(6) Section 28, chapter 77, Laws of 1973 and RCW 18.22.930.

Passed the House February 13, 1990.

Passed the Senate March 1, 1990.

Approved by the Governor March 23, 1990, with the exception of certain items which were vetoed.

Filed in Office of Secretary of State March 23, 1990.

Note: Governor's explanation of partial veto is as follows:

"I am returning herewith, without my approval as to section 18, Substitute House Bill No. 2792 entitled:

"AN ACT Relating to podiatric physicians and surgeons."

Section 18 of this bill restates substantially the immunity from liability extended by RCW 18.130.300 (The Uniform Disciplinary Act) to the secretary, members of the board or individuals acting on their behalf. RCW 18.130.300 provides immunity based on "official acts performed in the course of their duties" for members of a variety of health care boards. Section 18 of this bill would extend immunity only to the Washington State Podiatric Medical Board for "any act performed in the course of their duties."

Neither the bill nor its legislative history provides further explanation of the change in immunity extended by section 18, nor a justification for such change to members of this particular health care board.

In order to maintain consistency, I have vetoed section 18 of this bill.

With the exception of section 18, Substitute House Bill No. 2792 is approved."

ALL KIDS CAN LEARN INCENTIVE GRANTS

AN ACT Relating to ALL KIDS CAN LEARN incentive grants; adding new sections to Title 28A RCW; and creating a new section.

Be it enacted by the Legislature of the State of Washington:

NEW SECTION. Sec. 1. As we face a more complex society and increasing demands are placed on schools and the services they provide for children, it is important that each school and school district determine the role it is to play. In addition to determining their roles, school districts need to be able to implement the plans established using research and practices that work. School districts need incentives to develop and implement mission plans that produce more learning for more students. To develop their visions, school districts must determine what it is that they want and what it is that they have or know. These determinations will enable school districts to develop a vision of what the school districts are trying to accomplish and enable all parties involved to direct all activities in each school in the school district to make the vision come true.

NEW SECTION. Sec. 2. In recognition of the importance of the process of defining district purposes and systematically working to achieve the desired results using research and practices that work, the legislature creates the all kids can learn incentive grants.
