The electric vehicle ~~((charging infrastructure))~~ account is created in the transportation infrastructure account. Proceeds from the principal and interest payments made on loans from the account must be deposited into the account. Expenditures from the account may be used only for the purposes specified in RCW 47.04.350, sections 9 and 10 of this act, and the support of other transportation electrification and alternative fuel related purposes. Moneys in the account may be spent only after appropriation.

NEW SECTION. Sec. 16. A new section is added to chapter 47.04 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department's public-private partnership office must develop a pilot program to support clean alternative fuel car sharing programs to provide clean alternative fuel vehicle use opportunities to underserved communities and low to moderate income members of the workforce not readily served by transit or located in transportation corridors with emissions that exceed federal or state emissions standards. Nonprofit

organizations or local governments, including housing authorities, with a demonstrated history of managing or implementing low-income transportation clean alternative fuel and shared mobility pilot programs are eligible to participate in this program.

(2) The department must determine specific eligibility criteria, based on the requirements of this section, the report submitted to the legislature by the Puget Sound clean air agency entitled facilitating low-income utilization of electric vehicles, and other factors relevant to increasing clean alternative fuel vehicle use in underserved and low to moderate income communities. The department may adopt rules specifying the eligibility criteria it selects.

(3) The department may conduct preliminary workshops with potential bidders and other potential partners to determine the best method of designing the pilot program.

(4) The department must include the following elements in its proposal evaluation and scoring methodology: History of successful management of equity focused clean alternative fuel vehicle projects; substantial level of involvement from community-based, equity focused organizations in the project; plan for long-term financial sustainability of the work beyond the duration of the grant period; matching resources leveraged for the project; and geographical diversity of the projects selected.

(5) After selecting successful proposals under this section, the department may provide grant funding to them. The total grant amount available per project may range from fifty thousand to two hundred thousand dollars. The grant opportunity must include possible funding of vehicles, charging or refueling station infrastructure, staff time, and any other expenses required to implement the project. No more than ten percent of grant funds may be used for administrative expenses.

(6)(a) Any property acquired with state grant funding under this section by nongovernmental participants must be used solely for program purposes and, if sold, the proceeds of the sale must be used solely for program purposes.

(b) At the termination of a program for providing alternative fuel car sharing services, the state must be reimbursed for any property acquired with state grant funding under this section that nongovernmental participants in the program retain at the time of program termination. The amount of reimbursement may under no circumstances be less than the fair market value of the property at the time of the termination of the program.

NEW SECTION. Sec. 17. (1) Subject to the availability of amounts appropriated for this specific purpose, the department of commerce must conduct a study to identify opportunities to reduce barriers to battery and fuel cell electric vehicle adoption by lower income residents of the state through the use of vehicle and infrastructure financing assistance. The study must include an assessment of opportunities to work with nonprofit lenders to facilitate vehicle purchases through the use of loan-loss reserves and rate buy downs by qualified borrowers purchasing battery and fuel cell electric vehicles that are eligible for the tax exemptions under sections 9 and 10 of this act, and may address additional financing assistance opportunities identified. The study must focus on potential borrowers who are at or below eighty percent of the state median household income. The study may also address any additional opportunities identified to increase electric vehicle adoption by lower income residents of the state.

(2) The department of commerce must provide a report detailing the findings of this study to the transportation committees of the legislature by June 30, 2020, and may contract with a consultant on all or a portion of the study.

NEW SECTION. Sec. 18. A new section is added to chapter 47.66 RCW to read as follows:

(1)(a) Subject to the availability of amounts appropriated for this specific purpose, the department's public transportation division shall establish a green transportation capital grant program. The advisory committee must include representatives from the department of ecology, the department of commerce, the utilities and transportation commission, and at least one transit authority.

(3) In order to receive green transportation capital grant program funding for a project, a transit authority must provide matching funding for that project that is at least equal to twenty percent of the total cost of the project.

(4) The department's public transportation division must report annually to the transportation committees of the legislature on the status of any grant projects funded by the program created under this section.

NEW SECTION. Sec. 20. This section is the tax preference performance statement for the tax preferences contained in sections 21 and 22, chapter . . . , Laws of 2019 (sections 21 and 22 of this act). The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes the tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(2) It is the legislature's specific public policy objective to increase the use of electric vessels in Washington. It is the legislature's intent to establish a sales and use tax exemption on certain electric vessels in order to reduce the price charged to customers for electric vessels.

(3) To measure the effectiveness of the tax preferences in sections 21 and 22, chapter . . . , Laws of 2019 (sections 21 and 22 of this act) in achieving the public policy objectives described in subsection (2) of this section, the joint legislative audit and review committee must evaluate the number of electric vessels titled in the state.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the department of licensing and the department of revenue must provide data needed for the joint legislative audit and review committee analysis. In addition to the data source described under this subsection, the joint legislative audit and review committee may use any other data it deems necessary.

NEW SECTION. Sec. 21. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax imposed by RCW 82.08.020 does not apply to:

(a) The sale of new battery-powered electric marine propulsion systems with continuous power greater than fifteen kilowatts.

(b) The sale of new vessels equipped with propulsion systems that qualify under (a) of this subsection.

(2) Sellers may make tax exempt sales under this section only if the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(3) On the last day of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, must transfer from the multimodal transportation account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior calendar quarter but for the exemption provided in this section. Information provided by the department to the state treasurer must be based on the best available data, except that the department may provide estimates of taxes exempted under this section until such time as retailers are able to report such exempted amounts on their tax returns.

(4) For the purposes of this section:

(a) "Battery-powered electric marine propulsion system" means a fully electric outboard or inboard motor used by vessels, the sole source of propulsive power of which is the energy stored in the battery packs. The term includes required accessories, such as throttles, displays, and battery packs; and

(b) "Vessel" includes every watercraft, other than a seaplane, used or capable of being used as a means of transportation on the water.

(5) This section expires August 1, 2029.

NEW SECTION. Sec. 22. A new section is added to chapter 82.12 RCW to read as follows:

(1) The tax imposed by RCW 82.12.020 does not apply to the use of:

(a) New battery-powered electric marine propulsion systems with continuous power greater than fifteen kilowatts; and

(b) New vessels equipped with propulsion systems that qualify under (a) of this subsection.

(2) Sellers may make tax exempt sales under this section only if the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(3) On the last day of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, must transfer from the multimodal transportation account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior calendar quarter but for the exemption provided in this section. Information provided by the department to the state treasurer must be based on the best available data, except that the department may provide estimates of taxes exempted under this section until such time as retailers are able to report such exempted amounts on their tax returns.

(4) For the purposes of this section, "battery-powered electric marine propulsion system" and "vessel" have the same meanings as provided in section 22 of this act.

(5) This section expires August 1, 2029.

NEW SECTION. Sec. 23. A new section is added to chapter 46.17 RCW to read as follows:

To realize the environmental benefits of electrification of the transportation system it is necessary to support the adoption of electric vehicles and other electric technology in the state by incentivizing the purchase of these vehicles, building out the charging infrastructure, developing greener transit options, and supporting clean alternative fuel infrastructure. Therefore, it is the intent of the legislature to support these activities through the imposition of new transportation electrification fees in this section.

(1) A vehicle that both (a) uses at least one method of propulsion that is capable of being reenergized by an external source of electricity and (b) is capable of traveling at least thirty miles using only battery power, is subject to an annual one hundred fifty dollar transportation electrification fee to be collected by the department, county auditor, or other agent or subagent appointed by the director. For administrative efficiencies, the transportation electrification fee must be collected at the same time as vehicle registration renewals and may only be collected for vehicles that are renewing an annual vehicle registration.

(2) In lieu of the fee in subsection (1) of this section for a hybrid electric or alternative fuel vehicle that is not required to pay the fees established in RCW 46.17.323 (1) and (4), the department, county auditor, or other agent or subagent appointed by the director must require that the applicant for the annual vehicle

registration renewal of such hybrid electric or alternative fuel vehicle pay a fifty dollar hybrid vehicle transportation electrification fee.

(3) The fees required under this section must be deposited in the electric vehicle account created in RCW 82.44.200, until July 1, 2029, when the fee must be deposited in the motor vehicle account.

NEW SECTION. Sec. 24. Sections 1 through 7, 9 through 12, and 14 through 23 of this act take effect August 1, 2019.

NEW SECTION. Sec. 25. Sections 8 and 13 of this act take effect January 1, 2020."

The President Pro Tempore declared the question before the Senate to be the motion to not adopt the committee striking amendment by the Committee on Transportation to Engrossed Second Substitute House Bill No. 2042.

The motion by Senator Saldaña carried and the committee striking amendment was not adopted by voice vote.

MOTION

Senator Saldaña moved that the following striking amendment no. 832 by Senators Saldaña, Hobbs and King be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. The legislature finds that increasing the rate of adoption of electric vehicles and vessels and other clean alternative fuel vehicles will help to reduce harmful air pollution from exhaust emissions, including greenhouse gas emissions, in the state. The legislature also finds that an increased reliance on greener transit options will help to further reduce harmful air pollution from exhaust emissions. The legislature further finds that support for clean alternative fuel infrastructure can help to increase adoption of green transportation in the state, as noted in a 2015 joint transportation committee report. It is therefore the legislature's intent to drive green vehicle and vessel adoption and increased green transit use by: (1) Establishing and extending tax incentive programs for alternative fuel vehicles and related infrastructure, including for commercial vehicles; (2) providing funding for a capital grant program to assist transit authorities in reducing the carbon output of their fleets; (3) increasing public and private electric utilities' ability to invest in electric vehicle charging infrastructure; (4) establishing a technical assistance program for public agencies within the Washington State University's energy program; (5) funding a pilot program to test methods for facilitating access to alternative fuel vehicles and alternative fuel vehicle infrastructure by low-income residents of the state; (6) funding a study to examine opportunities to provide financing assistance to lower-income residents of the state who would like to purchase an electric

vehicle; and (7) establishing a tax incentive program for certain electric vessels.

Sec. 2. RCW 28B.30.903 and 2010 c 37 s 1 are each amended to read as follows:

(1) The Washington State University extension energy program shall provide information, technical assistance, and consultation on physical plant operation, maintenance, and construction issues to state and local governments, tribal governments, and nonprofit organizations through its plant operations support program. The Washington State University extension energy program may not enter into facilities design or construction contracts on behalf of state or local government agencies, tribal governments, or nonprofit organizations. The plant operations support program created in this section must be funded by voluntary subscription charges, service fees, and other funding acquired by or provided to Washington State University for such purposes.

(2) Subject to the availability of amounts appropriated for this specific purpose through the 2023-2025 biennium, the Washington State University extension energy program must establish and administer a technical assistance and education program focused on the use of alternative fuel vehicles. Education and assistance may be provided to public agencies, including local governments and other state political subdivisions.

Sec. 3. RCW 47.04.350 and 2015 3rd sp.s. c 44 s 403 are each amended to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose through the 2023-2025 biennium, the department's public-private partnership office must develop and maintain a ((pilot)) program to support the deployment of ((electric)) clean alternative fuel vehicle charging and refueling infrastructure that is supported by private financing.

(2) The department must define corridors in which bidders may propose to install electric vehicle charging infrastructure or hydrogen fueling stations, and may update these corridors over time as needed. Alternatively, a bidder may propose a corridor in which the bidder proposes to install electric vehicle infrastructure or hydrogen fueling stations if the department has adopted rules allowing such a proposal and establishing guidelines for how such a proposal will be considered.

(3)(a) For bid proposals under this section, the department must require the following:

(i) Bidders must have private sector partners contributing to the project who stand to gain indirect value from development of the project, such as motor vehicle manufacturers, retail stores, or tourism stakeholders;

(ii) Bidders must demonstrate that the proposed project will be valuable to ((electric)) clean alternative fuel vehicle drivers and will address an existing gap in the state's ((electric vehicle charging station)) low carbon transportation infrastructure;

(iii) Projects must be expected to be profitable and sustainable for the owner-operator and the private partner; and

(iv) Bidders must specify how the project captures the indirect value of charging or refueling station deployment to the private partner.

(b) The department may adopt rules that require any other criteria for a successful project.

(4) In evaluating proposals under this section, the department may use the electric vehicle financial analysis tool that was developed in the joint transportation committee's study into financing electric vehicle charging station infrastructure.

(5)(a) After selecting a successful proposer under this section, the department may provide a loan or grant to the proposer.

(b) Grants and loans issued under this subsection must be funded from the electric vehicle ((charging infrastructure)) account created in RCW 82.44.200.

(c) Any project selected for support under this section is eligible for only one grant or loan as a part of the ((pilot)) program.

(6) The department may conduct preliminary workshops with potential bidders and other potential private sector partners to determine the best method of designing and maintaining the ((pilot)) program, discuss how to develop and maintain the partnerships among the private sector partners that may receive indirect value, and any other issues relating to the implementation and administration of this section. The department should consider regional workshops to engage potential business partners from across the state.

(7) The department must adopt rules to implement and administer this section.

Sec. 4. 2019 c ... (SHB 1512) s 1 (uncodified) is amended to read as follows:

The legislature finds that:

(1) Programs for the electrification of transportation have the potential to allow electric utilities to optimize the use of electric grid infrastructure, improve the management of electric loads, and better manage the integration of variable renewable energy resources. Depending upon each utility's unique circumstances, electrification of transportation programs may provide cost-effective energy efficiency, through more efficient use of energy resources, and more efficient use of the electric delivery system. Electrification of transportation may result in cost savings and benefits for all ratepayers.

(2) State policy can achieve the greatest return on investment in reducing greenhouse gas emissions and improving air quality by expediting the transition to alternative fuel vehicles, including electric vehicles. Potential benefits associated with electrification of transportation include the monetization of environmental attributes associated with carbon reduction in the transportation sector.

(3) Legislative clarity is important for utilities to offer programs and services, including incentives, in the electrification of transportation for their customers. It is the intent of the legislature to allow all utilities to support transportation electrification to further the state's policy goals and achieve parity among all electric utilities, so each electric utility, depending on its unique circumstances, can determine its appropriate role in the development of electrification of transportation infrastructure.

Sec. 5. RCW 80.28.--- and 2019 c ... (SHB 1512) s 4 are each amended to read as follows:

(1) An electric utility regulated by the utilities and transportation commission under this chapter may submit to the commission an electrification of transportation plan that deploys electric vehicle supply equipment or provides other electric transportation programs, services, or incentives to support electrification of transportation ((; provided that such electric vehicle supply equipment, programs, or services may not increase costs to customers in excess of one quarter of one percent above the benefits of electric transportation to all customers over a period consistent with the utility's planning horizon under its most recent integrated resource plan)). The plans should align to a period consistent with either the utility's planning horizon under its most recent integrated resource plan or the time frame of the actions contemplated in the plan, and may include:

(a) Any programs that the utility is proposing contemporaneously with the plan filing or anticipates later in the plan period;

(b) Anticipated benefits of transportation electrification, based on a forecast of electric transportation in the utilities' service territory; and

(c) Anticipated costs of programs, subject to the restrictions in RCW 80.28.360.

(2) In reviewing an electrification of transportation plan under subsection (1) of this section, the commission may consider the following: (a) The applicability of multiple options for electrification of transportation across all customer classes; (b) the impact of electrification on the utility's load, and whether demand response or other load management opportunities, including direct load control and dynamic pricing, are operationally appropriate; (c) system reliability and distribution system efficiencies; (d) interoperability concerns, including the interoperability of hardware and software systems in electrification of transportation proposals; and (e) the benefits and costs of the planned actions~~((; and (f) the overall customer experience))~~.

(3) The commission must issue an acknowledgment of an electrification of transportation plan within six months of the submittal of the plan. The commission may establish by rule the requirements for preparation and submission of an electrification of transportation plan. An electric utility may submit a plan under this section before or during rule-making proceedings.

Sec. 6. RCW 80.28.360 and 2019 c ... (SHB 1512) s 5 are each amended to read as follows:

(1) In establishing rates for each electrical company regulated under this title, the commission may allow an incentive rate of return on investment through December 31, 2030, on capital expenditures for electric vehicle supply equipment that is deployed for the benefit of ratepayers, provided that the capital expenditures of the utilities' programs or plans in section 5(1) of this act do not increase ~~((costs to ratepayers))~~ the annual retail revenue requirement of the utility, after accounting for the benefits of transportation electrification in each year of the plan, in excess of one-quarter of one percent. The commission must consider and may adopt other policies to improve access to and promote fair competition in the provision of electric vehicle supply equipment.

(2) An incentive rate of return on investment under this section may be allowed only if the company chooses to pursue capital investment in electric vehicle supply equipment on a fully regulated basis similar to other capital investments behind a customer's meter. In the case of an incentive rate of return on investment allowed under this section, an increment of up to two percent must be added to the rate of return on common equity allowed on the company's other investments.

(3) The incentive rate of return on investment authorized in subsection (2) of this section applies only to projects which have been installed after July 1, 2015.

(4) The incentive rate of return on investment increment pursuant to this section may be earned only for a period up to the depreciable life of the electric vehicle supply equipment as defined in the depreciation schedules developed by the company and submitted to the commission for review. When the capital investment has fully depreciated, an electrical company may gift the electric vehicle supply equipment to the owner of the property on which it is located.

(5) By December 31, 2017, the commission must report to the appropriate committees of the legislature with regard to the use of any incentives allowed under this section, the quantifiable impacts of the incentives on actual electric vehicle deployment, and any recommendations to the legislature about utility participation in the electric vehicle market.

NEW SECTION. Sec. 7. This section is the tax preference performance statement for the tax preferences contained in sections 8 through 14, chapter . . . , Laws of 2019 (sections 8 through 14 of this act). The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes the tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(2) It is the legislature's specific public policy objective to increase the use of clean alternative fuel vehicles in Washington. It is the legislature's intent to establish and extend tax incentive programs for alternative fuel vehicles and related infrastructure by: (a) Reinstating the sales and use tax exemption on certain clean alternative fuel vehicles in order to reduce the price charged to customers for clean alternative fuel vehicles; (b) extending the business and occupation and public utility tax credit for clean alternative fuel commercial vehicles and expanding it to include clean alternative fuel infrastructure; (c) extending the sales and use tax exemption for electric vehicle batteries, fuel cells, and infrastructure and expanding it to include the electric battery and fuel cell components of electric buses and zero emissions buses; and (d) extending the leasehold excise tax exemption to tenants of public lands for battery and fuel cell electric vehicle infrastructure.

(3) To measure the effectiveness of the tax preferences in sections 8 through 14, chapter . . . , Laws of 2019 (sections 8 through 14 of this act) in achieving the public policy objectives described in subsection (2) of this section, the joint legislative audit and review committee must evaluate the number of clean alternative fuel vehicles titled in the state.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the department of licensing and the department of revenue must provide data needed for the joint legislative audit and review committee analysis. In addition to the data source described under this subsection, the joint legislative audit and review committee may use any other data it deems necessary.

