(e) At least \$902,000 of the federal block grant funding appropriated in this subsection shall be used for the continued operation of the mentally ill offender pilot program.

To this end, regional support networks shall report to the department by October 15, 2007, on planned uses of the rate increases within their network area. The report shall describe the direct care job classifications to which increases are to be provided; the number of full-time equivalent personnel employed in each classification; the annualized dollar and percentage increases to be provided each classification; the annualized dollar value of the direct care compensation increases provided, in total and as a percentage of the total rate increase; and the number of personnel in each job classification covered by a collective bargaining agreement. First priority shall be given to children who are at risk of institutionalization. The department shall ensure that the average cost per day for all program services other than start-up costs shall not exceed \$300. In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds, provided the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

In order to maximize the number of clients served and ensure the cost-effectiveness of the waiver programs, the department will strive to limit new client placement expenditures to 90 percent of the budgeted daily rate. If this can be accomplished, additional clients may be served with excess funds if the total projected carry-forward expenditures do not exceed the amounts estimated. The department shall implement the four new waiver programs such that decisions about enrollment levels and the amount, duration, and scope of services maintain expenditures within appropriations. The department shall electronically report to the appropriate committees of the legislature, within 45 days following each fiscal year quarter, the number of persons served with these additional community services, where they were residing, what kinds of services they were receiving prior to placement, and the actual expenditures for all community services to support these clients.

TOTAL APPROPRIATION	(\$8,447,469,000)
	<u>\$8,377,788,000</u>

The appropriations in this section are subject to the following conditions and limitations:

(1) Based on quarterly expenditure reports and caseload forecasts, if the department estimates that expenditures for the medical assistance program will exceed the appropriations, the department shall take steps including but not limited to reduction of rates or elimination of optional services to reduce expenditures so that total program costs do not exceed the annual appropriation authority.

(2) In determining financial eligibility for medicaid-funded services, the department is authorized to disregard recoveries by Holocaust survivors of insurance proceeds or other assets, as defined in RCW 48.104.030.

(3) Sufficient amounts are appropriated in this section for the department to continue podiatry services for medicaid-eligible adults.

(4) Sufficient amounts are appropriated in this section for the department to provide an adult dental benefit that is at least equivalent to the benefit provided in the 2003-05 biennium.

(5) In accordance with RCW 74.46.625, \$6,000,000 of the general fund--federal appropriation is provided solely for supplemental payments to nursing homes operated by public hospital districts. The public hospital district shall be responsible for providing the required nonfederal match for the supplemental payment, and the payments shall not exceed the maximum allowable under federal rules. It is the legislature's intent that the payments shall be supplemental to and shall not in any way offset or reduce the payments calculated and provided in accordance with part E of chapter 74.46 RCW. It is the legislature's further intent that costs otherwise allowable for rate- setting and settlement against payments under chapter 74.46 RCW shall not be disallowed solely because such costs have been paid by revenues retained by the nursing home from these supplemental payments. The supplemental payments are subject to retrospective interim and final cost settlements based on the nursing homes' as-filed and final medicare cost reports. The timing of the interim and final cost settlements shall be at the department's discretion. During either the interim cost settlement or the final cost settlement, the department shall recoup from the public hospital districts the supplemental payments that exceed the medicaid cost limit and/or the medicare upper payment limit. The department shall apply federal rules for identifying the eligible incurred medicaid costs and the medicare upper payment limit.

(6) \$1,111,000 of the health services account appropriation for fiscal year 2008, \$1,110,000 of the health services account appropriation for fiscal year 2009, \$5,402,000 of the general fund-- federal appropriation, \$1,590,000 of the general fund--state appropriation for fiscal year 2008, and \$1,591,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for grants to rural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(7) \$10,546,000 of the health services account appropriation for fiscal year 2008, \$10,546,000 of the health services account--state appropriation for fiscal year 2009, and \$19,725,000 of the general fund--federal appropriation are provided solely for grants to nonrural hospitals. The department shall distribute the funds under a formula that provides a relatively larger share of the available funding to hospitals that (a) serve a disproportionate share of low-income and medically indigent patients and (b) have relatively smaller net financial margins, to the extent allowed by the federal medicaid program.

(8) The department shall continue the inpatient hospital certified public expenditures program for the 2007-2009 biennium. The program shall apply to all public hospitals, including those owned or operated by the state, except those classified as critical access hospitals or state psychiatric institutions. The department shall submit reports to the governor and legislature by November 1, 2007, and by November 1, 2008, that evaluate whether savings continue to exceed costs for this program. If the certified public expenditures (CPE) program in its current form is no longer cost-effective to maintain, the department shall submit a report to the governor and legislature detailing cost-effective alternative uses of local, state, and federal resources as a replacement for this program. During fiscal year 2008 and fiscal year 2009, hospitals in the program shall be paid and shall retain (a) one hundred percent of the federal portion of the allowable hospital cost for each medicaid inpatient fee-for-service claim payable by medical assistance; and (b) one hundred percent of the federal portion of the maximum disproportionate share hospital payment allowable under federal regulations. Inpatient medicaid payments shall be established using an allowable methodology that approximates the cost of claims submitted by the hospitals. Payments made to each hospital in the program in each fiscal year of the biennium shall be compared to a baseline amount. The baseline amount will be determined by the total of (a) the inpatient claim payment amounts that would have been paid during the fiscal year had the hospital not been in the CPE program, and (b) disproportionate share hospital payment amounts paid to and retained by each hospital during fiscal year 2005 that pertain to fiscal year 2005. If payments during the fiscal year exceed the hospital's baseline amount, no additional payments will be made to the hospital except the federal portion of allowable disproportionate share hospital payments for which the hospital can certify allowable match. If payments during the fiscal year are less than the baseline amount, the hospital will be paid a state grant equal to the difference between payments during the fiscal year and the applicable baseline amount.

Payment of the state grant shall be made in the applicable fiscal year and distributed in monthly payments. The grants will be recalculated and redistributed as the baseline is updated during the fiscal year. The grant payments are subject to an interim settlement within eleven months after the end of the fiscal year. A final settlement shall be performed within two years after the end of the related fiscal year. To the extent that either settlement determines that a hospital has received funds in excess of what it would have received as described in this subsection, the hospital must repay the excess amounts to the state when requested. \$61,728,000 of the general fund--state appropriation for fiscal year 2008, of which \$6,570,000 is appropriated in section 204(1) of this act and the balance in this section, and (~~(\$57,894,000)~~) \$47,745,000 of the general fund--state appropriation for fiscal year 2009, of which \$6,570,000 is appropriated in section 204(1) of this act and the balance in this section, are provided solely for state grants for the participating hospitals.

The amounts are conditioned on the department satisfying the requirements of section 902 of this act.

(10) When a person is ineligible for medicaid solely by reason of residence in an institution for mental diseases, the department shall provide the person with the same benefits as he or she would receive if eligible for medicaid, using state-only funds to the extent necessary.

(11) The department is authorized to use funds appropriated in this section to purchase goods and supplies through direct contracting with vendors when the department determines it is cost-effective to do so.

(12) The legislature affirms that it is in the state's interest for Harborview medical center to remain an economically viable component of the state's health care system.

Addition of the mental health service component authorized in this subsection is contingent upon the managed care contractor or the participating counties providing, alone or in combination, matching funds in cash or in kind, in an amount equal to one-ninth of the amounts appropriated in this subsection. The mental health service component may include care coordination, mental health services, and integrated medical and mental health service delivery for general assistance clients with mental health disorders, as well as primary care provider training and education. The department shall provide a report to the appropriate committees of the legislature by January 1, 2009, on costs, savings, and any outcomes or quality measures associated with the pilot projects during calendar year 2007 and 2008. To the extent possible, the report shall address any impact that the mental health services component has had upon clients' use of medical services, including but not limited to primary care physician's visits, emergency room utilization, and prescription drug utilization.

(15) \$341,000 of the health services account appropriation for fiscal year 2008, \$1,054,000 of the health services account appropriation for fiscal year 2009, and \$1,461,000 of the general fund--federal appropriation are provided solely to implement Second Substitute House Bill No. 1201 (foster care youth medical). (17) The department shall conduct a study to determine the financial impact associated with continuing to cover brand name medications versus the same medication in its generic form. The study shall account for all rebates paid to the state on each product studied up until the point where the generic form is less expensive, net of federally required rebates. The department shall submit its report to the legislative fiscal committees by December 1, 2007.

(18) \$198,000 of the general fund--state appropriation for fiscal year 2008 and (~~(\$268,000)~~) \$134,000 of the general fund--state appropriation for fiscal year 2009 are provided solely for the first two years of a four-year project by the Seattle-King county health department to improve management of symptoms and reduce complications related to asthma among medicaid eligible children. The department shall contract with the Seattle-King county health department to have trained community health workers visit medicaid eligible children in their homes to identify and reduce exposure to asthma triggers, improve clients' self-management skills, and coordinate clients' care with their primary care and specialty providers. The contract shall include an evaluation of the impact of the services provided under the contract on urgent physician's visits, emergency room utilization, and inpatient hospitalization.

(ii) Development of data linkages with the office of superintendent of public instruction for free and reduced-price lunch enrollment information and the department of early learning for child care subsidy program enrollment information;

The department shall submit the plan in a report to the governor and the appropriate committees of the legislature by November 15, 2008.

(20) \$640,000 of the general fund--state appropriation for fiscal year 2008 and \$616,000 of the general fund--state appropriation for fiscal year 2009 are provided solely ~~((to))~~ for a medicare advantage program. The department shall:

(2) Within the savings incentive account, the state treasurer may create subaccounts to be credited with incentive savings attributable to individual state agencies, as determined by the office of financial management in consultation with the legislative fiscal committees. Funds may not be expended from the account to establish new programs or services, expand existing programs or services, or incur ongoing costs that would require future expenditures.

(3) For purposes of this section, "incentive savings" means state general fund appropriations that are unspent as of June 30th of a fiscal year, excluding any amounts included in across-the-board reductions under RCW 43.88.110 and excluding unspent appropriations for:

The report shall (a) evaluate the impact of this section on agency reversions and end-of-biennium expenditure patterns, and (b) itemize agency expenditures from the savings recovery account. The office of financial management is relieved from having to submit a report by December 1, 2008.

Regulating reverse mortgage lending practices.

The bill was read the second time.

Representative Kirby moved the adoption of amendment (046):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "FHA-approved reverse mortgage" means a "home equity conversion mortgage" or other reverse mortgage product guaranteed or insured by the federal department of housing and urban development.

(2) "Owner-occupied residence" is the borrower's residence and includes a life estate property the legal title for which is held in the name of the borrower in a reverse mortgage transaction or in the name of a trust, provided the occupant of the property is the beneficiary of that trust.

(3) "Proprietary reverse mortgage loan" is any reverse mortgage loan product that is not a home equity conversion mortgage loan or other federally guaranteed or insured loan.

(4) "Reverse mortgage broker or lender" means a licensee under the Washington state consumer loan act, chapter 31.04 RCW, or a person exempt from licensing pursuant to federal law.

(5) "Reverse mortgage loan" means a nonrecourse consumer credit obligation in which:

(a) A mortgage, deed of trust, or equivalent consensual security interest securing one or more advances is created in the borrower's dwelling;

(b) Any principal, interest, or shared appreciation or equity is due and payable, other than in the case of default, only after:

(i) The consumer dies;

(ii) The dwelling is transferred; or

(iii) The consumer ceases to occupy the dwelling as a dwelling;

and

(c) The broker or lender is licensed under Washington state law or exempt from licensing under federal law.

NEW SECTION. Sec. 2. (1) For purposes of sections 1 through 9 of this act, in addition to any other requirements, licensees must comply with the following requirements before offering proprietary reverse mortgage loans:

(a) Maintain an irrevocable standby letter of credit approved by the director from a financial institution approved by the director in favor of the licensee in an amount necessary to fund all reverse mortgage loan requirements anticipated over the next twelve months for loans then on the licensee's books and those expected to be made over the next twelve months or three million dollars, whichever is greater. The initial term of the letter of credit must be at least two years.

(b) The financial institution that provides the letter of credit as required in (a) of this subsection may not be affiliated with the licensee.

(c) A licensee with a rating of either 4A1 or 5A1 from Dun & Bradstreet credit services for three consecutive years is exempt from the requirements set forth in (a) of this subsection.

(2) The licensee shall maintain a minimum capital of ten million dollars.

(3) A licensee may rely on the capital of its parent to satisfy the requirement of subsection (2) of this section. However, for any year in which a licensee seeks to so rely, it shall provide to the director a certified financial statement of the parent showing a net worth of at least one hundred million dollars as of the close of its most recent fiscal year and a binding written commitment from the parent to the licensee to make a minimum of ten million dollars available to the licensee as a capital contribution in connection with its reverse mortgage lending program.

