The court shall impose conditions of probation that include: (i) Not driving a motor vehicle within this state without a valid license to drive; (ii) not driving a motor vehicle within this state without proof of liability insurance or other financial responsibility for the future pursuant to RCW 46.30.020; (iii) not driving or being in physical control of a motor vehicle within this state while having an alcohol concentration of 0.08 or more or a THC concentration of 5.00 nanograms per milliliter of whole blood or higher, within two hours after driving; (iv) not refusing to submit to a test of his or her breath or blood to determine alcohol or drug concentration upon request of a law enforcement officer who has reasonable grounds to believe the person was driving or was in actual physical control of a motor vehicle within this state while under the influence of intoxicating liquor or drug; and (v) not driving a motor vehicle in this state without a functioning ignition interlock device as required by the department under RCW 46.20.720. The court may impose conditions of probation that include nonrepetition, installation of an ignition interlock device on the probationer's motor vehicle, alcohol or drug treatment, supervised probation, or other conditions that may be appropriate. The sentence may be imposed in whole or in part upon violation of a condition of probation during the suspension period.

(b) For each violation of mandatory conditions of probation under (a)(i), (ii), (iii), (iv), or (v) of this subsection, the court shall order the convicted person to be confined for thirty days, which shall not be suspended or deferred.

(c) For each incident involving a violation of a mandatory condition of probation imposed under this subsection, the license, permit, or privilege to drive of the person shall be suspended by the court for thirty days or, if such license, permit, or privilege to drive already is suspended, revoked, or denied at the time the finding of probation violation is made, the suspension, revocation, or denial then in effect shall be extended by thirty days. The court shall notify the department of any suspension, revocation, or denial or any extension of a suspension, revocation, or denial imposed under this subsection.

(12) **Waiver of electronic home monitoring.** A court may waive the electronic home monitoring requirements of this chapter when:

(a) The offender does not have a dwelling, telephone service, or any other necessity to operate an electronic home monitoring system. However, if a court determines that an alcohol monitoring device utilizing wireless reporting technology is reasonably available, the court may require the person to obtain such a device during the period of required electronic home monitoring;

(b) The offender does not reside in the state of Washington; or

(c) The court determines that there is reason to believe that the offender would violate the conditions of the electronic home monitoring penalty.

The alternative sentence may include, but is not limited to, use of an ignition interlock device, the 24/7 sobriety program monitoring, additional jail time, work crew, or work camp.

Whenever the combination of jail time and electronic home monitoring or alternative sentence would exceed three hundred sixty-four days, the offender shall serve the jail portion of the sentence first, and the electronic home monitoring or alternative portion of the sentence shall be reduced so that the combination does not exceed three hundred sixty-four days.

(13) **Extraordinary medical placement.** An offender serving a sentence under this section, whether or not a mandatory minimum term has expired, may be granted an extraordinary medical placement by the jail administrator subject to the standards and limitations set forth in RCW 9.94A.728(1)(c).

Sec. 17. RCW 9.94A.525 and 2017 c 272 s 3 are each amended to read as follows:

The offender score is measured on the horizontal axis of the sentencing grid. The offender score rules are as follows:

The offender score is the sum of points accrued under this section rounded down to the nearest whole number.

(1) A prior conviction is a conviction which exists before the date of sentencing for the offense for which the offender score is being computed. Convictions entered or sentenced on the same date as the conviction for which the offender score is being computed shall be deemed "other current offenses" within the meaning of RCW 9.94A.589.

(2)(a) Class A and sex prior felony convictions shall always be included in the offender score.

(b) Class B prior felony convictions other than sex offenses shall not be included in the offender score, if since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(c) Except as provided in (e) of this subsection, class C prior felony convictions other than sex offenses shall not be included in the offender score if, since the last date of release from confinement (including full-time residential treatment) pursuant to a felony conviction, if any, or entry of judgment and sentence, the offender had spent five consecutive years in the community without committing any crime that subsequently results in a conviction.

(d) Except as provided in (e) of this subsection, serious traffic convictions shall not be included in the offender score if, since the last date of release from confinement (including full-time

residential treatment) pursuant to a conviction, if any, or entry of judgment and sentence, the offender spent five years in the community without committing any crime that subsequently results in a conviction.

(e) If the present conviction is felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)), all predicate crimes for the offense as defined by RCW 46.61.5055(14) shall be included in the offender score, and prior convictions for felony driving while under the influence of intoxicating liquor or any drug (RCW 46.61.502(6)) or felony physical control of a vehicle while under the influence of intoxicating liquor or any drug (RCW 46.61.504(6)) shall always be included in the offender score. All other convictions of the defendant shall be scored according to this section.

(f) Prior convictions for a repetitive domestic violence offense, as defined in RCW 9.94A.030, shall not be included in the offender score if, since the last date of release from confinement or entry of judgment and sentence, the offender had spent ten consecutive years in the community without committing any crime that subsequently results in a conviction.

(g) This subsection applies to both adult and juvenile prior convictions.

(3) Out-of-state convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. Federal convictions for offenses shall be classified according to the comparable offense definitions and sentences provided by Washington law. If there is no clearly comparable offense under Washington law or the offense is one that is usually considered subject to exclusive federal jurisdiction, the offense shall be scored as a class C felony equivalent if it was a felony under the relevant federal statute.

(4) Score prior convictions for felony anticipatory offenses (attempts, criminal solicitations, and criminal conspiracies) the same as if they were convictions for completed offenses.

(5)(a) In the case of multiple prior convictions, for the purpose of computing the offender score, count all convictions separately, except:

(i) Prior offenses which were found, under RCW 9.94A.589(1)(a), to encompass the same criminal conduct, shall be counted as one offense, the offense that yields the highest offender score. The current sentencing court shall determine with respect to other prior adult offenses for which sentences were served concurrently or prior juvenile offenses for which sentences were served consecutively, whether those offenses shall be counted as one offense or as separate offenses using the "same criminal conduct" analysis found in RCW 9.94A.589(1)(a), and if the court finds that they shall be counted as one offense, then the offense that yields the highest offender score shall be used. The current sentencing court may presume that such other prior offenses were not the same criminal conduct from sentences imposed on separate dates, or in separate counties or jurisdictions, or in separate complaints, indictments, or informations;

(ii) In the case of multiple prior convictions for offenses committed before July 1, 1986, for the purpose of computing the offender score, count all adult convictions served concurrently as one offense, and count all juvenile convictions entered on the same date as one offense. Use the conviction for the offense that yields the highest offender score.

(b) As used in this subsection (5), "served concurrently" means that: (i) The latter sentence was imposed with specific reference to the former; (ii) the concurrent relationship of the sentences was judicially imposed; and (iii) the concurrent timing of the sentences was not the result of a probation or parole revocation on the former offense.

(12) If the present conviction is for homicide by watercraft or assault by watercraft count two points for each adult or juvenile prior conviction for homicide by watercraft or assault by watercraft; for each felony offense count one point for each adult and 1/2 point for each juvenile prior conviction; count one point for each adult and 1/2 point for each juvenile prior conviction for driving under the influence of intoxicating liquor or any drug, actual physical control of a motor vehicle while under the influence of intoxicating liquor or any drug, or operation of a vessel while under the influence of intoxicating liquor or any drug.

(13) If the present conviction is for manufacture of methamphetamine count three points for each adult prior manufacture of methamphetamine conviction and two points for each juvenile manufacture of methamphetamine offense. If the present conviction is for a drug offense and the offender has a criminal history that includes a sex offense or serious violent offense, count three points for each adult prior felony drug offense conviction and two points for each juvenile drug offense. All other adult and juvenile felonies are scored as in subsection (8) of this section if the current drug offense is violent, or as in subsection (7) of this section if the current drug offense is nonviolent.

(14) If the present conviction is for Escape from Community Custody, RCW 72.09.310, count only prior escape convictions in the offender score. Count adult prior escape convictions as one point and juvenile prior escape convictions as 1/2 point.

(15) If the present conviction is for Escape 1, RCW 9A.76.110, or Escape 2, RCW 9A.76.120, count adult prior convictions as one point and juvenile prior convictions as 1/2 point.

(16) If the present conviction is for Burglary 2 or residential burglary, count priors as in subsection (7) of this section; however, count two points for each adult and juvenile prior Burglary 1 conviction, two points for each adult prior Burglary 2 or residential burglary conviction, and one point for each juvenile prior Burglary 2 or residential burglary conviction.

(17) If the present conviction is for a sex offense, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction.

(18) If the present conviction is for failure to register as a sex offender under RCW (~~9A.44.130 or~~) 9A.44.132, count priors as in subsections (7) through (11) and (13) through (16) of this section; however count three points for each adult and juvenile prior sex offense conviction, excluding prior convictions for failure to register as a sex offender under RCW (~~9A.44.130 or~~) 9A.44.132, which shall count as one point.

(19) If the present conviction is for an offense committed while the offender was under community custody, add one point. For purposes of this subsection, community custody includes community placement or postrelease supervision, as defined in chapter 9.94B RCW.

(20) If the present conviction is for Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2, count priors as in subsections (7) through (18) of this section; however count one point for prior convictions of Vehicle Prowling 2, and three points for each adult and juvenile prior Theft 1 (of a motor vehicle), Theft 2 (of a motor vehicle), Possession of Stolen Property 1 (of a motor vehicle), Possession of Stolen Property 2 (of a motor vehicle), Theft of a Motor Vehicle, Possession of a Stolen Vehicle, Taking a Motor Vehicle Without Permission 1, or Taking a Motor Vehicle Without Permission 2 conviction.

(22) The fact that a prior conviction was not included in an offender's offender score or criminal history at a previous sentencing shall have no bearing on whether it is included in the criminal history or offender score for the current offense. Prior convictions that were not counted in the offender score or included in criminal history under repealed or previous versions of the sentencing reform act shall be included in criminal history and shall count in the offender score if the current version of the sentencing reform act requires including or counting those convictions. Sec. 18. RCW 46.20.311 and 2016 c 203 s 12 are each amended to read as follows:

(1)(a) The department shall not suspend a driver's license or privilege to drive a motor vehicle on the public highways for a fixed period of more than one year, except as specifically permitted under RCW 46.20.267, 46.20.342, or other provision of law.

(c) If the suspension is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reinstatement until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, based upon notification from the interlock provider or otherwise, the department determines that an interlock required under RCW 46.20.720 is no longer installed or functioning as required, the department shall suspend the person's license or privilege to drive. Whenever the license or driving privilege of any person is suspended or revoked as a result of noncompliance with an ignition interlock requirement, the suspension shall remain in effect until the person provides notice issued by a company doing business in the state that a vehicle

(e)(i) The department shall not issue to the person a new, duplicate, or renewal license until the person pays a reissue fee of seventy-five dollars.

(ii) If the suspension is the result of a violation of RCW 46.61.502 or 46.61.504, or is the result of administrative action under RCW 46.20.308, the reissue fee shall be one hundred (~~(fifty)~~) seventy-five dollars.

(2)(a) Any person whose license or privilege to drive a motor vehicle on the public highways has been revoked, unless the revocation was for a cause which has been removed, is not entitled to have the license or privilege renewed or restored until:

(i) After the expiration of one year from the date the license or privilege to drive was revoked; (ii) after the expiration of the applicable revocation period provided by RCW 46.20.3101 or 46.61.5055; (iii) after the expiration of two years for persons convicted of vehicular homicide; or (iv) after the expiration of the applicable revocation period provided by RCW 46.20.265.

(b)(i) After the expiration of the appropriate period, the person may make application for a new license as provided by law together with a reissue fee in the amount of seventy-five dollars.

(ii) If the revocation is the result of a violation of RCW 46.20.308, 46.61.502, or 46.61.504, the reissue fee shall be one hundred (~~(fifty)~~) seventy-five dollars. If the revocation is the result of a nonfelony violation of RCW 46.61.502 or 46.61.504, the department shall determine the person's eligibility for licensing based upon the reports provided by the alcoholism agency or probation department designated under RCW 46.61.5056 and shall deny reissuance of a license, permit, or privilege to drive until enrollment and participation in an approved program has been established and the person is otherwise qualified. If the suspension is the result of a violation of RCW 46.61.502(6) or 46.61.504(6), the department shall determine the person's eligibility for licensing based upon the reports provided by the alcohol or drug dependency agency required under RCW 46.61.524 and shall deny reinstatement until satisfactory progress in an approved program has been established and the person is otherwise qualified. If the revocation is the result of a violation of RCW 46.61.502 or 46.61.504, and the person is required pursuant to RCW 46.20.720 to drive only a motor vehicle equipped with a functioning ignition interlock or other biological or technical device, the department shall determine the person's eligibility for licensing based upon written verification by a company doing business in the state that it has installed the required device on a vehicle owned or operated by the person applying for a new license. The department may waive the requirement for written verification under this subsection if it determines to its satisfaction that a device previously verified as having been installed on a vehicle owned or operated by the person is still installed and functioning or as permitted by RCW 46.20.720(8). If, following issuance of a new license, the department determines, based upon notification from the interlock provider or otherwise, that an interlock required under RCW 46.20.720 is no longer functioning, the department shall suspend the person's license or privilege to drive until the department has received written verification from an interlock provider that a functioning interlock is installed.

(c) Except for a revocation under RCW 46.20.265, the department shall not then issue a new license unless it is satisfied

after investigation of the driving ability of the person that it will be safe to grant the privilege of driving a motor vehicle on the public highways, and until the person gives and thereafter maintains proof of financial responsibility for the future as provided in chapter 46.29 RCW. For a revocation under RCW 46.20.265, the department shall not issue a new license unless it is satisfied after investigation of the driving ability of the person that it will be safe to grant that person the privilege of driving a motor vehicle on the public highways.

(3)(a) Whenever the driver's license of any person is suspended pursuant to Article IV of the nonresident violators compact or RCW 46.23.020 or 46.20.289 or 46.20.291(5), the department shall not issue to the person any new or renewal license until the person pays a reissue fee of seventy-five dollars.

(b) If the suspension is the result of a violation of the laws of this or any other state, province, or other jurisdiction involving (i) the operation or physical control of a motor vehicle upon the public highways while under the influence of intoxicating liquor or drugs, or (ii) the refusal to submit to a chemical test of the driver's blood alcohol content, the reissue fee shall be one hundred (~~(fifty)~~) seventy-five dollars.

Sec. 19. RCW 46.20.385 and 2017 c 336 s 4 are each amended to read as follows:

(1)(a) Any person licensed under this chapter or who has a valid driver's license from another state, who is convicted of: (i) A violation of RCW 46.61.502 or 46.61.504 or an equivalent local or out-of-state statute or ordinance, or (ii) a violation of RCW 46.61.520(1)(a) or an equivalent local or out-of-state statute or ordinance, or (iii) a conviction for a violation of RCW 46.61.520(1) (b) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.520(1)(a), or (iv) RCW 46.61.522(1)(b) or an equivalent local or out-of-state statute or ordinance, or (v) RCW 46.61.522(1) (a) or (c) if the conviction is the result of a charge that was originally filed as a violation of RCW 46.61.522(1)(b) committed while under the influence of intoxicating liquor or any drug, or (vi) who has had or will have his or her license suspended, revoked, or denied under RCW 46.20.3101, or who is otherwise permitted under subsection (8) of this section, may submit to the department an application for an ignition interlock driver's license. The department, upon receipt of the prescribed fee and upon determining that the petitioner is eligible to receive the license, may issue an ignition interlock driver's license.

(b) A person may apply for an ignition interlock driver's license anytime, including immediately after receiving the notices under RCW 46.20.308 or after his or her license is suspended, revoked, or denied.

(c) An applicant under this subsection shall provide proof to the satisfaction of the department that a functioning ignition interlock device has been installed on all vehicles operated by the person.

(i) The department shall require the person to maintain the device on all vehicles operated by the person and shall restrict the person to operating only vehicles equipped with the device, for the remainder of the period of suspension, revocation, or denial, unless otherwise permitted under RCW 46.20.720(6).

(ii) Subject to any periodic renewal requirements established by the department under this section and subject to any applicable compliance requirements under this chapter or other law, an ignition interlock driver's license granted upon a suspension or revocation under RCW 46.61.5055 or 46.20.3101 extends through the remaining portion of any concurrent or consecutive suspension or revocation that may be imposed as the result of administrative action and criminal conviction arising out of the same incident.

(2) An applicant for an ignition interlock driver's license who qualifies under subsection (1) of this section is eligible to receive a license only if the applicant files satisfactory proof of financial responsibility under chapter 46.29 RCW.

(3) Upon receipt of evidence that a holder of an ignition interlock driver's license granted under this subsection no longer has a functioning ignition interlock device installed on all vehicles operated by the driver, the director shall give written notice by first-class mail to the driver that the ignition interlock driver's license shall be canceled. If at any time before the cancellation goes into effect the driver submits evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver, the cancellation shall be stayed. If the cancellation becomes effective, the driver may obtain, at no additional charge, a new ignition interlock driver's license upon submittal of evidence that a functioning ignition interlock device has been installed on all vehicles operated by the driver.

(4) A person aggrieved by the decision of the department on the application for an ignition interlock driver's license may request a hearing as provided by rule of the department.

(5) The director shall cancel an ignition interlock driver's license after receiving notice that the holder thereof has been convicted of operating a motor vehicle in violation of its restrictions, no longer meets the eligibility requirements, or has been convicted of or found to have committed a separate offense or any other act or omission that under this chapter would warrant suspension or revocation of a regular driver's license. The department must give notice of the cancellation as provided under RCW 46.20.245. A person whose ignition interlock driver's license has been canceled under this section may reapply for a new ignition interlock driver's license if he or she is otherwise qualified under this section and pays the fee required under RCW 46.20.380.

(6)(a) Unless costs are waived by the ignition interlock company or the person is indigent under RCW 10.101.010, the applicant shall pay the cost of installing, removing, and leasing the ignition interlock device and shall pay an additional fee of twenty-one dollars per month. Payments shall be made directly to the ignition interlock company. The company shall remit the additional fee to the department, except that the company may retain twenty-five cents per month of the additional fee to cover the expenses associated with administering the fee.

(b) The department shall deposit the proceeds of the twenty-one dollar fee into the ignition interlock device revolving account. Expenditures from the account may be used only to administer and operate the ignition interlock device revolving account program. The department shall adopt rules to provide monetary assistance according to greatest need and when funds are available.

(7) The department shall adopt rules to implement ignition interlock licensing. The department shall consult with the administrative office of the courts, the state patrol, the Washington association of sheriffs and police chiefs, ignition interlock companies, and any other organization or entity the department deems appropriate.

(8)(a) Any person licensed under this chapter who is convicted of a violation of RCW 46.61.500 when the charge was originally filed as a violation of RCW 46.61.502 or 46.61.504, or an equivalent local ordinance, may submit to the department an application for an ignition interlock driver's license under this section.

(b) A person who does not have any driver's license under this chapter, but who would otherwise be eligible under this section to apply for an ignition interlock license, may submit to the department an application for an ignition interlock license. The

department may require the person to take any driver's licensing examination under this chapter and may require the person to also apply and qualify for a temporary restricted driver's license under RCW 46.20.391.

(1) ((Every person convicted of a misdemeanor or gross misdemeanor offense who has completed all of the terms of the sentence for the misdemeanor or gross misdemeanor offense may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If the court finds the applicant meets the tests prescribed in subsection (2) of this section, the court may in its discretion vacate the record of conviction)) When vacating a conviction under this section, the court effectuates the vacation by: (a)(i) Permitting the applicant to withdraw the applicant's plea of guilty and to enter a plea of not guilty; or (ii) if the applicant has been convicted after a plea of not guilty, the court setting aside the verdict of guilty; and (b) the court dismissing the information, indictment, complaint, or citation against the applicant and vacating the judgment and sentence.

((h)) (i) The applicant has ever had the record of another conviction vacated; or

(b) The offender has been convicted of another crime, except prostitution, in this state, another state, or federal court since the date of conviction. offense. If the person is deceased, a member of the person's family or an official representative of the tribe of which the person was a member may apply to the court on behalf of the deceased person. Notwithstanding the requirements of RCW 9.94A.640, the court shall vacate the record of conviction if:

(a) The applicant is a member of a tribe that may exercise treaty Indian fishing rights at the location where the offense occurred; and

Oregon 1969), and any posttrial orders of those courts, or any other state supreme court or federal court decision.

(5) Every person convicted of a misdemeanor marijuana offense, who was twenty-one years of age or older at the time of the offense, may apply to the sentencing court for a vacation of the applicant's record of conviction for the offense. If an applicant qualifies under this subsection, the court shall vacate the record of conviction.

(6)(a) Once the court vacates a record of conviction under this section, the person shall be released from all penalties and disabilities resulting from the offense and the fact that the person has been convicted of the offense shall not be included in the person's criminal history for purposes of determining a sentence in any subsequent conviction. For all purposes, including responding to questions on employment or housing applications, a person whose conviction has been vacated under this section may state that he or she has never been convicted of that crime. Except as provided in (b) of this subsection, nothing in this section affects or prevents the use of an offender's prior conviction in a later criminal prosecution.

(b) When a court vacates a record of domestic violence as defined in RCW 10.99.020 under this section, the state may not use the vacated conviction in a later criminal prosecution unless the conviction was for: (i) Violating the provisions of a restraining order, no-contact order, or protection order restraining or enjoining the person or restraining the person from going on to the grounds of or entering a residence, workplace, school, or day care, or prohibiting the person from knowingly coming within, or knowingly remaining within, a specified distance of a location (RCW 10.99.040, 10.99.050, 26.09.300, 26.10.220, ((26.26.138)) 26.26B.050, 26.44.063, 26.44.150, 26.50.060, 26.50.070, 26.50.130, 26.52.070, or 74.34.145); or (ii) stalking (RCW 9A.46.110). ((6)) (7) All costs incurred by the court and probation services shall be paid by the person making the motion to vacate the record unless a determination is made pursuant to chapter 10.101 RCW that the person making the motion is indigent, at the time the motion is brought.

((7)) (8) The clerk of the court in which the vacation order is entered shall immediately transmit the order vacating the conviction to the Washington state patrol identification section and to the local police agency, if any, which holds criminal history information for the person who is the subject of the conviction. The Washington state patrol and any such local police agency shall immediately update their records to reflect the vacation of the conviction, and shall transmit the order vacating the conviction to the federal bureau of investigation. A conviction that has been vacated under this section may not be disseminated

or disclosed by the state patrol or local law enforcement agency to any person, except other criminal justice enforcement agencies.

MR. PRESIDENT:

The legislature finds that:

Therefore, the legislature intends to exempt from state antitrust laws, and provide immunity through the state action doctrine from federal antitrust laws, activities that are undertaken, reviewed, and approved by the ((office)) authority pursuant to this chapter that might otherwise be constrained by such laws. The legislature does not intend and does not authorize any person or entity to engage in activities not provided for by this chapter, and the legislature neither exempts nor provides immunity for such activities including, but not limited to, agreements among competing providers or carriers to set prices or specific levels of reimbursement for health care services.

(ii) Projects to jointly assist in the recovery or protection of endangered species dependent on military installation property for habitat;

NEW SECTION. Sec. 2. A new section is added to chapter 43.330 RCW to read as follows:

(1) The department must produce a biennial report identifying a list of projects to address incompatible developments near military installations.

(a) The list must include a description of each project, the estimated cost of the project, the amount of recommended state funding, and the amount of any federal or local funds documented to be available to be used for the project.

(b) Projects on the list must be prioritized with consideration given to:

(i) The recommendations of the recent United States department of defense base realignment and closure (BRAC) processes, joint land use studies, or other federally initiated land use processes; and

(ii) Whether a branch of the United States armed forces has identified the project as increasing the viability of military installations for current or future missions.

(c) The department may consult with the commanders of United States military installations in Washington to understand

impacts and identify the viability of community identified projects to reduce incompatibility.

(2) The department must submit the report to appropriate committees of the house of representatives and the senate, including the joint committee on veterans' and military affairs and the house of representatives capital budget committee, by January 1, 2020, and every two years thereafter."

REPORT OF THE CONFERENCE COMMITTEE

Substitute Senate Bill No. 5380

April 26, 2019

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Substitute Senate Bill No. 5380, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature declares that opioid use disorder is a public health crisis. State agencies must increase access to evidence-based opioid use disorder treatment services, promote coordination of services within the substance use disorder treatment and recovery support system, strengthen partnerships between opioid use disorder treatment providers and their allied community partners, expand the use of the Washington state prescription drug monitoring program, and support comprehensive school and community-based substance use prevention services.

This act leverages the direction provided by the Washington state interagency opioid working plan in order to address the opioid epidemic challenging communities throughout the state.

Agencies administering state purchased health care programs, as defined in RCW 41.05.011, shall coordinate activities to implement the provisions of this act and the Washington state interagency opioid working plan, explore opportunities to address the opioid epidemic, and provide status updates as directed by the joint legislative executive committee on health care oversight to promote legislative and executive coordination.

Sec. 2. 2005 c 70 s 1 (uncodified) is amended to read as follows:

The legislature finds that drug use among pregnant (~~women~~) individuals is a significant and growing concern statewide. (~~The legislature further finds that methadone, although an effective alternative to other substance use treatments, can result in babies who are exposed to methadone while in utero being born addicted and facing the painful effects of withdrawal.~~) Evidence-informed group prenatal care reduces preterm birth for infants, and increases maternal social cohesion and support during pregnancy and postpartum, which is good for maternal mental health.

It is the intent of the legislature to notify all pregnant (~~mothers~~) individuals who are receiving (~~methadone treatment~~) medication for the treatment of opioid use disorder of the risks and benefits (~~methadone~~) such medication could have on their baby during pregnancy through birth and to inform them of the potential need for the newborn baby to be (~~taken care of~~) treated in a hospital setting or in a specialized supportive environment designed specifically to address (~~newborn~~)

~~addiction problems)) and manage neonatal opioid or other drug withdrawal syndromes.~~

(1) The legislature finds that high quality, safe, and compassionate health care services for patients of Washington state must be available at all times. The legislature further finds that there is a need for patients being released from hospital emergency departments to maintain access to emergency medications when community or hospital pharmacy services are not available, including medication for opioid overdose reversal and for the treatment for opioid use disorder as appropriate. It is the intent of the legislature to accomplish this objective by allowing practitioners with prescriptive authority to prescribe limited amounts of prepackaged emergency medications to patients being discharged from hospital emergency departments when access to community or outpatient hospital pharmacy services is not otherwise available.

(2) A hospital may allow a practitioner to prescribe prepackaged emergency medications and allow a practitioner or a registered nurse licensed under chapter 18.79 RCW to distribute prepackaged emergency medications to patients being discharged

from a hospital emergency department in the following circumstances:

(a) During times when community or outpatient hospital pharmacy services are not available within fifteen miles by road ~~((or))~~;

(b) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient has no reasonable ability to reach the local community or outpatient pharmacy; or

(c) When, in the judgment of the practitioner and consistent with hospital policies and procedures, a patient is at risk of opioid overdose and the prepackaged emergency medication being distributed is an opioid overdose reversal medication. The labeling requirements of RCW 69.41.050 and 18.64.246 do not apply to opioid overdose reversal medications dispensed, distributed, or delivered pursuant to a prescription, collaborative drug therapy agreement, standing order, or protocol issued in accordance with this section. The individual or entity that dispenses, distributes, or delivers an opioid overdose reversal medication as authorized by this section must ensure that directions for use are provided.

(3) A hospital may only allow this practice if: The director of the hospital pharmacy, in collaboration with appropriate hospital medical staff, develops policies and procedures regarding the following:

(a) Development of a list, preapproved by the pharmacy director, of the types of emergency medications to be prepackaged and distributed;

(b) Assurances that emergency medications to be prepackaged pursuant to this section are prepared by a pharmacist or under the supervision of a pharmacist licensed under chapter 18.64 RCW;

(c) Development of specific criteria under which emergency prepackaged medications may be prescribed and distributed consistent with the limitations of this section;

(d) Assurances that any practitioner authorized to prescribe prepackaged emergency medication or any nurse authorized to distribute prepackaged emergency medication is trained on the types of medications available and the circumstances under which they may be distributed;

(e) Procedures to require practitioners intending to prescribe prepackaged emergency medications pursuant to this section to maintain a valid prescription either in writing or electronically in the patient's records prior to a medication being distributed to a patient;

(f) Establishment of a limit of no more than a forty-eight hour supply of emergency medication as the maximum to be dispensed to a patient, except when community or hospital pharmacy services will not be available within forty-eight hours. In no case may the policy allow a supply exceeding ninety-six hours be dispensed;

(g) Assurances that prepackaged emergency medications will be kept in a secure location in or near the emergency department in such a manner as to preclude the necessity for entry into the pharmacy; and

(h) Assurances that nurses or practitioners will distribute prepackaged emergency medications to patients only after a practitioner has counseled the patient on the medication.

~~((3))~~ (4) The delivery of a single dose of medication for immediate administration to the patient is not subject to the requirements of this section.

~~((4))~~ (5) Nothing in this section restricts the authority of a practitioner in a hospital emergency department to distribute opioid overdose reversal medication under RCW 69.41.095.

(6) For purposes of this section:

(a) "Emergency medication" means any medication commonly prescribed to emergency ~~((room))~~ department patients, including those drugs, substances or immediate precursors listed in

schedules II through V of the uniform controlled substances act, chapter 69.50 RCW, as now or hereafter amended.

(b) "Distribute" means the delivery of a drug or device other than by administering or dispensing.

(c) "Practitioner" means any person duly authorized by law or rule in the state of Washington to prescribe drugs as defined in RCW 18.64.011~~((24))~~ (29).

(d) "Nurse" means a registered nurse as defined in RCW 18.79.020.

Sec. 19. RCW 70.168.090 and 2010 c 52 s 5 are each amended to read as follows:

(1)(a) By July 1991, the department shall establish a statewide data registry to collect and analyze data on the incidence, severity, and causes of trauma, including traumatic brain injury. The department shall collect additional data on traumatic brain injury should additional data requirements be enacted by the legislature. The registry shall be used to improve the availability and delivery of prehospital and hospital trauma care services. Specific data elements of the registry shall be defined by rule by the department. To the extent possible, the department shall coordinate data collection from hospitals for the trauma registry with the health care data system authorized in chapter 70.170 RCW. Every hospital, facility, or health care provider authorized to provide level I, II, III, IV, or V trauma care services, level I, II, or III pediatric trauma care services, level I, level I-pediatric, II, or III trauma-related rehabilitative services, and prehospital trauma-related services in the state shall furnish data to the registry. All other hospitals and prehospital providers shall furnish trauma data as required by the department by rule.

(b) The department may respond to requests for data and other information from the registry for special studies and analysis consistent with requirements for confidentiality of patient and quality assurance records. The department may require requestors to pay any or all of the reasonable costs associated with such requests that might be approved.

(2) The department must establish a statewide electronic emergency medical services data system and adopt rules requiring licensed ambulance and aid services to report and furnish patient encounter data to the electronic emergency medical services data system. The data system must be used to improve the availability and delivery of prehospital emergency medical services. The department must establish in rule the specific data elements of the data system and secure transport methods for data. The data collected must include data on suspected drug overdoses for the purposes of including, but not limited to, identifying individuals to engage substance use disorder peer professionals, patient navigators, outreach workers, and other professionals as appropriate to prevent further overdoses and to induct into treatment and provide other needed supports as may be available.

(3) In each emergency medical services and trauma care planning and service region, a regional emergency medical services and trauma care systems quality assurance program shall be established by those facilities authorized to provide levels I, II, and III trauma care services. The systems quality assurance program shall evaluate trauma care delivery, patient care outcomes, and compliance with the requirements of this chapter. The systems quality assurance program may also evaluate emergency cardiac and stroke care delivery. The emergency medical services medical program director and all other health care providers and facilities who provide trauma and emergency cardiac and stroke care services within the region shall be invited to participate in the regional emergency medical services and trauma care quality assurance program.

~~((3))~~ (4) Data elements related to the identification of individual patient's, provider's and facility's care outcomes shall

be confidential, shall be exempt from RCW 42.56.030 through 42.56.570 and 42.17.350 through 42.17.450, and shall not be subject to discovery by subpoena or admissible as evidence.

~~((4))~~ (5) Patient care quality assurance proceedings, records, and reports developed pursuant to this section are confidential, exempt from chapter 42.56 RCW, and are not subject to discovery by subpoena or admissible as evidence~~((-))~~ in any civil action, except, after in camera review, pursuant to a court order which provides for the protection of sensitive information of interested parties including the department: (a) In actions arising out of the department's designation of a hospital or health care facility pursuant to RCW 70.168.070; (b) in actions arising out of the department's revocation or suspension of designation status of a hospital or health care facility under RCW 70.168.070; (c) in actions arising out of the department's licensing or verification of an ambulance or aid service pursuant to RCW 18.73.030 or 70.168.080; (d) in actions arising out of the certification of a medical program director pursuant to RCW 18.71.212; or ~~((+))~~ (e) in actions arising out of the restriction or revocation of the clinical or staff privileges of a health care provider as defined in RCW 7.70.020 (1) and (2), subject to any further restrictions on disclosure in RCW 4.24.250 that may apply. Information that identifies individual patients shall not be publicly disclosed without the patient's consent.

Sec. 20. RCW 70.225.010 and 2007 c 259 s 42 are each amended to read as follows:

The definitions in this section apply throughout this chapter unless the context clearly requires otherwise.

(1) "Controlled substance" has the meaning provided in RCW 69.50.101.

(2) "Department" means the department of health.

