Notes

The brief descriptions and digest paragraphs in this digest were prepared by the employees of the legislature as a guide to interested persons concerned with the various measures pending before the legislature. Brief descriptions and digest paragraphs are not offered in substitution of or supplementary to the official titles and official text of the legislative measures. The brief descriptions and digest paragraphs are not intended to constitute any part of the law, are not in any manner adopted or acted upon by the legislature, and are in no way evidence of the intent of the legislature.

If the only action on a bill for a session is "By resolution, reintroduced and retained in present status." and no action other than "By resolution, reintroduced and retained in present status." occurs in subsequent sessions in the two-year legislative cycle for that bill, the history for those sessions will not be printed in this publication.

Companion bills are shown for original bills only.

The brief description for each bill family shows only once on the original bill unless there is a change in the brief description for a later version of the bill.

HOW TO USE THE "LEGISLATIVE DIGEST AND HISTORY OF BILLS"

The *Legislative Digest and History of Bills* is a joint legislative publication which is published after the final legislative session each year.

During the legislative session, a daily *Legislative Digest* is available. Use the daily *Legislative Digest* to keep up with the new introductions (including substitute bills) and the amendments to the various measures in between publications of the *Legislative Digest and History of Bills*. (A "-S" or "-S2" following the bill number indicates a substitute, e.g., SB 5009-S, HB 1071-S2.) The latest legislative history on the measures is also provided in the *Legislative Digest* publication.

This publication consists of three parts:

- (1) Digest paragraphs and legislative actions on all measures (bills);
- (2) RCW - Bill Table;
- (3) Topical Index; and
- (4) Session Law Chapter to Bill Table

DIGEST PARAGRAPHS AND LEGISLATIVE ACTIONS

This portion consists of the following:

- (1) The summary digest paragraphs and legislative actions on all bills, joint memorials, joint resolutions, concurrent resolutions, and floor resolutions considered by the House or Senate during the legislative session;
- (2) Summary paragraph and legislative actions on gubernatorial appointments submitted to and being considered by the Senate;
- (3) The listing of the bills a member has sponsored along with an indication of prime sponsorship; and
- (4) The special status of legislation reports for the Senate and the House.

The bulk of the *Legislative Digest and History of Bills* is formed by an in-sequence listing of measures. In this listing are included the measure number, the legislative and "by-request" sponsors, the latest digest paragraphs, and the bill histories. This portion of the publication is divided into two sections: Senate measures and House measures. Initiatives, bills, joint memorials, joint resolutions, concurrent resolutions, floor resolutions, and gubernatorial appointments are included as measures.

Reports on the special status of legislation follow the Senate and House digest history portion of the book. The reports are listed as they become available as legislation progresses down the path toward enactment. A full listing of the reports available in a particular *Legislative Digest and History of Bills* is found on the Index Page of the *Legislative Digest and History of Bills* beginning on page one. Several examples of these reports are:

- (1) Senate Bills Introduced by Members
(Prime sponsorship is noted by a bullet (large dot) before the bill number;)
- (2) Senate Bills Introduced by Request;
- (3) Senate Bills Passed by the Senate;
- (4) Senate Bills Passed by the Senate and House;
- (5) Senate Bills Failed to Pass the House;
- (6) Senate Bills Passed Both Houses Showing Executive Action; and
- (7) Governor's Messages on Bills Vetoed or Partially Vetoed
VO - Veto overridden
PV - Partial Veto
V - Veto

Comparable reports are supplied for the House Bills. (See Table of Contents for page numbers.)

RCW - BILL TABLE

The *Legislative Digest and History of Bills* contains a table which lists the statutes being affected by the current bills. This table is widely used by legislative drafters as well as all other attorneys concerned with the legislative process. The "S" found preceding the bill numbers in this table means that the bill being referred to is the substitute version. All first substitutes are noted by an "S" preceding the bill number; second, third, etc., are noted by 2S, 3S, etc.; e.g.,

38.03.030	AMD	SHB	1301*
38.03.040	AMD	SHB	1375+
39.07.060	REP	2SSB	5111

The "RCW (Statute Number) to Bill Number Table" lists in code section number order the sections in the Revised Code of Washington (RCW) that are the subject matter of current legislation. The action the bill takes on the section is listed with the following abbreviations: ADD (adding a new section or section to a code chapter or code title), AMD (amending), DECD (decodifying), RECD (recodifying), REMD (reenacting and amending), REEN (reenacting), and REP (repealing). It is especially useful in the closing days of the session to determine whether a code section currently under consideration by the legislature may already have been repealed or amended during the session, in which event the earlier action must be taken in cognizance. In addition to being included in the *Legislative Digest and History of Bills*, an electronic version of this table is available at Washington State Legislative website. The URL to the website is <http://www.leg.wa.gov>, choose Bill Info and then RCW to Bill Table.

The symbols on the table indicate whether the amended section or the new section has passed the legislature or has been signed into law or vetoed by the Governor. A "p" following the bill number means that the legislature has passed the bill. An asterisk ("*") means that executive action or inaction has been recorded upon the bill during the first year of the two-year legislative cycle. A plus sign ("+") means that executive action or inaction has been recorded upon the bill during the second year of the two-year legislative cycle. Generally, the "*" and "+" mean that the Governor has signed the bill into law with or without a partial veto.

TOPICAL INDEX

The Topical Index is at the end of the *Legislative Digest and History of Bills*. The Topical Index entries are entered soon after the bills are introduced on the floor, so that researchers can search the text of the index for measures related to their issue. Various symbols are found in the index which aid in determining the type of measures to which the index entry refers. The table of abbreviated symbols for the Topical Index is found on the page beginning the Topical Index section.

Companion Bill: 1454

Changing tuition waivers for families of fallen veterans and national guard members.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that, subject to the conditions in this act, the governing boards of the state universities, the regional universities, The Evergreen State College, and the community colleges, shall waive all tuition and fees for the following persons: (1) A child and the spouse of an eligible veteran or national guard member who became totally disabled as defined in RCW 28B.15.385 while engaged in active federal military or naval service, or who is determined by the federal government to be a prisoner of war or missing in action; and

(2) A child and the surviving spouse of an eligible veteran or national guard member who lost his or her life while engaged in active federal military or naval service.

Provides that a child must be a Washington domiciliary between the age of seventeen and twenty-six to be eligible for the tuition waiver and a child's marital status does not affect eligibility.

Declares that a surviving spouse must be a Washington domiciliary, and has ten years from the date of the death, total disability as defined in RCW 28B.15.385, or federal determination of prisoner of war or missing in action status of the eligible veteran or national guard member to receive the benefit. Upon remarriage, the surviving spouse is ineligible for the tuition waiver.

Provides that each recipient's continued participation is subject to the school's satisfactory progress policy.

SB 5002-S by Senate Committee on Higher Education (originally sponsored by Senators Hewitt, Pflug, Honeyford, Swecker, Morton, Stevens, Parlette, Delvin, McCaslin, Schoesler, and Sheldon)

Chapter 450, 2007 Laws.
Effective date 7/22/2007.

SB 5003 by Senator Pflug

Concerning the state parks and recreation commission centennial 2013 account.

Finds that the last major state funding dedicated for state parks' capital improvements occurred in the early 1970s and, as stewards of the future, it is necessary once again to dedicate revenues to restore and renovate our park system, ensuring that future generations may enjoy the same first-rate public park system as prior generations.

Declares an intent to create the state parks and recreation commission centennial 2013 account from which funds shall be used to eliminate the parks' maintenance backlog and complete the critical renovations identified in the state parks and recreation commission's centennial 2013 plan.

Appropriates the sum of one hundred sixty-five million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the state parks and recreation commission centennial 2013 account, created in this act, for the purposes of this act.

SB 5005 by Senators Brandland and Fraser; by request of Department of Community, Trade, and Economic Development

Companion Bill: 1068

Increasing nonconstruction loan limits for projects using financing through the public works board.

Finds that it is in the state's best fiscal interest to ensure that community infrastructure projects are ready to proceed when applying for and receiving public works board approved construction loans. Many jurisdictions use portions of their construction loans to pay for nonconstruction activities, such as planning and preconstruction, to get ready for construction. This means some of the construction phase takes place at the end of the loan agreement, and requires jurisdictions to request loan extensions.

Recognizes this type of financing strategy slows down the expenditure of funds, limits the amount of funding available for construction loans, and increases the amount requested for reappropriation.

SB 5007 by Senators Jacobsen and McCaslin

Companion Bill: 1002

Modifying the sales and use taxation of vessels.

(SEE ALSO PROPOSED 1ST SUB)

Declares that the tax levied by RCW 82.08.020 does not apply to sales to individuals who are nonresidents of this state of vessels thirty feet or longer for use outside this state, even though delivery is made within this state, when the individual purchasing the vessel: (1) Is a bona fide resident of a state or possession or province of Canada other than the state of Washington; and

(2) Purchases and displays a valid use permit.

Declares that the provisions of chapter 82.12 RCW do not apply in respect to the use by individuals who are nonresidents of this state of vessels thirty feet or longer when the individual: (1) Is a bona fide resident of a state or possession or province of Canada other than the state of Washington; and

(2) Purchases and displays a valid use permit from a vessel dealer in this state as required in this act within sixty days of the date that the vessel was first brought into the state.

SB 5007-S by Senate Committee on Ways & Means (originally sponsored by Senators Jacobsen and McCaslin)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that the tax levied by RCW 82.08.020 does not apply to sales to nonresident individuals of vessels thirty feet or longer if an individual purchasing a vessel purchases and displays a valid use permit.

Requires that an individual claiming exemption from retail sales tax under this act must display proof of his or her current nonresident status at the time of purchase.

Declares that the provisions of chapter 82.12 RCW do not apply in respect to the use of a vessel thirty feet or longer if a nonresident individual: (1) Purchased the vessel from a vessel dealer in accordance with this act;

(2) Purchased the vessel in the state from a person other than a vessel dealer, but the nonresident individual purchases and displays a valid use permit from a vessel dealer within fourteen days of the date that the vessel is purchased in this state; or

(3) Acquired the vessel outside the state, but purchases and displays a valid use permit from a vessel dealer within fourteen days of the date that the vessel is first brought into this state.

Companion Bill: 1452

Creating associate faculty positions for part-time faculty at community and technical colleges.

Requires each community and technical college to develop a new senior faculty position for nontenure track, part-time professors to be officially called associate faculty.

Declares that nontenure track faculty are eligible for associate faculty status after having taught for nine quarters.

Requires that, at a minimum, associate faculty shall have the following privileges conferred on them as a result of their seniority: (1) The right of first refusal on available departmental courses up to the equivalent of a full-time teaching load each year for fall, winter, and spring quarters;

(2) The right to bump other nontenure track faculty in the event the associate faculty member's course is canceled;

(3) The right to be paid thirty-three percent of their contract by the college in the event there is no one with less seniority to bump and the associate faculty member's class is canceled;

(4) Their names and qualifications appearing in the college's biennial catalogs;

(5) The right to receive annual contracts with the equivalent of full-time teaching loads; and

(6) Annual contracts presumed to be automatically renewable.

SB 5020-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Jacobsen, McCaslin, Poulsen, Delvin, Kilmer, Kline, Franklin, Murray, and Kohl-Welles)

Regarding higher education faculty salaries.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares it is the purpose of this act to address growing concerns about the academic staffing crisis in the state's public two-year colleges. Staffing issues, including the overuse of adjunct faculty along with the shrinking ranks of full-time tenured faculty, limit the ability of the state system of higher education to provide high quality education, improve graduation rates, conduct research, and provide support for economic development.

Declares that it is the goal of this act to increase the number of positions designated as full-time tenure-track faculty positions by ten percent in each individual college by 2013. The base number shall be the number of full-time tenure-track positions budgeted in fall quarter 2006, including those positions not currently filled.

Declares it is further the goal of this act to have salaries in institutions of higher education that will attract and retain the best faculty possible to educate the citizens of Washington state. Faculty salaries are of particular concern because average salaries for two-year faculty are substantially below average salaries in comparable global challenge states.

Declares it is the purpose of this act to address growing concerns about the academic staffing crisis in higher education.

Staffing issues limit the ability of the state system of higher education to provide high quality education, improve retention rates, conduct research, and provide support for economic development. Faculty salaries are of particular concern because the salaries for four-year faculty are in the bottom quarter of comparable global challenge states. The legislature finds that in order to attract the highest quality faculty, the salaries should be in the top quarter of global challenge states.

Companion Bill: 1024

Phasing out the use of polybrominated diphenyl ethers.

(SEE ALSO PROPOSED 1ST SUB)

Finds that polybrominated diphenyl ethers (PBDEs) have been used extensively as flame retardants in a large number of common household products for the past thirty years. Studies on animals show that PBDEs can impact the developing brain, affecting behavior and learning after birth and into adulthood, making exposure to fetuses and children a particular concern. Levels of PBDEs are increasing in people, and in the environment, particularly in North America. Because people can be exposed to these chemicals through house dust and indoor air as well as through food, it is important to phase out their use in common household products, provided that effective flame retardants that are safer and technically feasible are available at a reasonable cost.

Requires that, by December 15, 2008, the department and the department of health shall review risk assessments, scientific studies, and other relevant findings regarding alternatives to the use of commercial deca-bde in residential upholstered furniture, televisions, and computers.

Requires the department and the department of health to document their findings and the findings of the fire safety committee in a report to the legislature by December 15, 2008. The report must also include any additional evidence of the potential harm posed by deca-bde.

Provides that, if the department and the department of health jointly find, by December 15, 2008, that an effective flame retardant that is safer than commercial deca-bde and technically feasible for use in residential upholstered furniture, televisions, or computers is not available or if the fire safety committee finds that an alternative to commercial deca-bde does not meet applicable fire safety standards, the department shall by rule grant an exemption to allow for the manufacture, sale, or distribution of products prohibited from manufacture, sale, or distribution under this act.

Provides that a manufacturer of products containing PBDEs in violation of this act is punishable by a civil penalty not to exceed one thousand dollars for each violation in the case of a first offense. Manufacturers who are repeat violators are liable for a civil penalty not to exceed five thousand dollars for each repeat offense. Penalties collected under this section must be deposited in the state toxics control account created in RCW 70.105D.070.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that polybrominated diphenyl ethers (PBDEs) have been used extensively as flame retardants in a large number of common household products for the past thirty years. Studies on animals show that PBDEs can impact the developing brain, affecting behavior and learning after birth and into adulthood, making exposure to fetuses and children a particular concern. Because people can be exposed to these chemicals through house dust and indoor air as well as through food, it is important to phase out their use in common household products, provided that effective flame retardants that are safer and technically feasible are available at a reasonable cost.

Provides that no ban on deca-bde in televisions, computers, or upholstered furniture may go into effect until the department, the department of health, and the fire safety committee determine that a safer and technically feasible alternative that meets applicable fire safety standards is available.

Requires that, by December 15, 2008, the department and the department of health shall review risk assessments, scientific studies, and other relevant findings regarding alternatives to the use of commercial deca-bde in residential upholstered furniture, televisions, and computers.

Requires the department and the department of health to document their findings and the findings of the fire safety committee in a report to the legislature by December 15, 2008. The report must also include any additional evidence of the potential harm posed by deca-bde.

Provides that, if the department and the department of health jointly find, by December 15, 2008, that an effective flame retardant that is safer than commercial deca-bde and technically feasible for use in residential upholstered furniture, televisions, or computers is not available or if the fire safety committee finds that an alternative to commercial deca-bde does not meet applicable fire safety standards, the department shall by rule grant an exemption to allow for the manufacture, sale, or distribution of products prohibited from manufacture, sale, or distribution under this act.

Declares that nothing in this act restricts the ability of a manufacturer, importer, or distributor from transporting products containing PBDEs through the state, or storing the products in the state for later distribution outside the state.

Provides that a manufacturer of products containing PBDEs that are restricted under this act must notify persons that sell the manufacturer's products in this state about the provisions of this act no less than ninety days prior to the effective date of the restrictions.

Provides that a manufacturer of products containing PBDEs in violation of this act is punishable by a civil penalty not to exceed one thousand dollars for each violation in the case of a first offense. Manufacturers who are repeat violators are liable for a civil penalty not to exceed five thousand dollars for each repeat offense. Penalties collected under this section must be deposited in the state toxics control account created in RCW 70.105D.070.

SB 5037 by Senators Eide, Weinstein, Murray, Berkey, Regala, Rockefeller, Kauffman, Keiser, Spanel, Jacobsen, and Kohl-Welles

Companion Bill: 1868

Restricting the use of a wireless communications device while operating a moving motor vehicle.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to phase out the use of hand-held wireless communications devices by motorists while operating a vehicle.

Declares that enforcement of this act by law enforcement officers may be accomplished only as a secondary action when a driver of a motor vehicle has been detained for a suspected violation of this title or an equivalent local ordinance or some other offense.

SB 5037-S by Senate Committee on Transportation (originally sponsored by Senators Eide, Weinstein, Murray, Berkey, Regala, Rockefeller, Kauffman, Keiser, Spanel, Jacobsen, and Kohl-Welles)

(DIGEST AS ENACTED)

Declares an intent to phase out the use of hand-held wireless communications devices by motorists while operating a vehicle.

Does not apply to a person operating: (1) An authorized emergency vehicle, or a tow truck responding to a disabled vehicle;

(2) A moving motor vehicle using a wireless communications device in hands-free mode;

(3) A moving motor vehicle using a hand-held wireless communications device to: (a) report illegal activity; (b) summon medical or other emergency help; (c) prevent injury to a person or property;

(4) A moving motor vehicle while using a hearing aid.

Does not restrict the operation of an amateur radio station by a person who holds a valid amateur radio operator license issued by the federal communications commission.

Declares that enforcement of this act by law enforcement officers may be accomplished only as a secondary action when a driver of a motor vehicle has been detained for a suspected violation of Title 46 RCW or an equivalent local ordinance or some other offense.

Provides that infractions that result from the use of a wireless communications device while operating a motor vehicle under this act shall not become part of the driver's record under RCW 46.52.101 and 46.52.120. Additionally, a finding that a person has committed a traffic infraction under this act shall not be made available to insurance companies or employers.

Companion Bill: 1001

Combating auto theft.

Declares that it is the intent of this act to deter motor vehicle theft through a statewide cooperative effort by combating motor vehicle theft through tough laws, supporting law enforcement activities, improving enforcement and administration, effective prosecution, public awareness, and meaningful treatment for first time offenders where appropriate. It is also the intent to ensure that adequate funding is provided to implement this act in order for real, observable reductions in the number of auto thefts in Washington state.

Establishes the Washington auto theft prevention authority.

Requires the Washington auto theft prevention authority to initially convene at the call of the chief of the Washington state patrol, or the chief's designee, no later than the third Monday in January 2008. Subsequent meetings of the authority shall be at the call of the chair or seven members.

Provides that, beginning July 1, 2007, a surcharge of fifty cents every six months per insured automobile shall be charged by each insurer to each person purchasing automobile insurance, which will be in addition to any other charge authorized by law. The insurance commissioner may retain up to two percent of the funds collected to administer collection. The remaining funds shall be transmitted monthly to the state treasurer who will deposit the funds into the Washington auto theft prevention authority account created in this act. The funds will be used to carry out the Washington auto theft prevention authority program duties and functions as set forth in this act.

Provides that any homeowner may file an action in tort against the builder, general contractor, subcontractor, material supplier, individual product manufacturer, or design professional to recover damages arising out of, or related to deficiencies in, the construction, design, specifications, surveying, planning, supervision, or testing of the homeowner's residence. This act applies to original construction intended to be sold as an individual dwelling unit as well as remodeling construction on an existing residence. This act does not apply to condominium conversions.

Declares that no action for damages under this act shall be maintained unless it is commenced within four years of the date the claimant discovered, or with reasonable diligence should have discovered, that a standard listed in this act was not followed.

Creating the office of the ombudsman for workers of industrial insurance self-insured employers.

(SUBSTITUTED FOR - SEE 1ST SUB)

Creates the office of the ombudsman for workers of industrial insurance self-insured employers.

Requires that any ombudsman authorized by chapter 51.14 RCW shall have training or experience, or both, in the following areas: (1) Industrial insurance including self-insurance programs;

(2) The legal system;

(3) Dispute or problem resolution techniques, including investigation, mediation, and negotiation.

Declares that the ombudsman program shall have the following powers and duties: (1) To act as an advocate for injured workers of self-insured employers;

(2) To offer and provide information on industrial insurance as appropriate to workers of self-insured employers;

(3) To identify, investigate, and facilitate resolution of industrial insurance complaints from workers of self-insured employers;

(4) To maintain a statewide toll-free telephone number for the receipt of complaints and inquiries; and

(5) To refer complaints to the department when appropriate.

Requires that to provide start-up funding for the ombudsman's office, the department shall impose a one-time assessment on all self-insurers. The amount of the assessment shall be determined

by the department and shall not exceed the amount needed to pay the start-up costs.

Provides that ongoing funding for the office shall be obtained as part of an annual administrative assessment of self-insurers under RCW 51.44.150. This assessment shall be proportionately based on the number of claims for each self-insurer during the past year.

Directs the ombudsman to provide the governor with an annual report that includes the following: (1) A description of the issues addressed during the past year and a very brief description of case scenarios in a form that does not compromise confidentiality;

(2) An accounting of the monitoring activities by the ombudsman; and

(3) An identification of the deficiencies in the industrial insurance system related to self-insurers, if any, and recommendations for remedial action in policy or practice.

Provides that the first annual report shall be due on or before October 1, 2007. Subsequent reports shall be due on or before October 1st.

-- 2007 REGULAR SESSION --

Jan 9 First reading, referred to Ways & Means.

SB 5070 by Senators Carrell, Regala, Hargrove, Kline, Weinstein, Stevens, Brandland, Parlette, McCaslin, Kastama, Holmquist, Zarelli, Pridemore, Schoesler, Clements, Rasmussen, Swecker, Roach, Franklin, Delvin, Sheldon, Eide, Spanel, Hewitt, Hatfield, Keiser, Pflug, McAuliffe, Berkey, Haugen, Fairley, Murray, Tom, Kohl-Welles, Shin, and Kilmer

Changing provisions affecting offenders who are leaving confinement.

Declares that the purpose of this act is to improve public safety by better preparing offenders while incarcerated, and continuing those efforts for those recently released from prison or jail, for successful, productive, and healthy transitions to their communities. Educational, employment, and treatment opportunities should be designed to address individual deficits and give offenders the tools necessary to function in society. In order to foster this successful reintegration, this act recognizes the importance of a strong partnership between the department of corrections, local governments, law enforcement, social service providers, and interested members of communities across our state.

SB 5070-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Carrell, Regala, Hargrove, Kline, Weinstein, Stevens, Brandland, Parlette, McCaslin, Kastama, Holmquist, Zarelli, Pridemore, Schoesler, Clements, Rasmussen, Swecker, Roach, Franklin, Delvin, Sheldon, Eide, Spanel, Hewitt, Hatfield, Keiser, Pflug, McAuliffe, Berkey, Haugen, Fairley, Murray, Tom, Kohl-Welles, Shin, and Kilmer)

(SUBSTITUTED FOR - SEE 2ND SUB)

Asserts that recidivism can be reduced and a substantial cost savings can be realized by utilizing evidence-based, research-based, and promising programs to address offender deficits, developing and better coordinating the reentry efforts of state and local governments and local communities. Research shows that if quality assurances are adhered to, implementing an optimal portfolio of evidence-based programming options for offenders who are willing to take advantage of such programs can have a notable impact on recidivism.

Recognizes that recidivism cannot be eliminated and that a significant number of offenders are unwilling or unable to work to develop the tools necessary to successfully reintegrate into society, the interests of the public overall are better served by better preparing offenders while incarcerated, and continuing those efforts for those recently released from prison or jail, for successful, productive, and healthy transitions to their communities. Educational, employment, and treatment opportunities should be designed to address individual deficits and ideally give offenders the ability to function in society. In order to foster reintegration, this act recognizes the importance of a strong partnership between the department of corrections, local governments, law enforcement, social service providers, and interested members of communities across our state.

SB 5070-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Carrell, Regala, Hargrove, Kline, Weinstein, Stevens, Brandland, Parlette, McCaslin, Kastama, Holmquist, Zarelli, Pridemore, Schoesler, Clements, Rasmussen, Swecker, Roach, Franklin, Delvin, Sheldon, Eide, Spanel, Hewitt, Hatfield, Keiser, Pflug, McAuliffe, Berkey, Haugen, Fairley, Murray, Tom, Kohl-Welles, Shin, and Kilmer)

(AS OF SENATE 2ND READING 3/10/2007)

Asserts that recidivism can be reduced and a substantial cost savings can be realized by utilizing evidence-based, research-based, and promising programs to address offender deficits, developing and better coordinating the reentry efforts of state and local governments and local communities. Research shows that if quality assurances are adhered to, implementing an optimal portfolio of evidence-based programming options for offenders who are willing to take advantage of such programs can have a notable impact on recidivism.

Recognizes that recidivism cannot be eliminated and that a significant number of offenders are unwilling or unable to work to develop the tools necessary to successfully reintegrate into society, the interests of the public overall are better served by better preparing offenders while incarcerated, and continuing those efforts for those recently released from prison or jail, for successful, productive, and healthy transitions to their

communities. Educational, employment, and treatment opportunities should be designed to address individual deficits and ideally give offenders the ability to function in society. In order to foster reintegration, this act recognizes the importance of a strong partnership between the department of corrections, local governments, law enforcement, social service providers, and interested members of communities across our state.

Provides that the act shall be null and void if appropriations are not approved.

Companion Bill: 1108

Concerning visitation rights for grandparents.

Recognizes that the recent Washington State Supreme Court decision in *In re Parentage of C.A.M.A.* reaffirmed that Washington's grandparent visitation statutes are unconstitutional. It is the intent of the legislature to bring the law in line with the court's holding in that case, in order to ensure that grandparents have a viable means of petitioning the court for visitation with their grandchildren.

Repeals RCW 26.09.240.

SB 5075 by Senators Honeyford, Rasmussen, Hewitt, Clements, Schoesler, Roach, and Parlette

Authorizing outdoor burning within an urban growth area to protect life or property from a fire hazard.

(SEE ALSO PROPOSED 1ST SUB)

Provides that outdoor burning of cut brush or timber material is allowed within the urban growth area as defined in this act if the burning is not conducted during an air quality episode, or where a determination of impaired air quality has been made as provided in RCW 70.94.473, and the local fire official has determined in writing that burning of the material is an appropriate method to protect life or property from a fire hazard.

SB 5075-S by Senate Committee on Water, Energy & Telecommunications (originally sponsored by Senators Honeyford, Rasmussen, Hewitt, Clements, Schoesler, Roach, and Parlette)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, in rural counties with a population density of fewer than one hundred persons per square mile, as determined by the office of financial management, cut brush and timber may be burned within an urban growth area as defined by RCW 36.70A.030 to protect life or property from a fire hazard when a federal, state, or local fire official has determined in writing that the material at the site poses a fire hazard and that properly burning the material is an appropriate method to eliminate the hazard, unless: (1) The urban growth area is within an area of the state identified as nonattainment or maintenance for federal ambient air quality standards for pollutants emitted by outdoor burning;

(2) There is an air quality episode, or a determination of impaired air quality has been made as provided in RCW 70.94.473; or

(3) The department or local air authorities have identified either alternative disposal methods or facilities, or both that are: Located within a reasonable distance; consistent with good solid-waste management practices and will accept the type and volume of organic refuse; and available at a reasonable cost, including any anticipated labor, material, and equipment costs incurred to handle, pile, chip, haul, or dispose of the material, that is less than or equivalent to the median of all county tipping fees in the state for disposal of municipal solid waste.

SB 5080-S by Senate Committee on Transportation (originally sponsored by Senators Marr, Swecker, Murray, Weinstein, Kauffman, Rasmussen, Hatfield, Hobbs, Berkey, Pridemore, Regala, Tom, McCaslin, Oemig, Jacobsen, and Rockefeller)

Extending tire replacement fees.

(AS OF SENATE 2ND READING 4/4/2007)

Extends the time period for waste tire removal fees and revises the disposition of the fees.

Restates the goal to fully clean up unauthorized waste tire piles in Washington state in an expeditious fashion. In partnership with local governments and the private sector, the legislature encourages ongoing efforts to prevent the creation of future unauthorized waste tire piles. The legislature notes a positive trend in tire recycling in recent years and encourages all parties to continue these strong recycling efforts.

Provides that, on September first of even-numbered years, the department of ecology shall provide a report to the house and senate transportation committees on the progress being made on the cleanup of unauthorized waste tire piles in the state and efforts underway to prevent the formation of future unauthorized waste tire piles. The report should detail any additional unauthorized waste tire piles discovered since the last report and present a plan to clean up these new unauthorized waste tire piles if they have not already done so, as well as include a listing of authorized waste tire piles and transporters. The report shall also include the status of funds available to the program and a needs assessment of the program. On September 1, 2008, the department shall also make recommendations to the committees for an ongoing program to prevent the formation of future unauthorized waste tire piles. Such a program, if required, must include joint efforts with local governments and the tire industry.

SB 5087 by Senators Haugen, Swecker, and Murray

Addressing Washington state compliance with the federal REAL ID Act of 2005.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that a state agency or program may not expend funds to implement or comply with the REAL ID Act of 2005, P.L. 109-13, unless: (1) The requirements of this act are met; and

(2) Federal funds are received by the state of Washington and are: (a) allocated to fund the implementation of the REAL ID Act of 2005 in the state; and (b) in amounts sufficient to cover the costs of the state implementing or complying with the REAL ID Act of 2005, as those costs are estimated by the office of financial management.

Requires that, before issuing a driver's license or identicard that complies with the requirements of the REAL ID Act of 2005, P.L. 109-13, and before storing or including data about Washington state residents in any database, records facility, or computer system that meets the requirements of the REAL ID Act of 2005, the department of licensing shall certify that the driver's license, identicard, database, records facility, computer system, and the department's personnel screening and training procedures: (1) Include all reasonable security measures to protect the privacy of Washington state residents;

(2) Include all reasonable safeguards to protect against unauthorized disclosure of data; and

(3) Do not place unreasonable costs or recordkeeping burdens on a driver's license or identicard applicant.

Authorizes the department of licensing and the office of financial management to analyze the costs and burdens to the state of Washington, and to applicants of drivers' licenses or identicards, of complying with the requirements of the REAL ID Act of 2005, P.L. 109-13, and any related federal regulations.

Authorizes the attorney general to, with approval of the governor, challenge the legality or constitutionality of the REAL ID Act of 2005.

SB 5087-S by Senate Committee on Transportation (originally sponsored by Senators Haugen, Swecker, and Murray)

SB 5088 by Senators Haugen, Swecker, and Shin
Regulating ferry queues.

(DIGEST AS ENACTED)

Declares that it is a traffic infraction for a driver of a motor vehicle intending to board a Washington state ferry, to: (1) Block a residential driveway while waiting to board the ferry; or

(2) Move in front of another vehicle in a queue already waiting to board the ferry, without the authorization of a state ferry system employee. Vehicles qualifying for preferential loading privileges under rules adopted by the department of transportation are exempt from this provision.

Provides that, in addition to any other penalty imposed for a violation of this act, the driver will be directed to immediately move the motor vehicle to the end of the queue of vehicles waiting to board the ferry.

Declares that violations of this act are not part of the vehicle driver's driving record under RCW 46.52.101 and 46.52.120.

Does not apply to a driver of a motor vehicle intending to board the Keller Ferry on state route no. 21.

Companion Bill: 1091

Promoting innovation partnership zones.

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires the director to designate innovation partnership zones on the basis of the following criteria: (1) Innovation partnership zones must have three types of institutions operating within their boundaries, or show evidence of planning and local partnerships that will lead to dense concentrations of these institutions: (a) research capacity in the form of a university or

community college fostering commercially valuable research, or a national laboratory; (b) dense proximity of globally competitive firms in a research-based industry or industries. A globally competitive firm may be signified through international organization for standardization 9000 or 1400 certification, or other recognized evidence of international success; and (c) training capacity either within the zone or readily accessible to the zone. The training capacity requirement may be met by the same institution as the research capacity requirement, to the extent both are associated with an educational institution in the proposed zone.

Requires the department to convene annual information sharing events for innovation partnership zone administrators and other interested parties.

Requires an innovation partnership zone to provide performance measures as required by the director, including but not limited to private investment measures, job creation measures, and measures of innovation such as licensing of ideas in research institutions, patents, or other recognized measures of innovation.

SB 5090-S by Senate Committee on Economic Development, Trade & Management (originally sponsored by Senators Kastama, Shin, Franklin, Kilmer, Marr, Kauffman, Murray, and Rasmussen; by request of Governor Gregoire)

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires the department of community, trade, and economic development to administer an innovation partnership zone program consisting of innovation partnership zone grants and technical assistance and planning grants. The director shall disburse innovation partnership zone grants. Innovation partnership zone grants must be used to facilitate the collaboration between research teams, industry, and workforce training providers that will lead to the formation and financing of new innovative firms, the commercialization of research results, and the movement of firms and industry clusters into globally competitive niches. The grants will be awarded consistent with the following criteria and such other criteria as the director develops in consultation with the Washington state economic development commission: (1) Each grant must be matched by a commitment of financial support from the private sector equal to or greater than fifty percent of the requested grant amount;

(2) Eligible grant applicants may include associate development organizations, port districts, workforce development councils, educational or research institutions, and local jurisdictions;

(3) No more than two partnership zone grants shall be awarded during the biennium ending June 30, 2009, to recipients in the central Puget Sound region, a minimum of two such grants shall be awarded in eastern Washington and a minimum of one such grant shall be awarded in western Washington outside the central Puget Sound region;

(4) Applicants for innovation partnership zone grants must: (a) identify the geographic area within which they will concentrate their efforts, using commonly available data and maps, that will lend itself to a distinct identity; (b) show the presence within the innovation partnership zone of research capacity, including research teams focused on emerging technologies and their commercialization or faculty and researchers that could increase their focus on commercialization of technology if provided the appropriate technical assistance; (c) show, using labor market information from the employment security department and local labor markets as well as data on revenue growth rates, wage levels, and other factors, a substate geographic concentration of firms within the proposed innovation partnership zone that are important to the economic prosperity of the state and have comparative competitive advantage or the potential for comparative competitive advantage; (d) demonstrate training capacity either within the zone or readily accessible to the zone. The training capacity requirement may be met by the same institution as the research capacity requirement, to the extent both are associated with an educational institution in the proposed zone; (e) demonstrate the support of a local jurisdiction, a research institution, an educational institution, an industry or

cluster association, a workforce development council, and an associate development organization, port, or chamber of commerce; (f) disclose the service delivery mechanisms to be used to allow industry associations, cluster associations, and businesses to access the technical assistance, advisory, research, and commercialization capabilities of research teams; (g) detail how training services will be coordinated and delivered to industry associations, cluster associations, and businesses; and (h) describe the methods by which the applicant will facilitate the competitiveness of firms, the commercialization of research, and the upgrading of worker skills within the innovation partnership zone.

Appropriates the sum of ten million dollars for the fiscal year ending June 30, 2009, from the general fund to the innovation partnership fund for the purposes of this act.

Appropriates the sum of five million dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the state building construction account to the department of community, trade, and economic development for the purposes of this act.

SB 5090-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Kastama, Shin, Franklin, Kilmer, Marr, Kauffman, Murray, and Rasmussen; by request of Governor Gregoire)

(AS OF SENATE 2ND READING 3/7/2007)

Requires the department of community, trade, and economic development to administer, with the advice of the Washington economic development council, an innovation partnership zone program consisting of the designation of innovation partnership zones, the awarding of innovation partnership grants, and the provision of technical and planning assistance.

Provides that, on October 1st of each year, the director shall designate innovation partnership zones. Applications for state designation of an area as an innovation partnership zone may be submitted by associate development organizations, port districts, workforce development councils, cities, or counties.

Requires the director to disburse innovation partnership zone grants. Innovation partnership zone grants must be used to improve the commercialization facilities within an area designated as an innovation partnership zone and be used to facilitate the collaboration between research teams, industry, and workforce training providers that will lead to the formation and financing of new innovative firms, the commercialization of research results, and the movement of firms and industry clusters into globally competitive niches. The grants will be awarded only to applicants operating within a designated innovation partnership zone consistent with the following criteria and such other criteria as the director develops in consultation with the Washington state economic development commission: (1) Each grant must be matched by a commitment of financial support from the private sector equal to or greater than fifty percent of the requested grant amount;

(2) Eligible grant applicants may include associate development organizations, port districts, workforce development councils, educational or research institutions, and local jurisdictions;

(3) During the biennium ending June 30, 2009, more than two partnership zone grants shall be awarded to recipients in the central Puget Sound region, a minimum of two such grants shall be awarded in eastern Washington and a minimum of one such grant shall be awarded in western Washington outside the central Puget Sound region;

(4) Applicants for innovation partnership zone grants must: (a) disclose the service delivery mechanisms to be used to allow industry associations, cluster associations, and businesses to access the technical assistance, advisory, research, and commercialization capabilities of research teams within the zone; (b) detail how training services will be coordinated and delivered to industry associations, cluster associations, and businesses within the zone; and (c) describe the methods by which the applicant will facilitate the competitiveness of firms, the commercialization of research, and the upgrading of worker skills within the zone.

Provides that the act shall be null and void if appropriations are not approved.

Revising provisions for contracts with associate development organizations for economic development services.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares an intent to bolster the partnership between state and local economic development efforts, provide increased funding for local economic development services, and increase local economic development service effectiveness, efficiency, and outcomes.

Requires contracting associate development organizations to provide the department with measures of their performance. Annual reports shall include information on the impact of the contracting organization on employment, wages, tax revenue, and capital investment. Specific measures shall be developed in the contracting process between the department and the contracting organization every two years. Performance measures should be consistent across regions to allow for statewide evaluation.

Provides that contracts with associate development organizations shall be awarded according to the following annual schedule: (1) For associate development associations in urban counties, which are counties other than rural counties as defined in RCW 43.160.020, a locally matched one dollar per capita allocation totaling no more than four hundred thousand dollars per organization each state fiscal year;

(2) For associate development associations in rural counties, as defined in RCW 43.160.020, a per county base allocation of thirty thousand dollars and a locally matched seventy cents per capita allocation.

Concerning access to health care services for children.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that healthy children are ready to learn. In order to provide students with the opportunity to become responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive and satisfying lives, the state recognizes the importance that access to appropriate health services and improved health brings to the children of Washington state. In addition, fully immunized children are themselves protected, and in turn protect others, from contracting communicable diseases.

Provides that, consistent with the goals established in RCW 74.09.402, the department shall design and administer a program to provide affordable health care coverage to children under the age of nineteen who reside in Washington state and whose family income at the time of enrollment is not greater than two hundred fifty percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services. In administering the program, the department shall take such actions as may be necessary to ensure the receipt of federal financial participation under the medical assistance program, as codified at Title XIX of the federal social security act, the state children's health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available in the future.

Requires the department, in collaboration with the department of health, health plans, local public health jurisdictions, children's health care providers, parents, and other purchasers, to identify explicit performance measures that indicate that a child has an established and effective medical home, such as: (1) Childhood immunization rates;

(2) Well child care utilization rates, including the use of validated, structured developmental assessment tools that include behavioral and oral health screening;

(3) Care management for children with chronic illnesses;

(4) Emergency room utilization; and

(5) Preventive oral health service utilization.

Requires performance measures and targets for each performance measure to be completed by September 1, 2007.

Declares that it is the goal of Washington state to ensure that: (1) By 2010, all K-12 districts have school health advisory committees that advise school administration and school board members on policies, environmental changes, and programs

needed to support healthy food choice and physical activity and childhood fitness; and

(2) By 2010, only healthy food and beverages shall be available on school campuses.

In addition, fully immunized children are themselves protected, and in turn protect others, from contracting communicable diseases.

Provides that, consistent with the goals established in RCW 74.09.402, through the program authorized in this act, the department shall provide affordable health care coverage to children under the age of nineteen who reside in Washington state and whose family income at the time of enrollment is not greater than two hundred fifty percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, and effective January 1, 2009, to children whose family income is not greater than three hundred percent of the federal poverty level. In administering the program, the department shall take such actions as may be necessary to ensure the receipt of federal financial participation under the medical assistance program, as codified at Title XIX of the federal social security act, the state children's health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available in the future.

Requires the department, in collaboration with the department of health, health carriers, local public health jurisdictions, children's health care providers including pediatricians, family practitioners, and pediatric subspecialists, parents, and other purchasers, to identify explicit performance measures that indicate that a child has an established and effective medical home, such as: (1) Childhood immunization rates;

(2) Well child care utilization rates, including the use of validated, structured developmental assessment tools that include behavioral and oral health screening;

(3) Care management for children with chronic illnesses;

(4) Emergency room utilization; and

(5) Preventive oral health service utilization.

Requires performance measures and targets for each performance measure to be completed by September 1, 2007.

Declares that it is the goal of Washington state to ensure that: (1) By 2010, all K-12 districts have school health advisory committees that advise school administration and school board members on policies, environmental changes, and programs needed to support healthy food choice and physical activity and childhood fitness; and

(2) By 2010, only healthy food and beverages shall be available on school campuses.

(DIGEST AS ENACTED)

Finds that healthy children are ready to learn. In order to provide students with the opportunity to become responsible citizens, to contribute to their own economic well-being and to that of their families and communities, and to enjoy productive and satisfying lives, the state recognizes the importance that access to appropriate health services and improved health brings to the children of Washington state. In addition, fully immunized children are themselves protected, and in turn protect others, from contracting communicable diseases.

Provides that, consistent with the goals established in RCW 74.09.402, through the program authorized in this act, the department shall provide affordable health care coverage to children under the age of nineteen who reside in Washington state and whose family income at the time of enrollment is not greater than two hundred fifty percent of the federal poverty level as adjusted for family size and determined annually by the federal department of health and human services, and effective January 1, 2009, and only to the extent that funds are specifically appropriated therefor, to children whose family income is not greater than three hundred percent of the federal poverty level. In administering the program, the department shall take such actions as may be necessary to ensure the receipt of federal financial participation under the medical assistance program, as codified at Title XIX of the federal social security act, the state children's health insurance program, as codified at Title XXI of the federal social security act, and any other federal funding sources that are now available or may become available in the future. The department and the caseload forecast council shall estimate the anticipated caseload and costs of the program established in this act.

Requires the department, in collaboration with the department of health, health carriers, local public health jurisdictions, children's health care providers including pediatricians, family practitioners, and pediatric subspecialists, parents, and other purchasers, to identify explicit performance measures that indicate that a child has an established and effective medical home, such as: (1) Childhood immunization rates;

Companion Bill: 1979

Changing requirements for safe school plans.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that the legislature considers it to be a matter of public safety for public schools and staff to have current safe school plans and procedures in place, fully consistent with federal law. The legislature further finds and intends, by requiring safe school plans to be in place, that school districts will become eligible for federal assistance. The legislature further finds that schools are in a position to serve the community in the event of an emergency resulting from natural disasters or man-made disasters.

Requires each school district to adopt, no later than September 1, 2008, and implement a safe school plan consistent with the school mapping information system pursuant to RCW 36.28A.060.

Provides that educational service districts are encouraged to apply for federal emergency response and crisis management grants with the assistance of the superintendent of public instruction and the Washington emergency management division of the state military department.

SB 5097-S by Senate Committee on Ways & Means (originally sponsored by Senators Rockefeller, McAuliffe, Swecker, Kastama, Regala, Weinstein, Eide, Oemig, Pridemore, Kohl-Welles, Keiser, Shin, Berkey, Murray, Kline, and Rasmussen)

Regarding safe schools.

(DIGEST AS ENACTED)

Declares that the legislature considers it to be a matter of public safety for public schools and staff to have current safe school plans and procedures in place, fully consistent with federal law. The legislature further finds and intends, by requiring safe school plans to be in place, that school districts will become eligible for federal assistance. The legislature further finds that schools are in a position to serve the community in the event of an emergency resulting from natural disasters or man-made disasters.

Requires each school district to adopt, no later than September 1, 2008, and implement a safe school plan consistent with the school mapping information system pursuant to RCW 36.28A.060.

Provides that educational service districts are encouraged to apply for federal emergency response and crisis management grants with the assistance of the superintendent of public instruction and the Washington emergency management division of the state military department.

Requires school districts to annually: (1) Review and update safe school plans in collaboration with local emergency response agencies;

(2) Conduct an inventory of all hazardous materials;

(3) Update information on the school mapping information system to reflect current staffing and updated plans, including: (a) identifying all staff members who are trained on the national

incident management system, trained on the incident command system, or are certified on the incident command system; and (b) identifying school transportation procedures for evacuation, to include bus staging areas, evacuation routes, communication systems, parent-student reunification sites, and secondary transportation agreements consistent with the school mapping information system; and

(4) Provide information to all staff on the use of emergency supplies and notification and alert procedures.