Sec. 8. RCW 82.04.4496 and 2017 c 116 s 1 are each amended to read as follows:

(1)(a)(i) A person who is taxable under this chapter is allowed a credit against the tax imposed in this chapter according to the gross vehicle weight rating of the vehicle and the incremental cost of the vehicle purchased above the purchase price of a comparable conventionally fueled vehicle. The credit is limited, as set forth in the table below, to the lesser of the incremental cost amount or the maximum credit amount per vehicle purchased, and subject to a maximum annual credit amount per vehicle class.

Gross Vehicle Weight	Incremental Cost Amount	Maximum Credit Amount Per Vehicle	Maximum Annual Credit Per Vehicle Class
Up to 14,000 pounds	((50%)) 75% of incremental cost	\$25,000	\$2,000,000
14,001 to 26,500 pounds	((50%)) 75% of incremental cost	\$50,000	\$2,000,000
Above 26,500 pounds	((50%)) 75% of incremental cost	\$100,000	\$2,000,000

(ii) A person who is taxable under this chapter is allowed a credit against the tax imposed in this chapter for up to fifty percent

2019 REGULAR SESSION

of the cost to purchase alternative fuel vehicle infrastructure, tangible personal property that will become a component of alternative fuel vehicle infrastructure, and installation and construction of alternative fuel vehicle infrastructure, but excluding the cost of property acquisition and site improvement related to the installation of alternative fuel vehicle infrastructure. The credit is subject to a maximum annual credit amount of two million dollars.

(b) On September 1st of each year, any unused credits from any ~~((weight class))~~ category identified in ~~((the table in))~~ (a) of this subsection must be made available to applicants applying for credits under any other ~~((weight class listed))~~ category identified in (a) of this subsection, subject to the maximum annual and total credit amounts identified in this subsection. The credit established in this section and RCW 82.16.0496 is subject to a maximum annual credit amount of six million dollars, and a maximum total credit amount of thirty-two and one-half million dollars since the credit became available on July 15, 2015.

(c) The credit provided in (a)(i) of this subsection ~~((+))~~ is available for the lease of a vehicle. The credit amount for a leased vehicle is equal to the credit in (a)(i) of this subsection ~~((+))~~ multiplied by the lease reduction factor. The person claiming the credit for a leased vehicle must be the lessee as identified in the lease contract.

(2) A person who is taxable under this chapter is allowed, subject to the maximum annual credit per ~~((vehicle class))~~ category in subsection (1)(a) of this section, a credit against the tax imposed in this chapter for the lesser of twenty-five thousand dollars or ~~((thirty))~~ fifty percent of the costs of converting a commercial vehicle to be principally powered by a clean alternative fuel with a United States environmental protection agency certified conversion.

(4) A person may not receive credit under this section for amounts claimed as credits under chapter 82.16 RCW.

(5) Credits are available on a first-in-time basis.

(a) The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed under this section, and RCW 82.16.0496, during any calendar year to exceed six million dollars. The department must provide notification on its web site monthly on the amount of credits that have been applied for, the amount issued, and the amount remaining before the statewide annual limit is reached. In addition, the department must provide written notice to any person who has applied to claim tax credits in excess of the limitation in this subsection.

(b) The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed beginning July 15, 2015, under this section and RCW 82.16.0496 to exceed thirty-two and one-half million dollars. The department must provide notification on its web site monthly on the total amount of credits that have been applied for, the amount issued, and the amount remaining before the statewide limit is reached. In addition, the department must provide written notice to any person who has applied to claim tax credits in excess of the limitation in this subsection.

(6) For the purposes of the limits provided in this section, a credit must be counted against such limits for the calendar year in which the credit is earned.

(7) To claim a credit under this section a person must electronically file with the department all returns, forms, and any other information required by the department, in an electronic

format as provided or approved by the department. No refunds may be granted for credits under this section.

(v) The anticipated delivery date of the vehicle, the anticipated delivery date of the infrastructure or infrastructure components, the anticipated construction completion date of the infrastructure, or the anticipated installation completion date of the infrastructure;

(vi) The estimated annual fuel use of the vehicle in the anticipated duties or the estimated annual fuel to be supplied by the infrastructure;

(vii) The gross weight of each vehicle for vehicle credits;

(viii) For leased vehicles, a copy of the lease contract that includes the gross capitalized cost, residual value, and name of the lessee; and

(ix) Any other information deemed necessary by the department to support administration or reporting of the program.

(b) Within fifteen days of notice of credit availability from the department, provide notice of intent to claim the credit including:

(i) A copy of the order for the vehicle or infrastructure-related item, including the total cost for the vehicle or infrastructure-related item;

(ii) The anticipated delivery date of the vehicle or infrastructure or infrastructure component, which must be within one year of acceptance of the credit; ~~((and))~~

(iii) The anticipated construction or installation completion date of the infrastructure, which must be within two years of acceptance of the credit; and

(iv) Any other information deemed necessary by the department to support administration or reporting of the program.

(c) Provide final documentation within ~~((fifteen))~~ thirty days of receipt of the vehicle or infrastructure or infrastructure components or of completion of construction or installation of the infrastructure, including:

(vi) Any other information deemed necessary by the department to support administration or reporting of the program.

(9) A person applying for credit under subsection (8) of this section may apply for multiple vehicles on the same application, but the application must include the required information for each vehicle included in the application. A separate application is required for infrastructure-related items, but all infrastructure-related items at a single location may be included in a single

application provided the required information for each infrastructure-related item is included in the application.

(10) To administer the credits, the department must, at a minimum:

(a) Provide notification on its web site monthly of the amount of credits that have been applied for, claimed, and the amount remaining before the statewide annual limit ~~((is))~~ and total limit are reached;

(c) Within fifteen days of receipt of the notice of intent to claim the tax credit, notify the applicant of the approval, denial, or missing information in their notice; and

(d) Within fifteen days of receipt of final documentation, review the documentation and notify the person applying of the acceptance of their final documentation.

(11) If a person fails to supply the information as required in subsection (8) of this section, the department must deny the application.

(12)(a) Taxpayers are only eligible for a credit under this section based on:

(i) Sales or leases of new commercial vehicles and qualifying used commercial vehicles with propulsion units that are principally powered by a clean alternative fuel; ~~((or))~~

(ii) Costs to modify a commercial vehicle, including sales of tangible personal property incorporated into the vehicle and labor or service expenses incurred in modifying the vehicle, to be principally powered by a clean alternative fuel; or

(iii) Sales of alternative fuel vehicle infrastructure or infrastructure components, or the cost of construction or installation of alternative fuel vehicle infrastructure.

(b) A credit is earned when the purchaser or the lessee takes receipt of the qualifying commercial vehicle or infrastructure-related item, the vehicle conversion is complete, or the construction or installation of the infrastructure is complete.

(13) A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year, but may not be carried over a second year.

(14)(a) Beginning November 25, 2015, and on the 25th of February, May, August, and November of each year thereafter, the department must notify the state treasurer of the amount of credits taken under this section as reported on returns filed with the department during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.

(b) On the last day of March, June, September, and December of each year, the state treasurer, based upon information provided by the department, must transfer a sum equal to the dollar amount of the credit provided under this section from the multimodal transportation account to the general fund.

(15) The department must conduct outreach to interested parties to obtain input on how best to streamline the application process required for the credit made available in this section and RCW 82.16.0496 to further adoption of alternative fuel technologies in commercial vehicle fleets, and must incorporate the findings resulting from this outreach effort into the rules and practices it adopts to implement and administer this section and RCW 82.16.0496 to the extent permitted under law.

(16) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Alternative fuel vehicle infrastructure" means structures, machinery, and equipment necessary and integral to support a clean alternative fuel vehicle.

(b) "Auto transportation company" means any corporation or person owning, controlling, operating, or managing any motor propelled vehicle, used in the business of transporting persons for compensation over public highways within the state of Washington, between fixed points or over a regular route. For the purposes of this section, "auto transportation company" also includes the following categories of providers irrespective of whether they provide service between fixed points or over a regular route: "Private, nonprofit transportation provider" as defined in RCW 81.66.010, "charter party carrier" as defined in RCW 81.70.020, and paratransit service providers who primarily provide special needs transportation to individuals with disabilities and the elderly.

All commercial vehicles that provide transportation to passengers must be operated by an auto transportation company.

~~((d))~~ (e) "Gross capitalized cost" means the agreed upon value of the commercial vehicle and including any other items a person pays over the lease term that are included in such cost.

~~((e))~~ (f) "Lease reduction factor" means the vehicle gross capitalized cost less the residual value, divided by the gross capitalized cost.

~~((f))~~ (g) "Qualifying used commercial vehicle" means vehicles that:

(i) Have an odometer reading of less than four hundred fifty thousand miles;

(iv) Are being sold for the first time after modification.

~~((g))~~ (h) "Residual value" means the lease-end value of the vehicle as determined by the lessor, at the end of the lease term included in the lease contract.

~~((h))~~ (17) Credits may be earned under this section from January 1, 2016, ~~((through January 1, 2021))~~ until the maximum total credit amount in subsection (1)(b) of this section is reached, except for credits for leased vehicles, which may be earned from July 1, 2016, ~~((through January 1, 2021))~~ until the maximum total credit amount in subsection (1)(b) of this section is reached.

~~((17) Credits earned under this section may not be used after January 1, 2022.~~

~~((18) This section expires January 1, 2022.))~~

NEW SECTION. Sec. 9. A new section is added to chapter 82.08 RCW to read as follows:

(1) Beginning August 1, 2019, with sales made or lease agreements signed on or after the qualification period start date:

(a) The tax levied by RCW 82.08.020 does not apply as provided in (b) of this subsection to sales or leases of new or used passenger cars, light duty trucks, and medium duty passenger vehicles that:

(i) Are exclusively powered by a clean alternative fuel; or

(ii) Use at least one method of propulsion that is capable of being reenergized by an external source of electricity and are

capable of traveling at least thirty miles using only battery power; and

(iii)(A) Have a vehicle selling price plus trade-in property of like kind for purchased vehicles that:

(I) For a vehicle that is a new vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed forty-five thousand dollars; or

(II) For a vehicle that is a used vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed thirty thousand dollars; or

(B) Have a fair market value at the inception of the lease for leased vehicles that:

(I) For a vehicle that is a new vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed forty-five thousand dollars; or

(II) For a vehicle that is a used vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed thirty thousand dollars;

(b)(i) The exemption in this section is applicable for up to the amounts specified in (b)(ii) or (iii) of this subsection of:

(A) The total amount of the vehicle's selling price, for sales made; or

(B) The total lease payments made plus any additional selling price of the leased vehicle if the original lessee purchases the leased vehicle before the qualification period end date, for lease agreements signed.

(ii) Based on the purchase date or the date the lease agreement was signed of the vehicle if the vehicle is a new vehicle at the time of the purchase date or the date the lease agreement was signed:

(A) From the qualification period start date until July 31, 2021, the maximum amount eligible under (b)(i) of this subsection is twenty-five thousand dollars;

(B) From August 1, 2021, until July 31, 2023, the maximum amount eligible under (b)(i) of this subsection is twenty thousand dollars;

(iii) If the vehicle is a used vehicle at the time of the purchase date or the date the lease agreement was signed, the maximum amount eligible under (b)(i) of this subsection is sixteen thousand dollars.

(2) The seller must keep records necessary for the department to verify eligibility under this section. A person claiming the exemption must also submit itemized information to the department for all vehicles for which an exemption is claimed that must include the following: Vehicle make; vehicle model; model year; whether the vehicle has been sold or leased; date of sale or start date of lease; length of lease; sales price for purchased vehicles and fair market value at the inception of the lease for leased vehicles; and the total amount qualifying for the incentive claimed for each vehicle, in addition to the future monthly amount to be claimed for each leased vehicle. This information must be provided in a form and manner prescribed by the department.

(3)(a) The department of licensing must maintain and publish a list of all vehicle models qualifying for the tax exemptions under this section or section 10 of this act until the expiration date of this section, and is authorized to issue final rulings on vehicle model qualification for these criteria. A seller is not responsible for repayment of the tax exemption under this section and section 10 of this act for a vehicle if the department of licensing's published list of qualifying vehicle models on the purchase date or the date the lease agreement was signed includes the vehicle model and the department of licensing subsequently removes the

vehicle model from the published list, and, if applicable, the vehicle meets the qualifying criterion under subsection (1)(a)(iii)(B) of this section and section 10(1)(a)(iii)(B) of this act.

(b) The department of revenue retains responsibility for determining whether a vehicle meets the applicable qualifying criterion under subsection (1)(a)(iii)(B) of this section and section 10(1)(a)(iii)(B) of this act.

(4) On the last day of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, must transfer from the electric vehicle account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior calendar quarter but for the exemption provided in this section. Information provided by the department to the state treasurer must be based on the best available data, except that the department may provide estimates of taxes exempted under this section until such time as retailers are able to report such exempted amounts on their tax returns.

(5) By the last day of October 2019, and every six months thereafter until this section expires, based on the best available data, the department must report the following information to the transportation committees of the legislature: The cumulative number of vehicles that qualified for the exemption under this section and section 10 of this act by month of purchase or lease start and vehicle make and model; the dollar amount of all state retail sales and use taxes exempted on or after the qualification period start date, under this section and section 10 of this act; and estimates of the future costs of leased vehicles that qualified for the exemption under this section and section 10 of this act.

(6) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Clean alternative fuel" means natural gas, propane, hydrogen, or electricity, when used as a fuel in a motor vehicle that meets the California motor vehicle emission standards in Title 13 of the California Code of Regulations, effective January 1, 2019, and the rules of the Washington state department of ecology.

(b) "Fair market value" has the same meaning as "value of the article used" in RCW 82.12.010.

(c) "New vehicle" has the same meaning as "new motor vehicle" in RCW 46.04.358.

(d) "Qualification period end date" means August 1, 2025.

(e) "Qualification period start date" means the effective date of this section.

(f) "Used vehicle" has the same meaning as in RCW 46.04.660.

(7)(a) Sales of vehicles delivered to the buyer or leased vehicles for which the lease agreement was signed after the qualification period end date do not qualify for the exemption under this section.

(b) All leased vehicles that qualified for the exemption under this section before the qualification period end date must continue to receive the exemption as described under subsection (1)(b) of this section on any lease payments due through the remainder of the lease before the expiration date of this section.

(8) This section expires August 1, 2028.

(9) This section is supported by the revenues generated in section 23 of this act, and therefore takes effect only if section 23 of this act is enacted by June 30, 2019.

NEW SECTION. Sec. 10. A new section is added to chapter 82.12 RCW to read as follows:

(1) Beginning August 1, 2019, beginning with sales made or lease agreements signed on or after the qualification period start date:

(a) The provisions of this chapter do not apply as provided in (b) of this subsection in respect to the use of new or used

passenger cars, light duty trucks, and medium duty passenger vehicles that:

(i) Are exclusively powered by a clean alternative fuel; or
 (ii) Use at least one method of propulsion that is capable of being reenergized by an external source of electricity and are capable of traveling at least thirty miles using only battery power; and

(iii)(A) Have a fair market value at the time use tax is imposed for purchased vehicles that:

(I) For a vehicle that is a new vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed forty-five thousand dollars; or

Moneys in the account may be spent only after appropriation.

NEW SECTION. **Sec. 16.** A new section is added to chapter 47.04 RCW to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose through the 2023-2025 biennium, the department's public-private partnership office must develop a pilot program to support clean alternative fuel car sharing programs to provide clean alternative fuel vehicle use opportunities to underserved communities and low to moderate income members of the workforce not readily served by transit or located in transportation corridors with emissions that exceed federal or state emissions standards. Nonprofit organizations or local governments, including housing authorities, with a demonstrated history of managing or implementing low-income transportation clean alternative fuel and shared mobility pilot programs are eligible to participate in this program.

(2) The department must determine specific eligibility criteria, based on the requirements of this section, the report submitted to the legislature by the Puget Sound clean air agency entitled facilitating low-income utilization of electric vehicles, and other factors relevant to increasing clean alternative fuel vehicle use in underserved and low to moderate income communities. The department may adopt rules specifying the eligibility criteria it selects.

(3) The department may conduct preliminary workshops with potential bidders and other potential partners to determine the best method of designing the pilot program.

(4) The department must include the following elements in its proposal evaluation and scoring methodology: History of successful management of equity focused clean alternative fuel vehicle projects; substantial level of involvement from community-based, equity focused organizations in the project; plan for long-term financial sustainability of the work beyond the duration of the grant period; matching resources leveraged for the project; and geographical diversity of the projects selected.

(5) After selecting successful proposals under this section, the department may provide grant funding to them. The total grant amount available per project may range from fifty thousand to two hundred thousand dollars. The grant opportunity must include possible funding of vehicles, charging or refueling station infrastructure, staff time, and any other expenses required to implement the project. No more than ten percent of grant funds may be used for administrative expenses.

(b) At the termination of a program for providing alternative fuel car sharing services, the state must be reimbursed for any property acquired with state grant funding under this section that nongovernmental participants in the program retain at the time of program termination. The amount of reimbursement may under no circumstances be less than the fair market value of the property at the time of the termination of the program.

NEW SECTION. Sec. 17. (1) Subject to the availability of amounts appropriated for this specific purpose, the department of commerce must conduct a study to identify opportunities to reduce barriers to battery and fuel cell electric vehicle adoption by lower income residents of the state through the use of vehicle and infrastructure financing assistance. The study must include an assessment of opportunities to work with nonprofit lenders to facilitate vehicle purchases through the use of loan-loss reserves and rate buy downs by qualified borrowers purchasing battery and fuel cell electric vehicles that are eligible for the tax exemptions under sections 9 and 10 of this act, and may address additional financing assistance opportunities identified. The study must focus on potential borrowers who are at or below eighty percent of the state median household income. The study may also address any additional opportunities identified to increase electric vehicle adoption by lower income residents of the state.

(2) The department of commerce must provide a report detailing the findings of this study to the transportation committees of the legislature by June 30, 2020, and may contract with a consultant on all or a portion of the study.

The department's public transportation division shall identify projects and shall submit a prioritized list of all projects requesting

funding to the legislature by December 1st of each even-numbered year.

(b) The department's public transportation division shall select projects based on a competitive process that considers the following criteria:

(i) The cost-effectiveness of the reductions in carbon emissions provided by the project; and

(ii) The benefit provided to transitioning the entire state to a transportation system with lower carbon intensity.

(2) The department's public transportation division must establish an advisory committee to assist in identifying projects under subsection (1) of this section. The advisory committee must include representatives from the department of ecology, the department of commerce, the utilities and transportation commission, and at least one transit authority.

