivered to the appropriate committees of the legislature by January 15th of each year.

Sec. 6. RCW 28B.32.010 and 2008 c 262 s 6 are each amended to read as follows:

The community technology opportunity program is created to support the efforts of community technology programs throughout the state. The community technology opportunity program must be administered by the (~~Washington State University extension, in consultation with the~~) department of information services. No more than fifteen percent of funds received by the administrator for the program may be expended on these functions;

(b) Establish a competitive grant program and provide grants to community technology programs to provide training and skill-building opportunities; access to hardware and software; internet connectivity; digital media literacy; assistance in the adoption of information and communication technologies in low-income and underserved areas of the state; and development of locally relevant content and delivery of vital services through technology.

(2) Grant applicants must:

(d) Explain in detail the strategy for addressing the needs identified and an implementation plan including objectives, tasks, and benchmarks for the applicant and the role that other organizations will play in assisting the applicant's efforts;

(e) Provide evidence of matching funds and resources, which are equivalent to at least one-quarter of the grant amount committed to the applicant's strategy;

(f) Provide evidence that funds applied for, if received, will be used to provide effective delivery of community technology services in alignment with the goals of this program and to increase the applicant's level of effort beyond the current level; and

(g) Comply with such other requirements as the administrator establishes.

(3) The administrator may use no more than ten percent of funds received for the community technology opportunity program to cover administrative expenses.

SENATE AMENDMENT TO HOUSE BILL

There being no objection, the House did not concur in the Senate amendment to ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 1701 and asked the Senate to recede therefrom.

MESSAGE FROM THE SENATE

April 16, 2009

Mr. Speaker:

The Senate has passed ENGROSSED SUBSTITUTE HOUSE BILL NO. 1782 with the following amendment:

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 13.34.065 and 2008 c 267 s 2 are each amended to read as follows:

(1)(a) When a child is taken into custody, the court shall hold a shelter care hearing within seventy-two hours, excluding Saturdays, Sundays, and holidays. The primary purpose of the shelter care hearing is to determine whether the child can be immediately and safely returned home while the adjudication of the dependency is pending.

(b) Any parent, guardian, or legal custodian who for good cause is unable to attend the shelter care hearing may request that a subsequent shelter care hearing be scheduled. The request shall be made to the clerk of the court where the petition is filed prior to the initial shelter care hearing. Upon the request of the parent, the court shall schedule the hearing within seventy-two hours of the request, excluding Saturdays, Sundays, and holidays. The clerk shall notify all other parties of the hearing by any reasonable means.

(2)(a) The department of social and health services shall submit a recommendation to the court as to the further need for shelter care in all cases in which it is the petitioner. In all other cases, the recommendation shall be submitted by the juvenile court probation counselor.

(b) All parties have the right to present testimony to the court regarding the need or lack of need for shelter care.

(c) Hearsay evidence before the court regarding the need or lack of need for shelter care must be supported by sworn testimony, affidavit, or declaration of the person offering such evidence.

(3)(a) At the commencement of the hearing, the court shall notify the parent, guardian, or custodian of the following:

(i) The parent, guardian, or custodian has the right to a shelter care hearing;

(ii) The nature of the shelter care hearing, the rights of the parents, and the proceedings that will follow; and

(iii) If the parent, guardian, or custodian is not represented by counsel, the right to be represented. If the parent, guardian, or custodian is indigent, the court shall appoint counsel as provided in RCW 13.34.090; and

(b) If a parent, guardian, or legal custodian desires to waive the shelter care hearing, the court shall determine, on the record and with the parties present, whether such waiver is knowing and voluntary. A parent may not waive his or her right to the shelter care hearing unless he or she appears in court and the court determines that the waiver is knowing and voluntary. Regardless of whether the court accepts the parental waiver of the shelter care hearing, the court must provide notice to the parents of their rights required under (a) of this subsection and make the finding required under subsection (4) of this section.

(4) At the shelter care hearing the court shall examine the need for shelter care and inquire into the status of the case. The paramount consideration for the court shall be the health, welfare, and safety of the child. At a minimum, the court shall inquire into the following:

(a) Whether the notice required under RCW 13.34.062 was given to all known parents, guardians, or legal custodians of the child. The court shall make an express finding as to whether the notice required under RCW 13.34.062 was given to the parent, guardian, or legal custodian. If actual notice was not given to the parent, guardian, or legal custodian and the whereabouts of such person is known or can be ascertained, the court shall order the supervising agency or the department of social and health services to make reasonable efforts to advise the parent, guardian, or legal custodian of the status of the case, including the date and time of any subsequent hearings, and their rights under RCW 13.34.090;

(b) Whether the child can be safely returned home while the adjudication of the dependency is pending;

(c) What efforts have been made to place the child with a relative. The court shall ask the parents whether the department discussed with them the placement of the child with a relative and shall determine whether the department has made efforts in this regard;

(d) What services were provided to the family to prevent or eliminate the need for removal of the child from the child's home;

(e) Is the placement proposed by the agency the least disruptive and most family-like setting that meets the needs of the child;

(f) Whether it is in the best interest of the child to remain enrolled in the school, developmental program, or child care the child was in prior to placement and what efforts have been made to maintain the child in the school, program, or child care if it would be in the best interest of the child to remain in the same school, program, or child care;

(g) Appointment of a guardian ad litem or attorney;

(h) Whether the child is or may be an Indian child as defined in 25 U.S.C. Sec. 1903, whether the provisions of the Indian child welfare act apply, and whether there is compliance with the Indian child welfare act, including notice to the child's tribe;

(i) Whether, as provided in RCW 26.44.063, restraining orders, or orders expelling an allegedly abusive household member from the home of a nonabusive parent, guardian, or legal custodian, will allow the child to safely remain in the home;

(j) Whether any orders for examinations, evaluations, or immediate services are needed. The court may not order a parent to undergo examinations, evaluation, or services at the shelter care hearing unless the parent agrees to the examination, evaluation, or service;

(k) The terms and conditions for parental, sibling, and family visitation.

(5)(a) The court shall release a child alleged to be dependent to the care, custody, and control of the child's parent, guardian, or legal

custodian unless the court finds there is reasonable cause to believe that:

(i) After consideration of the specific services that have been provided, reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home; and

(ii)(A) The child has no parent, guardian, or legal custodian to provide supervision and care for such child; or

(B) The release of such child would present a serious threat of substantial harm to such child, notwithstanding an order entered pursuant to RCW 26.44.063; or

(C) The parent, guardian, or custodian to whom the child could be released has been charged with violating RCW 9A.40.060 or 9A.40.070.

(b) If the court does not release the child to his or her parent, guardian, or legal custodian, the court shall order placement with a relative, unless there is reasonable cause to believe the health, safety, or welfare of the child would be jeopardized or that the efforts to reunite the parent and child will be hindered. The relative must be willing and available to:

(i) Care for the child and be able to meet any special needs of the child;

(ii) Facilitate the child's visitation with siblings, if such visitation is part of the supervising agency's plan or is ordered by the court; and

(iii) Cooperate with the department in providing necessary background checks and home studies.

(c) If the child was not initially placed with a relative, and the court does not release the child to his or her parent, guardian, or legal custodian, the supervising agency shall make reasonable efforts to locate a relative pursuant to RCW 13.34.060(1).

(d) If a relative is not available, the court shall order continued shelter care or order placement with another suitable person, and the court shall set forth its reasons for the order, including why placement with a relative is not appropriate at this time. If the court orders placement of the child with a person not related to the child and not licensed to provide foster care, the placement is subject to all terms and conditions of this section that apply to relative placements.

(e) Any placement with a relative, or other person approved by the court pursuant to this section, shall be contingent upon cooperation with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order is grounds for removal of the child from the home of the relative or other person, subject to review by the court.

(f) Uncertainty by a parent, guardian, legal custodian, relative, or other suitable person that the alleged abuser has in fact abused the child shall not, alone, be the basis upon which a child is removed from the care of a parent, guardian, or legal custodian under (a) of this subsection, nor shall it be a basis, alone, to preclude placement with a relative under (b) of this subsection or with another suitable person under (d) of this subsection.

(6)(a) A shelter care order issued pursuant to this section shall include the requirement for a case conference as provided in RCW 13.34.067. However, if the parent is not present at the shelter care hearing, or does not agree to the case conference, the court shall not include the requirement for the case conference in the shelter care order.

(b) If the court orders a case conference, the shelter care order shall include notice to all parties and establish the date, time, and location of the case conference which shall be no later than thirty days before the fact-finding hearing.

(c) The court may order another conference, case staffing, or hearing as an alternative to the case conference required under RCW 13.34.067 so long as the conference, case staffing, or hearing ordered by the court meets all requirements under RCW 13.34.067, including the requirement of a written agreement specifying the services to be provided to the parent.

(7)(a) A shelter care order issued pursuant to this section may be amended at any time with notice and hearing thereon. The shelter care decision of placement shall be modified only upon a showing of

change in circumstances. No child may be placed in shelter care for longer than thirty days without an order, signed by the judge, authorizing continued shelter care.

(b)(i) An order releasing the child on any conditions specified in this section may at any time be amended, with notice and hearing thereon, so as to return the child to shelter care for failure of the parties to conform to the conditions originally imposed.

(ii) The court shall consider whether nonconformance with any conditions resulted from circumstances beyond the control of the parent, guardian, or legal custodian and give weight to that fact before ordering return of the child to shelter care.

(8)(a) If a child is returned home from shelter care a second time in the case, or if the supervisor of the caseworker deems it necessary, the multidisciplinary team may be reconvened.