Encourages school districts to work with local emergency management agencies and other emergency responders to conduct one tabletop exercise, one functional exercise, and two full-scale exercises within a four-year period.

Requires schools to conduct no less than one safety-related drill each month that school is in session. Schools shall complete no less than one drill using the school mapping information system, one drill for lockdowns, one drill for shelter-in-place, and six drills for fire evacuation in accordance with the state fire code. Schools should consider drills for earthquakes, tsunamis, or other high risk local events. Schools shall document the date and time of such drills. This provision is intended to satisfy all federal requirements for comprehensive school emergency drills and evacuations.

Creates a task force on gangs in schools to examine current adult and youth gang activities that are affecting school safety. The task force shall work under the guidance of the superintendent of public instruction school safety center, the school safety center advisory committee, and the Washington association of sheriffs and police chiefs.

Requires the task force to be comprised of representatives, selected by the superintendent of public instruction, who possess expertise relevant to gang activity in schools. The task force shall outline methods for preventing new gangs, eliminating existing gangs, gathering intelligence, and sharing information about gang activities.

Provides that, beginning December 1, 2007, the task force shall annually report its findings and recommendations to the education committees of the legislature.

SB 5098 by Senators Rockefeller, Keiser, Weinstein, Fairley, Marr, Murray, Kastama, Kohl-Welles, Rasmussen, McAuliffe, Kauffman, Kilmer, Tom, and Shin

Creating the guaranteed opportunities scholarship.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares an intent to inspire and encourage all Washington students to dream big by creating a guaranteed one-year tuition scholarship program for students from low and middle-income families and those students that may be the first in their family to attend college.

Finds that too often, financial barriers prevent many of the brightest students from considering college as a future possibility. Often the cost of tuition coupled with the complexity of finding and applying for financial aid is enough to prevent a student from even applying to college. Many students become disconnected from the education system early on and may give up or drop out before graduation.

Declares an intent to reward students early in their educational career so that they know they have options and opportunities available beyond high school.

Creating the Washington guaranteed scholarship program. (REVISED FOR ENGROSSED: Creating the Washington college bound scholarship program.)

(DIGEST AS ENACTED)

Declares an intent to inspire and encourage all Washington students to dream big by creating a guaranteed four-year tuition scholarship program for students from low-income families and those students that may be the first in their family to attend college.

Finds that, too often, financial barriers prevent many of the brightest students from considering college as a future possibility. Often the cost of tuition coupled with the complexity of finding and applying for financial aid is enough to prevent a student from even applying to college. Many students become disconnected from the education system early on and may give up or drop out before graduation.

Declares an intent to alert students early in their educational career to the options and opportunities available beyond high school.

Requires each school district to notify students, parents, teachers, counselors, and principals about the Washington college bound scholarship program through existing channels. Notification methods may include, but are not limited to, regular school district and building communications, online scholarship bulletins and announcements, notices posted on school walls and bulletin boards, information available in each counselor's office, and school or district scholarship information sessions.

SB 5100 by Senators Hobbs, McAuliffe, Regala, Fairley, Shin, Weinstein, Murray, Keiser, Prentice, Kline, Spanel, Fraser, Tom, Kohl-Welles, and Rasmussen

Regarding health insurance information for students.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires that, beginning with the 2007-08 school year, as part of a public or private school's enrollment process, the school shall annually inquire whether a student has health insurance. If a student's parent or guardian indicates that a student does not have health insurance coverage or does not indicate whether the student has or does not have health insurance, the school district shall provide the parent or guardian with information about the existence of the medicaid and children's health insurance program and how to get additional information about the programs. The information shall be provided in writing either via postal mail or through electronic mail.

Provides that the office of the superintendent of public instruction shall work with the department of health in developing a one-page informational sheet that contains the information schools are required to provide to parents under this act and make that informational sheet available to schools on the superintendent of public instruction's web site by August 2007.

Requires that, beginning in 2008, schools shall report annually to the superintendent of public instruction the number of students that are sent information under this act.

Modifying the legislative youth advisory council.

(SEE ALSO PROPOSED 1ST SUB)

Finds that the legislative youth advisory council provides a unique opportunity for middle and high school students to be actively involved in government. Council members not only learn about, but exercise, the core values and democratic principles of our state and nation, along with the rights and responsibilities of citizenship and democratic civic involvement. As such, they are engaged in authentic practice of the essential academic learning requirements in civics. In the short time since its creation, the legislative youth advisory council has studied, debated, and begun to formulate positions and recommendations on such important topics as education reform, school finance, public school learning environments, health and fitness education, and standardized testing. The legislature continues to stress the importance of civics education and support the type of civic involvement by students exemplified by the legislative youth advisory council.

Creating the college in the high school program.
Finds that an effective means of increasing the number of
students earning college credit in high school is to bring the
college courses to the students. The legislature believes the ability
to earn college credit during the regular high school day and on
the high school campus may greatly expand students' willingness
and ability to attempt college-credit-bearing courses.
Declares an intent to establish the college in the high school
program as a statewide option for high school students. High
- schools, colleges, and universities that wish to work together to
offer this option are encouraged to do so.
Directs the superintendent of public instruction, the state
board for community and technical colleges, and the public
baccalaureate institutions to jointly develop and adopt rules
governing the college in the high school program. The rules shall
be written to encourage the maximum use of the program and
shall not narrow or limit the enrollment options.

Creating the office of farmland preservation.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that there is a finite quantity of high quality agricultural land and that often this agricultural land is mistakenly viewed as an expendable resource.

Finds that the retention of agricultural land is desirable, not only to produce food and other products, but also to maintain our state economy and preferable environmental conditions. For these reasons, and because it is essential that agricultural production be sufficient to meet the needs of our growing population, commitment to the retention of agricultural land should be reflected at the state policy level by the creation of an office of farmland preservation to support the retention of farmland and the viability of farming for future generations.

VETO MESSAGE ON SSB 5108

May 8, 2007

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 6 and 7, Substitute Senate Bill 5108 entitled:

"AN ACT Relating to farmland preservation."

This bill creates the Office of Farmland Preservation. Sections 6 and 7 are overly broad and do not appear to be related to the underlying bill, as it prohibits the use of eminent domain by governmental entities for wetland mitigation purposes on agricultural land. Furthermore, if enacted, Sections 6 and 7 create unintended and undesirable consequences to numerous transportation and development projects across the state, including the ability to meet state and federal permit requirements to continue dredging of the lower Columbia River.

I understand that the Army Corp of Engineers, state agencies, Port officials, local legislators and Southwest Washington families are meeting to explore alternatives to condemnation for mitigation related to the Columbia Deepening Project. This is a much more productive avenue than the provisions Sections 6 and 7 provide.

For these reasons, I have vetoed Sections 6 and 7 of Substitute Senate Bill 5108.

With the exception of Sections 6 and 7, Substitute Senate Bill No. 5108 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Creating a public-private tourism partnership.
(SUBSTITUTED FOR - SEE 1ST SUB)
Creates the Washington tourism commission.
Requires the commission to pursue a coordinated program to expand the tourism industry throughout the state in cooperation with the public and private tourism development organizations. The commission shall develop and approve, and update as necessary, a six-year strategic plan that includes, but is not limited to: (1) Promoting Washington as a tourism destination to national and international markets to include nature-based and wildlife viewing tourism;
(2) Providing information to businesses and local communities on tourism opportunities that could expand local revenues;
(3) Assisting local communities to strengthen their tourism partnerships, including their relationships with state and local agencies;
(4) Providing leadership training and assistance to local communities to facilitate the development and implementation of local tourism plans; and
(5) Coordinating the development of a statewide tourism marketing plan that must be adopted by March 31, 2008, and every two years thereafter. If the commission does not adopt a marketing plan by March 31st of even-numbered years, the director has the authority to approve a tourism marketing plan for implementation. The plan shall specifically address mechanisms for: (a) funding national and international marketing and nature-based tourism efforts; (b) interagency cooperation; and (c) integrating the state plan with local tourism plans.

SB 5120 by Senators Kohl-Welles, Poulsen, Rockefeller, Schoesler, Brown, Delvin, Hatfield, and Kilmer

Requiring a survey of the deployment of broadband technologies among households in the state to encourage cost-effectiveness and identify factors preventing widespread availability.

Provides that the department of community, trade, and economic development shall commission a survey on the deployment of broadband technologies among households in the state. The survey shall be conducted by an appropriate entity having expertise in the access and utilization of modern information technologies among underserved populations.

Requires the survey to collect and interpret statistically reliable geographic, demographic, and telecommunications technology information to identify any broadband deployment disparities in the state. The survey shall also produce a statistically reliable profile of the following: (1) Households and businesses in the state with no available broadband options; (2) Households and businesses in the state with access to broadband options, but who choose not to purchase an option; and (3) Purposes for which broadband is used by households and businesses in the state.

Provides that the survey is due by December 31, 2007, and shall be presented to the appropriate committees of the legislature having jurisdiction over telecommunications issues.

Appropriates the sum of one hundred sixty-five thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of community, trade, and economic development for the purpose of commissioning a survey on the deployment of broadband technologies among households in the state in accordance with the provisions of this act.

SB 5144 by Senators Carrell, Kastama, Stevens, Hargrove, Marr, McAuliffe, Shin, and Rasmussen

Including number and needs of married couples in certificates of need criteria for nursing home beds in boarding homes.

Finds that: (1) The intent of our state's certificate of need is to be responsive to the changing health and social conditions of our aging population and to ensure access to quality long-term care services.

(2) Married couples currently use state licensed residential long-term care facilities at a lower rate than the general population. Married couples may be unable to continue to live together when one needs skilled nursing care.

(3) In order to be more responsive to changing health and social conditions of our state aging population, the criteria of awarding a certificate of need must be changed to encourage the maintenance of elder families in our state long-term care facilities

and ensure access to those facilities that meet the needs of all people.

SB 5145 by Senators Haugen and Rasmussen

Clarifying existing requirements for conservation of agricultural lands.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the decision of the Washington state supreme court in *King County v. Central Puget Sound Growth Management Hearings Board*, 142 Wn.2d 543 (2000) reflects the original and continuing intent of the legislature regarding designation and conservation of agricultural lands under the growth management act, when it says that the act creates an agricultural conservation imperative that imposes an affirmative duty on local governments to designate and conserve agricultural lands in order to assure the maintenance and enhancement of the agricultural resource industry, and, again, when it says that agricultural lands are protected not for the sake of their ecological role but to ensure the viability of the resource-based industries that depend upon them.

Declares that allowing conversion of resource lands to other uses or allowing incompatible uses impairs the viability of the agricultural industry.

Declares an intent to clarify the existing requirements of the growth management act that pertain to conservation of agricultural lands, in order to help assure that comprehensive plans and corresponding development regulations adopted by local governments conserve agricultural lands according to the original and continuing intent of the growth management act as reflected in *King County v. Central Puget Sound Growth Management Hearings Board*, 142 Wn.2d 543 (2000).

Provides that wetland mitigation banking projects may be permitted by conditional or special use on agricultural lands, including agricultural lands of long-term commercial significance, if the local government has adopted the criteria for evaluating such projects established by rule by the department. "Wetland mitigation banking project" means any private or public project on a site where wetlands are restored, created, enhanced, or in exceptional circumstances, preserved expressly for the

purpose of providing compensatory mitigation in advance of authorized impacts to similar resources.

Requires that, by January 1, 2008, the department shall provide a written report on the recommended criteria to the chief clerk of the house of representatives and the secretary of the senate.

SB 5146 by Senators Haugen, Swecker, and Kauffman

Regarding the imposition of motor vehicle excise taxes by regional transit authorities.

Provides that any motor vehicle excise tax previously imposed by a regional transit authority as of December 5, 2002, may be imposed only so long as the authority is contractually obligated to impose the tax and no longer. However, this tax may not be imposed after the last scheduled bond payment is due on bonds sold before December 5, 2002.

Provides that an authority shall not contract indebtedness, borrow money, or issue general obligation bonds that obligate the authority to impose a motor vehicle excise tax after the last scheduled bond payment is due on bonds sold before December 5, 2002.

SB 5147 by Senators Haugen and Swecker

Creating a surcharge on vehicle liability insurance policies to be used for emphasis patrols in high-accident-corridors.

Requires that an annual surcharge of two dollars per motor vehicle must be imposed on every motor vehicle liability

insurance policy issued or renewed on or after the effective date of this act. The surcharge must be paid by the policyholder to the insurer. The insurer shall collect the surcharge and remit it to the department of revenue in accordance with RCW 82.32.045, which will collect, administer, audit, and enforce the surcharge.

Declares that the surcharge is not to be considered premiums of the insurer and is not subject to premium taxes, however, nonpayment of the surcharge by the insured may be a valid reason for cancellation of the policy.

Provides that two-thirds of the proceeds from the surcharge must be deposited into the state patrol highway account created in RCW 46.68.030 to be used for additional emphasis patrols in high-accident-corridor locations on state routes; and the remainder must be deposited into the highway safety fund created in RCW 46.68.060 to be used to create a county road high-accident-corridor emphasis patrol program.

(AS OF SENATE 2ND READING 3/8/2007)

Encourages employers to be infant-friendly.

Requires the department to convene a stakeholder group of
 appropriate representatives to develop standard model infant-
 friendly policies that may be adjusted to accommodate individual
 businesses.

Directs the department to disseminate information on how to
 obtain the sample infant-friendly policies and obtain an infant-
 friendly designation to employers through existing mailings going
 to employers from other state agencies.

Provides that within existing resources serving expectant and
 new mothers, the department must provide the sample infant-
 friendly policies to doctors, licensed midwives, lactation
 consultants, and hospitals for distribution to expectant and new
 mothers to help them talk with their employers and facilitate a
 successful return to work.

Creating the passport to college promise program.

(SEE ALSO PROPOSED 2ND SUB)

Declares an intent to create the passport to college promise program that will have two primary components, as follows: (1) Significantly increasing outreach to foster care youth between the ages of fifteen and eighteen regarding the higher education opportunities available to them, how to apply to college, and how to apply for and obtain financial aid; and

(2) Providing financial aid to former foster care youth to ensure that the entire costs of their public undergraduate college education are paid for.

Creates the passport to college promise program. The purpose of the program is: (1) To encourage current and former foster care youth to prepare for, attend, and successfully complete higher education; and

(2) To provide current and former foster care youth with the educational planning, information, institutional support, and direct financial resources necessary for them to succeed in higher education.

Directs the department of social and health services, with input from the state board for community and technical colleges, the higher education coordinating board, and institutions of higher education, to contract with at least one nongovernmental entity through a request for proposals process to develop, implement, and administer a program of supplemental educational transition planning for youth in foster care in Washington state.

Requires the state board for community and technical colleges to monitor and analyze the academic progress of community and technical college students who receive scholarships under this act, and submit a report regarding the number of community and technical college students who have received scholarships under this chapter and the academic progress of those students to the higher education committees of the senate and the house of representatives by January 15, 2010.

Requires the higher education coordinating board to monitor and analyze the academic progress of students enrolled at four-year institutions of higher education who receive scholarships under this chapter, and shall submit a report regarding the number of students who have received scholarships under this chapter and the academic progress of those students to the higher education

committees of the senate and the house of representatives by January 15, 2010.

Appropriates the sum of three million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the office of financial management for the purposes of this act.

Appropriates the sum of three million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the office of financial management for the purposes of this act.

Directs the higher education coordinating board to report to appropriate committees of the legislature by January 15, 2008, on the status of program design and implementation. The report shall include a discussion of proposed scholarship and student support service approaches; an estimate of the number of students who will receive such services; baseline information on the extent to which former foster care youth who meet the eligibility criteria in this act have enrolled and persisted in postsecondary education; and recommendations for any statutory changes needed to promote achievement of program objectives.

Requires the state board for community and technical colleges and the higher education coordinating board to monitor and analyze the extent to which eligible young people are increasing their participation, persistence, and progress in postsecondary education, and shall jointly submit a report on their findings to appropriate committees of the legislature by December 1, 2009, and by December 1, 2011.

Requires the Washington state institute for public policy to complete an evaluation of the passport to college promise pilot program and shall submit a report to appropriate committees of the legislature by December 1, 2012. The report shall estimate the impact of the program on eligible students' participation and success in postsecondary education, and shall include recommendations for program revision and improvement.

Companion Bill: 1767

Expanding the veterans conservation corps program.

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires the department to assist veterans enrolled in the veterans conservation corps with obtaining employment in conservation programs and projects that restore Washington's natural habitat, maintain and steward local, state, and federal forest lands and other outdoor lands, maintain and improve urban and suburban storm water management facilities and other water management facilities, and other environmental maintenance, stewardship, and restoration projects.

Requires the department to submit a report to the appropriate committees of the legislature by December 1, 2008, on the status of the veterans conservation corps program, including the number of enrollees employed in projects, training provided, certifications earned, employment placements achieved, program funding provided from all sources, and the results of the pilot project authorized in this act.

Provides that, during fiscal year 2008, the department of veterans affairs may enter an agreement with a local government or other entity for use of veterans conservation corps enrollees in a project or projects, where the enrollees' work on the project or projects will be commenced before June 30, 2008. Up to one

million dollars appropriated from the veterans conservation corps account in the biennial budget act may be expended by the department for this agreement.

Provides that, by September 30, 2007, the department shall provide to the office of financial management and to the appropriate committees of the senate and house of representatives a report that: (1) Identifies projects on state agency-managed lands that are currently planned for veterans conservation corps enrollee participation;

(2) Identifies additional projects on state agency-managed lands that are suitable for veterans conservation corps enrollee participation and for which funding is currently in place for such participation; and

(3) Identifies additional projects on state agency-managed lands for which project implementation has been funded or is included in the agency's multiannual stewardship plans, and that are suitable for veterans conservation corps enrollee participation in the event that additional funding is provided to the department for associated training, education, and certification.

Appropriates the sum of one million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of veterans affairs for the purposes of this act.

SB 5180 by Senators Kastama, Marr, Berkey, Shin, Murray, Rasmussen, and Pflug

Regulating tattooing and body piercing.

(SEE ALSO PROPOSED 1ST SUB)

Finds and declares that the practices of body piercing, tattooing, and other forms of body art involve an invasive procedure with the use of needles, single-use disposable sharps, reusable sharps, instruments, and jewelry. These practices may be dangerous when improper sterilization techniques are used, presenting a risk of infecting the client with bloodborne pathogens including, but not limited to, HIV, hepatitis B, and hepatitis C. It is in the interests of the public health, safety, and welfare to establish requirements in the commercial practice of these activities in this state.

SB 5180-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Kastama, Marr, Berkey, Shin, Murray, Rasmussen, and Pflug)

Requesting the Department of Health to conduct a study of body piercing and tattooing.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the department of health to: (1) Conduct a study of the tattooing and body piercing professions and make recommendations to the legislature as to whether the professions should be regulated, and to what extent, for the purpose of protecting the public interest under the criteria set forth in RCW 18.120.030; and

SB 5188 by Senators Haugen, Jacobsen, Prentice, Fairley, Kline, Marr, Kohl-Welles, Tom, Murray, Keiser, and Rasmussen

Establishing a wildlife rehabilitation program.

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires the director to establish a wildlife rehabilitation program to help support the critical role rehabilitators play in caring for sick, injured, and orphaned wildlife in our state. The director shall contract for wildlife rehabilitation services in each of the department's six administrative regions. The contracts must be for a term of two years.

Provides that, to be eligible for this program, the wildlife rehabilitator must be properly licensed under state and federal law. The department must require that contractors submit detailed reports accounting for all expenditures of state funds. The reports must be submitted to the department annually.

SB 5188-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Haugen, Jacobsen, Prentice, Fairley, Kline, Marr, Kohl-Welles, Tom, Murray, Keiser, and Rasmussen)

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires the director to establish a wildlife rehabilitation program to help support the critical role licensed wildlife rehabilitators play in protecting the public by capturing, testing for disease, and caring for sick, injured, and orphaned wildlife in Washington state. The director shall contract for wildlife rehabilitation services with up to four people in each of the department's six administrative regions. Applicants may submit only one request every two years and must reside in the administrative region for which they have applied. The contracts must be for a term of two years.

Provides that, in order to receive funding, the wildlife rehabilitator must: (1) Be properly licensed in wildlife rehabilitation under state and federal law; and

(2) Furnish information concerning his or her identity, including fingerprints for submission to the Washington state patrol to include a national criminal background check.

Requires the department to develop a process for renewing wildlife rehabilitation licenses. All wildlife rehabilitation licenses issued by the department prior to January 1, 2006, must be renewed by January 1, 2010. The department may adopt rules as necessary to implement this provision.

SB 5188-S2 by Senate Committee on Transportation (originally sponsored by Senators Haugen, Jacobsen, Prentice, Fairley, Kline, Marr, Kohl-Welles, Tom, Murray, Keiser, and Rasmussen)

(DIGEST AS ENACTED)

Finds that licensed wildlife rehabilitators often work closely with local law enforcement, animal control officers, wildlife enforcement officers, and wildlife biologists at the state and federal levels to aid in the safe capture, testing for disease, medical treatment, rehabilitation, and release of wildlife. The state recognizes the critical role licensed wildlife rehabilitators play in capturing and caring for the sick, injured, and orphaned wildlife of Washington state.

SB 5203 by Senators Delvin, Kohl-Welles, Pflug, and Roach
 Including a holistic medicine practitioner on the Washington state medical quality assurance commission.

Declares that it is in the public interest that at least one physician who practices holistic medicine be on the medical quality assurance commission because in some respects the skill sets and treatment modalities offered materially differ between holistic and allopathic practitioners. Although physicians trained in holistic medicine are not universally better than allopathic providers, their training is based on different paradigms. Availability of both is essential for public health, and the commission can only be reasonably expected to hold a balanced view on the complete spectrum of treatment modalities if the holistic segment of the profession is included.

Enforcing animal health laws.

(DIGEST AS ENACTED)

Authorizes the director to establish points of inspection for vehicles transporting animals on the public roads of this state to determine if the animals being transported are accompanied by valid health certificates, permits, or other documents as required by this chapter or its rules. Vehicles transporting animals on the public roads of this state are subject to inspection and must stop at any posted inspection point established by the director.

Authorizes the director or appointed officers to stop a vehicle transporting animals upon the public roads of this state at a place other than an inspection point if there is reasonable cause to believe the animals are being transported in violation of chapter 16.36 RCW or its rules.

Declares that any person found transporting animals on the public roads of this state that are not accompanied by valid health certificates, permits, or other documents as required by chapter 16.36 RCW or its rules has committed a class 1 civil infraction.

Provides that any person in violation of this chapter or its rules may be subject to a civil penalty in an amount of not more than one thousand dollars for each violation. Each violation is a separate and distinct offense.

Provides that livestock dealers must carry animal identification and animal health documents as required by chapters 16.36 and 16.57 RCW and rules adopted by the director under those chapters.

SB 5205 by Senators Sheldon and Morton

Opening developed and disturbed areas of state parks to the recreational use of metal detectors.

Declares an intent that those significant historic archaeological resources on state park lands that are of importance to the history of our state, or its communities, be protected for the people of the state. At the same time, the legislature also recognizes that the recreational use of metal detectors in state parks is a legitimate form of recreation that can be compatible with the protection of significant historic archaeological resources.

Provides that, if the commission determines that all developed or disturbed areas of a park must be exempted from metal detecting because of its historic archaeological resources, the commission must, by December 1, 2008, submit a brief report to the appropriate standing committees of the legislature as to how they and a professional archaeologist made this determination.

Declares it is the intent of this act to not allow blanket exemptions but to ensure the preservation for the public of proven historic archaeological resources.

Addressing the use of tires with retractable studs.

(DIGEST AS ENACTED)

Provides that a vehicle may be equipped year-round with tires that have retractable studs if: (1) The studs retract pneumatically or mechanically to below the wear bar of the tire when not in use; and

(2) The retractable studs are engaged only between November 1st and April 1st. Retractable studs may be made of metal or

other material and are not subject to the lightweight stud weight requirements under RCW 46.04.272.

SB 5206-S by Senate Committee on Transportation (originally sponsored by Senators Haugen and Swecker)

Modifying the regulation of studded tire use.

(NOT SUBSTITUTED FOR - SEE ORIGINAL BILL)

Provides that, according to the powers and duties specified in RCW 46.37.005, the Washington state patrol shall adopt, apply, and enforce reasonable rules regarding the type of tire chains and tires, including studded tires, that may be equipped on vehicles that move on Washington state highways. The rules adopted by the Washington state patrol may define the technology or the weight and type of materials that may be used. In developing rules regarding studded tires, the Washington state patrol shall consult with the department of transportation regarding the impact of various types of studded tires on the state's roadways, and shall prohibit the use of tires or equipment that unreasonably damage roadways.

SB 5213 by Senator Jacobsen

Promoting coordinated ocean management policies.

(SEE ALSO PROPOSED 2ND SUB)

Requires the ocean policy advisory council to adopt the final report of the Washington state ocean policy work group entitled "Washington's Ocean Action Plan: Enhancing Management of Washington State's Ocean and Outer Coasts" and implement the priority recommendations appropriate for immediate action. For those priority recommendations that are not ready for immediate action, the ocean policy advisory council shall develop an implementation plan that includes the council's strategy for

implementation by July 1, 2008. The ocean policy advisory council shall identify, where necessary, additional resources or legislation necessary for implementation.

Declares an intent to direct a review of the state's existing program and the submission of additional state and local government policies to the national oceanic and atmospheric administration for inclusion in such a program, and to direct that maximum state efforts be directed toward implementing the state's role in federal consistency determinations to ensure that state and local policies influence federal agency actions affecting the state's coastal zone.

Designates the department of ecology as the principal state agency for administering the provisions of the federal coastal zone management act (16 U.S.C. Sec. 1451 et seq.), as it exists on January 1, 2007, and is authorized to receive and administer federal grants to implement the act. The department of ecology, in the implementation of the network of state and local policies and programs comprising the state coastal zone management program, shall enter into agreements of administration with other state agencies and local governments as appropriate to fully and effectively implement all elements of the state's federally approved coastal zone management program.

SB 5213-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senator Jacobsen)

(SEE ALSO PROPOSED 2ND SUB)

Requires the ocean policy advisory council to adopt the final report of the Washington state ocean policy work group entitled "Washington's Ocean Action Plan: Enhancing Management of Washington State's Ocean and Outer Coasts" and shall work with state and local governments to implement the priority recommendations appropriate for immediate action. For those priority recommendations that are not ready for immediate action, the ocean policy advisory council shall develop an implementation plan that includes the council's strategy for implementation by July 1, 2008. The ocean policy advisory council shall identify, where necessary, additional resources or legislation necessary for implementation.

SB 5213-S2 by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senator Jacobsen)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Establishes the ocean policy advisory council in the executive office of the governor.

Requires the ocean policy advisory council to adopt the final report of the Washington state ocean policy work group entitled "Washington's Ocean Action Plan: Enhancing Management of Washington State's Ocean and Outer Coasts" and to work with state and local governments to implement the priority recommendations appropriate for immediate action.

Requires the council to review the funding of state programs relating to ocean management, policy coordination, research, and

public education and to identify current funding levels and projected funding needs to implement recommendations of the 2006 ocean policy work group report.

Requires the council to review the state and local policies included in the state's approved coastal zone program, and other state and local policies not included in the program, which if included would further the purposes of protecting the state's coastal zone and influencing federal actions affecting the state's coastal zone.

Designates the department of ecology as the principal state agency for administering the provisions of the federal coastal zone management act.

(SUBSTITUTED FOR - SEE 1ST SUB)

Transfers the Northwest weather and avalanche center to the state parks and recreation commission.

SB 5219-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senator Jacobsen)

Regarding the Northwest weather and avalanche center.

(DIGEST AS ENACTED)

Declares an intent to ensure, in continued cooperation with federal and private sources, that the NWAC receives the resources necessary to continue providing weather and avalanche forecasts for the benefit of Washington state.

Directs the state parks and recreation commission to invite the United States forest service, the national weather service, and the national park service to cooperatively develop an intergovernmental plan and recommendations that seek to ensure that the Northwest weather and avalanche center program has the resources to continue operating at its current level of service into the future.

Requires the state parks and recreation commission to, by December 1, 2007, provide an update on the development of the plan and recommendations to the appropriate policy and fiscal committees of the senate and house of representatives. The state parks and recreation commission shall, by December 1, 2008, provide the final plan and recommendations to the appropriate policy and fiscal committees of the senate and house of representatives.

Companion Bill: 1221

Revising provisions relating to the release of offenders.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that the board retains the jurisdiction to issue a certificate of discharge after the expiration of the offender's or parolee's maximum statutory sentence. If not earlier granted and any and all legal financial obligations have been paid, the board shall issue a final order of discharge three years from the date of parole unless the parolee is on suspended or revoked status at the expiration of the three years.

Provides that the discharge, regardless of when issued, shall have the effect of restoring all civil rights lost by operation of law upon conviction, and the certification of discharge shall so state.

SB 5221-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Hargrove, Marr, Stevens, Carrell, Eide, Regala, Brandland, Kilmer, and Rasmussen; by request of Indeterminate Sentence Review Board)

(AS OF SENATE 2ND READING 3/9/2007)

Provides that, in setting a new minimum term, the board may consider the length of time necessary for the offender to complete treatment and programming as well as other factors that relate to the offender's release under RCW 9.95.420. The board's rules shall permit an offender to petition for an earlier review if circumstances change or the board receives new information that would warrant an earlier review.

Declares that the board retains the jurisdiction to issue a certificate of discharge after the expiration of the offender's or parolee's maximum statutory sentence. If not earlier granted and any and all legal financial obligations have been paid, the board shall issue a final order of discharge three years from the date of parole unless the parolee is on suspended or revoked status at the expiration of the three years.

Provides that the discharge, regardless of when issued, shall have the effect of restoring all civil rights lost by operation of law upon conviction, and the certification of discharge shall so state.

Declares that this restoration of civil rights shall not restore the right to receive, possess, own, or transport firearms.

Directs the board to issue a certificate of discharge to the offender in person or by mail to the offender's last known address.

Concerning the statewide salmon recovery office.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that the department, the department of ecology, the department of natural resources, the state conservation commission, and the governor's monitoring forum shall provide to the statewide salmon recovery office information requested by the office necessary to prepare the state of the salmon report and other reports produced by the office.

Requires the statewide salmon recovery office to work with regional salmon recovery organizations including the southwest Washington salmon recovery region established in RCW 77.85.090 and the Puget Sound partnership, created by chapter . . ., ([House][Senate] Bill No. (Z-0369/07)), Laws of 2007 on salmon recovery issues in order to ensure a coordinated and consistent statewide approach to salmon recovery.

SB 5224-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Jacobsen, Rockefeller, and Kilmer; by request of Office of Financial Management)

Concerning the governor's salmon recovery office.

(DIGEST AS ENACTED)

Provides that the department, the department of ecology, the department of natural resources, the state conservation commission, and the governor's monitoring forum shall provide to the governor's salmon recovery office information requested by the office necessary to prepare the state of the salmon report and other reports produced by the office.

Provides that the governor's salmon recovery office is responsible for maintaining the statewide salmon recovery strategy to reflect applicable provisions of regional recovery plans, habitat protection and restoration plans, water quality plans, and other private, local, regional, state agency and federal plans, projects, and activities that contribute to salmon recovery.

Requires the governor's salmon recovery office to also work with regional salmon recovery organizations on salmon recovery issues in order to ensure a coordinated and consistent statewide approach to salmon recovery. The governor's salmon recovery office shall work with federal agencies to accomplish implementation of federal commitments in the recovery plans.

Finds that pursuant to chapter 298, Laws of 2001, and acting upon recommendations of the state's independent science panel, the monitoring oversight committee developed recommendations

for a comprehensive statewide strategy for monitoring watershed health, with a focus upon salmon recovery, entitled *The Washington Comprehensive Monitoring Strategy and Action Plan for Watershed Health and Salmon Recovery*. The legislature further finds that funding to begin implementing the strategy and action plan was provided in the 2003-2005 biennial budget, and that executive order 04-03 was issued to coordinate state agency implementation activities. It is therefore the purpose of this act to adopt the strategy and action plan and to provide guidance to ensure that the coordination activities directed by executive order 04-03 are effectively carried out.

SB 5229 by Senators Kline, McCaslin, and Kastama; by
 request of Attorney General

Companion Bill: 1114

Prohibiting the marketing of estate distribution documents by
 persons not authorized to practice law in this state.

(SEE ALSO PROPOSED 1ST SUB)

Finds the marketing of estate distribution documents by
 persons who are not authorized to practice law or who are not
 acting directly under the supervision of a person authorized to
 practice law may endanger a consumer's financial security and
 frustrate his or her estate planning objectives. Therefore, the
 legislature intends to prohibit the marketing of services related to
 preparation of estate distribution documents by persons who are
 not authorized to practice law.

SB 5229-S by Senate Committee on Judiciary (originally
 sponsored by Senators Kline, McCaslin, and
 Kastama; by request of Attorney General)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that the practice of using "living trusts" as a marketing
 tool by persons who are not authorized to practice law or who are
 not acting directly under the supervision of a person authorized to
 practice law is a deceptive means of obtaining personal asset
 information and of developing and generating leads for sales to
 senior citizens.

Intends to prohibit the marketing of services related to
 preparation of estate distribution documents by persons who are
 not authorized to practice law.

Companion Bill: 2345

Encouraging shared parental responsibility in child custody arrangements.

Provides that, for any child, residential provisions may contain any reasonable terms or conditions that facilitate the orderly and meaningful exercise of residential time by a parent, including one or more of the following: (1) Requirements that residential times be specified;

(2) Requirements of reasonable notice when residential time will not occur; or

(3) Any other reasonable condition determined to be appropriate in the particular case including but not limited to a domestic violence assessment.

Requires that, in any parenting plan in which the court finds that the parties do not have a satisfactory history of cooperation or the limitations of RCW 26.09.191 are dispositive; to the extent necessary, the parenting plan shall include a safe, neutral, and public location for the exchange of the child such as a school, day care, place of worship, or any other appropriate public facility.

Directs the administrative office of the courts, pursuant to funding provided specifically for this purpose, to commission a study to commence by September 1, 2007. The study shall survey a statistically relevant number of geographically diverse final parenting plans in Washington to determine the allocation of residential time as between parents, including an analysis of gender disparities between parents, and the impact of legal counsel on outcomes of parenting plan disputes. The study shall be completed and a report provided to the legislature, the governor, and to the public within two years of the effective date of this act.

SB 5237 by Senators Poulsen, Honeyford, Kohl-Welles, and Keiser

Regarding the purchase of carbon credits from methane-producing entities.

(SEE ALSO PROPOSED 1ST SUB)

Finds that methane (CH₄) is a potent greenhouse gas that is twenty times more effective than carbon dioxide in trapping heat in the atmosphere. Reducing methane emissions, therefore, is an effective means to reduce climate warming. The legislature also finds that about sixty percent of global methane emissions are human-influenced sources, such as dairy farms. While the legislature cannot control all sources of human-influenced methane, it can encourage the use of innovative mechanisms to control methane from dairy farms located in the state.

Declares that the state should be authorized to purchase carbon credits from dairy farmers in the state as an incentive for them to pursue appropriate measures to control dairy nutrients and their concomitant methane emissions from the environment. By offering this financial incentive, the state may enable dairy farmers to finance the development of anaerobic digesters and to produce electricity at a price that may meet the avoided cost of local utilities, thus benefiting dairy operations, the environment, and the need for cost-effective electricity.

Establishing an internship program for wounded combat veterans.

(SUBSTITUTED FOR - SEE 1ST SUB)

Directs the department to establish an internship program for returning wounded combat veterans. The purpose of the program is to assist returning wounded combat veterans by matching them with jobs within the department that require their military skill

sets and would be of benefit to the department, or that would teach them new skills.

Appropriates the sum of two hundred fifty thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the multimodal transportation account to the department of transportation for the purposes of this act.

SB 5242-S by Senate Committee on Transportation (originally sponsored by Senators Hobbs, Hewitt, Haugen, Kastama, Fairley, Shin, Kline, Clements, Kohl-Welles, Keiser, Tom, Brandland, Murray, Roach, Spanel, Kauffman, Rockefeller, Regala, Jacobsen, McAuliffe, Berkey, Carrell, Sheldon, Kilmer, Rasmussen, Holmquist, and Honeyford)

(DIGEST AS ENACTED)

Directs the department to establish an internship program for returning wounded combat veterans, subject to the availability of amounts appropriated for this specific purpose. The purpose of the program is to assist returning wounded combat veterans by matching them with jobs within the department that require their military skill sets and would be of benefit to the department, or that would teach them new skills.

SB 5246-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Hargrove, Brandland, McAuliffe, and Stevens; by request of Department of Social and Health Services)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Revises provisions affecting the placement of children.

Declares that the department or agency supervising the child's placement has the authority to place the child, subject to review and approval by the court: (1) With a relative as defined in RCW 74.15.020(2)(a);

(2) In a foster family home or group care facility licensed pursuant to chapter 74.15 RCW; or

(3) In the home of another suitable person if the child or family has a preexisting relationship with that person, and the person has completed all required criminal history background checks and otherwise appears to the department or supervising agency to be suitable and competent to provide care for the child. Absent good cause, the department or supervising agency shall follow the wishes of the natural parent regarding the placement of the child in accordance with RCW 13.34.260. The department or

supervising agency may only place a child with a person not related to the child as defined in RCW 74.15.020(2)(a) when the court finds that such placement is in the best interest of the child.

SB 5248 by Senators Hatfield, Schoesler, Rasmussen, Morton, Honeyford, Haugen, Shin, and Holmquist

Companion Bill: 1167

Preserving the viability of agricultural lands.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that critical area ordinances and development regulations developed or amended by local governments under chapter 36.70A RCW may not prohibit legally existing agricultural activities occurring on agricultural land, as defined in RCW 90.58.065, and may not require removal of agricultural land from production. This act applies only to this chapter, and shall not affect any other authority of local governments.

SB 5248-S by Senate Committee on Agriculture & Rural Economic Development (originally sponsored by Senators Hatfield, Schoesler, Rasmussen, Morton, Honeyford, Haugen, Shin, and Holmquist)

(DIGEST AS ENACTED)

Provides that the legislature intends this act, the temporary delays it establishes for amending or adopting provisions of certain critical area ordinances, and the duties and requirements it prescribes for the William D. Ruckelshaus Center, to be expressions of progress in resolving, harmonizing, and advancing commonly held environmental protection and agricultural viability goals.

Expects the duties and requirements it is prescribing for the Ruckelshaus Center to be successful. If, however, the efforts of the center do not result in agreement on how to best address the conflicts between agricultural activities and certain regulatory requirements as they apply to agricultural activities, the legislature intends, upon the expiration of the delay, to require jurisdictions that have delayed amending or adopting certain regulatory measures to promptly complete all regulatory amendments or adoptions necessary to comply with the growth management act.

Does not intend this act to reduce or otherwise diminish existing critical area ordinances that apply to agricultural activities during the deferral period established in this act.

Provides that, for the period beginning May 1, 2007, and concluding July 1, 2010, counties and cities may not amend or adopt critical area ordinances under RCW 36.70A.060(2) as they specifically apply to agricultural activities.

Requires the center to work to achieve agreement among participating stakeholders and to develop a coalition that can be used to support agreed upon changes or new approaches to protecting critical areas during the 2010 legislative session.

Requires the center to issue a final report of findings and legislative recommendations to the governor and the appropriate committees of the house of representatives and the senate by September 1, 2009.

Provides that the act shall be null and void if appropriations are not approved.

SB 5250 by Senators Swecker, Haugen, Kilmer, Kline, Rockefeller, and Shin

Creating an alternative method to transfer motor vehicle ownership.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires that, by January 1, 2008, the department shall create a document that allows the seller of a vehicle to release his or her interest in a vehicle at the same time a bank, as defined in RCW 30.04.010, notifies the department that a lien against a vehicle has been released. The department shall incorporate both the seller's release of interest and the bank's notice of lien release into this document. The document must require the seller to acknowledge that the lien release has been accompanied by a subsequent sale of the vehicle to a third party and must include the seller's name, address, driver's license number, and signature as well as the transferee's name, address, driver's license number, and signature.

Provides that properly submitting this document transfers a vehicle's title, provided that the seller's release of interest becomes valid when the transferee applies for a certificate of ownership.

Does not affect the validity or legal effect of a seller's report of sale.

SB 5250-S by Senate Committee on Transportation (originally sponsored by Senators Swecker, Haugen, Kilmer, Kline, Rockefeller, and Shin)

Regarding the transfer of motor vehicle ownership.

(DIGEST AS ENACTED)

Requires that, by January 1, 2008, the department shall provide instructions on release of interest forms that allow the seller of a vehicle to release his or her interest in a vehicle at the same time a financial institution, as defined in RCW 30.22.040, releases their lien on the vehicle.

SB 5254 by Senators Kilmer, Kastama, Fairley, Rockefeller, Kauffman, Marr, Hatfield, Weinstein, Keiser, Sheldon, McAuliffe, Eide, Kohl-Welles, Shin, Murray, Tom, Regala, Spanel, and Kline

Authorizing a grant program for industry skill panels.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that a skilled work force is essential for employers and job seekers to compete in today's global economy. The engines of economic progress are fueled by education and training.

Finds that industry skill panels are a critical and proven form of public-private partnership that harness the expertise of leaders in business, labor, and education to identify work force development strategies for industries that drive Washington's regional economies. Industry skill panels foster innovation and enable industry leaders and public partners to be proactive, addressing changing needs for businesses quickly and strategically. Industry skill panels leverage small state investments with private sector investments to ensure that public resources are better aligned with industry needs.

Declares an intent to support the development and maintenance of industry skill panels in key sectors of the economy as an efficient and effective way to support regional economic development.

Appropriates the sum of one million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the work force training and education coordinating board for the purposes of this act.

Appropriates the sum of one million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the work force training and education coordinating board for the purposes of this act. The board shall use up to fifty thousand dollars of the appropriation for the fiscal year ending June 30, 2009, for an independent evaluation of the effectiveness of industry skill panels.

SB 5254-S by Senate Committee on Ways & Means (originally sponsored by Senators Kilmer, Kastama, Fairley, Rockefeller, Kauffman, Marr, Hatfield, Weinstein, Keiser, Sheldon, McAuliffe, Eide, Kohl-Welles, Shin, Murray, Tom, Regala, Spanel, and Kline)

(DIGEST AS ENACTED)

Finds that a skilled work force is essential for employers and job seekers to compete in today's global economy. The engines of economic progress are fueled by education and training.

Finds that industry skill panels are a critical and proven form of public-private partnership that harness the expertise of leaders in business, labor, and education to identify work force

Industry skill panels leverage small state investments with private sector investments to ensure that public resources are better aligned with industry needs.

Declares an intent to support the development and maintenance of industry skill panels in key sectors of the economy as an efficient and effective way to support regional economic development.

Provides that, subject to funding provided for the purposes of this act, the board, in consultation with the state board for community and technical colleges, the department of community, trade, and economic development, and the employment security department, shall allocate grants on a competitive basis to establish and support industry skill panels.

Requires the board to establish industry skill panel standards that identify the expectations for industry skill panel products and services. The board shall establish the standards in consultation with labor, the state board for community and technical colleges, the employment security department, the institute of workforce development and economic sustainability, and the department of community, trade, and economic development. Continued funding of particular industry skill panels shall be based on meeting the standards established by the board under this act. Beginning December 1, 2008, the board shall report annually to the governor and the economic development and higher education committees of the legislature on the results of the industry skill panels funded under chapter 28C.18 RCW in meeting the standards.

SB 5265 by Senators McAuliffe, Fairley, Eide, Kohl-Welles, and Kline

Companion Bill: 1677

Creating the outdoor education and recreation grant program for schools and others.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent to establish an outdoor education and recreation program to improve students' performance on the essential academic learning requirements for science through participation in outdoor educational and recreational opportunities. Further, it is the intent of the program to recognize the resulting benefit of improved student health through involvement in outdoor recreation.

SB 5265-S by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators McAuliffe, Fairley, Eide, Kohl-Welles, and Kline)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent to provide a large number of underserved children with quality opportunities to directly experience the natural world. It is the legislature's intent to create a program to improve children's overall academic performance, self-esteem, personal responsibility, community involvement, personal health, and understanding of nature. Further it is the intent of the legislature that the program empower local communities to engage children in outdoor education and recreation experiences.

SB 5266 by Senators McAuliffe, Hargrove, Stevens, Regala, Fairley, Franklin, and Shin

Concerning juveniles in the custody of law enforcement officers.