(3) In order to receive green transportation capital grant program funding for a project, a transit authority must provide matching funding for that project that is at least equal to twenty percent of the total cost of the project.

(4) The department's public transportation division must report annually to the transportation committees of the legislature on the status of any grant projects funded by the program created under this section.

(5) For purposes of this section, "transit authority" means a city transit system under RCW 35.58.2721 or chapter 35.95A RCW, a county public transportation authority under chapter 36.57 RCW, a metropolitan municipal corporation transit system under chapter 36.56 RCW, a public transportation benefit area under chapter 36.57A RCW, an unincorporated transportation benefit area under RCW 36.57.100, a regional transit authority under chapter 81.112 RCW, or any special purpose district formed to operate a public transportation system.

(2) The treasury income account shall be utilized to pay or receive funds associated with federal programs as required by the federal cash management improvement act of 1990. The treasury income account is subject in all respects to chapter 43.88 RCW, but no appropriation is required for refunds or allocations of interest earnings required by the cash management improvement act. Refunds of interest to the federal treasury required under the cash management improvement act fall under RCW 43.88.180 and shall not require appropriation. The office of financial management shall determine the amounts due to or from the federal government pursuant to the cash management improvement act. The office of financial management may direct transfers of funds between accounts as deemed necessary to implement the provisions of the cash management improvement act, and this subsection. Refunds or allocations shall occur prior to the distributions of earnings set forth in subsection (4) of this section.

(3) Except for the provisions of RCW 43.84.160, the treasury income account may be utilized for the payment of purchased banking services on behalf of treasury funds including, but not limited to, depository, safekeeping, and disbursement functions for the state treasury and affected state agencies. NEW SECTION. Sec. 20. This section is the tax preference performance statement for the tax preferences contained in sections 21 and 22, chapter . . . , Laws of 2019 (sections 21 and 22 of this act). The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes the tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(2) It is the legislature's specific public policy objective to increase the use of electric vessels in Washington. It is the legislature's intent to establish a sales and use tax exemption on certain electric vessels in order to reduce the price charged to customers for electric vessels.

(3) To measure the effectiveness of the tax preferences in sections 21 and 22, chapter . . . , Laws of 2019 (sections 21 and 22 of this act) in achieving the public policy objectives described in subsection (2) of this section, the joint legislative audit and review committee must evaluate the number of electric vessels titled in the state.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the department of licensing and the department of revenue must provide data needed for the joint legislative audit and review committee analysis. In addition to the data source described under this subsection, the joint legislative audit and review committee may use any other data it deems necessary.

NEW SECTION. Sec. 21. A new section is added to chapter 82.08 RCW to read as follows:

(1) The tax imposed by RCW 82.08.020 does not apply to:

(a) The sale of new battery-powered electric marine propulsion systems with continuous power greater than fifteen kilowatts.

(b) The sale of new vessels equipped with propulsion systems that qualify under (a) of this subsection.

(2) Sellers may make tax exempt sales under this section only if the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(3) On the last day of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, must transfer from the multimodal transportation account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior calendar quarter but for the exemption provided in this section. Information provided by the department to the state treasurer must be based on the best available data, except that the department may provide estimates of taxes exempted under this section until such time as retailers are able to report such exempted amounts on their tax returns.

(4) For the purposes of this section:

(a) "Battery-powered electric marine propulsion system" means a fully electric outboard or inboard motor used by vessels, the sole source of propulsive power of which is the energy stored in the battery packs. The term includes required accessories, such as throttles, displays, and battery packs; and

(b) "Vessel" includes every watercraft, other than a seaplane, used or capable of being used as a means of transportation on the water.

(5) This section expires July 1, 2025.

NEW SECTION. Sec. 22. A new section is added to chapter 82.12 RCW to read as follows:

(1) The tax imposed by RCW 82.12.020 does not apply to the use of:

(a) New battery-powered electric marine propulsion systems with continuous power greater than fifteen kilowatts; and

(2) Sellers may make tax exempt sales under this section only if the buyer provides the seller with an exemption certificate in a form and manner prescribed by the department. The seller must retain a copy of the certificate for the seller's files.

(3) On the last day of January, April, July, and October of each year, the state treasurer, based upon information provided by the department, must transfer from the multimodal transportation account to the general fund a sum equal to the dollar amount that would otherwise have been deposited into the general fund during the prior calendar quarter but for the exemption provided in this section. Information provided by the department to the state treasurer must be based on the best available data, except that the department may provide estimates of taxes exempted under this section until such time as retailers are able to report such exempted amounts on their tax returns.

(4) For the purposes of this section, "battery-powered electric marine propulsion system" and "vessel" have the same meanings as provided in section 22 of this act.

(5) This section expires July 1, 2025.

NEW SECTION. Sec. 23. A new section is added to chapter 46.17 RCW to read as follows:

To realize the environmental benefits of electrification of the transportation system it is necessary to support the adoption of electric vehicles and other electric technology in the state by incentivizing the purchase of these vehicles, building out the charging infrastructure, developing greener transit options, and supporting clean alternative fuel infrastructure. Therefore, it is the intent of the legislature to support these activities through the imposition of new transportation electrification fees in this section.

(1) A vehicle that both (a) uses at least one method of propulsion that is capable of being reenergized by an external source of electricity and (b) is capable of traveling at least thirty miles using only battery power, is subject to an annual seventy-five dollar transportation electrification fee to be collected by the department, county auditor, or other agent or subagent appointed by the director, in addition to any other fees and taxes required by law. For administrative efficiencies, the transportation electrification fee must be collected at the same time as vehicle registration renewals and may only be collected for vehicles that are renewing an annual vehicle registration.

(2) Beginning October 1, 2019, in lieu of the fee in subsection (1) of this section for a electric or alternative fuel vehicle that is not required to pay the fees established in RCW 46.17.323 (1) and (4), the department, county auditor, or other agent or subagent appointed by the director must require that the applicant for the annual vehicle registration renewal of such electric or alternative fuel vehicle pay a seventy-five dollar hybrid vehicle transportation electrification fee, in addition to any other fees and taxes required by law.

(3) The fees required under this section must be deposited in the electric vehicle account created in RCW 82.44.200, until July 1, 2025, when the fee must be deposited in the motor vehicle account.

MESSAGE FROM THE HOUSE

April 27, 2019

MR. PRESIDENT:

The House receded from its amendment(s) to ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5290. Under suspension of the rules, the bill was returned to second reading for the purposes of amendment(s). The House adopted the following amendment(s): 5290-S2.E AMH SENN H3195.2, and passed the bill as amended by the House.

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature finds that it is a goal of our state to divert juveniles who have committed status offenses, behaviors that are prohibited under law only because of an individual's status as a minor, away from the juvenile justice system because a stay in detention is a predictive factor for future criminal justice system involvement. The legislature finds that Washington has been using the valid court order exception of the juvenile justice and delinquency prevention act, a loophole in federal law allowing judges to detain status offenders for disobeying court orders, more than any other state in the country.

The legislature finds that use of the valid court order exception to detain youth for acts like truancy, breaking curfew, or running away from home is counterproductive and may worsen outcomes for at-risk youth.

(2) The legislature further finds that these youth should not be confined with or treated with the same interventions as criminal offenders. The legislature also finds that studies show a disproportionality in race, gender, and socioeconomic status of youth referred to courts or detained, or both. Likewise, the legislature finds that community-based interventions are more effective at addressing underlying causes of status offenses than detention and can reduce court caseloads and lower system costs. As a result, it is the intent of the legislature to strengthen and fund community-based programs that are culturally relevant and focus on addressing disproportionality of youth of color, especially at-risk youth.

(3) The legislature finds that appropriate interventions may include secure, semi-secure, and nonsecure out-of-home placement options, community-based mentoring, counseling, family reconciliation, behavioral health services, and other services designed to support youth and families in crisis and to prevent the need for out-of-home placement. The legislature recognizes that in certain circumstances, a court may find pursuant to this act that less restrictive alternatives to secure confinement are not available or appropriate and that clear, cogent, and convincing evidence requires commitment to a secure residential program with intensive wraparound services. The legislature intends to expand the availability of such interventions statewide by July 1, 2023.

NEW SECTION. Sec. 2. A new section is added to chapter 7.21 RCW to read as follows:

(1) It is the policy of the state of Washington to eliminate the use of juvenile detention as a remedy for contempt of a valid court order for youth under chapters 13.34 and 28A.225 RCW and child in need of services petition youth under chapter 13.32A RCW.

(a) Beginning July 1, 2020, youth may not be committed to juvenile detention as a contempt sanction under chapter 13.34 RCW, and a warrant may not be issued for such youth for failure to appear at a court hearing that requires commitment of such youth to juvenile detention.

(b) Beginning July 1, 2020, youth may not be committed to juvenile detention as a contempt sanction for child in need of services proceedings under chapter 13.32A RCW, and a warrant may not be issued for such youth for failure to appear at a court hearing that requires commitment of such youth to juvenile detention.

(c) Beginning July 1, 2021, youth may not be committed to juvenile detention as a contempt sanction for truancy proceedings under chapter 28A.225 RCW, and a warrant may not be issued for such youth for failure to appear at a court hearing that requires commitment of such youth to juvenile detention.

(2)(a) It is also the policy of the state of Washington to entirely phase out the use of juvenile detention as a remedy for contempt of a valid court order for at-risk youth under chapter 13.32A RCW by July 1, 2023. After this date, at-risk youth may not be committed to juvenile detention as a contempt sanction under chapter 13.32A RCW, and a warrant may not be issued for failure to appear at a court hearing that requires commitment of the at-risk youth to juvenile detention.

(b) Until July 1, 2023, any at-risk youth committed to juvenile detention as a sanction for contempt under chapter 13.32A RCW, or for failure to appear at a court hearing under chapter 13.32A RCW, must be detained in such a manner so that no direct communication or physical contact may be made between the youth and any youth who is detained to juvenile detention

pursuant to a violation of criminal law, unless these separation requirements would result in a youth being detained in solitary confinement.

(c) After July 1, 2023, at-risk youth may be committed to a secure residential program with intensive wraparound services, subject to the requirements under RCW 13.32A.250, as a remedial sanction for contempt under chapter 13.32A RCW or for failure to appear at a court hearing under chapter 13.32A RCW.

Sec. 3. RCW 7.21.030 and 2001 c 260 s 6 are each amended to read as follows:

(1) The court may initiate a proceeding to impose a remedial sanction on its own motion or on the motion of a person aggrieved by a contempt of court in the proceeding to which the contempt is related. Except as provided in RCW 7.21.050, the court, after notice and hearing, may impose a remedial sanction authorized by this chapter.

(2) If the court finds that the person has did not carry or refused to perform an act that is yet within the person's power to perform, the court may find the person in contempt of court and impose one or more of the following remedial sanctions:

(a) Imprisonment if the contempt of court is of a type defined in RCW 7.21.010(1) (b) through (d). The imprisonment may extend only so long as it serves a coercive purpose.

(b) A forfeiture not to exceed two thousand dollars for each day the contempt of court continues.

(c) An order designed to ensure compliance with a prior order of the court.

(d) Any other remedial sanction other than the sanctions specified in (a) through (c) of this subsection if the court expressly finds that those sanctions would be ineffectual to terminate a continuing contempt of court.

(e)(i) In cases under chapters 13.32A, 13.34, and 28A.225 RCW and subject to the requirements under RCW 13.32A.250 and 28A.225.090, commitment to juvenile detention for a period of time not to exceed ~~(seven days)~~ seventy-two hours, excluding Saturdays, Sundays, and holidays. The seventy-two hour period shall commence upon the next nonholiday weekday following the court order and shall run to the end of the last nonholiday weekday within the seventy-two hour period. This sanction may be imposed in addition to, or as an alternative to, any other remedial sanction authorized by this chapter. This remedy is specifically determined to be a remedial sanction.

(ii) Prior to committing any youth to juvenile detention as a sanction for contempt under chapter 13.32A, 13.34, or 28A.225 RCW, or for failure to appear at a court hearing under chapter 13.32A, 13.34, or 28A.225 RCW, the court must:

(A) Consider, on the record, the mitigating and aggravating factors used to determine the appropriateness of detention for enforcement of its order;

(B) Enter written findings affirming that it considered all less restrictive options, that detention is the only appropriate alternative, including its rationale and the clear, cogent, and convincing evidence used to enforce the order;

(C) Afford the same due process considerations that it affords all youth in criminal contempt proceedings; and

(D) Seek input from all relevant parties, including the youth.

(iii) Detention periods for youth sanctioned to juvenile detention for contempt under chapter 13.32A, 13.34, or 28A.225 RCW, or for failure to appear at a court hearing under chapter 13.32A, 13.34, or 28A.225 RCW, shall be:

(A) No more than seventy-two hours, regardless of the number of violations being considered at the hearing; and

(3) The court may, in addition to the remedial sanctions set forth in subsection (2) of this section, order a person found in contempt of court to pay a party for any losses suffered by the party as a result of the contempt and any costs incurred in connection with the contempt proceeding, including reasonable attorney's fees.

Sec. 13. RCW 28A.225.090 and 2017 c 291 s 5 are each amended to read as follows:

(1) A court may order a child subject to a petition under RCW 28A.225.035 to do one or more of the following:

(a) Attend the child’s current school, and set forth minimum attendance requirements, which shall not consider a suspension day as an unexcused absence;

(b) If there is space available and the program can provide educational services appropriate for the child, order the child to attend another public school, an alternative education program, center, a skill center, dropout prevention program, or another public educational program;

(c) Attend a private nonsectarian school or program including an education center. Before ordering a child to attend an approved or certified private nonsectarian school or program, the court shall: (i) Consider the public and private programs available; (ii) find that placement is in the best interest of the child; and (iii) find that the private school or program is willing to accept the child and will not charge any fees in addition to those established by contract with the student’s school district. If the court orders the child to enroll in a private school or program, the child’s school district shall contract with the school or program to provide educational services for the child. The school district shall not be required to contract for a weekly rate that exceeds the state general apportionment dollars calculated on a weekly basis generated by the child and received by the district. A school district shall not be required to enter into a contract that is longer than the remainder of the school year. A school district shall not

be required to enter into or continue a contract if the child is no longer enrolled in the district;

(d) Submit to a substance abuse assessment if the court finds on the record that such assessment is appropriate to the circumstances and behavior of the child and will facilitate the child’s compliance with the mandatory attendance law and, if any assessment, including a urinalysis test ordered under this subsection indicates the use of controlled substances or alcohol, order the minor to abstain from the unlawful consumption of controlled substances or alcohol and adhere to the recommendations of the substance abuse assessment at no expense to the school; or

(e) Submit to a mental health evaluation or other diagnostic evaluation and adhere to the recommendations of the drug assessment, at no expense to the school, if the court finds on the court records that such evaluation is appropriate to the circumstances and behavior of the child, and will facilitate the child’s compliance with the mandatory attendance law.

(2)(a) If the child fails to comply with the court order, the court may impose:

- (i) Community restitution;
- (ii) Nonresidential programs with intensive wraparound services;
- (iii) A requirement that the child meet with a mentor for a specified number of times; or
- (iv) Other services and interventions that the court deems appropriate.

(b) If the child continues to fail to comply with the court order and the court makes a finding that other measures to secure compliance have been tried but have been unsuccessful and no less restrictive alternative is available, the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e). Failure by a child to comply with an order issued under this subsection shall not be subject to detention for a period greater than that permitted pursuant to a civil contempt proceeding against a child under chapter 13.32A RCW. Detention ordered under this subsection may be for no longer than ~~((seven days))~~ seventy-two hours. Detention ordered under this subsection shall preferably be served at a secure crisis residential center close to the child’s home rather than in a juvenile detention facility. A warrant of arrest for a child under this subsection may not be served on a child inside of school during school hours in a location where other students are present.

(3) Any parent violating any of the provisions of either RCW 28A.225.010, 28A.225.015, or 28A.225.080 shall be fined not more than twenty-five dollars for each day of unexcused absence from school. The court shall remit fifty percent of the fine collected under this section to the child’s school district. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child’s school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community restitution instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child’s attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child’s absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may impose alternatives to detention

such as meaningful community restitution. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW.

(5) Nothing in this section shall be construed to limit the court's inherent contempt power or curtail its exercise.

(6) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year old child required to attend public school under RCW 28A.225.015.

The court shall remit fifty percent of the fine collected under this section to the child's school district. It shall be a defense for a parent charged with violating RCW 28A.225.010 to show that he or she exercised reasonable diligence in attempting to cause a child in his or her custody to attend school or that the child's school did not perform its duties as required in RCW 28A.225.020. The court may order the parent to provide community restitution instead of imposing a fine. Any fine imposed pursuant to this section may be suspended upon the condition that a parent charged with violating RCW 28A.225.010 shall participate with the school and the child in a supervised plan for the child's attendance at school or upon condition that the parent attend a conference or conferences scheduled by a school for the purpose of analyzing the causes of a child's absence.

(4) If a child continues to be truant after entering into a court-approved order with the truancy board under RCW 28A.225.035, the juvenile court shall find the child in contempt, and the court may ~~((order the child to be subject to detention, as provided in RCW 7.21.030(2)(e), or may))~~ impose alternatives to detention ~~((such as meaningful community restitution. Failure by a child to comply with an order issued under this subsection may not subject a child to detention for a period greater than that permitted under a civil contempt proceeding against a child under chapter 13.32A RCW))~~ consistent with best practice models for reengagement with school.

(5) Nothing in this section shall be construed to limit the court's inherent contempt power or curtail its exercise.

(6) Subsections (1), (2), and (4) of this section shall not apply to a six or seven year old child required to attend public school under RCW 28A.225.015.

Sec. 15. RCW 43.185C.260 and 2018 c 58 s 61 are each amended to read as follows:

(1) A law enforcement officer shall take a child into custody:

(a) If a law enforcement agency has been contacted by the parent of the child that the child is absent from parental custody without consent; or

(b) If a law enforcement officer reasonably believes, considering the child's age, the location, and the time of day, that a child is in circumstances which constitute a danger to the child's safety or that a child is violating a local curfew ordinance; or

(c) If an agency legally charged with the supervision of a child has notified a law enforcement agency that the child has run away from placement ~~((or~~

~~((if a law enforcement agency has been notified by the juvenile court that the court finds probable cause exists to believe that the child has violated a court placement order issued under~~

2019 REGULAR SESSION

~~this chapter or chapter 13.34 RCW or that the court has issued an order for law enforcement pick-up of the child under this chapter or chapter 13.34 RCW).~~

(2) Law enforcement custody shall not extend beyond the amount of time reasonably necessary to transport the child to a destination authorized by law and to place the child at that destination. Law enforcement custody continues until the law enforcement officer transfers custody to a person, agency, or other authorized entity under this chapter, or releases the child because no placement is available. Transfer of custody is not complete unless the person, agency, or entity to whom the child is released agrees to accept custody.