(4) Subsections (2) and (3) of this section do not apply to a licensee that:

(a) Only originates proprietary reverse mortgage loans the proceeds of which are fully disbursed at the loan closing; or

(b) Only originates proprietary reverse mortgage loans that are sold into the secondary market to an investor with either a 4A1 or 5A1 rating from Dun & Bradstreet credit services. A licensee that makes such a sale shall obtain a written commitment to purchase the loans from the investor prior to closing and shall arrange for the delivery of the loans to the investor within ten days of the loan closing.

NEW SECTION. Sec. 3. The department of financial institutions has specific authority to develop rules regarding the interpretation and implementation of this section. A proprietary reverse mortgage loan must comply with all of the following requirements:

(1) For the purposes of this section prepayment, in whole or in part, or the refinancing of a reverse mortgage loan, is permitted without penalty at any time during the term of the reverse mortgage loan. For the purposes of this section, penalty does not include any fees, payments, or other charges, not including interest, that would have otherwise been due upon the reverse mortgage being due and payable. However, when a reverse mortgage lender has paid or waived all of the usual fees or costs associated with a reverse mortgage loan, a prepayment penalty may be imposed, provided the penalty does not exceed the total amount of the usual fees or costs that were initially absorbed or waived by the reverse mortgage lender. A mortgagee may not impose a prepayment penalty under

this subsection if the prepayment is caused by the occurrence of the death of the borrowers. A borrower must be provided prior written notice of any permissible prepayment penalty under this section;

(2) A reverse mortgage loan may provide for a fixed or adjustable interest rate or combination thereof, including compound interest, and may also provide for interest that is contingent on the value of the property upon execution of the loan or at maturity, or on changes in value between closing and maturity;

(3) The lender shall pay a late charge to the borrower for any late advance. If the lender does not mail or electronically transfer a scheduled monthly advance to the borrower on the first business day of the month, or within five business days of the date the lender receives the request, or such other regularly scheduled contractual date, the late charge is ten percent of the entire amount that should have been paid to the borrower for that month or as a result of that request. For each additional day that the lender fails to make the advance, the lender shall pay interest on the late advance at the interest rate stated in the loan documents. If the loan documents provide for an adjustable interest rate, the rate in effect when the late charge first accrues is used. Any late charge is paid from the lender's funds and may not be added to the unpaid principal balance. Additionally, the lender forfeits the right to interest and a monthly servicing fee for any months in which the advance has not been timely made. This section does not affect the department of financial institution's ability to impose other sanctions to protect consumers of reverse mortgage loans;

(4) The reverse mortgage loan may become due and payable upon the occurrence of any one of the following events:

(a) The home securing the loan is sold or title to the home is otherwise transferred;

(b) All borrowers cease occupying the home as a principal residence, except as provided in subsection (5) of this section; or

(c) A defaulting event occurs which is specified in the loan documents;

(5) Repayment of the reverse mortgage loan is subject to the following additional conditions:

(a) Temporary absences from the home not exceeding one hundred eighty consecutive days do not cause the mortgage to become due and payable;

(b) Extended absences from the home exceeding one hundred eighty consecutive days, but less than one year, do not cause the mortgage to become due and payable if the borrower has taken prior action that secures and protects the home in a manner satisfactory to the lender, as specified in the loan documents;

(c) The lender's right to collect reverse mortgage loan proceeds is subject to the applicable statute of limitations for written loan contracts. Notwithstanding any other provision of law, the statute of limitations shall commence on the date that the reverse mortgage loan becomes due and payable as provided in the loan agreement; and

(d) Using conspicuous, bold sixteen-point or larger type, the lender shall disclose in the loan agreement any interest rate or other fees to be charged during the period that commences on the date that the reverse mortgage loan becomes due and payable, and that ends when repayment in full is made;

(6) The first page of any deed of trust securing a reverse mortgage loan must contain the following statement in sixteen-point boldface type: "This deed of trust secures a reverse mortgage loan;"

(7) A lender or any other party that participates in the origination of a reverse mortgage loan shall not require an applicant for a reverse mortgage to purchase an annuity, insurance, or another product as a condition of obtaining a reverse mortgage loan. A reverse mortgage lender or a broker arranging a reverse mortgage loan shall not:

(a) Offer an annuity to the borrower prior to the closing of the reverse mortgage or before the expiration of the right of the borrower to rescind the reverse mortgage agreement;

(b) Refer the borrower to anyone for the purchase of an annuity prior to the closing of the reverse mortgage or before the expiration of the right of the borrower to rescind the reverse mortgage agreement; or

(c) Provide marketing information or annuity sales leads to anyone regarding the prospective borrower or borrower, or receive any compensation for such an annuity sale or referral;

(8)(a) A lender or any other party that participates in the origination of a reverse mortgage loan shall maintain safeguards, acceptable to the department of financial institutions, to ensure that individuals offering reverse mortgage loans do not provide reverse mortgage borrowers with any other financial or insurance products and that individuals participating in the origination of a reverse mortgage loan have no ability or incentive to provide the borrower with any other financial or insurance product;

(b) The borrower shall not be required, directly or indirectly, as a condition of obtaining a reverse mortgage under this section, to purchase any other financial or insurance products;

(9) Prior to accepting a final and complete application for a reverse mortgage loan or assessing any fees, a lender shall refer the prospective borrower to an independent housing counseling agency approved by the federal department of housing and urban development for counseling. The counseling must meet the standards and requirements established by the federal department of housing and urban development for reverse mortgage counseling. The lender shall provide the borrower with a list of at least five independent housing counseling agencies approved by the federal department of housing and urban development, including at least two agencies that can provide counseling by telephone. Telephone counseling is only available at the borrower's request;

(10) A lender shall not accept a final and complete application for a reverse mortgage loan from a prospective applicant or assess any fees upon a prospective applicant without first receiving a certification from the applicant or the applicant's authorized representative that the applicant has received counseling from an agency as described in subsection (9) of this section. The certification must be signed by the borrower and the agency counselor, and must include the date of the counseling and the names, addresses, and telephone numbers of both the counselor and the borrower. Electronic facsimile copy of the housing counseling certification satisfies the requirements of this subsection. The lender shall maintain the certification in an accurate, reproducible, and accessible format for the term of the reverse mortgage;

(11) A reverse mortgage loan may not be made for a Washington state resident unless that resident is a minimum of sixty years of age as of the date of execution of the loan; and

(12) Except for the initial disbursement of moneys to the closing agent, advances by the lender to the borrower must be issued directly to the borrower, or his or her legal representative, and not to an intermediary or third party.

NEW SECTION. Sec. 4. The borrower in a proprietary reverse mortgage transaction has the same right to rescind the transaction as provided in the truth in lending act, Regulation Z, 12 C.F.R. Sec. 226.

NEW SECTION. Sec. 5. (1) This section does not apply to a home equity conversion mortgage or other federally administered reverse mortgage product. A proprietary reverse mortgage loan product may not be offered without preapproval by the department of financial institutions.

(2) The director may make rules regarding the preapproval process, and may require any documentation, information, standards, or data deemed necessary by the director. The director may disapprove any proprietary reverse mortgage loan products that contain or incorporate by reference any inconsistent, ambiguous, or misleading provisions or terms, or exceptions and conditions which unreasonably or deceptively affect the reverse mortgage contract. Additional grounds for disapproval may include, without limitation, the existence in the proprietary product of any benefits provided to the borrower that are contrary to public policy.

NEW SECTION. Sec. 6. (1) A proprietary reverse mortgage loan application may not be taken by a lender unless the loan applicant has received from the lender the following plain language statement in conspicuous bold sixteen-point type or larger, advising the prospective borrower about counseling prior to obtaining the reverse mortgage loan within three business days of receipt of the completed loan application:

"Important notice to reverse mortgage loan applicant

A reverse mortgage is a complex financial transaction that provides a means of using the equity you have built up in your home, or the value of your home, as a way to access home equity.

If you decide to obtain a reverse mortgage loan, you will sign binding legal documents that will have important legal, tax, and financial implications for you and your estate.

It is very important for you to understand the terms of the reverse mortgage and its effect. Before entering into this transaction, you are required by law to consult with an independent loan counselor. A list of approved counselors will be provided to you by the lender or broker. You may also want to discuss your decision with family members or others on whom you rely for financial advice."

(2) As part of the disclosure required under this section, the lender or servicer shall provide an annual, or more frequent, disclosure statement to the borrower, providing details of the loan advances, balance, other terms, and the name and telephone number of the lender's employee or agent who has been specifically designated to respond to inquiries concerning reverse mortgage loans.

(3) In addition to any other loan documentation or disclosure, prior to execution of the loan and at the end of the loan term, the lender may either obtain an independent appraisal of the property value or use the current year's tax assessment valuation of the property. Copies of these appraisals must be timely provided to the borrower within five days of the borrower's written request, provided the borrower has paid for the appraisal.

NEW SECTION. Sec. 7. (1) In addition to any other remedies, if a lender defaults on any of the reverse mortgage loan terms and fails to cure an actual default after notice as specified in the loan documents, the borrower, or the borrower's estate, is entitled to treble damages.

(2) An arrangement, transfer, or lien subject to this chapter is not invalidated solely because of the failure of a lender to comply with any provision of this chapter. However, this section does not preclude the application of any other existing civil remedies provided by law.

(3) A violation of federal legal requirements for an FHA-approved reverse mortgage as defined in section 1(1) of this act constitutes a violation of this chapter.

NEW SECTION. Sec. 8. (1) To the extent that implementation of this section does not conflict with federal law resulting in the loss of federal funding, proprietary reverse mortgage loan advances made to a borrower must be treated as proceeds from a loan and not as income for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(2) Undisbursed reverse mortgage funds must be treated as equity in the borrower's home and not as proceeds from a loan, resources, or assets for the purpose of determining eligibility and benefits under means-tested programs of aid to individuals.

(3) This section applies to any law or program relating to payments, allowances, benefits, or services provided on a means-tested basis by this state including, but not limited to, optional state supplements to the federal supplemental security income program, low-income energy assistance, property tax relief, general assistance, and medical assistance only to the extent this section does not conflict with Title 19 of the federal social security act.

NEW SECTION. Sec. 9. The director of the department of financial institutions may take the necessary steps to ensure that this act is implemented on its effective date.

NEW SECTION. Sec. 10. Sections 1 through 9 of this act may be known and cited as the Washington state reverse mortgage act.

NEW SECTION. Sec. 11. Sections 1 through 10 of this act are each added to chapter 31.04 RCW and codified with the subchapter heading of "reverse mortgage lending."

Sec. 12. RCW 31.04.015 and 2001 c 81 s 1 are each amended to read as follows:

The definitions set forth in this section apply throughout this chapter unless the context clearly requires a different meaning.

(1) "Person" includes individuals, partnerships, associations, limited liability companies, limited liability partnerships, trusts, corporations, and all other legal entities.

(2) "License" means a single license issued under the authority of this chapter with respect to a single place of business.

(3) "Licensee" means a person to whom one or more licenses have been issued.

(4) "Director" means the director of financial institutions.

(5) "Insurance" means life insurance, disability insurance, property insurance, involuntary unemployment insurance, and such other insurance as may be authorized by the insurance commissioner.

(6) "Add-on method" means the method of precomputing interest payable on a loan whereby the interest to be earned is added to the principal balance and the total plus any charges allowed under this chapter is stated as the loan amount, without further provision for the payment of interest except for failure to pay according to loan terms. The director may adopt by rule a more detailed explanation of the meaning and use of this method.

(7) "Simple interest method" means the method of computing interest payable on a loan by applying the annual percentage interest rate or its periodic equivalent to the unpaid balances of the principal of the loan outstanding for the time outstanding with each payment applied first to any unpaid penalties, fees, or charges, then to accumulated interest, and the remainder of the payment applied to the unpaid balance of the principal until paid in full. In using such method, interest shall not be payable in advance nor compounded, except that on a loan secured by real estate, a licensee may collect at the time of the loan closing up to but not exceeding forty-five days of prepaid interest. The prohibition on compounding interest does not apply to reverse mortgage loans made in accordance with the Washington state reverse mortgage act. The director may adopt by rule a more detailed explanation of the meaning and use of this method.

(8) "Applicant" means a person applying for a license under this chapter.

(9) "Borrower" means any person who consults with or retains a licensee or person subject to this chapter in an effort to obtain or seek information about obtaining a loan, regardless of whether that person actually obtains such a loan.

(10) "Loan" means a sum of money lent at interest or for a fee or other charge and includes both open-end and closed-end loan transactions.