Declares that parents have a fundamental interest in knowing if their child has been taken into police custody for questioning and where their child is being held. Because a parent or guardian is most often in a position to provide a juvenile with guidance in matters of great importance to a juvenile, it is the intent to assist parents in their ability to aid and guide their children when making important legal decisions, including the decision to waive legal rights during custodial interrogations. It is also the intent to provide children in police custody the opportunity to seek and receive consultation with his or her parents.

Companion Bill: 1280

Providing for the use of the school district capital projects funds for technology.

(SUBSTITUTED FOR - SEE 1ST SUB)

Recognizes that technology has become an integral part of the facilities and educational delivery systems in our schools. In order to prepare our state's students to participate fully in our state's economy, school districts are making substantial capital investments in their technology systems, facilities, and projects. Districts are implementing, applying, and modernizing their technology systems.

Declares that school districts must be empowered to respond to the changing business models in the software industry and be given flexibility and authority to use capital projects funds to pay for licenses or online application fees.

Declares an intent that these investments be deemed major capital purpose and are also permitted uses of the district's two to six-year levies authorized by RCW 84.52.053.

SB 5268 by Senators McAuliffe, Prentice, Fairley, Oemig, Kline, Shin, Kohl-Welles, Tom, Regala, Brandland, Rockefeller, Rasmussen, and Keiser

Requiring reviews and revisions of the essential academic learning requirements.

Recognizes that as the world changes, expectations for students evolve to reflect current workforce and societal

demands. To prepare students to be competitive in the global market, classrooms should meet the new, heightened expectations of higher education institutions and businesses. The educational system should reflect our increasingly diverse society and remain relevant and accessible to all students to keep them engaged as active participants in their own learning experience.

Declares an intent to require an ongoing and regular review of the essential academic learning requirements in order to refine and revise the standards as necessary to keep them modern and relevant.

Establishing the first peoples' language and culture teacher certification program. (REVISED FOR PASSED LEGISLATURE: Establishing the first peoples' language, culture, and oral tribal traditions teacher certification program.)

(DIGEST AS ENACTED)

Declares that government-to-government collaboration between the state and the sovereign tribal governments whose traditional lands and territories lie within the borders of the state of Washington serves to implement the spirit of the 1989 centennial accord and other similar government-to-government agreements, including the 2004 accord between the federally recognized Indian tribes with treaty reserved rights in Washington state and the state of Washington.

Declares that establishing a first peoples' language, culture, and oral tribal traditions teacher certification program both achieves educational objectives and models effective government-to-government relationships.

Declares that establishing a first peoples' language, culture, and oral tribal traditions certification program implements the following policy objectives of P.L. 101-477, the federal Native American languages act of 1990, in a tangible way.

Provides that in-service training or continuing education in first peoples' language, culture, or oral tribal traditions provided by a sovereign tribal government participating in the Washington state first peoples' language and culture program authorized under this act shall be considered approved in-service training or approved continuing education under this act and RCW 28A.415.023.

VETO MESSAGE ON SB 5272

May 15, 2007

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 7, Senate Bill 5272 entitled:

"AN ACT Relating to the administration of fuel taxes."

This bill eliminates current statutory language from state motor vehicle and special fuel tax statutes declaring that motor vehicle and special fuel taxes are imposed on the end user. It also authorizes the Governor, or the gubernatorial designee, to enter into fuel tax compact agreements with federally recognized tribes operating or licensing retail stations on reservations or trust lands.

Section 7 of the bill limits the handling loss for fuel to licensed suppliers and licensed importers. Without Section 7, fuel distributors retain the handling loss that had been available to them prior to the passage of this legislation. The handling loss allowance is provided as an offset for evaporation and shrinkage that occurs in the transfer of fuel from the terminal racks to fuel tank trucks.

For these reasons, I have vetoed Section 7 of Senate Bill 5272.

With the exception of Section 7, Senate Bill 5272 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 5282 by Senators Murray, Haugen, Pflug, Jacobsen, Tom, and Shin

Companion Bill: 1396

Providing a single ballot proposition for regional transportation investment districts and regional transit authorities at the 2007 general election.

(SEE ALSO PROPOSED 1ST SUB)

Finds that under RCW 81.112.030 and 36.120.170 regional transportation investment districts and regional transit authorities are required to submit to the voters propositions for their respective transportation plans on the same ballot at the 2007 general election and that the opportunity to propose a single ballot reflecting a comprehensive, systemic, and interrelated approach to regional transportation would further the legislative intent and provide voters with an easier and more efficient method of expressing their will.

Declares that it is therefore the policy and intent of the state of Washington that transportation plans required to be submitted for voter approval at the 2007 general election by a regional transportation investment district and a regional transit authority must be submitted to voters in single ballot question seeking approval of both plans.

SB 5286 by Senators Rockefeller, Pridemore, Murray, Regala, Hobbs, Kilmer, and Kohl-Welles

Concerning funding projects for Puget Sound water quality cleanup.

Requires the department to forward all Puget Sound applications that meet project and applicant eligibility requirements to the council to evaluate and rank the applications for their contribution toward implementing the Puget Sound agenda. The council and the department shall collaborate in this review, and may request additional information from applicants to ensure that the water pollution control benefits of the application are fully evaluated. The council may request assistance from the implementation advisory board regarding the evaluation and ranking.

Provides that the council shall hold at least one public meeting at which the public and project applicants may provide their comments on the applications and the contributions that the proposed projects and activities have toward implementing the Puget Sound agenda.

Requires the council to provide its evaluation and ranking of the applications to the department in a timely manner prior to the department's award decisions. The council's evaluation must

include recommendations for the level of funding and its assessment of the contribution that the project or activity may make toward implementing specific elements of the Puget Sound agenda.

Requires that where the department does not adopt a recommendation of the council, the department shall provide an explanation to the council when the award decisions are made.

SB 5288 by Senators Kohl-Welles, Murray, McAuliffe, Weinstein, Shin, and Rasmussen

Requiring cyberbullying to be included in school district harassment prevention policies.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, by August 1, 2008, each school district shall amend its harassment, intimidation, and bullying prevention policy to include a section addressing acts of bullying, harassment, or intimidation that are conducted via electronic means. The policy shall include a requirement that materials meant to educate parents and students about the seriousness of cyberbullying be disseminated to parents or made available on the school district's web site.

Provides that the material shall include information on responsible and safe internet use as well as what options are available if a student is being bullied via electronic means, including but not limited to, reporting threats to local police and when to involve school officials, the internet service provider, or phone service provider. If a school district has internet use policies, the act of bullying, harassing, or intimidating another student via online means shall be included as a prohibited act and be subject to disciplinary action.

SB 5288-S by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators Kohl-Welles, Murray, McAuliffe, Weinstein, Shin, and Rasmussen)

(DIGEST AS ENACTED)

Requires that the Washington state school directors association, with the assistance of the office of the superintendent of public instruction, shall convene an advisory committee to develop a model policy prohibiting acts of harassment, intimidation, or bullying that are conducted via electronic means by a student while on school grounds and during the school day. The policy shall include a requirement that materials meant to educate parents and students about the seriousness of cyberbullying be disseminated to parents or made available on the school district's web site.

Directs the school directors association to submit the model policy and sample materials, along with a recommendation for local adoption, to the governor and the legislature and shall post the model policy and sample materials on its web site by January 1, 2008. Each school district board of directors shall establish its own policy by August 1, 2008.

Companion Bill: 2370

Establishing the emergency management, preparedness, and assistance account.

(SEE ALSO PROPOSED 1ST SUB)

Recognizes that all disasters are local disasters, and intends to strengthen state and local emergency response, mitigation, preparation, and coordination by establishing a stable source of funding with the intent that Washington state become the nationally recognized leader in emergency management. The funding will be dedicated to the development and coordination of state and local government emergency management programs by supporting joint training exercises, citizen and industry coordination with emergency management efforts, public

education, and relationship building among local and state emergency management officials.

Requires that, beginning in January 2009 and biennially thereafter, the department shall conduct, in conjunction with the emergency management council, a strategic assessment of, and issue a report on, the ability of state, local, and tribal emergency management organizations to effectively provide for all phases of comprehensive emergency management. The assessment must: (1) Evaluate state, local, and tribal emergency management capabilities and needs;

(2) Evaluate the ability of state, local, and tribal emergency management organizations to provide emergency management mitigation, preparedness, response, and recovery;

(3) Evaluate the effectiveness of the emergency management structure at the state, local, and tribal levels;

(4) Provide findings and make recommendations that increase the ability of state, local, and tribal emergency management organizations to meet current and future risks; and

(5) Detail where and for what purpose funds under this act have been distributed.

SB 5297 by Senators Haugen, Tom, Prentice, Keiser, Pridemore, Murray, Regala, Fraser, Kilmer, Rockefeller, McAuliffe, Shin, Weinstein, Kline, Marr, Kohl-Welles, and Oemig

Companion Bill: 1297

Regarding providing medically and scientifically accurate sexual health education in schools.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent to support and advance the standards established in the January 2005 guidelines for sexual health information and disease prevention developed by the office of the superintendent of public instruction and the department of health. These guidelines are a fundamental tool to help school districts, teachers, guest speakers, health and counseling providers, community groups, parents, and guardians choose, develop, and evaluate sexual health curricula to better meet the health and safety needs of adolescents and young adults in their communities.

Requires that, by September 1, 2008, every school that offers sexual health education must assure that sexual health education is medically and scientifically accurate, age-appropriate, appropriate for students regardless of gender, race, disability status, or sexual orientation, and includes information about abstinence and other methods of preventing unintended pregnancy and sexually transmitted diseases. All sexual health information, instruction, and materials must be medically and scientifically accurate.

Provides that the office of the superintendent of public instruction shall, through its Washington state school health profiles survey or other existing reporting mechanism, ask schools to identify any curricula used to provide sexual health education, and shall report the results of this inquiry to the legislature on an annual basis, beginning with the 2008-09 school year.

Abstinence may not be taught to the exclusion of other materials and instruction on contraceptives and disease

prevention. A school may choose to use separate, outside speakers or prepared curriculum to teach different content areas or units within the comprehensive sexual health program as long as all speakers, curriculum, and materials used are in compliance with this section. Sexual health education must be consistent with the January 2005 guidelines for sexual health information and disease prevention developed by the department of health and the office of the superintendent of public instruction.

Provides that the office of the superintendent of public instruction shall, through its Washington state school health profiles survey or other existing reporting mechanism, ask schools to identify any curricula used to provide sexual health education, and shall report the results of this inquiry to the legislature on an annual basis, beginning with the 2008-09 school year.

Creating certified capital companies to promote economic development through investment in start-up and emerging businesses.

Finds that new sources of prudently targeted private equity investments would promote economic development by strengthening the local venture capital infrastructure, increasing access to capital for local companies, supporting emerging businesses, and creating jobs for Washington citizens. Targeted venture capital has the potential to hasten the transformation of research and development concepts into commercially viable products and services, expedite the expansion of small Washington firms, enlarge the state's tax base, and develop these businesses into significant contributors to the Washington economy. This act is intended to assist small start-up enterprises to succeed in their business and to contribute to the future of Washington.

Provides that, upon notification of a review of this act under the provisions of chapter 43.136 RCW, by the joint legislative audit and review committee, the department shall report to the governor by January 1, 2013: (1) The number of certified capital companies holding certified capital;

(2) The amount of certified capital invested in each certified capital company;

(3) The cumulative amount that each certified capital company has invested as of September 30, 2012, and the cumulative total each year thereafter;

(4) The cumulative amount that the investments of each certified capital company have leveraged in terms of capital invested by other sources of capital in qualified businesses at the same time or subsequent to investments made by a certified capital company in such businesses;

(5) The total amount of tax credits granted under this act for each year the credits have been awarded;

(6) The performance of each certified capital company with regard to the requirements for continued certification;

(7) The classification of the companies in which each certified capital company has invested according to industrial sector and size of company;

(8) The total gross number of jobs created by investments made by each certified capital company using certified capital and the number of jobs retained;

(9) The location of the companies in which each certified capital company has invested;

(10) The total amount invested in qualified microenterprise development organizations, the number of small businesses that

received financial assistance from these organizations and the number of jobs created and retained by such businesses;

(11) Those certified capital companies that have been decertified, or have had their certification revoked, including the reasons for decertification or revocation; and

(12) Other information as requested by the joint legislative audit and review committee.

SB 5312 by Senators Tom, Holmquist, Kline, Roach, Kilmer, Marr, Sheldon, Morton, Pridemore, McCaslin, Berkey, Delvin, Shin, Rasmussen, Parlette, and Stevens

Addressing the issue of stolen metal property.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that: (1) Because the current exemption of transactions involving "metal junk" from the requirements of chapter 19.60 RCW has enabled the theft of stolen metal property, that exemption must be removed;

(2) Uniform interpretation and enforcement of the laws governing pawnbrokers and second-hand dealers can be facilitated through precise clarification of the current law, and such changes in the law should discourage those who steal metal properties from seeking the most lenient jurisdiction in which to sell their stolen property; and

(3) Provisions must be made to ensure the appropriate documentation of transactions to assist law enforcement agencies to identify, recover, and return stolen property to its owner and to ensure, as reasonably as possible, that pawnbrokers and second-hand dealers are less likely to be used as conduits for the liquidation and disposal of stolen metal property.

Requires that, for every transaction that involves property valued at more than one hundred dollars, every pawnbroker and second-hand dealer doing business in the state shall require the party with whom a transaction may be made to sign a declaration. The declaration must be provided as a document separate from any other documents relating to a transaction and must be printed in type that is bold face, capitalized, underlined, or otherwise presented in a conspicuous manner.

Provides that the declaration must include, in the seller's own handwriting, identification of the source of the property that is subject to the transaction.

Requires the declaration to be signed and dated by the person with whom the transaction is being made.

Requires the pawnbroker or second-hand dealer or his or her employee to witness the signing and dating of the declaration and sign the declaration accordingly before any transaction may be consummated.

Requires a copy of the signed declaration to be open to inspection by any commissioned law enforcement officer of the state or any of its political subdivisions, at all times during the ordinary hours of business, or at reasonable times if ordinary hours of business are not kept, and shall be maintained wherever that business is conducted for three years following the date of the transaction.

Provides that every pawnbroker or second-hand dealer doing business in the state must retain metal property, including melted metals, metal junk, and metal that is still useful in its original form, for no less than thirty days after the transaction involving that property was made.

SB 5313 by Senators Haugen, Schoesler, Kilmer, Hatfield, Shin, and Rasmussen

Companion Bill: 1325

Establishing the retirement age for members of the Washington state patrol retirement system.

(DIGEST AS ENACTED)

Provides that, beginning July 1, 2007, any active member who has obtained the age of sixty-five years shall be retired on the first day of the calendar month next succeeding that in which the member has attained the age of sixty-five. However, the requirement to retire at age sixty-five does not apply to a member serving as chief of the Washington state patrol.

VETO MESSAGE ON SB 5313

April 18, 2007

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 2, Senate Bill No. 5313 entitled:

"AN ACT Relating to establishing the retirement age for members of the Washington state patrol retirement system."

This bill will help the Washington State Patrol retain its experienced troopers. When the bill was moving through the legislature, they were concerned that a trooper may turn 60 years old between July 1, 2007 the first day this bill could be effective, and the standard effective date, which is 90 days after a bill is signed into law. The Washington State Patrol has since determined that no troopers will turn 60 years old during this period of time, and that no trooper will face the mandatory retirement age prior to the effective date of this bill. The emergency clause is therefore unnecessary.

For these reasons, I have vetoed Section 2 of Senate Bill No. 5313.

With the exception of Sections 2, Senate Bill No. 5313 is approved.

Respectfully submitted,

Christine O. Gregoire
Governor

Authorizing residents to access their property during a forest fire.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that residents, landowners, and others in lawful possession and control of land in the state have the right to access their residences, forest land, and land not classified as forest land during a forest fire or wildfire. Specifically, residents, landowners, and others in lawful possession and control of land

have the right to access their residences and land in order to: (1) Conduct fire prevention or suppression activities;

(2) Protect or retrieve any property located in their residences or on their land, including equipment, livestock, or any other belongings; or

(3) Undertake activities under both provisions.

Requires that during the closure of any state highway, county road, or city street under this chapter due to forest fire or wildfire, those state agencies and local governments authorizing or implementing the closure shall, to the maximum extent practicable, allow and facilitate access to residences and land as set forth in RCW 76.04.600(2).

Provides that state agencies, counties, and cities, and their employees and agents, are not liable for any action, or failure to act, under this act.

SB 5315-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Schoesler, Rasmussen, Holmquist, Sheldon, Honeyford, Stevens, Clements, Morton, Delvin, Hatfield, Kilmer, Shin, and Roach)

Regarding access to property during a forest fire.

(DIGEST AS ENACTED)

Requires the Washington association of sheriffs and police chiefs to convene a model policy work group to develop a model policy for sheriffs regarding residents, landowners, and others in lawful possession and control of land in the state during a forest fire or wildfire. The model policy must be designed in a way that, first and foremost, protects life and safety during a forest fire or wildfire. The model policy must include guidance on allowing access, when safe and appropriate, to residents, landowners, and others in lawful possession and control of land in the state during a wildfire or forest fire. The model policy must specifically address procedures to allow, when safe and appropriate, residents, landowners, and others in lawful possession and control of land in the state access to their residences and land to: (1) Conduct fire prevention or suppression activities;

(2) Protect or retrieve any property located in their residences or on their land, including equipment, livestock, or any other belongings; or

(3) Undertake activities under both provisions.

Provides that each county sheriff may, until a model policy pursuant to this act is developed and implemented in the sheriff's county, establish and maintain a registry of persons authorized to access their land during a forest or wildfire.

Companion Bill: 1462

Creating additional safeguards for child care.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that the purpose of this act is to provide tools to promote the hiring of suitable providers of child care by: (1) Providing parents with access to information regarding child care providers;

(2) Providing child care providers with known information regarding applicants' sexual misconduct or other abusive conduct;

(3) Providing parents with child care licensing complaint histories regarding child care providers; and

(4) Requiring background checks of applicants for employment in any child care facility licensed or regulated under current law.

Provides that, in determining whether an individual is of appropriate character, suitability, and competence to provide child care and early learning services to children, the department may consider all child abuse and neglect history information whether founded, unfounded, or inconclusive regarding a prospective child care provider. No unfounded allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this act.

Authorizes the department to make available on a publicly accessible web site all inspection reports and notices of enforcement actions involving child day-care centers and family day-care providers. The department shall include in the inspection report a statement of the corrective measures taken by the center or provider.

Requires the department and an agency to, at the first opportunity but in all cases within forty-eight hours of receiving a report alleging sexual misconduct or abuse by an agency employee, notify the parents of a child alleged to be the victim, target, or recipient of the misconduct or abuse. The department and an agency shall provide parents with information regarding their rights under the public records act, chapter 42.56 RCW, to request the public records regarding the employee. This information shall be provided to all parents on an annual basis.

Provides that, for the purposes of reporting actions taken against agency employees or licensees, the following actions shall be posted to the department's web site accessible by the public: Suspension, surrender, revocation, denial, stayed suspension, or reinstatement of a license, and any written reprimand related to abuse and sexual misconduct or abuse.

SB 5317-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Kohl-Welles, Brandland, Hargrove, Stevens, Regala, and McAuliffe)

(DIGEST AS ENACTED)

Declares that the purpose of this act is to provide tools to promote the hiring of suitable providers of child care by: (1) Providing parents with access to information regarding child care providers;

(2) Providing parents with child care licensing action histories regarding child care providers;

(3) Providing parents with child care licensing complaint histories regarding child care providers; and

(4) Requiring background checks of applicants for employment in any child care facility licensed or regulated under current law.

Provides that, in determining whether an individual is of appropriate character, suitability, and competence to provide child care and early learning services to children, the department may consider the history of past involvement of child protective services or law enforcement agencies with the individual for the purpose of establishing a pattern of conduct, behavior, or inaction with regard to the health, safety, or welfare of a child. No report of child abuse or neglect that has been destroyed or expunged under RCW 26.44.031 may be used for such purposes. No unfounded or inconclusive allegation of child abuse or neglect as defined in RCW 26.44.020 may be disclosed to a provider licensed under this act.

Declares that in order to determine the suitability of applicants for an agency license, licensees, their employees, and other persons who have unsupervised access to children in care, and who have not resided in the state of Washington during the three-year period before being authorized to care for children, shall be fingerprinted.

Requires the fingerprints to be forwarded to the Washington state patrol and federal bureau of investigation for a criminal history record check.

Requires the director to use the information solely for the purpose of determining eligibility for a license and for determining the character, suitability, and competence of those persons or agencies, excluding parents, not required to be licensed who are authorized to care for children.

Authorizes the department to make available on a publicly accessible web site all inspection reports and notices of

enforcement actions involving child day-care centers and family day-care providers. The department shall include in the inspection report a statement of the corrective measures taken by the center or provider.

Requires the department and an agency to, at the first opportunity but in all cases within forty-eight hours of receiving a report alleging sexual misconduct or abuse by an agency employee, notify the parents or guardian of a child alleged to be the victim, target, or recipient of the misconduct or abuse. The department and an agency shall provide parents annually with information regarding their rights under the public records act, chapter 42.56 RCW, to request the public records regarding the employee.

Provides that, for the purposes of reporting actions taken against agency employees or licensees, the following actions shall be posted to the department's web site accessible by the public: Suspension, surrender, revocation, denial, stayed suspension, or reinstatement of a license, and any written reprimand related to abuse and sexual misconduct or abuse.

SB 5320 by Senators Franklin, McCaslin, Kline, Stevens, Prentice, Parlette, Regala, Hargrove, Rasmussen, Murray, Jacobsen, Hewitt, Keiser, and Roach

Companion Bill: 1130

Creating an office of public guardianship as an independent agency of the judiciary.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, in establishing an office of public guardianship, the legislature intends to promote the availability of guardianship services for individuals who need them and for whom adequate services may otherwise be unavailable.

Reaffirms its commitment to treat liberty and autonomy as paramount values for all Washington residents and to authorize public guardianship only to the minimum extent necessary to provide for health or safety, or to manage financial affairs, when the legal conditions for appointment of a guardian are met.

Does not intend to alter those legal conditions or to expand judicial authority to determine that any individual is incapacitated.

SB 5320-S by Senate Committee on Judiciary (originally sponsored by Senators Franklin, McCaslin, Kline, Stevens, Prentice, Parlette, Regala, Hargrove, Rasmussen, Murray, Jacobsen, Hewitt, Keiser, and Roach)

Creating an office of public guardianship as an independent agency of the judiciary. (REVISED FOR PASSED LEGISLATURE: Creating an office of public guardianship within the administrative office of the courts.)

(DIGEST AS ENACTED)

Provides that, in establishing an office of public guardianship, the legislature intends to promote the availability of guardianship services for individuals who need them and for whom adequate services may otherwise be unavailable.

Reaffirms its commitment to treat liberty and autonomy as paramount values for all Washington residents and to authorize public guardianship only to the minimum extent necessary to provide for health or safety, or to manage financial affairs, when the legal conditions for appointment of a guardian are met.

Does not intend to alter those legal conditions or to expand judicial authority to determine that any individual is incapacitated.

VETO MESSAGE ON SSB 5320

May 8, 2007

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 5, Substitute Senate Bill 5320 entitled:

"AN ACT Relating to creating an office of public guardianship as an independent agency of the judiciary."

I am a strong proponent of government management accountability and performance. To this extent, I believe we must be judicious in the creation of new boards and commissions. This bill calls for the creation of a 17 member advisory committee to the new Office of Public Guardianship.

The creation of the Office of Public Guardianship does not necessitate creating a 17 member Advisory Committee. The Office is created within the Administrative Offices of the Courts and the director is selected by, and serves at the pleasure of, the Supreme Court. These entities are capable of providing adequate oversight of the Office and performing the duties outlined in the bill for the advisory committee.

For these reasons, I have vetoed Section 5 of Substitute Senate Bill 5320.

With the exception of Section 5, Substitute Senate Bill 5320 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 5321 by Senators Carrell, Regala, Stevens, Schoesler, Clements, and Rasmussen

Addressing child welfare.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, upon receiving a report of alleged abuse or neglect, the department shall: (1) Make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this act. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this act. If the department is unable to learn the information required under this act, the department shall only investigate cases in which: (a) the department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has a prior founded report of abuse or neglect that is within three years of receipt of the referral;

(2) Unless the report is screened-out or being investigated by a law enforcement agency, conduct an investigation within time frames established by the department in rule, but in no case shall the investigation extend longer than ninety days from the date the report is received; and

(3) Make a finding that the report of child abuse or neglect is founded or unfounded at the completion of the investigation.

Declares that a care provider may not be found to have abused or neglected a child under chapter 26.44 RCW or be denied a license pursuant to chapter 74.15 RCW and RCW 74.13.031 for any allegations of failure to supervise wherein: (1) The allegations arise from the child's conduct that is substantially similar to prior behavior of the child; and

(2) The department failed to disclose that the child was a sexually reactive youth, had high-risk behaviors, or was physically assaultive or physically aggressive as required by RCW 74.13.280.

Provides that allegations of child abuse or neglect that meet the provisions of this act shall be designated as "unfounded" as defined in RCW 26.44.020.

SB 5321-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Carrell, Regala, Stevens, Schoesler, Clements, and Rasmussen)

(DIGEST AS ENACTED)

Provides that, upon receiving a report of alleged abuse or neglect, the department shall: (1) Make reasonable efforts to learn the name, address, and telephone number of each person making a report of abuse or neglect under this act. The department shall provide assurances of appropriate confidentiality of the identification of persons reporting under this act. If the department is unable to learn the information required under this act, the department shall only investigate cases in which: (a) the department believes there is a serious threat of substantial harm to the child; (b) the report indicates conduct involving a criminal offense that has, or is about to occur, in which the child is the victim; or (c) the department has a prior founded report of abuse or neglect that is within three years of receipt of the referral;

(2) Unless the report is screened-out or being investigated by a law enforcement agency, conduct an investigation within time frames established by the department in rule, but in no case shall the investigation extend longer than ninety days from the date the report is received; and

(3) Make a finding that the report of child abuse or neglect is founded or unfounded at the completion of the investigation.

Requires the department to destroy all of its records concerning: (1) A screened-out report, within three years from the receipt of the report; and

(2) An unfounded or inconclusive report, within six years of completion of the investigation, unless a prior or subsequent founded report has been received before the records are destroyed.

Provides that an unfounded, screened-out, or inconclusive report may not be disclosed to a child-placing agency, private adoption agency, or any other provider licensed under chapter 74.15 RCW.

Provides that, if the department fails to comply with this act, an individual who is the subject of a report may institute proceedings for injunctive or other appropriate relief for enforcement of the requirement to purge information.

Provides that, if the department fails to comply with this act and an individual who is the subject of the report is harmed by the disclosure of information, in addition to the relief provided in this act, the court may award a penalty of up to one thousand dollars and reasonable attorneys' fees and court costs to the petitioner.

Declares that nothing in this act shall prevent the department from retaining general, nonidentifying information which is required for state and federal reporting and management purposes.

Provides that a care provider may not be found to have abused or neglected a child under chapter 26.44 RCW or be denied a license pursuant to chapter 74.15 RCW and RCW 74.13.031 for any allegations of failure to supervise wherein: (1) The allegations arise from the child's conduct that is substantially

similar to prior behavior of the child, and: (a) the child is a sexually reactive youth, exhibits high-risk behaviors, or is physically assaultive or physically aggressive as defined in RCW 74.13.280, and this information and the child's prior behavior was not disclosed to the care provider as required by RCW 74.13.280; and (b) the care provider did not know or have reason to know that the child needed supervision as a sexually reactive or physically assaultive or physically aggressive youth, or because of a documented history of high-risk behaviors, as a result of the care provider's involvement with or independent knowledge of the child or training and experience; or

(2) The child was not within the reasonable control of the care provider at the time of the incident that is the subject of the allegation, and the care provider was acting in good faith and did not know or have reason to know that reasonable control or supervision of the child was necessary to prevent harm or risk of harm to the child or other persons.

SB 5326 by Senator Jacobsen

Creating judicial nominating commissions.

Provides that, before making recommendations to the governor, each commission shall conduct investigations, hold public hearings, and take public testimony. An executive session as prescribed by rule may be held upon a two-thirds vote of the members of the commission in a public hearing. Final decisions as to recommendations shall be made without regard to political affiliation in an impartial and objective manner. Each commission shall consider the diversity of the population and the geographical diversity of the residences of the applicants; the primary consideration, however, shall be merit. Voting shall be in a public hearing.

Takes effect if the proposed amendment to Article IV, section 3 of the state Constitution requiring the governor to fill vacancies in the supreme court in accordance with statute is validly submitted to and is approved and ratified by the voters at the next general election. Creating a statewide automated victim information and notification system.

(DIGEST AS ENACTED)

Requires a statewide automated victim information and notification system to be added to the city and county jail booking and reporting system. The system shall: (1) Automatically notify a registered victim via the victim's choice of telephone, letter, or e-mail when any of the following events affect an offender housed in any Washington state city or county jail or department of corrections facility: (a) is transferred or assigned to another facility; (b) is transferred to the custody of another agency outside the state; (c) is given a different security classification; (d) is released on temporary leave or otherwise; (e) is discharged; (f) has escaped; or (g) has been served with a protective order that was requested by the victim;

(2) Automatically notify a registered victim via the victim's choice of telephone, letter, or e-mail when an offender has: (a) an upcoming court event where the victim is entitled to be present, if the court information is made available to the statewide automated victim information and notification system administrator at the Washington association of sheriffs and police chiefs; (b) an upcoming parole, pardon, or community supervision hearing; or (c) a change in the offender's parole, probation, or community supervision status.

Provides that an appointed or elected official, public employee, or public agency as defined in RCW 4.24.470, or units

of government and its employees, as provided in RCW 36.28A.010, are immune from civil liability for damages for any release of information or the failure to release information related to the statewide automated victim information and notification system and the jail booking and reporting system as described in this act, so long as the release was without gross negligence. The immunity provided under this provision applies to the release of relevant and necessary information to other public officials, public employees, or public agencies, and to the general public.

Declares that participation in the statewide automated victim information and notification program satisfies any obligation to notify the crime victim of an offender's custody status and the status of the offender's upcoming court events so long as: (1) Information making offender and case data available is provided on a timely basis to the statewide automated victim information and notification program; and

(2) Information a victim submits to register and participate in the victim notification system is only used for the sole purpose of victim notification.

Provides that, in Washington any vendor contracted to provide a statewide automated victim notification service must deliver the service with a minimum of 99.95-percent availability and with less than an average of one-percent notification errors as a result of the vendor's technology.

Provides that the department of corrections is not required to provide any data to the Washington association of sheriffs and police chiefs for the statewide automated victim information and notification system as stated in this act, until January 1, 2010.

Addressing motor fuel vendors.

Provides that, by June 1, 2008, each motor fuel terminal facility and wholesaler that sells motor fuel in this state must be capable of operating its distribution loading racks using an alternative generated power source for a minimum of seventy-two hours. Pending a postdisaster examination of the equipment by the operator to determine any extenuating damage that might render it unsafe to use, the facility must have the alternate generated power source available for operation no later than thirty-six hours after an emergency or disaster as defined in RCW 38.52.010.

Requires each newly constructed or substantially renovated motor fuel retail outlet, for which a certificate of occupancy is issued on or after January 1, 2008, to be prewired with an appropriate transfer switch, and capable of operating all fuel pumps, dispensing equipment, lifesafety systems, and payment-acceptance equipment using an alternative generated power source.

Protecting individuals in domestic partnerships by granting certain rights and benefits.

(SUBSTITUTED FOR - SEE 1ST SUB)

Protects individuals in domestic partnerships by granting certain rights and benefits.

SB 5336-S by Senate Committee on Government Operations & Elections (originally sponsored by Senators Murray, Kohl-Welles, Fairley, Prentice, Regala, Oemig, Tom, Kline, Hobbs, Pridemore, Keiser, Berkey, Franklin, Brown, Weinstein, Rockefeller, Poulsen, Fraser, Jacobsen, Spanel, and McAuliffe)

(DIGEST AS ENACTED)

Protects individuals in domestic partnerships by granting certain rights and benefits.

Finds that same sex couples, because they cannot marry in this state, do not automatically have the same access that married couples have to certain rights and benefits, such as those associated with hospital visitation, health care decision-making, organ donation decisions, and other issues related to illness, incapacity, and death. Although many of these rights and benefits may be secured by private agreement, doing so often is costly and complex.

Finds that the public interest would be served by extending rights and benefits to different sex couples in which either or both of the partners is at least sixty-two years of age. While these couples are entitled to marry under the state's marriage statutes, some social security and pension laws nevertheless make it impractical for these couples to marry. For this reason, this act specifically allows couples to enter into a state registered domestic partnership if one of the persons is at least sixty-two years of age, the age at which many people choose to retire and are eligible to begin collecting social security and pension benefits.

Creates the state domestic partnership registry within the secretary of state's office.

Provides that, to enter into a state registered domestic partnership the two persons involved must meet the following requirements: (1) Both persons share a common residence;

(2) Both persons are at least eighteen years of age;

(3) Neither person is married to someone other than the party to the domestic partnership and neither person is in a state registered domestic partnership with another person;

(4) Both persons are capable of consenting to the domestic partnership;

(5) Both of the following are true: (a) the persons are not nearer of kin to each other than second cousins, whether of the whole or half blood computing by the rules of the civil law; and (b) neither person is a sibling, child, grandchild, aunt, uncle, niece, or nephew to the other person; and

(6) Either (a) both persons are members of the same sex; or (b) at least one of the persons is sixty-two years of age or older.

(SEE ALSO PROPOSED 1ST SUB)

Provides that, in the event a parking infraction is issued by a private parking facility and is based on a vehicle's identification, and the registered owner of the vehicle is a rental car business, the parking facility shall provide a written notice of the infraction to the rental car business within thirty days of the infraction date. The rental car business receiving the written notice of the infraction shall provide to the parking facility by return mail: (1) A statement under oath stating the name and known mailing address of the individual driving or renting the vehicle when the infraction occurred; or

(2) A statement under oath that the business is unable to determine who was driving or renting the vehicle at the time the infraction occurred because the vehicle was stolen at the time of

the infraction. A statement provided under this provision must be accompanied by a copy of a filed police report regarding the vehicle theft.

Declares that timely mailing of this statement to the parking facility relieves a rental car business of any liability under this act for the notice of infraction. In lieu of identifying the vehicle operator, the rental car business may pay the applicable penalty.

SB 5340 by Senators Kline, Swecker, Fairley, Kohl-Welles, Shin, Pridemore, McAuliffe, Regala, Murray, Spanel, Franklin, Rockefeller, Kauffman, and Keiser
Addressing the definition of disability.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the supreme court, in its opinion in *McClarty v. Totem Electric*, 157 Wn.2d 214, 137 P.3d 844 (2006), overstepped the court's constitutional role of deciding cases and controversies before it, and engaged in judicial activism by significantly rewriting the state law against discrimination.

Finds that the law changed by the court is of significant importance to the citizens of the state, in that it determines the

scope of application of the law against discrimination, and that the court's deviation from settled law was substantial in degree.

Reaffirms an intent that the law against discrimination affords to Washington residents protections that are wholly independent of those afforded by the federal Americans with Disabilities Act of 1990, and rejects the opinion stated in *McClarty v. Totem Electric*.

SB 5340-S by Senate Committee on Judiciary (originally sponsored by Senators Kline, Swecker, Fairley, Kohl-Welles, Shin, Pridemore, McAuliffe, Regala, Murray, Spanel, Franklin, Rockefeller, Kauffman, and Keiser)

Defining disability in the Washington law against discrimination.

(DIGEST AS ENACTED)

Finds that the supreme court, in its opinion in *McClarty v. Totem Electric*, 157 Wn.2d 214, 137 P.3d 844 (2006), was incorrect, in that it failed to recognize that the law against discrimination affords to Washington residents protections that are wholly independent of those afforded by the federal Americans with Disabilities Act of 1990, and that the law against discrimination has provided such protections for many years prior to passage of the federal act.

Declares that "disability" means the presence of a sensory, mental, or physical impairment that: (1) Is medically cognizable or diagnosable; or

(2) Exists as a record or history; or

(3) Is perceived to exist whether or not it exists in fact.

Declares that this act is remedial and retroactive, and applies to all causes of action occurring before July 6, 2006, and to all causes of action occurring on or after the effective date of this act.

SB 5352 by Senators Kline, Keiser, Fairley, Kohl-Welles, and Franklin

Specifying the burden of proof in disciplinary actions for health professionals.

(SEE ALSO PROPOSED 1ST SUB)

Finds that the obligation of the state to protect its citizens from negligent care is a significant state interest, and accordingly reaffirms its intent that the applicable standard of proof in professional license disciplinary hearings under the uniform disciplinary act is the preponderance standard.

Finds that the preponderance standard as currently adopted by the department of health by rule for all health professionals subject to the uniform disciplinary act, chapter 18.130 RCW, does not violate principles of due process or equal protection.

SB 5352-S by Senate Committee on Judiciary (originally sponsored by Senators Kline, Keiser, Fairley, Kohl-Welles, and Franklin)

Revising provisions affecting disciplinary actions involving health professionals

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, with respect to the use of expert testimony in a hearing on charges: (1) Each party may designate, identify, or call to testify at hearing no more than one expert witness on any issue presented;

(2) No expert testimony shall be permitted by any party unless the following information is exchanged in written form with counsel for the other party: (a) a curriculum vitae setting forth the qualifications of the expert; (b) a brief narrative statement of the general substance of the testimony that the expert is expected to give, including any opinion testimony and its basis; (c) a representation that the expert has agreed to testify at the hearing;

(3) A statement of the expert's hourly and daily fee for providing testimony and for consulting with the party who retained his or her services.

SB 5354 by Senators Kline, Poulsen, Weinstein, Pridemore,
 and Kohl-Welles

Concerning the scope of agency actions under the administrative
 procedure act.

Finds that chapter 34.05 RCW, the administrative procedure
 act, promotes consistency in state agency administrative actions
 and promotes accountability to and oversight by the public of
 state agency actions.

Finds that the administrative procedure act provides certainty
 and consistency in the procedures for judicial review of agency
 actions obtainable under the act and that the scope of agency
 actions subject to the act should not be unduly narrowed. In
*Department of Natural Resources v. State Owned Forests (Court
 of Appeals Division One; No. 52550-7-I, November 29, 2004)*, the
 court held that a public land resource planning decision by the
 department of natural resources was not agency action subject to
 the administrative procedure act. The legislature intends by this
 act to ensure that in all future planning decisions the requirements
 of the administrative procedure act will be applicable.

SB 5381 by Senators Hargrove, Stevens, Regala, McAuliffe, and Shin

Concerning dependent children.

(SEE ALSO PROPOSED 2ND SUB)

Requires that, in any case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the child shall be the court's primary consideration in the review hearing.

SB 5381-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Hargrove, Stevens, Regala, McAuliffe, and Shin)

(SEE ALSO PROPOSED 2ND SUB)

Requires that, in any case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the child shall be the court's primary consideration in the review hearing.

Requires each county to revise and expand its existing child sexual abuse investigation protocol to address investigations of child fatality, child physical abuse, and criminal child neglect cases and to incorporate the statewide guidelines for first responders to child fatalities developed by the criminal justice training commission. The protocols shall address the coordination of child fatality, child physical abuse, and criminal child neglect investigations between the county and city prosecutor's offices, law enforcement, children's protective services, local advocacy groups, emergency medical services, and any other local agency involved in the investigation of such cases. The protocol revision and expansion shall be developed by the prosecuting attorney in collaboration with the agencies referenced in this act.

Requires revised and expanded protocols under this act to be adopted and in place by July 1, 2008. Thereafter, the protocols shall be reviewed every two years to determine whether modifications are needed.

Directs the commission, in consultation with the department of social and health services, the Washington association of sheriffs and police chiefs, and the Washington association of prosecuting attorneys, to develop a curriculum related to child abuse and neglect to be included in the basic law enforcement training that must be successfully completed within the first fifteen months of employment of all law enforcement personnel.

Requires the curriculum to be incorporated into the basic law enforcement training program by July 1, 2008.

Requires the joint legislative audit and review committee to analyze gaps throughout the state in the availability and accessibility of services identified in the federal adoption and safe families act as it existed on the effective date of this act.

Requires the joint legislative audit and review committee to submit to appropriate committees of the legislature a report and recommendations by December 1, 2007.

SB 5381-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Hargrove, Stevens, Regala, McAuliffe, and Shin)

(DIGEST OF PROPOSED 2ND SUBSTITUTE)

Provides that, prior to the child returning home, the department must complete the following: (1) Identify any persons who may act as a caregiver for the child in addition to the parent with whom the child is being placed and determine whether such persons are in need of any services in order to ensure the safety of the child, regardless of whether such persons are a party to the dependency. The department or supervising agency may recommend to the court and the court may order that placement of the child in the parent's home be contingent on or delayed based on the need for such persons to engage in or complete services to ensure the safety of the child prior to placement. If services are recommended for the caregiver, and the caregiver fails to engage in or follow through with the recommended services, the department or supervising agency must promptly notify the court; and

(2) Notify the parent with whom the child is being placed that he or she has an ongoing duty to notify the department or supervising agency of all persons who reside in the home or who may act as a caregiver for the child both prior to the placement of the child in the home and subsequent to the placement of the child in the home as long as the court retains jurisdiction of the dependency proceeding or the department is providing or

monitoring either remedial services to the parent or services to ensure the safety of the child to any caregivers.

Requires that, in any case in which the court orders that a dependent child may be returned home and that child is later removed from the home, the court shall hold a review hearing within thirty days from the date of removal to determine whether the permanency plan should be changed, a termination petition should be filed, or other action is warranted. The best interests of the child shall be the court's primary consideration in the review hearing.

Requires each county to revise and expand its existing child sexual abuse investigation protocol to address investigations of child fatality, child physical abuse, and criminal child neglect cases and to incorporate the statewide guidelines for first responders to child fatalities developed by the criminal justice training commission. SB 5383 by Senators Hargrove, Poulsen, Hatfield, Rockefeller, Rasmussen, and Kohl-Welles

Modifying provisions of the energy freedom program.

(AS OF SENATE 2ND READING 3/10/2007)

Declares that community action agencies in the state are an extremely valuable resource because they focus all available, state, local, private, and federal resources upon the goal of enabling low-income families and low-income individuals of all ages in rural and urban areas to attain the skills, knowledge, and motivations and secure the opportunities needed for them to become free and self-sufficient.

Provides that, when reviewing an application for a wind project, the director, in cooperation with the department of community, trade, and economic development, may approve an award for assistance only if the director finds that: (1) The project is owned by a community action agency in the state; and

(2) Any profits generated from the sale of the wind power are wholly used for the agency's nonprofit purposes.

Jan 18 First reading, referred to Ways & Means.

SB 5387 by Senators Kastama, Kilmer, Kauffman, and Shin
Promoting economic development through commercialization of technologies.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that economic development in the state is increasingly driven by innovative firms and that it is in the interest of the state to: (1) Increase participation by Washington state small businesses in the federal small business innovation research program by assisting them in becoming small business innovation research program grant recipients;

(2) Increase the number of innovative firms that understand and engage in the technology commercialization process by providing information resources and technical assistance in accessing new technologies; and

(3) Increase funding for product development and production by providing information on available finance options and facilitating the matching of investors with innovative entrepreneurs.

Requires the Washington technology center to: (1) Establish a small business innovation research assistance program, including a proposal review process, to train and assist Washington small businesses to win phase I small business innovation research program awards. In operating the program the Washington technology center shall give priority to first-time small business innovation research program applicants, new businesses, and firms with fewer than ten employees;

(2) In conjunction with public universities and colleges and private and federal research laboratories in the state: (a) develop and disseminate a guide to the technology commercialization process in general and the particular commercialization assistance available from research and academic institutions in the state; (b) develop, maintain, and provide access to a database of technologies and inventions developed in the state available for commercialization and licensing; and (c) offer training on the provision of commercialization assistance to technical assistance providers at the state's small business development centers, economic development councils, chambers of commerce, industry associations, the Washington manufacturing service, and private consulting firms;

(3) Develop a funding resource guide, offer workshops on how to access financing for commercializing new technologies, provide opportunities for novice investors to learn about investing in technology-based companies, host events to connect entrepreneurs and investors, and maintain an interactive web site accessible by both entrepreneurs and investors; and

(4) Report on the impact of commercialization activities at Washington research institutions on an annual basis.

Appropriates the sum of three hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the Washington technology center for the purposes of this act.

Appropriates the sum of three hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the Washington technology center for the purposes of this act.