(3) If a law enforcement officer takes a child into custody pursuant to either subsection (1)(a) or (b) of this section and transports the child to a crisis residential center, the officer shall, within twenty-four hours of delivering the child to the center, provide to the center a written report detailing the reasons the officer took the child into custody. The center shall provide the department of children, youth, and families with a copy of the officer's report if the youth is in the care of or receiving services from the department of children, youth, and families.

(4) If the law enforcement officer who initially takes the juvenile into custody or the staff of the crisis residential center have reasonable cause to believe that the child is absent from home because he or she is abused or neglected, a report shall be made immediately to the department of children, youth, and families.

(5) Nothing in this section affects the authority of any political subdivision to make regulations concerning the conduct of minors in public places by ordinance or other local law.

(6) If a law enforcement officer has a reasonable suspicion that a child is being unlawfully harbored in violation of RCW 13.32A.080, the officer shall remove the child from the custody of the person harboring the child and shall transport the child to one of the locations specified in RCW 43.185C.265.

(7) No child may be placed in a secure facility except as provided in this chapter.

Sec. 16. RCW 43.185C.265 and 2015 c 69 s 14 are each amended to read as follows:

(1) An officer taking a child into custody under RCW 43.185C.260(1) (a) or (b) shall inform the child of the reason for such custody and shall:

(a) Transport the child to his or her home or to a parent at his or her place of employment, if no parent is at home. The parent may request that the officer take the child to the home of an adult extended family member, responsible adult, crisis residential center, the department of ~~((social and health services))~~ children, youth, and families, or a licensed youth shelter. In responding to the request of the parent, the officer shall take the child to a requested place which, in the officer's belief, is within a reasonable distance of the parent's home. The officer releasing a child into the custody of a parent, an adult extended family member, responsible adult, or a licensed youth shelter shall inform the person receiving the child of the reason for taking the child into custody and inform all parties of the nature and location of appropriate services available in the community; or

(b) After attempting to notify the parent, take the child to a designated crisis residential center's secure facility or a center's semi-secure facility if a secure facility is full, not available, or not located within a reasonable distance if:

(i) The child expresses fear or distress at the prospect of being returned to his or her home which leads the officer to believe there is a possibility that the child is experiencing some type of abuse or neglect;

(ii) It is not practical to transport the child to his or her home or place of the parent's employment; or

(iii) There is no parent available to accept custody of the child; or

(c) After attempting to notify the parent, if a crisis residential center is full, not available, or not located within a reasonable distance, request the department of ~~((social and health services))~~ children, youth, and families to accept custody of the child. If the department of ~~((social and health services))~~ children, youth, and families determines that an appropriate placement is currently available, the department of ~~((social and health services))~~ children, youth, and families shall accept custody and place the child in an out-of-home placement. Upon accepting custody of a child from the officer, the department of ~~((social and health services))~~ children, youth, and families may place the child in an out-of-home placement for up to seventy-two hours, excluding Saturdays, Sundays, and holidays, without filing a child in need of services petition, obtaining parental consent, or obtaining an order for placement under chapter 13.34 RCW. Upon transferring a child to the department of ~~((social and health services'))~~ children, youth, and families' custody, the officer shall provide written documentation of the reasons and the statutory basis for taking the child into custody. If the department of ~~((social and health services))~~ children, youth, and families declines to accept custody of the child, the officer may release the child after attempting to take the child to the following, in the order listed: The home of an adult extended family member; a responsible adult; or a licensed youth shelter. The officer shall immediately notify the department of ~~((social and health services))~~ children, youth, and families if no placement option is available and the child is released.

(2) An officer taking a child into custody under RCW 43.185C.260(1)(c) ~~((or (d)))~~ shall inform the child of the reason for custody. An officer taking a child into custody under RCW 43.185C.260(1)(c) may release the child to the supervising agency, may return the child to the placement authorized by the supervising agency, or shall take the child to a designated crisis residential center ~~((s secure facility. If the secure facility is not available, not located within a reasonable distance, or full, the officer shall take the child to a semi-secure crisis residential center. An officer taking a child into custody under RCW 43.185C.260(1)(d) may place the child in a juvenile detention facility as provided in RCW 43.185C.270 or a secure facility, except that the child shall be taken to detention whenever the officer has been notified that a juvenile court has entered a detention order under this chapter or chapter 13.34 RCW)).~~

(3) Every officer taking a child into custody shall provide the child and his or her parent or parents or responsible adult with a copy of the statement specified in RCW 43.185C.290(6).

(4) Whenever an officer transfers custody of a child to a crisis residential center or the department of ~~((social and health services))~~ children, youth, and families, the child may reside in the crisis residential center or may be placed by the department of ~~((social and health services))~~ children, youth, and families in an out-of-home placement for an aggregate total period of time not to exceed seventy-two hours excluding Saturdays, Sundays, and holidays. Thereafter, the child may continue in out-of-home placement only if the parents have consented, a child in need of services petition has been filed, or an order for placement has been entered under chapter 13.34 RCW.

(5) The department of ~~((social and health services))~~ children, youth, and families shall ensure that all law enforcement authorities are informed on a regular basis as to the location of all designated secure and semi-secure facilities within centers in their

jurisdiction, where children taken into custody under RCW 43.185C.260 may be taken.

Sec. 17. RCW 2.56.032 and 2016 c 205 s 19 are each amended to read as follows:

(1)(a) To accurately track the extent to which courts order youth into a secure detention facility in Washington state for the violation of a court order related to a truancy, at-risk youth, or a child in need of services petition, all juvenile courts shall transmit youth-level secure detention data to the administrative office of the courts.

(b) Data may either be entered into the statewide management information system for juvenile courts or securely transmitted to the administrative office of the courts at least monthly. Juvenile courts shall provide, at a minimum, the name and date of birth for the youth, the court case number assigned to the petition, the reasons for admission to the juvenile detention facility, the date of admission, the date of exit, and the time the youth spent in secure confinement.

(c) Courts are also encouraged to report individual-level data reflecting whether a detention alternative, such as electronic monitoring, was used, and the time spent in detention alternatives.

(d) The administrative office of the courts and the juvenile court administrators must work to develop uniform data standards for detention.

(2) The administrative office of the courts shall deliver an annual statewide report to the legislature that details the number of Washington youth who are placed into detention facilities during the preceding calendar year. The first report shall be delivered by March 1, 2017, and shall detail the most serious reason for detention and youth gender, race, and ethnicity. The report must have a specific emphasis on youth who are detained for reasons relating to a truancy, at-risk youth, or a child in need of services petition. The report must:

(a) Consider the written findings described in RCW 7.21.030(2)(c)(ii)(B), and provide an analysis of the rationale and evidence used and the less restrictive options considered;

(b) Monitor the utilization of alternatives to detention;

(c) Track trends in the use of at-risk youth petitions;

(d) Track trends in the use of secure residential programs with intensive wraparound services; and

(e) Track the race and gender of youth with at-risk petitions.

MESSAGE FROM THE HOUSE

ONE HUNDRED FIFTH DAY, APRIL 28, 2019

2019 REGULAR SESSION

April 27, 2019

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5695 with the following amendment(s): 5695-S AMH ENGR H2801.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature finds that individuals who engage in contrived or repeated violations of the state's high occupancy vehicle lane restrictions frustrate the state's congestion management, and justifiably incite indignation and anger among fellow transportation system users. The legislature intends the escalating penalties prescribed in this act to rebuke and discourage such conduct within Washington's transportation system.

Sec. 2. RCW 46.20.289 and 2016 c 203 s 6 are each amended to read as follows:

Except for traffic violations committed under RCW 46.61.165, the department shall suspend all driving privileges of a person when the department receives notice from a court under RCW 46.63.070(6), 46.63.110(6), or 46.64.025 that the person has did not carry to respond to a notice of traffic infraction for a moving violation, did not carry to appear at a requested hearing for a moving violation, violated a written promise to appear in court for a notice of infraction for a moving violation, or has did not carry to comply with the terms of a notice of traffic infraction, criminal complaint, or citation for a moving violation, or when the department receives notice from another state under Article IV of the nonresident violator compact under RCW 46.23.010 or from a jurisdiction that has entered into an agreement with the department under RCW 46.23.020, other than for a standing, stopping, or parking violation, provided that the traffic infraction or traffic offense is committed on or after July 1, 2005. A suspension under this section takes effect pursuant to the provisions of RCW 46.20.245, and remains in effect until the department has received a certificate from the court showing that the case has been adjudicated, and until the person meets the requirements of RCW 46.20.311. In the case of failure to respond to a traffic infraction issued under RCW 46.55.105, the department shall suspend all driving privileges until the person provides evidence from the court that all penalties and restitution have been paid. A suspension under this section does not take effect if, prior to the effective date of the suspension, the department receives a certificate from the court showing that the case has been adjudicated.

Sec. 3. RCW 46.61.165 and 2013 c 26 s 2 are each amended to read as follows:

(1) The state department of transportation and the local authorities are authorized to reserve all or any portion of any highway under their respective jurisdictions, including any designated lane or ramp, for the exclusive or preferential use of one or more of the following: (a) Public transportation vehicles; (b) motorcycles; (c) private motor vehicles carrying no fewer than a specified number of passengers; or (d) the following private transportation provider vehicles if the vehicle has the capacity to carry eight or more passengers, regardless of the number of passengers in the vehicle, and if such use does not interfere with the efficiency, reliability, and safety of public transportation operations: (i) Auto transportation company vehicles regulated under chapter 81.68 RCW; (ii) passenger charter carrier vehicles regulated under chapter 81.70 RCW, except marked or unmarked stretch limousines and stretch sport utility vehicles as defined under department of licensing rules; (iii) private nonprofit transportation provider vehicles regulated under chapter 81.66

RCW; and (iv) private employer transportation service vehicles, when such limitation will increase the efficient utilization of the highway or will aid in the conservation of energy resources.

(2) Any transit-only lanes that allow other vehicles to access abutting businesses that are authorized pursuant to subsection (1) of this section may not be authorized for the use of private transportation provider vehicles as described under subsection (1) of this section.

(3) The state department of transportation and the local authorities authorized to reserve all or any portion of any highway under their respective jurisdictions, for exclusive or preferential use, may prohibit the use of a high occupancy vehicle lane by the following private transportation provider vehicles: (a) Auto transportation company vehicles regulated under chapter 81.68 RCW; (b) passenger charter carrier vehicles regulated under chapter 81.70 RCW, and marked or unmarked limousines and stretch sport utility vehicles as defined under department of licensing rules; (c) private nonprofit transportation provider vehicles regulated under chapter 81.66 RCW; and (d) private employer transportation service vehicles, when the average transit speed in the high occupancy vehicle lane fails to meet department of transportation standards and falls below forty-five miles per hour at least ninety percent of the time during the peak hours, as determined by the department of transportation or the local authority, whichever operates the facility.

(4) Regulations authorizing such exclusive or preferential use of a highway facility may be declared to be effective at all times or at specified times of day or on specified days. Violation of a restriction of highway usage prescribed by the appropriate authority under this section is a traffic infraction. A person who commits a traffic infraction under this section is also subject to additional monetary penalties as defined in this subsection. The additional monetary penalties are separate from the base penalty, fees, and assessments issued for the traffic infraction and are intended to raise awareness, and improve the efficiency, of the high occupancy vehicle lane system.

(a) Whenever a person commits a traffic infraction under this section, an additional monetary penalty of fifty dollars must be collected, and, in the case that a person has already committed a violation under this section within two years of committing this violation, then an additional one hundred fifty dollars must be collected.

(b) Any time a person commits a traffic infraction under this section and is using a dummy, doll, or other human facsimile to make it appear that an additional person is in the vehicle, the person must be assessed a two hundred dollar penalty, which is in addition to the penalties in (a) of this subsection.

(c) The monetary penalties under (a) and (b) of this subsection are additional, separate, and distinct penalties from the base penalty and are not subject to fees or assessments specified in RCW 46.63.110, 3.62.090, and 2.68.040.

(d)(i) The additional penalties collected under (a) of this subsection must be distributed as follows:

(A) Twenty-five percent must be deposited into the congestion relief and traffic safety account created under section 7 of this act; and

(B) Seventy-five percent must be deposited into the motor vehicle fund created under RCW 46.68.070.

(ii) The additional penalty collected under (b) of this subsection must be deposited into the congestion relief and traffic safety account created under section 7 of this act.

(e) Violations committed under this section are excluded from eligibility as a moving violation for driver's license suspension under RCW 46.20.289 when a person subsequently fails to respond to a notice of traffic infraction for this moving violation,

fails to appear at a requested hearing for this moving violation, violates a written promise to appear in court for a notice of infraction for this moving violation, or fails to comply with the terms of a notice of traffic infraction for this moving violation.

(5) Local authorities are encouraged to establish a process for private transportation providers, as described under subsections (1) and (3) of this section, to apply for the use of public transportation facilities reserved for the exclusive or preferential use of public transportation vehicles. The application and review processes should be uniform and should provide for an expeditious response by the local authority. Whenever practicable, local authorities should enter into agreements with such private transportation providers to allow for the reasonable use of these facilities.

(6) For the purposes of this section, "private employer transportation service" means regularly scheduled, fixed-route transportation service that is similarly marked or identified to display the business name or logo on the driver and passenger sides of the vehicle, meets the annual certification requirements of the department of transportation, and is offered by an employer for the benefit of its employees.

Sec. 4. RCW 46.63.110 and 2012 c 82 s 1 are each amended to read as follows:

(1) A person found to have committed a traffic infraction shall be assessed a monetary penalty. No penalty may exceed two hundred and fifty dollars for each offense unless authorized by this chapter or title.

(2) The monetary penalty for a violation of (a) RCW 46.55.105(2) is two hundred fifty dollars for each offense; (b) RCW 46.61.210(1) is five hundred dollars for each offense. No penalty assessed under this subsection (2) may be reduced.

(3) The supreme court shall prescribe by rule a schedule of monetary penalties for designated traffic infractions. This rule shall also specify the conditions under which local courts may exercise discretion in assessing fines and penalties for traffic infractions. The legislature respectfully requests the supreme court to adjust this schedule every two years for inflation.

(4) There shall be a penalty of twenty-five dollars for failure to respond to a notice of traffic infraction except where the infraction relates to parking as defined by local law, ordinance, regulation, or resolution or failure to pay a monetary penalty imposed pursuant to this chapter. A local legislative body may set a monetary penalty not to exceed twenty-five dollars for failure to respond to a notice of traffic infraction relating to parking as defined by local law, ordinance, regulation, or resolution. The local court, whether a municipal, police, or district court, shall impose the monetary penalty set by the local legislative body.

(5) Monetary penalties provided for in chapter 46.70 RCW which are civil in nature and penalties which may be assessed for violations of chapter 46.44 RCW relating to size, weight, and load of motor vehicles are not subject to the limitation on the amount of monetary penalties which may be imposed pursuant to this chapter.

(6) Whenever a monetary penalty, fee, cost, assessment, or other monetary obligation is imposed by a court under this chapter, it is immediately payable and is enforceable as a civil judgment under Title 6 RCW. If the court determines, in its discretion, that a person is not able to pay a monetary obligation in full, and not more than one year has passed since the later of July 1, 2005, or the date the monetary obligation initially became due and payable, the court shall enter into a payment plan with the person, unless the person has previously been granted a payment plan with respect to the same monetary obligation, or unless the person is in noncompliance of any existing or prior payment plan, in which case the court may, at its discretion,

implement a payment plan. If the court has notified the department that the person has did not carry to pay or comply and the person has subsequently entered into a payment plan and made an initial payment, the court shall notify the department that the infraction has been adjudicated, and the department shall rescind any suspension of the person's driver's license or driver's privilege based on failure to respond to that infraction. "Payment plan," as used in this section, means a plan that requires reasonable payments based on the financial ability of the person to pay. The person may voluntarily pay an amount at any time in addition to the payments required under the payment plan.

(a) If a payment required to be made under the payment plan is delinquent or the person fails to complete a community restitution program on or before the time established under the payment plan, unless the court determines good cause therefor and adjusts the payment plan or the community restitution plan accordingly, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation for civil enforcement until all monetary obligations, including those imposed under subsections (3) and (4) of this section, have been paid, and court authorized community restitution has been completed, or until the court has entered into a new time payment or community restitution agreement with the person. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's failure to meet the conditions of the plan, and the department shall suspend the person's driver's license or driving privileges.

(b) If a person has not entered into a payment plan with the court and has not paid the monetary obligation in full on or before the time established for payment, the court may refer the unpaid monetary penalty, fee, cost, assessment, or other monetary obligation to a collections agency until all monetary obligations have been paid, including those imposed under subsections (3) and (4) of this section, or until the person has entered into a payment plan under this section. For those infractions subject to suspension under RCW 46.20.289, the court shall notify the department of the person's delinquency, and the department shall suspend the person's driver's license or driving privileges.

(c) If the payment plan is to be administered by the court, the court may assess the person a reasonable administrative fee to be wholly retained by the city or county with jurisdiction. The administrative fee shall not exceed ten dollars per infraction or twenty-five dollars per payment plan, whichever is less.

(d) Nothing in this section precludes a court from contracting with outside entities to administer its payment plan system. When outside entities are used for the administration of a payment plan, the court may assess the person a reasonable fee for such administrative services, which fee may be calculated on a periodic, percentage, or other basis.

(e) If a court authorized community restitution program for offenders is available in the jurisdiction, the court may allow conversion of all or part of the monetary obligations due under this section to court authorized community restitution in lieu of time payments if the person is unable to make reasonable time payments.

(7) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction shall be assessed:

(a) A fee of five dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall be forwarded to the state treasurer for deposit in the emergency medical services and trauma care system trust account under RCW 70.168.040;

(b) A fee of ten dollars per infraction. Under no circumstances shall this fee be reduced or waived. Revenue from this fee shall

be forwarded to the state treasurer for deposit in the Washington auto theft prevention authority account; and

(c) A fee of two dollars per infraction. Revenue from this fee shall be forwarded to the state treasurer for deposit in the traumatic brain injury account established in RCW 74.31.060.

(8)(a) In addition to any other penalties imposed under this section and not subject to the limitation of subsection (1) of this section, a person found to have committed a traffic infraction other than of RCW 46.61.527 or 46.61.212 shall be assessed an additional penalty of twenty dollars. The court may not reduce, waive, or suspend the additional penalty unless the court finds the offender to be indigent. If a court authorized community restitution program for offenders is available in the jurisdiction, the court shall allow offenders to offset all or a part of the penalty due under this subsection (8) by participation in the court authorized community restitution program.