(3) "Patient" means the person or animal who is the ultimate user of a drug for whom a prescription is issued or for whom a drug is dispensed.

(4) "Dispenser" means a practitioner or pharmacy that delivers a Schedule II, III, IV, or V controlled substance to the ultimate user, but does not include:

(a) A practitioner or other authorized person who administers, as defined in RCW 69.41.010, a controlled substance; or

(b) A licensed wholesale distributor or manufacturer, as defined in chapter 18.64 RCW, of a controlled substance.

Sec. 21. RCW 70.225.020 and 2013 c 36 s 2 and 2013 C 19 S 126 are each reenacted and amended to read as follows:

(1) The department shall establish and maintain a prescription monitoring program to monitor the prescribing and dispensing of all Schedules II, III, IV, and V controlled substances and any additional drugs identified by the pharmacy quality assurance commission as demonstrating a potential for abuse by all professionals licensed to prescribe or dispense such substances in this state. The program shall be designed to improve health care quality and effectiveness by reducing abuse of controlled substances, reducing duplicative prescribing and overprescribing of controlled substances, and improving controlled substance prescribing practices with the intent of eventually establishing an electronic database available in real time to dispensers and prescribers of controlled substances. As much as possible, the department should establish a common database with other states. This program's management and operations shall be funded

entirely from the funds in the account established under RCW 74.09.215. Nothing in this chapter prohibits voluntary contributions from private individuals and business entities as defined under Title 23, 23B, 24, or 25 RCW to assist in funding the prescription monitoring program.

(2) Except as provided in subsection (4) of this section, each dispenser shall submit to the department by electronic means information regarding each prescription dispensed for a drug included under subsection (1) of this section. Drug prescriptions for more than one day use should be reported. The information submitted for each prescription shall include, but not be limited to:

- (a) Patient identifier;
- (b) Drug dispensed;
- (c) Date of dispensing;
- (d) Quantity dispensed;
- (e) Prescriber; and
- (f) Dispenser.

(3)(a) Until January 1, 2021, each dispenser shall submit the information in accordance with transmission methods established by the department, not later than one business day from the date of dispensing or at the interval required by the department in rule, whichever is sooner.

(b) Beginning January 1, 2021, each dispenser must submit the information as soon as readily available, but no later than one business day from the date of distributing, and in accordance with transmission methods established by the department.

(4) The data submission requirements of subsections (1) through (3) of this section do not apply to:

(a) Medications provided to patients receiving inpatient services provided at hospitals licensed under chapter 70.41 RCW; or patients of such hospitals receiving services at the clinics, day surgery areas, or other settings within the hospital's license where the medications are administered in single doses;

(b) Pharmacies operated by the department of corrections for the purpose of providing medications to offenders in department of corrections institutions who are receiving pharmaceutical services from a department of corrections pharmacy, except that the department of corrections must submit data related to each offender's current prescriptions for controlled substances upon the offender's release from a department of corrections institution; or

(c) Veterinarians licensed under chapter 18.92 RCW. The department, in collaboration with the veterinary board of governors, shall establish alternative data reporting requirements for veterinarians that allow veterinarians to report:

- (i) By either electronic or nonelectronic methods;
- (ii) Only those data elements that are relevant to veterinary practices and necessary to accomplish the public protection goals of this chapter; and
- (iii) No more frequently than once every three months and no less frequently than once every six months.

(5) The department shall continue to seek federal grants to support the activities described in chapter 259, Laws of 2007. The department may not require a practitioner or a pharmacist to pay a fee or tax specifically dedicated to the operation and management of the system.

NEW SECTION. Sec. 22. A new section is added to chapter 70.225 RCW to read as follows:

(1) In order to expand integration of prescription monitoring program data into certified electronic health record technologies, the department must collaborate with health professional and facility associations, vendors, and others to:

- (a) Conduct an assessment of the current status of integration;
- (b) Provide recommendations for improving integration among small and rural health care facilities, offices, and clinics;

(c) Comply with federal prescription drug monitoring program qualification requirements under 42 U.S.C. Sec. 1396w-3a to facilitate eligibility for federal grants and establish a program to provide financial assistance to small and rural health care facilities and clinics with integration as funding is available, especially under federal programs;

(d) Conduct security assessments of other commonly used platforms for integrating prescription monitoring program data with certified electronic health records for possible use in Washington; and

(e) Assess improvements to the prescription monitoring program to establish a modality to identify patients that do not wish to receive opioid medications in a manner that allows an ordering or prescribing physician to be able to use the prescription monitoring program to identify patients who do not wish to receive opioids or patients that have had an opioid-related overdose.

(2)(a) By January 1, 2021, a facility, entity, office, or provider group identified in RCW 70.225.040 with ten or more prescribers that is not a critical access hospital as defined in RCW 74.60.010 that uses a federally certified electronic health records system must demonstrate that the facility's or entity's federally certified electronic health record is able to fully integrate data to and from the prescription monitoring program using a mechanism approved by the department under subsection (3) of this section.

(b) The department must develop a waiver process for the requirements of (a) of this subsection for facilities, entities, offices, or provider groups due to economic hardship, technological limitations that are not reasonably in the control of the facility, entity, office, or provider group, or other exceptional circumstance demonstrated by the facility, entity, office, or provider group. The waiver must be limited to one year or less, or for any other specified time frame set by the department.

(3) Electronic health record system vendors who are fully integrated with the prescription monitoring program in Washington state may not charge an ongoing fee or a fee based on the number of transactions or providers. Total costs of connection must not impose unreasonable costs on any facility, entity, office, or provider group using the electronic health record and must be consistent with current industry pricing structures. For the purposes of this subsection, "fully integrated" means that the electronic health records system must:

(a) Send information to the prescription monitoring program without provider intervention using a mechanism approved by the department;

(b) Make current information from the prescription monitoring program available to a provider within the workflow of the electronic health records system; and

(c) Make information available in a way that is unlikely to interfere with, prevent, or materially discourage access, exchange, or use of electronic health information, in accordance with the information blocking provisions of the federal twenty-first century cures act, P.L. 114-255.

Sec. 23. RCW 70.225.040 and 2017 c 297 s 9 are each amended to read as follows:

(1) ~~((Prescription))~~ All information submitted to the ((department must be)) prescription monitoring program is confidential, ((in compliance with chapter 70.02 RCW and)) exempt from public inspection, copying, and disclosure under chapter 42.56 RCW, not subject to subpoena or discovery in any civil action, and protected under federal health care information privacy requirements ((and not subject to disclosure)), except as provided in subsections (3)((-4), and (-5)) through (6) of this section. Such confidentiality and exemption from disclosure continues whenever information from the prescription monitoring

program is provided to a requestor under subsection (3), (4), (5), or (6) of this section except when used in proceedings specifically authorized in subsection (3), (4), or (5) of this section.

(2) The department must maintain procedures to ensure that the privacy and confidentiality of ~~((patients and patient))~~ all information collected, recorded, transmitted, and maintained including, but not limited to, the prescriber, requestor, dispenser, patient, and persons who received prescriptions from dispensers, is not disclosed to persons except as in subsections (3)~~((-4), and (-5))~~ through (6) of this section.

(ii) Providing quality improvement feedback to ((providers)) prescribers, including comparison of their respective data to aggregate data for ((providers)) prescribers with the same type of license and same specialty; and

(iii) Administration and enforcement of this chapter or chapter 69.50 RCW;

~~((#))~~ (j) Personnel of a test site that meet the standards under RCW 70.225.070 pursuant to an agreement between the test site and a person identified in (a) of this subsection to provide assistance in determining which medications are being used by an identified patient who is under the care of that person;

~~((#))~~ (k) A health care facility or entity for the purpose of providing medical or pharmaceutical care to the patients of the facility or entity, or for quality improvement purposes if((-

~~(ii) The provider group is a trading partner with the state's health information exchange;~~

~~(m))~~ (m) The local health officer of a local health jurisdiction for the purposes of patient follow-up and care coordination following a controlled substance overdose event. For the purposes of this subsection "local health officer" has the same meaning as in RCW 70.05.010; and

~~(o))~~ (n) The coordinated care electronic tracking program developed in response to section 213, chapter 7, Laws of 2012 2nd sp. sess., commonly referred to as the seven best practices in emergency medicine, for the purposes of providing:

(i) Prescription monitoring program data to emergency department personnel when the patient registers in the emergency department; and

(ii) Notice to local health officers who have made opioid-related overdose a notifiable condition under RCW 70.05.070 as authorized by rules adopted under RCW 43.20.050, providers, appropriate care coordination staff, and prescribers listed in the patient's prescription monitoring program record that the patient has experienced a controlled substance overdose event. The department shall determine the content and format of the notice in consultation with the Washington state hospital association, Washington state medical association, and Washington state health care authority, and the notice may be modified as necessary to reflect current needs and best practices.

(4) The department shall, on at least a quarterly basis, and pursuant to a schedule determined by the department, provide a facility or entity identified under subsection (3)~~((h))~~ (k) of this section or a provider group identified under subsection (3)~~((m))~~ (l) of this section with facility or entity and individual prescriber information if the facility, entity, or provider group:

(a) Uses the information only for internal quality improvement and individual prescriber quality improvement feedback purposes and does not use the information as the sole basis for any medical staff sanction or adverse employment action; and

(b) Provides to the department a standardized list of current prescribers of the facility, entity, or provider group. The specific facility, entity, or provider group information provided pursuant to this subsection and the requirements under this subsection must be determined by the department in consultation with the Washington state hospital association, Washington state medical association, and Washington state health care authority, and may be modified as necessary to reflect current needs and best practices.

(5)(a) The department may publish or provide data to public or private entities for statistical, research, or educational purposes after removing information that could be used directly or indirectly to identify individual patients, requestors, dispensers, prescribers, and persons who received prescriptions from dispensers. Direct and indirect patient identifiers may be provided for research that has been approved by the Washington state

institutional review board and by the department through a data-sharing agreement.

(b)(i) The department may provide dispenser and prescriber data and data that includes indirect patient identifiers to the Washington state hospital association for use solely in connection with its coordinated quality improvement program maintained under RCW 43.70.510 after entering into a data use agreement as specified in RCW 43.70.052(8) with the association. The department may provide dispenser and prescriber data and data that includes indirect patient identifiers to the Washington state medical association for use solely in connection with its coordinated quality improvement program maintained under RCW 43.70.510 after entering into a data use agreement with the association.

(ii) The department may provide data including direct and indirect patient identifiers to the department of social and health services office of research and data analysis, the department of labor and industries, and the health care authority for research that has been approved by the Washington state institutional review board and, with a data-sharing agreement approved by the department, for public health purposes to improve the prevention or treatment of substance use disorders.

(iii) The department may provide a prescriber feedback report to the largest health professional association representing each of the prescribing professions. The health professional associations must distribute the feedback report to prescribers engaged in the professions represented by the associations for quality improvement purposes, so long as the reports contain no direct patient identifiers that could be used to identify individual patients, dispensers, and persons who received prescriptions from dispensers, and the association enters into a written data-sharing agreement with the department. However, reports may include indirect patient identifiers as agreed to by the department and the association in a written data-sharing agreement.

(c) For the purposes of this subsection

(i) "Indirect patient identifiers" means data that may include: Hospital or provider identifiers, a five-digit zip code, county, state, and country of resident; dates that include month and year; age in years; and race and ethnicity; but does not include the patient's first name; middle name; last name; social security number; control or medical record number; zip code plus four digits; dates that include day, month, and year; or admission and discharge date in combination; and

(ii) "Prescribing professions" include:

(A) Allopathic physicians and physician assistants;

(B) Osteopathic physicians and physician assistants;

(C) Podiatric physicians;

(D) Dentists; and

(E) Advanced registered nurse practitioners.

(6) The department may enter into agreements to exchange prescription monitoring program data with established prescription monitoring programs in other jurisdictions. Under these agreements, the department may share prescription monitoring system data containing direct and indirect patient identifiers with other jurisdictions through a clearinghouse or prescription monitoring program data exchange that meets federal health care information privacy requirements. Data the department receives from other jurisdictions must be retained, used, protected, and destroyed as provided by the agreements to the extent consistent with the laws in this state.

(7) Persons authorized in subsections (3)~~((4), and (5))~~ through (6) of this section to receive data in the prescription monitoring program from the department, acting in good faith, are immune from any civil, criminal, disciplinary, or administrative

liability that might otherwise be incurred or imposed for acting under this chapter.

Sec. 24. RCW 71.24.011 and 1982 c 204 s 1 are each amended to read as follows:

This chapter may be known and cited as the community ~~((mental))~~ behavioral health services act.

NEW SECTION. Sec. 25. A new section is added to chapter 71.24 RCW to read as follows:

(1) Recognizing that treatment strategies and modalities for the treatment of individuals with opioid use disorder and their newborns continue to evolve, and that improved health outcomes are seen when birth parents and their infants are allowed to room together, the authority must provide recommendations to the office of financial management by October 1, 2019, to better support the care of individuals who have recently delivered and their newborns.

(2) These recommendations must support:

(a) Successful transition from the early postpartum and newborn period for the birth parent and infant to the next level of care;

(b) Reducing the risk of parental infant separation; and

(c) Increasing the chance of uninterrupted recovery of the parent and foster the development of positive parenting practices.

(3) The authority's recommendations must include:

(a) How these interventions could be supported in hospitals, birthing centers, or other appropriate sites of care and descriptions as to current barriers in providing these interventions;

(b) Estimates of the costs needed to support this enhanced set of services; and

(c) Mechanisms for funding the services.

Sec. 26. RCW 71.24.560 and 2017 c 297 s 11 are each amended to read as follows:

(1) All approved opioid treatment programs that provide services to ~~((women))~~ individuals who are pregnant are required to disseminate up-to-date and accurate health education information to all their pregnant ~~((clients))~~ individuals concerning the ~~((possible addiction and health risks that their treatment may have on their baby))~~ effects opioid use and opioid use disorder medication may have on their baby, including the development of dependence and subsequent withdrawal. All pregnant ~~((clients))~~ individuals must also be advised of the risks to both themselves and their ~~((baby))~~ babies associated with ~~((not remaining on the))~~ discontinuing an opioid treatment program. The information must be provided to these ~~((clients))~~ individuals both verbally and in writing. The health education information provided to the pregnant ~~((clients))~~ individuals must include referral options for ~~((the substance-exposed baby))~~ a baby who has been exposed to opioids in utero.

(2) The department shall adopt rules that require all opioid treatment programs to educate all pregnant ~~((women))~~ individuals in their program on the benefits and risks of medication-assisted treatment to ~~((their))~~ a developing fetus before they are ~~((provided))~~ prescribed these medications, as part of their treatment. The department shall also adopt rules requiring all opioid treatment programs to educate individuals who become pregnant about the risks to both the expecting parent and the fetus of not treating opioid use disorder. The department shall meet the requirements under this subsection within the appropriations provided for opioid treatment programs. The department, working with treatment providers and medical experts, shall develop and disseminate the educational materials to all certified opioid treatment programs.

(3) For pregnant individuals who participate in medicaid, the authority, through its managed care organizations, must ensure

that pregnant individuals receive outreach related to opioid use disorder when identified as a person at risk.

Sec. 27. RCW 71.24.580 and 2018 c 205 s 2 and 2018 c 201 s 4044 are each reenacted and amended to read as follows:

(1) The criminal justice treatment account is created in the state treasury. Moneys in the account may be expended solely for: (a) Substance use disorder treatment and treatment support services for offenders with a substance use disorder that, if not treated, would result in addiction, against whom charges are filed by a prosecuting attorney in Washington state; (b) the provision of substance use disorder treatment services and treatment support services for nonviolent offenders within a drug court program; and (c) the administrative and overhead costs associated with the operation of a drug court. Amounts provided in this subsection must be used for treatment and recovery support services for criminally involved offenders and authorization of these services shall not be subject to determinations of medical necessity. During the 2017-2019 fiscal biennium, the legislature may direct the state treasurer to make transfers of moneys in the criminal justice treatment account to the state general fund. It is the intent of the legislature to continue in the 2019-2021 biennium the policy of transferring to the state general fund such amounts as reflect the excess fund balance of the account. Moneys in the account may be spent only after appropriation.

(2) For purposes of this section:

(a) "Treatment" means services that are critical to a participant's successful completion of his or her substance use disorder treatment program, including but not limited to the recovery support and other programmatic elements outlined in RCW 2.30.030 authorizing therapeutic courts; and

(b) "Treatment support" includes transportation to or from inpatient or outpatient treatment services when no viable alternative exists, and child care services that are necessary to ensure a participant's ability to attend outpatient treatment sessions.

(3) Revenues to the criminal justice treatment account consist of: (a) Funds transferred to the account pursuant to this section; and (b) any other revenues appropriated to or deposited in the account.

(4)(a) For the fiscal year beginning July 1, 2005, and each subsequent fiscal year, the state treasurer shall transfer eight million two hundred fifty thousand dollars from the general fund to the criminal justice treatment account, divided into four equal quarterly payments. For the fiscal year beginning July 1, 2006, and each subsequent fiscal year, the amount transferred shall be increased on an annual basis by the implicit price deflator as published by the federal bureau of labor statistics.

(b) In each odd-numbered year, the legislature shall appropriate the amount transferred to the criminal justice treatment account in (a) of this subsection to the department for the purposes of subsection (5) of this section.

(5) Moneys appropriated to the authority from the criminal justice treatment account shall be distributed as specified in this subsection. The authority may retain up to three percent of the amount appropriated under subsection (4)(b) of this section for its administrative costs.

(a) Seventy percent of amounts appropriated to the authority from the account shall be distributed to counties pursuant to the distribution formula adopted under this section. The authority, in consultation with the department of corrections, the Washington state association of counties, the Washington state association of drug court professionals, the superior court judges' association, the Washington association of prosecuting attorneys, representatives of the criminal defense bar, representatives of substance use disorder treatment providers, and any other person

deemed by the authority to be necessary, shall establish a fair and reasonable methodology for distribution to counties of moneys in the criminal justice treatment account. County or regional plans submitted for the expenditure of formula funds must be approved by the panel established in (b) of this subsection.

(b) Thirty percent of the amounts appropriated to the authority from the account shall be distributed as grants for purposes of treating offenders against whom charges are filed by a county prosecuting attorney. The authority shall appoint a panel of representatives from the Washington association of prosecuting attorneys, the Washington association of sheriffs and police chiefs, the superior court judges' association, the Washington state association of counties, the Washington defender's association or the Washington association of criminal defense lawyers, the department of corrections, the Washington state association of drug court professionals, and substance use disorder treatment providers. The panel shall review county or regional plans for funding under (a) of this subsection and grants approved under this subsection. The panel shall attempt to ensure that treatment as funded by the grants is available to offenders statewide.

(6) The county alcohol and drug coordinator, county prosecutor, county sheriff, county superior court, a substance abuse treatment provider appointed by the county legislative authority, a member of the criminal defense bar appointed by the county legislative authority, and, in counties with a drug court, a representative of the drug court shall jointly submit a plan, approved by the county legislative authority or authorities, to the panel established in subsection (5)(b) of this section, for disposition of all the funds provided from the criminal justice treatment account within that county. The submitted plan should incorporate current evidence-based practices in substance use disorder treatment. The funds shall be used solely to provide approved alcohol and substance ~~((abuse))~~ use disorder treatment pursuant to RCW 71.24.560 and treatment support services. No more than ten percent of the total moneys received under subsections (4) and (5) of this section by a county or group of counties participating in a regional agreement shall be spent for treatment support services.

(8) Moneys allocated under this section shall be used to supplement, not supplant, other federal, state, and local funds used for substance abuse treatment.

(9) If a region or county uses criminal justice treatment account funds to support a therapeutic court, the therapeutic court must allow the use of all medications approved by the federal food and drug administration for the treatment of opioid use disorder as deemed medically appropriate for a participant by a medical professional. If appropriate medication-assisted treatment resources are not available or accessible within the jurisdiction, the health care authority's designee for assistance must assist the court with acquiring the resource.

(10) Counties must meet the criteria established in RCW 2.30.030(3).

Sec. 28. RCW 71.24.585 and 2017 c 297 s 12 are each amended to read as follows:

~~((The state of Washington declares that there is no fundamental right to medication-assisted treatment for opioid use disorder.))~~

(1)(a) The state of Washington ~~((further))~~ declares that ~~((while medications used in the treatment of opioid use disorder are addictive substances, that they nevertheless have several legal, important, and justified uses and that one of their appropriate and legal uses is, in conjunction with other required therapeutic~~

~~procedures, in the treatment of persons with opioid use disorder. The state of Washington recognizes as evidence based for the management of opioid use disorder the medications approved by the federal food and drug administration for the treatment of opioid use disorder. Medication-assisted treatment should only be used for participants who are deemed appropriate to need this level of intervention. Providers must inform patients of all treatment options available. The provider and the patient shall consider alternative treatment options, like abstinence, when developing the treatment plan. If medications are prescribed, follow up must be included in the treatment plan in order to work towards the goal of abstinence.))~~ substance use disorders are medical conditions. Substance use disorders should be treated in a manner similar to other medical conditions by using interventions that are supported by evidence, including medications approved by the federal food and drug administration for the treatment of opioid use disorder. It is also recognized that many individuals have multiple substance use disorders, as well as histories of trauma, developmental disabilities, or mental health conditions. As such, all individuals experiencing opioid use disorder should be offered evidence-supported treatments to include federal food and drug administration approved medications for the treatment of opioid use disorders and behavioral counseling and social supports to address them. For behavioral health agencies, an effective plan of treatment for most persons with opioid use disorder integrates access to medications and psychosocial counseling and should be consistent with the American society of addiction medicine patient placement criteria. Providers must inform patients with opioid use disorder or substance use disorder of options to access federal food and drug administration approved medications for the treatment of opioid use disorder or substance use disorder. Because some such medications are controlled substances in chapter 69.50 RCW, the state of Washington maintains the legal obligation and right to regulate the ~~((clinical))~~ uses of these medications in the treatment of opioid use disorder.

~~((Further))~~ (b) The authority must work with other state agencies and stakeholders to develop value-based payment strategies to better support the ongoing care of persons with opioid and other substance use disorders.

(c) The department of corrections shall develop policies to prioritize services based on available grant funding and funds appropriated specifically for opioid use disorder treatment.

(2) The authority must promote the use of medication therapies and other evidence-based strategies to address the opioid epidemic in Washington state. Additionally, by January 1, 2020, the authority must prioritize state resources for the provision of treatment and recovery support services to inpatient and outpatient treatment settings that allow patients to start or maintain their use of medications for opioid use disorder while engaging in services.

(3) The state declares that the main goals of ~~((opiate substitution treatment is total abstinence from substance use for the individuals who participate in the treatment program, but recognizes the additional goals of reduced morbidity, and restoration of the ability to lead a productive and fulfilling life. The state recognizes that a small percentage of persons who participate in opioid treatment programs require treatment for an extended period of time. Opioid treatment programs shall provide a comprehensive transition program to eliminate substance use, including opioid use of program participants))~~ treatment for persons with opioid use disorder are the cessation of unprescribed opioid use, reduced morbidity, and restoration of the ability to lead a productive and fulfilling life.

(4) To achieve the goals in subsection (3) of this section, to promote public health and safety, and to promote the efficient and economic use of funding for the medicaid program under Title XIX of the social security act, the authority may seek, receive, and expend alternative sources of funding to support all aspects of the state's response to the opioid crisis.

(5) The authority must partner with the department of social and health services, the department of corrections, the department of health, the department of children, youth, and families, and any other agencies or entities the authority deems appropriate to develop a statewide approach to leveraging medicaid funding to treat opioid use disorder and provide emergency overdose treatment. Such alternative sources of funding may include:

(a) Seeking a section 1115 demonstration waiver from the federal centers for medicare and medicaid services to fund opioid treatment medications for persons eligible for medicaid at or during the time of incarceration and juvenile detention facilities; and

(b) Soliciting and receiving private funds, grants, and donations from any willing person or entity.

(6)(a) The authority shall work with the department of health to promote coordination between medication-assisted treatment prescribers, federally accredited opioid treatment programs, substance use disorder treatment facilities, and state-certified substance use disorder treatment agencies to:

(i) Increase patient choice in receiving medication and counseling;

(ii) Strengthen relationships between opioid use disorder providers;

(iii) Acknowledge and address the challenges presented for individuals needing treatment for multiple substance use disorders simultaneously; and

(iv) Study and review effective methods to identify and reach out to individuals with opioid use disorder who are at high risk of overdose and not involved in traditional systems of care, such as homeless individuals using syringe service programs, and connect such individuals to appropriate treatment.

(b) The authority must work with stakeholders to develop a set of recommendations to the governor and the legislature that:

(i) Propose, in addition to those required by federal law, a standard set of services needed to support the complex treatment needs of persons with opioid use disorder treated in opioid treatment programs;

(ii) Outline the components of and strategies needed to develop opioid treatment program centers of excellence that provide fully integrated care for persons with opioid use disorder;

(iii) Estimate the costs needed to support these models and recommendations for funding strategies that must be included in the report;

(iv) Outline strategies to increase the number of waived health care providers approved for prescribing buprenorphine by the substance abuse and mental health services administration; and

(v) Outline strategies to lower the cost of federal food and drug administration approved products for the treatment of opioid use disorder.

(7) State agencies shall review and promote positive outcomes associated with the accountable communities of health funded opioid projects and local law enforcement and human services opioid collaborations as set forth in the Washington state interagency opioid working plan.

(8) The authority must partner with the department and other state agencies to replicate effective approaches for linking individuals who have had a nonfatal overdose with treatment opportunities, with a goal to connect certified peer counselors with individuals who have had a nonfatal overdose.

(9) State agencies must work together to increase outreach and education about opioid overdoses to non-English-speaking communities by developing a plan to conduct outreach and education to non-English-speaking communities. The department must submit a report on the outreach and education plan with recommendations for implementation to the appropriate legislative committees by July 1, 2020.

NEW SECTION. Sec. 29. A new section is added to chapter 71.24 RCW to read as follows:

(2) Under the pilot project, the authority must partner with the law enforcement assisted diversion national support bureau to award a contract, subject to appropriation, for two or more geographic areas in the state of Washington for law enforcement assisted diversion. Cities, counties, and tribes may compete for participation in a pilot project.

(3) The pilot projects must provide for comprehensive technical assistance from law enforcement assisted diversion implementation experts to develop and implement a law enforcement assisted diversion program in the pilot project's geographic areas in a way that ensures fidelity to the research-based law enforcement assisted diversion model.

(4) The key elements of a law enforcement assisted diversion pilot project must include:

(a) Long-term case management for individuals with substance use disorders;

(b) Facilitation and coordination with community resources focusing on overdose prevention;

(c) Facilitation and coordination with community resources focused on the prevention of infectious disease transmission;

(d) Facilitation and coordination with community resources providing physical and behavioral health services;

(e) Facilitation and coordination with community resources providing medications for the treatment of substance use disorders;

(f) Facilitation and coordination with community resources focusing on housing, employment, and public assistance;

certify only applicants whose programs meet the necessary treatment needs of that population;

(e) Consider the availability of other certified opioid treatment programs near the area in which the applicant proposes to locate the program;

(f) Consider the transportation systems that would provide service to the program and whether the systems will provide reasonable opportunities to access the program for persons in need of treatment;

(g) Consider whether the applicant has, or has demonstrated in the past, the capability to provide the appropriate services to assist the persons who utilize the program in meeting goals established by the legislature in RCW 71.24.585. The department shall prioritize licensing or certification to applicants who have demonstrated such capability and are able to measure their success in meeting such outcomes;

(h) Hold one public hearing in the community in which the facility is proposed to be located. The hearing shall be held at a time and location that are most likely to permit the largest number of interested persons to attend and present testimony. The department shall notify all appropriate media outlets of the time, date, and location of the hearing at least three weeks in advance of the hearing.

Medications include, but are not limited to: Methadone, buprenorphine, and naltrexone.

The authority must encourage the distribution of naloxone to patients who are at risk of an opioid overdose.

(2) The department, in consultation with opioid treatment program service providers and counties and cities, shall establish statewide treatment standards for licensed or certified opioid treatment programs. REPORT OF THE CONFERENCE COMMITTEE

Senate Bill No. 5370

April 25, 2019

MR. PRESIDENT:

MR. SPEAKER:

We of your conference committee, to whom was referred Senate Bill No. 5370, have had the same under consideration and recommend that all previous amendments not be adopted and that the following striking amendment be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that with the increase in air traffic operations, combined with the projections for the rapid expansion of these operations in both the short and the long term, concerns regarding the environmental, health, social, and economic impacts of air traffic are increasing as well. The legislature also finds that advancing Washington's position as a national and international trading leader is dependent upon the development of a highly competitive, statewide passenger and cargo air transportation system. Therefore, the legislature seeks to identify a location for a new primary commercial aviation facility in Washington, taking into consideration the data and conclusions of appropriate air traffic studies, community representatives, and industry experts. Options for a new primary commercial aviation facility in Washington may include expansion of an existing airport facility. It is the intent of the legislature to establish a state commercial aviation coordinating commission to provide a location recommendation by January 1, 2022. The legislature also recognizes any preferred location will require substantial environmental, land use, governance, and funding decisions from state and local governments.

NEW SECTION. **Sec. 2.** (1) The state commercial aviation coordinating commission is created to carry out the functions of this chapter. The commission shall consist of fifteen voting members.

(2) The governor shall appoint thirteen voting members to represent the following interests:

(a) Four as representatives of commercial service airports and ports, one of whom shall represent a port located in a county with a population of two million or more, one of whom shall represent a port in eastern Washington with an airport runway of at least thirteen thousand five hundred feet in length, one of whom shall represent a commercial service airport in eastern Washington located in a county with a population of four hundred thousand or more, and one representing an association of ports;

(b) Three as representatives from the airline industry and the private sector;

(c) Two citizen representatives with one appointed from eastern Washington and one appointed from western Washington. The citizen appointees must:

(i) Represent the public interests in the communities that are included in the commission's site research; and

(ii) Understand the impacts of a large commercial aviation facility on a community;

(d) A representative from the freight forwarding industry;

 - (e) A representative from the division of aeronautics of the department of transportation;

- (9) At the direction of the commission, and as resources allow, the department of transportation is authorized to hire a consultant to assist with the review and research efforts of the commission. The contract is exempt from the competitive procurement requirements in chapter 39.26 RCW.
- (10) The department of transportation shall convene the initial meeting of the commission as soon as practicable.
- (11) This section expires July 1, 2022.

NEW SECTION. Sec. 3. (1) The state commercial aviation coordinating commission will review existing data and conduct research to determine Washington's long-range commercial aviation facility needs and the site of a new primary commercial aviation facility. Research for each potential site must include the feasibility of constructing a commercial aviation facility in that

location and its potential environmental, community, and economic impacts. Options for a new primary commercial aviation facility in Washington may include expansion of an existing airport facility but may not include siting a facility on or in the vicinity of a military installation that would be incompatible with the installation's ability to carry out its mission requirements. The work of the commission shall include the following:

- (a) Recommendations to the legislature on future Washington state long-range commercial aviation facility needs including possible additional aviation facilities or expansion of current aviation facilities, excluding those located in a county with a population of two million or more, to meet anticipated commercial aviation, general aviation, and air cargo demands; and
 - (b) Identifying a preferred location for a new primary commercial aviation facility. The commission shall make recommendations and shall select a single preferred location by a sixty percent majority vote using the following process:
 - (i) Initiating a broad review of potential sites;
 - (ii) Recommending a final short list of no more than six locations by January 1, 2021;
 - (iii) Identifying the top two locations from the final six locations by September 1, 2021; and
 - (iv) Identifying a single preferred location for a new primary commercial aviation facility by January 1, 2022.
- (2) The commission shall submit a report of its findings and recommendations to the transportation committees of the legislature by January 1, 2022. The commission must allow a minority report to be included with the commission report if requested by a voting member of the commission.
- (3) This section expires July 1, 2022.

NEW SECTION. Sec. 4. (1) The state commercial aviation coordinating commission shall project a timeline for the development of an additional commercial aviation facility that is completed and functional by 2040.

(2) This section expires July 1, 2022.

NEW SECTION. Sec. 5. (1) Nothing in this act shall be construed to endorse, limit, or otherwise alter existing or future plans for capital development and capacity enhancement at existing commercial airports in Washington.

(2) This section expires July 1, 2022."

On page 1, line 2 of the title, after "commission;" strike the remainder of the title and insert "creating new sections; and providing expiration dates."

~~((8))~~ (7) Any state patrol officer or any weight control officer who finds any person operating a vehicle or a combination of vehicles in violation of the conditions of a permit issued under RCW 46.44.047, 46.44.090, and 46.44.095 may confiscate the permit and forward it to the state department of transportation which may return it to the permittee or revoke, cancel, or suspend it without refund. The department of transportation shall keep a record of all action taken upon permits so confiscated, and if a permit is returned to the permittee the action taken by the department of transportation shall be endorsed thereon. Any permittee whose permit is suspended or revoked may upon request receive a hearing before the department of transportation or person designated by that department. After the hearing the department of transportation may reinstate any permit or revise its previous action.

Every permit issued as provided for in this chapter shall be carried in the vehicle or combination of vehicles to which it refers and shall be open to inspection by any law enforcement officer or authorized agent of any authority granting such a permit.