(b) If a child is returned home from shelter care a second time in the case a law enforcement officer must be present and file a report to the department.

Sec. 2. RCW 13.34.130 and 2007 c 413 s 6 and 2007 c 412 s 2 are each reenacted and amended to read as follows:

If, after a fact-finding hearing pursuant to RCW 13.34.110, it has been proven by a preponderance of the evidence that the child is dependent within the meaning of RCW 13.34.030 after consideration of the social study prepared pursuant to RCW 13.34.110 and after a disposition hearing has been held pursuant to RCW 13.34.110, the court shall enter an order of disposition pursuant to this section.

(1) The court shall order one of the following dispositions of the case:

(a) Order a disposition other than removal of the child from his or her home, which shall provide a program designed to alleviate the immediate danger to the child, to mitigate or cure any damage the child has already suffered, and to aid the parents so that the child will not be endangered in the future. In determining the disposition, the court should choose those services, including housing assistance, that least interfere with family autonomy and are adequate to protect the child.

(b) Order the child to be removed from his or her home and into the custody, control, and care of a relative or the department or a licensed child placing agency for supervision of the child's placement. The department or agency supervising the child's placement has the authority to place the child, subject to review and approval by the court (i) with a relative as defined in RCW 74.15.020(2)(a), (ii) in a foster family home or group care facility licensed pursuant to chapter 74.15 RCW, or (iii) in the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department or supervising agency to be suitable and competent to provide care for the child. Absent good cause, the department or supervising agency shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260. The department or supervising agency may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a) when the court finds that such placement is in the best interest of the child. Unless there is reasonable cause to believe that the health, safety, or welfare of the child would be jeopardized or that efforts to reunite the parent and child will be hindered, such child shall be placed with a person who is: (A) Related to the child as defined in RCW 74.15.020(2)(a) with whom the child has a relationship and is comfortable; and (B) willing and available to care for the child.

(2) Placement of the child with a relative under this subsection shall be given preference by the court. If the court does not place the child with a relative, the court shall indicate why placement with a relative did not occur. An order for out-of-home placement may be made only if the court finds that reasonable efforts have been made to prevent or eliminate the need for removal of the child from the child's home and to make it possible for the child to return home, specifying the services that have been provided to the child and the child's parent, guardian, or legal custodian, and that preventive services have been offered or provided and have failed to prevent the need for out- of-home placement, unless the health, safety, and welfare of the child cannot be protected adequately in the home, and that:

(a) There is no parent or guardian available to care for such child;

(b) The parent, guardian, or legal custodian is not willing to take custody of the child; or

(c) The court finds, by clear, cogent, and convincing evidence, a manifest danger exists that the child will suffer serious abuse or neglect if the child is not removed from the home and an order under RCW 26.44.063 would not protect the child from danger.

(3) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court shall consider whether it is in a child's best interest to be placed with, have contact with, or have visits with siblings.

(a) There shall be a presumption that such placement, contact, or visits are in the best interests of the child provided that:

(i) The court has jurisdiction over all siblings subject to the order of placement, contact, or visitation pursuant to petitions filed under this chapter or the parents of a child for whom there is no jurisdiction are willing to agree; and

(ii) There is no reasonable cause to believe that the health, safety, or welfare of any child subject to the order of placement, contact, or visitation would be jeopardized or that efforts to reunite the parent and child would be hindered by such placement, contact, or visitation. In no event shall parental visitation time be reduced in order to provide sibling visitation.

(b) The court may also order placement, contact, or visitation of a child with a step-brother or step-sister provided that in addition to the factors in (a) of this subsection, the child has a relationship and is comfortable with the step-sibling.

(4) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section and placed into nonparental or nonrelative care, the court shall order a placement that allows the child to remain in the same school he or she attended prior to the initiation of the dependency proceeding when such a placement is practical and in the child's best interest.

(5) If the court has ordered a child removed from his or her home pursuant to subsection (1)(b) of this section, the court may order that a petition seeking termination of the parent and child relationship be filed if the requirements of RCW 13.34.132 are met.

(6) If there is insufficient information at the time of the disposition hearing upon which to base a determination regarding the suitability of a proposed placement with a relative, the child shall remain in foster care and the court shall direct the supervising agency to conduct necessary background investigations as provided in chapter 74.15 RCW and report the results of such investigation to the court within thirty days. However, if such relative appears otherwise suitable and competent to provide care and treatment, the criminal history background check need not be completed before placement, but as soon as possible after placement. Any placements with relatives, pursuant to this section, shall be contingent upon cooperation by the relative with the agency case plan and compliance with court orders related to the care and supervision of the child including, but not limited to, court orders regarding parent-child contacts, sibling contacts, and any other conditions imposed by the court. Noncompliance with the case plan or court order shall be grounds for removal of the child from the relative's home, subject to review by the court.

Sec. 3. RCW 13.34.138 and 2007 c 413 s 8 and 2007 c 410 s 1 are each reenacted and amended to read as follows:

(1) Except for children whose cases are reviewed by a citizen review board under chapter 13.70 RCW, the status of all children found to be dependent shall be reviewed by the court at least every six months from the beginning date of the placement episode or the date dependency is established, whichever is first. The purpose of the hearing shall be to review the progress of the parties and determine whether court supervision should continue.

(a) The initial review hearing shall be an in-court review and shall be set six months from the beginning date of the placement episode or no more than ninety days from the entry of the disposition order, whichever comes first. The requirements for the initial review hearing, including the in-court review requirement, shall be accomplished within existing resources.

(b) The initial review hearing may be a permanency planning hearing when necessary to meet the time frames set forth in RCW 13.34.145 (1)(a) or 13.34.134.

(2)(a) A child shall not be returned home at the review hearing unless the court finds that a reason for removal as set forth in RCW 13.34.130 no longer exists. The parents, guardian, or legal custodian shall report to the court the efforts they have made to correct the conditions which led to removal. If a child is returned, casework supervision shall continue for a period of six months, at which time there shall be a hearing on the need for continued intervention.

(b) Prior to the child returning home, the department must complete the following:

(i) Identify all adults residing in the home and conduct background checks on those persons;

(ii) Identify any persons who may act as a caregiver for the child in addition to the parent with whom the child is being placed and determine whether such persons are in need of any services in order to ensure the safety of the child, regardless of whether such persons are a party to the dependency. The department or supervising agency may recommend to the court and the court may order that placement of the child in the parent's home be contingent on or delayed based on the need for such persons to engage in or complete services to ensure the safety of the child prior to placement. If services are recommended for the caregiver, and the caregiver fails to engage in or follow through with the recommended services, the department or supervising agency must promptly notify the court; and

(iii) Notify the parent with whom the child is being placed that he or she has an ongoing duty to notify the department or supervising agency of all persons who reside in the home or who may act as a caregiver for the child both prior to the placement of the child in the home and subsequent to the placement of the child in the home as long as the court retains jurisdiction of the dependency proceeding or the department is providing or monitoring either remedial services to the parent or services to ensure the safety of the child to any caregivers.

Caregivers may be required to engage in services under this subsection solely for the purpose of ensuring the present and future safety of a child who is a ward of the court. This subsection does not grant party status to any individual not already a party to the dependency proceeding, create an entitlement to services or a duty on the part of the department or supervising agency to provide services, or create judicial authority to order the provision of services to any person other than for the express purposes of this section or RCW 13.34.025 or if the services are unavailable or unsuitable or the person is not eligible for such services.

(c) If the child is not returned home, the court shall establish in writing:

(i) Whether the agency is making reasonable efforts to provide services to the family and eliminate the need for placement of the child. If additional services, including housing assistance, are needed to facilitate the return of the child to the child's parents, the court shall order that reasonable services be offered specifying such services;

(ii) Whether there has been compliance with the case plan by the child, the child's parents, and the agency supervising the placement;

(iii) Whether progress has been made toward correcting the problems that necessitated the child's placement in out-of-home care;

(iv) Whether the services set forth in the case plan and the responsibilities of the parties need to be clarified or modified due to the availability of additional information or changed circumstances;

(v) Whether there is a continuing need for placement;

(vi) Whether the child is in an appropriate placement which adequately meets all physical, emotional, and educational needs;

(vii) Whether preference has been given to placement with the child's relatives and if not, the court shall indicate why the child is not in a relative placement;

(viii) Whether both in-state and, where appropriate, out-of-state placements have been considered;

(ix) Whether the parents have visited the child and any reasons why visitation has not occurred or has been infrequent;

(x) Whether terms of visitation need to be modified;

(xi) Whether the court-approved long-term permanent plan for the child remains the best plan for the child;

(xii) Whether any additional court orders need to be made to move the case toward permanency; and

(xiii) The projected date by which the child will be returned home or other permanent plan of care will be implemented.

(d) The court at the review hearing may order that a petition seeking termination of the parent and child relationship be filed.

(3)(a) In any case in which the court orders that a dependent child may be returned to or remain in the child's home, the in-home placement shall be contingent upon the following:

(i) The compliance of the parents with court orders related to the care and supervision of the child, including compliance with an agency case plan; and

(ii) The continued participation of the parents, if applicable, in available substance abuse or mental health treatment if substance abuse or mental illness was a contributing factor to the removal of the child.

(b) The following may be grounds for removal of the child from the home, subject to review by the court:

(i) Noncompliance by the parents with the agency case plan or court order;

(ii) The parent's inability, unwillingness, or failure to participate in available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect; or

(iii) The failure of the parents to successfully and substantially complete available services or treatment for themselves or the child, including substance abuse treatment if a parent's substance abuse was a contributing factor to the abuse or neglect.