(b) Eight dollars and fifty cents of the additional penalty under (a) of this subsection shall be remitted to the state treasurer. The remaining revenue from the additional penalty must be remitted under chapters 2.08, 3.46, 3.50, 3.62, 10.82, and 35.20 RCW. Money remitted under this subsection to the state treasurer must be deposited in the state general fund. The balance of the revenue received by the county or city treasurer under this subsection must be deposited into the county or city current expense fund. Moneys retained by the city or county under this subsection shall constitute reimbursement for any liabilities under RCW 43.135.060.

(9) If a legal proceeding, such as garnishment, has commenced to collect any delinquent amount owed by the person for any penalty imposed by the court under this section, the court may, at its discretion, enter into a payment plan.

(10) The monetary penalty for violating RCW 46.37.395 is: (a) Two hundred fifty dollars for the first violation; (b) five hundred dollars for the second violation; and (c) seven hundred fifty dollars for each violation thereafter.

(11) The additional monetary penalties for a violation of RCW 46.61.165 are not subject to assessments or fees provided under this section.

Sec. 5. RCW 3.62.090 and 2004 c 15 s 5 are each amended to read as follows:

(1) There shall be assessed and collected in addition to any fines, forfeitures, or penalties assessed, other than for parking infractions, by all courts organized under Title 3 or 35 RCW a public safety and education assessment equal to seventy percent of such fines, forfeitures, or penalties, which shall be remitted as provided in chapters 3.46, 3.50, 3.62, and 35.20 RCW. The assessment required by this section shall not be suspended or waived by the court.

(2) There shall be assessed and collected in addition to any fines, forfeitures, or penalties assessed, other than for parking infractions and for fines levied under RCW 46.61.5055, and in addition to the public safety and education assessment required under subsection (1) of this section, by all courts organized under Title 3 or 35 RCW, an additional public safety and education assessment equal to fifty percent of the public safety and education assessment required under subsection (1) of this section, which shall be remitted to the state treasurer and deposited as provided in RCW 43.08.250. PERSONAL PRIVILEGE

ONE HUNDRED FIFTH DAY, APRIL 28, 2019

2019 REGULAR SESSION

Senator Rolfes: "Thank you Mr. President very much. Thank you all very much for the honor of serving as your Ways & Means committee chair this year. It really is quite a privilege. I think we're all privileged to serve here and it is really a privilege to be able to lead the Senate. And it really is a privilege to work with somebody like John Braun. What a great honor to have a partner like him. I also want to take a moment to thank the staff, which we always do, but I just want to say that there were times that I would, I would refer to our committee as a ship taken over by pirates or an airplane on a bumpy landing and we would and snakes coming out of the cargo load, and those guys always got us landed safely. No matter what was going on with committee, with committee members, with bills, their expertise is absolutely critical. We don't know what we are doing when we are writing a budget. We don't know what the timelines are, what the formats are, anything or any of that but the Ways & Means staff is incredible. Incredible. And so I would like to thank them personally and I think we'll all join in a round of applause for them. I am hoping that they are watching this on TV because they have been working on it for months, years. I want to start by thanking Matt Bridges and Ryan Moore from our caucus staff who are in the wings. And talk about, talk about capable, those guys are handling the pirates every day in our individual caucuses. Then I also want to thank, start by thanking Nazeedah and Maya who were the two staff people who were just made sure the meetings ran efficiently. They ran the front office. They made sure we all had our notes. Just incredible young people. The boss, of course, Michael Bezanson; James Kettel, who was in charge of writing the budget and managing all of that work as well; Jeff Mitchell; Richard Ramsey from the Capital Budget staff; Julie Murray; Michele Alishahi; Amanda Cecil; Claire Goodwin; Kayla Hammer; Jed Herman; Maria Hovde; Alia Kennedy; Danny Masterson; Jeff Naas; Sarian Scott; Sandy Stith; Travis Sugarman; and, of course, Jasmin Adams. Fantastic people. Highly capable staff and we are fortunate that they work for the state government. Can we give them a round of applause?"

The senate rose and recognized the work of the staff of the Committee on Ways & Means and caucus fiscal staff.

(1) Beginning in calendar year ~~((2019))~~ 2020 and each calendar year thereafter, the state must provide state local effort assistance funding to supplement school district enrichment levies as provided in this section.

(2)~~(a)~~ For an eligible school district~~((;))~~ with an actual enrichment levy rate that is less than one dollar and fifty cents per thousand dollars of assessed value in the school district, the annual local effort assistance funding is equal to the school district's maximum local effort assistance multiplied by a fraction equal to the school district's actual enrichment levy rate divided by one dollar and fifty cents per thousand dollars of assessed value in the school district~~((s maximum allowable))~~.

(b) For an eligible school district with an actual enrichment levy rate that is equal to or greater than one dollar and fifty cents per thousand dollars of assessed value in the school district, the annual local effort assistance funding is equal to the school district's maximum local effort assistance.

Sec. 2. RCW 84.52.0531 and 2018 c 266 s 307 are each amended to read as follows:

(1) Beginning with taxes levied for collection in ~~((2019))~~ 2020, the maximum dollar amount which may be levied by or for any school district for enrichment levies under RCW 84.52.053 is equal to the lesser of ~~((one))~~ two dollars and fifty cents per thousand dollars of the assessed value of property in the school district or the maximum per-pupil limit. If the

superintendent of public instruction receives a report of findings from the state auditor that an expenditure of a school district is out of compliance with the requirements of RCW 28A.150.276, and the finding is not resolved in the subsequent audit, the maximum taxes levied for collection by the school district under RCW 84.52.0531 in the following calendar year shall be reduced by the expenditure amount identified by the state auditor.

Half of all of the moneys collected from the tax imposed on vapor products under RCW 66.44.010 and half of all moneys collected on the tax imposed on heated tobacco products under RCW 82.26.020 must be deposited into the account. NEW SECTION. Sec. 104. It is the intent and purpose of this chapter to levy a tax on all vapor products sold, used, consumed, handled, possessed, or distributed within this state. It is the further intent and purpose of this chapter to impose the tax only once on all vapor products in this state. Nothing in this chapter may be construed to exempt any person taxable under any other law or under any other tax imposed under this title.

NEW SECTION. Sec. 105. The tax imposed by section 102 of this act does not apply with respect to any vapor products which under the Constitution and laws of the United States may not be made the subject of taxation by this state.

NEW SECTION. Sec. 106. (1) Every distributor must keep at each place of business complete and accurate records for that place of business, including itemized invoices, of vapor products held, purchased, manufactured, brought in or caused to be brought in from without the state, or shipped or transported to retailers in this state, and of all sales of vapor products made.

(2) These records must show the names and addresses of purchasers, the inventory of all vapor products, and other pertinent papers and documents relating to the purchase, sale, or disposition of vapor products. All invoices and other records required by this section to be kept must be preserved for a period of five years from the date of the invoices or other documents or the date of the entries appearing in the records.

(3) At any time during usual business hours the department, board, or its duly authorized agents or employees may enter any place of business of a distributor, without a search warrant, and inspect the premises, the records required to be kept under this chapter, and the vapor products contained therein, to determine whether or not all the provisions of this chapter are being fully complied with. If the department, board, or any of its agents or employees are denied free access or are hindered or interfered with in making such examination, the registration certificate issued under RCW 82.32.030 of the distributor at such premises are subject to revocation by the department, and any licenses

issued under chapter 70.345, 82.26, or 82.24 RCW are subject to suspension or revocation by the board.

NEW SECTION. Sec. 107. Every person required to be licensed under chapter 70.345 RCW who sells vapor products to persons other than the ultimate consumer must render with each sale itemized invoices showing the seller's name and address, the purchaser's name and address, the date of sale, and all prices. The person must preserve legible copies of all such invoices for five years from the date of sale.

NEW SECTION. Sec. 108. (1) Every retailer must procure itemized invoices of all vapor products purchased. The invoices must show the seller's name and address, the date of purchase, and all prices and discounts.

(2) The retailer must keep at each retail outlet copies of complete, accurate, and legible invoices for that retail outlet or place of business. All invoices required to be kept under this section must be preserved for five years from the date of purchase.

(3) At any time during usual business hours the department, board, or its duly authorized agents or employees may enter any retail outlet without a search warrant, and inspect the premises for invoices required to be kept under this section and the vapor products contained in the retail outlet, to determine whether or not all the provisions of this chapter are being fully complied with. If the department, board, or any of its agents or employees are denied free access or are hindered or interfered with in making the inspection, the registration certificate issued under RCW 82.32.030 of the retailer at the premises is subject to revocation by the department, and any licenses issued under chapter 70.345, 82.26, or 82.24 RCW are subject to suspension or revocation by the board.

NEW SECTION. Sec. 109. (1)(a) Where vapor products upon which the tax imposed by this chapter has been reported and paid are shipped or transported outside this state by the distributor to a person engaged in the business of selling vapor products, to be sold by that person, or are returned to the manufacturer by the distributor or destroyed by the distributor, or are sold by the distributor to the United States or any of its agencies or instrumentalities, or are sold by the distributor to any Indian tribal organization, credit of such tax may be made to the distributor in accordance with rules prescribed by the department.

(b) For purposes of this subsection (1), the following definitions apply:

(i) "Indian distributor" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "distributor" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(ii) "Indian retailer" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "retailer" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(iii) "Indian tribal organization" means a federally recognized Indian tribe, or tribal entity, and includes an Indian distributor or retailer that is owned by an Indian who is an enrolled tribal member conducting business under tribal license or similar tribal approval within Indian country.

(2) Credit allowed under this section must be determined based on the tax rate in effect for the period for which the tax imposed by this chapter, for which a credit is sought, was paid.

NEW SECTION. Sec. 110. All of the provisions contained in chapter 82.32 RCW not inconsistent with the provisions of this

NEW SECTION. Sec. 111. The department must authorize, as duly authorized agents, enforcement officers of the board to enforce provisions of this chapter. These officers are not employees of the department.

NEW SECTION. Sec. 112. (1) The department may by rule establish the invoice detail required under section 106 of this act for a distributor and for those invoices required to be provided to retailers under section 108 of this act.

(2) If a retailer fails to keep invoices as required under section 108 of this act, the retailer is liable for the tax owed on any uninvoiced vapor products but not penalties and interest, except as provided in subsection (3) of this section.

(3) If the department finds that the nonpayment of tax by the retailer was willful or if in the case of a second or plural nonpayment of tax by the retailer, penalties and interest must be assessed in accordance with chapter 82.32 RCW.

NEW SECTION. Sec. 113. (1) No person may transport or cause to be transported in this state vapor products for sale other than: (a) A licensed distributor under chapter 70.345 RCW, or a manufacturer's representative authorized to sell or distribute vapor products in this state under chapter 70.345 RCW; (b) a licensed retailer under chapter 70.345 RCW; (c) a seller with a valid delivery sale license under chapter 70.345 RCW; or (d) a person who has given notice to the board in advance of the commencement of transportation.

(2) When transporting vapor products for sale, the person must have in his or her actual possession, or cause to have in the actual possession of those persons transporting such vapor products on his or her behalf, invoices or delivery tickets for the vapor products, which must show the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of the vapor products being transported.

(3) In any case where the department or the board, or any peace officer of the state, has knowledge or reasonable grounds to believe that any vehicle is transporting vapor products in violation of this section, the department, board, or peace officer is authorized to stop the vehicle and to inspect it for contraband vapor products.

(4) This section does not apply to a motor carrier or freight forwarder as defined in Title 49 U.S.C. Sec. 13102 or an air carrier as defined in Title 49 U.S.C. Sec. 40102.

NEW SECTION. Sec. 114. The board must compile and maintain a current record of the names of all distributors, retailers, and delivery sales licenses under chapter 70.345 RCW and the status of their license or licenses. The information must be updated on a monthly basis and published on the board's official internet web site. This information is not subject to the confidentiality provisions of RCW 82.32.330 and must be disclosed to manufacturers, distributors, retailers, and the general public upon request.

NEW SECTION. Sec. 115. (1) No person engaged in or conducting business as a distributor or retailer in this state may:

(a) Make, use, or present or exhibit to the department or the board any invoice for any of the vapor products taxed under this chapter that bears an untrue date or falsely states the nature or quantity of the goods invoiced; or

(b) Fail to produce on demand of the department or the board all invoices of all the vapor products taxed under this chapter within five years prior to such demand unless the person can show

by satisfactory proof that the nonproduction of the invoices was due to causes beyond the person's control.

(2)(a) No person, other than a licensed distributor, retailer or delivery sales licensee, or manufacturer's representative, may transport vapor products for sale in this state for which the taxes imposed under this chapter have not been paid unless:

(i) Notice of the transportation has been given as required under section 113 of this act;

(ii) The person transporting the vapor products actually possesses invoices or delivery tickets showing the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of vapor products being transported; and

(iii) The vapor products are consigned to or purchased by a person in this state who is licensed under chapter 70.345 RCW.

(b) A violation of this subsection (2) is a gross misdemeanor.

(3) Any person licensed under chapter 70.345 RCW as a distributor, and any person licensed under chapter 70.345 RCW as a retailer, may not operate in any other capacity unless the additional appropriate license is first secured, except as otherwise provided by law. A violation of this subsection (3) is a misdemeanor.

(4) The penalties provided in this section are in addition to any other penalties provided by law for violating the provisions of this chapter or the rules adopted under this chapter.

(5) This section does not apply to a motor carrier or freight forwarder as defined in Title 49 U.S.C. Sec. 13102 or an air carrier as defined in Title 49 U.S.C. Sec. 40102.

NEW SECTION. Sec. 116. (1) A retailer that obtains vapor products from an unlicensed distributor or any other person that is not licensed under chapter 70.345 RCW must be licensed both as a retailer and a distributor and is liable for the tax imposed under section 102 of this act with respect to the vapor products acquired from the unlicensed person that are held for sale, handling, or distribution in this state. For the purposes of this subsection, "person" includes both persons defined in this act and any person immune from state taxation, such as the United States or its instrumentalities, and federally recognized Indian tribes and enrolled tribal members, conducting business within Indian country.

(2) Every distributor licensed under chapter 70.345 RCW may sell vapor products to retailers located in Washington only if the retailer has a current retailer's license under chapter 70.345 RCW.

NEW SECTION. Sec. 117. A manufacturer that has manufacturer's representatives who sell or distribute the manufacturer's vapor products in this state must provide the board a list of the names and addresses of all such representatives and must ensure that the list provided to the board is kept current. A manufacturer's representative is not authorized to distribute or sell vapor products in this state unless the manufacturer that hired the representative has a valid distributor's license under chapter 70.345 RCW and that manufacturer provides the board a current list of all of its manufacturer's representatives as required by this section. A manufacturer's representative must carry a copy of the distributor's license of the manufacturer that hired the representative at all times when selling or distributing the manufacturer's vapor products.

NEW SECTION. Sec. 118. (1) Any vapor products in the possession of a person selling vapor products in this state acting as a distributor or retailer and who is not licensed as required under chapter 70.345 RCW, or a person who is selling vapor products in violation of RCW 82.24.550(6), may be seized without a warrant by any agent of the department, agent of the

board, or law enforcement officer of this state. Any vapor products seized under this subsection are deemed forfeited.

(2) Any vapor products in the possession of a person who is not a licensed distributor, delivery seller, manufacturer's representative, or retailer and who transports vapor products for sale without having provided notice to the board required under section 113 of this act, or without invoices or delivery tickets showing the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of vapor products being transported may be seized and are subject to forfeiture.

(3) All conveyances, including aircraft, vehicles, or vessels that are used, or intended for use to transport, or in any manner to facilitate the transportation, for the purpose of sale or receipt of vapor products under subsection (2) of this section, may be seized and are subject to forfeiture except:

(a) A conveyance used by any person as a common or contract carrier having in actual possession invoices or delivery tickets showing the true name and address of the consignor or seller, the true name of the consignee or purchaser, and the quantity and brands of the vapor products transported, unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter;

(b) A conveyance subject to forfeiture under this section by reason of any act or omission of which the owner establishes to have been committed or omitted without his or her knowledge or consent; or

(c) A conveyance encumbered by a bona fide security interest if the secured party neither had knowledge of nor consented to the act or omission.

(4) Property subject to forfeiture under subsections (2) and (3) of this section may be seized by any agent of the department, the board, or law enforcement officer of this state upon process issued by any superior court or district court having jurisdiction over the property. Seizure without process may be made if:

(a) The seizure is incident to an arrest or a search warrant or an inspection under an administrative inspection warrant; or

(b) The department, board, or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter and exigent circumstances exist making procurement of a search warrant impracticable.

(5) This section may not be construed to require the seizure of vapor products if the department's agent, board's agent, or law enforcement officer reasonably believes that the vapor products are possessed for personal consumption by the person in possession of the vapor products.

(6) Any vapor products seized by a law enforcement officer must be turned over to the board as soon as practicable.

(7) This section does not apply to a motor carrier or freight forwarder as defined in Title 49 U.S.C. Sec. 13102 or an air carrier as defined in Title 49 U.S.C. Sec. 40102.

NEW SECTION. Sec. 119. (1) In all cases of seizure of any vapor products made subject to forfeiture under this chapter, the department or board must proceed as provided in RCW 82.24.135.

(2) When vapor products are forfeited under this chapter, the department or board may:

(a) Retain the property for official use or upon application by any law enforcement agency of this state, another state, or the District of Columbia, or of the United States for the exclusive use of enforcing this chapter or the laws of any other state or the District of Columbia or of the United States; or

(b) Sell the vapor products at public auction to the highest bidder after due advertisement. Before delivering any of the goods to the successful bidder, the department or board must

require the purchaser to pay the proper amount of any tax due. The proceeds of the sale must be first applied to the payment of all proper expenses of any investigation leading to the seizure and of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, and court costs. The balance of the proceeds and all money must be deposited in the general fund of the state. Proper expenses of investigation include costs incurred by any law enforcement agency or any federal, state, or local agency.

(3) The department or the board may return any property seized under the provisions of this chapter when it is shown that there was no intention to violate the provisions of this chapter. When any property is returned under this section, the department or the board may return the property to the parties from whom they were seized if and when such parties have paid the proper amount of tax due under this chapter.

NEW SECTION. Sec. 120. When the department or the board has good reason to believe that any of the vapor products taxed under this chapter are being kept, sold, offered for sale, or given away in violation of the provisions of this chapter, it may make affidavit of facts describing the place or thing to be searched, before any judge of any court in this state, and the judge must issue a search warrant directed to the sheriff, any deputy, police officer, or duly authorized agent of the department or the board commanding him or her diligently to search any building, room in a building, place, or vehicle as may be designated in the affidavit and search warrant, and to seize the vapor products and hold them until disposed of by law.