SB 5387-S by Senate Committee on Ways & Means
(originally sponsored by Senators Kastama, Kilmer, Kauffman, and Shin)

(AS OF SENATE 2ND READING 2/14/2008)

Provides that, to the extent funds are appropriated for these purposes, and in addition to establishing a small business innovative research assistance program, the Washington technology center shall provide or contract for the provision of the following in conjunction with the state's public universities and colleges, private and federal research laboratories, and local and regional economic development and technology assistance organizations: (1) Develop and disseminate a guide to the

technology commercialization process in the research and academic institutions in the state;

(2) Develop, maintain, and provide access to a database of technologies and inventions developed in the state available for commercialization and licensing;

(3) Offer training on the provision of commercialization assistance to technical assistance providers at the state's small business development centers, economic development councils, chambers of commerce, industry cluster associations, the Washington manufacturing service, and private consulting firms;

(4) Develop a funding resource guide, offer workshops on how to access financing for commercializing new technologies, provide opportunities for novice investors to learn about investing in technology-based companies, host events to connect entrepreneurs and investors, and maintain an interactive web site accessible by researchers, entrepreneurs, and investors; and

(5) Report on the impact of commercialization activities at Washington research institutions on an annual basis.

Ensuring the cleanup of certain hazardous waste sites.

Declares that it is the purpose of this act and the policy of the state of Washington to ensure cleanup and compliance at sites at which hazardous wastes have seriously contaminated the environment and where ongoing violations of chapter 70.105D RCW are projected to take more than twenty years to complete the cleanup and compliance. It is further the purpose of this act to ensure public involvement in the cleanup of these sites.

Declares that it is further the policy of the state to ensure cleanup and compliance at these sites before permitting the addition of more waste that is not generated from the cleanup of the site, and which may add to long-term cumulative impacts to health and the environment, until the hazardous waste on-site has been cleaned up and is stored, treated, or disposed of in compliance with all state and federal laws.

Declares that it is further the policy of the state to discontinue the use of, and ensure characterization and remediation of, unlined trenches where hazardous wastes have been disposed. These policies must guide state action for approval of plans, permits, orders, or agreements under the federal facility compliance act of 1992 (42 U.S.C. Sec. 6961 et seq.). It is not the intent of this act to interfere with the transportation, manufacturing, storage, or use of any hazardous substance necessary for medical research, medical treatment, manufacturing or industrial processes, or national defense.

Regarding cancelled school days due to unforeseen natural events or mechanical failures.

Provides that, if during the 2006-07 school year a school district is unable to fulfill for one or more schools as officially scheduled the requirement of a full school year of one hundred eighty days or the annual average total instructional hour offering required by RCW 28A.150.220 and 28A.150.260 due to one or more of the conditions listed in this act, then the school district is not required to make up any school days and the state basic education moneys received by the school district pursuant to RCW 28A.150.250 shall not be affected, but shall be provided as though no school days were missed.

Declares that the conditions required to meet this act are: (1) An unforeseen natural event including, but not limited to, a flood, windstorm, ice storm, or snowstorm, that has the direct or indirect effect of rendering one or more school district facilities unsafe, unhealthy, inaccessible, or inoperative; and

(2) An unforeseen mechanical failure including, but not limited to, the discontinuance or disruption of utilities such as heating, lighting, and water, that is beyond the control of both a school district board of directors and its employees and has the

direct or indirect effect of rendering one or more school district facilities unsafe, unhealthy, inaccessible, or inoperative.

Licensing specialty hospitals.

(DIGEST AS ENACTED)

Finds that specialty hospitals jeopardize the financial balance of community hospitals by selectively providing care to less ill patients, treating fewer medicare, medicaid, and uninsured patients, providing primarily care that is profitable to investors, and reducing community hospital staffing. To assure that private

and public hospitals in Washington remain financially viable institutions able to provide general acute care in their communities and maintain the capacity to respond to local, state, and national emergencies, the legislature has concluded that specialty hospitals must meet certain conditions in order to be licensed. These conditions will ensure that specialty hospitals and community hospitals compete on a level playing field and, therefore, will minimize the adverse impacts of specialty hospitals on community general hospitals while assuring quality patient care.

Developing a work group to support industry clusters as an economic development tool.

(AS OF SENATE 2ND READING 3/6/2007)

Requires the workforce training and education coordinating board and the economic development commission to convene a working group, consisting of the department of community, trade, and economic development, the employment security department, the state board for community and technical colleges, a representative of local economic development councils and local workforce development councils to create a framework for the identification of economic clusters, as well as service and resource delivery to the clusters. The working group shall: (1) Specify the process for identification of substate geographic concentrations of firms or employment in an industry and their customers, suppliers, supporting businesses, and institutions, which process will include the use of labor market information

from the employment security department and local labor markets;

(2) Establish criteria for identifying strategic clusters, which are important to economic prosperity in the state, considering cluster size, growth rate, and wage levels among other factors;

(3) Identify the public resources available which could be more intensively devoted to assist clusters;

(4) Identify mechanisms by which public resources can be coordinated and more efficiently delivered to support the growth and competitiveness of clusters, including the consistent timing of grant applications, the development of common criteria for receipt of grants, and the establishment of grant review committees with overlapping membership.

SB 5402 by Senators Kilmer, Delvin, Shin, and Rockefeller; by request of Workforce Training and Education Coordinating Board

Establishing additional requirements for private vocational schools.

(DIGEST AS ENACTED)

Requires the school to assess the basic skills and relevant aptitudes of each potential student to determine that a potential student has the basic skills and relevant aptitudes necessary to complete and benefit from the program in which the student plans

to enroll, including but not limited to administering a United States department of education-approved English as a second language exam before enrolling students for whom English is a second language unless the students provide proof of graduation from a United States high school or proof of completion of a GED in English or results of another academic assessment determined appropriate by the agency.

Authorizes the agency to determine that a licensed private vocational school or a particular program of a private vocational school is at risk of closure or termination if: (1) There is a pattern or history of substantiated student complaints filed with the agency pursuant to RCW 28C.10.120; or

(2) The private vocational school fails to meet minimum licensing requirements and has a pattern or history of failing to meet the minimum requirements.

Provides that, if the agency determines that a private vocational school or a particular program is at risk of closure or termination, the agency shall require the school to take corrective action.

Provides that if a private vocational school closes without providing adequate notice to its enrolled students, the agency shall provide transition assistance to the school's students including, but not limited to, information regarding: (1) Transfer options available to students;

(2) Financial aid discharge eligibility and procedures;

(3) The labor market, job search strategies, and placement assistance services; and

(4) Other support services available to students.

Certifying animal massage practitioners.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the certification of animal massage practitioners is in the interest of the public health, safety, and welfare. While veterinarians and certain massage practitioners may perform animal massage techniques, the legislature finds that meeting all of the requirements of those professions can be unnecessarily cumbersome for those individuals who would like to limit their practice only to animal massage.

Realigning goals and objectives of certain transportation
 agencies.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares an intent of the legislature that the governor establish
 objectives and performance measures for the department of
 transportation and other state agencies with transportation related
 responsibilities to ensure transportation system performance at
 local, regional, and state government levels attains the policy
 goals set forth in this act. The governor shall submit initial
 objectives and performance measures to the legislature for its
 review during the 2008 legislative session. The governor shall
 submit objectives and performance measures to the legislature for
 its review during each regular session of the legislature during an
 even-numbered year thereafter.

Provides that, by October 1, 2007, the commission shall
 submit a baseline report on the attainment of policy goals under
 RCW 47.01.012 in the 2005-2007 fiscal biennium. By October 1,
 2008, beginning with the development of the 2009-2011 biennial
 transportation budget, and by October 1st each year thereafter, the
 commission shall submit to the legislature and the governor an
 annual report on the attainment by state transportation agencies of
 the state transportation policy goals and objectives prescribed by
 statute, appropriation, and governor directive.

Requires the report to, at a minimum, include the degree to
 which state transportation projects and programs attained the
 policy goals established under RCW 47.01.012, as measured by
 the objectives and performance measures established by the
 governor under RCW 47.01.012 and presented biennially to the
 legislature.

Requires the transportation commission to prepare a
 comprehensive and balanced statewide transportation plan based
 on the policy goals established under RCW 47.01.012. The
 statewide transportation plan must reflect the priorities of
 government developed by the office of financial management,
 address regional needs, and take into account federal law and
 regulations relating to planning, construction, and operation of
 transportation facilities. The plan must be reviewed, revised, and
 submitted to the governor and the house of representatives and
 senate standing committees on transportation before each regular
 session of the legislature during an even-numbered year. The plan
 is subject to the approval of the legislature in the biennial
 transportation budget act.

Provides that, as components of the statewide transportation
 plan, the transportation commission must develop a state
 transportation policy plan and a state transportation multimodal
 plan.

Repeals RCW 47.05.051, 47.01.370, 47.06.040, and
 47.06.120.

SB 5412-S by Senate Committee on Transportation
 (originally sponsored by Senators Murray,
 Swecker, Marr, Clements, and Haugen)

Clarifying goals, objectives, and responsibilities of certain
 transportation agencies.

(DIGEST AS ENACTED)

Declares an intent that this act serve to clarify existing goals,
 objectives, and responsibilities related to the operation of an
 efficient statewide transportation system.

Provides that public investments in transportation should
 support achievement of these policy goals: (1) Preservation: To
 maintain, preserve, and extend the life and utility of prior
 investments in transportation systems and services;

(2) Safety: To provide for and improve the safety and security
 of transportation customers and the transportation system;

(3) Mobility: To improve the predictable movement of goods
 and people throughout Washington state;

(4) Environment: To enhance Washington's quality of life
 through transportation investments that promote energy
 conservation, enhance healthy communities, and protect the
 environment; and

(5) Stewardship: To be effective managers of the
 transportation system.

SB 5421 by Senators Fraser, Morton, Poulsen, Swecker, Marr, Regala, Rockefeller, Pridemore, Oemig, Honeyford, Rasmussen, Shin, Kohl-Welles, and Kline

Concerning environmental covenants.

(DIGEST AS ENACTED)

Finds that the national conference of commissioners on uniform state laws has developed uniform legislation called the uniform environmental covenants act. The act ensures that environmental covenants, recorded use restrictions negotiated in connection with hazardous waste site cleanups, and other environmental response projects are legally valid and enforceable. The uniform environmental covenants act achieves this objective by providing clear statutory standards that override court-made doctrines that do not fit such cleanup and reuse contexts.

Finds that nothing in this act will amend or modify any local or state laws that determine when environmental covenants are required, when a particular contaminated site must be cleaned up, or the standards for a cleanup.

Declares that adoption of the uniform environmental covenants act in Washington will provide all participants in a cleanup with greater confidence that environmental covenants and other institutional controls will be effective over the life of the cleanup. This will facilitate cleanups of many sites and assist in the recycling of urban brownfield properties into new economic uses for the benefit of the citizens of Washington.

Adopts most provisions of the uniform legislation while making modifications to integrate the uniform environmental covenants act with Washington's environmental cleanup programs.

Companion Bill: 1382

Regarding excise taxation of sales of tangible personal property originating from or destined to foreign countries.

(DIGEST AS ENACTED)

Declares that, because of the uncertainty regarding the constitutional limitations on the taxation of import and export sales of tangible personal property, the legislature recognizes the need to provide clarity in the taxation of imports and exports. It is

the legislature's intent to provide a statutory tax exemption for the sale of tangible personal property in import or export commerce, which is not dependent on future interpretation of the constitutional limitations on the taxation of imports and exports by the courts.

Declares it is not the intent of the legislature in enacting this act to eliminate, narrow, or expand existing exemptions under WAC 458-20-193C.

Creating the Washington community learning center program.

Agrees with the findings of the Washington learns report that research shows that after-school programs that are well designed and connected with students' school studies can improve academic learning for those struggling in school and that after-school programs can play a strong role in supporting increased math and science learning.

Finds that good after-school programs and activities provide safe and effective learning environments for children, including children who might otherwise be alone and unsupervised after school. These programs not only support children's academic efforts, they also build community partnerships that support children and their learning.

Improving veterans' access to services.

Directs the department of veterans affairs to study efficient ways to increase the department's access to veterans, and to increase veterans' access to the state and federal assistance programs for which they may be eligible. By December 1, 2007, the department shall submit a report to the legislature with recommendations. The report shall address: (1) How the department can achieve a goal of identifying all veterans in the state within five years;

(2) How the department can efficiently identify veterans as their population in the state continues to grow;

(3) How the department can identify veterans through referrals from other state agencies that currently provide services to veterans;

(4) How the department can effectively inform veterans of the state and federal programs for which they may be eligible;

(5) The potential costs and savings to the state that would result if the department's recommendations were undertaken; and

(6) What legislation would be needed, if any, to undertake the department's recommendations.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that employers shall not engage in the suppression of industrial insurance claims for their employees.

Provides that, for the purposes of this act, claim suppression is defined as expressly or repeatedly inducing employees to fail to report injuries, inducing employees to treat injuries in the course of employment as off-the-job injuries, or otherwise acting to suppress legitimate industrial insurance claims.

Provides that, in determining whether an employer has engaged in claim suppression, the department shall consider the employer's history of compliance with industrial insurance reporting requirements, and whether there are employment-related incentives to discourage employees from reporting injuries or filing claims. The department will have the burden of proving claims suppression by a preponderance of the evidence.

SB 5443-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Kohl-Welles and Keiser; by request of Department of Labor & Industries)

(DIGEST AS ENACTED)

SB 5447 by Senators Hatfield, Jacobsen, Honeyford, Hargrove, Poulsen, Benton, and Rasmussen

Instituting a Dungeness crab-coastal fishery buyback program.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires the department to develop a Dungeness crab-coastal fishery buyback program. The department shall design the program with the goals of maximizing the sustainability of the crab resource and of the Dungeness crab-coastal fleet.

Requires the program to provide for the purchase and permanent retirement of Dungeness crab-coastal fishery licenses. The department shall design this element of the program with the goal of purchasing between eighty and one hundred Dungeness crab-coastal fishery licenses.

Provides that, in addition to license purchase and retirement, the program may provide for the purchase of vessels designated on Dungeness crab-coastal fishery licenses.

Requires the program to be premised upon contributions by the state equaling twenty-five percent of the moneys necessary to implement the program and contributions by the federal government equaling seventy-five percent of the necessary moneys.

Provides that, by December 1, 2007, the department shall provide a report detailing the program to the appropriate policy and fiscal committees of the senate and house of representatives.

SB 5447-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Hatfield, Jacobsen, Honeyford, Hargrove, Poulsen, Benton, and Rasmussen)

Regarding the coastal Dungeness crab fishery.

(DIGEST AS ENACTED)

Provides that, in order to further promote the sustainability of the coastal Dungeness crab resource, the coastal crab fleet, and coastal communities, the legislature intends for the department of fish and wildlife to develop a proposed coastal Dungeness buyback program that would be implemented in cooperation with the federal government upon future legislative direction.

Requires the proposed program to explore funding alternatives that involve federal funding, state funding, funding provided by Dungeness crab-coastal license holders, low-interest loans to license holders, and combinations thereof.

Requires the proposed program to be designed to have a neutral impact on Dungeness crab harvests in the state and federal waters off the coasts of Oregon and California.

Provides that, by December 1, 2007, the department shall provide a report detailing the program to the appropriate policy and fiscal committees of the senate and house of representatives.

Provides that the proposed program developed under this act is not authorized to be implemented, and state funds are not authorized to be expended, without further specific legislative authorization.

Expires December 31, 2007.

Providing for reunification after termination of parental rights.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, if a child has not been adopted at least three years from the date of entry of an order for the termination of parental rights, the child may petition the juvenile court to reinstate a former parent's parental rights.

Authorizes the juvenile court to grant the petition if it finds by clear and convincing evidence that the child is no longer likely to be adopted and that reinstatement of parental rights is in the child's best interest, including a finding that the reinstatement of parental rights will not present a risk to the child's health, welfare, or safety.

SB 5452-S by Senate Committee on Human Services & Corrections (originally sponsored by Senator Rockefeller)

(AS OF SENATE 2ND READING 3/13/2007)

Provides that a child may petition the juvenile court to reinstate the previously terminated parental rights of his or her parent under the following circumstances: (1) The child was previously found to be a dependent child under chapter 13.34 RCW;

(2) The child's parent's rights were terminated in a proceeding under this act; and

(3) The child has not achieved his or her permanency plan within three years of a final order of termination, or if the final order was appealed, within three years of exhaustion of any right to appeal the order terminating parental rights.

Declares that a child seeking to petition under this act shall be provided counsel at no cost to the child.

Provides that, if, after a threshold hearing to consider the parent's apparent fitness and interest in reinstatement of parental rights, it appears that the best interests of the child may be served by reinstatement of parental rights, the juvenile court shall order that a hearing be held.

Authorizes the juvenile court to grant the petition if it finds by clear and convincing evidence that the child has not achieved his or her permanency plan and is not likely to imminently achieve his or her permanency plan and that reinstatement of parental rights is in the child's best interest. In determining whether reinstatement is in the child's best interest the court shall consider, but is not limited to, the following: (1) Whether the parent whose rights are to be reinstated is a fit parent and has remedied his or her deficits as provided in the record of the prior termination proceedings and prior termination order;

(2) The age and maturity of the child, and the ability of the child to express his or her preference;

(3) Whether the reinstatement of parental rights will present a risk to the child's health, welfare, or safety; and

(4) Other material changes in circumstances, if any, that may have occurred which warrant the granting of the petition.

Companion Bill: 1080

Creating the community revitalization partnership pilot program.

(SUBSTITUTED FOR - SEE 2ND SUB)

Creates a community revitalization partnership program on a pilot basis to enable the state's most economically distressed areas to plan and carry out comprehensive, locally determined projects designed to result in sustainable community development and economic opportunities. The program shall emphasize local decision making, grassroots participation, and community partnerships, as well as accountability and leveraging of public and private sector resources to accomplish priority projects.

Requires the department, lead managing entities, and partner communities to prepare a joint report regarding the results of the pilot program in this act and make recommendations for statutory changes to the appropriate committees of the legislature by January 1, 2010, and every two years thereafter.

Declares an intent that the community revitalization partnership pilot program be funded by the legislature in the amount of eight hundred fifty thousand dollars each year beginning with fiscal year 2010 and ending with fiscal year 2018.

Appropriates the sum of fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of community, trade, and economic development for the purposes of this act. This amount may be used by the department solely for agency and program administration.

Appropriates the sum of three hundred sixty-two thousand five hundred dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the department of community, trade, and economic development for the purposes of this act. No more than one hundred thousand dollars of this amount may be used by the department for agency and program administration.

Appropriates the sum of four hundred eighty-seven thousand five hundred dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the state building construction account to the department of community, trade, and economic development for the purposes of this act.

Appropriates the sum of fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of community, trade, and economic development for the purposes of this act. This amount may be used by the department solely for agency and program administration.

Appropriates the sum of three hundred sixty-two thousand five hundred dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the department of community, trade, and economic development for the purposes of this act. No more than one hundred thousand dollars of this amount may be used by the department for agency and program administration.

Appropriates the sum of four hundred eighty-seven thousand five hundred dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the state building construction account to the department of community, trade, and economic development for the purposes of this act.

SB 5455-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Morton and Rasmussen)

(AS OF SENATE 2ND READING 3/13/2007)

Creates a community revitalization partnership program on a pilot basis to enable the state's most economically distressed areas to plan and carry out comprehensive, locally determined projects designed to result in sustainable community development and economic opportunities. The program shall emphasize local decision making, grassroots participation, and community partnerships, as well as accountability and leveraging of public and private sector resources to accomplish priority projects.

Requires the department, lead managing entities, and partner communities to prepare a joint report regarding the results of the pilot program in this act and make recommendations for statutory changes to the appropriate committees of the legislature by January 1, 2010, and every two years thereafter.

Declares an intent that the community revitalization partnership pilot program be funded by the legislature in the amount of eight hundred fifty thousand dollars each year beginning with fiscal year 2010 and ending with fiscal year 2018.

Companion Bill: 1122

Improving forest health on state trust lands by continuing the use of contract harvesting for silvicultural treatments.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that chapter 218, Laws of 2004 authorized the department of natural resources to utilize contract harvesting for silvicultural treatments to improve forest health on state trust lands, in accordance with RCW 76.06.140 and 79.15.540.

Finds that the use of contract harvesting for silvicultural treatments has proven effective and that continued utilization is important to improve and maintain forest health.

Finds that it is necessary to remove the expiration date for this authority, set for December 31, 2007, and to continue the use of contract harvesting for silvicultural treatments to improve forest health on state trust lands.

SB 5461-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by

Senators Morton, Jacobsen, Fraser, Hatfield, Hargrove, Benton, Sheldon, and Rasmussen; by request of Department of Natural Resources)

(DIGEST AS ENACTED)

Finds that chapter 218, Laws of 2004 authorized the department of natural resources to utilize contract harvesting for silvicultural treatments to improve forest health on state trust lands, in accordance with RCW 76.06.140 and 79.15.540.

Companion Bill: 1548

Creating the individual and family services program for people with developmental disabilities.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that: (1) A developmental disability is a natural part of human life, and the presence of a developmental disability in the life of a person does not diminish the person's rights or opportunity to participate fully in the life of the local community;

(2) Investing in family members who have children and adults living in the family home preserves a valuable natural support system for the individual with a developmental disability and is also cost-effective for the state of Washington;

(3) Providing support services to families can help maintain the well-being of the family and stabilize the family unit.

Declares an intent: (1) To partner with families as care providers for children with developmental disabilities and adults who choose to live in the family home;

(2) That individual and family services be centered on the needs of the person with a developmental disability and the family;

(3) That, to the maximum extent possible, individuals and families must be given choice of services and exercise control over the resources available to them.

(DIGEST AS ENACTED)

Finds that: (1) A developmental disability is a natural part of human life, and the presence of a developmental disability in the life of a person does not diminish the person's rights or opportunity to participate fully in the life of the local community;

(2) Investing in family members who have children and adults living in the family home preserves a valuable natural support system for the individual with a developmental disability and is also cost-effective for the state of Washington;

(3) That, to the maximum extent possible, individuals and families must be given choice of services and exercise control over the resources available to them.

Establishes the individual and family services program for individuals eligible to receive services under this title. This program replaces family support opportunities, traditional family support, and the flexible family support pilot program. The department shall transfer funding associated with these existing family support programs to the individual and family services program and shall operate the program within available funding. The services provided under the individual and family services program shall be funded by state funding without benefit of federal match.

Provides that, in addition to services provided for the service priority levels under this act, the department shall provide for: (1) One-time exceptional needs and emergency needs for individuals and families not receiving individual and family services annual grants to assist individuals and families who experience a short-term crisis; and

(2) Respite services based on the department's assessment for a parent who provides personal care in the home to his or her adult son or daughter with developmental disabilities.

Provides that, if a person has more complex needs, a family is experiencing a more prolonged crisis, or it is determined a person needs additional services, the department shall assess the

individual to determine if placement in a waiver program would be appropriate.

SB 5472 by Senators Kastama, Holmquist, Rasmussen, Regala, Marr, Carrell, Hargrove, Roach, Jacobsen, Kilmer, Sheldon, Swecker, Shin, Franklin, Clements, and Keiser

Establishing a pilot program for family counseling.

(SEE ALSO PROPOSED 1ST SUB)

Requires the secretary of the department of health to establish a pilot program to provide merit checks of no more than one hundred dollars to no more than four hundred fifty couples who complete a family preparation course. Matching funds may be used to increase the number of participants in the pilot program.

Requires the pilot program to begin no later than January 1, 2008, and continue for no more than five years, in a county with a population between seven hundred twenty thousand and one million.

Provides that, under the pilot program, a man and a woman who intend to apply for a marriage license may, together or separately, complete a family preparation course of not less than four hours with a family preparation course provider.

Requires the department of health to report to the appropriate committees of the legislature five years after the completion of the pilot program. The committees shall make recommendations on whether the program should be initiated statewide based on the results of the number of participants who are still married as opposed to the average divorce rate.

Appropriates the sum of forty-five thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the general fund to the department of health for the purposes of this act.

SB 5472-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Kastama, Holmquist, Rasmussen, Regala, Marr, Carrell, Hargrove, Roach, Jacobsen, Kilmer, Sheldon, Swecker, Shin, Franklin, Clements, and Keiser)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the secretary of the department of health to establish a pilot program to provide merit checks of no more than one hundred dollars to no more than four hundred fifty couples who

complete a family preparation course. Matching funds may be used to increase the number of participants in the pilot program. The department of health must ensure that the administrative cost of the program does not exceed five percent of the total allocation.

Requires the pilot program to begin no later than January 1, 2008, and continue for no more than five years, in a county with a population between seven hundred twenty thousand and one million.

Provides that, under the pilot program, a man and a woman who intend to apply for a marriage license may, together or separately, complete a family preparation course of not less than four hours with a family preparation course provider.

SB 5477 by Senators Kastama, Keiser, Franklin, McAuliffe, and Rasmussen

Companion Bill: 1461

Addressing manufactured/mobile home community registrations and dispute resolution.

(SEE ALSO PROPOSED 2ND SUB)

Finds that taking legal action against a manufactured/mobile home community landlord for violations of the manufactured/mobile home landlord-tenant act can be a costly and lengthy process, and that many people cannot afford to pursue a court process to vindicate statutory rights. Manufactured/mobile home community landlords will also benefit by having access to a process that resolves disputes quickly and efficiently.

Declares an intent to provide an equitable as well as a less costly and more efficient way for manufactured/mobile home tenants and manufactured/mobile home community landlords to resolve disputes, and to provide a mechanism for state authorities to quickly locate manufactured/mobile home community landlords.

Declares an intent to authorize the department of community, trade, and economic development to register manufactured/mobile home communities, collect a registration fee, and collaborate with the attorney general to disseminate educational materials regarding the manufactured/mobile home landlord-tenant act and the manufactured/mobile home dispute resolution program created in this act.

Declares an intent to authorize the attorney general to: (1) Administer a dispute resolution program by taking complaints, conducting investigations, making determinations, and administratively resolving disputes, when there are alleged violations of the manufactured/mobile home landlord-tenant act or the consumer protection act;

(2) Collect and annually report upon data related to disputes and violations, and make recommendations on modifying chapter 59.20 RCW, to the appropriate committees of the legislature; and

(3) Produce, and collaborate with the department of community, trade, and economic development to distribute, educational materials regarding the manufactured/mobile home landlord-tenant act and the manufactured/mobile home dispute resolution program created in section 3 of this act.

SB 5477-S by Senate Committee on Consumer Protection & Housing (originally sponsored by Senators Kastama, Keiser, Franklin, McAuliffe, and Rasmussen)

(SEE ALSO PROPOSED 2ND SUB)

Finds that there are factors unique to the relationship between a manufactured/mobile home tenant and a manufactured/mobile home community landlord. Once occupancy has commenced, the difficulty and expense in moving and relocating a manufactured/mobile home can affect the operation of market forces and lead to an inequality of the bargaining position of the parties. Once occupancy has commenced, a tenant may be subject to violations

of the manufactured/mobile home landlord-tenant act or the consumer protection act without an adequate remedy at law. This act is created for the purpose of protecting the public, fostering fair and honest competition, and regulating the factors unique to the relationship between the manufactured/mobile home tenant and the manufactured/mobile home community landlord.

Declares an intent to provide an equitable as well as a less costly and more efficient way for manufactured/mobile home tenants and manufactured/mobile home community landlords to resolve disputes, and to provide a mechanism for state authorities to quickly locate manufactured/mobile home community landlords.

Declares an intent to authorize the department of licensing to register manufactured/mobile home communities and collect a registration fee.

Declares an intent to authorize the attorney general to: (1) Produce and distribute educational materials regarding the manufactured/mobile home landlord-tenant act and the manufactured/mobile home dispute resolution program created in this act;

(2) Administer the dispute resolution program by taking complaints, conducting investigations, making determinations, issuing fines and other penalties, and participating in administrative dispute resolutions, when necessary, when there are alleged violations of the manufactured/mobile home landlord-tenant act or the consumer protection act; and

(3) Collect and annually report upon data related to disputes and violations, and make recommendations on modifying chapter 59.20 RCW, to the appropriate committees of the legislature.

Requires the attorney general to administer a manufactured/mobile home dispute resolution program.

Appropriates the sum of four hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the attorney general for the purpose of implementing and operating the manufactured/mobile home dispute resolution program.

SB 5478 by Senators Kastama, Rasmussen, and Shin
 Increasing local economic competitiveness.

(SEE ALSO PROPOSED 1ST SUB)

Finds that global competition requires local areas within the state to develop new tools to enhance their competitiveness and that local and regional economic development is served through the formation of locally controlled port districts.

Finds that the state has a history of forming countywide and less than countywide port districts and that both countywide and less than countywide port districts have been successful. Because less than countywide port districts can address specific local economic development goals and increase local prosperity, it is the purpose of this act to give the opportunity to local areas to form less than countywide port districts over the next four years.

SB 5484 by Senators Jacobsen, Kline, Murray, and Poulsen
Allowing dogs in bars.

(SEE ALSO PROPOSED 1ST SUB)

Provides that the holder of a spirits, beer, and wine restaurant license, a beer and/or wine restaurant license, or a tavern license may allow well-behaved leashed dogs accompanied by their owners on the premises during business hours.

SB 5484-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Jacobsen, Kline, Murray, and Poulsen)

Allowing dogs in designated outdoor areas of bars and coffee shops.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Directs the department of health to establish a pilot project by which local government can apply for an exemption from certain food and drug administration food code sections to allow dogs within certain designated outdoor portions of premises holding a spirits, beer, and wine restaurant license or a beer and/or wine restaurant license or certain designated outdoor portions of premises whose main business purpose is selling coffee.

Provides that, in order to protect the health, safety, and general welfare of the public, the local exemption ordinance shall include such regulations and limitations as deemed necessary by the participating local government and shall include at least the following requirements: (1) All employees of the establishments participating in the pilot shall wash their hands immediately after touching, petting, or otherwise handling dogs. Employees are prohibited from touching, petting, or otherwise handling dogs while serving food or beverages or handling tableware or before entering other parts of the establishment;

(2) Patrons in a designated outdoor area shall be advised that they should wash their hands before eating. Waterless hand sanitizer shall be provided at all tables in the designated outdoor area;

Provides that, subject to the availability of funds appropriated for this purpose, the office of the superintendent of public instruction shall create a grant program to local partnerships of schools, families, and communities to begin the phase in of a statewide comprehensive dropout prevention, intervention, and retrieval system. This program shall be known as the building bridges program. For purposes of this act, a "building bridges program" means a local partnership of schools, families, and communities that provides all of the following programs or activities: (1) A system that identifies individual students at risk of dropping out from middle through high school based on local predictive data, including state assessment data starting in the fourth grade, and provides timely interventions for such students, including a plan for educational success as already required by the student learning plan as defined under RCW 28A.655.061. Students identified shall include foster care youth and adjudicated youth;

- (2) Coaches or mentors for students as necessary;
(3) Staff responsible for coordination of community partners that provide a seamless continuum of academic and nonacademic support in schools and communities;
(4) Retrieval or reentry activities; and
(5) Alternative educational programming, including, but not limited to, career and technical education preparatory programs and online learning opportunities.

(AS OF SENATE 2ND READING 3/1/2007)

Provides that, subject to the availability of funds appropriated for this purpose, the office of the superintendent of public instruction shall create a grant program to local partnerships of schools, families, and communities to begin the phase in of a statewide comprehensive dropout prevention, intervention, and retrieval system. This program shall be known as the building bridges program. For purposes of this act, a "building bridges program" means a local partnership of schools, families, and communities that provides all of the following programs or activities: (1) A system that identifies individual students at risk of dropping out from middle through high school based on local predictive data, including state assessment data starting in the fourth grade, and provides timely interventions for such students and for dropouts, including a plan for educational success as already required by the student learning plan as defined under RCW 28A.655.061. Students identified shall include foster care youth and youth involved in the juvenile justice system;

- (2) Coaches or mentors for students as necessary;

(3) Staff responsible for coordination of community partners that provide a seamless continuum of academic and nonacademic support in schools and communities;

(4) Retrieval or reentry activities; and

(5) Alternative educational programming, including, but not limited to, career and technical education preparatory programs and online learning opportunities.

Provides that, in awarding the grants under this act, the office of the superintendent of public instruction shall prioritize schools or districts with dropout rates and truancy rates above the statewide average and shall attempt to award building bridges program grants to different geographic regions of the state. Eligible recipients shall be one of the following entities acting as a lead agency for the local partnership: A school district, a tribal school, an area workforce development council, an educational service district, an accredited institution of higher education, a vocational skills center, a federally recognized tribe, a community organization, or a nonprofit 501(c)(3) corporation. If the recipient is not a school district, at least one school district must be identified within the partnership.

Directs the office of the superintendent of public instruction to establish a state-level work group that includes K-12 and state agencies that work with youth who have dropped out or are at risk of dropping out of school.

Provides that, to assist and enhance the work of the building bridges programs established in this act, the state-level work group shall: (1) Identify and make recommendations to the legislature for the reduction of fiscal, legal, and regulatory barriers that prevent coordination of program resources across agencies at the state and local level;

(2) Develop and track performance measures and benchmarks for each partner agency or organization across the state; and

(3) Identify research-based and emerging best practices regarding prevention, intervention, and retrieval programs.

Requires the work group to report to the legislature and the governor on an annual basis beginning December 1, 2007, with recommendations for implementing emerging best practices, needed additional resources, and eliminating barriers.

Providing for uniform sanctioning of health care professionals.

Requires the secretary, with the advice and consultation of the other disciplining authorities, to adopt a schedule that defines appropriate ranges of sanctions that are applicable to a finding after a hearing that a license holder has committed unprofessional conduct as defined in this chapter or the chapters specified in RCW 18.130.040(2). The schedule must identify aggravating and mitigating circumstances that may enhance or reduce the sanction imposed by the disciplining authority for each act of unprofessional conduct. The schedule must apply to all disciplining authorities.

Provides that, in addition, the secretary shall make provisions for instances in which there are multiple findings of unprofessional conduct. When establishing the schedule, the secretary shall consider maintaining consistent sanction determinations that balance the protection of the public's health and the rights of health care providers of the different health professions.

SB 5505 by Senators Fairley, Kilmer, Prentice, McCaslin, Rockefeller, and Kohl-Welles

Companion Bill: 1223

Establishing the statewide CBRNE response program.

Finds that the threat of an incident caused by a chemical, biological, radioactive, nuclear, or explosive agent occurring in the state poses a severe threat to the health, safety, and welfare of the citizens of the state of Washington. In order to mitigate any damage that may be caused by CBRNE incidents, it is necessary that the state have a coordinated and comprehensive plan to respond to these dangerous and deadly incidents.

Requires the director to establish and maintain a statewide CBRNE response program. This program must include, without limitation: (1) The division of the state into CBRNE response regions;

(2) A network of regional teams to respond to CBRNE incidents within their respective regions and to operate outside their respective regions to assist other regional teams;

(3) Standards for training, equipment, and procedures for regional teams and other responders concerning responses to CBRNE incidents;

(4) Procedures for reimbursing regional teams for costs incurred by approved responses; and

(5) Procedures for recovering response costs from parties responsible for causing a CBRNE incident.

Declares that the requirement of the program under this act is subject to appropriation by the legislature.

Appropriates the sum of twenty-three million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the director of fire protection for the purposes of this act.

SB 5506 by Senators Stevens and Shin

Creating the department of family and children's services.

Finds it is necessary to realign Washington's child welfare system over time. The legislature finds that although it is the stated mission of the children's administration in the department of social and health services to protect children, help families care for and parent their children, and find safe homes for children, the mission may be compromised by the goals, objectives, size, and complexity of the larger agency of which it is a part.

Declares an intent for there to be accountability for the safety and protection of children in the system. The legislature believes that the children's administration is unable to implement its own policies because it is distracted from its goals by its location in the department of social and health services, a large umbrella agency. The legislature believes that an independent agency will be more efficient and more effective than under the current umbrella agency and that a small operational and administrative structure will improve employee morale.

Providing for economic development project permitting.

(DIGEST AS ENACTED)

Finds that uncertainty in government processes to permit an activity by a citizen of Washington state is undesirable and erodes confidence in government.

Finds that in the case of projects that would further economic development in the state, information about the permitting process is critical for an applicant's planning and financial assessment of the proposed project. The legislature also finds that applicants have a responsibility to provide complete and accurate information.

SB 5509 by Senators Kastama, Pflug, Kohl-Welles, Keiser, Parlette, Carrell, Regala, and Franklin

Concerning disciplinary actions for health care providers regulated under chapter 18.130 RCW.

(SUBSTITUTED FOR - SEE 2ND SUB)

Recognizes that Washington citizens desire and receive health care and treatment from a variety of professional providers.

Recognizes that some health care providers have used the professional disciplinary process as a means of attacking other health care providers. In order to prevent unwarranted attacks on other health care providers where the health of the patient is not at risk, the legislature is making changes in the uniform disciplinary act to ensure that all complaints against health care providers are grounded in real harm to the patient rather than mere disagreement about the type of treatment provided.

Companion Bill: 1360

Regarding public financing of campaigns.

Declares that the purpose of this act is to create a system of clean elections for state office campaigns through public financing, thereby focusing campaigns on issues and away from the sources of campaign contributions. Public financing of campaigns will limit the influence of large contributors and special interests in political campaigns.

Provides that a candidate who wishes to receive public campaign funds must: (1) File an application with the commission declaring his or her intent to participate in the program as candidate for political office. The application must be filed before or during the qualifying period. The application must identify the candidate, the office that the candidate plans to seek, and the candidate's party, if any. In the application, the candidate shall affirm that only one political committee, identified with its treasurer, shall handle all contributions, expenditures, and obligations for the publicly financed candidate and that the candidate will comply with the requirements of this act and rules adopted by the commission; and

(2) Obtain the minimum number of qualifying contributions by the end of the qualifying period. Candidates for the legislature must obtain at least two hundred qualifying contributions, candidates for governor must obtain at least four thousand qualifying contributions, and candidates for other state executive offices must obtain at least one thousand five hundred qualifying contributions. No payment, gift, or anything of value may be given for a qualifying contribution. A qualifying contribution must be: (a) made by a resident who at the time of the contribution resides in the electoral district of the office the candidate is seeking; (b) made by a person who is not given anything of value in exchange for the qualifying contribution; (c) in the sum of five dollars, exactly; (d) received during the qualifying period by the candidate or on behalf of the candidate; and (e) made by check, money order, or credit card.

Provides that, within five business days after a publicly financed candidate's name is approved to appear on the primary election ballot in a contested election, the commission shall distribute to the account of the authorized committee of each candidate who qualifies for public campaign funding revenue from the citizens public campaign fund as follows: (1) For state legislative offices, twenty-five thousand dollars;

(2) For the office of governor, five hundred thousand dollars; and

(3) For other state executive offices, fifty thousand dollars.

Requires that publicly financed candidates in contested races must participate in two public debates during a primary election period and two public debates during a general election period. The debates shall be conducted at times decided by the commission and in accordance with rules prescribed by the commission. Nonparticipating candidates shall be invited to participate in the debates.

SB 5514 by Senators Kohl-Welles, Shin, Keiser, Delvin, Murray, Weinstein, Kline, Kauffman, Kilmer, Fairley, McAuliffe, and Regala

Providing for faculty opportunities at institutions of higher education.

Declares that it is the purpose of this act to address growing concerns about the academic staffing crisis in higher education. Staffing issues, including the economic exploitation of adjunct faculty along with the shrinking ranks of full-time tenured faculty, limit the ability of the state system of higher education to provide high quality education, improve retention rates, conduct research, and provide support for economic development.

Declares it is further the goal of this act to have salaries in institutions of higher education that will attract and retain the best faculty possible to educate the citizens of Washington state. To achieve this goal, salaries for full-time faculty should be increased above a regular cost-of-living increase until by 2013 salaries are in the top twenty-five percent for faculty of comparable rank in global challenge states. In addition, to achieve this goal, each institution of higher education should determine a salary standard for adjunct faculty members employed in each academic, technical, basic studies, or other department that, subject to collective bargaining with the exclusive representatives of faculty, constitutes a pro rata salary compared to the salaries of full-time tenured faculty members of comparable qualifications doing comparable work.

Requires that each biennium, the governing boards of each institution of higher education shall submit in their biennial budget request an amount of funds sufficient to cover the projected costs of implementing this act.

Requires that, beginning in September 2008, subject to appropriation, each institution of higher education shall increase faculty salaries by a sufficient amount to raise the salaries to comparative global challenge states' rates and to close the pro rata gap between adjunct faculty salary and full-time faculty in each department, if a gap exists, so that by September 2013, the legislature's goal is met.

SB 5517 by Senators Berkey, Kauffman, Haugen, Eide, Kastama, Schoesler, Shin, Hatfield, Keiser, Rasmussen, Kline, and Regala

Increasing the personal needs allowance for persons receiving state-financed care.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that through the medicaid program, state and federal government fund long-term care and medical services for many elderly persons and people with disabilities, both in institutions and in community alternatives.

Finds that a significant portion of these individuals' social security benefits is retained by the state to assist with the cost of their care. The legislature intends that these individuals retain for their own use a reasonable personal needs allowance which may be used to purchase clothing, postage, barber services, travel, and other personal items not covered by their care setting, in order to ensure their autonomy and dignity.

Declares an intent to establish a minimum level for the personal needs allowance, make it equal between institutional and community-based settings, and adjust the personal needs allowance annually to reflect cost-of-living adjustments to federal social security benefits.

SB 5517-S by Senate Committee on Ways & Means (originally sponsored by Senators Berkey, Kauffman, Haugen, Eide, Kastama, Schoesler, Shin, Hatfield, Keiser, Rasmussen, Kline, and Regala)

(AS OF SENATE 2ND READING 2/15/2008)

Finds that through the medicaid program, state and federal government fund long-term care and medical services for many elderly persons and people with disabilities, both in institutions and in community alternatives.

Finds that a significant portion of these individuals' social security benefits is retained by the state to assist with the cost of their care. The legislature intends that these individuals retain for their own use a reasonable personal needs allowance which may be used to purchase clothing, postage, barber services, travel, and

other personal items not covered by their care setting, in order to ensure their autonomy and dignity.

Declares an intent to adjust the personal needs allowance annually to reflect cost-of-living adjustments to federal social security benefits for medicaid-eligible residents in institutions and community-based residential settings receiving long-term care, developmental disabilities, or mental health services.

Requires that, effective July 1, 2008, and each fiscal year thereafter, the personal needs allowance shall be adjusted for economic trends and conditions by increasing the allowance by the percentage cost-of-living adjustment for old-age, survivors, and disability social security benefits as published by the federal social security administration. However, in no case shall the personal needs allowance exceed the maximum personal needs allowance permissible under the federal social security act.

(SUBSTITUTED FOR - SEE 2ND SUB)
Provides that, by July 1, 2007, the state board of education
shall establish an independent mathematics review committee.
Mathematics competency must be a prerequisite for inclusion on
the committee.
Requires that, by July 1, 2009, the committee shall review the
current essential academic learning requirements in mathematics
and make recommendations regarding changes of these
mathematics standards to the legislature, the governor, the state
board of education, and the office of the superintendent of public
instruction. The review shall include, but is not limited to the
following: (1) Reviewing the standards for clarity, rigor, content,
reason, and any negative qualities;
(2) Articulating grade level expectations over the grades as a
sequence of expectations and performances that build with
increasing depth after foundational knowledge and skills are
acquired, and reflect, where appropriate, the sequential nature of
the discipline;
(3) Using the international benchmarking system of the trends
in international mathematics and science study (TIMSS) and/or
the program for international student assessment (PISA); and
(4) Reviewing other states and nations that have proven and
high-quality mathematics standards, including California and
Singapore.

SB 5530-S by Senate Committee on Government Operations & Elections (originally sponsored by Senators Kohl-Welles, Kline, Fairley, Oemig, and Regala)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that the right to vote is restored following a felony conviction as long as the person is not under the authority of the department of corrections.

Provides that, at least twice a year, the secretary of state shall compare the list of registered voters to a list of felons who are under the authority of the department of corrections. If a registered voter is under the authority of the department of corrections, the secretary of state or county auditor shall confirm the match through a date of birth comparison and suspend the voter registration from the official state voter registration list. The canceling authority shall send to the person at his or her last known voter registration address and at the department of corrections a notice of the proposed cancellation and an explanation of the requirements for restoring the right to vote and

reregistering. If the person does not respond within thirty days, the registration must be canceled.

SB 5532 by Senators Benton, Holmquist, Rasmussen, Swecker, Roach, Hobbs, Oemig, Morton, Delvin, Keiser, and Shin

Limiting the power of eminent domain.