(11) "Loan originator" means a person employed, either directly or indirectly, or retained as an independent contractor by a licensee, to make or assist a person in applying to obtain a loan.

(12) "Making a loan" means closing a loan in a person's name, or advancing, offering to advance, or making a commitment to advance funds to a borrower for a loan.

(13) "Mortgage broker" means the same as defined in RCW 19.146.010, except that for purposes of this chapter, a licensee or person subject to this chapter cannot receive compensation as both a consumer loan licensee making the loan and as a mortgage broker in the same loan transaction.

(14) "Officer" means an official appointed by the company for the purpose of making business decisions or corporate decisions.

(15) "Principal" means any person who controls, directly or indirectly through one or more intermediaries, alone or in concert with others, a ten percent or greater interest in a partnership; company; association or corporation; or a limited liability company, and the owner of a sole proprietorship.

(16) "Senior officer" means an officer of a licensee at the vice president level or above.

(17) "Third party service provider" means any person other than the licensee or a mortgage broker who provides goods or services to the licensee or borrower in connection with the preparation of the borrower's loan and includes, but is not limited to, credit reporting agencies, real estate brokers or salespersons, title insurance companies and agents, appraisers, structural and pest inspectors, or escrow companies.

Sec. 13. RCW 31.04.115 and 1994 c 92 s 168 are each amended to read as follows:

(1) As used in this section, "open-end loan" means an agreement between a licensee and a borrower that expressly states that the loan is made in accordance with this chapter and that provides that:

(a) A licensee may permit the borrower to obtain advances of money from the licensee from time to time, or the licensee may advance money on behalf of the borrower from time to time as directed by the borrower;

(b) The amount of each advance and permitted charges and costs are debited to the borrower's account, and payments and other credits are credited to the same account;

(c) The charges are computed on the unpaid principal balance, or balances, of the account from time to time; and

(d) The borrower has the privilege of paying the account in full at any time without prepayment penalty or, if the account is not in default, in monthly installments of fixed or determinable amounts as provided in the agreement.

(2)(a) Interest charges on an open-end loan shall not exceed twenty-five percent per annum computed in each billing cycle by any of the following methods:

((a)) (i) By converting the annual rate to a daily rate, and multiplying the daily rate by the daily unpaid principal balance of the account, in which case each daily rate is determined by dividing the annual rate by three hundred sixty-five;

((b)) (ii) By multiplying a monthly rate by the average daily unpaid principal balance of the account in the billing cycle, in which case the monthly rate is one-twelfth of the annual rate, and the average daily unpaid principal balance is the sum of the amount unpaid each day during the cycle divided by the number of days in the cycle; or

((c)) (iii) By converting the annual rate to a daily rate, and multiplying the daily rate by the average daily unpaid principal balance of the account in the billing cycle, in which case the daily rate is determined by dividing the annual rate by three hundred sixty-five, and the average daily unpaid principal balance is the sum of the amount unpaid each day during the cycle divided by the number of days in the cycle.

For all of the methods of computation specified in this subsection (2)(a), the billing cycle shall be monthly, and the unpaid principal balance on any day shall be determined by adding to the balance unpaid, as of the beginning of that day, all advances and other permissible amounts charged to the borrower, and deducting all payments and other credits made or received that day. A billing cycle is considered monthly if the closing date of the cycle is on the same date each month, or does not vary by more than four days from that date.

(b) Reverse mortgage loans made in accordance with the Washington state reverse mortgage act are not subject to the interest charge computation restrictions or billing cycle requirements in this section.

(3) In addition to the charges permitted under subsection (2) of this section, the licensee may contract for and receive an annual fee, payable each year in advance, for the privilege of opening and maintaining an open-end loan account. Except as prohibited or limited by this section, the licensee may also contract for and receive on an open-end loan any additional charge permitted by this chapter on other loans, subject to the conditions and restrictions otherwise pertaining to those charges.

(4)(a) If credit life or credit disability insurance is provided, the additional charge for credit life insurance or credit disability insurance shall be calculated in each billing cycle by applying the current monthly premium rate for the insurance, at the rate approved by the insurance commissioner to the entire outstanding balances in the borrower's open-end loan account, or so much thereof as the insurance covers using any of the methods specified in subsection (2)(a) of this section for the calculation of interest charges; and

(b) The licensee shall not cancel credit life or disability insurance written in connection with an open-end loan because of delinquency of the borrower in the making of the required minimum payments on the loan, unless one or more of the payments is past due for a period of ninety days or more; and the licensee shall advance to the insurer the amounts required to keep the insurance in force during that period, which amounts may be debited to the borrower's account.

(5) A security interest in real or personal property may be taken to secure an open-end loan. Any such security interest may be

retained until the open-end account is terminated. The security interest shall be promptly released if (a) there has been no outstanding balance in the account for twelve months and the borrower either does not have or surrenders the unilateral right to create a new outstanding balance; or (b) the account is terminated at the borrower's request and paid in full.

(6) The licensee may from time to time increase the rate of interest being charged on the unpaid principal balance of the borrower's open-end loans if the licensee mails or delivers written notice of the change to the borrower at least thirty days before the effective date of the increase unless the increase has been earlier agreed to by the borrower. However, the borrower may choose to terminate the open-end account and the licensee shall allow the borrower to repay the unpaid balance incurred before the effective date of the rate increase upon the existing open-end loan account terms and interest rate unless the borrower incurs additional debt on or after the effective date of the rate increase or otherwise agrees to the new rate.

(7) The licensee shall deliver a copy of the open-end loan agreement to the borrower at the time the open-end account is created. The agreement must contain the name and address of the licensee and of the principal borrower, and must contain such specific disclosures as may be required by rule of the director. In adopting the rules the director shall consider Regulation Z promulgated by the board of governors of the federal reserve system under the federal consumer credit protection act.

(8) Except in the case of an account that the licensee deems to be uncollectible, or with respect to which delinquency collection procedures have been instituted, the licensee shall deliver to the borrower at the end of each billing cycle in which there is an outstanding balance of more than one dollar in the account, or with respect to which interest is imposed, a periodic statement in the form required by the director. In specifying such form the director shall consider Regulation Z promulgated by the board of governors of the federal reserve system under the federal consumer credit protection act."

ENGROSSED HOUSE BILL NO. 1311, having received the necessary constitutional majority, was declared passed.

POINT OF PARLIAMENTARY INQUIRY

Representative Ericksen: "Mr. Speaker, I am considering having an amendment drafted to one of today's second reading calendar, House Bill No. 1504 but in order to draft the amendment I need to find out if a bill such as House Bill No. 1504 which removes a tax exemption will be considered to have raised taxes as that term is defined in Initiative Measure 960. I would point specifically, Mr. Speaker, to how the term "raises taxes" is defined in RCW 43.135.035 Section 6 as meaning 'any action or combination of actions by the Legislature that increases State tax revenue deposited in fund, budget or account regardless of whether revenues are deposited in the General Fund.'

As currently drafted, Mr. Speaker, does House Bill No. 1504 require a two-third vote of the full House to pass? Thank you for any guidance you can offer."

SPEAKER'S RULING

Mr. Speaker (Representative Morris presiding): "Thank you, Representative Ericksen for your point of parliamentary inquiry.

The Speaker would rule that because we do not have a final question before the body, which would be on third reading and final passage, the ruling would have to be speculative in nature. The Speaker does not issue advisory opinions or speculative options on bills before they have reached a final question before the body. Because your motion is not one that is timely with the final consideration of the bill, it is out of order.

Your point is not well taken."

HOUSE BILL NO. 1956, by Representatives Williams, Chase, Ormsby, Darneille, Van De Wege, Dickerson and Simpson

Authorizing the housing of homeless persons on property owned or controlled by a church. Revised for 1st Substitute: Authorizing the housing of homeless persons on property owned or controlled by a church

The bill was read the second time.

There being no objection, Substitute House Bill No. 1956 was substituted for House Bill No. 1956 and the substitute bill was placed on the second reading calendar.

SUBSTITUTE HOUSE BILL NO. 1956 was read the second time.

Representative Williams moved the adoption of amendment (041):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that there are many homeless persons in our state that are in need of shelter and other services that are not being provided by the state and local governments. The legislature also finds that in many communities churches play an important role in providing needed services to the homeless, including the provision of shelter upon church property. By providing such shelter, the religious institutions in our communities perform a valuable public service that, for many, offers a temporary, stop-gap solution to the larger social problem of increasing numbers of homeless persons.

NEW SECTION. Sec. 2. A new section is added to chapter 36.01 RCW to read as follows:

(1) A church may host temporary encampments for the homeless on property owned or controlled by the church whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) A county may not enact an ordinance or regulation or take any other action that:

(a) Unreasonably interferes with the decisions or actions of a church regarding the location of housing or shelter for homeless persons on property the church owns or controls;

(b) Unreasonably prohibits or attempts to regulate the housing of homeless persons on church property based upon the property's proximity to a school or day care center; or

(d) Requires a church to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on church property or otherwise requires the church to indemnify the municipality against such liability.

(3) For the purposes of this section, "church" means a building or buildings and adjacent real property that is used as a place of worship by a religious denomination and that is owned or controlled by the denomination.

NEW SECTION. Sec. 3. A new section is added to chapter 35.21 RCW to read as follows:

(1) A church may host temporary encampments for the homeless on property owned or controlled by the church whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) A city or town may not enact an ordinance or regulation or take any other action that:

(a) Unreasonably interferes with the decisions or actions of a church regarding the location of housing or shelter for homeless persons on property the church owns or controls;

(b) Unreasonably prohibits or attempts to regulate the housing of homeless persons on church property based upon the property's proximity to a school or day care center; or

(d) Requires a church to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on church property or otherwise requires the church to indemnify the municipality against such liability.

(3) For the purposes of this section, "church" means a building or buildings and adjacent real property that is used as a place of worship by a religious denomination and that is owned or controlled by the denomination.

NEW SECTION. Sec. 4. A new section is added to chapter 35A.21 RCW to read as follows:

(1) A church may host temporary encampments for the homeless on property owned or controlled by the church whether within buildings located on the property or elsewhere on the property outside of buildings.

(2) A code city may not enact an ordinance or regulation or take any other action that:

(a) Unreasonably interferes with the decisions or actions of a church regarding the location of housing or shelter for homeless persons on property the church owns or controls;

(b) Unreasonably prohibits or attempts to regulate the housing of homeless persons on church property based upon the property's proximity to a school or day care center; or

(d) Requires a church to obtain insurance pertaining to the liability of a municipality with respect to homeless persons housed on church property or otherwise requires the church to indemnify the municipality against such liability.

(3) For the purposes of this section, "church" means a building or buildings and adjacent real property that is used as a place of worship by a religious denomination and that is owned or controlled by the denomination.

NEW SECTION. Sec. 5. Nothing in this act is intended to change applicable law or be interpreted to prohibit a county, city, town, or code city from applying zoning and land use regulations allowable under established law to real property owned by a church, regardless of whether the property owned by the church is used to provide shelter or housing to homeless persons."

Representative Williams moved the adoption of amendment (071) to amendment (041):

On page 3 of the striking amendment, beginning on line 23, after "worship" strike all material through "denomination" on line 24 and insert "by any religious group, congregation, or denomination and that is owned or controlled by such group, congregation, or denomination"

Representative Williams spoke in favor of the adoption of the amendment to amendment (041).

"ECONOMIC STIMULUS FUNDING

NEW SECTION. Sec. 1. (1) The legislature finds that President Barack Obama and the 111th Congress have enacted the American Recovery and Reinvestment Act of 2009 in an effort to stimulate the American economy, create and save jobs, and speed recovery from one of the deepest economic recessions in recent history. The investment of federal funds will help alleviate some of the economic burdens the states face, and create jobs for the unemployed. The act includes \$492 million in federal transportation funding for Washington state and local highway projects and \$179 million for local transit agency improvement projects. In addition, the act includes over \$11 billion in new funding for competitive national grant programs for highways of regional significance, ferries, and rail priorities. The legislature also finds that Washington state is well positioned to deliver infrastructure projects in one hundred twenty days, as is required for at least half of the state's share of federal stimulus highway funds, and expects to receive additional funds that other states are unable to use in this time frame. The legislature further finds that the state's work to date on projects funded through the "nickel" and "transportation partnership" funding acts mean that many regionally significant projects are poised to compete well for nationally available funds.

(2) Therefore, it is the intent of the legislature to revitalize Washington's economy and reduce the state's unemployment rate by quickly putting people to work around the state on projects that promote safety, relieve traffic congestion, and preserve long-term investments that will provide benefits into the future. Such projects will be constructed quickly and will generate a significant number of jobs, thereby strengthening Washington's economy and its families seeking work.