(c) In a pending dependency case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the child shall be the court's primary consideration in the review hearing.

(4) The court's ability to order housing assistance under (~~RCW 13.34.130 and this section~~) **this chapter** is: (a) Limited to cases in which homelessness or the lack of adequate and safe housing is the primary reason for an out-of-home placement; and (b) subject to the availability of funds appropriated for this specific purpose.

(5) The court shall consider the child's relationship with siblings in accordance with RCW 13.34.130(3).

NEW SECTION. Sec. 4. A new section is added to chapter 13.34 RCW to read as follows:

(1) At a disposition, review, or any other hearing that occurs after a dependency is established under this chapter, the court shall ensure that a dependent child over the age of twelve, who is otherwise present in the courtroom, is aware of and understands the duties and responsibilities the department has to a child subject to a dependency including, but not limited to, the following:

(a) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(b) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);

(c) Parent-child visits;

(d) Statutory preference for placement with a relative, if appropriate; and

(e) Statutory preference that an out-of-home placement be found that would allow the child to remain in the same school district, if practical.

(2) If the dependent child is already represented by counsel, the court need not comply with subsection (1) of this section.

NEW SECTION. Sec. 5. A new section is added to chapter 13.34 RCW to read as follows:

(1) The administrative office of the courts shall develop standard court forms and format rules for mandatory use by parties in dependency matters commenced under this chapter or chapter 26.44 RCW. Forms shall be developed not later than November 1, 2009, and the mandatory use requirement shall be effective January 1, 2010. The administrative office of the courts has continuing responsibility to develop and revise mandatory forms and format rules as appropriate.

(2) According to rules established by the administrative office of the courts, a party may delete unnecessary portions of the forms and may supplement the mandatory forms with additional material.

(3) Failure by a party to use the mandatory forms or follow the format rules shall not be a reason to dismiss a case, refuse a filing, or strike a pleading. The court may, however, require the party to submit a corrected pleading and may impose terms payable to the opposing party or payable to the court, or both.

(4) The administrative office of the courts shall distribute a master copy of the mandatory forms to all county court clerks. Upon request, the administrative office of the courts and county clerks must distribute the forms to the public and may charge for the cost of production and distribution of the forms. Private vendors also may distribute the forms. Distribution of forms may be in printed or electronic form.

Sec. 6. RCW 74.13.031 and 2008 c 267 s 6 are each amended to read as follows:

The department shall have the duty to provide child welfare services and shall:

(1) Develop, administer, supervise, and monitor a coordinated and comprehensive plan that establishes, aids, and strengthens services for the protection and care of runaway, dependent, or neglected children.

(2) Within available resources, recruit an adequate number of prospective adoptive and foster homes, both regular and specialized, i.e. homes for children of ethnic minority, including Indian homes for Indian children, sibling groups, handicapped and emotionally disturbed, teens, pregnant and parenting teens, and annually report to the governor and the legislature concerning the department's success in: (a) Meeting the need for adoptive and foster home placements; (b) reducing the foster parent turnover rate; (c) completing home studies for legally free children; and (d) implementing and operating the passport program required by RCW 74.13.285. The report shall include a section entitled "Foster Home Turn-Over, Causes and Recommendations."

(3) Investigate complaints of any recent act or failure to act on the part of a parent or caretaker that results in death, serious physical or emotional harm, or sexual abuse or exploitation, or that presents an imminent risk of serious harm, and on the basis of the findings of such investigation, offer child welfare services in relation to the problem to such parents, legal custodians, or persons serving in loco parentis, and/or bring the situation to the attention of an appropriate court, or another community agency. An investigation is not required of nonaccidental injuries which are clearly not the result of a lack of care or supervision by the child's parents, legal custodians, or persons serving in loco parentis. If the investigation reveals that a crime against a child may have been committed, the department shall notify the appropriate law enforcement agency.

(4) Offer, on a voluntary basis, family reconciliation services to families who are in conflict.

(5) Monitor placements of children in out-of-home care and in-home dependencies to assure the safety, well-being, and quality of care being provided is within the scope of the intent of the legislature as defined in RCW 74.13.010 and 74.15.010. The policy for monitoring placements under this section shall require that children in out-of-home care and in-home dependencies and their caregivers receive a private and individual face-to-face visit each month.

(a) The department shall conduct the monthly visits with children and caregivers required under this section unless the child's placement is being supervised under a contract between the department and a private agency accredited by a national child welfare accrediting entity, in which case the private agency shall, within existing resources, conduct the monthly visits with the child and with the child's caregiver according to the standards described in this subsection and shall provide the department with a written report of the visits within fifteen days of completing the visits.

(b) In cases where the monthly visits required under this subsection are being conducted by a private agency, the department shall conduct a face-to-face health and safety visit with the child at least once every ninety days.

(6) Have authority to accept custody of children from parents and to accept custody of children from juvenile courts, where authorized to do so under law, to provide child welfare services

including placement for adoption, to provide for the routine and necessary medical, dental, and mental health care, or necessary emergency care of the children, and to provide for the physical care of such children and make payment of maintenance costs if needed. Except where required by Public Law 95-608 (25 U.S.C. Sec. 1915), no private adoption agency which receives children for adoption from the department shall discriminate on the basis of race, creed, or color when considering applications in their placement for adoption.

(7) Have authority to provide temporary shelter to children who have run away from home and who are admitted to crisis residential centers.

(8) Have authority to purchase care for children; and shall follow in general the policy of using properly approved private agency services for the actual care and supervision of such children insofar as they are available, paying for care of such children as are accepted by the department as eligible for support at reasonable rates established by the department.

(9) Establish a children's services advisory committee which shall assist the secretary in the development of a partnership plan for utilizing resources of the public and private sectors, and advise on all matters pertaining to child welfare, licensing of child care agencies, adoption, and services related thereto. At least one member shall represent the adoption community.

(10)(a) Have authority to provide continued foster care or group care as needed to participate in or complete a high school or vocational school program.

(b)(i) Beginning in 2006, the department has the authority to allow up to fifty youth reaching age eighteen to continue in foster care or group care as needed to participate in or complete a posthigh school academic or vocational program, and to receive necessary support and transition services.

(ii) In 2007 and 2008, the department has the authority to allow up to fifty additional youth per year reaching age eighteen to remain in foster care or group care as provided in (b)(i) of this subsection.

(iii) A youth who remains eligible for such placement and services pursuant to department rules may continue in foster care or group care until the youth reaches his or her twenty-first birthday. Eligibility requirements shall include active enrollment in a posthigh school academic or vocational program and maintenance of a 2.0 grade point average.

(11) Refer cases to the division of child support whenever state or federal funds are expended for the care and maintenance of a child, including a child with a developmental disability who is placed as a result of an action under chapter 13.34 RCW, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child. Cases involving individuals age eighteen through twenty shall not be referred to the division of child support unless required by federal law.

(12) Have authority within funds appropriated for foster care services to purchase care for Indian children who are in the custody of a federally recognized Indian tribe or tribally licensed child-placing agency pursuant to parental consent, tribal court order, or state juvenile court order; and the purchase of such care shall be subject to the same eligibility standards and rates of support applicable to other children for whom the department purchases care.

Notwithstanding any other provision of RCW 13.32A.170 through 13.32A.200 and 74.13.032 through 74.13.036, or of this section all services to be provided by the department of social and health services under subsections (4), (6), and (7) of this section, subject to the limitations of these subsections, may be provided by any program offering such services funded pursuant to Titles II and III of the federal juvenile justice and delinquency prevention act of 1974.

(13) Within amounts appropriated for this specific purpose, provide preventive services to families with children that prevent or shorten the duration of an out-of-home placement.

(14) Have authority to provide independent living services to youths, including individuals who have attained eighteen years of age, and have not attained twenty-one years of age who are or have been in foster care.

(15) Consult at least quarterly with foster parents, including members of the foster parent association of Washington state, for the

purpose of receiving information and comment regarding how the department is performing the duties and meeting the obligations specified in this section and RCW 74.13.250 and 74.13.320 regarding the recruitment of foster homes, reducing foster parent turnover rates, providing effective training for foster parents, and administering a coordinated and comprehensive plan that strengthens services for the protection of children. Consultation shall occur at the regional and statewide levels.

(16)(a) Within current funding levels, place on the public web site maintained by the department a document listing the duties and responsibilities the department has to a child subject to a dependency petition including, but not limited to, the following:

(i) Reasonable efforts, including the provision of services, toward reunification of the child with his or her family;

(ii) Sibling visits subject to the restrictions in RCW 13.34.136(2)(b)(ii);

(iii) Parent-child visits;

(iv) Statutory preference for placement with a relative, if appropriate; and

(v) Statutory preference that an out-of-home placement be found that would allow the child to remain in the same school district, if practical.

(b) The document must be prepared in conjunction with a community-based organization and must be updated as needed.

NEW SECTION. Sec. 7. A new section is added to chapter 74.13 RCW to read as follows:

Once a dependency is established under chapter 13.34 RCW, the social worker assigned to the case shall provide the dependent child with a document containing the information contained in RCW 74.13.031(16). The social worker shall also explain the content of the document to the child and direct the child to the department's web site for further information. The social worker shall document, in the electronic data system, that this requirement was met.

Sec. 8. RCW 74.13.109 and 1990 c 285 s 7 are each amended to read as follows:

(1) The secretary shall issue rules and regulations to assist in the administration of the program of adoption support authorized by RCW 26.33.320 and 74.13.100 through 74.13.145.