Finds that the United States Supreme Court ruled in the *Kelo* case that a city could use its power of eminent domain to transfer property from one private owner to another for the purpose of increasing tax revenues in the jurisdiction.

Finds that while Washington's Constitution specifically forbids such transfers and states that private property may not be taken for private use, Washington courts have allowed private property taken through the eminent domain powers of government to be transferred to uses that are in fact private in nature.

Declares that government's use of eminent domain in Washington should be restricted to uses that protect public health and safety or provide public use facilities, such as streets, roads, highways, street and road lighting systems, traffic signals, transportation corridors, utility corridors, water systems, storm

and sanitary sewer systems, sewage treatment facilities, landfills, park and recreational facilities, and schools.

-- 2007 REGULAR SESSION --

SB 5533 by Senators Pflug, Hargrove, Kline, Swecker, Delvin, Stevens, Holmquist, Parlette, and Hewitt

Revising procedures for individuals who are mentally ill and engaged in acts constituting criminal behavior.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that RCW 10.77.090 contains laws relating to three discrete subjects. Therefore, one purpose of this act is to reorganize some of those laws by creating new sections in the Revised Code of Washington that clarify and identify these discrete subjects.

Finds that there are disproportionate numbers of individuals with mental illness in jail. The needs of individuals with mental illness and the public safety needs of society at large are better served when individuals with mental illness are provided an opportunity to obtain treatment and support.

Declares that if reasonable cause exists to believe that an individual with a mental disorder has committed acts constituting a nonfelony crime that is not a serious offense as identified in RCW 10.77.092, in lieu of charging the prosecutor may refer the individual to a mental health professional for evaluation for initial detention and proceeding under chapter 71.05 RCW or voluntary participation in outpatient treatment.

Provides that any jurisdiction that establishes a mental health treatment alternative pursuant to this act shall establish minimum requirements for the participation of individuals in the program. The mental health treatment alternative may adopt local requirements that are more stringent than the minimum. The minimum requirements are: (1) Psychiatric treatment is clinically indicated by history or upon consultation with a mental health professional as defined in RCW 71.05.020;

(2) The individual has not previously been convicted of a serious violent offense or sex offense as defined in RCW 9.94A.030; and

(3) Without regard to whether proof of any of these elements is required to convict, the individual is not currently charged with or convicted of an offense: (a) that is a sex offense; (b) that is a serious violent offense; (c) during which the individual used a firearm; or (d) during which the individual caused substantial or great bodily harm or death to another person.

Creates a joint task force on decreasing the number of individuals with mental illness entering the criminal justice system.

Requires the task force to review and make recommendations to the legislature and the governor regarding increased access to mental health services for those within the criminal justice system and strategies that will decrease the number of people with mental health illness entering and reentering the criminal justice system.

Requires the task force to report its findings and recommendations to the legislature by November 15, 2007.

Repeals RCW 10.77.090.

SB 5533-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Pflug, Hargrove, Kline, Swecker, Delvin, Stevens, Holmquist, Parlette, and Hewitt)

Finds that RCW 10.77.090 contains laws relating to three discrete subjects. Therefore, one purpose of this act is to reorganize some of those laws by creating new sections in the Revised Code of Washington that clarify and identify these discrete subjects.

Finds that there are disproportionate numbers of individuals with mental illness in jail. The needs of individuals with mental illness and the public safety needs of society at large are better

served when individuals with mental illness are provided an opportunity to obtain treatment and support.

Provides that when a police officer has reasonable cause to believe that the individual has committed acts constituting a nonfelony crime that is not a serious offense as identified in RCW 10.77.092 and the individual is known by history or consultation with the regional support network to suffer from a mental disorder, the arresting officer may: (1) Take the individual to a crisis stabilization unit;

(2) Refer the individual to a mental health professional for evaluation for initial detention and proceeding under chapter 71.05 RCW; or

(3) Release the individual upon agreement to voluntary participation in outpatient treatment.

SB 5535 by Senators Murray, Jacobsen, and Kohl-Welles
Concerning school district board of directors.

Requires the joint legislative audit and review committee to conduct a broad performance audit of school boards of directors in Washington and analyze the roles, responsibilities, costs, and compensation of school boards of directors. In addition to the standard items reviewed in a performance audit, the committee shall examine the efficiency and effectiveness of school district boards of directors, including the following: (1) In light of state and federal demands for student achievement and school reform,

what is the appropriate role for school boards to assist in improving student and school's performance?

(2) Should school boards primarily authorize and monitor the operations of schools or should they be involved more directly with school operations?

(3) Should a new system be considered with most of the decision-making authority vested in a different entity?

(4) What is the appropriate compensation for school boards in light of their duties and under any recommendations for revised duties?

Provides that, in conducting the performance audit, the committee may also use performance measures or standards used by other states or school districts in developing its findings. The committee shall report the findings to the legislature by December 1, 2008.

Creating the heritage barn preservation program.

(SUBSTITUTED FOR - SEE 1ST SUB)

Acknowledges that factors such as changes in the agricultural economy and farming technologies, prohibitive rehabilitation costs, development pressures, and regulations restricting new uses, collectively work to endanger historic barns statewide from falling into decay or being demolished altogether.

Declares that, as historic barns represent irreplaceable resources, and recognizing that barn preservation will work to retain these structures as functional and economically viable elements of working lands, the purpose of this act is to create a system acknowledging heritage barns statewide that provides emergency assistance to heritage barn owners through matching grants, assesses the need for long-term barn preservation, and considers additional incentives and regulatory revisions that work toward the preservation of heritage barns as integral components of Washington's historic landscapes.

SB 5544 by Senators Fraser, Poulsen, Fairley, Weinstein, Jacobsen, Franklin, and Kline

Companion Bill: 1434

Abating environmental noise.

(SEE ALSO PROPOSED 1ST SUB)

Declares that it is a violation of this act to operate a nonhighway vehicle in such a manner where the noise created by the engine of the nonhighway vehicle is plainly audible inside or immediately adjacent to a residence.

Provides that a person found to have violated this act shall be subject to a penalty of not less than one hundred dollars per violation for a first violation. Subsequent violations of this act by the same person shall result in a penalty of not less than twice the penalty assessed for the previous violation, up to a maximum single penalty of eight hundred dollars.

Provides that a party who brings an action to enjoin the use of nonhighway vehicles being operated in a manner that is in violation of this act or of any other noise laws, rules, or ordinances, or to recover damages associated with the use of a nonhighway vehicle being operated in a manner that is in violation of this act or of any other noise laws, rules, or ordinances, is entitled to recover costs and attorneys' fees pursuant to Title 4 RCW.

SB 5544-S by Senate Committee on Consumer Protection & Housing (originally sponsored by Senators Fraser, Poulsen, Fairley, Weinstein, Jacobsen, Franklin, and Kline)

SB 5546 by Senators Kline, Fairley, and Franklin

Companion Bill: 1328

Concerning small works roster contracting procedures.

Provides that a state agency or authorized local government may adopt procedures to award small works roster contracts to small businesses with gross revenues under one million dollars annually as reported on their federal tax return. Additional procedures may be developed to award small works roster contracts to small businesses with gross revenues under two hundred fifty thousand dollars annually as reported on their federal tax return.

Provides that, for contracts awarded to small businesses with gross revenues under two hundred fifty thousand dollars annually, a state agency or authorized local government may waive the payment and performance bond requirements of chapter 39.08 RCW and the retainage requirements of chapter 60.28 RCW, and assume the liability for the contractor's nonpayment of laborers, mechanics, subcontractors, materialpersons, suppliers, and taxes imposed under Title 82 RCW. If the state agency or authorized local government assumes this liability, it has the right of recovery against the contractor for any payments made on behalf of the contractor.

SB 5547 by Senators Kline, Delvin, Fairley, Kohl-Welles, Keiser, Pflug, Franklin, Brandland, Marr, Regala, Rasmussen, Roach, Parlette, Shin, McAuliffe, and Hewitt

Companion Bill: 1202

Creating an office of the ombudsman for persons with developmental disabilities.

(SEE ALSO PROPOSED 1ST SUB)

Creates an office of the ombudsman for persons with developmental disabilities within the office of the governor for the purpose of promoting public awareness and understanding of developmental disabilities, identifying system issues and responses for the governor and the legislature to act upon, monitoring and ensuring compliance with administrative acts, relevant statutes, rules, and policies pertaining to services for persons with developmental disabilities, and to ensure that

services and supports are of good quality and improve a person's quality of life.

Declares that the ombudsman shall be an independent function within state government and shall exercise his or her powers and duties without interference from either public or private agencies or organizations.

SB 5547-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Kline, Delvin, Fairley, Kohl-Welles, Keiser, Pflug, Franklin, Brandland, Marr, Regala, Rasmussen, Roach, Parlette, Shin, McAuliffe, and Hewitt)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Creates an office of the ombudsman for persons with developmental disabilities for the purpose of promoting public awareness and understanding of developmental disabilities, identifying system issues, and monitoring and ensuring compliance with administrative acts, relevant statutes, rules, and policies pertaining to services for persons with developmental disabilities and to ensure that services and supports are of good quality and improve a person's quality of life.

Requires the ombudsman to collaborate and have memoranda of agreement with the long-term care ombudsman, the family and children ombudsman, the Washington protection and advocacy system, the mental health ombudsmen, and the special education ombudsman to clarify authority in those situations where their mandates overlap. The ombudsman shall report to the legislature on the content of the memoranda of agreement and how overlapping authority has been clarified by January 1, 2008.

Declares that the ombudsman shall be an independent function within state government and shall exercise his or her powers and duties without interference from either public or private agencies or organizations.

SB 5548 by Senators Kline, Hargrove, and Carrell

Creating the probation services task force.

(SEE ALSO PROPOSED 1ST SUB)

Finds that there is a need to provide statewide standards for adult and juvenile probation officers supervising adult and juvenile misdemeanants.

Requires the task force to report its findings and recommendations to the governor and the relevant committees of the legislature that deal with judiciary issues by December 1, 2007; provided that the task force shall not make any findings or recommendations regarding tort liability standards for probation officers supervising adult or juvenile misdemeanants.

SB 5548-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Kline, Hargrove, and Carrell)

Concerning statewide standards for adult and juvenile probation officers.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that there is a need to consider statewide standards for adult and juvenile probation officers supervising adult misdemeanant and juvenile offenders.

Finds that, while probation officers are required to complete training and educational requirements provided by the criminal justice and training commission, currently there are no statewide standards for probation and no accreditation program in use. The adoption of statewide standards or an accreditation program for adult and juvenile probation officers may help to provide improved staff training and development, better defense against lawsuits through improved documentation, improved staff morale and professionalism, a safer environment for staff and offenders, and potentially reduced liability insurance costs.

Requests the Washington administrative office of the courts to convene and staff a work group to review alternatives and recommend statewide standards or an accreditation program for probation officers who supervise adult misdemeanor offenders.

Requests the work groups to report their findings and recommendations to the governor and the relevant committees of the legislature that deal with judiciary issues by December 1, 2008.

Provides that the act shall be null and void if appropriations are not approved.

SB 5551 by Senators Prentice, Kohl-Welles, Clements, and Rasmussen; by request of Liquor Control Board

Companion Bill: 1603

Enhancing enforcement of liquor and tobacco laws.

(DIGEST AS ENACTED)

Authorizes the liquor control board to issue subpoenas in connection with any investigation, hearing, or proceeding for the production of books, records, and documents held under chapter 66.08 RCW or chapters 70.155, 70.158, 82.24, and 82.26 RCW, and books and records of common carriers as defined in RCW 81.80.010, or vehicle rental agencies relating to the transportation or possession of cigarettes or other tobacco products.

Provides that, if any person is served a subpoena from the board for the production of records, documents, and books, and fails or refuses to obey the subpoena for the production of records, documents, and books when required to do so, the person is subject to proceedings for contempt, and the board may institute contempt of court proceedings in the superior court of Thurston county or in the county in which the person resides.

Provides that, for the purposes of obtaining information concerning any matter relating to the administration or enforcement of chapter 82.24 RCW, the department, the board, or any of its agents may inspect the books, documents, or records of any person transporting cigarettes for sale to any person or entity in the state, and books, documents, or records containing any information relating to the transportation or possession of cigarettes for sale in the possession of a specific common carrier as defined in RCW 81.80.010 doing business in this state, or books, documents, and records of vehicle rental agencies whose vehicles are being rented for the purpose of transporting contraband cigarettes.

Provides that, if a person neglects or refuses to produce and submit for inspection any book, record, or document as required by this act when requested to do so by the department, the board, or its agent, then the department or the board may seek an order in superior court compelling production of the books, records, or documents.

Companion Bill: 1488
Enhancing the state's oil spill response program.
Declares that the intent of this act is to enact those recommendations of the oil spill advisory council that require legislative action so that Washington is in the best possible position to prevent and respond to oil spills in all of Washington's waters, including the Columbia river, the Pacific Ocean, the Strait of Juan de Fuca, and the Puget Sound.
Declares that fully enacting the recommendations of the oil spill advisory council requires the identification of revenue to support the state's oil spill programs, which includes consistent and continued funding for a contingency tug program, a permanent rescue tug at Neah Bay, the activities of the permanent oil spill advisory council, and contributions to the ongoing efforts to remove leaking derelict vessels from Washington's treasured and valued waterways.

SB 5577 by Senators Roach, Benton, Holmquist, Carrell, Stevens, Clements, Delvin, and Schoesler

Creating the private property rights protection act.

Finds, in the wake of the supreme court's decision in *Kelo v. City of New London*, that abuse of eminent domain is a threat to the property rights of all private property owners.

Finds that Washington citizens should not have to fear the government taking their homes, farms, or businesses to give to other persons. Governments should not abuse the power of eminent domain to force property owners from their land in order to develop that land into industrial and commercial property.

Declares that it is the policy of the state of Washington to encourage, support, and promote the private ownership of property and to ensure that the constitutional and other legal rights of private property owners are protected by Washington state government.

SB 5581-S by Senate Committee on Higher Education (originally sponsored by Senators Kohl-Welles, McAuliffe, Shin, Tom, Berkey, Oemig, Clements, Keiser, Holmquist, and Roach)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that, beginning with the 2008-09 academic year, the higher education coordinating board shall award full tuition scholarships to students graduating from public and approved private high schools under chapter 28A.195 RCW who meet the requirements of this act, if the student pursues an undergraduate degree in a mathematics or science-related field and who qualify for a scholarship under the ranking system developed by the board.

Declares that the scholarships may only be used for undergraduate coursework beginning in the student's second year at accredited institutions of higher education in the state of Washington, except that the scholarships may be used for undergraduate coursework at Oregon institutions of higher education that are located in counties bordering Washington state.

Requires the higher education coordinating board to develop a ranking system to determine priority of the award of the mathematics/science scholarship. The ranking system shall consider the following factors: (1) The first year of course selection at institutions of higher education by the applicant. Applications shall be ranked higher based on the number of mathematics and science classes that the applicant enrolled and completed;

(2) The grade point average of the applicant in the first year at an institution of higher education; and

(3) Other criteria that the higher education coordinating board deems appropriate.

SB 5592 by Senators Berkey, Poulsen, Honeyford, Shin, Morton, Kilmer, Stevens, Pridemore, Haugen, Hatfield, and Rasmussen

Companion Bill: 1681

Revising regulation of telecommunications companies.

(SEE ALSO PROPOSED 1ST SUB)

Finds that the competitiveness of telecommunications services makes regulatory modernization necessary to ensure fair regulatory treatment of telecommunications service providers who provide similar services.

Recognizes that it is vital to achieve regulatory modernization for telecommunications service providers who are responding to consumer choice by investing in infrastructure, which directly benefits consumers and the state.

Declares an intent to maintain and strengthen consumer choice, provide incentive for increased private investment in technology infrastructure, and provide regulatory fairness among competitive telecommunications service providers by modernizing the state's telecommunications laws.

SB 5592-S by Senate Committee on Water, Energy & Telecommunications (originally sponsored by Senators Berkey, Poulsen, Honeyford, Shin, Morton, Kilmer, Stevens, Pridemore, Haugen, Hatfield, and Rasmussen)

Creating a joint task force to develop reforms to statutes regulating telecommunications companies and services.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds as follows: (1) The competitiveness of the telecommunications marketplace has created consumer choice and strengthened the state's position as a national leader in the area of technology services and infrastructure;

(2) Traditional regulated intrastate wireline telecommunications services are part of a larger and broadening market and industry that includes voice, data, video, and other services that use fixed and mobile wireless, satellite, coaxial cable, fiber optic, internet, power line, and other converging technologies largely provided by a variety of unregulated or minimally regulated private and public entities;

(3) New telecommunications technologies and service providers continue to emerge;

(4) Encouraging investment in such technologies and services is vital to the economic future of the state and to family wage jobs for its citizens; and

(5) Unlike competing companies, traditional wireline telecommunications companies are subject to legacy regulations that were created a century ago to regulate in a monopoly environment.

Declares an intent to review the state's statutes and rules and make recommendations that level the competitive playing field, encourage investment in new technologies and services, and enhance consumer choice, economic development, and job preservation and creation.

SB 5596 by Senators Franklin, Benton, Kline, Poulsen, Keiser, and Roach

Companion Bill: 1631

Concerning discrimination against chiropractors.

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that contractors may not develop and employ provider payment methodologies that discriminate against chiropractors by setting differing payment formulas for a chiropractor's services than for a different profession's services when the contractor is reimbursing for the same type of health care services. The contractor may not have a methodology that would pay chiropractors less than any other provider for the same payment code.

SB 5596-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Franklin, Benton, Kline, Poulsen, Keiser, and Roach)

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that a health carrier may not develop and employ provider payment methodologies that discriminate against chiropractors by setting differing payment formulas for a chiropractor's services than for a different profession's services

when the contractor is reimbursing for the same type of health care services. The carrier may not have a methodology that would pay chiropractors less than any other provider for the same payment code.

SB 5596-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Franklin, Benton, Kline, Poulsen, Keiser, and Roach)

Requiring fair payment for chiropractic services.

(DIGEST AS ENACTED)

Provides a health carrier may not develop and use provider and benefit payment methodologies that pay for chiropractic services in a lesser amount than the carrier pays for substantially similar health care services provided by a different profession. The carrier may not circumvent this requirement by creating a chiropractor-specific code not listed in the nationally recognized code book otherwise used by the carrier for provider payment.

VETO MESSAGE ON 2SSB 5596

April 1, 2008

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 3, Second Substitute Senate Bill 5596 entitled:

"AN ACT Relating to fair payment for chiropractic services."

This bill provides that a health insurance carrier may not pay a chiropractor less for a given service or procedure than it pays any other provider for that service or procedure.

Section 3 directs the Insurance Commissioner after January 1, 2010 to contract for an evaluation of the impact of Section 1 on the utilization and cost of health care services, and requires carriers to provide any data necessary to complete the evaluation. The evaluation is due to the Legislature by January, 2012. Since it was not otherwise funded, the study will be paid for through the administrative assessment levied on carriers by the Office of the Insurance Commissioner. This is a significant administrative burden on carriers with little benefit.

For these reasons, I have vetoed Section 3 of Second Substitute Senate Bill 5596.

With the exception of Section 3, Second Substitute Senate Bill 5596 is approved.

Respectfully submitted,
Christine Gregoire
Governor

SB 5597 by Senators Franklin, Benton, Zarelli, Kauffman, Kline, Carrell, Poulsen, Keiser, Kohl-Welles, Delvin, and Roach

Companion Bill: 1630

Concerning contracts with chiropractors.

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that contractors may not directly or indirectly through contract or otherwise refuse to reimburse for the health care services legally provided by employees of a contracted chiropractor if the service would be a reimbursable benefit but for the contractor's refusal to recognize or reimburse the services performed by employees of the contracted chiropractor.

Provides that contractors may not refuse to contract with licensed health care providers employed by a contracted chiropractor if such licensed health care provider otherwise meets the fair credentialing standards of the contractor.

Provides that contractors may not require directly or indirectly by contract or otherwise that a chiropractor comply with health care reimbursement or delivery standards that conflict with those standards and practices authorized or adopted by the Washington state chiropractic quality assurance commission.

Declares that any term or condition of any contract between a chiropractor and a contractor that violates a provision of this act and any contractor attempt to waive, modify, or shift responsibility for compliance with this act is invalid.

SB 5597-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Franklin, Benton, Zarelli, Kauffman, Kline, Carrell, Poulsen, Keiser, Kohl-Welles, Delvin, and Roach)

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that health carriers may not directly or indirectly through contract or otherwise refuse to reimburse for the health care services legally provided by employees of a contracted chiropractor if the service would be a reimbursable benefit but for the contractor's refusal to recognize or reimburse the services performed by employees of the contracted chiropractor.

SB 5597-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Franklin, Benton, Zarelli, Kauffman, Kline, Carrell, Poulsen, Keiser, Kohl-Welles, Delvin, and Roach)

(DIGEST AS ENACTED)

Provides that a health carrier must reimburse a chiropractor who has signed a participating provider agreement for services determined by the carrier to be medically necessary if: (1) The service is: (a) covered chiropractic health care, as defined in RCW 48.43.515, by the health plan under which the enrollee received the services; and (b) provided by the chiropractor, or the chiropractor's employee specified in RCW 18.25.190 (2) or (3) who works in the same location as the chiropractor and to whom the chiropractor, pursuant to rules adopted by the Washington state chiropractic quality assurance commission, has delegated the service. The employee must meet the health carrier's reasonable qualifications for all such providers in the relevant class, including but not limited to standards for education and background checks, as applicable; and

(2) The chiropractor complies with the terms and conditions of the participating provider agreement. Violations of the participating provider agreement by an employee of the chiropractor to whom he or she has delegated a service may be deemed by the carrier to have been committed by the chiropractor.

Establishing a statewide online business training and entrepreneurial curriculum.

(SEE ALSO PROPOSED 1ST SUB)

Finds that a state-certified entrepreneurial and small business development online curriculum would increase access to business proficiency skills and would promote small business longevity for individuals interested in self-employment.

Requires the department of community, trade, and economic development to: (1) Contract for the development, distribution, and promotion of an entrepreneurial and small business development online curriculum;

(2) Establish the curriculum course content in coordination with: The state microenterprise association; the small business development center; universities and community and technical colleges with small business assistance programs; the workforce training and education coordinating board; and other public and private entrepreneurial and small business assistance centers in the state;

(3) Complete the curriculum content as soon as possible, but no later than December 31, 2007, and complete the online curriculum by no later than June 30, 2008;

(4) Make the curriculum free of charge and available for use by individuals and all public and private entrepreneurial development and small business assistance centers throughout the state;

(5) Promote curriculum use by providing electronic and printed informational materials on the curriculum to public and private entrepreneurial development and small business assistance centers throughout the state;

(6) Ensure curriculum accessibility by including in the curriculum contract the use of web links to the curriculum on state public and private websites that small business owners and entrepreneurs use in establishing and incorporating their businesses; and

(7) Complete online links to the curriculum on state public and private websites by December 31, 2008.

Appropriates the sum of fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of community, trade, and economic development to carry out the purposes of this act.

SB 5614 by Senators Rockefeller, Poulsen, Tom, and Kline
Creating incentives for community-based solar energy projects.

(SEE ALSO PROPOSED 1ST SUB)

Declares that "community-based solar energy project" means a cooperative venture of local citizens and a local government entity, which is voluntarily funded, for the installation of photovoltaic systems of less than one hundred thirty kilowatts on property owned by the participating governmental entity.

Declares that a "local governmental entity" means any unit of local government of this state including, but not limited to, counties, cities, towns, municipal corporations, quasi-municipal corporations, special purpose districts, and school districts.

Provides that, for the purpose of calculating the annual incentive limit under this act, community-based solar projects that are located on separate parcels of property, are not to be combined, as each project is individually eligible for incentives of up to two thousand dollars per year per project.

SB 5614-S by Senate Committee on Water, Energy & Telecommunications (originally sponsored by Senators Rockefeller, Poulsen, Tom, and Kline)

Creating investment cost recovery incentives for voluntarily funded projects of local citizens cooperating with a local governmental entity for the installation of photovoltaic systems of less than one hundred thirty kilowatts on property owned by the participating local governmental entity.

SB 5619 by Senators Pflug, Keiser, Parlette, Marr, Weinstein, Fairley, Kastama, Kline, and Kohl-Welles

Revising the standards for informed consent to health care.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that our state laws regarding informed consent must be modified to become more patient-oriented. The legislature believes that when patients are informed about treatment options and have reviewed patient information about their treatment, they are better able to choose and consent to or refuse a method of treatment. The legislature also finds that patients have a duty to be sure they understand the information they have been given, even if it means going over the information several times with their health care provider.

SB 5619-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Pflug, Keiser, Parlette, Marr, Weinstein, Fairley, Kastama, Kline, and Kohl-Welles)

Addressing unwarranted variation in health care.

(AS OF SENATE 2ND READING 3/14/2007)

Finds that unwarranted variations in health care, variations not explained by illness, patient preference, or the dictates of evidence-based medicine, are a significant feature of health care in Washington state. There is growing evidence that, for preference-sensitive care involving elective surgery, the quality of patient-practitioner communication about the benefits, harms, and uncertainty of available treatment options can be improved by introducing high-quality decision aids that encourage shared decision making.

Declares an intent to focus on improving the quality of patient-practitioner communication and on increasing the extent to which patients make genuinely informed, preference-based treatment decisions.

Requires the state health care authority to work in collaboration with the health professions and quality improvement communities to increase awareness of appropriate, high-quality decision aids, and to train physicians and other practitioners in their use.

SB 5621 by Senators Kastama, Rasmussen, Clements, Hatfield, and Shin

Companion Bill: 1721

Creating certified capital companies to promote economic development through investment in start-up and emerging businesses.

Finds that new sources of prudently targeted private equity investments would promote economic development by strengthening the local venture capital infrastructure, increasing access to capital for local companies, supporting emerging businesses, and creating jobs for Washington citizens. Targeted venture capital has the potential to hasten the transformation of research and development concepts into commercially viable products and services, expedite the expansion of small Washington firms, enlarge the state's tax base, and develop these businesses into significant contributors to the Washington economy. This act is intended to assist small start-up enterprises to succeed in their business and to contribute to the future of Washington.

SB 5643 by Senators Regala, Delvin, Carrell, Hargrove, Keiser, Kohl-Welles, Shin, Tom, and Kline

Companion Bill: 1422

Addressing children and families of incarcerated parents.

(SEE ALSO PROPOSED 2ND SUB)

Recognizes the significant impact on the lives and well-being of children and families when a parent is incarcerated. It is the intent of the legislature to support children and families, and maintain familial connections when appropriate, during the period a parent is incarcerated.

Finds that there must be a greater emphasis placed on identifying state policies and programs impacting children with incarcerated parents. Additionally, greater effort must be made to ensure that the policies and programs of the state are supportive of the children, and meet their needs during the time the parent is incarcerated.

Finds that, according to the final report of the children of incarcerated parents oversight committee, helping offenders build durable family relationships may reduce the likelihood that their children will go to prison later in life. Additionally, the report indicates that offenders who reconnect with their families in sustaining ways are less likely to reoffend.

Appropriates the sum of five hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of community, trade, and economic development for the purpose of enhancing programs and services for the children and families of inmates incarcerated in department of corrections facilities.

Appropriates the sum of seven hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the department of community, trade, and economic development for the purpose of enhancing programs and services for the children and families of inmates incarcerated in department of corrections facilities.

Authorizing the development of self-employment assistance programs.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that the establishment of a self-employment assistance program would assist unemployed individuals and create new businesses and job opportunities in Washington state. The department shall inform individuals identified as likely to exhaust regular unemployment benefits of the opportunity to enroll in commissioner-approved self-employment assistance programs.

Declares that an unemployed individual is eligible to participate in a self-employment assistance program if it has been determined that he or she: (1) Is otherwise eligible for regular benefits as defined in RCW 50.22.010;

(2) Has been identified as likely to exhaust regular unemployment benefits under a profiling system established by the commissioner as defined in P.L. 103-152; and

(3) Is enrolled in a self-employment assistance program that is approved by the commissioner, and includes entrepreneurial training, business counseling, technical assistance, and requirements to engage in activities relating to the establishment of a business and becoming self-employed.

SB 5653-S by Senate Committee on Economic Development, Trade & Management (originally sponsored by Senators Kauffman, Kastama, Brown, Berkey, Rockefeller, Keiser, Franklin, Kohl-Welles, and Shin)

(DIGEST AS ENACTED)

Finds that the establishment of a self-employment assistance program would assist unemployed individuals and create new businesses and job opportunities in Washington state. The department shall inform individuals identified as likely to exhaust regular unemployment benefits of the opportunity to enroll in commissioner-approved self-employment assistance programs.

Declares that an unemployed individual is eligible to participate in a self-employment assistance program if it has been determined that he or she: (1) Is otherwise eligible for regular benefits as defined in RCW 50.22.010;

(2) Has been identified as likely to exhaust regular unemployment benefits under a profiling system established by the commissioner as defined in P.L. 103-152; and

(3) Is enrolled in a self-employment assistance program that is approved by the commissioner, and includes entrepreneurial training, business counseling, technical assistance, and requirements to engage in activities relating to the establishment of a business and becoming self-employed.

Provides that, by December 1, 2011, the employment security department shall report to the house of representatives commerce and labor committee and the senate labor, commerce, research and development committee on the performance of the self-employment assistance program. The report shall include an analysis of the following: (1) Self-employment impacts;

(2) Wage and salary outcomes;

(3) Benefit payment outcomes; and

(4) A cost-benefit analysis.

Feb 14 Public hearing in the Senate Committee on Transportation at 1:30 PM.

SB 5656 by Senators Jacobsen, Kline, Rockefeller, Regala, and Tom

Creating a regional transfer of development rights program.

(SEE ALSO PROPOSED 1ST SUB)

Finds that current concern over the rapid and increasing loss of rural, agricultural, and forested land has led to the exploration of creative approaches to preserving these important lands.

Finds also that the creation of a regional transfer of development rights marketplace will assist in slowing the conversion of these lands.

Determines that it is good public policy to build upon existing transfer of development rights programs, pilot projects, and private initiatives that foster effective use of transferred development rights through the creation of a market-based program that focuses on the central Puget Sound region.

Requires the department to submit recommendations, findings, and legislative recommendations according to the following schedule: (1) By December 1, 2007, the department shall submit a report to the governor and appropriate committees of the legislature on the progress of the regional transfer of development rights program. The report must also include identification of other candidate transfer of development areas and proposals to modify grant criteria for local governments;

(2) By December 1, 2008, the department shall submit a final report to the governor and the appropriate committees of the legislature on the progress of the regional transfer of development rights program; and

(3) By December 1, 2008, the department shall submit findings and legislative recommendations, including draft legislation if needed to implement the recommendations and strategies identified in the final report, to the appropriate committees of the legislature.

SB 5658 by Senators Keiser, Kohl-Welles, Fairley, Franklin, and Rockefeller

Establishing a health care reinsurance program for small businesses.

Declares an intent to reduce premiums for small employers by providing reinsurance services. Reinsurance will reduce the uncertainty that raises premiums across the small group market to: (1) Help make health insurance coverage more affordable for small businesses and their employees;

(2) Stabilize the private health insurance market for small businesses; and

(3) Increase the numbers of people with access to affordable health insurance coverage and improve health outcomes in Washington state.

Appropriates the sum of five million dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the health savings account, previously identified with small employer insurance assistance, to the reinsurance account established in this act for the purposes of this act.

SB 5659 by Senators Keiser, Kohl-Welles, Fairley, Franklin, Brown, and Kline

Establishing family and medical leave insurance.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that, although family and medical leave laws have assisted individuals to balance the demands of the workplace with their family responsibilities, more needs to be done to achieve the goals of family care, children and family health, workforce stability, and economic security.

Finds that many individuals do not have access to family and medical leave laws, and those who do may not be in a financial position to take family and medical leave that is unpaid, and that employer-paid benefits, including family and medical leave and disability benefits, meet only a relatively small part of this need.

Declares it to be in the public interest to establish a program that: (1) Allows parents to bond with a newborn or newly placed child, and workers to care for seriously ill family members or recover from their own serious health condition;

(2) Is in addition to those programs offered by employers;

(3) Provides limited income support for a reasonable period while an individual is away from work on family and medical leave; and

(4) Reduces the impact on state income support programs by increasing an individual's ability to provide caregiving services for family members while maintaining an employment relationship.

Requires the secretary of state to submit this act to the people for their adoption and ratification, or rejection, at the next general election to be held in this state, in accordance with Article II, section 1 of the state Constitution and the laws adopted to facilitate its operation.

(4) Establishes a wage replacement benefit to be coordinated with current existing state and federal family and medical leave laws.

Requires the secretary of state to submit this act to the people for their adoption and ratification, or rejection, at the next general election to be held in this state, in accordance with Article II, section 1 of the state Constitution and the laws adopted to facilitate its operation.

SB 5659-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Keiser, Kohl-Welles, Fairley, Franklin, Brown, and Kline)

(DIGEST AS ENACTED)

Finds that, although family and medical leave laws have assisted individuals to balance the demands of the workplace with their family responsibilities, more needs to be done to achieve the goals of family care, children and family health, workforce stability, and economic security.

Finds that many individuals do not have access to family leave laws, and those who do may not be in a financial position to take family leave that is unpaid, and that employer-paid benefits meet only a relatively small part of this need.

Declares it to be in the public interest to establish a program that: (1) Allows parents to bond with a newborn or newly placed child;

(2) Provides limited and additional income support for a reasonable period while an individual is away from work on family leave;

(3) Reduces the impact on state income support programs by increasing an individual's ability to provide caregiving services for a child while maintaining an employment relationship; and

(4) Establishes a wage replacement benefit to be coordinated with current existing state and federal family leave laws.

Appropriates the sum of eighteen million dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the family leave insurance account to the department of labor and industries for the initial administration of the family leave insurance program.

Provides that, beginning September 1, 2010, the department shall report to the legislature by September 1st of each year on projected and actual program participation, premium rates, fund balances, and outreach efforts.

SB 5665 by Senators Keiser, Fairley, Franklin, and Kohl-Welles

Establishing the state employee health program and a state employee health demonstration project.

(SEE ALSO PROPOSED 1ST SUB)

Establishes the state employee health program and a state employee health demonstration project.

Appropriates the sum of one million three hundred thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the general fund to the health care authority for the purposes of this act.

SB 5665-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Keiser, Fairley, Franklin, and Kohl-Welles)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Establishes the state employee health program and a state employee health demonstration project.

Declares that the state employee health program shall: (1) Provide technical assistance and other services as needed to wellness staff in all state agencies and institutions of higher education;

(2) Develop effective communication tools and ongoing training for wellness staff;

(3) Contract with outside vendors for evaluation of program goals;

(4) Strongly encourage the widespread completion of online health assessment tools for all state employees, dependents, and retirees. The health assessment tool must be voluntary and confidential. Health assessment data and claims data shall be used to: (a) engage state agencies and institutions of higher education in providing evidence-based programs targeted at reducing identified health risks; (b) guide contracting with third-party

vendors to implement behavior change tools for targeted high-risk populations; and (c) guide the benefit structure for state employees, dependents, and retirees to include covered services and medications known to manage and reduce health risks.

Requires the health care authority shall report to the legislature in December 2008, 2009, and 2010 on outcome goals for the employee health program.

Directs the health care authority through the state employee health program to create a state employee health demonstration project in four state agencies: The department of health, department of personnel, department of natural resources, and department of labor and industries. Demonstration project agencies shall operate employee health programs for their employees in collaboration with the state employee health program.

Requires the state employee health program to evaluate each of the four programs separately and compare outcomes for each of them with the entire state employee population to assess effectiveness of the programs. Specifically, the program shall measure at least the following outcomes in the demonstration population: The reduction in the percent of the population that is overweight or obese, the reduction in risk factors related to diabetes, the reduction in risk factors related to absenteeism, the reduction in tobacco consumption, and the increase in appropriate use of preventive health services. The state employee health program shall report to the legislature in December 2008, 2009, and 2010 on the demonstration project.

Appropriates the sum of one million three hundred thousand dollars, or as much thereof as may be necessary, for the biennium ending June 30, 2009, from the general fund to the health care authority for the purposes of this act.

- SB 5670** by Senators Holmquist, Rasmussen, and Clements
- Changing the basic education funding formula.
Finds that current funding formulas used to determine the state allocation for public schools is confusing and should be more clear.
Finds that the funding ratios currently aggregate different classifications of staff so that it is unclear how many teachers the state allocation is funding.
Finds that the funding formulas should be changed to separate the different classifications of staff, including classroom teachers, and that the specific funding ratios should be determined in the omnibus appropriations act.

 Companion Bill: 1792
 Requiring a study of the incidence of total permanent disability
 pensions in the state's workers' compensation system.
 Requires the department of labor and industries to conduct a
 study of the incidence of total permanent disability pensions in the
 state's workers' compensation system. The department shall
 contract with an independent researcher with demonstrated
 expertise in workers' compensation systems. The department
 shall consult with the workers' compensation advisory committee
 in determining the criteria to use in selecting a researcher and in
 selecting the researcher with which to contract.
 Requires that, in conducting the study, the researcher selected
 shall consider the following: (1) Causes of the recent increase in
 total permanent disability cases, including changes in injured
 worker demographics, policy, and other areas that may be
 identified;
 (2) Future anticipated total permanent disability trends; and

(3) A comparison of Washington's permanent disability claims experience and injured workers with other states and jurisdictions.

Establishing requirements for industrial insurance final settlement agreements.

Provides that the parties to a claim may enter into a final settlement agreement at any time once the worker has reached maximum medical improvement as provided in this act with respect to one or more claims under Title 51 RCW. All final settlement agreements must be approved by the board of industrial insurance appeals. The final settlement agreement may: (1) Bind the parties with regard to any or all aspects of a claim, including but not limited to allowance or rejection of a claim, monetary payment, vocational services, claim closure, and claim reopening under RCW 51.32.160; and

(2) Not subject any employer who is not a signatory to the agreement to any responsibility or burden under any claim.

Requires the department to develop and maintain a registry system by which it records final settlement agreements entered into between the parties. This information shall be made available to employers at appropriate times as determined by the department in rule, but an employer may not consider a prior settlement agreement when making hiring decisions or as a condition of employment.

SB 5692 by Senators Rasmussen and Morton

Regulating conservation easements.

Finds that it is in the best interest of the state to find innovative and economically sustainable ways to conserve and protect productive agricultural lands, critical wildlife habitat, and other natural resources.

Finds that the diminishing stock of productive agricultural lands can be preserved through the creation of conservation easements that limit the amount of land available for intensive development.

Finds that working natural resources and wildlife habitat areas can be protected by the same conservation easements that protect existing agricultural lands.

Recognizes the unique interests and knowledge that private property owners have about their land and about the most effective means available to protect the wildlife habitat and natural resources on that land.

Declares an intent to protect the use and value of productive agricultural property and the wildlife habitat and other natural resources on that property by encouraging voluntary, cooperative farmland preservation and environmental enhancement programs with willing property owners.

Companion Bill: 1570

Authorizing a biomonitoring program.

Directs the department to conduct biomonitoring, in consultation with the department of ecology, local health jurisdictions, and other public health agencies, to assist public health agencies and policymakers in allocating resources to maximize improvements in environmental public health by: (1)

Determining levels of exposure to environmental chemicals in population groups that may be at increased risk of exposure;

(2) Measuring the prevalence of elevated levels of environmental chemicals in specific population groups;

(3) Interpreting the public health significance of environmental monitoring data;

(4) Assessing effectiveness of public health efforts to reduce exposure to specific populations to environmental chemicals; and

(5) Determining the impact of public health efforts to reduce high levels of environmental chemicals.

Requires that, by December 1, 2007, the department of health shall, in consultation with the department of ecology and local health jurisdictions, provide recommendations to the governor and the appropriate committees of the senate and house of representatives for funding the biomonitoring program.

Appropriates the sum of ninety thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the state toxics control account to the department of health for the purposes of this act.

SB 5696 by Senators Franklin, Benton, Kohl-Welles, Keiser, Fairley, Kastama, Murray, McAuliffe, Kline, and Rasmussen

Companion Bill: 1809

Creating the Washington state patient safety act.

Finds that research demonstrates the critical role that registered nurses play in improving patient safety and quality of care. Greater numbers of registered nurses available to care for hospitalized patients are key to reducing errors, complications, and adverse patient care events. Moreover, higher nurse staffing levels result in improved staff safety and satisfaction and reduced incidences of workplace injuries. In addition, health care professional, technical, and support staff comprise vital components of the patient care team, bringing their particular skills and services to ensuring quality patient care.

Provides therefore, in order to protect patients and to support greater retention of registered nurses, to promote evidence-based nurse staffing, and to increase transparency of health care data and decision making, the legislature finds that ensuring sufficient nurse staffing to meet patient care needs is an urgent public policy priority.

SB 5699 by Senators Keiser, Kohl-Welles, and Fairley; by request of Department of Social and Health Services

Companion Bill: 1826

Modifying provisions affecting medical benefits.

Requires health insurers, including private insurers, group health plans, service benefit plans, managed care organizations, pharmacy benefit managers, or other parties that are, by statute, contract, or agreement, legally responsible for payment of a claim for a health care item or service, as a condition of doing business in Washington, to increase their effort to share information with the department and accept the department's timely claims consistent with 42 U.S.C. 1396a(a)(25).

Requires health insurers, as a condition of doing business in Washington, to: (1) Provide, with respect to individuals who are eligible for, or are provided, medical assistance under chapter 74.09 RCW, upon the request of the medical assistance administration, information to determine during what period the individual or their spouses or their dependants may be, or may have been, covered by a health insurer and the nature of coverage that is or was provided by the health insurer, including the name, address, and identifying number of the plan, in a manner prescribed by the medical assistance administration;

(2) Accept the medical assistance administration's right to recovery and the assignment to the medical assistance administration of any right of an individual or other entity to payment from the party for an item or service for which payment has been made under chapter 74.09 RCW;

(3) Respond to any inquiry by the medical assistance administration regarding a claim for payment for any health care

item or service that is submitted not later than three years after the date of the provision of such health care item or service;

(4) Agree not to deny a claim submitted by the medical assistance administration on the basis of the date of submission of the claim, the type or format of the claim form, or a failure to present proper documentation at the point-of-sale that is the basis of the claim, if: (a) the claim is submitted by the medical assistance administration within the three-year period beginning on the date the item or service was furnished; and (b) any action by the medical assistance administration to enforce its rights with respect to such claim is commenced within six years of the medical assistance administration's submission of such claim; and

(5) Agree that the prevailing party in any legal action to enforce these provisions receives attorneys' fees as well as related collection fees and costs incurred in the enforcement of these provisions.

Feb 15 Public hearing in the Senate Committee on Health & Long-Term Care at 10:00 AM.

SB 5700 by Senators Prentice, Kohl-Welles, Franklin, Keiser, Murray, Hatfield, Weinstein, Rasmussen, Hargrove, Tom, and Kline

Companion Bill: 1828

Requiring a state policy of neutrality towards unionization for persons using aerospace-related tax incentives.

Finds that the state's tax policy currently provides for tax exemptions and credits, as well as preferential tax rates, for certain industries. The state's tax policy does not, however, require neutrality towards unionization as a condition of claiming these incentives. As a result, some employers that benefit substantially from these incentives have encouraged or discouraged unionization.

Declares that the state's tax policy should recognize the right of employees to freedom of association in the workplace and freedom of choice in who will represent employees in collective bargaining.

Provides that, for these reasons, the legislature intends to bar persons from claiming these tax incentives if they choose to encourage or discourage unionization.

SB 5702 by Senators Benton, Keiser, Swecker, Kohl-Welles, and Roach

Requiring notice to certain employees of a claim of exemption from paying unemployment insurance taxes.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that, before an entity may claim an exemption provided in RCW 50.44.040(1), it must first demonstrate to the department in a manner established by rule that it has informed all of its employees that it is claiming the exemption and is exempt from making contributions to the state unemployment compensation fund. All employees hired after the effective date of this act must be notified prior to their dates of hire.

SB 5702-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Benton, Keiser, Swecker, Kohl-Welles, and Roach)

(DIGEST AS ENACTED)

Requires a church or convention or association of churches, or an organization which is operated primarily for religious purposes and which is operated, supervised, controlled, or principally supported by a church or convention or association of churches to inform each individual performing services exempt from "employment" under RCW 50.44.040(1) that the individual may not be eligible to receive unemployment benefits based on such services. The employer shall provide a written notice of this exclusion to the individual at the time of hire. The employer shall display a poster giving notice of this exclusion in a conspicuous place. The employer's compliance with these notice requirements shall not affect an individual's eligibility for benefits. The employment security department shall make posters available to employers without charge.