NEW SECTION. Sec. 2. FOR THE DEPARTMENT OF TRANSPORTATION-- AMERICAN RECOVERY AND REINVESTMENT ACT OF 2009.

Motor Vehicle Account--Federal Appropriation \$341,400,000

The appropriation in this section is subject to the following conditions and limitations:

(1) The entire appropriation in this section is provided solely for the projects and amounts listed in ARRA Washington State Project LEAP document 2009, as developed on February 24, 2009. Funds under this section may be reallocated among projects shown in the document to the extent that the department finds it necessary for the purposes of facilitating completion of the projects with the highest priority or to maintain maximum federal funds eligibility.

(2) To achieve the legislative objectives provided in section 1(2) of this act with respect to highway projects, it is the intent of the legislature that the appropriation in this section be used for: Transportation 2003 account (nickel account) projects and transportation partnership account (TPA) projects that would have otherwise been delayed due to decreased revenues, so as to advance project completion dates similar to those envisioned in the enacted 2008 legislative list of projects; projects that preserve or rehabilitate Washington state highways and roads; and projects that modify roadway alignments and conditions to create safer roads for the traveling public.

(3)(a) The department of transportation shall obligate at least fifty percent of the funds no later than one hundred twenty days after surface transportation program funds under the American Recovery and Reinvestment Act of 2009 have been apportioned to the states;

(b) The department shall obligate all funds no later than one year after surface transportation program funds under the American Recovery and Reinvestment Act of 2009 have been apportioned to the states;

(c) The department shall place the first priority for allocating funds on those projects listed as "First Tier" projects on ARRA Washington State Project LEAP document 2009, as developed on February 24, 2009. The department shall place the second priority on projects listed as "Second Tier" projects on the document; and

(d) Within each tier of projects on ARRA Washington State Project LEAP document 2009, as developed on February 24, 2009, the department shall place the highest priority for allocating funds on the transportation 2003 account (nickel account) projects and transportation partnership account (TPA) projects listed to advance their completion. The department shall prioritize funding for other projects within the tier according to how soon the contract for the project could be awarded.

(4) By June 30, 2009, the department of transportation shall report to the legislative standing committees on transportation and the office of financial management on the status of federal stimulus funds including, but not limited to, identifying the projects shown in ARRA Washington State Project LEAP document 2009, as developed on February 24, 2009, for which federal stimulus funding has already been obligated, the amount of federal recovery funds estimated to be obligated to the projects, and the completion status of each project. Subsequent status reports are due to the legislative standing committees on transportation and the office of financial management on August 31, 2009, and December 1, 2009.

NEW SECTION. Sec. 3. If the department of transportation receives additional funding pursuant to the American Recovery and Reinvestment Act of 2009, including funding redistributed from other states, the department shall apply such funds to projects on ARRA Washington State Project LEAP document 2009, as developed on February 24, 2009, as prioritized by section 2(3) (c) and (d) of this act. If the funds are in excess of the amounts shown on ARRA Washington State Project LEAP document 2009, as developed on February 24, 2009, additional funds must be applied to improvement, preservation, ferries, and rail capital projects identified in the LEAP transportation documents in the enacted 2009-11 omnibus transportation appropriations act. However, if the funds received may not be used for any of the purposes enumerated in this section, then the department may program the funds for other transportation-related activities. The department shall notify the legislative standing committees on transportation and the office of financial management of the amount of funds received and the projects receiving funding through this process.

NEW SECTION. Sec. 4. To the extent practicable, the department of transportation shall apply to the competitive grant programs created by the American Recovery and Reinvestment Act of 2009 for all transportation modes including, but not limited to, rail, projects of regional significance, and ferries, as well as other grant programs created by the act that may provide funding for transportation-related activities. Concurrent with the submission of these applications, the department of transportation shall report on these applications to the legislative standing committees on transportation and the office of financial management.

NEW SECTION. Sec. 5. For the distribution of funds that are suballocated within the state pursuant to the American Recovery and Reinvestment Act of 2009 to areas of the state outside of the transportation management areas, the department of transportation shall convene a local oversight and accountability panel, which shall include representation from, at a minimum, the associations of Washington cities and counties, the Washington public ports association, and the transportation improvement board. The panel, chaired by the executive director of the transportation improvement board, shall ensure rapid project delivery and accountability for funds. The panel shall proceed with an expedited statewide process utilizing the metropolitan planning organization and county lead agency prioritized listing of local projects. The department shall monitor the projects selected to receive stimulus funding to ensure that Washington state is successful in obligating all of its funding.

NEW SECTION. Sec. 6. Sections 1 through 5 of this act are for the period ending June 30, 2011.

(6) To promote and support community-specific noise reduction solutions, the department shall:

(a) Prepare a draft directive that establishes how each community's priorities and concerns may be identified and addressed in order to allow consideration of a community's preferred methods of advanced visual shielding and aesthetic screening, for the purpose of improving the noise environment of major state roadway projects in locations that do not meet the criteria for standard noise barriers. The intent is for these provisions to be supportable by existing project budgets. The directive shall also include direction on the coordination and selection of visual and aesthetic options with local communities. The draft directive shall be provided to the standing transportation committees of the legislature by January 2008; and

(b) Pilot the draft directive established in (a) of this subsection in two locations along major state roadways. The department shall award low-interest loans to the port of Moses Lake in the amount of ~~(\$213,000)~~ \$150,000, and based upon the prioritized list of rail capital projects most recently submitted to the legislature pursuant to this subsection, as follows: Port of Benton County (\$250,000); Port of Everett (\$250,000); ~~(Central Terminals, LLC (\$250,000);)~~ Tacoma Rail--Maintenance Facility (\$250,000); ~~(NW Container Service (\$250,000); Port of Chehalis (\$250,000); Ballard Terminal Railroad (\$250,000); Eastern Washington Gateway Railroad (\$36,875);)~~ Spokane County ~~(\$250,000)~~ (\$150,000); Tacoma Rail--Locomotive Idling ~~(\$250,000)~~ (\$30,000).

The rescoped project may include funds that are committed to the project by local or private funding partners. However, the rescoped project must be capable of being completed with not more than \$49,470,000 in future state funding, inclusive of inflation costs. Subject to this funding constraint, the rescoped project must maximize capacity improvements along the rail mainline.

(e) Within the amounts provided in this section, \$3,600,000 of the multimodal transportation account--state appropriation is for work items on the Palouse River and Coulee City Railroad lines.

(3) The department is directed to seek the use of unprogrammed federal rail crossing funds to be expended in lieu of or in addition to state funds for eligible costs of projects in Program Y, including, but not limited to the "Tacoma -- bypass of Pt. Defiance" project.

(4) If new federal funding for freight or passenger rail is received, the department shall consult with the transportation committees of the legislature and the office of financial management prior to spending the funds on existing or additional projects.

(5) The department shall sell any ancillary property, acquired when the state purchased the right-of-ways to the PCC rail line system, to a lessee of the ancillary property who is willing to pay fair market value for the property. The department shall deposit the proceeds from the sale of ancillary property into the transportation infrastructure account.

(6)(a) The department shall develop and implement the benefit/impact evaluation methodology recommended in the statewide rail capacity and needs study finalized in December 2006. The benefit/impact evaluation methodology shall be developed using the following priorities, in order of relative importance:

(i) Economic, safety, or environmental advantages of freight movement by rail compared to alternative modes;

- (ii) Self-sustaining economic development that creates family-wage jobs;
- (iii) Preservation of transportation corridors that would otherwise be lost;
- (iv) Increased access to efficient and cost-effective transport to market for Washington's agricultural and industrial products;
- (v) Better integration and cooperation within the regional, national, and international systems of freight distribution; and
- (vi) Mitigation of impacts of increased rail traffic on communities.

(b) The department shall convene a work group to collaborate on the development of the benefit/impact analysis method to be used in the evaluation. The work group must include, at a minimum, the freight mobility strategic investment board, the department of agriculture, and representatives from the various users and modes of the state's rail system.

(c) The department shall use the benefit/impact analysis and priorities in (a) of this subsection when submitting requests for state funding for rail projects. The department shall develop a standardized format for submitting requests for state funding for rail projects that includes an explanation of the analysis undertaken, and the conclusions derived from the analysis.

(d) The department and the freight mobility strategic investment board shall collaborate to submit a report to the office of financial management and the transportation committees of the legislature by September 1, 2008, listing proposed freight highway and rail projects. The report must describe the analysis used for selecting such projects, as required by this act for the department and as required by chapter 47.06A RCW for the board. When developing its list of proposed freight highway and rail projects, the freight mobility strategic investment board shall use the priorities identified in (a) of this subsection to the greatest extent possible.

(7) The department shall apply at the earliest possible date for grants, pursuant to the new competitive intercity rail grant program announced by the federal railroad administration on February 19, 2008, for any projects that may qualify for such federal grants and are currently identified on the project list referenced in subsection (1)(a) of this section.

(8) Up to \$8,500,000 of any underexpenditures of state funding designated on the project list referenced in subsection (1)(a) of this section for the "Vancouver-Rail Bypass and W 39th Street Bridge" project may be used to upgrade, to class 2 condition, track owned by Clark county between Vancouver and Battle Ground.

(9) Up to \$400,000 of the multimodal transportation account--state appropriation is contingent upon the port of Chehalis submitting a full copy of the FEMA application packet to the department in order to assist the department in verifying the scope of the repairs and the rail transportation value of the project identified on the project list referenced in subsection (1)(a) of this section as "Port of Chehalis-Track Rehabilitation" (F01002A).

(10) \$500,000 of the transportation infrastructure account--state appropriation is provided solely for grants to any intergovernmental entity or local rail district to which the department of transportation assigns the management and oversight responsibility for the business and economic development elements of existing operating leases on the Palouse River and Coulee City (PCC) rail lines. The PCC rail line system is made up of the CW, P&L, and PV Hooper rail lines. Business and economic development elements include such items as levels of service and business operating plans, but shall not include the state's oversight of railroad regulatory compliance, rail infrastructure condition, or real property management issues. The PCC rail system must be managed in a self-sustaining manner and best efforts shall be used to ensure that it does not require state capital or operating subsidy beyond the level of state funding expended on it to date. The assignment of the stated responsibilities to an intergovernmental entity or rail district shall be on such terms and conditions as the department of transportation and the intergovernmental entity or rail district mutually agree. The grant funds may be used only to refurbish the rail lines. It is the intent of the legislature to make the funds appropriated in this section available as grants to an intergovernmental entity or local rail district for the purposes stated in this section at least until June 30, 2012, and to reappropriate as necessary any portion of the appropriation in this section that is not used by June 30, 2009.

(2) Adjusted community rates established under this section shall pool the medical experience of all individuals purchasing coverage, except individuals purchasing coverage under RCW 48.44.021, and shall not be required to be pooled with the medical experience of health benefit plans offered to small employers under RCW 48.44.023. Carriers may treat young adults and products developed specifically for them consistent with RCW 48.43.041(3) as a single-banded experience pool for purposes of establishing rates. The rates established for this age group are not subject to subsection (1)(d) of this section.

(3) As used in this section and RCW 48.44.023 "health benefit plan," "small employer," "adjusted community rates," and "wellness activities" mean the same as defined in RCW 48.43.005.

Sec. 8. RCW 48.46.064 and 2006 c 100 s 5 are each amended to read as follows:

Both rates shall be subject to the requirements of this subsection.

(e) A discount for wellness activities shall be permitted to reflect actuarially justified differences in utilization or cost attributed to such programs.

(f) The rate charged for a health benefit plan offered under this section may not be adjusted more frequently than annually except that the premium may be changed to reflect:

(g) For the purposes of this section, a health benefit plan that contains a restricted network provision shall not be considered similar coverage to a health benefit plan that does not contain such a provision, provided that the restrictions of benefits to network providers result in substantial differences in claims costs. (h) A tenure discount for continuous enrollment in the health plan of two years or more may be offered, not to exceed ten percent.

(a) Consisting of five hundred or more individuals affiliated with a particular industry;

(b) To whom care management services are provided as a benefit of pool membership; and

(A) Geographic area;

NEW SECTION, Sec. 10. A new section is added to chapter 48.43 RCW to read as follows:

The office of the insurance commissioner shall make available educational and outreach materials targeted to young adults age nineteen to thirty-four years old, as funding becomes available. Correct the title.

POINT OF ORDER

Representative Hudgins requested a scope and object ruling on amendment (110) to House Bill No. 2117.

SPEAKER'S RULING

Mr. Speaker (Representative Morris presiding): "House Bill No. 2117 is titled "an act relating to the basic health plan." The bill amends several sections of RCW 70.47.