(2) Disbursements from the appropriations available from the general fund shall be made pursuant to such rules and regulations and pursuant to agreements conforming thereto to be made by the secretary with parents for the purpose of supporting the adoption of children in, or likely to be placed in, foster homes or child caring institutions who are found by the secretary to be difficult to place in adoption because of physical or other reasons; including, but not limited to, physical or mental handicap, emotional disturbance, ethnic background, language, race, color, age, or sibling grouping.

(3) Such agreements shall meet the following criteria:

~~((+))~~ (a) The child whose adoption is to be supported pursuant to such agreement shall be or have been a child hard to place in adoption.

~~((2))~~ (b) Such agreement must relate to a child who was or is residing in a foster home or child-caring institution or a child who, in the judgment of the secretary, is both eligible for, and likely to be placed in, either a foster home or a child-caring institution.

~~((3))~~ (c) Such agreement shall provide that adoption support shall not continue beyond the time that the adopted child reaches eighteen years of age, becomes emancipated, dies, or otherwise ceases to need support, provided that if the secretary shall find that continuing dependency of such child after such child reaches eighteen years of age warrants the continuation of support pursuant to RCW 26.33.320 and 74.13.100 through 74.13.145 the secretary may do so, subject to all the provisions of RCW 26.33.320 and 74.13.100 through 74.13.145, including annual review of the amount of such support.

~~((4))~~ (d) Any prospective parent who is to be a party to such agreement shall be a person who has the character, judgment, sense of responsibility, and disposition which make him or her suitable as an adoptive parent of such child.

(4) Six months before an adoption is finalized under chapter 26.33 RCW and RCW 74.13.100 through 74.13.145, the department must provide to the prospective adoptive parents, in writing,

information describing the limits of the adoption support program including the following information:

(a) The limits on monthly in-cash payments to adoptive families;

(b) The limits on the availability of mental health services and the funds with which to pay for these services;

(c) How to access mental health services for children receiving adoption support services;

(d) The limits on the one-time cash payments to adoptive families for expenses related to their adopted children;

(e) That payment for residential or group care is not available for adopted children under the adoption support program;

(f) The risks inherent in adopting a child from the department.

Sec. 9. RCW 74.13.250 and 1990 c 284 s 2 are each amended to read as follows:

(1) Preservice training is recognized as a valuable tool to reduce placement disruptions, the length of time children are in care, and foster parent turnover rates. Preservice training also assists potential foster parents in making their final decisions about foster parenting and assists social service agencies in obtaining information about whether to approve potential foster parents.

(2) Foster parent preservice training shall include information about the potential impact of placement on foster children; social service agency administrative processes; the requirements, responsibilities, expectations, and skills needed to be a foster parent; attachment, separation, and loss issues faced by birth parents, foster children, and foster parents; child management and discipline; birth family relationships; information on the limits of the adoption support program as provided in RCW 74.13.109(4); and helping children leave foster care. Preservice training shall assist applicants in making informed decisions about whether they want to be foster parents. Preservice training shall be designed to enable the agency to assess the ability, readiness, and appropriateness of families to be foster parents. As a decision tool, effective preservice training provides potential foster parents with enough information to make an appropriate decision, affords potential foster parents an opportunity to discuss their decision with others and consider its implications for their family, clarifies foster family expectations, presents a realistic picture of what foster parenting involves, and allows potential foster parents to consider and explore the different types of children they might serve.

(3) Preservice training shall be completed prior to the issuance of a foster care license, except that the department may, on a case by case basis, issue a written waiver that allows the foster parent to complete the training after licensure, so long as the training is completed within ninety days following licensure.

Sec. 10. RCW 74.13.333 and 2004 c 181 s 1 are each amended to read as follows:

(1) A foster parent who believes that a department employee has retaliated against the foster parent or in any other manner discriminated against the foster parent because:

~~((+))~~ (a) The foster parent made a complaint with the office of the family and children's ombudsman, the attorney general, law enforcement agencies, or the department, provided information, or otherwise cooperated with the investigation of such a complaint;

~~((2))~~ (b) The foster parent has caused to be instituted any proceedings under or related to Title 13 RCW;

~~((3))~~ (c) The foster parent has testified or is about to testify in any proceedings under or related to Title 13 RCW;

~~((4))~~ (d) The foster parent has advocated for services on behalf of the foster child;

~~((5))~~ (e) The foster parent has sought to adopt a foster child in the foster parent's care; or

~~((6))~~ (f) The foster parent has discussed or consulted with anyone concerning the foster parent's rights under this chapter or chapter 74.15 or 13.34 RCW, may file a complaint with the office of the family and children's ombudsman.

(2) The ombudsman may investigate the allegations of retaliation. The ombudsman shall have access to all relevant information and resources held by or within the department by which to conduct the investigation. Upon the conclusion of its investigation, the ombudsman shall provide its findings in written form to the department.

(3) The department shall notify the office of the family and children's ombudsman in writing, within thirty days of receiving the ombudsman's findings, of any personnel action taken or to be taken with regard to the department employee.

(4) The office of the family and children's ombudsman shall also include its recommendations regarding complaints filed under this section in its annual report pursuant to RCW 43.06A.030. The office of the family and children's ombudsman shall identify trends which may indicate a need to improve relations between the department and foster parents."

STEVE CONWAY, 29th District

MESSAGE FROM THE SENATE

April 17, 2009

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 1484 with the following amendment:

Strike everything after the enacting clause and insert the following:

"Sec. 1. RCW 76.09.040 and 2000 c 11 s 3 are each amended to read as follows:

(1) Where necessary to accomplish the purposes and policies stated in RCW 76.09.010, and to implement the provisions of this chapter, the board shall adopt forest practices rules pursuant to chapter 34.05 RCW and in accordance with the procedures enumerated in this section that:

(a) Establish minimum standards for forest practices;

(b) Provide procedures for the voluntary development of resource management plans which may be adopted as an alternative to the minimum standards in (a) of this subsection if the plan is consistent with the purposes and policies stated in RCW 76.09.010 and the plan meets or exceeds the objectives of the minimum standards;

(c) Set forth necessary administrative provisions;

(d) Establish procedures for the collection and administration of forest practice fees as set forth by this chapter; and

(e) Allow for the development of watershed analyses.

Forest practices rules pertaining to water quality protection shall be adopted by the board after reaching agreement with the director of the department of ecology or the director's designee on the board with respect thereto. All other forest practices rules shall be adopted by the board.

Forest practices rules shall be administered and enforced by either the department or the local governmental entity as provided in this chapter. Such rules shall be adopted and administered so as to give consideration to all purposes and policies set forth in RCW 76.09.010.

(2) The board shall prepare proposed forest practices rules. In addition to any forest practices rules relating to water quality protection proposed by the board, the department of ecology may submit to the board proposed forest practices rules relating to water quality protection.

Prior to initiating the rule-making process, the proposed rules shall be submitted for review and comments to the department of fish and wildlife and to the counties of the state. After receipt of the proposed forest practices rules, the department of fish and wildlife and the counties of the state shall have thirty days in which to review and submit comments to the board, and to the department of ecology with respect to its proposed rules relating to water quality protection. After the expiration of such thirty day period the board and the department of ecology shall jointly hold one or more hearings on the proposed rules pursuant to chapter 34.05 RCW. At such hearing(s) any county may propose specific forest practices rules relating to

problems existing within such county. The board may adopt and the department of ecology may approve such proposals if they find the proposals are consistent with the purposes and policies of this chapter.

(3) The board shall establish by rule a program for the acquisition of riparian open space ((program that includes acquisition of a fee interest in, or at the landowner's option, a conservation easement on)) and critical habitat for threatened or endangered species as designated by the board. Acquisition must be a conservation easement. Lands eligible for acquisition are forest lands within unconfined ((avulsing)) channel migration zones or forest lands containing critical habitat for threatened or endangered species as designated by the board. Once acquired, these lands may be held and managed by the department, transferred to another state agency, transferred to an appropriate local government agency, or transferred to a private nonprofit nature conservancy corporation, as defined in RCW 64.04.130, in fee or transfer of management obligation. The board shall adopt rules governing the acquisition by the state or donation to the state of such interest in lands including the right of refusal if the lands are subject to unacceptable liabilities. The rules shall include definitions of qualifying lands, priorities for acquisition, and provide for the opportunity to transfer such lands with limited warranties and with a description of boundaries that does not require full surveys where the cost of securing the surveys would be unreasonable in relation to the value of the lands conveyed. The rules shall provide for the management of the lands for ecological protection or fisheries enhancement. ((Because there are few, if any, comparable sales of forest land within unconfined avulsing channel migration zones, separate from the other lands or assets, these lands are likely to be extraordinarily difficult to appraise and the cost of a conventional appraisal often would be unreasonable in relation to the value of the land involved. Therefore, for the purposes of voluntary sales under this section, the legislature declares that these lands are presumed to have a value equal to: (a) The acreage in the sale multiplied by the average value of commercial forest land in the region under the land value tables used for property tax purposes under RCW 84.33.120; plus (b) the cruised volume of any timber located within the channel migration multiplied by the appropriate quality code stumpage value for timber of the same species shown on the appropriate table used for timber harvest excise tax purposes under RCW 84.33.091. For purposes of this section, there shall be an eastside region and a westside region as defined in the forests and fish report as defined in RCW 76.09.020.)) For the purposes of conservation easements entered into under this section, the following apply: (a) For conveyances of a conservation easement in which the landowner conveys an interest in the trees only, the compensation must include the timber value component, as determined by the cruised volume of any timber located within the channel migration zone or critical habitat for threatened or endangered species as designated by the board, multiplied by the appropriate quality code stumpage value for timber of the same species shown on the appropriate table used for timber harvest excise tax purposes under RCW 84.33.091; (b) for conveyances of a conservation easement in which the landowner conveys interests in both land and trees, the compensation must include the timber value component in (a) of this subsection plus such portion of the land value component as determined just and equitable by the department. The land value component must be the acreage of qualifying channel migration zone or critical habitat for threatened or endangered species as determined by the board, to be conveyed, multiplied by the average per acre value of all commercial forest land in western Washington or the average for eastern Washington, whichever average is applicable to the qualifying lands. The department must determine the western and eastern Washington averages based on the land value tables established by RCW 84.33.140 and revised annually by the department of revenue.