NEW SECTION. Sec. 121. (1)(a) Where vapor products upon which the tax imposed by this chapter has been reported and paid are shipped or transported outside this state by the distributor to a person engaged in the business of selling vapor products, to be sold by that person, or are returned to the manufacturer by the distributor or destroyed by the distributor, or are sold by the distributor to the United States or any of its agencies or instrumentalities, or are sold by the distributor to any Indian tribal organization, credit of such tax may be made to the distributor in accordance with rules prescribed by the department.

(b) For purposes of this subsection (1), the following definitions apply:

(i) "Indian distributor" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "distributor" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(ii) "Indian retailer" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "retailer" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(iii) "Indian tribal organization" means a federally recognized Indian tribe, or tribal entity, and includes an Indian distributor or retailer that is owned by an Indian who is an enrolled tribal member conducting business under tribal license or similar tribal approval within Indian country.

(2) Credit allowed under this section must be determined based on the tax rate in effect for the period for which the tax imposed by this chapter, for which a credit is sought, was paid.

NEW SECTION. Sec. 122. (1) Preexisting inventories of vapor products are subject to the tax imposed in section 102 of this act. All retailers and other distributors must report the tax due under section 102 of this act on preexisting inventories of vapor products on a form, as prescribed by the department, on or before

ONE HUNDRED FIFTH DAY, APRIL 28, 2019

2019 REGULAR SESSION

October 31, 2019, and the tax due on such preexisting inventories must be paid on or before January 31, 2020.

(2) Reports under subsection (1) of this section not filed with the department by October 31, 2019, are subject to a late filing penalty equal to the greater of two hundred fifty dollars or ten percent of the tax due under section 102 of this act on the taxpayer's preexisting inventories.

(3) The department must notify the taxpayer of the amount of tax due under section 102 of this act on preexisting inventories, which is subject to applicable penalties under RCW 82.32.090 (2) through (7) if unpaid after January 31, 2020. Amounts due in accordance with this section are not considered to be substantially underpaid for the purposes of RCW 82.32.090(2).

(4) Interest, at the rate provided in RCW 82.32.050(2), must be computed daily beginning February 1, 2020, on any remaining tax due under section 102 of this act on preexisting inventories until paid.

(5) A retailer required to comply with subsection (1) of this section is not required to obtain a distributor license as otherwise required under chapter 70.345 RCW as long as the retailer:

(a) Does not sell vapor products other than to ultimate consumers; and

(b) Does not meet the definition of "distributor" in section 101 of this act other than with respect to the sale of that retailer's preexisting inventory of vapor products.

(6) Taxes may not be collected under section 102 of this act from consumers with respect to any vapor products acquired before the effective date of this section.

(7) For purposes of this section, "preexisting inventory" means an inventory of vapor products located in this state as of the moment that section 102 of this act takes effect and held by a distributor for sale, handling, or distribution in this state.

In addition, for the purpose of reviewing an application for a wholesaler's license or retailer's license and for considering the denial, suspension, or revocation of any such license, the board may consider any prior criminal conduct of the applicant, including an administrative violation history record with the board and a criminal history record information check within the previous five years, in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to such cases. A person who possesses a valid license on July 22, 2001, is subject to this subsection and subsection (2) of this section beginning on the date of the person's business license expiration under chapter 19.02 RCW, and thereafter. If the applicant or licensee also has a license issued under chapter 66.24 ~~((or))~~, 82.26, or 70.345 RCW, the background check done under the authority of chapter 66.24 ~~((or))~~, 82.26, or 70.345 RCW satisfies the requirements of this section.

(4) Each such license expires on the business license expiration date, and each such license must be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the board made pursuant thereto.

(5) Each license and any other evidence of the license that the board requires must be exhibited in each place of business for which it is issued and in the manner required for the display of a business license.

Part IV Tribal Compacting

Sec. 401. RCW 43.06.450 and 2001 c 235 s 1 are each amended to read as follows:

The legislature intends to further the government-to-government relationship between the state of Washington and Indians in the state of Washington by authorizing the governor to enter into contracts concerning the sale of cigarettes and vapor products. The legislature finds that these cigarette tax and vapor product tax contracts will provide a means to promote economic development, provide needed revenues for tribal governments and Indian persons, and enhance enforcement of the state's cigarette tax ~~(law)~~ and vapor product tax, ultimately saving the state money and reducing conflict. In addition, it is the intent of the legislature that the negotiations and the ensuing contracts ~~(shall)~~ have no impact on the state's share of the proceeds under the master settlement agreement entered into on November 23, 1998, by the state. Chapter 235, Laws of 2001 ~~(does)~~ and this act do not constitute a grant of taxing authority to any Indian tribe nor ~~(does it)~~ do they provide precedent for the taxation of non-Indians on fee land.

NEW SECTION. **Sec. 402.** A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into vapor product tax contracts concerning the sale of vapor products. All vapor product tax contracts must meet the requirements for vapor product tax contracts under this section.

(2) Vapor product tax contracts must be in regard to retail sales in which Indian retailers make delivery and physical transfer of possession of the vapor products from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, contracts must provide that retailers may not sell or give, or permit to be sold or given, vapor products to any person who is under the state legal age for the purchase of vapor products.

(3) A vapor product tax contract with a tribe must provide for a tribal vapor product tax in lieu of all state vapor product taxes and state and local sales and use taxes on sales of vapor products in Indian country by Indian retailers. The tribe may allow an exemption for sales to tribal members.

(4) Vapor product tax contracts must provide that retailers must purchase vapor products only from:

(a) Wholesalers or manufacturers licensed to do business in the state of Washington;

(b) Out-of-state wholesalers or manufacturers who, although not licensed to do business in the state of Washington, agree to comply with the terms of the vapor product tax contract, are certified to the state as having so agreed, and do in fact so comply. However, the state may in its sole discretion exercise its administrative and enforcement powers over such wholesalers or manufacturers to the extent permitted by law;

(c) A tribal wholesaler that purchases only from a wholesaler or manufacturer described in (a), (b), or (d) of this subsection; and

(d) A tribal manufacturer.

(5) Vapor product tax contracts must be for renewable periods of no more than eight years.

(6) Vapor product tax contracts must include provisions for compliance, such as transport and notice requirements, inspection procedures, recordkeeping, and audit requirements.

(7) Tax revenue retained by a tribe must be used for essential government services. Use of tax revenue for subsidization of vapor products and food retailers is prohibited.

(8) The vapor product tax contract may include provisions to resolve disputes using a nonjudicial process, such as mediation.

(9) The governor may delegate the power to negotiate vapor product tax contracts to the department of revenue. The department of revenue must consult with the liquor and cannabis board during the negotiations.

(10) Information received by the state or open to state review under the terms of a contract is subject to the provisions of RCW 82.32.330.

(11) It is the intent of the legislature that the liquor and cannabis board and the department of revenue continue the division of duties and shared authority under chapter 82.--- RCW (the new chapter created in section 507 of this act) and therefore the liquor and cannabis board is responsible for enforcement activities that come under the terms of chapter 82.--- RCW (the new chapter created in section 507 of this act).

(12) Each vapor product tax contract must include a procedure for notifying the other party that a violation has occurred, a procedure for establishing whether a violation has in fact occurred, an opportunity to correct such violation, and a provision providing for termination of the contract should the violation fail to be resolved through this process, such termination subject to mediation should the terms of the contract so allow. A contract must provide for termination of the contract if resolution of a dispute does not occur within twenty-four months from the time notification of a violation has occurred. Intervening violations do not extend this time period. In addition, the contract must include provisions delineating the respective roles and responsibilities of the tribe, the department of revenue, and the liquor and cannabis board.

(13) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, job services, sewer, water, environmental and land use, transportation, utility services, and economic development.

NEW SECTION. Sec. 403. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor is authorized to enter into vapor product tax contracts with federally recognized Indian tribes located within the geographical boundaries of the state of Washington. Each contract adopted under this section must provide that the tribal vapor product tax rate be one hundred percent of the state vapor product tax and state and local sales and use taxes. The tribal vapor product tax is in lieu of the state vapor product tax and state and local sales and use taxes, as provided in section 402(3) of this act.

(2) A vapor product tax contract under this section is subject to section 402 of this act and is separate from a cigarette tax contract subject to RCW 43.06.455 or 43.06.466.

NEW SECTION. Sec. 404. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into a vapor product tax agreement with the Puyallup Tribe of Indians concerning the sale of vapor products, subject to the limitations in this section. The legislature intends to address the uniqueness of the Puyallup Indian reservation and its selling environment through pricing and compliance strategies, rather than through the imposition of equivalent taxes. The governor may delegate the authority to negotiate a vapor product tax agreement with the Puyallup Tribe to the department of revenue. The department of revenue must consult with the liquor and cannabis board during the negotiations. An agreement under this section is separate from an agreement under RCW 43.06.465.

(2) Any agreement must require the tribe to impose a tribal vapor product tax with a tax rate that is ninety percent of the state vapor product tax. This tribal tax is in lieu of the combined state and local sales and use taxes and the state vapor product tax, and as such these state taxes are not imposed during the term of the agreement on any transaction governed by the agreement. The tribal vapor product tax must increase or decrease at the time of any increase or decrease in the state vapor product tax so as to remain at a level that is ninety percent of the rate of the state vapor product tax.

(3) The agreement must include a provision requiring the tribe to transmit thirty percent of the tribal tax revenue on all vapor products sales to the state. The funds must be transmitted to the state treasurer on a quarterly basis for deposit by the state treasurer into the general fund. The remaining tribal tax revenue must be used for essential government services, as that term is defined in section 402 of this act.

(4) The agreement is limited to retail sales in which Indian retailers make delivery and physical transfer of possession of the vapor products from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, agreements must provide that retailers may not sell or give, or permit to be sold or given, vapor products to any person who is under the state legal age for the purchase of vapor products.

(5)(a) The agreement must include a provision to price and sell the vapor products so that the retail selling price is not less than the price paid by the retailer for the vapor products.

(b) The tribal tax is in addition to the retail selling price.

(c) The agreement must include a provision to assure the price paid to the retailer includes the tribal tax.

(d) If the tribe is acting as a distributor to tribal retailers, the retail selling price must not be less than the price the tribe paid for such vapor products plus the tribal tax.

(c) The agreement must include provisions for sharing of information among the tribe, the department of revenue, and the liquor and cannabis board.

The term also includes any cartridge or other container of liquid nicotine, solution, or other consumable substance, regardless of whether it contains nicotine, that is intended to be used with or in a device that can be used to deliver aerosolized or vaporized nicotine to a person inhaling from the device and is sold for such purpose.

(a) The term does not include:

(i) Any product approved by the United States food and drug administration for sale as a tobacco cessation product, medical device, or for other therapeutic purposes when such product is marketed and sold solely for such an approved purpose;

(ii) Any product that will become an ingredient or component in a vapor product manufactured by a distributor; or

(ii) "Marijuana," "useable marijuana," "marijuana concentrates," and "marijuana-infused products" have the same meaning as provided in RCW 69.50.101.

NEW SECTION. Sec. 102. (1)(a) There is levied and collected a tax upon the sale, use, consumption, handling, possession, or distribution of all vapor products in this state as follows:

(i) All vapor products other than those taxed under (a)(ii) of this subsection are taxed at a rate equal to twenty-seven cents per milliliter of solution, regardless of whether it contains nicotine, and a proportionate tax at the like rate on all fractional parts of a milliliter thereof.

(ii) Any accessible container of solution, regardless of whether it contains nicotine, that is greater than five milliliters, is taxed at a rate equal to nine cents per milliliter of solution and a proportionate tax at the like rate on all fractional parts of a milliliter thereof.

(b) The tax in this section must be imposed based on the volume of the solution as listed by the manufacturer.

(2)(a) The tax under this section must be collected at the time the distributor: (i) Brings, or causes to be brought, into this state from without the state vapor products for sale; (ii) makes, manufactures, fabricates, or stores vapor products in this state for sale in this state; (iii) ships or transports vapor products to retailers or consumers in this state; or (iv) handles for sale any vapor products that are within this state but upon which tax has not been imposed.

(b) The tax imposed under this section must also be collected by the department from the consumer of vapor products where the tax imposed under this section was not paid by the distributor on such vapor products.

(3)(a) The moneys collected under this section must be deposited as follows:

(i) Fifty percent into the Andy Hill cancer research endowment fund match transfer account created in RCW 43.348.080; and

(ii) Fifty percent into the foundational public health services account created in section 103 of this act.

(b) The funding provided under this subsection is intended to supplement and not supplant general fund investments in cancer research and foundational public health services.

NEW SECTION. Sec. 103. The foundational public health services account is created in the state treasury. Half of all of the moneys collected from the tax imposed on vapor products under RCW 66.44.010 must be deposited into the account. Moneys in the account may be spent only after appropriation. Moneys in the account are to be used for the following purposes:

(1) To fund foundational health services. In the 2019-2021 biennium, at least twelve million dollars of the funds deposited into the account must be appropriated for this purpose. Beginning in the 2021-2023 biennium, fifty percent of the funds deposited into the account, but not less than twelve million dollars each biennium, are to be used for this purpose;

(2) To fund tobacco, vapor product, and nicotine control and prevention, and other substance use prevention and education. Beginning in the 2021-2023 biennium, seventeen percent of the funds deposited into the account are to be used for this purpose;

(3) To support increased access and training of public health professionals at public health programs at accredited public institutions of higher education in Washington. Beginning in the 2021-2023 biennium, five percent of the funds deposited into the account are to be used for this purpose;

(4) To fund enforcement by the state liquor and cannabis board of the provisions of this chapter to prevent sales of vapor products to minors and related provisions for control of marketing and product safety, provided that no more than eight percent of the funds deposited into the account may be appropriated for these enforcement purposes.

NEW SECTION. Sec. 104. It is the intent and purpose of this chapter to levy a tax on all vapor products sold, used, consumed, handled, possessed, or distributed within this state. It is the further intent and purpose of this chapter to impose the tax only once on all vapor products in this state. Nothing in this chapter may be construed to exempt any person taxable under any other law or under any other tax imposed under this title.

NEW SECTION. Sec. 105. The tax imposed by section 102 of this act does not apply with respect to any vapor products which under the Constitution and laws of the United States may not be made the subject of taxation by this state.

NEW SECTION. Sec. 106. (1) Every distributor must keep at each place of business complete and accurate records for that place of business, including itemized invoices, of vapor products held, purchased, manufactured, brought in or caused to be brought in from without the state, or shipped or transported to retailers in this state, and of all sales of vapor products made.

(2) These records must show the names and addresses of purchasers, the inventory of all vapor products, and other pertinent papers and documents relating to the purchase, sale, or disposition of vapor products. All invoices and other records required by this section to be kept must be preserved for a period of five years from the date of the invoices or other documents or the date of the entries appearing in the records.

(3) At any time during usual business hours the department, board, or its duly authorized agents or employees may enter any place of business of a distributor, without a search warrant, and inspect the premises, the records required to be kept under this chapter, and the vapor products contained therein, to determine whether or not all the provisions of this chapter are being fully complied with. If the department, board, or any of its agents or employees are denied free access or are hindered or interfered with in making such examination, the registration certificate

issued under RCW 82.32.030 of the distributor at such premises are subject to revocation by the department, and any licenses issued under chapter 70.345, 82.26, or 82.24 RCW are subject to suspension or revocation by the board.

NEW SECTION. Sec. 107. Every person required to be licensed under chapter 70.345 RCW who sells vapor products to persons other than the ultimate consumer must render with each sale itemized invoices showing the seller's name and address, the purchaser's name and address, the date of sale, and all prices. The person must preserve legible copies of all such invoices for five years from the date of sale.

NEW SECTION. Sec. 108. (1) Every retailer must procure itemized invoices of all vapor products purchased. The invoices must show the seller's name and address, the date of purchase, and all prices and discounts.

(2) The retailer must keep at each retail outlet copies of complete, accurate, and legible invoices for that retail outlet or place of business. All invoices required to be kept under this section must be preserved for five years from the date of purchase.

(3) At any time during usual business hours the department, board, or its duly authorized agents or employees may enter any retail outlet without a search warrant, and inspect the premises for invoices required to be kept under this section and the vapor products contained in the retail outlet, to determine whether or not all the provisions of this chapter are being fully complied with. If the department, board, or any of its agents or employees are denied free access or are hindered or interfered with in making the inspection, the registration certificate issued under RCW 82.32.030 of the retailer at the premises is subject to revocation by the department, and any licenses issued under chapter 70.345, 82.26, or 82.24 RCW are subject to suspension or revocation by the board.

NEW SECTION. Sec. 109. (1)(a) Where vapor products upon which the tax imposed by this chapter has been reported and paid are shipped or transported outside this state by the distributor to a person engaged in the business of selling vapor products, to be sold by that person, or are returned to the manufacturer by the distributor or destroyed by the distributor, or are sold by the distributor to the United States or any of its agencies or instrumentalities, or are sold by the distributor to any Indian tribal organization, credit of such tax may be made to the distributor in accordance with rules prescribed by the department.

(b) For purposes of this subsection (1), the following definitions apply:

(i) "Indian distributor" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "distributor" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(ii) "Indian retailer" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "retailer" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(iii) "Indian tribal organization" means a federally recognized Indian tribe, or tribal entity, and includes an Indian distributor or retailer that is owned by an Indian who is an enrolled tribal member conducting business under tribal license or similar tribal approval within Indian country.

(2) Credit allowed under this section must be determined based on the tax rate in effect for the period for which the tax imposed by this chapter, for which a credit is sought, was paid.

NEW SECTION. Sec. 110. All of the provisions contained in chapter 82.32 RCW not inconsistent with the provisions of this chapter have full force and application with respect to taxes imposed under the provisions of this chapter.

NEW SECTION. Sec. 111. The department must authorize, as duly authorized agents, enforcement officers of the board to enforce provisions of this chapter. These officers are not employees of the department.

NEW SECTION. Sec. 112. (1) The department may by rule establish the invoice detail required under section 106 of this act for a distributor and for those invoices required to be provided to retailers under section 108 of this act.

(2) If a retailer fails to keep invoices as required under section 108 of this act, the retailer is liable for the tax owed on any uninvoiced vapor products but not penalties and interest, except as provided in subsection (3) of this section.

(3) If the department finds that the nonpayment of tax by the retailer was willful or if in the case of a second or plural nonpayment of tax by the retailer, penalties and interest must be assessed in accordance with chapter 82.32 RCW.

NEW SECTION. Sec. 113. (1) No person may transport or cause to be transported in this state vapor products for sale other than: (a) A licensed distributor under chapter 70.345 RCW, or a manufacturer's representative authorized to sell or distribute vapor products in this state under chapter 70.345 RCW; (b) a licensed retailer under chapter 70.345 RCW; (c) a seller with a valid delivery sale license under chapter 70.345 RCW; or (d) a person who has given notice to the board in advance of the commencement of transportation.