The bill would create a new category of nonsubsidized Basic Health Plan enrollee, an economic recovery enrollee. To qualify, the enrollee must be recently involuntarily unemployed, or be receiving unemployment compensation benefits. Economic recovery enrollees would receive their coverage through managed health care systems contracting with the Basic Health Plan.

Amendment (110) would exclude persons between the ages of nineteen and thirty-four who qualify for coverage under newly authorized health plans for young adults in the private health insurance market from coverage as a subsidized Basic Health Plan enrollee. It amends the statutes governing the individual market under Title 48 RCW.

The amendment would exceed the scope and title of House Bill No. 2117 by authorizing a new individual health plan option that will be offered in the private health insurance market under Title 48 RCW. The new health plan option would not be offered through, or limited to, Basic Health Plan enrollees.

The good gentleman's point of order is well taken."

Representative Ericksen moved the adoption of amendment (103):

On page 8, after line 7, insert the following:

"(h) To provide subsidized and economic recovery enrollees a stipend sufficient to provide the same level of subsidy as would otherwise have been available through the basic health plan for

subsidized and economic recovery enrollees who wish to purchase coverage through an employer's plan, or the individual health insurance market, including a high deductible health plan in conjunction with a health savings account."

Representative Ericksen spoke in favor of the adoption of the amendment.

Representative Cody spoke against the adoption of the amendment.

The Speaker (Representative Morris presiding) divided the House. The result was 35 – YEAS; 62 – NAYS.

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 13.40.210 and 2007 c 203 s 1 and 2007 c 199 s 13 are each reenacted and amended to read as follows:

(1) The secretary shall set a release date for each juvenile committed to its custody. The release date shall be within the prescribed range to which a juvenile has been committed under RCW 13.40.0357 or 13.40.030 except as provided in RCW 13.40.320 concerning offenders the department determines are eligible for the juvenile offender basic training camp program. Such dates shall be determined prior to the expiration of sixty percent of a juvenile's

minimum term of confinement included within the prescribed range to which the juvenile has been committed. The secretary shall release any juvenile committed to the custody of the department within four calendar days prior to the juvenile's release date or on the release date set under this chapter. Days spent in the custody of the department shall be tolled by any period of time during which a juvenile has absented himself or herself from the department's supervision without the prior approval of the secretary or the secretary's designee.

(2) The secretary shall monitor the average daily population of the state's juvenile residential facilities. When the secretary concludes that in-residence population of residential facilities exceeds one hundred five percent of the rated bed capacity specified in statute, or in absence of such specification, as specified by the department in rule, the secretary may recommend reductions to the governor. On certification by the governor that the recommended reductions are necessary, the secretary has authority to administratively release a sufficient number of offenders to reduce in-residence population to one hundred percent of rated bed capacity. The secretary shall release those offenders who have served the greatest proportion of their sentence. However, the secretary may deny release in a particular case at the request of an offender, or if the secretary finds that there is no responsible custodian, as determined by the department, to whom to release the offender, or if the release of the offender would pose a clear danger to society. The department shall notify the committing court of the release at the time of release if any such early releases have occurred as a result of excessive in-residence population. In no event shall an offender adjudicated of a violent offense be granted release under the provisions of this subsection.

(3)(a) Following the release of any juvenile under subsection (1) of this section, the secretary may require the juvenile to comply with a program of parole to be administered by the department in his or her community which shall last no longer than eighteen months, except that in the case of a juvenile sentenced for rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, or indecent liberties with forcible compulsion, the period of parole shall be twenty-four months and, in the discretion of the secretary, may be up to thirty-six months when the secretary finds that an additional period of parole is necessary and appropriate in the interests of public safety or to meet the ongoing needs of the juvenile. A parole program is mandatory for offenders released under subsection (2) of this section and for offenders who receive a juvenile residential commitment sentence of theft of a motor vehicle ((+)), possession of a stolen motor vehicle, or taking a motor vehicle without permission 1. The decision to place an offender on parole shall be based on an assessment by the department of the offender's risk for reoffending upon release. The department shall prioritize available parole resources to provide supervision and services to offenders at moderate to high risk for reoffending.

(b) The secretary shall, for the period of parole, facilitate the juvenile's reintegration into his or her community and to further this goal shall require the juvenile to refrain from possessing a firearm or using a deadly weapon and refrain from committing new offenses and may require the juvenile to: (i) Undergo available medical, psychiatric, drug and alcohol, sex offender, mental health, and other offense-related treatment services; (ii) report as directed to a parole officer and/or designee; (iii) pursue a course of study, vocational training, or employment; (iv) notify the parole officer of the current address where he or she resides; (v) be present at a particular address during specified hours; (vi) remain within prescribed geographical boundaries; (vii) submit to electronic monitoring; (viii) refrain from using illegal drugs and alcohol, and submit to random urinalysis when requested by the assigned parole officer; (ix) refrain from contact with specific individuals or a specified class of individuals; (x) meet other conditions determined by the parole officer to further enhance the juvenile's reintegration into the community; (xi) pay any court-ordered fines or restitution; and (xii) perform community restitution. Community restitution for the purpose of this section means compulsory service, without compensation, performed for the benefit of the community by the offender. Community restitution may be performed through public or private organizations or through work crews.

(c) The secretary may further require up to twenty-five percent of the highest risk juvenile offenders who are placed on parole to participate in an intensive supervision program. Offenders participating in an intensive supervision program shall be required to comply with all terms and conditions listed in (b) of this subsection and shall also be required to comply with the following additional terms and conditions: (i) Obey all laws and refrain from any conduct that threatens public safety; (ii) report at least once a week to an assigned community case manager; and (iii) meet all other requirements imposed by the community case manager related to participating in the intensive supervision program. As a part of the intensive supervision program, the secretary may require day reporting.

(d) After termination of the parole period, the juvenile shall be discharged from the department's supervision.

(4)(a) The department may also modify parole for violation thereof. If, after affording a juvenile all of the due process rights to which he or she would be entitled if the juvenile were an adult, the secretary finds that a juvenile has violated a condition of his or her parole, the secretary shall order one of the following which is reasonably likely to effectuate the purpose of the parole and to protect the public: (i) Continued supervision under the same conditions previously imposed; (ii) intensified supervision with increased reporting requirements; (iii) additional conditions of supervision authorized by this chapter; (iv) except as provided in (a)(v) and (vi) of this subsection, imposition of a period of confinement not to exceed thirty days in a facility operated by or pursuant to a contract with the state of Washington or any city or county for a portion of each day or for a certain number of days each week with the balance of the days or weeks spent under supervision; (v) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the offense for which the offender was sentenced is rape in the first or second degree, rape of a child in the first or second degree, child molestation in the first degree, indecent liberties with forcible compulsion, or a sex offense that is also a serious violent offense as defined by RCW 9.94A.030; and (vi) the secretary may order any of the conditions or may return the offender to confinement for the remainder of the sentence range if the youth has completed the basic training camp program as described in RCW 13.40.320.

(b) The secretary may modify parole and order any of the conditions or may return the offender to confinement for up to twenty-four weeks if the offender was sentenced for a sex offense as defined under RCW 9A.44.130 and is known to have violated the terms of parole. Confinement beyond thirty days is intended to only be used for a small and limited number of sex offenders. It shall only be used when other graduated sanctions or interventions have not been effective or the behavior is so egregious it warrants the use of the higher level intervention and the violation: (i) Is a known pattern of behavior consistent with a previous sex offense that puts the youth at high risk for reoffending sexually; (ii) consists of sexual behavior that is determined to be predatory as defined in RCW 71.09.020; or (iii) requires a review under chapter 71.09 RCW, due to a recent overt act. The total number of days of confinement for violations of parole conditions during the parole period shall not exceed the number of days provided by the maximum sentence imposed by the disposition for the underlying offense pursuant to RCW 13.40.0357. The department shall not aggregate multiple parole violations that occur prior to the parole revocation hearing and impose consecutive twenty-four week periods of confinement for each parole violation. The department is authorized to engage in rule making pursuant to chapter 34.05 RCW, to implement this subsection, including narrowly defining the behaviors that could lead to this higher level intervention.

(c) If the department finds that any juvenile in a program of parole has possessed a firearm or used a deadly weapon during the program of parole, the department shall modify the parole under (a) of this subsection and confine the juvenile for at least thirty days. Confinement shall be in a facility operated by or pursuant to a contract with the state or any county.

(5) A parole officer of the department of social and health services shall have the power to arrest a juvenile under his or her

supervision on the same grounds as a law enforcement officer would be authorized to arrest the person.

(6) If so requested and approved under chapter 13.06 RCW, the secretary shall permit a county or group of counties to perform functions under subsections (3) through (5) of this section.

Sec. 2. RCW 46.09.170 and 2007 c 522 s 953 and 2007 c 241 s 16 are each reenacted to read as follows:

The funds under this subsection shall be expended in accordance with the following limitations:

(3) On a yearly basis an agency may not, except as provided in RCW 46.09.110, expend more than ten percent of the funds it receives under this chapter for general administration expenses incurred in carrying out this chapter.

The commission shall cause to be published in a newspaper of general circulation in the area which includes the river or rivers to be considered, a description, including a map showing such river or rivers, of the material to be considered at the public hearing. Such notice shall appear at least twice in the time period between two and four weeks prior to the public hearing.

"(5) If the cumulative annual contract amount for all covered vessels required to satisfy the emergency response system requirements of this section is greater than the annual amount paid by the state as part of its 2007-2009 biennium contract with the Neah Bay emergency response vessel, then the additional funding above the 2007-2009 contract rate must be provided by the state of Washington."

Amendment (093) was not adopted.

Representative Van De Wege moved the adoption of amendment (119):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that the Olympic Peninsula is bounded on the west and north by uniquely rich and highly vulnerable biological, cultural, and marine resources supporting some of the nation's most valuable tribal, commercial, and sport fisheries. The area also sustains endangered species and numerous species of vulnerable marine mammals. The area's national significance is recognized by special federal designations including a national park, a national marine sanctuary, a maritime area to be avoided, national wildlife refuges, a world heritage site, as well as tribal lands and usual and accustomed fishing areas of federally recognized coastal Indian tribes. This remote area periodically experiences severe coastal storms, dangerous seas, strong coastal currents, and frequent fog placing economically valuable maritime commerce and ship crews at risk.

(2) The legislature further finds that these peculiarities of the local waters require special protection from the serious threat posed by maritime casualties. The area's natural, cultural, and economic resources must be provided with the best achievable protection from damages caused by the discharge of oil into coastal waters.

(3) The legislature further finds that the state of Washington has maintained an emergency response tug at Neah Bay since 1999 to protect its waters from maritime casualties and resultant oil spills. During that time it has demonstrated its capability by responding to forty-one ships in need of assistance in the area from Port Angeles to the Columbia river. State funding is scheduled to end June 30, 2009. The legislature intends for the maritime industry to provide and fully fund a year-round emergency response tug at Neah Bay, including the logistical and operational management support system. This emergency response towing vessel and its operations should meet or exceed the state's fiscal year 2009 technical contract specifications of the contracted Neah Bay emergency response towing vessel.

Sec. 2. RCW 88.46.130 and 1991 c 200 s 426 are each amended to read as follows:

(1) An emergency response system for vessels operating in the entry of the Strait of Juan de Fuca shall be established and operated consistent with this section by July 1, ((1992)) 2010. ((In establishing the emergency response system, the administrator shall consider the recommendations of the regional marine safety committees. The administrator shall also consult with the province of British Columbia regarding its participation in the emergency response system.))

(2)(a) Except as otherwise provided in this section, and in addition to the contingency plan requirements adopted by the department under RCW 88.46.060, contingency plans for all covered vessels while operating in all waters of the entry to the Strait of Juan de Fuca north of the Clallam county shoreline and east of Duncan rock must provide for the emergency response system described in this section, including the management and operation of an emergency response towing vessel that satisfies the planning standards in section 3 of this act.

(b) Owners and operators of covered vessels that operate in the portion of the entry to the Strait of Juan de Fuca identified in this subsection shall submit an addendum to their oil spill contingency plan demonstrating compliance with this section by January 1, 2010. A vessel submitting an initial contingency plan after January 1, 2010, must provide documentation of its compliance with this section concurrent with the submittal of its contingency plan.

(c) The department shall review all submittals demonstrating compliance with this section and shall approve any submittal that meets the intent and planning standards established in section 3 of this act.

(3) Full implementation of section 3 of this act, or implementation of a system of protective measures imposed or required by the federal government that are determined by the department to be substantially equivalent to those requirements, satisfies the emergency response system required by this section.

(4) The director may suspend the requirement for an emergency response towing vessel created in this section if the director determines that an emergency response towing vessel satisfying the requirements of section 3 of this act is not available to provide the services required under this section.