SB 5712 by Senator Parlette

Revising provisions for the Washington state health insurance pool.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that the Washington state health insurance pool is a critically important insurance option for people in this state and must reflect health care provisions based on the best available evidence and be financially sustainable over time. The laws governing the Washington state health insurance pool have been read to preclude the program from modifying contracts, and yet coverage needs and options change with time. Everyone in this state benefits when the Washington state health insurance pool is more affordable and higher performing. Changes are needed to the Washington state health insurance pool to increase affordability, offer quality and cost-effective benefits, and enhance the governance and operation of the pool.

SB 5716 by Senators Keiser, Kastama, Franklin, and Kline; by
request of Insurance Commissioner

Companion Bill: 1818

Regulating retainer health care practices.

(SEE ALSO PROPOSED 1ST SUB)

Provides that a retainer practice may charge a retainer fee as
consideration for being available to provide and providing all
primary care services that are within the scope of the provider's
license to a retainer subscriber during a specified service period if
the retainer health care practice deposits the fee in one or more
identifiable trust accounts and distributes the fee to the retainer
practice at the end of the specified service period.

Requires every retainer health care practice to maintain the
following records for a period of five years, and upon request
must make the following records available to the commissioner
for review: (1) Forms of contracts between the retainer practice
and retainer subscribers;

(2) Documents relating to the creation and maintenance of any
retainer fee trust accounts. However, any patient's personal
identifying information may be withheld, unless otherwise
authorized by the patient;

(3) All advertising relating to the retainer practice and its
services; and

(4) All records relating to retainer fees received by the
retainer health care practice. However, any patient's personal
identifying information may be withheld, unless otherwise
authorized by the patient.

Directs the commissioner to adopt rules in accordance with
chapter 34.05 RCW establishing a standardized disclosure form to
be distributed to all retainer subscribers with their enrollment
forms. Such form will inform the subscriber patient of their
financial rights and responsibilities to the retainer practice as
provided for in this act, will encourage that the retainer patient
obtain and maintain insurance for services not provided by the
retainer practice, and that the provider will not bill a carrier for
services covered under the retainer agreement. Such a
standardized disclosure form shall be deemed sufficient disclosure
of a retainer practice's obligations under this act.

SB 5716-S by Senate Committee on Health & Long-Term
Care (originally sponsored by Senators Keiser,
Kastama, Franklin, and Kline; by request of Insurance
Commissioner)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Provides that a retainer practice may charge a retainer fee as
consideration for being available to provide and providing all
primary care services that are within the scope of the provider's
license to a retainer subscriber during a specified service period if
the retainer health care practice deposits the fee in one or more
identifiable trust accounts and distributes the fee to the retainer
practice at the end of the specified service period.

Provides that a retainer practice may charge a retainer fee as
consideration for being available to provide and providing
primary care services to a retainer subscriber during a specified
service period if the retainer health care practice deposits the fee
in one or more identifiable trust accounts and distributes the fee to
the retainer practice at the end of the specified service period.

Provides that the instrument creating the trust and governing
the trust account must provide that: (1) All retainer fees are held
in trust for and remain the property of the retainer subscriber until
the end of the service period for which they are charged, at which
time they become the property of the retainer health care practice.

(2) All unearned retainer fees will immediately be returned to the retainer subscriber, upon the occurrence of any event that prevents the provision of the health care services as contemplated by the retainer agreement.

Requires a retainer practice to: (1) Promptly notify a retainer subscriber of the receipt of his or her retainer fee;

(2) Render appropriate accounts to retainer subscribers regarding the funds; and

(3) Promptly refund to the retainer subscriber all unearned retainer fees upon the occurrence of any event that prevents the provision of the health care services as contemplated by the retainer agreement.

Requires every retainer health care practice to maintain the following records for a period of five years, and upon request must make the following records available to the commissioner for review: (1) Forms of contracts between the retainer practice and retainer subscribers;

(2) Documents relating to the creation and maintenance of any retainer fee trust accounts. However, any patient's personal identifying information may be withheld, unless otherwise authorized by the patient;

(3) All advertising relating to the retainer practice and its services; and

(4) All records relating to retainer fees received by the retainer health care practice. However, any patient's personal identifying information may be withheld, unless otherwise authorized by the patient.

Directs the commissioner to adopt rules in accordance with chapter 34.05 RCW establishing a standardized disclosure form to be distributed to all retainer subscribers with their enrollment forms. Such form will inform the subscriber patient of their financial rights and responsibilities to the retainer practice as provided for in this act, will encourage that the retainer patient obtain and maintain insurance for services not provided by the retainer practice, and that the provider will not bill a carrier for services covered under the retainer agreement. Such a standardized disclosure form shall be deemed sufficient disclosure of a retainer practice's obligations under this act.

VETO MESSAGE ON SSB 5718

May 8, 2007

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 15 and 16, Substitute Senate Bill 5718 entitled:

"AN ACT Relating to penalties for engaging in the commercial sexual abuse of minors."

The language establishing funding priorities for the Prostitution Prevention and Intervention Account (Account) in sections 15 and 16 could present technical challenges if funding is ever appropriated for the specific purposes. The Account was created in 1995 and has had very little historical activity. Funding is not provided in either this legislation or in the legislative budget. The Legislature could provide specific direction when or if specific funding is ever provided.

For these reasons, I have vetoed sections Sections 15 and 16 of Substitute Senate Bill 5718.

With the exception of Sections 15 and 16, Substitute Senate Bill 5718 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Companion Bill: 1205

Restricting unsolicited direct mail marketing.

Requires the attorney general to establish and maintain a do not mail registry. The registry is a list of consumers who do not wish to receive unsolicited direct mail marketing. The attorney general may contract with a private vendor to establish and maintain the registry.

Provides that no direct mail marketer shall mail or cause to be mailed any unsolicited direct mail marketing to any consumer more than thirty days after the consumer's name and address appears on the then current quarterly do not mail registry made available by the attorney general.

Directs the attorney general to provide notice to consumers of the establishment of the do not mail registry. Any consumer who wishes to be included in the registry must notify the attorney general.

Declares that violations of this act are punishable by a fine of two thousand dollars for each violation.

Authorizes the attorney general to bring an action to enforce compliance with this act.

Senator Kohl-Welles)

(DIGEST AS ENACTED)

Declares that nothing in RCW 66.28.010 shall prohibit a manufacturer, importer, or distributor from entering into an arrangement with any holder of a sports/entertainment facility license or an affiliated business for brand advertising at the licensed facility or promoting events held at the sports entertainment facility as authorized under RCW 66.24.570.

Provides that a licensee and an affiliated business may enter into arrangements with a manufacturer, importer, or distributor for brand advertising at the sports/entertainment facility or promotion of events held at the sports/entertainment facility, with a capacity of five thousand people or more. The financial arrangements providing for the brand advertising or promotion of events shall not be used as an inducement to purchase the products of the manufacturer, importer, or distributor entering into the arrangement nor shall it result in the exclusion of brands or products of other companies.

Requires the board to report to the appropriate committees of the legislature by December 30, 2008, and biennially thereafter,

on the impacts of arrangements allowed between sports/
entertainment licensees and liquor manufacturers, importers, and distributors for brand advertising and promotion of events at the facility.

Creating and funding the community agricultural worker safety grant program.

(AS OF SENATE 2ND READING 2/14/2008)

Finds that agricultural workers are challenged not only in finding full-time, year-round work, but also face difficulties in upgrading their agricultural skills. The legislature also finds that the agricultural industry's demand for skilled workers far outnumbers the current supply. In addition, the legislature finds that despite recent advances in the safety of agricultural production, additional training of agricultural workers should assist the agricultural sector in ongoing efforts to reduce occupational injuries.

Provides that, subject to the availability of amounts appropriated for this specific purpose, the department shall administer the community agricultural worker safety grant program, to be implemented by the 501(c)(3) nonprofit opportunities industrialization center of Washington. As grant recipient, the center shall work with the agricultural industry to provide practical, hands-on training for the state's agricultural workers in tractor and farm machinery skills and safety, pesticide training, adult basic skills, civics, English as a second language, commercial drivers' licensing, and other related topics. The grant recipient may receive up to two hundred fifty thousand dollars per year.

Companion Bill: 1825

Providing dedicated funding for public health services.

(SEE ALSO PROPOSED 1ST SUB)

Declares that protecting the public's health across the state is a fundamental responsibility of the state. With the commitment to state funding of the public health system as provided in this act, the state expects that measurable benefits will be realized to the health of the residents of Washington. In addition, a well-funded public health system is expected to become a more integral part of the state's emergency preparedness system.

Requires this increase in public health funding to deliver the following outcomes, subject to available funding levels: (1) Create a disease response system capable of responding at all times;

- (2) Stop the increase in, and reduce, sexually transmitted disease rates;
- (3) Reduce vaccine preventable diseases;
- (4) Build capacity to quickly contain disease outbreaks;
- (5) Decrease childhood obesity and diabetes rates;
- (6) Increase childhood immunization rates;
- (7) Provide home visiting services that improve birth outcomes and decrease child abuse;
- (8) Reduce animal-to-human disease rates; and
- (9) Monitor and protect drinking water across jurisdictional boundaries.

Requires that, by April 1, 2008, the committee shall develop a list of activities and services offered by local health jurisdictions that qualify as core public health functions of statewide significance as defined in this act.

Requires that, by October 1, 2008, the committee shall develop appropriate performance measures applicable to the core public health functions of statewide significance that local health jurisdictions must provide pursuant to this act.

Provides that, beginning July 1, 2009, local health jurisdictions are eligible to receive funds under this act from the local public health financing account only upon demonstrating that the local health jurisdiction has: (1) Complied with the performance measures adopted under this act; and

(2) Spent funds received after July 1, 2008, under this act in accordance with the criteria established in that act.

Requires that, by November 15, 2011, the department shall report to the legislature and the governor on the distribution of funds under this act and the use of those funds. In addition, the report must discuss the performance measures adopted by the advisory committee and the impact of the funds to improve compliance with the performance measures and health status indicators.

SB 5729-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Franklin, Brandland, Keiser, Kline, Rasmussen, Marr, Hargrove, Kastama, Murray, Fairley, Kohl-Welles, Hatfield, Regala, Jacobsen, Poulsen, and Parlette)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that protecting the public's health across the state is a fundamental responsibility of the state. With the commitment to state funding of the public health system as provided in this act, the state expects that measurable benefits will be realized to the health of the residents of Washington. In addition, a well-funded public health system is expected to become a more integral part of the state's emergency preparedness system.

Requires this increase in public health funding to deliver the following outcomes, subject to available funding levels: (1) Create a disease response system capable of responding at all times;

- (2) Stop the increase in, and reduce, sexually transmitted disease rates;
- (3) Reduce vaccine preventable diseases;
- (4) Build capacity to quickly contain disease outbreaks;
- (5) Decrease childhood obesity and diabetes rates;
- (6) Increase childhood immunization rates;
- (7) Provide home visiting services that improve birth outcomes and decrease child abuse;
- (8) Reduce animal-to-human disease rates; and
- (9) Monitor and protect drinking water across jurisdictional boundaries.

Provides that, beginning January 1, 2008, and on the first business day of each January thereafter, the state treasurer shall distribute from the local public health financing account five million four hundred twenty-five thousand dollars to be shared equally amongst all local health jurisdictions to address core public health functions of statewide significance.

Provides that, by January 1, 2008, the department shall: (1) Adopt a list of activities and services performed by local health jurisdictions that qualify as core public health functions of statewide significance as defined in this act; and

(2) Adopt appropriate performance measures with the intent of improving health status indicators applicable to the core public health functions of statewide significance that local health jurisdictions must provide pursuant to this act.

Provides that, beginning November 15, 2009, the department shall report to the legislature and the governor annually on the distribution of funds under this act and the use of those funds. The initial report must discuss the performance measures adopted by the secretary and any impact the funding in this act has had on local health jurisdiction performance and health status indicators. Future reports shall evaluate trends in performance over time and the effects of expenditures on performance over time.

Creating a committee on the education of students in high demand fields.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that Washington needs to produce eight to ten thousand additional baccalaureate degrees per year so that Washington employers will not have to look out of state to find employees.

Establishes a committee on the education of students in high demand fields to: (1) Develop a plan to increase the capacity of Washington institutions of higher education by ten thousand students per year by 2020 to produce baccalaureate and advanced degrees in high impact, high demand areas of study;

(2) Develop a marketing project to inform students, parents, and educators of opportunities in high demand fields;

(3) Investigate ways to motivate students to take more mathematics and science courses in high school and college; and

(4) Identify ways that the business community can enter into more partnerships with the state to ensure that Washington institutions of higher education produce graduates in high demand fields that are ready and able to find employment in Washington.

Requires the committee to report its findings and recommendations to appropriate committees of the legislature by December 1, 2007.

Companion Bill: 1748

Regarding hydraulic project permit approval for projects intended to reduce or eliminate damage from floods.

(SUBSTITUTED FOR - SEE 1ST SUB)

Requires the department to, when reviewing applications for hydraulic projects specifically intended by the applicant to eliminate or reduce damages to upland properties caused by potential floods, give equal consideration to protecting fish life, public safety, and private property.

Provides that, for any property that has experienced at least two consecutive years of flooding or erosion that has damaged or has threatened to damage a structure, water supply system, septic system, or access to any road or highway, the county legislative authority must determine that a chronic danger exists. The county legislative authority shall notify the department, in writing, if it determines that a chronic danger exists. In cases of chronic danger, the department shall issue an expedited written permit, upon request, for work to remove any obstructions, repair existing structures, restore banks, restore road or highway access, protect fish resources, or protect property.

Provides that the driver of a vehicle waiting in a holding area operated by Washington state ferries shall not have the vehicle idle in excess of three consecutive minutes if the vehicle is gasoline-powered or in excess of five consecutive minutes if the vehicle is diesel-powered, unless: (1) The vehicle is being used as an emergency vehicle in an emergency situation;

(2) The vehicle is required by a federal, state, or local law or official, but only to the extent necessary to comply with such a requirement;

(3) The vehicle's engine is providing auxiliary power for activities other than heating or air conditioning, such as loading, refrigeration, well drilling, or farming;

(4) Running the vehicle's engine is necessary for maintenance, servicing, repair, or diagnostic purposes;

(5) Running the vehicle's engine during adverse weather conditions is necessary to ensure the safe operation of the vehicle; or

(6) The ambient air temperature is below twenty degrees Fahrenheit for gasoline-powered vehicles or below thirty-two degrees Fahrenheit for diesel-powered vehicles, and idling of the vehicle is necessary to ensure the safety or health of the passengers or driver.

Regulating utility pole attachments.

Finds that public utility districts that own utility poles and that are exempt from the pole attachment provisions under chapter 80.54 RCW have sought to charge multiple attachment fees on the same pole and have used attachment rates, terms, and conditions that are inconsistent with the pole attachment provisions under chapter 80.54 RCW and federal communications commission regulations.

Finds that these practices: (1) Are inconsistent with the policy of the state;

(2) Do not advance the efficiency or availability of telecommunications facilities in rural or urban areas;

(3) Do not encourage the introduction of competition, making the use of these essential facilities difficult for providers of telecommunications and cable television services; and

(4) Result in excessive litigation costs, the courts being the only recourse available to licensees who do not agree to contract terms.

Expanding the presumption of occupational disease for firefighters.

Finds and declares: (1) By reason of their employment, firefighters are required to work in the midst of, and are subject to, smoke, fumes, infectious diseases, and toxic substances;

(2) Firefighters are continually exposed to a vast and expanding field of hazardous substances;

(3) Firefighters enter uncontrolled environments to save lives, provide emergency medical services, and reduce property damage and are frequently not aware or informed of the potential toxic and carcinogenic substances, and infectious diseases that they may be exposed to;

(4) Firefighters are often exposed simultaneously to multiple carcinogens;

(5) Firefighters so exposed can potentially and unwittingly expose coworkers, families, and members of the public to infectious diseases;

(6) Harmful effects caused by firefighters' exposure to hazardous substances, whether cancer, infectious disease, a heart injury, or respiratory disease, develop very slowly, usually manifesting themselves years after exposure;

(7) Cardiovascular disease is exacerbated by firefighting duties and firefighting increases the incidence of cardiovascular disease and heart injuries in firefighters;

(8) Firefighters frequently and at unpredictable intervals perform job duties under strenuous physical conditions when engaged in firefighting activities and routinely are unable to meet normal definitions of "unusual exertion" standards; and

(9) Firefighters who experience heart injuries during firefighting activities shall be assumed to meet current "unusual exertion" standards during strenuous physical exertion.

Provides that, in any case where the presumption is upheld, or the employee prevails on the basis of a presumption, whether at the board of industrial insurance appeals or in any court, the employee must be awarded full benefits, attorney fees, expert witness costs, and all other costs from the date of the employee's initial application for benefits.

SB 5745 by Senators Brown and Kohl-Welles

Regarding the use of solid fuel burning devices during impaired air quality conditions.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that there are communities in the state that exceed the national ambient air quality standards for fine particulates primarily due to wood smoke emissions from solid fuel burning devices, and that current strategies are not sufficient to reduce wood smoke emissions to levels that comply with the federal standards or adequately protect public health. The legislature finds that it is in the state's interest and to the benefit of the people

of the state to evaluate additional measures to reduce wood smoke emissions and update the state wood smoke control program.

Directs the department of ecology to convene and chair a work group to study the impacts of wood smoke from solid fuel burning devices on communities in Washington and make recommendations to the legislature on practical and cost-effective opportunities to reduce public health threats from exposure to wood smoke from solid fuel burning devices. The work group must be appointed by the director of the department of ecology and include all regional air quality agencies, the state department of health, local health departments, and the hearth products industries.

Provides that, in carrying out its assignment the work group shall consider, but not be limited to: (1) Communities in the state that have elevated levels of fine particulates;

(2) The contribution of pollution from solid fuel burning devices to potential violations of federal air quality standards;

(3) Strategies used in other states, regions, or cities to reduce wood smoke pollution levels and effectiveness of these strategies;

(4) State laws, rules, tariffs, and policies that may affect the ability to reduce emissions from solid fuel burning devices or encourage the use of cleaner burning devices; and

(5) Potential financial incentives and sources of funding to change out older solid fuel burning devices with cleaner burning devices.

Declares that recommendations from the work group may include statutory or regulatory changes, incentives, and other strategies that will reduce ambient fine particulates to levels sufficient to protect public health. The recommendations must be provided to the governor and to the policy committees of the senate and house of representatives that deal with air quality issues by December 1, 2007.

SB 5745-S by Senate Committee on Water, Energy & Telecommunications (originally sponsored by Senators Brown and Kohl-Welles)

(AS OF SENATE 2ND READING 3/13/2007)

Provides that, until June 30, 2009, an authority comprised of one county east of the Cascade mountains with a population of equal to or greater than four hundred thousand people, may determine by rule an alternative ambient air level of fine particulates that defines when a first stage and when a second stage of impaired air quality exists.

Finds that there are communities in the state that may exceed recently adopted lower national ambient air quality standards for fine particulate and that wood smoke emissions from solid fuel burning devices are a source of fine particulate.

Directs the department of ecology to prepare a report to the governor and the appropriate committees of the senate and house of representatives by December 1, 2007, with recommendations that may include statutory or regulatory changes, incentives, and other strategies that will reduce wood smoke where it is likely to contribute to nonattainment with the new national ambient air quality standards for fine particulates in Washington state. In preparing its report, the department of ecology shall seek input from all regional air quality agencies, the state department of health, local health departments, and the hearth products industries.

Companion Bill: 1738

Regarding ballast water management.

(SEE ALSO PROPOSED 1ST SUB)

Provides that the department, in consultation with the ballast water work group created in this act, shall collect data necessary to establish and maintain an inventory of the location and geographic range of nonindigenous plant and animal populations in the coastal and estuarine waters of the state that includes open coastal waters and bays and estuaries. In particular, data must be collected that does both of the following: (1) Supplements the existing baseline of nonindigenous species previously developed pursuant to this section, by adding data from investigations of intertidal and nearshore subtidal habitats along the open coast; and (2) Monitors the coastal and estuarine waters of the state, including, but not limited to, habitats along the open coast, for new introductions of nonindigenous species or spread of existing nonindigenous species populations.

Repeals RCW 77.120.060, 77.120.080, and 77.120.090.

SB 5748-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senator Jacobsen)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the department, in consultation with the ballast water work group, or similar collaborative forum, to adopt by rule standards for the discharge of ballast water into the waters of the state and their implementation timelines. The standards are intended to ensure that the discharge of ballast water poses minimal risk of introducing nonindigenous species. In developing these standards, the department shall consider the extent to which the requirement is technologically and practically feasible. Where practical and appropriate, the standards must be compatible with standards set by the United States coast guard, the federal clean water act (33 U.S.C. Sec. 1251-1387), or the international maritime organization.

Authorizes the department to issue a special operating authorization for passenger vessels conducting or assisting in research and testing activities to determine the presence of invasive species in ballast water collected in the waters of southeast Alaska north of latitude fifty-four degrees thirty minutes

north to sixty-one degrees ten minutes north, extending to longitude one hundred forty-nine degrees thirty minutes west. Such testing and research shall be reviewed by the ballast water work group and the findings included in the report to the legislature referenced in this act.

Repeals RCW 77.120.060, 77.120.080, and 77.120.090.

Companion Bill: 1888

Regarding Brassica seed production.

Finds that production of biofuel using *Brassica* seed crops, generally known as canola or rapeseed, can help citizens and businesses conserve energy and reduce the use of petroleum-based fuels, improve air and water quality, and create new industries and jobs for Washington citizens. The legislature also finds that Washington state offers conditions uniquely suited to the production of high quality, high value *Brassica* vegetable seed, and that the vegetable seed industry is a significant contributor to the diversity and economic viability of the agricultural community.

Declares that the purpose of this act is to provide for the orderly production of potentially incompatible varieties of *Brassica* seed crops.

Companion Bill: 1878

Providing vocational rehabilitation services for volunteer firefighters and reserve officers.

Declares that one of the primary purposes of this act is to enable injured participants to return to their regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit. To this end, the state board shall utilize the services of individuals and organizations, public

or private, whose experience, training, and interests in vocational rehabilitation and retraining qualify them to lend expert assistance to the secretary or the secretary's designee in such programs of vocational rehabilitation as may be reasonable to make the participant return to his or her regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit consistent with his or her physical and mental status.

Provides that, after evaluation and recommendation by such individuals or organizations and prior to final evaluation of the participant's permanent disability, if in the sole opinion of the secretary or the secretary's designee, whether or not medical treatment has been concluded, vocational rehabilitation is both necessary and likely to enable the injured participant to return to his or her regular occupation, business, or profession, or to engage in any occupation or perform any work for compensation or profit, the secretary or the secretary's designee may, in his or her sole discretion, pay the cost as provided in this act.

SB 5754-S by Senate Committee on Human Services & Corrections (originally sponsored by Senator Stevens)

Creating the children in families administration in the department of social and health services.

(AS OF SENATE 2ND READING 3/5/2007)

Expects the new children in families administration to cooperate with communities to deliver services and to prevent child abuse and neglect, to provide intervention services early to preserve the family when high-risk situations are identified, and to provide effective services to protect children and strengthen families when child abuse and neglect have occurred.

Intends that the new children in families administration work with community partners, including foster parents, to provide services to support the efforts of families to care for and parent their own children safely, protect abused and neglected children, and provide quality care and permanent families for children.

Intends that the new administration work with families to create opportunities to strengthen the parent-child relationship, encourage social behaviors that connect parents to beneficial community resources, and eliminate practices that are unsafe for children and youth. The new administration's responsibility will include working with community partners to promote safe and stable placements of children, facilitate the delivery of appropriate treatment services to families and their children, help to connect youth to appropriate services, improve foster parent training and support, and help to maintain connections between siblings in out-of-home placement.

SB 5755 by Senators Stevens, Morton, Swecker, and Benton

Requiring school districts to provide remedial postsecondary education or to pay for the cost.

Requires that, by June 1st of each year, each state university, regional university, state college, and the state board for community and technical colleges shall provide a report to the office of the superintendent of public instruction. The report shall contain the following information: (1) The number of students who, within three years of high school graduation, enrolled at the institution of higher education or at a community college or technical college in a state-supported precollege level class or laboratory in study skills, mathematics including intermediate algebra, reading, grammar, spelling, writing, or English;

(2) The types of precollege classes in which each student is enrolled; and

(3) The Washington high school from which each student graduated.

Requires that, by June 30th of each even-numbered year, the state board for community and technical colleges shall establish and report to the superintendent of public instruction an average per-student instructional cost for state-supported developmental and precollege classes and laboratories offered in the community and technical colleges. The classes shall include, but need not be limited to precollege classes in study skills, mathematics including intermediate algebra, grammar, reading, spelling, writing, and English. English as a second language classes shall not be included.

Provides that, beginning with the fall 2007 academic term, a charge shall be assessed to each Washington school district that, within the three years preceding the report required in this act, graduated a student attending any state-supported precollege class or laboratory in study skills, English, reading, spelling, grammar, or mathematics including intermediate algebra offered at a Washington institution of higher education.

Provides that, beginning with the 2010 fiscal year, the superintendent of public instruction shall subtract from the allotment of each such school district an amount equal to the average per-student instructional cost of each state-supported precollege class attended during the preceding fiscal year by each student who graduated from that school district during the preceding three years and who subsequently enrolled in a state-supported precollege class at an institution of higher education.

Companion Bill: 1886

Creating the Washington health security trust.

Declares that, simplifying health care financing and eliminating administrative waste inherent in multiple insurance plans can create sufficient savings to extend health care coverage to all residents and enhance fairness in the system.

Asserts that the people of the state of Washington declare their intent to create a framework and process to involve the citizens of Washington state in the creation of a single financing entity called the Washington health security trust. Through public hearings, research, and consensus building, the trust will accomplish the following goals: (1) Provide fair, simple, and accountable health care financing for all Washington residents using a single health care financing entity;

(2) Cover a comprehensive package of effective and necessary personal health services;

(3) Make health care coverage independent from employment;

(4) Eliminate excessive administrative costs resulting from the current fragmented system of multiple insurers;

(5) Generate savings sufficient to ensure coverage for all Washington residents;

(6) Integrate current publicly sponsored health programs into the health security trust;

(7) Preserve choice of providers for Washington residents;

(8) Protect patient rights;

(9) Keep clinical decisions in the hands of health professionals and patients, rather than administrative personnel;

(10) Promote health care quality; and

(11) Control excessive health care costs.

Abolishes the health care authority and its powers, duties, and functions are hereby transferred to the Washington health security trust. All references to the administrator or the health care authority in the Revised Code of Washington shall be construed to mean the chair or the Washington health security trust.

Appropriates the sum of fifty million dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the benefits account of the Washington health security trust for start-up moneys for purposes of this act during the period of July 1, 2008, through June 30, 2009.

VETO MESSAGE ON ESSB 5774

May 8, 2007

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 6 and 7, Engrossed Substitute Senate Bill 5774 entitled:

"AN ACT Relating to revising background check processes."

Sections 6 and 7 of this bill establishes a work group, to be convened by the Department of Social and Health Services. The work group's responsibilities include reviewing current laws, rules and practices with respect to sharing confidential information, analyzing how state agencies use background check information to make employment decisions, and examining the need for and feasibility of verifying citizenship or immigration status of persons for whom background checks are required. The work group is to complete an interim report by December 1, 2007, and provide a final report to the Legislature and the Governor by July 1, 2008. The duties of this work group would be redundant with the work completed by the Joint Task Force on

Criminal Background Check Processes, which ended two and a half years of work last December. Furthermore, the 2007-2009 operating budget as passed by the Legislature does not contain funding to support the operations of the contemplated work group.

For these reasons, I have vetoed Sections 6 and 7 of Engrossed Substitute Senate Bill 5774.

With the exception of Sections 6 and 7, Engrossed Substitute Senate Bill 5774 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Companion Bill: 1927

Concerning foster care benefits.

(SEE ALSO PROPOSED 1ST SUB)

Requires that prior adequate written notice shall be given to the child, child's representative, and caregiver before denying, reducing, or terminating foster care benefits; and if requested by the child, child's representative, or caregiver, an administrative fair hearing shall be granted before such reductions may be implemented. The hearing will be no different than those involved in appealing medicaid, temporary assistance for needy families, or other benefits issues in that it shall be before an administrative law judge.

SB 5776-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators McAuliffe, Kauffman, Franklin, Fairley, Murray, Kohl-Welles, Delvin, Keiser, Kilmer, Jacobsen, Tom, Rockefeller, Kline, Rasmussen, and Shin)

Establishing a process to review modifications to foster care maintenance payments.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the department to adopt rules by December 1, 2007, establishing a review process for modifications to foster care maintenance payments that are disputed by foster parents.

Declares that the rules must establish a review process within the department in which parties may present evidence that would tend to support a particular foster care maintenance payment level.

Provides that the rules must also establish a process for applying for review, before an administrative law judge, in accordance with chapter 34.05 RCW, of the department's decision in its internal review process.

Provides that the evidence that is the subject of the administrative law judge's review shall be limited to the evidence that was presented in the department's internal review process.

Declares that nothing in this act shall be construed to create in any person an entitlement to financial assistance.

SB 5786 by Senators Kline, Murray, Regala, Weinstein, Fairley, Pridemore, Brown, Jacobsen, Rockefeller, Kohl-Welles, and Spanel

Creating a death penalty task force.

(SEE ALSO PROPOSED 1ST SUB)

Creates a death penalty task force for the purpose of conducting a review of the existing death penalty statutes and court rules to determine the following: (1) The uniformity of decision making by prosecuting attorneys in terms of charging defendants with aggravated first degree murder and the criteria used in such decisions;

(2) The impact of race, ethnicity, gender, and economic status on the likelihood of a defendant being charged with aggravated first degree murder;

(3) The administration of Washington's death penalty law since the enactment of chapter 10.95 RCW to determine whether it is applied randomly or arbitrarily;

(4) The costs associated with capital trials and appeals; and

(5) Whether there are revisions to existing statutes and court rules that, if implemented, would decrease the likelihood of an inappropriate imposition of the death penalty.

Appropriates the sum of fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2007, from the state general fund to the administrative office of the courts for the purposes of providing staffing and support to the death penalty task force.

Appropriates the sum of one hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the state general fund to the administrative office of the courts for the purposes of providing staffing and support to the death penalty task force.

Changing insurance requirements for small employers.

Finds that many small employers struggle with the cost of providing employer-sponsored health insurance coverage to their employees, while others are unable to offer coverage due to its high cost. It is the intent of the legislature to encourage the availability of less expensive health insurance plans, and expand the flexibility of small employers to purchase less expensive products.

Provides that, beginning July 1, 2007, the administrator shall accept applications from eligible employees, on behalf of themselves, their spouses, and their dependent children, to receive premium subsidies through the small employer health insurance partnership program.

VETO MESSAGE ON 2SSB 5790

May 14, 2007

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 8, Second Substitute Senate Bill 5790 entitled:

"AN ACT Relating to skill centers."

Sections 1 through 7 of this bill provide for further development of skill center programs, program access for additional students, state level coordination of the skill center program, and a funding formula for the programs.

Section 8 of this bill amends RCW 84.52.068, which specifies the amount of property tax revenues deposited into the Student Achievement Account. The Superintendent of Public Instruction is directed to ensure that skill centers receive moneys generated by skill center students.

The Student Achievement Fund was created by Initiative 728 in 2000. School districts receive allocations from this fund based on the number of students enrolled in the district. The amount to be allocated per student is specified in RCW 28A.505.220. One source of funding for this allocation is a deposit of state property tax revenues. RCW 84.52.068 specifies the amount of property tax revenues per student to deposit into the Student Achievement Fund. Because the property tax deposit is less than the total per student allocation from the Student Achievement Fund, other

sources of revenue are also used to ensure full funding for the allocations.

Although the intent of Section 8 is to ensure that skill centers receive their share of the total Student Achievement Fund allocation, the provision relates to the property tax deposit only. The language of the section therefore fails to accomplish its intended goal.

For this reason, I have vetoed Section 8 of Second Substitute Senate Bill 5790.

With the exception of Section 8, Second Substitute Senate Bill 5790 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Limiting the obligations of landlords under writs of restitution.

(SEE ALSO PROPOSED 1ST SUB)

Declares that the legislature has previously recognized that landlords who choose the option of storing a tenant's property as part of an eviction should be entitled to recover the costs of drayage and storage from the tenant who was evicted. It has always been the intent of the legislature to give a landlord the option, but not the obligation, to store a tenant's property as part of an eviction.

Recognizes that county sheriffs when executing writs of restitution provide one or more deputies to maintain the peace while the landlord's personnel, under the direction of the sheriff, enter the premises and remove the property belonging to the tenant and place it on the nearest public property.

Requires the secretary of the department of social and health services to establish an intensive child protective services training pilot program in two field offices of the children's administration. In selecting the two field offices to participate in the program, the secretary shall endeavor to: (1) Site one in an urban office and the other in a rural office; and
(2) Site the intensive child protective services training pilot offices in offices other than those selected pursuant to this act, to the extent necessary to facilitate evaluation of the pilot program results.
Directs the joint legislative audit and review committee to evaluate the intensive child protective services training pilot program and the team investigation pilot program and make a preliminary report to the legislature by December 1, 2009, and a final report by May 1, 2010.

SB 5807-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Stevens and Hargrove)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Requires the secretary of the department of social and health services to establish a pilot program, focusing on intensive child protective services training in two field offices of the children's administration. The training and supporting field work shall be attended by all child protective services workers assigned to the pilot sites and shall last for a total of ten days. In selecting the two field offices to participate in the program, the secretary shall endeavor to site one in an urban office and the other in a rural office.

Directs the joint legislative audit and review committee to begin evaluating the intensive child protective services training pilot program at least by December 30, 2007, and make a report to the legislature by December 30, 2009.

Requires the joint legislative audit and review committee to design its evaluation of the intensive child protective services training pilot program to determine if the pilot program: (1) Produces more efficient investigations, with reports being completed more quickly;

(2) Enhances staff morale and staff retention, as compared to other field offices;

(3) Generates higher quality reports, with documented evidence that clearly supports findings of abuse or neglect;

(4) Reduces the number of child abuse and neglect allegations involving the same children and families;

(5) Reduces the number of continuances or delays in court proceedings; or

(6) Reduces the number of dependency petitions that are dismissed because there is insufficient evidence or there are problems with case investigations or documentation.

Companion Bill: 1906

Improving mathematics and science education.

(SUBSTITUTED FOR - SEE 2ND SUB)

Creates the after-school mathematics support program to study the effects of intentional, skilled mathematics support included as part of an existing after-school activity program.

Requires the office of the superintendent of public instruction to provide grants to selected community-based, nonprofit organizations that provide after-school programs and include support for students to learn mathematics.

Requires grant applicants to demonstrate the capacity to provide assistance in mathematics learning in the following ways:

(1) Identifying the mathematics content and instructional skill of the staff or volunteers assisting students;

(2) Identifying proposed learning strategies to be used, which could include computer-based instructional and skill practice programs and tutoring by adults or other students;

(3) Articulating the plan for connection with school mathematics teachers to coordinate student assistance; and

(4) Articulating the plan for assessing student and program success.

Directs the office of the superintendent of public instruction to evaluate program outcomes and report to the governor and the education committees of the legislature on the outcomes of the grants and make recommendations related to program continuation, program modification, and issues related to program sustainability and possible program expansion. An interim report is due November 1, 2008. The final report is due December 1, 2009.

SB 5813-S by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators McAuliffe, Hobbs, Weinstein, Kauffman, Eide, Tom, Rasmussen, Kohl-Welles, Murray, Shin, Marr, Oemig, Kilmer, and Delvin)

(SUBSTITUTED FOR - SEE 2ND SUB)

Authorizes a mathematics and science instructional coach demonstration project to develop, pilot, and refine program elements as a first step in the creation of a new instructional staff professional development program. The mathematics and science instructional coach demonstration project coaching program shall consist of a coach development institute, coaching seminars, coaching activities in schools, and program evaluation.

Requires the office of the superintendent of public instruction to develop a mathematics and science instructional coach program that includes an initial coach development experience for new coaches provided through an institute setting, coaching support seminars, and additional coach development services. The office shall draw upon the experiences of coaches in federally supported elementary literacy programs and other successful programs, research and policy briefs on adult professional development, and research that specifically addresses the instructional environments of middle, junior high, and high schools as well as the unique aspects of the fields of mathematics and science.

Requires the institute for public policy to report its findings to the governor, the office of the superintendent of public instruction, and the education and fiscal committees of the legislature. An interim report is due November 1, 2008. The final report is due December 1, 2009.

Creates the retooling to teach mathematics, special education, English as a second language, and science conditional scholarship program. Participation is limited to current K-12 teachers and individuals having an elementary education certificate but who are not employed in positions requiring an elementary education certificate. It is anticipated that candidates enrolled in this program will complete the requirements for a mathematics, special education, English as a second language, or science endorsement, or any combination thereof, in two years or less.

SB 5813-S2 by Senate Committee on Ways & Means (originally sponsored by Senators McAuliffe, Hobbs, Weinstein, Kauffman, Eide, Tom, Rasmussen, Kohl-Welles, Murray, Shin, Marr, Oemig, Kilmer, and Delvin)

Creating educational opportunities.

(AS OF SENATE 2ND READING 3/9/2007)

Authorizes a mathematics and science instructional coach demonstration project to develop, pilot, and refine program elements as a first step in the creation of a new instructional staff professional development program. The mathematics and science instructional coach demonstration project coaching program shall consist of a coach development institute, coaching seminars, coaching activities in schools, and program evaluation.

Requires the office of the superintendent of public instruction to develop a mathematics and science instructional coach program that includes an initial coach development experience for new coaches provided through an institute setting, coaching support seminars, and additional coach development services. The office shall draw upon the experiences of coaches in federally supported elementary literacy programs and other successful programs, research and policy briefs on adult professional development, and research that specifically addresses the instructional environments of middle, junior high, and high schools as well as the unique aspects of the fields of mathematics and science.

Requires the institute for public policy to report its findings to the governor, the office of the superintendent of public instruction, and the education and fiscal committees of the legislature. An interim report is due November 1, 2008. The final report is due December 1, 2009.

Creates the retooling to teach mathematics, special education, English as a second language, and science conditional scholarship program. Participation is limited to current K-12 teachers and individuals having an elementary education certificate but who are not employed in positions requiring an elementary education certificate. It is anticipated that candidates enrolled in this program will complete the requirements for a mathematics, special education, English as a second language, or science endorsement, or any combination thereof, in two years or less.

Finds that knowledge, skills, and opportunities in mathematics, science, and technology should be increased for all students in Washington. The legislature intends to foster capacity between and among the educational sectors to enable continuous and sustainable growth of the learning and teaching of mathematics, science, and technologies. The legislature intends to foster high quality mathematics, science, and technology programs to increase the number of students in the kindergarten through twelfth grade pipeline who are prepared and aspire to continue in the areas of mathematics, science, and technology, whether it be at a college, university, or in the workforce.

Requires the superintendent of public instruction to provide support for statewide coordination for math, science, and technology, including employing a statewide director for math, science, and technology.

Provides that, within funds specifically appropriated therefor, by December 1, 2008, the superintendent of public instruction shall develop essential academic learning requirements and grade level expectations for educational technology literacy and technology fluency that identify the knowledge and skills that all public school students need to know and be able to do in the areas of technology and technology literacy. The development process shall include a review of current standards that have been developed or are used by other states and national and international technology associations.

Companion Bill: 1956

Prohibiting discrimination based on lawful source of income.

(SEE ALSO PROPOSED 1ST SUB)

Provides that "lawful source of income" means verifiable legal income, including income derived from employment, social security, supplemental security income, other retirement programs, child support, alimony, and any federal, state, local, or nonprofit-administered benefit or subsidy programs, including housing assistance, public assistance, and general assistance programs.

Declares that "service animal" means an animal that is trained for the purpose of assisting or accommodating the sensory, mental, or physical disability of a person with disabilities.

SB 5823-S by Senate Committee on Consumer Protection & Housing (originally sponsored by Senators Fairley, Kline, and Kohl-Welles)

Prohibiting discrimination based on section 8 program participation.

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares that "section 8 program" means a federal, state, or local government program in which a tenant's rent is paid partially by a government program, through a direct contract between the government program and the landlord, and partially by the tenant.

Provides that it is unlawful for a landlord to refuse to negotiate or enter into a rental agreement with a prospective tenant on the basis that the prospective tenant participates in a section 8 program.

Provides that any landlord who violates this act may be liable to the prospective tenant for an amount not to exceed one hundred dollars. The prevailing party may also recover court costs and reasonable attorneys' fees.

SB 5824 by Senators Tom, Weinstein, Kauffman, Marr, Murray, Eide, and Berkey

Requiring a permit to use studded tires.

Finds that substantial pavement damage is caused by studded tire use. Wisconsin and Minnesota are among the states that have prohibited the use of studded tires for this reason. Therefore, to offset pavement maintenance and preservation costs, an annual fee is established to recognize and recover the cost of studded tire damage to the roadways.

Declares that it is a traffic infraction to use metal studs imbedded within the tire at any time without a permit. Upon the payment of an additional fee of one hundred dollars at the time of initial vehicle licensing or vehicle license renewal, the department of licensing shall issue a permit for the use of studded tires on a particular vehicle for the following year. In addition to any applicable penalties, a person who violates this subsection must pay the one hundred-dollar permit fee.

Expanding export assistance to businesses throughout the state.

(SEE ALSO PROPOSED 1ST SUB)

Finds that currently the overwhelming majority of companies assisted by the department of community, trade, and economic development in export sales are located in the Puget Sound or Spokane regions and that there is a need for better outreach to all areas of the state in order to help new-to-export companies compete in the global marketplace.

Finds that there exists a need to locate more overseas offices in regions of strategic importance to the state.

SB 5829-S by Senate Committee on Economic Development, Trade & Management (originally sponsored by Senators Kauffman, Kastama, Shin, Kilmer, and Rasmussen)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Directs the small business export finance assistance center to develop a rural manufacturer export outreach program in collaboration with Washington manufacturing services. The program must provide outreach services to rural manufacturing businesses in Washington to inform them of the importance of, and opportunities in, international trade, and to inform them of the export assistance programs available to assist these businesses to become exporters.

Appropriates the sum of fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the small business export finance assistance center, created under RCW 43.210.020, for the purposes of this act.

SB 5830 by Senators Kauffman, Brown, Rasmussen, Keiser,
Kohl-Welles, McAuliffe, and Shin

Providing home visitation services for families.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides home visitation services for families.

Finds that the farther behind children are in their social, emotional, physical, and cognitive development the more difficult it will be for them to catch up.

Finds that a significant number of children age birth to five years are born with two or more of the following risk factors and have a greater chance of failure in school and beyond: Poverty; single or no parent; no parent employed full time or full year; all parents with disability; mother without a high school degree; and no parent fluent in English.

Finds that parents and children involved in home visitation programs exhibit better birth outcomes, enhanced parent and child interactions, more efficient use of health care services, enhanced child development, and early detection of developmental delays, as well as reduced welfare dependence, higher rates of school completion and job retention, reduction in frequency and severity of maltreatment, and higher rates of school graduation.

Declares an intent to promote the use of home visitation services as an early intervention strategy to alleviate the effect risk factors have on child development.

Requires the council to fund evidence-based, research-based, and promising programs for home visitation for improving parenting skills and outcomes for children. Home visitation programs may include but are not limited to programs designed to address the needs of families with risk factors listed in this act.

Repeals RCW 43.70.530.

SB 5830-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Kauffman, Brown, Rasmussen, Keiser, Kohl-Welles, McAuliffe, and Shin)

(DIGEST AS ENACTED)

Finds that: (1) The years from birth to three are critical in building the social, emotional, and cognitive developmental foundations of a young child. Research into the brain development of young children reveals that children are born learning;

(2) The farther behind children are in their social, emotional, physical, and cognitive development, the more difficult it will be for them to catch up;

(3) A significant number of children age birth to five years are born with two or more of the following risk factors and have a greater chance of failure in school and beyond: Poverty; single or no parent; no parent employed full time or full year; all parents with disability; and mother without a high school degree; and

(4) Parents and children involved in home visitation programs exhibit better birth outcomes, enhanced parent and child interactions, more efficient use of health care services, enhanced child development including improved school readiness, and early detection of developmental delays, as well as reduced welfare dependence, higher rates of school completion and job retention, reduction in frequency and severity of maltreatment, and higher rates of school graduation.

Provides that, within available funds, the children's trust of Washington shall fund evidence-based and research-based home visitation programs for improving parenting skills and outcomes for children. Home visitation programs must be voluntary and must address the needs of families to alleviate the effect on child development of factors such as poverty, single parenthood, parental unemployment or underemployment, parental disability, or parental lack of high school diploma, which research shows are risk factors for child abuse and neglect and poor educational outcomes.