(2) When transporting vapor products for sale, the person must have in his or her actual possession, or cause to have in the actual possession of those persons transporting such vapor products on his or her behalf, invoices or delivery tickets for the vapor products, which must show the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of the vapor products being transported.

(3) In any case where the department or the board, or any peace officer of the state, has knowledge or reasonable grounds to believe that any vehicle is transporting vapor products in violation of this section, the department, board, or peace officer is authorized to stop the vehicle and to inspect it for contraband vapor products.

(4) This section does not apply to a motor carrier or freight forwarder as defined in Title 49 U.S.C. Sec. 13102 or an air carrier as defined in Title 49 U.S.C. Sec. 40102.

NEW SECTION. Sec. 114. The board must compile and maintain a current record of the names of all distributors, retailers, and delivery sales licenses under chapter 70.345 RCW and the status of their license or licenses. The information must be updated on a monthly basis and published on the board's official internet web site. This information is not subject to the confidentiality provisions of RCW 82.32.330 and must be disclosed to manufacturers, distributors, retailers, and the general public upon request.

NEW SECTION. Sec. 115. (1) No person engaged in or conducting business as a distributor or retailer in this state may:

(a) Make, use, or present or exhibit to the department or the board any invoice for any of the vapor products taxed under this chapter that bears an untrue date or falsely states the nature or quantity of the goods invoiced; or

(b) Fail to produce on demand of the department or the board all invoices of all the vapor products taxed under this chapter

2019 REGULAR SESSION

within five years prior to such demand unless the person can show by satisfactory proof that the nonproduction of the invoices was due to causes beyond the person's control.

(2)(a) No person, other than a licensed distributor, retailer or delivery sales licensee, or manufacturer's representative, may transport vapor products for sale in this state for which the taxes imposed under this chapter have not been paid unless:

(i) Notice of the transportation has been given as required under section 113 of this act;

(ii) The person transporting the vapor products actually possesses invoices or delivery tickets showing the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of vapor products being transported; and

(iii) The vapor products are consigned to or purchased by a person in this state who is licensed under chapter 70.345 RCW.

(b) A violation of this subsection (2) is a gross misdemeanor.

(3) Any person licensed under chapter 70.345 RCW as a distributor, and any person licensed under chapter 70.345 RCW as a retailer, may not operate in any other capacity unless the additional appropriate license is first secured, except as otherwise provided by law. A violation of this subsection (3) is a misdemeanor.

(4) The penalties provided in this section are in addition to any other penalties provided by law for violating the provisions of this chapter or the rules adopted under this chapter.

(5) This section does not apply to a motor carrier or freight forwarder as defined in Title 49 U.S.C. Sec. 13102 or an air carrier as defined in Title 49 U.S.C. Sec. 40102.

NEW SECTION. Sec. 116. (1) A retailer that obtains vapor products from an unlicensed distributor or any other person that is not licensed under chapter 70.345 RCW must be licensed both as a retailer and a distributor and is liable for the tax imposed under section 102 of this act with respect to the vapor products acquired from the unlicensed person that are held for sale, handling, or distribution in this state. For the purposes of this subsection, "person" includes both persons defined in this act and any person immune from state taxation, such as the United States or its instrumentalities, and federally recognized Indian tribes and enrolled tribal members, conducting business within Indian country.

(2) Every distributor licensed under chapter 70.345 RCW may sell vapor products to retailers located in Washington only if the retailer has a current retailer's license under chapter 70.345 RCW.

NEW SECTION. Sec. 117. A manufacturer that has manufacturer's representatives who sell or distribute the manufacturer's vapor products in this state must provide the board a list of the names and addresses of all such representatives and must ensure that the list provided to the board is kept current. A manufacturer's representative is not authorized to distribute or sell vapor products in this state unless the manufacturer that hired the representative has a valid distributor's license under chapter 70.345 RCW and that manufacturer provides the board a current list of all of its manufacturer's representatives as required by this section. A manufacturer's representative must carry a copy of the distributor's license of the manufacturer that hired the representative at all times when selling or distributing the manufacturer's vapor products.

NEW SECTION. Sec. 118. (1) Any vapor products in the possession of a person selling vapor products in this state acting as a distributor or retailer and who is not licensed as required under chapter 70.345 RCW, or a person who is selling vapor products in violation of RCW 82.24.550(6), may be seized without a warrant by any agent of the department, agent of the

board, or law enforcement officer of this state. Any vapor products seized under this subsection are deemed forfeited.

(2) Any vapor products in the possession of a person who is not a licensed distributor, delivery seller, manufacturer's representative, or retailer and who transports vapor products for sale without having provided notice to the board required under section 113 of this act, or without invoices or delivery tickets showing the true name and address of the consignor or seller, the true name and address of the consignee or purchaser, and the quantity and brands of vapor products being transported may be seized and are subject to forfeiture.

(3) All conveyances, including aircraft, vehicles, or vessels that are used, or intended for use to transport, or in any manner to facilitate the transportation, for the purpose of sale or receipt of vapor products under subsection (2) of this section, may be seized and are subject to forfeiture except:

(a) A conveyance used by any person as a common or contract carrier having in actual possession invoices or delivery tickets showing the true name and address of the consignor or seller, the true name of the consignee or purchaser, and the quantity and brands of the vapor products transported, unless it appears that the owner or other person in charge of the conveyance is a consenting party or privy to a violation of this chapter;

(b) A conveyance subject to forfeiture under this section by reason of any act or omission of which the owner establishes to have been committed or omitted without his or her knowledge or consent; or

(c) A conveyance encumbered by a bona fide security interest if the secured party neither had knowledge of nor consented to the act or omission.

(4) Property subject to forfeiture under subsections (2) and (3) of this section may be seized by any agent of the department, the board, or law enforcement officer of this state upon process issued by any superior court or district court having jurisdiction over the property. Seizure without process may be made if:

(a) The seizure is incident to an arrest or a search warrant or an inspection under an administrative inspection warrant; or

(b) The department, board, or law enforcement officer has probable cause to believe that the property was used or is intended to be used in violation of this chapter and exigent circumstances exist making procurement of a search warrant impracticable.

(5) This section may not be construed to require the seizure of vapor products if the department's agent, board's agent, or law enforcement officer reasonably believes that the vapor products are possessed for personal consumption by the person in possession of the vapor products.

(6) Any vapor products seized by a law enforcement officer must be turned over to the board as soon as practicable.

(7) This section does not apply to a motor carrier or freight forwarder as defined in Title 49 U.S.C. Sec. 13102 or an air carrier as defined in Title 49 U.S.C. Sec. 40102.

NEW SECTION. Sec. 119. (1) In all cases of seizure of any vapor products made subject to forfeiture under this chapter, the department or board must proceed as provided in RCW 82.24.135.

(2) When vapor products are forfeited under this chapter, the department or board may:

(a) Retain the property for official use or upon application by any law enforcement agency of this state, another state, or the District of Columbia, or of the United States for the exclusive use of enforcing this chapter or the laws of any other state or the District of Columbia or of the United States; or

(b) Sell the vapor products at public auction to the highest bidder after due advertisement. Before delivering any of the goods to the successful bidder, the department or board must

require the purchaser to pay the proper amount of any tax due. The proceeds of the sale must be first applied to the payment of all proper expenses of any investigation leading to the seizure and of the proceedings for forfeiture and sale, including expenses of seizure, maintenance of custody, advertising, and court costs. The balance of the proceeds and all money must be deposited in the general fund of the state. Proper expenses of investigation include costs incurred by any law enforcement agency or any federal, state, or local agency.

(3) The department or the board may return any property seized under the provisions of this chapter when it is shown that there was no intention to violate the provisions of this chapter. When any property is returned under this section, the department or the board may return the property to the parties from whom they were seized if and when such parties have paid the proper amount of tax due under this chapter.

NEW SECTION. Sec. 120. When the department or the board has good reason to believe that any of the vapor products taxed under this chapter are being kept, sold, offered for sale, or given away in violation of the provisions of this chapter, it may make affidavit of facts describing the place or thing to be searched, before any judge of any court in this state, and the judge must issue a search warrant directed to the sheriff, any deputy, police officer, or duly authorized agent of the department or the board commanding him or her diligently to search any building, room in a building, place, or vehicle as may be designated in the affidavit and search warrant, and to seize the vapor products and hold them until disposed of by law.

NEW SECTION. Sec. 121. (1)(a) Where vapor products upon which the tax imposed by this chapter has been reported and paid are shipped or transported outside this state by the distributor to a person engaged in the business of selling vapor products, to be sold by that person, or are returned to the manufacturer by the distributor or destroyed by the distributor, or are sold by the distributor to the United States or any of its agencies or instrumentalities, or are sold by the distributor to any Indian tribal organization, credit of such tax may be made to the distributor in accordance with rules prescribed by the department.

(b) For purposes of this subsection (1), the following definitions apply:

(i) "Indian distributor" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "distributor" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(ii) "Indian retailer" means a federally recognized Indian tribe or tribal entity that would otherwise meet the definition of "retailer" under section 101 of this act, if federally recognized Indian tribes and tribal entities were not excluded from the definition of "person" in section 101 of this act.

(iii) "Indian tribal organization" means a federally recognized Indian tribe, or tribal entity, and includes an Indian distributor or retailer that is owned by an Indian who is an enrolled tribal member conducting business under tribal license or similar tribal approval within Indian country.

(2) Credit allowed under this section must be determined based on the tax rate in effect for the period for which the tax imposed by this chapter, for which a credit is sought, was paid.

NEW SECTION. Sec. 122. (1) Preexisting inventories of vapor products are subject to the tax imposed in section 102 of this act. All retailers and other distributors must report the tax due under section 102 of this act on preexisting inventories of vapor products on a form, as prescribed by the department, on or before

October 31, 2019, and the tax due on such preexisting inventories must be paid on or before January 31, 2020.

(2) Reports under subsection (1) of this section not filed with the department by October 31, 2019, are subject to a late filing penalty equal to the greater of two hundred fifty dollars or ten percent of the tax due under section 102 of this act on the taxpayer's preexisting inventories.

(3) The department must notify the taxpayer of the amount of tax due under section 102 of this act on preexisting inventories, which is subject to applicable penalties under RCW 82.32.090 (2) through (7) if unpaid after January 31, 2020. Amounts due in accordance with this section are not considered to be substantially underpaid for the purposes of RCW 82.32.090(2).

(4) Interest, at the rate provided in RCW 82.32.050(2), must be computed daily beginning February 1, 2020, on any remaining tax due under section 102 of this act on preexisting inventories until paid.

(5) A retailer required to comply with subsection (1) of this section is not required to obtain a distributor license as otherwise required under chapter 70.345 RCW as long as the retailer:

(a) Does not sell vapor products other than to ultimate consumers; and

(b) Does not meet the definition of "distributor" in section 101 of this act other than with respect to the sale of that retailer's preexisting inventory of vapor products.

(6) Taxes may not be collected under section 102 of this act from consumers with respect to any vapor products acquired before the effective date of this section.

(7) For purposes of this section, "preexisting inventory" means an inventory of vapor products located in this state as of the moment that section 102 of this act takes effect and held by a distributor for sale, handling, or distribution in this state.

Sec. 203. RCW 82.24.510 and 2013 c 144 s 50 are each amended to read as follows:

- (1) The licenses issuable under this chapter are as follows:
 - (a) A wholesaler's license.
 - (b) A retailer's license.

(2) Application for the licenses must be made through the business licensing system under chapter 19.02 RCW. The board must adopt rules regarding the regulation of the licenses. The board may refrain from the issuance of any license under this chapter if the board has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the board has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. In addition, for the purpose of reviewing an application for a wholesaler's license or retailer's license and for considering the denial, suspension, or revocation of any such license, the board may consider any prior criminal conduct of the applicant, including an administrative violation history record with the board and a criminal history record information check within the previous five years, in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to such cases. The board may, in its discretion, grant or refuse the wholesaler's license or retailer's license, subject to the provisions of RCW 82.24.550.

(3) No person may qualify for a wholesaler's license or a retailer's license under this section without first undergoing a

criminal background check. The background check must be performed by the board and must disclose any criminal conduct within the previous five years in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions. A person who possesses a valid license on July 22, 2001, is subject to this subsection and subsection (2) of this section beginning on the date of the person's business license expiration under chapter 19.02 RCW, and thereafter. If the applicant or licensee also has a license issued under chapter 66.24 ~~((or))~~, 82.26, or 70.345 RCW, the background check done under the authority of chapter 66.24 ~~((or))~~, 82.26, or 70.345 RCW satisfies the requirements of this section.

(4) Each such license expires on the business license expiration date, and each such license must be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the board made pursuant thereto.

(5) Each license and any other evidence of the license that the board requires must be exhibited in each place of business for which it is issued and in the manner required for the display of a business license.

Sec. 204. RCW 82.24.550 and 2015 c 86 s 307 are each amended to read as follows:

(1) The board must enforce the provisions of this chapter. The board may adopt, amend, and repeal rules necessary to enforce the provisions of this chapter.

(2) The department may adopt, amend, and repeal rules necessary to administer the provisions of this chapter. The board may revoke or suspend the license or permit of any wholesale or retail cigarette dealer in the state upon sufficient cause appearing of the violation of this chapter or upon the failure of such licensee to comply with any of the provisions of this chapter.

(3) A license may not be suspended or revoked except upon notice to the licensee and after a hearing as prescribed by the board. The board, upon finding that the licensee has failed to comply with any provision of this chapter or any rule adopted under this chapter, must, in the case of the first offense, suspend the license or licenses of the licensee for a period of not less than thirty consecutive business days, and, in the case of a second or further offense, must suspend the license or licenses for a period of not less than ninety consecutive business days nor more than twelve months, and, in the event the board finds the licensee has been guilty of willful and persistent violations, it may revoke the license or licenses.

(4) Any licenses issued under chapter 82.26 or 70.345 RCW to a person whose license or licenses have been suspended or revoked under this section must also be suspended or revoked during the period of suspension or revocation under this section.

(5) Any person whose license or licenses have been revoked under this section may reapply to the board at the expiration of one year from the date of revocation of the license or licenses. The license or licenses may be approved by the board if it appears to the satisfaction of the board that the licensee will comply with the provisions of this chapter and the rules adopted under this chapter.

(6) A person whose license has been suspended or revoked may not sell cigarettes, vapor products, or tobacco products or permit cigarettes, vapor products, or tobacco products to be sold during the period of such suspension or revocation on the premises occupied by the person or upon other premises controlled by the person or others or in any other manner or form whatever.

(7) Any determination and order by the board, and any order of suspension or revocation by the board of the license or licenses issued under this chapter, or refusal to reinstate a license or licenses after revocation is reviewable by an appeal to the superior

court of Thurston county. The superior court must review the order or ruling of the board and may hear the matter de novo, having due regard to the provisions of this chapter and the duties imposed upon the board.

(8) If the board makes an initial decision to deny a license or renewal, or suspend or revoke a license, the applicant may request a hearing subject to the applicable provisions under Title 34 RCW.

(2) These records ((~~shall~~)) must show the names and addresses of purchasers, the inventory of all tobacco products, and other pertinent papers and documents relating to the purchase, sale, or disposition of tobacco products. All invoices and other records required by this section to be kept ((~~shall~~)) must be preserved for a period of five years from the date of the invoices or other documents or the date of the entries appearing in the records.

(3) At any time during usual business hours the department, board, or its duly authorized agents or employees, may enter any place of business of a distributor, without a search warrant, and inspect the premises, the records required to be kept under this chapter, and the tobacco products contained therein, to determine whether or not all the provisions of this chapter are being fully complied with. If the department, board, or any of its agents or employees, are denied free access or are hindered or interfered with in making such examination, the registration certificate issued under RCW 82.32.030 of the distributor at such premises ((~~shall be~~)) is subject to revocation, and any licenses issued under this chapter or chapter 82.24 or 70.345 RCW are subject to suspension or revocation, by the department or board.

If the department, board, or any of its agents or employees, are denied free access or are hindered or interfered with in making the inspection, the registration certificate issued under RCW 82.32.030 of the retailer at the premises is subject to revocation, and any licenses issued under this chapter or chapter 82.24 or

70.345 RCW are subject to suspension or revocation by the department.

Sec. 207. RCW 82.26.150 and 2013 c 144 s 52 are each amended to read as follows:

The board may refuse to issue any license under this chapter if the board has reasonable cause to believe that the applicant has willfully withheld information requested for the purpose of determining the eligibility of the applicant to receive a license, or if the board has reasonable cause to believe that information submitted in the application is false or misleading or is not made in good faith. In addition, for the purpose of reviewing an application for a distributor's license or retailer's license and for considering the denial, suspension, or revocation of any such license, the board may consider criminal conduct of the applicant, including an administrative violation history record with the board and a criminal history record information check within the previous five years, in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions, and the provisions of RCW 9.95.240 and chapter 9.96A RCW do not apply to such cases. The board may, in its discretion, issue or refuse to issue the distributor's license or retailer's license, subject to the provisions of RCW 82.26.220.

(3) No person may qualify for a distributor's license or a retailer's license under this section without first undergoing a criminal background check. The background check must be performed by the board and must disclose any criminal conduct within the previous five years in any state, tribal, or federal jurisdiction in the United States, its territories, or possessions. If the applicant or licensee also has a license issued under chapter 66.24 ((~~or~~)), 82.24, or 70.345 RCW, the background check done under the authority of chapter 66.24, 70.345, or 82.24 RCW satisfies the requirements of this section.

(4) Each license issued under this chapter expires on the business license expiration date. The license must be continued annually if the licensee has paid the required fee and complied with all the provisions of this chapter and the rules of the board adopted pursuant to this chapter.

(5) Each license and any other evidence of the license required under this chapter must be exhibited in each place of business for which it is issued and in the manner required for the display of a business license.

(3) A license may not be suspended or revoked except upon notice to the licensee and after a hearing as prescribed by the board. The board, upon finding that the licensee has failed to comply with any provision of this chapter or of any rule adopted under it, must, in the case of the first offense, suspend the license or licenses of the licensee for a period of not less than thirty

(4) Any licenses issued under chapter 82.24 or 70.345 RCW to a person whose license or licenses have been suspended or revoked under this section must also be suspended or revoked during the period of suspension or revocation under this section.

(5) Any person whose license or licenses have been revoked under this section may reapply to the board at the expiration of one year of the license or licenses. The license or licenses may be approved by the board if it appears to the satisfaction of the board that the licensee will comply with the provisions of this chapter and the rules adopted under it.

(6) A person whose license has been suspended or revoked may not sell tobacco products, vapor products, or cigarettes or permit tobacco products, vapor products, or cigarettes to be sold during the period of suspension or revocation on the premises occupied by the person or upon other premises controlled by the person or others or in any other manner or form.