NEW SECTION. Sec. 3. A new section is added to chapter 88.46 RCW to read as follows:

(1) An emergency response towing vessel that is a part of the emergency response system required by RCW 88.46.130 must be stationed at Neah Bay and be continuously capable and available to respond to any vessel emergency. The towing vessel must, at a minimum, be able to satisfy the following planning standards:

(a) Be underway within twenty minutes of a decision to deploy;

(b) Be able to deploy at any hour of any day to provide emergency assistance and be safely manned to remain underway for at least forty- eight hours;

(c) In severe weather conditions, be capable of making up to, stopping, holding, and towing a drifting or disabled vessel of one hundred eighty thousand metric dead weight tons;

(d) In severe weather conditions, be capable of holding position within one hundred feet of another vessel;

(e) Be equipped with and maneuverable enough to effectively employ a ship anchor chain recovery hook and line throwing gun;

(f) Be capable of a bollard pull of at least seventy short tons; and

(g) Be equipped with appropriate equipment for:

(i) Damage control patching;

(ii) Vessel dewatering;

(iii) Air safety monitoring; and

(iv) Digital photography.

(2) The requirements of this section may be fulfilled by one or more private organizations or nonprofit cooperatives providing umbrella coverage under contract to single or multiple covered vessels.

(3)(a) The department must be authorized to contract with the emergency response towing vessel, at the discretion of the department, in response to a potentially emerging maritime casualty or as a precautionary measure during severe storms. All instances of use by the department must be paid for by the department.

(b) Covered vessels that are required to provide an emergency response towing vessel under RCW 88.46.130 may not restrict the emergency response towing vessel from responding to distressed vessels that are not covered vessels.

(4) Nothing in this section limits the ability of a covered vessel to contract with an emergency response towing vessel with capabilities that exceed the minimum capabilities provided for a towing vessel in this section.

(5) The covered vessel owner or operator shall submit a written report to the department as soon as practicable regarding an emergency response system deployment, including photographic documentation determined by the department to be of adequate quality. The report must provide a detailed description of the incident necessitating a response and the actions taken to render assistance under the emergency response system.

NEW SECTION. Sec. 4. A new section is added to chapter 88.46 RCW to read as follows:

(1) It is the intent of the legislature to provide the various components of the maritime industry with the tools necessary to satisfy the requirements of RCW 88.46.130 in the most cost-effective manner. In doing, the legislature encourages, but does not mandate, the maritime industry to unite behind their mutual interests and responsibilities and identify or form a single umbrella organization that allows all affected covered vessels to equitably share the costs inherent in the implementation of RCW 88.46.130.

(2) The legislature further finds that an equitable sharing of the costs of implementing RCW 88.46.130 may mean that not all covered vessels will be responsible for providing the same amount of funding. Any umbrella organization that is identified or formed to satisfy the requirements of this act should consider the multitude of factors that comprise the risk of oil spills and the likelihood of initiating a response from the emergency response vessel required by RCW 88.46.130, including the number of transits made by the covered vessel, the nature and quantity of its cargo, and the technical sophistication of its design, safety updates, and maintenance.

(3) The legislature intends to provide the authority for any operator of a covered vessel that feels as though an umbrella organization that is identified, formed, or proposed for formation does not equitably share the costs of compliance with RCW 88.46.130 with the covered vessel in question, or the class of vessel to which the covered vessel belongs, to either contract directly with an adequate emergency response vessel or form or join a discreet

umbrella organization representing the appropriate segment of the maritime industry. However, if the operator of a covered vessel chooses not to join a proposed or existing umbrella organization, or finds that negotiations leading to the formation of an umbrella organization are not progressing in an adequate manner, the legislature requests, but does not require, that the vessel operator contact the department and provide official notice of their concern as to how the umbrella group in question failed in establishing an equitable cost-share strategy.

(4) The department shall collect and maintain all notices received under this section and shall summarize any reports received by the operators of covered vessels and report the summation to the appropriate committees of the legislature upon request by a legislative committee.

NEW SECTION. Sec. 5. (1) Designated representatives of the owners and operators of all classes of covered vessels shall negotiate, given the intent of section 4 of this act, a system to determine the equitable apportionment of costs of the emergency response system required by this act.

(2) Participants to the negotiations shall report the results to the appropriate committees of the legislature by December 1, 2009. This report shall provide available information relating to:

(a) The anticipated average annual cost of providing the emergency response system required by this act;

(b) The methodology for determining the annual cost for each vessel of complying with this act, including a system for crediting enhanced navigational or structural characteristics, and any caps or limitations on total cost for vessels that frequently transit the waters identified in this act; and

(c) The anticipated average annual cost of complying with this act for each of the following class of covered vessels:

(i) Oil tankers;

(ii) Tank barges;

(iii) Tug and oil barge combinations;

(iv) Nontank vessels, including cruise ships;

(v) Other covered vessels.

(3) If the representatives designated under this section to participate in negotiations fail to achieve the goals of this section or otherwise choose not to report the outcomes to the legislature, the department of ecology shall, by December 1, 2009, deliver the summation of any reports received under section 4 of this act.

(4) This section expires June 30, 2010.

NEW SECTION. Sec. 6. A new section is added to chapter 88.46 RCW to read as follows:

(1) In addition to reviewing contingency plans submitted under RCW 88.46.130, the department may determine the adequacy of the emergency response system required in RCW 88.46.130 through practice drills that test the adequacy of the responding entity's capabilities and satisfaction of the requirements of section 3 of this act. Practice drills may be conducted without prior notice.

(2) Each successful response to a vessel emergency may be considered by the department to satisfy a drill covering this portion of a covered vessel's contingency plan.

(3) Drills of the emergency response system required in RCW 88.46.130 must emphasize the system's ability to respond to a potentially worst case vessel emergency scenario.

Sec. 7. RCW 88.46.010 and 2007 c 347 s 5 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

Representative Seaquist moved the adoption of amendment (157):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that substantial progress has been made toward achieving the equally important goals set in 2007 that all children in Washington state have health care coverage by 2010 and that child health outcomes improve. The legislature also finds that continued steps are necessary to reach the goals that all children in Washington state shall have access to the health services they need to be healthy and ready to learn and that key measures of child health outcomes will show year by year improvement. The legislature further finds that reaching these goals is integral to the state's ability to weather the current economic crisis. The recent reauthorization of the federal children's health insurance program provides additional opportunities for the state to reach these goals. In view of these important objectives, the legislature intends that the apple health for kids program be managed actively across administrations in the department of social and health services, and across state and local agencies, with clear accountability for achieving the intended program outcomes.

Sec. 2. RCW 74.09.470 and 2007 c 5 s 2 are each amended to read as follows:

(1) Consistent with the goals established in RCW 74.09.402, through the apple health for kids program authorized in this section, the department shall provide affordable health care coverage to children under the age of nineteen who reside in Washington state and whose family income at the time of enrollment is not greater than two hundred fifty percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, and effective January 1, 2009, and only to the extent that funds are specifically appropriated therefor, to children whose family income is not greater than three hundred percent of the federal poverty level. In administering the program, the department shall take such actions as may be necessary to ensure the receipt of federal financial participation under the medical assistance program, as codified at Title XIX of the federal social security act, the state children's health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available in the future. The department and the caseload forecast council shall estimate the anticipated caseload and costs of the program established in this section.

(2) The department shall accept applications for enrollment for children's health care coverage; establish appropriate minimum-enrollment periods, as may be necessary; and determine eligibility based on current family income. The department shall make eligibility determinations within the time frames for establishing eligibility for children on medical assistance, as defined by RCW 74.09.510. The application and annual renewal processes shall be designed to minimize administrative barriers for applicants and enrolled clients, and to minimize gaps in eligibility for families who are eligible for coverage. If a change in family income results in a change in ~~((program eligibility))~~ the source of funding for coverage, the department shall transfer the family members to the appropriate ~~((programs))~~ source of funding and notify the family with respect to any change in premium obligation, without a break in eligibility. The department shall use the same eligibility redetermination and appeals procedures as those provided for children on medical assistance programs. The department shall modify its eligibility renewal procedures to lower the percentage of children failing to annually renew. ~~((The department shall report to the appropriate committees of the legislature on its progress in this regard by December 2007.))~~ The department shall manage its outreach, application, and renewal procedures with the goals of: (a) Achieving year by year improvements in enrollment, enrollment rates, renewals, and renewal rates; (b) maximizing the use of existing program databases to obtain

information related to earned and unearned income for purposes of eligibility determination and renewals, including, but not limited to, the basic food program, the child care subsidy program, federal social security administration programs, and the employment security department wage database; (c) streamlining renewal processes to rely primarily upon data matches, online submissions, and telephone interviews; and (d) implementing any other eligibility determination and renewal processes to allow the state to receive an enhanced federal matching rate and additional federal outreach funding available through the federal children's health insurance program reauthorization act of 2009 by January 2010. The department shall advise the governor and the legislature regarding the status of these efforts by September 30, 2009. The information provided should include the status of the department's efforts, the anticipated impact of those efforts on enrollment, and the costs associated with that enrollment. Each child enrolled in the apple health for kids program under this section will receive an eligibility card that clearly identifies the bearer, by text and logo, as a participant in the program. The card also must include a statement that the goal of the apple health for kids program is to provide health care coverage so that all children in Washington state have the opportunity to succeed in school and live healthy lives.

(3) To ensure continuity of care and ease of understanding for families and health care providers, and to maximize the efficiency of the program, the amount, scope, and duration of health care services provided to children under this section shall be the same as that provided to children under medical assistance, as defined in RCW 74.09.520.

(4) The primary mechanism for purchasing health care coverage under this section shall be through contracts with managed health care systems as defined in RCW 74.09.522 (~~except when utilization patterns suggest that fee-for-service purchasing could produce equally effective and cost-efficient care~~). However, the department shall make every effort within available resources to purchase health care coverage for uninsured children whose families have access to dependent coverage through an employer-sponsored health plan or another source when it is cost-effective for the state to do so, and the purchase is consistent with requirements of Title XIX and Title XXI of the federal social security act. To the extent allowable under federal law, the department shall require families to enroll in available employer-sponsored coverage, as a condition of participating in the program established under (~~chapter 5, Laws of 2007~~) this section, when it is cost-effective for the state to do so. Families who enroll in available employer-sponsored coverage under (~~chapter 5, Laws of 2007~~) this section shall be accounted for separately in the annual report required by RCW 74.09.053.

(5)(a) To reflect appropriate parental responsibility, the department shall develop and implement a schedule of premiums for children's health care coverage due to the department from families with income greater than two hundred percent of the federal poverty level. For families with income greater than two hundred fifty percent of the federal poverty level, the premiums shall be established in consultation with the senate majority and minority leaders and the speaker and minority leader of the house of representatives. Premiums shall be set at a reasonable level that does not pose a barrier to enrollment. The amount of the premium shall be based upon family income and shall not exceed the premium limitations in Title XXI of the federal social security act. Premiums shall not be imposed on children in households at or below two hundred percent of the federal poverty level as articulated in RCW 74.09.055.

(b) Beginning no later than January 1, (~~2009~~) 2010, the department shall offer families whose income is greater than three hundred percent of the federal poverty level the opportunity to purchase health care coverage for their children through the programs administered under this section without (~~an~~) an explicit premium subsidy from the state. The design of the health benefit package offered to these children should provide adequate and appropriate coverage, and may differ with respect to cost-sharing, covered services, and other appropriate elements from that provided to children under subsection (3) of this section only to the extent necessary to offer an affordable benefit package for the affected families. The amount paid by the family shall be in an amount equal

to the rate paid by the state to the managed health care system for coverage of the child, including any associated and administrative costs to the state of providing coverage for the child.

(i) The activities and operations of the children's health coverage program under this subsection, including those of managed health care systems to the extent of their participation in the program, are exempt from the provisions of Title 48 RCW, except:

(A) The coverage is subject to RCW 48.21.200 and is excess to the benefits payable under the terms of any insurance policy issued to or on the behalf of an enrollee that provides payments toward medical expenses without a determination of liability for the injury.

(B) Managed health care systems are subject to the provisions of RCW 48.43.022, 48.43.500 through 48.43.535, 48.43.545, and 48.43.550.

(ii) The activities and operations of the children's health coverage program under this subsection are subject to the provisions of RCW 43.70.235, 70.02.045, 70.02.110, and 70.02.900.

(iii) Persons appointed or authorized to solicit applications for enrollment in nonsubsidized state children's health coverage, including employees of the department, must comply with chapter 48.17 RCW. For purposes of this subsection, the term "solicit" does not include distributing information and applications for nonsubsidized state children's health coverage and responding to questions.