(4) Subject to appropriations sufficient to cover the cost of such an acquisition program and the related costs of administering the program, the department ((is directed to purchase a fee interest or, at the owner's option,)) must establish a conservation easement in land that an owner tenders for purchase; provided that such lands have been taxed as forest lands and are located within an unconfined ((avulsing)) channel migration zone or contain critical habitat for

threatened or endangered species as designated by the board. Lands acquired under this section shall become riparian or habitat open space. These acquisitions shall not be deemed to trigger the compensating tax of chapters 84.33 and 84.34 RCW.

(5) Instead of offering to sell interests in qualifying lands, owners may elect to donate the interests to the state.

(6) Any acquired interest in qualifying lands by the state under this section shall be managed as riparian open space or critical habitat.

Sec. 2. RCW 84.33.140 and 2007 c 54 s 24 are each amended to read as follows:

(1) When land has been designated as forest land under RCW 84.33.130, a notation of the designation shall be made each year upon the assessment and tax rolls. A copy of the notice of approval together with the legal description or assessor's parcel numbers for the land shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded.

(2) In preparing the assessment roll as of January 1, 2002, for taxes payable in 2003 and each January 1st thereafter, the assessor shall list each parcel of designated forest land at a value with respect to the grade and class provided in this subsection and adjusted as provided in subsection (3) of this section. The assessor shall compute the assessed value of the land using the same assessment ratio applied generally in computing the assessed value of other property in the county. Values for the several grades of bare forest land shall be as follows:

(3) On or before December 31, 2001, the department shall adjust by rule under chapter 34.05 RCW, the forest land values contained in subsection (2) of this section in accordance with this subsection, and shall certify the adjusted values to the assessor who will use these values in preparing the assessment roll as of January 1, 2002. For the adjustment to be made on or before December 31, 2001, for use in the 2002 assessment year, the department shall:

(a) Divide the aggregate value of all timber harvested within the state between July 1, 1996, and June 30, 2001, by the aggregate harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 84.33.074; and

(b) Divide the aggregate value of all timber harvested within the state between July 1, 1995, and June 30, 2000, by the aggregate

harvest volume for the same period, as determined from the harvester excise tax returns filed with the department under RCW 84.33.074; and

(c) Adjust the forest land values contained in subsection (2) of this section by a percentage equal to one-half of the percentage change in the average values of harvested timber reflected by comparing the resultant values calculated under (a) and (b) of this subsection.

(4) For the adjustments to be made on or before December 31, 2002, and each succeeding year thereafter, the same procedure described in subsection (3) of this section shall be followed using harvester excise tax returns filed under RCW 84.33.074. However, this adjustment shall be made to the prior year's adjusted value, and the five-year periods for calculating average harvested timber values shall be successively one year more recent.

(5) Land graded, assessed, and valued as forest land shall continue to be so graded, assessed, and valued until removal of designation by the assessor upon the occurrence of any of the following:

(a) Receipt of notice from the owner to remove the designation;
 (b) Sale or transfer to an ownership making the land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of the land to a new owner, unless the new owner has signed a notice of forest land designation continuance, except transfer to an owner who is an heir or devisee of a deceased owner, shall not, by itself, result in removal of designation. The signed notice of continuance shall be attached to the real estate excise tax affidavit provided for in RCW 82.45.150. The notice of continuance shall be on a form prepared by the department. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all compensating taxes calculated under subsection (11) of this section shall become due and payable by the seller or transferor at time of sale. The auditor shall not accept an instrument of conveyance regarding designated forest land for filing or recording unless the new owner has signed the notice of continuance or the compensating tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (11) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that:

(i) The land is no longer primarily devoted to and used for growing and harvesting timber. However, land shall not be removed from designation if a governmental agency, organization, or other recipient identified in subsection (13) or (14) of this section as exempt from the payment of compensating tax has manifested its intent in writing or by other official action to acquire a property interest in the designated forest land by means of a transaction that qualifies for an exemption under subsection (13) or (14) of this section. The governmental agency, organization, or recipient shall annually provide the assessor of the county in which the land is located reasonable evidence in writing of the intent to acquire the designated land as long as the intent continues or within sixty days of a request by the assessor. The assessor may not request this evidence more than once in a calendar year;

(ii) The owner has failed to comply with a final administrative or judicial order with respect to a violation of the restocking, forest management, fire protection, insect and disease control, and forest debris provisions of Title 76 RCW or any applicable rules under Title 76 RCW; or

(iii) Restocking has not occurred to the extent or within the time specified in the application for designation of such land.

(6) Land shall not be removed from designation if there is a governmental restriction that prohibits, in whole or in part, the owner from harvesting timber from the owner's designated forest land. If only a portion of the parcel is impacted by governmental restrictions of this nature, the restrictions cannot be used as a basis to remove the remainder of the forest land from designation under this chapter. For the purposes of this section, "governmental restrictions" includes: (a) Any law, regulation, rule, ordinance, program, or other action

adopted or taken by a federal, state, county, city, or other governmental entity; or (b) the land's zoning or its presence within an urban growth area designated under RCW 36.70A.110.

(7) The assessor shall have the option of requiring an owner of forest land to file a timber management plan with the assessor upon the occurrence of one of the following:

(a) An application for designation as forest land is submitted; or

(b) Designated forest land is sold or transferred and a notice of continuance, described in subsection (5)(c) of this section, is signed.

(8) If land is removed from designation because of any of the circumstances listed in subsection (5)(a) through (c) of this section, the removal shall apply only to the land affected. If land is removed from designation because of subsection (5)(d) of this section, the removal shall apply only to the actual area of land that is no longer primarily devoted to the growing and harvesting of timber, without regard to any other land that may have been included in the application and approved for designation, as long as the remaining designated forest land meets the definition of forest land contained in RCW 84.33.035.

(9) Within thirty days after the removal of designation as forest land, the assessor shall notify the owner in writing, setting forth the reasons for the removal. The seller, transferor, or owner may appeal the removal to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(10) Unless the removal is reversed on appeal a copy of the notice of removal with a notation of the action, if any, upon appeal, together with the legal description or assessor's parcel numbers for the land removed from designation shall, at the expense of the applicant, be filed by the assessor in the same manner as deeds are recorded and a notation of removal from designation shall immediately be made upon the assessment and tax rolls. The assessor shall revalue the land to be removed with reference to its true and fair value as of January 1st of the year of removal from designation. Both the assessed value before and after the removal of designation shall be listed. Taxes based on the value of the land as forest land shall be assessed and payable up until the date of removal and taxes based on the true and fair value of the land shall be assessed and payable from the date of removal from designation.

(11) Except as provided in subsection (5)(c), (13), or (14) of this section, a compensating tax shall be imposed on land removed from designation as forest land. The compensating tax shall be due and payable to the treasurer thirty days after the owner is notified of the amount of this tax. As soon as possible after the land is removed from designation, the assessor shall compute the amount of compensating tax and mail a notice to the owner of the amount of compensating tax owed and the date on which payment of this tax is due. The amount of compensating tax shall be equal to the difference between the amount of tax last levied on the land as designated forest land and an amount equal to the new assessed value of the land multiplied by the dollar rate of the last levy extended against the land, multiplied by a number, in no event greater than nine, equal to the number of years for which the land was designated as forest land, plus compensating taxes on the land at forest land values up until the date of removal and the prorated taxes on the land at true and fair value from the date of removal to the end of the current tax year.

(12) Compensating tax, together with applicable interest thereon, shall become a lien on the land which shall attach at the time the land is removed from designation as forest land and shall have priority to and shall be fully paid and satisfied before any recognition, mortgage, judgment, debt, obligation, or responsibility to or with which the land may become charged or liable. The lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any compensating tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(13) The compensating tax specified in subsection (11) of this section shall not be imposed if the removal of designation under subsection (5) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other forest land located within the state of Washington;

(b) A taking through the exercise of the power of eminent domain, or sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power;

(c) A donation of fee title, development rights, or the right to harvest timber, to a government agency or organization qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections, or the sale or transfer of fee title to a governmental entity or a nonprofit nature conservancy corporation, as defined in RCW 64.04.130, exclusively for the protection and conservation of lands recommended for state natural area preserve purposes by the natural heritage council and natural heritage plan as defined in chapter 79.70 RCW or approved for state natural resources conservation area purposes as defined in chapter 79.71 RCW. At such time as the land is not used for the purposes enumerated, the compensating tax specified in subsection (11) of this section shall be imposed upon the current owner;

(d) The sale or transfer of fee title to the parks and recreation commission for park and recreation purposes;

(e) Official action by an agency of the state of Washington or by the county or city within which the land is located that disallows the present use of the land;

(f) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(g) The creation, sale, or transfer of a ~~((fee interest or a))~~ conservation easement ~~((for the riparian open space program))~~ of private forest lands within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.09.040; or

(h) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under this chapter, or classified under chapter 84.34 RCW continuously since 1993. The date of death shown on a death certificate is the date used for the purposes of this subsection (13)(h).