Upon the third finding within a calendar year of a violation of the requirements and conditions of a permit issued under RCW 46.44.095, the permit shall be canceled, and the canceled permit shall be immediately transmitted by the court or the arresting officer to the department of transportation. MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5955 with the following amendment(s): 5955-S AMH ENGR H2469.E

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 13.34.270 and 2004 c 183 s 2 are each amended to read as follows:

(1) Whenever the department of social and health services places a child with a developmental disability in out-of-home care pursuant to RCW 74.13.350, the department shall obtain a judicial determination within one hundred eighty days of the placement that continued placement is in the best interests of the child. If the child's out-of-home placement ends before one hundred eighty days have elapsed, no judicial determination is required.

(2) To obtain the judicial determination, the department shall file a petition alleging that there is located or residing within the county a child who has a developmental disability and that the child has been placed in out-of-home care pursuant to RCW 74.13.350. The petition shall request that the court review the child's placement, make a determination whether continued placement is in the best interests of the child, and take other necessary action as provided in this section. The petition shall contain the name, date of birth, and residence of the child and the names and residences of the child's parent or legal guardian who has agreed to the child's placement in out-of-home care. Reasonable attempts shall be made by the department to ascertain and set forth in the petition the identity, location, and custodial status of any parent who is not a party to the placement agreement and why that parent cannot assume custody of the child.

(3) Upon filing of the petition, the clerk of the court shall schedule the petition for a hearing to be held no later than fourteen calendar days after the petition has been filed. The department shall provide notification of the time, date, and purpose of the hearing to the parent or legal guardian who has agreed to the child's placement in out-of-home care. The department shall also make reasonable attempts to notify any parent who is not a party to the placement agreement, if the parent's identity and location is known. Notification under this section may be given by the most expedient means, including but not limited to, mail, personal service, and telephone.

(4) The court shall appoint a guardian ad litem for the child as provided in RCW 13.34.100, unless the court for good cause finds the appointment unnecessary.

(5) Permanency planning hearings shall be held as provided in this section. At the hearing, the court shall review whether the child's best interests are served by continued out-of-home placement and determine the future legal status of the child.

(a) For children age ten and under, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least nine months and an adoption decree or guardianship order under chapter 11.88 RCW has not

previously been entered. The hearing shall take place no later than twelve months following commencement of the child's current placement episode.

(b) For children over age ten, a permanency planning hearing shall be held in all cases where the child has remained in out-of-home care for at least fifteen months and an adoption decree or guardianship order under chapter 11.88 RCW has not previously been entered. The hearing shall take place no later than eighteen months following commencement of the current placement episode.

(c) No later than ten working days before the permanency planning hearing, the department shall submit a written permanency plan to the court and shall mail a copy of the plan to all parties. The plan shall be directed toward securing a safe, stable, and permanent home for the child as soon as possible. The plan shall identify one of the following outcomes as the primary goal and may also identify additional outcomes as alternative goals: Return of the child to the home of the child's parent or legal guardian; adoption; guardianship; or long-term out-of-home care, until the child is age eighteen, with a written agreement between the parties and the child's care provider.

(d) If a goal of long-term out-of-home care has been achieved before the permanency planning hearing, the court shall review the child's status to determine whether the placement and the plan for the child's care remains appropriate. In cases where the primary permanency planning goal has not been achieved, the court shall inquire regarding the reasons why the primary goal has not been achieved and determine what needs to be done to make it possible to achieve the primary goal.

(e) Following the first permanency planning hearing, the court shall hold a further permanency planning hearing in accordance with this section at least once every twelve months until a permanency planning goal is achieved or the voluntary placement agreement is terminated.

(6) Any party to the voluntary placement agreement may terminate the agreement at any time. Upon termination of the agreement, the child shall be returned to the care of the child's parent or legal guardian, unless the child has been taken into custody pursuant to RCW 13.34.050 or 26.44.050, placed in shelter care pursuant to RCW 13.34.060, or placed in foster care pursuant to RCW 13.34.130. The department shall notify the court upon termination of the voluntary placement agreement and return of the child to the care of the child's parent or legal guardian. Whenever a voluntary placement agreement is terminated, an action under this section shall be dismissed.

(7) When state or federal funds are expended for the care and maintenance of a child with a developmental disability, placed in care as a result of an action under this chapter, the department shall refer the case to the division of child support, unless the department finds that there is good cause not to pursue collection of child support against the parent or parents of the child.

(8) This section does not prevent the department of children, youth, and families from filing a dependency petition if there is reason to believe that the child is a dependent child as defined in RCW 13.34.030. An action filed under this section shall be dismissed upon the filing of a dependency petition regarding a child who is the subject of the action under this section.

Sec. 17. RCW 74.13.350 and 2011 c 309 s 34 are each amended to read as follows:

(1) It is the intent of the legislature that parents are responsible for the care and support of children with developmental disabilities. The legislature recognizes that, because of the intense support required to care for a child with developmental disabilities, the help of an out-of-home placement may be needed. It is the intent of the legislature that, when the sole reason for the out-of-home placement is the child's developmental disability, such services be offered by the department to these children and their families through a voluntary placement agreement. In these cases, the parents shall retain legal custody of the child.

~~((As used in this section, "voluntary placement agreement" means a written agreement between the department and a child's parent or legal guardian authorizing the department to place the child in a licensed facility.))~~ (2) Under the terms of ~~((this))~~ a voluntary placement agreement, the parent or legal guardian shall retain legal custody and the department shall be responsible for the child's placement and care. The agreement shall at a minimum specify the legal status of the child and the rights and obligations of the parent or legal guardian, the child, and the department while the child is in placement. The agreement must be signed by the child's parent or legal guardian and the department to be in effect, except that an agreement regarding an Indian child shall not be valid unless executed in accordance with RCW 13.38.150. Any party to a voluntary placement agreement may terminate the agreement at any time. Upon termination of the agreement, the child shall be returned to the care of the child's parent or legal guardian unless the child has been taken into custody pursuant to RCW 13.34.050 or 26.44.050, placed in shelter care pursuant to RCW 13.34.060, or placed in foster care pursuant to RCW 13.34.130.

~~((As used in this section, "out of home placement" and "out of home care" mean the placement of a child in a foster family home or group care facility licensed under chapter 74.15 RCW.))~~

(3) Whenever the department places a child in out-of-home care under a voluntary placement pursuant to this section, the department shall have the responsibility for the child's placement and care. The department shall develop a permanency plan of care for the child no later than sixty days from the date that the department assumes responsibility for the child's placement and care. Within the first one hundred eighty days of the placement, the department shall obtain a judicial determination pursuant to RCW 13.04.030(1)(j) and 13.34.270 that the placement is in the best interests of the child. If the child's out-of-home placement ends before one hundred eighty days have elapsed, no judicial determination under RCW 13.04.030(1)(b) is required. The permanency planning hearings shall review whether the child's

best interests are served by continued out-of-home placement and determine the future legal status of the child.

(4) The department shall provide for periodic administrative reviews as required by federal law. A review may be called at any time by either the department, the parent, or the legal guardian.

(5) Nothing in this section shall prevent the department of children, youth, and families from filing a dependency petition if there is reason to believe that the child is a dependent child as defined in RCW 13.34.030.

(6) The department shall adopt rules providing for the implementation of chapter 386, Laws of 1997 and the transfer of responsibility for out-of-home placements from the dependency process under chapter 13.34 RCW to the process under this chapter.

(7) It is the intent of the legislature that the department undertake voluntary out-of-home placement in cases where the child's developmental disability is such that the parent, guardian, or legal custodian is unable to provide the necessary care for the child, and the parent, guardian, or legal custodian has determined that the child would benefit from placement outside of the home. If the department does not accept a voluntary placement agreement signed by the parent, a petition may be filed and an action pursued under chapter 13.34 RCW. The department shall inform the parent, guardian, or legal custodian in writing of their right to civil action under chapter 13.34 RCW.

(8) Nothing in this section prohibits the department of children, youth, and families from seeking support from parents of a child, including a child with a developmental disability if the child has been placed into care as a result of an action under chapter 13.34 RCW, when state or federal funds are expended for the care and maintenance of that child or when the department receives an application for services from the physical custodian of the child, unless the department of children, youth, and families finds that there is good cause not to pursue collection of child support against the parent or parents.

(9) For the purposes of this section:

(a) Unless the context clearly requires otherwise, "department" means the department of social and health services.

(b) "Out-of-home placement" and "out-of-home care" mean the placement of a child in a foster family home or group care facility licensed under chapter 74.15 RCW.

(1) In consultation with the children's services advisory committee, and with the advice and assistance of persons

representative of the various type agencies to be licensed, to designate categories of facilities for which separate or different requirements shall be developed as may be appropriate whether because of variations in the ages, sex and other characteristics of persons served, variations in the purposes and services offered or size or structure of the agencies to be licensed hereunder, or because of any other factor relevant thereto;

(g) The cost of fingerprint background check fees will be paid as required in RCW 43.43.837;

However, if a child is placed with a relative under RCW 13.34.065 or 13.34.130, and if such relative appears otherwise suitable and competent to provide care and treatment the criminal history background check required by this section need not be completed before placement, but shall be completed as soon as possible after placement;

(5) To issue, revoke, or deny licenses to agencies pursuant to this chapter and RCW 74.13.031. Licenses shall specify the category of care which an agency is authorized to render and the ages, sex and number of persons to be served;

(6) To prescribe the procedures and the form and contents of reports necessary for the administration of this chapter and RCW 74.13.031 and to require regular reports from each licensee;

(2) Records covered by this section shall be confidential and shall be released only pursuant to this section and RCW 13.50.010.

(3) Records retained or produced by any juvenile justice or care agency may be released to other participants in the juvenile justice or care system only when an investigation or case involving the juvenile in question is being pursued by the other participant or when that other participant is assigned the responsibility of supervising the juvenile. Records covered under this section and maintained by the juvenile courts which relate to the official actions of the agency may be entered in the statewide judicial information system. However, truancy records associated with a juvenile who has no other case history, and records of a juvenile's parents who have no other case history, shall be removed from the judicial information system when the juvenile is no longer subject to the compulsory attendance laws in chapter 28A.225 RCW. Sec. 23. RCW 28B.117.030 and 2018 c 232 s 4 are each amended to read as follows:

(1) The office shall design and, to the extent funds are appropriated for this purpose, implement, passport to careers with two programmatic pathways: The passport to college promise program and the passport to apprenticeship opportunities program. Both programs offer supplemental scholarship and student assistance for students who were under the care of the state foster care system, tribal foster care system, or federal foster care system, and verified unaccompanied youth or young adults who have experienced homelessness.

(2) The office shall convene and consult with an advisory committee to assist with program design and implementation. The committee shall include but not be limited to former foster care and unaccompanied homeless youth and their advocates; representatives from the state board for community and technical colleges, public and private agencies that assist current and former foster care recipients and unaccompanied youth or young adults experiencing homelessness in their transition to adulthood; student support specialists from public and private colleges and universities; the state workforce training and education coordinating board; the employment security department; and the state apprenticeship council.

(3) To the extent that sufficient funds have been appropriated for this purpose, a student is eligible for assistance under this section if he or she:

(a)(i) Was in the care of the state foster care system, tribal foster care system, or federal foster care system in Washington state at any time before age twenty-one subsequent to the following:

- (A) Age fifteen as of July 1, 2018;
- (B) Age fourteen as of July 1, 2019; and

(b) Is a resident student, as defined in RCW 28B.15.012(2), or if unable to establish residency because of homelessness or placement in out-of-state foster care under the interstate compact for the placement of children, has residency determined through verification by the office;

(c) Is enrolled with or will enroll on at least a half-time basis with an institution of higher education or a registered apprenticeship or recognized preapprenticeship in Washington state by the age of twenty-one;

(d) Is making satisfactory academic progress toward the completion of a degree, certificate program, or registered apprenticeship or recognized preapprenticeship, if receiving supplemental scholarship assistance;

(e) Has not earned a bachelor's or professional degree; and

(f) Is not pursuing a degree in theology.

(4) The office shall define a process for verifying unaccompanied homeless status for determining eligibility under subsection (3)(a)(ii) of this section. The office may use a letter from the following persons or entities to provide verification: A high school or school district McKinney-Vento liaison; the director or designated staff member of an emergency shelter, transitional housing program, or homeless youth drop-in center; or other similar professional case manager or school employee. Students who have no formal connection with such a professional may also submit to the office an essay that describes their experience with homelessness and the barriers it created to their academic progress. The office may consider this essay in lieu of

a letter of homelessness determination and may interview the student if further information is needed to verify eligibility.

(5) A passport to college promise program is created.

(a) A passport to college promise scholarship under this section:

(i) Shall not exceed resident undergraduate tuition and fees at the highest-priced public institution of higher education in the state; and

(ii) Shall not exceed the student's financial need, when combined with all other public and private grant, scholarship, and waiver assistance the student receives.

(b) An eligible student may receive a passport to college promise scholarship under this section for a maximum of five years after the student first enrolls with an institution of higher education or until the student turns age twenty-six, whichever occurs first. If a student turns age twenty-six during an academic year, and would otherwise be eligible for a scholarship under this section, the student shall continue to be eligible for a scholarship for the remainder of the academic year.

(c) The office, in consultation with and with assistance from the state board for community and technical colleges, shall perform an annual analysis to verify that those institutions of higher education at which students have received a scholarship under this section have awarded the student all available need-based and merit-based grant and scholarship aid for which the student qualifies.

(d) In designing and implementing the passport to college promise student support program under this section, the office, in consultation with and with assistance from the state board for community and technical colleges, shall ensure that a participating college or university:

(i) Has a viable plan for identifying students eligible for assistance under this section, for tracking and enhancing their academic progress, for addressing their unique needs for assistance during school vacations and academic interims, and for linking them to appropriate sources of assistance in their transition to adulthood;

(ii) Receives financial and other incentives for achieving measurable progress in the recruitment, retention, and graduation of eligible students.

(e) To the extent funds are appropriated for this specific purpose, the office shall contract with at least one nongovernmental entity to provide services to support effective program implementation, resulting in increased postsecondary completion rates for passport scholars.

(6) The passport to apprenticeship opportunities program is created. The office shall:

(a) Identify students and applicants who are eligible for services under RCW 28B.117.030 through coordination of certain agencies as detailed in RCW 28B.117.040;

(b) Provide financial assistance through the nongovernmental entity or entities in RCW 28B.117.055 for registered apprenticeship and recognized preapprenticeship entrance requirements and occupational-specific costs that does not exceed the individual's financial need; and

(c) Extend financial assistance to any eligible applicant for a maximum of six years after first enrolling with a registered apprenticeship or recognized preapprenticeship, or until the applicant turns twenty-six, whichever occurs first.

(7) Recipients may utilize passport to college promise or passport to apprenticeship opportunities at different times, but not concurrently. The total award an individual may receive in any combination of the programs shall not exceed the equivalent amount that would have been awarded for the individual to attend

a public university for five years with the highest annual tuition and state-mandated fees in the state.

(8) Personally identifiable information shared pursuant to this section retains its confidentiality and may not be further disclosed except as allowed under state and federal law.

Sec. 24. RCW 28B.117.040 and 2018 c 232 s 5 are each amended to read as follows:

Effective operation of the passport to careers program requires early and accurate identification of former foster care youth and unaccompanied youth experiencing homelessness so that they can be linked to the financial and other assistance that will help them succeed in college or in a registered apprenticeship or recognized preapprenticeship. To that end:

(1) All institutions of higher education that receive funding for student support services under RCW 28B.117.030 shall include on their applications for admission or on their registration materials a question asking whether the applicant has been in state, tribal, or federal foster care in Washington state or experienced unaccompanied homelessness under the parameters in ~~((subsection (3)(a) of this section))~~ RCW 28B.117.030(3)(a), as determined by the office, with an explanation that financial and support services may be available. All other institutions of higher education are strongly encouraged to include such a question and explanation. No institution may consider whether an applicant may be eligible for a scholarship or student support services under this chapter when deciding whether the applicant will be granted admission.

(2) With substantial input from the office of the superintendent of public instruction, the department of social and health services and the department of children, youth, and families shall devise and implement procedures for efficiently, promptly, and accurately identifying students and applicants who are eligible for services under RCW 28B.117.030, and for sharing that information with the office, the institutions of higher education, and the nongovernmental entity or entities identified in RCW 28B.77.250, 28B.117.030(5)(e), and 28B.117.055. The procedures shall include appropriate safeguards for consent by the applicant or student before disclosure. This information retains its confidentiality under chapter 13.50 RCW and federal law and may not be further disclosed except as allowed under state and federal law.

(3) Nothing in this chapter allows the sharing of confidential information that is prohibited by state or federal law.

Sec. 25. RCW 26.26A.410 and 2018 c 6 s 503 are each amended to read as follows:

(1) The petitioner shall give notice of a proceeding to adjudicate parentage to the following individuals:

(a) The woman who gave birth to the child, unless a court has adjudicated that she is not a parent;

(b) An individual who is a parent of the child under this chapter;

(c) A presumed, acknowledged, or adjudicated parent of the child; and

(d) An individual whose parentage of the child is to be adjudicated.

(2) An individual entitled to notice under subsection (1) of this section has a right to intervene in the proceeding.

(3) Lack of notice required by subsection (1) of this section does not render a judgment void. Lack of notice does not preclude an individual entitled to notice under subsection (1) of this section from bringing a proceeding under RCW 26.26A.450(2).

(4) In cases where the child is dependent or alleged to be dependent under chapter 13.34 RCW, the petitioner shall give

notice to the state agency administering the plan under Title IV-E of the social security act.

NEW SECTION. Sec. 26. A new section is added to chapter 43.216 RCW to read as follows:

(1) The legislature encourages the child welfare division of the department to incorporate reflective supervision principles and recognizes that the cumulative stress of child welfare work, workload for caseworkers and supervisors, organizational support levels, access to resources, insufficient training, limited direct service time, lack of clear expectations, limited access to technology, and burdensome paperwork contribute to high turnover. Child welfare workers who experience secondary, work-related trauma should be given the necessary support to process intense emotional events and the tools to build resiliency.

(2) The department shall provide a report on the department's current efforts to improve workplace culture to the relevant committees of the legislature in compliance with RCW 43.01.036 by December 1, 2019. The report must include results and activities related to the department's organizational change management initiatives, efforts related to the federal program improvement plan, and the department's existing peer support program.

(3) The department and any external entity responsible for providing child welfare worker training shall provide a report on current child welfare worker training to the relevant committees of the legislature in compliance with RCW 43.01.036 by September 1, 2019, that includes:

(a) A review of the effectiveness of the current course curriculum for supervisors;

(b) An evaluation of the preparedness of new child welfare workers;

(c) An inventory of the trauma-informed trainings for child welfare workers and supervisors;

(d) An inventory of the reflective supervision principles embedded within trainings for child welfare workers and supervisors; and

(e) An inventory of the department's efforts to systemize peer support for child welfare workers and supervisors.

(4) The department shall provide a training improvement plan to the relevant committees of the legislature in compliance with RCW 43.01.036 by January 1, 2020, based on the report required under subsection (3) of this section that describes the recommended frequency of trainings and other recommended improvements to child welfare worker training.

(5) For purposes of this section, "child welfare worker" means an employee of the department whose job includes supporting or providing child welfare services as defined in RCW 74.13.020 or child protective services as defined in RCW 26.44.020.

(6) This section expires July 1, 2021.

Sec. 27. RCW 74.14B.010 and 2018 c 58 s 79 are each amended to read as follows:

(1) ~~((Caseworkers employed in children services))~~ Child welfare workers shall meet minimum standards established by the department. Comprehensive training for ~~((caseworkers))~~ child welfare workers shall be completed before such ~~((caseworkers))~~ child welfare workers are assigned to case-carrying responsibilities ~~((without direct supervision))~~ as the sole worker assigned to a particular case. Intermittent, part-time, and standby child welfare workers shall be subject to the same minimum standards and training.

(2) Ongoing specialized training shall be provided for ~~((persons))~~ child welfare workers responsible for investigating child sexual abuse. Training participants shall have the

opportunity to practice interview skills and receive feedback from instructors.

(3) The department, the criminal justice training commission, the Washington association of sheriffs and police chiefs, and the Washington association of prosecuting attorneys shall design and implement statewide training that contains consistent elements for persons engaged in the interviewing of children, including law enforcement, prosecution, and child protective services.

(4) The training required by this section shall: (a) Be based on research-based practices and standards; (b) minimize the trauma of all persons who are interviewed during abuse investigations; (c) provide methods of reducing the number of investigative interviews necessary whenever possible; (d) assure, to the extent possible, that investigative interviews are thorough, objective, and complete; (e) recognize needs of special populations, such as persons with developmental disabilities; (f) recognize the nature and consequences of victimization; (g) require investigative interviews to be conducted in a manner most likely to permit the interviewed persons the maximum emotional comfort under the circumstances; (h) address record retention and retrieval; ~~((and))~~ (i) address documentation of investigative interviews; and (j) include self-care for child welfare workers.

(5) The identification of domestic violence is critical in ensuring the safety of children in the child welfare system. ~~((As a result))~~ It is also critical for child welfare workers to support victims of domestic violence while victims continue to care for their children, when possible, as domestic violence perpetrated against someone other than the child does not constitute negligent treatment or maltreatment in and of itself as provided in RCW 26.44.020. For these reasons, ongoing domestic violence training and consultation shall be provided to ~~((caseworkers))~~ child welfare workers, including how to use the department's practice guide to domestic violence.

(6) By January 1, 2021, the department shall:

(a) Develop and implement an evidence-informed curriculum for supervisors providing support to child welfare workers to better prepare candidates for effective supervisory and leadership roles within the department;

(b) Develop specialized training for child welfare workers that includes simulation and coaching designed to improve clinical and analytical skills;

(7) For purposes of this section, "child welfare worker" means an employee of the department whose job includes supporting or providing child welfare services as defined in RCW 74.13.020 or child protective services as defined in RCW 26.44.020.

NEW SECTION. Sec. 28. A new section is added to chapter 43.216 RCW to read as follows:

(1) The department shall provide child welfare workers and those supervising child welfare workers with access to:

(a) A critical incident protocol that establishes a process for appropriately responding to traumatic or high stress incidents in a manner that provides employees with proper mental health and stress management support, guidance, and education; and

(b) Peer counseling from someone trained in providing peer counseling and support.

(2) The department shall systematically collect workforce data regarding child welfare workers including staff turnover, workload distribution, exit interviews, and regular staff surveys to assess organizational culture and psychological safety.

(3) The department shall make a concerted effort to increase efficiency through the reduction of paperwork.

ONE HUNDRED FOURTH DAY, APRIL 27, 2019

2019 REGULAR SESSION

(4) The department shall develop a scientifically based method for measuring the direct service time of child welfare workers and contracted resources.

(5) The department shall convene a technical work group to develop a workload model including standardized ratios for supervisors, clerical, and other child welfare worker support staff and child welfare worker caseload ratios by case type.

(a) The technical work group must include:

(i) Two child welfare worker representatives, one from west of the crest of the Cascade mountain range, and one from east of the crest of the Cascade mountain range;

(ii) Fiscal staff from the department;

(iii) Human resources staff from the department; and

(iv) A representative from the office of financial management.

(b) The department shall provide a report to the relevant committees of the legislature in compliance with RCW 43.01.036 by December 1, 2019, that includes a description of the workload model recommended by the technical work group and the steps the department is taking to implement this model.

(c) The technical work group established in this section shall continue to meet and provide an annual report to the relevant committees of the legislature in compliance with RCW 43.01.036 by December 1st of each year regarding any recommended modifications to the workload model and steps the department is taking to implement those changes.

(6) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Child welfare worker" means an employee of the department whose job includes supporting or providing child welfare services as defined in RCW 74.13.020 including those providing family assessment response services as defined in RCW 26.44.020 or child protective services as defined in RCW 26.44.020.

(b) "Critical incident" means an incident that is unusual and involves a perceived or actual threat of harm to an individual which includes but is not limited to child fatalities or near fatalities.

Sec. 29. RCW 74.13.270 and 2017 3rd sp.s. c 20 s 1 are each amended to read as follows:

(1) The legislature recognizes the need for temporary short-term relief for foster parents who care for children with emotional, mental, or physical ~~((handicaps))~~ disabilities. For purposes of this section, respite care means appropriate, temporary, short-term care for these foster children placed with licensed foster parents. The purpose of this care is to give the foster parents temporary relief from the stresses associated with the care of these foster children. The department shall design a program of respite care that will minimize disruptions to the child and will serve foster parents within these priorities, based on input from foster parents, foster parent associations, and reliable research if available.

(2)(a) For the purposes of this section, and subject to funding appropriated specifically for this purpose, short-term support shall include case aides who provide temporary assistance to foster parents as needed with the overall goal of supporting the parental efforts of the foster parents except that this assistance shall not include overnight assistance. The department shall contract with nonprofit community-based organizations in each region to establish a statewide pool of individuals to provide the support described in this subsection. These individuals shall be ~~((hired by))~~ employees or volunteers with the nonprofit community-based organization and shall have the appropriate training, background checks, and qualifications as determined by the department. Short-term support as described in this subsection shall be available to all licensed foster parents in the state as

funding is available and shall be phased in by geographic region. To obtain the assistance of a case aide for this purpose, the foster parent may request the services from the nonprofit community-based organization and the nonprofit community-based organization may offer assistance to licensed foster families. If the requests for the short-term support provided in this subsection exceed the funding available, the nonprofit community-based organization shall have discretion to determine the assignment of case aides. The nonprofit community-based organization shall report all short-term support provided under this subsection to the department.

(b) Subject to funding appropriated specifically for this purpose, the Washington state institute for public policy shall prepare an outcome evaluation of the short-term support described in this subsection. The evaluation will, to the maximum extent possible, assess the impact of the short-term support services described in this subsection on the retention of foster homes and the number of placements a foster child receives while in out-of-home care as well as the return on investment to the state. The institute shall submit a preliminary report to the appropriate committees of the legislature and the governor by December 1, 2018, that describes the initial implementation of these services and descriptive statistics of the families utilizing these services. A final report shall be submitted to the appropriate committees of the legislature by June 30, ~~((2020))~~ 2021. At no cost to the institute, the department shall provide all data necessary to discharge this duty.

(c) Costs associated with case aides as described in this subsection shall not be included in the forecast.

(d) Pursuant to RCW 41.06.142(3), performance-based contracting under (a) of this subsection is expressly mandated by the legislature and is not subject to the processes set forth in RCW 41.06.142 (1), (4), and (5)."

MOTION

Senator Liias moved that the following committee striking amendment by the Committee on Ways & Means be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) This section is the tax preference performance statement for the tax preference contained in section 2, chapter . . . , Laws of 2019 (section 2 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes this tax preference as one intended to provide tax relief for certain businesses or individuals and to accomplish a general purpose as indicated in RCW 82.32.808(2) (e) and (f).

(3) It is the legislature's specific public policy objective to increase the fiscal stability of multipurpose sports and entertainment arenas in Washington state and thereby strengthen the economic vitality of the communities in which the arenas and practice facilities are located.

(4) To measure the effectiveness of the tax preference in achieving the specific public policy objective described in this act, the joint legislative audit and review committee must evaluate this tax preference. In evaluating the tax preference, the joint legislative audit and review committee may refer to data provided to the department of revenue.

NEW SECTION. Sec. 2. A new section is added to chapter 82.32 RCW to read as follows:

(1) Until October 1, 2019, a qualifying business may apply for a deferral of taxes on an eligible project. Application must be made to the department in a form and manner prescribed by the department. The application must contain information regarding the location of the project, estimated or actual costs of the project, time schedules for completion and operation of the project, and

ONE HUNDRED FOURTH DAY, APRIL 27, 2019

2019 REGULAR SESSION

other information required by the department. The department must rule on the application within sixty days.

(2) If the department approves an application for a deferral of taxes under this section, the department must issue a sales and use tax deferral certificate for state and local sales and use taxes due under chapters 82.08, 82.12, 82.14, and 81.104 RCW. This certificate expires on the date the eligible project becomes operationally complete. The certificate may only be used for sales and use tax liability incurred after the date the department issued the certificate.

(3) A recipient of a certificate must notify the department when its eligible project is operationally complete. The department must review the qualifying business's records after the eligible project is operationally complete to ensure the correct amount of taxes has been reported and will be repaid.

(4)(a) For local sales and use taxes, the recipient of the certificate must begin paying deferred sales and use taxes in the first calendar year after the date certified by the department as the date on which the eligible project is operationally complete. The first payment is due on January 1st of the first calendar year after such certified date, with subsequent annual payments due on January 1st of the following seven years. Each payment must equal twelve and one-half percent of the tax due plus interest.

(b) For state sales and use taxes, the recipient of the certificate must repay all deferred state sales and use taxes by June 30, 2023.

(c) The department must assess interest, but not penalties, on the deferred taxes. The interest must be assessed at the rate provided for delinquent taxes under this chapter, retroactively to the date the project was certified to be operationally complete, and will accrue until the deferred taxes are repaid.

(5) The department may authorize an accelerated repayment schedule upon request of the qualifying business.

(6) The debt for taxes due is not extinguished by insolvency or other failure of the qualifying business. Transfer of ownership does not terminate the deferral if the transferee agrees in writing to be bound by the requirements of this section and receives approval from the department. If the department approves the transfer of the deferral to a transferee, such approval not to be unreasonably withheld, conditioned, or delayed, the transferee is solely liable for repayment of the deferred taxes.

(7) If the eligible project is not operationally complete within three calendar years from the date that the department issued the certificate for the project, or if at any time the department finds that the project is not eligible for a deferral under this section, the amount of taxes outstanding for the project is immediately due and payable. If taxes must be repaid under this subsection, the department must assess interest at the rate provided for delinquent taxes under this chapter retroactively to the date of issuance of the certificate, but not penalties, on amounts due under this subsection.

(8) Applications and any other information received by the department under this section are not confidential under RCW 82.32.330. This chapter applies to the administration of this section.

(9) The definitions in this subsection apply throughout this section unless the context clearly requires otherwise.

(a) "Eligible project" means a project consisting of either or both (i) a qualifying arena, associated parking structures, plazas, public spaces, and one or more tunnels connecting the arena and parking structures, or (ii) an ice hockey practice facility.

(2) If, after examination and evaluation, the children's mental health specialist or substance use disorder specialist and the physician, physician assistant, or psychiatric advanced registered nurse practitioner determine that the initial needs of the minor, if detained to an evaluation and treatment facility, would be better served by placement in a substance use disorder treatment program or, if detained to a secure detoxification facility or approved substance use disorder treatment program, would be better served in an evaluation and treatment facility, then the minor shall be referred to the more appropriate placement.

(3) The admitting facility shall take reasonable steps to notify immediately the minor's parent of the admission.

(4) During the initial seventy-two hour treatment period, the minor has a right to associate or receive communications from parents or others unless the professional person in charge determines that such communication would be seriously detrimental to the minor's condition or treatment and so indicates in the minor's clinical record, and notifies the minor's parents of this determination. In no event may the minor be denied the opportunity to consult an attorney.

(5) If the evaluation and treatment facility, secure detoxification facility, or approved substance use disorder treatment program admits the minor, it may detain the minor for evaluation and treatment for a period not to exceed seventy-two hours from the time of provisional acceptance. The computation of such seventy-two hour period shall exclude Saturdays, Sundays, and holidays. (b) Approve or deny requests from treatment facilities for transfer of a minor to another facility;

(c) Receive and monitor reports required under this section;

The disciplining authority may also approve the use of out-of-state programs. Referral of the license holder to the program shall be done only with the consent of the license holder. Referral to the program may also include probationary conditions for a designated period of time. The secretary shall adopt uniform rules for the evaluation by the ~~((disciplinary disciplining disciplining was not found))~~ disciplining authority of a relapse or program violation on the part of a license holder in the substance abuse monitoring program. The evaluation shall encourage program participation with additional conditions, in lieu of disciplinary action, when the ~~((disciplinary disciplining disciplining was not found))~~ disciplining authority determines that the license holder is able to continue to practice with reasonable skill and safety.

(2) In addition to approving substance abuse monitoring programs that may receive referrals from the disciplining authority, the disciplining authority may establish by rule requirements for participation of license holders who are not being investigated or monitored by the disciplining authority for substance abuse. License holders voluntarily participating in the approved programs without being referred by the disciplining authority shall not be subject to disciplinary action under RCW 18.130.160 for their substance abuse, and shall not have their

These additional requirements shall ensure that any person associated with a licensed agency or facility having unsupervised access with a vulnerable adult shall not be the respondent in an active protective order under RCW 74.34.130, nor have been: (i) Convicted of a crime against persons as defined in RCW 43.43.830, except as provided in this section; (ii) convicted of crimes relating to financial exploitation as defined in RCW 43.43.830, except as provided in this section; or (iii) found in any disciplinary board final decision to have abused a vulnerable adult under RCW 43.43.830.

(1) \$154,000,000 of the state taxable building construction account—state appropriation and \$21,000,000 of the state building construction account—state appropriation are provided solely for production and preservation of affordable housing. Of the amounts in this subsection:

(a) \$17,000,000 of the appropriation in this section is provided solely for competitive grant awards for high quality affordable housing projects that will quickly move people from homelessness into secure housing and are significantly less expensive to construct than traditional housing. These funds must be awarded to projects with a total project development cost per housing unit of less than \$125,000, excluding the value of land, off-site infrastructure costs, and any capitalized reserves, and with a commitment by the applicant to maintain the housing units for at least a twenty-five year period.