(iv) Amounts paid to a managed health care system by the department for providing health care services pursuant to this subsection must comply with RCW 48.14.0201.

(6) The department shall undertake and continue a proactive, targeted outreach and education effort with the goal of enrolling children in health coverage and improving the health literacy of youth and parents. The department shall collaborate with the department of health, local public health jurisdictions, the office of (~~the~~) the superintendent of public instruction, the department of early learning, health educators, health care providers, health carriers, community-based organizations, and parents in the design and development of this effort. The outreach and education effort shall include the following components:

(a) Broad dissemination of information about the availability of coverage, including media campaigns;

(b) Assistance with completing applications, and community-based outreach efforts to help people apply for coverage. Community-based outreach efforts should be targeted to the populations least likely to be covered;

(c) Use of existing systems, such as enrollment information from the free and reduced-price lunch program, the department of early learning child care subsidy program, the department of health's women, infants, and children program, and the early childhood education and assistance program, to identify children who may be eligible but not enrolled in coverage;

(d) Contracting with community-based organizations and government entities to support community-based outreach efforts to help families apply for coverage. These efforts should be targeted to the populations least likely to be covered. The department shall provide informational materials for use by government entities and community-based organizations in their outreach activities, and should identify any available federal matching funds to support these efforts;

(e) Development and dissemination of materials to engage and inform parents and families statewide on issues such as: The benefits of health insurance coverage; the appropriate use of health services, including primary care provided by health care practitioners licensed under chapters 18.71, 18.57, 18.36A, and 18.79 RCW, and emergency services; the value of a medical home, well-child services and immunization, and other preventive health services with linkages to department of health child profile efforts; identifying and managing chronic conditions such as asthma and diabetes; and the value of good nutrition and physical activity;

(f) An evaluation of the outreach and education efforts, based upon clear, cost-effective outcome measures that are included in contracts with entities that undertake components of the outreach and education effort;

(g) (~~A feasibility study and~~) An implementation plan to develop online application capability that is integrated with the

department's automated client eligibility system, and to develop data linkages with the office of ~~((the))~~ the superintendent of public instruction for free and reduced-price lunch enrollment information and the department of early learning for child care subsidy program enrollment information. ~~((The department shall submit a feasibility study on the implementation of the requirements in this subsection to the governor and legislature by July 2008.))~~

(7) The department shall take action to increase the number of primary care physicians providing dental disease preventive services including oral health screenings, risk assessment, family education, the application of fluoride varnish, and referral to a dentist as needed.

(8) The department shall monitor the rates of substitution between private-sector health care coverage and the coverage provided under this section and shall report to appropriate committees of the legislature by December 2010.

(9) To ensure planning and coordination of all aspects of the apple health for kids program across all the involved agencies and with the various stakeholders, and to facilitate the collection, reporting, and analysis of the outcome data required by section 3 of this act, the position of apple health executive is established and will report directly to the secretary.

Sec. 3. RCW 74.09.480 and 2007 c 5 s 4 are each amended to read as follows:

POINT OF ORDER

Representative Hudgins requested a scope and object ruling on amendment (161) to House Bill No. 2289.

SPEAKER'S RULING

Mr. Speaker (Representative Morris presiding): "Substitute House Bill No. 2289 is titled "an act relating to expanding the energy freedom program". This bill amends several sections of RCW 43.325. The bill expands the Energy Freedom Program by including state efforts to promote, develop and encourage energy efficiency, renewable energy, and innovative every technology markets in Washington. The bill adds specific definitions of energy efficiency and renewable energy improvements. The bill modifies the definition of applicants eligible for the program, and specifies the criteria that the Department of Community, Trade and Economic Development must use when awarding grants.

Amendment (161) adds hydroelectric generators installed at water supply storage facilities developed under RCW 90.90 to the definition of energy projects eligible for funding in the Energy Freedom Program. The amendment also includes the electricity produced from such a facility as an eligible renewable resource under I-937 (RCW 19.285).

I-937 does the following: It sets renewable portfolio standards for utilities that serve over 25,000 customers; defines what types of electricity generation may be counted as renewable electricity; and, requires utilities that serve over 25,000 customers to obtain all cost effective and feasible conservation improvements.

Substitute House Bill No. 2289 does not amend I-937 in any way.

While including water supply storage facilities as eligible projects under the Energy Freedom Program is arguably within the scope and object of Substitute House Bill 2289, the amendment exceeds the scope and object by authorizing the electricity produced from the facility to be counted as an eligible renewable resource under I-937.

The point of order is well taken."

Representative Dunshee moved the adoption of amendment (170):

On page 8, after line 19, insert the following:

shall be deposited into the account, and may be spent only after appropriation."

(d) The percentage of the exchange facilitator's business that is exchange facilitation, both by client and by gross income.

Any information provided by an exchange facilitator in this report that constitutes a trade secret as defined in RCW 19.108.010 is exempt from the disclosure requirements in chapters 42.17 and 42.56 RCW, unless aggregated with information supplied by other exchange facilitators in such a manner that the individual information of an exchange facilitator is not identifiable.

(2) Any information produced or obtained in examining an exchange facilitator under this section is exempt from disclosure as provided in RCW 42.56.270.

(3) The director must compile the reports from exchange facilitators and report to the financial institutions and insurance committee of the house of representatives and the financial institutions, housing and insurance committee of the senate by January 15, 2010.

(4) This section expires June 1, 2010.

NEW SECTION. Sec. 16. A person who violates this chapter is subject to civil suit in a court of competent jurisdiction.

NEW SECTION. Sec. 17. The legislature finds that the practices covered by this chapter are matters vitally affecting the public interest for the purpose of applying the consumer protection act, chapter 19.86 RCW. A violation of this chapter is not reasonable in relation to the development and preservation of business and is an unfair or deceptive act in trade or commerce and an unfair method of competition for purposes of applying the consumer protection act, chapter 19.86 RCW.

NEW SECTION. Sec. 18. This chapter does not affect the application of chapter 21.20 RCW.

NEW SECTION. Sec. 19. Sections 1 through 18 of this act constitute a new chapter in Title 19 RCW."

HOUSE BILL NO. 1530, by Representatives Kirby and Bailey

Creating the guaranteed asset protection waiver model act.

The bill was read the second time.

Representative Kirby moved the adoption of amendment (190):

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The purpose of this chapter is to provide a framework within which guaranteed asset protection waivers are defined and may be offered within this state.

(2) This chapter does not apply to:

(a) An insurance policy offered by an insurer under this title; or

(b) A federally regulated financial institution operating under 12 C.F.R. Part 37 of the office of the comptroller of the currency regulations or credit unions operating under 12 C.F.R. 721.3(g) of the national credit union administration regulations, or state regulated banks, credit unions, and financial institutions operating pursuant to chapter 63.14 RCW. However, an exempt federal or state chartered bank, credit union, or financial institution may elect to offer a guaranteed asset protection waiver that complies with sections 1, 2, and 4 through 7 of this act.

(3) Guaranteed asset protection waivers are governed under this chapter and are exempt from all other provisions of this title, except RCW 48.02.060 and 48.02.080, chapter 48.04 RCW, and as provided in this chapter.

NEW SECTION. Sec. 2. The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Administrator" means a person, other than an insurer or creditor that performs administrative or operational functions pursuant to guaranteed asset protection waiver programs.

(2) "Borrower" means a debtor, retail buyer, or lessee, under a finance agreement, or a person who receives a loan or enters into a retail installment contract to purchase or lease a motor vehicle or vessel under chapter 63.14 RCW.

(3) "Creditor" means:

(a) The lender in a loan or credit transaction;

(b) The lessor in a lease transaction;

(c) Any retail seller of motor vehicles that provides credit to retail buyers of motor vehicles provided the seller complies with this chapter;

(d) The seller in commercial retail installment transactions; or

(e) The assignees of any creditor under this subsection to whom the credit obligation is payable.

(4) "Finance agreement" means a loan, lease, or retail installment sales contract for the purchase or lease of a motor vehicle.

(5) "Free look period" means the period of time from the effective date of the waiver until the date the borrower may cancel the waiver without penalty, fees, or costs to the borrower. This period of time must not be shorter than thirty days.

(6) "Guaranteed asset protection waiver" or "waiver" means a contractual agreement wherein a creditor agrees for a separate charge to cancel or waive all or part of amounts due that creditor on a borrower's finance agreement with that creditor in the event of a total physical damage loss or unrecovered theft of the motor vehicle, which agreement must be part of, or a separate addendum to, the finance agreement.

(7) "Insurer" means an insurance company licensed, registered, or otherwise authorized to do business under the insurance laws of this state.

(8) "Motor vehicle" means self-propelled or towed vehicles designed for personal or commercial use, including but not limited to automobiles, trucks, motorcycles, recreational vehicles, all-terrain vehicles, snowmobiles, campers, boats, personal watercraft, and motorcycle, boat, camper, and personal watercraft trailers.

(9) "Motor vehicle dealer" has the same meaning as "vehicle dealer" in RCW 46.70.011.

(10) "Person" includes an individual, company, association, organization, partnership, business trust, corporation, and every form of legal entity.

(11) "Retail buyer" means a person who buys or agrees to buy a motor vehicle or obtain motor vehicle services or agrees to have motor vehicle services rendered or furnished from a retail seller.

(12) "Retail seller" means a person engaged in the business of selling motor vehicles or motor vehicle services to retail buyers.

(13) "Unregistered marketers" means persons who offer for sale and sell guaranteed asset protection waivers who are not registered under this chapter and who are not otherwise exempt under this chapter.

NEW SECTION. Sec. 3. (1) This chapter applies only to guaranteed asset protection waivers for financing of motor vehicles as defined in this chapter. Any person or entity must register with the commissioner before marketing, offering for sale or selling a guaranteed asset protection waiver, and before acting as an obligor for a guaranteed asset protection waiver, in this state. However, a retail seller of motor vehicles that assigns more than eighty-five

percent of guaranteed asset protection waiver agreements within thirty days of such agreements' effective date, or an insurer authorized to transact such insurance business in this state, are not required to register pursuant to this section. Failure of any retail seller of motor vehicles to assign one hundred percent of guaranteed asset protection waiver agreements within forty-five days of such agreements' effective date will result in that retail seller being required to comply with the registration requirements of this chapter.

(2) No person may market, offer for sale, or sell a guaranteed asset protection waiver, or act as an obligor on a guaranteed asset protection waiver in this state without a registration as provided in this chapter, except as set forth in subsection (1) of this section.

(3) The application for registration must include the following:

(a) The applicant's name, address, and telephone number;

(b) The identities of the applicant's executive officers or other officers directly responsible for the waiver business;

(c) An application fee of two hundred fifty dollars, which shall be deposited into the guaranteed asset protection waiver account;

(d) A copy filed by the applicant with the commissioner of the waivers the applicant intends to offer in this state;

(e) A list of all unregistered marketers of guaranteed asset protection waivers on which the applicant will be the obligor;

(f) Such additional information as the commissioner may reasonably require.

(4) Once registered, the applicant shall keep the information required for registration current by reporting changes within thirty days after the end of the month in which the change occurs.

NEW SECTION. Sec. 4. (1) Waivers may be offered, sold, or provided to borrowers in this state in compliance with this chapter.

(2) Waivers may, at the option of the creditor, be sold for a single payment or may be offered with a monthly or periodic payment option.

(3) Notwithstanding any other provision of law, any cost to the borrower for a guaranteed asset protection waiver entered into in compliance with the truth in lending act (15 U.S.C. Sec. 1601 et seq.) and its implementing regulations, as amended, must be separately stated and is not to be considered a finance charge or interest.

(4) Nothing in this chapter prohibits a person who is registered, or is otherwise exempt from registration or exempt from this chapter, from insuring its waiver obligation through the purchase of a contractual liability policy or other insurance policy issued by an insurer authorized to transact such insurance in this state.

(5) The waiver remains a part of the finance agreement upon the assignment, sale, or transfer of the finance agreement by the creditor.

(6) Neither the extension of credit, the term of credit, nor the term of the related motor vehicle sale or lease may be conditioned upon the purchase of a waiver.

(7) Any creditor that offers a waiver must report the sale of, and forward funds received on, all waivers to the designated party, if any, as prescribed in any applicable administrative services agreement, contractual liability policy, other insurance policy, or other specified program documents.

(8) Funds received or held by a creditor or administrator and belonging to an insurer, creditor, or administrator, under the terms of a written agreement, must be held by that creditor or administrator in a fiduciary capacity.