(7) Any determination and order by the board, and any order of suspension or revocation by the board of the license or licenses issued under this chapter, or refusal to reinstate a license or licenses after revocation is reviewable by an appeal to the superior court of Thurston county. The superior court must review the order or ruling of the board and may hear the matter de novo, having due regard to the provisions of this chapter and the duties imposed upon the board.

(8) If the board makes an initial decision to deny a license or renewal, or suspend or revoke a license, the applicant may request a hearing subject to the applicable provisions under Title 34 RCW.

(4) The department ~~((shall))~~ must exercise general supervision of the collection of taxes and, in the discharge of such duty, may institute and prosecute such suits or proceedings in the courts as may be necessary and proper.

**Part III
Tribal Compacting**

Sec. 301. RCW 43.06.450 and 2001 c 235 s 1 are each amended to read as follows:

The legislature intends to further the government-to-government relationship between the state of Washington and Indians in the state of Washington by authorizing the governor to enter into contracts concerning the sale of cigarettes and vapor products. The legislature finds that these cigarette tax and vapor product tax contracts will provide a means to promote economic development, provide needed revenues for tribal governments and Indian persons, and enhance enforcement of the state's cigarette tax ~~((law))~~ and vapor product tax, ultimately saving the state money and reducing conflict. In addition, it is the intent of the legislature that the negotiations and the ensuing contracts ~~((shall))~~ have no impact on the state's share of the proceeds under the master settlement agreement entered into on November 23, 1998, by the state. Chapter 235, Laws of 2001 ~~((does))~~ and this act do not constitute a grant of taxing authority to any Indian tribe nor ~~((does it))~~ do they provide precedent for the taxation of non-Indians on fee land.

NEW SECTION. **Sec. 302.** A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into vapor product tax contracts concerning the sale of vapor products. All vapor product tax contracts must meet the requirements for vapor product tax contracts under this section.

(2) Vapor product tax contracts must be in regard to retail sales in which Indian retailers make delivery and physical transfer of possession of the vapor products from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, contracts may address the legal age of sale for vapor products pursuant to section 11, chapter 15, Laws of 2019.

(3) A vapor product tax contract with a tribe must provide for a tribal vapor product tax in lieu of all state vapor product taxes and state and local sales and use taxes on sales of vapor products in Indian country by Indian retailers. The tribe may allow an exemption for sales to tribal members.

(4) Vapor product tax contracts must provide that retailers must purchase vapor products only from:

(a) Wholesalers or manufacturers licensed to do business in the state of Washington;

(b) Out-of-state wholesalers or manufacturers who, although not licensed to do business in the state of Washington, agree to comply with the terms of the vapor product tax contract, are certified to the state as having so agreed, and do in fact so comply. However, the state may in its sole discretion exercise its administrative and enforcement powers over such wholesalers or manufacturers to the extent permitted by law;

(c) A tribal wholesaler that purchases only from a wholesaler or manufacturer described in (a), (b), or (d) of this subsection; and

(d) A tribal manufacturer.

(5) Vapor product tax contracts must be for renewable periods of no more than eight years.

(6) Vapor product tax contracts must include provisions for compliance, such as transport and notice requirements, inspection procedures, recordkeeping, and audit requirements.

(7) Tax revenue retained by a tribe must be used for essential government services. Use of tax revenue for subsidization of vapor products and food retailers is prohibited.

(8) The vapor product tax contract may include provisions to resolve disputes using a nonjudicial process, such as mediation.

(9) The governor may delegate the power to negotiate vapor product tax contracts to the department of revenue. The department of revenue must consult with the liquor and cannabis board during the negotiations.

(10) Information received by the state or open to state review under the terms of a contract is subject to the provisions of RCW 82.32.330.

(11) It is the intent of the legislature that the liquor and cannabis board and the department of revenue continue the division of duties and shared authority under chapter 82.--- RCW (the new chapter created in section 408 of this act) and therefore the liquor and cannabis board is responsible for enforcement activities that come under the terms of chapter 82.--- RCW (the new chapter created in section 408 of this act).

(12) Each vapor product tax contract must include a procedure for notifying the other party that a violation has occurred, a procedure for establishing whether a violation has in fact occurred, an opportunity to correct such violation, and a provision providing for termination of the contract should the violation fail to be resolved through this process, such termination subject to mediation should the terms of the contract so allow. A contract must provide for termination of the contract if resolution of a dispute does not occur within twenty-four months from the time notification of a violation has occurred. Intervening violations do not extend this time period. In addition, the contract must include provisions delineating the respective roles and responsibilities of the tribe, the department of revenue, and the liquor and cannabis board.

(13) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Essential government services" means services such as tribal administration, public facilities, fire, police, public health, education, job services, sewer, water, environmental and land use, transportation, utility services, and economic development.

(b) "Indian country" has the same meaning as provided in RCW 82.24.010.

- (c) "Indian retailer" or "retailer" means:
- (i) A retailer wholly owned and operated by an Indian tribe;
 - (ii) A business wholly owned and operated by a tribal member and licensed by the tribe; or
 - (iii) A business owned and operated by the Indian person or persons in whose name the land is held in trust.
- (d) "Indian tribe" or "tribe" means a federally recognized Indian tribe located within the geographical boundaries of the state of Washington.
- (e) "Vapor products" has the same meaning as provided in section 101 of this act.

NEW SECTION. Sec. 303. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor is authorized to enter into vapor product tax contracts with federally recognized Indian tribes located within the geographical boundaries of the state of Washington. Each contract adopted under this section must provide that the tribal vapor product tax rate be one hundred percent of the state vapor product tax and state and local sales and use taxes. The tribal vapor product tax is in lieu of the state vapor product tax and state and local sales and use taxes, as provided in section 302(3) of this act.

(2) A vapor product tax contract under this section is subject to section 302 of this act and is separate from a cigarette tax contract subject to RCW 43.06.455 or 43.06.466.

NEW SECTION. Sec. 304. A new section is added to chapter 43.06 RCW to read as follows:

(1) The governor may enter into a vapor product tax agreement with the Puyallup Tribe of Indians concerning the sale of vapor products, subject to the limitations in this section. The legislature intends to address the uniqueness of the Puyallup Indian reservation and its selling environment through pricing and compliance strategies, rather than through the imposition of equivalent taxes. The governor may delegate the authority to negotiate a vapor product tax agreement with the Puyallup Tribe to the department of revenue. The department of revenue must consult with the liquor and cannabis board during the negotiations. An agreement under this section is separate from an agreement under RCW 43.06.465.

(2) Any agreement must require the tribe to impose a tribal vapor product tax with a tax rate that is ninety percent of the state vapor product tax. This tribal tax is in lieu of the combined state and local sales and use taxes and the state vapor product tax, and as such these state taxes are not imposed during the term of the agreement on any transaction governed by the agreement. The tribal vapor product tax must increase or decrease at the time of any increase or decrease in the state vapor product tax so as to remain at a level that is ninety percent of the rate of the state vapor product tax.

(3) The agreement must include a provision requiring the tribe to transmit thirty percent of the tribal tax revenue on all vapor products sales to the state. The funds must be transmitted to the state treasurer on a quarterly basis for deposit by the state treasurer into the general fund. The remaining tribal tax revenue must be used for essential government services, as that term is defined in section 302 of this act.

(4) The agreement is limited to retail sales in which Indian retailers make delivery and physical transfer of possession of the vapor products from the seller to the buyer within Indian country, and are not in regard to transactions by non-Indian retailers. In addition, agreements may address the legal age of sale for vapor products pursuant to section 11, chapter 15, Laws of 2019.

(5)(a) The agreement must include a provision to price and sell the vapor products so that the retail selling price is not less than the price paid by the retailer for the vapor products.

(b) The tribal tax is in addition to the retail selling price.

(c) The agreement must include a provision to assure the price paid to the retailer includes the tribal tax.

(d) If the tribe is acting as a distributor to tribal retailers, the retail selling price must not be less than the price the tribe paid for such vapor products plus the tribal tax.

(6)(a) The agreement must include provisions regarding enforcement and compliance by the tribe in regard to enrolled tribal members who sell vapor products and must describe the individual and joint responsibilities of the tribe, the department of revenue, and the liquor and cannabis board.

(b) The agreement must include provisions for tax administration and compliance, such as transport and notice requirements, inspection procedures, recordkeeping, and audit requirements.

(c) The agreement must include provisions for sharing of information among the tribe, the department of revenue, and the liquor and cannabis board.

REMARKS BY THE PRESIDENT

President Habib: "I would just take a moment of privilege to do this. I know that we have done this at certain moments at cutoff but, since we do have a moment right now, to just say a word of thanks to all the men and women who work so hard here to make

this happen. We got a chance to thank the Dining Room staff before they left for the day but there are so many others. All of our, what I call our floor team, the rostrum staff, the workroom. You all know how hard they work you've seen that they work twenty-four hours a day, literally. They have done that these past few days. Senate Security who keeps us safe and does it with so much dignity all of the time. The rostrum staff that is up here, led by the Secretary of the Senate. I want to thank him for his service to our state and the wonderful way in which he leads his staff and the entire agency of the Senate. Of course, the two attorneys who are not even listening to me right now because they're still working on making everything happen. Jeannie and Victoria, who have made many of your dreams come true with their legal maneuvers and ability to explain things. There're so many others but of course Senate Committee Services, all the partisan staff in both caucuses. Please, would the Senate join me in thanking them for their work this year."

The senate rose and recognized the work of the staff of the Washington State Senate.

The Washington State Legislative Intern Program is an academic internship for college students from around Washington State. Interns are assigned to Senate offices and are mentored by members and staff as they conduct research, track legislation, and work with constituents. In addition to building professional experience through their office work, interns earn academic credit and take part in seminars and workshops with state policymakers to gain a first-hand understanding of the legislative process.

The 45 Senate interns in 2019 represented 14 college campuses, a wide range of majors, and communities all over Washington.

Colleen Rust, Civic Education Director
Myra Hernandez, Assistant Intern Coordinator

The Senate Page Program allows young students throughout Washington State the opportunity each year to take part in the legislative process and observe the Legislature and other branches of state government during the legislative session. The students also participate in the Page School learning about the legislative process, listening to guest speakers and developing their own legislation. The Program had 280 participants during the 2019 Regular Session.

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SENATE BILL NO. 5503

April 17, 2019

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Senate Bill No. 5503 entitled:

"AN ACT Relating to state board of health rules regarding on-site sewage systems."

I am vetoing Section 3 of this bill. This section is unnecessary and precludes local health jurisdiction staff from conditioning an on-site septic permit once an easement for the system has been granted.

The granting of an easement should not eliminate the ability of an inspector to correct problems of a system that they are inspecting. The new section of this bill (Section 2) significantly increases protections for homeowner and provides assurance that on-site inspections will be done properly and fairly.

For these reasons I have vetoed Section 3 of Senate Bill No. 5503.

With the exception of Section 3, Senate Bill No. 5503 is approved.

Respectfully submitted,
/s/
Jay Inslee
Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SUBSTITUTE SENATE BILL NO. 5710

April 17, 2019

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Substitute Senate Bill No. 5710 entitled:

"AN ACT Relating to the Cooper Jones active transportation safety council."

I am vetoing Section 3, the emergency clause, because it is not necessary. The new council created by the bill has no plans to convene before August 2019. Vetoing Section 3 of the bill in no way diminishes the bill's overall traffic safety goals.

For these reasons I have vetoed Section 3 of Substitute Senate Bill No. 5710.

With the exception of Section 3, Substitute Senate Bill No. 5710 is approved.

Respectfully submitted,
/s/
Jay Inslee
Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SENATE BILL NO. 5022

April 30, 2019

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 2, Senate Bill No. 5022 entitled:

"AN ACT Relating to granting binding interest arbitration rights to certain higher education uniformed personnel."

This bill establishes interest arbitration for uniformed personnel, which is defined as sworn police officers employed as a member of a police force established by state universities, regional universities, or the Evergreen State College. Section 2 amends current law and exempts such arbitration awards from submission to the Office of Financial Management to be certified as financially feasible. This could result in requiring the governor to include funds necessary to implement the award in his/her budget regardless of whether it was financially feasible.

Although I support granting interest arbitration to uniformed personnel, it is important to ensure that any award from interest arbitration must be submitted for certification of financial feasibility before being included in the governor's budget proposal. This check and balance on arbitration awards protects the governor's discretion in developing future budget proposals.

For these reasons I have vetoed Section 2 of Senate Bill No. 5022.

With the exception of Section 2, Senate Bill No. 5022 is approved.

Respectfully submitted,
/s/
Jay Inslee
Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SENATE BILL NO. 5360

May 8, 2019

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 5, Senate Bill No. 5360 entitled:

"AN ACT Relating to plan membership default provisions in the public employees' retirement system, the teachers' retirement system, and the school employees' retirement system."

Section 5 of this bill declares an emergency and makes the bill effective immediately. However, the bill as it passed the legislature makes the provisions of the bill effective a year later than the date in the original bill. This change means that the emergency clause is no longer needed.

For these reasons I have vetoed Section 5 of Senate Bill No. 5360.

With the exception of Section 5, Senate Bill No. 5360 is approved.

Respectfully submitted,
/s/

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SENATE BILL NO. 5274

May 8, 2019

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 6, Engrossed Senate Bill No. 5274 entitled:

"AN ACT Relating to dental coverage for Pacific islanders residing in Washington."

I am vetoing section 6 because it is an unnecessary emergency clause. This veto will not disturb the substantive provisions of this bill, but will avoid confusion about the start date of the dental program. The dental program is funded to begin January 1, 2021, and outreach and engagement communications will begin 90 days from today under the normal enactment period of the bill.

For these reasons I have vetoed Section 6 of Engrossed Senate Bill No. 5274.

With the exception of Section 6, Engrossed Senate Bill No. 5274 is approved.

Respectfully submitted,

PARTIAL VETO ON SENATE BILL NO. 5054

May 9, 2019

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Sections 4, 5, and 6, Senate Bill No. 5054 entitled:

"AN ACT Relating to increasing the behavioral health workforce by establishing a reciprocity program to increase the portability of behavioral health licenses and certifications."

Senate Bill 5054 will help out-of-state applicants to more easily and quickly become integrated into Washington State's behavioral health workforce. Sections 4, 5 and 6 direct the Department of Health to conduct a study to explore options for adoption of an interstate compact or compacts supporting license portability for certain professionals. I agree with the intended purpose of the bill; however, the final budget did not provide funding for the Department to perform this study and the cost of this work cannot be absorbed.

For these reasons I have vetoed Sections 4, 5, and 6 of Senate Bill No. 5054.

With the exception of Sections 4, 5, and 6, Senate Bill No. 5054 is approved.

Respectfully submitted,

MESSAGE FROM THE GOVERNOR
VETO ON ENGROSSED SENATE BILL NO. 5573

May 8, 2019

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval, Engrossed Senate Bill No. 5573 entitled:

"AN ACT Relating to domestic violence and traumatic brain injury."

Sections 1 and 2 of ESB 5573 are duplicative of sections in SHB 1532. Since SHB 1532 has already been signed into law, there is no need to duplicate those provisions by signing this bill as well. In addition, Section 2 of both ESB 5573 and SHB 1532 will become ineffective as this same section of law is amended in SHB 1225, which amends the statute to move the relevant language to a new statute in Chapter 10.99 RCW. For these reasons, I am vetoing ESB 5573.

The Criminal Justice Training Commission will incorporate the training required in Section 1 of the bill into the existing domestic violence training conducted at the Basic Law Enforcement Academy Training. Additionally, the Washington Association of Sheriffs and Police Chiefs will work with the sponsors of both ESB 5573 and SHB 1532 to draft a letter to their membership encouraging they provide the information suggested by the bill.

For these reasons I have vetoed Engrossed Senate Bill No. 5573 in its entirety.

Respectfully submitted,

/s/
Jay Inslee
Governor

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON ENGROSSED SUBSTITUTE SENATE BILL NO. 5418

May 21, 2019

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 15, Engrossed Substitute Senate Bill No. 5418 entitled:

"AN ACT Relating to local government procurement modernization and efficiency."

Engrossed Substitute Senate Bill 5418 will help improve procurement processes for local governments. Section 15 of the bill amends RCW 87.03.435 relating to irrigation districts. Section 2 of a different bill passed by the Legislature this year, Engrossed Senate Bill 5453, contains the same amendments as well as other changes. Therefore I am vetoing Section 15 of Engrossed Substitute Senate Bill 5418 to avoid these double amendments and any confusion at the Office of the Code Reviser.

I would also note that the Legislature did not provide funding for the Capital Projects Advisory Review Board to review the public works contracting processes for local governments, including the small works roster and limited public works processes as set forth in Section 16. I am directing my Office of Financial Management to work with the Department of Enterprise Services to identify resources so they can begin this important work. In addition, I will be asking the Legislature to include full funding of this study in the 2020 supplemental operating budget.

For these reasons I have vetoed Section 15 of Engrossed Substitute Senate Bill No. 5418.

With the exception of Section 15, Engrossed Substitute Senate Bill No. 5418 is approved.

Respectfully submitted,
/s/

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SECOND SUBSTITUTE SENATE BILL NO. 5287

May 21, 2019

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 3, Second Substitute Senate Bill No. 5287 entitled:

"AN ACT Relating to ensuring accurate redistricting by counting individuals in state custody as residents of their last known place of residence."

Section 3 is an unnecessary emergency clause. Under the bill, the Department of Children, Youth, and Families; Department of Corrections; and Department of Social and Health Services must perform a residence determination process between April 1 and July 1 of each year ending in zero. Without the emergency clause, this bill will take effect under the standard enactment period, which is well before the first deadline of April 1, 2020. This veto will not disturb the substantive provisions of this bill and will provide the impacted agencies with adequate time to determine the last known place of residence for those persons who are in state custody.

For these reasons I have vetoed Section 3 of Second Substitute Senate Bill No. 5287.

With the exception Section 3, Second Substitute Senate Bill No. 5287 is approved.

Respectfully submitted,

MESSAGE FROM THE GOVERNOR
PARTIAL VETO ON SECOND SUBSTITUTE SENATE BILL NO. 5672

May 21, 2019

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning herewith, without my approval as to Section 6, Second Substitute Senate Bill No. 5672 entitled:

"AN ACT Relating to adult family home specialty services."

Section 6 contains a null and void clause. The enacted budget references the bill number, but does not provide specific funding. Therefore, the bill might be void if this section is not vetoed. The Department of Social and Health Services agrees that this work is important, so it will begin this work without additional resources.

For these reasons I have vetoed Section 6 of Second Substitute Senate Bill No. 5672.

With the exception of Section 6, Second Substitute Senate Bill No. 5672 is approved.

Respectfully submitted,