(b) \$35,000,000 of the appropriation is provided solely for housing projects that provide supportive housing and case-management services to persons with behavioral or chronic mental illness. When evaluating applications for this population, the department must prioritize low-income supportive housing unit proposals that show:

(i) Evidence that the application was developed in collaboration with one or more behavioral health regions;

(ii) Evidence that the applicant has assessed and would meet gaps in geographical behavioral health services needs in the applicant's region;

(iii) A commitment by the applicant to provide, directly or through a formal partnership, necessary treatment and supportive services to the tenants and maintain the beds or housing units for at least a forty-year period;

(iv) Readiness to begin structural modifications or construction resulting in a fast project completion; and

(v) Program requirements that adhere to the key elements of permanent supportive housing programs including choice in housing and living arrangements, functional separation of housing and services, community integration, rights of tenancy, and voluntary recovery-focused services.

(c) \$10,000,000 of the appropriation in this section is provided solely for housing that serves people with developmental disabilities.

(3) The department must strive to allocate all of the amounts appropriated in this section within the 2019-2021 fiscal biennium in the manner prescribed in subsection (1) of this section. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

(4)(a) The department, in cooperation with the housing finance commission, must develop and implement a process for the collection of certified final development cost data from each grant or loan recipient under this section. The department must use this data as part of its cost containment policy.

(b) Beginning December 1, 2019, and continuing annually, the department must provide the legislature with a report of its final cost data for each project under this section. Such cost data must, at a minimum, include total development cost per unit for each project completed within the past year, descriptive statistics such as average and median per unit costs, regional cost variation, and other costs that the department deems necessary to improve cost controls and enhance understanding of development costs. State Forest Land Replacement (40000032)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) The appropriation is provided solely to the department to transfer from state forestland status to natural resources conservation area status certain state forestlands in counties with:

- (i) A population of twenty-five thousand or fewer; and
- (ii) Risks of timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act.

(b) This appropriation must be used equally for the transfer of qualifying state forestlands in the qualifying counties.

(2) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110. The value of the land transferred must be deposited in the park land trust revolving account and be used solely to buy replacement state forestland, consistent with RCW 79.22.060.

(3) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose.

(4) The department and applicable counties shall work in good faith to carry out the intent of this section. The department will identify eligible properties for transfer, consistent with subsections (1) and (2) of this section, in consultation with the applicable counties, and will not execute any property transfers that are not in the statewide interest of either the state forest trust or the natural resources conservation area program.

Appropriation:

State Building Construction Account—State	\$6,000,000
Prior Biennia (Expenditures)	\$0
Future Biennia (Projected Costs)	\$24,000,000
TOTAL	\$30,000,000

NEW SECTION. Sec. 3278. FOR THE DEPARTMENT OF NATURAL RESOURCES

Trust Land Transfer Program (40000034)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for the department of natural resources to transfer from trust status certain trust lands of statewide significance deemed appropriate for state parks, fish and wildlife habitats, natural area preserves, natural resources conservation areas, department of natural resources community forest open spaces, or recreation purposes. The approved property for transfer is identified in the LEAP capital document No. 2019-304S, developed March 27, 2019.

(2) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2019, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs, and may not exceed one and nine-tenths percent of the appropriation.

(4) By June 30, 2020, land within the common school trust shall be exchanged for land of equal value held for other trust beneficiaries of the property identified in subsection (1) of this section.

(5) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Transfer agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(6) The department shall work in good faith to carry out the intent of this section.

(7) By June 30, 2021, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

NEW SECTION. Sec. 4005. FOR THE DEPARTMENT OF TRANSPORTATION

Aviation Revitalization Loans (92000003)

The reappropriation in this section is subject to the following conditions and limitations:

(1)(a) The department of transportation must convene a community aviation revitalization board to exercise the powers granted under this section.

(b) The board must consist of a representative from the department of transportation's aviation division, the public works board, and a nonlegislative member of the community economic revitalization board. The board must also consist of the following members appointed by the secretary of transportation: One port district official, one county official, one city official, one representative of airport managers, and one representative of a general aviation pilots organization within Washington that has an active membership and established location, chapter, or appointed representative within Washington. The appointive members must initially be appointed to terms as follows: Two members for two-year terms, and three members for three-year terms which must include the chair. Thereafter, each succeeding term must be for three years. The chair of the board must be selected by the secretary of transportation. The members of the board must elect one of their members to serve as vice chair.

(c) Management services, including fiscal and contract services, must be provided by the department of transportation to assist the board in implementing this section.

(d) If a vacancy occurs by death, resignation, or otherwise of appointive members of the board, the secretary of transportation must fill the vacancy for the unexpired term. Members of the board may be removed for malfeasance or misfeasance in office, upon specific written charges by the secretary of transportation, under chapter 34.05 RCW.

(e) A member appointed by the secretary of transportation may not be absent from more than fifty percent of the regularly scheduled meetings in any one calendar year. Any member who exceeds this absence limitation is deemed to have withdrawn from the office and may be replaced by the secretary of transportation.

(f) A majority of members currently appointed constitutes a quorum.

(g) The board must meet three times a year or as deemed necessary by the department of transportation.

(h) Staff support to the board must be provided by the department of transportation as needed.

(2) In addition to other applicable provisions of law pertaining to conflicts of interest of public officials, any community aviation revitalization board member, appointive or otherwise, may not participate in any decision on any board contract in which the board member has any interests, direct or indirect, with any firm, partnership, corporation, or association that would be the recipient of any aid under this section. If such participation occurs, the board must void the transaction and the involved member is subject to further sanctions as provided by law. The board must adopt a code of ethics for its members, which must be designed to protect the state and its citizens from any unethical conduct by the board.

(3) The community aviation revitalization board may:

(a) Adopt bylaws for the regulation of its affairs and the conduct of its business;

(b) Adopt an official seal and alter the seal at its pleasure;

(c) Utilize the services of other governmental agencies;

(d) Accept from any federal agency loans or grants for the planning or financing of any project and enter into an agreement with the agency respecting the loans or grants;

(e) Conduct examinations and investigations and take testimony at public hearings of any matter material for its information that will assist in determinations related to the exercise of the board's lawful powers;

(f) Accept any gifts, grants, loans of funds, property, or financial or other aid in any form from any other source on any terms and conditions that are not in conflict with this section;

(g) Enter into agreements or other transactions with and accept grants and the cooperation of any governmental agency in furtherance of this section;

(h) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this section; and

(i) Perform all acts and things necessary or convenient to carry out the powers expressly granted or implied under this section.

(4)(a) The community aviation revitalization board may make direct loans to airport sponsors of public use airports in the state for the purpose of airport improvements that primarily support general aviation activities. The board may provide loans for the purpose of airport improvements only if the state is receiving commensurate public benefit, which must include, as a condition of the loan, a commitment to provide public access to the airport for a period of time equivalent to one and one-half times the term of the loan. For purposes of this subsection, "public use airports" means all public use airports not listed as having more than seventy-five thousand annual commercial air service passenger enplanements as published by the federal aviation administration.

(b) An application for loan funds under this section must be made in the form and manner as the board may prescribe. When evaluating loan applications, the board must prioritize applications that provide conclusive justification that completion of the loan application project will create revenue generating opportunities. The board is not limited to, but must also use, the following expected outcome conditions when evaluating loan applications:

(i) A specific private development or expansion is ready to occur and will occur only if the aviation facility improvement is made;

(ii) The loan application project results in the creation of jobs or private sector capital investment as determined by the board;

ONE HUNDRED FOURTH DAY, APRIL 27, 2019

2019 REGULAR SESSION

(iii) The loan application project improves opportunities for the successful maintenance, operation, or expansion of an airport or adjacent airport business park;

(iv) The loan application project results in the creation or retention of long-term economic opportunities; and

(v) The loan application project results in leveraging additional federal funding for an airport.

(c)(i) If the board chooses to require a local match, the board must develop guidelines for local participation and allowable match and activities.

(ii) An application must:

(A) Be supported by the port district, city, or county in which the project is located; or

(B) Clearly identify the source of funds intended to repay the loan.

(5) The public use general aviation airport loan program, when authorized by the community aviation revitalization board, is subject to the following conditions:

(a) The moneys in the public use general aviation airport loan revolving account created in section 7027 of this act must be used only to fulfill commitments arising from loans authorized in this section and section 6011 of this act. The total outstanding amount that the board must dispense at any time pursuant to this section must not exceed the moneys available from the account.

(b) On contracts made for public use general aviation airport loans, the board must determine the interest rate that loans must bear. The interest rate must not exceed the amount needed to cover the administrative expenses of the board and the loan program. The board may provide reasonable terms and conditions for the repayment of loans, with the repayment of a loan to begin no later than three years after the award date of the loan. The loans must not exceed twenty years in duration.

(c) The repayment of any loan made from the public use general aviation airport loan revolving account under the contracts for aviation loans must be paid into the public use general aviation airport loan revolving account.

(6) All receipts from moneys collected under this section must be deposited into the public use general aviation airport loan revolving account created in section 7027 of this act.

NEW SECTION. Sec. 7003. (1) To ensure that major construction projects are carried out in accordance with legislative and executive intent, agencies must complete a predesign for state construction projects with a total anticipated cost in excess of \$5,000,000, or \$10,000,000 for higher education institutions. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project.

(2) Appropriations for design may not be expended or encumbered until the office of financial management has reviewed and approved the agency's predesign.

(3) The predesign must explore at least three project alternatives. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative should be the most reasonable and cost-effective solution. The predesign document must include, but not be limited to, program, site, and cost analysis, and an analysis of the life-cycle costs of the alternatives explored, in accordance with the predesign manual adopted by the office of financial management.

(4) The office of financial management may make an exception to the predesign requirements in this section after notifying the legislative fiscal committees and waiting ten days for comment by the legislature regarding the proposed exception.

NEW SECTION. Sec. 7004. Agencies administering construction projects with a total anticipated cost in excess of \$5,000,000, or \$10,000,000 for higher education institutions, must submit progress reports to the office of financial management and to the fiscal committees of the house of representatives and senate. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project. Reports must be submitted on July 1st and December 31st of each year in a format determined by the office of financial management. After the project is completed, agencies must also submit a closeout report that identifies the total project cost and any unspent appropriations.

NEW SECTION. Sec. 7005. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 7006. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer.

NEW SECTION. Sec. 7007. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 7008. (1) Any building project that receives over \$10,000,000 in funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency,

2019 REGULAR SESSION

durability, life-cycle performance, and occupant productivity. The following design and construction attributes must be integrated into the building project:

(a) **Employ integrated design principles:** Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building. Consider all stages of the building's life-cycle, including deconstruction.

(b) **Commissioning:** Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(c) **Optimize energy performance:** Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, target reducing energy use by fifty percent below prerenovations baseline.

(d) **On-site renewable energy:** Meet at least thirty percent of the hot water demand through the installation of solar hot water heaters, when life-cycle cost effective. Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(e) **Measurement and verification:** Where appropriate, install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Where appropriate, install dashboards inside buildings to display and incentivize occupants on energy use.

(f) **Benchmarking:** Compare performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool.

NEW SECTION. Sec. 7009. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 7010 Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies shall comply with the requirements set forth in this executive order.

NEW SECTION. Sec. 7011. FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding \$200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.200 is provided solely for the purposes of RCW 43.17.200.

(4) At least eighty percent of the moneys spent by the Washington state arts commission during the 2019-2021 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. Art allocations not expended within the ensuing two biennia shall lapse. The commission may use up to \$200,000 of this amount to conserve or maintain existing pieces in the state art collection.

NEW SECTION. Sec. 7012. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 7013. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 7014. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 7015. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter 3, Laws of 2018, (House Bill No. 1080, the general obligation bond bill) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

NEW SECTION. Sec. 7021. The department of enterprise services, in consultation with the office of financial management, is granted the authority to sell the property known as the Tacoma Rhodes complex for no less than fair market value. The price must cover appraisal costs, all debt service, all closing costs, and the cost of outstanding liabilities necessary to keep the department whole. The property consists of the Broadway building, market building, and parking garage. The terms and conditions of the sale must meet the business needs of the state tenants.

Sec. 7022. RCW 43.88D.010 and 2018 c 298 s 7013 are each amended to read as follows:

(1) By October 1st of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees and the four-year institutions. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at all campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings. Facilities that cannot be economically renovated are considered replacement projects. New space may be programmed for the same or a different use than the space being replaced and may include additions to improve access and enhance the relationship of program or support space;

(c) Projects that renovate facilities to restore building life and upgrade space to meet current program requirements. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space;

(d) Major stand-alone campus infrastructure projects;

(e) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(f) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the predesign, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions. The office of financial management, in consultation with the legislative fiscal committees, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(a) Shall be provided with all required information by the four-year institutions as deemed necessary by the office of financial management;

(b) May utilize independent services to verify, sample, or evaluate information provided to the office of financial management by the four-year institutions; and

(7) By August 1st of each even-numbered year each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

(8) For the 2017-2019 fiscal biennium and the 2019-2021 fiscal biennium, pursuant to subsection (1) of this section, by November 1, ~~((2018))~~ 2020, the office of financial management must score higher education capital project criteria with a rating scale that assesses how well a particular project satisfies those criteria. The office of financial management may not use a rating scale that weighs the importance of those criteria.

(9) For the 2017-2019 fiscal biennium and the 2019-2021 fiscal biennium, pursuant to subsection (6)(a) of this section and in lieu of the requirements of subsection (7) of this section, by August 15, ~~((2018))~~ 2020, the institutions of higher education shall prepare and submit or resubmit to the office of financial management and the legislative fiscal committees:

(1) The council shall identify budget priorities and levels of funding for higher education, including the two and four-year institutions of higher education and state financial aid programs. It is the intent of the legislature for the council to make budget recommendations for allocations for major policy changes in accordance with priorities set forth in the ten-year plan, but the legislature does not intend for the council to review and make recommendations on individual institutional budgets. It is the intent of the legislature that recommendations from the council prioritize funding needs for the overall system of higher education in accordance with priorities set forth in the ten-year plan. It is also the intent of the legislature that the council's recommendations take into consideration the total per-student funding at similar public institutions of higher education in the global challenge states.

(2) By December of each odd-numbered year, the council shall outline the council's fiscal priorities under the ten-year plan that it must distribute to the institutions, the state board for community and technical colleges, the office of financial management, and the joint higher education committee.

(a) Capital budget outlines for the two-year institutions shall be submitted to the office of financial management by August 15th of each even-numbered year, and shall include the prioritized ranking of the capital projects being requested, a description of each capital project, and the amount and fund source being requested.

(b) Capital budget outlines for the four-year institutions must be submitted to the office of financial management by August 15th of each even-numbered year, and must include: The institutions' priority ranking of the project; the capital budget category within which the project will be submitted to the office of financial management in accordance with RCW 43.88D.010; a description of each capital project; and the amount and fund source being requested.

(c) The office of financial management shall reference these reporting requirements in its budget instructions.

(3) The council shall submit recommendations on the operating budget priorities to support the ten-year plan to the office of financial management by October 1st each year, and to the legislature by January 1st each year.

(4)(a) The office of financial management shall develop one prioritized list of capital projects for the legislature to consider that includes all of the projects requested by the four-year institutions of higher education that were scored by the office of financial management pursuant to chapter 43.88D RCW, including projects that were previously scored but not funded. The prioritized list of capital projects shall be based on the following priorities in the following order:

(i) Office of financial management scores pursuant to chapter 43.88D RCW;

(ii) Preserving assets;

(iii) Degree production; and

(iv) Maximizing efficient use of instructional space.

(b) The office of financial management shall include all of the capital projects requested by the four-year institutions of higher education, except for the minor works projects, in the prioritized list of capital projects provided to the legislature.

(c) The form of the prioritized list for capital projects requested by the four-year institutions of higher education shall be provided

as one list, ranked in priority order with the highest priority project ranked number "1" through the lowest priority project numbered last. The ranking for the prioritized list of capital projects may not:

(i) Include subpriorities;

(ii) Be organized by category;

(iii) Assume any state bond or building account biennial funding level to prioritize the list; or

(iv) Assume any specific share of projects by institution in the priority list.

(5) Institutions and the state board for community and technical colleges shall submit any supplemental capital budget requests and revisions to the office of financial management by November 1st and to the legislature by January 1st.

(6) For the 2017-2019 fiscal biennium and the 2019-2021 fiscal biennium, pursuant to subsection (4) of this section, the office of financial management may, but is not obligated to, develop one prioritized list of capital projects for the legislature to consider that includes all of the projects requested by the four-year institutions of higher education that were scored by the office of financial management pursuant to chapter 43.88D RCW, including projects that were previously scored but not funded.

NEW SECTION. Sec. 7024. (1) The department of natural resources must conduct an asset valuation of state lands and state forestlands held in trust and managed by the department. The analysis required in subsections (3) and (4) of this section may be provided through contracted services.

(2) The department must describe all trust lands, by trust, including timber lands, agricultural lands, commercial lands, and other lands, and identify revenues from leases or other sources for those lands. The department must briefly describe the income from these trust lands, and potential enhancements to income, including intergenerational income, from the asset bases of these trusts.

(3) The analysis must estimate the current fair market value of these lands for each trust beneficiary, including the separate beneficiaries of state lands as defined in RCW 79.02.010, and the beneficiaries of state forestlands as specified in chapter 79.22 RCW. The estimation of current fair market values must specify the values by the various asset classes including, but not limited to, the following asset classes: Timber lands; irrigated agriculture; dryland agriculture, including grazing lands; commercial real estate; mining; and other income production. The analysis must also estimate the value of ecosystem services and recreation benefits for asset classes that produce these benefits. The legislature encourages the department and its contractors to develop methods and tools to allow tracking of the estimated fair market values over time.

(4) For each of the different asset classes and for each of the various trusts, the analysis must calculate the average annual gross and net income as a percentage of estimated current asset value.

(5) The department must provide a progress report to the legislature by December 1, 2019, which may include any initial recommendations. The final report must be submitted by June 30, 2020, and must include options to:

Sec. 7026. 2018 c 298 s 1016 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF COMMERCE

Local and Community Projects 2016 (92000369)

The appropriation in this section is subject to the following conditions and limitations:

(1) Except as directed otherwise prior to the effective date of this section, the department may not expend the appropriation in this section unless and until the nonstate share of project costs have been either expended, or firmly committed, or both, in an amount sufficient to complete the project or a distinct phase of the project that is useable to the public for the purpose intended by the legislature. This requirement does not apply to projects where a share of the appropriation is released for design costs only.

(2) Prior to receiving funds, project recipients must demonstrate that the project site is under control for a minimum of ten years, either through ownership or a long-term lease. This requirement does not apply to appropriations for preconstruction activities or appropriations whose sole purpose is to purchase real property that does not include a construction or renovation component.

(3) Projects funded in this section may be required to comply with Washington's high performance building standards as required by chapter 39.35D RCW.

(4) Project funds are available on a reimbursement basis only, and shall not be advanced under any circumstances.

(5) Projects funded in this section must be held by the recipient for a minimum of ten years and used for the same purpose or purposes intended by the legislature as required in RCW 43.63A.125(6).

(6) Projects funded in this section, including those that are owned and operated by nonprofit organizations, are generally required to pay state prevailing wages.

(7) \$2,209,000 of the appropriation in this section is provided solely for the Fairchild air force base protection and community empowerment project, including the purchase of twenty acres of land by Spokane county or the city of Airway Heights for development of affordable housing and the purchase of mobile home parks by Spokane county or the city of Airway Heights in order to reduce the use of the accident potential zone for residential purposes. There shall be no limitations on the sequence of the purchase of mobile home parks. If Spokane county or the city of Airway Heights subsequently rezones, develops, and leases the mobile home park property for commercial or industrial uses contrary to the allowed uses in the accident potential zone, Spokane county or the city of Airway Heights must repay to the state the amount spent on the purchase of mobile home parks in its entirety within ten years. Mobile home parks purchased under the provisions of this subsection may be sold by Spokane county or the city of Airway Heights, provided that the uses of the mobile home park property are not contrary to the allowed uses in the accident potential zone. Any moneys from this sale must be used to purchase other mobile home parks in the Fairchild air force base protection and community empowerment project. The twenty acres of land purchased under this subsection for development as affordable housing may be sold, in whole or in part, by the recipient, provided the property sold is used for affordable housing as required in the Fairchild air force base protection and community empowerment project. Recipients of funds provided under this subsection are not required to demonstrate that the project site is under their control for a minimum of ten years but they must demonstrate that the project site is under their control through ownership or long-term lease. Projects funded under this subsection are not required to meet the provisions of RCW 43.63A.125(6) and subsection (5) of this section.

(8) \$850,000 of the appropriation in this section is provided solely for the White River restoration project. Design solutions for flooding reductions in the lower White River must include a floodplain habitat design that both reduces flood risks and restores salmon habitat by reconnecting the river with its floodplain and a sustainable riparian corridor. Project designs and plans must also identify lands for acquisition needed for floodplain reconnection where pending or existing development eliminates the potential for riparian and aquatic habitat restoration. The city shall work cooperatively with the Muckleshoot Indian Tribe and the Puyallup Tribe of Indians, and develop a plan collaboratively to achieve both flood reduction and habitat restoration.

(9) Up to \$300,000 of the appropriation in this section for the veterans helping veterans: Emergency transition shelter project may be spent on preconstruction or preacquisition activities, including, but not limited to, building inspections, design of necessary renovations, cost estimation, and other activities necessary to identify and select a facility appropriate for the program. The remainder of the appropriation must be used for eventual acquisition and renovations of a facility.

(10) \$2,500,000 of the appropriation in this section is provided solely for the mercy housing and health care center at Sand Point.

During the 2015-2017 fiscal biennium, the center may not house any community health care training organization that has been investigated by and has paid settlement fees to the attorney general's office for alleged medicaid fraud.

(11) The Lake Chelan land use plan must be developed without adverse impacts on agricultural operations.

(12) \$1,300,000 of the appropriation in this section is provided solely for phase one of the main street revitalization project in the city of Mountlake Terrace.

MOTION

Senator Frockt moved that the following striking amendment no. 829 by Senator Frockt be adopted:

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) A capital budget is hereby adopted and, subject to the provisions set forth in this act, the several dollar amounts hereinafter specified, or so much thereof as shall be sufficient to accomplish the purposes designated, are hereby appropriated and authorized to be incurred for capital projects during the period beginning with the effective date of this section and ending June 30, 2021, out of the several funds specified in this act.

(2) The definitions in this subsection apply throughout this act unless the context clearly requires otherwise.

(a) "Fiscal year 2020" or "FY 2020" means the period beginning July 1, 2019, and ending June 30, 2020.

(b) "Fiscal year 2021" or "FY 2021" means the period beginning July 1, 2020, and ending June 30, 2021.

(c) "Lapse" or "revert" means the amount shall return to an unappropriated status.

(d) "Provided solely" means the specified amount may be spent only for the specified purpose.

(3) Unless otherwise specifically authorized in this act, any portion of an amount provided solely for a specified purpose that is not expended subject to the specified conditions and limitations to fulfill the specified purpose shall lapse.

(4) The amounts shown under the headings "Prior Biennia," "Future Biennia," and "Total" in this act are for informational purposes only and do not constitute legislative approval of these amounts. "Prior biennia" typically refers to the immediate prior biennium for reappropriations, but may refer to multiple biennia in the case of specific projects. A "future biennia" amount is an estimate of what may be appropriated for the project or program in the 2021-2023 biennium and the following three biennia; an amount of zero does not necessarily constitute legislative intent to not provide funding for the project or program in the future.

(5) "Reappropriations" in this act are appropriations and, unless the context clearly provides otherwise, are subject to the relevant conditions and limitations applicable to appropriations. Reappropriations shall be limited to the unexpended balances remaining on June 30, 2019, from the 2017-2019 biennial appropriations for each project.

2019-21 Housing Trust Fund Program (40000036)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$129,050,000 of the state taxable building construction account—state appropriation and \$45,950,000 of the state building construction account—state appropriation are provided solely for production and preservation of affordable housing. Of the amounts in this subsection:

(a) \$35,000,000 of the appropriation is provided solely for housing projects that provide supportive housing and case-management services to persons with behavioral or chronic mental illness. When evaluating applications for this population,

the department must prioritize low-income supportive housing unit proposals that show:

(i) Evidence that the application was developed in collaboration with one or more health care entities that provide behavioral health care services to individuals eligible for the housing provided under this subsection;

(ii) A commitment by the applicant to provide, directly or through a formal partnership, necessary treatment and supportive services to the tenants and maintain the beds or housing units for at least a forty-year period;

(iii) Readiness to begin structural modifications or construction resulting in a fast project completion;

(iv) Program requirements that adhere to the key elements of permanent supportive housing programs including choice in housing and living arrangements, functional separation of housing and services, community integration, rights of tenancy, and voluntary recovery-focused services; and

(v) To achieve geographic distribution, the department must prioritize projects in rural areas as defined by the department per RCW 43.185.050 and unserved communities with the goal of maximizing the investment and increasing the number of supportive housing units in rural, unserved communities.

(b) \$10,000,000 of the appropriation in this section is provided solely for competitive grant awards for modular housing which includes high quality affordable housing projects that will quickly move people from homelessness into secure housing and are significantly less expensive to construct than traditional housing. These funds must be awarded to projects with a total project development cost per housing unit of less than \$125,000, excluding the value of land, off-site infrastructure costs, and any capitalized reserves, compliant with the Americans with disabilities act, and with a commitment by the applicant to maintain the housing units for at least a fifty year period.

(c) \$10,000,000 of the appropriation in this section is provided solely for a state match or state matches on private contributions that fund the production and preservation of affordable housing. Awards must be made using a competitive process. If any funding remains unallocated after the first fiscal year during the 2019-2021 fiscal biennium, the department may allocate the remaining funding through its annual competitive process for affordable housing projects that serve and benefit low-income and special needs populations in need of housing.

(d)(i) \$10,000,000 of the appropriation in this section is provided solely for housing preservation grants or loans to be awarded competitively.

(ii) The funds may be provided for major building improvements, preservation, and system replacements, necessary for the existing housing trust fund portfolio to maintain long-term viability. The department must require a capital needs assessment to be provided prior to contract execution. Funds may not be used to add or expand the capacity of the property.

(iii) To allocate preservation funds, the department must review applications and evaluate projects based on the following criteria:

(A) The age of the property, with priority given to buildings that are more than fifteen years old;

(B) The population served, with priority given to projects with at least 50 percent of the housing units being occupied by families and individuals at or below 50 percent area median income;

(C) The degree to which the applicant demonstrates that the improvements will result in a reduction of operating or utilities costs, or both;

(D) The potential for additional years added to the affordability period of the property; and

(E) Other criteria that the department considers necessary to achieve the purpose of this program.

(e)(i) \$7,000,000 of the appropriation in this section is provided solely for loans or grants to design and construct ultra-high energy efficient affordable housing projects.

(ii) To receive funding, a project must provide a life-cycle cost analysis report to the department and must demonstrate energy-saving and renewable energy systems either designed to reach net-zero energy use after housing is fully occupied or designed to achieve the most recent building standard of the passive house institute US as of the effective date of this section.

(iii) The department must consider, at a minimum and in any order, the following factors in assigning a numerical ranking to a project:

(A) Whether the proposed design has demonstrated that the project will achieve either net-zero energy use when fully occupied or will achieve the most recent building standard of the passive house institute US as of the effective date of this section;

(B) The life-cycle cost of the project;

(C) That the project demonstrates a design, use of materials, and construction process that can be replicated by the Washington building industry;

(D) The extent to which the project leverages nonstate funds;

(E) The extent to which the project is ready to proceed to construction;

(F) Whether the project promotes sustainable use of resources and environmental quality;

(G) Whether the project is being well managed to fund maintenance and capital depreciation;

(H) Reduction of housing and utilities carbon footprint; and

(I) Other criteria that the department considers necessary to achieve the purpose of this program.

(iv) The department must monitor and track the results of the housing projects that receive ultra-high energy efficiency funding under this section.

(f) \$45,950,000 of the appropriation in this section is provided solely for the following list of housing projects:

Bellwether Housing (Seattle)	\$6,000,000

ONE HUNDRED FOURTH DAY, APRIL 27, 2019

2019 REGULAR SESSION

(iii) \$5,000,000 of the appropriation in this section is provided solely for housing that serves people who are employed as farmworkers; and

(iv)(A) \$5,000,000 of the appropriation in this section is provided solely for housing projects that benefit homeownership.

(B) During the 2019-2021 fiscal biennium, the department must use a separate application form for applications to provide homeownership opportunities and evaluate homeownership project applications as allowed under chapter 43.185A RCW.

(C) In addition to the definition of "first-time home buyer" in RCW 43.185A.010, for the purposes of awarding homeownership projects during the 2019-2021 fiscal biennium "first time home buyer" also includes:

(I) A single parent who has only owned a home with a former spouse while married;

(II) An individual who is a displaced homemaker as defined in 24 C.F.R. Sec. 93.2 as it existed on the effective date of this section, or such subsequent date as may be provided by the department by rule, consistent with the purposes of this section, and has only owned a home with a spouse;

(III) An individual who has only owned a principal residence not permanently affixed to a permanent foundation in accordance with applicable regulations; or

(IV) An individual who has only owned a property that is discerned by a licensed building inspector as being uninhabitable.

(2) In evaluating projects in this section, the department must give preference for applications based on some or all of the criteria in RCW 43.185.070(5).

(3)(a) The department must strive to allocate all of the amounts appropriated in this section within the 2019-2021 fiscal biennium in the manner prescribed in subsection (1) of this section. However, if upon review of applications the department determines there are not adequate suitable projects in a category, the department may allocate funds to projects serving other low-income and special needs populations, provided those projects are located in an area with an identified need for the type of housing proposed.

(b) By June 30, 2021, the department must report on its web site the following for every previous funding cycle: The number of homeownership and multifamily rental projects funded by housing trust fund moneys; the percentage of housing trust fund investments made to homeownership and multifamily rental projects; and the total number of households being served at up to eighty percent of the area median income, up to fifty percent of the area median income, and up to thirty percent of the area median income, for both homeownership and multifamily rental projects.

(4)(a) The department, in cooperation with the housing finance commission, must develop and implement a process for the collection of certified final development cost data from each grant or loan recipient under this section. The department must use this data as part of its cost containment policy.

(b) Beginning December 1, 2019, and continuing annually, the department must provide the legislature with a report of its final cost data for each project under this section. Such cost data must, at a minimum, include total development cost per unit for each project completed within the past year, descriptive statistics such as average and median per unit costs, regional cost variation, and other costs that the department deems necessary to improve cost controls and enhance understanding of development costs. The department must coordinate with the housing finance commission to identify relevant development costs data and ensure that the measures are consistent across relevant agencies.

(5) The legislature recognizes projects serving households at or below 30 percent of area median income may not generate

sufficient income to support long-term operations and services. In evaluating loan terms for projects funded by the housing trust fund program, particularly projects serving at or below 30 percent area median income households, the department must prioritize loan deferment to maintain long-term viability of projects.

State Forest Land Replacement (40000032)

The appropriation in this section is subject to the following conditions and limitations:

(1)(a) The appropriation is provided solely to the department to transfer from state forestland status to natural resources conservation area status certain state forestlands in counties with:

- (i) A population of twenty-five thousand or fewer; and
- (ii) Risks of timber harvest deferrals greater than thirty years due to the presence of wildlife species listed as endangered or threatened under the federal endangered species act.

(b) This appropriation must be used equally for the transfer of qualifying state forestlands in the qualifying counties.

(2) Property transferred under this section must be appraised and transferred at fair market value, without consideration of management or regulatory encumbrances associated with wildlife species listed under the federal endangered species act. The value of the timber and other valuable materials transferred must be distributed as provided in RCW 79.64.110. The value of the land transferred must be deposited in the park land trust revolving account and be used solely to buy replacement state forestland, consistent with RCW 79.22.060.

(3) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Transfer agreements for properties identified in subsection (1) of this section must include terms that restrict the use of the property to the intended purpose.

(4) The department and applicable counties shall work in good faith to carry out the intent of this section. The department will identify eligible properties for transfer, consistent with subsections (1) and (2) of this section, in consultation with the applicable counties, and will not execute any property transfers that are not in the statewide interest of either the state forest trust or the natural resources conservation area program.

Trust Land Transfer Program (40000034)

The appropriation in this section is subject to the following conditions and limitations:

(1) The appropriation is provided solely for the department of natural resources to transfer from trust status certain trust lands of statewide significance deemed appropriate for state parks, fish and wildlife habitats, natural area preserves, natural resources conservation areas, department of natural resources community forest open spaces, or recreation purposes. The approved property for transfer is identified in the LEAP capital document No. 2019-9H, developed April 27, 2019.

(2) Property transferred under this section must be appraised and transferred at fair market value. By September 30, 2019, the department must deposit in the common school construction account the portion of the appropriation in this section that represents the estimated value of the timber on the transferred properties. This transfer must be made in the same manner as timber revenues from other common school trust lands. No deduction may be made for the resource management cost account under RCW 79.64.040. The portion of the appropriation in this section that represents the value of the land transferred must be deposited in the natural resources real property replacement account.

(3) All reasonable costs incurred by the department to implement this section are authorized to be paid out of the appropriations. Authorized costs include the actual cost of appraisals, staff time, environmental reviews, surveys, and other similar costs, and may not exceed one and nine-tenths percent of the appropriation.

(4) By June 30, 2021, land within the common school trust shall be exchanged for land of equal value held for other trust beneficiaries of the property identified in subsection (1) of this section.