Requires the children's trust of Washington to develop a plan with the department of social and health services, the department of health, the department of early learning, and the family policy council to coordinate or consolidate home visitation services for children and families and report to the appropriate committees of the legislature by December 1, 2007, with their recommendations for implementation of the plan.

Provides that to recognize the focus on home visitation services, the Washington council for the prevention of child abuse and neglect is hereby renamed the children's trust of Washington. All references to the Washington council for the prevention of child abuse and neglect in the Revised Code of Washington shall be construed to mean the children's trust of Washington.

Repeals RCW 43.70.530.

SB 5834 by Senator Jacobsen

Licensing consulting foresters.

Finds that it is a matter of public necessity that forest resources in Washington be managed properly. It is the intent to provide for the protection and benefit of the public by ensuring application of the highest standards relative to the practice of consulting forestry and to provide protection of the public from unqualified consulting forestry practitioners.

Provides that no person shall receive income, whether directly or indirectly, for engaging in the practice of consulting forestry, or advertise as engaging in such practice, or solicit business in such practice, including but not limited to foresters whose responsibilities include industry-sponsored forestry assistance programs for landowners and government foresters who advise private landowners, unless the person holds a valid license issued by the board.

Declares that the minimum requirements for licensure as a consulting forester prior to January 1, 2010, are: (1) Evidence of seven or more years' experience in practicing forestry and performing the services of a consulting forester that is satisfactory to the board; or

(2) Passage of a written examination administered by the board indicating that the applicant is competent to practice consulting forestry.

Declares that the minimum requirements for licensure after January 1, 2010, are: (1) Graduation in forestry or a related field, requiring study of four years or more, from a school, college, or university approved by the board;

(2) Evidence of five or more years' experience in practicing forestry and performing the services of a consulting forester satisfactory to the board; and

(3) Passage of a written examination administered by the board indicating that the applicant is competent to practice consulting forestry.

Declares that the board has the power, after notice and hearing, to suspend or revoke the license of any licensee or assess administrative penalties against a licensee who: (1) Is found liable for fraud, deceit, gross negligence, gross incompetency, or gross misconduct in the practice of consulting forestry;

(2) Is found liable by the board of unprofessional or unethical conduct;

(3) Has had his or her license suspended or revoked for cause in another jurisdiction;

(4) Fails to comply with the continuing education requirements established by the board;

(5) Has directly or indirectly through another person or entity, purchased or attempted to purchase timber from a landowner while providing forestry services for the landowner;

(6) Gives false or forged evidence of any kind to the board in obtaining a license;

(7) Uses an expired or revoked license; or

(8) Endorses any plan, specification, estimate, map, or related document unless he or she actually prepared or directly supervised the preparation of such document.

Declares that it is a misdemeanor for any person to: (1) Practice consulting forestry without being licensed in accordance with this act;

(2) Use in connection with his or her name, or otherwise assume, use, or advertise any title or description tending to convey the impression that he or she is a licensed consulting forester without being licensed in accordance with this act;

(3) Present or attempt to use as his or her own the license of another;

(4) Give false or forged evidence of any kind to the board in obtaining a license;

(5) Use an expired or revoked license; or

(6) Endorse any plan, specification, estimate, map, or related document unless he or she actually prepared or directly supervised the preparation of such document.

SB 5837 by Senators Kohl-Welles, Keiser, Fraser, Rockefeller, Hobbs, Delvin, Tom, Prentice, McAuliffe, Jacobsen, and Kline

Companion Bill: 2340

Monitoring federal and state nondiscrimination in education laws, rules, and regulations.

(SEE ALSO PROPOSED 1ST SUB)

Finds that Washington state and the nation benefit from equal educational opportunities for all students and employees of the public schools.

Finds that in recognition of this benefit, numerous existing state and federal constitutional provisions, laws, rules, and regulations prohibit, and provide redress against, harassment and discrimination. In doing so, these laws and regulations promote the protection and well-being of students and staff.

Finds that lack of monitoring compliance with these laws and regulations significantly weakens these protections and that the state has a responsibility to identify noncompliance, coordinate resources, and provide a greater presence by monitoring compliance more frequently than is currently done.

Recognizes that regular and increased monitoring can play an important role in preventing problems from arising by ensuring the school district's understanding of its responsibilities under state and federal law; can benefit the state by reducing the costs associated with complaints and lawsuits due to noncompliance; and will further protect Washington's students from suffering the harmful effects of discrimination, harassment, and sexual misconduct.

Enhancing student learning opportunities and achievement.

(SUBSTITUTED FOR - SEE 2ND SUB)

Requires schools receiving all-day kindergarten program support to agree to the following conditions: (1) Providing at least a one thousand-hour instructional program;

(2) Providing a curriculum that offers a rich, varied set of experiences that assist students in: (a) developing initial skills in the academic areas of reading, mathematics, and writing; (b) developing a variety of communication skills; (c) providing experiences in science, social studies, arts, health and physical education, and a world language other than English; (d) acquiring large and small motor skills; (e) acquiring social and emotional skills including successful participation in learning activities as an individual and as part of a group; (f) establishing learning environments that are developmentally appropriate and promote creativity; and (g) learning through hands-on experiences;

(3) Demonstrating strong connections and communication with early learning community providers; and

(4) Participating in kindergarten program readiness activities with early learning providers and parents.

Requires the Washington state institute for public policy to conduct an evaluation of the demonstration projects under this act. Student, staff, program, and parent data shall be collected using various instruments including surveys, program and activity

descriptions, student performance measures, observations, and other processes.

Requires the institute for public policy to report its findings to the governor, the office of the superintendent of public instruction, and the appropriate early learning, education, and fiscal committees of the legislature. SB 5841-S by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators Hobbs, McAuliffe, Rockefeller, Tom, Oemig, Kauffman, Regala, Kohl-Welles, and Rasmussen)

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that, beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled. Resources for all-day kindergarten shall support all students at the school who are enrolled in kindergarten.

Declares that three demonstration projects are authorized for schools serving kindergarten through third grade students to develop, implement, and document the effects of a comprehensive K-3 foundations program. At least two demonstration projects shall be in schools that are participating in the public-private early learning partnerships in the Highline and Yakima school districts. The third demonstration project shall be in the Spokane school district.

Declares that the goals of the English as a second language demonstration project are to develop recommendations: (1) Identifying foundational competencies for developing academic English skills in English language learner students that all teachers should acquire in initial teacher preparation programs;

(2) Identifying components of a professional development program that builds classroom teacher competence for developing academic English skills in English language learner students; and

(3) Identifying job-embedded practices that connect the English language learner teacher and classroom teachers to coordinate instruction to support the work of the student.

Requires the institute for public policy to report its findings to the governor, the office of the superintendent of public instruction, and the appropriate early learning, education, and fiscal committees of the legislature. An interim report is due November 1, 2008. The final report is due December 1, 2009.

SB 5841-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Hobbs, McAuliffe, Rockefeller, Tom, Oemig, Kauffman, Regala, Kohl-Welles, and Rasmussen)

(DIGEST AS ENACTED)

Declares that the goal of the basic education act for the schools of the state of Washington set forth in this act shall be to provide students with the opportunity to become responsible and respectful global citizens, to contribute to their economic well-being and that of their families and communities, to explore and understand different perspectives, and to enjoy productive and satisfying lives. Additionally, the state of Washington intends to provide for a public school system that is able to evolve and adapt in order to better focus on strengthening the educational achievement of all students, which includes high expectations for all students and gives all students the opportunity to achieve personal and academic success. To these ends, the goals of each school district, with the involvement of parents and community members, shall be to provide opportunities for every student to develop the knowledge and skills essential to: (1) Read with comprehension, write effectively, and communicate successfully in a variety of ways and settings and with a variety of audiences;

(2) Know and apply the core concepts and principles of mathematics; social, physical, and life sciences; civics and history, including different cultures and participation in representative government; geography; arts; and health and fitness;

(3) Think analytically, logically, and creatively, and to integrate different experiences and knowledge to form reasoned judgments and solve problems; and

(4) Understand the importance of work and finance and how performance, effort, and decisions directly affect future career and educational opportunities.

Provides that, beginning with the 2007-08 school year, funding for voluntary all-day kindergarten programs shall be phased-in beginning with schools with the highest poverty levels, defined as those schools with the highest percentages of students qualifying for free and reduced-price lunch support in the prior school year. Once a school receives funding for the all-day kindergarten program, that school shall remain eligible for funding in subsequent school years regardless of changes in the school's percentage of students eligible for free and reduced-price lunches as long as other program requirements are fulfilled.

(3) Demonstrating strong connections and communication with early learning community providers; and

(4) Participating in kindergarten program readiness activities with early learning providers and parents.

Declares that four demonstration projects are authorized for schools serving kindergarten through third grade students to develop, implement, and document the effects of a comprehensive K-3 foundations program. At least two demonstration projects shall be in schools that are participating in the public-private early learning partnerships in the Highline and Yakima school districts. The third demonstration project shall be in the Spokane school district.

Requires the office of the superintendent of public instruction to contract with the Northwest regional educational laboratory to conduct an evaluation of the demonstration projects under this act. Student, staff, program, and parent data shall be collected using various instruments including surveys, program and activity descriptions, student performance measures, observations, and other processes.

Provides that, within available funding, findings from the evaluation under this act shall include conclusions regarding the degree to which students thrive in the education environment; student progress in academic, social, and emotional areas; the program components that have been most important to student success; the degree to which educational staff feel accomplished in their work and satisfied with student progress; and recommendations for continued implementation and expansion of the program.

Requires the institute for public policy to report its findings to the governor, the office of the superintendent of public instruction, and the appropriate early learning, education, and fiscal committees of the legislature. An interim report is due November 1, 2008. The final report is due December 1, 2009.

Declares that the goals of the English as a second language demonstration project are to develop recommendations: (1) Identifying foundational competencies for developing academic English skills in English language learner students that all teachers should acquire in initial teacher preparation programs;

An interim report is due November 1, 2008. The final report is due December 1, 2009.

Directs the office of the superintendent of public instruction to review and streamline the application process to access special education safety net funds, provide technical assistance to school districts, and annually survey school districts regarding improvements to the process.

VETO MESSAGE ON E2SSB 5841

May 9, 2007

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 6 and 7, Engrossed Second Substitute Senate Bill 5841 entitled:

"AN ACT Relating to enhancing student learning opportunities and student achievement."

Sections 1 through 5 of this bill addresses changes to the basic education act goals and authorizes new programs to further student learning opportunities. Specifically, all day kindergarten, primary grade foundational programs, English language learners, and community learning opportunities are addressed. Each of the new programs are provided with implementing resources in the biennial operating budget.

Sections 6 and 7 of the bill, however, cannot be implemented. Those sections create a new career pathways program and a world languages supervisor within the Office of the Superintendent of Public Instruction (OSPI). Neither the program nor the OSPI supervisor were provided with financial support in the biennial operating budget. Additionally, a proposed duty supervisor to implement memoranda of understanding with ministries of education in other countries and conduct other related activities raises concerns about proper international relations protocol.

For these reasons, I have vetoed Sections 6 and 7 of Engrossed Second Substitute Senate Bill 5841.

With the exception of Sections 6 and 7, Engrossed Second Substitute Senate Bill 5841 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 5842 by Senators Oemig, McAuliffe, Zarelli, Tom, Weinstein, Kauffman, Rockefeller, Hobbs, and Kohl-Welles

Companion Bill: 1871

Regarding education system benchmarks and monitoring.

(SEE ALSO PROPOSED 1ST SUB)

Finds that the existing school district budget review system focuses on current school year budget implementation and preparation of the ensuing school year budget and does not

provide a systematic look of longer-range budget issues, including any indication of impending financial problems in school districts and the financial impact of long-term contractual agreements. Parents, students, taxpayers, school employees, and school administrators need a financial monitoring system that considers long-term budgeting issues and commitments, and provides early warning of school district financial health concerns. Once financial concerns and issues are identified, districts should receive early, practical assistance.

Requires the office of the superintendent of public instruction and the office of financial management to present proposed system measures and a financial health outlook rating system to the governor by November 1, 2007. Subject to agreement between the governor and the superintendent of public instruction on the measures and the rating system, the financial health and monitoring system shall be implemented during the 2008-09 school year.

Directs the office of the superintendent of public instruction, with regional financial specialists contracted through educational service districts, to provide progressive levels of technical assistance to school districts in the lowest two categories on the financial health outlook rating system.

Requires the superintendent of public instruction to submit a report summarizing the review and reporting recommendations in this act to the governor and the education and fiscal committees of the legislature by November 15, 2007.

SB 5842-S by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators Oemig, McAuliffe, Zarelli, Tom, Weinstein, Kauffman, Rockefeller, Hobbs, and Kohl-Welles)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Finds that the existing school district budget review system focuses on current school year budget implementation and preparation of the ensuing school year budget and does not provide a systematic look of longer-range budget issues, including any indication of impending financial problems in school districts and the financial impact of long-term contractual agreements. Parents, students, taxpayers, school employees, and school administrators need a financial monitoring system that considers long-term budgeting issues and commitments, and provides early warning of school district financial health concerns. Once financial concerns and issues are identified, districts should receive early, practical assistance.

Requires the office of the superintendent of public instruction and the office of financial management, with the involvement of school district boards of directors and administrators, to identify up to six system measures that shall be established for a public financial reporting system, including related data collection content and processes. In developing the six system measures, the office of the superintendent of public instruction and the office of financial management shall consider the following: (1) How much the financial health of a school district is dependent on local levy funds to cover the cost of basic education; and

(2) How a school district's financial health is related to insufficient funding of state requirements.

Directs the office of the superintendent of public instruction and the office of financial management to present proposed system measures and a financial health outlook rating system to the governor by November 1, 2007. Subject to agreement between the governor and the superintendent of public instruction on the measures and the rating system, the financial health and monitoring system shall be implemented during the 2008-09 school year.

Provides that, when the data center has collected and verified the data, the office of financial management and the superintendent of public instruction shall jointly conduct a review of teacher pay systems in the global challenge states. The office of financial management and the superintendent of public instruction shall develop a methodology for comparing teacher salaries among the global challenge states. If practical, the office of financial management shall report to the governor and the legislature on the findings from this review and the initial set of

teacher salary comparisons among the global challenge states by January 10, 2008.

Establishes the education data center in the office of financial management. The education data center shall conduct collaborative analyses of education issues across the P-20 system, which system includes the department of early learning, the superintendent of public instruction, the professional educator standards board, the state board of education, the state board for community and technical colleges, the workforce training and education coordinating board, the higher education coordinating board, public baccalaureate institutions of higher education, and the employment security department in their collaborative analysis of early learning, K-12, and higher education programs.

Requires the superintendent of public instruction to submit a report summarizing the review and reporting recommendations in this act to the governor and the education and fiscal committees of the legislature by November 15, 2007.

SB 5843 by Senators Oemig, Tom, Rockefeller, Zarelli, and Keiser

Companion Bill: 1541

Regarding educational data and data systems.

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that: (1) Reliable data on student progress, characteristics of students and schools, and teacher qualifications and mobility is critical for accountability to the state and to the public;

(2) Educational data should be made available as widely as possible while appropriately protecting the privacy of individuals as provided by law;

(3) School districts and the office of the superintendent of public instruction need robust and compatible data systems and programs to reduce inefficiencies caused by the lack of connectivity and to minimize or eliminate multiple data entry; and

(4) Schools and districts should be supported in their management of educational data and should have access to user-friendly programs and reports that can be readily used by classroom teachers and building principals to improve instruction.

Requires the office of the superintendent of public instruction and educational service districts to provide training to school and school district personnel on: (1) The importance of accurate and timely collection and submission of educational data;

(2) Troubleshooting potential data problems and common errors;

(3) Maintaining appropriate privacy and confidentiality of data; and

(4) Ways to use educational data to inform decision making and classroom instruction.

Provides that, by the beginning of the 2008-09 school year, the office of the superintendent of public instruction shall develop and disseminate recommended guidelines for training, professional development, certification, and compensation of school data quality specialists.

SB 5843-S by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators Oemig, Tom, Rockefeller, Zarelli, and Keiser)

(SUBSTITUTED FOR - SEE 2ND SUB)

Finds that: (1) Reliable data on student progress, characteristics of students and schools, and teacher qualifications and mobility is critical for accountability to the state and to the public;

(2) Educational data should be made available as widely as possible while appropriately protecting the privacy of individuals as provided by law;

(3) School districts and the office of the superintendent of public instruction need robust and compatible data systems and programs to reduce inefficiencies caused by the lack of connectivity and to minimize or eliminate multiple data entry; and

(4) Schools and districts should be supported in their management of educational data and should have access to user-friendly programs and reports that can be readily used by classroom teachers and building principals to improve instruction.

Requires the office of the superintendent of public instruction to, to the extent funds are appropriated for this purpose, conduct a feasibility study on establishing a statewide longitudinal student-teacher data system. The primary purpose of the data system is to better aid research into programs and interventions that are most effective in improving student performance and to provide information on areas within the educational system that need improvement.

Requires a preliminary set of data elements to be developed by the office of the superintendent of public instruction by December 2007. The feasibility study shall include conducting pilot studies on the collection of this preliminary set of identified data elements in a minimum of five schools.

Requires that, by November 1, 2008, the office of the superintendent of public instruction shall provide a final report on the results of the feasibility study, including the results from the pilot studies, to the appropriate policy and fiscal committees of the legislature.

SB 5843-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Oemig, Tom, Rockefeller, Zarelli, and Keiser)

(DIGEST AS ENACTED)

Requires a preliminary set of data elements to be developed by the office of the superintendent of public instruction by December 2007. The feasibility study shall include conducting pilot studies on the collection of this preliminary set of identified data elements in two school districts, with one over twenty

thousand in full-time equivalent enrollment and the other less than two thousand in full-time equivalent enrollment.

Authorizes the office of superintendent of public instruction to establish a longitudinal student data system for and on behalf of school districts in the state. Personally identifiable student data will be safeguarded consistent with the requirements of the federal family educational rights privacy act and any relevant state laws.

SB 5844-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Roach, Jacobsen, Rockefeller, Rasmussen, and Sheldon)

(AS OF SENATE 2ND READING 3/13/2007)

Revises provisions relating to specialized forest products and specialty wood.

Establishes the specialized forest products work group.

Requires the specialized forest products work group to review the current specialized forest products statute, chapter 76.48 RCW, as well as applicable theft laws. The specialized forest products work group must evaluate the statute, as well as its application, and make recommendations, if any, to ensure that the specialized forest products requirements: Provide reasonable tools for law enforcement and reasonably protect landowners from theft; are not unduly burdensome to harvesters, those possessing or transporting specialized forest products, or cedar or specialty wood processors or buyers; are clear and may be readily understood by law enforcement and the public; and are administered and enforced consistently throughout the state.

Requires the specialized forest products work group to provide a report to the appropriate committees of the legislature containing its recommendations, as well as draft legislation implementing its recommendations, by December 1, 2007.

SB 5851 by Senators Jacobsen, Benton, Zarelli, Prentice, Honeyford, and Rasmussen

Companion Bill: 1815

Preserving rail facilities and railroads by retaining and reusing rail and crossing material.

Finds that there are insufficient resources for public or privately owned rail systems to adequately address rail infrastructure needs. Rail material that can be used for priority rail projects either sits idle, is sold for scrap, or is shipped out of state.

Finds that where rail-related operations or facilities benefit or have benefited from public investment through grants, loans, tax relief, or partnerships with local, state, or federal governments or port districts, there is a public interest in ensuring that available rail and crossing materials be retained and reused to modify or improve existing rail facilities.

SB 5852 by Senators Kline, Poulsen, Jacobsen, and Rasmussen

Companion Bill: 1998

Providing for rural villages as a new strategy for growth in rural areas.

Finds that the population in western Washington is growing and will continue to grow. Models indicate that the central Cascades region can expect a doubling of the population within the next one hundred years.

Recognizes that the growth management act has used large lot zoning to discourage residential development of rural and resource lands, and that the increase in nonurban development has disproportionate undesirable impacts to landscape and watershed integrity, environmental functions, economic viability of resource lands, and public costs.

Declares that the most important component in building a successful transfer of development rights program is creating adequate receiving area capacity, and that it is a regional goal to direct growth to urban areas, and therefore it is a priority to develop this receiving capacity primarily in urban areas. In addition, the potential for additional receiving areas in appropriate nonurban areas is being explored concurrently.

Declares that a county planning under RCW 36.70A.040 may designate no more than one rural village in the rural area outside of limited areas of more intensive rural development established pursuant to RCW 36.70A.070(5)(d).

Providing responsible bidder criteria and related requirements for public works contracts.

(SEE ALSO PROPOSED 1ST SUB)

Provides that before award of a public works contract, a bidder must meet the following responsibility criteria to be considered a responsible bidder and qualified to be awarded a public works project. The bidder must have: (1) At the time of bid submittal, a certificate of registration in compliance with chapter 18.27 RCW;

(2) A current state unified business identifier number;

(3) If applicable, industrial insurance coverage for the bidder's employees working in Washington as required in Title 51 RCW; an employment security department number as required in Title 50 RCW; and a state excise tax registration number as required in Title 82 RCW; and

(4) Not been disqualified from bidding on any public works contract under RCW 39.06.010 or 39.12.065(3).

Provides that in addition to the bidder responsibility criteria, the state or municipality may adopt supplemental criteria for determining bidder responsibility applicable to a particular project.

Requires public works contractors to verify that their first tier subcontractors meet the bidder responsibility criteria listed in this act at the time of award, and any subcontractor that hires other subcontractors must verify that their subcontractors meet the responsibility criteria listed in this act at the time of award.

Addressing compliance with federal selective service requirements before the issuance of drivers' licenses and identicards.

Requires that any person who is a male citizen or noncitizen of the United States, who applies for an original, the renewal of, or a replacement instruction permit, intermediate license, driver's license, or identicard under this chapter, and who is under the age of twenty-six, must be registered as required by the military selective service act.

Declares that the submission of an application by an applicant indicates that: (1) The applicant has already registered with the selective service system; or

(2) The applicant authorizes the department to forward to the selective service system the necessary personal information required for registration into the system.

Provides that the department shall forward electronically any necessary personal information of the applicant to the selective service system within ten days of receipt of the application, and when applicable, the department shall notify the applicant at the time of application submission that, by submitting the application, the applicant authorizes the department to register the applicant with the selective service system. If the applicant is under the age of eighteen at the time of application, the department shall notify the applicant that he will be registered with the selective service system as required by federal law.

SB 5859 by Senators Kohl-Welles, Prentice, Clements, and Murray; by request of Liquor Control Board

Companion Bill: 2021

Creating a spirits, beer, and wine nightlife liquor license and removing spirits, beer, and wine restaurant license limit.

(SUBSTITUTED FOR - SEE 2ND SUB)

Designates a license as a spirits, beer, and wine nightlife license, which allows the holder to sell spirituous liquor by the drink, beer, and wine at retail, for consumption upon the licensed premises.

Provides that the license may be issued only to persons whose business includes the sale and service of alcohol to its customers, has food sales and service incidental to the sale and service of alcohol, and has the following characteristics: (1) The primary business hours are between nine o'clock in the evening and two o'clock in the morning; and

(2) The occupancy load of the business premises is greater than the seating provided.

Requires that a licensee must maintain minimum food service as determined by the board at all times when alcohol is available.

Allows minors on the licensed premises but only in the areas where no alcohol is served.

Sets the annual fee for the license as two thousand dollars, which may be reviewed periodically by the board and adjusted to reflect a change in the amount of resources necessary to regulate and enforce this license type.

Directs the board to refuse a spirits, beer, and wine nightlife license to any applicant if the board determines that the spirits, beer, and wine nightlife licenses already granted for the particular locality are adequate for the reasonable needs of the community.

Directs the board to set aside in a separate account in the liquor revolving fund an amount equal to ten percent of its gross sales of liquor to spirits, beer, and wine nightlife.

Declares that there may be held a separate election upon the question of whether the sale of liquor under spirits, beer, and wine nightlife facility licenses, shall be permitted within such unit.

Provides that toxicological services shall be funded by disbursement from the spirits, beer, and wine nightlife entertainment facility license fees under RCW 66.08.180 and by appropriation from the death investigations account under RCW 43.79.445.

SB 5859-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Kohl-Welles, Prentice, Clements, and Murray; by request of Liquor Control Board)

(SUBSTITUTED FOR - SEE 2ND SUB)

Designates a license as a spirits, beer, and wine nightlife license, which allows the holder to sell spirituous liquor by the drink, beer, and wine at retail, for consumption upon the licensed premises.

Provides that the license may be issued only to persons whose business includes the sale and service of alcohol to its customers, has food sales and service incidental to the sale and service of alcohol, and has the following characteristics: (1) The primary business hours are between nine o'clock in the evening and two o'clock in the morning; and

(2) The occupancy load of the business premises is greater than the seating provided.

Allows minors on the licensed premises but only in the areas where no alcohol is served.

Sets the annual fee for the license as two thousand dollars, which may be reviewed periodically by the board and adjusted to reflect a change in the amount of resources necessary to regulate and enforce this license type.

Directs the board to refuse a spirits, beer, and wine nightlife license to any applicant if the board determines that the spirits, beer, and wine nightlife licenses already granted for the particular locality are adequate for the reasonable needs of the community.

Requires the liquor control board to establish a pilot project that concentrates liquor education and enforcement efforts, in cooperation with local law enforcement, on spirits, beer, and wine restaurant licensees located in an area of the state with a high density of this license type. The purpose of this project is to assess enforcement and education strategies to identify the factors leading to liquor and public safety violations, test approaches to better assist licensees in mitigating the public safety risk factors, and gain a better understanding of unique issues facing these licensees. By July 1, 2008, the board shall evaluate the results of this pilot project effort, report the results to the appropriate legislative committees, and implement successful strategies.

SB 5859-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Kohl-Welles, Prentice, Clements, and Murray; by request of Liquor Control Board)

Changing the formula for determining how many spirits, beer, and wine restaurant liquor licenses can be issued in the state. (REVISED FOR ENGROSSED: Addressing retail liquor licenses.) (REVISED FOR PASSED LEGISLATURE: Changing provisions for retail liquor licenses.)

(DIGEST AS ENACTED)

Revises provisions relating to retail liquor licenses.

SB 5860 by Senators Murray, Holmquist, Keiser, Kohl-Welles, and Clements

Companion Bill: 1383

Regulating body piercing.

(SEE ALSO PROPOSED 1ST SUB)

Finds and declares that the practices of body piercing and body art involve an invasive procedure with the use of needles, single-use disposable sharps, reusable sharps, instruments, and jewelry. These practices may be dangerous when improperly sterilized, presenting a risk of infecting the client with bloodborne pathogens including, but not limited to, HIV, hepatitis B, and hepatitis C.

Declares that it is in the interests of the public health, safety, and welfare to establish requirements in the commercial practice of body piercing in this state.

Companion Bill: 2273

Addressing passenger-only ferry service funding.

(SUBSTITUTED FOR - SEE 2ND SUB)

Declares that by August 1st, November 1st, February 1st, and May 1st of every year, the department of transportation shall notify the state treasurer in writing of the amount of state sales and use tax paid under chapters 82.08 and 82.12 RCW by the Washington state ferries on the purchase of fuel for the preceding calendar quarter. By September 1st, December 1st, March 1st, and June 1st of every year, the state treasurer shall transfer an amount equal to the amount indicated by the department in their notification to the treasurer into the passenger ferry account created in RCW 47.60.645.

Provides that a public transportation benefit area seeking grant funding as described in RCW 47.01.350 for a passenger-only ferry route between Kingston and Seattle shall first receive approval from the governor after submitting a complete business plan to the governor and the legislature by November 1, 2007.

Declares that the tax levied by RCW 82.08.020 shall not apply to sales of motor vehicle and special fuel if the fuel is purchased by a public transportation benefit area created under chapter 36.57A RCW or a county-owned ferry or county ferry district created under chapter 36.54 RCW for use in passenger-only ferry vessels.

SB 5862-S by Senate Committee on Transportation (originally sponsored by Senators Kilmer, Rockefeller, Poulsen, Kohl-Welles, and Kline)

Regarding passenger-only ferry service.

SB 5880 by Senators Kilmer, Kastama, Swecker, Roach, Keiser, and Delvin

Companion Bill: 1970

Concerning the department of social and health services' technical assistance and audit program for pharmacy payments.

(SEE ALSO PROPOSED 1ST SUB)

Declares an intent of the legislature that the regulatory and inspection program authorized in this act shall include: (1) A systematic pharmacy audit program for determining compliance with state and federal laws relating to payment for providing services to recipients under this act;

(2) A technical assistance program to identify pharmacies that could benefit from technical assistance from the department with regard to billing for payment, and to provide that assistance; and

(3) A systematic method to gather data for program improvement.

SB 5880-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Kilmer, Kastama, Swecker, Roach, Keiser, and Delvin)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Declares an intent of the legislature that the regulatory and inspection program authorized in this act shall include: (1) A technical assistance program to identify pharmacies that could benefit from technical assistance from the department with regard to billing for payment, and to provide that assistance; and

(2) A systematic method to gather data for program improvement.

Requires the department to develop a plan to incorporate into the provider payment system, by January 1, 2009, system capability to identify and report a pattern of technical deficiencies by pharmacies in making payment claims. Technical deficiencies identified by this system may be used to determine pharmacies to which technical assistance will be offered. The department must report to the appropriate committees of the legislature by January 1, 2008, and September 1, 2008, on the progress made to implement this system requirement.

SB 5883 by Senators Fraser, Swecker, Hargrove, Stevens, Morton, Jacobsen, Rockefeller, Rasmussen, and Franklin

Companion Bill: 1408

Concerning conversion of forest land to nonforestry uses.

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that, if a county, city, town, or regional governmental entity receives a notice of conversion to nonforestry use by the department under RCW 76.09.060, then the county, city, town, or regional governmental entity must deny all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of the land that is the subject of the notification. The prohibition created by this act must be enforced by the county, city, town, or regional governmental entity: (1) For a period of six years from the approval date of the applicable forest practices application or notification or the date that the department was made aware of the harvest activities; or

(2) Until the following activities are completed for the land that is the subject of the notice of conversion to a nonforestry use: (a) full compliance with chapter 43.21C RCW, if applicable; (b) the department has notified the county, city, town, or regional governmental entity that the landowner has resolved any outstanding final orders or decisions issued by the department; and (c) a determination is made by the county, city, town, or regional governmental entity as to whether or not the condition of the land in question is in full compliance with local ordinances and regulations.

SB 5883-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Fraser, Swecker, Hargrove, Stevens, Morton, Jacobsen, Rockefeller, Rasmussen, and Franklin)

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides that, if a county, city, town, or regional governmental entity receives a notice of conversion to nonforestry use by the department under RCW 76.09.060, then the county, city, town, or regional governmental entity must deny all applications for permits or approvals, including building permits and subdivision approvals, relating to nonforestry uses of the land that is the subject of the notification. SB 5888 by Senators Poulsen and Morton

Companion Bill: 2103

Modifying the competitive classification of telecommunications services.

(SEE ALSO PROPOSED 1ST SUB)

Declares that in determining whether a service is competitive, the commission may consider the number and size of alternative providers of services, including those not subject to commission jurisdiction.

Provides that the commission may also classify as competitive: (1) Any telecommunications service or class of service that it finds not to be an essential service; or

(2) Any package or bundle of services where each essential service in the package or bundle is readily and separately available to customers at fair, just, and reasonable prices, and the price of the bundle or package is equal to or greater than the cost for tariffed services plus the cost of any competitive service.

Recognizes that the term "essential service" includes but is not limited to: (1) Voice grade access to the public switched network;

- (2) Local usage;
 (3) Dual tone multifrequency signaling or its functional equivalent;
 (4) Single-party service or its functional equivalent;
 (5) Access to: (a) emergency services; (b) operator services;
 (c) local directory assistance; (d) telephone relay services; (e) interexchange service; and
 (6) Toll limitation and lifeline service for qualifying low-income consumers.

SB 5888-S by Senate Committee on Water, Energy & Telecommunications (originally sponsored by Senators Poulsen and Morton)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Authorizes a noncompetitive telecommunications company to petition to have packages or bundles of telecommunications services it offers be subject to minimal regulation. The commission shall grant the petition where: (1) Each noncompetitive service in the packages or bundle is readily and separately available to customers at fair, just, and reasonable prices;

(2) The price of the package or bundle is equal to or greater than the cost for tariffed services plus the cost of any competitive services as determined in accordance with RCW 80.36.330(3); and

(3) The availability and price of the stand-alone noncompetitive services are displayed in the company's tariff and on its web site consistent with commission rules.

Declares that, for purposes of this act, the term "minimal regulation" has the same meaning as in RCW 80.36.330(2). The commission may waive any regulatory requirement under Title 80 RCW with respect to packages or bundles of telecommunications services if it finds those requirements are no longer necessary to protect public interest.

Declares the permitting and continuing oversight of large on-site sewage systems.

Directs the state department of health to establish standards and rules for the siting, design, construction, installation, operation, maintenance, and repair of large on-site sewage systems, and to enforce the standards and rules established.

Amends chapters 70.118 and 70.05 RCW to enhance local health officer enforcement authority regarding on-site systems.

Exempts operators certified by the department of health.

Amends RCW 36.94.010 to clarify its applicability to large on-site sewage systems.

SB 5894-S by Senate Committee on Water, Energy & Telecommunications (originally sponsored by Senators Rockefeller, Poulsen, Fraser, Oemig, Shin, and Carrell; by request of Department of Health)

(DIGEST AS ENACTED)

Finds that: (1) Protection of the environment and public health requires properly designed, operated, and maintained on-site sewage systems. Failure of those systems can pose certain health and environmental hazards if sewage leaks above ground or if untreated sewage reaches surface or groundwater.

(2) Chapter 70.118A RCW provides a framework for ongoing management of on-site sewage systems located in marine recovery areas and regulated by local health jurisdictions under state board of health rules. This act will provide a framework for comprehensive management of large on-site sewage systems statewide.

(3) The primary purpose of this act is to establish, in a single state agency, comprehensive regulation of the design, operation, and maintenance of large on-site sewage systems, and their operators, that provides both public health and environmental protection. To accomplish these purposes, this act provides for: (a) the permitting and continuing oversight of large on-site sewage systems; (b) the establishment by the department of standards and rules for the siting, design, construction, installation, operation, maintenance, and repair of large on-site sewage systems; and (c) the enforcement by the department of the standards and rules established under this act.

Declares that the purpose of this act is to establish, in a single state agency, comprehensive regulation of the design, operation, and maintenance of large on-site sewage systems, and their operators, that provides both public health and environmental protection.

Declares the permitting and continuing oversight of large on-site sewage systems.

Directs the state department of health to establish standards and rules for the siting, design, construction, installation, operation, maintenance, and repair of large on-site sewage systems, and to enforce the standards and rules established.

Provides that a person may not install or operate a large on-site sewage system without an operating permit as provided in this act after July 1, 2009. The owner of the system is responsible for obtaining a permit.

Provides that a person who violates a law or rule regulating large on-site sewage systems administered by the department is subject to a penalty of not more than ten thousand dollars per day

for every violation. Every violation is a separate and distinct offense. In case of a continuing violation, each day's continuing violation is a separate and distinct violation. The penalty assessed must reflect the significance of the violation and the previous record of compliance on the part of the person responsible for compliance with large on-site sewage system requirements.

Amends chapters 70.118 and 70.05 RCW to enhance local health officer enforcement authority regarding on-site systems.

Exempts operators certified by the department of health.

Amends RCW 36.94.010 to clarify its applicability to large on-site sewage systems.

Provides that the act shall be null and void if appropriations are not approved.

SB 5895 by Senators Fraser, Swecker, Tom, Shin, Kline, McCaslin, Kilmer, Jacobsen, Delvin, and Honeyford

Regarding sellers' disclosures for residential real property sales.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that: (1) Some purchasers of residential property have been financially ruined, and their health threatened, by the discovery of toxic materials buried or otherwise hidden on the property;

(2) Current law exempts some sellers from legal responsibility to disclose what they know about the presence of toxic materials on unimproved property they are selling for residential purposes; and

(3) Seller disclosure statements provide information of fundamental importance to a buyer to help the buyer determine whether the property has health and safety characteristics suitable for residential use and whether the buyer can financially afford the cleanup costs and related legal costs.

Defines "improved residential real property," "real property transfer disclosure statement" and "seller disclosure statement," "residential real property," and "unimproved residential real property."

Provides a completed seller disclosure statement in a specified format for transactions for the sale of improved and unimproved residential real property.

SB 5895-S by Senate Committee on Consumer Protection & Housing (originally sponsored by Senators Fraser, Swecker, Tom, Shin, Kline, McCaslin, Kilmer, Jacobsen, Delvin, and Honeyford)

(DIGEST AS ENACTED)

Finds that: (1) Some purchasers of residential property have been financially ruined, and their health threatened, by the discovery of toxic materials buried or otherwise hidden on the property that was not disclosed by the seller who had actual knowledge of the presence of such materials before the sale;

(2) Current law exempts some sellers from legal responsibility to disclose what they know about the presence of toxic materials on unimproved property they are selling for residential purposes; and

(3) Seller disclosure statements provide information of fundamental importance to a buyer to help the buyer determine whether the property has health and safety characteristics suitable for residential use and whether the buyer can financially afford the cleanup costs and related legal costs.

Declares an intent that: (1) Purchasers of unimproved property intended to be used for residential purposes be entitled to receive from the seller information known by the seller about toxic materials on or buried in the property;

(2) There be no legal exemptions from such disclosure in the interests of fairness and transparency in residential property sales transactions; and

(3) Separate residential property sales disclosure forms be used for improved and unimproved property, to assist with transparency in property transactions.

SB 5900 by Senators Regala, Haugen, Shin, Kline, Keiser, Spanel, and Delvin

Increasing the safety of victims of domestic violence, sexual assault, or stalking by ensuring leave from employment.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that it is in the public interest to reduce domestic violence, sexual assault, and stalking by enabling victims to maintain the financial independence necessary to leave abusive situations, achieve safety, and minimize physical and emotional injuries, and to reduce the devastating economic consequences of domestic violence, sexual assault, and stalking to employers and employees.

Provides circumstances in which an employee may take reasonable leave from work or a reduced leave schedule, with or without pay.

Declares that an employee shall give an employer reasonable advance notice of the employee's intention to take time off, unless advance notice is not feasible.

Recognizes that taking leave under this act shall not result in the loss of any pay or benefits to the employee that accrued before the date on which the leave commenced.

Requires that upon complaint by an employee, the director shall investigate to determine if there has been compliance.

Declares that an employer found to have committed an infraction of this act may be subject to a fine, and any employee denied leave by an employer in willful violation of this act may file a civil action against the employer.

Encourages district attorney and victim/witness offices to make information regarding this act available for distribution.

SB 5900-S by Senate Committee on Labor, Commerce, Research & Development (originally sponsored by Senators Regala, Haugen, Shin, Kline, Keiser, Spanel, and Delvin)

(AS OF SENATE 2ND READING 2/11/2008)

Declares it is in the public interest to reduce domestic violence, sexual assault, and stalking by enabling victims to maintain the financial independence necessary to leave abusive situations, achieve safety, and minimize physical and emotional injuries, and to reduce the devastating economic consequences of domestic violence, sexual assault, and stalking to employers and employees. Victims of domestic violence, sexual assault, and stalking should be able to recover from and cope with the effects of such violence and participate in criminal and civil justice processes without fear of adverse economic consequences.

Declares that an employee who is a victim of domestic violence, sexual assault, or stalking, or an employee whose family member is a victim, must often take leave from work due to injuries, court proceedings, or safety concerns requiring legal protection.

Declares it is in the public interest to provide reasonable leave from employment for employees who are victims of domestic violence, sexual assault, or stalking, or for employees whose family members are victims, to participate in legal proceedings, receive medical treatment, or obtain other necessary services.

Provides that an employee may take reasonable leave from work or a reduced leave schedule, with or without pay, to: (1) Seek legal or law enforcement assistance or remedies to ensure the health and safety of the employee or employee's family members, including but not limited to preparing for or participating in any civil or criminal legal proceeding related to or derived from domestic violence, sexual assault, or stalking;

(2) Seek treatment by a health care provider for physical or mental injuries caused by domestic violence, sexual assault, or stalking, or to attend to health care treatment for a victim who is the employee's family member;

(3) Obtain, or assist a family member in obtaining, services from a domestic violence shelter, rape crisis center, or other social services program for relief from domestic violence, sexual assault, or stalking;

(4) Obtain, or assist a family member in obtaining, mental health counseling related to an experience of domestic violence, sexual assault, or stalking; or

(5) Participate in safety planning, temporarily or permanently relocate, or take other actions to increase the safety of the employee or employee's family members from future domestic violence, sexual assault, or stalking.

Declares that taking leave under this act shall not result in the loss of any pay or benefits to the employee that accrued before the date on which the leave commenced.

Provides that, upon an employee's return, an employer shall either: (1) Restore the employee to the position of employment held by the employee when the leave commenced; or

(2) Restore the employee to an equivalent position with equivalent employment benefits, pay, and other terms and conditions of employment.

Provides that, to the extent allowed by law, an employer shall maintain coverage under any health insurance plan for an employee who takes leave under this act. The coverage must be maintained, for the duration of such leave, at the level and under the conditions coverage would have been provided if the employee had not taken leave under this act.

Companion Bill: 2063

Concerning certificate of capital authorization.

(SUBSTITUTED FOR - SEE 1ST SUB)

Declares that, in processing and approving certificates of capital authorization, priority shall be given to construction or major renovation of existing facilities or replacement facilities.

Provides that certificates of capital authorization for new facilities shall receive last priority and be assigned on a first-come, first-served basis.

Requires that certificate of capital authorization applications be filed with the department by the end of the previous state fiscal year to be considered for priority assignment in the following state fiscal year beginning July 1st.

Authorizes the department to give first priority for a project that is necessitated by an emergency situation even if the project is not submitted in a timely fashion.

Provides that a project that is not completed and ready for occupancy by the last day of the fiscal year for which the certificate of capital authorization was issued shall be given an extended completion deadline if it can be established that substantial and continuing progress toward commencement of the project has been made.

Declares that the annual capital authorization level shall be at least one-fortieth of the current replacement value of all licensed skilled nursing facilities in the state of Washington using the most current cost criteria contained in the Marshall and Swift valuation service.

SB 5905-S by Senate Committee on Ways & Means (originally sponsored by Senators Franklin, Pflug, Keiser, Tom, Zarelli, Marr, and Carrell)

Concerning certificate of capital authorization. (REVISED FOR PASSED LEGISLATURE: Concerning certificates of capital authorization.)

(DIGEST AS ENACTED)

Provides a certificate of capital authorization is only required for capital expenditures exceeding the expenditure minimum as defined in RCW 70.38.025.

Provides, in processing and approving certificates of capital authorization, priority shall be given to major renovation of existing facilities or existing facilities that incorporate innovative building designs that create more home-like settings.

Provides that second priority shall be given to renovations of existing facilities with the greatest length of time since their last major renovation or construction.

Provides that third priority shall be given to replacements of existing facilities with the greatest length of time since their last major renovation or construction.

Provides that last priority shall be given to new facilities and shall be processed on a first-come, first-served basis.

Provides that projects shall be considered on an emergency basis if the construction or renovation must be completed as soon as possible to:

- (1) Retain a facility's license or certification;
- (2) Protect the health or safety of the facility's residents; or
- (3) Avoid closure.

Companion Bill: 2088

Supporting the needs of children who have been in foster care.

(SUBSTITUTED FOR - SEE 1ST SUB)

Creates a pilot program to establish a foster youth community coordinator in three regional office locations within the state.

Requires that the department establish an individual development account for each child who has been in an out-of-home placement under chapter 13.34 RCW for a period of six or more months.

Declares that the department deposit not less than three hundred dollars to the individual development account of each child who was in an out-of-home placement for six or more months during the previous fiscal year by July 1, 2007.

Directs the department to continue making annual contributions of not less than one hundred dollars to be deposited at the beginning of each fiscal year to the individual development accounts of children for whom an account was established in this act.

Provides that youth under the age of twenty-one years may enter into a voluntary placement agreement with the department to

return to foster care for a period of up to six months following the youth's eighteenth birthday.

SB 5909-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Rasmussen, Roach, Regala, Eide, McAuliffe, Kilmer, Hargrove, Kastama, Tom, Shin, Kohl-Welles, Stevens, Carrell, Franklin, and Kline)

(AS OF SENATE 2ND READING 3/13/2007)

Requires that, in connection with its duties pursuant to RCW 70.190.110, the council shall review programs that provide services to adolescent foster children, and to youth who have reached the age of eighteen and are no longer required to live in the care of foster parents.