(14) In a county with a population of more than ~~((one million))~~ six hundred thousand inhabitants, the compensating tax specified in subsection (11) of this section shall not be imposed if the removal of designation as forest land under subsection (5) of this section resulted solely from:

(a) An action described in subsection (13) of this section; or

(b) A transfer of a property interest to a government entity, or to a nonprofit historic preservation corporation or nonprofit nature conservancy corporation, as defined in RCW 64.04.130, to protect or enhance public resources, or to preserve, maintain, improve, restore, limit the future use of, or otherwise to conserve for public use or enjoyment, the property interest being transferred. At such time as the property interest is not used for the purposes enumerated, the compensating tax shall be imposed upon the current owner.

Sec. 3. RCW 84.34.108 and 2007 c 54 s 25 are each amended to read as follows:

(1) When land has once been classified under this chapter, a notation of the classification shall be made each year upon the assessment and tax rolls and the land shall be valued pursuant to RCW 84.34.060 or 84.34.065 until removal of all or a portion of the classification by the assessor upon occurrence of any of the following:

(a) Receipt of notice from the owner to remove all or a portion of the classification;

(b) Sale or transfer to an ownership, except a transfer that resulted from a default in loan payments made to or secured by a governmental agency that intends to or is required by law or regulation to resell the property for the same use as before, making all or a portion of the land exempt from ad valorem taxation;

(c) Sale or transfer of all or a portion of the land to a new owner, unless the new owner has signed a notice of classification continuance, except transfer to an owner who is an heir or devisee of a deceased owner shall not, by itself, result in removal of classification. The notice of continuance shall be on a form prepared by the department. If the notice of continuance is not signed by the new owner and attached to the real estate excise tax affidavit, all additional taxes calculated pursuant to subsection (4) of this section shall become due and payable by the seller or transferor at time of sale. The auditor shall not accept an instrument of conveyance

regarding classified land for filing or recording unless the new owner has signed the notice of continuance or the additional tax has been paid, as evidenced by the real estate excise tax stamp affixed thereto by the treasurer. The seller, transferor, or new owner may appeal the new assessed valuation calculated under subsection (4) of this section to the county board of equalization in accordance with the provisions of RCW 84.40.038. Jurisdiction is hereby conferred on the county board of equalization to hear these appeals;

(d) Determination by the assessor, after giving the owner written notice and an opportunity to be heard, that all or a portion of the land no longer meets the criteria for classification under this chapter. The criteria for classification pursuant to this chapter continue to apply after classification has been granted.

The granting authority, upon request of an assessor, shall provide reasonable assistance to the assessor in making a determination whether the land continues to meet the qualifications of RCW 84.34.020 (1) or (3). The assistance shall be provided within thirty days of receipt of the request.

(2) Land may not be removed from classification because of:

(a) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120; or

(b) The creation, sale, or transfer of a fee interest or a conservation easement for the riparian open space program under RCW 76.09.040.

(3) Within thirty days after such removal of all or a portion of the land from current use classification, the assessor shall notify the owner in writing, setting forth the reasons for the removal. The seller, transferor, or owner may appeal the removal to the county board of equalization in accordance with the provisions of RCW 84.40.038.

(4) Unless the removal is reversed on appeal, the assessor shall revalue the affected land with reference to its true and fair value on January 1st of the year of removal from classification. Both the assessed valuation before and after the removal of classification shall be listed and taxes shall be allocated according to that part of the year to which each assessed valuation applies. Except as provided in subsection (6) of this section, an additional tax, applicable interest, and penalty shall be imposed which shall be due and payable to the treasurer thirty days after the owner is notified of the amount of the additional tax. As soon as possible, the assessor shall compute the amount of additional tax, applicable interest, and penalty and the treasurer shall mail notice to the owner of the amount thereof and the date on which payment is due. The amount of the additional tax, applicable interest, and penalty shall be determined as follows:

(a) The amount of additional tax shall be equal to the difference between the property tax paid as "open space land," "farm and agricultural land," or "timber land" and the amount of property tax otherwise due and payable for the seven years last past had the land not been so classified;

(b) The amount of applicable interest shall be equal to the interest upon the amounts of the additional tax paid at the same statutory rate charged on delinquent property taxes from the dates on which the additional tax could have been paid without penalty if the land had been assessed at a value without regard to this chapter;

(c) The amount of the penalty shall be as provided in RCW 84.34.080. The penalty shall not be imposed if the removal satisfies the conditions of RCW 84.34.070.

(5) Additional tax, applicable interest, and penalty, shall become a lien on the land which shall attach at the time the land is removed from classification under this chapter and shall have priority to and shall be fully paid and satisfied before any recognizance, mortgage, judgment, debt, obligation or responsibility to or with which the land may become charged or liable. This lien may be foreclosed upon expiration of the same period after delinquency and in the same manner provided by law for foreclosure of liens for delinquent real property taxes as provided in RCW 84.64.050. Any additional tax unpaid on its due date shall thereupon become delinquent. From the date of delinquency until paid, interest shall be charged at the same rate applied by law to delinquent ad valorem property taxes.

(6) The additional tax, applicable interest, and penalty specified in subsection (4) of this section shall not be imposed if the removal of classification pursuant to subsection (1) of this section resulted solely from:

(a) Transfer to a government entity in exchange for other land located within the state of Washington;

(b)(i) A taking through the exercise of the power of eminent domain, or (ii) sale or transfer to an entity having the power of eminent domain in anticipation of the exercise of such power, said entity having manifested its intent in writing or by other official action;

(c) A natural disaster such as a flood, windstorm, earthquake, or other such calamity rather than by virtue of the act of the landowner changing the use of the property;

(d) Official action by an agency of the state of Washington or by the county or city within which the land is located which disallows the present use of the land;

(e) Transfer of land to a church when the land would qualify for exemption pursuant to RCW 84.36.020;

(f) Acquisition of property interests by state agencies or agencies or organizations qualified under RCW 84.34.210 and 64.04.130 for the purposes enumerated in those sections. At such time as these property interests are not used for the purposes enumerated in RCW 84.34.210 and 64.04.130 the additional tax specified in subsection (4) of this section shall be imposed;

(g) Removal of land classified as farm and agricultural land under RCW 84.34.020(2)(e);

(h) Removal of land from classification after enactment of a statutory exemption that qualifies the land for exemption and receipt of notice from the owner to remove the land from classification;

(i) The creation, sale, or transfer of forestry riparian easements under RCW 76.13.120;

(j) The creation, sale, or transfer of a ~~((fee interest or a))~~ conservation easement ~~((for the riparian open space program))~~ of private forest lands within unconfined channel migration zones or containing critical habitat for threatened or endangered species under RCW 76.09.040; or

(k) The sale or transfer of land within two years after the death of the owner of at least a fifty percent interest in the land if the land has been assessed and valued as classified forest land, designated as forest land under chapter 84.33 RCW, or classified under this chapter continuously since 1993. The date of death shown on a death certificate is the date used for the purposes of this subsection (6)(k).

Sec. 4. RCW 84.33.145 and 2001 c 249 s 4 are each amended to read as follows:

(1) If no later than thirty days after removal of designation the owner applies for classification under RCW 84.34.020 (1), (2), or (3), then the designated forest land shall not be considered removed from designation for purposes of the compensating tax under RCW 84.33.140 until the application for current use classification under chapter 84.34 RCW is denied or the property is removed from classification under RCW 84.34.108. Upon removal of classification under RCW 84.34.108, the amount of compensating tax due under this chapter shall be equal to:

(a) The difference, if any, between the amount of tax last levied on the land as designated forest land and an amount equal to the new assessed valuation of the land when removed from classification under RCW 84.34.108 multiplied by the dollar rate of the last levy extended against the land, multiplied by

(b) A number equal to:

(i) The number of years the land was designated under this chapter, if the total number of years the land was designated under this chapter and classified under chapter 84.34 RCW is less than ten; or

(ii) Ten minus the number of years the land was classified under chapter 84.34 RCW, if the total number of years the land was designated under this chapter and classified under chapter 84.34 RCW is at least ten.

(2) Nothing in this section authorizes the continued designation under this chapter or defers or reduces the compensating tax imposed upon forest land not transferred to classification under subsection (1) of this section which does not meet the definition of forest land under RCW 84.33.035. Nothing in this section affects the additional tax imposed under RCW 84.34.108.

(3) In a county with a population of more than ~~((one million))~~ six hundred thousand inhabitants, no amount of compensating tax is due under this section if the removal from classification under RCW

84.34.108 results from a transfer of property described in RCW 84.34.108(6).

Sec. 5. RCW 76.09.020 and 2003 c 311 s 3 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Adaptive management" means reliance on scientific methods to test the results of actions taken so that the management and related policy can be changed promptly and appropriately.

(2) "Appeals board" means the forest practices appeals board created by RCW 76.09.210.

(3) "Aquatic resources" includes water quality, salmon, other species of the vertebrate classes Cephalaspidomorphi and Osteichthyes identified in the forests and fish report, the Columbia torrent salamander (*Rhyacotriton kezeri*), the Cascade torrent salamander (*Rhyacotriton cascadae*), the Olympic torrent salamander (*Rhyacotriton olympian*), the Dunn's salamander (*Plethodon dunni*), the Van Dyke's salamander (*Plethodon vandyke*), the tailed frog (*Ascaphus truei*), and their respective habitats.