(5) Prior to or concurrent with conveyance of these properties, the department shall execute and record a real property instrument that dedicates the transferred properties to the purposes identified in subsection (1) of this section. Fee transfer agreements for properties identified in subsection (1) of this section must include terms that perpetually restrict the use of the property to the intended purpose. Transfer agreements may include provisions for receiving agencies to request alternative uses of the property, provided the alternative uses are compatible with the originally intended public purpose and the department and legislature approves such uses.

(6) The department shall work in good faith to carry out the intent of this section.

(7) By June 30, 2021, the state treasurer shall transfer to the common school construction account any unexpended balance of the appropriation in this section.

ONE HUNDRED FOURTH DAY, APRIL 27, 2019

2019 REGULAR SESSION

(1) The department, in consultation with the office of emergency management, the office of the superintendent of public instruction, and the state board of education, shall develop a prioritized seismic risk assessment that includes seismic safety surveys of public facilities that are subject to high seismic risk because of high earthquake hazard and soils that amplify that hazard.

(2) The survey must be a representative sample of public facilities located in high priority areas as determined in the 2017-19 survey of public school seismic safety assessments and tsunami inundation zones as published by the department. The survey must use the results of the 2017-19 survey's findings to prioritize school buildings based on geologic and engineering results.

(3) The seismic safety surveys must be conducted for the following types of public facilities in the following order:

(a) A portion of public school facilities that are routinely used for the instruction of students in kindergarten through twelfth grade and in school districts that have held successful bond elections within the previous three years;

(b) A portion of the remaining public school facilities that are routinely used for the instruction of students in kindergarten through twelfth grade;

(c) Fire stations located within a one-mile radius of a facility described in (a) or (b) of this subsection.

(4) The department must coordinate and maximize survey efforts made under subsection (3)(a), (b), and (c) of this section whenever possible.

(5) The initial phase of the prioritized seismic needs assessment of the facilities specified in subsection (3)(a) and (b) of this section shall include, but is not limited to, the following:

(a) An on-site assessment, under the supervision of licensed geologists, of the seismic site class of the soils at the facilities;

(b) An on-site inspection of the facility buildings, including structural systems using structural plans where available, condition, maintenance, and nonstructural seismic hazards following standardized methods by licensed structural engineers;

(c) An estimate of costs to retrofit a prioritized subset of the facilities specified in subsection (3)(a) and (b) of this section to life safety standards as defined by the American society of civil engineers; and

(d) An estimate of costs to retrofit a prioritized subset of facilities specified in subsection (3)(c) of this section to immediate occupancy standards as defined by the American society of civil engineers.

(6) The department must collect and submit survey data to the superintendent of public instruction in a format compatible with the inventory and condition of schools database. The department must enter into an agreement with the superintendent of public instruction to make any necessary modifications to the inventory and condition of schools database to receive and report the survey data.

(7) The department must share that data with the school districts where the surveys were conducted, the schools where the surveys were conducted, the governor, and the appropriate legislative committees.

(8) The department and the office of the superintendent of public instruction must provide technical assistance to the school facilities sampled to incorporate survey information into their school safety plans.

School District Health and Safety 2019-21 (40000019)

The appropriations in this section are subject to the following conditions and limitations:

(1) \$2,000,000 of the common school construction account—state appropriation is provided solely for emergency repair grants to address unexpected and imminent health and safety hazards at K-12 public schools, including skill centers, that will impact the day-to-day operations of the school facility, and this is the maximum amount that may be spent for this purpose. For emergency repair grants only, an emergency declaration must be signed by the school district board of directors and submitted to the superintendent of public instruction for consideration. The emergency declaration must include a description of the imminent health and safety hazard, the possible cause, the proposed scope of emergency repair work and related cost estimate, and identification of local funding to be applied to the project. Grants of emergency repair moneys must be conditioned upon the written commitment and plan of the school district board of directors to repay the grant with any insurance payments or other judgments that may be awarded, if applicable.

(2) \$3,000,000 of the state building construction account—state appropriation is provided solely for urgent repair grants to address nonrecurring urgent small repair projects at K-12 public schools, excluding skill centers, that could impact the health and safety of students and staff if not completed, and this is the maximum amount that may be spent for this purpose. The office of the superintendent of public instruction, after consulting with maintenance and operations administrators of school districts, shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (a) Limiting school districts to one grant, not to exceed \$200,000, per three-year period; (b) prioritizing applications based on limited school district financial resources for the project; and (c) requiring any district receiving funding provided in this section to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a comprehensive description of the health and safety issues to be addressed, a detailed description of the remedy, including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Grants may be used for, but are not limited to: Repair or replacement of failing building systems; abatement of potentially hazardous materials; and safety-related structural improvements.

(3) \$1,000,000 of the state building construction account—state appropriation is provided solely for equal access grants for facility repairs and alterations at K-12 public schools, including skills centers, to improve compliance with the Americans with disabilities act and individuals with disabilities education act, and this is the maximum amount that may be spent for this purpose.

The superintendent of public instruction shall develop criteria and assurances for providing funding for specific projects through a competitive grant program. The criteria and assurances must include, but are not limited to, the following: (a) Limiting districts to one grant, not to exceed \$100,000, per three-year period; (b) prioritizing applications based on limited school district financial resources for the project; and (c) requiring recipient districts to demonstrate a consistent commitment to addressing school facility needs. The grant applications must include a description of the Americans with disabilities act or individuals with disabilities education act compliance deficiency, a comprehensive description of the facility accessibility issues to be addressed, a detailed description of the remedy including a detailed cost estimate of the repair or replacement work to be performed, and identification of local funding, if any, which will be applied to the project. Priority for grant funding must be given to school districts that demonstrate a lack of capital resources to address the compliance deficiencies outlined in the grant application.

(4) The superintendent of public instruction must notify the office of financial management, the legislative evaluation and accountability program committee, the house capital budget committee, and the senate ways and means committee as projects described in subsection (1) of this section are approved for funding.

2019-21 Small District Modernization Grants (92000139)

The appropriation in this section is subject to the following conditions and limitations:

(1) The legislature finds that small school districts with total enrollments of one thousand students or less may have school facilities with significant building systems deficiencies and low property values, and that raising enough funds to participate in the school construction assistance program to replace or modernize their school facilities would present an extraordinary tax burden on property owners or would exceed allowable debt.

(2) \$200,000 of the appropriation is provided solely for the office of the superintendent of public instruction to administer the grant program and provide technical assistance to small school districts seeking grants funded in this section.

(3) \$1,000,000 of the appropriation is provided solely for planning grants for small school districts interested in seeking modernization grants in subsection (4) of this section. The superintendent may prioritize planning grants for school districts with the most serious building deficiencies and the most limited financial capacity. Planning grants may not exceed \$50,000 per district.

(4) The remaining portion of the appropriation is provided solely for modernization grants for small school districts with significant building system deficiencies and limited financial capacity with the following conditions:

(a) The superintendent of public instruction must appoint an advisory committee whose members have experience in financing and managing school facilities in small school districts to assist the office in designing the grant application process, developing the prioritization criteria, and evaluating the grant applications. Advisory committee members may not be involved in developing projects or applying for grants funded in this section.

(b) In addition to prioritization criteria developed by the office of the superintendent of public instruction and the advisory committee pursuant to (4)(a) of this section, the office and the advisory committee must also prioritize projects that: (i) Improve student health, safety, and academic performance for the largest number of students; (ii) provide the most available school district resources, including in-kind resources; and (iii) make use of mass-timber products, including cross-laminated timber, or aggregates and concretes materials.

(c) The superintendent must submit a list of small school district modernization projects, as prioritized by the advisory committee, to the legislature by January 15, 2020. The list must include: (i) A description of the project; (ii) the proposed state

funding level, not to exceed \$5,000,000; (iii) estimated total project costs; and (iv) local funding resources. The appropriated funds in this subsection may be awarded only after the legislature approves the list.

(5) For projects in this section that are also eligible for funding through the school construction assistance program, the office of the superintendent of public instruction must expedite and streamline the administrative requirements, timelines, and matching requirements for the funds provided in this section to be used promptly. Funds provided in this section plus state funds provided in the school construction assistance program grant must not exceed total project costs minus available local resources.

(2) \$10,500,000 of the appropriation in this section is provided solely for classroom additions at Madison middle school in Seattle public schools.

(3) \$3,100,000 of the appropriation in this section is provided solely for heating and ventilation upgrades at North Beach elementary school in Seattle public schools.

(4) The remaining portion of the appropriation is provided solely for competitive grants for modular classrooms made with mass timber products, including cross-laminated timber, for the purpose of replacing portables in school districts with space challenges due to unavailable land for new school facilities to accommodate enrollment growth or with an overdependent use of portables to provide classroom space. The grants are subject to the following conditions and limitations:

(a) School districts are responsible for the costs of site preparation; required permits; delivery and installation of the modular classrooms; furnishings, fixtures, and equipment; utility connections; and any other infrastructure costs related to the modular classrooms;

(b) The office of the superintendent of public instruction must prioritize projects based on the following criteria in the following order:

(i) School districts with high ratios of portable classrooms to permanent classrooms;

(ii) School districts with low acreage of land available for new construction;

(iii) Projects that achieve lowest cost per classroom with highest percentage of mass timber products in the overall construction of the project; and

health professionals required to staff psychiatric inpatient facilities, including psychiatrists, psychologists, nurses and other health care professionals. The agreement must also identify opportunities for coordination between the parties to expand access to clinical skill development and training opportunities in the region and strategies for collaborative service delivery between the parties when possible. To objectively evaluate the efficacy of the strategies implemented to achieve the desired outcomes of the agreement, performance measures and targets must be established to include:

(b) MultiCare-Franciscan and the department of social and health services must work collaboratively to decrease vacancy rates for hard-to-recruit health care professionals employed by each facility. The parties must measure the success of these strategies by the decrease in vacancy rate for health care professionals necessary to provide safe, quality inpatient psychiatric care in MultiCare-Franciscan and department facilities following the first year as the baseline of the partnership/consortium and with updated goals for each subsequent year. MultiCare-Franciscan and the department of social and health services must work to increase the competency and skills of health care professionals across both facilities by establishing organized joint- and cross-training programs. The parties must measure the success of this strategy by the number of health care professionals in total and by discipline complete cross-training activities and by the number and hours of cross-training opportunities offered under the agreement.

(7) The department of commerce shall notify all applicants that they may be required to have a construction review performed by the department of health.

(8) To accommodate the emergent need for behavioral health services, the department of health and the department of commerce, in collaboration with the health care authority and the department of social and health services, shall establish a concurrent and expedited process to assist grant applicants in meeting any applicable regulatory requirements necessary to operate inpatient psychiatric beds, free-standing evaluation and treatment facilities, enhanced services facilities, triage facilities, crisis stabilization facilities, detox, or secure detox.

(9) The department must strive to allocate all of the amounts appropriated within subsection (3) of this section in the manner prescribed. Sec. 6023. 2018 c 2 s 4002 (uncodified) is amended to read as follows:

FOR THE DEPARTMENT OF TRANSPORTATION
Aviation Revitalization Loans (92000003)

The appropriation in this section is subject to the following conditions and limitations:

~~((1) This appropriation is provided solely for deposit into the public use general aviation airport loan revolving account created in section 7028 of this act for direct loans to political subdivisions of the state and privately owned airports for the purpose of improvements at public use airports that primarily support general aviation activities.~~

~~(2) The department must convene a community aviation revitalization board to develop criteria for selecting loan recipients, to develop a process for evaluating applications, and to make decisions. The board must consist of the capital budget chair and ranking minority member of the capital budget committee of the house of representatives and the senate ways and means committee, and a representative from both the department of transportation's aviation division and the department of commerce. The board must also consist of the following members appointed by the secretary of transportation: One port district official, one county official, one city official, one representative of airport managers, and one representative of pilots. The chair of the board must be selected by the secretary of transportation. The members of the board must elect one of their members to serve as vice chair. The director of commerce and the secretary of transportation must serve as nonvoting advisory members of the board.~~

~~(3) The board may provide loans to privately owned airports for the purpose of airport improvements only if the state is receiving commensurate public benefit, such as guaranteed long-term public access to the airport as a condition of the loan. For purposes of this subsection, "public use airports that primarily support general aviation activities" means all public use airports not listed as having more than fifty thousand annual commercial air service passenger enplanements as published by the federal aviation administration.~~

~~(4) An application for loan funds under this section must be made in the form and manner as the board may prescribe. When evaluating loan applications, the board must prioritize applications that provide conclusive justification that completion of the loan application project will create revenue-generating opportunities. The board is not limited to, but must also use, the following expected outcome conditions when evaluating loan applications:~~

~~(a) A specific private development or expansion is ready to occur and will occur only if the aviation facility improvement is made;~~

~~(b) The loan application project results in the creation of jobs or private sector capital investment as determined by the board;~~

~~(c) The loan application project improves opportunities for the successful maintenance, operation, or expansion of an airport or adjacent airport business park;~~

~~(d) The loan application project results in the creation or retention of long-term economic opportunities; and~~

~~(e) The loan application project results in leveraging additional federal funding for an airport.~~

~~(5) The repayment of any loan made from the public use general aviation airport loan revolving account under the contracts for aviation loans must be paid into the public use general aviation airport loan revolving account.) (1)(a) The department of transportation must convene a community aviation revitalization board to exercise the powers granted under this section.~~

(b) The board must consist of a representative from the department of transportation's aviation division, the public works board, and a nonlegislative member of the community economic revitalization board. The board must also consist of the following members appointed by the secretary of transportation: One port district official, one county official, one city official, one representative of airport managers, and one representative of a general aviation pilots organization within Washington that has an active membership and established location, chapter, or appointed representative within Washington. The appointive members must initially be appointed to terms as follows: Two members for two-year terms, and three members for three-year terms which must include the chair. Thereafter, each succeeding term must be for three years. The chair of the board must be selected by the secretary of transportation. The members of the board must elect one of their members to serve as vice chair.

(c) Management services, including fiscal and contract services, must be provided by the department of transportation to assist the board in implementing this section.

(d) If a vacancy occurs by death, resignation, or otherwise of appointive members of the board, the secretary of transportation must fill the vacancy for the unexpired term. Members of the board may be removed for malfeasance or misfeasance in office, upon specific written charges by the secretary of transportation, under chapter 34.05 RCW.

(e) A member appointed by the secretary of transportation may not be absent from more than fifty percent of the regularly scheduled meetings in any one calendar year. Any member who exceeds this absence limitation is deemed to have withdrawn from the office and may be replaced by the secretary of transportation.

(f) A majority of members currently appointed constitutes a quorum.

(g) The board must meet three times a year or as deemed necessary by the department of transportation.

(h) Staff support to the board must be provided by the department of transportation as needed.

(2) In addition to other applicable provisions of law pertaining to conflicts of interest of public officials, any community aviation revitalization board member, appointive or otherwise, may not participate in any decision on any board contract in which the board member has any interests, direct or indirect, with any firm, partnership, corporation, or association that would be the recipient of any aid under this section. If such participation occurs, the board must void the transaction and the involved member is subject to further sanctions as provided by law. The

board must adopt a code of ethics for its members, which must be designed to protect the state and its citizens from any unethical conduct by the board.

- (3) The community aviation revitalization board may:
 - (a) Adopt bylaws for the regulation of its affairs and the conduct of its business;
 - (b) Adopt an official seal and alter the seal at its pleasure;
 - (c) Utilize the services of other governmental agencies;
 - (d) Accept from any federal agency loans or grants for the planning or financing of any project and enter into an agreement with the agency respecting the loans or grants;
 - (e) Conduct examinations and investigations and take testimony at public hearings of any matter material for its information that will assist in determinations related to the exercise of the board's lawful powers;
 - (f) Accept any gifts, grants, loans of funds, property, or financial or other aid in any form from any other source on any terms and conditions that are not in conflict with this section;
 - (g) Enter into agreements or other transactions with and accept grants and the cooperation of any governmental agency in furtherance of this section;
 - (h) Adopt rules under chapter 34.05 RCW as necessary to carry out the purposes of this section; and
 - (i) Perform all acts and things necessary or convenient to carry out the powers expressly granted or implied under this section.
- (4)(a) The community aviation revitalization board may make direct loans to airport sponsors of public use airports in the state for the purpose of airport improvements that primarily support general aviation activities. The board may provide loans for the purpose of airport improvements only if the state is receiving commensurate public benefit, which must include, as a condition of the loan, a commitment to provide public access to the airport for a period of time equivalent to one and one-half times the term of the loan. For purposes of this subsection, "public use airports" means all public use airports not listed as having more than seventy-five thousand annual commercial air service passenger enplanements as published by the federal aviation administration.
- (b) An application for loan funds under this section must be made in the form and manner as the board may prescribe. When evaluating loan applications, the board must prioritize applications that provide conclusive justification that completion of the loan application project will create revenue generating opportunities. The board is not limited to, but must also use, the following expected outcome conditions when evaluating loan applications:
 - (i) A specific private development or expansion is ready to occur and will occur only if the aviation facility improvement is made;
 - (ii) The loan application project results in the creation of jobs or private sector capital investment as determined by the board;
 - (iii) The loan application project improves opportunities for the successful maintenance, operation, or expansion of an airport or adjacent airport business park;
 - (iv) The loan application project results in the creation or retention of long-term economic opportunities; and
 - (v) The loan application project results in leveraging additional federal funding for an airport.
- (c)(i) If the board chooses to require a local match, the board must develop guidelines for local participation and allowable match and activities.
 - (ii) An application must:
 - (A) Be supported by the port district, city, or county in which the project is located; or
 - (B) Clearly identify the source of funds intended to repay the loan.

(5) The public use general aviation airport loan program, when authorized by the community aviation revitalization board, is subject to the following conditions:

- (a) The moneys in the public use general aviation airport loan revolving account created in section 7037 of this act must be used only to fulfill commitments arising from loans authorized in this section. The total outstanding amount that the board must dispende at any time pursuant to this section must not exceed the moneys available from the account.
- (b) On contracts made for public use general aviation airport loans, the board must determine the interest rate that loans must bear. The interest rate must not exceed the amount needed to cover the administrative expenses of the board and the loan program. The board may provide reasonable terms and conditions for the repayment of loans, with the repayment of a loan to begin no later than three years after the award date of the loan. The loans must not exceed twenty years in duration.
- (c) The repayment of any loan made from the public use general aviation airport loan revolving account under the contracts for aviation loans must be paid into the public use general aviation airport loan revolving account.
- (6) All receipts from moneys collected under this section must be deposited into the public use general aviation airport loan revolving account created in section 7037 of this act.

To ensure that the total cost of a project is accounted for and the most

reasonable and cost efficient design is used, agencies shall develop life-cycle costs for any construction project over \$10,000,000. The life-cycle costs must represent the present value sum of capital costs, installation costs, operating costs, and maintenance costs over the life expectancy of the project. The legislature further finds the most effective approach to the life-cycle cost analysis is to integrate it into the early part of the design process.

(2) Agencies must develop a minimum of three project alternatives for use in the life-cycle cost analysis. These alternatives must be both distinctly different and viable solutions to the issue being addressed. The chosen alternative must be the most reasonable and cost-effective solution. A brief description of each project alternative and why it was chosen must be included in the life-cycle cost analysis section of the predesign.

(3) The office of financial management shall: (a) Make available a life-cycle cost model to be used for analysis; (b) in consultation with the department of enterprise services, provide assistance in using the life-cycle cost model; and (c) update the life-cycle cost model annually including assumptions for inflation rates, discount rates, and energy rates.

(4) Agencies shall consider architectural and engineering firms' and general contractors' experience using life-cycle costs, operating costs, and energy efficiency measures when selecting an architectural and engineering firm, or when selecting contractors using alternative contracting methods.

NEW SECTION. Sec. 7005. Agencies administering construction projects with a total anticipated cost in excess of \$5,000,000, or \$10,000,000 for higher education institutions, must submit progress reports to the office of financial management and to the fiscal committees of the house of representatives and senate. "Total anticipated cost" means the sum of the anticipated cost of the predesign, design, and construction phases of the project. Reports must be submitted on July 1st and December 31st of each year in a format determined by the office of financial management. After the project is completed, agencies must also submit a closeout report that identifies the total project cost and any unspent appropriations.

NEW SECTION. Sec. 7006. (1) Allotments for appropriations in this act shall be provided in accordance with the capital project review requirements adopted by the office of financial management and in compliance with RCW 43.88.110. Projects that will be employing alternative public works construction procedures under chapter 39.10 RCW are subject to the allotment procedures defined in this section and RCW 43.88.110.

(2) Each project is defined as proposed in the legislative budget notes or in the governor's budget document.

NEW SECTION. Sec. 7007. (1) The office of financial management may authorize a transfer of appropriation authority provided for a capital project that is in excess of the amount required for the completion of such project to another capital project for which the appropriation is insufficient. No such transfer may be used to expand the capacity of any facility beyond that intended in making the appropriation. Such transfers may be effected only between capital appropriations to a specific department, commission, agency, or institution of higher education and only between capital projects that are funded from the same fund or account. No transfers may occur between projects to local government agencies except where the grants are provided within a single omnibus appropriation and where such transfers are specifically authorized by the implementing statutes that govern the grants. However, the office of financial management may transfer funds from the emergency repair pool

to supplement the western state hospital wards renovations for forensic services project in section 2035 of this act if bids exceed the project appropriation.

(2) The office of financial management may find that an amount is in excess of the amount required for the completion of a project only if: (a) The project as defined in the notes to the budget document is substantially complete and there are funds remaining; or (b) bids have been let on a project and it appears to a substantial certainty that the project as defined in the notes to the budget document can be completed within the biennium for less than the amount appropriated in this act.

(3) For the purposes of this section, the intent is that each project be defined as proposed to the legislature in the governor's budget document, unless it clearly appears from the legislative history that the legislature intended to define the scope of a project in a different way.

(4) A report of any transfer effected under this section, except emergency projects or any transfer under \$250,000, shall be filed with the legislative fiscal committees of the senate and house of representatives by the office of financial management at least thirty days before the date the transfer is effected. The office of financial management shall report all emergency or smaller transfers within thirty days from the date of transfer. However, the office of financial management may effect one or more transfers to supplement the western state hospital wards renovations for forensic services project in section 2035 of this act without waiting thirty days for fiscal committee response.

NEW SECTION. Sec. 7008. (1) It is expected that projects be ready to proceed in a timely manner depending on the type or phase of the project or program that is the subject of the appropriation in this act. Except for major projects that customarily may take more than two biennia to complete from predesign to the end of construction, or large infrastructure grant or loan programs supporting projects that often take more than two biennia to complete, the legislature generally does not intend to reappropriate funds more than once, particularly for smaller grant programs, local/community projects, and minor works.

(2) Agencies shall expedite the expenditure of reappropriations and appropriations in this act in order to: (a) Rehabilitate infrastructure resources; (b) accelerate environmental rehabilitation and restoration projects for the improvement of the state's natural environment; (c) reduce additional costs associated with acquisition and construction inflationary pressures; and (d) provide additional employment opportunities associated with capital expenditures.

(3) To the extent feasible, agencies are directed to accelerate expenditure rates at their current level of permanent employees and shall use contracted design and construction services wherever necessary to meet the goals of this section.

NEW SECTION. Sec. 7009. (1) Any building project that receives over \$10,000,000 in funding from the capital budget must be built to sustainable standards. "Sustainable building" means a building that integrates and optimizes all major high-performance building attributes, including energy efficiency, durability, life-cycle performance, and occupant productivity. The following design and construction attributes must be integrated into the building project:

(a) Employ integrated design principles: Use a collaborative, integrated planning and design process that initiates and maintains an integrated project team in all stages of a project's planning and delivery. Establish performance goals for siting, energy, water, materials, and indoor environmental quality along with other comprehensive design goals and ensures incorporation of these goals throughout the design and life-cycle of the building.

ONE HUNDRED FOURTH DAY, APRIL 27, 2019

2019 REGULAR SESSION

Consider all stages of the building's life-cycle, including deconstruction.

(b) Commissioning: Employ commissioning practices tailored to the size and complexity of the building and its system components in order to verify performance of building components and systems and help ensure that design requirements are met. This should include an experienced commissioning provider, inclusion of commissioning requirements in construction documents, a commissioning plan, verification of the installation and performance of systems to be commissioned, and a commissioning report.

(c) Optimize energy performance: Establish a whole building performance target that takes into account the intended use, occupancy, operations, plug loads, other energy demands, and design to earn the ENERGY STAR targets for new construction and major renovation where applicable. For new construction target low energy use index. For major renovations, target reducing energy use by fifty percent below prerenovations baseline.

(d) On-site renewable energy: Meet at least thirty percent of the hot water demand through the installation of solar hot water heaters, when life-cycle cost effective. Implement renewable energy generation projects on agency property for agency use, when life-cycle cost effective.

(e) Measurement and verification: Where appropriate, install building level electricity meters in new major construction and renovation projects to track and continuously optimize performance. Include equivalent meters for natural gas and steam, where natural gas and steam are used. Where appropriate, install dashboards inside buildings to display and incentivize occupants on energy use.

(f) Benchmarking: Compare performance data from the first year of operation with the energy design target. Verify that the building performance meets or exceeds the design target. For other building and space types, use an equivalent benchmarking tool.

NEW SECTION. Sec. 7010. State agencies, including institutions of higher education, shall allot and report full-time equivalent staff for capital projects in a manner comparable to staff reporting for operating expenditures.

NEW SECTION. Sec. 7011. Executive Order No. 05-05, archaeological and cultural resources, was issued effective November 10, 2005. Agencies shall comply with the requirements set forth in this executive order.

NEW SECTION. Sec. 7012. FOR THE ARTS COMMISSION—ART WORK ALLOWANCE. (1) One-half of one percent of moneys appropriated in this act for original construction of school plant facilities is provided solely for the purposes of RCW 28A.335.210.

(2) One-half of one percent of moneys appropriated in this act for original construction or any major renovation or remodel work exceeding \$200,000 by colleges or universities is provided solely for the purposes of RCW 28B.10.027.

(3) One-half of one percent of moneys appropriated in this act for original construction of any public building by a state agency identified in RCW 43.17.200 is provided solely for the purposes of RCW 43.17.200.

(4) At least eighty percent of the moneys spent by the Washington state arts commission during the 2019-2021 biennium for the purposes of RCW 28A.335.210, 28B.10.027, and 43.17.200 must be expended solely for direct acquisition of works of art. Art allocations not expended within the ensuing two biennia will lapse. The commission may use up to \$200,000 of

this amount to conserve or maintain existing pieces in the state art collection.

NEW SECTION. Sec. 7013. To carry out the provisions of this act, the governor may assign responsibility for predesign, design, construction, and other related activities to any appropriate agency.

NEW SECTION. Sec. 7014. If any federal moneys appropriated by this act for capital projects are not received by the state, the department or agency to which the moneys were appropriated may replace the federal moneys with funds available from private or local sources. No replacement may occur under this section without the prior approval of the director of financial management in consultation with the senate ways and means committee and the house of representatives capital budget committee.

NEW SECTION. Sec. 7015. (1) Unless otherwise stated, for all appropriations under this act that require a match of nonstate money or in-kind contributions, the following requirement, consistent with RCW 43.88.150, shall apply: Expenditures of state money shall be timed so that the state share of project expenditures never exceeds the intended state share of total project costs.

(2) Provision of the full amount of required matching funds is not required to permit the expenditure of capital budget appropriations for phased projects if a proportional amount of the required matching funds is provided for each distinct, identifiable phase of the project.

NEW SECTION. Sec. 7016. NONTAXABLE AND TAXABLE BOND PROCEEDS. Portions of the appropriation authority granted by this act from the state building construction account, or any other account receiving bond proceeds, may be transferred to the state taxable building construction account as deemed necessary by the state finance committee to comply with the federal internal revenue service rules and regulations pertaining to the use of nontaxable bond proceeds. Portions of the general obligation bond proceeds authorized by chapter . . . , Laws of 2019, (Substitute House Bill No. 1101, the general obligation bond bill) for deposit into the state taxable building construction account that are in excess of amounts required to comply with the federal internal revenue service rules and regulations shall be deposited into the state building construction account. The state treasurer shall submit written notification to the director of financial management if it is determined that a shift of appropriation authority between the state building construction account, or any other account receiving bond proceeds, and the state taxable building construction account is necessary, or that a shift of appropriation authority from the state taxable building construction account to the state building construction account may be made.

NEW SECTION. Sec. 7017. (1) Minor works project lists are single line appropriations that include multiple projects of a similar nature and that are valued between \$25,000 and \$1,000,000 each, with the exception of higher education minor works projects that may be valued up to \$2,000,000. Funds appropriated in this act for minor works may not be initially allotted until agencies submit project lists to the office of financial management for review and approval.

(2) Revisions to the project lists, including the addition of projects and the transfer of funds between projects, are allowed but must be submitted to the office of financial management, the house of representatives capital budget committee, and the senate ways and means committee for review and comment, and must

include an explanation of variances from prior lists. Any project list revisions must be approved by the office of financial management before funds may be expended from the minor works appropriation.

(3)(a) All minor works projects should be completed within two years of the appropriation with the funding provided.

(b) Agencies are prohibited from including projects on their minor works lists that are a phase of a larger project, and that if combined over a continuous period of time, would exceed \$1,000,000, or \$2,000,000 for higher education minor works projects.

(c) Minor works appropriations may not be used for the following: Studies, except for technical or engineering reviews or designs that lead directly to and support a project on the same minor works list; planning; design outside the scope of work on a minor works list; movable, temporary, and traditionally funded operating equipment not in compliance with the equipment criteria established by the office of financial management; software not dedicated to control of a specialized system; moving expenses; land or facility acquisition; rolling stock; computers; or to supplement funding for projects with funding shortfalls unless expressly authorized. The office of financial management may make an exception to the limitations described in this subsection (3)(c) for exigent circumstances after notifying the legislative fiscal committees and waiting ten days for comments by the legislature regarding the proposed exception.

(d) Minor works preservation projects may include program improvements of no more than twenty-five percent of the individual minor works preservation project cost.

(e) Improvements for accessibility in compliance with the Americans with disabilities act may be included in any of the minor works categories.

NEW SECTION. Sec. 7018. FOR THE STATE TREASURER—TRANSFERS

\$16,000,000

(b) If Engrossed Substitute Senate Bill No. 5993 is enacted by June 30, 2019, then the treasurer must make this transfer from the model toxics control stormwater account, rather than the local toxics control account.

NEW SECTION. Sec. 7019. The department of ecology, in consultation with the department of revenue and the department of transportation, must review its enforcement of the application of the hazardous substance tax to aviation fuels, and develop and

submit recommendations to the appropriate legislative committees before the 2020 legislative session regarding application of state and local taxes, including specifically the hazardous substance tax under chapter 82.21 RCW, to aviation fuels in light of federal restrictions on the proceeds of such taxes.

NEW SECTION. Sec. 7020. To the extent that any appropriation authorizes expenditures of state funds from the state building construction account, or from any other capital project account in the state treasury, for a capital project or program that is specified to be funded with proceeds from the sale of bonds, the legislature declares that any such expenditures for that project or program made prior to the issue date of the applicable bonds are intended to be reimbursed from proceeds of those bonds in a maximum amount equal to the amount of such appropriation.

NEW SECTION. Sec. 7021. (1) The department of enterprise services, in consultation with the office of financial management, is granted the authority to sell the real property known as the Tacoma Rhodes complex. The property consists of the Broadway building, Market building, and parking garage.

(2) The department may negotiate a sale with the city of Tacoma for less than fair market value, but the purchase price must cover appraisal costs, all debt service, all closing costs, all financing contracts, and the cost of outstanding liabilities necessary to keep the department whole.

(3) If the department and the city of Tacoma are unable to negotiate agreed upon terms and execute a purchase and sale agreement by December 31, 2019, the department may sell the property to any purchaser for no less than fair market value.

(4) The terms and conditions of the sale must meet the business needs of the state tenants.

(5) Any sale proceeds remaining after the department has satisfied all of the obligations, including appraisal costs, all debt service, all closing costs, all financing contracts, and the cost of outstanding liabilities, must be deposited into the Thurston county capital facilities account.

NEW SECTION. Sec. 7022. (1) The department of natural resources must conduct an asset valuation of state lands and state forestlands held in trust and managed by the department. The analysis required in subsections (3) and (4) of this section may be provided through contracted services.

(2) The department must describe all trust lands, by trust, including timber lands, agricultural lands, commercial lands, and other lands, and identify revenues from leases or other sources for those lands. The department must briefly describe the income from these trust lands, and potential enhancements to income, including intergenerational income, from the asset bases of these trusts.

(3) The analysis must estimate the current fair market value of these lands for each trust beneficiary, including the separate beneficiaries of state lands as defined in RCW 79.02.010, and the beneficiaries of state forestlands as specified in chapter 79.22 RCW. The estimation of current fair market values must specify the values by the various asset classes including, but not limited to, the following asset classes: Timber lands; irrigated agriculture; dryland agriculture, including grazing lands; commercial real estate; mining; and other income production. The analysis must also estimate the value of ecosystem services and recreation benefits for asset classes that produce these benefits. The legislature encourages the department and its contractors to develop methods and tools to allow tracking of the estimated fair market values over time.

(4) For each of the different asset classes and for each of the various trusts, the analysis must calculate the average annual

gross and net income as a percentage of estimated current asset value.

(5) The department must provide a progress report to the legislature by December 1, 2019, which may include any initial recommendations. The final report must be submitted by June 30, 2020, and must include options to:

- (a) Improve the net rates of return on different classes of assets;
- (b) Increase the reliability of, and enhance if possible, revenue for trust beneficiaries; and
- (c) Present and explain factors that either (i) define, (ii) constrict, or (iii) define and constrict the department's management practices and revenue production. The factors to be considered include, but are not limited to, statutory, constitutional, operational, and social factors.