(9) If the guaranteed asset protection waiver is assigned, the name and address of the assignee must be mailed to the borrower within thirty days of the assignment. If at any time the name and address provided to the borrower by the initial creditor are no longer the valid point of contact to apply for waiver benefits, written notice will be mailed to the borrower within thirty days of the change stating the new name and address of the person or entity the borrower should contact to apply for waiver benefits. No waiver may be assigned to an entity that is not registered pursuant to this chapter, unless such entity is exempt from registration or unless the commissioner specifically authorizes such assignment.

(10) No person shall knowingly make, publish, or disseminate any false, deceptive, or misleading representation or advertising in the conduct of, or relative to, waiver business. Nor shall any person make, issue, or circulate, or cause to be made, issued, or circulated any misrepresentation of the terms or benefits of any waiver.

(11) A person or entity engaged in the guaranteed asset protection waiver business in this state may not refuse to sell or issue any guaranteed asset protection waiver because of the sex, marital status, or sexual orientation as defined in RCW 49.60.040, or the presence of any sensory, mental, or physical disability of the borrower or prospective borrower. The type of benefits, or any term, rate, condition, or type of coverage may not be restricted, modified, excluded, increased, or reduced on the basis of the presence of any sensory, mental, or physical disability of the borrower or prospective borrower.

NEW SECTION. Sec. 5. (1) Contractual liability or other insurance policies insuring waivers must state the obligation of the insurer to reimburse or pay to the creditor any sums the creditor is legally obligated to waive under the waivers issued by the creditor and purchased or held by the borrower. Contractual liability insurance or other insurance policies insuring waivers must not be purchased by the creditor as part of, or a rider to, vendor single-interest or collateral protection coverages as defined in RCW 48.22.110(4).

(2) Coverage under a contractual liability or other insurance policy insuring a waiver must also cover any subsequent assignee upon the assignment, sale, or transfer of the finance agreement.

(3) Coverage under a contractual liability or other insurance policy insuring a waiver must remain in effect unless canceled or terminated in compliance with applicable insurance laws of this state.

(4) The cancellation or termination of a contractual liability or other insurance policy must not reduce the insurer's responsibility for waivers issued by the creditor prior to the date of cancellation or termination and for which a premium has been received by the insurer.

NEW SECTION. Sec. 6. Guaranteed asset protection waivers must disclose, as applicable, in writing and in clear, understandable language that is easy to read, the following:

(1) The name and address of the initial creditor and the borrower at the time of sale, and the identity of any administrator if different from the creditor;

(2) The purchase price and the terms of the waiver, including without limitation, the requirements for protection, conditions, or exclusions associated with the waiver;

(3) That the borrower may cancel the waiver within a free look period as specified in the waiver, and will be entitled to a full refund of the purchase price, so long as no benefits have been provided; or in the event benefits have been provided, the borrower may receive a full or partial refund pursuant to the terms of the waiver;

(4) The procedure the borrower must follow, if any, to obtain waiver benefits under the terms and conditions of the waiver, including a telephone number and address where the borrower may apply for waiver benefits;

(5) Whether or not the waiver is cancellable after the free look period and the conditions under which it may be canceled or terminated including the procedures for requesting any refund due;

(6) That in order to receive any refund due in the event of a borrower's cancellation of the waiver agreement or early termination of the finance agreement after the free look period of the waiver, the borrower, in accordance with terms of the waiver, must provide a written request to cancel to the creditor, administrator, or such other party, within ninety days of the occurrence of the event terminating the finance agreement;

(7) The methodology for calculating any refund of the unearned purchase price of the waiver due, in the event of cancellation of the waiver or early termination of the finance agreement;

(8) That any refund of the purchase price for a waiver that was included in the financing of the motor vehicle or vessel may be applied by the creditor as a reduction of the overall amount owed under the finance agreement, rather than applying the refund strictly to the purchase price of the waiver. This disclosure must be conspicuously presented prior to the purchase of the waiver;

(9) That neither the extension of credit, the terms of the credit, nor the terms of the related motor vehicle sale or lease, may be conditioned upon the purchase of the waiver;

(10) That the guaranteed asset protection waiver is not credit insurance, nor does it eliminate the borrower's obligation to insure the motor vehicle as provided by laws of this state. Purchasing a

guaranteed asset protection waiver does not eliminate the borrower's rights and obligations under the vendor single-interest and collateral protection coverage laws of this state.

NEW SECTION. Sec. 7. (1) Guaranteed asset protection waiver agreements may be cancellable or noncancellable after the free look period. Waivers must provide that if a borrower cancels a waiver within the free look period, the borrower will be entitled to a full refund of the purchase price, so long as no benefits have been provided; or in the event benefits have been provided, the borrower may receive a full or partial refund pursuant to the terms of the waiver.

(2) In the event of a borrower's cancellation of the waiver or early termination of the finance agreement, after the agreement has been in effect beyond the free look period, the borrower may be entitled to a refund of any unearned portion of the purchase price of the waiver unless the waiver provides otherwise. In order to receive a refund, the borrower, in accordance with any applicable terms of the waiver, must provide a written request to the creditor, administrator, or other party, within ninety days of the event terminating the finance agreement.

(3) If the cancellation of a waiver occurs as a result of a default under the finance agreement or the repossession of the motor vehicle associated with the finance agreement, any refund due may be paid directly to the creditor or administrator and applied as set forth in subsection (4) of this section.

(4) Any cancellation refund under this section may be applied by the creditor as a reduction of the overall amount owed under the finance agreement, if the cost of the guaranteed asset protection waiver was included in the financing of the motor vehicle or vessel.

(5) Disclosure of how the refund may be applied by the creditor or administrator must be made in accordance with the provisions of section 6(8) of this act.

NEW SECTION. Sec. 8. (1) The commissioner may, subject to chapter 48.04 RCW, take action that is necessary or appropriate to enforce this chapter and to protect guaranteed asset protection waiver holders in this state, which includes:

(a) Suspending, revoking, or refusing to issue the registration of a person or entity if the registrant fails to comply with any provision of this chapter or fails to comply with any proper order or rule of the commissioner; and

(b) After hearing or with the consent of the registrant, and in addition to or in lieu of the suspension, revocation, or refusal to issue any registration, imposing a penalty of not more than two thousand dollars for each violation of this chapter.

(2) The commissioner may adopt rules to implement this chapter.

NEW SECTION. Sec. 9. (1) Any person who markets, offers for sale or sells a guaranteed asset protection waiver, or acts as an obligor for a guaranteed asset protection waiver without a registration, unless otherwise exempt from registration or exempt from this chapter, is acting in violation of this section and is subject to the provisions of section 8 of this act. In addition, any person who knowingly violates this section is guilty of a class B felony punishable under chapter 9A.20 RCW.

(2) Any criminal penalty imposed under this section is in addition to, and not in lieu of, any other civil or administrative penalty or sanction otherwise authorized under state law.

(3) If the commissioner has cause to believe that any person has violated this section, the commissioner may assess a civil penalty of not more than twenty-five thousand dollars for each violation, after providing notice and an opportunity for a hearing in accordance with chapter 48.04 RCW. Upon failure to pay this civil penalty when due, the attorney general may bring a civil action on behalf of the commissioner to recover the unpaid penalty.

(4) A person or entity that should have been registered at the time of the sale of a waiver who was not so registered pursuant to this chapter is personally liable for performance of the waiver. Any waiver sold by a person or entity that should have been registered at the time of the sale is voidable, except at the instance of the person or entity who sold the waiver.

NEW SECTION. Sec. 10. The guaranteed asset protection waiver account is created in the custody of the state treasurer. The fees and fines collected under this chapter must be deposited into the

account. Expenditures from the account may be used to implement, administer, and enforce this chapter. Only the commissioner or the commissioner's designee may authorize expenditures from the account. The account is subject to allotment procedures under chapter 43.88 RCW, but an appropriation is not required for expenditures.

Sec. 11. RCW 63.14.010 and 2003 c 368 s 2 are each amended to read as follows:

In this chapter, unless the context otherwise requires:

(1) "Goods" means all chattels personal when purchased primarily for personal, family, or household use and not for commercial or business use, but not including money or, except as provided in the next sentence, things in action. The term includes but is not limited to merchandise certificates or coupons, issued by a retail seller, to be used in their face amount in lieu of cash in exchange for goods or services sold by such a seller and goods which, at the time of sale or subsequently, are to be so affixed to real property as to become a part thereof, whether or not severable therefrom;

(2) "Lender credit card" means a card or device under a lender credit card agreement pursuant to which the issuer gives to a cardholder residing in this state the privilege of obtaining credit from the issuer or other persons in purchasing or leasing property or services, obtaining loans, or otherwise, and the issuer of which is not: (a) Principally engaged in the business of selling goods; or (b) a financial institution;

(3) "Lender credit card agreement" means an agreement entered into or performed in this state prescribing the terms of retail installment transactions pursuant to which the issuer may, with the buyer's consent, purchase or acquire one or more retail sellers' indebtedness of the buyer under a sales slip or memorandum evidencing the purchase, lease, loan, or otherwise to be paid in accordance with the agreement. The issuer of a lender credit card agreement shall not be principally engaged in the business of selling goods or be a financial institution;

(4) "Financial institution" means any bank or trust company, mutual savings bank, credit union, or savings and loan association organized pursuant to the laws of any one of the United States of America or the United States of America, or the laws of a foreign country if also qualified to conduct business in any one of the United States of America or pursuant to the laws of the United States of America;

(5) "Services" means work, labor, or services of any kind when purchased primarily for personal, family, or household use and not for commercial or business use whether or not furnished in connection with the delivery, installation, servicing, repair, or improvement of goods and includes repairs, alterations, or improvements upon or in connection with real property, but does not include services for which the price charged is required by law to be determined or approved by or to be filed, subject to approval or disapproval, with the United States or any state, or any department, division, agency, officer, or official of either as in the case of transportation services;

(6) "Retail buyer" or "buyer" means a person who buys or agrees to buy goods or obtain services or agrees to have services rendered or furnished, from a retail seller;

(7) "Retail seller" or "seller" means a person engaged in the business of selling goods or services to retail buyers;

(9) "Retail installment contract" or "contract" means a contract, other than a retail charge agreement, a lender credit card agreement, or an instrument reflecting a sale made pursuant thereto, entered into or performed in this state for a retail installment transaction. The term "retail installment contract" may include a chattel mortgage, a conditional sale contract, and a contract in the form of a bailment or

a lease if the bailee or lessee contracts to pay as compensation for their use a sum substantially equivalent to or in excess of the value of the goods sold and if it is agreed that the bailee or lessee is bound to become, or for no other or a merely nominal consideration, has the option of becoming the owner of the goods upon full compliance with the provisions of the bailment or lease. The term "retail installment contract" does not include: (a) A "consumer lease," heretofore or hereafter entered into, as defined in RCW 63.10.020; (b) a lease which would constitute such "consumer lease" but for the fact that: (i) It was entered into before April 29, 1983; (ii) the lessee was not a natural person; (iii) the lease was not primarily for personal, family, or household purposes; or (iv) the total contractual obligations exceeded twenty-five thousand dollars; or (c) a lease-purchase agreement under chapter 63.19 RCW;

(10) "Retail charge agreement," "revolving charge agreement," or "charge agreement" means an agreement between a retail buyer and a retail seller that is entered into or performed in this state and that prescribes the terms of retail installment transactions with one or more sellers which may be made thereunder from time to time and under the terms of which a service charge, as defined in this section, is to be computed in relation to the buyer's unpaid balance from time to time;

(11) "Service charge" however denominated or expressed, means the amount which is paid or payable for the privilege of purchasing goods or services to be paid for by the buyer in installments over a period of time. The sale price may include any taxes, registration and license fees, the cost of a guaranteed asset protection waiver, any vehicle dealer administrative fee, any vehicle dealer documentary service fee, and charges for transferring vehicle titles, delivery, installation, servicing, repairs, alterations, or improvements;

(13) "Official fees" means the amount of the fees prescribed by law and payable to the state, county, or other governmental agency for filing, recording, or otherwise perfecting, and releasing or satisfying, a retained title, lien, or other security interest created by a retail installment transaction;

(14) "Time balance" means the principal balance plus the service charge;

(15) "Principal balance" means the sale price of the goods or services which are the subject matter of a retail installment contract less the amount of the buyer's down payment in money or goods or both, plus the amounts, if any, included therein, if a separate identified charge is made therefor and stated in the contract, for insurance, any vehicle dealer administrative fee, any vehicle dealer documentary service fee, and official fees; and the amount actually paid or to be paid by the retail seller pursuant to an agreement with the buyer to discharge a security interest or lien on like-kind goods traded in or lease interest in the circumstance of a lease for like goods being terminated in conjunction with the sale pursuant to a retail installment contract;

(16) "Person" means an individual, partnership, joint venture, corporation, association, or any other group, however organized;

Your point of inquiry is not well taken."