(4) "Commissioner" means the commissioner of public lands.

(5) "Contiguous" means land adjoining or touching by common corner or otherwise. Land having common ownership divided by a road or other right-of-way shall be considered contiguous.

(6) "Conversion to a use other than commercial timber operation" means a bona fide conversion to an active use which is incompatible with timber growing and as may be defined by forest practices rules.

(7) "Department" means the department of natural resources.

(8) "Fish passage barrier" means any artificial instream structure that impedes the free passage of fish.

(9) "Forest land" means all land which is capable of supporting a merchantable stand of timber and is not being actively used for a use which is incompatible with timber growing. Forest land does not include agricultural land that is or was enrolled in the conservation reserve enhancement program by contract if such agricultural land was historically used for agricultural purposes and the landowner intends to continue to use the land for agricultural purposes in the future. As it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, the term "forest land" excludes:

(a) Residential home sites, which may include up to five acres; and

(b) Cropfields, orchards, vineyards, pastures, feedlots, fish pens, and the land on which appurtenances necessary to the production, preparation, or sale of crops, fruit, dairy products, fish, and livestock exist.

(10) "Forest landowner" means any person in actual control of forest land, whether such control is based either on legal or equitable title, or on any other interest entitling the holder to sell or otherwise dispose of any or all of the timber on such land in any manner. However, any lessee or other person in possession of forest land without legal or equitable title to such land shall be excluded from the definition of "forest landowner" unless such lessee or other person has the right to sell or otherwise dispose of any or all of the timber located on such forest land.

(11) "Forest practice" means any activity conducted on or directly pertaining to forest land and relating to growing, harvesting, or processing timber, including but not limited to:

(e) Fertilization;

(f) Prevention and suppression of diseases and insects;

(g) Salvage of trees; and

(h) Brush control.

"Forest practice" shall not include preparatory work such as tree marking, surveying and road flagging, and removal or harvesting of incidental vegetation from forest lands such as berries, ferns, greenery, mistletoe, herbs, mushrooms, and other products which cannot normally be expected to result in damage to forest soils, timber, or public resources.

(12) "Forest practices rules" means any rules adopted pursuant to RCW 76.09.040.

(13) "Forest road," as it applies to the operation of the road maintenance and abandonment plan element of the forest practices rules on small forest landowners, means a road or road segment that crosses land that meets the definition of forest land, but excludes residential access roads.

(14) "Forest trees" does not include hardwood trees cultivated by agricultural methods in growing cycles shorter than fifteen years if the trees were planted on land that was not in forest use immediately before the trees were planted and before the land was prepared for planting the trees. "Forest trees" includes Christmas trees, but does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(15) "Forests and fish report" means the forests and fish report to the board dated April 29, 1999.

(16) "Application" means the application required pursuant to RCW 76.09.050.

(17) "Operator" means any person engaging in forest practices except an employee with wages as his or her sole compensation.

(18) "Person" means any individual, partnership, private, public, or municipal corporation, county, the department or other state or local governmental entity, or association of individuals of whatever nature.

(19) "Public resources" means water, fish and wildlife, and in addition shall mean capital improvements of the state or its political subdivisions.

(20) "Small forest landowner" has the same meaning as defined in RCW 76.09.450.

(21) "Timber" means forest trees, standing or down, of a commercial species, including Christmas trees. However, "timber" does not include Christmas trees that are cultivated by agricultural methods, as that term is defined in RCW 84.33.035.

(22) "Timber owner" means any person having all or any part of the legal interest in timber. Where such timber is subject to a contract of sale, "timber owner" shall mean the contract purchaser.

(23) "Board" means the forest practices board created in RCW 76.09.030.

(24) "Unconfined (~~avulsing~~) channel migration zone" means the area within which the active channel of an unconfined (~~avulsing~~) stream is prone to move and where the movement would result in a potential near-term loss of riparian forest adjacent to the stream. Sizeable islands with productive timber may exist within the zone.

(25) "Unconfined (~~avulsing~~) stream" means generally fifth order or larger waters that experience abrupt shifts in channel location, creating a complex floodplain characterized by extensive gravel bars, disturbance species of vegetation of variable age, numerous side channels, wall-based channels, oxbow lakes, and wetland complexes. Many of these streams have dikes and levees that may temporarily or permanently restrict channel movement.

NEW SECTION. Sec. 6. (1) The legislature finds that the revenue generated from state forest lands is a vital component of the operating budget in many rural counties. The dependence on a natural resource-based economy is especially underscored in counties with lower population levels and large holdings of public land. The high cost of compliance with the federal endangered species act on state forest lands within these smaller counties is disproportionately burdensome when compared to their total county budgets.

(2) The intent of this act is to provide sustainable revenue to smaller counties that are heavily dependent on state forest land revenues while promoting long-term protection, conservation, and recovery of marbled murrelets and northern spotted owls. This act provides the necessary tools for the state to maintain long-term working forests by replacing state forest lands with endangered species-based harvest encumbrances with productive, working forest lands.

Sec. 7. RCW 79.22.060 and 2003 c 334 s 221 are each amended to read as follows:

(1) With the approval of the board, the department may directly transfer or dispose of state forest lands without public auction, if (~~such~~) the lands:

~~(a) Consist of ten contiguous acres or less; ~~(or)~~;~~
~~(b) Have a value of twenty-five thousand dollars or less; or~~
~~(c) Are located in a county with a population of twenty-five thousand or less and are encumbered with timber harvest deferrals, associated with wildlife species listed under the federal endangered species act, greater than thirty years in length. ~~((Such))~~~~

~~(2) Disposal under this section may only occur in the following circumstances:~~

~~(a) Transfers in lieu of condemnation; ~~(and)~~~~

~~(b) Transfers to resolve trespass and property ownership disputes; or~~

~~(c) In counties with a population of twenty-five thousand or less, transfers to public agencies.~~

~~((2)) (3) Real property to be transferred or disposed of under this section shall be transferred or disposed of only after appraisal and for at least fair market value, and only if ~~((such))~~ the transaction is in the best interest of the state or affected trust. Valuable materials attached to lands transferred to public agencies under subsection (2)(c) of this section must be appraised at the fair market value without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act.~~

~~((3)) (4) The proceeds from real property transferred or disposed of under this section shall be deposited into the park land trust revolving fund and be solely used to buy replacement land within the same county as the property transferred or disposed. In counties with a population of twenty-five thousand or less, the portion of the proceeds associated with valuable materials on the transferred land must be distributed as provided in RCW 79.64.110.~~

Sec. 8. RCW 79.64.110 and 2007 c 503 s 1 are each amended to read as follows:

Any moneys derived from the lease of state forest lands or from the sale of valuable materials, oils, gases, coal, minerals, or fossils from those lands, or the appraised value of these resources when transferred to a public agency under RCW 79.22.060, must be distributed as follows:

(1) State forest lands acquired through RCW 79.22.040 or by exchange for lands acquired through RCW 79.22.040:

(a) The expense incurred by the state for administration, reforestation, and protection, not to exceed twenty-five percent, which rate of percentage shall be determined by the board, must be returned to the forest development account in the state general fund.

(b) Any balance remaining must be paid to the county in which the land is located to be paid, distributed, and prorated, except as otherwise provided in this section, to the various funds in the same manner as general taxes are paid and distributed during the year of payment.

(c) Any balance remaining, paid to a county with a population of less than sixteen thousand, must first be applied to the reduction of any indebtedness existing in the current expense fund of the county during the year of payment.

(d) With regard to moneys remaining under this subsection (1), within seven working days of receipt of these moneys, the department shall certify to the state treasurer the amounts to be distributed to the counties. The state treasurer shall distribute funds to the counties four times per month, with no more than ten days between each payment date.

(2) State forest lands acquired through RCW 79.22.010 or by exchange for lands acquired through RCW 79.22.010, except as provided in RCW 79.64.120:

(a) Fifty percent shall be placed in the forest development account.

(b) Fifty percent shall be prorated and distributed to the state general fund, to be dedicated for the benefit of the public schools, and the county in which the land is located according to the relative proportions of tax levies of all taxing districts in the county. The portion to be distributed to the state general fund shall be based on the regular school levy rate under RCW 84.52.065 and the levy rate for any maintenance and operation special school levies. With regard to the portion to be distributed to the counties, the department shall certify to the state treasurer the amounts to be distributed within seven working days of receipt of the money. The state treasurer shall distribute funds to the counties four times per month, with no more

than ten days between each payment date. The money distributed to the county must be paid, distributed, and prorated to the various other funds in the same manner as general taxes are paid and distributed during the year of payment.

(3) A school district may transfer amounts deposited in its debt service fund pursuant to this section into its capital projects fund as authorized in RCW 28A.320.330.

Sec. 9. RCW 43.30.385 and 2004 c 103 s 1 are each amended to read as follows:

(1) The park land trust revolving fund is to be utilized by the department for the purpose of acquiring real property, including all reasonable costs associated with these acquisitions, as a replacement for the property transferred to the state parks and recreation commission, as directed by the legislature in order to maintain the land base of the affected trusts or under RCW 79.22.060 and to receive voluntary contributions for the purpose of operating and maintaining public use and recreation facilities, including trails, managed by the department. Proceeds from transfers of real property to the state parks and recreation commission or other proceeds identified from transfers of real property as directed by the legislature shall be deposited in this fund. Disbursement from the park land trust revolving fund to acquire replacement property and for operating and maintaining public use and recreation facilities shall be on the authorization of the department. The proceeds from real property transferred or disposed under RCW 79.22.060 must be solely used to purchase replacement forest land, that must be actively managed as a working forest, within the same county as the property transferred or disposed. In order to maintain an effective expenditure and revenue control, the park land trust revolving fund is subject in all respects to chapter 43.88 RCW, but no appropriation is required to permit expenditures and payment of obligations from the fund.