Sec. 7029. RCW 28B.77.070 and 2018 c 298 s 7014 are each amended to read as follows:

(1) The council shall identify budget priorities and levels of funding for higher education, including the two and four-year institutions of higher education and state financial aid programs. It is the intent of the legislature for the council to make budget recommendations for allocations for major policy changes in accordance with priorities set forth in the ten-year plan, but the legislature does not intend for the council to review and make recommendations on individual institutional budgets. It is the intent of the legislature that recommendations from the council prioritize funding needs for the overall system of higher education in accordance with priorities set forth in the ten-year plan. It is also the intent of the legislature that the council's recommendations take into consideration the total per-student funding at similar public institutions of higher education in the global challenge states.

(2) By December of each odd-numbered year, the council shall outline the council's fiscal priorities under the ten-year plan that it must distribute to the institutions, the state board for community and technical colleges, the office of financial management, and the joint higher education committee.

(a) Capital budget outlines for the two-year institutions shall be submitted to the office of financial management by August 15th of each even-numbered year, and shall include the prioritized ranking of the capital projects being requested, a description of each capital project, and the amount and fund source being requested.

(b) Capital budget outlines for the four-year institutions must be submitted to the office of financial management by August 15th of each even-numbered year, and must include: The institutions' priority ranking of the project; the capital budget category within which the project will be submitted to the office of financial management in accordance with RCW 43.88D.010; a description of each capital project; and the amount and fund source being requested.

(c) The office of financial management shall reference these reporting requirements in its budget instructions.

(3) The council shall submit recommendations on the operating budget priorities to support the ten-year plan to the office of financial management by October 1st each year, and to the legislature by January 1st each year.

(4)(a) The office of financial management shall develop one prioritized list of capital projects for the legislature to consider that includes all of the projects requested by the four-year institutions of higher education that were scored by the office of financial management pursuant to chapter 43.88D RCW, including projects that were previously scored but not funded. The prioritized list of capital projects shall be based on the following priorities in the following order:

(i) Office of financial management scores pursuant to chapter 43.88D RCW;

(ii) Preserving assets;

(iii) Degree production; and

(iv) Maximizing efficient use of instructional space.

(b) The office of financial management shall include all of the capital projects requested by the four-year institutions of higher education, except for the minor works projects, in the prioritized list of capital projects provided to the legislature.

(c) The form of the prioritized list for capital projects requested by the four-year institutions of higher education shall be provided as one list, ranked in priority order with the highest priority project ranked number "1" through the lowest priority project numbered last. The ranking for the prioritized list of capital projects may not:

(i) Include subpriorities;

(ii) Be organized by category;

(iii) Assume any state bond or building account biennial funding level to prioritize the list; or

(iv) Assume any specific share of projects by institution in the priority list.

(5) Institutions and the state board for community and technical colleges shall submit any supplemental capital budget requests and revisions to the office of financial management by November 1st and to the legislature by January 1st.

(6) For the 2017-2019 fiscal biennium and the 2019-2021 fiscal biennium, pursuant to subsection (4) of this section, the office of financial management may, but is not obligated to, develop one prioritized list of capital projects for the legislature to consider that includes all of the projects requested by the four-year institutions of higher education that were scored by the office of financial management pursuant to chapter 43.88D RCW, including projects that were previously scored but not funded.

Sec. 7030. RCW 43.63A.125 and 2011 1st sp.s. c 48 s 7027 are each amended to read as follows:

(1) The department shall establish the building communities fund program. Under the program, capital and technical assistance grants may be made to nonprofit organizations for acquiring, constructing, or rehabilitating facilities used for the delivery of nonresidential community services, including social service centers and multipurpose community centers, including those serving a distinct or ethnic population. Such facilities must be located in a distressed community or serve a substantial number of low-income or disadvantaged persons.

(2) The department shall establish a competitive process to solicit, evaluate, and rank applications for the building communities fund program as follows:

(a) The department shall conduct a statewide solicitation of project applications from nonprofit organizations.

(b) The department shall evaluate and rank applications in consultation with a citizen advisory committee using objective criteria. To be considered qualified, applicants must demonstrate that the proposed project:

(i) Will increase the range, efficiency, or quality of the services provided to citizens;

(ii) Will be located in a distressed community or will serve a substantial number of low-income or disadvantaged persons;

(iii) Will offer three or more distinct activities that meet a single community service objective or offer a diverse set of activities that meet multiple community service objectives, including but not limited to: Providing social services; expanding employment opportunities for or increasing the employability of community residents; or offering educational or recreational opportunities separate from the public school system or private schools, as long as recreation is not the sole purpose of the facility;

(iv) Reflects a long-term vision for the development of the community, shared by residents, businesses, leaders, and partners;

(v) Requires state funding to accomplish a discrete, usable phase of the project;

(vi) Is ready to proceed and will make timely use of the funds;

(vii) Is sponsored by one or more entities that have the organizational and financial capacity to fulfill the terms of the grant agreement and to maintain the project into the future;

(viii) Fills an unmet need for community services;

(ix) Will achieve its stated objectives; and

(x) Is a community priority as shown through tangible commitments of existing or future assets made to the project by community residents, leaders, businesses, and government partners.

(c) The evaluation and ranking process shall also include an examination of existing assets that applicants may apply to projects. Grant assistance under this section shall not exceed twenty-five percent of the total cost of the project, except, under exceptional circumstances, the department may reduce the amount of nonstate match required. However, during the 2019-2021 biennium, the legislature may waive the match required for the projects specified in section 1009 of this act. No more than ten percent of the total granted amount may be awarded to qualified eligible projects that meet the definition of exceptional circumstances defined in this subsection. For purposes of this subsection, exceptional circumstances include but are not limited to: Natural disasters affecting projects; emergencies beyond an applicant's control, such as a fire or an unanticipated loss of a lease where services are currently provided; or a delay that could result in a threat to public health or safety. The nonstate portion of the total project cost may include cash, the value of real property when acquired solely for the purpose of the project, and in-kind contributions.

(d) The department may not set a monetary limit to funding requests.

(3) The department shall submit biennially to the governor and the legislature in the department's capital budget request a ranked list of the qualified eligible projects for which applications were received. The list must include a description of each project, its total cost, and the amount of state funding requested. The appropriate fiscal committees of the legislature shall use this list to determine building communities fund projects that may receive funding in the capital budget. The total amount of state capital funding available for all projects on the biennial list shall be determined by the capital budget beginning with the 2009-2011 biennium and thereafter. In addition, if cash funds have been appropriated, up to three million dollars may be used for technical assistance grants. The department shall not sign contracts or otherwise financially obligate funds under this section until the legislature has approved a specific list of projects.

(4) In addition to the list of ranked qualified eligible projects, the department shall submit to the appropriate fiscal committees of the legislature a summary report that describes the solicitation and evaluation processes, including but not limited to the number of applications received, the total amount of funding requested, issues encountered, if any, and any recommendations for process improvements.

(5) After the legislature has approved a specific list of projects in law, the department shall develop and manage appropriate contracts with the selected applicants; monitor project expenditures and grantee performance; report project and contract information; and exercise due diligence and other contract management responsibilities as required.

(6) In contracts for grants authorized under this section the department shall include provisions which require that capital improvements shall be held by the grantee for a specified period of time appropriate to the amount of the grant and that facilities shall be used for the express purpose of the grant. If the grantee is found to be out of compliance with provisions of the contract, the grantee shall repay to the state general fund the principal amount of the grant plus interest calculated at the rate of interest on state of Washington general obligation bonds issued most closely to the date of authorization of the grant.

(1) By October 1st of each even-numbered year, the office of financial management shall complete an objective analysis and scoring of all capital budget projects proposed by the public four-year institutions of higher education and submit the results of the scoring process to the legislative fiscal committees and the four-year institutions. Each project must be reviewed and scored within one of the following categories, according to the project's principal purpose. Each project may be scored in only one category. The categories are:

(a) Access-related projects to accommodate enrollment growth at all campuses, at existing or new university centers, or through distance learning. Growth projects should provide significant additional student capacity. Proposed projects must demonstrate that they are based on solid enrollment demand projections, more cost-effectively provide enrollment access than alternatives such as university centers and distance learning, and make cost-effective use of existing and proposed new space;

(b) Projects that replace failing permanent buildings. Facilities that cannot be economically renovated are considered replacement projects. New space may be programmed for the same or a different use than the space being replaced and may include additions to improve access and enhance the relationship of program or support space;

(c) Projects that renovate facilities to restore building life and upgrade space to meet current program requirements. Renovation projects should represent a complete renovation of a total facility or an isolated wing of a facility. A reasonable renovation project should cost between sixty to eighty percent of current replacement value and restore the renovated area to at least twenty-five years of useful life. New space may be programmed for the same or a different use than the space being renovated and may include additions to improve access and enhance the relationship of program or support space;

(d) Major stand-alone campus infrastructure projects;

(e) Projects that promote economic growth and innovation through expanded research activity. The acquisition and installation of specialized equipment is authorized under this category; and

(f) Other project categories as determined by the office of financial management in consultation with the legislative fiscal committees.

(2) The office of financial management, in consultation with the legislative fiscal committees, shall establish a scoring system and process for each four-year project category that is based on the framework used in the community and technical college system of prioritization. Staff from the state board for community and technical colleges and the four-year institutions shall provide technical assistance on the development of a scoring system and process.

(3) The office of financial management shall consult with the legislative fiscal committees in the scoring of four-year institution project proposals, and may also solicit participation by independent experts.

(a) For each four-year project category, the scoring system must, at a minimum, include an evaluation of enrollment trends, reasonableness of cost, the ability of the project to enhance

specific strategic master plan goals, age and condition of the facility if applicable, and impact on space utilization.

(b) Each four-year project category may include projects at the predesign, design, or construction funding phase.

(c) To the extent possible, the objective analysis and scoring system of all capital budget projects shall occur within the context of any and all performance agreements between the office of financial management and the governing board of a public, four-year institution of higher education that aligns goals, priorities, desired outcomes, flexibility, institutional mission, accountability, and levels of resources.

(4) In evaluating and scoring four-year institution projects, the office of financial management shall take into consideration project schedules that result in realistic, balanced, and predictable expenditure patterns over the ensuing three biennia.

(5) The office of financial management shall distribute common definitions, the scoring system, and other information required for the project proposal and scoring process as part of its biennial budget instructions. The office of financial management, in consultation with the legislative fiscal committees, shall develop common definitions that four-year institutions must use in developing their project proposals and lists under this section.

(6) In developing any scoring system for capital projects proposed by the four-year institutions, the office of financial management:

(7) By August 1st of each even-numbered year each public four-year higher education institution shall prepare and submit prioritized lists of the individual projects proposed by the institution for the ensuing six-year period in each category. The lists must be submitted to the office of financial management and the legislative fiscal committees. The four-year institutions may aggregate minor works project proposals by primary purpose for ranking purposes. Proposed minor works projects must be prioritized within the aggregated proposal, and supporting documentation, including project descriptions and cost estimates, must be provided to the office of financial management and the legislative fiscal committees.

(8) For the 2017-2019 fiscal biennium and the 2019-2021 fiscal biennium, pursuant to subsection (1) of this section, by November 1, ~~((2018))~~ 2020, the office of financial management must score higher education capital project criteria with a rating scale that assesses how well a particular project satisfies those criteria. The office of financial management may not use a rating scale that weighs the importance of those criteria.

(9) For the 2017-2019 fiscal biennium and the 2019-2021 fiscal biennium, pursuant to subsection (6)(a) of this section and in lieu of the requirements of subsection (7) of this section, by August 15, ~~((2018))~~ 2020, the institutions of higher education shall prepare and submit or resubmit to the office of financial management and the legislative fiscal committees:

"NEW SECTION. Sec. 1. In 1995, the legislature enacted a business and occupation tax rate for persons providing international investment management services. The legislature finds that the original intent of this tax rate was to reduce a competitive disadvantage for a limited number of firms providing international investment management services. The fiscal note for the bill stated that "only a very limited taxpayer group would benefit from the reduced rate." The legislature further finds that as a result of the adoption of economic nexus; a single factor, market-based apportionment methodology; and significant ambiguity in the statute governing the qualifications for the tax rate; a much larger number of businesses are claiming the tax rate than was contemplated in 1995. Therefore, the legislature intends in sections 2 and 3 of this act to clarify the scope of activities and persons eligible for the tax rate to more closely align with the legislature's original intent.

Excused: Senators Conway, Mullet and Sheldon

Sec. 2. RCW 82.04.290 and 2014 c 97 s 404 are each amended to read as follows:

MOTION

At 5:15 a.m., on motion of Senator Liias, the Senate was declared to be at ease subject to the call of the President.

MORNING SESSION

The Senate was called to order at 11:54 a.m. by the Acting President Pro Tempore, Senator Hasegawa presiding.

(1) Upon every person engaging within this state in the business of providing qualifying international investment management services, as to such persons, the amount of tax with respect to such business is equal to the gross income or gross proceeds of sales of the business multiplied by a rate of 0.275 percent.

MOTION

On motion of Senator Liias, the Senate reverted to the fourth order of business.

(2)(a) Upon every person engaging within this state in any business activity other than or in addition to an activity taxed explicitly under another section in this chapter or subsection (1) or (3) of this section; as to such persons the amount of tax on account of such activities is equal to the gross income of the business multiplied by the rate of 1.5 percent.

MESSAGES FROM THE HOUSE

April 27, 2019

MR. PRESIDENT:

The value of advertising, demonstration, and promotional supplies and materials furnished to an agent by his or her principal or supplier to be used for informational, educational, and promotional purposes is not considered a part of the agent's remuneration or commission and is not subject to taxation under this section.

~~(6) The department must assess interest, but not penalties, on the amounts due under this section. The interest must be assessed at the rate provided for delinquent excise taxes under chapter 82.32 RCW and accrue until the taxes for which a tax preference has been used are repaid.~~

NEW SECTION. Sec. 4. (1) The legislature finds that a strong financial cluster is critical to the economic health of Washington state. The legislature further finds that anchor institutions are key to growing a strong financial cluster, including international investment management firms. Therefore, the legislature finds that maintaining a competitive tax policy in Washington state enables the state to maintain its anchor investment management firms.

(2) The legislature finds that standard financial information has not historically been subject to sales tax. In 2007 the legislature clarified that sales tax does not apply to electronically delivered standard financial information purchased by investment management companies or financial institutions. In 2013, the legislature provided clarification by passing a sales and use tax exemption for standard financial information purchased by investment management companies.

ONE HUNDRED FIFTH DAY, APRIL 28, 2019

2019 REGULAR SESSION

(3) The legislature further finds that taxation of such standard financial information would be uncompetitive and inconsistent with the fundamental structure of sales tax as a tax on retail transactions. Therefore, it is the legislature's intent to conform with a previously determined policy objective of exempting certain standard financial information purchased by investment management companies from sales and use tax in order to improve industry competitiveness.

NEW SECTION. Sec. 5. (1) This section is the tax preference performance statement for the tax preferences contained in sections 6 and 7, chapter . . . , Laws of 2019 (sections 6 and 7 of this act). This performance statement is only intended to be used for subsequent evaluation of the tax preferences. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(2) The legislature categorizes these tax preferences as ones intended to improve industry competitiveness, as indicated in RCW 82.32.808(2)(b) and to reduce structural inefficiencies in the tax structure as indicated in RCW 82.32.808(2)(d).

(3) It is the legislature's specific public policy objective to maintain a viable financial cluster. It is the legislature's intent to exempt sales and use taxes on sales of standard financial information to qualifying international investment management companies, in order to maintain the presence of at least one international investment management services firm headquartered in Washington state with at least two hundred billion dollars of assets under management.

(4) If a review finds that there is at least one international investment management services firm with at least two hundred billion dollars of assets under management headquartered in Washington state, then the legislature intends to extend the expiration date of the tax preferences.

Sec. 6. RCW 82.08.207 and 2013 2nd sp.s. c 13 s 702 are each amended to read as follows:

(1) The tax imposed by RCW 82.08.020 does not apply to sales of standard financial information to qualifying international investment management companies or persons affiliated with a qualifying international investment management company. The exemption provided in this section applies regardless of whether the standard financial information is provided to the buyer in a tangible format or on a tangible storage medium or as a digital product transferred electronically.

(2) Sellers making tax-exempt sales under this section must obtain an exemption certificate from the buyer in a form and manner prescribed by the department. The seller must retain a copy of the exemption certificate for the seller's files. In lieu of an exemption certificate, a seller may capture the relevant data elements as allowed under the streamlined sales and use tax agreement. For sellers who electronically file their taxes, the department must provide a separate tax reporting line for exemption amounts claimed under this section.

(3) A buyer may not continue to claim the exemption under this section once the buyer has purchased standard financial information during the current calendar year with an aggregate total selling price in excess of fifteen million dollars and an exemption has been claimed under this section or RCW 82.12.207 for such standard financial information. The fifteen million dollar limitation under this subsection does not apply to any other exemption under this chapter that applies to standard financial information. Sellers are not responsible for ensuring a buyer's compliance with the fifteen million dollar limitation under this subsection. Sellers may not be assessed for uncollected sales tax on a sale to a buyer claiming an exemption under this section after

having exceeded the fifteen million dollar limitation under this subsection, except as provided in RCW 82.08.050 (4) and (5).

(4) The definitions in this subsection and RCW 82.04.293 apply throughout this section unless the context clearly requires otherwise.

(a)((+)) "Qualifying international investment management company" means a person(=

~~(A) Who is primarily engaged in the business of providing investment management services; and~~

~~(B) Who has gross income that is at least ten percent derived from providing investment management services to:~~

~~(i) Persons or collective investment funds residing outside the United States; or~~

~~(ii) Collective investment funds with at least ten percent of their investments located outside the United States.~~

(b)(i) "Standard financial information" means financial data, facts, or information, or financial information services, not generated, compiled, or developed only for a single customer. Standard financial information includes, but is not limited to, financial market data, bond ratings, credit ratings, and deposit, loan, or mortgage reports.

(ii) For purposes of this subsection (4)(b), "financial market data" means market pricing information, such as for securities, commodities, and derivatives; corporate actions for publicly and privately traded companies, such as dividend schedules and reorganizations; corporate attributes, such as domicile, currencies used, and exchanges where shares are traded; and currency information.

(5) This section expires July 1, ~~((2021))~~ 2031.

Sec. 7. RCW 82.12.207 and 2013 2nd sp.s. c 13 s 703 are each amended to read as follows:

(1) The tax imposed by RCW 82.12.020 does not apply to the use of standard financial information by qualifying international investment management companies or persons affiliated, as defined in RCW 82.04.293, with a qualifying international investment management company. The exemption provided in this section applies regardless of whether the standard financial information is in a tangible format or resides on a tangible storage medium or is a digital product transferred electronically to the qualifying international investment management company.

(2) The definitions, conditions, and requirements in RCW 82.08.207 apply to this section.

(3) This section expires July 1, ~~((2021))~~ 2031.

NEW SECTION. Sec. 8. If any provision of this act or its application to any person or circumstance is held invalid, the remainder of the act or the application of the provision to other persons or circumstances is not affected.

NEW SECTION. Sec. 9. The provisions of RCW 82.32.805 and 82.32.808 do not apply to sections 2 and 3 of this act.

NEW SECTION. Sec. 10. Sections 2 and 3 of this act are necessary for the immediate preservation of the public peace, health, or safety, or support of the state government and its existing public institutions, and take effect July 1, 2019."

MESSAGE FROM THE HOUSE

April 27, 2019

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5825 with the following amendment(s): 5825-S.E AMH ENGR H3161.E

Strike everything after the enacting clause and insert the following:

NEW SECTION. Sec. 1. (1) The legislature recognizes that the Puget Sound region is faced with growing traffic congestion and must improve mobility for people and goods by maximizing the effectiveness of the freeway system. Investments in the Interstate 405, state route number 167, and state route number 509 corridors are essential for providing benefits for the movement of vehicles and people. Further, the legislature recognizes that in 2015, the passage of the connecting Washington transportation revenue proposal assumed that tolling would be a component of projects on these corridors.

(2) The legislature recognizes that completion of state route number 167 in Pierce county and completion of state route number 509 in King county provide essential connections to the Port of Tacoma and the Port of Seattle and will help ensure people and goods move more reliably through the Puget Sound region. The completion of these corridors, known as the Gateway project, will play an essential role in enhancing the state's economic competitiveness, both nationally and globally.

(3) The legislature acknowledges that as one of the most congested freeway sections in the state, the combined Interstate 405 and state route number 167 corridor in King county serves as an ideal candidate for an express toll lanes network. The express toll lanes network provides a tool for managing the use of high occupancy vehicle lanes while generating funds to improve projects in the corridor.

(4) Therefore, it is the intent of this act to expedite the delivery of the Puget Sound Gateway facility, designate the Puget Sound Gateway project as an eligible toll facility, and authorize the imposition of tolls on the Puget Sound Gateway facility. It is further the intent of this act to direct the department of transportation to develop and operate an express toll lanes network on Interstate 405 from the city of Lynnwood on the north end to the intersection of state route number 167 and state route number 512 on the south end.

NEW SECTION. Sec. 2. (1) In order to provide funds necessary for the design, right-of-way, and construction of projects as allowed in sections 11 through 14 of this act, there shall be issued and sold upon the request of the department of transportation up to the following amounts of general obligation bonds of the state of Washington first payable from toll revenue and excise taxes on fuel and vehicle-related fees in accordance with section 5 of this act:

(a) One billion one hundred sixty million dollars for the Interstate 405 and state route number 167 express toll lanes; and

(b) Three hundred forty million dollars for the Puget Sound Gateway facility.

(2) For purposes of chapter . . . , Laws of 2019 (this act), "vehicle-related fees" means vehicle-related fees imposed under Title 46 RCW that constitute license fees for motor vehicles to be used for highway purposes.

NEW SECTION. Sec. 3. Upon the request of the department, the state finance committee shall supervise and provide for the issuance, sale, and retirement of bonds authorized by this act in accordance with chapter 39.42 RCW. Bonds authorized by this act shall be sold in the manner, at time or times, in amounts, and at the price as the state finance committee shall determine. No bonds may be offered for sale without prior legislative appropriation of the net proceeds of the sale of the bonds.

NEW SECTION. Sec. 4. (1) The proceeds from the sale of bonds authorized by:

(a) Section 2(1)(a) of this act shall be deposited in the Interstate 405 and state route number 167 express toll lanes account created in section 12 of this act; and

(b) Section 2(1)(b) of this act shall be deposited in the Puget Sound Gateway facility account created in section 14 of this act.

(2) The bond proceeds shall be available only for the purposes enumerated in section 2, chapter . . . , Laws of 2019 (section 2 of this act), for the payment of bond anticipation notes or other interim financing, if any, capitalizing interest on the bonds, funding a debt service reserve fund, if any, and for the payment of bond issuance costs, including the costs of underwriting.

NEW SECTION. Sec. 5. Bonds issued under the authority of this section and sections 2, 6, and 7 of this act shall distinctly state that they are a general obligation of the state of Washington, shall pledge the full faith and credit of the state to the payment of the principal thereof and the interest thereon, and shall contain an unconditional promise to pay such principal and interest as the same shall become due. The principal of and interest on the bonds shall be first payable in the manner provided in this section and sections 2, 6, and 7 of this act from toll revenue and then from

proceeds of excise taxes on fuel and vehicle-related fees to the extent toll revenue is not available for that purpose. Toll revenue and the state excise taxes on fuel imposed by chapter 82.38 RCW and vehicle-related fees are hereby pledged to the payment of any bonds and the interest thereon issued under the authority of this section and sections 2, 6, and 7 of this act, and the legislature agrees to continue to impose these toll charges on the Interstate 405 and state route number 167 express toll lanes, and on the Puget Sound Gateway facility, and on any other eligible toll facility designated by the legislature and on which the imposition of tolls is authorized by the legislature in respect of the bonds, and excise taxes on fuel and vehicle-related fees in amounts sufficient to pay, when due, the principal and interest on all bonds issued under the authority of this section and sections 2, 6, and 7 of this act.

NEW SECTION. Sec. 6. For bonds issued under the authority of this section and sections 2, 5, and 7 of this act, the state treasurer shall first withdraw toll revenue from the appropriate toll account for the facility for which the bonds are issued and sold, and, to the extent toll revenue is not available, excise taxes on fuel and vehicle-related fees and deposit in the toll facility bond retirement account, or a special subaccount in the account, such amounts, and at such times, as are required by the bond proceedings.

Any excise taxes on fuel and vehicle-related fees required for bond retirement or interest on the bonds authorized by this section and sections 2, 5, and 7 of this act shall be taken from that portion of the motor vehicle fund that results from the imposition of excise taxes on fuel and vehicle-related fees and which is, or may be, appropriated to the department for state highway purposes. Funds required shall never constitute a charge against any other allocations of fuel tax and vehicle-related fee revenues to the state, counties, cities, and towns unless the amount arising from excise taxes on fuel and vehicle-related fees distributed to the state in the motor vehicle fund proves insufficient to meet the requirements for bond retirement or interest on any such bonds.

Any payments for bond retirement or interest on the bonds taken from other revenues from the fuel taxes and vehicle-related fees that are distributable to the state, counties, cities, and towns shall be repaid from available toll revenue in the manner provided in the bond proceedings or, if toll revenue is not available for that purpose, from the first revenues from the excise taxes on fuel and vehicle-related fees distributed to the motor vehicle fund not required for bond retirement or interest on the bonds. Any excise taxes on fuel and vehicle-related fees required for bond retirement or interest on the bonds authorized by this section and sections 2, 5, and 7 of this act shall be reimbursed to the motor vehicle fund from toll revenue in the manner and with the priority specified in the bond proceedings.

NEW SECTION. Sec. 7. Bonds issued under the authority of sections 2, 5, and 6 of this act and this section and any other general obligation bonds of the state of Washington that have been or that may be authorized and that pledge excise taxes on fuel and vehicle-related fees for the payment of principal and interest thereon shall be an equal charge against the revenues from such excise taxes on fuel and vehicle-related fees.

Sec. 8. RCW 47.10.882 and 2011 c 377 s 3 are each amended to read as follows:

The toll facility bond retirement account is created in the state treasury for the purpose of payment of the principal of and interest and premium on bonds. Both principal of and interest on the bonds issued for the purposes of chapter 498, Laws of 2009 (~~and~~), chapter 377, Laws of 2011, and chapter . . . , Laws of 2019 (this act) shall be payable from the toll facility bond retirement

account. The state finance committee may provide that special subaccounts be created in the account to facilitate payment of the principal of and interest on the bonds. The state finance committee shall, on or before June 30th of each year, certify to the state treasurer the amount required for principal and interest on the bonds in accordance with the bond proceedings.

Sec. 9. RCW 47.10.887 and 2011 c 377 s 5 are each amended to read as follows:

The state finance committee may determine and include in any resolution authorizing the issuance of any bonds under chapter 498, Laws of 2009 (~~and~~), chapter 377, Laws of 2011, and chapter . . . , Laws of 2019 (this act), such terms, provisions, covenants, and conditions as it may deem appropriate in order to assist with the marketing and sale of the bonds, confer rights upon the owners of bonds, and safeguard rights of the owners of bonds including, among other things:

(1) Provisions regarding the maintenance and operation of eligible toll facilities;

(2) The pledges, uses, and priorities of application of toll revenue;

(3) Provisions that bonds shall be payable from and secured solely by toll revenue as provided by RCW 47.10.886, or shall be payable from and secured by both toll revenue and by a pledge of excise taxes on motor vehicle and special fuels and the full faith and credit of the state as provided in RCW 47.10.879 and 47.10.883 through 47.10.885;

(4) Provisions that bonds shall be payable from and secured by both toll revenue and by a pledge of excise taxes on fuel and vehicle-related fees and the full faith and credit of the state as provided in sections 2 and 5 through 7 of this act;

(5) In consultation with the department of transportation and the tolling authority, financial covenants requiring that the eligible toll facilities must produce specified coverage ratios of toll revenue to debt service on bonds;

~~((5))~~ (6) The purposes and conditions that must be satisfied prior to the issuance of any additional bonds that are to be payable from and secured by any toll revenue on an equal basis with previously issued and outstanding bonds payable from and secured by toll revenue;

~~((6))~~ (7) Provisions that bonds for which any toll revenue are pledged, or for which a pledge of any toll revenue may be reserved, may be structured on a senior, parity, subordinate, or special lien basis in relation to any other bonds for which toll revenue is pledged, with respect to toll revenue only; and

~~((7))~~ (8) Provisions regarding reserves, credit enhancement, liquidity facilities, and payment agreements with respect to bonds.

Notwithstanding the foregoing, covenants and conditions detailing the character of management, maintenance, and operation of eligible toll facilities, insurance for eligible toll facilities, financial management of toll revenue, and disposition of eligible toll facilities must first be approved by the department of transportation.

The owner of any bond may by mandamus or other appropriate proceeding require and compel performance of any duties imposed upon the tolling authority and the department of transportation and their respective officials, including any duties imposed upon or undertaken by them or by their respective officers, agents, and employees, in connection with the construction, maintenance, and operation of eligible toll facilities and in connection with the collection, deposit, investment, application, and disbursement of the proceeds of the bonds and toll revenue.

Sec. 10. RCW 47.10.888 and 2011 c 377 s 6 are each amended to read as follows:

(1) For the purposes of chapter 498, Laws of 2009 (~~and~~), chapter 377, Laws of 2011, and chapter . . . , Laws of 2019 (this act), "toll revenue" means all toll receipts, all interest income derived from the investment of toll receipts, and any gifts, grants, or other funds received for the benefit of transportation facilities in the state, including eligible toll facilities. However, for the purpose of any pledge of toll revenue to the payment of particular bonds issued under chapter 498, Laws of 2009 (~~and~~), chapter 377, Laws of 2011, and chapter . . . , Laws of 2019 (this act), "toll revenue" means and includes only such toll revenue or portion thereof that is pledged to the payment of those bonds in the resolution authorizing the issuance of such bonds. Toll revenue constitutes "fees and revenues derived from the ownership or operation of any undertaking, facility, or project" as that phrase is used in Article VIII, section 1(c)(1) of the state Constitution.

(2) For the purposes of chapter 498, Laws of 2009 (~~and~~), chapter 377, Laws of 2011, and chapter . . . , Laws of 2019 (this act), "tolling authority" has the same meaning as in RCW 47.56.810.

Sec. 11. RCW 47.56.880 and 2011 c 369 s 3 are each amended to read as follows:

(1) The imposition of tolls for express toll lanes on Interstate 405 between ~~((the junctions with))~~ Interstate 5 on the north end ~~((and NE 6th Street))~~ in the city of ~~((Bellevue))~~ Lynnwood and Interstate 5 on the south end in the city of Tukwila, and for state route number 167 between Interstate 405 on the north end and state route number 512 on the south end is authorized~~((;))~~, Interstate 405 ~~((is))~~ and state route number 167 are designated an eligible toll facility, and toll revenue generated in the corridor must only be expended on the Interstate 405 and state route number 167 projects as identified in each corridor's master plan and as allowed under RCW 47.56.820.

(2) Tolls for the express toll lanes must be set as follows:

(a) The schedule of toll rates must be set by the tolling authority pursuant to RCW 47.56.850. Toll rates may vary in amount by time of day, level of traffic congestion within the highway facility, or other criteria, as the tolling authority deems appropriate.

(b) In those locations with two express toll lanes in each direction, the toll rate must be the same in both lanes.

(c) Toll charges may not be assessed on transit buses and vanpools.

(d) The department shall establish performance standards for travel time, speed, and reliability for the express toll lanes project. The department must automatically adjust the toll rate within the schedule established by the tolling authority, using dynamic tolling, to ~~((ensure))~~ maintain the goal that average vehicle speeds in the lanes remain above forty-five miles per hour at least ninety percent of the time during peak hours.

(e) The tolling authority shall periodically review the toll rates against traffic performance of all lanes to determine if the toll rates are effectively maintaining travel time, speed, and reliability on the highway facilities.

(f)(i) Toll charges may not be assessed on carpools with two or more people in the vehicle on the portion of Interstate 405 between Bellevue and state route number 167 for at least the first year following the initial imposition of tolls on that portion of the express toll lanes, contingent upon the analysis described in (f)(ii) of this subsection.

(ii) The department must analyze the effect of (f)(i) of this subsection utilizing forecasting and modeling data and present the results of the analysis to the tolling authority. If the analysis indicates that the express toll lanes on the portion of Interstate 405

between Bellevue and state route number 167 will not cover the financial obligations outlined in section 12(4) of this act, then the restriction on toll charges in (f)(i) of this subsection will not be implemented and the department must provide the transportation committees of the legislature with a report, within thirty days, that provides options for not assessing toll charges on carpools with two or more people in the vehicle, which also meet the financial obligations outlined in section 12(4) of this act.

(g) After the bonds issued pursuant to section 2(1)(a) of this act are retired, the tolling authority must reduce the toll rates commensurate with this reduction in the amount of toll revenues required from the express toll lanes.