Provides that, after the family policy council has completed its review of programs that provide services to adolescent foster children and to youth who have reached the age of eighteen and are no longer required to live in the care of foster parents, pursuant to this act, the department shall create a pilot program to establish a foster youth community coordinator in three regional office locations within the state. The purpose of the pilot program is to provide assistance to foster youth who are reaching eighteen years of age to facilitate their ability to live independently upon leaving state care.

Requires the department to evaluate the program to determine whether the objectives of the program have been met and shall inform the legislature not later than January 1, 2009, of the results of the pilot program.

Provides that the department has the authority to allow up to fifty youth reaching age eighteen to continue in foster care or group care for up to six months following the youth's eighteenth birthday for the purpose of receiving independent living skills while residing in a foster care placement.

Provides that, within funds specifically appropriated therefor, the department shall work with foster children exiting from care at the age of eighteen to develop an independent living plan that may include assistance with first month's rent, security deposit, and incidental items necessary to live independently. The combined value of assistance shall not exceed two thousand dollars per youth. The rent, security deposit, and incidental items shall be provided through vouchers. No cash or check shall be directly provided to the youth.

Declares that nothing in this act shall be construed to create:

- (1) An entitlement to services;
- (2) Judicial authority to extend the jurisdiction of juvenile court in a proceeding under chapter 13.34 RCW or to order the provision of services to a youth who has attained eighteen years of age; or
- (3) A private right of action or claim on the part of any individual, entity, or agency against the department of social and health services or any contractor of the department.

Regarding aquatic invasive species enforcement and control.

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides changes to aquatic invasive species enforcement and control.

SB 5923-S by Senate Committee on Natural Resources, Ocean & Recreation (originally sponsored by Senators Swecker, Jacobsen, and Sheldon)

(SUBSTITUTED FOR - SEE 2ND SUB)

Provides changes to aquatic invasive species enforcement and control.

Requires the department to post signs warning vessel owners of the threat of aquatic invasive species, the penalties associated with introduction of a prohibited aquatic animal or plant species, and the proper contact information for obtaining a free inspection. The signs must be posted at all ports of entry to the state and at all boat launches owned or leased by the department. The signs should provide enough information for the public to discern whether the vessel has been operated in an area that would warrant the need for an inspection.

Directs the department to provide an inspection of a watercraft at no cost to the person requesting the inspection. The department shall provide an inspection receipt verifying that the watercraft is not contaminated.

Directs the department to provide training to all department employees that are deployed in the field to provide for efficient and timely response and inspections of recreational and commercial watercraft.

Declares that a person is guilty of unlawfully avoiding aquatic invasive species check stations if the person fails to: (1) Obey check station signs; or

(2) Stop and report at a check station if directed to do so by a uniformed fish and wildlife officer.

Declares that unlawfully avoiding aquatic invasive species check stations is a gross misdemeanor.

Declares that: (1) A person is guilty of unlawfully introducing a prohibited aquatic animal species if the person fails to: (a) have a vessel inspected by state patrol officers or state fish and wildlife officers prior to launching the vessel in Washington waters; and (b) the vessel is contaminated with an aquatic invasive species, as defined by the department.

(2) The penalty for unlawfully introducing a prohibited aquatic animal species may include forfeiture of the contaminated watercraft, under RCW 77.15.070.

SB 5923-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Swecker, Jacobsen, and Sheldon)

Requires the department to post signs warning vessel owners of the threat of aquatic invasive species, the penalties associated with introduction of a prohibited aquatic animal or plant species, and the proper contact information for obtaining a free inspection. The signs must be posted at all ports of entry to the state and at all boat launches owned or leased by the department. The signs should provide enough information for the public to discern whether the vessel has been operated in an area that would warrant the need for an inspection.

Directs the department to provide an inspection of a watercraft at no cost to the person requesting the inspection. The department shall provide an inspection receipt verifying that the watercraft is not contaminated.

Directs the department to provide training to all department employees that are deployed in the field to provide for efficient and timely response and inspections of recreational and commercial watercraft.

Declares that a person is guilty of unlawfully avoiding aquatic invasive species check stations if the person fails to: (1) Obey check station signs; or

(2) Stop and report at a check station if directed to do so by a uniformed fish and wildlife officer.

Declares that unlawfully avoiding aquatic invasive species check stations is a gross misdemeanor.

Declares that: (1) A person is guilty of unlawfully introducing a prohibited aquatic animal species if the person fails to: (a) have a vessel inspected by state patrol officers or state fish and wildlife officers prior to launching the vessel in Washington waters; and (b) the vessel is contaminated with an aquatic invasive species, as defined by the department.

(2) The penalty for unlawfully introducing a prohibited aquatic animal species may include forfeiture of the contaminated watercraft, under RCW 77.15.070.

Provides that the department, in consultation with the ballast water work group, or similar collaborative forum, shall adopt by rule standards for the discharge of ballast water into the waters of the state and their implementation timelines. The standards are intended to ensure that the discharge of ballast water poses minimal risk of introducing nonindigenous species. In developing these standards, the department shall consider the extent to which the requirement is technologically and practically feasible. Where practical and appropriate, the standards must be compatible with standards set by the United States coast guard, the federal clean water act (33 U.S.C. Sec. 1251-1387), or the international maritime organization.

Repeals RCW 77.120.060, 77.120.080, and 77.120.090.

VETO MESSAGE ON E2SSB 5923

May 7, 2007

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 11, Engrossed Second Substitute Senate Bill 5923 entitled:

"AN ACT Relating to aquatic invasive species enforcement and control."

Aquatic invasive species pose significant risks to the marine and freshwaters of the state. It is imperative that we continue to prevent their introduction, as they are extremely difficult and costly to eradicate once established. This bill provides the clear

policy, the compliance programs and the necessary funding to ensure our success in this effort.

However, I am vetoing Section 11 of Engrossed Second Substitute Senate Bill 5923 which would permanently establish the Ballast Water Work Group and significantly expand its duties. The Work Group has been an excellent source of expertise and advice but it is not currently in the position to take on all of the responsibilities outlined in the bill. In addition, we have in place the Washington Invasive Species Council to provide policy direction, planning and coordination for addressing invasive species in the state.

I appreciate the need for cooperation and support from many stakeholders and agencies in order to succeed with this program. I understand that Director Koenings will establish advisory and technical groups, as needed, to implement this bill and will work closely with the Invasive Species Council to coordinate our state response to the threat of invasive species.

For these reasons, I have vetoed Section 11 of Engrossed Second Substitute Senate Bill 5923.

With the exception of Section 11, Engrossed Second Substitute Senate Bill 5923 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

VETO MESSAGE ON E2SSB 5930

May 2, 2007

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 59 and 74,
Engrossed Second Substitute Senate Bill 5930 entitled:

"AN ACT Relating to providing high quality, affordable
health care to Washingtonians based on the

recommendations of the blue ribbon commission on health care costs and access."

I am pleased to support Engrossed Second Substitute Senate Bill 5930, an act relating to providing high quality, affordable health care to Washingtonians based on the recommendations of the Blue Ribbon Commission on Health Care Costs and Access.

Section 59 of this bill establishes a nine-member board charged with designing and managing the Washington Health Insurance Partnership (WHP). This section duplicates a comparable board established under Engrossed Second Substitute House Bill 1569, which passed during the 2007 legislative session. Section 74 of this bill of is an emergency clause, and would allow certain sections of the bill to become effective on July 1. Section 74 is not essential to the proper and timely implementation of the bill.

For these reasons, I have vetoed Sections 59 and 74 of Engrossed Second Substitute Senate Bill 5930.

With the exception of Sections 59 and 74, Engrossed Second Substitute Senate Bill 5930 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

VETO MESSAGE ON 2SSB 5955

May 9, 2007

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 3 through 6, Second Substitute Senate Bill 5955 entitled:

"AN ACT Relating to educator preparation, professional development, and compensation."

Sections 3 through 6 of this bill provide for the creation of a math, science and targeted secondary reading initiative. Section 3 describes the initiative's tiered support system that provides resources and intervention to schools and districts on a grant basis depending on levels of need. Section 4 outlines specific activities. Section 5 addresses distribution of targeted assistance funds. And, Section 6 identifies certain duties of participating Education School Districts. While provisions for the initiative are well-meaning, no funding was provided for their implementation.

For these reasons, I have vetoed Sections 3 through 6 of Second Substitute Senate Bill 5955.

With the exception of Sections 3 through 6, Second Substitute Senate Bill 5955 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 5958-S by Senate Committee on Health & Long-Term Care (originally sponsored by Senators Keiser, Parlette, Marr, and Kohl-Welles)

(SUBSTITUTED FOR - SEE 2ND SUB)

Creates innovative primary health care delivery.

Finds that the public policy of Washington is to promote access to medical care for all citizens and encourage innovative arrangements between patients and providers that will help provide all citizens with a medical home.

Provides that a "health care service contractor" does not include direct patient-provider primary care practices.

Provides that direct practices must submit annual statements to the office of insurance commissioner specifying the number of providers in each practice, total number of patients being served, providers' names, and the business address for each direct practice. The form for the annual statement will be developed in a manner prescribed by the commissioner.

SB 5958-S2 by Senate Committee on Ways & Means (originally sponsored by Senators Keiser, Parlette, Marr, and Kohl-Welles)

(DIGEST AS ENACTED)

Creates innovative primary health care delivery.

Finds that the public policy of Washington is to promote access to medical care for all citizens and encourage innovative arrangements between patients and providers that will help provide all citizens with a medical home.

Declares that Washington needs a multipronged approach to provide adequate health care to many citizens who lack adequate access to it. Direct patient-provider practices, in which patients enter into a direct relationship with medical practitioners and pay a fixed amount directly to the health care provider for primary care services, represent an innovative, affordable option which could improve access to medical care, reduce the number of people who now lack such access, and cut down on emergency room use for primary care purposes, thereby freeing up emergency room facilities to treat true emergencies.

Provides that a "health care service contractor" does not include direct patient-provider primary care practices.

Provides that direct practices must submit annual statements to the office of insurance commissioner specifying the number of providers in each practice, total number of patients being served, providers' names, and the business address for each direct practice. The form for the annual statement will be developed in a manner prescribed by the commissioner.

Provides that, by December 1, 2012, the commissioner shall submit a study of direct care practices to the appropriate committees of the senate and house of representatives. The study shall include an analysis of the extent to which direct care practices: (1) Improve or reduce access to primary health care services by recipients of medicare and medicaid, individuals with private health insurance, and the uninsured;

(2) Provide adequate protection for consumers from practice bankruptcy, practice decisions to drop participants, or health conditions not covered by direct care practices;

(3) Increase premium costs for individuals who have health coverage through traditional health insurance;

(4) Have an impact on a health carrier's ability to meet network adequacy standards set by the commissioner or state health purchasing agencies; and

(5) Cover a population that is different from individuals covered through traditional health insurance.

Requires the study to also examine the extent to which individuals and families participating in a direct care practice maintain health coverage for health conditions not covered by the direct care practice. The commissioner shall recommend to the legislature whether the statutory authority for direct care practices to operate should be continued, modified, or repealed.

SB 5964-S by Senate Committee on Judiciary (originally
 sponsored by Senators Kline and Hargrove)

Revising the definition of "most serious offense" and creating a
 task force to study crimes included in "most serious offense."

(AS OF SENATE 2ND READING 3/9/2007)

Creates the task force on sentencing of persistent offenders
 for the purpose of conducting a review of the crimes considered a
 most serious offense. The objectives of the task force are to: (1)
 Examine existing evidence concerning the types of offenses
 committed by individuals convicted only of the crimes of assault
 in the second degree and robbery in the second degree and
 sentenced to life in prison as a persistent offender;

(2) Evaluate whether the inclusion of assault in the second
 degree and robbery in the second degree as crimes classified as
 most serious offenses has resulted in disproportionate sentencing
 of individuals; and

(3) Assess the objectives of the three-strikes law and evaluate
 whether the crimes of assault in the second degree and robbery in
 the second degree should continue to be classified as most serious
 offenses.

Requires the task force to make a report, together with any
 recommendations, to the legislature not later than December 31,
 2007.

Companion Bill: 1980

Regarding the financial literacy public-private partnership.

Provides that, to the extent funds are appropriated or are
 available for this purpose, the superintendent of public instruction
 and other members of the partnership created in RCW
 28A.300.455 shall make available to school districts the list of

identified financial literacy skills and knowledge, instructional materials, assessments, and other relevant information.

Encourages each school district to provide its students with an opportunity to master the financial literacy skills and knowledge developed under RCW 28A.300.460.

Provides that for the purposes of RCW 28A.300.455, 28A.300.460, and this act, it is not necessary to evaluate and apply the office of the superintendent of public instruction essential academic learning requirements or to develop grade level expectations.

Appropriates the sum of fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the Washington financial literacy public-private partnership account for the purposes of RCW 28A.300.465.

Appropriates the sum of fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the Washington financial literacy public-private partnership account for the purposes of RCW 28A.300.465.

Declares that the amounts in this act are provided solely for the purposes of RCW 28A.300.465. The superintendent of public instruction or the superintendent's designee may authorize expenditure of the amounts provided in this act as equal matching amounts from nonstate sources are received in the Washington financial literacy public-private partnership account.

SB 5966 by Senators Swecker, Jacobsen, Morton, Hargrove, Shin, and Kline

Companion Bill: 1995

Preparing a response to the consequences of climate change on the forests of the state.

(SEE ALSO PROPOSED 1ST SUB)

Finds that minimizing the impacts of global climate change, and restoring the health and resiliency of eastern Washington's forests, will require an accelerated approach to research coupled with an aggressive outreach and training program to motivate an appropriate response on the ground. Better data can be used to mobilize ground responses with enhanced site-specific treatments.

Finds that investments made today, both in research, training, and on-the-ground treatments, will prove more cost-effective, conserve more resources, and save more firefighting costs than the option of doing nothing.

Directs the department of natural resources to contract with the college of forest resources at the University of Washington to: (1) Determine how treatments may be customized to site-specific conditions and to identify the most cost-effective treatments for reducing the risk of climate change and restoring forest health.

(2) Implement a program of technology transfer through a series of outreach activities, including trainer training, community group outreach, and the production of streaming video and other instructional materials concerning the risks of not responding to changing climatic conditions and the benefits of various treatment options.

(3) Develop methods by which state and federal agencies, private and community groups, and Indian tribes may directly assess the costs associated with different management options, including the cost of no action and how future costs can be avoided.

(4) Analyze the institutional cost accounting methods to demonstrate where savings are accumulated and where investments are most needed to restore forest health, and provide recommended alternatives that can improve the responsiveness of treatments, biomass collection, and infrastructure development investments aimed at reducing health risks as applied differently to federal, state, and private ownerships.

(5) Support other programs that assess the feasibility of converting large amounts of underutilized biomass into useful products and green energy by providing required analyses needed to efficiently collect and deliver biomass to green energy end users.

(6) Conduct a pilot project on a high hazard area of forest land that collects and analyzes remote sensing data, using tools such as light detection and ranging data, in order to rapidly track forest health changes and provide information for planning ground treatments and the design of a comprehensive health tracking and treatment planning system for state monitoring.

Appropriates the sum of five hundred thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of natural resources for the purposes of this act.

Analyzing and remedying racial disproportionality and racial disparity in child welfare.

(SEE ALSO PROPOSED 1ST SUB)

Directs the secretary of the department of social and health services to convene an advisory committee to analyze and make recommendations on the disproportionate representation of

children of color in the child welfare and juvenile justice systems of Washington.

Requires the advisory committee to examine and analyze: (1) The level of involvement of children of color at each stage in the state's child welfare and juvenile justice systems, including the points of entry and exit, and each point at which a treatment decision is made;

(2) The number of children of color in low-income or single-parent families involved in the state's child welfare and juvenile justice systems; and

(3) The outcomes for children in the existing systems. This analysis shall be disaggregated by racial and ethnic group, and by geographic region.

Declares that the advisory committee shall report to the secretary of the department of social and health services on the results of the analysis.

Requires the secretary to report the results of the analysis to the appropriate committees of the legislature with jurisdiction over policy and fiscal matters relating to children, families, and human services and to report annually to the appropriate committees of the legislature on the implementation of the remediation plan.

SB 5971-S by Senate Committee on Human Services & Corrections (originally sponsored by Senators Kauffman, Franklin, Sheldon, Shin, Kilmer, Hobbs, Kline, Kohl-Welles, and Rasmussen)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Directs the secretary of the department of social and health services to convene an advisory committee to analyze and make recommendations on the disproportionate representation of children of color in the child welfare and juvenile justice systems of Washington.

Requires the department to collaborate with the Washington institute for public policy and private sector entities to develop a methodology for the advisory committee to follow in conducting a baseline analysis of data from the child welfare and juvenile justice systems to determine whether racial disproportionality and racial disparity exist in these systems.

Requires, at a minimum, the advisory committee to examine and analyze: (1) The level of involvement of children of color at each stage in the state's child welfare and juvenile justice systems, including the points of entry and exit, and each point at which a treatment decision is made;

(2) The number of children of color in low-income or single-parent families involved in the state's child welfare and juvenile justice systems;

(3) The family structures of families involved in the state's child welfare and juvenile justice systems; and

(4) The outcomes for children in the existing systems. This analysis shall be disaggregated by racial and ethnic group, and by geographic region.

Provides that, not later than September 1, 2007, the advisory committee created in this act shall report to the secretary of the department of social and health services on the results of the analysis. If the results of the analysis indicate disproportionality or disparity exists for any racial or ethnic group in any region of the state, the committee, in conjunction with the secretary of the department of social and health services, shall develop a plan for remedying the disproportionality or disparity.

Requires that, not later than January 1, 2008, the secretary shall report the results of the analysis conducted under this act and shall describe the remediation plan required under this act to the appropriate committees of the legislature with jurisdiction over policy and fiscal matters relating to children, families, and human services. Beginning January 1, 2009, the secretary shall report annually to the appropriate committees of the legislature on the implementation of the remediation plan, including any measurable progress made in reducing and eliminating racial disproportionality and disparity in the state's child welfare and juvenile justice systems.

Mitigating the impacts of climate change.

(SUBSTITUTED FOR - SEE 1ST SUB)

Finds that: (1) Washington is especially vulnerable to climate change because of the state's dependence on snow pack for summer stream flows and because the expected rise in sea levels threatens our coastal communities;

(2) Washington's greenhouse gas emissions are continuing to increase;

(3) Washington has been a leader in actions to reduce the increase of emissions, including the adoption of clean car standards, stronger appliance energy efficiency standards, increased production and use of renewable liquid fuels, and increased renewable energy sources by electrical utilities;

(4) Washington has participated with other Western states in designing regional approaches to reduce greenhouse gas emissions;

(5) There is a need to assess the trend of emissions statewide over the next several decades, and to take sufficient actions so that Washington meets its responsibility to contribute to the

global actions needed to reduce the impacts and the pace of global warming;

(6) Actions to reduce greenhouse gas emissions will spur technology development and increase efficiency; and

(7) Numerous states and nations have adopted emission reduction goals to assist emission sources with planning for changes in practices and technologies.

Recognizes that companies that generate greenhouse gas emissions or manufacture products that generate such emissions are purchasing carbon credits from landowners and from other companies in order to provide carbon credits.

Intends to establish goals for the statewide reduction in greenhouse gas emissions and reduction in petroleum use, and to adopt the governor's mechanism in Executive Order No. 07-02 to design and recommend a comprehensive set of measures to accomplish the goals.

Declares that immediate actions be authorized in the electric power generation sector for the reduction of greenhouse gas emissions and to accelerate efficiency in the transportation sector.

(DIGEST AS ENACTED)

Finds that: (1) Washington is especially vulnerable to climate change because of the state's dependence on snow pack for summer stream flows and because the expected rise in sea levels threatens our coastal communities;

(2) Washington's greenhouse gas emissions are continuing to increase;

(3) Washington has been a leader in actions to reduce the increase of emissions, including the adoption of clean car standards, stronger appliance energy efficiency standards, increased production and use of renewable liquid fuels, and increased renewable energy sources by electrical utilities;

(4) Washington has participated with other Western states in designing regional approaches to reduce greenhouse gas emissions;

(5) There is a need to assess the trend of emissions statewide over the next several decades, and to take sufficient actions so that Washington meets its responsibility to contribute to the global actions needed to reduce the impacts and the pace of global warming;

(6) Actions to reduce greenhouse gas emissions will spur technology development and increase efficiency; and

(7) Numerous states and nations have adopted emission reduction goals to assist emission sources with planning for changes in practices and technologies.

Recognizes that companies that generate greenhouse gas emissions or manufacture products that generate such emissions are purchasing carbon credits from landowners and from other companies in order to provide carbon credits.

Intends to establish goals for the statewide reduction in greenhouse gas emissions and reduction in petroleum use, and to adopt the governor's mechanism in Executive Order No. 07-02 to design and recommend a comprehensive set of measures to accomplish the goals.

Declares that immediate actions be authorized in the electric power generation sector for the reduction of greenhouse gas emissions and to accelerate efficiency in the transportation sector.

Provides that the office of Washington state climatologist has the following powers and duties: (1) To serve as a credible and expert source of climate and weather information for state and local decision makers and agencies working on drought, flooding, climate change, and other related issues;

(2) To gather and disseminate, and where practicable archive, in the most cost-effective manner possible, all climate and weather information that is or could be of value to policy and decision makers in the state;

(3) To act as the representative of the state in all climatological and meteorological matters, both within and

outside of the state, when requested by the legislative or executive branches of the state government;

(4) To prepare, publish, and disseminate climate summaries for those individuals, agencies, and organizations whose activities are related to the welfare of the state and are affected by climate and weather;

(5) To supply critical information for drought preparedness and emergency response as needed to implement the state's drought contingency response plan maintained by the department of ecology under RCW 43.83B.410, and to serve as a member of the state's drought water supply and emergency response committees as may be formed in response to a drought event;

(6) To conduct and report on studies of climate and weather phenomena of significant socioeconomic importance to the state; and

(7) To evaluate the significance of natural and man-made changes in important features of the climate affecting the state, and to report this information to those agencies and organizations in the state who are likely to be affected by these changes.

VETO MESSAGE ON ESSB 6001

May 3, 2007

To the Honorable President and Members,
The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Section 6, Engrossed Substitute Senate Bill 6001 entitled:

"AN ACT Relating to mitigating the impacts of climate change."

Section 6 of this bill is unnecessary. It was inserted when the bill contemplated minor adjustments to the Energy Facility Site Evaluation Council's permit process. But those adjustments were ultimately removed from the bill. The Governor currently has ample existing authority without Section 6.

For these reasons, I have vetoed Section 6 of Engrossed Substitute Senate Bill 6001.

With the exception of Section 6, Engrossed Substitute Senate Bill 6001 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

SB 6003 by Senators Poulsen, Rockefeller, Honeyford, Pridemore, Holmquist, Kilmer, and Morton

Promoting competition for cable television service by providing statewide authorization for private entities to provide cable service or video service in competition with incumbent cable television operators.

Declares an intent to establish a goal of promoting competition and consumer choice for cable television service.

Provides that a competitive cable service provider or competitive video service provider seeking to provide cable service or video service in the state of Washington after the effective date of this act shall file an application for authorization with the commission as required by this act.

Requires the commission to issue an authorization permitting a competitive cable service provider or a competitive video

service provider to provide cable service or video service in the state of Washington within thirty calendar days after receipt of a completed affidavit submitted by the competitive cable service provider or competitive video service provider and signed by an officer or general partner of the applicant affirming the following: (1) That the applicant agrees to comply with all applicable federal and state laws and regulations;

(2) A written description of the city, town, county, or other municipality of this state to be served, in whole or in part, by the applicant, which written description must be amended by the applicant before the provision of cable service within an area not described in a previous application or amendment filed by the applicant. For purposes of this provision, a map or other graphic representation may supplement, but not substitute for, the written description; and

(3) The location of the principal place of business and the names of the principal executive officers of the applicant.

Provides that, to the extent required by applicable law, any cable or video service authorization granted by this act by the commission constitutes a "franchise" for purposes of 47 U.S.C. Sec. 541(b)(1). To the extent required for purposes of 47 U.S.C. Secs. 521 through 561, only the state of Washington shall constitute the exclusive "franchising authority" for competitive cable service providers and competitive video service providers in the state of Washington.

Declares that neither the commission, nor any other state agency, nor any local government, nor any other political entity of the state of Washington may: (1) Require a competitive cable service provider or competitive video service provider to obtain a separate franchise; or

(2) Otherwise impose any fee or franchise requirement on any competitive cable service provider or competitive video service provider except as provided in this act. For purposes of this provision, a franchise requirement includes, without limitation, any provision that: (a) regulates the rates charged by competitive cable service providers or competitive video service providers; (b) requires competitive cable service providers or competitive video service providers to satisfy any build-out requirements or deploy any facilities or equipment; and (c) requires a franchise to be approved by a vote of the people.

Companion Bill: 2176

Revising provisions involving court interpreters.

(SEE ALSO PROPOSED 1ST SUB)

Requires each trial court organized under Title 2 RCW and Titles 3 and 35 RCW must develop a written language assistance plan to provide a framework for the provision of interpreter services for non-English-speaking persons accessing the court system in both civil and criminal legal matters.

Provides that each court, when developing its language assistance plan, must consult with judges, court administrators and court clerks, interpreters, and members of the community, such as domestic violence organizations, pro bono programs, courthouse facilitators, legal services programs, and/or other community groups whose members speak a language other than English.

Requires each court to provide a copy of its language assistance plan to the interpreter commission established by supreme court rule for approval prior to receiving state reimbursement for interpreter costs under this act.

Requires each court to provide to the administrative office of the courts by November 15, 2007, a report detailing an assessment of the need for interpreter services for non-English speakers in court-mandated classes or programs, the extent to which interpreter services are currently available for court-mandated classes or programs, and the resources that would be required to ensure that interpreters are provided to non-English speakers in court-mandated classes or programs. The administrative office of the courts shall compile these reports and provide them to the appropriate committees of the legislature by December 15, 2007.

Provides that where an interpreter is appointed by a judicial officer in a proceeding before a court at public expense, the state of Washington shall reimburse the appointing authority for one-half of the payment to the interpreter where: (1) The interpreter appointed is an interpreter certified by the administrative office of the courts or is a qualified interpreter registered by the administrative office of the courts in a noncertified language, or where the necessary language is not certified or registered, the interpreter has been qualified by the judicial officer pursuant to this act;

(2) The court conducting the legal proceeding has an approved language assistance plan that complies with this act; and

(3) The fee paid to the interpreter for services is in accordance with standards established by the administrative office of the courts.

Creating the Maury Island aquatic reserve.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that the department shall manage the Maury Island aquatic reserve primarily for the achievement of the following goals: (1) To conserve native habitats and associated plant and wildlife species, with a special emphasis upon forage fish, salmonids, and migratory birds;

(2) To protect and restore the functions and natural processes of nearshore ecosystems in support of the natural resources of the reserve;

(3) To promote stewardship of riparian and aquatic habitats and species by providing education and outreach opportunities and promoting coordination with other resource managers; and

(4) To provide for low-impact public uses including recreation uses and improvements that do not adversely affect the resource values, are appropriate to the maintenance of the lands in a relatively unmodified natural setting, and do not detract from long-term ecological processes.

SB 6011-S by Senate Committee on Water, Energy & Telecommunications (originally sponsored by Senators Poulsen, Eide, Brown, Rockefeller, Spanel, Fraser, Weinstein, Murray, Pridemore, and Keiser)

(AS OF SENATE 2ND READING 3/6/2007)

Requires the department to develop a management plan for the aquatic reserve, and may incorporate an existing management plan and policies previously adopted for the lands where consistent with the management guidance of this act. The plan must identify the significant resources to be conserved consistent with the purposes of this act and identify the areas with potential for low-impact public uses. The plan must specify what types of management activities and public uses are permitted, consistent with the conservation purposes of this act. The department shall make the plan available for review and comment by the public and other state, tribal, and local agencies, prior to final approval by the commissioner.

Declares that the department shall not authorize any portion of the Maury Island aquatic reserve for industrial uses or for transportation of materials from a surface mine or mining operation as defined under RCW 78.44.031 or other industrial activities, and may not authorize the construction of docks or other improvements associated with these uses.

SB 6013 by Senator Hargrove

Creating the institutions review commission.

(SEE ALSO PROPOSED 1ST SUB)

Finds that state institutions serve a critical role in the delivery of services and long-term residential care for the people of the state of Washington. Maintaining the capital needs and assessing the need for efficiencies, consolidation, expansion, reduction, closure, and replacement of state institutions requires both long-term planning and financing. A fair, objective, and factual assessment of the capital facilities is a critical part of how to best meet the needs of the clients of the institutions and the citizens of Washington. However, the state lacks an independent review process for state institutions with excess capacity or with alternative service delivery models to meet state policy.

Finds that independent evidence-based facts are crucial to any decision that affects Washington citizens who reside in state

institutions; and that a fair and objective analysis of the independent evidence-based facts will be better for the clients of the institutions.

Declares an intent to create an institutions review commission as an independent entity to review state institutions on a regular basis.

Authorizing industrial development on reclaimed surface coal mine sites.

(DIGEST AS ENACTED)

Provides that, in addition to the major industrial development allowed under RCW 36.70A.365 and 36.70A.367, a county planning under RCW 36.70A.040 that meets the criteria in this act may establish, in consultation with cities consistent with RCW 36.70A.210, a process for designating a master planned location for major industrial activity outside urban growth areas on lands formerly used or designated for surface coal mining and supporting uses. Once a master planned location is designated, it shall be considered an urban growth area retained for purposes of promoting major industrial activity.

Applies to a county that, at the time the process is established in this act, had a surface coal mining operation in excess of three thousand acres that ceased operation after July 1, 2006, and that is located within fifteen miles of the Interstate 5 corridor.

Regarding alternative assessments.

(SUBSTITUTED FOR - SEE 1ST SUB)

Provides that a student who has taken the Washington assessment of student learning once but has not successfully met the state standards on one or more content areas required for the certificate of academic achievement may earn a certificate of academic achievement by completing at least two semesters of additional coursework. In determining what coursework and the amount of coursework that shall count towards attaining the certificate of academic achievement, the student and his or her parents or guardians shall meet with one of the student's classroom instructors for the content area in which the student failed to successfully meet standard and the student's guidance counselor, advisor, or mentor to develop the student learning plan as established in this act and to develop the student's high school and beyond plan as established by state board of education rules. The following criteria shall be met in order for the coursework to count towards attaining the certificate of academic achievement: (1) The coursework taken shall contribute to the student achieving the competencies necessary to pursue the goals established in the student's high school and beyond plan;

(2) A student must obtain at least the equivalent of a C+ grade in each of the courses taken;

(3) The totality of the coursework must include instruction in each of the competencies in which the student failed to meet standard; and

(4) The student must maintain at least a seventy-five percent attendance rate in each of the courses. The instructor for the course may waive the attendance requirement for illness.

Directs the state board of education to develop an accountability plan for use by schools and school districts in meeting the requirements of RCW 28A.655.100 (3) and (4) and to develop and implement accountability measures for school districts and schools that do not meet the yearly progress benchmarks and the three-year increase goals.

Requires the Washington state institute for public policy to review the alternative assessment created in RCW 28A.655.061 (10)(c) for effectiveness in helping students who choose this alternative to increase achievement on the Washington assessment of student learning, graduate on time from high school, and, to the extent information is available, pursue a college or career pathway of their choice. The institute for public policy shall issue an initial report to the education committees of the legislature in December 2010, and a second report in December 2012.

SB 6023-S by Senate Committee on Early Learning & K-12 Education (originally sponsored by Senators McAuliffe and Rasmussen)

Concerning the Washington assessment of student learning.

(DIGEST AS ENACTED)

Revises provisions concerning the Washington assessment of student learning.

VETO MESSAGE ON ESSB 6023

May 8, 2007

To the Honorable President and Members,
 The Senate of the State of Washington

Ladies and Gentlemen:

I am returning, without my approval as to Sections 9, 10, 11 and 13, Engrossed Substitute Senate Bill 6023 entitled:

"AN ACT Relating to the Washington assessment of student learning."

Sections 1 through 7 of this bill provide for the adjustment of high school assessment provisions related to state high school graduation requirements. These include specific changes related to mathematics and science, as well as the addition of several alternative assessments and modification of two other alternative assessments. Section 8 expands the provision of diagnostic assessments to assist students in developing the skills required to be demonstrated on state assessments. Section 12 creates an advisory committee to identify curricula that will assist in preparing students for the state assessment system.

Section 9 of this bill directs the State Board of Education, in consultation with the Superintendent of Public Instruction, to study, examine and recommend changes to the high school assessments in mathematics and science, focusing on replacement of the current assessments with specifically identified end-of-course assessments. The study's recommendation topics and timelines are structured to point to implementing end-of-course assessments as the predetermined outcome. For this reason, I am vetoing Section 9.

However, I am well aware of the strong legislative interest in this subject, specifically related to mathematics and science assessments. I have asked the State Board of Education to conduct a broad, objective study of end-of-course assessments. In the course of this study they will examine the various end-of-course assessment systems used by other states; their purposes; the subjects assessed and how they align with state standards, curriculum, and instruction; whether the exams are used singly or in combination with other assessments for graduation decision purposes; how the exams integrate with an entire assessment system (all grades and subjects); implementation issues; costs and lessons learned. Additionally, OSPI will ask potential test vendors to provide information regarding cost and technical aspects of implementing end-of-course assessments and that information will be shared with the State Board. The State Board of Education will provide recommendations based upon their study and present the study information and recommendations by January 15, 2008.

Section 10 of this bill provides for the implementation of appeals panels in each education service district for students who have not been successful in meeting state standards through the high school assessment system. The appeals criteria specified in the legislation does not relate to the student's knowledge and skill of the state standards. Therefore, I do not support this activity. Additionally, I am concerned that such a system will not yield consistent results from appeals board to appeals board.

Section 11 of this bill sets forth the threshold for student English skills required for participation in the state assessment system, with the exception that meeting standards through the state assessment system remains a requirement for high school graduation. However, in practice, the provision of excusing students from the assessments has no effect since the federal statute sets requirements for student participation for federal accountability purposes. When the federal statutes are changed, state participation requirements will be adjusted. While this provision is well-meaning, having it in statute will be confusing to students and parents.

Section 13 of this bill is an emergency clause. I am vetoing Section 13, as the issues in this legislation do not rise to the level of an emergency that requires the immediate revision of state laws.

For these reasons, I have vetoed Sections 9, 10, 11 and 13 of Engrossed Substitute Senate Bill 6023.

With the exception of Sections 9, 10, 11 and 13, Engrossed Substitute Senate Bill 6023 is approved.

Respectfully submitted,
Christine O. Gregoire
Governor

Assisting low-income persons to obtain affordable automobile liability insurance.

Finds that low-income persons have difficulty affording the mandatory liability insurance required under chapter 46.30 RCW. The legislature intends to enable and encourage these persons to obtain automobile insurance and develop a history of having automobile insurance. The legislature intends to accomplish this by equitably apportioning, among insurers required to participate in an assigned risk plan, coverage for low-income persons.

SB 6025 by Senator Jacobsen

Expanding provisions affecting forest health by creating a two tier technical assistance system.

Declares that the department has the lead role in developing a comprehensive forest health program to achieve the goals of this act. Within available funding, the department shall: (1) Develop, gather, and disseminate information on forest health conditions, monitor forest health conditions and changes over time, and coordinate and enter agreements with interested and affected parties;

(2) Coordinate with universities, university extension services, federal and state agencies, private, public, and tribal forest landowners, consulting foresters, and forest managers to monitor forest fuel buildup, forest insect and disease outbreaks, and wind and ice storm events; and

(3) Coordinate with universities, university extension services, and state and federal agencies to provide education and technical assistance to private, public, and tribal forest landowners on silvicultural and forest management science, techniques, and technology to maintain forests in conditions that are resilient and resistant to disturbance agents.

Provides that forest health issues shall be addressed by a tiered system.

(1) The first tier is intended to maintain forest health and protect forests from disturbance agents through the voluntary efforts of landowners. Tier 1 is the desired status. Consistent with landowner objectives and the protection of public resources, forests should be managed in ways that create, restore, or maintain healthy forest ecosystems so that disturbance agents occur or exist at non-epidemic levels. To the extent of available funding, information and technical assistance will be made available to

forest landowners so they can plan for and implement necessary forest health maintenance and restoration activities.

(2) The second tier is intended to manage the development of threats to forest health, or address existing threats to forest health, due to disturbance agents. Actions by landowners to address such threats to forest health are voluntary except as required under chapter 76.04 RCW to reduce the danger of the spread of fire. Actions suggested to reduce threats to forest health are specified in forest health hazard warnings issued by the commissioner of public lands under this act. Within available funding, site-specific information, technical assistance, and project coordination services shall be offered as determined appropriate by the department.

Repeals provisions of chapter 76.06 RCW.

Expanding provisions affecting forest health by creating a three tier technical assistance and regulatory system.

Provides that the department has the lead role in developing a comprehensive forest health program to achieve the goals of this act. Within available funding, the department shall: (1) Develop, gather, and disseminate information on forest health conditions, monitor forest health conditions and changes over time, and coordinate and enter agreements with interested and affected parties;

(2) Coordinate with universities, university extension services, federal and state agencies, private, public, and tribal forest landowners, consulting foresters, and forest managers to monitor forest fuel buildup, forest insect and disease outbreaks, and wind and ice storm events; and

(3) Coordinate with universities, university extension services, and state and federal agencies to provide education and technical assistance to private, public, and tribal forest landowners on silvicultural and forest management science,

techniques, and technology to maintain forests in conditions that are resistant to disturbance agents.

Requires forest health issues to be addressed by a tiered system.

(1) The first tier is intended to maintain forest health and protect forests from disturbance agents through the voluntary efforts of landowners. Tier 1 is the desired status. Consistent with landowner objectives and the protection of public resources, forests should be managed in ways that create, restore, or maintain healthy forest ecosystems so that disturbance agents occur or exist at nonepidemic levels. To the extent of available funding, information and technical assistance will be made available to forest landowners so they can plan for and implement necessary forest health maintenance and restoration activities.

(2) The second tier is intended to manage the development of threats to forest health, or contain or suppress existing threats to forest health, due to disturbance agents. Actions by landowners to address such threats to forest health are voluntary except as required under chapter 76.04 RCW to reduce the danger of the spread of fire. Actions suggested to reduce threats to forest health are specified in forest health hazard warnings issued by the commissioner of public lands under this act. Within available funding, site-specific information, technical assistance, and project coordination services shall be offered as determined appropriate by the department.

(3) The third tier is intended to address significant threats to forest health due to disturbance agents that have spread to multiple forest ownerships or increased forest fuel that is likely to further the spread of fire. Actions required to reduce significant threats to forest health are specified in forest health hazard orders issued by the commissioner of public lands under this act. Within available funding, site-specific information, technical assistance, and project coordination services shall be offered as determined appropriate by the department. Landowners who are provided notice of a forest health hazard order under this act and fail to take the action required under such order may be subject to increased liability for the spread of fire as described in RCW 76.04.495 and 76.04.660.

Repeals provisions of chapter 76.06 RCW.

SB 6033 by Senators Kohl-Welles and Clements

Companion Bill: 2234

Concerning beer and wine warehousing and distribution by a primary grocery distributor at the direction of an independent grocery store.

Declares an intent to assure that no segment of the grocery store industry, licensed to sell beer and wine off the premises, is disadvantaged as the result of a judgment by the court in regards to central warehousing in the case of *Costco Wholesale Corporation v. Roger Hoen, et. al.*, No. C04-260P. The legislature further intends that the liquor control board take timely action to implement a storage and transportation system for the independent grocery stores and their primary grocery distributors upon receipt of any judgment that allows chain grocery retailers to store in, and transport from, their own warehouses to their retail outlets. The legislature intends that the system should accommodate the current market place structure and relationships of the independent grocery store and their primary grocery distributors and avoid any unnecessary administrative barriers.

SB 6035 by Senators Poulsen and Rockefeller

Authorizing the creation of beach management districts.

(SEE ALSO PROPOSED 1ST SUB)

Authorizes the creation of beach management districts.

Requires the department of ecology to provide technical assistance to community groups and county legislative authorities requesting assistance with the development of beach management programs.

Appropriates the sum of twenty-five thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of ecology for the purposes of providing technical assistance to community groups and county legislative authorities requesting assistance with the development of beach management plans, program administration, and identification and prioritization of beaches and near shore areas with decomposing seaweed presenting public health and water quality issues.

Appropriates the sum of one hundred fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the department of ecology for the purposes of providing technical assistance to community groups and county legislative authorities requesting assistance with the development of beach management plans, program administration, and the removal of seaweed identified and prioritized in beach management programs as creating public health or water quality issues from beaches or near shore areas.

SB 6035-S by Senate Committee on Water, Energy & Telecommunications (originally sponsored by Senators Poulsen and Rockefeller)

(DIGEST OF PROPOSED 1ST SUBSTITUTE)

Authorizes the creation of beach management districts.

Provides that beach management districts addressing the control and removal of aquatic plants or vegetation must develop a plan for this activity, and such a plan must be approved by all appropriate federal, state, and local agencies.

Requires plans for the control and removal of aquatic plants or vegetation to, to the greatest extent possible, meet the following requirements: (1) Avoid the excess removal of native vegetation and organisms, whether alive or dead;

(2) Avoid management activities that will result in the compaction of beach sand, gravel, and substrate;

(3) Disposal of beach material should be done in a manner that would not recontaminate other areas in the beach environment; and

(4) All natural habitat features on the beach larger than twelve inches in diameter including trees, stumps, logs, and large rocks must be retained on the beach.

Requires the department of ecology to provide technical assistance to community groups and county legislative authorities requesting assistance with the development of beach management programs.

Appropriates the sum of twenty-five thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2008, from the general fund to the department of ecology for the purposes of providing technical assistance to community groups and county legislative authorities requesting assistance with the development of beach management plans, program administration, and identification and prioritization of beaches and near shore areas with decomposing seaweed presenting public health and water quality issues.

Appropriates the sum of one hundred fifty thousand dollars, or as much thereof as may be necessary, for the fiscal year ending June 30, 2009, from the general fund to the department of ecology for the purposes of providing technical assistance to community groups and county legislative authorities requesting assistance with the development of beach management plans, program administration, and the removal of seaweed documented and identified as creating public health or water quality issues from beaches or near shore areas located within at least one mile of a ferry terminal, in the most populated county of the state.

SB 6036 by Senators Fraser, Franklin, Weinstein, Kohl-Welles, and Hargrove

Addressing construction liens.

(SEE ALSO PROPOSED 1ST SUB)

Requires that any contract entered into between any person furnishing labor, professional services, materials, or equipment and the owner to construct, alter, repair, or remodel residential property must contain the following provisions: (1) That subcontractors must provide the same notice the owner receives from material suppliers under RCW 60.04.031;

(2) That each time the owner makes a payment to the prime contractor, the prime contractor shall provide to the owner within five days of payments to subcontractors, suppliers, and laborers notice detailing what subcontractors, suppliers, and laborers were paid, how much, and for what work. The prime contractor shall also include with the notice copies of cancelled checks to the subcontractors, suppliers, or laborers or other evidence that the subcontractors, suppliers, and laborers were paid; and

(3) That failure to follow any provision in the contract waives the lien rights the prime contractor may have against the owner's property and constitutes a breach of contract relieving the owner of any further obligations under the contract.

Provides that if an owner has paid a prime contractor for certain work to be done by a subcontractor, or for materials, equipment, or labor to be provided, and the prime contractor has not paid either the subcontractor or for the materials, equipment, or labor in a timely manner, the lien that the prime contractor, subcontractor, supplier, or laborer may file against the owner's property is limited to the amount the owner still owes the prime contractor under the contract.

Provides that when a subcontractor, supplier, or laborer does work for a prime contractor who does not pay for the work done by the subcontractor, supplier, or laborer and, as a result, the subcontractor, supplier, or laborer files a lien against the homeowner, that subcontractor, supplier, or laborer may not have a lien enforced at a later date against a homeowner if the work performed is for the same prime contractor.

SB 6037 by Senators Hargrove, Pridemore, and Rasmussen

Eliminating the certificate of academic achievement as a requirement for high school graduation.

Finds that it is important to recognize that students have multiple learning styles and that too often a single, high stakes test does not accommodate all learning styles. It is important to have high academic standards and the Washington assessment of student learning can be an effective tool to assist districts in achieving them. The Washington assessment of student learning, however, may not adequately challenge our high performing students and it takes valuable time and resources away from essential learning for all students. Therefore, it is the intent of the legislature to eliminate the use of the Washington assessment of student learning as a graduation requirement.