(2) The department is authorized to solicit and receive voluntary contributions for the purpose of operating and maintaining public use and recreation facilities, including trails, managed by the department. The department may seek voluntary contributions from individuals and organizations for this purpose. Voluntary contributions will be deposited into the park land trust revolving fund and used solely for the purpose of public use and recreation facilities operations and maintenance. Voluntary contributions are not considered a fee for use of these facilities.

NEW SECTION. Sec. 10. (1) By October 31, 2010, the department of natural resources shall prepare a report to the appropriate committees of the legislature detailing the procedure and timeline, and estimating the costs, of full implementation of the intent of this act.

(2) The report required by this section must include a recommended process to transfer state forest lands encumbered by long-term endangered species-based harvest deferrals, associated with wildlife species listed under the federal endangered species act, through the trust land transfer program into a natural resource conservation area status. This element of the report must assume the following:

(a) Encumbered property would be transferred at a specified biennial rate designed to provide sustainable revenue to the impacted counties;

(b) The value of the land and timber would be bifurcated, with the timber value being distributed to the county as timber revenue, and the land value being utilized to purchase replacement working forest land within the affected county and placed in the appropriate trust designation; and

(c) The land and timber value of the parcels identified for transfer will be appraised at full market value, without consideration of the devaluing effect of harvest encumbrances associated with wildlife species listed under the federal endangered species act.

(3) This section expires June 30, 2011."

On page 1, line 1 of the title, after "space;" strike the remainder of the title and insert "amending RCW 76.09.040, 84.33.140, 84.34.108, 84.33.145, 76.09.020, 79.22.060, 79.64.110, and 43.30.385; creating new sections; and providing an expiration date."

MESSAGE FROM THE SENATE

April 16, 2009

Mr. Speaker:

The Senate has passed SECOND SUBSTITUTE HOUSE BILL NO. 2106 with the following amendment:

Strike everything after the enacting clause and insert the following:

"NEW SECTION, Sec. 1. A new section is added to chapter 74.13 RCW to read as follows:

The legislature declares that the safety and well-being of children and families is essential to the social and economic health of Washington. It is the duty of the state to provide children at risk of out-of-home placement and their families with reasonable opportunities to access supportive services that enhance their safety and well-being. The legislature directs the programmatic and administrative changes required in this act to be accomplished in conformance with this foregoing principle.

The legislature finds that research in the area of child safety and well-being supports the conclusion that a restructuring of the administration and delivery of child welfare services through the use of performance-based contracts can enhance safety and well-being, when done so in a careful, well-planned and collaborative manner.

The legislature intends to encourage broad participation by interested entities in the bidding process. The legislature directs that the department retain those positions necessary to provide child protective and investigative services and to administer performance-based contracts.

The legislature further intends that the programmatic and administrative changes contained in this act have the result of reducing racial disproportionality in the child welfare system and racial disparities in child outcomes.

The legislature, in creating the committee in section 8 of this act, is establishing the mechanism to design, in collaboration with the executive and judicial branches and all affected entities, the transition to performance-based contracts in the delivery of out-of-home care and case management services.

Sec. 2. RCW 74.13.020 and 1999 c 267 s 7 are each amended to read as follows:

~~(As used in Title 74 RCW, child welfare services shall be defined as public social services including adoption services which strengthen, supplement, or substitute for, parental care and supervision for the purpose of:~~

Pursuant to RCW 41.06.142(3), performance-based contracting under section 3 of this act is expressly mandated by the legislature and is not subject to the processes set forth in RCW 41.06.142 (1), (4), and (5).

(ii) Ways to reduce a contractor's financial risk that could jeopardize the solvency of the contractor, including consideration of the use of a risk-reward corridor that limits risk of loss and potential profits or the establishment of a statewide risk pool;

(n) A description of how the transition will impact the state's ability to obtain federal funding and examine options to further maximize federal funding opportunities and increased flexibility;

(o) A review of whether current administrative staffing levels in the regions should be continued when the majority of child welfare services are being provided by supervising agencies;

(p) A description of the costs of the transition, the initial start-up costs and the mechanisms to periodically assess the overall adequacy of funds and the fiscal impact of the changes, and the feasibility of the plan and the impact of the plan on department employees during the transition; and

(q) Identification of any statutory and regulatory revisions necessary to accomplish the transition.

(4)(a) The committee, with the assistance of the department, shall select two demonstration sites within which to implement this act. One site must be located on the eastern side of the state. The other site must be located on the western side of the state. Neither site must be wholly located in any of the department's administrative regions.

(b) The committee shall develop two sets of performance outcomes to be included in the performance-based contracts the department enters into with supervising agencies. The first set of outcomes shall be used for those cases transferred to a supervising agency over time. The second set of outcomes shall be used for new entrants to the child welfare system.

(c) The committee shall also identify methods for ensuring that comparison of performance between supervising agencies and the existing service delivery system takes into account the variation in the characteristics of the populations being served as well as historical trends in outcomes for those populations.

(5) The committee shall determine the appropriate size of the child and family populations to be provided services under performance-based contracts with supervising agencies. The committee shall also identify the time frame within which cases will be transferred to supervising agencies. The performance-based contracts entered into with supervising agencies shall encompass the provision of child welfare services to enough children and families in each demonstration site to allow for the assessment of whether there are meaningful differences, to be defined by the committee, between the outcomes achieved in the demonstration sites and the comparison sites or populations. To ensure adequate statistical power to assess these differences, the populations served shall be large enough to provide a probability greater than seventy percent that meaningful difference will be detected and a ninety-five percent probability that observed differences are not due to chance alone.

(6) The committee shall also prepare as part of the plan a recommendation as to how to implement this act so that full implementation of this act is achieved no later than June 30, 2012.

(7) The committee shall prepare the plan to manage the delivery of child welfare services in a manner that achieves coordination of the services and programs that deliver primary prevention services.

(8) Beginning June 30, 2009, the committee shall report quarterly to the governor and the legislative children's oversight committee established in RCW 44.04.220. From June 30, 2012, until January 1, 2015, the committee need only report twice a year. The portion of the plan required in subsection (6) of this section shall be due to the legislative children's oversight committee on or before June 1, 2010. The reports shall be in written form.

(9) The committee, by majority vote, may establish advisory committees as it deems necessary.

(10) All state executive branch agencies and the agencies with whom the department contracts for child welfare services shall cooperate with the committee and provide timely information as the chair or cochairs may request. Cooperation by the children's administration must include developing and scheduling training for supervising agencies to access data and information necessary to implement and monitor the contracts.

(11) It is expected that the administrative costs for the committee will be supported through private funds.

(12) Staff support for the committee shall be provided jointly by partners for our children and legislative staff.

(13) The committee is subject to chapters 42.30 (open public meetings act) and 42.52 (ethics in public service) RCW.

(14) This section expires July 1, 2015.

NEW SECTION. Sec. 9. A new section is added to chapter 74.13 RCW to read as follows:

(1) Based upon the recommendations of the child welfare transformation design committee, including the two sets of outcomes developed by the committee under section 8(4)(b) of this act, the Washington state institute for public policy is to conduct a review of measurable effects achieved by the supervising agencies and compare those measurable effects with the existing services offered by the state. The report on the measurable effects shall be provided to the governor and the legislature no later than April 1, 2015.

(2) No later than June 30, 2011, the Washington state institute for public policy shall provide the legislature and the governor an initial report on the department's conversion to the use of performance-based contracts as provided in section 3(1) of this act. No later than June 30, 2012, the Washington state institute for public policy shall provide the governor and the legislature with a second report on the department's conversion of its contracts to performance-based contracts.

(3) The department shall respond to the Washington institute for public policy's request for data and other information with which to complete these reports in a timely manner.

NEW SECTION. Sec. 10. A new section is added to chapter 74.13 RCW to read as follows:

Not later than June 1, 2015, the governor shall, based on the report by the Washington state institute for public policy, determine whether to expand this act to the remainder of the state or terminate this act. The governor shall inform the legislature of his or her decision within seven days of the decision. The department shall, regardless of the decision of the governor regarding the delivery of child welfare services, continue to purchase services through the use of performance-based contracts.

NEW SECTION. Sec. 11. The department of social and health services, the office of financial management, and the caseload forecast council shall develop a proposal for submission to the legislature and the governor for the reinvestment of savings, including savings in reduced foster care caseloads, into evidence-based prevention and intervention programs designed to prevent the need for or reduce the duration of foster care placements. The proposal must be submitted to the legislature and the governor by November 30, 2010, and shall include sufficient detail regarding accounting, budgeting, and allocation or other procedures for legislative consideration and approval.

Sec. 12. RCW 74.15.010 and 1995 c 302 s 2 are each amended to read as follows:

The purpose of chapter 74.15 RCW and RCW 74.13.031 is:

(1) To safeguard the health, safety, and well-being of children, expectant mothers and developmentally disabled persons receiving care away from their own homes, which is paramount over the right of any person to provide care;

(2) To strengthen and encourage family unity and to sustain parental rights and responsibilities to the end that foster care is provided only when a child's family, through the use of all available resources, is unable to provide necessary care;