~~(3) ((The department may construct and operate express toll lanes on Interstate 405 between the city of Bellevue on the south end and Interstate 5 on the north end. Operation of the express toll lanes may not commence until the department has completed capacity improvements necessary to provide a two lane system from NE 6th Street in the city of Bellevue to state route number 522 and the conversion of the existing high occupancy vehicle lane to an express toll lane between state route number 522 and the city of Lynnwood. Construction of the capacity improvements described in this subsection, including items that enable implementation of express toll lanes such as conduit and other underground features, must begin as soon as practicable. However, any contract term regarding tolling equipment, such as gantries, barriers, or cameras, for Interstate 405 may not take effect unless specific appropriation authority is provided in 2012 stating that funding is provided solely for tolling equipment on Interstate 405.))~~ The department shall work with local jurisdictions to minimize and monitor impacts to local streets and, after consultation with local jurisdictions, recommend mitigation measures to the legislature in those locations where it is appropriate.

(4) The department shall monitor the express toll lanes ~~((project))~~ and shall annually report to the transportation commission and the legislature on the impacts from the project on the following performance measures:

(a) Whether the express toll lanes maintain speeds of forty-five miles per hour at least ninety percent of the time during peak periods, and any alternate metric determined by the department in conjunction with the federal highway administration;

(b) Whether the average traffic speed changed in the general purpose lanes;

(c) Whether transit ridership changed;

(d) Whether the actual use of the express toll lanes is consistent with the projected use;

(e) Whether the express toll lanes generated sufficient revenue to pay for all ~~((Interstate 405))~~ express toll lane-related operating costs; and

(f) Whether travel times and volumes have increased or decreased on adjacent local streets and state highways~~((; and~~

~~((g) Whether the actual gross revenues are consistent with projected gross revenues as identified in the fiscal note for Engrossed House Bill No. 1382 distributed by the office of financial management on March 15, 2011.~~

~~((5) If after two years of operation of the express toll lanes on Interstate 405 performance measures listed in subsection (4)(a) and (e) of this section are not being met, the express toll lanes project must be terminated as soon as practicable.))~~

~~((6))~~ (5) The department, in consultation with the transportation commission, shall consider making operational changes necessary to fix any unintended consequences of implementing the express toll lanes ~~((project))~~.

~~((7))~~ (6) A violation of the lane restrictions applicable to the express toll lanes established under this section is a traffic infraction.

2019 REGULAR SESSION

Sec. 12. RCW 47.56.884 and 2011 c 369 s 5 are each amended to read as follows:

(1) ~~The Interstate 405 and state route number 167 express toll lanes ((operations)) account is created in the motor vehicle fund. ((All revenues received by the department as toll charges collected from Interstate 405 express toll lane users must be deposited into the account))~~

(2) Deposits to the account must include:

(a) All proceeds of bonds authorized in section 2(1)(a) of this act and loans for the Interstate 405 and state route number 167 projects, including capitalized interest;

(b) All tolls and other revenues received from the operation of the Interstate 405 and state route number 167 express toll lanes facility, to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for completing the Interstate 405 and state route number 167 express toll lanes facility; and

(e) All damages liquidated or otherwise, collected under any contract involving Interstate 405 or state route number 167 projects.

~~(3) Moneys in the account may be spent only after appropriation((-)), consistent with RCW 47.56.820((- expenditures from the account may be used for debt service, planning, administration, construction, maintenance, operation, repair, rebuilding, enforcement, and the expansion of express toll lanes on Interstate 405)).~~

(4) The proceeds of the general obligation bonds authorized in section 2(1)(a) of this act shall be used to make progress toward completion of the Interstate 405 and state route number 167 master plans. It is the intent of the legislature to first use the bond proceeds for the following projects:

(a) Up to six hundred million dollars to design and construct capacity improvements on Interstate 405 between state route number 522 and state route number 527. This project would widen Interstate 405 through the state route number 522 interchange, build direct access ramps to the express toll lanes at state route number 522, build one new lane in each direction to be used as a second express toll lane, and build a partial direct access ramp at state route number 527 to the east, north, and south, to provide connections to the Canyon Park park and ride;

(b) Up to two hundred fifteen million dollars toward completion of the I-405/Renton to Bellevue - Corridor Widening project (M00900R);

(c) Up to three million dollars to update the state route number 167 master plan;

(d) Up to one hundred million dollars to construct both the northbound and southbound state route number 167 stage 6 extension project. This project would extend the express toll lanes south to the state route number 410 and state route number 512 interchange to help mitigate traffic congestion; and

(e) Up to twenty million dollars to design the Interstate 405/North 8th Street Direct Access Ramp project in the city of Renton. It is the intent of the legislature to provide construction funding for this project at a later date.

NEW SECTION. Sec. 13. (1) The Puget Sound Gateway facility is designated an eligible toll facility, tolls are authorized to be imposed on the Puget Sound Gateway facility, and toll revenue generated must be expended only as allowed under RCW 47.56.820.

(2)(a) In setting toll rates for the Puget Sound Gateway facility, pursuant to RCW 47.56.850, the tolling authority shall set a variable schedule of toll rates to maintain travel time, speed, and reliability on the Puget Sound Gateway facility.

(b) The tolling authority may adjust toll rates to reflect inflation as measured by the consumer price index or as necessary for those costs that are eligible under RCW 47.56.820 and to meet the obligations of the tolling authority under RCW 47.56.850.

(c) After the bonds issued pursuant to section 2(1)(b) of this act are retired, the tolling authority must reduce the toll rates commensurate with this reduction in the amount of toll revenues required from the express toll lanes.

(3) For the purposes of this section and section 14 of this act, "Puget Sound Gateway facility" means the state route number 167 roadway between north Meridian Avenue in Puyallup and Interstate 5 in Fife, the state route number 509 spur between Interstate 5 in Fife and state route number 509 in Tacoma, and the state route number 509 roadway between south 188th Street and Interstate 5 in SeaTac.

(4) Prior to setting the schedule of toll rates on the portion of state route number 509 between South 188th Street and Interstate 5 in SeaTac, the department, in collaboration with the transportation commission, must analyze and present to the transportation commission at least one schedule of toll rates that exempts, discounts, or provides other toll relief for low-income drivers during all hours of operation on state route number 509 between South 188th Street and Interstate 5 in SeaTac. In analyzing the schedule of toll rates, the department shall consider implementing an exemption, discount, or other toll relief policy for drivers that reside in close proximity to the corridor.

NEW SECTION. Sec. 14. (1) A special account to be known as the Puget Sound Gateway facility account is created in the motor vehicle fund.

(2) Deposits to the account must include:

(a) All proceeds of bonds authorized in section 2(1)(b) of this act and loans for the Puget Sound Gateway project, including capitalized interest;

(b) All tolls and other revenues received from the operation of the Puget Sound Gateway facility, to be deposited at least monthly;

(c) Any interest that may be earned from the deposit or investment of those revenues;

(d) Notwithstanding RCW 47.12.063, proceeds from the sale of any surplus real property acquired for completing the Puget Sound Gateway project, including existing state route number 509 right-of-way in SeaTac and Des Moines; and

(e) All damages liquidated or otherwise, collected under any contract involving the Puget Sound Gateway project.

(3) Moneys in the account may be spent only after appropriation, consistent with RCW 47.56.820.

(4) The proceeds of the general obligation bonds authorized in section 2(1)(b) of this act shall be used to make progress toward completion of the Puget Sound Gateway facility. It is the intent of the legislature to use the bond proceeds to advance the Puget Sound Gateway facility in order to maximize net mobility benefits for both freight and the traveling public. It is the intent of the legislature for tolling to begin on stage one of the project as soon as practicable in order to leverage toll funds, use bond proceeds to advance one hundred twenty-nine million dollars of connecting Washington state appropriations by two biennia to the 2023-2025 biennium, and advance local and federal contributions. This will allow the department of transportation to deliver and open to the public stage two of the project in fiscal year 2028, three years earlier than originally planned, and to realize twenty million dollars in cost savings in connecting Washington state appropriations.

(5) It is also the intent of the legislature to use the bond proceeds for up to five million dollars to provide noise mitigation

on state route number 509 between south 188th Street and Interstate 5.

(6) It is further the intent of the legislature to clarify how the tolling of state route number 167 and state route number 509 will be implemented by requiring the transportation commission and the department of transportation to consider naming the sections of each facility where all of the lanes are tolled as the state route number 167 express way and the state route number 509 express way respectively.

Sec. 15. RCW 43.84.092 and 2018 c 287 s 7, 2018 c 275 s 10, and 2018 c 203 s 14 are each reenacted and amended to read as follows:

MESSAGE FROM THE HOUSE

April 27, 2019

MR. PRESIDENT:

The House passed ENGROSSED SUBSTITUTE SENATE BILL NO. 5160 with the following amendment(s): 5160-S.E AMH TARL H3150.1

Strike everything after the enacting clause and insert the following:

"**Sec. 1.** RCW 84.36.381 and 2018 c 46 s 2 are each amended to read as follows:

A person is exempt from any legal obligation to pay all or a portion of the amount of excess and regular real property taxes due and payable in the year following the year in which a claim is filed, and thereafter, in accordance with the following:

(1)(a) The property taxes must have been imposed upon a residence which was occupied by the person claiming the exemption as a principal place of residence as of the time of filing. However, any person who sells, transfers, or is displaced from his or her residence may transfer his or her exemption status to a replacement residence, but no claimant may receive an exemption on more than one residence in any year. Moreover, confinement of the person to a hospital, nursing home, assisted living facility, ~~((or))~~ adult family home, or home of a relative for the purpose of long-term care does not disqualify the claim of exemption if:

~~((a))~~ (i) The residence is temporarily unoccupied;
~~((b))~~ (ii) The residence is occupied by a spouse or a domestic partner and/or a person financially dependent on the claimant for support; or

~~((c))~~ (iii) The residence is rented for the purpose of paying nursing home, hospital, assisted living facility, or adult family home costs;

(b) For the purpose of this subsection (1), "relative" means any individual related to the claimant by blood, marriage, or adoption;

(2) The person claiming the exemption must have owned, at the time of filing, in fee, as a life estate, or by contract purchase, the residence on which the property taxes have been imposed or if the person claiming the exemption lives in a cooperative housing association, corporation, or partnership, such person must own a share therein representing the unit or portion of the structure in which he or she resides. For purposes of this subsection, a residence owned by a marital community or state registered domestic partnership or owned by cotenants is deemed to be owned by each spouse or each domestic partner or each cotenant, and any lease for life is deemed a life estate;

(3)(a) The person claiming the exemption must be:

(i) Sixty-one years of age or older on December 31st of the year in which the exemption claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of disability; or

(ii) A veteran of the armed forces of the United States entitled to and receiving compensation from the United States department of veterans affairs at ~~((a total disability rating for a service-connected disability))~~;

(A) A combined service-connected evaluation rating of eighty percent or higher; or

(B) A total disability rating for a service-connected disability without regard to evaluation percent.

(b) However, any surviving spouse or surviving domestic partner of a person who was receiving an exemption at the time of the person's death will qualify if the surviving spouse or surviving domestic partner is fifty-seven years of age or older and otherwise meets the requirements of this section;

(4) The amount that the person is exempt from an obligation to pay is calculated on the basis of combined disposable income, as defined in RCW 84.36.383. If the person claiming the exemption was retired for two months or more of the assessment year, the combined disposable income of such person must be calculated by multiplying the average monthly combined disposable income of such person during the months such person was retired by twelve. If the income of the person claiming exemption is reduced for two or more months of the assessment year by reason of the death of the person's spouse or the person's domestic partner, or when other substantial changes occur in disposable income that are likely to continue for an indefinite period of time, the combined disposable income of such person must be calculated by multiplying the average monthly combined disposable income of such person after such occurrences by twelve. If it is necessary to estimate income to comply with this subsection, the assessor may require confirming documentation of such income prior to May 31 of the year following application;

(5)(a) A person who otherwise qualifies under this section and has a combined disposable income ~~((of forty thousand dollars or less))~~ equal or less than income threshold 3 is exempt from all excess property taxes, the additional state property tax imposed under RCW 84.52.065(2), and the portion of the regular property taxes authorized pursuant to RCW 84.55.050 and approved by the voters, if the legislative authority of the county or city imposing the additional regular property taxes identified this exemption in the ordinance placing the RCW 84.55.050 measure on the ballot; and

(b)(i) A person who otherwise qualifies under this section and has a combined disposable income ~~((of thirty five thousand dollars or less but greater than thirty thousand dollars))~~ equal to or less than income threshold 2 but greater than income threshold 1 is exempt from all regular property taxes on the greater of fifty thousand dollars or thirty-five percent of the valuation of his or her residence, but not to exceed seventy thousand dollars of the valuation of his or her residence; or

(ii) A person who otherwise qualifies under this section and has a combined disposable income ~~((of thirty thousand dollars or less))~~ equal to or less than income threshold 1 is exempt from all regular property taxes on the greater of sixty thousand dollars or sixty percent of the valuation of his or her residence;

(6)(a) For a person who otherwise qualifies under this section and has a combined disposable income ~~((of forty thousand dollars or less))~~ equal or less than income threshold 3, the valuation of the residence is the assessed value of the residence on the later of January 1, 1995, or January 1st of the assessment year the person first qualifies under this section. If the person subsequently fails to qualify under this section only for one year because of high income, this same valuation must be used upon requalification. If the person fails to qualify for more than one year in succession because of high income or fails to qualify for any other reason, the valuation upon requalification is the assessed value on January 1st of the assessment year in which the person requalifies. If the person transfers the exemption under this section to a different residence, the valuation of the different residence is the assessed value of the different residence on January 1st of the assessment year in which the person transfers the exemption.

(b) In no event may the valuation under this subsection be greater than the true and fair value of the residence on January 1st of the assessment year.

(c) This subsection does not apply to subsequent improvements to the property in the year in which the improvements are made. Subsequent improvements to the property must be added to the value otherwise determined under this subsection at their true and fair value in the year in which they are made.

Sec. 2. RCW 84.36.383 and 2012 c 10 s 74 are each amended to read as follows:

(12) "Principal place of residence" means a residence occupied for more than nine months each calendar year by a person claiming an exemption under RCW 84.36.381.

Sec. 3. RCW 84.36.385 and 2011 c 174 s 106 are each amended to read as follows:

(1) A claim for exemption under RCW 84.36.381 as now or hereafter amended, may be made and filed at any time during the year for exemption from taxes payable the following year and thereafter and solely upon forms as prescribed and furnished by the department of revenue. However, an exemption from tax under RCW 84.36.381 continues for no more than six years unless a renewal application is filed as provided in subsection (3) of this section.

(2) A person granted an exemption under RCW 84.36.381 must inform the county assessor of any change in status affecting the person's entitlement to the exemption on forms prescribed and furnished by the department of revenue.

(3) Each person exempt from taxes under RCW 84.36.381 in 1993 and thereafter(=) must file with the county assessor a renewal application not later than December 31 of the year the assessor notifies such person of the requirement to file the renewal application. Renewal applications must be on forms prescribed and furnished by the department of revenue.

(4) At least once every six years, the county assessor must notify those persons receiving an exemption from taxes under RCW 84.36.381 of the requirement to file a renewal application. The county assessor may also require a renewal application following an amendment of the income requirements set forth in RCW 84.36.381.

(5) If the assessor finds that the applicant does not meet the qualifications as set forth in RCW 84.36.381, as now or hereafter amended, the claim or exemption must be denied but such denial is subject to appeal under the provisions of RCW 84.48.010 and in accordance with the provisions of RCW 84.40.038. (6) The department and each local assessor is hereby directed to publicize the qualifications and manner of making claims under RCW 84.36.381 through 84.36.389, through communications media, including such paid advertisements or notices as it deems appropriate. Notice of the qualifications, method of making applications, the penalties for not reporting a change in status, and availability of further information must be included on or with property tax statements and revaluation notices for all residential property including mobile homes, except rental properties.

(7) The department must authorize an option for electronic filing of applications and renewal applications for the exemption under RCW 84.36.381.

(8) Beginning August 1, 2019, and by March 1st every fifth year thereafter, the department must publish updated income thresholds. The adjusted thresholds must be rounded to the nearest one dollar. If the income threshold adjustment is negative, the income threshold for the prior year continues to apply. The department must adjust income thresholds for each county to reflect the most recent year available of estimated county median household incomes, including preliminary estimates or projections, as published by the office of financial management. For the purposes of this subsection, "county median household income" has the same meaning as provided in RCW 84.36.383.

(9) Beginning with the adjustment made by March 1, 2024, as provided in subsection (8) of this section, and every second adjustment thereafter, if an income threshold in a county is not adjusted based on percentage of county median income, then the income threshold must be adjusted based on the growth of the consumer price index for all urban consumers (CPI-U) for the prior twelve month period as published by the United States bureau of labor statistics. In no case may the adjustment be greater than one percent. The adjusted thresholds must be rounded to the nearest one dollar. If the income threshold adjustment is negative, the income threshold for the prior year continues to apply.

(3) "Equity value" means the amount by which the fair market value of a residence as determined from the records of the county assessor exceeds the total amount of any liens or other obligations against the property.

(4) "Heir" has the same meaning as provided in RCW 21.35.005.

(5) "Income threshold" means: (a) For taxes levied for collection in calendar years prior to 2020, a combined disposable income equal to forty-five thousand dollars; and (b) for taxes levied for collection in calendar year 2020 and thereafter, a combined disposable income equal to the greater of the income threshold for the previous year, or seventy-five percent of the county median household income, adjusted every five years beginning August 1, 2019, as provided in RCW 84.36.385(8).

Sec. 5. RCW 84.38.030 and 2015 3rd sp.s. c 30 s 3 and 2015 c 86 s 313 are each reenacted and amended to read as follows:

A claimant may defer payment of special assessments and/or real property taxes on up to eighty percent of the amount of the claimant's equity value in the claimant's residence if the following conditions are met:

(1) The claimant must meet all requirements for an exemption for the residence under RCW 84.36.381, other than the age and income limits under RCW 84.36.381.

(2) The claimant must be sixty years of age or older on December 31st of the year in which the deferral claim is filed, or must have been, at the time of filing, retired from regular gainful employment by reason of disability as defined in RCW 84.36.383. However, any surviving spouse ~~((or))~~, surviving domestic partner, heir, or devisee of a person who was receiving a deferral at the time of the person's death qualifies if the surviving spouse ~~((or))~~, surviving domestic partner, heir, or devisee is fifty-seven years of age or older and otherwise meets the requirements of this section.

(3) The claimant must have a combined disposable income, as defined in RCW 84.36.383, ~~((of forty-five thousand dollars or less))~~ equal to or less than the income threshold.

(4) The claimant must have owned, at the time of filing, the residence on which the special assessment and/or real property taxes have been imposed. For purposes of this subsection, a residence owned by a marital community, owned by domestic partners, or owned by cotenants is deemed to be owned by each spouse, each domestic partner, or each cotenant. A claimant who has only a share ownership in cooperative housing, a life estate, a lease for life, or a revocable trust does not satisfy the ownership requirement.

(5) The claimant must have and keep in force fire and casualty insurance in sufficient amount to protect the interest of the state in the claimant's equity value. However, if the claimant fails to keep fire and casualty insurance in force to the extent of the state's interest in the claimant's equity value, the amount deferred may not exceed one hundred percent of the claimant's equity value in the land or lot only.

(6) In the case of special assessment deferral, the claimant must have opted for payment of such special assessments on the installment method if such method was available.

Sec. 6. RCW 84.38.070 and 2008 c 6 s 703 are each amended to read as follows:

If the claimant declaring his or her intention to defer special assessments or real property tax obligations under this chapter ceases to reside permanently on the property for which the declaration to defer is made between the date of filing the declaration and December 15th of that year, the deferral otherwise allowable under this chapter ~~((shall))~~ is not ((be)) allowed on such tax roll. However, this section ~~((shall))~~ does not apply where the claimant dies, leaving a spouse ~~((or))~~, domestic partner, heir, or devisee surviving, who is also eligible for deferral of special assessment and/or property taxes.

Sec. 7. RCW 84.38.130 and 2008 c 6 s 704 are each amended to read as follows:

Special assessments and/or real property tax obligations deferred under this chapter ~~((shall))~~ become payable together with interest as provided in RCW 84.38.100:

(1) Upon the sale of property which has a deferred special assessment and/or real property tax lien upon it.

(2) Upon the death of the claimant with an outstanding deferred special assessment and/or real property tax lien except a surviving spouse ~~((or))~~, surviving domestic partner, heir, or devisee who is qualified under this chapter may elect to incur the special assessment and/or real property tax lien, which ~~((shall))~~ is then ((be)) payable by that spouse ~~((or that))~~, domestic partner, heir, or devisee as provided in this section.

(3) Upon the condemnation of property with a deferred special assessment and/or real property tax lien upon it by a public or private body exercising eminent domain power, except as otherwise provided in RCW 84.60.070.

(4) At such time as the claimant ceases to reside permanently in the residence upon which the deferral has been granted.

(5) Upon the failure of any condition set forth in RCW 84.38.030.

Sec. 8. RCW 84.38.150 and 2008 c 6 s 705 are each amended to read as follows:

(1) A surviving spouse ~~((or))~~, surviving domestic partner, heir, or devisee of the claimant may elect to continue the property in its deferred tax status if the property is the residence of the spouse ~~((or))~~, domestic partner, heir, or devisee of the claimant and the spouse ~~((or))~~, domestic partner, heir, or devisee meets the requirements of this chapter.

(2) The election under this section to continue the property in its deferred status by the spouse ~~((or))~~, the domestic partner, heir, or devisee of the claimant ~~((shall))~~ must be filed in the same manner as an original claim for deferral is filed under this chapter ~~((, not later than ninety days from the date of the claimant's death))~~. Thereupon, the property with respect to which the deferral of special assessments and/or real property taxes is claimed ~~((shall))~~ must continue to be treated as deferred property. When the property has been continued in its deferred status by the filing of the spouse ~~((or))~~, the domestic partner, heir, or devisee of the claimant of an election under this section, the spouse ~~((or))~~, the domestic partner, heir, or devisee of the claimant may continue the property in its deferred status in subsequent years by filing a claim under this chapter so long as the spouse ~~((or the))~~, domestic partner, heir, or devisee meets the qualifications set out in this section.

NEW SECTION. Sec. 9. This act applies for taxes levied for collection in 2020 and thereafter.

NEW SECTION. Sec. 10. The provisions of RCW 82.32.805 and 82.32.808 do not apply to this act."

MESSAGE FROM THE HOUSE

April 27, 2019

MR. PRESIDENT:

The House passed SUBSTITUTE SENATE BILL NO. 5362 with the following amendment(s): 5362-S AMH PELL H3219.2

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. (1) The legislature finds that counties that border other states and Canada experience a significant problem of residents of Washington state who evade taxes and fees by failing to register their vehicles, aircraft, and vessels in Washington state. According to a 2007 Washington State University study, the department of revenue lost eighty million dollars over the previous five years to persons avoiding taxes and fees in this manner. It was also estimated in the study that twenty thousand vehicles were illegally registered in Oregon to residents of Clark county, Washington. The problem has undoubtedly grown worse in the decade since the study was completed resulting in hundreds of millions of dollars in lost revenue to state and local coffers as these new residents fail to

pay their fair share for public services. Moreover, a public safety risk is created when inaccurate information is provided to law enforcement or insurance companies in the event of an accident or infraction.

(2) Current statutes contain monetarily significant penalties that are appropriate given the scope of the harm. It is the intent of the legislature that law enforcement and prosecutors proceed against violators to the fullest extent of the law. In order to give them more tools and ensure compliance with the law, it is the intent of the legislature to set up a deferral program consistent with other programs in the state that allows defendants to obtain dismissal of charges if they take certain remedial steps. It is the intent of the legislature that the punishment for those who do not comply with the deferral program remain subject to current penalties.

NEW SECTION. Sec. 2. (1) Any county may set up a deferral program for persons who receive a citation for failing to register a vehicle, aircraft, or vessel under RCW 46.16A.030, 47.68.255, or 88.02.400. Under the deferral program:

(a) If the person has received a criminal citation for failure to register a vehicle under RCW 46.16A.030, an aircraft under RCW 47.68.255, or a vessel under RCW 88.02.400, the defendant may petition the court for a deferred prosecution conditioned upon the defendant completing the criteria in (b) of this subsection within ninety days of the court granting the deferral.

(b) To be eligible for a deferred prosecution under (a) of this subsection, the court shall dismiss the charge if the court receives satisfactory proof within ninety days that the person:

- (i) Has paid a five hundred dollar fine;
- (ii) Has a valid Washington state driver's license; and
- (iii) Has registered the vehicle, aircraft, or vessel that was the subject of the citation.

(c) Before entering an order deferring prosecution, the court shall make specific findings that: (i) The petitioner has stipulated to the admissibility and sufficiency of the facts as contained in the written police report; (ii) the petitioner has acknowledged the admissibility of the stipulated facts in any criminal hearing on the underlying offense or offenses held subsequent to revocation of the order granting deferred prosecution; (iii) the petitioner has acknowledged and waived the right to testify, the right to a speedy trial, the right to call witnesses to testify, the right to present evidence in his or her defense, and the right to a jury trial; and (iv) the petitioner's statements were made knowingly and voluntarily. Such findings shall be included in the order granting deferred prosecution.

(d) If the defendant successfully completes the conditions required under the deferred prosecution, the court shall dismiss the charges pending against the defendant.

(e) If the court finds that the defendant has not successfully completed the conditions required under the deferred prosecution, the court shall remove the defendant from deferred prosecution and enter a judgment.

(2) The deferral program described in this section does not apply to persons who have received a previous conviction or deferral for failing to register a vehicle under RCW 46.16A.030, an aircraft under RCW 47.68.255, or a vessel under RCW 88.02.400.

(3) Fines generated pursuant to the deferral program established in subsection (1) of this section shall be used by the county for the purpose of enforcement and prosecution of registration requirements under RCW 46.16A.030, 47.68.250, or 88.02.550.

ENGROSSED SUBSTITUTE SENATE BILL NO. 5183, as amended by the House, having received the constitutional majority, was declared passed. There being no objection, the title of the bill was ordered to stand as the title of the act.

MESSAGE FROM THE HOUSE

April 27, 2019

MR. PRESIDENT:

The House passed ENGROSSED SECOND SUBSTITUTE SENATE BILL NO. 5091 with the following amendment(s): 5091-S2.E AMH ENGR H2874.E

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. The legislature intends to provide the funding necessary to support a comprehensive and responsive education system that fully addresses the needs of students with disabilities eligible for special education. Under the current funding model, students with disabilities eligible for special education are funded as basic education students first, with additional funding provided through a statewide multiplier intended to meet the additional needs of each student as established in the student's individualized education program. Additionally, a safety net administered by the office of the superintendent of public instruction is available for school districts that demonstrate significant extra need beyond what they receive from the base funding formula.

The legislature notes that school districts across the state have identified the need for additional resources to create the educational environment necessary to give every student with an individualized education program the opportunity to succeed. It is the legislature's intent to provide immediate relief to school district special education programs by enhancing the supplemental funding school districts receive for every student in the program of special education and to provide easier access to the safety net when those base funds are not adequate.

Sec. 2. RCW 28A.150.392 and 2018 c 266 s 106 are each amended to read as follows:

(1)(a) To the extent necessary, funds shall be made available for safety net awards for districts with demonstrated needs for special education funding beyond the amounts provided through the special education funding formula under RCW 28A.150.390.

(b) If the federal safety net awards based on the federal eligibility threshold exceed the federal appropriation in any fiscal year, then the superintendent shall expend all available federal discretionary funds necessary to meet this need.

(2) Safety net funds shall be awarded by the state safety net oversight committee subject to the following conditions and limitations:

(a) The committee shall award additional funds for districts that can convincingly demonstrate that all legitimate expenditures for

special education exceed all available revenues from state funding formulas.

(b) In the determination of need, the committee shall consider additional available revenues from federal sources.

(c) Differences in program costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(d) In the determination of need, the committee shall require that districts demonstrate that they are maximizing their eligibility for all state revenues related to services for students eligible for special education~~((eligible students))~~ and all federal revenues from federal impact aid, medicaid, and the individuals with disabilities education act-Part B and appropriate special projects. Awards associated with (e) and (f) of this subsection shall not exceed the total of a district's specific determination of need.

(e) The committee shall then consider the extraordinary high cost needs of one or more individual students eligible for and receiving special education ~~((students))~~. Differences in costs attributable to district philosophy, service delivery choice, or accounting practices are not a legitimate basis for safety net awards.

(f) Using criteria developed by the committee, the committee shall then consider extraordinary costs associated with communities that draw a larger number of families with children in need of special education services, which may include consideration of proximity to group homes, military bases, and regional hospitals. Safety net awards under this subsection (2)(f) shall be adjusted to reflect amounts awarded under (e) of this subsection.

(g) The committee shall then consider the extraordinary high cost needs of one or more individual students eligible for and receiving special education ~~((students))~~ served in residential schools as defined in RCW 28A.190.020, programs for juveniles under the department of corrections, and programs for juveniles operated by city and county jails to the extent they are providing a secondary program of education ~~((for students enrolled in special education))~~.

(h) The maximum allowable indirect cost for calculating safety net eligibility may not exceed the federal restricted indirect cost rate for the district plus one percent.

(i) Safety net awards shall be adjusted based on the percent of potential medicaid eligible students billed as calculated by the superintendent of public instruction in accordance with chapter 318, Laws of 1999.

(j) Safety net awards must be adjusted for any audit findings or exceptions related to special education funding.

(3) The superintendent of public instruction shall adopt such rules and procedures as are necessary to administer the special education funding and safety net award process. By December 1, 2018, the superintendent shall review and revise the rules to achieve full and complete implementation of the requirements of this subsection and subsection (4) of this section including revisions to rules that provide additional flexibility to access community impact awards. Before revising any standards, procedures, or rules, the superintendent shall consult with the office of financial management and the fiscal committees of the legislature. In adopting and revising the rules, the superintendent shall ensure the application process to access safety net funding is streamlined, timelines for submission are not in conflict, feedback to school districts is timely and provides sufficient information to allow school districts to understand how to correct any deficiencies in a safety net application, and that there is consistency between awards approved by school district and by application period. The office of the superintendent of public instruction shall also provide technical assistance to school

districts in preparing and submitting special education safety net applications.

(4) On an annual basis, the superintendent shall survey districts regarding their satisfaction with the safety net process and consider feedback from districts to improve the safety net process. Each year by December 1st, the superintendent shall prepare and submit a report to the office of financial management and the appropriate policy and fiscal committees of the legislature that summarizes the survey results and those changes made to the safety net process as a result of the school district feedback.

(5) The safety net oversight committee appointed by the superintendent of public instruction shall consist of:

(a) One staff member from the office of the superintendent of public instruction;

(b) Staff of the office of the state auditor who shall be nonvoting members of the committee; and

(c) One or more representatives from school districts or educational service districts knowledgeable of special education programs and funding.

(6) Beginning in the 2019-20 school year, a high-need student is eligible for safety net awards from state funding under subsection (2)(e) and (g) of this section if the student's individualized education program costs exceed two and three-tenths times the average per-pupil expenditure as defined in Title 20 U.S.C. Sec. 7801, the every student succeeds act of 2015.

Sec. 3. RCW 28A.150.415 and 2017 3rd sp.s. c 13 s 105 are each amended to read as follows:

(1) Beginning with the 2018-19 school year, the legislature shall begin phasing in funding for professional learning days for certificated instructional staff. At a minimum, the state must allocate funding for:

(a) One professional learning day in the 2018-19 school year;

(b) Two professional learning days in the 2019-20 school year; and

(c) Three professional learning days in the 2020-21 school year.

(2) The office of the superintendent of public instruction shall calculate each school district's professional learning allocation as provided in subsection (1) of this section separate from the minimum state allocation for salaries as specified in RCW 28A.150.410 and associated fringe benefits on the apportionment reports provided to each school district. The professional learning allocation shall be equal to the proportional increase resulting from adding the professional learning days provided in subsection (1) of this section to the required minimum number of school days in RCW 28A.150.220(5)(a) applied to the school district's minimum state allocation for salaries and associated fringe benefits for certificated instructional staff as specified in the omnibus operating appropriations act. Professional learning allocations shall be included in per-pupil calculations, such as special education, for programs funded on a per-pupil basis.

(3) Nothing in this section entitles an individual certificated instructional staff to any particular number of professional learning days.

~~((3))~~ (4) The professional learning days must meet the definitions and standards provided in RCW 28A.415.430, 28A.415.432, and 28A.415.434.

Sec. 4. RCW 28A.150.390 and 2018 c 266 s 102 are each amended to read as follows:

(1) The superintendent of public instruction shall submit to each regular session of the legislature during an odd-numbered year a programmed budget request for special education programs for students with disabilities. Funding for programs operated by local school districts shall be on an excess cost basis from

appropriations provided by the legislature for special education programs for students with disabilities and shall take account of state funds accruing through RCW 28A.150.260 (4)(a), (5), (6), and (8) and 28A.150.415.

(2) The excess cost allocation to school districts shall be based on the following:

(a) A district's annual average headcount enrollment of students ages birth through four and those five year olds not yet enrolled in kindergarten who are eligible for and ~~((enrolled in))~~ receiving special education, multiplied by the district's base allocation per full-time equivalent student, multiplied by 1.15; ~~((and))~~

~~(b)(i) Subject to the limitation in (b)(ii) of this subsection (2), a district's annual average ((full-time equivalent basic education)) enrollment((, multiplied by the district's funded enrollment percent)) of resident students who are eligible for and receiving special education, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten, multiplied by the district's base allocation per full-time equivalent student, multiplied by ((0.9609)) the special education cost multiplier rate of:~~

(A) In the 2019-20 school year, 0.995 for students eligible for and receiving special education.

(B) Beginning in the 2020-21 school year, either:

(I) 1.0075 for students eligible for and receiving special education and reported to be in the general education setting for eighty percent or more of the school day; or

(II) 0.995 for students eligible for and receiving special education and reported to be in the general education setting for less than eighty percent of the school day.

(ii) If the enrollment percent exceeds thirteen and five-tenths percent, the excess cost allocation calculated under (b)(i) of this subsection must be adjusted by multiplying the allocation by thirteen and five-tenths percent divided by the enrollment percent.

(3) As used in this section:

(a) "Base allocation" means the total state allocation to all schools in the district generated by the distribution formula under RCW 28A.150.260 (4)(a), (5), (6), and (8) and the allocation under RCW 28A.150.415, to be divided by the district's full-time equivalent enrollment.

(b) "Basic education enrollment" means enrollment of resident students including nonresident students enrolled under RCW 28A.225.225 and students from nonhigh districts enrolled under RCW 28A.225.210 and excluding students residing in another district enrolled as part of an interdistrict cooperative program under RCW 28A.225.250.

(c) "Enrollment percent" means the district's resident ~~((special education))~~ annual average enrollment of students who are eligible for and receiving special education, excluding students ages birth through four and those five year olds not yet enrolled in kindergarten and students enrolled in institutional education programs, as a percent of the district's annual average full-time equivalent basic education enrollment.

~~((d) "Funded enrollment percent" means the lesser of the district's actual enrollment percent or thirteen and five-tenths percent.))~~

Sec. 5. RCW 43.09.2856 and 2018 c 266 s 406 are each amended to read as follows:

(1) Beginning with the 2019-20 school year, to ensure that school district local revenues are used solely for purposes of enriching the state's statutory program of basic education, the state auditor's regular financial audits of school districts must include a review of the expenditure of school district local revenues for compliance with RCW 28A.150.276, including the spending plan approved by the superintendent of public

(3) The use of the state allocation provided for professional learning under RCW 28A.150.415 must be audited as part of the regular financial audits of school districts by the state auditor's office to ensure compliance with the limitations and conditions of RCW 28A.150.415.

Except as provided in subsection (6) of this section, such coverage may be provided by contracts or agreements with private carriers, with the state health care authority, or through self-insurance or self-funding pursuant to chapter 48.62 RCW, or in any other manner authorized by law. Any direct agreement must comply with RCW 48.150.050.

(2)(a) Whenever funds are available for these purposes the board of directors of the school district or educational service district may contribute all or a part of the cost of such protection or insurance for the employees of their respective school districts or educational service districts and their dependents. The premiums on such liability insurance shall be borne by the school district or educational service district.

(b) After October 1, 1990, school districts may not contribute to any employee protection or insurance other than liability insurance unless the district's employee benefit plan conforms to RCW 28A.400.275 and 28A.400.280.

purchase insurance that will provide adequate coverage, as determined by the school district board of directors or the educational service district board, for medical expenses incurred as a result of injury sustained while participating in the extracurricular activity. In establishing such a requirement, the district shall adopt regulations for waiving or reducing the premiums of such coverage as may be offered through the school district or educational service district to students participating in extracurricular activities, for those students whose families, by reason of their low income, would have difficulty paying the entire amount of such insurance premiums. The district board shall adopt regulations for waiving or reducing the insurance coverage requirements for low-income students in order to assure such students are not prohibited from participating in extracurricular interschool activities.

(4) All contracts or agreements for insurance or protection written to take advantage of the provisions of this section shall provide that the beneficiaries of such contracts may utilize on an equal participation basis the services of those practitioners licensed pursuant to chapters 18.22, 18.25, 18.53, 18.57, and 18.71 RCW.

(iii) Offer employees at least one health benefit plan that is not a high deductible health plan offered in conjunction with a health savings account in which the employee share of the premium cost for a full-time employee, regardless of whether the employee chooses employee-only coverage or coverage that includes dependents, does not exceed the share of premium cost paid by state employees during the state employee benefits year that started immediately prior to the school year.

(b) All contracts or agreements for employee benefits must be held to responsible contracting standards, meaning a fair, prudent, and accountable competitive procedure for procuring services that includes an open competitive process, except where an open process would compromise cost-effective purchasing, with documentation justifying the approach.

(c) School districts offering medical, vision, and dental benefits shall also make progress on promoting health care innovations and cost savings and significantly reduce administrative costs.

(d) All contracts or agreements for insurance or protection described in this section shall be in compliance with chapter 3, Laws of 2012 2nd sp. sess.

MOTION

ONE HUNDRED FIFTH DAY, APRIL 28, 2019

2019 REGULAR SESSION

On motion of Senator Pedersen, the rules were suspended and Substitute House Bill No. 1326 was returned to second reading for the purposes of amendment.

MOTION

Senator Pedersen moved that the following striking amendment no. 778 by Senator Pedersen be adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. Sec. 1. This act may be known and cited as Jennifer and Michella's law.

NEW SECTION. Sec. 2. The legislature finds that the state of Washington has for decades routinely required collection of DNA biological samples from certain convicted offenders and persons required to register as sex and kidnapping offenders. The resulting DNA data has proven to be an invaluable component of forensic evidence analysis. Not only have DNA matches focused law enforcement efforts and resources on productive leads, assisted in the expeditious conviction of guilty persons, and provided identification of recidivist and cold case offenders, DNA analysis has also played a crucial role in absolving wrongly suspected and convicted persons and in providing resolution to those who have tragically suffered unimaginable harm.

In an effort to solve cold cases and unsolved crimes, to provide closure to victims and their family members, and to support efforts to exonerate the wrongly accused or convicted, the legislature finds that procedural improvements and measured expansions to the collection and analysis of lawfully obtained DNA biological samples are both appropriate and necessary.

Sec. 3. RCW 43.43.754 and 2017 c 272 s 4 are each amended to read as follows:

(1) A biological sample must be collected for purposes of DNA identification analysis from:

(a) Every adult or juvenile individual convicted of a felony, or any of the following crimes (or equivalent juvenile offenses):

(i) Assault in the fourth degree where domestic violence as defined in RCW 9.94A.030 was pleaded and proven (RCW 9A.36.041, 9.94A.030);

(ii) Assault in the fourth degree with sexual motivation (RCW 9A.36.041, 9.94A.835);

(iii) Communication with a minor for immoral purposes (RCW 9.68A.090);

(iv) Custodial sexual misconduct in the second degree (RCW 9A.44.170);

(v) Failure to register (~~RCW 9A.44.130 for persons convicted on or before June 10, 2010, and RCW 9A.44.132 for persons convicted after June 10, 2010~~) chapter 9A.44 RCW);

(vi) Harassment (RCW 9A.46.020);

(vii) Patronizing a prostitute (RCW 9A.88.110);

(viii) Sexual misconduct with a minor in the second degree (RCW 9A.44.096);

(ix) Stalking (RCW 9A.46.110);

(x) Indecent exposure (RCW 9A.88.010);

(xi) Violation of a sexual assault protection order granted under chapter 7.90 RCW; and

(b) Every adult or juvenile individual who is required to register under RCW 9A.44.130.

(2)(a) A municipal jurisdiction may also submit any biological sample to the laboratory services bureau of the Washington state patrol for purposes of DNA identification analysis when:

(i) The sample was collected from a defendant upon conviction for a municipal offense where the underlying ordinance does not adopt the relevant state statute by reference but the offense is otherwise equivalent to an offense in subsection (1)(a) of this section;

(ii) The equivalent offense in subsection (1)(a) of this section was an offense for which collection of a biological sample was required under this section at the time of the conviction; and

(iii) The sample was collected on or after June 12, 2008, and before January 1, 2020.

(b) When submitting a biological sample under this subsection, the municipal jurisdiction must include a signed affidavit from the municipal prosecuting authority of the jurisdiction in which the conviction occurred specifying the state crime to which the municipal offense is equivalent.

(3) Law enforcement may submit to the forensic laboratory services bureau of the Washington state patrol, for purposes of DNA identification analysis, any lawfully obtained biological sample within its control from a deceased offender who was previously convicted of an offense under subsection (1)(a) of this section, regardless of the date of conviction.

(4) If the Washington state patrol crime laboratory already has a DNA sample from an individual for a qualifying offense, a subsequent submission is not required to be submitted.

~~((3))~~ (5) Biological samples shall be collected in the following manner:

(a) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who do not serve a term of confinement in a department of corrections facility or a department of children, youth, and families facility, and ~~((do serve))~~ are serving a term of confinement in a city or county jail facility, the city or county jail facility shall be responsible for obtaining the biological samples.

(b) The local police department or sheriff's office shall be responsible for obtaining the biological samples for:

(i) Persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who do not serve a term of confinement in a department of corrections facility, ~~((and do not serve a term of confinement in))~~ department of children, youth, and families facility, or a city or county jail facility; and

(ii) Persons who are required to register under RCW 9A.44.130.

(c) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who are serving or who are to serve a term of confinement in a department of corrections facility or a department of ~~((social and health services))~~ children, youth, and families facility, the facility holding the person shall be responsible for obtaining the biological samples as part of the intake process. If the facility did not collect the biological sample during the intake process, then the facility shall collect the biological sample as soon as is practicable. For those persons incarcerated before June 12, 2008, who have not yet had a biological sample collected, priority shall be given to those persons who will be released the soonest.

~~((4))~~ (6) For persons convicted of any offense listed in subsection (1)(a) of this section or adjudicated guilty of an equivalent juvenile offense, who will not serve a term of confinement, the court shall order the person to report to the local police department or sheriff's office as provided under subsection (5)(b)(i) of this section within a reasonable period of time established by the court in order to provide a biological sample. The court must further inform the person that refusal to provide a biological sample is a gross misdemeanor under this section.

(7) Any biological sample taken pursuant to RCW 43.43.752 through 43.43.758 may be retained by the forensic laboratory services bureau, and shall be used solely for the purpose of providing DNA or other tests for identification analysis and prosecution of a criminal offense or for the identification of human remains or missing persons. Nothing in this section prohibits the submission of results derived from the biological samples to the federal bureau of investigation combined DNA index system.

~~((5))~~ (8) The forensic laboratory services bureau of the Washington state patrol is responsible for testing performed on all biological samples that are collected under ~~((subsection (1) or~~ this section, to the extent allowed by funding available for this purpose. ~~((The director shall give priority to testing on samples collected from those adults or juveniles convicted of a felony or adjudicated guilty of an equivalent juvenile offense that is defined as a sex offense or a violent offense in RCW 9A.44.030.))~~ Known duplicate samples may be excluded from testing unless testing is deemed necessary or advisable by the director.

~~((6))~~ (9) This section applies to:

(a) All adults and juveniles to whom this section applied prior to June 12, 2008;

(b) All adults and juveniles to whom this section did not apply prior to June 12, 2008, who:

(d) All samples submitted under subsections (2) and (3) of this section.

~~((7))~~ (10) This section creates no rights in a third person. No cause of action may be brought based upon the noncollection or nonanalysis or the delayed collection or analysis of a biological sample authorized to be taken under RCW 43.43.752 through 43.43.758.

~~((8))~~ (11) The detention, arrest, or conviction of a person based upon a database match or database information is not invalidated if it is determined that the sample was obtained or placed in the database by mistake, or if the conviction or juvenile adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including but not limited to posttrial or postfact-finding motions, appeals, or collateral attacks. No cause of action may be brought against the state based upon the analysis of a biological sample authorized to be taken pursuant to a municipal ordinance if the conviction or adjudication that resulted in the collection of the biological sample was subsequently vacated or otherwise altered in any future proceeding including, but not limited to, posttrial or postfact-finding motions, appeals, or collateral attacks.

~~((9))~~ (12) A person commits the crime of refusal to provide DNA if the person ~~((has a duty to register under RCW 9A.44.130 and the person))~~ willfully refuses to comply with a legal request for a DNA sample as required under this section. The refusal to provide DNA is a gross misdemeanor.

And I am the last one that got out of the Code Reviser's Office but anyway, I'm glad this part is done. So thank you everyone for your support."

PERSONAL PRIVILEGE

Senator Liias: "Thank you Madam President. I join Senator Hobbs in his great comments about our Senate Committee Services and caucus staff who work on transportation but I'd like to particularly single out David Ward, who works for Senate Committee Services, for many many years of wonderful service to the Senate and to the people of Washington State. He is leaving the Senate family to go work at the Joint Transportation Committee. So, he won't be very far away but just wanted to specifically thank David for not just this session but during Connecting Washington. And I, I hate to admit it, even when I was in the House, I appreciated David Ward and his contributions to the transportation negotiations. So, I'm sure that David is watching, particularly want to thank him for his long and dedicated service and we look forward to seeing what comes next for him in public service. Thank you Madam President."

PERSONAL PRIVILEGE

Senator King: "I just want to echo the same sentiments that the previous speaker made. David has been a stalwart in the Transportation Committee, what do we call it? Anyway, Services.

He just does an absolutely great job. His institutional knowledge is what we're going to miss. I think he thinks this is going to the Joint Transportation Committee is going to be like maybe semi-retirement but, David, we have news for you pal, we're going to work you hard over there. But we are very much going to miss you in the Senate Transportation but we wish you well."

SECOND READING

ENGROSSED SECOND SUBSTITUTE HOUSE BILL NO. 2042, by House Committee on Finance (originally sponsored by Fey, Orcutt, Slatter, Doglio, Tharinger and Ramos)

Advancing green transportation adoption.

The measure was read the second time.

MOTION

Senator Saldaña moved that the following committee striking amendment by the Committee on Transportation be not adopted:

Strike everything after the enacting clause and insert the following:

"NEW SECTION. **Sec. 1.** The legislature finds that increasing the rate of adoption of electric vehicles and vessels and other clean alternative fuel vehicles will help to reduce harmful air pollution from exhaust emissions, including greenhouse gas emissions, in the state. The legislature also finds that an increased reliance on greener transit options will help to further reduce harmful air pollution from exhaust emissions. The legislature further finds that support for clean alternative fuel infrastructure can help to increase adoption of green transportation in the state, as noted in a 2015 joint transportation committee report. It is therefore the legislature's intent to drive green vehicle and vessel adoption and increased green transit use by: (1) Establishing and extending tax incentive programs for alternative fuel vehicles and related infrastructure, including for commercial vehicles; (2)

providing funding for a capital grant program to assist transit authorities in reducing the carbon output of their fleets; (3) increasing public and private electric utilities' ability to invest in electric vehicle charging infrastructure; (4) establishing a technical assistance program for public agencies within the Washington State University's energy program; (5) funding a pilot program to test methods for facilitating access to alternative fuel vehicles and alternative fuel vehicle infrastructure by low-income residents of the state; (6) funding a study to examine opportunities to provide financing assistance to lower-income residents of the state who would like to purchase an electric vehicle; and (7) establishing a tax incentive program for certain electric vessels.

Sec. 2. RCW 28B.30.903 and 2010 c 37 s 1 are each amended to read as follows:

(1) The Washington State University extension energy program shall provide information, technical assistance, and consultation on physical plant operation, maintenance, and construction issues to state and local governments, tribal governments, and nonprofit organizations through its plant operations support program. The Washington State University extension energy program may not enter into facilities design or construction contracts on behalf of state or local government agencies, tribal governments, or nonprofit organizations. The plant operations support program created in this section must be funded by voluntary subscription charges, service fees, and other funding acquired by or provided to Washington State University for such purposes.

(2) Subject to the availability of amounts appropriated for this specific purpose, the Washington State University extension energy program shall establish and administer a technical assistance and education program focused on the use of alternative fuel vehicles. Education and assistance may be provided to public agencies, including local governments and other state political subdivisions.

Sec. 3. RCW 47.04.350 and 2015 3rd sp.s. c 44 s 403 are each amended to read as follows:

(1) Subject to the availability of amounts appropriated for this specific purpose, the department's public-private partnership office must develop and maintain a ((pilot)) program to support the deployment of ((electric)) clean alternative fuel vehicle charging and refueling infrastructure that is supported by private financing.

(2) The department must define corridors in which bidders may propose to install electric vehicle charging infrastructure or hydrogen fueling stations, and may update these corridors over time as needed. Alternatively, a bidder may propose a corridor in which the bidder proposes to install electric vehicle infrastructure or hydrogen fueling stations if the department has adopted rules allowing such a proposal and establishing guidelines for how such a proposal will be considered.

(3)(a) For bid proposals under this section, the department must require the following:

(i) Bidders must have private sector partners contributing to the project who stand to gain indirect value from development of the project, such as motor vehicle manufacturers, retail stores, or tourism stakeholders;

(ii) Bidders must demonstrate that the proposed project will be valuable to ((electric)) clean alternative fuel vehicle drivers and will address an existing gap in the state's ((electric vehicle charging station)) low carbon transportation infrastructure;

(iii) Projects must be expected to be profitable and sustainable for the owner-operator and the private partner; and

ONE HUNDRED FIFTH DAY, APRIL 28, 2019

2019 REGULAR SESSION

(iv) Bidders must specify how the project captures the indirect value of charging or refueling station deployment to the private partner.

(b) The department may adopt rules that require any other criteria for a successful project.

(4) In evaluating proposals under this section, the department may use the electric vehicle financial analysis tool that was developed in the joint transportation committee's study into financing electric vehicle charging station infrastructure.

(5)(a) After selecting a successful proposer under this section, the department may provide a loan or grant to the proposer.

(b) Grants and loans issued under this subsection must be funded from the electric vehicle ~~((charging infrastructure))~~ account created in RCW 82.44.200.

(c) Any project selected for support under this section is eligible for only one grant or loan as a part of the ~~((pilot))~~ program.

(6) The department may conduct preliminary workshops with potential bidders and other potential private sector partners to determine the best method of designing and maintaining the ~~((pilot))~~ program, discuss how to develop and maintain the partnerships among the private sector partners that may receive indirect value, and any other issues relating to the implementation and administration of this section. The department should consider regional workshops to engage potential business partners from across the state.

(7) The department must adopt rules to implement and administer this section.

Sec. 4. 2019 c ... (SHB 1512) s 1 (uncodified) is amended to read as follows:

The legislature finds that:

(1) Programs for the electrification of transportation have the potential to allow electric utilities to optimize the use of electric grid infrastructure, improve the management of electric loads, and better manage the integration of variable renewable energy resources. Depending upon each utility's unique circumstances, electrification of transportation programs may provide cost-effective energy efficiency, through more efficient use of energy resources, and more efficient use of the electric delivery system. Electrification of transportation may result in cost savings and benefits for all ratepayers.

(2) State policy can achieve the greatest return on investment in reducing greenhouse gas emissions and improving air quality by expediting the transition to alternative fuel vehicles, including electric vehicles. Potential benefits associated with electrification of transportation include the monetization of environmental attributes associated with carbon reduction in the transportation sector.

(3) Legislative clarity is important for utilities to offer programs and services, including incentives, in the electrification of transportation for their customers. It is the intent of the legislature to allow all utilities to support transportation electrification to further the state's policy goals and achieve parity among all electric utilities, so each electric utility, depending on its unique circumstances, can determine its appropriate role in the development of electrification of transportation infrastructure.

Sec. 5. RCW 80.28.--- and 2019 c ... (SHB 1512) s 4 are each amended to read as follows:

(1) An electric utility regulated by the utilities and transportation commission under this chapter may submit to the commission an electrification of transportation plan that deploys electric vehicle supply equipment or provides other electric transportation programs, services, or incentives to support electrification of transportation ~~((; provided that such electric~~

~~vehicle supply equipment, programs, or services may not increase costs to customers in excess of one quarter of one percent above the benefits of electric transportation to all customers over a period consistent with the utility's planning horizon under its most recent integrated resource plan)). The plans should align to a period consistent with either the utility's planning horizon under its most recent integrated resource plan or the time frame of the actions contemplated in the plan, and may include:~~

~~(a) Any programs that the utility is proposing contemporaneously with the plan filing or anticipates later in the plan period;~~

~~(b) Anticipated benefits of transportation electrification, based on a forecast of electric transportation in the utilities' service territory; and~~

~~(c) Anticipated costs of programs, subject to the restrictions in RCW 80.28.360.~~

(2) In reviewing an electrification of transportation plan under subsection (1) of this section, the commission may consider the following: (a) The applicability of multiple options for electrification of transportation across all customer classes; (b) the impact of electrification on the utility's load, and whether demand response or other load management opportunities, including direct load control and dynamic pricing, are operationally appropriate; (c) system reliability and distribution system efficiencies; (d) interoperability concerns, including the interoperability of hardware and software systems in electrification of transportation proposals; and (e) the benefits and costs of the planned actions ~~((; and (f) the overall customer experience)).~~

(3) The commission must issue an acknowledgment of an electrification of transportation plan within six months of the submittal of the plan. The commission may establish by rule the requirements for preparation and submission of an electrification of transportation plan. An electric utility may submit a plan under this section before or during rule-making proceedings.

Sec. 6. RCW 80.28.360 and 2019 c ... (SHB 1512) s 5 are each amended to read as follows:

(1) In establishing rates for each electrical company regulated under this title, the commission may allow an incentive rate of return on investment through December 31, 2030, on capital expenditures for electric vehicle supply equipment that is deployed for the benefit of ratepayers, provided that the capital expenditures of the utilities' programs or plans in section 5(1) of this act do not increase ((costs to ratepayers)) the annual retail revenue requirement of the utility, after accounting for the benefits of transportation electrification in each year of the plan, in excess of one-quarter of one percent. The commission must consider and may adopt other policies to improve access to and promote fair competition in the provision of electric vehicle supply equipment.

(2) An incentive rate of return on investment under this section may be allowed only if the company chooses to pursue capital investment in electric vehicle supply equipment on a fully regulated basis similar to other capital investments behind a customer's meter. In the case of an incentive rate of return on investment allowed under this section, an increment of up to two percent must be added to the rate of return on common equity allowed on the company's other investments.

(3) The incentive rate of return on investment authorized in subsection (2) of this section applies only to projects which have been installed after July 1, 2015.

(4) The incentive rate of return on investment increment pursuant to this section may be earned only for a period up to the depreciable life of the electric vehicle supply equipment as defined in the depreciation schedules developed by the company

and submitted to the commission for review. When the capital investment has fully depreciated, an electrical company may gift the electric vehicle supply equipment to the owner of the property on which it is located.

(5) By December 31, 2017, the commission must report to the appropriate committees of the legislature with regard to the use of any incentives allowed under this section, the quantifiable impacts of the incentives on actual electric vehicle deployment, and any recommendations to the legislature about utility participation in the electric vehicle market.

NEW SECTION. Sec. 7. This section is the tax preference performance statement for the tax preferences contained in sections 8 through 14, chapter . . . , Laws of 2019 (sections 8 through 14 of this act). The performance statement is only intended to be used for subsequent evaluation of the tax preference. It is not intended to create a private right of action by any party or be used to determine eligibility for preferential tax treatment.

(1) The legislature categorizes the tax preferences as ones intended to induce certain designated behavior by taxpayers, as indicated in RCW 82.32.808(2)(a).

(2) It is the legislature’s specific public policy objective to increase the use of clean alternative fuel vehicles in Washington. It is the legislature’s intent to establish and extend tax incentive programs for alternative fuel vehicles and related infrastructure by: (a) Reinstating the sales and use tax exemption on certain clean alternative fuel vehicles in order to reduce the price charged to customers for clean alternative fuel vehicles; (b) extending the business and occupation and public utility tax credit for clean alternative fuel commercial vehicles and expanding it to include clean alternative fuel infrastructure; (c) extending the sales and use tax exemption for electric vehicle batteries, fuel cells, and infrastructure and expanding it to include the electric battery and fuel cell components of electric buses and zero emissions buses; and (d) extending the leasehold excise tax exemption to tenants of public lands for battery and fuel cell electric vehicle infrastructure.

(3) To measure the effectiveness of the tax preferences in sections 8 through 14, chapter . . . , Laws of 2019 (sections 8 through 14 of this act) in achieving the public policy objectives described in subsection (2) of this section, the joint legislative audit and review committee must evaluate the number of clean alternative fuel vehicles titled in the state.

(4) In order to obtain the data necessary to perform the review in subsection (3) of this section, the department of licensing and the department of revenue must provide data needed for the joint legislative audit and review committee analysis. In addition to the data source described under this subsection, the joint legislative audit and review committee may use any other data it deems necessary.

Sec. 8. RCW 82.04.4496 and 2017 c 116 s 1 are each amended to read as follows:

(1)(a)(i) A person who is taxable under this chapter is allowed a credit against the tax imposed in this chapter according to the gross vehicle weight rating of the vehicle and the incremental cost of the vehicle purchased above the purchase price of a comparable conventionally fueled vehicle. The credit is limited, as set forth in the table below, to the lesser of the incremental cost amount or the maximum credit amount per vehicle purchased, and subject to a maximum annual credit amount per vehicle class.

Gross Vehicle Weight	Incremental Cost Amount	Maximum Credit Amount Per Vehicle	Maximum Annual Credit Per Vehicle Class
----------------------	-------------------------	-----------------------------------	---

Up to 14,000 pounds	((50%)) 75% of incremental cost	\$25,000	\$2,000,000
14,001 to 26,500 pounds	((50%)) 75% of incremental cost	\$50,000	\$2,000,000
Above 26,500 pounds	((50%)) 75% of incremental cost	\$100,000	\$2,000,000

(ii) A person who is taxable under this chapter is allowed a credit against the tax imposed in this chapter for up to fifty percent of the cost to purchase alternative fuel vehicle infrastructure, tangible personal property that will become a component of alternative fuel vehicle infrastructure, and installation and construction of alternative fuel vehicle infrastructure, but excluding the cost of property acquisition and site improvement related to the installation of alternative fuel vehicle infrastructure. The credit is subject to a maximum annual credit amount of two million dollars.

(b) On September 1st of each year, any unused credits from any ~~((weight class))~~ category identified in ~~((the table in))~~ (a) of this subsection must be made available to applicants applying for credits under any other ~~((weight class listed))~~ category identified in (a) of this subsection, subject to the maximum annual and total credit amounts identified in this subsection. The credit established in this section and RCW 82.16.0496 is subject to a maximum annual credit amount of six million dollars, and a maximum total credit amount of thirty-two and one-half million dollars since the credit became available on July 15, 2015.

(c) The credit provided in (a)(i) of this subsection ~~((+))~~ is available for the lease of a vehicle. The credit amount for a leased vehicle is equal to the credit in (a)(i) of this subsection ~~((+))~~ multiplied by the lease reduction factor. The person claiming the credit for a leased vehicle must be the lessee as identified in the lease contract.

(2) A person who is taxable under this chapter is allowed, subject to the maximum annual credit per ~~((vehicle class))~~ category in subsection (1)(a) of this section, a credit against the tax imposed in this chapter for the lesser of twenty-five thousand dollars or ~~((thirty))~~ fifty percent of the costs of converting a commercial vehicle to be principally powered by a clean alternative fuel with a United States environmental protection agency certified conversion.

(3) The total credits under subsection (1)(a)(i) of this section may not exceed the lesser of two hundred fifty thousand dollars or twenty-five vehicles per person per calendar year.

(4) A person may not receive credit under this section for amounts claimed as credits under chapter 82.16 RCW.

(5) Credits are available on a first-in-time basis.

(a) The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed under this section, and RCW 82.16.0496, during any calendar year to exceed six million dollars. The department must provide notification on its web site monthly on the amount of credits that have been applied for, the amount issued, and the amount remaining before the statewide annual limit is reached. In addition, the department must provide written notice to any person who has applied to claim tax credits in excess of the limitation in this subsection.

(b) The department must disallow any credits, or portion thereof, that would cause the total amount of credits claimed beginning July 15, 2015, under this section and RCW 82.16.0496 to exceed thirty-two and one-half million dollars. The department must provide notification on its web site monthly on the total

2019 REGULAR SESSION

amount of credits that have been applied for, the amount issued, and the amount remaining before the statewide limit is reached. In addition, the department must provide written notice to any person who has applied to claim tax credits in excess of the limitation in this subsection.

(6) For the purposes of the limits provided in this section, a credit must be counted against such limits for the calendar year in which the credit is earned.

(7) To claim a credit under this section a person must electronically file with the department all returns, forms, and any other information required by the department, in an electronic format as provided or approved by the department. No refunds may be granted for credits under this section.

(9) A person applying for credit under subsection (8) of this section may apply for multiple vehicles on the same application, but the application must include the required information for each vehicle included in the application. A separate application is required for infrastructure-related items, but all infrastructure-related items at a single location may be included in a single application provided the required information for each infrastructure-related item is included in the application.

(10) To administer the credits, the department must, at a minimum:

(a) Provide notification on its web site monthly of the amount of credits that have been applied for, claimed, and the amount remaining before the statewide annual limit ~~((is))~~ and total limit are reached;

(b) A credit is earned when the purchaser or the lessee takes receipt of the qualifying commercial vehicle or infrastructure-related item, the vehicle conversion is complete, or the construction or installation of the infrastructure is complete.

(13) A credit earned during one calendar year may be carried over to be credited against taxes incurred in the subsequent calendar year, but may not be carried over a second year.

(14)(a) Beginning November 25, 2015, and on the 25th of February, May, August, and November of each year thereafter, the department must notify the state treasurer of the amount of credits taken under this section as reported on returns filed with the department during the preceding calendar quarter ending on the last day of December, March, June, and September, respectively.

(b) On the last day of March, June, September, and December of each year, the state treasurer, based upon information provided by the department, must transfer a sum equal to the dollar amount of the credit provided under this section from the multimodal transportation account to the general fund.

(15) The department must conduct outreach to interested parties to obtain input on how best to streamline the application

process required for the credit made available in this section and RCW 82.16.0496 to further adoption of alternative fuel technologies in commercial vehicle fleets, and must incorporate the findings resulting from this outreach effort into the rules and practices it adopts to implement and administer this section and RCW 82.16.0496 to the extent permitted under law.

- (iv) Are being sold for the first time after modification.

~~((i))~~ ~~(h)~~ "Residual value" means the lease-end value of the vehicle as determined by the lessor, at the end of the lease term included in the lease contract.

NEW SECTION. Sec. 9. A new section is added to chapter 82.08 RCW to read as follows:

(1) Beginning with sales made or lease agreements signed on or after the qualification period start date:

(a) The tax levied by RCW 82.08.020 does not apply as provided in (b) of this subsection to sales or leases of new or used passenger cars, light duty trucks, and medium duty passenger vehicles that:

(i) Are exclusively powered by a clean alternative fuel; or
(ii) Use at least one method of propulsion that is capable of being reenergized by an external source of electricity and are capable of traveling at least thirty miles using only battery power; and

(iii)(A) Have a vehicle selling price plus trade-in property of like kind for purchased vehicles that:

(I) For a vehicle that is a new vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed forty-five thousand dollars; or

(II) For a vehicle that is a used vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed thirty thousand dollars; or

(B) Have a fair market value at the inception of the lease for leased vehicles that:

(I) For a vehicle that is a new vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed forty-five thousand dollars; or

(II) For a vehicle that is a used vehicle at the time of the purchase date or the date the lease agreement was signed, does not exceed thirty thousand dollars;

(b)(i) The exemption in this section is applicable for up to the amounts specified in (b)(ii) or (iii) of this subsection of:

(A) The total amount of the vehicle's selling price, for sales made; or

(B) The total lease payments made plus any additional selling price of the leased vehicle if the original lessee purchases the leased vehicle before the qualification period end date, for lease agreements signed.

(ii) Based on the purchase date or the date the lease agreement was signed of the vehicle if the vehicle is a new vehicle at the time of the purchase date or the date the lease agreement was signed:

(A) From the qualification period start date until July 31, 2021, the maximum amount eligible under (b)(i) of this subsection is thirty-two thousand dollars;

(B) From August 1, 2021, until July 31, 2023, the maximum amount eligible under (b)(i) of this subsection is twenty-four thousand dollars;

(C) From August 1, 2023, until July 31, 2025, the maximum amount eligible under (b)(i) of this subsection is sixteen thousand dollars.

(iii) If the vehicle is a used vehicle at the time of the purchase date or the date the lease agreement was signed, the maximum amount eligible under (b)(i) of this subsection is sixteen thousand dollars.

(2) The seller must keep records necessary for the department to verify eligibility under this section. A person claiming the exemption must also submit itemized information to the department for all vehicles for which an exemption is claimed that must include the following: Vehicle make; vehicle model; model year; whether the vehicle has been sold or leased; date of sale or start date of lease; length of lease; sales price for purchased vehicles and fair market value at the inception of the lease for leased vehicles; and the total amount qualifying for the incentive claimed for each vehicle, in addition to the future monthly amount to be claimed for each leased vehicle. This information must be provided in a form and manner prescribed by the department.

(3)(a) The department of licensing must maintain and publish a list of all vehicle models that meet the qualifying criteria in subsection (1)(a)(i) or (ii) of this section and section 10(1)(a)(i) or (ii) of this act until the expiration date of this section, and is authorized to issue final rulings on vehicle model qualification for these criteria. A seller is not responsible for repayment of the tax exemption under this section and section 10 of this act for a vehicle if the department of licensing's published list of qualifying vehicle models on the purchase date or the date the lease agreement was signed includes the vehicle model and the department of licensing subsequently removes the vehicle model from the published list, provided the vehicle meets the applicable qualifying criterion under subsection (1)(a)(iii) of this section and section 10(1)(a)(iii) of this act.

(b) The department of revenue retains responsibility for determining whether a vehicle meets the applicable qualifying criterion under subsection (1)(a)(iii) of this section and section 10(1)(a)(iii) of this act.
